(5) At the Government's request and expense, assist in obtaining the documents required for-

(i) Exportation; or

(ii) Importation at destination.

(End of clause)

52.247-39 F.o.b. Inland Point, Country of Importation.

As prescribed in 47.303-11(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. inland point, country of importation:

52.2-439

52.247-40 FEDERAL ACQUISITION REGULATION

F.O.B. INLAND POINT, COUNTRY OF IMPORTATION (APR 1984)

(a) The term "f.o.b. inland point, country of importation," as used in this clause, means free of expense to the Government,

on board the indicated type of conveyance of the carrier, delivered to the specified inland point where the consignee's facility is located.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods;

(2) (i) Deliver, in or on the inland carrier's conveyance, the shipment in good order and condition to the specified

inland point where the consignee's facility is located; and

(ii) Pay and bear all applicable charges incurred up to the point of delivery, including transportation costs; export, import, or other fees or taxes; costs of landing; wharfage costs; customs duties and costs of certificates of origin; consular

invoices; and other documents that may be required for importation; and

(3) Be responsible for any loss of and/or damage to the goods until their arrival on or in the carrier's conveyance at the

specified inland point.

52.2-440

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-52

F.O.B. DESTINATION-EVIDENCE OF SHIPMENT (FEB 1999)

(a) If this contract is awarded on a free on board (f.o.b.) destination basis, the Contractor-

(1) Shall not submit an invoice for payment until the supplies covered by the invoice have been shipped to the destination; and

(2) Shall retain, and make available to the Government for review as necessary, the following evidence of shipment

documentation for a period of 3 years after final payment under the contract:

(i) If transportation is accomplished by common carrier, a signed copy of the commercial bill of lading for the supplies covered by the Contractor's invoice, indicating the carrier's intent to ship the supplies to the destination specified in

the contract.

(ii) If transportation is accomplished by parcel post, a copy of the certificate of mailing.

(iii) If transportation is accomplished by other than common carrier or parcel post, a copy of the delivery document showing receipt at the destination specified in the contract.

(b) The Contractor is not required to submit evidence of shipment documentation with its invoice.

52.247-52 Clearance and Documentation Requirements-Shipments to DoD Air or Water Terminal Transshipment

Points.

As prescribed in 47.305-6(f)(2), insert the following clause in solicitations and contracts when shipments will be consigned to DoD air or water terminal transshipment points:

CLEARANCE AND DOCUMENTATION REQUIREMENTS-SHIPMENTS TO DOD

AIR OR WATER TERMINAL TRANSSHIPMENT POINTS (DEVIATION DATE)

All shipments to water or air ports for transshipment to overseas destinations are subject to the following requirements unless clearance and documentation requirements have been expressly delegated to the Contractor:

(a) At least 10 days before shipping cargo to a water port, the Contractor shall obtain an Export Release from the Government transportation office for?

(1) Each shipment weighing 10,000 pounds or more; and

(2) Each shipment weighing less than 10,000 pounds; if the cargo either?

(i) Is classified TOP SECRET, SECRET, OR CONFIDENTIAL;

(ii) Will require exclusive use of a motor vehicle;

(iii) Will occupy full visible capacity of a railway car or motor vehicle;

(iv) Is less than a carload or truckload, but will be tendered as a carload or truckload; or

(v) Is to be shipped to an ammunition outloading port for water shipment; or

(3) Each shipment weighing less than 10,000 pounds if the cargo consists of?

(i) Narcotics;

(ii) Perishable biological material;

(iii) Vehicles to be offered for driveaway service;

52.2-441

52.247-53 FEDERAL ACQUISITION REGULATION

(iv) Explosives, ammunition, poisons or other dangerous articles classified as class 1, division 1.1, 1.2, 1.3, 1.4; class 2, division 2.3; and class 6, division 6.1; or

(v) Radioactive material, as defined in 49 CFR 173.403, class 7.

(b) The Contractor is cautioned not to order railway cars or motor vehicles for loading until an Export Release has been received.

(c) If the Contracting Officer directs delivery within a shorter period than 10 days, the Contractor shall advise the transportation office of the date on which the cargo will be ready for shipment.

(d) At least 5 days before shipping cargo to either a water port or an air port (regardless of the weight, security classification, or the commodity description), the Contractor shall provide the Government transportation office the information shown in paragraph (e) below to permit preparation of a Transportation Control and Movement Document (TCMD).

(e) When applying for the Export Release in paragraph (a) above or when providing information for preparation of the TCMD in accordance with paragraph (d) above, the Contractor shall furnish the?

- (1) Proposed date or dates of shipment;
- (2) Number and type of containers;
- (3) Gross weight and cube of the shipment;
- (4) Number of cars or trucks that will be involved;
- (5) Transportation Control Number(s) (TCN) as required for marking under MIL-STD-129 or Federal Standard 123;

and

(6) Proper shipping name as specified in 49 CFR 172.101 for all items classified as dangerous substances as required for marking under MIL-STD-129.

(f) All movement documents (Government or commercial bills of lading or other delivery documents) shall be annotated by the Contractor with the?

(1) Transportation Control Number, Consignor Code of activity directing the shipment; i.e., cognizant contract administration office, purchasing office when contract administration has been retained, or a Contractor specifically delegated transportation responsibilities under DoD 4500.9-R, Defense Transportation Regulation, responsibilities in the contract, whichever is appropriate, Consignee Code, and Transportation Priority for each shipment unit;

- (2) Export Release Number and valid shipping period, if stated (if expired, the Contractor shall request a renewal); and
- (3) Cubic foot measurement of each shipment unit.

(g) All annotations on the movement documents shall be made in the Description of Articles space except, on Government bills of lading the Export Release number and shipping period shall be entered in the space entitled Route Order/Release No.

(h) The Contractor shall (1) mail a copy of the bill of lading or other movement document to the transshipment point and (2) give a copy of the bill of lading or other movement document to the carrier for presentation to the transshipment point with delivery of the shipment.

(End of clause)

52.247-53 Freight Classification Description.

As prescribed in 47.305-9(b)(1), insert the following provision in solicitations when the supplies being acquired are new to the supply system, nonstandard, or modifications of previously shipped items, and different freight classifications may apply:

FREIGHT CLASSIFICATION DESCRIPTION (APR 1984)

Offerors are requested to indicate below the full Uniform Freight Classification (rail) description, or the National Motor Freight Classification description applicable to the supplies, the same as offeror uses for commercial shipment. This

description should include the packing of the commodity (box, crate, bundle, loose, setup, knocked down, compressed, unwrapped, etc.), the container material (fiberboard, wooden, etc.), unusual shipping dimensions, and other conditions affecting traffic descriptions. The Government will use these descriptions as well as other information available to determine

the classification description most appropriate and advantageous to the Government. Offeror understands that shipments on

any f.o.b. origin contract awarded, as a result of this solicitation, will be made in conformity with the shipping classification

description specified by the Government, which may be different from the classification description furnished below.

52.2-442**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-59**

FOR FREIGHT CLASSIFICATION PURPOSES, OFFEROR DESCRIBES THIS COMMODITY AS _____.

As prescribed in 47.305-15(a)(2), insert the following clause in solicitations and contracts when supplies may be shipped

in carload lots by rail:

LOADING, BLOCKING, AND BRACING OF FREIGHT CAR SHIPMENTS (APR 1984)

(a) Upon receipt of shipping instructions, as provided in this contract, the supplies to be included in any carload shipment

by rail shall be loaded, blocked, and braced by the Contractor in accordance with the standards published by the Association

of American Railroads and effective at the time of shipment.

(b) Shipments, for which the Association of American Railroads has published no such standards, shall be loaded, blocked, and braced in accordance with standards established by the shipper as evidenced by written acceptance of an

authorized representative of the carrier.

(c) The Contractor shall be liable for payment of any damage to any supplies caused by the failure to load, block, and

brace in accordance with acceptable standards set forth herein.

(d) A copy of the appropriate pamphlet of the Association of American Railroads may be obtained from that Association.

(DEVIATION DATE)

52.247-63 Preference for U.S.-Flag Air Carriers.

As prescribed in 47.405(a) , insert the following clause:

PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JAN 2025)

(a) Definitions. As used in this clause-

"International air transportation" means transportation by air between a place in the United States and a place outside the

United States or between two places both of which are outside the United States.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-flag air carrier means an entity granted authority to provide air transportation in the form of a certificate of public convenience and necessity under 49 U.S.C. 41102.

(b) U.S. Government-financed international air transportation. 49 U.S.C. 40118, Government-financed air transportation

(commonly referred to as the Fly America Act), requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel

(and their personal effects) or property, to the extent that service by those carriers is available. It requires the General

Services Administration to issue regulations that, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, disallow expenditures from funds, appropriated or otherwise established for the account of the United States,

for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) Use of U.S.-flag carriers for international air transportation. If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

(d) Statement of unavailability of U.S.-flag air carriers. In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such

transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available

or it was necessary to use foreign-flag air carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation) [State reasons]: _____

(End of statement)

(e) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

(End of clause)

52.247-64 Preference for Privately Owned U.S.-Flag Commercial Vessels.

As prescribed in 47.507(a), insert the following clause:

PREFERENCE FOR PRIVATELY OWNED U.S.-FLAG COMMERCIAL VESSELS (DEVIATION DATE)

52.2-444

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-64

(a) Except as provided in paragraph (e) of this clause, the Cargo Preference Act of 1954 (46 U.S.C. 55305) requires that

Federal departments and agencies shall transport in privately owned U.S.-flag commercial vessels at least 50 percent of the

gross tonnage of equipment, materials, or commodities that may be transported in ocean vessels (computed separately for dry

bulk carriers, dry cargo liners, and tankers). Such transportation shall be accomplished when any equipment, materials, or

commodities, located within or outside the United States, that may be transported by ocean vessel are?

(1) Acquired for a U.S. Government agency account;

(2) Furnished to, or for the account of, any foreign nation without provision for reimbursement;

(3) Furnished for the account of a foreign nation in connection with which the United States advances funds or credits,

or guarantees the convertibility of foreign currencies; or

(4) Acquired with advance of funds, loans, or guaranties made by or on behalf of the United States.

(b) The Contractor shall use privately owned U.S.-flag commercial vessels to ship at least 50 percent of the gross tonnage

involved under this contract (computed separately for dry bulk carriers, dry cargo liners, and tankers) whenever shipping any

equipment, materials, or commodities under the conditions set forth in paragraph (a) above, to the extent that such vessels are

available at rates that are fair and reasonable for privately owned U.S.-flag commercial vessels.

(c) (1) The Contractor shall submit one legible copy of a rated on-board ocean bill of lading for each shipment to both

(i) the Contracting Officer and

(ii) the Office of Cargo Preference, Maritime Administration (MAR-590), 400 Seventh Street, SW, Washington, DC

20590. Subcontractor bills of lading shall be submitted through the Prime Contractor.

(2) The Contractor shall furnish these bill of lading copies

(i) within 20 working days of the date of loading for shipments originating in the United States, or

(ii) within 30 working days for shipments originating outside the United States. Each bill of lading copy shall contain the following information:

- (A) Sponsoring U.S. Government agency.
- (B) Name of vessel.
- (C) Vessel flag of registry.
- (D) Date of loading.
- (E) Port of loading.
- (F) Port of final discharge.
- (G) Description of commodity.
- (H) Gross weight in pounds and cubic feet if available.
- (I) Total ocean freight revenue in U.S. dollars.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts or purchase

orders under this contract, except those described in paragraph (e)(4).

(e) The requirement in paragraph (a) does not apply to?

- (1) Cargoes carried in vessels as required or authorized by law or treaty;
- (2) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or

derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353);

- (3) Shipments of classified supplies when the classification prohibits the use of non-Government vessels; and
- (4) Subcontracts or purchase orders for the acquisition of commercial products or commercial services unless?

(i) This contract is?

- (A) A contract or agreement for ocean transportation services; or
- (B) A construction contract; or

(ii) The supplies being transported are?

- (A) Items the Contractor is reselling or distributing to the Government without adding value. (Generally, the

Contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment); or

- (B) Shipped in direct support of U.S. military?

(1) Contingency operations;

(2) Exercises; or

(3) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.

52.2-445

52.247-65 FEDERAL ACQUISITION REGULATION

(f) Guidance regarding fair and reasonable rates for privately owned U.S.-flag commercial vessels may be obtained from the Office of Costs and Rates, Maritime Administration, 400 Seventh Street, SW, Washington, DC 20590, Phone: 202-366-4610.

(End of clause)

Alternate I (APR 2003). As prescribed in 47.507 (a)(2), substitute the following paragraphs (a) and (b) for paragraphs (a)

and (b) of the basic clause:

(a) Except as provided in paragraphs (b) and (e) of this clause, the Contractor shall use privately owned U.S.-flag commercial vessels, and no others, in the ocean transportation of any supplies to be furnished under this contract.

(b) If such vessels are not available for timely shipment at rates that are fair and reasonable for privately owned U.S.-flag

commercial vessels, the Contractor shall notify the Contracting Officer and request (1) authorization to ship in foreign-flag

vessels or (2) designation of available U.S.-flag vessels. If the Contractor is authorized in writing by the Contracting Officer

to ship the supplies in foreign-flag vessels, the contract price shall be equitably adjusted to reflect the difference in costs of

shipping the supplies in privately owned U.S.-flag commercial vessels and in foreign-flag vessels.

Alternate II (NOV 2021) . As prescribed in 47.507 (a)(3), substitute the following paragraph (e) for paragraph (e) of the basic clause:

(e) The requirement in paragraph (a) does not apply to-

(1) Cargoes carried in vessels as required or authorized by law or treaty;

(2) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or

derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353); and

(3) Shipments of classified supplies when the classification prohibits the use of non-Government vessels.

(4) Subcontracts or purchase orders under this contract for the acquisition of commercial products or commercial

services unless the supplies being transported are-

(i) Items the Contractor is reselling or distributing to the Government without adding value. (Generally, the Contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment); or

(ii) Shipments in direct support of U.S. military-

(A) Contingency operations;

(B) Exercises; or

(C) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations. (Note: This contract requires shipment of commercial products in direct support of U.S. military contingency operations, exercises, or forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.)

(DEVIATION DATE)

52.247-67 Submission of Transportation Documents for Audit.

As prescribed in 47.103-2 , insert the following clause:

SUBMISSION OF TRANSPORTATION DOCUMENTS FOR AUDIT (FEB 2006)

(a) The Contractor shall submit to the address identified below, for prepayment audit, transportation documents on which

the United States will assume freight charges that were paid-

(1) By the Contractor under a cost-reimbursement contract; and

(2) By a first-tier subcontractor under a cost-reimbursement subcontract thereunder.

(b) Cost-reimbursement Contractors shall only submit for audit those bills of lading with freight shipment charges exceeding \$100. Bills under \$100 shall be retained on-site by the Contractor and made available for on-site audits. This

52.2-446

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-69

exception only applies to freight shipment bills and is not intended to apply to bills and invoices for any other transportation services.

(c) Contractors shall submit the above referenced transportation documents to-

[To be filled in by Contracting Officer]

(End of clause)

52.247-68 Report of Shipment (REPSHIP).

As prescribed in 47.208-2 , insert the following clause:

REPORT OF SHIPMENT (REPSHIP) (FEB 2006)

(a) Definition. "Domestic destination", as used in this clause, means-

- (1) A destination within the contiguous United States; or
- (2) If shipment originates in Alaska or Hawaii, a destination in Alaska or Hawaii, respectively.

(b) Unless otherwise directed by the Contracting Officer, the Contractor shall-

- (1) Send a prepaid notice of shipment to the consignee transportation officer-

(i) For all shipments of-

- (A) Classified material, protected sensitive, and protected controlled material;
- (B) Explosives and poisons, class 1, division 1.1, 1.2 and 1.3; class 2, division 2.3 and class 6, division 6.1;
- (C) Radioactive materials requiring the use of a III bar label; or

(ii) When a truckload/carload shipment of supplies weighing 20,000 pounds or more, or a shipment of less weight that occupies the full visible capacity of a railway car or motor vehicle, is given to any carrier (common, contract, or private)

for transportation to a domestic destination (other than a port for export);

- (2) Transmits the notice by rapid means to be received by the consignee transportation officer at least 24 hours before

the arrival of the shipment; and

- (3) Send, to the receiving transportation officer, the bill of lading or letter or other document containing the following

information and prominently identified as a "Report of Shipment" or "REPSHIP FOR T.O."

(End of clause)

52.247-69 Reporting Requirement for U.S.-Flag Air Carriers Regarding Training to Prevent Human Trafficking.

As prescribed in 47.405(b), insert the following clause:

REPORTING REQUIREMENT FOR U.S.-FLAG AIR CARRIERS

REGARDING TRAINING TO PREVENT HUMAN TRAFFICKING. (JAN 2025)

(a) Definitions. As used in this clause?

Human trafficking means ?Severe forms of trafficking in persons? or ?Sex trafficking.?

52.2-447

52.247-69 FEDERAL ACQUISITION REGULATION

Severe forms of trafficking in persons means?

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use

of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) Annual reporting requirement.

(1) In accordance with 49 U.S.C. 40118(g), the Contractor shall provide the annual report described in paragraph (b)(2)

of this clause by October 30th, via email, to the following agencies:

(i) General Services Administration: TraffickingPreventionReport@gsa.gov;

(ii) U.S. Department of Transportation: trafficking@dot.gov;

(iii) Department of Labor: AirCarrier-HTreports@dol.gov;

(iv) Transportation Security Administration: ics-cchtfams@tsa.dhs.gov;

(v) U.S. Customs and Border Protection: CLP@cbp.dhs.gov; and

(vi) DHS Center for Countering Human Trafficking: Info@CCHT.dhs.gov.

(2) The annual report shall include information from the preceding Government fiscal year (October 1 through September 30) regarding?

(i) The number of personnel trained in the detection and reporting of potential human trafficking, including the training required under 49 U.S.C. 44734(a)(4);

(ii) The number of notifications of potential human trafficking victims received from staff or other passengers; and

(iii) (A) Whether the Contractor notified the Global Human Trafficking Hotline, another comparable hotline, or law enforcement at the relevant airport of the potential human trafficking victim for each such notification of potential human trafficking; and

(B) If the Contractor made a notification, the date the notification was made and the method of notification (e.g.,

text to Hotline, call to law enforcement).

(c) Training. In accordance with 49 U.S.C. 44734 and 44738, personnel trained in the detection and reporting of potential

human trafficking should include the following:

(1) Flight attendants;

(2) Ticket counter agents;

(3) Gate agents; and

(4) Other air carrier workers whose jobs require regular interaction with passengers.

(End of clause)

52.2-448

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.248-1

52.248 [Reserved]

52.248-1 Value Engineering.

As prescribed in 48.201 , insert the following clause:

VALUE ENGINEERING (DEVIATION DATE)

(a) General. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP?s)

voluntarily. The Contractor shall share in any net acquisition savings realized from accepted VECP?s, in accordance with the

incentive sharing rates in paragraph (f) of this clause.

(b) Definitions.

Acquisition savings, as used in this clause, means savings resulting from the application of a VECP to contracts awarded

by the same contracting office or its successor for essentially the same unit. Acquisition savings include-

(1) Instant contract savings, which are the net cost reductions on this, the instant contract, and which are equal to the

instant unit cost reduction multiplied by the number of instant contract units affected by the VECP, less the Contractor?s

allowable development and implementation costs;

(2) Concurrent contract savings, which are net reductions in the prices of other contracts that are definitized and

ongoing at the time the VECP is accepted; and

(3) Future contract savings, which are the product of the future unit cost reduction multiplied by the number of future contract units in the sharing base. On an instant contract, future contract savings include savings on increases in quantities after VECP acceptance that are due to contract modifications, exercise of options, additional orders, and funding of

subsequent year requirements on a multiyear contract.

Collateral costs means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency?s

overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contracting office includes any contracting office that the acquisition is transferred to, such as another branch of the agency or another agency?s office that is performing a joint acquisition action.

Contractor?s development and implementation costs, as used in this clause, means those costs the Contractor incurs on a

VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to

make the contractual changes required by Government acceptance of a VECP.

Future unit cost reduction, as used in this clause, means the instant unit cost reduction adjusted as the Contracting Officer

considers necessary for projected learning or changes in quantity during the sharing period. It is calculated at the time the

VECP is accepted and applies either-

- (1) Throughout the sharing period, unless the Contracting Officer decides that recalculation is necessary because

conditions are significantly different from those previously anticipated; or

- (2) To the calculation of a lump-sum payment, which cannot later be revised.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing

the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistics support. The term does not

include the normal administrative costs of processing the VECP or any increase in this contract's cost or price resulting from

negative instant contract savings.

Instant contract, as used in this clause, means this contract, under which the VECP is submitted. It does not include increases in quantities after acceptance of the VECP that are due to contract modifications, exercise of options, or additional

orders. If this is a multiyear contract, the term does not include quantities funded after VECP acceptance. If this contract is

a fixed-price contract with prospective price redetermination, the term refers to the period for which firm prices have been

established.

Instant unit cost reduction means the amount of the decrease in unit cost of performance (without deducting any Contractor's development or implementation costs) resulting from using the VECP on this, the instant contract. If this is a

service contract, the instant unit cost reduction is normally equal to the number of hours per line-item task saved by using the

VECP on this contract, multiplied by the appropriate contract labor rate.

Negative instant contract savings means the increase in the cost or price of this contract when the acceptance of a VECP

results in an excess of the Contractor's allowable development and implementation costs over the product of the instant unit

cost reduction multiplied by the number of instant contract units affected.

52.2-449

52.248-1 FEDERAL ACQUISITION REGULATION

Net acquisition savings means total acquisition savings, including instant, concurrent, and future contract savings, less Government costs.

Sharing base, as used in this clause, means the number of affected end items on contracts of the contracting office accepting the VECP.

Sharing period, as used in this clause, means the period beginning with acceptance of the first unit incorporating the VECP and ending at a calendar date or event determined by the contracting officer for each VECP.

Unit, as used in this clause, means the item or task to which the Contracting Officer and the Contractor agree the VECP applies.

Value engineering change proposal (VECP) means a proposal that-

(1) Requires a change to this, the instant contract, to implement; and

(2) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics; provided, that it does not involve a change-

(i) In deliverable end item quantities only;

(ii) In research and development (R&D) end items or R&D test quantities that is due solely to results of previous testing under this contract; or

(iii) To the contract type only.

(c) VECF preparation. As a minimum, the Contractor shall include in each VECF the information described in paragraphs

(c)(1) through (8) of this clause. If the proposed change is affected by contractually required configuration management or

similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern

VECF preparation. The VECF shall include the following:

(1) A description of the difference between the existing contract requirement and the proposed requirement, the

comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered,

the effect of the change on the end item's performance, and any pertinent objective test data.

(2) A list and analysis of the contract requirements that must be changed if the VECF is accepted, including any

suggested specification revisions.

(3) Identification of the unit to which the VECF applies.

(4) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the

VECF. The cost reduction associated with the VECF shall take into account the Contractor's allowable development and

implementation costs, including any amount attributable to subcontracts under the Subcontracts paragraph of this clause.

(5) A description and estimate of costs the Government may incur in implementing the VECF, such as test and evaluation and operating and support costs.

(6) A prediction of any effects the proposed change would have on collateral costs to the agency.

(7) A statement of the time by which a contract modification accepting the VECF must be issued in order to achieve the

maximum cost reduction, noting any effect on the contract completion time or delivery schedule.

(8) Identification of any previous submissions of the VECF, including the dates submitted, the agencies and contract

numbers involved, and previous Government actions, if known.

(d) Submission. The Contractor shall submit VECF's to the Contracting Officer, unless this contract states otherwise.

If this contract is administered by other than the contracting office, the Contractor shall submit a copy of the VECF simultaneously to the Contracting Officer and to the Administrative Contracting Officer.

(e) Government action. (1) The Contracting Officer will notify the Contractor of the status of the VECF within 45 calendar

days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the

Contractor

within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will

process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for

rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government.

The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause and made either before or within a reasonable time after contract performance is completed. Until

such a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing

contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the

Contracting Officer.

52.2-450**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.248-1**

(f) Sharing rates. If a VECP is accepted, the Contractor shall share in net acquisition savings according to the percentages

shown in the table below. The percentage paid the Contractor depends upon-

(1) This contract's type (fixed-price, incentive, or cost-reimbursement);

(2) The sharing arrangement specified in paragraph (a) of this clause (incentive, program requirement, or a combination

as delineated in the Schedule); and

(3) The source of the savings (the instant contract, or concurrent and future contracts), as follows:

Contractor's Share of Net Acquisition Savings (Figure in Percent)

Sharing arrangement

Contract Type Incentive (Voluntary) Program Requirement

(Mandatory)

Instant Concurrent Instant Concurrent

Contract Rate and Future Contract Rate and Future

Contract Rate Contract Rate

Fixed-price (includes fixed-price- *50 *50 25 25

award-fee; excludes other fixed-price

incentive contracts)

Incentive (fixed-price or cost) (other (**)) *50 (**) 25

than award fee)

Cost-reimbursement (includes cost- ***25 ***25 15 15

plus-award-fee; excludes other cost-type

incentive contracts)

* The Contracting Office may increase the Contractor's sharing rate to as high as 75 percent for each VECP.

** Same sharing arrangement as the contract's profit or fee adjustment formula.

*** The Contracting Office may increase the Contractor's sharing rate to as high as 50 percent for each VECP.

(g) Calculating net acquisition savings. (1) Acquisition savings are realized when (i) the cost or price is reduced on the instant contract, (ii) reductions are negotiated in concurrent contracts, (iii) future contracts are awarded, or (iv) agreement is reached on a lump-sum payment for future contract savings (see paragraph (i)(4) of this clause). Net acquisition savings are first realized, and the Contractor shall be paid a share, when Government costs and any negative instant contract savings have been fully offset against acquisition savings.

(2) Except in incentive contracts, Government costs and any price or cost increases resulting from negative instant contract savings shall be offset against acquisition savings each time such savings are realized until they are fully offset. Then, the Contractor's share is calculated by multiplying net acquisition savings by the appropriate Contractor's percentage sharing rate (see paragraph (f) of this clause). Additional Contractor shares of net acquisition savings shall be paid to the Contractor at the time realized.

(3) If this is an incentive contract, recovery of Government costs on the instant contract shall be deferred and offset against concurrent and future contract savings. The Contractor shall share through the contract incentive structure in savings on the instant contract items affected. Any negative instant contract savings shall be added to the target cost or to the target price and ceiling price, and the amount shall be offset against concurrent and future contract savings.

(4) If the Government does not receive and accept all items on which it paid the Contractor's share, the Contractor shall reimburse the Government for the proportionate share of these payments.

(h) Contract adjustment. The modification accepting the VECP (or a subsequent modification issued as soon as possible after any negotiations are completed) shall-

(1) Reduce the contract price or estimated cost by the amount of instant contract savings, unless this is an incentive contract;

(2) When the amount of instant contract savings is negative, increase the contract price, target price and ceiling price, target cost, or estimated cost by that amount;

(3) Specify the Contractor's dollar share per unit on future contracts, or provide the lump-sum payment;

52.2-451

52.248-1 FEDERAL ACQUISITION REGULATION

(4) Specify the amount of any Government costs or negative instant contract savings to be offset in determining net

acquisition savings realized from concurrent or future contract savings; and

(5) Provide the Contractor's share of any net acquisition savings under the instant contract in accordance with the

following:

(i) Fixed-price contracts-add to contract price.

(ii) Cost-reimbursement contracts-add to contract fee.

(i) Concurrent and future contract savings. (1) Payments of the Contractor's share of concurrent and future contract

savings shall be made by a modification to the instant contract in accordance with paragraph (h)(5) of this clause. For incentive contracts, shares shall be added as a separate firm-fixed-price line item on the instant contract. The Contractor shall

maintain records adequate to identify the first delivered unit for 3 years after final payment under this contract.

(2) The Contracting Officer shall calculate the Contractor's share of concurrent contract savings by-

(i) Subtracting from the reduction in price negotiated on the concurrent contract any Government costs or negative instant contract savings not yet offset; and

(ii) Multiplying the result by the Contractor's sharing rate.

(3) The Contracting Officer shall calculate the Contractor's share of future contract savings by-

(i) Multiplying the future unit cost reduction by the number of future contract units scheduled for delivery during the sharing period;

(ii) Subtracting any Government costs or negative instant contract savings not yet offset; and

(iii) Multiplying the result by the Contractor's sharing rate.

(4) When the Government wishes and the Contractor agrees, the Contractor's share of future contract savings may

be paid in a single lump sum rather than in a series of payments over time as future contracts are awarded. Under this alternate procedure, the future contract savings may be calculated when the VECP is accepted, on the basis of the Contracting

Officer's forecast of the number of units that will be delivered during the sharing period. The Contractor's share shall be included in a modification to this contract (see paragraph (h)(3) of this clause) and shall not be subject to subsequent adjustment.

(5) Alternate no-cost settlement method. When, in accordance with section 48.104-4 of the Federal Acquisition Regulation (FAR), the Government and the Contractor mutually agree to use the no-cost settlement method, the following

applies:

(i) The Contractor will keep all the savings on the instant contract and on its concurrent contracts only.

(ii) The Government will keep all the savings resulting from concurrent contracts placed on other sources, savings from all future contracts, and all collateral savings.

(j) Collateral savings. If a VECP is accepted, the Contracting Officer will increase the instant contract amount, as specified in paragraph (h)(5) of this clause, by a rate from 20 to 100 percent, as determined by the Contracting Officer, of

any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not

previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price, target

price, target cost, or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The

Contracting

Officer will be the sole determiner of the amount of collateral savings.

(k) Relationship to other incentives. Only those benefits of an accepted VECP not rewardable under performance, design-

to-cost (production unit cost, operating and support costs, reliability and maintainability), or similar incentives shall be rewarded under this clause. However, the targets of such incentives affected by the VECP shall not be adjusted because of

VECP acceptance. If this contract specifies targets but provides no incentive to surpass them, the value engineering sharing

shall apply only to the amount of achievement better than target.

(l) Subcontracts. The Contractor shall include an appropriate value engineering clause in any subcontract-valued at or

above the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and may include one

in subcontracts of lesser value. In calculating any adjustment in this contract's price for instant contract savings (or negative

instant contract savings), the Contractor's allowable development and implementation costs shall include any subcontractor's

allowable development and implementation costs, and any value engineering incentive payments to a subcontractor, clearly

resulting from a VECP accepted by the Government under this contract. The Contractor may choose any arrangement for

subcontractor value engineering incentive payments, provided, that the payments shall not reduce the Government's share of

concurrent or future contract savings or collateral savings.

(m) Data. The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

52.2-452

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.248-2

"These data, furnished under the Value Engineering clause of contract _____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering

change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without

limitations."

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the

rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

Alternate I (APR 1984). If the contracting officer selects a mandatory value engineering program requirement, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) General. The Contractor shall (1) engage in a value engineering program, and submit value engineering progress reports, as specified in the Schedule and (2) submit to the Contracting Officer any resulting value engineering change proposals (VECP?s). In addition to being paid as the Schedule specifies for this mandatory program, the Contractor shall share in any net acquisition savings realized from accepted VECP?s, in accordance with the program requirement sharing rates in paragraph (f) of this clause.

Alternate II (JAN 2015). If the contracting officer selects both a value engineering incentive and mandatory value engineering program requirement, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) General. For those line items designated in the Schedule as subject to the value engineering program requirement, the Contractor shall (1) engage in a value engineering program, and submit value engineering progress reports, as specified in the Schedule and (2) submit to the Contracting Officer any resulting VECP?s. In addition to being paid as the Schedule specifies for this mandatory program, the Contractor shall share in any net acquisition savings realized from VECP?s accepted under the program, in accordance with the program requirement sharing rates in paragraph (f) of this clause. For remaining areas of the contract, the Contractor is encouraged to develop, prepare, and submit VECP?s voluntarily; for VECP?s accepted under these remaining areas, the incentive sharing rates apply. The decision on which rate applies is a unilateral decision made solely at the discretion of the Government.

Alternate III (APR 1984). When the head of the contracting activity determines that the cost of calculating and tracking collateral savings will exceed the benefits to be derived in a contract calling for a value engineering incentive, delete paragraph (j) from the basic clause and redesignate the remaining paragraphs accordingly.

52.248-2 Value Engineering-Architect-Engineer.

As prescribed in 48.201(f), insert the following clause:

VALUE ENGINEERING-ARCHITECT-ENGINEER (MAR 1990)

(a) General. The Contractor shall (1) perform value engineering (VE) services and submit progress reports as specified in the Schedule; and (2) submit to the Contracting Officer any resulting value engineering proposals (VEP?s). Value engineering activities shall be performed concurrently with, and without delay to, the schedule set forth in the contract. The services shall include VE evaluation and review and study of design documents immediately following completion of the 35 percent design state or at such stages as the Contracting Officer may direct. Each separately priced line item for VE services shall define specifically the scope of work to be accomplished and may include VE studies of items other than design documents. The Contractor shall be paid as the contract specifies for this effort, but shall not share in savings which may result from acceptance and use of VEP?s by the Government.

(b) Definitions.

Life cycle cost, as used in this clause, is the sum of all costs over the useful life of a building, system or product. It includes

the cost of design, construction, acquisition, operation, maintenance, and salvage (resale) value, if any.

Value engineering, as used in this clause, means an organized effort to analyze the functions of systems, equipment, facilities, services, and supplies for the purpose of achieving the essential functions at the lowest life cycle cost consistent

with required performance, reliability, quality, and safety.

52.2-453**52.248-3 FEDERAL ACQUISITION REGULATION**

Value engineering proposal, as used in this clause, means, in connection with an A-E contract, a change proposal developed by employees of the Federal Government or contractor value engineering personnel under contract to an agency to

provide value engineering services for the contract or program.

(c) Submissions. After award of an architect-engineering contract the contractor shall-

- (1) Provide the Government with a fee breakdown schedule for the VE services (such as criteria review, task team

review, and bid package review) included in the contract schedule;

- (2) Submit, for approval by the Contracting Officer, a list of team members and their respective resumes representing

the engineering disciplines required to complete the study effort, and evidence of the team leader's qualifications and engineering discipline. Subsequent changes or substitutions to the approved VE team shall be submitted in writing to the

Contracting Officer for approval; and

- (3) The team leader shall be responsible for pre-study work assembly and shall edit, reproduce, and sign the final report

and each VEP. All VEP's, even if submitted earlier as an individual submission, shall be contained in the final report.

(d) VEP preparation. As a minimum, the contractor shall include the following information in each VEP:

- (1) A description of the difference between the existing and proposed design, the comparative advantages and disadvantages of each, a justification when an item's function is being altered, the effect of the change on system or facility

performance, and any pertinent objective test data.

- (2) A list and analysis of design criteria or specifications that must be changed if the VEP is accepted.

- (3) A separate detailed estimate of the impact on project cost of each VEP, if accepted and implemented by the

Government.

- (4) A description and estimate of costs the Government may incur in implementing the VEP, such as design change cost

and test and evaluation cost.

- (5) A prediction of any effects the proposed change may have on life cycle cost.

- (6) The effect the VEP will have on design or construction schedules.

(e) VEP acceptance. Approved VEP's shall be implemented by bilateral modification to this contract.

(End of clause)

52.248-3 Value Engineering-Construction.

As prescribed in 48.202 , insert the following clause:

VALUE ENGINEERING-CONSTRUCTION (OCT 2025)

(a) General. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP?s)

voluntarily. The Contractor shall share in any instant contract savings realized from accepted VECP?s, in accordance with paragraph (f) of this clause.

(b) Definitions. "Collateral costs," as used in this clause, means agency costs of operation, maintenance, logistic support,

or Government-furnished property.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency?s

overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contractor?s development and implementation costs, as used in this clause, means those costs the Contractor incurs on a

VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to

make the contractual changes required by Government acceptance of a VECP.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing

the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistic support. The term does not

include the normal administrative costs of processing the VECP.

Instant contract savings, as used in this clause, means the estimated reduction in Contractor cost of performance

resulting from acceptance of the VECP, minus allowable Contractor?s development and implementation costs, including

subcontractors? development and implementation costs (see paragraph (h) of this clause).

Value engineering change proposal (VECP) means a proposal that-

(1) Requires a change to this, the instant contract, to implement; and

(2) Results in reducing the contract price or estimated cost without impairing essential functions or characteristics;

provided, that it does not involve a change-

(i) In deliverable end item quantities only; or

52.2-454

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.248-3

(ii) To the contract type only.

(c) VECP preparation. As a minimum, the Contractor shall include in each VECP the information described in paragraphs

(c)(1) through (7) of this clause. If the proposed change is affected by contractually required configuration management or

similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern

VECP preparation. The VECP shall include the following:

(1) A description of the difference between the existing contract requirement and that proposed, the

comparative

advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, and the

effect of the change on the end item's performance.

(2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any

suggested specification revisions.

(3) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the

VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and

implementation costs, including any amount attributable to subcontracts under paragraph (h) of this clause.

(4) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.

(5) A prediction of any effects the proposed change would have on collateral costs to the agency.

(6) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the

maximum cost reduction, noting any effect on the contract completion time or delivery schedule.

(7) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract

numbers involved, and previous Government actions, if known.

(d) Submission. The Contractor shall submit VECP's to the Resident Engineer at the worksite, with a copy to the Contracting Officer.

(e) Government action. (1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for

rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government.

The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause. The Contracting Officer may accept the VECP, even though an agreement on price reduction has not been reached, by issuing the Contractor a notice to proceed with the change. Until a notice to proceed is issued or a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the

Contracting Officer.

(f) Sharing- (1) Rates. The Government's share of savings is determined by subtracting Government costs from instant

contract savings and multiplying the result by-

(i) 45 percent for fixed-price contracts; or

(ii) 75 percent for cost-reimbursement contracts.

(2) Payment. Payment of any share due the Contractor for use of a VECP on this contract shall be authorized by a

modification to this contract to-

- (i) Accept the VECP;
- (ii) Reduce the contract price or estimated cost by the amount of instant contract savings; and
- (iii) Provide the Contractor's share of savings by adding the amount calculated to the contract price or fee.

(g) Collateral savings. If a VECP is accepted, the Contracting Officer will increase the instant contract amount by 20 percent of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government

costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-

price or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The Contracting Officer is the

sole determiner of the amount of collateral savings.

- (h) Subcontracts. The Contractor shall include an appropriate value engineering clause in any subcontract of \$90,000

or more and may include one in subcontracts of lesser value. In computing any adjustment in this contract's price under paragraph (f) of this clause, the Contractor's allowable development and implementation costs shall include any

52.2-455

52.248-3 FEDERAL ACQUISITION REGULATION

subcontractor's allowable development and implementation costs clearly resulting from a VECP accepted by the Government

under this contract, but shall exclude any value engineering incentive payments to a subcontractor. The Contractor may choose any arrangement for subcontractor value engineering incentive payments; provided, that these payments shall not

reduce the Government's share of the savings resulting from the VECP.

- (i) Data. The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking

the following legend on the affected parts:

"These data, furnished under the Value Engineering-Construction clause of contract _____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use

information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations."

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the

rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

Alternate I (APR 1984). When the head of the contracting activity determines that the cost of calculating and tracking collateral savings will exceed the benefits to be derived in a construction contract, delete paragraph (g) from the basic clause

and redesignate the remaining paragraphs accordingly.

52.2-456

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-2

52.249 [Reserved]

52.249-1 Termination for Convenience of the Government (Fixed-Price) (Short Form).

As prescribed in 49.502(a)(1), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (FIXED-PRICE) (SHORT FORM) (APR 1984)

The Contracting Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Government's

interest. If this contract is terminated, the rights, duties, and obligations of the parties, including compensation to the Contractor, shall be in accordance with part 49 of the Federal Acquisition Regulation in effect on the date of this contract.

(End of clause)

Alternate I (APR 1984). If the contract is for dismantling, demolition, or removal of improvements, designate the basic clause as paragraph (a) and add the following paragraph (b):

(b) Upon receipt of the termination notice, if title to property is vested in the Contractor under this contract, it shall revert

in the Government regardless of any other clause of the contract, except for property that the Contractor (a) disposed of by

bona fide sale or (b) removed from the site.

52.249-2 Termination for Convenience of the Government (Fixed-Price).

As prescribed in 49.502 (b)(1)(i), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (FIXED-PRICE) (APR 2012)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the

Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by

delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due

under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under

the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement

proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and

termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for

purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government

has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to

in paragraph (b)(6) of this clause; provided, however, that the Contractor (i) is not required to extend credit to any purchaser

and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer.

The

52.2-457

52.249-2 FEDERAL ACQUISITION REGULATION

proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this

contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of

termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day

period.

(d) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation,

the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not

previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request

the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will

accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list

upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary,

before final settlement.

(e) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the

form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer

upon

written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails

to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available,

the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(f) Subject to paragraph (e) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any

part of the amount to be paid or remaining to be paid because of the termination. The amount may include a reasonable

allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this

clause, exclusive of costs shown in paragraph (g)(3) of this clause, may not exceed the total contract price as reduced by (1)

the amount of payments previously made and (2) the contract price of work not terminated. The contract shall be modified,

and the Contractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may

be agreed upon to be paid under this paragraph.

(g) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination

of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but

without duplication of any amounts agreed on under paragraph (f) of this clause:

(1) The contract price for completed supplies or services accepted by the Government (or sold or acquired under

paragraph (b)(9) of this clause) not previously paid for, adjusted for any saving of freight and other charges.

(2) The total of-

(i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under paragraph (g)(1) of this

clause;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(2)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(2)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that

the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow

no profit under this subdivision (g)(2)(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(3) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement

proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

(h) Except for normal spoilage, and except to the extent that the Government expressly assumed the risk of loss, the

Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (g) of this clause, the fair value as determined by the Contracting Officer, for the loss of the Government property.

(i) The cost principles and procedures of part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

52.2-458

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-2

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (e), (g), or (l) of this clause, except that if the Contractor failed to submit the termination

settlement proposal or request for equitable adjustment within the time provided in paragraph (e) or (l), respectively, and

failed to request a time extension, there is no right of appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

(1) All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;

(2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or

sold under the provisions of this clause and not recovered by or credited to the Government.

(l) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment

of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed

upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days from

the effective date of termination unless extended in writing by the Contracting Officer.

(m) (1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against

costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to

the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App.1215(b)(2). Interest shall be computed for the period from the date the excess payment is received

by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction

in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until

10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents available to the Government, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

(End of clause)

Alternate I (SEPT 1996). If the contract is for construction, substitute the following paragraph (g) for paragraph (g) of the basic clause:

(g) If the Contractor and Contracting Officer fail to agree on the whole amount to be paid the Contractor because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (f) of this clause:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of-

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(1)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(1)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that

the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow

no profit under this subdivision (g)(1)(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement

proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

52.2-459

52.249-3 FEDERAL ACQUISITION REGULATION

Alternate II (SEPT 1996). If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the Contracting Officer determines that the requirement to pay interest on excess partial

payments is inappropriate, delete paragraph (m)(2) of the basic clause.

Alternate III (SEPT 1996). If the contract is for construction and with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, substitute the following paragraph (g) for paragraph (g) of the basic clause.

Paragraph (m)(2) may be deleted from the basic clause if the Contracting Officer determines that the requirement to pay

interest on excess partial payments is inappropriate.

(g) If the Contractor and Contracting Officer fail to agree on the whole amount to be paid the Contractor because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (f) of this clause:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of-

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g)(1)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(1)(i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that

the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow

no profit under this subdivision(iii) and shall reduce the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement

proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

52.249-3 Termination for Convenience of the Government (Dismantling, Demolition, or Removal of Improvements).

As prescribed in 49.502(b)(2), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS) (APR 2012)

(a) The Government may terminate performance of work under this contract, in whole or, from time to time, in part if the

Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by

delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date. Upon receipt

of the notice, if title to property is vested in the Contractor under this contract, it shall revert in the Government regardless of

any other clause of this contract, except for property that the Contractor disposed of by bona fide sale or removed from the site.

(b) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall

immediately proceed with the following obligations, regardless of delay in determining or adjusting any amounts due under

this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under

the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement

proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and

termination settlement proposals arising from the termination of subcontracts; the approval or ratification will be final for purposes of this clause.

(6) As directed by the Contracting Officer, transfer title and deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and

52.2-460

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-3

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract has been completed, would be required to be furnished to the Government.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government

has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to

in paragraph (b)(6) of this clause; provided, however, that the Contractor (i) is not required to extend credit to any purchaser

and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The

proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this

contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of

termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day

period.

(d) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation,

the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept title to those items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(e) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(f) Subject to paragraph (e) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any

part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work

done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of settlement

costs, may not exceed the total contract price as reduced by (1) the amount of payments previously made and (2) the contract

price of work not terminated. The contract shall be amended and the Contractor paid the agreed amount. Paragraph (g) of this

clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.

(g) If the Contractor and the Contracting Officer fail to agree on the whole amount to be paid because of the termination

of work, the Contracting Officer shall pay the Contractor the amounts determined by the Contracting Officer as follows, but

without duplication of any amounts agreed on under paragraph (f) of this clause:

(1) For contract work performed before the effective date of termination, the total (without duplication of any items) of-

(i) The cost of this work;

(ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract, if not included in subdivision (g)(1)(i) of this clause; and

(iii) A sum, as profit on subdivision (g)(1)(i) of this clause, determined by the Contracting Officer under section

49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it

appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer

shall allow no profit under this subdivision(iii) and shall reduce the amount of the settlement to reflect the indicated rate of loss.

(2) The reasonable costs of settlement of the work terminated, including-

(i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement

proposals and supporting data;

(ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(iii) Preservation and protection of property under paragraph (b)(8) of this clause.

52.2-461

52.249-4 FEDERAL ACQUISITION REGULATION

(h) Except for normal spoilage, and except to the extent that the Government expressly assumed the risk of loss, the

Contracting Officer shall exclude from the amounts payable to the Contractor under paragraph (g) of this clause, the fair value, as determined by the Contracting Officer, for the loss of the Government property.

(i) The cost principles and procedures of part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (e), (g), or (l) of this clause, except that if the Contractor failed to submit the termination

settlement proposal within the time provided in paragraph (e) or (l) and failed to request a time extension, there is no right of

appeal. If the Contracting Officer has made a determination of the amount due under paragraph (e), (g), or (l) of this clause,

the Government shall pay the Contractor-

(1) The amount determined by the Contracting Officer, if there is no right of appeal or if no timely appeal has been

taken; or

(2) The amount finally determined on an appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

(1) All unliquidated advance or other payments to the Contractor under the terminated portion of this contract;

(2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or

sold under the provisions of this clause and not recovered by or credited to the Government.

(l) If the termination is partial, the Contractor may file a proposal with the Contracting Officer for an equitable adjustment

of the price(s) of the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed

upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days

from

the effective date of termination unless extended in writing by the Contracting Officer.

(m) (1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against

cost incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these

payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to

the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C.App 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by

the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in

the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) Unless otherwise provided in this contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this contract for 3 years after final settlement. This includes all books and other evidence

bearing on the Contractor's costs and expenses under this contract. The Contractor shall make these records and documents

available to the Government, at the Contractor's office, at all reasonable times, without any direct charge. If approved by the

Contracting Officer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original

records and documents.

(End of clause)

Alternate I (Sept1996). If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial

payments is inappropriate, delete paragraph (m)(2) from the basic clause.

52.249-4 Termination for Convenience of the Government (Services) (Short Form).

As prescribed in 49.502(c), insert the following clause in solicitations and contracts for services, regardless of value, when

a fixed-price contract is contemplated and the Contracting Officer determines that because of the kind of services required,

the successful offeror will not incur substantial charges in preparation for and in carrying out the contract, and would, if terminated for the convenience of the Government, limit termination settlement charges to services rendered before the date

of termination:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (SERVICES) (SHORT FORM) (APR 1984)

52.2-462

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-5

The Contracting Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Government's

interest. If this contract is terminated, the Government shall be liable only for payment under the payment provisions of this

contract for services rendered before the effective date of termination.

(End of clause)

52.249-5 Termination for Convenience of the Government (Educational and Other Nonprofit Institutions).

As prescribed in 49.502(d), insert the following clause:

TERMINATION FOR CONVENIENCE OF THE GOVERNMENT

(EDUCATIONAL AND OTHER NONPROFIT INSTITUTIONS) (AUG 2016)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part if the

Contracting Officer determines that a termination is in the Government's interest. The Contracting Officer shall terminate by

delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date.

(b) After receipt of a Notice of Termination and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause), except as necessary to complete

the continued portion of the contract.

(3) Terminate all applicable subcontracts and cancel or divert applicable commitments covering personal services that

extend beyond the effective date of termination.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under

the subcontracts terminated, in which case the Government shall have the right to settle or pay any termination settlement

proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; approval or ratification will be final for purposes of this clause.

(6) Transfer title (if not already transferred) and, as directed by the Contracting Officer, deliver to the Government any

information and items that, if the contract had been completed, would have been required to be furnished, including-

(i) Materials or equipment produced, in process, or acquired for the work terminated; and

(ii) Completed or partially completed plans, drawings, and information.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government

has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, termination inventory other

than that

retained by the Government under paragraph (b)(6) of this clause; provided, however, that the Contractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(c) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day period.

(d) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly but no later than 1 year from the effective date of termination unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. If the Contractor fails to submit the termination settlement proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(e) Subject to paragraph (d) of this clause, the Contractor and the Contracting Officer may agree upon the whole or any part of the amount to be paid because of the termination. This amount may include reasonable cancellation charges incurred

52.2-463

52.249-6 FEDERAL ACQUISITION REGULATION

by the Contractor and any reasonable loss on outstanding commitments for personal services that the Contractor is unable to cancel; provided, that the Contractor exercised reasonable diligence in diverting such commitments to other operations. The contract shall be amended and the Contractor paid the agreed amount.

(f) The cost principles and procedures in subpart 31.3 of the Federal Acquisition Regulation (FAR), Contracts with Educational Institutions (defined as institutions of higher education in the OMB Uniform Guidance in 2 CFR part 200, subpart A, and 20 U.S.C. 1001), as in effect on the date of the contract, shall govern all costs claimed, agreed to, or determined under this clause; however, if the Contractor is not an educational institution and is a nonprofit organization (as defined in the OMB Uniform Guidance at 2 CFR part 200), the cost principles and procedures in subpart 31.7 of the

FAR, Contracts with Nonprofit Organizations, shall apply; unless the Contractor is a nonprofit institution listed in the OMB

Uniform Guidance at 2 CFR part 200, appendix VIII, as exempted from the cost principles in subpart E, in which case the

cost principles at FAR 31.2 for commercial organizations shall apply to such contractor.

(g) The Government may, under the terms and conditions it prescribes, make partial payments against costs incurred by

the Contractor for the terminated portion of this contract, if the Contracting Officer believes the total of these payments will

not exceed the amount to which the Contractor will be entitled.

(h) The Contractor has the right of appeal as provided under the Disputes clause, except that if the Contractor failed to

submit the termination settlement proposal within the time provided in paragraph (d) of this clause and failed to request a

time extension, there is no right of appeal.

(End of clause)

52.249-6 Termination (Cost-Reimbursement).

As prescribed in 49.503(a)(1), insert the following clause:

TERMINATION (COST-REIMBURSEMENT) (MAY 2004)

(a) The Government may terminate performance of work under this contract in whole or, from time to time, in part, if-

(1) The Contracting Officer determines that a termination is in the Government's interest; or

(2) The Contractor defaults in performing this contract and fails to cure the default within 10 days (unless extended

by the Contracting Officer) after receiving a notice specifying the default. "Default" includes failure to make progress in the

work so as to endanger performance.

(b) The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying whether

termination is for default of the Contractor or for convenience of the Government, the extent of termination, and the effective

date. If, after termination for default, it is determined that the Contractor was not in default or that the Contractor's failure

to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of

the Contractor as set forth in the Excusable Delays clause, the rights and obligations of the parties will be the same as if the

termination was for the convenience of the Government.

(c) After receipt of a Notice of Termination, and except as directed by the Contracting Officer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due

under this clause:

(1) Stop work as specified in the notice.

(2) Place no further subcontracts or orders (referred to as subcontracts in this clause), except as necessary to

complete

the continued portion of the contract.

(3) Terminate all subcontracts to the extent they relate to the work terminated.

(4) Assign to the Government, as directed by the Contracting Officer, all right, title, and interest of the Contractor under

the subcontracts terminated, in which case the Government shall have the right to settle or to pay any termination settlement

proposal arising out of those terminations.

(5) With approval or ratification to the extent required by the Contracting Officer, settle all outstanding liabilities and

termination settlement proposals arising from the termination of subcontracts, the cost of which would be reimbursable in

whole or in part, under this contract; approval or ratification will be final for purposes of this clause.

(6) Transfer title (if not already transferred) and, as directed by the Contracting Officer, deliver to the Government-

(i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated;

52.2-464

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-6

(ii) The completed or partially completed plans, drawings, information, and other property that, if the contract had been completed, would be required to be furnished to the Government; and

(iii) The jigs, dies, fixtures, and other special tools and tooling acquired or manufactured for this contract, the cost of which the Contractor has been or will be reimbursed under this contract.

(7) Complete performance of the work not terminated.

(8) Take any action that may be necessary, or that the Contracting Officer may direct, for the protection and preservation of the property related to this contract that is in the possession of the Contractor and in which the Government

has or may acquire an interest.

(9) Use its best efforts to sell, as directed or authorized by the Contracting Officer, any property of the types referred to

in paragraph (c)(6) of this clause; provided, however, that the Contractor (i) is not required to extend credit to any purchaser

and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, the Contracting Officer. The

proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Government under this

contract, credited to the price or cost of the work, or paid in any other manner directed by the Contracting Officer.

(d) The Contractor shall submit complete termination inventory schedules no later than 120 days from the effective date of

termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 120-day

period.

(e) After expiration of the plant clearance period as defined in Subpart 49.001 of the Federal Acquisition Regulation,

the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the Contracting Officer. The Contractor may request the Government to remove those items or enter into an agreement for their storage. Within 15 days, the Government will accept the items and remove them or enter into a storage agreement. The Contracting Officer may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.

(f) After termination, the Contractor shall submit a final termination settlement proposal to the Contracting Officer in the form and with the certification prescribed by the Contracting Officer. The Contractor shall submit the proposal promptly, but no later than 1 year from the effective date of termination, unless extended in writing by the Contracting Officer upon written request of the Contractor within this 1-year period. However, if the Contracting Officer determines that the facts justify it, a termination settlement proposal may be received and acted on after 1 year or any extension. If the Contractor fails to submit the proposal within the time allowed, the Contracting Officer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.

(g) Subject to paragraph (f) of this clause, the Contractor and the Contracting Officer may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. The contract shall be amended, and the Contractor paid the agreed amount.

(h) If the Contractor and the Contracting Officer fail to agree in whole or in part on the amount of costs and/or fee to be paid because of the termination of work, the Contracting Officer shall determine, on the basis of information available, the amount, if any, due the Contractor, and shall pay that amount, which shall include the following:

(1) All costs reimbursable under this contract, not previously paid, for the performance of this contract before the effective date of the termination, and those costs that may continue for a reasonable time with the approval of or as directed by the Contracting Officer; however, the Contractor shall discontinue those costs as rapidly as practicable.

(2) The cost of settling and paying termination settlement proposals under terminated subcontracts that are chargeable to the terminated portion of the contract if not included in paragraph (h)(1) of this clause.

(3) The reasonable costs of settlement of the work terminated, including-

- (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
- (ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and
- (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or

disposition of the termination inventory. If the termination is for default, no amounts for the preparation of the Contractor's

termination settlement proposal may be included.

(4) A portion of the fee payable under the contract, determined as follows:

(i) If the contract is terminated for the convenience of the Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the contract, but excluding subcontract effort

included in subcontractors' termination proposals, less previous payments for fee.

52.2-465

52.249-6 FEDERAL ACQUISITION REGULATION

(ii) If the contract is terminated for default, the total fee payable shall be such proportionate part of the fee as the total number of articles (or amount of services) delivered to and accepted by the Government is to the total number of articles

(or amount of services) of a like kind required by the contract.

(5) If the settlement includes only fee, it will be determined under paragraph (h)(4) of this clause.

(i) The cost principles and procedures in part 31 of the Federal Acquisition Regulation, in effect on the date of this contract, shall govern all costs claimed, agreed to, or determined under this clause.

(j) The Contractor shall have the right of appeal, under the Disputes clause, from any determination made by the Contracting Officer under paragraph (f), (h), or (l) of this clause, except that if the Contractor failed to submit the termination

settlement proposal within the time provided in paragraph (f) and failed to request a time extension, there is no right of appeal. If the Contracting Officer has made a determination of the amount due under paragraph (f), (h) or (l) of this clause,

the Government shall pay the Contractor-

(1) The amount determined by the Contracting Officer if there is no right of appeal or if no timely appeal has been

taken; or

(2) The amount finally determined on an appeal.

(k) In arriving at the amount due the Contractor under this clause, there shall be deducted-

(1) All unliquidated advance or other payments to the Contractor, under the terminated portion of this contract;

(2) Any claim which the Government has against the Contractor under this contract; and

(3) The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by the Contractor or

sold under this clause and not recovered by or credited to the Government.

(l) The Contractor and Contracting Officer must agree to any equitable adjustment in fee for the continued portion of the

contract when there is a partial termination. The Contracting Officer shall amend the contract to reflect the agreement.

(m) (1) The Government may, under the terms and conditions it prescribes, make partial payments and payments against

costs incurred by the Contractor for the terminated portion of the contract, if the Contracting Officer believes the total of these payments will not exceed the amount to which the Contractor will be entitled.

(2) If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to

the Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury

under 50 U.S.C. App.1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Contracting Officer because of the circumstances.

(n) The provisions of this clause relating to fee are inapplicable if this contract does not include a fee.

(End of clause)

Alternate I (Sept 1996). If the contract is for construction, substitute the following paragraph (h)(4) for paragraph (h)(4) of the basic clause:

(4) A portion of the fee payable under the contract determined as follows:

(i) If the contract is terminated for the convenience of the Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the contract, but excluding subcontract effort included in subcontractors' termination settlement proposals, less previous payments for fee.

(ii) If the contract is terminated for default, the total fee payable shall be such proportionate part of the fee as the actual work in place is to the total work in place required by the contract.

Alternate II (Sept 1996). If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate, delete paragraph (m)(2) from the basic clause.

Alternate III (Sept 1996). If the contract is for construction with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, the following paragraph (h)(4) shall be substituted for paragraph (h)(4) of the basic clause. Paragraph (m)(2) may be deleted from the basic clause if the contracting officer determines that the requirement to pay interest on excess partial payments is inappropriate.

(4) A portion of the fee payable under the contract determined as follows:

52.2-466

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-6

(i) If the contract is terminated for the convenience of the Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the contract, but excluding subcontract effort included in subcontractors' termination settlement proposals, less previous payments for fee.

(ii) If the contract is terminated for default, the total fee payable shall be such proportionate part of the fee as the actual work in place is to the total work in place required by the contract.

Alternate IV (Sept 1996). If the contract is a time-and-material or labor-hour contract, substitute the following paragraphs

(h) and (l) for paragraphs (h) and (l) of the basic clause:

(h) If the Contractor and the Contracting Officer fail to agree in whole or in part on the amount to be paid because

of the

termination of work, the Contracting Officer shall determine, on the basis of information available, the amount, if any, due

the Contractor and shall pay the amount determined as follows:

(1) If the termination is for the convenience of the Government, include-

(i) An amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule, less any

hourly rate payments already made to the Contractor;

(ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to the Contractor;

(iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date

of termination, if they are reasonably incurred after the effective date, with the approval of or as directed by the Contracting

Officer; however, the Contractor shall discontinue these expenses as rapidly as practicable;

(iv) If not included in subdivision (h)(1)(i), (ii), or (iii) of this clause, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract; and

(v) The reasonable costs of settlement of the work terminated, including-

(A) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination

settlement proposals and supporting data;

(B) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(C) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the

termination inventory.

(2) If the termination is for default of the Contractor, include the amounts computed under paragraph (h)(1) of this

clause but omit-

(i) Any amount for preparation of the Contractor's termination settlement proposal; and

(ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by the Government.

(3) If the termination is partial, the Contractor may file with the Contracting Officer a proposal for an equitable adjustment of price(s) for the continued portion of the contract. The Contracting Officer shall make any equitable adjustment

agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested within 90 days

from the effective date of termination, unless extended in writing by the Contracting Officer.

Alternate V (Sept 1996). If the contract is a time-and-material or labor-hour contract with an agency of the U.S.

Government or with State, local or foreign governments or their agencies, substitute the following paragraphs (h) and (l) for

paragraphs (h) and (l) of the basic clause. Paragraph (m)(2) may be deleted from the basic clause if the contracting officer

determines that the requirement to pay interest on excess partial payments is inappropriate.

(h) If the Contractor and the Contracting Officer fail to agree in whole or in part on the amount to be paid because of the termination of work, the Contracting Officer shall determine, on the basis of information available, the amount, if any, due

the Contractor and shall pay the amount determined as follows:

(1) If the termination is for the convenience of the Government, include-

(i) An amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule, less any

hourly rate payments already made to the contractor;

(ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to the Contractor;

(iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date

of termination if they are reasonably incurred after the effective date, with the approval of or as directed by the Contracting

Officer; however, the Contractor shall discontinue these expenses as rapidly as practicable;

52.2-467

52.249-7 FEDERAL ACQUISITION REGULATION

(iv) If not included in subdivision (h)(1)(i), (ii), or (iii) of this clause, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract; and

(v) The reasonable costs of settlement of the work terminated, including-

(A) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination

settlement proposals and supporting data;

(B) The termination and settlement of subcontracts (excluding the amounts of such settlements); and

(C) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the

termination inventory.

(2) If the termination is for default of the Contractor, include the amounts computed under paragraph (h)(1) of this

clause but omit-

(i) Any amount for preparation of the Contractor's termination settlement proposal; and

(ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by the Government.

(3) If the termination is partial, the Contractor may file with the Contracting Officer a proposal for an equitable adjustment of the price(s) for the continued portion of the contract. The Contracting Officer shall make any equitable adjustment agreed upon. Any proposal by the Contractor for an equitable adjustment under this clause shall be requested

within 90 days from the effective date of termination, unless extended in writing by the Contracting Officer.

52.249-7 Termination (Fixed-Price Architect-Engineer).

As prescribed in 49.503(b), insert the following clause in solicitations and contracts for architect-engineer services when a

fixed-price contract is contemplated:

TERMINATION (FIXED-PRICE ARCHITECT-ENGINEER) (APR 1984)

(a) The Government may terminate this contract in whole or, from time to time, in part, for the Government's convenience

or because of the failure of the Contractor to fulfill the contract obligations. The Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon

receipt of the notice, the Contractor shall-

- (1) Immediately discontinue all services affected (unless the notice directs otherwise); and
- (2) Deliver to the Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other

information and materials accumulated in performing this contract, whether completed or in process.

(b) If the termination is for the convenience of the Government, the Contracting Officer shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services.

(c) If the termination is for failure of the Contractor to fulfill the contract obligations, the Government may complete the

work by contract or otherwise and the Contractor shall be liable for any additional cost incurred by the Government.

(d) If, after termination for failure to fulfill contract obligations, it is determined that the Contractor had not failed, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(e) The rights and remedies of the Government provided in this clause are in addition to any other rights and remedies

provided by law or under this contract.

(End of clause)

52.249-8 Default (Fixed-Price Supply and Service).

As prescribed in 49.504(a)(1), insert the following clause:

DEFAULT (FIXED-PRICE SUPPLY AND SERVICE) (APR 1984)

(a) (1) The Government may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to-

- (i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;
- (ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or
- (iii) Perform any of the other provisions of this contract (but see paragraph (a)(2) of this clause).

52.2-468

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-8

(2) The Government's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be

exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the

Contracting Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable

to the Government for any excess costs for those supplies or services. However, the Contractor shall continue the work

not

terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to

perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor.

Examples of

such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual

capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually

severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the

Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond

the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not

be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other

sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to

the Government, as directed by the Contracting Officer, any (1) completed supplies, and (2) partially completed supplies

and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as

"manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion

of this contract. Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay contract price for completed supplies delivered and accepted. The Contractor and

Contracting Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the

protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Government

may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government

against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights

and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by

law or under this contract.

(End of clause)

Alternate I (APR 1984). If the contract is for transportation or transportation-related services, delete paragraph (f) of the basic clause, redesignate the remaining paragraphs accordingly, and substitute the following paragraphs (a) and (e) for

paragraphs (a) and (e) of the basic clause:

(a)(1) The Government may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor,

terminate this contract in whole or in part if the Contractor fails to-

(i) Pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The Government's right to terminate this contract under subdivisions (a)(1)(ii) and (iii) of this clause, may be

exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(e) If this contract is terminated while the Contractor has possession of Government goods, the Contractor shall, upon

direction of the Contracting Officer, protect and preserve the goods until surrendered to the Government or its agent. The

Contractor and Contracting Officer shall agree on payment for the preservation and protection of goods. Failure to agree on

an amount will be a dispute under the Disputes clause.

52.2-469

52.249-9 FEDERAL ACQUISITION REGULATION

52.249-9 Default (Fixed-Price Research and Development).

As prescribed in 49.504(b), insert the following clause:

DEFAULT (FIXED-PRICE RESEARCH AND DEVELOPMENT) (APR 1984)

(a) (1) The Government may, subject to paragraphs (c) and (d) of this clause, by written Notice of Default to the Contractor, terminate this contract in whole or in part if the Contractor fails to-

(i) Perform the work under the contract within the time specified in this contract or any extension;

(ii) Prosecute the work so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The Government's right to terminate this contract under subdivisions (a)(1)(ii) and (iii) of this clause may be exercised if the Contractor does not cure such failure within 10 days (or more, if authorized in writing by the Contracting Officer) after receipt of the notice from the Contracting Officer specifying the failure.

(b) If the Government terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Contracting Officer considers appropriate, work similar to the work terminated, and the Contractor will be liable to the

Government for any excess costs for the similar work. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to

perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor.

Examples of

such causes include (1) acts of God or of the public enemy, (2) acts of the Government in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule or other performance requirements.

(e) If this contract is terminated for default, the Government may require the Contractor to transfer title and deliver to the Government, as directed by the Contracting Officer, any (1) completed or partially completed work not previously delivered to, and accepted by, the Government and (2) other property, including contract rights, specifically produced or acquired for the terminated portion of this contract. Upon direction of the Contracting Officer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.

(f) The Government shall pay the contract price, if separately stated, for completed work it has accepted and the amount agreed upon by the Contractor and the Contracting Officer for (1) completed work for which no separate price is stated, (2) partially completed work, (3) other property described above that it accepts, and (4) the protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. The Government may withhold from these amounts any sum the Contracting Officer determines to be necessary to protect the Government against loss from outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Government.

(h) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

52.249-10 Default (Fixed-Price Construction).

As prescribed in 49.504(c)(1), insert the following clause:

DEFAULT (FIXED-PRICE CONSTRUCTION) (APR 1984)

(a) If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract including any extension, or fails to complete the work within this time, the Government may, by written notice to the Contractor, terminate the right to proceed with the work (or the separable part of the work) that has been delayed. In this event, the Government may take over the work and complete it by contract or

52.2-470

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-10

otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Government resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Government in completing the work.

(b) The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause, if-

(1) The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include-

- (i) Acts of God or of the public enemy;
- (ii) Acts of the Government in either its sovereign or contractual capacity;
- (iii) Acts of another Contractor in the performance of a contract with the Government;
- (iv) Fires;
- (v) Floods;
- (vi) Epidemics;
- (vii) Quarantine restrictions;
- (viii) Strikes;
- (ix) Freight embargoes;
- (x) Unusually severe weather; or
- (xi) Delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

(2) The Contractor, within 10 days from the beginning of any delay (unless extended by the Contracting Officer), notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, the time for completing the work shall be extended. The findings of the Contracting Officer shall be final and conclusive on the parties, but subject to appeal under the Disputes clause.

(c) If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that

the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Government.

(d) The rights and remedies of the Government in this clause are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

Alternate I (APR 1984). If the contract is for dismantling, demolition, or removal of improvements, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) If the Contractor refuses or fails to prosecute the work, or any separable part, with the diligence that will insure its completion within the time specified in this contract, including any extension, or fails to complete the work within this time, the Government may, by written notice to the Contractor, terminate the right to proceed with the work or the part of the work that has been delayed. In this event, the Government may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work.

(2) If title to property is vested in the Contractor under this contract, it shall revert in the Government regardless of any other clause of this contract, except for property that the Contractor has disposed of by bona fide sale or removed from the site.

(3) The Contractor and its sureties shall be liable for any damage to the Government resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Government in completing the work.

Alternate II (APR 1984). If the contract is to be awarded during a period of national emergency, paragraph (b)(1) below may be substituted for paragraph (b)(1) of the basic clause:

(1) The delay in completing the work arises from causes other than normal weather beyond the control and without the fault or negligence of the Contractor. Examples of such causes include-

- (i) Acts of God or of the public enemy;
- (ii) Acts of the Government in either its sovereign or contractual capacity;
- (iii) Acts of another Contractor in the performance of a contract with the Government;

52.2-471

52.249-11 FEDERAL ACQUISITION REGULATION

- (iv) Fires;
- (v) Floods;
- (vi) Epidemics;
- (vii) Quarantine restrictions;
- (viii) Strikes;

(ix) Freight embargoes;

(x) Unusually severe weather; or

(xi) Delays of subcontractors or suppliers at any tier arising from causes other than normal weather beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

Alternate III (APR 1984). If the contract is for dismantling, demolition, or removal of improvements and is to be awarded during a period of national emergency, substitute the following paragraph (a) for paragraph (a) of the basic clause. The following paragraph (b)(1) may be substituted for paragraph (b)(1) of the basic clause:

(a)(1) If the Contractor refuses or fails to prosecute the work, or any separable part, with the diligence that will insure its

completion within the time specified in this contract, including any extension, or fails to complete the work within this time,

the Government may, by written notice to the Contractor, terminate the right to proceed with the work or the part of the work

that has been delayed. In this event, the Government may take over the work and complete it by contract or otherwise, and

may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work.

(2) If title to property is vested in the Contractor under this contract, it shall revert in the Government regardless of any

other clause of this contract, except for property that the Contractor has disposed of by bona fide sale or removed from the site.

(3) The Contractor and its sureties shall be liable for any damage to the Government resulting from the Contractor's

refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the

work is terminated. This liability includes any increased costs incurred by the Government in completing the work.

(b) The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause,

if-

(1) The delay in completing the work arises from causes other than normal weather beyond the control and without the

fault or negligence of the Contractor. Examples of such causes include-

(i) Acts of God or of the public enemy;

(ii) Acts of the Government in either its sovereign or contractual capacity;

(iii) Acts of another Contractor in the performance of a contract with the Government;

(iv) Fires;

(v) Floods;

(vi) Epidemics;

(vii) Quarantine restrictions;

(viii) Strikes;

(ix) Freight embargoes;

(x) Unusually severe weather; or

(xi) Delays of subcontractors or suppliers at any tier arising from causes other than normal weather beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and

52.249-11 [Reserved]

52.249-12 Termination (Personal Services).

As prescribed in 49.505(a), insert the following clause in solicitations and contracts for personal services (see part 37):

TERMINATION (PERSONAL SERVICES) (APR 1984)

The Government may terminate this contract at any time upon at least 15 days? written notice by the Contracting Officer to

the Contractor. The Contractor, with the written consent of the Contracting Officer, may terminate this contract upon at least

15 days? written notice to the Contracting Officer.

(End of clause)

52.2-472

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.249-14

52.249-13 [Reserved]

52.249-14 Excusable Delays.

As prescribed in 49.505(b), insert the following clause in solicitations and contracts for supplies, services, construction, and research and development on a fee basis whenever a cost-reimbursement contract is contemplated. Also insert the clause in time-and-material contracts, and labor-hour contracts. When used in construction contracts, substitute the words

"completion time" for "delivery schedule" in the last sentence of the clause.

EXCUSABLE DELAYS (APR 1984)

(a) Except for defaults of subcontractors at any tier, the Contractor shall not be in default because of any failure to perform

this contract under its terms if the failure arises from causes beyond the control and without the fault or negligence of the

Contractor. Examples of these causes are (1) acts of God or of the public enemy, (2) acts of the Government in either its

sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. "Default" includes failure to make progress in the work so as to endanger

performance.

(b) If the failure to perform is caused by the failure of a subcontractor at any tier to perform or make progress, and if the

cause of the failure was beyond the control of both the Contractor and subcontractor, and without the fault or negligence of

either, the Contractor shall not be deemed to be in default,- unless-

(1) The subcontracted supplies or services were obtainable from other sources;

(2) The Contracting Officer ordered the Contractor in writing to purchase these supplies or services from the other

source; and

(3) The Contractor failed to comply reasonably with this order.

(c) Upon request of the Contractor, the Contracting Officer shall ascertain the facts and extent of the failure. If the Contracting Officer determines that any failure to perform results from one or more of the causes above, the delivery schedule shall be revised, subject to the rights of the Government under the termination clause of this contract.

(End of clause)

52.2-473

This page intentionally left blank.

52.2-474

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.250-1

52.250 [Reserved]

52.250-1 Indemnification Under Public Law 85-804.

As prescribed in 50.104-4 , insert the following clause:

INDEMNIFICATION UNDER PUBLIC LAW 85-804 (APR 1984)

(a) "Contractor's principal officials," as used in this clause, means directors, officers, managers, superintendents, or other

representatives supervising or directing-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant or separate location in which this contract is

being performed; or

(3) A separate and complete major industrial operation in connection with the performance of this contract.

(b) Under Public Law 85-804 (50 U.S.C. 1431-1435) and Executive Order 10789, as amended, and regardless of any other

provisions of this contract, the Government shall, subject to the limitations contained in the other paragraphs of this clause,

indemnify the Contractor against-

(1) Claims (including reasonable expenses of litigation or settlement) by third persons (including employees of the

Contractor) for death; personal injury; or loss of, damage to, or loss of use of property;

(2) Loss of, damage to, or loss of use of Contractor property, excluding loss of profit; and

(3) Loss of, damage to, or loss of use of Government property, excluding loss of profit.

(c) This indemnification applies only to the extent that the claim, loss, or damage (1) arises out of or results from a risk

defined in this contract as unusually hazardous or nuclear and (2) is not compensated for by insurance or otherwise.

Any

such claim, loss, or damage, to the extent that it is within the deductible amounts of the Contractor's insurance, is not covered

under this clause. If insurance coverage or other financial protection in effect on the date the approving official authorizes use

of this clause is reduced, the Government's liability under this clause shall not increase as a result.

(d) When the claim, loss, or damage is caused by willful misconduct or lack of good faith on the part of any of the Contractor's principal officials, the Contractor shall not be indemnified for-

(1) Government claims against the Contractor (other than those arising through subrogation); or

(2) Loss or damage affecting the Contractor's property.

(e) With the Contracting Officer's prior written approval, the Contractor may, in any subcontract under this contract, indemnify the subcontractor against any risk defined in this contract as unusually hazardous or nuclear. This indemnification

shall provide, between the Contractor and the subcontractor, the same rights and duties, and the same provisions for

notice,

furnishing of evidence or proof, and Government settlement or defense of claims as this clause provides. The Contracting

Officer may also approve indemnification of subcontractors at any lower tier, under the same terms and conditions. The Government shall indemnify the Contractor against liability to subcontractors incurred under subcontract provisions approved

by the Contracting Officer.

(f) The rights and obligations of the parties under this clause shall survive this contract's termination, expiration, or completion. The Government shall make no payment under this clause unless the agency head determines that the amount

is just and reasonable. The Government may pay the Contractor or subcontractors, or may directly pay parties to whom the

Contractor or subcontractors may be liable.

(g) The Contractor shall-

(1) Promptly notify the Contracting Officer of any claim or action against, or any loss by, the Contractor or any subcontractors that may be reasonably be expected to involve indemnification under this clause;

(2) Immediately furnish to the Government copies of all pertinent papers the Contractor receives;

(3) Furnish evidence or proof of any claim, loss, or damage covered by this clause in the manner and form the Government requires; and

(4) Comply with the Government's directions and execute any authorizations required in connection with settlement or

defense of claims or actions.

(h) The Government may direct, control, or assist in settling or defending any claim or action that may involve indemnification under this clause.

(End of clause)

52.2-475

52.250-2 FEDERAL ACQUISITION REGULATION

Alternate I (APR 1984). In cost-reimbursement contracts, add the following paragraph (i) to the basic clause:

(i) The cost of insurance (including self-insurance programs) covering a risk defined in this contract as unusually hazardous or nuclear shall not be reimbursed except to the extent that the Contracting Officer has required or approved this

insurance. The Government's obligations under this clause are-

(1) Excepted from the release required under this contract's clause relating to allowable cost; and

(2) Not affected by this contract's Limitation of Cost or Limitation of Funds clause.

52.250-2 SAFETY Act Coverage Not Applicable.

As prescribed in 50.206(a), insert the following provision:

SAFETY ACT COVERAGE NOT APPLICABLE (FEB 2009)

The Government has determined that for purposes of this solicitation the product(s) or service(s) being acquired by this action are neither presumptively nor actually entitled to a pre-determination that the products or services are qualified anti-

terrorism technologies as that term is defined by the Support Anti-terrorism by Fostering Effective Technologies Act of 2002

(SAFETY Act), 6 U.S.C. 441-444. This determination does not prevent sellers of technologies from applying for SAFETY

Act protections in other contexts. Proposals in which either acceptance or pricing is made contingent upon SAFETY Act designation as a qualified anti-terrorism technology or SAFETY Act certification as an approved product for homeland security of the proposed product or service will not be considered for award. See Federal Acquisition Regulation subpart

50.2.

(End of provision)

52.250-3 SAFETY Act Block Designation/Certification.

As prescribed in 50.206(b)(1), insert the following provision:

SAFETY ACT BLOCK DESIGNATION/CERTIFICATION (FEB 2009)

(a) Definitions. As used in this provision-

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined

and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a

domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which

United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the

United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction,

injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security (DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for

the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise

cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any

combination of the foregoing. Design services, consulting services, engineering services, software development services,

software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may

be deemed a technology.

SAFETY Act certification means a determination by DHS pursuant to 6 U.S.C. 442(d), as further delineated in 6 CFR 25.9,

that a QATT for which a SAFETY Act designation has been issued is an approved product for homeland security, i.e., it will

perform as intended, conforms to the seller's specifications, and is safe for use as intended.

52.2-476

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.250-3

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

(b) The Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444, creates certain liability limitations for claims arising out of, relating to, or resulting from an act of terrorism where QATTs have been deployed. It also confers other important benefits. SAFETY Act designation and SAFETY Act certification are

designed to support effective technologies aimed at preventing, detecting, identifying, or deterring acts of terrorism, or limiting the harm that such acts might otherwise cause, and which also meet other prescribed criteria. For some classes of

technologies, DHS may issue a block designation/certification in order to lessen the burdens for filing for SAFETY Act designation or SAFETY Act certifications by not requiring applicants to provide certain information otherwise required and in order to offer expedited review of any application submitted pursuant to a block designation/certification. Block designations/certifications will be issued only for technologies that rely on established performance standards or defined

technical characteristics.

(c) (1) DHS has issued a block designation or block certification for the technology to be acquired under this solicitation.

(2) This block designation or block certification is attached to this solicitation and contains essential information,

including-

(i) A detailed description of and specification for the technology covered by the block designation or block certification;

(ii) A listing of those portions of the SAFETY Act application kit that must be completed and submitted by applicants;

(iii) The date of its expiration; and

(iv) Any other terms and conditions.

(3) Offerors should read this block designation or block certification carefully to make sure they comply with its terms

if they plan to take advantage of SAFETY Act coverage for their technology(ies).

(d) All determinations by DHS are based on factors set forth in the SAFETY Act and its implementing regulations. A determination by DHS to issue a SAFETY Act designation, or not to issue a SAFETY Act designation for a particular technology as a QATT is not a determination that the technology meets, or fails to meet, the requirements of any solicitation

issued by any Federal, State, local or tribal governments. Determinations by DHS with respect to whether to issue a SAFETY

Act designation for technologies submitted for DHS review are based on the factors identified in 6 CFR 25.4(b).

(e) Neither SAFETY Act designation nor certification is in any way a requirement of this action. Whether to seek the benefits of the SAFETY Act for a proposed product or service is entirely up to the offeror. Additional information about the SAFETY Act and this block designation/certification may be found at the SAFETY Act website at <http://www.SAFETYAct.gov> or requests may be mailed to:

Directorate of Science and Technology SAFETY Act/Room 4320 Department of Homeland Security Washington, DC

20528

(f) Proposals in which pricing or any other terms or conditions are offered contingent upon SAFETY Act designation or

SAFETY Act certification of the proposed product(s) or service(s) will not be considered for award.

(End of provision)

Alternate I (FEB 2009). As prescribed in 50.206 (b)(2), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit proposals made contingent upon SAFETY Act designation (or SAFETY Act certification, if a block certification exists) before award. When an offer is made contingent upon SAFETY Act designation

or certification, the offeror also may submit an alternate offer without the contingency.

(2) If an offer is submitted contingent upon receipt of SAFETY Act designation (or SAFETY Act certification, if a block

certification exists) prior to contract award, then the Government may not award a contract based on such offer unless the

offeror demonstrates prior to award that DHS has issued a SAFETY Act designation (or SAFETY Act certification, if a block

certification exists) for the offeror's technology.

(3) The Government reserves the right to award the contract based on a noncontingent offer, prior to DHS resolution of the

offeror's application for SAFETY Act designation (or SAFETY Act certification, if a block certification exists).

Alternate II (Feb 2009). As prescribed in 50.206 (b)(3), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit offers presuming that SAFETY Act designation (or SAFETY Act certification, if a

block certification exists) will be obtained before or after award.

(2) An offeror is eligible for award only if the offeror-

52.2-477

52.250-4 FEDERAL ACQUISITION REGULATION

(i) Files a SAFETY Act designation (or SAFETY Act certification) application, limited to the scope of the applicable block designation (or block certification), within 15 days after submission of the proposal;

(ii) Pursues its SAFETY Act designation (or SAFETY Act certification) application in good faith; and

(iii) Agrees to obtain the amount of insurance DHS requires for issuing the offeror's SAFETY Act designation (or SAFETY Act certification).

(3) If DHS has not issued a SAFETY Act designation (or SAFETY Act certification) to the successful offeror before

contract award, the contracting officer will include the clause at 52.250-5 in the resulting contract.

52.250-4 SAFETY Act Pre-qualification Designation Notice.

As prescribed in 50.206(c)(1), insert the following provision:

SAFETY ACT PRE-QUALIFICATION DESIGNATION NOTICE (FEB 2009)

(a) Definitions. As used in this provision-

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined

and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case

of a

domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which

United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the

United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction,

injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security

(DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Pre-qualification designation notice means a notice in a procurement solicitation or other publication by the Government stating that the technology to be procured either affirmatively or presumptively satisfies the technical criteria necessary to be deemed a qualified anti-terrorism technology. A pre-qualification designation notice authorizes offeror(s) to submit streamlined SAFETY Act applications for SAFETY Act designation and receive expedited processing of those applications.

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for

the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise

cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any

combination of the foregoing. Design services, consulting services, engineering services, software development services,

software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may

be deemed a technology.

SAFETY Act certification i.e.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

(b) The Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444, creates certain liability limitations for claims arising out of, relating to, or resulting from an act of terrorism where QATTs have been deployed. It also confers other important benefits. SAFETY Act designation and SAFETY Act certification are

designed to support effective technologies aimed at preventing, detecting, identifying, or deterring acts of terrorism, or limiting the harm that such acts might otherwise cause, and which also meet other prescribed criteria.

(c) (1) DHS has issued a SAFETY Act pre-qualification designation notice for the technology to be acquired under this

solicitation.

(2) This notice is attached to this solicitation and contains essential information, including-

(i) A detailed description of and specification for the technology covered by the notice;

(ii) A statement that the technology described and specified in the notice satisfies the technical criteria to be

deemed

a QATT and the offeror's proposed technology either may presumptively or will qualify for the issuance of a designation

provided the offeror complies with terms and conditions in the notice and its application is approved;

52.2-478

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.250-5

(iii) The period of time within which DHS will take action upon submission of a SAFETY Act application submitted pursuant to the notice;

(iv) A listing of those portions of the application that must be completed and submitted by selected awardees and the

time periods for such submissions;

(v) The date of expiration of the notice; and

(vi) Any other terms and conditions concerning the notice.

(3) Offerors should read this notice carefully to make sure they comply with the terms of the notice if they plan on

taking advantage of SAFETY Act coverage for their technologies.

(d) All determinations by DHS are based on factors set forth in the SAFETY Act and its implementing regulations.

A determination by DHS to issue a SAFETY Act designation, or not to issue a SAFETY Act designation for a particular Technology as a QATT is not a determination that the Technology meets, or fails to meet, the requirements of any solicitation

issued by any Federal, State, local or tribal governments. Determinations by DHS with respect to whether to issue a SAFETY

Act designation for Technologies submitted for DHS review are based on the factors identified in 6 CFR 25.4(b).

(e) Neither SAFETY Act designation nor certification is in any way a requirement of this action. Whether to seek the benefits of the SAFETY Act for a proposed product or service is entirely up to the offeror. Additional information about the

SAFETY Act may be found at the SAFETY Act website at <http://www.SAFETYAct.gov>.

(f) Proposals in which pricing or any other terms or conditions are offered contingent upon SAFETY Act designation or

certification of the proposed product(s) or service(s) will not be considered for award.

(End of provision)

Alternate I (FEB 2009). As prescribed in 50.206 (c)(2), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit proposals made contingent upon SAFETY Act designation before award. When

an offer is made contingent upon SAFETY Act designation, the offeror also may submit an alternate offer without the contingency.

(2) If an offer is submitted contingent upon receipt of SAFETY Act designation prior to contract award, then the Government may not award a contract based on such offer unless the offeror demonstrates prior to award that DHS has issued

a SAFETY Act designation for the offeror's technology.

(3) The Government reserves the right to award the contract based on a noncontingent offer, prior to DHS resolution of

the offeror's application for SAFETY Act designation.

Alternate II (FEB 2009). As prescribed in 50.206 (c)(3), substitute the following paragraph (f):

(f)(1) Offerors are authorized to submit proposals presuming SAFETY Act designation before or after award.

(2) An offeror is eligible for award only if the offeror-

(i) Files a SAFETY Act designation application, limited to the scope of the applicable prequalification designation notice, within 15 days after submission of the proposal;

(ii) Pursues its SAFETY Act designation application in good faith; and

(iii) Agrees to obtain the amount of insurance DHS requires for issuing the offeror's SAFETY Act designation.

(3) If DHS has not issued a SAFETY Act designation to the successful offeror before contract award, the contracting

officer will include the clause at 52.250-5 in the resulting contract.

52.250-5 SAFETY Act-Equitable Adjustment.

As prescribed in 50.206(d), insert the following clause:

SAFETY ACT-EQUITABLE ADJUSTMENT (DEVIATION DATE)

(a) Definitions. As used in this clause?

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined

and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a

domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which

United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the

United States.

52.2-479

52.251 FEDERAL ACQUISITION REGULATION

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction,

injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security

(DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for

the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise

cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any

combination of the foregoing. Design services, consulting services, engineering services, software development services,

software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may

be deemed a technology.

SAFETY Act certification means a determination by DHS pursuant to 6 U.S.C. 442(d), as further delineated in 6 CFR 25.9,

that a QATT for which a SAFETY Act designation has been issued is an approved product for homeland security, i.e., it will

perform as intended, conforms to the seller's specifications, and is safe for use as intended.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

(b) Prices for the items covered by the pre-qualification designation notice, block designation, or block certification in the

contract were established presuming DHS will issue a SAFETY Act designation (or SAFETY Act certification) for those items.

(c) In order to qualify for an equitable adjustment in accordance with paragraph (d) of this clause the Contractor shall in

good faith pursue obtaining?

(1) SAFETY Act designation (or SAFETY Act certification); and

(2) The amount of insurance DHS requires for issuing any SAFETY Act designation (or SAFETY Act certification).

(d) (1) If DHS denies the Contractor's SAFETY Act designation (or certification) application, the Contractor may submit

a request for an equitable adjustment within 30 days of DHS's notification of denial.

(2) The Contracting Officer will either?

(i) Make an equitable adjustment to the contract price based on evidence of the resulting increase or decrease in the

Contractor's costs and/or an equitable adjustment to other terms and conditions based on lack of SAFETY Act designation

(or certification); or

(ii) At the sole option of the Government, terminate this contract for the convenience of the Government in place of an equitable adjustment.

(3) A failure of the parties to agree on the equitable adjustment will be considered to be a dispute in accordance with

the "Disputes" clause of this contract.

(4) Unless first terminated, the Contractor shall continue contract performance during establishment of any equitable

adjustment.

(End of clause)

52.252 [Reserved]

52.252-1 Solicitation Provisions Incorporated by Reference.

As prescribed in 52.107(a), insert the following provision:

SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer.

In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed

electronically at this/these address(es):

[Insert one or more Internet addresses]

(End of provision)

52.252-2 Clauses Incorporated by Reference.

As prescribed in 52.107(b), insert the following clause:

CLAUSES INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed

electronically at this/these address(es):

(End of clause)

52.252-3 Alterations in Solicitation.

As prescribed in 52.107(c), insert the following provision in solicitations in order to revise or supplement, as necessary, other parts of the solicitation that apply to the solicitation phase only, except for any provision authorized for use with a deviation. Include clear identification of what is being- altered.

ALTERATIONS IN SOLICITATION (APR 1984)

Portions of this solicitation are altered as follows:

(End of clause)

52.252-4 Alterations in Contract.

As prescribed in 52.107(d), insert the following clause in solicitations and contracts in order to revise or supplement, as necessary, other parts of the contract, or parts of the solicitation that apply after contract award, except for any clause

authorized for use with a deviation. Include clear identification of what is being altered.

ALTERATIONS IN CONTRACT (APR 1984)

Portions of this contract are altered as follows:

52.2-481**52.252-5 FEDERAL ACQUISITION REGULATION**

(End of clause)

52.252-5 Authorized Deviations in Provisions.

As prescribed in 52.107(e), insert the following provision in solicitations that include any FAR or supplemental provision with an authorized deviation. Whenever any FAR or supplemental provision is used with an authorized deviation,

the contracting officer shall identify it by the same number, title, and date assigned to the provision when it is used without deviation, include regulation name for any supplemental provision, except that the contracting officer shall insert "(DEVIATION)" after the date of the provision.

AUTHORIZED DEVIATIONS IN PROVISIONS (NOV 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any _____ [insert regulation name] (48 CFR Chapter _____) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

52.252-6 Authorized Deviations in Clauses.

As prescribed in 52.107(f), insert the following clause in solicitations and contracts that include any FAR or supplemental clause with an authorized deviation. Whenever any FAR or supplemental clause is used with an authorized

deviation, the contracting officer shall identify it by the same number, title, and date assigned to the clause when it is used

without deviation, include regulation name for any supplemental clause, except that the contracting officer shall insert "(DEVIATION)" after the date of the clause.

AUTHORIZED DEVIATIONS IN CLAUSES (NOV 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any _____ [insert regulation name] (48 CFR _____) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.253-1

52.253 [Reserved]

52.253-1 Computer Generated Forms.

As prescribed in FAR 53.111, insert the following clause:

COMPUTER GENERATED FORMS (DEVIATION DATE)

(a) Any data required to be submitted on a Standard or Optional Form prescribed by the Federal Acquisition Regulation

(FAR) may be submitted on a computer generated version of the form, provided there is no change to the name, content, or

sequence of the data elements on the form, and provided the form carries the Standard or Optional Form number and edition date.

(b) Unless prohibited by agency regulations, any data required to be submitted on an agency unique form

prescribed by an

agency supplement to the FAR may be submitted on a computer generated version of the form provided there is no change to

the name, content, or sequence of the data elements on the form and provided the form carries the agency form number and

edition date.

(c) If the Contractor submits a computer generated version of a form that is different than the required form, then the rights

and obligations of the parties will be determined based on the content of the required form.

17-2

SUBPART 17.1 - MULTIYEAR CONTRACTING 17.103-1

17.000 Scope of part.

This part prescribes policies and procedures for the acquisition of supplies and services through special contracting methods, including?

- (a) Multiyear contracting;
- (b) Options;
- (c) Leader company contracting;
- (d) Interagency acquisitions;
- (e) Management and operating contracts; and
- (f) Reverse auctions

Subpart 17.1 - Multiyear Contracting

17.101 Authority.

This subpart prescribes policies and procedures for acquiring supplies or services through multiyear contracting, as authorized by 10 U.S.C. 3501 and 41 U.S.C. 3903. It addresses requirements for presolicitation planning, solicitation content, evaluation and award, funding, and cancellation provisions unique to multiyear contracts.

17.102 Definitions.

As used in this subpart?

Cancellation means the cancellation (within a contractually specified time) of the total requirements of all remaining program years. Cancellation results when the contracting officer-

- (1) Notifies the contractor of nonavailability of funds for contract performance for any subsequent program year; or
- (2) Fails to notify the contractor that funds are available for performance of the succeeding program year requirement.

Cancellation ceiling means the maximum cancellation charge that the contractor can receive if the contract is cancelled.

Cancellation charge means the amount of unrecovered costs which would have been recouped through amortization

over

the full term of the contract, including the canceled term.

Multiyear contract means a contract for the purchase of supplies or services for more than 1, but not more than 5 program

years. A multiyear contract may provide that performance under the contract during the second and subsequent years of the

contract is contingent upon the appropriation of funds, and (if it does so provide) may provide for a cancellation payment

to be made to the contractor if appropriations are not made. The key distinguishing difference between multiyear contracts

and multiple year contracts is that multiyear contracts buy more than 1 year's requirement (of a product or service) without

establishing and having to exercise an option for each program year after the first.

Nonrecurring costs means costs that are generally incurred on a one-time basis and include such costs as plant or equipment relocation, plant rearrangement, special tooling and special test equipment, preproduction engineering, preliminary

design effort, initial spoilage and rework, and specialized work force training.

Recurring costs means costs that vary with the quantity being produced, such as labor and materials, and are the ongoing

expenses associated with its production and maintenance.

17.103 Presolicitation.

17.103-1 Policy.

(a) Except for DoD, NASA, and the Coast Guard, the contracting officer may enter into a multiyear contract if the head of

the contracting activity determines that?

- (1) The need for the supplies or services is reasonably firm and continuing throughout the contract period; and
- (2) A multiyear contract will serve the best interest of the Government by either encouraging competition or promoting

economy in program administration, performance, and operation.

(b) For DoD, NASA, and the Coast Guard, the head of the agency may enter into a multiyear contract for supplies if?

- (1) The contract will save significant costs compared to using annual contracts, or will provide necessary stability to the

defense industrial base not otherwise achievable through annual contracts;

- (2) The required purchase amounts are expected to remain substantially unchanged throughout the contract period, in

terms of production and procurement rates and total quantities;

- (3) The agency head is reasonably expected to request sufficient funding throughout the contract period at a level

required to avoid contract cancellation;

17.1-1

17.103-2 FEDERAL ACQUISITION REGULATION

- (4) The design of the supplies is stable, and technical risks are not excessive;

- (5) Both the contract cost estimates and projected cost avoidance through the use of a multiyear contract are

realistic;

(6) For Department of Defense purchases, the contract will promote national security of the United States; and

(7) For Department of Defense contracts valued at \$500,000,000 or more, the Secretary certifies that the conditions in

10 U.S.C. 3501 (i)(3) subparagraphs (C) through (F) will be met.

17.103-2 Procedures.

(a) Method of contracting. The specific requirement should guide the selection of the contracting method.

(b) Funding.

(1) Agency funding of multiyear contracts must follow the policies in OMB Circular A-11 (Preparation, Submission,

and Execution of the Budget) and other applicable guidance on funding multiyear contracts.

(2) Multiyear contracts for fixed assets should be either-

(i) Fully funded; or

(ii) Funded in economically or programmatically viable stages.

17.103-3 Solicitations.

(a) In solicitations for multiyear contracts, the contracting officer must include-

(1) The supply or service requirements for the first program year, and the entire multiyear contract period, broken down

by program year;

(2) A statement that if the Government only needs the first-year requirements, evaluation will be based on first year

pricing;

(3) A provision requiring a cancellation ceiling (as a percentage or dollar amount) and applicable dates for each program year that could be cancelled; and

(4) A statement that the Government will not award less than the first program year requirements.

(b) The solicitation must explain how the Government will compare offers for the first year against offers for the entire

multiyear period. This applies to both sealed bidding and negotiated acquisitions.

17.104 Evaluation and Award.

17.104-1 General.

Contracting officers must follow the appropriate acquisition policies and procedures (such as those in parts 14 and 15). In

addition, contracting officers must comply with the requirements unique to multiyear contracting in this section, including cancellation procedures, congressional notification, and funding obligations at award.

17.104-2 Cancellation provisions.

(a) Cancellation procedures.

(1) All program years except the first are subject to cancellation.

(2) For each program year subject to cancellation, the contracting officer must?

(i) Set a cancellation ceiling;

(ii) Not include amounts for requirements from prior program years; and

(iii) Lower the cancellation ceiling proportionally as requirements are completed.

(3) When calculating cancellation ceilings, the contracting officer must?

(i) Estimate reasonable startup costs, learning curve costs, and other nonrecurring costs; and

(ii) Not include labor, materials, or other costs related to future program years.

- (4) Set specific cancellation dates for each program year based on production needs and funding availability. These

dates must be in the contract schedule.

- (b) Revising ceilings or dates. The contracting officer may revise cancellation ceilings or dates after solicitation release

when necessary. For sealed bidding, changes must be made by amendment before bid opening. In negotiated acquisitions,

discussions may reveal a need for changes before final award.

17.104-3 Congressional notification.

- (a) Except for DoD, NASA, and the Coast Guard, a multiyear contract with a cancellation ceiling over \$20 million may

not be awarded until the agency head notifies Congress in writing.

17.1-2

SUBPART 17.1 - MULTIYEAR CONTRACTING 17.106

- (b) For DoD, NASA, and the Coast Guard, when the ceiling is over \$200 million, the agency head must notify the House

and Senate armed services and appropriations committees in writing.

- (c) The contract may not be awarded until 31 days after notification.

17.104-4 Funding at award.

- (a) At award, obligated funds must cover either?

- (1) The full contract period; or
- (2) The first fiscal year plus any potential cancellation and termination costs.

- (b) The contract must state the funded amount for the first program year and any amounts for cancellation or termination.

17.104-5 Special procedures for DoD, NASA, and the Coast Guard.

- (a) Participation by subcontractors and suppliers. To the extent practicable, structure multiyear contracts to attract and

retain a diverse defense industrial base.

- (b) Protection of existing authority. To the extent practicable, multiyear contracting must not limit an agency's ability to

maintain competition or terminate contracts based on performance deficiencies related to cost, quality, or schedule.

- (c) Property. Multiyear contracts must be?

- (1) Firm-fixed-price;
- (2) Fixed-price with economic price adjustment; or
- (3) Fixed-price incentive.

- (d) Level unit prices. Where appropriate, the contracting officer should negotiate level unit prices for the items to be delivered in each program year.

17.105 Postaward.

- (a) Termination vs. cancellation. The termination for convenience procedure applies to any Government contract, including multiyear contracts. Termination differs from cancellation in these ways:

- (1) Timing. Termination can occur anytime during the contract life, while cancellation happens between fiscal years.
- (2) Quantity. Termination can apply to total or partial quantities, while cancellation must apply to all quantities for

future fiscal years.

- (b) Funding limitations upon termination. If funds are not available to continue a multiyear contract into the next fiscal

year, the contract must be canceled or terminated. If the Government terminates the entire contract for convenience, including

all cancellable requirements, the Government obligation is no more than:

- (1) The amount specified as available for contract performance; plus
- (2) The applicable cancellation ceiling.

17.106 Contract clauses.

- (a) The contracting officer must insert the clause at 52.217-2, Cancellation Under Multiyear Contracts, in solicitations and

contracts when a multiyear contract is contemplated.

- (b) When the production period may cause an offeror to include a labor or material cost contingency in the contract price,

consider using an economic price adjustment clause (see part 16).

- (c) For service contracts, the contracting officer-

- (1) Must include the clause at 52.222-43, Fair Labor Standards Act and Service Contract Labor Standards?Price

Adjustment (Multiple Year and Option Contracts), when the contract includes the clause at 52.222-41, Service Contract Labor Standards;

- (2) May modify the clause at 52.222-43 in overseas contracts when laws, regulations, or international agreements

require contractors to pay higher wage rates; or

- (3) May use an economic price adjustment clause authorized by part 16, when price changes require coverage and are

not included in not already addressed by the clause at 52.222-43.

17.1-3

This page intentionally left blank.

17.1-4

SUBPART 17.2 - OPTIONS 17.202

Subpart 17.2 - Options

17.200 Scope of subpart.

This subpart prescribes policies and procedures for the use of options in contracts.

- (a) Except as provided in agency regulations, this subpart does not apply to contracts for-

- (1) Construction, alteration, or repair (including dredging, excavating, and painting) of buildings, bridges, roads, or

other real property;

- (2) Architect-engineer services; or
- (3) Research and development services.

- (b) Agencies may still use options in these contracts according to their own regulations.

17.201 Presolicitation.

17.201-1 Use of options.

- (a) In contracting by sealed bidding or negotiation, the contracting officer may add options to contracts when beneficial

to the Government, within the limitations in paragraphs (b) and (c). For sealed bidding, before including the provision at 52.217-5, Evaluation of Options, the contracting officer must document in writing that there is a probability that the Government will exercise the options.

(b) Inclusion of an option is normally not beneficial to the Government when the contracting officer determines that:

(1) The Government's needs involve-

(i) Minimum economic quantities (enough volume to permit the recovery of startup costs and the production of supplies at reasonable prices); and

(ii) Delivery needs far enough in the future to allow for a new competitive contract.

(2) An indefinite quantity or requirements contract better meets the government's needs. However, these contract types

may still include options if appropriate.

(c) The contracting officer must not use options when-

(1) Price or availability of necessary material or labor is not reasonably foreseeable, introducing significant risk into

option pricing; or

(2) Market prices for the supplies or services are likely to change significantly.

17.201-2 Contracts.

(a) The contract must clearly state limits on-

(1) The additional supplies or services the Government may purchase including the number, type, frequency or duration; or

(2) The contract duration, including any extensions.

(b) The contracting officer must?

(1) Specify in the contract the period within which the option may be exercised, allowing adequate lead time for the

contractor to ensure continuous production; and

(2) Follow any statutory limits on contract duration (for example, under the Service Contract Labor Standards statute?

see part 22).

17.202 Evaluation and award.

(a) Prior to awarding the basic contract, the contracting officer must evaluate offers for option quantities or periods included in the solicitation.

(b) (1) The contracting officer may skip the evaluation of option quantities when such evaluation would not benefit the

Government. This exception should be reserved for rare instances.

(2) This decision must be?

(i) In writing;

(ii) Approved at least one level above the contracting officer; and

(iii) Included in the contract file.

17.2-1

17.203 FEDERAL ACQUISITION REGULATION

17.203 Solicitation provisions and contract clauses.

(a) Insert a provision substantially the same as the provision at 52.217-3, Evaluation Exclusive of Options, in solicitations

when the solicitation includes an option clause but does not include the provision described in either paragraph (b) or

(c) of

this section.

(b) Insert a provision substantially the same as the provision at 52.217-4, Evaluation of Options Exercised at Time of

Contract Award, in solicitations when-

(1) The solicitation includes an option clause; and

(2) The contracting officer determines there is a reasonable likelihood of option exercised when the contract is awarded.

(c) Insert a provision substantially the same as the provision at 52.217-5, Evaluation of Options, in solicitations when-

(1) The solicitation includes an option clause; and

(2) The contracting officer determines there is a reasonable likelihood of exercise, and the option will not be exercised

at the time of contract award.

(d) Insert a provision substantially the same as the clause at 52.217-6, Option for Increased Quantity, in solicitations and

contracts, except those for services, when adding an option is appropriate (see 17.201), and the option quantity appears as a

percentage of the basic contract quantity or as additional quantities of a specific line item.

(e) Insert a provision substantially the same as the clause at 52.217-7, Option for Increased Quantity?Separately Priced

Line Item, in solicitations and contracts, except those for services , when adding an option is appropriate (see 17.201), and the

option quantity appears as a separate line item with the same name as a corresponding basic line item.

(f) Insert a provision substantially the same as the clause at 52.217-8, Options to Extend Services, in solicitations and

contracts for services when adding an option is appropriate. (See 17.201 and part 37).

(g) Insert a provision substantially the same as the clause at 52.217-9, Option to Extend the Term of the Contract, in

solicitations and contracts when adding an option is appropriate (see 17.201) and the contract needs to include any of these

elements:

(1) A requirement for the Government to give the contractor advance written notice of intent to extend;

(2) A statement that an extension of the contract also extends the option; or

(3) A specific limit on the total contract duration.

17.204 Postaward.

17.204-1 Exercise of options.

(a) If the contract includes an economic price adjustment clause and the contractor requests a price revision, the contracting officer must determine how the adjustment affects option prices before exercising the option.

(b) The contracting officer may exercise options only after?

(1) Providing written notice to the contractor of the Government?s intention to exercise the option, within the time

specified in the contract;

(2) Confirming that funds are available; and

(3) Determining that?

- (i) The option fulfills an existing Government requirement;
- (ii) The option was synopsisized as required, unless exempt (see part 5);
- (iii) The Contractor does not have an active exclusion record in the System for Award Management (see part 9);
- (iv) The contractor's performance on the current contract has been acceptable (for example, satisfactory or better performance ratings);
- (v) After reviewing price and other factors, the option price is fair and reasonable based on current market conditions and exercise of the option is in the Government's best interest; and
- (vi) The option exercise complies with the requirements of part 6 for full and open competition, i.e., the option was evaluated as part of the initial competition and is exercisable at an amount specified in or reasonably determinable from the terms of the contract.

17.2-2

SUBPART 17.3 - [RESERVED]

Subpart 17.3 - [Reserved]

17.3-1

This page intentionally left blank.

17.3-2

SUBPART 17.4 - LEADER COMPANY CONTRACTING 17.401

Subpart 17.4 - Leader Company Contracting

17.401 Policy.

Leader company contracting is an extraordinary acquisition technique, limited to special circumstances, and may only be used in accordance with agency procedures. Under this technique, a developer or sole producer of a product or system is designated as the leader company. The leader company is responsible for furnishing assistance and proprietary know-how under an approved contract to one or more designated follower companies. The purpose is to enable those follower companies to qualify as sources of supply for the product or system, thereby expanding the industrial base and promoting competition.

17.4-1

This page intentionally left blank.

17.4-2

SUBPART 17.5 - INTERAGENCY ACQUISITIONS 17.502-1

Subpart 17.5 - Interagency Acquisitions

17.500 Scope of subpart.

- (a) This subpart prescribes policies and procedures for all interagency acquisitions under any authority, except as provided in paragraph (c) of this section. When nondefense agencies acquire supplies or services on behalf of the Department of Defense, the requirements in subpart 17.7 also apply.
- (b) This subpart applies to interagency acquisitions as defined in 2.101, when an agency:
 - (1) Requires supplies or services and uses another agency's contract; or

(2) Requests another agency to provide acquisition assistance, including but not limited to awarding or administering a

contract, task order, or delivery order.

(c) This subpart does not apply to-

(1) Reimbursable work performed by one agency's employees for another agency (except acquisition assistance), or

interagency activities where contracting is not the primary purpose; or

(2) Orders at or below \$750,000 issued against Federal Supply Schedules.

17.501 General.

(a) Interagency acquisitions are usually conducted through indefinite-delivery contracts.

(b) An interagency acquisition must not be used to circumvent statutory or regulatory restrictions on the obligation or use

of funds.

(c) An interagency acquisition must not conflict with another agency's statutory authority or responsibility. For example,

the Administrator of General Services has authority under 40 U.S.C. "Public Buildings, Property, and Works" and 41 U.S.C.

division C of subtitle I ("Procurement").

17.502 Procedures.

17.502-1 General.

(a) Written agreement on responsibility for management and administration.

(1) Assisted acquisitions.

(i) Before issuing a solicitation, both the servicing agency and requesting agency must sign a written interagency agreement that establishes the basic terms and conditions governing the relationship, which must include?

(A) The roles and responsibilities for acquisition planning;

(B) Contract execution; and

(C) Administration and management of the contract(s) or order(s).

(ii) The requesting agency must?

(A) Provide the servicing agency for incorporation into the order or contract, any unique requesting agency terms,

conditions and applicable agency-specific statutes, regulations, directives, and other applicable requirements, or

(B) Inform the servicing agency contracting officer in writing that there are no special requirements beyond the

FAR.

(iii) For assisted acquisitions for the Department of Defense, also see subpart 17.6.

(iv) Agencies should follow applicable Office of Federal Procurement Policy guidance on Interagency Acquisitions when creating these agreements.

(v) Both agencies must keep the signed agreement in their files along with sufficient documentation to permit a proper audit.

(2) Direct acquisitions. When the requesting agency administers the order itself, no written agreement with the servicing agency is required.

(b) Business-case analysis requirements for establishing a multi-agency contract or governmentwide acquisition contract.

In accordance with section 865 of Public Law 110-417, the agency business case must address how the contract will

be

administered, analyze all direct and indirect costs of awarding and administering the contract, and describe the impact the contract will have on the Government's ability to leverage its purchasing power. For example, the analysis should address whether the new contract could dilute the effectiveness of existing contracts. For additional requirements see OMB

Memorandum M-19-13.

17.5-1

17.502-2 FEDERAL ACQUISITION REGULATION

17.502-2 The Economy Act.

(a) The Economy Act (31 U.S.C. 1535)?

(1) Authorizes agencies to enter into agreements to obtain supplies or services from other agencies. The FAR applies

when one agency uses another agency's contract. If the transaction between agencies does not result in a contract or order, the

FAR does not apply;

(2) Allows orders between major organizational units within the same agency. Agencies should address the procedures

for these intra-agency transactions in agency regulations; and

(3) Applies when more specific statutory authority does not exist, such as 40 U.S.C. 501 for Federal Supply Schedules

(see part 8) or 40 U.S.C. 11302(e) for Governmentwide acquisition contracts (GWACs).

(b) Each Economy Act order must be supported by a determination and findings (D&F) that must:

(1) State that the inter-agency acquisition is in the best interest of the Government;

(2) State that the supplies or services cannot be obtained as conveniently or cheaply by contracting directly with a

private source; and

(3) State which one (or more) of these conditions is true:

(i) The servicing agency has an existing contract that was created before this order and meets the same needs.

(ii) The servicing agency has expertise or abilities to enter a contract that is not available within the requesting agency.

(4) The D&F must be approved by a contracting officer from the requesting agency with authority to contract for these

supplies or services. Alternatively, an official designated by the agency head may approve it. If the servicing agency is not

subject to the FAR, approval may not be delegated below the senior procurement executive of the requesting agency.

(5) The requesting agency must send a copy of the D&F to the servicing agency with their order request.

(c) Payment. (1) The servicing agency may request advance payment for estimated costs in writing. Adjustments based on

actual costs must be made as agreed to by the agencies.

(2) If the servicing agency approves, the requesting agency may pay actual costs after receiving the supplies or services.

(3) Bills rendered or advance payment requests must not be subject to audit or certification in advance of payment.

(4) The servicing agency must not charge, and the requesting agency must not pay, any fee exceeding the

actual cost (or estimated cost if actual cost is unknown) of entering into and administering the contract or agreement under which the order is filled.

17.503 Ordering procedures.

(a) Before placing an order for supplies or services with another Government agency, the requesting agency must follow the procedures in 17.502-1 and, if under the Economy Act, 17.502-2.

(b) The order may be placed on any form or document that both agencies accept. The order should include?

- (1) A description of the supplies or services required;
- (2) Delivery requirements;
- (3) A funds citation;
- (4) A payment provision (see 17.502-2(c) for Economy Act orders); and
- (5) Acquisition authority as appropriate (see 17.503(d)).

(c) The requesting and servicing agencies should agree to procedures for resolving disagreements that may arise under interagency acquisitions. When appropriate, this may include using a third-party forum. If a third party is proposed, that party should provide their written consent.

(d) When an interagency acquisition requires the servicing agency to award a contract, these additional procedures apply:

- (1) If law or regulation requires a justification and approval or a D&F (other than the requesting agency's D&F required

in 17.502-2(c)), the servicing agency must prepare and issue it. The requesting agency must provide any information needed

for the justification and approval or D&F.

- (2) The requesting agency must provide other necessary assistance, such as information or special contract terms

needed to comply with any conditions or limitations on the requesting agency's funds.

- (3) The servicing agency is responsible for compliance with all other legal or regulatory requirements for the contract,

including?

- (i) Having proper legal authority for the contract action; and
- (ii) Following all competition requirements in part 6. If the servicing agency is not subject to the FAR, the requesting agency must verify that contracts used to meet its requirements contain provisions protecting the Government from

17.5-2

SUBPART 17.5 - INTERAGENCY ACQUISITIONS 17.504

inappropriate charges (for example, provisions required by part 31). The requesting agency must also verify that adequate contract administration will be provided.

- (e) Nonsponsoring Federal agencies may use a Federally Funded Research and Development Center (FFRDC) only if the

terms of the FFRDC's sponsoring agreement allow work from agencies other than the sponsor. Work given to the FFRDC

requires the sponsor's acceptance and must fall within the FFRDC's purpose, mission, general scope of effort, or special

expertise. (See part 35 and part 6 for procedures when using other than full and open competition.) The nonsponsoring agency must provide documentation to the sponsoring agency showing that the requested work would not place the FFRDC

in direct competition with domestic private industry.

17.504 Reporting requirements.

(a) The senior procurement executive for each executive agency must submit an annual report on interagency acquisitions

to the Director of OMB, as directed by OMB.

(b) The contracting officer for the servicing agency must ensure all service contractor reporting requirements are met in

accordance with part 4.

17.5-3

This page intentionally left blank.

17.5-4

SUBPART 17.6 - INTERAGENCY ACQUISITIONS: ACQUISITIONS BY NONDEFENSE AGENCIES ON BEHALF OF THE DEPARTMENT

OF DEFENSE 17.603

Subpart 17.6 - Interagency Acquisitions: Acquisitions by

Nondefense Agencies on Behalf of the Department of Defense

17.600 Scope of subpart.

(a) Compliance with this subpart is required in addition to the policies and procedures for interagency acquisitions in

subpart 17.5. This subpart establishes policies and procedures specifically for acquisitions of supplies and services by

nondefense agencies on behalf of the Department of Defense (DoD).

(b) This subpart implements Public Law 110-181, section 801, as amended (10 U.S.C. 3201 note prec.).

17.601 Definitions.

As used in this subpart?

Department of Defense (DoD) acquisition official means?

(1) A DoD contracting officer; or

(2) Any other DoD official authorized to approve a direct acquisition or an assisted acquisition on behalf of DoD.

Nondefense agency means any department or agency of the Federal Government other than the Department of Defense.

Nondefense agency that is an element of the intelligence community means the agencies identified in 50 U.S.C. 3003(4).

17.602 Applicability.

(a) This subpart applies to all acquisitions made by nondefense agencies on behalf of DoD.

(b) This subpart does not apply to contracts entered into by a nondefense agency that is an element of the intelligence

community for a joint program that meets the needs of both DoD and the nondefense agency.

17.603 Policy.

(a) A DoD acquisition official may request a nondefense agency to conduct an acquisition on behalf of DoD above the

simplified acquisition threshold only if the head of the nondefense agency has certified that the agency will comply with applicable procurement requirements for that fiscal year, except when waived as provided by paragraph (e) of this section.

(b) A nondefense agency is compliant with applicable procurement requirements if its procurement policies, procedures,

and internal controls for acquisitions on behalf of DoD, and their administration, adequately ensure the nondefense agency

complies with?

(1) The Federal Acquisition Regulation and other laws and regulations that apply to procurements of supplies and

services by Federal agencies; and

(2) Laws and regulations that apply to procurements of supplies and services made by DoD through other Federal

agencies, including DoD financial management regulations, the Defense Federal Acquisition Regulation Supplement

(DFARS), DoD class deviations, and the DFARS Procedures, Guidance, and Information (PGI). (The

DFARS, DoD class

deviations, and PGI are available at: <http://www.acq.osd.mil/dpap/dars>).

(c) Within 30 days of the beginning of each fiscal year, submit nondefense agency certifications of compliance to the

Principal Director, Defense Pricing and Contracting at: Department of Defense, Office of the Under Secretary of Defense

(Acquisition and Sustainment), Defense Pricing and Contracting, Contract Policy, Room 3B938, 3060

Defense Pentagon,

Washington DC 20301-3060.

(d) (1) The DoD acquisition official must provide the servicing nondefense agency contracting officer with any DoD-unique terms, conditions, other related statutes, regulations, directives, or other applicable requirements for incorporation into

the order or contract.

(2) If there are no DoD-unique requirements beyond the FAR, the DoD acquisition official must inform the servicing

nondefense agency contracting officer in writing.

(3) Nondefense agency contracting officers are responsible for ensuring support provided in response to DoD's request

complies with paragraph (b) of this section.

(e) Waiver. The limitation in paragraph (a) of this section does not apply to acquisitions of supplies and services on behalf of DoD by a nondefense agency during any fiscal year for which the Under Secretary of Defense for Acquisition and Sustainment has determined in writing that it is necessary in DoD's interest to acquire supplies and services through the

nondefense agency during that fiscal year. The written determination must identify the acquisition categories to which the

waiver applies.

(f) Nondefense agency certifications, waivers, and additional information are available at

<https://www.acq.osd.mil/asda/>

[dpc/cp/policy/interagency-acquisition.html](#)

17.6-1

This page intentionally left blank.

17.6-2

SUBPART 17.7 - MANAGEMENT AND OPERATING CONTRACTS 17.703

Subpart 17.7 - Management and Operating Contracts

17.700 Scope of subpart.

This subpart establishes policies and procedures for management and operating contracts for the Department of Energy

and any other agencies with the necessary statutory authority.

17.701 Definition.

Management and operating contract means an agreement where the Government contracts for the operation, maintenance,

or support, on its behalf, of a Government-owned or -controlled research, development, special production, or testing facility

that primarily serves one or more major programs of the Federal agency.

17.702 Presolicitation.

17.702-1 Policy.

The head of an agency, without power of delegation, and with statutory authority, may authorize contracting officers, in writing, to enter into or renew management and operating contracts. This authorization must comply with the agency's

statutory authority or 41 U.S.C. chapter 33, and the agency's regulations for such contracts. Every authorized contract must

state this authorization on its face.

17.702-2 Limitations.

(a) Management and operating contracts must not be authorized for?

(1) Functions involving direction, supervision, or control of Government personnel, except supervision related to

training;

(2) Functions involving the exercise of police or regulatory powers in the Government's name, other than guard or plant

protection services;

(3) Functions determining basic Government policies;

(4) Day-to-day staff or management functions of the agency or any of its elements; or

(5) Functions that can be better accomplished by the use or rental of Government property under subpart 45.3,

Authorizing the Use and Rental of Government Property.

(b) Since an authorization under 17.702-1 is considered sufficient proof of compliance with paragraph (a) above, nothing

in paragraph (a) affects the validity or legality of such an authorization.

(c) For use of project labor agreements, see part 22.

17.703 Award, renewal, and extension.

(a) Effective performance under management and operating contracts typically requires high expertise levels and continuity in operations and personnel. Due to program requirements and the unusual or unique nature of work

performed

under these contracts, the Government often has limited ability to create competition or replace a contractor. Therefore, contracting officers must take extraordinary steps before award to ensure that?

- (1) The prospective contractor has sufficient technical and managerial capacity,
- (2) Organizational conflicts of interest are adequately addressed; and
- (3) The contract gives the Government broad and continuing rights to involve itself in technical and managerial decision making about performance, when necessary.

(b) The contracting officer must review each management and operating contract, following agency procedures, at appropriate intervals and at least once every 5 years.

- (1) The review should determine if meaningful improvement in performance or cost might reasonably be achieved.
- (2) Any extension or renewal of a management and operating contract must be authorized at a level within the agency

no lower than the level at which the original contract was authorized under 17.702-1.

(c) Replacing an incumbent contractor is usually based largely on expectations of meaningful improvement in performance or cost. When reviewing contractor performance, contracting officers should consider?

- (1) The incumbent contractor's overall performance, specifically including technical, administrative, and cost performance;
- (2) The potential impact of changing contractors on program needs, including safety, national defense, and mobilization considerations; and

17.7-1

17.703 FEDERAL ACQUISITION REGULATION

- (3) Whether qualified offerors are likely to compete for the contract.

17.7-2

SUBPART 17.8 - REVERSE AUCTIONS 17.802-1

Subpart 17.8 - Reverse Auctions

17.800 Scope of subpart.

This subpart prescribes policies and procedures for conducting reverse auctions and using reverse auction service providers.

17.801 Definitions.

As used in this subpart?

Government data means any information, document, media, or machine-readable material regardless of physical form or

characteristics, that is created or obtained by the Government in the course of official Government business.

Government-related data means any information, document, media, or machine-readable material regardless of physical

form or characteristics that is created or obtained by a contractor through the storage, processing, or communication of Government data. This does not include a contractor's business records (e.g., financial records, legal records, etc.) or data

such as operating procedures, software coding, or algorithms that are not uniquely applied to the Government data.

Reverse auction service provider means a commercial or Government entity that provides a means for conducting reverse

auctions when acquiring supplies or services to be used by the Government.

17.802 Presolicitation.

17.802-1 Policy.

(a) Reverse auctions may be appropriate when market research shows that?

- (1) A competitive marketplace exists for the supplies and/or services being acquired;
- (2) Multiple offerors can meet the agency's requirement; and
- (3) The nature of the supplies and/or services (such as clearly defined specifications or less complex requirements)

supports an iterative bidding process.

(b) The reverse auction process is used to obtain pricing for an acquisition. When using reverse auctions, contracting

officers must still follow the appropriate acquisition policies and procedures (such as those in parts 8, 13, 15 or 16).

(c) When acquiring reverse auction services from a commercial provider, agencies must?

- (1) Use competitive procedures, unless an exception applies;
- (2) Detail the provider's fee structure in the resulting contract or agreement; and
- (3) Make the contract or agreement details, including the fee structure, available to contracting officers to consider

when deciding whether to use that provider, as required by subpart 17.802-3.

(d) When acquiring reverse auction services, the contracting officer must ensure the solicitation and contract include?

- (1) Descriptions of Government data and Government-related data.
- (2) Data ownership, licensing, delivery, and disposition instructions for relevant types of Government data and Government-related data (such as DD Form 1423, Contract Data Requirements List, work statement task, line item).
- (3) Disposition instructions that must allow for data transition in commercially available or open and non-proprietary

format and for permanent records according to National Archives and Records Administration guidance.

(e) Contracting officers must only use reverse auction service providers that?

- (1) Do not claim or imply they can or will obtain a Government contract for auction participants;
- (2) Allow entities to register for free as potential offerors for Government reverse auctions on their platform;
- (3) Allow each entity, during registration, to sign a proprietary data protection agreement with the provider that does

not affect Government solicitation or contract terms;

- (4) Protect from unauthorized use or disclosure and do not release outside the Government?

(i) All contractor bid or proposal information and source selection information related to providing reverse auction services to the Government;

(ii) All information generated to support issuing a task order, delivery order, or order under a blanket purchase agreement; and

(iii) Information an offeror identifies as restricted from duplication, use, or disclosure for any purpose except evaluating the reverse auction participant's price or proposal;

- (5) Allow offerors to see the successive lowest price(s) offered in the auction without revealing offerors' identities;
- (6) At the close of each auction?

17.8-1

17.802-2 FEDERAL ACQUISITION REGULATION

(i) Provide the Government with the apparent successful offer, including information that separately identifies the

offeror's price and the price for each provider fee or charge in the total price; and

(ii) Provide the Government with all information and documentation received from offerors responding to the reverse auction;

(7) Do not participate as an offeror in any reverse auction they host for the Government. This prohibition includes

participation by any entity with which the provider has a relationship creating an actual or potential conflict of interest; and

(8) Assert no rights or license in the data gathered or generated during a reverse auction.

(f) Only a contracting officer may?

(1) Exclude an offeror from participating in an auction;

(2) Determine the awardee(s) of any reverse auction; or

(3) Determine that the offeror is a responsible prospective contractor (see part 9).

17.802-2 Applicability.

Reverse auction processes must not be used for?

(a) Design-build construction contracts (see part 36);

(b) Procurements for architect-engineer services subject to 40 U.S.C. chapter 11 (see part 36);

(c) Procurements using sealed bidding procedures (see part 14); or

(d) Acquisition of personal protective equipment, in accordance with Sections 813 and 814 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2017 (Pub. L. 114-328); Section 882 of the NDAA for FY 2018 (Pub. L. 115-91); and Section 880 of the John S. McCain NDAA for FY 2019 (Pub. L. 115-232, 41 U.S.C. 3701 note).

17.802-3 Reverse auction service provider.

When considering using a reverse auction service provider, the contracting officer must?

(a) Conduct market research of available sources of reverse auction services (such as existing agency contracts or agreements, commercial service providers, or Government service providers);

(b) Evaluate the fee structure for each reverse auction service provider; and

(c) Document in the contract file that using a reverse auction service provider is cost effective.

17.803 Evaluation and award.

(a) When conducting a reverse auction, the contracting officer must?

(1) Not reveal the identity of offeror(s) except for the awardee's identity after making an award from the auction;

(2) Allow offerors to continually revise their prices downward during the reverse auction until it closes; and

(3) Allow an offeror to withdraw an offer before the auction closes.

(b) When using reverse auction service providers, contracting officers must?

(1) Include contact information, including the contracting officer name and email address, in the synopsis and solicitation so offerors can contact the contracting officer directly with questions;

(2) Upon receiving a successful offer, verify that any provider fees or charges in the price match the provider's fee

structure; and

(3) Include in the contract file any information and/or documentation received by the reverse auction service provider

from offerors responding to the reverse auction.

(c) If only one offeror participates in an auction, the contracting officer may?

(1) Cancel the auction and document the contract file with evidence of single offeror participation; or

(2) Accept the offer, but only if the price is determined to be fair and reasonable.

17.804 Solicitation provision and contract clauses.

(a) Insert the provision at 52.217-10, Reverse Auction, in solicitations when using a reverse auction to award a contract or

blanket purchase agreement.

(b) Insert the clause at 52.217-11, Reverse Auction?Orders, in solicitations and contracts for a multiple-award contract or

blanket purchase agreement when a reverse auction may be used to place orders under the basic contract or blanket purchase agreement.

(c) Insert the clause at 52.217-12, Reverse Auction Services, in all solicitations and contracts for the purchase of reverse

auction services.

17.8-2

PART 18

PART 18 - EMERGENCY ACQUISITIONS 18.001

Status: Unknown

PART 18 - EMERGENCY ACQUISITIONS 18.001

18.000 Scope of part.

This part identifies acquisition flexibilities available for emergency acquisitions.

18.001 Emergency acquisitions.

(a) General flexibilities. Contracting officers should use the flexibilities included in the FAR to respond quickly for an emergency or urgent need. See the list of FAR flexibilities available at <https://acquisition.gov/emergency-procurement>.

(b) Micro-purchase threshold and simplified acquisition threshold. The definitions of micro-purchase threshold and simplified acquisition threshold at part 2 describe the circumstances and new thresholds to which they may be raised when, as

determined by the head of an executive agency, they are used to?

(1) Support a contingency operation;

(2) Help defend against or recover from cyber, nuclear, biological, chemical, or radiological attack against the United States;

(3) Support a request from the Secretary of State or the Administrator of the United States Agency for International Development to help provide international disaster assistance as described in 22 U.S.C. 2292 et seq.;

(4) Support response to an emergency or major disaster, or

(5) Support a humanitarian or peacekeeping operation using a contract to be awarded and performed, or purchase to be

made, outside the United States. The simplified acquisition threshold may be changed, but not the micro-purchase threshold.

(c) Simplified acquisition procedures for certain commercial products and services. See part 12 for increased thresholds

that may be used in acquiring commercial products or commercial services to support a contingency operation, or to help defend against or recover from cyber, nuclear, biological, chemical, or radiological attack; to support a request from

the Secretary of State or the Administrator of the United States Agency for International Development to help provide international disaster assistance; or to support response to an emergency or major disaster. The threshold for using simplified

acquisition procedures may also be raised when the acquisition is treated as a commercial product or commercial service in

accordance with paragraph (d) of this section.

(d) Commercial product or commercial service treatment. Contracting officers may treat any acquisition of supplies or

services as an acquisition of commercial products or commercial services if the head of the agency determines the acquisition

is to be used to help defend against or recover from cyber, nuclear, biological, chemical, or radiological attack. (See part 12.)

(e) Disaster or emergency assistance activities. Award preference will be given to local organizations, firms, and individuals when contracting for major disaster or emergency assistance activities when the President has made a declaration

under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122; 41 U.S.C. 1903).

Preference

may take the form of local area set-asides or an evaluation preference. (See subpart 26.2).

(f) Ocean transportation by U.S. flag vessels. In emergency situations, the provisions of the Cargo Preference Act of 1954

may be waived. (See part 47.)

19.001

19.000 Scope of part.

(a) This part implements the acquisition-related sections of the Small Business Act (15 U.S.C. 631, et seq.) and 41 U.S.C.

3104. It covers?

(1) The determination that a concern is eligible for participation in the programs identified in this part;

(2) The respective roles of executive agencies and the Small Business Administration (SBA) in implementing the

programs;

(3) Setting acquisitions aside for exclusive competitive participation by small business, 8(a) participants, HUBZone

small business concerns, service-disabled veteran-owned small business (SDVOSB) concerns eligible under the

SDVOSB

Program, and economically disadvantaged women-owned small business (EDWOSB) concerns and women-owned small

business (WOSB) concerns eligible under the WOSB Program;

(4) The certificate of competency program;

(5) The subcontracting assistance program;

(6) The 8(a) business development program (hereafter referred to as 8(a) Program), under which agencies contract

with the SBA for goods or services to be furnished under a subcontract by a small disadvantaged business concern;

(7) The use of a price evaluation preference for HUBZone small business concerns;

(8) Sole source awards to HUBZone small business concerns, service-disabled veteran-owned small business concerns,

and EDWOSB concerns and WOSB concerns eligible under the WOSB Program; and

(9) The use of reserves.

(b) (1) Unless otherwise specified in this part (see 19.109 and 19.204)?

(i) Contracting officers must apply this part in the United States and its outlying areas; and

(ii) Contracting officers may apply this part outside the United States and its outlying areas.

(2) Offerors that participate in any procurement under this part must meet the definition of "small business concern" at

2.101.**19.001 Definitions.**

As used in this part?

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the state of Alaska in accordance with the Alaska Native Claims Settlement Act

(43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria

at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and

partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

Commercial plan means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the

entire production of commercial products and performance of commercial services sold by either the entire company or a

portion thereof (e.g., division, plant, or product line).

Concern means any business entity organized for profit (even if its ownership is in the hands of a nonprofit entity) with a place of business located in the United States or its outlying areas and that makes a significant contribution to the U.S.

economy through payment of taxes and/or use of American products, material and/or labor, etc. "Concern" includes but is

not limited to an individual, partnership, corporation, joint venture, association, or cooperative. For more information, see 13

CFR 121.105.

Failure to make a good faith effort to comply with the subcontracting plan means willful or intentional failure to perform

in accordance with the requirements of the subcontracting plan, or willful or intentional action to frustrate the plan. Fair market price means a price based on reasonable costs under normal competitive conditions and not on lowest possible cost (see 19.205(c)).

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement

Act (43 U.S.C. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian

Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the

requirements of 25 U.S.C. 1452(e).

Individual subcontracting plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the

specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the

contract.

-1

19.101 FEDERAL ACQUISITION REGULATION

Industry means all concerns primarily engaged in similar lines of activity, as listed and described in the North American Industry Classification system (NAICS) manual.

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative

period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Master subcontracting plan means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a Government prime contractor or subcontractor calling for supplies and/or services required to perform the contract, contract

modification, or subcontract.

Subcontracting Plan Reporting (SPR) means the electronic subcontracting reporting system at SAM.gov for small business subcontracting program reporting.

Total contract dollars means the final anticipated dollar value, including the dollar value of all options.

Subpart 19.1 - Presolicitation

19.101 Small business goals.

(a) It is the Government's policy to provide maximum practicable opportunities in its acquisitions to small business and

other small business socioeconomic categories (i.e. veteran-owned small business, service-disabled veteran-owned small

business, HUBZone small business, small disadvantaged business, and women-owned small business concerns). Heads of

contracting activities are responsible for achieving goals for small business and those other socioeconomic categories (15

U.S.C. 644(g)).

(1) Agencies must measure the extent of participation by small business and other small business socioeconomic

categories in Government acquisitions in terms of the total value of contracts placed during each fiscal year. Agencies must

report this data to the Small Business Administration (SBA) at the end of each fiscal year (see 4.301).

(2) (i) SBA certifies offerors as veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, and women-owned small business concerns under the WOSB Program. SBA certifications can

be found in the Small Business Search (SBS) website. To be eligible as a small business concern or small disadvantaged

business concern, an offeror is required to represent in good faith that it meets the definition of those respective terms.

(ii) (A) Insert the provision at 52.219-1, Small Business Program Representations, in solicitations exceeding the micro-purchase threshold when the contract is for supplies to be delivered or services to be performed in the United States or

its outlying areas, or when the contracting officer has applied this part in accordance with 19.000(b)(1)(ii).

(B) Use the provision with its Alternate II in solicitations that will result in a multiple-award contract with more

than one NAICS code assigned. This is authorized for solicitations issued after October 1, 2028 (see 19.103(b)(2)).

(iii) (A) Insert the clause at 52.219-28, Postaward Small Business Program Rerepresentation, in solicitations and contracts exceeding the micro-purchase threshold when the contract is for supplies to be delivered or services to be performed

in the United States or its outlying areas, or when the contracting officer has applied this part in accordance with 19.000(b)(1)

(ii).

(B) Use the clause with its Alternate I in solicitations and the resulting multiple-award contracts with more than

one NAICS code. This is authorized for solicitations issued after October 1, 2028 (see 19.103(b)(2)).

(b) Contracting officers can use various acquisition strategies to further the policy and achieve the goals referenced in

paragraph (a). As summarized below, some are discretionary, but others are mandatory for certain acquisitions.

(1) Contracting officers must plan acquisitions (i.e. contracts) so that, if practicable, more than one small business

concern may perform the work, if the work exceeds the amount for which a surety may be guaranteed by SBA against loss

under 15 U.S.C. 694b (see definition of "applicable statutory limit" at 13 CFR 115.10).

(2) Contracting officers must, to the extent practicable, encourage maximum participation by small business concerns

in acquisitions. They can do this by publicizing solicitations and contract awards through the Governmentwide point of entry

(see subparts 5.2 and 5.3).

(3) Contracting officers must set aside contracts valued at more than the micro-purchase threshold for small businesses

in certain circumstances. See 19.104.

(4) Contracting officers may set aside or sole source contracts under the HUBZone Program. See 19.105.

(5) Contracting officers may set aside or sole source contracts under the SDVOSB Program. See 19.106.

19.1-2

SUBPART 19.1 - PRESOLICITATION 19.102

(6) Contracting officers may set aside or sole source contracts under the WOSB Program. See 19.107.

(7) Contracting officers may set aside or sole source contracts under the 8(a) Program. See 19.108.

(8) Contracting officers may set aside task orders or delivery orders. See 19.111-2.

(9) Contracting officers must require a small business subcontracting plan in certain acquisitions. See 19.109 and

19.302-1.

(10) Contracting officers must use a HUBZone price evaluation preference in full and open competitions. See 19.110.

(11) Contracting officers may use reserves on multiple-award contracts for any of the small business concerns identified

in 19.000(a)(3). See 19.112.

(c) In certain instances, contracting officers must award to the small business when there are equal low bids from a small

and other than small business. See 19.203.

(d) When an apparent successful small business offeror has been determined to be nonresponsible, contracting officers

must refer the business to SBA for a certificate of competency. A certificate of competency would allow award to be made to

that small business offeror. See 19.204.

19.102 Coordination.

(a) SBA helps contracting personnel ensure their agency meets their small business goals. The Director of the Office

of Small and Disadvantaged Business Utilization (OSDBU), or for the Department of Defense, the Director of the Office of Small Business Programs (OSBP) serves as the agency focal point for interfacing with SBA. In certain instances, coordinating with SBA, the Director of the OSDBU, or the Director of OSBP is required.

(b) (1) The SBA may assign one or more procurement center representatives (PCRs) to any contracting activity or contract administration office to carry out SBA policies and programs. Assigned SBA PCRs are required to comply with the

contracting agency's directives governing the conduct of contracting personnel and the release of contract information. The

SBA must obtain for its PCRs security clearances required by the contracting agency.

(2) If an SBA PCR is not assigned to the procuring activity or contract administration office, contact the SBA Office of Government Contracting Area Office serving the area in which the procuring activity is located for assistance in

carrying out SBA policies and programs. See <https://www.sba.gov/federal-contracting/counseling-help/procurement-center-representative-directory> for the location of the SBA office servicing the activity.

(c) Upon their request and subject to applicable acquisition and security regulations, contracting officers must give SBA

PCRs (or, if a PCR is not assigned, see paragraph (b) of this section) access to all reasonably obtainable contract information

that is directly pertinent to their official duties.

(d) The duties assigned by SBA to its PCR are set forth at 13 CFR 125.2(b) and include but are not limited to reviewing

proposed acquisitions to recommend the set-aside or sole-source award to a small business of selected acquisitions.

(e) (1) Contracting officers must provide a copy of the proposed acquisition package and other reasonably obtainable

information related to the acquisition to the SBA procurement center representative at least 30 days before the solicitation is

issued if?

(i) The proposed acquisition is for supplies or services that a small business currently provides, and the proposed acquisition is of a quantity or estimated dollar value that makes it unlikely that small businesses can compete for the prime

contract;

(ii) The proposed acquisition is for construction and seeks to package or consolidate discrete construction projects, and the magnitude of this packaging or consolidation makes it unlikely that small businesses can compete for the prime contract; or

(iii) The proposed acquisition is for a consolidated or bundled requirement. The contracting officer must provide all information to justify the consolidation or bundling. The contracting officer must also provide the same information to the agency OSDBU or for the Department of Defense, the OSBP.

(2) For acquisitions described in paragraph (e)(1) of this section, provide a statement explaining why the?

(i) Proposed acquisition cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement;

(ii) Delivery schedules cannot be established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government;

(iii) Proposed acquisition cannot be structured to make it likely that small businesses can compete for the prime contract;

(iv) Consolidated construction project cannot be acquired as separate discrete projects; or

(v) Bundling is necessary and justified.

19.1-3

19.103 FEDERAL ACQUISITION REGULATION

(3) Process the 30-day notification at the same time as other processing steps required before issuing the solicitation.

(4) If the SBA PCR believes that the acquisition as proposed makes it unlikely that small businesses can compete for

the prime contract, the representative will recommend any alternate contracting method that the representative reasonably

believes will increase small business prime contracting opportunities. The representative has 15 days after receiving the

package to make the recommendation to the contracting officer.

(f) If the contracting officer rejects a recommendation of the SBA PCR (or, if a procurement center representative is not

assigned, see paragraph (b) of this section), written notice must be furnished to the appropriate SBA representative

within 5

working days of the contracting officer's receipt of the recommendation.

(1) The SBA PCR (or, if a PCR is not assigned, see paragraph (b) of this section) may appeal the contracting officer's

rejection to the head of the contracting activity within 2 working days after receiving the notice. The head of the contracting

activity shall render a decision in writing, and provide it to the SBA representative within 7 working days. Pending issuance

of a decision to the SBA representative, the contracting officer must suspend action on the acquisition.

(2) If the head of the contracting activity agrees that the contracting officer's rejection was appropriate?

(i) Within 2 working days, the SBA PCR (or, if a PCR is not assigned, see paragraph (b) of this section) may request

the contracting officer to suspend action on the acquisition until the SBA Administrator appeals to the agency head (see paragraph (f)(5) of this section); and

(ii) The SBA must be allowed 15 working days after making such a written request, within which the Administrator of SBA?

(A) May appeal to the Secretary of the Department concerned; and

(B) Must notify the contracting officer whether the further appeal has, in fact, been taken. If notification is not

received by the contracting officer within the 15-day period, it is deemed that the SBA request to suspend the contract action

has been withdrawn and that an appeal to the Secretary was not taken.

(3) When the contracting officer has been notified within the 15-day period that the SBA has appealed to the agency

head, the head of the contracting activity (or designee) must forward justification for its decision to the agency head. The

contracting officer must suspend contract action until notification is received that the SBA appeal has been settled.

(4) The agency head must reply to the SBA within 30 working days after receiving the appeal. The decision of the

agency head shall be final.

(5) A request to suspend action on an acquisition need not be honored if the contracting officer determines that proceeding to contract award and performance is in the public interest. The contracting officer must include in the contract file a statement of the facts justifying the determination, and must promptly notify the SBA representative of the determination and provide a copy of the justification.

(g) Contracting officers must consider the recommendations of the agency Director of the OSDDBU or for the Department

of Defense, the Director of the OSBP as to whether a particular contract should be set aside (see 19.104). Agencies must

establish procedures including dollar thresholds for the Director to review acquisitions to make these recommendations. The

contracting officer must document in the contract file whenever the Director's recommendations are not accepted.

19.103 Small business size standards.

(a) Locating size standards and North American Industry Classification System codes. (1) SBA establishes small business

size standards on an industry-by-industry basis. Small business size standards and corresponding North American

Industry

Classification System (NAICS) codes are provided at 13 CFR 121.201. They are also available at <https://www.sba.gov/document/support-table-size-standards>.

(2) NAICS codes are updated by the Office of Management and Budget through its Economic Classification Policy

Committee every five years. New NAICS codes are not available for use in Federal contracting until SBA publishes corresponding size standards. NAICS codes are available from the U.S. Census Bureau at <https://www.census.gov/naics/>.

(3) SBA determines the size status of a concern, including its affiliates, as of the date the concern represents that it is

small to the contracting officer as part of its initial offer, which includes price.

(4) When an agency uses a solicitation for a multiple-award contract that does not require offers for the contract to

include price, SBA determines size as of the date of initial offer for the multiple-award contract, whether or not the offer includes price or the price is evaluated. (See 13 CFR 121.404(a)(1)(iv)).

(b) Determining the appropriate NAICS codes for the solicitation. (1) Unless required to do otherwise by paragraph (b)(2)

(ii)(B) of this section, contracting officers must assign one NAICS code and corresponding size standard to all solicitations,

contracts, and task or delivery orders. The contracting officer must determine the appropriate NAICS code by classifying the

19.1-4

SUBPART 19.1 - PRESOLICITATION 19.104-1

product or service being acquired in the one industry that best describes the principal purpose of the supply or service being acquired.

(2) (i) For solicitations issued on or before October 1, 2028, that will result in multiple-award contracts, the contracting

officer must assign a NAICS code in accordance with paragraph (b)(1) of this section.

(ii) For solicitations issued after October 1, 2028, that will result in multiple-award contracts, the contracting officer must?

(A) Assign a single NAICS code (and corresponding size standard) that best describes the principal purpose of

both the acquisition and each subsequent order; or

(B) Divide the acquisition into distinct portions or categories (e.g., line item numbers, Special Item Numbers,

sectors, functional areas, or equivalent) and assign each portion or category a single NAICS code and size standard that best

describes the principal purpose of the supplies or services to be acquired under that distinct portion or category.

(3) The contracting officer's designation is final unless appealed in accordance with the procedures in paragraph (d) of

this section.

(c) Application of small business size standards to solicitations. (1) The contracting officer must apply the size standard in

effect on the date the solicitation is issued.

- (2) The contracting officer may amend the solicitation and use the new size standard if SBA amends the size standard

and it becomes effective before the due date for receipt of initial offers.

(d) Appealing the contracting officer's North American Industry Classification System code and size standard determination. The contracting officer's determination is final unless appealed as follows:

- (1) An appeal of a contracting officer's NAICS code designation and the applicable size standard must be served and

filed within 10 calendar days after the issuance of the initial solicitation or any amendment affecting the NAICS code or size

standard. However, SBA may file a NAICS code appeal at any time before offers are due.

- (2) Appeals of a contracting officer's NAICS code designation or applicable size standard may be filed with SBA's

Office of Hearings and Appeals (OHA) by?

(i) Any person adversely affected by a NAICS code designation or applicable size standard. However, with respect to a particular sole source 8(a) contract, only the SBA Associate Administrator for Business Development may appeal a NAICS code designation; or

- (ii) The Associate or Assistant Director for the SBA program involved, through SBA's Office of General Counsel.

(3) Contracting officers must advise the public, by amendment to the solicitation, of the existence of a NAICS code appeal (see part 5). Such notices must include the procedures and the deadline for interested parties to file and serve

arguments concerning the appeal.

- (4) SBA's OHA will dismiss summarily an untimely NAICS code appeal.

- (5) NAICS code appeals are filed in accordance with 13 CFR 121.1103.

- (6) Upon receipt of a NAICS code appeal, OHA will notify the contracting officer by a notice and order of the date

OHA received the appeal, the docket number, and the Administrative Judge assigned to the case. The contracting officer's

response to the appeal, if any, must include argument and evidence (see 13 CFR part 134), and must be received by OHA

within 15 calendar days from the date of the docketing notice and order, unless otherwise specified by the Administrative

Judge. Upon receipt of OHA's docketing notice and order, the contracting officer must withhold award, unless withholding

award is not in the best interests of the Government, and immediately send to OHA an electronic link to or a paper copy of

both the original solicitation and all amendments relating to the NAICS code appeal. The contracting officer must inform OHA of any amendments, actions, or developments concerning the procurement in question.

- (7) After close of record, OHA will issue a decision and inform the contracting officer. If OHA's decision is received

by the contracting officer before the date the offers are due, the decision shall be final and the solicitation must be amended

to reflect the decision, if appropriate. OHA's decision received after the due date of the initial offers shall not apply to the

pending solicitation but shall apply to future solicitations of the same products or services.

(e) For procedures related to determining size prior to award, see FAR 19.201.

19.104 Small business set-asides

19.104-1 Total small business set-asides.

(a) A "set-aside for small business" is the limiting of an acquisition exclusively for participation by small business concerns. For contracts above the micro-purchase threshold, the contracting officer must set the contract aside for small business if there is a reasonable expectation of obtaining offers?

19.1-5

19.104-2 FEDERAL ACQUISITION REGULATION

- (1) From two or more responsible small business concerns; and
- (2) That are competitive in terms of fair market prices, quality, and delivery.

(b) (1) The contracting officer makes the determination to do a small business set-aside under paragraph (a). The contracting officer must document the reason when a contract is not set aside for small business as required.

(2) If the contracting officer rejects a recommendation by SBA to do a small business set-aside, see 19.102(f).

(c) The requirement in paragraph (a) of this section does not apply to purchases at or below the micro-purchase threshold

or purchases from required sources under part 8 (e.g., Committee for Purchase From People Who are Blind or Severely Disabled).

(d) When using competitive procedures in accordance with 8.304(b)(1), agencies must include Federal Prison Industries,

Inc. (FPI), in the solicitation process for a small business set-aside and consider a timely offer from FPI.

(e) The requirements of paragraph (a) do not preclude the contracting officer from awarding a contract to a small business

under the HUBZone Program, SDVOSB Program, WOSB Program, or 8(a) Program. See FAR 19.105 through 19.108.

(f) (1) Any concern, including a supplier, that is awarded a contract or order subject to the nonmanufacturer rule, other

than a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or

produce (i.e., a "nonmanufacturer?"), is required to provide an end item that a small business has manufactured, processed, or

produced in the United States or its outlying areas.

(2) When the end item being acquired is a kit of supplies the offeror may not exceed 500 employees, or 150 employees

for information technology value-added resellers under NAICS code 541519.

(3) (i) The SBA may grant an individual or a class waiver to the nonmanufacturer rule to allow a nonmanufacturer to

provide an end item of an other than small business without regard to the place of manufacture, processing, or production.

(A) Class waiver. An agency may request that SBA waive the requirement at paragraph (f)(1) or (f)(2) of this

section for a specific product or class of products. See 13 CFR 121.1202 for an explanation of when SBA will issue a class

waiver.

(B) Individual waiver. The contracting officer may also request a waiver of the requirements at paragraph (f)(1)

or (f)(2) of this section for an individual acquisition once the contracting officer determines through market research that no known small business manufacturers, processors, or producers in the United States or its outlying areas can reasonably

be expected to offer an end item meeting the requirements of the solicitation. This type of waiver is known as an individual

waiver and would apply only to a specific acquisition.

(ii) Requests for waivers must include the content specified at 13 CFR 121.1204 and must be sent via email to nmrwaivers@sba.gov or by mail to the Director, Office of Government Contracting, Small Business Administration, 409 Third Street SW, Washington, DC 20416.

(iii) For the most current listing of class waivers, contact the SBA Office of Government Contracting or go to <https://www.sba.gov/document/support-non-manufacturer-rule-class-waiver-list>.

(iv) The contracting officer must provide potential offerors with written notification of any class or individual waiver in the solicitation. If providing the notification after solicitation issuance, the contracting officer must provide potential offerors a reasonable amount of additional time to respond to the solicitation.

(4) (i) If at least 50 percent of the estimated contract value is composed of items that are manufactured, processed, or

produced by small business concerns, then a waiver of the nonmanufacturer rule is not required. There is no requirement that

each item acquired in a multiple-item acquisition be manufactured, processed, or produced by a small business in the United

States or its outlying areas.

(ii) If more than 50 percent of the estimated acquisition cost is composed of items manufactured, processed, or produced by other than small business concerns, then a waiver is required. SBA may grant an individual waiver for one or more items in an acquisition in order to ensure that at least 50 percent of the cost of the items to be supplied by the nonmanufacturer comes from small business manufacturers, processors, and producers in the United States or its outlying areas or are subject to a waiver.

(iii) If a small business offeror is both a manufacturer of item(s) and a nonmanufacturer of other item(s) for an acquisition, the contracting officer must apply the manufacturer size standard.

(g) For evaluation requirements related to set-asides, see FAR 19.205.

19.104-2 Partial small business set-asides.

(a) Contracting officers may, at their discretion, set aside a portion or portions of an acquisition, except for construction,

for any of the small business concerns identified at 19.000(a)(3) when?

(1) Market research indicates that a total set-aside is not appropriate (see 19.104-1);

19.1-6

SUBPART 19.1 - PRESOLICITATION 19.105-1

(2) The requirement can be divided into distinct portions;

(3) The acquisition is not subject to simplified acquisition procedures;

(4) Two or more responsible small business concerns are reasonably expected to submit an offer on the set-aside

portion or portions of the acquisition that are competitive in terms of fair market prices, quality, and delivery; and

(5) The specific program eligibility requirements identified in this part apply.

(b) When the contracting officer determines that a requirement is to be partially set aside, the solicitation must identify

which portion or portions are set aside and not set aside.

(c) The contracting officer must specify in the solicitation how offers must be submitted with regard to the set-aside and

non-set-aside portions.

(d) Offers received from concerns that do not qualify as small business concerns shall be considered nonresponsive and

must be rejected on the set-aside portion of partial set-asides. However, before rejecting an offer otherwise eligible for award

because of questions concerning the size representation, an SBA determination must be obtained (see 19.201).

(e) For evaluation requirements related to partial set-asides, see FAR 19.205.

19.104-3 Small business set-aside clauses.

(a) The contracting officer must insert the clause at 52.219-6, Notice of Total Small Business Set-Aside, in solicitations

involving total small business set-asides. This includes multiple-award contracts when orders may be set aside for any of the

small business concerns identified in 19.000(a)(3), as described in parts 8 and 16. Use the provision with its Alternate I when

including FPI in the competition in accordance with 19.104-1(d).

(b) The contracting officer must insert the clause at 52.219-7, Notice of Partial Small Business Set-Aside, in solicitations

and contracts involving partial small business set-asides. This includes part or parts of multiple-award contracts. Use the

clause at 52.219-7 with its Alternate I when including FPI in the competition in accordance with 19.104-1(d).

(c) The contracting officer must insert the clause at 52.219-14, Limitations on Subcontracting, in solicitations and contracts?

(1) For supplies, services, and construction, if any portion of the requirement is to be set aside for small business and

the contract amount is expected to exceed the simplified acquisition threshold, and in any solicitations and contracts that are

set aside or awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108, regardless of

dollar value. This includes multiple-award contracts when orders may be set aside for small business concerns, as described

in subpart 8.4 and subpart 16.5. For contracts that are set aside, the contracting officer must indicate in paragraph (f) of the

clause whether compliance with the limitations on subcontracting is required at the contract or order level;

(2) Using the HUBZone price evaluation preference (see 19.110). However, if the prospective contractor waived the

use of the preference, or is an other than small business, do not insert the clause in the resultant contract.

(d) The contracting officer must insert the clause at 52.219-13, Notice of Set-Aside of Orders, in all solicitations for multiple-award contracts under which orders may be set aside for any of the small business concerns identified in 19.000(a)

(3), and all contracts awarded from such solicitations.

(e) (1) The contracting officer must insert the clause at 52.219-33, Nonmanufacturer Rule, in solicitations and contracts,

including multiple-award contracts, when orders may be set aside for small business concerns as described in subpart 8.4 and

subpart 16.5, when?

(i) the item being acquired has been assigned a manufacturing or supply NAICS code, and?

(ii) (A) Any portion of the requirement is to be?

(1) Set aside for small business and is expected to exceed the simplified acquisition threshold; or

(2) Set aside or awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and

19.108, regardless of dollar value; or

(B) Using the HUBZone price evaluation preference (see 19.110). However, if the prospective contractor waived

the use of the price evaluation preference, or is an other than small business, do not insert the clause in the resultant contract.

(2) The contracting officer must not insert the clause at 52.219-33 when the Small Business Administration has waived

the nonmanufacturer rule (see 19.104-1(f)(3)).

19.105 Historically Underutilized Business Zone (HUBZone) Program.

19.105-1 Status as a HUBZone small business concern.

(a) Status as a HUBZone small business concern is determined by the Small Business Administration (SBA) in accordance

with 13 CFR part 126. If SBA determines that a concern is a HUBZone small business, it will designate the concern as a

19.1-7

19.105-2 FEDERAL ACQUISITION REGULATION

HUBZone small business in the Small Business Search (SBS) at <https://search.certifications.sba.gov/>. SBA's designation also

appears in the System for Award Management (SAM).

(b) For a HUBZone small business concern that seeks a HUBZone set-aside or sole-source contract, the contracting officer

must verify that the offeror is designated in SBS or SAM as a HUBZone small business concern certified by SBA.

(c) A joint venture may be considered a HUBZone small business concern if?

(1) The joint venture qualifies as small under 19.201-1(b)(1);

(2) At least one party to the joint venture is a HUBZone small business concern; and

(3) The joint venture complies with 13 CFR 126.616(a) through (c).

(d) To be eligible for a HUBZone contract under this section, a HUBZone small business concern must be a HUBZone

small business concern at the time of its initial offer.

19.105-2 Set-aside procedures.

(a) The contracting officer?

(1) May set aside contracts exceeding the micro-purchase threshold for competition restricted to HUBZone small

business concerns when the requirements of paragraph (b) of this section can be satisfied; and

(2) Must consider HUBZone set-asides before considering HUBZone sole-source awards (see 19.105-3).

(b) To set aside an acquisition for competition restricted to HUBZone small business concerns, the contracting officer must

have a reasonable expectation that?

(1) Offers will be received from two or more HUBZone small business concerns; and

(2) Award will be made at a fair market price.

(c) If the contracting officer receives only one acceptable offer from a HUBZone small business concern in response to a

set aside, the contracting officer should make an award to that concern. If the contracting officer receives no acceptable offers

from HUBZone small business concerns, the HUBZone set-aside must be withdrawn and the requirement, if still valid, set

aside for small business concerns, as appropriate (see 19.104).

(d) The procedures at 19.102(f) apply to this section if the contracting officer decides to reject a recommendation of the

SBA procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) to set aside

a contract for competition restricted to HUBZone small business concerns.

19.105-3 Sole source awards.

(a) A contracting officer may consider a contract award to a HUBZone small business concern on a sole-source basis (see

6.103-5(c)(1)) provided?

(1) The contracting officer does not have a reasonable expectation that offers would be received from two or more

HUBZone small business concerns;

(2) The anticipated price of the contract, including options, will not exceed?

(i) \$8.5 million for a requirement within the North American Industry Classification System (NAICS) codes for manufacturing; or

(ii) \$5.5 million for a requirement within all other NAICS codes;

(3) The HUBZone small business concern has been determined to be a responsible contractor with respect to performance; and

(4) Award can be made at a fair and reasonable price.

(b) The SBA has the right to appeal the contracting officer's decision not to make a HUBZone sole-source award (see 13

CFR 126.610).

19.105-4 Contract clauses.

(a) The contracting officer must insert the clause at 52.219-3, Notice of HUBZone Set-Aside or Sole-Source Award, in

solicitations and contracts for acquisitions that are set aside or awarded on a sole-source basis to, HUBZone small business

concerns under 19.105-2 or 19.105-3. This includes multiple-award contracts when orders may be set aside for HUBZone

small business concerns as described in subpart 8.4 and subpart 16.5.

(b) For use of clause 52.219-14, Limitations on Subcontracting, see the prescription at 19.104-3(c).

(c) For use of clause 52.219-33, Nonmanufacturer Rule, see the prescription at 19.104-3(e).

19.1-8

SUBPART 19.1 - PRESOLICITATION 19.106-4

19.106 Service-Disabled Veteran-Owned Small Business (SDVOSB) Program.

19.106-1 Status as a SDVOSB concern.

(a) Status as an SDVOSB concern is determined by SBA in accordance with 13 CFR part 128.

(b) For an SDVOSB concern that seeks an SDVOSB set-aside or sole-source contract, the contracting officer must verify

that the offeror is designated in the System for Award Management (SAM) as an SDVOSB concern certified by SBA.

(c) A joint venture may be considered an SDVOSB concern eligible under the SDVOSB Program if?

(1) The joint venture qualifies as small under 19.201-1(b)(1);

(2) The managing SDVOSB joint venture partner is designated in SAM as an SDVOSB concern certified by SBA; and

(3) The joint venture complies with the requirements of 13 CFR 128.402.

19.106-2 Set-aside procedures.

(a) The contracting officer?

(1) May set-aside contracts exceeding the micro-purchase threshold for competition restricted to SDVOSB concerns

when the requirements of paragraph (b) of this section can be satisfied; and

(2) Must consider SDVOSB set-asides before considering SDVOSB sole source awards (see 19.106-3).

(b) A contracting officer may restrict competition to SDVOSB concerns eligible under the SDVOSB Program if there is a

reasonable expectation based on market research that?

(1) Two or more SDVOSB concerns eligible under the SDVOSB Program will submit offers; and

(2) Award will be made at a fair market price.

(c) If the contracting officer receives only one acceptable offer from an SDVOSB concern eligible under the SDVOSB

Program in response to a set-aside, the contracting officer should make an award to that concern. If the contracting officer

receives no acceptable offers from SDVOSB concerns eligible under the SDVOSB Program, the SDVOSB set-aside must be

withdrawn and the requirement, if still valid, set aside for small business concerns, as appropriate (see 19.104).

(d) The procedures at 19.102(f) apply to this section if the contracting officer decides to reject a recommendation of the

SBA procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) to set aside

a contract for competition restricted to SDVOSB concerns.

19.106-3 Sole source awards.

(a) A contracting officer may consider a contract award to a SDVOSB concern on a sole source basis (see 6.103-5(c)(1)),

provided?

(1) The contracting officer does not have a reasonable expectation that offers would be received from two or more

SDVOSB concerns;

- (2) The anticipated award price of the contract, including options, will not exceed?
 - (i) \$8.5 million for a requirement within the NAICS codes for manufacturing; or
 - (ii) \$5 million for a requirement within any other NAICS code;
- (3) The SDVOSB concern has been determined to be a responsible contractor with respect to performance; and
- (4) Award can be made at a fair and reasonable price.
- (b) The SBA has the right to appeal the contracting officer's decision not to make an SDVOSB sole-source award (see 13

CFR 128.407).

19.106-4 Contract clauses.

- (a) The contracting officer must insert the clause at 52.219-27, Notice of Set-Aside for, or Sole-Source Award to, Service-Disabled Veteran-Owned Small Business (SDVOSB) Concerns Eligible Under the SDVOSB Program, in solicitations and contracts for acquisitions that are set aside or awarded on a sole-source basis to, service-disabled veteran-owned small business concerns under 19.106-2 and 19.106-3. This includes multiple-award contracts when orders may be set aside for service-disabled veteran-owned small business concerns as described in subpart 8.4 and subpart 16.5.
- (b) For use of clause 52.219-14, Limitations on Subcontracting, see the prescription at 19.104-3(c).
- (c) For use of clause 52.219-33, Nonmanufacturer Rule, see the prescription at 19.104-3(e).

19.1-9

19.107 FEDERAL ACQUISITION REGULATION

19.107 Women-Owned Small Business (WOSB) Program.

19.107-1 Status under the WOSB Program.

- (a) Status as an economically disadvantaged women-owned small business (EDWOSB) concern or WOSB concern eligible under the WOSB Program is determined by the Small Business Administration in accordance with 13 CFR part 127.

- (b) For a WOSB that seeks a WOSB or EDWOSB set-aside or sole-source contract, the contracting officer must verify prior to award that the offeror is designated as a certified EDWOSB or WOSB concern in the System for Award Management

(SAM).

- (c) A joint venture may be considered an EDWOSB concern or WOSB concern eligible under the WOSB Program if the EDWOSB or WOSB participant is certified in SAM and the joint venture meets the requirements of 13 CFR 127.506.

19.107-2 Set-aside procedures.

- (a) The contracting officer?
 - (1) May set aside contracts exceeding the micro-purchase threshold for competition restricted to EDWOSB concerns when the acquisition is assigned a NAICS code in which SBA has determined that WOSB concerns are underrepresented in Federal procurement; or
 - (2) May set aside contracts exceeding the micro-purchase threshold for competition restricted to WOSB

concerns

eligible under the WOSB Program when the acquisition is assigned a NAICS code in which SBA has determined that WOSB

concerns are substantially underrepresented in Federal procurement, as specified on SBA's website at <http://www.sba.gov/>

WOSB .

(b) For requirements in NAICS codes designated by SBA as underrepresented, a contracting officer may restrict competition to EDWOSB concerns if the contracting officer has a reasonable expectation based on market research that?

- (1) Two or more EDWOSB concerns will submit offers for the contract; and
- (2) Contract award will be made at a fair and reasonable price.

(c) For requirements in NAICS codes designated by SBA as substantially underrepresented, a contracting officer may restrict competition to WOSB concerns eligible under the WOSB Program (including EDWOSB concerns) if there is a reasonable expectation based on market research that?

- (1) Two or more WOSB concerns eligible under the WOSB Program (including EDWOSB concerns), will submit offers; and
- (2) Contract award may be made at a fair and reasonable price.

(d) The contracting officer may make an award, if only one acceptable offer is received from a qualified EDWOSB concern or WOSB concern eligible under the WOSB Program. If no acceptable offers are received from an EDWOSB concern or WOSB concern eligible under the WOSB Program, the set-aside must be withdrawn and the requirement, if still valid, set aside for small business, as appropriate (see subpart 19.104).

(e) The procedures at 19.102(f) apply to this section if the contracting officer decides to reject a recommendation of the SBA procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) to set aside a contract for competition restricted to EDWOSB concerns or WOSB concerns eligible under the WOSB Program.

19.107-3 Sole source awards.

(a) A contracting officer may consider a contract award to an EDWOSB concern on a sole-source basis (see 6.103-5(c)(1)) provided?

- (1) The acquisition is assigned a NAICS code in which SBA has determined that WOSB concerns are underrepresented in Federal procurement;
- (2) The contracting officer does not have a reasonable expectation that offers would be received from two or more EDWOSB concerns; and
- (3) The conditions in paragraph (c) of this section exist.

(b) A contracting officer may consider a contract award to a WOSB concern (including EDWOSB concerns) eligible under the WOSB Program on a sole-source basis (see 6.103-5(c)(1)) provided?

- (1) The acquisition is assigned a NAICS code in which SBA has determined that WOSB concerns are substantially

underrepresented in Federal procurement;

- (2) The contracting officer does not have a reasonable expectation that offers would be received from two or more

WOSB concerns (including EDWOSB concerns); and

- (3) The conditions in paragraph (c) of this section exist.

19.1-10

SUBPART 19.1 - PRESOLICITATION 19.108-3

- (c) (1) The anticipated award price of the contract, including options, will not exceed?

- (i) \$8.5 million for a requirement within the NAICS codes for manufacturing; or

- (ii) \$5.5 million for a requirement within any other NAICS codes.

- (2) The EDWOSB concern or WOSB concern has been determined to be a responsible contractor with respect to

performance.

- (3) The award can be made at a fair and reasonable price.

- (d) The SBA has the right to appeal the contracting officer's decision not to make a sole-source award to either an EDWOSB concern or WOSB concern eligible under the WOSB program.

19.107-4 Contract clauses.

- (a) The contracting officer must insert the clause at 52.219-29, Notice of Set-Aside for, or Sole-Source Award to, Economically Disadvantaged Women-owned Small Business Concerns, in solicitations and contracts for acquisitions that are

set aside or awarded on a sole-source basis to, EDWOSB concerns under 19.107-2(b) or 19.107-3(a). This includes multiple-

award contracts when orders may be set aside for EDWOSB concerns as described in subpart 8.4 and subpart 16.5.

- (b) The contracting officer must insert the clause at 52.219-30, Notice of Set-Aside for, or Sole-Source Award to, Women-

Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program, in solicitations and contracts

for acquisitions that are set aside or awarded on a sole-source basis to WOSB concerns under 19.107-2(c) or 19.107-3(b).

This includes multiple-award contracts when orders may be set aside for WOSB concerns eligible under the WOSB Program

as described in subpart 8.4 and subpart 16.5.

- (c) For use of clause 52.219-14, Limitations on Subcontracting, see the prescription at 19.104-3(c).

- (d) For use of clause 52.219-33, Nonmanufacturer Rule, see the prescription at 19.104-3(e).

19.108 Contracting With the Small Business Administration (the 8(a) Program)

19.108-1 General.

- (a) Section 8(a) of the Small Business Act (15 U.S.C. 637(a)) established a program that authorizes the Small Business

Administration (SBA) to enter into all types of contracts with other agencies and award subcontracts for performing those

contracts to firms eligible for program participation. This program is the 8(a) Business Development Program, commonly

referred to as the 8(a) program. A small business that is accepted into the 8(a) program is known as a participant. SBA's

subcontractors are referred to as 8(a) contractors. As used in this subpart, an 8(a) contractor is an 8(a) participant that is

currently performing on a Federal contract or order that was set aside for 8(a) participants.

(b) Contracts may be awarded to the SBA for performance by eligible 8(a) participants on either a sole source or competitive basis.

(c) Acting under the authority of the program, the SBA certifies to an agency that SBA is competent and responsible to perform a specific contract. The contracting officer has the discretion to award the contract to the SBA based upon mutually agreeable terms and conditions.

(d) When SBA has delegated its 8(a) program contract execution authority to an agency, the contracting officer must refer to its agency supplement or other policy directives for appropriate guidance.

19.108-2 Determining eligibility for the 8(a) program.

Determining the eligibility of a small business to be a participant in the 8(a) program is the responsibility of the SBA. SBA's regulations on eligibility requirements for participation in the 8(a) program are found at 13 CFR 124.101 through 124.112. SBA designates the concern as an 8(a) participant in the Small Business Search (SBS) at <https://search.certifications.sba.gov/>. SBA's designation also appears in the System for Award Management (SAM).

19.108-3 Selecting acquisitions for the 8(a) program.

Through their cooperative efforts, the SBA and an agency match the agency's requirements with the capabilities of 8(a) participants to establish a basis for the agency to contract with the SBA under the program. Selection is initiated in one of three ways:

(a) The SBA advises the contracting activity of an 8(a) participant's capabilities through a search letter and requests the contracting activity to identify acquisitions to support the participant's business plans. In these instances, the SBA will provide at a minimum the following information in order to enable the contracting activity to match an acquisition to the participant's capabilities:

19.1-11

19.108-4 FEDERAL ACQUISITION REGULATION

- (1) Identification of the participant and its owners.
- (2) Background information on the participant, including any and all information pertaining to the participant's technical ability and capacity to perform.
- (3) The participant's present production capacity and related facilities.
- (4) The extent to which contracting assistance is needed in the present and the future, described in terms that will

enable the agency to relate the participant's plans to present and future agency requirements.

(5) If construction is involved, the request must also include the following:

- (i) A participant's capabilities in and qualifications for accomplishing various categories of construction work typically found in North American Industrial Category System subsector 236 (construction of buildings), subsector 237 (heavy and civil engineering construction), or subsector 238 (specialty trade contractors).
- (ii) The participant's capacity in each construction category in terms of estimated dollar value (e.g., electrical, up to \$100,000).

(b) The SBA identifies a specific requirement for one or more 8(a) participant(s) and sends a requirements letter to the agency's OSDBU, or for the Department of Defense, OSBP, requesting the contracting office offer the acquisition to the 8(a)

program. In these instances, in addition to the information in paragraph (a) of this section, the SBA will provide?

(1) A clear identification of the acquisition sought; e.g., project name or number;

(2) A statement as to how the required equipment and real property will be provided in order to ensure that the participant will be fully capable of satisfying the agency's requirements;

(3) If construction, information as to the bonding capability of the participant(s); and

(4) Either?

(i) If a sole source request?

(A) The reasons why the participant is considered suitable for this particular acquisition; e.g., previous contracts

for the same or similar supply or service; and

(B) A statement that the participant is eligible in terms of its small business size status relative to the assigned

NAICS code, business support levels, and business activity targets; or

(ii) If competitive, a statement that at least two 8(a) participants are considered capable of satisfying the agency's requirements and a statement that the participants are also eligible in terms of their small business size status relative to the

assigned NAICS code, business support levels, and business activity targets. If requested by the contracting office, SBA will

identify at least two such participants and provide information concerning the participants' capabilities.

(c) Agencies may also review other proposed acquisitions for the purpose of identifying requirements which may be offered to the SBA. Where agencies independently, or through the self marketing efforts of an 8(a) participant, identify a requirement for the 8(a) program, they may offer on behalf of a specific 8(a) participant, for the 8(a) program in general, or

for 8(a) competition.

19.108-4 Evaluation, offering, and acceptance.

(a) Agency evaluation. In determining the extent to which a requirement should be offered in support of the 8(a) program,

the agency should evaluate?

(1) Current and future plans to acquire the specific items or work that 8(a) participants are seeking to provide, identified

in terms of?

(i) Estimated quantities of the supplies or services required or the estimated number of construction projects planned;

(ii) Length of contract, including option periods (see 19.303-1(d)); and

(iii) Performance or delivery requirements, including?

(A) Required monthly production rates, when applicable; and

(B) For construction, the geographical location where work is to be performed;

(2) The impact of any delay in delivery;

(3) Whether the items or work have previously been acquired using small business set-asides, and the date the items or

work were acquired;

(4) Problems encountered in previous acquisitions of the items or work from the 8(a) participants or other contractors;

and

(5) Any other pertinent information about known 8(a) participants, the items, or the work. This includes any information concerning the participants' products or capabilities. When necessary, the contracting agency must make an

19.1-12

SUBPART 19.1 - PRESOLICITATION 19.108-4

independent review of the factors in 19.108-3(a) and other aspects of the participants' capabilities which would ensure the

satisfactory performance of the requirement being considered for commitment to the 8(a) program.

(b) Agency offering.

(1) After completing its evaluation, the contracting office must notify the SBA of the extent of its plans to place 8(a) contracts with the SBA for specific quantities of items or work. The notification, referred to as an offering letter, must identify the time frames within which resulting 8(a) awards must be completed in order for the agency to meet its responsibilities. The offering letter must also contain the following information applicable to each prospective contract:

(i) A description of the work to be performed or items to be delivered, and a copy of the statement of work, if available.

(ii) The estimated period of performance.

(iii) The NAICS code that applies to the principal nature of the acquisition.

(iv) The anticipated dollar value of the requirement, including options, if any.

(v) Any special restrictions or geographical limitations on the requirement (for construction, include the location of the work to be performed).

(vi) Any special capabilities or disciplines needed for contract performance.

(vii) The type of contract anticipated. In accordance with 8.104, use of existing government-wide contracts is required in certain instances.

(viii) The acquisition history, if any, of the requirement, including the names and addresses of any small business contractors that have performed this requirement during the previous 24 months.

(ix) A statement that prior to the offering no solicitation for the specific acquisition has been issued as a small business, HUBZone, service-disabled veteran-owned small business set-aside, or a set-aside under the Women-Owned Small Business (WOSB) Program, and that no other public communication (such as a notice through the Governmentwide point of entry (GPE)) has been made showing the contracting agency's clear intention to set-aside the acquisition for small business, HUBZone small business, service-disabled veteran-owned small business concerns, or a set-aside under the WOSB Program.

(x) Identification of any particular 8(a) participant designated for consideration, including a brief justification, such as?

(A) The 8(a) participant, through its own efforts, marketed the requirement and caused it to be reserved for the

8(a) program; or

(B) The acquisition is a follow-on or renewal contract and the nominated 8(a) participant is the incumbent.

(xi) Bonding requirements, if applicable.

(xii) Identification of all 8(a) participants which have expressed an interest in being considered for the acquisition.

This should include a list of all 8(a) contract-holders on an existing government-wide contract that is planned to be used to

fill the requirement (see 8.104).

(xiii) Identification of all SBA field offices that have asked for the acquisition for the 8(a) program.

(xiv) A request, if appropriate, that a requirement with an estimated contract value under the applicable competitive threshold be awarded as an 8(a) competitive contract (see 19.108-7(d)). SBA has already authorized certain government-

wide contracts (e.g. Federal Supply Schedule) to allow competition amongst the 8(a) contract-holders at any dollar value. To

determine whether SBA has provided this authority for the contract planned to be used, refer to the ordering procedures for

that contract.

(xv) A request, if appropriate, that a requirement with a contract value over the applicable competitive threshold be awarded as a sole source contract (see 19.108-7(b)).

(xvi) Any other pertinent and reasonably available data.

(2) An agency offering a construction requirement for which no specific offeror is nominated should submit it to the

SBA District Office for the geographical area where the work is to be performed.

(3) An agency offering a construction requirement on behalf of a specific offeror should submit it to the SBA District

Office servicing that concern.

(4) Sole source requirements, other than construction, should be forwarded directly to the district office that services

the nominated 8(a) participant. If the contracting officer is not nominating a specific 8(a) participant, the offering letter should

be forwarded to the district office servicing the geographical area in which the contracting office is located.

(5) All requirements for 8(a) competition, other than construction, should be forwarded to the district office servicing

the geographical area in which the contracting office is located. All requirements for 8(a) construction competition should

be forwarded to the district office servicing the geographical area in which all or the major portion of the construction is to

19.1-13

19.108-5 FEDERAL ACQUISITION REGULATION

be performed. All requirements, including construction, must be synopsized through the GPE. For construction, the synopsis

must include the geographical area of the competition set forth in the SBA's acceptance letter.

(c) SBA acceptance.

(1) Upon receipt of the contracting office's offering letter, SBA will determine whether to accept the requirement for the

8(a) program. SBA's decision whether to accept the requirement will be transmitted to the contracting office in writing within

10 working days of receipt of the offer if the contract is likely to exceed the simplified acquisition threshold and within two

working days of receipt if the contract is at or below the simplified acquisition threshold. The contracting office may grant an

extension of these time periods, if requested by SBA.

(i) For acquisitions exceeding the simplified acquisition threshold, if SBA does not respond to an offering letter within ten working days, the contracting office may seek SBA's acceptance through the Associate Administrator for Business

Development. The contracting office may assume that SBA has accepted the requirement into the 8(a) program if it does

not receive a reply from the Associate Administrator for Business Development within five calendar days of receipt of the

contracting office's request.

(ii) For acquisitions not exceeding the simplified acquisition threshold, when the contracting office makes an offer to the 8(a) program on behalf of a specific 8(a) participant and does not receive a reply to its offering letter within two working

days, the contracting office may assume the offer is accepted and proceed with award of an 8(a) contract.

(2) As part of the acceptance process, SBA will review the appropriateness of the NAICS code designation assigned to

the requirement by the contracting officer.

(i) SBA will not challenge the NAICS code assigned to the requirement by the contracting officer if it is reasonable, even though other NAICS codes may also be reasonable.

(ii) If SBA and the contracting officer are unable to agree on a NAICS code designation for the requirement, SBA may refuse to accept the requirement for the 8(a) program, appeal the contracting officer's determination to the head of the agency pursuant to 19.108-9, or appeal the NAICS code designation to the SBA Office of Hearings and Appeals under

subpart C of 13 CFR part 134.

(3) For sole source 8(a) awards, if an appropriate match exists, SBA will advise the contracting officer whether it

will participate in contract negotiations or whether SBA will authorize the contracting officer to negotiate directly with the identified 8(a) participant. Where SBA has delegated its contract execution functions to a contracting agency, SBA will also identify that delegation in its acceptance letter. For a joint venture, SBA will determine eligibility as part of its acceptance of a sole-source requirement and will approve the joint venture agreement prior to award in accordance with 13

CFR 124.513(e).

(i) Sole source award where the contracting officer nominates a specific 8(a) participant. SBA will determine whether an appropriate match exists where the contracting officer identifies a particular participant for a sole source award.

(A) Once SBA determines that a procurement is suitable to be accepted as an 8(a) sole source contract, SBA will normally accept it on behalf of the 8(a) participant recommended by the contracting officer, provided that the 8(a) participant

complies with the requirements of 13 CFR 124.503(c)(1).

(B) If an appropriate match does not exist, SBA will notify the 8(a) participant and the contracting officer, and

may then nominate an alternate 8(a) participant.

(ii) Sole source award where the contracting officer does not nominate a specific 8(a) participant. When a contracting officer does not nominate an 8(a) participant for performance of a sole source 8(a) contract, SBA will select an

8(a) participant for possible award from among two or more eligible and qualified 8(a) participants. The selection will be based upon relevant factors, including business development needs, compliance with competitive business mix requirements

(if applicable), financial condition, management ability, technical capability, and whether award will promote the equitable

distribution of 8(a) contracts. (For construction requirements see 13 CFR 124.503(d)(1)).

19.108-5 Repetitive acquisitions.

In order for repetitive acquisitions to be awarded through the 8(a) program, there must be separate offers and acceptances.

This allows the SBA to determine?

(a) Whether the requirement should be a competitive 8(a) award;

(b) A nominated 8(a) participant's eligibility, and whether or not it is the same 8(a) participant that performed the previous

contract;

(c) The effect that contract award would have on the equitable distribution of 8(a) contracts; and

(d) Whether the requirement should continue under the 8(a) program.

19.1-14

SUBPART 19.1 - PRESOLICITATION 19.108-8

19.108-6 Basic ordering agreements and blanket purchase agreements.

(a) The contracting office must submit an offering letter for, and SBA must accept, each order under a basic ordering

agreement (BOA) or a blanket purchase agreement (BPA) (see 12.201-1), in addition to the agency offering and SBA accepting the BOA or BPA itself.

(b) SBA will not accept for award on a sole-source basis any order that would cause the total dollar amount of orders

issued under a specific BOA or BPA to exceed the competitive threshold amount in 19.108-7.

(c) Once an 8(a) participant's program term expires, the participant otherwise exits the 8(a) program, or becomes other

than small for the NAICS code assigned under the BOA or the BPA, SBA will not accept new orders under the BOA or BPA

for the participant.

19.108-7 Competitive 8(a) and sole source 8(a) policy.

(a) Competitive 8(a) policy. An acquisition offered to the SBA under the 8(a) program must be awarded on the basis of

competition limited to eligible 8(a) participants when?

(1) There is a reasonable expectation that at least two eligible and responsible 8(a) participants will submit offers and

that award can be made at a fair market price; and

(2) The anticipated total value of the contract, including options, will exceed \$8.5 million for acquisitions assigned

manufacturing North American Industry Classification System (NAICS) codes and \$5.5 million for all other acquisitions.

(b) Above competitive thresholds. Where an acquisition exceeds the competitive threshold (see paragraph (a)(2) of this section), the SBA may accept the requirement for a sole source 8(a) award only after the contracting officer has complied with the requirements for other than full and open competition in accordance with 6.103.

(c) Prohibition on splitting requirements. A proposed 8(a) requirement with an estimated value exceeding the applicable competitive threshold amount shall not be divided into several requirements for lesser amounts in order to use 8(a) sole source procedures for award to a single firm.

(d) Below competitive thresholds. (1) To ensure fair market pricing and to prepare 8(a) participants for competition, SBA has approved certain government-wide contracts for competition amongst the 8(a) contract-holders (see 19.111-2) at any dollar value, including below the competitive thresholds. Where an acquisition is below the competitive threshold (see paragraph (a)(2) of this section), contracting officers must first try conducting the acquisition as a competitive 8(a) order using these government-wide contracts before proceeding with a sole source 8(a) award. To determine whether SBA has provided approval for a particular government-wide contract, refer to the ordering procedures for that contract.

(2) The SBA Associate Administrator for Business Development may approve a contracting office's request for a competitive 8(a) award below the competitive thresholds when not using the contracts referenced in paragraph (d)(1). Such requests will be approved only on a limited basis and will be primarily granted where technical competitions are appropriate or where a large number of responsible 8(a) participants are available for competition. In determining whether a request to compete below the threshold will be approved, the SBA Associate Administrator for Business Development will, in part, consider the extent to which the contracting activity is supporting the 8(a) program on a noncompetitive basis. The agency may include recommendations for competition below the threshold in the offering letter or by separate correspondence to the SBA Associate Administrator for Business Development.

19.108-8 Limitations on subcontracting and nonmanufacturer rule.

(a) Limitations on subcontracting. To be awarded a contract or order under the 8(a) program, the 8(a) participant is required to perform?

- (1) For services (except construction), at least 50 percent of the cost incurred for personnel with its own employees;
 - (2) For supplies or products (other than a procurement from a nonmanufacturer of such supplies or products), at least 50 percent of the cost of manufacturing the supplies or products (not including the cost of materials);
 - (3) For general construction, at least 15 percent of the cost with its own employees (not including the cost of materials);
- and
- (4) For construction by special trade contractors, at least 25 percent of the cost with its own employees (not

including
the cost of materials).

(b) Compliance period for limitations on subcontracting. An 8(a) contractor is required to comply with the limitations on subcontracting?

(1) For a contract under the 8(a) program, either by the end of the base term and then by the end of each subsequent option period or by the end of the performance period for each order issued under the contract, at the contracting officer's discretion; and

19.1-15

19.108-9 FEDERAL ACQUISITION REGULATION

(2) For an order competed exclusively among contractors who are 8(a) participants, by the end of the performance period for the order.

(c) Waiver. The applicable SBA District Director may waive the provisions in paragraph (b)(1) requiring a participant to comply with the limitations on subcontracting for each period of performance or for each order. Instead, the SBA District Director may permit the participant to subcontract in excess of the limitations on subcontracting where the SBA District Director makes a written determination that larger amounts of subcontracting are essential during certain stages of performance.

(1) The 8(a) participant is required to provide the SBA District Director written assurance that the participant will ultimately comply with the requirements of this section prior to contract completion. The contracting officer must review the written assurance and inform the 8(a) participant of their concurrence or nonconcurrence. The 8(a) participant can only submit the written assurance to the SBA District Director upon concurrence by the contracting officer.

(2) The contracting officer does not have the authority to waive the provisions of this section requiring an 8(a) participant to comply with the limitations on subcontracting for each period of performance or order, even if the agency has a Partnership Agreement with SBA.

(3) Where the 8(a) participant does not ultimately comply with the limitations on subcontracting by the end of the contract, SBA will not grant future waivers for the 8(a) participant.

(d) Nonmanufacturer rule. See 19.104-1(f) for application of the nonmanufacturer rule, inclusive of waivers and exceptions to the nonmanufacturer rule.

19.108-9 SBA appeals.

(a) The SBA Administrator may submit for determination to the agency head if the SBA and the contracting officer fail to agree on the decision to make a particular acquisition available for award under the 8(a) Program.

(b) The procedures at 19.102(f) apply to this section if there is disagreement between the contracting officer and the SBA procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) regarding the matters in paragraph (a).

(c) If the SBA appeal is denied, the decision of the agency head must specify the reasons for the denial. The decision must

be made a part of the contract file.

19.108-10 Contract clauses.

(a) The contracting officer must insert the clause at 52.219-11, Special 8(a) Contract Conditions, in contracts between the

SBA and the agency when the acquisition is accomplished using sole source procedures in 19.208-7(a)(1) and (2).

(b) The contracting officer must insert the clause at 52.219-12, Special 8(a) Subcontract Conditions, in contracts between

the SBA and its 8(a) contractor when the acquisition is accomplished using sole source procedures in 19.208-7(a)(1) and (2).

(c) The contracting officer must insert the clause at 52.219-17, Section 8(a) Award, in competitive solicitations and contracts when the acquisition is accomplished using the procedures of 19.208-1 and in sole source awards which utilize the alternative procedure in 19.208-7(a)(3).

(d) The contracting officer must insert the clause at 52.219-18, Notification of Competition Limited to Eligible 8(a) Participants, in competitive solicitations and contracts when the acquisition is accomplished using the procedures of

19.208-1. Use the clause at 52.219-18 with its Alternate I when competition is to be limited to 8(a) participants within one or

more specific SBA districts pursuant to 19.108-4(b).

(e) For contracts or orders resulting from this subpart, see 19.104-3(c) for use of 52.219-14, Limitations on Subcontracting, and 19.104-3(e) for use of 52.219-33, Nonmanufacturer Rule.

19.108-11 Release requirements for non-8(a) procurement.

(a) Once a requirement has been accepted by SBA into the 8(a) program, any follow-on requirements (see definition at 13

CFR 124.3) must remain in the 8(a) program unless?

(1) There is a mandatory source (see 8.101 through 8.103);

(2) The follow-on will be set aside under the HUBZone, SDVOSB, or WOSB programs; or

(3) SBA agrees to release the requirement from the 8(a) program for a follow-on, non-8(a) procurement in accordance

with 13 CFR 124.504(d) (see paragraph (b) of this section).

(b) To obtain release of a requirement from the 8(a) program, the contracting officer must make a written request to, and

receive concurrence from, the SBA Associate Administrator for Business Development.

(c) (1) The written request to the SBA Associate Administrator for Business Development must indicate?

19.1-16

SUBPART 19.1 - PRESOLICITATION 19.109

(i) Whether the agency has achieved its small disadvantaged business goal;

(ii) Whether the agency has achieved its HUBZone, SDVOSB, WOSB, or small business goal(s); and

(iii) Whether the requirement is critical to the business development of the 8(a) contractor that is currently performing the requirement.

(2) The requirement that a follow-on procurement must be released from the 8(a) program in order for it to be fulfilled

outside the 8(a) program does not apply to task or delivery orders offered to and accepted into the 8(a) program, where

the

basic contract was not accepted into the 8(a) program.

19.109 Small business subcontracting plans.

(a) (1) Except as stated in paragraph (b) of this section, 15 U.S.C. 637(d) imposes the following requirements regarding

subcontracting with small businesses and small business subcontracting plans:

(i) In negotiated acquisitions, each solicitation of offers to perform a contract that is expected to exceed \$900,000 (\$2 million for construction of any public facility) and that has subcontracting possibilities, must require the apparently successful offeror to submit an acceptable subcontracting plan. If the apparently successful offeror fails to negotiate a subcontracting plan acceptable to the contracting officer within the time limit prescribed by the contracting officer, the offeror

will be ineligible for award. For a multiple-award contract with more than one North American Industry Classification System (NAICS) code, see paragraph (a)(2) of this section.

(ii) In sealed bidding acquisitions, each invitation for bids to perform a contract that is expected to exceed \$900,000 (\$2 million for construction of any public facility) and that has subcontracting possibilities, must require the bidder selected

for award to submit a subcontracting plan. If the selected bidder fails to submit a plan within the time limit prescribed by the

contracting officer, the bidder will be ineligible for award. For a multiple-award contract with more than one NAICS code, see paragraph (a)(2) of this section.

(2) For a multiple-award contract with more than one NAICS code, the solicitation referenced in paragraphs (a)(1)

(i) and (ii) of this section shall require the apparently successful offeror to submit an acceptable subcontracting plan for

either the distinct portion(s) or category(ies) of their proposal for which the offeror is other than small or for the entirety of

their proposal, at the offeror's discretion. When determining the need for a subcontracting plan, the contracting officer must

consider the cumulative dollar value of the portion(s) or category(ies) of the offeror's proposal for which the offeror is other

than small.

(b) Subcontracting plans (see paragraph (a) of this section) are not required?

(1) From small business concerns;

(2) For personal services contracts; or

(3) For contracts or contract modifications that will be performed entirely outside of the United States and its outlying

areas.

(c) (1) The contracting officer must determine whether subcontracting possibilities exist by considering relevant factors

such as?

(i) Whether firms engaged in the business of furnishing the types of items to be acquired usually contract for performance of part of the work or maintain sufficient in-house capability to perform the work;

(ii) Whether there are likely to be product prequalification requirements; and

(iii) Whether the firm can acquire any portion of the work with minimal or no disruption to performance (with consideration given to the time remaining until contract completion), and at fair market value, when a plan is required

under

19.302-1.

(2) If it is determined that there are no subcontracting possibilities, the determination must include a detailed rationale,

be approved at a level above the contracting officer, and placed in the contract file.

(d) In solicitations for negotiated acquisitions, the contracting officer may require the submission of subcontracting plans

with initial offers or at any other time prior to award. In determining when subcontracting plans should be required, as well

as when and with whom plans should be negotiated, the contracting officer must consider the integrity of the competitive

process, the goal of affording maximum practicable opportunity for small business and the socioeconomic categories to participate, and the burden placed on offerors.

(e) (1) Insert the clause at 52.219-8, Utilization of Small Business Concerns, in solicitations and contracts when the contract amount is expected to exceed the simplified acquisition threshold unless?

(i) A personal services contract is considered (see 37.104); or

(ii) The contract, together with all of its subcontracts, will be performed entirely outside of the United States and its outlying areas.

19.1-17

19.110 FEDERAL ACQUISITION REGULATION

(2) (i) Insert the clause at 52.219-9, Small Business Subcontracting Plan, in solicitations and contracts that offer

subcontracting possibilities, are expected to exceed \$900,000 (\$2 million for construction of any public facility), and are required to include the clause at 52.219-8, Utilization of Small Business Concerns, unless the acquisition is set aside or is to

be accomplished under the 8(a) program. When?

(A) Contracting by sealed bidding rather than by negotiation, use the clause with its Alternate I;

(B) Contracting by negotiation, and subcontracting plans are required with initial proposals as provided for in

19.109(d), use the clause with its Alternate II; or

(C) The contract action will not be reported in the Federal Procurement Data System pursuant to part 4, use the

clause with its Alternate III.

(ii) Insert the clause at 52.219-16, Liquidated Damages?Subcontracting Plan, in all solicitations and contracts containing the clause at 52.219-9, Small Business Subcontracting Plan, or the clause with its Alternate I or II.

(f) (1) The contracting officer may, when contracting by negotiation, insert in solicitations and contracts a clause substantially the same as the clause at 52.219-10, Incentive Subcontracting Program, when a subcontracting plan is required,

and inclusion of a monetary incentive is, in the judgment of the contracting officer, necessary to increase subcontracting opportunities for small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone

small business, small disadvantaged business, and women-owned small business concerns, and is commensurate with the

efficient and economical performance of the contract; unless the conditions in paragraph (f)(3) of this section are

applicable.

The contracting officer may vary the terms of the clause as specified in paragraph (f)(2) of this section.

(2) Various approaches may be used in the development of small business, veteran-owned small business, service-

disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small

business concerns' subcontracting incentives. They can take many forms, from a fully quantified schedule of payments based

on actual subcontract achievement to an award-fee approach employing subjective evaluation criteria (see paragraph (f)(3) of

this section). The incentive should not reward the contractor for results other than those that are attributable to the contractor's

efforts under the incentive subcontracting program.

(3) As specified in paragraph (f)(2) of this section, the contracting officer may include small business, veteran-owned

small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business,

and women-owned small business subcontracting as one of the factors to be considered in determining the award fee in a

cost-plus-award-fee contract; in such cases, however, the contracting officer must not use the clause at 52.219-10, Incentive

Subcontracting Program.

(g) The contracting officer must provide the SBA's procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) a reasonable period of time to review any solicitation requiring submission of a

subcontracting plan and to submit advisory findings before the solicitation is issued.

(h) For evaluation requirements related to subcontracting plans, see FAR 19.206.

19.110 Price evaluation preference for HUBZone small business concerns.

(a) Use the price evaluation preference for HUBZone small business concerns in acquisitions conducted using full and

open competition. Do not use the preference?

(1) Where price is not a selection factor because in this situation a price evaluation preference would not be considered

(e.g., architect/engineer acquisitions); or

(2) Where all fair and reasonable offers are accepted (e.g., the award of multiple award schedule contracts).

(b) Insert the provision at 52.219-4, Notice of Price Evaluation Preference for HUBZone Small Business Concerns, in

solicitations for acquisitions conducted using full and open competition.

(c) For use of clause 52.219-14, Limitations on Subcontracting, see the prescription at 19.104-3(c).

(d) For use of clause 52.219-33, Nonmanufacturer Rule, see the prescription at 19.104-3(e).

(e) For evaluation requirements related to the HUBZone price evaluation preference, see FAR 19.207.

19.111 Orders under multiple-award contracts.

19.111-1 Size.

(a) When placing orders under multiple-award contracts with a single NAICS code, the contracting officer must

assign the

order the same NAICS code and corresponding size standard designated in the contract.

(b) When placing orders under multiple-award contracts with more than one NAICS code, the contracting officer must

assign the order the NAICS code and corresponding size standard designated in the contract for the distinct portion or

19.1-18

SUBPART 19.1 - PRESOLICITATION 19.112

category against which the order is placed. If an order covers multiple portions or categories, select the NAICS code and

corresponding size standard designated in the contract for the distinct portion or category that best represents the principal

purpose of the order.

19.111-2 Set-asides.

(a) (1) In accordance with section 1331 of the Small Business Jobs Act of 2010 (15 U.S.C. 644(r)(2)), contracting officers may, at their discretion, set aside orders placed under multiple-award contracts for any of the small business concerns

identified in 19.000(a)(3).

(2) A contracting officer's decision to set aside or not set aside an order for small business concerns is an exercise of

discretion granted to agencies and not a basis for protest. However, this does not preclude the filing of a protest of such an

order if such a protest would otherwise be authorized on a separate basis recognized in accordance with 16.505(a)(10)(i).

(b) The contracting officer must comply with the specific program eligibility requirements identified in this part in addition to the ordering procedures for a multiple-award contract (for orders placed against the Federal Supply Schedules

Program, see subpart 8.4; for orders placed under all other multiple-award contracts, see subpart 16.5).

19.112 Reserves.

(a) In accordance with section 1331 of the Small Business Jobs Act of 2010 (15 U.S.C. 644(r)(3)) and 13 CFR 125.2(e)(4),

contracting officers may, at their discretion when conducting multiple-award procurements using full and open competition,

reserve one or more contract awards for any of the small business concerns identified in 19.000(a)(3), when market research

indicates?

(1) A total set-aside is not feasible because there is no reasonable expectation of receiving offers that are competitive in

terms of fair market prices, quality, and delivery from at least two responsible small business concerns identified in 19.000(a)

(3), that can perform the entire requirement; and

(2) A partial set-aside is not feasible because?

(i) The contracting officer is unable to divide the requirement into distinct portions; or

(ii) There is no reasonable expectation that at least two responsible small business concerns identified in 19.000(a)

(3) can perform any portion of the requirement competitively in terms of fair market price, quality, and delivery.

(b) A reserve will result in one of the following:

(1) One or more contract awards to any one or more types of small business concerns identified in 19.000(a)(3).

(2) In the case of a solicitation of a bundled requirement that will result in a multiple-award contract, an award to one or

more small businesses with a Small Business Teaming Arrangement.

(c) The specific program eligibility requirements identified in this part apply.

(d) The limitations on subcontracting and the nonmanufacturer rule (see 52.219-14 and 52.219-33) do not apply to reserves at the contract level, but shall apply to orders that are set aside under 19.111-2.

(e) The contracting officer must insert the provision at 52.219-31, Notice of Small Business Reserve, in solicitations for

multiple-award contracts that have reserves.

19.1-19

19.1-20

SUBPART 19.2 - EVALUATION AND AWARD 19.201-2

Subpart 19.2 - Evaluation and Award

19.201 Small business size and socioeconomic status determination.

19.201-1 Representations.

(a) (1) To be eligible for award as a small business concern, an offeror is required to represent in good faith?

(i) (A) That it meets the small business size standard corresponding to the North American Industry Classification System (NAICS) code identified in the solicitation; or

(B) For a multiple-award contract where there is more than one NAICS code assigned, that it meets the small

business size standard for each distinct portion or category (e.g., line item numbers, Special Item Numbers (SINs), sectors,

functional areas, or the equivalent) for which it submits an offer. If the small business concern submits an offer for the entire

multiple-award contract, it must meet the size standard for each distinct portion or category (e.g., line item number, SIN, sector, functional area, or equivalent); and

(ii) The Small Business Administration (SBA) has not issued a written determination stating otherwise pursuant to

13 CFR 121.1009.

(2) To be eligible for award as a small business concern under a socioeconomic program listed in this part, the small

business concern has to be certified by SBA for that program (see 19.101(a)(2)(i)).

(b) (1) A joint venture may qualify as a small business concern if the joint venture complies with the requirements of 13

CFR 121.103(h) and 13 CFR 125.8(a) and (b).

(2) A joint venture may qualify for an award under the socioeconomic programs as described in 19.105, 19.106,

19.107, and 19.108.

(c) An offeror is required to represent its size in writing to the contracting officer at the time of initial offer, (whether or

not the offer includes price or the price is evaluated), including offers for?

(1) Basic ordering agreements (see part 16); and

(2) Blanket purchase agreements (BPAs) issued pursuant to part 12.

(d) To be eligible for an award of an order under a basic ordering agreement or a BPA issued pursuant to part 12 as a small

business concern identified in 19.000(a)(3), the offeror must be a small business concern identified in 19.000(a)(3) at the time

of award of the order.

(e) Multiple-award contract representations:

(1) A business that represents as a small business concern at the time of its initial offer for the contract (whether or not

the offer includes price or the price is evaluated (see 13 CFR 121.404(a)(1)(iv)), is considered a small business concern for

each order issued under the contract.

(2) A business that represents as a small business concern at the time of its initial offer for a distinct portion or category

as set forth in paragraph (a)(1)(i)(B) is considered a small business concern for each order issued under that distinct portion or

category.

(f) For requirements related to rerepresenting size after award, see FAR 19.301.

(g) The contracting officer must accept an offeror's representation in a specific bid or proposal that it is a small business

unless (1) another offeror or interested party challenges the concern's small business representation or (2) the contracting

officer has a reason to question the representation. Challenges of and questions concerning a specific representation must be

referred to the SBA in accordance with 19.201-2.

(h) An offeror's representation that it is a small business is not binding on the SBA. If an offeror's small business status

is challenged, the SBA will evaluate the status of the concern and make a determination, which will be binding on the contracting officer, as to whether the offeror is a small business. A concern cannot become eligible for a specific award by

taking action to meet the definition of a small business concern after the SBA has determined that it is not a small business.

19.201-2 Protesting a small business representation or rerepresentation.

(a) (1) The SBA regulations on small business size and size protests are found at 13 CFR part 121.

(2) An offeror, the contracting officer, SBA, or another interested party may protest the small business representation

of an offeror in a specific offer for a contract. However, for competitive 8(a) contracts, the filing of a protest is limited to an

offeror, the contracting officer, or SBA. See 13 CFR 121.1001(a).

(b) Any time after offers are received by the contracting officer, or in the case of bids, opened, the contracting officer

may question the small business representation of any offeror in a specific offer by filing a contracting officer's protest (see

paragraph (c) of this section).

19.2-1**19.201-2 FEDERAL ACQUISITION REGULATION**

(c) (1) Any contracting officer who receives a protest, whether timely or not, or who, as the contracting officer, wishes to protest the small business representation of an offeror, or rerepresentation of a contractor, must promptly forward the protest to the SBA Government Contracting Area Director at the Government Contracting Area Office serving the area in which the headquarters of the offeror is located.

(2) The protest, or confirmation if the protest was initiated orally, must be in writing and must contain the basis for the protest with specific, detailed evidence to support the allegation that the offeror is not small. The SBA will dismiss any protest that does not contain specific grounds for the protest.

(3) The protest must include a referral letter written by the contracting officer with information pertaining to the solicitation. The referral letter must include the following information to allow SBA to determine timeliness and standing:

- (i) The protest and any accompanying materials.
 - (ii) A copy of the size self-certification.
 - (iii) Identification of the applicable size standard.
 - (iv) A copy of or an electronic link to the solicitation and any amendments.
 - (v) The name, address, telephone number, email address, and fax number of the contracting officer.
 - (vi) Identification of the bid opening date or the date of notification provided to unsuccessful offerors.
 - (vii) The date the contracting officer received the protest.
 - (viii) A complete address and point of contact for the protested concern.
- (d) In order to affect a specific solicitation, a protest must be timely. SBA's regulations on timeliness are contained in 13

CFR 121.1004. SBA's regulations on timeliness related to protests of disadvantaged status are contained in 13 CFR part 124,

subpart B.

(1) To be timely, a protest by any concern or other interested party must be received by the contracting officer by the

close of business of the fifth business day after?

- (i) Bid opening for sealed bid acquisitions; or
- (ii) Receipt of the special notification from the contracting officer (see 15.503(a)(2)) that identifies the apparently successful offeror for negotiated acquisitions, including?

(A) Partial set-asides and reserves of multiple-award contracts; and

(B) Orders that are set-aside under an unrestricted multiple-award contract (except for orders and blanket

purchase agreements placed against a Federal Supply Schedule contract (see 8.4 and paragraph (d)(5) of this section)); or

- (iii) Receipt of notification using other communication means when written notification is not required.

(2) A protest may be made orally if it is confirmed in writing and received by the contracting officer within the 5-day period or by letter postmarked no later than 1 business day after the oral protest.

(3) A protest may be made in writing if it is delivered to the contracting officer by hand, mail, facsimile, email, express or overnight delivery service.

(4) Except as provided in paragraph (d)(6) of this section, a protest filed by the contracting officer or SBA is always considered timely whether filed before or after award.

(5) A protest under a GSA Multiple Award Schedule will be timely if received by SBA at any time prior to the expiration of the contract period, including renewals.

(6) A protest filed before bid opening, or notification to offerors of the selection of the apparent successful offeror, will be dismissed as premature by SBA.

(e) Upon receipt of a protest from or forwarded by the Contracting Office, the SBA will?

(1) Notify the contracting officer and the protester of the date it was received, and that the size of the concern being challenged is under consideration by the SBA; and

(2) Furnish to the concern whose representation is being protested a copy of the protest and a blank SBA Form 355, Application for Small Business Determination, by certified mail, return receipt requested.

(f) (1) Within 15 business days after receipt of a protest or request for a formal size determination or within any extension of time granted by the contracting officer the SBA Area Office will determine the size status of the challenged concern. The SBA Area Office will notify the contracting officer, the protester, and the challenged concern of its decision by a verifiable means, which may include facsimile, electronic mail, or overnight delivery service.

(2) Award may be made to a protested concern after the SBA Area Office has determined that the protested concern is an eligible small business or has dismissed all protests against it.

(3) If SBA's Office of Hearings and Appeals (OHA) subsequently overturns the Area Office's determination of eligibility or dismissal, and contract award has not been made, the contracting officer may apply the OHA decision to the procurement in question.

19.2-2

SUBPART 19.2 - EVALUATION AND AWARD 19.201-4

(g) (1) After receiving a protest involving an offeror being considered for award, the contracting officer must not award the contract until the SBA has made a size determination or 15 business days have expired since SBA's receipt of a protest, whichever occurs first; however, award must not be withheld when the contracting officer determines in writing that an award must be made to protect the public interest.

(2) If SBA has not made a determination within 15 business days, or within any extension of time granted by the contracting officer, the contracting officer may award the contract after determining in writing that there is an immediate

need

to award the contract and that waiting until SBA makes its determination will be disadvantageous to the Government.

(3) SBA may, at its sole discretion, reopen a formal size determination to correct an error or mistake, if it is within the

appeal period and no appeal has been filed with OHA or, a final decision has not been rendered by the SBA Area Office or

OHA.

(4) If a protest is received that challenges the small business status of an offeror not being considered for award, the

contracting officer is not required to suspend contract action. The contracting officer must forward the protest to the SBA

(see paragraph (c)(1) of this section) with a notation that the concern is not being considered for award, and must notify the

protester of this action.

(h) An appeal from an SBA size determination may be filed by any concern or other interested party whose protest of

the small business representation of another concern has been denied by an SBA Government Contracting Area Director,

any concern or other interested party that has been adversely affected by an SBA Government Contracting Area Director's

decision, or the SBA Associate Administrator for the SBA program involved. The appeal must be filed with the Office of Hearings and Appeals, within the time limits and in strict accordance with the procedures contained in Subpart C of 13 CFR

part 19 requires a subcontracting plan (as applicable, see Table 42-2); and

Status: Unknown

part 19 requires a subcontracting plan (as applicable, see Table 42-2); and

-2

42.1103

(vi) Other (as applicable) (e.g., trafficking violations, tax delinquency, failure to report in accordance with contract terms and conditions, defective cost or pricing data, terminations, suspension and debarments, and failure to comply with

limitations on subcontracting).

(3) Evaluation factors may include subfactors.

(4) Each factor and subfactor used must be evaluated and a supporting narrative provided. Each evaluation factor, as

listed in this paragraph ((b)(2)), must be rated in accordance with a five-scale rating system (i.e., exceptional, very good,

satisfactory, marginal, and unsatisfactory). The ratings and narratives must reflect the definitions in the tables 42-1 or 42-2 of

this section.

(c) (1) When the contract provides for incentive fees, the incentive-fee contract performance evaluation must be entered

into CPARS.

(2) When the contract provides for award fee, the award fee-contract performance adjectival rating as described in part

16 must be entered into CPARS.

(d) (1) Agency evaluations of contractor performance, including both negative and positive evaluations, prepared under

this subpart must be provided to the contractor as soon as practicable after completion of the evaluation. The contractor will

receive a CPARS-system generated notification when an evaluation is ready for comment.

(2) Contractors must be afforded up to 14 calendar days from the date of notification of availability of the past performance evaluation to submit comments, rebutting statements, or additional information.

(3) While the evaluation is an agency decision, agencies must provide for review at a level above the contracting officer

in the event of disagreements between the parties.

(4) Evaluations of contractor performance developed on contracts awarded prior to April 1, 2026 should be marked

?Source Selection Information.?

(5) Evaluations used in determining award or incentive fee payments may also be used to satisfy the requirements of

this subpart.

(6) Agencies must provide a copy of the annual or final past performance evaluation to the contractor as soon as it is

finalized.

(e) (1) Agencies must prepare and submit all past performance evaluations electronically in CPARS at <https://www.cpars.gov> .

(2) The agency must make the past performance evaluation, including any contractor response, including any contractor-submitted information (with indication whether agency review is pending), available to source selection officials

in the CPARS system within 14 days after the contractor notification of the evaluation's availability for comment.

(3) Contractors must be given 14 calendar days from notification to submit comments, rebutting statements, or additional information.

(4) The Government must update CPARS with any contractor comments provided within the 14-day timeframe given to

contractors in this paragraph (e), as well as any subsequent agency review of comments received.

(5) Past performance evaluations for classified contracts and special access programs must not be reported in CPARS

but will be reported as stated in this subpart and in accordance with agency procedures.

(6) Agencies must ensure that appropriate management and technical controls are in place to ensure that only authorized personnel have access to the data and the information safeguarded in accordance with paragraph (d) of this section.

(f) Agencies must use the past performance information in CPARS that is within 3 years (6 years for construction and

architect-engineer contracts) of the completion of performance of the evaluated contract or order, and information contained

in responsibility/qualification reports in the System Award Management (SAM), at [SAM.gov](https://sam.gov), e.g., terminations for

default or
cause.

- (g) (1) Agencies use integrity records to support responsibility determinations, as addressed in part 9. Agencies must

ensure information is accurately reported in the FAPIIS module of CPARS within 3 calendar days after a contracting officer

?

- (i) Issues a final determination that a contractor has submitted defective cost or pricing data;

- (ii) Makes a subsequent change to the final determination concerning defective cost or pricing data pursuant to part

15;

- (iii) Issues a final termination for cause or default notice;

- (iv) Makes a subsequent withdrawal or a conversion of a termination for default to a termination for convenience;

(v) Receives a final determination after an administrative proceeding, in accordance with part 22, that substantiates an allegation of a violation of the trafficking in persons prohibitions in part 22 and 52.222-50(b); or

-3

42.1103 FEDERAL ACQUISITION REGULATION

(vi) Determines that a contractor has a history of three or more unjustified reduced or untimely payments to small business subcontractors under a single contract within a 12-month period (see 42.1102(g)(2)).

- (2) The information posted in accordance with this paragraph (g) is information relating to contractor performance

but does not constitute a ?past performance review?, which would be exempted from public availability in accordance with

section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212). Therefore, all such information posted in FAPIIS will be publicly available, unless covered by a disclosure exemption under the Freedom of Information Act (see part

9).

- (3) Agencies must establish CPARS focal points who will register users to report data into the FAPIIS module of

CPARS (available at <https://www.cpars.gov>).

- (4) The contracting officer must follow the procedures in part 9 when handling information that may be covered by a

disclosure exemption under the Freedom of Information Act.

TABLE 42-1?EVALUATION RATINGS DEFINITIONS

Rating Definition Note

(a) Exceptional Performance meets contractual To justify an Exceptional rating, requirements and exceeds many identify multiple significant events to the Government's benefit. The and state how they were of benefit to contractual performance of the element the Government. A singular benefit, or sub-element being evaluated was however, could be of such magnitude accomplished with few minor problems that it alone constitutes an Exceptional for which corrective actions taken by rating. Also, there should have been NO the contractor were highly effective significant weaknesses identified.

(b) Very Good Performance meets contractual To justify a Very Good rating, requirements and exceeds some identify a significant event and state

to the Government's benefit. The how it was a benefit to the Government.
 contractual performance of the element There should have been no significant
 or sub-element being evaluated was weaknesses identified.
 accomplished with some minor
 problems for which corrective actions
 taken by the contractor were effective

(c) Satisfactory Performance meets contractual To justify a Satisfactory rating, there
 requirements. The contractual should have been only minor problems,
 performance of the element or sub- or major problems the contractor
 element contains some minor problems recovered from without impact to
 for which corrective actions taken the contract/order. There should have
 by the contractor appear or were been NO significant weaknesses
 satisfactory identified. A fundamental principle of
 assigning ratings is that contractors
 will not be evaluated with a rating
 lower than Satisfactory solely for not
 performing beyond the requirements of
 the contract/order.

Had a history taken by the Government to notify of three or more unjustified reduced or the contractor of the deficiencies. untimely payments to small business When an Unsatisfactory rating is subcontractors within a 12-month justified, the contracting officer must period. consider whether the contractor made a good faith effort to comply with the requirements of the subcontracting plan required by FAR 52.219-9 and

follow the procedures outlined in
FAR 52.219-16, Liquidated Damages-
Subcontracting Plan.

Note 1: Plus or minus signs may be used to indicate an improving (+) or worsening (-) trend insufficient to change evaluation status.

-8

42.1104

Note 2: Zero percent is not a goal unless the contracting officer determined when negotiating the subcontracting plan that

no subcontracting opportunities exist in a particular socio-economic category. In such cases, the contractor will be considered

to have met the goal for any socio-economic category where the goal negotiated in the plan was zero.

42.1104 Contract clause.

Insert the clause at 52.242-5, Payments to Small Business Subcontractors, in all solicitations and contracts containing the

clause at 52.219-9, Small Business Subcontracting Plan.

42.1201

Subpart 42.12 - Small Business Contract Administration

42.1201 General.

The contracting officer must make every reasonable effort to respond in writing within 30 days to any written request to the contracting officer from a small business concern regarding a contract administration matter. In the event the contracting

officer cannot respond to the request within the 30-day period, the contracting officer must, within the period, communicate

to the contractor a written notification of the specific date the contracting officer expects to respond. This provision does not

apply to a request for a contracting officer decision under 41 U.S.C. chapter 71, Contract Disputes.

-1

This page intentionally left blank.

-2

42.1301

Subpart 42.13 - Forward Pricing Rate Agreements

42.1301 Procedures.

(a) The contracting officer, administrative contracting officer (ACO), or the contractor may initiate a request for a forward pricing rate agreement (FPRA). Normally, FPRAs are negotiated only with contractors having a significant volume

of Government contract proposals. The cognizant Federal agency should determine whether to establish an FPRA by considering whether the benefits to be derived from the agreement are commensurate with the effort of establishing and

monitoring it.

(b) The ACO must obtain the contractor's forward pricing rate proposal and require that it include cost or pricing

data that

are accurate, complete, and current as of the date of submission, but must not require a certification (see part 15). The ACO

must invite the cognizant contract auditor and contracting offices having a significant interest to participate in developing

a Government objective and in the negotiations. Upon completing negotiations, the ACO must prepare a price negotiation

memorandum (PNM) (see part 15) and forward copies of the PNM and FPRA to the cognizant auditor and to all contracting

offices that are known to be affected by the FPRA.

(c) The FPRA must provide specific terms and conditions covering expiration, application, and data requirements for

systematic monitoring to ensure the validity of the rates. The agreement must provide for cancellation at the choice of either

party and must require the contractor to submit to the ACO and to the cognizant contract auditor any significant change in

cost or pricing data used to support the FPRA.

(d) When an FPRA is invalid, the contractor should submit and negotiate a new proposal to reflect the changed conditions.

If an FPRA has not been established or has been invalidated, the ACO will issue a forward pricing rate recommendation

(FPRR) to buying activities with documentation to assist negotiators. In the absence of an FPRA or FPRR, the ACO must

provide support to the contracting officer for rates utilized.

(e) The ACO may negotiate continuous updates to the FPRA. The FPRA will provide specific terms and conditions covering notification, application, and data requirements for systematic monitoring to ensure the validity of the rates.

22-2

22.102-2

22.001 Definitions.

As used in this part-

Administrator or Administrator, Wage and Hour Division, as used in this part, means the Administrator, Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210 or an authorized representative.

Agency labor advisor means an individual responsible for advising contracting agency officials on Federal contract labor matters.

e98 means the Department of Labor's approved electronic application (<https://www.sam.gov>), whereby a contracting officer submits pertinent information to the Department of Labor and requests a Service Contract Labor Standards statute

wage determination directly from the Wage and Hour Division.

Normal workweek, as used in this subpart, means, generally, a workweek of 40 hours. Outside the United States and its

outlying areas, a workweek longer than 40 hours is considered normal if?

- (1) The workweek does not exceed the norm for the area, as determined by local custom, tradition, or law; and
- (2) The hours worked in excess of 40 in the workweek are not compensated at a premium rate of pay.

Secretary means the Secretary of Labor, U.S. Department of Labor, unless specified otherwise.

Service contract means any Government contract, or subcontract thereunder, the principal purpose of which is to furnish

services in the United States through the use of service employees, except as exempted by 41 U.S.C. chapter 67, Service

Contract Labor Standards; see 22.1002-1(c) through (f). See 29 CFR 4.130 for an illustrative list of services covered by the

Service Contract Labor Standards statute.

Service employee means any person engaged in the performance of a service contract other than any person employed

in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541. The term

?service employee? includes all such persons regardless of any contractual relationship that may be alleged to exist between a

contractor or subcontractor and such persons.

Wage Determinations at SAM.gov means the Government internet website for both Construction Wage Rate Requirements

statute and Service Contract Labor Standards statute wage determinations available at <https://www.sam.gov>.

Subpart 22.1 ? Basic Labor Policies

22.101-1 Labor relations.

Agencies must maintain sound relations with industry and labor to ensure?

(a) Prompt receipt of information involving labor relations that may adversely affect the Government acquisition process;

and

(b) That the Government obtains needed supplies and services without delay. All matters regarding labor relations must be

handled in accordance with agency procedures.

22.101-2 Overtime.

Contractors must perform all contracts, so far as practicable, without using overtime, particularly as a regular employment

practice, except when lower overall costs to the Government will result or when it is necessary to meet urgent program needs.

Any approved overtime, extra-pay shifts, and multishifts should be scheduled to achieve these objectives.

22.102 Presolicitation.

22.102-1 Overtime.

Solicitations normally must not specify delivery or performance schedules that may require overtime at Government expense.

22.102-2 Contract clause.

(a) The head of the contracting activity may designate programs or requirements for which it is necessary that contractors

be required to notify the Government of actual or potential labor disputes that are delaying or threaten to delay the timely

contract performance. Insert the clause 52.222-1, Notice to the Government of Labor Disputes, in solicitations and contracts

that involve programs or requirements that have been so designated.

(b) The contracting officer must include the clause at 52.222-2, Payment for Overtime Premiums, in solicitations and

contracts when a cost-reimbursement contract is contemplated and the contract amount is expected to exceed the simplified

acquisition threshold; unless (a) a cost-reimbursement contract for operation of vessels is contemplated, or (b) a cost-plus-

-1

22.103 FEDERAL ACQUISITION REGULATION

incentive-fee contract that will provide a swing from the target fee of at least plus or minus 3 percent and a contractor's share

of at least 10 percent is contemplated.

22.103 Evaluation and award.

(a) In negotiating contracts, contracting officers should, consistent with the Government's needs, attempt to--

(1) ascertain the extent that offers are based on the payment of overtime and shift premiums and

(2) negotiate contract prices or estimated costs without these premiums or obtain the requirement from other sources.

(b) When it becomes apparent during negotiations of applicable contracts (see 22.102-2(b)) that overtime will be

required

in contract performance, the contracting officer must secure from the contractor a request for all overtime to be used during

the life of the contract, to the extent that the overtime can be estimated with reasonable certainty. The contractor's request

must contain the information required by paragraph (b) of the clause at 52.222-2, Payment for Overtime Premiums.

22.104 Postaward.

22.104-1 General.

(a) Agencies must remain impartial concerning any dispute between labor and contractor management and not undertake

the conciliation, mediation, or arbitration of a labor dispute. To the extent practicable, agencies should ensure that the parties

to the dispute use all available methods for resolving the dispute, including the services of the National Labor Relations Board, Federal Mediation and Conciliation Service, the National Mediation Board and other appropriate Federal, State, local,

or private agencies.

(b) The head of the contracting activity may designate programs or requirements for which it is necessary that contractors

be required to notify the Government of actual or potential labor disputes that are delaying or threaten to delay the timely

contract performance.

(c) The office administering the contract must report, in accordance with agency procedures, any potential or actual labor

disputes that may interfere with performing any contracts under its cognizance. If a contract contains the clause at 52.222-1,

Notice to the Government of Labor Disputes, the contractor also must report any actual or potential dispute that may delay

contract performance.

22.104-2 Overtime approvals.

(a) The contracting officer must review the contractor's request for overtime. Approval of the use of overtime may be

granted by an agency approving official after determining in writing that overtime is necessary to?

(1) Meet essential delivery or performance schedules;

(2) Make up for delays beyond the control and without the fault or negligence of the contractor; or

(3) Eliminate foreseeable extended production bottlenecks that cannot be eliminated in any other way.

(b) Approval by the designated official of use and total dollar amount of overtime is required before inclusion of an amount in paragraph (a) of the clause at 52.222-2, Payment for Overtime Premiums.

(c) Contracting officer approval of payment of overtime premiums is required for time-and-materials and labor-hour contracts (see paragraph (a)(8) of the clause at 52.232-7, Payments Under Time-and-Materials and Labor-Hour Contracts).

(d) No approvals are required for paying overtime premiums under other types of contracts.

(e) Approvals by the agency approving official (see paragraph (a) of this section) may be for an individual contract, project, program, plant, division, or company, as practical.

(f) During contract performance, contractor requests for overtime exceeding the amount authorized by paragraph

(a) of the

clause at 52.222-2, Payment for Overtime Premiums, must be submitted as stated in paragraph (b) of the clause to the office

administering the contract. That office will review the request and if it approves, send the request to the contracting officer. If

the contracting officer determines that the requested overtime should be approved in whole or in part, the contracting officer

must request the approval of the agency's designated approving official and modify paragraph (a) of the clause to reflect any

approval.

(g) Overtime premiums at Government expense should not be approved when the contractor is already obligated, without

the right to additional compensation, to meet the required delivery date.

(h) When the use of overtime is authorized under a contract, the office administering the contract and the auditor should

periodically review the use of overtime to ensure that it is allowable in accordance with the criteria in part 31. Only overtime

premiums for work in those departments, sections, etc., of the contractor's plant that have been individually evaluated and the

necessity for overtime confirmed shall be considered for approval.

-2

22.104-2

(i) Approvals for using overtime shall ordinarily be prospective, but, if justified by emergency circumstances, approvals

may be retroactive.

-3

This page intentionally left blank.

-4

22.201-2

Subpart 22.2 - Convict Labor.

22.201 Presolicitation.

22.201-1 General.

Executive Order 11755, December 29, 1973, as amended by Executive Order 12608, September 9, 1987, and Executive

Order 12943, December 13, 1994, does not prohibit the contractor, in performing the contract, from employing certain persons as stated in paragraph (b) of the clause at 52.222-3, Convict Labor.

22.201-2 Contract clause.

Insert the clause at 52.222-3, Convict Labor, in solicitations and contracts above the micro-purchase threshold, when the

contract will be performed in the United States, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the

U.S. Virgin Islands; unless?

(a) The contract will be subject to 41 U.S.C. chapter 65 (see subpart 22.6 and 22.602), which contains a separate prohibition against the employment of convict labor;

(b) The supplies or services are to be purchased from Federal Prison Industries, Inc. (see subpart 8.6); or

(c) The acquisition involves the purchase, from any State prison, of finished supplies that may be secured in the open

market or from existing stocks, as distinguished from supplies requiring special fabrication.

-1

This page intentionally left blank.

-2

22.302

Subpart 22.3 - Contract Work Hours and Safety Standards Act

22.301 Presolicitation.

22.301-1 General.

(a) The statute at 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards, requires that certain contracts contain

a clause specifying that no laborer or mechanic doing any part of the work contemplated by the contract shall be required or

permitted to work more than 40 hours in any workweek unless paid for all such overtime hours at not less than 1 1/2 times the

basic rate of pay.

(b) The Secretary under 40 U.S.C. 3706, upon the Secretary's initiative or at the request of any Federal agency, may

provide reasonable limitations and allow variations, tolerances, and exemptions to and from any or all provisions of the statute (see 29 CFR 5.15).

(c) The Secretary may make variations, tolerances, and exemptions from the regulatory requirements of applicable parts

of 29 CFR when the Secretary finds that such action is necessary and proper in the public interest or to prevent injustice and

undue hardship (see 29 CFR 5.14).

(d) In this subpart, the term "laborers or mechanics" includes apprentices, trainees, helpers, watchmen, guards, firefighters,

fireguards, and workmen who perform services in connection with dredging or rock excavation in rivers or harbors, but does

not include any employee employed as a seaman.

22.301-2 Contract clause.

Insert the clause at 52.222-4, Contract Work Hours and Safety Standards?Overtime Compensation, in solicitations and contracts when the contract may require or involve the employment of laborers or mechanics. However, do not include the

clause in solicitations and contracts?

(a) Valued at or below \$200,000;

(b) For commercial products and commercial services;

(c) For transportation or the transmission of intelligence;

(d) To be performed outside the United States, Puerto Rico, American Samoa, Guam, the U.S. Virgin Islands, Johnston

Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331)

(29 CFR 5.15);

- (e) For work to be done solely in accordance with 41 U.S.C. chapter 65 (see subpart 22.6 and 22.602);
- (f) For supplies that include incidental services that do not require substantial employment of laborers or mechanics; or
- (g) Exempt under regulations of the Secretary of Labor (29 CFR 5.15).

22.302 Postaward.

(a) When an overtime computation discloses underpayments, the responsible contractor or subcontractor must pay the affected employee any unpaid wages and pay liquidated damages to the Government.

(b) The contracting officer must assess liquidated damages at the rate specified at 29 CFR 5.5(b)(2) per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the statute. In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 Note), the Department of Labor adjusts this civil monetary penalty for inflation no later than January 15 each year.

(c) If the contractor or subcontractor fails or refuses to comply with overtime pay requirements of the statute and the funds withheld by Federal agencies for labor standards violations do not cover the unpaid wages due laborers and mechanics and the liquidated damages due the Government, make payments in the following order?

(1) Pay laborers and mechanics the wages they are owed (or prorate available funds if they do not cover the entire amount owed); and

(2) Pay liquidated damages.

(d) If the head of an agency finds that the administratively determined liquidated damages due under paragraph (a) of this section are incorrect, or that the contractor or subcontractor inadvertently violated the statute despite the exercise of due care, the agency head may?

- (1) Reduce the amount of liquidated damages assessed for liquidated damages of \$500 or less;
- (2) Release the contractor or subcontractor from the liability for liquidated damages of \$500 or less; or
- (3) Recommend that the Secretary reduce or waive liquidated damages over \$500.

-1

22.302 FEDERAL ACQUISITION REGULATION

(e) The procedures required for construction contracts in 22.404-2 also apply to investigations of alleged violations of the Contract Work Hours and Safety Standards on other than construction contracts.

-2

22.401

Subpart 22.4 - Labor Standards for Contracts Involving Construction.

22.401 Definitions.

As used in this subpart -

Apprentice means a person?

- (1) Employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department

of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services

(OATELS), or with a State Apprenticeship Agency recognized by OATELS; or

- (2) Who is in the first 90 days of probationary employment as an apprentice in an apprenticeship program, and is not

individually registered in the program, but who has been certified by the OATELS or a State Apprenticeship Agency (where

appropriate) to be eligible for probationary employment as an apprentice.

Construction, alteration, or repair means all types of work done by laborers and mechanics employed by the construction

contractor or construction subcontractor on a particular building or work at the site thereof, including without limitations?

- (1) Altering, remodeling, installation (if appropriate) on the site of the work of items fabricated off-site;
- (2) Painting and decorating;
- (3) Manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work;
- (4) Transportation of materials and supplies between the site of the work within the meaning of paragraphs (1)(i) and

(ii) of the "site of the work" definition, and a facility which is dedicated to the construction of the building or work and is

deemed part of the site of the work within the meaning of paragraph (2) of the "site of the work" definition; and

- (5) Transportation of portions of the building or work between a secondary site where a significant portion of the

building or work is constructed, which is part of the "site of the work" definition in paragraph (1)(ii), and the physical place

or places where the building or work will remain (paragraph (1)(i) in the "site of the work" definition).

Laborers or mechanics ?

- (1) Means?

(i) Workers, utilized by a contractor or subcontractor at any tier, whose duties are manual or physical in nature

(including those workers who use tools or who are performing the work of a trade), as distinguished from mental or managerial;

(ii) Apprentices, trainees, helpers, and, in the case of contracts subject to the Contract Work Hours and Safety Standards statute, watchmen, guards, firefighters, fireguards, and workmen who perform services in connection with dredging or rock excavation in rivers or harbors (but does not include any employee employed as a seaman);

(iii) Working foremen who devote more than 20 percent of their time during a workweek performing duties of a laborer or mechanic, and who do not meet the criteria of 29 CFR part 541, for the time so spent; and

(iv) Every person performing the duties of a laborer or mechanic, regardless of any contractual relationship alleged to exist between the contractor and those individuals; and

- (2) Does not include workers whose duties are primarily executive, supervisory (except as provided in paragraph

(1)(iii) of this definition), administrative, or clerical, rather than manual. Persons employed in a bona fide executive,

administrative, or professional capacity as defined in 29 CFR part 541 are not deemed to be laborers or mechanics.

Public building or public work means building or work, the construction, prosecution, completion, or repair of which, as

defined in this section, is carried on directly by authority of, or with funds of, a Federal agency to serve the interest of the

general public regardless of whether title thereof is in a Federal agency.

Site of the work ?

(1) Means?

(i) The primary site of the work. The physical place or places where the construction called for in the contract will remain when work on it is completed; and

(ii) The secondary site of the work, if any. Any other site where a significant portion of the building or work is constructed, provided that such site is?

(A) Located in the United States; and

(B) Established specifically for the performance of the contract or project;

(2) Except as provided in paragraph (3) of this definition, includes fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, tool yards, etc., provided?

(i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

(ii) They are adjacent or virtually adjacent to the ?primary site of the work? as defined in paragraphs (1)(i) of the secondary site of the work? as defined in paragraph (1)(ii) of this definition;

-1

22.402 FEDERAL ACQUISITION REGULATION

(3) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a contractor or subcontractor whose locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc.,

of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids

and not on the project site, are not included in the ?site of the work.? Such permanent, previously established facilities are not

a part of the ?site of the work?, even if the operations for a period of time may be dedicated exclusively, or nearly so, to the

performance of a contract.

Trainee means a person registered and receiving on-the-job training in a construction occupation under a program which

has been approved in advance by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS), as meeting its standards for on-the-job training programs

and which has been so certified by that Administration.

Wages means the basic hourly rate of pay; any contribution irrevocably made by a contractor or subcontractor to a trustee

or to a third person pursuant to a bona fide fringe benefit fund, plan, or program; and the rate of costs to the contractor or subcontractor which may be reasonably anticipated in providing bona fide fringe benefits to laborers and mechanics pursuant to an enforceable commitment to carry out a financially responsible plan or program, which was communicated in

writing to the laborers and mechanics affected. The fringe benefits enumerated in the Construction Wage Rate Requirements

statute include medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting

from occupational activity, or insurance to provide any of the foregoing; unemployment benefits; life insurance, disability insurance, sickness insurance, or accident insurance; vacation or holiday pay; defraying costs of apprenticeship or other

similar programs; or other bona fide fringe benefits. Fringe benefits do not include benefits required by other Federal, State,

or local law.

22.402 Presolicitation.

22.402-1 Applicability.

(a) Contracts in excess of \$2,000 for construction work.

(1) The requirements of this subpart apply?

(i) Only if the construction work is, or reasonably can be foreseen to be, performed at a particular site so that wage rates can be determined for the locality, and only to construction work that is performed by laborers and mechanics at the site

of the work;

(ii) To dismantling, demolition, or removal of improvements if a part of the construction contract, or if construction at that site is anticipated by another contract as provided in subpart 37.3;

(iii) To the manufacture or fabrication of construction materials and components conducted in connection with the construction and on the site of the work by the contractor or a subcontractor under a contract otherwise subject to this subpart; and

(iii) To painting of public buildings or public works, whether performed in connection with the original construction or as alteration or repair of an existing structure.

(2) The requirements of this subpart do not apply to?

(i) The manufacturing of components or materials off the site of the work or their subsequent delivery to the site by the commercial supplier or materialman;

(ii) Contracts requiring construction work that is so closely related to research, experiment, and development that it cannot be performed separately, or that is itself the subject of research, experiment, or development (see paragraph

(b) of

this section for applicability of this subpart to research and development contracts or portions thereof involving construction,

alteration, or repair of a public building or public work);

(iii) Employees of railroads operating under collective bargaining agreements that are subject to the Railway Labor Act; or

(iv) Employees who work at contractors' or subcontractors' permanent home offices, fabrication shops, or tool yards not located at the site of the work. However, if the employees go to the site of the work and perform construction activities

there, the requirements of this subpart are applicable for the actual time so spent, not including travel unless the employees

transport materials or supplies to or from the site of the work.

(b) Nonconstruction contracts in excess of \$2,000 involving some construction work.

(1) The requirements of this subpart apply to construction work to be performed as part of nonconstruction contracts

(supply, service, research and development, etc.) if?

-2

22.402-4

(i) The construction work is to be performed on a public building or public work;

(ii) The contract contains specific requirements for a substantial amount of construction work exceeding the monetary threshold for application of the Construction Wage Rate Requirements statute (the word substantial relates to the

type and quantity of construction work to be performed and not merely to the total value of construction work as compared to

the total value of the contract); and

(iii) The construction work is physically or functionally separate from, and is capable of being performed on a segregated basis from, the other work required by the contract.

(2) The requirements of this subpart do not apply if?

(i) The construction work is incidental to the furnishing of supplies, equipment, or services (for example, the requirements do not apply to simple installation or alteration at a public building or public work that is incidental to furnishing supplies or equipment under a supply contract; however, if a substantial and segregable amount of construction,

alteration, or repair is required, such as for installation of heavy generators or large refrigerator systems or for plant modification or rearrangement, the requirements of this subpart apply); or

(ii) The construction work is so merged with nonconstruction work or so fragmented in terms of the locations or time spans in which it is to be performed, that it is not capable of being segregated as a separate contractual requirement.

22.402-2 Copeland Act.

(a) The Copeland (Anti-Kickback) Act (18 U.S.C. 874 and 40 U.S.C. 3145) makes it unlawful to induce, by force, intimidation, threat of procuring dismissal from employment, or otherwise, any person employed in the construction or repair

of public buildings or public works, financed in whole or in part by the United States, to give up any part of the compensation

to which that person is entitled under a contract of employment.

(b) The Copeland Act also requires each contractor and subcontractor to furnish weekly a statement of compliance with

respect to the wages paid each employee during the preceding week.

22.402-3 Construction Wage Rate Requirements statute.

(a) 40 U.S.C. chapter 31, subchapter IV, Wage Rate Requirements (Construction), formerly known as the Davis-Bacon

Act, provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works within the United States, must contain a clause (see 52.222-6) that no laborer or mechanic employed directly upon the site of the work shall

receive less than the prevailing wage rates as determined by the Secretary of Labor.

(b) The contracting officer must incorporate only the appropriate wage determinations in solicitations and contracts and

must designate the work to which each determination or part thereof applies.

(1) If a general wage determination is not available on Wage Determinations at SAM.gov, a contracting agency must

submit requests for project wage determinations on SF 308 to the Department of Labor (See 29 CFR 1.5 for additional information).

- (i) A project wage determination will expire in 180 calendar days from the date of the determination.
- (ii) If the award is not made by then, the contracting officer must ask for an extension of the determination.

(2) The contracting officer must not include project wage determinations in contracts or options other than those for

which they are issued.

- (c) If a solicitation is issued before the wage determination for the primary site of the work is obtained, a notice must

be included in the solicitation that the schedule of minimum wage rates to be paid under the contract will be issued as an

amendment to the solicitation.

- (d) If there is any doubt as to the proper application of wage rate schedules to the types or types of construction involved,

the contracting officer must seek help from the Administrator, Wage and Hour Division.

- (e) The Secretary of Labor has established an Administrative Review Board which decides appeals of final decisions made

by the Department of Labor concerning Construction Wage Rate Requirements statute wage determinations. A contracting

agency or other interested party may file a petition for review under the procedures in 29 CFR Part 7 if reconsideration by the

Administrator has been sought pursuant to 29 CFR 1.8 and denied.

22.402-4 Solicitation provision and contract clauses implementing labor standards for contracts involving construction.

- (a) Insert the following clauses in solicitations and contracts in excess of \$2,000 for construction within the United States:

(1) 52.222-6, Construction Wage Rate Requirements.

-3

22.402-5 FEDERAL ACQUISITION REGULATION

(2) 52.222-7, Withholding of Funds.

(3) 52.222-8, Payrolls and Basic Records.

(4) 52.222-9, Apprentices and Trainees.

(5) 52.222-10, Compliance with Copeland Act Requirements.

(6) 52.222-11, Subcontracts (Labor Standards).

(7) 52.222-12, Contract Termination?Debarment.

(8) 52.222-13, Compliance with Construction Wage Rate Requirements and Related Regulations.

(9) 52.222-14, Disputes Concerning Labor Standards.

(10) 52.222-15, Certification of Eligibility.

(b) Insert the clause 52.222-16, Approval of Wage Rates, in solicitations and contracts in excess of \$2,000 for cost-reimbursement construction to be performed within the United States, except for contracts with a State or political subdivision thereof.

- (c) A contract that is not primarily for construction may contain a requirement for some construction work to be performed

in the United States. If under 22.402-1(b) the requirements of this subpart apply to the construction work, insert in such solicitations and contracts the applicable construction labor standards clauses required in this section and identify the item or

items of construction work to which the clauses apply.

(d) Insert the clause at 52.222-30, Construction Wage Rate Requirements?Price Adjustment (None or Separately Specified Pricing Method), in solicitations and contracts if the contract is expected to be?

(1) A fixed-price contract subject to the Construction Wage Rate Requirements statute that will contain option provisions by which the contracting officer may extend the term of the contract, and the contracting officer determines the

most appropriate contract price adjustment method is the method at 22.404-1(h)(6)(i) or (ii); or

(2) A cost-reimbursable type contract subject to the Construction Wage Rate Requirements statute that will contain

option provisions by which the contracting officer may extend the term of the contract.

(e) Insert the clause at 52.222-31, Construction Wage Rate Requirements?Price Adjustment (Percentage Method), in

solicitations and contracts if the contract is expected to be a fixed-price contract subject to the Construction Wage Rate Requirements statute that will contain option provisions by which the contracting officer may extend the term of the contract,

and the contracting officer determines the most appropriate contract price adjustment method is the method at 22.404-1(h)(6)

(iii).

(f) Insert the clause at 52.222-32, Construction Wage Rate Requirements?Price Adjustment (Actual Method), in solicitations and contracts if the contract is expected to be a fixed-price contract subject to the Construction Wage Rate Requirements statute that will contain option provisions by which the contracting officer may extend the term of the contract,

and the contracting officer determines the most appropriate method to establish contract price is the method at 22.404-1(h)(6)

(iv).

(g) Insert the provision at 52.222-5, Construction Wage Rate Requirements?Secondary Site of the Work, in solicitations

in excess of \$2,000 for construction within the United States.

22.402-5 Executive Orders 13658 and 14026.

Executive Order (E.O.) 13658 established minimum wages for certain workers at \$10.10 per hour. The E.O. 13658 rate has increased each year since 2015, rising to \$11.25 on January 1, 2022. As of January 30, 2022, E.O. 13658 is superseded

by E.O. 14026 to the extent that it is inconsistent with E.O. 14026; the minimum wage rate for certain workers is increased to

\$15.00 per hour. The wage rate is subject to annual increases by an amount determined by the Secretary of Labor. See subpart

22.19. The clause at 52.222-55, Minimum Wages for Contractor Workers under Executive Order 14026, requires the E.O.

14026 minimum wage rate to be paid if it is higher than other minimum wage rates, such as the subpart 22.4 statutory wage

determination amount.

22.403 Evaluation and award.

(a) (1) The Department of Labor may modify a wage determination to make it current by specifying only the items being

changed or by reissuing the entire determination with changes incorporated.

(2) All project wage determination modifications expire on the same day as the original determination. The need

to include a modification of a project wage determination for the primary site of the work in a solicitation is determined by the time of receipt of the modification by the contracting agency. Therefore, the contracting agency must annotate the

modification of the project wage determination with the date and time immediately upon receipt.

-4

22.403

(3) The need for inclusion of the modification of a general wage determination for the primary site of the work in a

solicitation is determined by the date the modified wage determination is published on the Wage Determinations at SAM.gov,

or by the date the agency receives actual written notice of the modification from the Department of Labor, whichever occurs

first. (Note the distinction between receipt by the agency (modification is effective) and receipt by the contracting officer, which may occur later.) During the course of the solicitation, the contracting officer must monitor the Wage Determinations at

SAM.gov website to determine whether the applicable wage determination has been revised. Revisions published on the Wage

Determinations at SAM.gov website or otherwise communicated to the contracting officer within the timeframes prescribed at

22.403(b) and (c) are applicable and must be included in the resulting contract. Monitoring can be accomplished by use of the

Wage Determinations at SAM.gov website's ?Alert Service?.

(b) The following applies when contracting by sealed bidding:

(1) A written action modifying a wage determination must be effective if:

(i) It is received by the contracting agency, or is published on the Wage Determinations at SAM.gov, 10 or more calendar days before the date of bid opening; or

(ii) It is received by the contracting agency, or is published on the Wage Determinations at SAM.gov, less than 10 calendar days before the date of bid opening, unless the contracting officer finds that there is not reasonable time available

before bid opening to notify the prospective bidders. (If the contracting officer finds that there is not reasonable time to notify

bidders, a written report of the finding must be placed in the contract file and must be made available to the Department of

Labor upon request.)

(2) All written actions modifying wage determinations received by the contracting agency after bid opening, or modifications to general wage determinations published on the Wage Determinations at SAM.gov after bid opening, shall not

be effective and shall not be included in the solicitation (but see paragraph (b)(6) of this section).

(3) If an effective modification of the wage determination for the primary site of the work is received by the contracting

officer before bid opening, the contracting officer must postpone the bid opening, if necessary, to allow a reasonable

time to

amend the solicitation to incorporate the modification and permit bidders to amend their bids. If the modification does not

change the wage rates and would not warrant amended bids, the contracting officer must amend the solicitation to include the

number and date of the modification.

(4) If an effective modification of the wage determination for the primary site of the work is received by the contracting

officer after bid opening, but before award, the contracting officer must?

(i) award the contract, incorporate the new determination to be effective on the date of contract award, and equitably

adjust the contract price for any increased or decreased cost of performance resulting from any changed wage rates;

(ii) award the contract and modify it to include the number and date of the new determination, if the new determination for the primary site of the work does not change any wage rates; or

(iii) cancel the solicitation, but only in accordance with 14.404-1.

(5) If an effective modification is received by the contracting officer after award, the contracting officer must modify

the contract to incorporate the wage modification retroactive to the date of award and equitably adjust the contract price for

any increased or decreased cost of performance resulting from any changed wage rates. If the modification does not change

any wage rates and would not warrant contract price adjustment, the contracting officer must modify the contract to include

the number and date of the modification.

(6) If an award is not made within 90 days after bid opening, any modification to a general wage determination which

is published on the Wage Determinations at SAM.gov before award, shall be effective for any resultant contract unless an

extension of the 90-day period is obtained from the Administrator, Wage and Hour Division. An agency head may request

such an extension from the Administrator. The request must be supported by a written finding, which must include a brief

statement of factual support, that the extension is necessary and proper in the public interest to prevent injustice, undue hardship, or to avoid serious impairment in the conduct of Government business. The contracting officer must follow the procedures in paragraph (b)(4) of this section.

(c) The following applies when contracting by negotiation:

(1) All written actions modifying wage determinations received by the contracting agency before contract award, or

modifications to general wage determinations published on the Wage Determinations at SAM.gov before award, shall be effective.

(2) If an effective wage modification is received by the contracting officer before award, the contracting officer must?

(i) If the new determination for the primary site of the work changes any wage rates, amend the solicitation to incorporate the new determination and furnish the wage rate information to all prospective offerors that were sent a

solicitation if the closing date for receipt of proposals has not yet occurred, or to all offerors that have not been eliminated

-5

22.404 FEDERAL ACQUISITION REGULATION

from the competition if the closing date has passed. All offerors to whom wage rate information has been furnished must be

given reasonable opportunity to amend their proposals; or

(ii) If the new determination for the primary site of the work does not change any wage rates, amend the solicitation to include the number and date of the new determination and award the contract.

(3) If an effective wage modification is received by the contracting officer after award, the contracting officer must

follow the procedures in paragraph (b)(5) of this section.

(d) If a solicitation is amended after issuance to add the wage determination for the primary site of the work (see

22.402-3(c)?

(1) In sealed bidding, bids may not be opened until a reasonable time after the wage determination for the primary site

of the work has been furnished to all bidders.

(2) In negotiated acquisitions, the contracting officer may open proposals and conduct negotiations before obtaining

the wage determination for the primary site of the work. However, the contracting officer must incorporate the wage determination for the primary site of the work into the solicitation before submission of best and final offers.

(e) The following written notifications by the Department of Labor must be effective immediately if received by the contracting officer prior to award:

(1) A wage determination found to contain clerical errors;

(2) A solicitation includes the wrong wage determination or the wrong rate schedule; or

(3) A wage determination is withdrawn by the Administrative Review Board.

(f) For appealing a denial of reconsideration of a wage determination see 22.402-3(e).

22.404 Postaward.

22.404-1 Administration.

(a) (1) The contracting officer must furnish to the contractor, Department of Labor Form WH-1321, Notice to Employees

Working on Federal and Federally Financed Construction Projects, for posting with the wage rates. The name, address, and

telephone number of the Government officer responsible for the administration of the contract must be indicated in the poster

to inform workers to whom they may submit complaints or raise questions concerning labor standards.

(2) In accordance with the requirements of the clause at 52.222-11, Subcontracts (Labor Standards), the contractor and

subcontractors at any tier are required to submit a fully executed SF 1413, Statement and Acknowledgment, upon award of

each subcontract.

(b) Before construction begins, the contracting officer must inform the contractor of the labor standards clauses and wage

determination requirements of the contract and of the contractor's and any subcontractor's responsibilities under the

contract.

Unless it is clear that the contractor is fully aware of the requirements, the contracting officer must issue an explanatory letter

and/or arrange a conference with the contractor promptly after award of the contract.

- (c) (1) If contract award is made without the required wage determination (i.e., incorporating no determination, containing

a clearly inapplicable general wage determination, or containing a project determination which is inapplicable because of an

inaccurate description of the project or its location), the contracting officer must?

- (i) Modify the contract to incorporate the required wage determination (retroactive to the date of award), and equitably adjust the contract price if appropriate; or

- (ii) Terminate the contract.

- (2) If a required wage determination (valid determination in effect on the date of award) is not available, the contracting

officer must expeditiously request a wage determination from the Department of Labor, including a statement explaining the

circumstances and giving the date of the contract award.

- (d) If any laborer or mechanic is to be employed in a classification that is not listed in the wage determination applicable

to the contract, the contracting officer, pursuant to the clause at 52.222-6, Construction Wage Rate Requirements, must require that the contractor submit to the contracting officer, Standard Form (SF) 1444, Request for Authorization of Additional Classification and Rate, which, along with other pertinent data, contains the proposed additional classification and

minimum wage rate including any fringe benefits payments.

- (1) Upon receipt of SF 1444 from the contractor, the contracting officer must review the request to determine whether it

meets the following criteria:

- (i) The classification is appropriate and the work to be performed by the classification is not performed by any classification contained in the applicable wage determination.

- (ii) The classification is utilized in the area by the construction industry.

-6

22.404-1

- (iii) The proposed wage rate, including any fringe benefits, bears a reasonable relationship to the wage rates in the wage determination in the contract.

- (2) If the criteria in paragraph (d)(1) of this section are met and the contractor and the laborers or mechanics to be

employed in the additional classification (if known) or their representatives agree to the proposed additional classification,

and the contracting officer approves, the contracting officer must submit a report (including a copy of SF 1444) of that action

to the Administrator, Wage and Hour Division, for approval, modification, or disapproval of the additional classification and

wage rate (including any amount designated for fringe benefits); or

- (3) If the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the

contracting officer do not agree on the proposed additional classification, or if the criteria are not met, the contracting officer

must submit a report (including a copy of SF 1444) giving the views of all interested parties and the contracting officer's recommendation to the Administrator, Wage and Hour Division, for determination of appropriate classification and wage rate.

(4) (i) Within 30 days of receipt of the information, the Administrator, Wage and Hour Division, will complete action

and so advise the contracting officer, or will notify the contracting officer that additional time is necessary.

(ii) Upon receipt of the Department of Labor's action, the contracting officer must forward a copy of the action to the contractor, directing that the classification and wage rate be posted in accordance with paragraph (a) of the clause at 52.222-6

and that workers in the affected classification receive no less than the minimum rate indicated from the first day on which

work under the contract was performed in the classification.

(e) In each option to extend the term of the contract, if any laborer or mechanic is to be employed during the option in

a classification that is not listed (or no longer listed) on the wage determination incorporated in that option, the contracting

officer must require that the contractor submit a request for conformance using the procedures noted in paragraph (d) of this

section.

(f) (1) The contracting officer must examine the payrolls and payroll statements submitted in accordance with the clause

at 52.222-8, to ensure compliance with the contract requirements. The contracting agency must retain payrolls and statements

of compliance for 3 years after completion of the contract and make them available when requested by the Department of Labor at any time during that period. Submitted payrolls must not be returned to a contractor or subcontractor for any reasons, but copies thereof may be furnished to the contractor or subcontractor who submitted them, or to a higher tier contractor or subcontractor. Particular attention should be given to-

(i) The correctness of classifications and rates;

(ii) Fringe benefits payments;

(iii) Hours worked;

(iv) Deductions; and

(v) Disproportionate employment ratios of laborers, apprentices, or trainees, to journeyman.

(2) Contractor payroll records in the Government's possession must be carefully protected from any public disclosure

which is not required by law, since payroll records may contain information in which the contractor's employees have a privacy interest, as well as information in which the contractor may have a proprietary interest that the Government may be

obliged to protect. Questions concerning release of this information may involve the Freedom of Information Act (FOIA).

(3) (i) The contracting officer must review the contractor's employment and payment records of apprentices and

trainees made available pursuant to the clause at 52.222-8, Payrolls and Basic Records, to ensure that the contractor has

complied with the clause at 52.222-9, Apprentices and Trainees.

(ii) If a contractor has classified employees as apprentices or trainees without complying with the requirements of the clause at 52.222-9, the contracting officer must reject the classification and require the contractor to pay the affected

employees at the rates applicable to the classification of the work actually performed.

(g) For purposes of the clause at 52.222-6, if the interested parties (i.e. contractor, contracting officer, and employees or their representative) cannot agree on the "cash equivalent," the contracting officer must submit the question for final determination to the Department of Labor as prescribed by agency procedures. The information submitted must include?

(1) A comparison of the payments, contributions, or costs in the wage determination with those made or proposed as equivalents by the contractor; and

(2) The comments and recommendations of the contracting officer

(h) The following applies when modifying a contract to exercise an option to extend the term of a contract:

(1) Each time the contracting officer exercises an option to extend the term of a contract for construction, or a contract

that includes substantial and segregable construction work, the contracting officer must modify the contract to incorporate the

most current wage determination.

(2) A modified wage determination is effective if?

-7

22.404-2 FEDERAL ACQUISITION REGULATION

(i) The contracting agency receives a written action from the Department of Labor prior to exercise of the option, or within 45 days after submission of a wage determination request whichever is later; or

(ii) The Department of Labor publishes the modification to a general wage determination on the Wage Determinations at SAM.gov before exercise of the option.

(3) If the contracting officer receives an effective modified wage determination either before or after execution of the

contract modification to exercise the option, the contracting officer must modify the contract to incorporate the modified wage determination, and any changed wage rates, effective as of the date that the option to extend was effective.

(4) The contracting officer must select the most current wage determination(s) from the same schedule(s) as the wage

determination(s) incorporated into the contract.

(5) If a contract with an option to extend the term of the contract has indefinite-delivery or indefinite-quantity construction requirements, the contracting officer must incorporate the wage determination incorporated into the contract at

the exercise of the option into task orders issued during that option period. The wage determination will be effective for the

complete period of performance of those task orders without further revision.

(6) The contracting officer must include in fixed-price contracts a clause that specifies one of the following methods,

suitable to the interest of the Government, to provide an allowance for any increases or decreases in labor costs that result

from the inclusion of the current wage determination at the exercise of an option to extend the term of the contract:

(i) The contracting officer may provide the offerors the opportunity to bid or propose separate prices for each

option period. The contracting officer must not further adjust the contract price as a result of the incorporation of a new or

revised wage determination at the exercise of each option to extend the term of the contract. Generally, this method is used in

construction-only contracts (with options to extend the term) that are not expected to exceed a total of 3 years.

(ii) The contracting officer may include in the contract a separately specified pricing method that permits an adjustment to the contract price or contract labor unit price at the exercise of each option to extend the term of the contract.

At the time of option exercise, the contracting officer must incorporate a new wage determination into the contract, and must

apply the specific pricing method to calculate the contract price adjustment. An example of a contract pricing method that the

contracting officer might separately specify is incorporation in the solicitation and resulting contract of the pricing data from

an annually published unit pricing book (e.g., the U.S. Army Computer-Aided Cost Estimating System or similar commercial

product), which is multiplied in the contract by a factor proposed by the contractor (e.g., .95 or 1.1). At option exercise,

the contracting officer incorporates the pricing data from the latest annual edition of the unit pricing book, multiplied by

the factor agreed to in the basic contract. The contracting officer must not further adjust the contract price as a result of the

incorporation of the new or revised wage determination.

(iii) The contracting officer may provide for a contract price adjustment based solely on a percentage rate determined by the contracting officer using a published economic indicator incorporated into the solicitation and resulting

contract. At the exercise of each option to extend the term of the contract, the contracting officer will apply the percentage

rate, based on the economic indicator, to the portion of the contract price or contract unit price designated in the contract

clause as labor costs subject to the provisions of the Construction Wage Rate Requirements statute. The contracting officer

must insert 50 percent as the estimated portion of the contract price that is labor unless the contracting officer determines,

prior to issuance of the solicitation, that a different percentage is more appropriate for a particular contract or requirement.

This percentage adjustment to the designated labor costs must be the only adjustment made to cover increases in wages and/

or benefits resulting from the incorporation of a new or revised wage determination at the exercise of the option.

(iv) The contracting officer may provide a computation method to adjust the contract price to reflect the contractor's actual increase or decrease in wages and fringe benefits (combined) to the extent that the increase is made to comply with,

or the decrease is voluntarily made by the contractor as a result of incorporation of, a new or revised wage determination

at the exercise of the option to extend the term of the contract. Generally, this method is appropriate for use only if contract

requirements are predominately services subject to the Service Contract Labor Standards statute and the construction

requirements are substantial and segregable. The methods used to adjust the contract price for the service requirements and the construction requirements would be similar.

(i) For appealing a denial of reconsideration of a wage determination see 22.402-3(e).

22.404-2 Enforcement.

(a) Policy. Contracting agencies are responsible for ensuring the full and impartial enforcement of labor standards in the administration of construction contracts. Contracting agencies must maintain an effective program that must include?

(1) Ensuring that contractors and subcontractors are informed, before commencement of work, of their obligations

under the labor standards clauses of the contract;

-8

22.404-2

(2) Adequate payroll reviews, on-site inspections, and employee interviews to determine compliance by the contractor

and subcontractors, and prompt initiation of corrective action when required;

(3) Prompt investigation and disposition of complaints; and

(4) Prompt submission of all reports required by the regulations on labor standards for contracts involving construction

in this part.

(b) Compliance checking. The contracting officer must make checks and investigations on all contracts covered by this

subpart as may be necessary to ensure compliance with the labor standards requirement of the contract.

(1) Regular compliance checks. Regular compliance checking includes the following activities:

(i) Employee interviews to determine correctness of classifications, rates of pay, fringe benefits payments, and hours

worked. (See Standard Form 1445.)

(ii) On-site inspections to check type of work performed, number and classification of workers, and fulfillment of posting requirements.

(iii) Payroll reviews to ensure that payrolls of prime contractors and subcontractors have been submitted on time and

are complete and in compliance with contract requirements.

(iv) Comparison of the information in this paragraph (b) with available data, including daily inspector's report and daily logs of construction, to ensure consistency.

(2) Special compliance checks. Situations that may require special compliance checks include?

(i) Inconsistencies, errors, or omissions detected during regular compliance checks; or

(ii) Receipt of a complaint alleging violations. If the complaint is not specific enough, the complainant must be so advised and invited to submit additional information.

(c) Investigations.

(1) Contracting agency investigations. Contracting agencies must conduct an investigation when a compliance check

indicates that substantial or willful violations may have occurred or violations have not been corrected.

(i) The investigation must?

(A) Include all aspects of the contractor's compliance with contract labor standards requirements;

(B) Not be limited to specific areas raised in a complaint or uncovered during compliance checks; and

(C) Use personnel familiar with labor laws and their application to contracts.

(ii) Do not disclose contractor employees' oral or written statements taken during an investigation or the employee's identity to anyone other than an authorized Government official without that employee's prior signed consent.

(iii) Send a written request to the Administrator, Wage and Hour Division, to obtain?

(A) Investigation and enforcement instructions; or

(B) Available pertinent Department of Labor files.

(iv) Obtain permission from the Department of Labor before disclosing material obtained from Labor Department files, other than computations of back wages and liquidated damages and summaries of back wages due, to anyone other than

Government contract administrators.

(v) The contracting officer must review the investigation report on receipt and make preliminary findings. The contracting officer normally must not base adverse findings solely on employee statements that the employee does not wish

to have disclosed. However, if the investigation establishes a pattern of possible violations that are based on employees'

statements that are not authorized for disclosure, the pattern itself may support a finding of noncompliance.

(vi) After completing the review, the contracting officer must?

(A) Provide the contractor any written preliminary findings and proposed corrective actions, and notice that the

contractor has the right to request that the basis for the findings be made available and to submit written rebuttal information.

(B) Upon request, provide the contractor with rationale for the findings. However, under no circumstances

will the contracting officer permit the contractor to examine the investigation report. Also, the contracting officer must not disclose the identity of any employee who filed a complaint or who was interviewed, without the prior consent of the employee.

(C)

(1) The contractor may rebut the findings in writing within 60 days after it receives a copy of the preliminary findings. The rebuttal becomes part of the official investigation record. If the contractor submits a rebuttal, evaluate the preliminary findings and notify the contractor of the final findings.

(2) If the contracting officer does not receive a timely rebuttal, the contracting officer must consider the preliminary findings final.

-9

22.404-2 FEDERAL ACQUISITION REGULATION

(D) If appropriate, request the contractor to make restitution for underpaid wages and assess liquidated damages.

If the request includes liquidated damages, the request must state that the contractor has 60 days to request relief from such assessment.

(vii) After taking the actions prescribed in paragraphs (c)(1)(v) and (c)(1)(vi) of this subsection?

(A) The contracting officer must prepare and forward a report of any violations, including findings and supporting evidence, to the agency head. Standard Form 1446, Labor Standards Investigation Summary Sheet, is the first

page of the report; and

(B) The agency head must process the report as follows:

(1) The contracting officer must send a detailed enforcement report to the Administrator, Wage and Hour Division, within 60 days after completion of the investigation, if?

(i) A contractor or subcontractor underpaid by \$1,000 or more;

(ii) The contracting officer believes that the violations are aggravated or willful (or there is reason to believe that the contractor has disregarded its obligations to employees and subcontractors under the Construction Wage Rate Requirements statute);

(iii) The contractor or subcontractor has not made restitution; or

(iv) Future compliance has not been assured.

(2) If the Department of Labor expressly requested the investigation and none of the conditions in paragraph (c)(1)(vii)(B)(1) of this subsection exist, submit a summary report to the Administrator, Wage and Hour Division. The report

must include?

(i) A summary of any violations;

(ii) The amount of restitution paid;

(iii) The number of workers who received restitution;

(iv) The amount of liquidated damages assessed under the Contract Work Hours and Safety Standards statute;

(v) Corrective measures taken; and

(vi) Any information that may be necessary to review any recommendations for an appropriate adjustment in liquidated damages.

(3) If none of the conditions in paragraphs (c)(1)(vii)(B)(1) or (2) of this subsection are present, close the case and retain the report in the appropriate contract file.

(4) If substantial evidence is found that violations are willful and in violation of a criminal statute, (generally **18 U.S.C. 874 or 1001**), **forward the report (supplemented if necessary) to the Attorney General of the United States for**

prosecution if the facts warrant. Notify the Administrator, Wage and Hour Division, when the report is forwarded for the Attorney General's consideration.

(2) Department of Labor investigations. The Department of Labor will furnish the contracting officer an enforcement

report detailing violations found and any corrective action taken by the contractor, in investigations that disclose?

(i) Underpayments totaling \$1,000 or more;

(ii) Aggravated or willful violations (or, when the contracting officer believes that the contractor has disregarded its obligations to employees and subcontractors under the Construction Wage Rate Requirements statute); or

(iii) Potential assessment of liquidated damages under the Contract Work Hours and Safety Standards statute.

(3) Other investigations. The Department of Labor will provide a letter summarizing the findings of the investigation to

the contracting officer for all investigations that are not described in paragraph (c)(2) of this subsection.

(4) Cooperation.

(i) The contracting agency must cooperate with representatives of the Department of Labor in the inspection of records, interviews with workers, and all other aspects of investigations undertaken by the Department of Labor.

(ii) When requested, the contracting agency must furnish to the Secretary any available information on contractors, subcontractors, current and previous contracts, and the nature of the contract work.

(iii) If a Department of Labor representative undertakes an investigation at a construction project, the contracting officer must inquire into the scope of the investigation, and request to be notified immediately of any violations discovered

under the Construction Wage Rate Requirements statute, the Contract Work Hours and Safety Standards statute, or the

Copeland (Anti-Kickback) Act.

(d) Report. A semiannual report on compliance with and enforcement of the construction labor standards requirements

of the Construction Wage Rate Requirements statute and Contract Work Hours and Safety Standards statute is required

from each contracting agency. The reporting periods are October 1 through March 31 and April 1 through September 30.

-10

22.404-2

The reports must only contain information as to the enforcement actions of the contracting agency and must be prepared as

prescribed in Department of Labor memoranda and submitted to the Department of Labor within 30 days after the end of the

reporting period. This report has been assigned interagency report control number 1482-DOL-SA.

(e) Withholding payment.

(1) If the contractor fails to submit copies of its or its subcontractors' payrolls promptly under clause 52.222-8, the

contracting officer must, from any payment due to the contractor, from any current Federal contract or Federally assisted

contract with the same prime contractor that is subject to either the Construction Wage Rate Requirements statute or Contract

Work Hours and Safety Standards statute requirements, withhold approval of an amount that the contracting officer considers

necessary to protect the interest of the Government and the employees of the contractor or any subcontractor.

(2)

(i) If the contracting officer believes a violation exists (see paragraph (a) of this subsection), or upon request of the Department of Labor, the contracting officer must withhold from payments due the contractor an amount equal to the

estimated wage underpayment and estimated liquidated damages due the United States under the Contract Work Hours and

Safety Standards statute. (See 22.302.)

(ii) Use withheld funds as provided in paragraph (g) of this subsection to satisfy assessed liquidated damages, and unless the contractor makes restitution, validated wage underpayments.

(f) Suspension of contract payments. If a contractor or subcontractor fails or refuses to comply with the labor standards

clauses of the Construction Wage Rate Requirements statute and related statutes, the agency, upon its own action or upon

the written request of the Department of Labor, must suspend any further payment, advance, or guarantee of funds until the

violations cease or until the agency has withheld sufficient funds to compensate employees for back wages, and to

cover any

liquidated damages due.

(g) Disposition of contract payments withheld or suspended ?

(1) Forwarding wage underpayments to the Secretary. Upon final administrative determination, if the contractor or

subcontractor has not made restitution, the contracting officer must follow the Department of Labor guidance published in

Wage and Hour Division, All Agency Memorandum (AAM) No. 215, Streamlining Claims for Federal Contractor Employees

Act. The AAM No. 215 can be obtained at <http://www.dol.gov/whd/govcontracts/dbra.htm>; under Guidance there is a link for

All Agencies Memoranda (AAMs).

(2) Returning of withheld funds to contractor. When funds withheld exceed the amount required to satisfy validated

wage underpayments and assessed liquidated damages, return the funds to the contractor.

(3) Liquidated damages. Upon final administrative determination, the contracting officer must dispose of funds withheld or collected for liquidated damages in accordance with agency procedures.

(h) Reporting terminations. If a contract or subcontract is terminated for violation of the labor standards clauses, the contracting agency must submit a report to the Administrator, Wage and Hour Division. The report must include the number

of the terminated contract.

(i) Disputes.

(1) Disputes between the contracting officer and contractors concerning construction contract labor standards enforcement will be settled by the Department of Labor.

(2) The Administrator, Wage and Hour Division, will respond directly to the contractor or subcontractor, with a copy

to the contracting agency. The contractor or subcontractor may appeal the Administrator's findings in accordance with the procedures outlined in Labor Department Regulations (29 CFR 5.11). Hearings before administrative law judges are conducted in accordance with 29 CFR part 6, and hearings before the Labor Department Administrative Review Board are

conducted in accordance with 29 CFR part 7.

22.502-1

Subpart 22.5 - Project Labor Agreements for Federal Construction Projects.

22.500 Scope.

This subpart prescribes policies and procedures to implement Executive Order 14063, Use of Project Labor Agreements

for Federal Construction Projects, dated February 4, 2022 (3 CFR, 2023 Comp., pp 335-338).

22.501 Definitions.

As used in this subpart --

Construction means construction, reconstruction, rehabilitation, modernization, alteration, conversion, extension, repair, or

improvement of buildings, structures, highways, or other real property.

Labor organization means a labor organization as defined in 29 U.S.C. 152(5) of which building and construction employees are members.

Large-scale construction project means a Federal construction project within the United States for which the total estimated cost of the construction contract to the Federal Government is \$35 million or more.

Project labor agreement means a pre-hire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment for a specific construction project and is an agreement described in 29

U.S.C. 158(f).

22.502 Presolicitation.

22.502-1 Policy.

(a) Executive Order (E.O.) 14063, Use of Project Labor Agreements for Federal Construction Projects, requires agencies

to use project labor agreements in large-scale construction projects to promote economy and efficiency in the administration

and completion of Federal construction projects.

(b) When awarding a contract in connection with a large-scale construction project, agencies must require use of project labor agreements for contractors and subcontractors engaged in construction on the project, unless an exception at

22.502-2(d) applies.

(c) An agency may require the use of a project labor agreement on projects where the total cost to the Federal Government

is less than that for a large-scale construction project, if appropriate.

(1) An agency may, if appropriate, require that every contractor and subcontractor engaged in construction on the project agree, for that project, to negotiate or become a party to a project labor agreement with one or more labor organizations if the agency decides that the use of project labor agreements will?

(i) Advance the Federal Government's interest in achieving economy and efficiency in Federal procurement, producing labor-management stability, and ensuring compliance with laws and regulations governing safety and health, equal

employment opportunity, labor and employment standards, and other matters; and

(ii) Be consistent with law.

(2) Agencies may consider the following factors in deciding whether the use of a project labor agreement is appropriate

for a construction project where the total cost to the Federal Government is less than that for a large-scale construction project:

(i) The project will require multiple construction contractors and/or subcontractors employing workers in multiple crafts or trades.

(ii) There is a shortage of skilled labor in the region in which the construction project will be sited.

(iii) Completion of the project will require an extended period of time.

(iv) Project labor agreements have been used on comparable projects undertaken by Federal, State, municipal, or private entities in the geographic area of the project.

(v) A project labor agreement will promote the agency's long term program interests, such as facilitating the training of a skilled workforce to meet the agency's future construction needs.

(vi) Any other factors that the agency decides are appropriate.

(d) For indefinite-delivery indefinite-quantity (IDIQ) contracts the use of a project labor agreement may be required on an order-by-order basis rather than for the entire contract. For an order at or above \$35 million an agency must require the use of a project labor agreement unless an exception applies. See 22.502-2(d)(3) and 22.502-3(b)(3).

-1

22.502-2 FEDERAL ACQUISITION REGULATION

22.502-2 General requirements.

(a) General. Project labor agreements established under this subpart must fully conform to all statutes, regulations, and

Executive orders.

(b) Requirements. A project labor agreement must?

(1) Bind all contractors and subcontractors engaged in construction on the construction project to comply with the project labor agreement;

(2) Allow all contractors and subcontractors to compete for contracts and subcontracts without regard to whether they are otherwise parties to collective bargaining agreements;

(3) Contain guarantees against strikes, lockouts, and similar job disruptions;

(4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;

(5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and

(6) Include any additional requirements as the agency deems necessary to satisfy its needs.

(c) Labor organizations. An agency may not require contractors or subcontractors to enter into a project labor agreement with any particular labor organization.

(d) Exceptions to project labor agreement requirements ?

(1) Exception. The senior procurement executive may grant an exception from the requirements at 22.502-1(b), providing a specific written explanation of why at least one of the following conditions exists with respect to the particular contract:

(i) Requiring a project labor agreement on the project would not advance the Federal Government's interests in achieving economy and efficiency in Federal procurement. The exception must be based on one or more of the following factors:

(A) The project is of short duration and lacks operational complexity.

(B) The project will involve only one craft or trade.

(C) The project will involve specialized construction work that is available from only a limited number of contractors or subcontractors.

(D) The agency's need for the project is of such an unusual and compelling urgency that a project labor agreement

would be impracticable.

(ii) Market research indicates that requiring a project labor agreement on the project would substantially reduce the number of potential offerors to such a degree that adequate competition at a fair and reasonable price could not be achieved.

(See 10.002(b)(1) and 36.104). A likely reduction in the number of potential offerors is not, by itself, sufficient to except

a contract from coverage under this authority unless it is coupled with the finding that the reduction would not allow for adequate competition at a fair and reasonable price.

(iii) Requiring a project labor agreement on the project would otherwise be inconsistent with Federal statutes, regulations, Executive orders, or Presidential memoranda.

(2) Considerations. When determining whether the exception in paragraph (d)(1)(ii) of this subsection applies, contracting officers must consider current market conditions and the extent to which price fluctuations may be attributable

to factors other than the requirement for a project labor agreement (e.g., costs of labor or materials, supply chain costs). Agencies may rely on price analysis conducted on recent competitive proposals for construction projects of a similar size and scope.

(3) Timing of the exception ?

(i) Contracts other than IDIQ contracts. The exception must be granted for a particular contract by the solicitation date.

(ii) IDIQ contracts. An exception must be granted prior to the solicitation date if the basis for the exception cited would apply to all orders. Otherwise, exceptions must be granted for each order by the time of the notice of the intent to place an order (e.g., 16.505(b)(1)).

22.502-3 Solicitation provision and contract clause.

When a project labor agreement is used for a construction project, the contracting officer must?

(a) (1) Insert the provision at 52.222-33, Notice of Requirement for Project Labor Agreement, in solicitations containing

the clause 52.222-34, Project Labor Agreement.

-2

22.502-3

(2) Use the provision with its Alternate I if the agency will require the submission of a project labor agreement from only the apparent successful offeror, prior to contract award.

(3) Use the provision with its Alternate II if an agency allows submission of a project labor agreement after contract award except when Alternate III is used.

(4) Use the provision with its Alternate III when Alternate II of 52.222-34 is used.

(b) (1) Insert the clause at 52.222-34, Project Labor Agreement, in solicitations and contracts associated with the construction project.

(2) Use the clause with its Alternate I if an agency allows submission of the project labor agreement after contract award except when Alternate II is used.

(3) Use the clause with its Alternate II in IDIQ contracts when the agency will have project labor agreements

negotiated

on an order-by-order basis and anticipates one or more orders may not use a project labor agreement.

-3

-4

22.601-4

Subpart 22.6 - Contracts for Materials, Supplies, Articles, and Equipment.

22.601 Presolicitation.

22.601-1 Statutory requirement.

Except for the exemptions at 22.601-3, all contracts subject to 41 U.S.C. chapter 65 (the statute), and entered into by any

executive department, independent establishment, or other agency or instrumentality of the United States, or by the District

of Columbia, or by any corporation (all the stock of which is beneficially owned by the United States) for the manufacture

or furnishing of materials, supplies, articles, and equipment (referred to in this subpart as supplies) in any amount exceeding

\$20,000, must include or incorporate by reference the stipulations required by the statute pertaining to such matters as minimum wages, maximum hours, child labor, convict labor, and safe and sanitary working conditions.

22.601-2 Applicability.

The requirements of this subpart apply to contracts (including for this purpose, indefinite-delivery contracts, basic ordering

agreements, and blanket purchase agreements) for the manufacture or furnishing of supplies that?

- (a) Will be performed in the United States, Puerto Rico, or the U.S. Virgin Islands;
- (b) Exceed or may exceed \$20,000; and
- (c) Are not exempt under 22.601-3.

22.601-3 Exemptions.

- (a) Contracts for acquisition of the following supplies are statutorily exempt from the requirements of this subpart:

- (1) Any item in those situations where the contracting officer is authorized by the express language of a statute to

purchase ?in the open market? generally (such as commercial products and commercial services, see part 12); or where a

specific purchase is made under the conditions described in 6.302-2 in circumstances where immediate delivery is required

by the public exigency.

- (2) Perishables, including dairy, livestock, and nursery products.
- (3) Agricultural or farm products processed for first sale by the original producers.
- (4) Agricultural commodities or the products thereof purchased under contract by the Secretary of Agriculture.

- (b) Contracts for the following acquisitions are regulatorily exempt from the requirements of this subpart (see 41 CFR

50-201.603):

- (1) Public utility services.
- (2) Supplies manufactured outside the United States, Puerto Rico, and the U.S. Virgin Islands.
- (3) Purchases against the account of a defaulting contractor where the stipulations of the statute were not

included in
the defaulted contract.

(4) Newspapers, magazines, or periodicals, contracted for with sales agents or publisher representatives, which are to be delivered by the publishers thereof.

(c) (1) Upon the request of the agency head, the Secretary may exempt specific contracts or classes of contracts from the inclusion or application of one or more of the statute's stipulations; provided, that the request includes a finding by the agency head stating the reasons why the conduct of Government business will be seriously impaired unless the exemption is granted.

(2) Those requests for exemption that relate solely to safety and health standards must be transmitted to the Assistant Secretary for Occupational Safety and Health, U.S. Department of Labor, Washington, DC 20210. All other requests must be transmitted to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210.

22.601-4 Rulings and interpretations of the statute.

As authorized by the statute, the Secretary of Labor has issued rulings and interpretations concerning the administration of the statute (see 41 CFR 50-206). The substance of certain rulings and interpretations is as follows:

(a) If a contract for \$20,000 or less is subsequently modified to exceed \$20,000, the contract becomes subject to the statute for work performed after the date of the modification.

(b) If a contract for more than \$20,000 is subsequently modified by mutual agreement to \$20,000 or less, the contract is not subject to the statute for work performed after the date of the modification.

(c) If a contract awarded to a prime contractor contains a provision whereby the prime contractor is made an agent of the Government, the prime contractor is required to include the stipulations of the statute in contracts in excess of -1

22.601-5 FEDERAL ACQUISITION REGULATION

\$20,000 awarded for and on behalf of the Government for supplies that are to be used in the construction and equipment of Government facilities.

(d) If a contract subject to the statute is awarded to a contractor operating Government-owned facilities, the stipulations of the statute affect the employees of that contractor the same as employees of contractors operating privately owned facilities.

(e) Indefinite-delivery contracts, including basic ordering agreements and blanket purchase agreements, are subject to the statute unless it can be determined in advance that the aggregate amount of all orders estimated to be placed thereunder for 1 year after the effective date of the agreement will not exceed \$20,000. A determination must be made annually thereafter if the contract or agreement is extended, and the contract or agreement modified if necessary.

22.601-5 Solicitation provisions and contract clauses.

Insert the clause at 52.222-20, Contracts for Materials, Supplies, Articles, and Equipment, in solicitations and contracts covered by the statute (see 22.601-2 and 22.601-3).

22.602 Postaward.

In the event of a violation of a stipulation required under 41 U.S.C. Chapter 65, the contracting officer must, in accordance

with agency procedures, notify the appropriate regional office of the DOL, Wage and Hour Division (see 29 CFR part 1, Appendix B), and furnish any information available.

This page intentionally left blank.

-2

22.902

Subpart 22.9 - Nondiscrimination Because of Age.

22.901 Presolicitation.

22.901-1 General.

Executive Order 11141, February 12, 1964 (29 FR 2477), states that the Government policy is as follows:

(a) Contractors and subcontractors must not, in connection with employment, advancement, or discharge of employees,

or the terms, conditions, or privileges of their employment, discriminate against persons because of their age except upon the

basis of a bona fide occupational qualification, retirement plan, or statutory requirement.

(b) Contractors and subcontractors, or persons acting on their behalf, must not specify in solicitations or advertisements for

employees to work on Government contracts, a maximum age limit for employment unless the specified maximum age limit

is based upon a bona fide occupational qualification, retirement plan, or statutory requirement.

(c) Agencies will bring this policy to the attention of contractors. The use of contract clauses is not required.

22.902 Postaward.

Agencies must bring complaints regarding a contractor's compliance with the policy in Executive Order 11141 to that contractor's attention (in writing, if appropriate), stating the policy, indicating that the contractor's compliance has been questioned, and requesting that the contractor take any appropriate steps that may be necessary to comply.

-1

This page intentionally left blank.

-2

22.1002-1

Subpart 22.10 - Service Contract Labor Standards.

22.1000 Scope.

This subpart prescribes policies and procedures implementing the provisions of 41 U.S.C. chapter 67, Service Contract Labor Standards (formerly known as the Service Contract Act of 1965) and related Secretary of Labor regulations and instructions (29 CFR parts 4, 6, 8, and 1925).

22.1001 Definitions.

As used in this subpart?

Contractor includes a subcontractor at any tier whose subcontract is subject to the provisions of the statute.

Multiple year contracts means contracts having a term of more than 1 year regardless of fiscal year funding. The term includes multi-year contracts (see 17.102).

United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer

Continental Shelf Lands Act (43 U.S.C. 1331, et seq.), but does not include any other place subject to U.S. jurisdiction or any

U.S. base or possession within a foreign country (29 CFR 4.112).

22.1002 Presolicitation.

22.1002-1 Applicability.

(a) [Reserved]

(b) This subpart applies to all Government contracts, the principal purpose of which is to furnish services in the United

States through the use of service employees, except as exempted in paragraphs (c) through (g) of this subsection, or any

subcontract at any tier thereunder. More information on "principal purpose" can be found here.

(c) The Service Contract Labor Standards statute does not apply to?

(1) Any contract for construction, alteration, or repair of public buildings or public works, including painting and decorating;

(2) Any work required to be done in accordance with the provisions of 41 U.S.C. chapter 65;

(3) Any contract for transporting freight or personnel by vessel, aircraft, bus, truck, express, railroad, or oil or gas

pipeline where published tariff rates are in effect;

(4) Any contract for furnishing services by radio, telephone, or cable companies subject to the Communications Act of

1934;

(5) Any contract for public utility services;

(6) Any employment contract providing for direct services to a Federal agency by an individual or individuals; or

(7) Any contract for operating postal contract stations for the U.S. Postal Service.

(d) In addition to the statutory exemptions cited in paragraph (c) of this subsection, the Secretary has exempted the following types of contracts from all provisions of the Service Contract Labor Standards statute:

(1) Contracts entered into by the United States with common carriers for the carriage of mail by rail, air (except air star

routes), bus, and ocean vessel, where such carriage is performed on regularly scheduled runs of the trains, airplanes, buses,

and vessels over regularly established routes and accounts for an insubstantial portion of the revenue therefrom.

(2) Any contract entered into by the U.S. Postal Service with an individual owner-operator for mail service if it is not contemplated at the time the contract is made that the owner-operator will hire any service employee to perform the services under the contract except for short periods of vacation time or for unexpected contingencies or emergency situations such as illness, or accident.

(3) Contracts for the carriage of freight or personnel if such carriage is subject to rates covered by section 10721 of the Interstate Commerce Act.

(e) (1) The Secretary has exempted from the Service Contract Labor Standards statute contracts and subcontracts in which the primary purpose is to furnish maintenance, calibration, or repair of the following types of equipment, if the conditions at paragraph (e)(2) of this subsection are met:

(i) Automated data processing equipment and office information/word processing systems.

(ii) Scientific equipment and medical apparatus or equipment if the application of micro-electronic circuitry or other technology of at least similar sophistication is an essential element (for example, Product or Service Code (PSC) 6515, ?Medical and Surgical Instruments, Equipment, and Supplies;? PSC 6525, ?Imaging Equipment and Supplies: Medical, -1

22.1002-1 FEDERAL ACQUISITION REGULATION

Dental, Veterinary;? PSC 6630, ?Chemical Analysis Instruments;? and PSC 6655, ?Geophysical Instruments,? are largely composed of the types of equipment exempted in this paragraph).

(iii) Office/business machines not otherwise exempt pursuant to paragraph (c)(1)(i) of this subsection, if such services are performed by the manufacturer or supplier of the equipment.

(2) The exemption at paragraph (e)(1) of this subsection applies if all the following conditions are met for a contract (or a subcontract):

(i) The items of equipment to be serviced under the contract are used regularly for other than Government purposes and are sold or traded by the contractor in substantial quantities to the general public in the course of normal business operations.

(ii) The services will be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of such equipment. As defined at 29 CFR 4.123(e)(1)(ii)(B)?

(A) An established catalog price is a price included in a catalog price list, schedule, or other form that is regularly maintained by the manufacturer or the contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(B) An established market price is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or contractor.

(iii) The contractor will use the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the contractor uses for these employees and equivalent employees servicing the same equipment of commercial customers.

(iv) The apparent successful offeror certifies to the conditions in paragraph (c)(2)(i) through (iii) of the provision at **52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment?**Certification.

(3) (i) For source selections where the contracting officer has established a competitive range, if the contracting officer determines that one or more of the conditions in paragraphs (e)(2)(i) through (iii) of an offeror's certification will not be met, the contracting officer must identify the deficiency to the offeror before receipt of the final proposal revisions. Unless the offeror provides a revised offer acknowledging applicability of the Service Contract Labor Standards statute or demonstrating to the satisfaction of the contracting officer an ability to meet all required conditions for exemption, the offer will not be further considered for award.

(ii) The contracting officer must determine in writing the applicability of this exemption to the contract before contract award. If the apparent successful offeror will meet all conditions in paragraph (e)(2) of this subsection, the contracting officer must make an affirmative determination and award the contract without the otherwise applicable Service Contract Labor Standards clause(s).

(iii) If the apparent successful offeror does not certify to the conditions in paragraph (e)(2)(i) through (iii) of this subsection, the contracting officer must incorporate in the contract the Service Contract Labor Standards clause (see **22.1002-2(b)) and, if the contract will exceed \$2,500, the appropriate Department of Labor wage determination (see 22.1002-3).**

(4) (i) If the Department of Labor determines after award of the contract that any condition for exemption in paragraph (e)(2) of this subsection has not been met, the exemption shall be deemed inapplicable, and the contract must become subject to the Service Contract Labor Standards statute, effective as of the date of the Department of Labor determination. In such case, the procedures at 29 CFR 4.123(e)(1)(iv) and 29 CFR 4.5(c) must be followed.

(ii) If the Department of Labor determines that any conditions in paragraph (e)(2) of this subsection have not been met with respect to a subcontract, the exemption must be deemed inapplicable. The contractor may be responsible for ensuring that the subcontractor complies with the Service Contract Labor Standards statute, effective as of the date of the subcontract award.

(f) (1) Except as provided in paragraph (f)(5) of this subsection, the Secretary has exempted from the Service Contract Labor Standards statute contracts and subcontracts in which the primary purpose is to provide the following services, if

the

conditions in paragraph (f)(2) of this subsection are met:

(i) Automobile or other vehicle (e.g., aircraft) maintenance services (other than contracts or subcontracts to operate a

Government motor pool or similar facility).

(ii) Financial services involving the issuance and servicing of cards (including credit cards, debit cards, purchase cards, smart cards, and similar card services).

(iii) Hotel/motel services for conferences, including lodging and/or meals, that are part of the contract or subcontract for the conference (which must not include ongoing contracts for lodging on an as needed or continuing basis).

-2

22.1002-1

(iv) Maintenance, calibration, repair, and/or installation (where the installation is not subject to the Construction Wage Rate Requirements statute, as provided in 29 CFR 4.116(c)(2)) services for all types of equipment where the services

are obtained from the manufacturer or supplier of the equipment under a contract awarded on a sole source basis.

(v) Transportation by common carrier of persons by air, motor vehicle, rail, or marine vessel on regularly scheduled routes or via standard commercial services (not including charter services).

(vi) Real estate services, including real property appraisal services, related to housing Federal agencies or disposing

of real property owned by the Government.

(vii) Relocation services, including services of real estate brokers and appraisers to assist Federal employees or military personnel in buying and selling homes (which must not include actual moving or storage of household goods and related services).

(2) The exemption for the services in paragraph (f)(1) of this subsection applies if all the following conditions are met

for a contract (or for a subcontract):

(i) (A) Except for services identified in paragraph (f)(1)(iv) of this subsection, the contractor will be selected for award based on other factors in addition to price or cost, with the combination of other factors at least as important as price or cost; or

(B) The contract will be awarded on a sole source basis.

(ii) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided

by the contractor (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the

course of normal business operations.

(iii) The contract services are furnished at prices that are, or are based on, established catalog or market prices. As defined at 29 CFR 4.123(e)(2)(ii)(C)?

(A) An established catalog price is a price included in a catalog, price list, schedule, or other form that is

regularly maintained by the contractor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and

(B) An established market price is a current price, established in the usual course of trade between

buyers and

sellers free to bargain, which can be substantiated from sources independent of the manufacturer or contractor.

(iv) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of

available hours during the contract period if the contract period is less than a month) servicing the Government contract.

(v) The contractor will use the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the contractor uses for these employees and equivalent employees servicing commercial customers.

(vi) The contracting officer (or contractor with respect to a subcontract) determines in advance before issuing the solicitation, based on the nature of the contract requirements and knowledge of the practices of likely offerors, that all or nearly all offerors will meet the conditions in paragraph (f)(2)(ii) through (v) of this subsection. If the services are currently

being performed under contract, the contracting officer (or contractor with respect to a subcontract) must consider the practices of the existing contractor in making a determination regarding the conditions in paragraphs (f)(2)(ii) through (v) of this subsection.

(vii) (A) The apparent successful offeror certifies that the conditions in paragraphs (f)(2)(ii) through (v) will be met; and

(B) For other than sole source awards, the contracting officer determines that the same certification is obtained

from substantially all other offerors that are?

(1) In the competitive range, if discussions are to be conducted (see FAR 15.306(c)); or

(2) Considered responsive, if award is to be made without discussions (see FAR 15.306(a)).

(3) (i) If the apparent successful offeror does not certify to the conditions, the contracting officer must insert in the

contract the applicable Service Contract Labor Standards clause(s) (see 22.1002-2(b)) and, if the contract will exceed \$2,500,

the appropriate Department of Labor wage determination (see 22.1002-3).

(ii) The contracting officer must award the contract without the otherwise applicable Service Contract Labor Standards clause(s) if?

(A) The apparent successful offeror certifies to the conditions in paragraphs (f)(2)(ii) through (v) of this subsection;

(B) The contracting officer determines that the same certification is obtained from substantially all other offerors

that are?

-3

22.1002-2 FEDERAL ACQUISITION REGULATION

(1) In the competitive range, if discussions are to be conducted (see FAR 15.306); or

(2) Considered responsive, if award is to be made without discussions (see FAR 15.306(a)); and

(C) The contracting officer has no reason to doubt the certification.

(iii) If the conditions in paragraph (f)(3)(ii) of this subsection are not met, then the contracting officer must resolicit, amending the solicitation by removing the exemption provision from the solicitation as prescribed at 22.1002-2(e)(3).

The

contract will include the applicable Service Contract Labor Standards clause(s) as prescribed at 22.1002-2(b) and, if the contract will exceed \$2,500, the appropriate Department of Labor wage determination (see 22.1002-3).

(4) (i) If the Department of Labor determines after award of the contract that any conditions for exemption at paragraph (f)(2) of this subsection have not been met, the exemption shall be deemed inapplicable, and the contract must

become subject to the Service Contract Labor Standards statute. In such case, the procedures at 29 CFR 4.123(e)(2)(iii) and 29 CFR 4.5(c) must be followed.

(ii) If the Department of Labor determines that any conditions in paragraph (f)(2) of this subsection have not been met with respect to a subcontract, the exemption must be deemed inapplicable. The contractor may be responsible for

ensuring that the subcontractor complies with the Service Contract Labor Standards statute, effective as of the date of the subcontract award.

(5) The exemption at paragraph (f)(1) of this subsection does not apply to solicitations and contracts (subcontracts)?

(i) Awarded under 41 U.S.C. chapter 85, Committee for Purchase from People Who Are Blind or Severely Disabled (see part 8).

(ii) For the operation of a Government facility, or part of a Government facility (but may be applicable to subcontracts for services); or

(iii) Subject to 41 U.S.C. 6707(c) (see 22.1002-3(b)(2)).

(g) See 29 CFR 4.123 for a listing of administrative exemptions, tolerances, and variations. Requests for limitations, variances, tolerances, and exemptions from the Service Contract Labor Standards statute must be submitted in writing through contracting channels and the agency labor advisor to the Wage and Hour Administrator.

(h) If the contracting officer questions the applicability of the Service Contract Labor Standards statute to an acquisition,

the contracting officer must request the advice of the agency labor advisor. Unresolved questions must be submitted in a

timely manner to the Administrator, Wage and Hour Division, for determination.

22.1002-2 Solicitation provisions and contract clauses.

(a) (1) Service contracts over \$2,500 must contain mandatory provisions regarding minimum wages and fringe benefits

(see coverage on wage determinations at 22.1002-3), safe and sanitary working conditions, notification to employees of

the minimum allowable compensation (see 22.1003), and equivalent Federal employee classifications and wage rates (see

paragraph (c) of this subsection).

(2) Under 41 U.S.C. 6707(d), service contracts may not exceed 5 years.

(b) (1) Insert the clause at 52.222-41, Service Contract Labor Standards, in solicitations and contracts (except as provided

in paragraph (b)(2) of this subsection) if the contract is subject to the Service Contract Labor Standards statute and is?

(i) Over \$2,500; or

(ii) For an indefinite dollar amount and the contracting officer does not know in advance that the contract amount will be \$2,500 or less.

(2) The contracting officer must not insert the clause at 52.222-41 (or any of the associated Service Contract

Labor

Standards statute clauses as prescribed in this subsection for possible use when 52.222-41 applies) in the resultant contract if

?

(i) The solicitation includes the provision at?

(A) 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment?Certification; or

(B) 52.222-52, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain

Services?Certification; and

(ii) The contracting officer has made the determination, in accordance with paragraphs (e)(3) or (f)(3) of subsection **22.1002-1, that the Service Contract Labor Standards statute does not apply to the contract. (In such case, insert the clause at**

52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration,

or Repair of Certain Equipment?Requirements, or 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services?Requirements, in the contract, in accordance with the prescription at paragraph

(e)(2)(ii) or (e)(4)(ii) of this subsection).

-4

22.1002-2

(c) (1) Insert the clause at 52.222-42, Statement of Equivalent Rates for Federal Hires, in solicitations and contracts if the

contract amount is expected to be over \$2,500 and the Service Contract Labor Standards statute is applicable.

(2) The statement required under the clause must set forth those wage rates and fringe benefits that would be paid by

the contracting activity to the various classes of service employees expected to be utilized under the contract if 5 U.S.C. 5332

(General Schedule?white collar) and/or 5 U.S.C. 5341 (Wage Board?blue collar) were applicable.

(d) (1) Insert the clause at 52.222-43, Fair Labor Standards Act and Service Contract Labor Standards?Price Adjustment

(Multiple Year and Option Contracts), or another clause which accomplishes the same purpose, in solicitations and contracts

if the contract is expected to be a fixed-price, time-and-materials, or labor-hour service contract containing the clause at 52.222-41, Service Contract Labor Standards, and is a multiple year contract or is a contract with options to renew which exceeds the simplified acquisition threshold. The clause may be used in contracts that do not exceed the simplified

acquisition threshold. The clause at 52.222-43, Fair Labor Standards Act and Service Contract Labor Standards?Price Adjustment (Multiple Year and Option Contracts), applies to both contracts subject to area prevailing wage determinations

and contracts subject to the incumbent contractor's collective bargaining agreement in effect during this contract's preceding

contract period (see 22.1002-3(a) and (b)). Contracting officers must ensure that contract prices or contract unit price labor

rates are adjusted only to the extent that a contractor's increases or decreases in applicable wages and fringe benefits are

made to comply with the requirements set forth in the clauses at 52.222-43 (subparagraphs (d) (1), (2) and (3)), or 52.222-44

(subparagraphs (b) (1) and (2)).

(2) The contracting officer must insert the clause at 52.222-44, Fair Labor Standards Act and Service Contract Labor

Standards?Price Adjustment, in solicitations and contracts if the contract is expected to be a fixed-price, time-and-materials,

or labor-hour service contract containing the clause at 52.222-41, Service Contract Labor Standards, exceeds the simplified

acquisition threshold, and is not a multiple year contract or is not a contract with options to renew. The clause may be used in contracts that do not exceed the simplified acquisition threshold. The clause at 52.222-44, Fair Labor Standards Act and Service Contract Labor Standards?Price Adjustment, applies to both contracts subject to area prevailing wage determinations and contracts subject to contractor collective bargaining agreements (see 22.1002-3(a) and (b)).

(3) The clauses prescribed in paragraph (d)(1) of this subsection cover situations in which revised minimum wage

rates are applied to contracts by operation of law, or by revision of a wage determination in connection with (i) exercise of a

contract option or (ii) extension of a multiple year contract into a new program year.

(e) (1) Insert the provision at 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment?Certification, in solicitations that?

(i) Include the clause at 52.222-41, Service Contract Labor Standards; and

(ii) The contract may be exempt from the Service Contract Labor Standards statute in accordance with 22.1002-1(e).

(2) The contracting officer must insert the clause at 52.222-51, Exemption from Application of the Service Contract

Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment?Requirements?

(i) In solicitations that include the provision at 52.222-48; and

(ii) In resulting contracts in which the contracting officer has determined, in accordance with 22.1002-1(e)(3), that the Service Contract Labor Standards statute does not apply.

(3) (i) Except as provided in paragraph (e)(3)(ii) of this subsection, the contracting officer must insert the provision

at 52.222-52, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services? Certification, in solicitations that?

(A) Include the clause at 52.222-41, Service Contract Labor Standards, and

(B) The contract may be exempt from the Service Contract Labor Standards statute in accordance with

22.1002-1(f).

(ii) When resoliciting in accordance with 22.1002-1(f)(3)(iii), amend the solicitation by removing the provision at **52.222-52 from the solicitation.**

(4) The contracting officer must insert the clause at 52.222-53, Exemption from Application of the Service Contract

Labor Standards to Contracts for Certain Services?Requirements?

(i) In solicitations that include the provision at 52.222-52; and

(ii) In resulting contracts in which the contracting officer has determined, in accordance with 22.1002-1(e)(3), that the Service Contract Labor Standards statute does not apply.

(f) Insert the clause at 52.222-49, Service Contract Labor Standards-Place of Performance Unknown, if using the procedures prescribed in 22.1002-3(a)(2).

-5

22.1002-3 FEDERAL ACQUISITION REGULATION

22.1002-3 Wage determinations.

The contracting officer must obtain wage determinations for each new solicitation and contract in excess of \$2,500.

(a) Wage determinations based on prevailing rates. Contractors performing on contracts to which no predecessor contractor's collective bargaining agreement applies must pay their employees at least the wages and fringe benefits found by

the Department of Labor to prevail in the locality or, in the absence of a wage determination, the minimum wage set forth in

the Fair Labor Standards Act. If the Wage Determinations at the SAM.gov database do not contain the applicable prevailing

wage determination for a contract action, the contracting officer must use the e98 process to request a wage determination

from the Department of Labor.

(1) If the place of performance is unknown, the contracting officer must obtain a wage determination for each locality

where services may be performed.

(2) If the contracting officer believes that there may be offerors interested in performing in unidentified places or areas,

the contracting officer may use the following procedures:

(i) Complete the fill-in of the clause at 52.222-49, Service Contract Labor Standards-Place of Performance Unknown (see 22.1002-2(f)).

(ii) The procedures in 14.304 must apply to late receipt of offerors' requests for wage determinations for additional places of performance. However, late receipt of an offeror's request for a wage determination for additional places of performance does not preclude the offeror's competing for the proposed acquisition.

(iii) If the contracting officer receives any timely requests for wage determinations for additional places of performance the contracting officer must?

(A) Obtain wage determinations for the additional places of performance; and

(B) Amend the solicitation to include all wage determinations and, if necessary, extend the time for submission of

final offers.

(iv) If the successful offeror did not make a timely request for a wage determination and will perform in a place of performance for which the contracting officer therefore did not request a wage determination, the contracting officer must?

(A) Award the contract;

(B) Obtain a wage determination; and

(C) Incorporate the wage determination in the contract, retroactive to the date of contract award and with no

adjustment in contract price, pursuant to the clause at 52.222-49, Service Contract Labor Standards-Place of

Performance

Unknown.

(3) If the contracting officer subsequently learns of any potential offerors in previously unidentified places before the closing date for submission of offers, the contracting officer must obtain wage determinations for the additional places of performance and amend the solicitation to include all wage determinations. If necessary, the contracting officer must extend the time for submission of final offers.

(b) Wage determinations based on collective bargaining agreements.

(1) Early in the acquisition cycle, the contracting officer must determine whether 41 U.S.C. 6707(c) affects the new acquisition. The contracting officer must determine whether there is a predecessor contract covered by the Service Contract Labor Standards statute and, if so, whether the incumbent prime contractor or its subcontractors and any of their employees have a collective bargaining agreement.

(2) 41 U.S.C. 6707(c) provides that a successor contractor must pay wages and fringe benefits (including accrued wages and benefits and prospective increases) to service employees at least equal to those agreed upon by a predecessor contractor under the following conditions-

(i) The services to be furnished under the proposed contract will be substantially the same as services being furnished by an incumbent contractor whose contract the proposed contract will succeed;

(ii) The services will be performed in the same locality; and

(iii) The incumbent prime contractor or subcontractor is furnishing such services through the use of service employees whose wages and fringe benefits are the subject of one or more collective bargaining agreements.

(3) The application of 41 U.S.C. 6707(c) is subject to the following limitations:

(i) 41 U.S.C. 6707(c) will not apply if the incumbent contractor enters into a collective bargaining agreement for the first time and the agreement does not become effective until after the expiration of the incumbent's contract.

(ii) If the incumbent contractor enters into a new or revised collective bargaining agreement during the period of the incumbent's performance on the current contract, the terms of the new or revised agreement must not be effective for the purposes of 41 U.S.C. 6707(c) under the following conditions:

(A)

-6

22.1002-3

(1) In sealed bidding, the contracting agency receives notice of the terms of the collective bargaining agreement less than 10 days before bid opening and finds that there is not reasonable time still available to notify bidders (see

22.1003(b)(1)); or

(2) For contractual actions other than sealed bidding, the contracting agency receives notice of the terms of the collective bargaining agreement after award, provided that the start of performance is within 30 days of award (see

22.1003(b)(2)); and

(B) The contracting officer has given both the incumbent contractor and its employees' collective bargaining agent timely written notification of the applicable acquisition dates (see 22.1004-6).

(4) If 41 U.S.C. 6707(c) applies, the contracting officer must obtain a copy of any collective bargaining agreement between an incumbent contractor or subcontractor and its employees. Obtaining a copy of an incumbent contractor's collective bargaining agreement may involve coordination with the administrative contracting officer responsible for administering the predecessor contract. (Paragraph (m) of the clause at 52.222-41, Service Contract Labor Standards, requires the incumbent prime contractor to furnish the contracting officer a copy of each collective bargaining agreement.)

(5) 41 U.S.C. 6707(c) will not apply if the Secretary of Labor determines?

(i) After a hearing, that the wages and fringe benefits in the predecessor contractor's collective bargaining agreement are substantially at variance with those which prevail for services of a similar character in the locality; or

(ii) That the wages and fringe benefits in the predecessor contractor's collective bargaining agreement are not the result of arm's length negotiations. The Department of Labor (DOL) has concluded that contingent collective bargaining agreement provisions that attempt to limit a contractor's obligations by means such as requiring issuance of a wage determination by the DOL, requiring inclusion of the wage determination in the contract, or requiring the Government to adequately reimburse the contractor, generally reflect a lack of arm's length negotiations.

(6) If the contracting officer's review of the incumbent's collective bargaining agreement indicates that its monetary provisions may be substantially at variance or may not have been reached as a result of arm's length bargaining, the contracting officer must immediately contact the agency labor advisor to consider if further action is warranted.

(7) If the services are being furnished at more than one location and the collectively bargained wage rates and fringe benefits are different at different locations or do not apply to one or more locations, the contracting officer must identify the locations to which the agreements apply.

(8) If the collective bargaining agreement does not apply to all service employees under the contract, the contracting officer must access Wage Determinations at SAM.gov to obtain the prevailing wage determination for those service employee classifications that are not covered by the collective bargaining agreement. The contracting officer must separately list in the solicitation and contract the service employee classifications?

(i) Subject to the collective bargaining agreement, and

(ii) Not subject to any collective bargaining agreement.

(9) If the contracting officer has submitted an e98 to Department of Labor requesting a wage determination based on a collective bargaining agreement and the Department of Labor is unable to provide the wage determination by the latest date needed to maintain the acquisition schedule, the contracting officer must incorporate the collective bargaining agreement itself in a solicitation and include a wage determination referencing that collective bargaining agreement created by use

of the

Wage Determinations at SAM.gov website.

(c) Requests for hearing.

(1) A contracting agency or other interested party may request a hearing on an issue presented in paragraph

(b)(5)(i) of

this subsection. To obtain a hearing for the contracting agency, the contracting officer must submit a written request through

appropriate channels (ordinarily the agency labor advisor) to: Administrator, Wage and Hour Division, U.S. Department of

Labor, Washington, DC 20210.

(2) A request for a substantial variance hearing must include sufficient data to show that the rates at issue vary substantially from those prevailing for similar services in the locality. The request must also include?

(i) The number of the wage determinations at issue;

(ii) The name of the contracting agency whose contract is involved;

(iii) A brief description of the services to be performed under the contract;

(iv) The status of the procurement and any estimated procurement dates, such as bid opening, contract award, and commencement date of the contract or its follow-up option period;

(v) A statement of the applicant's case, setting forth in detail the reasons why the applicant believes that a substantial

variance exists with respect to some or all of the wages and/or fringe benefits;

(vi) Names and addresses (to the extent known) of interested parties; and

-7

22.1002-4 FEDERAL ACQUISITION REGULATION

(vii) Any other data required by the Administrator.

(3) A request for an arm's length hearing must include?

(i) A statement of the applicant's case setting forth in detail the reasons why the applicant believes that the wages and fringe benefits contained in the collective bargaining agreement were not reached as a result of arm's length negotiations;

(ii) A statement regarding the status of the procurement and any estimated procurement dates, such as bid opening,

contract award, and commencement date of the contract or its follow-up option period; and

(iii) Names and addresses (to the extent known) of interested parties.

(4) Unless the Administrator determines that extraordinary circumstances exist, the Administrator will not consider

requests for a hearing unless received as follows:

(i) For sealed bid contracts, more than 10 days before the award of the contract; or

(ii) For negotiated contracts and for contracts with provisions exceeding the initial term by option, before the commencement date of the contract or the follow-up option period.

22.1002-4 Executive Orders 13658 and 14026.

Executive Order (E.O.) 13658 established minimum wages for certain workers at \$10.10 per hour. The E.O. 13658 rate has increased each year since 2015, rising to \$11.25 on January 1, 2022. As of January 30, 2022, E.O. 13658 is superseded

by E.O. 14026 to the extent that it is inconsistent with E.O. 14026; the minimum wage rate for certain workers is increased to

\$15.00 per hour. The wage rate is subject to annual increases by an amount determined by the Secretary of Labor. See subpart

22.19. The clause at 52.222-55, Minimum Wages for Contractor Workers under Executive Order 14026, requires the E.O.

14026 minimum wage rate to be paid if it is higher than other minimum wage rates, such as the subpart 22.10 statutory wage

determination amount.

22.1003 Evaluation and award.

(a) Periodic revisions to wage determinations by DOL.

(1) The Wage and Hour Administrator may issue revisions to prevailing wage determinations periodically. The need

for inclusion of a revised prevailing wage determination in a solicitation is determined by the date of receipt of the revised

prevailing wage determination by the contracting agency. (Note the distinction between receipt by the agency and receipt by

the contracting officer which may occur later.)

(i) For purposes of using Wage Determinations at SAM.gov, the time of receipt by the contracting agency must be the first day of publication of the revised prevailing wage determination on the website.

(ii) For purposes of using the e98 process, the time of receipt by the contracting agency must be the date the agency

receives actual notice of a new or revised prevailing wage determination from the Department of Labor as an e98 response.

(2) In selecting a prevailing wage determination from the Wage Determinations at SAM.gov website for use in a solicitation or other contract action, the contracting officer must monitor the Wage Determinations at SAM.gov website to

determine whether the applicable wage determination has been revised. Revisions published on the Wage Determinations at

SAM.gov website or otherwise communicated to the contracting officer within the timeframes prescribed at paragraphs (a)(3)

and (4) of this section are effective and must be included in the resulting contract. Monitoring can be accomplished by use of

the Wage Determinations at SAM.gov website's "Alert Service".

(3) The following must apply when contracting by sealed bidding: a revised prevailing wage determination shall not be

effective if it is received by the contracting agency less than 10 days before the opening of bids, and the contracting officer

finds that there is not reasonable time to incorporate the revision in the solicitation.

(4) For contractual actions other than sealed bidding, a revised prevailing wage determination received by the contracting agency after award of a new contract or a modification as specified in 22.1004-1(c) shall not be effective provided that the start of performance is within 30 days of the award or the specified modification. If the contract does not specify a start of performance date which is within 30 days of the award or the specified modification, and if contract performance does not commence within 30 days of the award or the specified modification, any revision received by the contracting agency not less than 10 days before commencement of the work shall be effective.

(5) If the contracting officer has submitted an e98 to the Department of Labor requesting a prevailing wage

determination and has not received a response within 10 days, the contracting officer must contact the Wage and Hour Division by telephone to determine when the wage determination can be expected. (The telephone number is provided on the e98 website.)

(b) Wage determinations based on collective bargaining agreements.

-8

22.1004-1

(1) In sealed bidding, a new or changed collective bargaining agreement shall not be effective under 41 U.S.C. 6707(c)

if the contracting agency has received notice of the terms of the new or changed collective bargaining agreement less than

10 days before bid opening and the contracting officer determines that there is not reasonable time to incorporate the new or changed terms of the collective bargaining agreement in the solicitation.

(2) For contractual actions other than sealed bidding, a new or changed collective bargaining agreement shall not be

effective under 41 U.S.C. 6707(c) if notice of the terms of the new or changed collective bargaining agreement is received

by the contracting agency after award of a successor contract or a modification as specified in 22.1004-1(c), provided that the contract start of performance is within 30 days of the award of the contract or of the specified modification. If the

contract does not specify a start of performance date which is within 30 days of the award of the contract or of the specified

modification, or if contract performance does not commence within 30 days of the award of the contract or of the specified

modification, any notice of the terms of a new or changed collective bargaining agreement received by the agency not less

than 10 days before commencement of the work must be effective for purposes of the successor contract under 41 U.S.C.

6707(c).

(3) The limitations in paragraphs (b)(1) and (2) of this section must apply only if timely notification required in

22.1004-6 has been given.

(4) If the contracting officer has submitted an e98 to Department of Labor requesting a wage determination based

on a collective bargaining agreement and has not received a response from the Department of Labor within 10 days, the

contracting officer must contact the Wage and Hour Division by telephone to determine when the wage determination can

be expected. (The telephone number is provided on the e98 website.) If the Department of Labor is unable to provide the

wage determination by the latest date needed to maintain the acquisition schedule, the contracting officer must incorporate

the collective bargaining agreement itself in a solicitation or other contract action (e.g., exercise of option) and include a wage determination referencing that collective bargaining agreement created by use of the Wage Determinations at

SAM.gov
website.

(c) Delays. If a wage determination was obtained through the e98 process, and bid opening has been delayed, for whatever reason, more than 60 days from the date indicated on the previously submitted e98, the contracting officer must submit a new e98. Any revision of a wage determination received by the contracting agency as a result of that communication must supersede the earlier response as the wage determination applicable to the particular acquisition subject to the time frames in

22.1003(a)(3) and (4).

(d) Notification to contractors and employees. The contracting officer must take the following steps to ensure that service employees are notified of minimum wages and fringe benefits.

(1) At the time of award, furnish the contractor Department of Labor Publication WH-1313, Notice to Employees Working on Government Contracts, for posting at a prominent and accessible place at the worksite before contract performance begins. The publication advises employees of the compensation (wages and fringe benefits) required to be paid or furnished under the Service Contract Labor Standards statute and satisfies the notice requirements in paragraph (g) of the clause at 52.222-41, Service Contract Labor Standards.

(2) Attach any applicable wage determination to Publication WH-1313.

22.1004 Postaward.

22.1004-1 Revisions to wage determinations.

(a) The Wage and Hour Administrator may issue revisions to prevailing wage determinations periodically. The need for inclusion of a revised prevailing wage determination in a contract is determined by the date of receipt of the revised prevailing wage determination by the contracting agency.

(b) If a wage determination was obtained through the e98 process, and commencement of work under a negotiated contract has been delayed, for whatever reason, more than 60 days from the date indicated on the previously submitted e98, the contracting officer must submit a new e98. Any revision of a wage determination received by the contracting agency as a result of that communication must supersede the earlier response as the wage determination applicable to the particular acquisition subject to the time frames in 22.1003(a)(3) and (4).

(c) The contracting officer must obtain wage determinations for each contract modification which brings the contract above \$2,500 and?

- (1) Extends the existing contract pursuant to an option clause or otherwise; or
- (2) Changes the scope of the contract whereby labor requirements are affected significantly.

-9

22.1004-2 FEDERAL ACQUISITION REGULATION

(d) The contracting officer must obtain wage determinations for each multiple year contract in excess of \$2,500 upon the

?

(1) Annual anniversary date if the contract is subject to annual appropriations; or

(2) Biennial anniversary date if the contract is not subject to annual appropriations and its proposed term exceeds 2

years?unless otherwise advised by the Wage and Hour Division.

(e) If the contracting officer has submitted an e98 to Department of Labor requesting a wage determination based on a

collective bargaining agreement and the Department of Labor is unable to provide the wage determination by the latest date

needed to maintain the acquisition schedule, the contracting officer must incorporate the collective bargaining agreement

itself in a contract action (e.g., exercise of option) and include a wage determination referencing that collective bargaining

agreement created by use of the Wage Determinations at SAM.gov website.

(f) If the Department of Labor discovers and determines, whether before or after a contract award, that a contracting

officer made an erroneous determination that the Service Contract Labor Standards statute did not apply to a particular acquisition or failed to include an appropriate wage determination in a covered contract, the contracting officer, within 30

days of notification by the Department of Labor, must include in the contract the clause at 52.222-41 and any applicable wage

determination issued by the Administrator. If the contract is subject to 41 U.S.C. 6707(f), the Administrator may require retroactive application of that wage determination. The contracting officer must equitably adjust the contract price to reflect

any changed cost of performance resulting from incorporating a wage determination or revision.

22.1004-2 Additional classes of service employees.

(a) If the contracting officer is aware that contract performance involves classes of service employees not included in

the wage determination, the contracting officer must require the contractor to classify the unlisted classes so as to provide a

reasonable relationship (i.e., appropriate level of skill comparison) between the unlisted classifications and the classifications

listed in the determination (see paragraph (c) of the clause at 52.222-41, Service Contract Labor Standards). The contractor

must initiate the conforming procedure before unlisted classes of employees perform contract work. The contractor must

submit Standard Form (SF) 1444, Request For Authorization of Additional Classification and Rate. The contracting officer must review the proposed classification and rate and promptly submit the completed SF 1444 (which must include

information regarding the agreement or disagreement of the employees' representative or the employees themselves together

with the agency recommendation) and all other pertinent information to the Wage and Hour Division. Within 30 days of receipt of the request, the Wage and Hour Division will (1) approve, modify, or disapprove the request when the parties are in

agreement or (2) render a final determination in the event of disagreement among the parties. If the Wage and Hour

Division

will require more than 30 days to take action, it will notify the contracting officer within 30 days of receipt of the request that

additional time is necessary.

(b) Some wage determinations will list a series of classes within a job classification family, for example, Computer Operators, level I, II, and III, or Electronic Technicians, level I, II, and III, or Clerk Typist, level I and II. Generally, level I is the lowest level. It is the entry level, and establishment of a lower level through conformance is not permissible. Further,

trainee classifications may not be conformed. Helpers in skilled maintenance trades (for example, electricians, machinists,

and automobile mechanics) whose duties constitute, in fact, separate and distinct jobs may also be used if listed on the wage

determination, but may not be conformed. Conformance may not be used to artificially split or subdivide classifications listed

in the wage determination. However, conforming procedures may be used if the work which an employee performs under the

contract is not within the scope of any classification listed on the wage determination, regardless of job title. (See 29 CFR

4.152.)

(c) Subminimum rates for apprentices, student learners, and disabled workers are permissible in accordance with paragraph (q) of the clause at 52.222-41, Service Contract Labor Standards.

22.1004-3 Withholding of contract payments.

(a) Any violations of the clause at 52.222-41, Service Contract Labor Standards, as amended, renders the responsible

contractor liable for the amount of any deductions, rebates, refunds, or underpayments (which includes nonpayment) of compensation due employees performing the contract.

(b) The contracting officer may withhold?or, upon written request of the Department of Labor from a level no lower than

that of Deputy Regional Administrator, Wage and Hour Division, Department of Labor, must withhold?the amount needed

to pay such underpaid employees from accrued payments due the contractor on the contract, or on any other prime contract

(whether subject to the Service Contract Labor Standards statute or not) with the contractor.

-10

22.1004-7

(c) The agency must place the amount withheld in a deposit fund. Such withheld funds must be transferred to the Department of Labor for disbursement to the underpaid employees on order of the Secretary (or authorized representatives),

an Administrative Law Judge, or the Administrative Review Board. In addition, the Department of Labor has given blanket

approval to forward withheld funds pending completion of an investigation or other administrative proceeding when disposition of withheld funds remains the final action necessary to close out a contract.

22.1004-4 Termination for default.

As provided by the Service Contract Labor Standards statute, any contractor failure to comply with the requirements of

the contract clauses related to the Service Contract Labor Standards statute may be grounds for termination for default (see paragraph (k) of the clause at 52.222-41, Service Contract Labor Standards).

22.1004-5 Enforcement.

(a) Persons or firms found to be in violation of the Service Contract Labor Standards statute will have an active exclusion record contained in the System for Award Management (see part 9). No Government contract may be awarded to any violator so listed because of a violation of the Service Contract Labor Standards statute, or to any firm, corporation, partnership, or association in which the violator has a substantial interest, without the approval of the Secretary of Labor. This prohibition against award to an ineligible contractor applies to both prime and subcontracts.

(b) The contracting officer must cooperate with Department of Labor representatives in the examination of records, interviews with service employees, and all other aspects of investigations undertaken by the Department. When asked, agencies must furnish the Wage and Hour Administrator or a designee, any available information on contractors, subcontractors, their contracts, and the nature of the contract services. The contracting officer must promptly refer, in writing to the appropriate regional office of the Department, apparent violations and complaints received. Employee complaints must not be disclosed to the employer.

(c) Disputes concerning labor standards requirements of the contract are handled under paragraph (t) of the contract clause at 52.222-41, Service Contract Labor Standards, and not under the clause at 52.233-1, Disputes.

22.1004-6 Notification to interested parties under collective bargaining agreements.

(a) The contracting officer should determine whether the incumbent prime contractor's or its subcontractors' service employees performing on the current contract are represented by a collective bargaining agent. If there is a collective bargaining agent, the contracting officer must give both the incumbent contractor and its employees' collective bargaining agent written notification of?

(1) The forthcoming successor contract and the applicable acquisition dates (issuance of solicitation, opening of bids, commencement of negotiations, award of contract, or start of performance, as the case may be); or

(2) The forthcoming contract modification and applicable acquisition dates (exercise of option, extension of contract, change in scope, or start of performance, as the case may be); or

(3) The forthcoming multiple year contract anniversary date (annual anniversary date or biennial date, as the case may be).

(b) This written notification must be given at least 30 days in advance of the earliest applicable acquisition date or the applicable annual or biennial anniversary date in order for the time-of-receipt limitations in 22.1003(b)(1) and (2) to apply.

The contracting officer must retain a copy of the notification in the contract file.

22.1004-7 Seniority lists.

If a contract is performed at a Federal facility where employees may be hired/retained by a succeeding contractor, the incumbent prime contractor is required to furnish a certified list of all service employees on the contractor's or subcontractor's

payroll during the last month of the contract, together with anniversary dates of employment, to the contracting officer no later than 10 days before contract completion. (See paragraph (n) of the clause at 52.222-41, Service Contract Labor

Standards.) At the commencement of the succeeding contract, the contracting officer must provide a copy of the list to the

successor contractor for determining employee eligibility for vacation or other fringe benefits which are based upon length of

service, including service with predecessor contractors if such benefit is required by an applicable wage determination.

22.1302-1

Subpart 22.13 - Equal Opportunity for Veterans

22.1300 Scope.

This subpart prescribes policies and procedures for implementing the following:

- (a) The Vietnam Era Veterans' Readjustment Assistance Act of 1972, as amended (38 U.S.C. 4211 and 4212) (the Act).
- (b) The Veterans Employment Opportunities Act of 1998, Public Law 105-339.
- (c) Executive Order 11701, January 24, 1973 (3 CFR, 1971-1975 Comp., p. 752).
- (d) The regulations of the Secretary of Labor (41 CFR parts 60-300 and 61-300).

22.1301 Definitions.

As used In this subpart --

Active duty wartime or campaign badge veteran means a veteran who served on active duty in the U.S. military, ground,

naval, or air service, during a war or in a campaign or expedition for which a campaign badge has been authorized under the

laws administered by the Department of Defense.

Armed Forces service medal veteran means any veteran who, while serving on active duty in the U.S. military, ground, naval, or air service, participated in a United States military operation for which an Armed Forces service medal was awarded

pursuant to Executive Order 12985 (61 FR 1209).

Disabled veteran means?

(1) A veteran of the U.S. military, ground, naval, or air service, who is entitled to compensation (or who, but for the

receipt of military retired pay, would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or

(2) A person who was discharged or released from active duty because of a service-connected disability.

Protected veteran means a veteran who is protected under the non-discrimination and affirmative action provisions of 38

U.S.C. 4212; specifically, a veteran who may be classified as a "disabled veteran," "recently separated veteran," "active duty

wartime or campaign badge veteran," or an "Armed Forces service medal veteran," as defined by this section.

Qualified disabled veteran means a disabled veteran who has the ability to perform the essential functions of the employment positions with or without reasonable accommodation.

Recently separated veteran means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military, ground, naval, or air service.

United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa,

Guam, the U.S. Virgin Islands, and Wake Island.

22.1302 Presolicitation.

22.1302-1 Requirements.

(a) (1) Contractors and subcontractors, when entering into contracts and subcontracts subject to the Act, are required to?

(i) List all employment openings, with the appropriate employment service delivery system where the opening occurs, except for?

(A) Executive and senior management positions;

(B) Positions to be filled from within the contractor's organization; and

(C) Positions lasting three days or less;

(ii) Take affirmative action to employ, advance in employment, and otherwise treat qualified individuals, including qualified disabled veterans, without discrimination based upon their status as a protected veteran, in all employment practices;

(iii) Undertake appropriate outreach and positive recruitment activities that are reasonably designed to effectively recruit protected veterans; and

(iv) Establish a hiring benchmark and apply it to hiring of protected veterans in each establishment, on an annual basis, in the manner prescribed in the regulations of the Secretary of Labor.

(2) The Act applies to all contracts and subcontracts for personal property and nonpersonal services (including construction) of \$200,000 or more except?

(i) As waived by the Secretary of Labor; or

-1

22.1302-2 FEDERAL ACQUISITION REGULATION

(ii) In any contract with a State or local government (or any agency, instrumentality, or subdivision), the Act does not apply to any agency, instrumentality, or subdivision of that government that does not participate in work on or under the contract.

(b) The Act requires submission of the annual VETS-4212, Federal Contractor Veterans' Employment Report (VETS-4212

Report) in all cases where the contractor or subcontractor has received an award of \$200,000 or more, except for awards to

State and local governments, and foreign organizations where the workers are recruited outside of the United States.

22.1302-2 Solicitation provision and contract clauses.

(a)

(1) Insert the clause at 52.222-35, Equal Opportunity for Veterans, in solicitations and contracts if the expected value is

\$200,000 or more, except when?

(i) Work is performed outside the United States by employees recruited outside the United States; or

(ii) The Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, has waived, in accordance with 22.1302-3(a) or the head of the agency has waived, in accordance with 22.1302-3(b), all of the terms of the clause.

(2) If the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, or the head of

the agency waives one or more (but not all) of the terms of the clause, use the basic clause with its Alternate I.

(b) Insert the clause at 52.222-37, Employment Reports on Veterans, in solicitations and contracts containing the clause at

52.222-35, Equal Opportunity for Veterans.

22.1302-3 Waivers.

(a) The Director, Office of Federal Contract Compliance Programs, Department of Labor, may waive any or all of the

terms of the clause at 52.222-35, Equal Opportunity for Veterans, for?

(1) Any contract if a waiver is in the national interest; or

(2) Groups or categories of contracts if a waiver is in the national interest and it is?

(i) Impracticable to act on each request individually; and

(ii) Determined that the waiver will substantially contribute to convenience in administering the Act.

(b) The head of the agency may waive any requirement in this subpart when it is determined that the contract is essential

to the national security, and that its award without complying with such requirements is necessary to the national security.

Upon making such a determination, the head of the agency must notify the Deputy Assistant Secretary of Labor in writing

within 30 days.

(c) The contracting officer must submit requests for waivers in accordance with agency procedures.

(d) The Deputy Assistant Secretary of Labor may withdraw an approved waiver for a specific contract or group of contracts to be awarded, when in the Deputy's judgment such action is necessary to achieve the purposes of the Act. The

withdrawal does not apply to awarded contracts. For procurements entered into by sealed bidding, such withdrawal does not

apply unless the withdrawal is made more than 10 calendar days before the date set for the opening of bids.

22.1303 Evaluation and award.

- (a) Except for contracts for commercial products or commercial services, or contracts that do not exceed the simplified

acquisition threshold, contracting officers must not obligate or expend funds appropriated for the agency for a fiscal year

to enter into a contract for the procurement of personal property and nonpersonal services (including construction) with a

contractor that has not submitted the required annual VETS-4212, with respect to the preceding fiscal year if the contractor

was subject to the reporting requirements of 38 U.S.C. 4212(d) for that fiscal year.

- (b) To verify if a proposed contractor is current with its submission of the VETS-4212 Report, the contracting officer must

query the Department of Labor's VETS-4212 Database via the Internet at <http://www.dol.gov/vets/vets4212.htm> under ?Filing

Verification?.

22.1304 Postaward.

- (a) The contracting officer must furnish to the contractor appropriate notices for posting when they are prescribed by the

Deputy Assistant Secretary of Labor (see <http://www.dol.gov/ofccp/regs/compliance/posters/ofccpost.htm>).

(b) If performance under the clause at 52.222-35, Equal Opportunity for Veterans, may necessitate a revision of a collective bargaining agreement, the contracting officer must advise the affected labor unions that the Department of Labor

will give them appropriate opportunity to present their views. However, neither the contracting officer nor any representative

-2

22.1304

of the contracting officer may discuss with the contractor or any labor representative any aspect of the collective bargaining

agreement.

- (c) The Director, Office of Federal Contract Compliance Programs, is responsible for investigating complaints.

- (d) The contracting officer must take necessary action as soon as possible upon notification by the appropriate agency

official to implement any sanctions imposed on a contractor by the Department of Labor for violations of the clause at

52.222-35, Equal Opportunity for Veterans. These sanctions (see 41 CFR 60-300.66) may include?

- (1) Withholding progress payments;
- (2) Termination or suspension of the contract; or
- (3) Debarment of the contractor.

-3

This page intentionally left blank.

-4

22.1401-3

Subpart 22.14 - Employment of Workers with Disabilities

22.1400 Scope.

- (a) This subpart prescribes policies and procedures for implementing section 503 of the Rehabilitation Act of 1973, as

amended (29 U.S.C. 793) (the Act); Executive Order 11758, January 15, 1974; and the regulations of the Secretary of Labor

(41 CFR part 60-741).

(b) Section 503 of the Act applies to all Government contracts in excess of \$20,000 for supplies and services (including construction) except as waived by the Secretary of Labor under 22.1401-3.

(c) In this subpart, the terms contract and contractor include subcontract and subcontractor.

22.1401 Presolicitation.

22.1401-1 Requirements.

Contractors and subcontractors, when entering into contracts and subcontracts subject to the Act, are required to?

(a) Take affirmative action to employ, and advance in employment, qualified individuals with disabilities, and to otherwise

treat qualified individuals without discrimination based on their physical or mental disability;

(b) Undertake appropriate outreach and positive recruitment activities that are reasonably designed to effectively recruit

qualified individuals with disabilities; and

(c) Compare the utilization of individuals with disabilities in their workforces to the utilization goal, as prescribed in the

regulations of the Secretary of Labor, on an annual basis.

22.1401-2 Contract clause.

(a) (1) Insert the clause at 52.222-36, Equal Opportunity for Workers with Disabilities, in solicitations and contracts that

exceed or are expected to exceed \$20,000, except when?

(i) Both the performance of the work and the recruitment of workers will occur outside the United States, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island; or

(ii) The Director of OFCCP or agency head has waived, in accordance with 22.1401-3(a) or (b) all the terms of the clause.

(2) If the Director of OFCCP or agency head waives one or more (but not all) of the terms of the clause in accordance

with 22.1401-3(a) or (b), use the basic clause with its Alternate I.

(b) The requirements of the clause at 52.222-36 in any contract with a State or local government (or any agency, instrumentality, or subdivision) must not apply to any agency, instrumentality, or subdivision of that government that does not participate in work on or under the contract.

22.1401-3 Waivers.

(a) The Director of the Office of Federal Contract Compliance Programs of the U.S. Department of Labor (Director of OFCCP), may waive the application of any or all of the terms of the clause at 52.222-36 for?

(1) Any contract if a waiver is deemed to be in the national interest; or

(2) Groups or categories of contracts if a waiver is in the national interest and it is?

(i) Impracticable to act on each request individually; and

(ii) Determined that the waiver will substantially contribute to convenience in administering the Act.

(b) The head of an agency may waive any requirement in this subpart when it is determined that the contract is essential to

the national security, and that its award without complying with such requirements is necessary to the national security. Upon

making such a determination, the head of the agency must notify the Director of OFCCP in writing within 30 days.

(c) The contracting officer must submit requests for waivers in accordance with agency procedures.

(d) A waiver granted for a particular class of contracts may be withdrawn for any contract within that class whenever

considered necessary by the Director of OFCCP to achieve the purposes of the Act. The withdrawal shall not apply to contracts awarded before the withdrawal. The withdrawal shall not apply to solicitations under any means of formal sealed

bidding unless it is made more than 10 days before the date set for bid opening.

-1

22.1402 FEDERAL ACQUISITION REGULATION

22.1402 Postaward.

(a) The contracting officer must furnish to the contractor appropriate notices that state the contractor's obligations and the

rights of individuals with disabilities. The contracting officer may obtain these notices from the Office of Federal Contract Compliance Programs (OFCCP) regional office.

(b) If performance under the clause at 52.222-36, Equal Opportunity for Workers with Disabilities, may necessitate a revision of a collective bargaining agreement, the contracting officer must advise the affected labor unions that the Department of Labor will give them appropriate opportunity to present their views. However, neither the contracting officer

nor any representative of the contracting officer shall discuss with the contractor or any labor representative any aspect of the collective bargaining agreement.

(c) (1) Following agency procedures, the contracting office must forward any complaints received about the administration of section 503 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 793) to?

(i) Director, Office of Federal Contract Compliance Programs, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210; or

(ii) Any OFCCP regional or area office.

(2) The OFCCP must institute investigation of each complaint and must be responsible for developing a complete case

record.

(d) The contracting officer must take necessary action, as soon as possible upon notification by the appropriate agency

official, to implement any sanctions imposed on a contractor by the Department of Labor for violations of the clause at **52.222-36, Equal Opportunity for Workers with Disabilities. These sanctions (see 41 CFR 60-741.66) may include?**

(1) Withholding from payments otherwise due;

(2) Termination or suspension of the contract; or

(3) Debarment of the contractor.

-2

22.1503

Subpart 22.15 - Prohibition of Acquisition of Products Produced by Forced or Indentured Child Labor

22.1501 Definitions.

As used in this subpart?

Forced or indentured child labor means all work or service?

- (1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which

the worker does not offer himself voluntarily; or

- (2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished

by process or penalties.

List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor means the list published by the Department of Labor in accordance with Executive Order 13126 of June 12, 1999, Prohibition of Acquisition of Products

Produced by Forced or Indentured Child Labor. The list identifies products, by their country of origin, that the Departments

of Labor, Treasury, and State have a reasonable basis to believe might have been mined, produced, or manufactured by forced

or indentured child labor.

22.1502 Presolicitation.

22.1502-1 Policy.

Agencies must take appropriate action to enforce the laws prohibiting the manufacture or importation of products that have

been mined, produced, or manufactured wholly or in part by forced or indentured child labor, consistent with 19 U.S.C. 1307,

29 U.S.C. 201, et seq., and 41 U.S.C. chapter 65. Agencies should make every effort to avoid acquiring such products.

22.1502-2 Solicitation provision and contract clause.

- (a) (1) Except as provided in paragraph (c) of this subsection, insert the provision at 52.222-18, Certification Regarding

Knowledge of Child Labor for Listed End Products, in all solicitations that are expected to exceed the micro-purchase threshold and are for the acquisition of end products (regardless of country of origin) of a type identified by country of origin

on the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor. The contracting officer must identify in paragraph (b) of the provision at 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products any applicable end products and countries of origin from the List. For solicitations estimated to equal or exceed

\$50,000, the contracting officer must exclude from the List in the solicitation end products from any countries identified in

paragraph (c) of this subsection, in accordance with the specified thresholds.

- (2) Insert the clause at 52.222-19, Child Labor?Cooperation with Authorities and Remedies, in all solicitations and

contracts for the acquisition of supplies that are expected to exceed the micro-purchase threshold.

(b) When issuing a solicitation for supplies expected to exceed the micro-purchase threshold, the contracting officer must check the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor (the List)

(www.dol.gov/ilab/) (see 22.1502-2(a)(1). Appearance of a product on the List is not a bar to purchase of any such product

mined, produced, or manufactured in the identified country, but rather is an alert that there is a reasonable basis to believe that

such product may have been mined, produced, or manufactured by forced or indentured child labor.

(c) The requirements of this subpart that result from the appearance of any end product on the List do not apply to a

solicitation or contract if the identified country of origin on the List is?

(1) Israel, and the anticipated value of the acquisition is \$50,000 or more (see part 25 for the Israeli Trade Act);

(2) Mexico, and the anticipated value of the acquisition is \$105,767 or more (see part 25 for trade agreements);

or

(3) Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein,

Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or the United Kingdom and the anticipated value of the acquisition is \$174,000 or more (see part 25 for trade agreements).

22.1503 Evaluation and award.

(a) Except as provided in paragraph (c) of 22.1502-2, before the contracting officer may make an award for an end product

(regardless of country of origin) of a type identified by country of origin on the List the offeror must certify that?

-1

22.1504 FEDERAL ACQUISITION REGULATION

(1) It will not supply any end product on the List that was mined, produced, or manufactured in a country identified on

the List for that product, as specified in the solicitation by the contracting officer in the Certification Regarding Knowledge of

Child Labor for Listed End Products; or

(2) (i) It has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any end product to be furnished under the contract that is on the List and was mined, produced, or

manufactured in a country identified on the List for that product; and

(ii) On the basis of those efforts, the offeror is unaware of any such use of child labor.

(b) Absent any actual knowledge that the certification is false, the contracting officer must rely on the offerors' certifications in making award decisions.

(c) Proper certification will not prevent the head of an agency from imposing remedies in accordance with 22.1504 if it

is later discovered that the contractor has furnished an end product or component that has in fact been mined, produced, or

manufactured, wholly or in part, using forced or indentured child labor.

22.1504 Postaward.

(a) Whenever a contracting officer has reason to believe that forced or indentured child labor was used to mine, produce,

or manufacture an end product furnished pursuant to a contract awarded subject to the certification required 22.1502-2(a)(1)

and 22.1503(a), the contracting officer must refer the matter for investigation by the agency's Inspector General, the

Attorney

General, or the Secretary of the Treasury, whichever is determined appropriate in accordance with agency procedures, except

to the extent that the end product is from the country listed 22.1502-2(c), under a contract exceeding the applicable threshold.

(b) The Government may impose remedies set forth in paragraph (c) of this section for the following violations (note that

the violations in paragraphs (b)(3) and (b)(4) of this section go beyond violations of the requirements relating to certification

of end products):

(1) The contractor has submitted a false certification regarding knowledge of the use of forced or indentured child

labor.

(2) The contractor has failed to cooperate as required in accordance with the clause at 52.222-19, Child Labor Cooperation with Authorities and Remedies, with an investigation of the use of forced or indentured child labor by an Inspector General, the Attorney General, or the Secretary of the Treasury.

(3) The contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The contractor has furnished an end product or component mined, produced, or manufactured, wholly or in part,

by forced or indentured child labor. Remedies in paragraphs (b)(2) and (b)(3) of this section are inappropriate unless the

contractor knew of the violation.

(c) The Government may impose the following remedies for violations:

(1) The contracting officer may terminate the contract.

(2) The suspending and debarring official may suspend the contractor in accordance with the procedures in subpart 9.4.

(3) The suspending and debarring official may debar the contractor for a period not to exceed 3 years in accordance

with the procedures in subpart 9.4.

-2

22.1603

Subpart 22.16 - Notification of Employee Rights Under the National Labor Relations Act.

22.1601 Definitions.

United States, as used in this subpart, means the 50 States, the District of Columbia, Puerto Rico, the Commonwealth of

the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.

22.1602 Presolicitation.

22.1602-1 Policy.

(a) This subpart prescribes policies and procedures to implement Executive Order 13496, dated January 30, 2009 (74 FR

6107, February 4, 2009). Executive Order 13496 requires contractors to post a notice informing employees of their rights

under Federal labor laws.

(b) The Secretary has determined that the notice must contain employee rights under the National Labor Relations

Act

(Act), 29 U.S.C. 151 et seq. The Act encourages collective bargaining, and protects the exercise by employees of their freedom to associate, to self-organize, and to designate representatives of their own choosing for the purpose of negotiating the terms and conditions of their employment or other mutual aid or protection.

(c) The requirements of this subpart do not apply to?

- (1) Contracts under the simplified acquisition threshold;
- (2) Subcontracts of \$10,000 or less; and
- (3) Contracts or subcontracts for work performed exclusively outside the United States.

(d) (1) If the Secretary finds that the requirements of the Executive Order impair the ability of the Government to procure goods and services on an economical and efficient basis or if special circumstances require an exemption in order to serve the national interest, the Secretary may exempt a contracting department or agency, or groups of departments or agencies, from the requirements of any or all of the provisions of this Executive Order with respect to a particular contract or subcontract, or any class of contracts or subcontracts, including the requirement to include the clause at 52.222-40, or parts of that clause, in contracts.

- (2) Requests for exemptions may be submitted in accordance with Department of Labor regulations at 29 CFR 471.3.

22.1602-2 Contract clause.

(a) Insert the clause at 52.222-40, Notification of Employee Rights under the National Labor Relations Act, in all solicitations and contracts, including acquisitions for commercial products, commercial services, and commercially available off-the-shelf items, except acquisitions?

- (1) Under the simplified acquisition threshold. For indefinite-quantity contracts, include the clause only if the value of orders in any calendar year of the contract is expected to exceed the simplified acquisition threshold;
- (2) For work performed exclusively outside the United States; or
- (3) Covered (in their entirety) by an exemption granted by the Secretary.

(b) A contracting agency may modify the clause at 52.222-40, if necessary, to reflect an exemption granted by the Secretary (see 22.1602-1(d)).

22.1603 Postaward.

(a) The Secretary may conduct compliance evaluations or investigate complaints of any contractor or subcontractor to determine if any of the requirements of the clause at 52.222-40, Notification of Employee Rights under the National Labor Relations Act, have been violated.

(b) Contracting departments and agencies must cooperate with the Secretary and provide such information and assistance as the Secretary may require in the performance of the Secretary's functions.

(c) If the Secretary determines that there has been a violation, the Secretary may take such actions as set forth in 29 CFR

471.14.

(d) The Secretary may not terminate or suspend a contract or suspend or debar a contractor if the agency head has

provided written objections, which must include a statement of reasons for the objection and a finding that the contractor's

performance is essential to the agency's mission, and continues to object to the imposition of such sanctions and penalties.

Procedures for enforcement by the Secretary are set out in 29 CFR 471.10 through 29 CFR 471.16.

22.1702

Subpart 22.17 - Combating Trafficking in Persons.

22.1700 Scope.

This subpart prescribes policy for implementing 22 U.S.C. chapter 78 and Executive Order 13627, Strengthening Protections Against Trafficking in Persons in Federal Contracts, dated September 25, 2012.

22.1701 Applicability.

(a) This subpart applies to all acquisitions.

(b) The requirement at 22.1703-1(b) for a certification and compliance plan applies only to any portion of a contract or

subcontract that?

(1) Is for supplies, other than commercially available off-the-shelf (COTS) items, to be acquired outside the United

States, or services to be performed outside the United States; and

(2) Has an estimated value that exceeds \$700,000.

22.1702 Definitions.

As used in this subpart --

Agent means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act

on behalf of the organization.

Coercion means?

(1) Threats of serious harm to or physical restraint against any person;

(2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in

serious harm to or physical restraint against any person; or

(3) The abuse or threatened abuse of the legal process.

Commercial sex act means any sex act on account of which anything of value is given to or received by any person.

Debt bondage means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services

or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed

is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited

and

defined.

Employee means an employee of the Contractor directly engaged in the performance of work under the contract who has

other than a minimal impact or involvement in contract performance.

Forced labor means knowingly providing or obtaining the labor or services of a person?

(1) By threats of serious harm to, or physical restraint against, that person or another person;

(2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform

such labor or services, that person or another person would suffer serious harm or physical restraint; or

(3) By means of the abuse or threatened abuse of law or the legal process.

Involuntary servitude includes a condition of servitude induced by means of?

(1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue

in such conditions, that person or another person would suffer serious harm or physical restraint; or

(2) The abuse or threatened abuse of the legal process.

Recruitment fees means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting

process) for?

(i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;

(ii) Advertising;

(iii) Obtaining permanent or temporary labor certification, including any associated fees;

(iv) Processing applications and petitions;

(v) Acquiring visas, including any associated fees;

(vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;

(vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;

(viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;

-1

22.1703 FEDERAL ACQUISITION REGULATION

(ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;

(x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;

(xi) Transportation and subsistence costs?

(A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees,

and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon

the end of employment; and

(B) From the airport or disembarkation point to the worksite;

(xii) Security deposits, bonds, and insurance; and

(xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is?

- (i) Paid in property or money;
- (ii) Deducted from wages;
- (iii) Paid back in wage or benefit concessions;
- (iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or
- (v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to?
 - (A) Agents;
 - (B) Labor brokers;
 - (C) Recruiters;
 - (D) Staffing firms (including private employment and placement firms);
 - (E) Subsidiaries/affiliates of the employer;
 - (F) Any agent or employee of such entities; and
 - (G) Subcontractors at all tiers.

Severe forms of trafficking in persons means?

(1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or

(2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use

of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Sex trafficking means the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person

for the purpose of a commercial sex act.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

22.1703 Presolicitation.

22.1703-1 Requirements.

(a) The United States Government has adopted a policy prohibiting trafficking in persons, including certain trafficking-

related activities. Additional information about trafficking in persons may be found at the website for the Department of State's Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/j/tip/> . Government solicitations and contracts must?

(1) Prohibit contractors, contractor employees, subcontractors, subcontractor employees, and their agents from the

trafficking-related activities listed in paragraph (b) of the clause at 52.222-50, Combating Trafficking in Persons.

(2) Require contractors and subcontractors to notify employees of the prohibited activities referenced in paragraph (a)

(1) of this subsection and the actions that may be taken against them for violations.

(3) Require the contractor and subcontractors to?

(i) Disclose to the contracting officer and the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;
 (iii) Cooperate fully in providing reasonable access to their facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act (22 U.S.C. chapter 78), Executive Order 13627, or any

22.1704

other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(4) Provide suitable remedies, including termination, to be imposed on contractors that fail to comply with the requirements of paragraphs (a)(1) through (3) and (b) of this subsection.

(b) With regard to certification and a compliance plan, Government solicitations and contracts must?

(1) (i) Require the apparent successful offeror to provide, before contract award, a certification (see 52.222-56) that the offeror has a compliance plan if any portion of the contract or subcontract?

(A) Is for supplies, other than COTS items (see 2.101), to be acquired outside the United States, or services to be performed outside the United States; and

(B) The estimated value exceeds \$700,000.

(ii) The certification must state that?

(A) The offeror has implemented the plan and has implemented procedures to prevent any prohibited activities

and to monitor, detect, and terminate the contract with a subcontractor or agent engaging in prohibited activities; and

(B) After having conducted due diligence, either?

(1) To the best of the offeror's knowledge and belief, neither it nor any of its agents, proposed subcontractors, or their agents, has engaged in any such activities; or

(2) If abuses relating to any of the prohibited activities identified in 52.222-50(b) have been found, the offeror or proposed subcontractor has taken the appropriate remedial and referral actions;

(2) Require annual certifications (see 52.222-50(h)(5)) during performance of the contract, when a compliance plan was required at award;

(3) (i) Require the contractor to obtain a certification from each subcontractor, prior to award of a subcontract, if any portion of the subcontract?

(A) Is for supplies, other than COTS items (see 2.101), to be acquired outside the United States, or services to be performed outside the United States; and

(B) The estimated value exceeds \$700,000.

(ii) The certification must state that?

(A) The subcontractor has implemented a compliance plan; and

(B) After having conducted due diligence, either?

(1) To the best of the subcontractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents, has engaged in any such activities; or

(2) If abuses relating to any of the prohibited activities identified in 52.222-50(b) have been found, the

subcontractor has taken the appropriate remedial and referral actions;

- (4) Require the contractor to obtain annual certifications from subcontractors during performance of the contract, when

a compliance plan was required at the time of subcontract award; and

- (5) Require that any compliance plan or procedures must be appropriate to the size and complexity of the contract and

the nature and scope of its activities, including the number of non-U.S. citizens expected to be employed and the risk that the

contract or subcontract will involve services or supplies susceptible to trafficking in persons. The minimum elements of the

plan are specified at 52.222-50(h).

22.1703-2 Solicitation provisions and contract clauses.

- (a) (1) Insert the clause at 52.222-50, Combating Trafficking in Persons, in all solicitations and contracts.

- (2) Use the clause with its Alternate I when the contract will be performed outside the United States and the contracting

officer has been notified of specific U.S. directives or notices regarding combating trafficking in persons (such as general

orders or military listings of ?off-limits? local establishments) that apply to contractor employees at the contract place of performance.

- (b) Insert the provision at 52.222-56, Certification Regarding Trafficking in Persons Compliance Plan, in solicitations if?

- (1) It is possible that at least \$700,000 of the value of the contract may be performed outside the United States; and

- (2) The acquisition is not entirely for commercially available off-the-shelf items.

22.1704 Postaward.

- (a) Violations. It is a violation of the Trafficking Victims Protection Act of 2000, as amended, (22 U.S.C. chapter 78), E.O.

13627, or the policies of this subpart if the contractor, contractor employee, subcontractor, subcontractor employee, or agent

fails to comply with the requirements of the clause at 52.222-50, Combating Trafficking in Persons.

-3

22.1704 FEDERAL ACQUISITION REGULATION

- (b) Credible information. Upon receipt of credible information regarding a violation listed in paragraph (a) of this section,

the contracting officer must promptly notify, in accordance with agency procedures, the agency Inspector General, the agency

debaring and suspending official, and if appropriate, law enforcement officials with jurisdiction over the alleged offense; and

may direct the contractor to take specific steps to abate the alleged violation or enforce the requirements of its compliance

plan.

- (c) Receipt of agency Inspector General report.

- (1) The head of an executive agency must ensure that the contracting officer is provided a copy of the agency Inspector

General report of an investigation of a violation of the trafficking in persons prohibitions in 52.222-50(b).

(2)

(i) Upon receipt of a report from the agency Inspector General that provides support for the allegations, the head of the executive agency must?

(A) Refer the matter to the agency suspending and debarring official; and

(B) In accordance with agency procedures, delegate to an authorized agency official, who may also be the agency

suspending or debarring official, the responsibility to?

(1) Expeditiously conduct an administrative proceeding, allowing the contractor the opportunity to respond to the report;

(2) Make a final determination as to whether the allegations are substantiated; and

(3) Notify the contracting officer of the determination.

(ii) Whether or not the official authorized to conduct the administrative proceeding described in paragraph (c)(2)(i)

(B) of this section is the suspending and debarring official, the suspending and debarring official has the authority, at any time

before or after the final determination as to whether the allegations are substantiated, to use the suspension and debarment

procedures in subpart 9.4 to suspend, propose for debarment, or debar the contractor, if appropriate, also considering the

factors in paragraph (d)(2) of this section.

(d) Remedies. After a final determination in accordance with paragraph (c)(2)(ii) of this section that the allegations of a

trafficking in persons violation are substantiated, the contracting officer must?

(1) Enter the violation in FAPIIS (see part 42); and

(2) Consider taking any of the remedies specified in paragraph (e) of the clause at 52.222-50, Combating Trafficking in

Persons. These remedies are in addition to any other remedies available to the United States Government.

-4

22.1802-1

Subpart 22.18 - Employment Eligibility Verification

22.1801 Definitions.

As used in this subpart?

Commercially available off-the-shelf (COTS) item ?

(1) Means any item of supply that is?

(i) A commercial product (as defined in paragraph (1) of the definition of ?commercial product? at 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1(c)(2), ?bulk cargo? means cargo that is loaded and carried in bulk onboard ship without mark or

count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except

LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1802-2. An employee is not considered to be directly

performing work under a contract if the employee?

- (1) Normally performs support work, such as indirect or overhead functions; and
- (2) Does not perform any substantial duties applicable to the contract.

Subcontract means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands and the U.S. Virgin Islands, as defined in 8 U.S.C. 1101(a)(38).

22.1802 Presolicitation.

22.1802-1 Policy.

(a) This subpart prescribes policies and procedures requiring contractors to utilize the Department of Homeland Security

(DHS), United States Citizenship and Immigration Service's employment eligibility verification program (E-Verify) as the

means for verifying employment eligibility of certain employees.

(b) Statutes and Executive orders require employers to abide by the immigration laws of the United States and to employ

in the United States only individuals who are eligible to work in the United States. The E-Verify program provides an Internet-based means of verifying employment eligibility of workers employed in the United States, but is not a substitute for

any other employment eligibility verification requirements.

(c) Contracting officers must include in solicitations and contracts, as prescribed in 22.1802-2, requirements that Federal

contractors must?

(1) Enroll as Federal contractors in E-Verify;

(2) Use E-Verify to verify employment eligibility of all new hires working in the United States, except that the contractor may choose to verify only new hires assigned to the contract if the contractor is?

(i) An institution of higher education (as defined at 20 U.S.C. 1001(a));

(ii) A State or local government or the government of a Federally recognized Indian tribe; or

(iii) A surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond;

(3) Use E-Verify to verify employment eligibility of all employees assigned to the contract; and

(4) Include these requirements, as required by the clause at 52.222-54, in subcontracts for?

(i) Services, except for commercial services that are part of the purchase of a COTS item (or an item that would be a

COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item;

and

(ii) Construction.

-1

22.1802-2 FEDERAL ACQUISITION REGULATION

(d) Contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), instead of just those employees assigned to the contract. The contractor is not required to verify employment eligibility of?

- (1) Employees who hold an active security clearance of confidential, secret, or top secret; or
- (2) Employees for whom background investigations have been completed and credentials issued pursuant to Homeland

Security Presidential Directive (HSPD)-12.

(e) In exceptional cases, the head of the contracting activity may waive the E-Verify requirement for a contract or subcontract or a class of contracts or subcontracts, either temporarily or for the period of performance. This waiver authority may not be delegated.

(f) DHS and the Social Security Administration (SSA) may terminate a contractor's memorandum of understanding (MOU) and deny access to the E-Verify system in accordance with the terms of the MOU. If DHS or SSA terminates a

contractor's MOU, the terminating agency must refer the contractor to a suspending and debarring official for possible suspension or debarment action. During the period between termination of the MOU and a decision by the suspending and

debaring official whether to suspend or debar, the contractor is excused from its obligations under paragraph (b) of the clause

at 52.222-54. If the contractor is suspended, debarred, or subject to a voluntary exclusion as a result of the MOU termination,

the contractor is not eligible to participate in E-Verify during the period of its suspension, debarment, or voluntary exclusion.

If the contractor is not suspended, debarred, or subject to a voluntary exclusion, then the contractor must reenroll in E-Verify.

22.1802-2 Contract clause.

Insert the clause at 52.222-54, Employment Eligibility Verification, in all solicitations and contracts that exceed \$150,000,

except those that?

- (a) Are only for work that will be performed outside the United States;
- (b) Are for a period of performance of less than 120 days; or
- (c) Are only for?

- (1) Commercially available off-the-shelf items;

- (2) Items that would be COTS items, but for minor modifications (as defined at paragraph (3)(ii) of definition of

?commercial product? at 2.101;

- (3) Items that would be COTS items if they were not bulk cargo; or

- (4) Commercial services that are?

- (i) Part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications);

- (ii) Performed by the COTS provider; and

- (iii) Are normally provided for that COTS item.

-2

22.1903**Subpart 22.19 - Increasing the Minimum Wage for Contractors.****22.1900 Scope of subpart.**

This subpart prescribes policies and procedures to implement Executive Order (E.O.) 14026, Increasing the Minimum Wage for Federal Contractors, which requires minimum wages for certain workers; Department of Labor (DOL) implementing regulations are found at 29 CFR part 23. This E.O. superseded E.O. 13658; DOL implementing regulations for

E.O. 13658 are found at 29 CFR part 10.

22.1901 Definitions.

As used in this subpart?

United States means the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer

Continental Shelf Lands Act (43 U.S.C. 1331, et seq.).

Worker (in accordance with 29 CFR 23.20)?

(1) (i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order

14026, and

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the

Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40

U.S.C. chapter 31, subchapter IV),

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those

terms are defined in 29 CFR part 541,

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration,

Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2) (i) A worker performs on a contract if the worker directly performs the specific services called for by the contract;

and

(ii) A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

22.1902 Policy.

(a) Pursuant to Executive Order 14026, the minimum hourly wage rate required to be paid to workers performing on, or in

connection with, contracts and subcontracts subject to this subpart is?

(1) At least \$15.00 per hour beginning January 30, 2022; and

(2) Beginning January 1, 2023, and annually thereafter, an amount determined by the Secretary of Labor. The Administrator of the Wage and Hour Division (the Administrator) will notify the public of the new E.O. minimum wage rate

at least 90 days before it is to take effect. (See 22.1904.)

(b) Relationship with other wage rates.

(1) Nothing in this subpart shall excuse noncompliance with any applicable Federal or State prevailing wage law or

any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment

under this subpart.

(2) The E.O. minimum wage rate applies whenever it is higher than any applicable collective bargaining agreement(s)

wage rate.

(c) Application to tipped workers. Policies and procedures in DOL regulations at 29 CFR 23.240(b) and 23.280 address

the relationship between the E.O. minimum wage and wages of workers engaged in an occupation in which they customarily

and regularly receive more than \$30 a month in tips.

22.1903 Applicability.

(a) This subpart applies to contracts covered by the Service Contract Labor Standards statute (41 U.S.C. chapter 67,

formerly known as the Service Contract Act, subpart 22.10), or the Wage Rate Requirements (Construction) statute (40 -1

22.1904 FEDERAL ACQUISITION REGULATION

U.S.C. chapter 31, Subchapter IV, formerly known as the Davis Bacon Act, subpart 22.4), that require performance in whole

or in part within the United States (the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in

the Outer Continental Shelf Lands Act (43 U.S.C. 1331, et seq.)). When performance is in part within and in part outside the

United States, this subpart applies to the part of the contract that is performed within the United States.

(b) (1) This subpart applies to workers as defined at 22.1901. As provided in that definition?

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship

Agency recognized by the Office of Apprenticeship, are covered.

(2) This subpart does not apply to?

(i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by

the E.O., i.e., those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked

in a particular workweek performing in connection with such contracts;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and

(b), unless otherwise covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction)

statute. These individuals include but are not limited to?

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under

29 U.S.C. 214(a);

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b); and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and

29 CFR part 541).

(c) Agency Labor Advisors, as defined at 22.001, are listed at <https://www.sam.gov> and are available to provide guidance

and assistance with the application of this subpart.

22.1904 Annual Executive Order Minimum Wage Rate.

(a) For the E.O. minimum wage rate that becomes effective on January 30, 2022, and annually thereafter, the Administrator will?

(1) Notify the public of the new E.O. minimum wage rate at least 90 days before it becomes effective by publishing a

notice in the Federal Register;

(2) Publish and maintain on Wage Determinations at SAM.gov, <https://www.sam.gov> or any successor site, the E.O.

minimum wage rate; and

(3) Include a general notice on wage determinations which are issued under the Service Contract Labor Standards

statute or the Wage Rate Requirements (Construction) statute. The notice will provide information on the E.O. minimum wage and how to obtain annual updates.

(b) (1) The contractor may request a price adjustment only after the effective date of a new annual E.O. minimum wage determination published pursuant to paragraph (a). Prices will be adjusted only for increased labor costs (including

subcontractor labor costs) as a result of the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs must include increases or decreases that result from changes in social security

and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and

administrative costs, overhead, or profit.

(2) The wage rate price adjustment under this clause is the lowest amount calculated by subtracting from the

new E.O.

wage rate the following: The current E.O. minimum wage rate; the current service or construction wage determination rate

under the contract (if the wage rate is applicable to that worker); or the actual wage currently paid the worker. If the amount is

zero or below, there will be no increase paid for this worker.

(i) Example 1?New E.O. wage rate is \$16.10.

-2

22.1905

Previous E.O. wage rate is \$15.70. Analysis: The calculation is $\$16.10 - \$15.80 = \$0.30$.

The current service or construction wage determination rate The price adjustment for this worker is \$0.30.

applicable to this worker under the contract is \$15.75.

The actual wage currently paid to the worker is

\$15.80.

(ii) Example 2?New E.O. wage rate is \$15.50.

Previous E.O. wage rate is \$15.10. Analysis: The calculation is $\$15.50 - \$15.80 = -\$0.30$.

The current service or construction wage determination rate There is no price adjustment for this worker.

applicable to this worker under the contract is \$15.75.

The actual wage currently paid to the worker is

\$15.80.

(3) The contracting officer must not adjust the contract price for any costs other than those identified in paragraph (b)

(1) of this section, and must not provide duplicate price adjustments with any price adjustment under clauses implementing

the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

22.1905 Enforcement of Executive Order Minimum Wage Requirements.

(a) Authority.

(1) Section 5 of the E.O. grants the authority for investigating potential violations of, and obtaining compliance with,

the E.O. to the Secretary of Labor. The Secretary of Labor, in promulgating the implementing regulations required by Section 4 of the E.O., has assigned this authority to the Administrator. Contracting agencies do not have authority to conduct

compliance investigations under 29 CFR part 10 or part 23 as implemented in this subpart. This does not limit the contracting

officer's authority to otherwise enforce the terms and conditions of the contract.

(2) Contracting officers must withhold payment at the direction of the Administrator.

(3) The contracting officer must withhold payment, without a request from the Administrator, if the contractor fails to

comply with the requirements in paragraph (e)(2) of 52.222-55, Minimum Wages for Contractor Workers Under Executive

Order 14026 to furnish payroll records, until such time as the noncompliance is corrected.

(b) Complaints.

(1) Complaints may be filed with the contracting officer or the Administrator by any person, entity, or organization that

believes a violation of this subpart has occurred.

(2) The identity of any individual who makes a written or oral statement as a complaint or in the course of an investigation, as well as portions of the statement which would reveal the individual's identity, must not be disclosed in any

manner to anyone other than Federal officials without the prior consent of the individual, unless otherwise authorized by law.

(3) Upon receipt of a complaint, or if notified that the Administrator has received a complaint, the contracting officer

must report the following information, within 14 days, if available without conducting an investigation, to the Department of

Labor, Wage and Hour Division, Office of Government Contracts, 200 Constitution Avenue NW., Room S3006, Washington,

DC 20210.

(i) The complaint or description of the alleged violation;

(ii) Available statements by the worker, contractor, or any other person regarding the alleged violation;

(iii) Evidence that clause 52.222-55, Minimum Wages for Contractor Workers Under Executive Order 14026, (or its predecessor for complaints under 29 CFR part 10) was included in the contract;

(iv) Information concerning known settlement negotiations between the parties, if applicable; and

(v) Any other relevant facts known to the contracting officer or other information requested by the Wage and Hour Division.

(c) Investigations. Complaints will be investigated by the Administrator, if warranted, in accordance with the procedures

in 29 CFR part 23.430.

(d) Remedies and sanctions ?

(1) Unpaid wages. When the Administrator's investigation reveals that a contractor has failed to pay the applicable E.O.

minimum wage, the Administrator will notify the contractor and the contracting agency of the unpaid wage violation, and request that the contractor remedy the violation. If the contractor does not remedy the violation, the Administrator may direct

-3

22.1906 FEDERAL ACQUISITION REGULATION

withholding of payments due on the contract or any other contract between the contractor and the Federal Government.

Upon

final decision and direction of the Administrator, the contracting agency must transfer the withheld funds to the Department

of Labor for disbursement in accordance with the procedures at 22.404-2.

(2) Antiretaliation. When a contractor has been found to have violated paragraph (i) of clause 52.222-55, Minimum

Wages for Contractor Workers Under Executive Order 14026, the Administrator may provide for relief to the worker in accordance with 29 CFR 23.440.

(3) Debarment.

(i) The Department of Labor may initiate debarment proceedings under 29 CFR 23.520 whenever a contractor is found to have disregarded its obligations under 29 CFR part 23.

(ii) Contracting officers must consider notifying the agency suspending and debarring official in accordance with

agency procedures when a contractor commits significant violations of contract terms and conditions related to this subpart.

(4) Retroactive inclusion of contract clause. If a contracting agency fails to include the contract clause in a contract

to which E.O. 14026 applies, the contracting agency, on its own initiative or within 15 calendar days of notification by an authorized representative of the Department of Labor, must incorporate the contract clause in the contract retroactive

to commencement of performance under the contract through the exercise of any and all authority that may be needed (including, where necessary, its authority to negotiate or amend, its authority to pay any necessary additional costs, and its

authority under any contract provision authorizing changes, cancellation and termination).

22.1906 Contract clause.

Insert the clause at 52.222-55, Minimum Wages for Contractor Workers Under Executive Order 14026, in solicitations and

contracts that include the clause at 52.222-6, Construction Wage Rate Requirements, or 52.222-41, Service Contract Labor

Standards, where work is to be performed, in whole or in part, in the United States.

-4

Subpart 22.20

Subpart 22.20 - [Reserved]

-1

This page intentionally left blank.

-2

22.2102-1

Subpart 22.21 - Establishing Paid Sick Leave for Federal Contractors.

22.2101 Definitions.

As used in this subpart?

Accrual year means the 12-month period during which a contractor may limit an employee's accrual of paid sick leave to

no less than 56 hours (see 29 CFR 13.5(b)(1)).

Certification issued by a health care provider has the meaning given in 29 CFR 13.2.

Employee?

(1) (i) Means any person engaged in performing work on or in connection with a contract covered by E.O. 13706; and

(A) Whose wages under such contract are governed by the Service Contract Labor Standards statute (41 U.S.C.

chapter 67), the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV), or the Fair Labor

Standards Act (29 U.S.C. chapter 8);

(B) Including employees who qualify for an exemption from the Fair Labor Standards Act's minimum wage and

overtime provisions; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer; and

(ii) Includes any person performing work on or in connection with the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration,

Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2) (i) An employee performs on a contract if the employee directly performs the specific services called for by the contract; and

(ii) An employee performs in connection with a contract if the employee's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

Health care provider has the meaning given in 29 CFR 13.2.

Multiemployer plan means a plan to which more than one employer is required to contribute and which is maintained pursuant to one or more collective bargaining agreements between one or more employee organizations and more than one employer.

Paid sick leave means compensated absence from employment that is required by E.O. 13706 and 29 CFR part 13.

22.2102 Presolicitation.

22.2102-1 General.

(a) This subpart prescribes policies and procedures to implement E.O. 13706, Establishing Paid Sick Leave for Federal

Contractors, dated September 7, 2015, and Department of Labor implementing regulations at 29 CFR part 13.

(b) This subpart applies to?

(1) Contracts that?

(i) Are covered by the Service Contract Labor Standards statute (41 U.S.C. chapter 67, formerly known as the Service Contract Act, subpart 22.10), or the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, Subchapter IV, formerly known as the Davis-Bacon Act, 22.402-3); and

(ii) Require performance in whole or in part within the United States. When performance is in part within and in part outside the United States, this subpart applies to the part of the contract that is performed within the United States; and

(2) Employees performing on or in connection with such contracts whose wages are governed by the Service Contract

Labor Standards statute, the Wage Rate Requirements (Construction) statute, or the Fair Labor Standards Act, including

employees who qualify for an exemption from the Fair Labor Standards Act's minimum wage and overtime provisions.

(c) The following are excluded from coverage under this subpart:

(1) Employees performing in connection with contracts covered by the E.O. for less than 20 percent of their work hours

in a given workweek. This exclusion is inapplicable to employees performing on contracts covered by the E.O., i.e., those

employees directly engaged in performing the specific work called for by the contract, at any point during the workweek (see

29 CFR 13.4(e)).

(2) Until the earlier of the date the agreement terminates or January 1, 2020, employees whose covered work is

governed by a collective bargaining agreement ratified before September 30, 2016, that?

(i) Already provides 56 hours (or 7 days, if the agreement refers to days rather than hours) of paid sick time (or paid

time off that may be used for reasons related to sickness or health care) each year; or

-1

22.2102-2 FEDERAL ACQUISITION REGULATION

(ii) Provides less than 56 hours (or 7 days, if the agreement refers to days rather than hours) of paid sick time (or paid time off that may be used for reasons related to sickness or health care) each year, provided that each year the contractor provides covered employees with the difference between 56 hours (or 7 days) and the amount provided under the existing agreement in accordance with 29 CFR 13.4(f).

(3) The Government's unilateral exercise of a pre-negotiated option to renew an existing contract that does not contain the clause at 52.222-62 will not automatically trigger the application of that clause. (See definition of "new contract" at 29

CFR 13.2).

(d) Nothing in E.O. 13706 or 29 CFR part 13 shall excuse noncompliance with or supersede any applicable Federal or State law, any applicable law or municipal ordinance, or a collective bargaining agreement requiring greater paid sick leave or leave rights than those established under E.O. 13706 and 29 CFR part 13. For additional details regarding interaction with the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Family and Medical Leave Act, and State and local paid sick time laws, see 29 CFR 13.5(f)(2) through (4).

22.2102-2 Policy.

(a) The Government must require contractors to allow employees performing work on or in connection with a contract covered by E.O. 13706 to accrue and use paid sick leave in accordance with the E.O. and 29 CFR part 13.

(b) In accordance with 29 CFR 13.5(f)(5)(i), the paid sick leave requirements of E.O. 13706 and 29 CFR part 13 may be satisfied by a contractor's voluntary paid time off policy, whether provided pursuant to a collective bargaining agreement or otherwise, where the voluntary paid time off policy meets or exceeds the requirements. For additional details regarding paid time off policies, see 29 CFR 13.5(f)(5)(ii) and (iii).

(c) Employees cannot waive, nor may contractors induce employees to waive, their rights under E.O. 13706 or 29 CFR

SUBPART 23.1 - SUSTAINABLE PRODUCTS 23.103

23.000 Scope of part.

This part prescribes acquisition policies and procedures for sustainable acquisition, ensuring proper handling and notification of hazardous materials, and preventing pollution.

Subpart 23.1 - Sustainable Products

23.100 Scope of subpart.

This subpart provides policies and procedures for procuring sustainable products.

23.101 Definitions.

As used in this subpart?

Energy-efficient product means a product that?

- (1) Meets Department of Energy (DOE) and Environmental Protection Agency (EPA) criteria for use of the ENERGY

STAR® trademark label (see <https://www.energy.gov/eere/femp/search-energy-efficient-products>); or

(2) Is in the upper 25 percent of efficiency for all similar products as designated by the DOE Federal Energy Management Program (FEMP) (see <https://www.energy.gov/eere/femp/search-energy-efficient-products>). EPA-designated item means a product that is listed by EPA in a procurement guideline because it can be made with recovered material and for which EPA has provided recommended recovered material content levels (see <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>).

Low standby power device means a product that?

- (1) Uses an external standby power device or contains an internal standby power function; and
- (2) Uses no more than one watt of electricity in its standby power consuming mode or meets recommended low standby

levels as designated by DOE FEMP (see <https://www.energy.gov/femp/low-standby-power-product-list>).

Ozone-depleting substance means any substance the EPA designates in 40 CFR part 82 as?

- (1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or
- (2) Class II, including, but not limited to, hydrochlorofluorocarbons.

Sustainable product means?

(1) A product that contains recovered material designated by the EPA under the Comprehensive Procurement Guidelines (42 U.S.C. 6962) (40 CFR part 247) (<https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>).

(2) An energy-efficient product or low standby power device (42 U.S.C. 8259b) (10 CFR part 436, subpart C) (<https://www.energy.gov/eere/femp/search-energy-efficient-products>, <https://www.energystar.gov/products?s=mega>, and <https://www.energy.gov/femp/low-standby-power-product-list>).

(3) A biobased product that meets the content requirements of the U.S. Department of Agriculture (USDA) under the BioPreferred® program (7 U.S.C. 8102) (7 CFR Part 4270) (<https://www.biopreferred.gov/>).

(4) A substance identified in the EPA's Significant New Alternatives Policy (SNAP) program as a safe alternative to

an ozone-depleting substance (42 U.S.C. 76711) (40 CFR part 82, subpart G) (<https://www.epa.gov/snap/unacceptable-and-acceptable-substitutes-tables>).

USDA-designated product category means a generic grouping of biobased products that are listed by USDA in a procurement guideline and for which USDA has provided minimum biobased content standards (<https://www.biopreferred.gov/resources/categories.html>).

USDA-designated product category means a generic grouping of biobased products that are listed by USDA in a procurement guideline and for which USDA has provided minimum biobased content standards (<https://www.biopreferred.gov/resources/categories.html>).

USDA-designated product category means a generic grouping of biobased products that are listed by USDA in a procurement guideline and for which USDA has provided minimum biobased content standards (<https://www.biopreferred.gov/resources/categories.html>).

23.102 Policy.

(a) Agencies must procure sustainable products to the maximum extent practicable. Procuring a sustainable product is

considered practicable, unless the agency cannot acquire the sustainable product?

- (1) Competitively within a reasonable performance schedule;
- (2) That meets reasonable performance requirements; or
- (3) At a reasonable price.

(b) When considering whether the price of a sustainable product is reasonable, agencies should consider whether the product is cost-effective over the life of the product.

23.103 Procedures.

- (a) Work with the requiring activity to identify sustainable products that apply to the acquisition.

23.1-1

23.104 FEDERAL ACQUISITION REGULATION

(b) When it is not practicable to procure a sustainable product (see 23.102(a)), include a justification explaining the circumstances in the contract file.

- (c) Ensure the solicitation and contract identify sustainable products that are required to be provided during performance

of the contract and those that are covered by a justification described in paragraph (b).

23.104 Priorities.

(a) When both an EPA-designated item containing recovered material and a biobased product in a USDA-designated product category could be used for the same purposes, procure the EPA-designated item.

- (b) Treat products from designated countries, as defined in part 25, as eligible for the preference for biobased products

provided that those products?

- (1) Meet the criteria for the definition of biobased product, except that the products need not meet the requirement that

renewable agricultural materials or forestry materials in such product must be domestic; and

- (2) Otherwise meet all requirements for participation in the preference program.

23.105 Exceptions.

- (a) Contracts performed or supplies delivered outside of the United States are not required to include sustainable products,

unless the agency head determines that such application is in the interest of the United States.

- (b) Contracts for weapon systems are not required to include sustainable products; however, compliance with applicable

agency programs is required for recovered materials (see 23.107(a)1)) (42 U.S.C. 6962) and for alternatives for ozone depleting substances (42 U.S.C. 7671l), unless a written justification exists.

- (c) Energy-consuming products or systems designed or procured for combat or combat-related missions are not required to

be energy-efficient products (42 U.S.C. 8259b).

- (d) Biobased products to be used in military equipment (products or systems designed or procured for combat or combat-

related missions), spacecraft systems, or launch support equipment are not required to meet the content requirements of the

USDA under the BioPreferred® program (7 U.S.C 8102).

(e) Substitution is not required for class II substances identified as safe alternatives under 42 U.S.C. 7671k, or for products made with or containing such substances, and such substances may be used as substitutes for other class I or class II substances.

23.106 Restrictions.

- (a) Do not purchase class II substances, or products containing class II substances, for the purpose of any use prohibited

under 42 U.S.C. 7671d(c) (40 CFR 82.84(a)(2)).

(b) Do not purchase products whose sale is prohibited under 42 U.S.C. 7671h, except when the products will be used by

persons certified to service vehicles (40 CFR 82.84(a)(4)).

(c) Do not purchase nonessential products as defined under 42 U.S.C. 7671i (40 CFR 82.84(a)(4)).

23.107 Agency programs.

(a) Each agency must implement the following:

(1) A program to promote the procurement of EPA-designated items that contain recovered material. This program

applies to an item if the agency procures \$10,000 or more worth of the item in a fiscal year. The program must meet the minimum requirements at 40 CFR 247.6.

(2) A program to promote the procurement of biobased products in the USDA BioPreferred® Program. This program

applies to a product if the agency procures \$10,000 or more worth of the product in a fiscal year. The program must meet the

minimum requirements at 7 CFR 4270.5(b).

(b) Agencies may use their own specifications or commercial product descriptions; however, the solicitation and contract

should specify that?

(1) EPA-designated items be composed of the highest percentage of recovered materials practicable or meet the EPA's

minimum recovered material content standards.

(2) Biobased products in the BioPreferred® Program be composed of the highest percentage of biobased material

practicable or meet the USDA's minimum biobased content standards.

23.1-2

SUBPART 23.1 - SUSTAINABLE PRODUCTS 23.108

23.108 Solicitation provisions and contract clauses.

(a) General. Insert the clause at 52.223-23, Sustainable Products, in solicitations and contracts unless a written justification or exception (see 23.103(b) and 23.105, respectively) covers the entire acquisition.

(b) Products containing recovered material. Except for the acquisition of COTS items?

(1) Insert the provision at 52.223-4, Recovered Material Certification, in solicitations that require the delivery or specify the use of EPA-designated items; and

(2) Insert the clause at 52.223-9, Estimate of Percentage of Recovered Material Content for EPA-designated Items, in

solicitations and contracts exceeding \$200,000 that are for, or specify the use of, EPA-designated items containing recovered

materials. If technical personnel advise that estimates can be verified, use the clause with its Alternate I.

(c) Biobased products.

(1) Insert the provision at 52.223-1, Biobased Product Certification, in solicitations, other than for acquisitions described at 23.105(d), that?

(i) Require the delivery or specify the use of biobased products in USDA-designated product categories; or

(ii) Include the clause at 52.223-2.

(2) Insert the clause at 52.223-2, Reporting of Biobased Products Under Service and Construction Contracts, in service

and construction solicitations and contracts, unless the contract will not involve the use of biobased products in USDA-designated product categories.

(d) Products containing ozone-depleting substances. Except for contracts for supplies that will be delivered outside the

United States and its outlying areas, or contracts for services that will be performed outside the United States and its outlying

areas, insert the following clauses:

(1) 52.223-11, Ozone-Depleting Substances, in solicitations and contracts that may include products that may contain

or be manufactured with ozone-depleting substances.

(2) 52.223-12, Maintenance, Service, Repair, or Disposal of Refrigeration Equipment and Air Conditioners, in solicitations and contracts that include the maintenance, service, repair, or disposal of refrigeration equipment or air conditioners.

23.1-3

This page intentionally left blank.

23.1-4

SUBPART 23.2 - ENERGY SAVINGS PERFORMANCE CONTRACTS 23.202

Subpart 23.2 - Energy Savings Performance Contracts

23.200 Scope of subpart.

This subpart prescribes policies and procedures for using an energy savings performance contract. This subpart applies to

acquisitions in the United States and its outlying areas. Agencies conducting acquisitions outside of these areas should use

their best efforts to comply with this subpart.

23.201 Definition.

As used in this subpart?

Energy savings performance contract, pursuant to 42 U.S.C. 8287 and 10 CFR 436.31, means a contract that requires the contractor to?

(1) Perform services for the design, acquisition, financing, installation, testing, operation, and where appropriate,

maintenance and repair, of an identified energy conservation measure or series of measures at one or more locations;

(2) Incur the costs of implementing the energy savings measures, including at least the cost (if any) incurred in making

energy audits, acquiring and installing equipment, and training personnel in exchange for a predetermined share of the value

of the energy savings directly resulting from implementation of such measures during the term of the contract; and

(3) Guarantee future energy and cost savings to the Government.

23.202 Policy.

(a) Agencies should make maximum use of the authority provided in the National Energy Conservation Policy Act (42

U.S.C. 8287) to use an energy savings performance contract (ESPC) when life-cycle, cost-effective to reduce energy use and

cost in the agency's facilities and operations.

(b) To solicit and award an ESPC, use the procedures, selection method, and terms and conditions provided in 10 CFR part

436, subpart B.

(c) For more information see <https://energy.gov/eere/femp/energy-savings-performance-contracts-federal-agencies>

23.2-1

This page intentionally left blank.

23.2-2

SUBPART 23.3 - MATERIAL SAFETY 23.304

Subpart 23.3 - Material Safety

23.300 Scope of subpart.

This subpart prescribes policies and procedures for the following:

(a) Acquiring deliverable items, other than ammunition and explosives, that require the furnishing of data involving hazardous materials.

(b) Providing notification of radioactive materials prior to delivery.

23.301 Definition.

Hazardous material is defined in the latest version of Federal Standard No. 313, Material Safety Data, Transportation Data, and Disposal Data for Hazardous Materials Furnished to Government Activities.

23.302 Hazardous material identification and safety data.

(a) Offerors and contractors are required to submit hazardous materials data whenever the supplies being acquired are identified as hazardous materials. The latest version of Federal Standard No. 313 includes criteria for identification of hazardous materials.

(b) Safety Data Sheets (SDS's) are required?

(1) As specified in the latest version of Federal Standard No. 313, including revisions adopted during the term of the contract;

(2) For any other material designated by a Government technical representative as potentially hazardous and requiring safety controls.

(c) (c) SDS's must be submitted?

(1) By the apparent successful offeror prior to contract award if hazardous materials are expected to be used during contract performance.

(2) For agencies other than the Department of Defense, again by the contractor with the supplies at the time of delivery.

(d) The contracting officer must provide a copy of all SDS's received to the safety officer or other designated individual.

23.303 Notice of radioactive materials.

(a) The clause at 52.223-7, Notice of Radioactive Materials, requires the contractor to notify the contracting officer prior to delivery of radioactive material.

(b) Upon receipt of the notice, the contracting officer must notify receiving activities so that appropriate safeguards can be

taken.

(c) The clause permits the contracting officer to waive the notification if the contractor states that the notification on prior deliveries is still current. The contracting officer may waive the notice only after consultation with cognizant technical

representatives.

(d) The contracting officer must specify in the clause at 52.223-7, the number of days in advance of delivery that the

contractor will provide notification. The determination of the number of days should be done in coordination with the installation/facility radiation protection officer (RPO). The RPO is responsible for ensuring the proper license, authorization,

or permit is obtained prior to receiving radioactive material.

23.304 Contract clauses.

(a) (1) Insert the clause at 52.223-3, Hazardous Material Identification and Safety Data, in solicitations and contracts if

the contract will require the delivery of hazardous materials as defined in 23.301.

(2) If the contract is awarded by an agency other than the Department of Defense, the contracting officer shall use the

clause at 52.223-3 with its Alternate I..

(b) Insert the clause at 52.223-7, Notice of Radioactive Materials, in solicitations and contracts for supplies that are or that

contain?

(1) Radioactive material requiring specific licensing under regulations issued pursuant to the Atomic Energy Act of

1954; or

(2) Radioactive material not requiring specific licensing in which the specific activity is greater than 0.002 microcuries

per gram or the activity per item equals or exceeds 0.01 microcuries. Such supplies include, but are not limited to, aircraft,

ammunition, missiles, vehicles, electronic tubes, instrument panel gauges, compasses, and identification markers.

23.3-1

This page intentionally left blank.

23.3-2

SUBPART 23.4 - POLLUTION PREVENTION 23.403

Subpart 23.4 - Pollution Prevention

23.400 Scope of subpart.

This subpart prescribes policies and procedures for obtaining information needed for Government compliance with the Emergency Planning and Community Right-to-Know Act of 1986, 42 U.S.C. 11001-11050 (EPCRA) and Pollution Prevention Act of 1990, 42 U.S.C. 13101-13109 (PPA).

23.401 Definitions.

As used in this subpart?

Federal facility means a facility owned or operated by a Federal agency in the customs territory of the United States.

Pollution prevention means any practice that?

(1) Reduces the amount of any hazardous substance, pollutant, or contaminant entering any waste stream or otherwise

released into the environment (including fugitive emissions) prior to recycling, treatment, or disposal; and

(2) Reduces the hazards to public health and the environment associated with the release of such substances, pollutants,

and contaminants. (42 U.S.C. 13102(5))

Toxic chemical means a chemical or chemical category listed in 40 CFR 372.65.

23.402 Emergency planning and toxic chemical release reporting.

Contracts that require performance on a Federal facility must require the contractor to provide information necessary for the agency to comply with the emergency planning and toxic chemical release reporting requirements in EPCRA and PPA.

23.403 Contract clauses.

Insert the clause at 52.223-5, Pollution Prevention and Right-to-Know Information, in solicitations and contracts that provide for performance, in whole or in part, on a Federal facility.

23.4-1

This page intentionally left blank.

24-2

SUBPART 24.1 - PROTECTION OF INDIVIDUAL PRIVACY 24.104

24.000 Scope of part.

This part explains how the Privacy Act of 1974 (5 U.S.C. 552a) and OMB Circular No. A-130 (December 12, 1985) apply

to Government contracts. It also references the Freedom of Information Act (5 U.S.C. 552).

Subpart 24.1 - Protection of Individual Privacy

24.101 Definitions.

As used in this subpart-

Agency means any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency.

Individual means a citizen of the United States or an alien lawfully admitted for permanent residence.

Maintain means maintain, collect, use, or disseminate.

Operation of a system of records means performance of any of the activities associated with maintaining the system of records, including the collection, use, and dissemination of records.

Personally identifiable information means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual. (See Office of Management and Budget (OMB) Circular No. A-130, Managing Federal Information as a Strategic Resource).

Record means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or employment history, and that

contains the individual's name, or the identifying number, symbol, or other identifying particular assigned to the individual,

such as a fingerprint or voiceprint or a photograph.

System of records on individuals means a group of any records under the control of any agency from which information

is

retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

24.102 General.

(a) When an agency hires a contractor to design, develop, or operate a system of records on individuals, the agency must apply the Privacy Act requirements to the contractor and its employees working on the contract.

(b) Both agency staff and contractor employees may face criminal penalties for violating the Privacy Act. When contractors operate a system of records on individuals to accomplish an agency function, the law treats these contractors as agency employees for purposes of the criminal penalties.

(c) When a contract specifically calls for designing, developing, or operating a system of records on individuals to accomplish an agency function, the agency must apply Privacy Act requirements to the contractor and its employees working on the contract. The system of records operated under the contract is officially considered to be maintained by the agency for the purposes of the Act.

(d) Agencies that, within the limits of their authorities, fail to require contractors to operate systems of records according to the Privacy Act may be civilly liable. If an individual suffers harm due to the contractor's violation of the Act, the agency may be liable.

24.103 Procedures.

(a) The contracting officer must review requirements to determine if they include designing, developing, or operating a system of records on individuals to accomplish an agency function.

(b) If the contract requires such work, the contracting officer must?

(1) Clearly identify in the contract work statement both the specific system of records and the design, development, or operation work required; and

(2) Provide the contractor with the agency's rules and regulations that implement the Privacy Act.

24.104 Contract clauses.

When a contract requires designing, developing, or operating a system of records on individuals to accomplish an agency function, the contracting officer must include the following clauses in solicitations and contracts:

(a) The clause at 52.224-1, Privacy Act Notification.

(b) The clause at 52.224-2, Privacy Act.

24.1-1

This page intentionally left blank.

24.1-2

SUBPART 24.2 - FREEDOM OF INFORMATION ACT 24.203

Subpart 24.2 - Freedom of Information Act

24.201 Authority.

The Freedom of Information Act (5 U.S.C. 552) requires that information be made available to the public through three methods:

- (a) Publication in the Federal Register;
- (b) Access to read and copy records at convenient locations; or
- (c) Providing a copy of a reasonably described record upon request.

24.202 Prohibitions.

- (a) An agency must not disclose under the Freedom of Information Act any proposal submitted in response to solicitation

for competitive proposals. This prohibition does not apply to a proposal, or any part of a proposal, that is included or incorporated by reference in a contract between the Government and the contractor that submitted the proposal. (See 10

U.S.C. 3309 and 41 U.S.C. 4702.)

- (b) An agency must not disclose outside the Government any information obtained under part 15 that is exempt from

disclosure under the Freedom of Information Act. (See 10 U.S.C. 3705(c)(3) and 41 U.S.C. 3505(b)(3).)

- (c) A dispute resolution communication between a neutral person and a party to alternative dispute resolution proceedings

that is protected under 5 U.S.C. 574(j) is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552(b)(3)).

24.203 Policy.

- (a) The Freedom of Information Act specifies how agencies must make their records available upon public request, sets

strict time standards for agency responses, and exempts certain records from public disclosure. Each agency's implementation

of these requirements appears in its respective title of the Code of Federal Regulations and is referenced in subpart 24.2 of its

implementing acquisition regulations.

- (b) Contracting officers may receive requests for records that may be exempt from mandatory public disclosure. The most

common exemptions are for trade secrets and confidential commercial or financial information (5 U.S.C. 552(b)(4)). Other

exemptions include certain interagency or intra-agency memoranda, classified information, internal personnel rules, personal and medical information about individuals, and law enforcement.

- (c) Since these requests often involve complex issues requiring in-depth knowledge of court rulings and policy guidance,

contracting officers must comply with their agency's implementing regulations. Contracting officers should obtain necessary

guidance from agency officials responsible for Freedom of Information Act compliance. For additional assistance, authorized

agency officials may contact the Department of Justice, Office of Information and Privacy. A Freedom of Information Act guide and other resources are available at the Department of Justice website under FOIA reference materials: <http://>

www.usdoj.gov/oip.

24.2-2

24.302

Subpart 24.3 - Privacy Training

24.301 [Reserved]

24.302 Contract clause.

(a) The contracting officer must insert the clause at FAR 52.224-3, Privacy Training, in solicitations and contracts when,

on behalf of the agency, contractor employees will?

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally

identifiable information; or

(3) Design, develop, maintain, or operate a system of records.

(b) When an agency specifies that only its agency-provided training is acceptable, use the clause with its Alternate I.

5.202 Requests from small businesses.

Per 15 U.S.C. 637b, when a solicitation is not posted to the GPE, provide to small business concerns, upon request?

- (a) A copy of the solicitation and specifications;
- (b) The name and email address of the solicitation point of contact; and
- (c) Adequate citations to Federal laws and agency rules the small business must follow if awarded a contract.

5.2-2

SUBPART 5.3 - AWARD 5.303

Subpart 5.3 - Award

5.301 Award notice.

- (a) Requirement. Except as provided in paragraph (b) of this section, post an award notice to the GPE for contract actions

greater than \$25,000 that are?

- (1) Covered by the WTO GPA or FTA (see part 25); or
- (2) Likely to result in subcontract awards.

- (b) Exemptions. An award notice is not required if an exemption at 5.101(b)(1) to the presolicitation notice requirements

applied to the contract action.

- (c) Content. The award notice must include the following information:

- (1) A description of the supplies or services.
- (2) Contracting office and address.
- (3) Contractor receiving the award.
- (4) Contract award dollar amount.
- (5) Contract award date.

- (d) Timing. When an award notice is required, post it to the GPE within the following timeframes:

Table 5-4 ? Minimum Timeframes for Posting Award Notices

Value Description Timing

opportunities, but subject to WTO GPA
or FTA

5.302 Public announcement.

- (a) Requirement. Contracting officers must make information available on awards of contract actions over \$5.5 million in

sufficient time for the agency concerned to publicly announce it by 5 p.m., Eastern Time (ET), on the day of award.
Agencies

shall not release information on awards before the public release time of 5 p.m., ET. This public announcement is a separate

requirement from the award notice requirements of part 5.301.

(b) Exemption. Contract actions excluded from this requirement include those?

- (1) Placed with the Small Business Administration under Section 8(a) of the Small Business Act;
- (2) Placed with foreign firms when delivery or performance is outside the United States and its outlying areas; and
- (3) That were exempt from the presolicitation notice requirements at 5.101(b).

5.303 Announcement of contract awards.

(a) The following entities may post a notice of subcontracting opportunities to the GPE:

- (1) A contractor awarded a contract greater than the SAT that will likely result in subcontract awards.
- (2) A subcontractor or supplier, at any tier, under a contract greater than the SAT with a subcontracting opportunity

greater than \$20,000.

(b) The notice must include?

- (1) The business opportunity information described at 5.101(c)(4)(i), (iv), and (v); and
- (2) The due date for receipt of offers.

(e) [Reserved]

(f) Insert the provision at 52.215-6, Place of Performance, in RFPs, unless the place of performance is specified by the

Government.

15.1-9

15.110 FEDERAL ACQUISITION REGULATION

(g) [Reserved]

(h) Insert the clause at 52.215-8, Order of Precedence?Uniform Contract Format, in RFPs and contracts using the format

at 15.108.

(i) Insert the clause at 52.215-9, Changes or Additions to Make-or-Buy Program, in RFPs and contracts when it is contemplated that a make-or-buy program will be incorporated in the contract. If a less economical ?make? or ?buy? categorization is selected for one or more items of significant value, the contracting officer must use the clause with?

(1) Its Alternate I, if a fixed-price incentive contract is contemplated; or

(2) Its Alternate II, if a cost-plus-incentive-fee contract is contemplated.

(j) Insert the clause at 52.215-10, Price Reduction for Defective Certified Cost or Pricing Data, in RFPs and contracts

when it is contemplated that certified cost or pricing data will be required from the contractor or any subcontractor.

(k) Insert the clause at 52.215-11, Price Reduction for Defective Certified Cost or Pricing Data?Modifications, in RFPs and contracts when it is contemplated that certified cost or pricing data will be required from the contractor or any subcontractor for the pricing of contract modifications, and the clause prescribed in paragraph (j) of this section has not been included.

(l) Contracting officers must ?

(1) Insert the clause at 52.215-12, Subcontractor Certified Cost or Pricing Data, in RFPs and contracts when the clause

prescribed in paragraph (j) of this section is included; or

(2) Upon the request of a contractor that was required to submit certified cost or pricing data in connection with a prime

contract entered into before July 1, 2018, modify the contract without requiring consideration, to replace clause 52.215-12,

Subcontractor Certified Cost or Pricing Data, with its Alternate I.

(m) Contracting officers must?

(1) Insert the clause at 52.215-13, Subcontractor Certified Cost or Pricing Data?Modifications, in RFPs and contracts

when the clause prescribed in paragraph (k) of this section is included; or

(2) Upon the request of a contractor that was required to submit certified cost or pricing data in connection with a prime

contract entered into before July 1, 2018, modify the contract without requiring consideration, to replace clause 52.215-13,

Subcontractor Certified Cost or Pricing Data?Modifications, with its Alternate I.

(n) (1) Insert the clause at 52.215-14, Integrity of Unit Prices, in RFPs and contracts except for?

(i) Acquisitions at or below the simplified acquisition threshold;

(ii) Construction or architect-engineer services under part 36;

(iii) Utility services under part 41;

(iv) Service contracts where supplies are not required;

(v) Acquisitions of commercial products and commercial services; and

(vi) Contracts for petroleum products.

(2) Use the clause with its Alternate I when contracting without adequate price competition or when prescribed by

agency regulations.

(o) Insert the clause at 52.215-15, Pension Adjustments and Asset Reversions, in RFPs and contracts for which it is

anticipated that certified cost or pricing data will be required or for which any preaward or postaward cost determinations will

be subject to part 31.

(p) Insert the provision at 52.215-16, Facilities Capital Cost of Money, in RFPs expected to result in contracts that are

subject to the cost principles for contracts with commercial organizations.

(q) Insert the clause at 52.215-17, Waiver of Facilities Capital Cost of Money, in the resulting contract if the prospective

contractor does not propose facilities capital cost of money in its offer.

(r) Insert the clause at 52.215-18, Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions, in RFPs and contracts for which it is anticipated that certified cost or pricing data will be required or for which any preaward or postaward cost determinations will be subject to part 31.

(s) Insert the clause at 52.215-19, Notification of Ownership Changes, in RFPs and contracts for which it is contemplated that certified cost or pricing data will be required or for which any preaward or postaward cost determination will be subject to subpart 31.2.

(t) Considering the hierarchy at 15.403-1(a), insert the provision at 52.215-20, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in RFPs if it is reasonably certain that certified cost or pricing data or data other than certified cost or pricing data will be required. This provision also provides instructions to offerors on how to request an exception from the requirement to submit certified cost or pricing data.

15.1-10

SUBPART 15.1 - PRESOLICITATION AND SOLICITATION 15.110

- (1) Use the provision with its Alternate I to specify a format for certified cost or pricing data other than the format required by Table 15-1 at 15.408-2;
- (2) Use the provision with its Alternate II if copies of the proposal are to be sent to the ACO and contract auditor;
- (3) Use the provision with its Alternate III if submission via electronic media is required; and
- (4) Replace the basic provision with its Alternate IV if certified cost or pricing data are not expected to be required

because an exception may apply, but data other than certified cost or pricing data will be required as described in 15.403-1.

(u) Considering the hierarchy at 15.403-1(a), insert the clause at 52.215-21, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data?Modifications, in RFPs and contracts if it is reasonably certain that certified cost or pricing data or data other than certified cost or pricing data will be required for modifications. This clause also provides instructions to contractors on how to request an exception from the requirement to submit certified cost or pricing data.

- (1) Use the clause with its Alternate I to specify a format for certified cost or pricing data other than the format required by Table 15-1 at 15.408-2;
- (2) Use the clause with its Alternate II if copies of the proposal are to be sent to the ACO and contract auditor;
- (3) Use the clause with its Alternate III if submission via electronic media is required; and
- (4) Replace the basic clause with its Alternate IV if certified cost or pricing data are not expected to be required because

an exception may apply, but data other than certified cost or pricing data will be required as described in 15.403-1.

(v) (1) Insert the provision at 52.215-22, Limitations on Pass-Through Charges?Identification of Subcontract Effort, in

RFPs containing the clause at 52.215-23.

- (2) (i) Except as provided in paragraph (v)(2)(ii) of this section, insert the clause 52.215-23, Limitations on Pass-

Through Charges, in RFPs and contracts including task or delivery orders as follows:

- (A) For civilian agencies, insert the clause when?

(1) The total estimated contract or order value exceeds the simplified acquisition threshold as defined in part 2;
and

(2) The contemplated contract type is expected to be a cost-reimbursement type contract as defined in part 16;
or

- (B) For DoD, insert the clause when?

- (1) The total estimated contract or order value exceeds the threshold for obtaining cost or pricing data in

15.403-3(a); and

- (2) The contemplated contract type is expected to be any contract type except?

(i) A firm-fixed-price contract awarded on the basis of adequate price competition;

(ii) A fixed-price contract with economic price adjustment awarded on the basis of adequate price competition;

(iii) A firm-fixed-price contract for the acquisition of a commercial product or commercial service;

(iv) A fixed-price contract with economic price adjustment, for the acquisition of a commercial product or commercial service; or

(v) A fixed-price incentive contract awarded on the basis of adequate price competition.

(ii) The clause may be used when the total estimated contract or order value is below the thresholds identified in

15.110(v)(2)(i) and for any contract type, when the contracting officer determines that inclusion of the clause is appropriate.

(iii) Use the clause 52.215-23 with its Alternate I when the contracting officer determines that the prospective contractor has demonstrated that its functions provide added value to the contracting effort and there are no excessive pass-through charges.

15.1-11

This page intentionally left blank.

15.1-12

SUBPART 15.2 - EVALUATION AND AWARD 15.202

Subpart 15.2 - Evaluation and Award

15.200 Scope.

This subpart addresses policies and procedures for evaluating and negotiating competitive proposals and awarding contracts.

15.201 Source selection responsibilities.

(a) Agency heads are responsible for source selection. A contracting officer is designated as the source selection authority

(SSA), unless the agency head appoints another individual for a particular acquisition or group of acquisitions.

(b) The SSA must?

(1) Establish an evaluation team tailored for the acquisition that includes appropriate contracting, legal, logistics, technical, and other expertise to ensure a comprehensive evaluation of proposals;

- (2) Approve the source selection approach or acquisition plan, if applicable, before issuance of the request for proposal

(RFP);

- (3) Ensure consistency among the RFP requirements, notices to offerors, proposal preparation instructions, evaluation

factors and subfactors, solicitation provisions or contract clauses, and data requirements;

- (4) Ensure that proposals are evaluated based solely on the factors and subfactors contained in the RFP ((10 U.S.C.

3303(c) and 41 U.S.C. 3703(c));

- (5) Consider the recommendations of advisory boards or panels, when applicable; and

- (6) Select the offeror or offerors whose proposal is the best value to the Government (10 U.S.C. 3303(c) and 41

U.S.C. 3703(c)). The SSA may reject all proposals received in response to a RFP, if doing so is in the best interest of the

Government.

(c) Contracting officers must?

- (1) After release of a RFP, serve as the focal point for inquiries from actual or prospective offerors;

- (2) After receipt of proposals, control communications with offerors;

- (3) When negotiating noncompetitive proposals, evaluate the proposal and document the reasonableness of the offered

prices in accordance with subpart 15.4; and

- (4) Award the contract(s).

(d) Limitations. Government personnel involved in the acquisition must not engage in conduct that?

- (1) Favors one offeror over another;

- (2) Reveals an offeror's technical solution, including?

(i) Unique technology;

(ii) Innovative and unique uses of commercial products or commercial services; or

(iii) Any information that would compromise an offeror's intellectual property to another offeror;

- (3) Reveals an offeror's price without that offeror's permission.

- (4) Reveals the names of individuals providing information about an offeror's past performance; or

- (5) Knowingly furnishes source selection information in violation of 3.104 and 41 U.S.C. 2102 and 2107.

15.202 Evaluating competitive proposals.

(a) General.

- (1) Proposal evaluation is an assessment of the proposal and an offeror's ability to perform the prospective contract

successfully. Agencies must evaluate each competitive proposal based solely on the factors and subfactors in the RFP.

(2) Clarifications.

(i) Clarifications are exchanges between the Government and offerors where offerors are given the opportunity to resolve minor or clerical errors or clarify certain aspects of their proposal. Clarifications can be used to enhance the Government's understanding of a proposal, allow reasonable interpretation of a proposal, or facilitate the Government's evaluation process.

(ii) Clarifications include, but are not limited to, addressing: ambiguities of the proposal; other concerns such as perceived deficiencies, weaknesses, errors, omissions, or mistakes; the relevance of an offeror's past performance

information; and adverse past performance information to which the offeror has not previously had an opportunity to respond.

(iii) Clarifications do not permit offerors to revise their proposal and cannot be used to cure proposal deficiencies or material omissions or materially alter the technical or cost elements of the proposal. However, contracting officers may

15.2-1

15.203 FEDERAL ACQUISITION REGULATION

request additional information or documentation provided the cost/price or other material elements of the proposal are unchanged.

(iv) Clarifications may occur, at the contracting officer's discretion, at any time after receipt of proposals through contract award. Contracting officers are not required to conduct clarifications with an offeror. If the contracting officer conducts clarifications with one or more offerors, it is not required to conduct clarifications with any other offeror.

(3) Oral Presentations. Contracting officers must maintain a record of oral presentations to document what the Government relied upon in making the source selection decision. The method and level of detail of the record (e.g., videotaping, audio tape recording, written record, Government notes, copies of offeror briefing slides or presentation notes) is

at the discretion of the SSA. When an oral presentation includes information that the parties intend to include in the contract

as material terms or conditions, the information must be put in writing and incorporated in the proposal and any resultant

contract. Incorporation by reference of oral statements is not permitted.

(b) Technical evaluation.

(1) When using the lowest price technically acceptable (LPTA) approach, proposals are evaluated for technical acceptability only.

(2) When using the tradeoff approach, the evaluation must include-

(i) An assessment of each offeror's ability to accomplish the technical requirements; and

(ii) An evaluation of the relative strengths, deficiencies, significant weaknesses, and risks supporting proposal evaluation.

(3) If teleworking is not prohibited, agencies must not unfavorably evaluate an offer that includes telework unless the

contracting officer executes a written determination in accordance with part 7.

(c) Past performance evaluation.

(1) No past performance information. An offeror without a record of relevant past performance or for whom information on past performance is not available may not be evaluated favorably or unfavorably on past performance.

(2) LPTA source selection process. If past performance is evaluated when using the LPTA source selection process,

contracting officers must only determine if the performance is technically acceptable and not perform a comparative assessment of the information.

(3) Considerations. Evaluations should consider the following:

(i) The information provided by the offeror, as well as information obtained from any other sources.

(ii) The currency and relevance of the information, source of the information, context of the data, and general trends

in contractor's performance. The SSA determines the relevance of similar past performance information.

(iii) Any information regarding predecessor companies, key personnel who have relevant experience, or

subcontractors that will perform major or critical aspects of the requirement when such information is relevant to the instant acquisition.

(iv) The past performance of the joint venture, when evaluating an offer from a joint venture. If the joint venture does not demonstrate past performance for award, the past performance of each party to the joint venture must be considered.

(4) Small business. When using the LPTA source selection approach and a small business would have been in contention for award, but their past performance is determined to be unacceptable, the matter must be referred to the SBA for a Certificate of Competency determination.

(d) Cost or price evaluation. Agencies must purchase supplies and services from responsible sources at fair and reasonable prices. Contracting officers are responsible for evaluating and documenting the reasonableness of the awarded price in accordance with subpart 15.4.

15.203 Competitive award without negotiation.

Contracting officers may make competitive awards without negotiations if the RFP states that the Government intends to evaluate proposals and make award without negotiation. If the RFP includes such a notice and the Government determines it is necessary to negotiate, the rationale for doing so must be documented in the contract file (10 U.S.C. 3303(a)(2) and 41 U.S.C. 3703(a)(2)).

15.2-2

SUBPART 15.2 - EVALUATION AND AWARD 15.206

15.204 Competitive award with negotiation.

15.204-1 Establishing a competitive range.

(a) Competitive range. A competitive range is the group of evaluated proposals that the contracting officer determines are best suited for further negotiation. Contracting officers must establish a competitive range if negotiations will occur after evaluating competitive proposals.

(b) Narrowing the competitive range for efficiency. When establishing the competitive range, contracting officers may determine that the number of most highly rated proposals that might otherwise be included in the competitive range exceeds the number at which an efficient competition can be conducted. The contracting officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly evaluated proposals (10 U.S.C. 3303 and 41 U.S.C. 3703).

(c) Notice. Written notice must be provided to unsuccessful offerors in accordance with 15.206-1(a).

15.204-2 Competitive negotiations.

- (a) General. The scope and extent of negotiations are a matter of contracting officer judgment.
- (b) Requirement.

(1) Contracting officers must?

(i) Negotiate with each responsible offeror within the competitive range; and

(ii) Tailor the negotiation to the offeror's proposal, but at a minimum, indicate to, or negotiate with, each offeror any deficiencies or significant weaknesses in the proposal.

(2) Contracting officers may further negotiate with an offeror, if necessary. Having further negotiations with a particular

offeror does not obligate contracting officers to have further negotiations with any other offerors.

(3) Contracting officers may also negotiate other aspects of the offeror's proposal that could, in the opinion of the

contracting officer, be altered or explained to enhance materially the proposal's potential for award. Contracting officers are

not required to negotiate every area where the proposal could be improved.

(4) When an RFP stated that evaluation credit would be given for technical solutions exceeding any mandatory minimums, contracting officers may negotiate with offerors for increased performance beyond any mandatory minimums,

and suggest to offerors that have exceeded any mandatory minimums (in ways that are not integral to the design), that their

proposals would be more competitive if the excesses were removed and the proposed price decreased.

(c) Elimination from the competitive range. A proposal must be eliminated from consideration for award when the contracting officer determines that a proposal should no longer be included in the competitive range. Written notice of this

decision must be provided to unsuccessful offerors in accordance with 15.206-1(a).

(1) When a proposal is eliminated, no further revisions to the proposal can be accepted or considered.

(2) Contracting officers may eliminate a proposal from the competitive range at any time upon concluding that the

offeror is unlikely to receive an award. Contracting officers are not required to have an additional negotiation with an offeror

prior to taking such action.

(d) Proposal revision.

(1) When negotiations with an offeror are finished, and that offeror has not been eliminated from the competitive range,

contracting officers must provide the offeror with?

(i) An opportunity to submit a proposal revision; and

(ii) A notice requiring the proposal revision in writing and stating that the Government intends to make award without obtaining further revisions.

(2) Each offeror with a proposal still within the competitive range must be given an equal amount of time within which

to submit their proposal revision.

15.205 Source selection decision.

The source selection decision must represent the SSA's independent judgement and be based on a comparative assessment

of proposals against all source selection criteria in the RFP. The source selection decision must be documented and include

the rationale for any business judgments and tradeoffs made or relied on by the SSA, including benefits associated with additional costs. The documentation does not need to quantify the tradeoffs that led to the decision.

15.206 Preaward notices and debriefings.

(a) Definition. Day, as used in this section, has the meaning set forth at part 33.

15.2-3

15.206-1 FEDERAL ACQUISITION REGULATION

(b) Applicability. Sections 15.206 through 15.206-2 apply to competitive proposals, except for those using the other competitive procedures described in subpart 6.1 for architect-engineer contracts and basic and applied research. The procedures for award notification, with reasonable modification, should be followed for contracts awarded using those other competitive procedures.

15.206-1 Preaward notices.

(a) Notice of exclusion from competitive range. Contracting officers must notify offerors promptly in writing when their proposals are excluded from the competitive range or otherwise eliminated from the competition. The notice must state the basis for the determination and that proposal revisions will not be considered. These offerors may request a debriefing in accordance with 15.206-2 and 15.301.

(b) Notice of small business set-aside award.

(1) When using a set-aside for small business, HUBZone, the Service-Disabled Veteran-Owned Small Business Program, or the Women-Owned Small Business Program, contracting officers must notify each offeror, in writing, prior to award and upon completion of negotiations and determinations of responsibility?

(i) Of the name and address of the apparently successful offeror; and

(ii) That the Government will not consider subsequent revisions of the offeror's proposal.

(2) This notice is in addition to any notice of exclusion from competitive range.

(3) This notice is not required when the contracting officer determines in writing that the urgency of the requirement

necessitates award without delay or when the contract is entered into under the 8(a) program.

15.206-2 Preaward debriefing.

Offerors excluded from the competitive range or otherwise excluded from the competition before award may request a debriefing before award (10 U.S.C. 3305 and 41 U.S.C. 3705). The contracting officer should chair any debriefing held. Individuals who conducted evaluations must provide support.

(a) Request timeframe.

(1) Offerors may request a preaward debriefing by submitting a written request for debriefing to the contracting officer within 3 days after receipt of the notice of exclusion from the competition.

(2) At the offeror's request, this debriefing may be delayed until after award. If the debriefing is delayed until after award, it must include all information normally provided in a postaward debriefing. Debriefings delayed pursuant to this paragraph could affect the timeliness of any protest filed subsequent to the debriefing.

(3) If the offeror does not submit a timely request, the offeror need not be given either a preaward or a postaward debriefing. Offerors are entitled to no more than one debriefing for each proposal.

(b) Method. Debriefings may be done by any method acceptable to the contracting officer.

(c) Content.

(1) At a minimum, preaward debriefings must include?

(i) The agency's evaluation of significant elements in the offeror's proposal;

(ii) A summary of the rationale for eliminating the offeror from the competition; and

(iii) Reasonable responses to relevant questions about whether source selection procedures contained in the RFP, applicable regulations, and other applicable authorities were followed by the agency.

(2) A summary of the debriefing must be included in the contract file.

(d) Nondisclosure. Preaward debriefings must not disclose?

(1) The number of offerors;

(2) The identity of other offerors;

(3) The content of other offerors proposals;

(4) The ranking of other offerors;

(5) The evaluation of other offerors; or

(6) Any of the information prohibited in 15.301-1(d).

(e) Delay until after award. Contracting officers must make every effort to debrief the unsuccessful offeror as soon as practicable, but may refuse the request for a debriefing if, for compelling reasons, it is not in the best interests of the Government to conduct a debriefing at that time.

(1) The rationale for delaying the debriefing must be documented in the contract file.

(2) If the contracting officer delays the debriefing, it must be provided no later than the time postaward debriefings are

provided under 15.301-1. In that event, the contracting officer must include the information at 15.301-1(c) in the debriefing.

15.2-4

SUBPART 15.2 - EVALUATION AND AWARD 15.207-2

15.207 Award.

15.207-1 Award to successful offeror.

(a) General. Contracting officers must award a contract to the successful offeror by furnishing the executed contract or

other notice of the award to that offeror.

(b) Award document.

(1) Contracting officers may use OF 307, Contract Award; SF 26, Award/Contract; or SF 33, Solicitation, Offer and

Award, to award negotiated contracts in which the signature of both parties on a single document is appropriate. Do not use

Block 18 of SF 26.

(2) When not using the OF 307, SF26, or SF 33 to award the contract:

(i) The first page of the award document must include?

(A) The Government's acceptance statement from Block 15 of the OF 307, exclusive of the Item 3 reference

language; and

(B) The contracting officer's name, signature, and date.

(ii) If the award document includes information that is different than the signed proposal, as amended by the offeror's written correspondence, the first page of the award document must include?

- (A) The contractor's agreement statement from Block 14 of the OF 307; and
- (B) The signature of the contractor's authorized representative.

15.207-2 Award notice.

(a) Definition. Day, as used in this subsection, has the meaning set forth at part 33.

(b) Requirement. Within 3 days after the date of contract award, contracting officers must provide written notification to

each offeror whose proposal was in the competitive range but was not selected for award (10 U.S.C. 3304 and 41 U.S.C.

3704) or had not previously received a notice in accordance with 15.206-1(a). The notice must include?

- (1) The number of offerors solicited;
- (2) The number of proposals received;
- (3) The name and address of each offeror receiving an award;
- (4) The items, quantities, and any stated unit prices of each award.

(i) If the number of items or other factors makes listing any stated unit prices impracticable at that time, only the total contract price need be furnished in the notice.

(ii) The items, quantities, and any stated unit prices of each award must be made publicly available, upon request; and

(5) In general terms, the reason(s) the offeror's proposal was not accepted, unless the price information in paragraph (b)

(4) of this section readily reveals the reason. An offeror's cost breakdown, profit, overhead rates, trade secrets, manufacturing

processes and techniques, or other confidential business information must not be disclosed to any other offeror.

(c) Requests for information. Upon request, contracting officers must provide the information in paragraph (b) of this

section to unsuccessful offerors that received a preaward notice of exclusion from the competitive range.

15.2-5

This page intentionally left blank.

15.2-6

SUBPART 15.3 - POSTAWARD 15.301-1

Subpart 15.3 - Postaward

15.300 Scope.

This subpart addresses postaward actions and considerations for negotiated contracts. The procedures for postaward debriefings, protests, and mistakes do not apply to contracts awarded using the other competitive procedures described in subpart 6.1 for architect-engineer contracts and basic and applied research. The procedures for postaward debriefings,

protests, and mistakes, with reasonable modification, should be followed for contracts awarded using those other competitive

procedures.

15.301 Postaward debriefing of offerors.

Definition?

Day, as used in this section, has the meaning set forth at part 33.

15.301-1 Debriefing process.

The awardee and offerors that received the award notice at 15.207-2 may request a postaward debriefing after receiving a

notice of contract award. Contracting officers must chair any debriefing held and individuals who conducted evaluations must provide support.

(a) Request timeframe.

(1) Offerors may request a postaward debriefing by submitting a written request for the debriefing to the contracting

officer within 3 days after receipt of the award notice in accordance with 15.207-2. Such offerors must be debriefed and furnished the basis for the selection decision and contract award.

(2) To the maximum extent practicable, the debriefing should occur within 5 days after receipt of the written request.

Offerors that requested a postaward debriefing in lieu of a preaward debriefing, or whose debriefing was delayed for compelling reasons beyond contract award, also should be debriefed within this time period.

(3) Untimely debriefing requests may be accommodated.

(4) An offeror that was notified of its exclusion from the competitive range is not entitled to a postaward debriefing if

the offeror failed to submit a timely preaward debriefing request, however such a request may be accommodated.

(5) The deadlines for filing protests are not extended when the Government accommodates an untimely debriefing

request or an offeror's request to delay a preaward debriefing until after award. Preaward debriefings delayed pursuant to

15.206-2(a)(2) could affect the timeliness of any protest filed subsequent to the debriefing.

(b) Method. Debriefings may be done by any method acceptable to the contracting officer.

(c) Content.

(1) At a minimum, the debriefing information must include?

(i) The Government's evaluation of the significant weaknesses or deficiencies in the offeror's proposal, if applicable;

(ii) The overall evaluated cost or price and technical rating of the successful offeror and the debriefed offeror, and past performance information on the debriefed offeror;

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during the source selection;

(iv) A summary of the rationale for award;

(v) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror;

(vi) Reasonable responses to relevant questions about whether source selection procedures contained in the request

for proposals (RFP), applicable regulations, and other applicable authorities were followed by the agency;

(vii) For DoD contracts in excess of \$10 million but not in excess of \$100 million with a small business or nontraditional defense contractor (10 U.S.C. 3014), an option for the contractor to request disclosure of the agency's written

source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the

contract award.

(viii) For award of a DoD contract in excess of \$100 million, disclosure of the agency's written source selection decision document, redacted to protect the information of other offerors for the contract award, in accordance with paragraph

(d) of this subsection.

(2) An official summary of the debriefing must be included in the contract file.

(d) Nondisclosure. The debriefing must not include point-by-point comparisons of the debriefed offeror's proposal with those of other offerors. Moreover, the debriefing must not reveal any information prohibited from disclosure by part 24 or exempt from release under the Freedom of Information Act (5 U.S.C. 552) including?

15.3-1**15.301-2 FEDERAL ACQUISITION REGULATION**

- (1) Trade secrets;
- (2) Privileged or confidential manufacturing processes and techniques;
- (3) Commercial and financial information that is privileged or confidential, including cost breakdowns, profit, indirect cost rates, and similar information; and
- (4) The names of individuals providing reference information about an offeror's past performance.

15.301-2 Opportunity for follow-up questions.

If time permits, contracting officers may provide successful and unsuccessful offerors an opportunity to submit follow up questions after the postaward debriefing.

15.302 Protests against award.

- (a) Protests against award in negotiated acquisitions must be handled in accordance with part 33. Use of agency protest procedures that incorporate the alternative dispute resolution provisions of Executive Order 12979 is encouraged for both preaward and postaward protests.
- (b) If a protest causes the agency, within 1 year of contract award, to?
 - (1) Issue a new RFP on the protested contract award, contracting officers must provide the information in paragraph (c) of this section to all prospective offerors for the new RFP; or
 - (2) Issue a new request for revised proposals on the protested contract award, the contracting officer must provide the information in paragraph (c) of this section to offerors that were in the competitive range and are requested to submit revised proposals.

- (c) The following information will be provided to appropriate parties:
 - (1) Information provided to unsuccessful offerors in any debriefings conducted on the original award regarding the successful offeror's proposal; and
 - (2) Other nonproprietary information that would have been provided to the original offerors.

15.303 Discovery of mistakes.

Mistakes in a contractor's proposal that are disclosed after award must be processed substantially in accordance with the procedures for mistakes in bids in part 14.

15.304 Defective certified cost or pricing data after award.

- (a) (1) If, after award, certified cost or pricing data are found to be inaccurate, incomplete, or noncurrent as of the date of final agreement on price or an earlier date agreed upon by the parties given on the contractor's or subcontractor's

Certificate

of Current Cost or Pricing Data, the Government is entitled to a price adjustment, including profit or fee, of any significant amount by which the price was increased because of the defective data.

(i) This entitlement is ensured by including in the contract one of the clauses prescribed in 15.110(j) and (k), and is set forth in the clauses at 52.215-10, Price Reduction for Defective Certified Cost or Pricing Data, and 52.215-11, Price

Reduction for Defective Certified Cost or Pricing Data? Modifications.

(ii) The clauses give the Government the right to a price adjustment for defects in certified cost or pricing data submitted by the contractor, a prospective subcontractor, or an actual subcontractor.

(2) In arriving at a price adjustment, contracting officers must consider the time by which the certified cost or pricing data became reasonably available to the contractor, and the extent to which the Government relied upon the defective data.

(3) The clauses referred to in paragraph (a)(1)(i) of this subsection recognize that the Government's right to a price

adjustment is not affected by any of the following circumstances:

(i) The contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position;

(ii) The contracting officer should have known that the certified cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under such contract; or

(iv) Certified cost or pricing data were required; however, the contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data relating to the contract.

(4) Subject to paragraphs (a)(5) and (6) of this subsection, contracting officers must allow an offset for any understated

certified cost or pricing data submitted in support of price negotiations, up to the amount of the Government's claim for

15.3-2**SUBPART 15.3 - POSTAWARD 15.304**

overstated pricing data arising out of the same pricing action (e.g., the initial pricing of the same contract or the pricing of the same change order).

(5) An offset must be allowed only in an amount supported by the facts and if the contractor?

(i) Certifies to the contracting officer that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset in the amount requested; and

(ii) Proves that the certified cost or pricing data were available before the ?as of? date specified on the Certificate of Current Cost or Pricing Data but were not submitted. Such offsets need not be in the same cost groupings (e.g., material, direct labor, or indirect costs).

(6) An offset must not be allowed if?

(i) The understated data were known by the contractor to be understated before the ?as of? date specified on the Certificate of Current Cost or Pricing Data; or

(ii) The Government proves that the facts demonstrate that the price would not have increased in the amount to be offset even if the available data had been submitted before the ?as of? date specified on the Certificate of Current Cost or

Pricing Data.

(7) (i) In addition to the price adjustment, the Government is entitled to recovery of any overpayment plus interest on the overpayments. The Government is also entitled to penalty amounts on certain of these overpayments. Overpayment

occurs only when payment is made for supplies or services accepted by the Government. Overpayments do not result from

amounts paid for contract financing, as defined in part 32.

(ii) In calculating the interest amount due, contracting officers must?

(A) Determine the defective pricing amounts that have been overpaid to the contractor;

(B) Consider the date of each overpayment (the date of overpayment for this interest calculation must be the

date payment was made for the related completed and accepted contract items; or for subcontract defective pricing, the date

payment was made to the prime contractor, based on prime contract progress billings or deliveries, which included payments

for a completed and accepted subcontract item); and

(C) Apply the underpayment interest rate(s) in effect for each quarter from the time of overpayment to the time of

repayment, utilizing rate(s) prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2).

(iii) In arriving at the amount due for penalties on contracts where the submission of defective certified cost or pricing data was a knowing submission, contracting officers must obtain an amount equal to the amount of overpayment

made. Before taking any contractual actions concerning penalties, the contracting officer must obtain the advice of counsel.

(iv) In the demand letter, contracting officers must separately include?

(A) The repayment amount;

(B) The penalty amount (if any);

(C) The interest amount through a specified date; and

(D) A statement that interest will continue to accrue until repayment is made.

(b) If, after award, the contracting officer learns or suspects that the data furnished were not accurate, complete, and

current, or were not adequately verified by the contractor as of the time of negotiation, the contracting officer must request

an audit to evaluate the accuracy, completeness, and currency of the data. The Government may evaluate the profit-cost

relationships only if the audit reveals that the data certified by the contractor were defective. Contracting officers must not

reprice the contract solely because the profit was greater than forecast or because a contingency specified in the submission

failed to materialize.

(c) For each advisory audit received based on a postaward review that indicates defective pricing, contracting

officers

must make a determination as to whether or not the data submitted were defective and relied upon. Before making such a

determination, contracting officers should give the contractor an opportunity to support the accuracy, completeness, and

currency of the data in question. Contracting officers must prepare a memorandum documenting both the determination and any corrective action taken as a result. Contracting officers must send one copy of this memorandum to the auditor and, if the contract has been assigned for administration, one copy to the administrative contracting officer (ACO). A copy

of the memorandum or other notice of the contracting officer's determination must be provided to the contractor. When the contracting officer determines that the contractor submitted defective cost or pricing data, the contracting officer, in accordance with agency procedures, must ensure that information relating to the contracting officer's final determination is reported as part of the contractor's performance information in accordance with part 42. Agencies must ensure updated

information that changes a contracting officer's prior final determination is reported into the FAPIIS module of Contractor

Performance Assessment Reporting System (CPARS) in the event of a?

- (1) Contracting officer's decision in accordance with the Contract Disputes statute;

15.3-3

15.305 FEDERAL ACQUISITION REGULATION

- (2) Board of Contract Appeals decision; or

- (3) Court decision.

- (d) If both the contractor and subcontractor submitted, and the contractor certified, or should have certified, cost or pricing

data, the Government has the right, under the clauses at 52.215-10, Price Reduction for Defective Certified Cost or Pricing

Data, and 52.215-11, Price Reduction for Defective Certified Cost or Pricing Data?Modifications, to reduce the prime contract price if it was significantly increased because a subcontractor submitted defective data. This right applies whether

these data supported subcontract cost estimates or supported firm agreements between subcontractor and contractor.

(e) If Government audit discloses defective subcontractor certified cost or pricing data, the information necessary to support a reduction in prime contract and subcontract prices may be available only from the Government. To the extent necessary to secure a prime contract price reduction, contracting officers should make this information available to the prime

contractor or appropriate subcontractors, upon request. If release of the information would compromise Government security

or disclose trade secrets or confidential business information, the contracting officers must release it only under conditions

that will protect it from improper disclosure. Information made available under this paragraph must be limited to that used

as the basis for the prime contract price reduction. In order to afford an opportunity for corrective action, contracting officers

should give the prime contractor reasonable advance notice before determining to reduce the prime contract price.

- (1) When a prime contractor includes defective subcontract data in arriving at the price but later awards the

subcontract

to a lower priced subcontractor (or does not subcontract for the work), any adjustment in the prime contract price due to defective subcontract data is limited to the difference (plus applicable indirect cost and profit markups) between the subcontract price used for pricing the prime contract, and either the actual subcontract price or the actual cost to the contractor, if not subcontracted, provided the data on which the actual subcontract price is based are not themselves defective.

(2) Under cost-reimbursement contracts and under all fixed-price contracts except firm-fixed-price contracts and fixed-

price contracts with economic price adjustment, payments to subcontractors that are higher than they would be had there been

no defective subcontractor certified cost or pricing data must be the basis for disallowance or nonrecognition of costs under

the clauses prescribed in 15.110(j) and (k). The Government has a continuing and direct financial interest in such payments

that is unaffected by the initial agreement on prime contract price.

15.305 Estimating systems.

(a) Cognizant audit activities, when appropriate, must establish and manage regular programs for reviewing selected

contractors' estimating systems or methods, in order to reduce the scope of reviews to be performed on individual proposals,

expedite the negotiation process, and increase the reliability of proposals. The results of estimating system reviews must be

documented in survey reports.

(b) Auditors must send a copy of the estimating system survey report and a copy of the official notice of corrective action required to each contracting office and contract administration office having substantial business with that contractor.

Significant deficiencies not corrected by the contractor must be considered in subsequent proposal analyses and negotiations.

15.3-4

SUBPART 15.4 - CONTRACT PRICING 15.403-1

Subpart 15.4 - Contract Pricing

15.400 Scope of subpart.

This subpart contains cost and price negotiation policies and procedures for pricing negotiated prime contracts (including

subcontracts) and contract modifications, including modifications to contracts awarded by sealed bidding.

15.401 Definitions.

As used in this subpart?

Price means cost plus any fee or profit applicable to the contract type.

Subcontract (except as used in 15.405-2) also includes a transfer of commercial products or commercial services between

divisions, subsidiaries, or affiliates of a contractor or a subcontractor (10 U.S.C. 3701(2) and 41 U.S.C. 3501(a)(2)).

15.402 General.

(a) Requirement for cost or pricing data. In establishing the reasonableness of the offered prices, contracting officers must

?

- (1) Obtain certified cost or pricing data when required by 15.403-3, along with data other than certified cost or pricing

data as necessary to establish a fair and reasonable price; or

- (2) When certified cost or pricing data are not required by 15.403-3, obtain data other than certified cost or pricing data

as necessary to establish a fair and reasonable price (10 U.S.C. 3705(a) and 41 U.S.C. 3505(a)).

(b) Obtaining data. Contracting officers must obtain the type and quantity of data necessary to establish a fair and reasonable price, but not more data than is needed. Contracting officers must require the submission of additional data sufficient for the contracting officer to support the determination of the fair and reasonable price, if the contracting officer

cannot establish a fair and reasonable price from an analysis of the data obtained or submitted to date.

- (c) Independent Price. Contracting officers must price each contract separately and independently and not?

- (1) Consider proposed price reductions under other contracts;

- (2) Consider losses or profits realized or anticipated under other contracts; or

- (3) Include in a contract price any amount for a specified contingency, to the extent that the contract provides for a price

adjustment based upon the occurrence of that contingency.

15.403 Obtaining cost or pricing data.

15.403-1 Data other than certified cost or pricing data.

(a) Order of preference. For acquisitions that do not require certified cost or pricing data, contracting officers must generally use the following order of preference to determine the type of data to require:

- (1) No additional data from the offeror, when adequate price competition exists (see 15.403-2);

- (2) Data related to prices (e.g., established catalog or market prices, sales to non-governmental and governmental

entities), relying first on?

- (i) Data available within the Government; then

- (ii) Data obtained from sources other than the offeror; and then, if necessary,

- (iii) Data obtained from the offeror; then,

- (3) Cost data to the extent necessary for the contracting officer to determine a fair and reasonable price.

- (b) Requirement.

- (1) Contracting officers must require submission of data other than certified cost or pricing data to the extent necessary

to determine a fair and reasonable price (10 U.S.C. 3705(a) and 41 U.S.C. 3505(a)). At a minimum, the data must include

appropriate data on the prices at which the same item or similar items have previously been sold, adequate for determining

the reasonableness of the price. This data is not required when price reasonableness is established through adequate price

competition or prices set by law or regulation, unless paragraph (e) of this subsection applies.

- (2) Contracting officers may require data other than certified cost or pricing data to determine the cost realism of

competing offers or to evaluate competing approaches.

- (c) Data Requests. When requesting data, contracting officers?

(1) Must use the contractor's format for data submission, but see 15.105-4(b)(2);

(2) Must ensure that data used to support price negotiations are sufficiently current to permit negotiation of a fair and

reasonable price; and

15.4-1

15.403-2 FEDERAL ACQUISITION REGULATION

(3) Should limit requests for updated data to the data that affect the adequacy of the proposal for negotiations (e.g.,

changes in price lists).

(d) Refusals to submit data. As specified in section 808 of the Strom Thurmond National Defense Authorization Act (NDAA) for Fiscal Year 1999 (Pub. L. 105-261), an offeror who does not comply with a requirement to submit data for a

contract or subcontract in accordance with paragraph (a)(1) of this subsection is ineligible for award unless the head of the

contracting activity (HCA) determines that it is in the best interest of the Government to make the award to that offeror, based

on consideration of the following:

(1) The effort made to obtain the data.

(2) The need for the item or service.

(3) Increased cost or significant harm to the Government if award is not made.

(e) Data when adequate price competition exists. If adequate price competition exists, but there are unusual circumstances

in which additional data are necessary to determine the reasonableness of price, contracting officers must obtain the additional data from sources other than the offeror, to the maximum extent practicable. In addition, contracting officers should request data to determine the cost realism of competing offers or to evaluate competing approaches.

(f) Data for commercial products and commercial services. When acquiring a commercial product or commercial service,

contracting officers must?

(1) Use price analysis to determine whether the price is fair and reasonable;

(2) Require the offeror to submit data other than certified cost or pricing data when the contracting officer is unable to

determine a price fair and reasonable after obtaining data from sources other than the offeror. This data may include history of

sales to non-governmental and governmental entities, cost data, or any other information the contracting officer requires;

(3) Limit requests for sales data to data for the same or similar items during a relevant time period;

(4) To the maximum extent practicable, request data in the format regularly maintained by the offeror as part of its

commercial operations;

(5) Not disclose outside the Government data obtained relating to commercial products or commercial services that is

exempt from disclosure under part 24 or the Freedom of Information Act (5 U.S.C. 552(b)); and

(6) For services that are not offered and sold competitively in substantial quantities in the commercial marketplace, but

are of a type offered and sold competitively in substantial quantities in the commercial marketplace, see 15.403-2(c)(3)(ii).

15.403-2 Prohibitions on obtaining certified cost or pricing data.

(a) At or below the simplified acquisition threshold. Certified cost or pricing data must not be obtained for acquisitions at

or below the simplified acquisition threshold.

(b) Exceptions to certified cost or pricing data requirements. Contracting officers must not require certified cost or pricing

data to support any contracts, subcontracts, or modifications?

(1) When the contracting officer determines that prices agreed upon are based on adequate price competition (see

standards in paragraph (c)(1) of this subsection);

(2) When the contracting officer determines that prices agreed upon are based on prices set by law or regulation (see

standards in paragraph (c)(2) of this subsection);

(3) When a commercial product or commercial service is being acquired (see standards in paragraph (c)(3) of this

subsection);

(4) When a waiver has been granted (see standards in paragraph (c)(4) of this subsection); or

(5) When modifying a contract or subcontract for commercial products or commercial services (see standards in

paragraph (c)(3) of this subsection).

(c) Standards for exceptions?

(1) Adequate price competition.

(i) A price is based on adequate price competition when?

(A) Two or more responsible offerors, competing independently, submit priced offers that satisfy the Government's expressed requirement;

(B) Award will be made to the offeror whose proposal represents the best value where price is a substantial factor

in source selection; and

(C) There is no finding that the price of the otherwise successful offeror is unreasonable. Any finding that the

price is unreasonable must be supported by a statement of the facts and approved at a level above the contracting officer.

(ii) For agencies other than DoD, NASA, and the Coast Guard, a price is also based on adequate price competition when

15.4-2

SUBPART 15.4 - CONTRACT PRICING 15.403-2

(A) There was a reasonable expectation, based on market research or other assessment, that two or more

responsible offerors, competing independently, would submit priced offers in response to the request for proposal?s (RFP)

expressed requirement, even though only one offer is received from a responsible offeror and if?

(1) Based on the offer received, the contracting officer can reasonably conclude that the offer was submitted

with the expectation of competition, e.g., circumstances indicate that?

- (i) The offeror believed that at least one other offeror was capable of submitting a meaningful offer; and
- (ii) The offeror had no reason to believe that other potential offerors did not intend to submit an offer; and

(2) The determination that the proposed price is based on adequate price competition and is reasonable has been approved at a level above the contracting officer; or

- (B) Price analysis clearly demonstrates that the proposed price is reasonable in comparison with current or recent

prices for the same or similar items, adjusted to reflect changes in market conditions, economic conditions, quantities, or

terms and conditions under contracts that resulted from adequate price competition.

- (2) Prices set by law or regulation. Pronouncements in the form of periodic rulings, reviews, or similar actions of a

governmental body, or embodied in the laws, are sufficient to set a price.

- (3) Commercial products and commercial services.

(i) Any acquisition that the contracting officer determines meets the commercial product or commercial service definition in 2.101, or any modification, as defined in paragraph (3)(i) of the commercial product definition, that does not change a commercial product to other than commercial, is exempt from the requirement for certified cost or pricing data. If

the contracting officer determines that a product or service claimed to be commercial is not, and that no other exception or

waiver for certified cost or pricing data applies, the contracting officer must require submission of certified cost or pricing data.

- (ii) In accordance with section 41 U.S.C. 3501:

- (A) When purchasing services that are not offered and sold competitively in substantial quantities in the

commercial marketplace, but are of a type offered and sold competitively in substantial quantities in the commercial marketplace, they may be considered commercial services (thus meeting the purpose of 41 U.S.C. chapter 35 and 10 U.S.C.

chapter 271 for truth in negotiations) only if the contracting officer determines in writing that the offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price of such services.

- (B) In order to make this determination, contracting officers may request the offeror to submit prices paid for the

same or similar commercial services under comparable terms and conditions by both Government and commercial customers;

and

- (C) If the contracting officer determines that the information described in paragraph (c)(3)(ii)(B) of this section

is not sufficient to determine the reasonableness of price, other relevant information regarding the basis for price or cost,

including information on labor costs, material costs and overhead rates may be requested.

(iii) The following requirements apply to minor modifications defined in paragraph (3)(ii) of the definition of a commercial product at 2.101 that do not change the commercial product to other than commercial:

- (A) For acquisitions funded by any agency other than DoD, NASA, or Coast Guard, such modifications of a

commercial product are exempt from the requirement for submission of certified cost or pricing data.

(B) For acquisitions funded by DoD, NASA, or Coast Guard, such modifications of a commercial product are

exempt from the requirement for submission of certified cost or pricing data provided the total price of all such modifications

under a particular contract action does not exceed the greater of the threshold for obtaining certified cost or pricing data in

15.403-3(a) or 5 percent of the total price of the contract at the time of contract award.

(C) For acquisitions funded by DoD, NASA, or Coast Guard such modifications of a commercial product are

not exempt from the requirement for submission of certified cost or pricing data on the basis of the exemption provided for at 15.403-2(c)(3) if the total price of all such modifications under a particular contract action exceeds the greater of the

threshold for obtaining certified cost or pricing data in 15.403-3(a) or 5 percent of the total price of the contract at the time of

contract award.

(iv) Any acquisition for other than commercial products or services treated as commercial products or commercial services at 12.001(b), except sole source contracts greater than \$25 million, is exempt from the requirements for certified cost

or pricing data (41 U.S.C. 1903).

(4) Waivers.

(i) In exceptional cases, the HCA may, without power of delegation, waive the requirement for submission of certified cost or pricing data if the price can be determined to be fair and reasonable without submission of certified cost or

pricing data. The authorization for the waiver and the supporting rationale must be in writing.

15.4-3

15.403-3 FEDERAL ACQUISITION REGULATION

(ii) If the HCA has waived the requirement for submission of certified cost or pricing data, the contractor or higher-tier subcontractor to whom the waiver relates must be considered as having been required to provide certified cost or pricing

data. Consequently, award of any lower-tier subcontract expected to exceed the certified cost or pricing data threshold requires the submission of certified cost or pricing data unless?

(A) An exception otherwise applies to the subcontract; or

(B) The waiver specifically includes the subcontract and the rationale supporting the waiver for that subcontract.

15.403-3 Certified cost or pricing data.

(a) Threshold. Unless an exception at 15.403-2 applies, contracting officers must obtain certified cost or pricing data when

an action meets or exceeds the threshold of \$2.5 million (for prime contracts awarded on or after July 1, 2018). The threshold

is \$950,000 for prime contracts awarded prior to July 1, 2018, unless otherwise stated in the contract. Contracting officers

should consider requesting a waiver when the standards at 15.403-2(c)(4) can be met.

(b) Actions requiring certified cost or pricing data. Certified cost or pricing data are required before completing any of the

following actions expected to exceed the current threshold or, in the case of existing contracts, the threshold specified in the

existing contract:

- (1) The award of any negotiated contract (except for undefinitized actions such as letter contracts).
- (2) The award of a subcontract at any tier, if the contractor and each higher-tier subcontractor were required to furnish

certified cost or pricing data.

- (3) The modification of any sealed bid or negotiated contract (whether or not certified cost or pricing data were initially

required) or any subcontract covered by paragraph (b)(2) of this subsection.

(i) Price adjustment amounts must consider both increases and decreases (e.g., a \$500,000 modification resulting from a reduction of \$1,500,000 and an increase of \$1,000,000 is a \$2,500,000 pricing adjustment exceeding the \$2,500,000

threshold). This requirement does not apply when unrelated and separately priced changes for which certified cost or pricing

data would not otherwise be required are included for administrative convenience in the same modification.

(ii) Negotiated final pricing actions (e.g., termination settlements and total final price agreements for fixed-price incentive and redeterminable contracts) are contract modifications requiring certified cost or pricing data if?

- (A) The total final price agreement for such settlements or agreements exceeds the pertinent threshold set forth at

paragraph (a) of this subsection; or

- (B) The partial termination settlement plus the estimate to complete the continued portion of the contract exceeds

the pertinent threshold set forth at paragraph (a) of this subsection.

(iii) Certified cost or pricing data are not required for modifications?

- (A) Solely for overrun funding or interim billing price adjustments; or

- (B) To exercise an option at the price established at contract award or initial negotiation.

(c) Required documentation from offerors. When certified cost or pricing data are required, contracting officers must require the contractor or prospective contractor to submit to the contracting officer (and to have any subcontractor or prospective subcontractor submit to the prime contractor or appropriate subcontractor tier) the following in support of any

proposal:

- (1) The certified cost or pricing data and data other than certified cost or pricing data required by the contracting officer

to determine that the price is fair and reasonable.

- (2) A Certificate of Current Cost or Pricing Data, in the format specified in 15.403-4, certifying that to the best of its

knowledge and belief, the cost or pricing data were accurate, complete, and current as of the date of agreement on price or, if

applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price.

- (d) Inflation adjustments. When a clause refers to the certified cost or pricing threshold and the threshold is adjusted for

inflation pursuant to part 1, the changed threshold applies throughout the remaining term of the contract, unless there is another threshold adjustment.

(e) Requests for certified data below the threshold. Unless prohibited because an exception at 15.403-2 applies, the HCA

without power of delegation, may authorize the contracting officer to obtain certified cost or pricing data for pricing actions

below the pertinent threshold in paragraph (a) of this subsection, provided the action exceeds the simplified acquisition threshold. The HCA must justify the requirement for certified cost or pricing data and provide a written finding that certified

cost or pricing data are necessary to determine whether the price is fair and reasonable and the facts supporting that finding.

(f) Delayed exception. If certified cost or pricing data are requested and submitted by an offeror, but an exception is later

found to apply, the data must not be considered certified cost or pricing data and must not be certified in accordance with

15.403-4.

15.4-4

SUBPART 15.4 - CONTRACT PRICING 15.404

(g) Foreign governments. The requirements of this subsection also apply to contracts entered into by an agency on behalf

of a foreign government.

15.403-4 Certificate of current cost or pricing data.

(a) When certified cost or pricing data are required, contracting officers must require the contractor to execute a Certificate

of Current Cost or Pricing Data, using the format in this paragraph, and must include the executed certificate in the contract

file.

Certificate of Current Cost or Pricing Data

This is to certify that, to the best of my knowledge and belief, the cost or pricing data (as defined in part 2 of the Federal Acquisition Regulation (FAR) and required under FAR subsection 15.403-3) submitted, either actually or by specific identification in writing, to the Contracting Officer or to the Contracting Officer's representative in support of ____* are accurate, complete, and current as of ____**. This certification includes the cost or pricing data supporting any advance agreements and forward pricing rate agreements between the offeror and the Government that are part of the proposal.

Firm: _____

Signature: _____

Name: _____

Title: _____

Date of execution: _____***

* Identify the proposal, request for price adjustment, or other submission involved, giving the appropriate identifying number (e.g., RFP No.).

** Insert the day, month, and year when price negotiations were concluded and price agreement was reached or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price.

*** Insert the day, month, and year of signing, which should be as close as practicable to the date when the price negotiations were concluded and the contract price was agreed to.

(End of certificate)

(b) The certificate does not constitute a representation as to the accuracy of the contractor's judgment on the estimate

of future costs or projections. It applies to the data upon which the judgment or estimate was based. This distinction between fact and judgment should be clearly understood. If the contractor had information reasonably available at the time

of agreement showing that the negotiated price was not based on accurate, complete, and current data, the contractor's responsibility is not limited by any lack of personal knowledge of the information on the part of its negotiators.

(c) The contracting officer and contractor are encouraged to reach a prior agreement on criteria for establishing closing or

cutoff dates when appropriate in order to minimize delays associated with proposal updates. Closing or cutoff dates should

be included as part of the data submitted with the proposal and, before agreement on price, data should be updated by the

contractor to the latest closing or cutoff dates for which the data are available. Use of cutoff dates coinciding with reports is

acceptable, as certain data may not be reasonably available before normal periodic closing dates (e.g., actual indirect costs).

Data within the contractor's or a subcontractor's organization on matters significant to contractor management and to the

Government will be treated as reasonably available. What is significant depends upon the circumstances of each acquisition.

(d) Possession of a Certificate of Current Cost or Pricing Data is not a substitute for examining and analyzing the contractor's proposal.

15.404 Cost and/or price analysis.

(a) General. The objective of proposal analysis is to ensure that the final agreed-to price is fair and reasonable.

(1) Contracting officers are responsible for evaluating the reasonableness of the offered prices. The analytical techniques and procedures described in this section may be used, individually or in combination with others, to ensure that

the final price is fair and reasonable. The complexity and circumstances of each acquisition should determine the level of

detail of the analysis required.

(2) Price analysis must be used when certified cost or pricing data are not required. When a fair and reasonable price

cannot be determined through price analysis alone, cost analysis may also be used to evaluate data other than certified cost or

pricing data to determine cost reasonableness or cost realism.

(3) Cost analysis must be used when certified cost or pricing data are required. However, price analysis must be used to

verify that the overall price offered is fair and reasonable.

(4) Cost realism must be used when contemplating the award of a cost-reimbursement contract.

15.4-5

15.404-1 FEDERAL ACQUISITION REGULATION

(b) Advice and assistance. Contracting officers may request the advice and assistance of other experts to ensure that an

appropriate analysis is performed. Recommendations or conclusions regarding the Government's review or analysis of an

offeror's or contractor's proposal must not be disclosed to the offeror or contractor without the concurrence of the contracting officer.

(c) Mistakes and discrepancies in data. Any discrepancy or mistake of fact (such as duplications, omissions, and errors

in computation) contained in the certified cost or pricing data or data other than certified cost or pricing data submitted in

support of a proposal must be brought to the contracting officer's attention.

15.404-1 Price analysis.

(a) General. Price analysis is the process of examining and evaluating a proposed price without evaluating its separate cost elements and proposed profit.

(b) Techniques. The Government may use various price analysis techniques and procedures to ensure a fair and reasonable price, including, but not limited to, the following:

(1) Comparison of proposed prices received in response to the RFP.

(2) Comparison of the proposed prices to historical prices paid, whether by the Government or other than the Government, for the same or similar items. This method may be used for commercial products or commercial services including those of a type or when requiring minor modifications for commercial products.

(i) The prior price must be a valid basis for comparison. If there has been a significant time lapse between the last acquisition and the present one, if the terms and conditions of the acquisition are significantly different, or if the reasonableness of the prior price is uncertain, then the prior price may not be a valid basis for comparison.

(ii) The prior price must be adjusted to account for materially differing terms and conditions, quantities and market and economic factors. For similar items, the contracting officer must also adjust the prior price to account for material differences between the similar item and the item being procured.

(iii) Expert technical advice should be obtained when analyzing similar items, or commercial products or commercial services that are of a type, or requiring minor modifications for commercial products, to ascertain the magnitude of changes required and to assist in pricing the required changes.

(3) Use of parametric estimating methods/application of rough yardsticks (such as dollars per pound or per horsepower, or other units) to highlight significant inconsistencies that warrant additional pricing inquiry.

(4) Comparison with competitive published price lists, published market prices of commodities, similar indexes, and discount or rebate arrangements.

(5) Comparison of proposed prices with independent Government cost estimates.

(6) Comparison of proposed prices with prices obtained through market research for the same or similar items.

(7) Analysis of data other than certified cost or pricing data provided by the offeror.

(c) Preferred method of analysis. The techniques at 15.404-1(b)(1) and (2) are the preferred methods for price analysis.

However, if the contracting officer determines that information on competitive proposed prices or previous contract prices

is not available or is insufficient to determine that the price is fair and reasonable, the contracting officer may use any of the

remaining techniques as appropriate to the circumstances applicable to the acquisition. The fact that a price is included in a catalog does not, in and of itself, make it fair and reasonable.

(d) Value analysis. Value analysis can give insight into the relative worth of a product and the Government may use it in conjunction with the price analysis techniques listed in paragraph (b) of this section.

15.404-2 Cost analysis.

(a) General. Cost analysis is the review and evaluation of any separate cost elements and profit or fee in an offeror's or contractor's proposal, as needed to determine a fair and reasonable price or to determine cost realism, and the application of judgment to determine how well the proposed costs represent what the cost of the contract should be, assuming reasonable economy and efficiency.

(b) Techniques. The Government may use various cost analysis techniques and procedures to ensure a fair and reasonable price, including, but not limited to, the following:

- (1) Verification of cost data or pricing data and evaluation of cost elements, including?
 - (i) The necessity for, and reasonableness of, proposed costs, including allowances for contingencies;
 - (ii) Projection of the offeror's cost trends, on the basis of current and historical cost or pricing data;
 - (iii) Reasonableness of estimates generated by appropriately calibrated and validated parametric models or cost-estimating relationships; and

15.4-6

SUBPART 15.4 - CONTRACT PRICING 15.404-4

(iv) The application of audited or negotiated indirect cost rates, labor rates, and cost of money or other factors.

(2) Evaluating the effect of the offeror's current practices on future costs. In conducting this evaluation, contracting officers must ensure that the effects of inefficient or uneconomical past practices are not projected into the future. In pricing production of recently developed complex equipment, contracting officers should perform a trend analysis of basic labor and materials, even in periods of relative price stability.

- (3) Comparison of costs proposed by the offeror for individual cost elements with?
- (i) Actual costs previously incurred by the same offeror;
 - (ii) Previous cost estimates from the offeror or from other offerors for the same or similar items;
 - (iii) Other cost estimates received in response to the Government's request;
 - (iv) Independent Government cost estimates by technical personnel; and
 - (v) Forecasts of planned expenditures.
- (4) Verification that the offeror's cost submissions are in accordance with the contract cost principles and procedures in

25.003

25.001 General.

(a) 41 U.S.C. chapter 83, Buy American?

(1) Restricts the purchase of supplies, that are not domestic end products, for use within the United States. A foreign

end product may be purchased if the contracting officer determines that the price of the lowest domestic offer is unreasonable

or if another exception applies (see subpart 25.1); and

(2) Requires, with some exceptions, the use of only domestic construction materials in contracts for construction in the

United States (see subpart 25.2).

(b) The restrictions in the Buy American statute are not applicable in acquisitions subject to certain trade agreements (see

subpart 25.4). In these acquisitions, end products and construction materials from certain countries receive nondiscriminatory

treatment in evaluation with domestic offers. Generally, the dollar value of the acquisition determines which of the trade agreements applies. Exceptions to the applicability of the trade agreements are described in subpart 25.4.

(c) The test to determine the country of origin for an end product under the Buy American statute (see the ?domestic

end product? definition in 25.003) is different from the test to determine the country of origin for an end product under the

trade agreements (see the various country ?end product? definitions in 25.003), or the criteria for the representation on end

products manufactured outside the United States (see 52.225-18).

(1) The Buy American statute uses a two-part test to define a ?domestic end product? or ?domestic construction

material? (manufactured in the United States and a domestic content test). The domestic content test has been waived for

acquisition of commercially available off-the-shelf (COTS) items, except a product that consists wholly or predominantly of

iron or steel or a combination of both (excluding COTS fasteners) (see 25.101(a) and 25.201(b)).

(2) Under the trade agreements, the test to determine country of origin is ?substantial transformation? (i.e., transforming

an article into a new and different article of commerce, with a name, character, or use distinct from the original article).

(3) For the representation at 52.225-18, the only criterion is whether the place of manufacture of an end product is in

the United States or outside the United States, without regard to the origin of the components.

25.002 [Reserved]**25.003 Definitions.**

As used in this part?

Caribbean Basin country means any of the following countries: Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize,

Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis,

St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago.

Caribbean Basin country end product ?

(1) Means an article that?

(i)

(A) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(B) In the case of an article that consists in whole or in part of materials from another country, has been

substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character,

or use distinct from that of the article or articles from which it was transformed; and

(ii) Is not excluded from duty-free treatment for Caribbean countries under 19 U.S.C. 2703(b).

(A) For this reason, the following articles are not Caribbean Basin country end products:

(1) Tuna, prepared or preserved in any manner in airtight containers.

(2) Petroleum, or any product derived from petroleum.

(3) Watches and watch parts (including cases, bracelets, and straps) of whatever type including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of

any country to which the Harmonized Tariff Schedule of the United States (HTSUS) column 2 rates of duty apply (i.e., Afghanistan, Cuba, Laos, North Korea, and Vietnam).

(4) Certain of the following: textiles and apparel articles; footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel; or handloomed, handmade, and folklore articles.

(B) Access to the HTSUS to determine duty-free status of articles of the types listed in paragraph

(1)(ii)(A)(4) of

this definition is available via the Internet at <https://usitc.gov/tata/hts/index.htm>. In particular, see the following:

(1) General Note 3(c), Products Eligible for Special Tariff treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries under the United States-Caribbean Basin Trade Partnership Act of 2000.

-1

25.003 FEDERAL ACQUISITION REGULATION

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits under the United States-Caribbean Basin Trade Partnership Act; and

(2) Refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of

the acquisition, includes services (except transportation services) incidental to the article, provided that the value of those

incidental services does not exceed that of the article itself.

Civil aircraft and related articles means?

- (1) All aircraft other than aircraft to be purchased for use by the Department of Defense or the U.S. Coast Guard;
- (2) The engines (and parts and components for incorporation into the engines) of these aircraft;
- (3) Any other parts, components, and subassemblies for incorporation into the aircraft; and
- (4) Any ground flight simulators, and parts and components of these simulators, for use with respect to the aircraft,

whether to be used as original or replacement equipment in the manufacture, repair, maintenance, rebuilding, modification,

or conversion of the aircraft and without regard to whether the aircraft or articles receive duty-free treatment under section

601(a)(2) of the Trade Agreements Act.

Component means an article, material, or supply incorporated directly into an end product or construction material.

Construction material means an article, material, or supply brought to the construction site by a contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled

from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and

audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as

complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts

or components of those systems are delivered to the construction site. Materials purchased directly by the Government are

supplies, not construction material.

Cost of components means?

- (1) For components purchased by the contractor, the acquisition cost, including transportation costs to the place of

incorporation into the end product or construction material (whether or not such costs are paid to a domestic firm), and any

applicable duty (whether or not a duty-free entry certificate is issued); or

- (2) For components manufactured by the contractor, all costs associated with the manufacture of the component,

including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding

profit. Cost of components does not include any costs associated with the manufacture of the end product.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical

to the U.S. supply chain. The list of critical components is at 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at 25.105.

Designated country means any of the following countries:

- (1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France,

Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein,

Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade

Organization as the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu? (Chinese Taipei)), Ukraine, or

United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El

Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia,

Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia,

South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin

Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent

and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

-2

25.003

Designated country end product means a WTO GPA country end product, an FTA country end product, a least developed

country end product, or a Caribbean Basin country end product.

Domestic construction material means?

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both?

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if?

(A) The cost of the components mined, produced, or manufactured in the United States exceeds 60 percent

of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024

through 2028 and 75 percent for items delivered starting in calendar year 2029 (unless an alternate percentage is established

for a contract in accordance with FAR 25.201(c)). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a commercially available off-the-shelf (COTS) item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a

construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of

the cost of all the components used in such construction material. The cost of foreign iron and steel includes but is not limited

to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized

in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components

excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material

contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with

the definition of "cost of components" in this section.

Domestic end product means?

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both?

(i) An unmanufactured end product mined or produced in the United States;

(ii) An end product manufactured in the United States, if?

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the

cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through

2028 and 75 percent for items delivered starting in calendar year 2029 (unless an alternate percentage is established for a

contract in accordance with FAR 25.101(d)). Components of foreign origin of the same class or kind as those that the agency

determines are not mined, produced, or manufactured in sufficient and reasonably available commercial quantities of a satisfactory quality are treated as domestic. Components of unknown origin are treated as foreign. Scrap generated, collected,

and prepared for processing in the United States is considered domestic; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product

manufactured in the United States, if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all the

components used in the end product. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron

or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the

end product and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or

steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all

the materials used in such end product is calculated in accordance with the definition of "cost of components" in this section.

Domestic offer means an offer of a domestic end product. When the solicitation specifies that award will be made on

a group of line items, a domestic offer means an offer where the proposed price of the domestic end products exceeds 50

percent of the total proposed price of the group.

Eligible offer means an offer of an eligible product. When the solicitation specifies that award will be made on a group of line items, an eligible offer means a foreign offer where the combined proposed price of the eligible products and the domestic end products exceeds 50 percent of the total proposed price of the group.

Eligible product means a foreign end product, construction material, or service that, due to applicability of a trade agreement to a particular acquisition, is not subject to discriminatory treatment.

End product means those articles, materials, and supplies to be acquired for public use.

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners

are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

-3

25.003 FEDERAL ACQUISITION REGULATION

Foreign contractor means a contractor or subcontractor organized or existing under the laws of a country other than the United States.

Foreign end product means an end product other than a domestic end product.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage

through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the

elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Foreign offer means any offer other than a domestic offer.

Free Trade Agreement country means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador,

Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore.

Free Trade Agreement country end product means an article that?

- (1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in an FTA country into a new and different article of commerce with a name, character, or use distinct from that

of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Israeli end product means an article that?

- (1) Is wholly the growth, product, or manufacture of Israel; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in Israel into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

Least developed country means any of the following countries: Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina

Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial

Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon

Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia.

Least developed country end product means an article that?

- (1) Is wholly the growth, product, or manufacture of a least developed country; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct

from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a

supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services)

incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Noneligible offer means an offer of a noneligible product.

Noneligible product means a foreign end product that is not an eligible product.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as

bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate

of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-made end product means an article that is mined, produced, or manufactured in the United States or that is substantially transformed in the United States into a new and different article of commerce with a name, character, or use

distinct from that of the article or articles from which it was transformed.

World Trade Organization Government Procurement Agreement (WTO GPA) country means any of the following countries: Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),

Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia,

Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or

United Kingdom.

WTO GPA country end product means an article that?

-4

25.101

- (1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a

supply contract, but for purposes of calculating the value of the end product includes services (except transportation services)

incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Subpart 25.1 ?Buy American?Supplies

25.100 Scope of subpart.

This subpart?

(a) Implements?

(1) 41 U.S.C. chapter 83, Buy American;

(2) Executive Order 10582, December 17, 1954;

(3) Executive Order 13881, July 15, 2019;

(4) Executive Order 14005, January 25, 2021; and

(5) Waiver of the domestic content test of the Buy American statute for acquisition of commercially available off-the-

shelf (COTS) items in accordance with 41 U.S.C. 1907, but see 25.101(a)(2)(ii).

(b) Applies to supplies acquired for use in the United States, including supplies acquired under contracts set aside for

small business concerns, if?

(1) The supply contract exceeds the micro-purchase threshold; or

(2) The supply portion of a contract for services that involves the furnishing of supplies (e.g., lease) exceeds the micro-

purchase threshold.

25.101 General.

(a) The Buy American statute restricts the purchase of supplies that are not domestic end products. For manufactured end

products, the Buy American statute, E.O. 13881, and E.O. 14005 use a two-part test to define a domestic end product.

(1) The article must be manufactured in the United States; and

(2)

(i) Except for an end product that consists wholly or predominantly of iron or steel or a combination of both, the cost of domestic components must exceed 60 percent of the cost of all the components, except that the percentage is 65 percent for

items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. But

see paragraph (d) of this section. In accordance with 41 U.S.C. 1907, this domestic content test of the Buy American statute

has been waived for acquisitions of COTS items (but see paragraph (a)(2)(ii) of this section).

(ii) For an end product that consists wholly or predominantly of iron or steel or a combination of both, the cost of foreign iron and steel must constitute less than 5 percent of the cost of all the components used in the end product (see

the definition of ?foreign iron and steel? at 25.003). The cost of foreign iron and steel includes but is not limited to the

cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the end product and a good faith estimate of the cost of all foreign iron or steel components excluding COTS

fasteners. This domestic content test of the Buy American statute has not been waived for acquisitions of COTS items in this category, except for COTS fasteners.

(b) The Buy American statute applies to small business set-asides. A manufactured product of a small business concern is a U.S.-made end product, but is not a domestic end product unless it meets the domestic content test in paragraph (a)(2) of this section.

(c) Exceptions that allow the purchase of a foreign end product are listed at 25.103. The unreasonable cost exception is implemented through the use of an evaluation factor applied to low foreign offers that are not eligible offers. The evaluation factor is not used to provide a preference for one foreign offer over another.

(d)

(1) A contract with a period of performance that spans the schedule of domestic content threshold increases specified in paragraph (a)(2)(i) of this section must comply with each increased threshold for the items in the year of delivery, unless the senior procurement executive of the contracting agency allows for application of an alternate domestic content test for that contract under which the domestic content threshold in effect at time of contract award will apply to the entire period of

-5

25.102 FEDERAL ACQUISITION REGULATION

performance for the contract. This authority is not delegable. The senior procurement executive must consult the Office of Management and Budget's Made in America Office (MIAO) before allowing the use of the alternate domestic content test.

(2) When a senior procurement executive allows for application of an alternate domestic content test for a contract?

(i) See 25.601(a)(1)(ii) or 25.601(b)(1)(v) for use of the appropriate Alternate clause to reflect the domestic content threshold that will apply to the entire period of performance for that contract; and

(ii) Use the fill-in at 52.213-4(b)(1)(xviii)(B) instead of including 52.225-1 Alternate I when using 52.213-4, Terms and Conditions? Simplified Acquisitions (Other Than Commercial Products and Commercial Services).

25.102 Policy.

Except as provided in 25.103, acquire only domestic end products for public use inside the United States.

25.103 Exceptions.

When one of the following exceptions applies, the contracting officer may acquire a foreign end product without regard to the restrictions of the Buy American statute:

(a) Public interest. The head of the agency may make a determination that domestic preference would be inconsistent

with the public interest. This exception applies when an agency has an agreement with a foreign government that provides a

blanket exception to the Buy American statute.

(b) Nonavailability. The Buy American statute does not apply with respect to articles, materials, or supplies if articles,

materials, or supplies of the class or kind to be acquired, either as end items or components, are not mined, produced, or

manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

(1) Class nonavailability determinations.

(i) A nonavailability determination has been made for the articles listed in 25.104. This determination does not necessarily mean that there is no domestic source for the listed items, but that domestic sources can only meet 50 percent or

less of total U.S. Government and nongovernment demand.

(ii) Before acquisition of an article on the list, the procuring agency is responsible to conduct market research appropriate to the circumstances, including seeking of domestic sources. This applies to acquisition of an article as?

(A) An end product; or

(B) A significant component (valued at more than 50 percent of the value of all the components).

(iii) The determination in paragraph (b)(1)(i) of this section does not apply if the contracting officer learns at any time before the time designated for receipt of bids in sealed bidding or final offers in negotiation that an article on the list is available domestically in sufficient and reasonably available commercial quantities of a satisfactory quality to meet the

requirements of the solicitation. The contracting officer must?

(A) Ensure that the appropriate Buy American statute provision and clause are included in the solicitation (see

25.601(a), 25.601(b), or 25.602);

(B) Specify in the solicitation that the article is available domestically and that offerors and contractors may not

treat foreign components of the same class or kind as domestic components; and

(C) Submit a copy of supporting documentation to your agency representative at the FAR Council, in accordance

with agency procedures, for possible removal of the article from the list.

(2) Individual nonavailability determinations.

(i) The head of the contracting activity must first make a determination that an article, material, or supply is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality (i.e., individual nonavailability waiver determinations) in accordance with agency procedures. Prior to award, the agency must comply with the procedures in paragraph (b)(2)(iii) of this section. A determination is not required

before January 1, 2030, if there is an offer for a foreign end product that exceeds 55 percent domestic content (see 25.106(b)

(2) and 25.106(c)(2)).

(ii) If the contracting officer considers that the nonavailability of an article is likely to affect future acquisitions, the contracting officer may submit a copy of the determination and supporting documentation to its agency representative

at the

FAR Council, in accordance with agency procedures, for possible addition to the list in 25.104.

(iii) Contracting officers must submit a proposed individual nonavailability waiver for review and posting to MadeinAmerica.gov using the digital waiver portal by the MIAO, unless an exception applies. The contracting officer must not make an award until the contracting officer has received confirmation that the MIAO has completed its review of the proposed nonavailability waiver determination; MIAO has waived the requirement for a review; or an exception to

25.104

posting the proposed nonavailability waiver determination applies. Agencies will issue final waivers only after completing

coordination with the Office of Management and Budget (OMB).

(A) Contracting officers must post a proposed individual nonavailability waiver determination to MadeinAmerica.gov by inputting the required information into a digital waiver. The digital waiver requires the standardized

nonavailability waiver determination information listed in the OMB guidance, and additional information, such as the proposed duration of the nonavailability waiver determination and whether the waiver determination is for an indefinite-delivery type contract (i.e., a ?multi-procurement waiver? in the digital form) or for a contract that is not an indefinite-delivery type contract (i.e., an ?individual waiver? in the digital form).

(B) Unless waived, all proposed nonavailability waiver determination information posted using the digital waiver

will be reviewed by MIAO. Certain information from the nonavailability waiver determination will be available to the public

at MadeinAmerica.gov immediately upon posting the proposed waiver and prior to review by MIAO. The digital waiver identifies for the contracting officer those fields that will be made public and those fields that are not public because they are

for government use only. Contracting officers must not enter source selection information (see 2.101 and 3.104) in any field.

Contracting officers must not enter in the public fields any information that cannot be made public.

(C) MIAO plans to complete the majority of nonavailability waiver determination reviews within 15 business days from submission to OMB. Waivers involving certain small dollar transactions (e.g., over the micro-purchase threshold

but less than \$25,000), will generally be reviewed by MIAO rapidly but waivers for larger and more complex acquisitions,

or waivers implicating critical supply chains, may take the full 15 business days. Contracting officers should consider the

timeframes above for acquisition planning.

(D) Contracting officers are not required to post proposed individual nonavailability waiver determinations to

MadeinAmerica.gov prior to waiver determination issuance when?

(1) The acquisition is conducted under reduced competition due to urgency (see FAR 6.103-2 and 13.101(b)) or where the agency is obligated by law to act more quickly than the review procedures established in this section allow.

In these instances, contracting officers must file an urgent requirement report for such waivers using information found in the digital waiver portal within 30 days of award. MIAO will make relevant information available to the public on MadeinAmerica.gov but will not make a determination on such waivers; or

(2) The acquisition is for products that have been determined to be nonavailable on a class basis and are listed in 25.104.

(c) Unreasonable cost. The contracting officer may determine that the cost of a domestic end product would be unreasonable, in accordance with 25.106 and subpart 25.5.

(d) Resale. The contracting officer may purchase foreign end products specifically for commissary resale.

(e) Information technology that is a commercial product. The restriction on purchasing foreign end products does not

apply to the acquisition of information technology that is a commercial product, when using fiscal year 2004 or subsequent

fiscal year funds (section 535(a) of Division F, Title V, Consolidated Appropriations Act, 2004, and similar sections in subsequent appropriations acts).

25.104 Nonavailable articles.

(a) The following articles have been determined to be nonavailable in accordance with 25.103(b)(1)(i):

(1) Antimony, as metal or oxide.

(2) Bamboo shoots.

(3) Bananas.

(4) Bismuth.

(5) Books, trade, text, technical, or scientific; newspapers; pamphlets; magazines; periodicals; printed briefs and films;

not printed in the United States and for which domestic editions are not available.

(6) Brazil nuts, unroasted.

(7) Capers.

(8) Cashew nuts.

(9) Chestnuts.

(10) Chrome ore or chromite.

(11) Cocoa beans.

(12) Coconut and coconut meat, unsweetened, in shredded, desiccated, or similarly prepared form.

(13) Coffee, raw or green bean.

(14) Cork, wood or bark and waste.

-7

25.105 FEDERAL ACQUISITION REGULATION

(15) Cover glass, microscope slide.

(16) Fair linen, altar.

(17) Fibers of the following types: abaca, abace, agave, coir, flax, jute, jute burlaps, palmyra, and sisal.

(18) Grapefruit sections, canned.

(19) Hemp yarn.

(20) Hog bristles for brushes.

(21) Hyoscine, bulk.

(22) Modacrylic fiber.

(23) Nitroguanidine (also known as picrite).

(24) Oranges, mandarin, canned.

(25) Pineapple, canned.

(26) Quartz crystals.

(27) Rubber, crude and latex (natural).

- (28) Rutile.
- (29) Silk, raw and unmanufactured.
- (30) Spare and replacement parts for equipment of foreign manufacture, and for which domestic parts are not available.
- (31) Spices and herbs, in bulk.
- (32) Swords and scabbards.
- (33) Tapioca flour and cassava.
- (34) Tartar, crude; tartaric acid and cream of tartar in bulk.
- (35) Tea in bulk.
- (36) Tin in bars, blocks, and pigs.
- (37) Vanilla beans.
- (38) Venom, cobra.
- (39) Water chestnuts.

(b) This list will be published in the Federal Register for public comment no less frequently than once every five years.

25.105 Critical components and critical items.

(a) The following is a list of articles that have been determined to be a critical component or critical item and their respective preference factor(s).

(1) -(2) [Reserved]

(b) The list of articles and preference factors in paragraph (a) of this section will be published in the Federal Register for public comment no less frequently than once every 4 years.

(c) For determining reasonableness of cost for domestic end products that contain critical components or are critical items
(see 25.106(c)).

25.106 Determining reasonableness of cost.

(a) The contracting officer?

(1) Must use the evaluation factors in paragraphs (b) and (c) of this section unless the head of the agency makes

a written determination that the use of higher factors is more appropriate. If the determination applies to all agency acquisitions, the agency evaluation factors must be published in agency regulations; and

(2) Must not apply evaluation factors to offers of eligible products if the acquisition is subject to a trade agreement

under subpart 25.4.

(b) For end products that are not critical items and do not contain critical components.

(1)

(i) If there is a domestic offer that is not the low offer, and the restrictions of the Buy American statute apply to the low offer, the contracting officer must determine the reasonableness of the cost of the domestic offer by adding to the price of the low offer, inclusive of duty?

(A) 20 percent, if the lowest domestic offer is from a large business concern; or

(B) 30 percent, if the lowest domestic offer is from a small business concern. The contracting officer must use

this factor, or another factor established in agency regulations, in small business set-asides if the low offer is from a

small

business concern offering the product of a small business concern that is not a domestic end product (see part 19).

-8

25.106

(ii) The price of the domestic offer is reasonable if it does not exceed the evaluated price of the low offer after addition of the appropriate evaluation factor in accordance with paragraph (a) or (b)(1)(i) of this section. See evaluation procedures at subpart 25.5.

(2)

(i) For end products that are not COTS items and do not consist wholly or predominantly of iron or steel or a combination of both, if the procedures in paragraph (b)(1)(i) of this section result in an unreasonable cost determination for

the domestic offer or there is no domestic offer received, and the low offer is for a foreign end product that does not exceed

55 percent domestic content, the contracting officer must ?

(A) Treat the lowest offer of a foreign end product that is manufactured in the United States and exceeds 55

percent domestic content as a domestic offer; and

(B) Determine the reasonableness of the cost of this offer by applying the evaluation factors listed in paragraph

(b)(1)(i) of this section to the low offer.

(ii) The price of the lowest offer of a foreign end product that exceeds 55 percent domestic content is reasonable if it does not exceed the evaluated price of the low offer after addition of the appropriate evaluation factor in accordance with

paragraph (a) or (b)(1)(i) of this section. See evaluation procedures at subpart 25.5.

(iii) The procedures in this paragraph (b)(2) will no longer apply as of January 1, 2030.

(c) For end products that are critical items or contain critical components.

(1)

(i) If there is a domestic offer that is not the low offer, and the restrictions of the Buy American statute apply to the low offer, the contracting officer must determine the reasonableness of the cost of the domestic offer by adding to the price of

the low offer, inclusive of duty?

(A) 20 percent, plus the additional preference factor identified for the critical item or end product containing

critical components listed at section 25.105, if the lowest domestic offer is from a large business concern; or

(B) 30 percent, plus the additional preference factor identified for the critical item or end product containing

critical components listed at section 25.105, if the lowest domestic offer is from a small business concern. The contracting

officer must use this factor, or another factor established in agency regulations, in small business set-asides if the low offer

is from a small business concern offering the product of a small business concern that is not a domestic end product (see part

19).

(ii) The price of the domestic offer is reasonable if it does not exceed the evaluated price of the low offer after

addition of the appropriate evaluation factor in accordance with paragraph (a) or (b) of this section. See evaluation procedures

at subpart 25.5.

(2)

(i) For end products that are not COTS items and do not consist wholly or predominantly of iron or steel or a combination of both, if the procedures in paragraph (c)(1)(ii) of this section result in an unreasonable cost determination for

the domestic offer or there is no domestic offer received, and the low offer is for a foreign end product that does not exceed

55 percent domestic content, the contracting officer must ?

(A) Treat the lowest offer of a foreign end product that is manufactured in the United States and exceeds 55

percent domestic content as a domestic offer; and

(B) Determine the reasonableness of the cost of this offer by applying the evaluation factors listed in paragraph

(c)(1) of this section to the low offer.

(ii) The price of the lowest offer of a foreign end product that exceeds 55 percent domestic content is reasonable if it does not exceed the evaluated price of the low offer after addition of the appropriate evaluation factor in accordance with

paragraph (a) or (b) of this section. See evaluation procedures at subpart 25.5.

(iii) The procedures in this paragraph (c)(2) will no longer apply as of January 1, 2030.

25.202

Subpart 25.2 ?Buy American?Construction Materials

25.200 Scope of subpart.

(a) This subpart implements?

(1) 41 U.S.C. chapter 83, Buy American;

(2) Executive Order 10582, December 17, 1954;

(3) Executive Order 13881, July 15, 2019;

(4) Executive Order 14005, January 25, 2021; and

(5) Waiver of the domestic content test of the Buy American statute for acquisitions of commercially available off-the-

shelf (COTS) items in accordance with 41 U.S.C. 1907, but see 25.201(b)(2)(ii).

(b) It applies to contracts for the construction, alteration, or repair of any public building or public work in the United States.

25.201 Policy.

(a) Except as provided in 25.202, use only domestic construction materials in construction contracts performed in the

United States.

(b) The Buy American statute restricts the purchase of construction materials that are not domestic construction materials.

For manufactured construction materials, the Buy American statute, E.O. 13881, and E.O. 14005 use a two-part test to

define

domestic construction materials.

(1) The article must be manufactured in the United States; and

(2)

(i) Except for construction material that consists wholly or predominantly of iron or steel or a combination of both, the cost of domestic components must exceed 60 percent of the cost of all the components, except that the percentage will

be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar

year 2029, but see paragraph (c) of this section. In accordance with 41 U.S.C. 1907, this domestic content test of the Buy

American statute has been waived for acquisitions of COTS items (see part 12).

(ii) For construction material that consists wholly or predominantly of iron or steel or a combination of both, the cost of foreign iron and steel must constitute less than 5 percent of the cost of all the components used in such construction

material (see the definition of "foreign iron and steel" at 25.003). The cost of foreign iron and steel includes but is not limited

to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized

in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components

excluding COTS fasteners. This domestic content test of the Buy American statute has not been waived for acquisitions of

COTS items in this category, except for COTS fasteners.

(c)

(1) A contract with a period of performance that spans the schedule of domestic content threshold increases specified

in paragraph (b)(2)(i) of this section must comply with each increased threshold for the items in the year of delivery, unless

the senior procurement executive of the contracting agency allows for application of an alternate domestic content test for

that contract under which the domestic content threshold in effect at time of contract award will apply to the entire period of

performance for the contract. This authority is not delegable. The senior procurement executive must consult the Office of

Management and Budget's Made in America Office before allowing the use of the alternate domestic content test.

(2) When a senior procurement executive allows for application of an alternate domestic content test for a contract, see

25.602(a)(3) or (c)(4) for use of the appropriate Alternate clause to reflect the domestic content threshold that will apply to

the entire period of performance for that contract.

25.202 Exceptions.

(a) When one of the following exceptions applies, the contracting officer may allow the contractor to acquire foreign construction materials without regard to the restrictions of the Buy American statute:

(1) Impracticable or inconsistent with public interest. The head of the agency may determine that application of the

restrictions of the Buy American statute to a particular construction material would be impracticable or would be inconsistent

with the public interest. The public interest exception applies when an agency has an agreement with a foreign government

that provides a blanket exception to the Buy American statute.

(2) Nonavailability. The head of the contracting activity may determine that a particular construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities
-1

25.203 FEDERAL ACQUISITION REGULATION

of a satisfactory quality. The nonavailability waiver determinations of the articles listed at 25.104(a) and the procedures at 25.103(b)(1) also apply if any of those articles are acquired as construction materials. A determination is not required before January 1, 2030, if there is an offer for a foreign construction material that exceeds 55 percent domestic content (see

25.204(a)(1)(ii) and 25.204(a)(2)(ii).

(3) Unreasonable cost. The contracting officer concludes that the cost of domestic construction material is unreasonable

in accordance with 25.204.

(4) Information technology that is a commercial product. The restriction on purchasing foreign construction material

does not apply to the acquisition of information technology that is a commercial product, when using Fiscal Year 2004 or

subsequent fiscal year funds in accordance with section 535(a) of Division F, Title V, Consolidated Appropriations Act, 2004,

and similar sections in subsequent appropriations acts.

(b) Determination and findings. When a determination is made for any of the reasons stated in this section that certain

foreign construction materials may be used, the contracting officer must list the excepted materials in the contract. The agency must make the findings justifying the exception available for public inspection.

(c) Acquisitions under trade agreements. For construction contracts with an estimated acquisition value of \$6,683,000 or

more, see subpart 25.4.

25.203 Preaward determinations.

(a) For any acquisition, an offeror may request from the contracting officer a determination concerning the inapplicability

of the Buy American statute for specifically identified construction materials.

(b) Before award, the contracting officer must evaluate all requests based on the information provided and may supplement this information with other readily available information.

25.204 Evaluating offers of foreign construction material.

(a)

(1) For construction material that is not a critical item and does not contain critical components.

(i) Unless the head of the agency specifies a higher percentage, the contracting officer must add to the offered price 20 percent of the cost of any foreign construction material proposed for exception from the requirements of the

Buy

American statute based on the unreasonable cost of domestic construction materials. In the case of a tie, the contracting

officer must give preference to an offer that does not include foreign construction material excepted at the request of the

offeror on the basis of unreasonable cost.

(ii) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the procedures in paragraph (a)(1)(i) of this section result in an unreasonable cost determination

for the domestic construction material offer or there is no domestic construction material offer received, and the low offer is

for foreign construction material that does not exceed 55 percent domestic content, the contracting officer must ?

(A) Treat the lowest offer of foreign construction material that is manufactured in the United States and exceeds

55 percent domestic content as a domestic offer; and

(B) Determine the reasonableness of the cost of this offer by applying the evaluation factor listed in paragraph (a)

(1)(i) to the low offer.

(iii) The procedures in paragraph (a)(1)(ii) of this section will no longer apply as of January 1, 2030.

(2) For construction material that is a critical item or contains critical components.

(i) The contracting officer must add to the offered price 20 percent, plus the additional preference factor identified for the critical item or construction material containing critical components listed at section 25.105, of the cost of any foreign

construction material proposed for exception from the requirements of the Buy American statute based on the unreasonable

cost of domestic construction materials. In the case of a tie, the contracting officer must give preference to an offer that does

not include foreign construction material excepted at the request of the offeror on the basis of unreasonable cost. See 25.105

for the list of critical components and critical items.

(ii) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the procedures in paragraph (a)(2)(i) of this section result in an unreasonable cost determination

for the domestic construction material offer or there is no domestic construction material offer received, and the low offer is

for foreign construction material that does not exceed 55 percent domestic content, the contracting officer must ?

(A) Treat the lowest offer of foreign construction material that is manufactured in the United States and exceeds

55 percent domestic content as a domestic offer; and

-2

25.206

(B) Determine the reasonableness of the cost of this offer by applying the evaluation factors listed in this

paragraph (a)(2) to the low offer.

(iii) The procedures in paragraph (a)(2)(ii) of this section will no longer apply as of January 1, 2030.

(b) If the contracting officer awards a contract to an offeror that proposed foreign construction material not listed in the applicable clause in the solicitation (paragraph (b)(2) of 52.225-9, or paragraph (b)(3) of 52.225-11), the contracting officer must add the excepted materials to the list in the contract clause.

25.205 Postaward determinations.

(a) If a contractor requests a determination regarding the inapplicability of the Buy American statute after contract award, the contractor must explain why it could not request the determination before contract award or why the need for such determination otherwise was not reasonably foreseeable. If the contracting officer concludes that the contractor should have made the request before contract award, the contracting officer may deny the request.

(b) The contracting officer must base evaluation of any request for a determination regarding the inapplicability of the Buy American statute made after contract award on information required by paragraphs (c) and (d) of the applicable clause at

52.225-9 or 52.225-11 and/or other readily available information.

(c) If a determination, under 25.202(a), is made after contract award that an exception to the Buy American statute applies, the contracting officer must negotiate adequate consideration and modify the contract to allow use of the foreign construction material. When the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is at least the differential established in 25.202(a) or in accordance with agency procedures.

25.206 Noncompliance.

The contracting officer must?

(a) Review allegations of Buy American statute violations;

(b) Unless fraud is suspected, notify the contractor of the apparent unauthorized use of foreign construction material and request a reply, to include proposed corrective action; and

(c) If the review reveals that a contractor or subcontractor has used foreign construction material without authorization, take appropriate action, including one or more of the following:

(1) Process a determination concerning the inapplicability of the Buy American statute in accordance with 25.205.

(2) Consider requiring the removal and replacement of the unauthorized foreign construction material.

(3) If removal and replacement of foreign construction material incorporated in a building or work would be impracticable, cause undue delay, or otherwise be detrimental to the interests of the Government, the contracting officer may determine in writing that the foreign construction material need not be removed and replaced. A determination to retain foreign construction material does not constitute a determination that an exception to the Buy American statute applies, and this should be stated in the determination. Further, a determination to retain foreign construction material does not affect the Government's right to suspend or debar a contractor, subcontractor, or supplier for violation of the Buy American

statute, or

to exercise other contractual rights and remedies, such as reducing the contract price or terminating the contract for default.

(4) If the noncompliance is sufficiently serious, consider exercising appropriate contractual remedies, such as terminating the contract for default. Also consider preparing and forwarding a report to the agency suspending and debarring official in accordance with subpart 9.4. If the noncompliance appears to be fraudulent, refer the matter to other appropriate agency officials, such as the officer responsible for criminal investigation.

25.401

Subpart 25.4 ?Trade Agreements

25.400 Scope of subpart.

(a) This subpart provides policies and procedures applicable to acquisitions that are covered by?

(1) The World Trade Organization Government Procurement Agreement (WTO GPA), as approved by Congress in the

Uruguay Round Agreements Act (Pub. L. 103-465);

(2) Free Trade Agreements (FTA), consisting of?

(i) USMCA (United States-Mexico-Canada Agreement, as approved by Congress in the United States-Mexico-Canada Agreement Implementation Act (Government Procurement Agreement applicable only to the United States and Mexico) (Pub. L. 116-113) (19 U.S.C. chapter 29 (sections 4501-4732)));

(ii) Chile FTA (the United States-Chile Free Trade Agreement, as approved by Congress in the United States-Chile Free Trade Agreement Implementation Act (Pub. L. 108-77) (19 U.S.C. 3805 note));

(iii) Singapore FTA (the United States-Singapore Free Trade Agreement, as approved by Congress in the United States-Singapore Free Trade Agreement Implementation Act (Pub. L. 108-78) (19 U.S.C. 3805 note));

(iv) Australia FTA (the United States-Australia Free Trade Agreement, as approved by Congress in the United States-Australia Free Trade Agreement Implementation Act (Pub. L. 108-286) (19 U.S.C. 3805 note));

(v) Morocco FTA (The United States?Morocco Free Trade Agreement, as approved by Congress in the United States?Morocco Free Trade Agreement Implementation Act (Pub. L. 108-302) (19 U.S.C. 3805 note));

(vi) CAFTA-DR (The Dominican Republic-Central America-United States Free Trade Agreement, as approved by Congress in the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act (Pub. L.

109-53) (19 U.S.C. 4001 note));

(vii) Bahrain FTA (the United States-Bahrain Free Trade Agreement, as approved by Congress in the United States-

Bahrain Free Trade Agreement Implementation Act (Pub. L. 109-169) (19 U.S.C. 3805 note));

(viii) Oman FTA (the United States-Oman Free Trade Agreement, as approved by Congress in the United States-

Oman Free Trade Agreement Implementation Act (Pub. L. 109-283) (19 U.S.C. 3805 note));

(ix) Peru FTA (the United States-Peru Trade Promotion Agreement, as approved by Congress in the United States-Peru Trade Promotion Agreement Implementation Act (Pub. L. 110-138) (19 U.S.C. 3805 note));

(x) Korea FTA (the United States-Korea Free Trade Agreement Implementation Act (Pub. L. 112-41) (19 U.S.C. 3805 note));

(xi) Colombia FTA (the United States-Colombia Trade Promotion Agreement Implementation Act (Pub. L. 112-42) (19 U.S.C. 3805 note)); and

(xii) Panama FTA (the United States-Panama Trade Promotion Agreement Implementation Act (Pub. L. 112-43) (19

U.S.C. 3805 note));

(3) The least developed country designation made by the U.S. Trade Representative, pursuant to the Trade Agreements

Act (19 U.S.C. 2511(b)(4)), in acquisitions covered by the WTO GPA;

(4) The Caribbean Basin Trade Initiative (CBTI) (determination of the U.S. Trade Representative that end products or

construction material granted duty-free entry from countries designated as beneficiaries under the Caribbean Basin Economic

Recovery Act (19 U.S.C. 2701, et seq.), with the exception of Panama, must be treated as eligible products in acquisitions

covered by the WTO GPA);

(5) The Israeli Trade Act (the U.S.-Israel Free Trade Area Agreement, as approved by Congress in the United States-

Israel Free Trade Area Implementation Act of 1985 (19 U.S.C. 2112 note)); or

(6) The Agreement on Trade in Civil Aircraft (U.S. Trade Representative waiver of the Buy American statute for signatories of the Agreement on Trade in Civil Aircraft, as implemented in the Trade Agreements Act of 1979 (19 U.S.C. 2513)).

(b) For application of the trade agreements that are unique to individual agencies, see agency regulations.

25.401 Exceptions.

(a) This subpart does not apply to?

(1) Acquisitions set aside for small businesses;

(2) Acquisitions of arms, ammunition, or war materials, or purchases indispensable for national security or for national

defense purposes;

(3) Acquisitions of end products for resale;

-1

25.401 FEDERAL ACQUISITION REGULATION

(4) Acquisitions under subpart 8.2, Acquisition From AbilityOne Participating Nonprofit Agencies, and acquisitions

from Federal Prison Industries, Inc., under subpart 8.3;

(5) Other acquisitions not using full and open competition, if authorized by 6.102 or 6.103, when the limitation of

competition would preclude use of the procedures of this subpart; or sole source acquisitions justified in accordance with

12.102; and

(6) Goods and services specifically excluded under individual trade agreements, such as exceptions negotiated by the

U.S. Trade Representative for particular agencies. See the agency supplementary regulations.

(b) In the World Trade Organization Government Procurement Agreement (WTO GPA) and each FTA, there is a U.S.

schedule that lists services that are excluded from that agreement in acquisitions by the United States. Acquisitions of the

following services are excluded from coverage by the U.S. schedule of the WTO GPA or an FTA as indicated in this table:

The service(Federal Service Codes from WTO GPA Bahrain Singapore Australia

*Note 1. Acquisitions of the services listed at (2)(iii) of this table are a subset of the excluded services at (2)(i) and (ii), and are therefore not covered under the WTO GPA.

**Note 2. Acquisitions of the services listed at (4)(ii) of this table are a subset of the excluded services at (4)(i), and are therefore not covered under the WTO GPA.

25.402 General.

(a)

(1) The Trade Agreements Act (19 U.S.C. 2501, et seq.) provides the authority for the President to waive the Buy American statute and other discriminatory provisions for eligible products from countries that have signed an international trade agreement with the United States, or that meet certain other criteria, such as being a least developed country. The President has delegated this waiver authority to the U.S. Trade Representative. In acquisitions covered by the WTO GPA, Free Trade Agreements, or the Israeli Trade Act, the U.S. Trade Representative has waived the Buy American statute and other discriminatory provisions for eligible products. Offers of eligible products receive equal consideration with

domestic

offers.

(2) The contracting officer must determine the origin of services by the country in which the firm providing the services

is established. See subpart 25.5 for evaluation procedures for supply contracts covered by trade agreements.

(b) The value of the acquisition is a determining factor in the applicability of trade agreements. Most of these dollar thresholds are subject to revision by the U.S. Trade Representative approximately every 2 years. The various thresholds are

summarized as follows:

-3

25.403 FEDERAL ACQUISITION REGULATION

Trade agreement Supply contract (equal Service contract (equal Construction contract to or exceeding) to or exceeding) (equal to or exceeding)

WTO GPA \$174,000 \$174,000 \$6,683,000

FTAs:

Australia FTA 105,767 105,767 6,683,000

Bahrain FTA 174,000 174,000 13,749,689

CAFTA-DR (Costa 105,767 105,767 6,683,000

Rica, Dominican Republic,

El Salvador, Guatemala,

Honduras, and Nicaragua)

Chile FTA 105,767 105,767 6,683,000

Colombia FTA 105,767 105,767 6,683,000

Korea FTA 100,000 100,000 6,683,000

Morocco FTA 174,000 174,000 6,683,000

USMCA:

?Mexico 105,767 105,767 13,749,689

Oman FTA 174,000 174,000 13,749,689

Panama FTA 174,000 174,000 6,683,000

Peru FTA 174,000 174,000 6,683,000

Singapore FTA 105,767 105,767 6,683,000

Israeli Trade Act 50,000

25.403 World Trade Organization Government Procurement Agreement and Free Trade Agreements.

(a) Eligible products from WTO GPA and FTA countries are entitled to the nondiscriminatory treatment specified in **25.402(a)(1). The WTO GPA and FTAs specify procurement procedures designed to ensure fairness (see 25.408).**

(b) Thresholds.

(1) To determine whether the acquisition of products by lease, rental, or lease-purchase contract (including lease-to-

ownership, or lease-with-option-to purchase) is covered by the WTO GPA or an FTA, calculate the estimated acquisition

value as follows:

(i) If a fixed-term contract of 12 months or less is contemplated, use the total estimated value of the acquisition.

(ii) If a fixed-term contract of more than 12 months is contemplated, use the total estimated value of the acquisition

plus the estimated residual value of the leased equipment at the conclusion of the contemplated term of the contract.

(iii) If an indefinite-term contract is contemplated, use the estimated monthly payment multiplied by the total number of months that ordering would be possible under the proposed contract, i.e., the initial ordering period plus any optional ordering periods.

(iv) If there is any doubt as to the contemplated term of the contract, use the estimated monthly payment multiplied by 48.

(2) The estimated value includes the value of all options.

(3) If, in any 12-month period, recurring or multiple awards for the same type of product or products are anticipated,

use the total estimated value of these projected awards to determine whether the WTO GPA or an FTA applies. Do not divide

any acquisition with the intent of reducing the estimated value of the acquisition below the dollar threshold of the WTO GPA

or an FTA.

-4

25.408

(c) Purchase restriction. Under the Trade Agreements Act (19 U.S.C. 2512), in acquisitions covered by the WTO GPA,

acquire only U.S.-made or designated country end products or U.S. or designated country services, unless offers for such end

products or services are either not received or are insufficient to fulfill the requirements. This purchase restriction does not

apply below the WTO GPA threshold for supplies and services, even if the acquisition is covered by an FTA.

25.404 Least developed countries.

For acquisitions covered by the WTO GPA, least developed country end products, construction material, and services must

be treated as eligible products.

25.405 Caribbean Basin Trade Initiative.

Under the Caribbean Basin Trade Initiative, the United States Trade Representative has determined that, for acquisitions

covered by the WTO GPA, Caribbean Basin country end products, construction material, and services must be treated as

eligible products. In accordance with Section 201 (a)(3) of the Dominican Republic-Central America-United States

Free Trade Implementation Act (Pub. L. 109-53) (19 U.S.C. 4031), when the CAFTA-DR agreement enters into force

with respect to a country, that country is no longer designated as a beneficiary country for purposes of the Caribbean Basin

Economic Recovery Act, and is therefore no longer included in the definition of "Caribbean Basin country" for purposes of

the Caribbean Basin Trade Initiative.

25.406 Israeli Trade Act.

Acquisitions of supplies by most agencies are covered by the Israeli Trade Act, if the estimated value of the acquisition is \$50,000 or more but does not exceed the WTO GPA threshold for supplies (see 25.402(b)). Agencies other than the Department of Defense, the Department of Energy, the Department of Transportation, the Bureau of Reclamation of the Department of the Interior, the Federal Housing Finance Board, and the Office of Thrift Supervision must evaluate

offers of

Israeli end products without regard to the restrictions of the Buy American statute. The Israeli Trade Act does not prohibit

the purchase of other foreign end products. In accordance with Section 201 (a)(3) of the Dominican Republic-Central America-United States Free Trade Implementation Act (Pub. L. 109-53), when the CAFTA-DR agreement enters into force

with respect to a country, that country is no longer designated as a beneficiary country for purposes of the Caribbean Basin

Economic Recovery Act, and is therefore no longer included in the definition of "Caribbean Basin country" for purposes of

the Caribbean Basin Trade Initiative.

25.407 Agreement on Trade in Civil Aircraft.

Under the authority of Section 303 of the Trade Agreements Act, the U.S. Trade Representative has waived the Buy American statute for civil aircraft and related articles that meet the substantial transformation test of the Trade Agreements

Act, from countries that are parties to the Agreement on Trade in Civil Aircraft. Those countries are Albania, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Egypt, Estonia, Finland, France, Georgia, Germany,

Greece, Hungary, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, Macao China, Malta, Montenegro, the Netherlands,

Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Taiwan (Chinese Taipei), and the United Kingdom.

25.408 Procedures.

(a) If the WTO GPA or an FTA applies (see 25.401), the contracting officer must?

(1) Comply with the requirements of 5.201, Solicitation notice;

(2) Comply with the requirements of 5.301, General;

(3) Not include technical requirements in solicitations solely to preclude the acquisition of eligible products; and

(4) Specify in solicitations that offerors must submit offers in the English language and in U.S. dollars (see 52.214-34,

Submission of Offers in the English Language, and 52.214-35, Submission of Offers in U.S. Currency, or paragraph (c)(5) of

52.215-1, Instruction to Offerors-Competitive Acquisition).

(b) See subpart 25.5 for evaluation procedures.

-5

This page intentionally left blank.

-6

25.503

Subpart 25.5 -Evaluating Foreign Offers-Supply Contracts

25.501 General.

The contracting officer?

(a) Must apply the evaluation procedures of this subpart to each line item of an offer unless either the offer or the solicitation specifies evaluation on a group basis (see 25.503);

(b) May rely on the offeror's certification of end product origin when evaluating a foreign offer; and

(c) When trade agreements are involved, must not use the Buy American statute evaluation factors prescribed in

this

subpart to provide a preference for one foreign offer over another foreign offer.

25.502 Application.

(a) Unless otherwise specified in agency regulations, perform the following steps in the order presented:

(1) Eliminate all offers or offerors that are unacceptable for reasons other than price; e.g., nonresponsive, debarred or

suspended, or a prohibited source (see part 40).

(2) Rank the remaining offers by price.

(3) If the solicitation specifies award on the basis of factors in addition to cost or price, apply the evaluation factors

as specified in this section and use the evaluated cost or price in determining the offer that represents the best value to the

Government.

(b) For acquisitions covered by the WTO GPA (see subpart 25.4)?

(1) Consider only offers of U.S.-made or designated country end products, unless no offers of such end products were

received;

(2) If the agency gives the same consideration given eligible offers to offers of U.S.-made end products that are not

domestic end products, award on the low offer. Otherwise, evaluate in accordance with agency procedures; and

(3) If there were no offers of U.S.-made or designated country end products, make a nonavailability waiver determination and award on the low offer (see 25.403(c)).

(c) For acquisitions not covered by the WTO GPA, but subject to the Buy American statute (an FTA or the Israeli Trade

Act also may apply), the following applies:

(1) If the low offer is a domestic offer or an eligible offer under an FTA or the Israeli Trade Act, award on that offer.

(2) If the low offer is a noneligible offer and there were no domestic offers (see 25.103(b)(3)), award on the low offer.

The procedures at 25.106(b)(2) and 25.106(c)(2) do not apply.

(3) If the low offer is a noneligible offer and there is an eligible offer that is lower than the lowest domestic offer, award

on the low offer. The procedures at 25.106(b)(2) and 25.106(c)(2) do not apply.

(4) Otherwise, apply the appropriate evaluation factor provided in 25.106 to the low offer. The procedures at 25.106(b)

(2) and 25.106(c)(2) do not apply.

(i) If the evaluated price of the low offer remains less than the lowest domestic offer, award on the low offer.

(ii) If the price of the lowest domestic offer is less than the evaluated price of the low offer, award on the lowest domestic offer.

(d) Ties.

(1) If application of an evaluation factor results in a tie between a domestic offer and a foreign offer, award on the

domestic offer.

(2) If no evaluation preference was applied (i.e., offers afforded nondiscriminatory treatment under the Buy

American

statute), resolve ties between domestic and foreign offers by a witnessed drawing of lots by an impartial individual.

(3) Resolve ties between foreign offers from small business concerns (under the Buy American statute, a small business

offering a manufactured article that does not meet the definition of "domestic end product" is a foreign offer) or foreign offers

from a small business concern and a large business concern in accordance with 14.308(a).

25.503 Group offers.

(a) If the solicitation specifies that award will be made only on a group of line items or on all line items contained in the

solicitation, or an offer restricts award to a group of line items or to all line items contained in the offer, reject the offer?

(1) If any part of the award would consist of prohibited end products (see part 40); or

(2) If the acquisition is covered by the WTO GPA and any part of the offer consists of items restricted in accordance

with 25.403(c).

-1

25.503 FEDERAL ACQUISITION REGULATION

(b) If an offer restricts award to a group of line items or to all line items contained in the offer, determine for each line item

whether to apply an evaluation factor.

(1) First, evaluate offers that do not specify an award restriction on a line item basis in accordance with 25.502, determining a tentative award pattern by selecting for each line item the offer with the lowest evaluated price.

(2) Evaluate an offer that specifies an award restriction against the offered prices of the tentative award pattern,

applying the appropriate evaluation factor on a line item basis.

(3) Compute the total evaluated price for the tentative award pattern and the offer that specified an award restriction.

(4) Unless the total evaluated price of the offer that specified an award restriction is less than the total evaluated price of

the tentative award pattern, award based on the tentative award pattern.

(c) For acquisitions not covered by the WTO GPA, if the solicitation specifies that award will be made only on a group of

line items or all line items contained in the solicitation, determine the category of end products on the basis of each line item,

but determine whether to apply an evaluation factor on the basis of the group of items.

(1) If the proposed price of domestic end products exceeds 50 percent of the total proposed price of the group, evaluate

the entire group as a domestic offer. Evaluate all other groups as foreign offers.

(2) For foreign offers, if the proposed price of domestic end products and eligible products exceeds 50 percent of the

total proposed price of the group, evaluate the entire group as an eligible offer.

(3) Apply the evaluation factor to the entire group in accordance with 25.502.

(d) If no trade agreement applies to a solicitation and the solicitation specifies that award will be made only on a group of

line items or all line items contained in the solicitation, determine the category of end products (i.e., domestic or foreign) on

the basis of each line item, but determine whether to apply an evaluation factor on the basis of the group of items.

(1) If the proposed price of domestic end products exceeds 50 percent of the total proposed price of the group, evaluate

the entire group as a domestic offer. Evaluate all other groups as foreign offers.

(2) Apply the evaluation factor to the entire group in accordance with 25.502, except where 25.502(c)(4) applies and

the evaluated price of the low offer remains less than the lowest domestic offer. Where the evaluated price of the low offer

remains less than the lowest domestic offer, treat as a domestic offer any group where the proposed price of end products with

a domestic content of at least 55 percent exceeds 50 percent of the total proposed price of the group.

(3) Apply the evaluation factor to the entire group in accordance with 25.502(c)(4).

-2

25.601

Subpart 25.6 ?Solicitation Provisions and Contract Clauses

25.601 Acquisition of supplies.

The following provisions and clauses apply to the acquisition of supplies and the acquisition of services involving the furnishing of supplies.

(a) (1) (i) Insert the clause at 52.225-1, Buy American?Supplies, in solicitations and contracts with a value exceeding

the micro-purchase threshold but not exceeding \$50,000; and in solicitations and contracts with a value exceeding \$50,000, if

none of the clauses prescribed in paragraphs (b) and (c) of this section apply, except if?

(A) The solicitation is restricted to domestic end products in accordance with 6.103;

(B) The acquisition is for supplies for use within the United States and an exception to the Buy American statute

applies (e.g., public interest, or information technology that is a commercial product), other than individual nonavailability

waiver determinations (see 25.103(b)(2)); or

(C) The acquisition is for supplies for use outside the United States.

(ii) The contracting officer must use the clause with its Alternate I to reflect the domestic content threshold that will apply to the entire period of performance, when the senior procurement executive allows for application of an alternate

domestic content test for the contract in accordance with 25.101(d). For contracts that the contracting officer estimates will

be awarded in calendar year 2022 or 2023, the contracting officer must insert ?60? in paragraph (1)(ii)(A) of the definition

of ?domestic end product.? For contracts that the contracting officer estimates will be awarded in calendar year 2024, 2025,

2026, 2027, or 2028, the contracting officer must insert ?65?. For contracts that the contracting officer estimates will be awarded after calendar year 2028 the contracting officer must insert ?75?.

(2) Insert the provision at 52.225-2, Buy American Certificate, in solicitations containing the clause at 52.225-1.

(b) (1) (i) Insert the clause at 52.225-3, Buy American?Free Trade Agreements?Israeli Trade Act, in solicitations and contracts if?

(A) The acquisition is for supplies, or for services involving the furnishing of supplies, for use within the United States, and the acquisition value is \$50,000 or more, but is less than \$174,000;

(B) The acquisition is not for information technology that is a commercial product, using fiscal year 2004 or subsequent fiscal year funds; and

(C) No exception in 25.401 applies. For acquisitions of agencies not subject to the Israeli Trade Act (see 25.406), see agency regulations.

(ii) If the acquisition value is \$50,000 or more but is less than \$100,000, use the clause with its Alternate II.

(iii) If the acquisition value is \$100,000 or more but is less than \$105,767, use the clause with its Alternate III.

(iv) The contracting officer must use the clause with its Alternate IV to reflect the domestic content threshold that will apply to the entire period of performance, when the senior procurement executive allows for application of an alternate

domestic content test for the contract in accordance with 25.102(d). For contracts that the contracting officer estimates will

be awarded in calendar year 2022 or 2023, the contracting officer must insert ?60? in paragraph (1)(ii)(A) of the definition

of ?domestic end product.? For contracts that the contracting officer estimates will be awarded in calendar year 2024, 2025,

2026, 2027, or 2028, the contracting officer must insert ?65?. For contracts that the contracting officer estimates will be awarded after calendar year 2028 the contracting officer must insert ?75?.

(2) (i) Insert the provision at 52.225-4, Buy American?Free Trade Agreements?Israeli Trade Act Certificate, in solicitations containing the clause at 52.225-3.

(ii) If the acquisition value is \$50,000 or more but is less than \$100,000, use the provision with its Alternate II.

(iii) If the acquisition value is \$100,000 or more, but is less than \$105,767, use the provision with its Alternate III.

(c) (1) Insert the clause at 52.225-5, Trade Agreements, in solicitations and contracts valued at \$174,000 or more, if

the acquisition is covered by the WTO GPA (see subpart 25.4) and the agency has determined that the restrictions of the

Buy American statute are not applicable to U.S.-made end products. If the agency has not made such a determination, the

contracting officer must follow agency procedures.

(2) Insert the provision at 52.225-6, Trade Agreements Certificate, in solicitations containing the clause at 52.225-5.

(d) Insert the provision at 52.225-7, Waiver of Buy American Statute for Civil Aircraft and Related Articles, in solicitations for civil aircraft and related articles (see 25.407), if the acquisition value is less than \$174,000.

(e) Reserved.

(f) Insert the provision at 52.225-18, Place of Manufacture, in solicitations that are predominantly for the acquisition of

manufactured end products, (i.e., the estimated value of the manufactured end products exceeds the estimated value of other

items to be acquired as a result of the solicitation).

-1

25.602 FEDERAL ACQUISITION REGULATION

25.602 Acquisition of construction.

The following provisions and clauses apply to the acquisition of construction.

(a) Insert the clause at 52.225-9, Buy American?Construction Materials, in solicitations and contracts for construction

that is performed in the United States valued at less than \$6,683,000.

(1) List in paragraph (b)(2) of the clause all foreign construction material excepted from the requirements of the Buy

American statute.

(2) If the head of the agency determines that a higher percentage is appropriate, substitute the higher evaluation

percentage in paragraph (b)(3)(i) of the clause.

(3) The contracting officer must use the clause with its Alternate I to reflect the domestic content threshold that will

apply to the entire period of performance, when the senior procurement executive allows for application of an alternate domestic content test for the contract in accordance with 25.201(c). For contracts that the contracting officer estimates will

be awarded in calendar year 2022 or 2023, the contracting officer must insert ?60? in paragraph (1)(ii)(A) of the definition of

?domestic construction material.? For contracts that the contracting officer estimates will be awarded in calendar year 2024,

2025, 2026, 2027, or 2028, the contracting officer must insert ?65?. For contracts that the contracting officer estimates will be

awarded after calendar year 2028 the contracting officer must insert ?75?.

(b)

(1) Insert the provision at 52.225-10, Notice of Buy American Requirement?Construction Materials, in solicitations

containing the clause at 52.225-9.

(2) If insufficient time is available to process a determination regarding the inapplicability of the Buy American statute

before receipt of offers, use the provision with its Alternate I.

(c) Insert the clause at 52.225-11, Buy American?Construction Materials under Trade Agreements, in solicitations and

contracts for construction that is performed in the United States valued at \$6,683,000 or more.

(1) List in paragraph (b)(3) of the clause all foreign construction material excepted from the requirements of the Buy

American statute, other than designated country construction material.

(2) If the head of the agency determines that a higher percentage is appropriate, substitute the higher evaluation

percentage in paragraph (b)(4)(i) of the clause.

(3) For acquisitions valued at \$6,683,000 or more, but less than \$13,749,689, use the clause with its Alternate I. List in

paragraph (b)(3) of the clause all foreign construction material excepted from the requirements of the Buy American statute,

unless the excepted foreign construction material is from a designated country other than Bahrain, Mexico, and Oman.

(4) The contracting officer must use the clause with its Alternate II to reflect the domestic content threshold that will

apply to the entire period of performance, when the senior procurement executive allows for application of an alternate domestic content test for the contract in accordance with 25.201(c). For contracts that the contracting officer estimates will

be awarded in calendar year 2022 or 2023, the contracting officer must insert ?60? in paragraph (1)(ii)(A) of the definition of

?domestic construction material.? For contracts that the contracting officer estimates will be awarded in calendar year 2024,

2025, 2026, 2027, or 2028, the contracting officer must insert ?65?. For contracts that the contracting officer estimates will be

awarded after calendar year 2028 the contracting officer must insert ?75?.

(d)

(1) Insert the provision at 52.225-12, Notice of Buy American Requirement?Construction Materials under Trade Agreements, in solicitations containing the clause at 52.225-11.

(2) If insufficient time is available to process a determination regarding the inapplicability of the Buy American statute before receipt of offers, use the provision with its Alternate I.

(3) For acquisitions valued at \$6,683,000 or more, but less than \$13,749,689, use the provision with its Alternate II.

25.603 Other clause.

Insert the clause at 52.225-14, Inconsistency Between English Version and Translation of Contract, in solicitations and contracts if anticipating translation into another language.

-2

25.702

Subpart 25.7 ?Contracts Performed Outside the United States

25.701 Contractor personnel in a designated operational area or supporting a diplomatic or consular mission outside

the United States.

25.701-1 Scope.

(a) This section applies to contracts requiring contractor personnel to perform outside the United States?

(1) In a designated operational area during?

(i) Contingency operations;

(ii) Humanitarian or peacekeeping operations; or

(iii) Other military operations or military exercises, when designated by the combatant commander; or

(2) When supporting a diplomatic or consular mission?

(i) That has been designated by the Department of State as a danger pay post, see <https://aoprals.state.gov/>; or

(ii) That the contracting officer determines is a post at which application of the clause at FAR 52.225-19, Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission outside the United States, is appropriate.

(b) Any of the types of operations listed in paragraph (a)(1) of this section may include stability operations such as?

(1) Establishment or maintenance of a safe and secure environment; or

(2) Provision of emergency infrastructure reconstruction, humanitarian relief, or essential governmental services (until

feasible to transition to local government).

(c) This section does not apply to personal services contracts (see part 37), unless specified otherwise in agency procedures.

25.701-2 Government support.

(a) Generally, contractors are responsible for providing their own logistical and security support, including logistical and security support for their employees. The agency must provide logistical or security support only when the appropriate

agency official, in accordance with agency guidance, determines that?

(1) Such Government support is available and is needed to ensure continuation of essential contractor services; and

(2) The contractor cannot obtain adequate support from other sources at a reasonable cost.

(b) The contracting officer must specify in the contract, and in the solicitation if possible, the exact support to be provided,

and whether this support is provided on a reimbursable basis, citing the authority for the reimbursement.

25.701-3 Weapons.

The contracting officer must follow agency procedures and the weapons policy established by the combatant commander

or the chief of mission when authorizing contractor personnel to carry weapons (see paragraph (i) of the clause at 52.225-19,

Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission outside the United

States).

25.701-4 Contract clause.

Insert the clause at 52.225-19, Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission outside the United States, in solicitations and contracts, other than personal service contracts with individuals, that will require contractor personnel to perform outside the United States?

(a) In a designated operational area during?

(1) Contingency operations;

(2) Humanitarian or peacekeeping operations; or

(3) Other military operations or military exercises, when designated by the combatant commander; or

(b) When supporting a diplomatic or consular mission?

(1) That has been designated by the Department of State as a danger pay post, see <https://aoprals.state.gov/>; or

(2) That the contracting officer determines is a post at which application of the clause FAR 52.225-19, Contractor

Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission outside the United States, is

appropriate.

25.702 Contractors performing private security functions outside the United States.

25.702-1 FEDERAL ACQUISITION REGULATION

25.702-1 Scope.

This section prescribes policy for implementing section 862 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2008 (Pub. L. 110-181), as amended by section 853 of the NDAA for FY 2009 (Pub. L. 110-417), and sections 831

and 832 of the NDAA for FY 2011 (Pub. L. 111-383) (see 10 U.S.C. Subtitle A, Part V, Subpart G Note).

25.702-2 Definitions.

As used in this section?

Area of combat operations means an area of operations designated as such by the Secretary of Defense when enhanced

coordination of contractors performing private security functions working for Government agencies is required.

Other significant military operations means activities, other than combat operations, as part of a contingency operation outside the United States that are carried out by United States Armed Forces in an uncontrolled or unpredictable high-threat

environment where personnel performing security functions may be called upon to use deadly force (see 25.702-3(a)(2)).

Private security functions means activities engaged in by a contractor, as follows?

- (1) Guarding of personnel, facilities, designated sites, or property of a Federal agency, the contractor or subcontractor,

or a third party; or

- (2) Any other activity for which personnel are required to carry weapons in the performance of their duties in accordance with the terms of the contract.

25.702-3 Applicability.

- (a) This section applies to contracts that require performance outside the United States?

- (1) In an area of combat operations as designated by the Secretary of Defense; or

- (2) In an area of other significant military operations as designated by the Secretary of Defense, and only upon agreement of the Secretary of Defense and the Secretary of State.

- (b) For these designations contact the Department of Defense (DoD) at <https://www.acq.osd.mil/asda/dpc/contact-us.html>.

- (c) When the applicability requirements of this subsection are met, contractors and subcontractors must comply with

32 CFR part 159, whether the contract is for the performance of private security functions as a primary deliverable or the

provision of private security functions is ancillary to the stated deliverables.

- (d) The requirements of section 25.702 do not apply to?

- (1) Contracts entered into by elements of the intelligence community in support of intelligence activities; or

- (2) Temporary arrangements entered into on a non-DoD contract for the performance of private security functions by

individual indigenous personnel not affiliated with a local or expatriate security company. These temporary arrangements

must still comply with local law.

25.702-4 Policy.

- (a) General.

- (1) The policy, responsibilities, procedures, accountability, training, equipping, and conduct of personnel

performing

private security functions in designated areas are addressed at 32 CFR part 159, entitled "Private Security Contractors Operating in Contingency Operations." Contractor responsibilities include ensuring that employees are aware of, and comply with, relevant orders, directives, and instructions; keeping appropriate personnel records; accounting for weapons;

registering and identifying armored vehicles, helicopters, and other military vehicles; and reporting specified incidents in which personnel performing private security functions under a contract are involved.

(2) In addition, contractors are required to fully cooperate with any Government-authorized investigation into incidents

reported pursuant to paragraph (c)(3) of the clause at 52.225-26, Contractors Performing Private Security Functions Outside

the United States, by providing access to employees performing private security functions and relevant information in the

possession of the contractor regarding the incident concerned.

(b) Implementing guidance. In accordance with 32 CFR part 159?

(1) Geographic combatant commanders will provide the DoD contractors performing private security functions with

guidance and procedures for the operational environment in their area of responsibility; and

(2) In a designated area of combat operations, or areas of other significant military operations, as designated by the

Secretary of Defense and only upon agreement of the Secretary of Defense and the Secretary of State, the relevant Chief

of Mission will provide implementing instructions for non-DoD contractors performing private security functions and their personnel consistent with the standards set forth by the geographic combatant commander. In accordance with 32 CFR

159.4(c), the Chief of Mission has the option of instructing non-DoD contractors performing private security functions

-2

25.702-6

and their personnel to follow the guidance and procedures of the geographic combatant commander and/or a sub-unified

commander or joint force commander where specifically authorized by the combatant commander to do so and notice of that

authorization is provided to non-DoD agencies.

25.702-5 Remedies.

(a) In addition to other remedies available to the Government?

(1) The contracting officer may direct the contractor, at its own expense, to remove and replace any contractor or

subcontractor personnel performing private security functions who fail to comply with or violate applicable requirements. Such action may be taken at the Government's discretion without prejudice to its rights under any other contract provision,

e.g., termination for default;

(2) The contracting officer must include the contractor's failure to comply with the requirements of this section in

appropriate databases of past performance and consider any such failure in any responsibility determination or

evaluation of

past performance; and

(3) In the case of award-fee contracts, the contracting officer must consider a contractor's failure to comply with the

requirements of this subsection in the evaluation of the contractor's performance during the relevant evaluation period, and

may treat such failure as a basis for reducing or denying award fees for such period or for recovering all or part of award fees

previously paid for such period.

(b) If the performance failures are severe, prolonged, or repeated, the contracting officer must refer the matter to the

appropriate suspending and debarring official.

25.702-6 Contract clause.

(a) Use the clause at 52.225-26, Contractors Performing Private Security Functions Outside the United States, in solicitations and contracts for performance outside the United States in an area of?

(1) Combat operations, as designated by the Secretary of Defense; or

(2) Other significant military operations, as designated by the Secretary of Defense and only upon agreement of the

Secretary of Defense and the Secretary of State.

(b) The clause is not required to be used for?

(1) Contracts entered into by elements of the intelligence community in support of intelligence activities; or

(2) Temporary arrangements entered into by non-DoD contractors for the performance of private security functions by

individual indigenous personnel not affiliated with a local or expatriate security company.

-4

25.802

Subpart 25.8 ?Other International Agreements and Coordination

25.801 General.

Treaties and agreements between the United States and foreign governments affect the evaluation of offers from foreign

entities and the performance of contracts in foreign countries.

25.802 Procedures.

(a) When placing contracts with contractors located outside the United States, for performance outside the United States,

contracting officers must?

(1) Determine the existence and applicability of any international agreements and ensure compliance with these

agreements; and

(2) Conduct the necessary advance acquisition planning and coordination between the appropriate U.S. executive

agencies and foreign interests as required by these agreements.

(b) The Department of State publishes many international agreements in the ?United States Treaties and Other

International Agreements? series. Copies of this publication normally are available in overseas legal offices and U.S. diplomatic missions.

(c) Contracting officers must award all contracts with Taiwanese firms or organizations through the American Institute of

Taiwan (AIT). AIT is under contract to the Department of State.

-1

This page intentionally left blank.

-2

25.904

Subpart 25.9 ?Customs and Duties

25.900 Scope of subpart.

This subpart provides policies and procedures for exempting from import duties certain supplies purchased under Government contracts.

25.901 Policy.

United States laws impose duties on foreign supplies imported into the customs territory of the United States. Certain exemptions from these duties are available to Government agencies. Agencies must use these exemptions when the anticipated savings to appropriated funds will outweigh the administrative costs associated with processing required documentation.

25.902 Procedures.

For regulations governing importations and duties, see the Customs Regulations issued by the U.S. Customs Service, Department of the Treasury (19 CFR Chapter 1). Except as provided elsewhere in the Customs Regulations (see 19 CFR

10.100), all shipments of imported supplies purchased under Government contracts are subject to the usual Customs entry

and examination requirements. Unless the agency obtains an exemption (see 25.903), those shipments are also subject to duty.

25.903 Exempted supplies.

(a) Subchapters VIII and X of Chapter 98 of the Harmonized Tariff Schedule of the United States (19 U.S.C. 1202) list

supplies for which exemptions from duty may be obtained when imported into the customs territory of the United States under a Government contract. For certain of these supplies, the contracting agency must certify to the Commissioner of Customs that they are for the purpose stated in the Harmonized Tariff Schedule (see 19 CFR 10.102-104, 10.114, and 10.121

and 15 CFR part 301 for requirements and formats).

(b) Supplies (excluding equipment) for Government-operated vessels or aircraft may be withdrawn from any customs-

bonded warehouse, from continuous customs custody elsewhere than in a bonded warehouse, or from a foreign-trade zone,

free of duty and internal revenue tax as provided in 19 U.S.C. 1309 and 1317. The contracting activity must cite this authority

on the appropriate customs form when making purchases (see 19 CFR 10.59-10.65).

25.904 Contract clause.

Insert the clause at 52.225-8, Duty-Free Entry, in solicitations and contracts for supplies that may be imported into the

United States and for which duty-free entry may be obtained in accordance with 25.903(a), if the value of the acquisition?

(a) Exceeds the simplified acquisition threshold; or

(b) Does not exceed the simplified acquisition threshold, but the savings from waiving the duty is anticipated to be more

than the administrative cost of waiving the duty. When used for acquisitions that do not exceed the simplified acquisition

threshold, the contracting officer may modify paragraphs (c)(1) and (j)(2) of the clause to reduce the dollar figure.

-1

This page intentionally left blank.

-2

25.1002-2

Subpart 25.10 ?Additional Foreign Acquisition Regulations

25.1001 Waiver of right to examination of records.

(a) Policy. The clause at 52.215-2, Audit and Records?Negotiation, prescribed at 15.210(b)(1), and paragraph (b)(1)(iii)

of 12.205, implement 10 U.S.C. 3841 and 41 U.S.C. 4706.

(1) Insert the appropriate basic clause, whenever possible, in negotiated contracts with foreign contractors.

(2) The contracting officer may use 52.215-2 with its Alternate III after?

(i) Exhausting all reasonable efforts to include the basic clause;

(ii) Considering factors such as alternate sources of supply, additional cost, and time of delivery; and

(iii) The head of the agency has executed a determination and findings in accordance with paragraph (b) of this section, with the concurrence of the Comptroller General. However, concurrence of the Comptroller General is not required if

the contractor is a foreign government or agency thereof or is precluded by the laws of the country involved from making its

records available for examination.

(b) Determination and findings. The determination and findings must?

(1) Identify the contract and its purpose, and identify if the contract is with a foreign contractor or with a foreign government or an agency of a foreign government;

(2) Describe the efforts to include the basic clause;

(3) State the reasons for the contractor's refusal to include the basic clause;

(4) Describe the price and availability of the supplies or services from the United States and other sources; and

(5) Determine that it will best serve the interest of the United States to use the appropriate alternate clause in paragraph

(a)(2) of this section.

25.1002 Use of foreign currency.

25.1002-1 Policy.

(a) Unless an international agreement or the WTO GPA (see 25.408(a)(4)) requires a specific currency, contracting officers

must determine whether solicitations for contracts to be entered into and performed outside the United States will require

submission of offers in U.S. currency or a specified foreign currency. In unusual circumstances, the contracting officer may

permit submission of offers in other than a specified currency.

- (b) To ensure a fair evaluation of offers, solicitations generally should require all offers to be priced in the same currency.

However, if the solicitation permits submission of offers in other than a specified currency, the contracting officer must convert the offered prices to U.S. currency for evaluation purposes. The contracting officer must use the current market exchange rate from a commonly used source in effect as follows:

- (1) For acquisitions conducted using sealed bidding procedures, on the date of bid opening.
- (2) For acquisitions conducted using negotiation procedures?
 - (i) On the date specified for receipt of offers, if award is based on initial offers; otherwise
 - (ii) On the date specified for receipt of final proposal revisions.
- (c) If a contract is priced in foreign currency, the agency must ensure that adequate funds are available to cover currency

fluctuations to avoid a violation of the Anti-Deficiency Act (31 U.S.C. 1341, 1342, 1511-1519).

25.1002-2 Solicitation provision.

Insert the provision at 52.225-17, Evaluation of Foreign Currency Offers, in solicitations that permit the use of other than a specified currency. Insert in the provision the source of the rate to be used in the evaluation of offers.

SUBPART 26.1 - INDIAN INCENTIVE PROGRAM 26.103

Subpart 26.1 - Indian Incentive Program

26.101 Definitions.

As used in this subpart-

Indian means any person who is a member of any Indian tribe, band, group, pueblo, or community that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs (BIA) (see 25 U.S.C. 1452) and any

?Native? as defined in the Alaska Native Claims Settlement Act (see 43 U.S.C. 1602).

Indian organization means the governing body of any Indian tribe or entity established or recognized by the governing body of an Indian tribe for the purposes of 25 U.S.C., chapter 17.

Indian-owned economic enterprise means any Indian-owned (as determined by the Secretary of the Interior) commercial,

industrial, or business activity established or organized for the purpose of profit, provided that Indian ownership constitutes

not less than 51 percent of the enterprise.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups

(including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement

Act, that is recognized by the Federal Government as eligible for services from BIA. See 25 U.S.C. 1452.

Interested party means a prime contractor or an actual or prospective offeror whose direct economic interest would be affected by the award of a subcontract or by the failure to award a subcontract.

26.102 Presolicitation.

26.102-1 Policy.

Agencies may allow an incentive payment to prime contractors equal to 5 percent of the amount paid to a subcontractor that is an Indian organization or Indian-owned economic enterprise (see 25 U.S.C. 1544).

26.102-2 Contract clause.

Contracting officers in civilian agencies may insert the clause at 52.226-1, Utilization of Indian Organizations and Indian-

Owned Economic Enterprises, in solicitations and contracts if-

(a) In the opinion of the contracting officer, subcontracting possibilities exist for Indian organizations or Indian-owned

economic enterprises; and

(b) Funds are available for any increased costs as described in paragraph (b)(2) of the clause at 52.226-1.

26.103 Postaward.

(a) Contracting officers and prime contractors may rely on the representation of an Indian organization or Indian-owned economic enterprise as to its eligibility, unless an interested party challenges its status or the contracting officer has

independent reason to question that status.

(b) Contracting officers must refer challenges to the U.S. Department of the Interior, Bureau of Indian Affairs (BIA), Acquisition Management Director (<https://www.bia.gov/as-ia/ocfo/acquisitions>). The BIA will determine the eligibility and notify the contracting officer.

26.1-1

26.1-2

SUBPART 26.2 - MAJOR DISASTER AND EMERGENCY ASSISTANCE ACTIVITIES 26.202-3

Subpart 26.2 - Major Disaster and Emergency Assistance Activities

26.201 Definitions.

As used in this subpart?

Emergency response contract means a contract with private entities that provide assistance activities in a major disaster or

emergency area, such as debris clearance, distribution of supplies, or reconstruction.

Local firm means a private organization, firm, or individual residing or doing business primarily in a major disaster or emergency area.

Major disaster or emergency area means the area included in the official Presidential declaration(s) and any additional areas identified by the Department of Homeland Security. Major disaster declarations and emergency declarations are published in the Federal Register and are available at <https://www.fema.gov/disasters/disaster/declarations>.

26.202 Presolicitation.

26.202-1 Policy.

(a) Local area preference. Contracting officers must, when practicable, award emergency response contracts to local firms

(see 42 U.S.C. 5150). To support this policy, contracting officers may?

- (1) Set aside acquisitions to allow only local firms within a specific geographic area to compete (see part 6); or
- (2) Use an evaluation preference.

(b) Transition of work.

- (1) Agencies may award emergency response contracts before a major disaster or emergency occurs to ensure

immediate relief is available. Structure such contracts to support timely transition of work to local firms after a major disaster

or emergency area has been established.

- (2) Agencies must transition emergency response contracts to local firms after a major disaster or emergency is

declared, unless the head of the agency determines on an individual or class basis that is not practicable. However, agencies

are not required to terminate or renegotiate existing contracts to make the transition.

26.202-2 Procedures.

(a) Elevated thresholds. When contracting for emergency response activities, the elevated micro-purchase and simplified

acquisition thresholds in 2.101 apply.

(b) Non-local justification requirements. After the President declares a major disaster or emergency, agencies must justify

spending any Federal funds on emergency response contracts not awarded to a local firm. Agencies must document such

justification in writing, and contracting officers must keep it in the contract file.

(c) Area. A major disaster or emergency area may span counties in several neighboring States. When establishing a

geographic area for a local firm set-aside, the contracting officer must stay within the declared area(s), but is not required to

include all the counties within the declared areas(s).

(d) Disaster response registry. Contracting officers must consult the Disaster Response Registry via <https://www.sam.gov>

to determine contractor availability for emergency response activities inside the United States and outlying areas.

26.202-3 Solicitation provision and contract clauses.

(a) Insert the provision at 52.226-3, Disaster or Emergency Area Representation, and fill in the geographic area in paragraph (a), in solicitations involving local area set-asides.

(b) Insert the clause at 52.226-4, Notice of Disaster or Emergency Area Set-aside, and fill in the geographic area in paragraph (a), in solicitations and contracts involving local area set-asides.

(c) Insert the clause at 52.226-5, Restrictions on Subcontracting Outside Disaster or Emergency Area, in solicitations and contracts involving local area set-asides.

26.2-2

SUBPART 26.3 - HISTORICALLY BLACK COLLEGES AND UNIVERSITIES AND MINORITY INSTITUTIONS

26.301-2

Subpart 26.3 - Historically Black Colleges and Universities and Minority Institutions

26.301 Presolicitation.

26.301-1 General.

(a) As established in Executive Order 12928 of September 16, 1994, agencies should promote participation of Historically Black Colleges and Universities and Minority Institutions in Federal procurement.

(b) This subpart does not apply to contracts performed entirely outside the United States and its outlying areas.

26.301-2 Solicitation provision.

Insert the provision at 52.226-2, Historically Black College or University and Minority Institution Representation, in solicitations that exceed the micro-purchase threshold, and that are for research, studies, supplies, or services of the type normally acquired from higher educational institutions.

26.3-1

This page intentionally left blank.

26.3-2

SUBPART 26.4 - FOOD DONATIONS TO NONPROFIT ORGANIZATIONS 26.402-2

Subpart 26.4 - Food Donations to Nonprofit Organizations

26.401 Definitions.

As used in this subpart-

Apparently wholesome food means food that meets all quality and labeling standards imposed by Federal, State, and local

laws and regulations even though the food may not be readily marketable due to appearance, age, freshness, grade, size,

surplus, or other conditions.

Excess food means food that-

- (1) Is not required to meet the needs of the agencies; and
- (2) Would otherwise be discarded.

Food-insecure means inconsistent access to sufficient, safe, and nutritious food.

Nonprofit organization means any organization that is-

- (1) Described in section 501(c) of the Internal Revenue Code of 1986; and
- (2) Exempt from tax under section 501(a) of that Code.

26.402 Presolicitation.

26.402-1 Policy.

- (a) The Government encourages agencies and their contractors to donate excess, apparently wholesome food to nonprofit

organizations helping food-insecure people in the United States (see 42 U.S.C. 1792).

- (b) The following limitations apply?

- (1) Costs. Agencies may not assume responsibility for the costs and logistics of collecting, transporting, maintaining the

safety of, or distributing excess food donations.

- (2) Liability. An agency (including an agency that enters into a contract with a contractor) and any contractor making

food donations following this policy is exempt from civil and criminal liability to the extent provided under 42 U.S.C. 1791.

26.402-2 Contract clause.

Insert the clause at 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations, in solicitations and contracts

greater than \$35,000 for providing, serving, or selling food in the United States.

26.4-1

This page intentionally left blank.

26.4-2

SUBPART 26.5 - DRUG-FREE WORKPLACE 26.505-1

Subpart 26.5 - Drug-Free Workplace

26.501 Applicability.

This subpart applies to contracts, except those-

- (a) At or below the simplified acquisition threshold; however, the requirements of this subpart apply to all contracts of any

value awarded to an individual;

- (b) For commercial products and commercial services (see part 12);

- (c) Performed outside the United States and its outlying areas or any part of a contract performed outside the United States

and its outlying areas;

- (d) Awarded by law enforcement agencies, if the head of the law enforcement agency involved determines that applying

this subpart would be inappropriate in connection with the law enforcement agency's undercover operations; or

- (e) Where application would be inconsistent with the international obligations of the United States or with the laws and

regulations of a foreign country.

26.502 Definitions.

As used in this subpart-

Controlled substance means a controlled substance in schedules I through V of section 202 of the Controlled Substances

Act (21 U.S.C. 812), and as further defined in regulation at 21 CFR 1308.11-1308.15.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing,

possession, or use of any controlled substance.

Employee means an employee of a contractor directly engaged in performing work under a Government contract.

"Directly engaged" includes all direct cost employees and any other contractor employee who has other than a minimal impact or involvement in contract performance.

Individual means an offeror or contractor that has no more than one employee including the offeror or contractor.

26.503 Presolicitation.

26.503-1 Contract clause.

Insert the clause at 52.226-7, Drug-Free Workplace, in solicitations and contracts except as provided in 26.501.

26.504 Evaluation and award.

26.504-1 Policy.

(a) Contracting officers may not consider an offeror, other than an individual, a responsible source unless it agrees to

provide a drug-free workplace according to the clause at 52.226-7.

(b) Contracting officers may not award a contract of any dollar value to an individual unless that individual agrees to not

engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance while performing

the contract.

26.505 Postaward.

26.505-1 Suspension of payments, contract termination, and debarment and suspension actions.

(a) Contracting officers may suspend contract payments when they determine in writing that there is adequate evidence of

any of the causes at paragraph (d) of this section.

(b) Contracting officers may terminate contracts for default when they determine in writing any of the causes at paragraph

(d) of this section exist.

(c) When a contracting officer initiates action under paragraph (a) or (b) of this section, they must refer the case to the

agency suspending and debarring official (see part 9).

(d) The specific causes for suspension of contract payments, termination of a contract for default, or suspension and

debarment are?

(1) The contractor has failed to comply with the requirements of the clause at 52.226-7, Drug-Free Workplace; or

26.5-1

26.505-1 FEDERAL ACQUISITION REGULATION

(2) The number of contractor employees convicted of violations of criminal drug statutes occurring in the workplace

indicates that the contractor has failed to make a good faith effort to provide a drug-free workplace.

(e) An agency head may waive a suspension of payments, termination of contract, or suspension or debarment of a contractor under this section, if considered necessary to prevent a severe disruption of the agency operation to the detriment

of the Government or the general public. The agency head cannot delegate the waiver authority.

26.5-2

SUBPART 26.6 - TEXTING WHILE DRIVING 26.601-2

Subpart 26.6 - Texting While Driving

26.601 Presolicitation.

26.601-1 Policy.

Agencies must encourage contractors and subcontractors to adopt and enforce policies that ban text messaging while driving-

(a) Company-owned or rented vehicles or Government-owned vehicles; or

(b) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the

Government.

26.601-2 Contract clause.

Insert the clause at 52.226-8, Encouraging Contractor Policies to Ban Text Messaging While Driving, in all solicitations and contracts.

26.6-1

This page intentionally left blank.

26.6-2

SUBPART 27.1 - GENERAL 27.102

27.000 Scope of part.

This part provides policies, procedures, solicitation provisions, and contract clauses pertaining to patents, data, and copyrights.

27.001 Definition.

United States, as used in this part, means the 50 States and the District of Columbia, U.S. territories and possessions, Puerto Rico, and the Northern Mariana Islands.

Subpart 27.1 - General

27.101 Applicability.

This part applies to all agencies. However, agencies may adopt alternative policies, procedures, solicitation provisions, and

contract clauses to the extent necessary to meet the specific requirements of laws, executive orders, treaties, or international agreements.

27.102 [Reserved]

27.1-1

This page intentionally left blank.

27.1-2

SUBPART 27.2 - PATENTS AND COPYRIGHTS 27.201-2

Subpart 27.2 - Patents and Copyrights

27.200 Scope of subpart.

This subpart provides policies and procedures regarding?

- (a) Patent and copyright infringement liability;
- (b) Royalties; and
- (c) Security requirements for patent applications containing classified subject matter;

27.201 Patent and copyright infringement liability.

27.201-1 General.

(a) Pursuant to 28 U.S.C. 1498, the exclusive remedy for patent or copyright infringement by or on behalf of the Government is a suit for monetary damages against the Government in the Court of Federal Claims. No injunctive relief is

available, and no direct cause of action lies against a contractor that is infringing a patent or copyright with the authorization

or consent of the Government (e.g., while performing a contract).

- (b) The Government may expressly authorize and consent to a contractor's use or manufacture of inventions covered by

U.S. patents by inserting the clause at 52.227-1, Authorization and Consent.

(c) Because of the exclusive remedies granted in 28 U.S.C. 1498, the Government requires notice and assistance from

its contractors regarding any claims for patent or copyright infringement by inserting the clause at 52.227-2, Notice and Assistance, Regarding Patent and Copyright Infringement.

(d) The Government may require a contractor to reimburse it for liability for patent infringement arising out of a contract

for commercial products or commercial services by inserting the clause at 52.227-3, Patent Indemnity.

27.201-2 Contract clauses.

(a) (1) Insert the clause at 52.227-1, Authorization and Consent, in solicitations and contracts except that use of the clause

is?

(i) Optional when using simplified acquisition procedures; and

(ii) Prohibited when both complete performance and delivery are outside the United States.

(2) Use the clause with its Alternate I in all R&D solicitations and contracts for which the primary purpose is R&D

work, except do not use this alternate in construction and architect-engineer contracts unless the contract calls exclusively for

R&D work.

(3) Use the clause with its Alternate II in solicitations and contracts for communication services with a common carrier

where the services are unregulated and not priced by a tariff schedule set by a regulatory body.

(b) Insert the clause at 52.227-2, Notice and Assistance Regarding Patent and Copyright Infringement, in all solicitations

and contracts that include the clause at 52.227-1, Authorization and Consent.

(c) (1) Insert the clause at 52.227-3, Patent Indemnity, in solicitations and contracts that may result in the delivery of

commercial products or the provision of commercial services, unless?

(i) Part 12 procedures are used;

(ii) The simplified acquisition procedures of Part 13 are used;

(iii) Both complete performance and delivery are outside the United States; or

(iv) The contracting officer determines after consultation with legal counsel that omission of the clause would be consistent with commercial practice.

(2) Use the clause with either its Alternate I (identification of excluded items) or II (identification of included items) if

?

(i) The contract also requires delivery of items that are not commercial products or the provision of services that are not commercial services; or

(ii) The contracting officer determines after consultation with legal counsel that limitation of applicability of the clause would be consistent with commercial practice.

(3) Use the clause with its Alternate III if the solicitation or contract is for communication services and facilities by a

common carrier, and the services are unregulated and are not priced by a tariff schedule set by a regulatory body.

(d) (1) Insert the clause at 52.227-4, Patent Indemnity?Construction Contracts, in solicitations and contracts for construction or that are fixed-price for dismantling, demolition, or removal of improvements. Do not insert the clause in

contracts solely for architect-engineer services.

27.2-1

27.202 FEDERAL ACQUISITION REGULATION

(2) If the contracting officer determines that the construction will necessarily involve the use of structures, products, materials, equipment, processes, or methods that are nonstandard, noncommercial, or special, the contracting officer may expressly exclude them from the patent indemnification by using the clause with its Alternate I. Note that this exclusion is for items, as distinguished from identified patents (see paragraph (e) of this subsection).

(e) When in the Government's interest, the agency head may exempt specific U.S. patents, as distinguished from items, from the patent indemnity clause. Upon written approval of the agency head, the contracting officer may insert the clause at

52.227-5, Waiver of Indemnity, in solicitations and contracts in addition to the appropriate patent indemnity clause.

(f) When in the Government's interest, the contracting officer may include a patent indemnity clause not otherwise prescribed in the solicitation and contract.

(g) Do not include in any solicitation or contract any clause whereby the Government agrees to indemnify a contractor for patent infringement.

27.202 Royalties.

27.202-1 [Reserved]

27.202-2 [Reserved]

27.202-3 [Reserved]

27.202-4 [Reserved]

27.202-5 Solicitation provisions and contract clause.

(a) (1) Insert a solicitation provision substantially the same as the provision at 52.227-6, Royalty Information, in?

(i) Any solicitation that may result in a negotiated contract for which royalty information is desired and for which certified cost or pricing data are obtained under 15.403; or

(ii) Sealed bid solicitations only if the need for such information is approved at a level above the contracting officer as being necessary for proper protection of the Government's interests.

(2) If the solicitation is for communication services and facilities by a common carrier, use the provision with its Alternate I.

(b) If the clause at 52.227-6 is not included in the solicitation, the contracting officer may require offerors to provide information sufficient to provide this notice to the other offerors.

(c) Insert the clause at 52.227-9, Refund of Royalties, in negotiated fixed-price solicitations and contracts when royalties

may be paid under the contract. For fixed-price incentive contracts, change "price" to "target cost and target profit" wherever

it appears in the clause. The clause may be used in cost-reimbursement contracts where agency approval of royalties is

necessary to protect the Government's interests.

27.203 Security requirements for patent applications containing classified subject matter.

27.203-1 General.

(a) Unauthorized disclosure of classified subject matter, whether in patent applications or resulting from the issuance of a patent, may violate 18 U.S.C. 792, et seq. (Chapter 37—Espionage and Censorship), and related statutes, and may be contrary

to national security interests.

(b) Upon receipt of a patent application under paragraph (a) or (b) of the clause at 52.227-10, Filing of Patent Applications

Classified Subject Matter, ascertain the proper security classification of the patent application. If the application contains

classified subject matter, inform the contractor how to transmit the application to the United States Patent Office in accordance with procedures provided by legal counsel. If the material is classified Secret or higher, notify the contractor

within 30 days, if possible, of the Government's determination, pursuant to paragraph (a) of the clause.

(c) Upon receipt of information furnished by the contractor under paragraph (d) of the clause at 52.227-10, promptly submit that information to legal counsel regarding the security of the application.

(d) Act promptly on requests for approval of foreign filing under paragraph (c) of the clause at 52.227-10 to avoid jeopardizing patent rights of the Government or the contractor.

27.2-2**SUBPART 27.2 - PATENTS AND COPYRIGHTS 27.204****27.203-2 Contract clause.**

Insert the clause at 52.227-10, Filing of Patent Applications—Classified Subject Matter, in all classified solicitations and contracts and in all solicitations and contracts where the nature of the work reasonably might result in a patent application

containing classified subject matter.

27.204 [Reserved]**27.2-3**

This page intentionally left blank.

27.2-4**SUBPART 27.3 - PATENT RIGHTS UNDER GOVERNMENT CONTRACTS 27.303****Subpart 27.3 - Patent Rights under Government Contracts****27.300 Scope of subpart.**

This subpart provides procedures, solicitation provisions, and contract clauses pertaining to inventions made in the performance of work under a Government contract or subcontract for experimental, developmental, or research work.

27.301 Definitions.

As used in this subpart?

Invention means any invention or discovery that is or may be patentable or otherwise protectable under title 35 of the U.S.

Code, or any variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, et seq.).

Made means?

(1) When used in relation to any invention other than a plant variety, means the conception or first actual reduction to

practice of the invention; or

(2) When used in relation to a plant variety, means that the contractor has at least tentatively determined that the variety

has been reproduced with recognized characteristics.

Nonprofit organization means a university or other institution of higher education or an organization of the type described

in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c)) and exempt from taxation under section 501(a)

of the Internal Revenue Code (26 U.S.C. 501(a)), or any nonprofit scientific or educational organization qualified under a

State nonprofit organization statute.

Practical application means to manufacture, in the case of a composition or product; to practice, in the case of a process

or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the

invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the

public on reasonable terms.

Subject invention means any invention of the contractor made in the performance of work under a Government contract.

27.302 [Reserved]

27.303 Contract clauses.

(a) (1) Insert a patent rights clause in all solicitations and contracts for experimental, developmental, or research work as prescribed in this section.

(2) This section also applies to solicitations or contracts for construction work or architect-engineer services that include-

(i) Experimental, developmental, or research work;

(ii) Test and evaluation studies; or

(iii) The design of a Government facility that may involve novel structures, machines, products, materials, processes,

or equipment (including construction equipment).

(3) Do not include a patent rights clause in solicitations or contracts for construction work or architect-engineer services

that call for or can be expected to involve only "standard types of construction" "Standard types of construction" are those

involving previously developed equipment, methods, and processes and in which the distinctive features include only-

(i) Variations in size, shape, or capacity of conventional structures; or

(ii) Purely artistic or aesthetic (as distinguished from functionally significant) architectural configurations and designs of both structural and nonstructural members or groupings, whether or not they qualify for design patent protection.

(b) (1) Unless an alternative patent rights clause is used in accordance with paragraph (c), (d), or (e) of this section, insert

the clause at 52.227-11, Patent Rights-Ownership by the Contractor.

(2) To the extent the contract does not elsewhere require the information, and unless agency supplemental regulations

specify otherwise, the contracting officer may modify 52.227-11(e) or otherwise supplement the clause to require the contractor to do one or more of the following:

- (i) Provide periodic (but not more frequently than annually) listings of all subject inventions required to be disclosed during the period covered by the report.
- (ii) Provide a report prior to the closeout of the contract listing all subject inventions or stating that there were none.
- (iii) Provide the filing date, serial number, title, patent number and issue date for any patent application filed on any subject invention in any country or, upon request, copies of any patent application so identified.

27.3-1

27.303 FEDERAL ACQUISITION REGULATION

(iv) Furnish the Government an irrevocable power to inspect and make copies of the patent application file when a Government employee is a co-inventor.

(3) Use the clause with its Alternate I if the Government must grant a foreign government a sublicense in subject

inventions pursuant to a specified treaty or executive agreement. The contracting officer may modify Alternate I, if the agency head determines, at contract award, that it would be in the national interest to sublicense foreign governments or

international organizations pursuant to any existing or future treaty or agreement. When necessary to effectuate a treaty or

agreement, Alternate I may be appropriately modified.

(4) Use the clause with its Alternate II in contracts that may be affected by existing or future treaties or agreements.

(5) Use the clause with its Alternate III in contracts with nonprofit organizations for the operation of a Government-

owned facility.

(6) If the contract is for the operation of a Government-owned facility, the contracting officer may use the clause with

its Alternate IV.

(7) If the contract is for the performance of services at a Government owned and operated laboratory or at a Government owned and contractor operated laboratory directed by the Government to fulfill the Government's obligations

under a Cooperative Research and Development Agreement (CRADA) authorized by 15 U.S.C. 3710a, the contracting officer

may use the clause with its Alternate V. This provision is an exercise of an agency's "exceptional circumstances" authority,

and the contracting officer must therefore comply with 37 CFR 401.3(e) and 401.4.

(c) Insert a patent rights clause in accordance with the procedures at 27.304-2 if the solicitation or contract is made on

behalf of another Government agency.

(d) Insert a patent rights clause in accordance with agency procedures if the solicitation or contract is for DoD, DOE, or

NASA, and the contractor is other than a small business concern or nonprofit organization.

(e) (1) Except as provided in paragraph (e)(2) of this section, and after compliance with the applicable procedures

in

27.304-1(b), the contracting officer may insert the clause at 52.227-13, Patent Rights?Ownership by the Government, or a

clause prescribed by agency supplemental regulations, if?

(i) The contractor is not located in the United States or does not have a place of business located in the United States

or is subject to the control of a foreign government;

(ii) Exceptional circumstances apply, and the agency head determines that restriction or elimination of the right to retain title to any subject invention will better promote the policy and objectives of chapter 18 of title 35 of the United States

Code;

(iii) A Government authority authorized by statute or executive order to conduct foreign intelligence or counterintelligence activities determines that restriction or elimination of the right to retain any subject invention is necessary

to protect the security of such activities; or

(iv) The contract includes the operation of a Government-owned, contractor-operated facility of DOE primarily dedicated to that Department?s naval nuclear propulsion or weapons related programs.

(2) If an agency exercises the exceptions at paragraph (e)(1)(ii) or (iii) of this section in a contract with a small business

concern or a nonprofit organization, use the clause at 52.227-11 with only those modifications necessary to address the exceptional circumstances and include in the modified clause greater rights determinations procedures equivalent to those at

52.227-13(b)(2).

(3) When using the clause at 52.227-13, Patent Rights-Ownership by the Government, the contracting officer may

supplement the clause to require the contractor to-

(i) Furnish a copy of each subcontract containing a patent rights clause (but if a copy of a subcontract is furnished under another clause, a duplicate shall not be requested under the patent rights clause);

(ii) Submit interim and final invention reports listing subject inventions and notifying the contracting officer of all subcontracts awarded for experimental, developmental, or research work;

(iii) Provide the filing date, serial number, title, patent number, and issue date for any patent application filed on any subject invention in any country or, upon specific request, copies of any patent application so identified; and

(iv) Submit periodic reports on the utilization of a subject invention.

(4) Use the clause at 52.227-13 with its Alternate I if-

(i) The Government must grant a foreign government a sublicense in subject inventions pursuant to a treaty or executive agreement; or

(ii) At contract award, the agency head determines, in the national interest, to sublicense foreign governments or international organizations pursuant to any existing or future treaty or agreement. If other rights are necessary to effectuate

any treaty or agreement, modify Alternate I as appropriate.

27.3-2

SUBPART 27.3 - PATENT RIGHTS UNDER GOVERNMENT CONTRACTS 27.304-2

(5) Use the clause at 52.227-13 with its Alternate II in the contract when necessary to effectuate an existing or future

treaty or agreement.

27.304 Procedures.

27.304-1 General.

(a) [Reserved]

(b) Exceptions. (1) Before using any of the exceptions under 27.303(e)(1) in a contract with a small business concern

or a nonprofit organization and before using the exception of 27.303(e)(1)(ii) for any contractor, the agency must follow applicable procedures at 37 CFR 401.

(2) A small business concern or nonprofit organization is entitled to an administrative review of the use of the exceptions at 27.303(e)(1)(i) through (e)(1)(iv) in accordance with agency procedures and 37 CFR part 401.

(c) Greater rights determinations. Whenever the contract contains the clause at 52.227-13, Patent Rights?Ownership

by the Government, or a patent rights clause modified pursuant to 27.303(e)(2), the contractor (or an employee-inventor of

the contractor after consultation with the contractor) may request greater rights to an identified invention within the period

specified in the clause. The contracting officer may grant requests for greater rights if the contracting officer determines that

the interests of the United States and the general public will be better served. In making these determinations, the contracting

officer must consider at least the following objectives (see 37 CFR 401.3(b)):

(1) Promoting the utilization of inventions arising from federally supported research and development.

(2) Ensuring that inventions are used in a manner to promote full and open competition and free enterprise without

unduly encumbering future research and discovery.

(3) Promoting public availability of inventions made in the United States by United States industry and labor.

(4) Ensuring that the Government obtains sufficient rights in federally supported inventions to meet the needs of the

Government and protect the public against nonuse or unreasonable use of inventions.

(d) Retention of rights by inventor. If the contractor elects not to retain title to a subject invention, the agency may consider

and, after consultation with the contractor, grant requests for retention of rights by the inventor. Retention of rights by the

inventor will be subject to the conditions in paragraphs (d) (except paragraph (d)(1)(i)), (e)(4), (f), (g), and (h) of the clause

at , Patent Rights-Ownership by the Contractor.

(e) Government assignment to contractor of rights in Government employees? inventions. When a Government employee

is a co-inventor of an invention made under a contract with a small business concern or nonprofit organization, the agency

employing the co-inventor may license or assign whatever rights it may acquire in the subject invention from its employee to

the contractor, subject at least to the conditions of 35 U.S.C. 202-204.

(f) Revocation or modification of contractor?s minimum rights. Before revoking or modifying the contractor's license,

the contracting officer must furnish the contractor a written notice of intention to revoke or modify the license. The agency must allow the contractor at least 30 days (or another time as may be authorized for good cause by the contracting officer) after the notice to show cause why the license should not be revoked or modified. The contractor has the right to appeal, in accordance with applicable regulations in 37 CFR part 404 and agency licensing regulations, any decisions concerning the revocation or modification.

(g) Exercise of march-in rights. When exercising march-in rights, agencies shall follow the procedures set forth in 37 CFR

401.6.

(h) Licenses and assignments under contracts with nonprofit organizations. If the contractor is a nonprofit organization, paragraph (i) of the clause at 52.227-11 provides that certain contractor actions require agency approval.

27.304-2 Contracts placed by or for other Government agencies.

Apply the following procedures unless an interagency agreement provides otherwise:

(a) When a Government agency requests another Government agency award a contract on its behalf, the request should explain any special circumstances surrounding the contract and specify the patent rights clause. The clause should be selected and modified, if necessary, in accordance with the policies and procedures of this subpart. If, however, the request states that a clause of the requesting agency is required (e.g., because of statutory requirements, a deviation, or exceptional circumstances), then use that clause rather than those of this subpart.

(1) If the request states that an agency clause is required and the work to be performed under the contract is not severable and is funded wholly or in part by the requesting agency, then use the requesting agency clause and no other patent rights clause in the contract.

27.3-3

27.304-3 FEDERAL ACQUISITION REGULATION

(2) If the request states that an agency clause is required, and the work to be performed under the contract is severable, then apply the requesting agency clause only to the severable portion of the work. Apply the appropriate patent rights clause to the work for the awarding agency.

(3) If the request states that a requesting agency clause is not required in any resulting contract, then use the appropriate patent rights clause, if any.

(b) Any action requiring an agency determination, report, or deviation involved in the use of the requesting agency's clause is the responsibility of the requesting agency unless the agencies agree otherwise. However, do not alter the requesting

agency's clause without prior approval of the requesting agency.

- (c) The requesting agency may require, and provide instructions regarding, the forwarding or handling of any invention

disclosures or other reporting requirements of the specified clauses. Normally, the requesting agency is responsible for the

administration of any subject inventions. Establish this responsibility before awarding any contracts.

27.304-3 Subcontracts.

- (a) The policies and procedures in this subpart apply to all subcontracts at any tier.

- (b) Whenever a prime contractor or a subcontractor considers including a particular clause in a subcontract inappropriate,

or a subcontractor refuses to accept the clause, consult with counsel before resolving the matter.

- (c) Government policy holds that contractors must not use their ability to award subcontracts as economic leverage to

acquire rights for themselves in inventions resulting from subcontracts.

27.304-4 Appeals.

- (a) The designated agency official must provide the contractor with a written statement of the basis, including any relevant

facts, for taking any of the following actions:

- (1) A refusal to grant an extension to the invention disclosure period under paragraph (c)(4) of the clause at 52.227-11;

- (2) A demand for a conveyance of title to the Government;

- (3) A refusal to grant a waiver of requirements in the patent rights clause related to Preferences for United States

industry; or

- (4) A refusal to approve an assignment under 27.304-1(h).

- (b) Each agency may establish and publish procedures under which any of these actions may be appealed. These appeal

procedures should include administrative due process procedures and standards for fact-finding. The resolution of any appeal

must consider both the factual and legal basis for the action and its consistency with the policy and objectives of 35 U.S.C.

200-206 and 2 10.

- (c) To the extent that any of the actions described in paragraph (a) of this section are subject to appeal under the Contract

Disputes statute, the procedures under that statute will satisfy the requirements of paragraph (b).

27.305 [Reserved]

27.306 Licensing background patent rights to third parties.

(a) A contract with a small business concern or nonprofit organization must not contain a provision allowing the Government to require the licensing to third parties of inventions owned by the contractor that are not subject inventions unless the agency head on a nondelegable basis approves and signs a written justification in accordance with paragraph (b) of

this section. The agency head may exercise the authority only upon determining that the?

- (1) Use of the invention by others is necessary for the practice of a subject invention or for the use of a work object of

the contract; and

(2) Action is necessary to achieve the practical application of the subject invention or work object.

(b) Any determination will be on the record after an opportunity for a hearing, and the agency must notify the contractor of

the determination by certified or registered mail. The notification must include a statement that the contractor must bring any

action for judicial review of the determination within 60 days after the notification.

27.3-4

SUBPART 27.4 - RIGHTS IN DATA AND COPYRIGHTS 27.404-1

Subpart 27.4 - Rights in Data and Copyrights

27.400 Scope of subpart.

This subpart provides policies and procedures regarding rights in data and copyrights, and acquisition of data. This subpart

applies to all executive agencies except the Department of Defense.

27.401 Definitions.

As used in this subpart-

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as

financial, administrative, cost or pricing, or management information.

Form, fit, and function data means data relating to items, components, or processes that are sufficient to enable physical

and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics,

functional characteristics, and performance requirements. For computer software it means data identifying source, functional

characteristics, and performance requirements, but specifically excludes the source code, algorithms, processes, formulas, and

flow charts of the software.

Limited rights means the rights of the Government in limited rights data as set forth in a Limited Rights Notice.

Limited rights data means data, other than computer software, that embody trade secrets or are commercial or financial and confidential or privileged, to the extent that such data pertain to items, components, or processes developed at private

expense, including minor modifications. (Agencies may, however, adopt the following alternate definition: Limited rights data means data (other than computer software) developed at private expense that embody trade secrets or are commercial or

financial and confidential or privileged (see 27.404-2(b)).

Restricted computer software means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of

the computer software.

Restricted rights means the rights of the Government in restricted computer software as set forth in a Restricted Rights Notice.

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute

copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

27.402 [Reserved]

27.403 Data rights-General.

All contracts requiring data to be produced, furnished, acquired, or used in meeting contract performance requirements, must contain terms that delineate the respective rights and obligations of the Government and the contractor regarding the use, reproduction, and disclosure of that data. Data rights clauses, as applicable, do not specify the type, quantity or quality of data to be delivered but only the respective rights of the Government and the contractor regarding the use, disclosure, or reproduction of the data. Accordingly, the contract must specify the data to be delivered.

27.404 Basic rights in data clause.

This section describes the operation of the clause at 52.227-14, Rights in Data-General, and the use of the provision at **52.227-15, Representation of Limited Rights Data and Restricted Computer Software.**

27.404-1 Unlimited rights data.

The Government acquires unlimited rights in the following data except for copyrighted works as provided in 27.404-3:

- (a) Data first produced in the performance of a contract (except to the extent the data constitute minor modifications to data that are limited rights data or restricted computer software).
- (b) Form, fit, and function data delivered under contract.
- (c) Data (except as may be included with restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under a contract.
- (d) All other data delivered under the contract other than limited rights data or restricted computer software (see 27.404-2).

27.4-1

27.404-2 FEDERAL ACQUISITION REGULATION

27.404-2 Limited rights data and restricted computer software.

- (a) General. The basic clause at 52.227-14, Rights in Data-General, enables the contractor to protect qualifying limited rights data and restricted computer software by withholding the data from the Government and instead delivering form, fit, and function data.
- (b) Alternate definition of limited rights data. For contracts not requiring the development, use, or delivery of items, components, or processes intended to be acquired by or for the Government, an agency may adopt the alternate definition of limited rights data set forth in Alternate I to the clause at 52.227-14. The alternate definition does not require that the data pertain to items, components, or processes developed at private expense. The alternate definition instead requires that the data were developed at private expense and embody a trade secret or are commercial or financial and confidential or

privileged.

(c) Protection of limited rights data specified for delivery. (1) The clause at 52.227-14 with its Alternate II enables the

Government to require delivery of limited rights data rather than allow the contractor to withhold the data. To obtain delivery,

the contract may identify and specify data to be delivered, or the contracting officer may require, by written request during

contract performance, the delivery of data that has been withheld or identified to be withheld under paragraph (g)(1) of the clause. In addition, the contract may specifically identify data that are not to be delivered under Alternate II or that, if delivered, will be delivered with limited rights. The limited rights obtained by the Government are set forth in the Limited Rights Notice contained in paragraph (g)(3) of Alternate II. Agencies must not, without permission of the contractor, use limited rights data for purposes of manufacture or disclose the data outside the Government except as set forth in the Notice.

Any disclosure by the Government must be subject to prohibition against further use and disclosure by the recipient. Here

follow examples of specific purposes an agency may adopt in its supplement and added to the Limited Rights Notice of paragraph (g)(3) of Alternate II of the clause:

(i) Use (except for manufacture) by support service contractors.

(ii) Evaluation by nongovernment evaluators.

(iii) Use (except for manufacture) by other contractors participating in the Government's program of which the specific contract is a part.

(iv) Emergency repair or overhaul work.

(v) Release to a foreign government, or its instrumentalities, if required to serve the interests of the U.S.

Government, for information or evaluation, or for emergency repair or overhaul work by the foreign government.

(2) The provision at 52.227-15, Representation of Limited Rights Data and Restricted Computer Software, helps

determine use of the clause at 52.227-14 with its Alternate II by requesting the offeror state whether limited rights data are

likely to be delivered. Where limited rights data are expected to be delivered, use Alternate II. Where negotiations are based

on an unsolicited proposal, address the need for Alternate II of the clause at 52.227-14 during negotiations or discussions, and

include Alternate II by modification, if needed, during contract performance.

(3) If data that would otherwise qualify as limited rights data is delivered as a computer database, treat the data as

limited rights data, rather than restricted computer software, for the purposes of paragraph (g) of the clause at 52.227-14.

(d) Protection of restricted computer software specified for delivery. (1) Alternate III of the clause at 52.227-14, enables

the Government to require delivery of restricted computer software rather than allow the contractor to withhold such software. To obtain delivery of restricted computer software?

(i) Identify and specify the deliverable computer software in the contract; or

(ii) Require by written request during contract performance, the delivery of computer software that has been withheld or identified to be withheld under paragraph (g)(1) of the clause.

(2) In considering whether to use Alternate III, note that, unlike other data, computer software is itself also an

end item.

Therefore, use Alternate III where the contract requires delivery of restricted computer software.

(3) Unless otherwise agreed (see paragraph (d)(4) of this subsection), the restricted rights the Government obtains

are set forth in the Restricted Rights Notice contained in paragraph (g)(4) (Alternate III). The Government will not use or reproduce such restricted computer software, or disclose it outside the Government, except that the Government may?

(i) Use or copy the software for the computers for which it was acquired, including use at any Government installation to which the computers may be transferred;

(ii) Use or copy the software for a backup computer if any computer for which it was acquired is inoperative;

(iii) Reproduce the software for safekeeping (archives) or backup purposes;

(iv) Modify, adapt or combine the software with other computer software, provided that the modified, adapted, or combined portions of the derivative software incorporating any of the delivered, restricted computer software must be subject

to the same restricted rights;

27.4-2

SUBPART 27.4 - RIGHTS IN DATA AND COPYRIGHTS 27.404-3

(v) Disclose to and reproduce the software for use by support service contractors or their subcontractors, in accordance with paragraphs (3)(i) through (iv) of this section; and

(vi) Use or copy the software for a replacement computer.

(4) The restricted rights set forth in paragraph (d)(3) of this subsection comprise the minimum rights the Government

normally obtains with restricted computer software and will automatically apply when the Government acquires such software under the Restricted Rights Notice of paragraph (g)(4) of Alternate III of the clause at 52.227-14. However, the contracting officer may specify different rights in the contract, consistent with the purposes and needs for which the software

is to be acquired. For example, the contracting officer should consider any networking needs or any requirements for use of

the computer software from remote terminals. Also, in addressing such needs, the scope of the restricted rights may differ for

the documentation accompanying the computer software than for the programs and databases. The contract, or a collateral

agreement incorporated in and made part of the contract, must expressly state any additions to, or limitations on, the restricted

rights set forth in the Restricted Rights Notice of paragraph (g)(4) of Alternate III of the clause at 52.227-14; modify the notice accordingly.

(5) The provision at 52.227-15, Representation of Limited Rights Data and Restricted Computer Software, helps

determine use of the clause at 52.227-14 with its Alternate III by requesting the offeror state whether restricted computer

software is likely to be delivered under the contract. In addition, address the need for Alternate III during negotiations or discussions with an offeror, particularly negotiations upon an unsolicited proposal. However, add Alternate III by modification, if needed, during contract performance.

27.404-3 Copyrighted works.

(a) Data first produced in the performance of a contract. (1) Generally, the contractor must obtain permission from

the
contracting officer prior to asserting rights in any copyrighted work containing data first produced in the performance of a
contract. However, contractors are normally authorized, without such prior permission, to assert copyright in technical
or
scientific articles based on or containing such data that is published in academic, technical or professional journals,
symposia
proceedings and similar works.

(2) The contractor must make a written request to the contracting officer for permission to assert its copyright in
works
containing data first produced under the contract. In its request, the contractor should identify the data involved or
furnish
copies of the data for which permission is requested, as well as a statement as to the intended publication or
dissemination
media or other purpose for which the permission is requested. Generally, grant the contractor's request when copyright
protection will enhance the appropriate dissemination or use of the data unless the?

(i) Data consist of a report that represents the official views of the agency or that the agency is required by statute
to
prepare;

(ii) Government intends primarily to use the data internally;

(iii) Data are of the type that the agency itself distributes to the public under an agency program;

(iv) Government determines that limitation on distribution of the data is in the national interest; or

(v) Government determines that the data should be disseminated without restriction.

(3) Alternate IV of the clause at 52.227-14 provides a substitute paragraph (c)(1) granting permission for
contractors
to assert copyright in any data first produced in the performance of the contract without the need for any further
requests.

Except for contracts for management or operation of Government facilities, and contracts and subcontracts in support
of

programs conducted at those facilities, or where international agreements require otherwise, use Alternate IV in all
contracts

for basic or applied research performed solely by colleges and universities. Do not use Alternate IV in contracts with
colleges

and universities if a purpose of the contract is development of computer software for distribution to the public (including
use

in solicitations) by or on behalf of the Government. In addition, use Alternate IV in other contracts, as needed, if an
agency

determines that further permission to assert copyright in data first produced in performance of the contract is
unnecessary.

Exclude, as necessary, any data, or items or categories of data, from the provisions of Alternate IV expressly in the
contract

or otherwise add a paragraph (d)(4) to the clause, consistent with 27.404-4(b).

(4) Pursuant to paragraph (c)(1) of the clause at 52.227-14, the contractor grants the Government a paid-up
nonexclusive, irrevocable, worldwide license to reproduce, prepare derivative works, distribute to the public, perform
publicly and display publicly by or on behalf of the Government, for all data (other than computer software) first

produced

in the performance of a contract. For computer software, the scope of the Government's license includes all the above rights

except the right to distribute to the public. Agencies may also obtain a license of different scope if the contracting officer determines, after consulting with legal counsel, such a license will substantially enhance the dissemination of any data first

produced under the contract or if such a license is required to comply with international agreements. If an agency obtains a

27.4-3

27.404-4 FEDERAL ACQUISITION REGULATION

different license, the contractor must clearly state the scope of that license in a conspicuous place on the medium on which

the data is recorded. For example, if the data is delivered as a report, the cover, or first page, of the report must state the terms

of the license.

(5) The clause requires the contractor to affix the applicable copyright notices of 17 U.S.C. 401 or 402, and acknowledgment of Government sponsorship, (including the contract number) to data when it asserts copyright in data. Failure to do so could result in such data being treated as unlimited rights data (see 27.404-5(b)).

(b) Data not first produced in the performance of a contract. (1) Contractors must not deliver any data that is not first

produced under the contract without either-

- (i) Acquiring for or granting to the Government a copyright license for the data; or
- (ii) Obtaining permission from the contracting officer to do otherwise.

(2) The copyright license the Government acquires for such data will normally be of the same scope as discussed in

paragraph (a)(4) of this subsection, and paragraph (c)(2) of the clause at 52.227-14 sets forth the license. However, agencies

may obtain a license of different scope if the agency determines, after consultation with legal counsel, that such different

license will accord with the purpose of acquiring the data. Both the contract and the data when delivered to the Government

must clearly state that a license of a different scope applies. If the contractor delivers computer software not first produced

under the contract, the contractor must grant the Government the license set forth in paragraph (g)(4) of Alternate III if included in the clause at 52.227-14, or a license agreed to in a collateral agreement made part of the contract.

27.404-4 Contractor's release, publication, and use of data.

(a) In contracts for basic or applied research with universities or colleges, agencies must not restrict the conduct of or

reporting on the results of unclassified basic or applied research, except as provided in applicable U.S. statutes. However,

agencies may restrict the release or disclosure of computer software that is or is intended to be developed to the point of

practical application (including for agency distribution under established programs). This is not a restriction on the reporting

of the results of basic or applied research. Agencies may also preclude a contractor from asserting copyright in any computer software for purposes of established agency distribution programs, or where required to accomplish the purpose for acquiring the software.

(b) Except for the results of basic or applied research under contracts with universities or colleges, agencies may, to the extent provided in their FAR supplements, place limitations or restrictions on the contractor's exercise of its rights in data first produced in the performance of the contract, including a requirement to assign copyright to the Government or another party. Include any of these restrictions in the contract.

27.404-5 Unauthorized, omitted, or incorrect markings.

(a) Unauthorized marking of data. (1) The Government has, in accordance with paragraph (e) of the clause at 52.227-14, the right either to return data containing unauthorized markings or to cancel or ignore the markings.

(2) Agencies must not cancel or ignore markings without making written inquiry of the contractor and affording the contractor at least 60 days to provide a written justification substantiating the propriety of the markings.

(i) If the contractor either fails to respond or fails to provide a written justification substantiating the propriety of the markings within the time afforded, the Government may cancel or ignore the markings.

(ii) If the contractor provides a written justification substantiating the propriety of the markings, consider the justification.

(A) Upon determining that the markings are authorized, notify the contractor in writing.

(B) If the contracting officer determines, with concurrence of the head of the contracting activity, that the

markings are not authorized, furnish the contractor a written determination regarding the appropriateness of the markings.

The determination must state that the Government will cancel or ignore the markings, and that the data will no longer be

subject to disclosure prohibitions, unless the contractor files suit within 90 days in a court of competent jurisdiction.

Absent

such a suit, the contracting officer's determination ordinarily becomes the final agency decision. Therefore, do not cancel or

ignore the markings until final resolution of the matter, either by the determination becoming the final agency decision or by

final disposition of the matter by court decision if the contractor files suit.

(3) Modify the foregoing procedures in accordance with agency regulations implementing the Freedom of Information

Act (5 U.S.C. 552) as necessary to respond to a request. In addition, the contractor may bring a claim, in accordance with the

Disputes clause of the contract, that may arise as the result of the Government's action to remove or ignore any markings on

data, unless the action occurs as the result of a final disposition of the matter by a court of competent jurisdiction.

27.4-4**SUBPART 27.4 - RIGHTS IN DATA AND COPYRIGHTS 27.405-1**

(b) Omitted or incorrect notices. (1) For data delivered under a contract containing the clause without a limited rights notice or restricted rights notice, and without a copyright notice, presume the contractor delivered the data with unlimited rights, and the Government assumes no liability for the disclosure, use, or reproduction of the data. However, to the extent the data has not been disclosed without restriction outside the Government, the contractor may, within 6 months (or a longer period approved by the contracting officer for good cause shown), request permission of the contracting officer to have the omitted limited rights or restricted rights notices, as applicable, placed on qualifying data at the contractor's expense. The contracting officer may permit adding appropriate notices if the contractor?

- (i) Identifies the data for which a notice would be added;
- (ii) Demonstrates that the omission of the proposed notice was inadvertent;
- (iii) Establishes that use of the proposed notice is authorized; and
- (iv) Acknowledges that the Government has no liability with respect to any disclosure or use of any such data made prior to the addition of the notice or resulting from the omission of the notice.

(2) The contracting officer may also-

- (i) Permit correction, at the contractor's expense, of incorrect notices if the contractor identifies the data on which correction of the notice is to be made, and demonstrates that the correct notice is authorized; or
- (ii) Correct any incorrect notices.

27.404-6 Inspection of data at the contractor's facility.

Contracting officers may obtain the right to inspect data at the contractor's facility by use of the clause at 52.227-14 with its Alternate V, which adds paragraph (j) to provide that right. Agencies may also adopt Alternate V for general use. The data subject to inspection may be data withheld or withholdable under paragraph (g)(1) of the clause. The contracting officer or designee (including nongovernmental personnel under the same conditions as the contracting officer) may inspect data at the contractor's facility to verify a contractor's assertion regarding the limited rights or restricted rights status of the data, or for evaluating work performance under the contract. The Government may exercise this right up to 3 years after acceptance of all items to be delivered under the contract. The contract may specify data items not subject to inspection under paragraph

(j) of the Alternate. If the contractor demonstrates to the contracting officer that a conflict of interest would possibly result if inspection were made by a particular representative, then designate an alternate representative.

27.405 Other data rights provisions.**27.405-1 Special works.**

(a) Contracts primarily for the production or compilation of data first produced in the performance of the contract (or

special works) for the Government's own use, must specifically address the Government's rights to use, disclose, modify,

distribute, and reproduce the special works. This may include negotiation of terms limiting distribution and use of special

works or obtaining indemnity for liabilities that might arise out of the content, performance, or disclosure of special works.

The contract may specify the purposes and conditions (including time limitations) under which the contractor may use, release, or reproduce the special works other than for contract performance.

(b) Contracts for the production of audiovisual works, sound recordings, etc., may include limitations and authorizations

in connection with talent releases, music licenses, and the like that are consistent with the purposes for which the works are

acquired.

(c) This subsection does not apply to limited rights data or to restricted computer software (see 27.404-2).

(d) Examples of special works include?

(1) The production of audiovisual works, including motion pictures or television recordings with or without accompanying sound, or for the preparation of motion picture scripts, musical compositions, soundtracks, translation, adaptation, and the like;

(2) Histories of the respective agencies, departments, services, or units thereof;

(3) Surveys of Government establishments;

(4) Works pertaining to the instruction or guidance of Government officers and employees in the discharge of their

official duties;

(5) The compilation of reports, books, studies, surveys, or similar documents that do not involve research, development, or experimental work;

(6) The collection of data containing personally identifiable information such that the disclosure thereof would violate

the right of privacy or publicity of the individual to whom the information relates;

27.4-5

27.405-2 FEDERAL ACQUISITION REGULATION

(7) Investigatory reports;

(8) The development, accumulation, or compilation of data (other than that resulting from research, development, or

experimental work performed by the contractor), the early release of which could prejudice follow-on acquisition activities or

agency regulatory or enforcement activities; and

(9) The development of computer software programs, where the program is agency-mission sensitive, and release could

prejudice agency mission, programs, or follow-on acquisitions.

(e) When the audiovisual or other special works are produced to accomplish a public purpose other than acquisition for

the Government's own use (such as for production and distribution to the public of the works by other than a Federal agency)

agencies are authorized to specially negotiate rights in special works that meet agency mission needs yet protect free

speech

and freedom of expression, as well as the artistic license of the creator of the work.

27.405-2 Existing works.

For contracts exclusively for the acquisition of existing works (without modification), such as motion pictures, television recordings, and other audiovisual works; sound recordings; musical, dramatic, and literary works; pantomimes and choreographic works; pictorial, graphic, and sculptural works; and works of a similar nature, the contract must specifically

address the Government's rights to use, disclose, modify, distribute, and reproduce the existing works. Agencies are authorized to specially negotiate rights in existing works. This includes limitations consistent with the purposes for which the

government seeks to acquire the works covered by the contract. Examples of these limitations include means of exhibition

or transmission, time, type of audience, and geographical location. However, if the contract requires that works of the type

indicated in this paragraph are to be modified through editing, translation, or addition of subject matter, etc. (rather than purchased in existing form), then see 27.405-1.

27.405-3 Commercial computer software.

(a) When acquiring commercial computer software, no specific contract clause prescribed in this subpart is necessary, but

the contract must specifically address the Government's rights to use, disclose, modify, distribute, and reproduce the software.

SUBPART 28.1 - BONDS AND OTHER FINANCIAL PROTECTIONS 28.101-1

28.000 Scope of part.

This part prescribes requirements for obtaining financial protection against losses under contracts that result from the use of the sealed bid or negotiated methods. It covers bid guarantees, bonds, alternative payment protections, security for bonds, and insurance.

28.001 Definitions.

As used in this part-

Attorney-in-fact means an agent, independent agent, underwriter, or any other company or individual holding a power of attorney granted by a surety.

Bid means any response to a solicitation, including a proposal under a negotiated acquisition.

Bid guarantee means a form of security assuring that the bidder-

- (1) Will not withdraw a bid within the period specified for acceptance; and
- (2) Will execute a written contract and furnish required bonds, including any necessary coinsurance or reinsurance

agreements, within the time specified in the bid, unless a longer time allowed, after receipt of the specified forms.

Bidder means any entity that is responding or has responded to a solicitation, including an offeror under a negotiated acquisition.

Bond means a written instrument executed by a bidder or contractor (the "principal"), and a second party (the "surety" or

"sureties") (except as provided in 28.204), to assure fulfillment of the principal's obligations to a third party (the "obligee"

or "Government"), identified in the bond. If the principal's obligations are not met, the bond assures payment, to the extent

stipulated, of any loss sustained by the obligee. The types of bonds and related documents are as follows:

(1) An advance payment bond secures fulfillment of the contractor's obligations under an advance payment provision.

(2) An annual bid bond is a single bond furnished by a bidder, in lieu of separate bid bonds, which secures all bids (on

other than construction contracts) requiring bonds submitted during a specific Government fiscal year.

(3) An annual performance bond is a single bond furnished by a contractor, in lieu of separate performance bonds, to

secure fulfillment of the contractor's obligations under contracts (other than construction contracts) requiring bonds entered

into during a specific Government fiscal year.

(4) A patent infringement bond secures fulfillment of the contractor's obligations under a patent provision.

(5) A payment bond assures payments as required by law to all persons supplying labor or material in the prosecution

of the work provided for in the contract.

(6) A performance bond secures performance and fulfillment of the contractor's obligations under the contract.

Consent of surety means an acknowledgment by a surety that its bond given in connection with a contract continues to apply to the contract as modified.

Penal sum or penal amount means the amount of money specified in a bond (or a percentage of the bid price in a bid bond) as the maximum payment for which the surety is obligated or the amount of security required to be pledged to the

Government in lieu of a corporate or individual surety for the bond.

Reinsurance means a transaction which provides that a surety, for a consideration, agrees to indemnify another surety against loss which the latter may sustain under a bond which it has issued.

Subpart 28.1 - Bonds and Other Financial Protections

28.100 Scope of subpart.

This subpart prescribes requirements and procedures for the use of bonds, alternative payment protections, and all types of

bid guarantees.

28.101 Bid guarantees.

28.101-1 Policy on use.

(a) A contracting officer must not require a bid guarantee unless a performance bond or a performance and payment bond

is also required (see 28.102 and 28.103). Except as provided in paragraph (c) of this subsection, bid guarantees must be

required whenever a performance bond or a performance and payment bond is required.

(b) All types of bid guarantees are acceptable for supply or service contracts (see annual bid bonds and annual performance bonds coverage in 28.001). Only separate bid guarantees are acceptable in connection with construction contracts. Agencies may specify that only separate bid bonds are acceptable in connection with construction contracts.

28.1-1

28.101-2 FEDERAL ACQUISITION REGULATION

(c) The chief of the contracting office may waive the requirement to obtain a bid guarantee when a performance bond or a

performance and payment bond is required if it is determined that a bid guarantee is not in the best interest of the Government

for a specific acquisition (e.g., overseas construction, emergency acquisitions, sole-source contracts). Class waivers may be authorized by the agency head or designee.

28.101-2 Solicitation provision or contract clause.

(a) The contracting officer must insert a provision or clause substantially the same as the provision at 52.228-1, Bid Guarantee, in solicitations or contracts that require a bid guarantee or similar guarantee. For example, the contracting officer may modify this provision-

- (1) To set a period of time that is other than 10 days for the return of executed bonds;
- (2) For use in connection with construction solicitations when the agency has specified that only separate bid bonds are

acceptable in accordance with 28.101-1(b);

- (3) For use in solicitations for negotiated contracts; or
- (4) For use in service contracts containing options for extended performance.

(b) The contracting officer must determine the amount of the bid guarantee for insertion in the provision at 52.228-1 (see

28.102-2(a)). The amount must be adequate to protect the Government from loss should the successful bidder fail to execute

further contractual documents and bonds as required. The bid guarantee amount must be at least 20 percent of the bid price

but must not exceed \$3 million. When the penal sum is expressed as a percentage, a maximum dollar limitation may be stated.

28.101-3 Authority of an attorney-in-fact for a bid bond.

(a) Any person signing a bid bond as an attorney-in-fact must include with the bid bond evidence of authority to bind the surety.

- (b) An original, or a photocopy or facsimile of an original, power of attorney is sufficient evidence of such authority.
- (c) For purposes of this section, electronic, mechanically-applied and printed signatures, seals and dates on the power of

attorney must be considered original signatures, seals and dates, without regard to the order in which they were affixed.

(d) The contracting officer must-

- (1) Treat the failure to provide a signed and dated power of attorney at the time of bid opening as a matter of responsiveness; and
- (2) Treat questions regarding the authenticity and enforceability of the power of attorney at the time of bid opening as a

matter of responsibility. These questions are handled after bid opening.

(e) (1) If the contracting officer contacts the surety to validate the power of attorney, the contracting officer must document the file providing, at a minimum, the following information:

- (i) Name of person contacted.
- (ii) Date and time of contact.
- (iii) Response of the surety.

(2) If, upon investigation, the surety declares the power of attorney to have been valid at the time of bid opening, the contracting officer may require correction of any technical error.

(3) If the surety declares the power of attorney to have been invalid, the contracting officer must not allow the bidder to

substitute a replacement power of attorney or a replacement surety.

(f) Determinations of non-responsibility based on the unacceptability of a power of attorney are not subject to the Certificate of Competency process of part 19 if the surety has disavowed the validity of the power of attorney.

28.101-4 Noncompliance with bid guarantee requirements.

(a) In sealed bidding, noncompliance with a solicitation requirement for a bid guarantee requires rejection of the bid,

except in the situations described in paragraph (c) of this subsection when the noncompliance must be waived.

(b) In negotiation, noncompliance with a solicitation requirement for a bid guarantee requires rejection of an initial proposal as unacceptable, if a determination is made to award the contract based on initial proposals without discussion,

except in the situations described in paragraph (c) of this subsection when noncompliance must be waived. (See part 15) for

conditions regarding making awards based on initial proposals.) If the conditions for awarding based on initial proposals are

not met, deficiencies in bid guarantees submitted by offerors determined to be in the competitive range must be addressed

during discussions and the offeror must be given an opportunity to correct the deficiency.

28.1-2

SUBPART 28.1 - BONDS AND OTHER FINANCIAL PROTECTIONS 28.102-2

(c) Noncompliance with a solicitation requirement for a bid guarantee must be waived in the following circumstances

unless the contracting officer determines in writing that acceptance of the bid would be detrimental to the Government's

interest when-

(1) Only one offer is received. In this case, the contracting officer may require the furnishing of the bid guarantee

before award;

(2) The amount of the bid guarantee submitted is less than required, but is equal to or greater than the difference

between the offer price and the next higher acceptable offer;

(3) The amount of the bid guarantee submitted, although less than that required by the solicitation for the maximum

quantity offered, is sufficient for a quantity for which the offeror is otherwise eligible for award. Any award to the offeror must not exceed the quantity covered by the bid guarantee;

(4) The bid guarantee is received late, and late receipt is waived under part 14;

(5) A bid guarantee becomes inadequate as a result of the correction of a mistake under part 14 (but only if the bidder

will increase the bid guarantee to the level required for the corrected bid);

(6) An otherwise acceptable bid bond was submitted with a signed offer, but the bid bond was not signed by the offeror;

(7) An otherwise acceptable bid bond is erroneously dated or bears no date at all; or

(8) A bid bond does not list the United States as obligee, but correctly identifies the offeror, the solicitation

number, and

the name and location of the project involved, so long as it is acceptable in all other respects.

28.102 Performance and payment bonds and alternative payment protections for construction contracts.

28.102-1 General.

(a) 40 U.S.C. chapter 31, subchapter III, Bonds (formerly known as the Miller Act), requires performance and payment

bonds for any construction contract exceeding \$150,000, except that this requirement may be waived-

(1) By the contracting officer for as much of the work as is to be performed in a foreign country upon finding that it is

impracticable for the contractor to furnish such bonds; or

(2) As otherwise authorized by the Bonds statute or other law.

(b) (1) Pursuant to 40 U.S.C. 3132, for construction contracts greater than \$35,000, but not greater than \$150,000, the

contracting officer must select two or more of the following payment protections, giving particular consideration to inclusion

of an irrevocable letter of credit as one of the selected alternatives:

(i) A payment bond.

(ii) An irrevocable letter of credit (ILC).

(iii) A tripartite escrow agreement. The prime contractor establishes an escrow account in a federally insured financial institution and enters into a tripartite escrow agreement with the financial institution, as escrow agent, and all of the suppliers of labor and material. The escrow agreement must establish the terms of payment under the contract and of

resolution of disputes among the parties. The Government makes payments to the contractor's escrow account, and the

escrow agent distributes the payments in accordance with the agreement, or triggers the disputes resolution procedures if

required.

(iv) Certificates of deposit. The contractor deposits certificates of deposit from a federally insured financial institution with the contracting officer, in an acceptable form, executable by the contracting officer.

(v) A deposit of the types of security listed in 28.204-1 and 28.204-2.

(2) The contractor must submit to the Government one of the payment protections selected by the contracting officer.

(c) The contractor must furnish all bonds or alternative payment protection, including any necessary reinsurance agreements, before receiving a notice to proceed with the work or being allowed to start work.

28.102-2 Amount required.

(a) Definition. As used in this subsection-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original

contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) Contracts exceeding \$150,000. (1) Performance bonds. Unless the contracting officer determines that a lesser amount

is adequate for the protection of the Government, the penal amount of performance bonds must equal-

(i) 100 percent of the original contract price; and

- (ii) If the contract price increases, an additional amount equal to 100 percent of the increase.

28.1-3

28.102-3 FEDERAL ACQUISITION REGULATION

- (2) Payment bonds. (i) Unless the contracting officer makes a written determination supported by specific findings that

a payment bond in this amount is impractical, the amount of the payment bond must equal-

- (A) 100 percent of the original contract price; and

- (B) If the contract price increases, an additional amount equal to 100 percent of the increase.

- (ii) The amount of the payment bond must be no less than the amount of the performance bond.

- (c) Contracts exceeding \$35,000 but not exceeding \$150,000. Unless the contracting officer determines that a lesser

amount is adequate for the protection of the Government, the penal amount of the payment bond or the amount of alternative

payment protection must equal-

- (1) 100 percent of the original contract price; and

- (2) If the contract price increases, an additional amount equal to 100 percent of the increase.

- (d) Securing additional payment protection. If the contract price increases, the Government must secure any needed

additional protection by directing the contractor to-

- (1) Increase the penal sum of the existing bond;

- (2) Obtain an additional bond; or

- (3) Furnish additional alternative payment protection.

- (e) Reducing amounts. The contracting officer may reduce the amount of security to support a bond, subject to the conditions of 28.203-3(c) or 28.204(b).

28.102-3 Contract clauses.

- (a) Insert a clause substantially the same as the clause at 52.228-15, Performance and Payment Bonds?Construction, in

solicitations and contracts for construction that contain a requirement for performance and payment bonds if the resultant

contract is expected to exceed \$150,000. The contracting officer may revise paragraphs (b)(1) and/or (b)(2) of the clause to

establish a lower percentage in accordance with 28.102-2(b). If the provision at 52.228-1 is not included in the solicitation,

the contracting officer must set a period of time for return of executed bonds.

- (b) Insert the clause at 52.228-13, Alternative Payment Protections, in solicitations and contracts for construction, when

the estimated or actual value exceeds \$35,000 but does not exceed \$150,000. Complete the clause by specifying the payment

protections selected (see 28.102-1(b)(1)) and the deadline for submission. The contracting officer may revise paragraph (b) of

the clause to establish a lower percentage in accordance with 28.102-2(c).

28.103 Performance and payment bonds for other than construction contracts.

28.103-1 General.

- (a) Generally, agencies must not require performance and payment bonds for other than construction contracts.

However,

performance and payment bonds may be used as permitted in 28.103-2 and 28.103-3.

(b) The contractor must furnish all bonds before receiving a notice to proceed with the work.

(c) No bond must be required after the contract has been awarded if it was not specifically required in the contract, except

as may be determined necessary for a contract modification.

28.103-2 Performance bonds.

(a) Performance bonds may be required for contracts exceeding the simplified acquisition threshold when necessary to

protect the Government's interest. The following situations may warrant a performance bond:

(1) Government property or funds are to be provided to the contractor for use in performing the contract or as partial

compensation (as in retention of salvaged material).

(2) A contractor sells assets to or merges with another concern, and the Government, after recognizing the latter

concern as the successor in interest, desires assurance that it is financially capable.

(3) Substantial progress payments are made before delivery of end items starts.

(4) Contracts are for dismantling, demolition, or removal of improvements.

(b) The Government may require additional performance bond protection when a contract price is increased.

(c) The contracting officer must determine the contractor's responsibility (see part 9) even though a bond has been or can

be obtained.

28.1-4

SUBPART 28.1 - BONDS AND OTHER FINANCIAL PROTECTIONS 28.106-1

28.103-3 Payment bonds.

(a) A payment bond is required only when a performance bond is required, and if the use of payment bond is in the Government's interest.

(b) When a contract price is increased, the Government may require additional bond protection in an amount adequate to

protect suppliers of labor and material.

28.103-4 Contract clause.

The contracting officer must insert a clause substantially the same as the clause at 52.228-16, Performance and Payment

Bonds?Other than Construction, in solicitations and contracts that contain a requirement for both payment and performance

bonds. The contracting officer must determine the amount of each bond for insertion in the clause. The amount must be adequate to protect the interest of the Government. The contracting officer must also set a period of time (normally 10 days)

for return of executed bonds. Alternate I must be used when only performance bonds are required.

28.104 Annual performance bonds.

(a) Annual performance bonds only apply to nonconstruction contracts. They must provide a gross penal sum applicable to

the total amount of all covered contracts.

(b) When the penal sums obligated by contracts are approximately equal to or exceed the penal sum of the annual

performance bond, an additional bond will be required to cover additional contracts.

28.105 Other types of bonds.

The head of the contracting activity may approve using other types of bonds in connection with acquiring particular supplies or services. These types include advance payment bonds and patent infringement bonds.

28.105-1 Advance payment bonds.

Advance payment bonds may be required only when the contract contains an advance payment provision and a performance bond is not furnished. The contracting officer must determine the amount of the advance payment bond necessary to protect the Government.

28.105-2 Patent infringement bonds.

- (a) Contracts providing for patent indemnity may require these bonds only if-
 - (1) A performance bond is not furnished; and
 - (2) The financial responsibility of the contractor is unknown or doubtful.
- (b) The contracting officer must determine the penal sum.

28.106 Administration.

28.106-1 Bonds and bond-related forms.

The following Standard Forms (SF?s) and Optional Forms (OF?s), must be used, except in foreign countries, when a bid

bond, performance or payment bond, or an individual surety is required. The bond forms must be used as indicated in the

instruction portion of each form:

- (a) SF 24, Bid Bond (see 28.101).
- (b) SF 25, Performance Bond (see 28.102-1 and 28.106-3(b)).
- (c) SF 25A, Payment Bond (see 28.102-1 and 28.106-3(b)).
- (d) SF 25B, Continuation Sheet (for SF?s 24, 25, and 25A).
- (e) SF 28, Affidavit of Individual Surety (see 28.203).
- (f) SF 34, Annual Bid Bond (see 28.001).
- (g) SF 35, Annual Performance Bond (see 28.104).
- (h) SF 273, Reinsurance Agreement for a Bonds Statute Performance Bond (see 28.202(a)(4)).
- (i) SF 274, Reinsurance Agreement for a Bonds Statute Payment Bond (see 28.202(a)(4)).
- (j) SF 275, Reinsurance Agreement in Favor of the United States (see 28.202(a)(4)).
- (k) SF 1414, Consent of Surety (see 28.106-5).
- (l) SF 1415, Consent of Surety and Increase of Penalty (see 28.106-3).
- (m) SF 1416, Payment Bond for Other Than Construction Contracts (see 28.103-3 and 28.106-3(b)).

28.1-5

28.106-2 FEDERAL ACQUISITION REGULATION

- (n) SF 1418, Performance Bond for Other Than Construction Contracts (see 28.103-2 and 28.106-3(b)).
- (o) OF 91, Release of Personal Property from Escrow (see 28.203-3).

28.106-2 Substitution of surety bonds.

(a) A new surety bond covering all or part of the obligations on a bond previously approved may be substituted for the original bond if approved by the head of the contracting activity, or as otherwise specified in agency regulation.

(b) When a new surety bond is approved, the contracting officer must notify the principal and surety of the original bond of the effective date of the new bond.

28.106-3 Additional bond and security.

(a) When additional bond coverage is required and is secured in whole or in part by the original surety or sureties, agencies must use Standard Form1415, Consent of Surety and Increase of Penalty. Standard Form1415 is authorized for local reproduction.

(b) When additional bond coverage is required and is secured in whole or in part by a new surety or by one of the alternatives described in 28.204 in lieu of corporate or individual surety, agencies must use Standard Form25, Performance Bond; Standard Form1418, Performance Bond for Other Than Construction Contracts; Standard Form25A, Payment Bond; or Standard Form1416, Payment Bond for Other Than Construction Contracts.

28.106-4 Contract clause.

(a) The contracting officer must insert the clause at 52.228-2, Additional Bond Security, in solicitations and contracts when bonds are required.

(b) In accordance with section 806(a)(3) of Public Law 102-190, as amended by sections 2091 and 8105 of Public Law 103-355 (10 U.S.C. 4601 note prec.), the contracting officer must insert the clause at 52.228-12, Prospective Subcontractor Requests for Bonds, in solicitations and contracts with respect to which a payment bond will be furnished pursuant to 40 U.S.C. chapter 31, subchapter III, Bonds (see 28.102-1), except for contracts for the acquisition of commercial products or commercial services as defined in part 2.

28.106-5 Consent of surety.

- (a) When any contract is modified, the contracting officer must obtain the consent of surety if-
- (1) An additional bond is obtained from other than the original surety;
 - (2) No additional bond is required and-
- (i) The modification is for new work beyond the scope of the original contract; or
- (ii) The modification does not change the contract scope but changes the contract price (upward or downward) by more than 25 percent or \$50,000; or
- (3) Consent of surety is required for a novation agreement (see part 42).
- (b) When a contract for which performance or payment is secured by any of the types of security listed in 28.204 is modified as described in paragraph (a) of this subsection, no consent of surety is required.
- (c) Agencies must use Standard Form 1414, Consent of Surety, for all types of contracts.

28.106-6 Furnishing information.

- (a) The surety on the bond, upon its written request, may be furnished information on the progress of the work, payments, and the estimated percentage of completion, concerning the contract for which the bond was furnished.
- (b) When a payment bond has been provided, the contracting officer must, upon request, furnish the name and address of the surety or sureties to any subcontractor or supplier who has furnished or been requested to furnish labor or material for the contract. In addition, general information concerning the work progress, payments, and the estimated

percentage of

completion may be furnished to persons who have provided labor or materials and have not been paid.

(c) When a payment bond has been provided for a contract, the head of the agency or designee must furnish a certified

copy of the bond and the contract for which it was given to any person who makes a request therefor and who furnishes an

affidavit that the requestor has supplied labor or materials for such work and payment therefor has not been made or that the

requestor is being sued on such bond. The person who makes the request must be required to pay such costs of preparation as

determined by the head of the agency or designee to be reasonable and appropriate (see 40 U.S.C. 3133).

(d) Section 806(a)(2) of Public Law 102-190, as amended by sections 2091 and 8105 of Public Law 103-355 (10 U.S.C.

4601 note prec.), requires that the Federal Government provide information to subcontractors on payment bonds under **28.1-6**

SUBPART 28.1 - BONDS AND OTHER FINANCIAL PROTECTIONS 28.106-8

contracts for other than commercial products or commercial services as defined in part 2. Upon the written or oral request of

a subcontractor/supplier, or prospective subcontractor/supplier, under a contract with respect to which a payment bond has

been furnished pursuant to the Bonds statute, the contracting officer must promptly provide to the requester, either orally or in

writing, as appropriate, any of the following:

(1) Name and address of the surety or sureties on the payment bond.

(2) Penal amount of the payment bond.

(3) Copy of the payment bond. The contracting officer may impose reasonable fees to cover the cost of copying and

providing a copy of the payment bond.

28.106-7 Withholding contract payments.

(a) During contract performance, agencies must not withhold payments due contractors or assignees because subcontractors or suppliers have not been paid.

(b) If, after completion of the contract work, the Government receives written notice from the surety regarding the contractor's failure to meet its obligation to its subcontractors or suppliers, the contracting officer must withhold final payment. However, the surety must agree to hold the Government harmless from any liability resulting from withholding the final payment. The contracting officer will authorize final payment upon agreement between the contractor and surety or

upon a judicial determination of the rights of the parties.

(c) For any withholding incident to the labor standards provisions of the contract, see part 22.

28.106-8 Payment to subcontractors or suppliers.

The contracting officer will only authorize payment to subcontractors or suppliers from an ILC (or any other cash equivalent security) upon a judicial determination of the rights of the parties, a signed notarized statement by the contractor

that the payment is due and owed, or a signed agreement between the parties as to amount due and owed.

28.1-7

This page intentionally left blank.

28.1-8

SUBPART 28.2 - SURETIES AND OTHER SECURITY FOR BONDS 28.203-1

Subpart 28.2 - Sureties and Other Security for Bonds

28.200 Scope of subpart.

This subpart prescribes procedures for the use of sureties and other security to protect the Government from financial losses.

28.201 Requirements for security.

- (a) Agencies must obtain adequate security for bonds (including coinsurance and reinsurance agreements) required or used

with a contract for supplies or services (including construction). Acceptable forms of security include-

- (1) Corporate or individual sureties; or
- (2) Any of the types of security authorized in lieu of sureties by 28.204.

- (b) Solicitations must not preclude offerors from using the types of surety or other security permitted by this subpart,

unless prohibited by law or regulation.

28.202 Acceptability of corporate sureties.

- (a) (1) Corporate sureties offered for bonds furnished with contracts performed in the United States or its outlying areas

must appear on the list contained in the Department of the Treasury's Listing of Approved Sureties (Treasury Department

Circular 570), ?Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable

Reinsuring Companies.?

- (2) The penal amount of the bond should not exceed the surety's underwriting limit stated in the Treasury Department

Circular 570. If the penal amount exceeds the underwriting limit, the bond will be acceptable only if-

- (i) The amount which exceeds the specified limit is coinsured or reinsured; and
- (ii) The amount of coinsurance or reinsurance does not exceed the underwriting limit of each coinsurer or reinsurer.

- (3) Coinsurance or reinsurance agreements must conform to the Department of the Treasury (Treasury) regulations

in 31 CFR 223.10 and 223.11. When reinsurance is contemplated, the contracting office generally must require reinsurance

agreements to be executed and submitted with the bonds before making a final determination on the bonds.

- (4) When specified in the solicitation, the contracting officer may accept a bond from the direct writing company in

satisfaction of the total bond requirement of the contract. This is permissible until necessary reinsurance agreements are

executed, even though the total bond requirement may exceed the insurer's underwriting limitation. The contractor must execute and submit necessary reinsurance agreements to the contracting officer within the time specified on the bid form,

which may not exceed 45 calendar days after the execution of the bond. The contractor must use Standard Form (SF) 273,

Reinsurance Agreement for a Bonds Statute Performance Bond, and SF 274, Reinsurance Agreement for a Bonds

Statute

Payment Bond, when reinsurance is furnished with the required performance or payment bonds. SF 275, Reinsurance Agreement in Favor of the United States, is used when reinsurance is furnished with bonds for other purposes.

(b) For contracts performed in a foreign country, sureties not appearing on Treasury Department Circular 570 are acceptable if the contracting officer determines that it is impracticable for the contractor to use Treasury listed sureties.

(c) Treasury issues supplements to Treasury Department Circular 570, notifying all Federal agencies of new approved

corporate surety companies and the termination of the authority of any specific corporate surety to qualify as a surety on

Federal bonds. Upon receipt of notification of termination of a company's authority to qualify as a surety on Federal bonds,

the contracting officer must review the outstanding contracts and take action necessary to protect the Government, including,

where appropriate, securing new bonds with acceptable sureties in lieu of outstanding bonds with the named company.

(d) Treasury Department Circular 570 may be obtained from the U.S. Department of the Treasury, Bureau of the Fiscal

Service, Surety Bond Branch, 3201 Pennsy Drive, Building E, Landover, MD 20785 or at <https://www.fiscal.treasury.gov/fsreports/ref/suretyBnd/c570.htm>.

28.203 Individual sureties.

28.203-1 Acceptability of individual sureties.

(a) An individual surety is acceptable for all types of bonds except position schedule bonds. Assets pledged by an individual surety must meet the eligibility requirements of Treasury's Bureau of the Fiscal Service. Per 31 U.S.C. 9310, individual sureties must pledge eligible obligations, which Treasury refers to as acceptable collateral or eligible collateral.

A list of acceptable assets, entitled "Acceptable Collateral for 31 CFR part 225," may be accessed by going to <https://fiscal.treasury.gov/tcmm/resources.html> and clicking on "31 CFR Part 225".

28.2-1

28.203-2 FEDERAL ACQUISITION REGULATION

(b) (1) An individual surety must execute the bond (e.g., bid bond (SF 24), performance bond (SF 25), payment bond

(SF 25A)).

(2) The net adjusted value of unencumbered assets is their market value minus the margin. The margin tables are

available at www.treasurydirect.gov. The net adjusted value of unencumbered assets pledged by the individual surety must

equal or exceed the penal amount (i.e., face value) of each bond.

(3) The individual surety must execute the SF 28, Affidavit of Individual Surety, and provide a security interest. One

individual surety is adequate support for a bond, provided the net adjusted value of unencumbered assets pledged by that

individual surety equals or exceeds the amount of the bond.

(4) An offeror or contractor may submit up to three individual sureties for each bond, in which case the net adjusted

value of the pledged unencumbered assets, when combined, must equal or exceed the penal amount of the bond. Each

individual surety is jointly and severally liable to the extent of the penal amount of the bond.

(c) Using the information from the SF 28 submitted by the offeror or contractor, the contracting officer must notify the

Treasury's collateral operations support team by email at BMT@fiscal.treasury.gov or by phone at 888-568-7343, of the individual surety, the assets to be pledged, and the amount necessary to cover the individual surety bond, i.e., the required

amount to be collateralized. Treasury will advise the contracting officer whether the assets are eligible to be pledged, consistent with 28.203-1(a), and of the valuation of the assets offered to be pledged, consistent with the valuation standards

in 28.203-1(b)(2). If after 3 business days the contracting officer has not received a response from Treasury, the contracting

officer may seek assistance from the Director, Bank Policy and Oversight, at 202-504-3502. The contracting officer must

determine whether the individual surety bond is acceptable as to the amount necessary to cover the individual surety bond

based on the asset eligibility and valuation assessment from Treasury. The contracting officer must notify both the offeror or

contractor and the individual surety of this determination.

(d) If the contracting officer determines the individual surety is acceptable, the contracting officer must request the Treasury's collateral operations support team set up the necessary individual surety pledged asset collateral account.

(e) If the contracting officer determines that no individual surety in support of a bid guarantee is acceptable, the offeror utilizing the individual surety must be rejected as nonresponsible, except as provided in 28.101-4. A finding of nonresponsibility based on unacceptability of an individual surety, need not be referred to the Small Business Administration

for a Certificate of Competency. (See part 19 and 61 Comp. Gen. 456 (1982).)

(f) If a contractor submits an unacceptable individual surety, or one that Treasury could not assess the asset eligibility and

valuation within a reasonable time, then the contracting officer may permit the contractor to substitute an acceptable surety

within a reasonable time.

(g) Evidence of possible criminal or fraudulent activities by an individual surety must be referred to the appropriate agency official in accordance with agency procedures.

28.203-2 Substitution of assets.

An individual surety may request the Government to accept a substitute asset for that currently pledged by submitting a written request, including a revised SF 28, to the responsible contracting officer. Following the requirements set forth in

28.203-1, the contracting officer may agree to the substitution of assets upon determining that the substitute assets to be

pledged are adequate to protect the outstanding bond or guarantee obligations.

28.203-3 Release of security interest.

(a) After consultation with legal counsel, the contracting officer must release the security interest on the individual surety's assets using the Optional Form 91, Release of Personal Property from Escrow, or a similar release as soon as

possible

consistent with the conditions in subparagraphs (a)(1) and (2) of this section. A surety's assets pledged in support of a payment bond may be released to a subcontractor or supplier upon Government receipt of a Federal district court judgment,

or a sworn statement by the subcontractor or supplier that the claim is correct along with a notarized authorization of the

release by the surety stating that it approves of such release.

(1) Contracts subject to the Bonds statute. See section 1.110 and section 28.102-1, paragraph (a). The security interest

must be maintained for the later of?

(i) 1 year following final payment;

(ii) Until completion of any warranty period (applicable only to performance bonds); or

(iii) Pending resolution of all claims filed against the payment bond during the 1 year period following final payment.

28.2-2

SUBPART 28.2 - SURETIES AND OTHER SECURITY FOR BONDS 28.204

(2) Contracts subject to alternative payment protection. See section 28.102-1, paragraph (b)(1). The security interest

must be maintained for the full contract performance period plus 1 year.

(3) Other contracts not subject to the Bonds statute. The security interest must be maintained for 90 days following

final payment or until completion of any warranty period (applicable only to performance bonds), whichever is later.

(b) Upon written request by the individual surety, the contracting officer may release the security interest on the individual

surety's assets in support of a bid guarantee based upon evidence that the offer supported by the individual surety will not

result in contract award.

(c) Upon written request by the individual surety, the contracting officer may release a portion of the security interest on

the individual surety's assets based upon substantial performance of the contractor's obligations under its performance bond.

Release of the security interest in support of a payment bond must comply with the subparagraphs (a)(1) through (3) of this

section. In making this determination, the contracting officer will give consideration as to whether the unreleased portion of

the security is sufficient to cover the remaining contract obligations, including payments to subcontractors and other potential

liabilities. The individual surety must, as a condition of the partial release, furnish an affidavit agreeing that the release of

such assets does not relieve the individual surety of its obligations under the bond(s).

28.203-4 Solicitation provision and contract clause.

(a) Insert the provision at 52.228-17, Individual Surety?Pledge of Assets (Bid Guarantee), in solicitations that require the

submission of a bid guarantee.

(b) Insert the clause at 52.228-11, Individual Surety?Pledge of Assets, in solicitations and contracts that require the submission of performance or payment bonds.

28.203-5 Exclusion of individual sureties.

(a) An individual may be excluded from acting as a surety on bonds submitted by offerors on procurement by the executive branch of the Federal Government, by the acquiring agency's head or designee utilizing the procedures in part 9.

The exclusion must be for the purpose of protecting the Government.

(b) An individual may be excluded for any of the following causes:

- (1) Failure to fulfill the obligations under any bond.
- (2) Failure to disclose all bond obligations.
- (3) Misrepresentation of the value of available assets or outstanding liabilities.
- (4) Any false or misleading statement, signature or representation on a bond or affidavit of individual suretyship.
- (5) Any other cause affecting responsibility as a surety of such serious and compelling nature as may be determined to

warrant exclusion.

(c) An individual surety excluded pursuant to this section must be entered as an exclusion in the System for Award Management (SAM) (see part 9).

(d) Contracting officers must not accept the bonds of individual sureties whose names appear in an active exclusion record

in SAM unless the acquiring agency's head or a designee state in writing the compelling reasons justifying acceptance.

(e) An exclusion of an individual surety under this section will also preclude such party from acting as a contractor in

accordance with part 9.

28.204 Alternatives in lieu of corporate or individual sureties.

(a) Any person required to furnish a bond to the Government may furnish any of the types of security listed in 28.204-1

through 28.204-3 instead of a corporate or individual surety for the bond. When any of those types of security are deposited,

a statement must be incorporated in the bond form pledging the security in lieu of execution of the bond form by corporate

or individual sureties. The contractor must execute the bond forms as the principal. Agencies must establish safeguards to

protect against loss of the security and must return the security or its equivalent to the contractor when the bond obligation

has ceased.

(b) Upon written request by any contractor securing a performance or payment bond by any of the types of security listed

in 28.204-1 through 28.204-3, the contracting officer may release a portion of the security only when the conditions allowing

the partial release of security in 28.203-3(c) are met. The contractor must, as a condition of the partial release, furnish an

affidavit agreeing that the release of such security does not relieve the contractor of its obligations under the bond(s).

(c) The contractor may satisfy a requirement for bond security by furnishing a combination of the types of security

listed

in 28.204-1 through 28.204-3 or a combination of bonds supported by these types of security and additional surety bonds

under 28.202 or 28.203. During the period for which a bond supported by security is required, the contractor may substitute

28.2-3

28.204-1 FEDERAL ACQUISITION REGULATION

one type of security listed in 28.204-1 through 28.204-3 for another, or may substitute, in whole or combination, additional

surety bonds under 28.202 or 28.203.

28.204-1 United States bonds or notes.

Any person required to furnish a bond to the Government has the option, instead of furnishing a surety or sureties on the

bond, of depositing certain United States bonds or notes in an amount equal at their par value to the penal sum of the bond

(the Act of February 24, 1919 (31 U.S.C. 9303) and Treasury Department Circular No. 154 (31 CFR part 225)). In addition, a

duly executed power of attorney and agreement authorizing the collection or sale of such United States bonds or notes in the

event of default of the principal on the bond must accompany the deposited bonds or notes. The contracting officer may-

(a) Turn securities over to the finance or other authorized agency official; or

(b) Deposit them with the Treasurer of the United States, a Federal Reserve Bank (or branch with requisite facilities), or

other depository designated for that purpose by the Secretary of the Treasury, under procedures prescribed by the agency

concerned and Treasury Department Circular No. 154 (exception: The contracting officer must deposit all bonds and notes

received in the District of Columbia with the Treasurer of the United States).

28.204-2 Certified or cashier's checks, bank drafts, money orders, or currency.

Any person required to furnish a bond has an option to furnish a certified or cashier's check, bank draft, Post Office money order, or currency, in an amount equal to the penal sum of the bond, instead of furnishing surety or sureties on the

bonds. Those furnishing checks, drafts, or money orders must draw them to the order of the appropriate Federal agency.

28.204-3 Irrevocable letter of credit.

(a) Any person required to furnish a bond has the option to furnish a bond secured by an irrevocable letter of credit (ILC)

in an amount equal to the penal sum required to be secured (see 28.204). A separate ILC is required for each bond.

(b) The ILC must be irrevocable, require presentation of no document other than a written demand and the ILC (and letter

of confirmation, if any), expire only as provided in paragraph (f) of this subsection, and be issued/confirmed by an acceptable

federally insured financial institution as provided in paragraph (g) of this subsection.

(c) To draw on the ILC, the contracting officer must use the sight draft set forth in the clause at 52.228-14, and present it

with the ILC (including letter of confirmation, if any) to the issuing financial institution or the confirming financial institution

(if any).

(d) If the contractor does not furnish an acceptable replacement ILC, or other acceptable substitute, at least 30 days before

an ILC's scheduled expiration, the contracting officer must immediately draw on the ILC.

(e) If, after the period of performance of a contract where ILCs are used to support payment bonds, there are outstanding

claims against the payment bond, the contracting officer must draw on the ILC prior to the expiration date of the ILC to cover

these claims.

(f) The period for which financial security is required must be as follows:

(1) If used as a bid guarantee, the ILC should expire no earlier than 60 days after the close of the bid acceptance period.

(2) If used as an alternative to corporate or individual sureties as security for a performance or payment bond, the offeror/contractor may submit an ILC with an initial expiration date estimated to cover the entire period for which financial security is required or an ILC with an initial expiration date that is a minimum period of one year from the date of issuance. The ILC must provide that, unless the issuer provides the beneficiary written notice of non-renewal at least 60

days in advance of the current expiration date, the ILC is automatically extended without amendment for one year from the

expiration date, or any future expiration date, until the period of required coverage is completed and the contracting officer

provides the financial institution with a written statement waiving the right to payment. The period of required coverage must

be:

(i) For contracts subject to the Bonds statute, the later of-

(A) one year following the expected date of final payment;

(B) For performance bonds only, until completion of any warranty period; or

(C) For payment bonds only, until resolution of all claims filed against the payment bond during the one-year

period following final payment.

(ii) For contracts not subject to the Bonds statute, the later of-

(A) 90 days following final payment; or

(B) For performance bonds only, until completion of any warranty period.

28.2-4

SUBPART 28.2 - SURETIES AND OTHER SECURITY FOR BONDS 28.204-4

(g) Only federally insured financial institutions rated investment grade must issue or confirm the ILC. Unless the financial

institution issuing the ILC had letter of credit business of at least \$25 million in the past year, ILCs over \$5 million must be

confirmed by another acceptable financial institution that had letter of credit business of at least \$25 million in the past

year.

(1) The offeror/contractor is required by paragraph (d) of the clause at 52.228-14. Irrevocable Letter of Credit, to

provide the contracting officer a credit rating from a recognized commercial rating service that indicates the financial institution has the required rating(s) as of the date of issuance of the ILC.

(2) To support the credit rating of the financial institution(s) issuing or confirming the ILC, the contracting officer must

verify the following information:

(i) Federal insurance: Each financial institution is federally insured. Verification of federal insurance is available through the Federal Deposit Insurance Corporation (FDIC) institution directory at the website <http://www2.fdic.gov/idaspl>

index.asp.

(ii) Current credit rating. The current credit rating for each financial institution is investment grade and that the credit rating is from a Nationally Recognized Statistical Rating Organization (NRSRO). NRSROs can be located at the website <http://www.sec.gov/answers/nrsro.htm> maintained by the SEC.

(3) The rating services listed in the website <http://www.sec.gov/answers/nrsro.htm> use different rating scales (e.g.,

AAA, AA, A, BBB, BB, B, CCC, CC, C, and D; or Aaa, Aa, A, Baa, Ba, B, Caa, Ca, and C) to provide evaluations of institutional credit risk; however, all such systems specify the range of investment grade ratings (e.g., BBB-AAA or Baa-Aaa in the examples in this section) and permit evaluation of the relative risk associated with a specific institution. If the contracting officer learns that a financial institution's rating has dropped below investment grade level, the contracting officer

must give the contractor 30 days to substitute an acceptable ILC or must draw on the ILC using the sight draft in paragraph

(g) of the clause at 52.228-14.

(h) A copy of the Uniform Customs and Practice for Documentary Credits, 2007 Edition, International Chamber of Commerce Publication No. 600, is available from:

ICC Books USA, 1212 Avenue of the Americas, 21 st Floor, New York, NY 10036;

Phone: 212-703-5078; Fax: 212-391-6568; E-mail: iccbooks@uscib.org; Via the Internet at:<http://www.uscib.org/ucp-600-ud-4465/>.

28.204-4 Contract clause.

Insert the clause at 52.228-14, Irrevocable Letter of Credit, in solicitations and contracts for services, supplies, or construction, when a bid guarantee, or performance bonds, or performance and payment bonds are required.

28.2-5

This page intentionally left blank.

28.2-6

SUBPART 28.3 - INSURANCE 28.305

Subpart 28.3 - Insurance

28.301 Policy.

Contractors must carry insurance under the following circumstances:

(a) (1) The Government requires any contractor subject to Cost Accounting Standard (CAS) 416 (48 CFR 9904.416) to obtain insurance, by purchase or self-coverage, for the perils to which the contractor is exposed, except when-

(i) The Government, by providing in the contract in accordance with law, agrees to indemnify the contractor under specified circumstances; or

(ii) The contract specifically relieves the contractor of liability for loss of or damage to Government property.

(2) The Government reserves the right to disapprove the purchase of any insurance coverage not in the Government's

interest.

(3) Allowability of the insurance program's cost must be determined in accordance with the criteria in 31.205-19.

(b) Contractors, whether or not their contracts are subject to CAS 416, are required by law and this regulation to provide

insurance for certain types of perils (e.g., workers' compensation). Insurance is mandatory also when commingling of property, type of operation, circumstances of ownership, or condition of the contract make it necessary for the protection

of the Government. The minimum amounts of insurance required by this regulation (see 28.307-2) may be reduced when

a contract is to be performed outside the United States and its outlying areas. When more than one agency is involved, the agency responsible for review and approval of a contractor's insurance program must coordinate with other interested

agencies before acting on significant insurance matters.

(c) Contractors awarded nonpersonal services contracts for health care services are required to maintain medical liability

insurance and indemnify the Government for liability producing acts or omissions by the contractor, its employees and agents

(see part 37).

28.302 Notice of cancellation or change.

When the Government requires the contractor to provide insurance coverage, the policies must contain an endorsement

that any cancellation or material change in the coverage adversely affecting the Government's interest must not be effective

unless the insurer or the contractor gives written notice of cancellation or change as required by the contracting officer.

When the coverage is provided by self-insurance, the contractor must not change or decrease the coverage without the administrative contracting officer's prior approval (see 28.308(c)).

28.303 Insurance against loss of or damage to Government property.

When the Government requires or approves insurance to cover loss of or damage to Government property (see part 45), it

may be provided by specific insurance policies or by inclusion of the risks in the contractor's existing policies. The policies

must disclose the Government's interest in the property.

28.304 Risk-pooling arrangements.

Agencies may establish risk-pooling arrangements. These arrangements are designed to use the services of the insurance

industry for safety engineering and the handling of claims at minimum cost to the Government. The agency responsible must

appoint a single manager or point of contact for each arrangement.

28.305 Overseas workers? compensation and war-hazard insurance.

(a) "Public-work contract," as used in this subpart, means any contract for a fixed improvement or for any other project,

fixed or not, for the public use of the United States or its allies, involving construction, alteration, removal, or repair, including projects or operations under service contracts and projects in connection with the national defense or with war activities, dredging, harbor improvements, dams, roadways, and housing, as well as preparatory and ancillary work in connection therewith at the site or on the project.

(b) The Defense Base Act (42 U.S.C.1651, et seq.) extends the Longshoremen?s and Harbor Workers? Compensation Act

(33 U.S.C. 901) to various classes of employees working outside the United States, including those engaged in performing-

(1) Public-work contracts; or

(2) Contracts approved or financed under the Foreign Assistance Act of 1961 (Pub.L.87-195) other than-

(i) Contracts approved or financed by the Development Loan Fund (unless the Secretary of Labor, acting upon the recommendation of a department or agency, determines that such contracts should be covered); or

(ii) Contracts exclusively for materials or supplies.

28.3-1**28.306 FEDERAL ACQUISITION REGULATION**

(c) When the Defense Base Act applies (see 42 U.S.C.1651, et seq.) to these employees, the benefits of the Longshoremen?s and Harbor Workers? Compensation Act are extended through operation of the War Hazards Compensation

Act (42 U.S.C.1701, et seq.) to protect the employees against the risk of war hazards (injury, death, capture, or detention).

When, by means of an insurance policy or a self-insurance program, the contractor provides the workers? compensation

coverage required by the Defense Base Act, the contractor?s employees automatically receive war-hazard risk protection.

(d) When the agency head recommends a waiver to the Secretary of Labor, the Secretary may waive the applicability of

the Defense Base Act to any contract, subcontract, work location, or classification of employees.

(e) If the Defense Base Act is waived for some or all of the contractor?s employees, the benefits of the War Hazards

Compensation Act are automatically waived with respect to those employees for whom the Defense Base Act is waived. For

those employees, the contractor must provide workers? compensation coverage against the risk of work injury or death and

assume liability toward the employees and their beneficiaries for war-hazard injury, death, capture, or detention. The contract

must provide either that the costs of this liability or the reasonable costs of insurance against this liability must be allowed as

a cost under the contract.

28.306 Insurance under fixed-price contracts.

(a) General. Although the Government is not ordinarily concerned with the contractor?s insurance coverage if the contract

is a fixed-price contract, in special circumstances agencies may specify insurance requirements under fixed-price contracts.

Examples of such circumstances include the following:

- (1) The contractor is, or has a separate operation, engaged principally in Government work.
- (2) Government property is involved.
- (3) The work is to be performed on a Government installation.
- (4) The Government elects to assume risks for which the contractor ordinarily obtains commercial insurance.
- (b) Work on a Government installation. (1) When the clause at 52.228-5, Insurance?Work on a Government Installation,

is required to be included in a fixed-price contract by 28.310, the coverage specified in 28.307 is the minimum insurance

required and must be included in the contract Schedule or elsewhere in the contract. The contracting officer may require

additional coverage and higher limits.

- (2) When the clause at 52.228-5, Insurance?Work on a Government Installation, is not required by 28.310 but is

included because the contracting officer considers it to be in the Government's interest to do so, any of the types of insurance

specified in 28.307 may be omitted or the limits may be lowered, if appropriate.

28.307 Insurance under cost-reimbursement contracts.

Cost-reimbursement contracts (and subcontracts, if the terms of the prime contract are extended to the subcontract) ordinarily require the types of insurance listed in 28.307-2, with the minimum amounts of liability indicated. (See 28.308 for self-insurance.)

28.307-1 Group insurance plans.

- (a) Prior approval requirement. Under cost-reimbursement contracts, before buying insurance under a group insurance

plan, the contractor must submit the plan for approval, in accordance with agency regulations. Any change in benefits provided under an approved plan that can reasonably be expected to increase significantly the cost to the Government requires similar approval.

- (b) Premium refunds or credits. The plan must provide for the Government to share in any premium refunds or credits

paid or otherwise allowed to the contractor. In determining the extent of the Government's share in any premium refunds

or credits, any special reserves and other refunds to which the contractor may be entitled in the future must be taken into

account.

28.307-2 Liability.

- (a) Workers' compensation and employer's liability. Contractors are required to comply with applicable Federal and State

workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes,

they must be covered under the employer's liability section of the insurance policy, except when contract operations are so

commingled with a contractor's commercial operations that it would not be practical to require this coverage. Employer's

liability coverage of at least \$100,000 must be required, except in States with exclusive or monopolistic funds that do not

permit workers' compensation to be written by private carriers. (See 28.305(c) for treatment of contracts subject to the Defense Base Act.)

28.3-2

SUBPART 28.3 - INSURANCE 28.308

(b) General liability. (1) The contracting officer must require bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.

(2) Property damage liability insurance must be required only in special circumstances as determined by the agency.

(c) Automobile liability. The contracting officer must require automobile liability insurance written on the comprehensive form of policy. The policy must provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States

must provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies must be commensurate with any legal

requirements of the locality and sufficient to meet normal and customary claims.

(d) Aircraft public and passenger liability. When aircraft are used in connection with performing the contract, the contracting officer must require aircraft public and passenger liability insurance. Coverage must be at least \$200,000 per

person and \$500,000 per occurrence for bodily injury, other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury must be at least \$200,000 multiplied by the number of seats

or passengers, whichever is greater.

(e) Vessel liability. When contract performance involves use of vessels, the contracting officer must require, as determined

by the agency, vessel collision liability and protection and indemnity liability insurance.

28.308 Self-insurance.

(a) When it is anticipated that 50 percent or more of the self-insurance costs to be incurred at a segment of a contractor's

business will be allocable to negotiated Government contracts, and the self-insurance costs at the segment for the contractor's

fiscal year are expected to be \$200,000 or more, the contractor must submit, in writing, information on its proposed self-insurance program to the administrative contracting officer and obtain that official's approval of the program. The submission

must be by segment or segments of the contractor's business to which the program applies and must include-

(1) A complete description of the program, including any resolution of the board of directors authorizing and adopting coverage, including types of risks, limits of coverage, assignments of safety and loss control, and legal service responsibilities;

(2) If available, the corporate insurance manual and organization chart detailing fiscal responsibilities for

insurance;

(3) The terms regarding insurance coverage for any Government property;

(4) The contractor's latest financial statements;

(5) Any self-insurance feasibility studies or insurance market surveys reporting comparative alternatives;

(6) Loss history, premiums history, and industry ratios;

(7) A formula for establishing reserves, including percentage variations between losses paid and losses reserved;

(8) Claims administration policy, practices, and procedures;

(9) The method of calculating the projected average loss; and

(10) A disclosure of all captive insurance company and reinsurance agreements, including methods of computing cost.

(b) Programs of self-insurance covering a contractor's insurable risks, including the deductible portion of purchased

insurance, may be approved when examination of a program indicates that its application is in the Government's interest.

Agencies must not approve a program of self-insurance for workers' compensation in a jurisdiction where workers' compensation does not completely cover the employer's liability to employees, unless the contractor-

(1) Maintains an approved program of self-insurance for any employer's liability not so covered; or

(2) Shows that the combined cost to the Government of self-insurance for workers' compensation and commercial

insurance for employer's liability will not exceed the cost of covering both kinds of risk by commercial insurance.

(c) Once the administrative contracting officer has approved a program, the contractor must submit to that official for

approval any major proposed changes to the program. Any program approval may be withdrawn if a contracting officer finds

that either-

(1) Any part of a program does not comply with the requirements of this subpart and/or the criteria at 31.205-19; or

(2) Conditions or situations existing at the time of approval that were a basis for original approval of the program have

changed to the extent that a program change is necessary.

(d) To qualify for a self-insurance program, a contractor must demonstrate ability to sustain the potential losses involved.

In making the determination, the contracting officer must consider the following factors:

(1) The soundness of the contractor's financial condition, including available lines of credit.

(2) The geographic dispersion of assets, so that the potential of a single loss depleting all the assets is unlikely.

(3) The history of previous losses, including frequency of occurrence and the financial impact of each loss.

28.3-3

28.309 FEDERAL ACQUISITION REGULATION

(4) The type and magnitude of risk, such as minor coverage for the deductible portion of purchased insurance or major

coverage for hazardous risks.

(5) The contractor's compliance with Federal and State laws and regulations.

(e) Agencies must not approve a program of self-insurance for catastrophic risks (e.g., see part 50 for special

procedures

for unusually hazardous or nuclear risks). Should performance of Government contracts create the risk of catastrophic losses,

the Government may, to the extent authorized by law, agree to indemnify the contractor or recognize an appropriate share of

premiums for purchased insurance, or both.

(f) Self-insurance programs to protect a contractor against the costs of correcting its own defects in materials or workmanship must not be approved. For these purposes, normal rework estimates and warranty costs will not be considered

self-insurance.

28.309 Contract clauses for workers? compensation insurance.

(a) The contracting officer must insert the clause at 52.228-3, Workers' Compensation Insurance (Defense Base Act), in

solicitations and contracts when the Defense Base Act applies (see 28.305) and?

(1) The contract will be a public-work contract performed outside the United States; or

(2) The contract will be approved or financed under the Foreign Assistance Act of 1961 (Pub.L.87-195) and is not

excluded by 28.305(b)(2).

(b) The contracting officer must insert the clause at 52.228-4, Workers' Compensation and War-Hazard Insurance Overseas, in solicitations and contracts when the contract will be a public-work contract performed outside the United States

and the Secretary of Labor waives the applicability of the Defense Base Act (see 28.305(d)).

28.310 Contract clause for work on a Government installation.

(a) Insert the clause at 52.228-5, Insurance?Work on a Government Installation, in solicitations and contracts if a fixed-

price contract is contemplated, the contract amount is expected to exceed the simplified acquisition threshold, and the contract will require work on a Government installation, unless?

(1) Only a small amount of work is required on the Government installation (e.g., a few brief visits per month); or

(2) All work on the Government installation will be performed outside the United States and its outlying areas.

(b) The contracting officer may insert the clause at 52.228-5 in solicitations and contracts described in paragraphs

(a)(1)

and (2) of this section if it is in the Government's interest to do so.

28.311 Solicitation provision and contract clause on liability insurance under cost-reimbursement contracts.

28.311-1 Contract clause.

In accordance with agency acquisition regulations, the contracting officer must insert the clause at 52.228-7, Insurance?

Liability to Third Persons, in solicitations and contracts, other than those for construction contracts and those for architect-

engineer services, when a cost-reimbursement contract is contemplated.

28.311-2 Agency solicitation provisions and contract clauses.

Agencies may prescribe their own solicitation provisions and contract clauses to implement the basic policies contained in

this subpart 28.3.

28.312 Contract clause for insurance of leased motor vehicles.

The contracting officer must insert the clause at 52.228-8, Liability and Insurance?Leased Motor Vehicles, in solicitations

and contracts for the leasing of motor vehicles (see part 8).

28.313 Contract clauses for insurance of transportation or transportation-related services.

(a) The contracting officer must insert the clause at 52.228-9, Cargo Insurance, in solicitations and contracts for transportation or for transportation-related services, except when freight is shipped under rates subject to released or declared value.

(b) The contracting officer must insert a clause substantially the same as that at 52.228-10, Vehicular and General Public

Liability Insurance, in solicitations and contracts for transportation or for transportation-related services when the contracting

officer determines that vehicular liability or general public liability insurance required by law is not sufficient.

28.3-4

part 28 does not constitute a determination as to the allowability of the program's cos

Status: Unknown

part 28 does not constitute a determination as to the allowability of the program's cost.

(3) If purchased insurance is available, any self-insurance charge plus insurance administration expenses in excess of

the cost of comparable purchased insurance plus associated insurance administration expenses is unallowable.

(4) Self-insurance charges for risks of catastrophic losses are unallowable (see 28.308(e)).

(d) Purchased insurance costs are allowable, subject to paragraph (e) of this section and the following limitations:

(1) For contracts subject to full CAS coverage, the contractor must measure, assign, and allocate costs in accordance

with 48 CFR 9904.416.

(2) For all contracts, premiums for insurance purchased from fronting insurance companies (insurance companies not

related to the contractor but who reinsure with a captive insurer of the contractor) are unallowable to the extent they exceed

the sum of?

(i) The amount that would have been allowed had the contractor insured directly with the captive insurer; and

(ii) Reasonable fronting company charges for services rendered.

(3) Actual losses are unallowable unless expressly provided for in the contract, except-

(i) Losses incurred under the nominal deductible provisions of purchased insurance, in keeping with sound business

practice, are allowable; and

(ii) Minor losses, such as spoilage, breakage, and disappearance of small hand tools that occur in the ordinary course

of business and that are not covered by insurance, are allowable.

(e) Self-insurance and purchased insurance costs are subject to the following cost limitations:

(1) Costs of insurance required or approved pursuant to the contract are allowable.

(2) Costs of insurance maintained by the contractor in connection with the general conduct of its business are

allowable

subject to the following limitations:

(i) Types and extent of coverage must follow sound business practice, and the rates and premiums must be reasonable.

(ii) Costs allowed for business interruption or other similar insurance must be limited to exclude coverage of profit.

(iii) The cost of property insurance premiums for insurance coverage in excess of the acquisition cost of the insured assets is allowable only when the contractor has a formal written policy assuring that in the event the insured property is

involuntarily converted, the new asset must be valued at the book value of the replaced asset plus or minus adjustments for

differences between insurance proceeds and actual replacement cost. If the contractor does not have such a formal written

policy, the cost of premiums for insurance coverage in excess of the acquisition cost of the insured asset is unallowable.

(iv) Costs of insurance for the risk of loss of Government property are allowable to the extent that the?

(A) Contractor is liable for such loss;

(B) Contracting officer has not revoked the Government's assumption of risk (see 45.104(b)); and

(C) Insurance does not cover loss of Government property that results from willful misconduct or lack of good

faith on the part of any of the contractor's managerial personnel (see the clause at FAR 52.245-1(h)(1)(ii)).

(v) Costs of insurance on the lives of officers, partners, proprietors, or employees are allowable only to the extent that the insurance represents additional compensation (see 31.205-6).

(3) The cost of insurance to protect the contractor against the costs of correcting its own defects in materials and

workmanship is unallowable.

31.2-20

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-22

(4) The cost of insurance to cover fortuitous or casualty losses resulting from defects in materials or workmanship are

allowable as a normal business expense.

(5) Premiums for retroactive or backdated insurance written to cover known losses that have occurred are unallowable.

(6) The Government is obligated to indemnify the contractor only to the extent authorized by law, as expressly provided

for in the contract, except as provided in paragraph (d)(3) of this section.

(7) Late premium payment charges related to employee deferred compensation plan insurance incurred pursuant to 29

U.S.C. 1307 or 29 U.S.C. 1323 are unallowable.

31.205-20 Interest and other financial costs.

(a) The following costs are unallowable:

(1) Interest on borrowings, however represented.

(2) Bond discounts.

(3) Costs of financing and refinancing capital (net worth plus long-term liabilities).

(4) Legal and professional fees paid in connection with preparing prospectuses (except see 31.205-28).

(5) Costs of preparing and issuing stock rights (except see 31.205-28).

(b) Interest assessed by State or local taxing authorities under the conditions specified in 31.205-41(b)(3) is allowable.

31.205-21 Labor relations costs.

(a) Costs incurred in maintaining satisfactory relations between the contractor and its employees, including costs of shop stewards, labor management committees, employee publications, and other related activities, are allowable.

(b) As required by Executive Order 13494, Economy in Government Contracting, costs of any activities undertaken to persuade employees of any entity to exercise, or not to exercise, or concerning the manner of exercising, the right to organize and bargain collectively, through representatives of the employees' own choosing are unallowable. Examples of unallowable costs are?

- (1) Preparing and distributing materials;
- (2) Hiring or consulting legal counsel or consultants;
- (3) Meetings (including paying the salaries of the attendees at meetings held for this purpose); and
- (4) Planning or conducting activities by managers, supervisors, or union representatives during work hours.

31.205-22 Lobbying and political activity costs.

(a) Costs associated with the following activities are unallowable:

(1) Attempts to influence the outcomes of any Federal, State, or local election, referendum, initiative, or similar procedure, through in-kind or cash contributions, endorsements, publicity, or similar activities.

(2) Establishing, administering, contributing to, or paying the expenses of a political party, campaign, political action committee, or other organization established for the purpose of influencing the outcomes of elections.

(3) Any attempt to influence the introduction of Federal, state, or local legislation, or enactment or modification of any pending Federal, state, or local legislation?

(i) Through communication with any member or employee of the Congress or state legislature including efforts to influence state or local officials to engage in similar lobbying activity, or with any government official or employee in connection with a decision to sign or veto enrolled legislation; or

(ii) By preparing, distributing or using publicity or propaganda, or by urging members of the general public or any segment thereof to contribute to or participate in any mass demonstration, march, rally, fund raising drive, lobbying campaign or letter writing or telephone campaign.

(4) Legislative liaison activities, including attendance at legislative sessions or committee hearings, gathering information regarding legislation, and analyzing the effect of legislation, when such activities are carried on in support of or in knowing preparation for an effort to engage in unallowable activities.

(5) Costs incurred in attempting to improperly influence (see 3.401), either directly or indirectly, an employee or officer of the Executive branch of the Government to give consideration to or act regarding a regulatory or contract matter.

(b) Costs associated with the following activities are excepted from paragraph (a) of this section:

- (1) Providing a technical and factual presentation of information on a topic directly related to the performance

of a

contract through a hearing testimony, statements, or letters to the Congress or a state legislature, or subdivision, member, or

cognizant staff member thereof, in response to a documented request (including a Congressional Record notice requesting

testimony or statements for the record at a regularly scheduled hearing) made by the recipient member, legislative body,

31.2-21

31.205-23 FEDERAL ACQUISITION REGULATION

or subdivision, or a cognizant staff member thereof, provided such information is readily obtainable and can be readily put

in deliverable form; and provided that costs under this section for transportation, lodging or meals are unallowable unless

incurred for the purpose of offering testimony at a regularly scheduled Congressional hearing pursuant to a written request for

such presentation made by the Chairman or Ranking Minority Member of the Committee or Subcommittee conducting such

hearing.

(2) Any lobbying made unallowable by paragraph (a)(3) of this section to influence state or local legislation in order to

directly reduce contract cost, or to avoid material impairment of the contractor's authority to perform the contract.

(3) Any activity specifically authorized by statute to be undertaken with funds from the contract.

(c) When a contractor seeks reimbursement for indirect costs, total lobbying costs must be separately identified in the

indirect cost rate proposal, and thereafter treated as other unallowable activity costs.

(d) Contractors must maintain adequate records to demonstrate that the certification of costs as being allowable or unallowable (see 42.703-2) pursuant to this section complies with the requirements of this section.

(e) Existing procedures should be utilized to resolve in advance any significant questions or disagreements concerning the

interpretation or application of this section.

31.205-23 Losses on other contracts.

Losses on other contracts, including the contractor's contributed portion under cost-sharing contracts, are unallowable.

31.205-24 [Reserved]

31.205-25 Manufacturing and production engineering costs.

(a) The following costs of manufacturing and production engineering effort are allowable:

(1) Developing and deploying new or improved materials, systems, processes, methods, equipment, tools and techniques that are, or are expected to be, used in producing products or services.

(2) Developing and deploying pilot production lines;

(3) Improving current production functions, such as plant layout, production scheduling and control, methods and job

analysis, equipment capabilities and capacities, inspection techniques, and tooling analysis (including tooling design and

application improvements).

(4) Material and manufacturing producibility analysis for production suitability and to optimize manufacturing

processes, methods, and techniques.

(b) This cost principle does not cover?

(1) Basic and applied research effort related to new technology, materials, systems, processes, methods, equipment,

tools and techniques (see 31.205-18); and

(2) Development effort for manufacturing or production materials, systems, processes, methods, equipment, tools and

techniques that are intended for sale (see 31.205-18).

(c) Where manufacturing or production development costs are capitalized or required to be capitalized under the contractor's capitalization policies, allowable cost will be determined in accordance with the requirements of 31.205-11.

31.205-26 Material costs.

(a) (1) Material costs include the costs of items, such as raw materials, parts, subassemblies, components, and manufacturing supplies, whether purchased or manufactured by the contractor, and may include collateral items such as

inbound transportation and in-transit insurance.

(2) In computing material costs, the contractor must consider reasonable overruns, spoilage, or defective work (unless

otherwise provided in any contract provision relating to inspecting and correcting defective work).

(b) The contractor must?

(1) Adjust the costs of material for income and other credits, including available trade discounts, refunds, rebates,

allowances, and cash discounts, and credits for scrap, salvage, and material returned to vendors; and

(2) Credit such income and other credits either directly to the cost of the material or allocate such income and other

credits as a credit to indirect costs. When the contractor can demonstrate that failure to take cash discounts was reasonable,

the contractor does not need to credit lost discounts.

(c) Reasonable adjustments arising from differences between periodic physical inventories and book inventories may be

included in arriving at costs when such adjustments relate to the period of contract performance.

31.2-22

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-29

(d) (1) When materials are purchased specifically for and are identifiable solely with performance under a contract, the

actual purchase cost of those materials should be charged to the contract.

(2) If material is issued from stores, any generally recognized method of pricing such material is acceptable if that

method is consistently applied and the results are equitable.

(e) Allowance for materials, supplies and services that are sold or transferred between any divisions, subdivisions, subsidiaries, or affiliates of the contractor under a common control?

(1) Must be on the basis of cost incurred in accordance with this subpart; or

(2) May be at price when?

(i) It is the established practice of the transferring organization to price interorganizational transfers at other than cost for commercial work of the contractor or any division, subsidiary or affiliate of the contractor under a common

control;

and

(ii) The item being transferred qualifies for an exception under 15.403-1(b) and the contracting officer has not determined the price to be unreasonable.

(f) When a commercial product or commercial service under paragraph (e) of this section is sold or transferred at a price

based on a catalog or market price, the contractor?

(1) Should adjust the price to reflect the quantities being acquired; and

(2) May adjust the price to reflect the actual cost of any modifications necessary because of contract requirements.

31.205-27 Organization costs.

(a) (1) Except as provided in paragraph (b) of this section, expenditures in connection with the following are unallowable

?

(i) Planning or executing the organization or reorganization of the corporate structure of a business, including mergers and acquisitions,

(ii) Resisting or planning to resist the reorganization of the corporate structure of a business or a change in the controlling interest in the ownership of a business, and

(iii) Raising capital (net worth plus long-term liabilities).

(2) Such expenditures include incorporation fees and costs of attorneys, accountants, brokers, promoters and organizers,

management consultants and investment counselors, whether or not employees of the contractor.

(3) Unallowable reorganization costs include the cost of any change in the contractor's financial structure, excluding

administrative costs of short-term borrowings for working capital, resulting in alterations in the rights and interests of security

holders, whether or not additional capital is raised.

(b) The cost of activities primarily intended to provide compensation will not be considered organizational costs subject to

this section but will be governed by 31.205-6. These activities include acquiring stock for?

(1) Executive bonuses;

(2) Employee savings plans; and

(3) Employee stock ownership plans.

31.205-28 Other business expenses.

The following types of recurring costs are allowable:

(a) Registry and transfer charges resulting from changes in ownership of securities issued by the contractor.

(b) Cost of shareholders' meetings.

(c) Normal proxy solicitations.

(d) Preparing and publishing reports to shareholders.

(e) Preparing and submitting required reports and forms to taxing and other regulatory bodies.

(f) Incidental costs of directors' and committee meetings.

(g) Other similar costs.

31.205-29 Plant protection costs.

Allowable plant protection costs include?

- (a) Wages, uniforms, and equipment of personnel engaged in plant protection;
- (b) Depreciation on plant protection capital assets; and
- (c) Necessary expenses to comply with military requirements.

31.2-23

31.205-30 FEDERAL ACQUISITION REGULATION

31.205-30 Patent costs.

- (a) The following patent costs are allowable when incurred as a requirement of a Government contract (except see

31.205-33):

- (1) Costs of preparing invention disclosures, reports, and other documents.
- (2) Costs for searching the art to the extent necessary to make the invention disclosures.
- (3) Other costs in connection with the filing and prosecution of a United States patent application where title or royalty-

free license is to be conveyed to the Government.

(b) General counseling services relating to patent matters, such as advice on patent laws, regulations, clauses, and employee agreements, are allowable.

- (c) Other than those for general counseling services, patent costs not required by the contract are unallowable (see

31.205-37).

31.205-31 Plant reconversion costs.

- (a) Plant reconversion costs are those incurred in restoring or rehabilitating the contractor's facilities to approximately the

same condition that existed immediately prior to the start of the Government contract, with the exception of reasonable wear

and tear.

(b) Reconversion costs are unallowable except for the cost of removing Government property and the restoration or rehabilitation costs caused by such removal.

- (c) In circumstances, where equity so dictates, additional costs may be allowed to the extent agreed upon before costs are

incurred. Care should be exercised to avoid duplication of costs through allowance as contingencies, additional profit or fee,

or in other contracts.

31.205-32 Precontract costs.

Precontract costs are costs incurred before the effective date of the contract directly pursuant to the negotiation and in anticipation of the contract award when such incurrence is necessary to comply with the proposed contract delivery schedule.

These costs are allowable to the extent that they would have been allowable if incurred after the date of the contract (see

31.110).

31.205-33 Professional and consultant service costs.

- (a) Definition.

Professional and consultant services, as used in this section, means services provided by persons who are members of a

particular profession or possess a special skill and who are not officers or employees of the contractor (e.g., services acquired

by contractors or subcontractors in order to enhance their legal, economic, financial, or technical positions).

(b) Professional and consultant services are generally acquired to obtain information, advice, opinions, alternatives, conclusions, recommendations, training, or direct assistance, such as for studies, analyses, evaluations, liaison with Government officials, or other forms of representation.

(c) Costs of professional and consultant services are allowable subject to this section when reasonable in relation to the services rendered and when not contingent upon recovery of the costs from the Government (except see 31.205-30 and

31.205-47).

(d) Costs of professional and consultant services performed under any of the following circumstances are unallowable:

(1) Services to improperly obtain, distribute, or use information or data protected by law or regulation (e.g.,

52.215-1(e), Restriction on Disclosure and Use of Data).

(2) Services that are intended to improperly influence the contents of solicitations, the evaluation of proposals or quotations, or the selection of sources for contract award, whether award is by the Government, or by a prime contractor or subcontractor.

(3) Any other services obtained, performed, or otherwise resulting in violation of any statute or regulation prohibiting improper business practices or conflicts of interest.

(4) Services performed that are inconsistent with the purpose and scope of the services contracted for or otherwise agreed upon.

(e) In determining the allowability of costs (including retainer fees), no single factor or combination of factors is necessarily determinative; therefore, the contracting officer must consider the following factors:

(1) The nature and scope of the service rendered in relation to the service required.

(2) The necessity of contracting for the service, considering the contractor's capability in the particular area.

31.2-24

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-35

(3) The past pattern of acquiring such services and their costs, particularly in the years prior to the award of Government contracts.

(4) The impact of Government contracts on the contractor's business.

(5) Whether the proportion of Government work to the contractor's total business is such as to influence the contractor in favor of incurring the cost, particularly when the services rendered are not of a continuing nature and have little relationship to work under Government contracts.

(6) Whether the service can be performed more economically by employment rather than by contracting.

(7) The qualifications of the individual or concern rendering the service, and the customary fee charged, especially on non-Government contracts.

(8) Adequacy of the contractual agreement for the service (e.g., description of the service, estimate of time required, rate of compensation, termination provisions)

(f) Retainer fees are allowable when supported by evidence that?

- (1) The services covered by the retainer agreement are necessary and customary;
- (2) The level of past services justifies the amount of the retainer fees (if no services were rendered, fees are not automatically unallowable);
- (3) The retainer fee is reasonable in comparison with maintaining an in-house capability to perform the covered services, when factors such as cost and level of expertise are considered; and
- (4) The actual services performed are documented in accordance with the following?
 - (i) Fees for services rendered are allowable only when supported by evidence of the nature and scope of the service furnished (see also 31.205-38(c)); and
 - (ii) Evidence necessary to determine that work performed is proper, does not violate law or regulation, and includes ?
 - (A) Details of all agreements (e.g., work requirements, rate of compensation, and nature and amount of other expenses, if any) with the individuals or organizations providing the services and details of actual services performed;
 - (B) Invoices or billings submitted by consultants, including sufficient detail as to the time expended and nature of the actual services provided; and
 - (C) Consultants' work products and related documents, such as trip reports indicating persons visited and subjects discussed, meeting minutes, and collateral memoranda and reports.

31.205-34 Recruitment costs.

- (a) The following costs are allowable:
 - (1) Costs for employment agencies, not in excess of standard commercial rates.
 - (2) Costs of operating an employment office needed to secure and maintain an adequate labor force.
 - (3) Costs of operating an aptitude and educational testing program.
 - (4) Travel costs of employees engaged in recruiting personnel.
 - (5) Travel costs of applicants for interviews.
 - (6) Costs of help-wanted advertising.
- (b) Help-wanted advertising costs are unallowable if the advertising?
 - (1) Does not describe specific positions or classes of positions; or
 - (2) Includes material that is not relevant for recruitment purposes, such as extensive illustrations or descriptions of the company's products or capabilities.

31.205-35 Relocation costs.

- (a) Relocation costs are costs incident to the permanent change of assigned work location (for a period of 12 months or more) of an existing employee or upon recruitment of a new employee. The following types of relocation costs are allowable:
 - (1) Costs of travel of the employee and members of the employee's immediate family (see 31.205-46) and transportation of household items and personal effects to the new location.
 - (2) Costs of finding a new home, such as advance trips by the employee and/or the spouse, to locate living quarters, and temporary lodging during the transition period for the employee and members of the employee's immediate family.

(3) Closing costs incident to the disposition of the actual residence owned by the employee when notified of the transfer

(e.g., brokerage fees, legal fees, appraisal fees, points, and finance charges), except that these costs, when added to the costs

described in paragraph (a)(4) of this section, must not exceed 14 percent of the sales price of the property sold.

31.2-25

31.205-35 FEDERAL ACQUISITION REGULATION

(4) Continuing costs of ownership of the vacant former actual residence being sold, such as maintenance of building

and grounds (exclusive of fixing up expenses), utilities, taxes, property insurance, and mortgage interest, after the settlement

date or lease date of a new permanent residence, except that these costs, when added to the costs described in paragraph (a)

(3) of this section, must not exceed 14 percent of the sales price of the property sold.

(5) The cost of a mortgage title policy is allowable if it is a cost incident to acquiring a home in a new location.

(6) Other necessary and reasonable expenses normally incident to relocation, such as disconnecting and connecting

household appliances; automobile registration; driver's license and use taxes; cutting and fitting rugs, draperies, and curtains;

forfeited utility fees and deposits; and purchase of insurance against damage to or loss of personal property while in transit.

(7) Costs incident to acquiring a home in the new work location, except that?

(i) These costs are not allowable for existing employees or newly recruited employees who were not homeowners before the relocation; and

(ii) The total costs must not exceed 5 percent of the purchase price of the new home.

(8) Mortgage interest differential payments, except that these costs are not allowable for existing or newly recruited

employees who, before the relocation, were not homeowners and the total payments are limited to an amount determined as

follows:

(i) The difference between the mortgage interest rates of the old and new residences times the current balance of the

old mortgage times 3 years.

(ii) When mortgage differential payments are made on a lump-sum basis and the employee leaves or is transferred again in less than 3 years, the amount initially recognized must be proportionately adjusted to reflect payments only for the

actual time of the relocation.

(9) Rental differential payments covering situations where relocated employees retain ownership of a vacated home in

the old location and rent at the new location. The rented quarters at the new location must be comparable to those vacated,

and the allowable differential payments may not exceed the actual rental costs for the new home, less the fair market rent for

the vacated home times 3 years.

(10) Costs of canceling an unexpired lease.

(11) Payments for increased employee income or Federal Insurance Contributions Act (26 U.S.C. chapter 21) taxes

incident to allowable reimbursed relocation costs.

(12) Payments for spouse employment assistance.

(b) The costs in paragraph (a) of this section must meet the following criteria to be considered allowable:

(1) The move must be for the benefit of the employer.

(2) Reimbursement must be in accordance with an established policy or practice that is consistently followed by the

employer and is designed to motivate employees to relocate promptly and economically.

(3) The costs must not be otherwise unallowable under subpart 31.2.

(4) Amounts to be reimbursed must not exceed the employee's actual expenses, except as provided for in paragraphs

(b)(5) and (b)(6) of this section.

(5) For miscellaneous costs of the type discussed in paragraph (a)(6) of this subsection, a lump-sum amount, not to

exceed \$5,000, may be allowed in lieu of actual costs.

(6) (i) Reimbursement on a lump-sum basis may be allowed for any of the following relocation costs when adequately

supported by data on the individual elements (e.g., transportation, lodging, and meals) comprising the build-up of the lump-

sum amount to be paid based on the circumstances of the particular employee's relocation:

(A) Costs of finding a new home, as discussed in paragraph (a)(2) of this section.

(B) Costs of travel to the new location, in accordance with paragraph (a)(1) of this section (but not costs for the

transportation of household goods).

(C) Costs of temporary lodging, in accordance with paragraph (a)(2) of this section.

(ii) When reimbursement on a lump-sum basis is used, any adjustments to reflect actual costs are unallowable.

(c) The following types of costs are unallowable:

(1) Loss on the sale of a home.

(2) Costs incident to acquiring a home in the new location as follows:

(i) Real estate brokers' fees and commissions.

(ii) Costs of litigation.

(iii) Real and personal property insurance against damage or loss of property.

(iv) Mortgage life insurance.

31.2-26

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-37

(v) Owner's title policy insurance when such insurance was not previously carried by the employee on the old residence.

(vi) Property taxes and operating or maintenance costs.

(3) Continuing mortgage principal payments on a residence being sold.

(4) Costs incident to furnishing equity or nonequity loans to employees or making arrangements with lenders for

employees to obtain lower-than-market rate mortgage loans.

(d) If relocation costs for an employee have been allowed as an allocable indirect or direct cost, and the employee resigns

within 12 months for reasons within the employee's control, the contractor must refund or credit the relocation costs to the

Government.

(e) Subject to the requirements of this section, the costs of family movements and of personnel movements of a special or

mass nature are allowable. The cost, however, should be assigned on the basis of work (contracts) or time period benefited.

(f) Relocation costs (both outgoing and return) of employees who are hired for performance on specific contracts or long-

term field projects are allowable if the?

(1) Term of employment is 12 months or more;

(2) Employment agreement specifically limits the duration of employment to the time spent on the contract or field

project for which the employee is hired;

(3) Employment agreement provides for return relocation to the employee's permanent and principal home immediately

prior to the outgoing relocation, or other location of equal or lesser cost; and

(4) Relocation costs are determined in accordance with this section.

(5) The costs to return employees, who are released from employment upon completion of field assignments pursuant

to their employment agreements, are not subject to the refund or credit requirement of paragraph (d) of this section.

31.205-36 Rental costs.

(a) This section is applicable to the cost of renting or leasing real or personal property acquired under operating leases

as defined in Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) 842, Leases. (See

31.205-11 for capital leases.)

(b) The following costs are allowable?

(1) Rental costs under operating leases, when the rates are reasonable at the time of the lease decision, after consideration of?

(i) Rental costs of comparable property, if any;

(ii) Market conditions in the area;

(iii) The type, life expectancy, condition, and value of the property leased;

(iv) Alternatives available; and

(v) Other provisions of the agreement.

(2) Rental costs under a sale and leaseback arrangement only up to the amount the contractor would be allowed if the

contractor retained title, and the computation of which is based on the net book value of the asset on the date the contractor

becomes a lessee of the property adjusted for any gain or loss recognized in accordance with 31.205-16(b).

(3) Charges in the nature of rent for property between any divisions, subsidiaries, or organization under common

control?

(i) To the extent that they do not exceed the normal costs of ownership, such as depreciation, taxes, insurance, facilities capital cost of money, and maintenance (excluding interest or other unallowable costs pursuant to part 31); and

(ii) Provided that no part of such costs must duplicate any other allowed cost

(4) Rental cost of personal property leased from any division, subsidiary, or affiliate of the contractor under common

control, that has an established practice of leasing the same or similar property to unaffiliated lessees must be allowed in

accordance with paragraph (b)(1) of this section.

(c) The allowability of rental costs under unexpired leases in connection with terminations is subject to 31.205-42(e).

31.205-37 Royalties and other costs for use of patents.

(a) Royalties on a patent or amortization of the cost of purchasing a patent or patent rights necessary for the proper performance of the contract and applicable to contract products or processes are allowable unless?

(1) The Government has a license or the right to a free use of the patent;

(2) The patent has been adjudicated to be invalid, or has been administratively determined to be invalid;

(3) The patent is considered to be unenforceable; or

31.2-27

31.205-38 FEDERAL ACQUISITION REGULATION

(4) The patent is expired.

(b) Care should be exercised in determining reasonableness when the royalties may have been arrived at as a result of less-

than-arm's-length bargaining, including royalties?

(1) Paid to persons, including corporations, affiliated with the contractor;

(2) Paid to unaffiliated parties, including corporations, under an agreement entered into in contemplation that a Government contract would be awarded; or

(3) Paid under an agreement entered into after the contract award.

(c) The royalty amount allowed for a patent formerly owned by a contractor should not exceed the cost that would have

been allowed had the contractor retained title.

31.205-38 Selling costs.

(a) (1) Selling encompasses all efforts to market the contractor's products or services, some of which are addressed in

other sections of 31.205.

(2) The costs of any selling efforts other than those addressed in this cost principle are unallowable.

(b) Selling activity includes the following broad categories:

(1) Advertising. Advertising is defined at 31.205-1(b), and advertising costs are subject to the allowability provisions of

31.205-1(d) and (f).

(2) Corporate image enhancement. Corporate image enhancement activities, including broadly targeted sales efforts,

other than advertising, are included within the definition of public relations at 31.205-1(a), and the costs of such efforts are

subject to the allowability provisions at 31.205-1(e) and (f).

(3) Bid and proposal costs. Bid and proposal costs are defined at 31.205-18 and are subject to the allowability provisions of that section.

(4) Market planning. Market planning involves market research and analysis and general management planning concerned with development of the contractor's business. Long-range market planning costs are subject to the allowability provisions of 31.205-12. Other market planning costs are allowable.

(5) Direct selling. Direct selling efforts are those acts or actions to induce particular customers to purchase particular products or services of the contractor. Direct selling is characterized by person-to-person contact and includes such efforts as familiarizing a potential customer with the contractor's products or services, conditions of sale, service capabilities, etc. It also includes negotiation, liaison between customer and contractor personnel, technical and consulting efforts, individual demonstrations, and any other efforts having as their purpose the application or adaptation of the contractor's products or services for a particular customer's use. The cost of direct selling efforts is allowable.

(c) Notwithstanding any other limitation of this section, seller or agent compensation, fees, commissions, percentages, retainer or brokerage fees, whether or not contingent upon the award of contracts, are allowable only when paid to bona fide employees or established commercial or selling agencies maintained by the contractor for the purpose of securing business.

31.205-39 Service and warranty costs.

(a) Service and warranty costs include those arising from the fulfillment of any contractual obligation of a contractor to provide services, such as installation, training, correcting defects in the products, replacing defective parts, and making refunds in the case of inadequate performance.

(b) When consistent with the terms of the contract, service and warranty costs are allowable. However, care should be exercised to avoid duplication of the allowance as an element of both estimated product cost and risk.

31.205-40 Special tooling and special test equipment costs.

(a) Except as provided in paragraph (b), the cost of special tooling and special test equipment used in performing one or more Government contracts is allowable and must be allocated to the specific Government contract or contracts for which it is acquired.

(b) Depreciation or amortization is the only allowable cost for special tooling and special test equipment?

- (1) Acquired or replaced by the contractor before the effective date of the contract, whether or not altered or adapted for use in performing the contract; or
- (2) Specifically excluded in the contract schedule.

- (c) The cost to adapt contractor-owned special tooling or special test equipment for use under a contract is an allowable

cost. The cost to return the equipment to its prior configuration is also an allowable cost.

31.2-28

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-41

31.205-41 Taxes.

- (a) Definition.

Exemption, as used in this section, means freedom from taxation, in whole or in part, and includes a tax abatement or reduction resulting from mode of assessment, method of calculation, or otherwise.

- (b) The following types of costs are allowable:

- (1) Federal, State, and local taxes (see part 29) that are required to be and are paid or accrued in accordance with

generally accepted accounting principles.

- (2) Taxes otherwise allowable under paragraph (b)(1) of this section, but upon which a claim of illegality or erroneous

assessment exists, are allowable provided the contractor, before paying such taxes?

- (i) Promptly requests instructions from the contracting officer concerning such taxes; and

(ii) Takes all action directed by the contracting officer arising out of paragraph (b)(2)(i) of this section or an independent decision of the Government as to the existence of a claim of illegality or erroneous assessment, to?

- (A) Determine the legality of the assessment; or

- (B) Secure a refund of such taxes.

- (3) Interest or penalties incurred by the contractor for non-payment of any tax at the direction of the contracting officer

or by reason of the failure of the contracting officer to ensure timely direction after a prompt request.

- (4) The Environmental Tax, also known as the Superfund Tax, (section 59A of the Internal Revenue Code).

- (c) The following types of costs are not allowable:

- (1) Federal income and excess profits taxes.

- (2) Taxes in connection with financing, refinancing, refunding operations, or reorganizations (see 31.205-20 and

31.205-27).

- (3) Taxes from which exemptions are available to the contractor directly, or available to the contractor based on an

exemption afforded the Government, except when the contracting officer determines that the administrative burden incident

to obtaining the exemption outweighs the corresponding benefits accruing to the Government. When partial exemption from

a tax is attributable to Government contract activity, taxes charged to such work in excess of that amount resulting from application of the preferential treatment. These provisions intend that the tax preference attributable to the Government contract activity be realized by the Government.

- (4) Special assessments on land that represent capital improvements.

- (5) Taxes (including excises) on real or personal property, or on the value, use, possession or sale of such property,

which is used solely in connection with work other than on Government contracts.

- (6) Any excise tax in subtitle D, Chapter 43 of the Internal Revenue Code of 1986, which includes excise taxes

imposed in connection with qualified pension plans, welfare plans, deferred compensation plans, or other similar types of plans.

(7) Income tax accruals designed to account for the tax effects of differences between taxable income and pretax

income as reflected by the books of account and financial statements.

(8) Any tax imposed under 26 U.S.C. 5000C.

(d) Taxes on property used solely in connection with non-Government or Government work should be considered directly

applicable to the respective category of work unless the amounts involved are insignificant or comparable results would otherwise be obtained, for example?

(1) Taxes on contractor-owned work-in-process that is used solely in connection with non-Government work should be

allocated to such work;

(2) Taxes on contractor-owned work-in-process inventory (and Government-owned work-in-process inventory when

taxed) used solely in connection with Government work should be charged to such work; and

(3) The cost of taxes incurred on property used in both Government and non-Government work must be apportioned to

all such work based upon the use of such property on the respective final cost objectives.

(e) Any taxes, interest, or penalties that were allowed as contract costs and are refunded to the contractor must be credited

or paid to the Government as directed by the contracting officer.

(1) If a contractor or subcontractor obtains a foreign tax credit that reduces its Federal income tax return because of

the payment of any tax or duty allowed as contract costs, and if those costs were reimbursed by a foreign government, the

amount of the reduction must be paid to the United States Treasury at the time the Federal income tax return is filed.

(2) Any interest actually paid or credited to a contractor incident to a refund of tax, interest, or penalty must be paid or

credited to the Government only to the extent that such interest accrued over the period during which the contractor had been

reimbursed by the Government for the taxes, interest, or penalties.

31.2-29

31.205-42 FEDERAL ACQUISITION REGULATION

31.205-42 Termination costs.

The following cost principles apply to contract terminations and are used in conjunction with the other cost principles in this subpart:

(a) Common items. The contracting officer should consider the contractor's plans and orders for current and planned

production when determining if items can reasonably be used on other work of the contractor.

(1) The costs of items reasonably usable on the contractor's other work must not be allowable unless the contractor

submits evidence that the items could not be retained at cost without sustaining a loss.

(2) Contemporaneous purchases of common items by the contractor must be regarded as evidence that such items are

reasonably usable on the contractor's other work.

(3) Any acceptance of common items as allocable to the terminated portion of the contract should be limited to the extent that the quantities of such items on hand, in transit, and on order are in excess of the reasonable quantitative requirements of other work.

(b) Costs continuing after termination.

(1) Despite all reasonable efforts by the contractor, costs that cannot be discontinued immediately after the effective

date of termination are generally allowable.

(2) Costs continuing after the effective date of the termination due to the negligent or willful failure of the contractor to

discontinue the costs must be unallowable.

(c) Initial costs. Initial costs, including starting load and preparatory costs, are allowable as follows:

(1) Starting load costs, not fully absorbed because of termination, are nonrecurring labor, material, and related overhead

costs incurred in the early part of production and result from factors such as?

(i) Excessive spoilage due to inexperienced labor;

(ii) Idle time and subnormal production due to testing and changing production methods;

(iii) Training; and

(iv) Lack of familiarity or experience with the product, materials, or manufacturing processes.

(2) Preparatory costs incurred in preparing to perform the terminated contract include such costs as those incurred for

initial plant rearrangement and alterations, management and personnel organization, and production planning. They do not

include special machinery and equipment and starting load costs.

(3) When initial costs are included in the settlement proposal as a direct charge, such costs must not be included in

overhead. Initial costs attributable to only one contract must not be allocated to other contracts.

(4) If initial costs are claimed and they have not been segregated on the contractor's books, they must be segregated

for settlement purposes from cost reports and schedules reflecting that high unit cost incurred during the early stages of the

contract.

(5) If the settlement proposal is on the inventory basis, initial costs should normally be allocated on the basis of total

end items called for by the contract immediately before termination; however, if the contract includes end items of a diverse

nature, some other equitable basis may be used, such as machine or labor hours.

(d) Loss of useful value. Loss of useful value of special tooling, and special machinery and equipment is generally allowable, provided the?

(1) Special tooling, or special machinery and equipment is not reasonably capable of use in the other work of the

contractor;

(2) Government's interest is protected by transfer of title or by other means deemed appropriate by the

contracting

officer; and

(3) Loss of useful value for any one terminated contract is limited to that portion of the acquisition cost, which bears

the same ratio to the total acquisition cost as the terminated portion of the contract bears to the entire terminated contract, and

other Government contracts for which the special tooling, or special machinery and equipment was acquired.

(e) Rental under unexpired leases. Rental costs under unexpired leases, less the residual value of such leases, are allowable

when reasonably necessary for the performance of the terminated contract, if?

(1) The amount of rental claimed does not exceed the reasonable use value of the property leased for the period of the

contract and such further period as may be reasonable; and

(2) The contractor makes all reasonable efforts to terminate, assign, settle, or otherwise reduce the cost of such lease.

(f) Alterations of leased property. The cost of alterations and reasonable restorations required by the lease may be allowed

when the alterations were necessary for performing the contract.

(g) Settlement expenses. (1) Settlement expenses, including the following, are generally allowable:

(i) Accounting, legal, clerical, and similar costs reasonably necessary for?

31.2-30

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-46

(A) The preparation and presentation of settlement claims, including supporting data, to the contracting officer;

and

(B) The termination and settlement of subcontracts.

(ii) Reasonable costs for the storage, transportation, protection, and disposition of property acquired or produced for

the contract.

(iii) Indirect costs related to salary and wages incurred as settlement expenses in paragraphs (g)(1)(i) and (g)(1)(ii); normally, such indirect costs must be limited to payroll taxes, fringe benefits, occupancy costs, and immediate supervision

costs.

(2) If settlement expenses are significant, a cost account or work order must be established to separately identify and

accumulate them.

(h) Subcontractor claims.

(1) Subcontractor claims, including the allocable portion of the claims common to the contract and to other work of the

contractor, are generally allowable.

(2) An appropriate share of the contractor's indirect expense may be allocated to the amount of settlements with

subcontractors provided that the amount allocated is reasonably proportionate to the relative benefits received and is otherwise consistent with 31.201-4 and 31.203(d). The indirect expense so allocated must exclude the same and

similar costs

claimed directly or indirectly as settlement expenses.

31.205-43 Trade, business, technical, and professional activity costs.

The following types of costs are allowable:

- (a) Memberships in trade, business, technical, and professional organizations.
- (b) Subscriptions to trade, business, professional, or other technical periodicals.
- (c) When the principal purpose of a meeting, convention, conference, symposium, or seminar is the dissemination of trade,

business, technical or professional information or the stimulation of production or improved productivity?

- (1) Costs of organizing, setting up, and sponsoring the meetings, conventions, symposia, etc., including rental of

meeting facilities, transportation, subsistence, and incidental costs;

- (2) Costs of attendance by contractor employees, including travel costs (see 31.205-46); and

- (3) Costs of attendance by individuals who are not employees of the contractor when?

- (i) Such costs are not also reimbursed to the individual by the employing company or organization, and

- (ii) The individual's attendance is essential to achieve the purpose of the conference, meeting, convention,

symposium, etc.

31.205-44 Training and education costs.

Costs for employee training and education that are related to the field in which the employee works, or may reasonably be

expected to work, are allowable except for the following:

- (a) Overtime compensation for training and education is unallowable.

- (b) The cost of salaries for attending undergraduate level classes or part-time graduate level classes during working hours

is unallowable, except when unusual circumstances do not permit attendance at such classes outside of working hours.

- (c) Costs of tuition, fees, training materials, textbooks, subsistence, salary, and any other payments in connection with full-

time graduate level education, are unallowable for any portion of the program that exceeds two school years or the length of

the degree program, whichever is less.

- (d) Grants to educational or training institutions, including the donation of facilities or other properties, scholarships, and

fellowships are considered contributions and are unallowable.

- (e) Training or education costs for other than bona fide employees are unallowable, except that the costs incurred for

educating employee dependents (primary and secondary level studies) when the employee is working in a foreign country

where suitable public education is not available may be included in overseas differential pay.

- (f) Contractor contributions to college savings plans for employee dependents are unallowable.

31.205-45 [Reserved]

31.205-46 Travel costs.

(a) Costs for transportation, lodging, meals, and incidental expenses. (1) Costs incurred by contractor personnel on official company business are allowable, subject to the limitations contained in this section.

31.2-31

31.205-46 FEDERAL ACQUISITION REGULATION

(i) Costs for transportation may be based on mileage rates, actual costs incurred, or on a combination thereof, provided the method used results in a reasonable charge.

(ii) Costs for lodging, meals, and incidental expenses may be based on per diem, actual expenses, or a combination thereof, provided the method used results in a reasonable charge.

(2) Except as provided in paragraph (a)(3) of this section, costs incurred for lodging, meals, and incidental expenses, must be considered to be reasonable and allowable only to the extent that they do not exceed, on a daily basis, the maximum per diem rates in effect at the time of travel as set forth in the?

(i) Federal Travel Regulation (FTR), prescribed by the General Services Administration, for travel in the United States, available at chapters 300 through 304 of title 41 CFR;

(ii) Joint Travel Regulations (JTR), prescribed by the Department of Defense, for the United States and its outlying areas, available at <https://www.travel.dod.mil/Policy-Regulations/Joint-Travel-Regulations/>; or

(iii) Standardized Regulations (Government Civilians, Foreign Areas), section 925, Maximum Travel Per Diem Allowances of Foreign Areas, prescribed by the Department of State, for travel in areas not covered in (a)(2)(i) and (ii) of this paragraph, available at https://allowances.state.gov/content.asp?content_id=134&menu_id=75.

(3) In unusual situations, actual costs in excess of the maximum per diem rates are allowable provided that such amounts do not exceed the higher amounts authorized for Federal civilian employees as permitted in the regulations referenced in paragraph (a)(2) (i), (ii), or (iii) or this section. For such higher amounts to be allowable, the following conditions must be met:

(i) One of the conditions warranting approval of the actual expense method, as set forth in the regulations referred in paragraph (a)(2)(i), (ii), or (iii) of this section, must exist.

(ii) A written justification for use of the higher amounts must be approved by an official of the contractor's organization.

(iii) If it becomes necessary to exercise the authority to use the higher actual expense method repetitively or on a continuing basis in a particular area, the contractor must obtain advance approval from the contracting officer.

(iv) Documentation to support actual costs incurred must be in accordance with the contractor's established practices, subject to paragraph (a)(7) of this section, and a receipt is required for each expenditure of \$75.00 or more. The approved justification required by paragraph (a)(3)(ii) of this section and, if applicable, paragraph (a)(3)(iii) of this section must be retained.

(4) Paragraphs (a)(2) and (a)(3) of this section do not incorporate the regulations cited in paragraphs (a)(2)(i), (ii), and (iii) of this section in their entirety. Only the maximum per diem rates, the definitions of lodging, meals, and incidental expenses, and the regulatory coverage dealing with unusual situations are addressed.

(5) Contracting officers should consider an advance agreement to address compliance with paragraphs (a)(2) and (3) of this section (see 31.110).

(6) (i) The maximum per diem rates referenced in paragraph (a)(2) of this section generally would not constitute a reasonable daily charge?

(A) When no lodging costs are incurred; and/or

(B) On partial travel days (e.g., day of departure and return).

(ii) (A) The contractor must make appropriate downward adjustments from the maximum per diem rates under these circumstances.

(B) While these adjustments need not be calculated in accordance with the FTR or JTR, they must result in a

reasonable charge.

(7) Costs must be allowable only if the following information is documented-

(i) Date and place (city, town, or other similar designation) of the expenses;

(ii) Purpose of the trip; and

(iii) Name of person on trip and that person's title or relationship to the contractor.

(b) Excess airfare costs. (1) Airfare costs in excess of the lowest priced airfare available to the contractor during normal

business hours are unallowable except when the lowest price airfare results in?

(i) Circuitous routing;

(ii) Travel during unreasonable hours;

(iii) Excessively prolonged travel;

(iv) Increased costs that would offset transportation savings;

(v) Unreasonable or inadequate conditions for the physical or medical needs of the traveler; or

(vi) An inability to meet mission requirements.

31.2-32

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-47

(2) Airfare costs in excess of the lowest priced airfare that meet the criteria in paragraph (b)(1) of this section are

allowable if documented and justified.

(c) Cost of travel by contractor-owned, -leased, or -chartered aircraft. This includes the cost of lease, charter, operation

(including personnel), maintenance, depreciation, insurance, and other related costs.

(1) Such costs are limited to the allowable airfare described in paragraph (b) of this section for the flight destination

unless this manner of travel is specifically required by the contract or a higher amount is approved by the contracting officer.

(2) A higher amount may be agreed to when the criteria in paragraph (b) of this section are met, or when an advance

agreement under paragraph (5) of this section has been executed.

(3) In all cases, travel by contractor-owned, -leased, or -chartered aircraft must be fully documented and justified.

(4) For each contractor-owned, -leased, or -chartered aircraft used for any business purpose which is charged or

allocated, directly or indirectly, to a Government contract, the contractor must maintain and make available manifest/logs for

all flights on such company aircraft. As a minimum, the manifest/log must indicate?

- (i) Date, time, and points of departure;
- (ii) Destination, date, and time of arrival;
- (iii) Name of each passenger and relationship to the contractor;
- (iv) Authorization for trip; and
- (v) Purpose of trip.

(5) Where an advance agreement is proposed (see 31.110), consideration may be given to the following:

(i) Whether scheduled commercial airlines or other suitable, less costly, travel accommodations are available at reasonable times, with reasonable frequency, and serve the required destinations conveniently.

(ii) Whether increased flexibility in scheduling results in time savings and more effective use of personnel that would outweigh additional travel costs.

(d) (1) Costs of contractor-owned or leased automobiles, as used in this paragraph, include the costs of lease, operation

(including personnel), maintenance, depreciation, insurance, etc., and are allowable, if reasonable, to the extent that the

automobiles are used for company business.

(2) That portion of the cost of company-furnished automobiles that relates to personal use by employees (including

transportation to and from work) is compensation for personal services and is unallowable.

31.205-47 Costs related to legal and other proceedings.

(a) Definitions. As used in this section-

Costs means costs including administrative and clerical expenses; the costs of legal services, whether performed by in-house or private counsel; the costs of the services of accountants, consultants, or others retained by the contractor to assist

it; costs of employees, officers, and directors; and any similar costs incurred before, during, and after commencement of a

judicial or administrative proceeding, which bears a direct relationship to the proceedings.

Fraud means acts?

(1) Of fraud or corruption or attempts to defraud the Government or to corrupt its agents;

(2) That constitute a cause for debarment or suspension under 9.406-2(a) and 9.407-2(a); and

(3) That violate the False Claims Act, 31 U.S.C., sections 3729-3731, or 41 U.S.C. chapter 87, Kickbacks.

Penalty does not include restitution, reimbursement, or compensatory damages.

Proceeding includes an investigation.

(b) Costs incurred in connection with any proceeding brought by a Federal, State, local, or foreign government for a violation of, or failure to comply with, law or regulation by the contractor (including its agents or employees) (41 U.S.C. 4310 and 10 U.S.C. 3750); a contractor or subcontractor employee submitting a whistleblower complaint of reprisal in accordance with 41 U.S.C. 4712 or 10 U.S.C. 4701; or third party, in the name of the United States under the False Claims

Act (31 U.S.C. 3730), are unallowable if the result is?

(1) In a criminal proceeding, a conviction;

(2) In a civil or administrative proceeding, either?

(i) A finding of contractor liability where the proceeding involves an allegation of fraud or similar misconduct; or

(ii) The imposition of a monetary penalty, or an order issued by the agency head to the contractor or subcontractor to

take corrective action under 41 U.S.C. 4712 or 10 U.S.C. 4701, where the proceeding does not involve an allegation of

fraud

or similar misconduct; or

(3) A final decision by an appropriate official of an executive agency to:

(i) Debar or suspend the contractor;

31.2-33

31.205-47 FEDERAL ACQUISITION REGULATION

(ii) Rescind or void a contract; or

(iii) Terminate a contract for default by reason of a violation or failure to comply with a law or regulation; or

(4) Disposition of the matter by consent or compromise if the proceeding could have led to any of the outcomes listed

in paragraphs (b) (1) through (3) of this section (but see paragraphs (c) and (d) of this section); or

(5) Not covered by paragraphs (b) (1) through (3) of this section, but where the underlying alleged contractor misconduct was the same as that which led to a different proceeding whose costs are unallowable by reason of paragraphs (b)

(1) through (3) of this section.

(c) (1) To the extent costs are not otherwise unallowable, costs incurred in connection with any proceeding commenced

by the United States (see paragraph (b) of this section) that is resolved by consent or compromise pursuant to an agreement

entered into between the contractor and the United States, and which are unallowable (solely because of paragraph (b) of this

section), may be allowed if specifically provided in such agreement.

(2) (i) In the event of a settlement of any proceeding brought by a third party under the False Claims Act in which the

United States did not intervene, reasonable costs incurred by the contractor in connection with such a proceeding that are

not otherwise unallowable by regulation or by separate agreement with the United States may be allowed if the contracting

officer, in consultation with legal, determines that there was very little likelihood that the third party would have been successful on the merits.

(ii) In the event of disposition, by consent or compromise of a proceeding brought by a whistleblower for alleged reprisal in accordance with 41 U.S.C. 4712 or 10 U.S.C. 4701, reasonable costs incurred by a contractor or subcontractor in

connection with such a proceeding that are not otherwise unallowable by regulation, or by agreement with the United States,

may be allowed if the contracting officer, in consultation with legal, determines that there was very little likelihood that the

claimant would have been successful on the merits.

(d) To the extent that the costs are not otherwise unallowable, costs incurred in connection with a proceeding under paragraph (b) of this section commenced by a State, local, or foreign government may be allowable when the contracting

officer determines that the costs were incurred either as a:

(1) Direct result of a specific term or condition of a Government contract; or

(2) Result of compliance with specific written direction of the contracting officer.

(e) Costs incurred in connection with proceedings described in paragraph (b) of this section which are not made unallowable by that paragraph, may be allowable to the extent that?

(1) The costs are reasonable in relation to the activities required to deal with the proceeding and the underlying cause of action;

(2) The costs are not otherwise recovered from the Government or a third party, either directly as a result of the proceeding; and

(3) The percentage of costs allowed does not exceed the percentage determined to be appropriate considering the complexity of procurement litigation, generally accepted principles governing the award of legal fees in civil actions involving the United States as a party.

(i) Such percentage must not exceed 80 percent of the legal costs incurred.

(ii) Agreements reached under paragraph (c) of this section must be subject to this limitation. If, however, an agreement described in paragraph (c)(1) of this section explicitly states the amount of otherwise allowable incurred legal fees

and limits the allowable recovery to 80 percent or less of the stated legal fees, no additional limitation need be applied.

(4) The amount of reimbursement allowed for legal costs in connection with any proceeding described in paragraph (c)

(2) of this section must be determined by the contracting officer but must not exceed 80 percent of otherwise allowable legal costs incurred. No additional limitations need be applied.

(f) Costs not covered elsewhere in this section are unallowable if incurred in connection with?

(1) Defense against Government claims or appeals or the prosecution of claims or appeals against the Government;

(2) Organization, reorganization, (including mergers and acquisitions) or resisting mergers and acquisitions (see

31.205-27);

(3) Defense of antitrust suits;

(4) Defense of suits brought by employees or former employees of the contractor under 18 U.S.C. 1031, where the contractor was found liable or settled;

(5) Costs of legal, accounting, and consultant services and directly associated costs incurred in connection with the defense or prosecution of lawsuits or appeals between contractors arising from?

(i) An agreement or contract concerning a teaming arrangement, a joint venture, or similar arrangement of shared interest; or

31.2-34

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-52

(ii) Dual sourcing, coproduction, or similar programs, except when incurred as a result of compliance with specific terms and conditions of the contract or subcontract or written instructions from the contracting officer or when agreed to in writing by the contracting officer;

(6) Patent infringement litigation, unless otherwise provided for in the contract.

(7) Representation of, or assistance to, individuals, groups, or legal entities that the contractor is not legally

bound to

provide arising from an action where the party was convicted of the violation of a law or regulation or was found liable in a

civil or administrative proceeding.

(8) Protests of Government solicitations or contract awards, or the defense against protests of such solicitations or

contract awards, unless the costs of defending against a protest are incurred pursuant to a written request from the contracting

officer.

(9) A Congressional investigation or inquiry into an issue that is the subject matter of a proceeding resulting in a

disposition as described in paragraphs (b)(1) through (5) of this section (see 10 U.S.C. 3744(a)(17)).

(g) (1) Costs that may be unallowable under 31.205-47, including directly associated costs, must be segregated and

accounted for separately by the contractor.

(2) When a proceeding covered by paragraph (b) and paragraphs (f)(4) and (f)(7) of this section is pending?

(i) The contracting officer must withhold payment of such costs; or

(ii) When determined to be in the best interests of the Government, the contracting officer may provide for conditional payment upon provision of adequate security, or other adequate assurance, and agreement by the contractor to

repay all unallowable costs, plus interest, if the costs are subsequently determined to be unallowable.

31.205-48 Research and development costs.

(a) Definition.

Research and development, as used in this section, means the type of technical effort described in 31.205-18 but sponsored

by a grant or required in the performance of a contract.

(b) When costs are incurred in excess of either the price of a contract or amount of a grant for research and development,

the excess is unallowable under any other Government contract.

31.205-49 Goodwill.

(a) Goodwill is an unidentifiable intangible asset that originates under the purchase method of accounting for a business

combination when the price paid by the acquiring company exceeds the sum of the identifiable individual assets acquired less

liabilities assumed, based upon their fair values.

(b) The excess amount paid is commonly referred to as goodwill.

(c) Goodwill may arise from the acquisition of a company as a whole or a portion thereof.

(d) Any costs for amortization, expensing, write-off, or write-down of goodwill are unallowable.

31.205-50 [Reserved]

31.205-51 Costs of alcoholic beverages.

Costs of alcoholic beverages are unallowable.

31.205-52 Asset valuations resulting from business combinations.

(a) For tangible capital assets, when the purchase method of accounting for a business combination is used, whether or not

the contract or subcontract is subject to CAS, the allowable depreciation and cost of money must be based on the capitalized

asset values measured and assigned in accordance with 48 CFR 9904.404-50(d), if allocable, reasonable, and not otherwise

unallowable.

(b) For intangible capital assets, when the purchase method of accounting for a business combination is used, allowable

amortization and cost of money must be limited to the total of the amounts that would have been allowed had the combination not taken place.

SUBPART 31.3 - CONTRACTS WITH EDUCATIONAL INSTITUTIONS 31.303

Subpart 31.3 - Contracts With Educational Institutions

31.301 Purpose.

This subpart provides the principles for determining the cost of work performed by educational institutions under contracts

and contract modifications with the Government.

31.302 General.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III, provides principles for determining the costs

applicable to work performed by educational institutions under contracts with the Government.

31.303 Requirements.

(a) Contracts that refer to this subpart for determining allowable costs under contracts with educational institutions must be

deemed to refer to and must have the allowability of costs determined by the contracting officer in accordance with, the OMB

Uniform Guidance at 2 CFR part 200, subpart E and appendix III, in effect on the date of the contract.

(b) Agencies are not expected to place additional restrictions on individual items of cost.

SUBPART 31.6 - CONTRACTS WITH STATE, LOCAL, AND FEDERALLY RECOGNIZED INDIAN TRIBAL

GOVERNMENTS 31.603

Subpart 31.6 - Contracts With State, Local, and

Federally Recognized Indian Tribal Governments

31.601 Purpose.

This subpart provides the principles for determining allowable cost of contracts, subcontracts, and modifications to contracts and subcontracts with State, local, and federally recognized Indian tribal governments.

31.602 General.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendices V and VII sets forth the principles for determining the allowable costs of contracts and subcontracts with State, local, and federally recognized Indian tribal governments. These principles are for cost determination and are not intended to identify the circumstances or dictate the

extent of Federal and State or local participation in financing a particular contract.

31.603 Requirements.

(a) Contracts that refer to this subpart for determining allowable costs under contracts with State, local and Indian tribal governments must be deemed to refer to and must have the allowability of costs determined by the contracting officer in accordance with, the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendices V and VII, in effect on the date of the contract.

(b) Agencies are not expected to place additional restrictions on individual items of cost.

(c) In accordance with 10 U.S.C. 3744, 41 U.S.C. 4304, 31 U.S.C. 3730, and 41 U.S.C. 4310, the following are unallowable:

(1) Costs of entertainment, including amusement, diversion, and social activities, and any costs directly associated with

such costs (such as tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities).

(2) Costs incurred to influence (directly or indirectly) legislative action on any matter pending before Congress, a State

legislature, or a legislative body of a political subdivision of a State.

(3) Costs incurred in defense of any civil or criminal fraud proceeding or similar proceeding (including filing of any false certification) brought by the United States where the contractor is found liable or has pleaded nolo contendere to a charge of fraud or similar proceeding (including filing of a false certification).

(4) Payments of fines and penalties resulting from violations of, or failure to comply with, Federal, state, local, or

foreign laws and regulations, except when incurred as a result of compliance with specific terms and conditions of the contract or specific written instructions from the contracting officer authorizing in advance such payments in accordance with

applicable regulations in the FAR or an executive agency supplement to the FAR.

(5) Costs of any membership in any social, dining, or country club or organization.

(6) Costs of alcoholic beverages.

(7) Contributions or donations, regardless of the recipient.

(8) Costs of advertising designed to promote the contractor or its products.

(9) Costs of promotional items and memorabilia, including models, gifts, and souvenirs.

(10) Costs for travel by commercial aircraft which exceed the amount of the standard commercial fare.

(11) Costs incurred in making any payment (commonly known as a golden parachute payment), which is?

(i) In an amount in excess of the normal severance pay paid by the contractor to an employee upon termination of employment; and

(ii) Paid to the employee contingent upon, and following, a change in management control over, or ownership of, the contractor or a substantial portion of the contractor's assets.

(12) Costs of commercial insurance that protects against the costs of the contractor for correction of the contractor's own defects in materials or workmanship.

(13) Costs of severance pay paid by the contractor to a foreign national employed by the contractor under a service contract performed?

(i) Outside the United States, to the extent that the amount of the severance pay paid in any case exceeds the amount paid in industry involved under the customary or prevailing practice for firms in that industry providing similar services in the United States, as determined in accordance with the FAR; or

(ii) In a foreign country, if the termination of the employment of the foreign national is the result of the closing of, or curtailment of activities, at a United States facility in that country at the request of the government of that country.

31.6-1

31.603 FEDERAL ACQUISITION REGULATION

(14) (i) Unless an exception at 31.205-47(c) or (d) applies, costs incurred by a contractor in connection with any criminal, civil, or administrative proceedings that result in dispositions described at 31.205-47(b)(1) through (5) commenced by:

(A) A Federal, State, local, or foreign government, for a violation of, or failure to comply with, law or regulation

by the contractor (including its agents or employees);

(B) A contractor or subcontractor employee submitting a whistleblower complaint of reprisal in accordance with

41 U.S.C. 4712 or 10 U.S.C. 4701; or

(C) A third party in the name of the United States under the False Claims Act, 31 U.S.C. 3730.

(ii) For any proceedings in paragraph (c)(14)(i) of this section that does not result in a disposition described at **31.205-47(b)(1) through (5), or to which exceptions at 31.205-47(c) apply, the cost of that proceeding must be subject to the** limitations in 31.205-47(e).

(15) Costs incurred in connection with a Congressional investigation or inquiry into an issue that is the subject matter of a proceeding resulting in a disposition as described at 31.205-47(b)(1) through (5).

31.6-2

SUBPART 31.7 - CONTRACTS WITH NONPROFIT ORGANIZATIONS 31.703

Subpart 31.7 - Contracts with Nonprofit Organizations

31.701 Definition.

Nonprofit organization means a business entity organized and operated exclusively for charitable, scientific, or

educational

purposes, of which no part of the net earnings inure to the benefit of any private shareholder or individual, of which no substantial part of the activities is carrying on propaganda or otherwise attempting to influence legislation or participating in

any political campaign on behalf of any candidate for public office, and which are exempt from federal income taxation under

section 501 of the Internal Revenue Code.

31.702 General.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix IV, sets forth principles for determining the costs applicable to work performed by nonprofit organizations (as defined in the OMB Uniform Guidance at 2 CFR part 200)

under contracts with the Government. See 31.108 for exceptions to the cost principles for nonprofit organizations.

31.703 Requirements.

(a) Contracts that refer to this subpart for determining allowable costs must be deemed to refer to and must have the

allowability of costs determined by the contracting officer in accordance with, the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix IV in effect on the date of the contract.

(b) Agencies are not expected to place additional restrictions on individual items of cost. However, under 10 U.S.C. 3744

and 41 U.S.C. 4304, the costs cited in 31.603(c) are unallowable.

29-2

SUBPART 29.1 - GENERAL 29.101

29.000 Scope of part.

This part provides policies and procedures for using tax clauses in contracts (including foreign contracts), claiming immunity or exemption from taxes, and getting tax refunds. It explains Federal, State, and local taxes on certain supplies

and services that executive agencies buy and how these taxes apply to the Federal Government. This information is general

guidance for Government personnel and does not cover all tax laws and regulations.

Subpart 29.1 - General

29.101 Resolving tax problems.

Contract tax problems are primarily legal issues and vary widely. Contracting officers must consult the agency's legal counsel when tax issues arise, especially before negotiating with any taxing authority.

29.1-1

This page intentionally left blank.

29.1-2

SUBPART 29.2 - FEDERAL EXCISE TAXES 29.204

Subpart 29.2 - Federal Excise Taxes

29.201 General.

(a) Federal excise taxes are taxes on the sale or use of specific supplies or services. Subtitle D of the Internal Revenue

Code, Miscellaneous Excise Taxes 26 U.S.C.4041, et seq., and its regulations (26 CFR parts 40 through 299) cover Federal

excise tax requirements. Direct questions in this area to legal counsel. The most common excise taxes are?

- (1) Manufacturers' excise taxes on certain motor-vehicle articles, tires and inner tubes, gasoline, lubricating oils, coal,

fishing equipment, firearms, shells, and cartridges sold by manufacturers, producers, or importers; and

- (2) Special-fuels excise taxes charged at retail on diesel fuel and special motor fuels.

- (b) Executive agencies must take advantage of available Federal excise tax exemptions. When the law exempts the Federal

Government from these taxes, the contracting officer must, unless inappropriate for the circumstances, request offers on a

tax-exclusive basis. When no exemption exists, request offers on a tax-inclusive basis.

29.202 General exemptions.

Federal manufacturers' or special-fuels excise taxes do not apply in many contracting situations. This includes supplies for

any of the following purposes:

- (a) The exclusive use of any State or political subdivision, including the District of Columbia (26 U.S.C. 4041 and 4221).

- (b) Export shipment to a foreign country or an outlying area of the United States. Shipment must occur within 6 months

after title passes to the Government. When claiming this exemption, the words "for export" must appear on the contract or

purchase document. The contracting officer must give the seller proof of export (see 26 CFR 48.4221-3).

- (c) Further manufacture, or resale for further manufacture (this exemption does not include tires and inner tubes) (26 CFR

48.4221-2).

- (d) Use as fuel supplies, ships or sea stores, or legitimate equipment on vessels of war, including?

- (1) Aircraft owned by the United States and constituting part of the armed forces; and

- (2) Guided missiles and pilotless aircraft owned or chartered by the United States. When claiming this exemption, make

the purchase on a tax-exclusive basis. The contracting officer must give the seller an exemption certificate for Supplies for

Vessels of War (an example appears in 26 CFR 48.4221-4(d)(2)). The IRS will accept one certificate covering all orders under

a single contract for up to 12 calendar quarters) (26 U.S.C. 4041 and 4221).

- (e) A nonprofit educational organization (26 U.S.C. 4041 and 4221).

(f) Emergency vehicles (26 U.S.C. 4053 and 4064(b)(1)(c)).

29.203 Other Federal tax exemptions.

(a) Under 26 U.S.C.4293, the Secretary of the Treasury has exempted the United States from the communications excise tax imposed in 26 U.S.C.4251, when the supplies and services are for the exclusive use of the United States. (Secretarial Authorization, June 20,1947, Internal Revenue Cumulative Bulletin,1947-1, 205.)

(b) Under 26 U.S.C. 4483(b), the Secretary of the Treasury has exempted the United States from the federal highway vehicle users tax imposed in 26 U.S.C. 4481. The exemption applies whether the United States owns or leases the vehicle.

(Secretarial Authorization, Internal Revenue Cumulative Bulletin, 1956-2, 1369.)

29.204 Federal excise tax on specific foreign contract payments.

(a) Title 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7 require acquiring agencies to collect this excise tax (section 5000C tax) through withholding on applicable contract payments (see 29.402-3,

31.205-41(b)(8)). Agencies merely withhold the tax for the Internal Revenue Service (IRS). All substantive issues regarding

the underlying section 5000C tax, such as the imposition of or exemption from the tax, are matters under IRS jurisdiction. For

questions about interpreting IRS regulations, refer to <https://www.irs.gov/help/tax-law-questions>.

(b) According to clause 52.229-12, Tax on Certain Foreign Procurements, contractors subject to the section 5000C tax will complete IRS Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, and submit this form with each voucher or invoice. If a completed IRS Form W-14 is not submitted with a payment request, the default withholding percentage is 2 percent for that payment request. Information about IRS Form W-14 is available at www.irs.gov/w14.

(c) (1) Exemptions from withholding in IRS regulations at 26 CFR 1.5000C-1(d)(1) through (4) are covered in the prescription at 29.402-3(a), which means the contracting officer will not include the provision when one of the 29.402-3(a) exceptions applies.

29.2-1

29.204 FEDERAL ACQUISITION REGULATION

(2) The offeror will claim exemptions under 26 CFR 1.5000C-1(d)(5) through (7) by submitting an IRS Form W-14 with their offer. If not submitted with the offer, exemptions will not apply to the contract.

(3) Any exemption claimed and self-certified on the IRS Form W-14 is subject to IRS audit. Any disputes about imposing and collecting the section 5000C tax are handled by the IRS because this is a tax matter, not a contract issue.

(d) The exemptions in 29.201 through 29.301 do not apply to this section 5000C tax.

(e) Additional information about this excise tax on specific foreign contract payments is available at

<https://www.irs.gov/>

government-entities/excise-tax-on-specified-federal-foreign-procurement-payments.

29.2-2

SUBPART 29.3 - STATE AND LOCAL TAXES 29.303

Subpart 29.3 - State and Local Taxes

29.300 Scope of subpart.

This subpart provides the policies and procedures regarding the exemption or immunity of Federal Government purchases

and property from State and local taxation.

29.302 Application of State and local taxes to the Government.

(a) Generally, purchases and leases made by the Federal Government are immune from State and local taxation. However,

whether a specific purchase or lease is immune is a legal question requiring advice from the agency's legal counsel.

(b) When economically feasible, executive agencies must take full advantage of all exemptions from State and local taxation. When appropriate, the contracting officer must provide a Standard Form 1094, U.S. Tax Exemption Form (see part

53), or other evidence listed in 29.304(a) to establish that the Government is making the purchase.

29.302 Application of State and local taxes to Government contractors and subcontractors.

(a) The Government does not normally designate prime contractors and subcontractors as agents of the Government

for claiming immunity from State or local sales or use taxes. Before any activity claims that a contractor is a Government

agent, refer the matter to the agency head for review. Include all relevant data and a thorough analysis of all relevant legal

precedents with the referral.

(b) When purchases are made by a prime contractor or subcontractor rather than directly by the Government, the right to

exemption from sales or use tax may not depend on the Government's immunity from direct taxation by States and localities.

Instead, it may depend on provisions of the specific State or local law, or in some cases, the transaction may not be expressly

exempt from the tax. Protect the Government's interest by following the procedures in 29.101.

(c) Often, property owned by the Government (including property acquired under progress payments or the Government

property clause) is in a contractor's or subcontractor's possession. States or localities may claim the right to tax Government

property directly or to tax the contractor's or subcontractor's possession of, interest in, or use of that property. In such cases,

the contracting officer must seek review and advice from the agency's legal counsel on the appropriate action.

(d) Indefinite-delivery contracts for equipment rental may require the contractor to provide equipment in any state.

States and local governments impose various taxes on equipment leased to the Government, and the tax amounts can vary

significantly among jurisdictions.

29.303 North Carolina Sales and Use Tax Act.

(a) The North Carolina Sales and Use Tax Act allows counties and incorporated cities and towns to receive an annual refund from the Secretary of Revenue for sales and use taxes indirectly paid on building materials, supplies, fixtures, and equipment that become part of or are attached to any building or structure built, altered, or repaired for these counties and incorporated cities and towns in North Carolina. In *United States v. Clayton*, 250 F. Supp. 827 (1965), the court ruled that the United States is entitled to the refund but must follow the Act's refund procedure and regulations to recover what it is due.

(b) To receive the refund, the Act requires claimants to file a written request within 6 months after the end of their fiscal year, supported by records, receipts, and information that the Secretary of Revenue requires. Claimants will not receive a refund for applications filed late or not meeting the Secretary of Revenue's requirements. These requirements appear in regulations stating that to support a refund claim for sales or use taxes paid on purchases of building materials, supplies, fixtures, or equipment by a contractor, the Government must get certified statements from the contractor showing the cost of property purchased from each vendor and the amount of sales or use taxes paid. If a contractor makes several purchases from the same vendor, the certified statement must show the invoice numbers, invoice dates, total invoice amount, and sales and use taxes paid. The statement must also include the cost of any tangible personal property the contractor took from warehouse stock and the amount of sales or use tax paid. The general contractor must obtain and provide to the claimant similar certified statements from subcontractors. The contractor's statement must show any local sales or use taxes separately from State sales or use taxes.

(c) The clause prescribed at 29.401-2 requires contractors to submit certified statements disclosing North Carolina State and local sales and use taxes paid during the 12-month period ending the previous September 30 to contracting officers by November 30 each year. The contracting officer must ensure contractors comply with this requirement and obtain the annual refund to which the Government is entitled. The refund application must be filed annually before March 31 in the manner and form the Secretary of Revenue requires. Get copies of the form from? State of North Carolina

29.3-1

29.304 FEDERAL ACQUISITION REGULATION

Department of Revenue
PO Box 25000

Raleigh, NC 27640

29.304 State and local tax exemptions.

(a) General. The contract may require the contractor to take specific actions regarding payment, nonpayment, refund, protest, or other handling of a specified tax. Such special treatment may be appropriate when there is doubt about the applicability or allocability of the tax, or when the tax's applicability is being challenged in court.

(b) Evidence of exemption. Evidence is needed to establish an exemption from State or local taxes. The type of evidence depends on the grounds for the exemption claimed, the parties involved, and the requirements of the taxing jurisdiction. Examples of evidence include but are not limited to documents that identify a U.S. agency as the buyer, a U.S. tax exemption form (SF 1094), or documents establishing a State or local exemption.

(c) Furnishing proof of exemption. If there is a reasonable basis to claim an exemption, provide the seller with evidence of exemption, as follows:

(1) Under a contract containing the clause 52.229-3, Federal, State, and Local Taxes, if requested by the contractor and there is a reasonable basis to support the exemption.

(2) Under a contract containing the clause 52.229-4, Federal, State, and Local Taxes (State and Local Adjustments), if the contractor requests evidence that applies to a tax excluded from the contract price and there is a reasonable basis to support the exemption.

(3) Under a cost-reimbursement contract, if requested by the contractor and approved by the contracting officer or at the contracting officer's discretion.

(4) Under a contract or purchase order with no tax provision, if?

- (i) Requested by the contractor and approved by the contracting officer or at the contracting officer's discretion; and
- (ii) Either the contract price does not include the tax or, if the transaction or property is tax exempt, the contractor agrees to a reduction in the contract price.

29.3-2

SUBPART 29.4 - CONTRACT CLAUSES 29.401-4

Subpart 29.4 - Contract Clauses

29.401 Domestic contracts.

29.401-1 Indefinite-delivery contracts for leased equipment.

Insert the clause at 52.229-1, State and Local Taxes, in solicitations and contracts for leased equipment when?

- (a) Planning a fixed-price indefinite-delivery contract;
- (b) The contract will be performed wholly or partly in the United States or its outlying areas; and
- (c) The delivery places are not known at the time of contracting.

29.401-2 Construction contracts performed in North Carolina.

Insert the clause at 52.229-2, North Carolina State and Local Sales and Use Tax, in solicitations and contracts for construction to be performed in North Carolina. If the requirement is for vessel repair in North Carolina, use the clause with its Alternate I.

29.401-3 Federal, State, and local taxes.

(a) Except as provided in paragraph (b) of this section, insert the clause at 52.229-3, Federal, State, and Local Taxes, in

solicitations and contracts if?

- (1) The contract will be performed wholly or partly in the United States or its outlying areas;
- (2) Planning a fixed-price contract; and
- (3) The contract is expected to exceed the simplified acquisition threshold.

(b) In a noncompetitive contract that meets all conditions in paragraph (a) of this section, the contracting officer may insert

the clause at 52.229-4, Federal, State, and Local Taxes (State and Local Adjustments), instead of the clause at 52.229-3, if the

price would otherwise include an inappropriate contingency for potential postaward changes in State or local taxes.

29.401-4 New Mexico gross receipts and compensating tax.

(a) Definition.

Service, as used in this section, is defined in the Gross Receipts and Compensating Tax Act of the State of New Mexico,

Sec 7-9-3(S) NMSA 1978, and means all activities engaged in for other persons for a consideration, which activities involve predominantly the performance of a service as distinguished from selling or leasing property. "Service" includes activities performed by a person for its members or shareholders. In determining what is a service, the intended use, principal

objective, or ultimate objective of the contracting parties shall not be controlling. "Service" includes construction activities

and all tangible personal property that will become an ingredient or component part of a construction project. That tangible

personal property retains its character as tangible personal property until it is installed as an ingredient or component part of a

construction project in New Mexico. Sales of tangible personal property that will become an ingredient or component part of

a construction project to persons engaged in the construction business are sales of tangible personal property.

(b) Contract clause. Insert the clause at 52.229-10, State of New Mexico Gross Receipts and Compensating Tax, in solicitations and contracts issued by the agencies identified in paragraph (c) of this section when all three of these conditions

exist:

- (1) The contractor will be performing a cost-reimbursement contract.
- (2) The contract directs or authorizes the contractor to acquire tangible personal property as a direct cost under the

contract and title to such property passes directly to and vests in the United States upon delivery by the vendor.

- (3) The contract will be for services to be performed wholly or partly within New Mexico.

(c) Participating agencies. (1) The agencies listed below have an agreement with the State of New Mexico to eliminate

double taxation of Government cost-reimbursement contracts when contractors and their subcontractors purchase tangible

personal property to be used in performing services wholly or partly in New Mexico, and when title to such property will pass

to the United States upon delivery of the property to the contractor and its subcontractors by the vendor. Therefore, the clause

applies only to solicitations and contracts issued by the?

United States Defense Advanced Research Projects Agency;

United States Defense Threat Reduction Agency;

United States Department of Agriculture;

United States Department of the Air Force;

United States Department of the Army;

29.4-1

29.402 FEDERAL ACQUISITION REGULATION

United States Department of Energy;

United States Department of Health and Human Services;

United States Department of the Interior;

United States Department of Labor;

United States Department of the Navy;

United States Department of Transportation;

United States General Services Administration;

United States Missile Defense Agency; and

United States National Aeronautics and Space Administration.

(2) Any other Federal agency expecting to award cost-reimbursement contracts to be performed in New Mexico should

contact the New Mexico Taxation and Revenue Department to execute a similar agreement.

29.402 Foreign contracts.

29.402-1 Foreign fixed-price contracts.

(a) Insert the clause at 52.229-6, Taxes-Foreign Fixed-Price Contracts, in solicitations and contracts expected to exceed the

simplified acquisition threshold when planning a fixed-price contract to be performed wholly or partly in a foreign country,

unless the contract will be with a foreign government.

(b) Insert the clause at 52.229-7, Taxes-Fixed-Price Contracts with Foreign Governments, in solicitations and contracts

that exceed the simplified acquisition threshold when planning a fixed-price contract with a foreign government.

29.402-2 Foreign cost-reimbursement contracts.

(a) Insert the clause at 52.229-8, Taxes-Foreign Cost-Reimbursement Contracts, in solicitations and contracts when

planning a cost-reimbursement contract to be performed wholly or partly in a foreign country, unless the contract will be with

a foreign government.

(b) Insert the clause at 52.229-9, Taxes-Cost-Reimbursement Contracts with Foreign Governments, in solicitations and

contracts when planning a cost-reimbursement contract with a foreign government.

29.402-3 Tax on certain foreign procurements.

(a) Insert the provision at 52.229-11, Tax on Certain Foreign Procurements?Notice and Representation, in solicitations,

including solicitations using part 12 procedures for acquiring commercial products and commercial services, except for?

- (1) Acquisitions using simplified acquisition procedures that do not exceed the simplified acquisition threshold;
- (2) Emergency acquisitions using the emergency acquisition flexibilities defined in part 18;
- (3) Acquisitions using the unusual and compelling urgency authority in part 6;
- (4) Contracts with a single individual for personal services that will not exceed the simplified acquisition threshold on

an annual calendar year basis for all years of the contract; and

- (5) Acquisitions the requiring activity identifies as requirements for certain foreign humanitarian assistance contracts

that are payments made by U.S. Government agencies under a contract with a foreign contracting party to obtain goods or

services described in or authorized under 7 U.S.C. 1691, et seq., 22 U.S.C. 2151, et seq., 22 U.S.C. 2601 et seq., 22 U.S.C.

5801 et seq., 22 U.S.C. 5401 et seq., 10 U.S.C. 402, 10 U.S.C. 404, 10 U.S.C. 407, 10 U.S.C. 2557, and 10 U.S.C. 2561.

(b) Insert the clause at 52.229-12, Tax on Certain Foreign Procurements, in?

(1) Solicitations that contain the provision at 52.229-11, Tax on Certain Foreign Procurements?Notice and Representation; and

(2) Resulting contracts for which the contractor indicated it was a foreign person in solicitation provision 52.229-11,

Tax on Certain Foreign Procurements?Notice and Representation.

30-2

30.001

30.000 Scope of part.

This part describes policies and procedures for applying the Cost Accounting Standards Board (CASB) rules and regulations (48 CFR chapter 99) to negotiated contracts and subcontracts.

30.001 Definitions.

As used in this part-

Affected CAS-covered contract or subcontract means a contract or subcontract subject to Cost Accounting Standards (CAS) rules and regulations for which a contractor or subcontractor-

(1) Used one cost accounting practice to estimate costs and a changed cost accounting practice to accumulate and report

costs under the contract or subcontract; or

(2) Used a noncompliant practice for purposes of estimating or accumulating and reporting costs under the contract or

subcontract.

Cognizant Federal agency official (CFAO) means the contracting officer assigned by the cognizant Federal agency to

administer the CAS.

Desirable change means a compliant change to a contractor's established or disclosed cost accounting practices that the CFAO finds is desirable and not detrimental to the Government and is, therefore, not subject to the no increased cost

prohibition provisions of CAS-covered contracts and subcontracts affected by the change.

Fixed-price contracts and subcontracts means-

(1) The following fixed-price contracts and subcontracts?

(i) Firm-fixed price contracts;

(ii) Fixed-price contracts with economic price adjustment (except when price adjustments are based on actual costs of labor or material); and

(iii) Firm-fixed-price, level-of-effort contracts.

(2) Fixed-price incentive contracts and subcontracts where the price is not adjusted based on actual costs incurred (part

16);

(3) Orders issued under indefinite-delivery contracts and subcontracts where final payment is not based on actual costs

incurred (part 16); and

(4) The fixed-hourly rate portion of time-and-materials and labor-hours contracts and subcontracts (part 16).

Flexibly-priced contracts and subcontracts means-

(1) The following types of fixed-price contracts and subcontracts?

(i) Fixed-price contracts with economic price adjustment based on actual costs of labor or material;

(ii) Fixed-price incentive contract;

(iii) Fixed-price contracts with prospective price redetermination.; and

(iv) Fixed-ceiling-price contracts with retroactive price redetermination.

(2) Cost-reimbursement contracts and subcontracts;

(3) Incentive contracts and subcontracts where the price may be adjusted based on actual costs incurred;

(4) Orders issued under indefinite-delivery contracts and subcontracts where final payment is based on actual costs

incurred; and

(5) The materials portion of time-and-materials contracts and subcontracts.

Noncompliance means a failure in estimating, accumulating, or reporting costs to-

(1) Comply with applicable CAS; or

(2) Consistently follow disclosed or established cost accounting practices.

Required change means-

(1) A change in cost accounting practice that a contractor is required to make in order to comply with applicable Standards, modifications or interpretations thereto, that subsequently becomes applicable to an existing CAS-covered contract or subcontract due to the receipt of another CAS-covered contract or subcontract; or

(2) A prospective change to a disclosed or established cost accounting practice when the CFAO determines that

the former practice was in compliance with applicable CAS and the change is necessary for the contractor to remain in compliance.

Unilateral change means a change in cost accounting practice from one compliant practice to another compliant practice

that a contractor with a CAS-covered contract(s) or subcontract(s) elects to make that has not been deemed a desirable change

by the CFAO and for which the Government will pay no aggregate increased costs.

-1

30.101 FEDERAL ACQUISITION REGULATION

Subpart 30.1 - General

30.101 Cost Accounting Standards.

- (a) 41 U.S.C. chapter 15, Cost Accounting Standards, requires certain contractors and subcontractors to comply with Cost

Accounting Standards (CAS) and to disclose in writing and follow consistently their cost accounting practices.

- (b) Contracts that refer to part 30 for the purpose of applying the policies, procedures, standards, and regulations promulgated by the CASB pursuant to 41 U.S.C. chapter 15, must be deemed to refer to the CAS, and any other regulations

promulgated by the CASB (see 48 CFR chapter 99, <https://www.ecfr.gov/current/title-48/chapter-99>), all of which are hereby

incorporated in this part 30.

- (c) (1) See 48 CFR 9903.201-7 for cognizant Federal agency responsibilities.

- (2) The CFAO is responsible for issuing determinations of adequacy and compliance of the Disclosure Statement

- (d) (1) See 48 CFR 9903.202-1 to 9903.202-7 for disclosure requirements.

- (2) The cognizant auditor is responsible for conducting reviews of Disclosure Statements for adequacy and compliance.

- (e) See 48 CFR 9903.3 for CAS rules and regulations.

- (f) See 48 CFR 9904 for cost accounting standards.

- (g) See 48 CFR 9905 for cost accounting standards for educational institutions.

30.1-2

SUBPART 30.2 - PRESOLICITATION 30.204

Subpart 30.2 - Presolicitation

30.201 Applicability.

During acquisition planning the contracting officer must determine if the contract will be a CAS covered contract.

- (a) Rules for determining applicability of CAS are found at 48 CFR 9903.201-1.

- (b) CAS-covered contracts may be subject to either full or modified coverage. See 48 CFR 9903.201-2 for guidance on

determining whether full or modified coverage applies.

- (c) Negotiated contracts must be subject to CAS, unless exempt in accordance with 48 CFR 9903.201-1(b).

- (d) In accordance with 41 U.S.C. 1502(b)(1)(B), the threshold for determining the tentative applicability of CAS at the

contract level is the amount set forth in 10 U.S.C. 3702(a)(1)(A), as adjusted for inflation in accordance with 41 U.S.C. 1908.

(See 48 CFR 9903.201-1)

30.202 Waiver.

- (a) The head of the agency-

- (1) May waive the applicability of CAS for a particular contract or subcontract under the conditions listed in paragraph

- (b) below; and

- (2) Must not delegate this waiver authority to any official in the agency below the senior contract policymaking

level.

(b) The head of the agency may grant a waiver when one of the following conditions exists:

(1) The contract or subcontract value is less than 15 million, and the head of the agency determines, in writing, that the

segment of the contractor or subcontractor that will perform the contract or subcontract-

(i) Is primarily engaged in the sale of commercial products or commercial services; and

(ii) Has no contracts or subcontracts that are subject to CAS.

(2) The head of the agency determines that exceptional circumstances exist whereby a waiver of CAS is necessary to

meet the needs of the agency. Exceptional circumstances exist only when the benefits to be derived from waiving the CAS

outweigh the risk associated with the waiver. The determination that exceptional circumstances exist must-

(i) Be in writing; and

(ii) Include a statement of the specific circumstances that justify granting the waiver.

(c) When one of the conditions in paragraph (b) of this section exists, the request for waiver must include the following:

(1) The amount of the proposed award.

(2) The contract or subcontract type.

(3) Whether the segment(s) that will perform the contract or subcontract has CAS-covered contracts or subcontracts.

(4) A description of the item(s) being procured.

(5) A statement why the contractor or subcontractor will not accept the contract or subcontract if CAS applies.

(6) Whether certified cost or pricing data will be obtained, and if so, a discussion of how the data will be used in negotiating the contract or subcontract price.

(7) The benefits to the Government of waiving CAS.

(8) The potential risk to the Government of waiving CAS.

(9) The date by which the waiver is needed.

(10) Any other information that may be useful in evaluating the request.

(d) When neither of the conditions in paragraph (b) of this section exists, the waiver request must be prepared in accordance with 48 CFR 9903.201-5(e) and submitted to the CAS Board.

(e) Each agency must report any waivers granted under paragraph (a) of this subsection to the CAS Board, on a fiscal year

basis, not later than 90 days after the close of the Government's fiscal year.

30.203 Exemption.

This part does not apply to sealed bid contracts or to contracts with a small business concern (see 48 CFR 9903.201-1(b)

for these and other exemptions).

30.204 Solicitation provisions.

(a) Insert the provision at 52.230-1, Cost Accounting Standards Notices and Certification, in solicitations for proposed

contracts subject to CAS as specified in 48 CFR 9903.201.

(b) Insert the provision at 52.230-7, Proposal Disclosure?Cost Accounting Practice Changes, in solicitations for contracts

subject to CAS as specified in 48 CFR 9903.201.

30.2-1

30.205 FEDERAL ACQUISITION REGULATION

30.205 Contract clauses.

(a) Cost Accounting Standards.

(1) Insert the clause at 52.230-2, Cost Accounting Standards, in negotiated contracts, unless the contract is exempted

(see 48 CFR 9903.201-1), the contract is subject to modified coverage (see 48 CFR 9903.201-2), or the clause prescribed in

paragraph (c) of this subsection is used.

(2) The clause at 52.230-2 requires the contractor to comply with all CAS specified in 48 CFR part 9904, to disclose

actual cost accounting practices (applicable to CAS-covered contracts only), and to follow disclosed and established cost

accounting practices consistently.

(b) Disclosure and consistency of cost accounting practices.

(1) Insert the clause at 52.230-3, Disclosure and Consistency of Cost Accounting Practices, in negotiated contracts

when the contract amount is over \$2.5 million but less than \$50 million, and the offeror certifies it is eligible for and elects to

use modified CAS coverage (see 48 CFR 9903.201-2), unless the clause prescribed in paragraph (c) of this subsection is used.

(2) The clause at 52.230-3 requires the contractor to comply with 48 CFR 9904.401, 9904.402, 9904.405, and 9904.406

to disclose (if it meets certain requirements) actual cost accounting practices, and to follow consistently its established cost

accounting practices.

(c) Disclosure and Consistency of Cost Accounting Practices?Foreign Concerns.

(1) Insert the clause at 52.230-4, Disclosure and Consistency of Cost Accounting Practices?Foreign Concerns, in

negotiated contracts with foreign concerns, unless the contract is otherwise exempt from CAS (see 48 CFR 9903.201-1).

Foreign concerns do not include foreign governments or their agents or instrumentalities.

(2) The clause at 52.230-4 requires the contractor to comply with 48 CFR 9904.401 and 48 CFR 9904.402 to disclose

(if it meets certain requirements) actual cost accounting practices, and to follow consistently its disclosed and established cost

accounting practices.

(d) Administration of Cost Accounting Standards.

(1) Insert the clause at 52.230-6, Administration of Cost Accounting Standards, in contracts containing any of the

clauses prescribed in paragraphs (a), (b), (c), or (e) of this subsection.

(2) The clause at 52.230-6 specifies rules for administering CAS requirements and procedures to be followed in cases

of failure to comply.

(e) Cost Accounting Standards?Educational Institutions.

(1) Insert the clause at 52.230-5, Cost Accounting Standards?Educational Institution, in negotiated contracts awarded

to educational institutions, unless the contract is exempted (see 48 CFR 9903.201-1), the contract is to be performed by an

FFRDC (see 48 CFR 9903.201-2(c)(5)), or the provision at 48 CFR 9903.201-2(c)(6) applies.

(2) The clause at 52.230-5 requires the educational institution to comply with all CAS specified in 48 CFR part 9905,

to disclose actual cost accounting practices as required by 48 CFR 9903.202-1(f), and to follow disclosed and established cost

accounting practices consistently.

30.2-2

SUBPART 30.3 - EVALUATION AND AWARD 30.302-2

Subpart 30.3 - Evaluation and Award

30.301 Contractor disclosure statements.

Prior to awarding a CAS covered contract, the contracting officer must?

(a) Ensure that the offeror has made the required solicitation certifications and that the required Disclosure Statements are

submitted (also see 48 CFR 9903.201-3 and 9903.202); and

(b) Have received from the CFAO a written determination that the submitted Disclosure Statement is adequate, subject to

the exception below.

(1) In order to protect the Government?s interest, the head of the agency, without power of delegation, may authorize

proceeding with award prior to receiving submission of the required Disclosure Statement (see 48 CFR 9903.202-2).

(2) In this event, the contracting officer must ensure the contractor submits the required Disclosure Statement and the

CFAO must make a determination of adequacy as soon as possible after the award.

30.302 Changes to disclosed or established cost accounting practices.

30.302-1 Required changes.

(a) General. Offerors must state whether or not the award of a contract would require a change to an established cost

accounting practice affecting existing contracts and subcontracts (see 52.230-1). The contracting officer must notify the CFAO if the offeror states that a change in cost accounting practice would be required.

(b) CFAO responsibilities. Prior to making an equitable adjustment under the applicable paragraph(s) that address a required change at 52.230-2, Cost Accounting Standards; 52.230-3, Disclosure and Consistency of Cost Accounting Practices; or 52.230-5, Cost Accounting Standards?Educational Institution, the CFAO must determine that?

(1) The cost accounting practice change is required to comply with a CAS, or a modification or interpretation thereof,

that subsequently became applicable to one or more contracts or subcontracts; or

(2) The former cost accounting practice was in compliance with applicable CAS and the change is necessary to remain

in compliance.

(c) Notice and proposal preparation.

- (1) When the award of a contract would require a change to an established cost accounting practice, the provision at

52.230-7, Proposal Disclosure?Cost Accounting Practice Changes, requires the offeror to?

- (i) Prepare the contract pricing proposal in response to the solicitation using the changed cost accounting practice for

the period of performance for which the practice will be used; and

- (ii) Submit a description of the changed cost accounting practice to the contracting officer and the CFAO as pricing support for the proposal.

- (2) When a change is required to remain in compliance (for reasons other than a contract award) or to comply with a

new or modified standard, the clause at 52.230-6, Administration of Cost Accounting Standards, requires the contractor to?

- (i) Submit a description of the change to the CFAO not less than 60 days (or other mutually agreeable date) before implementation of the change; and

- (ii) Submit rationale to support any contractor written statement that the cost impact of the change is immaterial.

- (d) Equitable adjustments for new or modified standards.

- (1) Required changes made to comply with new or modified standards may require equitable adjustments, but only to

those contracts awarded before the effective date of the new or modified standard (see 52.230-2, 52.230-3, or 52.230-5).

- (2) When a contractor elects to implement a required change to comply with a new or modified standard prior to the

applicability date of the standard, the CFAO must administer the change as a unilateral change (see 30.302-2). Contractors

must not receive an equitable adjustment that will result in increased costs in the aggregate to the Government prior to the

applicability date unless the CFAO determines that the unilateral change is a desirable change.

30.302-2 Unilateral and desirable changes.

- (a) Unilateral changes.

- (1) The contractor may unilaterally change its disclosed or established cost accounting practices, but the Government

must not pay any increased cost, in the aggregate, as a result of the unilateral change.

- (2) Prior to making any contract price or cost adjustments under the applicable paragraph(s) addressing a unilateral

change at 52.230-2, 52.230-3, or 52.230-5, the CFAO must determine that?

30.3-1

30.302-3 FEDERAL ACQUISITION REGULATION

- (i) The contemplated contract price or cost adjustments will protect the Government from the payment of the estimated increased costs, in the aggregate; and

- (ii) The net effect of the contemplated adjustments will not result in the recovery of more than the increased costs to the Government, in the aggregate.

- (b) Desirable changes.

- (1) Prior to taking action under the applicable paragraph(s) addressing a desirable change at 52.230-2, 52.230-3, or

52.230-5, the CFAO must determine the change is a desirable change and not detrimental to the interests of the Government.

(2) Until the CFAO has determined a change to a cost accounting practice is a desirable change, the change is a unilateral change.

(3) Some factors to consider in determining if a change is desirable include, but are not limited to, whether?

(i) The contractor must change the cost accounting practices it uses for Government contract and subcontract costing purposes to remain in compliance with the provisions of part 31;

(ii) The contractor is initiating management actions directly associated with the change that will result in cost savings for segments with CAS-covered contracts and subcontracts over a period for which forward pricing rates are developed or 5 years, whichever is shorter, and the cost savings are reflected in the forward pricing rates; and

(iii) Funds are available if the determination would necessitate an upward adjustment of contract cost or price.

(c) Notice and proposal preparation.

(1) When a contractor makes a unilateral change, the clause at 52.230-6, Administration of Cost Accounting Standards, requires the contractor to?

(i) Submit a description of the change to the CFAO not less than 60 days (or other mutually agreeable date) before implementation of the change; and

(ii) Submit rationale to support any contractor written statement that the cost impact of the change is immaterial.

(2) If a contractor implements the change in cost accounting practice without submitting the notice as required in paragraph (c)(1) of this subsection, the CFAO may determine the change a failure to follow a cost accounting practice consistently and process it as a noncompliance in accordance with 30.404.

(d) Retroactive changes.

(1) If a contractor requests that a unilateral change be retroactive, the contractor must submit supporting rationale.

(2) The CFAO must promptly evaluate the contractor's request and must, as soon as practical, notify the contractor in writing whether the request is or is not approved.

(3) The CFAO must not approve a date for the retroactive change that is before the beginning of the contractor's fiscal year in which the request is made.

(e) Contractor accounting changes due to external restructuring activities. The requirements for contract price and cost adjustments do not apply to compliant cost accounting practice changes that are directly associated with external restructuring activities that are subject to and meet the requirements of 10 U.S.C. 3761. However, the disclosure requirements in 52.230-6(b) must be followed.

30.302-3 Processing changes to disclosed or established cost accounting practices.

(a) Scope. This section applies to required, unilateral, and desirable changes in cost accounting practices.

(b) Procedures. Upon receipt of the contractor's notification and description of the change in cost accounting practice, the CFAO should review the proposed change concurrently for adequacy and compliance. The CFAO must?

(1) If the description of the change is both adequate and compliant, notify the contractor in writing and?

(i) For required or unilateral changes (except those requested to be determined desirable changes), request the contractor submit a general dollar magnitude (GDM) proposal by a specified date, unless the CFAO determines the cost

impact is immaterial; or

(ii) For unilateral changes that the contractor requests to be determined desirable changes, inform the contractor that

the request must include supporting rationale and?

(A) For any request based on the criteria in 30.302-2(b)(3)(ii), the data necessary to demonstrate the required cost

savings; or

(B) For any request other than those based on the criteria in 30.302-2(b)(3)(ii), a GDM proposal and any other

data necessary for the CFAO to determine if the change is a desirable change.

(2) If the description of the change is inadequate, request a revised description of the new cost accounting practice; and

(3) If the disclosed practice is noncompliant, notify the contractor in writing that, if implemented, the CFAO will determine the cost accounting practice to be noncompliant and process it accordingly.

30.3-2

SUBPART 30.3 - EVALUATION AND AWARD 30.302-3

(c) Evaluating requests for desirable changes.

(1) When a contractor requests a unilateral change be determined a desirable change, the CFAO must promptly evaluate

the contractor's request and, as soon as practical, notify the contractor in writing whether the change is a desirable change or

the request is denied.

(2) If the CFAO determines the change is a desirable change, the CFAO must negotiate any cost or price adjustments

that may be needed to resolve the cost impact (see 30.405).

(3) If the request is denied, the change is a unilateral change and must be processed accordingly.

30.3-3

This page intentionally left blank.

30.3-4

SUBPART 30.4 - POSTAWARD 30.403

Subpart 30.4 - Postaward

30.401 CAS administration.

(a) The CFAO must perform CAS administration for all contracts and subcontracts in a business unit, even when the

contracting officer retains other administration functions. The CFAO must make all CAS-related required determinations and

findings for all CAS-covered contracts and subcontracts, including?

(1) Whether a change in cost accounting practice or noncompliance has occurred; and

(2) If a change in cost accounting practice or noncompliance has occurred, how any resulting cost impacts are resolved.

(b) Within 30 days after the award of any new contract subject to CAS, the contracting officer making the award

must

request the CFAO to perform administration for CAS matters (see subpart 42). For subcontract awards, the contractor awarding the subcontract must follow the procedures at 52.230-6(l), (m), and (n).

(c) In performing CAS administration, the CFAO must request and consider the advice of the auditor as appropriate.

30.402 Materiality.

(a) In determining materiality, the CFAO must use the criteria in 48 CFR 9903.305.

(b) A CFAO determination of materiality?

(1) May be made before or after a general dollar magnitude proposal has been submitted, depending on the particular

facts and circumstances; and

(2) Shall be based on adequate documentation.

(c) When the CFAO determines the cost impact is immaterial, the CFAO shall-

(1) Make no contract adjustments and conclude the cost impact process;

(2) Document the rationale for the determination; and

(3) In the case of noncompliance issues, inform the contractor that?

(i) The noncompliance should be corrected; and

(ii) If the noncompliance is not corrected, the Government reserves the right to make appropriate contract adjustments should the cost impact become material in the future.

(d) For required, unilateral, and desirable changes, and CAS noncompliances, when the amount involved is material, the

CFAO must follow the applicable provisions in this part.

30.403 Changes to disclosed or established cost accounting practices.

(a) See subpart 30.3 above for required, unilateral, and desirable changes.

(b) GDM proposal.

(1) The GDM proposal?

(i) Provides information to the CFAO on the estimated overall impact of a change in cost accounting practice on affected CAS-covered contracts and subcontracts that were awarded based on the previous cost accounting practice;

(ii) Assists the CFAO in determining whether individual contract price or cost adjustments are required;

(iii) The contractor may submit a detailed cost-impact (DCI) proposal in lieu of a GDM proposal provided the DCI proposal is in accordance with paragraph (d) of this section;

(iv) Must calculate the cost impact in accordance with paragraph (e) of this section;

(v) May use one or more of the following methods to determine the increase or decrease in cost accumulations:

(A) A representative sample of affected CAS-covered contracts and subcontracts.

(B) The change in indirect rates multiplied by the total estimated base computed for each of the following groups:

(1) Fixed-price contracts and subcontracts.

(2) Flexibly-priced contracts and subcontracts.

(C) Any other method that provides a reasonable approximation of the total increase or decrease in cost accumulations for all affected fixed-price and flexibly-priced contracts and subcontracts.

(vi) May be in any format acceptable to the CFAO but, as a minimum, must include the following data: and

(A) A GDM estimate of the total increase or decrease in cost accumulations by Executive agency, including any

impact the change may have on contract and subcontract incentives, fees, and profits, for each of the following groups:

(1) Fixed-price contracts and subcontracts.

(2) Flexibly-priced contracts and subcontracts.

(B) For unilateral changes, the increased or decreased costs to the Government for each of the following groups:

30.4-1

30.403 FEDERAL ACQUISITION REGULATION

(1) Fixed-price contracts and subcontracts.

(2) Flexibly-priced contracts and subcontracts.

(vii) When requested by the CFAO, must identify all affected CAS-covered contracts and subcontracts.

(c) GDM proposal evaluation. The CFAO must promptly evaluate the GDM proposal. If the cost impact is immaterial, the

CFAO must notify the contractor in writing and conclude the cost-impact process with no contract adjustments.

Otherwise,

the CFAO must?

(1) Negotiate and resolve the cost impact (see 30.405). If necessary, the CFAO may request that the contractor submit a

revised GDM proposal by a specified date with specific additional data needed to resolve the cost impact; or

(2) Request that the contractor submit a DCI proposal by a specified date if the CFAO determines that the GDM

proposal is not sufficient to resolve the cost impact.

(d) Detailed cost-impact proposal. If the contractor is required to submit a DCI proposal, the CFAO must promptly evaluate the DCI proposal and follow the procedures at 30.405 to negotiate and resolve the cost impact. The DCI proposal?

(1) Must calculate the cost impact in accordance with paragraph (e) of this section;

(2) Must show the estimated increase or decrease in cost accumulations for each affected CAS-covered contract and

subcontract unless the CFAO and contractor agree to?

(i) Include only those affected CAS-covered contracts and subcontracts exceeding a specified amount; and

(ii) Estimate the total increase or decrease in cost accumulations for all affected CAS-covered contracts and subcontracts.

(3) May be in any format acceptable to the CFAO but, as a minimum, must include the requirements at paragraphs (b)

(1)(vi) of this section; and

(4) When requested by the CFAO, must identify all affected contracts and subcontracts.

(e) Calculating cost impacts. The cost impact calculation must?

(1) Include all affected CAS-covered contracts and subcontracts regardless of their status or the fiscal year(s) in which

the costs are incurred;

(2) Combine the cost impact for all affected CAS-covered contracts and subcontracts for all segments if the effect of a

change results in costs flowing between those segments;

(3) For unilateral changes?

(i) Determine the increased or decreased cost to the Government for flexibly-priced contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using the current practice, the difference is increased cost to the Government.

(B) When the estimated costs to complete using the changed practice is less than the estimated cost to complete using the current practice, the difference is decreased cost to the Government.

(ii) Determine the increased or decreased cost to the Government for fixed-price contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice is less than the estimated cost to complete using the current practice, the difference is increased cost to the Government.

(B) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using the current practice, the difference is decreased cost to the Government.

(iii) Calculate the total increase or decrease in contract and subcontract incentives, fees, and profits associated with the increased or decreased cost to the Government in accordance with 48 CFR 9903.306(c). The associated increase or decrease is based on the difference between the negotiated incentives, fees, and profits and the amounts that would have been

negotiated had the cost impact been known at the time the contracts and subcontracts were negotiated; and

(iv) Calculate the increased cost to the Government in the aggregate.

(4) For required or desirable changes, negotiate an equitable adjustment as provided in the Changes clause of the contract.

(f) Remedies. If the contractor does not submit the accounting change description or the proposals required in paragraph

(b) or (d) of this section within the specified time, or any extension granted by the CFAO, the CFAO must?

(1) Estimate the GDM of the cost impact on affected CAS-covered contracts and subcontracts; and

(2) Take one or both of the following actions:

(i) Withhold an amount not to exceed 10 percent of each subsequent payment related to the contractor's CAS-covered contracts (up to the estimated GDM of the cost impact), until the contractor furnishes the required information.

30.4-2

SUBPART 30.4 - POSTAWARD 30.404

(ii) Issue a final decision in accordance with part 33 and unilaterally adjust the contract(s) by the estimated amount of the cost impact.

30.404 Processing noncompliances.

(a) General. Prior to making any contract price or cost adjustments under the applicable paragraph(s) addressing noncompliance at 52.230-2, 52.230-3, or 52.230-5, the CFAO must determine that?

(1) The contemplated contract price or cost adjustments will protect the Government from the payment of increased costs, in the aggregate;

(2) The net effect of the contemplated contract price or cost adjustments will not result in the recovery of more than the increased costs to the Government, in the aggregate;

(3) The net effect of any invoice adjustments made to correct an estimating noncompliance will not result in the recovery of more than the increased costs paid by the Government, in the aggregate; and

(4) The net effect of any interim and final voucher billing adjustments made to correct a cost accumulation noncompliance will not result in the recovery of more than the increased cost paid by the Government, in the aggregate.

(b) Notice and determination. (1) Within 15 days of receiving a report of alleged noncompliance from the auditor, the CFAO must?

- (i) Notify the auditor that the CFAO disagrees with the alleged noncompliance; or
- (ii) Issue a notice of potential noncompliance to the contractor and provide a copy to the auditor.

(2) The notice of potential noncompliance must?

- (i) Notify the contractor in writing of the exact nature of the noncompliance; and
- (ii) Allow the contractor 60 days or other mutually agreeable date to-

(A) Agree or submit reasons why the contractor considers the existing practices to be in compliance; and

(B) Submit rationale to support any written statement that the cost impact of the noncompliance is immaterial.

(3) The CFAO must?

(i) If applicable, review the reasons why the contractor considers the existing practices to be compliant or the cost impact to be immaterial;

(ii) Make a determination of compliance or noncompliance consistent with part 1; and

(iii) Notify the contractor and the auditor in writing of the determination of compliance or noncompliance and the basis for the determination.

(4) If the CFAO makes a determination of noncompliance, the CFAO must follow the procedures in paragraphs

(c)

through (h) of this section, as appropriate, unless the CFAO also determines the cost impact is immaterial. If immaterial, the

CFAO must?

(i) Inform the contractor in writing that-

(A) The noncompliance should be corrected; and

(B) If the noncompliance is not corrected, the Government reserves the right to make appropriate contract

adjustments should the noncompliance become material in the future; and

(ii) Conclude the cost-impact process with no contract adjustments.

(c) Correcting noncompliances. (1) The clause at 52.230-6 requires the contractor to submit a description of any cost

accounting practice change needed to correct a noncompliance within 60 days after the earlier of-

(i) Agreement with the CFAO that there is a noncompliance; or

(ii) Notification by the CFAO of a determination of noncompliance.

(2) The CFAO should review the proposed change to correct the noncompliance concurrently for adequacy and

compliance. The CFAO must?

(i) When the description of the change is both adequate and compliant-

(A) Notify the contractor in writing;

(B) Request that the contractor submit by a specified date a GDM proposal, unless the CFAO

determines the cost

impact is immaterial; and

(C) Follow the procedures at paragraph (b)(4) of this section if the CFAO determines the cost impact is immaterial.

(ii) If the description of the change is inadequate, request a revised description of the new cost accounting practice; or

(iii) If the disclosed practice is noncompliant, notify the contractor in writing that, if implemented, the CFAO will determine the cost accounting practice to be noncompliant and process it accordingly.

30.4-3

30.404 FEDERAL ACQUISITION REGULATION

(d) GDM proposal content. The GDM proposal-

(1) Must calculate the cost impact in accordance with paragraph (h) of this section;

(2) May use one or more of the following methods to determine the increase or decrease in contract and subcontract

price or cost accumulations, as applicable:

(i) A representative sample of affected CAS-covered contracts and subcontracts affected by the noncompliance.

(ii) When the noncompliance involves cost accumulation, the change in indirect rates multiplied by the applicable base for flexibly-priced contracts and subcontracts.

(iii) Any other method that provides a reasonable approximation of the total increase or decrease in contract and subcontract prices and cost accumulations.

(3) The contractor may submit a DCI proposal in lieu of a GDM proposal provided the DCI proposal is in accordance

with paragraph (f) of this section;

(4) May be in any format acceptable to the CFAO but, as a minimum, must include the following data: and

(i) The total increase or decrease in contract and subcontract prices and cost accumulations, as applicable, by Executive agency, including any impact the noncompliance may have on contract and subcontract incentives, fees, and profits, for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(ii) The increased or decreased costs to the Government for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(iii) The total overpayments and underpayments for fixed-price and flexibly-priced contracts made by the Government during the period of noncompliance.

(5) When requested by the CFAO, must identify all affected CAS-covered contracts and subcontracts.

(e) GDM proposal evaluation. The CFAO must promptly evaluate the GDM proposal. If the cost impact is immaterial, the

CFAO must follow the requirements in paragraph (b)(4) of this section. Otherwise, the CFAO must?

(1) Negotiate and resolve the cost impact (see 30.405). If necessary, the CFAO may request the contractor submit a

revised GDM proposal by a specified date, with specific additional data needed to resolve the cost impact; or

(2) Request that the contractor submit a DCI proposal by a specified date if the CFAO determines that the GDM

proposal is not sufficient to resolve the cost impact.

(f) Detailed cost-impact proposal. If the contractor is required to submit a DCI proposal, the CFAO must promptly evaluate the DCI proposal and follow the procedures at 30.405 to negotiate and resolve the cost impact. The DCI proposal?

- (1) Must calculate the cost impact in accordance with paragraph (h) of this section; and
- (2) Must show the increase or decrease in price and cost accumulations, as applicable for each affected CAS-covered

contract and subcontract unless the CFAO and contractor agree to?

(i) Include only those affected CAS-covered contracts and subcontracts having-

(A) Contract and subcontract values exceeding a specified amount when the noncompliance involves estimating

costs; and

(B) Incurred costs exceeding a specified amount when the noncompliance involves accumulating costs; and

(ii) Estimate the total increase or decrease in price and cost accumulations for all affected CAS-covered contracts and subcontracts using the results in paragraph (f)(2)(i) of this section;

(3) May be in any format acceptable to the CFAO but, at a minimum, must include the information in paragraph (d)(4)

of this section; and

(4) When requested by the CFAO, must identify all affected CAS-covered contracts and subcontracts.

(g) Interest. The CFAO must?

- (1) Separately identify interest on any increased cost paid, in the aggregate, as a result of the noncompliance;
- (2) Compute interest from the date of overpayment to the date of repayment using the rate specified in 26 U.S.C.

6621(a)(2).

(h) Calculating cost impacts. The cost impact calculation must?

(1) Include all affected CAS-covered contracts and subcontracts regardless of their status or the fiscal year in which the

costs are incurred;

(2) Combine the cost impact for all affected CAS-covered contracts and subcontracts for all segments if the effect of a

change results in costs flowing between those segments;

30.4-4

SUBPART 30.4 - POSTAWARD 30.405

(3) For noncompliances that involve estimating costs, determine the increased or decreased cost to the Government for

fixed-price contracts and subcontracts as follows:

(i) When the negotiated contract or subcontract price exceeds what the negotiated price would have been had the contractor used a compliant practice, the difference is increased cost to the Government.

(ii) When the negotiated contract or subcontract price is less than what the negotiated price would have been had the

contractor used a compliant practice, the difference is decreased cost to the Government.

(4) For noncompliances that involve accumulating costs, determine the increased or decreased cost to the Government

for flexibly-priced contracts and subcontracts as follows:

- (i) Determine when the noncompliant practice was first implemented.
- (ii) Determine when the noncompliant practice was replaced with a compliant practice.
- (iii) Calculate the cost using the compliant practice for the same time period.
- (iv) Calculate the difference between the noncompliant practice costs and the calculated compliant practice costs.
- (5) Calculate the total increase or decrease in contract and subcontract incentives, fees, and profits associated with

the increased or decreased costs to the Government in accordance with 48 CFR 9903.306(c). The associated increase or

decrease is based on the difference between the negotiated incentives, fees, and profits and the amounts that would have been

negotiated had the contractor used a compliant practice;

- (6) Determine the cost impact of each noncompliance that affects both cost estimating and cost accumulation by

combining the cost impacts in paragraphs (h)(3), (h)(4), and (h)(5) of this section;

- (7) Calculate the increased cost to the Government in the aggregate; and

- (8) If the contractor does not correct the noncompliance or submit the proposal required in paragraph (d) or (f) of this

section within the specified time, or any extension granted by the CFAO, the CFAO must follow the procedures at section

30.302-3.

30.405 Resolving cost impacts.

- (a) General. (1) The CFAO must coordinate with the affected contracting officers before negotiating and resolving the cost

impact when the estimated cost impact is at least \$100,000. The CFAO has the sole authority for negotiating and resolving

the cost impact.

- (2) The CFAO may resolve a cost impact attributed to a change in cost accounting practice or a noncompliance by

adjusting a contract, some contracts, all contracts, or by any other allowed method.

- (3) In resolving the cost impact, the CFAO?

- (i) Must not combine the cost impacts of any of the following:

- (A) A required change and a unilateral change.
- (B) A required change and a noncompliance.
- (C) A desirable change and a unilateral change.
- (D) A desirable change and a noncompliance.

- (ii) Must not combine the cost impacts of any of the following unless all of the cost impacts are increased costs to Government:

- (A) One or more unilateral changes.
- (B) One or more noncompliances.
- (C) Unilateral changes and noncompliances.

- (iii) May consider the cost impacts of a unilateral change affecting two or more segments to be a single change if?

- (A) The change affects the flow of costs between segments; or
- (B) It implements a common cost accounting practice for two or more segments.

- (4) For desirable changes, the CFAO should consider the estimated cost impact of associated management

actions on

contract costs in resolving the cost impact.

(b) Negotiations. The CFAO must?

(1) Negotiate and resolve the cost impact on behalf of all Government agencies; and

(2) At the conclusion of negotiations, prepare a negotiation memorandum and send copies to the auditor and affected

contracting officers.

(c) Contract adjustments. (1) The CFAO may adjust some or all contracts with a material cost impact, subject to the provisions in paragraphs (c)(2) through (c)(6) of this section.

30.4-5

30.405 FEDERAL ACQUISITION REGULATION

(2) In selecting the contract or contracts to be adjusted, the CFAO should assure, to the maximum extent practical and

subject to the provisions in paragraphs (c)(3) through (c)(6) of this section, that the adjustments reflect a pro rata share of the

cost impact based on the ratio of the cost impact of each Executive agency to the total cost impact.

(3) For unilateral changes and noncompliances, the CFAO must?

(i) To the maximum extent practical, not adjust the price upward for fixed-price contracts;

(ii) If contract adjustments are made, prevent payment of aggregate increased costs by taking one or both of the following actions:

(A) Reduce the contract price on fixed-price contracts.

(B) Disallow costs on flexibly-priced contracts.

(iii) The CFAO may, after coordination with the affected contracting officers, increase or decrease individual contract prices, including contract cost ceilings or target costs on flexibly-priced contracts. In such cases, the CFAO must

limit any upward contract price adjustments on affected contracts to the amount of downward price adjustments to other affected contracts (48 CFR 9903.201-6(b)).

(4) For noncompliances that involve estimating costs, the CFAO-

(i) Must, to the maximum extent practical, not adjust the price upward for fixed-price contracts;

(ii) Must, if contract adjustments are made, prevent payment of aggregate increased costs by reducing the contract price on fixed-price contracts;

(iii) May, after coordination with the affected contracting officers, increase or decrease individual contract prices, including cost ceilings or target costs on flexibly-priced contracts. In such cases, the CFAO must limit any upward contract

price adjustments to affected contracts to the amount of downward price adjustments to other affected contracts, (48 CFR

9903.201-6(d));

(iv) Must require the contractor to correct the noncompliance, i.e., ensure that compliant cost accounting practices will now be utilized to estimate proposed contract costs; and

(v) Must require the contractor to adjust any invoices that were paid based on noncompliant contract prices to reflect

the adjusted contract prices, after any contract price adjustments are made to resolve the noncompliance.

(5) For noncompliances that involve cost accumulation, the CFAO-

(i) Must require the contractor to?

(A) Correct noncompliant contract cost accumulations in the contractor's cost accounting records for affected

contracts to reflect compliant contract cost accumulations; and

(B) Adjust interim payment requests and final vouchers to reflect the difference between the costs paid using the

noncompliant practice and the costs that should have been paid using the compliant practice.

(ii) Must adjust contract prices. In adjusting contract prices, the CFAO must prevent payment of aggregate increased

costs by disallowing costs on flexibly-priced contracts.

(A) The CFAO may, after coordination with the affected contracting officers, increase or decrease individual

contract prices, including cost ceilings or target costs on flexibly-priced contracts. In such cases, the CFAO must limit any

upward contract price adjustments to affected contracts to the amount of downward price adjustments to other affected contracts (48 CFR 9903.201-6(d)).

(B) Must require the contractor to?

(1) Correct contract cost accumulations in the contractor's cost accounting records to reflect the contract price adjustments; and

(2) Adjust interim payment requests and final vouchers to reflect the contract price adjustments.

(6) When contract adjustments are made, the CFAO must?

(i) Execute the bilateral modifications if the CFAO and contractor agree on the amount of the cost impact and the adjustments (see part 42); or

(ii) When the CFAO and contractor do not agree on the amount of the cost impact or the contract adjustments, issue

a final decision in accordance with part 33 and unilaterally adjust the contract(s).

(d) Alternate methods. (1) The CFAO may use an alternate method instead of adjusting contracts to resolve the cost impact

if the Government and contractor agree on the use of an alternate method.

(2) The CFAO may not use an alternate method when application of the alternate method would result in?

(i) The Government paying more, in the aggregate, than would be paid if the CFAO did not use the alternate method;

(ii) An under recovery of monies by the Government; or

(iii) Distortions of incentive provisions and relationships between target costs, ceiling costs, and actual costs for incentive type contracts.

30.4-6

SUBPART 30.4 - POSTAWARD 30.406

(3) When using an alternate method that excludes the costs from an indirect cost pool, the CFAO must?

(i) Apply such exclusion only to the determination of final indirect cost rates (see part 42); and

(ii) Adjust the exclusion to reflect the Government participation rate for flexibly-priced contracts and subcontracts.

30.406 Subcontract administration.

When a negotiated CAS price adjustment or a determination of noncompliance is required at the subcontract level, the CFAO for the subcontractor must furnish a copy of the negotiation memorandum or the determination to the CFAO for the

contractor of the next higher-tier subcontractor. The CFAO of the contractor or the next higher-tier subcontractor is not

permitted to change such negotiation memorandum or determination. If the subcontractor refuses to submit a GDM or DCI

proposal, contract remedies are made at the prime contractor level.

part 31 and, when applicable, the requirements and procedures in 48 CFR chapter 99.

Status: Unknown

part 31 and, when applicable, the requirements and procedures in 48 CFR chapter 99.

(5) Review to determine whether any cost data or pricing data, necessary to make the offeror's proposal suitable for

negotiation, have not been either submitted or identified in writing by the offeror. If there are such data, contracting officers

must attempt to obtain and use them in the negotiations or make satisfactory allowance for the incomplete data.

(6) Analysis of the results of any make-or-buy program reviews, in evaluating subcontract costs.

15.404-3 Cost realism analysis.

(a) General. Cost realism analysis is the process of independently reviewing and evaluating specific elements of each

offeror's proposed cost estimate to determine whether the estimated proposed cost elements are realistic for the work to be

performed; reflect a clear understanding of the requirements; and are consistent with the unique methods of performance and

materials described in the offeror's technical proposal.

(b) Probable Cost. Cost realism analyses must be performed on cost-reimbursement contracts to determine the probable

cost of performance for each offeror.

(1) The probable cost may differ from the proposed cost and should reflect the Government's best estimate of the

cost of any contract that is most likely to result from the offeror's proposal. The probable cost must be used for purposes of

evaluation to determine the best value.

(2) The probable cost is determined by adjusting each offeror's proposed cost, and fee when appropriate, to reflect any

additions or reductions in cost elements to realistic levels based on the results of the cost realism analysis.

(c) Competitive fixed-price-type contracts. Cost realism analyses may also be used on competitive fixed-price incentive

contracts or, in exceptional cases, on other competitive fixed-price-type contracts when new requirements may not be fully

understood by competing offerors, there are quality concerns, or past experience indicates that contractors' proposed costs

have resulted in quality or service shortfalls. Results of the analysis may be used in performance risk assessments and responsibility determinations. However, proposals must be evaluated using the criteria in the RFP, and the offered prices must

not be adjusted as a result of the analysis.

15.404-4 Technical cost or price analysis.

(a) Labor and materials. At a minimum, the technical analysis must examine the types and quantities of material proposed

and the need for the types and quantities of labor hours and the labor mix. Any other data that may be pertinent to an assessment of the offeror's ability to accomplish the technical requirements or to the cost or price analysis of the service or

product being proposed should also be included in the analysis.

(b) Technical assistance. Contracting officers should request:

(1) Personnel having specialized knowledge, skills, experience, or capability in engineering, science, or management

perform a technical analysis of the proposed types and quantities of materials, labor, processes, special tooling, equipment

or real property, the reasonableness of scrap and spoilage, and other associated factors set forth in the proposal(s) in order to

determine the need for and reasonableness of the proposed resources, assuming reasonable economy and efficiency.

(2) Technical assistance in evaluating pricing related to items that are "similar to" items being purchased, or commercial products or commercial services that are "of a type", or requiring minor modifications for commercial products,

to ascertain the magnitude of changes required and to assist in pricing the required changes.

15.4-7

15.404-5 FEDERAL ACQUISITION REGULATION

15.404-5 Unit prices.

(a) General. Except when pricing an item on the basis of adequate price competition or catalog or market price, unit prices must reflect the intrinsic value of an item or service and be in proportion to an item's base cost (e.g., manufacturing or acquisition costs).

(b) Price distortion. (1) Except for the acquisition of commercial products, when offerors identify items of supply that they will not manufacture or to which they will not contribute significant value, the information must be used to determine

whether the intrinsic value of an item has been distorted through application of overhead and whether such items should be

considered for breakout.

(2) Any method of distributing costs to line items that distorts the unit prices must not be used. For example, distributing costs equally among line items is not acceptable except when there is little or no variation in base cost. (10

U.S.C. 3703(a)(1)(A) and 41 U.S.C. 3503(a)(1)(A)).

15.404-6 Unbalanced pricing.

(a) General. (1) Unbalanced pricing may increase performance risk and could result in payment of unreasonably high prices. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly over or understated as indicated by the application of cost or price analysis techniques.

(2) The greatest risks associated with unbalanced pricing occur when?

(i) Startup work, mobilization, first articles, or first article testing are separate line items;
(ii) Base quantities and option quantities are separate line items; or
(iii) The evaluated price is the aggregate of estimated quantities to be ordered under separate line items of an indefinite-delivery contract.

(b) Policy. (1) All offers with separately priced line items or subline items must be analyzed to determine if the prices are unbalanced. If cost or price analysis techniques indicate that an offer is unbalanced, contracting officers must?

(i) Consider the risks to the Government associated with the unbalanced pricing in determining the competitive range and in making the source selection decision; and

(ii) Consider whether award of the contract will result in paying unreasonably high prices for contract performance.

(2) An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government.

15.404-7 Review and justification of pass-through contracts.

(a) Policy. When an offeror informs the contracting officer, pursuant to clause 52.215-22, Limitations on Pass-Through

Charges-Identification of Subcontractor Effort, that it intends to award subcontracts for more than 70 percent of the total cost

of work to be performed under the contract, task or delivery order, the contracting officer must?

(1) Consider the availability of alternative contract vehicles and the feasibility of contracting directly with a subcontractor or subcontractors that will perform the bulk of the work. If such alternative approaches are selected, any resulting RFP must be issued in accordance with the competition requirements under FAR part 6;

(2) Make a written determination that the contracting approach selected is in the best interest of the Government; and

(3) Document the basis for such determination. (section 802 of the NDAA for FY 2013 (Pub. L. 112.239)).

(b) Exemption. Contract actions set aside for small business, 8(a), HUBZone, SDVOSB, and WOSB concerns are exempt from the requirements of this subsection (see section 1615 of the NDAA for FY 2014 (Pub. L. 113-66)).

15.404-8 Subcontract pricing considerations.

(a) Policy. Contracting officers are responsible for the determination of a fair and reasonable price for the prime contract, including subcontracting costs. To support this effort, the prime contractor or subcontractor must?

(1) Conduct appropriate cost or price analyses to establish the reasonableness of proposed subcontract prices;

(2) Include the results of these analyses in the price proposal; and

(3) When required by paragraph (b) of this subsection, submit subcontractor certified cost or pricing data to the Government as part of its own certified cost or pricing data.

(b) Certified cost or pricing data. Any contractor or subcontractor that is required to submit certified cost or pricing data

also must obtain and analyze certified cost or pricing data before awarding any subcontract, purchase order, or modification

expected to exceed the certified cost or pricing data threshold, unless an exception in 15.403-2 applies to that action.

(1) The contractor must submit, or cause to be submitted by the subcontractor(s), certified cost or pricing data to the

Government for subcontracts that are the lower of either?

15.4-8

SUBPART 15.4 - CONTRACT PRICING 15.404-9

(i) \$20 million or more; or

(ii) Both more than the pertinent certified cost or pricing data threshold and more than 10 percent of the prime contractor's proposed price, unless the contracting officer believes such submission is unnecessary.

(2) Contracting officers should require the contractor or subcontractor to submit to the Government (or cause submission of) subcontractor certified cost or pricing data below the thresholds in paragraph (b)(1) of this section and data

other than certified cost or pricing data that the contracting officer considers necessary for adequately pricing the prime contract.

(3) Subcontractor certified cost or pricing data must be submitted in the format provided in Table 15-1 of 15.408-2 or

the alternate format specified in the RFP.

(4) Subcontractor certified cost or pricing data must be current, accurate, and complete as of the date of price agreement, or, if applicable, an earlier date agreed upon by the parties and specified on the contractor's Certificate of Current

Cost or Pricing Data. Contractors must update subcontractor's data, as appropriate, during source selection and negotiations.

(5) If there is more than one prospective subcontractor for any given work, the contractor need only submit to the

Government certified cost or pricing data for the prospective subcontractor most likely to receive the award.

(c) Approved purchasing system. Contracting officers should consider whether a contractor or subcontractor has an approved purchasing system, has performed cost or price analysis of proposed subcontractor prices, or has negotiated the subcontract prices before negotiation of the prime contract, in determining the reasonableness of the prime contract price. This does not relieve contracting officers from the responsibility to analyze the contractor's submission, including subcontractor's certified cost or pricing data.

15.404-9 Profit.

(a) General. This subsection prescribes policies for establishing the profit or fee portion of the Government prenegotiation objective in price negotiations based on cost analysis.

(b) Policy. Structured approaches (see paragraph (d) of this subsection) for determining profit or fee prenegotiation objectives provide a discipline for ensuring that all relevant factors are considered.

(1) Subject to the authorities in part 1, agencies making noncompetitive contract awards over \$100,000 totaling \$50 million or more a year?

(i) Must use a structured approach for determining the profit or fee objective in those acquisitions that require cost

analysis (Agencies may use another agency's structured approach); and

(ii) May prescribe specific exemptions for situations in which mandatory use of a structured approach would be clearly inappropriate.

(2) When the price negotiation is based on cost analysis, contracting officers in agencies that have a structured approach must use it to analyze profit. When not using a structured approach, contracting officers must comply with paragraph (d)(1) of this subsection in developing profit or fee prenegotiation objectives.

(3) When the price negotiation is not based on cost analysis, contracting officers are not required to analyze profit.

(c) Contracting officer responsibilities. Contracting officers ?

(1) Must use the Government prenegotiation cost objective amounts as the basis for calculating the profit or fee prenegotiation objective.

(2) Must not require any prospective contractor to submit breakouts or supporting rationale for its profit or fee objective

but may consider it, if it is submitted voluntarily.

(3) Before applying profit or fee factors, must exclude-

(i) From the pre-negotiation cost objective amounts, the purchase cost of contractor-acquired property that is categorized as equipment, as defined in FAR 45, and where such equipment is to be charged directly to the contract; and

(ii) Facilities capital cost of money included in the cost objective amounts. If the prospective contractor fails to identify or propose facilities capital cost of money in a proposal for a contract that will be subject to the cost principles for contracts with commercial organizations, facilities capital cost of money will not be an allowable cost in any resulting contract.

(4) Must not negotiate a price or fee that exceeds the following statutory limitations, imposed by 10 U.S.C. 3322(b) and

41 U.S.C. 3905:

(i) For experimental, developmental, or research work performed under a cost-plus-fixed-fee contract, the fee must not exceed 15 percent of the contract's estimated cost, excluding fee.

15.4-9

15.404-9 FEDERAL ACQUISITION REGULATION

(ii) For architect-engineer services for public works or utilities, the contract price or the estimated cost and fee for production and delivery of designs, plans, drawings, and specifications must not exceed 6 percent of the estimated cost of

construction of the public work or utility, excluding fees.

(iii) For other cost-plus-fixed-fee contracts, the fee must not exceed 10 percent of the contract's estimated cost, excluding fee.

(iv) The contracting officer's signature on the price negotiation memorandum or other documentation supporting determination of fair and reasonable price documents the contracting officer's determination that the statutory price or fee

limitations have not been exceeded.

(5) May use the basic contract's profit or fee rate as the prenegotiation objective for a change or modification, if that

change or modification calls for essentially the same type and mix of work as the basic contract and is of relatively small dollar value compared to the total contract value, contracting officers.

(d) Profit-analysis factors ?

(1) Common factors. Unless it is clearly inappropriate or not applicable, each factor outlined in paragraphs (d)(1)(i)

through (vi) of this subsection must be considered by agencies in developing their structured approaches and by contracting

officers in analyzing profit, whether or not using a structured approach.

(i) Contractor effort. This factor measures the complexity of the work and the resources required of the prospective contractor for contract performance. Greater profit opportunity should be provided under contracts requiring a high degree

of professional and managerial skill and to prospective contractors whose skills, facilities, and technical assets can be expected to lead to efficient and economical contract performance. The subfactors in paragraphs (d)(1)(i)(A) through (D)

of this subsection must be considered in determining contractor effort, but they may be modified in specific situations to accommodate differences in the categories used by prospective contractors for listing costs?

(A) Material acquisition. This subfactor measures the managerial and technical effort needed to obtain the

required purchased parts and material, subcontracted items, and special tooling. Considerations include the complexity of

the items required, the number of purchase orders and subcontracts to be awarded and administered, whether established

sources are available or new or second sources must be developed, and whether material will be obtained through routine

purchase orders or through complex subcontracts requiring detailed specifications. Profit consideration should correspond to

the managerial and technical effort involved.

(B) Conversion direct labor. This subfactor measures the contribution of direct engineering, manufacturing, and

other labor to converting the raw materials, data, and subcontracted items into the contract items. Considerations include the

diversity of engineering, scientific, and manufacturing labor skills required and the amount and quality of supervision and

coordination needed to perform the contract task.

(C) Conversion-related indirect costs. This subfactor measures how much the indirect costs contribute to contract

performance. The labor elements in the allocable indirect costs should be given the profit consideration they would receive if

treated as direct labor. The other elements of indirect costs should be evaluated to determine whether they merit only limited

profit consideration because of their routine nature, or are elements that contribute significantly to the proposed contract.

(D) General management. This subfactor measures the prospective contractor's other indirect costs and general and administrative (G&A) expense, their composition, and how much they contribute to contract performance. Considerations include how labor in the overhead pools would be treated if it were direct labor, whether elements within the pools are routine expenses or instead are elements that contribute significantly to the proposed contract, and whether the

elements require routine as opposed to unusual managerial effort and attention.

(ii) Contract cost risk.

(A) This factor measures the degree of cost responsibility and associated risk that the prospective contractor

will assume as a result of the contract type contemplated and considering the reliability of the cost estimate in relation to the

complexity and duration of the contract task. Determination of contract type should be closely related to the risks involved

in timely, cost-effective, and efficient performance. This factor should compensate contractors proportionately for assuming

greater cost risks.

(B) The contractor assumes the greatest cost risk in a closely priced firm-fixed-price contract under which it

agrees to perform a complex undertaking on time and at a predetermined price. Some firm-fixed-price contracts may entail

substantially less cost risk than others because, for example, the contract task is less complex or many of the contractor's

costs are known at the time of price agreement, in which case the risk factor should be reduced accordingly. The contractor

assumes the least cost risk in a cost-plus-fixed-fee level-of-effort contract, under which it is reimbursed those costs determined to be allocable and allowable, plus the fixed fee.

15.4-10**SUBPART 15.4 - CONTRACT PRICING 15.405-2**

(C) In evaluating assumption of cost risk, contracting officers must, except in unusual circumstances, treat time-

and-materials, labor-hour, and firm-fixed-price, level-of-effort term contracts as cost-plus-fixed-fee contracts.

(iii) Federal socioeconomic programs. This factor measures the degree of support given by the prospective contractor to Federal socioeconomic programs, such as those involving small business concerns, small business concerns

owned and controlled by socially and economically disadvantaged individuals, WOSB concerns, veteran-owned, HUBZone,

SDVOSB concerns, sheltered workshops for workers with disabilities, and energy conservation. Greater profit opportunity

should be provided contractors that have displayed unusual initiative in these programs.

(iv) Capital investments. This factor takes into account the contribution of contractor investments to efficient and economical contract performance.

(v) Cost-control and other past accomplishments. This factor allows additional profit opportunities to a prospective contractor that has previously demonstrated its ability to perform similar tasks effectively and economically. In addition, consideration should be given to measures taken by the prospective contractor that result in productivity improvements, and

other cost-reduction accomplishments that will benefit the Government in follow-on contracts.

(vi) Independent development. Under this factor, the contractor may be provided additional profit opportunities in recognition of independent development efforts relevant to the contract end item without Government assistance. The

contracting officer should consider whether the development cost was recovered directly or indirectly from Government

sources.

(2) Additional factors. In order to foster achievement of program objectives, each agency may include additional factors

in its structured approach or take them into account in the profit analysis of individual contract actions.

15.405 Special cost or pricing areas.

15.405-1 Inaccurate, incomplete, or noncurrent cost or pricing data.

(a) If, before agreement on price, the contracting officer learns that any certified cost or pricing data submitted are inaccurate, incomplete, or noncurrent, the contracting officer must immediately bring the matter to the attention of the prospective contractor, whether the defective data increase or decrease the contract price.

(b) The contracting officer must consider any new data submitted to correct the deficiency, or consider the inaccuracy, incompleteness, or noncurrency of the data when negotiating the contract price. The price negotiation memorandum must reflect the adjustments made to the data or the corrected data used to negotiate the contract price.

15.405-2 Make-or-buy programs.

(a) Evaluation, negotiation, and agreement. Contracting officers must evaluate and negotiate proposed make-or-buy programs as soon as practicable after their receipt and before contract award.

(1) When the program is to be incorporated in the contract and the design status of the product being acquired does not permit accurate precontract identification of major items or work efforts, contracting officers must notify the prospective contractor in writing that these items or efforts, when identifiable, must be added under the clause at 52.215-9, Changes or Additions to Make-or-Buy Program.

(2) Contracting officers normally must not agree to proposed "make items" when the products or services are not regularly manufactured or provided by the contractor and are available "quality, quantity, delivery, and other essential factors considered" from another firm at equal or lower prices, or when they are regularly manufactured or provided by the contractor, but are available "quality, quantity, delivery, and other essential factors considered" from another firm at lower prices. Contracting officers may agree to these as "make items" if an overall lower Governmentwide cost would result or it is otherwise in the best interest of the Government. If this situation occurs in any fixed-price incentive or cost-plus-incentive-fee contract, contracting officers must specify these items in the contract and state that they are subject to paragraph (d) of the clause at 52.215-9, Changes or Additions to Make-or-Buy Program. If the contractor proposes to reverse the categorization of such items during contract performance, the contract price must be subject to equitable reduction.

(b) Incorporating make-or-buy programs in contracts. Contracting officers may incorporate the make-or-buy program in negotiated contracts for?

(1) Major systems or their subsystems or components, regardless of contract type; or

(2) Other supplies and services if?

(i) The contract is a cost-reimbursable contract, or a cost-sharing contract in which the contractor's share of the cost

is less than 25 percent; and

15.4-11

15.405-3 FEDERAL ACQUISITION REGULATION

(ii) The contracting officer determines that technical or cost risks justify Government review and approval of changes or additions to the make-or-buy program.

15.405-3 Forward pricing rate agreements.

(a) All data submitted in connection with the Forward Rate Pricing Agreement (FPRA), updated as necessary, form a part

of the total data that the offeror certifies to be accurate, complete, and current at the time of agreement on price for an initial

contract or for a contract modification.

(b) Contracting officers will use FPRA rates as bases for pricing all contracts, modifications, and other contractual actions to be performed during the period covered by the agreement. Conditions that may affect the agreement's validity

must be reported promptly to the administrative contracting officer (ACO). If the ACO determines that a changed condition

invalidates the agreement, the ACO must notify all interested parties of the extent of its effect and status of efforts to establish

a revised FPRA.

(c) Contracting officers must not require certification at the time of agreement for data supplied in support of FPRA's or

other advance agreements. When a forward pricing rate agreement or other advance agreement is used to price a contract

action that requires a certificate, the certificate supporting that contract action must cover the data supplied to support the

FPRA or other advance agreement, and all other data supporting the action.

15.405-4 Should-cost review.

(a) General. (1) Should-cost reviews are a specialized form of cost analysis. Should-cost reviews differ from traditional

evaluation methods because they do not assume that a contractor's historical costs reflect efficient and economical operation.

Instead, these reviews evaluate the economy and efficiency of the contractor's existing work force, methods, materials, equipment, real property, operating systems, and management. These reviews are accomplished by a multi-functional team

of Government contracting, contract administration, pricing, audit, and engineering representatives. The objective of should-

cost reviews is to promote both short and long-range improvements in the contractor's economy and efficiency in order to

reduce the cost of performance of Government contracts. In addition, by providing rationale for any recommendations and

quantifying their impact on cost, the Government will be better able to develop realistic objectives for negotiation.

(2) There are two types of should-cost reviews: program should-cost review and overhead should-cost review.

These

should-cost reviews may be performed together or independently. The scope of a should-cost review can range from a large-

scale review examining the contractor's entire operation (including plant-wide overhead and selected major subcontractors) to

a small-scale tailored review examining specific portions of a contractor's operation.

(b) Program should-cost review.

(1) A program should-cost review is used to evaluate significant elements of direct costs, such as material and labor,

and associated indirect costs, usually associated with the production of major systems. When a program should-cost review is

conducted relative to a contractor proposal, a separate audit report on the proposal is required.

(2) A program should-cost review should be considered, particularly in the case of a major system acquisition, when?

(i) Some initial production has already taken place;

(ii) The contract will be awarded on a sole source basis;

(iii) There are future year production requirements for substantial quantities of like items;

(iv) The items being acquired have a history of increasing costs;

(v) The work is sufficiently defined to permit an effective analysis and major changes are unlikely;

(vi) Sufficient time is available to plan and adequately conduct the should-cost review; and

(vii) Personnel with the required skills are available or can be assigned for the duration of the should-cost review.

(3) Contracting officers should decide which elements of the contractor's operation have the greatest potential for cost

savings and assign the available personnel resources accordingly. The expertise of on-site Government personnel should

be used, when appropriate. While the particular elements to be analyzed are a function of the contract work task, elements

such as manufacturing, pricing and accounting, management and organization, and subcontract and vendor management are

normally reviewed in a should-cost review.

(4) In acquisitions for which a program should-cost review is conducted, a separate program should-cost review

team report, prepared in accordance with agency procedures, is required. Contracting officers must consider the findings

and recommendations contained in the program should-cost review team report when negotiating the contract price.

After

completing the negotiation, contracting officers must provide the ACO a report of any identified uneconomical or inefficient

practices, together with a report of correction or disposition agreements reached with the contractor. Contracting officers must

establish a follow-up plan to monitor the correction of the uneconomical or inefficient practices.

15.4-12

SUBPART 15.4 - CONTRACT PRICING 15.406**(c) Overhead should-cost review.**

(1) An overhead should-cost review is used to evaluate indirect costs, such as fringe benefits, shipping and receiving, real property, and equipment, depreciation, plant maintenance and security, taxes, and general and administrative activities. It is normally used to evaluate and negotiate an FPRA with the contractor. When an overhead should-cost review is conducted, a separate audit report is required.

(2) The following factors should be considered when selecting contractor sites for overhead should-cost reviews:

- (i) Dollar amount of Government business.
- (ii) Level of Government participation.
- (iii) Level of noncompetitive Government contracts.
- (iv) Volume of proposal activity.
- (v) Major system or program.
- (vi) Corporate reorganizations, mergers, acquisitions, or takeovers.
- (vii) Other conditions (e.g., changes in accounting systems, management, or business activity).

(3) The objective of the overhead should-cost review is to evaluate significant indirect cost elements in-depth, and identify and recommend corrective actions regarding inefficient and uneconomical practices. If it is conducted in conjunction with a program should-cost review, a separate overhead should-cost review report is not required. However, the findings and recommendations of the overhead should-cost team, or any separate overhead should-cost review report, shall be provided to the ACO. The ACO should use this information to form the basis for the Government position in negotiating an FPRA with the contractor. The ACO shall establish a follow-up plan to monitor the correction of the uneconomical or inefficient practices.

15.406 Data to support proposal analysis.**(a) Field pricing assistance.**

(1) Contracting officers should request field pricing assistance when the information available at the buying activity is inadequate to determine a fair and reasonable price. The request must reflect the minimum essential supplementary information needed to conduct a technical or cost or pricing analysis.

(2) Contracting officers must tailor the type of information and level of detail requested in accordance with the specialized resources available at the buying activity and the magnitude and complexity of the required analysis. Field pricing assistance is generally available to provide?

- (i) Technical, audit, and special reports associated with the cost elements of a proposal, including subcontracts;
- (ii) Information on related pricing practices and history;
- (iii) Information to help contracting officers determine commerciality and a fair and reasonable price, including?
 - (A) Verifying sales history to source documents;
 - (B) Identifying special terms and conditions;

(C) Identifying customarily granted or offered discounts for the item;

(D) Verifying the item to an existing catalog or price list;

(E) Verifying historical data for a product or service previously not determined commercial that the offeror is now

trying to qualify as a commercial product or commercial service; and

(F) Identifying general market conditions affecting determinations of commerciality and a fair and reasonable

price.

(iv) Information relative to the business, technical, production, or other capabilities and practices of an offeror.

(b) Reporting field pricing information.

(1) Field pricing review results, including supporting rationale, may be reported directly to the contracting officer orally, in writing, or by any other method acceptable to the contracting officer.

(i) Contracting officers and field pricing experts are encouraged to use telephonic and/or electronic means to request

and send pricing information.

(ii) When it is necessary to have written technical and audit reports, contracting officers must request that the audit agency concurrently forward the audit report to the requesting contracting officer and the ACO. The completed field

pricing assistance results may reference audit information, but need not reconcile the audit recommendations and technical

recommendations. A copy of the information submitted to the contracting officer by field pricing personnel must be provided

to the audit agency.

(2) Audit and field pricing information, whether written or reported telephonically or electronically, must be made a

part of the official contract file.

15.4-13

15.407 FEDERAL ACQUISITION REGULATION

(c) Audit assistance for prime contracts or subcontracts.

(1) Contracting officers should contact the cognizant audit office directly to request assistance, particularly when an

audit is the only field pricing support required. The audit office must send the audit report, or otherwise transmit the audit

recommendations, directly to the contracting officer.

(i) The auditor must not reveal the audit conclusions or recommendations to the offeror/contractor without obtaining the concurrence of the contracting officer. However, the auditor may discuss statements of facts with the contractor.

(ii) Contracting officers must be notified immediately of any information disclosed to the auditor after submission of a report that may significantly affect the audit findings and, if necessary, a supplemental audit report must be issued.

(2) Contracting officers must not request a separate preaward audit of indirect costs unless the information already

available from an existing audit, completed within the preceding 12 months, is considered inadequate for determining the

reasonableness of the proposed indirect costs (41 U.S.C. 4706 and 10 U.S.C. 3841).

(3) The auditor is responsible for the scope and depth of the audit. Copies of updated information that will

significantly

affect the audit must be provided to the auditor by the contracting officer.

(4) General access to the offeror's books and financial records is limited to the auditor. This limitation does not preclude

the contracting officer or the ACO, or their representatives, from requesting that the offeror provide or make available any

data or records necessary to analyze the offeror's proposal.

(d) Deficient proposals.

(1) The ACO or the auditor, as appropriate, must notify the contracting officer immediately if the data provided for review is so deficient as to preclude review or audit, or if the contractor or offeror has denied access to any records considered essential to conduct a satisfactory review or audit. Oral notifications must be confirmed promptly in writing, including a description of deficient or denied data or records.

(2) The contracting officer must immediately take appropriate action to obtain the required data. Should the offeror/

contractor again refuse to provide adequate data, or provide access to necessary data, the contracting officer must withhold

the award or price adjustment and refer the contract action to a higher authority, providing details of the attempts made to

resolve the matter and a statement of the practicability of obtaining the supplies or services from another source.

15.407 Price negotiation.

(a) The purpose of performing cost or price analysis is to develop a negotiation position that permits the contracting officer and the offeror an opportunity to reach agreement on a fair and reasonable price. A fair and reasonable price does not

require that agreement be reached on every element of cost, nor is it mandatory that the agreed price be within the contracting

officer's initial negotiation position. Contracting officers are responsible for exercising the requisite judgment needed to reach

a negotiated settlement with the offeror and is solely responsible for the final price agreement. However, when significant

audit or other specialist recommendations are not adopted, contracting officers should provide rationale that supports the

negotiation result in the price negotiation documentation.

(b) The contracting officer's primary concern is the overall price the Government will actually pay. The contracting officer's objective is to negotiate a contract of a type and with a price providing the contractor the greatest incentive for efficient and economical performance. The negotiation of a contract type and a price are related and should be considered

together with the issues of risk and uncertainty to the contractor and the Government.

(c) The Government's cost objective and proposed pricing arrangement directly affect the profit or fee objective. Because

profit or fee is only one of several interrelated variables, contracting officers must not agree on profit or fee without concurrent agreement on cost and type of contract.

(d) If, however, the contractor insists on a price or demands a profit or fee that the contracting officer considers unreasonable, and the contracting officer has taken all authorized actions (including determining the feasibility of developing

an alternative source) without success, the contracting officer must refer the contract action to a level above the

contracting

officer and document the contract file.

15.408 Documentation.

15.408-1 Prenegotiation objectives.

(a) The prenegotiation objectives establish the Government's initial negotiation position and are based on the results of the contracting officer's analysis of the offeror's proposal.

(b) Contracting officers must establish prenegotiation objectives before negotiating a pricing action. The scope and depth of the analysis supporting the objectives should be directly related to the dollar value, importance, and complexity of the

15.4-14

SUBPART 15.4 - CONTRACT PRICING 15.408-2

pricing action. When cost analysis is required, contracting officers must document the pertinent issues to be negotiated, the cost objectives, and a profit or fee objective.

15.408-2 Documenting the negotiation.

(a) Contracting officers must document in the contract file the principal elements of the negotiated agreement. The documentation (e.g., price negotiation memorandum) must include the following:

- (1) The purpose of the negotiation.
- (2) A description of the acquisition, including appropriate identifying numbers (e.g., RFP No.).
- (3) The name, position, and organization of each person representing the contractor and the Government in the negotiation.
- (4) The current status of any contractor systems (e.g., purchasing, estimating, accounting, and compensation) to the extent they affected and were considered in the negotiation.
- (5) If certified cost or pricing data were not required in the case of any price negotiation exceeding the certified cost or pricing data threshold, the exception used and the basis for it.
- (6) If certified cost or pricing data were required, the extent to which the contracting officer?
 - (i) Relied on the certified cost or pricing data submitted and used them in negotiating the price;
 - (ii) Recognized as inaccurate, incomplete, or noncurrent any certified cost or pricing data submitted; the action taken by the contracting officer and the contractor as a result; and the effect of the defective data on the price negotiated; or
 - (iii) Determined that an exception applied after the data were submitted and, therefore, considered not to be certified cost or pricing data.

(7) A summary of the contractor's proposal, any field pricing assistance recommendations, including the reasons for any pertinent variances from them, the Government's negotiation objective, and the negotiated position.

(i) When the determination of a fair and reasonable price is based on cost analysis, the summary must address each major cost element.

(ii) When determination of a fair and reasonable price is based on price analysis, the summary must include the

source and type of data used to support the determination.

- (8) The most significant facts or considerations controlling the establishment of the prenegotiation objectives and the

negotiated agreement including an explanation of any significant differences between the two positions.

- (9) To the extent such direction has a significant effect on the action, a discussion and quantification of the impact

of direction given by Congress, other agencies, and higher-level officials (i.e., officials who would not normally exercise authority during the award and review process for the instant contract action).

- (10) The basis for the profit or fee prenegotiation objective and the profit or fee negotiated.

- (11) Documentation of fair and reasonable pricing.

- (b) Whenever field pricing assistance has been obtained, the contracting officer must forward a copy of the negotiation

documentation to the office(s) providing assistance. When appropriate, information on how advisory field support can be

made more effective should be provided separately.

Table 15-1?Instructions for Submitting Cost/Price Proposals When Certified Cost or Pricing Data Are Required

This document provides instructions for preparing a contract pricing proposal when certified cost or pricing data are required.

Note 1: There is a clear distinction between submitting certified cost or pricing data and merely making available books, records, and other documents without identification. The requirement for submission of certified cost or pricing data is met

when all accurate certified cost or pricing data reasonably available to the offeror have been submitted, either actually or by

specific identification, to the Contracting Officer or an authorized representative. As later data come into your possession, it

should be submitted promptly to the Contracting Officer in a manner that clearly shows how the data relate to the offeror's

price proposal. The requirement for submission of certified cost or pricing data continues up to the time of agreement on

price, or an earlier date agreed upon between the parties if applicable.

Note 2: By submitting your proposal, you grant the Contracting Officer or an authorized representative the right to examine records that formed the basis for the pricing proposal. That examination can take place at any time before award.

It may include those books, records, documents, and other types of factual data (regardless of form or whether the data are

specifically referenced or included in the proposal as the basis for pricing) that will permit an adequate evaluation of the proposed price.

I. General Instructions

A. You must provide the following information on the first page of your pricing proposal:

15.4-15

15.408-2 FEDERAL ACQUISITION REGULATION

- (1) RFP, contract, and/or modification number;
- (2) Name and address of offeror;
- (3) Name, telephone number, and email address of the point of contact;

(4) Name of contract administration office (if available);

(5) Type of contract action (that is, new contract, change order, price revision/redetermination, letter contract, unpriced

order, or other);

(6) Proposed cost; profit or fee; and total;

(7) Whether you will require the use of Government property in the performance of the contract, and, if so, what property;

(8) Whether your organization is subject to cost accounting standards; whether your organization has submitted a CASB

Disclosure Statement, and if it has been determined adequate; whether you have been notified that you are or may be in

noncompliance with your Disclosure Statement or CAS (other than a noncompliance that the cognizant Federal agency official has determined to have an immaterial cost impact), and, if yes, an explanation; whether any aspect of this proposal

is inconsistent with your disclosed practices or applicable CAS, and, if so, an explanation; and whether the proposal is consistent with your established estimating and accounting principles and procedures and FAR part 31, Cost Principles, and,

if not, an explanation;

(9) The following statement: This proposal reflects our estimates and/or actual costs as of this date and conforms with the

instructions in the RFP and FAR 15.408-2, Table 15-1. By submitting this proposal, we grant the Contracting Officer and

authorized representative(s) the right to examine, at any time before award, those records, which include books, documents,

accounting procedures and practices, and other data, regardless of type and form or whether such supporting information

is specifically referenced or included in the proposal as the basis for pricing, that will permit an adequate evaluation of the

proposed price.

(10) Date of submission; and

(11) Name, title, and signature of authorized representative.

B. In submitting your proposal, you must include an index, appropriately referenced, of all the certified cost or pricing data and information accompanying or identified in the proposal. In addition, you must annotate any future additions and/or

revisions, up to the date of agreement on price, or an earlier date agreed upon by the parties, on a supplemental index.

C. As part of the specific information required, you must submit, with your proposal?

(1) Certified cost or pricing data (as defined at FAR 2.101). You must clearly identify on your cover sheet that certified

cost or pricing data are included as part of the proposal.

(2) Information reasonably required to explain your estimating process, including?

(i) The judgmental factors applied and the mathematical or other methods used in the estimate, including those used in

projecting from known data; and

(ii) The nature and amount of any contingencies included in the proposed price.

D. You must show the relationship between line item prices and the total contract price. You must attach cost-element

breakdowns for each proposed line item, using the appropriate format prescribed in the ?Formats for Submission of Line Item

Summaries? section of this table. You must furnish supporting breakdowns for each cost element, consistent with your cost

accounting system.

E. When more than one line item is proposed, you must also provide summary total amounts covering all line items for each element of cost.

F. Whenever you have incurred costs for work performed before submission of a proposal, you must identify those costs in

your cost/price proposal.

G. If you have reached an agreement with Government representatives on use of forward pricing rates/factors, identify the

agreement, include a copy, and describe its nature.

H. As soon as practicable after final agreement on price or an earlier date agreed to by the parties, but before the award

resulting from the proposal, you must, under the conditions stated in FAR 15.403-4, submit a Certificate of Current Cost or

Pricing Data.

II. Cost Elements

Depending on your system, you must provide breakdowns for the following basic cost elements, as applicable:

A. Materials and services. Provide a consolidated priced summary of individual material quantities included in the various tasks, orders, or line items being proposed and the basis for pricing (vendor quotes, invoice prices, etc.). Include raw

materials, parts, components, assemblies, and services to be produced or performed by others. For all items proposed, identify

the item and show the source, quantity, and price. Conduct price analyses of all subcontractor proposals. Conduct cost analyses for all subcontracts when certified cost or pricing data are submitted by the subcontractor. Include these analyses as

15.4-16

SUBPART 15.4 - CONTRACT PRICING 15.408-2

part of your own certified cost or pricing data submissions for subcontracts expected to exceed the appropriate threshold in

FAR 15.403-3(a). Submit the subcontractor certified cost or pricing data and data other than certified cost or pricing data as

part of your own certified cost or pricing data as required in paragraph IIA(2) of this table. These requirements also apply to

all subcontractors if required to submit certified cost or pricing data.

(1) Adequate Price Competition. Provide data showing the degree of competition and the basis for establishing the source

and reasonableness of price for those acquisitions (such as subcontracts, purchase orders, material order, etc.) exceeding, or

expected to exceed, the appropriate threshold set forth at FAR 15.403-3(a) priced on the basis of adequate price competition.

For interorganizational transfers priced at other than the cost of comparable competitive commercial work of the

division,

subsidiary, or affiliate of the contractor, explain the pricing method (see FAR 31).

(2) All Other. Obtain certified cost or pricing data from prospective sources for those acquisitions (such as subcontracts,

purchase orders, material order, etc.) exceeding the threshold set forth in FAR 15.403-3(a) and not otherwise exempt, in

accordance with FAR 15.403-2. Also provide data showing the basis for establishing source and reasonableness of price. In

addition, provide a summary of your cost analysis and a copy of certified cost or pricing data submitted by the prospective

source in support of each subcontract, or purchase order that is the lower of either \$20 million or more, or both more than

the pertinent certified cost or pricing data threshold and more than 10 percent of the prime contractor's proposed price.

Also

submit any information reasonably required to explain your estimating process (including the judgmental factors applied and

the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature

and amount of any contingencies included in the price). The Contracting Officer may require you to submit cost or pricing

data in support of proposals in lower amounts. Subcontractor certified cost or pricing data must be accurate, complete and

current as of the date of final price agreement, or an earlier date agreed upon by the parties, given on the prime contractor's

Certificate of Current Cost or Pricing Data. The prime contractor is responsible for updating a prospective subcontractor's

data. For standard commercial products fabricated by the offeror that are generally stocked in inventory, provide a separate

cost breakdown, if priced based on cost. For interorganizational transfers priced at cost, provide a separate breakdown of

cost elements. Analyze the certified cost or pricing data and submit the results of your analysis of the prospective source's

proposal. When submission of a prospective source's certified cost or pricing data is required as described in this paragraph, it

must be included as part of your own certified cost or pricing data. You must also submit any data other than certified cost or

pricing data obtained from a subcontractor, either actually or by specific identification, along with the results of any analysis

performed on that data.

B. Direct Labor. Provide a time-phased (e.g., monthly, quarterly, etc.) breakdown of labor hours, rates, and cost by appropriate category, and furnish bases for estimates.

C. Indirect Costs. Indicate how you have computed and applied your indirect costs, including cost breakdowns. Show trends and budgetary data to provide a basis for evaluating the reasonableness of proposed rates. Indicate the rates used and

provide an appropriate explanation.

D. Other Costs. List all other costs not otherwise included in the categories described above (e.g., special tooling, travel,

computer and consultant services, preservation, packaging and packing, spoilage and rework, and Federal excise tax on

finished articles) and provide bases for pricing.

E. Royalties. If royalties exceed \$1,500, you must provide the following information on a separate page for each separate

royalty or license fee:

(1) Name and address of licensor.

(2) Date of license agreement.

(3) Patent numbers.

(4) Patent application serial numbers, or other basis on which the royalty is payable.

(5) Brief description (including any part or model numbers of each contract item or component on which the royalty is

payable).

(6) Percentage or dollar rate of royalty per unit.

(7) Unit price of contract item.

(8) Number of units.

(9) Total dollar amount of royalties.

(10) If specifically requested by the Contracting Officer, a copy of the current license agreement and identification of

applicable claims of specific patents (see part 27 and 31).

F. Facilities Capital Cost of Money. When you elect to claim facilities capital cost of money as an allowable cost, you must submit Form CASB CMF and show the calculation of the proposed amount (see 31.205-10 and 48 CFR 9904.414).

(1) Enter appropriate cost elements.

(2) Include the current estimates of what the cost would have been to complete the deleted work not yet performed (not the

original proposal estimates), and the cost of deleted work already performed.

(3) Include the incurred cost of deleted work already performed, using actuals incurred if possible, or, if actuals are

not available, estimates from your accounting records. Attach a detailed inventory of work, materials, parts, components,

and hardware already purchased, manufactured, or performed and deleted by the change, indicating the cost and proposed

disposition of each line item. Also, if you desire to retain these items or any portion of them, indicate the amount offered for

them.

(4) Enter the net cost to be deleted, which is the estimated cost of all deleted work less the cost of deleted work already

performed. Column (2) minus Column (3) equals Column (4).

(5) Enter your estimate for cost of work added by the change. When nonrecurring costs are significant, or when specifically requested to do so by the Contracting Officer, provide a full identification and explanation of them. When any of

the costs in this column have already been incurred, describe them on an attached supporting schedule.

(6) Enter the net cost of change, which is the cost of work added, less the net cost to be deleted. Column (5) minus Column

(4) equals Column (6). When this result is negative, place the amount in parentheses.

(7) Identify the attachment in which the information supporting the specific cost element may be found. (Attach separate

pages as necessary.)

15.4-18

SUBPART 15.4 - CONTRACT PRICING 15.408-2

Column and Instruction

(1) Enter the cutoff date required by the contract, if applicable.

(2) Enter the number of units completed during the period for which experienced costs of production are being submitted.

(3) Enter the number of units remaining to be completed under the contract.

(4) Enter the cumulative contract amount.

(5) Enter your redetermination proposal amount.

(6) Enter the difference between the contract amount and the redetermination proposal amount. When this result is

negative, place the amount in parentheses. Column (4) minus Column (5) equals Column (6).

(7) Enter appropriate cost elements. When residual inventory exists, the final costs established under fixed-price-

incentive and fixed-price-redeterminable arrangements should be net of the fair market value of such inventory. In support of

subcontract costs, submit a listing of all subcontracts subject to repricing action, annotated as to their status.

(8) Enter all costs incurred under the contract before starting production and other nonrecurring costs (usually referred to

as startup costs) from your books and records as of the cutoff date. These include such costs as preproduction engineering,

special plant rearrangement, training program, and any identifiable nonrecurring costs such as initial rework, spoilage, pilot

runs, etc. In the event the amounts are not segregated in or otherwise available from your records, enter in this column your

best estimates. Explain the basis for each estimate and how the costs are charged on your accounting records (e.g., included

in production costs as direct engineering labor, charged to manufacturing overhead). Also show how the costs would be allocated to the units at their various stages of contract completion.

(9) Enter in Column (9) the production costs from your books and records (exclusive of preproduction costs reported in

Column (8)) of the units completed as of the cutoff date.

(10) Enter in Column (10) the costs of work in process as determined from your records or inventories at the cutoff date.

When the amounts for work in process are not available in your records but reliable estimates for them can be made, enter

the estimated amounts in Column (10) and enter in Column (9) the differences between the total incurred costs (exclusive of

preproduction costs) as of the cutoff date and these estimates. Explain the basis for the estimates, including identification of

any provision for experienced or anticipated allowances, such as shrinkage, rework, design changes, etc. Furnish experienced

unit or lot costs (or labor hours) from inception of contract to the cutoff date, improvement curves, and any other available

production cost history pertaining to the item(s) to which your proposal relates.

(11) Enter total incurred costs (Total of Columns (8), (9), and (10)).

(12) Enter those necessary and reasonable costs that in your judgment will properly be incurred in completing

the

remaining work to be performed under the contract with respect to the item(s) to which your proposal relates.

(13) Enter total estimated cost (Total of Columns (11) and (12)).

(14) Identify the attachment in which the information supporting the specific cost element may be found.

(Attach separate

pages as necessary.)

SUBPART 15.5 - UNSOLICITED PROPOSALS 15.502

Subpart 15.5 - Unsolicited Proposals

15.500 Scope of subpart.

This subpart contains policies and procedures for the submission, receipt, evaluation, and acceptance or rejection of unsolicited proposals.

15.501 Definitions.

As used in this subpart?

Advertising material means material designed to acquaint the Government with a prospective contractor's present products, services, or potential capabilities, or designed to stimulate the Government's interest in buying such products or services.

Commercial product or commercial service offer means an offer of a commercial product or commercial service that the vendor wishes to see introduced in the Government's supply system as an alternate or a replacement for an existing supply

item. This term does not include innovative or unique configurations or uses of commercial products or commercial services

that are being offered for further development and that may be submitted as an unsolicited proposal.

Contribution means a concept, suggestion, or idea presented to the Government for its use with no indication that the source intends to devote any further effort to it on the Government's behalf.

15.502 General.

(a) Purpose. Unsolicited proposals allow unique and innovative ideas or approaches developed outside the Government to be made available to Government agencies for use in accomplishing their missions.

(b) Intent. Unsolicited proposals are offered with the intent that the Government will award a contract to the offeror for research and development or other efforts supporting the Government mission. Only the cognizant contracting officer has the authority to bind the Government regarding unsolicited proposals.

(c) Early exchanges. Preliminary contact with technical and other appropriate agency personnel before preparing a detailed unsolicited proposal or submitting proprietary information to the Government may save considerable time and effort for both parties.

(d) Information for potential offerors. Agencies must make the following information available to potential offerors of unsolicited proposals:

(1) Definition and content of an unsolicited proposal acceptable for formal evaluation.

(2) Requirements concerning responsible prospective contractors and organizational conflicts of interest.

(3) Guidance on preferred methods for submitting ideas/concepts to the Government, such as any agency: upcoming

requests for proposals (RFP); Broad Agency Announcements (BAA); Small Business Innovative Research programs (SBIR);

Small Business Technology Transfer (STTR) programs; program research and development announcements; or grant programs.

(4) Agency points of contact for information regarding advertising, contributions, and other types of transactions similar to unsolicited proposals.

(5) Information sources on agency objectives and areas of potential interest.

(6) Procedures for submission and evaluation of unsolicited proposals.

(7) Instructions for identifying and marking proprietary information so that it is protected and restrictive legends conform to this subpart.

(e) Prohibitions.

(1) Government personnel should not use any data, concept, idea, or other part of an unsolicited proposal as the basis,

or part of the basis, for a RFP or in negotiations with any other firm unless the offeror is notified of and agrees to the intended

use. This prohibition does not preclude using any data, concept, or idea in the proposal that also is available from another

source without restriction.

(2) Government personnel should not disclose restrictively marked information included in an unsolicited proposal. The

disclosure of such information concerning trade secrets, processes, operations, style of work, apparatus, and other matters,

except as authorized by law, may result in criminal penalties under 18 U.S.C. 1905.

15.5-1

15.503 FEDERAL ACQUISITION REGULATION

15.503 Preparing unsolicited proposals.

15.503-1 Scope of proposals.

(a) Unsolicited proposals may be submitted for new and innovative ideas that do not already fall under topic areas publicized under BAA, SBIR topics, STTR topics, program research and development announcements, or any other Government-initiated RFP or program.

(b) A valid unsolicited proposal must?

(1) Be innovative and unique;

(2) Be independently originated and developed by the offeror;

(3) Be prepared without Government supervision, endorsement, direction, or direct Government involvement;

(4) Include sufficient detail to permit a determination that Government support could be worthwhile and the proposed

work could benefit the agency's research and development or other mission responsibilities;

(5) Not be an advance proposal for a known agency requirement that can be acquired by competitive methods; and

(6) Not address a previously published agency requirement.

(c) Advertising material, commercial product or commercial service offers, contributions, or routine correspondence

on

technical issues, are not unsolicited proposals.

(d) Unsolicited proposals in response to a publicized general statement of agency needs are considered to be independently

originated.

15.503-2 Content of proposals.

Unsolicited proposals must contain the following information to permit consideration in an objective and timely manner:

(a) Basic information including?

(1) Offeror's name and address and type of organization; e.g., profit, nonprofit, educational, small business;

(2) Names and telephone numbers of technical and business personnel to be contacted for evaluation or negotiation

purposes;

(3) Identification of proprietary data to be used only for evaluation purposes;

(4) Names of other Federal, State, or local agencies or parties receiving the proposal or funding the proposed effort;

(5) Date of submission; and

(6) Signature of a person authorized to represent and contractually obligate the offeror.

(b) Technical information including?

(1) Concise title and short abstract of the proposed effort;

(2) A reasonably complete discussion stating the objectives of the effort or activity, the method of approach and extent

of effort to be employed, the nature and extent of the anticipated results, and the manner in which the work will help to support accomplishment of the agency's mission;

(3) Names and biographical information on the offeror's key personnel who would be involved, including alternates;

and

(4) Type of support needed from the agency; e.g., Government property or personnel resources.

(c) Supporting information including?

(1) Proposed price or total estimated cost for the effort in sufficient detail for meaningful evaluation;

(2) Period of time for which the proposal is valid (a 6-month minimum is suggested);

(3) Type of contract preferred;

(4) Proposed duration of effort;

(5) Brief description of the organization, previous experience, relevant past performance, and facilities to be used;

(6) Other statements, if applicable, about organizational conflicts of interest, security clearances, and environmental

impacts; and

(7) The names and telephone numbers of agency technical or other agency points of contact already contacted regarding the proposal.

15.503-3 Restricting use and disclosure of data.

(a) Unsolicited proposals may include data that the offeror does not want disclosed to the public for any purpose or used

by the Government except for evaluation purposes. If the offeror wishes to restrict the use and disclosure of data, the title

page must be marked the following legend:

Use and Disclosure of Data

15.5-2

SUBPART 15.5 - UNSOLICITED PROPOSALS 15.504-2

This proposal includes data that must not be disclosed outside the Government and must not be duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate this proposal. However, if a contract is awarded to this

offeror as a result of, or in connection with, the submission of these data, the Government must have the right to duplicate,

use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right

to use information contained in these data if they are obtained from another source without restriction. The data subject to this

restriction are contained in Sheets [insert numbers or other identification of sheets].

(1) The offeror must also mark each sheet of data it wishes to restrict with the following legend: Use or disclosure of

data contained on this sheet is subject to the restriction on the title page of this proposal.

(2) An offeror should identify trade secrets, commercial or financial information, and privileged or confidential information to the Government

15.504 Receipt and initial review of unsolicited proposals.

(a) Agencies must establish procedures for controlling the receipt, evaluation, and timely disposition of unsolicited proposals. The procedures must include controls on the reproduction and disposition of proposal material, particularly data

identified by the offeror as subject to duplication, use, or disclosure restrictions; and identify agency points of contact to coordinate the receipt and handling of unsolicited proposals.

(b) Agencies may decline evaluation or consideration of unsolicited proposals submitted concurrently to more than one

agency, or distributed in bulk.

15.504-1 Initial Review.

(a) Before beginning a comprehensive evaluation, the agency contact point must determine if the proposal?

(1) Is a valid unsolicited proposal, as described at 15.503-1(b);

(2) Is suitable for submission in response to an existing agency requirement;

(3) Is related to the agency mission;

(4) Contains sufficient technical information and cost-related or price-related information for evaluation;

(5) Has overall scientific, technical, or socioeconomic merit;

(6) Has been approved by a responsible official or other representative authorized to obligate the offeror contractually;

and

(7) Complies with the marking requirements of this subpart.

(b) If the proposal meets these requirements, the contact point must promptly acknowledge receipt and process the proposal.

(c) If a proposal is rejected because the proposal does not meet these requirements, the agency contact point must promptly inform the offeror in writing of the reasons for rejection and the proposed disposition of the unsolicited proposal.

15.504-2 Handling use and disclosure of data restrictions.

(a) Alternate legend. When an unsolicited proposal meeting the requirements at 15.504-1(a) is marked with a legend

different from that at 15.503-3, the agency point of contact must?

(1) Return the proposal to the offeror and notify them that the proposal cannot be considered because it is impracticable

for the Government to comply with the legend and that the agency will consider the proposal if it is resubmitted with the proper legend; and

(2) Unless the offeror clearly states in writing that no restrictions are imposed on the disclosure or use of the data

contained in the proposal, mark the unsolicited proposal as follows:

Unsolicited Proposal?Use of Data Limited

All Government personnel must exercise extreme care to ensure that the information in this proposal is not disclosed to an individual who has not been authorized access to such data in accordance with FAR part 3, and is not duplicated, used,

or disclosed in whole or in part for any purpose other than evaluation of the proposal, without the written permission of the

offeror. If a contract is awarded on the basis of this proposal, the terms of the contract must control disclosure and use.

This

notice does not limit the Government's right to use information contained in the proposal if it is obtainable from another source without restriction. This is a Government notice, and must not by itself be construed to impose any liability upon the

Government or Government personnel for disclosure or use of data contained in this proposal.

(3) Not use this notice to justify withholding of a record, or to improperly deny the public access to a record, where an

obligation is imposed by the Freedom of Information Act (5 U.S.C. 552).

(b) Evaluation by personnel outside of the agency or the Government.

15.5-3

15.505 FEDERAL ACQUISITION REGULATION

(1) When an agency receives an unsolicited proposal from other than an educational or nonprofit organization or

institution, and an evaluation by Government personnel outside the agency or non-Government personnel is necessary, written permission must be obtained from the offeror before releasing the proposal for evaluation. The agency point of contact should?

(i) Attach a cover sheet marked with the legend in paragraph (a)(2) of this section;

(ii) Change the beginning of the legend to read "All Government and non-Government personnel ***?"; and

(iii) Require any non-Government evaluator to agree in writing that data in the proposal will not be disclosed to persons outside the Government.

(2) When an agency receives an unsolicited proposal without a restrictive legend from an educational or nonprofit

organization or institution, and evaluation outside of the Government is necessary, the agency point of contact should follow

paragraphs (b)(1)(i) through (iii) of this section.

(3) When an agency receives an unsolicited proposal with a restrictive legend from an educational or nonprofit

organization or institution, and evaluation by non-Government personnel is necessary, the agency point of contact must?

- (i) Follow paragraphs (b)(1)(i) through (iii) of this section; and
- (ii) Obtain written permission from the offeror before releasing the proposal for evaluation.

15.505 Evaluation of unsolicited proposals.

(a) Agencies must evaluate unsolicited proposals for energy savings performance contracts in accordance with the procedures in 10 CFR 436.33(b).

(b) The agency point of contact must coordinate the evaluation of proposals and attach the legend at 15.504-2(a)(2) to each copy of the proposal distributed for evaluation.

(c) When evaluating unsolicited proposals, evaluators should consider, at a minimum, the following factors:

- (1) Unique, innovative and meritorious methods, approaches, or concepts demonstrated by the proposal;
- (2) Overall scientific, technical, or socioeconomic merits of the proposal;
- (3) Potential contribution of the effort to the agency's specific mission;
- (4) Offeror's capabilities, related experience, facilities, techniques, or unique combinations of these that are integral

factors for achieving the proposal objectives;

- (5) Qualifications, capabilities, and experience of the proposed principal investigator, team leader, or key personnel

critical to achieving the proposal objectives; and

- (6) Realism of the proposed cost.

(d) Evaluators must notify the agency point of contact of their recommendations when the evaluation is complete.

(e) A favorable evaluation of an unsolicited proposal does not, in itself, justify awarding a contract without providing for

full and open competition. The agency point of contact should return an unsolicited proposal to the offeror, citing reasons,

when its substance?

- (1) Is available to the Government without restriction from another source;
- (2) Closely resembles a pending competitive acquisition requirement;
- (3) Does not relate to the activity's mission; or
- (4) Does not demonstrate an innovative and unique method, approach, or concept, or is otherwise not deemed a

meritorious proposal.

15.506 Criteria for acceptance and negotiation of an unsolicited proposal.

Contracting officers may begin negotiations on a sole source basis only when?

- (a) An unsolicited proposal receives a favorable comprehensive evaluation;
- (b) A justification and approval is obtained in accordance with part 6;
- (c) The agency technical office sponsoring the contract furnishes the necessary funds; and
- (d) The requirements for synopsisizing a proposed contract action are met.

31.000 Scope of part.

This part contains cost principles and procedures for?

(a) The pricing of contracts, subcontracts, and modifications to contracts and subcontracts whenever cost analysis is

performed (see 15.404-1(c)); and

(b) The determination, negotiation, or allowance of costs when required by a contract clause.

31.001 Applicability.

The cost principles and procedures in this part apply to contracts with?

(a) Commercial organizations;

(b) Educational institutions;

(c) Construction and architect-engineering;

(d) State, local, and federally recognized Indian tribal governments; and

(e) Nonprofit organizations.

31.002 Definitions.

As used in this part?

Accrued benefit cost method means an actuarial cost method under which units of benefits are assigned to each cost accounting period and are valued as they accrue; i.e., based on the services performed by each employee in the period

involved. The measure of normal cost under this method for each cost accounting period is the present value of the units of

benefit deemed to be credited to employees for service in that period. The measure of the actuarial accrued liability at a plan's

inception date is the present value of the units of benefit credited to employees for service prior to that date. (This method is

also known as the unit credit cost method without salary projection.)

Actual costs means (except for subpart 31.6) amounts determined on the basis of costs incurred, as distinguished from forecasted costs. Actual costs include standard costs properly adjusted for applicable variances.

Actuarial accrued liability means pension cost attributable, under the actuarial cost method in use, to years prior to the current period considered by a particular actuarial valuation. As of such date, the actuarial accrued liability represents the

excess of the present value of future benefits and administrative expenses over the present value of future normal costs for

all plan participants and beneficiaries. The excess of the actuarial accrued liability over the actuarial value of the assets of

a pension plan is the unfunded actuarial liability. The excess of the actuarial value of the assets of a pension plan over the

actuarial accrued liability is an actuarial surplus and is treated as a negative unfunded actuarial liability.

Actuarial assumption means an estimate of future conditions affecting pension cost; e.g., mortality rate, employee turnover, compensation levels, earnings on pension plan assets, and changes in values of pension plan assets.

Actuarial cost method means a technique which uses actuarial assumptions to measure the present value of future pension

benefits and pension plan administrative expenses, and that assigns the cost of such benefits and expenses to cost accounting

periods. The actuarial cost method includes the asset valuation method used to determine the actuarial value of the assets of a

pension plan.

Actuarial gain and loss means the effect on pension cost resulting from differences between actuarial assumptions and actual experience.

Actuarial valuation means the determination, as of a specified date, of the normal cost, actuarial accrued liability, actuarial

value of the assets of a pension plan, and other relevant values for the pension plan.

Allocate means to assign an item of cost, or a group of items of cost, to one or more cost objectives. This term includes both direct assignment of cost and the reassignment of a share from an indirect cost pool.

Compensation for personal services means all remuneration paid currently or accrued, in whatever form and whether paid

immediately or deferred, for services rendered by employees to the contractor.

Cost input means the cost, except general and administrative (G&A) expenses, which for contract costing purposes is allocable to the production of goods and services during a cost accounting period.

Cost objective means (except for subpart 31.6) a function, organizational subdivision, contract, or other work unit for which cost data are desired and for which provision is made to accumulate and measure the cost of processes, products, jobs,

capitalized projects, etc.

Deferred compensation means an award made by an employer to compensate an employee in a future cost accounting

period or periods for services rendered in one or more cost accounting periods before the date of the receipt of compensation

by the employee. This definition must not include the amount of year end accruals for salaries, wages, or bonuses that are to

be paid within a reasonable period of time after the end of a cost accounting period.

-1

31.002 FEDERAL ACQUISITION REGULATION

Defined-benefit pension plan means a pension plan in which the benefits to be paid, or the basis for determining such benefits, are established in advance and the contributions are intended to provide the stated benefits.

Defined-contribution pension plan means a pension plan in which the contributions to be made are established in advance

and the benefits are determined thereby.

Directly associated cost means any cost which is generated solely as a result of the incurrence of another cost, and which

would not have been incurred had the other cost not been incurred.

Estimating costs means the process of forecasting a future result in terms of cost, based upon information available at the

time.

Expressly unallowable cost means a particular item or type of cost which, under the express provisions of an applicable law, regulation, or contract, is specifically named and stated to be unallowable.

Final cost objective means (except for subparts 31.3 and 31.6) a cost objective that has allocated to it both direct and indirect costs and, in the contractor's accumulation system, is one of the final accumulation points.

Fiscal year means the accounting period for which annual financial statements are regularly prepared, generally a period

of 12 months, 52 weeks, or 53 weeks.

Funded in regard to a pension cost means the portion of pension cost for a current or prior cost accounting period that has

been paid to a funding agency.

Home office means an office responsible for directing or managing two or more, but not necessarily all, segments of an organization. It typically establishes policy for, and provides guidance to, the segments in their operations. It usually performs

management, supervisory, or administrative functions, and may also perform service functions in support of the operations of

the various segments. An organization which has intermediate levels, such as groups, may have several home offices which

report to a common home office. An intermediate organization may be both a segment and a home office.

Immediate-gain actuarial cost method means any of the several actuarial cost methods under which actuarial gains and losses are included as part of the unfunded actuarial liability of the pension plan, rather than as part of the normal cost of the

plan.

Independent research and development (IR&D) cost means the cost of effort which is neither sponsored by a grant, nor required in performing a contract, and which falls within any of the following four areas:

- (1) Basic research;
- (2) Applied research;
- (3) Development; and

(4) Systems and other concept formulation studies.

Indirect cost pools means (except for subparts 31.3 and 31.6) groupings of incurred costs identified with two or more cost

objectives but not identified specifically with any final cost objective.

Insurance administration expenses means the contractor's costs of administering an insurance program; e.g., the costs of

operating an insurance or risk-management department, processing claims, actuarial fees, and service fees paid to insurance

companies, trustees, or technical consultants.

Intangible capital asset means an asset that has no physical substance, has more than minimal value, and is expected to be

held by an enterprise for continued use or possession beyond the current accounting period for the benefits it yields.

Job means a homogeneous cluster of work tasks, the completion of which serves an enduring purpose for the organization.

Taken as a whole, the collection of tasks, duties, and responsibilities constitutes the assignment for one or more individuals

whose work is of the same nature and is performed at the same skill/responsibility level-as opposed to a position, which is

a collection of tasks assigned to a specific individual. Within a job, there may be pay categories which are dependent on the

degree of supervision required by the employee while performing assigned tasks which are performed by all persons with the

same job.

Job class of employees means employees performing in positions within the same job.

Nonqualified pension plan means any pension plan other than a qualified pension plan as defined in this part.

Normal cost means the annual cost attributable, under the actuarial cost method in use, to current and future years as of a

particular valuation date excluding any payment in respect of an unfunded actuarial liability.

Pay-as-you-go cost method means a method of recognizing pension cost only when benefits are paid to retired employees

or their beneficiaries.

Pension plan means a deferred compensation plan established and maintained by one or more employers to provide systematically for the payment of benefits to plan participants after their retirements, provided that the benefits are paid for

life or are payable for life at the option of the employees. Additional benefits such as permanent and total disability and death

payments, and survivorship payments to beneficiaries of deceased employees, may be an integral part of a pension plan.

-2

SUBPART 31.1 - APPLICABILITY 31.101

Pension plan participant means any employee or former employee of an employer or any member or former member of an employee organization, who is or may become eligible to receive a benefit from a pension plan which covers employees

of such employer or members of such organization who have satisfied the plan's participation requirements, or whose beneficiaries are receiving or may be eligible to receive any such benefit. A participant whose employment status with

the

employer has not been terminated is an active participant of the employer's pension plan.

Profit center means (except for subparts 31.3 and 31.6) the smallest organizationally independent segment of a company

charged by management with profit and loss responsibilities.

Projected benefit cost method means either-

(1) Any of the several actuarial cost methods that distribute the estimated total cost of all of the employees? prospective

benefits over a period of years, usually their working careers; or

(2) A modification of the accrued benefit cost method that considers projected compensation levels.

Proposal means any offer or other submission used as a basis for pricing a contract, contract modification, or termination

settlement or for securing payments thereunder.

Qualified pension plan means a pension plan comprising a definite written program communicated to and for the exclusive

benefit of employees that meets the criteria deemed essential by the Internal Revenue Service as set forth in the Internal

Revenue Code for preferential tax treatment regarding contributions, investments, and distributions. Any other plan is a nonqualified pension plan.

Self-insurance charge means a cost which represents the projected average loss under a self-insurance plan.

Service life means the period of usefulness of a tangible capital asset (or group of assets) to its current owner. The period

may be expressed in units of time or output. The estimated service life of a tangible capital asset (or group of assets) is a

current forecast of its service life and is the period over which depreciation cost is to be assigned.

Spread-gain actuarial cost method means any of the several projected benefit actuarial cost methods under which actuarial

gains and losses are included as part of the current and future normal costs of the pension plan.

Standard cost means any cost computed with the use of preestablished measures.

Tangible capital asset means an asset that has physical substance, more than minimal value, and is expected to be held by

an enterprise for continued use or possession beyond the current accounting period for the services it yields.

Variance means the difference between a preestablished measure and an actual measure.

Welfare benefit fund means a trust or organization which receives and accumulates assets to be used either for the payment of postretirement benefits, or for the purchase of such benefits, provided such accumulated assets form a part of a

postretirement benefit plan.

31.003 Availability of accounting guide.

Contractors needing assistance in developing or improving their accounting systems and procedures may request a copy of

the Defense Contract Audit Agency Pamphlet No. 7641.90, Information for Contractors at <http://www.dcaa.mil>.

31.004 Deviations.

(a) Civilian agencies.

(1) Individual deviations from the cost principles in this part require approval by the agency head.

(2) Class deviations from the cost principles in this part require approval by the Civilian Agency Acquisition Council.

(b) DoD and NASA. See agency supplements for the approval of deviations from the cost principles in this part.

Subpart 31.1 - Applicability

31.100 Scope of subpart.

(a) This subpart describes the applicability of cost principles and procedures to various types of contracts and subcontracts

and are grouped by organization type (e.g., commercial, nonprofit, and educational institutions).

(b) This subpart also describes advance agreements, the requirement for certification of indirect cost rates, and penalties on

certain unallowable costs.

31.101 [Reserved]

31.1-3

31.102 FEDERAL ACQUISITION REGULATION

31.102 Fixed-price contracts.

(a) The applicable subparts of part 31 must be used in the pricing of fixed-price contracts, subcontracts, and modifications

to contracts and subcontracts whenever?

(1) Cost analysis is performed, or

(2) A fixed-price contract clause requires the determination or negotiation of costs.

(b) (1) The application of cost principles to fixed-price contracts and subcontracts must not be construed as a requirement

to negotiate agreements on individual elements of cost in arriving at agreement on the total price.

(2) The final price accepted by the parties reflects agreement only on the total price.

31.103 Contracts with commercial organizations.

This category includes contracts, subcontracts, and modifications to contracts and subcontracts negotiated with organizations other than educational institutions (see 31.104), construction and architect-engineer contracts (see 31.105),

State and local governments (see 31.107) and nonprofit organizations (see 31.108) on the basis of cost.

(a) The cost principles and procedures in subpart 31.2 must be used in pricing negotiated contracts and contract modifications with commercial organizations whenever cost analysis is performed as required by 15.404-1(c).

(b) The contracting officer must incorporate the cost principles and procedures in subpart 31.2 by reference in contracts

with commercial organizations as the basis for?

(1) Determining reimbursable costs under?-

(i) Cost-reimbursement contracts and cost-reimbursement subcontracts under contracts performed by commercial organizations; and

(ii) The cost-reimbursement portion of time-and-materials contracts except when material is priced on a basis other than at cost (see 16.601(c)(3));

(2) Negotiating indirect cost rates (see subpart 42.7);

(3) Proposing, negotiating, or determining costs under terminated contracts (see 49.103 and 49.113);

(4) Price revision of fixed-price incentive contracts (see 16.204 and 16.403);

(5) Price redetermination of price redetermination contracts (see 16.205 and 16.206); and

(6) Pricing changes and other contract modifications.

31.104 Contracts with educational institutions.

This category includes contracts, subcontracts, and modifications to contracts and subcontracts performed by educational

institutions (defined as institutions of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20

U.S.C. 1001).

(a) The contracting officer must incorporate the cost principles and procedures in subpart 31.3 by reference in cost-reimbursement contracts with educational institutions as the basis for?

(1) Determining reimbursable costs under cost-reimbursement contracts and cost-reimbursement subcontracts performed by educational institutions;

(2) Negotiating indirect cost rates; and

(3) Settling costs of cost-reimbursement terminated contracts (see subpart 49.3 and 49.109-7).

(b) The cost principles in this subpart are to be used as a guide in evaluating costs in connection with negotiating fixed-price contracts and termination settlements.

31.105 Construction and architect-engineer contracts.

(a) This category includes all contracts and contract modifications negotiated on the basis of cost with organizations other

than educational institutions (see 31.104), State and local governments (see 31.107), and nonprofit organizations except

those exempted under OMB Uniform Guidance at 2 CFR part 200, appendix VIII (see 31.108) for construction management

or construction, alteration or repair of buildings, bridges, roads, or other kinds of real property. It also includes architect-engineer contracts related to construction projects. It does not include contracts for vessels, aircraft, or other kinds of personal property.

(b) Definition.

Construction equipment, as used in this section, means equipment (including marine equipment) in sound workable condition, either owned or controlled by the contractor or the subcontractor at any tier, or obtained from a commercial rental

source, and furnished for use under Government contracts.

31.1-4**SUBPART 31.1 - APPLICABILITY 31.105**

(c) Except as specified in paragraph (d) of this section, the cost principles and procedures in subpart 31.2 must be used in

the pricing of contracts and contract modifications in this category if cost analysis is performed as required by 15.404-1(c).

(d) The contracting officer must incorporate by reference the cost principles and procedures in subpart 31.2 (as modified

by paragraph (d) of this section) in contracts in this category as the basis for?

(1) Determining reimbursable costs under cost-reimbursement contracts and subcontracts;

(2) Negotiating indirect cost rates;

(3) Proposing, negotiating, or determining costs under terminated contracts;

(4) Price revision of fixed-price incentive contracts; and

(5) Pricing changes and other contract modifications.

(e) (1) The allowability of costs for construction and architect-engineer contracts must be determined in accordance with

subpart 31.2 except as follows:

(i) When an advance agreement is used to address costs, such as home office overhead, partner's compensation, employment of consultants, and equipment usage costs due to varying factors of construction projects (see 31.110).

(ii) Allowable ownership and operating costs of construction equipment must be determined as follows:

(A) Actual cost data must be used when such data can be determined for both ownership and operating costs for

each piece of equipment, or groups of similar serial or series equipment, from the contractor's accounting records.

(B) When actual cost data cannot be determined, the contracting officer may specify the use of a particular

schedule of predetermined rates or any part thereof to determine ownership and operating costs of construction equipment.

(C) Costs otherwise unallowable under this part must not become allowable through the use of an advance agreement (see 31.110(c)) (e.g., schedules need to be adjusted for Government contract costing purposes if they are based on

replacement cost, include unallowable interest costs, or use improper cost of money rates or computations).

(D) Contracting officers should review the computations and factors included within the specified schedule and

ensure that unallowable or unacceptably computed factors are not allowed in cost submissions.

(E) Predetermined schedules of construction equipment use rates (e.g., the Construction Equipment Ownership

and Operating Expense Schedule published by the U.S. Army Corps of Engineers, industry sponsored construction equipment cost guides, or commercially published schedules of construction equipment use cost) provide average ownership

and operating rates for construction equipment.

(1) The allowance for ownership costs should include the cost of depreciation and may include facilities capital cost of money.

(2) The allowance for operating costs may include costs for such items as fuel, filters, oil, and grease; servicing, repairs, and maintenance; and tire wear and repair.

(3) Costs of labor, mobilization, demobilization, overhead, and profit are generally not reflected in schedules, and separate consideration may be necessary.

(F) When a schedule of predetermined use rates for construction equipment is used to determine direct costs, all

costs of equipment that are included in the cost allowances provided by the schedule must be identified and eliminated from

the contractor's other direct and indirect costs charged to the contract.

(1) If the contractor's accounting system provides for site or home office overhead allocations, all costs which are included in the equipment allowances may need to be included in any cost input base before computing the contractor's overhead rate.

(2) In periods of suspension of work pursuant to a contract clause, the allowance for equipment ownership must not exceed an amount for standby cost as determined by the schedule or contract provision.

(iii) The following costs of renting construction equipment must be treated as follows:

(A) Costs, such as maintenance and minor or running repairs incident to operating such rented equipment, that are not included in the rental rate are allowable.

(B) Costs incident to major repair and overhaul of rental equipment are unallowable.

(C) The allowability of charges for construction equipment rented from any division, subsidiary, or organization under common control, will be determined in accordance with 31.205-36(b)(3) and (b)(4).

(2) Costs incurred, at the job site, in performance of the work, such as the cost of superintendence, timekeeping and clerical work, engineering, utility costs, supplies, material handling, restoration and cleanup, etc., are allowable as direct or indirect costs, provided the accounting practice used is in accordance with the contractor's established and consistently followed cost accounting practices for all work.

(3) Rental and any other costs, less any applicable credits, incurred in acquiring the temporary use of land, structures, and facilities are allowable.

31.1-5

31.106 FEDERAL ACQUISITION REGULATION

(4) Costs, less any applicable credits, incurred in constructing or fabricating structures and facilities of a temporary nature are allowable.

31.106 [Reserved]

31.107 Contracts with State, local, and federally recognized Indian tribal governments.

(a) Subpart 31.6 provides principles and standards for determining costs applicable to contracts, subcontracts, and modifications to contracts and subcontracts with State, local, and federally recognized Indian tribal governments. They apply to contracts with State, local, and federally recognized Indian tribal governments, except contracts with?

(1) Publicly financed educational institutions subject to subpart 31.3; and

(2) Publicly owned hospitals and other providers of medical care subject to requirements promulgated by the sponsoring Government agencies.

(b) The Office of Management and Budget (OMB) will approve any other exceptions in particular cases when adequate justification is presented.

31.108 Contracts with nonprofit organizations.

Subpart 31.7 provides principles and standards for determining costs applicable to contracts and contract modifications

with nonprofit organizations other than educational institutions (see subpart 31.3), State and local governments (see subpart

31.6), and those nonprofit organizations exempted under the OMB Uniform Guidance at 2 CFR part 200, appendix VIII

(see subpart 31.2 for the cost principles applicable to nonprofit organizations exempt from the cost principles in the OMB Uniform Guidance at 2 CFR part 200).

31.109 Indirect cost rate certification and penalties on unallowable costs.

(a) Certain contracts require certification of the indirect cost rates proposed for final payment purposes (see 42.703-2).

(b) If unallowable costs are included in final indirect cost settlement proposals, penalties may be assessed (see 42.703-2

and 42.709).

31.110 Advance agreements.

(a) To avoid possible subsequent disallowance or dispute based on reasonableness, allocability, or allowability of costs under the specific cost principles at subparts 31.2, 31.3, 31.6, and 31.7, contracting officers should seek an advance

agreement on the treatment of special or unusual costs and on statistical sampling methodologies at 31.201-6(c).

(b) Advance agreements may be useful for?

(1) Compensation for personal services, including but not limited to allowances for off-site pay, incentive pay, location

allowances, hardship pay, cost of living differential, and termination of defined benefit pension plans;

(2) Use charges for fully depreciated assets;

(3) Deferred maintenance costs;

(4) Precontract costs;

(5) Independent research and development and bid and proposal costs;

(6) Royalties and other costs for use of patents;

(7) Selling and distribution costs;

(8) Travel and relocation costs, as related to special or mass personnel movements, as related to travel via contractor-

owned, -leased, or -chartered aircraft, or as related to maximum per diem rates;

(9) Costs of idle facilities and idle capacity;

(10) Severance pay to employees on support service contracts;

(11) Plant reconversion;

(12) Professional services (e.g., legal, accounting, and engineering);

(13) General and administrative costs (e.g., corporate, division, or branch allocations) attributable to the general

management, supervision, and conduct of the contractor's business as a whole. These costs are particularly significant in

construction, jobsite, architect-engineer, facilities, and Government-owned contractor operated (GOCO) plant contracts (see

31.203(h));

(14) Costs of construction plant and equipment (see 31.105);

(15) Costs of public relations and advertising; and

(16) Statistical sampling methods (see 31.201-6(c)(4)).

31.1-6

SUBPART 31.1 - APPLICABILITY 31.110

(c) The contracting officer is not authorized to agree to a treatment of costs inconsistent with this part. For example, an

advance agreement may not provide that, notwithstanding 31.205-20, interest is allowable.

(d) Advance agreements may be negotiated before or after contract award but should be negotiated before the contractor

incurs costs associated with the advance agreement.

(e) The cognizant ACO, or other contracting officer established in part 42, must negotiate advance agreements when?

(1) Negotiation authority is delegated to the administrative contracting officer (ACO); or

(2) The advance agreement affects more than one contracting office or more than one agency.

(f) The ACO must coordinate the proposed agreement with the contracting officer before executing the advance agreement.

(g) Unless delegated to the ACO, the contracting officer may negotiate an advance agreement affecting one or more

contracts for a single contracting office.

(h) Before negotiating an advance agreement?

(1) Determine if other contracting offices have a significant unliquidated dollar balance in contracts with the same

contractor;

(2) Inform any such office or agency of the matters under consideration for negotiation; and

(3) As appropriate, invite the office or agency and the responsible audit agency to participate in prenegotiation discussions and/or subsequent negotiations.

(i) Advance agreements must be in writing, include a statement regarding applicability and duration and be?

(1) Bilateral; and

(2) Incorporated into the applicable current and future contract(s).

(j) Advance agreements and a memorandum providing the information specified in 15.406-3 must be distributed to the

cognizant audit agency, ACO, and other contracting officers, as applicable.

31.1-7

This page intentionally left blank.

31.1-8

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.201-3

Subpart 31.2 - Contracts with Commercial Organizations

31.201 General.

31.201-1 Composition of total cost.

(a) (1) The total cost, including standard costs properly adjusted for applicable variances, of a contract is the sum of the

direct and indirect costs allocable to the contract, incurred or to be incurred, plus any allocable cost of money pursuant to

31.205-10, less any allocable credits.

(2) In determining what constitutes a cost, any generally accepted method of determining or estimating costs that is

equitable and consistently applied may be used.

(b) While the total cost of a contract includes all costs properly allocable to the contract, the allowable costs to the Government are limited to those allocable costs that are allowable pursuant to this part.

31.201-2 Determining allowability.

(a) A cost is allowable only when the cost complies with all of the following requirements:

(1) Reasonableness.

(2) Allocability.

- (3) Standards promulgated by the Cost Accounting Standards (CAS) Board, if applicable, otherwise, generally accepted

accounting principles and practices appropriate to the circumstances.

- (4) Terms of the contract.

- (5) Any limitations set forth in this subpart.

- (b) (1) Certain cost principles in this subpart incorporate the measurement, assignment, and allocability rules of selected

CAS and limit the allowability of costs to the amounts determined using the criteria in those selected standards.

- (2) Only those CAS or portions of standards specifically made applicable by the cost principles in this subpart are

mandatory unless the contract is CAS-covered (see 48 CFR chapter 99).

- (3) Business units that are not otherwise subject to these standards under a CAS clause are subject to the selected

standards only for the purpose of determining allowability of costs on Government contracts.

- (4) Including the selected standards in the cost principles does not subject the business unit to any other CAS regulations.

- (5) The applicability of the CAS regulations is determined by the CAS clause, if any, in the contract and the requirements of the standards themselves.

- (c) When contractor accounting practices are inconsistent with subpart 31.2, costs resulting from such inconsistent practices that exceed the amount that would have resulted from using practices consistent with this subpart are unallowable.

- (d) (1) A contractor is responsible for accounting for costs appropriately and for maintaining records, including supporting documentation, adequate to demonstrate that costs claimed have been incurred, are allocable to the contract, and
comply with applicable cost principles in this subpart.

- (2) The contracting officer may disallow all or part of a claimed cost that is inadequately supported.

31.201-3 Determining reasonableness.

- (a) A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a reasonable
person in the conduct of competitive business.

- (1) No presumption of reasonableness must be attached to the incurrence of costs.

- (2) If the contracting officer, or the contracting officer's representative, challenges a specific cost, the burden of proof is

on the contractor to prove that the cost is reasonable.

- (b) Determining cost reasonableness depends on a number of factors, including?

- (1) Whether it is the type of cost generally recognized as ordinary and necessary for the conduct of the contractor's

business or contract performance;

- (2) Generally accepted sound business practices, arm's length bargaining, and Federal and State laws and regulations;

- (3) The contractor's responsibilities to the Government, other customers, the owners of the business, employees, and the

public at large; and

- (4) Any significant deviations from the contractor's established practices.

- (c) Reasonableness of specific costs must be examined with particular care in connection with firms or their

separate

divisions that may not be subject to effective competitive restraints.

31.2-1

31.201-4 FEDERAL ACQUISITION REGULATION

31.201-4 Determining allocability.

A cost is allocable to a Government contract if it?

(a) Is assignable or chargeable to one or more cost objectives on the basis of relative benefits received or other equitable

relationship;

(b) Is incurred specifically for the contract;

(c) Benefits both the contract and other work, and can be distributed to them in reasonable proportion to the benefits

received; or

(d) Is necessary to the overall operation of the business, although a direct relationship to any particular cost objective

cannot be shown.

31.201-5 Credits.

(a) A credit (e.g., income, rebate, or allowance) relating to an allowable cost under a cost contract, received by or accruing

to the contractor, must be credited to the Government.

(b) The credit must be a cost reduction to the contract or a cash refund. (See 31.105-6(i)(3) for pension adjustments and

asset reversions).

31.201-6 Accounting for unallowable costs.

(a) Expressly unallowable costs or mutually agreed to be unallowable costs (including mutually agreed to be unallowable

directly associated costs) must be identified and excluded from any billing, claim, or proposal applicable to a Government

contract.

(1) A directly associated cost is any cost that is generated solely as a result of incurring another cost, and that would not

have been incurred had the other cost not been incurred.

(2) When an unallowable cost is incurred, its directly associated costs are also unallowable.

(b) (1) Costs that specifically become designated as unallowable or as unallowable directly associated costs of unallowable costs as a result of a written decision furnished by a contracting officer must be identified if included in or used

in computing any billing, claim, or proposal applicable to a Government contract.

(2) This identification requirement also applies to any costs incurred for the same purpose under like circumstances as

the costs specifically identified as unallowable under paragraph (a) or (b) of this section.

(c) (1) The practices for accounting for and the presentation of unallowable costs must be in accordance with those described in 48 CFR 9904.405.

(2) Statistical sampling is an acceptable practice for contractors to follow in accounting for and presenting unallowable

costs, provided the following criteria are met:

(i) The statistical sampling results in an unbiased sample that is a reasonable representation of the sampling universe.

(ii) Any large dollar value or high risk transaction is separately reviewed for unallowable costs and excluded from the sampling process.

(iii) The statistical sampling permits audit verification.

(3) For any indirect cost in the selected sample that is subject to the penalty provisions at 42.709, the amount projected

to the sampling universe from that sampled cost is also subject to the same penalty provisions.

(4) Use of statistical sampling methods for identifying and segregating unallowable costs should be the subject of an

advance agreement (see 31.110).

(i) The advance agreement should specify the basic characteristics of the sampling process.

(ii) The cognizant administrative contracting officer (ACO) or Federal official must request input from the cognizant auditor before entering into any such agreements.

(5) In the absence of an advance agreement, if an initial review of the facts results in a challenge of the statistical

sampling methods by the contracting officer or the contracting officer's representative, the burden of proof must be on the

contractor to establish that such a method meets the criteria in paragraph (c)(2) of this section.

(d) If a directly associated cost is included in a cost pool that is allocated over a base that includes the unallowable cost

with which it is associated, the directly associated cost must remain in the cost pool.

(1) Since the unallowable costs will attract their allocable share of costs from the cost pool, no further action is required

to assure disallowance of the directly associated costs.

(2) In all other cases, the directly associated costs, if material in amount, must be purged from the cost pool as unallowable costs.

31.2-2

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.203

(e) (1) In determining the materiality of a directly associated cost, consideration should be given to the significance of the

?

(i) Actual dollar amount,

(ii) Cumulative effect of all directly associated costs in a cost pool, and

(iii) Ultimate effect on the cost of Government contracts.

(2) Salary expenses of employees who participate in activities that generate unallowable costs must be treated as directly associated costs to the extent of the time spent on the proscribed activity, provided the costs are material in accordance with paragraph (e)(1) of this section (except when such salary expenses are unallowable).

(i) The time spent on proscribed activities should be compared to total time spent on company activities to determine

if the costs are material.

(ii) Time spent by employees outside the normal working hours should not be considered except when it is evident that an employee engages so frequently in company activities during periods outside normal working hours as to

indicate that

such activities are a part of the employee's regular duties.

(3) When a selected item of cost at 31.205 provides that directly associated costs be unallowable, such directly associated costs are unallowable only if determined to be material in amount in accordance with the criteria provided in paragraphs (e)(1) and (e)(2) of this section, except in those situations where allowance of any of the directly associated costs

involved would be considered to be contrary to public policy.

31.201-7 Construction and architect-engineer contracts.

Specific principles and procedures for evaluating and determining costs in connection with contracts and subcontracts for

construction and architect-engineer contracts related to construction projects are in 31.105.

31.202 Direct costs.

(a) (1) No final cost objective must have allocated to it as a direct cost any cost, if other costs incurred for the same purpose in like circumstances have been included in any indirect cost pool to be allocated to that or any other final cost objective.

(2) Direct costs of the contract must be charged directly to the contract.

(3) All costs specifically identified with other final cost objectives of the contractor are direct costs of those cost objectives and are not to be charged to the contract directly or indirectly.

(b) For reasons of practicality, the contractor may treat any direct cost of a minor dollar amount as an indirect cost if the accounting treatment?

(1) Is consistently applied to all final cost objectives; and

(2) Produces substantially the same results as treating the cost as a direct cost.

31.203 Indirect costs.

(a) (1) For contracts subject to full CAS coverage, allocation of indirect costs must be based on the applicable CAS regulations.

(2) For all other contracts, paragraphs (b) through (h) of this section apply.

(b) (1) After direct costs have been determined and charged directly to the contract or other work, indirect costs are those remaining to be allocated to intermediate or two or more final cost objectives.

(2) No final cost objective must have allocated to it as an indirect cost any cost, if other costs incurred for the same purpose, in like circumstances, have been included as a direct cost of that or any other final cost objective.

(c) (1) The contractor must accumulate indirect costs by logical cost groupings with due consideration of the reasons for incurring such costs.

(2) The contractor must determine each grouping so as to permit use of an allocation base that is common to all cost objectives to which the grouping is to be allocated.

(3) The base selected must allocate the grouping on the basis of the benefits accruing to intermediate and final cost objectives.

(4) When substantially the same results can be achieved through less precise methods, the number and composition of

cost groupings should be governed by practical considerations and should not unduly complicate the allocation.

(d) (1) Once an appropriate base for allocating indirect costs has been accepted, the contractor must not fragment the base

by removing individual elements.

31.2-3

31.204 FEDERAL ACQUISITION REGULATION

(2) All items properly includable in an indirect cost base must bear a pro rata share of indirect costs irrespective of their

acceptance as Government contract costs (e.g., when a cost input base is used for the allocation of general and administrative

(G&A) costs, the contractor must include in the base all items that would properly be part of the cost input base, whether

allowable or unallowable, and these items must bear their pro rata share of G&A costs).

(e) The method of allocating indirect costs may require revision when there is a significant change in the nature of the

business, the extent of subcontracting, fixed-asset improvement programs, inventories, the volume of sales and production,

manufacturing processes, the contractor's products, or other relevant circumstances.

(f) Separate cost groupings for costs allocable to offsite locations may be necessary to permit equitable distribution of

costs on the basis of the benefits accruing to the several cost objectives.

(g) A base period for allocating indirect costs is the cost accounting period during which such costs are incurred and

accumulated for allocation to work performed in that period.

(1) For contracts subject to full or modified CAS coverage, the contractor shall follow the criteria and guidance in 48

CFR 9904.406 for selecting the cost accounting periods to be used in allocating indirect costs.

(2) The base period for allocating indirect costs must be the contractor's fiscal year used for financial reporting purposes in accordance with generally accepted accounting principles.

(3) The fiscal year will normally be 12 months, but a different period may be appropriate (e.g., when a change in fiscal

year occurs due to a business combination or other circumstances).

(h) Special care should be exercised in applying the principles of paragraphs (c), (d), and (e) of this section when Government-owned contractor-operated (GOCO) plants are involved. The distribution of corporate, division or branch office

G&A expenses to such plants operating with little or no dependence on corporate administrative activities may require more

precise cost groupings, detailed accounts screening, and carefully developed distribution bases.

(i) Indirect costs that meet the definition of excessive pass-through charge in 52.215-23, are unallowable.

31.204 Application of principles and procedures.

(a) Costs are allowable to the extent they are reasonable, allocable, and determined to be allowable under 31.201, 31.202,

31.203, 31.205.

(b) (1) For the following subcontract types, costs incurred as reimbursements or payments to a subcontractor are

allowable to the extent the reimbursements or payments are for costs incurred by the subcontractor that are consistent with

this part:

(i) Cost-reimbursement.

(ii) Fixed-price incentive.

(iii) Price redeterminable (i.e., fixed-price contracts with prospective price redetermination and fixed-ceiling-price contracts with retroactive price redetermination).

(2) The requirements of paragraph (b)(1) of this section apply to any tier above the first firm-fixed-price subcontract or

fixed-price subcontract with economic price adjustment provisions.

(c) Costs incurred as payments under firm-fixed-price subcontracts or fixed-price subcontracts with economic price adjustment provisions or modifications, for which subcontract cost analysis was performed are allowable if the price was

negotiated in accordance with 31.102.

(d) Section 31.205 does not cover every element of cost.

(1) Failure to include any item of cost does not imply that it is either allowable or unallowable.

(2) The determination of allowability must be based on the principles and standards in this subpart and the treatment of

similar or related selected items.

(3) When more than one section in 31.205 is relevant to a contractor cost, the cost must be apportioned among the

applicable sections, and the determination of allowability of each portion must be based on the guidance contained in the

applicable section.

(4) When a cost to which more than one section in 31.205 is relevant and cannot be apportioned, the determination of

allowability must be based on the guidance contained in the section that addresses the specific cost.

31.205 Selected costs.

31.205-1 Public relations and advertising costs.

(a) Definitions. As used in this section?

Public relations means all functions and activities dedicated to-

31.2-4

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-1

(1) Maintaining, protecting, and enhancing the image of a concern or its products; or

(2) Maintaining or promoting reciprocal understanding and favorable relations with the public at large, or any segment

of the public. Public relations includes activities associated with areas such as advertising, customer relations, etc.

Advertising means the use of media to promote the sale of products or services and to accomplish the activities referred

to in paragraph (d) of this section, regardless of the medium employed, when the advertiser has control over the form and

content of what will appear, the media in which it will appear, and when it will appear. Advertising media include but are not

limited to conventions, exhibits, free goods, samples, magazines, newspapers, trade papers, direct mail, dealer cards,

window

displays, outdoor advertising, radio, and television.

(b) Public relations and advertising costs include the costs of media time and space, purchased services performed by

outside organizations, as well as the applicable portion of salaries, travel, and fringe benefits of employees engaged in the

functions and activities of public relations and advertising.

(c) The only allowable advertising costs are those that are?

(1) Specifically required by contract, or that arise from requirements of Government contracts, and that are exclusively

for?

(i) Acquiring scarce items for contract performance; or

(ii) Disposing of scrap or surplus materials acquired for contract performance;

(2) Costs of activities to promote sales of products normally sold to the Government, including trade shows, which

contain a significant effort to promote exports from the United States. Such costs are allowable, notwithstanding paragraphs

(e)(1), (e)(3), (e)(4)(ii), and (e)(5) of this section. However, such costs do not include the costs of memorabilia (e.g., models,

gifts, and souvenirs), alcoholic beverages, entertainment, and physical facilities that are used primarily for entertainment

rather than product promotion; or

(3) Allowable in accordance with 31.205-34.

(d) Allowable public relations costs include the following:

(1) Costs specifically required by contract.

(2) Costs of?

(i) Responding to inquiries on company policies and activities;

(ii) Communicating with the public, press, stockholders, creditors, and customers; and

(iii) Conducting general liaison with news media and Government public relations officers, to the extent that such activities are limited to communication and liaison necessary to keep the public informed on matters of public concern such

as notice of contract awards, plant closings or openings, employee layoffs or rehires, financial information, etc.

(3) Costs of participation in community service activities (e.g., blood bank drives, charity drives, savings bond drives,

and disaster assistance)(except see paragraph (e)(8) of this section.)

(4) Costs of plant tours and open houses (except see paragraph (e)(5) of this section).

(5) Costs of keel laying, ship launching, commissioning, and roll-out ceremonies, to the extent specifically provided for

by contract.

(e) Unallowable public relations and advertising costs include the following:

(1) All public relations and advertising costs whose primary purpose is to promote the sale of products or services

by stimulating interest in a product or product line (except for those costs made allowable under 31.205-38(b)(5)), or by disseminating messages calling favorable attention to the contractor for purposes of enhancing the company image to sell the

company's products or services.

- (2) All costs of trade shows and other special events which do not contain a significant effort to promote the export

sales of products normally sold to the Government.

- (3) Costs of sponsoring meetings, conventions, symposia, seminars, and other special events when the principal

purpose of the event is other than dissemination of technical information or stimulation of production.

- (4) Costs of ceremonies such as corporate celebrations and new product announcements.

- (5) Costs of promotional material, motion pictures, videotapes, brochures, handouts, magazines, and other media that

are designed to call favorable attention to the contractor and its activities.

- (6) Costs of souvenirs, models, imprinted clothing, buttons, and other mementos provided to customers or the public.

- (7) Costs of memberships in civic and community organizations.

- (8) Costs associated with the donation of excess food to nonprofit organizations in accordance with the 42 U.S.C. 1792

(see subpart 26.4).

31.2-5

31.205-2 FEDERAL ACQUISITION REGULATION

31.205-2 [Reserved]

31.205-3 Bad debts.

Bad debts, including actual or estimated losses arising from uncollectible accounts receivable due from customers and other claims, and any directly associated costs such as collection costs, and legal costs are unallowable.

31.205-4 Bonding costs.

- (a) Bonding costs arise when the Government requires assurance against financial loss to itself or others by reason of the

act or default of the contractor or where the contractor requires similar assurance.

- (b) Government and contractor assurance includes such bonds as bid, performance, payment, advance payment, infringement, and fidelity bonds.

- (c) Costs of bonding required pursuant to the terms of the contract are allowable.

- (d) Costs of bonding required by the contractor in the general conduct of its business are allowable to the extent that such

bonding is in accordance with sound business practice and the rates and premiums are reasonable under the circumstances.

31.205-5 [Reserved]

31.205-6 Compensation for personal services.

- (a) General. Compensation for personal services is allowable subject to the requirements of this cost principle in this

section and the following:

- (1) Compensation for personal services must be for work performed by the employee in the current year and must not

represent a retroactive adjustment of prior years' salaries or wages (except see paragraphs (f), (g), (i), (j), (l), and (n) of this section).

(2) The total compensation for individual employees or job classes of employees must be reasonable for the work

performed (except as otherwise specified in this section).

(3) The compensation must be based upon and conform to the terms and conditions of the contractor's established

compensation plan or practice followed so consistently as to imply, in effect, an agreement to make the payment.

(4) No presumption of allowability will exist where the contractor introduces major revisions of existing compensation

plans or new plans and the contractor has not provided the cognizant administrative contracting officer, either before implementation or within a reasonable period after it, an opportunity to review the allowability of the changes.

(5) Costs that are unallowable under other paragraphs of subpart 31.2 are not allowable under this section solely on the

basis that they constitute compensation for personal services.

(6) (i) Compensation costs for certain individuals require special consideration, such individuals include?

(A) Owners of closely held corporations, members of limited liability companies, partners, sole proprietors, or

members of their immediate families; and

(B) Persons who are contractually committed to acquire a substantial financial interest in the contractor's

enterprise.

(ii) For these individuals, compensation must?

(A) Be reasonable for the personal services rendered; and

(B) Not be a distribution of profits (which is not an allowable contract cost).

(iii) For owners of closely held companies, compensation in excess of the costs that are deductible as compensation

under the Internal Revenue Code (26 U.S.C.) and regulations under it is unallowable.

(b) Reasonableness. (1) Compensation pursuant to labor-management agreements. Costs of compensation established

under arm's length labor-management agreements negotiated under the terms of the National Labor Relations Act or similar

state statutes are allowable and reasonable unless the costs are unwarranted by the character and circumstances of the work or

discriminatory against the Government.

(i) The terms of a labor-management agreement designed to apply to a given set of circumstances and conditions of employment (e.g., work involving extremely hazardous activities or work not requiring recurrent use of overtime) is unwarranted when applied to a Government contract involving significantly different circumstances and conditions of employment (e.g., work involving less hazardous activities or work continually requiring use of overtime).

(ii) A cost is discriminatory against the Government if it results in employee compensation, in whatever form, in excess of that being paid for similar non-Government work under comparable circumstances.

(2) Compensation not covered by labor-management agreements.

31.2-6

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-6

(i) Compensation for each employee or job class of employees must be reasonable for the work performed.

Compensation is reasonable if the aggregate of each measurable and allowable element amounts to a reasonable

total. In

determining the reasonableness of total compensation, consider only allowable individual elements of compensation.

(ii) In addition to the requirements of section 31.201-3, in determining the reasonableness of compensation for particular employees or job classes of employees, consider factors that may be relevant including, but not limited to, conformity with compensation practices of other firms?

(A) Of the same size;

(B) In the same industry;

(C) In the same geographic area; and

(D) Engaged in similar non-Government work under comparable circumstances.

(c) Form of payment. (1) Compensation for personal services includes compensation paid, or to be paid, to employees in

the form of?

(i) Cash;

(ii) Corporate securities, such as stocks, bonds, and other financial instruments (see paragraph (c)(2) of this section regarding valuation); or

(iii) Other assets, products, or services.

(2) When compensation is paid with securities of the contractor or of an affiliate, the following additional restrictions

apply:

(i) Valuation placed on the securities is the fair market value on the first date the number of shares awarded is known, determined upon the most objective basis available.

(ii) Accruals for the cost of securities before issuing the securities to the employees are subject to adjustment according to the possibilities that the employees will not receive the securities and that their interest in the accruals will be forfeited.

(d) Income tax differential pay. (1) Differential allowances for additional income taxes resulting from foreign assignments are allowable.

(2) Differential allowances for additional income taxes resulting from domestic assignments are unallowable.

(3) Payments for increased employee income or Federal Insurance Contributions Act taxes incident to allowable

reimbursed relocation costs are allowable under 31.205-35(a)(10).

(e) Bonuses and incentive compensation. (1) Bonuses and incentive compensation are allowable if the?

(i) Awards are paid or accrued under an agreement entered into in good faith between the contractor and the employees before the services are rendered or pursuant to an established plan or policy followed by the contractor so consistently as to imply an agreement to make such payment; and

(ii) Basis for the award is supported.

(2) When the bonus and incentive compensation payments are deferred, the costs are subject to the requirements of

paragraphs (e)(1) and (j) of this section.

(f) Severance pay. (1) Severance pay is a payment, in addition to regular salaries and wages, by contractors to workers

whose employment is being involuntarily terminated. (See paragraph (i)(6) of this section for payments for early retirement incentive plans).

(2) Severance pay is allowable only if it is required by?

- (i) Law;
- (ii) Employer-employee agreement;
- (iii) Established policy that constitutes an implied agreement on the contractor's part; or
- (iv) Circumstances of the particular employment.

(3) Payments made in the event of employment with a replacement contractor where continuity of employment with

credit for prior length of service is preserved under substantially equal conditions of employment, or continued employment

by the contractor at another facility, subsidiary, affiliate, or parent company of the contractor are not severance pay and are

unallowable.

(4) (i) Actual normal turnover severance payments must be allocated to all work performed in the contractor's plant.

(ii) If the contractor uses the accrual method to account for normal turnover severance payments, that method will be

acceptable if the amount of the accrual is?

(A) Reasonable in light of payments actually made for normal severances over a representative past period; and

(B) Allocated to all work performed in the contractor's plant.

31.2-7

31.205-6 FEDERAL ACQUISITION REGULATION

(5) Abnormal or mass severance pay is of such a hypothetical nature that accruals for this purpose are not allowable;

however, the Government will consider allowability on a case-by-case basis.

(6) (i) In accordance with 10 U.S.C. 3744(a)(13) and 41 U.S.C. 4304(a)(13) the costs of severance payments to foreign

nationals employed under a service contract performed outside the United States are unallowable to the extent that such

payments exceed amounts typically paid to employees providing similar services in the same industry in the United States.

Further, in accordance with 10 U.S.C. 3744(a)(14), 41 U.S.C. 4304(a)(14) and 10 U.S.C. 1592, all such costs of severance

payments that are otherwise allowable are unallowable if the termination of employment of the foreign national is the result

of the closing of, or the curtailment of activities at, a United States facility in that country at the request of the government of

that country; this does not apply if the closing of a facility or curtailment of activities is made pursuant to a status-of-forces or

other country-to-country agreement.

(ii) 10 U.S.C. 3744(b) and 41 U.S.C. 4304(b) permit the head of the agency to waive these cost allowability limitations under certain circumstances (see 37.113 and the solicitation provision at 52.237-8).

(g) Backpay. Backpay is a retroactive adjustment of prior years' salaries or wages and is unallowable except payments to

the following:

(1) Employees resulting from underpaid work actually performed are allowable, if required by a negotiated settlement,

order, or court decree.

(2) Union employees for the difference in their past and current wage rates for working without a contract or labor

agreement during labor management negotiation are allowable.

(3) Nonunion employees based upon results of union agreement negotiation are allowable only if?

(i) A formal agreement or understanding exists between management and the employees concerning these payments;

or

(ii) An established policy or practice exists and is followed by the contractor so consistently as to imply an agreement to make such payments.

(h) Compensation based on changes in the prices of corporate securities or corporate security ownership, such as stock

options, stock appreciation rights, phantom stock plans, and junior stock conversions is unallowable as follows:

(1) Any compensation which is calculated, or valued, based on changes in the price of corporate securities.

(2) Any compensation represented by dividend payments or which is calculated based on dividend payments.

(3) Contractor payments to an employee in lieu of the employee receiving or exercising a right, option, or benefit that

would have been unallowable under this paragraph (h).

(i) Pension costs. (1) Pension plans are normally segregated into two types of plans: defined-benefit and defined-contribution pension plans.

(i) The contractor must measure, assign, and allocate the costs of defined-benefit pension plans and the costs of defined-contribution pension plans in accordance with 48 CFR 9904.412 and 48 CFR 9904.413.

(ii) Pension costs are allowable subject to the referenced standards and the cost limitations and exclusions in this section.

(A) Except for nonqualified pension plans using the pay-as-you-go cost method, to be allowable in the current

year, the contractor must fund pension costs by the time set for filing of the Federal income tax return or any extension.

Pension costs assigned to the current year, but not funded by the tax return time, are not allowable in any subsequent year. For

nonqualified pension plans using the pay-as-you-go method, to be allowable in the current year, the contractor must allocate

pension costs in the cost accounting period that the pension costs are assigned.

(B) Pension payments must be paid pursuant to an agreement entered into in good faith between the contractor

and employees before the work or services are performed and to the terms and conditions of the established plan. The cost

of changes in pension plans are not allowable if the changes are discriminatory to the Government or are not intended to be

applied consistently for all employees under similar circumstances in the future.

(C) Except as provided for early retirement benefits in paragraph (i)(6) of this section, one-time-only pension

supplements not available to all participants of the basic plan are not allowable as pension costs, unless the

supplemental

benefits represent a separate pension plan and the benefits are payable for life at the option of the employee.

(D) Increases in payments to previously retired plan participants covering cost-of-living adjustments are allowable if paid in accordance with a policy or practice consistently followed.

(2) Defined-benefit pension plans. The cost limitations and exclusions pertaining to defined-benefit plans are as follows:

(i) (A) (1) Except for nonqualified pension plans, pension costs (see 48 CFR 9904.412-40(a)(1)) assigned to the current accounting period, but not funded during it, are not allowable in subsequent years (except that a payment made to a

31.2-8

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-6

fund by the time set for filing the Federal income tax return or any extension thereof is considered to have been made during such taxable year).

(2) Any portion of pension costs computed for a cost accounting period, that exceeds the amount required to be funded pursuant to a waiver granted under the provisions of the Employee Retirement Income Security Act (ERISA)

(Chapter 18 of title 29, U.S.C.), will be allowable in those future accounting periods in which the funding of such excess amounts occurs (see 48 CFR 9904.412-50(c)(5)).

(B) For nonqualified pension plans, except those using the pay-as-you-go cost method, allowable costs are limited to the amount allocable in accordance with 48 CFR 9904.412-50(d)(2).

(C) For nonqualified pension plans using the pay-as-you-go cost method, allowable costs are limited to the amounts allocable in accordance with 48 CFR 9904.412-50(d)(3).

(ii) (A) Any amount funded in excess of the pension cost assigned to a cost accounting period is not allowable in that period and must be accounted for as set forth at 48 CFR 9904.412-50(a)(4).

(B) The excess amount is allowable in the future period to which it is assigned, to the extent it is not otherwise unallowable.

(iii) (A) Increased pension costs are unallowable if the increase is caused by a delay in funding beyond 30 days after each quarter of the year to which they are assignable.

(B) If a composite rate is used for allocating pension costs between the segments of a company and if, because of differences in the timing of the funding by the segments, an inequity exists, allowable pension costs for each segment will be limited to that particular segment's calculation of pension costs as provided for in 48 CFR 9904.413-50(c).

(C) The contractor must make determinations of unallowable costs in accordance with the actuarial method used in calculating pension costs.

(iv) (A) The contracting officer will consider the allowability of the cost of indemnifying the Pension Benefit Guaranty Corporation (PBGC) under ERISA section 4062 or 4064 arising from terminating an employee deferred compensation plan on a case-by-case basis if?

(1) Insurance was required by the PBGC under ERISA section 4023; and

(2) It was obtained and the indemnification payment is not recoverable under the insurance.

(B) Consideration will be primarily for the purpose of appraising the extent to which the indemnification payment

is allocable to Government work.

(C) If a beneficial or other equitable relationship exists, the Government will participate, despite the requirements

of 31.205-19(c)(3) and (d)(3), in the indemnification payment to the extent of its fair share.

(v) (A) Increased pension costs resulting from the withdrawal of assets from a pension fund and the transfer of those

assets to another employee benefit plan fund (or the transfer of those assets to another account within the same fund) are

unallowable except to the extent authorized by an advance agreement (see paragraph (i)(3) if the withdrawal of assets from a

pension fund is a plan termination under ERISA).

(B) The advance agreement must?

(1) State the amount of the Government's equitable share in the gross amount withdrawn or transferred; and

(2) Provide that the Government receives a credit equal to the amount of the Government's equitable share of the gross withdrawal or transfer.

(3) Pension adjustments and asset reversions. (i) For segment closings, pension plan terminations, or curtailment of

benefits, the amount of the adjustment must be?

(A) For contracts and subcontracts that are subject to full CAS coverage, the amount measured, assigned, and

allocated in accordance with 48 CFR 9904.413-50(c)(12); and

(B) For contracts and subcontracts that are not subject to full CAS coverage, the amount measured, assigned, and

allocated in accordance with 48 CFR 9904.413-50(c)(12), except the numerator of the fraction at 48 CFR 9904.413-50(c)

(12)(vi) is the sum of the pension plan costs allocated to all non-CAS-covered contracts and subcontracts that are subject to

subpart 31.2 or for which certified cost or pricing data were submitted.

(ii) (A) For all other situations where assets revert to the contractor, or such assets are constructively received by it for any reason, the contractor must, at the Government's option, make a refund or give a credit to the Government for its

equitable share of the gross amount withdrawn.

(B) The Government's equitable share must reflect the Government's participation in pension costs through those

contracts for which certified cost or pricing data were submitted or that are subject to subpart 31.2.

(C) Excise taxes on pension plan asset reversions or withdrawals under this paragraph (i)(3)(ii) are unallowable in

accordance with 31.205-41(c)(6).

31.2-9

31.205-6 FEDERAL ACQUISITION REGULATION

(4) Defined-contribution pension plans. In addition to defined-contribution pension plans, this paragraph also covers

profit sharing, savings plans, and other such plans, provided the plans fall within the definition of a pension plan.

(i) (A) Allowable pension cost is limited to the net contribution required to be made for a cost accounting period after taking into account dividends and other credits, where applicable.

(B) Any portion of pension cost computed for a cost accounting period that exceeds the amount required to be

funded pursuant to a waiver granted under the provisions of ERISA will be allowable in those future accounting periods in

which the funding of such excess amounts occurs (see 48 CFR 9904.412-50(c)(5)).

(ii) The provisions of paragraphs (i)(2)(ii) and (i)(2)(iv) of this section apply to defined-contribution plans.

(5) Pension plans using the pay-as-you-go cost method.

(i) Pension costs for a pension plan using the pay-as-you-go cost method are allowable to the extent they are not otherwise unallowable.

(ii) When using the pay-as-you-go cost method, the contractor must measure, assign, and allocate the cost of pension

plans in accordance with 48 CFR 9904.412 and 9904.413.

(6) Early retirement incentives. (i) An early retirement incentive is an incentive given to an employee to retire early.

(ii) (A) For contract costing purposes, costs of early retirement incentives are allowable subject to the pension cost criteria in paragraphs (i)(2)(i) through (i)(2)(iv) of this section if the?

(1) Contractor measures, assigns, and allocates the costs in accordance with the contractor's accounting practices for pension costs;

(2) Incentives are in accordance with the terms and conditions of an early retirement incentive plan; and

(3) Contractor applies the plan only to active employees (i.e., the cost of extending the plan to employees who retired or were terminated before the adoption of the plan is unallowable).

(B) The present value of the total incentives given to any employee in excess of the amount of the employee's

annual salary for the previous fiscal year before the employee's retirement is unallowable.

(1) The contractor must compute the present value in accordance with its accounting practices for pension costs.

(2) The contractor must account for any unallowable costs in accordance with 48 CFR 9904.412-50(a)(2).

(j) Deferred compensation other than pensions. The costs of deferred compensation awards are allowable subject to the following:

(1) The costs must be measured, assigned, and allocated in accordance with 48 CFR 9904.415.

(2) The costs of deferred compensation awards are unallowable if the awards are made in periods subsequent to the

period when the work being remunerated was performed.

(k) Compensation incidental to business acquisitions. The following costs are unallowable: (1) Payments to employees

under agreements in which they receive special compensation, in excess of the contractor's normal severance pay practice,

if their employment terminates following a change in the management control over, or ownership of, the contractor or a substantial portion of its assets.

(2) Payments to employees under plans introduced in connection with a change, whether actual or prospective, in the management control over, or ownership of, the contractor or a substantial portion of its assets in which those employees receive special compensation, which is contingent upon the employee remaining with the contractor for a specified period of time.

(l) Fringe benefits. (1) Fringe benefits are in addition to regular wages and salaries and are allowances and services provided by the contractor to its employees as compensation (e.g., the cost of vacations, sick leave, holidays, military leave, employee insurance, and supplemental unemployment benefit plans).

(2) Except as provided in subpart 31.2, the costs of fringe benefits are allowable if they are reasonable and required by law, employer-employee agreement, or an established policy of the contractor.

(m) Employee rebate and purchase discount plans. Rebates and purchase discounts provided to employees on products or services produced by the contractor or affiliates are unallowable.

(n) Postretirement benefits (PRB) other than pensions . (1) PRB covers all benefits, other than cash benefits and life insurance benefits paid by pension plans, provided to employees, their beneficiaries, and covered dependents during the period following the employees' retirement (e.g., postretirement health care; life insurance provided outside a pension plan; and other welfare benefits, such as tuition assistance, day care, legal services, and housing subsidies provided after retirement).

(2) To be allowable, PRB costs must be incurred pursuant to law, employer-employee agreement, or an established policy of the contractor, and must comply with the following:

31.2-10

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-6

(i) Pay-as-you-go. PRB costs are not accrued during the working lives of employees. Costs are assigned to the period in which?

(A) Benefits are actually provided; or

(B) The costs are paid to an insurer, provider, or other recipient for current year benefits or premiums.

(ii) Terminal funding. PRB costs are not accrued during the working lives of the employees.

(A) Terminal funding occurs when the entire PRB liability is paid in a lump sum upon the termination of employees (or upon conversion to such a terminal-funded plan) to an insurer or trustee to establish and maintain a fund or reserve for the sole purpose of providing PRB to retirees.

(B) Terminal funded costs must be amortized over a period of 15 years.

(iii) Accrual basis. PRB costs are accrued during the working lives of employees. Accrued PRB costs must?

(A) Be measured and assigned in accordance with one of the following two methods:

(1) Generally accepted accounting principles. However, transitions from the pay-as-you-go method to the

accrual accounting method must be handled in accordance with the following:

(i) In the year of transition from the pay-as-you-go method to accrual accounting for purposes of Government contract cost accounting, the transition obligation must be the excess of the accumulated PRB obligation over

the fair value of plan assets determined in accordance with paragraph (n)(2)(iii)(E) of this section; the fair value must be reduced by the prepayment credit as determined in accordance with paragraph (n)(2)(iii)(F) of this section.

(ii) PRB cost attributable to the transition obligation assigned to the current year that is in excess of the amount assignable to accounting periods on the basis of a straight line amortization of the transition obligation over the average remaining working lives of active employees covered by the PRB plan or a 20-year period, whichever period is longer, is unallowable. However, if the plan is comprised of inactive participants only, the PRB cost attributable to the transition obligation assigned to the current year that is in excess of the amount assignable to accounting periods on a straight

line amortization of the transition obligation over the average future life expectancy of the participants is unallowable.

(iii) For a plan that transitioned from pay-as-you-go to accrual accounting for Government contract cost accounting prior to July 22, 2013, the unallowable amount of PRB cost attributable to the transition obligation amortization

must continue to be based on the cost principle in effect at the time of the transition until the original transition obligation

schedule is fully amortized.

(2) Contributions to a welfare benefit fund determined in accordance with applicable Internal Revenue Code. Allowable PRB costs based on such contributions must?

(i) Be measured using reasonable actuarial assumptions, which must include a health care inflation assumption unless prohibited by the Internal Revenue Code provisions governing welfare benefit funds;

(ii) Be assigned to accounting periods on the basis of the average working lives of active employees covered by the PRB plan or a 15-year period, whichever period is longer. However, if the plan is comprised of inactive participants only, the cost must be spread over the average future life expectancy of the participants; and

(iii) Exclude Federal income taxes, whether incurred by the fund or the contractor (including any increase in PRB costs associated with such taxes), unless the fund holding the plan assets is tax-exempt under the provisions of

26
U.S.C. 501(c).

(B) Be paid to an insurer or trustee to establish and maintain a fund or reserve for the sole purpose of providing

PRB to retirees. The assets must be segregated in the trust, or otherwise effectively restricted, so that they cannot be used by

the employer for other purposes.

(C) Be calculated in accordance with generally accepted actuarial principles and practices as promulgated by the

Actuarial Standards Board.

(D) Eliminate from costs of current and future periods the accumulated value of any prior period costs that were

unallowable in accordance with paragraph (n)(3) of this section, adjusted for interest under paragraph (n)(4) of this section.

(E) Calculate the unfunded actuarial liability (unfunded accumulated postretirement benefit obligation) using the

market (fair) value of assets that have been accumulated by funding costs assigned to prior periods for contract

accounting
purposes.

(F) Recognize as a prepayment credit the fair market value of assets that were accumulated by deposits or

contributions that were not used to fund costs assigned to previous periods for contract accounting purposes.

(G) Comply with the following when changing from one accrual accounting method to another: the contractor

must?

(1) Treat the change in the unfunded actuarial liability (unfunded accumulated postretirement benefit obligation) as a gain or loss; and

31.2-11

31.205-6 FEDERAL ACQUISITION REGULATION

(2) Present an analysis demonstrating that all costs assigned to prior periods have been accounted for in accordance with paragraphs (n)(2)(iii)(D), (E), and (F) of this section to ensure that no duplicate recovery of costs exists.

Any duplicate recovery of costs due to the change from one method to another is unallowable. The analysis and new accrual

accounting method may be a subject appropriate for an advance agreement in accordance with 31.110.

(3) To be allowable, PRB costs must be funded by the time set for filing the Federal income tax return or any extension

thereof, or paid to an insurer, provider, or other recipient by the time set for filing the Federal income tax return or extension

thereof. PRB costs assigned to the current year, but not funded, paid or otherwise liquidated by the tax return due date as

extended are not allowable in any subsequent year.

(4) Increased PRB costs caused by delay in funding beyond 30 days after each quarter of the year to which they are

assignable are unallowable.

(5) The Government must receive an equitable share of any amount of previously funded PRB costs which revert or

inure to the contractor. Such equitable share must reflect the Government's previous participation in PRB costs through those

contracts for which certified cost or pricing data were required or which were subject to subpart 31.2.

(o) Limitation on allowability of compensation.

Table 31-1 Employee Compensation Limits

Contract Award Date Applicable Agencies Covered 31.205-6

Employees

Before June 24, 2014 Executive Agencies Other than DoD, NASA Senior Executive (o)(2)
and Coast Guard

Before December 31, 2011 DoD, NASA and Coast Guard Senior Executive (o)(2)

On/after December 31, 2011, DoD, NASA, and Coast Guard All Employees (o)(3)

and before June 24, 2014

On/after June 24, 2014 All Executive Agencies All Employees (o)(4)

(1) Definitions. As used in this paragraph (o)?

Compensation means the total amount of wages, salary, bonuses, deferred compensation (see paragraph (j) of this section),

and employer contributions to defined contribution pension plans (see paragraphs (i)(4) and (q) of this section), for the fiscal

year, whether paid, earned, or otherwise accruing, as recorded in the contractor's cost accounting records for the fiscal year.

Senior executive means?

(A) Prior to January 2, 1999?

(1) The Chief Executive Officer (CEO) or any individual acting in a similar capacity at the contractor's headquarters;

(2) The four most highly compensated employees in management positions at the contractor's headquarters, other than the

CEO; and

(3) If the contractor has intermediate home offices or segments that report directly to the contractor's headquarters, the five

most highly compensated employees in management positions at each such intermediate home office or segment.

(B) Effective January 2, 1999, the five most highly compensated employees in management positions at each home

office and each segment of the contractor, whether or not the home office or segment reports directly to the contractor's headquarters.

Fiscal year means the fiscal year established by the contractor for accounting purposes.

Contractor's headquarters means the highest organizational level from which executive compensation costs are allocated

to Government contracts.

(2) Senior executive compensation limit for contracts awarded before June 24, 2014.

(i) Applicability. This paragraph (o)(2) applies to the following:

(A) To all executive agencies, other than DoD, NASA and the Coast Guard, for contracts awarded before June

24, 2014;

(B) To DoD, NASA, and the Coast Guard for contracts awarded before December 31, 2011;

(ii) Costs incurred after January 1, 1998, for the compensation of a senior executive in excess of the benchmark compensation amount determined applicable for the contractor fiscal year by the Administrator, Office of Federal Procurement Policy (OFPP), under 41 U.S.C. 1127 as in effect prior to June 24, 2014, are unallowable (10 U.S.C. 3744(a)

(16) and 41 U.S.C. 4304(a)(16), as in effect prior to June 24, 2014). This limitation is the sole statutory limitation on

31.2-12

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-6

allowable senior executive compensation costs incurred after January 1, 1998, under contracts awarded before June 24, 2014,

and applies whether or not the affected contracts were previously subject to a statutory limitation on such costs. (Note that

pursuant to section 804 of Pub. L. 105-261, the definition of senior executive in paragraph (o)(1) of this section changed for

compensation costs incurred after January 1, 1999.) See <https://trumpwhitehouse.archives.gov/wp-content/uploads/2017/11/ContractorCompensationCapContractsAwardedBeforeJune24.pdf>.

(3) All employee compensation limit for contracts awarded before June 24, 2014.

(i) Applicability. This paragraph (o)(3) applies to DOD, NASA, and the Coast Guard for contracts awarded on or after December 31, 2011, and before June 24, 2014.

(ii) Costs incurred after January 1, 2012, for the compensation of any contractor employee in excess of the benchmark compensation amount, determined applicable for the contractor fiscal year by the Administrator, Office of Federal

Procurement Policy (OFPP) under 41 U.S.C. 1127 as in effect prior to June 24, 2014, are unallowable (10 U.S.C. 3744(a)(16)

as in effect prior to June 24, 2014.) This limitation is the sole statutory limitation on allowable employee compensation costs

incurred after January 1, 2012, under contracts awarded on or after December 31, 2011, and before June 24, 2014. (Note that

pursuant to section 803 of Pub. L. 112-81, 10 U.S.C. 3744, Allowable costs under defense contracts, was amended by striking

?senior executives? and inserting ?any contractor employee?, making unallowable the excess compensation costs incurred

after January 1, 2012, under affected contracts.) See <https://trumpwhitehouse.archives.gov/wp-content/uploads/2017/11/ContractorCompensationCapContractsAwardedBeforeJune24.pdf>.

(4) All employee compensation limit for contracts awarded on or after June 24, 2014.

(i) Applicability. This paragraph (o)(4) applies to executive agency contracts awarded on or after June 24, 2014, and any subcontracts thereunder.

(ii) Costs incurred on or after June 24, 2014, for the compensation of employees in excess of the benchmark compensation amount determined applicable for the contractor fiscal year by the Administrator, Office of Federal Procurement Policy (OFPP) are unallowable under 10 U.S.C. 3744(a)(16) and 41 U.S.C. 4304(a)(16), as in effect on or after June 24, 2014, pursuant to section 702 of Public Law 113-67. This limitation is the sole statutory limitation on allowable employee compensation costs incurred on or after June 24, 2014, under contracts awarded on or after June 24, 2014. See <https://trumpwhitehouse.archives.gov/wp-content/uploads/2017/11/ContractorCompensationCapContractsAwardedBeforeJune24.pdf>.

(iii) Exceptions. An agency head may establish one or more narrowly targeted exceptions for scientists, engineers, or other specialists upon a determination that such exceptions are needed to ensure that the executive agency has continued

access to needed skills and capabilities. In making such a determination, the agency must consider, at a minimum, for each

contractor employee in a narrowly targeted excepted position?

(A) The amount of taxpayer funded compensation to be received by each employee; and

(B) The duties and services performed by each employee.

(p) Employee stock ownership plans (ESOP). (1) An ESOP is a stock bonus plan designed to invest primarily in the stock

of the employer corporation.

(2) The contractor's contributions to an Employee Stock Ownership Trust (ESOT) may be in the form of cash,

stock, or
property.

(3) Costs of ESOPs are allowable subject to the following conditions:

(i) The contractor measures, assigns, and allocates costs in accordance with 48 CFR 9904.415.

(ii) Contributions by the contractor in any one year that exceed the deductibility limits of the Internal Revenue Code for that year are unallowable.

(iii) When the contribution is in the form of stock, the value of the stock contribution is limited to the fair market value of the stock on the date that title is effectively transferred to the trust.

(iv) When the contribution is in the form of cash-

(A) Stock purchases by the ESOT in excess of fair market value are unallowable; and

(B) When stock purchases are in excess of fair market value, the contractor must credit the amount of the excess

to the same indirect cost pools that were charged for the ESOP contributions in the year in which the stock purchase occurs.

However, when the trust purchases the stock with borrowed funds which will be repaid over a period of years by cash contributions from the contractor to the trust, the contractor must credit the excess price over fair market value to the indirect

cost pools pro rata over the period of years during which the contractor contributes the cash used by the trust to repay the loan.

(v) When the fair market value of unissued stock or stock of a closely held corporation is not readily determinable, the valuation will be made on a case-by-case basis taking into consideration the guidelines for valuation used by the IRS.

31.2-13

31.205-7 FEDERAL ACQUISITION REGULATION

31.205-7 Contingencies.

(a) Definition.

Contingency, as used in this subpart, means a possible future event or condition arising from presently known or unknown causes, the outcome of which is indeterminable at the present time.

(b) (1) Costs for contingencies are generally unallowable for historical costing purposes because such costing deals with

costs incurred and recorded on the contractor's books.

(2) A contingency factor may be recognized when it is applicable to a past period to give recognition to minor unsettled

factors in the interest of expediting settlement (e.g., terminations).

(c) In connection with estimates of future costs, contingencies fall into two categories:

(1) Those that may arise from presently known and existing conditions, the effects of which are foreseeable within

reasonable limits of accuracy; e.g., anticipated costs of rejects and defective work). Contingencies of this category are to be

included in the estimates of future costs so as to provide the best estimate of performance cost.

(2) Those that may arise from presently known or unknown conditions, the effect of which cannot be measured so precisely as to provide equitable results to the contractor and to the Government (e.g., results of pending litigation).

Contingencies of this category are to be excluded from cost estimates under the several items of cost but should be disclosed

separately (including the basis upon which the contingency is computed) to facilitate the negotiation of appropriate contractual coverage. (See 31.205-6(f) and 31.205-19.)

31.205-8 Contributions or donations.

Contributions or donations, including cash, property and services, regardless of recipient, are unallowable (except see **31.205-1(d)(3)**).

31.205-9 [Reserved]

31.205-10 Cost of money.

(a) Cost of money-

(1) Is an imputed cost that is not a form of interest on borrowings (see 31.205-20);

(2) Is an incurred cost for?

(i) Cost-reimbursement purposes under applicable cost-reimbursement contracts; and

(ii) Progress payment purposes under fixed-price contracts; and

(3) Refers to?

(i) Facilities capital cost of money (see 48 CFR 9904.414); and

(ii) Cost of money as an element of the cost of capital assets under construction (see 48 CFR 9904.417).

(b) Cost of money is allowable when?

(1) It is measured, assigned, and allocated to contracts in accordance with 48 CFR 9904.414 or measured and added to

the cost of capital assets under construction in accordance with 48 CFR 9904.417, as applicable;

(2) The requirements of 31.205-52, which limit the allowability of cost of money, are followed; and

(3) The estimated facilities capital cost of money is specifically identified and proposed in cost proposals relating to the

contract under which the cost is to be claimed.

(c) Actual interest cost in lieu of the calculated imputed cost of money is unallowable.

31.205-11 Depreciation.

(a) (1) Depreciation on a contractor's plant, equipment, and other capital facilities is an allowable contract cost, subject to

the limitations in this cost principle.

(2) For tangible personal property, only estimated residual values that exceed 10 percent of the capitalized cost of the

asset need to be used in establishing depreciable costs.

(i) Where either the declining balance method of depreciation or the class life asset depreciation range system is used, the residual value does not need to be deducted from capitalized cost to determine depreciable costs.

(ii) Depreciation cost that would significantly reduce the book value of a tangible capital asset below its residual value is unallowable.

(b) (1) Contractors with contracts subject to 48 CFR 9904.409 must adhere to the requirement of that standard for all fully

CAS-covered contracts and may elect to adopt the standard for all other contracts.

31.2-14

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-12

(2) All requirements of 48 CFR 9904.409 are applicable if the election in paragraph (b)(1) of this section is made,

and contractors must continue to follow it until notification of final acceptance of all deliverable items under negotiated Government contracts.

(c) For contracts that are not subject to 48 CFR 9904.409, allowable depreciation must not exceed the amount used for financial accounting purposes and must be determined in a manner consistent with the depreciation policies and procedures followed in the same segment on non-Government business (except see paragraphs (g) and (h) of this section).

(d) Depreciation, rental, or use charges are unallowable on property acquired from the Government at no cost to the contractor or any division, subsidiary, or affiliate of the contractor under common control.

(e) The depreciation on an item that meets the criteria for allowance at price under 31.205-26(f) may be based on that price, provided the same policies and procedures are used for costing all business of the using division, subsidiary, or organization under common control.

(f) (1) No depreciation or rental is allowed on property that is fully depreciated by the contractor or by any division, subsidiary, or affiliate of the contractor under common control.

(2) A reasonable charge for using fully depreciated property may be agreed upon and allowed (except see 31.110(b)

(2)).

(3) In determining the charge, consideration must be given to cost, total estimated useful life at the time of negotiations, effect of any increased maintenance charges or decreased efficiency due to age, and the amount of depreciation previously charged to Government contracts or subcontracts.

(g) Whether or not the contract is subject to CAS, the following apply:

(1) The requirements of 31.205-52.

(2) In the event of a write-down from carrying value to fair value as a result of impairments caused by events or changes in circumstances, allowable depreciation of the impaired assets is limited to the amounts that would have been allowed had the assets not been written down (see 31.205-16(g)). However, this does not preclude a change in depreciation resulting from other causes such as permissible changes in estimates of service life, consumption of services, or residual value.

(3) (i) In the event the contractor reacquires property involved in a sale and leaseback arrangement, allowable depreciation of reacquired property must be based on the net book value of the asset as of the date the contractor originally became a lessee of the property in the sale and leaseback arrangement?

(A) Adjusted for any allowable gain or loss determined in accordance with 31.205-16(b); and

(B) Less any amount of depreciation expense included in the calculation of the amount that would have been

allowed had the contractor retained title under 31.205-11(h)(1) and 31.205-36(b)(2).

(ii) As used in this paragraph (g)(3), reacquired property is property that generated either any depreciation expense or any cost of money considered in the calculation of the limitations under 31.205-11(h)(1) and 31.205-36(b)(2) during the most recent accounting period prior to the date of reacquisition.

(h) A finance lease, as defined in Financial Accounting Standards Board's Accounting Standards Codification (FASB

ASC) 842, Leases, is subject to the requirements of this cost principle. (See 31.205-36 for Operating Leases.)

(1) Lease costs under a sale and leaseback arrangement are allowable only up to the amount that would be allowed if

the contractor retained title, computed based on the net book value of the asset on the date the contractor becomes a lessee of

the property adjusted for any gain or loss recognized in accordance with 31.205-16(b); and

(2) If it is determined that the terms of the finance lease have been significantly affected by the fact that the lessee and

lessor are related, depreciation charges are not allowable in excess of those that would have occurred if the lease contained

terms consistent with those found in a lease between unrelated parties.

31.205-12 Economic planning costs.

(a) Economic planning costs are the costs of general long-range management planning that is concerned with the future

overall development of the contractor's business and that may take into account the eventual possibility of economic dislocations or fundamental alterations in those markets in which the contractor currently does business.

(b) Economic planning costs do not include organization or reorganization costs covered by 31.205-27. (See 31.205-38 for

market planning costs other than economic planning costs.)

(c) Economic planning costs are allowable.

31.2-15

31.205-13 FEDERAL ACQUISITION REGULATION

31.205-13 Employee morale, health, welfare, food service, and dormitory costs and credits.

(a) Aggregate costs incurred on activities designed to improve working conditions, employer-employee relations, employee morale, and employee performance (less income generated by these activities) are allowable, subject to the limitations in this section. Examples of allowable activities are?

(1) House publications;

(2) Health clinics;

(3) Wellness/fitness centers;

(4) Employee counseling services; and

(5) Food and dormitory services for the contractor's employees at or near the contractor's facilities, including?

(i) Operating or furnishing facilities for cafeterias, dining rooms, canteens, lunch wagons, vending machines, living accommodations; and

(ii) Similar types of services.

(b) (1) Costs of gifts are unallowable.

(2) Gifts do not include awards for performance made pursuant to 31.205-6(e) or awards made in recognition of

employee achievements pursuant to an established contractor plan or policy.)

(c) Costs of recreation are unallowable, except for the costs of employees' participation in company sponsored sports

teams or employee organizations designed to improve company loyalty, teamwork, or physical fitness.

(d) (1) The allowability of food and dormitory losses are determined by the following:

(i) Losses from operating food and dormitory services are allowable only if the contractor's objective is to operate such services on a break-even basis.

(ii) Losses sustained because food services or lodging accommodations are furnished without charge or at prices or rates that would not be conducive to the accomplishment of the objective in paragraph (d)(1)(i) of this section are not allowable, except as described in paragraph (d)(1)(iii) of this section.

(iii) A loss may be allowed if the contractor can demonstrate that unusual circumstances exist such that even with efficient management, operating the services on a break-even basis would require charging inordinately high prices, or prices or rates higher than those charged by commercial establishments offering the same services in the same geographical areas.

The following are examples of unusual circumstances:

(A) The contractor must provide food or dormitory services at remote locations where adequate commercial facilities are not reasonably available.

(B) The contractor's charged, but unproductive, labor costs would be excessive if the services were not available.

(C) If termination or reduction of food or dormitory operations will not otherwise yield net cost savings.

(2) Costs of food and dormitory services must include an allocable share of indirect expenses pertaining to these activities.

(e) When the contractor has an arrangement authorizing an employee association to provide or operate a service, such as vending machines in the contractor's plant, and retain the profits, such profits must be treated in the same manner as if the contractor were providing the service (except see paragraph (f) of this section).

(f) Contributions by the contractor to an employee organization, including funds from vending machine receipts or similar sources, are allowable only to the extent that the contractor demonstrates that an equivalent amount of the costs incurred by the employee organization would be allowable if directly incurred by the contractor.

31.205-14 Entertainment costs.

(a) Costs of amusement, diversions, social activities, and any directly associated costs, such as tickets to shows or sporting events, meals, lodging, rentals, transportation, and gratuities are unallowable.

(b) Costs of membership in social, dining, country clubs, or other organizations having the same purposes are also unallowable, regardless of whether the cost is reported as taxable income to the employees.

(c) Costs made specifically unallowable under this cost principle are not allowable under any other cost principle.

31.205-15 Fines, penalties, and mischarging costs.

(a) Costs of fines and penalties resulting from violations of, or failure of the contractor to comply with, Federal, State, local, or foreign laws and regulations, are unallowable except when incurred as a result of compliance with specific terms and conditions of the contract or written instructions from the contracting officer.

(b) Costs incurred in connection with, or related to, the mischarging of costs on Government contracts are

unallowable

when the costs are caused by, or result from, alteration or destruction of records, or other false or improper charging or

31.2-16

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-16

recording of costs. Such costs include those incurred to measure or otherwise determine the magnitude of the improper charging, and costs incurred to remedy or correct the mischarging, such as costs to rescreen and reconstruct records.

31.205-16 Gains and losses on disposition or impairment of depreciable property or other capital assets.

(a) (1) Gains and losses from the sale, retirement, or other disposition (except see 31.205-19) of depreciable property

must be included in the year in which they occur as credits or charges to the cost grouping(s) in which the depreciation or

amortization applicable to those assets was included (except see paragraph (e) of this section).

(2) No gain or loss must be recognized as a result of the transfer of assets in a business combination (see 31.205-52).

(b) Notwithstanding paragraph (c) of this section, when costs of depreciable property are subject to the sale and leaseback

limitations in 31.205-11(h)(1) or 31.205-36(b)(2)?

(1) The gain or loss is the difference between the net amount realized and the undepreciated balance of the asset on the

date the contractor becomes a lessee; and

(2) When the application of paragraph (b)(1) of this section results in a loss?

(i) The allowable portion of the loss is zero if the fair market value exceeds the undepreciated balance of the asset on

the date the contractor becomes a lessee; and

(ii) The allowable portion of the loss is limited to the difference between the fair market value and the undepreciated balance of the asset on the date the contractor becomes a lessee if the fair market value is less than the undepreciated balance

of the asset on the date the contractor becomes a lessee.

(c) (1) Gains and losses on disposition of tangible capital assets, including those acquired under capital leases (also known

as a finance lease) (see 31.205-11(h)), must be considered as adjustments of depreciation costs previously recognized.

(2) The gain or loss for each asset disposed of is the difference between the net amount realized, including insurance

proceeds from involuntary conversions, and its undepreciated balance.

(d) The gain recognized for contract costing purposes must be limited to the difference between the acquisition cost (or

for assets acquired under a finance lease, the value at which the leased asset is capitalized) of the asset and its undepreciated

balance, except see paragraph (e) of this section,

(e) Special considerations apply to an involuntary conversion occurs when a contractor's property is destroyed by events

that are out of the owner's control, such as fire, windstorm, flood, accident, theft, etc., and an insurance award is recovered.

The following apply to involuntary conversions:

(1) When there is an insurance award and the converted asset is not replaced, gain or loss must be recognized in

the period of disposition. The gain recognized for contract costing purposes must be limited to the difference between the

acquisition cost of the asset and its undepreciated balance.

(2) When the converted asset is replaced, the contractor must either?

(i) Adjust the depreciable basis of the new asset by the amount of the total realized gain or loss; or

(ii) Recognize the gain or loss in the period of disposition, in which case the Government must participate to the same extent as outlined in paragraph (f)(1) of this section.

(f) Gains and losses on the disposition of depreciable property must not be recognized as a separate charge or credit when

?

(1) Gains and losses are processed through the depreciation reserve account and reflected in the depreciation allowable

under 31.205-11; or

(2) The property is exchanged as part of the purchase price of a similar item, and the gain or loss is taken into consideration in the depreciation cost basis of the new item.

(g) Gains and losses arising from mass or extraordinary sales, retirements, or other disposition other than through business

combinations must be considered on a case-by-case basis.

(h) Gains and losses of any nature arising from the sale or exchange of capital assets other than depreciable property must

be excluded in computing contract costs.

(1) With respect to long-lived tangible and identifiable intangible assets held for use, no loss must be allowed for a

write-down from carrying value to fair value as a result of impairments caused by events or changes in circumstances (e.g.,

environmental damage, idle facilities arising from a declining business base, etc.).

(2) If depreciable property or other capital assets have been written down from carrying value to fair value due to

impairments, gains or losses upon disposition must be the amounts that would have been allowed had the assets not been

written down.

31.2-17

31.205-17 FEDERAL ACQUISITION REGULATION

31.205-17 Idle facilities and idle capacity costs.

(a) Definitions. As used in this section?

Costs of idle facilities or idle capacity means costs such as maintenance, repair, housing, rent, and other related costs (e.g., property taxes, insurance, and depreciation).

Facilities means plant or any portion thereof (including land integral to the operation), equipment, individually or collectively, or any other tangible capital asset, wherever located, and whether owned or leased by the contractor.

Idle capacity means the unused capacity of partially used facilities. It is the difference between that which a facility could

achieve under 100 percent operating time on a one-shift basis, less operating interruptions resulting from time lost for

repairs,

setups, unsatisfactory materials, and other normal delays, and the extent to which the facility was actually used to meet demands during the accounting period. A multiple-shift basis may be used in the calculation instead of a one-shift basis if it

can be shown that this amount of usage could normally be expected for the type of facility involved.

Idle facilities means completely unused facilities that are excess to the contractor's current needs.

(b) The costs of idle facilities are unallowable unless the facilities?

(1) Are necessary to meet fluctuations in workload; or

(2) Were necessary when acquired and are now idle because of changes in requirements, production economies,

reorganization, termination, or other causes that could not have been reasonably foreseen. (Costs of idle facilities are allowable for a reasonable period, ordinarily not to exceed one year, depending upon the initiative taken to use, lease, or

dispose of the idle facilities (except see 31.205-42)).

(c) Costs of idle capacity are costs of doing business and are a factor in the normal fluctuations of usage or overhead

rates from period to period. Such costs are allowable when the capacity is necessary or was originally reasonable and is not

subject to reduction or elimination by subletting, renting, or sale, in accordance with sound business, economics, or security

practices. Widespread idle capacity throughout an entire plant or among a group of assets having substantially the same

function may be idle facilities.

(d) Any costs to be paid directly by the Government for idle facilities, or idle capacity reserved for defense mobilization

production must be the subject of a separate agreement (see 31.110(b)(9)).

31.205-18 Independent research and development and bid and proposal costs.

(a) Definitions. As used in this section?

Applied research means effort that?

(1) Normally follows basic research, but may not be severable from the related basic research;

(2) Attempts to determine and exploit the potential of scientific discoveries or improvements in technology, materials,

processes, methods, devices, or techniques; and

(3) Attempts to advance the state of the art. Applied research does not include efforts whose principal aim is design,

development, or test of specific items or services to be considered for sale; these efforts are within the definition of the term

development, defined in this section.

Bid and proposal (B&P) costs means the costs incurred in preparing, submitting, and supporting bids and proposals

(whether or not solicited) on potential Government or non-Government contracts. The term does not include the costs of

effort sponsored by a grant or cooperative agreement or required in the performance of a contract.

Company means all divisions, subsidiaries, and affiliates of the contractor under common control.

Development means the systematic use, under whatever name, of scientific and technical knowledge in the design,

development, test, or evaluation of a potential new product or service (or of an improvement in an existing product or

service)

for the purpose of meeting specific performance requirements or objectives. Development includes the functions of design

engineering, prototyping, and engineering testing, but excludes?

(1) Subcontracted technical effort that is for the sole purpose of developing an additional source for an existing product;

and

(2) Development effort for manufacturing or production materials, systems, processes, methods, equipment, tools, and

techniques not intended for sale.

Independent research and development (IR&D) means a contractor's IR&D cost that consists of projects falling within the

four following areas:

(1) Basic research,

(2) Applied research,

(3) Development, and

31.2-18

SUBPART 31.2 - CONTRACTS WITH COMMERCIAL ORGANIZATIONS 31.205-18

(4) Systems and other concept formulation studies. The term does not include the costs of effort sponsored by a grant

or required in the performance of a contract. IR&D effort must not include technical effort expended in developing and preparing technical data specifically to support submitting a bid or proposal.

Systems and other concept formulation studies means analyses and study efforts either related to specific IR&D efforts or

directed toward identifying desirable new systems, equipment or components, or modifications and improvements to existing

systems, equipment, or components.

(b) Composition and allocation of costs. The requirements of 48 CFR 9904.420 are incorporated in their entirety and must

apply as follows?

(1) Fully-CAS-covered contracts. Contracts that are fully-CAS-covered must be subject to all requirements of 48 CFR

9904.420.

(2) Modified CAS-covered and non-CAS-covered contracts.

(i) Non-CAS-covered contracts or contracts that contain terms or conditions requiring modified CAS coverage must be subject to all requirements of 48 CFR 9904.420 except 48 CFR 9904.420-50(e)(2) and 48 CFR 9904.420-50(f)(2).

(ii) Non-CAS-covered contracts or modified CAS-covered contracts awarded when the contractor has CAS-covered contracts requiring compliance with 48 CFR 9904.420, must be subject to all the requirements of 48 CFR 9904.420.

(iii) When the requirements of 48 CFR 9904.420-50(e)(2) and 48 CFR 9904.420-50(f)(2) are not applicable, the following apply:

(A) (1) IR&D and B&P costs must be allocated to final cost objectives on the same basis of allocation used for

the general and administrative (G&A) expense grouping of the profit center (see 31.002) in which the costs are incurred.

(2) When IR&D and B&P costs clearly benefit other profit centers or benefit the entire company, those costs must be allocated through the G&A of the other profit centers or through the corporate G&A, as appropriate.

(B) If allocations of IR&D or B&P through the G&A base do not provide equitable cost allocation, the contracting officer may approve use of a different base.

(c) Allowability. Except as provided in paragraphs (d) and (e) of this section, costs for IR&D and B&P are allowable as indirect expenses on contracts if those costs are allocable and reasonable.

(d) Deferred IR&D costs. (1) IR&D costs incurred in previous accounting periods are unallowable, except when a contractor has developed a specific product at its own risk in anticipation of recovering the development costs in the sale price of the product and?

(i) The total amount of IR&D costs applicable to the product can be identified;

(ii) The proration of such costs to sales of the product is reasonable;

(iii) The contractor had no Government business during the time that the costs were incurred or did not allocate IR&D costs to Government contracts except to prorate the cost of developing a specific product to the sales of that product; and

(iv) No costs of current IR&D programs are allocated to Government work except to prorate the costs of developing a specific product to the sales of that product.

(2) (i) When deferred costs are recognized, the contract (except firm-fixed-price and fixed-price with economic price adjustment contracts) will include a specific provision setting forth the amount of deferred IR&D costs that are allocable to the contract.

(ii) The contracting officer must document the circumstances and reason for accepting the deferred costs in the negotiation memorandum.

(e) Cooperative arrangements. (1) IR&D costs may be incurred by contractors working jointly with one or more non-Federal entities pursuant to a cooperative arrangement (e.g., joint ventures, limited partnerships, teaming arrangements, and collaboration and consortium arrangements).

(2) IR&D costs may include costs contributed by contractors in performing cooperative research and development agreements, or similar arrangements, entered into under?

(i) 15 U.S.C. 3710(a);

(ii) 51 U.S.C. 20113(e) for the National Aeronautics and Space Administration;

(iii) 10 U.S.C. 4021 for DoD; or

(iv) Other equivalent authority.

(3) IR&D costs incurred by a contractor pursuant to these types of cooperative arrangements should be considered as allowable IR&D costs if the work performed would have been allowed as contractor IR&D had there been no cooperative arrangement.

31.2-19

31.205-19 FEDERAL ACQUISITION REGULATION

(4) Costs incurred in preparing, submitting, and supporting offers on potential cooperative arrangements are allowable

if they are allocable, reasonable, and not otherwise unallowable.

31.205-19 Insurance and indemnification.

(a) Insurance by purchase or by self-insuring includes?

(1) Coverage the contractor is required to carry or to have approved, under the terms of the contract; and

(2) Any other coverage the contractor maintains in connection with the general conduct of its business.

(b) (1) For purposes of applying the provisions of this section, the Government considers insurance provided by captive

insurers (i.e., insurers owned by or under control of the contractor) as self-insurance.

(2) If the captive insurer also sells insurance to the general public in substantial quantities and it can be demonstrated

that the charge to the contractor is based on competition, the Government will consider the insurance as purchased insurance.

(c) Whether or not the contract is subject to CAS, self-insurance charges are allowable subject to paragraph (e) of this

section and the following limitations:

(1) The contractor must measure, assign, and allocate costs in accordance with 48 CFR 9904.416.

(2) The contractor must comply with part 28; however, approval of a contractor's insurance program in accordance with

32.001

32.000 Scope of part.

This part addresses policies and procedures for contract financing, funding and other payment matters. It implements
10

U.S.C. Chapter 277, 41 U.S.C. Chapter 45, and 50 U.S.C. Chapter 55, which authorize contract financing guarantees.
This

part addresses?

- (a) Payment methods, including partial payments and progress payments based on percentage or stage of completion;
- (b) Loan guarantees, advance payments, and progress payments based on costs;
- (c) Administration of debts to the Government arising out of contracts;
- (d) Contract funding, including the use of contract clauses limiting costs or funds;
- (e) Assignment of claims to aid in private financing;
- (f) Selected payment clauses;
- (g) Financing of purchases of commercial products and commercial services;
- (h) Financing of other than commercial purchases;
- (i) Performance-based payments;
- (j) Electronic funds transfer payments; and
- (k) Fast payment procedures.

32.001 Definitions.

As used in this part?

Commercial interim payment means any payment that is not a commercial advance payment or a delivery payment. These

payments are contract financing payments and not subject to the interest penalty provisions of the Prompt Payment Act in

subpart 32.9.

Contract action means an action resulting in a contract, as defined in subpart 2.1, including actions for additional supplies

or services outside the existing contract scope, but excludes actions that are within the scope and under the terms of the

existing contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative

changes.

Contract financing payment means an authorized Government disbursement of monies to a contractor prior to acceptance

of supplies or services by the Government.

(1) Contract financing payments may include-

(i) Advance payments;

(ii) Performance-based payments;

(iii) Commercial advance, installment, and interim payments;

(iv) Progress payments based on cost under the clause at 52.232-16, Progress Payments;

(v) Progress payments based on a percentage or stage of completion (see 32.102(e)), except those made under the

clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, or the clause at 52.232-10, Payments Under Fixed-

Price Architect-Engineer Contracts; and

(vi) Interim payments under a cost reimbursement contract, except for a cost reimbursement contract for services when Alternate I of the clause at 52.232-25, Prompt Payment, is used.

(2) Contract financing payments do not include-

(i) Invoice payments;

(ii) Payments for partial deliveries; or

(iii) Lease and rental payments.

Customary contract financing means that financing deemed by an agency to be available for routine use by contracting officers. Most customary contract financing arrangements should be usable by contracting officers without specific reviews

or approvals by higher management.

Delivery payment means a payment for accepted supplies or services, including payments for accepted partial deliveries.

Commercial financing payments are liquidated by deduction from these payments. Delivery payments are invoice payments

for prompt payment purposes.

Designated billing office means the office or person (governmental or nongovernmental) designated in the contract where

the contractor first submits invoices and contract financing requests. The contract might designate different offices to receive

invoices and contract financing requests. The designated billing office might be-

- (1) The Government disbursing office;
- (2) The contract administration office;
- (3) The office accepting the supplies delivered or services performed by the contractor;

-1

32.002 FEDERAL ACQUISITION REGULATION

- (4) The contract audit office; or
- (5) A nongovernmental agent.

Designated payment office means the office designated in the contract to make invoice payments or contract financing payments. Normally, this will be the Government disbursing office.

Due date means the date on which payment should be made.

Invoice payment means a Government disbursement of monies to a contractor under a contract or other authorization for

supplies or services accepted by the Government.

- (1) Invoice payments include-

- (i) Payments for partial deliveries that have been accepted by the Government;
- (ii) Final cost or fee payments where amounts owed have been settled between the Government and the contractor;

(iii) For purposes of subpart 32.9 only, all payments made under the clause at , Payments Under Fixed-Price Construction Contracts, and the clause at , Payments Under Fixed-Price Architect-Engineer Contracts; and

(iv) Interim payments under a cost-reimbursement contract for services when Alternate I of the clause at , Prompt Payment, is used

- (2) Invoice payments do not include contract financing payments.

Liquidate means to decrease a payment for an accepted supply item or service under a contract for the purpose of recouping financing payments previously paid to the contractor.

Unusual contract financing means any financing not deemed customary contract financing by the agency. Unusual contract financing is financing that is legal and proper under applicable laws, but that the agency has not authorized contracting officers to use without specific reviews or approvals by higher management.

32.002 Applicability of subparts.

- (a) The following sections are applicable to all purchases:

- (1) Sections 32.000 through 32.009.
- (2) Subpart 32.3, Loan Guarantees for Defense Production.
- (3) Subpart 32.6, Contract Debts.
- (4) Subpart 32.7, Contract Funding.
- (5) Subpart 32.8, Assignment of Claims.
- (6) Subpart 32.9, Prompt Payment.
- (7) Subpart 32.11, Electronic Funds Transfer.
- (8) Subpart 32.12, Fast Payment Procedure.

- (b) Subpart 32.2, Commercial Product and Commercial Service Purchase Financing, is applicable only to purchases of

commercial products and commercial services under authority of part 12.

- (c) The following subparts of this part are applicable to all purchases made under any authority other than part 12:

- (1) Subpart 32.1, Financing for Other Than a Commercial Purchase.
- (2) Subpart 32.4, Advance Payments for Other Than Commercial Acquisitions.

(3) Subpart 32.5, Progress Payments Based on Costs.

(4) Subpart 32.10, Performance-Based Payments.

32.003 Simplified acquisition procedures financing.

Unless agency regulations otherwise permit, contract financing must not be provided for purchases made under the authority of part 13.

32.004 Contract performance in foreign countries.

The enforceability of contract provisions for security of Government financing in a foreign jurisdiction is dependent upon local law and procedure. Prior to providing contract financing where foreign jurisdictions may become involved, the

contracting officer must ensure the Government's security is enforceable. This may require the provision of additional or

different security than that normally provided for in the standard contract clauses.

32.005 Consideration for contract financing.

(a) Requirement. (1) When a contract financing clause is included at the inception of a contract, there must be no separate

consideration for the contract financing clause. The value of the contract financing to the contractor is expected to be reflected in either:

-2

32.006-4

(i) A bid or negotiated price that will be lower than such price would have been in the absence of the contract financing, or

(ii) Contract terms and conditions, other than price, that are more beneficial to the Government than they would have

been in the absence of the contract financing.

(2) Adequate new consideration is required for changes to, or the addition of, contract financing after award.

(b) Amount of new consideration. The contractor may provide new consideration by monetary or nonmonetary means,

provided the value is adequate. The fair and reasonable consideration should approximate the amount by which the price

would have been less had the contract financing terms been contained in the initial contract. In the absence of definite information on this point, the contracting officer should apply the following criteria in evaluating whether the proposed new

consideration is adequate:

(1) The value to the contractor of the anticipated amount and duration of the contract financing at the imputed financial

costs of the equivalent working capital.

(2) The estimated profit rate to be earned through contract performance.

(c) Interest. Except as provided in subpart 32.4, Advance Payments for Other Than Commercial Acquisitions, the contract

must not provide for any other type of specific charges, such as interest, for contract financing.

32.006 Reduction or suspension of contract payments upon finding of fraud.

32.006-1 General.

(a) Under 10 U.S.C. 3806(j), the statutory authority implemented by this section is available to the Department of Defense

(DoD) and the National Aeronautics and Space Administration; this statutory authority is not available to the United States

Coast Guard. Under 41 U.S.C. 4506, this statutory authority is available to all agencies subject to Division C of subtitle I of title 41.

(b) 10 U.S.C. 3806(c) and 41 U.S.C. 4506 provide for a reduction or suspension of further payments to a contractor when the agency head determines there is substantial evidence that the contractor's request for advance, partial, or progress payments is based on fraud. This authority does not apply to commercial interim payments under subpart 32.2, or performance-based payments under subpart 32.10.

(c) The agency head may not delegate his or her responsibilities under these statutes below Level IV of the Executive Schedule.

(d) Authority to reduce or suspend payments under these statutes is in addition to other Government rights, remedies, and procedures.

(e) In accordance with these statutes, agency head determinations and decisions under this section may be made for an individual contract or any group of contracts affected by the fraud.

32.006-2 Definition.

Remedy coordination official, as used in this section, means the person or entity in the agency who coordinates within that agency the administration of criminal, civil, administrative, and contractual remedies resulting from investigations of fraud or corruption related to procurement activities. (See 10 U.S.C. 3806(a) and 41 U.S.C. 4506(a).)

32.006-3 Responsibilities.

(a) Agencies must establish appropriate procedures to implement the policies and procedures of this section.

(b) Government personnel must report suspected fraud related to advance, partial, or progress payments in accordance with agency regulations.

32.006-4 Procedures.

(a) In any case that an agency's remedy coordination official finds substantial evidence that a contractor's request for advance, partial, or progress payments under a contract awarded by that agency is based on fraud, the remedy coordination official must recommend that the agency head reduce or suspend further payments to the contractor. The remedy coordination official must submit to the agency head a written report setting forth the remedy coordination official's findings that support each recommendation.

(b) Upon receiving a recommendation from the remedy coordination official under paragraph (a) of this section, the agency head must determine whether substantial evidence exists that the request for payment under a contract is based on fraud.

-3

32.006-5 FEDERAL ACQUISITION REGULATION

(c) If the agency head determines that substantial evidence exists, the agency head may reduce or suspend further payments to the contractor under the affected contract(s). Such reduction or suspension must be reasonably commensurate

with the anticipated loss to the Government resulting from the fraud.

(d) When determining whether to reduce or suspend further payment(s), at a minimum, the agency head must consider?

(1) Any recommendation from investigating officers that disclosure of the allegations of fraud to the contractor may

compromise an ongoing investigation;

(2) The anticipated loss to the Government as a result of the fraud;

(3) The contractor's overall financial condition and ability to continue performance if payments are reduced or suspended;

(4) How essential the contractor is to the national defense, or to the execution of the agency's official business; and

(5) Assessment of all documentation concerning the alleged fraud, including documentation submitted by the contractor

in its response to the notice required by paragraph (e) of this section.

(e) Before making a decision to reduce or suspend further payments, the agency head must, in accordance with agency

procedures-

(1) Notify the contractor in writing of the action proposed by the remedy coordination official and the reasons why

(such notice must be sufficiently specific to allow the contractor to collect and present evidence addressing the aforesaid

reasons); and

(2) Provide the contractor an opportunity to submit information within a reasonable time, in response to the action

proposed by the remedy coordination official.

(f) When more than one agency has contracts affected by the fraud, the agencies must consider designating one agency as

the lead agency for making the determination and decision.

(g) The agency must retain in its files the written justification for each-

(1) Decision of the agency head whether to reduce or suspend further payments; and

(2) Recommendation provided to the agency head in connection with such decision.

(h) Not later than 180 calendar days after the date of the reduction or suspension action, the remedy coordination official

must?

(1) Review the agency head's determination on which the reduction or suspension decision is based; and

(2) Provide a recommendation to the agency head as to whether the reduction or suspension should continue.

32.006-5 Reporting.

(a) In accordance with 41 U.S.C. 4506(h), the head of an agency, other than the DoD, must prepare a report for each fiscal

year in which a recommendation has been received pursuant to 32.006-4(a). Reports within the DoD must be prepared in accordance with 10 U.S.C. 3806(h)..

(b) In accordance with 41 U.S.C. 4506(h) and 10 U.S.C. 3806(h), each report must contain?

- (1) Each recommendation made by the remedy coordination official;
- (2) The actions taken on the recommendation(s), with reasons for such actions; and
- (3) An assessment of the effects of each action on the Government.

32.007 Contract financing payments.

(a) Agency heads must not establish a time frame for making contract financing payments that is less than 7 days or

exceeds 30 days from receipt of a proper contract financing request, subject to the provisions outlined in 32.009.

(b) A proper contract financing request must comply with the terms and conditions specified by the contract. The contractor must correct any defects in requests submitted in the manner specified in the contract or as directed by the contracting officer.

(c) The Government will not pay an interest penalty to the contractor as a result of delayed contract financing payments.

32.008 Notification of overpayment.

If the contractor notifies the contracting officer of a duplicate payment or that the Government has otherwise overpaid, the

contracting officer must follow the procedures at 32.604.

-4

SUBPART 32.1 - FINANCING FOR OTHER THAN A COMMERCIAL PURCHASE 32.102

32.009 Providing accelerated payments to small business contractors and to prime contractors that subcontract with a

small business concern.

32.009-1 General.

(a) (1) Pursuant to 31 U.S.C. 3903(a), agencies other than the Department of Defense (DoD) must provide accelerated

payments, to the fullest extent permitted by law, with a goal of 15 days after receipt of a proper invoice and all other required

documentation, if a specific payment date is not established by contract, to?

(i) Small business contractors; and

(ii) Prime contractors that subcontract with a small business concern, if the prime contractor agrees to make payments to the small business subcontractor within 15 days of receiving the accelerated payment from the Government,

after receipt of a proper invoice and all other required documentation from the small business subcontractor, to the maximum

extent practicable, without any further consideration from or fees charged to the subcontractor.

(2) Pursuant to 10 U.S.C. 3801(b), DoD must provide accelerated payments, to the fullest extent permitted by law, with

a goal of 15 days after receipt of a proper invoice and all other required documentation, to?

(i) Small business contractors; and

(ii) Prime contractors that subcontract with a small business concern, if the prime contractor agrees to make payments to the small business subcontractor within 15 days of receiving the accelerated payment from the

Government,

after receipt of a proper invoice and all other required documentation from the small business subcontractor, to the maximum

extent practicable, without any further consideration from or fees charged to the subcontractor.

(b) This acceleration does not provide any new rights under the Prompt Payment Act and does not affect the application of

the Prompt Payment Act late payment interest provisions.

(c) Agencies may use the Governmentwide commercial purchase card as a method of payment (see 32.1108) to facilitate

accelerated payment, to earn refunds, and to reduce invoice processing costs.

32.009-2 Contract clause.

Insert clause 52.232-40, Providing Accelerated Payments to Small Business Subcontractors, in all solicitations and contracts.

Subpart 32.1 - Financing for Other Than a Commercial Purchase

32.100 Scope of subpart.

This subpart addresses policies and procedures applicable to contract financing and payment for any purchases other than

purchases of commercial products or commercial services in accordance with part 12.

32.101 Authority.

The basic authority for the contract financing described in this part is contained in 41 U.S.C. chapter 45, 10 U.S.C. chapter

277, and Subchapter II of the Defense Production Act of 1950 (50 U.S.C. Chapter 55).

32.102 Description of contract financing methods.

(a) Advance payments are advances of money by the Government to a prime contractor before, in anticipation of, and for

the purpose of complete performance under one or more contracts. They are expected to be liquidated from payments due to

the contractor incident to performance of the contracts. Since they are not measured by performance, they differ from partial,

progress, or other payments based on the performance or partial performance of a contract. Advance payments may be made

to prime contractors for the purpose of making advances to subcontractors.

(b) Progress payments based on costs are made on the basis of costs incurred by the contractor as work progresses under

the contract. This form of contract financing does not include-

(1) Payments based on the percentage or stage of completion accomplished;

(2) Payments for partial deliveries accepted by the Government;

(3) Partial payments for a contract termination proposal; or

(4) Performance-based payments.

(c) Loan guarantees are made by Federal Reserve banks, on behalf of designated guaranteeing agencies, to enable

contractors to obtain financing from private sources under contracts for the acquisition of supplies or services for the national defense.

32.1-5**32.103 FEDERAL ACQUISITION REGULATION**

(d) [Reserved]

(e) (1) Progress payments based on a percentage or stage of completion are authorized by the statutes cited in 32.101.

(2) This type of progress payment may be used as a payment method under agency procedures. Agency procedures

must ensure that payments are commensurate with work accomplished, which meets the quality standards established under

the contract. In accordance with 10 U.S.C. 3804, progress payments must not exceed 80 percent of the eligible costs of work

accomplished on undefinitized contract actions.

(f) Performance-based payments are contract financing payments made on the basis of-

(1) Performance measured by objective, quantifiable methods;

(2) Accomplishment of defined events; or

(3) Other quantifiable measures of results.

32.103 Progress payments under construction contracts.

When there is unsatisfactory progress by a contractor during any period for which a progress payment is to be made, a percentage of the progress payment may be retained. Retainage should not be used as a substitute for good contract management, and the contracting officer should not withhold funds without cause. Determinations to retain and the specific

amount to be withheld must be made by the contracting officer on a case-by-case basis. Such decisions will be based on the

contracting officer's assessment of past performance and the likelihood that such performance will continue. The amount

of retainage withheld must not exceed 10 percent of the approved estimated amount in accordance with the terms of the

contract and may be adjusted as the contract approaches completion to recognize improved performance, the ability to rely

on alternative safeguards, and other factors. Upon completion of all contract requirements, retained amounts must be paid

promptly.

32.104 Providing contract financing.

(a) Prudent contract financing can be a useful working tool in Government acquisition by expediting the performance of

essential contracts. Contracting officers must consider the criteria in this part when determining whether to include contract

financing in solicitations and contracts. Resolve doubts that lack of financing could affect performance by including contract

financing in the solicitation. The contracting officer must?

(1) Provide Government financing only to the extent actually needed for prompt and efficient performance, considering

the availability of private financing and the probable impact on working capital of the predelivery expenditures and

production lead-times associated with the contract, or groups of contracts or orders (e.g., issued under

indefinite-delivery

contracts, basic ordering agreements, or their equivalent);

(2) Administer contract financing to aid, not impede, the acquisition;

(3) Avoid any undue risk of monetary loss to the Government through the financing;

(4) Include the form of contract financing deemed to be in the Government's best interest in the solicitation

(see 32.106

and 32.113); and

(5) Monitor the contractor's use of the contract financing provided and the contractor's financial status.

(b) If the contractor is a small business concern, the contracting officer must give special attention to meeting the contractor's contract financing need. However, a contractor's receipt of a certificate of competency from the Small Business

Administration has no bearing on the contractor's need for or entitlement to contract financing.

(c) Subject to specific agency regulations and paragraph (d) of this section, the contracting officer-

(1) May provide customary contract financing in accordance with 32.113; and

(2) Must not provide unusual contract financing except as authorized in 32.114.

(d) Unless prohibited by agency procedures, the contracting officer may provide contract financing in the form of performance-based payments (see subpart 32.10) or customary progress payments (see subpart 32.5) if the following conditions are met:

(1) The contractor-

(i) Will not be able to bill for the first delivery of products for a substantial time after work must begin (normally 4 months or more for small business concerns, and 6 months or more for others), and will make expenditures for contract

performance during the predelivery period that have a significant impact on the contractor's working capital; or

(ii) Demonstrates actual financial need or the unavailability of private financing.

(2) If the contractor is not a small business concern-

(i) For an individual contract, the contract price is \$3.5 million or more; or

32.1-6

SUBPART 32.1 - FINANCING FOR OTHER THAN A COMMERCIAL PURCHASE 32.109

(ii) For an indefinite-delivery contract, a basic ordering agreement or a similar ordering instrument, the contracting officer expects the aggregate value of orders or contracts that individually exceed the simplified acquisition threshold to have

a total value of \$3.5 million or more. The contracting officer must limit financing to those orders or contracts that exceed the

simplified acquisition threshold.

(3) If the contractor is a small business concern-

(i) For an individual contract, the contract price exceeds the simplified acquisition threshold; or

(ii) For an indefinite-delivery contract, a basic ordering agreement or a similar ordering instrument, the contracting officer expects the aggregate value of orders or contracts to exceed the simplified acquisition threshold.

32.105 Uses of contract financing.

(a) Contract financing methods covered in this part are intended to be self-liquidating through contract performance.

Consequently, agencies must only use the methods for financing of contractor working capital, not for the expansion of contractor-owned facilities or the acquisition of fixed assets. However, under loan guarantees, exceptions may be made for-

(1) Facilities expansion of a minor or incidental nature, if a relatively small part of the guaranteed loan is used for the

expansion and the contractor's repayment would not be delayed or impaired; or

(2) Other instances of facilities expansion for which contract financing is appropriate under agency procedures.

(b) The limitations in this section do not apply to contracts under which facilities are being acquired for Government ownership.

32.106 Order of preference.

The contracting officer must consider the following order of preference when a contractor requests contract financing, unless an exception would be in the Government's best interest in a specific case:

(a) Private financing without Government guarantee. It is not intended, however, that the contracting officer require the

contractor to obtain private financing-

(1) At unreasonable terms; or

(2) From other agencies.

(b) Customary contract financing other than loan guarantees and certain advance payments (see 32.113).

(c) Loan guarantees.

(d) Unusual contract financing (see 32.114).

(e) Advance payments (see exceptions in 32.402(b)).

32.107 Need for contract financing not a deterrent.

(a) If the contractor or offeror meets the standards prescribed for responsible prospective contractors at 9.104, the contracting officer must not treat the contractor's need for contract financing as a handicap for a contract award, e.g., as a

responsibility factor or evaluation criterion.

(b) The contractor should not be disqualified from contract financing solely because the contractor failed to indicate a need

for contract financing before the contract was awarded.

32.108 Financial consultation.

Each contracting office should have available and use the services of contract financing personnel competent to evaluate

credit and financial problems. The contracting officer should consult the appropriate contract financing office to resolve any

questions concerning-

(a) The financial capability of an offeror or contractor to perform a contract; or

(b) What form of contract financing is appropriate in a given case, the contracting officer should consult the appropriate

contract financing office.

32.109 Termination financing.

To encourage contractors to invest their own funds in performance despite the susceptibility of the contract to termination

for the convenience of the Government, the contract financing procedures under this part may be applied to the financing of

terminations either in connection with or independently of financing for contract performance (see part 49).

32.1-7

32.110 FEDERAL ACQUISITION REGULATION

32.110 Payment of subcontractors under cost-reimbursement prime contracts.

If the contractor makes financing payments to a subcontractor under a cost-reimbursement prime contract, the contracting

officer should accept the financing payments as reimbursable costs of the prime contract only under the following conditions:

- (a) The payments are made under the criteria in subpart 32.5 for customary progress payments based on costs, 32.202-1

for commercial product or commercial service purchase financing, or 32.1003 for performance-based payments, as applicable.

- (b) If customary progress payments are made, the payments do not exceed the progress payment rate in 32.501-1, unless

unusual progress payments to the subcontractor have been approved in accordance with 32.501-2.

- (c) If customary progress payments are made, the subcontractor complies with the liquidation principles of 32.503-8,

32.503-9, and 32.503-10.

- (d) If performance-based payments are made, the subcontractor complies with the liquidation principles of 32.1004(d).

- (e) The subcontract contains financing payments terms as prescribed in this part.

32.111 Contract clauses for noncommercial purchases.

- (a) The contracting officer must insert the following clauses, appropriately modified with respect to payment due dates, in

accordance with agency regulations-

- (1) The clause at 52.232-1, Payments, in solicitations and contracts when a fixed-price supply contract, a fixed-price

service contract, or a contract for nonregulated communication services is contemplated;

- (2) The clause at 52.232-2, Payment under Fixed-Price Research and Development Contracts, in solicitations and

contracts when a fixed-price research and development contract is contemplated;

- (3) The clause at 52.232-3, Payments under Personal Services Contracts, in solicitations and contracts for personal

services;

- (4) The clause at 52.232-4, Payments under Transportation Contracts and Transportation-Related Services Contracts, in

solicitations and contracts for transportation or transportation-related services;

- (5) The clause at 52.232-5, Payments under Fixed-Price Construction Contracts, in solicitations and contracts for

construction when a fixed-price contract is contemplated;

- (6) The clause at 52.232-6, Payments under Communication Service Contracts with Common Carriers, in solicitations

and contracts for regulated communication services by common carriers; and

- (7) The clause at 52.232-7, Payments under Time-and-Materials and Labor-Hour Contracts, in solicitations and

contracts when a time-and-materials or labor-hour contract is contemplated. If the contracting officer determines that it is

necessary to withhold payment to protect the Government's interests, paragraph (a)(7) of the clause permits the

contracting

officer to unilaterally issue a modification requiring the contractor to withhold 5 percent of amounts due, up to a maximum

of \$50,000 under the contract. The contracting officer must ensure that the modification specifies the percentage and total

amount of the withhold payment. Normally, there should be no need to withhold payment for a contractor with a record of timely submittal of the release discharging the Government from all liabilities, obligations, and claims, as required by paragraph (g) of the clause.

(b) The contracting officer must insert the following clauses, appropriately modified with respect to payment due dates in

accordance with agency regulations:

(1) The clause at 52.232-8, Discounts for Prompt Payment, in solicitations and contracts when a fixed-price supply

contract or fixed-price service contract is contemplated.

(2) A clause, substantially the same as the clause at 52.232-9, Limitation on Withholding of Payments, in solicitations

and contracts when a supply contract, research and development contract, service contract, time-and-materials contract,

or labor-hour contract is contemplated that includes two or more terms authorizing the temporary withholding of amounts

otherwise payable to the contractor for supplies delivered or services performed.

(c) The contracting officer must insert the following clauses, appropriately modified with respect to payments due dates, in

accordance with agency regulations:

(1) The clause at 52.232-10, Payments under Fixed-Price Architect-Engineer Contracts, in fixed-price architect-engineer contracts.

(2) The clause at 52.232-11, Extras, in solicitations and contracts when a fixed-price supply contract, fixed-price

service contract, or a transportation contract is contemplated.

32.1-8

SUBPART 32.1 - FINANCING FOR OTHER THAN A COMMERCIAL PURCHASE 32.113

32.112 Nonpayment of subcontractors under contracts other than for commercial products and commercial services.

32.112-1 Subcontractor assertions of nonpayment.

(a) In accordance with Section 806(a)(4) of Pub. L. 102-190 as amended (10 U.S.C. 4601 note prec.), upon the assertion

by a subcontractor or supplier of a prime contractor that the subcontractor or supplier has not been paid in accordance with

the payment terms of the subcontract, purchase order, or other agreement with the prime contractor, the contracting officer

may determine?

(1) For a construction contract, whether the contractor has made-

(i) Progress payments to the subcontractor or supplier in compliance with the Prompt Payment Act (31 U.S.C.

Chapter 39); or

(ii) Final payment to the subcontractor or supplier in compliance with the terms of the subcontract, purchase order, or other agreement with the prime contractor;

(2) For a contract other than construction, whether the contractor has made progress payments, final payments, or other payments to the subcontractor or supplier in compliance with the terms of the subcontract, purchase order, or other agreement with the prime contractor; or

(3) For any contract, whether the contractor's certification of payment of a subcontractor or supplier submitted with its payment request to the Government is accurate.

(b) If, in making the determination in paragraphs (a)(1) and (2) of this subsection, the contracting officer finds the prime contractor is not in compliance, the contracting officer may-

(1) Encourage the contractor to make timely payment to the subcontractor or supplier; or

(2) If authorized by the applicable payment clauses, reduce or suspend progress payments to the contractor.

(c) If the contracting officer determines that a certification referred to in paragraph (a)(3) of this section is inaccurate in any material respect, the contracting officer must initiate administrative or other remedial action.

32.112-2 Subcontractor requests for information.

(a) In accordance with Section 806(a)(4) of Pub. L. 102-190 as amended (10 U.S.C. 4601 note prec.), upon the request of a subcontractor or supplier under a Federal contract other than for a commercial product or commercial service, the contracting officer must promptly inform the subcontractor or supplier as to?

(1) Whether the prime contractor has submitted requests for progress payments or other payments to the Federal Government under the contract; and

(2) Whether final payment under the contract has been made by the Federal Government to the prime contractor.

(b) In accordance with 5 U.S.C. 552(b)(1), this section does not apply to matters that are-

(1) Specifically authorized under criteria established by an Executive order to be kept classified in the interest of national defense or foreign policy; and

(2) Properly classified pursuant to such Executive order.

32.113 Customary contract financing.

The solicitation must specify the customary contract financing offerors may propose. The following are customary contract financing when provided in accordance with this part and agency regulations:

(a) Financing of shipbuilding, or ship conversion, alteration, or repair, when agency regulations provide for progress payments based on a percentage or stage of completion.

(b) Financing of construction or architect-engineer services purchased under the authority of part 36.

(c) Financing of contracts for supplies or services awarded under the sealed bid method of procurement in accordance with

33-2

SUBPART 33.1 - PROTESTS 33.102

33.000 Scope of part.

This part outlines policies and procedures for filing protests and for processing contract disputes and appeals.

Subpart 33.1 - Protests

33.100 Purpose of the bid protest system.

(a) The bid protest system provides a prompt, fair, and transparent way to resolve disputes concerning federal procurement actions.

(b) The objectives of the protest system are to:

(1) Ensure protests are decided efficiently and without undue delay, to minimize disruption to contract award and performance;

(2) Support the effective and economical operation of the Government by correcting procurement errors, as

quickly as possible;

(3) Deter and discourage abuse of the bid protest process by requiring clear and substantiated allegations of procurement impropriety;

(4) Safeguard the rights of interested parties to obtain independent review of procurement actions alleged to violate law, or regulation; and

(5) Promote integrity, competition, accountability, and public confidence in the federal acquisition system by using available, timely and appropriate remedies.

(c) All participants in the protest process, including protesters, agency officials, and intervenors, should act in a manner consistent with these purposes to help resolve protests fairly and quickly.

(d) The protest process is not intended to serve as a way for offerors to get post-award explanations, debriefings, or additional insight into the Government's acquisition decision. Interested parties should address questions regarding the evaluation, award rationale, or proposal deficiencies through established preaward or postaward communication procedures, including formal debriefings where applicable under FAR 15 or other relevant FAR parts.

(e) Protests should not be used by incumbent contractors as a way to disrupt transition or induce extensions of their current contracts when there is no reasonable prospect of success on the merits of the protest.

33.101 Applicability.

(a) This subpart applies to protests filed with an agency or the Government Accountability Office (GAO).

(b) This subpart, except for 33.100, does not apply to bid protest or dispute appeal authorities where the United States Court of Federal Claims has jurisdiction (see 28 U.S.C. 1491).

(c) This subpart does not apply to protests of small business status (see 13 CFR part 121).

33.102 Definitions.

As used in this subpart-

Day means a calendar day, unless otherwise specified. In the computation of any period-

(1) The day of the act, event, or default from which the designated period of time begins to run is not included; and

(2) The last day after the act, event, or default is included. However, if the last day is a Saturday, Sunday, or Federal

holiday, or the place for filing is closed for all or part of the last day, then the deadline for filing is the next day the place is open.

Filed means the complete receipt of any document by an agency before its close of business. Documents received after close of business are considered filed as of the next day. Unless otherwise stated, the agency close of business is presumed to

be 4:30 p.m., local time.

Interested Party for the purpose of filing a protest means an actual or prospective offeror whose direct economic interest

would be affected by the award of a contract or by the failure to award a contract.

Protest means a written objection by an interested party to any of the following:

- (1) A solicitation or other request by an agency for offers for a contract for the procurement of property or services.
- (2) The cancellation of the solicitation or other request.
- (3) An award or proposed award of the contract.
- (4) A termination or cancellation of an award of the contract, if the written objection contains an allegation that the

termination or cancellation is based in whole or in part on improprieties concerning the award of the contract.

33.1-1

33.103 FEDERAL ACQUISITION REGULATION

33.103 General.

- (a) Consulting with legal counsel. Whenever a contracting officer becomes aware of a protest on one of their acquisitions,

they should consult with their designated legal advisor.

- (b) Agency action on protests. If the head of an agency determines that a solicitation, proposed award, or award does not

comply with the requirements of law or regulation, then, according to 41 U.S.C. 3708, the head of the agency may?

- (1) Take any action that could have been recommended by the Comptroller General had the protest been filed with the

Government Accountability Office (see 31 U.S.C. 3554(b)(1)(A)-(H);

- (2) Pay appropriate costs as provided in 31 U.S.C. 3554(c);

- (3) (i) Require the contractor to reimburse the Government's costs, where a postaward protest is sustained due to the

contractor's intentional or negligent misstatement, misrepresentation, or miscertification, as described in 52.233-3.

- (ii) When a protest is sustained by GAO under circumstances that may allow the Government to seek reimbursement

for protest costs, the contracting officer will determine whether the protest was sustained based on the contractor's negligent

or intentional misrepresentation. If the protest was sustained on several issues, protest costs must be apportioned according to

the costs attributable to the contractor's actions.

- (iii) (A) The contracting officer must review the amount of the debt, degree of the awardee's fault, and costs of collection, to determine whether a demand for reimbursement ought to be made.

- (B) If it is in the best interests of the Government to seek reimbursement, the contracting officer must notify the

contractor in writing of the nature and amount of the debt, and the intention to collect by offset if necessary.

- (C) Before issuing a final decision, the contracting officer must give the contractor an opportunity to inspect and

copy agency records about the debt to the extent permitted by statute and regulation, and to request review of the matter by

the head of the contracting activity.

- (c) Availability of funds. (1) When a protest is filed with GAO regarding a solicitation, proposed award, or award of a contract, and the agency's contract funds available at the time the protest is filed would otherwise lapse, those funds

must

remain available for obligation for 100 days following the date of the final ruling on the protest (31 U.S.C. 1558).

(2) A ruling is considered final on the date on which the time allowed for filing an appeal or request for reconsideration

has expired, or the date on which a decision is rendered on such appeal or request, whichever is later.

(d) Stop work order. Whenever the contracting officer is required or decides to suspend performance under this subpart,

the contracting officer may issue a written stop-work order.

33.104 Protests to the agency.

33.104-1 Scope.

(a) This section implements Executive Order 12979, Agency Procurement Protests.

(b) The agency should provide for inexpensive, informal, procedurally simple, and quick resolution of protests.

Where

appropriate, the use of alternative dispute resolution techniques, third party neutrals, and another agency's personnel are

acceptable protest resolution methods.

33.104-2 Preaward.

(a) Filing. Protests based on alleged apparent improprieties in a solicitation must be filed before bid opening or the closing

date for receiving proposals. If no closing time has been established, or if no further submissions are anticipated, any alleged

solicitation improprieties must be protested within 10 days of when the alleged impropriety was known or should have been

known.

(b) Action upon receiving a protest before award. (1) A contract may not be awarded until the agency resolves the protest,

unless a written justification is made for urgent and compelling reasons, or award is determined in writing to be in the best

interest of the Government.

(2) If award is withheld pending agency resolution of the protest, the contracting officer will inform the offerors whose

offers might become eligible for award of the contract. If appropriate to avoid the need to resolicit, the contracting officer should request that offerors extend the time to accept their proposals. If offers are not extended, then consideration should be

given to proceeding with award pursuant to paragraph (b)(1) of this section.

33.104-3 Postaward.

(a) If a protest is received, within 10 days after contract award or within 5 days after a debriefing date offered to the protester under a timely debriefing request in accordance with 15.505 or 15.506, whichever is later, then the contracting

33.1-2

SUBPART 33.1 - PROTESTS 33.105

officer must immediately suspend performance, pending resolution of the protest within the agency, including any independent review by a higher level official, unless continued performance is justified.

(b) Continued performance may be justified upon a written finding that there are urgent and compelling reasons, or continued performance is determined in writing to be in the best interest of the Government.

33.104-4 Other procedures.

(a) General. These procedures are established to resolve agency protests effectively, to build confidence in the Government's acquisition system, and to reduce protests outside of the agency:

(1) Before submitting an agency protest, parties must use their best efforts to resolve concerns raised by an interested

party at the contracting officer level through open and frank discussions.

(2) Protests must be concise and logically presented to facilitate review by the agency.

(3) Protests must include the following information. Failure to comply may result in dismissing the protest.

(i) Name, email address, and telephone number of the protester.

(ii) Solicitation or contract number.

(iii) Detailed statement of the legal and factual grounds for the protest, including a description of resulting prejudice to the protester.

(iv) Copies of relevant documents.

(v) Request for a ruling by the agency.

(vi) Statement as to the form of relief requested.

(vii) All information establishing that the protester is an interested party for the purpose of filing a protest.

(viii) All information establishing the timeliness of the protest.

(4) (i) Protests filed directly with the agency will be addressed to the contracting officer or other official designated to receive protests.

(ii) As soon as practicable after a protest is filed, the contracting officer must notify the head of the contracting activity, in accordance with agency procedures.

(5) (i) In accordance with agency procedures, interested parties may request an independent review of their protest at a level above the contracting officer; solicitations should advise potential bidders and offerors that this review is available.

(ii) Agency procedures and/or solicitations must-

(A) Notify potential bidders and offerors whether this independent review is available as an alternative to consideration by the contracting officer of a protest, or is available as an appeal of a contracting officer decision on a protest.

(B) Ensure that the protester receives a redacted copy of the source selection decision, if applicable, or if not already provided to the protester, within a reasonable time after the protester elects the independent review;

(C) Provide the protester an opportunity to submit a supplemental statement to the independent review official based on the documents provided, subject to timeliness requirements at 33.104-2 and 33.104-3.

(iii) Agencies must designate the official(s) who are to conduct this independent review, but the official(s) need not be within the contracting officer's supervisory chain. When possible, officials designated to conduct the independent review should not have been previously personally involved in the procurement.

(b) Timeliness. (1) The agency may consider the merits of any protest that is not filed in time for good cause shown, or where it determines that a protest raises issues significant to the agency's acquisition system.

(2) Filing an agency protest does not extend the time for obtaining a stay at GAO. Agencies may include, as part of the

agency protest process, a voluntary suspension period when agency protests are denied and the protester subsequently files at

GAO.

(3) If there is an agency appellate review of the contracting officer's decision on the protest, it will not extend GAO's

timeliness requirements. Therefore, any subsequent protest to the GAO must be filed within 10 days of knowledge of initial

adverse agency action (4 CFR 21.2(a)(3)).

(c) Protest decisions. (1) Agencies must make their best efforts to resolve agency protests within 35 days after the protest

is received by the contracting officer or an official conducting an independent review requested according to paragraph (a)(5).

(2) Protest decisions must be well-reasoned, explain the agency position for sustaining or denying the protest, and be

provided to the protester using a method that provides evidence of receipt.

33.105 Protests to GAO.

33.1-3

33.105-1 FEDERAL ACQUISITION REGULATION

33.105-1 GAO Bid Protest Regulations.

Procedures for protests to GAO are found at 4 CFR Part 21, Bid Protest Regulations.

33.105-2 Preaward.

(a) If the agency receives notice of a protest from GAO before award, then a contract may not be awarded unless the head

of the contracting activity authorizes contract award and performance.

(b) The head of the contracting activity, on a nondelegable basis, may authorize contract award and performance upon a

written finding that?

(1) Urgent and compelling circumstances which significantly affect the interest of the United States will not allow

waiting for a decision from GAO; and

(2) Award is likely to occur within 30 days of the written finding.

(c) An agency may not authorize contract award and performance until the agency has notified GAO of the finding in paragraph (b) of this section.

(d) When a protest against the making of an award is received and award will be withheld pending disposition of the

protest, the contracting officer should inform the offerors whose offers might become eligible for award of the protest. If appropriate, those offerors should be requested, before the time for accepting their offers expires, to extend the time for acceptance to avoid the need for resolicitation. If offers are not extended, then consideration should be given to proceeding

under paragraph (b) of this section.

33.105-3 Postaward.

(a) If a protest is likely after award, then the contracting officer may direct the contractor to stop performance within the

time period contained in paragraph (b)(1) of this section if the contracting officer makes a written determination that?

(1) A protest is likely to be filed; and

(2) Delay of performance is, under the circumstances, in the best interests of the United States.

(b) (1) If the agency receives notice of a protest from the GAO within 10 days after contract award or within 5 days after

a debriefing date offered to the protester for any debriefing that is required by 15.505 or 15.506, whichever is later, then the contracting officer must immediately suspend performance or terminate the awarded contract, unless the head of the

contracting activity authorizes contract performance.

(2) The head of the contracting activity, on a nondelegable basis, may authorize contract performance, upon a written

finding that?

(i) Contract performance will be in the best interests of the United States; or

(ii) Urgent and compelling circumstances that significantly affect the interests of the United States will not permit waiting for the GAO's decision.

(c) An agency must not authorize contract performance until the agency has notified the GAO of the finding in paragraph

(b)(2) of this section.

(d) When it is decided to suspend performance or terminate the awarded contract, the contracting officer should attempt to

negotiate a mutual agreement on a no-cost basis.

(e) When the agency receives notice of a protest filed with the GAO after the dates contained in subparagraph (b)(1), the

contracting officer does not have to suspend contract performance or terminate the awarded contract unless the contracting

officer believes that an award may be invalidated and a delay in receiving the supplies or services is not prejudicial to the

Government's interest.

33.105-4 Other procedures.

(a) Agency report. Upon notice that a protest has been filed with GAO, the contracting officer must immediately notify

legal counsel and begin compiling the information necessary for the agency report that will be filed with GAO.

(b) Notice to GAO. If the agency has not fully implemented the GAO recommendations with respect to a solicitation for a

contract or an award or a proposed award of a contract within 60 days of receiving the GAO recommendations, then the head

of the contracting activity must report the failure to the GAO by 5 days later. The report must explain the reasons why the

GAO's recommendation, exclusive of costs, has not been followed by the agency.

33.106 Protests at the U.S. Court of Federal Claims.

Procedures for protests at the U.S. Court of Federal Claims are set forth in the rules of the U.S. Court of Federal Claims,

found at <https://www.uscfc.uscourts.gov/filing-bid-protest>.

33.1-4

SUBPART 33.1 - PROTESTS 33.107

33.107 Solicitation provision and contract clause.

(a) The contracting officer must insert the provision at 52.233-2, Service of Protest, in solicitations for contracts expected

to exceed the simplified acquisition threshold.

(b) The contracting officer must insert the clause at 52.233-3, Protest After Award, in all solicitations and contracts.

If a

cost reimbursement contract is being considered, the contracting officer must use the clause with its Alternate I.

33.1-5

This page intentionally left blank.

33.1-6

SUBPART 33.2 - DISPUTES AND APPEALS 33.205

Subpart 33.2 - Disputes and Appeals

33.200 Scope.

41 U.S.C. chapter 71, Contract Disputes, establishes procedures and requirements for asserting and resolving claims

subject to the Disputes statute.

33.201 Definitions.

As used in this subpart?

Accrual of a claim means the date when all events, that fix the alleged liability of either the Government or the contractor

and permit assertion of the claim, were known or should have been known. For liability to be fixed, some injury caused by

the Government?s action or the contractor?s action must have occurred. However, monetary damages need not have been

incurred.

Alternative dispute resolution (ADR) means any type of procedure or combination of procedures voluntarily used to resolve issues in controversy. These procedures may include, but are not limited to, conciliation, facilitation, mediation, fact-

finding, minitrials, arbitration, and use of ombudsmen.

Defective certification means a certificate that alters or otherwise deviates from the language in 52.233-1(d)(2)(iii) or which is not executed by a person authorized to bind the contractor with respect to the claim. Failure to certify must not be

deemed to be a defective certification.

Issue in controversy means a material disagreement between the Government and the contractor that (1) may result in a

claim or (2) is all or part of an existing claim.

Misrepresentation of fact means a false statement of substantive fact, or any conduct that leads to the belief of a substantive fact material to proper understanding of the matter in hand, made with intent to deceive or mislead.

33.202 Applicability.

(a) Except as specified in paragraph (b) below, this subpart applies to any express or implied contract covered by the

Federal Acquisition Regulation.

(b) This subpart does not apply to any contract with-

(1) A foreign government or agency of that government; or

(2) An international organization or a subsidiary body of that organization, if the agency head determines that the application of the Contract Disputes statute to the contract would not be in the public interest.

(c) This subpart applies to all disputes with respect to contracting officer decisions on matters arising under or relating to a contract. Agency Boards of Contract Appeals (BCAs) (e.g., Armed Services Board of Contract Appeals or Civilian Board of Contract Appeals) authorized under the Disputes statute continue to have all of the authority they possessed before the Disputes statute about disputes arising under a contract, as well as authority to decide disputes relating to a contract.

(d) The clause at 52.233-1, Disputes, recognizes the all disputes authority established by the Disputes statute, and states certain requirements and limitations of the Disputes statute to guide contractors and contracting agencies. The clause is not intended to affect the rights and obligations of the parties as provided by the Disputes statute or to constrain the authority of the statutory agency BCAs in handling and deciding contractor appeals under the Disputes statute.

33.203 Relationship of the Disputes statute to Pub. L. 85-804.

(a) A contractor's allegation that it is entitled to rescission or reformation of its contract in order to correct or mitigate the effect of a mistake must be treated as a claim under the Dispute statute.

(b) A claim that is first submitted to the contracting officer for consideration under the Disputes statute and is either denied or not approved in its entirety under the Disputes statute may be presented by the contractor as a request for relief under Pub. L. 85-804 (50 U.S.C. 1431-1435) as implemented by subpart 50.1.

33.204 Policy.

As a matter of policy, the Government tries to resolve all contractual issues in controversy by mutual agreement at the contracting officer's level. Reasonable efforts should be made to resolve controversies before submitting a claim.

33.205 Postaward.

33.2-1

33.205-1 FEDERAL ACQUISITION REGULATION

33.205-1 Contractor claim.

(a) Contractor claims against the Government. (1) Contractor requirements for submission of claims are located at 52.233-1(d).

(2) The contracting officer must document in the contract file the date of receipt of a claim submitted by a contractor.

(b) Government claims against a contractor. The contracting officer must issue a written decision on any Government claim against a contractor within 6 years after accrual of the claim, unless the contracting parties agreed to a shorter time period, or the claim is based on a contractor claim involving fraud.

33.205-2 Contractor certification.

(a) Contractor requirements for certification of claims exceeding \$100,000 are located at 52.233-1(d).

(b) Use the aggregate amount of both increased and decreased costs to determine when the dollar thresholds requiring certification are met (see example in 15.403-4(a)(1)(iii) regarding certified cost or pricing data).

(c) A defective certification does not deprive a court or an agency BCA of jurisdiction over that claim. Before the entry of a final judgment by a court or a decision by an agency BCA, the court or agency BCA must require a defective certification to be corrected.

33.205-3 Interest on claims.

(a) The Government must pay interest on a contractor's claim on the amount found due and unpaid from the date that?

(1) The contracting officer receives the claim (certified if required by 33.205-2(a)); or

(2) Payment otherwise would be due, if that date is later, until the date of payment.

(b) Simple interest on claims must be paid at the rate, fixed by the Secretary of the Treasury as provided in the Disputes statute, which applies to the period during which the contracting officer receives the claim and then at the rate that applies for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim. (See the clause at 52.232-17 for the right of the Government to collect interest on its claims against a contractor).

(c) Interest must be paid on claims having defective certifications starting on the date that the contracting officer initially receives the claim until the date the claim was paid, see 52.233-1(h).

33.205-4 Suspected fraudulent claims.

If the contractor is unable to support any part of the claim and evidence reveals that the inability is due to misrepresentation of fact or to fraud on the part of the contractor, the contracting officer must refer the matter to the agency official responsible for investigating fraud.

33.205-5 Contracting officer's authority.

(a) Contracting officers are authorized, within any specific limitations defined in their warrants, to decide or resolve all claims arising under or relating to a contract subject to the Disputes statute, except this authority does not extend to?

(1) A claim or dispute for penalties or forfeitures prescribed by statute or regulation that another Federal agency is specifically authorized to administer, settle, or determine; or

(2) The settlement, compromise, payment or adjustment of any claim involving fraud.

(b) Contracting officers can use ADR procedures to resolve claims, according to agency policies and 33.205-8.

33.205-6 Contracting officer's decision.

(a) When a claim by or against a contractor cannot be satisfied or settled by mutual agreement and a decision on the claim is necessary, the contracting officer must?

(1) Review the facts relevant to the claim;

(2) Get help from legal and other advisors;

(3) Coordinate with the contract administration officer or contracting office, as appropriate; and

(4) Prepare a written decision that-

- (i) Includes the contracting officer's decision and supporting rationale for the decision reached;
- (ii) Substantially conveys the following:

This is the final decision of the Contracting Officer. You may appeal this decision to the agency board of contract appeals. If you decide to appeal, you must, within 90 days from the date you receive this decision, mail or otherwise furnish

written notice to the agency board of contract appeals and provide a copy to the Contracting Officer from whose decision this

appeal is taken. The notice must indicate that an appeal is intended, refer to this decision, and identify the contract by number.

33.2-2

SUBPART 33.2 - DISPUTES AND APPEALS 33.205-8

With regard to appeals to the agency board of contract appeals, you may, solely at your election, proceed under the board's

?

- (A) (1) Small claim procedure for claims of \$50,000 or less or, in the case of a small business concern (as defined in the

Small Business Act and regulations under that Act), \$150,000 or less; or

- (B) (2) Accelerated procedure for claims of \$100,000 or less.

Instead of appealing to the agency board of contract appeals, you may bring an action directly in the United States Court

of Federal Claims (except as provided in 41 U.S.C. 7102(d), regarding Maritime Contracts) within 12 months of the date you

receive this decision?; and

- (iii) Makes a demand for payment prepared according to 32.604 and 32.605 in all cases where the decision results in

a finding that the contractor is indebted to the Government.

- (b) The contracting officer must furnish a copy of the decision to the contractor by certified mail, return receipt requested,

or by any other method that provides evidence of receipt. This requirement applies to decisions on claims initiated by or against the contractor.

- (c) The contracting officer must issue the decision within the following statutory time limitations:

- (1) For claims of \$100,000 or less, 60 days after receiving a written request from the contractor that a decision be given

within that period, or within a reasonable time after receipt of the claim if the contractor does not make such a request.

- (2) For claims over \$100,000, 60 days after receiving a certified claim; provided, however, that if a decision will not

be issued within 60 days, the contracting officer must notify the contractor, within that period, of the time within which a decision will be issued.

- (d) The contracting officer must issue a decision within a reasonable time, taking into account-

- (1) The size and complexity of the claim;
- (2) The adequacy of the contractor's supporting data; and
- (3) Any other relevant factors.

- (e) The contracting officer has no obligation to render a final decision on any claim exceeding \$100,000 that

contains a defective certification, if within 60 days after receiving the claim, the contracting officer notifies the contractor, in writing, of the reasons why any attempted certification was found to be defective.

(f) In the event of undue delay by the contracting officer in providing a decision on a claim, the contractor may request the tribunal concerned to direct the contracting officer to issue a decision in a specified time period that the tribunal decides.

(g) Any failure of the contracting officer to issue a decision within the required time periods will be deemed a decision by the contracting officer denying the claim and will authorize the contractor to file an appeal or suit on the claim.

(h) The amount determined payable under the decision, less any portion already paid, should be paid, if otherwise proper, without awaiting contractor action concerning appeal. Such payment must be without prejudice to the rights of either party.

33.205-7 Obligation to continue performance.

(a) (1) Before the passage of the Disputes statute, the obligation to continue performance applied only to claims arising under a contract. However, the Disputes statute, at 41 U.S.C. 7103(g), authorizes agencies to require a contractor to continue contract performance according to the contracting officer's decision pending a final resolution of any claim arising under, or relating to, the contract.

(2) (i) A claim arising under a contract is a claim that can be resolved under a contract clause, other than the clause at

52.233-1, Disputes, that provides for the relief sought by the claimant. However, relief for such a claim can also be sought

under the clause at 52.233-1.

(ii) A claim relating to a contract is a claim that cannot be resolved under a contract clause other than the clause at

52.233-1. This distinction is recognized by the clause with its Alternate I (see 33.205-9).

(b) In all contracts that include the clause at 52.233-1, with its Alternate I, in the event of a dispute relating to the contract, the contracting officer must consider providing, through appropriate agency procedures, financing of the continued performance, provided that the Government's interest is properly secured.

33.205-8 Alternative dispute resolution (ADR).

(a) (1) Agencies are encouraged to use ADR procedures as much as possible. Certain factors, however, may make the use of ADR inappropriate (see 5 U.S.C. 572(b)).

(2) Except for arbitration conducted according to the Administrative Dispute Resolution Act (ADRA), (5 U.S.C. 571, et seq.), agencies have authority that is separate from that provided by the ADRA to use ADR procedures to resolve issues in controversy. Agencies may also choose to proceed under the authority and requirements of the ADRA.

33.2-3

33.205-9 FEDERAL ACQUISITION REGULATION

(b) The objective of using ADR procedures is to increase the opportunity to relatively quickly and cheaply resolve an issue

in controversy. Essential elements of ADR include?

- (1) An issue in controversy;
- (2) Both parties choose to participate in the ADR process;
- (3) Both parties agree on alternative procedures and terms instead of formal litigation; and
- (4) Officials of both parties who have the authority to resolve the issue in controversy choose to participate in the

process.

(c) (1) If the contracting officer rejects a contractor's request for ADR proceedings, the contracting officer must give the

contractor a written explanation citing one or more of the conditions in 5 U.S.C. 572(b) or such other specific reasons that

ADR procedures are inappropriate to resolve the dispute.

(2) If a contractor rejects a request for ADR see 52.233-1(g).

(d) ADR procedures may be used at any time that the contracting officer has authority to resolve the issue in controversy.

If a claim has been submitted, ADR procedures may apply to all or a portion of the claim. When ADR procedures are used

after a contracting officer has issued their final decision, the contracting officer's use of ADR procedures does not alter any of

the time limitations or procedural requirements for filing an appeal of the contracting officer's final decision. The use of ADR

procedures does not constitute a reconsideration of the final decision.

(e) When appropriate, a neutral person may be used to help resolve the issue in controversy using the procedures the

parties chose.

(f) The confidentiality of ADR proceedings must be protected consistent with 5 U.S.C. 574.

(g) (1) A solicitation must not require arbitration as a condition of award, unless arbitration is otherwise required by law.

(2) An agreement to use arbitration must be in writing and must specify a maximum award that the arbitrator may issue,

as well as any other conditions limiting the range of possible outcomes.

(h) Binding arbitration, as an ADR procedure, may be agreed to only as specified in agency guidelines. Such guidelines

must provide advice on the appropriate use of binding arbitration and when an agency has authority to settle an issue in controversy through binding arbitration.

33.205-9 Contract clauses.

(a) Insert the clause at 52.233-1, Disputes, in solicitations and contracts, unless the conditions in 33.202(b) apply. If it is

determined under agency procedures that continued performance is necessary pending resolution of any claim arising under

or relating to the contract, the contracting officer must use the clause with its Alternate I.

(b) Insert the clause at 52.233-4 in all solicitations and contracts.

33.2-4

SUBPART 34.1 - POSTAWARD 34.105

Subpart 34.1 - Postaward

34.100 Testing, Qualification and Use of Industrial Resources Developed Under Title III of the Defense Production

Act.

34.101 Scope.

This section describes policies and procedures for testing, qualification, and use of industrial resources manufactured or

developed with Government assistance under Title III of the Defense Production Act (DPA) (50 U.S.C. 4531 et seq.). Title

III of the Act authorizes Government assistance to encourage expansion of production capacity and the supply of industrial

resources essential to national defense.

34.102 Definitions.

Item of supply, as used in this section, means any part or component that is part of a larger system. The item can be a small part, group of parts, or a complete unit. It also includes spare or replacement parts used during the system's life. This

definition does not include packaging or labeling used for shipment or identification of an item.

34.103 Policy.

The Government will generally pay the costs of any testing and qualification it needs to use an industrial resource manufactured or developed with assistance provided under Title III of the DPA.

34.104 Testing and qualification.

- (a) (1) When notified that a Title III project contractor has requested testing and approval of a Title III industrial resource,

the contracting officer will review the request according to agency procedures to determine if?

(i) The Title III industrial resource is being used or might be used in the manufacture or development of a major system or item of supply; and

(ii) The remaining quantities available for purchase justify incurring the cost of testing and qualification.

(2) The contracting officer may also consult with the Defense Production Act Office, Title III Program, located at Wright Patterson Air Force Base, Ohio 45433-7739.

(b) If both conditions at 34.104(a)(1) are met, the contracting officer must modify the contract to require the contractor to conduct testing.

(c) The Title III Program will provide the contractor enough of the Title III industrial resource to conduct the necessary tests.

34.105 Contract clause.

Insert the clause at 52.234-1, Industrial Resources Developed under Title III of the Defense Production Act, in all contracts for major systems and items of supply.

34.1-1

This page intentionally left blank.

34.1-2

SUBPART 34.2 - EARNED VALUE MANAGEMENT SYSTEM 34.203

Subpart 34.2 - Earned Value Management System

34.201 Policy.

(a) In accordance with OMB Circular A-11, agencies must require an Earned Value Management System (EVMS) in major acquisitions for development.

(b) For contracts with EVMS requirements, agencies must require contractor submission of monthly EVMS reports.

(c) EVMS requirements apply to subcontractors using the same rules as applied to the prime contractor.

(d) When a solicitation requires a contractor-proposed EVMS plan, agencies will determine adequacy of the plan prior to contract award.

34.202 Integrated Baseline Reviews.

When an EVMS is required, the agency will conduct an Integrated Baseline Review.

34.203 Contract clause.

Insert a clause that is substantially the same as the clause at FAR 52.234-4, Earned Value Management System, in solicitations and contracts that require a contractor to use an EVMS.

34.2-1

This page intentionally left blank.

34.2-2

B Contracts (other than those designated "A") for items

needed to maintain a Government or contractor production or repair line, to preclude out-of-stock conditions, or to meet user needs for nonstock items.

C All contracts other than those designated "A" or "B?".

42.805 Contract clause.

(a) Insert the clause at 52.242-2, Production Progress Reports, in solicitations and contracts when production progress

reporting is required; unless a construction contract, or a Federal Supply Schedule contract is contemplated.

(b) When the clause at 52.242-2 is used, specify appropriate reporting instructions in the Schedule.

-1

This page intentionally left blank.

-2

42.902

Subpart 42.9 - Novation and Change-of-Name Agreements

42.900 Scope of subpart.

This subpart prescribes policies and procedures for-

- (a) Recognition of a successor in interest to Government contracts when contractor assets are transferred;
- (b) Recognition of a change in a contractor's name; and
- (c) Execution of novation agreements and change-of-name agreements by the responsible contracting officer.

42.901 Responsibility for executing agreements.

The contracting officer responsible for processing and executing novation and change-of-name agreements will be determined as follows:

- (a) If any of the affected contracts held by the transferor have been assigned to an administrative contracting officer (ACO) (see part 2 and 42.202 of this part), the responsible contracting officer will be-
 - (1) The assigned ACO; or
 - (2) The ACO responsible for the corporate office, if affected contracts are in more than one plant or division of the

transferor.

(b) If none of the affected contracts held by the transferor have been assigned to an ACO, the contracting officer responsible for the largest unsettled (unbilled plus billed but unpaid) dollar balance of contracts will be the responsible contracting officer.

(c) If several transferors are involved, the responsible contracting officer is-

- (1) The ACO administering the largest unsettled dollar balance; or
- (2) The contracting officer designated by the agency having the largest unsettled dollar balance, if none of the affected

contracts have been assigned to an ACO.

42.902 Processing agreements.

(a) If a contractor wishes the Government to recognize a successor in interest to its contracts or a name change, the

contractor must submit a written request to the responsible contracting officer (see 42.901). If the contractor is an AbilityOne

Nonprofit Agency, paragraphs (a) through (g) of this section do not apply. The Committee will provide a notice of change to

the cognizant contracting officer for execution of an SF-30 in accordance with paragraph (h).

(b) The responsible contracting officer will-

(1) Identify and request that the contractor submit information necessary to evaluate the proposed agreement for

recognizing a successor in interest or a name change. This information should include the items identified in 42.903(e) and (f)

or 42.904(a), as applicable;

(2) Notify each contract administration office and contracting office affected by a proposed agreement for recognizing a

successor in interest, and provide those offices with a list of all affected contracts; and

(3) Request submission of any comments or objections to the proposed transfer within 30 days after notification. Any

submission should be accompanied by supporting documentation.

(c) Upon receipt of the necessary information, the responsible contracting officer will determine whether it is in the Government's interest to recognize the proposed successor in interest on the basis of-

(1) The comments received from the affected contract administration offices and contracting offices;

(2) The proposed successor's responsibility under part 9; and

(3) Any factor relating to the proposed successor's performance of Government contracts that the Government determines would impair the proposed successor's ability to perform the contract satisfactorily.

(d) The execution of a novation agreement does not preclude the use of any other method available to the contracting

officer to resolve any other issues related to a transfer of contractor assets, including the treatment of costs.

(e) Any separate agreement between the transferor and transferee regarding the assumption of liabilities (e.g., long-term

incentive compensation plans, cost accounting standards noncompliances, environmental cleanup costs, and final overhead

costs) should be referenced specifically in the novation agreement.

(f) Before novation and change-of-name agreements are executed, the responsible contracting officer must ensure that

Government counsel has reviewed them for legal sufficiency.

(g) The responsible contracting officer must-

(1) Forward a signed copy of the executed novation or change-of-name agreement to the transferor and to the transferee

and

-1

42.903 FEDERAL ACQUISITION REGULATION

(2) Retain a signed copy in the case file.

(h) Following distribution of the agreement, the responsible contracting officer must-

(1) Prepare a Standard Form 30, Amendment of Solicitation/Modification of Contract, incorporating a summary of the

agreement and attaching a complete list of contracts affected;

(2) Retain the original Standard Form 30 with the attached list in the case file;

(3) Send a signed copy of the Standard Form 30, with attached list to the transferor and to the transferee; and

(4) Send a copy of this Standard Form 30 with attached list to each contract administration office or contracting office

involved, which will be responsible for further appropriate distribution.

42.903 Applicability of novation agreements.

(a) 41 U.S.C.6305 prohibits transfer of Government contracts from the contractor to a third party. The Government may,

when in its interest, recognize a third party as the successor in interest to a Government contract when the third party's interest in the contract arises out of the transfer of-

(1) All the contractor's assets; or

(2) The entire portion of the assets involved in performing the contract. (See part 14 for the effect of novation agreements after bid opening but before award.) Examples of such transactions include, but are not limited to-

(i) Sale of these assets with a provision for assuming liabilities;

(ii) Transfer of these assets incident to a merger or corporate consolidation; and

(iii) Incorporation of a proprietorship or partnership, or formation of a partnership.

(b) A novation agreement is unnecessary when there is a change in the ownership of a contractor as a result of a stock

purchase, with no legal change in the contracting party, and when that contracting party remains in control of the assets and

is the party performing the contract. However, whether there is a purchase of assets or a stock purchase, there may be issues

related to the change in ownership that appropriately should be addressed in a formal agreement between the contractor and

the Government (see 42.902(e)).

(c) When it is in the Government's interest not to concur in the transfer of a contract from one company to another company, the original contractor remains under contractual obligation to the Government, and the contract may be terminated

for reasons of default, should the original contractor not perform.

(d) When considering whether to recognize a third party as a successor in interest to Government contracts, the responsible

contracting officer must identify and evaluate any significant organizational conflicts of interest in accordance with part 9. If

the responsible contracting officer determines that a conflict of interest cannot be resolved but approving the novation request

is in the Government's interest, a waiver request may be submitted in accordance with part 9.

(e) When a contractor asks the Government to recognize a successor in interest, the contractor must submit to the responsible contracting officer three signed copies of the proposed novation agreement and one copy each, as applicable, of the following:

(1) The document describing the proposed transaction, e.g., purchase or sale agreement or memorandum of understanding.

(2) A list of all affected contracts between the transferor and the Government, as of the date of sale or transfer of assets,

showing for each, as of that date, the-

(i) Contract number and type;

(ii) Name and address of the contracting office;

(iii) Total dollar value, as amended; and

(iv) Approximate remaining unpaid balance.

(3) Evidence of the transferee's capability to perform.

(4) Any other relevant information requested by the responsible contracting officer.

(f) Except as provided in paragraph (g) of this section, the contractor must submit to the responsible contracting officer

one copy of each of the following documents, as applicable, as the documents become available:

(1) An authenticated copy of the instrument effecting the transfer of assets (e.g., bill of sale, certificate of merger,

contract, deed, agreement, or court decree).

(2) A certified copy of each resolution of the corporate parties' boards of directors authorizing the transfer of assets.

(3) A certified copy of the minutes of each corporate party's stockholder meeting necessary to approve the transfer of

assets.

(4) An authenticated copy of the transferee's certificate and articles of incorporation, if a corporation was formed for

the purpose of receiving the assets involved in performing the Government contracts.

-2

42.903

(5) The opinion of legal counsel for the transferor and transferee stating that the transfer was properly effected under

applicable law and the effective date of transfer.

(6) Balance sheets of the transferor and transferee as of the dates immediately before and after the transfer of assets,

audited by independent accountants.

(7) Evidence that any security clearance requirements have been met.

(8) The consent of sureties on all contracts listed under paragraph (e)(2) of this section if bonds are required, or a

statement from the transferor that none are required.

(g) If the Government has acquired the documents during its participation in the pre-merger or pre-acquisition review

process, or the Government's interests are adequately protected with an alternative formulation of the information, the responsible contracting officer may modify the list of documents to be submitted by the contractor.

(h) When recognizing a successor in interest to a Government contract is consistent with the Government's interest, the

responsible contracting officer must execute a novation agreement with the transferor and the transferee. It must ordinarily

provide in part that-

(1) The transferee assumes all the transferor's obligations under the contract;

(2) The transferor waives all rights under the contract against the Government;

(3) The transferor guarantees performance of the contract by the transferee (a satisfactory performance bond may be

accepted instead of the guarantee); and

(4) Nothing in the agreement will relieve the transferor or transferee from compliance with any Federal law.

(i) The responsible contracting officer must use the following format for agreements when the transferor and transferee are

corporations, and all the transferor's assets are transferred. This format may be adapted to fit specific cases and may

be used

as a guide in preparing similar agreements for other situations.

NOVATION AGREEMENT

The ABC CORPORATION (Transferor), a corporation duly organized and existing under the laws of _____ [insert State] with its principal office in _____ [insert city]; the XYZ CORPORATION (Transferee), [if appropriate add ?formerly known as the EFG Corporation?] a corporation duly organized and existing under the laws of _____ [insert State] with its principal office in _____ [insert city]; and the UNITED STATES OF AMERICA (Government) enter into this Agreement as of _____ [insert the date transfer of assets became effective under applicable State law].

(a) THE PARTIES AGREE TO THE FOLLOWING FACTS:

(1) The Government, represented by various Contracting Officers of the _____ [insert name(s) of agency(ies)],

has entered into certain contracts with the Transferor, namely: _____ [insert contract or purchase order identifications];

[or delete ?namely? and insert ?as shown in the attached list marked ?Exhibit A? and incorporated in this Agreement by

reference.?]. The term the contracts, as used in this Agreement, means the above contracts and purchase orders and all other

contracts and purchase orders, including all modifications, made between the Government and the Transferor before the

effective date of this Agreement (whether or not performance and payment have been completed and releases executed if the

Government or the Transferor has any remaining rights, duties, or obligations under these contracts and purchase orders).

Included in the term the contracts are also all modifications made under the terms and conditions of these contracts and

purchase orders between the Government and the Transferee, on or after the effective date of this Agreement.

(2) As of _____, 20____, the Transferor has transferred to the Transferee all the assets of the Transferor by virtue of a

_____ [insert term descriptive of the legal transaction involved] between the Transferor and the Transferee.

(3) The Transferee has acquired all the assets of the Transferor by virtue of the above transfer.

(4) The Transferee has assumed all obligations and liabilities of the Transferor under the contracts by virtue of the

above transfer.

(5) The Transferee is in a position to fully perform all obligations that may exist under the contracts.

(6) It is consistent with the Government's interest to recognize the Transferee as the successor party to the contracts.

(7) Evidence of the above transfer has been filed with the Government.

[When a change of name is also involved; e.g., a prior or concurrent change of the Transferee's name, an appropriate statement shall be inserted (see example in paragraph (8) below)].

(8) A certificate dated _____, 20____, signed by the Secretary of State of _____ [insert State], to the effect that the

corporate name of EFG CORPORATION was changed to XYZ CORPORATION on _____, 20____, has been filed with the

Government.

(b) IN CONSIDERATION OF THESE FACTS, THE PARTIES AGREE THAT BY THIS AGREEMENT?

-3

42.903 FEDERAL ACQUISITION REGULATION

(1) The Transferor confirms the transfer to the Transferee, and waives any claims and rights against the Government

that it now has or may have in the future in connection with the contracts.

(2) The Transferee agrees to be bound by and to perform each contract in accordance with the conditions contained in

the contracts. The Transferee also assumes all obligations and liabilities of, and all claims against, the Transferor under the

contracts as if the Transferee were the original party to the contracts.

(3) The Transferee ratifies all previous actions taken by the Transferor with respect to the contracts, with the same force

and effect as if the action had been taken by the Transferee.

(4) The Government recognizes the Transferee as the Transferor's successor in interest in and to the contracts. The

Transferee by this Agreement becomes entitled to all rights, titles, and interests of the Transferor in and to the contracts as if

the Transferee were the original party to the contracts. Following the effective date of this Agreement, the term Contractor, as

used in the contracts, shall refer to the Transferee.

(5) Except as expressly provided in this Agreement, nothing in it shall be construed as a waiver of any rights of the

Government against the Transferor.

(6) All payments and reimbursements previously made by the Government to the Transferor, and all other previous

actions taken by the Government under the contracts, shall be considered to have discharged those parts of the Government's

obligations under the contracts. All payments and reimbursements made by the Government after the date of this Agreement

in the name of or to the Transferor shall have the same force and effect as if made to the Transferee and shall constitute a

complete discharge of the Government's obligations under the contracts, to the extent of the amounts paid or reimbursed.

(7) The Transferor and the Transferee agree that the Government is not obligated to pay or reimburse either of them

for, or otherwise give effect to, any costs, taxes, or other expenses, or any related increases, directly or indirectly arising out

of or resulting from the transfer or this Agreement, other than those that the Government in the absence of this transfer or

Agreement would have been obligated to pay or reimburse under the terms of the contracts.

(8) The Transferor guarantees payment of all liabilities and the performance of all obligations that the Transferee (i)

assumes under this Agreement or (ii) may undertake in the future should these contracts be modified under their terms and

conditions. The Transferor waives notice of, and consents to, any such future modifications.

(9) The contracts shall remain in full force and effect, except as modified by this Agreement. Each party has executed

this Agreement as of the day and year first above written.

42.904

42.904 Agreement to recognize contractor's change of name.

(a) If only a change of the contractor's name is involved and the Government's and contractor's rights and obligations

remain unaffected, the parties must execute an agreement to reflect the name change. The contractor must forward to the

responsible contracting officer three signed copies of the Change-of-Name Agreement, and one copy each of the following:

- (1) The document effecting the name change, authenticated by a proper official of the State having jurisdiction.
- (2) The opinion of the contractor's legal counsel stating that the change of name was properly effected under

applicable

law and showing the effective date.

(3) A list of all affected contracts and purchase orders remaining unsettled between the contractor and the Government,

showing for each the contract number and type, and name and address of the contracting office. The contracting officer may

request the total dollar value as amended and the remaining unpaid balance for each contract.

(b) The following suggested format for an agreement may be adapted for specific cases:

Change-of-Name Agreement

The ABC CORPORATION (Contractor), a corporation duly organized and existing under the laws of _____ [insert State], and the UNITED STATES OF AMERICA (Government), enter into this Agreement as of _____ [insert date when

the change of name became effective under applicable State law].

(a) THE PARTIES AGREE TO THE FOLLOWING FACTS:

(1) The Government, represented by various Contracting Officers of the _____ [insert name(s) of agency(ies)],

has entered into certain contracts and purchase orders with the XYZ CORPORATION, namely: _____ [insert contract

or purchase order identifications]; [or delete "namely?" and insert "as shown in the attached list marked "Exhibit A" and incorporated in this Agreement by reference.?"]. The term the contracts, as used in this Agreement, means the above contracts

and purchase orders and all other contracts and purchase orders, including all modifications, made by the Government and the

Contractor before the effective date of this Agreement (whether or not performance and payment have been completed and

releases executed if the Government or the Contractor has any remaining rights, duties, or obligations under these contracts

and purchase orders).

(2) The XYZ CORPORATION, by an amendment to its certificate of incorporation, dated _____, 20__, has changed its corporate name to ABC CORPORATION.

(3) This amendment accomplishes a change of corporate name only and all rights and obligations of the Government

and of the Contractor under the contracts are unaffected by this change.

(4) Documentary evidence of this change of corporate name has been filed with the Government.

(b) IN CONSIDERATION OF THESE FACTS, THE PARTIES AGREE THAT?

(1) The contracts covered by this Agreement are amended by substituting the name "ABC CORPORATION" for the

name "XYZ CORPORATION" wherever it appears in the contracts; and

(2) Each party has executed this Agreement as of the day and year first above written.

42.1005

Subpart 42.10 - Suspension of Work, Stop-Work Orders, and Government Delay of Work

42.1001 General.

Situations may occur during contract performance that cause the Government to order a suspension of work or result in a work stoppage.

42.1002 Suspension of work.

A suspension of work under a construction or architect-engineer contract may be ordered by the contracting officer for a reasonable period of time. If the suspension is unreasonable, the contractor may submit a written claim for increases in the cost of performance, excluding profit.

42.1003 Stop-work orders.

(a) Stop-work orders may be used, when appropriate, in any negotiated fixed-price or cost-reimbursement supply, research and development, or service contract if work stoppage may be required for reasons such as advancement in the state-of-the-art, production or engineering breakthroughs, or realignment of programs.

(b) Generally, a stop-work order will be issued only if it is advisable to suspend work pending a decision by the Government and a supplemental agreement providing for the suspension is not feasible. Issuance of a stop-work order must be approved at a level higher than the contracting officer. Stop-work orders will not be used in place of a termination notice after a decision to terminate has been made.

(c) Stop-work orders should include-

- (1) A description of the work to be suspended;
- (2) Instructions concerning the contractor's issuance of further orders for materials or services;
- (3) Guidance to the contractor on action to be taken on any subcontracts; and
- (4) Other suggestions to the contractor for minimizing costs.

(d) Promptly after issuing the stop-work order, the contracting officer should discuss the stop-work order with the contractor and modify the order, if necessary, in light of the discussion.

(e) As soon as feasible after a stop-work order is issued, but before its expiration, the contracting officer must take appropriate action to-

(1) Terminate the contract;

(2) Cancel the stop-work order (any cancellation of a stop-work order is subject to the same approvals as were required

for its issuance); or

(3) Extend the period of the stop-work order if it is necessary and if the contractor agrees (any extension of the stop-

work order must be done by a supplemental agreement).

42.1004 Government delay of work.

(a) The clause at 52.242-17, Government Delay of Work, provides for the administrative settlement of contractor claims

that arise from delays and interruptions in the contract work caused by the acts, or failures to act, of the contracting officer.

This clause is not applicable if the contract otherwise specifically provides for an equitable adjustment because of the delay

or interruption, e.g., when the Changes clause is applicable.

(b) The clause does not authorize the contracting officer to order a suspension, delay, or interruption of the contract work

and it must not be used as the basis or justification of such an order.

(c) If the contracting officer has notice of an unordered delay or interruption covered by the clause, the contracting officer

must act to end the delay or take other appropriate action as soon as practicable.

(d) The contracting officer must retain in the file a record of all negotiations leading to any adjustment made under the

clause, and related certified cost or pricing data, or data other than certified cost or pricing data.

42.1005 Contract clauses.

(a) Insert the clause at 52.242-14, Suspension of Work, in solicitations and contracts when a fixed-price construction or

architect-engineer contract is contemplated. Contracting officers may reduce the 90-day period in the clause, as appropriate.

(b) (1) The contracting officer may, when contracting by negotiation, insert the clause at 52.242-15, Stop-Work Order, in

solicitations and contracts for supplies, services, or research and development. Contracting officers may reduce the 90-day

period in the clause, as appropriate.

(2) If a cost-reimbursement contract is contemplated, use the clause with its Alternate I.

-1

42.1005 FEDERAL ACQUISITION REGULATION

(c) Insert the clause at 52.242-17, Government Delay of Work, in solicitations and contracts when a fixed-price contract is

contemplated for supplies other than commercial or modified-commercial products. The clause use is optional when a fixed-

price contract is contemplated for services, or for supplies that are commercial or modified-commercial products.

-2

42.1102

Subpart 42.11 - Contractor Performance Information

42.1100 Scope of subpart.

This subpart provides policies and establishes responsibilities for recording and maintaining contractor performance information.

42.1101 General.

(a) Past performance information (including the ratings and supporting narratives) is relevant information, for future purposes, regarding a contractor's actions under previously awarded contracts or orders. It includes, for example, the contractor's record of-

- (1) Conforming to requirements and to standards of good workmanship;
- (2) Forecasting and controlling costs;
- (3) Adherence to schedules, including the administrative aspects of performance;
- (4) Reasonable and cooperative behavior and commitment to customer satisfaction;
- (5) Complying with the requirements of the small business subcontracting plan (see part 19), including:

(i) Favorable consideration of a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) that subcontracts to its protégé, and

(ii) That protégé is a covered territory business or that protégé's principal office is located in the Commonwealth of Puerto Rico (see 15 U.S.C. 632(ff));

- (6) Reporting into databases (see part 4, and reporting requirements in the solicitation provisions and clauses referenced

in part 9);

- (7) Integrity and business ethics (see part 9); and
- (8) Business-like concern for the interest of the customer.

(b) Agencies must monitor their compliance with the past performance evaluation requirements (see 42.1102) and use the

Contractor Performance Assessment Reporting System (CPARS) metric tools to measure the quality and timely reporting of

past performance information. CPARS is the official source for past performance information.

42.1102 Policy.

(a) General. Past performance evaluations must be prepared at least annually and at the time the work under a contract or

order is completed. Interim evaluations are permissible.

- (1) Past performance evaluations are required for contracts and orders as specified in paragraphs (b) through (f) of this

section, including contracts and orders performed outside the United States.

- (2) Past performance evaluations are completed for the entity, division, or unit that performed the contract or order.

- (3) Agencies must enter past performance information into CPARS, the Governmentwide evaluation reporting tool

for all past performance reports on contracts and orders. Instructions for submitting evaluations into CPARS are available at

<http://www.cpars.gov/>.

(b) Contracts.

(1) Except as provided in paragraphs (e), (f), and (h) of this section, agencies must prepare evaluations of contractor

performance for each contract and order that exceeds the simplified acquisition threshold and for each order that exceeds the simplified acquisition threshold.

(2) Agencies must prepare an evaluation if a modification to the contract causes the dollar amount to exceed the

simplified acquisition threshold.

(c) Orders under multiple-agency contracts.

(1) Agencies must prepare an evaluation of contractor performance for each order that exceeds the simplified acquisition threshold that placed under a Federal Supply Schedule contract or placed under a task-order contract, or a delivery-order contract awarded by another agency (i.e., Governmentwide acquisition contract or multi-agency contract).

(2)

(i) Agencies placing orders under their own multiple-agency contract must prepare evaluations for their own orders. This evaluation must not consider the requirements under paragraph (g) of this section.

(ii) Agencies must prepare an evaluation if a modification to an order causes the value to exceed the simplified acquisition threshold.

(d) Orders under single-agency contracts. For single-agency task-order and delivery-order contracts, the contracting

officer may require performance evaluations for each order in excess of the simplified acquisition threshold when such -1

42.1103 FEDERAL ACQUISITION REGULATION

evaluations would produce more meaningful past performance information for source selection officials than that contained

in the overall contract evaluation (e.g., when the scope of the basic contract is very broad and the nature of individual orders

could be significantly different). This evaluation does not have to consider the requirements under paragraph (g) of this section unless the contracting officer deems it appropriate.

(e) Construction contracts. Agencies must prepare past performance evaluations for each construction contract of \$900,000 or more, and for each construction contract terminated for default regardless of contract value. Past performance evaluations may also be prepared for construction contracts below \$900,000.

(f) Architect-engineer services contracts. Past performance evaluations must be prepared for each architect-engineer

services contract of \$45,000 or more, and for each architect-engineer services contract that is terminated for default regardless of contract value. Past performance evaluations may also be prepared for architect-engineer services contracts below \$45,000.

(g) Content. Past performance evaluations must include an assessment of the contractor's?

(1) Performance against, and efforts to achieve, the goals identified in the small business subcontracting plan when the

contract includes the clause at 52.219-9, Small Business Subcontracting Plan; and

(2) Reduced or untimely payments (as defined in part 19), made to small business subcontractors, determined by the

contracting officer to be unjustified. The contracting officer must?

- (i) Consider and evaluate a contractor's written explanation for a reduced or an untimely payment when determining

whether the reduced or untimely payment is justified; and

- (ii) Determine that a history of unjustified reduced or untimely payments has occurred when the contractor has reported three or more occasions of unjustified reduced or untimely payments under a single contract within a 12-month period (see 42.1503(h)(1)(vi) and the evaluation ratings in Table 42-2). The following payment or nonpayment situations are

not considered to be unjustified:

- (A) There is a contract dispute on performance.
- (B) A partial payment is made for amounts not in dispute.
- (C) A payment is reduced due to past overpayments.
- (D) There is an administrative mistake.
- (E) Late performance by the subcontractor leads to later payment by the prime contractor.

- (h) Agencies must promptly report other contractor information in accordance with 42.1103(g).

42.1103 Procedures.

- (a) (1) Agencies must assign responsibility and management accountability for the completeness of past performance

submissions. Agency procedures for the past performance evaluation system must?

- (i) Generally, provide for input to the evaluations from the technical office, contracting office, program management office, and, where appropriate, quality assurance and end users of the product or service;

- (ii) Identify and assign past performance evaluation roles and responsibilities to those individuals responsible for preparing and reviewing interim evaluations, if prepared, and final evaluations (e.g., contracting officers, contracting officer

representatives, project managers, and program managers). Those individuals identified may obtain information for the evaluation of performance from the program office, administrative contracting office, audit office, end users of the product or

service, and any other technical or business advisor, as appropriate; and

- (iii) Address management controls and appropriate management reviews of past performance evaluations, to include

accountability for documenting past performance on CPARS.

- (b) (1) (i) The evaluation must include a clear, non-technical description of the principal purpose of the contract or order.

- (ii) The evaluation must reflect how the contractor performed.

- (iii) The evaluation must include clear relevant information that accurately depicts the contractor's performance and be based on objective facts supported by program and contract or order performance data.

- (iv) Tailor each evaluation to the contract type, size, content, and complexity of the contractual requirements.

- (2) Evaluation factors for each assessment must include, at a minimum, the following:

- (i) Technical (quality of product or service);

- (ii) Cost control (not applicable for firm-fixed-price or fixed-price with economic price adjustment arrangements);

- (iii) Schedule/timeliness;

- (iv) Management or business relations;

- (v) Small business subcontracting, including reduced or untimely payments to small business subcontractors when

PART 35

part 35, as appropriate.

Status: Unknown

part 35, as appropriate.

(c) Do not divide requirements, the aggregate value of which exceeds the SAT, merely to permit use of the procedures in this part.

(d) Go to <https://www.acquisition.gov/inapplicablelaws> for the lists of laws that do not apply to acquisitions valued at or below the SAT (41 U.S.C. 1905).

Subpart 13.1 - Presolicitation

13.101 Competition.

(a) Agencies must promote competition to the maximum extent practicable when procuring noncommercial products and services valued at or below the SAT.

(b) Contracting officers may solicit from a single source based on a determination and findings (see subpart 1.5) that only one source is reasonably available (e.g., urgency, exclusive licensing agreements, brand-name or industrial mobilization).

13.102 Small business.

Acquisitions of supplies or services that have an anticipated dollar value above the MPT, but at or below the SAT, must be set aside for small business concerns (see part 19).

13.103 Quality assurance

Generally, inspection and acceptance should be at destination. Inspection at the supplier's location should be specified only if required by 46.404.

-1

This page intentionally left blank.

-2

SUBPART 13.2 - SOLICITATION, EVALUATION, AND AWARD 13.204

Subpart 13.2 - Solicitation, Evaluation, and Award

13.201 Procedures.

Follow the simplified procedures at 12.201-1 for issuing requests for quotations (RFQs). Agencies are encouraged to use additional innovative approaches and may leverage the other flexibilities identified in that section; however, if using blanket purchase agreements (BPAs), the maximum value of each individual purchase under a BPA may not exceed the SAT.

13.202 Evaluation.

Follow the procedures in 12.203 when establishing evaluation factors and a process to evaluate quotations in an efficient and minimally burdensome manner. Notify potential quoters of the basis on which the agency will make the award

decision.

Exercise good business judgment in deciding whether or not to accept a quotation received after the due date or time.

13.203 Award.

(a) Price reasonableness. The contracting officer must determine the price to be fair and reasonable. Whenever possible,

base price reasonableness on competitive quotations.

(b) Documentation. Include in the contract file a written description of the procedures used in awarding the purchase order

and the number of quotations received.

(c) Forms and format. Use the Optional Form (OF) 347, Order for Supplies or Services; the OF 336, Continuation Sheet,

or OF 348, Order for Supplies and Services Schedule?Continuation; or similar agency forms or automated formats to the

maximum extent practicable.

13.204 Contract clauses.

(a) Include clauses prescribed elsewhere in the FAR in purchase orders for noncommercial supplies or services valued at

or below the SAT as required or applicable based on the clause prescriptions.

(b) Contracting officers may use the clause at 52.213-4, Terms and Conditions?Simplified Acquisitions

(Noncommercial), to provide a streamlined set of terms and conditions for inspection/acceptance, excusable delays,

terminations, and warranties. This clause is either used in lieu of similar clauses prescribed for these purposes or tailored to

incorporate only some of the streamlined terms and conditions, as necessary.

(c) Do not use part 12 clauses (i.e., 52.212-1, 52.212-2, or 52.212-4) in noncommercial acquisitions.

13.2-1

This page intentionally left blank.

13.2-2

SUBPART 13.3 - POSTAWARD 13.303

Subpart 13.3 - Postaward

13.301 Notifications.

Comply with the award notice posting requirements in subpart 5.3. Upon request, provide a brief explanation of the award

decision that explains why the unsuccessful quoter was not selected. If an award notice was not required to be posted to the

Government point of entry, also provide the information that would be included in an award notice (see 5.301(c)).

13.302 Cancellations and terminations.

(a) The Government may withdraw, amend, or cancel purchase orders by written notice to the supplier at any time before

acceptance of the order occurs (see 12.201-1(b)).

(b) If the supplier did not accept the purchase order in writing, request that the supplier provide written acceptance of the

cancellation.

(c) If the contractor does not accept the cancellation or claims that costs were incurred as a result of the contractor

beginning performance under the purchase order, follow the procedures in part 49 or 52.213-4 to terminate the purchase order.

13.303 Contract financing and payments.

(a) Unless agency regulations permit otherwise, do not provide financing for purchases valued at or below the SAT.

(b) See part 32 for payment procedures, including the option to use fast payment procedures.

13.3-1

This page intentionally left blank.

13.3-2

SUBPART 13.4 - MICRO-PURCHASES 13.401

Subpart 13.4 - Micro-purchases

13.401 General.

(a) Follow the procedure in 12.4 when making purchases valued at or below the MPT.

(b) While micro-purchases do not require written provision or clauses, the clause at 52.232-39, Unenforceability of Unauthorized Obligations, automatically applies to any micro-purchase, including those made with the Governmentwide commercial purchase card. This clause prevents violations of the Anti-Deficiency Act (31 U.S.C. 1341).

35-2

SUBPART 35.1 - PRESOLICITATION 35.101

35.000 Scope of part.

(a) This part prescribes policies and procedures specifically for research and development (R&D) contracting.

(b) R&D integral to acquisition of major systems is covered in part 34. Independent research and development (IR&D) is

covered in part 31.

35.001 Definitions.

As used in this subpart?

Applied research (1) means the effort that?

(i) Normally follows basic research, but may not be severable from the related basic research;

(ii) Attempts to determine and exploit the potential of scientific discoveries or improvements in technology, materials, processes, methods, devices, or techniques; and

(iii) Attempts to advance the state of the art.

(2) When being used by contractors in cost principle applications, this term does not include efforts whose principal

aim is the design, development, or testing of specific items or services to be considered for sale; these efforts are within the

definition of "development," given below.

Development, means the systematic use of scientific and technical knowledge in the design, development, testing, or evaluation of a potential new product or service (or of an improvement in an existing product or service) to meet specific performance requirements or objectives. It includes the functions of design engineering, prototyping, and engineering testing;

it excludes subcontracted technical effort that is for the sole purpose of developing an additional source for an existing product.

35.002 Policy.

(a) Use of contracts. Contracts must be used only when the principal purpose is the acquisition of supplies or services for

the direct benefit or use of the Federal Government. Grants or cooperative agreements should be used when the principal

purpose of the transaction is to stimulate or support research and development for another public purpose.

(b) Cost sharing. Cost sharing policies (which are not otherwise required by law) under Government contracts must be in

accordance with part 16, part 42 and agency procedures.

Subpart 35.1 - Presolicitation

35.101 Solicitations.

(a) Reviewing too many R&D proposals from unqualified sources wastes time and money for both industry and the Government. Therefore, contracting officers should first send solicitations only to sources with the technical qualifications to

perform the research or development work. Technical personnel should recommend potential sources that appear qualified,

based on?

(1) Present and past performance of similar work;

(2) Professional stature and reputation;

(3) Position or expertise in their field;

(4) Ability to obtain and maintain the necessary professional and technical capability, including facilities, to

perform
the work; and

(5) Other relevant factors.

(b) Proposals must generally be solicited from technically qualified sources, including sources identified through synopses or other means of publicizing requirements. When soliciting all qualified sources is not practical, the contracting officer may select a reasonable number to solicit. To promote competition, the contracting officer must provide the solicitation to other apparently qualified sources.

(c) Solicitations must require offerors to?

(1) Describe their technical and management approach;

(2) Identify any technical uncertainties;

(3) Propose specific solutions to resolve uncertainties; and

(4) Propose any planned subcontracting of scientific or technical work.

(d) Solicitations may require proposals to be organized with technical sections grouped together for efficient review by technical experts (see part 15). Both the solicitation process and proposal evaluation should be designed to reduce costs for both offerors and the Government.

35.1-1

35.102 FEDERAL ACQUISITION REGULATION

(e) R&D solicitations should include evaluation factors to identify the most technically competent offerors (see part 15) such as?

(1) The offeror's understanding of the scope of work;

(2) The quality of the offerors approach proposed to meet the scientific and technical objectives, or the merit of the ideas or concepts presented.

(3) The offeror's access to qualified engineering, scientific, or other technical staff.

(4) The offeror's experience is relevant.

(5) Any innovative ideas the offeror proposes in the specific scientific or technical field.

(6) The offeror's access to the necessary research, testing, laboratory, or shop facilities.

(f) Besides technical evaluation factors, the contracting officer must also consider management capability, as appropriate, including?

(1) Management capabilities, including cost control methods;

(2) Experience and past performance;

(3) Subcontracting practices; and

(4) Any other significant evaluation criteria (e.g., unrealistically low cost estimates in proposals for cost-reimbursement or fixed-price incentive contracts.

(g) Although cost or price is not usually the deciding factor in selecting a contractor to perform R&D, it remains important. The final selection should be the offer that best satisfies the Government's requirement at a fair and

reasonable

cost.

(h) The contracting officer should ensure potential offerors completely understand the details of the work, especially the

Government interpretation of the work statement. For complex requirements, the contracting officer should give potential

offerors a chance to comment on the details of the requirements as contained in the work statement, the contract schedule,

and any related specifications. This may be done at a preproposal conference (see part 15).

(i) When appropriate, solicitations should allow offerors to propose an alternative contract type (see part 16).

(j) When a potential contractor wants to discuss a new idea or product based on their privately-funded independent R&D work, Government personnel should be willing to discuss it. However, the potential contractor must be informed that

these discussions do not create any obligation for the Government. In such situations, direct negotiation with the potential

contractor without competition may be appropriate. Also refer to part 15 regarding unsolicited proposals.

(k) The Government may issue an exploratory request to identify existing ideas or prior work in a specific field of research. Any such request must clearly state that it does not impose any obligation on the Government or signify a firm intention to enter into a contract.

35.102 Broad agency announcement.

(a) General. This paragraph prescribes procedures for the use of the broad agency announcement (BAA) with Peer or

Scientific Review (see part 6) for the acquisition of basic and applied research, as well as that part of development not related

to developing a specific system or hardware procurement. The BAA technique must only be used when meaningful proposals

with varying technical/scientific approaches are reasonably expected.

(b) The BAA and its supporting documentation must?

(1) Describe what research the agency is interested in, either for specific program needs or broad areas covering a range

of agency requirements;

(2) Explain how proposals will be selected, the relative importance of each criteria, and the evaluation methodology;

(3) Specify the proposal due date; and

(4) Contain clear instructions for preparing and submitting proposals.

(c) Contracting officers must publicize the BAA through the Governmentwide point of entry (GPE) and, if authorized in

accordance with part 5, may also be published in scientific, technical, or engineering periodicals, or other electronic platforms

and communities used by the target audience. Publish the notice at least once per year.

(d) Use a peer or scientific review process to evaluate proposals. Written evaluation reports are required for each proposal;

however, proposals are not required to be evaluated against each other since they are responding to broad research areas

rather than a common work statement.

(e) Proposals should be selected based on?

- (1) Technical merit;
- (2) Importance to agency programs; and
- (3) Availability of funds.

35.1-2

SUBPART 35.1 - PRESOLICITATION 35.102

(f) Contracting officers must consider cost realism and reasonableness to the extent appropriate.

(g) Contracting officers do not need to publish a synopsis under part 5 for individual contracts awarded through a BAA.

The notice published pursuant to paragraph (c) of this section fulfills the synopsis requirement.

35.1-3

35.1-4

SUBPART 35.2 - EVALUATION AND AWARD 35.201

Subpart 35.2 - Evaluation and Award

35.201 Evaluation for award.

(a) R&D contracts should be awarded to the organization, including educational institutions, with the best ideas and highest level of expertise, but not such that the capabilities exceed the requirement.

(b) The contracting officer should use the procedures in part 15 to notify and debrief offerors.

(c) Evaluating a contractor's cost or price estimate serves multiple purposes: it determines whether the estimate is reasonable, reveals the offeror's understanding of the project, shows how the offeror perceives risks, and demonstrates the offeror's ability to organize and perform the work. Cost or price analysis is an effective tool for this evaluation as appropriate

(see part 15).

35.2-1

35.2-2

SUBPART 35.3 - POSTAWARD 35.301

Subpart 35.3 - Postaward

35.301 Scientific and technical reports.

(a) R&D contracts must require contractors provide scientific and technical reports, consistent with the project's objectives. These reports serve as a permanent record of work completed under the contract.

(b) Agencies should share R&D contract results with other Government activities and the private sector. Contracting

officers must follow agency regulations regarding national security, protection of data, and policies for sharing new technology. Reports should be sent to <https://www.ntis.gov/contact-us/index.xhtml> or -

National Technical Information Service (NTIS)

5301 Shawnee Road

Alexandria, VA 22312.

35.3-1

35.3-2

35.403

Subpart 35.4 - Federally Funded Research and Development Centers

35.401 Definitions.

As used in this subpart?

Nonsponsor means any other organization, in or outside of the Federal Government, which funds specific work to be performed by the FFRDC and is not a party to the sponsoring agreement.

Primary sponsor means the lead agency responsible for managing, administering, or monitoring overall use of the FFRDC

under a multiple sponsorship agreement.

Sponsor means the executive agency which manages, administers, monitors, funds, and is responsible for the overall use

of an FFRDC. Multiple agency sponsorship is possible as long as one agency agrees to act as the "primary sponsor." In the

event of multiple sponsors, "sponsor" refers to the primary sponsor.

35.402 Policy.

(a) This section explains Federal policy on establishing, using, reviewing, and terminating Federally Funded Research and

Development Centers (FFRDCs) and related sponsoring agreements.

(b) An FFRDC meets special long-term research or development needs that cannot be met as effectively by existing

Government or contractor resources. FFRDCs allow agencies to use private sector resources for work integral to the agency's

mission. To fulfill its responsibilities, an FFRDC has special access to?

- (1) Government and supplier data, including sensitive and proprietary information;
- (2) Government employees; and
- (3) Government facilities, equipment, and real property.

(c) The FFRDC must?

- (1) Conduct business appropriately considering its special relationship with the Government;
- (2) Operate in the public interest with objectivity and independence;
- (3) Be free of organizational conflicts of interest; and
- (4) Fully disclose its affairs to the sponsoring agency.

(d) FFRDCs must not use their privileged access to information or facilities to compete with the private sector. However,

an FFRDC may perform work for agencies other than its sponsor under the Economy Act or other applicable laws when the

work is not otherwise available from the private sector.

(e) FFRDCs are operated, managed, and/or administered by?

- (1) A university or consortium of universities;
- (2) A nonprofit organization; or
- (3) An industrial firm, as an autonomous organization or as an identifiable separate operating unit of a parent

organization.

(f) Long-term relationships between the Government and FFRDCs are encouraged to provide the continuity that attracts

high-quality personnel. This relationship should help the FFRDC stay current in its field(s) of expertise, maintain its

objectivity and independence, understand its sponsor's needs, and provide a quick response capability.

35.403 Sponsoring agreements.

(a) (1) When establishing an FFRDC, the Government and the FFRDC must create a written sponsorship agreement. This

agreement serves three key purposes?

- (i) Establishes a long-term relationship;
- (ii) Defines the FFRDC's mission; and
- (iii) Ensures regular evaluation of the FFRDC.

(2) Regardless of its form, the sponsor must clearly identify it as a sponsoring agreement.

(b) While specific content will vary based on circumstances, all sponsoring agreements or sponsoring agency policies and

procedures must include the following requirements at a minimum?

- (1) A clear statement of the FFRDC's purpose;
- (2) Provisions for orderly termination or nonrenewal, including how to handle assets and liabilities. The agreement

must clearly define ownership of capital assets in the event the relationship ends;

- (3) A method to identify retained earnings (reserves) and a plan for using and disposing of these funds;
- (4) A prohibition preventing the FFRDC from competing with non-FFRDCs for Federal contracts except for FFRDC

operations. This restriction does not apply to the FFRDC's parent organization or other subsidiaries in their non-FFRDC

35.3-1

35.404 FEDERAL ACQUISITION REGULATION

activities. The FFRDC may respond to requests for information, qualifications or capabilities unless restricted by the Sponsor; and

- (5) Clear rules about whether the FFRDC may accept work from organizations other than its sponsor(s). If allowed, the

agreement must outline?

- (i) Procedures to follow for non-sponsor work; and
- (ii) Any limitations on which non-sponsors may provide work (e.g., other Federal agencies, state or local governments, or non-profit organizations.)

(c) The sponsoring agreement or agency policies may also include other provisions as needed, such as?

- (1) Cost elements requiring advance agreement when using cost-type contracts; and
- (2) Factors affecting fee negotiations when the sponsor determines fee is appropriate.

(d) The agreement term must not exceed 5 years, but may be renewed after review in increments of up to 5 years.

35.404 Establishing or changing an FFRDC.

To establish an FFRDC, or change its basic purpose and mission, the sponsor must?

- (a) Verify existing alternative sources cannot effectively meet the special research or development needs;
- (b) Publish at least one notice to the Government Point of Entry 90 days or more before issuing the contract action, indicating the agency's intention, and requesting comments. Notice is not required when the action is required by law;
- (c) Ensure the Government has expertise available to adequately and objectively evaluate the FFRDC's work;
- (d) Notify the Executive Office of the President, Office of Science and Technology Policy, Washington, DC 20506;
- (e) Establish controls to ensure the Government pays reasonable costs for services;
- (f) Define the FFRDC's purpose and mission clearly enough to distinguish work appropriate for the FFRDC vs.

work for

non-FFRDCs;

(g) Maintain reasonable continuity in support levels, consistent with agency needs and the sponsoring agreement;

(h) Ensure the FFRDC?

(1) Is operated, managed, or administered by an autonomous organization or as an identifiably separate operating unit

of a parent organization;

(2) Works in the public interest;

(3) Remains free from organizational conflict of interest; and

(4) Discloses its affairs (as an FFRDC) to the primary sponsor;

(i) Does not allow quantity production or manufacturing unless authorized by legislation; and

(j) Obtain approval from the head of the sponsoring agency.

35.405 Using an FFRDC.

(a) All work placed with the FFRDC must align with its purpose, mission, general scope of effort, or special competency

of the FFRDC.

(b) When permitted by the sponsor, Federal agency may contract directly with the FFRDC, in which case that Federal

agency is responsible for compliance with FAR Part 6. The nonsponsoring agency must-

(1) Provide the documentation regarding competition with domestic private industry required by part 17 to the sponsoring agency; and

(2) Prepare any required Economy Act determinations and findings (D&F) document and provide documentation

required by part 17 to the sponsoring agency.

35.406 Limitation on the creation of new FFRDC?s.

Pursuant to 10 U.S.C. 4126, the Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, the Secretary

of the Air Force, the Secretary of Homeland Security, and the Administrator of the National Aeronautics and Space

Administration may not obligate or expend amounts appropriated to the Department of Defense for purposes of operating an

FFRDC that was not in existence before June 2, 1986, until?

(a) The head of the agency submits a report to Congress describing the center?s purpose, mission, and general scope of the

center?s effort; and

(b) A period of 60 days, beginning on the date such report is received by Congress, has elapsed.

35.3-2

35.409

35.407 Reviewing FFRDC?s.

(a) Before extending an FFRDC contract or agreement, the sponsor must conduct a comprehensive review of its use and

need. Coordinate the review with any co-sponsors. If the sponsor decides to end its sponsorship, it must inform other agencies

that use the FFRDC of its decision and give them an opportunity to assume sponsorship.

(b) The head of the sponsoring agency must approve continuing or terminating sponsorship, based on the results

of the

review described below:

(1) An examination of the sponsor's special technical needs and mission requirements that are performed by the FFRDC

to determine if and at what level they continue to exist.

(2) Consideration of alternative sources to meet the sponsor's needs.

(3) An assessment of the efficiency and effectiveness of the FFRDC in meeting the sponsor's needs, including the

FFRDC's ability to maintain its objectivity, independence, quick response capability, currency in its field(s) of expertise, and

familiarity with the needs of its sponsor.

(4) An assessment of the adequacy of the FFRDC management in ensuring a cost-effective operation.

(5) A determination that the criteria for establishing the FFRDC continue to be satisfied and that the sponsoring agreement is in compliance with the requirements of this subpart.

35.408 Terminating an FFRDC.

When a sponsor no longer needs the FFRDC, the sponsorship may be transferred to one or more Government agencies, if

appropriately justified. If the FFRDC is not transferred to another Government agency, it must be phased out.

35.409 Master list of FFRDCs.

The National Science Foundation (NSF) maintains a master Government list of FFRDCs. Primary sponsors must provide

information on each FFRDC, including sponsoring agreements, mission statements, funding data, and type of R&D being

performed, to the NSF upon its request for such information.

PART 36

part 36 when acquiring construction as a commercial service.

Status: Unknown

part 36 when acquiring construction as a commercial service.

12.204 Award.

- (a) Price reasonableness. The contracting officer must determine the price to be fair and reasonable. Whenever possible,

base price reasonableness on competitive quotations or offers. For offers using the procedures in 12.201-2, see parts 15 and

14 for additional documentation requirements.

- (b) Documentation.

- (1) When using simplified procedures (see 12.201-1), include in the contract file a written description of the procedures

used in awarding the contract and the number of quotations received.

- (2) When using other procedures (see 12.201-2), document the award as required by part 15 or 14, as applicable.

- (c) Forms and format. Agencies may use the following standard and optional forms or a similar agency form or automated

format that conforms with the form to the maximum extent practicable.

12.2-3

12.205 FEDERAL ACQUISITION REGULATION

- (1) Issuing purchase orders. Issue purchase orders or blanket purchase agreement orders on the SF 1449 or the Optional

Form (OF) 347, Order for Supplies or Services, and the OF 336, Continuation Sheet.

- (2) Awarding contracts. Use the SF 1449 or the forms prescribed in part 14, 15, or 36, as applicable, when awarding

contracts using the procedures in those parts. Use the Uniform Contract Format, but complete only those sections that are

necessary.

12.205 Solicitation provisions and contract clauses.

- (a) Required provisions.

(1) Include the provision at 52.212-1, Instructions to Offerors?Commercial Products and Commercial Services, in solicitations for commercial products and commercial services. This provision may be tailored to reflect customary commercial practice, except the paragraph on Debriefings, which is required by statute.

- (2) Include the provision at 52.212-2, Evaluation?Commercial Products and Commercial Services, when using the

procedures in 12.201-2. This provision may also be used when using the simplified procedures at 12.201-1. This provision

should be tailored for the acquisition and must include all evaluation factors and criteria for award.

- (3) Include the following provisions, if applicable based on the provision prescription:

(4) The solicitation provision at 52.204-90 is used in lieu of the solicitation provision at 52.204-7 if the solicitation will

not require offerors to be registered in the System for Award Management (see policy at 4.203-2). When 52.204-90 is used,

also include the individual provisions listed in paragraph (c)(1) of 52.204-7, System for Award Management?Registration,

in the solicitation as applicable based on the provision prescriptions (see 4.208(c)).

(b) Required clauses.

(1) Include the clause at 52.212-4, Terms and Conditions?Commercial Products and Commercial Services, in solicitations and contracts for commercial products and commercial services.

(i) Use the clause with its Alternate I when expecting to award a time-and-materials or labor-hour contract or when expecting that orders will include time-and-material line items.

(ii) This clause may be tailored to reflect customary commercial practice, with the exception of the following paragraphs that implement statute: Assignments, Disputes, Payment, Invoice, Compliance with laws unique to Government contracts, Unauthorized obligations, and Comptroller General examination of records.

(iii) Remove the paragraph on Comptroller General examination of records if the agency head has waived this requirement according to the procedures for waivers of right to examination of records in part 25.

(2) Include the clauses in the following table in solicitations and contracts, if applicable based on the clause prescription:

(c) Discretionary. Include the following provisions and clauses, as needed:

Table 12-4 ? Provisions and clauses to include as needed.

12.2-9

12.205 FEDERAL ACQUISITION REGULATION

Part Provisions and clauses prescribed for use?

16 In certain contract types (see 12.104)

17 When including options

27 When necessary to delineate rights in certain types of data (see 12.106)

36 In construction contracts

45 When the contractor will use Government property in performance of the contract

(d) Waivers and deviations.

(1) Waivers. Agencies may waive or tailor provisions and clauses authorized for use in acquisitions for commercial

products or commercial services if?

(i) The provision or clause does not implement statute or Executive order;

(ii) The contracting officer determines the content to be inconsistent with customary commercial practice; and

- (iii) (A) For individual acquisitions, the head of the contracting activity approves the waiver or tailoring; or
- (B) For a class of acquisitions, the senior procurement executive approves the waiver or tailoring.

(2) Deviations.

(i) Do not include other provisions or clauses in solicitation or contract for commercial products or commercial services, unless the agency issues an individual or class deviation according to part 1.

(ii) A deviation is not required when an agency supplement to the FAR directs that the contracting officer include a provision or clause in acquisitions of commercial products or commercial services.

(3) Notifications. Provide copies of approved class waivers or tailoring or class deviations to the Chair of the Civilian

Agency Acquisition Council (for civilian agencies) or the Director of the Defense Acquisition Regulations System (for defense departments and agencies).

12.2-10

SUBPART 12.3 - POSTAWARD 12.304

Subpart 12.3 - Postaward

12.301 Notifications.

(a) Posting requirements.

(1) Comply with the award notice posting requirements in subpart 5.3.

(2) Make the justifications required by 12.102(b) for acquisitions valued over the SAT publicly available in accordance

with 6.301.

(b) Explanations for unsuccessful quoters. When using the simplified procedures at 12.201-1, upon request, provide a brief explanation of the award decision that explains why the unsuccessful quoter was not selected. If an award notice was not

required to be posted to the GPE, also provide the information that would be included in an award notice (see 5.301(c)).

(c) Notifications and debriefings of unsuccessful offerors. When using the procedures in 12.201-2, follow the procedures

in part 15 or 14 for notification of unsuccessful offerors and debriefings, as appropriate. When providing a debriefing, include

the information listed at 52.212-1(e).

12.302 Subcontracts.

See requirements for subcontracts for commercial products and commercial services in part 44.

12.303 Cancellations.

(a) The Government may withdraw, amend, or cancel purchase orders by written notice to the supplier at any time before acceptance of the order occurs (see 12.201-1(b)).

(b) If the supplier did not accept the purchase order in writing, request that the supplier provide written acceptance of the cancellation.

(c) If the contractor does not accept the cancellation or claims that costs were incurred as a result of the contractor beginning performance under the purchase order, follow the procedures at 12.304 to terminate the purchase order.

12.304 Terminations.

(a) General. Follow the procedures in this section and the termination paragraphs of the clause at 52.212-4, when terminating contracts for commercial products or commercial services. Do not use the procedures in part 49.

(b) Termination for cause.

(1) Before terminating a contract for cause, send a cure notice to the contractor, unless the reason for the termination is late delivery.

(2) When a termination for cause is appropriate, send the contractor a written notification regarding the termination. At a minimum, this notification must include?

- (i) A statement that the contract is terminated for cause;
- (ii) The reasons for the termination;
- (iii) Which remedies the Government intends to seek or give a date by which the Government will inform the contractor of the remedy; and
- (iv) A statement that the notice constitutes a final decision of the contracting officer, and that the contractor has the right to appeal under the Disputes clause.

(3) Follow the procedures in part 42 to report termination information to the Federal Awardee Performance and Integrity Information System.

(c) Termination for the Government's convenience. When terminating for the Government's convenience, the parties should mutually agree upon the requirements of the termination proposal. Balance the Government's need to obtain sufficient documentation to support payment to the contractor against the goal of having a simple and expeditious settlement.

12.3-1

12.3-2

SUBPART 12.4 - MICRO-PURCHASES 12.403

Subpart 12.4 - Micro-purchases

12.401 General.

- (a) Agency heads are encouraged to delegate micro-purchase authority (see part 1).
- (b) Micro-purchases do not require written provisions or clauses. This paragraph takes precedence over any other FAR requirement to the contrary but does not prohibit the use of any clause.
- (c) The security prohibitions and exclusions addressed at subpart 40.2 apply to micro-purchases, unless an exception applies or waiver is granted according to that subpart. However, the provisions and clauses in that subpart are not used for micro-purchases.

(d) Paragraph (s) , Unauthorized Obligations, of the clause at 52.212-4, Terms and Conditions?Commercial Products and Commercial Services, automatically applies to any micro-purchase, including those made with the Governmentwide commercial purchase card. This clause prevents violations of the Anti-Deficiency Act (31 U.S.C. 1341).

12.402 Purchase guidelines.

- (a) To the extent practicable, distribute micro-purchases equitably among qualified suppliers.
- (b) Micro-purchases may be awarded without soliciting competitive quotations if the contracting officer or individual appointed in accordance with 1.403-2(b) considers the price to be reasonable.

(c) The administrative cost of verifying the reasonableness of the price for purchases may more than offset potential

savings from detecting instances of overpricing. Therefore, action to verify price reasonableness need only be taken if there is

?

(1) A lack of understanding of competitive pricing; or

(2) Reason to suspect that a price is not reasonable.

(d) If the contracting officer solicited competitive quotations and made award to a supplier that did not provide the lowest

quote, documentation of the award must include identification of the suppliers solicited and a brief explanation of the award

decision.

12.403 Methods.

(a) Use the following methods as the primary means of making micro-purchases:

(1) The Governmentwide commercial purchase card. The Governmentwide commercial purchase card is authorized

for use in making purchases of supplies, services, or construction. Contracting officers and other individuals designated according to part 1 may use the Governmentwide commercial purchase card. The card may be used only for purchases authorized by law or regulation.

(2) Purchase orders. Purchase orders (including orders against blanket purchase agreements) may be used to make

micro-purchases. See 12.203(d)(1).

(b) The SF 44, Purchase Order-Invoice-Voucher, is a multipurpose pocket-size purchase order form designed primarily

for on-the-spot, over-the-counter purchases of supplies and nonpersonal services while away from the purchasing office or at

isolated activities. Contracting officers may use it in limited circumstances and only when advantageous to the Government if

all of the following conditions are satisfied:

(1) An agency authorizes use of the SF 44.

(2) The amount of the purchase is at or below the micro-purchase threshold or higher dollar thresholds established by

an agency for purchases made under unusual and compelling urgency or in support of contingency operations.

(3) The supplies or services are immediately available, and one delivery and one payment will be made.

(4) Its use is determined to be more economical and efficient than use of the Governmentwide commercial purchase

card.

(c) Imprest funds and third-party drafts may be used to acquire supplies or services if an agency receives authorization

from the Department of Treasury to use these methods and the purchases are made in accordance with Part IV of the Treasury

Financial Manual for Guidance of Departments and Agencies. An imprest fund transaction shall not exceed \$500 or such

other limits as have been approved by the agency head. A third-party draft transaction shall not exceed \$2,500, unless authorized at a higher level in accordance with Treasury restrictions.

SUBPART 36.1 - PRE-SOLICITATION 36.101-1

36.000 Scope of part.

This part prescribes policies and procedures for construction, which includes dismantling, demolition or removal of improvements; and architect-engineer services.

36.001 Definition.

As used in this part?

Firm as it relates to architect-engineer services, means any individual, partnership, corporation, association, or other legal

entity permitted by law to practice the professions of architecture or engineering.

36.002 Policy.

(a) Agencies must require the use of a project labor agreement for Federal construction projects with a total

estimated

construction cost at or above \$35 million, unless an exception applies (see part 22).

(b) Contracting officers conducting market research for Federal construction contracts valued at or above \$35 million,

must ensure that the market research procedures (see part 10) involve a current and proactive examination of the market

conditions in the project area to determine national, regional, and local entity interest in participating on a project that requires a project labor agreement, and to understand the availability of unions, and unionized and non-unionized contractors.

Contracting officers may coordinate with agency labor advisors, as appropriate.

(c) The contracting officer must use one of the following acquisition procedures when contracting for the design and construction of a public building, facility, or work:

(1) Design-bid-build established under 40 U.S.C. chapter 11, Selection of Architects and Engineers.

(2) Two-phase design-build selection procedures authorized by 10 U.S.C. 3241 or 41 U.S.C. 3309.

(3) Another acquisition procedure authorized by law.

(d) Agencies must implement high-performance sustainable building design, construction, renovation, repair, commissioning, operation and maintenance, management, and deconstruction practices to ensure that?

(1) All new construction and modernization projects greater than 25,000 gross square feet are designed, constructed,

and maintained to meet or exceed Government sustainable design and operations principles in accordance with the Council

on Environmental Quality's Guiding Principles for Sustainable Federal Buildings and Associated Instructions (Guiding Principles) (available at https://www.sustainability.gov/pdfs/guiding_principles_for_sustainable_federal_buildings.pdf);

(2) All renovation projects of existing Federal buildings/facilities must use, to the greatest extent possible, Government

sustainable design and operations principles for existing buildings in accordance with the Guiding Principles; and

(3) Rehabilitation of Federally-owned historic buildings utilizes best practices and technologies in retrofitting to promote long-term viability of the buildings.

Subpart 36.1 - Pre-solicitation

36.101 Construction.

36.101-1 Acquisition Strategy.

(a) The contracting officer will only use sealed bid procedures (see part 14) for a construction contract if the conditions in

37-2

SUBPART 37.1 - PERFORMANCE-BASED ACQUISITION 37.102-1

37.000 Scope of part.

This part prescribes policy and procedures specific to the acquisition and management of services by contract. This part

applies to all contracts and orders for services regardless of the contract type or kind of service being acquired.

37.001 Definition.

Service contract, as used in this part, means a contract that directly engages the time and effort of a contractor whose primary purpose is to perform an identifiable task rather than to furnish an end item of supply. A service contract may be

either a nonpersonal or personal contract. It can also cover services performed by either professional or nonprofessional

personnel whether on an individual or organizational basis.

Subpart 37.1 - Performance-Based Acquisition

37.101 Presolicitation.

37.101-1 Policy.

When acquiring services, including acquisition of commercial services using the procedures in part 12, agencies must?

- (a) Use performance-based acquisition methods to the maximum extent practicable, except for?
 - (1) Architect-engineer services acquired in accordance with 40 U.S.C. 1101 et seq. (see part 36);
 - (2) Construction (see part 36);
 - (3) Utility services (see part 41); or
 - (4) Services that are incidental to supply purchases; and
- (b) Use the following order of precedence (Public Law 106-398, section 821(a)):
 - (1) A firm-fixed price performance-based contract or task order.

(2) A performance-based contract or task order that is not firm-fixed price.

(3) A contract or task order that is not performance-based.

37.102 Evaluation and award.

37.102-1 Procedures.

(a) Performance-based contracts must include a performance work statement (PWS).

(1) The PWS may be prepared by the Government or proposed by an offeror in response to a statement of objectives

(SOO)(see 2.101) and included in the contract. While the SOO in a solicitation may be used to guide the development of the

PWS, the SOO does not become part of the contract.

(2) The PWS must describe the outcome required rather than ?how? that outcome is to be achieved or the estimated

level of effort anticipated.

(3) The PWS must, to the maximum extent practicable, include meaningful and measurable performance standards.

Such standards may be established by the Government or proposed by the offeror.

(b) When an offeror proposes performance standards in response to a SOO, agencies must?

(1) Evaluate whether the proposed standards meet agency needs;

(2) Identify methods for assessing contractor performance against the standards; and

(3) Incorporate both the accepted standards and assessment methods into the contract.

37.1-1

This page intentionally left blank.

37.1-2

SUBPART 37.2 - PERSONAL SERVICES 37.202-1

Subpart 37.2 - Personal Services

37.201 Presolicitation.

37.201-1 Policy.

Agencies must not contract for personal services unless specifically authorized by statute (e.g., 5 U.S.C. 3109).

37.201-2 Characteristics of personal services contracts.

(a) A personal services contract exists when the Government supervises or controls contractor employees, or appears to do

so, as if they were Government employees. This type of contract circumvents civil service laws that require the Government

to competitively hire and appoint its own employees.

(b) The Government exercising relatively continuous supervision and control over multiple contractor personnel is frequently a key indicator of a personal services contract. However, judgment is required because service contracts often

involve interaction with contractor employees?such as ordering and reviewing specific work?that do not constitute the type

of supervision or control that would convert a contractor employee into a Government employee.

37.202 Postaward.

37.202-1 Avoiding personal services contracts.

When administering contracts, agencies must avoid making contractor personnel appear to be, in effect, Government employees, unless a statute provides otherwise.

37.2-1

This page intentionally left blank.

37.2-2

SUBPART 37.3 - INHERENTLY GOVERNMENTAL FUNCTIONS 37.302-1

Subpart 37.3 - Inherently Governmental Functions

37.301 Presolicitation.

37.301-1 Policy.

(a) Agencies must not award a contract for the performance of an inherently governmental function (see part 7).

(b) Service contracts require special oversight if the contract work:

(1) Supports an inherently governmental function, including contracts providing recommendations, analyses, reports, or

similar work products that can influence government decision-making; or

(2) May approach becoming inherently governmental because of the nature of the function, the manner in which the

contractor performs the contract, or the manner in which the Government administers contractor performance.

(c) Agencies must carefully develop requirements for such work to ensure contracted functions do not expand into inherently governmental functions.

37.302 Postaward.

37.302-1 Contractor support to inherently governmental functions.

Agencies must actively administer contracts to ensure contract functions do not expand into inherently governmental functions, including?

(a) Assigning sufficient qualified Government employees to actively oversee contractor work and monitor for potential

encroachment on inherently governmental functions, particularly when the work supports Government policy or decision-making.

(b) Requiring contractor personnel to identify themselves as contractors when attending meetings, answering government

phones, or in any situation where their status might be unclear to the public or Congress, unless the agency determines no

confusion or harm would result.

(c) Ensuring contractor-produced documents are clearly marked as contractor products or include appropriate disclosure of

contractor involvement.

37.3-1

This page intentionally left blank.

37.3-2

SUBPART 37.4 - ADVISORY AND ASSISTANCE SERVICES 37.402-4

Subpart 37.4 - Advisory and Assistance Services

37.401 Definition.

Covered personnel , as used in this subpart, means?

(1) An officer or an individual who is appointed in the civil service by one of the following acting in an official capacity:

- (i) The President;
 - (ii) A Member of Congress;
 - (iii) A member of the uniformed services;
 - (iv) An individual who is an employee under 5 U.S.C. 2105;
 - (v) The head of a Government-controlled corporation; or
 - (vi) An adjutant general appointed by the Secretary concerned under 32 U.S.C. 709(c).
- (2) A member of the Armed Services of the United States.
 - (3) A person assigned to a Federal agency who has been transferred to another position in the competitive service in

another agency.

37.402 Presolicitation.

37.402-1 Policy.

When essential to the agency's mission, agencies may contract for advisory and assistance services (A&AS) to obtain?

- (a) Management and professional support services;
- (b) Studies, analyses, and evaluations (see 37.402-3 for limitations on evaluative work); or
- (c) Engineering and technical services.

37.402-2 Prohibitions.

A&AS contracts must not be awarded for purposes of?

- (a) Performing work of a policy-making, decision-making, or managerial nature which is the direct responsibility of agency officials;
- (b) Bypassing or undermining personnel ceilings, pay limitations, or competitive employment procedures;
- (c) Aiding in influencing or enacting legislation; or
- (d) Obtaining professional or technical advice which is readily available within the agency or another Federal agency.

37.402-3 A & AS contracts for the evaluation of proposals.

Agencies must not contract for A & AS to conduct evaluations or analyses of any aspect of a proposal submitted for an initial contract award unless?

- (a) The head of the agency has determined covered personnel with the required training and capabilities to perform the

evaluation or analysis are not readily available in the agency or from another Federal agency (41 U.S.C. 1709).

- (1) The head of the agency may consider the associated administrative burden when assessing the feasibility of using

covered personnel from other agencies. Such considerations may include?

- (i) The time and cost associated with searching for suitable personnel;
- (ii) Potential travel costs;
- (iii) The amount of such costs in relation to the acquisition value; and
- (iv) Potential competing demands for the personnel in meeting the agency's mission.

- (2) The contracting officer must ensure, to the maximum extent practicable, any such determination is made prior to

issuing the solicitation and in accordance with agency procedures. Once the solicitation is released, any determination of

a need for A&AS support in analyzing proposals for the initial contract award must be made prior to granting the A&AS contractor access to any proposal material.

- (b) The contractor is a Federally-Funded Research and Development Center (FFRDC) as authorized in 41 U.S.C.

1709(c)

and the work placed under the FFRDC's contract meets the criteria of part 35; or

(c) Such functions are otherwise authorized by law.

37.402-4 Exclusions.

The following activities and programs are excluded or exempted from the definition of A&AS:

37.4-1

37.403 FEDERAL ACQUISITION REGULATION

(a) Routine information technology services unless they are an integral part of a contract for the acquisition of advisory

and assistance services.

(b) Architectural and engineering services as defined in 40 U.S.C. 1102.

(c) Research on theoretical mathematics and basic research involving medical, biological, physical, social, psychological,

or other phenomena.

37.403 Evaluation and award.

37.403-1 Treatment of former Government employees.

Agencies must ensure A&AS is not contracted for on a preferential basis to former Government employees.

37.403-2 Avoiding A & AS use in evaluation of proposals.

When evaluating proposals for initial contract award, agencies must not use A & AS to support evaluation unless the conditions at 37.402-3 are satisfied.

37.404 Postaward.

37.404-1 Performance monitoring in A & AS contracts.

(a) Agencies must administer A & AS contracts with sufficient oversight to ensure prohibited practices at 37.402-2 are not

performed.

(b) Agencies must not pay for A & AS evaluations or analyses of any aspect of a proposal submitted for an initial contract

award unless the conditions at 37.402-3 are satisfied.

37.4-2

SUBPART 37.5 - CHILD CARE SERVICES 37.502-1

Subpart 37.5 - Child Care Services

37.501 Definition.

Child care services, as used in this subpart, means child protective services (including the investigation of child abuse and

neglect reports), social services, health and mental health care, child (day) care, education (whether or not directly involved

in teaching), foster care, residential care, recreational or rehabilitative programs, and detention, correctional, or treatment

services.

37.502 Presolicitation.

37.502-1 Policy.

Ensure that contracts for nonpersonal child care services include requirements for criminal history background checks on employees who will perform child care services under the contract in accordance with 34 U.S.C. 20351 and agency

procedures.

37.5-1

This page intentionally left blank.

37.5-2

SUBPART 37.6 - NONPERSONAL HEALTH CARE SERVICES 37.603-1

Subpart 37.6 - Nonpersonal Health care services

37.601 Presolicitation.

37.601-1 Policy.

Agencies must ensure nonpersonal health care services contracts with physicians, dentists and other health care providers

include indemnification and medical liability insurance.

37.601-2 Procedures.

To ensure adequate medical liability insurance is obtained, the contracting officer must insert the necessary value(s) in paragraph (a) of contract clause 52.237-7. Agencies determine the value(s) by considering the standard coverage prevailing

within the local community for the specific medical specialty, or a higher amount if necessary to protect the Government's

interests.

37.601-3 Contract clause.

Insert the clause at 52.237-7, Indemnification and Medical Liability Insurance, in solicitations and contracts for nonpersonal health care services.

37.602 Evaluation and award.

37.602-1 Evidence of insurability.

Before making award, the contracting officer must obtain proof that the apparent successful offeror will be able to obtain the required medical liability insurance (e.g., letter of intent from a reputable insurer, underwriting approval letter).

37.603 Postaward.

37.603-1 Evidence of insurance.

After contract award, but before performance begins, the contracting officer must obtain proof that the contractor holds an

active policy for the required medical liability insurance.

37.6-1

This page intentionally left blank.

37.6-2

SUBPART 37.7 - DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS 37.701-4

Subpart 37.7 - Dismantling, Demolition, or Removal of Improvements

37.701 Presolicitation.

37.701-1 Labor standards.

Contracts for dismantling of buildings, ground improvements, and other real property structures and for the removal of such structures or a portion of them (hereafter referred to as dismantling, demolition, or removal of improvements) must comply with one of two labor standards statutes. Service Contract Labor Standards (41 U.S.C. chapter 67) apply when the

contract is solely for dismantling, demolition, or removal. However, if the Government plans any follow-on construction, alteration, or repair work of a public building or public work at the same location?even under a separate contract?then

the

Construction Wage Rate Requirements (40 U.S.C. chapter 31, subchapter IV) apply (see part 22).

37.701-2 Bonds or other security.

The standard bonding requirements (see part 28) in 40 U.S.C. chapter 31, subchapter III do not apply to contracts solely

for dismantling, demolition, or removal of improvements. However, the contracting officer may require the contractor to furnish a performance bond or other security in an amount that the contracting officer considers adequate to?

- (a) Ensure completion of the work;
- (b) Protect property to be retained by the Government;
- (c) Protect property to be provided as compensation to the contractor; and
- (d) Protect the Government against damage to adjoining property.

37.701-3 Payments and title.

Agencies must structure contracts to carefully balance payment terms and title rights to protect the Government's interests.

(a) Contracts for dismantling or demolition may be structured so that either the Government pays the contractor for performing the work, or the contractor pays the Government for the right to salvage and remove the resulting materials.

(b) The contracting officer must evaluate all salvageable property to determine its usefulness to the Government.

When

property is worth more to the Government than its salvage value to the contractor, the contract must specifically designate it

for Government retention. For all other property, which the contractor will own, the contracting officer must determine its fair

market value. This valuation affects both payment structure and any potential termination compensation.

37.701-4 Solicitation provisions and contract clauses.

(a) Insert the clause at 52.237-4, Payment by Government to Contractor, in solicitations and contracts solely for dismantling, demolition, or removal of improvements whenever the contracting officer determines that the Government must

make payment to the contractor in addition to any title to property that the contractor may receive under the contract. If the

contracting officer determines that all material resulting from the dismantling or demolition work is to be retained by the Government, use the basic clause with its Alternate I.

(b) Insert the clause at 52.237-5, Payment by Contractor to Government in solicitations and contracts for dismantling,

demolition, or removal of improvements whenever the contractor is to receive title to dismantled or demolished property and a net amount of compensation is due to the Government, except if the contracting officer determines that it would be

advantageous to the Government for the contractor to pay in increments and the Government to transfer title to the contractor

for increments of property only upon receipt of those payments.

(c) Insert the clause at 52.237-6, Incremental Payment by Contractor to Government, in solicitations and contracts for

dismantling, demolition, or removal of improvements if?

- (1) The contractor is to receive title to dismantled or demolished property and a net amount of compensation is due the

Government; and

(2) The contracting officer determines that it would be advantageous to the Government for the contractor to pay in

increments (e.g., to encourage greater competition or participation of small business concerns), and for the Government to

transfer title to the contractor for increments of property only upon receipt of those payments.

37.7-1

This page intentionally left blank.

37.7-2

SUBPART 37.8 - OTHER SERVICE CONSIDERATIONS 37.802-5

Subpart 37.8 - Other Service Considerations

37.801 Definitions.

As used in this subpart?

Adjusted hourly rate (including uncompensated overtime) is the rate that results from multiplying the hourly rate for a 40-

hour work week by 40, and then dividing by the proposed hours per week which includes uncompensated overtime hours

over and above the standard 40-hour work week. For example, 45 hours proposed on a 40-hour work week basis at \$20 per

hour would be converted to an uncompensated overtime rate of \$17.78 per hour ($\$20.00 \times 40/45 = \17.78).

Uncompensated overtime means the hours worked without additional compensation in excess of an average of 40 hours per week by direct charge employees who are exempt from the Fair Labor Standards Act. Compensated personal

absences such as holidays, vacations, and sick leave must be included in the normal work week for purposes of computing

uncompensated overtime hours.

37.802 Presolicitation

37.802-1 Uncompensated overtime.

Agencies must ensure solicitations do not incentivize the use of uncompensated overtime (10 U.S.C. 4507).

37.802-2 Services of quasi-military armed forces.

Agencies must not contract with organizations that offer quasi-military armed forces for hire, or with their employees, regardless of the contract's character (5 U.S.C. 3108). An organization providing guard or protective services is not considered a quasi-military armed force, even though the guards are armed or the organization provides general investigative or detective services.

37.802-3 Foreign national severance cost limitations.

(a) Part 31 specifies cost allowability limitations for severance payments to foreign nationals under service contracts

outside the United States. However, agencies may waive or except the cost limitations in certain circumstances (see 10 U.S.C.

3744 and 41 U.S.C. 4304).

(b) Waivers.

(1) The head of the agency may waive such severance cost limitations when the contract?

(i) Provides significant support services for members of the armed forces stationed or deployed outside the United

States; or

- (ii) Provides significant support for employees of an executive agency posted outside the United States; and
- (iii) The head of the agency determines the conditions outlined in 52.237-8(b) are present.

(2) Waivers cannot be granted if the severance is a result of the curtailment or termination of basing rights of the United

States military at the request of the host government (see part 31).

(3) Waivers may only be granted prior to contract award.

(c) Applicability. The Secretary of Defense may determine that the cost allowability limitations on severance do not apply

in military banking contracts (10 U.S.C. 3744(a)(13) and (14)).

37.802-4 Use of private sector temporaries.

(a) Agencies may hire temporary help service firms to provide workers for short-term or occasional needs (5 U.S.C. 3109).

These arrangements are not considered personal services contracts. However, agencies cannot use temporary help to avoid

normal Federal hiring processes or replace existing Federal employees.

(b) All temporary help contracts must comply with the requirements in 5 CFR part 300, subpart E, Use of Private Sector

Temporaries, and agency procedures.

(c) Contracting officers should consult with cognizant civilian personnel offices for expertise when exercising this authority.

37.802-5 Solicitation provisions and contract clauses.

(a) Insert the provision at 52.237-1, Site Visit, in solicitations for services to be performed on Government installations,

unless the solicitation is for construction.

37.8-1

37.803 FEDERAL ACQUISITION REGULATION

(b) Insert the clause at 52.237-2, Protection of Government Buildings, Equipment, and Vegetation, in solicitations and

contracts for services to be performed on Government installations, unless a construction contract is contemplated.

(c) Insert the clause at 52.237-3, Continuity of Services, in solicitations and contracts for services, when?

(1) The services under the contract are considered vital to the Government and must be continued without interruption

and when, upon contract expiration, a successor, either the Government or another contractor, may continue them; and

(2) The Government anticipates difficulties during the transition from one contractor to another or to the Government.

Examples of instances where use of the clause may be appropriate are services in remote locations or services requiring

personnel with special security clearances.

(d) Insert the provision at 52.237-8, Restriction on Severance Payments to Foreign Nationals, in solicitations that meet the

criteria in 37.802-3(b).

(e) Insert the clause at 52.237-9, Waiver of Limitation on Severance Payments to Foreign Nationals when the head of an

agency has granted a waiver pursuant to 37.802-3(b).

(f) Insert the provision at 52.237-10, Identification of Uncompensated Overtime, in solicitations valued above the simplified acquisition threshold, for professional or technical services to be acquired on the basis of the level of effort rather

than performance outcome required.

37.803 Evaluation and award.

37.803-1 Evaluating uncompensated overtime.

Agencies must ensure an offeror's use of uncompensated overtime will not degrade the level of technical expertise required to meet Government requirements. When offerors propose uncompensated overtime, contracting officers must assess

potential risks posed, including by?

(a) Using adjusted hourly rates instead of standard hourly rates for all proposed hours;

(b) Reviewing whether unrealistically low labor rates or costs might lead to poor quality or inadequate service; and

(c) Examining whether uncompensated overtime is distributed unevenly across skill levels or concentrated in critical technical positions.

37.803-2 Funding and term of service contracts.

(a) Contracts funded by annual appropriations must not extend beyond the end of the fiscal year of the appropriation

except when authorized (see part 32).

(b) The head of the agency may enter into a contract, exercise an option, or place an order under a contract for severable

services for a period that begins in one fiscal year and ends in the next fiscal year if the period of the contract awarded, option

exercised, or order placed does not exceed one year (10 U.S.C. 3133 and 41 U.S.C. 3902). Funds made available for a fiscal

year may be obligated for the total amount of an action entered into under this authority.

(c) Agencies with statutory multiyear authority should consider the use of this authority to encourage and promote economical business operations when acquiring services.

39-1

This page intentionally left blank.

39-2

SUBPART 39.1 - PRESOLICITATION 39.104-2

39.001 Applicability.

(a) (1) This part applies to acquiring information and communication technology (ICT), and supplies and services that use

ICT.

(2) This part emphasizes strategies that promote faster acquisition and secure deployment of technology that is new or

emerging.

(b) This part does not apply to acquiring information technology for national security systems; as defined in 40 U.S.C.

11103

Subpart 39.1 - Presolicitation

39.101 Management of risk.

(a) Before entering into an information technology contract, agencies should analyze risks, benefits, and costs. Reasonable

risk taking is appropriate as long as risks are controlled and mitigated.

(b) Both contracting and program office officials are responsible for assessing, monitoring and controlling risk throughout

the acquisition process.

39.102 Modular contracting.

(a) Agencies should use modular contracting (i.e., use one or more contracts to acquire information technology systems in successive, interoperable increments) to acquire major systems of information technology, to the maximum extent possible

(see 41 U.S.C. 2308). Agencies may also use modular contracting to acquire non-major systems of information technology.

(b) When acquiring an information technology system (i.e., either a major system or non-major system), it may be divided into several smaller increments (see 41 U.S.C. 2308(c)) that?

- (1) Are easier to manage individually than would be possible in one comprehensive acquisition;
- (2) Address complex information technology objectives incrementally to enhance the likelihood of achieving workable

systems or solutions for attainment of those objectives;

- (3) Provide for delivery, implementation, and testing of workable systems or solutions in discrete increments, each of

which comprises a system or solution that is not dependent on any subsequent increment in order to perform its principal

functions; and

- (4) Provide an opportunity for subsequent increments to take advantage of any evolution in technology or needs that

occur during implementation and use of the earlier increments.

(c) To promote compatibility, each increment should comply with common or commercially acceptable information technology standards when available and appropriate, and be compatible with other (including earlier and later) increments.

(d) When using modular contracting, agencies should, to the maximum extent possible?

- (1) Award a contract for an increment within 180 days after the date on which the solicitation is issued. If an award

cannot be made within 180 days, agencies should consider cancelling the solicitation in accordance with 14.209 or 15.206(e).

- (2) Schedule deliveries under the contract to occur within 18 months after the solicitation was issued.

39.103 Information technology services.

When acquiring information technology services, solicitations should not describe any minimum experience or educational requirements for proposed contractor personnel, unless the contracting officer determines that the needs of the agency?

- (a) Cannot be met without that requirement; or
- (b) Require using other than a performance-based acquisition (see subpart 37.6).

39.104 ICT accessibility standards.**39.104-1 Scope.**

(a) This section implements section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), and the Architectural and Transportation Barriers Compliance Board's (U.S. Access Board) ICT accessibility standards at 36 CFR 1194.1.

- (b) For further information on section 508 visit <http://www.section508.gov>.

39.104-2 Policy.

When acquiring ICT, agencies must ensure that?

39.1-1

39.104-3 FEDERAL ACQUISITION REGULATION

(a) Federal employees with disabilities have access to and use of information and data that is comparable to the access and use by Federal employees who are not individuals with disabilities; and

(b) Members of the public with disabilities seeking information or services from an agency have access to and use of information and data that is comparable to the access to and use of information and data by members of the public who are not individuals with disabilities.

39.104-3 Applicability.

(a) General. Unless an exception at 39.104-4 or an exemption at 39.104-5 applies, acquisitions for ICT supplies and services must meet the applicable ICT accessibility standards at 36 CFR 1194.1.

(b) Commercial products and commercial services. When acquiring commercial products and commercial services, an agency must comply with those ICT accessibility standards that can be met with supplies or services that are available in the commercial marketplace and that best address the agency's needs, but see 39.104-5(a)(3).

(c) Legacy ICT. Any component or portion of existing ICT (i.e., ICT that was procured, maintained, or used on or before January 18, 2018) is not required to comply with the current ICT accessibility standards if it?

(1) Complies with an earlier standard issued according to section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), which is set forth in Appendix D to 36 CFR 1194.1); and

(2) Has not been altered (i.e., a change that affects interoperability, the user interface, or access to information or data) after January 18, 2018.

(d) Alterations of legacy ICT. When altering any component or portion of existing ICT, after January 18, 2018, the component or portion must be modified to conform to the current ICT accessibility standards in 36 CFR 1194.1.

39.104-4 Exceptions.

(a) The requirements in 39.104-2 do not apply to acquisitions for?

(1) National security systems. ICT operated by agencies as part of a national security system, as defined by 40 U.S.C. 11103(a);

(2) Incidental contract items. ICT acquired by a contractor incidental to a contract, i.e., for in-house use by the contractor to perform the contract; or

(3) Maintenance or monitoring spaces. The portions of ICT that are operable parts (i.e., hardware-based user controls for activating, deactivating, or adjusting ICT) or status indicators, and that are located in spaces frequented only by service personnel for maintenance, repair, or occasional monitoring of equipment.

(b) The contracting officer must receive, as a part of the requirements documentation, written confirmation from the requiring activity that an exception, in accordance with paragraph (a)(1), (2), or (3) of this section, applies to the ICT supply or service (see 7.105(b)(5)(iv)). This documentation must be maintained in the contract file.

39.104-5 Exemptions.

(a) Allowable exemptions. An agency may grant an exemption for the following:

(1) Undue burden. When an agency determines the acquisition of ICT conforming with all the applicable ICT accessibility standards would impose an undue burden on the agency, compliance with the ICT accessibility standards is only required to the extent that it would not impose an undue burden. In determining whether conformance to one or more ICT accessibility standards would impose an undue burden, an agency must consider the extent to which conformance would impose significant difficulty or expense considering the agency resources available to the program or component for which the ICT supply or service is being procured.

(2) Fundamental alteration. When an agency determines that acquisition of ICT that conforms with all applicable ICT accessibility standards would result in a fundamental alteration in the nature of the ICT, such acquisition is required to conform only to the extent that conformance will not fundamentally alter the nature of the ICT.

(3) Nonavailability of conforming commercial products and commercial services. Where there are no commercial products and commercial services that fully conform to the ICT accessibility standards, the agency must procure the supplies or service available in the commercial marketplace that best meets the ICT accessibility standards consistent with the agency's needs.

(b) Alternative means of access. An agency must provide individuals with disabilities access to and use of information and data by an alternative means to meet the identified needs when an exemption in paragraphs (a)(1), (2), or (3) of this section applies.

39.1-2

SUBPART 39.1 - PRESOLICITATION 39.104-5

(c) Documentation. When an exemption applies, the contracting officer must obtain, as part of the requirements documentation, a written determination from the requiring activity explaining the basis for the exemption in paragraphs (a)

(1), (2) or (3) of this section. Maintain this documentation in the contract file.

(1) Undue burden. A determination of undue burden must address why and to what extent compliance with applicable ICT accessibility standards constitutes an undue burden.

(2) Fundamental alteration. A determination of fundamental alteration must address the extent to which compliance with the applicable ICT accessibility standards would fundamentally alter the nature of the ICT.

(3) Nonavailability of conforming commercial products and commercial services. A determination of commercial products and commercial services nonavailability must include?

(i) A description of the market research performed;

(ii) A listing of the requirements that cannot be met; and

(iii) The rationale for determining that the ICT to be procured best meets the ICT accessibility standards in 36 CFR

1194.1, consistent with the agency's needs.

39.1-3

39.1-4

SUBPART 39.2 - EVALUATION AND AWARD 39.201

Subpart 39.2 - Evaluation and Award

39.201 ICT accessibility standards for indefinite-quantity contracts.

(a) Confirming an exception (see 39.104-4) or determining an exemption (see 39.104-5) is not required before awarding of

an indefinite-quantity contract, except for requirements that the initial award is to satisfy.

(b) The contract must identify which supplies and services the contractor indicates as compliant and show where to find

full details of compliance (e.g., a contractor may provide a link to a vendor's website identifying supplies or services that are

fully compliant with ICT accessibility standards.

39.2-1

This page intentionally left blank.

39.2-2

SUBPART 39.3 - POSTAWARD 39.301

Subpart 39.3 - Postaward

39.301 ICT accessibility standards for task orders or delivery orders.

When issuing a task order or delivery order under an indefinite-quantity contract, the requiring activity and ordering activity must ensure compliance with the ICT accessibility standards. For a noncompliant ICT item, the requiring activity must document an exception (see 39.104-5) or exemption (see 39.104-5).

40-2

SUBPART 40.1 - PROCESSING SUPPLY CHAIN RISK INFORMATION 40.102

40.000 Scope of part.

(a) This part addresses broad security requirements that apply to acquisitions of products and services. It outlines policies

and procedures for managing information security and supply chain security when acquiring products and services that include, but are not limited to, information and communications technology (ICT).

(b) See parts 24 and 46 for more policies and procedures related to managing information security and supply

chain

security.

(c) Information and supply chain policies and procedures that are unrelated to security are covered in other parts of the

FAR (e.g., part 22 for labor and human trafficking risks).

40.001 Definition.

As used in this part?

Supply chain risk, as defined in 41 U.S.C. 4713(k), means the risk that any person may sabotage, maliciously introduce unwanted functionality, extract data, or otherwise manipulate the design, integrity, manufacturing, production, distribution,

installation, operation, maintenance, disposition, or retirement of covered articles so as to surveil, deny, disrupt, or otherwise

manipulate the function, use, or operation of the covered articles or information stored or transmitted on the covered articles.

Subpart 40.1 - Processing Supply Chain Risk Information

40.101 Definition.

As used in this subpart?

Supply chain risk information includes, but is not limited to, information that describes or identifies:

- (1) Functionality and features of covered articles, including access to data and information system privileges;
- (2) The user environment where a covered article is used or installed;
- (3) The ability of a source to produce and deliver covered articles as expected;
- (4) Foreign control of, or influence over, a source or covered article (e.g., foreign ownership, personal and professional

ties between a source and any foreign entity, legal regime of any foreign country in which a source is headquartered or conducts operations);

(5) Implications to government mission(s) or assets, national security, homeland security, or critical functions associated with use of a covered source or covered article;

(6) Vulnerability of Federal systems, programs, or facilities;

(7) Market alternatives to the covered source;

(8) Potential impact or harm caused by the possible loss, damage, or compromise of a product, material, or service to an

organization's operations or mission; and

(9) Likelihood of a potential impact or harm, or the possible exploitation of a system;

(10) Security, authenticity, and integrity of covered articles and their supply and compilation chains;

(11) Capacity to mitigate risks identified;

(12) Factors that may reflect upon the reliability of other supply chain risk information; and

(13) Any other considerations that would factor into analyzing the security, integrity, resilience, quality,

trustworthiness, or authenticity of covered articles or sources.

40.102 Sharing supply chain risk information.

Executive agencies must share relevant supply chain risk information with the Federal Acquisition Security Council if the

executive agency determines there is a reasonable basis to conclude a substantial supply chain risk associated with a source or

covered article exists (see 41 CFR 201-1.201).

40.1-1

This page intentionally left blank.

40.1-2

SUBPART 40.2 - SECURITY PROHIBITIONS AND EXCLUSIONS 40.201

Subpart 40.2 - Security Prohibitions and Exclusions

40.201 Definitions.

As used in this subpart?

American Security Drone Act-covered foreign entity means an entity included on a list developed and maintained by the Federal Acquisition Security Council (FASC) and published in the System for Award Management (SAM) at <https://www.sam.gov> (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning, selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property, or any other apparatus of business or commerce.

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means?

- (1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;
- (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the

Communications Act of 1934 (47 U.S.C. 153);

- (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the

Controlled Unclassified Information program (see 32 CFR part 2002); or

- (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means?

- (1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);
- (2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company
(or any subsidiary or affiliate of such entities);
- (3) Telecommunications or video surveillance services provided by such entities or using such equipment; or
- (4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the

Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of

a

covered foreign country.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act

(FASCSA) that requires removing covered articles from executive agency information systems or excluding one or more

named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d)

and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national

security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as

a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community

and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of

FASCSA order may be referred to as a DNI FASCSA order.

Federal Acquisition Security Council (FASC) means the Council established under 41 U.S.C. 1322(a).

Information technology, as defined in 40 U.S.C. 11101(6)?

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition,

storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission,

40.2-1

40.201 FEDERAL ACQUISITION REGULATION

or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is

used by a contractor under a contract with the executive agency that requires the use?

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a

computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following?

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

- (5) The National Geospatial-Intelligence Agency;
- (6) The National Reconnaissance Office;
- (7) Other offices within DoD for the collection of specialized national intelligence through reconnaissance programs;
- (8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal

Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

- (9) The Bureau of Intelligence and Research of the Department of State;
- (10) The Office of Intelligence and Analysis of the Department of the Treasury;
- (11) The Office of Intelligence and Analysis of the Department of Homeland Security; or
- (12) Such other elements of any department or agency as may be designated by the President or designated jointly by

the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Kaspersky Lab-covered article means any hardware, software, or service that?

- (1) Is developed or provided by a Kaspersky Lab-covered entity;
- (2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered

entity; or

- (3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered

entity.

Kaspersky Lab-covered entity means?

- (1) Kaspersky Lab;
- (2) Any successor entity to Kaspersky Lab, including any change in name, e.g., ?Kaspersky?;
- (3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or
- (4) Any entity of which Kaspersky Lab has a majority ownership.

Marginalized populations of Sudan means?

- (1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and

Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

- (2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications

system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency?

- (1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to

national security; involves command and control of military forces; involves equipment that is an integral part of a weapon

or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system

that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel

management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under

criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or

foreign policy.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the

Director of National Intelligence.

40.2-2

SUBPART 40.2 - SECURITY PROHIBITIONS AND EXCLUSIONS 40.203-3

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or through another subsidiary of a parent corporation.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the

national airspace system (49 U.S.C. 44801(12)).

40.202 Prohibitions.

Agencies are prohibited from contracting, including renewing or extending contracts, with contractors that operate, provide, and/or use certain products or services that violate any of the following prohibitions (see the clause at 52.240-91 for

details regarding the scope of each prohibition and whether there are any exceptions, exemptions, or waiver possibilities):

(a) TikTok/ByteDance. Covered Application (Section 102 of Division R of the Consolidated Appropriations Act, 2023

(Pub. L. 117-328));

(b) Kaspersky. Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for

Fiscal Year 2018 (Pub. L. 115-91);

(c) Drones. Unmanned Aircraft Systems Manufactured or Assembled by American Security Drone Act?Covered Foreign

Entities (American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024 (Pub. L.

118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.));

(d) Telecommunications and Video Surveillance Equipment. (Paragraphs (a)(1)(A) and (a)(1)(B) of section 889 of the John

S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232));

(e) Governmentwide Exclusion Orders. FASCSA orders (sections 1823 and 1826 of Pub. L. 118-31, 41 U.S.C. 3901 note

prec.);

(f) Office of Foreign Assets Control (OFAC) Restrictions. OFAC Restrictions (International Emergency Economic Powers

Act (IEEPA) (50 U.S.C. 1701 et seq.);

(g) Sudan Prohibition. Accountability and Divestment Act of 2007 (Pub. L. 110-174); and

(h) Iran Prohibitions. Section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701 note) and section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note).

40.203 General Procedures.

40.203-1 Assessment of proposals.

Except where an exemption, exception, or waiver applies, the contracting officer should work with the program office or requiring activity to review proposals if needed to ensure they are not proposing delivery of a product or service in violation

of the prohibitions in FAR 40.202, such as a FASC-prohibited unmanned aircraft system (drone).

40.203-2 Disclosures.

If the offeror submits a disclosure according to FAR 52.240-90, the contracting officer must follow agency procedures to determine if an exception or exemption applies with any prohibition, or if a waiver may be applicable in accordance with

40.203-3.

40.203-3 Waivers.

(a) An acquisition may be either fully or partially covered by a waiver. Partial waiver coverage occurs when only portions

of the products or services being procured or provided by a source are covered by an applicable waiver. If the requiring activity notifies the contracting officer that the acquisition is partially covered by an approved individual waiver or class waiver, then the contracting officer must work with the program office or requiring activity to identify in the solicitation, request for quotation, or order the products or services that are subject to the waiver.

(b) The contracting officer, in accordance with agency procedures, must decide whether to pursue a waiver or to make

award to an offeror that does not require a waiver. If a full or partial waiver is being pursued, then the contracting officer may

not make an award until written approval is obtained that the waiver has been granted.

40.2-3

40.203-4 FEDERAL ACQUISITION REGULATION

40.203-4 Reporting requirements.

If a contractor submits a report according to the clause at 52.240-91, the contracting officer must follow agency procedures to determine if an exception or exemption applies with any prohibition, or if a waiver may be applicable in accordance with 40.203-3.

40.204 Specific Procedures.

40.204-1 Procedures on FASCSA orders.

(a) Identifying applicable FASCSA orders. Whether FASCSA orders apply to a particular acquisition depends on the

contracting office's agency, the scope of the FASCSA order, the funding, and whether the requirement involves certain types

of information systems (see the definition of "FASCSA order" at 40.201). The contracting officer must coordinate with the

program office or requiring activity to identify the FASCSA order(s) that apply to the acquisition as follows:

- (1) Unless the program office or requiring activity instructs the contracting officer otherwise, FASCSA orders apply as

follows:

- (i) Contracts awarded by civilian agencies will be subject to DHS FASCSA orders.

(ii) Contracts awarded by DoD will be subject to DoD FASCSA orders. See paragraph (e)(1) of 52.240-91, Security Prohibitions and Exclusions.

- (2) For acquisitions where the program office or the requiring activity instructs the contracting officer to select specific

types of FASCSA orders, the contracting officer must select ?yes? or ?no? for each applicable type of FASCSA order.

See

paragraph (e)(1) of 52.240-91, Security Prohibitions and Exclusions, with its Alternate I.

- (b) Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts specific procedures.

- (1) Applying FASCSA orders. An agency awarding this type of contract must apply FASCSA orders to the basic

contract award. Ordering activity contracting officers may use this contract vehicle without taking further steps to identify applicable FASCSA orders in the order. The contracting officer awarding the basic contract would select ?yes? for all FASCSA orders (i.e., ?DHS FASCSA Order? ?DoD FASCSA Order? and ?DNI FASCSA Order?) (see paragraph (e)(1) of

52.240-91, Security Prohibitions and Exclusions, with its Alternate I). If the contracting officer becomes aware of a newly

issued applicable FASCSA order, then the agency awarding the basic contract must modify the basic contract to remove any

covered article, or any products or services produced or provided by a source, prohibited by the newly issued FASCSA order.

- (2) Interagency acquisitions. For an interagency acquisition (see subpart 17.5) where the funding agency differs from

the awarding agency, the funding agency must determine the applicable FASCSA orders.

- (c) Updating the solicitation or contract for new FASCSA orders. The contracting officer must update a solicitation or

contract if the program office or requiring activity determines it needs to:

- (1) Amend the solicitation to include FASCSA orders in effect after the date the solicitation was issued but before

contract award; or

- (2) Modify the contract to include FASCSA orders issued after the date of contract award.

(i) Any such modification should take place within a reasonable amount of time, but no later than 6 months from the program office or requiring activity?s determination.

(ii) If the contract is not modified within the time specified in paragraph (c)(2)(i) of this section, then the contract file must be documented giving the reason why the contract could not be modified within this timeframe.

- (d) Agency specific procedures. The contracting officer must follow agency procedures for implementing FASCSA orders

not identified in SAM.

- (e) Waivers.

(1) An executive agency required to comply with a FASCSA order may submit a request that the order or some of its provisions not apply to?

- (i) The agency;
- (ii) Specific actions of the agency or a specific class of acquisitions;
- (iii) Actions of the agency for a period of time before compliance with the order is practicable; or
- (iv) Other activities, as appropriate, that the requesting agency identifies.

(2) A request for waiver must be submitted by the executive agency in writing to the official that issued the order, unless other instructions for submission are provided by the applicable FASCSA order.

(3) The request for waiver must provide the following information for the issuing official to review and evaluate the request, including?

- (i) Identification of the applicable FASCSA order;

40.2-4

SUBPART 40.2 - SECURITY PROHIBITIONS AND EXCLUSIONS 40.204-3

(ii) A description of the exception sought, including, if limited to only a portion of the order, a description of the order provisions from which an exception is sought;

(iii) The name or a description sufficient to identify the covered article or the product or service provided by a source that is subject to the order from which an exception is sought;

(iv) Compelling justification for why an exception should be granted, such as the impact of the order on the agency's ability to fulfill its mission-critical functions, or considerations related to the national interest, including national security reviews, national security investigations, or national security agreements;

(v) Any alternative mitigations to be undertaken to reduce the risks addressed by the FASCSA order; and

(vi) Any other information requested by the issuing official.

40.204-2 Procedures on contracting for certain telecommunications and video surveillance services or equipment.

Identifying covered telecommunications equipment or services.

(a) Prohibitions on purchasing equipment, systems, or services produced or provided by entities identified in paragraphs

(1) and (2) of the definition of "covered telecommunications equipment or services" (including known subsidiaries or

affiliates) at 40.201 will be recorded in SAM (see 9.404).

(b) Prohibitions on purchasing equipment, systems, or services produced or provided by entities identified in paragraph

(4) of the definition of "covered telecommunications equipment or services" (including known subsidiaries or affiliates) at

40.201 are recorded by DoD in SAM (see 9.404).

40.204-3 Procedures on Sudan Prohibition.

(a) Waivers.

(1) The President may waive the certification within the provision at 52.240-90(e) on a case-by-case basis if the President determines and certifies in writing to the appropriate congressional committees that it is in the national interest to

do so.

- (2) An agency seeking waiver of the requirement must submit the request to the Administrator of the Office of Federal

Procurement Policy (OFPP), allowing sufficient time for review and approval. Upon receipt of the waiver request, OFPP must consult with the President's National Security Council and the Department of State to assess foreign policy aspects of making a national interest recommendation

- (3) Agencies may request a waiver on an individual or class basis; however, waivers are not indefinite and can be

cancelled if warranted.

(i) A class waiver may be requested only when the class of supplies is not available from any other source and it is in the national interest.

(ii) Prior to submitting the waiver request, the request must be reviewed and cleared by the agency head.

(iii) All waiver requests must include the following information:

- (A) Agency name and point of contact name, telephone number, and email address;
- (B) Offeror's name, complete mailing address, and point of contact name, telephone number, and email address;
- (C) Description/nature of product or service;
- (D) The total price and length of the contract;
- (E) Justification, with market research demonstrating that no other offeror can provide the product or service

and stating why the product or service must be procured from this offeror, as well as why it is in the national interest for the President to waive the prohibition on contracting with this offeror that conducts restricted business operations in Sudan,

including consideration of foreign policy aspects identified in consultation(s) pursuant to 40.204-3(a)(2);

- (F) Documentation regarding the offeror's past performance and integrity;
- (G) Information regarding the offeror's relationship or connection with other firms that conduct prohibited

business operations in Sudan; and

- (H) Any humanitarian efforts engaged in by the offeror, the human rights impact of doing business with the

offeror for which the waiver is requested, and the extent of the offeror's business operations in Sudan.

- (4) The consultation in 40.204-3(a)(2) and the information in 40.204-3(a)(3)(iii) will be considered in determining

whether to recommend that the President waive the certification within the provision at 52.240-90(e). In accordance with

section 6(c) of the Sudan Accountability and Divestment Act of 2007, OFPP will semiannually submit a report to Congress,

on April 15th and October 15th, on the waivers granted.

(b) Remedies. Upon the determination of a false certification within the provision at 52.240-90(e)?

- (1) The contracting officer may terminate the contract;

40.2-5

40.204-4 FEDERAL ACQUISITION REGULATION

- (2) The suspending and debarring official may suspend the contractor in accordance with the procedures in

part 9; and

(3) The suspending and debarring official may debar the contractor for a period not to exceed 3 years in accordance

with the procedures in part 9.

40.204-4 Procedures on Iran Prohibitions.

(a) Waivers.

(1) An agency seeking a waiver of the representation and certifications in the provision at 52.240-90(f) or the prohibition in the clause at 52.240-91(d)(4), consistent with section 6(b)(5) of the Iran Sanctions Act or 22 U.S.C. 8551(b),

respectively, and the Presidential Memorandum of September 23, 2010 (75 FR 67025), must submit the request to the Office

of Federal Procurement Policy, allowing sufficient time for review and approval.

(2) Agencies may request a waiver on an individual or class basis; however, waivers are not indefinite and can be

cancelled, if warranted.

(i) A class waiver may be requested only when the class of supplies or equipment is not available from any other source and it is in the national interest.

(ii) Prior to submitting the waiver request, the request must be reviewed and cleared by the agency head.

(3) In general, all waiver requests should include the following information:

(i) Agency name and point of contact name, telephone number, and email address.

(ii) Offeror's name, complete mailing address, and point of contact name, telephone number, and email address.

(iii) Description/nature of product or service.

(iv) The total price and length of the contract.

(v) Justification, with market research demonstrating that no other offeror can provide the product or service and stating why the product or service must be procured from this offeror.

(A) If the offeror exports sensitive technology to the government of Iran or any entities or individuals owned or

controlled by, or acting on behalf or at the direction of, the government of Iran, provide rationale why it is in the national interest for the President to waive the prohibition on contracting with this offeror, as required by 22 U.S.C. 8551(b).

(B) If the offeror conducts activities for which sanctions may be imposed under section 5 of the Iran Sanctions

Act or engages in any transaction that exceeds the certification transaction threshold within the provision at 52.240-90(f)(1)

(iii) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property

of which are blocked pursuant to the International Emergency Economic Powers Act, provide rationale why it is essential to

the national security interests of the United States for the President to waive the prohibition on contracting with this offeror,

as required by section 6(b)(5) of the Iran Sanctions Act.

(vi) Documentation regarding the offeror's past performance and integrity.

(vii) Information regarding the offeror's relationship or connection with other firms that?

(A) Export sensitive technology to the government of Iran or any entities or individuals owned or controlled by,

or acting on behalf or at the direction of, the government of Iran;

(B) Conduct activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act;
or

(C) Conduct any transaction that exceeds the certification transaction threshold within the provision at **52.240-90(f)(1)(iii) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and**

interests in property of which are blocked pursuant to the International Emergency Economic Powers Act.

(viii) Describe ?

(A) The sensitive technology and the entity or individual to which it was exported (i.e., the government of Iran or

an entity or individual owned or controlled by, or acting on behalf or at the direction of, the government of Iran);

(B) The activities in which the offeror is engaged for which sanctions may be imposed under section 5 of the Iran

Sanctions Act; or

(C) The transactions that exceed the certification transaction threshold within the provision at 52.240-90(f)(1)

(iii) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of

which are blocked pursuant to the International Emergency Economic Powers Act.

(b) Remedies. Upon the determination of a false certification within the provision at 52.240-90(f)(1)(ii) or at 52.240-90(f)

(1)(iii), the agency must take one or more of the following actions:

(1) The contracting officer terminates the contract in accordance with procedures in part 49, or for commercial products

and commercial services, see part 12.

(2) The suspending and debarring official suspends the contractor in accordance with the procedures in part 9.

40.2-6

SUBPART 40.2 - SECURITY PROHIBITIONS AND EXCLUSIONS 40.205

(3) The suspending and debarring official debars the contractor for a period of at least two years in accordance with the procedures in part 9.

40.205 Solicitation provision and contract clause.

(a) Insert the provision at 52.240-90, Security Prohibitions and Exclusions Representations and Certifications, in all solicitations.

(b) Except as prescribed in paragraph (c), insert the clause at 52.240-91, Security Prohibitions and Exclusions, in all solicitations and contracts.

(c) Insert the clause with its Alternate I in-

(1) Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts; and

(2) Where the program office or the requiring activity instructs the contracting officer to select specific types of FASCSA orders.

40.2-7

This page intentionally left blank.

40.2-8

SUBPART 40.3 - SAFEGUARDING INFORMATION 40.303

Subpart 40.3 - Safeguarding Information

40.300 Scope.

(a) This subpart provides policies and procedures for safeguarding classified information and Federal contract information.

(b) Part 27, Patents, Data, and Copyrights, contains policy and procedures for safeguarding classified information in patent applications and patents.

40.301 Definitions.

As used in this subpart?

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information

provided by the Government to the public (such as that on public Web sites) or simple transactional information, such as that

necessary to process payments.

Information means any communication or representation of knowledge such as facts, data, or opinions in any medium or

form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems

Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance,

use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

40.302 Safeguarding classified information within industry.

40.302-1 National industrial security program.

This section provides policies and procedures to implement the National Industrial Security Program according to Executive Order 12829, January 6, 1993 (58 FR 3479, January 8, 1993), titled "National Industrial Security Program" (NISP). Executive Order 12829 amends Executive Order 10865, February 20, 1960 (25 FR 1583, February 25,

1960), entitled "Safeguarding Classified Information Within Industry," as amended by Executive Order 10909, January 17,

1961 (26 FR 508, January 20, 1961). This program safeguards Federal Government classified information. The following

publications implement the program:

(a) National Industrial Security Program Operating Manual (NISPOM) (32 CFR part 117).

(b) DoD Manual 5220.22, Volume 2, National Industrial Security Program: Industrial Security Procedures for Government

Activities.

40.302-2 Responsibilities of contracting officers.

(a) Review all proposed solicitations to determine whether offerors or contractors may require access to classified information.

- (b) Nondefense agencies that have industrial security services agreements with the Department of Defense (DoD) and

DoD components must use the Contract Security Classification Specification, DD Form 254. The contracting officer or authorized agency representative is the approving official for the DD Form 254 associated with the prime contract and must

ensure the DD Form 254 is properly prepared, distributed by and coordinated with requirements and security personnel, according to agency procedures.

40.302-3 Contract clause.

- (a) Insert the clause at 52.240-92, Security Requirements, in solicitations and contracts when the contract may require

access to classified information.

- (b) If a cost contract for research and development with an educational institution is considered, use the clause with its

Alternate I.

- (c) If a construction or architect-engineer contract where employee identification is required for security reasons is being

considered, use the clause with its Alternate II.

40.303 Basic safeguarding of covered contractor information systems.

40.3-1

40.303-1 FEDERAL ACQUISITION REGULATION

40.303-1 Applicability.

This section applies to all acquisitions, including acquisitions of commercial products or commercial services, other than commercially available off-the-shelf items, when a contractor's information system may contain Federal contract information.

40.303-2 Contract clause.

Insert the clause at 52.240-93, Basic Safeguarding of Covered Contractor Information Systems, in solicitations and contracts when the contractor or a subcontractor at any tier may have Federal contract information residing in or moving through its information system.

40.3-2

part 40).

Status: Unknown

part 40).

- (22) Review and negotiate supplemental agreements in response to contractor work requests under maintenance,

overhaul, modification, and repair contracts.

- (23) Negotiate prices and execute supplemental agreements for spare parts and other items selected through provisioning procedures when prescribed by agency acquisition regulations.

-1

42.302 FEDERAL ACQUISITION REGULATION

- (24) Negotiate and execute settlement of partial and complete contract terminations for convenience, unless

stated

otherwise by part 49.

(25) Negotiate and execute settlements of cancellation charges under multiyear contracts.

(26) Process and execute novation and change of name agreements under subpart 42.9.

(27) Perform property administration (see part 45).

(28) Perform necessary screening, redistribution, and disposal of contractor inventory.

(29) Issue contract modifications requiring the contractor to provide packing, crating, and handling services on excess

Government property.

(30) When contractors request Government property-

(i) Evaluate contractor's requests for Government property and for changes to existing Government property, and provide appropriate recommendations to the contracting officer;

(ii) Ensure required screening of Government property before acquisition by the contractor;

(iii) Evaluate the use of Government property on a non-interference basis in accordance with the clause at 52.245-9,

Use and Charges;

(iv) Ensure contractor payment of any rental due; and

(v) Modify contracts to reflect the addition of Government-furnished property and ensure appropriate consideration.

(31) Perform production support, surveillance, and status reporting, including timely reporting of potential and actual

slippages in contract delivery schedules.

(32) Perform preaward surveys (see part 9).

(33) Advise and assist contractors regarding their priorities and allocations responsibilities and assist contracting offices

in processing requests for special assistance and for priority ratings for privately owned capital equipment (see part 11).

(34) Monitor contractor industrial labor relations matters under the contract; apprise the contracting officer and, if

designated by the agency, the cognizant labor relations advisor, of actual or potential labor disputes; and coordinate the removal of urgently required material from the strikebound contractor's plant upon instruction from, and authorization of, the

contracting officer.

(35) Perform traffic management services, including issuance and control of Government bills of lading and other

transportation documents.

(36) Review the adequacy of the contractor's traffic operations.

(37) Review and evaluate preservation, packaging, and packing.

(38) Ensure contractor compliance with contractual quality assurance requirements (see part 46).

(39) Ensure contractor compliance with contractual safety requirements.

(40) Perform engineering surveillance to assess compliance with contractual terms for schedule, cost, and technical

performance in the areas of design, development, and production.

(41) Evaluate for adequacy and perform surveillance of contractor engineering efforts and management systems that

relate to design, development, production, engineering changes, subcontractors, tests, management of engineering resources,

reliability and maintainability, data control systems, configuration management, and independent research and development.

(42) Review and evaluate for technical adequacy, the contractor's logistics support, maintenance, and modification

programs.

(43) Report to the contracting office any inadequacies noted in specifications.

(44) Perform engineering analyses of contractor cost proposals.

(45) Review and analyze contractor-proposed engineering and design studies and submit comments and recommendations to the contracting office, as required.

(46) Review engineering change proposals for proper classification, and when required, for need, technical adequacy of

design, producibility, and impact on quality, reliability, schedule, and cost; submit comments to the contracting office.

(47) Assist in evaluating and make recommendations for acceptance or rejection of waivers and deviations.

(48) Evaluate and monitor the contractor's procedures for complying with procedures regarding restrictive markings on

data.

(49) Monitor the contractor's value engineering program.

(50) Review, approve or disapprove, and maintain surveillance of the contractor's purchasing system (see part 44).

(51) Consent to the placement of subcontracts (see part 44).

(52) Review, evaluate, and approve plant or division-wide small, small disadvantaged, women-owned, veteran-owned,

HUBZone, and service-disabled veteran-owned small business master subcontracting plans.

-2

42.302

(53) Obtain the contractor's currently approved company- or division-wide plans for small, small disadvantaged,

women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting for its commercial products. If there is no currently approved plan, assist the contracting officer in evaluating the plans for those products.

(54) Assist the contracting officer, upon request, in evaluating an offeror's proposed small, small disadvantaged

women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting plans, including documentation of compliance with similar plans under prior contracts.

(55) By periodic surveillance, ensure the contractor's compliance with small, small disadvantaged, women-owned,

veteran-owned, HUBZone, and service-disabled veteran-owned small business subcontracting plans and any labor surplus

area contractual requirements; maintain documentation of the contractor's performance under and compliance with these

plans and requirements; and provide advice and assistance to the firms involved, as appropriate.

(56) Maintain surveillance of flight operations.

(57) Assign and perform supporting contract administration.

(58) Ensure timely submission of required reports.

(59) Issue administrative changes, correcting errors or omissions in typing, contractor address, facility or activity code,

remittance address, computations which do not require additional contract funds, and other such changes (see part 43).

(60) Administer and release shipments from the contractor's plants according to the shipping instructions.

When

applicable, the order of assigned priority must be followed; shipments within the same priority will be determined by date of

the instruction.

(61) Obtain contractor proposals for any contract price adjustments resulting from amended shipping instructions.

Review all amended shipping instructions on a periodic, consolidated basis to ensure that adjustments are timely.

Except

when the ACO has settlement authority, the ACO will forward the proposal to the contracting officer for contract modification. The ACO will not delay shipments pending completion and formalization of negotiations of revised shipping

instructions.

(62) Negotiate and/or execute supplemental agreements making changes in packaging subcontractors or contract

shipping points.

(63) Cancel unilateral purchase orders when rejected by the contractor. The CAO must notify the contracting officer

when the purchase order is canceled.

(64) Negotiate and execute one-time supplemental agreements providing for the extension of contract delivery schedules up to 90 days on contracts with an assigned Criticality Designator of C (see 42.804). The CAO must provide notification that the contract delivery schedule is being extended to the contracting office. Subsequent extensions on any

individual contract must have concurrence of the contracting office.

(65) Perform administrative closeout procedures (see part 4).

(66) Determine that the contractor has a drug-free workplace program and drug-free awareness program (see part 26).

(67) Support the program, product, and project offices for program reviews, program status, program performance and

actual or anticipated program problems.

(68) Monitor the contractor's environmental practices for adverse impact on contract performance or contract cost, and

for compliance with environmental requirements specified in the contract. ACO responsibilities include-

(i) Requesting environmental technical assistance, if needed;

(ii) Monitoring contractor compliance with specifications or other contractual requirements requiring the delivery, use, or furnishing of sustainable products in accordance with the clause at 52.223-23. This occurs as part of the quality assurance procedures set forth in part 46; and

(iii) As required in the contract, ensuring that the contractor complies with the reporting requirements relating to recovered material content (see 52.223-9) and biobased products (see 52.223-2) utilized in contract performance.

(69) Administer commercial financing provisions and monitor contractor security to ensure its continued adequacy to

cover outstanding payments, when on-site review is required (see part 32).

(70) Deobligate excess funds after final price determination.

(71) Ensure that the contractor has implemented the requirements of 52.203-13, Contractor Code of Business Ethics

and Conduct.

(b) The CAO may perform the following functions only when and to the extent specifically authorized by the contracting

office:

-3

42.302 FEDERAL ACQUISITION REGULATION

(1) Negotiate and execute supplementals agreements incorporating contractor proposals resulting from change orders issued under the Changes clause. Before completing negotiations, coordinate any delivery schedule change with the

contracting office.

(2) Negotiate prices and execute priced exhibits for unpriced orders issued by the contracting officer under basic

ordering agreements.

(3) Negotiate and execute supplementals agreements changing contract delivery schedules.

(4) Negotiate and execute supplemental agreements providing for the deobligation of unexpended dollar balances

considered excess to known contract requirements.

(5) Issue amended shipping instructions and, when necessary, negotiate and execute resultant supplemental agreements

incorporating contractor proposals.

(6) Negotiate changes to interim billing prices.

(7) Negotiate and definitize adjustments to contract prices resulting from exercise of an economic price adjustment

clause (see part 16).

(8) Issue change orders and negotiate and execute resulting supplemental agreements under contracts for ship

construction, conversion, and repair.

(9) Execute supplementals agreements on firm-fixed-price supply contracts to reduce required line item quantities and

deobligate excess funds when notified by the contractor of an inconsequential delivery shortage, but only when the action is

?

(i) Determined to be in the best interests of the Government;

(ii) Supported by a written request of the contractor; and

(iii) A total downward contract price adjustment resulting from an inconsequential delivery shortage. This action must not exceed \$250.00 or 5 percent of the contract price, whichever is less.

(10) Execute supplementals agreements to permit a change in place of inspection at origin specified in firm-fixed-price

supply contracts awarded to nonmanufacturers, as deemed necessary to protect the Government's interests.

(11) Prepare evaluations of contractor performance in accordance with subpart 42.11.

(c) Any additional contract administration functions not listed in 42.302(a) and (b), or not otherwise delegated, remain the

responsibility of the contracting office unless in accordance with 42.202 Assignment of contract administration(c).

-4

42.403

Subpart 42.4 - Corporate Administrative Contracting Officer

42.401 General.

Contractors with more than one operational location (e.g., division, plant, or subsidiary) often have corporate-wide policies, procedures, and activities requiring Government review and approval and affecting the work of more than one administrative contracting officer (ACO). In these circumstances, the CFA may assign a corporate administrative contracting

officer (CACO) to deal with corporate management and to perform selected contract administration functions on a corporate-

wide basis.

42.402 Assignment and location.

(a) A CACO may be assigned only when the?

(1) Contractor has at least two locations with resident ACOs; or

(2) Agency head or designee approves the assignment. For this purpose ((a)(2) of this paragraph), a nonresident ACO is

considered as resident if at least 75 percent of the ACO's effort is devoted to a single contractor. The agency head or designee

may also designate a resident ACO to perform the CACO functions.

(b) Agencies must base decisions to initiate or discontinue a CACO assignment on such factors as the-

(1) Benefits of coordination and liaison at the corporate level;

(2) Volume of Government sales;

(3) Degree of control exercised by the contractor's corporate office over Government-oriented lower-tier operating

elements; and

(4) Impact of corporate policies and procedures on those elements.

(c) The CASD referenced in 42.203 includes a listing of CACOs and the contractors to whom they are assigned responsibility.

42.403 Responsibilities.

(a) The CACO will perform, on a corporate-wide basis, the contract administration functions as designated by the responsible agency. Typical CACO functions include-

(1) The determination of final indirect cost rates for cost-reimbursement contracts;

(2) Establishment of advance agreements or recommendations on corporate/home office expense allocations; and

(3) Administration of CAS applicable to corporate-level and corporate-directed accounting practices.

(b) The CACO must-

(1) Fully utilize the responsible contract audit agency financial and advisory accounting services, including-

(i) Advice regarding the acceptability of corporate-wide policies; and

(ii) Advisory audit reports;

(2) Keep cognizant ACOs and auditors informed of important matters under consideration and determinations made;

and

(3) Solicit advice and participation from cognizant ACOs and auditors as appropriate.

42.503-2

Subpart 42.5 - Indirect Cost Rates

42.500 Scope of subpart.

This subpart prescribes policies and procedures for establishing-

- (a) Billing rates; and
- (b) Final indirect cost rates.

42.501 Definition.

Billing rate, as used in this subpart, means an indirect cost rate-

- (1) Established temporarily for interim reimbursement of incurred indirect costs; and
- (2) Adjusted as necessary until final indirect cost rates are established.

42.502 Purpose.

- (a) Establishing final indirect cost rates under this subpart provides-

- (1) Uniformity of approach with a contractor when more than one contract or agency is involved;
- (2) Economy of administration; and
- (3) Timely settlement under cost-reimbursement contracts.

- (b) Establishing billing rates provides a method for interim reimbursement of indirect costs at estimated rates subject to

adjustment during contract performance and at the time the final indirect cost rates are established.

42.503 General.

42.503-1 Policy.

- (a) A single agency (see 42.505-1) is responsible for establishing final indirect cost rates for each business unit. These

rates are binding on all agencies and their contracting offices, unless specifically prohibited by statute. Agencies cannot audit

indirect cost rates when the audit objectives can reasonably be met by accepting the results of an audit by another department

or agency of the Federal Government (10 U.S.C. 3841(e) and 41 U.S.C. 4706(e)).

- (b) Contracting officers must use billing rates and final indirect cost rates to reimburse indirect costs under cost-reimbursement contracts and make progress payments under fixed-price contracts.

- (c) To ensure compliance with 10 U.S.C. 3743(a) and 41 U.S.C. 4303(a) use final indirect cost rates for -

- (1) Contract closeout for a business unit, unless the quick-closeout procedure in 42.507 is used. These final rates are

binding for all cost-reimbursement contracts at the business unit, subject to any specific limitation in a contract or advance

agreement; and

- (2) Negotiating the final price of fixed-price incentive and fixed-price redeterminable contracts and in other situations

requiring that indirect costs be settled before contract prices are established, unless the quick-closeout procedure in 42.507 is used.

42.503-2 Certificate of indirect costs.

(a) General. In accordance with 10 U.S.C. 3747 and 41 U.S.C. 4307, the Government must not accept a proposal or agree

to establish final indirect cost rates unless the contractor certifies the costs are allowable.

(b) Waiver of certification.

(1) The agency head, or designee, may waive the certification requirement when-

(i) It is determined to be in the interest of the United States; and

(ii) The reasons for the determination are put in writing and made available to the public.

(2) A waiver may be appropriate for a contract with-

(i) A foreign government or international organization, such as a subsidiary body of the North Atlantic Treaty Organization;

(ii) A State or local government subject to the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendices

V and VII;

(iii) An educational institution (defined as an institution of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) subject to the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III; and

-1

42.504 FEDERAL ACQUISITION REGULATION

(iv) A nonprofit organization (as defined in the OMB Uniform Guidance at 2 CFR part 200) subject to the OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix IV.

(c) Failure to certify.

(1) If the contractor has not certified its proposal for final indirect cost rates and a waiver is not appropriate, the contracting officer may unilaterally establish the rates.

(2) Unilateral rates should be-

(i) Based on audited historical data or other available data if unallowable costs are excluded; and

(ii) Set low enough to ensure that unallowable costs are not reimbursed.

(d) False certification. Consult with legal counsel to determine appropriate action when a contractor's certificate of final

indirect costs is thought to be false.

(e) Penalties for unallowable costs. 10 U.S.C. 3743 and 41 U.S.C. 4303 prescribe penalties for submission of unallowable

costs in final indirect cost rate proposals (see 42.508 for penalties and contracting officer responsibilities).

(f) Contract clause.

(1) Except as provided in paragraph (f)(2) of this section, use the clause at 52.242-4, Certification of Final Indirect

Costs, in all solicitations and contracts which provide for establishment of final indirect cost rates.

(2) The Department of Energy may provide an alternate clause in its agency supplement for its Management and

Operating contracts.

42.504 Billing rates.

(a) The contracting officer (or cognizant Federal agency official) or auditor responsible under 42.505 for establishing the

final indirect cost rates must also determine the billing rates.

(b) The contracting officer (or cognizant Federal agency official) or auditor must establish billing rates on the basis

of

information resulting from recent review, previous rate audits or experience, or similar reliable data or experience of other

contracting activities. When establishing billing rates, ensure that the billing rates are as close as possible to the final indirect

cost rates anticipated for the contractor's fiscal period, as adjusted for any unallowable costs. When the contracting officer

(or cognizant Federal agency official) or auditor determines that the dollar value of contracts requiring use of billing rates

does not warrant submission of a detailed billing rate proposal, the billing rates may be established by making appropriate

adjustments from the prior year's indirect cost experience to eliminate unallowable and nonrecurring costs and to reflect new

or changed conditions.

(c) Once established, billing rates may be prospectively or retroactively revised by mutual agreement of the contracting

officer (or cognizant Federal agency official) or auditor and the contractor at either party's request, to prevent substantial

overpayment or underpayment. When agreement cannot be reached, the contracting officer (or cognizant Federal agency

official) may unilaterally determine the billing rates.

(d) Do not construe the elements of indirect cost and the base or bases used in computing billing rates as determinative of

the indirect costs to be distributed or of the bases of distribution to be used in the final settlement.

(e) When the contractor provides to the cognizant contracting officer the certified final indirect cost rate proposal in accordance with 42.505-1(b) or 42.505-2(b), the contractor and the Government may mutually agree to revise billing rates to

reflect the proposed indirect cost rates, as approved by the Government to reflect historically disallowed amounts from prior

years' audits, until the proposal has been audited and settled. The cognizant contracting officer (see 42.505-1(b)) or auditor

(see 42.505-2(b)) will determine the historical decrement.

42.505 Final indirect cost rates.

(a) Establish final indirect cost rates based on-

- (1) Contracting officer determination procedure (see 42.505-1), or
- (2) Auditor determination procedure (see 42.505-2).

(b) Within 120 days (or longer period, if approved in writing by the contracting officer,) after, settlement of the final annual indirect cost rates for all years of a physically complete contract, the contractor must submit a completion invoice

or voucher reflecting the settled amounts and rates. To determine whether a period longer than 120 days is appropriate, the

contracting officer should consider whether there are extenuating circumstances, such as the following:

- (1) Pending closeout of subcontracts awaiting Government audit.
- (2) Pending contractor, subcontractor, or Government claims.
- (3) Delays in the disposition of Government property.

(4) Delays in contract reconciliation.

-2

42.505-1

(5) Any other pertinent factors.

(c)

(1) If the contractor does not submit a completion invoice or voucher within the time specified in paragraph (b) of this

section, the contracting officer may-

(i) Determine the amounts due to the contractor under the contract; and

(ii) Record this determination in a unilateral modification to the contract.

(2) This contracting officer determination must be issued as a final decision in accordance with part 33.

42.505-1 Contracting officer determination procedure.

(a) Applicability and responsibility. Contracting officer determination will be used for the following, with the indicated cognizant contracting officer (or cognizant Federal agency official) responsible for establishing the final indirect cost rates:

(1) Business units of a multidivisional corporation under the cognizance of a corporate administrative contracting

officer (CACO) (see subpart 42.4), with that officer responsible for the determination, assisted, as required, by the administrative contracting officers assigned to the individual business units. Negotiations may be conducted on a coordinated

or centralized basis, depending upon the degree of centralization within the contractor's organization.

(2) Business units not under the cognizance of a CACO but having a resident ACO (see subpart 42.4), with that officer

responsible for the determination. For this purpose, a nonresident ACO is considered as resident if they spend at least 75

percent of their time devoted to a single contractor.

(3) For business units not included in paragraph (a)(1) or (a)(2) of this subsection, the contracting officer (or cognizant

Federal agency official) will determine whether the rates will be contracting officer or auditor determined.

(4) Educational institutions (see 42.505-3).

(5) State and local governments (see 42.505-4).

(6) Nonprofit organizations other than educational and state and local governments (see 42.505-5).

(b) Procedures.

(1) Contractor proposal. In accordance with the Allowable Cost and Payment clause at 52.216-7, the contractor must

submit an adequate final indirect cost rate proposal to the cognizant contracting officer (or cognizant Federal agency official)

and to the cognizant auditor.

(i) The required content of the proposal and supporting data will vary depending on such factors as business type, size, and accounting system capabilities. The contractor, contracting officer, and auditor must work together to make the

proposal, audit, and negotiation process as efficient as possible.

(ii) Each contractor must submit the final indirect cost rate proposal within the six-month period following the expiration of each of its fiscal years. The contracting officer may grant, in writing, reasonable extensions, for exceptional

circumstances only, when requested in writing by the contractor.

(iii) Upon receipt of the proposal?

(A) The cognizant auditor will review the adequacy of the contractor's proposal for audit in support of negotiating

final indirect cost rates and a written description of any inadequacies to the contractor and contracting officer.

(B) If the auditor and contractor are unable to resolve the proposal's inadequacies identified by the auditor, the

auditor will elevate the issue to the contracting office to resolve the inadequacies.

(iv) The proposal must be supported with adequate supporting data. Additional supporting data may be required after finding that the proposal is adequate in support of negotiating final indirect cost rates. See the clause at 52.216-7(d)(2)

for the description of an adequate final indirect cost rate proposal and supporting data.

(2) Audit. Once a proposal has been determined to be adequate for audit in support of negotiating final indirect cost

rates, the auditor will audit the proposal and prepare an advisory audit report to the contracting officer (or cognizant Federal

agency official), including a listing of any relevant advance agreements or restrictive terms of specific contracts.

(3) Negotiation team. The contracting officer (or cognizant Federal agency official) heads the Government negotiating

team. The team develops a negotiation position. The team includes:

(i) The cognizant auditor;

(ii) Technical or functional personnel as required.;

(iii) Contracting offices with significant dollar interest must be invited to participate in the negotiation and in the preliminary discussion of critical issues.;

(iv) Parties that have provided a significant input to the Government position should be invited to attend.

(4) Negotiation position. The team develops a negotiation position. Pursuant to 10 U.S.C. 3745 and 41 U.S.C.4305, the

contracting officer will -

-3

42.505-2 FEDERAL ACQUISITION REGULATION

(i) Not resolve any questioned costs until obtaining-

(A) Adequate documentation on the costs; and

(B) The contract auditor's opinion on the allowability of the costs.

(ii) Whenever possible, invite the contract auditor to serve as an advisor at any negotiation or meeting with the contractor on the determination of the contractor's final indirect cost rates.

(5) The cognizant contracting officer must-

(i) Conduct negotiations;

(ii) Prepare a written indirect cost rate agreement conforming to the requirements of the contracts;

(iii) Prepare, sign, and place in the contractor general file a negotiation memorandum covering?

(A) The disposition of significant matters in the advisory audit report,

(B) Reconciliation of all costs questioned, with identification of items and amounts allowed or disallowed in the

final settlement as well as the disposition of period costing or allocability issues,

(C) Reasons why any recommendations of the auditor or other Government advisors were not followed, and

(D) Identification of certified cost or pricing data submitted during the negotiations and relied upon in reaching a settlement; and

(iv) The contracting officer must promptly distribute executed copies of the indirect cost rate agreement to the contractor and to each affected contracting agency and include copies of the agreement in the contract file. The contracting officer must include a copy of the negotiation memorandum described in 42.501(b)(5)(iii) in the contract file and furnish, as appropriate, to the affected contracting offices and Government auditor.

(v) Notify the contractor of the individual costs which were considered unallowable and the respective amounts of the disallowance.

42.505-2 Auditor determination procedure.

(a) Applicability and responsibility.

(1) The cognizant Government auditor must establish final indirect cost rates for business units not covered in 42.505-1(a).

(2) Auditor determination may also be used for business units that are covered in 42.505-1(a) when the contracting officer (or cognizant Federal agency official) and auditor agree that the indirect costs can be settled with little difficulty and any of the following circumstances apply:

(i) The business unit primarily has fixed-price contracts, with only minor involvement in cost-reimbursement contracts.

(ii) The administrative cost of contracting officer determination would exceed the expected benefits.

(iii) The business unit does not have a history of disputes and there are few cost problems.

(iv) The contracting officer (or cognizant Federal agency official) and auditor agree that special circumstances require auditor determination.

(b) Procedures.

(1) The contractor must submit to the cognizant contracting officer (or cognizant Federal agency official) and auditor a final indirect cost rate proposal in accordance with 42.505-1(b)(1).

(2) Once a proposal has been determined to be adequate for audit in support of negotiating final indirect cost rates, the auditor will-

(i) Audit the proposal and prepare an advisory audit report, including a listing of any relevant advance agreements or restrictive terms of specific contracts. Copies of the audit report must be furnished to the affected contracting offices;

(ii) Seek agreement on indirect costs with the contractor;

(iii) Prepare an indirect cost rate agreement conforming to the requirements of the contracts. The agreement must be signed by the contractor and the auditor. A copy of the agreement must be distributed to the contractor and to each affected contracting agency;

(iv) If agreement with the contractor is not reached, forward the audit report to the contracting officer (or cognizant Federal agency official) identified in the Directory of Contract Administration Services Components (see 42.203), who

will

then resolve the disagreement; and

- (v) Promptly distribute resultant documents.

42.505-3 Educational institutions.

- (a) General.

-4

42.505-4

- (1) Postdetermined final indirect cost rates must be used to settle indirect costs for all cost-reimbursement contracts

with educational institutions, unless predetermined final indirect cost rates are authorized and used (see paragraph (b) of this subsection).

- (2) The OMB Uniform Guidance at 2 CFR part 200, appendix III assigns each educational institution (defined as an

institution of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) to a single

Government agency for the negotiation of indirect cost rates; all Federal agencies accept those rates. Cognizant Government

agencies and educational institutions are listed in the CASD (see 42.202).

- (3) The cognizant agency for indirect costs establishes billing rates and final indirect cost rates at the educational

institutions, using the procedures at 42.505-1 (b).

- (4) If the cognizant agency is unable to reach agreement with an institution, the cognizant agency will resolve disputes

in accordance with agency procedures and the OMB Uniform Guidance.

- (b) Predetermined final indirect cost rates.

(1) Agencies may use predetermined rates for cost-reimbursement research and development contracts with universities, colleges, or other educational institutions (41 U.S.C. 4708). If established, they extend to all the institution?s

Government contracts.

- (2) In deciding whether the use of predetermined rates are appropriate, consider the stability of indirect costs and bases

over a period of years and anticipated changes.

- (3) Unless approved at a level in the cognizant agency higher than the contracting officer, do not use predetermined

rates when-

- (i) There has been no recent audit of the indirect costs;
- (ii) There have been frequent or wide fluctuations in the indirect cost rates and the bases over a period of years; or
- (iii) The estimated reimbursable costs for any individual contract are expected to exceed \$1 million annually.

- (4) If no predetermined rates exist for the institution?s current fiscal year-

- (i) The institution must provide the agency a proposal for predetermined rates.

(ii) If the proposal is found to be generally acceptable, the agency must negotiate the predetermined rates with the institution. The rates should be based on an audit of the institution?s costs for the year immediately preceding year that the

rates are being negotiated. If this is not possible, or, if not available, earlier audits, if determined appropriate by the cognizant

agency may be used, but appropriate steps should be taken to identify and evaluate significant variations in costs incurred or

in bases used that may have a bearing on the reasonableness of the proposed rates. However, in the case of smaller contracts

(i.e., contracts that do not exceed the simplified acquisition threshold), an audit made at an earlier date is acceptable if-

(A) There have been no significant changes in the contractor's organization; and

(B) It is reasonably apparent that another audit would have little effect on the rates finally agreed upon and the

potential for overpayment of indirect cost is relatively insignificant.

(5) If predetermined rates are used-

(i) The contracting officer must include the negotiated rates and bases in the contract Schedule; and

(ii) See part 16, which prescribes the clause at 52.216-15, Predetermined Indirect Cost Rates.

(6) Predetermined indirect cost rates are applicable for a period of not more than four years. The agency must obtain

new rate proposals sufficiently in advance so that the new rates, based on current data, may be promptly negotiated near

the beginning of the next fiscal year or other period agreed to by the parties (see paragraphs (b) and (d) of the clause at **52.216-15, Predetermined Indirect Cost Rates**).

(7) Use billing rates for periods not covered by predetermined rates.

(8) The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III, provides additional guidance on how

long predetermined rates may be used.

42.505-4 State and local governments.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix V, concerning cost principles for state and local

governments (see part 31) establishes the procedures for determining the cognizant agency for State and local government

indirect costs associated with federally-funded programs and activities. Rates approved by the cognizant agency for indirect

costs must be used by all Federal agencies that also award contracts to these same State and local governments.

-5

42.505-5 FEDERAL ACQUISITION REGULATION

42.505-5 Nonprofit organizations other than educational institutions and state and local governments.

The OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix V, establishes the procedures for determining the cognizant agency for State and local government indirect costs associated with federally-funded programs and activities.

Rates approved by the cognizant agency must be used by all Federal agencies.

42.506 Cost-sharing rates and limitations on indirect cost rates.

(a) Rate ceilings in cost sharing. Cost-sharing arrangements, when authorized, may call for the contractor to participate

in the costs of the contract by accepting indirect cost rates lower than the anticipated actual rates. In such cases, a

negotiated

indirect cost rate ceiling may be incorporated into the contract for prospective application.

(b) Other rate ceilings. Other situations may warrant the use of final indirect cost rate ceilings, such as when the contractor-

(1) Is a new or recently reorganized company with no indirect cost history;

(2) Has rapidly increasing indirect cost rates due to declining sales without a commensurate decline in indirect expenses; or

(3) Seeks a competitive advantage by basing its proposal on unrealistically low indirect cost rates, likely to result in a

cost overrun.

(c) When ceiling provisions are utilized, the contract must also provide that-

(1) The Government is not obligated to pay any additional amount should the final rates exceed the negotiated ceiling

rates, and

(2) If final rates are less than the ceiling rates, the rates will be reduced to conform with the lower rates.

42.507 Quick-closeout procedure.

(a) The contracting officer responsible for contract closeout may negotiate the settlement of direct and indirect costs for a

specific contract, task order, or delivery order prior to the determination of final indirect cost rates, as set forth 42.505, if-

(1) The contract, task order, or delivery order is physically complete;

(2) The amount of unsettled direct costs and indirect costs to be allocated to the contract, task order, or delivery order

is relatively insignificant. Cost amounts will be considered relatively insignificant when the (total unsettled direct costs and

indirect costs to be allocated to any one contract, task order, or delivery order does not exceed the lesser of \$1,000,000 or 10

percent of the total contract amount).

(3) The contracting officer performs a risk assessment and determines quick-closeout procedures are appropriate. The

risk assessment must include-

(i) Consideration of the contractor's accounting, estimating, and purchasing systems;

(ii) Other concerns of the cognizant contract auditors; and

(iii) Any other pertinent information, such as, documented history of Federal Government approved indirect cost rate agreements, changes to contractor's rate structure, volatility of rate fluctuations during affected periods, mergers or

acquisitions, special contract provisions limiting contractor's recovery of otherwise allowable indirect costs under cost reimbursement or time-and-materials contracts; and

(4) Agreement can be reached on a reasonable estimate of allocable dollars.

(b) A determination of final indirect costs under the quick-closeout procedure provided for by the Allowable Cost and

Payment clause at 52.216-7 is final for the contract it covers and no adjustment will be made to other contracts for over- or

under-recoveries of costs allocated or allocable to the contract covered by the agreement.

(c) Indirect cost rates used in the quick closeout of a contract will not be considered a binding precedent when establishing

the final indirect cost rates for other contracts.

42.508 Penalties for Unallowable Costs.

42.508-1 Scope.

(a) This section implements 10 U.S.C. 3743 and 41 U.S.C. 4303. It covers the assessment of penalties against contractors

which include unallowable indirect costs in-

(1) Final indirect cost rate proposals; or

(2) The final statement of costs incurred or estimated to be incurred under a fixed-price incentive contract.

(b) This section applies to all contracts in excess of \$1 million, except fixed-price contracts without cost incentives or any

firm-fixed-price contracts for the purchase of commercial products or commercial services.

-6

42.508-6

42.508-2 General.

(a) The following penalties apply to contracts covered by this section:

(1) If the indirect cost is expressly unallowable under a cost principle in the FAR, or an executive agency supplement to

the FAR, that defines the allowability of specific selected costs, the penalty is equal to-

(i) The amount of the disallowed costs allocated to contracts that are subject to this section for which an indirect cost

proposal has been submitted; plus

(ii) Interest on the paid portion, if any, of the disallowance.

(2) If the indirect cost was determined to be unallowable for that contractor before proposal submission, the penalty is

two times the amount in paragraph (a)(1)(i) of this section.

(b) These penalties are in addition to other administrative, civil, and criminal penalties provided by law.

(c) Penalties may be assessed even if the unallowable costs were not paid to the contractor.

42.508-3 Responsibilities.

(a) The cognizant contracting officer is responsible for determining whether the penalties in 42.508-2(a) should be assessed and determining if such penalties should be waived pursuant to 42.508-6.

(b) The contract auditor is responsible for reviews and/or making determinations of final indirect cost proposals for contracts subject to this section, identifying costs that may be subject to penalty, and providing rationale and supporting documentation for any recommendations

(c) Both contracting officers and contract auditors have a duty to refer matters to the appropriate criminal investigative

organization for review and coordination of remedies if there is evidence that the contractor knowingly submitted unallowable costs.

42.508-4 Assessing the penalty.

Unless a waiver is granted pursuant to 42.508-6, the cognizant contracting officer must-

(a) Assess the penalty in 42.508-2(a)(1), when the submitted cost is expressly unallowable under a cost principle in the

FAR or an executive agency supplement that defines the allowability of specific selected costs; or

(b) Assess the penalty in 42.508-2(a)(2), when the submitted cost was determined to be unallowable for that contractor

prior to submission of the proposal. Prior determinations of unallowability may be evidenced by-

- (1) A DCAA Form 1, Notice of Contract Costs Suspended and/or Disapproved (see 48 CFR 242.705-2), or any similar

notice which the contractor elected not to appeal and was not withdrawn by the cognizant Government agency;

- (2) A contracting officer final decision which was not appealed;

- (3) A prior executive agency Board of Contract Appeals or court decision involving the contractor, which upheld the

cost disallowance; or

- (4) A determination or agreement of unallowability under part 31.

- (c) The contracting officer must issue a final decision (see part 33) which includes a demand for payment any penalty

assessed under paragraph (a) or (b) of this section. The letter must state that the determination is a final decision under the

Disputes clause of the contract. The demand for payment of the penalty is separate from a demand for repayment of any paid

portion of the disallowed cost.

42.508-5 Computing Interest.

For 42.508-2(a)(1)(ii), compute interest on any paid portion of the disallowed cost as follows:

- (a) Consider the overpayment to have occurred, and interest to have begun accumulating, from the midpoint of the contractor's fiscal year. Use an alternate equitable method if the cost was not paid evenly over the fiscal year.

- (b) Use the interest rate specified by the Secretary of the Treasury pursuant to 41 U.S.C. 7109.

- (c) Compute interest from the date of overpayment to the date of the demand letter for payment of the penalty.

- (d) Determine the paid portion of the disallowed costs in consultation with the contract auditor.

42.508-6 Waiver of the penalty.

The cognizant contracting officer must waive the penalties at 42.508-2(a) when?

- (a) The contractor withdraws the proposal before formal audit initiation (written notice to the contractor or an entrance

conference with the contractor is held, indicating that audit work on a specific final indirect cost proposal has begun) and

submits a revised proposal as required by 41 U.S.C. 4303(c) and 10 U.S.C. 3743(c).;

- (b) The unallowable costs subject to the penalty are \$10,000 or less; or

-7

42.508-7 FEDERAL ACQUISITION REGULATION

- (c) The contractor demonstrates, to the cognizant contracting officer's satisfaction, that-

- (1) It has established policies and personnel training and an internal control and review system that provide assurance

that unallowable costs subject to penalties are precluded from being included in the contractor's final indirect cost rate proposals; and

- (2) The unallowable costs subject to the penalty were inadvertently included into the proposal despite due care.

42.508-7 Contract clause.

Use the clause at 52.242-3, Penalties for Unallowable Costs, in all solicitations and contracts over \$1 million except fixed-price contracts without cost incentives or any firm-fixed-price contract for the purchase of commercial products or commercial services. Generally, covered contracts are those which contain one of the clauses at 52.216-7, 52.216-16,

or

52.216-17, or a similar clause from an executive agency's supplement to the FAR.

-8

42.603

Subpart 42.6 - Disallowance of Costs

42.600 Scope of subpart.

This subpart prescribes policies and procedures for-

- (a) Issuing notices of intent to disallow costs; and
- (b) Disallowing costs already incurred during the course of performance.

42.601 Notice of intent to disallow costs.

(a) Contracting officers must make reasonable efforts to proactively address potentially unallowable costs with contractors. If unable to settle the matter through discussion, the cognizant contracting officer responsible for administering

the contract may issue the contractor a written notice of intent to disallow specified costs incurred or planned for incurrence

during the performance of the following contract types:

- (1) Cost-reimbursement contracts.
- (2) Cost-reimbursement portions of fixed-price contracts.
- (3) Letter contracts that provides for reimbursement of costs.
- (4) Time-and-material and labor-hour contracts.
- (5) Fixed-price incentive contracts.

(b) A notice of intent to disallow such costs usually results from monitoring contractor costs. The purpose of the notice is

to notify the contractor as early as practicable during contract performance that the cost is considered unallowable under the

contract terms and to provide for timely resolution of any resulting disagreement. In case of disagreement, the contractor may

submit to the contracting officer a written response. Any such response must be answered by withdrawal of the notice or by

making a written decision within 60 days.

(c) As a minimum, the notice must-

- (1) Refer to the contract's Notice of Intent to Disallow Costs clause;
- (2) State the contractor's name and list the numbers of the affected contracts;
- (3) Describe the costs to be disallowed, including estimated dollar value by item and applicable time periods, and state

the reasons for the intended disallowance;

- (4) Describe the potential impact on billing rates and forward pricing rate agreements;
- (5) State the notice's effective date and the date by which written response must be received;
- (6) List the recipients of copies of the notice; and
- (7) Request the contractor to acknowledge receipt of the notice.

(d) The contracting officer issuing the notice must furnish copies to all contracting officers cognizant of any segment of

the contractor's organization.

(e) If the notice involves elements of indirect cost, it must not be issued without coordination with the contracting

officer

or auditor having authority for final indirect cost settlement (see 42.505).

(f) In the event the contractor submits a response that disagrees with the notice (see paragraph (b) of this section), the

contracting officer who issued the notice must either withdraw the notice or issue the written decision, except when elements

of indirect cost are involved, in which case the contracting officer responsible under 42.505 for determining final indirect cost

rates must issue the decision.

42.602 Contract clause.

The contracting officer must insert the clause at 52.242-1, Notice of Intent to Disallow Costs, in solicitations and contracts

when a cost-reimbursement contract, a fixed-price incentive contract, or a contract providing for price redetermination is contemplated.

42.603 Disallowing costs after incurrence.

The contracting officer must apply the following procedures when disallowing costs which the contractor has already incurred:

(a) Contracting officer receipt of vouchers. Contracting officers should follow agency procedures when they receive vouchers directly from the contractor.

(b) Auditor receipt of vouchers.

(1) When authorized by agency regulations, the contract auditor may?

(i) Receive reimbursement vouchers directly from contractors,

-1

42.603 FEDERAL ACQUISITION REGULATION

(ii) Approve acceptable vouchers for payment, and

(iii) Suspend payment of questionable costs.

(2) The auditor must forward approved vouchers for payment to the cognizant contracting, finance, or disbursing

officer, as appropriate under the agency's procedures.

(3) If a voucher raises allowability questions, the auditor may issue a notice of contract costs suspended and or disapproved to the contractor and the disbursing officer. A copy must be provided to the cognizant contracting officer. This

action after informal discussion and when authorized by agency regulations, permits deduction from current payments for

costs claimed but not considered reimbursable.

(4) If the contractor disagrees with the deduction from current payments, they may-

(i) Submit a written request to the cognizant contracting officer to consider whether the unreimbursed costs should be paid and discuss findings;

(ii) File a claim under the Disputes clause, which the cognizant contracting officer will process in accordance with agency procedures; or

(iii) Do both options listed above.

-2

42.703

Subpart 42.7 ? Bankruptcy

42.700 Scope of subpart.

This subpart prescribes policies and procedures for actions to be taken when a contractor enters into proceedings relating

to bankruptcy. It requires contractors to notify the contracting officer upon filing a petition for bankruptcy and establishes minimum requirements for agencies to follow in the event of a contractor bankruptcy.

42.701 General.

The contract administration office must take prompt action to determine the potential impact of a contractor bankruptcy to

protect the interests of the Government.

42.702 Procedures.

(a) When notified of bankruptcy proceedings, agencies must, at a minimum-

(1) Furnish the notice of bankruptcy to legal counsel and other appropriate agency offices (e.g., contracting, financial,

property) and affected buying activities;

(2) Determine the amount of the Government's potential claim against the contractor (in assessing this impact, identify

and review any contracts that have not been closed out, including those physically completed or terminated);

(3) Take actions necessary to protect the Government's financial interests and safeguard Government property; and

(4) Furnish pertinent contract information to the legal counsel representing the Government.

(b) The contracting officer will consult with legal counsel, whenever possible, prior to taking any action regarding the

contractor's bankruptcy proceedings.

42.703 Solicitation provision and contract clause.

The contracting officer must insert the clause at 52.242-13, Bankruptcy, in all solicitations and contracts exceeding the simplified acquisition threshold.

-1

This page intentionally left blank.

-2

42.805**Subpart 42.8 - Production Surveillance and Reporting****42.801 General.**

Production surveillance is a contract administration function used to determine contractor progress and to identify any factors that may delay performance. Production surveillance involves Government review and analysis of-

(a) Contractor performance plans, schedules, controls, and industrial processes; and

(b) The contractor's actual performance under them.

42.802 Applicability.

This subpart applies to all contracts other than construction contracts and Federal Supply Schedule contracts.

42.803 Surveillance requirements.

(a) The contract administration office determines the extent of production surveillance on the basis of-

(1) The criticality (degree of importance to the Government) assigned by the contracting officer (see 42.804) to the

supplies or services; and

(2) Consideration of the following factors:

- (i) Contract requirements for reporting production progress and performance.
- (ii) The contract performance schedule.
- (iii) The contractor's production plan.
- (iv) The contractor's history of contract performance.
- (v) The contractor's experience with the contract supplies or services.
- (vi) The contractor's financial capability.
- (vii) Any supplementary written instructions from the contracting office.
- (b) Contracts at or below the simplified acquisition threshold should not normally require production surveillance.
- (c) In planning and conducting surveillance, contract administration offices must make maximum use of any reliable contractor production control or data management systems.
- (d) In performing surveillance, contract administration office personnel must avoid any action that may-
 - (1) Be inconsistent with any contract requirement; or
 - (2) Result in claims of waivers, of changes, or of other contract modifications.

42.804 Assignment of criticality designator.

Contracting officers must assign a criticality designator to each contract in the space for designating the contract administration office in the contract, as follows:

Criticality Designator Criterion

A Critical contracts, including DX-rated contracts (see part 11), contracts citing the authority in part 6 for unusual and compelling urgency, and contracts for major systems (see

41-2

SUBPART 41.1 - GENERAL 41.103

Subpart 41.1 - General

41.100 Scope of part.

This part prescribes policies, procedures, and contract format for the acquisition of utility services.

41.101 Definitions.

As used in this part,

Areawide contract means a contract entered into between the General Services Administration (GSA) and a utility service

supplier to cover utility service needs of Federal agencies within the franchise territory of the supplier. Each areawide contract includes an "Authorization" form for requesting service, connection, disconnection, or change in service.

Authorization means the document executed by the ordering agency and the utility supplier to order service under an areawide contract.

Connection charge means all nonrecurring costs, whether refundable or nonrefundable, to be paid by the Government to

the utility supplier for the required connecting facilities, which are installed, owned, operated, and maintained by the utility

supplier (see Termination liability).

Federal Power and Water Marketing Agency means a Government entity that produces, manages, transports, controls, and

sells electrical and water supply service to customers.

Franchise territory means a geographical area that a utility supplier has a right to serve based upon a franchise, a certificate of public convenience and necessity, or other legal means.

Intervention means action by GSA or a delegated agency to formally participate in a utility regulatory proceeding on behalf of all Federal executive agencies.

Rates may include rate schedules, riders, rules, terms and conditions of service, and other tariff and service charges, e.g.,

facilities use charges.

Separate contract means a utility services contract (other than a GSA areawide contract, an Authorization under an areawide contract, or an interagency agreement) to cover the acquisition of utility services.

Termination liability means a contingent Government obligation to pay a utility supplier the unamortized portion of a connection charge and any other applicable nonrefundable service charge as defined in the contract in the event the Government terminates the contract before the cost of connection facilities has been recovered by the utility supplier (see

"Connection charge").

Utility service includes, but is not limited to, a continuous service such as furnishing electricity, natural or manufactured gas, water, sewerage, thermal energy, chilled water, steam, hot water, or high temperature hot water for use in the United

States. Utility services does not include: any of the above when purchased for use in a foreign country, broadband internet,

non-broadcast television, telecommunications services, information technology services, acquisitions of natural or manufactured gas when not purchased as utility services (i.e., when purchased as commodities), or acquisitions of rights in

real property, acquisitions of public utility facilities, and on-site equipment needed for the facility's own distribution system,

or construction/maintenance of Government-owned equipment and real property.

41.102 Applicability.

(a) Except as provided in paragraph (b) of this section, this part applies to the acquisition of utility services for the Government, including connection charges and termination liabilities.

(b) This part does not apply to?

(1) Utility services produced, distributed, or sold by another Federal agency. In those cases, agencies must use interagency agreements;

(2) Utility services obtained by purchase, exchange, or otherwise by a Federal power or water marketing agency incident to that agency's marketing or distribution program; or

(3) Third party financed shared-savings projects authorized by 42 U.S.C. 8287. However, agencies may utilize part 41 for any energy savings or purchased utility service directly resulting from implementation of a third party financed shared-savings project under 42 U.S.C. 8287 for periods not to exceed 25 years.

41.103 Statutory and delegated authority.

(a) Statutory authority. (1) The General Services Administration (GSA) is authorized by 40 U.S.C. 501 to prescribe policies and methods governing the acquisition and supply of utility services for Federal agencies. This authority includes

related functions such as managing public utility services and representing Federal agencies in proceedings before Federal

41.1-1

41.103 FEDERAL ACQUISITION REGULATION

and state regulatory bodies. GSA is authorized by 40 U.S.C. 501 to contract for utility services for periods not exceeding ten years.

(2) The Department of Defense (DOD) is authorized by 10 U.S.C. 3201(a) , and 40 U.S.C. 113(e)(3) to acquire utility services for military facilities.

(3) The Department of Energy (DOE) is authorized by the Department of Energy Organization Act (42 U.S.C. 7251, et seq.) to acquire utility services. DOE is authorized by the Atomic Energy Act of 1954, as amended (42 U.S.C. 2204), to enter into new contracts or modify existing contracts for electric services for periods not exceeding 25 years for uranium enrichment installations.

(b) Delegated authority. GSA has delegated its authority to enter into utility service contracts for periods not exceeding ten years to DOD and DOE, and for connection charges only, to the Department of Veteran Affairs. Contracting pursuant to this delegated authority must be consistent with the requirements of this part. Other agencies requiring utility service contracts for periods over one year, but not exceeding ten years, may request a delegation of authority from GSA at utilities@gsa.gov.

In keeping with its statutory authority, GSA will, as necessary, conduct reviews of delegated agencies' acquisitions of utility services to ensure compliance with the terms of the delegation and applicable laws and regulations.

(c) Requests for delegations of contracting authority from GSA must include a certification from the acquiring agency's

Senior Procurement Executive that the agency has?

- (1) An established acquisition program;
- (2) Personnel technically qualified to deal with specialized utilities problems; and
- (3) The ability to accomplish its own pre-award contract review.

41.1-2

SUBPART 41.2 - ACQUIRING UTILITY SERVICES 41.202

Subpart 41.2 - Acquiring Utility Services

41.201 Policy.

(a) Subject to paragraph (d) of this section, it is the policy of the Federal Government that agencies obtain required utility

services from sources of supply which are most advantageous to the Government in terms of economy, efficiency, reliability, or service.

(b) Except for acquisitions at or below the simplified acquisition threshold, agencies must acquire utility services by a bilateral written contract, which must include the clauses required by 41.501, regardless of whether rates or terms and conditions of service are fixed or adjusted by a regulatory body. Agencies may not use the utility supplier's forms and clauses

to avoid the inclusion of provisions and clauses required by 41.501 or by statute.

(d) (1) Section 8093 of the Department of Defense Appropriations Act of 1988, Pub. L. 100-202, provides that none of the funds appropriated by that Act or any other Act with respect to any fiscal year by any department, agency, or instrumentality of the United States, may be used for the purchase of electricity by the Government in any manner that is

inconsistent with state law governing the providing of electric utility service, including state utility commission rulings and electric utility franchises or service territories established pursuant to state statute, state regulation, or state-approved territorial agreements.

(2) The Act does not preclude?

(i) The head of a Federal agency from entering into a contract pursuant to 42 U.S.C.8287 (which pertains to the subject of shared energy savings including cogeneration);

(ii) The Secretary of a military department from entering into a contract pursuant to 10 U.S.C. 2922a (which pertains

to contracts for energy or fuel for military installations including the provision and operation of energy production facilities);

or

(iii) The Secretary of a military department from purchasing electricity from any provider when the utility or utilities having applicable state-approved franchise or other service authorizations are found by the Secretary to be unwilling or unable to meet unusual standards for service reliability that are necessary for purposes of national defense.

(3) Additionally, the head of a Federal agency may?

(i) Consistent with applicable state law, enter into contracts for the purchase or transfer of electricity to the agency by a non-utility, including a qualifying facility under the Public Utility Regulatory Policies Act of 1978;

(ii) Enter into an interagency agreement, pursuant to 41.206 and 17.5, with a Federal power marketing agency or the

Tennessee Valley Authority for the transfer of electric power to the agency; and

(iii) Enter into a contract with an electric utility under the authority or tariffs of the Federal Energy Regulatory Commission.

(e) Prior to acquiring electric utility services on a competitive basis, the contracting officer must determine, with the advice of legal counsel, by a market survey or any other appropriate means, e.g. consultation with the state agency responsible for regulating public utilities, that such competition would not be inconsistent with state law governing the provision of electric utility service, including state utility commission rulings and electric utility franchises or service territories established pursuant to state statute, state regulation, or state-approved territorial agreements. Proposals from

alternative electric suppliers must provide a representation that service can be provided in a manner consistent with section

8093 of Public Law 100-202 (see 41.201(c)).

41.202 Procedures.

(a) Agencies must conduct market surveys and perform acquisition planning in order to promote and provide for full and open competition provided that the contracting officer determines that any resultant contract would not be inconsistent

with applicable state law governing the provision of electric utility services. If competition for an entire utility service is not available, the market survey may be used to determine the availability of competitive sources for certain portions of the requirement. The scope of the term "entire utility service" includes the provision of the utility service capacity, energy,

water, sewage, transportation, standby or back-up service, transmission and/or distribution service, quality assurance, system

reliability, system operation and maintenance, metering, and billing.

(b) In performing a market survey, the contracting officer must consider, in addition to alternative competitive sources, use

of the following:

- (1) GSA areawide contracts;
- (2) Separate contracts; and
- (3) Interagency agreements.

41.2-1

41.203 FEDERAL ACQUISITION REGULATION

(c) When a utility supplier refuses to execute a tendered contract, the agency must obtain a written definite and final

refusal signed by a corporate officer or other responsible official of the supplier (or if unobtainable, document any unwritten

refusal), and transmit this document, along with statements of the reasons for the refusal and the record of negotiations, to

GSA at utilities@gsa.gov. Unless urgent and compelling circumstances exist, the contracting officer must notify GSA prior

to acquiring utility services without executing a tendered contract. After such notification, the agency may proceed with the

acquisition and pay for the utility service under the provisions of 31 U.S.C. 1501(a)(8)?

- (1) By issuing a purchase order; or
- (2) By ordering the necessary utility service and paying for it upon the presentation of an invoice, provided that

a

determination is approved by the head of the contracting activity that a written contract cannot be obtained and that the issuance of a purchase order is not feasible.

(d) When obtaining service without a bilateral written contract, the contracting officer must establish a utility history file

on each acquisition of utility service provided by a contractor. This utility history file must contain the following information:

(1) The unsigned, tendered contract and any related letter of transmittal.

(2) The reasons stated by the utility supplier for not executing the tendered contract, the record of negotiations, and

a written definite and final refusal by a corporate officer or other responsible official of the supplier (or if unobtainable, documentation of unwritten refusal).

(3) Services to be furnished and the estimated annual cost.

(4) Historical record of any applicable connection charges.

(5) Historical record of any applicable ongoing capital credits.

(6) A copy of the applicable rate schedule.

(e) If the Government obtains utility service pursuant to paragraph (c) of this section, on an annual basis beginning from

the date of final refusal, take action to execute a bilateral written contract. The contracting officer must document the utility

history file with the efforts made and the agency must notify GSA, in writing at utilities@gsa.gov, if the utility continues to

refuse to execute a bilateral contract.

41.203 GSA assistance.

(a) GSA will, upon request, provide technical and acquisition assistance, or will delegate its contracting authority for the furnishing of the services described in this part for any Federal agency, mixed-ownership Government corporation, the

District of Columbia, the Senate, the House of Representatives, or the Architect of the Capitol and any activity under the

Architect's direction.

(b) Agencies, seeking assistance must provide upon request by GSA the information listed in 41.301.

41.204 GSA areawide contracts.

(a) Purpose. GSA enters into areawide contracts for use by Federal agencies. Areawide contracts provide a pre-established

contractual vehicle for ordering utility services under the conditions in paragraph (c)(1) of this section.

(b) Features.

(1) Areawide contracts generally provide for ordering utility service at rates approved and/or established by a regulatory body and published in a tariff or rate schedule. However, agencies are permitted to negotiate other rates and terms

and conditions of service with the supplier (see paragraph (c) of this section). Rates other than those published may require the

approval of the regulatory body.

(2) Areawide contracts are negotiated with utility service suppliers for the provision of service within the supplier's

franchise territory or service area.

(3) Due to the regulated nature of the utility industry, as well as statutory restrictions associated with the procurement

of electricity, competition is typically not available within the entire geographical area covered by an areawide contract, although it may be available at specific locations within the utility's service area. When competing suppliers are available, the

provisions of paragraph (c)(1) of this section apply.

(c) Procedures for obtaining service.

(1) Any Federal agency having a requirement for utility services within an area covered by an areawide contract must

acquire services under that areawide contract unless?

(d) Service is available from more than one supplier; or

(e) The head of the contracting activity or designee otherwise determines that use of the areawide contract is not advantageous to the Government. If service is available from more than one supplier, service must be acquired using

41.2-2

SUBPART 41.2 - ACQUIRING UTILITY SERVICES 41.206

competitive acquisition procedures. The determination required by paragraph (c)(1)(ii) of this section must be documented in

the contract file with an information copy furnished to GSA at utilities@gsa.gov.

(1) Each areawide contract includes an authorization form for ordering service, connection, disconnection, or change

in service. Upon execution of an authorization by the contracting officer and utility supplier, the utility supplier is required to

furnish services, without further negotiation, at the current, applicable published or unpublished rates, unless other rates, and/

or terms and conditions are separately negotiated by the Federal agency with the supplier.

(2) The contracting officer must execute the authorization, and attach it to a Standard Form (SF) 26, Award/Contract,

along with any modifications such as connection charges, special facilities, or service arrangements. The contracting officer

must also attach any specific fiscal, operational, and administrative requirements of the agency, applicable rate schedules,

technical information and detailed maps or drawings of delivery points, details on Government ownership, maintenance, or repair of facilities, and other information deemed necessary to fully define the service conditions in the authorization/contract.

(f) Notification. Agencies must provide a copy of each SF 26 and executed authorization issued under an areawide contract to GSA at utilities@gsa.gov within 30 days after execution.

41.205 Separate contracts.

(a) In the absence of an areawide contract or interagency agreement, agencies must acquire utility services by separate

contract subject to this part, and subject to agency contracting authority.

(b) If an agency enters into a separate contract, the contracting officer must document the contract file with the following

information:

- (1) The number of available suppliers.
- (2) Any special equipment, service reliability, or facility requirements and related costs.
- (3) The utility supplier's rates, connection charges, and termination liability.
- (4) Total estimated contract value (including costs in paragraphs (b)(2) and (3) of this subsection).
- (5) Any technical or special contract terms required.
- (6) Any unusual characteristics of services required.

(c) If requesting GSA assistance with a separate contract, the requesting agency must furnish the technical and acquisition

data specified in 41.205(b), 41.301, and such other data as GSA may deem necessary.

(d) A contract exceeding a 1-year period, but not exceeding ten years (except pursuant to 41.103), may be justified, and is

usually required, where any of the following circumstances exist:

- (1) The Government will obtain lower rates, larger discounts, or more favorable terms and conditions of service.
- (2) A proposed connection charge, termination liability, or any other facilities charge to be paid by the Federal Government will be reduced or eliminated.
- (3) The utility service supplier refuses to render the desired service except under a contract exceeding a 1-year period.

41.206 Interagency agreements.

Agencies must use interagency agreements (e.g., consolidated purchase, joint use, or cross-service agreements) when acquiring utility service or facilities from other Government agencies.

41.2-3

This page intentionally left blank.

41.2-4

SUBPART 41.3 - REQUESTS FOR ASSISTANCE 41.301

Subpart 41.3 - Requests for Assistance

41.301 Requirements.

(a) Requests for delegations of GSA contracting authority, assistance with a proposed contract, and the submission of other

information required by this part, must be sent or submitted to GSA at utilities@gsa.gov.

(b) Requests for contracting assistance for utility services must be sent not later than 120 days prior to the date new

services are required to commence or an existing contract will expire. Requests for assistance must contain the following

information:

- (1) A technical description or specification of the type, quantity, and quality of service required, and a delivery schedule.
- (2) A copy of any service proposal or proposed contract.
- (3) Copies of all current published or unpublished rates of the utility supplier.
- (4) Identification of any unusual factors affecting the acquisition.
- (5) Identification of all available sources or methods of supply, an analysis of the cost effectiveness of each, and a

statement of the ability of each source to provide the required services, including the location and a description of each available supplier's facilities at the nearest point of service, and the cost of providing or obtaining necessary backup and

other

ancillary services.

(c) For new utility service requirements, the agency must furnish the information in paragraph (a) of this section and the

following as applicable:

(1) The date initial service is required.

(2) For the first 12 months of full service, estimated maximum demand, monthly consumption, other pertinent information (e.g., demand side management, load or energy management, peak shaving, on site generation, load shaping),

and annual cost of the service.

(3) Known or estimated time schedule for growth to ultimate requirements.

(4) Estimated ultimate maximum demand and ultimate monthly consumption.

(5) A simple schematic diagram or line drawing showing the meter locations, the location of the new utility facilities

to be constructed on Federal property by the Federal agency, and any required new connection facilities on either side of the

delivery point to be constructed by the utility supplier to provide the new services.

(6) Accounting and appropriation data to cover the required utility services and any connection charges required to be

paid by the agency receiving such utility services.

(7) The following data concerning proposed facilities and related charges or costs:

(d) Proposed refundable or nonrefundable connection charge, termination liability, or other facilities charge to be paid by

the agency, together with a description of the supplier's proposed facilities and estimated construction costs, and its rationale

for the charge (e.g., tariff provisions or policies).

(e) A copy of the acquiring agency's estimate to make its own connection to the supplier's facilities through use of its own

resources or by separate contract. When feasible, the acquiring agency must provide its estimates to construct and operate its

own utility facilities in lieu of participating in a cost-sharing construction program with the proposed utility supplier.

(f) For existing utility service, the agency must furnish GSA the information in paragraph (b) of this section and the following, as applicable:

(1) A copy of the most recent 12-months' service invoices.

(2) A tabulation, by month, for the most recent 12 months, showing the actual utility demands, consumption, connection charges, fuel adjustment charges, and the average monthly cost per unit of consumption.

(3) An estimate, by month, for the next 12 months, showing the estimated maximum demands, monthly consumption,

other pertinent information (e.g., demand side management, load or energy management, peak shaving, on site generation,

load shaping), and annual cost of the service.

(4) Accounting and appropriation data to cover the costs for the continuation of utility services.

(5) A statement noting whether the transformer, or other system components, on either side of the delivery point are

owned by the Federal agency or the utility supplier, and if the metering is on the primary or secondary side of the

transformer.

41.3-1

This page intentionally left blank.

41.3-2

SUBPART 41.4 - ADMINISTRATION 41.402

Subpart 41.4 - Administration

41.401 Monthly and annual review.

Agencies must review utility service invoices on a monthly basis and all utility accounts, with annual values exceeding the

simplified acquisition threshold, on an annual basis. Annual reviews of accounts with annual values at or below the simplified

acquisition threshold must be conducted when deemed advantageous to the Government. The purpose of the monthly review

is to ensure the accuracy of utility service invoices. The purpose of the annual review is to ensure that the utility supplier is furnishing the services to each facility under the utility's most economical, applicable rate and to examine competitive markets for more advantageous service offerings. The annual review must be based upon the facility's usage, conditions

and characteristics of service at each individual delivery point for the most recent 12 months. If a more advantageous rate is

appropriate, the Federal agency must request the supplier to make such rate change immediately.

41.402 Rate changes and regulatory intervention.

(a) When a change is proposed to rates or terms and conditions of service to the Government, the agency must promptly

determine whether the proposed change is reasonable, justified, and not discriminatory.

(b) If a change is proposed to rates or terms and conditions of service that may be of interest to other Federal agencies, and

intervention before a regulatory body is considered justified, the matter must be referred to GSA. The agency may request

from GSA a delegation of authority for the agency to intervene on behalf of the consumer interests of the Federal executive

agencies.

(c) Pursuant to 52.241-7, Change in Rates or Terms and Conditions of Service for Regulated Services, if a regulatory body

approves a rate change, any rate change must be made a part of the contract by unilateral contract modification or otherwise

documented in accordance with agency procedures. The approved applicable rate must be effective on the date determined

by the regulatory body and resulting rates and charges must be paid promptly to avoid late payment provisions. Copies of

the modification containing the approved rate change must be sent to the agency's paying office or office responsible for

verifying billed amounts.

(d) If the utility supplier is not regulated and the rates, terms, and conditions of service are subject to negotiation pursuant

to the clause at 52.241-8, Change in Rates or Terms and Conditions of Service for Unregulated Services, any rate change must be made a part of the contract by contract modification, with copies sent to the agency's paying office or office responsible for verifying billed amounts.

41.4-1

This page intentionally left blank.

41.4-2

SUBPART 41.5 - SOLICITATION PROVISION AND CONTRACT CLAUSES 41.501

Subpart 41.5 - Solicitation Provision and Contract Clauses

41.501 Solicitation provision and contract clauses.

(a) Because the terms and conditions under which utility suppliers furnish service may vary from area to area, the differences may influence the terms and conditions appropriate to a particular utility's contracting situation. To accommodate requirements that are peculiar to the contracting situation, this section prescribes provisions and clauses on a substantially the same as? basis which permits the contracting officer to prepare and utilize variations of the prescribed provision and clauses in accordance with agency procedures.

(b) Insert a provision substantially the same as the provision at 52.241-1, Electric Service Territory Compliance Representation, when proposals from alternative electric suppliers are sought.

(c) Insert in solicitations and contracts for utility services clauses substantially the same as the clauses at?

- (1) 52.241-2, Order of Precedence?Utilities;
- (2) 52.241-3, Scope and Duration of Contract;
- (3) 52.241-4, Change in Class of Service;
- (4) 52.241-5, Contractor's Facilities; and
- (5) 52.241-6, Service Provisions.

(d) Insert clauses substantially the same as the clauses listed below in solicitations and contracts under the prescribed conditions?

(1) 52.241-7, Change in Rates or Terms and Conditions of Service for Regulated Services, when the utility services are subject to a regulatory body. (Except for GSA areawide contracts, insert in the blank space provided in the clause the name of the contracting officer. For GSA areawide contracts, the contracting officer must insert the following: ?GSA and each areawide customer with annual billings that exceed \$250,000.?)

(2) 52.241-8, Change in Rates or Terms and Conditions of Service for Unregulated Services, when the utility services are not subject to a regulatory body.

(3) 52.241-9, Connection Charge, when a refundable connection charge is required to be paid by the Government to compensate the contractor for furnishing additional facilities necessary to supply service. (Use Alternate I to the clause if a nonrefundable charge is to be paid. When conditions require the incorporation of a nonrecurring, nonrefundable service

charge or a termination liability, see paragraphs (d)(6) and(d)(4) of this section.)

(4) 52.241-10, Termination Liability, when payment is to be made to the contractor upon termination of service in conjunction with or in lieu of a connection charge upon completion of the facilities.

(5) 52.241-11, Multiple Service Locations (as defined in 41.101), when providing for possible alternative service locations, except under areawide contracts, is required.

(6) 52.241-12, Nonrefundable, Nonrecurring Service Charge, when the Government is required to pay a nonrefundable, nonrecurring membership fee, a charge for initiation of service, or a contribution for the cost of facilities construction. The Government may provide for inclusion of such agreed amount or fee as a part of the connection charge, a part of the initial payment for services, or as periodic payments to fulfill the Government's obligation.

(7) 52.241-13, Capital Credits, when the Federal Government is a member of a cooperative and is entitled to capital credits, consistent with the bylaws and governing documents of the cooperative.

(e) Depending on the conditions that are appropriate for each acquisition, the contracting officer must also insert in solicitations and contracts for utility services the provisions and clauses prescribed elsewhere in the FAR.

41.5-1

This page intentionally left blank.

41.5-2

SUBPART 41.6 - FORMS 41.601

Subpart 41.6 - Forms

41.601 Utility services forms.

(a) If acquiring utility services under other than an areawide contract, a purchase order or an interagency agreement, the Standard Form (SF) 33, Solicitation, Offer and Award; SF 26, Award/Contract; or SF 1447, Solicitation/Contract, must be used.

(b) The contracting officer must incorporate the applicable rate schedule in each contract, purchase order or modification.

41.6-1

This page intentionally left blank.

41.6-2

SUBPART 41.7 - FORMATS 41.702

Subpart 41.7 - Formats

41.701 Formats for utility service specifications.

(a) The following specification formats for use in acquiring utility services are available from GSA at utilities@gsa.gov and may be used and modified at the agency's discretion:

- (1) Electric service.
- (2) Water service.
- (3) Steam service.
- (4) Sewage service.

(5) Natural gas service.

(b) Contracting officers may modify the specification format referenced in paragraph (a) of this section and attach technical items, details on Government ownership of equipment and real property and maintenance or repair obligations,

maps or drawings of delivery points, and other information deemed necessary to fully define the service conditions.

(c) The specifications and attachments (see paragraph (b) of this section) must be inserted in Section C of the utility service solicitation and contract.

41.702 Formats for annual utility service review.

(a) Formats for use in conducting annual reviews of the following utility services are available from GSA at utilities@gsa.gov and may be used at the agency's discretion:

(1) Electric service.

(2) Gas service.

(3) Water and sewage service.

(b) Contracting officers may modify the annual utility service review format as necessary to fully cover the service used.

41.7-1

This page intentionally left blank.

41.7-2

part 41; services where supplies are not required; commercial products and commercial s

Status: Unknown

part 41; services where supplies are not required; commercial products and commercial services; and petroleum products.

(End of clause)

Alternate I (OCT 1997). As prescribed in 15.110(n)(2), substitute the following paragraph (b) for paragraph (b) of the clause:

(b) The Offeror/Contractor shall also identify those supplies that it will not manufacture or to which it will not contribute

significant value.

52.215-15 Pension Adjustments and Asset Reversions.

As prescribed in 15.110(o), insert the following clause:

PENSION ADJUSTMENTS AND ASSET REVERSIONS (DEVIATION DATE)

(a) The Contractor shall promptly notify the Contracting Officer in writing when it determines that it will terminate a defined-benefit pension plan or otherwise recapture such pension fund assets.

(b) For segment closings, pension plan terminations, or curtailment of benefits, the amount of the adjustment shall be-

(1) For contracts and subcontracts that are subject to full coverage under the Cost Accounting Standards (CAS) Board

rules and regulations (48 CFR Chapter 99), the amount measured, assigned, and allocated in accordance with 48 CFR **9904.413-50(c)(12)** ; and

(2) For contracts and subcontracts that are not subject to full coverage under the CAS, the amount measured,

assigned, and allocated in accordance with 48 CFR 9904.413-50(c)(12) , except the numerator of the fraction at 48 CFR 9904.413-50(c)(12)(vi) shall be the sum of the pension plan costs allocated to all non-CAS covered contracts and subcontracts that are subject to Federal Acquisition Regulation (FAR) subpart 31.2 or for which certified cost or pricing data were submitted.

(c) For all other situations where assets revert to the Contractor, or such assets are constructively received by it for any reason, the Contractor shall, at the Government's option, make a refund or give a credit to the Government for its equitable share of the gross amount withdrawn. The Government's equitable share shall reflect the Government's participation in pension costs through those contracts for which certified cost or pricing data were submitted or that are subject to FAR subpart 31.2.

52.2-86

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-19

(d) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.110(o).

(End of clause)

52.215-16 Facilities Capital Cost of Money.

As prescribed in 15.110(p), insert the following provision:

FACILITIES CAPITAL COST OF MONEY (JUN 2003)

(a) Facilities capital cost of money will be an allowable cost under the contemplated contract, if the criteria for allowability in FAR 31.205-10(b) are met. One of the allowability criteria requires the prospective Contractor to propose facilities capital cost of money in its offer.

(b) If the prospective Contractor does not propose this cost, the resulting contract will include the clause Waiver of Facilities Capital Cost of Money.

(End of provision)

52.215-17 Waiver of Facilities Capital Cost of Money.

As prescribed in 15.110(q), insert the following clause:

WAIVER OF FACILITIES CAPITAL COST OF MONEY (OCT 1997)

The Contractor did not include facilities capital cost of money as a proposed cost of this contract. Therefore, it is an unallowable cost under this contract.

(End of clause)

52.215-18 Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions.

As prescribed in 15.110(r), insert the following clause:

REVERSION OR ADJUSTMENT OF PLANS FOR POSTRETIREMENT BENEFITS (PRB) OTHER THAN PENSIONS (DEVIATION DATE)

(a) The Contractor shall promptly notify the Contracting Officer in writing when the Contractor determines that it will terminate or reduce the benefits of a PRB plan.

(b) If PRB fund assets revert or inure to the Contractor, or are constructively received by it under a plan termination or otherwise, the Contractor shall make a refund or give a credit to the Government for its equitable share as required by

31.205-6(o)(5) of the Federal Acquisition Regulation (FAR). When determining or agreeing on the method for recovery of

the Government's equitable share, the contracting parties should consider the following methods: cost reduction, amortizing

the credit over a number of years (with appropriate interest), cash refund, or some other agreed upon method. Should the

parties be unable to agree on the method for recovery of the Government's equitable share, through good faith negotiations,

the Contracting Officer shall designate the method of recovery.

(c) The Contractor shall insert the substance of this clause in all subcontracts that meet the applicability requirements of

FAR 15.110(r).

(End of clause)

52.215-19 Notification of Ownership Changes.

As prescribed in 15.110(s), insert the following clause:

NOTIFICATION OF OWNERSHIP CHANGES (DEVIATION DATE)

52.2-87

52.215-20 FEDERAL ACQUISITION REGULATION

(a) The Contractor shall make the following notifications in writing:

(1) When the Contractor becomes aware that a change in its ownership has occurred, or is certain to occur, that

could result in changes in the valuation of its capitalized assets in the accounting records, the Contractor shall notify the Administrative Contracting Officer (ACO) within 30 days.

(2) The Contractor shall also notify the ACO within 30 days whenever changes to asset valuations or any other cost

changes have occurred or are certain to occur as a result of a change in ownership.

(b) The Contractor shall-

(1) Maintain current, accurate, and complete inventory records of assets and their costs;

(2) Provide the ACO or designated representative ready access to the records upon request;

(3) Ensure that all individual and grouped assets, their capitalized values, accumulated depreciation or amortization,

and remaining useful lives are identified accurately before and after each of the Contractor's ownership changes; and

(4) Retain and continue to maintain depreciation and amortization schedules based on the asset records maintained

before each Contractor ownership change.

(c) The Contractor shall include the substance of this clause in all subcontracts under this contract that meet the applicability requirement of FAR 15.110(s).

(End of clause)

52.215-20 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data.

As prescribed in 15.110(t), insert the following provision:

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA

OTHER THAN CERTIFIED COST OR PRICING DATA (DEVIATION DATE)

(a) Exceptions from certified cost or pricing data. (1) In lieu of submitting certified cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an

exception should be granted, and whether the price is fair and reasonable.

(i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was

previously submitted to the contracting office.

(ii) Commercial product and commercial service exception. For a commercial product and commercial service exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include-

(A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the

offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide

a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment

manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price,

including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;

(B) For market-priced items, the source and date or period of the market quotation or other basis for market price,

the base amount, and applicable discounts. In addition, describe the nature of the market;

(C) For items included on an active Federal Supply Schedule contract, proof that an exception has been granted

for the schedule item.

(2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before

award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does

not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered

in the catalog or marketplace.

(b) Requirements for certified cost or pricing data. If the offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The offeror shall prepare and submit certified cost or pricing data, data other than certified cost or pricing data, and

supporting attachments in accordance with the instructions contained in Table 15-1 of FAR 15.408-2, which is incorporated

52.2-88

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-21

by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-1 are

incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a

different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter

contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

(End of provision)

Alternate I-DEVIATION (DATE). As prescribed in 15.110(t)(1), substitute the following paragraph (b)(1) for paragraph (b)

(1) of the provision:

(b)(1) The offeror shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting

attachments in the following format: [Insert description of the data and format that are required, and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with 15.408-2, Table 15-1, Note 2.

The description may be inserted at the time of issuing the request for proposals, or the Contracting Officer may specify that

the offeror's format will be acceptable, or the description may be inserted as the result of negotiations.]

Alternate II (OCT 1997). As prescribed in 15.110(t)(2), add the following paragraph (c) to the provision:

(c) When the proposal is submitted, also submit one copy each to: (1) the Administrative Contracting Officer, and (2) the

Contract Auditor.

Alternate III (OCT 1997). As prescribed in 15.110(t)(3), add the following paragraph (c) to the basic provision (if Alternate II is also used, redesignate the following paragraph as paragraph (d)).

(c) Submit the cost portion of the proposal via the following electronic media: [Insert media format, e.g., electronic spreadsheet format, electronic mail, etc.]

Alternate IV-DEVIATION (DATE). As prescribed in 15.110(t)(4), replace the text of the provision with the following:

(a) Submission of certified cost or pricing data is not required.

(b) Provide data described below: [Insert description of the data and the format that are required, including the access to

records necessary to permit an adequate evaluation of the proposed price in accordance with 15.4.]

52.215-21 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data-Modifications.

As prescribed in 15.110(u), insert the following clause:

REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA OTHER

THAN CERTIFIED COST OR PRICING DATA-MODIFICATIONS (DEVIATION DATE)

(a) Exceptions from certified cost or pricing data. (1) In lieu of submitting certified cost or pricing data for modifications

under this contract, for price adjustments expected to exceed the threshold set forth in Federal Acquisition Regulation (FAR)

15.403-3(a) on the date of the agreement on price or the date of the award, whichever is later, the Contractor may submit a

written request for exception by submitting the information described in paragraphs (a)(1)(i) and (ii) of this clause. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-3(a) is adjusted for inflation as set forth in FAR part 1, the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent

threshold adjustment. The Contracting Officer may require additional supporting information, but only to the extent necessary

to determine whether an exception should be granted, and whether the price is fair and reasonable?

(i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was

previously submitted to the contracting office.

(ii) Information on modifications of contracts or subcontracts for commercial products or commercial services. (A) If?

(1) The original contract or subcontract was granted an exception from certified cost or pricing data requirements because the price agreed upon was based on adequate price competition or prices set by law or regulation, or

was a contract or subcontract for the acquisition of a commercial product or commercial service; and

(2) The modification (to the contract or subcontract) is not exempted based on one of these exceptions, then the Contractor may provide information to establish that the modification would not change the contract or subcontract from

52.2-89

52.215-22 FEDERAL ACQUISITION REGULATION

a contract or subcontract for the acquisition of a commercial product or commercial service, to a contract or subcontract for

the acquisition of other than a commercial product or commercial service.

(B) For a commercial product and commercial service exception, the Contractor shall provide, at a minimum,

information on prices at which the same item or similar items have previously been sold that is adequate for evaluating the

reasonableness of the price of the modification. Such information may include-

(1) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide

a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment

manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price,

including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities.

(2) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.

(3) For items included on an active Federal Supply Schedule contract, proof that an exception has been granted

for the schedule item.

(2) The Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time

before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this

clause, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access

does not

extend to cost or profit information or other data relevant solely to the Contractor's determination of the prices to be offered

in the catalog or marketplace.

(b) Requirements for certified cost or pricing data. If the Contractor is not granted an exception from the requirement to

submit certified cost or pricing data, the following applies:

(1) The Contractor shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments in accordance with the instructions contained in Table 15-1 of FAR 15.408-2, which is incorporated

by reference with the same force and effect as though it were inserted here in full text. The instructions in Table 15-1 are

incorporated as a mandatory format to be used in this contract, unless the Contracting Officer and the Contractor agree to a

different format and change this clause to use Alternate I.

(2) As soon as practicable after agreement on price, but before award (except for unpriced actions), the Contractor shall

submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

(End of clause)

Alternate I-DEVIATION (DATE). As prescribed in 15.110(u)(1), substitute the following paragraph (b)(1) for paragraph (b)

(1) of the basic clause.

(b)(1) The Contractor shall submit certified cost or pricing data, data other than certified cost or pricing data, and supporting attachments prepared in the following format: [Insert description of the data and format that are required and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with **15.408-2, Table 15-1, Note 2. The description may be inserted at the time of issuing the request for proposals, or the**

Contracting Officer may specify that the offeror's format will be acceptable, or the description may be inserted as the result

of negotiations.]

Alternate II (OCT 1997). As prescribed in 15.110(u)(2), add the following paragraph (c) to the basic clause:

(c) When the proposal is submitted, also submit one copy each to: (1) the Administrative Contracting Officer, and

(2) the

Contract Auditor.

Alternate III (OCT 1997). As prescribed in 15.110(u)(3), add the following paragraph (c) to the basic clause (if Alternate II is also used, redesignate the following paragraph as paragraph (d)):

(c) Submit the cost portion of the proposal via the following electronic media: [Insert media format]

Alternate IV-DEVIATION (DATE). As prescribed in 15.110(u)(4), replace the text of the basic clause with the following:

(a) Submission of certified cost or pricing data is not required.

(b) Provide data described below: [Insert description of the data and the format that are required, including the access to

records necessary to permit an adequate evaluation of the proposed price in accordance with 15.4 .]

52.215-22 Limitations on Pass-Through Charges-Identification of Subcontract Effort.

As prescribed in 15.110(v)(1), use the following provision:

52.2-90**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-23****LIMITATIONS ON PASS-THROUGH CHARGES-IDENTIFICATION OF SUBCONTRACT EFFORT (DEVIATION DATE)**

(a) Definitions. Added value, excessive pass-through charge, subcontract, and subcontractor, as used in this provision, are defined in the clause of this request for proposals entitled "Limitations on Pass-Through Charges" (FAR 52.215-23).

(b) General. The offeror's proposal shall exclude excessive pass-through charges.

(c) Performance of work by the Contractor or a subcontractor. (1) The offeror shall identify in its proposal the total cost of the work to be performed by the offeror, and the total cost of the work to be performed by each subcontractor, under the contract, task order, or delivery order.

(2) If the offeror intends to subcontract more than 70 percent of the total cost of work to be performed under the contract, task order, or delivery order, the offeror shall identify in its proposal-

(i) The amount of the offeror's indirect costs and profit/fee applicable to the work to be performed by the subcontractor(s); and

(ii) A description of the added value provided by the offeror as related to the work to be performed by the subcontractor(s).

(3) If any subcontractor proposed under the contract, task order, or delivery order intends to subcontract to a lower-tier subcontractor more than 70 percent of the total cost of work to be performed under its subcontract, the offeror shall identify in its proposal-

(i) The amount of the subcontractor's indirect costs and profit/fee applicable to the work to be performed by the lower-tier subcontractor(s); and

(ii) A description of the added value provided by the subcontractor as related to the work to be performed by the lower-tier subcontractor(s).

(End of provision)

52.215-23 Limitations on Pass-Through Charges.

As prescribed in 15.110(v)(2), use the following clause:

LIMITATIONS ON PASS-THROUGH CHARGES (DEVIATION DATE)

(a) Definitions. As used in this clause-

Added value means that the Contractor performs subcontract management functions that the Contracting Officer determines are a benefit to the Government (e.g., processing orders of parts or services, maintaining inventory, reducing delivery lead times, managing multiple sources for contract requirements, coordinating deliveries, performing quality assurance functions).

Excessive pass-through charge, with respect to a Contractor or subcontractor that adds no or negligible value to a contract

or subcontract, means a charge to the Government by the Contractor or subcontractor that is for indirect costs or profit/fee

on work performed by a subcontractor (other than charges for the costs of managing subcontracts and any applicable

indirect

costs and associated profit/fee based on such costs).

No or negligible value means the Contractor or subcontractor cannot demonstrate to the Contracting Officer that its effort

added value to the contract or subcontract in accomplishing the work performed under the contract (including task or delivery

orders).

Subcontract means any contract, as defined in Federal Acquisition Regulation (FAR)2.101, entered into by a subcontractor

to furnish supplies or services for performance of the contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor, as defined in FAR part 44, means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

(b) General. The Government will not pay excessive pass-through charges. The Contracting Officer shall determine if

excessive pass-through charges exist.

(c) Reporting. Required reporting of performance of work by the Contractor or a subcontractor. The Contractor shall notify

the Contracting Officer in writing if-

(1) The Contractor changes the amount of subcontract effort after award such that it exceeds 70 percent of the total cost

of work to be performed under the contract, task order, or delivery order. The notification shall identify the revised cost of the

subcontract effort and shall include verification that the Contractor will provide added value; or

52.2-91

52.215-23 FEDERAL ACQUISITION REGULATION

(2) Any subcontractor changes the amount of lower-tier subcontractor effort after award such that it exceeds 70 percent

of the total cost of the work to be performed under its subcontract. The notification shall identify the revised cost of the subcontract effort and shall include verification that the subcontractor will provide added value as related to the work to be

performed by the lower-tier subcontractor(s).

(d) Recovery of excessive pass-through charges. If the Contracting Officer determines that excessive pass-through charges

exist;

(1) For other than fixed-price contracts, the excessive pass-through charges are unallowable in accordance with the

provisions in FAR 31; and

(2) For applicable DoD fixed-price contracts, as identified in 15.110(v)(2)(i)(B), the Government shall be entitled to a

price reduction for the amount of excessive pass-through charges included in the contract price.

(e) Access to records. (1) The Contracting Officer, or authorized representative, shall have the right to examine and audit

all the Contractor's records (as defined at FAR 52.215-2(a)) necessary to determine whether the Contractor proposed,

billed,
or claimed excessive pass-through charges.

(2) For those subcontracts to which paragraph (f) of this clause applies, the Contracting Officer, or authorized representative, shall have the right to examine and audit all the subcontractor's records (as defined at FAR 52.215-2(a))

necessary to determine whether the subcontractor proposed, billed, or claimed excessive pass-through charges.

(f) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (f), in all cost-reimbursement subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101

on the date of subcontract award, except if the contract is with DoD, then insert in all cost-reimbursement subcontracts and

fixed-price subcontracts, except those identified in FAR 15.110(v)(2)(i)(B)(2), that exceed the threshold for obtaining cost or

pricing data in FAR 15.403-3(a) on the date of subcontract award.

(End of clause)

Alternate I (OCT 2009). As prescribed in 15.110(v)(2)(iii), substitute the following paragraph (b) for paragraph (b) of the clause:

(b) General. The Government will not pay excessive pass-through charges. The Contracting Officer has determined that

there will be no excessive pass-through charges, provided the Contractor performs the disclosed value-added functions.

52.2-92

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-2

52.216 [Reserved]

52.216-1 Type of Contract.

As prescribed in 16.104, complete and insert the following provision:

TYPE OF CONTRACT (DEVIATION DATE)

The Government contemplates award of a _____ [Contracting Officer insert specific type of contract] contract

resulting from this solicitation.

(End of provision)

Alternate I (DEVIATION DATE). As prescribed in 16.104, Include the following as paragraph (a) of the basic provision:

Offerors may propose an alternative contract type.

52.216-2 Economic Price Adjustment-Standard Supplies.

As prescribed in 16.203-4(a), insert the following clause:

ECONOMIC PRICE ADJUSTMENT-STANDARD SUPPLIES (NOV 2021)

(a) The Contractor warrants that the unit price stated in the Schedule for _____ [offeror insert Schedule line item

number] is not in excess of the Contractor's applicable established price in effect on the contract date for like quantities of

the same item. The term "unit price" excludes any part of the price directly resulting from requirements for preservation, packaging, or packing beyond standard commercial practice. The term "established price" means a price that-

(1) Is an established catalog or market price for a commercial product sold in substantial quantities to the general

public; and

(2) Is the net price after applying any standard trade discounts offered by the Contractor.

(b) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in

any applicable established price. Each corresponding contract unit price shall be decreased by the same percentage that the

established price is decreased. The decrease shall apply to those items delivered on and after the effective date of the decrease

in the Contractor's established price, and this contract shall be modified accordingly.

(c) If the Contractor's applicable established price is increased after the contract date, the corresponding contract unit

price shall be increased, upon the Contractor's written request to the Contracting Officer, by the same percentage that the

established price is increased, and the contract shall be modified accordingly, subject to the following limitations:

(1) The aggregate of the increases in any contract unit price under this clause shall not exceed 10 percent of the original

contract unit price.

(2) The increased contract unit price shall be effective-

(i) On the effective date of the increase in the applicable established price if the Contracting Officer receives the Contractor's written request within 10 days thereafter; or

(ii) If the written request is received later, on the date the Contracting Officer receives the request.

(3) The increased contract unit price shall not apply to quantities scheduled under the contract for delivery before the

effective date of the increased contract unit price, unless failure to deliver before that date results from causes beyond the

control and without the fault or negligence of the Contractor, within the meaning of the Default clause.

(4) No modification increasing a contract unit price shall be executed under this paragraph (c) until the Contracting

Officer verifies the increase in the applicable established price.

(5) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability

to either party, any undelivered portion of the contract items affected by the requested increase.

(d) During the time allowed for the cancellation provided for in paragraph (c)(5) of this clause, and thereafter if there is no

cancellation, the Contractor shall continue deliveries according to the contract delivery schedule, and the Government shall

pay for such deliveries at the contract unit price, increased to the extent provided by paragraph (c) of this clause.

(End of clause)

52.2-93

52.216-3 FEDERAL ACQUISITION REGULATION

52.216-3 Economic Price Adjustment-Semistandard Supplies.

As prescribed in 16.203-4(b), insert the following clause:

ECONOMIC PRICE ADJUSTMENT-SEMISTANDARD SUPPLIES (NOV 2021)

(a) The Contractor warrants that the supplies identified as line items _____ [offeror insert Schedule line

item

number] in the Schedule are, except for modifications required by the contract specifications, supplies for which it has an established price. The term "established price" means a price that (1) is an established catalog or market price for a commercial product sold in substantial quantities to the general public, and (2) is the net price after applying any standard

trade discounts offered by the Contractor. The Contractor further warrants that, as of the date of this contract, any difference

between the unit prices stated in the contract for these line items and the Contractor's established prices for like quantities of

the nearest commercial equivalents are due to compliance with contract specifications and with any contract requirements for

preservation, packaging, and packing beyond standard commercial practice.

(b) The Contractor shall promptly notify the Contracting Officer of the amount and effective date of each decrease in

any applicable established price. Each corresponding contract unit price (exclusive of any part of the unit price that reflects

modifications resulting from compliance with specifications or with requirements for preservation, packaging, and packing

beyond standard commercial practice) shall be decreased by the same percentage that the established price is decreased. The

decrease shall apply to those items delivered on and after the effective date of the decrease in the Contractor's established

price, and this contract shall be modified accordingly.

(c) If the Contractor's applicable established price is increased after the contract date, the corresponding contract unit price

(exclusive of any part of the unit price resulting from compliance with specifications or with requirements for preservation,

packaging, and packing beyond standard commercial practice) shall be increased, upon the Contractor's written request to

the Contracting Officer, by the same percentage that the established price is increased, and the contract shall be modified

accordingly, subject to the following limitations:

(1) The aggregate of the increases in any contract unit price under this clause shall not exceed 10 percent of the original

contract unit price.

(2) The increased contract unit price shall be effective-

(i) On the effective date of the increase in the applicable established price if the Contracting Officer receives the Contractor's written request within 10 days thereafter; or

(ii) If the written request is received later, on the date the Contracting Officer receives the request.

(3) The increased contract unit price shall not apply to quantities scheduled under the contract for delivery before the

effective date of the increased contract unit price, unless failure to deliver before that date results from causes beyond the

control and without the fault or negligence of the Contractor, within the meaning of the Default clause.

(4) No modification increasing a contract unit price shall be executed under this paragraph (c) until the

Contracting

Officer verifies the increase in the applicable established price.

(5) Within 30 days after receipt of the Contractor's written request, the Contracting Officer may cancel, without liability

to either party, any undelivered portion of the contract items affected by the requested increase.

(d) During the time allowed for the cancellation provided for in paragraph (c)(5) of this clause, and thereafter if there is no

cancellation, the Contractor shall continue deliveries according to the contract delivery schedule, and the Government shall

pay for such deliveries at the contract unit price, increased to the extent provided by paragraph (c) of this clause.

(End of clause)

52.216-4 Economic Price Adjustment-Labor and Material.

As prescribed in 16.203-4(c), insert the following clause:

ECONOMIC PRICE ADJUSTMENT-LABOR AND MATERIAL (JAN 2017)

(a) The Contractor shall notify the Contracting Officer if, at any time during contract performance, the rates of pay for labor (including fringe benefits) or the unit prices for material shown in the Schedule either increase or decrease. The

Contractor shall furnish this notice within 60 days after the increase or decrease, or within any additional period that the Contracting Officer may approve in writing, but not later than the date of final payment under this contract. The notice shall

include the Contractor's proposal for an adjustment in the contract unit prices to be negotiated under paragraph (b) of this

52.2-94

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-5

clause, and shall include, in the form required by the Contracting Officer, supporting data explaining the cause, effective date,

and amount of the increase or decrease and the amount of the Contractor's adjustment proposal.

(b) Promptly after the Contracting Officer receives the notice and data under paragraph (a) of this clause, the Contracting

Officer and the Contractor shall negotiate a price adjustment in the contract unit prices and its effective date. However, the Contracting Officer may postpone the negotiations until an accumulation of increases and decreases in the labor rates

(including fringe benefits) and unit prices of material shown in the Schedule results in an adjustment allowable under

paragraph (c)(3) of this clause. The Contracting Officer shall modify this contract (1)to include the price adjustment and its

effective date and (2)to revise the labor rates (including fringe benefits) or unit prices of material as shown in the Schedule

to reflect the increases or decreases resulting from the adjustment. The Contractor shall continue performance pending agreement on, or determination of, any adjustment and its effective date.

(c) Any price adjustment under this clause is subject to the following limitations:

(1) Any adjustment shall be limited to the effect on unit prices of the increases or decreases in the rates of pay for labor

(including fringe benefits) or unit prices for material shown in the Schedule. There shall be no adjustment for-

- (i) Supplies or services for which the production cost is not affected by such changes;
- (ii) Changes in rates or unit prices other than those shown in the Schedule; or
- (iii) Changes in the quantities of labor or material used from those shown in the Schedule for each item.

(2) No upward adjustment shall apply to supplies or services that are required to be delivered or performed before

the effective date of the adjustment, unless the Contractor's failure to deliver or perform according to the delivery schedule

results from causes beyond the Contractor's control and without its fault or negligence, within the meaning of the Default

clause.

(3) There shall be no adjustment for any change in rates of pay for labor (including fringe benefits) or unit prices for

material which would not result in a net change of at least 3 percent of the then-current total contract price. This limitation

shall not apply, however, if, after final delivery of all line items, either party requests an adjustment under paragraph (b) of

this clause.

(4) The aggregate of the increases in any contract unit price made under this clause shall not exceed 10 percent of the

original unit price. There is no percentage limitation on the amount of decreases that may be made under this clause.

(d) The Contracting Officer may examine the Contractor's books, records, and other supporting data relevant to the

cost of labor (including fringe benefits) and material during all reasonable times until the end of 3 years after the date of final payment under this contract or the time periods specified in subpart 4.7 of the Federal Acquisition Regulation (FAR),

whichever is earlier.

(End of clause)

52.216-5 Price Redetermination-Prospective.

As prescribed in 16.204-4 , insert the following clause:

PRICE REDETERMINATION-PROSPECTIVE (DEVIATION DATE)

(a) General. The unit prices and the total price stated in this contract shall be periodically redetermined in accordance with

this clause, except that-

(1) The prices for supplies delivered and services performed before the first effective date of price redetermination (see

paragraph (c) of this clause) shall remain fixed; and

(2) In no event shall the total amount paid under this contract exceed any ceiling price included in the contract.

(b) Definition. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition

Regulation (FAR) in effect on the date of this contract.

(c) Price redetermination periods. For the purpose of price redetermination, performance of this contract is divided into successive periods. The first period shall extend from the date of the contract to _____, [see Note (1)] and the second and each succeeding period shall extend for _____ [insert appropriate number] months from the end of the last

preceding period, except that the parties may agree to vary the length of the final period. The first day of the second and each

succeeding period shall be the effective date of price redetermination for that period.

(d) Data submission. (1) Not more than _____ nor less than _____ [see Note (2)] days before the end of each redetermination period, except the last, the Contractor shall submit-

52.2-95

52.216-5 FEDERAL ACQUISITION REGULATION

(i) Proposed prices for supplies that may be delivered or services that may be performed in the next succeeding period, and-

(A) An estimate and breakdown of the costs of these supplies or services in the format of Table 15-1, FAR

15.408, or in any other form on which the parties may agree;

(B) Sufficient data to support the accuracy and reliability of this estimate; and

(C) An explanation of the differences between this estimate and the original (or last preceding) estimate for the

same supplies or services; and

(ii) A statement of all costs incurred in performing this contract through the end of the _____ month (see Note (3)) before the submission of proposed prices in the format of Table 15-1, FAR 15.408 (or in any other form on

which the parties may agree), with sufficient supporting data to disclose unit costs and cost trends for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary).

(2) The Contractor shall also submit, to the extent that it becomes available before negotiations on redetermined prices

are concluded-

(i) Supplemental statements of costs incurred after the date stated in subdivision (d)(1)(ii) of this section for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary);

and

(ii) Any other relevant data that the Contracting Officer may reasonably require.

(3) If the Contractor fails to submit the data required by paragraphs (d)(1) and (2) of this section, within the time specified, the Contracting Officer may suspend payments under this contract until the data are furnished. If it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear

interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the

Interest clause.

(e) Price redetermination. Upon the Contracting Officer's receipt of the data required by paragraph (d) of this section, the

Contracting Officer and the Contractor shall promptly negotiate to redetermine fair and reasonable prices for supplies that

may be delivered or services that may be performed in the period following the effective date of price redetermination.

(f) Contract modifications. Each negotiated redetermination of prices shall be evidenced by a modification to this contract,

signed by the Contractor and the Contracting Officer, stating the redetermined prices that apply during the redetermination

period.

(g) Adjusting billing prices. Pending execution of the contract modification (see paragraph (f) of this section), the Contractor shall submit invoices or vouchers in accordance with the billing prices stated in this contract. If at any time it appears that the then-current billing prices will be substantially greater than the estimated final prices, or if the Contractor

submits data showing that the redetermined price will be substantially greater than the current billing prices, the parties shall

negotiate an appropriate decrease or increase in billing prices. Any billing price adjustment shall be reflected in a contract

modification and shall not affect the redetermination of prices under this clause. After the contract modification for price redetermination is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the

agreed-upon prices, and any requested additional payments, refunds, or credits shall be made promptly.

(h) Quarterly limitation on payments statement. This paragraph (h) applies only during periods for which firm prices have

not been established.

(1) Within 45 days after the end of the quarter of the Contractor's fiscal year in which a delivery is first made (or

services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract

auditor) a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for

which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been

established;

(iii) The portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (h)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established; and

52.2-96

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-6

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) The statement required by paragraph (h)(1) of this section need not be submitted for any quarter for which either

no costs are to be reported under subdivision (h)(1)(ii) of this section, or revised billing prices have been established

in accordance with paragraph (g) of this section, and do not exceed the existing contract price, the Contractor's price-redetermination proposal, or a price based on the most recent quarterly statement, whichever is least.

(3) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (h)(1)(iv) of this section exceeds the sum due the Contractor, as computed in accordance with subdivisions (h)(1)(i), (ii), and (iii) of this section, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account, consistent with the Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

(4) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in accordance with the Interest clause.

(i) Subcontracts. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost basis.

(j) Disagreements. If the Contractor and the Contracting Officer fail to agree upon redetermined prices for any price redetermination period within 60 days (or within such other period as the parties agree) after the date on which the data required by paragraph (d) of this section are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause. For the purpose of paragraphs (f), (g), and (h) of this section, and pending final settlement of the disagreement on appeal, by failure to appeal, or by agreement, this decision shall be treated as an executed contract modification. Pending final settlement, price redetermination for subsequent periods, if any, shall continue to be negotiated as provided in this clause.

(k) Termination. If this contract is terminated, prices shall continue to be established in accordance with this clause for

(1) completed supplies and services accepted by the Government and (2) those supplies and services not terminated under a partial termination. All other elements of the termination shall be resolved in accordance with other applicable clauses of this contract.

Notes:

(1) Express in terms of units delivered, or as a date; but in either case the period should end on the last day of a month.

(2) Insert the number of days chosen so that the Contractor's submission will be late enough to reflect recent cost

experience (taking into account the Contractor's accounting system), but early enough to permit review, audit (if necessary),

and negotiation before the start of the prospective period.

(3) Insert "first," except that "second" may be inserted if necessary to achieve compatibility with the Contractor's

accounting system.

(End of clause)

52.216-6 Price Redetermination-Retroactive.

As prescribed in 16.205-4 , insert the following clause:

PRICE REDETERMINATION-RETROACTIVE (DEVIATION DATE)

(a) General. The unit price and the total price stated in this contract shall be redetermined in accordance with this clause,

but in no event shall the total amount paid under this contract exceed _____ [insert dollar amount of ceiling price].

(b) Definition. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition

Regulation (FAR) in effect on the date of this contract.

(c) Data submission. (1) Within _____ [Contracting Officer insert number of days] days after delivery of all supplies to

be delivered and completion of all services to be performed under this contract, the Contractor shall submit-

(i) Proposed prices;

52.2-97

52.216-6 FEDERAL ACQUISITION REGULATION

(ii) A statement in the format of Table 15-1, FAR 15.408, or in any other form on which the parties may agree, of all costs incurred in performing the contract; and

(iii) Any other relevant data that the Contracting Officer may reasonably require.

(2) If the Contractor fails to submit the data required by paragraph (c)(1) of this section within the time specified, the

Contracting Officer may suspend payments under this contract until the data are furnished. If it is later determined that the

Government has overpaid the Contractor, the excess shall be repaid to the Government immediately. Unless repaid within 30

days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data

were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) Price determination. Upon the Contracting Officer's receipt of the data required by paragraph (c) of this section, the Contracting Officer and the Contractor shall promptly negotiate to redetermine fair and reasonable prices for supplies

delivered and services performed by the Contractor under this contract.

(e) Contract modification. The negotiated redetermination of price shall be evidenced by a modification to this contract,

signed by the Contractor and the Contracting Officer.

(f) Adjusting billing prices. Pending execution of the contract modification (see paragraph (e) of this section), the Contractor shall submit invoices or vouchers in accordance with billing prices stated in this contract. If at any time it appears that the then-current billing prices will be substantially greater than the estimated final prices, or if the Contractor submits data showing that the redetermined prices will be substantially greater than the current billing prices, the parties shall negotiate an appropriate decrease or increase in billing prices. Any billing price adjustment shall be reflected in a contract modification and shall not affect the redetermination of prices under this clause. After the contract modification for price redetermination is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the agreed-upon prices, and any resulting additional payments, refunds, or credits shall be made promptly.

(g) Quarterly limitation on payments statement. This paragraph (g) shall apply until final price redetermination under this contract has been completed.

(1) Within 45 days after the end of the quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract auditor), a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (g)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (g)(1)(iv) of this section exceeds the sum due the Contractor, as computed in accordance with subdivisions (g)(1)(i), (ii), and (iii) of this section, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments, then that portion may, instead of being refunded, be added to the unliquidated progress payment account, consistent with the

Progress Payments clause. The Contractor shall provide complete details to support any claimed reduction in refunds.

(3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later

determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall

bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in

accordance with the Interest clause.

(h) Subcontracts. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost

basis.

(i) Disagreements. If the Contractor and the Contracting Officer fail to agree upon redetermined prices within 60 days (or

within such other period as the parties agree) after the date on which the data required by paragraph (c) of this section are to

52.2-98

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-7

be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause. For the purpose

of paragraphs (e), (f), and (g) of this section, and pending final settlement of the disagreement on appeal, by failure to appeal,

or by agreement, this decision shall be treated as an executed contract modification.

(j) Termination. If this contract is terminated before price redetermination, prices shall be established in accordance with

this clause for completed supplies and services not terminated. All other elements of the termination shall be resolved in

accordance with other applicable clauses of this contract.

(End of clause)

52.216-7 Allowable Cost and Payment.

As prescribed in 16.305(a), insert the following clause:

ALLOWABLE COST AND PAYMENT (DEVIATION DATE)

(a) Invoicing. (1) The Government will make payments to the Contractor when requested as work progresses, but (except for small business concerns) not more often than once every 2 weeks, in amounts determined to be allowable by

the Contracting Officer in accordance with Federal Acquisition Regulation (FAR) subpart 31.2 in effect on the date of this

contract and the terms of this contract. The Contractor may submit to an authorized representative of the Contracting Officer,

in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the

claimed allowable cost for performing this contract.

(2) Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act. Interim

payments made prior to the final payment under the contract are contract financing payments, except interim payments if this

contract contains Alternate I to the clause at 52.232-25.

(3) The designated payment office will make interim payments for contract financing on the _____
[Contracting

Officer insert day as prescribed by agency head; if not prescribed, insert "30t" h] day after the designated billing office receives a proper payment request. In the event that the Government requires an audit or other review of a specific payment

request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to

make payment by the specified due date.

(b) Reimbursing costs. (1) For the purpose of reimbursing allowable costs (except as provided in paragraph (b)(2) of this

clause, with respect to pension, deferred profit sharing, and employee stock ownership plan contributions), the term "costs"

includes only?

(i) Those recorded costs that, at the time of the request for reimbursement, the Contractor has paid by cash, check, or

other form of actual payment for items or services purchased directly for the contract;

(ii) When the Contractor is not delinquent in paying costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for-

(A) Supplies and services purchased directly for the contract and associated financing payments to subcontractors, provided payments determined due will be made?

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the Contractor?s payment request to the Government;

(B) Materials issued from the Contractor?s inventory and placed in the production process for use on the contract;

(C) Direct labor;

(D) Direct travel;

(E) Other direct in-house costs; and

(F) Properly allocable and allowable indirect costs, as shown in the records maintained by the Contractor for

purposes of obtaining reimbursement under Government contracts; and

(iii) The amount of financing payments that have been paid by cash, check, or other forms of payment to subcontractors.

(2) Accrued costs of Contractor contributions under employee pension plans shall be excluded until actually paid

unless-

(i) The Contractor?s practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor?s indirect costs for payment purposes).

52.2-99

52.216-7 FEDERAL ACQUISITION REGULATION

(3) Notwithstanding the audit and adjustment of invoices or vouchers under paragraph (g) of this clause, allowable

indirect costs under this contract shall be obtained by applying indirect cost rates established in accordance with paragraph

(d) of this clause.

(4) Any statements in specifications or other documents incorporated in this contract by reference designating performance of services or furnishing of materials at the Contractor's expense or at no cost to the Government shall be disregarded for purposes of cost-reimbursement under this clause.

(c) Small business concerns. A small business concern may receive more frequent payments than every 2 weeks.

(d) Final indirect cost rates. (1) Final annual indirect cost rates and the appropriate bases shall be established in accordance with subpart 42.7 of the Federal Acquisition Regulation (FAR) in effect for the period covered by the indirect cost rate proposal.

(2) (i) The Contractor shall submit an adequate final indirect cost rate proposal to the Contracting Officer (or cognizant

Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable

extensions, for exceptional circumstances only, may be requested in writing by the Contractor and granted in writing by the

Contracting Officer. The Contractor shall support its proposal with adequate supporting data.

(ii) The proposed rates shall be based on the Contractor's actual cost experience for that period. The appropriate Government representative and the Contractor shall establish the final indirect cost rates as promptly as practical after receipt of the Contractor's proposal.

(iii) An adequate indirect cost rate proposal shall include the following data unless otherwise specified by the cognizant Federal agency official:

(A) Summary of all claimed indirect expense rates, including pool, base, and calculated indirect rate.

(B) General and Administrative expenses (final indirect cost pool). Schedule of claimed expenses by element of

cost as identified in accounting records (Chart of Accounts).

(C) Overhead expenses (final indirect cost pool). Schedule of claimed expenses by element of cost as identified in

accounting records (Chart of Accounts) for each final indirect cost pool.

(D) Occupancy expenses (intermediate indirect cost pool). Schedule of claimed expenses by element of cost as

identified in accounting records (Chart of Accounts) and expense reallocation to final indirect cost pools.

(E) Claimed allocation bases, by element of cost, used to distribute indirect costs.

(F) Facilities capital cost of money factors computation.

(G) Reconciliation of books of account (i.e., General Ledger) and claimed direct costs by major cost element.

(H) Schedule of direct costs by contract and subcontract and indirect expense applied at claimed rates, as well as

a subsidiary schedule of Government participation percentages in each of the allocation base amounts.

(I) Schedule of cumulative direct and indirect costs claimed and billed by contract and subcontract.

(J) Subcontract information. Listing of subcontracts awarded to companies for which the contractor is the prime

or upper-tier contractor (include prime and subcontract numbers; subcontract value and award type; amount claimed during the fiscal year; and the subcontractor name, address, and point of contact information).

(K) Summary of each time-and-materials and labor-hour contract information, including labor categories, labor

rates, hours, and amounts; direct materials; other direct costs; and, indirect expense applied at claimed rates.

(L) Reconciliation of total payroll per IRS form 941 to total labor costs distribution.

(M) Listing of decisions/agreements/approvals and description of accounting/organizational changes.

(N) Certificate of final indirect costs (see 52.242-4, Certification of Final Indirect Costs).

(O) Contract closing information for contracts physically completed in this fiscal year (include contract number,

period of performance, contract ceiling amounts, contract fee computations, level of effort, and indicate if the contract is ready to close).

(iv) The following supplemental information is not required to determine if a proposal is adequate, but may be required during the audit process:

(A) Comparative analysis of indirect expense pools detailed by account to prior fiscal year and budgetary data.

(B) General organizational information and limitation on allowability of compensation for certain contractor

personnel. See 31.205-6(p).

(C) Identification of prime contracts under which the contractor performs as a subcontractor.

(D) Description of accounting system (excludes contractors required to submit a CAS Disclosure Statement or

contractors where the description of the accounting system has not changed from the previous year's submission).

(E) Procedures for identifying and excluding unallowable costs from the costs claimed and billed (excludes

contractors where the procedures have not changed from the previous year's submission).

52.2-100

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-7

(F) Certified financial statements and other financial data (e.g., trial balance, compilation, review, etc.).

(G) Management letter from outside CPAs concerning any internal control weaknesses.

(H) Actions that have been and/or will be implemented to correct the weaknesses described in the management

letter from subparagraph (G) of this section.

(I) List of all internal audit reports issued since the last disclosure of internal audit reports to the Government.

(J) Annual internal audit plan of scheduled audits to be performed in the fiscal year when the final indirect cost

rate submission is made.

(K) Federal and State income tax returns.

(L) Securities and Exchange Commission 10-K annual report.

(M) Minutes from board of directors meetings.

(N) Listing of delay claims and termination claims submitted which contain costs relating to the subject fiscal

year.

(O) Contract briefings, which generally include a synopsis of all pertinent contract provisions, such as:
contract

type, contract amount, product or service(s) to be provided, contract performance period, rate ceilings, advance approval

requirements, pre-contract cost allowability limitations, and billing limitations.

(v) The Contractor shall update the billings on all contracts to reflect the final settled rates and update the schedule of cumulative direct and indirect costs claimed and billed, as required in paragraph (d)(2)(iii)(I) of this section, within 60 days after settlement of final indirect cost rates.

(3) The Contractor and the appropriate Government representative shall execute a written understanding setting forth

the final indirect cost rates. The understanding shall specify (i) the agreed-upon final annual indirect cost rates, (ii) the bases

to which the rates apply, (iii) the periods for which the rates apply, (iv) any specific indirect cost items treated as direct costs in the settlement, and (v) the affected contract and/or subcontract, identifying any with advance agreements or special

terms and the applicable rates. The understanding shall not change any monetary ceiling, contract obligation, or specific cost

allowance or disallowance provided for in this contract. The understanding is incorporated into this contract upon execution.

(4) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the

Disputes clause.

(5) Within 120 days (or longer period if approved in writing by the Contracting Officer) after settlement of the final

annual indirect cost rates for all years of a physically complete contract, the Contractor shall submit a completion invoice or

voucher to reflect the settled amounts and rates. The completion invoice or voucher shall include settled subcontract amounts

and rates. The prime contractor is responsible for settling subcontractor amounts and rates included in the completion invoice

or voucher and providing status of subcontractor audits to the contracting officer upon request.

(6) (i) If the Contractor fails to submit a completion invoice or voucher within the time specified in paragraph (d)(5) of

this clause, the Contracting Officer may-

(A) Determine the amounts due to the Contractor under the contract; and

(B) Record this determination in a unilateral modification to the contract.

(ii) This determination constitutes the final decision of the Contracting Officer in accordance with the Disputes clause.

(e) Billing rates. Until final annual indirect cost rates are established for any period, the Government shall reimburse the

Contractor at billing rates established by the Contracting Officer or by an authorized representative (the cognizant auditor),

subject to adjustment when the final rates are established. These billing rates-

(1) Shall be the anticipated final rates; and

(2) May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial

overpayment or underpayment.

(f) Quick-closeout procedures. Quick-closeout procedures are applicable when the conditions in FAR 42.708(a) are satisfied.

(g) Audit. At any time or times before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and statements of cost audited. Any payment may be-

(1) Reduced by amounts found by the Contracting Officer not to constitute allowable costs; or

(2) Adjusted for prior overpayments or underpayments.

(h) Final payment. (1) Upon approval of a completion invoice or voucher submitted by the Contractor in accordance with

paragraph (d)(5) of this clause, and upon the Contractor's compliance with all terms of this contract, the Government shall

promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.

52.2-101

52.216-8 FEDERAL ACQUISITION REGULATION

(2) The Contractor shall pay to the Government any refunds, rebates, credits, or other amounts (including interest,

if any) accruing to or received by the Contractor or any assignee under this contract, to the extent that those amounts are properly allocable to costs for which the Contractor has been reimbursed by the Government. Reasonable expenses

incurred by the Contractor for securing refunds, rebates, credits, or other amounts shall be allowable costs if approved by the

Contracting Officer. Before final payment under this contract, the Contractor and each assignee whose assignment is in effect

at the time of final payment shall execute and deliver-

(i) An assignment to the Government, in form and substance satisfactory to the Contracting Officer, of refunds, rebates, credits, or other amounts (including interest, if any) properly allocable to costs for which the Contractor has been

reimbursed by the Government under this contract; and

(ii) A release discharging the Government, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this contract, except-

(A) Specified claims stated in exact amounts, or in estimated amounts when the exact amounts are not known;

(B) Claims (including reasonable incidental expenses) based upon liabilities of the Contractor to third parties

arising out of the performance of this contract; provided, that the claims are not known to the Contractor on the date of the

execution of the release, and that the Contractor gives notice of the claims in writing to the Contracting Officer within 6 years

following the release date or notice of final payment date, whichever is earlier; and

(C) Claims for reimbursement of costs, including reasonable incidental expenses, incurred by the Contractor

under the patent clauses of this contract, excluding, however, any expenses arising from the Contractor's

indemnification of

the Government against patent liability.

(End of clause)

Alternate I (FEB 1997). As prescribed in 16.305(a)(2), substitute the following paragraph (b)(1)(iii) for paragraph (b)(1)(iii) of the basic clause:

(iii) The amount of progress and other payments to the Contractor's subcontractors that either have been paid, or that the

Contractor is required to pay pursuant to the clause of this contract entitled "Prompt Payment for Construction Contracts."

Payments shall be made by cash, check, or other form of payment to the Contractor's subcontractors under similar cost

standards.

Alternate II (AUG 2012). As prescribed in 16.305(a)(3), substitute the following paragraph (a)(1) for paragraph (a)(1) of the basic clause:

(a)(1) The Government will make payments to the Contractor when requested as work progresses, but not more often

than once every two weeks, in amounts determined to be allowable by the Contracting Officer in accordance with FAR

subpart 31.3 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized

representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or

voucher supported by a statement of the claimed allowable cost for performing this contract.

Alternate III (AUG 2012). As prescribed in 16.305(a)(4), substitute the following paragraph (a)(1) for paragraph (a)(1) of the basic clause:

(a)(1) The Government will make payments to the Contractor when requested as work progresses, but not more often

than once every two weeks, in amounts determined to be allowable by the Contracting Officer in accordance with FAR

subpart 31.6 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized

representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or

voucher supported by a statement of the claimed allowable cost for performing this contract.

Alternate IV (AUG 2012). As prescribed in 16.305(a)(5), substitute the following paragraph (a)(1) for paragraph (a)(1) of the basic clause:

(a)(1) The Government will make payments to the Contractor when requested as work progresses, but not more often

than once every two weeks, in amounts determined to be allowable by the Contracting Officer in accordance with FAR

subpart 31.7 in effect on the date of this contract and the terms of this contract. The Contractor may submit to an authorized

representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or

voucher supported by a statement of the claimed allowable cost for performing this contract.

52.216-8 Fixed Fee.

As prescribed in 16.305(b), insert the following clause:

52.2-102

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-10

FIXED FEE (JUN 2011)

(a) The Government shall pay the Contractor for performing this contract the fixed fee specified in the Schedule.

(b) Payment of the fixed fee shall be made as specified in the Schedule; provided that the Contracting Officer withholds

a reserve not to exceed 15 percent of the total fixed fee or \$100,000, whichever is less, to protect the Government's interest.

The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of an adequate certified

final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not

delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of

the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of

final indirect cost rate proposals.

(End of clause)

52.216-9 Fixed Fee-Construction.

As prescribed in 16.305(c), insert the following clause:

FIXED FEE-CONSTRUCTION (JUN 2011)

(a) The Government shall pay to the Contractor for performing this contract the fixed fee specified in the Schedule.

(b) Payment of the fixed fee shall be made in installments based upon the percentage of completion of the work as determined from estimates submitted to and approved by the Contracting Officer, but subject to the withholding provisions of paragraph (c) of this section.

(c) The Contracting Officer shall withhold a reserve not to exceed 15 percent of the total fixed fee or \$100,000, whichever

is less, to protect the Government's interest. The Contracting Officer shall release 75 percent of all fee withholds under this

contract after receipt of an adequate certified final indirect cost rate proposal covering the year of physical completion of this

contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final

patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting

Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance

related to the submission and settlement of final indirect cost rate proposals.

(End of clause)

52.216-10 Incentive Fee.

As prescribed in 16.305(d), insert the following clause:

INCENTIVE FEE (JUN 2011)

(a) General. The Government shall pay the Contractor for performing this contract a fee determined as provided in this contract.

(b) Target cost and target fee. The target cost and target fee specified in the Schedule are subject to adjustment if the contract is modified in accordance with paragraph (d) of this clause.

(1) "Target cost," as used in this contract, means the estimated cost of this contract as initially negotiated, adjusted in accordance with paragraph (d) of this clause.

(2) "Target fee," as used in this contract, means the fee initially negotiated on the assumption that this contract would be performed for a cost equal to the estimated cost initially negotiated, adjusted in accordance with paragraph (d) of this clause.

(c) Withholding of payment. (1) Normally, the Government shall pay the fee to the Contractor as specified in the Schedule. However, when the Contracting Officer considers that performance or cost indicates that the Contractor will not achieve target, the Government shall pay on the basis of an appropriate lesser fee. When the Contractor demonstrates that performance or cost clearly indicates that the Contractor will earn a fee significantly above the target fee, the Government may, at the sole discretion of the Contracting Officer, pay on the basis of an appropriate higher fee.

(2) Payment of the incentive fee shall be made as specified in the Schedule; provided that the Contracting Officer withholds a reserve not to exceed 15 percent of the total incentive fee or \$100,000, whichever is less, to protect the

52.2-103

52.216-11 FEDERAL ACQUISITION REGULATION

Government's interest. The Contracting Officer shall release 75 percent of all fee withholds under this contract after receipt of an adequate certified final indirect cost rate proposal covering the year of physical completion of this contract, provided the Contractor has satisfied all other contract terms and conditions, including the submission of the final patent and royalty reports, and is not delinquent in submitting final vouchers on prior years' settlements. The Contracting Officer may release up to 90 percent of the fee withholds under this contract based on the Contractor's past performance related to the submission and settlement of final indirect cost rate proposals.

(d) Equitable adjustments. When the work under this contract is increased or decreased by a modification to this contract or when any equitable adjustment in the target cost is authorized under any other clause, equitable adjustments in the target cost, target fee, minimum fee, and maximum fee, as appropriate, shall be stated in a supplemental agreement to this contract.

(e) Fee payable. (1) The fee payable under this contract shall be the target fee increased by ____ [Contracting

Officer

insert Contractor's participation] cents for every dollar that the total allowable cost is less than the target cost or decreased

by _____ [Contracting Officer insert Contractor's participation] cents for every dollar that the total allowable cost exceeds

the target cost. In no event shall the fee be greater than _____ [Contracting Officer insert percentage] percent or less

than _____ [Contracting Officer insert percentage] percent of the target cost.

(2) The fee shall be subject to adjustment, to the extent provided in paragraph (d) of this clause, and within the minimum and maximum fee limitations in paragraph (e)(1) of this clause, when the total allowable cost is increased or decreased as a consequence of-

(i) Payments made under assignments; or

(ii) Claims excepted from the release as required by paragraph (h)(2) of the Allowable Cost and Payment clause.

(3) If this contract is terminated in its entirety, the portion of the target fee payable shall not be subject to an increase or

decrease as provided in this paragraph. The termination shall be accomplished in accordance with other applicable clauses of this contract.

(4) For the purpose of fee adjustment, "total allowable cost" shall not include allowable costs arising out of-

(i) Any of the causes covered by the Excusable Delays clause to the extent that they are beyond the control and without the fault or negligence of the Contractor or any subcontractor;

(ii) The taking effect, after negotiating the target cost, of a statute, court decision, written ruling, or regulation that results in the Contractor's being required to pay or bear the burden of any tax or duty or rate increase in a tax or duty;

(iii) Any direct cost attributed to the Contractor's involvement in litigation as required by the Contracting Officer pursuant to a clause of this contract, including furnishing evidence and information requested pursuant to the Notice and

Assistance Regarding Patent and Copyright Infringement clause;

(iv) The purchase and maintenance of additional insurance not in the target cost and required by the Contracting Officer, or claims for reimbursement for liabilities to third persons pursuant to the Insurance Liability to Third Persons clause;

(v) Any claim, loss, or damage resulting from a risk for which the Contractor has been relieved of liability by the Government Property clause; or

(vi) Any claim, loss, or damage resulting from a risk defined in the contract as unusually hazardous or as a nuclear risk and against which the Government has expressly agreed to indemnify the Contractor.

(5) All other allowable costs are included in "total allowable cost" for fee adjustment in accordance with this paragraph

(e), unless otherwise specifically provided in this contract.

(f) Contract modification. The total allowable cost and the adjusted fee determined as provided in this clause shall be

evidenced by a modification to this contract signed by the Contractor and Contracting Officer.

(g) Inconsistencies. In the event of any language inconsistencies between this clause and provisioning documents or

Government options under this contract, compensation for spare parts or other supplies and services ordered under such

documents shall be determined in accordance with this clause.

(End of clause)

52.216-11 Cost Contract-No Fee.

As prescribed in 16.305(e), insert the following clause.

COST CONTRACT-NO FEE (APR 1984)

(a) The Government shall not pay the Contractor a fee for performing this contract.

52.2-104

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-15

(b) After payment of 80 percent of the total estimated cost shown in the Schedule, the Contracting Officer may withhold

further payment of allowable cost until a reserve is set aside in an amount that the Contracting Officer considers necessary to

protect the Government's interest. This reserve shall not exceed one percent of the total estimated cost shown in the Schedule

or \$100,000, whichever is less.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 16.305(e)(2), delete paragraph (b) of the basic clause.

52.216-12 Cost-Sharing Contract-No Fee.

As prescribed in 16.307(f), insert the following clause:

COST SHARING CONTRACT-NO FEE (APR 1984)

(a) The Government shall not pay to the Contractor a fee for performing this contract.

(b) After paying 80 percent of the Government's share of the total estimated cost of performance shown in the Schedule,

the Contracting Officer may withhold further payment of allowable cost until a reserve is set aside in an amount that the Contracting Officer considers necessary to protect the Government's interest. This reserve shall not exceed one percent of the

Government's share of the total estimated cost shown in the Schedule or \$100,000, whichever is less.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 16.305(f)(2), delete paragraph (b) of the basic clause.

52.216-13 [Reserved]

52.216-14 [Reserved]

52.216-15 Predetermined Indirect Cost Rates.

As prescribed in 16.305(g), insert the following clause:

PREDETERMINED INDIRECT COST RATES (APR 1998)

(a) Notwithstanding the Allowable Cost and Payment clause of this contract, the allowable indirect costs under this contract shall be obtained by applying predetermined indirect cost rates to bases agreed upon by the parties, as specified

below.

(b) (1) The Contractor shall submit an adequate final indirect cost rate proposal to the Contracting Officer (or cognizant

Federal agency official) and auditor within the 6-month period following the expiration of each of its fiscal years. Reasonable

extensions, for exceptional circumstances only, may be requested in writing by the Contractor and granted in writing by the

Contracting Officer. The Contractor shall support its proposal with adequate supporting data.

(2) The proposed rates shall be based on the Contractor's actual cost experience for that period. The appropriate

Government representative and the Contractor shall establish the final indirect cost rates as promptly as practical after receipt

of the Contractor's proposal.

(c) Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with FAR subpart

31.3 in effect on the date of this contract.

(d) Predetermined rate agreements in effect on the date of this contract shall be incorporated into the contract Schedule.

The Contracting Officer (or cognizant Federal agency official) and Contractor shall negotiate rates for subsequent periods

and execute a written indirect cost rate agreement setting forth the results. The agreement shall specify (1) the agreed-upon

predetermined indirect cost rates, (2) the bases to which the rates apply, (3) the period for which the rates apply, and (4) the

specific items treated as direct costs or any changes in the items previously agreed to be direct costs. The indirect cost rate

agreement shall not change any monetary ceiling, contract obligation, or specific cost allowance or disallowance provided for

in this contract. The agreement is incorporated into this contract upon execution.

52.2-105

52.216-16 FEDERAL ACQUISITION REGULATION

(e) Pending establishment of predetermined indirect cost rates for any fiscal year (or other period agreed to by the parties),

the Contractor shall be reimbursed either at the rates fixed for the previous fiscal year (or other period) or at billing rates acceptable to the Contracting Officer (or cognizant Federal agency official), subject to appropriate adjustment when the final

rates for that period are established.

(f) Any failure by the parties to agree on any predetermined indirect cost rates under this clause shall not be considered a

dispute within the meaning of the Disputes clause. If for any fiscal year (or other period specified in the Schedule) the parties

fail to agree to predetermined indirect cost rates, the allowable indirect costs shall be obtained by applying final indirect cost

rates established in accordance with the Allowable Cost and Payment clause.

(g) Allowable indirect costs for the period from the beginning of performance until the end of the Contractor's fiscal year

(or other period specified in the Schedule) shall be obtained using the predetermined indirect cost rates and the bases shown

in the Schedule.

(End of clause)

52.216-16 Incentive Price Revision-Firm Target.

As prescribed in 16.406(a), insert the following clause:

INCENTIVE PRICE REVISION-FIRM TARGET (DEVIATION DATE)

(a) General. The supplies or services identified in the Schedule as Items _____ [Contracting Officer insert Schedule line item numbers] are subject to price revision in accordance with this clause; provided, that in no event shall the total final price of these items exceed the ceiling price of _____ dollars (\$_____). Any supplies or services that are to be (1) ordered separately under, or otherwise added to, this contract and (2) subject to price revision in accordance with the terms of this clause shall be identified as such in a modification to this contract.

(b) Definition. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition Regulation (FAR) in effect on the date of this contract.

(c) Data submission. (1) Within _____ [Contracting Officer insert number of days] days after the end of the month in which the Contractor has delivered the last unit of supplies and completed the services specified by item number in paragraph (a) of this clause, the Contractor shall submit in the format of Table 15-1, FAR 15.408, or in any other form on which the parties agree-

- (i) A detailed statement of all costs incurred up to the end of that month in performing all work under the items;
 - (ii) An estimate of costs of further performance, if any, that may be necessary to complete performance of all work under the items;
 - (iii) A list of all residual inventory and an estimate of its value; and
 - (iv) Any other relevant data that the Contracting Officer may reasonably require.
- (2) If the Contractor fails to submit the data required by paragraph (c)(1) of this clause within the time specified and it

is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) Price revision. Upon the Contracting Officer's receipt of the data required by paragraph (c) of this clause, the Contracting Officer and the Contractor shall promptly establish the total final price of the items specified in (a) of this clause by applying to final negotiated cost an adjustment for profit or loss, as follows:

- (1) On the basis of the information required by paragraph (c) of this clause, together with any other pertinent information, the parties shall negotiate the total final cost incurred or to be incurred for supplies delivered (or services performed) and accepted by the Government and which are subject to price revision under this clause.
- (2) The total final price shall be established by applying to the total final negotiated cost an adjustment for profit or loss, as follows:
 - (i) If the total final negotiated cost is equal to the total target cost, the adjustment is the total target profit.

(ii) If the total final negotiated cost is greater than the total target cost, the adjustment is the total target profit, less _____ [Contracting Officer insert percent] percent of the amount by which the total final negotiated cost exceeds the total target cost.

52.2-106**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-16**

(iii) If the final negotiated cost is less than the total target cost, the adjustment is the total target profit plus _____ [Contracting Officer insert percent] percent of the amount by which the total final negotiated cost is less than the total target cost.

(e) Contract modification. The total final price of the items specified in paragraph (a) of this clause shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer. This price shall not be subject to revision, notwithstanding any changes in the cost of performing the contract, except to the extent that-

(1) The parties may agree in writing, before the determination of total final price, to exclude specific elements of cost from this price and to a procedure for subsequent disposition of those elements; and

(2) Adjustments or credits are explicitly permitted or required by this or any other clause in this contract.

(f) Adjusting billing prices. (1) Pending execution of the contract modification (see paragraph (e) of this clause), the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing prices shall be the target prices shown in this contract.

(2) If at any time it appears from information provided by the contractor under paragraph (g)(2) of this clause that the then-current billing prices will be substantially greater than the estimated final prices, the parties shall negotiate a reduction in the billing prices. Similarly, the parties may negotiate an increase in billing prices by any or all of the difference between the target prices and the ceiling price, upon the Contractor's submission of factual data showing that final cost under this contract will be substantially greater than the target cost.

(3) Any billing price adjustment shall be reflected in a contract modification and shall not affect the determination of the total final price under paragraph (d) of this clause. After the contract modification establishing the total final price is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the total final price, and any resulting additional payments, refunds, or credits shall be made promptly.

(g) Quarterly limitation on payments statement. This paragraph (g) shall apply until final price revision under this contract has been completed.

(1) Within 45 days after the end of each quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the

Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract

auditor) a statement, cumulative from the beginning of the contract, showing-

- (i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for

which final prices have been established;

- (ii) The total costs (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

- (iii) The portion of the total target profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (g)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established-increased or decreased in accordance with paragraph (d)(2)

of this clause, when the amount stated under subdivision (g)(1)(ii) of this clause differs from the aggregate target costs of the

supplies or services; and

- (iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

- (2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the

amount under subdivision (g)(1)(iv) of this clause exceeds the sum due the Contractor, as computed in accordance with subdivisions (g)(1)(i), (ii), and (iii) of this clause, the Contractor shall immediately refund or credit to the Government the amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds

or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments,

then that portion may, instead of being refunded, be added to the unliquidated progress payment account consistent with the

Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

- (3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later

determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall

bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in

accordance with the Interest clause.

- (h) Subcontracts. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost

basis.

52.2-107

52.216-17 FEDERAL ACQUISITION REGULATION

- (i) Disagreements. If the Contractor and the Contracting Officer fail to agree upon the total final price within 60 days

(or

within such other period as the Contracting Officer may specify) after the date on which the data required by paragraph (c)

of this clause are to be submitted, the Contracting Officer shall promptly issue a decision in accordance with the Disputes clause.

(j) Termination. If this contract is terminated before the total final price is established, prices of supplies or services subject

to price revision shall be established in accordance with this clause for (1) completed supplies and services accepted by

the Government and (2) those supplies and services not terminated under a partial termination. All other elements of the

termination shall be resolved in accordance with other applicable clauses of this contract.

(k) Equitable adjustment under other clauses. If an equitable adjustment in the contract price is made under any other

clause of this contract before the total final price is established, the adjustment shall be made in the total target cost and may

be made in the maximum dollar limit on the total final price, the total target profit, or both. If the adjustment is made after the

total final price is established, only the total final price shall be adjusted.

(l) Exclusion from target price and total final price. If any clause of this contract provides that the contract price does not

or will not include an amount for a specific purpose, then neither any target price nor the total final price includes or will include any amount for that purpose.

(m) Separate reimbursement. If any clause of this contract expressly provides that the cost of performance of an obligation

shall be at Government expense, that expense shall not be included in any target price or in the total final price, but shall be

reimbursed separately.

(n) Taxes. As used in the Federal, State, and Local Taxes clause or in any other clause that provides for certain taxes or

duties to be included in, or excluded from, the contract price, the term "contract price" includes the total target price or, if it

has been established, the total final price. When any of these clauses requires that the contract price be increased or decreased

as a result of changes in the obligation of the Contractor to pay or bear the burden of certain taxes or duties, the increase or

decrease shall be made in the total target price or, if it has been established, in the total final price, so that it will not affect the

Contractor's profit or loss on this contract.

(End of clause)

Alternate I (APR 1984). As prescribed in 16.406 (a), add the following paragraph (o) to the basic clause:

(o) Provisioning and options. Parts, other supplies, or services that are to be furnished under this contract on the basis of

a provisioning document or Government option shall be subject to price revision in accordance with this clause. Any

prices

established for these parts, other supplies, or services under a provisioning document or Government option shall be treated

as target prices. Target cost and profit covering these parts, other supplies, or services may be established separately, in the

aggregate, or in any combination, as the parties may agree.

52.216-17 Incentive Price Revision-Successive Targets.

As prescribed in 16.406(b), insert the following clause:

INCENTIVE PRICE REVISION-SUCCESSIVE TARGETS (DEVIATION DATE)

(a) General. The supplies or services identified in the Schedule as Items _____ [Contracting Officer insert line item

numbers] are subject to price revision in accordance with this clause; provided, that in no event shall the total final price of

these items exceed the ceiling price of ____ dollars (\$____). The prices of these items shown in the Schedule are the initial

target prices, which include an initial target profit of _____ [Contracting Officer insert percent] percent of the initial

target cost. Any supplies or services that are to be-

(1) Ordered separately under, or otherwise added to, this contract; and

(2) Subject to price revision in accordance with this clause shall be identified as such in a modification to this contract.

(b) Definition. "Costs," as used in this clause, means allowable costs in accordance with part 31 of the Federal Acquisition

Regulation (FAR) in effect on the date of this contract.

(c) Submitting data for establishing the firm fixed price or a final profit adjustment formula. (1) Within _____ [Contracting Officer insert number of days] days after the end of the month in which the Contractor has completed _____ [see Note 1], the Contractor shall submit the following data:

(i) A proposed firm fixed price or total firm target price for supplies delivered and to be delivered and services performed and to be performed.

52.2-108

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-17

(ii) A detailed statement of all costs incurred in the performance of this contract through the end of the month specified above, in the format of Table 15-1, FAR 15.408 (or in any other form on which the parties may agree), with sufficient supporting data to disclose unit costs and cost trends for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary).

(iii) An estimate of costs of all supplies delivered and to be delivered and all services performed and to be performed

under this contract, using the statement of costs incurred plus an estimate of costs to complete performance, in the format of

Table 15-1, FAR 15.408 (or in any other form on which the parties may agree), together with-

(A) Sufficient data to support the accuracy and reliability of the estimate; and

(B) An explanation of the differences between this estimate and the original estimate used to establish

the initial
target prices.

(2) The Contractor shall also submit, to the extent that it becomes available before negotiations establishing the total firm price are concluded-

(i) Supplemental statements of costs incurred after the end of the month specified in paragraph (1) of this section for-

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary);

and

(ii) Any other relevant data that the Contracting Officer may reasonably require.

(3) If the Contractor fails to submit the data required by paragraphs (c)(1) and (2) of this section within the time specified and it is later determined that the Government has overpaid the Contractor, the Contractor shall repay the excess

to the Government immediately. Unless repaid within 30 days after the end of the data submittal period, the amount of the excess shall bear interest, computed from the date the data were due to the date of repayment, at the rate established in accordance with the Interest clause.

(d) Establishing firm fixed price or final profit adjustment formula. Upon the Contracting Officer's receipt of the data required by paragraph (c) of this section, the Contracting Officer and the Contractor shall promptly establish either a firm

fixed price or a profit adjustment formula for determining final profit, as follows:

(1) The parties shall negotiate a total firm target cost, based upon the data submitted under paragraph (c) of this section.

(2) If the total firm target cost is more than the total initial target cost, the total initial target profit shall be decreased.

If the total firm target cost is less than the total initial target cost, the total initial target profit shall be increased. The initial

target profit shall be increased or decreased by _____ percent [see Note 2] of the difference between the total initial target

cost and the total firm target cost. The resulting amount shall be the total firm target profit; provided, that in no event shall

the total firm target profit be less than _____ percent or more than _____ percent [Contracting Officer insert

percents] of the total initial target cost.

(3) If the total firm target cost plus the total firm target profit represent a reasonable price for performing that part of the

contract subject to price revision under this clause, the parties may agree on a firm fixed price, which shall be evidenced by a

contract modification signed by the Contractor and the Contracting Officer.

(4) Failure of the parties to agree to a firm fixed price shall not constitute a dispute under the Disputes clause. If agreement is not reached, or if establishment of a firm fixed price is inappropriate, the Contractor and the Contracting Officer

shall establish a profit adjustment formula under which the total final price shall be established by applying to the total

final

negotiated cost an adjustment for profit or loss, determined as follows:

- (i) If the total final negotiated cost is equal to the total firm target cost, the adjustment is the total firm target profit.
- (ii) If the total final negotiated cost is greater than the total firm target cost, the adjustment is the total firm target profit, less _____ percent of the amount by which the total final negotiated cost exceeds the total firm target cost.
- (iii) If the total final negotiated cost is less than the total firm target cost, the adjustment is the total firm target profit, plus _____ percent of the amount by which the total final negotiated cost is less than the total firm target cost.
- (iv) The total firm target cost, total firm target profit, and the profit adjustment formula for determining final profit shall be evidenced by a modification to this contract signed by the Contractor and the Contracting Officer.
- (e) Submitting data for final price revision. Unless a firm fixed price has been established in accordance with paragraph
- (d) of this section within _____ [Contracting Officer insert number of days] days after the end of the month in

which the Contractor has delivered the last unit of supplies and completed the services specified by item number in paragraph

- (a) of this section, the Contractor shall submit in the format of Table 15-1, FAR 15.408 (or in any other form on which the parties agree)-

52.2-109

52.216-17 FEDERAL ACQUISITION REGULATION

- (1) A detailed statement of all costs incurred up to the end of that month in performing all work under the items;
- (2) An estimate of costs of further performance, if any, that may be necessary to complete performance of all work under the items;
- (3) A list of all residual inventory and an estimate of its value; and
- (4) Any other relevant data that the Contracting Officer may reasonably require.
- (f) Final price revision. Unless a firm fixed price has been agreed to in accordance with paragraph (d) of this section, the

Contractor and the Contracting Officer shall, promptly after submission of the data required by paragraph (e) of this section,

establish the total final price, as follows:

- (1) On the basis of the information required by paragraph (e) of this section, together with any other pertinent information, the parties shall negotiate the total final cost incurred or to be incurred for the supplies delivered (or services performed) and accepted by the Government and which are subject to price revision under this clause.
- (2) The total final price shall be established by applying to the total final negotiated cost an adjustment for final profit or loss determined as agreed upon under paragraph (d)(4) of this section.
- (g) Contract modification. The total final price of the items specified in paragraph (a) of this section shall be evidenced

by a modification to this contract, signed by the Contractor and the Contracting Officer. This price shall not be subject to revision, notwithstanding any changes in the cost of performing the contract, except to the extent that-

- (1) The parties may agree in writing, before the determination of total final price, to exclude specific elements of

cost

from this price and to a procedure for subsequent disposition of these elements; and

(2) Adjustments or credits are explicitly permitted or required by this or any other clause in this contract.

(h) Adjustment of billing prices. (1) Pending execution of the contract modification (see paragraph (e) of this section),

the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing

prices shall be the initial target prices shown in this contract until firm target prices are established under paragraph (d) of this

section. When established, the firm target prices shall be used as the billing prices.

(2) If at any time it appears from information provided by the contractor under paragraph (i)(1) of this section that the

then-current billing prices will be substantially greater than the estimated final prices, the parties shall negotiate a reduction

in the billing prices. Similarly, the parties may negotiate an increase in billing prices by any or all of the difference between

the target prices and the ceiling price, upon the Contractor's submission of factual data showing that the final cost under this

contract will be substantially greater than the target cost.

(3) Any adjustment of billing prices shall be reflected in a contract modification and shall not affect the determination

of any price under paragraph (d) or (f) of this section. After the contract modification establishing the total final price is executed, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the total final price, and

any resulting additional payments, refunds, or credits shall be made promptly.

(i) Quarterly limitation on payments statement. This paragraph (i) shall apply until a firm fixed price or a total final price

is established under paragraph (d)(3) or (f)(2).

(1) Within 45 days after the end of each quarter of the Contractor's fiscal year in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and for each quarter thereafter, the

Contractor shall submit to the contract administration office (with a copy to the contracting office and the cognizant contract

auditor) a statement, cumulative from the beginning of the contract, showing-

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government and for

which final prices have been established;

(ii) The total cost (estimated to the extent necessary) reasonably incurred for, and properly allocable solely to, the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established;

(iii) The portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (i)) that is in direct proportion to the supplies delivered (or services performed) and accepted by the Government and for which final prices have not been established-increased or decreased in accordance with paragraph (d)(4)

of this section when the amount stated under subdivision (ii) of this section, differs from the aggregate firm target costs of the supplies or services; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(2) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount under subdivision (i)(1)(iv) of this section exceeds the sum due the Contractor, as computed in accordance with subdivisions (i)(1)(i), (ii), and (iii) of this section, the Contractor shall immediately refund or credit to the Government the

52.2-110

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-18

amount of this excess. The Contractor may, when appropriate, reduce this refund or credit by the amount of previous refunds

or credits effected under this clause. If any portion of the excess has been applied to the liquidation of progress payments,

then that portion may, instead of being refunded, be added to the unliquidated progress payment account consistent with the

Progress Payments clause. The Contractor shall provide complete details to support any claimed reductions in refunds.

(3) If the Contractor fails to submit the quarterly statement within 45 days after the end of each quarter and it is later

determined that the Government has overpaid the Contractor, the Contractor shall repay the excess to the Government immediately. Unless repaid within 30 days after the end of the statement submittal period, the amount of the excess shall

bear interest, computed from the date the quarterly statement was due to the date of repayment, at the rate established in

accordance with the Interest clause.

(j) Subcontracts. No subcontract placed under this contract may provide for payment on a cost-plus-a-percentage-of-cost basis.

(k) Disagreements. If the Contractor and the Contracting Officer fail to agree upon (1)a total firm target cost and a final

profit adjustment formula or (2)a total final price, within 60 days (or within such other period as the Contracting Officer may

specify) after the date on which the data required in paragraphs (c) and (e) of this section are to be submitted, the Contracting

Officer shall promptly issue a decision in accordance with the Disputes clause.

(l) Termination. If this contract is terminated before the total final price is established, prices of supplies or services subject to price revision shall be established in accordance with this clause for (1) completed supplies and services accepted

by the Government and (2) those supplies or services not terminated under a partial termination. All other elements of the

termination shall be resolved in accordance with other applicable clauses of this contract.

(m) Equitable adjustments under other clauses. If an equitable adjustment in the contract price is made under any other

clause of this contract before the total final price is established, the adjustment shall be made in the total target cost and may

be made in the maximum dollar limit on the total final price, the total target profit, or both. If the adjustment is made after the

total final price is established, only the total final price shall be adjusted.

(n) Exclusion from target price and total final price. If any clause of this contract provides that the contract price does

not or will not include an amount for a specific purpose, then neither any target price nor the total final price includes or will

include any amount for that purpose.

(o) Separate reimbursement. If any clause of this contract expressly provides that the cost of performance of an obligation

shall be at Government expense, that expense shall not be included in any target price or in the total final price, but shall be

reimbursed separately.

(p) Taxes. As used in the Federal, State, and Local Taxes clause or in any other clause that provides for certain taxes or

duties to be included in, or excluded from, the contract price, the term "contract price" includes the total target price or, if it

has been established, the total final price. When any of these clauses requires that the contract price be increased or decreased

as a result of changes in the obligation of the Contractor to pay or bear the burden of certain taxes or duties, the increase or

decrease shall be made in the total target price or, if it has been established, in the total final price, so that it will not affect the

Contractor's profit or loss on this contract.

Notes:

(1) The degree of completion may be based on a percentage of contract performance or any other reasonable basis.

(2) The language may be changed to describe a negotiated adjustment pattern under which the extent of adjustment is not

the same for all levels of cost variation.

(End of clause)

Alternate I (APR 1984). As prescribed in 16.406 (b), add the following paragraph (q) to the basic clause:

(q) Provisioning and options. Parts, other supplies, or services that are to be furnished under this contract on the basis of

a provisioning document or Government option shall be subject to price revision in accordance with this clause. Any prices

established for these parts, other supplies, or services under a provisioning document or Government option shall be treated

as initial target prices, or target prices as agreed upon and stipulated in the pricing document supporting the provisioning or

added items. Initial or firm target costs and profits and final prices covering these parts, other supplies, or services may be

established separately, in the aggregate, or in any combination, as the parties may agree.

52.216-18 Ordering.

As prescribed in 16.505(a), insert the following clause:

52.2-111

52.216-19 FEDERAL ACQUISITION REGULATION

ORDERING (AUG 2020)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from _____ through _____ [insert dates].

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) A delivery order or task order is considered "issued" when?

(1) If sent by mail (includes transmittal by U.S. mail or private delivery service), the Government deposits the order in the mail;

(2) If sent by fax, the Government transmits the order to the Contractor's fax number; or

(3) If sent electronically, the Government either?

(i) Posts a copy of the delivery order or task order to a Government document access system, and notice is sent to the Contractor; or

(ii) Distributes the delivery order or task order via email to the Contractor's email address.

(d) Orders may be issued by methods other than those enumerated in this clause only if authorized in the contract.

(End of clause)

52.216-19 Order Limitations.

As prescribed in 16.505(b), insert a clause substantially the same as follows:

ORDER LIMITATIONS (OCT 1995)

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than _____ [insert dollar figure or quantity], the Government is not obligated to purchase, nor is the Contractor

obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor-

(1) Any order for a single item in excess of _____ [insert dollar figure or quantity];

(2) Any order for a combination of items in excess of _____ [insert dollar figure or quantity]; or

(3) A series of orders from the same ordering office within _____ days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within _____ days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon

receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

52.216-20 Definite Quantity.

As prescribed in 16.505(c), insert the following clause:

DEFINITE QUANTITY (OCT 1995)

(a) This is a definite-quantity, indefinite-delivery contract for the supplies or services specified, and effective for the period

stated, in the Schedule.

(b) The Government shall order the quantity of supplies or services specified in the Schedule, and the Contractor shall

furnish them when ordered. Delivery or performance shall be at locations designated in orders issued in accordance with the

Ordering clause and the Schedule.

52.2-112

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-21

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that time shall be completed by

the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and

obligations with respect to that order to the same extent as if the order were completed during the contract's effective period;

provided, that the Contractor shall not be required to make any deliveries under this contract after _____

[insert
date].

(End of clause)

52.216-21 Requirements.

As prescribed in 16.505(d), insert the following clause:

REQUIREMENTS (DEVIATION DATE)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this

contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable

price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause.

Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering

clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple

locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services

specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders

under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the ordering period of this contract and not completed within that period shall be completed by

the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and

obligations with respect to that order to the same extent as if the order were completed during the contract's ordering period;

provided, that the Contractor shall not be required to make any deliveries under this contract after _____
[insert date].

Alternate I (Apr1984). As prescribed in 16.505(d)(2), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The estimated quantities are not the total requirements of the Government activity specified in the Schedule, but are

estimates of requirements in excess of the quantities that the activity may itself furnish within its own capabilities. Except

as this contract otherwise provides, the Government shall order from the Contractor all of that activity's requirements for supplies and services specified in the Schedule that exceed the quantities that the activity may itself furnish within its own capabilities.

Alternate II (APR 1984). As prescribed in 16.505(d)(3), add the following paragraph (g) to the basic clause:

(g) The requirements referred to in this contract are for items to be manufactured according to Government specifications.

Notwithstanding anything to the contrary stated in the contract, the Government may acquire similar products by brand name

from other sources for resale.

Alternate III (OCT 1995). As prescribed in 16.505(d)(4), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The Government's requirements for each item or subitem of supplies or services described in the Schedule are being

purchased through one non-set-aside contract and one set-aside contract. Therefore, the Government shall order from each

52.2-113

52.216-22 FEDERAL ACQUISITION REGULATION

Contractor approximately one-half of the total supplies or services specified in the Schedule that are required to be

purchased

by the specified Government activity or activities. The Government may choose between the set-aside Contractor and the

non-set-aside Contractor in placing any particular order. However, the Government shall allocate successive orders, in accordance with its delivery requirements, to maintain as close a ratio as is reasonably practicable between the total quantities

ordered from the two Contractors.

Alternate IV (OCT 1995). As prescribed in 16.505(d)(5), substitute the following paragraph (c) for paragraph (c) of the basic clause and add the following paragraph (g) to the basic clause:

(c) The Government's requirements for each item or subitem of supplies or services described in the Schedule are being

purchased through one non-set-aside contract and one set-aside contract. Therefore, the Government shall order from each

Contractor approximately one-half of the total supplies or services specified in the Schedule that are required to be purchased

by the specified Government activity or activities. The Government may choose between the set-aside Contractor and the

non-set-aside Contractor in placing any particular order. However, the Government shall allocate successive orders, in accordance with its delivery requirements, to maintain as close a ratio as is reasonably practicable between the total quantities

ordered from the two Contractors.

(g) The requirements referred to in this contract are for items to be manufactured according to the Government specifications. Notwithstanding anything to the contrary stated in the contract, the Government may acquire similar products

by brand name from other sources for resale.

52.216-22 Indefinite Quantity.

As prescribed in 16.505(e), insert the following clause:

INDEFINITE QUANTITY (DEVIATION DATE)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the

Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this

contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause.

The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to

and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of

supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that period shall be

completed

by the Contractor within the time specified in the order, which may include order options to be exercised after the ordering

period of this contract but before the end of the period of performance of the order. The contract shall govern the Contractor's

and Government's rights and obligations with respect to that order, including options exercised, to the same extent as if the

order were completed during the contract's ordering period; provided, that the Contractor shall not be required to make any

deliveries under this contract after _____ [insert date].

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 16.505(e)(1), add a paragraph (e) substantially the same as the following to the basic clause:

(e) Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect

30 calendar days after the other party receives the notice of cancellation. If either party makes such notification, no further

orders may be issued against the contract, but orders already awarded will be completed unless a termination action is taken

against the order. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.

Alternate II (DEVIATION DATE). As prescribed in 16.505(e)(2), add paragraphs (e) and (f) substantially the same as the

following to the basic clause:

(e) The Government may cancel this contract in whole or in part by providing written notice. The cancellation will take

effect 30 calendar days after the contractor receives the notice of cancellation. No further orders may be issued against the

contract, but orders already awarded will be completed unless a termination action is taken against the order.

52.2-114

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-25

(f) The Contractor may request to cancel this contract by submitting a written cancellation request to the contracting officer. The cancellation will take effect 30 calendar days after the Government receives the cancellation request, unless the

contracting officer informs the contractor, before cancellation is effective, that cancellation is not approved. A contractor who requests cancellation is not eligible for the minimum guarantee. If cancelled, no further orders may be issued against the

contract, but orders already awarded will be completed unless a termination action is taken against the order.

52.216-23 Execution and Commencement of Work.

As prescribed in 16.603-4(b)(1), insert the following clause:

EXECUTION AND COMMENCEMENT OF WORK (APR 1984)

The Contractor shall indicate acceptance of this letter contract by signing three copies of the contract and returning them to

the Contracting Officer not later than _____ [insert date]. Upon acceptance by both parties, the Contractor

shall

proceed with performance of the work, including purchase of necessary materials.

(End of clause)

52.216-24 Limitation of Government Liability.

As prescribed in 16.603-4(b)(2), insert the following clause:

LIMITATION OF GOVERNMENT LIABILITY (APR 1984)

(a) In performing this contract, the Contractor is not authorized to make expenditures or incur obligations exceeding _____ dollars.

(b) The maximum amount for which the Government shall be liable if this contract is terminated is _____ dollars.

(End of clause)

52.216-25 Contract Definitization.

As prescribed in 16.603-4(b)(3), insert the following clause:

CONTRACT DEFINITIZATION (DEVIATION DATE)

(a) A _____ [insert specific type of contract] definitive contract is contemplated. The Contractor agrees to

begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include (1) all clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the letter contract, (2) all clauses required

by law on the date of execution of the definitive contract, and (3) any other mutually agreeable clauses, terms, and conditions.

The Contractor agrees to submit a _____ [insert specific type of proposal (e.g., fixed-price or cost-and-fee)] proposal, including data other than certified cost or pricing data, and certified cost or pricing data, in accordance with FAR 15.408,

Table 15-1, supporting its proposal.

(b) The schedule for definitizing this contract is [insert target date for definitization of the contract and dates for submission of proposal, beginning of negotiations, and, if appropriate, submission of make-or-buy and subcontracting plans and certified cost or pricing data]:

(c) If agreement on a definitive contract to supersede this letter contract is not reached by the target date in paragraph

(b) of this section, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the

approval of the head of the contracting activity, determine a reasonable price or fee in accordance with subpart 15.4 and part

31 of the FAR, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed

with completion of the contract, subject only to the Limitation of Government Liability clause.

(1) After the Contracting Officer's determination of price or fee, the contract shall be governed by-

(i) All clauses required by the FAR on the date of execution of this letter contract for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (c);

52.2-115

52.216-26 FEDERAL ACQUISITION REGULATION

(ii) All clauses required by law as of the date of the Contracting Officer's determination; and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (c)(1) of this section, all clauses, terms, and conditions included in this letter

contract shall continue in effect, except those that by their nature apply only to a letter contract.

(End of clause)

Alternate I (APR 1984). As prescribed in 16.603-4(b)(3), add the following paragraph (d) to the basic clause:

(d) The definitive contract resulting from this letter contract will include a negotiated _____ [insert "price ceiling" or "firm fixed price"] in no event to exceed _____ [insert the proposed price upon which the award was based].

52.216-26 Payments of Allowable Costs Before Definitization.

As prescribed in 16.603-4(c), insert the following clause:

PAYMENTS OF ALLOWABLE COSTS BEFORE DEFINITIZATION (DEC 2002)

(a) Reimbursement rate. Pending the placing of the definitive contract referred to in this letter contract, the Government

will promptly reimburse the Contractor for all allowable costs under this contract at the following rates:

(1) One hundred percent of approved costs representing financing payments to subcontractors under fixed-price

subcontracts, provided that the Government's payments to the Contractor will not exceed 80 percent of the allowable costs of those subcontractors.

(2) One hundred percent of approved costs representing cost-reimbursement subcontracts; provided, that the Government's payments to the Contractor shall not exceed 85 percent of the allowable costs of those subcontractors.

(3) Eighty-five percent of all other approved costs.

(b) Limitation of reimbursement. To determine the amounts payable to the Contractor under this letter contract, the Contracting Officer shall determine allowable costs in accordance with the applicable cost principles in part 31 of the Federal Acquisition Regulation (FAR). The total reimbursement made under this paragraph shall not exceed 85 percent of the maximum amount of the Government's liability, as stated in this contract.

(c) Invoicing. Payments shall be made promptly to the Contractor when requested as work progresses, but (except for small business concerns) not more often than every 2 weeks, in amounts approved by the Contracting Officer. The Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as the representative may require, an invoice or voucher supported by a statement of the claimed allowable cost incurred by the Contractor in the performance of this contract.

(d) Allowable costs. For the purpose of determining allowable costs, the term "costs" includes-

(1) Those recorded costs that result, at the time of the request for reimbursement, from payment by cash, check, or other

form of actual payment for items or services purchased directly for the contract;

(2) When the Contractor is not delinquent in payment of costs of contract performance in the ordinary course of business, costs incurred, but not necessarily paid, for-

(i) Supplies and services purchased directly for the contract and associated financing payments to subcontractors,

provided payments determined due will be made-

(A) In accordance with the terms and conditions of a subcontract or invoice; and

(B) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government;

(ii) Materials issued from the Contractor's stores inventory and placed in the production process for use on the contract;

(iii) Direct labor;

(iv) Direct travel;

(v) Other direct in-house costs; and

(vi) Properly allocable and allowable indirect costs as shown on the records maintained by the Contractor for purposes of obtaining reimbursement under Government contracts; and

(3) The amount of financing payments that the Contractor has paid by cash, check, or other forms of payment to subcontractors.

(e) Small business concerns. A small business concern may receive more frequent payments than every 2 weeks.

52.2-116

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-29

(f) Audit. At any time before final payment, the Contracting Officer may have the Contractor's invoices or vouchers and

statements of costs audited. Any payment may be-

(1) Reduced by any amounts found by the Contracting Officer not to constitute allowable costs; or

(2) Adjusted for overpayments or underpayments made on preceding invoices or vouchers.

(End of clause)

52.216-27 Single or Multiple Awards.

As prescribed in 16.505(f), insert the following provision:

SINGLE OR MULTIPLE AWARDS (OCT 1995)

The Government may elect to award a single delivery order contract or task order contract or to award multiple delivery order contracts or task order contracts for the same or similar supplies or services to two or more sources under this solicitation.

(End of provision)

52.216-28 Multiple Awards for Advisory and Assistance Services.

As prescribed in 16.505(g), insert the following provision:

MULTIPLE AWARDS FOR ADVISORY AND ASSISTANCE SERVICES (OCT 1995)

The Government intends to award multiple contracts for the same or similar advisory and assistance services to two or more sources under this solicitation unless the Government determines, after evaluation of offers, that only one offeror is

capable of providing the services at the level of quality required.

(End of provision)

52.216-29 Time-and-Materials/Labor-Hour Proposal Requirements?Other Than Commercial Acquisition With Adequate Price Competition.

As prescribed in 16.601-4(a), insert the following provision:

TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS?OTHER THAN COMMERCIAL ACQUISITION WITH ADEQUATE PRICE COMPETITION (NOV 2021)

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this

solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by-

- (1) The offeror;
- (2) Subcontractors; and/or
- (3) Divisions, subsidiaries, or affiliates of the offeror under a common control;

(c) The offeror must establish fixed hourly rates using-

- (1) Separate rates for each category of labor to be performed by each subcontractor and for each category of labor to be

performed by the offeror, and for each category of labor to be transferred between divisions, subsidiaries, or affiliates of the

offeror under a common control;

(2) Blended rates for each category of labor to be performed by the offeror, including labor transferred between divisions, subsidiaries, or affiliates of the offeror under a common control, and all subcontractors; or

52.2-117

52.216-30 FEDERAL ACQUISITION REGULATION

- (3) Any combination of separate and blended rates for each category of labor to be performed by the offeror, affiliates

of the offeror under a common control, and subcontractors.

(End of provision)

52.216-30 Time-and-Materials/Labor-Hour Proposal Requirements?Other Than Commercial Acquisition Without Adequate Price Competition.

As prescribed in 16.601-4(b), insert the following provision:

TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS?OTHER THAN COMMERCIAL ACQUISITION WITHOUT ADEQUATE PRICE COMPETITION (NOV 2021)

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify separate fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit for each category of labor to be performed by-

- (1) The offeror;
- (2) Each subcontractor; and
- (3) Each division, subsidiary, or affiliate of the offeror under a common control.

(c) Unless exempt under paragraph (d) of this provision, the fixed hourly rates for services transferred between divisions,

subsidiaries, or affiliates of the offeror under a common control-

- (1) Shall not include profit for the transferring organization; but
- (2) May include profit for the prime Contractor.

(d) The fixed hourly rates for services that meet the definition of "commercial service" at Federal Acquisition Regulation 2.101 that are transferred between divisions, subsidiaries, or affiliates of the offeror under a common control may be the established catalog or market rate when it is the established practice of the transferring organization to price interorganizational transfers at other than cost for commercial work of the offeror or any division, subsidiary or affiliate of the offeror under a common control.

(End of provision)

52.216-31 Time-and-Materials/Labor-Hour Proposal Requirements?Commercial Acquisition.

As prescribed in 16.601-4(c), insert the following provision:

TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL REQUIREMENTS?COMMERCIAL ACQUISITION (NOV 2021)

(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by-

- (1) The offeror;
- (2) Subcontractors; and/or
- (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

(End of provision)

52.216-32 Task-Order and Delivery-Order Ombudsman.

As prescribed in 16.505(j), insert the following clause:

TASK-ORDER AND DELIVERY-ORDER OMBUDSMAN (SEPT 2019)

52.2-118

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.216-32

(a) In accordance with 41 U.S.C. 4106(g), the Agency has designated the following task-order and delivery-order Ombudsman for this contract. The Ombudsman must review complaints from the Contractor concerning all task-order and delivery-order actions for this contract and ensure the Contractor is afforded a fair opportunity for consideration in the award of orders, consistent with the procedures in the contract. _____ [Contracting Officer to insert name, address, telephone number, and email address for the Agency Ombudsman or provide the URL address where this information may be found.]

(b) Consulting an ombudsman does not alter or postpone the timeline for any other process (e.g., protests).

(c) Before consulting with the Ombudsman, the Contractor is encouraged to first address complaints with the Contracting

Officer for resolution. When requested by the Contractor, the Ombudsman may keep the identity of the concerned party or

entity confidential, unless prohibited by law or agency procedure.

(End of clause)

Alternate I (SEPT 2019). As prescribed in 16.505 (j), add the following paragraph (d) to the basic clause.

(d) Contracts used by multiple agencies.

(1) This is a contract that is used by multiple agencies. Complaints from Contractors concerning orders placed under

contracts used by multiple agencies are primarily reviewed by the task-order and delivery-order Ombudsman for the ordering activity.

(2) The ordering activity has designated the following task-order and delivery-order Ombudsman for this order:

_____ [The ordering activity's contracting officer to insert the name, address, telephone number, and email address

for the ordering activity's Ombudsman or provide the URL address where this information may be found.]

(3) Before consulting with the task-order and delivery-order Ombudsman for the ordering activity, the Contractor is

encouraged to first address complaints with the ordering activity's Contracting Officer for resolution. When requested by the

Contractor, the task-order and delivery-order Ombudsman for the ordering activity may keep the identity of the concerned

party or entity confidential, unless prohibited by law or agency procedure.

(End of clause)

52.2-120

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.217-2

52.217 [Reserved]

52.217-1 [Reserved]

52.217-2 Cancellation Under Multiyear Contracts.

As prescribed in 17.106(a), insert the following clause:

CANCELLATION UNDER MULTIYEAR CONTRACTS (OCT 1997)

(a) "Cancellation," as used in this clause, means that the Government is canceling its requirements for all supplies or

services in program years subsequent to that in which notice of cancellation is provided. Cancellation shall occur by the date

or within the time period specified in the Schedule, unless a later date is agreed to, if the Contracting Officer-

(1) Notifies the Contractor that funds are not available for contract performance for any subsequent program year; or

(2) Fails to notify the Contractor that funds are available for performance of the succeeding program year requirement.

(b) Except for cancellation under this clause or termination under the Default clause, any reduction by the Contracting

Officer in the requirements of this contract shall be considered a termination under the Termination for Convenience of the

Government clause.

(c) If cancellation under this clause occurs, the Contractor will be paid a cancellation charge not over the cancellation

ceiling specified in the Schedule as applicable at the time of cancellation.

(d) The cancellation charge will cover only-

(1) Costs-

(i) Incurred by the Contractor and/or subcontractor;

(ii) Reasonably necessary for performance of the contract; and

(iii) That would have been equitably amortized over the entire multiyear contract period but, because of the cancellation, are not so amortized; and

(2) A reasonable profit or fee on the costs.

(e) The cancellation charge shall be computed and the claim made for it as if the claim were being made under the Termination for Convenience of the Government clause of this contract. The Contractor shall submit the claim promptly

but

no later than 1 year from the date-

(1) Of notification of the nonavailability of funds; or

(2) Specified in the Schedule by which notification of the availability of additional funds for the next succeeding program year is required to be issued, whichever is earlier, unless extensions in writing are granted by the Contracting Officer.

(f) The Contractor's claim may include-

(1) Reasonable nonrecurring costs (see part 15 of the Federal Acquisition Regulation) which are applicable to and

normally would have been amortized in all supplies or services which are multiyear requirements;

(2) Allocable portions of the costs of facilities acquired or established for the conduct of the work, to the extent that it

is impracticable for the Contractor to use the facilities in its commercial work, and if the costs are not charged to the contract

through overhead or otherwise depreciated;

(3) Costs incurred for the assembly, training, and transportation to and from the job site of a specialized work force; and

(4) Costs not amortized solely because the cancellation had precluded anticipated benefits of Contractor or subcontractor learning.

(g) The claim shall not include-

(1) Labor, material, or other expenses incurred by the Contractor or subcontractors for performance of the canceled

work;

(2) Any cost already paid to the Contractor;

(3) Anticipated profit or unearned fee on the canceled work; or

(4) For service contracts, the remaining useful commercial life of facilities. "Useful commercial life" means the commercial utility of the facilities rather than their physical life with due consideration given to such factors as location of facilities, their specialized nature, and obsolescence.

(h) This contract may include an Option clause with the period for exercising the option limited to the date in the contract

for notification that funds are available for the next succeeding program year. If so, the Contractor agrees not to include in

option quantities any costs of a startup or nonrecurring nature that have been fully set forth in the contract. The Contractor

52.2-121

52.217-3 FEDERAL ACQUISITION REGULATION

further agrees that the option quantities will reflect only those recurring costs and a reasonable profit or fee necessary to

furnish the additional option quantities.

(i) Quantities added to the original contract through the Option clause of this contract shall be included in the quantity

canceled for the purpose of computing allowable cancellation charges.

(End of clause)

52.217-3 Evaluation Exclusive of Options.

As prescribed in 17.203(a), insert a provision substantially the same as the following:

EVALUATION EXCLUSIVE OF OPTIONS (APR 1984)

The Government will evaluate offers for award purposes by including only the price for the basic requirement; i.e., options

will not be included in the evaluation for award purposes.

(End of provision)

52.217-4 Evaluation of Options Exercised at Time of Contract Award.

As prescribed in 17.203(b), insert a provision substantially the same as the following:

EVALUATION OF OPTIONS EXERCISED AT TIME OF CONTRACT AWARD (DEVIATION DATE)

Except when it is determined in accordance with FAR 17.202(b) not to be in the Government's best interests, the Government will evaluate the total price for the basic requirement together with any option(s) exercised at the time of award.

(End of provision)

52.217-5 Evaluation of Options.

As prescribed in 17.203(c), insert a provision substantially the same as the following:

EVALUATION OF OPTIONS (DEVIATION DATE)

Except when it is determined in accordance with FAR 17.202(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic

requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)

52.217-6 Option for Increased Quantity.

As prescribed in 17.203(d), insert a clause substantially the same as the following:

OPTION FOR INCREASED QUANTITY (MAR 1989)

The Government may increase the quantity of supplies called for in the Schedule at the unit price specified. The Contracting Officer may exercise the option by written notice to the Contractor within _____ [insert in

the clause the period of time in which the Contracting Officer has to exercise the option]. Delivery of the added items shall

continue at the same rate as the like items called for under the contract, unless the parties otherwise agree.

(End of clause)

52.217-7 Option for Increased Quantity-Separately Priced Line Item.

As prescribed in 17.203(e), insert a clause substantially the same as the following:

52.2-122

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.217-10

OPTION FOR INCREASED QUANTITY-SEPARATELY PRICED LINE ITEM (MAR 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within _____ [insert in the clause the period of time in which the Contracting Officer has to

exercise the option]. Delivery of added items shall continue at the same rate that like items are called for under the contract,

unless the parties otherwise agree.

(End of clause)

52.217-8 Option to Extend Services.

As prescribed in 17.203(f), insert a clause substantially the same as the following:

OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not

exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within _____ [insert

the period of time within which the Contracting Officer may exercise the option].

(End of clause)

52.217-9 Option to Extend the Term of the Contract.

As prescribed in 17.203(g), insert a clause substantially the same as the following:

OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within _____ [insert the period of time within which the Contracting Officer may exercise the option]; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least _____ days [60 days unless a different number of days is

inserted] before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed _____ (months) (years).

(End of clause)

52.217-10 Reverse Auction

As prescribed in 17.804(a), insert the following provision:

REVERSE AUCTION (AUG 2024)

(a) Definitions. As used in this provision?

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offerors' identity, and have the opportunity to submit lower

priced offers until the close of the auction.

Reverse auction service provider means a commercial or Government entity that provides a means for conducting reverse

auctions when acquiring supplies or services to be used by the Government.

(b) Reverse auction. The Government intends to conduct a reverse auction under this solicitation to award a contract or

blanket purchase agreement.

(c) Offeror agreement. By submission of a quote or proposal in response to the solicitation, the Offeror agrees to participate in the reverse auction and agrees that the Government may reveal to all Offerors the offered price(s) in the auction,

52.2-123**52.217-11 FEDERAL ACQUISITION REGULATION**

without revealing any Offeror's identity, except for the awardee's identity subsequent to an award resulting from the auction.

The Offeror may withdraw its agreement to further participate in the process by withdrawing its offer before the close of the

auction by notifying the Contracting Officer via the contact method identified in the solicitation.

(d) Only one offer. If the reverse auction produces only one offer, the Government reserves the right to cancel the auction.

(e) Release of information. The Government may use a reverse auction service provider to conduct the reverse auction.

Any price or proposal information or source selection information received by the reverse auction service provider in relation

to the reverse auction shall not be released, outside of the Government, unless otherwise required by law. However, this does

not prevent the Government from revealing to all Offerors the offered price(s) in the auction, without revealing any Offeror's

identity. Price or proposal information includes, but is not limited to?

(1) Contractor bid or proposal information, as defined at Federal Acquisition Regulation 3.104-1; and

(2) Information identified by the Offeror as restricted from duplication, use, or disclosure?in whole or in part?for any

purpose other than to evaluate the Offeror's price or proposal.

(End of provision)

52.217-11 Reverse Auction?Orders.

As prescribed in 17.804(b), insert the following clause:

REVERSE AUCTION?ORDERS (AUG 2024)

(a) Definitions. As used in this clause?

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offerors' identity, and have the opportunity to submit lower

priced offers until the close of the auction.

Reverse auction service provider means a commercial or Government entity that provides a means for conducting reverse

auctions when acquiring supplies or services to be used by the Government.

(b) Reverse auction. The Contracting Officer may conduct a reverse auction to award an order under this contract or

blanket purchase agreement.

(c) Contractor agreement. When a reverse auction is conducted under this contract or blanket purchase agreement, the

following applies:

(1) The Contractor's or blanket purchase agreement holder's submission of a quote or proposal in response to the

solicitation for an order constitutes agreement to participate in the auction.

(2) The Contractor agrees that the Government may reveal to all Offerors the offered price(s) in the auction, without

revealing any Offerors' identity, except for the awardee's identity subsequent to an award resulting from the auction.

(3) The Contractor or blanket purchase agreement holder may withdraw its agreement to further participate in the

reverse auction by withdrawing its offer. To withdraw an offer made in response to a reverse auction solicitation issued under

this contract or blanket purchase agreement, the Contractor or blanket purchase agreement holder shall notify the Contracting

Officer of the request before the close of the auction via the contact method identified in the solicitation.

(4) If the reverse auction produces only one offer, the Government reserves the right to cancel the auction.

(d) Release of information. The Government may use a reverse auction service provider to conduct the reverse auction.

Any price or proposal information or source selection information received by the reverse auction service provider in relation

to the reverse auction shall not be released, outside of the Government, unless otherwise required by law. However, this does

not prevent the Government from revealing to all Contractors or blanket purchase agreement holders the offered price(s) in

the auction, without revealing any Contractor or blanket purchase agreement holder's identity. Price or proposal information

includes, but is not limited to?

(1) Contractor bid or proposal information, as defined at Federal Acquisition Regulation 3.104-1;

(2) Price or proposal information similarly generated for a task order or delivery order or an order under a blanket

purchase agreement; and

(3) Information identified by the Contractor or blanket purchase agreement holder as restricted from duplication, use,

or disclosure?in whole or in part?for any purpose other than to evaluate the Contractor or blanket purchase agreement holder's price or proposal.

(End of clause)

52.2-124

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.217-12

52.217-12 Reverse Auction Services.

As prescribed in 17.804(c), insert the following clause:

REVERSE AUCTION SERVICES (AUG 2024)

(a) Definitions.

Government data means any information, document, media, or machine-readable material regardless of physical form or

characteristics, that is created or obtained by the Government, in the course of official Government business.

Government-related data means any information, document, media, or machine-readable material regardless of physical

form or characteristics that is created or obtained by a contractor through the storage, processing, or communication of Government data. This does not include a contractor's business records (e.g., financial records, legal records, etc.) or data

such as operating procedures, software coding, or algorithms that are not uniquely applied to the Government data.

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offeror's identity, and have the opportunity to submit lower

priced offers until the close of the auction.

(b) Duties of the reverse auction service provider. When providing reverse auction services to the Government, the Contractor shall?

(1) Not assert or imply that it can or will obtain a Government contract for the participants of a reverse auction;

(2) Allow entities to register, at no cost, as potential offerors for any reverse auction conducted on behalf of the Government on the provider's reverse auction platform. As part of the registration process, the Contractor shall allow each

entity the opportunity to execute a proprietary data protection agreement with the Contractor; however, the Contractor shall

not negotiate terms in the agreement that affect the terms and conditions of a Government solicitation or contract;

(3) Limit access to, use of, and disclosure of Government data and Government-related data.

(i) The Contractor shall not access, use, or disclose Government data unless specifically authorized by the terms of this contract or a task order or delivery order issued hereunder.

(ii) If authorized by the terms of this contract or a task order or delivery order issued hereunder, any access to, or use

or disclosure of, Government data shall only be for purposes specified in this contract or task order or delivery order.

(iii) The Contractor shall ensure that its employees are subject to all such access, use, and disclosure prohibitions and obligations.

(iv) These access, use, and disclosure prohibitions and obligations shall survive the expiration or termination of this contract.

(v) The Contractor shall notify the Contracting Officer promptly of any requests from a third party for access to Government data or Government-related data, including any warrants, seizures, or subpoenas it receives, including those

from another Federal, State, or local agency. The Contractor shall cooperate with the Contracting Officer to take all measures

to protect Government data and Government-related data from any unauthorized disclosure.

(4) Assert no right or license in the data gathered or generated during a reverse auction. Use Government-related data

only to manage the operational environment that supports the Government data and for no other purpose unless otherwise

permitted with the prior written approval of the Contracting Officer.

(5) Protect from unauthorized use or disclosure and not release outside of the Government any price or proposal

information or any source selection information (see Federal Acquisition Regulation (FAR) 2.101) received by the Contractor

in relation to a reverse auction. Price or proposal information shall include, but is not limited to?

(i) Contractor bid or proposal information, as defined at FAR 3.104-1;

(ii) Price or proposal information similarly generated for a task order or delivery order or an order under a blanket purchase agreement; and

(iii) Information identified by the reverse auction participant as restricted from duplication, use, or disclosure?in whole or in part?for any purpose other than to evaluate the reverse auction participant's price or proposal;

(6) Allow offerors to see the successive lowest price(s) offered in the auction without revealing an offeror's identity;

(7) Not participate as an offeror in any reverse auction, which the Contractor is hosting on behalf of the Government.

This prohibition includes participation in a reverse auction by any entity with which the Contractor has a relationship that raises an actual or potential conflict of interest;

(8) At the close of each auction?

(i) Provide the Contracting Officer with the successful offer, along with information that separately identifies the offeror's price and the price for each provider fee or charge included in the total price; and

52.2-125

52.218 FEDERAL ACQUISITION REGULATION

(ii) Provide the Contracting Officer with all information and documentation received from reverse auction participants in response to the reverse auction.

(End of clause)

52.218 [Reserved]

52.2-126

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-1

52.219 [Reserved]

52.219-1 Small Business Program Representations.

As prescribed in 19.101(a)(2)(ii)(A), insert the following provision:

SMALL BUSINESS PROGRAM REPRESENTATIONS (DEVIATION DATE)

(a) Definitions. As used in this provision-

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which

are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in

accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with

13 CFR 127.300. It automatically qualifies as a women-owned small business concern eligible under the WOSB Program.

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR

126.200, is certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business

concern in the Small Business Search (SBS) (13 CFR 126.103).

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Small business concern?

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of

operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph

(b) of

this provision.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the

power to control the others, or a third party or parties control or have the power to control the others. In determining whether

affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and

contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small disadvantaged business concern means a small business concern that-

- (1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by one or more socially

disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals

who are citizens of the United States, and

- (2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals who meet the criteria in paragraph (1) of this definition.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127)

means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and

daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300.

- (b) (1) The North American Industry Classification System (NAICS) code for this acquisition is _____ [insert NAICS code].

- (2) The small business size standard is _____ [insert size standard].

- (3) The small business size standard for a concern that submits an offer, other than on a construction or service

acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (i.e., nonmanufacturer),

is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition?

- (i) Is set aside for small business and has a value above the simplified acquisition threshold;

- (ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

- (iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

- (c) Representations. (1) The offeror represents as part of its offer that?

- (i) it ? is, ? is not a small business concern; or

- (ii) It ? is, ? is not a small business joint venture that complies with the requirements of 13 CFR 121.103(h) and 13 CFR 125.8(a) and (b). [The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

52.2-127

52.219-1 FEDERAL ACQUISITION REGULATION

- (2) [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]

The offeror represents that it ? is, ? is not a women-owned small disadvantage business concern.

- (3) Women-owned small business (WOSB) joint venture eligible under the WOSB Program. The offeror represents as

part of its offer that it ? is, ? is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [

The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(4) Economically disadvantaged women-owned small business (EDWOSB) joint venture. The offeror represents as part

of its offer that it ? is, ? is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [The

offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(5) SDVOSB joint venture eligible under the SDVOSB Program. [Complete only if the offeror is certified as a SDVOSB

concern]. The offeror represents as part of its offer that it ? is, ? is not a SDVOSB joint venture eligible under the SDVOSB

Program that complies with the requirements of 13 CFR 128.402. [The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(6) HUBZone joint venture eligible under the HUBZone Program. [Complete only if the offeror is a HUBZone small

business concern.] The offeror represents, as part of its offer, that it ? is, ? is not a HUBZone joint venture that complies with

the requirements of 13 CFR 126.616(a) through (c). [The offeror shall enter the name and unique entity identifier of each

party to the joint venture: ____.] Each HUBZone small business concern participating in the HUBZone joint venture must be

certified as a HUBZone concern.

(d) Notice. Under 15 U.S.C. 645(d), any person who misrepresents a firm?s status as a business concern that is small,

HUBZone small, small disadvantaged, service-disabled veteran-owned small, economically disadvantaged women-owned

small, or women-owned small eligible under the WOSB Program in order to obtain a contract to be awarded under the preference programs established pursuant to section 8, 9, 15, 31, and 36 of the Small Business Act or any other provision of

Federal law that specifically references section 8(d) for a definition of program eligibility, will be?

(1) Punished by imposition of fine, imprisonment, or both;

(2) Subject to administrative remedies, including suspension and debarment; and

(3) Ineligible for participation in programs conducted under the authority of the Act.

(End of provision)

Alternate I [Reserved]

Alternate II (MAR 2023). As prescribed in 19.101(a)(2)(ii)(B), substitute the following paragraphs (b) and (c)(1) for paragraphs (b) and (c)(1) of the basic provision:

(b)(1) The North American Industry Classification System (NAICS) codes and corresponding size standards for this acquisition are as follows; the categories or portions these NAICS codes are assigned to are specified elsewhere in the solicitation:

NAICS Code Size standard

[Contracting Officer to insert NAICS codes and size standards].

(2) The small business size standard for a concern that submits an offer, other than on a construction or service

acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (i.e., nonmanufacturer),

is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition?

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(c) Representations. (1) The Offeror shall represent its small business size status for each one of the NAICS codes assigned to this acquisition under which it is submitting an offer.

52.2-128

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-3

NAICS Code Small business concern (yes/no)

[Contracting Officer to insert NAICS codes.]

52.219-2 Equal Low Bids.

As prescribed in 19.203(b), insert the following provision:

EQUAL LOW BIDS (DEVIATION DATE)

(a) This provision applies to small business concerns only.

(b) The bidder's status as a labor surplus area (LSA) concern may affect entitlement to award in case of tie bids. If the

bidder wishes to be considered for this priority, the bidder must identify, in the following space, the LSA in which the costs to

be incurred on account of manufacturing or production (by the bidder or the first-tier subcontractors) amount to more than 50

percent of the contract price.

(c) Failure to identify the labor surplus areas as specified in paragraph (b) of this provision will preclude the bidder from

receiving priority consideration. If the bidder is awarded a contract as a result of receiving priority consideration under this

provision and would not have otherwise received award, the bidder shall perform the contract or cause the contract to be

performed in accordance with the obligations of an LSA concern.

(End of provision)

52.219-3 Notice of HUBZone Set-Aside or Sole-Source Award.

As prescribed in 19.105-4(a), insert the following clause:

NOTICE OF HUBZONE SET-ASIDE OR SOLE-SOURCE AWARD (DEVIATION DATE)

(a) Definition. HUBZone small business concern, as used in this clause, means a small business concern, certified by the Small Business Administration (SBA), that appears on the List of Qualified HUBZone Small Business Concerns maintained by the SBA (13 CFR 126.103).

(b) Applicability. This clause applies only to-

- (1) Contracts that have been set aside or awarded on a sole-source basis to, HUBZone small business concerns;
- (2) Part or parts of a multiple-award contract that have been set aside for HUBZone small business concerns; and
- (3) Orders set aside for HUBZone small business concerns under multiple-award contracts as described in 8.4 and 16.5

(c) General. (1) Offers are solicited only from HUBZone small business concerns. Offers received from concerns that are not HUBZone small business concerns will not be considered.

(2) Any award resulting from this solicitation will be made to a HUBZone small business concern.

(d) Joint venture. A joint venture may be considered a HUBZone concern if?

(1) At least one party to the joint venture is a HUBZone small business concern and complies with 13 CFR 126.616(c);

and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small

under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under the SBA mentor-protégé program.

(e) A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.2-129

52.219-4 FEDERAL ACQUISITION REGULATION

52.219-4 Notice of Price Evaluation Preference for HUBZone Small Business Concerns.

As prescribed in 19.110(b), insert the following provision:

NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (DEVIATION DATE)

(a) Evaluation preference. (1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

- (i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and
- (ii) Otherwise successful offers from small business concerns.

(b) Waiver of evaluation preference. A HUBZone small business concern may choose to waive the evaluation

preference.

If the concern waives the preference, the factor will be added to its offer for evaluation purposes.

? Offeror chooses to waive the evaluation preference.

(c) Joint venture. A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

(End of provision)

52.219-5 [Reserved]

52.219-6 Notice of Total Small Business Set-Aside.

As prescribed in 19.104-3(a), insert the following clause:

NOTICE OF TOTAL SMALL BUSINESS SET-ASIDE (DEVIATION DATE)

(a) Definition. Small business concern, as used in this clause?

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(2) Affiliates, as used in paragraph (a)(1) of this clause, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR

121.103.

(b) Applicability. This clause applies only to-

(1) Contracts that have been set aside for small business concerns; and

(2) Orders set aside for small business concerns under multiple-award contracts as described in 8.4 and 16.5.

(c) General. (1) Offers are solicited only from small business concerns. Offers received from concerns that are not small business concerns shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to a small business concern.

(End of clause)

Alternate I (MAR 2020) . As prescribed in 19.104-3(a), substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) General.(1) Offers are solicited only from small business concerns and Federal Prison Industries, Inc. (FPI). Offers

received from concerns that are not small business concerns or FPI shall be considered nonresponsive and will be rejected.

(2) Any award resulting from this solicitation will be made to either a small business concern or FPI.

52.2-130

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-8

52.219-7 Notice of Partial Small Business Set-Aside.

As prescribed in 19.104-3(b), insert the following clause:

NOTICE OF PARTIAL SMALL BUSINESS SET-ASIDE (NOV 2020)

(a) Definition. Small business concern, as used in this clause?

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of

operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(2) Affiliates, as used in paragraph (a)(1) of this clause, means business concerns, one of whom directly or indirectly

controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR

121.103.

(b) Applicability. This clause applies only to contracts that have been partially set aside for small business concerns.

(c) General. (1) A portion of this requirement, identified elsewhere in this solicitation, has been set aside for award to

one or more small business concerns identified in 19.000(a)(3). Offers received from concerns that do not qualify as small

business concerns shall be considered nonresponsive and shall be rejected on the set-aside portion of the requirement.

(2) Small business concerns may submit offers and compete for the non-set-aside portion and the set-aside portion.

(d) The Offeror shall?

[Contracting Officer check as appropriate.]

? Submit a separate offer for each portion of the solicitation for which it wants to compete (i.e. set-aside portion, non-set-

aside portion, or both); or

? Submit one offer to include all portions for which it wants to compete.

(e) Partial set-asides of multiple-award contracts. (1) Small business concerns will not compete against other than small

business concerns for any order issued under the part or parts of the multiple-award contract that are set aside.

(2) Small business concerns may compete for orders issued under the part or parts of the multiple-award contract that

are not set aside, if the small business concern received a contract award for the non-set-aside portion.

(End of clause)

Alternate I (MAR 2020) . As prescribed in 19.104-3(b), add the following paragraph (f) to the basic clause:

(f) Notwithstanding paragraph (c) of this clause, offers from Federal Prison Industries, Inc., will be solicited and considered for both the set-aside and non-set-aside portion of this requirement.

52.219-8 Utilization of Small Business Concerns.

As prescribed in 19.109(e), insert the following clause:

UTILIZATION OF SMALL BUSINESS CONCERNS (DEVIATION DATE)

(a) Definitions. As used in this contract?

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR **126.200, certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business**

concern in the Small Business Search (SBS) and the System for Award Management (SAM).

Service-disabled veteran-owned small business (SDVOSB) concern means an SDVOSB concern that meets the requirements described in 13 CFR 128.300, is certified by SBA, and is designated by SBA as an SDVOSB concern in SBS

and SAM.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant

in its field of operation and qualified as a small business under the criteria and size standards in 13 CFR part 121, including

the size standard that corresponds to the NAICS code assigned to the contract or subcontract.

Small disadvantaged business (SDB) concern means a small business concern under the size standard applicable to the

acquisition, that-

- (1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-

52.2-131

52.219-8 FEDERAL ACQUISITION REGULATION

- (i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined

at 13 CFR 124.104) individuals who are citizens of the United States; and

- (ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR

124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13.CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Veteran-owned small business (VOSB) concern means a small business concern-

- (1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C.101(2))

or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

- (2) The management and daily business operations of which are controlled by one or more veterans.

Women-owned small business (WOSB) concern means a small business concern-

- (1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51

percent of the stock of which is owned by one or more women;

- (2) Whose management and daily business operations are controlled by one or more women; and

- (3) That is certified by SBA or an approved third- party certifier in accordance with 13 CFR 127.300 and is designated

by SBA as a WOSB concern in SBS and SAM.

- (b) It is the policy of the United States that small business concerns, VOSB concerns, SDVOSB concerns, HUBZone

small business concerns, SDB concerns, and WOSB concerns shall have the maximum practicable opportunity to participate

in performing contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. It is further the policy of the United States that its prime contractors

establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small

business concerns, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB

concerns.

(c) (1) A joint venture qualifies as a small business concern if?

(i) Each party to the joint venture qualifies as small under the size standard for the solicitation; or

(ii) The protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under a SBA mentor-protégé program. (See 13 CFR 125.9(d).)

(2) A joint venture qualifies as a HUBZone small business concern if it complies with the requirements in 13 CFR

126.616(a) through (c).

(d) The Contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent

with efficient contract performance. The Contractor further agrees to cooperate in any studies or surveys as may be conducted

by the Small Business Administration or the awarding agency of the as may be necessary to determine the extent of the

Contractor's compliance with this clause.

(e) (1) Unless the Contractor has reason to question the representation, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size

and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the

subcontract.

(2) Unless the Contractor has reason to question the representation, it may accept a subcontractor's representations of its

size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if the subcontractor

?

(i) Is registered in SAM; and

(ii) Represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(3) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or

socioeconomic status in connection with a subcontract.

(4) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the

subcontractor's size or socioeconomic status.

(5) The Contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern, VOSB,

SDVOSB, or WOSB concern is certified by SBA by checking SAM or SBS at <https://search.certifications.sba.gov/>.

(End of clause)

52.2-132

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-9

52.219-9 Small Business Subcontracting Plan.

As prescribed in 19.109(e)(2)(i), insert the following clause:

SMALL BUSINESS SUBCONTRACTING PLAN (DEVIATION DATE)

(a) This clause does not apply to small business concerns.

(b) Definitions. As used in this clause?

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act

(43 U.S.C. 1601, et seq.) and which is considered a minority and economically disadvantaged concern under the criteria

at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and

partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

Commercial plan means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial products and commercial services sold by either the entire company or a portion thereof

(e.g., division, plant, or product line).

Commercial product means a product that satisfies the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101.

Commercial service means a service that satisfies the definition of "commercial service" in FAR 2.101.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups

(including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement

Act (43 U.S.C. 1601 et seq.), that is recognized by the Federal Government as eligible for services from the Bureau of Indian

Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the

requirements of 25 U.S.C. 1452(e).

Individual subcontracting plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the

specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the

contract.

Master subcontracting plan means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

Reduced payment means a payment for less than the amount agreed upon in a subcontract in accordance with its terms and

conditions, for supplies and services for which the Government has paid the prime contractor.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a

Federal

Government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

Subcontracting Plan Reporting (SPR) means the electronic subcontracting reporting system at SAM.gov for small business subcontracting program reporting.

Total contract dollars means the final anticipated dollar value, including the dollar value of all options.

Untimely payment means a payment to a subcontractor that is more than 90 days past due under the terms and conditions

of a subcontract for supplies and services for which the Government has paid the prime contractor.

(c) (1) The Offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where

applicable, that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-

disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and

women-owned small business (WOSB) concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned

small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with

a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer will include the subcontracting plan in and make it a part of the resultant contract. The Offeror shall negotiate the subcontracting plan within

the timeframe specified by the Contracting Officer. If the Offeror fails to submit and negotiate the subcontracting plan, then

the Offeror will not be eligible for award of a contract.

(2) (i) Unless the Contractor has reason to question the representations, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or SDB, if the subcontractor represents that the size

52.2-133

52.219-9 FEDERAL ACQUISITION REGULATION

and socioeconomic status representations with its offer are current, accurate, and complete as of the date of the offer for the

subcontract.

(ii) Unless the Contractor has reason to question the representations, it may accept a subcontractor's representations

of its size and socioeconomic status as a small business or SDB in the System for Award Management (SAM) if?

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current,

accurate and complete as of the date of the offer for the subcontract.

(iii) The Contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) A contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or SDB status.

(v) In order to be eligible as a VOSB, SDVOSB, HUBZone small business, or WOSB concern, subcontractor under a subcontracting plan, the small business must be certified by the Small Business Administration (SBA) as that socioeconomic status. SBA certifications are in the Small Business Search (SBS) website at <https://search.certifications.sba.gov/>.

(d) The Offeror's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted, and as a percentage of total planned subcontracting

dollars, for the use of small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed

in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars.

The Offeror shall include all subcontracts that contribute to contract performance and may include a proportionate share of

products and services that are normally allocated as indirect costs. In accordance with 15 U.S.C. 657r(a), an Offeror that is

a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) and awards a subcontract to its protégé may

apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, if the protégé is a covered

territory business or the protégé's principal office is located in the Commonwealth of Puerto Rico. In accordance with 43

U.S.C. 1626?

(i) Count subcontracts awarded to an ANC or Indian tribe toward the subcontracting goals for small business and small disadvantaged business concerns, regardless of the size or SBA certification status of the ANC or Indian tribe; and

(ii) If one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, then the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract towards its small

business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian

tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the

ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts

designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime

Contractor, and the subcontractors between the prime Contractor and the ANC or Indian tribe within 30 days of the date of

the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contracting Officer will consider the Contractor that awarded the subcontract to the ANC or Indian tribe the designated Contractor.

(2) A statement of?

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Offeror's total projected sales, expressed in dollars, and the total value of projected subcontracts, including all indirect costs except as described in

paragraph (g) of this clause, to support the sales for a commercial plan;

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns;

(iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business;

(v) Total dollars planned to be subcontracted to HUBZone small business concerns;

(vi) Total dollars planned to be subcontracted to small disadvantaged business concerns (including ANCs and Indian tribes); and

(vii) Total dollars planned to be subcontracted to women-owned small business concerns.

52.2-134

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-9

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to-

(i) Small business concerns;

(ii) Veteran-owned small business concerns;

(iii) Service-disabled veteran-owned small business concerns;

(iv) HUBZone small business concerns;

(v) Small disadvantaged business concerns; and

(vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company

source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service,

the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or small, HUBZone, small disadvantaged, and women-owned small business trade associations). A firm may rely on the information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes

of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged,

and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (e.g.,

outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Offeror included indirect costs in establishing subcontracting goals, and a

description of the method used to determine the proportionate share of indirect costs to be incurred with?

- (i) Small business concerns (including ANC and Indian tribes);
- (ii) Veteran-owned small business concerns;
- (iii) Service-disabled veteran-owned small business concerns;
- (iv) HUBZone small business concerns;
- (v) Small disadvantaged business concerns (including ANC and Indian tribes); and
- (vi) Women-owned small business concerns.

(7) The name of the individual employed by the Offeror who will administer the Offeror's subcontracting program, and

a description of the duties of the individual.

(8) A description of the efforts the Offeror will make to assure that small business, VOSB, SDVOSB, HUBZone small

business, SDB, and WOSB concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Offeror will include the clause of this contract entitled "Utilization of Small Business Concerns" in all subcontracts that offer further subcontracting opportunities, and that the Offeror will require all subcontractors (except small business concerns, including entities that are treated as small business concerns by statute

for certain purposes (e.g., ANCs, see 13 CFR 125.3(b)(2))) that receive subcontracts in excess of the applicable threshold specified in FAR 19.109(a) on the date of subcontract award, with further subcontracting possibilities to adopt a

subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Offeror will?

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (I) of this clause using the SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by SBA as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions.

Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using SPR;

(vi) Provide its prime contract number, its unique entity identifier, and the e-mail address of the Offeror's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so

they can enter this information into the SPR when submitting their ISRs; and

52.2-135

52.219-9 FEDERAL ACQUISITION REGULATION

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting

the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to

comply with the requirements and goals in the plan, including establishing source lists; and a description of the Offeror's efforts to locate small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (e.g., SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned

small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned

small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating-

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact-

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-

owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through-

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply

with this requirement.

(12) Assurances that the Offeror will make a good faith effort to acquire articles, equipment, supplies, services, or

materials, or obtain the performance of construction work from the small business concerns that it used in preparing the

bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. The Offeror used a small business

concern in preparing the bid or proposal if?

(i) The Offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded

a subcontract for the related work if the Offeror is awarded the contract.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor

fails to acquire articles, equipment, supplies, services, or materials or obtain the performance of construction work as described in paragraph (d)(12) of this clause. The Contractor shall submit the written explanation to the Contracting Officer

within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the Contracting Officer any

material matter pertaining to payment to or utilization of a subcontractor.

52.2-136

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-9

(15) Assurances that the Contractor will pay its small business subcontractors on time and in accordance with the terms

and conditions of the underlying subcontract, and notify the Contracting Officer when the prime contractor makes either a

reduced or an untimely payment to a small business subcontractor (see 52.242-5).

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor

shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone

small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for

the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns.

Where the Contractor's lists of potential small business, veteran-owned small business, service-disabled veteran-owned small

business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are

excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a

period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business,

service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned

small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small

business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and

women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing SAM or by accessing the Small Business Search (SBS) at <https://search.certifications.sba.gov/>.

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as

small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose

of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold, as defined in FAR 2.101 on the date

of subcontract award, in which a small business concern received a small business preference, upon determination of the

successful subcontract offeror, prior to award of the subcontract the Contractor must inform each unsuccessful small business

subcontract offeror in writing of the name and location of the apparent successful offeror and if the successful subcontract

offeror is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small

business, small disadvantaged business, or women-owned small business concern.

(7) Assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose

of the subcontract.

(f) A master subcontracting plan on a plant or division-wide basis that contains all the elements required by paragraph (d)

of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the Offeror by

this clause; provided-

(1) The master subcontracting plan has been approved;

(2) The Offeror ensures that the master subcontracting plan is updated as necessary and provides copies of the approved

master subcontracting plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master subcontracting plan deemed necessary by the Contracting Officer to

satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial products and

commercial services. The commercial plan shall relate to the offeror's planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor's commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial product or commercial service. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in SPR for all contracts covered by its commercial plan. A Contractor authorized to use a commercial subcontracting plan shall include in its subcontracting goals and in its SSR all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region;

52.2-137

52.219-9 FEDERAL ACQUISITION REGULATION

and philanthropic contributions. This report shall be monitored in SPR by the agency that approved the plan. This report shall be submitted within 45 days after the end of the Government's fiscal year.

(h) The Contracting Officer will consider prior compliance of the Offeror with other such subcontracting plans under previous contracts in determining the responsibility of the Offeror for award of the contract.

(i) A contract may have no more than one subcontracting plan. When a contract modification exceeds the subcontracting plan threshold in FAR 19.109(a), or an option is exercised, the goals of the existing subcontracting plan shall be amended to reflect any new subcontracting opportunities. When the goals in a subcontracting plan are amended, these goal changes do not apply retroactively.

(j) Subcontracting plans are not required from subcontractors when the prime contract is awarded under FAR part 12, Acquisition of Commercial Products and Commercial Services, or when the subcontractor provides a commercial product or commercial service subject to the clause at FAR 52.244-6, Subcontracts for Commercial Products and Commercial Services, under a prime contract.

(k) The Contracting Officer will consider failure of the Contractor or subcontractor to comply in good faith with the

clause

of this contract entitled "Utilization Of Small Business Concerns," or an approved plan required by this clause, a material

breach of the contract and may consider the failure in any past performance evaluation of the Contractor.

(l) The Contractor shall submit ISRs and SSRs using the web-based SPR. Do not include purchases from a corporation,

company, or subdivision that is an affiliate of the Contractor or subcontractor in these reports. Treat subcontract awards by affiliates as subcontract awards by the Contractor. Limit subcontract award data reported by the Contractor and subcontractors to awards made to their immediate next-tier subcontractors. The Contractor and its subcontractors cannot

take credit for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or SDB credit from an ANC or Indian tribe. Include in these reports only subcontracts involving performance in the United States or its outlying areas, with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas

(1) ISR. This report is not required for commercial plans. The report is required for each contract containing an individual subcontracting plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 45 days of contract completion. Reports are due 45 days

after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due,

regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting

period. When notified of any anomaly, discrepancy, or error in the ISR, the Contractor shall submit a corrected report within

30 days of receiving the notice.

(ii) (A) When a subcontracting plan contains separate goals for the base period of the contract and each option, the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report

submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first

option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to 19.302-1 or 19.301(e), the Contractor shall

report its achievements on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(iii) When a subcontracting plan includes indirect costs in the goals, include these costs in this report.

(iv) In the case of a subcontract with a subcontracting plan, the responsibility to monitor the ISR belongs to the entity that awarded the subcontract.

(2) SSR. (i) Reports submitted under individual subcontracting plans?

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency,

regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect

costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (e.g. plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor or a subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.109(a), and the contract contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime contractors.

52.2-138

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-9

(D) The report shall be submitted annually by November 14 for the twelve month period ending September 30.

When a Contracting Officer rejects an SSR, the Contractor shall submit a revised report within 30 days of receiving the notice of SSR rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The responsibility to monitor SSRs in SPR, including SSRs submitted by subcontractors with subcontracting plans, belongs to the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan-

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within thirty days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The responsibility to monitor SSRs for commercial plans belongs to the Government agency that approved the commercial plan.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 19.109(e)(2)(i)(A), substitute the following paragraph (c)(1) for paragraph

(c)(1) of the basic clause:

(c)(1) The apparently low bidder, upon request by the Contracting Officer, shall submit a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business (VOSB),

service-

disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and

women-owned small business (WOSB) concerns. If the bidder is submitting an individual subcontracting plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned

small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with

a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer shall include the

plan in and make it a part of the resultant contract. The apparently low bidder shall submit the subcontracting plan within the

timeframe specified by the Contracting Officer. If the Bidder fails to submit the subcontracting plan, then the Bidder shall not

be eligible for the award of a contract.

Alternate II (DEVIATION DATE). As prescribed in 19.109(e)(2)(i)(B), substitute the following paragraph (c)(1) for paragraph (c)(1) of the basic clause:

(c)(1) The Offeror shall include with its proposal, submitted in response to this solicitation, a subcontracting plan that

separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-

owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small

business (WOSB) concerns. If the Offeror is submitting an individual subcontracting plan, the plan must separately address

subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone

small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic

contract and separate parts for each option (if any). The Contracting Officer shall include the plan in and make it a part of

the resultant contract. The Offeror shall negotiate the subcontracting plan within the timeframe specified by the Contracting

Officer. If the Offeror fails to submit and negotiate a subcontracting plan, the Offeror shall not be eligible for award of a contract.

Alternate III (DEVIATION DATE). As prescribed in 19.109(e)(2)(i)(C), substitute the following paragraphs (d)(10) and (l) for paragraphs (d)(10) and (l) in the basic clause:

(d)(10) Assurances that the Offeror will?

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Submit Standard Form (SF) 294 Subcontracting Report for Individual Contract in accordance with paragraph

(l) of this clause. Submit the Summary Subcontract Report (SSR), in accordance with paragraph (l) of this clause using the

SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and

Indian

tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business

concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes

52.2-139

52.219-9 FEDERAL ACQUISITION REGULATION

that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small

business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations; and

(iv) Ensure that its subcontractors with subcontracting plans agree to submit the SF 294 in accordance with paragraph (l) of this clause. Ensure that its subcontractors with subcontracting plans agree to submit the SSR in accordance

with paragraph (l) of this clause using the SPR.

(l) The Contractor shall submit a SF 294. The Contractor shall submit SSRs using the web-based SPR. Purchases from a

corporation, company, or subdivision that is an affiliate of the Contractor or subcontractor are not included in these reports.

Subcontract awards by affiliates shall be treated as subcontract awards by the Contractor. Subcontract award data reported by

the Contractor and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot

be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a

small business or small disadvantaged business credit from an ANC or Indian tribe. Only subcontracts involving performance

in the U.S. or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting

plans for subcontracts performed outside the United States and its outlying areas.

(1) SF 294. This report is not required for commercial plans. The report is required for each contract containing an

individual subcontracting plan. For Contractors the report shall be submitted to the Contracting Officer, or as specified elsewhere in this contract. In the case of a subcontract with a subcontracting plan, the report shall be submitted to the entity

that awarded the subcontract.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 45 days of contract completion. Reports are due 45 days

after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due,

regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting

period. When notified of any anomaly, discrepancy, or error in the report, the Contractor shall submit a revised report within

30 days of receiving the notice of report rejection.

(ii)(A) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.206-1(b), the dollar goal inserted on this report shall be the sum of the base period through the current option; for

example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the

basic contract, the first option, and the second option.

(B) If a subcontracting plan has been added to the contract pursuant to FAR 19.302-1 or 19.301(d), the

Contractor's achievements must be reported in the report on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

(iii) When a subcontracting plan includes indirect costs in the goals, these costs must be included in this report.

(2)SSR. (i) Reports submitted under subcontracting contract plans.

(A) This report encompasses all subcontracting under prime contracts and subcontracts with an executive agency,

regardless of the dollar value of the subcontracts. This report also includes indirect costs on a prorated basis when the indirect

costs are excluded from the subcontracting goals.

(B) The report may be submitted on a corporate, company or subdivision (e.g., plant or division operating as a

separate profit center) basis, unless otherwise directed by the agency.

(C) If the Contractor and/or a subcontractor is performing work for more than one executive agency, a separate

report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over the applicable threshold specified in FAR 19.109(a), and the contract contains a subcontracting

plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or

subcontracts awarded by DoD prime contractors.

(D) The report shall be submitted annually by November 14, for the twelve month period ending September 30.

When a Contracting Officer rejects an SSR, the Contractor is required to submit a revised SSR within 30 days of receiving

the notice of report rejection.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately

allocated.

(F) The responsibility to monitor SSRs in the SPR, including SSRs submitted by subcontractors with subcontracting plans, belongs to the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan.

52.2-140

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-9

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year and all indirect costs.

(B) The report shall be submitted annually, within 45 days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency.

(D) The responsibility to monitor SSRs for commercial plans belongs to the agency that approved the commercial plan.

Alternate IV (DEVIATION DATE). As prescribed in 19.302-1(b)(1), substitute the following paragraphs (c)(1) and (d) for paragraphs (c)(1) and (d) of the basic clause:

(c)(1) The Contractor, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns. If the Contractor is submitting an individual subcontracting plan, the plan shall separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The Contracting Officer shall incorporate the subcontracting plan into the contract. The Contractor shall negotiate the subcontracting plan within the timeframe specified by the Contracting Officer. The subcontracting plan does not apply retroactively.

(d) The Contractor's subcontracting plan shall include the following:

(1) Separate goals, expressed in terms of total dollars subcontracted and as a percentage of total planned subcontracting dollars, for the use of small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns as subcontractors. For individual subcontracting plans, and if required by the Contracting Officer, goals shall also be expressed in terms of percentage of total contract dollars, in addition to the goals expressed as a percentage of total subcontract dollars. The Contractor shall include all subcontracts that contribute to contract performance and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 15 U.S.C. 657r(a), a Contractor that is a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9) and awards a subcontract to its protégé may apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, if the protégé is a

covered

territory business or the protégé's principal office is located in the Commonwealth of Puerto Rico. In accordance with 43

U.S.C. 1626?

(i) Count subcontracts awarded to an ANC or Indian tribe toward the subcontracting goals for small business and SDB concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe; and

(ii) If one or more subcontractors are in the subcontract tier between the prime Contractor and the ANC or Indian tribe, then the ANC or Indian tribe shall designate the appropriate Contractor(s) to count the subcontract toward its small

business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the

ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts

designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the Contracting Officer will consider the Contractor that awarded the subcontract to the ANC or Indian tribe the designated Contractor.

(2) A statement of?

(i) Total dollars planned to be subcontracted for an individual subcontracting plan; or the Contractor's total projected

sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan, including

all indirect costs, with the exception of those such as the following: Employee salaries and benefits; payments for petty cash;

depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment

manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions;

52.2-141

52.219-9 FEDERAL ACQUISITION REGULATION

(ii) Total dollars planned to be subcontracted to small business concerns (including ANC and Indian tribes);

(iii) Total dollars planned to be subcontracted to veteran-owned small business concerns; (iv) Total dollars planned to be subcontracted to service-disabled veteran-owned small business; (v) Total dollars planned to be subcontracted to

HUBZone small business concerns; (vi) Total dollars planned to be subcontracted to small disadvantaged business concerns

(including ANCs and Indian tribes); and (vii) Total dollars planned to be subcontracted to women-owned small business

concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types

planned for subcontracting to

- (i) Small business concerns;
- (ii) Veteran-owned small business concerns;
- (iii) Service-disabled veteran-owned small business concerns;
- (iv) HUBZone small business concerns;
- (v) Small disadvantaged business concerns; and
- (vi) Women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company

source lists, SAM, veterans service organizations, the National Minority Purchasing Council Vendor Information Service,

the Research and Information Division of the Minority Business Development Agency in the Department of Commerce, or

small, HUBZone, small disadvantaged, and women-owned small business trade associations). The Contractor may rely on the

information contained in SAM as an accurate representation of a concern's size and ownership characteristics for the purposes

of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged,

and women-owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (e.g.,

outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the Contractor included indirect costs in establishing subcontracting goals, and a

description of the method used to determine the proportionate share of indirect costs to be incurred with?

- (i) Small business concerns (including ANC and Indian tribes);
- (ii) Veteran-owned small business concerns;
- (iii) Service-disabled veteran-owned small business concerns;
- (iv) HUBZone small business concerns;
- (v) Small disadvantaged business concerns (including ANC and Indian tribes); and
- (vi) Women-owned small business concerns.

(7) The name of the individual employed by the Contractor who will administer the Contractor's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the Contractor will make to assure that small business, VOSB, SDVOSB, HUBZone

small business, SDB, and WOSB concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the Contractor will include the clause of this contract entitled ?Utilization of Small Business

Concerns? in all subcontracts that offer further subcontracting opportunities, and that the Contractor will require all subcontractors (except small business concerns, including entities that are treated as small business concerns by statute

for certain purposes (e.g., ANCs, see 13 CFR 125.3(b)(2))) that receive subcontracts in excess of the applicable threshold

specified in FAR 19.302-1(a)(1) on the date of subcontract award, with further subcontracting possibilities to adopt a subcontracting plan that complies with the requirements of this clause.

(10) Assurances that the Contractor will?

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so the Government can determine the extent of compliance by the Contractor with the subcontracting plan;

(iii) Include subcontracting data for each order when reporting subcontracting achievements for an indefinite-delivery, indefinite-quantity contract with an individual subcontracting plan where the contract is intended for use by multiple agencies;

(iv) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (I) of this clause using the SPR. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns,

service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business

concerns (including ANCs and Indian tribes that have not been certified by SBA as small disadvantaged businesses), women-

52.2-142

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-9

owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions.

Reporting shall be in accordance with this clause, or as provided in agency regulations;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or SSR using SPR;

(vi) Provide its prime contract number, its unique entity identifier, and the e-mail address of the Contractor's official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so

they can enter this information into the SPR when submitting their ISRs; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting

the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to

comply with the requirements and goals in the plan, including establishing source lists; and a description of the Contractor's

efforts to locate small business, VOSB, SDVOSB, HUBZone small business, SDB, and WOSB concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

(i) Source lists (e.g., SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned

small business concerns.

(ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned

small business concerns.

(iii) Records on each subcontract solicitation resulting in an award of more than the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, indicating?

(A) Whether small business concerns were solicited and, if not, why not;

(B) Whether veteran-owned small business concerns were solicited and, if not, why not;

(C) Whether service-disabled veteran-owned small business concerns were solicited and, if not, why not;

(D) Whether HUBZone small business concerns were solicited and, if not, why not;

(E) Whether small disadvantaged business concerns were solicited and, if not, why not;

(F) Whether women-owned small business concerns were solicited and, if not, why not; and

(G) If applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact?

(A) Trade associations;

(B) Business development organizations;

(C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, service-disabled veteran-

owned, and women-owned small business sources; and

(D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through?

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the Contractor to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply

with this requirement.

(12) Assurances that the Contractor will make a good faith effort to acquire articles, equipment, supplies, services,

or materials, or obtain the performance of construction work from the small business concerns that it used in preparing the proposal for the modification, in the same or greater scope, amount, and quality used in preparing and submitting the

modification proposal. Responding to a request for a quote does not constitute use in preparing a proposal. The Contractor

used a small business concern in preparing the proposal for a modification if?

(i) The Contractor identifies the small business concern as a subcontractor in the proposal or associated small business subcontracting plan to furnish certain supplies or perform a portion of the subcontract; or

(ii) The Contractor used the small business concern's pricing or cost information or technical expertise in preparing the proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a

subcontract for the related work when the modification is executed.

(13) Assurances that the Contractor will provide the Contracting Officer with a written explanation if the Contractor

fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as

52.2-143

52.219-10 FEDERAL ACQUISITION REGULATION

described in paragraph (d)(12) of this clause. The Contractor shall submit this written explanation to the Contracting Officer

within 30 days of contract completion.

(14) Assurances that the Contractor will not prohibit a subcontractor from discussing with the contracting officer any

material matter pertaining to the payment to or utilization of a subcontractor.

(15) Assurances that the Contractor will pay its small business subcontractors on time and in accordance with the terms

and conditions of the underlying subcontract, and notify the Contracting Officer when the prime contractor makes either a

reduced or an untimely payment to a small business subcontractor (see 52.242-5).

52.219-10 Incentive Subcontracting Program.

As prescribed in 19.109(f)(1), insert the following clause:

INCENTIVE SUBCONTRACTING PROGRAM (DEVIATION DATE)

(a) Of the total dollars it plans to spend under subcontracts, the Contractor has committed itself in its subcontracting plan

to try to award certain percentages to small business, veteran-owned small business, service-disabled veteran-owned small

business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, respectively.

(b) If the Contractor exceeds its subcontracting goals for small business, veteran-owned small business, service-disabled

veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business

concerns in performing this contract, it will receive _____ [Contracting Officer to insert the appropriate number between

0 and 10] percent of the dollars in excess of each goal in the plan, unless the Contracting Officer determines that the excess

was not due to the Contractor's efforts (e.g., a subcontractor cost overrun caused the actual subcontract amount to exceed that

estimated in the subcontracting plan, or the award of subcontracts that had been planned but had not been disclosed in the

subcontracting plan during contract negotiations). Determinations under this paragraph are unilateral decisions made solely at

the discretion of the Government.

(c) If this is a cost-plus-fixed-fee contract, the sum of the fixed fee and the incentive fee earned under this contract may not

exceed the limitations in 15.4 of the Federal Acquisition Regulation.

(End of clause)

52.219-11 Special 8(a) Contract Conditions.

As prescribed in 19.108-10(a), insert the following clause:

SPECIAL 8(A) CONTRACT CONDITIONS (JAN 2017)

The Small Business Administration (SBA) agrees to the following:

(a) To furnish the supplies or services set forth in this contract according to the specifications and the terms and conditions

hereof by subcontracting with an eligible concern pursuant to the provisions of section 8(a) of the Small Business Act, as

amended (15 U.S.C. 637(a)).

(b) That in the event SBA does not award a subcontract for all or a part of the work hereunder, this contract may be terminated either in whole or in part without cost to either party.

(c) Except for novation agreements, delegates to the _____ [insert name of contracting agency] the responsibility

for administering the subcontract to be awarded hereunder with complete authority to take any action on behalf of the Government under the terms and conditions of the subcontract; provided, however, that the _____ [insert name of contracting agency] shall give advance notice to the SBA before it issues a final notice terminating the right of a subcontractor to proceed with further performance, either in whole or in part, under the subcontract for default or for the convenience of the Government.

(d) That payments to be made under any subcontract awarded under this contract will be made directly to the subcontractor by the _____ [insert name of contracting agency].

(e) That the subcontractor awarded a subcontract hereunder shall have the right of appeal from decisions of the Contracting Officer cognizable under the "Disputes" clause of said subcontract.

52.2-144

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-14

(f) To notify the _____ [insert name of contracting agency] Contracting Officer immediately upon notification by the subcontractor that the owner or owners upon whom 8(a) eligibility was based plan to relinquish ownership or control of the concern.

(End of clause)

52.219-12 Special 8(a) Subcontract Conditions.

As prescribed in 19.108-10(b), insert the following clause:

SPECIAL 8(A) SUBCONTRACT CONDITIONS (OCT 2019)

(a) The Small Business Administration (SBA) has entered into Contract No. _____ [insert number of contract] with

the _____ [insert name of contracting agency] to furnish the supplies or services as described therein. A copy of the contract is attached hereto and made a part hereof.

(b) The _____ [insert name of subcontractor], hereafter referred to as the subcontractor, agrees and acknowledges

as follows:

(1) That it will, for and on behalf of the SBA, fulfill and perform all of the requirements of Contract No. _____ [insert

number of contract] for the consideration stated therein and that it has read and is familiar with each and every part of the

contract.

(2) That the SBA has delegated responsibility, except for novation agreements, for the administration of this subcontract to the _____ [insert name of contracting agency] with complete authority to take any action on behalf of the

Government and conditions of this subcontract.

(3) That it will notify the _____ [insert name of contracting agency] Contracting Officer in writing immediately

upon entering an agreement (either oral or written) to transfer all or part of its stock or other ownership interest to any other

party.

(c) Payments, including any progress payments under this subcontract, will be made directly to the subcontractor by the

_____ [insert name of contracting agency].

(End of clause)

52.219-13 Notice of Set-Aside of Orders.

As prescribed in 19.104-3(d), insert the following clause:

NOTICE OF SET-ASIDE OF ORDERS (MAR 2020)

(a) The Contracting Officer may set aside orders for the small business concerns identified in 19.000(a)(3).

(b) The Contracting Officer will give notice of the order or orders, if any, to be set aside for small business concerns identified in 19.000(a)(3) and the applicable small business program. This notice, and its restrictions, will apply only to the

specific orders that have been set aside for any of the small business concerns identified in 19.000(a)(3).

(End of clause)

Alternate I [Reserved]

52.219-14 Limitations on Subcontracting.

As prescribed in 19.104-3(c), insert the following clause:

LIMITATIONS ON SUBCONTRACTING (DEVIATION DATE)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) Definition. Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent

contractor, that?

52.2-145

52.219-14 FEDERAL ACQUISITION REGULATION

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a

small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code

the prime contractor assigned to the subcontract.

(c) Applicability. This clause applies only to?

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified

in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and

19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns

under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108

under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless

the concern waived the evaluation preference.

(d) Independent contractors. An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned

a North American Industry Classification System (NAICS) code for?

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for

contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further

subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a

contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent

of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are

not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the

50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract

performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that

cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent

subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause?

[Contracting Officer check as appropriate.]

? By the end of the base term of the contract and then by the end of each subsequent option period; or

? By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the

order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of

this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protégé and its mentor approved by the Small Business Administration, the small business protégé shall perform at least 40 percent of the work performed by the joint venture. Work

performed by the small business protégé in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint

venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.2-146

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-17

52.219-15 [Reserved]

52.219-16 Liquidated Damages-Subcontracting Plan.

As prescribed in 19.109(e)(2)(ii) and 19.302-1(b)(2), insert the following clause:

LIQUIDATED DAMAGES-SUBCONTRACTING PLAN (DEVIATION DATE)

(a) The Government will measure performance by applying the percentage goals to the total actual subcontracting dollars,

or, if a commercial plan is involved, to the pro rata share of actual subcontracting dollars attributable to Government contracts

covered by the commercial plan. If, at contract completion or, in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer

decides in accordance with paragraph (b) of this clause that the Contractor failed to make a good faith effort to comply with

its subcontracting plan, established in accordance with the clause in this contract entitled "Small Business Subcontracting

Plan," the Contractor shall pay the Government liquidated damages in a stated amount. The amount of probable damages

attributable to the Contractor's failure to comply shall equal the actual dollar amount by which the Contractor failed to achieve each subcontract goal.

(b) Before the Contracting Officer makes a final decision that the Contractor has failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall give the Contractor written notice specifying the failure

and permitting the Contractor to demonstrate the good faith efforts it made and to discuss the matter. The Contracting Officer may take failure to respond to the notice as an admission that no valid explanation exists. If, after consideration of

all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the

subcontracting plan, the Contracting Officer will issue a final decision to that effect and require that the Contractor pay the

Government liquidated damages as provided in paragraph (a) of this clause.

(c) With respect to commercial plans, the Contracting Officer who approved the plan will perform the functions of the

Contracting Officer under this clause on behalf of all agencies with contracts covered by the commercial plan.

(d) The Contractor has the right of appeal, under the clause in this contract entitled, Disputes, from any final decision of

the Contracting Officer.

(e) Liquidated damages shall be in addition to any other remedies that the Government may have.

(End of clause)

52.219-17 Section 8(a) Award.

As prescribed in 19.108-10(c), insert the following clause:

SECTION 8(A) AWARD (OCT 2019)

(a) By execution of a contract, the Small Business Administration (SBA) agrees to the following:

(1) To furnish the supplies or services set forth in the contract according to the specifications and the terms and conditions by subcontracting with the Offeror who has been determined an eligible concern pursuant to the provisions of

section 8(a) of the Small Business Act, as amended (15 U.S.C. 637(a)).

(2) Except for novation agreements, delegates to the _____ [insert name of contracting activity] the responsibility

for administering the contract with complete authority to take any action on behalf of the Government under the terms and

conditions of the contract; provided, however that the contracting agency shall give advance notice to the SBA before it issues a final notice terminating the right of the subcontractor to proceed with further performance, either in whole or in part,

under the contract.

(3) That payments to be made under the contract will be made directly to the subcontractor by the contracting activity.

(4) To notify the _____ [insert name of contracting agency] Contracting Officer immediately upon notification

by the subcontractor that the owner or owners upon whom 8(a) eligibility was based plan to relinquish ownership or control

of the concern.

(5) That the subcontractor awarded a subcontract hereunder shall have the right of appeal from decisions of the

cognizant Contracting Officer under the "Disputes" clause of the subcontract.

(b) The offeror/subcontractor agrees and acknowledges that it will, for and on behalf of the SBA, fulfill and perform all of

the requirements of the contract.

52.2-147

52.219-18 FEDERAL ACQUISITION REGULATION

(End of clause)

52.219-18 Notification of Competition Limited to Eligible 8(a) Participants.

As prescribed in 19.108-10(d), insert the following clause:

NOTIFICATION OF COMPETITION LIMITED TO ELIGIBLE 8(A) PARTICIPANTS (OCT 2022)

(a) Offers are solicited only from?

(1) Small business concerns expressly certified by the Small Business Administration (SBA) for participation in SBA's

8(a) program and which meet the following criteria at the time of submission of offer?

(i) The Offeror is in conformance with the 8(a) support limitation set forth in its approved business plan; and

(ii) The Offeror is in conformance with the Business Activity Targets set forth in its approved business plan or any remedial action directed by SBA;

(2) A joint venture, in which at least one of the 8(a) program participants that is a party to the joint venture complies

with the criteria set forth in paragraph (a)(1) of this clause, that complies with 13 CFR 124.513(c); or

(3) A joint venture?

(i) That is comprised of a mentor and an 8(a) protégé with an approved mentor-protégé agreement under the 8(a) program;

(ii) In which at least one of the 8(a) program participants that is a party to the joint venture complies with the criteria set forth in paragraph (a)(1) of this clause; and

(iii) That complies with 13 CFR 124.513(c).

(b) By submission of its offer, the Offeror represents that it meets the applicable criteria set forth in paragraph (a) of this clause.

(c) Any award resulting from this solicitation will be made to the Small Business Administration, which will subcontract

performance to the successful 8(a) offeror selected through the evaluation criteria set forth in this solicitation. A contracting

officer may consider a joint venture for contract award. SBA does not approve joint ventures for competitive awards, but see

13 CFR 124.501(g) for SBA's determination of participant eligibility.

(d) The _____ [insert name of SBA's contractor] shall notify the _____ [insert name of contracting agency] Contracting Officer in writing immediately upon entering an agreement (either oral or written) to transfer all or part of its stock.

(End of clause)

Alternate I (MAR 2023). If the competition is to be limited to 8(a) participants within one or more specific SBA regions or districts, add the following paragraph (a)(1)(iii) to paragraph (a) of the clause:

(iii) The offeror's approved business plan is on the file and serviced by ___ [Contracting Officer completes by inserting the appropriate SBA District and/or Area Office(s) as identified by the SBA].

52.219-25 [Reserved]

52.219-26 [Reserved]

52.219-27 Notice of Set-Aside for, or Sole-Source Award to, Service-Disabled Veteran-Owned Small Business

(SDVOSB) Concerns Eligible Under the SDVOSB Program.

As prescribed in 19.106-4(a), insert the following clause:

NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, SERVICE-DISABLED VETERAN-OWNED SMALL BUSINESS (SDVOSB) CONCERNS ELIGIBLE UNDER THE SDVOSB PROGRAM. (DEVIATION DATE)

(a) Definition.

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern?

(1) (i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the

case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled

veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans

or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such

veteran; or

(2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see FAR

19.106).

(3) Service-disabled veteran, as used in this definition, means a veteran as defined in 38 U.S.C. 101(2), with a disability

that is service-connected, as defined in 38 U.S.C. 101(16) and who is registered in the Beneficiary Identification and Records

Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs? Veterans Benefits Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers

to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

(b) Applicability. This clause applies only to?

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, SDVOSB concerns eligible under the

SDVOSB Program;

(2) Part or parts of a multiple-award contract that have been set aside for SDVOSB concerns eligible under the SDVOSB Program; and

(3) Orders set aside for SDVOSB concerns eligible under the SDVOSB Program, under multiple-award contracts as

described in 8.4 and 16.5.

(c) General. (1) Offers are solicited only from concerns designated in SAM as SDVOSB concerns certified by SBA. Offers received from concerns that are not SDVOSB concerns certified by SBA will not be considered.

(2) Any award resulting from this solicitation will be made only to a concern designated in SAM as an SDVOSB certified by SBA.

52.2-149

52.219-28 FEDERAL ACQUISITION REGULATION

(d) A joint venture may be considered an SDVOSB concern if the managing partner of the joint venture complies with the criteria defined in paragraph (a) of this clause and 13 CFR 128.402.

(e) In a joint venture that complies with paragraph (d) of this clause, the SDVOSB party or parties to the joint venture shall perform at least 40 percent of the work performed by the joint venture. Work performed by the SDVOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-28 Postaward Small Business Program Rerepresentation.

As prescribed in 19.101(a)(2)(iii)(A), insert the following clause:

POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (DEVIATION DATE)

(a) Definitions. As used in this clause?

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern?

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor

shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of

this clause, upon occurrence of any of the following:

- (1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to

include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

- (2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of

the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

- (3) For long-term contracts-

- (i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

- (ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this

contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support-table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition?

- (1) Was set aside for small business and has a value above the simplified acquisition threshold;

- (2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price

evaluation preference; or

- (3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-

owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the

Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in

paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

52.2-150

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-29

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM

for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

(1) The Contractor represents that it ? is, ? is not a small business concern under NAICS Code _____ assigned to contract number _____.

(2) [Complete only if the Contractor represented itself as a small business concern in paragraph (g)(1) of this clause.]

The Contractor represents that it ? is, ? is not, a small disadvantaged business concern as defined in 13 CFR 124.1001.

(3) Women-owned small business (WOSB) joint venture eligible under the WOSB Program. The Contractor represents

that it ? is, ? is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [The Contractor

shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(4) Economically disadvantaged women-owned small business (EDWOSB) joint venture. The Contractor represents that

it ? is, ? is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [The Contractor shall

enter the name and unique entity identifier of each party to the joint venture: ____.]

(5) Service-disabled veteran-owned small business (SDVOSB) joint venture eligible under the SDVOSB Program. The

Contractor represents that it ? is, ? is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with

the requirements of 13 CFR 128.402. [The Contractor shall enter the name and unique entity identifier of each party to the

joint venture: ____.]

(6) HUBZone joint venture eligible under the HUBZone Program.[Complete only if the offeror is a HUBZone small

business concern.] The offeror represents, as part of its offer, that It ? is, ? is not a HUBZone joint venture that complies

with the requirements of 13 CFR 126.616(a) through (c). [The Contractor shall enter the name and unique entity identifier

of each party to the joint venture: _____.] Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern. [Contractor to sign and date and insert authorized signer's name and title. _____]

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 19.101(a)(2)(iii)(B), substitute the following paragraph (g)(1) for paragraph (g)(1) of the basic clause:

(g)(1) The Contractor represents its small business size status for each one of the NAICS codes assigned to this contract.

NAICS Code Small business concern (yes/no)

[Contracting Officer to insert NAICS codes.]

52.219-29 Notice of Set-Aside for, or Sole-Source Award to, Economically Disadvantaged Women-Owned Small Business Concerns.

As prescribed in 19.107-4(a), insert the following clause:

**NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, ECONOMICALLY
DISADVANTAGED WOMEN-OWNED SMALL BUSINESS CONCERNS (DEVIATION DATE)**

(a) Definition?

Economically disadvantaged women-owned small business (EDWOSB) concern as used in this clause, means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business

operations of which are controlled by, one or more women who are citizens of the United States and who are economically

disadvantaged in accordance with 13 CFR part 127, and is certified pursuant to 13 CFR 127.300 as an EDWOSB. It automatically qualifies as a women-owned small business (WOSB) concern eligible under the WOSB Program.

52.2-151

52.219-30 FEDERAL ACQUISITION REGULATION

(b) Applicability. This clause applies only to?

- (1) Contracts that have been set aside for, or awarded on a sole-source basis to, EDWOSB concerns;
- (2) Part or parts of a multiple-award contract that have been set aside for EDWOSB concerns; and
- (3) Orders set aside for EDWOSB concerns under multiple-award contracts as described in 8.4 and 16.5.

(c) General. (1) Offers are solicited only from certified EDWOSB concerns. Offers received from concerns that are not

certified EDWOSB concerns will not be considered.

(2) Any award resulting from this solicitation will be made to a certified EDWOSB concern.

(d) Joint venture. A joint venture may be considered an EDWOSB concern if?

- (1) At least one party to the joint venture complies with the criteria defined in paragraph (a) and paragraph (c)(1) of this

clause, and 13 CFR 127.506(c); and

- (2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small

under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-

protégé agreement under the SBA mentor-protégé program.

(e) In a joint venture that complies with paragraph (d) of this clause, the EDWOSB party or parties to the joint venture

shall perform at least 40 percent of the work performed by the joint venture. Work performed by the EDWOSB party or parties to the joint venture must be more than administrative functions.

(End of clause)

52.219-30 Notice of Set-Aside for, or Sole-Source Award to, Women-Owned Small Business Concerns Eligible Under

the Women-Owned Small Business Program.

As prescribed in 19.107-4(b), insert the following clause:

**NOTICE OF SET-ASIDE FOR, OR SOLE-SOURCE AWARD TO, WOMEN-OWNED SMALL BUSINESS
CONCERNS ELIGIBLE UNDER THE WOMEN-OWNED SMALL BUSINESS PROGRAM (DEVIATION DATE)**

(a) Definition.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127),

as used in this clause, means a small business concern that is at least 51 percent directly and unconditionally owned by, and

the management and daily business operations of which are controlled by, one or more women who are citizens of the United

States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300 as a WOSB. A certified EDWOSB is automatically eligible as a certified WOSB.

(b) Applicability. This clause applies only to?

(1) Contracts that have been set aside for, or awarded on a sole-source basis to, WOSB concerns eligible under the

WOSB Program;

(2) Part or parts of a multiple-award contract that have been set aside for WOSB concerns eligible under the WOSB

Program; and

(3) Orders set aside for WOSB concerns eligible under the WOSB Program, under multiple-award contracts as described in 8.4 and 16.5.

(c) General. (1) Offers are solicited only from certified WOSB concerns eligible under the WOSB Program. Offers received from concerns that are not certified WOSB concerns eligible under the WOSB Program shall not be considered

(2) Any award resulting from this solicitation will be made to a certified WOSB concern eligible under the WOSB

Program.

(d) Joint venture. A joint venture may be considered a WOSB concern eligible under the WOSB Program if?

(1) At least one party to the joint venture complies with the criteria defined in paragraph (a) and (c)(1) of this clause,

and 13 CFR 127.506(c); and

(2) Each party to the joint venture qualifies as small under the size standard for the solicitation, or the protégé is small

under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-

protégé agreement under the SBA mentor-protégé program.

52.2-152

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.219-33

(e) In a joint venture that complies with paragraph (d) of this clause, the WOSB party or parties to the joint venture shall

perform at least 40 percent of the work performed by the joint venture. Work performed by the WOSB party or parties to the

joint venture must be more than administrative functions.

(End of clause)

52.219-31 Notice of Small Business Reserve.

As prescribed in 19.112(e), insert the following provision:

NOTICE OF SMALL BUSINESS RESERVE (MAR 2020)

(a) This solicitation contains a reserve for one or more small business concerns identified at 19.000(a)(3). The small

business program eligibility requirements apply.

(b) The small business concern(s) eligible for participation in the reserve shall submit one offer that addresses each portion

of the solicitation for which it wants to compete. Award of the contract will be based on criteria identified elsewhere in the solicitation.

(End of provision)

52.219-32 [Reserved]

(DEVIATION DATE)

52.219-33 Nonmanufacturer Rule.

As prescribed in 19.104-3(e)(1), insert the following clause:

NONMANUFACTURER RULE (DEVIATION DATE)

(a) Definitions. As used in this clause?

Manufacturer means the concern that transforms raw materials, miscellaneous parts, or components into the end item. Concerns that only minimally alter the item being procured do not qualify as manufacturers of the end item. Concerns that add substances, parts, or components to an existing end item to modify its performance will not be considered the end item manufacturer, where those identical modifications can be performed by and are available from the manufacturer of the existing end item.

Nonmanufacturer means a concern, including a supplier, that provides an end item it did not manufacture, process, or produce.

(b) Applicability.

(1) This clause does not apply to contracts awarded pursuant to the unrestricted portion of a partial set-aside or to a

contractor that is the manufacturer of the product or end item.

(2) This clause applies to?

(i) Contracts that have been awarded pursuant to a set-aside for any of the small business concerns identified in

19.000(a)(3);

(ii) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and

19.108;

(iii) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business under multiple-award contracts, as described in 8.4 and 16.5;

(iv) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and

19.108 under multiple-award contracts as described in 8.4 and 16.5; and

(v) Contracts using the HUBZone price evaluation preference to award to a HUBZone concern unless the Contractor

waived the evaluation preference.

(c) Requirements.

(1) The Contractor shall?

52.2-153

52.220 FEDERAL ACQUISITION REGULATION

(i) Provide an end item that a small business has manufactured, processed, or produced in the United States or its outlying areas; for kit assemblers who are nonmanufacturers, see paragraph (c)(2) of this clause instead;

(ii) Be primarily engaged in the retail or wholesale trade and normally sell the type of item being supplied; and

(iii) Take ownership or possession of the item(s) with its personnel, equipment, or facilities in a manner consistent with industry practice; for example, providing storage, transportation, or delivery.

(2) When the end item being acquired is a kit of supplies, at least 50 percent of the total cost of the components of the

kit shall be manufactured, processed, or produced in the United States or its outlying areas by small business concerns.

(End of clause)

52.220 [Reserved]

52.221 [Reserved]

52.2-154

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-3

52.222 [Reserved]

52.222-1 Notice to the Government of Labor Disputes.

As prescribed in 22.102-2(a), insert the following clause:

NOTICE TO THE GOVERNMENT OF LABOR DISPUTES (DEVIATION DATE)

If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor must immediately give notice, including all relevant information, to the Contracting Officer.

(End of clause)

52.222-2 Payment for Overtime Premiums.

As prescribed in 22.102-2(b), insert the following clause:

PAYMENT FOR OVERTIME PREMIUMS (DEVIATION DATE)

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed * ____ or the overtime premium is paid for work?

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of

production equipment, or occasional production bottlenecks of a sporadic nature;

(2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

(3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances,

and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise;

or

(4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above must include all estimated

overtime for contract completion and must-

(1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with

present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;

(2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;

(3) Identify the extent to which approval of overtime would affect the performance or payments in connection with

other Government contracts, together with identification of each affected contract; and

(4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

* Insert either "zero" or the dollar amount agreed to during negotiations.

(End of clause)

52.222-3 Convict Labor.

As prescribed in 22.201-2, insert the following clause:

CONVICT LABOR (DEVIATION DATE)

(a) Except as provided in paragraph (b) of this clause, the Contractor must not employ in the performance of this contract

any person undergoing a sentence of imprisonment imposed by any court of a State, the District of Columbia, Puerto Rico,

the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands.

(b) The Contractor is not prohibited from employing persons?

(1) On parole or probation to work at paid employment during the term of their sentence;

(2) Who have been pardoned or who have served their terms; or

52.2-155

52.222-4 FEDERAL ACQUISITION REGULATION

(3) Confined for violation of the laws of any of the States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands who are authorized to work at paid employment in the

community under the laws of such jurisdiction, if-

(i) The worker is paid or is in an approved work training program on a voluntary basis;

(ii) Representatives of local union central bodies or similar labor union organizations have been consulted;

(iii) Such paid employment will not result in the displacement of employed workers, or be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality, or impair existing contracts for services;

(iv) The rates of pay and other conditions of employment will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed; and

(v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order 11755, as amended by Executive Orders 12608 and 12943.

(End of clause)

52.222-4 Contract Work Hours and Safety Standards -Overtime Compensation.

As prescribed in 22.301-2, insert the following clause:

CONTRACT WORK HOURS AND SAFETY STANDARDS-OVERTIME COMPENSATION (DEVIATION DATE)

(a) Overtime requirements. No Contractor or subcontractor employing laborers or mechanics (see Federal Acquisition

Regulation 22.301-1) must require or permit them to work over 40 hours in any workweek unless they are paid at least 1 and

1/2 times the basic rate of pay for each hour worked over 40 hours.

(b) Violation; liability for unpaid wages; liquidated damages. The responsible Contractor and subcontractor are liable

for unpaid wages if they violate the terms in paragraph (a) of this clause. In addition, the Contractor and subcontractor are liable for liquidated damages payable to the Government. The Contracting Officer will assess liquidated damages at the rate specified at 29 CFR 5.5(b)(2) per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the Contract Work Hours and Safety Standards statute (found at 40 U.S.C. chapter 37). In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 Note), the Department of Labor adjusts this civil monetary penalty for inflation no later than January 15 each year.

(c) Withholding for unpaid wages and liquidated damages. The Contracting Officer will withhold from payments due under the contract sufficient funds required to satisfy any Contractor or subcontractor liabilities for unpaid wages and liquidated damages. If amounts withheld under the contract are insufficient to satisfy Contractor or subcontractor liabilities, the Contracting Officer will withhold payments from other Federal or federally assisted contracts held by the same Contractor that are subject to the Contract Work Hours and Safety Standards statute.

(d) Payrolls and basic records. (1) The Contractor and its subcontractors must maintain payrolls and basic payroll records for all laborers and mechanics working on the contract during the contract and must make them available to the Government until 3 years after contract completion. The records must contain the name and address of each employee, social security number, labor classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records need not duplicate those required for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Construction Wage Rate Requirements statute.

(2) The Contractor and its subcontractors must allow authorized representatives of the Contracting Officer or the Department of Labor to inspect, copy, or transcribe records maintained under paragraph (d)(1) of this clause. The Contractor or subcontractor also must allow authorized representatives of the Contracting Officer or Department of Labor to interview employees in the workplace during working hours.

(e) Subcontracts. The Contractor must insert the provisions set forth in paragraphs (a) through (d) of this clause in subcontracts that may require or involve the employment of laborers and mechanics and require subcontractors to include these provisions in any such lower tier subcontracts. The Contractor must be responsible for compliance by any subcontractor or lower-tier subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause.

(End of clause)

52.2-156

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-6

52.222-5 Construction Wage Rate Requirements-Secondary Site of the Work.

As prescribed in 22.402-4(g), insert the following provision:

CONSTRUCTION WAGE RATE REQUIREMENTS-SECONDARY SITE OF THE WORK (DEVIATION DATE)

(a) (1) The offeror must notify the Government if the offeror intends to perform work at any secondary site of the work, as

defined in paragraph (a)(1)(ii) of the FAR clause at 52.222-6, Construction Wage Rate Requirements, of this solicitation.

(2) If the offeror is unsure if a planned work site satisfies the criteria for a secondary site of the work, the offeror must

request a determination from the Contracting Officer.

(b) (1) If the wage determination provided by the Government for work at the primary site of the work is not applicable to

the secondary site of the work, the offeror must request a wage determination from the Contracting Officer.

(2) The due date for receipt of offers will not be extended as a result of an offeror's request for a wage determination

for a secondary site of the work.

(End of provision)

52.222-6 Construction Wage Rate Requirements.

As prescribed in 22.402-4(a)(1), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS (DEVIATION DATE)

(a) Definition. "Site of the work"? (1) Means?

(i) The primary site of the work. The physical place or places where the construction called for in the contract will remain when work on it is completed; and

(ii) The secondary site of the work, if any. Any other site where a significant portion of the building or work is constructed, provided that such site is-

(A) Located in the United States; and

(B) Established specifically for the performance of the contract or project;

(2) Except as provided in paragraph (3) of this definition, includes any fabrication plants, mobile factories, batch plants,

borrow pits, job headquarters, tool yards, etc., provided-

(i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

(ii) They are adjacent or virtually adjacent to the "primary site of the work" as defined in paragraph (a)(1)(i), or the "secondary site of the work" as defined in paragraph (a)(1)(ii) of this definition;

(3) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a Contractor or subcontractor whose locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc.,

of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids

and not on the Project site, are not included in the "site of the work." Such permanent, previously established facilities are not

a part of the "site of the work" even if the operations for a period of time may be dedicated exclusively or nearly so, to the

performance of a contract.

(b) (1) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, or as may be incorporated for a secondary site of the work, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Any wage determination incorporated for a secondary site of the work must be effective from the first day on which work under the contract was performed at that site and must be incorporated without any adjustment in contract price or estimated cost. Laborers employed by the construction Contractor or construction subcontractor that are transporting portions of the building or work between the secondary site of the work and the primary site of the work must be paid in accordance with the wage determination applicable to the primary site of the work.

52.2-157

52.222-7 FEDERAL ACQUISITION REGULATION

(2) Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Construction Wage Rate Requirements statute on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (e) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period.

(3) Such laborers and mechanics must be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided that the employer's payroll records accurately set forth the time spent in each classification in which work is performed.

(4) The wage determination (including any additional classifications and wage rates conformed under paragraph (c)

of this clause) and the Construction Wage Rate Requirements (Davis-Bacon Act) poster (WH-1321) must be posted at all

times by the Contractor and its subcontractors at the primary site of the work and the secondary site of the work, if any, in a

prominent and accessible place where it can be easily seen by the workers.

(c) (1) The Contractor must complete and submit to the Contracting Officer the Standard Form (SF) 1444, Request for Authorization of Additional Classification and Rate, if any class of laborers or mechanics that is not listed in the wage determination applicable to the contract is to be employed under the contract. Upon receipt of a complete SF 1444,

the Contracting Officer will submit a report to the Administrator, Wage and Hour Division, for approving, modifying, disapproving, or rendering a final determination, of the additional classification and wage rate including any amount designated for fringe benefits.

(2) The wage rate (including fringe benefits, where appropriate) determined pursuant to subparagraph (c) of this clause

must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(d) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor must either pay the benefit as stated in the wage determination or must pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(e) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of

the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits

under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the

applicable standards of the Construction Wage Rate Requirements statute have been met. The Secretary of Labor may require

the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(End of clause)

52.222-7 Withholding of Funds.

As prescribed in 22.402-4(a)(2), insert the following clause:

WITHHOLDING OF FUNDS (DEVIATION DATE)

The Contracting Officer must, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract

with the same Prime Contractor, or any other federally assisted contract subject to prevailing wage requirements, which is held by the same Prime Contractor, so much of the accrued payments or advances as may be considered necessary to

pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor

the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract,

the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the

suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(End of clause)

52.222-8 Payrolls and Basic Records.

As prescribed in 22.402-4(a)(3), insert the following clause:

52.2-158

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-8

PAYROLLS AND BASIC RECORDS (DEVIATION DATE)

(a) Payrolls and basic records relating thereto must be maintained by the Contractor during the course of the work and

preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records must

contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of

wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of

the types described in 40 U.S.C. 3141(2)(B) (Construction Wage Rate Requirement statute)), daily and weekly number of

hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d)

of the clause entitled Construction Wage Rate Requirements, that the wages of any laborer or mechanic include the amount

of any costs reasonably anticipated in providing benefits under a plan or program described in 40 U.S.C. 3141(2)(B), the

Contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan

or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

Contractors employing apprentices or trainees under approved programs must maintain written evidence of the registration of

apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios

and wage rates prescribed in the applicable programs.

(b) (1) The Contractor must submit weekly for each week in which any contract work is performed a copy of all payrolls

to the Contracting Officer. The payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause, except that full social security numbers and home addresses must not

be included on weekly transmittals. Instead the payrolls must only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information

may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be obtained from the U.S. Department of Labor Wage and Hour Division website at <https://www.dol.gov/agencies/whd/forms>. The Prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors must maintain the full social security number and current address of each covered worker, and must provide them upon

request to the Contracting Officer, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes

of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a Prime

Contractor to require a subcontractor to provide addresses and social security numbers to the Prime Contractor for its own

records, without weekly submission to the Contracting Officer.

(2) Each payroll submitted must be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and must certify-

(i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set

forth in the Regulations, 29 CFR Part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash

equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347

must satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph (b)(2) of this clause.

(4) The falsification of any of the certifications in this clause may subject the Contractor or subcontractor to civil or

criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(c) The Contractor or subcontractor must make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the Contracting Officer or authorized representatives of the Contracting Officer or the Department of Labor. The Contractor or subcontractor must permit the Contracting Officer or representatives of the

Contracting Officer or the Department of Labor to interview employees during working hours on the job. If the Contractor or

subcontractor fails to submit required records or to make them available, the Contracting Officer may, after written notice to

the Contractor, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to

52.2-159

52.222-9 FEDERAL ACQUISITION REGULATION

submit the required records upon request or to make such records available may be grounds for debarment action pursuant to

29 CFR 5.12.

(End of clause)

52.222-9 Apprentices and Trainees.

As prescribed in 22.402-4(a)(4), insert the following clause:

APPRENTICES AND TRAINEES (DEVIATION DATE)

(a) Apprentices. (1) An apprentice will be permitted to work at less than the predetermined rate for the work performed

when employed-

(i) Pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department

of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services

(OATELS) or with a State Apprenticeship Agency recognized by the OATELS; or

(ii) In the first 90 days of probationary employment as an apprentice in such an apprenticeship program, even though

not individually registered in the program, if certified by the OATELS or a State Apprenticeship Agency (where appropriate)

to be eligible for probationary employment as an apprentice.

(2) The allowable ratio of apprentices to journeymen on the job site in any craft classification must not be greater than

the ratio permitted to the Contractor as to the entire work force under the registered program.

(3) Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in

paragraph (a)(1) of this clause, must be paid not less than the applicable wage determination for the classification of work

actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) Where a Contractor is performing construction on a project in a locality other than that in which its program is

registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's

or subcontractor's registered program must be observed. Every apprentice must be paid at not less than the rate specified

in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate

specified in the applicable wage determination.

(5) Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the

apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on

the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for

the applicable apprentice classification, fringes must be paid in accordance with that determination.

(6) In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an

apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(b) Trainees. (1) Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined

rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS). The ratio of trainees to journeymen on the job site must not be greater than permitted under the plan approved by OATELS.

(2) Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of

progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees

must be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees must be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan

approved by the OATELS must be paid not less than the applicable wage rate in the wage determination for the classification

of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under

the registered program must be paid not less than the applicable wage rate in the wage determination for the work actually performed.

52.2-160

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-11

(3) In the event OATELS withdraws approval of a training program, the Contractor will no longer be permitted to

utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(c) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause must be in

conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(End of clause)

52.222-10 Compliance with Copeland Act Requirements.

As prescribed in 22.402-4(a)(5), insert the following clause:

COMPLIANCE WITH COPELAND ACT REQUIREMENTS (DEVIATION DATE)

The Contractor must comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(End of clause)

52.222-11 Subcontracts (Labor Standards).

As prescribed in 22.402-4(a)(6), insert the following clause:

SUBCONTRACTS (LABOR STANDARDS) (DEVIATION DATE)

(a) Definition. "Construction, alteration or repair," as used in this clause, means all types of work done by laborers and mechanics employed by the construction Contractor or construction subcontractor on a particular building or work at the site

thereof, including without limitation-

- (1) Altering, remodeling, installation (if appropriate) on the site of the work of items fabricated off-site;
- (2) Painting and decorating;
- (3) Manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work;
- (4) Transportation of materials and supplies between the site of the work within the meaning of paragraphs (a)(1)(i) and

(ii) of the "site of the work" as defined in the FAR clause at 52.222-6, Construction Wage Rate Requirements of this contract,

and a facility which is dedicated to the construction of the building or work and is deemed part of the site of the work within

the meaning of paragraph (2) of the "site of the work" definition; and

- (5) Transportation of portions of the building or work between a secondary site where a significant portion of the

building or work is constructed, which is part of the "site of the work" definition in paragraph (a)(1)(ii) of the FAR clause at

52.222-6, Construction Wage Rate Requirements, and the physical place or places where the building or work will remain

(paragraph (a)(1)(i) of the FAR clause at 52.222-6, in the "site of the work" definition).

(b) The Contractor must insert in any subcontracts for construction, alterations and repairs within the United States the

clauses entitled-

- (1) Construction Wage Rate Requirements;
- (2) Contract Work Hours and Safety Standards-Overtime Compensation (if the clause is included in this contract);
- (3) Apprentices and Trainees;
- (4) Payrolls and Basic Records;
- (5) Compliance with Copeland Act Requirements;
- (6) Withholding of Funds;
- (7) Subcontracts (Labor Standards);
- (8) Contract Termination-Debarment;
- (9) Disputes Concerning Labor Standards;
- (10) Compliance with Construction Wage Rate Requirements and Related Regulations; and
- (11) Certification of Eligibility.

(c) The prime Contractor must be responsible for compliance by any subcontractor or lower tier subcontractor performing

construction within the United States with all the contract clauses cited in paragraph (b).

(d) (1) Within 14 days after award of the contract, the Contractor must deliver to the Contracting Officer a completed

Standard Form (SF) 1413, Statement and Acknowledgment, for each subcontract for construction within the United

States,

52.2-161

52.222-12 FEDERAL ACQUISITION REGULATION

including the subcontractor's signed and dated acknowledgment that the clauses set forth in paragraph (b) of this clause have

been included in the subcontract.

(2) Within 14 days after the award of any subsequently awarded subcontract the Contractor must deliver to the Contracting Officer an updated completed SF 1413 for such additional subcontract.

(e) The Contractor must insert the substance of this clause, including this paragraph (e) in all subcontracts for construction

within the United States.

(End of clause)

52.222-12 Contract Termination-Debarment.

As prescribed in 22.402-4(a)(7), insert the following clause:

CONTRACT TERMINATION-DEBARMENT (MAY 2014)

A breach of the contract clauses entitled Construction Wage Rate Requirements, Contract Work Hours and Safety Standards-Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Subcontracts (Labor Standards), Compliance with Construction Wage Rate Requirements and Related

Regulations, or Certification of Eligibility may be grounds for termination of the contract, and for debarment as a Contractor

and subcontractor as provided in 29 CFR 5.12.

(End of clause)

52.222-13 Compliance with Construction Wage Rate Requirements and Related Regulations.

As prescribed in 22.402-4(a)(8), insert the following clause:

COMPLIANCE WITH CONSTRUCTION WAGE RATE REQUIREMENTS AND RELATED REGULATIONS (MAY 2014)

All rulings and interpretations of the Construction Wage Rate Requirements and related statutes contained in 29 CFR parts

1, 3, and 5 are hereby incorporated by reference in this contract.

(End of clause)

52.222-14 Disputes Concerning Labor Standards.

As prescribed in 22.402-4(a)(9), insert the following clause:

DISPUTES CONCERNING LABOR STANDARDS (DEVIATION DATE)

The United States Department of Labor has set forth in 29 CFR parts 5, 6, and 7 procedures for resolving disputes concerning labor standards requirements. Such disputes must be resolved in accordance with those procedures and not the

Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any

of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(End of clause)

52.222-15 Certification of Eligibility.

As prescribed in 22.402-4(a)(10), insert the following clause:

CERTIFICATION OF ELIGIBILITY (MAY 2014)

(a) By entering into this contract, the Contractor certifies that neither it nor any person or firm who has an interest in the

Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of 40 U.S.C. 3144(b)(2) or 29

CFR 5.12(a)(1).

52.2-162

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-18

(b) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by

virtue of 40 U.S.C. 3144(b)(2) or 29 CFR 5.12(a)(1).

(c) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(End of clause)

52.222-16 Approval of Wage Rates.

As prescribed in 22.402-4(b), insert the following clause:

APPROVAL OF WAGE RATES (DEVIATION DATE)

All straight time wage rates, and overtime rates based thereon, for laborers and mechanics engaged in work under this contract must be submitted for approval in writing by the head of the contracting activity or a representative expressly designated for this purpose, if the straight time wages exceed the rates for corresponding classifications contained in the

applicable Construction Wage Rate Requirements minimum wage determination included in the contract. Any amount paid

by the Contractor to any laborer or mechanic in excess of the agency approved wage rate shall be at the expense of the

Contractor and shall not be reimbursed by the Government. If the Government refuses to authorize the use of the overtime,

the Contractor is not released from the obligation to pay employees at the required overtime rates for any overtime actually worked.

(End of clause)

52.222-17 [Reserved]

52.222-18 Certification Regarding Knowledge of Child Labor for Listed End Products.

As prescribed in 22.1502-2(a)(1), insert the following provision:

CERTIFICATION REGARDING KNOWLEDGE OF CHILD LABOR FOR LISTED END PRODUCTS (FEB 2021)

(a) Definition.

Forced or indentured child labor means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which

the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished

by process or penalties.

(b) Listed end products. The following end product(s) being acquired under this solicitation is (are) included in the List

of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, identified by their country of

origin.

There is a reasonable basis to believe that listed end products from the listed countries of origin may have been mined, produced, or manufactured by forced or indentured child labor.

Listed End Product Listed Countries of Origin

(c) Certification. The Government will not make award to an offeror unless the offeror, by checking the appropriate block,

certifies to either paragraph (c)(1) or paragraph (c)(2) of this provision.

?

(1) The offeror will not supply any end product listed in paragraph (b) of this provision that was mined, produced,

or manufactured in a corresponding country as listed for that end product.

?

(2) The offeror may supply an end product listed in paragraph (b) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that it has made a good faith effort

52.2-163

52.222-19 FEDERAL ACQUISITION REGULATION

to determine whether forced or indentured child labor was used to mine, produce, or manufacture such end product. On the

basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(End of provision)

52.222-19 Child Labor-Cooperation with Authorities and Remedies.

As prescribed in 22.1502-2(a)(2), insert the following clause:

CHILD LABOR-COOPERATION WITH AUTHORITIES AND REMEDIES (DEVIATION DATE)

(a) Applicability. This clause does not apply to the extent that the Contractor is supplying end products mined, produced,

or manufactured in-

(1) Israel, and the anticipated value of the acquisition is \$50,000 or more;

(2) Mexico, and the anticipated value of the acquisition is \$105,767 or more; or

(3) Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Japan, Korea, Latvia, Liechtenstein,

Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or the United Kingdom and the anticipated value of the acquisition is \$174,000 or more.

(b) Cooperation with Authorities. To enforce the laws prohibiting the manufacture or importation of products mined, produced, or manufactured by forced or indentured child labor, authorized officials may need to conduct investigations to determine whether forced or indentured child labor was used to mine, produce, or manufacture any product furnished under this contract. If the solicitation includes the provision 52.222-18, Certification Regarding Knowledge of Child Labor

for Listed End Products, the Contractor agrees to cooperate fully with authorized officials of the contracting agency, the Department of the Treasury, or the Department of Justice by providing reasonable access to records, documents,

persons, or

premises upon reasonable request by the authorized officials.

(c) Violations. The Government may impose remedies set forth in paragraph (d) for the following violations:

(1) The Contractor has submitted a false certification regarding knowledge of the use of forced or indentured child

labor for listed end products.

(2) The Contractor has failed to cooperate, if required, in accordance with paragraph (b) of this clause, with an investigation of the use of forced or indentured child labor by an Inspector General, Attorney General, or the Secretary of the

Treasury.

(3) The Contractor uses forced or indentured child labor in its mining, production, or manufacturing processes.

(4) The Contractor has furnished under the contract end products or components that have been mined, produced, or

manufactured wholly or in part by forced or indentured child labor. (The Government will not pursue remedies at paragraph

(d)(2) or paragraph (d)(3) of this clause unless sufficient evidence indicates that the Contractor knew of the violation.)

(d) Remedies. (1) The Contracting Officer may terminate the contract.

(2) The suspending and debarring official may suspend the Contractor in accordance with procedures in FAR subpart

9.4.

(3) The suspending and debarring official may debar the Contractor for a period not to exceed 3 years in accordance

with the procedures in FAR subpart 9.4.

(End of clause)

52.222-20 Contracts for Materials, Supplies, Articles, and Equipment.

As prescribed in 22.601-5, insert the following clause in solicitations and contracts:

CONTRACTS FOR MATERIALS, SUPPLIES, ARTICLES, AND EQUIPMENT (DEVIATION DATE)

If this contract is for the manufacture or furnishing of materials, supplies, articles or equipment in an amount that exceeds

or may exceed the threshold specified in Federal Acquisition Regulation 22.601-1 on the date of award of this contract, and is

subject to 41 U.S.C. chapter 65, the following terms and conditions apply:

52.2-164

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-30

(a) All stipulations required by 41 U.S.C. chapter 65 and regulations issued by the Secretary of Labor (41 CFR Chapter

50) are incorporated by reference. These stipulations are subject to all applicable rulings and interpretations of the Secretary

of Labor that are now, or may hereafter, be in effect.

(b) All employees whose work relates to this contract must be paid not less than the minimum wage prescribed by regulations issued by the Secretary of Labor (41 CFR 50-202.2). Learners, student learners, apprentices, and workers with

disabilities may be employed at less than the prescribed minimum wage (see 41 CFR 50-202.3) to the same extent that

such

employment is permitted under section 14 of the Fair Labor Standards Act (41 U.S.C. 6508).

(DEVIATION DATE)

52.222-30 Construction Wage Rate Requirements-Price Adjustment (None or Separately Specified Method).

As prescribed in 22.402-4(d), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS-PRICE ADJUSTMENT

(NONE OR SEPARATELY SPECIFIED METHOD) (AUG 2018)

(a) The wage determination issued under the Construction Wage Rate Requirements statute by the Administrator, Wage

and Hour Division, U.S. Department of Labor, that is effective for an option to extend the term of the contract, will apply to

that option period.

(b) The Contracting Officer will make no adjustment in contract price, other than provided for elsewhere in this contract,

to cover any increases or decreases in wages and benefits as a result of-

52.2-165

52.222-31 FEDERAL ACQUISITION REGULATION

(1) Incorporation of the Department of Labor's wage determination applicable at the exercise of the option to extend

the term of the contract;

(2) Incorporation of a wage determination otherwise applied to the contract by operation of law; or

(3) An increase in wages and benefits resulting from any other requirement applicable to workers subject to the Construction Wage Rate Requirements statute.

(End of clause)

52.222-31 Construction Wage Rate Requirements-Price Adjustment (Percentage Method).

As prescribed in 22.402-4(e), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS-PRICE ADJUSTMENT (PERCENTAGE METHOD) (AUG 2018)

(a) The wage determination issued under the Construction Wage Rate Requirements statute by the Administrator, Wage

and Hour Division, U.S. Department of Labor, that is effective for an option to extend the term of the contract, will apply to

that option period.

(b) The Contracting Officer will adjust the portion of the contract price or contract unit price(s) containing the labor costs

subject to the Construction Wage Rate Requirements statute to provide for an increase in wages and fringe benefits at the

exercise of each option to extend the term of the contract in accordance with the following procedures:

(1) The Contracting Officer has determined that the portion of the contract price or contract unit price(s) containing

labor costs subject to the Construction Wage Rate Requirements statute is _____ [Contracting Officer insert percentage rate] percent.

(2) The Contracting Officer will increase the portion of the contract price or contract unit price(s) containing the labor costs subject to the Construction Wage Rate Requirements statute by the percentage rate published in

[Contracting Officer insert publication].

(c) The Contracting Officer will make the price adjustment at the exercise of each option to extend the term of the contract. This adjustment is the only adjustment that the Contracting Officer will make to cover any increases in wages and

benefits as a result of-

(1) Incorporation of the Department of Labor's wage determination applicable at the exercise of the option to extend

the term of the contract;

(2) Incorporation of a wage determination otherwise applied to the contract by operation of law; or

(3) An increase in wages and benefits resulting from any other requirement applicable to workers subject to the Construction Wage Rate Requirements statute.

(End of clause)

52.222-32 Construction Wage Rate Requirements-Price Adjustment (Actual Method).

As prescribed in 22.402-4(f), insert the following clause:

CONSTRUCTION WAGE RATE REQUIREMENTS-PRICE ADJUSTMENT (ACTUAL METHOD) (DEVIATION DATE)

(a) The wage determination issued under the Construction Wage Rate Requirements statute by the Administrator, Wage

and Hour Division, U.S. Department of Labor, that is effective for an option to extend the term of the contract, will apply to

that option period.

(b) (1) The Contractor states that if the prices in this contract contain an allowance for wage or benefit increases, such

allowance will not be included in any request for contract price adjustment submitted under this clause.

(2) The Contractor must provide with each request for contract price adjustment under this clause a statement that the

prices in the contract do not include any allowance for any increased cost for which adjustment is being requested.

(c) The Contracting Officer will adjust the contract price or contract unit price labor rates to reflect the Contractor's actual

increase or decrease in wages and fringe benefits to the extent that the increase is made to comply with, or the decrease is

voluntarily made by the Contractor as a result of?

- (1) Incorporation of the Department of Labor's Construction Wage Rate Requirements wage determination applicable

at the exercise of an option to extend the term of the contract; or

52.2-166

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-33

- (2) Incorporation of a Construction Wage Rate Requirements wage determination otherwise applied to the contract by

operation of law.

- (d) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (c) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers?

compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

- (e) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after

receiving a revised wage determination unless this notification period is extended in writing by the Contracting Officer.

The Contractor must notify the Contracting Officer promptly of any decrease under this clause, but nothing in this clause

precludes the Government from asserting a claim within the period permitted by law. The notice must contain a statement of

the amount claimed and any relevant supporting data, including payroll records that the Contracting Officer may reasonably

require. Upon agreement of the parties, the Contracting Officer will modify the contract price or contract unit price in writing.

The Contractor must continue performance pending agreement on or determination of any such adjustment and its effective

date.

- (f) Contract price adjustment computations must be computed as follows:

- (1) Computation for contract unit price per single craft hour for schedule of indefinite-quantity work. For each labor

classification, the difference between the actual wage and benefit rates (combined) paid and the wage and benefit rates (combined) required by the new wage determination must be added to the original contract unit price if the difference results

in a combined increase. If the difference computed results in a combined decrease, the contract unit price must be decreased

by that amount if the Contractor provides notification as provided in paragraph (e) of this clause.

- (2) Computation for contract unit price containing multiple craft hours for schedule of indefinite-quantity work. For

each labor classification, the difference between the actual wage and benefit rates (combined) paid and the wage and benefit

rates (combined) required by the new wage determination must be multiplied by the actual number of hours expended

for

each craft involved in accomplishing the unit-priced work item. The product of this computation will then be divided by the actual number of units ordered in the preceding contract period. The total of these computations for each craft will be

added to the current contract unit price to obtain the new contract unit price. The extended amount for the line item will be

obtained by multiplying the new unit price by the estimated quantity. If actual hours are not available from the preceding contract period for computation of the adjustment for a specific contract unit of work, the Contractor, in agreement with the

Contracting Officer, must estimate the total hours per craft per contract unit of work.

Example: Asphalt Paving-Current Price \$3.38 per Square Yard

DBA Craft New WD Hourly rate Diff. Actual Hrs Actual units Increase/
paid (sq.yard) sqyard

Equip. Opr. \$18.50 ? \$18.00 = \$.50 x 600 hrs./ 3,000 sq. yrd. = \$.10

Truck Driver \$19.00 ? \$18.25 = \$.75 x 525 hrs./ 3,000 sq. yrd. = \$.13

Laborer \$11.50 ? \$11.25 = \$.25 x 750 hrs./ 3,000 sq. yrd. = \$.06

Total increase per square yard = \$.29*

* Note: Adjustment for labor rate increases or decreases may be accompanied by social security and unemployment taxes

and workers? compensation insurance.

Current unit price (per square \$3.38

yard)

Add DBA price adj. +.29

New unit price (per square = \$3.67

yard)

(End of clause)

52.222-33 Notice of Requirement for Project Labor Agreement.

As prescribed in 22.502-3(a)(1), insert the following provision:

52.2-167

52.222-34 FEDERAL ACQUISITION REGULATION

NOTICE OF REQUIREMENT FOR PROJECT LABOR AGREEMENT (DEVIATION DATE)

(a) Definitions. As used in this provision, the following terms are defined in clause 52.222-34, Project Labor Agreement,

of this solicitation ?construction,? ?labor organization,? ?large-scale construction project,? and ?project labor agreement.?

(b) Offerors must?

(1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the

resulting construction contract; and

(2) Require its subcontractors to become a party to the resulting project labor agreement.

(c) The project labor agreement reached pursuant to this provision must-

(1) Bind the Offeror and subcontractors engaged in construction on the construction project to comply with the project

labor agreement;

- (2) Allow the Offeror and all subcontractors to compete for contracts and subcontracts without regard to whether they are otherwise parties to collective bargaining agreements;
 - (3) Contain guarantees against strikes, lockouts, and similar job disruptions;
 - (4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;
 - (5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and
 - (6) Fully conform to all statutes, regulations, Executive orders, and agency requirements.
- (d) Any project labor agreement reached pursuant to this provision does not change the terms of the resulting contract or provide for any price adjustment by the Government.
- (e) The Offeror must submit to the Contracting Officer a copy of the project labor agreement with its offer.
- (End of provision)

Alternate I (DEVIATION DATE). As prescribed in 22.502-3(a)(2), substitute the following paragraphs (b) and (e) for paragraphs (b) and (e) of the basic provision.

- (b) The apparent successful offeror must?
- (1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the resulting construction contract; and
 - (2) Require its subcontractors to become a party to the resulting project labor agreement.
- (e) The apparent successful offeror must submit to the Contracting Officer a copy of the project labor agreement prior to contract award.

Alternate II (DEVIATION DATE). As prescribed in 22.502-3(a)(3), substitute the following paragraph (b) in lieu of paragraphs (b) through (e) of the basic provision:

- (b) If awarded the contract, the Offeror must?
- (1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the resulting construction contract; and
 - (2) Require its subcontractors to become a party to the resulting project labor agreement.

Alternate III (DEVIATION DATE). As prescribed in 22.502-3(a)(4), substitute the following paragraph (b) in lieu of paragraphs (b) through (e) of the basic provision:

- (b)(1) If awarded the contract, the Offeror may be required by the agency to negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the order. The Contracting Officer will require that an executed copy of the project labor agreement be submitted to the agency?
- (i) With the order offer;
 - (ii) Prior to award of the order; or
 - (iii) After award of the order.
- (2) The Offeror must require its subcontractors to become a party to the resulting project labor agreement for the term

of the order.

52.222-34 Project Labor Agreement.

As prescribed in 22.502-3(b)(1), insert the following clause:

52.2-168

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-34

PROJECT LABOR AGREEMENT (DEVIATION DATE)

(a) Definitions. As used in this clause-

Construction means construction, reconstruction, rehabilitation, modernization, alteration, conversion, extension, repair, or

improvement of buildings, structures, highways, or other real property.

Labor organization means a labor organization as defined in 29 U.S.C. 152(5) of which building and construction employees are members.

Large-scale construction project means a Federal construction project within the United States for which the total estimated cost of the construction contract(s) to the Federal Government is \$35 million or more.

Project labor agreement means a pre-hire collective bargaining agreement with one or more labor organizations that establishes the terms and conditions of employment for a specific construction project and is an agreement described in 29

U.S.C. 158(f).

(b) The Contractor must maintain in a current status throughout the life of the contract the project labor agreement entered

into prior to the award of the contract.

(c) Subcontracts. The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts

with subcontractors engaged in construction on the construction project.

(End of clause)

Alternate I (DEVIATION DATE) . As prescribed in 22.502-3(b)(2), substitute the following paragraphs (b) through (f) for paragraphs (b) and (c) of the basic clause:

(b) The Contractor must?

(1) Negotiate or become a party to a project labor agreement with one or more labor organizations for the term of this

construction contract; and

(2) Submit an executed copy of the project labor agreement to the Contracting Officer as required in the solicitation.

(c) The project labor agreement reached pursuant to this clause must-

(1) Bind the Contractor and subcontractors engaged in construction on the construction project to comply with the

project labor agreement;

(2) Allow the Contractor and all subcontractors to compete for contracts and subcontracts without regard to whether

they are otherwise parties to collective bargaining agreements;

(3) Contain guarantees against strikes, lockouts, and similar job disruptions;

(4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of

the project labor agreement;

(5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and

(6) Fully conform to all statutes, regulations, Executive orders, and agency requirements.

(d) Any project labor agreement reached pursuant to this clause does not change the terms of this contract or provide for any price adjustment by the Government.

(e) The Contractor must maintain in a current status throughout the life of the contract the project labor agreement entered into pursuant to this clause.

(f) Subcontracts. The Contractor must require subcontractors engaged in construction on the construction project to agree to any project labor agreement negotiated by the prime contractor pursuant to this clause, and must include the substance of paragraphs (d) through (f) of this clause in subcontracts with subcontractors engaged in construction on the construction project.

Alternate II (DEVIATION DATE). As prescribed in 22.502-3(b)(3), substitute the following paragraphs (b) through (f) for paragraphs (b) through (f) of the basic clause:

(b) When notified by the agency (e.g., by the notice of intent to place an order under 16.505(b)(1)) that this order will use

a project labor agreement, the Contractor must negotiate or become a party to a project labor agreement with one or more labor organizations for the term of the order. The Contracting Officer must require that an executed copy of the project labor agreement be submitted to the agency?

(1) With the order offer;

(2) Prior to award of the order; or

(3) After award of the order.

52.2-169

52.222-35 FEDERAL ACQUISITION REGULATION

(c) The project labor agreement reached pursuant to this clause must?

(1) Bind the Contractor and subcontractors engaged in construction on the construction project to comply with the project labor agreement;

(2) Allow all contractors and subcontractors to compete for contracts and subcontracts without regard to whether they are otherwise parties to collective bargaining agreements;

(3) Contain guarantees against strikes, lockouts, and similar job disruptions;

(4) Set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;

(5) Provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including

productivity, quality of work, safety, and health; and

(6) Fully conform to all statutes, regulations, Executive orders, and agency requirements.

(d) Any project labor agreement reached pursuant to this clause does not change the terms of this contract or provide for

any price adjustment by the Government.

(e) The Contractor must maintain in a current status throughout the life of the order any project labor agreement entered

into pursuant to this clause.

(f) Subcontracts. For each order that uses a project labor agreement, the Contractor must?

(1) Require subcontractors engaged in construction on the construction project to agree to any project labor agreement

negotiated by the prime contractor pursuant to this clause; and

(2) Include the substance of paragraphs (d) through (f) of this clause in subcontracts with subcontractors engaged in

construction on the construction project.

52.222-35 Equal Opportunity for Veterans.

As prescribed in 22.1302-2(a)(1), insert the following clause:

EQUAL OPPORTUNITY FOR VETERANS (DEVIATION DATE)

(a) Definitions. As used in this clause-

"Active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected

veteran," "qualified disabled veteran," and "recently separated veteran" have the meanings given at Federal Acquisition Regulation (FAR) 22.1301.

(b) Equal opportunity requirements. The Contractor must abide by the requirements of 38 U.S.C. 4212(a)(1) and (2).

These requirements prohibit discrimination against qualified protected veterans, and requires affirmative action by the Contractor to employ and advance in employment qualified protected veterans.

(c) Subcontracts. The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold

specified in FAR 22.1302-1(a)(2) on the date of subcontract award, unless exempted by rules, regulations, or orders of the

Secretary of Labor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs,

to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be

appropriate to identify properly the parties and their undertakings.

(End of clause)

Alternate I (JUL 2014). As prescribed in 22.1302-2(a)(2), add the following as a preamble to the clause:

Notice: The following term(s) of this clause are waived for this contract: _____ [List term(s)].

52.222-36 Equal Opportunity for Workers with Disabilities.

As prescribed in 22.1401-2(a)(1), insert the following clause:

EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (DEVIATION DATE)

(a) Equal opportunity clause. The Contractor must abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of

disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

52.2-170

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-38

(b) Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1401-2(a)(1) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor must act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

Alternate I (JULY 2014). As prescribed in 22.1401-2(a)(2), add the following as a preamble to the clause:

Notice: The following term(s) of this clause are waived for this contract: _____ [List term(s)].

52.222-37 Employment Reports on Veterans.

As prescribed in 22.1302-2(b), insert the following clause:

EMPLOYMENT REPORTS ON VETERANS (DEVIATION DATE)

(a) Definitions. As used in this clause, "active duty wartime or campaign badge veteran," "Armed Forces service medal veteran," "disabled veteran," "protected veteran," and "recently separated veteran," have the meanings given in Federal Acquisition Regulation (FAR) 22.1301.

(b) Unless the Contractor is a State or local government agency, the Contractor must report at least annually, as required by the Secretary of Labor, on-

(1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans);

(2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans); and

(3) The maximum number and minimum number of employees of the Contractor or subcontractor during the period covered by the report.

(c) The Contractor must report the above items by filing the VETS-4212 "Federal Contractor Veterans? Employment

Report" (see "VETS-4212 Federal Contractor Reporting" and "Filing Your VETS-4212 Report" at <http://www.dol.gov/vets/vets4212.htm>).

(d) The Contractor must file VETS-4212 Reports no later than September 30 of each year.

(e) The employment activity report required by paragraphs (b)(2) and (b)(3) of this clause must reflect total new hires, and maximum and minimum number of employees, during the most recent 12-month period preceding the ending date selected for the report.

(f) The number of veterans reported must be based on data known to the contractor when completing the VETS-4212.

The contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60-300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve an employer of liability for discrimination under 38 U.S.C. 4212.

(g) The Contractor must insert the terms of this clause in subcontracts valued at or above the threshold specified in FAR

22.1302-1(b) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary of Labor.

(End of clause)

52.222-38 [Reserved]

(DEVIATION DATE)

52.2-171

52.222-39 FEDERAL ACQUISITION REGULATION

52.222-39 [Reserved]

52.222-40 Notification of Employee Rights Under the National Labor Relations Act.

As prescribed in 22.1602-2(a), insert the following clause:

NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEVIATION DATE)

(a) During the term of this contract, the Contractor must post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2 (d) and (f).

(1) Physical posting of the employee notice must be in conspicuous places in and about the Contractor's plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.

(2) If the Contractor customarily posts notices to employees electronically, then the Contractor must also post

the

required notice electronically by displaying prominently, on any Web site that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor's

Web site that contains the full text of the poster. The link to the Department's Web site, as referenced in (b)(3) of this section,

must read, "Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers."

(b) This required employee notice, printed by the Department of Labor, may be-

(1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-5609, Washington, DC 20210, (202) 693-0123, or from any

field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs;

(2) Provided by the Federal contracting agency if requested;

(3) Downloaded from the Office of Labor-Management Standards Web site at <http://www.dol.gov/olms/regs/compliance/EO13496.htm>; or

(4) Reproduced and used as exact duplicate copies of the Department of Labor's official poster.

(c) The required text of the employee notice referred to in this clause is located at Appendix A, Subpart A, 29 CFR Part

471.

(d) The Contractor must comply with all provisions of the employee notice and related rules, regulations, and orders of the Secretary of Labor.

(e) In the event that the Contractor does not comply with the requirements set forth in paragraphs (a) through (d) of this clause, this contract may be terminated or suspended in whole or in part, and the Contractor may be suspended or debarred in accordance with 29 CFR 471.14 and subpart 9.4. Such other sanctions or remedies may be imposed as are provided by 29 CFR part 471, which implements Executive Order 13496 or as otherwise provided by law.

(f) Subcontracts. (1) The Contractor must include the substance of this clause, including this paragraph (f), in every subcontract that exceeds \$10,000 and will be performed wholly or partially in the United States, unless exempted by the rules, regulations, or orders of the Secretary of Labor issued pursuant to section 3 of Executive Order 13496 of January 30, 2009, so that such provisions will be binding upon each subcontractor.

(2) The Contractor must not procure supplies or services in a way designed to avoid the applicability of Executive Order 13496 or this clause.

(3) The Contractor must take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance.

(4) However, if the Contractor becomes involved in litigation with a subcontractor, or is threatened with such involvement, as a result of such direction, the Contractor may request the United States, through the Secretary of Labor, to enter into such litigation to protect the interests of the United States.

(End of clause)

52.222-41 Service Contract Labor Standards.

As prescribed in 22.1002-2(b)(1), insert the following clause:

52.2-172

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-41

SERVICE CONTRACT LABOR STANDARDS (DEVIATION DATE)

(a) Definitions. As used in this clause?

Contractor, when this clause is used in any subcontract, must be deemed to refer to the subcontractor, except in the term

"Government Prime Contractor."

Service employee means any person engaged in the performance of this contract other than any person employed in a bona

fide executive, administrative, or professional capacity, as these terms are defined in Part 541 of Title 29, Code of Federal

Regulations, as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist

between a Contractor or subcontractor and such persons.

(b) Applicability. This contract is subject to the following provisions and to all other applicable provisions of 41 U.S.C.

chapter 67, Service Contract Labor Standards, and regulations of the Secretary of Labor (29 CFR Part 4). This clause does

not apply to contracts or subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 6702,

as interpreted in Subpart C of 29 CFR Part 4.

(c) Compensation. (1) Each service employee employed in the performance of this contract by the Contractor or any

subcontractor must be paid not less than the minimum monetary wages and must be furnished fringe benefits in accordance

with the wages and fringe benefits determined by the Secretary of Labor, or authorized representative, as specified in any

wage determination attached to this contract.

(2) (i) If a wage determination is attached to this contract, the Contractor must classify any class of service employee

which is not listed therein and which is to be employed under the contract (i.e., the work to be performed is not performed by

any classification listed in the wage determination) so as to provide a reasonable relationship (i.e., appropriate level of skill

comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed

class of employees must be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the

procedures in this paragraph (c).

(ii) This conforming procedure must be initiated by the Contractor prior to the performance of contract work by the unlisted class of employee. The Contractor must submit Standard Form (SF) 1444, Request For Authorization of

Additional

Classification and Rate, to the Contracting Officer no later than 30 days after the unlisted class of employee performs any contract work. The Contracting Officer must review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employees? authorized

representatives or the employees themselves together with the agency recommendation), and all pertinent information to the

Wage and Hour Division, U.S. Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the

action or render a final determination in the event of disagreement within 30 days of receipt or will notify the Contracting Officer within 30 days of receipt that additional time is necessary.

(iii) The final determination of the conformance action by the Wage and Hour Division must be transmitted to the Contracting Officer who must promptly notify the Contractor of the action taken. Each affected employee must be furnished

by the Contractor with a written copy of such determination or it must be posted as a part of the wage determination.

(iv) (A) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to

wage determination depending on the circumstances. Standard wage and salary administration practices which rank various

job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance

may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System

and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any

conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the

skill required and the duties performed.

(B) In the case of a contract modification, an exercise of an option, or extension of an existing contract, or in

any other case where a Contractor succeeds a contract under which the classification in question was previously conformed

pursuant to paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to the conformed

classification by indexing (i.e., adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the contract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees,

the Contractor must advise the Contracting Officer of the action taken but the other procedures in subdivision (c)(2)(ii) of this

clause need not be followed.

52.2-173

52.222-41 FEDERAL ACQUISITION REGULATION

(C) No employee engaged in performing work on this contract must in any event be paid less than the currently

applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.

(v) The wage rate and fringe benefits finally determined under this subparagraph (c)(2) of this clause must be paid to all employees performing in the classification from the first day on which contract work is performed by them in the classification. Failure to pay the unlisted employees the compensation agreed upon by the interested parties and/or finally

determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be

a violation of the Service Contract Labor Standards statute and this contract.

(vi) Upon discovery of failure to comply with subparagraph (c)(2) of this clause, the Wage and Hour Division must make a final determination of conformed classification, wage rate, and/or fringe benefits which must be retroactive to the date

such class or classes of employees commenced contract work.

(3) Adjustment of compensation. If the term of this contract is more than 1 year, the minimum monetary wages and

fringe benefits required to be paid or furnished thereunder to service employees under this contract must be subject to adjustment after 1 year and not less often than once every 2 years, under wage determinations issued by the Wage and Hour

Division.

(d) Obligation to furnish fringe benefits. The Contractor or subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or determined under subparagraph (c)(2) of this clause by furnishing equivalent

combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with

Subpart D of 29 CFR Part 4.

(e) Minimum wage. In the absence of a minimum wage attachment for this contract, neither the Contractor nor any subcontractor under this contract shall pay any person performing work under this contract (regardless of whether the person

is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938.

Nothing in this clause shall relieve the Contractor or any subcontractor of any other obligation under law or contract for payment of a higher wage to any employee.

(f) Successor contracts. If this contract succeeds a contract subject to the Service Contract Labor Standards statute under which substantially the same services were furnished in the same locality and service employees were paid wages

and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this contract setting forth such collectively bargained wage rates and fringe benefits, neither the Contractor nor any subcontractor under this contract shall pay any service employee performing any of the contract work (regardless of whether

or not such employee was employed under the predecessor contract), less than the wages and fringe benefits provided for in

such collective bargaining agreement, to which such employee would have been entitled if employed under the

predecessor

contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided

for under such agreement. No Contractor or subcontractor under this contract may be relieved of the foregoing obligation

unless the limitations of 29 CFR 4.1 b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative

finds, after a hearing as provided in 29 CFR 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in 29 CFR 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations. Where it is found in accordance with

the review procedures provided in 29 CFR 4.10 and/or 4.11 and parts 6 and 8 that some or all of the wages and/or fringe

benefits contained in a predecessor Contractor's collective bargaining agreement are substantially at variance with those

which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable

to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations,

the Department will issue a new or revised wage determination setting forth the applicable wage rates and fringe benefits.

Such determination must be made part of the contract or subcontract, in accordance with the decision of the Administrator,

the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a contract or subcontract (53 Comp. Gen. 401 (1973)). In the case of a wage

determination issued solely as a result of a finding of substantial variance, such determination must be effective as of the date

of the final administrative decision.

(g) Notification to employees. The Contractor and any subcontractor under this contract must notify each service employee

commencing work on this contract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this contract, or must post the wage determination attached to this contract. The poster provided by the Department of

Labor (Publication WH 1313) must be posted in a prominent and accessible place at the worksite. Failure to comply with this

requirement is a violation of 41 U.S.C. 6703 and of this contract.

52.2-174

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-41

(h) Safe and sanitary working conditions. The Contractor or subcontractor must not permit any part of the services called

for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Contractor or subcontractor which are unsanitary, hazardous, or dangerous to the health or

safety

of the service employees. The Contractor or subcontractor must comply with the safety and health standards applied under 29

CFR Part 1925.

(i) Records. (1) The Contractor and each subcontractor performing work subject to the Service Contract Labor Standards

statute must make and maintain for 3 years from the completion of the work, and make them available for inspection and

transcription by authorized representatives of the Wage and Hour Division, a record of the following:

(i) For each employee subject to the Service Contract Labor Standards statute-

(A) Name and address and social security number;

(B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits

provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;

(C) Daily and weekly hours worked by each employee; and

(D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.

(ii) For those classes of service employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the

terms of paragraph (c) of this clause. A copy of the report required by subdivision (c)(2)(ii) of this clause will fulfill this requirement.

(iii) Any list of the predecessor Contractor's employees which had been furnished to the Contractor as prescribed by

paragraph (n) of this clause.

(2) The Contractor must also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division.

(3) Failure to make and maintain or to make available these records for inspection and transcription shall be a violation

of the regulations and this contract, and in the case of failure to produce these records, the Contracting Officer, upon direction

of the Department of Labor and notification to the Contractor, must take action to cause suspension of any further payment or

advance of funds until the violation ceases.

(4) The Contractor must permit authorized representatives of the Wage and Hour Division to conduct interviews with

employees at the worksite during normal working hours.

(j) Pay periods. The Contractor must unconditionally pay to each employee subject to the Service Contract Labor Standards statute all wages due free and clear and without subsequent deduction (except as otherwise provided by law or

regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments must be made no later than one pay period

following the end of the regular pay period in which the wages were earned or accrued. A pay period under this statute may

not be of any duration longer than semi-monthly.

(k) Withholding of payments and termination of contract. The Contracting Officer must withhold or cause to be

withheld

from the Government Prime Contractor under this or any other Government contract with the Prime Contractor such sums as

an appropriate official of the Department of Labor requests or such sums as the Contracting Officer decides may be necessary

to pay underpaid employees employed by the Contractor or subcontractor. In the event of failure to pay any employees subject to the Service Contract Labor Standards statute all or part of the wages or fringe benefits due under the Service Contract Labor Standards statute, the Contracting Officer may, after authorization or by direction of the Department of Labor

and written notification to the Contractor, take action to cause suspension of any further payment or advance of funds until

such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or

arrangements for completion of the work, charging the Contractor in default with any additional cost.

(l) Subcontracts. The Contractor agrees to insert this clause in all subcontracts subject to the Service Contract Labor Standards statute.

(m) Collective bargaining agreements applicable to service employees. If wages to be paid or fringe benefits to be furnished any service employees employed by the Government Prime Contractor or any subcontractor under the contract

are provided for in a collective bargaining agreement which is or will be effective during any period in which the contract is being performed, the Government Prime Contractor must report such fact to the Contracting Officer, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report must be

made upon commencing performance of the contract, in the case of collective bargaining agreements effective at such time,

52.2-175

52.222-41 FEDERAL ACQUISITION REGULATION

and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of contract

performance such agreements must be reported promptly after negotiation thereof.

(n) Seniority list. Not less than 10 days prior to completion of any contract being performed at a Federal facility where

service employees may be retained in the performance of the succeeding contract and subject to a wage determination which

contains vacation or other benefit provisions based upon length of service with a Contractor (predecessor) or successor (29

CFR 4.173), the incumbent Prime Contractor must furnish the Contracting Officer a certified list of the names of all service

employees on the Contractor's or subcontractor's payroll during the last month of contract performance. Such list must also

contain anniversary dates of employment on the contract either with the current or predecessor Contractors of each

such

service employee. The Contracting Officer must turn over such list to the successor Contractor at the commencement of the

succeeding contract.

(o) Rulings and interpretations. Rulings and interpretations of the Service Contract Labor Standards statute are contained

in Regulations, 29 CFR Part 4.

(p) Contractor's Representation. (1) By entering into this contract, the Contractor (and officials thereof) represents that

neither it nor any person or firm who has a substantial interest in the Contractor's firm is a person or firm ineligible to be

awarded Government contracts by virtue of the sanctions imposed under 41 U.S.C. 6706.

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract

under 41 U.S.C. 6706.

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(q) Variations, tolerances, and exemptions involving employment. Notwithstanding any of the provisions in paragraphs (b)

through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances,

and exemptions, which the Secretary of Labor, pursuant to 41 U.S.C. 6707 prior to its amendment by Pub.L.92-473, found to

be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:

(1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by 41 U.S.C. 6703(1)

without diminishing any fringe benefits or cash payments in lieu thereof required under 41 U.S.C. 6703(2), in accordance

with the conditions and procedures prescribed for the employment of apprentices, student-learners, persons with disabilities,

and disabled clients of work centers under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the

Administrator (29 CFR parts 520, 521, 524, and 525).

(2) The Administrator will issue certificates under the statute for the employment of apprentices, student-learners,

persons with disabilities, or disabled clients of work centers not subject to the Fair Labor Standards Act of 1938, or subject

to different minimum rates of pay under the two statutes, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures

prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and

525).

(3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in

29

CFR parts 525 and 528.

(r) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Office of Apprenticeship and Training, Employer, and Labor Services (OATELS), U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program must be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices must not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification must not be greater than the ratio permitted to the Contractor as to his entire work force under the registered program.

(s) Tips. An employee engaged in an occupation in which the employee customarily and regularly receives more than \$30 a month in tips may have the amount of these tips credited by the employer against the minimum wage required by 41 U.S.C. 6703(1), in accordance with section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR Part 531. However, the amount of credit must not exceed \$1.34 per hour beginning January 1, 1981. To use this provision-

- (1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;
- (2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of

whether the employer elects to take a credit for tips received);

52.2-176

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-43

(3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Labor Standards minimum wage through the combination of direct wages and tip credit; and

(4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of 41 U.S.C. 6707(c).

(t) Disputes concerning labor standards. The U.S. Department of Labor has set forth in 29 CFR parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(End of clause)

52.222-42 Statement of Equivalent Rates for Federal Hires.

As prescribed in 22.1002-2(c)(1), insert the following clause:

This part prescribes policies and procedures for assigning and performing contract administration and contract audit services.

42.001 Interagency agreements.

(a) Agencies must use interagency agreements to prevent duplicate audits, reviews, inspections, and examinations of

contractors or subcontractors by more than one agency.

(b) Subject to the fiscal regulations of the agencies and applicable interagency agreements, the requesting agency must pay

the servicing agency for services rendered, in accordance with the Economy Act (31 U.S.C. 1535).

42.002 Cognizant Federal agency.

(a) The cognizant Federal agency is the agency with the largest dollar amount in negotiated contracts, including options,

for each contractor business unit, except for educational institutions and nonprofits. The cognizant Federal agency for educational institutions (defined as institutions of higher education at 2 CFR part 200, subpart A, and 20 U.S.C. 1001) and

nonprofit organizations (as defined in 2 CFR part 200), the cognizant Federal agency for indirect costs is determined by using

the OMB Uniform Guidance at 2 CFR part 200, appendices III and IV, respectively.

(b) Once a Federal agency assumes cognizance for a contractor, it should remain the cognizant Federal agency for at least

5 years to ensure continuity and ease of administration.

Subpart 42.1 - Contract Audit Services

42.101 Contract audit responsibilities.

(a) The auditor is responsible for-

(1) Analyzing contractor financial records or other related data and advising the requesting activity on the acceptability

of the contractor's incurred and estimated costs;

(2) Reviewing the financial and accounting aspects of the contractor's cost control systems; and

(3) Performing other analyses and reviews that require access to the contractor's financial and accounting records

supporting proposed and incurred costs.

(b) Normally, the Defense Contract Audit Agency (DCAA) is the responsible Government audit agency. However, there

may be instances where an agency other than DCAA desires cognizance of a particular contractor. In those instances, the

two agencies must agree on the most efficient and economical approach to meet contract audit requirements. For educational

institutions (defined as institutions of higher education in the OMB Uniform Guidance at 2 CFR part 200, subpart A, and 20

U.S.C. 1001) and nonprofit organizations (as defined in the OMB Uniform Guidance at 2 CFR part 200), audit cognizance

will be determined according to the provisions of the OMB Uniform Guidance at 2 CFR part 200.

42.102 Assignment of contract audit services.

(a) Contracting officers may request audit services directly from the responsible audit agency listed in the Directory of Federal Contract Audit Offices. Requests must include a suspense date and identify any information needed by the contracting officer.

(b) The responsible audit agency may decline requests for services on a case-by-case basis if they lack adequate resources.

Declinations must be in writing.

42.103 Contract audit services directory.

(a) DCAA maintains the Directory of Federal Contract Audit Offices. The directory identifies cognizant audit offices and

the assigned contractors they have cognizance over. Contract Audit Offices must provide audit cognizance changes to DCAA

for directory updates.

(b) To obtain the directory or information about audit offices, contact: Defense Contract Audit Agency, ATTN: CMO, Publications Officer, 8725 John J. Kingman Road, Suite 2135, Fort Belvoir, VA 22060-6219.

This page intentionally left blank.

-2

42.202

Subpart 42.2 - Contract Administration Services

42.201 Contract administration responsibilities.

For each contract assigned for administration, the contract administration office (CAO) will-

(a) Perform the functions listed in 42.302(a) to the extent that they apply to the contract, except for the functions specifically withheld;

(b) Perform the functions listed in 42.302(b) only when and to the extent specifically authorized by the contracting officer;

and

(c) Request supporting contract administration under 42.202(e) and (f) as required.

42.202 Assignment of contract administration.

(a) Delegating functions. Contracting officers may delegate contract administration or specialized support services through

interagency agreements or by direct request to the cognizant CAO listed in the Contract Administration Services Directory

(CASD). The delegation should include-

(1) The name and address of the CAO designated to perform the administration (this information must also be entered

in the contract);

(2) Any special instructions, including any functions withheld or any specific authorization to perform functions listed

in 42.302 (b);

(3) A copy of the contract to be administered; and

(4) Copies of all contracting agency regulations or directives that are-

(i) Incorporated into the contract by reference; or

(ii) Otherwise, necessary to administer the contract, unless copies have been provided previously.

(b) Special instructions. As necessary, the contracting officer must advise the contractor (and other activities as appropriate) of any functions withheld from or additional functions delegated to the CAO.

(c) Delegating additional functions. For individual contracts or groups of contracts, the contracting officer may delegate

additional functions beyond those listed in 42.302 to the CAO, provided that-

(1) Prior coordination with the CAO ensures the availability of required resources;

(2) In the case of authority to issue orders under provisioning procedures in existing contracts and under basic ordering

agreements for items and services identified in the schedule, the head of the contracting activity or designee approves the

delegation; and

(3) The delegation does not require the CAO to undertake new or follow-on acquisitions.

(d) Rescinding functions. The contracting officer at the requesting agency may rescind or recall a delegation to administer

a contract or perform a contract administration function, except for the cognizant Federal agency functions identified in

42.302(a). The requesting agency must coordinate with the CAO to establish a reasonable transition period prior to rescinding

or recalling the delegation.

(e) Secondary delegations of contract administration.

(1) A CAO that has been delegated administration of a contract function may request supporting contract administration

from the cognizant CAO at the location. The request must-

(i) Be in writing;

(ii) Clearly state the specific administration functions to be performed; and

(iii) Be accompanied by a copy of pertinent contractual and other necessary documents.

(2) The prime contractor is responsible for managing its subcontracts. The CAO's review of subcontracts is normally

limited to evaluating the prime contractor's management of the subcontracts (see part 44). Therefore, supporting contract

administration may only be used for subcontracts when-

(i) The Government otherwise would incur undue cost;

(ii) Successful completion of the prime contract is threatened; or

(iii) It is authorized under paragraph (f) of this section or elsewhere in this regulation.

(f) Special surveillance. For major system acquisitions (see part 34), the contracting officer may designate certain high

risk or critical subsystems or components for special surveillance in addition to requesting supporting contract administration.

This surveillance must be conducted in a manner consistent with the policy of requesting that the cognizant CAO perform

contract administration functions at a contractor's facility (see 42.002).

(g) Refusing delegation of contract administration. An agency may decline a request for contract administration services

on a case-by-case basis if they lack adequate resources to accomplish the tasks. Declinations must be in writing.

-1

42.203 FEDERAL ACQUISITION REGULATION

42.203 Contract administration services directory.

The Defense Contract Management Agency (DCMA) maintains the CASD. The directory lists the contact information of those DCMA and other agency offices that offer contract administration services within designated geographic areas and at

specified contractor locations. Federal agencies may access CASD on the Internet at <https://piee.eb.mil/pcm/xhtml/unauth/index.xhtml>.

-2

42.302

Subpart 42.3 - Contract Administration Office Functions

42.301 General.

When a contract is assigned for administration under subpart 42.2, the contract administration office (CAO) will perform contract administration functions in accordance with 48 CFR Chapter 1, the contract terms, and, unless otherwise agreed to in

an interagency agreement (see 42.001), the applicable regulations of the servicing agency.

42.302 Contract administration functions.

(a) The contracting officer normally delegates the following contract administration functions to a CAO. The contracting

officer may retain any of these functions, except those in paragraphs (a)(5), (a)(9), (a)(11), and (a)(12) of this section, which

must be performed by the cognizant Federal agency.

(1) Review the contractor's compensation structure.

(2) Review the contractor's insurance plans.

(3) Conduct post-award orientation conferences.

(4) Review and evaluate contractors' proposals under subpart 15.4 and, when the contracting officer will conduct

negotiations, furnish comments and recommendations to that officer.

(5) Negotiate forward pricing rate agreements (see part 15 and subpart 42.13).

(6) Negotiate advance agreements pursuant to the contract cost principles in part 31.

(7) Determine the allowability of costs suspended or disapproved as required (see subpart 42.6), direct the suspension

or disapproval of costs when there is reason to believe they should be suspended or disapproved, and approve final vouchers.

(8) Issue Notices of Intent to Disallow or not Recognize Costs (see subpart 42.6).

(9) Establish final indirect cost rates and billing rates for contractors meeting the criteria for contracting officer determination in subpart 42.5.

(10) Attempt to resolve issues in controversy, using alternative dispute resolution (ADR) procedures when appropriate

(see part 33); prepare findings of fact; and issue decisions under the Disputes clause on matters in which the administrative

contracting officer (ACO) has the authority to take definitive action.

(11) In connection with Cost Accounting Standards (CAS) (see part 30 and 48 CFR chapter 99)-

- (i) Determine the adequacy of the contractor's disclosure statements;
- (ii) Determine whether disclosure statements are in compliance with CAS and part 31;
- (iii) Determine the contractor's compliance with CAS and disclosure statements, if applicable; and
- (iv) Negotiate price adjustments and execute supplemental agreements under the CAS clauses at 52.230-2, 52.230-3,

52.230-4, 52.230-5, and 52.230-6.

(12) Determine the adequacy of the contractor's accounting system. The contractor's accounting system should be

adequate during the entire period of contract performance. The adequacy of the contractor's accounting system and its associated internal control system, as well as contractor compliance with the CAS, affects the quality and validity of the contractor data the Government relies on for contractor oversight.

(13) Review and approve or disapprove contractor requests for financing payments (see part 32).

(14) Make payments on assigned contracts when prescribed in agency acquisition regulations.

(15) Manage special bank accounts.

(16) Ensure the contractor notifies the contracting officer in a timely manner of any anticipated overrun or underrun of

the estimated cost under cost-reimbursement contracts.

(17) Monitor the contractor's financial condition and advise the contracting officer when it jeopardizes contract performance.

(18) Analyze quarterly limitation on payments statements and act in accordance with part 32 to recover overpayments

from the contractor.

(19) Issue tax exemption forms.

(20) Ensure processing and execution of duty-free entry certificates.

(21) For classified contracts, administer delegated portions of the industrial security program delegated to the CAO (see

43-2

SUBPART 43.1 - POSTAWARD 43.100

Subpart 43.1 - Postaward

43.100 Scope of part.

This part provides contract modification standards for the workforce to limit risk to the public and government. This

part applies to all types of contracts including construction and architect-engineer contracts. This part does not apply to

modifications for extraordinary contractual relief (see subpart 50.1).

43.1-1

This page intentionally left blank.

43.1-2

SUBPART 43.2 - GENERAL 43.204

Subpart 43.2 - General

43.201 Definitions.

As used in this part?

Administrative change means a unilateral (see 43.203(b)) contract change, in writing, that does not affect the substantive rights of the parties (e.g., a change in the paying office or the appropriation data).

(1) For a solicitation amendment, change order, or administrative change, the effective date shall be the issue date of the amendment, change order, or administrative change.

(2) For a supplemental agreement, the effective date shall be the date agreed upon by the contracting parties.

(3) For a modification issued as a confirming notice of termination for the convenience of the Government, the

effective

date of the confirming notice shall be the same as the effective date of the initial notice.

(4) For a modification converting a termination for default to a termination for the convenience of the Government, the

effective date shall be the same as the effective date of the termination for default.

(5) For a modification confirming the termination contracting officer's previous letter determination of the amount due in

settlement of a contract termination for convenience, the effective date shall be the same as the effective date of the previous

letter determination.

43.202 Policy.

(a) Only contracting officers acting within the scope of their authority may execute contract modifications on behalf of the

Government. Other Government personnel shall not?

(1) Execute contract modifications;

(2) Act in such a manner as to cause the contractor to believe that they have authority to bind the Government; or

(3) Direct or encourage the contractor to perform work that should be the subject of a contract modification.

(b) Contract modifications, including changes that could be issued unilaterally, shall be priced before their execution if

this can be done without adversely affecting the interest of the Government. If a significant cost increase could result from

a contract modification and time does not permit negotiation of a price, at least a ceiling price shall be negotiated unless impractical.

43.203 Types of contract modifications.

Contract modifications are of the following types:

(a) Bilateral. A bilateral modification (supplemental agreement) is a contract modification that is signed by the contractor

and the contracting officer. Bilateral modifications are used to?

(1) Make negotiated equitable adjustments resulting from the issuance of a change order;

(2) Definitize letter contracts; and

(3) Reflect other agreements of the parties modifying the terms of contracts.

(b) Unilateral. A unilateral modification is a contract modification that is signed only by the contracting officer. Unilateral

modifications are used, for example, to?

(1) Make administrative changes;

(2) Issue change orders;

(3) Make changes authorized by clauses other than a changes clause (e.g., Property clause, Options clause, or

Suspension of Work clause); and

(4) Issue termination notices.

43.204 Notification of contract changes.

(a) When a contractor determines that the Government has made or may make a change in the contract that is not in

writing and is not signed by the contracting officer, the contractor shall notify the Government in writing as soon as possible.

This will permit the Government to evaluate the alleged change and?

- (a) Confirm that it is a change, direct the mode of further performance, and plan for its funding;
- (b) Countermand the alleged change; or
- (c) Notify the contractor that no change is considered to have occurred.

43.2-1

43.205 FEDERAL ACQUISITION REGULATION

43.205 Availability of funds.

- (a) The contracting officer shall not execute a contract modification that causes or will cause an increase in funds without

obtaining a certification of fund availability first, except for modifications to contracts that?

- (1) Are conditioned on availability of funds (see 32.703-2); or
- (2) Contain a limitation of cost or funds clause (see 32.704).

(b) The certification required by paragraph (a) of this section shall be based on the negotiated price, except for modifications executed before agreement on price, which may be based on the best available estimate of cost.

(c) In accordance with 10 U.S.C. 983, do not provide funds by contract or contract modification, or make contract payments, to an institution of higher education that has a policy or practice of hindering Senior Reserve Officer Training Corps units or military recruiting on campus as described at 9.110. The prohibition in this paragraph (c) does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products, including commercially available off-the-shelf items, and commercial services.

43.206 Contract clause.

The contracting officer may insert a clause substantially the same as the clause at 52.243-7, Notification of Changes, in solicitations and contracts. The clause is available for use primarily in negotiated research and development or supply

contracts for the acquisition of major weapon systems or principal subsystems. If the contract amount is expected to be less than \$1,000,000, the clause shall not be used, unless the contracting officer anticipates that situations will arise where

a contractor alleges that the Government has effected changes other than those identified in writing and signed by the contracting officer.

43.2-2

SUBPART 43.3 - CHANGE ORDERS 43.304

Subpart 43.3 - Change Orders

43.301 General.

- (a) Generally, Government contracts contain a changes clause that permits the contracting officer to make unilateral

changes, in designated areas, within the scope of the contract. These are accomplished by issuing written change orders on

Standard Form 30, Amendment of Solicitation/Modification of Contract (SF 30), unless otherwise provided (see 43.401).

- (b) Upon receipt of a change order, the contractor must continue performance of the contract as changed, except for cost-

reimbursement or incrementally funded contracts where the contractor is not obligated to continue performance or incur costs

beyond the limits established in the Limitation of Cost or Limitation of Funds clause (see 32.706-2).

(c) The contracting officer may issue a change order by electronic means without a SF 30 under unusual or urgent circumstances, provided that the message contains substantially the information required by the SF 30 and immediate action

is taken to issue the SF 30.

43.302 Authority to issue change orders.

Change orders shall be issued by the contracting officer except when authority is delegated to an administrative contracting officer (see 42.202(c)).

43.303 Change order accounting procedures.

The following categories of direct costs normally are segregable and accountable under the terms of the Change Order Accounting clause at 52.243-6:

(a) Nonrecurring costs such as engineering costs and costs of obsolete or reperfomed work.

(b) Costs of added distinct work caused by the change order such as new subcontract work, new prototypes, or new retrofit

or backfit kits.

(c) Costs of recurring work such as labor and material costs.

43.304 Administration.

(a) Change order documentation. Documentation of unilaterally issued change orders that are later definitized through a

bilateral supplement agreement contract modification requires two documents: the initial SF-30 change order and then the

subsequent SF-30 supplemental agreement reflecting the resulting equitable adjustment in contract terms. If an equitable

adjustment in the contract price or delivery terms or both can be agreed upon in advance, only a bilateral supplemental agreement contract modification (SF-30) need be issued. Administrative changes and change orders issued pursuant to a

clause giving the Government a unilateral right to make a change (e.g., an option clause) require only the unilateral SF-30

change order.

(b) Definitization.

(1) (i) Contracting officers shall negotiate equitable adjustments resulting from change orders in the shortest practicable time.

(ii) Agencies shall, in accordance with agency procedures, record and maintain data regarding the time required to definitize equitable adjustments associated with change orders for construction. The definitization of an equitable adjustment

begins when the contracting officer receives an adequate change order definitization proposal and ends when the contracting

officer executes a contractual action to definitize the change order. The contracting officer shall ensure the data is recorded

promptly in accordance with agency procedures. See 36.211(b).

(2) The contracting officer shall ensure that an appropriate cost analysis is made in consideration of the contractor's

costs of the change.

(c) Complete and final equitable adjustments. To avoid subsequent controversies that may result from a supplemental

agreement containing an equitable adjustment as the result of a change order, the contracting officer should?

- (1) Ensure that all elements of the equitable adjustment have been presented and resolved; and
- (2) Include, in the supplemental agreement, a release similar to the following:

CONTRACTOR'S STATEMENT OF RELEASE

In consideration of the modification(s) agreed to herein as complete equitable adjustments for the Contractor's

(describe) _____ "proposal(s) for adjustment," the Contractor hereby releases the Government from any and all liability

43.3-1

43.305 FEDERAL ACQUISITION REGULATION

under this contract for further equitable adjustments attributable to such facts or circumstances giving rise to the "proposal(s) for adjustment" (except for _____).

43.305 Contract clauses.

- (a) (1) The contracting officer shall insert the clause at 52.243-1, Changes-Fixed-Price, in solicitations and contracts when

a fixed-price contract for supplies is anticipated.

- (2) If the requirement is for services, other than architect-engineer or other professional services, and no supplies are to

be furnished, the contracting officer shall use the clause with its Alternate I.

- (3) If the requirement is for services (other than architect-engineer services, transportation, or research and development) and supplies are to be furnished, the contracting officer shall use the clause with its Alternate II.

- (4) If the requirement is for architect-engineer or other professional services, the contracting officer shall use the clause

with its Alternate III.

- (5) If the requirement is for transportation services, the contracting officer shall use the clause with its Alternate IV.

- (6) If it is desired to include the clause in solicitations and contracts when a research and development contract is

contemplated, the contracting officer shall use the clause with its Alternate V.

- (b) (1) The contracting officer shall insert the clause at 52.243-2, Changes-Cost-Reimbursement, in solicitations and

contracts when a cost-reimbursement contract for supplies is contemplated.

- (2) If the requirement is for services and no supplies are to be furnished, the contracting officer shall use the clause with

its Alternate I.

- (3) If the requirement is for services and supplies are to be furnished, the contracting officer shall use the clause with its

Alternate II.

- (4) If the requirement is for construction, the contracting officer shall use the clause with its Alternate III.

- (5) [Reserved]

- (6) If it is desired to include the clause in solicitations and contracts when a research and development contract is

contemplated, the contracting officer shall use the clause with its Alternate V.

(c) Insert the clause at 52.243-3, Changes-Time-and-Materials or Labor-Hours, in solicitations and contracts when a time-

and-materials or labor-hour contract is anticipated. The contracting officer may vary the 30-day period in paragraph (c) of the

clause according to agency procedures.

(d) The contracting officer shall insert the clause at 52.243-4, Changes, in solicitations and contracts for-

(1) Dismantling, demolition, or removal of improvements; and

(2) Construction, when a fixed-price contract is contemplated and the contract amount is expected to exceed the

simplified acquisition threshold.

(e) The contracting officer shall insert the clause at 52.243-5, Changes and Changed Conditions, in solicitations and

contracts for construction, when the contract amount is not expected to exceed the simplified acquisition threshold.

(f) The contracting officer may insert a clause, substantially the same as the clause at 52.243-6, Change Order Accounting,

in solicitations and contracts for supply and research and development contracts of significant technical complexity, if numerous changes are anticipated. The clause may be included in solicitations and contracts for construction if deemed appropriate by the contracting officer.

43.3-2

SUBPART 43.4 - FORMS 43.401

Subpart 43.4 - Forms

43.401 Use of forms.

(a) (1) The Standard Form 30 (SF 30), Amendment of Solicitation/Modification of Contract, shall (except for the options

stated in 43.401(a)(2) or actions processed under part 15) be used for?

(i) Any amendment to a solicitation;

(ii) Change orders issued under the Changes clause of the contract;

(iii) Any other unilateral contract modification issued under a contract clause authorizing such modification without the consent of the contractor;

(iv) Administrative changes such as the correction of typographical mistakes, changes in the paying office, and changes in accounting and appropriation data;

(v) Supplemental agreements (see 43.203); and

(vi) Removal, reinstatement, or addition of funds to a contract.

(2) The SF 30 may be used for-

(i) Modifications that change the price of contracts for the acquisition of petroleum as a result of economic price adjustment;

(ii) Termination notices; and

(iii) Purchase order modifications as specified in 13.302-3.

(3) If it is anticipated that a change will result in a price change, the estimated amount of the price change shall not be

shown on copies of SF 30 furnished to the contractor.

(b) The Optional Form 336 (OF 336), Continuation Sheet, or a blank sheet of paper, may be used as a continuation sheet

for a contract modification.

SUBPART 44.1 - [RESERVED] 44.001

44.000 Scope of part.

(a) This part prescribes policies and procedures for consent to subcontracts or advance notification of subcontracts, and for

review and approval of contractors? purchasing systems.

(b) The consent and advance notification requirements of subpart 44.2 do not apply to prime contracts for

commercial

products or commercial services.

44.001 Definitions.

As used in this part?

Contractor means the total contractor organization or a separate entity of it, such as an affiliate, division, or plant, that performs its own purchasing.

Contractor purchasing system review (CPSR) means the complete assessment of a contractor's purchasing of material and services, subcontracting, and subcontract management from developing the requirement through completing subcontract

performance.

Subcontract means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services

for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

Subpart 44.1 - [Reserved]

44.1-1

This page intentionally left blank.

44.1-2

SUBPART 44.2 - EVALUATION AND AWARD 44.201-5

Subpart 44.2 - Evaluation and award

44.201 Consent to subcontracts and requirements for advance notice.

44.201-1 Consent requirements.

(a) If the contractor has an approved purchasing system, consent is required for subcontracts specifically identified by the

contracting officer in paragraph (d) of 52.244-2, Subcontracts. The contracting officer may require consent to subcontract

to protect the Government because of the subcontract type, complexity, or value, or because the subcontract needs special surveillance.

(b) If the contractor does not have an approved purchasing system, consent to subcontract is required for certain subcontracts identified in paragraph (c) of 52.244-2, Subcontracts.

44.201-2 Advance notification requirements.

Under cost-reimbursement contracts, the contractor is required by statute to notify the contracting officer as follows:

(a) For the Department of Defense, the Coast Guard, and the National Aeronautics and Space Administration, unless the

contractor maintains an approved purchasing system, 10 U.S.C. 3322(c) requires notification before the award of any cost-

plus-fixed-fee subcontract, or any fixed-price subcontract that exceeds the greater of the simplified acquisition threshold or 5

percent of the total estimated cost of the contract.

(b) For civilian agencies other than the Coast Guard and the National Aeronautics and Space Administration, even if the

contractor has an approved purchasing system, 41 U.S.C. 3905 requires notification before the award of any cost-plus-fixed-fee subcontract, or any fixed-price subcontract that exceeds either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

44.201-3 Contracting officer's responsibilities.

(a) The contracting officer responsible for consent (see part 42 regarding delegation) must review the contractor's notification (i.e., request to subcontract) and supporting data to ensure that the proposed subcontract is appropriate for the risks involved and consistent with current policy and sound business judgment.

(b) Careful and thorough review and consideration of the request to subcontract is necessary when?

(1) The contractor's purchasing system or performance is inadequate;

(2) Close working relationships or ownership affiliations between the contractor and subcontractor may preclude free

competition or result in higher prices;

(3) Subcontracts are proposed for award on a noncompetitive basis, at prices that appear to be unreasonable, or at

higher prices than those offered to the Government in comparable circumstances; or

(4) Subcontracts are proposed on a cost-reimbursement, time-and-materials, or labor-hour basis.

(c) If the advance notification or consent requirements were satisfied for certain subcontracts evaluated during negotiations, the contracting officer must identify those subcontracts in paragraph (j) of the clause at 52.244-2.

44.201-4 Consent limitations.

(a) The contracting officer's consent to a subcontract or approval of the contractor's purchasing system does not constitute

a determination of the acceptability of the subcontract terms or price, or of the allowability of costs, unless the consent or

approval specifies otherwise.

(b) Contracting officers must not consent to?

(1) Cost-reimbursement subcontracts if the fee exceeds the fee limitations in part 15;

(2) Subcontracts providing for payment on a cost-plus-a-percentage-of-cost basis;

(3) Subcontracts obligating the contracting officer to deal directly with the subcontractor; or

(4) Subcontracts that make the results of arbitration, judicial determination, or voluntary settlement between the prime

contractor and subcontractor binding on the Government.

44.201-5 Contract clauses.

(a) (1) Insert the clause at 52.244-2, Subcontracts, in solicitations and contracts when contemplating?

(i) A cost-reimbursement contract;

(ii) A labor-hour, time-and-materials, or letter contract that exceeds the simplified acquisition threshold; or

44.2-1

44.201-5 FEDERAL ACQUISITION REGULATION

(iii) A fixed-price contract that exceeds the simplified acquisition threshold under which unpriced contract actions (including unpriced modifications or unpriced delivery orders) are anticipated.

(2) If a cost-reimbursement contract is planned, for civilian agencies other than the Coast Guard and the National

Aeronautics and Space Administration, use the clause with its Alternate I.

(3) Use of this clause is not required in?

(i) Fixed-price architect-engineer contracts; or

(ii) Contracts for mortuary services, refuse services, or shipment and storage of personal property, when an agency-

prescribed clause on approval of subcontractors? facilities is required.

(b) The contracting officer may insert the clause at 52.244-4, Subcontractors and Outside Associates and Consultants

(Architect-Engineer Services), in architect-engineer contracts.

(c) When contracting by negotiation, insert the clause at 52.244-5, Competition in Subcontracting, in solicitations and

contracts when the contract amount is expected to exceed the simplified acquisition threshold, unless?

(1) A firm-fixed-price contract, awarded on the basis of adequate price competition or whose prices are set by law or

regulation, is planned; or

(2) A time-and-materials, labor-hour, or architect-engineer contract is planned.

44.2-2

SUBPART 44.3 - POSTAWARD 44.301-5

Subpart 44.3 - Postaward

44.301 Contractors? purchasing systems reviews.

44.301-1 Objective.

The objective of a contractor purchasing system review (CPSR) is to assess the efficiency and effectiveness with which the

contractor spends Government funds and complies with Government policy when subcontracting. The review provides the

basis for granting, withholding, or withdrawing approval of the contractor?s purchasing system.

44.301-2 Requirements.

(a) The responsible contracting officer (see part 42 regarding delegation) must determine if a CPSR is needed based on

factors such as the past performance of the contractor, and the volume, complexity and dollar value of subcontracts.

(b) If a determination is made under paragraph (a) to conduct a CPSR, at least every three years the contracting officer

must determine whether a CPSR is needed.

(c) The contracting officer must monitor a contract to ensure that the contractor is effectively managing its purchasing

program.

(d) Surveillance must be accomplished in accordance with a plan developed by the contracting officer with the assistance

of subcontracting, audit, pricing, technical, or other specialists as necessary. The plan should cover pertinent phases of a

contractor?s purchasing system and pertinent operations that affect the contractor?s purchasing and subcontracting.

44.301-3 Responsibilities for granting, withholding or withdrawing approval.

The contracting officer is responsible for granting, withholding, or withdrawing approval of a contractor?s purchasing system, and must?

(a) Approve a purchasing system only after determining that the contractor's purchasing policies and practices are efficient

and adequately protect the Government's interests; and

(b) Promptly notify the contractor in writing after granting, withholding, or withdrawing approval.

44.301-4 Notice.

(a) The notice granting purchasing system approval must include?

(1) Identification of the plant or plants covered by the approval;

(2) The effective date of approval; and

(3) A statement that system approval?

(i) Applies to all Federal Government contracts at that plant to the extent that cross-servicing arrangements exist;

(ii) Waives the contractual requirement for advance notification in fixed-price contracts, but not for cost-reimbursement contracts;

(iii) Waives the contractual requirement for consent to subcontracts in fixed-price contracts and for specified subcontracts in cost-reimbursement contracts but not for those subcontracts, if any, selected for special surveillance and

identified in the contract Schedule; and

(iv) May be withdrawn at any time at the contracting officer's discretion.

(b) In certain circumstances, the contracting officer may require consent for certain subcontracts or classes of subcontracts

even though the contractor's purchasing system is approved. The system approval notification must identify the class or

classes of subcontracts requiring consent. When sufficient weaknesses in a particular area of subcontracting are identified,

requiring consent to subcontract provides the contracting officer additional visibility. See 52.244-2(d).

44.301-5 Withholding or withdrawing approval.

(a) The contracting officer must withhold or withdraw approval of a contractor's purchasing system when major weaknesses exist or when the contractor is unable to provide enough information upon which to make an affirmative determination. The contracting officer may withdraw approval at any time based on a determination that the contractor's

purchasing system has deteriorated or to protect the Government's interest.

(b) When approval is withheld or withdrawn, the contracting officer must notify the contractor in writing within 10 days

after completing the review. The notice must specify the deficiencies that must be corrected to qualify the system for approval

and request the contractor to furnish within 15 days a plan to correct the deficiencies. If the plan is accepted, the contracting

44.3-1

44.301-5 FEDERAL ACQUISITION REGULATION

officer must make a follow-up review as soon as the contractor notifies the contracting officer that the deficiencies have been

corrected.

(c) The contracting officer must withhold or withdraw approval when the contractor consistently does not comply with

requirements.

44.3-2

SUBPART 44.4 - SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES 44.403

Subpart 44.4 - Subcontracts for Commercial Products and Commercial Services

44.401 Definition.

Subcontract , as used in this subpart, includes a transfer of commercial products or commercial services between divisions,

subsidiaries, or affiliates of a contractor or subcontractor.

44.402 Requirements.

- (a) Preference. Require contractors and subcontractors to incorporate, to the maximum extent practicable, commercial

products, commercial services, or nondevelopmental items as components of items supplied to the agency.

- (b) Flowdown. The clauses listed in the clause at 52.244-6, Subcontracts for Commercial Products and Commercial Services, flow down to subcontracts for commercial products and commercial services as indicated in the specific clause. Do

not require a contractor or subcontractor to apply to any of its divisions, subsidiaries, affiliates, subcontractors, or suppliers

that are furnishing commercial products, commercial components, or commercial services a clause that is not listed in

52.244-6.

- (c) Inapplicable laws. A list of laws that do not apply to subcontracts for the acquisition of commercial products, including

commercially available off-the-shelf items, or commercial services is available at www.acquisition.gov/inapplicablelaws.

44.403 Contract clause.

Insert the clause at 52.244-6, Subcontracts for Commercial Products and Commercial Services, in solicitations and contracts.

SUBPART 45.1 - GENERAL 45.101

45.000 Scope of part.

(a) This part prescribes policies and procedures for providing Government property to contractors; contractors' management and use of Government property; and reporting, redistributing, and disposing of contractor inventory.

(b) It does not apply to?

(1) Government property provided under any statutory leasing authority, except as to non-Government use of property

under 45.301(f);

(2) Property to which the Government has acquired a lien or title solely because of partial, advance, progress, or

performance based payments;

(3) Disposal of real property;

(4) Software and intellectual property; or

(5) Government property that is incidental to the place of performance, when the contract requires contractor personnel

to be located on a Government site or installation, and when the property used by the contractor within the location remains

accountable to the Government. Items considered to be incidental to the place of performance include, for example, office

space, desks, chairs, telephones, computers, and fax machines.

Subpart 45.1 - General

45.101 Definitions.

As used in this part-

Cannibalize means to remove parts from Government property for use or for installation on other Government property.

Contractor-acquired property means property acquired, fabricated, or otherwise provided by the contractor for performing

a contract and to which the Government has title.

Contractor inventory means-

(1) Any property acquired by and in the possession of a contractor or subcontractor under a contract for which title is

vested in the Government and which exceeds the amounts needed to complete full performance under the entire contract;

(2) Any property that the Government is obligated or has the option to take over under any type of contract, e.g., as

a result either of any changes in the specifications or plans thereunder or of the termination of the contract (or

subcontract

thereunder), before completion of the work, for the convenience or at the option of the Government; and

(3) Government-furnished property that exceeds the amounts needed to complete full performance under the entire

contract.

Contractor's managerial personnel means the contractor's directors, officers, managers, superintendents, or equivalent

representatives who have supervision or direction of-

- (1) All or substantially all of the contractor's business;
- (2) All or substantially all of the contractor's operation at any one plant or separate location; or
- (3) A separate and complete major industrial operation.

Demilitarization means rendering a product unusable for, and not restorable to, the purpose for which it was designed or is

customarily used.

Discrepancies incident to shipment means any differences (e.g., count or condition) between the items documented to have

been shipped and items actually received.

Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale, and does not ordinarily lose its identity or become a component part of another article when put into use. Equipment does not include material, real property, special test

equipment or special tooling.

Government-furnished property means property in the possession of, or directly acquired by, the Government and subsequently furnished to the contractor for performance of a contract. Government-furnished property includes, but is not

limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property

also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when

accepted by the Government for continued use under the contract.

Government property means all property owned or leased by the Government. Government property includes both Government-furnished property and contractor-acquired property. Government property includes material, equipment, special

tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Loss of Government property means unintended, unforeseen or accidental loss, damage, or destruction of Government property that reduces the Government's expected economic benefits of the property. Loss of Government property does not

45.1-1

45.102 FEDERAL ACQUISITION REGULATION

include occurrences such as purposeful destructive testing, obsolescence, normal wear and tear, or manufacturing defects.

Loss of Government property includes, but is not limited to-

- (1) Items that cannot be found after a reasonable search;

(2) Theft;

(3) Damage resulting in unexpected harm to property requiring repair to restore the item to usable condition; or

(4) Destruction resulting from incidents that render the item useless for its intended purpose or beyond economical

repair.

Material means property that may be consumed or expended during the performance of a contract, component parts of a

higher assembly, or items that lose their individual identity through incorporation into an end-item. Material does not include

equipment, special tooling, special test equipment or real property.

Nonseverable means property that cannot be removed after construction or installation without substantial loss of value or

damage to the installed property or to the premises where installed.

Precious metals means silver, gold, platinum, palladium, iridium, osmium, rhodium, and ruthenium.

Production scrap means unusable material resulting from production, engineering, operations and maintenance, repair, and

research and development contract activities. Production scrap may have value when re-melted or reprocessed, e.g., textile

and metal clippings, borings, and faulty castings and forgings.

Property means all tangible property, both real and personal.

Property Administrator means an authorized representative of the contracting officer appointed in accordance with agency

procedures, responsible for administering the contract requirements and obligations relating to Government property in the

possession of a contractor.

Property records means the records created and maintained by the contractor in support of its stewardship responsibilities

for the management of Government property.

Provide means to furnish, as in Government-furnished property, or to acquire, as in contractor-acquired property.

Real property See Federal Management Regulation 102-71.20 (41 CFR 102-71.20).

Sensitive property means property potentially dangerous to the public safety or security if stolen, lost, or misplaced, or that shall be subject to exceptional physical security, protection, control, and accountability. Examples include weapons, ammunition, explosives, controlled substances, radioactive materials, hazardous materials or wastes, or precious metals.

Unit acquisition cost means-

(1) For Government-furnished property, the dollar value assigned by the Government and identified in the contract; and

(2) For contractor-acquired property, the cost derived from the contractor's records that reflect consistently applied

generally accepted accounting principles.

45.102 Policy.

(a) Contractors are ordinarily required to furnish all property necessary to perform Government contracts.

(b) Contracting officers must provide property to contractors only when it is clearly demonstrated-

(1) To be in the Government's best interest;

(2) That the overall benefit to the acquisition significantly outweighs the increased cost of administration,

including

ultimate property disposal;

(3) That providing the property does not substantially increase the Government's assumption of risk; and

(4) That Government requirements cannot otherwise be met.

(c) The contractor's inability or unwillingness to supply its own resources is not sufficient reason for the furnishing or

acquisition of property.

(d) "Exception". Property provided under contracts for repair, maintenance, overhaul, or modification is not subject to the

requirements of paragraph (b) of this section.

(e) Government property, other than foundations and similar improvements necessary for installing special tooling, special

test equipment, or equipment, must not be installed or constructed on contractor-owned real property in such fashion as to

become nonseverable, unless the head of the contracting activity determines that such installation or construction is necessary

and in the Government's interest.

45.103 General.

(a) Agencies must?

(1) Allow and encourage contractors to use voluntary consensus standards (see FAR part 11) and industry-leading

practices and standards to manage Government property in their possession;

45.1-2

SUBPART 45.1 - GENERAL 45.107

(2) Eliminate to the maximum practical extent any competitive advantage a prospective contractor may have by using

Government property;

(3) Ensure maximum practical reutilization of contractor inventory for government purposes;

(4) Require contractors to use Government property already in their possession to the maximum extent practical in

performing Government contracts;

(5) Charge appropriate rentals when the property is authorized for use on other than a rent-free basis; and

(6) Require contractors to justify retaining Government property not needed for contract performance and to declare

property as excess when no longer needed for contract performance.

(b) Agencies will not generally require contractors to establish property management systems that are separate from a

contractor's established procedures, practices, and systems used to account for and manage contractor-owned property.

45.104 Responsibility and liability for Government property.

(a) Generally, contractors are not held liable for loss of Government property under the following types of contracts:

(1) Cost-reimbursement contracts.

(2) Time-and-material contracts.

(3) Labor-hour contracts.

(4) Fixed-price contracts awarded on the basis of submission of certified cost or pricing data.

(b) A prime contractor that provides Government property to a subcontractor must not be relieved of any responsibility to

the Government that the prime contractor may have under the terms of the prime contract.

(c) Any monies received as financial restitution from the contractor for Government property loss must be credited to the

Treasury of the United States as miscellaneous receipts, unless otherwise authorized by statute (31 U.S.C. 3302(b)).

45.105 Contractors? property management system compliance.

(a) The agency responsible for contract administration must conduct an analysis of the contractor?s property management

policies, procedures, practices, and systems. This analysis must be accomplished as frequently as conditions warrant, in

accordance with agency procedures.

(b) The property administrator must notify the contractor in writing when the contractor's property management system

does not comply with contractual requirements, must request prompt correction of deficiencies, and must request from the

contractor a corrective action plan, including a schedule for correction of the deficiencies. If the contractor does not correct

the deficiencies in accordance with the schedule, the contracting officer must notify the contractor, in writing, that failure to

take the required corrective action(s) may result in-

(1) Revocation of the Government?s assumption of risk for loss of Government property; and/or

(2) The exercise of other rights or remedies available to the contracting officer.

(c) If the contractor fails to take the required corrective action(s) in response to the notification provided by the contracting

officer in accordance with paragraph (b) of this section, the contracting officer must notify the contractor in writing of any Government decision to apply the remedies described in paragraphs (b)(1) and (b)(2) of this section.

(d) When the property administrator determines that a reported case of loss of Government property is a risk assumed

by the Government, the property administrator must notify the contractor in writing that it is granted relief of stewardship responsibility and liability in accordance with 52.245-1(f)(1)(vii). Where the property administrator determines that the risk of loss of Government property is not assumed by the Government, the property administrator must request that the

contracting officer hold the contractor responsible and liable.

45.106 Transferring accountability.

Government property must be transferred from one contract to another only when firm requirements exist under the gaining contract (see 45.102). Such transfers must be documented by modifications to both gaining and losing contracts.

Once transferred, all property must be considered Government-furnished property to the gaining contract. The warranties of

suitability of use and timely delivery of Government-furnished property do not apply to property acquired or fabricated by the

contractor as contractor-acquired property that is subsequently transferred to another contract with the same contractor.

45.107 Contract clauses.

(a) (1) Except as provided in paragraph (d) of this section, the contracting officer must insert the clause at 52.245-1, Government Property, in-

45.1-3

45.107 FEDERAL ACQUISITION REGULATION

(i) All cost-reimbursement and time-and-material type solicitations and contracts, and labor-hour solicitations when property is expected to be furnished for the labor-hour contracts.

(ii) Fixed-price solicitations and contracts when the Government will provide Government property.

(iii) Contracts or modifications awarded under FAR part 12 procedures where Government property that exceeds the simplified acquisition threshold, as defined in FAR 2.101, is furnished or where the contractor is directed to acquire property for use under the contract that is titled in the Government.

(2) The contracting officer must use the clause with its Alternate I in contracts other than those identified in FAR

45.104(a), Responsibility and Liability for Government Property.

(3) The contracting officer must use the clause with its Alternate II when a contract for the conduct of basic or applied

research at nonprofit institutions of higher education or at nonprofit organizations whose primary purpose is the conduct of

scientific research (see 35.014) is contemplated.

(b) The contracting officer must also insert the clause at 52.245-2, Government Property (Installation Operation Services),

in fixed-price service contracts to be performed on a Government installation when Government-furnished property will be

provided for initial provisioning only and the Government is not responsible for repair or replacement.

(c) The contracting officer shall insert the clause at 52.245-9, Use and Charges, in solicitations and contracts when the

clause at 52.245-1 is included.

(d) Purchase orders for property repair need not include a Government property clause when the unit acquisition cost of

Government property to be repaired does not exceed the simplified acquisition threshold, unless other Government property

(not for repair) is provided.

45.1-4

SUBPART 45.2 - SOLICITATION AND EVALUATION PROCEDURES 45.202

Subpart 45.2 - Solicitation and Evaluation Procedures

45.201 Solicitation.

(a) The contracting officer must insert a listing of the Government property to be offered in all solicitations where Government-furnished property is anticipated (see 45.102). The listing must include at a minimum-

(1) The name, part number and description, manufacturer, model number, and National Stock Number (if needed for

additional item identification tracking and management, and disposition);

(2) Quantity/unit of measure;

(3) Unit acquisition cost;

(4) Unique-item identifier or equivalent (if available and necessary for individual item tracking and

management); and

(5) A statement as to whether the property is to be furnished in an "as-is" condition and instructions for physical inspection.

(b) When Government property is offered for use in a competitive acquisition, solicitations should specify that the contractor is responsible for all costs related to making the property available for use, such as payment of all transportation, installation or rehabilitation costs.

(c) The solicitation must describe the evaluation procedures to be followed, including rental charges or equivalents and

other costs or savings to be evaluated, and must require all offerors to submit the following information with their offers-

(1) A list or description of all Government property that the offeror or its subcontractors propose to use on a rent-free

basis. The list must identify the accountable contract under which the property is held and the authorization for its use (from

the contracting officer having cognizance of the property);

(2) The dates during which the property will be available for use (including the first, last, and all intervening months)

and, for any property that will be used concurrently in performing two or more contracts, the amounts of the respective uses

in sufficient detail to support prorating the rent;

(3) The amount of rent that would otherwise be charged in accordance with 52.245-9, Use and Charges; and

(4) A description of the offeror's property management system, plan, and any customary commercial practices, voluntary consensus standards, or industry-leading practices and standards to be used by the offeror in managing Government property.

45.202 Evaluation procedures.

(a) The contracting officer must consider any potentially unfair competitive advantage that may result from an offeror or

contractor possessing Government property. This must be done by adjusting the offers by applying, for evaluation purposes

only, a rental equivalent evaluation factor as specified in 52.245-9.

(b) The contracting officer must ensure the offeror's property management plans, methods, practices, or procedures for

accounting for property are consistent with the requirements of the solicitation.

45.2-1

This page intentionally left blank.

45.2-2

SUBPART 45.3 - AUTHORIZING THE USE AND RENTAL OF GOVERNMENT PROPERTY 45.303

Subpart 45.3 - Authorizing the Use and Rental of Government Property

45.301 Use and rental.

This subpart prescribes policies and procedures for contractor use and rental of Government property.

(a) Government property generally must be provided on a rent-free basis in performance of the contract under which it is

accountable or otherwise authorized.

(b) Rental charges, to the extent authorized do not apply to Government property that is left in place or installed on contractor-owned property for mobilization or future Government production purposes; however, rental charges must apply

to that portion of property or its capacity used for non-government commercial purposes or otherwise authorized for use.

(c) The contracting officer cognizant of the Government property may authorize the rent-free use of property in the possession of nonprofit organizations when used for research, development, or educational work and-

(1) The use of the property is in the national interest;

(2) The property will not be used for the direct benefit of a profit-making organization; and

(3) The Government receives some direct benefit, such as rights to use the results of the work without charge, from its

use.

(d) In exchange for consideration as determined by the cognizant contracting officer(s), the contractor may use Government property under fixed-price contracts other than the contract to which it is accountable. When, after contract award, a contractor requests the use of Government property, the contracting officer must obtain a fair rental or other adequate consideration if use is authorized.

(e) The cognizant contracting officer(s) may authorize the use of Government property on a rent-free basis on a cost type

Government contract other than the contract to which it is accountable.

(f) In exchange for consideration as determined by the cognizant contracting officer, the contractor may use Government

property for commercial use. Prior approval of the Head of the Contracting Activity is required where non-Government use is

expected to exceed 25 percent of the total use of Government and commercial work performed.

45.302 Contracts with foreign governments or international organizations.

Requests by, or for the benefit of, foreign Governments or international organizations to use Government property must be

processed in accordance with agency procedures.

45.303 Use of Government property on independent research and development programs.

The contracting officer may authorize a contractor to use the property on an independent research and development

(IR&D) program, if-

(a) Such use will not conflict with the primary use of the property or enable the contractor to retain property that could

otherwise be released;

(b) The contractor agrees not to claim reimbursement against any Government contract for the rental value of the property;

and

(c) A rental charge for the portion of the contractor's IR&D program cost allocated to commercial work is deducted from

the claim for reimbursement of any agreed-upon Government share of the contractor's IR&D costs.

45.3-1

This page intentionally left blank.

45.3-2

SUBPART 45.4 - TITLE TO GOVERNMENT PROPERTY 45.402

Subpart 45.4 - Title to Government Property

45.401 Title to Government-furnished property.

The Government retains title to all Government-furnished property until properly disposed of, as authorized by law or regulation. Property that is leased by the Government and subsequently furnished to the contractor for use must be considered

Government-furnished property under the clause 52.245-1, Government Property.

45.402 Title to contractor-acquired property.

(a) Title vests in the Government for all property acquired or fabricated by the contractor in accordance with the financing

provisions or other specific requirements for passage of title in the contract. Under fixed-price type contracts, in the absence

of financing provisions or other specific requirements for passage of title in the contract, the contractor retains title to all property acquired by the contractor for use on the contract, except for property identified as a deliverable end item. If a deliverable item is to be retained by the contractor for use after inspection and acceptance by the Government, it must be

made accountable to the contract through a contract modification listing the item as Government-furnished property.

(b) Under cost type and time-and-material contracts, the Government acquires title to all property to which the contractor

is entitled to reimbursement, in accordance with paragraph (e)(3) of clause 52.245-1.

45.4-1

This page intentionally left blank.

45.4-2

SUBPART 45.5 - SUPPORT GOVERNMENT PROPERTY ADMINISTRATION 45.503

Subpart 45.5 - Support Government Property Administration

45.501 Prime contractor alternate locations.

The property administrator assigned to the prime contract may request support property administration from another contract administration office, for purposes of evaluating prime contractor management of property located at subcontractors and alternate locations.

45.502 Subcontractor and alternate prime contractor locations.

(a) To ensure subcontractor compliance with Government property administration requirements, and with prime contractor

consent, the property administrator assigned to the prime contract may request support property administration from another

contract administration office. If the prime contractor does not provide consent to support property administration at subcontractor locations, the property administrator must refer the matter to the contracting officer for resolution.

(b) The prime property administrator must accept the findings of the delegated support property administrator and advise

the prime contractor of the results of property management reviews, including deficiencies found with the subcontractor's

property management system.

(c) Prime contractor consent is not required for support delegations involving prime contractor alternate locations.

45.503 Support property administrator findings.

In instances where the prime contractor does not concur with the findings of the support Property Administrator, the

prime

property administrator must immediately refer the matter to the contracting officer.

45.5-1

This page intentionally left blank.

45.5-2

SUBPART 45.6 - REPORTING, REUTILIZATION, AND DISPOSAL 45.602-2

Subpart 45.6 - Reporting, Reutilization, and Disposal

45.600 Scope of subpart.

This subpart establishes policies and procedures for the reporting, reutilization, and disposal of contractor inventory excess

to contracts and of property that forms the basis of a claim against the Government (e.g., termination inventory under fixed-

price contracts).

45.601 [Reserved]

45.602 Reutilization of Government property.

This section is applicable to the reutilization, including transfer and donation, of Government property that is not required

for continued performance of a Government contract. Except for 45.602-1, this section does not apply to scrap other than

scrap aircraft parts.

45.602-1 Inventory disposal schedules.

- (a) Plant clearance officers should review and accept, or return for correction, inventory disposal schedules within 10 days

following receipt from a contractor. Schedules that are completed in accordance with the instructions for Standard Form 1428

should be accepted.

- (b) Plant clearance officers must?

- (1) Use Standard Form 1423 to verify, in accordance with agency procedures, accepted schedules within 20 days

following acceptance;

- (2) Require the contractor to correct any discrepancies found during verification;
 - (3) Require the contractor to correct any failure to complete predisposal requirements of the contract; and
 - (4) Provide the contractor disposition instructions for property identified on an acceptable inventory disposal schedule

within 120 days. A failure to provide timely disposition instructions may entitle the contractor to an equitable adjustment.

- (c) (1) The contractor may request the plant clearance officer's approval to remove the Government property from an

inventory schedule.

- (2) Plant clearance officers should approve removal of Government property from an inventory schedule when-

- (i) The contractor wishes to purchase a contractor-acquired or contractor-produced item at unit acquisition cost and credit the contract;

- (ii) The contractor is able to return unused property to the supplier at fair market value and credit the contract (less, if applicable, a reasonable restocking fee that is consistent with the supplier's customary practices);

- (iii) The Government has authorized the contractor to use the property on another Government contract; or

(iv) The contractor has requested continued use of the Government property, and the contracting officer has authorized its retention and further use.

45.602-2 Reutilization priorities.

Plant clearance officers must initiate reutilization actions for all property not meeting the abandonment or destruction criteria of 45.603(b). Authorized methods, listed in descending order from highest to lowest priority, are-

- (a) Reuse within the owning agency;
- (b) Transfer of educationally useful equipment to schools and nonprofit organizations (see Executive Order 12999, Educational Technology: Ensuring Opportunity For All Children In The Next Century, April 17, 1996, and 15 U.S.C. 3710(i));
- (c) Report to GSA for reuse within the Federal Government or donation as surplus property;
- (d) Dispose of the following property in accordance with agency procedures without reporting to GSA:
 - (1) Property determined appropriate for abandonment or destruction (see Federal Management Regulation (FMR)

102-36.305, 41 CFR 102-36.305).

- (2) Property furnished to nonappropriated fund activities (see FMR 102-36.165, 41 CFR 102-36.165).
- (3) Foreign excess personal property (see FMR 102-36.380, 41 CFR 102-36.380).
- (4) Scrap, except aircraft in scrap condition.
- (5) Perishables, defined for the purposes of this section as any personal property subject to spoilage or decay.
- (6) Trading stamps and bonus goods.
- (7) Hazardous waste or toxic and hazardous materials.

45.6-1

45.602-3 FEDERAL ACQUISITION REGULATION

- (8) Controlled substances.
- (9) Property dangerous to public health and safety.
- (10) Classified items or property determined to be sensitive for reasons of national security; and
- (e) Dispose of nuclear materials (see 45.603-3(b)(5)) in accordance with the Nuclear Regulatory Commission, applicable

state licenses, applicable Federal regulations, and agency regulations.

45.602-3 Screening.

The screening period begins upon the plant clearance officer's acceptance of an inventory disposal schedule. The plant

clearance officer must determine whether standard or special screening is appropriate and initiate screening actions.

- (a) Standard screening. The standard screening period is 46 days.
 - (1) First through twentieth day-Screening by the contracting agency. The contracting agency has 20 days to screen

property reported on the inventory disposal schedule for: other use within the agency; transfer of educationally useful equipment to other Federal agencies that have expressed a need for the property; and transfer of educationally useful equipment to schools and nonprofit organizations if a Federal agency has not expressed a need for the property. Excess

personal property, meeting the conditions of 45.603, may be abandoned, destroyed, or donated to public bodies. No later than

the 21st day, the plant clearance officer must submit four copies of the revised schedules and Standard Form (SF) 120, Report

of Excess Personal Property, or an electronic equivalent to GSA (see 41 CFR 102-36.215).

(2) Twenty-first through forty-sixth day (21 days concurrent screening plus 5 days donation processing).- (i) Screening

by other Federal agencies. GSA will normally honor requests for transfers of property on a first-come-first-served basis through the 41st day. When a request is honored, the GSA regional office must promptly transmit to the plant clearance officer an approved transfer order that includes shipping instructions.

(ii) Screening for possible donation. Screening for donation is also completed during days 21 through 41. Property is not available for allocation to donees until after the completion of screening. Days 42 through 46 are reserved for GSA to make such allocation.

(3) Screening period transfer request. If an agency receives an intra-agency transfer request during the screening

periods described in paragraph (a)(2) of this section, the plant clearance officer must request GSA approval to withdraw the item from the inventory disposal schedule.

(b) Special screening requirements.- (1) Special tooling and special test equipment without commercial components.

Agencies must follow the procedures in paragraph (a) of this section. This property owned by the Department of Defense

(DoD) or the National Aeronautics and Space Administration (NASA) may be screened for reutilization only within these

agencies.

(2) Special test equipment with commercial components.- (i) Agencies must complete the screening required by

paragraph (a) of this section. If an agency has no further need for the property and the contractor has not expressed an interest

in using or acquiring the property by annotating the inventory disposal schedule, the plant clearance officer must forward the

inventory disposal schedule to the GSA regional office that serves the region in which the property is located.

(ii) If the contractor has expressed an interest in using the property on another Government contract, the plant clearance officer must contact the contracting officer for that contract. If the contracting officer concurs with the proposed use, the contracting officer for the contract under which the property is accountable must transfer the property's

accountability to that contract. If the contracting officer does not concur with the proposed use, the plant clearance officer

must deny the contractor's request and must continue the screening process.

(iii) If the property is contractor-acquired or produced, and the contractor or subcontractor has expressed an interest

in acquiring the property, and no other party expresses an interest during agency or GSA screening, the property may be sold

to the contractor or subcontractor at acquisition cost.

(3) Printing equipment. Agencies must report all excess printing equipment to the Public Printer, Government Publishing Office, 732 North Capitol Street, NW, Washington, DC 20401, after screening within the agency (see **44 U.S.C. 312**). If the Public Printer does not express a need for the equipment within 21 days, the agency must submit the

report to GSA for further use and donation screening as described in paragraph (a) of this section.

(4) Non-nuclear hazardous materials, hazardous wastes, and classified items. These items must be screened in accordance with agency procedures. Report non-nuclear hazardous materials to GSA if the agency has no requirement for them.

(5) Nuclear materials. The possession, use, and transfer of certain nuclear materials are subject to the regulatory controls of the Nuclear Regulatory Commission (NRC). Contracting activities must screen excess nuclear materials in the following categories:

45.6-2

SUBPART 45.6 - REPORTING, REUTILIZATION, AND DISPOSAL 45.604-2

(i) By-product material. Any radioactive material (except special nuclear material) yielded in or made radioactive by exposure to the radiation incident to producing or using special nuclear material.

(ii) Source material. Uranium or thorium, or any combination thereof, in any physical or chemical form; or ores that contain by weight one-twentieth of 1 percent (0.05 percent) or more of uranium, thorium, or any combination thereof. Source material does not include special nuclear material.

(iii) Special nuclear material. Plutonium, Uranium 233, Uranium enriched in the isotope 233 or in the isotope 235, any other material that the NRC determines to be special nuclear material (but not including source material); or any material artificially enriched by any nuclear material.

45.602-4 Interagency property transfer costs.

Agencies whose property is transferred to other agencies must not be reimbursed for the property in any manner unless the circumstances of FMR 102-36.285 (41 CFR102-36.285) apply. The agency receiving the property must pay any transportation costs that are not the contractor's responsibility and any costs to pack, crate, or otherwise prepare the property for shipment. The contract administration office must process appropriate contract modifications. To accelerate plant clearance, the receiving agency must promptly furnish funding data, and transfer or shipping documents to the contract administration office.

45.603 Abandonment or destruction of personal property.

(a) When contractor inventory is processed through the reutilization screening process prescribed in 45.602-2 without success, and provided the property has no commercial value, does not require demilitarization, and does not constitute a danger to public health or welfare, plant clearance officers or other authorized officials may without further approval-

- (1) Direct the contractor to destroy the property;
- (2) Abandon non-sensitive property at the contractor's or subcontractor's premises; or
- (3) Abandon sensitive property at the contractor's or subcontractor's premises, with contractor consent.

(b) Provided a Government reviewing official at least one level higher than the plant clearance officer or other agency authorized official approves, plant clearance officers or other agency authorized officials may authorize the

abandonment, or

order the destruction of other contractor inventory at the contractor's or subcontractor's premises, in accordance with FMR

102-36.305 through 325 (41 CFR 102-36.305-325) and consistent with the following:

(1) The property is not considered sensitive, does not require demilitarization, has no commercial value or reutilization,

transfer or donation potential, and does not constitute a danger to public health or welfare.

(2) The estimated cost of continued care and handling of the property (including advertising, storage and other costs

associated with making the sale), exceed the estimated proceeds from its sale.

(c) In lieu of abandonment or its authorized destruction, the plant clearance officer or authorized official may authorize the

donation of property including unsold surplus property to public bodies, provided that the property is not sensitive property,

does not require demilitarization, and it does not constitute a danger to public health or welfare. The Government will not

bear any of the costs incident to such donations.

(d) Unless the property qualifies for one of the exceptions under FMR 102-36.330 (41 CFR 102-36.330), the plant clearance officer or requesting official will ensure prior public notice of such actions of abandonment or destruction consistent with FMR 102-36.325 (41 CFR 102-36.325).

45.604 Sale of surplus personal property.

45.604-1 Sales procedures.

Surplus personal property that has completed screening in accordance with 45.602-3(a) must be sold in accordance with

the policy for the sale of surplus personal property contained in the Federal Management Regulation, at part 102-38 (41 CFR

46-2

SUBPART 46.1 - GENERAL 46.102

46.000 Scope of part.

This part prescribes policies and procedures to ensure that supplies and services acquired under Government contract conform to the contract's quality and quantity requirements. Included are inspection, acceptance, warranty, and other measures associated with quality requirements.

Subpart 46.1 - General

46.101 Definitions.

As used in this part-

Acceptance means the act of an authorized representative of the Government by which the Government, for itself or as agent of another, assumes ownership of existing identified supplies tendered or approves specific services rendered as partial

or complete performance of the contract.

Conditional acceptance means acceptance of supplies or services that do not conform to contract quality requirements, or

are otherwise incomplete, that the contractor is required to correct or otherwise complete by a specified date.

Contract quality requirements means the technical requirements in the contract relating to the quality of the product or service and those contract clauses prescribing inspection, and other quality controls incumbent on the contractor, to assure

that the product or service conforms to the contractual requirements.

Counterfeit item means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified item from the original manufacturer,

or a source with the express written authority of the original manufacturer or current design activity, including an authorized

aftermarket manufacturer. Unlawful or unauthorized substitution includes used items represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.

Critical item means an item, the failure of which is likely to result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the item; or is likely to prevent performance of a vital agency mission.

Critical nonconformance means a nonconformance that is likely to result in hazardous or unsafe conditions for individuals

using, maintaining, or depending upon the supplies or services; or is likely to prevent performance of a vital agency mission.

Design activity means an organization, Government or contractor, that has responsibility for the design and configuration

of an item, including the preparation or maintenance of design documents. Design activity could be the original organization,

or an organization to which design responsibility has been transferred.

Government contract quality assurance means the various functions, including inspection, performed by the Government

to determine whether a contractor has fulfilled the contract obligations pertaining to quality and quantity.

Major nonconformance means a nonconformance, other than critical, that is likely to result in failure of the supplies or services, or to materially reduce the usability of the supplies or services for their intended purpose.

Minor nonconformance means a nonconformance that is not likely to materially reduce the usability of the supplies or services for their intended purpose, or is a departure from established standards having little bearing on the effective use or

operation of the supplies or services.

Off-the-shelf item means an item produced and placed in stock by a contractor, or stocked by a distributor, before receiving

orders or contracts for its sale. The item may be commercial or produced to military or Federal specifications or description.

Patent defect means any defect which exists at the time of acceptance and is not a latent defect.

Subcontractor (see part 44).

Suspect counterfeit item means an item for which credible evidence (including but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic.

Testing means that element of inspection that determines the properties or elements, including functional operation of supplies or their components, by the application of established scientific principles and procedures.

46.102 Policy.

Agencies must ensure that-

- (a) Contracts include inspection and other quality requirements, including warranty clauses when appropriate, that are determined necessary to protect the Government's interest;
- (b) Supplies or services (including commercial services) tendered by contractors meet contract requirements;
- (c) Government contract quality assurance is conducted before acceptance (except as otherwise provided in this part), by or under the direction of Government personnel;
- (d) No contract precludes the Government from performing inspection; and

46.1-1

46.103 FEDERAL ACQUISITION REGULATION

- (e) Nonconforming supplies or services are rejected, except as otherwise provided in 46.407.

46.103 Contracting office responsibilities.

Contracting offices are responsible for-

- (a) Receiving from the activity responsible for technical requirements any specifications for inspection, testing, and other contract quality requirements essential to ensure the integrity of the supplies or services (the activity responsible for technical requirements is responsible for prescribing contract quality requirements, such as inspection and testing requirements or, for service contracts, a quality assurance surveillance plan);
- (b) Including in solicitations and contracts the appropriate requirements for the contractor's control of quality for the supplies or services to be acquired;
- (c) Issuing any necessary instructions to the cognizant contract administration office and acting on recommendations submitted by that office (see part 42 and 46.104(f));
- (d) When contract administration is retained (see part 42), verifying that the contractor fulfills the contract quality requirements; and
- (e) Ensuring that nonconformances are identified, and establishing the significance of a nonconformance when considering the acceptability of supplies or services which do not meet contract requirements.

46.104 Contract administration office responsibilities.

When a contract is assigned for administration to the contract administration office cognizant of the contractor's plant, that office, unless specified otherwise, must?

- (a) Develop and apply efficient procedures for performing Government contract quality assurance actions under the contract in accordance with the written direction of the contracting office;
- (b) Perform all actions necessary to verify whether the supplies or services conform to contract quality requirements;
- (c) Maintain, as part of the performance records of the contract, suitable records reflecting-
 - (1) The nature of Government contract quality assurance actions, including, when appropriate, the number of observations made and the number and type of defects; and
 - (2) Decisions regarding the acceptability of the products, the processes, and the requirements, as well as action to

correct defects.

(d) Implement any specific written instructions from the contracting office;

(e) Report to the contracting office any defects observed in design or technical requirements, including contract quality

requirements; and

(f) Recommend any changes necessary to the contract, specifications, instructions, or other requirements that will provide

more effective operations or eliminate unnecessary costs (see 46.103(c)).

46.105 [Reserved]

46.1-2

SUBPART 46.2 - CONTRACT QUALITY REQUIREMENTS 46.202-4

Subpart 46.2 - Contract Quality Requirements

46.201 General.

(a) The contracting officer must include in the solicitation and contract the appropriate quality requirements. The type and

extent of contract quality requirements needed depends on the particular acquisition and may range from inspection at time of

acceptance to a requirement for the contractor's implementation of a comprehensive program for controlling quality.

(b) As feasible, solicitations and contracts may provide for alternative, but substantially equivalent, inspection methods to

obtain wide competition and low cost. The contracting officer may also authorize contractor-recommended alternatives when

in the Government's interest and approved by the activity responsible for technical requirements.

(c) Although contracts generally make contractors responsible for performing inspection before tendering supplies to the

Government, there are situations in which contracts will provide for specialized inspections to be performed solely by the

Government. Among situations of this kind are-

(1) Tests that require use of specialized test equipment or facilities not ordinarily available in suppliers' plants or

commercial laboratories (e.g., ballistic testing of ammunition, unusual environmental tests, and simulated service tests); and

(2) Contracts that require Government testing for first article approval (see part 9).

(d) Except as otherwise specified by the contract, required contractor testing may be performed in the contractor's or

subcontractor's laboratory or testing facility, or in any other laboratory or testing facility acceptable to the Government.

46.202 Types of contract quality requirements.

Contract quality requirements fall into four general categories, depending on the extent of quality assurance needed by the

Government for the acquisition involved.

46.202-1 Contracts for commercial products and commercial services.

When acquiring commercial products (see part 12), the Government must rely on contractors' existing quality assurance

systems as a substitute for Government inspection and testing before tender for acceptance unless customary market

practices

for the commercial product being acquired include in-process inspection. Any in-process inspection by the Government must

be conducted in a manner consistent with commercial practice. The Government must rely on the contractor to accomplish all

inspection and testing needed to ensure that commercial services acquired conform to contract requirements before they are

tendered to the Government.

46.202-2 Government reliance on inspection by contractor.

(a) Except as specified in paragraph (b) of this section, the Government must rely on the contractor to accomplish all

inspection and testing needed to ensure that supplies or services acquired at or below the simplified acquisition threshold

conform to contract quality requirements before they are tendered to the Government (see 46.301).

(b) The Government must not rely on inspection by the contractor if the contracting officer determines that the Government has a need to test the supplies or services in advance of their tender for acceptance, or to pass judgment upon the

adequacy of the contractor's internal work processes. In making the determination, the contracting officer must consider-

- (1) The nature of the supplies and services being purchased and their intended use;
- (2) The potential losses in the event of defects;
- (3) The likelihood of uncontested replacement or correction of defective work; and
- (4) The cost of detailed Government inspection.

46.202-3 Standard inspection requirements.

Standard inspection requirements are contained in the clauses prescribed in 46.302 through 46.308, and in the product and

service specifications that are included in solicitations and contracts.

46.202-4 Higher-level contract quality requirements.

(a) Agencies must establish procedures for determining when higher-level contract quality requirements are necessary, for

determining the risk (both the likelihood and the impact) of nonconformance, and for advising the contracting officer about

which higher-level standards should be applied and included in the solicitation and contract. Requiring compliance with higher-level quality standards is necessary in solicitations and contracts for complex or critical items (see 46.203) or when the

technical requirements of the contract require-

- (1) Control of such things as design, work operations, in-process controls, testing, and inspection; or

46.2-1

46.203 FEDERAL ACQUISITION REGULATION

(2) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(b) Examples of higher-level quality standards include overarching quality management system standards such as ISO

9001, ASQ/ANSI E4, ASME NQA-1, SAE AS9100, SAE AS9003, and ISO/TS 16949, and product or process specific

quality standards such as SAE AS5553.

46.203 Criteria for use of contract quality requirements.

The extent of contract quality requirements, including contractor inspection, required under a contract will usually be based upon the classification of the contract item (supply or service) as determined by its technical description, its complexity, and the criticality of its application.

(a) Technical description. Contract items may be technically classified as-

- (1) Commercial (described in commercial catalogs, drawings, or industrial standards; see part 2); or
- (2) Military-Federal (described in Government drawings and specifications).

(b) Complexity. (1) Complex items have quality characteristics, not wholly visible in the end item, for which contractual

conformance must be established progressively through precise measurements, tests, and controls applied during purchasing,

manufacturing, performance, assembly, and functional operation either as an individual item or in conjunction with other items.

(2) Noncomplex items have quality characteristics for which simple measurement and test of the end item are sufficient

to determine conformance to contract requirements.

(c) Criticality. (1) A critical application of an item is one in which the failure of the item could injure personnel or jeopardize a vital agency mission. A critical item may be either peculiar, meaning it has only one application, or common,

meaning it has multiple applications.

(2) A noncritical application is any other application. Noncritical items may also be either peculiar or common.

46.204 [Reserved]

46.2-2

SUBPART 46.3 - CONTRACT CLAUSES 46.308

Subpart 46.3 - Contract Clauses

46.301 Contractor inspection requirements.

The contracting officer must insert the clause at 52.246-1, Contractor Inspection Requirements, in solicitations and contracts for supplies or services when the contract amount is expected to be at or below the simplified acquisition threshold

and (a) inclusion of the clause is necessary to ensure an explicit understanding of the contractor's inspection responsibilities,

or (b) inclusion of the clause is required under agency procedures. The clause must not be used if the contracting officer has

made the determination specified in 46.202-2(b).

46.302 Fixed-price supply contracts.

The contracting officer must insert the clause at 52.246-2, Inspection of Supplies-Fixed-Price, in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a fixed-price contract is contemplated and the

contract amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in

such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold

and inclusion of the clause is in the Government's interest. If a fixed-price incentive contract is contemplated, the

contracting

officer must use the clause with its Alternate I. If a fixed-ceiling-price contract with retroactive price redetermination is contemplated, the contracting officer must use the clause with its Alternate II.

46.303 Cost-reimbursement supply contracts.

The contracting officer must insert the clause at 52.246-3, Inspection of Supplies-Cost-Reimbursement, in solicitations and contracts for supplies, or services that involve the furnishing of supplies, when a cost-reimbursement contract is contemplated.

46.304 Fixed-price service contracts.

The contracting officer must insert the clause at 52.246-4, Inspection of Services-Fixed-Price, in solicitations and contracts

for services, or supplies that involve the furnishing of services, when a fixed-price contract is contemplated and the contract

amount is expected to exceed the simplified acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold and

inclusion is in the Government's interest.

46.305 Cost-reimbursement service contracts.

The contracting officer must insert the clause at 52.246-5, Inspection of Services-Cost Reimbursement, in solicitations and contracts for services, or supplies that involve the furnishing of services, when a cost-reimbursement contract is contemplated.

46.306 Time-and-material and labor-hour contracts.

The contracting officer must insert the clause at 52.246-6, Inspection-Time-and-Material and Labor-Hour, in solicitations and contracts when a time-and-material contract or a labor-hour contract is contemplated. If Government inspection and

acceptance are to be performed at the contractor's plant, the contracting officer must use the clause with its Alternate I.

46.307 Fixed-price research and development contracts.

(a) The contracting officer must insert the clause at 52.246-7, Inspection of Research and Development-Fixed-Price, in

solicitations and contracts for research and development when-

(1) The primary objective of the contract is the delivery of end items other than designs, drawings, or reports,

(2) A fixed-price contract is contemplated, and

(3) The contract amount is expected to exceed the simplified acquisition threshold; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate.

(b) The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected

to be at or below the simplified acquisition threshold, and its use is in the Government's interest.

46.308 Cost-reimbursement research and development contracts.

The contracting officer must insert the clause at 52.246-8, Inspection of Research and Development-Cost-Reimbursement,

in solicitations and contracts for research and development when (a) the primary objective of the contract is the delivery of

46.3-1

46.309 FEDERAL ACQUISITION REGULATION

end items other than designs, drawings, or reports, and (b) a cost-reimbursement contract is contemplated; unless use of the

clause is impractical and the clause prescribed in 46.309 is considered to be more appropriate. If it is contemplated that the

contract will be on a no-fee basis, the contracting officer must use the clause with its Alternate I.

46.309 Research and development contracts (short form).

The contracting officer must insert the clause at 52.246-9, Inspection of Research and Development (Short Form), in solicitations and contracts for research and development when the clause prescribed in 46.307 or the clause prescribed in

46.308 is not used.

46.310 [Reserved]

46.311 Higher-level contract quality requirement.

(a) The contracting officer must insert the clause at 52.246-11, Higher-Level Contract Quality Requirement, in solicitations and contracts when the inclusion of a higher-level contract quality requirement is necessary (see 46.202-4).

(b) For each higher-level quality standard, the contracting officer must fill in the title, number, date, and tailoring (if any).

46.312 Construction contracts.

The contracting officer must insert the clause at 52.246-12, Inspection of Construction, in solicitations and contracts for construction when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified

acquisition threshold. The contracting officer may insert the clause in such solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold, and its use is in the Government's interest.

46.313 Contracts for dismantling, demolition, or removal of improvements.

The contracting officer must insert the clause at 52.246-13, Inspection-Dismantling, Demolition, or Removal of Improvements, in solicitations and contracts for dismantling, demolition, or removal of improvements.

46.314 Transportation contracts.

The contracting officer must insert the clause at 52.246-14, Inspection of Transportation, in solicitations and contracts for freight transportation services (including local drayage) by rail, motor (including bus), domestic freight forwarder, and domestic water carriers (including inland, coastwise, and intercoastal). The contracting officer must not use the clause for the

acquisition of transportation services by domestic or international air carriers or by international ocean carriers, or to freight

services provided under bills of lading or to those negotiated for reduced rates under 49 U.S.C. 10721 or 13712. (See part 47)

46.315 Certificate of conformance.

The contracting officer must insert the clause at 52.246-15, Certificate of Conformance, in solicitations and contracts for supplies or services when the conditions in 46.504 apply.

46.316 Responsibility for supplies.

The contracting officer must insert the clause at 52.246-16, Responsibility for Supplies, in solicitations and contracts for

(a) supplies, (b) services involving the furnishing of supplies, or (c) research and development, when a fixed-price contract

is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. The contracting officer

may insert the clause in such solicitations and contracts when the contract amount is not expected to exceed the

simplified

acquisition threshold and inclusion of the clause is authorized under agency procedures.

46.317 Reporting nonconforming Items.

(a) Except as provided in paragraph (b) of this section, the contracting officer must insert the clause at 52.246-26, Reporting Nonconforming Items, in solicitations and contracts - as follows:

(1) For an acquisition by an agency, including the Department of Defense, of?

(i) Any items that are subject to higher-level quality standards in accordance with the clause at 52.246-11 Higher-Level Contract Quality Requirement;

(ii) Any items that the contracting officer, in consultation with the requiring activity determines to be critical items for which use of the clause is appropriate;

46.3-2

SUBPART 46.3 - CONTRACT CLAUSES 46.317

(2) In addition (as required by paragraph (c)(4) of section 818 of the National Defense Authorization Act for Fiscal

Year 2012 (Pub. L. 112-81)), for an acquisition that exceeds the simplified acquisition threshold and is by, or for, the Department of Defense of electronic parts or end items, components, parts, or materials containing electronic parts, whether

or not covered in paragraph (a)(1) of this section; or

(3) For the acquisition of services, if the contractor will furnish, as part of the service, any items that meet the criteria

specified in paragraphs (a)(1) through (a)(2) of this section.

(b) The contracting officer must not insert the clause at 52.246-26, Reporting Nonconforming Items, in solicitations and

contracts when acquiring?

(1) Commercial products and commercial services using part 12 procedures; or

(2) Medical devices that are subject to the Food and Drug Administration reporting requirements at 21 CFR 803.

(c) If required by agency policy, the contracting officer may modify paragraph (b)(4) of the clause at 52.246-26, but only to change the responsibility for the contractor to submit reports to the agency rather than to Government-Industry Data

Exchange Program (GIDEP), so that the agency instead of the contractor submits reports to GIDEP within the mandatory 60

days.

46.3-3

46.3-4

SUBPART 46.4 - GOVERNMENT CONTRACT QUALITY ASSURANCE 46.403

Subpart 46.4 - Government Contract Quality Assurance

46.401 General.

(a) Government contract quality assurance must be performed at such times (including any stage of manufacture or performance of services) and places (including subcontractors? plants) as may be necessary to determine that the supplies or

services conform to contract requirements. Quality assurance surveillance plans should be prepared in conjunction with the

preparation of the statement of work. The plans should specify-

- (1) All work requiring surveillance; and
- (2) The method of surveillance.

(b) Each contract must designate the place or places where the Government reserves the right to perform quality assurance.

(c) If the contract provides for performance of Government quality assurance at source, the place or places of performance

may not be changed without the authorization of the contracting officer.

(d) If a contract provides for delivery and acceptance at destination and the Government inspects the supplies at a place

other than destination, the supplies must not ordinarily be reinspected at destination, but should be examined for quantity,

damage in transit, and possible substitution or fraud.

(e) [Reserved]

(f) Government inspection must be documented on an inspection or receiving report form or commercial shipping document/packing list, under agency procedures (see subpart 46.6).

(g) Agencies may prescribe the use of inspection approval or disapproval stamps to identify and control supplies and

material that have been inspected for conformance with contract quality requirements.

46.402 Government contract quality assurance at source.

Agencies must perform contract quality assurance, including inspection, at source if?

(a) Performance at any other place would require uneconomical disassembly or destructive testing;

(b) Considerable loss would result from the manufacture and shipment of unacceptable supplies, or from the delay in

making necessary corrections;

(c) Special required instruments, gauges, or facilities are available only at source;

(d) Performance at any other place would destroy or require the replacement of costly special packing and packaging;

(e) Government inspection during contract performance is essential; or

(f) It is determined for other reasons to be in the Government's interest.

46.403 Government contract quality assurance at destination.

(a) Government contract quality assurance that can be performed at destination is normally limited to inspection of the

supplies or services. Inspection must be performed at destination under the following circumstances?

(1) Supplies are purchased off-the-shelf and require no technical inspection;

(2) Necessary testing equipment is located only at destination;

(3) Perishable subsistence supplies purchased within the United States, except that those supplies destined for overseas

shipment will normally be inspected for condition and quantity at points of embarkation;

(4) Brand name products purchased for authorized resale through commissaries or similar facilities (however, supplies

destined for direct overseas shipment may be accepted by the contracting officer or an authorized representative on the basis

of a tally sheet evidencing receipt of shipment signed by the port transportation officer or other designated official at the

transshipment point);

(5) The products being purchased are processed under direct control of the National Institutes of Health or the Food and

Drug Administration of the Department of Health and Human Services;

(6) The contract is for services performed at destination; or

(7) It is determined for other reasons to be in the Government's interest.

(b) Overseas inspection of supplies shipped from the United States must not be required except in unusual circumstances,

and then only when the contracting officer determines in advance that inspection can be performed or makes necessary

arrangements for its performance.

46.4-1

46.404 FEDERAL ACQUISITION REGULATION

46.404 Government contract quality assurance for acquisitions at or below the simplified acquisition threshold.

(a) In determining the type and extent of Government contract quality assurance to be required for contracts at or below

the simplified acquisition threshold, the contracting officer must consider the criticality of application of the supplies or services, the amount of possible losses, and the likelihood of uncontested replacement of defective work (see 46.202-2).

(b) When the conditions in 46.202-2(b) apply, the following policies must govern:

(1) Unless a special situation exists, the Government must inspect contracts at or below the simplified acquisition

threshold at destination and only for type and kind; quantity; damage; operability (if readily determinable); and preservation,

packaging, packing, and marking, if applicable.

(2) Special situations may require more detailed quality assurance and the use of a standard inspection or higher-

level contract quality requirement. These situations include those listed in 46.402 and contracts for items having critical applications.

(3) Detailed Government inspection may be limited to those characteristics that are special or likely to cause harm to

personnel or property. When repetitive purchases of the same item are made from the same manufacturer with a history of

defect-free work, Government inspection may be reduced to a periodic check of occasional purchases.

46.405 Subcontracts.

(a) Government contract quality assurance on subcontracted supplies or services must be performed only when required

in the Government's interest. It does not relieve the prime contractor of any responsibilities under the contract. When appropriate, the prime contractor must be requested to arrange for timely Government access to the subcontractor facility.

(b) The Government must perform quality assurance at the subcontract level when-

(1) The item is to be shipped from the subcontractor's plant to the using activity and inspection at source is required;

(2) The conditions for quality assurance at source are applicable (see 46.402);

(3) The contract specifies that certain quality assurance functions, which can be performed only at the subcontractor's

plant, are to be performed by the Government; or

(4) It is otherwise required by the contract or determined to be in the Government's interest.

(c) Supplies or services for which certificates, records, reports, or similar evidence of quality are available at the prime

contractor's plant must not be inspected at the subcontractor's plant, except occasionally to verify this evidence or when

required under (b) of this section.

(d) All oral and written statements and contract terms and conditions relating to Government quality assurance actions at

the subcontract level must be worded so as not to-

(1) Affect the contractual relationship between the prime contractor and the Government, or between the prime contractor and the subcontractor;

(2) Establish a contractual relationship between the Government and the subcontractor; or

(3) Constitute a waiver of the Government's right to accept or reject the supplies or services.

46.406 Foreign governments.

Government contract quality assurance performed for foreign governments or international agencies must be administered

according to the foreign policy and security objectives of the United States. Such support must be furnished only when consistent with or required by legislation, executive orders, or agency policies concerning mutual international programs.

46.407 Nonconforming supplies or services.

(a) The contracting officer should reject supplies or services not conforming in all respects to contract requirements (see

46.102). In those instances where deviation from this policy is found to be in the Government's interest, such supplies or

services may be accepted only as authorized in this section.

(b) The contracting officer ordinarily must give the contractor an opportunity to correct or replace nonconforming supplies

or services when this can be accomplished within the required delivery schedule. Unless the contract specifies otherwise (as

may be the case in some cost-reimbursement contracts), correction or replacement must be without additional cost to the

Government. Paragraph (e)(2) of the clause at 52.246-2, Inspection of Supplies-Fixed-Price, reserves to the Government the

right to charge the contractor the cost of Government reinspection and retests because of prior rejection.

(c) (1) In situations not covered by paragraph (b) of this section, the contracting officer ordinarily must reject supplies

or services when the nonconformance is critical or major or the supplies or services are otherwise incomplete. However,

there may be circumstances (e.g., reasons of economy or urgency) when the contracting officer determines acceptance or

46.4-2

SUBPART 46.4 - GOVERNMENT CONTRACT QUALITY ASSURANCE 46.408

conditional acceptance of supplies or services is in the best interest of the Government. The contracting officer must make

this determination based upon-

- (i) Advice of the technical activity that the item is safe to use and will perform its intended purpose;
- (ii) Information regarding the nature and extent of the nonconformance or otherwise incomplete supplies or services;
- (iii) A request from the contractor for acceptance of the nonconforming or otherwise incomplete supplies or services (if feasible);
- (iv) A recommendation for acceptance, conditional acceptance, or rejection, with supporting rationale; and
- (v) The contract adjustment considered appropriate, including any adjustment offered by the contractor.

(2) The cognizant contract administration office, or other Government activity directly involved, must furnish this data

to the contracting officer in writing, except that in urgent cases it may be furnished orally and later confirmed in writing.

Before making a decision to accept, the contracting officer must obtain the concurrence of the activity responsible for the

technical requirements of the contract and, where health factors are involved, of the responsible health official of the agency

concerned.

(d) If the nonconformance is minor, the cognizant contract administration office may make the determination to accept or

reject, except where this authority is withheld by the contracting office of the contracting activity. To assist in making this determination, the contract administration office may establish a joint contractor-contract administrative office review group.

Acceptance of supplies and services with critical or major nonconformances is outside the scope of the review group.

(e) The contracting officer must discourage the repeated tender of nonconforming supplies or services, including those

with only minor nonconformances, by appropriate action, such as rejection and documenting the contractor's performance

record.

(f) When supplies or services are accepted with critical or major nonconformances as authorized in paragraph (c) of this

section, the contracting officer must modify the contract to provide for an equitable price reduction or other consideration.

In the case of conditional acceptance, amounts withheld from payments generally should be at least sufficient to cover the

estimated cost and related profit to correct deficiencies and complete unfinished work. The contracting officer must document

in the contract file the basis for the amounts withheld. For services, the contracting officer can consider identifying the value

of the individual work requirements or tasks (subdivisions) that may be subject to price or fee reduction. This value may be used to determine an equitable adjustment for nonconforming services. However, when supplies or services involving

minor nonconformances are accepted, the contract need not be modified unless it appears that the savings to the contractor in

fabricating the nonconforming supplies or performing the nonconforming services will exceed the cost to the Government of processing the modification.

(g) Notices of rejection must include the reasons for rejection and be furnished promptly to the contractor.

Promptness

in giving this notice is essential because, if timely nature of rejection is not furnished, acceptance may in certain cases be

implied as a matter of law. The notice must be in writing if-

- (1) The supplies or services have been rejected at a place other than the contractor's plant;
- (2) The contractor persists in offering nonconforming supplies or services for acceptance; or
- (3) Delivery or performance was late without excusable cause.

(h) The contracting officer must provide disposition instructions for counterfeit or suspect counterfeit items in accordance

with agency policy. Agency policy may require the contracting officer to direct the contractor to retain such items for investigative or evidentiary purposes.

46.408 [Reserved]

46.4-3

This page intentionally left blank.

46.4-4

SUBPART 46.5 - ACCEPTANCE 46.505

Subpart 46.5 - Acceptance

46.501 General.

Acceptance constitutes acknowledgment that the supplies or services conform with applicable contract quality and quantity requirements, except as provided in this subpart and subject to other terms and conditions of the contract. Acceptance may take place before delivery, at the time of delivery, or after delivery, depending on the provisions of the terms and conditions of the contract. Supplies or services must ordinarily not be accepted before completion of Government

contract quality assurance actions (however, see 46.504). Acceptance must ordinarily be evidenced by execution of an acceptance certificate on an inspection or receiving report form or commercial shipping document/packing list.

46.502 Responsibility for acceptance.

Acceptance of supplies or services is the responsibility of the contracting officer. When this responsibility is assigned to a

cognizant contract administration office or to another agency (see 42.202(g)), acceptance by that office or agency is binding

on the Government.

46.503 Place of acceptance.

Each contract must specify the place of acceptance. Contracts that provide for Government contract quality assurance at

source must ordinarily provide for acceptance at source. Contracts that provide for Government contract quality assurance

at destination must ordinarily provide for acceptance at destination. (For transportation terms, see subpart 47.3.) Supplies

accepted at a place other than destination must not be reinspected at destination for acceptance purposes, but should be

examined at destination for quantity, damage in transit, and possible substitution or fraud.

46.504 Certificate of conformance.

A certificate of conformance (see 46.315) may be used in certain instances instead of source inspection (whether the contract calls for acceptance at source or destination) at the discretion of the contracting officer if the following conditions

apply:

- (a) Acceptance on the basis of a contractor's certificate of conformance is in the Government's interest.
- (b) (1) Small losses would be incurred in the event of a defect; or
- (2) Because of the contractor's reputation or past performance, it is likely that the supplies or services furnished

will be acceptable and any defective work would be replaced, corrected, or repaired without contest. In no case will the Government's right to inspect supplies under the inspection provisions of the contract be prejudiced.

46.505 Transfer of title and risk of loss.

- (a) Title to supplies must pass to the Government upon formal acceptance, regardless of when or where the Government

takes physical possession, unless the contract specifically provides for earlier passage of title.

- (b) Unless the contract specifically provides otherwise, risk of loss of or damage to supplies must remain with the contractor until, and must pass to the Government upon-

- (1) Delivery of the supplies to a carrier if transportation is f.o.b. origin; or
- (2) Acceptance by the Government or delivery of the supplies to the Government at the destination specified in the

contract, whichever is later, if transportation is f.o.b. destination.

- (c) Paragraph (b) of this section must not apply to supplies that so fail to conform to contract requirements as to give a

right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the contractor until cure or acceptance. After cure or acceptance, paragraph (b) of this section must apply.

- (d) Under paragraph (b) of this section, the contractor must not be liable for loss of or damage to supplies caused by the

negligence of officers, agents, or employees of the Government acting within the scope of their employment.

- (e) The policy expressed in paragraphs (a) through (d) of this section is specified in the clause at 52.246-16, Responsibility

for Supplies, which is prescribed in 46.316.

46.5-1

This page intentionally left blank.

46.5-2**SUBPART 46.6 - MATERIAL INSPECTION AND RECEIVING REPORTS 46.601****Subpart 46.6 - Material Inspection and Receiving Reports****46.601 General.**

Agencies must prescribe procedures and instructions for the use, preparation, and distribution of material inspection and

receiving reports and commercial shipping document/packing lists to evidence Government inspection (see 46.401) and acceptance (see 46.501).

46.6-1

This page intentionally left blank.

46.6-2

SUBPART 46.7 - WARRANTIES 46.705

Subpart 46.7 - Warranties

46.701 [Reserved]

46.702 General.

(a) The principal purposes of a warranty in a Government contract are-

- (1) To delineate the rights and obligations of the contractor and the Government for defective items and services; and
- (2) To foster quality performance.

(b) Generally, a warranty should provide-

- (1) A contractual right for the correction of defects notwithstanding any other requirement of the contract pertaining to

acceptance of the supplies or services by the Government; and

- (2) A stated period of time or use, or the occurrence of a specified event, after acceptance by the Government to assert a

contractual right for the correction of defects.

(c) The benefits to be derived from a warranty must be commensurate with the cost of the warranty to the Government.

46.703 Criteria for use of warranties.

The use of warranties is not mandatory. In determining whether a warranty is appropriate for a specific acquisition, the contracting officer must consider the following factors:

(a) Nature and use of the supplies or services. This includes such factors as-

- (1) Complexity and function;
- (2) Degree of development;
- (3) State of the art;
- (4) End use;
- (5) Difficulty in detecting defects before acceptance; and
- (6) Potential harm to the Government if the item is defective.

(b) Cost. Warranty costs arise from-

- (1) The contractor's charge for accepting the deferred liability created by the warranty; and
- (2) Government administration and enforcement of the warranty (see paragraph (c) of this section).

(c) Administration and enforcement. The Government's ability to enforce the warranty is essential to the effectiveness of

any warranty. There must be some assurance that an adequate administrative system for reporting defects exists or can be

established. The adequacy of a reporting system may depend upon such factors as the?

- (1) Nature and complexity of the item;
- (2) Location and proposed use of the item;
- (3) Storage time for the item;
- (4) Distance of the using activity from the source of the item;
- (5) Difficulty in establishing existence of defects; and
- (6) Difficulty in tracing responsibility for defects.

(d) Trade practice. In many instances an item is customarily warranted in the trade, and, as a result of that practice, the

cost of an item to the Government will be the same whether or not a warranty is included. In those instances, it would be in

the Government's interest to include such a warranty.

(e) Reduced requirements. The contractor's charge for assumption of added liability may be partially or completely offset

by reducing the Government's contract quality assurance requirements where the warranty provides adequate assurance of a satisfactory product.

46.704 [Reserved]

46.705 Limitations.

(a) Except for the warranties in the clauses at 52.246-3, Inspection of Supplies-Cost-Reimbursement, and 52.246-8,

Inspection of Research and Development-Cost-Reimbursement, the contracting officer must not include warranties in cost-

reimbursement contracts, unless authorized in accordance with agency regulations (see 46.708).

(b) Warranty clauses must not limit the Government's rights under an inspection clause (see subpart 46.3) in relation to

latent defects, fraud, or gross mistakes that amount to fraud.

46.7-1

46.706 FEDERAL ACQUISITION REGULATION

(c) Except for warranty clauses in construction contracts, warranty clauses must provide that the warranty applies notwithstanding inspection and acceptance or other clauses or terms of the contract.

46.706 Warranty terms and conditions.

(a) To facilitate the pricing and enforcement of warranties, the contracting officer must ensure that warranties clearly state

the-

- (1) Exact nature of the item and its components and characteristics that the contractor warrants;
- (2) Extent of the contractor's warranty including all of the contractor's obligations to the Government for breach of

warranty;

- (3) Specific remedies available to the Government; and
- (4) Scope and duration of the warranty.

(b) The contracting officer must consider the following guidelines when preparing warranty terms and conditions:

- (1) Extent of contractor obligations. (i) Generally, the contractor's obligations under warranties extend to all defects

discovered during the warranty period, but do not include damage caused by the Government. When a warranty for the entire

item is not advisable, a warranty may be required for a particular aspect of the item that may require special protection (e.g.,

installation, components, accessories, subassemblies, preservation, packaging, and packing, etc.).

(ii) If the Government specifies the design of the end item and its measurements, tolerances, materials, tests, or inspection requirements, the contractor's obligations for correction of defects must usually be limited to defects in material

and workmanship or failure to conform to specifications. If the Government does not specify the design, the warranty

extends

also to the usefulness of the design.

(iii) If express warranties are included in a contract (except contracts for commercial products and commercial services), all implied warranties of merchantability and fitness for a particular purpose must be negated by the use of specific

language in the clause (see clauses 52.246-17, Warranty of Supplies of a Noncomplex Nature; 52.246-18, Warranty of Supplies of a Complex Nature; and 52.246-19, Warranty of Systems and Equipment under Performance Specifications or

Design Criteria).

(2) Remedies. (i) Normally, a warranty must provide as a minimum that the Government may-

(A) Obtain an equitable adjustment of the contract; or

(B) Direct the contractor to repair or replace the defective items at the contractor's expense.

(ii) If it is not practical to direct the contractor to make the repair or replacement, or, because of the nature of the item, the repair or replacement does not afford an appropriate remedy to the Government, the warranty should provide alternate remedies, such as authorizing the Government to-

(A) Retain the defective item and reduce the contract price by an amount equitable under the circumstances; or

(B) Arrange for the repair or replacement of the defective item, by the Government or by another source, at the

contractor's expense.

(iii) If it can be foreseen that it will not be practical to return an item to the contractor for repair, to remove it to an alternate source for repair, or to replace the defective item, the warranty should provide that the Government may repair, or require the contractor to repair, the item in place at the contractor's expense. The contract must provide that in

the circumstance where the Government is to accomplish the repair, the contractor will furnish at the place of delivery the

material or parts, and the installation instructions required to successfully accomplish the repair.

(iv) Unless provided otherwise in the warranty, the contractor's obligation to repair or replace the defective item, or to agree to an equitable adjustment of the contract, must include responsibility for the costs of furnishing all labor and material to-

(A) Reinspect items that the Government reasonably expected to be defective;

(B) Accomplish the required repair or replacement of defective items; and

(C) Test, inspect, package, pack, and mark repaired or replaced items.

(v) If repair or replacement of defective items is required, the contractor will generally be required by the warranty to bear the expense of transportation for returning the defective item from the place of delivery specified in the contract (irrespective of the f.o.b. point or the point of acceptance) to the contractor's plant and subsequent return. When defective

items are returned to the contractor from other than the place of delivery specified in the contract, or when the Government

exercises alternate remedies, the contractor's liability for transportation charges incurred must not exceed an amount equal to

the cost of transportation by the usual commercial method of shipment between the place of delivery specified in the contract

and the contractor's plant and subsequent return.

46.7-2

SUBPART 46.7 - WARRANTIES 46.710

(3) Duration of the warranty. The time period or duration of the warranty must be clearly specified and must be established after consideration of such factors as (i) the estimated useful life of the item, (ii) the nature of the item including storage or shelf-life, and (iii) trade practice. The period specified must not extend the contractor's liability for patent defects beyond a reasonable time after acceptance by the Government.

(4) Notice. The warranty must specify a reasonable time for furnishing notice to the contractor regarding the discovery of defects. This notice period, which must apply to all defects discovered during the warranty period, must be long enough to assure that the Government has adequate time to give notice to the contractor. The contracting officer must consider the following factors when establishing the notice period:

- (i) The time necessary for the Government to discover the defects.
- (ii) The time reasonably required for the Government to take necessary administrative steps and make a timely report of discovery of the defects to the contractor.
- (iii) The time required to discover and report defective replacements.

(5) Markings. (i) The packaging and preservation requirements of the contract must require the contractor to stamp or mark the supplies delivered or otherwise furnish notice with the supplies of the existence of the warranty. The purpose of the markings or notice is to inform Government personnel who store, stock, or use the supplies that the supplies are under warranty. Markings may be brief but should include?

- (A) A brief statement that a warranty exists;
- (B) The substance of the warranty;
- (C) Its duration; and
- (D) Who to notify if the supplies are found to be defective.

(ii) For commercial products (see 46.709), the contractor's trade practice in warranty marking is acceptable if sufficient information is presented for supply personnel and users to identify warranted supplies.

(6) Consistency. Contracting officers must ensure that the warranty clause and any other warranty conditions in the contract (e.g., in the specifications or an inspection clause) are consistent. To the extent practicable, all of the warranties to be contained in the contract should be expressed in the warranty clause.

46.707 Pricing aspects of fixed-price incentive contract warranties.

If a fixed-price incentive contract contains a warranty, the estimated cost of the warranty to the contractor should be considered in establishing the incentive target price and the ceiling price of the contract. All costs incurred, or estimated to be incurred, by the contractor in complying with the warranty must be considered when establishing the total final price. Contractor compliance with the warranty after the establishment of the total final price must be at no additional cost to the Government.

46.708 Warranties of data.

Warranties of data must be developed and used in accordance with agency regulations.

46.709 Warranties of commercial products and commercial services.

For information on warranties of commercial products and commercial services, see part 12.

46.710 Contract clauses.

The clauses and alternates prescribed in this section may be used in solicitations and contracts in which inclusion of a warranty is appropriate (see 46.709 for warranties for commercial products and commercial services). However, because

of the many situations that may influence the warranty terms and conditions appropriate to a particular acquisition, the contracting officer may vary the terms and conditions of the clauses and alternates to the extent necessary. The alternates

prescribed in this section address the clauses; however, the conditions pertaining to each alternate must be considered if the

terms and conditions are varied to meet a particular need.

(a) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-17, Warranty of Supplies of a Noncomplex Nature, in solicitations and contracts for noncomplex items when a fixed-price supply contract is

contemplated and the use of a warranty clause has been approved under agency procedures. If the contractor's design rather

than the Government's design will be used, insert the word "design" before "material" in paragraph (b)(1)(i).

(2) If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), the

contracting officer may use the clause with its Alternate II.

46.7-3**46.710 FEDERAL ACQUISITION REGULATION**

(3) If the supplies cannot be obtained from another source, the contracting officer may use the clause with its Alternate

III.

(4) If a fixed-price incentive contract is contemplated, the contracting officer may use the clause with its Alternate IV.

(5) If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, the contracting officer may use the clause with its Alternate V.

(b) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-18, Warranty of Supplies

of a Complex Nature, in solicitations and contracts for deliverable complex items when a fixed-price supply or research and

development contract is contemplated and the use of a warranty clause has been approved under agency procedures. If the

contractor's design rather than the Government's design will be used, insert the word "design" before "material" in paragraph

(b)(1).

(2) If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive),

the

contracting officer may use the clause with its Alternate II.

(3) If a fixed-price incentive contract is contemplated, the contracting officer may use the clause with its Alternate III.

(4) If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, the contracting officer may use the clause with its Alternate IV.

(c) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-19, Warranty of Systems

and Equipment under Performance Specifications or Design Criteria, in solicitations and contracts when performance specifications or design are of major importance; a fixed-price supply, service, or research and development contract for

systems and equipment is contemplated; and the use of a warranty clause has been approved under agency procedures.

(2) If it is desirable to specify that necessary transportation incident to correction or replacement will be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive), the

contracting officer may use the clause with its Alternate I.

(3) If a fixed-price incentive contract is contemplated, the contracting officer may use the clause with its Alternate II.

(4) If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, the contracting officer may use the clause with its Alternate III.

(d) The contracting officer may insert a clause substantially the same as the clause at 52.246-20, Warranty of Services,

in solicitations and contracts for services when a fixed-price contract for services is contemplated and the use of a warranty

clause has been approved under agency procedures; unless a clause substantially the same as the clause at 52.246-19,

Warranty of Systems and Equipment under Performance Specifications or Design Criteria, has been used.

(e) (1) The contracting officer may insert a clause substantially the same as the clause at 52.246-21, Warranty of Construction, in solicitations and contracts when a fixed-price construction contract (see 46.705(c)) is contemplated and the

use of a warranty clause has been approved under agency procedures.

(2) If the Government specifies in the contract the use of any equipment by "brand name and model," the contracting

officer may use the clause with its Alternate I.

46.7-4

SUBPART 46.8 - CONTRACTOR LIABILITY FOR LOSS OF OR DAMAGE TO PROPERTY OF THE GOVERNMENT 46.805

Subpart 46.8 - Contractor Liability for Loss of or Damage to Property of the Government

46.800 Scope of subpart.

This subpart prescribes policies and procedures for limiting contractor liability for loss of or damage to property of the Government that-

(a) Occurs after acceptance; and

(b) Results from defects or deficiencies in the supplies delivered or services performed.

46.801 Applicability.

(a) This subpart does not apply to commercial products and commercial services. This subpart applies to contracts other than those for?

- (1) Information technology, including telecommunications;
- (2) Construction;
- (3) Architect-engineer services; and
- (4) Maintenance and rehabilitation of real property.

(b) See subpart 46.7, Warranties, for policies and procedures concerning contractor liability caused by nonconforming technical data.

46.802 Definition.

High-value item, as used in this subpart, means a contract end item that-

- (1) Has a high unit cost (normally exceeding \$100,000 per unit), such as an aircraft, an aircraft engine, a communication system, a computer system, a missile, or a ship; and
- (2) Is designated by the contracting officer as a high-value item.

46.803 Policy.

(a) General. The Government will generally act as a self-insurer by relieving contractors, as specified in this subpart, of liability for loss of or damage to property of the Government that (1) occurs after acceptance of supplies delivered or services performed under a contract and (2) results from defects or deficiencies in the supplies or services. However, the Government will not relieve the contractor of liability for loss of or damage to the contract end item itself, except for high-value items.

(b) High-value items. In contracts requiring delivery of high-value items, the Government will relieve contractors of contractual liability for loss of or damage to those items. However, this relief must not limit the Government's rights arising under the contract to-

- (1) Have any defective item or its components corrected, repaired, or replaced when the defect or deficiency is discovered before the loss of or damage to a high-value item occurs; or
- (2) Obtain equitable relief when the defect or deficiency is discovered after such loss or damage occurs.

(c) Exception. The Government will not provide contractual relief under paragraphs (a) and (b) of this section when contractor liability can be preserved without increasing the contract price.

(d) Limitations. Subject to the specific terms of the limitation of liability clause included in the contract, the relief provided under paragraphs (a) and (b) of this section does not apply-

- (1) To the extent that contractor liability is expressly provided under a contract clause authorized by this regulation;
- (2) When a defect or deficiency in, or Government's acceptance of, the supplies or services results from willful misconduct or lack of good faith on the part of the contractor's managerial personnel; or
- (3) To the extent that any contractor insurance, or self-insurance reserve, covers liability for loss or damage suffered by the Government through purchase or use of the supplies delivered or services performed under the contract.

46.804 [Reserved]

46.805 Contract clauses.

(a) Contracts that exceed the simplified acquisition threshold. The contracting officer must insert the appropriate clause

or combination of clauses specified in paragraphs (a)(1) through (a)(5) of this section in solicitations and contracts when the contract amount is expected to be in excess of the simplified acquisition threshold and the contract is subject to the requirements of this subpart as indicated in 46.801:

46.8-1

46.805 FEDERAL ACQUISITION REGULATION

(1) In contracts requiring delivery of end items that are not high-value items, insert the clause at 52.246-23, Limitation

of Liability.

(2) In contracts requiring delivery of high-value items, insert the clause at 52.246-24, Limitation of Liability-High Value Items.

(3) In contracts requiring delivery of both high-value items and other end items, insert both clauses prescribed in

paragraphs (a)(1) and (a)(2) of this section, Alternate I of the clause at 52.246-24, and identify clearly in the contract schedule

the line items designated as high-value items.

(4) In contracts requiring the performance of services, insert the clause at 52.246-25, Limitation of Liability-Services.

(5) In contracts requiring both the performance of services and the delivery of end items, insert the clause prescribed in

paragraph (a)(4) of this section and the appropriate clause or clauses prescribed in paragraph (a)(1), (2), or (3) of this section,

and identify clearly in the contract schedule any high-value line items.

(b) Acquisitions at or below the simplified acquisition threshold. The clauses prescribed by paragraph (a) of this section

are not required for contracts at or below the simplified acquisition threshold. However, in response to a contractor's specific

request, the contracting officer may insert the clauses prescribed in paragraph (a)(1) or (a)(4) of this section in a contract at or

below the simplified acquisition threshold and may obtain any price reduction that is appropriate.

47-2

47.002

47.000 Scope of part.

(a) This part describes policies and procedures for?

(1) Applying transportation and traffic management considerations in the acquisition of supplies; and

(2) Acquiring transportation or transportation-related services by contract methods other than bills of lading, transportation requests, transportation warrants, and similar transportation forms.

(b) Acquire transportation and transportation services either subject to the FAR or using the bill of lading as the contract

under 49 U.S.C. 10721 or 49 U.S.C. 13712. The FAR does not regulate acquisition of transportation or transportation-related

services when the bill of lading is the contract, but this contract method is common and, therefore, section 47.104 provides

guidance on this method.

47.001 Definitions.

As used in this part-

Bill of lading means a transportation document, used as a receipt of goods, as documentary evidence of title, for clearing

customs, and generally used as a contract of carriage.

(1) Commercial bill of lading (CBL), unlike the Government bill of lading, is not an accountable transportation document.

(2) Government bill of lading (GBL) is an accountable transportation document, authorized and prepared by a Government official.

Carrier or commercial carrier means a common carrier or a contract carrier.

Common carrier means a person holding itself out to the general public to provide transportation for compensation.

Contract carrier means a person providing transportation for compensation under continuing agreements with one person

or a limited number of persons.

Government rate tender under 49 U.S.C. 10721 and 13712 means an offer by a common carrier to the United States at a

rate below the regulated rate offered to the general public.

Household goods in accordance with 49 U.S.C. 13102 means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects

or property is arranged and paid for by?

(1) The householder, except such term does not include property moving from a factory or store, other than property

that the householder has purchased with the intent to use in his or her dwelling and is transported at the request of, and the

transportation charges are paid to the carrier by, the householder; or

(2) Another party.

Noncontiguous domestic trade means transportation (except with regard to bulk cargo, forest products, recycled metal scrap, waste paper, and paper waste) subject to regulation by the Surface Transportation Board involving traffic originating in

or destined to Alaska, Hawaii, or a territory or possession of the United States (see 49 U.S.C. 13102(17) and 13702).

Released or declared value means the assigned value of the cargo for reimbursement purposes, not necessarily the actual

value of the cargo. Released value may be more or less than the actual value of the cargo. The released value is the maximum

amount that could be recovered by the agency in the event of loss or damage for the shipments of freight and household

goods.

47.002 Applicability.

All Government personnel concerned with the following activities must follow this part as applicable:

- (a) Acquisition of supplies.
- (b) Acquisition of transportation and transportation-related services.
- (c) Transportation assistance and traffic management.
- (d) Administration of transportation contracts, transportation-related services, and other contracts that involve transportation.
- (e) Entering into and administering contracts under which payments are made from Government funds for?
 - (1) The transportation of supplies;
 - (2) Transportation-related services; or
 - (3) Transportation of contractor personnel and their personal belongings.

-1

47.101 FEDERAL ACQUISITION REGULATION

Subpart 47.1 - General

47.101 Policies.

- (a) For domestic shipments, authorize shipments on commercial bills of lading (CBL?s). Government bills of lading (GBL?s) may be used for international or noncontiguous domestic trade shipments or when otherwise authorized.

- (b) The contract administration office (CAO) must ensure that instructions to contractors result in the most efficient and

economical use of transportation services and equipment. Transportation personnel will assist and provide transportation

management expertise to the CAO. The Federal Management Regulation at 41 CFR parts 102-117 and 102-118 provides

specific responsibilities and details on transportation management. (For the Department of Defense (DoD), see DoD 4500.9-

R, Defense Transportation Regulation.)

- (c) Obtain traffic management advice and assistance when considering transportation factors required for?
 - (1) Solicitations and awards;
 - (2) Contract administration, modification, and termination; and
 - (3) Transportation of property by the Government to and from contractors? plants.

(d) (1) The preferred method of transporting supplies for the Government is by commercial carriers. However, Government-owned, leased, or chartered vehicles, aircraft, and vessels may be used if?

- (i) They are available and not fully utilized,
- (ii) Their use will result in substantial economies, and
- (iii) Their use complies with all applicable statutes, agency policies and regulations.

(2) If the three circumstances listed in paragraph (d)(1) apply, then Government vehicles may be used for purposes such

as?

- (i) Local transportation of supplies between Government installations;
- (ii) Pickup and delivery services that commercial carriers do not perform in connection with line-haul transportation;
- (iii) Transporting supplies to meet emergencies; and
- (iv) Accomplishing program objectives that cannot be attained by using commercial carriers.

(e) Agencies must not accord preferential treatment to any mode of transportation or to any particular carrier either in awarding or administering contracts for the acquisition of supplies or in awarding contracts for the acquisition of transportation. (See subparts 47.2 and 47.3 for situations in which the contracting officer is permitted to use specific modes of transportation.)

- (f) When a contract specifies delivery of supplies f.o.b. origin with transportation costs to be paid by the Government,

the contractor must make shipments on bills of lading, or on other shipping documents prescribed by Military Surface Deployment and Distribution Command (SDDC) in the case of seavan containers, either at the direction of or furnished by the CAO or the appropriate agency transportation office.

47.102 [Reserved]

47.103 Transportation payment and audit regulation.

47.103-1 General.

31 U.S.C. 3726 requires all agencies to establish a prepayment audit program. For details on the establishment of a

prepayment audit, see 41 CFR part 102-118.

47.103-2 Contract clause.

Complete and insert the clause at 52.247-67, Submission of Transportation Documents for Audit, in solicitations and contracts when a cost-reimbursement contract is contemplated and the contract, or a first-tier cost-reimbursement subcontract

under it, will authorize reimbursement of transportation as a direct charge to the contract or subcontract.

47.104 Government rate tenders under sections 10721 and 13712 of the Interstate Commerce Act (49 U.S.C. 10721

and 13712).

- (a) This section explains statutory authority for common carriers subject to the jurisdiction of the Surface Transportation

Board, i.e., motor carrier, water carrier, freight forwarder, rail carrier, to offer to transport persons or property for the account

of the United States without charge or at ?a rate reduced from the applicable commercial rate.? A carrier offers reduced rates

47.1-2

SUBPART 47.1 - GENERAL 47.104-4

in a Government rate tender. Additional information for civilian agencies is available in the Federal Management Regulation

(41 CFR parts 102-117 and 102-118) and for DoD in the Defense Transportation Regulation (DoD 4500.9-R).

(b) Reduced rates offered in a Government rate tender are authorized for transportation provided by a rail carrier, for the movement of household goods, and for movement by or with a water carrier in noncontiguous domestic trade.

(1) For Government rate tenders submitted by a rail carrier, a rate reduced from the applicable commercial rate is a rate reduced from a rate regulated by the Surface Transportation Board.

(2) For Government rate tenders submitted for the movement of household goods, a rate reduced from the applicable commercial rate is a rate reduced from a rate contained in a published tariff subject to regulation by the Surface Transportation Board.

(3) For Government rate tenders submitted for movement by or with a water carrier in noncontiguous domestic trade, a rate reduced from the applicable commercial rate is a rate reduced from a rate contained in a published tariff required to be filed with the Surface Transportation Board.

47.104-1 Government rate tender procedures.

(a) 49 U.S.C. 10721 and 13712 rates are published in Government rate tenders and apply to shipments moving for the account of the Government on?

(1) Commercial bills of lading endorsed to show that the Government is assigned, and will reimburse, total transportation charges (see the clause at 52.247-1, Commercial Bill of Lading Notations); and

(2) Government bills of lading.

(b) Agencies may negotiate with carriers for additional or revised 49 U.S.C. 10721 and 13712 rates. Only personnel authorized under agency procedures may negotiate such rates.

47.104-2 Fixed-price contracts.

(a) F.o.b. destination. 49 U.S.C. 10721 and 13712 rates do not apply to shipments under fixed-price f.o.b. destination contracts (delivered price).

(b) F.o.b. origin. The contracting officer may occasionally require the contractor to prepay the freight charges to a specific destination. In such cases, the contractor must use a commercial bill of lading, and the contractor must invoice the direct and actual transportation cost as a separate item. The clause at 52.247-1, Commercial Bill of Lading Notations, ensures that the Government in this type of arrangement obtains the benefit of 49 U.S.C. 10721 and 13712 rates.

47.104-3 Cost-reimbursement contracts.

(a) 49 U.S.C. 10721 and 13712 rates may apply to shipments other than those made by the Government if the total benefit accrues to the Government, i.e., the Government pays the charges or reimburses the party that initially assumed the freight

charges. Therefore, 49 U.S.C. 10721 and 13712 rates may apply to shipments moving on commercial bills of lading in cost

reimbursement contracts under which the transportation costs are direct and allowable costs under the cost principles of Part

31.

(b) 49 U.S.C. 10721 and 13712 rates may apply to the movement of household goods and personal effects of contractor

employees who are relocated for the convenience and at the direction of the Government and whose total transportation costs

are reimbursed by the Government.

(c) The clause at 52.247-1, Commercial Bill of Lading Notations, ensures that the Government receives the benefit of

lower 49 U.S.C. 10721 and 13712 rates in cost-reimbursement contracts as described in paragraphs (a) and (b) of this section.

(d) Contracting officers must?

(1) Include in contracts a statement requiring the contractor to use carriers that offer acceptable service at reduced rates

if available; and

(2) Ensure that contractors receive the name and location of the transportation officer designated to furnish support and

guidance when using Government rate tenders.

47.104-4 Contract clause.

(a) To ensure application of 49 U.S.C. 10721 and 13712 rates, where authorized (see 47.104(b)), insert the clause at

52.247-1, Commercial Bill of Lading Notations, in solicitations and contracts when the contracts will be?

(1) Cost-reimbursement contracts, including those that may involve the movement of household goods (see

47.104-3(b)); or

47.1-3

47.104-5 FEDERAL ACQUISITION REGULATION

(2) Fixed-price f.o.b. origin contracts (other than contracts at or below the simplified acquisition threshold) (see

47.104-2(b) and 47.104-3).

(b) The contracting officer may insert the clause at 52.247-1, Commercial Bill of Lading Notations, in solicitations and

contracts made at or below the simplified acquisition threshold when the delivery terms will be f.o.b. origin.

47.104-5 Citation of Government rate tenders.

When 49 U.S.C. 10721 and 13712 rates apply, transportation offices or contractors, as appropriate, must identify the applicable Government rate tender by endorsement on bills of lading.

47.105 [Reserved]

47.1-4

SUBPART 47.2 - CONTRACTS FOR TRANSPORTATION OR FOR TRANSPORTATION-RELATED SERVICES

47.204

Subpart 47.2 - Contracts for Transportation or for Transportation-Related Services

47.200 Scope of subpart.

(a) This subpart describes procedures for the acquisition by sealed bid or negotiated contracts of?

(1)

Freight transportation (including local drayage) from rail, motor (including bus), domestic water (including inland, coastwise, and intercoastal) carriers, and from freight forwarders; and

(2)

Transportation-related services including but not limited to stevedoring, storage, packing, marking, and ocean freight forwarding.

(b)

Except as provided in paragraph (c) below, this subpart does not apply to?

(1)

The acquisition of freight transportation from?

(i)

Domestic or international air carriers (see subpart 47.4); and

(ii)

International ocean carriers (see subpart 47.5);

(2)

Freight transportation acquired by bills of lading;

(3)

Household goods for which rates are negotiated under 49 U.S.C. 10721 and 13712. (These statutes do not apply in intrastate moves); or

(4)

Contracts at or below the simplified acquisition threshold.

(c)

With appropriate modifications, apply the procedures in this subpart as necessary to the acquisition of freight transportation from the carriers listed in paragraph (b)(1) above and passenger transportation from any carrier or mode.

(d)

The procedures in this subpart apply to the transportation of household goods of persons being relocated at Government

expense except when acquired?

(1)

Under the commuted rate schedules as required in the Federal Travel Regulation (41 CFR Chapter 302);

(2)

By the Department of Defense under DoD 4500.9-R, Defense Transportation Regulation; or

(3)

Under 49 U.S.C. 10721 and 13712 rates. (These statutes do not apply in intrastate moves.)

47.201 Definitions.

As used in this subpart-

General freight means supplies, goods, and transportable property not encompassed in the definitions of household goods

or office furniture.

Office furniture means furniture, equipment, fixtures, records, and other equipment and materials used in Government offices, hospitals, and similar establishments.

47.202 [Reserved]

47.203 [Reserved]

47.204 Single-movement contracts.

Contracting officers may award single-movement contracts for unique transportation services not otherwise available under carrier tariffs or covered by DoD or the General Services Administration contracts, e.g., special requirements at origin and/or destination.

47.2-1**47.205 FEDERAL ACQUISITION REGULATION****47.205 [Reserved]****47.206 [Reserved]****47.207 Contract clauses, and special requirements.****47.207-1 Qualifications of offerors.**

(a) Operating authorities. Insert the clause at 52.247-2, Permits, Authorities, or Franchises, when regulated transportation

is involved. The clause need not be used when a Federal office move is intrastate and the contracting officer determines that

it is in the Government's interest not to apply the requirement for holding or obtaining State authority to operate within the State.

(b) [Reserved]

(c) [Reserved]

(d)

Familiarization with conditions. Insert the clause at 52.247-5, Familiarization with Conditions, to ensure that offerors become familiar with conditions under which and where the services will be performed.

47.207-2 [Reserved]**47.207-3 Description of shipment, origin, and destination.**

(a) Origin of shipments. Include in solicitations full details regarding the location from which the freight is to be shipped.

(b) Destination of shipments. Include full details regarding delivery points.

(c) Description of the freight. Include in solicitations?

(1) An inventory if the freight consists of nonbulk items; and

(2) The freight classification description, which the transportation office should provide. If a freight classification description is not available, use a clear nontechnical description. Include additional details necessary to ensure that the prospective offerors have complete information about the freight, e.g., size, weight, hazardous material, whether packed for export, or unusual value.

(d) [Reserved]

(e) Quantity.

(1) State the actual weight of the freight or a reasonably accurate estimate.

(2) Insert the clause at 52.247-8, Estimated Weights or Quantities Not Guaranteed, when weights or quantities are

estimates.

47.207-4 Determination of weights.

Specify in the contract the method of determining the weights of shipments as appropriate for the kind of freight involved

and the type of service required.

(a) Shipments of freight other than household goods and office furniture.

(1) [Reserved]

(2) Insert the clause at 52.247-10, Net Weight?General Freight, when the weight of shipments of freight other than

household goods or office furniture is not known at the time of shipment and the contractor is responsible for determining the net weight of the shipments.

(b) Shipments of household goods or office furniture. Insert the clause at 52.247-11, Net Weight?Household Goods or

Office Furniture, when movements of Government employees? household goods or relocations of Government offices are involved.

47.207-5 Contractor responsibilities.

Specify clearly those service requirements that are not normal transportation or transportation-related requirements.

(a) Type of equipment. As necessary, specify the type and size of equipment the contractor must furnish. Otherwise, state

that the contractor shall furnish clean and sound closed-type equipment of sufficient size to accommodate the shipment.

(b) [Reserved]

(c) Accessorial services?moving contracts. Insert a clause substantially the same as the clause at 52.247-13, Accessorial

Services?Moving Contracts, in contracts for the transportation of household goods or office furniture.

47.2-2

SUBPART 47.2 - CONTRACTS FOR TRANSPORTATION OR FOR TRANSPORTATION-RELATED SERVICES

47.207-7

(d) [Reserved]

(e) Loading and unloading. Insert the clause at 52.247-15, Contractor Responsibility for Loading and Unloading, when the

contractor is responsible for loading and unloading shipments.

47.207-6 Rates and charges.

(a) (1) Include in the solicitation a statement that the charges in the contract must not exceed the contractor?s charges for

the same service that is?

(i) Available to the general public; or

(ii) Otherwise tendered to the Government.

(2) Insert the clause at 52.247-17, Charges.

(b) Include in the solicitation a tabulation listing each required service and the basis for the rate (price), e.g., unit of weight

or per work-hour, leaving sufficient space for offerors to insert the rates offered for each service.

(c) The following guidelines apply to the composition of a tabulation of transportation or of transportation-related services

and their rate (price) bases:

(1) Combination of pricing bases. If a contract requires various types of services with different bases for

assessing

charges, show each service separately and the applicable basis for that service.

(2) Hourly rate basis. If charges are based on an hourly rate, state the method for charging for fractions of an hour, e.g.,

?

(i) A period of 30 minutes or less is charged at one-half the hourly rate; and

(ii) The hourly rate applies to any portion of an hour that exceeds 30 minutes.

(3) Shipments of varying weights. If charges are based on weight and shipments will vary in weight, request rates on a

graduated weight basis. Include a table of graduated weights for offerors to insert rates.

(4) Multiple origins and/or destinations. Specify whether rates are requested for each origin and/or each destination or

for specific groups of origins and/or destinations.

(5) Multiple shipments from one origin. If multiple shipments will be tendered at one time to the contractor for delivery

to two or more consignees at the same destination, request the rate applicable to the aggregate weight. If such shipments

are for delivery to various destinations along the route between origin and last destination, request the rate applicable to the

aggregate weight and a stopoff charge for each intermediate destination.

(i) Insert the clause at 52.247-18, Multiple Shipments, when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees at the same destination.

(ii) Insert the clause at 52.247-19, Stopping in Transit for Partial Unloading, when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees along the route between origin and last destination.

(6) [Reserved]

(7) Additional services. State the conditions for payment for any services in addition to those covered in the basic rate,

e.g., inside delivery.

47.207-7 Liability and insurance.

(a) Specify in the solicitation and contract?

(1) The contractor's liability for injury to persons or damage to property other than the freight being transported;

(2) The contractor's liability for loss of and/or damage to the freight being transported; and

(3) The amount of insurance the contractor must maintain.

(b) When the contractor's liability for loss of and/or damage to the freight being transported is not specified, the usual

measure of liability as prescribed in section 11706 of the Interstate Commerce Act (49 U.S.C. 11706) applies.

(c) Insert the clause at 52.247-21, Contractor Liability for Personal Injury and/or Property Damage.

(d) Insert the clause at 52.247-22, Contractor Liability for Loss of and/or Damage to Freight other than Household Goods,

in solicitations and contracts for the transportation of freight other than household goods.

(e) Insert the clause at 52.247-23, Contractor Liability for Loss of and/or Damage to Household Goods, in solicitations and

contracts for the transportation of household goods, including the rate per pound appropriate to the situation.

(f) When freight is not shipped under rates subject to released or declared value, see 28.313(a) and the clause at 52.228-9,

Cargo Insurance.

(g) When vehicular liability and/or general public liability insurance required by law are not sufficient for a contract, see

28.313(b) and the clause at 52.228-10, Vehicular and General Public Liability Insurance.

47.2-3

47.207-8 FEDERAL ACQUISITION REGULATION

47.207-8 Government responsibilities.

State clearly the Government's responsibilities that have a direct bearing on the contractor's performance under the contract, e.g., the Government's responsibility to notify the contractor in advance when hazardous materials are included in a shipment.

47.207-9 Annotation and distribution of shipping and billing documents.

State in detail the responsibilities of the contractor, the contracting agency, and, if appropriate, the consignee for the annotation and distribution of shipping and billing documents. See 41 CFR part 102-118, Transportation Payment and Audit.

47.207-10 [Reserved]

47.207-11 Volume movements within the contiguous United States.

(a) For purposes of contract administration, a volume movement is?

(1) For DoD, the aggregate of freight shipments amounting to or exceeding 25 carloads, 25 truckloads, or 500,000

pounds, to move during the contract period from one origin point for delivery to one destination point or area; and

(2) For civilian agencies, 50 short tons (100,000 pounds) in the aggregate to move during the contract period from one

origin point for delivery to one destination point or area.

(b) Transportation personnel assigned to or supporting the CAO, or appropriate agency personnel, must report planned and

actual volume movements in accordance with agency regulations. DoD activities report to the Military Surface Deployment

and Distribution Command (SDDC) under DoD 4500.9-R, Defense Transportation Regulation.

47.208 Report of shipment (REPSHIP).

47.208-1 Advance notice.

Military and, as required, civilian agency, storage and distribution points, depots, and other receiving activities require advance notice of shipments en route from contractors' plants. Generally, this notification is required only for classified material; sensitive, controlled, and certain other protected material; explosives, and some other hazardous materials; selected shipments requiring movement control; or minimum carload or truckload shipments. It facilitates arrangements for

transportation control, labor, space, and use of materials handling equipment at destination. Also, timely receipt of notices by

the consignee transportation office precludes the incurring of demurrage and vehicle detention charges.

47.208-2 Contract clause.

Insert the clause at 52.247-68, Report of Shipment (REPSHIP), in solicitations and contracts requiring advance notice

of

shipment for safety or security reasons, or where the contract requires carload or truckload shipments to DoD installations or

to civilian agency facilities.

47.2-4

SUBPART 47.3 - TRANSPORTATION IN SUPPLY CONTRACTS 47.302

Subpart 47.3 - Transportation in Supply Contracts

47.300 Scope of subpart.

(a) This subpart describes policies and procedures for the application of transportation and traffic management considerations in the acquisition of supplies. The terms and conditions in this subpart apply to fixed-price contracts.

(b) If a special requirement exists for application of any of these terms and conditions to other types of contracts, e.g.,

cost-reimbursement contracts, for which transportation arrangements are normally the responsibility of the contractor and

transportation costs are allowable, then use the terms and conditions in this subpart as a guide for?

(1) Contract coverage of transportation; and

(2) Instructions to the contractor to minimize the ultimate transportation costs to the Government.

47.301 General.

47.301-1 Responsibilities of contracting officers.

(a) Obtain from traffic management offices transportation factors required for?

(1) Solicitations and awards; and

(2) Contract administration, modification, and termination, including the movement of property by the Government to

and from contractors? plants.

(b) Request transportation office participation especially before making an initial acquisition of supplies that are unusually

large, heavy, high, wide, or long; have sensitive or dangerous characteristics; or lend themselves to containerized movements

from the source. In determining total transportation charges, also consider additional costs arising from factors such as the use

of special equipment, excess blocking and bracing material, or circuitous routing.

47.301-2 [Reserved]

47.301-3 Using the Defense Transportation System (DTS).

(a) All military and civilian agencies shipping, or arranging for the acquisition and shipment by Government contractors,

using military-controlled transport or through military transshipment facilities must follow Department of Defense (DoD) Regulation DoD 4500.9-R, Defense Transportation Regulation, Part II. This regulation establishes uniform procedures and

documents for the generation, documentation, communication, and use of transportation information, thus providing the capability for control of shipments moving in the DTS. DoD 4500.9-R Part II has been implemented on a world-wide basis.

(b) Contracting activities are responsible for?

(1) Ensuring that the requirements of DoD 4500.9-R Part II regulation are included in appropriate contracts for all

applicable shipments; and

- (2) Enforcing these requirements regarding shipments under their control. This includes requirements relating to

documentation, marking, advance notification of shipment dates, and terminal clearances.

- (c) Designate in contractual documents a contract administration office (see 42.202(a)) as the point of contact to whom the

contractor will provide information necessary to?

- (1) Effect DoD 4500.9-R Part II documentation and movement control, including air or water terminal shipment clearances; and

- (2) Obtain data necessary for shipment marking and freight routing. Contractual documents must specify that the

contractor shall not ship directly to a military air or water port terminal without authorization from the designated contract administration office (see 47.305-6(f)).

47.302 Place of delivery-f.o.b. point.

- (a) The policies and procedures in 47.304-1 and -3 govern the transportation of supplies from sources in the Contiguous

United States (CONUS), except when identifiable costs, nature of the supplies (security, safety, or value), delivery requirements (premium modes of transport, escorts, transit arrangements, and tentative conditions), or other advantages,

limitations, or requirements dictate otherwise. The policies and procedures in 47.304-4 govern the transportation of supplies

from sources outside CONUS.

- (b) Generally, solicit offers, and award contracts, with delivery terms on the basis prescribed in 47.304.

- (c) (1) The delivery term must not dictate the place of performance of Government acquisition quality assurance actions

or the place of acceptance, except that if acceptance is at destination, use f.o.b. destination (see 47.304-1(f)).

47.3-1

47.303 FEDERAL ACQUISITION REGULATION

- (2) The fact that transportation is f.o.b. destination does not alone necessitate changing the place of acceptance from

origin to destination. Further, the fact that acceptance is at origin does not necessitate an f.o.b. origin delivery term. Providing

for inspection and acceptance at origin (if appropriate under 46.402), in conjunction with an f.o.b. destination term, might

benefit both the Government and the contractor. Government acceptance of title at origin permits payment to the contractor,

provided the invoice is supported either?

- (i) By a copy of the signed commercial bill of lading (indicating the carrier's receipt of the supplies covered by the invoice for transportation to the destination specified in the contract); or

- (ii) By other appropriate evidence of shipment to the destination for the contractor's account.

47.303 Standard delivery terms and contract clauses.

This section lists standard delivery terms. See 47.300(b) regarding applicability to cost reimbursement contracts.

47.303-1 F.o.b. origin.

- (a) Explanation of delivery term. F.o.b. origin means free of expense to the Government delivered?

- (1) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point

in the city, county, and State from which the shipment will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

- (2) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point

is within a port area having water transportation service) or the carrier's freight station;

- (3) To a U.S. Postal Service facility; or

- (4) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as

the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones

at Subpart B of 49 CFR part 372).

- (b) [Reserved]

- (c) Contract clause. Insert in solicitations and contracts the clause at 52.247-29, F.o.b. Origin, when the delivery term is

f.o.b. origin.

47.303-2 F.o.b. origin, contractor's facility.

- (a) Explanation of delivery term. F.o.b. origin, contractor's facility means free of expense to the Government delivered

on board the indicated type of conveyance of the carrier (or of the Government if specified) at the designated facility, on the

named street or highway, in the city, county, and State from which the shipment will be made.

- (b) [Reserved]

- (c) Contract clause. Insert in solicitations and contracts the clause at 52.247-30, F.o.b. Origin, Contractor's Facility, when

the delivery term is f.o.b. origin, contractor's facility.

47.303-3 F.o.b. origin, freight allowed.

- (a) Explanation of delivery term. F.o.b. origin, freight allowed means?

- (1) Free of expense to the Government delivered?

(i) On board the indicated type or conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as

distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

- (iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

- (2) An allowance for freight, based on applicable published tariff rates (or Government rate tenders) between the points

specified in the contract, is deducted from the contract price.

- (b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-31, F.o.b. Origin, Freight Allowed, when the delivery term is f.o.b. origin, freight allowed.

47.3-2

SUBPART 47.3 - TRANSPORTATION IN SUPPLY CONTRACTS 47.303-6

47.303-4 F.o.b. origin, freight prepaid.

(a) Explanation of delivery term. F.o.b. origin, freight prepaid means?

(1) Free of expense to the Government delivered?

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as

distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) The cost of transportation, ultimately the Government's obligation, is prepaid by the contractor to the point specified in the contract.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-32, F.o.b. Origin, Freight Prepaid, when the delivery term is f.o.b. origin, freight prepaid.

47.303-5 F.o.b. origin, with differentials.

(a) Explanation of delivery term. F.o.b. origin, with differentials means?

(1) Free of expense to the Government delivered?

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as

distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) Differentials for mode of transportation, type of vehicle, or place of delivery as indicated in contractor's offer may be added to the contract price.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-33, F.o.b. Origin, with Differentials, when offerors are likely to include in f.o.b. origin offers a contingency to compensate for a possibly unfavorable routing

condition

by the Government at the time of shipment.

47.303-6 F.o.b. destination.

(a) Explanation of delivery term. F.o.b. destination means?

(1) Free of expense to the Government delivered, on board the carrier's conveyance, at a specified delivery point where

the consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

(2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for

export), warehouse unloading platform, or receiving dock, at the expense of the contractor. The Government shall not be

liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or constructive

placement as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or order of

the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading

platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the

unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National

Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item

568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the contractor uses rail carrier or freight forwarder for less than carload shipments, the

contractor shall ensure that the carrier will furnish tailgate delivery when required, if transfer to truck is required to complete

delivery to consignee.

47.3-3

47.303-7 FEDERAL ACQUISITION REGULATION

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-34, F.o.b. Destination, when the delivery term

is f.o.b. destination.

47.303-7 F.o.b. destination, within consignee's premises.

(a) Explanation of delivery term. F.o.b. destination, within consignee's premises means free of expense to the Government

delivered and laid down within the doors of the consignee's premises, including delivery to specific rooms within a building

if so specified.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-35, F.o.b. Destination, within Consignee's

Premises, when the delivery term is f.o.b. destination, within consignee's premises.

47.303-8 F.a.s. vessel, port of shipment.

(a) Explanation of delivery term. F.a.s. vessel, port of shipment means free of expense to the Government delivered

alongside the ocean vessel and within reach of its loading tackle at the specified port of shipment.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-36, F.a.s. Vessel, Port of Shipment, when the

delivery term is f.a.s. vessel, port of shipment.

47.303-9 F.o.b. vessel, port of shipment.

(a) Explanation of delivery term. F.o.b. vessel, port shipment means free of expense to the Government loaded, stowed,

and trimmed on board the ocean vessel at the specified port of shipment.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-37, F.o.b. Vessel, Port of Shipment, when the

delivery term is f.o.b. vessel, port of shipment.

47.303-10 F.o.b. inland carrier, point of exportation.

(a) Explanation of delivery term. F.o.b. inland carrier, point of exportation means free of expense to the Government, on

board the conveyance of the inland carrier, delivered to the specified point of exportation.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-38, F.o.b. Inland Carrier, Point of Exportation,

when the delivery term is f.o.b. inland carrier, point of exportation.

47.303-11 F.o.b. inland point, country of importation.

(a) Explanation of delivery term. F.o.b. inland point, country of importation means free of expense to the Government, on

board the indicated type of conveyance of the carrier, delivered to the specified inland point where the consignee's facility is located.

(b) [Reserved]

(c) Contract clause. Insert in solicitations and contracts the clause at 52.247-39, F.o.b. Inland Point, Country of Importation, when the delivery term is f.o.b. inland point, country of importation.

47.3-4

SUBPART 47.3 - TRANSPORTATION IN SUPPLY CONTRACTS 47.304-3

47.303-12 [Reserved]

47.303-13 [Reserved]

47.303-14 [Reserved]

47.303-15 [Reserved]

47.303-16 [Reserved]

47.303-17 [Reserved]

47.304 Determination of delivery terms.

47.304-1 General.

(a) In general, determine f.o.b. terms based on overall costs, considering the criteria in this section.

(b) Specify in solicitations whether offerors must submit offers f.o.b. origin, f.o.b. destination, or both, or whether offerors

may choose the basis on which they make an offer. Consider the most advantageous delivery point, such as?

(1) F.o.b. origin, carrier's equipment, wharf, or specified freight station near contractor's plant; or

(2) F.o.b. destination.

(c) In determining whether f.o.b. origin or f.o.b. destination is more advantageous to the Government, consider the availability of lower freight rates, i.e., Government rate tenders, to the Government for f.o.b. origin acquisitions. F.o.b. origin

contracts also present other desirable traffic management features, in that they?

(1) Permit use of transit privileges (see 47.305-13);

(2) Permit diversions to new destinations without price adjustment for transportation (see 47.305-11);

(3) Facilitate use of special routings or types of equipment (e.g., circuitous routing or oversize shipments) (see

47.305-14);

(4) Facilitate, if necessary, use of premium cost transportation and permit Government-controlled transportation;

(5) Permit negotiations for reduced freight rates (see 47.104-1(b)); and

(6) Permit use of small shipment consolidation stations.

(d) When destinations are tentative or unknown, specify in the solicitation f.o.b. origin only.

(e) When the size or quantity of supplies with confidential or higher security classification requires commercial transportation services, generally specify f.o.b. origin acquisitions.

(f) When acceptance must be at destination, specify in the solicitation f.o.b. destination only.

(g) Here follow examples of situations in which solicitations will normally be on an f.o.b. destination only basis as advantageous to the Government (see 47.305-4):

(1) Bulk supplies, such as coal, that require other than Government-owned or operated handling, storage, and loading

facilities, are destined for shipment outside CONUS.

(2) Steel or other bulk construction products are destined for shipment outside CONUS.

(3) Supplies consist of forest products such as lumber.

(4) Perishable or medical supplies are subject to in-transit deterioration.

(5) Evaluation of f.o.b. origin offers will likely result in increased administrative lead time or administrative cost that

would outweigh the potential advantages of an f.o.b. origin determination.

47.304-2 [Reserved]**47.304-3 Shipments from CONUS for overseas delivery.**

(a) When Government acquisitions involve shipments from CONUS to overseas destinations, delivery f.o.b. origin may

afford not only the economies of lower freight rates available to the Government within CONUS, but also flexibility for selection of?

(1) The port of export; and

(2) The ocean transportation providing the lowest overall cost to the Government.

47.3-5**47.304-4 FEDERAL ACQUISITION REGULATION**

(b) (1) Unless valid reasons exist to the contrary (see 47.304-5), make acquisition of supplies originating within CONUS

for ultimate delivery to destinations outside CONUS on an f.o.b. origin basis. This policy applies to supplies and equipment

shipped either directly to a port area for export or to a storage or holding area for subsequent forwarding to a port area for

export.

(2) Solicitation of offers on other than an f.o.b. origin basis requires written justification.

(c) Export cargo involves considerations of operational and cost factors from the point of origin within CONUS to the overseas port destination. Determine the lowest cost of shipping only upon considering and comparing the various prospective landed costs, including inland, terminal, and ocean costs. Also, agencies may have export licensing privileges for

shipments to foreign destinations. Obtain advice from the transportation officer to ensure full use of these privileges.

47.304-4 Shipments originating outside CONUS.

(a) Unless valid reasons exist to the contrary (see 47.304-5), make acquisition of supplies originating outside CONUS for

ultimate delivery to destinations within CONUS or elsewhere, regardless of the quantity of the shipments, on either an f.o.b.

origin or an f.o.b. destination basis, whichever is more advantageous to the Government.

(b) When developing acquisition documents, request the advice of the transportation officer to determine the best place

of delivery, considering the possible use of Government transportation facilities, reduced rates available, special licensing or

custom requirements, and availability of U.S.-flag shipping services between the points involved (see subpart 47.5).

47.304-5 Exceptions.

(a) Unusual conditions or circumstances might dictate the use of terms other than f.o.b. origin or f.o.b. destination. Such

conditions or circumstances include, but are not limited to?

- (1) Transportation disabilities at origin or destination;
- (2) Mode of transportation required;
- (3) Availability of Government or commercial loading, unloading, or transshipment facilities;
- (4) Characteristics of the supplies;
- (5) Trade customs related to certain supplies;
- (6) Origins or destinations in Alaska and Hawaii; and
- (7) Program requirements.

(b) Obtain assistance from transportation officers before issuing solicitations when unusual conditions or circumstances

exist that relate to f.o.b. terms.

47.305 Solicitation provisions, contract clauses, and transportation factors.

47.305-1 Solicitation requirements.

When the acquisition of supplies is on f.o.b. origin or f.o.b. destination delivery terms, include in solicitations a requirement that the offeror furnish the Government as much of the following data as is applicable to the particular acquisition:

(a) Modes of transportation and, if rail transportation is used, names of rail carriers serving the offeror's facility.

(b) The number of railroad cars, motor trucks, or other conveyances that can be loaded per day.

(c) Type of packaging, e.g., box, carton, crate, drum, bundle, skids, and when applicable, package number from the governing freight classification.

(d) Number of units packed in one container.

(e) Guaranteed maximum shipping weight; cubic measurement; and length, width, and height of each container.

(f) Minimum size of each shipment.

(g) Number of containers or units that can be loaded in a car, truck, or other conveyance of the size normally used (specify

type and size) for the commodity.

(h) Description of material in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates apply.

(i) Benefits available to the Government under transit arrangements.

(j) Other requirements as stated under specific section headings.

47.3-6

SUBPART 47.3 - TRANSPORTATION IN SUPPLY CONTRACTS 47.305-6

47.305-2 [Reserved]

47.305-3 F.o.b. origin solicitations.

When preparing f.o.b. origin solicitations, see 47.303 for clause prescriptions. Include in supply solicitations that will or may result in f.o.b. origin contracts any requirements, information, provisions, and clauses concerning the following items:

(a) Delivery in carload or truckload lots f.o.b. carrier's equipment, wharf, or freight station.

(b) The requirement that the offeror furnish the following information with the offer:

(1) Location of the offeror's actual shipping point(s) (street address, city, State, and ZIP code) from which supplies will

be delivered to the Government.

(2) Whether the offeror's shipping point has a private railroad siding, and the name of the rail carrier serving it.

(3) When the offeror's shipping point does not have a private siding, the names and addresses of the nearest public rail

siding and of the carrier serving it. This will enable transportation officers, when issuing routing instructions, to select the

mode of transportation providing the required service at the lowest overall cost.

(4) The quantity of supplies to be shipped from each shipping point.

(c) When delivery is f.o.b. origin, contractor's facility, and the designated facility is not covered by the line-haul transportation rate, the charges required to deliver the shipment to the point where the line-haul rate is applicable.

(d) When delivery is f.o.b. origin, freight allowed, the basis on which transportation charges will be allowed, including the

origin and destination locations.

(e) When the Government will accept only f.o.b. origin offers, a statement that the Government will reject as nonresponsive offers submitted on any other basis.

(f) The methods of transportation used in evaluating offers, as applicable, to establish the cost of transportation between

offeror's shipping point and the destination within the contiguous United States. Add this transportation cost to the offer price

to determine the Government's overall cost. The Government normally uses land transportation by regulated common

carriers

between points in the 48 contiguous United States and the District of Columbia.

(g) (1) When offerors are likely to include in f.o.b. origin offers a contingency to compensate for a possibly unfavorable routing condition by the Government at the time of shipment, the contracting officer may permit offerors to state

in offers a reimbursable differential that represents the cost of bringing the supplies to any f.o.b. origin place of delivery the

Government specifies at the time of shipment. See the clause at 52.247-33, F.o.b. Origin, with Differentials.

(2) Here follow situations that might impose on the contractor a substantial cost above at plant or commercial shipping

point prices because of Government-required routings:

(i) The loading nature of the supplies, e.g., wheeled vehicles.

(ii) Government-specified methods of shipment, e.g., towaway, driveaway, tri-level vehicle, or rail car, that might increase the contractor's cost for bringing the supplies to, or loading and bracing the supplies at, the specified place of delivery.

(iii) The contractor's f.o.b. origin shipping point is a port city served by United States inland, coastwise, or intercoastal water transportation, and the contractor would incur additional costs to make delivery f.o.b. a wharf in that city to accommodate Government-specified water routing.

(iv) The contractor's plant lacks a private rail siding, and shipping by a Government-specified rail routing would require the contractor to deliver the supplies to a public siding or freight terminal and to load, brace, and install dunnage in rail cars.

47.305-4 F.o.b. destination solicitations.

(a) When preparing f.o.b. destination solicitations, see 47.303 for clause prescriptions.

(b) When the Government will accept only f.o.b. destination offers, state in the solicitation that the Government will reject

as nonresponsive offers submitted on a basis other than f.o.b. destination.

(c) When the solicitation or contract for supplies specifies f.o.b. destination, but inspection and acceptance will be at

origin, insert in solicitations and contracts the clause at 52.247-48, F.o.b. Destination?Evidence of Shipment.

47.305-5 [Reserved]

47.305-6 Shipments to ports and air terminals.

(a) When acquiring supplies based on the delivery terms in 47.303-8 through 47.303-11, include in the solicitation a requirement that the offeror furnish the Government the following information:

47.3-7

47.305-7 FEDERAL ACQUISITION REGULATION

(1) When the delivery term is f.a.s. vessel, port of shipment; f.o.b. vessel, port of shipment; or f.o.b. inland carrier, point

of exportation, the offeror must furnish?

(i) A delivery schedule in number of units and/or long or short tons;

(ii) Maximum quantities available per shipment;

(iii) The quantity that can be made available for loading to vessel per running day of 24 hours (if acquisition involves a commodity to be shipped in bulk);

(iv) The minimum lead time required to make supplies available for loading to vessel; and

(v) The port and pier or other designation and, when applicable, the maximum draft of vessel (in feet) that can be accommodated.

(2) When the delivery term is f.o.b. inland point, country of importation, the offeror must furnish?

(i) A delivery schedule in number of units and/or long or short tons;

(ii) Maximum quantities available per shipment; and

(iii) Other data appropriate to shipment by air carrier.

(b) When acquiring supplies that originate within CONUS for known destinations outside CONUS, for transportation evaluation purposes, note in the solicitation the CONUS port of loading or point of exit (aerial or water) and the water port of debarkation that serves the overseas destination.

(c) The contracting officer may also, for evaluation purposes, list in the solicitation other CONUS ports compatible with

the nature and quantity of the supplies, their destination, type of carrier required, and specified overseas delivery dates. This allows offerors that are geographically remote from the port that normally serves the overseas destination to offer competitive transportation costs.

(d) Unless logistics requirements limit the ports of loading to the ports listed in the solicitation, state in the solicitation that

?

(1) Offerors may nominate additional ports (including ports in Alaska and Hawaii) more favorably located to their

shipping points; and

(2) When evaluating offers, the Government will consider such additional ports that possess the capabilities of the listed

ports, considering the type of supplies.

(e) [Reserved]

(f) (1) When the supplies will move in the DTS (see 47.301-3), specify in the contract that?

(i) A Transportation Control Movement Document (TCMD) must be sent to the appropriate DoD air or water clearance authority in accordance with DoD 4500.9-R, Defense Transportation Regulation, Part II, procedures for all shipments consigned to DoD air or water terminal transshipment points; and

(ii) An Export Release must be obtained for supplies to be transshipped via a water port of loading to overseas destinations, except for shipments for which an Export Release is not required, generally shipments of less than 10,000 pounds, (see DoD 4500.9-R Part II).

(2) When shipments will be consigned to DoD air or water terminal transshipment points, insert in solicitations and

contracts the clause at 52.247-52, Clearance and Documentation Requirements?Shipments to DoD Air or Water Terminal Transshipment Points.

(g) When a contract will not generate any shipments that require an Export Release, list in the solicitation only the DoD

CONUS ports that serve the overseas destination, except that the contracting officer may limit the water ports listed when necessary to meet delivery or other requirements.

(h) Specify in the award the United States ports of loading that afford the lowest overall cost to the overseas destination.

(i) When supplies will originate outside CONUS to destinations either within or outside CONUS, use the appropriate f.o.b.

term and include evaluation-of-offers information.

(j) In furtherance of the Cargo Preference Act of 1954 (46 U.S.C. 55305), to encourage and foster the American Merchant

Marine, the port of delivery of supplies originating outside the United States and shipped by ocean vessel must derive from

availability of United States-flag vessels between the ports involved, unless the acquiring activity has given other specific

instructions. See subpart 47.5.

47.305-7 Quantity analysis, direct delivery, and reduction of crosshauling and backhauling.

(a) Quantity analysis.

(1) The requiring activity must consider the acquisition of carload or truckload quantities.

(2) When transporting additional quantities of the supplies will result in lower unit transportation costs (or a de minimus increase in total transportation costs), without impairing the program schedule, determine from the requiring activity

47.3-8

SUBPART 47.3 - TRANSPORTATION IN SUPPLY CONTRACTS 47.305-10

whether a known requirement exists for additional quantities. This situation might arise, for example, when the activity could store the additional quantity for future use, or when multiple activities on the same transportation route or in the same

geographical area could use or store the additional quantity.

(b) Direct delivery. When a requiring activity normally acquires supplies in large quantities for shipment to a central point

and for subsequent distribution, to reduce the cost of transportation and handling, consider?

(1) Whether the quantities involved warrant scheduling direct delivery; and

(2) The feasibility of providing for direct delivery from the contractor to the using activity.

(c) Crosshauling and backhauling. Select distribution and transshipment facilities intermediate to origins and ultimate

destinations to minimize crosshauling and backhauling, i.e., the transportation of personal property of the same kind in opposite directions or the return of the property to or through areas previously traversed in shipment.

47.305-8 Consolidation of small shipments and the use of stopoff privileges.

(a) Consolidation of small shipments. Consolidation of small shipments into larger lots frequently results in lower transportation costs. Therefore, the contracting officer, after consultation with the transportation office and the requiring activity, may revise the delivery schedules to provide for deliveries in larger quantities.

(b) Stopping for partial unloading. When feasible, consolidate schedules for delivery of supplies to multiple destinations.

Direct the use of stopoff privileges permitted under carrier tariffs for partial unloading at one or more points directly en route

between the point of origin and the last destination.

47.305-9 Commodity description and freight classification.

(a) Generally, the freight rate for supplies is based on the rating applicable to the freight classification description

published in the National Motor Freight Classification (NMFC) (for carriers) and the Uniform Freight Classification (UFC) (for rail) filed with Federal and State regulatory bodies. Therefore, state in the solicitation a complete description of the commodity and the packing requirements to determine proper transportation charges for the evaluation of offers. If proper classification of supplies using freight classification tariffs is impracticable, or if doubt exists, then obtain the applicable freight classification from the transportation office. Additionally, offerors may provide an official freight classification description.

(b) (1) When the supplies are new to the supply system, nonstandard, or modifications of previously shipped items, and different freight classifications might apply, insert in solicitations the provision at 52.247-53, Freight Classification Description.

(2) Alert the transportation officer to the possibility of negotiations for appropriate freight classification ratings and reasonable transportation rates.

(c) Include in the solicitation adequate descriptions of explosives and other dangerous supplies according to?

(1) The regular freight classification; and

(2) The hazardous material description and hazard class as shown in 49 CFR 172.101.

(d) Furnish the freight classification information developed in 47.305-9(a), (b), and (c) above to the contract administration office.

47.305-10 Packing, marking, and consignment instructions.

(a) Include in acquisition documents packing and marking requirements necessary to prevent deterioration of supplies and damages due to the hazards of shipping, handling, and storage, and, when appropriate, marking in accordance with the requirements of 49 CFR 172.300.

(b) Include in contracts complete consignment and marking instructions at the time the contract is awarded to ensure that supplies are delivered to proper destinations without delay. If complete consignment information is initially unknown, then issue amended delivery instructions under the Changes clause of the contract (see part 43) as soon as the information becomes known.

(c) As necessary to meet required delivery schedules, issue instructions by telephone or electronic means. Confirm telephonic instructions in writing, and confirm electronic instructions in the absence of confirmation of receipt.

(d) Marking and consignment instructions for military shipments must conform to the current issue of MIL-STD-129 (Military Standard Marking for Shipment and Storage) and other applicable DoD regulations. Mark shipments for civilian agencies as specified in Federal Standard 123, Marking for Domestic Shipment (Civil Agencies).

47.3-9

47.305-11 FEDERAL ACQUISITION REGULATION

47.305-11 Options in shipment and delivery.

Although the clauses prescribed in subpart 43.2 allow certain changes regarding shipment and delivery, generally provide specifically for certain options in the solicitation. The Government may reserve the right to?

(a) Direct deliveries of all or part of the contract quantity to destinations or to consignees other than those specified in the

solicitation and in the contract;

(b) Direct shipments in quantities requiring transportation rates different from those on which the contract price is based;

and

(c) Direct shipments by a mode of transportation other than that stipulated in the solicitation and in the contract.

47.305-12 Delivery of Government-furnished property.

(a) When a solicitation contemplates Government-furnished property, and transportation costs to the Government factor

in the evaluation of offers, include in the solicitation a clear description of the property, its location, and other information

necessary for preparation of cost estimates.

(b) Describe any explosive and dangerous material according to?

(1) The regular freight classification; and

(2) The hazardous material description and hazard class as shown in 49 CFR 172.101.

47.305-13 Transit arrangements.

(a) (1) Transit arrangements permit the stopping of a carload or truckload shipment at a specific intermediate point en

route to the final destination for storage, processing, or other purposes, as specified in carrier tariffs or rate tenders. A single

through rate is charged from origin to final destination plus a transit or other related charge, rather than a more expensive

combination of rates to and from the transit point.

(2) Consider possible benefits available to the Government using existing transit arrangements or through efforts to

obtain additional transit privileges from the carriers. Restrict solicitations incorporating transit arrangements to f.o.b. origin

offers, because f.o.b. destination offers can only include fixed overall delivered prices at first destination.

(3) (i) Traffic management personnel must furnish information and analyses of situations in which transit arrangements

might benefit the Government. The quantity awarded must entail sufficient tonnage to ensure the contractor can make carload/truckload shipments, and reasonable certainty should exist that carload/truckload quantities will ship upon request

from the transit point.

(ii) Insert in solicitations the provision at 52.247-56, Transit Arrangements, when benefits might accrue to the Government because transit arrangements might apply.

(b) [Reserved]

47.305-14 Mode of transportation.

Generally, do not specify in solicitations a particular mode of transportation or a particular carrier. If, however, a program

requires particular types of carriers, then state in the solicitation that the Government will consider only offers involving the

specified types of carriers. Obtain all specifications for mode, route, delivery, etc., from the transportation office.

47.305-15 Loading responsibilities of contractors.

(a) (1) Contractors are responsible for loading, blocking, and bracing carload shipments as specified in standards published by the Association of American Railroads.

(2) Insert in solicitations and contracts the clause at 52.247-58, Loading, Blocking, and Bracing of Freight Car Shipments, when supplies may be shipped in carload lots by rail.

(b) If the nature of the supplies, or safety, environmental, or transportability factors, require special methods for securing the supplies on the carrier's equipment, or if only a special mode of transportation or vehicle is appropriate, then include in solicitations detailed specifications coordinated with the transportation office.

47.305-16 [Reserved]

47.305-17 [Reserved]

47.306 [Reserved]

47.3-10

SUBPART 47.4 - AIR TRANSPORTATION BY U.S.-FLAG CARRIERS 47.403-1

Subpart 47.4 - Air Transportation by U.S.-Flag Carriers

47.400 Scope of subpart.

This subpart describes policies and procedures for implementing 49 U.S.C. 40118, Government-financed air transportation, commonly known as the Fly America Act.

47.401 Definitions.

As used in this subpart-

Air freight forwarder means an indirect air carrier that is responsible for the transportation of property from the point of receipt to the point of destination, and utilizes for the whole or any part of such transportation the services of a direct air carrier or its agent, or of another air freight forwarder.

Gateway airport abroad means the airport from which the traveler last embarks en route to the United States or at which

the traveler first debarks incident to travel from the United States.

Gateway airport in the United States means the last U.S. airport from which the traveler's flight departs or the first U.S. airport at which the traveler's flight arrives.

International air transportation means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

United States means the 50 States, the District of Columbia, and outlying areas of the United States.

U.S.-flag air carrier means an entity granted authority to provide air transportation in the form of a certificate of public convenience and necessity under 49 U.S.C. 41102.

47.402 Policy.

Under the Fly America Act, Federal employees and their dependents, consultants, contractors, grantees, and others must

use, if available, U.S.-flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property.

47.403 Guidelines for implementation of the Fly America Act.

This section 47.403 reflects the Guidelines for Implementation of the Fly America Act (case number B-138942), issued by

the Comptroller General of the United States on March 31, 1981.

47.403-1 Availability and unavailability of U.S.-flag air carrier service.

(a) If a U.S.-flag air carrier cannot provide the international air transportation needed or if use of U.S.-flag air carrier service would not accomplish an agency's mission, the agency may use a foreign-flag air carrier service as necessary.

(b) Consider a U.S.-flag air carrier service as available even though?

(1) A foreign-flag air carrier can provide comparable or a different kind of service at less cost;

(2) The agency or traveler prefers, or finds convenient, foreign-flag air carrier service; or

(3) Excess foreign currency is available to pay for foreign-flag air carrier service (unless U.S.-flag air carriers decline to

accept excess or near excess foreign currencies for transportation payable only out of such monies).

(c) Except as provided in paragraph (a), use U.S.-flag air carrier service for U.S. Government-financed commercial foreign

air travel if U.S.-flag air carrier service is available. In determining availability of a U.S.-flag air carrier, apply the following

scheduling principles unless their application would result in the last or first leg of travel to or from the United States being

performed by a foreign-flag air carrier:

(1) Use U.S.-flag air carrier service available at point of origin to destination or, in the absence of direct or through

service, to the farthest interchange point on a usually traveled route.

(2) When a U.S.-flag air carrier does not serve an origin or interchange point, use foreign-flag air carrier service only to

the nearest interchange point on a usually traveled route to connect with U.S.-flag air carrier service.

(3) When a U.S.-flag air carrier involuntarily reroutes the traveler via a foreign-flag air carrier, the traveler may use the

foreign-flag air carrier notwithstanding the availability of alternative U.S.-flag air carrier service.

(d) For travel between a gateway airport in the United States and a gateway airport abroad, consider passenger service by

U.S.-flag air carrier unavailable if?

(1) The gateway airport abroad is the traveler's origin or destination airport, and use of U.S.-flag air carrier service

would extend the time in a travel status, including delay at origin and accelerated arrival at destination, by at least 24 hours

more than travel by a foreign-flag air carrier; or

47.4-1

47.403-2 FEDERAL ACQUISITION REGULATION

(2) (i) The gateway airport abroad is an interchange point and use of U.S.-flag air carrier service would require the

traveler to wait 6 hours or more to make connections at that point; or

(ii) Delayed departure from, or accelerated arrival at, the gateway airport in the United States would extend time in a

travel status by at least 6 hours more than travel by a foreign-flag air carrier.

(e) The rules in paragraphs (a), (b), and (c) apply to travel between two points outside the United States, but do not consider passenger service by a U.S.-flag air carrier reasonably available if?

(1) Travel by a foreign-flag air carrier would eliminate two or more aircraft changes en route;

(2) One of the two points abroad is the gateway airport en route to or from the United States and the use of a

U.S.-flag

air carrier would extend the time in a travel status by at least 6 hours more than travel by a foreign-flag air carrier, including

accelerated arrival at the overseas destination or delayed departure from the overseas origin, as well as delay at the gateway

airport or other interchange point abroad; or

(3) The travel is not part of the trip to or from the United States and the use of a U.S.-flag air carrier would extend

the time in a travel status by at least 6 hours more than travel by a foreign-flag air carrier including delay at origin, delay en

route, and accelerated arrival at destination.

(f) For all short-distance travel under either paragraph (d) or paragraph (e), do not consider U.S. air carrier service available when the elapsed travel time on a scheduled flight from origin to destination airport by foreign-flag air carrier is 3

hours or less and service by a U.S.-flag air carrier would involve at least 6 hours of travel time.

47.403-2 Air transport agreements between the United States and foreign governments.

Nothing in the guidelines of the Comptroller General (see 47.403) precludes, and no penalty results from, use of a foreign-flag air carrier that provides transportation under an air transport agreement between the United States and a foreign

government, the terms of which are consistent with the international aviation policy goals at 49 U.S.C. 40101 and provide

reciprocal rights and benefits.

47.403-3 Disallowance of expenditures.

(a) (1) Agencies must disallow expenditures for U.S. Government-financed commercial international air transportation on

foreign-flag air carriers unless the contractor attaches to the voucher a memorandum adequately explaining why?

(i) Service by U.S.-flag air carriers was not available; or

(ii) Use of foreign-flag air carriers was necessary.

(2) The contractor's use of a statement of unavailability similar to the one contained in the clause at 52.247-63,

Preference for U.S.-Flag Air Carriers, satisfies this memorandum requirement.

(b) When the travel is by indirect route, or the traveler otherwise fails to use available U.S.-flag air carrier service, the

amount disallowed against the traveler is based on the loss of revenues suffered by U.S.-flag air carriers. Use the following

formula, which is prescribed and more fully explained in 56 Comp. Gen. 209 (1977), to calculate the amount disallowed:

47.4-2**SUBPART 47.4 - AIR TRANSPORTATION BY U.S.-FLAG CARRIERS 47.405****47.404 Air freight forwarders.**

(a) Agencies may use air freight forwarders that are engaged in international air transportation (49 U.S.C. 40102(a)(23))

for U.S. Government-financed movements of property. The rule on disallowance of expenditures in 47.403-3(a) applies also

to the air carriers used by these international air freight forwarders.

(b) Agency personnel must inform international air freight forwarders that to facilitate prompt payments of their bills, the

forwarder must submit with their bills?

(1) A copy of the airway bill or manifest showing the air carriers used; and

(2) Justification for the use of foreign-flag air carriers similar to the one shown in the clause at 52.247-63, Preference

for U.S.-Flag Air Carriers.

47.405 Contract clauses.

(a) Insert the clause at 52.247-63, Preference for U.S.-Flag Air Carriers, in solicitations and contracts when the possibility

exists that performance of the contract will entail U.S. Government-financed international air transportation of personnel (and their personal effects) or property. This clause does not apply to contracts awarded using the simplified acquisition

procedures in part 13 or contracts for commercial products (see part 12).

(b) Insert the clause at 52.247-69, Reporting Requirement for U.S.-Flag Air Carriers Regarding Training to Prevent Human Trafficking, in solicitations and contracts with a U.S.-flag air carrier for the transportation by air of passengers. This

clause does not apply to solicitations issued or contracts awarded?

(1) By the Department of Defense; or

(2) For commercial products.

47.4-3

This page intentionally left blank.

47.4-4

SUBPART 47.5 - OCEAN TRANSPORTATION BY U.S.-FLAG VESSELS 47.503

Subpart 47.5 - Ocean Transportation by U.S.-Flag Vessels

47.500 Scope of subpart.

(a) This subpart describes policy and procedures for giving preference to U.S.-flag vessels when transportation of supplies

by ocean vessel is required.

(b) This subpart does not apply to the Department of Defense (DoD). Policy and procedures applicable to DoD appear in

DFARS subpart 247.5.

47.501 Definitions.

As used in this subpart?

Dry bulk carrier means a vessel used primarily for the carriage of shipload lots of homogeneous unmarked nonliquid cargoes such as grain, coal, cement, and lumber.

Dry cargo liner means a vessel used for the carriage of heterogeneous marked cargoes in parcel lots. However, any cargo

may be carried in these vessels, including part cargoes of dry bulk items or, when carried in deep tanks, bulk liquids such as

petroleum and vegetable oils.

Foreign-flag vessel means any vessel of foreign registry including vessels owned by U.S. citizens but registered in a nation

other than the United States.

Government vessel means a vessel owned by the U.S. Government and operated directly by the Government or for the Government by an agent or contractor, including a privately owned U.S.-flag vessel under bareboat charter to the Government.

Privately owned U.S.-flag commercial vessel means a vessel (1) registered and operated under the laws of the United States, (2) used in commercial trade of the United States, (3) owned and operated by U.S. citizens, including a vessel under voyage or time charter to the Government, and (4) a Government-owned vessel under bareboat charter to, and operated by, U.S. citizens.

Tanker means a vessel used primarily for the carriage of bulk liquid cargoes such as liquid petroleum products, vegetable oils, and molasses.

U.S.-flag vessel when used independently means either a Government vessel or a privately owned U.S.-flag commercial vessel.

47.502 Policy.

(a) The Cargo Preference Act of 1954 (46 U.S.C. 55305) requires Government agencies acquiring, either within or outside the United States, supplies that might require ocean transportation to ensure that contractors transport at least 50 percent of the gross tonnage of these supplies (computed separately for dry bulk carriers, dry cargo liners, and tankers) on privately owned U.S.-flag commercial vessels. This requirement applies?

(1) To the extent that such vessels are available at rates that are fair and reasonable for U.S.-flag commercial vessels;

and

(2) When the supplies are?

(i) Acquired for the account of the United States;

(ii) Furnished to, or for the account of, a foreign nation without provision for reimbursement;

(iii) Furnished for the account of a foreign nation in connection with which the United States advances funds or credits, or guarantees the convertibility of foreign currencies; or

(iv) Acquired with advance of funds, loans, or guaranties made by or on behalf of the United States.

(b) The Cargo Preference Act of 1904 (10 U.S.C. 2631) requires agencies buying supplies for the Department of Defense

to use only U.S.-flag vessels for ocean transportation, unless those vessels are not available at fair and reasonable rates.

47.503 Applicability.

(a) Except as stated in paragraph (b) below and in 47.504, the Cargo Preference Acts of 1904 and 1954, described in

47.502, apply to the following cargoes:

(1) Supplies owned by the Government and in the possession of?

(i) The Government;

(ii) A contractor; or

(iii) A subcontractor at any tier.

47.5-1

47.504 FEDERAL ACQUISITION REGULATION

(2) Supplies not owned by the Government at the time of shipment that the Government acquires for its own use and

for which it requires subsequent delivery to a Government activity.

(3) Supplies not owned by the Government at the time of shipment that are to be transported for distribution to foreign

assistance programs, but only if these supplies are not acquired or contracted for with local currency funds (see 47.504(b)).

(b) Government-owned supplies to be shipped commercially that are?

(1) In the possession of a department, a contractor, or a subcontractor at any tier; and

(2) For use of military departments must be transported exclusively in privately owned U.S.-flag commercial vessels if

such vessels are available at rates that are fair and reasonable for U.S.-flag commercial vessels.

(c) The 50-percent requirement does not preclude use of privately owned U.S.-flag commercial vessels for transportation

of up to 100 percent of the cargo subject to the Cargo Preference Act of 1954.

47.504 Exceptions.

The policy and procedures in this subpart do not apply to the following:

(a) Shipments aboard vessels as required or authorized by law or treaty.

(b) Ocean transportation between foreign countries of supplies purchased with foreign currencies made available, or

derived from funds that are made available, under the Foreign Assistance Act of 1961 (22 U.S.C. 2353).

(c) Shipments of classified supplies when the classification prohibits the use of non-Government vessels.

(d) Subcontracts for the acquisition of commercial products, including commercial components, or commercial services

(see part 12). This exception does not apply to?

(1) Grants-in-aid shipments, such as agricultural and food-aid shipments;

(2) Shipments covered under 46 U.S.C. 55305, such as those generated by Export-Import Bank loans or guarantees;

(3) Subcontracts under?

(i) Government contracts or agreements for ocean transportation services; or

(ii) Construction contracts; or

(4) Shipments of commercial products that are?

(i) Items the contractor is reselling or distributing to the Government without adding value (see part 12). Generally, the contractor does not add value to the items when it subcontracts items for f.o.b. destination shipment; or

(ii) Shipped in direct support of U.S. military?

(A) Contingency operations;

(B) Exercises; or

(C) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or

peacekeeping operations.

47.505 [Reserved]

47.506 Procedure.

If the contractor notifies the contracting officer that a privately owned U.S.-flag commercial vessel is not available, then seek assistance from the transportation activity.

47.507 Contract clauses.

(a) (1) Insert the clause at 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels, in solicitations and

contracts that may involve ocean transportation of supplies subject to the Cargo Preference Act of 1954. (For application of

the Cargo Preference Act of 1954, see 47.502(a), 47.503(a), and 47.504.)

(2) If a statute or agency procedures require transportation of the supplies furnished under the contracts exclusively in

privately owned U.S.-flag commercial vessels (see 47.502(b) and 47.503(b)), use the clause with its Alternate I.

(3) Except for contracts or agreements for ocean transportation services or construction contracts, use the clause with its

Alternate II if any of the supplies to be transported are commercial products that are shipped in direct support of U.S. military

?

(i) Contingency operations;

(ii) Exercises; or

(iii) Forces deployed in connection with United Nations or North Atlantic Treaty Organization humanitarian or peacekeeping operations.

47.5-2

SUBPART 47.5 - OCEAN TRANSPORTATION BY U.S.-FLAG VESSELS 47.507

(b) The contracting officer may, under agency procedures, insert in solicitations and contracts additional clauses concerning the vessels used.

48-2

SUBPART 48.1 - POLICIES AND PROCEDURES 48.102

48.001 Definitions.

As used in this part?

Acquisition savings means savings resulting from the application of a value engineering change proposal (VECP) to contracts awarded by the same contracting office of its successor for essentially the same unit. Acquisition savings include?

(1) Instant contract savings, that are the net cost reductions on the contract under which the VECP is submitted and

accepted, and that are equal to the instant unit cost reduction multiplied by the number of instant contract units affected by the

VECP, less the contractor's allowable development and implementation costs;

(2) Concurrent contract savings, that are net reductions in the prices of other contracts that are definitized and ongoing

at the time the VECP is accepted; and

(3) Future contract savings, that are the product of the future unit cost reduction multiplied by the number of future

contract units in the sharing base. On an instant contract, future contract savings include savings on increases in quantities

after VECP acceptance that are due to contract modifications, exercise of options, additional orders, and funding of subsequent year requirements on a multiyear contract.

Collateral costs means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contracting office includes any contracting office that the acquisition is transferred to, such as another branch of the agency or another agency's office that is performing a joint acquisition action.

Contractor's development and implementation costs means those costs the contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the contractor incurs to make the contractual

changes required by Government acceptance of a VECP.

Future unit cost reduction means the instant unit cost reduction adjusted as the contracting officer considers necessary for projected learning or changes in quantity during the sharing period. It is calculated at the time the VECP is accepted and

applies either?

- (1) Throughout the sharing period, unless the contracting officer decides that recalculation is necessary because

conditions are significantly different from those previously anticipated; or

- (2) To the calculation of a lump-sum payment, that cannot later be revised.

Instant contract means the contract under which the VECP is submitted. It does not include increases in quantities after acceptance of the VECP that are due to contract modifications, exercise of options, or additional orders. If the contract is

a multiyear contract, the term does not include quantities funded after VECP acceptance. In a fixed-price contract with prospective price redetermination, the term refers to the period for which firm prices have been established.

Instant unit cost reduction means the amount of the decrease in unit cost of performance (without deducting any contractor's development or implementation costs) resulting from using the VECP on the instant contract. In service contracts, the instant unit cost reduction is normally equal to the number of hours per line-item task saved by using the VECP

on the instant contract, multiplied by the appropriate contract labor rate.

Sharing base means the number of affected end items on contracts of the contracting office accepting the VECP.

Sharing period means the period beginning with acceptance of the first unit incorporating the VECP and ending at a calendar date or event determined by the contracting officer for each VECP.

Unit means the item or task to which the contracting officer and the contractor agree the VECP applies.

Value engineering proposal means, in connection with an A-E contract, a change proposal developed by employees of the Federal Government or contractor value engineering personnel under contract to an agency to provide value engineering

services for the contract or program.

Subpart 48.1 - Policies and Procedures

48.101 General.

Value engineering is a formal technique where contractors may (1) voluntarily suggest more economical methods and share resulting savings or (2) be required to create programs to identify and submit more economical methods to the

Government.

48.102 Policies.

- (a) As 41 U.S.C. 1711 requires, agencies must create and maintain cost-effective value engineering procedures. Agencies

must offer contractors substantial financial incentives to develop and submit VECPS. Contracting offices must include value

48.1-1

48.102 FEDERAL ACQUISITION REGULATION

engineering provisions in appropriate supply, service, architect-engineer and construction contracts as sections 48.201 and

48.202 direct, except when the agency head grants exemptions for specific cases or contract classes.

- (b) Non-Department of Defense agencies must use the value engineering program requirement clause (52.248-1,

Alternates I or II) in initial production contracts for major systems and for major systems research and development contracts.

Exceptions apply when the contracting officer determines and documents that such use is inappropriate.

(c) Department of Defense contracts must include the VE program requirement clause (52.248-1, Alternates I or II) in

initial production solicitations and contracts (first and second buys) for major system acquisitions under DoD Directive

5000.1. Exceptions include:

(1) Cases where the prime contractor has proven effective VE work in earlier phases or similar production contracts.

(2) Contracts awarded through competition.

48.1-2

SUBPART 48.2 - CONTRACT CLAUSES 48.202

Subpart 48.2 - Contract Clauses

48.201 Clauses for supply or service contracts.

(a) General. The contracting officer must add a value engineering clause to solicitations and contracts exceeding the

simplified acquisition threshold, except as noted in paragraphs (a)(1) through (5) and paragraph (f). Without approval from

the chief of the contracting office, a value engineering clause must not be included in solicitations and contracts for:

(1) Research and development except full-scale development;

(2) Engineering services from nonprofit organizations;

(3) Personal services (see part 37);

(4) Product or component improvement, unless the value engineering incentive applies only to areas not covered by

improvement provisions;

(5) Commercial products without special packaging or other requirements; or

(6) Contracts exempted by the agency head from part 48 requirements.

(b) Value engineering incentive. To create a value engineering incentive, the contracting officer must add clause 52.248-1,

Value Engineering, to solicitations and contracts with exceptions noted in paragraph (a) and considerations in paragraph (e)

(1) of this section.

(c) Value engineering program requirement. (1) For mandatory value engineering efforts (when substantial government

savings may result from sustained, specified effort levels), the contracting officer must use the clause with Alternate I, noting

considerations in paragraph (e)(2) of this section.

(2) The government may specify the value engineering program requirement in the solicitation. In negotiated contracts,

contractors may propose it in their offers as a negotiation topic. The program requirement must appear as a separate line item

in the contract Schedule.

(d) Value engineering incentive and program requirement. (1) When both a value engineering incentive and program

requirement are appropriate, the contracting officer must use the clause with Alternate II, noting considerations in paragraph

(e)(3) of this section.

(2) The contract must limit the value engineering program to clearly defined performance areas listed by line item.

Alternate II applies a value engineering program to those specified areas and a value engineering incentive to all other contract areas.

(e) When calculating collateral savings costs more than the benefits, the head of the contracting activity may determine the

contracting officer must use the clause with:

(1) Alternate III for value engineering incentives;

(2) Alternate III and Alternate I for value engineering program requirements; or

(3) Alternate III and Alternate II for combined incentives and program requirements.

(f) Architect-engineer contracts. For contracts requiring specific value engineering effort in architect-engineer work, the

contracting officer must add clause 52.248-2, Value Engineering Architect-Engineer. Clause 52.248-1, Value Engineering,

must not appear in architect-engineer solicitations and contracts.

(g) For engineering-development contracts and those with early production units, the contracting officer must modify

clause 52.248-1 by:

(1) Replacing the text in paragraph (i)(3)(i) of the clause with language about quantities delivered over 36-60 months

during peak production; and

(2) Revising the first sentence in paragraph (3) of the definition of "acquisition savings" with similar language about

quantities over 36-60 months during peak production.

(h) For extended production periods (like ship construction or major systems), when agency procedures require sharing

future contract savings on all units delivered under contracts awarded during the sharing period, the contracting officer must

modify clause 52.248-1 by revising its paragraph (i)(3)(i) and the first sentence under paragraph (3) of the definition of "acquisition savings" with language about contracts awarded during the sharing period.

48.202 Clause for construction contracts.

Insert the clause 52.248-3, Value Engineering-Construction, in construction solicitations and contracts exceeding the simplified acquisition threshold, unless creating an incentive contract. This clause must not appear in incentive-type construction contracts. When computing and tracking collateral savings costs more than the benefits, as determined by the

head of the contracting activity, the contracting officer must use the clause with its Alternate I.

49-2

SUBPART 49.1 - GENERAL PRINCIPLES 49.100

49.000 Scope of part.

(a) This part covers the policy and procedures for terminating contracts early. The Government can terminate contracts for

two main reasons:

(1) For its own convenience.

(2) Because the contractor failed to perform (called "default").

(b) This part prescribes?

(1) The contract clauses relating to termination and excusable delay; and

(2) Instructions for using termination and settlement forms.

49.001 Definitions.

As used in this part?

Other work means Government and commercial work the contractor is doing now or plans to do later, which does not include work on the contract that was terminated.

Plant clearance period means a set time period that starts when the contract is completed or terminated and ends 90 days

after the contracting officer receives acceptable inventory schedules for each property classification. The parties can agree to

make this period longer if needed. The final phase starts after the contracting officer receives acceptable inventory schedules.

Settlement agreement means a written agreement in the form of a contract modification that settles all or part of a settlement proposal

Settlement proposal means a contractor's or subcontractor's proposal for ending a contract terminated in whole or in part.

The proposal must use the required forms and include supporting data from this part. Settlement proposals count as "claims"

under false claims laws (see 18 U.S.C. 287 and 31 U.S.C. 3729).

Unsettled contract change means a contract change or contract term for which a formal modification is required but has not been executed.

49.002 Applicability.

- (a) (1) This part applies to contracts that allow termination for Government convenience or contractor default. See part 13

for information on simplified acquisition contracts.

- (2) This part does not apply to contracts for commercial products and commercial services awarded under part 12

procedures. For those contracts, use part 12 for termination policies. This part can be used as guidance for those contracts, but

only if it does not conflict with part 12 or the applicable clause.

(b) Contractors must use this part to settle subcontracts terminated after a cost-reimbursement prime contract is modified, unless the contracting officer deems such a use inappropriate. The contracting officer must use this part as a guide when reviewing subcontract settlements. This applies when the contractor uses the subcontract settlement as basis for

reimbursement under a cost-reimbursement contract.

(c) The contracting officer may use this part to determine equitable adjustments resulting from a modification under Changes clauses. This does not apply to cost-reimbursement contracts.

- (d) When this part refers to the "amount" of a settlement proposal, calculate as follows:

(1) Start with the total settlement amount requested.

(2) Then subtract?

(i) Amounts due for completed work at the contract price; and

(ii) Amounts for settling subcontractor proposals.

(3) Do not subtract?

(i) Credits from keeping or selling termination inventory; and

(ii) Advance or partial payments already made.

Subpart 49.1 - General Principles

49.100 Scope of subpart.

- (a) This subpart covers-

(1) The authority and duties of contracting officers to terminate contracts completely or partially for Government convenience or contractor default;

(2) What contractors and contracting officers must do after a termination notice;

(3) Basic procedures for settling terminated contracts; and

49.1-1

49.101 FEDERAL ACQUISITION REGULATION

(4) Settlement agreements.

- (b) More detailed rules are in other subparts. Subparts 49.2 and 49.3 cover convenience terminations and

settlements for

fixed-price and cost-reimbursement contracts. Subpart 49.4 covers default terminations.

49.101 Authorities and responsibilities.

(a) Contract termination clauses give contracting officers the authority to?

- (1) Terminate contracts for convenience or default; and
- (2) Enter into settlement agreements under this regulation.

(b) The contracting officer must terminate contracts, whether for default or convenience, only when it is in the Government's interest. Use a no-cost settlement instead of a termination notice when?

- (1) It is known that the contractor will accept it;
- (2) Government property was not furnished; and
- (3) There are no outstanding payments, debts due the Government, or other contractor obligations.

(c) Contracting officers should not terminate a contract for convenience when the remaining work is worth less than \$5,000.

(d) After the contracting officer or termination contracting officer (TCO) issues a termination notice, the TCO handles

the settlement negotiations, including no-cost settlements if appropriate. The TCO is responsible for working out payment

details with the contractor. Auditors and TCOs must work quickly on reviews, negotiations, and give special attention to small business settlements.

(e) When the same item is under contract with both large and small businesses, and the contracting officer needs to

terminate some of the undelivered items for convenience, the contracting officer must give preference to continuing small

business contracts unless it can be clearly shown that the small business will be unable to provide the item in a timely fashion.

(f) The contracting officer handles releasing extra funds from terminations. This responsibility can be given to the TCO if

specified in writing.

49.102 Notice of termination.

(a) General. Contracting officers must terminate contracts only with a written notice to the contractor. See 49.601 for

the notice format. The notice of termination may be expedited by means of electronic communication capable of providing

confirmation of receipt by the contractor. When mailing the notice, use certified mail and request return receipt. If hand-delivering the notice, get written acknowledgment from the contractor. The notice must include the following:

- (1) Why the contract is terminated (convenience or default) and the related contract clause.
- (2) When the termination takes effect.
- (3) How much of the contract is terminated (partial or complete). If partial, which parts are terminated.
- (4) Any special instructions.

(5) Steps the contractor should take to help employees if the termination, together with all other outstanding terminations, will cause significant job losses. See 49.601-2, paragraph (g).

(b) Distribution of copies. The contracting officer must simultaneously send the termination notice to the contractor; the

contract administration office; and any known assignee, guarantor, or surety.

(c) Amendment of termination notice. The contracting officer may amend a termination notice to-

- (1) Fix minor mistakes;
- (2) Add more information or instructions; or
- (3) Rescind the notice if it is discovered that the terminated items were completed or shipped before the contractor

received the notice.

(d) Reinstatement of terminated contracts. Upon written consent of the contractor, the contracting office may reinstate a

terminated portion of a contract in whole or in part by amending the notice of termination if it has been determined in writing

that-

- (1) Circumstances clearly indicate that the Government still needs the terminated items; and
- (2) Reinstatement benefits the Government.

49.103 Methods of settlement.

(a) Settlement of terminated cost-reimbursement contracts and fixed-price contracts terminated for convenience may be

effected by-

49.1-2

SUBPART 49.1 - GENERAL PRINCIPLES 49.105

- (1) Negotiated agreement;
- (2) Determination by the TCO;
- (3) Costing-out under vouchers using SF 1034, Public Voucher for Purchases and Services Other Than Personal, for

cost-reimbursement contracts (as prescribed in subpart 49.3); or

- (4) A combination of these methods.

(b) When possible, the TCO should negotiate a fair and prompt settlement with the contractor. The TCO must settle a

settlement proposal by determination only when it cannot be settled by agreement.

49.104 Duties of prime contractor after receipt of notice of termination.

After receiving a termination notice, the contractor is required to follow the notice and the termination clause of the contract, except as otherwise directed by the TCO. The notice and clause for convenience terminations generally require the

contractor to?

- (a) Stop work immediately on the terminated portion of the contract and stop placing subcontracts for that work;
- (b) Terminate all subcontracts related to the terminated portion of the prime contract;
- (c) Immediately tell the TCO about any special circumstances that prevent stopping work;
- (d) Perform the continued portion of the contract and submit promptly any request for an equitable adjustment of price for

the continued portion, if the termination is partial. Support this request with evidence of any cost increases;

(e) Take necessary or directed action to protect and preserve property in the contractor's possession in which the Government has or may acquire an interest. When directed by the TCO, deliver this property to the Government;

- (f) Promptly notify the TCO in writing of any legal proceedings arising from any subcontract or other commitment related

to the terminated portion of the contract;

(g) Settle outstanding liabilities and proposals arising from termination of subcontracts. Get any approvals or ratifications

the TCO requires;

(h) Promptly submit the contractor's own settlement proposal, supported by appropriate schedules; and

(i) Dispose of termination inventory as directed or authorized by the TCO.

49.105 Duties of termination contracting officer after issuance of notice of termination.

(a) Following the termination clause and termination notice, the TCO must-

(1) Tell the prime contractor what actions to take;

(2) Review the prime contractor's settlement proposal and, when appropriate, subcontractor settlement proposals;

(3) Quickly negotiate settlement with the contractor and make a settlement agreement; and

(4) Quickly settle the contractor's settlement proposal by determination for portions on which agreement cannot be

reached, if a complete settlement cannot be negotiated.

(b) To speed up settlement, the TCO may ask for specially trained people to-

(1) Assist in dealings with the contractor;

(2) Advise on legal and contract matters;

(3) Conduct accounting reviews and assist with accounting matters; and

(4) Handle the following termination inventory tasks (see subpart 45.6):

(i) Verify the inventory exists;

(ii) Decide what can be allocated and in what amounts;

(iii) Recommend whether items can be used or are serviceable;

(iv) Do necessary screening and redistribution; and

(v) Help the contractor get rid of remaining items.

(c) The TCO should quickly hold a meeting with the contractor to make a clear plan for completing the settlement.

When

appropriate, after talking with the contractor, major subcontractors should be asked to attend. Topics to be discussed and

documented include the following:

(1) Basic rules for settling any settlement proposal, including what the contractor must do under the termination clause.

(2) How much of the contract is terminated, when work stops, and status of plans, drawings, and information that

would have been delivered if the contract had been completed.

(3) Status of any continuing work;

(4) The contractor's duty to terminate subcontracts and basic rules for settling subcontractor settlement proposals.

(5) Names of subcontractors involved and dates the termination notices were issued to them.

(6) Contractor staff handling review and settlement of subcontractor settlement proposals and methods being used.

49.1-3

49.105-1 FEDERAL ACQUISITION REGULATION

(7) Plans for transferring title and for delivering to the Government any materials the Government needs.

(8) Basic rules and procedures for protecting, preserving, and getting rid of contractor and subcontractor

termination

inventories, including preparing termination inventory schedules.

(9) Contractor accounting practices and preparation of SF 1439 (Schedule of Accounting Information (49.602-3)).

(10) What form to use when submitting settlement proposals.

(11) Accounting review of settlement proposals.

(12) Any need for interim financing through partial payments.;

(13) Rough timeline for negotiating the settlement, including when the contractor and subcontractors must submit

settlement proposals, termination inventory schedules, and accounting information schedules (see 49.206-3 and 49.303-2).

(14) Actions taken by the contractor to reduce harm to employees hurt by the termination (see paragraph (g) of the

letter notice in 49.601-2).

(15) Contractor's duty to provide accurate, complete, and current cost or pricing data, and to certify this data (see part

15 requirements for certified cost or pricing data) when the termination settlement amount, or partial termination settlement

amount plus the estimated cost to complete the continued work, exceeds the cost or pricing data threshold in part 15.

49.105-1 Release of excess funds.

(a) The TCO must estimate funds needed for settlement, and within 30 days of receiving the termination notice, recommend that the contracting officer release excess funds. The contracting officer or TCO (if given the responsibility) should quickly release the initial excess funds. The TCO must not recommend releasing amounts under \$1,000 unless requested by the contracting officer.

(b) The TCO must continuously monitor funding requirements in order to release additional excess funds promptly. See 49.604 for a recommended format. If previous funding releases create a shortage for settlement, the TCO must tell the

contracting officer immediately. The contracting officer must restore the funds within 30 days.

49.105-2 Cleanup of construction site.

For terminated construction contracts, the contracting officer must direct cleanup actions to ensure: site cleanup, protection

of usable materials, removal of hazards, and any other actions needed for a safe and healthy site.

49.106 Fraud or other criminal conduct.

If the TCO suspects fraud or other criminal conduct related to the settlement of a terminated contract, the TCO shall discontinue negotiations and report the facts under agency procedures.

49.107 Audit of prime contract settlement proposals and subcontract settlements.

(a) Prime contractor audits. The TCO must send settlement proposals to the audit agency for review when the value meets

or exceeds the certified cost or pricing data threshold in part 15. The TCO may send proposals valued below the threshold for

certified cost and pricing data for audit review.

(1) When referring proposals, include-

(i) Specific information the TCO considers relevant; and

(ii) Facts and circumstances to help the audit agency.

(2) The audit agency must-

- (i) Develop requested information;
- (ii) Make additional accounting reviews as appropriate; and
- (iii) Submit written comments and recommendations to the TCO.

(3) For proposals under the threshold that do not need formal examination, the TCO will do a desk review and include a

written summary in the termination case file.

(b) Subcontract settlement audits. The TCO must refer subcontract settlements to the audit agency when?

- (1) The amount exceeds the certified cost or pricing data threshold; or
- (2) The TCO decides a complete or partial accounting review is advisable. The audit agency must submit written

comments and recommendations to the TCO. This review does not remove the prime contractor's or higher-tier subcontractor's responsibility to do their own accounting review.

(c) Contractor responsibilities.

- (1) Prime contractors and subcontractors must perform accounting reviews and necessary field audits. However, the

TCO should request a Government audit of a subcontractor's settlement proposal when?

49.1-4

SUBPART 49.1 - GENERAL PRINCIPLES 49.108-3

- (i) A subcontractor objects, for competitive reasons, to an upper-tier contractor reviewing its records;
- (ii) The Government audit agency is already working at the subcontractor's location, or can do the audit more economically;
- (iii) Government audit is needed for consistent treatment and orderly administration; or
- (iv) The contractor has substantial or controlling financial interest in the subcontractor.

(2) The audit agency should avoid duplicating reviews done by upper-tier contractors. However, this does not prevent

additional Government reviews when appropriate.

(3) When contractors perform accounting reviews, the TCO should ask the audit agency to periodically examine the

contractor's procedures and performance, and provide comments and recommendations to the TCO.

(d) Using audit reports. Audit reports are advisory only. The TCO uses them for negotiating settlements or making unilateral determinations. Government personnel handling audit reports must be careful not to reveal privileged information

that could hurt the negotiation position of the Government, prime contractor, or higher-tier subcontractor. When appropriate

and in the Government's best interest, the TCO may give audit reports to prime contractors and higher-tier subcontractors for

settling subcontract proposals.

49.108 Settlement of subcontract settlement proposals.

49.108-1 Subcontractor's rights.

Subcontractors have no direct contract rights against the Government when a prime contract is terminated. Subcontractors

may have rights against the prime contractor or intermediate subcontractor with whom it has contracted. When a prime contract is terminated, the prime contractor and each subcontractor are responsible for promptly settling the settlement

proposals of their immediate subcontractors.

49.108-2 Prime contractor's rights and obligations.

(a) Termination for convenience clauses require prime contractors to terminate subcontracts related to terminated prime work unless the TCO directs otherwise. Prime contractors should include termination clauses in their subcontracts for their protection. See subpart 49.5 for suggestions on subcontract termination clauses.

(b) If a prime contractor fails to include proper termination clauses in subcontracts or fails to exercise clause rights, this does not?

(1) Affect the Government's right to require subcontract termination; or

(2) Increase Government obligations beyond what they would have been with proper clauses.

(c) Normally, the TCO should measure the reasonableness of prime contractor settlements with subcontractors by the total amount due under paragraph (f) of the subcontract termination clause suggested in 49.502(e). The TCO must allow reimbursement above that amount only in unusual cases and only when the subcontract terms did not unreasonably increase the subcontractor's rights.

49.108-3 Settlement procedure.

(a) Contractors must settle with subcontractors following the same policies and principles used for prime contract settlements in this subpart and subparts 49.2 or 49.3. However, the prime contractor or next higher tier subcontractor must accept the basis and form of the subcontractor's settlement proposal. Each settlement must have enough accounting data and other information for the Government to adequately review it. The Government will never pay the prime contractor any amount for lost anticipated profits or consequential damages from terminating any subcontract (but see 49.108-5).

(b) Except as provided in 49.108-4, the TCO must require that-

(1) All subcontractor termination inventory be disposed of and accounted for following the procedures in paragraph (j)

of clause 52.245-1, Government Property; and

(2) The prime contractor submit all termination settlements with subcontractors for approval or ratification.

(c) The TCO must quickly examine each subcontract settlement received to determine whether-

(1) The subcontract termination was necessary because of the prime contract termination (or because of a change order

?see 49.002(c));

(2) The settlement was made in good faith;

(3) The settlement amount is reasonable; and

(4) The settlement is allocable to the terminated portion of the contract (or if only partially allocable, that the proposed

allocation is reasonable).

49.1-5

49.108-4 FEDERAL ACQUISITION REGULATION

(d) When considering if any subcontract settlement is reasonable, the TCO must generally follow the provisions in this

part for settling prime contracts. The TCO must also comply with any applicable requirements in 49.106 and 49.111 for

accounting and other reviews. After the examination, the TCO must notify the contractor in writing of?

- (1) Approval or ratification; and
- (2) The reasons for disapproval.

49.108-4 Authorization for subcontract settlements without approval or ratification.

(a) (1) The TCO may give written authorization to the prime contractor to complete settlements of subcontracts terminated in whole or in part without approval or ratification when the settlement amount (see 49.002(d)) is \$100,000 or

less. This requires a written request from the contractor. The TCO may grant this authorization if?

(i) The TCO is satisfied with the adequacy of the procedures used by the contractor in settling settlement proposals,

including proposals for keeping, selling, or otherwise disposing of termination inventory of the immediate and lower tier subcontractors. The TCO must obtain advice and recommendations from?

(A) The appropriate audit agency about the adequacy of the contractor's audit administration, including personnel; and

(B) The cognizant plant clearance officer about the adequacy of the contractor's procedures and personnel for handling property disposal matters;

(ii) Any termination inventory included in determining the settlement amount will be disposed of as directed by the prime contractor, except that disposing of the inventory will not be subject to-

- (A) Review by the TCO under 49.108-3(c); or
- (B) The screening requirements in 45.602-3; and

(iii) A certificate similar to the certificate in the settlement proposal form in 49.602-1(a) will accompany the settlement.

(2) Except as stated in paragraph (a)(4) of this section, authority granted to a prime contractor under paragraph (a)(1)

of this section by any TCO must apply to all Executive agencies' prime contracts that are terminated or modified by change orders.

(3) Except as stated in paragraph (a)(4) of this section, the TCO must accept settlements of terminated lower tier

subcontracts as part of the prime contractor's settlement proposal. This applies when the settlements are completed by any

of the prime contractor's immediate or lower-tier subcontractors who have been granted authority as prime contractors to settle subcontracts, provided that the settlement is within the limit of the authority. Authorization to settle proposals of lower-tier subcontractors must not be granted directly to subcontractors. However, a prime contractor authorized to approve

subcontractor settlements may also exercise this authority when acting as a subcontractor for its terminated subcontracts and

orders. When exercising this authority as a subcontractor, the contractor must notify the purchaser.

(4) The provisions of paragraphs (a)(1), (2), and (3) of this section do not apply to contracts under the

administration of

any contracting officer if the contracting officer notifies the prime contractor concerned. This notice must?

(i) Be in writing; and

(ii) If paragraph (a)(3) of this section is involved, specify any subcontractor affected.

(b) Section 45.602 must apply to disposal of completed end items allocable to the terminated subcontract.

However, these

items may be disposed of without review by the TCO under 49.108-3 and without screening under 45.602-3, if the items do

not require demilitarization and the total amount (at the subcontract price) when added to the settlement amount does not

exceed the amount authorized under this section.

(c) A TCO granting the authorization in paragraph (a)(1) of this section must periodically (at least annually) make a selective review of settlements and settlement procedures. This review determines if the contractor is making adequate reviews and fair settlements, and whether the authorization should remain in effect. The TCO must obtain advice and recommendations from the appropriate audit agency and the cognizant plant clearance officer. The TCO must revoke the

authorization by written notice to the contractor, effective on the date of receipt, when?

(1) The contractor's procedures are not adequate;

(2) Improper settlements are being made; or

(3) The authority has not been used in the preceding 2 years.

(d) The contractor may make any number of separate settlements with a single subcontractor but must not divide settlement proposals solely to bring them under an authorization limit. Separate settlement proposals that would normally be

included in a single proposal, such as those based on a series of separate orders for the same item under one contract, must be

consolidated whenever possible.

49.1-6

SUBPART 49.1 - GENERAL PRINCIPLES 49.109-1

(e) Upon written request of the contractor, the TCO may increase an authorization granted under paragraph (a)(1) of

this section to authorize the contractor to conclude settlements under a particular prime contract. The TCO may limit the increased authorization to specific subcontracts or classes of subcontracts.

(f) Authorizations granted under 49.108-4 do not authorize the settlement of requisitions or orders placed with any unit

within the contractor's corporate entity.

49.108-5 Recognition of judgments and arbitration awards.

(a) When a subcontractor obtains a final judgment against a prime contractor, the TCO must treat the judgment amount as

a cost of settling with the contractor. This applies to the extent the judgment is properly allocable to the terminated portion of

the prime contract, if these conditions are met:

(1) The prime contractor made reasonable efforts to include in the subcontract a termination clause described in

49.502(e), 49.503(c), or a similar clause that excludes payment of anticipatory profits or consequential

damages.

(2) The subcontract provisions about termination rights of both parties are fair and reasonable and do not unreasonably

increase the subcontractor's common law rights.

(3) The contractor made reasonable efforts to settle the subcontractor's settlement proposal.

(4) The contractor promptly notified the contracting officer when the proceedings that led to the judgment began and

did not refuse to give the Government control of the defense.

(5) The contractor defended the suit diligently or, if the Government took control of the defense, provided reasonable

assistance when requested.

(b) If not all conditions in paragraphs (a)(1) through (5) of this section are met, the TCO may allow the contractor the

part of the judgment considered fair for settling the subcontract proposal. The TCO must consider the policies in this part for

settlement proposals.

(c) When a contractor and subcontractor submit the subcontractor's settlement proposal to arbitration under any applicable

law or contract provision, the TCO must recognize the arbitration award as the cost of settling the contractor's proposal.

This

applies to the same extent and under the same conditions as in paragraphs (a) and (b) of this section.

49.108-6 Delay in settling subcontractor settlement proposals.

When a prime contractor's inability to settle with a subcontractor delays prime contract settlement, the TCO may settle with the prime contractor. The TCO must exclude the subcontractor settlement proposal from the settlement completely or

partially and reserve the rights of the Government and prime contractor regarding the subcontractor proposal.

49.108-7 Assignment of rights under subcontracts.

(a) Termination for convenience clauses in 52.249 (except short-form clauses) require prime contractors to assign to the

Government all rights, titles, and interests under any subcontract terminated because of prime contract termination. The TCO

directs this assignment. The TCO must not require assignment unless it benefits the Government.

(b) Termination for convenience clauses (except short-form clauses) also give the Government the right to settle and pay

any settlement proposal from a subcontract termination at its discretion. This right does not obligate the Government to settle

and pay subcontractor settlement proposals. Generally, the prime contractor must settle and pay these proposals. However,

when the TCO determines it benefits the Government, the TCO must settle the subcontractor's proposal using prime contract

settlement procedures after notifying the contractor (e.g., when a subcontractor is the only source and a delay by the prime

contractor in settlement or payment would hurt the subcontractor's financial position). Direct settlements with subcontractors

are not encouraged.

49.109 Settlement agreements.

49.109-1 General.

When a termination settlement has been negotiated and all required reviews have been obtained, the contractor and the

TCO must execute a settlement agreement. Use Standard Form 30 (Amendment of Solicitation/Modification of Contract) (see

49.603). The settlement must cover?

(a) Any offsets that the Government has against the contractor that may be applied against the terminated contract; and

(b) All subcontractor settlement proposals, except proposals that are specifically excluded from the agreement and reserved for separate settlement.

49.1-7

49.109-2 FEDERAL ACQUISITION REGULATION

49.109-2 Reservations.

(a) The TCO must?

(1) Reserve in the settlement agreement any rights or demands of the parties that are excluded from the settlement;

(2) Ensure reservation wording does not create rights for the parties beyond those existing before executing the

settlement agreement;

(3) Mark each applicable settlement agreement with "This settlement agreement contains a reservation" and keep in the

contract file until the reservation is removed;

(4) Ensure sufficient funds are kept to cover complete settlement of reserved items; and

(5) At the appropriate time, prepare a separate settlement of reserved items and include it in a separate settlement

agreement.

(b) A recommended format for settlement of reservations appears in 49.603-9.

49.109-3 Government property.

Before executing a settlement agreement, the TCO must determine the accuracy of the Government property account for

the terminated contract. If an audit reveals property the contractor cannot account for, the TCO must either?

(a) Reserve the Government's rights regarding that property in the settlement agreement; or

(b) Make an appropriate deduction from the amount otherwise due the contractor.

49.109-4 No-cost settlement.

The TCO must execute a no-cost settlement agreement (see 49.603-6 or 49.603-7, as applicable) if?

(a) The contractor has not incurred costs for the terminated contract portion; or

(b) The contractor is willing to waive the costs incurred; and

(c) No amounts are due the Government under the contract.

49.109-5 Partial settlements.

The TCO should try to settle all rights and liabilities of the parties in one agreement except those from any continuing contract portion. Generally, the TCO must not make partial settlements covering particular items of the prime contractor's

settlement proposal. However, the TCO may make a partial settlement when complete settlement cannot be finished promptly if?

- (a) Agreed upon issues are clearly severable from other issues; and
- (b) The partial settlement will not hurt the Government's or contractor's interests in disposing of the unsettled part.

49.109-6 Joint settlement of two or more settlement proposals.

(a) With contractor consent, the TCO or TCOs concerned may jointly negotiate two or more termination settlement proposals with the same contractor under different contracts, even if the contracts are with different contracting offices or

agencies. Consolidate accounting work as much as practical. The resulting settlement may be shown by?

- (1) One settlement agreement covering all contracts involved; or
- (2) A separate agreement for each contract involved.
- (b) When the settlement agreement covers more than one contract, it must?
 - (1) Clearly identify the contracts involved;
 - (2) Assign an amendment modification number to each contract;
 - (3) Divide the total settlement amount among the contracts on some reasonable basis;
 - (4) Have attached or incorporated a schedule showing the division; and
 - (5) Be distributed and attached to each contract involved the same way as other contract modifications.

49.109-7 Settlement by determination.

(a) General. If the contractor and TCO cannot agree on a termination settlement, or if a settlement proposal is not submitted within the period required by the termination clause, the TCO must issue a determination of the amount due. This determination must be consistent with the termination clause, including any cost principles incorporated by reference. The TCO must comply with 49.109-1 through 49.109-6 in making a settlement by determination and with 49.203 in making an adjustment for loss, if any.

49.1-8

SUBPART 49.1 - GENERAL PRINCIPLES 49.111

(b) Notice to contractor. Before issuing a determination of the amount due the contractor, the TCO must give the contractor at least 15 days? notice by certified mail (return receipt requested) to submit written evidence. The evidence must reach the TCO on or before a stated date and must support the amount previously proposed.

(c) Justification of settlement proposal. (1) The contractor has the burden of establishing the proposed amount by proof satisfactory to the TCO.

(2) The contractor may submit vouchers, verified transcripts of books of account, affidavits, audit reports, and other documents as desired. The TCO may request the contractor to submit additional documents and data, and may request appropriate accountings, investigations, and audits.

(3) The TCO may accept copies of documents and records without requiring original documents unless there is a question of authenticity.

(4) The TCO may hold any conferences considered appropriate?

(i) To confer with the contractor;

(ii) To obtain additional information from Government personnel or from independent experts; or

(iii) To consult persons who have submitted affidavits or reports.

(d) Determinations. After reviewing the information available, the TCO must determine the amount due and must transmit

a copy of the determination to the contractor by certified mail (return receipt requested), or by any other method that provides

evidence of receipt. The transmittal letter must advise the contractor that the determination is a final decision from which

the contractor may appeal under the Disputes clause, except as shown in paragraph (f) of this section. The determination

must specify the amount due the contractor and will be supported by detailed schedules conforming generally to the forms

for settlement proposals prescribed in 49.602-1 and by additional information, schedules, and analyses as appropriate. The

TCO must explain each major item of disallowance. The TCO need not reconsider any other action relating to the terminated

portion of the contract that was ratified or approved by the TCO or another contracting officer.

(e) Preservation of evidence. The TCO must retain all written evidence and other data relied upon in making a determination, except that copies of original books of account need not be made. The TCO must return books of account,

together with other original papers and documents, to the contractor within a reasonable time.

(f) Appeals. The contractor may appeal, under the Disputes clause, any settlement by determination, except when the

contractor has failed to submit the settlement proposal within the time provided in the contract and failed to request an extension of time. The pendency of an appeal will not affect the authority of the TCO to settle the settlement proposal or any

part by negotiation with the contractor at any time before the appeal is decided.

(g) Decision on the contractor's appeal. The TCO must give effect to a decision of the Claims Court or a board of contract

appeals, when necessary, by an appropriate modification to the contract. When appropriate, the TCO should obtain a release

from the contractor. TCOs are authorized to modify the formats of settlement agreements in 49.603 to agree with this provision.

49.110 Settlement negotiation memorandum.

(a) The TCO must, at the conclusion of negotiations, prepare a settlement negotiation memorandum describing the principal elements of the settlement for inclusion in the termination case file and for use by reviewing authorities. Pricing aspects of the settlement must be documented, and memorandum distributed, both in accordance with part 15.

(b) If the settlement was negotiated on the basis of individual items, the TCO must specify the factors considered for each

item. If the settlement was negotiated on an overall lump-sum basis, the TCO need not evaluate each item or group of items

individually but must support the total amount of the recommended settlement in reasonable detail. The memorandum must

include explanations of matters involving differences and doubtful questions settled by agreement, and the factors considered.

The TCO should include any other matters that will assist reviewing authorities in understanding the basis for the settlement.

49.111 Review of proposed settlements.

Each agency must establish procedures for administrative review of proposed termination settlements when necessary. When one agency provides termination settlement services for another agency, the agency providing the services must also perform the settlement review function.

49.1-9

49.112 FEDERAL ACQUISITION REGULATION

49.112 Payment.

49.112-1 Partial payments.

(a) General. If the contract authorizes partial payments on settlement proposals before settlement, a prime contractor may request them on the form prescribed in 49.602-4 at any time after submission of interim or final settlement proposals. The Government will process applications for partial payments promptly. A subcontractor must submit its application through the prime contractor. The prime contractor must attach its own invoice and recommendations to the subcontractor's application. Partial payments to a subcontractor must be made only through the prime contractor and only after the prime contractor has submitted its interim or final settlement proposal. Except for undelivered acceptable finished products, partial payments must not be made for profit or fee claimed under the terminated portion of the contract. In exercising discretion on the extent of partial payments to be made, the TCO must consider the diligence of the contractor in settling with subcontractors and in preparing its own settlement proposal.

(b) Amount of partial payment. Before approving any partial payment, the TCO must obtain any desired accounting, engineering, or other specialized reviews of the data submitted in support of the contractor's settlement proposal. If the reviews and the TCO's examination of the data indicate that the requested partial payment is proper, the TCO may authorize reasonable payments up to?

- (1) 100 percent of the contract price, adjusted for undelivered acceptable items completed before the termination date, or later completed with the approval of the TCO (see 49.205);
- (2) 100 percent of the amount of any subcontract settlement paid by the prime contractor if the settlement was approved or ratified by the TCO under 49.108-3(c) or was authorized under 49.108-4;
- (3) 90 percent of the direct cost of termination inventory, including costs of raw materials, purchased parts, supplies, and direct labor;

(4) 90 percent of other allowable costs (including settlement expense and manufacturing and administrative indirect costs) allocable to the terminated portion of the contract and not included in paragraphs (b)(1), (2), or (3) of this section; or

(5) 100 percent of partial payments made to subcontractors under this section.

(c) Recognition of assignments. When an assignment of claims has been made under the contract, the Government must not make partial payments to other than the assignee unless the parties to the assignment consent in writing (see part 32).

(d) Security for partial payments. If any partial payment is made for completed end items or for costs of termination inventory, the TCO must protect the Government's interest. This must be done by obtaining title to the completed end items or termination inventory, or by the creation of a lien in favor of the Government, paramount to all other liens, on the completed end items or termination inventory, or by other appropriate means.

(e) Deductions in computing amount of partial payments. The TCO must deduct from the gross amount of any partial payment otherwise payable under 49.112-1(b)?

(1) All unliquidated balances of progress and advance payments (including interest) made to the contractor, which are allocable to the terminated portion of the contract; and

(2) The amounts of all credits arising from the purchase, retention, or sale of property, the costs of which are included in the application for payment.

(f) Limitation on total amount. The total amount of all partial payments must not exceed the amount that will, in the opinion of the TCO, become due to the contractor because of the termination.

(g) Effect of overpayment. If the total of partial payments exceeds the amount finally determined due on the settlement proposal, the contractor must repay the excess to the Government on demand, together with interest. However, interest will not be charged for any?

(1) Excess payment attributable to a reduction in the settlement proposal because of retention or other disposition of termination inventory, until 10 days after the date of the retention or disposition, or a later date determined by the TCO; or

(2) Overpayment under cost-reimbursement research and development contracts without profit or fee if the overpayments are repaid to the Government within 30 days after demand.

(h) Certification and approval of partial payments. (1) The contractor must place the following certification on vouchers or invoices for partial payments:

"The payment covered by this voucher is a partial payment on the Contractor's settlement proposal under contract No. _____ under part 49 of the Federal Acquisition Regulation."

(2) The TCO must approve the invoice or voucher by noting on it the following:
"Payment of \$ _____ is approved."

49.1-10

SUBPART 49.1 - GENERAL PRINCIPLES 49.114

49.112-2 Final payment.

(a) Negotiated settlement. After execution of a settlement agreement, the contractor must submit a voucher or invoice showing the amount agreed upon, less any portion previously paid. The TCO must attach a copy of the settlement agreement to the voucher or invoice and forward the documents to the disbursing officer for payment.

(b) Settlement by determination. If the settlement is by determination and-

(1) There is no appeal within the allowed time, the contractor must submit a voucher or invoice showing the amount determined due, less any portion previously paid; or

(2) There is an appeal, the contractor must submit a voucher or invoice showing the amount finally determined due on the appeal, less any portion previously paid. Pending determination of any appeal, the contractor may submit vouchers or invoices for charges that are not directly involved with the portion being appealed, without prejudice to the rights of either party on the appeal.

(c) Construction contracts. In the case of construction contracts, before forwarding the final payment voucher, the contracting officer must ascertain whether there are any outstanding labor violations. If so, the contracting officer must determine the amount to be withheld from the final payment (see part 22).

(d) Interest. The Government must not pay interest on the amount due under a settlement agreement or a settlement by determination. The Government may, however, pay interest on a successful contractor appeal from a contracting officer's determination under the Disputes clause at 52.233-1.

49.113 Unsettled contract changes.

(a) Before settling a completely terminated contract, the TCO must get a list from the contracting office of all related contract changes that have not been settled. The TCO must settle all unsettled contract changes as part of the final settlement.

Get recommendations from the contracting office about the changes before settling them.

(b) When only part of a contract has been terminated, the contracting officer will usually handle any outstanding unsettled contract changes. However, the contracting officer may delegate this job to the TCO.

49.114 Settlement of terminated incentive contracts.

(a) Fixed-price incentive contracts. The TCO must settle terminated fixed-price incentive contracts using the rules in paragraph (j) of clause 52.216-16, Incentive Price Revision-Firm Target, and clause 52.249-2, Termination for Convenience of the Government (Fixed-Price).

(1) Partial termination. When only part of a contract is terminated, the TCO must negotiate a settlement using the termination clause and the incentive price revision clause. The contracting officer must apply the incentive price rules to completed items the Government accepted, including any items the contractor may ask for payment in the settlement

proposal. The TCO must pay the contractor the target price for completed items included in the settlement proposal that do

not have a final price yet. The TCO must include in the settlement agreement an appropriate reservation about final pricing

for these completed items.

(2) Complete termination. If any items were delivered and accepted by the Government, the contracting officer must set

prices using the contract's incentive provisions. For the terminated portion of the contract, the termination clause rules apply

and the incentive clause rules do not apply. The TCO handling the termination settlement will make sure no costs from the

incentive negotiations are included in the termination settlement. The TCO must coordinate with the contracting officer and

use proper evidence to ensure this.

(b) Cost-plus-incentive-fee contracts. The TCO must settle terminated cost-plus-incentive-fee contracts using clause

52.249-6, Termination (Cost-Reimbursement).

(1) Partial termination. When only part of a contract is terminated, the TCO must limit the settlement to adjusting the

target fee as provided in paragraph (e) of clause 52.216-10, Incentive Fee. The settlement agreement must include a note

about any target cost adjustment from the partial termination. The contracting officer must adjust the target cost if needed.

(2) Complete termination. The parties must negotiate the settlement using the rules in subpart 49.3 and clause 52.249-6,

Termination (Cost Reimbursement). The fee must be adjusted based on the target fee. Incentive provisions must not be applied or considered.

49.1-11

49.1-12

SUBPART 49.2 - ADDITIONAL PRINCIPLES FOR FIXED-PRICE CONTRACTS TERMINATED FOR CONVENIENCE

49.202

Subpart 49.2 - Additional Principles for Fixed-Price Contracts Terminated for Convenience

49.201 General.

(a) Fair compensation involves judgment and has no exact measurement. Different methods can determine fair compensation. Business judgment, not strict accounting rules, is most important when making settlements. Settlements should pay contractors fairly for?

(1) Work they have completed;

(2) Preparations they made for terminated portions of the contract; and

(3) A reasonable profit amount.

(b) The main goal is to reach an agreed settlement. Parties can agree on a total payment amount without breaking down

specific costs or profit components.

(c) Cost and accounting information helps guide?but does not strictly control?fair compensation decisions. When

appropriate?

- (1) Costs can be estimated;
- (2) Differences can be compromised; and
- (3) Uncertain matters can be resolved through agreement.

(d) Other data types or standards might provide equally reliable guidance. Keep recordkeeping, reporting, and accounting

for terminated contracts to a minimum while protecting public interest.

49.202 Profit.

(a) The TCO can use any reasonable method to determine a fair profit.

(1) The TCO must pay profit to the contractor for-

- (i) Work they did on the terminated part; and
- (ii) Preparations made for the terminated portion of work.

(2) Do not pay profit for-

- (i) Settlement costs (the costs of working out the final payment);
- (ii) To cover the profit amount the contractor expected to make on work they never did; or
- (iii) Consequential damages.

(3) When the contractor helps settle subcontractor proposals, do not base their profit on the amount of those settlements. The effort involved in reaching settlement may be considered.

(4) Do not pay profit for materials or services that subcontractors had not delivered by the termination date, regardless

of the percentage of completion.

(b) When deciding on profit, think about these things:

(1) How much and how hard was the work compared to all the work the contract required. Engineering estimates are

not required, but should be considered if they are available.

(2) Engineering work, planning schedules, technical studies, supervision, and other needed services.

(3) How well the contractor did, especially?

- (i) Making quality products on time;
- (ii) Keeping costs down;
- (iii) Using materials, buildings, and workers economically; or
- (iv) Disposition of termination inventory.

(4) How much money the contractor put in and how much risk they took.

(5) New ideas and technical help the contractor gave to the Government and other contractors.

(6) The type of business, including where materials come from and how complicated the manufacturing is.

(7) How much profit the contractor would have made if they had finished the whole contract.

(8) How much profit both sides expected when they made the contract.

(9) How hard it was to manage subcontractors, including picking them, placing contracts with them, managing them,

and working out settlements when their contracts were terminated.

(c) For construction contracts, the contracting officer must-

- (1) Follow paragraphs (a) and (b) of this section;
- (2) Allow profit on settlements with construction subcontractors for actual work done at the job site; and
- (3) Exclude profit on settlements with construction subcontractors for materials they had on hand or preparations made

to complete the work.

49.2-1**49.203 FEDERAL ACQUISITION REGULATION****49.203 Adjustment for loss.**

(a) When settling a terminated contract, the TCO must not allow profit if the contractor would have lost money completing

the full contract. The TCO must?

- (1) Figure out how much the contractor would have lost;
- (2) Adjust the settlement payment accordingly using the methods in paragraph (b) or (c) of this section; and
- (3) Consider factors like production efficiency when estimating completion costs.

(b) For inventory-based settlements payment is limited to the sum of items in paragraphs (b)(1), (2), and (3) of this section, minus all disposal credits and minus all unliquidated previous advance and progress payments previously made?

- (1) The settlement expenses.
- (2) The contract price for acceptable completed items.
- (3) The remainder of the settlement amount otherwise agreed upon or determined (including the allocable portion of

initial costs (see part 31), reduced by multiplying the remainder by the ratio of (i) the total contract price to (ii) the total cost

incurred before termination plus the estimated cost to complete the entire contract.

(c) If the settlement is on a total cost basis (see 49.206-2(b)), the contractor must not be paid more than the total of the

amounts in paragraphs (c)(1) and (2) of this section, minus all disposal and other credits, all advanced and progress payments,

and all other amounts previously paid under the contract?

- (1) The amount negotiated or determined for settlement expenses.
- (2) The remainder of the total settlement amount otherwise agreed upon or determined (lines 7 and 14 of SF 1436,

Settlement Proposal (Total Cost Basis)) reduced by multiplying the remainder by the ratio of (i) the total contract price to (ii)

the remainder plus the estimated cost to complete the entire contract.

49.204 Deductions.

From the settlement payment, the TCO must subtract?

(a) The price of any inventory kept or purchased by the contractor, plus proceeds from materials sold but not yet paid or

credited to the Government;

(b) The fair value, as determined by the TCO, of any inventory that was lost, damaged beyond usability, or not delivered

to the Government (normal spoilage is expected, as is inventory for which the Government has expressly assumed the risk of

loss);

(c) Any other appropriate amounts for that specific case.

49.205 Completed end items.

(a) Right after the termination date, the TCO must-

- (1) Have all undelivered finished products inspected and accepted if they meet contract requirements; and

(2) Decide which accepted products should be delivered under the contract.

(b) The contractor must bill for accepted and delivered products at the contract price in the normal way. Do not include

these in the settlement proposal.

(c) When finished products are accepted but will not be delivered under the contract, the TCO should include them in the

settlement proposal at the contract price. The TCO should adjust for any savings in shipping or other costs, and include any

credits for buying, keeping, or selling them.

(d) Work in place accepted by the Government under a construction contract is not considered a completed item, even if

the Government paid for it at unit prices specified in the contract.

49.206 Settlement proposals.

49.206-1 Submission of settlement proposals.

(a) Subject to the termination clause, the contractor should quickly submit a settlement proposal to the TCO for the amount claimed because of the termination. The final settlement proposal must be submitted within one year from the termination date, unless the TCO allows more time. If a single contract involves two or more divisions of the contractor, they

can combine their termination costs in a single settlement proposal.

(b) The settlement proposal must cover all cost elements including settlements with subcontractors and any proposed

profit. With the TCO's agreement, proposals may be filed in steps covering separate parts of costs. These step-by-step proposals must include all costs of a particular type, unless the TCO says otherwise.

49.2-2

SUBPART 49.2 - ADDITIONAL PRINCIPLES FOR FIXED-PRICE CONTRACTS TERMINATED FOR CONVENIENCE

49.206-2

(c) Settlement proposals must be on the forms prescribed in 49.602 unless those forms do not work for a particular contract. Settlement proposals must have reasonable detail supported by adequate accounting data. Actual costs, standard

costs (properly adjusted), or average costs may be used if the contractor determines them based on generally accepted accounting principles consistently followed by the contractor. When actual, standard, or average costs are not reasonably

available, estimated costs may be used if the TCO approves the estimation method. Contractors do not have to maintain

overly complicated cost accounting systems just because their contracts might be terminated.

(d) The contractor should use Settlement Proposal (Short Form), SF 1438, when the total proposal is less than \$10,000,

unless the TCO authorizes otherwise. Combine settlement proposals that would normally go together whenever possible,

such as those based on a series of separate orders for the same item under one contract. Do not split them up just to bring

them below \$10,000.

(e) Submit Schedule of Accounting Information, SF 1439, for each termination requiring a settlement proposal, except

when using Standard Form 1438. Even if several step-by-step proposals are submitted, only one SF 1439 should be submitted

unless major changes happen in the information after the original form is filed.

49.206-2 Bases for settlement proposals.

(a) Inventory basis.

(1) The inventory basis is the preferred method for settlement proposals. With this approach, the contractor may

propose only costs allocable to the terminated portion of the contract. The settlement proposal must separately list?

(i) Metals, raw materials, purchased parts, work in process, finished parts, components, dies, jigs, fixtures, and tooling, at purchase or manufacturing cost;

(ii) Charges such as engineering costs, initial costs, and general administrative costs;

(iii) Costs of settlements with subcontractors;

(iv) Settlement expenses; and

(v) Other proper charges.

(2) An allowance for profit (49.202) or adjustment for loss (49.203(b)) must be added to complete the gross settlement

proposal. All unliquidated advance and progress payments and all disposal and other known credits must then be subtracted.

(3) The inventory basis is also appropriate for?

(i) The partial termination of a construction or related professional services contract.

(ii) The partial or complete termination of supply orders under any terminated construction contract.

(iii) Complete termination of a unit-price professional services contract (not lump-sum contracts).

(b) Total cost basis.

(1) When the inventory basis is not practical or would cause delays, the total-cost basis (SF 1436) may be used if the

TCO approves it in advance. Examples include the following:

(i) When production has not started and costs represent planning, preproduction, or "get ready" expenses.

(ii) When the contractor's accounting system cannot easily establish unit costs for work in process and finished products.

(iii) When the contract does not specify unit prices.

(iv) When the termination is complete and involves a letter contract.

(2) For a complete termination using the total-cost basis, the contractor must itemize costs incurred under the contract

up to the effective date of termination. The costs of settlements with subcontractors and applicable settlement expenses must

also be added. An allowance for profit or adjustment for loss must be made. The contract price for all end items delivered

or to be delivered and accepted must be deducted. All unliquidated advance and progress payments and known disposal and

other credits must also be deducted.

(3) For a partial termination using the total-cost basis, the contractor must wait until completing the continued portion

of the contract before submitting the proposal. The proposal must follow paragraph (b)(2) instructions, except it must include

all costs incurred up to the completion of the continued portion.

(4) For a completely terminated construction contract or lump-sum professional services contract, the contractor must

?

(i) Use the total cost basis of settlement;

(ii) Omit Line 10 "Deduct-Finished Product Invoiced or to be Invoiced" from Section II of SF 1436 Settlement

Proposal (Total Cost Basis); and

(iii) Reduce the gross settlement amount by the total of all progress and other payments.

49.2-3

49.206-3 FEDERAL ACQUISITION REGULATION

(c) Other basis. Settlement proposals cannot be submitted on any basis other than paragraph (a) or (b) of this section

without prior approval from the chief of the contracting or contract administration office.

49.206-3 Submission of inventory disposal schedules.

Subject to the termination clause terms, the contractor should prepare inventory schedules on Standard Form 1428, Inventory Disposal Schedule, listing inventory which is allocable to the terminated portion of the contract. The schedules

must be submitted within 120 days of the effective date of termination unless extended by the TCO.

49.207 Limitation on settlements.

The total amount payable to the contractor for a settlement, before subtracting disposal or other credits and not counting

settlement costs, must not be more than the contract price minus payments already made or to be made under the contract.

49.208 Equitable adjustment after partial termination.

Under the termination clause, after partial termination, a contractor can request an equitable adjustment in the price of the

continued part of a fixed-price contract. The TCO must forward the proposal to the contracting officer except when the TCO

has authority to negotiate. The contractor must submit the proposal using the format in the Uniform Contract Format shown

in part 15.

(a) When the contracting officer keeps responsibility for negotiating the equitable adjustment and making a supplemental

agreement, the contracting officer must make sure no part of a price increase is included in a termination settlement made or

in process.

(b) The TCO must also make sure no part of the costs included in the equitable adjustment are included in the termination

settlement.

49.2-4

SUBPART 49.3 - ADDITIONAL PRINCIPLES FOR COST-REIMBURSEMENT CONTRACTS TERMINATED FOR CONVENIENCE 49.303-5

Subpart 49.3 - Additional Principles for Cost-

Reimbursement Contracts Terminated for Convenience

49.301 General.

Cost-reimbursement contract termination clauses cover both cost and fee settlements. The contract explains which costs are allowed.

49.302 Discontinuance of vouchers.

(a) After complete contract termination, the contractor shall stop using Standard Form 1034 (Public Voucher) after the last day of the sixth month following the month of the termination. The contractor may elect to stop using any time during the 6-month period. When the contractor has vouchered out all costs within the 6-month period, a proposal for fee, if any, may be submitted on SF 1437 or by certified letter. The contractor must submit fee proposals to the Termination Contracting Officer (TCO) within 1 year of termination, unless the deadline is extended by the TCO. When use of vouchers is discontinued, the contractor must submit all unvouchered costs and the proposed fee, if any, as specified in 49.303.

(b) For partial terminations, see section 49.304.

49.303 Procedure after discontinuing vouchers.

49.303-1 Submission of settlement proposal.

Unless extended by the TCO, within 1 year of termination the contractor must submit a final proposal for unvouchered costs and any fee, using the form in 49.602-1 unless the TCO approves another format. The proposal must not include?

- (a) Any costs already disallowed by the Government; or
- (b) Previously questioned costs still under review.

49.303-2 Submission of inventory disposal schedules.

For termination inventory, contractors must submit complete inventory disposal schedules to the TCO, only reflecting items allocable to the terminated portion. These schedules must be submitted within 120 days of termination and be prepared on Standard Form 1428. TCO approval in writing is required for any time extensions.

49.303-3 Audit of settlement proposal.

The TCO must submit the settlement proposal for audit review unless it only adjusts the fee.

49.303-4 Adjustment of indirect costs.

(a) To avoid delays when the contract has the 52.216-7 clause (Allowable Cost and Payment), the TCO may?

- (1) Negotiate indirect costs when final rates have not been negotiated;
- (2) Use reasonable billing rates as final rates; or
- (3) Save the indirect cost adjustment for the final settlement agreement when rates are established.

(b) When negotiating indirect costs the contractor must remove these costs and related direct costs from calculations for other contracts during the same accounting period.

49.303-5 Final settlement.

(a) The TCO finalizes the settlement after receiving the audit report (if needed), and the contract audit closing statement for costs vouchered.

(b) Fee adjustments follow 49.305.

(c) The final agreement may resolve all issues between both parties. However?

- (1) Costs disallowed by the Government are not allowable; and
- (2) Costs of the same nature as those disallowed are not allowable.

(d) Parties can agree on total costs without agreeing on each individual item. Differences can be compromised, and uncertain issues can be resolved by agreement. However, an overall settlement must not include costs that are unallowable under the terms of the contract.

49.3-1

49.304 FEDERAL ACQUISITION REGULATION

49.304 Procedure for partial termination.

49.304-1 General.

(a) For partial terminations, the TCO must limit settlement to fee adjustment and reduced estimated cost. The TCO must adjust fee as provided in 49.304-2 and 49.305, unless?

- (1) The terminated portion is clearly severable from the balance of the contract; and
- (2) Performance of the contract is virtually complete, or when the remaining work involves only minor items, spare

parts, or is not substantial.

(b) For these exceptions, follow 49.302 and 49.303.

49.304-2 Submission of settlement proposal (fee only).

For fee-only proposals the contractor must limit the settlement proposal to a proposed reduction in fee. The final settlement proposal must be submitted to the TCO within one year of termination, using the form prescribed in 49.602-1 or a certified letter. It must include proof supporting the fee amount.

49.304-3 Submission of vouchers.

When only adjusting the fee in partial terminations the contractor must continue to submit the SF 1034, Public Voucher for

Purchases and Services Other than Personal, for reimbursable costs. The Government must not reimburse the contractor for costs of settlements with subcontractors without required approvals or ratifications.

49.305 Adjustment of fee.

49.305-1 General.

(a) (1) The TCO must determine the final fee based on contract terms, typically using percentage of completion.

(2) Important factors include-

- (i) The extent and difficulty of the work performed by the contractor; and
- (ii) Work performed in?

(A) Stopping performance;

(B) Settling terminated subcontracts; and

(C) Disposing of inventory.

(3) These costs must be compared with the total work required by the contract or the terminated portion.

(4) The contractor's adjusted fee must not include an allowance for fee in subcontractor effort included in subcontractor

settlement proposals.

(b) Completion percentage is not only based on costs incurred ratio. The percentage might be higher or lower than the ratio

of costs incurred, depending on the TCO's evaluation of other important factors.

49.305-2 Construction contracts.

(a) The percentage of completion basis includes all contractor effort, not just the actual construction work. It includes such

factors as?

- (1) Mobilization including organization;
- (2) Use of finances;
- (3) Ordering and receiving materials;
- (4) Placing subcontracts;
- (5) Creating shop drawings;
- (6) Performing work in place by own personnel;
- (7) Supervising subcontractors;
- (8) Managing the job; and
- (9) Closing down the project;

(b) Calculate the fee adjustment as follows:

- (1) Assign a weighted value to each factor based on importance and difficulty.
- (2) The total weighted value should be easily divisible (e.g., by 100) to determine percentages.
- (3) Determine the percentage complete of each factor based on specific facts of each contract.
- (4) Multiply the completion percentage by the importance value for each factor.

49.3-2

SUBPART 49.3 - ADDITIONAL PRINCIPLES FOR COST-REIMBURSEMENT CONTRACTS TERMINATED FOR CONVENIENCE 49.305-2

(5) Add these values for overall completion percentage.

(6) Apply this percentage to the total fee applicable to the terminated portion of the contract to calculate the equitable

adjustment.

49.3-3

This page intentionally left blank.

49.3-4

SUBPART 49.4 - TERMINATION FOR DEFAULT 49.402-3

Subpart 49.4 - Termination for Default

49.401 General.

(a) In a termination for default, the Government exercises its right to terminate a contract because the contractor failed or

is expected to fail to perform its contractual obligations.

(b) If the contractor establishes, or it is otherwise determined that, the contractor was not in default, or the failure to perform was excusable (i.e., beyond the contractor's control and without fault or negligence), then the default clauses prescribed at 49.503 provide that the termination will be treated as a termination for convenience. The parties' rights and

obligations will be governed accordingly.

(c) The Government may exercise termination or cancellation rights beyond those in the contract clauses (for example,

paragraph (h) of the Default clause at 52.249-8).

(d) For default terminations of Federal Supply Schedule orders, see GSA procedures for those contracts.

(e) Despite the provisions of this section, the contracting officer may reinstate a terminated contract by amending the

termination notice if-

- (1) The contractor provides written consent;
- (2) The contracting officer makes a written determination that the supplies or services are still needed; and
- (3) Reinstatement benefits the Government.

49.402 Termination of fixed-price contracts for default.

49.402-1 The Government's right.

Under contracts with the Default clause at 52.249-8, the Government has the right, subject to the notice requirements of

the clause, to terminate the contract completely or partially for default if the contractor fails to-

- (a) Deliver supplies or perform services within the time specified in the contract;
- (b) Perform any other provision of the contract; or
- (c) Make progress, and that failure puts contract performance at risk.

49.402-2 Effect of termination for default.

(a) Under a default termination, the Government-

- (1) Is not responsible for the contractor's costs on undelivered work;
- (2) Is entitled to repayment of advance and progress payments for that work; and
- (3) May require the contractor to transfer title and deliver completed supplies and manufacturing materials.

(b) The contracting officer must not use the Default clause to acquire completed supplies or manufacturing materials

unless the Government does not already have title under other contract provisions. The contracting officer should only acquire manufacturing materials for another contractor after considering any difficulties the other contractor might have using them.

(c) Subject to paragraph (d), the Government must pay the contractor the contract price for any completed supplies and the

agreed amount for manufacturing materials acquired by the Government under the Default clause.

(d) To protect against overpayment when laborers and material suppliers might have liens against the completed supplies

or materials, the contracting officer must take one or more of these measures before payment:

- (1) Verify that payment bonds from the contractor adequately cover all claims or obtain similar bonds to cover outstanding liens.
- (2) Require the contractor to provide statements from laborers and material suppliers giving up any lien rights they may have.

(3) Create an agreement among all parties that releases the Government from potential liability.

(4) Withhold appropriate amounts from payments when the above measures are inadequate.

(5) Take other suitable actions based on the situation and the contractor's financial condition.

(e) The contractor is responsible for any excess costs the Government incurs buying similar supplies and services, and for

any other damages, whether or not the Government buys replacement items.

49.402-3 Procedure for default.

(a) Before deciding on default termination, the Government must review the situation (i.e., default, convenience, or

no-

cost cancellation) with contracting and technical personnel, as well as legal counsel, to ensure the action is appropriate.

49.4-1

49.402-3 FEDERAL ACQUISITION REGULATION

(b) The administrative contracting officer must get prior approval from the contracting office before issuing a show cause

notice or cure notice. This approval should be obtained quickly.

(c) When the contractor fails to deliver supplies or perform services within the specified time (Default clause paragraph

(a)(1)), no advance notice of termination is required. However, if the Government has taken actions that might suggest it

waived the contract deadlines, the contracting officer must send a notice setting a new deadline. This notice must state that

the Government reserves its rights under the Default clause.

(d) For failures covered under Default clause paragraph (a)(1) - such as not providing a required performance bond or

endangering contract performance - the contracting officer must-

- (1) Give the contractor written notice specifying the failure;
- (2) Allow 10 days (or longer if necessary) to cure the failure;
- (3) When appropriate, include this notice in the show cause notice; and
- (4) After the time period expires, decide whether to terminate the contract or accept the resolution.

(e) A sample cure notice format appears in 49.607.

(f) Show cause notice procedures are as follows:

- (1) If default termination seems appropriate, the contracting officer should, when practical, notify the contractor in

writing about-

- (i) The possible termination;
- (ii) The contractual liabilities involved;
- (iii) Why the contract might be terminated;
- (iv) The opportunity to explain why termination should not occur;
- (v) That a lack of response may be taken as an admission by the contractor that no valid explanation exists; and
- (vi) When appropriate, a suggested discussion.

(2) A sample show cause notice appears in 49.607.

(g) (1) When default termination is likely, the contracting officer must notify the surety in writing. If the contractor is later

terminated for default, the contracting officer must send the surety a copy of the default notice.

(2) If the surety requests it and the contractor and any assignees agree, arrangements can be made to send checks to the

contractor through the surety. The contractor must submit a written request to the disbursing officer specifically directing this

change in payment address.

(h) For small business contractors-

- (1) The contracting officer must immediately send copies of any cure notice or show cause notice to the contracting

office's small business specialist and Small Business Administration Area Office nearest the contractor;

- (2) When possible, the contracting officer should consult with the small business specialist before proceeding with

default termination.

- (i) The contracting officer must consider these factors when deciding whether to terminate a contract for default:

- (1) The contract terms and relevant laws and regulations.
- (2) The specific failure and any explanations provided.
- (3) Whether the supplies or services can be obtained from other sources.
- (4) How urgently the items are needed and how long it would take to get them from other sources compared to the

original contractor.

- (5) How essential the contractor is to Government acquisition programs and how termination might affect their ability

to supply other contracts.

- (6) How termination might affect the contractor's ability to repay guaranteed loans, progress payments, or advance

payments.

- (7) Any other relevant facts and circumstances.

- (j) After following procedures in paragraphs (a) through (i), if the contracting officer decides termination is proper, the

contracting officer must issue a notice of termination stating-

- (1) The contract number and date;
- (2) What specific actions or failures constitute the default;
- (3) That the contractor's right to proceed with the contract (or a specified portion) is terminated;
- (4) That the Government may purchase similar supplies or services and charge any excess costs to the contractor;
- (5) If the failure is determined not excusable, that the notice serves as this decision, and the contractor may appeal

under the Disputes clause;

- (6) That the Government reserves all other legal rights and remedies; and

49.4-2

SUBPART 49.4 - TERMINATION FOR DEFAULT 49.402-7

- (7) That this notice is a decision that the contractor is in default and has the right to appeal under the Disputes clause.

- (k) The contracting officer must-

- (1) Distribute the termination notice to all parties who received the original contract;
- (2) Send a copy to the contractor's surety and ask if they want to arrange for completion of the work; and
- (3) Tell the disbursing officer to stop payments under the terminated contract until further notice.

- (l) For construction contracts, promptly after issuing the termination notice, the contracting officer must determine-

- (1) How the work will be completed; and
- (2) Whether materials, equipment, and plant that are on the site will be needed.

- (m) If the contracting officer determines before issuing the termination notice that the failure was excusable, they must not

terminate for default. If termination is still in the Government's interest, they may terminate for convenience.

(n) If the contracting officer cannot determine before issuing the notice whether the failure was excusable, they must-

- (1) Make a written decision on this issue as soon as possible after issuing the notice;
- (2) Deliver the decision promptly to the contractor; and
- (3) Notify the contractor of their right to appeal under the Disputes clause.

49.402-4 Procedure in lieu of termination for default.

Instead of terminating for default, the contracting officer may take these alternative actions when they serve the Government's interests:

- (a) Allow the contractor, surety, or guarantor to continue performance under a revised delivery schedule.
- (b) Permit the contractor to continue performance through a subcontract or other business arrangement with an acceptable

third party, as long as the Government's rights are adequately protected.

- (c) Execute a no-cost termination settlement agreement using the formats in 49.603-6 and 49.603-7 when-
 - (1) The supplies or services are no longer needed; and
 - (2) The contractor is not liable for damages under 49.402-7.

49.402-5 Memorandum by the contracting officer.

When a contract is terminated for default or when an alternative procedure from 49.402-4 is used, the contracting officer

must prepare a memorandum for the contract file explaining the reasons for the action.

49.402-6 Repurchase against contractor's account.

- (a) Generally, the contracting officer decides whether to repurchase before issuing the termination notice when supplies or

services are still needed after termination. Guidelines for repurchasing are as follows:

- (1) The contracting officer must repurchase similar items against the contractor's account as soon as practical.
- (2) The price must be reasonable considering quality and delivery requirements.
- (3) The contracting officer may buy more than the undelivered quantity if needed.
- (4) Extra cost can only be charged to the contractor for the undelivered quantity (including permitted variations).
- (b) For repurchases limited to the undelivered quantity-
 - (1) The Default clause allows the contracting officer to use any terms and acquisition method;
 - (2) The contracting officer must maximize competition;
 - (3) The Default clause serves as the authority; and
 - (4) For quantities exceeding the undelivered amount, treat the entire purchase as a new acquisition.
- (c) If the repurchase costs more than the terminated supplies or services, after completing the repurchase contract, the

contracting officer must demand payment from the contractor for the excess amount. This calculation should account for

changes in transportation costs, discounts, etc. If the contractor does not pay, follow the procedures in part 32 for collecting

contract debts.

49.402-7 Other damages.

- (a) If the contract is terminated for default or an alternative action is taken (see 49.402-4), the contracting officer must

assess and demand any liquidated damages the Government is entitled to under the contract. Under the clause at

52.211-11,

these damages are in addition to any excess repurchase costs.

- (b) If the Government has suffered other measurable damages, including administrative costs, the contracting officer must,

based on legal advice, take appropriate action as outlined in part 32 to assert the Government's demand for these damages.

49.4-3

49.402-8 FEDERAL ACQUISITION REGULATION

49.402-8 Reporting information.

The contracting officer must follow agency procedures to report information about the termination for default notice, any withdrawal of the termination, and any conversion to a termination for convenience. This report must comply with requirements in 42.1503(h).

49.403 Termination of cost-reimbursement contracts for default.

- (a) The right to terminate a cost-reimbursement contract for default comes from the Termination for Default or for Convenience of the Government clause at 52.249-6. The clause requires giving the contractor 10 days' notice before termination.

- (b) Settling a cost-reimbursement contract terminated for default follows the same principles as termination for convenience (subparts 49.1 and 49.3), except-

- (1) The costs of preparing the contractor's settlement proposal are not allowable (see paragraph (h)(3) of the clause);

and

- (2) The contractor receives reimbursement for allowable costs, with an appropriate reduction in the total fee (see

paragraph (h)(4) of the clause).

- (c) The contracting officer must use the procedures in 49.402 when appropriate for cost-reimbursement contracts. However, these contracts do not include provisions for recovering excess repurchase costs after termination (but see paragraph (g) of clause 52.246-3 regarding the contractor's failure to replace or correct defective supplies).

49.404 Surety-takeover agreements.

- (a) These procedures apply mainly, but not exclusively, to fixed-price construction contracts terminated for default.

- (b) Since the surety must pay for damages resulting from the contractor's default, the surety has certain rights in completing the contract and using undisbursed funds. The contracting officer must carefully consider the surety's proposals,

evaluating how they might affect the Government's rights against the surety.

- (c) The contracting officer should allow sureties to complete the contract unless-

- (1) The people or companies proposed by the surety are not qualified or competent; or
- (2) The proposal does not serve the Government's best interests.

- (d) Multiple parties may claim the defaulting contractor's assets, including unpaid earnings. The surety may include a "takeover" agreement in its proposal to establish its rights to payment. The contracting officer may enter into a written agreement with the surety (but not before the termination date). Consider using a three-way agreement among the Government, surety, and defaulting contractor to resolve remaining rights, including claims to unpaid earnings.

- (e) Any takeover agreement must require the surety to complete the contract and the Government to pay the surety's costs

up to the unpaid contract price, subject to these conditions:

- (1) Any unpaid earnings of the defaulting contractor may be used to pay Government claims against the

contractor,

except when those earnings are needed to pay the surety's actual completion costs and expenses (not including bond payments).

(2) The surety must meet contract requirements for liquidated damages for delays unless the delays qualify as excusable

under the contract.

(3) If contract proceeds were assigned to a financing institution, the surety cannot receive payment from unpaid earnings without the assignee's written permission.

(4) The Government must not pay the surety more than it spent completing the work and meeting its payment bond

obligations. Payments to the surety for its payment bond obligations require?

(i) Agreement among the Government, defaulting contractor, and surety;

(ii) A determination by the Comptroller General about who gets paid and how much; or

(iii) A court order from a court of competent jurisdiction.

49.405 Liquidation of liability.

The contract makes the contractor and surety liable for resulting damages. The contracting officer must use all retained percentages of progress payments and any progress payments due for completed work to offset the contractor's and surety's

liability. If these amounts are not enough, the contracting officer must take steps to recover the additional amount from the

contractor and surety.

49.4-4

SUBPART 49.5 - CONTRACT TERMINATION CLAUSES 49.502

Subpart 49.5 - Contract Termination Clauses

49.501 General.

This subpart describes which contract termination clauses to use. This subpart does not apply to contracts that use the clause at 52.213-4, Terms and Conditions-Simplified Acquisitions (Other Than Commercial Products and Commercial Services). In appropriate cases, agencies may authorize the use of special purpose clauses, if consistent with this chapter.

49.502 Termination for convenience of the Government.

(a) Fixed-price contracts that do not exceed the simplified acquisition threshold (short form)-

(1) General use. Insert the clause at 52.249-1, Termination for Convenience of the Government (Fixed-Price) (Short

Form), in solicitations and contracts when using a fixed-price contract and the contract amount is not expected to exceed the

simplified acquisition threshold, except if-

(i) The clause at 52.249-4, Termination for Convenience of the Government (Services) (Short Form) is more appropriate;

(ii) The contract is for research and development work with an educational or nonprofit institution on a no-profit basis;

(iii) The contract is for architect-engineer services; or

(iv) One of the clauses prescribed or cited at 49.505(a) or (c) is more appropriate.

(2) Dismantling and demolition. If the contract is for dismantling, demolition, or removal of improvements, use the

clause with its Alternate I.

(b) Fixed-price contracts that exceed the simplified acquisition threshold-

(1) (i) General use. Insert the clause at 52.249-2, Termination for Convenience of the Government (Fixed-Price), when

a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold.

(ii) Exceptions. Do not use this clause for contracts for the following:

(A) Dismantling and demolition.

(B) Research and development work with an educational or nonprofit institution on a no-profit basis.

(C) Architect-engineer services.

(D) If the clause at 52.249-4, Termination for Convenience of the Government (Services) (Short Form), is more

appropriate (see 49.502(c)), or if one of the clauses prescribed or cited at 49.505(a) or (c) is appropriate.

(2) Construction. If the contract is for construction, use the clause with its Alternate I.

(i) Partial payments. If the contract is with an agency of the Government or with State, local or foreign governments or their agencies, and the contracting officer determines that requiring interest payments on excess partial payments is inappropriate, use the clause with its Alternate II. For construction contracts with these same organizations, use the clause

with its Alternate III.

(ii) Dismantling and demolition. Insert the clause at 52.249-3, Termination for Convenience of the Government

(Dismantling, Demolition, or Removal of Improvements) in solicitations and contracts for dismantling, demolition, or

removal of improvements, when a fixed-price contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold. If the contract is with an agency of the Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial

payments is inappropriate, use the clause with its Alternate I.

(c) Service contracts (short form).

(1) Insert the clause at 52.249-4, Termination for Convenience of the Government (Services) (Short Form), in solicitations and contracts for services when all of these conditions are met:

(i) A fixed-price contract is contemplated (regardless of dollar value).

(ii) The contracting officer determines that because of the kind of services required, the successful offeror will not incur substantial charges in preparation for and in carrying out the contract.

(iii) If terminated for the Government's convenience, the contractor would limit termination settlement charges to services rendered before the termination date.

(2) This clause may be appropriate in contracts for services such as rental of unreserved parking space, or laundry and

dry cleaning.

(d) Research and development contracts. Insert the clause at 52.249-5, Termination for the Convenience of the Government (Educational and Other Nonprofit Institutions), in solicitations and contracts when either a fixed-price or cost-

49.5-1

49.503 FEDERAL ACQUISITION REGULATION

reimbursement contract is contemplated, and the contract is for research and development work with an educational or

nonprofit institution on a nonprofit or no-fee basis.

(e) Subcontracts- (1) General use. The prime contractor may find these clauses suitable for use in fixed-price subcontracts

(except as noted in paragraph (e)(2) below): 52.249-1, Termination for Convenience of the Government (Fixed-Price) (Short

Form), or 52.249-2, Termination for Convenience of the Government (Fixed-Price), as appropriate, provided the relationship

between the contractor and subcontractor is clearly indicated. Delete conditions that do not apply (for example, paragraph (d)

in 52.249-2.) Reduce the time periods for submitting the subcontractor's termination settlement proposal (for example, to 6

months) and the time for requesting an equitable price adjustment (for example, to 45 days.)

(2) Research and development. The prime contractor may find the clause at 52.249-5, Termination for the Convenience

of the Government (Educational and Other Nonprofit Institutions), suitable for use in subcontracts placed with educational or

nonprofit institutions on a no-profit or no-fee basis; provided, that the relationship between the contractor and subcontractor

is clearly indicated. Conditions that do not apply (e.g., paragraph (h)) should be deleted, the period for submitting the subcontractor's termination settlement proposal should be reduced (e.g., 6 months), the subcontract should be placed on a no-

profit or no-fee basis, and the subcontract should incorporate or be negotiated on the basis of the cost principles in part 31.

49.503 Termination for convenience of the Government and default.

(a) Cost-reimbursement contracts- (1) General use. Insert the clause at 52.249-6, Termination (Cost-Reimbursement), in

solicitations and contracts when a cost-reimbursement contract is contemplated, except in research and development contracts

with educational or nonprofit institutions that have no fee.

(2) Construction. If the contract is for construction, insert the clause with its Alternate I.

(3) Partial payments. If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial

payments is inappropriate, insert the clause with its Alternate II. In such contracts for construction, insert the clause with its

Alternate III.

(4) Time-and-material and labor-hour contracts. If the contract is a time-and-material or labor-hour contract, insert

the clause with its Alternate IV. If the contract is with an agency of the U.S. Government or with State, local, or foreign governments or their agencies, and if the contracting officer determines that the requirement to pay interest on excess partial

payments is inappropriate, insert the clause with its Alternate V.

(b) Insert the clause at 52.249-7, Termination (Fixed-Price Architect-Engineer), in solicitations and contracts for architect-

engineer services when a fixed-price contract is contemplated.

(c) Subcontracts. The prime contractor may use and customize the clause at 52.249-6, Termination (Cost-Reimbursement),

suitable for use in cost-reimbursement subcontracts, as long as the relationship between the contractor and subcontractor is

clearly indicated. The contractor should delete conditions that do not apply (for example, paragraphs (e), (j), and (n)).

Reduce

the time period for the subcontractor to submit their termination settlement proposal (for example, to 6 months).

49.504 Termination of fixed-price contracts for default.

(a) (1) Supplies and services. Insert the clause at 52.249-8, Default (Fixed-Price Supply and Service), in solicitations

and contracts when a fixed-price contract is contemplated, and the contract amount is expected to exceed the simplified

acquisition threshold. The contracting officer may use the clause when the contract amount is at or below the simplified acquisition threshold, if appropriate (e.g., if the acquisition involves items with a history of unsatisfactory quality).

(2) Transportation. If the contract is for transportation or transportation-related services, insert the clause with its

Alternate I.

(b) Research and development. Insert the clause at 52.249-9, Default (Fixed-Price Research and Development), in solicitations and contracts for research and development when a fixed-price contract is contemplated, and the contract amount

is expected to exceed the simplified acquisition threshold, except for contracts with educational or nonprofit institutions on a

no-profit basis. The contracting officer may use the clause when the contract amount is at or below the simplified acquisition

threshold, if appropriate.

(c) (1) Construction. Insert the clause at 52.249-10, Default (Fixed-Price Construction), in solicitations and contracts for

construction when a fixed price contract is contemplated, and the amount is expected to exceed the simplified acquisition

threshold. The contracting officer may use the clause when the contract amount is at or below the simplified acquisition threshold, if appropriate (e.g., if completion dates are essential.)

(2) Dismantling and demolition. If the contract is for dismantling, demolition, or removal of improvements, insert the

clause with its Alternate I.

49.5-2

SUBPART 49.5 - CONTRACT TERMINATION CLAUSES 49.505

(3) National emergencies. If the contract is to be awarded during a period of national emergency, the contracting officer

may use the clause-

(i) With its Alternate II when a fixed-price contract for construction is contemplated; or

(ii) With its Alternate III when a contract for dismantling, demolition, or removal of improvements is contemplated.

49.505 Other termination clauses.

(a) Personal service contracts. Insert clause 52.249-12, Termination (Personal Services), in solicitations and contracts for

personal services (see part 37).

(b) Excusable delays. Insert clause 52.249-14, Excusable Delays, in?

(1) Solicitations and contracts for supplies, services, construction, and research and development on a fee basis when a

cost-reimbursement contract is contemplated; and

(2) Time-and-material and labor-hour contracts.

(c) Communication service contracts. Agencies must prescribe and insert agency-specific clauses for canceling or terminating orders under communication service contracts with common carriers.

49.5-3

This page intentionally left blank.

49.5-4

SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.601-2

Subpart 49.6 - Contract Termination Forms and Formats

49.601 Notice of termination for convenience.

(See 49.402-3(g) for notice of termination for default.)

49.601-1 Electronic notice.

The contracting officer may provide expedited notice of termination by electronic means that includes a requirement for the contractor to confirm receipt. If the contractor does not confirm receipt promptly, the contracting officer must resend the

notice electronically and expedite the letter notice described in 49.601-2. If the contractor confirms receipt of the electronic

notice, and the notice contains all information required in 49.601-2, the contracting officer does not need to send the letter

notice.

(a) Complete termination: Use the following electronic notice when completely terminating a supply contract for convenience. This notice may be modified for other than supply contracts.

Date _____

XYZ Corporation New York, NY 12345

Contract No. _____ is completely terminated under clause _____, effective

_____ [insert "immediately, (today?s date)" or "on _____, 20____," or "as soon as you have

delivered, including prior deliveries, the following items:" (list)]. Immediately stop all work, terminate subcontracts, and

place no further orders except to the extent [insert if applicable "necessary to complete items not terminated or"] that you or a

subcontractor wish to retain and continue for your own account any work-in-process or other materials. Provide by electronic

means similar instructions to all subcontractors and suppliers. Detailed instructions follow.

(Contracting Officer)

(b) Partial termination: The following electronic notice is suggested for use if a supply contract is being partially terminated for convenience. If appropriately modified, the notice may be used for other than supply contracts.

Date _____

XYZ Corporation New York, NY 12345

Contract No. _____ is partially terminated under clause _____, effective _____ [insert

"immediately, (today?s date)" or "on _____, 20____"]. Reduce items to be delivered as follows: [insert instructions]. Immediately stop all work, terminate subcontracts, and place no further orders except as necessary to perform the portion not

terminated or that you or a subcontractor wish to retain and continue for your account any work-in-process or other materials.

Provide by electronic means similar instructions to all subcontractors and suppliers. Detailed instructions follow.

(Contracting Officer)

49.601-2 Letter notice.

The following letter notice of termination is suggested for use if a contract for supplies is being terminated for convenience. With appropriate modifications, it may be used in terminating contracts for other than supplies and in terminating subcontracts. This notice shall be sent by certified mail, return receipt requested, or electronically, provided evidence of receipt is received by the contracting officer. If no prior electronic notice was issued, or if no confirmation of an

electronic notice was received, use the alternate notice that follows this notice.

NOTICE OF TERMINATION TO PRIME CONTRACTORS

[At the top of the notice, set out all special details relating to the particular termination; e.g., name and address of company,

contract number of terminated contract, line items, etc.]

(a) Effective date of termination. This confirms the Government?s electronic notice to you dated _____, 20____, terminating _____ [insert "completely" or "in part"] Contract No. _____ (referred to as "the

49.6-1

49.601-2 FEDERAL ACQUISITION REGULATION

contract") for the Government?s convenience under the clause entitled _____ [insert title of appropriate termination

clause]. The termination is effective on the date and in the manner stated in the electronic notice.

(b) Cessation of work and notification to immediate subcontractors. You shall take the following steps:

(1) Stop all work, make no further shipments, and place no further orders relating to the contract, except for-

(i) The continued portion of the contract, if any;

(ii) Work-in-process or other materials that you may wish to retain for your own account; or

(iii) Work-in-process that the Contracting Officer authorizes you to continue (A) for safety precautions, (B) to clear or avoid damage to equipment, (C) to avoid immediate complete spoilage of work-in-process having a definite commercial

value, or (D) to prevent any other undue loss to the Government. (If you believe this authorization is necessary or advisable,

immediately notify the Contracting Officer by telephone or personal conference and obtain instructions.)

(2) Keep adequate records of your compliance with paragraph (b)(1) of this notice showing the-

(i) Date you received the Notice of Termination;

(ii) Effective date of the termination; and

(iii) Extent of completion of performance on the effective date.

(3) Furnish notice of termination to each immediate subcontractor and supplier that will be affected by this termination.

In the notice-

(i) Specify your Government contract number;

(ii) State whether the contract has been terminated completely or partially;

(iii) Provide instructions to stop all work, make no further shipments, place no further orders, and terminate all subcontracts under the contract, subject to the exceptions in paragraph (b)(1) of this notice;

(iv) Provide instructions to submit any settlement proposal promptly; and

(v) Request that similar notices and instructions be given to its immediate subcontractors.

(4) Notify the Contracting Officer of all pending legal proceedings that are based on subcontracts or purchase orders under the contract, or in which a lien has been or may be placed against termination inventory to be reported to the

Government. Also, promptly notify the Contracting Officer of any such proceedings that are filed after receipt of this Notice.

(5) Take any other action required by the Contracting Officer or under the Termination clause in the contract.

(c) Termination inventory.(1)As instructed by the Contracting Officer, transfer title and deliver to the Government all termination inventory of the following types or classes, including subcontractor termination inventory that you have the right

to take: [Contracting Officer insert proper identification or "None"].

(2) To settle your proposal, it will be necessary to establish that all prime and subcontractor termination inventory has

been properly accounted for. For detailed information, see part 45.

(d) Settlements with subcontractors. You remain liable to your subcontractors and suppliers for proposals arising because

of the termination of their subcontracts or orders. You are requested to settle these settlement proposals as promptly as possible. For purposes of reimbursement by the Government, settlements will be governed by the provisions of part 49.

(e) Completed end items.(1) Notify the Contracting Officer of the number of items completed under the contract and still

on hand and arrange for their delivery or other disposal (see 49.205).

(2) Invoice acceptable completed end items under the contract in the usual way and do not include them in the settlement proposal.

(f) Patents. If required by the contract, promptly forward the following to the Contracting Officer:

(1) Disclosure of all inventions, discoveries, and patent applications made in the performance of the contract.

(2) Instruments of license or assignment on all inventions, discoveries, and patent applications made in the performance

of the contract.

(g) Employees affected.(1)If this termination, together with other outstanding terminations, will necessitate a significant

reduction in your work force, you are urged to-

(i) Promptly inform the local State Employment Service of your reduction-in-force schedule in numbers and occupations, so that the Service can take timely action in assisting displaced workers;

(ii) Give affected employees maximum practical advance notice of the employment reduction and inform them of the facilities and services available to them through the local State Employment Service offices;

(iii) Advise affected employees to file applications with the State Employment Service to qualify for unemployment insurance, if necessary;

(iv) Inform officials of local unions having agreements with you of the impending reduction-in-force; and

(v) Inform the local Chamber of Commerce and other appropriate organizations which are prepared to offer practical

assistance in finding employment for displaced workers of the impending reduction-in-force.

49.6-2**SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.602-5**

(2) If practicable, urge subcontractors to take similar actions to those described in paragraph (g)(1) of this notice.

(h) Administrative. The contract administration office named in the contract will identify the Contracting Officer who will

be in charge of the settlement of this termination and who will, upon request, provide the necessary settlement forms. Matters

not covered by this notice should be brought to the attention of the undersigned.

(i) Please acknowledge receipt of this notice as provided below.

 _____ (Contracting Officer)
 _____ (Name of Office)
 _____ (Address)

ACKNOWLEDGMENT OF NOTICE

The undersigned acknowledges receipt of a signed copy of this notice on _____, 20____. Two signed copies of this notice are returned.

 _____ (Name of Contractor)
 By _____ (Name)
 _____ (Title)

 (End of notice)

Alternate notice. Substitute the following paragraph (a) for paragraph (a) of 49.601-2, Notice of Termination to Prime Contractors, if no prior electronic notice was issued, or if no confirmation of an electronic notice was received:

(a) Effective date of termination. You are notified that Contract No. _____ (referred to as "the contract") is terminated _____ [insert "completely" or "in part"] for the Government's convenience under the clause entitled _____ [insert title of appropriate termination clause]. The termination is effective _____ [insert either "immediately upon receipt of this Notice" or "on _____, 20____," or "as soon as you have delivered, including prior deliveries, the following items:" (list)]. Reduce items to be delivered as follows: [insert instructions].

49.602 Forms for settlement of terminated contracts.

The standard forms listed below shall be used for settling terminated prime contracts. The forms at 49.602-1 and 49.602-2

may also be used for settling terminated subcontracts. A listing of the Standard forms is located in subpart 53.3.

49.602-1 Termination settlement proposal forms.

(a) Standard Form 1435, Settlement Proposal (Inventory Basis), shall be used to submit settlement proposals resulting

from the termination of fixed-price contracts if the proposals are computed on an inventory basis (see 49.206-2(a)).

(b) Standard Form 1436, Settlement Proposal (Total Cost Basis), shall be used to submit settlement proposals resulting

from the termination of fixed-price contracts if the proposals are computed on a total cost basis (see 49.206-2(b)).

(c) Standard Form 1437, Settlement Proposal for Cost- Reimbursement Type Contracts, shall be used to submit settlement

proposals resulting from the termination of cost-reimbursement contracts (see 49.302).

(d) Standard Form 1438, Settlement Proposal (Short Form), shall be used to submit settlement proposals resulting from the

termination of fixed-price contracts if the total proposal is less than \$10,000 (see 49.206-1(d)).

49.602-2 Inventory forms.

Standard Form (SF) 1428, Inventory Disposal Schedule, and SF 1429, Inventory Disposal Schedule-Continuation Sheet,

shall be used to support settlement proposals submitted on the forms specified in 49.602-1(b) and (d).

49.602-3 Schedule of accounting information.

Standard Form 1439, Schedule of Accounting Information, shall be filed in support of a settlement proposal unless the proposal is filed on Standard Form 1438, Settlement Proposal (Short Form) (see 49.206-1(e)).

49.602-4 Partial payments.

Standard Form 1440, Application for Partial Payment, shall be used to apply for partial payments (see 49.112).

49.602-5 Settlement agreement.

Standard Form 30 (SF 30), Amendment of Solicitation/Modification of Contract, shall be used to execute a settlement agreement (see 49.109).

49.6-3

49.603 FEDERAL ACQUISITION REGULATION

49.603 Formats for termination for convenience settlement agreements.

The formats to be used for termination for convenience settlement agreements should be substantially as shown in this section (see 49.109). Termination contracting officers (TCO's) may, however, modify the contents of these agreements to

conform with special termination clauses prescribed or authorized by their agencies (e.g., see 49.501 and 49.505(c)).

49.603-1 Fixed price contracts-complete termination.

[Insert the following in Block 14 of SF 30 for settlements of fixed-price contracts completely terminated.]

(a) This supplemental agreement settles the settlement proposal resulting from the Notice of Termination dated _____.

(b) The parties agree to the following:

(1) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by

the contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly

accounted for, and that all proceeds and retention credits have been used in arriving at this agreement.

(2) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal

settled by this agreement, has furnished the contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and

that all proceeds and retention credits were used in arriving at the settlement of the subcontract, and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was

included in its proposal.

(3) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the

amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement, (i) are

properly allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements

of the

terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its

other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the

status of the items between the dates of the termination inventory schedules and the date of this agreement.

(4) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that

the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(5) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its

immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior

payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(6)(i) The Contractor has received \$_____ for work and services performed, or items delivered, under the completed portion of the contract. The Government confirms the right of the Contractor, subject to paragraph (7) of this agreement, to retain this sum and agrees that it constitutes a portion of the total amount to which the Contractor is entitled in

complete and final settlement of the contract.

(ii) Further, the Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, the sum of \$_____ [insert net amount of settlement], arrived at by deducting from the sum of \$_____ [for

proposals on an inventory basis insert gross amount of settlement; for proposals on a total cost basis, insert gross amount of

settlement less amount shown in paragraph (b)(6)(i) of this agreement]-

(A) The amount of \$_____ for all unliquidated partial or progress payments previously made to the Contractor or its assignee and all unliquidated advance payments (with any interest),

(B) The amount of \$_____ for all applicable property disposal credits [insert if appropriate, "and (C) the

amount of \$_____ for all other amounts due the Government under this contract, except as provided in paragraph (7) of this agreement."]

(iii) The net settlement of \$_____ in paragraph (b)(6)(ii) of this agreement, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the complete termination of the

contract and all other demands and liabilities of the Contractor and the Government under the contract, except as provided in

paragraph (b)(7) of this section.

(7) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the

contract are reserved: [The following list of reserved or excepted rights and liabilities is intended to cover those that should

most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The

suggested language of the excepted items on the list may be varied at the discretion of the contracting officer. If accuracy or

49.6-4

SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.603-2

completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question,

then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and

add any additional exceptions or reservations required.]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [If the contract contains clauses of this character

inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be

appropriately modified.]

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants

of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the bonds.

(v) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the Government by the Contractor under the contract or this agreement.

(vi) All rights and liabilities of the parties under the contract relating to any contract termination inventory stored for the Government.

(vii) All rights and liabilities of the parties under agreements relating to the future care and disposition by the Contractor of Government-owned property remaining in the Contractor's custody.

(viii) All rights and liabilities of the parties relating to Government property furnished to the Contractor for the performance of this contract.

(ix) All rights and liabilities of the parties under the contract relating to options (except options to continue or increase the work under the contract), covenants not to compete, and covenants of indemnity.

(x) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-2 Fixed-price contracts-partial termination.

[Insert the following in Block 14 of SF 30 for settlements of fixed-price contracts partially terminated.]

(a) This supplemental agreement settles the settlement proposal resulting from the Notice of Termination dated

_____.

(b) The parties agree to the following:

(1) The terminated portion of the contract is as follows: [specify the terminated portion clearly as to-

(i) Line item numbers,

(ii) Descriptions,

(iii) Quantity terminated,

(iv) Unit price of items,

(v) Total price of terminated items, and

(vi) Any other explanation necessary to avoid uncertainty or misunderstanding].

(2) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by

the Contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly

accounted for, and that all proceeds and retention credits have been used in arriving at this agreement.

(3) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal

settled by this agreement, has furnished the Contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and

that all proceeds and retention credits were used in arriving at the settlement of the subcontract; and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was

included in its proposal.

49.6-5

49.603-2 FEDERAL ACQUISITION REGULATION

(4) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the

amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement, (i) are properly allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements of the

terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its

other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the

status of the items between the dates of the termination inventory schedules and the date of this agreement.

(5) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that

the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(6) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its

immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior

payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(7)(i) The Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher,
the sum of \$_____ [insert net amount of settlement], arrived at by deducting from \$_____ [insert gross amount of settlement],

(A) the amount of \$_____ for all unliquidated partial or progress payments previously made to the Contractor or
its assignee and all unliquidated advance payments (with any interest) applicable to the terminated portion of the contract and

(B) the amount of \$_____ for all applicable property disposal credits.

(ii) The net settlement of \$_____ in paragraph (b)(7)(i) of this agreement, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the terminated portion of the contract, except as provided in paragraph (b)(8) of this agreement.

(iii) Upon payment of the net settlement of \$_____, all obligations of the Contractor to perform further work or services or to make further deliveries under the terminated portion of the contract and all obligations of the Government to take further payments or carry out other undertakings concerning the terminated portion of the contract shall cease; provided, that nothing in this agreement shall impair or affect any covenants, terms, or conditions of the contract relating to
the completed or continued portion of this contract.

(8) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the
contract are reserved: [The following list of reserved or excepted rights and liabilities is intended to cover those that should
most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The
suggested language of the excepted items in the list may be varied at the discretion of the contracting officer. If accuracy or
completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question,
then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and
add any additional exceptions or reservations required.]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [If the contract contains clauses of this character
inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be
appropriately modified.]

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants
of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under

the

bonds.

(v) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the government by the Contractor under the contract or this agreement.

(vi) All rights and liabilities of the parties under the contract relating to any contract termination inventory stored for the Government.

(vii) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.6-6

SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.603-3

49.603-3 Cost reimbursement contracts-complete termination, if settlement includes cost.

[Insert the following in Block 14 of SF 30 for settlement of cost-reimbursement contracts that are completely terminated, if

settlement includes costs.]

(a) This supplemental agreement settles the settlement proposal resulting from the Notice of Termination dated _____.

(b) The parties agree to the following:

(1) The Contractor certifies that all contract termination inventory (including scrap) has been retained or acquired by

the Contractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly

accounted for, and that all proceeds and retention credits have been used in arriving at this agreement.

(2) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal

settled by this agreement, has furnished the Contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and

that all proceeds and retention credits were used in arriving at the settlement of the subcontract; and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was

included in its proposal.

(3) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the

amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement, (i) are properly

allocable to the terminated portion of the contract, (ii) do not exceed the reasonable quantitative requirements of the

terminated portion of the contract, and (iii) do not include any items reasonably usable without loss to the Contractor on its

other work. The Contractor further certifies that the Contracting Officer has been informed of any substantial change in the

status of the items between the dates of the termination inventory schedules and the date of this agreement.

(4) The Contractor transfers, conveys, and assigns to the Government all the right, title and interest, if any, that the Contractor has received, or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(5) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of its immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(6)(i) The Contractor has received \$_____ for work and services performed, or articles delivered, under the contract before the effective date of termination. The Government confirms the right of the Contractor, subject to paragraph (b)(7) of this agreement, to retain this sum and agrees that it constitutes a portion of the total amount to which the Contractor is entitled in complete and final settlement of the contract.

(ii) Further, the Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher, the sum of \$_____ [insert net amount of settlement], arrived at by deducting from the sum of \$____ [insert gross amount of settlement less amount shown in paragraph (b)(6)(i) of this agreement]-

(A) The amount of \$____ for all unliquidated partial or progress payments previously made to the Contractor or its assignee and all unliquidated advance payments (with any interest),

(B) The amount of \$____ for all applicable property disposal credits [insert if appropriate, "and (C) the amount of \$____ for all other amounts due the Government under this contract, except as provided in paragraph (b)(7) of this agreement."]

(iii) The net settlement of \$_____ in subdivision (b)(6)(ii) of this section, together with sums previously paid, constitutes payment in full and complete settlement of the amount due the Contractor for the complete termination of the contract and of all other demands and liabilities of the Contractor and the Government under the contract, except as provided in paragraph (b)(7) in this section.

(7) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the contract are reserved: [The following list of reserved or excepted rights and liabilities is intended to cover those that should most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The suggested language of the excepted items on the list may be varied at the discretion of the contracting officer. If accuracy or completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question, then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and

add any additional exceptions or reservations required.]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights of the Government to take the benefit of agreements or judgments affecting royalties paid or payable in connection with the performance of the contract.

49.6-7

49.603-4 FEDERAL ACQUISITION REGULATION

(iii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [If the contract contains clauses of this character

inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be

appropriately modified.]

(iv) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants

of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the

bonds.

(v) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the Government by the Contractor under the contract or this agreement.

(vi) All rights and liabilities of the parties under the contract relating to any contract termination inventory stored for the Government.

(vii) All rights and liabilities of the parties under agreements relating to the future care and disposition by the Contractor of Government-owned property remaining in the Contractor's custody.

(viii) All rights and liabilities of the parties relating to Government property furnished to the Contractor for the performance of this contract.

(ix) All rights and liabilities of the parties under the contract relating to options (except options to continue or increase the work under the contract), covenants not to compete, and covenants of indemnity.

(x) Unresolved demands or assertions by the Contractor against the Government for costs under Government Accountability Office exceptions or other costs of the same nature that are excluded from the settlement without prejudice to

the rights of either party, as follows: [Insert amount and describe charges not waived.]

(xi) Claims by the Contractor against the Government, when the Contractor's rights of reimbursement are disputed,

that are excluded without prejudice to the rights of either party are as follows: [Insert the amounts and describe the claims on

which the Contracting Officer has made findings and has disallowed and on which the Contractor has taken, or intends to

take, timely appeal.]

(xii) Unresolved demands or assertions by the Contractor against the Government that are unknown in amount and involve costs alleged to be reimbursable under the contract are as follows: [Insert the estimated amounts and describe

the
charges.]

(xiii) Unknown amounts alleged by the Contractor against the Government, based upon responsibility of the Contractor to third parties that involve costs reimbursable under the contract.

(xiv) Debts due the Government by the Contractor that are based on refunds, rebates, credits, or other amounts not now known to the Government, with interest, now due or that may become due the Contractor from third parties, if the amounts arise out of transactions for which reimbursement has been made to the Contractor under the contract. The

Contractor shall pay to the Government, within 30 days after receipt, any of these amounts that become due from any third

party or any other source. Interest at the rate established by the Secretary of the Treasury under 41 U.S.C. 7109 shall accrue

and shall be paid to the Government on any amounts that remain unpaid after the 30-day period.

(xv) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-4 Cost-reimbursement contracts-complete termination, with settlement limited to fee.

[Insert the following in Block 14 of SF 30 for settlement of cost-reimbursement contracts that are completely terminated, if

settlement is limited to fee.]

(a) This supplemental agreement settles the amount of fee due under the contract, terminated in its entirety by Notice of

Termination dated ____.

(b) The parties agree to the following:

(1) The Contractor has received \$_____ on account of its fee under the contract before the effective date of termination.

(2) The Government agrees to pay to the Contractor or its assignee, upon presentation of a proper invoice or voucher,

\$_____ [insert net amount to be paid on account of fee]. This sum, with sums previously paid, constitutes payment in full

and complete settlement of the amount due the Contractor on account of its fee under the contract.

49.6-8

SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.603-5

(3) The Contractor's allowable costs under the contract will be paid under the terms and conditions of the contract and

parts 31 and 49 of the Federal Acquisition Regulation. [Insert paragraph (b)(3) of this agreement only if there are costs to be

vouchered out (see 49.302) or if there are costs to be covered later by a separate settlement agreement.]

(4) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the

contract are reserved: [The following list of reserved or excepted rights and liabilities is intended to cover those that should

most frequently be reserved and that should be scrutinized at the time a settlement agreement is negotiated (see 49.109). The

suggested language of the excepted items on the list may be varied at the discretion of the contracting officer. If accuracy or

completeness can be achieved by referencing the number of a contract clause or provision covering the matter in question,

then follow that method of enumerating reserved rights and liabilities. Omit any of the following that are not applicable and

add any additional exceptions or reservations required.]

(i) All rights and liabilities, if any, of the parties, as to matters covered by any renegotiation authority.

(ii) All rights and liabilities, if any, of the parties under those clauses inserted in the contract because of the requirements of Acts of Congress and Executive orders, including, without limitation, any applicable clauses relating to: labor law, contingent fees, domestic articles, and employment of aliens. [If the contract contains clauses of this character

inserted for reasons other than requirements of Acts of Congress or Executive orders, the suggested language should be

appropriately modified.]

(iii) All rights and liabilities of the parties arising under the contract and relating to reproduction rights, patent infringements, inventions, or applications for patents, including rights to assignments, invention reports, licenses, covenants

of indemnity against patent risks, and bonds for patent indemnity obligations, together with all rights and liabilities under the

bonds.

(iv) All rights and liabilities of the parties, arising under the contract or otherwise, and concerning defects, guarantees, or warranties relating to any articles or component parts furnished to the Government by the Contractor under the

contract or this agreement.

(v) All rights and liabilities of the parties under agreements relating to the future care and disposition by the Contractor of Government-owned property remaining in the Contractor's custody.

(vi) All rights and liabilities of the parties relating to Government property furnished to, or acquired by, the Contractor for the performance of the contract.

(vii) All rights and liabilities of the parties under the contract relating to options (except options to continue or increase the work under the contract), covenants not to compete, and covenants of indemnity.

(viii) All rights and liabilities, if any, of the parties under those clauses of the contract relating to price reductions for defective certified cost or pricing data.

(End of agreement)

49.603-5 Cost-reimbursement contracts-partial termination.

[Insert the following in Block 14 of SF 30, Amendment of Solicitation/Modification of Contract, for settlement agreements

for cost-reimbursement contracts as a result of partial termination.]

(a) This supplemental agreement settles the termination settlement proposal resulting from the Notice of Termination dated

_____.

(b) The parties agree as follows:

(1) The contract is amended by deleting the terminated portion as follows: [specify the terminated portion clearly as to-

(i) Line item numbers,

- (ii) Descriptions,
- (iii) Quantity terminated,
- (iv) Unit and total price of terminated items, and
- (v) Any other explanation necessary to avoid uncertainty or misunderstanding].

(2) The fee stated in the contract is decreased by \$____, from \$____ to \$____ [Insert, if appropriate,"(3) The estimated cost of the contract is decreased by \$____, from \$____ to \$____"].

(c) The Contractor's allowable costs and earned fee, if any, for the terminated portion of the contract will continue to be reimbursed on SF 1034, Public Voucher for Purchase and Services Other Than Personal, under the applicable provisions of the contract and part 31 of the Federal Acquisition Regulation.
(End of agreement)

49.6-9

49.603-6 FEDERAL ACQUISITION REGULATION

49.603-6 No-cost settlement agreement-complete termination.

[Insert the following in Block 14 of SF 30 if a no-cost settlement agreement, under a complete termination, is to be executed.]

(a) This supplemental agreement [insert "modifies the contract to reflect a no-cost settlement agreement with respect to the Notice of Termination dated ____" or, if not previously terminated, "terminates the contract in its entirety"].

(b) The parties agree as follows:
The Contractor unconditionally waives any charges against the Government because of the termination of the contract and, except as set forth below, releases it from all obligations under the contract or due to its termination. The Government agrees that all obligations under the contract are concluded, except as follows: [List reserved or excepted rights and liabilities. See

49.109-2 and 49.603-1(b)(7).]

(End of agreement)

49.603-7 No-cost settlement agreement-partial termination.

[Insert the following in Block 14 of SF 30 if a no-cost settlement agreement, under partial termination, is to be executed.]

(a) This supplemental agreement modifies the contract to reflect a no-cost settlement agreement with respect to the Notice of Termination dated ____.

(b) The parties agree as follows:

(1) The terminated portion of the contract is as follows: [Specify-

- (i) Line item numbers,
- (ii) Descriptions,
- (iii) Quantity terminated,
- (iv) Unit and total price of terminated items, and
- (v) Any other explanation necessary to avoid uncertainty or misunderstanding.]

(2) The Contractor unconditionally waives any charges against the Government arising under the terminated portion

of the contract or by reason of its termination, including, without limitation, all obligations of the Government to make further payments or to carry out any further undertakings under the terminated portion of the contract. The Government acknowledges that the Contractor has no obligation to perform further work or services or to make further deliveries under

the terminated portion of the contract. Nothing in this paragraph affects any other covenants, terms, or conditions of the contract. Under the terminated portion of the contract, the following rights and liabilities of the parties are reserved: [List reserved or excepted rights and liabilities. See 49.109-2 and 49.603-1(b)(7).]

(End of agreement)

49.603-8 Fixed-price contracts-settlements with subcontractors only.

[Insert the following in Block 14 of SF 30 for settlements of fixed-price contracts covering only settlements with subcontractors.]

(a) This agreement settles that portion of the settlement proposal of the contractor that is based upon termination of the following subcontracts entered into in performing this contract: [Insert a list of the terminated subcontracts included in this settlement.]

(b) The parties agree to the following:

(1) The Contractor certifies that each immediate subcontractor, whose settlement proposal is included in the proposal

settled by the agreement, has furnished the Contractor a certificate stating-

(i) That all subcontract termination inventory (including scrap) has been retained or acquired by the subcontractor, sold to third parties, returned to suppliers, delivered to or stored for the Government, or otherwise properly accounted for, and

that all proceeds and retention credits were used in arriving at the settlement of the subcontract; and

(ii) That the subcontractor has received a similar certificate from each immediate subcontractor whose proposal was included in its proposal.

(2) The Contractor certifies that all items of termination inventory, the costs of which were used in arriving at the

amount of this settlement or the settlement of any subcontract settlement proposal included in this settlement-

(i) Are properly allocable to the terminated portion of the contract;

(ii) Do not exceed the reasonable quantitative requirements of the terminated portion of the contract; and

(iii) Do not include any items reasonably usable without loss to the Contractor on its other work. The Contractor

further certifies that the Contracting Officer has been informed of any substantial change in the status of the items between

the dates of the termination inventory schedules and the date of this agreement.

49.6-10

SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.604

(3) The Contractor transfers, conveys, and assigns to the Government all the right, title, and interest, if any, that the

Contractor has received or is entitled to receive, in and to subcontract termination inventory not otherwise properly accounted for.

(4) The Contractor shall, within 10 days after receipt of the payment specified in this agreement, pay to each of

its

immediate subcontractors (or their respective assignees) the amounts to which they are entitled, after deducting any prior

payments and, if the Contractor so elects, any amounts due and payable to the Contractor by those subcontractors.

(5) The Government agrees to pay the Contractor or its assignee, upon presentation of a proper invoice or voucher,

\$____ [insert net amount of settlement], which, together with the amount of \$____ previously paid the Contractor as partial,

progress, or advance payments, constitutes payment in full and complete settlement, except as provided in paragraph (b)(6) of

this agreement, of the amount due the Contractor for that portion of its settlement proposal that is based upon termination of

the subcontracts listed above.

(6) Regardless of any other provision of this agreement, the following rights and liabilities of the parties under the

contract are reserved: [List reserved or excepted rights and liabilities. See 49.109-2 and 49.603-1(b)(7).]

(End of agreement)

49.603-9 Settlement of reservations.

[Insert the following in Block 14 of SF 30 for settlement of reservations.]

(a) Supplemental Agreement No. _____, dated _____, was executed to reflect the settlement of the termination of this contract. The supplemental agreement excepted from the settlement certain items described in the agreement including the

items described in paragraph (b) of this agreement. This supplemental agreement settles those items.

(b) The parties agree to the following:

(1) The Government agrees to pay the contractor \$_____ for the following reserved or excepted items:* [List items.]

(2) The Contractor releases and forever discharges the Government from all liability and from all existing and future

claims and demands that it may have under this contract, insofar as it pertains to the contract, for the items described in paragraph (b)(1) of this agreement.*

*When payment is due the Government, reverse the words "Governmen"t and "contracto"r in paragraphs (b)(1) and (b)(2).

(End of agreement)

49.604 Release of excess funds under terminated contracts.

The following format shall be used to recommend the release of excess funds under terminated contracts, except if the contracting office retains responsibility for settlement of the termination-

From: Termination Contracting Officer _____ [address]

To: Contracting office _____ [address]

Subj: Terminated Contract No _____ with _____ [Contractor]

Refs:

(a) [Cite termination notice and effective date.]

(b) [Cite prior letters releasing excess funds, if any.]

(1) Referenced termination notice, _____ [insert "completely" or "partially"] terminated contract _____.

(2) Based on the best information available, it is estimated that the gross settlement cost will be \$_____. The

amount

available for release as excess to the contract is \$____. Any payments previously made to the Contractor for terminated items

have been considered in arriving at the above amounts.

[If prior letters recommending release of excess funds are cited, use the following as paragraph 2:

The estimated settlement costs previously reported by reference (b) in the amount of \$____ are revised. On the best evidence

now available, it is estimated that the settlement costs will be \$____ The additional amount available for release is \$____.]

(3) The related appropriations and amounts involved are:

Appropriations Allocated Amounts

49.6-11

49.605 FEDERAL ACQUISITION REGULATION

Appropriations Allocated Amounts

Copies to: Paying Office Accounting and Finance Office Other.

49.605 Request to settle subcontractor settlement proposals.

Contractors requesting authority to settle subcontractor settlement proposals shall furnish applicable information from the

list below and any additional information required by the contracting officer-

(a) Name of contractor and address of principal office;

(b) Name and location of divisions of the applicant's plant for which authorization is requested;

(c) An explanation of the necessity and justification for the authorization requested;

(d) A full description of the applicant's organization for handling terminations, including the names of the officials in charge of processing and settling proposals;

(e) The number and dollar amount (estimated if necessary) of uncompleted contracts with Government agencies and the

percentage applicable to each agency;

(f) The number and dollar amount (estimated if necessary) of uncompleted subcontracts under Government contracts and

the percentage applicable to each agency;

(g) The extent of the applicant's experience in termination matters, including the handling of proposals of subcontractors;

(h) The approximate amount and general nature of terminations of the applicant currently in process;

(i) A statement that no other application has been made for any division of the applicant's plant covered by the application

or, if one has been made, a full statement of the facts;

(j) The limit of authorization requested.

49.606 Granting subcontract settlement authorization.

Contracting officers shall use the following format when granting subcontract settlement authorization-

LETTER OF AUTHORIZATION

(a) Your request of ____ (date) is approved, and you are authorized, subject to the limitations of subsection 49.109-4 and

those stated below, to settle, without further approval of the Government, all subcontracts and purchase orders terminated by

you as a result of a Government contract being terminated or modified-

(1) For the convenience of the Government; or

(2) Under any other circumstances that may require the Government to bear the cost of their settlement.

(b) This authorization does not extend to the disposition of Government-furnished material or articles completed but undelivered under the subcontract or purchase order, as these require screening and approval of disposal actions by the

Government, except that allocable completed articles may be disposed of without Government approval or screening if the

total amount (at subcontract price) when added to the amount of settlement (as computed below) does not exceed \$ _____

[insert limit of authorization being granted].

(c) This authorization is subject to the following conditions and requirements-

(1) The amount of the subcontract termination settlement does not exceed \$ _____ [insert limit of authorization being

granted], computed as follows:

(i) Do not deduct advance or partial payments or credits for retention or other disposal of termination inventory allocated to the settlement proposal.

(ii) Deduct amounts payable for completed articles or work at the contract price or for the settlement of termination proposals of subcontractors (except those settlements that have not been approved by the Government).

(2) Any termination inventory involved has been disposed of under subsection 49.108-4, except that screening and

Government approval of scrap and salvage determinations are not required.

(3) The Contracting Officer may incorporate into each Notice of Termination specific instructions about the disposition

of specific items of termination inventory, or the Contracting Officer may, at any time before final settlement, issue specific

instructions. These instructions will not affect any disposal action taken by you or your subcontractors before their receipt.

49.6-12

SUBPART 49.6 - CONTRACT TERMINATION FORMS AND FORMATS 49.607

(4) The settlements made by you with your subcontractors and suppliers under this authorization, including sales,

retention, or other dispositions of property involved in making these settlements, are reimbursable under part 49 and the

Termination clause of the contract, and do not require approval of the Contracting Officer.

(5) Any number of separate settlements of \$ _____ [insert limit of authorization granted] or less may be made with a

single subcontractor. Settlement proposals that would normally be included in a single proposal; e.g., those based on a series

of separate orders for the same item under one contract, should be consolidated whenever possible and shall not be divided to

bring them within the authorization.

(6) This authorization does not apply if a subcontractor or supplier is affiliated with you. For this purpose, you should

consider a contractor to be affiliated with you if you are under common control or if there is any common interest between

you by reason of stock ownership, or otherwise, that is sufficient to create a reasonable doubt that the bargaining between you

is completely at arm's length.

(7) A representative of this office will, from time to time, review the methods used in negotiating settlements with your

subcontractors and will make a selective examination of the settlements made by you. If the review indicates that you are not

adequately protecting the Government's interest, this delegation will be revoked.

(End of letter)

49.607 Delinquency notices.

The formats of the delinquency notices in this section may be used to satisfy the requirements of 49.402-3. All notices will

be sent with proof of delivery requested. (See part 42 for stop-work orders.)

(a) Cure notice. If a contract is to be terminated for default before the delivery date, a "Cure Notice" is required by the

Default clause. Before using this notice, it must be ascertained that an amount of time equal to or greater than the period of

"cure" remains in the contract delivery schedule or any extension to it. If the time remaining in the contract delivery schedule

is not sufficient to permit a realistic "cure" period of 10 days or more, the "Cure Notice" should not be issued. The "Cure Notice" may be in the following format:

Cure Notice

You are notified that the Government considers your ____ [specify the contractor's failure or failures] a condition that is endangering performance of the contract. Therefore, unless this condition is cured within 10 days after receipt of this notice

[or insert any longer time that the Contracting Officer may consider reasonably necessary], the Government may terminate

for default under the terms and conditions of the _____ [insert clause title] clause of this contract.

(End of notice)

(b) Show cause notice. If the time remaining in the contract delivery schedule is not sufficient to permit a realistic "cure"

period of 10 days or more, the following "Show Cause Notice" may be used. It should be sent immediately upon expiration of

the delivery period.

Show Cause Notice

Since you have failed to ____ [insert "perform Contract No. ____ within the time required by its terms," or "cure the conditions endangering performance under Contract No. ____ as described to you in the Government's letter of

____ (date)"], the Government is considering terminating the contract under the provisions for default of this contract.

Pending a

final decision in this matter, it will be necessary to determine whether your failure to perform arose from causes beyond

your

control and without fault or negligence on your part. Accordingly, you are given the opportunity to present, in writing, any

facts bearing on the question to ____ [insert the name and complete address of the contracting officer], within 10 days after

receipt of this notice. Your failure to present any excuses within this time may be considered as an admission that none exist.

Your attention is invited to the respective rights of the Contractor and the Government and the liabilities that may be invoked

if a decision is made to terminate for default.

Any assistance given to you on this contract or any acceptance by the Government of delinquent goods or services will be

solely for the purpose of mitigating damages, and it is not the intention of the Government to condone any delinquency or to

waive any rights the Government has under the contract.

(End of notice)

50-2

SUBPART 50.1 - EXTRAORDINARY CONTRACTUAL ACTIONS 50.101-3

50.000 Scope of part.

This part?

(a) (1) Prescribes procedures and implements statutory and Executive Order requirements for entering into, amending, or

modifying contracts in order to facilitate the national defense under the extraordinary emergency authority granted by Public

Law 85-804 (50 U.S.C. 1431?1435) and Executive Order 10789, dated November 14, 1958. It does not cover advance payments (see Subpart 32.4); and

(2) Implements indemnification authority granted by Pub. L. 85-804 and paragraph 1A of E.O. 10789 with respect

to any matter that has been, or could be, designated by the Secretary of Homeland Security as a qualified anti-terrorism technology as defined in the Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act); and

(b) Implements SAFETY Act liability protections to promote development and use of anti-terrorism technologies.

Subpart 50.1 - Extraordinary Contractual Actions

50.100 Definitions.

As used in this part?

Approving authority means an agency official or contract adjustment board authorized to approve actions under Pub. L. 85-804 and E.O. 10789.

Secretarial level means a level at or above the level of a deputy assistant agency head, or a contract adjustment board.

50.101 General.

50.101-1 Authority.

(a) Pub. L. 85-804 empowers the President to authorize agencies exercising functions in connection with the national

defense to enter into, amend, and modify contracts, without regard to other provisions of law related to making, performing,

amending, or modifying contracts, whenever the President considers that such action would facilitate the national defense.

(b) E.O. 10789 authorizes the heads of the following agencies to exercise the authority conferred by Pub. L. 85-804 and

to delegate it to other officials within the agency: the Government Publishing Office; the Department of Homeland Security;

the Tennessee Valley Authority; the National Aeronautics and Space Administration; the General Services Administration;

the Defense, Army, Navy, Air Force, Treasury, Interior, Agriculture, Commerce, and Transportation Departments; the Department of Energy for functions transferred to that Department from other authorized agencies; and any other agency that

may be authorized by the President.

50.101-2 Policy.

(a) Actions authorized under Pub. L. 85-804 shall be accomplished as expeditiously as practicable, consistent with the

exercise of sound judgment appropriate to the use of such extraordinary authority.

(b) Certain kinds of relief previously available only under Pub. L. 85-804; e.g., rescission or reformation for mutual mistake, are now available under the authority of 41 U.S.C. chapter 71, Contract Disputes. The disputes process in part 33

must be followed before pursuing extraordinary contract relief under this part because the authority under Pub. L.

85-804

may not be relied upon when other adequate legal authority exists. The contracting officer should seek legal advice when

unsure as to whether part 33 applies.

50.101-3 Records.

Agencies must maintain complete records of all actions taken under this Subpart 50.1. For each request for relief processed, these records must include, at a minimum?

- (a) The contractor's request;
- (b) All relevant memorandums, correspondence, affidavits, and other pertinent documents;
- (c) The Memorandum of Decision (see 50.103-6 and 50.104-2); and
- (d) A copy of the contractual document implementing an approved request.

50.1-1

50.102 FEDERAL ACQUISITION REGULATION

50.102 Delegation of and limitations on exercise of authority.

50.102-1 Delegation of authority.

An agency head may delegate in writing authority under Pub. L. 85-804 and E.O. 10789, subject to the following limitations:

- (a) Authority delegated must be to a level high enough to ensure uniformity of action.
- (b) Authority to approve requests to obligate the Government in excess of \$90,000 may not be delegated below the secretarial level.
- (c) Regardless of dollar amount, authority to approve any amendment without consideration that increases the contract

price or unit price may not be delegated below the secretarial level, except in extraordinary cases or classes of cases when the

agency head finds that special circumstances clearly justify such delegation.

- (d) Regardless of dollar amount, authority to indemnify against unusually hazardous or nuclear risks, including extension

of such indemnification to subcontracts, must be exercised only by the Secretary or Administrator of the agency concerned,

the Public Printer, or the Chairman of the Board of Directors of the Tennessee Valley Authority (see 50.104-3).

50.102-2 Contract adjustment boards.

An agency head may establish a contract adjustment board with authority to approve, authorize, and direct appropriate action under this Subpart 50.1 and to make all appropriate determinations and findings. The decisions of the board must not

be subject to appeal; however, the board may reconsider and modify, correct, or reverse its previous decisions. The board

must determine its own procedures and have authority to take all action necessary or appropriate to conduct its functions.

50.102-3 Limitations on exercise of authority.

- (a) Pub. L. 85-804 is not authority for?
 - (1) Using a cost-plus-a-percentage-of-cost system of contracting;
 - (2) Making any contract that violates existing law limiting profit or fees;
 - (3) Providing for other than full and open competition for award of contracts for supplies or services; or
 - (4) Waiving any bid bond, payment bond, performance bond, or other bond required by law.

(b) No contract, amendment, or modification shall be made under Pub. L. 85-804's authority-

(1) Unless the approving authority finds that the action will facilitate the national defense;

(2) Unless other legal authority within the agency concerned is deemed to be lacking or inadequate;

(3) Except within the limits of the amounts appropriated and the statutory contract authorization (however, indemnification agreements authorized by an agency head (50.104-3) are not limited to amounts appropriated or to contract authorization); and

(4) That will obligate the Government for any amount over \$150 million unless the Senate and House Committees

on Armed Services are notified in writing of the proposed obligation and 60 days of continuous session of Congress have

passed since the transmittal of such notification. However, this paragraph (b)(4) does not apply to indemnification agreements

authorized under 50.104-3.

(c) No contract shall be amended or modified unless the contractor submits a request before all obligations (including final

payment) under the contract have been discharged. No amendment or modification shall increase the contract price to an

amount higher than the lowest rejected bid of any responsible bidder, if the contract was negotiated under 14.404-1(f).

(d) No informal commitment will be formalized unless?

(1) The contractor submits a written request for payment within 6 months after furnishing, or arranging to furnish,

supplies or services in reliance upon the commitment; and

(2) The approving authority finds that, at the time the commitment was made, it was impracticable to use normal

contracting procedures.

(e) No executive department or agency will exercise the indemnification authority granted under paragraph 1 A of E.O.

10789 with respect to any supply or service that has been, or could be, designated by the Secretary of Homeland Security as a

qualified anti-terrorism technology unless?

(1) For the Department of Defense, the Secretary of Defense has determined that the exercise of authority under

E.O. 10789 is necessary for the timely and effective conduct of the United States military or intelligence activities, after consideration of the authority provided under the SAFETY Act (Subtitle G of title VIII of the Homeland Security Act of 2002, 6 U.S.C. 441-444); or

(2) For other departments and agencies that have authority under E.O. 10789?

50.1-2

SUBPART 50.1 - EXTRAORDINARY CONTRACTUAL ACTIONS 50.103-3

(i) The Secretary of Homeland Security has advised whether the use of the authority under the SAFETY Act would be appropriate; and

(ii) The Director of the Office of Management and Budget has approved the exercise of authority under the Executive order.

50.103 Contract adjustments.

This section prescribes standards and procedures for processing contractors' requests for contract adjustment under Pub. L.

85-804 and E.O. 10789.

50.103-1 General.

The fact that losses occur under a contract is not sufficient basis for exercising the authority conferred by Pub. L. 85-804.

Whether appropriate action will facilitate the national defense is a judgment to be made on the basis of all of the facts of the

case. Although it is impossible to predict or enumerate all the types of cases in which action may be appropriate, examples

are included in 50.103-2. Even if all of the factors in any of the examples are present, other considerations may warrant denying a contractor's request for contract adjustment. The examples are not intended to exclude other cases in which the

approving authority determines that the circumstances warrant action.

50.103-2 Types of contract adjustment.

(a) Amendments without consideration. (1) When an actual or threatened loss under a defense contract, however caused,

will impair the productive ability of a contractor whose continued performance on any defense contract or whose continued

operation as a source of supply is found to be essential to the national defense, the contract may be amended without consideration, but only to the extent necessary to avoid such impairment to the contractor's productive ability.

(2) When a contractor suffers a loss (not merely a decrease in anticipated profits) under a defense contract because

of Government action, the character of the action will generally determine whether any adjustment in the contract will be made, and its extent. When the Government directs its action primarily at the contractor and acts in its capacity as the other

contracting party, the contract may be adjusted in the interest of fairness. Thus, when Government action, while not creating

any liability on the Government's part, increases performance cost and results in a loss to the contractor, fairness may make

some adjustment appropriate.

(b) Correcting mistakes. (1) A contract may be amended or modified to correct or mitigate the effect of a mistake.

The

following are examples of mistakes that may make such action appropriate:

(i) A mistake or ambiguity consisting of the failure to express, or express clearly, in a written contract, the agreement

as both parties understood it.

(ii) A contractor's mistake so obvious that it was or should have been apparent to the contracting officer.

(iii) A mutual mistake as to a material fact.

(2) Amending contracts to correct mistakes with the least possible delay normally will facilitate the national defense by

expediting the contracting program and assuring contractors that mistakes will be corrected expeditiously and fairly.

(c) Formalizing informal commitments. Under certain circumstances, informal commitments may be formalized to permit

payment to persons who have taken action without a formal contract. An example of a circumstance where an informal commitment may be formalized is when a person, responding to an agency official's written or oral instructions and relying in good faith upon the official's apparent authority to issue them, has furnished or arranged to furnish supplies or services to the agency, or to a defense contractor or subcontractor, without formal contractual coverage. Formalizing commitments under such circumstances normally will facilitate the national defense by assuring such persons that they will be treated fairly and paid expeditiously.

50.103-3 Contract adjustment.

(a) Contractor requests. Contractors must submit two copies of requests for contract adjustments to the contracting officer or an authorized representative. The request must state?

- (1) The precise adjustment requested;
- (2) The essential facts, summarized chronologically in narrative form;
- (3) The contractor's conclusions based on these facts, showing, in terms of the considerations set forth in 50.103-1 and

50.103-2, when the contractor considers itself entitled to the adjustment; and

- (4) Whether or not-
 - (i) All obligations under the contracts involved have been discharged;

50.1-3

50.103-4 FEDERAL ACQUISITION REGULATION

(ii) Final payment under the contracts involved has been made;

(iii) Any proceeds from the request will be subject to assignment or other transfer, and to whom; and

(iv) The contractor has sought the same, or a similar or related, adjustment from the Government Accountability Office or any other part of the Government, or anticipates doing so.

(b) Contractor certification. A contractor seeking a contract adjustment that exceeds the simplified acquisition threshold shall, at the time the request is submitted, submit a certification by a person authorized to certify the request on behalf of the contractor that-

- (1) The request is made in good faith; and
- (2) The supporting data are accurate and complete to the best of that person's knowledge and belief.

50.103-4 Facts and evidence.

(a) General. If a request is made under 50.103-3, the contracting officer or other agency official must request the contractor to support the request with any of the following information:

- (1) A brief description of the contracts involved, the dates of execution and amendments, the items being acquired, the price or prices, the delivery schedules, and any special contract provisions relevant to the request.
- (2) A history of performance indicating when work under the contracts or commitments began, the progress made to date, an exact statement of the contractor's remaining obligations, and the contractor's expectations regarding completion.

(3) A statement of payments received, due, and yet to be received or to become due, including advance and progress

payments; amounts withheld by the Government; and information as to any obligations of the Government yet to be performed under the contracts.

(4) A detailed analysis of the request's monetary elements, including precisely how the actual or estimated dollar

amount was determined and the effect of approval or denial on the contractor's profits before Federal income taxes.

(5) A statement of the contractor's understanding of why the request's subject matter cannot now, and could not at the

time it arose, be disposed of under the contract terms.

(6) The best supporting evidence available to the contractor, including contemporaneous memorandums, correspondence, and affidavits.

(7) Relevant financial statements, cost analyses, or other such data, preferably certified by a certified public accountant,

as necessary to support the request's monetary elements.

(8) A list of persons connected with the contracts who have factual knowledge of the subject matter, including, when

possible, their names, offices or titles, addresses, and telephone numbers.

(9) A statement and evidence of steps taken to reduce losses and claims to a minimum.

(10) Any other relevant statements or evidence that may be required.

(b) Amendments without consideration-essentiality a factor. When a request involves the potential for an amendment

without consideration, and essentiality to the national defense is a factor (50.103-2(a)(1)), the contractor may be asked to

furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) A statement and evidence of the contractor's original breakdown of estimated costs, including contingency allowances, and profit.

(2) A statement and evidence of the contractor's present estimate of total costs under the contracts involved if it is

enabled to complete them, broken down between costs accrued to date and completion costs, and between costs paid and

those owed.

(3) A statement and evidence of the contractor's estimate of the final price of the contracts, taking into account all

known or contemplated escalation, changes, extras, and the like.

(4) A statement of any claims known or contemplated by the contractor against the Government involving the contracts,

other than those stated in response to paragraph (b)(3) of this subsection.

(5) An estimate of the contractor's total profit or loss under the contracts if it is enabled to complete them at the

estimated final contract price, broken down between profit or loss to date and completion profit or loss.

(6) An estimate of the contractor's total profit or loss from other Government business and all other sources, from the

date of the first contract involved to the estimated completion date of the last contract involved.

(7) A statement of the amount of any tax refunds to date, and an estimate of those anticipated, for the period

from the
date of the first contract involved to the estimated completion date of the last contract involved.

(8) A detailed statement of efforts the contractor has made to obtain funds from commercial sources to enable contract completion.

50.1-4

SUBPART 50.1 - EXTRAORDINARY CONTRACTUAL ACTIONS 50.103-5

(9) A statement of the minimum amount the contractor needs as an amendment without consideration to enable contract completion, and the detailed basis for that amount.

(10) An estimate of the time required to complete each contract if the request is granted.

(11) A statement of the factors causing the loss under the contracts involved.

(12) A statement of the course of events anticipated if the request is denied.

(13) Balance sheets, preferably certified by a certified public accountant, (i) for the contractor's fiscal year immediately preceding the date of the first contract, (ii) for each subsequent fiscal year, (iii) as of the request date, and (iv) projected as of the completion date of all the contracts involved (assuming the contractor is enabled to complete them at the estimated final prices), together with income statements for annual periods subsequent to the date of the first balance sheet. Balance sheets and income statements should be both consolidated and broken down by affiliates. They should show all transactions between the contractor and its affiliates, stockholders, and partners, including loans to the contractor guaranteed by any stockholder or partner.

(14) A list of all salaries, bonuses, and other compensation paid or furnished to the principal officers or partners, and of all dividends and other withdrawals, and of all payments to stockholders in any form since the date of the first contract involved.

(c) Amendments without consideration-essentiality not a factor. When a request involves possible amendment without consideration because of Government action, and essentiality to the national defense is not a factor (50.103-2(a)(2)), the contractor may be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) A clear statement of the precise Government action that the contractor considers to have caused a loss under the contract, with evidence to support each essential fact.

(2) A statement and evidence of the contractor's original breakdown of estimated costs, including contingency allowances, and profit.

(3) The estimated total loss under the contract, with detailed supporting analysis.

(4) The estimated loss resulting specifically from the Government action, with detailed supporting analysis.

(d) Correcting mistakes. When a request involves possible correction of a mistake (50.103-2(b)), the contractor may

be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this subsection, any of the following information:

(1) A statement and evidence of the precise error made, ambiguity existing, or misunderstanding arising, showing what

it consists of, how it occurred, and the intention of the parties.

(2) A statement explaining when the mistake was discovered, when the contracting officer was given notice of it, and

whether this notice was given before completion of work under, or the effective termination date of, the contract.

(3) An estimate of profit or loss under the contract, with detailed supporting analysis.

(4) An estimate of the increase in cost to the Government resulting from the adjustment requested, with detailed

supporting analysis.

(e) Formalizing informal commitments. When a request involves possible formalizing of an informal commitment

(50.103-2(c)), the contractor may be asked to furnish, in addition to the facts and evidence listed in paragraph (a) of this

subsection, any of the following information:

(1) Copies of any written instructions or assurances (or a sworn statement of any oral instructions or assurances) given

the contractor, and identification of the Government official who gave them.

(2) A statement as to when the contractor furnished or arranged to furnish the supplies or services involved, and to

whom.

(3) Evidence that the contractor relied upon the instructions or assurances, with a full description of the circumstances

that led to this reliance.

(4) Evidence that, when performing the work, the contractor expected to be compensated directly for it by the Government and did not anticipate recovering the costs in some other way.

(5) A cost breakdown supporting the amount claimed as fair compensation for the work performed.

(6) A statement and evidence of the impracticability of providing, in an appropriate contractual instrument, for the work

performed.

50.103-5 Processing cases.

In response to a contractor request made in accordance with 50.103-3, the contracting officer or an authorized representative shall make a thorough investigation to establish the facts necessary to decide a given case. Facts and evidence,

50.1-5

50.103-6 FEDERAL ACQUISITION REGULATION

including signed statements of material facts within the knowledge of individuals when documentary evidence is lacking,

and audits if considered necessary to establish financial or cost facts, shall be obtained from contractor and Government

personnel.

50.103-6 Disposition.

(a) When approving or denying a contractor's request made in accordance with 50.103-3, the approving authority must

sign and date a Memorandum of Decision.

(b) If some adjustment is approved, the Memorandum of Decision will contain a statement in substantially the following

form: "I find that the action authorized herein will facilitate the national defense." The case files supporting this statement

will show the rationale and basis for the dollar amount of the award. When the dollar amount exceeds the amounts supported

by audit or other independent reviews, the approving authority will further document the rationale for deviating from the recommendation.

50.103-7 Contract requirements.

(a) Pub. L. 85-804 and E.O. 10789 require that every contract entered into, amended, or modified under this Subpart 50.1

shall contain?

(1) A citation of Pub. L. 85-804 and E.O. 10789;

(2) A brief statement of the circumstances justifying the action; and

(3) A recital of the finding that the action will facilitate the national defense.

(b) The authority in 50.101-1(a) shall not be used to omit from contracts, when otherwise required, the clauses at 52.203-5,

Covenant Against Contingent Fees; 52.215-2, Audit and Records; Negotiation; 52.222-4, Contract Work Hours and Safety

Standards; Overtime Compensation; 52.222-6, Construction Wage Rate Requirements; 52.222-10, Compliance With

Copeland Act Requirements; 52.222-20, Contracts for Materials, Supplies, Articles, and Equipment; 52.222-26, Equal

Opportunity; and 52.232-23, Assignment of Claims.

50.104 Residual powers.

This section prescribes standards and procedures for exercising residual powers under Pub. L. 85-804. The term "residual

powers" includes all authority under Pub. L. 85-804 except?

(a) That covered by section 50.103; and

(b) The authority to make advance payments (see Subpart 32.4).

50.104-1 Standards for use.

Subject to the limitations in 50.102-3, residual powers may be used in accordance with the policies in 50.101-2

when necessary and appropriate, all circumstances considered. In authorizing the inclusion of the clause at 52.250-1,

Indemnification Under Public Law 85-804, in a contract or subcontract, an agency head may require the indemnified

contractor to provide and maintain financial protection of the type and amount determined appropriate. In deciding whether

to approve use of the indemnification clause, and in determining the type and amount of financial protection the indemnified

contractor is to provide and maintain, an agency head must consider such factors as self-insurance, other proof of financial

responsibility, workers' compensation insurance, and the availability, cost, and terms of private insurance. The approval

and

determination must be final.

50.104-2 General.

(a) When approving or denying a proposal for the exercise of residual powers, the approving authority must sign and date

a Memorandum of Decision.

(b) Every contract entered into, amended, or modified under residual powers shall comply with the requirements of

50.103-7.

50.104-3 Special procedures for unusually hazardous or nuclear risks.

(a) Indemnification requests. (1) Contractor requests for the indemnification clause to cover unusually hazardous or nuclear risks should be submitted to the contracting officer and must include the following information:

(i) Identification of the contract for which the indemnification clause is requested.

(ii) Identification and definition of the unusually hazardous or nuclear risks for which indemnification is requested, with a statement indicating how the contractor would be exposed to them.

50.1-6

SUBPART 50.1 - EXTRAORDINARY CONTRACTUAL ACTIONS 50.104-3

(iii) A statement, executed by a corporate official with binding contractual authority, of all insurance coverage applicable to the risks to be defined in the contract as unusually hazardous or nuclear, including-

(A) Names of insurance companies, policy numbers, and expiration dates;

(B) A description of the types of insurance provided (including the extent to which the contractor is self-insured

or intends to self-insure), with emphasis on identifying the risks insured against and the coverage extended to persons or

property, or both;

(C) Dollar limits per occurrence and annually, and any other limitation, for relevant segments of the total insurance coverage;

(D) Deductibles, if any, applicable to losses under the policies;

(E) Any exclusions from coverage under such policies for unusually hazardous or nuclear risks; and

(F) Applicable workers' compensation insurance coverage.

(iv) The controlling or limiting factors for determining the amount of financial protection the contractor is to provide and maintain, with information regarding the availability, cost, and terms of additional insurance or other forms of financial protection.

(v) Whether the contractor's insurance program has been approved or accepted by any Government agency; and whether the contractor has an indemnification agreement covering similar risks under any other Government program, and, if

so, a brief description of any limitations.

(vi) If the contractor is a division or subsidiary of a parent corporation-

(A) A statement of any insurance coverage of the parent corporation that bears on the risks for which the

contractor seeks indemnification; and

(B) A description of the precise legal relationship between parent and subsidiary or division.

(2) If the dollar value of the contractor's insurance coverage varies by 10 percent or more from that stated in an

indemnification request submitted in accordance with paragraph (a)(1) of this subsection, or if other significant changes in insurance coverage occur after submission and before approval, the contractor shall immediately submit to the contracting officer a brief description of the changes.

(b) Action on indemnification requests. (1) The contracting officer, with assistance from legal counsel and cognizant program office personnel, shall review the indemnification request and ascertain whether it contains all required information.

If the contracting officer, after considering the facts and evidence, denies the request, the contracting officer shall notify the contractor promptly of the denial and of the reasons for it. If recommending approval, the contracting officer shall forward the request (as modified, if necessary, by negotiation) through channels to the appropriate official specified in 50.102-1(d).

The contracting officer's submission shall include all information submitted by the contractor and-

(i) All pertinent information regarding the proposed contract or program, including the period of performance, locations, and facilities involved;

(ii) A definition of the unusually hazardous or nuclear risks involved in the proposed contract or program, with a statement that the parties have agreed to it;

(iii) A statement by responsible authority that the indemnification action would facilitate the national defense;

(iv) A statement that the contract will involve unusually hazardous or nuclear risks that could impose liability upon the contractor in excess of financial protection reasonably available;

(v) A statement that the contractor is complying with applicable Government safety requirements;

(vi) A statement of whether the indemnification should be extended to subcontractors; and

(vii) A description of any significant changes in the contractor's insurance coverage (see 50.104-3(a)(2)) occurring since submission of the indemnification request.

(2) Approval of a request to include the indemnification clause in a contract shall be by a Memorandum of Decision

executed by the appropriate official specified in 50.102-1(d).

(3) When use of the indemnification clause is approved under paragraph (b)(2) of this subsection, the definition of

unusually hazardous or nuclear risks (see paragraph (b)(1)(ii) of this subsection) shall be incorporated into the contract, along with the clause.

(4) When approval is-

(i) Authorized in the Memorandum of Decision; and

(ii) Justified by the circumstances, the contracting officer may approve the contractor's written request to provide for

indemnification of subcontractors, using the same procedures as those required for contractors.

50.1-7

50.104-4 FEDERAL ACQUISITION REGULATION

50.104-4 Contract clause.

The contracting officer shall insert the clause at 52.250-1, Indemnification Under Public Law 85-804, in contracts whenever the approving official determines that the contractor must be indemnified against unusually hazardous or

nuclear

risks (also see 50.104-3(b)(3)). In cost-reimbursement contracts, the contracting officer shall use the clause with its Alternate

I.

50.1-8

SUBPART 50.2 - SUPPORT ANTI-TERRORISM BY FOSTERING EFFECTIVE TECHNOLOGIES ACT OF 2002

50.203

Subpart 50.2 - Support Anti-terrorism by Fostering Effective Technologies Act of 2002

50.200 Scope of subpart.

This subpart implements the Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act) liability protections to promote development and use of anti-terrorism technologies.

50.201 Definitions.

Act of terrorism means any act determined to have met the following requirements or such other requirements as defined

and specified by the Secretary of Homeland Security:

(1) Is unlawful.

(2) Causes harm, including financial harm, to a person, property, or entity, in the United States, or in the case of a

domestic United States air carrier or a United States-flag vessel (or a vessel based principally in the United States on which

United States income tax is paid and whose insurance coverage is subject to regulation in the United States), in or outside the

United States.

(3) Uses or attempts to use instrumentalities, weapons or other methods designed or intended to cause mass destruction,

injury or other loss to citizens or institutions of the United States.

Block certification means SAFETY Act certification of a technology class that the Department of Homeland Security (DHS) has determined to be an approved class of approved products for homeland security.

Block designation means SAFETY Act designation of a technology class that the DHS has determined to be a Qualified Anti-Terrorism Technology (QATT).

Pre-qualification designation notice means a notice in a procurement solicitation or other publication by the Government stating that the technology to be procured either affirmatively or presumptively satisfies the technical criteria necessary to be deemed a qualified anti-terrorism technology. A pre-qualification designation notice authorizes offeror(s) to submit streamlined SAFETY Act applications for SAFETY Act designation and receive expedited processing of those applications.

Qualified Anti-Terrorism Technology (QATT) means any technology designed, developed, modified, procured, or sold for

the purpose of preventing, detecting, identifying, or deterring acts of terrorism or limiting the harm such acts might otherwise

cause, for which a SAFETY Act designation has been issued. For purposes of defining a QATT, technology means any product, equipment, service (including support services), device, or technology (including information technology) or any

combination of the foregoing. Design services, consulting services, engineering services, software development services,

software integration services, threat assessments, vulnerability studies, and other analyses relevant to homeland security may

be deemed a technology.

SAFETY Act certification means a determination by DHS pursuant to 6 U.S.C. 442(d), as further delineated in 6 CFR 25.8

and 25.9, that a QATT for which a SAFETY Act designation has been issued is an approved product for homeland security,

i.e., it will perform as intended, conforms to the seller's specifications, and is safe for use as intended.

SAFETY Act designation means a determination by DHS pursuant to 6 U.S.C. 441(b) and 6 U.S.C. 443(a), as further delineated in 6 CFR 25.4, that a particular Anti-Terrorism Technology constitutes a QATT under the SAFETY Act.

50.202 Authorities.

The following authorities apply:

(a) Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act), 6 U.S.C. 441-444.

(b) Executive Order 13286 of February 28, 2003, Amendment of Executive Orders, and Other Actions, in Connection

With the Transfer of Certain Functions to the Secretary of Homeland Security.

(c) Executive Order 10789 of November 14, 1958, Contracting Authority of Government Agencies in Connection with

National Defense Functions.

(d) 6 CFR Part 25.

50.203 General.

(a) As part of the Homeland Security Act of 2002, Pub. L. 107-296, Congress enacted the SAFETY Act to-

(1) Encourage the development and use of anti-terrorism technologies that will enhance the protection of the nation;

and

(2) Provide risk management and litigation management protections for sellers of QATTs and others in the supply and

distribution chain.

(b) The SAFETY Act's liability protections are complementary to the Terrorism Risk Insurance Act of 2002.

50.2-1

50.204 FEDERAL ACQUISITION REGULATION

(c) Questions concerning the SAFETY Act may be directed to DHS Office of SAFETY Act Implementation (OSAI).

Additional information about the SAFETY Act may be found at <http://www.SAFETYAct.gov>. Included on this website are block designations and block certifications granted by DHS.

50.204 Policy.

(a) Agencies should-

(1) Determine whether the technology to be procured is appropriate for SAFETY Act protections and, if appropriate,

formally relay this determination to DHS for purposes of supporting contractor application(s) for SAFETY Act protections in

relation to criteria (b)(viii) of 6 CFR 25.4, Designation of Qualified Anti-Terrorism Technologies;

(2) Encourage offerors to seek SAFETY Act protections for their offered technologies, even in advance of the issuance

of a solicitation; and

(3) Not mandate SAFETY Act protections for acquisitions because applying for SAFETY Act protections for a particular technology is the choice of the offeror.

(b) Agencies shall not solicit offers contingent upon SAFETY Act designation or certification occurring before contract

award unless authorized in accordance with 50.205-3.

(c) Agencies shall not solicit offers or award contracts presuming DHS will issue a SAFETY Act designation or certification after contract award unless authorized in accordance with 50.205-4.

(d) The DHS determination to extend SAFETY Act protections for a particular technology is not a determination that the

technology meets, or fails to meet, the requirements of a solicitation.

50.205 Procedures.

50.205-1 SAFETY Act Considerations.

(a) SAFETY Act applicability. Requiring activities should review requirements to identify potential technologies that prevent, detect, identify, or deter acts of terrorism or limit the harm such acts might cause, and may be appropriate for SAFETY Act protections. In questionable cases, the agency shall consult with DHS. For acquisitions involving such technologies, the requiring activity should ascertain through discussions with DHS whether a block designation or block certification exists for the technology being acquired.

(1) If one does exist, the requiring activity should request that the contracting officer notify offerors.

(2) If one does not exist, see 50.205-2, Pre-qualification designation notice.

(b) Early consideration of the SAFETY Act. Acquisition officials shall consider SAFETY Act issues as early in the acquisition cycle as possible (see 7.105(b)(20)(v)). Normally, this would be at the point where the required capabilities or performance characteristics are addressed. This is important because the processing times for issuing determinations on all types of SAFETY Act applications vary depending on many factors, including the influx of applications to DHS and the technical complexity of individual applications.

(c) Industry outreach. When applicable, acquisition officials should include SAFETY Act considerations in all industry outreach efforts including, but not limited to, requests for information, draft requests for proposal, and industry conferences.

(d) Reciprocal waiver of claims. For purposes of 6 CFR 25.5(e), the Government is not a customer from which a contractor must request a reciprocal waiver of claims.

50.205-2 Pre-qualification designation notice.

Upon receipt of documentation from the program office or requiring activity related to a DHS pre-qualification designation notice, the contracting officer shall?

(a) Include in any pre-solicitation notice (Subpart 5.2) that a pre-qualification designation notice has been?

(1) Requested and is under review by DHS;

(2) Denied by DHS; or

(3) Issued and a copy will be included with the solicitation; and

(b) Incorporate the pre-qualification designation notice into the solicitation.

50.205-3 Authorization of offers contingent upon SAFETY Act designation or certification before contract award.

(a) Contracting officers may authorize such contingent offers, only if-

(1) DHS has issued-

50.2-2

SUBPART 50.2 - SUPPORT ANTI-TERRORISM BY FOSTERING EFFECTIVE TECHNOLOGIES ACT OF 2002

50.206

(i) For offers contingent upon SAFETY Act designation, a pre-qualification designation notice or a block designation; or

(ii) For offers contingent upon SAFETY Act certification, a block certification;

(2) To the contracting officer's knowledge, the Government has not provided advance notice so that potential offerors

could have obtained SAFETY Act designations/ certifications for their offered technologies before release of any solicitation;

and

(3) Market research shows that there will be insufficient competition without SAFETY Act protections or the subject

technology would be sold to the Government only with SAFETY Act protections.

(b) Contracting officers shall not authorize offers contingent upon obtaining a SAFETY Act certification (as opposed to a

SAFETY Act designation), unless a block certification applies to the class of technology to be acquired under the solicitation.

50.205-4 Authorization of awards made presuming SAFETY Act designation or certification after contract award.

(a) When necessary to award a contract prior to DHS issuing SAFETY Act protections, contracting officers may award

contracts presuming that DHS will issue a SAFETY Act designation/certification to the contractor after contract award only

if-

(1) The criteria of 50.205-3(a) are met;

(2) The chief of the contracting office (or other official designated in agency procedures) approves the action; and

(3) The contracting officer advises DHS of the timelines for potential award and consults DHS as to when DHS could

reasonably complete evaluations of offerors' applications for SAFETY Act designations or certifications.

(b) Contracting officers shall not authorize offers presuming that SAFETY Act certification will be obtained (as opposed

to a SAFETY Act designation), unless a block certification applies to the class of technology to be acquired under the solicitation.

50.206 Solicitation provisions and contract clause.

(a) Insert the provision at 52.250-2, SAFETY Act Coverage Not Applicable, in solicitations if?

(1) The agency consulted with DHS on a questionable case of SAFETY Act applicability to an acquisition in accordance with 50.205-1(a), and after the consultation, the agency has determined that SAFETY Act protection is not applicable for the acquisition; or

(2) DHS has denied approval of a pre-qualification designation notice.

(b) (1) Insert the provision at 52.250-3, SAFETY Act Block Designation/Certification, in a solicitation when DHS has issued a block designation/certification for the solicited technologies.

(2) Use the provision at 52.250-3 with its Alternate I when contingent offers are authorized in accordance with

50.205-3.

- (3) Use the provision at 52.250-3 with its Alternate II when offers presuming SAFETY Act designation or certification

are authorized in accordance with 50.205-4. If this alternate is used, the contracting officer may increase the number of days

within which offerors must submit their SAFETY Act designation or certification application.

(c) (1) Insert the provision at 52.250-4, SAFETY Act Pre-qualification Designation Notice, in a solicitation for which DHS has issued a pre-qualification designation notice.

- (2) Use the provision at 52.250-4 with its Alternate I when contingent offers are authorized in accordance with

50.205-3

- (3) Use the provision at 52.250-4 with its Alternate II when offers presuming SAFETY Act designation or certification

are authorized in accordance with 50.205-4. If this alternate is used, the contracting officer may increase the number of days

within which offerors must submit their SAFETY Act designation or certification application.

(d) Insert the clause at 52.250-5, SAFETY Act?Equitable Adjustment

- (1) In the solicitation, if the provision at 52.250-3 or 52.250-4 is used with its Alternate II; and

- (2) In any resultant contract, if DHS has not issued SAFETY Act designation or certification to the successful offeror

before contract award.

GENERAL SERVICES ADMINISTRATION

DEPARTMENT OF DEFENSE

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

TITLE 48-FEDERAL ACQUISITION REGULATIONS SYSTEM

Chapter 1

F A R

EDERAL CQUISITION EGULATION

Volume I

FOREWORD

The FAR is the primary regulation for use by all executive agencies in their acquisition of supplies and services with appropriated funds. It became effective on April 1, 1984, and is issued within applicable laws under the joint authorities of the Administrator of General Services, the Secretary of Defense, and the Administrator for the National Aeronautics and Space Administration, under the broad policy guidelines of the Administrator, Office of Federal Procurement Policy, Office of Management and Budget.

The FAR precludes agency acquisition regulations that unnecessarily repeat, paraphrase, or otherwise restate the FAR, limits agency acquisition regulations to those necessary to implement FAR policies and procedures within an agency, and provides for coordination, simplicity, and uniformity in the Federal acquisition process. It also provides for agency and public participation in developing the FAR and agency acquisition regulation.

On April 17th, 2026, the Federal Acquisition Regulatory Council has updated the Revolutionary FAR Overhaul (RFO) to conform with the changes to support the implementation of Executive Order (E.O.) 14398, Addressing DEI Discrimination by Federal Contractors, dated March 26, 2026.

52-10

SUBPART 52.1 - INSTRUCTIONS FOR USING PROVISIONS AND CLAUSES 52.101

52.000 Scope of part.

This part-

- (a) Gives instructions for using provisions and clauses in solicitations and/or contracts;
- (b) Sets forth the solicitation provisions and contract clauses prescribed by this regulation; and
- (c) Presents a matrix listing the FAR provisions and clauses applicable to each principal contract type and/or purpose (e.g.,

fixed-price supply, cost-reimbursement research and development).

Subpart 52.1 - Instructions for Using Provisions and Clauses**52.100 Scope of subpart.**

This subpart-

- (a) Gives instructions for using part 52, including the explanation and use of provision and clause numbers, prescriptions,

prefaces, and the matrix;

- (b) Prescribes procedures for incorporating, identifying, and modifying provisions and clauses in solicitations and contracts, and for using alternates; and

- (c) Describes the derivation of FAR provisions and clauses.

52.101 Using Part 52.

- (a) Definition. "Modification," as used in this subpart, means a minor change in the details of a provision or clause that is

specifically authorized by the FAR and does not alter the substance of the provision or clause (see 52.104).

- (b) Numbering? (1) FAR provisions and clauses. subpart 52.2 sets forth the text of all FAR provisions and clauses, each

in its own separate subsection. The subpart is arranged by subject matter, in the same order as, and keyed to, the parts of the

FAR. Each FAR provision or clause is uniquely identified. All FAR provision and clause numbers begin with "52.2," since

the text of all FAR provisions and clauses appear in subpart 52.2. The next two digits of the provision or clause number correspond to the number of the FAR subject part in which the provision or clause is prescribed. The FAR provision or clause

number is then completed by a hyphen and a sequential number assigned within each section of subpart 52.2. The following

example illustrates the makeup of the FAR provision or clause number (see Figure 1 below).

- (2) Provisions or clauses that supplement the FAR. (i) Provisions or clauses that supplement the FAR are-

- (A) Prescribed and included in authorized agency acquisition regulations issued within an agency to satisfy the

specific needs of the agency as a whole;

- (B) Prescribed and included in a regulation issued by a suborganization of an agency to satisfy the needs of that

particular suborganization; or

- (C) Developed for use at a suborganizational level of an agency, not meant for repetitive use, but intended to meet

the needs of an individual acquisition and, thus, impractical to include in either an agency or suborganization acquisition regulation. (See 1.301(c).)

- (ii) Supplemental provisions or clauses published in agency acquisition regulations shall be in full text and the

prescription for the use of each shall be included. Supplemental provisions or clauses published in agency acquisition regulations shall be numbered in the same manner in which FAR provisions and clauses are numbered except that-

- (A) If it is included in an agency acquisition regulation that is published in the Federal Register and is codified

in Title 48, Code of Federal Regulations (48 CFR), the number shall be preceded by the chapter number within 48 CFR assigned by the CFR staff; and

- (B) The sequential number shall be "70" or a higher number (see 1.303).

52.1-1

52.102 FEDERAL ACQUISITION REGULATION

(iii) The sequential number at the end of the number of a provision or clause that supplements the FAR, like its counterpart at the end of any FAR provision or clause number, indicates the subsection location of the provision or clause in

subpart 52.2 of the agency acquisition regulation that contains its full text. If, for example, an agency acquisition regulation

contains only one provision followed by only one clause supplementing the FAR in its section 52.236 (Construction and Architect-Engineer Contracts), then the sequential numbers would be "70" for the provision and "71" for the clause.

- (c) Prescriptions. Each provision or clause in subpart 52.2 is prescribed at that place in the FAR text where the subject

matter of the provision or clause receives its primary treatment. The prescription includes all conditions, requirements, and

instructions for using the provision or clause and its alternates, if any. The provision or clause may be referred to in other

FAR locations.

- (d) Introductory text. Within subpart 52.2, the introductory text of each provision or clause includes a cross-reference to

the location in the FAR subject text that prescribes its use.

(e) Matrix. (1) The matrix in subpart 52.3 contains a column for each principal type and/or purpose of contract (e.g., fixed-price supply, cost reimbursement research and development). The matrix lists the-

- (i) Required solicitation provisions;
- (ii) Required-when-applicable solicitation provisions;
- (iii) Optional solicitation provisions;
- (iv) Required contract clauses;
- (v) Required-when-applicable contract clauses; and
- (vi) Optional contract clauses.

(2) For each provision or clause listed, the matrix provides information on-

- (i) Whether incorporation by reference is or is not authorized (see 52.102);
- (ii) The section of the Uniform Contract Format (UCF) in which it is to be located, if it is used in an acquisition that is subject to the UCF;

(iii) Its number;

(iv) The citation of the FAR text that prescribes its use; and

(v) Its title.

(3) Since the matrix does not provide sufficient information to determine the applicability of a provision or clause in the

"required-when-applicable" and "optional" categories, contracting officers shall refer to the FAR text (cited in the matrix)

that

prescribes its use.

(4) The FAR matrix may be reproduced at agency levels, and at subordinate levels, for the purpose of supplementing

it with agency-developed provisions and clauses. The resulting consolidated matrices may be included in agency acquisition

regulations.

(f) Dates. Since they are subject to revision from time to time, all provisions, clauses, and alternates are dated; e.g., (Dec 1983). To avoid questions concerning which version of any provision, clause, or alternate is operative in any given

solicitation or contract, its date shall be included whether it is incorporated by reference or in full text.

52.102 Incorporating provisions and clauses.

(a) Provisions and clauses should be incorporated by reference to the maximum practical extent, rather than being incorporated in full text, even if they-

(1) Are used with one or more alternates or on an optional basis;

(2) Are prescribed on a "substantially as follows" or "substantially the same as" basis, provided they are used verbatim;

(3) Require modification or the insertion by the Government of fill-in material (see 52.104); or

(4) Require completion by the offeror or prospective contractor. This instruction also applies to provisions completed as

annual representations and certifications.

(b) Except for provisions and clauses prescribed in 52.107, any provision or clause that can be accessed electronically

by the offeror or prospective contractor may be incorporated by reference in solicitations and/or contracts. However, the contracting officer, upon request, shall provide the full text of any provision or clause incorporated by reference.

(c) Agency approved provisions and clauses prescribed in agency acquisition regulations, and provisions and clauses not

authorized by subpart 52.3 to be incorporated by reference, need not be incorporated in full text, provided the contracting

officer includes in the solicitation and contract a statement that-

(1) Identifies all provisions and clauses that require completion by the offeror or prospective contractor;

(2) Specifies that the provisions and clauses must be completed by the offeror or prospective contractor and must be

submitted with the quotation or offer; and

52.1-2

SUBPART 52.1 - INSTRUCTIONS FOR USING PROVISIONS AND CLAUSES 52.104

(3) Identifies to the offeror or prospective contractor at least one electronic address where the full text may be accessed.

(d) An agency may develop a group listing of provisions and clauses that apply to a specific category of contracts.

An

agency group listing may be incorporated by reference in solicitations and/or contracts in lieu of citing the provisions and

clauses individually, provided the group listing is made available electronically to offerors and prospective contractors.

(e) A provision or clause that is not available electronically to offerors and prospective contractors shall be

incorporated in

solicitations and/or contracts in full text if it is-

- (1) A FAR provision or clause that otherwise is not authorized to be incorporated by reference (see sub part 52.3); or
- (2) A provision or clause prescribed for use in an agency acquisition regulation.
- (f) Provisions or clauses may not be incorporated by reference by being listed in the-
 - (1) Provision at 52.252-3, Alterations in Solicitations; or
 - (2) Clause at 52.252-4, Alterations in Contract.

52.103 Identification of provisions and clauses.

(a) Whenever any FAR provision or clause is used without deviation in a solicitation or contract, whether it is incorporated

by reference or in full text, it shall be identified by number, title, and date. This identification shall also be used if the FAR

provision or clause is used with an authorized deviation, except that the contracting officer shall then insert "(DEVIATION)"

after the date. Solicited firms and contractors will be advised of the meaning of this insertion through the use of the (1) provision at 52.252-5, Authorized Deviations in Provisions, or (2) clause at 52.252-6, Authorized Deviations in Clauses. The

above mentioned provision and clause are prescribed in 52.107(e) and (f).

(b) Any provision or clause that supplements the FAR whether it is incorporated by reference or in full text shall be clearly identified by number, title, date, and name of the regulation. When a supplemental provision or clause is used with an authorized deviation, insert "(DEVIATION)" after the name of the regulation.

(c) A provision or clause of the type described in 52.101(b)(2)(i)(C) shall be identified by the title, date, and the name of the agency or suborganization within the agency that developed it.

(d) Except for provisions or clauses covered by 52.103(c), the following hypothetical examples illustrate how a provision or clause that supplements the FAR shall be identified when it is incorporated in solicitations and/or contracts by reference or in full text:

- (1) If part 14 (Sealed Bidding) of the X Agency Acquisition Regulation, published in the Federal Register and codified

as Chapter 99 in 48 CFR, prescribes the use of a provision entitled "Bid Envelopes," dated October 1983, and that provision

is sequentially the first provision or clause appearing in Section 52.214 of the X Agency Acquisition Regulation, then the identification of that provision shall be "9952.214-70-Bid Envelopes (OCT 1983)."

(2) Assume that Y, a major organizational element of the X Agency, is authorized to issue the Y Acquisition Regulation, which is not published in the Federal Register and codified in 48 CFR. If part 36 (Construction and Architect-Engineer Contracts) of the Y Acquisition Regulation prescribes the use of a clause entitled "Refrigerated Display Cases,"

dated March 1983, pertaining to a specialized type of construction work, and that clause is sequentially the second provision

or clause appearing in Section 52.236 of the Y Acquisition Regulation, then the identification of that clause shall be

"52.236-71-Refrigerated Display Cases (MAR 1983)-Y Acquisition Regulation."

52.104 Procedures for modifying and completing provisions and clauses.

(a) The contracting officer must not modify provisions and clauses unless the FAR authorizes their modification. For example-

(1) "The contracting officer may use a period shorter than 60 days (but not less than 30 days) in paragraph (x) of the clause"; or

(2) "The contracting officer may substitute the words 'task order' for the word 'Schedule' wherever that word appears in the clause."

(b) When modifying provisions or clauses incorporated by reference, insert the changed wording directly below the title of the provision or clause identifying to the lowest level necessary (e.g., paragraph, sentence, word), to clearly indicate what is being modified.

(c) When modifying provisions or clauses incorporated in full text, modify the language directly by substituting the changed wording as permitted.

(d) When completing blanks in provisions or clauses incorporated by reference, insert the fill-in information directly below the title of the provision or clause identifying to the lowest level necessary to clearly indicate the blanks being filled in.

52.1-3

52.105 FEDERAL ACQUISITION REGULATION

(e) When completing blanks in provisions or clauses incorporated in full text, insert the fill-in information in the blanks of the provision or clause.

52.105 Procedures for using alternates.

(a) The FAR accommodates a major variation in a provision or clause by use of an alternate. The FAR prescribes alternates to a given provision or clause in the FAR subject text where the provision or clause is prescribed. The alternates to each provision or clause are titled "Alternate I," "Alternate II," "Alternate III," etc.

(b) When an alternate is used, its date shall be cited along with the date of the basic provision or clause; e.g., 52.209-3

First Article Approval-Contractor Testing (OCT 1983)-Alternate I (DEC 1983).

(c) Under certain circumstances, a provision or clause may be used with two or more alternates. In these circumstances, each of the applicable alternates shall be cited, whether incorporated by reference or in full text; e.g., 52.209-3 First Article Approval-Contractor Testing (OCT 1983)-Alternate I (DEC 1983) and Alternate II (FEB 1984). However, under no circumstances may an alternate to a specific provision or clause be applied to any other provision or clause.

52.106 [Reserved]

52.107 Provisions and clauses prescribed in subpart 52.1.

(a) The contracting officer shall insert the provision at 52.252-1, Solicitation Provisions Incorporated by Reference, in solicitations in order to incorporate provisions by reference.

(b) The contracting officer shall insert the clause at 52.252-2, Clauses Incorporated by Reference, in solicitations and contracts in order to incorporate clauses by reference.

(c) The contracting officer shall insert the provision at 52.252-3, Alterations in Solicitation, in solicitations in order to revise or supplement, as necessary, other parts of the solicitation that apply to the solicitation phase only, except for any provision authorized for use with a deviation.

(d) The contracting officer shall insert the clause at 52.252-4, Alterations in Contract, in solicitations and contracts in order to revise or supplement, as necessary, other parts of the contract, or parts of the solicitations that apply to the contract phase, except for any clause authorized for use with a deviation.

(e) The contracting officer shall insert the provision at 52.252-5, Authorized Deviations in Provisions, in solicitations that include any FAR or supplemental provision with an authorized deviation. Whenever any FAR or supplemental provision is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the provision when it is used without deviation, include regulation name for any supplemental provision, except that the contracting officer shall insert "(DEVIATION)" after the date of the provision.

(f) The contracting officer shall insert the clause at 52.252-6, Authorized Deviations in Clauses, in solicitations and contracts that include any FAR or supplemental clause with an authorized deviation. Whenever any FAR or supplemental clause is used with an authorized deviation, the contracting officer shall identify it by the same number, title, and date assigned to the clause when it is used without deviation, include regulation name for any supplemental clause, except that the contracting officer shall insert "(DEVIATION)" after the date of the clause.

52.1-4

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.201-1

Subpart 52.2 - Text of Provisions and Clauses

52.200 Scope of subpart.

This subpart sets forth the text of all FAR provisions and clauses (see 52.101(b)(1)) and gives a cross-reference to the location in the FAR that prescribes the provision or clause.

52.201 [Reserved]

52.201-1 [Reserved]

52.2-2

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.202-1

52.202 [Reserved]

52.202-1 Definitions.

As prescribed in 2.201, insert the following clause:

DEFINITIONS (JUN 2020)

When a solicitation provision or contract clause uses a word or term that is defined in the Federal Acquisition Regulation

(FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued,

unless-

- (a) The solicitation, or amended solicitation, provides a different definition;
- (b) The contracting parties agree to a different definition;
- (c) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning;
- (d) The word or term is defined in FAR part 31, for use in the cost principles and procedures; or
- (e) The word or term defines an acquisition-related threshold, and if the threshold is adjusted for inflation as set forth in

FAR 1.108, then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent

threshold adjustment; see FAR 1.108.

(End of clause)

52.2-3

This page intentionally left blank.

52.2-4

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-3

52.203 [Reserved]

52.203-1 [Reserved]

52.203-2 Certificate of Independent Price Determination.

As prescribed in 3.103-1, insert the following provision. If the solicitation is a Request for Quotations, the terms "Quotation" and "Quoter" may be substituted for "Offer" and "Offeror."

CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)

(a) The offeror certifies that-

- (1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any

consultation, communication, or agreement with any other offeror or competitor relating to-

- (i) Those prices;
- (ii) The intention to submit an offer; or
- (iii) The methods or factors used to calculate the prices offered.

- (2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to

any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a

negotiated solicitation) unless otherwise required by law; and

- (3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an

offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory-

- (1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1)

through (a)(3) of this provision; or

(2) (i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals

have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision
_____ [insert full name of person(s) in the offeror's organization responsible for determining the prices offered
in

this bid or proposal, and the title of his or her position in the offeror's organization];

(ii) As an authorized agent, does certify that the principals named in subdivision (b)(2)(i) of this provision have not participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; and

(iii) As an agent, has not personally participated, and will not participate, in any action contrary to paragraphs (a)(1) through (a)(3) of this provision.

(c) If the offeror deletes or modifies subparagraph (a)(2) above, the offeror must furnish with its offer a signed statement

setting forth in detail the circumstances of the disclosure.

(End of provision)

52.203-3 Gratuities.

As prescribed in 3.202 , insert the following clause:

GRATUITIES (APR 1984)

(a) The right of the Contractor to proceed may be terminated by written notice if, after notice and hearing, the agency head

or a designee determines that the Contractor, its agent, or another representative-

(1) Offered or gave a gratuity (e.g., an entertainment or gift) to an officer, official, or employee of the Government; and

(2) Intended, by the gratuity, to obtain a contract or favorable treatment under a contract.

(b) The facts supporting this determination may be reviewed by any court having lawful jurisdiction.

(c) If this contract is terminated under paragraph (a) of this clause, the Government is entitled-

(1) To pursue the same remedies as in a breach of the contract; and

(2) In addition to any other damages provided by law, to exemplary damages of not less than 3 nor more than 10

times the cost incurred by the Contractor in giving gratuities to the person concerned, as determined by the agency head or a

designee. (This paragraph (c)(2) is applicable only if this contract uses money appropriated to the Department of Defense.)

52.2-5

52.203-4 FEDERAL ACQUISITION REGULATION

(d) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any

other rights and remedies provided by law or under this contract.

(End of clause)

52.203-4 [Reserved]

52.203-5 Covenant Against Contingent Fees.

As prescribed in 3.404 , insert the following clause:

COVENANT AGAINST CONTINGENT FEES (MAY 2014)

(a) The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this

contract upon

an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this

warranty, the Government shall have the right to annul this contract without liability or, to deduct from the contract price or

consideration, or otherwise recover, the full amount of the contingent fee.

(b) Bona fide agency, as used in this clause, means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

Bona fide employee, as used in this clause, means a person, employed by a contractor and subject to the contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper

influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

Contingent fee, as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon

the success that a person or concern has in securing a Government contract.

Improper influence, as used in this clause, means any influence that induces or tends to induce a Government employee or

officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

(End of clause)

52.203-6 Restrictions on Subcontractor Sales to the Government.

As prescribed in 3.503-2 , insert the following clause:

RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT (JUN 2020)

(a) Except as provided in (b) of this clause, the Contractor shall not enter into any agreement with an actual or prospective

subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors

directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.

(b) The prohibition in (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized

by law or regulation.

(c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under

this contract which exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the

date of subcontract award.

(End of clause)

Alternate I (NOV 2021). As prescribed in 3.503-2 , substitute the following paragraph in place of paragraph (b) of the basic clause:

(b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise

authorized by law or regulation. For acquisitions of commercial products or commercial services, the prohibition in paragraph

52.2-6

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-8

(a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial product(s) and commercial service(s).

52.203-7 Anti-Kickback Procedures.

As prescribed in 3.502-3 , insert the following clause:

ANTI-KICKBACK PROCEDURES (JUN 2020)

(a) Definitions.

Kickback, as used in this clause, means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation

of any kind which is provided to any prime Contractor, prime Contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in

connection with a subcontract relating to a prime contract.

Person, as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

Prime contract, as used in this clause, means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

Prime Contractor, as used in this clause, means a person who has entered into a prime contract with the United States.

Prime Contractor employee, as used in this clause, means any officer, partner, employee, or agent of a prime Contractor.

Subcontract, as used in this clause, means a contract or contractual action entered into by a prime Contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

Subcontractor, as used in this clause, (1) means any person, other than the prime Contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in

connection with such prime contract, and (2) includes any person who offers to furnish or furnishes general supplies to the

prime Contractor or a higher tier subcontractor.

Subcontractor employee, as used in this clause, means any officer, partner, employee, or agent of a subcontractor.

(b) 41 U.S.C. chapter 87, Kickbacks, prohibits any person from-

(1) Providing or attempting to provide or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a prime Contractor to

the United States or in the contract price charged by a subcontractor to a prime Contractor or higher tier subcontractor.

(c) (1) The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible

violations described in paragraph (b) of this clause in its own operations and direct business relationships.

(2) When the Contractor has reasonable grounds to believe that a violation described in paragraph (b) of this clause

may have occurred, the Contractor shall promptly report in writing the possible violation. Such reports shall be made to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector

general, or the Attorney General.

(3) The Contractor shall cooperate fully with any Federal agency investigating a possible violation described in paragraph (b) of this clause.

(4) The Contracting Officer may (i) offset the amount of the kickback against any monies owed by the United States

under the prime contract and/or (ii) direct that the Prime Contractor withhold from sums owed a subcontractor under the prime contract the amount of the kickback. The Contracting Officer may order the monies withheld under subdivision (c)(4)

(ii) of this clause be paid over to the Government unless the Government has already offset those monies under subdivision

(c)(4)(i) of this clause. In either case, the Prime Contractor shall notify the Contracting Officer when the monies are withheld.

(5) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c)(5) but excepting

paragraph (c)(1) of this clause, in all subcontracts under this contract that exceed the threshold specified in Federal Acquisition Regulation 3.502-2(i) on the date of subcontract award.

(End of clause)

52.203-8 Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity.

As prescribed in 3.104-9(a), insert the following clause:

52.2-7

52.203-9 FEDERAL ACQUISITION REGULATION

CANCELLATION, RESCISSION, AND RECOVERY OF FUNDS FOR ILLEGAL OR IMPROPER ACTIVITY (MAY 2014)

(a) If the Government receives information that a contractor or a person has violated 41 U.S.C. 2102-2104, Restrictions on

Obtaining and Disclosing Certain Information, the Government may-

(1) Cancel the solicitation, if the contract has not yet been awarded or issued; or

(2) Rescind the contract with respect to which-

(i) The Contractor or someone acting for the Contractor has been convicted for an offense where the conduct violates 41 U.S.C.2102 for the purpose of either-

(A) Exchanging the information covered by such subsections for anything of value; or

(B) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract;

or

(ii) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct punishable under 41 U.S.C. 2105(a).

(b) If the Government rescinds the contract under paragraph (a) of this clause, the Government is entitled to recover, in

addition to any penalty prescribed by law, the amount expended under the contract.

(c) The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other

rights

and remedies provided by law, regulation, or under this contract.

(End of clause)

52.203-9 [Reserved]

52.203-10 Price or Fee Adjustment for Illegal or Improper Activity.

As prescribed in 3.104-9(b), insert the following clause:

PRICE OR FEE ADJUSTMENT FOR ILLEGAL OR IMPROPER ACTIVITY (MAY 2014)

(a) The Government, at its election, may reduce the price of a fixed-price type contract and the total cost and fee under

a cost-type contract by the amount of profit or fee determined as set forth in paragraph (b) of this clause if the head of the

contracting activity or designee determines that there was a violation of 41 U.S.C.2102 or 2103, as implemented in section

3.104 of the Federal Acquisition Regulation.

(b) The price or fee reduction referred to in paragraph (a) of this clause shall be-

(1) For cost-plus-fixed-fee contracts, the amount of the fee specified in the contract at the time of award;

(2) For cost-plus-incentive-fee contracts, the target fee specified in the contract at the time of award, notwithstanding

any minimum fee or "fee floor" specified in the contract;

(3) For cost-plus-award-fee contracts-

(i) The base fee established in the contract at the time of contract award;

(ii) If no base fee is specified in the contract, 30 percent of the amount of each award fee otherwise payable to the Contractor for each award fee evaluation period or at each award fee determination point.

(4) For fixed-price-incentive contracts, the Government may-

(i) Reduce the contract target price and contract target profit both by an amount equal to the initial target profit specified in the contract at the time of contract award; or

(ii) If an immediate adjustment to the contract target price and contract target profit would have a significant adverse

impact on the incentive price revision relationship under the contract, or adversely affect the contract financing provisions,

the Contracting Officer may defer such adjustment until establishment of the total final price of the contract. The total final

price established in accordance with the incentive price revision provisions of the contract shall be reduced by an amount

equal to the initial target profit specified in the contract at the time of contract award and such reduced price shall be the total

final contract price.

(5) For firm-fixed-price contracts, by 10 percent of the initial contract price or a profit amount determined by the Contracting Officer from records or documents in existence prior to the date of the contract award.

(c) The Government may, at its election, reduce a prime contractor's price or fee in accordance with the procedures of

paragraph (b) of this clause for violations of the statute by its subcontractors by an amount not to exceed the amount of profit

or fee reflected in the subcontract at the time the subcontract was first definitively priced.

52.2-8**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-12**

(d) In addition to the remedies in paragraphs (a) and (c) of this clause, the Government may terminate this contract for default. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law or under this contract.

(End of clause)

52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions.

As prescribed in 3.808(a), insert the following provision:

CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (SEP 2024)

(a) Definitions. As used in this provision-"Lobbying contact" has the meaning provided at 2 U.S.C. 1602(8). The terms "agency," "influencing or attempting to influence," "officer or employee of an agency," "person," "reasonable compensation," and "regularly employed" are defined in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12).

(b) Prohibition. The prohibition and exceptions contained in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12) are hereby incorporated by reference in this provision.

(c) Certification. The offeror, by signing its offer, hereby certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on its behalf in connection with the awarding of this contract.

(d) Disclosure. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The offeror need not report regularly employed officers or employees of the offeror to whom payments of reasonable compensation were made.

(e) Penalties. Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by 31 U.S.C. 1352. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure required to be filed or amended by this provision, shall be subject to civil penalties as provided in 31

U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(End of provision)

52.203-12 Limitation on Payments to Influence Certain Federal Transactions.

As prescribed in 3.808(b), insert the following clause:

LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (JUN 2020)

(a) Definitions. As used in this clause-

Agency means "executive agency" as defined in Federal Acquisition Regulation (FAR) 2.101.

Covered Federal action means any of the following actions:

- (1) Awarding any Federal contract.
- (2) Making any Federal grant.
- (3) Making any Federal loan.
- (4) Entering into any cooperative agreement.
- (5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

Indian tribe and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a

Member of Congress in connection with any covered Federal action.

52.2-9

52.203-12 FEDERAL ACQUISITION REGULATION

Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a

council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

Officer or employee of an agency includes the following individuals who are employed by an agency:

- (1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a

position under a temporary appointment.

- (2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.
- (3) A special Government employee, as defined in section 202, Title 18, United States Code.
- (4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee

Act, Title 5, United States Code, appendix 2.

Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or

loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified

in paragraph (b) of this clause and are permitted by other Federal law.

Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation

that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by,

or not furnished in cooperation with the Federal Government.

Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

Recipient includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but

only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph (b) of this

clause and are permitted by other Federal law.

Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract,

an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding

the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of

the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he

or she is employed by such person for 130 working days.

State means a State of the United States, the District of Columbia, or an outlying area of the United States, an agency or

instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) Prohibition. 31 U.S.C. 1352 prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from

using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency,

a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with

any covered Federal actions. In accordance with 31 U.S.C. 1352, the Contractor shall not use appropriated funds to pay any

person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer

or employee of Congress, or an employee of a Member of Congress in connection with the award of this contract the extension, continuation, renewal, amendment, or modification of this contract.

(1) The term appropriated funds does not include profit or fee from a covered Federal action.

(2) To the extent the Contractor can demonstrate that the Contractor has sufficient monies, other than Federal appropriated funds, the Government will assume that these other monies were spent for any influencing activities that would

be unallowable if paid for with Federal appropriated funds.

(c) Exceptions. The prohibition in paragraph (b) of this clause does not apply under the following conditions:

(1) Agency and legislative liaison by Contractor employees. (i) Payment of reasonable compensation made to an

officer or employee of the Contractor if the payment is for agency and legislative liaison activities not directly related to this contract. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is

permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern-

(A) The qualities and characteristics (including individual demonstrations) of the person's products or services,

conditions or terms of sale, and service capabilities; or

(B) The application or adaptation of the person's products or services for an agency's use.

52.2-10

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-12

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and

(v) Making capability presentations prior to formal solicitation of any covered Federal action by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) Professional and technical services. (i) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification

of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the

payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid,

proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for

receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii) As used in paragraph (c)(2) of this clause, "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline (for examples, see FAR 3.803(a)(2)(iii)).

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those

required by law or regulation and any other requirements in the actual award documents.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are

permitted.

(d) Disclosure. (1) If the Contractor did not submit OMB Standard Form LLL, Disclosure of Lobbying Activities, with its

offer, but registrants under the Lobbying Disclosure Act of 1995 have subsequently made a lobbying contact on behalf of the

Contractor with respect to this contract, the Contractor shall complete and submit OMB Standard Form LLL to provide the name of the lobbying registrants, including the individuals performing the services.

(2) If the Contractor did submit OMB Standard Form LLL disclosure pursuant to paragraph (d) of the provision at FAR

52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and a change occurs

that affects Block 10 of the OMB Standard Form LLL (name and address of lobbying registrant or individuals performing services), the Contractor shall, at the end of the calendar quarter in which the change occurs, submit to the Contracting Officer within 30 days an updated disclosure using OMB Standard Form LLL.

(e) Penalties. (1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or who fails to file or amend the disclosure to be filed or amended by paragraph (d) of this clause shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.

(2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.

(f) Cost allowability. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(g) Subcontracts. (1) The Contractor shall obtain a declaration, including the certification and disclosure in paragraphs (c) and (d) of the provision at FAR 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, from each person requesting or receiving a subcontract under this contract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award. The Contractor or subcontractor that awards the subcontract shall retain the declaration.

(2) A copy of each subcontractor disclosure form (but not certifications) shall be forwarded from tier to tier until received by the prime Contractor. The prime Contractor shall, at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor, submit to the Contracting Officer within 30 days a copy of all disclosures. Each subcontractor certification shall be retained in the subcontract file of the awarding Contractor.

52.2-11

52.203-13 FEDERAL ACQUISITION REGULATION

(3) The Contractor shall include the substance of this clause, including this paragraph (g), in any subcontract that exceeds the threshold specified in FAR 3.808 on the date of subcontract award.

(End of clause)

52.203-13 Contractor Code of Business Ethics and Conduct.

As prescribed in 3.1004(a), insert the following clause:

CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT (NOV 2021)

(a) Definitions. As used in this clause?

Agent means any individual, including a director, an officer, an employee, or an independent Contractor, authorized to act

on behalf of the organization.

Full cooperation-

(1) Means disclosure to the Government of the information sufficient for law enforcement to identify the nature and

extent of the offense and the individuals responsible for the conduct. It includes providing timely and complete response to

Government auditors? and investigators' request for documents and access to employees with information;

(2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require-

(i) A Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; and

(3) Does not restrict a Contractor from-

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

United States, means the 50 States, the District of Columbia, and outlying areas.

(b) Code of business ethics and conduct. (1) Within 30 days after contract award, unless the Contracting Officer establishes a longer time period, the Contractor shall?

(i) Have a written code of business ethics and conduct;

(ii) Make a copy of the code available to each employee engaged in performance of the contract.

(2) The Contractor shall-

(i) Exercise due diligence to prevent and detect criminal conduct; and

(ii) Otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

(3) (i) The Contractor shall timely disclose, in writing, to the agency Office of the Inspector General (OIG), with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of this contract or any subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the

Contractor has committed-

(A) A violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations

found

in Title 18 of the United States Code; or

(B) A violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(ii) The Government, to the extent permitted by law and regulation, will safeguard and treat information obtained pursuant to the Contractor's disclosure as confidential where the information has been marked "confidential" or "proprietary" by the company. To the extent permitted by law and regulation, such information will not be released by the Government to the public pursuant to a Freedom of Information Act request, 5 U.S.C. Section 552, without prior notification to the

52.2-12

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-13

Contractor. The Government may transfer documents provided by the Contractor to any department or agency within the

Executive Branch if the information relates to matters within the organization's jurisdiction.

(iii) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use

by multiple agencies, the Contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the

basic contract.

(c) Business ethics awareness and compliance program and internal control system. This paragraph (c) does not apply if

the Contractor has represented itself as a small business concern pursuant to the award of this contract or if this contract is for

the acquisition of a commercial product or commercial service as defined at FAR 2.101. The Contractor shall establish the

following within 90 days after contract award, unless the Contracting Officer establishes a longer time period:

(1) An ongoing business ethics awareness and compliance program.

(i) This program shall include reasonable steps to communicate periodically and in a practical manner the Contractor's standards and procedures and other aspects of the Contractor's business ethics awareness and compliance

program and internal control system, by conducting effective training programs and otherwise disseminating information appropriate to an individual's respective roles and responsibilities.

(ii) The training conducted under this program shall be provided to the Contractor's principals and employees, and as appropriate, the Contractor's agents and subcontractors.

(2) An internal control system.

(i) The Contractor's internal control system shall?

(A) Establish standards and procedures to facilitate timely discovery of improper conduct in connection with

Government contracts; and

(B) Ensure corrective measures are promptly instituted and carried out.

(ii) At a minimum, the Contractor's internal control system shall provide for the following:

(A) Assignment of responsibility at a sufficiently high level and adequate resources to ensure effectiveness of the

business ethics awareness and compliance program and internal control system.

(B) Reasonable efforts not to include an individual as a principal, whom due diligence would have exposed as

having engaged in conduct that is in conflict with the Contractor's code of business ethics and conduct.

(C) Periodic reviews of company business practices, procedures, policies, and internal controls for compliance

with the Contractor's code of business ethics and conduct and the special requirements of Government contracting, including-

(1) Monitoring and auditing to detect criminal conduct;

(2) Periodic evaluation of the effectiveness of the business ethics awareness and compliance program and internal control system, especially if criminal conduct has been detected; and

(3) Periodic assessment of the risk of criminal conduct, with appropriate steps to design, implement, or modify the business ethics awareness and compliance program and the internal control system as necessary to reduce the risk of criminal conduct identified through this process.

(D) An internal reporting mechanism, such as a hotline, which allows for anonymity or confidentiality, by which

employees may report suspected instances of improper conduct, and instructions that encourage employees to make such reports.

(E) Disciplinary action for improper conduct or for failing to take reasonable steps to prevent or detect improper

conduct.

(F) Timely disclosure, in writing, to the agency OIG, with a copy to the Contracting Officer, whenever, in connection with the award, performance, or closeout of any Government contract performed by the Contractor or a subcontract thereunder, the Contractor has credible evidence that a principal, employee, agent, or subcontractor of the Contractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C. or a violation of the civil False Claims Act (31 U.S.C. 3729-3733).

(1) If a violation relates to more than one Government contract, the Contractor may make the disclosure to the agency OIG and Contracting Officer responsible for the largest dollar value contract impacted by the violation.

(2) If the violation relates to an order against a Governmentwide acquisition contract, a multi-agency contract, a multiple-award schedule contract such as the Federal Supply Schedule, or any other procurement instrument intended for use by multiple agencies, the contractor shall notify the OIG of the ordering agency and the IG of the agency responsible for the basic contract, and the respective agencies' contracting officers.

(3) The disclosure requirement for an individual contract continues until at least 3 years after final payment on the contract.

52.2-13

52.203-14 FEDERAL ACQUISITION REGULATION

(4) The Government will safeguard such disclosures in accordance with paragraph (b)(3)(ii) of this clause.

(G) Full cooperation with any Government agencies responsible for audits, investigations, or corrective actions.

(d) Subcontracts. (1) The Contractor shall include the substance of this clause, including this paragraph (d), in

subcontracts that exceed the threshold specified in FAR 3.1004(a) on the date of subcontract award and a performance period of more than 120 days.

(2) In altering this clause to identify the appropriate parties, all disclosures of violation of the civil False Claims Act or

of Federal criminal law shall be directed to the agency Office of the Inspector General, with a copy to the Contracting Officer.

(End of clause)

52.203-14 Display of Hotline Poster(s).

As prescribed in 3.1004(b), insert the following clause:

DISPLAY OF HOTLINE POSTER(S) (NOV 2021)

(a) Definition.

United States, as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) Display of fraud hotline poster(s). Except as provided in paragraph (c)?

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas

within business segments performing work under this contract and at contract work sites-

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees,

the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

Poster(s) Obtain from

(Contracting Officer shall insert?)

(i) Appropriate agency name(s) and/or title of applicable Department of Homeland Security fraud hotline poster); and

(ii) The website(s) or other contact information for obtaining the poster(s).)

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism,

such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of

this clause, other than any required DHS posters.

(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in all subcontracts

that exceed the threshold specified in Federal Acquisition Regulation 3.1004(b)(1) on the date of subcontract award, except

when the subcontract?

(1) Is for the acquisition of a commercial product or commercial service; or

(2) Is performed entirely outside the United States.

(End of clause)

52.203-15 [Reserved]

(DEVIATION DATE)

52.203-16 Preventing Personal Conflicts of Interest.

As prescribed in 3.1106 , insert the following clause:

52.2-14

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-16

PREVENTING PERSONAL CONFLICTS OF INTEREST (JUN 2020)

(a) Definitions. As used in this clause?

Acquisition function closely associated with inherently governmental functions means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

(1) Planning acquisitions.

(2) Determining what supplies or services are to be acquired by the Government, including developing statements of

work.

(3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans,

and evaluation criteria.

(4) Evaluating contract proposals.

(5) Awarding Government contracts.

(6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).

(7) Terminating contracts.

(8) Determining whether contract costs are reasonable, allocable, and allowable.

Covered employee means an individual who performs an acquisition function closely associated with inherently governmental functions and is?

(1) An employee of the contractor; or

(2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is

no employer to whom such an individual could submit the required disclosures.

Non-public information means any Government or third-party information that-

(1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or

(2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

Personal conflict of interest means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when

performing under the contract. (A de minimis interest that would not "impair the employee's ability to act impartially and in

the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are-

(i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;

(ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or

business); and

(iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from-

(i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;

(ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);

(iii) Services provided in exchange for honorariums or travel expense reimbursements;

(iv) Research funding or other forms of research support;

(v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);

(vi) Real estate investments;

(vii) Patents, copyrights, and other intellectual property interests; or

(viii) Business ownership and investment interests.

(b) Requirements. The Contractor shall?

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by-

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as

follows:

52.2-15

52.203-17 FEDERAL ACQUISITION REGULATION

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee?

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor

or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation-

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include-

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) Mitigation or waiver. (1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for-

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall-

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts?

(1) That exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract award; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (i.e., instead of performance only by a self-employed individual).

(End of clause)

52.203-17 Contractor Employee Whistleblower Rights.

As prescribed in 3.906 , insert the following clause:

52.2-16

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.203-19

CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS (NOV 2023)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies established at 41 U.S.C. 4712 and Federal Acquisition Regulation (FAR) 3.900 through 3.905.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in FAR 3.900 through 3.905.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts.

(End of clause)

52.203-18 Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation.

As prescribed in 3.909-3(a), insert the following provision:

PROHIBITION ON CONTRACTING WITH ENTITIES THAT REQUIRE CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS-REPRESENTATION (JAN 2017)

(a) Definition. As used in this provision-

Internal confidentiality agreement or statement, subcontract, and subcontractor , are defined in the clause at 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements.

(b) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations

Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing

resolutions), Government agencies are not permitted to use funds appropriated (or otherwise made available) for contracts

with an entity that requires employees or subcontractors of such entity seeking to report waste, fraud, or abuse to sign internal

confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully

reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department

or agency authorized to receive such information.

(c) The prohibition in paragraph (b) of this provision does not contravene requirements applicable to Standard Form 312, (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure

Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(d) Representation. By submission of its offer, the Offeror represents that it will not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting

such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government

contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to

receive such information (e.g., agency Office of the Inspector General).

(End of provision)

52.203-19 Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements.

As prescribed in 3.909-3(b), insert the following clause:

PROHIBITION ON REQUIRING CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS (JAN 2017)

(a) Definitions. As used in this clause-

Internal confidentiality agreement or statement means a confidentiality agreement or any other written statement that the

contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except

that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor

employees or subcontractors sign at the behest of a Federal agency.

Subcontract means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services

for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

52.2-17

52.203-19 FEDERAL ACQUISITION REGULATION

Subcontractor means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services

to or for a prime contractor or another subcontractor.

(b) The Contractor shall not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement

representative of a Federal department or agency authorized to receive such information (e.g., agency Office of the Inspector

General).

(c) The Contractor shall notify current employees and subcontractors that prohibitions and restrictions of any preexisting

internal confidentiality agreements or statements covered by this clause, to the extent that such prohibitions and restrictions

are inconsistent with the prohibitions of this clause, are no longer in effect.

(d) The prohibition in paragraph (b) of this clause does not contravene requirements applicable to Standard Form 312

(Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure

Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(e) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations

Act, 2015, (Pub. L. 113-235), and its successor provisions in subsequent appropriations acts (and as extended in continuing

resolutions) use of funds appropriated (or otherwise made available) is prohibited, if the Government determines that the

Contractor is not in compliance with the provisions of this clause.

(f) The Contractor shall include the substance of this clause, including this paragraph (f), in subcontracts under such

contracts.

(End of clause)

52.204-3 [Reserved]

(DEVIATION DATE)

52.204-4 [Reserved]

52.204-5 Women-Owned Business (Other Than Small Business).

As prescribed in 4.208(a), insert the following provision:

WOMEN-OWNED BUSINESS (OTHER THAN SMALL BUSINESS) (OCT 2014)

(a) Definition. "Women-owned business concern," as used in this provision, means a concern that is at least 51 percent

owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one

or more women; and whose management and daily business operations are controlled by one or more women.

(b) Representation. [Complete only if the offeror is a women-owned business concern and has not represented itself as a

small business concern in paragraph (c)(1) of FAR 52.219-1, Small Business Program Representations, of this solicitation.]

The offeror represents that it is a women-owned business concern.

(End of provision)

52.204-6 [Reserved]

(DEVIATION DATE)

52.204-7 System for Award Management?Registration.

As prescribed in 4.208(b)(1), insert the following provision:

SYSTEM FOR AWARD MANAGEMENT?REGISTRATION (DEVIATION DATE)

The Offeror shall have an active Federal Government contracts registration in the System for Award Management

(SAM) when submitting an offer or quotation in response to this solicitation and at the time of award.

As part of the SAM

registration process, the Government collects information, as described in paragraphs (b) through (d) of this provision, that is

necessary to identify the Offeror and for the Offeror to be awarded Federal Government contracts. To register in SAM, go to

<https://www.sam.gov>. Allow for processing time when registering in SAM. If the Offeror is not registered in SAM, it should

register immediately after receiving this solicitation.

(a) Definitions. As used in this provision?

Commercial and Government Entity (CAGE) code has the meaning provided in the clause at the Federal Acquisition Regulation (FAR) 52.204-13, System for Award Management?Maintenance, of this solicitation.

Electronic Funds Transfer (EFT) indicator means a bank account identifier to establish additional System for Award Management records for identifying alternative EFT accounts (see part 32) for the same entity.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest-level owner.

52.2-19

52.204-7 FEDERAL ACQUISITION REGULATION

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include,

but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate owner (e.g., joint ventures).

Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.

Taxpayer identification number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.

Unique entity identifier (UEI) has the meaning provided in the clause at FAR 52.204-13, System for Award Management ?Maintenance, of this solicitation.

(b) Identifiers. The Offeror shall obtain and provide the following identifying information:

(1) Unique entity identifier (UEI).

(i) The Offeror shall obtain a UEI to register in SAM. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI to the Offeror. Go to <https://www.sam.gov> for instructions on obtaining a

UEI.

(ii) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation ?Unique Entity Identifier? followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer.

The Offeror shall also enter its EFT indicator, if applicable.

(iii) The Contracting Officer will use the UEI to verify that the Offeror has an active Federal Government contracts registration in SAM.

(2) Taxpayer identification number (TIN).

(i) The Offeror shall provide its TIN or related information to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M; and implementing regulations issued by the IRS. The Offeror shall consent for TIN validation; and

(3) Commercial and Government Entity (CAGE) code.

(i) The Offeror shall provide a CAGE code and legal business name (Do not use a ?doing business as? name) for?

(A) Itself;

(B) Its immediate owner(s), if any;

(C) Its highest-level owner, if any; and

(D) Any predecessor(s), or predecessor of an Offeror's predecessor, that held a Federal contract or grant within the last three years.

(ii) If the Offeror is in the United States or its outlying areas and does not already have a CAGE code assigned, the DLA CAGE Branch will assign a CAGE code to the Offeror as a part of the SAM registration process. For information on obtaining a CAGE code go to <https://cage.dla.mil/>.

(iii) The Offeror shall get from any immediate and/or highest-level owner(s) their respective CAGE code(s) to provide the code(s) as part of the registration (FAR 52.204-7(b)(3)(i)).

(iv) If the Offeror is located outside of the United States or its outlying areas, and does not already have a CAGE code assigned, the Offeror may obtain a CAGE code as indicated in the following table.

If the Offeror is? Then?

Located in a country that is a member of the Contact the appropriate National Codification Bureau ([https://North Atlantic Treaty Organization \(NATO\) or www.nato.int/structur/ac/135/about/contacts](https://North Atlantic Treaty Organization (NATO) or www.nato.int/structur/ac/135/about/contacts)) a sponsored nation

Located in a country that is not a member Contact the NATO Support and Procurement Agency (NSPA) (<https://of NATO or a sponsored nation eportal.nspa.nato.int/AC135Public/scage/CageList.aspx>)

(c) Representations and certifications.

(1) The following FAR solicitation provisions contain entity-level representations and certifications that the Offeror

shall submit as part of their Federal Government contracts registration in SAM:

Provision Title Date

52.2-20

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.204-9

52.204-5 Women-Owned Business (Other Oct 2014

Than Small Business)

52.226-2 Historically Black College or Oct 2014

University and Minority Institution
Representation

(2) By submitting its offer, the Offeror verifies that, as of the date of its offer, its representations and certifications

posted electronically in SAM for the provisions listed in paragraph (c)(1) of this provision are current, accurate, and complete. The Offeror's representations and certifications in SAM are hereby incorporated by reference into its offer.

(d) Other information. The Offeror shall provide more information on its business operations and type that is necessary to

be considered for award of certain contracts and financial information necessary to receive payment under contracts.

(End of provision)

Alternate I (DATE). As prescribed in 4.208(b)(1), replace the first sentence of the introductory paragraph of the basic provision with the following sentences:

The Offeror shall have an active Federal Government contracts registration in the System for Award Management (SAM)

as soon as possible. If registration is not possible when submitting an offer or quotation, the awardee shall be registered

in SAM according to the requirements of the Alternate I of clause at FAR 52.204-13, System for Award Management-Maintenance.

52.204-8 [Reserved]

(DEVIATION DATE)

52.204-9 Personal Identity Verification of Contractor Personnel.

As prescribed in 4.208(d), insert the following clause:

PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (JAN 2011)

(a) The Contractor shall comply with agency personal identity verification procedures identified in the contract that implement Homeland Security Presidential Directive-12 (HSPD-12), Office of Management and Budget (OMB) guidance

M-05-24 and Federal Information Processing Standards Publication (FIPS PUB) Number 201.

52.2-21

52.204-10 FEDERAL ACQUISITION REGULATION

(b) The Contractor shall account for all forms of Government-provided identification issued to the Contractor employees

in connection with performance under this contract. The Contractor shall return such identification to the issuing agency at

the earliest of any of the following, unless otherwise determined by the Government:

- (1) When no longer needed for contract performance.
- (2) Upon completion of the Contractor employee's employment.
- (3) Upon contract completion or termination.

(c) The Contracting Officer may delay final payment under a contract if the Contractor fails to comply with these requirements.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts when the

subcontractor's employees are required to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system. It shall be the responsibility of the prime Contractor to return such identification to the issuing agency in accordance with the terms set forth in paragraph (b) of this section, unless otherwise

approved in writing by the Contracting Officer.

(End of clause)

52.204-10 Reporting Executive Compensation and First-Tier Subcontract Awards.

As prescribed in 4.208(e) insert the following clause:

REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS (DEVIATION DATE)

(a) Definitions. As used in this clause:

Executive means officers, managing partners, or any other employees in management positions.

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such

as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally

applied to a contractor's general and administrative expenses or indirect costs.

Month of award means the month in which the Contracting Officer signs a contract or the month in which the Contractor signs a first-tier subcontract.

Total compensation means the cash and noncash dollar value earned by the executive during the Contractor's preceding

fiscal year and includes the information described at 17 CFR 229.402(c)(2).

(b) Requirement. Section 2(d)(2) of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282),

as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), requires the Contractor to report information on subcontract awards. The law requires all reported information be made public; therefore,

the Contractor is responsible for notifying its subcontractors that the required information will be made public. Nothing in this clause requires disclosing classified information.

(c) Reporting. Unless otherwise directed by the Contracting Officer, or as provided in paragraph (f) of this clause, the

Contractor shall report the following in the System for Award Management at <https://www.sam.gov> as follows:

(1) Executive compensation of the prime contractor. The Contractor shall report the names and total compensation of

each of the five most highly compensated executives for its preceding completed fiscal year, if?

(i) In the Contractor's preceding fiscal year, the Contractor received?

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts); loans, grants (and

subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(B) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts); loans, grants (and

subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104

of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S.

Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>).

(2) First-tier subcontract information. The Contractor shall report the following information by the end of the month

following the month of award of each first-tier subcontract award:

(i) Unique entity identifier for the subcontractor receiving the award and for the subcontractor's ultimate parent company, if the subcontractor has a parent company.

52.2-22

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.204-13

(ii) Name of the subcontractor.

(iii) Amount of the subcontract award.

(iv) Date of the subcontract award.

(v) A description of the products or services (including construction) being provided under the subcontract, including the overall purpose and expected outcomes or results of the subcontract.

(vi) The subcontract number assigned by the Prime Contractor.

(vii) Subcontractor's physical address.

(viii) Subcontractor's primary performance location.

(ix) The prime contract number, and order number if applicable.

(x) Awarding agency name and code.

(xi) Funding agency name and code.

(xii) Government contracting office code.

(xiii) The applicable North American Industry Classification System code.

(3) Executive compensation of the first-tier subcontractor. The Contractor shall report by the end of the month following the month of award of a first-tier subcontract award and annually thereafter (calculated from the prime contract award date) the names and total compensation of each of the five most highly compensated executives for that subcontractor

in the subcontractor's preceding completed fiscal year, if?

(i) In the subcontractor's preceding fiscal year, the subcontractor received?

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(B) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts); loans, grants (and subgrants); cooperative agreements; and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104

of the Internal Revenue Code of 1986 (see <http://www.sec.gov/answers/execomp.htm>).

(d) Restriction. The Contractor shall not split or break down subcontracts to a value below the threshold at the Federal

Acquisition Regulation 4.208(e), on the date of subcontract award, to avoid the reporting requirements in paragraph (c) of this clause.

(e) Duration. Continued reporting on first-tier subcontracts is not required unless one of the reported data elements changes during the performance of the subcontract. The Contractor is not required to make further reports after a first-tier subcontract expires.

(f) Exceptions. (1) If the Contractor in the previous tax year had gross income, from all sources, under \$300,000,

the

Contractor is exempt from the requirement to report subcontractor awards.

(2) If a subcontractor in the previous tax year had gross income from all sources under \$300,000, the Contractor does

not need to report awards for that subcontractor.

(g) Prepopulated data. The Subcontract Reports in SAM will prepopulate with some information from SAM and the Federal Procurement Data System (FPDS). If the FPDS information is incorrect, the Contractor should notify the Contracting

Officer. If the SAM information is incorrect, the Contractor is responsible for correcting this information.

(End of clause)

52.204-11 [Reserved]

52.204-12 [Reserved]

(DEVIATION DATE)

52.204-13 System for Award Management?Maintenance.

As prescribed in 4.208(b)(2), use the following clause:

SYSTEM FOR AWARD MANAGEMENT?MAINTENANCE (DEVIATION DATE)

(a) Definitions. As used in this clause?

52.2-23

52.204-13 FEDERAL ACQUISITION REGULATION

Commercial and Government Entity code means?

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency

(DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique

location (referred to as ?CAGE code?); or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and

Procurement Agency to entities located outside the United States and its outlying areas that the DLA CAGE Branch records

and maintains in the CAGE master file (referred to as ?NCAGE code?).

Unique Entity Identifier (UEI) means an identifier used to identify a specific commercial, nonprofit, or Government entity.

(b) Active registration.

(1) The Contractor shall maintain an active Federal Government contracts registration in the System for Award Management (SAM) at <https://www.sam.gov> during contract performance and through final payment under this contract. To

maintain an active registration in SAM, the Contractor shall review at least annually its registration in SAM and validate that

the information is current, accurate, and complete.

(2) The Contractor is responsible for the currency, accuracy, and completeness of the information provided within

SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete information. Updating SAM

does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(c) Novation and change-of-name agreements.

(1) If the Contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used to perform the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in part 42 of the Federal Acquisition Regulation (FAR), the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to ?

(i) Change the legal business name in SAM;

(ii) Comply with the requirements of FAR part 42; and

(iii) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor shall provide with its written notification sufficient documentation to support the legally changed name.

(2) If the Contractor fails to comply with the requirements of paragraph (c)(1) of this clause, or fails to perform the agreement at paragraph (c)(1)(iii) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(d) Assignees.

(1) The Contractor shall not change the legal business name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see FAR part 32). Assignees shall be separately registered in SAM.

(2) Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

(e) Unique entity identifier (UEI). The Contractor shall ensure that its UEI is maintained throughout the life of the contract.

(f) Commercial and Government Entity (CAGE) code. The Contractor shall ensure that the CAGE code is maintained throughout the life of the contract. To update a CAGE code, the Contractor shall initiate the change by updating its SAM registration.

(g) Communicating changes. The Contractor shall communicate any change to its UEI or CAGE code to the Contracting Officer within 30 days after the change, so a modification can be issued to update the UEI or CAGE code on this contract. A change in the UEI does not necessarily require a novation.

(End of clause)

Alternate I (DATE). As prescribed in 4.208(b)(2), replace paragraph (b) of the basic clause with the following paragraph

(b):

(b) Active registration.

52.2-24

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.204-15

(1) If the Contractor was unable to register for Federal Government contracts in the System for Award Management

(SAM) at <https://www.sam.gov> before award, the Contractor shall register in SAM within 30 days after contract award or at

least three days before submitting the first invoice, whichever occurs first.

(2) The Contractor shall maintain an active Federal Government contracts registration in SAM during contract performance and through final payment under this contract. To maintain an active registration in SAM, the Contractor shall

review at least annually its registration in SAM and validate that the information is current, accurate, and complete.

(3) The Contractor is responsible for the currency, accuracy, and completeness of the information provided within

SAM, and for any liability resulting from the Government's reliance on inaccurate or incomplete information. Updating SAM

does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

52.204-14 Service Contract Reporting Requirements.

As prescribed in 4.208(f)(2), insert the following clause:

SERVICE CONTRACT REPORTING REQUIREMENTS (DEVIATION DATE)

(a) Definition. As used in this clause?

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such

as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally

applied to a contractor's general and administrative expenses or indirect costs.

(b) Requirement. The Contractor shall report, according to paragraphs (c) and (d) of this clause, annually by October 31,

for services performed under this contract during the preceding Government fiscal year (October 1-September 30).

(c) Report elements. The Contractor shall report the following information:

(1) Contract number and, as applicable, order number.

(2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the

contract.

(3) The number of Contractor direct labor hours expended on the services performed during the previous Government

fiscal year.

(4) Data reported by subcontractors under paragraph (f) of this clause.

(d) Remedies. The Contractor shall submit the information required in paragraph (c) of this clause in the System for Award

Management (SAM) at <https://www.sam.gov> (see SAM User Guide). If the Contractor fails to submit the report in a timely manner, the Contracting Officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under the Federal Acquisition Regulation part 42.

(e) Review. Agencies will review Contractor-reported information for reasonableness and consistency with available contract information. If the agency believes that revisions to the Contractor's reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or put its reason in writing for the agency.

(f) First-tier subcontracts. (1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in 4.303(b), to provide the following detailed information to the Contractor in sufficient time to submit the report:

(i) Subcontract number (including subcontractor name and unique entity identifier); and

(ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous

Government fiscal year.

(2) The Contractor shall tell the subcontractor that the information will be made available to the public as required by

section 743 of Division C of the Consolidated Appropriations Act, 2010.

(End of clause)

52.204-15 Service Contract Reporting Requirements for Indefinite-Delivery Contracts.

As prescribed in 4.208(f)(3), insert the following clause:

SERVICE CONTRACT REPORTING REQUIREMENTS FOR INDEFINITE-DELIVERY CONTRACTS (DEVIATION DATE)

52.2-25

52.204-16 FEDERAL ACQUISITION REGULATION

(a) Definition. As used in this clause?

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the Contractor's supplier agreements with vendors, such

as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally

applied to a contractor's general and administrative expenses or indirect costs.

(b) Requirement. The Contractor shall report, according to paragraphs (c) and (d) of this clause, annually by October 31,

for services performed during the preceding Government fiscal year (October 1-September 30) under this contract for orders

that exceed the thresholds established in 4.303(b).

(c) Report elements. The Contractor shall report the following information:

(1) Contract number and order number.

(2) The total dollar amount invoiced for services performed during the previous Government fiscal year under the order.

(3) The number of Contractor direct labor hours expended on the services performed during the previous Government fiscal year.

(4) Data reported by subcontractors under paragraph (f) of this clause.

(d) Remedies. The Contractor shall submit the information required in paragraph (c) of this clause in the System for Award Management (SAM) at <https://www.sam.gov> (see SAM User Guide). If the Contractor fails to submit the report in a timely manner, the Contracting Officer will exercise appropriate contractual remedies. In addition, the Contracting Officer will make the Contractor's failure to comply with the reporting requirements a part of the Contractor's performance information under the Federal Acquisition Regulation part 42.

(e) Review. Agencies will review Contractor-reported information for reasonableness and consistency with available contract information. If the agency believes that revisions to the Contractor's reported information are warranted, the agency will notify the Contractor no later than November 15. By November 30, the Contractor shall revise the report, or put its reason in writing for the agency.

(f) First-tier subcontracts. (1) The Contractor shall require each first-tier subcontractor providing services under this contract, with subcontract(s) each valued at or above the thresholds set forth in 4.303(b), to provide the following detailed information to the Contractor in sufficient time to submit the report:

(i) Subcontract number (including subcontractor name and unique entity identifier); and

(ii) The number of first-tier subcontractor direct-labor hours expended on the services performed during the previous

Government fiscal year.

(2) The Contractor shall tell the subcontractor that the information will be made available to the public as required by section 743 of Division C of the Consolidated Appropriations Act, 2010.

52.204-90 Offeror Identification.

As prescribed in 4.208(c)(1), insert the following provision:

OFFEROR IDENTIFICATION (DEVIATION DATE)

52.2-27

52.204-90 FEDERAL ACQUISITION REGULATION

If the Offeror will not have an active Federal Government contracts registration in the System for Award Management (<https://www.sam.gov>) when submitting its offer, it shall complete paragraphs (c) and (d) of this provision and include its responses with its offer.

(a) Definitions. As used in this provision?

Commercial and Government Entity (CAGE) code has the meaning provided in the clause at FAR 52.204-91, Contractor Identification, of this solicitation.

Common parent means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

Electronic Funds Transfer (EFT) indicator means a bank account identifier to establish additional System for Award

Management records for identifying alternative EFT accounts (see part 32) for the same entity.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest-level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include,

but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate

owner (e.g., joint ventures).

Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or

acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.

Taxpayer Identification Number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.

Unique entity identifier (UEI) has the meaning provided in the clause at FAR 52.204-91, Contractor Identification, of this solicitation.

(b) Unique entity identifier (UEI).

- (1) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation ?Unique

Entity Identifier? followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer. The Offeror

shall also enter its EFT indicator, if applicable.

- (2) If the Offeror does not have a UEI, it shall go to <https://www.sam.gov> to obtain one. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI.

(c) Taxpayer identification. The Offeror shall provide with its offer the following information that is necessary to comply

with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and

6050M; and the implementing IRS regulations:

- (1) Taxpayer identification number (TIN)

? TIN: _____;

? TIN has been applied for; or

? TIN is not required because:

? Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a

fiscal paying agent in the United States;

? Offeror is an agency or instrumentality of a foreign government; or

? Offeror is an agency or instrumentality of the Federal Government.

- (2) Type of organization.

? Sole proprietorship;

? Partnership;

- ? Corporate entity (not tax-exempt);
- ? Corporate entity (tax-exempt);
- ? Government entity (Federal, State, or local);
- ? Foreign government;
- ? International organization per 26 CFR 1.6049-4; or
- ? Other.

(3) Common parent.

? Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this provision; or

52.2-28

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.204-91

? Name and TIN of common parent:

Name: _____

TIN: _____

(4) The TIN provided in paragraph (c)(1) of this provision may be matched with IRS records to verify the accuracy

of the Offeror's TIN. The Government may use the TIN to collect and report on any delinquent amounts arising out of the

Offeror's relationship with the Government (31 U.S.C. 7701(c)(3)).

(d) Commercial and Government Entity (CAGE) code.

(1) The Offeror shall provide its CAGE code with its offer with its name and location address or otherwise include it

prominently in its offer. The CAGE code shall be for that name and location address. Insert the word "CAGE" before the

code. The Offeror may obtain a CAGE code as indicated in the following table.

If the Offeror is? Then?

Located in the United States or its outlying areas Submit a request to the DLA CAGE Branch via

Treaty Organization (NATO) or a sponsored nation

Located outside the United States and its outlying Contact the NATO Support and Procurement Agency areas and its country is not a member of NATO or a (NSPA) (https://eportal.nspa.nato.int/AC135Public/scage/sponsored_nation_CageList.aspx)

(2) The Offeror shall provide the CAGE code and legal business name (Do not use a "doing business as" name) for?

(i) Its immediate owner(s), if any;

(ii) Its highest-level owner, if any; and

(iii) Any predecessor(s), or predecessor of an Offeror's predecessor, that held a Federal contract or grant within the

last three years.

Owner Type CAGE Code Legal Business Name

Immediate owner

Highest-level owner

Predecessor*

* Predecessor CAGE code may be marked ?Unknown.?

(3) If the Offeror has more than one immediate owner (such as a joint venture), give the information for each owner (or joint venture participant). If the Offeror has more than one predecessor, provide information for each predecessor in reverse chronological order.

(End of provision)

52.204-91 Contractor Identification.

As prescribed in 4.208(c)(2), insert the following clause:

CONTRACTOR IDENTIFICATION (DEVIATION DATE)

Definitions. As used in this clause?

Commercial and Government Entity code means?

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency

(DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique

location (referred to as ?CAGE code?); or

52.2-29

52.205 FEDERAL ACQUISITION REGULATION

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and

Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA CAGE Branch

records and maintains in the CAGE master file (referred to as ?NCAGE code?).

Unique entity identifier means an identifier used to identify a specific commercial, nonprofit, or Government entity.

(b) Unique entity identifier (UEI). The Contractor shall ensure that its UEI is maintained throughout the life of the contract.

(c) Commercial and Government Entity (CAGE) code. The Contractor shall ensure that the CAGE code is maintained

throughout the life of the contract. The Contractor shall request changes to a CAGE code as indicated in the following table.

If the Contractor is? Then?

Registered in the System for Award Management (SAM) Initiate the change by updating its SAM registration

Located in the United States or its outlying areas and is Submit a change request to the DLA CAGE Branch via not registered in SAM <https://cage.dla.mil>

Located outside the United States and its outlying areas Request a change by contacting the appropriate National and is not registered in SAM Codification Bureau (<https://www.nato.int/structur/ac/135/about/contacts>) or NSPA (<https://eportal.nspa.nato.int/>

AC135Public/scage/CageList.aspx)

(d) Communicating changes. The Contractor shall communicate any change to its UEI or CAGE code to the Contracting

Officer within 30 days after the change, so a modification can be issued to update the UEI or CAGE code on this contract. A

change in the UEI does not necessarily require a novation.

(DEVIATION DATE)

52.207-4 Economic Purchase Quantity-Supplies.

As prescribed in 7.203 , insert the following provision:

ECONOMIC PURCHASE QUANTITY-SUPPLIES (AUG 1987)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals or quotes are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisitions in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price breaks at different quantity points, this information is desired as well.

Offeror Recommendations

Item	Quantity	Price	Quotation	Total
------	----------	-------	-----------	-------

(c) The information requested in this provision is being solicited to avoid acquisitions in disadvantageous quantities and to assist the Government in developing a data base for future acquisitions of these items. However, the Government reserves the right to amend or cancel the solicitation and resolicit with respect to any individual item in the event quotations received and the Government's requirements indicate that different quantities should be acquired.

(End of provision)

52.207-5 Option to Purchase Equipment.

As prescribed in 7.404 , insert a clause substantially the same as the following:

OPTION TO PURCHASE EQUIPMENT (FEB 1995)

(a) The Government may purchase the equipment provided on a lease or rental basis under this contract. The Contracting Officer may exercise this option only by providing a unilateral modification to the Contractor. The effective date of the

52.2-31**52.207-6 FEDERAL ACQUISITION REGULATION**

purchase will be specified in the unilateral modification and may be any time during the period of the contract, including any extensions thereto.

(b) Except for final payment and transfer of title to the Government, the lease or rental portion of the contract becomes

complete and lease or rental charges shall be discontinued on the day immediately preceding the effective date of purchase

specified in the unilateral modification required in paragraph (a) of this clause.

(c) The purchase conversion cost of the equipment shall be computed as of the effective date specified in the unilateral

modification required in paragraph (a) of this clause, on the basis of the purchase price set forth in the contract, minus the

total purchase option credits accumulated during the period of lease or rental, calculated by the formula contained elsewhere

in this contract.

(d) The accumulated purchase option credits available to determine the purchase conversion cost will also include any

credits accrued during a period of lease or rental of the equipment under any previous Government contract if the equipment

has been on continuous lease or rental. The movement of equipment from one site to another site shall be "continuous rental."

(End of clause)

52.207-6 Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint

Ventures (Multiple-Award Contracts).

As prescribed in 7.107-4 , insert the following provision:

SOLICITATION OF OFFERS FROM SMALL BUSINESS CONCERNS AND SMALL BUSINESS

TEAMING ARRANGEMENTS OR JOINT VENTURES (MULTIPLE-AWARD CONTRACTS) (AUG 2024)

(a) Definition. "Small Business Teaming Arrangement," as used in this provision-

(1) Means an arrangement where?

(i) Two or more small business concerns have formed a joint venture; or

(ii) A small business offeror agrees with one or more other small business concerns to have them act as its

subcontractors under a specified Government contract. A Small Business Teaming Arrangement between the offeror and its

small business subcontractor(s) exists through a written agreement between the parties that?

(A) Is specifically referred to as a "Small Business Teaming Arrangement"; and

(B) Sets forth the different responsibilities, roles, and percentages (or other allocations) of work as it relates to the

acquisition;

(2) (i) For civilian agencies, may include two business concerns in a mentor-protégé relationship when both the mentor

and the protégé are small or the protégé is small and the concerns have received an exception to affiliation pursuant to

13

CFR 121.103(h)(3)(ii) or (iii).

(ii) For DoD, may include two business concerns in a mentor-protégé relationship in the Department of Defense Mentor-Protégé Program (see 10 U.S.C. 4902) when both the mentor and the protégé are small. There is no exception to joint

venture size affiliation for offers received from teaming arrangements under the DoD Mentor-Protégé Program; and

(3) See 13 CFR 121.103(b)(9) regarding the exception to affiliation for offers received from Small Business Teaming

Arrangements in the case of a solicitation of offers for a bundled contract with a reserve.

(b) The Government is soliciting and will consider offers from any responsible source, including responsible small business concerns and offers from Small Business Teaming Arrangements or joint ventures of small business concerns.

52.208-9 Contractor Use of Mandatory Sources of Supply or Services.

As prescribed in 8.105-1(b), insert the following clause:

CONTRACTOR USE OF MANDATORY SOURCES OF SUPPLY OR SERVICES (DEVIATION DATE)

(a) Certain supplies or services to be provided under this contract for use by the Government are required by law to be

obtained from nonprofit agencies participating in the program operated by the Committee for Purchase From People Who

Are Blind or Severely Disabled (the Committee) under 41 U.S.C. 8504. The Committee operates under the name AbilityOne

Commission. Additionally, some of these supplies are available from the Defense Logistics Agency (DLA), the General Services Administration (GSA), or the Department of Veterans Affairs (VA). The Contractor shall obtain mandatory supplies

or services to be provided for Government use under this contract from the specific sources indicated in the contract schedule.

(b) The Contractor shall immediately notify the Contracting Officer if a mandatory source is unable to provide the

supplies

or services by the time required, or if the quality of supplies or services provided by the mandatory source is unsatisfactory.

The Contractor shall not purchase the supplies or services from other sources until the Contracting Officer has notified the

Contractor that the Committee or an AbilityOne central nonprofit agency has authorized purchase from other sources.

(c) Price and delivery information for the mandatory supplies is available from the Contracting Officer for the supplies

obtained through the DLA/GSA/VA distribution facilities. For mandatory supplies or services that are not available from DLA/GSA/VA, price and delivery information is available from the appropriate central nonprofit agency. Payments shall be

made directly to the source making delivery. Points of contact for AbilityOne central nonprofit agencies are:

(1) National Industries for the Blind (www.NIB.org), 1310 Braddock Place, Alexandria, VA 22314-1691, (703) 310-0500; and

(2) NISH/SourceAmerica (www.SourceAmerica.org), 8401 Old Courthouse Road, Vienna, VA 22182, (571) 226-4660.

(End of clause)

52.208-90 Government Supply Sources.

As prescribed in 8.105-2(c), insert the following clause:

52.2-33

52.208-91 FEDERAL ACQUISITION REGULATION

GOVERNMENT SUPPLY SOURCES (DEVIATION DATE)

The Contracting Officer may issue the Contractor an authorization to use Government supply sources in the performance

of this contract. Title to all property acquired by the Contractor under such an authorization shall vest in the Government unless otherwise specified in the contract. The provisions of the clause at FAR 52.245-1, Government Property, apply to all

property acquired under such authorization.

(End of clause)

52.208-91 GSA Fleet Vehicles and Related Services.

As prescribed in 8.105-3(c), insert the following clause:

GSA FLEET VEHICLES AND RELATED SERVICES (DEVIATION DATE)

The Contracting Officer may issue the Contractor an authorization to obtain GSA Fleet vehicles and related services for use in the performance of this contract. The use, service, and maintenance of GSA Fleet vehicles and the use of related

services by the Contractor shall be in accordance with 41 CFR 101-39 and 41 CFR 102-34.

(End of clause)

52.2-34

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.209-1

52.209 [Reserved]

52.209-1 Qualification Requirements.

As prescribed in 9.206-2 , insert the following clause:

QUALIFICATION REQUIREMENTS (DEVIATION DATE)

(a) Definition. As used in this clause?

Qualification requirement means a Government requirement for testing or other quality assurance demonstration that must be completed before award.

(b) One or more qualification requirements apply to the supplies or services covered by this contract. For those supplies or services requiring qualification, whether the covered product or service is an end item under this contract or simply a component of an end item, the product, manufacturer, or source must have demonstrated that it meets the standards prescribed for qualification before award of this contract. The product, manufacturer, or source must be qualified at the time of award whether or not the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Offerors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.

(Name) _____

(Address) _____

(c) If an offeror, manufacturer, source, product or service covered by a qualification requirement has already met the standards specified, the relevant information noted below should be provided.

Offeror's Name _____

Manufacturer's Name _____

Source's Name _____

Item Name _____

Service Identification _____

Test Number _____ (to the extent known)

(d) Even though a product or service subject to a qualification requirement is not itself an end item under this contract, the product, manufacturer, or source must nevertheless be qualified at the time of award of this contract. This is necessary whether the Contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the Contracting Officer discovers that an applicable qualification requirement was not in fact met at the time of award, the Contracting Officer may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

(e) If an offeror, manufacturer, source, product or service has met the qualification requirement but is not yet on a qualified products list, qualified manufacturers list, or qualified bidders list, the offeror must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract will not be delayed to permit an offeror to submit evidence of qualification.

(f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously

qualified

manufacturer or source requires reevaluation of the qualification. The reevaluation must be accomplished before the date of award.

(End of clause)

52.2-35

52.209-2 FEDERAL ACQUISITION REGULATION

52.209-2 Prohibition on Contracting With Inverted Domestic Corporations-Representation.

As prescribed in 9.108-6(a), insert the following provision:

PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-REPRESENTATION
(DEVIATION DATE)

(a) Definitions. As used in this clause?

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Subsidiary means an entity in which more than 50 percent of the entity is owned?

(1) Directly by a parent corporation; or

(2) Through another subsidiary of a parent corporation.

(b) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at

9.108-3(b) applies or the requirement is waived in accordance with the procedures at 9.108-5.

(c) Representation. The Offeror represents that-

(1) It ? is, ? is not an inverted domestic corporation; and

(2) It ? is, ? is not a subsidiary of an inverted domestic corporation.

(End of provision)

52.209-3 First Article Approval-Contractor Testing.

As prescribed in 9.308-1(a) and (b), insert the following clause:

FIRST ARTICLE APPROVAL-CONTRACTOR TESTING (DEVIATION DATE)

[Contracting Officer inserts details]

(a) The Contractor shall test _____ unit(s) of Lot/Item _____ as specified in this contract. At least _____ calendar days

before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within _____ calendar days from the date of this contract to _____ [insert address of the Government activity to receive the report] marked "FIRST ARTICLE TEST REPORT: Contract No. _____, Lot/Item No. _____." Within _____ calendar days after the Government receives the test report,

the Contracting Officer will notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first

article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements

of the specifications and all other terms and conditions of this contract. A notice of conditional approval will state any further

action required of the Contractor. A notice of disapproval will cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests.

After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first

article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including

any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another

report to the Government under the terms and conditions and within the time specified by the Government. The Government

will take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require

an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the

Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article,

the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing,

the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for

acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer will,

upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or

performance dates and/or the contract price, and any other contractual term affected by the delay.

52.2-36

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.209-4

(g) Before first article approval, the acquisition of materials or components for, or the commencement of production of,

the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall

not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the

convenience of the Government.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the

Government. The offeror/contractor may request a waiver.

(End of clause)

Alternate I (JAN 1997). As prescribed in 9.308-1(a)(2) and (b)(2), add the following paragraph (i) to the basic clause:

(i) The Contractor shall produce both the first article and the production quantity at the same facility.

Alternate II (Sept1989). As prescribed in 9.308-1(a)(3) and (b)(3), substitute the following paragraph (g) for paragraph (g)

of the basic clause:

(g) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire

specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until

first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this

contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated

by the Government, make the required changes or replace all items produced under this contract at no change in the contract price.

52.209-4 First Article Approval-Government Testing.

As prescribed in 9.308-2 (a) and (b), insert the following clause:

FIRST ARTICLE APPROVAL-GOVERNMENT TESTING (DEVIATION DATE)

[Contracting Officer inserts details]

(a) The Contractor shall deliver ____ unit(s) of Lot/Item ____ within ____ calendar days from the date of this contract to

the Government at _____ [insert name and address of the testing facility] for first article tests. The shipping documentation

shall contain this contract number and the Lot/Item identification. This contract elsewhere specifies the characteristics that the

first article must meet and the testing requirements.

(b) Within ____ calendar days after the Government receives the first article, the Contracting Officer will notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other

terms and conditions of this contract. A notice of conditional approval will state any further action required of the Contractor.

A notice of disapproval will cite reasons for the disapproval.

(c) If the Government disapproves the first article, the Contractor, upon Government request, shall submit an additional

first article for testing. After each request, the Contractor shall make any necessary changes, modifications, or repairs to the

first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including

any and all costs for additional tests following a disapproval. The Contractor shall furnish any additional first article to the

Government under the terms and conditions and within the time the Government specifies. The Government will act on this

first article within the time limit specified in paragraph (b) above. The Government reserves the right to require an

equitable

adjustment of the contract price for any extension of the delivery schedule or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article on time, or the Contracting Officer disapproves any first article, the

Contractor will have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, the Contractor?

(1) May deliver the approved first article as a part of the contract quantity, provided it meets all contract requirements

for acceptance and was not consumed or destroyed in testing; and

(2) Shall remove and dispose of any first article from the Government test facility at the Contractor's expense.

52.2-37

52.209-5 FEDERAL ACQUISITION REGULATION

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer will,

upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or

performance dates, the contract price, or both, and any other contractual term affected by the delay.

(g) The Contractor is responsible for providing operating and maintenance instructions, spare parts support, and repair of

the first article during any first article test.

(h) Before first article approval, the acquisition of materials or components for, or the commencement of production of,

the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall

not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the

convenience of the Government.

(i) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the Offeror/Contractor and have been accepted by the

Government. The Offeror/Contractor may request a waiver.

(End of clause)

Alternate I (JAN 1997). As prescribed in 9.308-2 (a)(2) and (b)(2), add the following paragraph (j) to the basic clause:

(j) The Contractor shall produce both the first article and the production quantity at the same facility.

Alternate II (SEP 1989). As prescribed in 9.308-2 (a)(3) and (b)(3), substitute the following paragraph (h) for paragraph

(h) of the basic clause:

(h) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire

specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until

first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this

contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the

Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated

by the Government, make the required changes or replace all items produced under this contract at no change in the contract

price.

52.209-5 Certification Regarding Responsibility Matters.

As prescribed in 9.104-7(a), insert the following provision:

CERTIFICATION REGARDING RESPONSIBILITY MATTERS (DEVIATION DATE)

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that?

(i) The Offeror and/or any of its Principals?

(A) Are ? are not ? presently debarred, suspended, proposed for debarment, or declared ineligible for the award

of contracts by any Federal agency;

(B) Have ? have not ?, within a three-year period preceding this offer, been convicted of or had a civil judgment

rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or

performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating

to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records,

making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are ? are not ? presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

(D) Have ?, have not ?, within a three-year period preceding this offer, been notified of any delinquent Federal

taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are

considered delinquent if both of the following criteria apply:

(1) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the

liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection

action is precluded.

52.2-38

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.209-6

(ii) The Offeror has ? has not ?, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having

primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

52.209-6 Protecting the Government's Interest When Subcontracting With Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded.

As prescribed in 9.409 , insert the following clause:

PROTECTING THE GOVERNMENT'S INTEREST WHEN SUBCONTRACTING WITH CONTRACTORS

DEBARRED, SUSPENDED, PROPOSED FOR DEBARMENT, OR VOLUNTARILY EXCLUDED (DEVIATION DATE)

(a) Definition. As used in this clause?

Commercially available off-the-shelf (COTS) item

(1) Means any item of supply (including construction material) that is?

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

(b) The Government suspends or debar Contractors to protect the Government's interests. Other than a subcontract for a commercially available off-the-shelf item, the Contractor shall not enter into any subcontract, in excess of the threshold

specified in FAR 9.405-2(b) on the date of subcontract award, with a Contractor that is debarred, suspended, or proposed for debarment by any executive agency unless a compelling reason exists to do so.

(c) The Contractor shall require each proposed subcontractor whose subcontract will exceed the threshold specified in FAR 9.405-2(b) on the date of subcontract award, other than a subcontractor providing a commercially available off-the-shelf item, to disclose to the Contractor, in writing, whether as of the time of award of the subcontract, the subcontractor, or its principals, is or is not debarred, suspended, proposed for debarment, or voluntarily excluded by the Federal Government.

(d) A corporate officer or a designee of the Contractor shall notify the Contracting Officer, in writing, before entering into a subcontract with a party (other than a subcontractor providing a commercially available off-the-shelf item) that is debarred, suspended, proposed for debarment, or voluntarily excluded (see FAR 9.404 for information on the System for Award Management (SAM) Exclusions). The notice must include the following:

- (1) The name of the subcontractor.
- (2) The Contractor's knowledge of the reasons for the subcontractor being listed with an exclusion in SAM.

52.2-39

52.209-7 FEDERAL ACQUISITION REGULATION

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its being listed with an exclusion in SAM.

(4) The systems and procedures the Contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, proposed debarment, or voluntary exclusion.

(e) Subcontracts. Unless this is a contract for the acquisition of commercial products or commercial services, the Contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for the identification of the parties), in each subcontract that?

- (1) Exceeds the threshold specified in FAR 9.405-2(b) on the date of subcontract award; and
- (2) Is not a subcontract for commercially available off-the-shelf items.

(End of clause)

52.209-7 Information Regarding Responsibility Matters.

As prescribed at 9.104-7(b), insert the following provision:

INFORMATION REGARDING RESPONSIBILITY MATTERS (DEVIATION DATE)

(a) Definitions. As used in this provision?

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals

Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the

Federal and State level but only in connection with performance of a Federal contract or grant. It does not include

agency

actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means?

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity,

8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror ? has ? does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that

the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current,

accurate, and complete as of the date of submission of this offer with regard to the following information:

- (1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the

award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State

level that resulted in any of the following dispositions:

- (i) In a criminal proceeding, a conviction.
- (ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.
- (iii) In an administrative proceeding, a finding of fault and liability that results in?
 - (A) The payment of a monetary fine or penalty of \$5,000 or more; or
 - (B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs

(c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

- (2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision,

whether the offeror has provided the requested information with regard to each occurrence.

52.2-40

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.209-10

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://>

www.sam.gov (see 52.204-7).

(End of provision)

52.209-8 [Reserved]

52.209-9 Updates of Publicly Available Information Regarding Responsibility Matters.

As prescribed at 9.104-7(c), insert the following clause:

UPDATES OF PUBLICLY AVAILABLE INFORMATION REGARDING RESPONSIBILITY MATTERS (DEVIATION DATE)

(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System

(FAPIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the System for

Award Management via <https://www.sam.gov>.

(b) All information posted in FAPIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIS consists of two segments?

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be

viewed by-

(i) Government personnel and authorized users performing business on behalf of the Government; or

(ii) The Contractor, when viewing data on itself; and

(2) The publicly-available segment, to which all data in the non-public segment of FAPIS is automatically transferred

after a waiting period of 14 calendar days, except for-

(i) Past performance reviews required by part 42.

(ii) Information that was entered prior to April 15, 2011; or

(iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor's record.

(1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information,

that some of the information posted to the non-public segment of FAPIS is covered by a disclosure exemption under the

Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the

posting from FAPIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting

the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to

FAPIS.

(2) The Contractor will also have an opportunity to post comments regarding information that the Government has

posted. FAPIS will retain the comments as long as the associated information is retained, i.e., for a total period of 6 years.

Contractor comments will remain a part of the record unless the Contractor revises them.

(3) All information posted in FAPIS on or after April 15, 2011, except past performance reviews, will be publicly available (section 3010 of Pub. L. 111-212).

(d) The Government will handle public requests for system information posted prior to April 15, 2011, under Freedom of

Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

(End of clause)

52.209-10 Prohibition on Contracting With Inverted Domestic Corporations.

As prescribed in 9.108-6(b), insert the following clause:

PROHIBITION ON CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS (DEVIATION DATE)

(a) Definitions. As used in this clause-

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

52.2-41

52.209-11 FEDERAL ACQUISITION REGULATION

Subsidiary means an entity in which more than 50 percent of the entity is owned?

(1) Directly by a parent corporation; or

(2) Through another subsidiary of a parent corporation.

(b) If the contractor reorganizes as an inverted domestic corporation or becomes a subsidiary of an inverted domestic

corporation at any time during the period of performance of this contract, applicable law may prohibit the Government from

paying for Contractor activities performed after the date when it becomes an inverted domestic corporation or subsidiary. The

Government may seek any available remedies in the event the Contractor fails to perform in accordance with the terms and

conditions of the contract as a result of Government action under this clause.

(c) Exceptions to this prohibition are located at 9.108-3.

(d) In the event the Contractor becomes either an inverted domestic corporation, or a subsidiary of an inverted domestic

corporation during contract performance, the Contractor shall give written notice to the Contracting Officer within five business days from the date of the inversion event.

(End of clause)

52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law.

As prescribed in 9.104-7(d), insert the following provision:

REPRESENTATION BY CORPORATIONS REGARDING DELINQUENT TAX LIABILITY

OR A FELONY CONVICTION UNDER ANY FEDERAL LAW (DEVIATION DATE)

(a) The Government will not enter into a contract with any corporation that?

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have

been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority

responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency

has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not

necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where

the

awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and

made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that?

(1) It is ? is not ? a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial

and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an

agreement with the authority responsible for collecting the tax liability; and

(2) It is ? is not ? a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(End of provision)

52.209-12 Certification Regarding Tax Matters.

As prescribed in 9.104-7(e), insert the following provision:

CERTIFICATION REGARDING TAX MATTERS (OCT 2025)

(a) This provision implements section 523 of Division B of the Consolidated and Further Continuing Appropriations Act,

2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts.

(b) If the Offeror is proposing a total contract price that will exceed \$7 million (including options), the Offeror shall certify

that, to the best of its knowledge and belief, it

(1) Has ? filed all Federal tax returns required during the three years preceding the certification;

(2) Has not ? been convicted of a criminal offense under the Internal Revenue Code of 1986; and

52.2-42

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.209-13

(3) Has not ?, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which

the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that

has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous

administrative or judicial proceeding.

(End of provision)

52.209-13 Violation of Arms Control Treaties or Agreements-Certification.

As prescribed in 9.109-5 , insert the following provision:

VIOLATION OF ARMS CONTROL TREATIES OR AGREEMENTS-CERTIFICATION (DEVIATION DATE)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) Certification. [Offeror shall check either (1) or (2).]

___ (1) The Offeror certifies that?

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its

arms

control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations

are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control

and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not

adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at [https://www.state.gov/](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/)

[bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/); or

___ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references

to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports

incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or

controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If such activity might have occurred, review all findings in the report associated with those foreign countries to

determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms

control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms

control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the

annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following

statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any

activity

that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in

violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United

States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United

States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-

52.2-43

52.209-14 FEDERAL ACQUISITION REGULATION

adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct

giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve

compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the

extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless?

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false

certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting

Officer may terminate any contract resulting from the false certification.

(End of provision)

52.209-14 Reserve Officer Training Corps and Military Recruiting on Campus.

As prescribed in 9.110-5 , insert the following clause:

RESERVE OFFICER TRAINING CORPS AND MILITARY RECRUITING ON CAMPUS (NOV 2021)

(a) Definitions. As used in this clause?

Covered agency means?

(1) The Department of Defense;

(2) Any department or agency for which regular appropriations are made in a Department of Labor, Health and Human

Services; and Education, and Related Agencies Appropriations Act;

(3) The Department of Homeland Security;

(4) The National Nuclear Security Administration of the Department of Energy;

(5) The Department of Transportation; or

(6) The Central Intelligence Agency.

Institution of higher education means an institution that meets the requirements of 20 U.S.C. 1001 and includes all sub-elements of such an institution.

(b) Limitation on contract award. Except as provided in paragraph (c) of this clause, an institution of higher education is

ineligible for contract award if the Secretary of Defense determines that the institution has a policy or practice (regardless of when implemented) that prohibits or in effect prevents?

(1) The Secretary of a military department from maintaining, establishing, or operating a unit of the Senior Reserve

Officer Training Corps (ROTC) at that institution (or any sub-element of that institution);

(2) A student at that institution (or any sub-element of that institution) from enrolling in a unit of the Senior ROTC at

another institution of higher education;

(3) The Secretary of a military department or the Secretary of Homeland Security from gaining access to campuses, or

access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting; or

(4) Military recruiters from accessing, for purposes of military recruiting, the following information pertaining to students (who are 17 years of age or older) enrolled at that institution:

(i) Name, address, and telephone listings.

(ii) Date and place of birth, educational level, academic majors, degrees received, and the most recent educational institution enrolled in by the student.

(c) Exception. The limitation in paragraph (b) of this clause does not apply to an institution of higher education if the Secretary of Defense determines that?

(1) The institution has ceased the policy or practice described in paragraph (b) of this clause; or

(2) The institution has a long-standing policy of pacifism based on historical religious affiliation.

52.2-44

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.209-14

(d) Notwithstanding any other clause of this contract, if the Secretary of Defense determines that the institution has violated the contract in paragraph (b) of this clause?

(1) The institution will be ineligible for further payments under this and any other contracts with this agency and any

other covered agency, except for contracts at or below the simplified acquisition threshold or contracts for the acquisition of

commercial products and commercial services; and

(2) The Government will terminate this contract for default for the institution's material failure to comply with the terms and conditions of award.

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.210-1

52.210 [Reserved]

52.210-1 Market Research.

As prescribed in 10.002 , insert the following clause:

MARKET RESEARCH (DEVIATION DATE)

(a) Definition. As used in this clause?

Commercial product, commercial service, and nondevelopmental item have the meaning contained in Federal Acquisition

Regulation (FAR) 2.101.

(b) Before awarding subcontracts for noncommercial acquisitions, where the subcontracts are over the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, the Contractor shall conduct market research

to determine, in the following order of priority, whether?

- (1) A commercial product or commercial service can meet the agency's requirements;
- (2) The requirements could be modified so the agency could use an existing commercial product or commercial service;
- (3) A commercial product or commercial service could be modified to meet the agency's requirements; or
- (4) The requirement can only be satisfied by a nondevelopmental item.

52.211-5 Material Requirements.

As prescribed in 11.302, insert the following clause:

MATERIAL REQUIREMENTS (DEVIATION DATE)

(a) Definitions.

As used in this clause?

Reconditioned means restored to the original normal operating condition by readjustments and material replacement.

Remanufactured means factory rebuilt to original specifications.

(b) A proposal to provide unused former Government surplus property shall include a complete description of the material,

the quantity, the name of the Government agency from which acquired, and the date of acquisition.

(c) A proposal to provide used, reconditioned, or remanufactured supplies shall include a detailed description of such

supplies and shall be submitted to the Contracting Officer for approval.

(d) Used, reconditioned, or remanufactured supplies, or unused former Government surplus property, may be used

in

contract performance if the Contractor has proposed the use of such supplies, and the Contracting Officer has authorized their use.

52.211-11 Liquidated Damages-Supplies, Services, or Research and Development.

As prescribed in 11.403(a), insert the following clause in solicitations and contracts:

LIQUIDATED DAMAGES-SUPPLIES, SERVICES, OR RESEARCH AND DEVELOPMENT (SEPT 2000)

(a) If the Contractor fails to deliver the supplies or perform the services within the time specified in this contract, the Contractor shall, in place of actual damages, pay to the Government liquidated damages of \$_____ per calendar day of delay [Contracting Officer insert amount].

(b) If the Government terminates this contract in whole or in part under the Default-Fixed-Price Supply and Service clause, the Contractor is liable for liquidated damages accruing until the Government reasonably obtains delivery or performance of similar supplies or services. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(c) The Contractor will not be charged with liquidated damages when the delay in delivery or performance is beyond the control and without the fault or negligence of the Contractor as defined in the Default-Fixed-Price Supply and Service clause in this contract.

(End of clause)

52.211-12 Liquidated Damages-Construction.

As prescribed in 11.403(b), insert the following clause in solicitations and contracts:

LIQUIDATED DAMAGES-CONSTRUCTION (SEPT 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of _____ [Contracting Officer insert amount] for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

52.211-13 Time Extensions.

As prescribed in 11.403(c), insert the following clause:

TIME EXTENSIONS (SEPT 2000)

Time extensions for contract changes will depend upon the extent, if any, by which the changes cause delay in the completion of the various elements of construction. The change order granting the time extension may provide that the contract completion date will be extended only for those specific elements related to the changed work and that the remaining

contract completion dates for all other portions of the work will not be altered. The change order also may provide an equitable readjustment of liquidated damages under the new completion schedule.

(End of clause)

52.211-14 Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use.

As prescribed in 11.504(a), insert the following provision:

NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE, EMERGENCY PREPAREDNESS, AND ENERGY PROGRAM USE (APR 2008)

52.2-50

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.211-18

Any contract awarded as a result of this solicitation will be ? DX rated order; ? DO rated order certified for national defense, emergency preparedness, and energy program use under the Defense Priorities and Allocations System (DPAS) (15

CFR700), and the Contractor will be required to follow all of the requirements of this regulation. [Contracting Officer check

appropriate box.]

(End of provision)

52.211-15 Defense Priority and Allocation Requirements.

As prescribed in 11.504(b), insert the following clause:

DEFENSE PRIORITY AND ALLOCATION REQUIREMENTS (APR 2008)

This is a rated order certified for national defense, emergency preparedness, and energy program use, and the Contractor

shall follow all the requirements of the Defense Priorities and Allocations System regulation (15 CFR part 700).

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.212-1

52.212 [Reserved]

52.212-1 Instructions to Offerors?Commercial Products and Commercial Services.

As prescribed in 12.205(a)(1), insert a clause substantially as follows:

INSTRUCTIONS TO OFFERORS?COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact

time specified in this solicitation. As a minimum, offers shall include?

- (1) The solicitation number;
- (2) The name, address, telephone number of the Offeror;
- (3) The Offeror?s Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
- (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the

solicitation;

- (5) Responses to provisions that require Offeror completion of information, representations, and certifications (other

than those collected via the System for Award Management (SAM)); and

- (6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation

and any solicitation amendments.

(b) Period for acceptance of offers. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the

date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

- (c) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is ?late? and will not be

considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer

would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms

more favorable to the Government will be considered at any time it is received and may be accepted.

- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at

the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government

requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for

receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on

which normal Government processes resume.

- (4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a

contract

without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However,

the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such

action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers

received.

(e) Debriefings. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past

performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful

Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed

source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

52.2-53

52.212-2 FEDERAL ACQUISITION REGULATION

52.212-2 Evaluation of Commercial Products and Commercial Services.

As prescribed in 12.205(a)(2), insert a provision substantially as follows:

EVALUATION OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror

whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

The following factors will be used to evaluate offers:

[Insert evaluation factors in the relative order of importance. For requests for proposals, state: Evaluation factors other than price when combined are [significantly more important than price/approximately equal to price/significantly less important] than price. For invitations for bids, list only price and price-related factors.]

(b) Options (if applicable). The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option

prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) Notice of award. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time

for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the

offer?

specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after

its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

52.212-3 [Reserved]

(DEVIATION DATE)

52.212-4 Terms and Conditions?Commercial Products and Commercial Services.

As prescribed in 12.205(b)(3), insert the following clause:

TERMS AND CONDITIONS?COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) Definitions. The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference.

(b) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements

of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects

or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights?

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(c) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance

of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance

with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(d) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(e) Disputes. This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to

reach agreement on any request for equitable adjustment, claim, appeal, or action arising under or relating to this contract

shall be a dispute to be resolved in accordance with the clause FAR 52.233-1, Disputes, which is incorporated in this contract

by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts

of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods,

epidemics,

52.2-54

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.212-4

quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs,

the Contractor shall?

- (1) Notify the Contracting Officer in writing as soon as possible;
- (2) Remedy the delay as quickly as possible; and
- (3) Notify the Contracting Officer when the occurrence is over.

(g) Invoice. The Government will handle invoices according to the Prompt Payment Act (31 U.S.C. 3903) and 5 CFR part

1315. The Contractor shall submit invoices to the address designated in the contract to receive invoices. An invoice must

include the information required by 5 CFR part 1315.9(b).

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees, and agents against

liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark, or copyright, arising out of the performance of this contract, provided the Contractor is

reasonably notified of such claims and proceedings.

(i) Payment?

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the

delivery destinations set forth in this contract.

(2) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C.

3903) and prompt payment regulations at 5 CFR part 1315.

(3) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the

invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that

appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(4) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the

Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall?

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the?

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of

overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable;

(D) Contractor point of contact; and

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(5) Interest. (i) All amounts that become payable by the Contractor to the Government under this contract shall bear

simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest

rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the

amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed

by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by FAR part 33 if?

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a

debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline

specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment

payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer

(see FAR part 32).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a

termination for cause.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date

and ending on-

52.2-55

52.212-4 FEDERAL ACQUISITION REGULATION

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has

been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures for interest credits prescribed

in FAR part 32 in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under

this contract shall remain with the Contractor until, and shall pass to the Government upon?

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b.

destination.

(k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any

part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and

shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract,

the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the

notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its

standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the

cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right

to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably

could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of

any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide

the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to

the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government

shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable

to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly

terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered under this contract are merchantable and fit for

use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to

the

Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating

to limitations on the use of appropriated funds to influence certain Federal contracts; 40 U.S.C. chapter 37, Contract Work

Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 49 U.S.C. 40118, Government-financed air transportation; and

41 U.S.C. chapter 21 relating to procurement integrity.

(r) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the

following order:

(1) The schedule of supplies/services;

(2) The Disputes, Payments, Invoice, Compliance with Laws Unique to Government Contracts, and Unauthorized

Obligations paragraphs of this clause;

(3) Other contract clauses incorporated in the solicitation or contract;

(4) Addenda to this solicitation or contract;

(5) Solicitation provisions incorporated in the solicitation;

(6) Other paragraphs of this clause;

(7) Other documents, exhibits, and attachments; and

(8) The specification.

(s) Unauthorized obligations.

(1) Except as stated in paragraph (s)(2) of this clause, when any supply or service acquired under this contract is subject

to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes

52.2-56

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.212-4

any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any

other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government-authorized end user shall be deemed to have agreed to such clause

by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or

"browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (s)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by

statute and specifically authorized under applicable agency regulations and procedures.

(t) Comptroller General examination of record. This paragraph applies if this contract was awarded using other than sealed

bid procedures and is in excess of the simplified acquisition threshold on the date of award of this contract.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall

have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices, at all reasonable times, the records, materials, and other evidence

for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified

in FAR part 4, longer period required by statute, or periods specified in other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any

resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement

of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally

resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data,

regardless of type and regardless of form. This clause does not require the Contractor to create or maintain any record that the

Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(u) Incorporation by reference. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of clause)

Alternate I (DEVIATION DATE). When contemplating a time-and-materials or labor-hour contract, substitute the following

paragraphs (a), (b), (i), (l), and (m) for those in the basic clause.

(a) The clause at Federal Acquisition Regulation (FAR) 52.202-1, Definitions, is incorporated by reference. As used in this

clause?

Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications

of a labor category specified in the contract that are?

(1) Performed by the contractor;

(2) Performed by the subcontractors; or

(3) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

Materials means?

(1) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a

common control;

(2) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(3) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel,

computer usage charges, etc.);

(4) The following subcontracts for services which are specifically excluded from the hourly rate: [Insert any subcontracts for services to be excluded from the hourly rates prescribed in the schedule.]; and

(5) Indirect costs specifically provided for in this clause.

Subcontract means any contract, as defined in FAR 2.101, entered into with a subcontractor to furnish supplies or services

for performance of the prime contract or a subcontract including transfers between divisions, subsidiaries, or affiliates of a

52.2-57

52.212-4 FEDERAL ACQUISITION REGULATION

contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes and modifications to purchase

orders.

(b) Inspection/Acceptance.

(1) The Government has the right to inspect and test all materials furnished and services performed under this contract

at all places and times before acceptance. The Government will perform inspections and tests in a manner that will not unduly

delay the work.

(2) If the Government performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor

shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient

performance of these duties.

(3) Unless otherwise specified in the contract, the Government will accept or reject services and materials at the place

of delivery as promptly as practicable after delivery, and they will be presumed accepted 60 days after the date of delivery,

unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in

the contract) after acceptance of the services or materials last delivered under this contract, the Government may require the

Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements.

Except

as otherwise specified in paragraph (b)(6) of this clause, the cost of replacement or correction shall be determined under

paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced

to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the ?hourly rate?

attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to

be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall

disclose the corrective action taken. [Insert portion of labor rate attributable to profit.]

(5)(i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction,

and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government), the Government may?

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost,

or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (b)(4) and (5) of this clause, the Government may, at any time, require the Contractor

to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the

requirements of this contract, if the failure is due to?

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor?s managerial personnel; or

(ii) The conduct of one or more of the Contractor?s employees selected or retained by the Contractor after any of the

Contractor?s managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as

to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at

time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor?s obligation to correct or replace Government-furnished

property shall be governed by the clause pertaining to Government property.

(i) Payments.

(1) Work performed. The Government will pay the Contractor as follows upon the submission of commercial invoices

approved by the Contracting Officer:

(i) Hourly rate.

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the

number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in

the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be

paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless

specifically authorized by the Contracting Officer.

52.2-58

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.212-4

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting

Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the Contractor shall substantiate

invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment,

individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in

the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the

Contractor having performed work on an overtime basis.

(1) If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance,

overtime rates shall be negotiated.

(2) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(3) If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent

the overtime is approved by the Contracting Officer.

(ii) Materials.

(A) If the Contractor furnishes materials that meet the definition of a commercial product at FAR 2.101, the price

to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the?

(1) Quantities being acquired; and

(2) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the Government will reimburse the

Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable

to the contract) provided the Contractor?

(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice;

or

(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the Government and

such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall?

(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory

materials; and

(2) Give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other amounts that are

identifiable to the contract.

(D) Unless listed below, other direct and indirect costs will not be reimbursed.

(1) Other direct costs. The Government will reimburse the Contractor on the basis of actual cost for the following,

provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: [Insert each element of other direct costs (e.g., travel, computer usage charges, etc. Insert "None" if no reimbursement for other direct costs will be provided. If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the elements of other direct charge(s) for that order or, if no reimbursement for other direct costs will be provided, insert "None"?.]

(2) Indirect costs (material handling, subcontract administration, etc.). The Government will reimburse the Contractor

for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price: [Insert a fixed amount for the indirect costs and payment schedule. Insert "\$0" if no fixed price reimbursement for indirect costs will be

provided. (If this is an indefinite delivery contract, the Contracting Officer may insert "Each order must list separately the

fixed amount for the indirect costs and payment schedule or, if no reimbursement for indirect costs, insert "None"?).]

(2) Total cost. The total cost to the Government for the performance of this contract shall not exceed the ceiling price

set forth in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all

obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly

rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all

other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall

notify the Contracting Officer giving a revised estimate of the total price to the Government for performing this contract with

supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to

believe that the total price to the Government for performing this contract will be substantially greater or less than the stated

ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing

this contract, with supporting reasons and documentation. If at any time during performance of this contract, the Government

has reason to believe that the work to be required in performing this contract will be substantially greater or less than the

52.2-59

52.212-4 FEDERAL ACQUISITION REGULATION

stated ceiling price, the Contracting Officer will so advise the Contractor, giving the revised estimate of the total amount of

effort to be required under the contract.

(3) Ceiling price. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price

in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price

set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has

been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this

contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and

material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same

extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) Access to records. At any time before final payment under this contract, the Contracting Officer (or authorized

representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the

Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment?

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees

have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost?

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) Overpayments/Underpayments. Each payment previously made shall be subject to reduction to the extent of

amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also

be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The Government will pay any such increases within 30 days,

unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a

duplicate invoice payment or that the Government has otherwise overpaid on an invoice payment, the Contractor shall?

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the?

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of

overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate

established by the Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the

amount becomes due, and then at the rate applicable for each six-month period as established by the Secretary until the

amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) The Contracting Officer will issue a final decision if?

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a

debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline

specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment

payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer.

52.2-60

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.212-4

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from

a default

termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date

and ending on?

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has

been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in FAR part 32 in

effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the ?completion invoice? and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances

will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall

be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) Release of claims. The Contractor, and each assignee under an assignment entered into under this contract and in

effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to

final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all

liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement

by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of

which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or

the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of

this contract relating to patents.

(8) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C.

3903) and prompt payment regulations at 5 CFR part 1315.

(9) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any

part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work under

this contract and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms

of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract)

determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly

rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor

can demonstrate to the satisfaction of the Government using its standard record keeping system that have resulted from the

termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for

this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall

not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon written request, with adequate assurances of future performance. The Government will send

a cure notice to the Contractor, unless the reason for the termination is late delivery. Subject to the terms of this contract,

the Contractor shall be paid an amount computed under paragraph (i), Payments, of this clause, but the "hourly rate" for

52.2-61

52.212-5 FEDERAL ACQUISITION REGULATION

labor hours expended in furnishing work not delivered to or accepted by the Government shall be reduced to exclude that

portion of the rate attributable to profit. Unless otherwise specified in paragraph (b)(4) of this clause, the portion of the "hourly rate" attributable to profit shall be 10 percent. In the event of termination for cause, the Contractor shall be liable

to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly

terminated this contract for default, such termination shall be deemed a termination for convenience.

52.212-5 [Reserved]

(DEVIATION DATE)

52.2-62**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.213-4****52.213 [Reserved]****52.213-1 [Reserved]****(DEVIATION DATE)****52.213-2 [Reserved]****(DEVIATION DATE)****52.213-3 [Reserved]****(DEVIATION DATE)****52.213-4 Terms and Conditions?Simplified Acquisitions (Noncommercial).**

As prescribed in 13.204(b), insert the following clause:

TERMS AND CONDITIONS?SIMPLIFIED ACQUISITIONS (NONCOMMERCIAL) (DEVIATION DATE)

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements

of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects

or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights?

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts

of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics,

quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs,

the Contractor shall?

(1) Notify the Contracting Officer in writing as soon as possible;

(2) Remedy the delay as quickly as possible; and

(3) Notify the Contracting Officer when the occurrence is over.

(c) Termination for the Government?s convenience. The Government reserves the right to terminate this contract, or any

part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and

shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract,

the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the

notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government

using its

standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the

cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right

to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably

could have been avoided.

(d) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any

default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the

Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to

the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government

shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable

to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly

terminated this contract for default, such termination shall be deemed a termination for convenience.

52.2-63

52.213-4 FEDERAL ACQUISITION REGULATION

(e) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for

the particular purpose described in this contract.

(End of clause)

52.2-64

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.214-6

52.214 [Reserved]

52.214-1 [Reserved]

52.214-2 [Reserved]

52.214-3 Amendments to Invitations for Bids.

As prescribed in 14.207(b)(1), insert the following provision:

AMENDMENTS TO INVITATIONS FOR BIDS (DEVIATION DATE)

(a) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

(b) (1) Bidders shall acknowledge receipt of any amendment to this solicitation-

(i) By signing and returning the amendment;

(ii) By identifying the amendment number and date in space provided for this purpose on the form for submitting a bid;

(iii) By letter; or

(iv) By email, if email bids are authorized in the solicitation.

(2) The Government shall receive the acknowledgement by the time and at the place specified for receipt of bids.

(End of provision)

52.214-4 False Statements in Bids.

As prescribed in 14.207(b)(2), insert the following provision:

FALSE STATEMENTS IN BIDS (APR 1984)

Bidders shall provide full, accurate, and complete information as required by this solicitation and its attachments. The penalty for making false statements in bids is prescribed in 18 U.S.C. 1001.

(End of provision)

52.214-5 Submission of Bids.

As prescribed in 14.207(b)(3), insert the following provision:

SUBMISSION OF BIDS (DEVIATION DATE)

(a) Bids and bid modifications shall be submitted in sealed envelopes or packages (unless submitted by electronic means)

(1) addressed to the office specified in the solicitation, and (2) showing the time and date specified for receipt, the solicitation

number, and the name and address of the bidder.

(b) Bidders using commercial carrier services shall ensure that the bid is addressed and marked on the outermost envelope

or wrapper as prescribed in subparagraphs (a) (1) and (2) of this provision when delivered to the office specified in the solicitation.

(c) Bids submitted by electronic commerce shall be considered only if the electronic commerce method was specifically

stipulated or permitted by the solicitation.

(End of provision)

52.214-6 Explanation to Prospective Bidders.

As prescribed in 14.207(b)(4), insert the following provision:

EXPLANATION TO PROSPECTIVE BIDDERS (APR 1984)

52.2-65

52.214-7 FEDERAL ACQUISITION REGULATION

Any prospective bidder desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., shall request it in writing soon enough to allow a reply to reach all prospective bidders before the submission of their bids. Oral explanations or instructions given before the award of a contract will not be binding. Any information given a prospective bidder concerning a solicitation will be furnished promptly to all other prospective bidders as an amendment to

the solicitation, if that information is necessary in submitting bids or if the lack of it would be prejudicial to other prospective bidders.

(End of provision)

52.214-7 Late Submissions, Modifications, and Withdrawals of Bids.

As prescribed in 14.207(b)(5), insert the following provision:

LATE SUBMISSIONS, MODIFICATIONS, AND WITHDRAWALS OF BIDS (DEVIATION DATE)

(a) Bidders are responsible for submitting bids, and any modifications or withdrawals, so as to reach the Government

office designated in the invitation for bids (IFB) by the time specified in the IFB. If no time is specified in the IFB, the time

for receipt is 4:30 p.m., local time, for the designated Government office on the date that bids are due.

(b) (1) Any bid, modification, or withdrawal received at the Government office designated in the IFB after the exact time

specified for receipt of bids is "late" and will not be considered unless it is received before award is made, the Contracting

Officer determines that accepting the late bid would not unduly delay the acquisition; and?

(i) If it was transmitted through an electronic commerce method authorized by the IFB, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt

of bids; or

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of bids and was under the Government's control prior to the time set for receipt of bids.

(2) However, a late modification of an otherwise successful bid that makes its terms more favorable to the Government,

will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that

installation on the bid wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or

statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that bids cannot be received at the

Government office designated for receipt of bids by the exact time specified in the IFB and urgent Government requirements

preclude amendment of the IFB, the time specified for receipt of bids will be deemed to be extended to the same time of day

specified in the solicitation on the first work day on which normal Government processes resume.

(e) Bids may be withdrawn by written notice received at any time before the exact time set for receipt of bids. A bid may

be withdrawn in person by a bidder or its authorized representative if, before the exact time set for receipt of bids, the identity

of the person requesting withdrawal is established and the person signs a receipt for the bid.

(End of provision)

52.214-8 [Reserved]

52.214-9 [Reserved]

52.214-10 Contract Award-Sealed Bidding.

As prescribed in 14.207(c), insert the following provision:

CONTRACT AWARD-SEALED BIDDING (JULY 1990)

(a) The Government will evaluate bids in response to this solicitation without discussions and will award a contract to the

responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Government considering only

price and the price-related factors specified elsewhere in the solicitation.

(b) The Government may-

52.2-66**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.214-14**

- (1) Reject any or all bids;
- (2) Accept other than the lowest bid; and
- (3) Waive informalities or minor irregularities in bids received.

(c) The Government may accept any item or group of items of a bid, unless the bidder qualifies the bid by specific limitations. Unless otherwise provided in the Schedule, bids may be submitted for quantities less than those specified. The

Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices

offered, unless the bidder specifies otherwise in the bid.

(d) A written award or acceptance of a bid mailed or otherwise furnished to the successful bidder within the time for acceptance specified in the bid shall result in a binding contract without further action by either party.

(e) The Government may reject a bid as nonresponsive if the prices bid are materially unbalanced between line items or

subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices

which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result

in the lowest overall cost to the Government even though it may be the low evaluated bid, or if it is so unbalanced as to be

tantamount to allowing an advance payment.

(End of provision)

52.214-11 [Reserved]**52.214-12 Preparation of Bids.**

As prescribed in 14.207(d), insert the following provision:

PREPARATION OF BIDS (APR 1984)

(a) Bidders are expected to examine the drawings, specifications, Schedule, and all instructions. Failure to do so will be at

the bidder's risk.

(b) Each bidder shall furnish the information required by the solicitation. The bidder shall sign the bid and print or type

its name on the Schedule and each continuation sheet on which it makes an entry. Erasures or other changes shall be initialed

by the person signing the bid. Bids signed by an agent shall be accompanied by evidence of that agent's authority, unless that

evidence has been previously furnished to the issuing office.

(c) For each item offered, bidders shall (1) show the unit price, including, unless otherwise specified, packaging, packing,

and preservation and (2) enter the extended price for the quantity of each item offered in the "Amount" column of the Schedule. In case of discrepancy between a unit price and an extended price, the unit price will be presumed to be correct,

subject, however, to correction to the same extent and in the same manner as any other mistake.

(d) Bids for supplies or services other than those specified will not be considered unless authorized by the

solicitation.

(e) Bidders shall state a definite time for delivery of supplies or for performance of services, unless otherwise specified in the solicitation.

(f) Time, if stated as a number of days, will include Saturdays, Sundays, and holidays.

(End of provision)

52.214-13 [Reserved]

52.214-14 Place of Performance-Sealed Bidding.

As prescribed in 14.207(e), insert the following provision:

PLACE OF PERFORMANCE-SEALED BIDDING (APR 1985)

(a) The bidder, in the performance of any contract resulting from this solicitation, ? intends, ? does not intend [check applicable box] to use one or more plants or facilities located at a different address from the address of the bidder as indicated in this bid.

(b) If the bidder checks "intends" in paragraph (a) of this provision, it shall insert in the spaces provided below the required information:

52.2-67

52.214-15 FEDERAL ACQUISITION REGULATION

PLACE OF PERFORMANCE (STREET NAME AND ADDRESS OF OWNER AND OPERATOR OF ADDRESS, CITY, COUNTY, STATE, ZIP CODE) THE PLANT OR FACILITY IF OTHER THAN BIDDER

(End of provision)

52.214-15 Period for Acceptance of Bids.

As prescribed in 14.207(f), insert the following provision:

PERIOD FOR ACCEPTANCE OF BIDS (APR 1984)

In compliance with the solicitation, the bidder agrees, if this bid is accepted within _____ calendar days (60 calendar days unless a different period is inserted by the bidder) from the date specified in the solicitation for receipt of bids, to furnish any or all items upon which prices are bid at the price set opposite each item, delivered at the designated point(s), within the time specified in the Schedule.

(End of provision)

52.214-16 Minimum Bid Acceptance Period.

As prescribed in 14.207(g), insert the following provision:

MINIMUM BID ACCEPTANCE PERIOD (APR 1984)

(a) "Acceptance period," as used in this provision, means the number of calendar days available to the Government for awarding a contract from the date specified in this solicitation for receipt of bids.

(b) This provision supersedes any language pertaining to the acceptance period that may appear elsewhere in this solicitation.

(c) The Government requires a minimum acceptance period of _____ calendar days [the Contracting Officer shall

insert the number of days].

(d) In the space provided immediately below, bidders may specify a longer acceptance period than the Government's

minimum requirement.

The bidder allows the following acceptance period: _____ calendar days.

(e) A bid allowing less than the Government's minimum acceptance period will be rejected.

(f) The bidder agrees to execute all that it has undertaken to do, in compliance with its bid, if that bid is accepted in writing

within-

(1) The acceptance period stated in paragraph (c) of this clause; or

(2) Any longer acceptance period stated in paragraph (d) of this clause.

(End of clause)

52.214-17 [Reserved]

52.214-18 Preparation of Bids-Construction.

As prescribed in 14.207(h), insert the following provision:

PREPARATION OF BIDS-CONSTRUCTION (APR 1984)

(a) Bids must be-

(1) Submitted on the forms furnished by the Government or on copies of those forms, and

(2) Manually signed. The person signing a bid must initial each erasure or change appearing on any bid form.

(b) The bid form may require bidders to submit bid prices for one or more items on various bases, including-

52.2-68

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.214-20

(1) Lump sum bidding;

(2) Alternate prices;

(3) Units of construction; or

(4) Any combination of paragraphs (b)(1) through (b)(3) of this provision.

(c) If the solicitation requires bidding on all items, failure to do so will disqualify the bid. If bidding on all items is not required, bidders should insert the words "no bid" in the space provided for any item on which no price is submitted.

(d) Alternate bids will not be considered unless this solicitation authorizes their submission.

(End of provision)

52.214-19 Contract Award-Sealed Bidding-Construction.

As prescribed in 14.207(i), insert the following provision:

CONTRACT AWARD-SEALED BIDDING-CONSTRUCTION (AUG 1996)

(a) The Government will evaluate bids in response to this solicitation without discussions and will award a contract to the

responsible bidder whose bid, conforming to the solicitation, will be most advantageous to the Government, considering only

price and the price-related factors specified elsewhere in the solicitation.

(b) The Government may reject any or all bids, and waive informalities or minor irregularities in bids received.

(c) The Government may accept any item or combination of items, unless doing so is precluded by a restrictive limitation

in the solicitation or the bid.

(d) The Government may reject a bid as nonresponsive if the prices bid are materially unbalanced between line items or

subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices

which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result

in the lowest overall cost to the Government even though it may be the low evaluated bid, or if it is so unbalanced as to be

tantamount to allowing an advance payment.

(End of provision)

52.214-20 Bid Samples.

As prescribed in 14.207(j)(1), insert the following provision:

BID SAMPLES (APR 2002)

(a) "Bid sample" means a product sample required to be submitted by a bidder to show those characteristics of the offered

products that cannot adequately be described by specifications, purchase descriptions, or the invitation for bid (e.g., balance,

facility of use, or pattern).

(b) Bidders must furnish bid samples as part of the bid. The Government must receive the bid samples by the time specified in the invitation for bids. If the bidder fails to submit samples on time, the Government will reject the bid, except

that the Contracting Officer will consider a late sample sent by mail under the Late Submissions, Modifications, and Withdrawals of Bids provision of this solicitation.

(c) The Government will test or evaluate bid samples to determine compliance with all the characteristics listed for examination in this solicitation. The Government will reject the bid when the sample fails to conform to the required characteristics. Products delivered under any resulting contract must conform to-

- (1) The approved sample for the characteristics listed for test or evaluation; and
- (2) The specifications for all other characteristics.

(d) Unless otherwise specified in the solicitation, bid samples shall be-

- (1) Submitted at no expense to the Government; and
- (2) Returned at the bidder's request and expense, unless they are destroyed during preaward testing.

(End of provision)

Alternate I (MAY 2002). As prescribed in 14.207(j)(2)(i), insert the following Alternate I:

52.2-69

52.214-21 FEDERAL ACQUISITION REGULATION

(e) At the discretion of the Contracting Officer, the requirement for furnishing bid samples may be waived for a bidder if-

- (1) The bid states that the offered product is the same as a product offered by the bidder to the _____ [as

appropriate, the Contracting Officer shall designate the contracting office or an alternate activity or office]; and

- (2) The Contracting Officer determines that the previously offered product was accepted or tested and found to comply

with specification and other requirements for technical acceptability conforming in every material respect with those in this

solicitation.

Alternate II (MAY 2002). As prescribed in 14.207(j)(2)(ii), insert the following Alternate II:

(e) At the discretion of the Contracting Officer, the requirements for furnishing bid samples may be waived for a bidder if-

(1) The bid states that the offered product is the same as a product offered by the bidder to the _____ [as appropriate, the Contracting Officer shall designate the contracting office or an alternate activity or office] on a previous acquisition;

(2) The Contracting Officer determines that the previously offered product was accepted or tested and found to comply with specification and other requirements for technical acceptability conforming in every material respect with those of this solicitation; and

(3) The product offered under this solicitation will be produced under a resulting contract at the same plant in which the previously acquired or tested product was produced.

52.214-21 Descriptive Literature.

As prescribed in 14.207(k)(1), insert the following provision:

DESCRIPTIVE LITERATURE (APR 2002)

(a) "Descriptive literature," as used in this provision, means information furnished by a bidder, such as cuts, illustrations, drawings, and brochures, that shows a product's characteristics or construction or explains its operation. The term includes only that information required to evaluate the acceptability of the product and excludes other information for operating or maintaining the product.

(b) Descriptive literature is required to establish, for the purpose of evaluation and award, details of the product offered that are specified elsewhere in the solicitation and pertain to significant elements such as-

- (1) Design;
- (2) Materials;
- (3) Components;
- (4) Performance characteristics; and
- (5) Methods of manufacture, assembly, construction, or operation.

(c) Descriptive literature, required elsewhere in this solicitation, shall be-

- (1) Identified to show the item(s) of the offer to which it applies; and
- (2) Received by the time specified in this solicitation.

(d) If the bidder fails to submit descriptive literature on time, the Government will reject the bid, except that late descriptive literature sent by mail may be considered under the Late Submissions, Modifications, and Withdrawals of Bids provision of this solicitation.

(e) If the descriptive literature fails to show that the product offered conforms to the requirements of the solicitation, the Government will reject the bid.

(End of provision)

Alternate I (JAN 2017). As prescribed in 14.207(k)(2), add the following paragraphs (f) and (g) to the basic provision:

(f) The Contracting Officer may waive the requirement for furnishing descriptive literature if the offeror has supplied

a

product that is the same as that required by this solicitation under a prior contract. A bidder that requests a waiver of this

requirement shall provide the following information:

Prior contract number _____

Date of prior contract _____

Line item number of product supplied _____

52.2-70

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.214-23

Name and address of Government activity to which delivery was made _____

Date of final delivery of product supplied _____

(g) Bidders shall submit bids on the basis of required descriptive literature or on the basis of a previously supplied product

under paragraph (f) of this provision. A bidder submitting a bid on one of these two bases may not elect to have its bid considered on the alternative basis after the time specified for receipt of bids. The Government will disregard a bidder's request for a waiver under paragraph (f) if that bidder has submitted the descriptive literature requested under this solicitation.

52.214-22 Evaluation of Bids for Multiple Awards.

As prescribed in 14.207(l), insert the following provision:

EVALUATION OF BIDS FOR MULTIPLE AWARDS (MAR 1990)

In addition to other factors, bids will be evaluated on the basis of advantages and disadvantages to the Government that

might result from making more than one award (multiple awards). It is assumed, for the purpose of evaluating bids, that \$500 would be the administrative cost to the Government for issuing and administering each contract awarded under this

solicitation, and individual awards will be for the items or combinations of items that result in the lowest aggregate cost to the

Government, including the assumed administrative costs.

(End of provision)

52.214-23 Late Submissions, Modifications, Revisions, and Withdrawals of Technical Proposals under Two-Step

Sealed Bidding.

As prescribed in 14.207(m), insert the following provision:

LATE SUBMISSIONS, MODIFICATIONS, REVISIONS, AND WITHDRAWALS OF

TECHNICAL PROPOSALS UNDER TWO-STEP SEALED BIDDING (DEVIATION DATE)

(a) Bidders are responsible for submitting technical proposals, and any modifications or revisions, so as to reach the

Government office designated in the request for technical proposals by the time specified in the invitation for bids (IFB).

If

no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date

that bids or revisions are due.

(b) (1) Any technical proposal under step one of two-step sealed bidding or modification, revision, or withdrawal of such

proposal received at the Government office designated in the request for technical proposals after the exact time specified for

receipt will not be considered unless the Contracting Officer determines that accepting the late technical proposal would not

unduly delay the acquisition; and?

(i) If it was transmitted through an electronic commerce method authorized by the request for technical proposals, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to

the date specified for receipt of proposals; or

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt; or

(iii) It is the only proposal received and it is negotiated under part 15 of the Federal Acquisition Regulation.

(2) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that

installation on the technical proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral

testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that technical proposals cannot

be received at the Government office designated for receipt of technical proposals by the exact time specified in the request

for technical proposals, and urgent Government requirements preclude amendment of the request for technical proposals,

the time specified for receipt of technical proposals will be deemed to be extended to the same time of day specified in the

request for technical proposals on the first work day on which normal Government processes resume.

52.2-71

52.214-24 FEDERAL ACQUISITION REGULATION

(e) Technical proposals may be withdrawn by written notice received at any time before the exact time set for receipt of

technical proposals. A technical proposal may be withdrawn in person by a bidder or its authorized representative if, before

the exact time set for receipt of technical proposals, the identity of the person requesting withdrawal is established and the

person signs a receipt for the technical proposal.

(End of provision)

52.214-24 Multiple Technical Proposals.

As prescribed in 14.207(n), insert the following provision:

MULTIPLE TECHNICAL PROPOSALS (APR 1984)

In the first step of this two-step acquisition, solicited sources are encouraged to submit multiple technical proposals presenting different basic approaches. Each technical proposal submitted will be separately evaluated and the submitter will

be notified as to its acceptability.

(End of provision)

52.214-25 Step Two of Two-Step Sealed Bidding.

As prescribed in 14.207(o), insert the following provision:

STEP TWO OF TWO-STEP SEALED BIDDING (DEVIATION DATE)

(a) This invitation for bids is issued to initiate step two of two-step sealed bidding under section 14.211 of the Federal

Acquisition Regulation.

(b) The only bids that the Contracting Officer may consider for award of a contract are those received from bidders that

have submitted acceptable technical proposals in step one of this acquisition under _____[the Contracting

Officer shall insert the identification of the step-one request for technical proposals].

(c) Any bidder that has submitted multiple technical proposals in step one of this acquisition may submit a separate bid on

each technical proposal that was determined to be acceptable to the Government.

(End of provision)

52.214-26 Audit and Records-Sealed Bidding.

As prescribed in 14.208(a), insert the following clause:

AUDIT AND RECORDS-SEALED BIDDING (DEVIATION DATE)

(a) As used in this clause, records includes books, documents, accounting procedures and practices, and other data,

regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.

(b) Certified cost or pricing data. If the Contractor has been required to submit certified cost or pricing data in connection

with the pricing of any modification to this contract, the Contracting Officer, or an authorized representative of the Contracting Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall

have the right to examine and audit all of the Contractor's records, including computations and projections, related to?

- (1) The proposal for the modification;
- (2) The discussions conducted on the proposal(s), including those related to negotiating;
- (3) Pricing of the modification; or
- (4) Performance of the modification.

(c) Comptroller General. In the case of pricing any modification, the Comptroller General of the United States, or an authorized representative, shall have the same rights as specified in paragraph (b) of this clause and also the right to interview

any current employee regarding such transactions.

52.2-72

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.214-27

(d) Availability. The Contractor shall make available at its office at all reasonable times the materials described in paragraph (b) of this clause, for examination, audit, or reproduction, until 3 years after final payment under this contract, or for any other period specified in subpart 4.7 of the Federal Acquisition Regulation (FAR). FAR Subpart 4.7,

Contractor

Records Retention, in effect on the date of this contract, is incorporated by reference in its entirety and made a part of this contract.

(1) If this contract is completely or partially terminated, the records relating to the work terminated shall be made

available for 3 years after any resulting final termination settlement.

(2) Records pertaining to appeals under the Disputes clause or to litigation or the settlement of claims arising under or

relating to the performance of this contract shall be made available until disposition of such appeals, litigation, or claims.

(e) Subcontracts. The Contractor shall insert a clause containing all the provisions of this clause, including this paragraph

(e), in all subcontracts expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1)

on the date of subcontract award.

(End of clause)

52.214-27 Price Reduction for Defective Certified Cost or Pricing Data-Modifications-Sealed Bidding.

As prescribed in 14.208(b)(1), insert the following clause:

PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA-MODIFICATIONS-SEALED BIDDING (JUN 2020)

(a) This clause shall become operative only for any modification to this contract involving aggregate increases and/or

decreases in costs, plus applicable profits, expected to exceed the threshold for the submission of certified cost or pricing data

in Federal Acquisition Regulation (FAR) 15.403-4(a)(1) on the date of execution of the modification, except that this clause

does not apply to a modification if an exception under FAR 15.403-1(b) applies.

(b) If any price, including profit, negotiated in connection with any modification under this clause, was increased by any significant amount because (1) the Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current

as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any

description that were not accurate, the price shall be reduced accordingly and the contract shall be modified to reflect the

reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which

this clause becomes operative under paragraph (a) of this clause

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and

profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was

less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract

price

was not itself affected by defective certified cost or pricing data.

(d) (1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be

made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and

thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing

data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the

Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about

the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (d)(2)(ii) of this clause, an offset in an amount determined appropriate by

the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if-

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief,

the Contractor is entitled to the offset in the amount requested; and

52.2-73

52.214-28 FEDERAL ACQUISITION REGULATION

(B) The Contractor proves that the certified cost or pricing data were available before the date of agreement on

the price of the contract (or price of the modification) and that the data were not submitted before such date.

(ii) An offset shall not be allowed if-

(A) The understated data was known by the Contractor to be understated when the Certificate of Current Cost or

Pricing Data was signed; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the

amount to be offset even if the available data had been submitted before the date of agreement on price.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to

the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at

the time such overpayment is repaid-

(1) Interest compounded daily, as required by 26U.S.C.6622, the amount of such overpayment to be computed from

the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable

underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified

cost or pricing data which were incomplete, inaccurate, or noncurrent.

(End of clause)

52.214-28 Subcontractor Certified Cost or Pricing Data-Modifications-Sealed Bidding.

As prescribed in 14.208(c), insert the following clause:

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA-MODIFICATIONS-SEALED BIDDING (DEVIATION DATE)

(a) The requirements of paragraphs (b) and (c) of this clause shall?

(1) Become operative only for any modification to this contract involving aggregate increases and/or decreases in costs,

plus applicable profits, expected to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition

Regulation (FAR) 15.403-4(a)(1) on the date of execution of the modification, and

(2) Be limited to such modifications.

(b) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data

in FAR 15.403-4(a)(1), on the date of agreement on price or the date of award, whichever is later, or before pricing any subcontract modifications involving aggregate increases and/or decreases in costs, plus applicable profits, expected to exceed the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), as part of the subcontractor's proposal in accordance with FAR 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods

used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies

included in the price), unless an exception under FAR 15.403-1(b) applies. If the threshold for submission of certified cost or

pricing data specified in FAR 15.403-4(a)(1) is adjusted for inflation as set forth in FAR 1.108, then the changed threshold

applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(c) The Contractor shall require the subcontractor to certify in substantially the form prescribed in section 15.406-2 of the

Federal Acquisition Regulation that, to the best of its knowledge and belief, the data submitted under paragraph (b) above

were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract

modification.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that, when

entered into, exceeds the threshold for submission of certified cost or pricing data in FAR 15.403-4(a)(1).

(End of clause)

Alternate I (OCT 2025). As prescribed in 14.208(c)(1), substitute the following paragraph (b) in place of paragraph (b) of

the basic clause:

(b) Unless an exception under FAR 15.403-1(b) applies, the Contractor shall require the subcontractor to submit certified

cost or pricing data (actually or by specific identification in writing), as part of the subcontractor's proposal in accordance

with FAR 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating

52.2-74

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.214-35

process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those

used in projecting from known data, and the nature and amount of any contingencies included in the price)?

(1) Before modifying any subcontract that was awarded prior to July 1, 2018, involving a pricing adjustment expected

to exceed \$950,000; or

(2) Before awarding any subcontract expected to exceed \$2.5 million on or after July 1, 2018, or modifying any subcontract that was awarded on or after July 1, 2018, involving a pricing adjustment expected to exceed \$2.5 million.

52.214-29 Order of Precedence-Sealed Bidding.

As prescribed in 14.208(d), insert the following clause:

ORDER OF PRECEDENCE-SEALED BIDDING (JAN 1986)

Any inconsistency in this solicitation or contract shall be resolved by giving precedence in the following order:

- (a) The Schedule (excluding the specifications);
- (b) Representations and other instructions;
- (c) Contract clauses;
- (d) Other documents, exhibits, and attachments; and
- (e) The specifications.

(End of clause)

52.214-30 [Reserved]

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-1

52.215 [Reserved]

52.215-1 Instructions to Offerors-Competitive Acquisition.

As prescribed in 15.110(a), insert the following provision:

INSTRUCTIONS TO OFFERORS-COMPETITIVE ACQUISITION (DEVIATION DATE)

(a) Definitions. As used in this provision-

In writing, writing, or written means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

Proposal modification is a change made to a proposal before the request for proposal closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

Proposal revision is a change to material elements of a proposal made after the request for proposal closing date, at the

request of or as allowed by a Contracting Officer, as the result of negotiations.

Time, if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period

shall include the next working day.

(b) Amendments to requests for proposals. If this request for proposal (RFP) is amended, all terms and conditions that

are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this RFP by the date and time

specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals. (1) (i) Proposals and modifications to proposals shall

be?

(A) Submitted using the method and the format specified in the RFP;

(B) Addressed to the office specified in the RFP; and

(C) Showing the time and date specified for receipt, the RFP number, and the name and address of the offeror.

(ii) Offerors using commercial carriers should ensure that the proposal is marked on the outermost wrapper with the information in paragraphs (c)(1)(i)(B) and (C) of this provision.

(2) The first page of the proposal must show?

(i) The RFP number;

(ii) The name, address, and telephone number of the offeror (and electronic address if available);

(iii) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the RFP and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;

(iv) Names, titles, and telephone number (and electronic addresses if available) of persons authorized to negotiate on

the offeror's behalf with the Government in connection with this RFP; and

(v) Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be

accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

(3) (i) Offerors are responsible for submitting proposals, and any modifications or revisions, so as to reach the Government office designated in the RFP by the time specified in the RFP. If no time is specified in the RFP, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposal or revision is due.

(ii) (A) Any proposal, modification, or revision received at the Government office designated in the RFP after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the

Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(1) If it was transmitted through an electronic commerce method authorized by the RFP, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(2) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(3) It is the only proposal received.

(B) However, a late modification of an otherwise successful proposal that makes its terms more favorable to the

Government, will be considered at any time it is received and may be accepted.

(iii) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

52.2-77

52.215-1 FEDERAL ACQUISITION REGULATION

(iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the RFP, and urgent Government requirements preclude amendment of the RFP, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the RFP on the first work day on which normal Government processes resume.

(v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral RFPs may be withdrawn orally. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.

(4) Unless otherwise specified in the RFP, the offeror may propose to provide any item or combination of items.

(5) Offerors shall submit proposals in response to this RFP in English, unless otherwise permitted by the RFP, and in

U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the RFP.

(6) Offerors may submit modifications to their proposals at any time before the RFP closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the

Contracting Officer.

(d) Offer expiration date. Proposals in response to this RFP will be valid for the number of days specified on the RFP

cover sheet (unless a different period is proposed by the offeror).

(e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed

to the public for any purpose, or used by the Government except for evaluation purposes, shall-

(1) Mark the title page with the following legend:

Mark the title page with the following legend: This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed?in whole or in part?for any purpose other than to evaluate this

proposal. If, however, a contract is awarded to this offeror as a result of, or in connection with, the submission of this data,

the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract.

This restriction does not limit the Government's right to use information contained in this data if it is obtained from another

source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of

sheets]; and

(2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(f) Contract award. (1) The Government intends to award a contract or contracts resulting from this RFP to the responsible

offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the

RFP.

(2) The Government may reject any or all proposals if such action is in the Government?s interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a contract without negotiations with offerors (except

clarifications as described in FAR 15.202(b)). Therefore, the offeror's initial proposal should contain the offeror's best terms

from a cost or price and technical standpoint. The Government reserves the right to conduct negotiations if the Contracting

Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the

Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly evaluated proposals.

(5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the

unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs,

it is in the Government's best interest to do so.

(7) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced

between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price

of one or more line items is significantly overstated or understated as indicated by the application of cost or price analysis

techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable

risk to the Government.

(8) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

52.2-78

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-2

(9) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time

specified in the proposal shall result in a binding contract without further action by either party.

(10) If a post-award debriefing is given to requesting offerors, the Government shall disclose the following information,

if applicable:

(i) The agency's evaluation of the significant weaknesses or deficiencies in the debriefed offeror's offer.

(ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(iv) A summary of the rationale for award.

(v) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror.

(vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the RFP, applicable regulations, and other applicable authorities were followed by the agency.

(vii) For DoD contracts in excess of \$10 million but not in excess of \$100 million with a small business or nontraditional defense contractor (10 U.S.C. 3014), an option for the contractor to request disclosure of the agency's written

source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the

contract award.

(viii) For award of a DoD contract in excess of \$100 million, disclosure of the agency's written source selection decision document, redacted to protect the confidential and proprietary information of other offerors for the contract award.

(End of provision)

Alternate I?DEVIATION (DATE). As prescribed in 15.110(a)(1), substitute the following paragraph (f)(4) for paragraph (f)(4) of the provision:

(f)(4) The Government intends to evaluate proposals and award a contract after conducting negotiations with offerors

whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the

number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition

can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number

that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.

Alternate II?DEVIATION (DATE). As prescribed in 15.110(a)(2), add a paragraph (c)(9) substantially the same as the following to the basic clause:

(c)(9) Offerors may submit proposals that depart from stated requirements. Such proposals shall clearly identify why

the acceptance of the proposal would be advantageous to the Government. Any deviations from the terms and conditions

of the RFP, as well as the comparative advantage to the Government, shall be clearly identified and explicitly defined.

The

Government reserves the right to amend the RFP to allow all offerors an opportunity to submit revised proposals based on the

revised requirements.

52.215-2 Audit and Records-Negotiation.

As prescribed in 15.110(b), insert the following clause:

AUDIT AND RECORDS-NEGOTIATION (DEVIATION DATE)

(a) As used in this clause, records includes books, documents, accounting procedures and practices, and other data,

regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other

form.

(b) Examination of costs. If this is a cost-reimbursement, incentive, time-and-materials, labor-hour, or price redeterminable

contract, or any combination of these, the Contractor shall maintain and the Contracting Officer, or an authorized representative of the Contracting Officer, shall have the right to examine and audit all records and other evidence sufficient to

reflect properly all costs claimed to have been incurred or anticipated to be incurred directly or indirectly in performance of

this contract. This right of examination shall include inspection at all reasonable times of the Contractor's plants, or parts of

them, engaged in performing the contract.

52.2-79

52.215-2 FEDERAL ACQUISITION REGULATION

(c) Certified cost or pricing data. If the Contractor has been required to submit certified cost or pricing data in connection

with any pricing action relating to this contract, the Contracting Officer, or an authorized representative of the

Contracting

Officer, in order to evaluate the accuracy, completeness, and currency of the certified cost or pricing data, shall have the right

to examine and audit all of the Contractor's records, including computations and projections, related to-

- (1) The proposal for the contract, subcontract, or modification;
- (2) The discussions conducted on the proposal(s), including those related to negotiating;
- (3) Pricing of the contract, subcontract, or modification; or
- (4) Performance of the contract, subcontract or modification.

(d) Comptroller General.- (1) The Comptroller General of the United States, or an authorized representative, shall have

access to and the right to examine any of the Contractor's directly pertinent records involving transactions related to this

contract or a subcontract hereunder and to interview any current employee regarding such transactions.

(2) This paragraph may not be construed to require the Contractor or subcontractor to create or maintain any record that

the Contractor or subcontractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Reports. If the Contractor is required to furnish cost, funding, or performance reports, the Contracting Officer or an

authorized representative of the Contracting Officer shall have the right to examine and audit the supporting records and

materials, for the purpose of evaluating-

(1) The effectiveness of the Contractor's policies and procedures to produce data compatible with the objectives of

these reports; and

(2) The data reported.

(f) Availability. The Contractor shall make available at its office at all reasonable times the records, materials, and other

evidence described in paragraphs (a), (b), (c), (d), and (e) of this clause, for examination, audit, or reproduction, until 3 years

after final payment under this contract or for any shorter period specified for contractor record retention in Part 4 of the Federal Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition?

(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the

work terminated until 3 years after any resulting final termination settlement; and

(2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the

settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(g) (1) The Contractor shall insert a clause containing all the terms of this clause, including this paragraph (g), in all subcontracts under this contract that exceed the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, and?

(i) That are cost-reimbursement, incentive, time-and-materials, labor-hour, or price-redeterminable type or any combination of these;

(ii) For which certified cost or pricing data are required; or

(iii) That require the subcontractor to furnish reports as discussed in paragraph (e) of this clause.

(2) The clause may be altered only as necessary to identify properly the contracting parties and the Contracting Officer

under the Government prime contract.

(End of clause)

Alternate I [Reserved]

Alternate II (AUG 2016). As prescribed in 15.110(b)(3), add the following paragraph (h) to the clause:

(h) The provisions of the OMB Uniform Guidance at 2 CFR part 200, subpart F apply to this contract.

Alternate III (JUN 1999). As prescribed in 15.110(b)(4), delete paragraph (d) of the clause and redesignate the remaining

paragraphs accordingly, and substitute the following paragraph (e) for the redesignated paragraph (e) of the clause:

(e) Availability. The Contractor shall make available at its office at all reasonable times the records, materials, and other

evidence described in paragraphs (a), (b), (c), and (d) of this clause, for examination, audit, or reproduction, until 3 years after

final payment under this contract or for any shorter period specified for contractor record retention in Part 4 of the Federal

Acquisition Regulation (FAR), or for any longer period required by statute or by other clauses of this contract. In addition?

(1) If this contract is completely or partially terminated, the Contractor shall make available the records relating to the

work terminated until 3 years after any resulting final termination settlement; and

(2) The Contractor shall make available records relating to appeals under the Disputes clause or to litigation or the

settlement of claims arising under or relating to this contract until such appeals, litigation, or claims are finally resolved.

(DEVIATION DATE)

52.215-4 [Reserved]

52.215-5 [Reserved]

(DEVIATION DATE)

52.215-6 Place of Performance.

As prescribed in 15.110(f), insert the following provision:

PLACE OF PERFORMANCE (DEVIATION DATE)

(a) The offeror or respondent, in the performance of any contract resulting from this request for proposals, ? intends, ?

does not intend [check applicable block] to use one or more plants or facilities located at a different address from the address

of the offeror or respondent as indicated in this proposal or response to request for information.

(b) If the offeror or respondent checks "intends" in paragraph (a) of this provision, it shall insert in the following spaces

the required information:

PLACE OF PERFORMANCE (STREET NAME AND ADDRESS OF OWNER AND OPERATOR OF THE

ADDRESS, CITY, STATE, COUNTY, ZIP CODE) PLANT OR FACILITY IF OTHER THAN OFFEROR OR

RESPONDENT

(End of provision)

52.215-7 [Reserved]

52.215-8 Order of Precedence-Uniform Contract Format.

As prescribed in 15.110(h), insert the following clause:

ORDER OF PRECEDENCE-UNIFORM CONTRACT FORMAT (DEVIATION DATE)

Any inconsistency in this request for proposal or contract shall be resolved by giving precedence in the following order:

- (a) The Schedule (excluding the specifications).
- (b) Representations and other instructions.
- (c) Contract clauses.
- (d) Other documents, exhibits, and attachments.
- (e) The specifications.

(End of clause)

52.215-9 Changes or Additions to Make-or-Buy Program.

As prescribed in 15.110(i), insert the following clause:

CHANGES OR ADDITIONS TO MAKE-OR-BUY PROGRAM (OCT 1997)

(a) The Contractor shall perform in accordance with the make-or-buy program incorporated in this contract. If the Contractor proposes to change the program, the Contractor shall, reasonably in advance of the proposed change, (1) notify the Contracting Officer in writing, and (2) submit justification in sufficient detail to permit evaluation. Changes in the place of performance of any "make" items in the program are subject to this requirement.

52.2-81

52.215-10 FEDERAL ACQUISITION REGULATION

(b) For items deferred at the time of negotiation of this contract for later addition to the program, the Contractor shall, at the earliest possible time-

- (1) Notify the Contracting Officer of each proposed addition; and
- (2) Provide justification in sufficient detail to permit evaluation.

(c) Modification of the make-or-buy program to incorporate proposed changes or additions shall be effective upon the Contractor's receipt of the Contracting Officer's written approval.

(End of clause)

Alternate I-DEVIATION (DATE). As prescribed in 15.110(i)(1) add the following paragraph (d) to the clause:

(d) If the Contractor desires to reverse the categorization of "make" or "buy" for any item or items designated in the contract as subject to this paragraph, it shall?

- (1) Support its proposal with certified cost or pricing data in accordance with FAR 15.408-2, Table 15-1, when required by FAR 15.403-3, and data other than certified cost or pricing data, to permit evaluation; and
- (2) After approval is granted, promptly negotiate with the Contracting Officer an equitable reduction in the price in accordance with paragraph (k) of the Incentive Price Revision-Firm Target clause or paragraph (m) of the

Incentive

Price Revision-Successive Targets clause of this contract.

Alternate II-DEVIATION (DATE). As prescribed in 52.110(i)(2), add the following paragraph (d) to the clause:

(d) If the Contractor desires to reverse the categorization of ?make? or ?buy? for any item or items designated in the

contract as subject to this paragraph, it shall?

(1) Support its proposal with certified cost or pricing data in accordance with FAR 15.408-2, Table 15-1, when required

by FAR 15.403-3, and data other than certified cost or pricing data, to permit evaluation;

(2) Support its proposal with cost or pricing data to permit evaluation; and

(3) After approval is granted, promptly negotiate with the Contracting Officer an equitable reduction in the contract's

total estimated cost and fee in accordance with paragraph (e) of the Incentive Fee clause of this contract.

52.215-10 Price Reduction for Defective Certified Cost or Pricing Data.

As prescribed in 15.110(j), insert the following clause:

PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA (AUG 2011)

(a) If any price, including profit or fee, negotiated in connection with this contract, or any cost reimbursable under this

contract, was increased by any significant amount because?

(1) The Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and

current as certified in its Certificate of Current Cost or Pricing Data;

(2) A subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not

complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data; or

(3) Any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced

accordingly and the contract shall be modified to reflect the reduction.

(b) Any reduction in the contract price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and

profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was

less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price

was not itself affected by defective certified cost or pricing data.

(c) (1) If the Contracting Officer determines under paragraph (a) of this clause that a price or cost reduction should be

made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and

thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing

data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

52.2-82

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-11

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if-

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief,

the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the "as of" date specified

on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if?

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its

Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the

amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current

Cost or Pricing Data.

(d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to

the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at

the time such overpayment is repaid-

(1) Interest compounded daily, as required by 26 U.S.C.6622, on the amount of such overpayment to be computed

from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable

underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified

cost or pricing data that were incomplete, inaccurate, or noncurrent.

(End of clause)

52.215-11 Price Reduction for Defective Certified Cost or Pricing Data-Modifications.

As prescribed in 15.110(k), insert the following clause:

PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA-MODIFICATIONS (DEVIATION DATE)

(a) This clause shall become operative only for any modification to this contract involving a pricing adjustment expected

to exceed the threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-3(a)

on the date of execution of the modification, except that this clause does not apply to any modification if an exception under

FAR 15.403-2 applies.

(b) If any price, including profit or fee, negotiated in connection with any modification under this clause, or any cost reimbursable under this contract, was increased by any significant amount because (1) the Contractor or a subcontractor

furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current

Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data

that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or

(3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly

and the contract shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause.

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and

profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was

less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price

was not itself affected by defective certified cost or pricing data.

(d) (1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be

made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and

thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing

data had been submitted.

52.2-83

52.215-12 FEDERAL ACQUISITION REGULATION

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the

Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2) (i) Except as prohibited by paragraph (d)(2)(ii) of this clause, an offset in an amount determined appropriate by the

Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if-

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief,

the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the "as of" date specified

on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if-

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its

Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the

amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current

Cost or Pricing Data.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to

the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at

the time such overpayment is repaid?

(1) Interest compounded daily, as required by 26 U.S.C.6622, on the amount of such overpayment to be computed

from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable

underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified

cost or pricing data that were incomplete, inaccurate, or noncurrent.

(End of clause)

52.215-12 Subcontractor Certified Cost or Pricing Data.

As prescribed in 15.110(l)(1), insert the following clause:

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA (DEVIATION DATE)

(a) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in

Federal Acquisition Regulation (FAR) 15.403-3(a), on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed the threshold for

submission of certified cost or pricing data in FAR 15.403-3(a), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1

(to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental

factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known

data, and the nature and amount of any contingencies included in the price), unless an exception under FAR 15.403-2 applies.

If the threshold for submission of certified cost or pricing data specified in FAR 15.403-3(a) is adjusted for inflation as set forth in FAR part 1, then the changed threshold applies throughout the remaining term of the contract, unless there is a

subsequent threshold adjustment.

(b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.403-4 that,

to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and

current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that, when entered into, exceeds the threshold for submission of certified cost or pricing data in

FAR 15.403-3(a), the Contractor shall insert either?

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of

certified cost or pricing data for the subcontract; or

52.2-84

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.215-13

(2) The substance of the clause at FAR 52.215-13, Subcontractor Certified Cost or Pricing Data?Modifications.

(End of clause)

Alternate I-DEVIATION (Date). As prescribed in 15.110(l)(2), substitute the following paragraph (a) in place of paragraph

(a) of the clause:

(a) Unless an exception under FAR 15.403-2 applies, the Contractor shall require the subcontractor to submit certified cost

or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any

information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and

the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature

and amount of any contingencies included in the price) before awarding any subcontract expected to exceed \$2.5 million

under any prime contract awarded on or after July 1, 2018.

52.215-13 Subcontractor Certified Cost or Pricing Data-Modifications.

As prescribed in 15.110(m)(1), insert the following clause:

SUBCONTRACTOR CERTIFIED COST OR PRICING DATA-MODIFICATIONS (DEVIATION DATE)

(a) The requirements of paragraphs (b) and (c) of this clause shall?

(1) Become operative only for any modification to this contract involving a pricing adjustment expected to exceed the

threshold for submission of certified cost or pricing data in Federal Acquisition Regulation (FAR) 15.403-3(a) on the date of

execution of the modification; and

(2) Be limited to such modifications.

(b) Before awarding any subcontract expected to exceed the threshold for submission of certified cost or pricing data in

FAR 15.403-3(a), on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract

modification involving a pricing adjustment expected to exceed the threshold for submission of certified cost or pricing

data in FAR 15.403-3(a), the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or

by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or

other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any

contingencies included in the price), unless an exception under FAR 15.403-2 applies. If the threshold for submission of certified cost or pricing data specified in FAR 15.403-3(a) is adjusted for inflation as set forth in FAR part 1, then the changed

threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(c) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.403-4 that,

to the best of its knowledge and belief, the data submitted under paragraph (b) of this clause were accurate, complete, and

current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that exceeds

the threshold for submission of certified cost or pricing data in FAR 15.403-3(a) on the date of agreement on price or the date

of award, whichever is later.

(End of clause)

Alternate I-DEVIATION (Date). As prescribed in 15.110(m)(2), substitute the following paragraphs (a), (b), and (d) for paragraphs (a), (b), and (d) of the clause:

(a) The requirements of paragraphs (b) and (c) of this clause shall?

(1) Become operative only for any modification to this contract involving aggregate increases and/or decreases in costs,

plus applicable profits, expected to exceed the threshold for submission of certified cost or pricing data at FAR 15.403-3(a);

and

(2) Be limited to such modifications.

(b) Unless an exception under FAR 15.403-2 applies, the Contractor shall require the subcontractor to submit

certified cost

or pricing data (actually or by specific identification in writing), in accordance with FAR 15.408-2, Table 15-1 (to include any

information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and

the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature

52.2-85

52.215-14 FEDERAL ACQUISITION REGULATION

and amount of any contingencies included in the price) before modifying a subcontract under a prime contract awarded on

after July 1, 2018 if the modification involves a pricing adjustment expected to exceed \$2.5 million.

(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in each subcontract that exceeds

\$2.5 million.

52.215-14 Integrity of Unit Prices.

As prescribed in 15.110(n)(1), insert the following clause:

INTEGRITY OF UNIT PRICES (NOV 2021)

(a) Any proposal submitted for the negotiation of prices for items of supplies shall distribute costs within contracts on

a basis that ensures that unit prices are in proportion to the items' base cost (e.g., manufacturing or acquisition costs).

Any

method of distributing costs to line items that distorts unit prices shall not be used. For example, distributing costs equally

among line items is not acceptable except when there is little or no variation in base cost. Nothing in this paragraph requires

submission of certified cost or pricing data not otherwise required by law or regulation.

(b) When requested by the Contracting Officer, the Offeror/Contractor shall also identify those supplies that it will not

manufacture or to which it will not contribute significant value.

(c) The Contractor shall insert the substance of this clause, less paragraph (b) of this clause, in all subcontracts for other

than: acquisitions at or below the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101

on the date of subcontract award; construction or architect-engineer services under FAR part 36; utility services under FAR

SUBPART 53.1 - GENERAL 53.111

53.001 Definition.

As used in this part?

Exception means an approved departure from the established design, content, or conditions for use of any standard form.

Subpart 53.1 - General

53.101 Policy.

(a) Requirements. The requirements for using the forms are contained in parts 1 through 52, where the subject matter

applicable to each form is addressed.

(b) Forms list. A list of the standard forms (SF), optional forms (OF), and agency forms specified by the FAR for use in

acquisitions is available at <https://acquisition.gov/FARforms>. The list identifies the forms? current edition location, FAR part

requirement, and prescribing agency.

(c) Continuation sheets. SFs prescribed in the FAR may be continued on plain paper of similar specification, or specially

constructed continuation sheets (e.g., OF 336). Continuation sheets must include both the reference number of the document

being continued and the serial page number in the upper right hand corner.

(d) Exceptions. Agencies must obtain an exception from the form's prescribing agency. For SFs prescribed by the FAR,

agencies must obtain an exception from the FAR Council.

53.102 [Reserved]

53.103 [Reserved]

53.104 [Reserved]

53.105 Computer generation.

(a) The forms prescribed in the FAR may be computer generated without obtaining an exception (see 53.101(d)), provided

that?

(1) There is no change to the name, content, or sequence of the data elements, and the form carries its number and

edition date; or

(2) The form is in an electronic format covered by the American National Standards Institute (ANSI) X12 Standards

published by the Accredited Standards Committee X12 on Electronic Data Interchange or a format that can be translated into

one of those standards.

53.106 [Reserved]

53.107 [Reserved]

53.108 Recommendations concerning forms.

(a) Public. FAR users may recommend new forms or revisions, elimination, or consolidation of existing forms identified

on the forms list (see 53.101(b)). These recommendations should be submitted to the FAR Secretariat.

(b) Government. Recommendations from within an executive agency must be submitted to the cognizant council in accordance with agency procedures.

53.109 [Reserved]

53.110 [Reserved]

53.111 Contract clause.

Insert the clause at 52.253-1, Computer Generated Forms, in solicitations and contracts that require the contractor to submit data on SFs or OFs; and, unless prohibited by agency regulations, forms prescribed by agency supplements.

PART 102

part 102-38). Agencies may specify implementing procedures.

Status: Unknown

part 102-38). Agencies may specify implementing procedures.

45.604-2 Use of GSA sponsored sales centers.

Agencies may use sales center services. Use of such centers for sale of surplus property is authorized when in the best interest of the Government, consistent with contract terms and conditions.

45.6-3

45.604-3 FEDERAL ACQUISITION REGULATION

45.604-3 Proceeds from sales of surplus property.

Proceeds of any sale are to be credited to the Treasury of the United States as miscellaneous receipts, unless otherwise

authorized by statute or the contract or any subcontract thereunder authorizes the proceeds to be credited to the price or cost

of the work (40 U.S.C. 571 and 574).

45.604-4 Sale of property pursuant to the exchange/sale authority.

Agencies should consider the sale of property pursuant to the exchange/sale authority in FMR 102-39 (41 CFR part 102-39) when agencies are acquiring or plan to acquire similar products and other requirements of the authority are satisfied.

45.605 Inventory disposal reports.

The plant clearance officer must promptly prepare an SF1424, Inventory Disposal Report, following disposition of the property identified on an inventory disposal schedule and the crediting of any related proceeds. The report must identify any

lost or otherwise unaccounted for property and any changes in quantity or value of the property made by the contractor after

submission of the initial inventory disposal schedule. The report must be provided to the administrative contracting officer or,

for termination inventory, to the termination contracting officer, with a copy to the property administrator.

45.606 Contractor scrap procedures.

(a) The property administrator should, in coordination with the plant clearance officer, ensure that contractor scrap disposal processes, methods, and practices allow for effective, efficient, and proper disposition and are properly documented

in the contractor's property management procedures.

(b) Absent contract terms and conditions to the contrary, the Government may abandon parts removed and replaced from

property as a result of normal maintenance actions or removed from property as a result of the repair, maintenance, overhaul,

or modification process.

Women-Owned Small Business (WOSB) Program.

(1) "Women-Owned Small Business (WOSB) Program" means a program that authorizes contracting officers to limit

competition, including award on a sole-source basis, to?

(i) Economically disadvantaged women-owned small business (EDWOSB) concerns eligible under the WOSB Program for Federal contracts assigned a North American Industry Classification Systems (NAICS) code in an industry

2.1-20

SUBPART 2.1 - DEFINITIONS 2.101

in which the Small Business Administration (SBA) has determined that WOSB concerns are underrepresented in Federal procurement; and

(ii) WOSB concerns eligible under the WOSB Program for Federal contracts assigned a NAICS code in an industry in which SBA has determined that WOSB concerns are substantially underrepresented in Federal procurement.

(2) "Economically disadvantaged women-owned small business (EDWOSB) concern" means a small business concern

that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which

are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in

accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with

13 CFR 127.300 . It automatically qualifies as a women-owned small business (WOSB) concern eligible under the WOSB

Program.

(3) "Women-owned small business (WOSB)" concern eligible under the WOSB Program means a small business

concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations

of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or

an approved third-party certifier in accordance with 13 CFR 127.300.

Writing or written (see "in writing").

2.2-2

PART 134

part 134. It is within the discretion of the SBA Judge whether to accept an appeal from

Status: Unknown

part 134. It is within the discretion of the SBA Judge whether to accept an appeal from a size determination. If a post-award

appeal is submitted to OHA within the time limits specified in Subpart C of 13 CFR part 134, the contracting officer must consider suspending contract performance until an SBA Judge decides the appeal. SBA will inform the contracting officer

of its ruling on the appeal. SBA's decision, if received before award, will apply to the pending acquisition. If the contracting

officer has made a written determination in accordance with (g)(1) or (2) of this section, the contract has been awarded, the SBA ruling is received after award, and OHA finds the protested concern to be ineligible for award, the contracting officer must terminate the contract unless termination is not in the best interests of the Government, in keeping with the circumstances described in the written determination. However, the contracting officer must not exercise any options or award further task or delivery orders.

(i) SBA will dismiss untimely protests. A protest that is not timely, even though received before award, must be forwarded

to the SBA Government Contracting Area Office (see paragraph (c)(1) of this section), with a notation the protest is not timely. A protest received by a contracting officer after award of a contract must be forwarded to the SBA Government Contracting Area Office with a notation that award has been made.

(j) When a concern is found to be other than small under a protest concerning a size status rerepresentation made in

accordance with the clause at 52.219-28, Postaward Small Business Program Rerepresentation, a contracting officer may

permit contract performance to continue, issue orders, or exercise option(s), because the contract remains a valid contract.

19.201-3 Small disadvantaged business status.

(a) The contracting officer may accept an offeror's representation that it is a small disadvantaged business (SDB) concern.

(b) The provision at 52.219-1, Small Business Program Representations is used to collect SDB data.

(c) A representation of SDB status on a Federal prime contract will be deemed a misrepresentation of SDB status if the

firm does not meet the requirements of 13 CFR 124.1001.

(d) Any person or entity that misrepresents a firm's status as an SDB concern in order to obtain a contracting opportunity

in accordance with section 8(d) of the Small Business Act, (15 U.S.C. 637(d)) will be subject to the penalties imposed by

section 16(d) of the Small Business Act, (15 U.S.C. 645(d)), as well as any other penalty authorized by law.

(e) SBA may initiate the review of SDB status on any firm that has represented itself to be an SDB on a prime contract or

subcontract to a Federal prime contract whenever it receives credible information calling into question the SDB status of the

firm.

(f) Requests for an SBA review of SDB status may be forwarded to the Small Business Administration, in accordance with

13 CFR 124.1002(b).

(g) An SBA review of a subcontractor's SDB status differs from a formal protest.

19.201-4 Protesting a firm's status as a HUBZone small business concern.

(a) Definition. As used in this section?

19.2-3

19.201-4 FEDERAL ACQUISITION REGULATION

Interested party has the meaning given in 13 CFR 126.103.

(b) (1) For sole-source procurements, SBA or the contracting officer may protest the prospective contractor's certified

HUBZone status; for all other procurements, SBA, the contracting officer, or any other interested party may protest the apparent successful offeror's certified HUBZone status (see 13 CFR 126.800).

(2) The Director of SBA's Office of the HUBZone Program will determine whether the concern has certified HUBZone

status. If SBA upholds the protest, SBA will remove the concern's HUBZone status in the Small Business Search (SBS).

SBA's protest regulations are found in subpart H ?Protests? at 13 CFR 126.800 through 126.805.

(c) Protests relating to small business size status are subject to the procedures of 19.201-2. An interested party seeking to

protest both the small business size and HUBZone status of an apparent successful offeror shall file two separate protests.

Protests relating to small business size status for the acquisition and the HUBZone eligibility requirements will be processed

concurrently by SBA.

(d) (1) All protests must be in writing and must state all specific grounds for the protest (i.e., why the protested concern

did not meet the eligibility requirements at 13 CFR 126.200 at the time of the concern's application to SBA for certification as

a HUBZone small business concern or at the time SBA certified or last recertified the concern as a HUBZone small business

concern). Assertions that a protested concern is not a HUBZone small business concern, without setting forth specific facts or

allegations, will not be considered by SBA (see 13 CFR 126.801(b)).

(2) Protests filed against a HUBZone joint venture must state one or, if applicable, both of the following:

(i) Why the HUBZone small business party to the joint venture did not meet the eligibility requirements at 13 CFR

126.200 at the time of its application to SBA for certification or at the time SBA certified or last recertified the concern as a

HUBZone small business concern.

(ii) Why the joint venture did not meet the requirements at 13 CFR 126.616 at the time of submission of its offer for a HUBZone contract.

(3) SBA will consider protests for HUBZone set-aside or sole-source service contracts or orders, if a HUBZone prime

contractor is unduly reliant on a small entity subcontractor that is not a similarly-situated entity as defined in 13 CFR 125.1,

or if such subcontractor performs the primary and vital requirements of the contract. For allegations that the prime contractor

is unduly reliant on an other-than-small subcontractor, see size protests at 19.201-2 and 13 CFR 121.103(h)(3), which treats

the pair as joint venturers for size determination purposes (the "ostensible subcontractor rule").

(e) Submission of a protest.

(1) An interested party shall submit its written protest to the contracting officer?

(i) For sealed bids?

(A) By the close of business on the fifth business day after bid opening; or

(B) By the close of business on the fifth business day from the date of identification of the apparent successful

offeror, if the price evaluation preference was not applied at the time of bid opening;

(ii) For negotiated acquisitions, by the close of business on the fifth business day after receipt of the special notification from the contracting officer (see part 15) of the apparently successful offeror, including?

(A) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the

order (see 13 CFR 126.801(d)(1)); and

(B) Orders set aside for HUBZone small businesses under multiple-award contracts that are not partially or

totally set-aside or reserved for HUBZone small business concerns (see 13 CFR 126.801(d)(1)), except for orders and blanket

purchase agreements placed against a Federal Supply Schedule contract (see part 8); or

(iii) By the close of business on the fifth business day after receipt of notification using other communication means when written notification is not required.

(2) Any protest received after the designated time limits is untimely, unless it is from the contracting officer or SBA.

(f) The contracting officer must forward all protests with a referral letter to the Director of SBA's Office of the HUBZone

Program, by email to hzprotests@sba.gov. The referral letter must include the following?

(1) The solicitation number;

(2) The contracting officer's name and contact information;

(3) The type of HUBZone contract (i.e., sole-source, set-aside, full and open competition with a HUBZone price evaluation preference, or reserve for HUBZone small business concerns under a multiple-award contract);

(4) For a procurement conducted using full and open competition with a HUBZone price evaluation preference, whether the protester's opportunity for award was affected by the preference;

(5) For a HUBZone set-aside, whether the protester submitted an offer;

(6) Whether the protested concern was the apparent successful offeror;

19.2-4

SUBPART 19.2 - EVALUATION AND AWARD 19.201-4

(7) Whether the procurement was conducted using sealed bid or negotiated procedures;

(8) The bid opening date, if applicable;

(9) The date the protester was notified of the apparent successful offeror;

(10) The date the contracting officer received the protest;

(11) The date the protested concern submitted its initial offer or quote to the contracting officer; and

(12) Whether a contract has been awarded, and if so, the date of award and contract number.

(g) SBA will notify the protester and the contracting officer of the date SBA received the protest.

(h) Before SBA decision.

(1) After receiving a protest involving the apparent successful offeror's status as a HUBZone small business concern,

the contracting officer must either?

(i) Withhold award of the contract until SBA determines the status of the protested concern; or

(ii) Award the contract if?

(A) SBA does not issue its decision within 15 business days after receipt of the protest; and

(B) The contracting officer determines in writing that there is an immediate need to award the contract and that

waiting for SBA's determination will be disadvantageous to the Government.

(2) SBA will determine the merits of the status protest within 15 business days after receipt of a protest, or within any

extension of time granted by the contracting officer.

(i) After SBA decision. The SBA will notify the contracting officer, the protester, and the protested concern of the SBA

determination. The determination is effective immediately and is final unless overturned on appeal by SBA's Associate Administrator, Office of Government Contracting and Business Development(AA/GC&BD).

(1) If the contracting officer has withheld contract award and SBA has determined that the protested concern is an

eligible HUBZone or dismissed all protests against the protested concern, the contracting officer may award the contract

to the protested concern. If the AA/GC&BD subsequently overturns the initial determination or dismissal, the contracting officer may apply the AA/GC&BD decision to the procurement in question.

(2) If the contracting officer has withheld award and the HUBZone Program Director has determined that the protested

concern is ineligible, and a timely AA/GC&BD appeal has not been filed, then the contracting officer must not award the contract to the protested concern.

(3) If the contracting officer has made a written determination in accordance with (h)(1)(ii)(B) of this section, awarded

the contract, and the Director of SBA's Office of the HUBZone Program's ruling sustaining the protest is received after award

?

(i) The contracting officer must either?

(A) Terminate the contract; or

(B) (1) Make a written determination that termination is not in the best interests of the Government; and

(2) Not exercise any options or award further task or delivery orders under the contract.

(ii) SBA will remove the concern's designation as a certified HUBZone small business concern in the Small Business Search (SBS). The concern is not permitted to submit an offer as a HUBZone small business concern until SBA

issues a decision that the ineligibility is resolved; and

(iii) After SBA updates the concern's designation as a HUBZone small business in SBS, the contracting officer must update the Federal Procurement Data System (FPDS) to reflect the final decision of the HUBZone Program Director if no appeal is filed.

(4) If the contracting officer has made a written determination in accordance with (h)(1)(ii)(B) of this section, awarded the contract, SBA has sustained the protest and determined that the concern is not a HUBZone small business, and a timely

(AA/GC&BD) appeal has been filed, then the contracting officer must consider whether performance can be suspended until an (AA/GC&BD) decision is rendered.

(5) If the AA/GC&BD affirms the decision of the HUBZone Program Director, finding the protested concern is ineligible, and contract award has occurred?

(i) The contracting officer must either?

(A) Terminate the contract; or

(B) (1) Make a written determination that termination is not in the best interests of the Government; and

(2) Not exercise any options or award further task or delivery orders under the contract;

(ii) SBA will remove the concern's designation as a certified HUBZone small business concern in SBS. The concern is not permitted to submit an offer as a HUBZone small business concern until SBA issues a decision that the ineligibility is resolved or the AA/GC&BD finds the concern is eligible on appeal; and

19.2-5

19.201-5 FEDERAL ACQUISITION REGULATION

(iii) After SBA updates the concern's designation as a HUBZone small business in SBS, the contracting officer must update FPDS to reflect the AA/GC&BD decision.

(6) A concern found to be ineligible during a HUBZone status protest is precluded from applying for HUBZone certification for 90 calendar days from the date of the SBA final decision.

(j) Appeals of HUBZone status determinations. The protested HUBZone small business concern, the protester, or the

contracting officer may file appeals of protest determinations with SBA's AA/GC&BD. The AA/GC&BD must receive the appeal no later than 5 business days after the date of receipt of the protest determination. SBA will dismiss any untimely appeal.

(k) The appeal must be in writing. The appeal must identify the protest determination being appealed and must set forth a full and specific statement as to why the decision is erroneous or what significant fact the HUBZone Program Director failed to consider.

(l) (1) The party appealing the decision must provide notice of the appeal to?

(i) The contracting officer; and

(ii) The protested HUBZone small business concern or the original protester, as appropriate.

(2) SBA will not consider additional information or changed circumstances that were not disclosed at the time of the

HUBZone Program Director's determination or that are based on disagreement with the findings and conclusions contained in the determination.

(m) The AA/GC&BD will make its decision within 5 business days of the receipt of the appeal, if practicable, and will base its decision only on the information and documentation in the protest record as supplemented by the appeal. SBA will provide a copy of the decision to the contracting officer, the protester, and the protested HUBZone small business concern.

The SBA decision, if received before award, will apply to the pending acquisition. The AA/GC&BD's decision is the final decision.

19.201-5 Protesting a firm's status as a service-disabled veteran-owned small business concern.

(a) Definition. Interested party, as used in this section, has the meaning given in 13 CFR 134.1002(b).

(b) General. (1) For sole source acquisitions, the contracting officer, the Department of Veterans Affairs (VA), or SBA may protest the apparently successful offeror's service-disabled veteran-owned small business (SDVOSB) status. For all other acquisitions, any interested party may protest the apparently successful offeror's SDVOSB status.

(2) SBA's protest regulations are found in 13 CFR 128.500 and 13 CFR part 134.

(c) Protests relating to small business size status are subject to the procedures of 19.201-2. An interested party seeking to protest both the small business size and SDVOSB status of an apparent successful offeror shall file two separate protests.

(d) All protests must be in writing and must state all specific grounds for the protest.

(1) OHA will consider protests challenging the SDVOSB status or the ownership and control of a concern if?

(i) For status protests, the protester presents evidence supporting the contention that the owner(s) cannot provide documentation from the VA to show that they meet the definition of "service-disabled veteran" or "service-disabled veteran with a permanent and severe disability" as set forth in 13 CFR 128.102; or

(ii) For ownership and control protests, the protester presents evidence that the concern is not 51 percent owned and controlled by one or more service-disabled veterans. In the case of a veteran with a permanent and severe disability, the protester presents evidence that the concern is not controlled by the veteran, spouse, or permanent caregiver of such veteran; or

(iii) For set-aside or sole-source service contract or order ostensible subcontractor protests, the protester presents credible evidence of the alleged undue reliance on a small entity subcontractor that is not a similarly-situated entity as defined in 13 CFR 125.1, or credible evidence that the small non-similarly situated entity is performing the primary and vital requirements of the contract. For allegations that the prime contractor is unduly reliant on an other-than-small subcontractor, see size protests at 19.201-2, and 13 CFR 121.103(h)(3), which treats the pair as joint venturers for size determination purposes (the "ostensible subcontractor rule"); or

(iv) For joint venture protests, the protester presents evidence that the managing SDVOSB joint venture partner does not meet the requirements at 13 CFR 128.402.

(2) Assertions that a protested concern is not a SDVOSB concern, without setting forth specific facts or allegations,

will not be considered by OHA (see 13 CFR 134.1005)

(e) Protest by an interested party. (1) An interested party (except contracting officers should see paragraph (f)(1) of this

section) shall submit its protest to the contracting officer?

(i) To be received by close of business on the fifth business day after bid opening for sealed bid acquisitions;

19.2-6

SUBPART 19.2 - EVALUATION AND AWARD 19.201-5

(ii) To be received by close of business on the fifth business day after receipt of the special notification from the contracting officer (see part 15) that identifies the apparently successful offeror for negotiated acquisitions, including?

(A) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the

order (see 13 CFR 134.1004(a)(3)(ii)); and

(B) Orders set aside for service-disabled veteran-owned small businesses under multiple-award contracts that

are not partially or totally set aside or reserved for SDVOSB concerns (see 13 CFR 134.1004(a)(3)(i)), except for orders and

blanket purchase agreements placed against a Federal Supply Schedule contract (see part 8);

(iii) To be received by close of business on the fifth business day after notification by the contracting officer of the intended awardee for an order that is set aside for SDVOSBs under a multiple-award contract that was not totally or partially

set aside or reserved for SDVOSB concerns. This paragraph (e)(1)(iii) does not apply to an order issued against a Federal

Supply Schedule (FSS) contract;

(iv) To be received by the close of the fifth business day after notification by the contracting officer of the intended awardee for a blanket purchase agreement that is set aside for SDVOSBs under a multiple-award contract that was not totally

or partially set aside or reserved for SDVOSB concerns. This paragraph (e)(1)(iv) does not apply to a blanket purchase agreement issued under a FSS contract; or

(v) To be received by the close of business on the fifth business day after receipt of notification using other communication means when written notification is not required.

(2) Any protest received after the designated time limits is untimely, except?

(i) The VA or SBA may file an SDVOSB status protest at any time; and

(ii) The contracting officer, SBA, or VA may file an SDVOSB status protest at any time after the apparent awardee has been identified or after bid opening, whichever applies.

(f) Forwarding protests to SBA. (1) The contracting officer must forward all protests to the U.S. Small Business Administration, Office of Hearings and Appeals, 409 Third Street SW, Washington, DC 20416, or by email at OHAfilings@sba.gov, marked ?Attn: SDVOSB Status Protest? (see 13 CFR 134.1004(c)).

(2) The protest shall include a referral letter written by the contracting officer with information pertaining to the solicitation. The referral letter must include the following information to allow OHA to determine timeliness and standing:

(i) The solicitation number (or an electronic link to or a paper copy of the solicitation).

(ii) The name, address, telephone number, and email address of the contracting officer.

(iii) Whether the contract was sole-source or set-aside.

- (iv) Whether the protestor submitted an offer.
- (v) Whether the protested concern was the apparent successful offeror.
- (vi) When the protested concern submitted its initial offer that included price.
- (vii) Whether the acquisition was conducted using sealed bid or negotiated procedures.
- (viii) The bid opening date, if applicable.
- (ix) The date the contracting officer received the protest.
- (x) The date the protestor received notification about the apparent successful offeror, if applicable.
- (xi) Whether a contract has been awarded.
- (g) Notification by OHA. OHA will notify the protester, the protested concern, SBA's Director of Government Contracting

(D/GC), SBA Counsel, and the contracting officer of the date OHA received the protest.

- (h) Before OHA decision. (1) After receiving a protest involving the apparent successful offeror's status as an SDVOSB

concern, the contracting officer must either?

- (i) Withhold award of the contract until OHA determines the status of the protested concern; or
- (ii) Award the contract after receipt of the protest but before OHA issues its decision if the contracting officer

determines in writing that an award must be made to protect the public interest. The contracting officer must notify OHA and

SBA D/GC in writing of the determination and a copy must be included in the contract file.

(2) OHA will determine the merits of the status protest.

(3) OHA does not have a standard timeline for issuing decisions.

- (i) After OHA decision. OHA will notify the contracting officer, the protester, and the protested concern of its decision.

The decision is effective immediately and is final.

- (1) If the contracting officer has withheld contract award and OHA has determined that the protested concern is an

eligible SDVOSB or dismissed all protests against the protested concern, then the contracting officer may award the contract

to the protested concern.

19.2-7

19.201-6 FEDERAL ACQUISITION REGULATION

- (2) If the contracting officer has withheld contract award, and OHA has sustained the protest and determined that the

concern is not an SDVOSB, then the contracting officer must not award the contract to the protested concern.

- (3) If the contracting officer has made a written determination in accordance with paragraph (h)(1)(ii) of this section,

the contract has been awarded, and the OHA decision to sustain the protest is received after award?

(i) The contracting officer must terminate the contract, unless the contracting officer has made a written determination that termination is not in the best interests of the Government. However, the contracting officer must not exercise any options or award further task or delivery orders;

- (ii) The contracting officer must update FPDS to reflect the final OHA decision; and

(iii) The concern must remove its designation in the System for Award Management (SAM) as an SDVOSB concern within 2 days of the OHA decision. SBA will update the concern's SDVOSB status in SAM if the concern fails to do so.

The concern shall not submit an offer as a SDVOSB concern or an SDVOSB concern eligible under the SDVOSB

Program,

until the concern is designated as an SDVOSB by SBA in the SBA Veteran Small Business Certification Program database at

<https://veterans.certify.sba.gov>.

(4) A concern found to be ineligible may not submit future offers as an SDVOSB concern until the concern is designated as an SDVOSB by SBA in the SBA Veteran Small Business Certification Program database at <https://veterans.certify.sba.gov>.

19.201-6 Protesting a firm's status as an economically disadvantaged women-owned small business concern or women-

owned small business concern eligible under the Women-Owned Small Business Program.

(a) Definition. Interested party, as used in this section, has the meaning given in 13 CFR 127.102.

(b) (1) For sole source acquisitions, the contracting officer or SBA may protest the offeror's status as an economically

disadvantaged women-owned small business (EDWOSB) concern or as a WOSB concern eligible under the WOSB Program.

For all other acquisitions, an interested party (see 13 CFR 127.102) may protest the apparent successful offeror's EDWOSB

or WOSB status.

(2) SBA's protest regulations are found in subpart F "Protests" at 13 CFR 127.600 through 127.605.

(c) Protests relating to small business size status are subject to the procedures of 19.201-2. An interested party seeking to

protest both the small business size and WOSB or EDWOSB status of an apparent successful offeror shall file two separate protests.

(d) All protests shall be in writing and must state all specific grounds for the protest.

(1) SBA will consider protests challenging the status of a concern if?

(i) The protest presents evidence that the concern is not at least 51 percent owned and controlled by one or more women who are United States citizens;

(ii) The protest presents evidence that the concern is not at least 51 percent owned and controlled by one or more economically disadvantaged women who are United States citizens, when it is in connection with an EDWOSB contract; or

(iii) For WOSB or EDWOSB set-aside or sole-source service contracts or orders, the protest presents evidence that the prime contractor is unduly reliant on a small entity subcontractor that is not a similarly-situated entity as defined in

13 CFR 125.1, or a protest alleging that such subcontractor is performing the primary and vital requirements of a set-aside

or sole-source WOSB or EDWOSB contract. For allegations that the prime contractor is unduly reliant on an other-than-small subcontractor, see size protests at 19.201-2, and 13 CFR 121.103(h)(3), which treats the pair as joint venturers for size

determination purposes (the "ostensible subcontractor rule").

(2) Assertions that a protested concern is not an EDWOSB or WOSB concern eligible under the WOSB Program,

without setting forth specific facts or allegations, will not be considered by SBA (see 13 CFR 127.603(a)).

(e) Protest by an interested party. (1) An offeror shall submit its protest to the contracting officer?

- (i) To be received by the close of business by the fifth business day after bid opening for sealed bid acquisitions;
- (ii) To be received by the close of business by the fifth business day after receipt of the special notification from the contracting officer (see part 15) that identifies the apparently successful offeror for negotiated acquisitions including?
 - (A) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the order (see 13 CFR 127.603(c)(1)); and
 - (B) Orders set aside for EDWOSB or WOSB concerns under multiple-award contracts that are not partially or totally set aside or reserved for EDWOSB or WOSB concerns (see 13 CFR 127.603(c)(1)), except for orders and blanket purchase agreements placed against a Federal Supply Schedule contract (see part 8); or
- (iii) To be received by the close of business on the fifth business day after receipt of notification using other communication means when written notification is not required.

19.2-8

SUBPART 19.2 - EVALUATION AND AWARD 19.201-6

- (2) Any protest received after the designated time limit is untimely, unless it is from the contracting officer or SBA.
- (f) (1) The contracting officer must forward all protests to SBA. The protests are to be submitted to SBA's Director for Government Contracting by email at wosbprotest@sba.gov.
- (2) The protest shall include a referral letter written by the contracting officer with information pertaining to the solicitation. The referral letter must include the following information to allow SBA to determine timeliness and standing:
 - (i) The solicitation number or electronic link to or a paper copy of the solicitation.
 - (ii) The name, address, telephone number, email address, and facsimile number of the contracting officer.
 - (iii) Whether the protestor submitted an offer.
 - (iv) Whether the protested concern was the apparent successful offeror.
 - (v) When the protested concern submitted its offer.
 - (vi) Whether the acquisition was conducted using sealed bid or negotiated procedures.
 - (vii) The bid opening date, if applicable.
 - (viii) The date the contracting officer received the protest.
 - (ix) The date the protestor received notification about the apparent successful offeror, if applicable.
 - (x) Whether a contract has been awarded.
- (g) SBA will notify the protester and the contracting officer of the date SBA received the protest.
- (h) Before SBA decision. (1) After receiving a protest involving the apparent successful offeror's status as an EDWOSB or WOSB concern eligible under the WOSB Program, the contracting officer must either?
 - (i) Withhold award of the contract until SBA determines the status of the protested concern; or
 - (ii) Award the contract after receipt of the protest but before SBA issues its decision if the contracting officer determines in writing that an award must be made to protect the public interest.
- (2) SBA will determine the merits of the status protest within 15 business days after receipt of a protest, or within any extension of that time granted by the contracting officer.
- (3) If SBA does not issue its determination within 15 business days, or within any extension of time granted, the contracting officer may award the contract after determining in writing that there is an immediate need to award the

contract

and that waiting until SBA makes its determination will be disadvantageous to the Government. This determination must be

provided to the SBA Director for Government Contracting and a copy must be included in the contract file.

- (i) After SBA decision. SBA will notify the contracting officer, the protester, and the protested concern of its determination.

The determination is effective immediately and is final unless overturned on appeal by OHA pursuant to 13 CFR part 134.

- (1) If the contracting officer has withheld contract award and SBA has denied or dismissed the protest, the contracting

officer may award the contract to the protested concern. If OHA subsequently overturns the SBA Director for Government

Contracting's determination or dismissal, the contracting officer may apply the OHA decision to the procurement in question.

- (2) If the contracting officer has withheld contract award, SBA has sustained the protest and determined that the

concern is not eligible under the WOSB Program, and no OHA appeal has been filed, then the contracting officer must not

award the contract to the protested concern.

- (3) If the contracting officer has made a written determination in accordance with (h)(1)(ii) or (h)(3) of this section,

awarded the contract, and SBA's ruling is received after award, and no OHA appeal has been filed, then?

- (i) The contracting officer must terminate the contract, unless the contracting officer has made a written determination that termination is not in the best interests of the Government. However, the contracting officer must not exercise any options or award further task or delivery orders;

- (ii) The contracting officer must update the FPDS to reflect the final SBA decision; and

(iii) SBA will remove the concern's designation in the Small Business Search (SBS) as an EDWOSB or WOSB concern eligible under the WOSB Program. The concern shall not submit an offer as an EDWOSB concern or WOSB concern eligible under the WOSB Program, until SBA issues a decision that the ineligibility is resolved.

- (4) If the contracting officer has made a written determination in accordance with (h)(1)(ii) or (h)(3) of this section,

contract award has occurred, SBA has sustained the protest and determined that the concern is not eligible under the WOSB

Program, and a timely OHA appeal has been filed, then the contracting officer must consider whether performance can be

suspended until an OHA decision is rendered.

- (5) If OHA affirms the SBA Director for Government Contracting's determination finding the protested concern is

ineligible, then?

- (i) The contracting officer must terminate the contract, unless the contracting officer has made a written determination that termination is not in the best interests of the Government. However, the contracting officer must not exercise any options or award further task or delivery orders;

19.2-9

19.201-7 FEDERAL ACQUISITION REGULATION

(ii) The contracting officer must update the FPDS to reflect OHA's decision; and

(iii) SBA will remove the concern's designation in SBS as an EDWOSB or WOSB concern eligible under the WOSB Program. The concern shall not submit an offer as an EDWOSB concern or WOSB concern eligible under the WOSB

Program, until SBA issues a decision that the ineligibility is resolved or OHA finds the concern is eligible on appeal.

(j) Appeals of EDWOSB or WOSB concerns eligible under the WOSB Program status determinations.

(1) The protested EDWOSB concern or WOSB concern eligible under the WOSB program, the protester, or the contracting officer may file an appeal of a WOSB or EDWOSB status protest determination with OHA.

(2) OHA must receive the appeal no later than 10 business days after the date of receipt of the protest determination.

SBA will dismiss an untimely appeal.

(3) See subpart G ?Rules of Practice for Appeals From Women-Owned Small Business Concerns (WOSB) and Economically Disadvantaged WOSB Concern (EDWOSB) Protests? at 13 CFR 134.701 through 134.715 for SBA's appeals regulations.

(k) The appeal must be in writing. The appeal must identify the protest determination being appealed and must set forth

a full and specific statement as to why the EDWOSB concern or WOSB concern eligible under the WOSB program protest

determination is alleged to be based on a clear error of fact or law, together with an argument supporting such allegation.

(l) The party appealing the decision must provide notice of the appeal to?

(1) The contracting officer;

(2) Director, Office of Government Contracting, U.S. Small Business Administration, by email at wosbprotest@sba.gov;

(3) The protested EDWOSB concern or WOSB concern eligible under the WOSB program, or the original protester, as appropriate; and

(4) SBA's Office of General Counsel, Associate General Counsel for Procurement Law, U.S. Small Business Administration, 409 Third Street SW., Washington, DC 20416, or email at OPLService@sba.gov.

(m) OHA will make its decision within 15 business days of the receipt of the appeal, if practicable. SBA will provide a

copy of the decision to the contracting officer, the protester, and the protested EDWOSB concern or WOSB concern eligible

under the WOSB program. The OHA decision is the final agency decision and is binding on the parties.

19.201-7 Protesting an 8(a) participant's eligibility or size status.

(a) The eligibility of an 8(a) participant for a sole source or competitive 8(a) requirement may not be challenged by another 8(a) participant or any other party, either to SBA or any administrative forum as part of a bid or other contract protest

(see 13 CFR 124.517).

(b) The size status of an 8(a) participant nominated for an 8(a) sole source contract may not be protested by another 8(a) participant or any other party.

(c) The size status of the apparent successful offeror for competitive 8(a) awards may be protested. The filing of a size

status protest is limited to?

- (1) Any offeror whom the contracting officer has not eliminated for reasons unrelated to size;
- (2) The contracting officer; or
- (3) The SBA District Director in either the district office serving the geographical area in which the contracting activity

is located or the district office that services the apparent successful offeror, or the Associate Administrator for Business Development.

- (d) Protests of competitive 8(a) awards shall follow the procedures at 19.201-2. For additional information, refer to 13

CFR 121.1001.

- (e) If the size status of an 8(a) participant nominated for award of an 8(a) sole source contract is called into question, a

request for a formal size determination may be submitted to SBA pursuant to 13 CFR 121.1001(b)(2)(ii) by?

- (1) The 8(a) participant nominated for award of the particular sole source contract;
- (2) The contracting officer who has been delegated SBA's 8(a) contract execution functions, where applicable, or the

SBA program official with authority to execute the 8(a) contract;

- (3) The SBA District Director in the district office that services the 8(a) participant or the Associate Administrator for

Business Development; or

- (4) The SBA Inspector General.

(f) SBA's Government Contracting Area Director will issue a formal size determination within 15 business days, if possible, after SBA receives the request for a formal size determination.

- (g) An appeal of an SBA size determination shall follow the procedures at 19.201-2.

19.2-10

SUBPART 19.2 - EVALUATION AND AWARD 19.204

19.202 Encouraging small business responses.

Contracting officers must provide to any small business concern, upon its request?

- (a) A copy of solicitations with respect to any contract to be awarded;
- (b) The name and telephone number of an agency contact to answer questions related to the prospective contract; and

(c) Adequate citations to each major Federal law or agency rule with which the business concern must comply in performing the contract, other than laws or agency rules with which the small business must comply even when doing business with entities other than the Government.

19.203 Equal low bids.

- (a) In the event of equal low bids (see 14.408-6), make awards first to small business concerns that are also labor surplus

area concerns, and second to small business concerns that are not also labor surplus area concerns.

- (b) Insert the provision at 52.219-2, Equal Low Bids, in solicitations when contracting by sealed bidding and?

- (1) The contract is for supplies to be delivered or services to be performed in the United States or its outlying areas; or
- (2) The contracting officer has applied this part in accordance with 19.000(b)(1)(ii).

19.204 Certificate of Competency.

A Certificate of Competency (COC) is the certificate SBA issues stating that, for the purpose of receiving and

performing

a specific Government contract, the holder is responsible with respect to all elements of responsibility, including, but not limited to, capability, competency, capacity, credit, integrity, perseverance, tenacity, and limitations on subcontracting.

(a) The COC program empowers SBA to certify to Government contracting officers regarding all elements of responsibility of any small business concern to receive and perform a specific Government contract. The COC program does

not extend to questions concerning regulatory requirements that other Federal agencies impose and enforce.

(b) The COC program applies to all Government acquisitions except for 8(a) sole-source awards. If a contracting officer

determines an apparent successful small business offeror to be nonresponsible, the contracting officer must refer that small business to SBA for a possible COC, even if the next acceptable offer is from a small business. Contracting officers,

including those located overseas, must comply with this section for U.S. small business concerns.

(c) When a solicitation requires a small business to comply with the limitations on subcontracting, a contracting officer's

finding that a small business cannot comply with the limitation must be treated as an element of responsibility and must be

subject to the COC process.

(d) When a contracting officer determines and documents that an apparent successful small business offeror lacks one or

more elements of responsibility listed in the introductory text of this section (for sureties see 28.101-3(f) and 28.203-1(e)),

the contracting officer must?

(1) Withhold contract award; and

(2) Refer the matter to the appropriate SBA Government Contracting Area Office (Area Office) serving the area where

the offeror's headquarters is located, in accordance with agency procedures.

(e) The referral must include?

(1) A notice that a small business concern has been determined to be nonresponsible, specifying the element(s) of

responsibility the contracting officer found lacking; and

(2) If applicable, a copy of the following:

(i) Solicitation.

(ii) Final offer submitted by the apparent successful offeror whose responsibility is at issue.

(f) The contracting officer must withhold award for a period of 15 business days following receipt by the appropriate SBA

Area Office of a referral that includes all required documentation.

(g) In order to determine whether to issue or deny a COC, SBA conducts a review in accordance with 13 CFR 125.5. At

the completion of the COC review process, SBA will notify the concern and the contracting officer that the COC is denied or

is being issued.

(h) If new information causes the contracting officer to determine that the concern referred to the SBA is actually responsible to perform the contract, and award has not already been made under paragraph (j) of this section, the contracting

officer must?

- (1) Reverse the determination of nonresponsibility;
- (2) Notify the SBA of this action;
- (3) Withdraw the referral; and
- (4) Proceed to award the contract.

19.2-11

19.205 FEDERAL ACQUISITION REGULATION

(i) SBA COCs are final with respect to all elements of responsibility of prospective small business contractors. An SBA-

certified concern must not be required to meet any other requirements of responsibility. Where SBA issues a COC, the contracting officer may decide not to award to that offeror for reasons unrelated to responsibility.

(j) The contracting officer must award the contract to another appropriately selected and responsible offeror if SBA has not

issued a COC within 15 business days after receiving the referral.

19.205 Evaluating and awarding set-asides.

(a) If the contracting officer receives only one acceptable offer from a responsible small business concern in response to a

set-aside, the contracting officer should make an award to that firm.

(b) If the contracting officer receives no acceptable offers from responsible small business concerns for a small business

set-aside under 19.104, the set-aside must be withdrawn and the requirement, if still valid, must be resolicited on an unrestricted basis.

(c) Except as authorized by law, do not award a contract as a small business or socioeconomic status category set-aside if

the cost to the awarding agency exceeds the fair market price. The fair market price is the price achieved in accordance with

the reasonable price guidelines in 15.404-1(b).

(d) (1) If, before award of a contract involving a small business set-aside, the contracting officer considers that award

would be detrimental to the public interest (e.g., payment of more than a fair market price), the contracting officer may withdraw the small business set-aside.

(2) The contracting officer must prepare a written statement supporting any withdrawal or modification of a small

business set-aside and include it in the contract file.

(3) If a small business set-aside acquisition is not awarded, the determination to set the acquisition aside is automatically dissolved. The required supplies and/or services for which no award was made may be acquired by using other

methods, as appropriate.

19.206 Evaluating small business subcontracting plans.

19.206-1 Types of subcontracting plans.

(a) Contractors may establish, on a plant or division-wide basis, a master subcontracting plan (see 19.001) that contains

all the elements required by the clause at 52.219-9, Small Business Subcontracting Plan, except goals. Master subcontracting

plans shall be effective for a 3-year period after approval by the contracting officer; however, it is incumbent upon contractors

to maintain and update master subcontracting plans. Changes required to update master subcontracting plans are not effective

until approved by the contracting officer. A master subcontracting plan, when incorporated in an individual plan, shall apply

to that contract throughout the life of the contract.

(b) An individual subcontracting plan contains all the elements required by the clause at 52.219-9, Small Business Subcontracting Plan, and separate statements and goals based on total subcontract dollars for the basic contract and for each option.

(c) A commercial subcontracting plan is the preferred type of subcontracting plan for contractors furnishing commercial

products and commercial services. The subcontracting goals established for a commercial plan shall include all indirect costs

with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation;

interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer

relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a

municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region;

and philanthropic contributions. Once a contractor's commercial plan has been approved, the Government must not require

another subcontracting plan from the same contractor while the plan remains in effect, as long as the product or service being

provided by the contractor continues to meet the definition of a commercial product or commercial service. The contractor

shall?

(1) Submit the commercial plan to either the first contracting officer awarding a contract subject to the plan during

the contractor's fiscal year, or, if the contractor has ongoing contracts with commercial plans, to the contracting officer responsible for the contract with the latest completion date. The contracting officer must negotiate the commercial plan for

the Government. The approved commercial plan shall remain in effect during the contractor's fiscal year for all Government

contracts in effect during that period;

(2) Submit a new commercial plan, 30 working days before the end of the Contractor's fiscal year, to the contracting

officer responsible for the uncompleted Government contract with the latest completion date. The contractor must provide to

19.2-12

SUBPART 19.2 - EVALUATION AND AWARD 19.206-3

each contracting officer responsible for an ongoing contract subject to the plan, the identity of the contracting officer that will

be negotiating the new plan;

(3) When the new commercial plan is approved, provide a copy of the approved plan to each contracting officer responsible for an ongoing contract that is subject to the plan; and

(4) Comply with the reporting requirements stated in the clause at 52.219-9, Small Business Subcontracting Plan,

by submitting one SSR that includes all indirect costs, except as described in paragraph (d) of this section, in SPR, for all

contracts covered by its commercial plan. This report will be monitored in SPR by the agency that approved the plan. The

report shall be submitted within 45 days after the end of the Government's fiscal year.

19.206-2 Elements of the subcontracting plan.

(a) Each subcontracting plan required under 19.109(a) must include the elements listed in paragraph (d) of the clause at

52.219-9, Small Business Subcontracting Plan.

(b) According to 15 U.S.C. 657r(a), a mentor with an SBA-approved mentor-protégé agreement (see 13 CFR 125.9)

that awards a subcontract to its protégé may apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, if the protégé is a covered territory business or the protégé's principal office is located in the Commonwealth of Puerto Rico.

19.206-3 Reviewing the subcontracting plan.

The contracting officer must review the subcontracting plan for adequacy, ensuring that it includes the required information, goals, and assurances (see paragraph (d) of the clause at 52.219-9).

(a) No detailed standards apply to every subcontracting plan. Instead, the contracting officer must consider each plan in

terms of the circumstances of the particular acquisition, including?

(1) Previous involvement of small business concerns as prime contractors or subcontractors in similar acquisitions;

(2) Proven methods of involving small business concerns as subcontractors in similar acquisitions; and

(3) The relative success of methods the contractor intends to use to meet the goals and requirements of the plan, as

evidenced by records maintained by contractors.

(b) If, under a sealed bid solicitation, a bidder submits a plan that does not cover each of the required elements (see

paragraph (d) of the clause at 52.219-9), the contracting officer must advise the bidder of the deficiency and request submission of a revised plan by a specific date. If the bidder does not submit a plan that includes the required elements by

the deadline, the bidder is ineligible for award. If the plan, although responsive, indicates the bidder's intention not to comply

with its obligations under the clause at 52.219-8, Utilization of Small Business Concerns, the contracting officer may find the

bidder nonresponsible.

(c) In negotiated acquisitions, the contracting officer must determine whether the plan is acceptable based on the

negotiation of each of the required elements of the plan (see paragraph (d) of the clause at 52.219-9). Subcontracting goals should be set at a level that the parties reasonably expect can result from the offeror's good faith efforts to use small

business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small

disadvantaged business, and women-owned small business subcontractors as much as possible. The contracting officer must

take particular care to ensure that the offeror has not submitted unreasonably low goals to minimize exposure to liquidated

damages and to avoid the administrative burden of demonstrating good faith efforts. Also, the contracting officer should pay close attention to identifying steps that, if taken, would be considered a good faith effort (see 19.302-2(b) and (c)).

Do not negotiate increased goals if a higher goal will significantly increase the Government's cost or make it hard to meet

acquisition objectives. An incentive subcontracting clause (see 52.219-10, Incentive Subcontracting Program), may be used

when additional and unique contract effort, such as providing technical assistance, could significantly increase subcontract

awards to small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small

business, HUBZone small business, or women-owned small business concerns.

(d) To determine whether a proposed subcontracting plan is acceptable, the contracting officer should:

(1) Find information about, and evaluate, the offeror's past performance in awarding subcontracts for the same or

similar products or services to small business, veteran-owned small business, service-disabled veteran-owned small business,

HUBZone small business, small disadvantaged business, and women-owned small business concerns. If information is not available on a specific type of product or service, evaluate the offeror's overall past performance and consider the performance of other contractors on similar efforts.

(2) According to 15 U.S.C. 637(d)(4)(F)(iii), ensure that the goals offered are attainable in relation to?

19.2-13

19.207 FEDERAL ACQUISITION REGULATION

(i) The subcontracting opportunities available to the contractor, commensurate with the efficient and economical performance of the contract;

(ii) The pool of eligible subcontractors available to fulfill the subcontracting opportunities; and

(iii) The actual performance of such contractor in fulfilling the subcontracting goals specified in prior plans.

(3) Ensure that the subcontracting goals are consistent with the offeror's certified cost or pricing data or data other than

certified cost or pricing data.

(4) Evaluate the offeror's make-or-buy policy or program to ensure that it does not conflict with the offeror's proposed

subcontracting plan and is in the Government's interest. If the contract involves products or services that are particularly specialized or not generally available in the commercial market, consider the offeror's current capacity to perform the work

and the possibility of reduced subcontracting opportunities.

(5) Evaluate subcontracting potential, considering the offeror's make-or-buy policies or programs, the nature of the supplies or services to be subcontracted, the known availability of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in the geographical area where the work will be performed, and the potential contractor's long-standing contractual relationship with its suppliers.

(6) Advise the offeror of available sources of information on potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors, as well as any specific concerns known to be potential subcontractors. If the offerors proposed goals are questionable, the contracting officer must emphasize that the information should be used to develop realistic and acceptable goals.

(7) Obtain advice and recommendations from the SBA procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) and the agency small business specialist.

(e) In making an award that requires a subcontracting plan, the contracting officer must:

(1) Consider the contractor's compliance with the subcontracting plans submitted on previous contracts as a factor to determine contractor responsibility.

(2) Assure that a subcontracting plan was submitted when required.

(3) Notify the SBA procurement center representative (or, if a procurement center representative is not assigned, see

19.102(b)) of the opportunity to review the proposed contract (including the plan and supporting documentation). The notice

must be issued in sufficient time to provide the representative a reasonable time to review the material and submit advisory recommendations to the contracting officer. Failure of the representative to respond in a reasonable period of time shall not delay contract award.

(4) Determine any fee that may be payable if an incentive is used in conjunction with the subcontracting plan.

(5) Ensure that an acceptable plan is incorporated into and made a material part of the contract.

(f) Letter contracts and similar undefinitized contracts, which would otherwise meet the requirements of 19.109(a), must contain at least a preliminary basic plan addressing the requirements of paragraph (d) of the clause at 52.219-9 and in such

cases require the negotiation of the final plan within 90 days after award or before definitization, whichever occurs first.

19.207 Evaluating offers using the HUBZone price evaluation preference.

The contracting officer must give offers from HUBZone small business concerns a price evaluation preference by

adding a

factor of 10 percent to all offers, except?

- (a) Offers from HUBZone small business concerns that have not waived the evaluation preference; or
- (b) Otherwise successful offers from small business concerns.

19.208 Evaluating and awarding under the 8(a) Program.

19.208-1 Procedures for competitive 8(a).

- (a) Offers must be solicited from those sources identified in accordance with 19.108-4(c).
- (b) The SBA will determine the eligibility of the apparent successful offeror. Eligibility is based on section 8(a) program

criteria (see 13 CFR 124.501(g) and 19.208-6(c)).

- (1) In either negotiated or sealed bid competitive 8(a) acquisitions SBA will determine the eligibility of the apparent

successful offeror and advise the contracting office within 5 working days after receipt of the contracting office's request for

an eligibility determination.

19.2-14

SUBPART 19.2 - EVALUATION AND AWARD 19.208-3

(i) If SBA determines that the apparent successful offeror is ineligible, the contracting officer will then send to SBA the identity of the next highest evaluated offeror for an eligibility determination. The process is repeated until SBA determines that an identified offeror is eligible for award.

(ii) If the contracting officer believes that the apparent successful offeror (or the offeror SBA has determined eligible for award) is not responsible to perform the contract, the contracting officer must refer the matter to SBA for Certificate of

Competency consideration under 19.204.

- (2) For a two-step design-build procurement, an 8(a) participant must be eligible for award under the 8(a) program on

the initial date for receipt of phase one offers specified in the solicitation (see 13 CFR 124.507(d)(3)).

- (3) In any case in which an 8(a) participant is determined to be ineligible, SBA will notify the 8(a) participant of that

determination.

(c) Any party with information questioning the eligibility of an 8(a) participant to continue participation in the 8(a) program or for the purposes of a specific 8(a) award may submit such information to the SBA in accordance with 13 CFR

124.112(c).

- (d) (1) SBA does not certify joint ventures, as entities, into the 8(a) program.

- (2) A contracting officer may consider a joint venture for contract award. SBA does not approve joint ventures for

competitive awards (but see 13 CFR 124.501(g) for SBA's determination of participant eligibility).

19.208-2 Contract negotiation.

- (a) Sole source.

- (1) The SBA may not accept for negotiation a sole-source 8(a) contract that exceeds \$30 million unless the requesting

agency has completed a justification in accordance with the requirements of 6.104.

- (2) The SBA is responsible for initiating negotiations with the agency within the time established by the agency.

If the

SBA does not initiate negotiations within the agreed time and the agency cannot allow additional time, the agency may, after

notifying the SBA, proceed with the acquisition from other sources.

(3) The SBA should participate, whenever practicable, in negotiating the contracting terms. When mutually agreeable,

the SBA may authorize the contracting officer to negotiate directly with the 8(a) participant. Whether or not direct negotiations take place, the SBA is responsible for approving the resulting contract before award.

(4) An 8(a) participant must represent that it is a small business in accordance with the size standard corresponding to the NAICS code assigned to the contract.

(5) A concern must be a current participant in the 8(a) program at the time of an 8(a) sole-source award.

(6) An 8(a) participant owned by an Alaska Native Corporation, Indian Tribe, Native Hawaiian Organization, or Community Development Corporation may not receive an 8(a) sole-source award that is a follow-on contract to an 8(a) contract, if the predecessor contract was performed by another 8(a) participant (or former 8(a) participant) owned by the same

Alaska Native Corporation, Indian Tribe, Native Hawaiian Organization, or Community Development Corporation. See 13

CFR 124.109 through 124.111.

(b) Competitive. In competitive 8(a) acquisitions, including follow-on 8(a) acquisitions, subject to part 15, the contracting

officer conducts negotiations directly with the competing 8(a) participants. Conducting competitive negotiations among eligible 8(a) participants prior to SBA's formal acceptance of the acquisition for the 8(a) program may be grounds for the SBA's not accepting the acquisition for the 8(a) program (see 19.108-4).

19.208-3 Pricing the 8(a) contract.

(a) The contracting officer must price the 8(a) contract in accordance with subpart 15.4. If required by subpart 15.4, the

SBA shall obtain certified cost or pricing data from the 8(a) contractor. If the SBA requests audit assistance to determine the

proposed price to be fair and reasonable in a sole source acquisition, the contracting activity must furnish it to the extent it is

available.

(b) An 8(a) contract, sole source or competitive, may not be awarded if the price of the contract results in a cost to the

contracting agency which exceeds a fair market price.

(c) If requested by the SBA, the contracting officer must make available the data used to estimate the fair market price

within 10 working days.

(d) The negotiated contract price and the estimated fair market price are subject to the concurrence of the SBA. In the

event of a disagreement between the contracting officer and the SBA, the SBA may appeal in accordance with 19.208-8.

19.2-15

19.208-4 FEDERAL ACQUISITION REGULATION

19.208-4 Estimating the fair market price.

(a) The contracting officer must estimate the fair market price of the work to be performed by the 8(a) contractor.

(b) In estimating the fair market price for an acquisition other than those covered in paragraph (c) of this section, the

contracting officer must use cost or price analysis and consider commercial prices for similar products and services, available

in-house cost estimates, data (including certified cost or pricing data) submitted by the SBA or the 8(a) contractor, and data

obtained from any other Government agency.

(c) In estimating a fair market price for a repeat purchase, the contracting officer must consider prices for similar products

and services, recent award prices for the same items or work if there is comparability in quantities, conditions, terms, and

performance times. The estimated price should be adjusted to reflect differences in specifications, plans, transportation costs,

packaging and packing costs, and other circumstances. Price indices may be used as guides to determine the changes in labor

and material costs. Comparison of commercial prices for similar items may also be used.

19.208-5 Preaward survey.

The contracting officer should request a preaward survey of the 8(a) participant whenever considered useful. If the results

of the preaward survey or other information available to the contracting officer raise substantial doubt as to the participant's

ability to perform, the contracting officer must refer the matter to SBA for Certificate of Competency consideration under

19.204.

19.208-6 Effect of exiting the 8(a) program on eligibility for award.

(a) Except as provided in paragraph (c) of this section, when a contractor exits the 8(a) program, it is no longer eligible to

receive new 8(a) contracts.

(b) If an 8(a) contractor is suspended from the program (see 13 CFR 124.305), it may not receive any new 8(a) contracts

unless the head of the contracting agency makes a determination that it is in the best interest of the Government to issue the

award and SBA adopts that determination.

(c) A contractor that has completed its term of participation in the 8(a) program may be awarded a competitive 8(a) contract if it was an 8(a) participant eligible for award of the contract on the initial date specified for receipt of offers contained in the solicitation, and if the contractor continues to meet all other applicable eligibility criteria (see 13 CFR

124.507(d)).

(d) SBA's regulations on exiting the 8(a) program are found at 13 CFR 124.301 through 124.305, and 13 CFR 124.507(d).

19.208-7 Preparing the contracts.

(a) Sole source.

(1) The contract to be awarded by the agency to the SBA shall be prepared in accordance with agency procedures

and in the same detail as would be required in a contract with a business concern. The contracting officer must use the Standard Form 26 as the award form, except for construction contracts, in which case the Standard Form 1442 must be used

as required in 36.701(a).

(2) The contracting officer must prepare the contract that the SBA will award to the 8(a) participant in accordance with

agency procedures, as if awarding the contract directly to the 8(a) participant, except for the following:

(i) The award form must cite 41 U.S.C. 3304(a)(5) or 10 U.S.C. 3204(a)(5) (as appropriate) as the authority for use of other than full and open competition.

(ii) Appropriate clauses must be included, as necessary, to reflect that the contract is between the SBA and the 8(a) contractor.

(iii) The following items shall be inserted by the SBA?

(A) The SBA contract number.

(B) The effective date.

(C) The typed name of the SBA's contracting officer.

(D) The signature of the SBA's contracting officer.

(E) The date signed.

(iv) The SBA will obtain the signature of the 8(a) contractor prior to signing and returning the prime contract to the contracting officer for signature. The SBA will make every effort to obtain signatures and return the contract, and any

subsequent bilateral modification, to the contracting officer within a maximum of 10 working days.

(3) Except in procurements where the SBA will make advance payments to its 8(a) contractor, the agency contracting

officer may, as an alternative to the procedures in paragraphs (a) and (b) of this subsection, use a single contract document for

19.2-16

SUBPART 19.2 - EVALUATION AND AWARD 19.208-8

both the prime contract between the agency and the SBA and its 8(a) contractor. The single contract document must contain

the information in paragraphs (a)(2)(i), (ii), and (iii) of this subsection. Appropriate blocks on the Standard Form (SF) 26 or

1442 will be asterisked and a continuation sheet appended as a tripartite agreement which includes the following:

(i) Agency acquisition office, prime contract number, name of agency contracting officer and lines for signature, date signed, and effective date.

(ii) The SBA office, the SBA contract number, name of the SBA contracting officer, and lines for signature and date signed.

(iii) Name and lines for the 8(a) contractor's signature and date signed.

(4) For acquisitions not exceeding the simplified acquisition threshold, the contracting officer may use the alternative

procedures in paragraph (a)(3) of this subsection with the appropriate simplified acquisition forms.

(b) Competitive.

(1) The contract will be prepared in accordance with 14.408-1(d), except that appropriate blocks on the Standard Form

26 or 1442 will be asterisked and a continuation sheet appended as a tripartite agreement which includes the following:

(i) The agency contracting activity, prime contract number, name of agency contracting officer, and lines for signature, date signed, and effective date.

(ii) The SBA office, the SBA subcontract number, name of the SBA contracting officer and lines for signature and date signed.

(2) The process for obtaining signatures shall be as specified in paragraph (a)(2)(iv) of this section.

19.208-8 SBA appeals.

(a) The SBA Administrator may submit the following matters for determination to the agency head if the SBA and the contracting officer fail to agree on them:

(1) A contracting officer's decision to reject a specific 8(a) participant for award of an 8(a) contract after SBA's acceptance of the requirement for the 8(a) program.

(2) The terms and conditions of a proposed 8(a) contract, including the contracting officer's NAICS code designation and estimate of the fair market price.

(b) The procedures at 19.102(f) apply to this section if there is disagreement between the contracting officer and the SBA procurement center representative (or, if a procurement center representative is not assigned, see 19.102(b)) regarding the matters in paragraph (a).

(c) If the SBA appeal is denied, the decision of the agency head must specify the reasons for the denial, including the reasons why the selected participant was determined incapable of performance, if appropriate. The decision shall be made a

part of the contract file.

19.2-17

This page intentionally left blank.

19.2-18

SUBPART 19.3 - POSTAWARD 19.302-1

Subpart 19.3 - Postaward

19.301 Small business size rerepresentations.

(a) A contractor that represented itself as a small business concern before contract award must rerepresent its size status in accordance with the clause at 52.219-28, Postaward Small Business Program Rerepresentation, for the North American Industry Classification System (NAICS) code(s) in the contract upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include the clause at 52.219-28, Post-Award Small Business Program Rerepresentation, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition of the contractor that does not require novation or within 30 days after modification of the contract to include the clause at 52.219-28, Post-Award Small Business Program Rerepresentation, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts?

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(b) A contractor must rerepresent its size status in accordance with the size standard in effect at the time of its rerepresentation that corresponds to the NAICS code that was initially assigned to the contract. For multiple-award contracts

where there is more than one NAICS code assigned, the contractor is required to rerepresent its size status for each NAICS

code assigned to the contract.

(c) After a contractor rerepresents it is other than small in accordance with 52.219-28, the agency may no longer include

the value of options exercised, modifications issued, orders issued, or purchases made under blanket purchase agreements on

that contract in its small business prime contracting goal achievements. Agencies should issue a modification to the contract

capturing the rerepresentation and report it to FPDS within 30 days after notification of the rerepresentation.

(d) A change in size status does not change the terms and conditions of the contract. However, the contracting officer may

require a subcontracting plan for a contract containing 52.219-9, Small Business Subcontracting Plan, if a prime contractor's

size status changes from small to other than small as a result of a size rerepresentation (see 19.109(c)(3)).

(e) A contractor that represented itself as other than small before contract award may, but is not required to, rerepresent its

size status when?

(1) The conditions in paragraph (a) of this section apply; and

(2) The contractor qualifies as a small business concern under the applicable size standard in effect at the time of its

rerepresentation.

19.302 Small business subcontracting plans.**19.302-1 Getting a plan after award.**

(a) (1) The contracting officer must require the contractor to submit a subcontracting plan for the contract if?

(i) A contract modification causes the value of a contract without a subcontracting plan to exceed the subcontracting

plan threshold (see 19.109(a)); and

(ii) The contracting officer determines that subcontracting opportunities exist.

(2) For a multiple-award contract with more than one NAICS code, the modification referenced in paragraph (a)(1)

of this section must require the contractor to submit an acceptable subcontracting plan for either the distinct portion(s) or

category(ies) of the contract for which the contractor is other than small or for the entirety of their contract, at the contractor's

discretion. When determining the need for a subcontracting plan, the contracting officer must consider the cumulative dollar

value of the portion(s) or category(ies) of the contract for which the contractor is other than small.

(3) See 19.109 for guidance on which contracts are exempt and how to determine if subcontracting opportunities exist.

(b) (1) If a subcontracting plan is required by paragraph (a) of this section or in accordance with 19.301(d), incorporate

into the contract the clause at 52.219-9, Small Business Subcontracting Plan, with its Alternate IV.

(2) Insert the clause at 52.219-16, Liquidated Damages?Subcontracting Plan, in contracts containing the clause at

52.219-9, Small Business Subcontracting Plan, with its Alternate IV.

(c) If the contracting officer adds a subcontracting plan to the contract due to a modification as required by paragraph

(a) of this section or as a result of a size rerepresentation (see 19.301(d)), the subcontracting goals apply from the date of

incorporation of the subcontracting plan into the contract. The contractor's achievements must be reported on a cumulative

basis from the date of incorporation of the subcontracting plan into the contract.

19.3-1

19.302-2 FEDERAL ACQUISITION REGULATION

(d) A contract may not have more than one subcontracting plan. However, a contracting officer may establish separate

subcontracting goals for each order under an indefinite-delivery, indefinite-quantity contract. When a contract modification

exceeds the subcontracting plan threshold (see 19.109(a)) or an option is exercised, the goals of an existing subcontracting

plan shall be amended to reflect any new subcontracting opportunities not envisioned at the time of contract award. These

goal changes do not apply retroactively.

19.302-2 Compliance with the plan.

(a) The contracting officer must monitor the prime contractor's compliance with its subcontracting plan by ensuring that

the contractor submits subcontracting reports in the SPR within 45 days after the report ending date (e.g., by November 14th

for the fiscal year ended September 30th).

(1) In order to be eligible as a subcontractor under a subcontracting plan, a concern is required to represent itself as a

small business or small disadvantaged business or be certified by SBA as a veteran-owned small business, service-disabled

veteran-owned small business, HUBZone small business, or woman-owned small business.

(i) To represent itself as a small business or small disadvantaged business, a concern must meet the appropriate definition in 2.101.

(ii) (A) Unless the prime contractor has reason to question the representations, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business or small disadvantaged business, if the subcontractor represents that the representations with its offer are current, accurate, and complete as of the date of the offer

for the subcontract; or

(B) Unless the prime contractor has reason to question the representation, it may accept a subcontractor's

representations of its size and socioeconomic status as a small business or small disadvantaged business in the System for

Award Management (SAM) if?

(1) The subcontractor is registered in SAM; and

(2) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate, and complete as of the date of the offer for the subcontract.

(3) The prime contractor may not require that the subcontractor register in SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iii) A prime contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(iv) The contractor, the contracting officer, or any other interested party can challenge a subcontractor's size status representation by filing a protest, in accordance with 13 CFR 121.1001 through 121.1008. Protests challenging the

socioeconomic status of a HUBZone small business concern must be filed in accordance with 13 CFR 126.801.

(2) (i) In accordance with 43 U.S.C. 1626, the following procedures apply:

(A) Subcontracts awarded to an ANC or Indian tribe count toward the subcontracting goals for small business and

small disadvantaged business concerns, regardless of the size or SBA certification status of the ANC or Indian tribe.

(B) If one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian

tribe, then the ANC or Indian tribe is required to designate the appropriate contractor(s) to receive credit for the subcontract

toward its small business and small disadvantaged business subcontracting goals.

(1) In most cases, the appropriate contractor is the contractor that awarded the subcontract to the ANC or Indian tribe.

(2) If the ANC or Indian tribe designates more than one contractor to count the subcontract toward its goals, the ANC or Indian tribe is required to designate only a portion of the total subcontract award to each contractor. The sum of

the amounts designated to various contractors cannot exceed the total value of the subcontract.

(3) The ANC or Indian tribe is required to give a copy of the written designation to the contracting officer, the prime contractor, and the subcontractors in between the prime contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(4) If the contracting officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the contracting officer will consider the contractor that awarded the subcontract to the ANC or Indian tribe the designated contractor.

(ii) A contractor acting in good faith may rely on the written representation of an ANC or an Indian tribe as to the status of the ANC or Indian tribe unless an interested party challenges its status or the contracting officer has independent

reason to question its status. In the event of a challenge of a representation of an ANC or Indian tribe, the interested parties

shall follow the procedures in part 26.

19.3-2**SUBPART 19.3 - POSTAWARD 19.302-2**

(3) As authorized by 15 U.S.C. 637(d)(12), agencies may credit certain costs incurred by a mentor firm in providing

developmental assistance to a protégé firm under the DoD Mentor-Protégé Program as if they were subcontract awards to

a protégé firm for the purpose of determining whether the mentor firm meets the applicable goals under any subcontracting

plan entered into with any executive agency. However, the mentor-protégé agreement must have been approved by the Director, Small Business Programs of the cognizant DoD military department or defense agency, before developmental assistance costs may be credited against subcontract goals. A list of approved agreements may be obtained at <https://business.defense.gov/Programs/Mentor-Protege-Program/>

(b) The contracting officer must assess whether the prime contractor made a good faith effort to comply with its small

business subcontracting plan.

(1) If, at completion of the basic contract or any option, a contractor has failed to comply with the requirements of

its subcontracting plan, which includes meeting its subcontracting goals, the contracting officer must review all available information for an indication that the contractor has not made a good faith effort to comply with the plan. If no such indication is found, the contracting officer must document the file accordingly.

(2) If the contracting officer decides, according to paragraph (b)(1) of this section, that the contractor failed to make a

good faith effort to comply with its subcontracting plan, 15 U.S.C. 637(d)(9) states that the contractor is in material breach

of its contract. Further, 15 U.S.C. 637(d)(4)(F) directs that the contractor must pay liquidated damages. Accordingly, the contracting officer must initiate action to assess liquidated damages.

(i) The contracting officer must give the contractor written notice under the clause at 52.219-16, Liquidated Damages?Subcontracting Plan. The notice must?

(A) Specify the material breach and indicate that it may be included in the contractor's past performance rating;

(B) Advise the contractor of the possibility that it may have to pay liquidated damages to the Government;

(C) Give the contractor an opportunity to respond to the notice (within 15 working days or longer, as necessary)

to show the good faith efforts it made before the contracting officer issues the final decision; and

(D) Specify that the contractor's failure to respond may be taken as an admission that no valid explanation exists.

(ii) If, after consideration of all the pertinent data and the contractor's response to the notice in paragraph (b)

(2)(i) of this section, the contracting officer finds that the contractor failed to make a good faith effort to comply with its

subcontracting plan, the contracting officer must issue a final decision to the contractor to that effect, require the contractor

to pay liquidated damages, and state the amount to pay. The contracting officer's final decision must state that the contractor

has the right to appeal under the clause in the contract entitled Disputes. The contracting officer must follow procedures in the

clause at 52.219-16, Liquidated Damages?Subcontracting Plan.

(iii) The amount of damages attributable to the contractor's failure to comply must be equal to the actual dollar amount by which the contractor failed to achieve each subcontracting goal.

(iv) Liquidated damages must be in addition to any other remedies that the Government may have.

(c) (1) In determining whether a contractor failed to make a good faith effort to comply with its subcontracting plan, a contracting officer must look to the totality of the contractor's actions, consistent with the information and assurances provided in its plan. The fact that the contractor failed to meet its subcontracting goals does not, in and of itself, constitute a

failure to make a good faith effort. The contracting officer may consider any of the following, though not all inclusive, to be

indicators of a good faith effort:

(i) Breaking out work to be subcontracted into economically feasible units, as appropriate, to facilitate small business participation.

(ii) Conducting market research to identify potential small business subcontractors through all reasonable means, such as searching SAM, posting notices or solicitations on SBA's SUBNet, participating in business matchmaking events, and attending preproposal conferences.

(iii) Soliciting small business concerns as early in the acquisition process as practicable to allow them sufficient time

to submit a timely offer for the subcontract.

(iv) Providing interested small businesses with adequate and timely information about plans, specifications, and requirements for performance of the prime contract to assist them in submitting a timely offer for the subcontract.

(v) Negotiating in good faith with interested small businesses.

(vi) Directing small businesses that need additional assistance to SBA.

(vii) Assisting interested small businesses in obtaining bonding, lines of credit, required insurance, necessary equipment, supplies, materials, or services.

(viii) Utilizing the available services of small business associations; local, state, and Federal small business assistance offices; and other organizations.

19.3-3

19.302-3 FEDERAL ACQUISITION REGULATION

(ix) Participating in a formal mentor-protégé program with one or more small business protégés that results in developmental assistance to the protégés.

(x) Although failing to meet the subcontracting goal in one socioeconomic category, exceeding the goal by an equal or greater amount in one or more of the other categories.

(xi) Fulfilling all of the requirements of the subcontracting plan.

(2) When considered in the context of the contractor's total effort in accordance with its plan, the contracting officer

may consider any of the following, though not all inclusive, to be indicators of a failure to make a good faith effort:

(i) Failure to attempt through market research to identify, contact, solicit, or consider for contract award small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small

disadvantaged business, or women-owned small business concerns, through all reasonable means including outreach,

industry

days, or the use of Federal systems such as SBA's Dynamic Small Business Search or SUBNet systems.

(ii) Failure to designate and maintain a company official to administer the subcontracting program and monitor and enforce compliance with the plan.

(iii) Failure to submit an acceptable ISR, or the SSR, using the SPR, or as provided in agency regulations, by the report due dates specified in 52.219-9, Small Business Subcontracting Plan.

(iv) Failure to maintain records or otherwise demonstrate procedures adopted to comply with the plan including subcontracting flowdown requirements.

(v) Adoption of company policies or documented procedures that have as their objectives the frustration of the objectives of the plan.

(vi) Failure to pay small business subcontractors in accordance with the terms of the contract with the prime contractor.

(vii) Failure to correct substantiated findings from Federal subcontracting compliance reviews or participate in subcontracting plan management training offered by the Government.

(viii) Failure to provide the contracting officer with a written explanation if the contractor fails to acquire articles, equipment, supplies, services, or materials or obtain the performance of construction work.

(ix) Falsifying records of subcontract awards to small business concerns.

(d) With respect to commercial plans approved under the clause at 52.219-9, Small Business Subcontracting Plan, the

contracting officer that approved the plan must?

(1) Perform the functions of the contracting officer under this subsection on behalf of all agencies with contracts covered by the commercial plan;

(2) Determine whether or not the goals in the commercial plan were achieved and, if they were not achieved, review

all available information for an indication that the contractor has not made a good faith effort to comply with the plan, and

document the results of the review;

(3) If a determination is made to assess liquidated damages, in order to calculate and assess the amount of damages, the

contracting officer must ask the contractor to provide?

(i) Contract numbers for the Government contracts subject to the plan;

(ii) The total Government sales during the contractor's fiscal year; and

(iii) The amount of payments made under the Government contracts subject to that plan that contributed to the contractor's total sales during the contractor's fiscal year; and

(4) When appropriate, assess liquidated damages on the Government's behalf, based on the pro rata share of subcontracting attributable to the Government contracts. A copy of the contracting officer's final decision assessing liquidated

damages must be provided to other contracting officers with contracts subject to the commercial plan.

(5) Every contracting officer with a contract that is subject to a commercial plan shall include in the contract file a copy

of the approved plan and a copy of the final decision assessing liquidating damages, if applicable.

(e) The contracting officer must assess the prime contractor's written explanation concerning its failure to use a small

business concern in the performance of the contract in the same scope, amount, and quality used in preparing and submitting

the bid or proposal, if applicable.

19.302-3 Other postaward responsibilities.

After a contract or contract modification containing a subcontracting plan is awarded or an existing subcontracting plan is

amended, the contracting officer must do the following:

- (a) Notify the SBA of the award by sending a copy of the award document to the Area Director, Office of Government

Contracting, in the SBA area office where the contract will be performed.

19.3-4

SUBPART 19.3 - POSTAWARD 19.303-2

- (b) Forward a copy of each commercial plan and any associated approvals to the Area Director, Office of Government

Contracting, in the SBA area office where the contractor's headquarters is located.

- (c) Give to the SBA procurement center representative (or, if a procurement center representative is not assigned, see

19.102(b)) a copy of?

- (1) Any subcontracting plan submitted in response to a sealed bid solicitation; and
- (2) The final negotiated subcontracting plan that was incorporated into a negotiated contract or contract modification.
- (d) Notify the SBA procurement center representative (or, if a procurement center representative is not assigned, see

19.102(b)) of the opportunity to review subcontracting plans in connection with contract modifications.

- (e) Forward a copy of each plan, or a determination that there is no requirement for a subcontracting plan, to the cognizant

contract administration office.

- (f) Agencies shall assign responsibilities for monitoring subcontract reports for anomalies, discrepancies, and errors.

19.303 8(a) Program contracts.

19.303-1 Contract administration.

- (a) The contracting officer must assign contract administration functions, as required, based on the location of the 8(a)

contractor (see Federal Directory of Contract Administration Services Components, available via the Internet at <https://piee.eb.mil/pcm/xhtml/unauth/index.xhtml>).

- (b) The agency must distribute copies of the contract(s) in accordance with part 4. All contracts and modifications, if any,

must be distributed to both the SBA and the 8(a).

(c) To the extent consistent with the contracting activity's capability and resources, 8(a) contractors furnishing requirements shall be afforded production and technical assistance, including, when appropriate, identification of causes of

deficiencies in their products and suggested corrective action to make such products acceptable.

- (d) For 8(a) contracts exceeding 5 years including options, the contracting officer must verify in SBS or SAM that the

concern is an SBA-certified 8(a) participant no more than 120 days prior to the end of the fifth year of the contract. If the concern is not an SBA-certified 8(a) participant, the contracting officer must not exercise the option (see 13 CFR

124.521(e)

(2)).

(e) An 8(a) contract, whether in the base or an option year, must be terminated for convenience if the 8(a) contractor to

which it was awarded transfers ownership or control of the firm or if the contract is transferred or novated for any reason to another firm, unless the Administrator of the SBA waives the requirement for contract termination (13 CFR 124.515). The Administrator may waive the termination requirement only if certain conditions exist. Moreover, a waiver of the requirement for termination is permitted only if the 8(a) contractor's request for waiver is made to the SBA prior to the actual relinquishment of ownership or control, except in the case of death or incapacity where the waiver must be submitted

within 60 calendar days after such an occurrence. The clauses in the contract entitled "Special 8(a) Contract Conditions"

and "Special 8(a) Subcontract Conditions" require the SBA and the 8(a) subcontractor to notify the contracting officer when ownership of the firm is being transferred. When the contracting officer receives information that an 8(a) contractor is

planning to transfer ownership or control to another firm, the contracting officer must take action immediately to preserve

the option of waiving the termination requirement. The contracting officer must determine the timing of the proposed transfer and its effect on contract performance and mission support. If the contracting officer determines that the SBA does

not intend to waive the termination requirement, and termination of the contract would severely impair attainment of the agency's program objectives or mission, the contracting officer must immediately notify the SBA in writing that the agency

is requesting a waiver. Within 15 business days thereafter, or such longer period as agreed to by the agency and the SBA, the

agency head must either confirm or withdraw the request for waiver. Unless a waiver is approved by the SBA, the contracting

officer must terminate the contract for convenience upon receipt of a written request by the SBA. This requirement for a convenience termination does not affect the Government's right to terminate for default if the cause for termination of an 8(a)

contract is other than the transfer of ownership or control.

19.303-2 Exiting the 8(a) program.

When a contractor exits the 8(a) program, it remains under contractual obligation to complete existing contracts, and any

priced options that may be exercised.

19.3-5

19.303-3 FEDERAL ACQUISITION REGULATION

19.303-3 Indefinite-delivery contracts.

(a) Separate offers and acceptances are not required for individual orders under multiple-award contracts (including the

Federal Supply Schedules managed by GSA, multi-agency contracts or Governmentwide acquisition contracts, or indefinite-

delivery, indefinite-quantity (IDIQ) contracts) that have been set aside for exclusive competition among 8(a) contractors, and

the individual order is to be competed among all 8(a) contract holders. SBA's acceptance of the original contract is valid for

the term of the contract. Offers and acceptances are required for individual orders under multiple-award contracts that have

not been set aside for exclusive competition among 8(a) contractors.

(b) The contracting officer may issue an order on a sole source basis when?

(1) The multiple-award contract was set aside for exclusive competition among 8(a) participants;

(2) The order has an estimated value less than or equal to the dollar thresholds set forth at 19.108-7(a)(2); and

(3) The offering and acceptance procedures at 19.108-4(b) and (c) are followed.

(c) An 8(a) contractor may continue to accept new orders under the contract, even if it exits the 8(a) program, or becomes

other than small for the NAICS code(s) assigned to the contract.

(d) Agencies may continue to take credit toward their prime contracting small disadvantaged business or small business

goals for orders awarded to 8(a) contractors, even after the contractor's 8(a) program term expires, the contractor otherwise

exits the 8(a) program, or the contractor becomes other than small for the NAICS code(s) assigned under the 8(a) contract.

However, if an 8(a) contractor rerepresents that it is other than small for the NAICS code(s) assigned under the contract in

accordance with 19.301 or, where ownership or control of the 8(a) contractor has changed and SBA has granted a waiver

to allow the contractor to continue performance (see 13 CFR 124.515), the agency may not credit any subsequent orders

awarded to the contractor towards its small disadvantaged business or small business goals.

19.3-6

PART 2635

part 2635. An employee negotiating or seeking employment with an offeror or who has an arrangement concerning future

Status: Unknown

part 2635. An employee negotiating or seeking employment with an offeror or who has an arrangement concerning future

employment with an offeror must follow the disqualification requirements in 5 CFR 2635.604 and 2635.606. The prohibition

in 18 U.S.C. 208 may require employee disqualification from participation in the acquisition even if their duties are not considered "participating personally and substantially" as defined in 3.104-1;

(3) Post-employment restrictions under 18 U.S.C. 207 and 5 CFR parts 2637 and 2641 prohibit certain activities by

former Government employees. This includes representing a contractor before the Government regarding any contract or

other particular matter involving specific parties where the former employee participated personally and substantially while

employed by the Government. Additional restrictions apply to certain senior Government employees and for matters under an

employee's official responsibility;

(4) Parts 14 and 15 restrict the release of procurement information and other contractor information that must be

protected under 18 U.S.C. 1905;

(5) The Privacy Act (5 U.S.C. 552a), the Trade Secrets Act (18 U.S.C. 1905), and other laws may prohibit releasing

information both before and after award (see 3.104-4); and

(6) Using nonpublic information for an employee's private interest or another's benefit and engaging in financial transactions using nonpublic information are prohibited by 5 CFR 2635.703.

3.104-3 Statutory and related prohibitions, restrictions, and requirements.

(a) Prohibition on disclosing procurement information (41 U.S.C. 2102). (1) A person described in paragraph (a)(2) of

this subsection must not knowingly disclose contractor bid or proposal information or source selection information before

a Federal agency awards the procurement contract to which the information relates. This restriction applies except when

disclosure is allowed by law. (See 3.104-4(a).)

(2) Paragraph (a)(1) of this subsection applies to any person who?

(i) Is a present or former official of the United States, or a person who is acting or has acted for or on behalf of, or who is advising or has advised the United States with respect to, a Federal agency procurement; and

(ii) By virtue of that office, employment, or relationship, has or had access to contractor bid or proposal information or source selection information.

(b) Prohibition on obtaining procurement information (41 U.S.C. 2102). A person must not knowingly obtain

contractor

bid or proposal information or source selection information before a Federal agency awards the procurement contract to which the information relates. This restriction applies except when obtaining such information is allowed by law.

(c) Actions required when an agency official contacts or is contacted by an offeror regarding non-Federal employment

(41 U.S.C. 2103). (1) An agency official who participates personally and substantially in a Federal agency procurement for a

contract over the simplified acquisition threshold must take specific actions if they contact or are contacted by an offeror in

that Federal agency procurement about possible non-Federal employment for that official. The official must?

(i) Promptly report the contact in writing to the official's supervisor and to the agency ethics official; and

(ii) Either reject the possibility of non-Federal employment or disqualify himself or herself from further personal and substantial participation in that Federal agency procurement (see 3.104-5). This disqualification remains until the agency

authorizes the official to resume participation in that procurement, according to the requirements of 18 U.S.C. 208 and applicable agency regulations, because?

(A) The person is no longer an offeror in that Federal agency procurement; or

(B) All discussions with the offeror regarding possible non-Federal employment have ended without an agreement or arrangement for employment.

(2) A contact is any action included as "seeking employment" in 5 CFR 2635.603(b). Unsolicited communications from

offerors regarding possible employment also count as contacts.

(3) Agencies must retain reports of employment contacts for 2 years from the date the report was submitted.

(4) Even if conduct complies with 41 U.S.C. 2103, other criminal statutes and the Standards of Ethical Conduct for

Employees of the Executive Branch may prohibit it. See 3.104-2(b)(2).

(d) Prohibition on former official's acceptance of compensation from a contractor (41 U.S.C. 2104). (1) A former official

of a Federal agency must not accept compensation from a contractor as an employee, officer, director, or consultant for 1 year

after the former official?

(i) Served, when the contractor was selected or awarded a contract, as the procuring contracting officer, the source selection authority, a member of a source selection evaluation board, or the chief of a financial or technical evaluation team in

a procurement where that contractor received a contract in excess of \$10,000,000;

3.1-4

SUBPART 3.1 - SAFEGUARDS 3.104-4

(ii) Served as the program manager, deputy program manager, or administrative contracting officer for a contract in excess of \$10,000,000 awarded to that contractor; or

(iii) Personally made for the Federal agency a decision to?

(A) Award a contract, subcontract, modification of a contract or subcontract, or a task order or delivery order in

excess of \$10,000,000 to that contractor;

(B) Establish overhead or other rates for that contractor's contracts valued in excess of \$10,000,000;

(C) Approve issuing a contract payment or payments in excess of \$10,000,000 to that contractor; or

(D) Pay or settle a claim in excess of \$10,000,000 with that contractor.

(2) The 1-year prohibition begins on the date?

(i) Of contract award for positions described in paragraph (d)(1)(i) of this subsection, or the date of contractor selection if the official was not serving in the position on the date of award;

(ii) The official last served in one of the positions described in paragraph (d)(1)(ii) of this subsection; or

(iii) The official made one of the decisions described in paragraph (d)(1)(iii) of this subsection.

(3) The prohibition in paragraph (d)(1) of this subsection does not prevent a former official from accepting compensation from any division or affiliate of a contractor that does not produce the same or similar products or services than

the entity responsible for the contract referred to in paragraph (d)(1).

3.104-4 Disclosure, protection, and marking of contractor bid or proposal information and source selection information.

(a) No person or entity may disclose contractor bid or proposal information or source selection information to any person

other than those authorized to receive that information, in accordance with applicable agency regulations or procedures, by

the agency head or contracting officer. This restriction applies except as specifically provided in this subsection.

(b) Contractor bid or proposal information and source selection information must be protected from unauthorized disclosure according to 14.401, 15.207, applicable law, and agency regulations.

(c) Individuals who are unsure if specific information is source selection information, as defined in 2.101, should consult

with agency officials. Individuals preparing material that may be source selection information as described in paragraph (10) of the "source selection information" definition in 2.101 must mark the cover page and each page they believe contains

source selection information with this legend: "Source Selection Information?See FAR 2.101 and 3.104." Although information in paragraphs (1) through (9) of the definition in 2.101 counts as source selection information whether or not marked, all reasonable efforts must be made to mark such material with the same legend.

(d) The contracting officer must notify the contractor in writing if the contracting officer believes proprietary information,

contractor bid or proposal information, or information marked under 52.215-1(e) has been inappropriately marked. The contractor who applied the marking must be given an opportunity to justify the marking. This requirement does not apply to

situations covered in paragraph (d)(3) of this subsection.

(1) If the contractor agrees the marking is not justified or does not respond within the time specified in the notice, the

contracting officer may remove the marking and release the information.

(2) If, after reviewing the contractor's justification, the contracting officer determines the marking is not justified, the

contracting officer must notify the contractor in writing before releasing the information.

(3) For technical data marked as proprietary by a contractor, the contracting officer must follow the procedures in part

27.

(e) This section does not restrict or prohibit?

- (1) A contractor from disclosing its own bid or proposal information or the recipient from receiving that information.

During reverse auctions, agencies may reveal offered price(s) to all offerors, but must not reveal any offeror's identity except

for the awardee's identity after making an award resulting from the auction (see subpart 17.8);

- (2) The disclosure or receipt of information, not otherwise protected, relating to a canceled Federal agency procurement

before contract award, unless the Federal agency plans to resume the procurement;

- (3) Individual meetings between a Federal agency official and an offeror or potential offeror for, or recipient of, a

contract or subcontract under a Federal agency procurement, provided that unauthorized disclosure or receipt of contractor

bid or proposal information or source selection information does not occur; or

- (4) The Government's use of technical data in a manner consistent with the Government's rights in the data.

(f) This section does not authorize?

- (1) Withholding any information from a proper request by Congress, any committee or subcommittee thereof, a Federal

agency, the Comptroller General, or an Inspector General of a Federal agency, except as otherwise authorized by law or

3.1-5

3.104-5 FEDERAL ACQUISITION REGULATION

regulation. Any release containing contractor bid or proposal information or source selection information must clearly identify the information as contractor bid or proposal information or source selection information related to a Federal agency

procurement. The release must also notify the recipient that disclosure of the information is restricted by 41 U.S.C. chapter

21;

- (2) Withholding information from, or restricting its receipt by, the Comptroller General during a protest against the

award or proposed award of a Federal agency procurement contract;

- (3) Releasing information after award of a contract or cancellation of a procurement if such information is contractor

bid or proposal information or source selection information that relates to another procurement; or

- (4) Disclosing, soliciting, or receiving bid or proposal information or source selection information after award if such

actions are prohibited by law. (See 3.104-2(b)(5) and part 24.)

3.104-5 Disqualification.

- (a) Contacts through agents or other intermediaries. Employment contacts between an employee and an offeror conducted

through agents or other intermediaries may require disqualification under 3.104-3(c)(1). These contacts may also require

disqualification under other statutes and regulations. (See 3.104-2(b)(2).)

(b) Disqualification notice. An agency official who must disqualify himself or herself under 3.104-3(c)(1)(ii) must submit the contact report required by 3.104-3(c)(1). The official must also promptly submit written notice of

disqualification

from further participation in the procurement to the contracting officer, the source selection authority (if different from the contracting officer), and the agency official's immediate supervisor. At a minimum, the notice must?

(1) Identify the procurement;

(2) Describe the nature of the agency official's participation in the procurement and specify the approximate dates or

time period of participation; and

(3) Identify the offeror and describe its interest in the procurement.

(c) Resumption of participation in a procurement. (1) The official must remain disqualified until the agency, at its sole and

exclusive discretion, authorizes the official to resume participation in the procurement according to 3.104-3(c)(1)(ii).

(2) After the conditions of 3.104-3(c)(1)(ii)(A) or (B) have been met, the head of the contracting activity (HCA), after

consultation with the agency ethics official, may authorize the disqualified official to resume participation in the procurement,

or may determine that an additional disqualification period is necessary to protect the procurement process integrity.

When

determining the disqualification period, the HCA must consider any factors that create an appearance that the disqualified

official acted without complete impartiality. The HCA should document the reinstatement decision in writing.

(3) Government officers or employees must also comply with 18 U.S.C. 208 and 5 CFR part 2635 regarding resumed

participation in procurement matters. A government officer or employee may not resume participating in a procurement matter affecting the financial interest of someone with whom they are seeking employment, unless the individual receives?

(i) A waiver pursuant to 18 U.S.C. 208(b)(1) or (b)(3); or

(ii) An authorization according to the requirements of subpart F of 5 CFR part 2635.

3.104-6 Ethics advisory opinions regarding prohibitions on a former official's acceptance of compensation from a

contractor.

(a) An official or former official of a Federal agency may request advice from the appropriate agency ethics official before

accepting compensation from a contractor. This applies when the individual does not know whether 41 U.S.C. 2104 (see

3.104-3(d)) prevents them from accepting such compensation.

(b) The request for an advisory opinion must be in writing, include all relevant information reasonably available to the

official or former official, and be dated and signed. The request must include information about the?

(1) Procurement(s), or decision(s) on matters under 3.104-3(d)(1)(iii), involving the particular contractor. This includes

contract or solicitation numbers, dates of solicitation or award, a description of the supplies or services procured or to be

procured, and contract amount;

(2) Individual's participation in the procurement or decision, including the dates or time periods of that

participation,

and the nature of the individual's duties, responsibilities, or actions; and

(3) Contractor, including a description of the products or services produced by the division or affiliate of the contractor

from whom the individual proposes to accept compensation.

(c) The agency ethics official should issue an opinion within 30 days after receiving a complete request, or as soon as

practicable after that. The opinion should address whether the proposed conduct would violate 41 U.S.C. 2104.

3.1-6

SUBPART 3.1 - SAFEGUARDS 3.104-7

(d) (1) If the request does not include complete information, the agency ethics official may ask the requester to provide

more information. The ethics official may also request information from other persons, including the source selection authority, the contracting officer, or the requester's immediate supervisor.

(2) When issuing an opinion, the agency ethics official may rely on the accuracy of information provided by the requester or other agency sources. This applies unless the official has reason to believe the information is fraudulent, misleading, or otherwise incorrect.

(3) If the requester receives a written opinion from the agency ethics official stating they may accept compensation

from a particular contractor and accepts such compensation in good faith reliance on that opinion, neither the requester nor

the contractor will be found to have knowingly violated 41 U.S.C. 2104. However, if the requester or contractor has actual

knowledge or reason to believe the opinion is based on fraudulent, misleading, or otherwise incorrect information, their reliance on the opinion will not be considered good faith.

3.104-7 Violations or possible violations.

(a) A contracting officer who receives information about a violation or possible violation of procurement integrity laws

(41 U.S.C. 2102, 2103, or 2104) must determine if this affects the pending award or contractor selection.

(1) If the contracting officer determines there is no impact on the procurement, the contracting officer must forward the

information about the violation, including documentation supporting the "no impact" determination, and send these materials

to the individual designated per agency procedures.

(i) If that individual agrees with the "no impact" assessment, the contracting officer may continue with the procurement.

(ii) If that individual disagrees, that person must promptly forward all information to the HCA and advise the contracting officer to withhold award.

(2) If the contracting officer determines the violation does impact the procurement, the contracting officer must promptly forward all information to the HCA.

(b) The HCA must review all available information and, following agency procedures, take appropriate action, such as-

(1) Advise the contracting officer to continue with the procurement;

(2) Begin an investigation;

- (3) Refer the information disclosed to appropriate criminal investigative agencies;
- (4) Conclude that a violation occurred; or
- (5) Recommend that the agency head determine that the contractor, or someone acting for the contractor, has engaged

in conduct constituting an offense punishable under 41 U.S.C. 2105, for the purpose of voiding or rescinding the contract.

- (c) Before concluding that an offeror, contractor, or person has violated 41 U.S.C. chapter 21, the HCA may request

information from appropriate parties regarding the violation or possible violation.

- (d) If the HCA concludes that 41 U.S.C. chapter 21 has been violated, the HCA may direct the contracting officer to?

- (1) If a contract has not been awarded?

- (i) Cancel the procurement;
 - (ii) Disqualify an offeror; or
 - (iii) Take other appropriate actions to protect Government interests.

- (2) If a contract has been awarded?

(i) Apply appropriate contractual remedies, including profit recapture under the clause at 52.203-10 (Price or Fee Adjustment for Illegal or Improper Activity), or, if the contract has been rescinded, recovery of the amount expended under the contract.

- (ii) Void or rescind the contract when:

- (A) The contractor or someone acting for the contractor has been convicted for an offense where the conduct

constitutes a violation of 41 U.S.C. 2102 for the purpose of either-

- (1) Exchanging the information for anything of value; or
 - (2) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement

contract; or

- (B) The agency head has determined, based upon a preponderance of the evidence, that the contractor or someone

acting for the contractor has engaged in conduct constituting an offense punishable under 41 U.S.C. 2105(a); or

- (iii) Take any other appropriate actions in the best interests of the Government.

- (3) Refer the matter to the agency suspending and debarring official.

3.1-7

3.104-8 FEDERAL ACQUISITION REGULATION

(e) The HCA should recommend or direct an administrative or contractual remedy that matches the severity and effect of the violation.

- (f) If the HCA determines that urgent and compelling circumstances justify an award, or award is otherwise in the interests

of the Government, the HCA, in accordance with agency procedures, may authorize the contracting officer to award the contract or execute the contract modification after notifying the agency head.

(g) The HCA may delegate authority under this subsection to an individual at least one organizational level above the contracting officer and of General Officer, Flag, Senior Executive Service, or equivalent rank.

3.104-8 Criminal and civil penalties, and further administrative remedies.

Criminal penalties, civil penalties, and administrative remedies may apply to conduct that violates procurement integrity laws in 41 U.S.C. chapter 21 (see 3.104-3). For a special rule about bid protests see 41 U.S.C. 2106. For administrative remedies related to contracts, see 3.104-7.

- (a) An official who knowingly fails to follow the requirements of 3.104-3 is subject to penalties and administrative action

described in 41 U.S.C. 2105.

- (b) An offeror who engages in employment discussion with an official subject to the restrictions of part 3, knowing that

the official has not complied with part 3, is subject to the criminal, civil, or administrative penalties set forth in 41 U.S.C.

2105.

- (c) An official who refuses to terminate employment discussions (see 3.104-5) may be subject to agency administrative

actions under 5 CFR 2635.604(d) if the official's disqualification from participation in a particular procurement interferes substantially with the individual's ability to perform assigned duties.

3.104-9 Contract clauses.

In solicitations and contracts that exceed the simplified acquisition threshold, other than those for commercial products or

commercial services, insert the clauses at?

- (a) 52.203-8, Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity; and
- (b) 52.203-10, Price or Fee Adjustment for Illegal or Improper Activity.

3.1-8**SUBPART 3.2 - CONTRACTOR GRATUITIES TO GOVERNMENT PERSONNEL 3.204****Subpart 3.2 - Contractor Gratuities to Government Personnel****3.201 Applicability.**

This subpart applies to all executive agencies, except that coverage concerning exemplary damages applies only to the Department of Defense (10 U.S.C. 4651).

3.202 Contract clause.

The contracting officer must insert the clause at 52.203-3, Gratuities, in solicitations and contracts with a value exceeding

the simplified acquisition threshold, except those for personal services and those between military departments or defense

agencies and foreign governments that do not obligate any funds appropriated to the Department of Defense.

3.203 Reporting suspected violations of the Gratuities clause.

Agency personnel must report suspected violations of the Gratuities clause to the contracting officer or other designated

official in accordance with agency procedures. The agency reporting procedures must be published as an implementation of

this section and must clearly specify?

- (a) What to report and how to report it; and
- (b) The channels through which reports must pass, including the function and authority of each official designated to

review them.

3.204 Treatment of violations.

(a) Before taking action against a contractor, the agency head or designee must determine, after notice and hearing under agency procedures, whether the contractor, its agent, or representative, under a contract containing the Gratuities clause:

- (1) Offered or gave a gratuity (such as entertainment or a gift) to a Government officer, official, or employee; and
- (2) Intended to use this gratuity to obtain a contract or favorable treatment under a contract (this intent typically must be

inferred from circumstances).

(b) Agency procedures must give the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents. The procedures should be as informal as practicable, while maintaining principles of fundamental fairness.

(c) When the agency head or designee determines that a violation has occurred, the Government may?

- (1) Terminate the contractor's right to proceed;
- (2) Initiate debarment or suspension measures described in part 9; and
- (3) Assess exemplary damages, if the contract uses money appropriated to the Department of Defense.

3.2-1

3.2-2

SUBPART 3.3 - REPORTS OF SUSPECTED ANTITRUST VIOLATIONS 3.303

Subpart 3.3 - Reports of Suspected Antitrust Violations

3.301 [Reserved]

3.302 Definitions.

As used in this subpart-

Identical bids means bids for the same line item that are determined to be identical as to unit price or total line item amount, with or without the application of evaluation factors (e.g., discount or transportation cost).

3.303 Reporting suspected antitrust violations.

(a) Agencies are required by 41 U.S.C. 3707 and 10 U.S.C. 3307 to report to the Attorney General any bids or proposals

that evidence a violation of the antitrust laws. These reports are in addition to those required by part 9.

(b) The antitrust laws are intended to ensure that markets operate competitively. Any agreement or mutual understanding

among competing firms that restrains the natural operation of market forces is suspect. Paragraph (c) of this section identifies

behavior patterns that are often associated with antitrust violations. Activities meeting the descriptions in paragraph (c) are

not necessarily improper, but they are sufficiently questionable to warrant notifying the appropriate authorities, in accordance

with agency procedures.

(c) Practices or events that may show violations of antitrust laws include-

- (1) The existence of an industry price list or price agreement to which contractors refer in formulating their offers;

- (2) A sudden change from competitive bidding to identical bidding;
- (3) Simultaneous price increases or follow-the-leader pricing;
- (4) Rotation of bids or proposals where each competitor takes turns being the low bidder, or where certain competitors

bid low only on some sizes of contracts and high on other sizes;

- (5) Division of the market, so that certain competitors bid low only for contracts awarded by certain agencies, or for

contracts in certain geographical areas, or on certain products, and bid high on all other jobs;

- (6) Establishment by competitors of a collusive price estimating system;
- (7) The filing of a joint bid by two or more competitors when at least one of the competitors has sufficient technical

capability and productive capacity for contract performance;

- (8) Any incidents suggesting direct collusion among competitors, such as the appearance of identical calculation or

spelling errors in two or more competitive offers or the submission by one firm of offers for other firms; and

- (9) Statements by current employees, former employees, or competitors that an agreement to restrain trade exists.

(d) Contracting officers must report identical bids when the agency has reason to believe the bids resulted from collusion.

(e) For offers from foreign contractors on contracts to be performed outside the United States and its outlying areas,

contracting officers may refer suspected collusive offers to the relevant foreign government authorities for appropriate action.

(f) Agency reports must be addressed to the Attorney General, U.S. Department of Justice, Washington, DC 20530, Attention: Assistant Attorney General, Antitrust Division, and must include?

- (1) A brief statement describing the suspected practice and the reason for the suspicion; and
- (2) The name, address, and telephone number of an individual in the agency who can be contacted for further information.

3.3-1

This page intentionally left blank.

3.3-2

SUBPART 3.4 - CONTINGENT FEES 3.405

Subpart 3.4 - Contingent Fees

3.400 Scope of subpart.

This subpart prescribes policies and procedures that restrict contingent fee arrangements for soliciting or obtaining Government contracts to those permitted by 10 U.S.C. 3321(b)(1) and 41 U.S.C. 3901.

3.401 Definitions.

As used in this subpart-

Bona fide agency, means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor

holds itself out as being able to obtain any Government contract or contracts through improper influence.

Bona fide employee, means a person, employed by a contractor and subject to the contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or

obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

Contingent fee, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

Improper influence, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

3.402 Statutory requirements.

Contractors' arrangements to pay contingent fees for soliciting or obtaining Government contracts have long been considered contrary to public policy because such arrangements may lead to attempted or actual improper influence. In 10

U.S.C. 3321(b) and 41 U.S.C. 3901, Congress affirmed this public policy but permitted certain exceptions. These statutes?

(a) Require every negotiated contract to include a warranty by the contractor against contingent fees;

(b) Permit, as an exception to the warranty, contingent fee arrangements between contractors and bona fide employees or

bona fide agencies; and

(c) Provide that if a contractor breaches or violates this warranty, the Government may annul the contract without liability

or deduct from the contract price or consideration, or otherwise recover, the full amount of the contingent fee.

3.403 Applicability.

This subpart applies to all contracts. Statutory requirements for negotiated contracts are, as a matter of policy, extended to sealed bid contracts.

3.404 Contract clause.

The contracting officer must insert the clause at 52.203-5, Covenant Against Contingent Fees, in all solicitations and contracts exceeding the simplified acquisition threshold, other than those for commercial products or commercial services

(see parts 2 and 12).

3.405 Misrepresentations or violations of the Covenant Against Contingent Fees.

(a) Government personnel who suspect or have evidence of any of the following must report the matter promptly to the

contracting officer or appropriate higher authority according to agency procedures:

(1) Attempted or actual exercise of improper influence;

(2) Misrepresentation of a contingent fee arrangement; or

(3) Other violations of the Covenant Against Contingent Fees.

(b) When specific evidence or other reasonable basis exists to suspect one or more violations described in paragraph (a)

of this section, the chief of the contracting office must review the facts and, if appropriate, take or direct one or more of the

following actions:

(1) If before award, reject the bid or proposal.

(2) If after award, enforce the Government's right to annul the contract or to recover the fee.

(3) Initiate suspension or debarment action under part 9.

- (4) Refer suspected fraudulent or criminal matters to the Department of Justice, as prescribed in agency regulations.

3.4-1

This page intentionally left blank.

3.4-2

SUBPART 3.5 - OTHER IMPROPER BUSINESS PRACTICES 3.502-2

Subpart 3.5 - Other Improper Business Practices

3.501 Buying-in.

3.501-1 Definition.

Buying-in, as used in this section, means submitting an offer below anticipated costs, expecting to?

- (1) Increase the contract amount after award (e.g., through unnecessary or excessively priced change orders); or
- (2) Receive follow-on contracts at artificially high prices to recover losses incurred on the buy-in contract.

3.501-2 General.

(a) Buying-in may decrease competition or result in poor contract performance. The contracting officer must take appropriate action to ensure buying-in losses are not recovered by the contractor through the pricing of?

- (1) Change orders; or
- (2) Follow-on contracts subject to cost analysis.

(b) The Government should minimize the opportunity for buying-in by seeking a price commitment covering as much of the entire program concerned as is practical by using?

- (1) Multiyear contracting, with a requirement in the solicitation that a price be submitted only for the total multiyear

quantity; or

- (2) Priced options for additional quantities that, together with the firm contract quantity, equal the program

requirements (see part 17).

- (c) Other safeguards are available to the contracting officer to preclude recovery of buying-in losses (e.g., amortization

of nonrecurring costs (see 15.408, Table 15-2, paragraph A., column (2) under "Formats for Submission of Line Item Summaries") and treatment of unreasonable price quotations (see part 15).

3.502 Subcontractor kickbacks.

3.502-1 Definitions.

As used in this section?

Kickback means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any prime contractor, prime contractor employee, subcontractor, or subcontractor employee for the purpose

of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

Person means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

Prime contract means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

Prime Contractor means a person who has entered into a prime contract with the United States.

Prime Contractor employee, as used in this section, means any officer, partner, employee, or agent of a prime contractor.

Subcontract means a contract or contractual action entered into by a prime contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

Subcontractor?

(1) Means any person, other than the prime contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract; and

(2) Includes any person who offers to furnish or furnishes general supplies to the prime contractor or a higher tier subcontractor.

3.502-2 Subcontractor kickbacks.

The Anti-Kickback Act of 1986 (now codified at 41 U.S.C. chapter 87, Kickbacks,) was passed to deter subcontractors from making payments and contractors from accepting payments for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or a subcontract relating to a prime contract. The Kickbacks statute?

(a) Prohibits any person from?

(1) Providing, attempting to provide, or offering to provide any kickback;

(2) Soliciting, accepting, or attempting to accept any kickbacks; or

3.5-1

3.502-3 FEDERAL ACQUISITION REGULATION

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a subcontractor to a prime contractor or a higher tier subcontractor or in the contract price charged by a prime contractor to the United States.

(b) Imposes criminal penalties on any person who knowingly and willfully engages in the prohibited conduct addressed in paragraph (a) of this section.

(c) Provides for the recovery of civil penalties by the United States from any person who knowingly engages in such prohibited conduct and from any person whose employee, subcontractor, or subcontractor employee provides, accepts, or charges a kickback.

(d) Provides that?

(1) The contracting officer may offset the amount of a kickback against monies owed by the United States to the prime contractor under the prime contract to which such kickback relates;

(2) The contracting officer may direct a prime contractor to withhold from any sums owed to a subcontractor under a subcontract of the prime contract the amount of any kickback which was or may be offset against the prime contractor under paragraph (d)(1) of this section; and

(3) An offset under paragraph (d)(1) or a direction under paragraph (d)(2) of this section is a claim by the Government for the purposes of 41 U.S.C. chapter 71, Contract Disputes.

(e) Authorizes contracting officers to order that sums withheld under paragraph (d)(2) of this section be paid to the contracting agency, or if the sum has already been offset against the prime contractor, that it be retained by the prime contractor.

(f) Requires the prime contractor to notify the contracting officer when the withholding under paragraph (d)(2) of this section has been accomplished unless the amount withheld has been paid to the Government.

(g) Requires a prime contractor or subcontractor to report in writing to the inspector general of the contracting agency,

the head of the contracting agency if the agency does not have an inspector general, or the Attorney General any possible

violation of the Kickbacks statute when the prime contractor or subcontractor has reasonable grounds to believe such violation may have occurred.

(h) Provides that, for the purpose of determining whether there has been a violation of the Kickbacks statute on any prime

contract, the Government Accountability Office and the inspector general of the contracting agency, or a representative of

such contracting agency designated by the head of such agency if the agency does not have an inspector general, must have

access to and may inspect the facilities and audit the books and records of any prime contractor or subcontractor under a

prime contract awarded by the agency.

(i) Requires each contracting agency to include in each prime contract, other than for commercial products or commercial

services, exceeding \$200,000, a requirement that the prime contractor must?

(1) Have in place and follow reasonable procedures designed to prevent and detect violations of the Kickbacks statute

in its own operations and direct business relationships (e.g., company ethics rules prohibiting kickbacks by employees, agents, or subcontractors; education programs for new employees and subcontractors, explaining policies about kickbacks,

related company procedures and the consequences of detection; procurement procedures to minimize the opportunity for kickbacks; audit procedures designed to detect kickbacks; periodic surveys of subcontractors to elicit information about kickbacks; procedures to report kickbacks to law enforcement officials; annual declarations by employees of gifts or gratuities received from subcontractors; annual employee declarations that they have violated no company ethics rules; personnel practices that document unethical or illegal behavior and make such information available to prospective

employers); and

(2) Cooperate fully with any Federal agency investigating a possible violation of the Kickbacks statute.

(j) Notwithstanding paragraph (i) of this section, a prime contractor must cooperate fully with any Federal Government

agency investigating a violation of 41 U.S.C. 8702 (see 41 U.S.C. 8703(b)).

3.502-3 Contract clause.

The contracting officer must insert the clause at 52.203-7, Anti-Kickback Procedures, in solicitations and contracts exceeding \$200,000, other than those for commercial products or commercial services (see part 12).

3.5-2

SUBPART 3.5 - OTHER IMPROPER BUSINESS PRACTICES 3.503-2

3.503 Unreasonable restrictions on subcontractor sales.

3.503-1 Policy.

10 U.S.C. 4655 and 41 U.S.C. 4704 require that subcontractors not be unreasonably precluded from making direct sales to

the Government of any supplies or services made or furnished under a contract. However, this does not preclude contractors

from asserting rights that are otherwise authorized by law or regulation.

3.503-2 Contract clause.

The contracting officer must insert the clause at 52.203-6, Restrictions on Subcontractor Sales to the Government, in solicitations and contracts exceeding the simplified acquisition threshold. For the acquisition of commercial products or commercial services, the contracting officer must use the clause with its Alternate I.

3.5-3

This page intentionally left blank.

3.5-4

SUBPART 3.6 - CONTRACTS WITH GOVERNMENT EMPLOYEES OR ORGANIZATIONS OWNED OR CONTROLLED BY THEM 3.603

Subpart 3.6 - Contracts with Government Employees

or Organizations Owned or Controlled by Them

3.601 Policy.

(a) Except as specified in 3.602, a contracting officer must not knowingly award a contract to a Government employee

or to a business concern or other organization owned or substantially owned or controlled by one or more Government employees. This policy is intended to avoid any conflict of interest that might arise between the employees' interests and

their Government duties, and to avoid the appearance of favoritism or preferential treatment by the Government toward its

employees.

(b) For purposes of this subpart, special Government employees (as defined in 18 U.S.C. 202) performing services as

experts, advisors, or consultants, or as members of advisory committees, are not considered Government employees unless?

(1) The contract arises directly out of the individual's activity as a special Government employee;

(2) In the individual's capacity as a special Government employee, the individual is in a position to influence the award

of the contract; or

(3) Another conflict of interest is determined to exist.

3.602 Exceptions.

The agency head, or a designee not below the level of the head of the contracting activity, may authorize an exception to

the policy in 3.601 only if there is a compelling reason to do so, such as when the Government's needs cannot reasonably be

otherwise met.

3.603 Responsibilities of the contracting officer.

(a) Before awarding a contract, the contracting officer must obtain an authorization under 3.602 if?

(1) The contracting officer knows, or has reason to believe, that a prospective contractor is one to which award is

otherwise prohibited under 3.601; and

(2) There is a most compelling reason to make an award to that prospective contractor.

(b) The contracting officer must comply with the requirements and guidance of the conflicts of interest subpart in part 9

before awarding a contract to an organization owned or substantially owned or controlled by Government employees.

3.6-1

This page intentionally left blank.

3.6-2

SUBPART 3.7 - VOIDING AND RESCINDING CONTRACTS 3.704

Subpart 3.7 - Voiding and Rescinding Contracts

3.700 Scope of subpart.

This subpart prescribes Governmentwide policies and procedures for exercising discretionary authority to declare void and

rescind contracts.

3.701 Purpose.

This subpart provides?

(a) An administrative remedy with respect to contracts in relation to which there has been?

(1) A final conviction for bribery, conflict of interest, disclosure or receipt of contractor bid or proposal information

or source selection information in exchange for a thing of value or to give anyone a competitive advantage in the award of a

Federal agency procurement contract, or similar misconduct; or

(2) An agency head determination that contractor bid or proposal information or source selection information has

been disclosed or received in exchange for a thing of value, or for the purpose of obtaining or giving anyone a competitive

advantage in the award of a Federal agency procurement contract; and

(b) A method to deter similar misconduct in the future by those who are involved in the award, performance, and administration of Government contracts.

3.702 Definition.

Final conviction means a conviction, whether entered on a verdict or plea, including a plea of nolo contendere, for which

sentence has been imposed.

3.703 Authority.

(a) Section 1(e) of Pub. L. 87-849, 18 U.S.C. 218 (the Act), gives the President or the heads of executive agencies acting

under regulations prescribed by the President, the power to declare void and rescind contracts and other transactions listed in

the Act. This applies when there has been a final conviction for bribery, conflict of interest, or any other violation of Chapter

11 of Title 18 of the United States Code (18 U.S.C. 201-224). Executive Order 12448, November 4, 1983, delegates the

President's authority under the Act to the heads of the executive agencies and military departments.

(b) 41 U.S.C. 2105(c) requires Federal agencies, upon receiving information that a contractor or person has violated 41

U.S.C. 2102, to consider rescinding a contract when-

(1) The contractor or someone acting for the contractor has been convicted of an offense punishable under 41 U.S.C.

2105(a); or

(2) The agency head, or designee, has determined, based on a preponderance of the evidence, that the contractor or

someone acting for the contractor has engaged in conduct constituting such an offense.

3.704 Policy.

(a) In cases with a final conviction for any violation of 18 U.S.C. 201-224 involving or relating to agency-awarded contracts, the agency head or designee must consider the available facts. If appropriate, they must declare contracts void and

rescind them, and recover the amounts spent and property transferred by the agency according to the policies and procedures

in this subpart.

(b) A final conviction under 18 U.S.C. 201-224 relating to a contract may also indicate the party is not presently responsible. The agency should consider starting debarment proceedings according to part 9, if debarment has not already

begun or is not in effect when the final conviction occurs.

(c) If there is a final conviction for an offense punishable under 41 U.S.C. 2105, or if the agency head or designee has

determined, based on a preponderance of the evidence, that the contractor or someone acting for the contractor has engaged

in such conduct, then the head of the contracting activity must consider, in addition to any other penalty prescribed by law or

regulation?

(1) Declaring contracts void and rescinding them, as appropriate, and recovering the amounts spent under the contracts

by using the procedures at 3.705 (see 3.104-7); and

(2) Recommending the initiation of suspension or debarment proceedings according to part 9.

3.7-1

3.705 FEDERAL ACQUISITION REGULATION

3.705 Procedures.

(a) Reporting. The facts concerning any final conviction for any violation of 18 U.S.C. 201-224 involving or relating to

agency contracts must be reported promptly to the agency head or designee for consideration. The agency head or designee

must promptly notify the Civil Division, Department of Justice, that an action is being considered under this subpart.

(b) Decision. Following an assessment of the facts, the agency head or designee may declare void and rescind contracts

with respect to which a final conviction has been entered, and recover the amounts expended and the property transferred by

the agency under the terms of the contracts involved.

(c) Decision-making process. Agency procedures governing the voiding and rescinding decision-making process must be

as informal as is practicable, consistent with the principles of fundamental fairness. At a minimum, agencies must provide the

following:

(1) A notice of the proposed action to declare void and rescind the contract must be made in writing.

(2) A thirty calendar day period after receipt of the notice, for the contractor to submit pertinent information before any

final decision is made.

(3) Upon request made within the period for submission of pertinent information, an opportunity must be afforded for

a hearing at which witnesses may be presented, and any witness the agency presents may be confronted. However, no inquiry

may be made regarding the validity of a conviction.

(4) If the agency head or designee decides to declare void and rescind the contracts involved, that official must issue a

written decision which?

(i) States that determination;

(ii) Reflects consideration of the fair value of any tangible benefits received and retained by the agency; and

(iii) States the amount due, and the property to be returned, to the agency.

(d) Notice of proposed action. The notice of the proposed action, at a minimum must?

(1) Advise that consideration is being given to declaring void and rescinding contracts awarded by the agency, and

recovering the amounts expended and property transferred therefor, under the provisions of 18 U.S.C. 218;

(2) Specifically identify the contracts affected by the action;

(3) Specifically identify the offense or final conviction on which the action is based;

(4) State the amounts expended and property transferred under each of the contracts involved, and the money and the

property demanded to be returned;

(5) Identify any tangible benefits received and retained by the agency under the contract, and the value of those

benefits, as calculated by the agency;

(6) Advise that pertinent information may be submitted within 30 calendar days after receipt of the notice, and that, if

requested within that time, a hearing must be held at which witnesses may be presented and any witness the agency presents

may be confronted; and

(7) Advise that action must be taken only after the agency head or designee issues a final written decision on the

proposed action.

(e) Final agency decision. The agency head or designee must base the final decision on all available information, and any

relevant information submitted in writing or presented during a hearing. If the agency decision declares void and rescinds the

contract, the final decision must specify the amounts due and property to be returned to the agency and reflect consideration

of the fair value of any tangible benefits received and retained by the agency. Notice of the decision must be sent promptly by

certified mail, return receipt requested. When contracts are rescinded under the Act's authority and the agency head demands

recovery of amounts expended and property transferred, this is not considered a claim under 41 U.S.C. chapter 71, Contract

Disputes or part 33. Therefore, the procedures required by the statute and the FAR for the issuance of a final contracting

officer decision are not applicable to final agency decisions under this subpart and must not be followed.

3.7-2

SUBPART 3.8 - LIMITATIONS ON THE PAYMENT OF FUNDS TO INFLUENCE FEDERAL TRANSACTIONS 3.801

Subpart 3.8 - Limitations on the Payment of Funds to Influence Federal Transactions

3.800 Scope of subpart.

This subpart prescribes policies and procedures implementing 31 U.S.C. 1352, "Limitation on use of appropriated funds to

influence certain Federal contracting and financial transactions."

3.801 Definitions.

As used in this subpart-

Agency means executive agency as defined in 2.101.

Covered Federal action means any of the following actions:

- (1) Awarding any Federal contract.
- (2) Making any Federal grant.
- (3) Making any Federal loan.
- (4) Entering into any cooperative agreement.
- (5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

Indian tribe and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b) and include Alaskan Natives.

Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a

Member of Congress in connection with any covered Federal action.

Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a

council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

Officer or employee of an agency includes the following individuals who are employed by an agency:

- (1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a

position under a temporary appointment.

- (2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

(3) A special Government employee, as defined in section 202, Title 18, United States Code.

(4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee

Act, Title 5, United States Code, appendix 2.

Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal

organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans

from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in

paragraph 3.802(a) and are permitted by other Federal law.

Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation

that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by,

or not furnished in cooperation with the Federal Government.

Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

Recipient includes the contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but

only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph 3.802(a) and

are permitted by other Federal law.

Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract,

an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding

the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of

the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he

or she is employed by such person for 130 working days.

State means a State of the United States, the District of Columbia, an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

3.8-1

3.802 FEDERAL ACQUISITION REGULATION

3.802 Statutory prohibition and requirement.

(a) 31 U.S.C. 1352 prohibits recipients of Federal contracts, grants, loans, or cooperative agreements from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress regarding covered Federal actions.

(1) For purposes of this subpart the term "appropriated funds" does not include profit or fee from a covered Federal action.

(2) If a person shows they have enough non-Federal appropriated funds, the Government must assume these other funds were used for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(b) 31 U.S.C. 1352 also requires offerors to submit a declaration that includes both certification and disclosure, with regular updates of the disclosure after contract award. These requirements appear in the provision at 52.203-11, Certification

and Disclosure Regarding Payments to Influence Certain Federal Transactions, and the clause at 52.203-12, Limitation on

Payments to Influence Certain Federal Transactions.

3.803 Exceptions.

(a) The prohibition of paragraph 3.802(a) does not apply under the following conditions:

(1) Agency and legislative liaison by own employees. (i) Payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action is permitted when the payment is for agency and legislative liaison activities not directly related to a covered Federal action. Providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions unrelated to a specific solicitation for any covered Federal action, is permitted when discussions concern-

(A) The qualities and characteristics (including demonstrations) of the person's products or services, sales terms, and service capabilities; or

(B) How the person's products or services might be adapted for agency use.

(iii) Providing information not specifically requested but necessary for an agency to make an informed decision about starting a covered Federal action is permitted before formal solicitation.

(iv) Participating in technical discussions about preparing an unsolicited proposal before its official submission is permitted.

(v) Making capability presentations before formal solicitation when seeking an award under the Small Business Act, as amended by Public Law 95-507 and later amendments, is permitted.

(2) Professional and technical services. (i) Reasonable compensation to an officer or employee of a person requesting or receiving a covered Federal action is permitted when payment is for professional or technical services directly related to preparing, submitting, or negotiating bids, proposals, or applications for that Federal action, or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(ii) Reasonable payment to persons who are not officers or employees of a person requesting or receiving a covered Federal action is permitted when payment is for professional or technical services directly related to preparing, submitting, or negotiating bids, proposals, or applications for that Federal action, or for meeting requirements imposed by or pursuant to law

as a condition for receiving that Federal Action. These persons may include consultants and trade associations.

(iii) In this section, "professional and technical services" means advice and analysis directly applying professional or technical expertise. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable.

Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made

by a professional or a technical person are not allowable under this section unless they provide advice and analysis directly

applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to

influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another, are not allowable under this section because

the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an

engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under

this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of

a covered Federal action.

3.8-2

SUBPART 3.8 - LIMITATIONS ON THE PAYMENT OF FUNDS TO INFLUENCE FEDERAL TRANSACTIONS 3.808

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal action includes those

in laws, regulations, and the actual award documents.

(b) Only the communications and services specifically authorized in paragraph (a) are permitted.

(c) The disclosure requirements in paragraph 3.802(b) do not apply to reasonable compensation paid to regularly employed officers of a person.

3.804 Policy.

The contracting officer shall obtain certifications and disclosures as required by the provision at 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, prior to the award of any contract exceeding

\$200,000.

3.805 Exemption.

The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibitions of this subpart whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall

transmit a copy of the exemption to Congress immediately after making the determination.

3.806 Processing suspected violations.

The contracting officer must report suspected violations of the requirements of 31 U.S.C. 1352 in accordance with agency procedures.

3.807 Civil penalties.

Agencies must impose and collect civil penalties according to the Program Fraud and Civil Remedies Act, 31 U.S.C. 3803 (except subsection (c)), 3804-3808, and 3812. These penalties apply when the Act's provisions do not conflict with the requirements of this subpart.

3.808 Solicitation provision and contract clause.

(a) Insert the provision at 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, in solicitations expected to exceed \$200,000.

(b) Insert the clause at 52.203-12, Limitation on Payments to Influence Certain Federal Transactions, in solicitations and contracts expected to exceed \$200,000.

3.8-3

This page intentionally left blank.

3.8-4**SUBPART 3.9 - WHISTLEBLOWER PROTECTIONS FOR CONTRACTOR EMPLOYEES 3.903****Subpart 3.9 - Whistleblower Protections for Contractor Employees****3.900 Scope of subpart.**

This subpart implements various statutory whistleblower programs. This subpart does not implement 10 U.S.C. 4701, which is applicable only to DoD, NASA, and the Coast Guard.

(a) 41 U.S.C. 4712 is implemented in 3.900 through 3.906. These sections do not apply to?

(1) DoD, NASA, and the Coast Guard; or

(2) Any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50

U.S.C. 3003(4)). Sections 3.900 through 3.906 do not apply to any disclosure made by an employee of a contractor or subcontractor of an element of the intelligence community if such disclosure?

(i) Relates to an activity of an element of the intelligence community; or

(ii) Was discovered during contract or subcontract services provided to an element of the intelligence community.

(b) Section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions), is implemented in 3.909, which is applicable to all agencies.

3.901 Definitions.

As used in this subpart-

Abuse of authority means an arbitrary and capricious exercise of authority that is inconsistent with the mission of the executive agency concerned or the successful performance of a contract of such agency.

Authorized official of the Department of Justice means any person responsible for the investigation, enforcement, or prosecution of any law or regulation.

Inspector General means an Inspector General appointed under chapter 4 of title 5 of the United States Code and any Inspector General that receives funding from, or has oversight over contracts awarded for, or on behalf of, the executive agency concerned.

Internal confidentiality agreement or statement means a confidentiality agreement or any other written statement that the

contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information,

except

that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor

employees or subcontractors sign at the behest of a Federal agency.

Subcontract means any contract as defined in subpart 2.1 entered into by a subcontractor to furnish supplies or services

for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services

to or for a prime contractor or another subcontractor.

3.902 Classified information.

41 U.S.C. 4712 does not provide any right to disclose classified information not otherwise provided by law.

3.903 Policy.

(a) (1) Contractors and subcontractors are prohibited from discharging, demoting, or otherwise discriminating against

an employee as a reprisal for disclosing, to any of the entities listed at paragraph (b) of this section, information that the employee reasonably believes is?

(i) Evidence of gross mismanagement of a Federal contract;

(ii) A gross waste of Federal funds;

(iii) An abuse of authority relating to a Federal contract;

(iv) A substantial and specific danger to public health or safety; or

(v) A violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract).

(2) A reprisal is prohibited even when requested by an executive branch official, unless the request takes the form of a

non-discretionary directive and is within the authority of the executive branch official making the request.

(b) Disclosure may be made to the following entities:

(1) A Member of Congress or a representative of a committee of Congress.

(2) An Inspector General.

3.9-1

3.904 FEDERAL ACQUISITION REGULATION

(3) The Government Accountability Office.

(4) A Federal employee responsible for contract oversight or management at the relevant agency.

(5) An authorized official of the Department of Justice or other law enforcement agency.

(6) A court or grand jury.

(7) A management official or other employee of the contractor or subcontractor who has the responsibility to investigate, discover, or address misconduct.

(c) An employee who initiates or provides evidence of contractor or subcontractor misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract must be deemed to have made a disclosure.

3.904 Complaints.

3.904-1 Procedures for filing complaints.

A contractor or subcontractor employee who believes that he or she has been discharged, demoted, or otherwise

discriminated against contrary to the policy in 3.903 may submit a complaint with the Inspector General of the agency concerned. Procedures for submitting fraud, waste, abuse, and whistleblower complaints are generally accessible on agency

Office of Inspector General hotline or whistleblower internet sites or the complainant may directly contact the cognizant Office of the Inspector General for submission instructions. A complaint under 41 U.S.C. 4712 must be filed within three years from the date on which the alleged reprisal occurred.

3.904-2 Procedures for investigating complaints.

(a) Investigation of complaints will be conducted according to 41 U.S.C. 4712(b).

(b) After the investigation is complete, the head of the agency must ensure the Inspector General provides the report of

findings to-

- (1) The head of the agency;
- (2) The complainant and any person acting on the complainant's behalf; and
- (3) The contractor and/or subcontractor alleged to have committed the violation.

(c) The complainant, contractor, and/or subcontractor must have the opportunity to submit a written response to the report of findings. This response must be submitted to the head of the agency and the Office of Inspector General within a

timeframe set by the agency that allows the agency head to take action within 30 days after receiving the report, as required

by 3.905-1(a).

3.905 Remedies and enforcement of orders.

3.905-1 Remedies.

(a) Agency response to Inspector General report. Not later than 30 days after receiving a report pursuant to 3.904-2, the

head of the agency shall?

(1) Determine whether sufficient basis exists to conclude that the contractor or subcontractor has subjected the employee who submitted the complaint to a reprisal as prohibited by 3.903; and

(2) Either issue an order denying relief or take one or more of the following actions:

(i) Order the contractor or subcontractor to take affirmative action to abate the reprisal.

(ii) Order the contractor or subcontractor to reinstate the complainant employee to their previous position, with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply if the reprisal had not occurred.

(iii) Order the contractor or subcontractor to pay the complainant employee an amount equal to all costs and expenses (including attorneys' fees and expert witnesses' fees) reasonably incurred by the complainant for, or in connection

with, bringing the complaint regarding the reprisal, as determined by the head of the agency.

(iv) Consider disciplinary or corrective action against any executive agency official, if appropriate.

(b) Complainant's right to go to court. (1) Paragraph (b)(2) of this section applies if-

(i) The head of the agency issues an order denying relief; or

(ii) (A) The head of the agency has not issued an order-

(1) Within 210 days after the submission of the complaint; or

(2) Within 30 days after the expiration of an extension of time granted in accordance with 41 U.S.C. 4712(b)

(2)(B) for the submission of the report to those stated in 3.904-2(b); and

3.9-2

SUBPART 3.9 - WHISTLEBLOWER PROTECTIONS FOR CONTRACTOR EMPLOYEES 3.909-2

(B) There is no showing that such delay is due to the bad faith of the complainant.

(2) If the conditions in either paragraph (b)(1)(i) or (ii) of this section are met:

(i) The complainant must be deemed to have exhausted all administrative remedies with respect to the complaint; and

(ii) The complainant may bring a de novo action at law or equity against the contractor or subcontractor to seek compensatory damages and other relief available under 41 U.S.C. 4712 in the appropriate U.S. district court, which has jurisdiction regardless of the amount in controversy.

(A) Such an action must, at the request of either party to the action, be tried by the court with a jury.

(B) An action under this authority may not be brought more than 2 years after the date on which remedies are deemed to have been exhausted.

(c) Admissibility in evidence. An Inspector General determination and an agency head order denying relief under this section must be admissible in evidence in any de novo action at law or equity brought pursuant to 41 U.S.C. 4712.

(d) No waiver. The rights and remedies provided for in 41 U.S.C. 4712 may not be waived by any agreement, policy, form, or condition of employment.

3.905-2 Enforcement of orders.

(a) When a contractor or subcontractor fails to comply with an order issued under 3.905-1(a)(2), the head of the agency concerned must file an action to enforce the order in the U.S. district court for the district where the reprisal occurred. In any action brought under this authority, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The complainant employee upon whose behalf an order was issued may also file such an action or join an action filed by the head of the agency.

(b) Any person adversely affected or aggrieved by an order issued under 3.905-1(a)(2) may seek review of the order's compliance with 41 U.S.C. 4712 and its implementing regulations in the U.S. court of appeals for the circuit where the reprisal is alleged to have occurred. The petition for review must be filed within 60 days after the head of the agency issues the order. Filing such an appeal does not stop enforcement of the agency head's order unless the court specifically grants a stay.

3.906 Contract clause.

The contracting officer must insert the clause at 52.203-17, Contractor Employee Whistleblower Rights, in all solicitations and contracts, except solicitations and contracts of DoD, NASA, the Coast Guard, or applicable elements of the intelligence community (see 3.900(a)).

3.907 [Reserved]

3.908 [Reserved]

3.909 Prohibition on providing funds to an entity that requires certain internal confidentiality agreements or

statements.

3.909-1 Prohibition.

(a) The Government cannot use fiscal year 2015 and later fiscal year funds for contracts with entities that require employees or subcontractors to sign internal confidentiality agreements or statements that prohibit or restrict these employees or subcontractors from lawfully reporting waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information. This prohibition comes from section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and continues in subsequent appropriations acts (including continuing resolutions).

(b) The prohibition in paragraph (a) of this section does not conflict with requirements for Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other Federal government form governing nondisclosure of classified information.

3.909-2 Representation by the offeror.

(a) To be eligible for contract award, an offeror must represent that it will not require its employees or subcontractors to sign internal confidentiality agreements or statements that prohibit or restrict them from lawfully reporting waste, fraud, or

3.9-3

3.909-3 FEDERAL ACQUISITION REGULATION

abuse related to Government contract performance to authorized Federal investigators (such as agency Office of the Inspector General). Any offeror that does not make this representation is ineligible for contract award.

(b) The contracting officer may rely on an offeror's representation unless there is reason to question it.

3.909-3 Solicitation provision and contract clause.

When using funding subject to the prohibitions in 3.909-1(a), the contracting officer must:

(a) (1) Include provision 52.203-18, Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements?Representation, in all solicitations, except as provided in paragraph (a)(2) of this section; and

(2) Not insert the provision in solicitations for personal services contracts with individuals if the individual will perform all services personally (rather than through contractor or subcontractor employees).

(b) (1) Include clause 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements, in all solicitations and resulting contracts, other than personal services contracts with individuals.

(2) Modify existing contracts, other than personal services contracts with individuals, to include the clause before obligating FY 2015 or later funds that are subject to the same prohibition on internal confidentiality agreements or statements.

3.9-4

SUBPART 3.10 - CONTRACTOR CODE OF BUSINESS ETHICS AND CONDUCT 3.1004

Subpart 3.10 - Contractor Code of Business Ethics and Conduct

3.1000 Scope of subpart.

This subpart?

- (a) Implements 41 U.S.C. 3509, Notification of Violations of Federal Criminal Law or Overpayments; and
 - (b) Prescribes policies and procedures for the establishment of contractor codes of business ethics and conduct,
- and

display of agency Office of Inspector General (OIG) fraud hotline posters.

3.1001 Definitions.

As used in this subpart-

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime

contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

3.1002 Policy.

- (a) Government contractors must conduct themselves with the highest degree of integrity and honesty.
- (b) Contractors should have a written code of business ethics and conduct. To promote compliance with such code of

business ethics and conduct, contractors should have an employee business ethics and compliance training program and an

internal control system that?

- (1) Are suitable to the size of the company and extent of its involvement in Government contracting;
 - (2) Facilitate timely discovery and disclosure of improper conduct in connection with Government contracts;
- and
- (3) Ensure corrective measures are promptly instituted and carried out.

3.1003 Requirements.

- (a) Contractor requirements. (1) Although the policy at 3.1002 provides guidance for all Government contractors, the

contract clauses at 52.203-13, Contractor Code of Business Ethics and Conduct, and 52.203-14, Display of Hotline Poster(s),

become mandatory when contracts meet the conditions specified in 3.1004.

(2) A contractor may be suspended and/or debarred if a principal knowingly fails to promptly disclose to the Government credible evidence of Federal criminal law violations involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code, or Civil False Claims Act violations. This disclosure requirement applies whether or not clause 52.203-13 is applicable. Failure to timely disclose credible evidence of such violations remains

grounds for suspension and/or debarment until 3 years after final contract payment (see part 9).

- (3) The Payment clauses at FAR 52.212-4(i)(5), 52.232-25(d), 52.232-26(c), and 52.232-27(l) require contractors to

return any contract financing or invoice overpayments they discover to the Government. A contractor may be suspended

and/or debarred if a principal knowingly fails to timely disclose credible evidence of a significant overpayment, except for

overpayments resulting from contract financing payments as defined in 32.001 (see part 9).

(b) Notification of possible contractor violation. If the contracting officer learns of a possible contractor violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C., or a violation of the civil False Claims Act, the contracting officer must:

- (1) Coordinate the matter with the agency Office of the Inspector General; or
- (2) Take action according to agency procedures.

(c) Fraud Hotline Poster. (1) Agency Offices of Inspector General (OIGs) determine the need for and content of their respective agency OIG fraud hotline poster(s).

- (2) When requested by the Department of Homeland Security, agencies must ensure that contracts funded with disaster

assistance funds require display of applicable fraud hotline posters. As established by the agency OIG, these posters may be displayed instead of, or in addition to, the agency's standard poster.

3.1004 Contract clauses.

(a) Insert the clause at FAR 52.203-13, Contractor Code of Business Ethics and Conduct, in solicitations and contracts if the value of the contract is expected to exceed \$7.5 million and the performance period is 120 days or more.

3.10-1

3.1004 FEDERAL ACQUISITION REGULATION

(b) (1) Unless the contract is for the acquisition of a commercial product or commercial service or will be performed entirely outside the United States, insert the clause at 52.203-14, Display of Hotline Poster(s), if?

- (i) The contract exceeds \$7.5 million or a lesser amount established by the agency; and
- (ii) (A) The agency has a fraud hotline poster; or
 - (B) The contract is funded with disaster assistance funds.

(2) In paragraph (b)(3) of the clause, the contracting officer shall?

- (i) Identify the applicable posters; and
- (ii) Insert the website link(s) or other contact information for obtaining the agency and/or Department of Homeland Security poster.

(3) In paragraph (d) of the clause, if the agency has established policies and procedures for display of the OIG fraud

hotline poster at a lesser amount, the contracting officer shall replace "\$7.5 million" with the lesser amount that the agency has established.

3.10-2

SUBPART 3.11 - PREVENTING PERSONAL CONFLICTS OF INTEREST FOR CONTRACTOR EMPLOYEES PERFORMING ACQUISITION

FUNCTIONS 3.1102

Subpart 3.11 - Preventing Personal Conflicts of Interest for

Contractor Employees Performing Acquisition Functions

3.1100 Scope of subpart.

This subpart implements policy on personal conflicts of interest by employees of Government contractors as required by

41 U.S.C. 2303.

3.1101 Definitions.

As used in this subpart-

Acquisition function closely associated with inherently governmental functions means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

(1) Planning acquisitions.

(2) Determining what supplies or services are to be acquired by the Government, including developing statements of

work.

(3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans,

and evaluation criteria.

(4) Evaluating contract proposals.

(5) Awarding Government contracts.

(6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).

(7) Terminating contracts.

(8) Determining whether contract costs are reasonable, allocable, and allowable.

Covered employee means an individual who performs an acquisition function closely associated with inherently governmental functions and is-

(1) An employee of the contractor; or

(2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is

no employer to whom such an individual could submit the required disclosures.

Personal conflict of interest means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when

performing under the contract. (A de minimis interest that would not "impair the employee's ability to act impartially and in

the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are-

(i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;

(ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and

(iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from-

(i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;

(ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);

(iii) Services provided in exchange for honorariums or travel expense reimbursements;

(iv) Research funding or other forms of research support;

(v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);

(vi) Real estate investments;

(vii) Patents, copyrights, and other intellectual property interests; or

(viii) Business ownership and investment interests.

3.1102 Policy.

The Government's policy is to require contractors to?

(a) Identify and prevent personal conflicts of interest of their covered employees; and

3.11-1

3.1103 FEDERAL ACQUISITION REGULATION

(b) Prohibit covered employees who have access to non-public information by reason of performance on a Government

contract from using such information for personal gain.

3.1103 Procedures.

(a) By use of the contract clause at 52.203-16, as prescribed at 3.1106, the contracting officer must require each contractor

whose employees perform acquisition functions closely associated with inherently Government functions to?

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest by?

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered

employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for

prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee?

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task

under the contract for which the Contractor has identified a personal conflict of interest that cannot be satisfactorily prevented

or reduced in consultation with the contracting agency;

(ii) Prohibit use of non-public information (information not available to the public) accessed through Government contract work for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation?

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain;

and

(iii) To avoid even the appearance of personal conflicts of interest;

- (4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;
- (5) Take appropriate disciplinary action when covered employees fail to comply with policies established pursuant to

this section; and

- (6) Report any personal conflict-of-interest violation by a covered employee to the contracting officer as soon as

identified. This report must include-

- (i) A description of the violation;
- (ii) The proposed actions the contractor will take in response to the violation; and
- (iii) Follow-up reports of corrective actions taken, as necessary.

(b) If a contractor reports a personal conflict-of-interest violation by a covered employee to the contracting officer according to paragraph (b)(6) of clause 52.203-16, Preventing Personal Conflicts of Interest, the contracting officer must?

- (1) Review the actions taken by the contractor;
- (2) Determine whether the contractor's actions have resolved the violation satisfactorily; and
- (3) Take any appropriate action in consultation with agency legal counsel if the contracting officer determines that the

contractor has not resolved the violation satisfactorily.

3.1104 Mitigation or waiver.

- (a) In exceptional circumstances, if the contractor cannot satisfactorily prevent a personal conflict of interest as required

by paragraph (b)(2)(i) of the clause at 52.203-16, Preventing Personal Conflicts of Interest, the contractor may submit a request, through the contracting officer asking the head of the contracting activity to?

- (1) Agree to a plan to mitigate the personal conflict of interest; or
- (2) Waive the requirement to prevent personal conflicts of interest.

3.11-2

SUBPART 3.11 - PREVENTING PERSONAL CONFLICTS OF INTEREST FOR CONTRACTOR EMPLOYEES PERFORMING ACQUISITION

FUNCTIONS 3.1106

- (b) If the head of the contracting activity determines in writing that such action is in the best interest of the Government,

the head of the contracting activity may impose conditions that provide mitigation of a personal conflict of interest or grant a waiver.

- (c) This authority shall not be redelegated.

3.1105 Violations.

If the contracting officer suspects violation by the contractor of a requirement of paragraph (b), (c)(3), or (d) of the clause

at 52.203-16, Preventing Personal Conflicts of Interest, the contracting officer must contact the agency legal counsel for advice and/or recommendations on a course of action.

3.1106 Contract clause.

- (a) Insert the clause at 52.203-16, Preventing Personal Conflicts of Interest, in solicitations and contracts that?

- (1) Exceed the simplified acquisition threshold; and
- (2) Include a requirement for services by contractor employee(s) that involve performance of acquisition

functions

closely associated with inherently governmental functions for, or on behalf of, a Federal agency or department.

(b) If only a portion of a contract involves the performance of acquisition functions closely associated with inherently governmental functions, the contracting officer must still insert the clause but must limit the clause's applicability to only that

portion of the contract that involves such services.

(c) Do not insert the clause in solicitations or contracts with a self-employed individual if the acquisition functions closely

associated with inherently governmental functions are to be performed entirely by the self-employed individual, rather than

an employee of the contractor.

3.11-3

3.11-4

PART 9904

part 9904 or a CAS rule or regulation in 48 CFR part 9903 and as to any cost adjustment d

Status: Unknown

part 9904 or a CAS rule or regulation in 48 CFR part 9903 and as to any cost adjustment demanded by the United States,

such failure to agree will constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any

documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which the Contractor enters into, the substance of this

clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation to

comply with all CAS in effect on the subcontractor's award date or if the subcontractor has submitted certified cost or pricing

data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current Cost or Pricing

Data. If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of CAS

coverage, the substance of the applicable clause set forth in subsection 30.205 of the Federal Acquisition Regulation (FAR)

shall be inserted. This requirement shall apply only to negotiated subcontracts in excess of the lower CAS threshold specified

in FAR 30.205(b) on the date of subcontract award, except that the requirement shall not apply to negotiated subcontracts

otherwise exempt from the requirement to include a CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-3 Disclosure and Consistency of Cost Accounting Practices.

As prescribed in 30.205(b)(1), insert the following clause:

DISCLOSURE AND CONSISTENCY OF COST ACCOUNTING PRACTICES (DEVIATION DATE)

(a) The Contractor, in connection with this contract, shall-

(1) Comply with the requirements of 48 CFR 9904.401, Consistency in Estimating, Accumulating, and Reporting

Costs; 48 CFR 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose; 48 CFR 9904.405, Accounting for

Unallowable Costs; and 48 CFR 9904.406, Cost Accounting Standard-Cost Accounting Period, in effect on the date of award

of this contract as indicated in 48 CFR part 9904.

(2) (CAS-covered Contracts Only) If it is a business unit of a company required to submit a Disclosure Statement,

disclose in writing its cost accounting practices as required by 48 CFR 9903.202-1 through 9903.202-5. If the Contractor has

52.2-283**52.230-4 FEDERAL ACQUISITION REGULATION**

notified the Contracting Officer that the Disclosure Statement contains trade secrets and commercial or financial information

which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the

Government.

(3) (i) Follow consistently the Contractor's cost accounting practices. A change to such practices may be proposed,

however, by either the Government or the Contractor, and the Contractor agrees to negotiate with the Contracting Officer

the terms and conditions under which a change may be made. After the terms and conditions under which the change is to

be made have been agreed to, the change must be applied prospectively to this contract, and the Disclosure Statement, if

affected, must be amended accordingly.

(ii) The Contractor shall, when the parties agree to a change to a cost accounting practice and the Contracting Officer has made the finding required in 48 CFR 9903.201-6(c), that the change is desirable and not detrimental to the interests of the Government, negotiate an equitable adjustment as provided in the Changes clause of this contract. In the

absence of the required finding, no agreement may be made under this contract clause that will increase costs paid by the

United States.

(4) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor

fails to comply with the applicable CAS or to follow any cost accounting practice, and such failure results in any increased

costs paid by the United States. Such adjustment shall provide for recovery of the increased costs to the United States together with interest thereon computed at the annual rate established under section 6621(a)(2) of the Internal Revenue Code

of 1986 (26 U.S.C. 6621(a)(2)), from the time the payment by the United States was made to the time the adjustment is effected.

(b) If the parties fail to agree whether the Contractor has complied with an applicable CAS, rule, or regulation as specified

in 48 CFR parts 9903 and 9904 and as to any cost adjustment demanded by the United States, such failure to agree will

constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any

documents, papers, and records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts, which the Contractor enters into, the substance of this

clause, except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that-

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other

types of

CAS coverage, the substance of the applicable clause set forth in section 30.205 of the Federal Acquisition Regulation (FAR)

shall be inserted.

(2) The requirement in this paragraph (d) shall apply only to negotiated subcontracts in excess of the lower CAS

threshold specified in FAR 30.205(b) on the date of subcontract award.

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a

CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-4 Disclosure and Consistency of Cost Accounting Practices-Foreign Concerns.

As prescribed in 30.205(c)(1), insert the following clause:

DISCLOSURE AND CONSISTENCY OF COST ACCOUNTING PRACTICES-FOREIGN CONCERNS (DEVIATION DATE)

(a) The Contractor, in connection with this contract, shall-

(1) Comply with the requirements of 48 CFR 9904.401, Consistency in Estimating, Accumulating, and Reporting

Costs; and 48 CFR 9904.402, Consistency in Allocating Costs Incurred for the Same Purpose, in effect on the date of award

of this contract, as indicated in 48 CFR part 9904.

(2) (Cost Accounting Standard (CAS)-covered Contracts Only). If it is a business unit of a company required to submit

a Disclosure Statement, disclose in writing its cost accounting practices as required by 48 CFR 9903.202-1 through 48 CFR

9903.202-5. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets and

commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and

shall not be released outside of the U.S. Government.

(3) (i) Follow consistently the Contractor's cost accounting practices. A change to such practices may be proposed,

however, by either the U.S. Government or the Contractor, and the Contractor agrees to negotiate with the Contracting Officer the terms and conditions under which a change may be made. After the terms and conditions under which the change

52.2-284

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.230-5

is to be made have been agreed to, the change must be applied prospectively to this contract, and the Disclosure Statement, if

affected, must be amended accordingly.

(ii) The Contractor shall, when the parties agree to a change to a cost accounting practice and the Contracting Officer has made the finding required in 48 CFR 9903.201-6(c) that the change is desirable and not detrimental to the interests of the U.S. Government, negotiate an equitable adjustment as provided in the Changes clause of this contract. In the

absence of the required finding, no agreement may be made under this contract clause that will increase costs paid by the U.S.

Government.

(4) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor

fails to comply with the applicable CAS or to follow any cost accounting practice, and such failure results in any increased costs paid by the U.S. Government. Such adjustment shall provide for recovery of the increased costs to the U.S.

Government, together with interest thereon computed at the annual rate established under section 6621(a)(2) of the Internal

Revenue Code of 1986 (26 U.S.C. 6621(a)(2)) for such period, from the time the payment by the U.S. Government was made

to the time the adjustment is effected.

(b) If the parties fail to agree whether the Contractor has complied with an applicable CAS rule, or regulation as specified

in 48 CFR parts 9903 and 9904 and as to any cost adjustment demanded by the U.S. Government, such failure to agree will

constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the U.S. Government to examine and make copies of any

documents, papers, and records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts, which the Contractor enters into, the substance of this

clause, except paragraph (b), and shall require such inclusion in all other subcontracts of any tier, except that?

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of

CAS coverage, the substance of the applicable clause prescribed in Federal Acquisition Regulation (FAR) 30.205 shall be

inserted.

(2) The requirement in this paragraph (d) shall apply only to negotiated subcontracts in excess of the lower CAS

threshold specified in FAR 30.205(b) on the date of subcontract award.

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a

CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-5 Cost Accounting Standards-Educational Institution.

As prescribed in 30.205(e)(1), insert the following clause:

COST ACCOUNTING STANDARDS-EDUCATIONAL INSTITUTION (DEVIATION DATE)

(a) Unless the contract is exempt under 48 CFR 9903.201-1 and 9903.201-2, the provisions of 48 CFR part 9903 are

incorporated herein by reference and the Contractor, in connection with this contract, shall-

(1) (CAS-covered contracts only). If a business unit of an educational institution (defined as an institution of higher

education in the OMB Uniform Guidance at 2 CFR part 200, subpart A and 20 U.S.C. 1001) is required to submit a Disclosure Statement, disclose in writing the Contractor's cost accounting practices as required by 48 CFR 9903.202-1 through 9903.202-5, including methods of distinguishing direct costs from indirect costs and the basis used for accumulating and allocating indirect costs. The practices disclosed for this contract shall be the same as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor and which contain a Cost Accounting Standards (CAS) clause. If the Contractor has notified the Contracting Officer that the Disclosure Statement contains trade secrets, and commercial or financial information which is privileged and confidential, the Disclosure Statement shall be protected and shall not be released outside of the Government.

(2) Follow consistently the Contractor's cost accounting practices in accumulating and reporting contract performance

cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or

subcontract subject to CAS requirements, the change must be applied prospectively to this contract and the Disclosure Statement, if required, must be amended accordingly. If an accounting principle change mandated under OMB Uniform Guidance at 2 CFR part 200, subpart E and appendix III, requires that a change in the Contractor's cost accounting practices

be made after the date of this contract award, the change must be applied prospectively to this contract and the Disclosure

52.2-285

52.230-6 FEDERAL ACQUISITION REGULATION

Statement, if required, must be amended accordingly. If the contract price or cost allowance of this contract is affected by

such changes, adjustment shall be made in accordance with paragraph (a)(4) or (a)(5) of this clause, as appropriate.

(3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in 48 CFR part

9905 in effect on the date of award of this contract or, if the Contractor has submitted certified cost or pricing data, on the

date of final agreement on price as shown on the Contractor's signed certificate of current cost or pricing data. The Contractor

shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of

the Contractor. Such compliance shall be required prospectively from the date of applicability to such contract or subcontract.

(4) (i) Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is affected by a change which, pursuant to paragraph (a)(3) of this clause, the Contractor is required to make to the Contractor's established cost accounting practices.

(ii) Negotiate with the Contracting Officer to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of paragraph (a)(4) of this clause;

provided that no agreement may be made under this provision that will increase costs paid by the United States.

(iii) When the parties agree to a change to a cost accounting practice, other than a change under subdivision (a)(4)(i)

or (a)(4)(iv) of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

(iv) Agree to an equitable adjustment as provided in the Changes clause of this contract, if the contract cost is materially affected by an accounting principle amendment required under the OMB Uniform Guidance at 2 CFR part 200,

subpart E and appendix III, which, on becoming effective after the date of contract award, requires the Contractor to make a

change to the Contractor's established cost accounting practices.

(5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor

fails to comply with an applicable Cost Accounting Standard, or to follow any cost accounting practice consistently and such

failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased

costs to the United States, together with interest thereon computed at the annual rate established under section 6621(a)(2) of

the Internal Revenue Code of 1986 (26 U.S.C. 6621(a)(2)) for such period, from the time the payment by the United States

was made to the time the adjustment is effected. In no case shall the Government recover costs greater than the increased cost

to the Government, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Contractor made a

change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and

which it failed to disclose to the Government.

(b) If the parties fail to agree whether the Contractor or a subcontractor has complied with an applicable CAS or a CAS

rule or regulation in 48 CFR part 9903 and as to any cost adjustment demanded by the United States, such failure to agree

will constitute a dispute under 41 U.S.C. chapter 71, Contract Disputes.

(c) The Contractor shall permit any authorized representatives of the Government to examine and make copies of any

documents, papers, or records relating to compliance with the requirements of this clause.

(d) The Contractor shall include in all negotiated subcontracts which the Contractor enters into, the substance of this

clause, except paragraph (b), and shall require such inclusion in all other subcontracts, of any tier, including the obligation

to comply with all applicable CAS in effect on the subcontractor's award date or, if the subcontractor has submitted certified

cost or pricing data, on the date of final agreement on price as shown on the subcontractor's signed Certificate of Current

Cost or Pricing Data, except that-

(1) If the subcontract is awarded to a business unit which pursuant to 48 CFR 9903.201-2 is subject to other types of

CAS coverage, the substance of the applicable clause set forth in 48 CFR 9903.201-4 shall be inserted;

(2) The requirement in this paragraph (d) shall apply only to negotiated subcontracts in excess of the lower CAS

threshold specified in Federal Acquisition Regulation (FAR) 30.205(b) on the date of subcontract award; and

(3) The requirement shall not apply to negotiated subcontracts otherwise exempt from the requirement to include a

CAS clause as specified in 48 CFR 9903.201-1.

(End of clause)

52.230-6 Administration of Cost Accounting Standards.

As prescribed in 30.205(d)(1), insert the following clause:

ADMINISTRATION OF COST ACCOUNTING STANDARDS (DEVIATION DATE)

52.2-286

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.230-6

For the purpose of administering the Cost Accounting Standards (CAS) requirements under this contract, the Contractor

shall take the steps outlined in paragraphs (b) through (i) and (k) through (n) of this clause:

(a) Definitions. As used in this clause-

Affected CAS-covered contract or subcontract means a contract or subcontract subject to CAS rules and regulations for which a Contractor or subcontractor-

(1) Used one cost accounting practice to estimate costs and a changed cost accounting practice to accumulate and report

costs under the contract or subcontract; or

(2) Used a noncompliant practice for purposes of estimating or accumulating and reporting costs under the contract or

subcontract.

Cognizant Federal agency official (CFAO) means the Contracting Officer assigned by the cognizant Federal agency to administer the CAS.

Desirable change means a compliant change to a Contractor's established or disclosed cost accounting practices that the CFAO finds is desirable and not detrimental to the Government and is, therefore, not subject to the no increased cost

prohibition provisions of CAS-covered contracts and subcontracts affected by the change.

Fixed-price contracts and subcontracts means?

(1) The following types of fixed-price contracts and subcontracts?

(i) Firm-fixed-price contracts;

(ii) Fixed-priced contracts with economic price adjustment (except when price adjustments are based on actual costs

of labor or material); and

(iii) Firm-fixed-price, level-of-effort term contracts.

(2) Fixed-price incentive contracts and subcontracts where the price is not adjusted based on actual costs incurred (FAR
