SUBPART 1.1 - FRAMEWORK 1.104

1.000 Scope of part.

This part describes the framework and guiding principles for the Federal Acquisition Regulations System (the System).

Subpart 1.1 - Framework

1.101 Framework.

(a) The System is a collection of acquisition regulations and guidance, and consists of the following:

- (1) The Federal Acquisition Regulation (FAR), which is a single acquisition regulation for all acquisitions (see 2.101),

and all executive agencies. The FAR is located at 48 CFR chapter 1.

- (2) Agency acquisition regulations that implement or supplement the FAR (see 48 CFR chapters 2 through 99); and

- (3) Acquisition guides, which show best practices (add link to location).

(b) The System does not include internal guidance supplementing agency acquisition regulations described in paragraph

(a)(2) of this section.

1.102 Guiding principles for the System.

(a) The System will-

- (1) Meet an agency's mission efficiently and effectively first;
- (2) Ensure the most effective use of taxpayer dollars in ways that recognize the value of time, encourage innovation,

promote merit, satisfy the customer, and balance these interests and objectives;

- (3) Maximize buying commercial products or commercial services rather than requiring Government-unique solutions;
- (4) Award contracts to contractors who demonstrate a superior ability to perform;
- (5) Promote competition and fair opportunity;
- (6) Conduct business with integrity, fairness, and openness; and
- (7) Delegate the authority to make decisions and the accountability for the decisions to the lowest level within the

System, consistent with law. The contracting officer must have the authority, to the maximum extent practicable and consistent with law, to determine how and when to apply rules, regulations, and policies on a specific contract.

(b) (1) Acquisition team members in the System include Government acquisition representatives from the technical, supply, sourcing, small business and procurement areas; the customers they support; and the contractors who deliver the

products and services.

- (2) The role of each acquisition team member in the System is to exercise personal initiative and sound business

judgment to meet the agency's mission and manage risk.

- (3) To continually promote innovation, the FAR encourages acquisition team members to pursue new

approaches, and
document successes and lessons learned.

(4) In this spirit, acquisition team members may assume that if a specific strategy, practice, policy, or procedure is in the best interests of the Government and is not addressed in the FAR, nor prohibited by law (statute or case law), Executive order or other regulation, then they are allowed to use the strategy, practice, policy, or procedure.

(5) Acquisition team members should work together as a team and be empowered to make decisions within their area of responsibility.

(6) Acquisition team members can propose deviations from FAR regulations if the deviation would promote economy, efficiency, or innovation (see subpart 1.3).

(c) To achieve efficient operations, the System must focus on risk management. Attempting to eliminate all risk is prohibitive in terms of cost to the taxpayer.

1.103 Authority.

(a) The System has been developed according to the requirements of 41 U.S.C. chapter 13, Acquisition Councils.

(b) The Federal Acquisition Regulatory Council, or FAR Council, consists of the Administrator for Federal Procurement

Policy, the Secretary of Defense, the Administrator of General Services, and the Administrator of National Aeronautics and

Space. The FAR is prepared and jointly issued by the FAR Council under their several statutory authorities.

1.104 Publication and code arrangement.

(a) Changes to the FAR are published in the daily issue of the Federal Register. A cumulative version of the FAR is published?

1.1-1

1.105 FEDERAL ACQUISITION REGULATION

(1) In the Code of Federal Regulations (CFR), in an annually updated version, at <https://www.govinfo.gov/app/collection/cfr>, and as a daily updated version at [ecfr.gov](https://www.ecfr.gov); and

(2) In an enhanced daily updated version available at <https://www.acquisition.gov/browse/index/far>.

(b) Each numbered unit or segment (e.g., part, subpart, section, etc.) of an agency acquisition regulation that is codified in the CFR must begin with the chapter number. However, the chapter number assigned to the FAR will not be included in the numbered units or segments of the FAR.

(c) Using the FAR coverage at (d) as a typical illustration, reference to the part would be "FAR part 9" outside the FAR and "part 9" within the FAR. Reference to the section would be "FAR 9.106" outside the FAR and "9.106" within the FAR.

(d) If required by 41 U.S.C. 1707, proposed revisions must be published in the Federal Register for public comment.

(e) The General Services Administration is responsible for establishing and operating the FAR Regulatory Secretariat to publish and distribute the FAR through the CFR system.

1.105 OMB approval under the Paperwork Reduction Act.

The list of information collections and recordkeeping requirements contained in this regulation have been approved by the

OMB. They can be found at www.acquisition.gov/FAR-PRA.

1.106 Certifications.

Unless allowed under 41 U.S.C. 1304, the FAR must not require a certification from an offeror or contractor.

1.107 FAR conventions.

(a) Words and terms. (1) Definitions in part 2 apply to the entire regulation unless specifically defined in another part,

subpart, section, provision, or clause. Words or terms defined in a specific part, subpart, section, provision, or clause have that

meaning when used in that part, subpart, section, provision, or clause.

(2) Undefined words retain their common dictionary meaning.

(b) Delegation of authority. Each authority is delegable unless specifically stated otherwise.

(c) Dollar thresholds. (1) Unless otherwise specified, a specific dollar threshold is the final anticipated dollar value of the

action, including the dollar value of all options.

(2) The final anticipated dollar value must be the highest final priced alternative to the Government, including the

dollar value of all options, if the action establishes?

(i) A maximum quantity of supplies or services to be acquired;

(ii) A ceiling price; or

(iii) The final price to be based on future events.

(d) Applying FAR changes to solicitations and contracts. Unless otherwise specified?

(1) FAR changes apply to solicitations issued on or after the effective date of the change;

(2) Contracting officers may, at their discretion, include the FAR changes in solicitations issued before the effective

date, provided award of the resulting contract(s) occurs on or after the effective date; and

(3) Contracting officers may, at their discretion, include the changes in any existing contract with appropriate consideration.

(e) Citations. When the FAR cites a statute, Executive order, Office of Management and Budget circular, Office of Federal

Procurement Policy policy letter, or relevant portion of the Code of Federal Regulations, the citation includes all applicable

amendments, unless otherwise stated.

(f) Required action. When a sentence directs action, the contracting officer is responsible for the action, unless another

party is expressly cited.

1.108 Statutory acquisition-related dollar thresholds-adjustment for inflation.

The FAR adjusts statutory acquisition-related dollar thresholds for inflation every 5 years. The statute at 41 U.S.C. 1908 establishes the calculation used to escalate the thresholds. The statute also identifies certain thresholds that must not be

escalated. A matrix of the most recent calculations is available at <http://www.regulations.gov> (search FAR Case 2024-001,

open the docket folder, and go to the supporting documents file).

1.109 Regulatory sunset.

All FAR sections that are not required by statute must expire 4 years after the effective date of the sections, unless renewed

by the Federal Acquisition Regulatory Council.

1.1-2

SUBPART 1.1 - FRAMEWORK 1.110

1.110 Positive law codification.

Titles 40 and 41 of the United States Code were revised and reorganized, as a result of positive law codifications. A table

identifying the original "popular name" of the public laws in those titles, and how they are referred to in the FAR, is available

at www.acquisition.gov/renamingpubliclaws.

1.1-3

This page intentionally left blank.

1.1-4

SUBPART 1.2 - 1.201

Subpart 1.2 - Agency Acquisition Regulations

1.201 Policy.

(a) (1) An agency head may issue agency acquisition regulations that are necessary to implement the FAR, or to supplement the FAR to satisfy a specific agency need, according to 41 U.S.C. 1303(a)(2).

(2) Agency acquisition regulations must not?

(i) Unnecessarily repeat, paraphrase, or otherwise restate material contained in the FAR or higher-level agency acquisition regulations; or

(ii) Conflict or be inconsistent with the FAR, except as required by law or as provided in subpart 1.3.

(b) (1) If required by 41 U.S.C. 1707, agencies must publish their acquisition regulations for comment in the Federal Register. However, publication is not required for issuances that merely implement or supplement higher level issuances

that have previously undergone the public comment process, unless such implementation or supplementation results in an additional significant cost or administrative impact on contractors or offerors or effect beyond the internal operating procedures of the issuing organization.

(2) Agencies must also comply with other applicable statutes, (e.g., the Paperwork Reduction Act (44 U.S.C. 3501, et seq.) and the Regulatory Flexibility Act (5 U.S.C. 601, et seq.)).

(c) An agency head may authorize internal agency guidance at any organizational level (e.g., designations and delegations

of authority, assignments of responsibilities, work-flow procedures, and internal reporting requirements). Internal agency

guidance does not need to be published in the Federal Register for comment, unless the agency guidance has a significant

effect beyond the internal operating procedures of the agency or creates an additional significant cost or administrative impact

on contractors or offerors.

1.2-1

This page intentionally left blank.

1.2-2

SUBPART 1.3 - 1.305

Subpart 1.3 - Deviations from the FAR

1.300 Scope of subpart.

This subpart prescribes the policies and procedures for authorizing deviations from the FAR. Exceptions regarding the use of forms prescribed by the FAR are covered in part 53.

1.301 Definition.

Deviation means one or any combination of the following:

- (a) Issuing or using a policy, procedure, solicitation provision (see definition in 2.101), contract clause (see definition

in 2.101), method, or practice of conducting acquisition actions of any kind at any stage of the acquisition process that is

inconsistent with the FAR.

- (b) Leaving out any solicitation provision or contract clause when its prescription requires including it.

- (c) Using any solicitation provision or contract clause with modified or alternate language that is not authorized by the

FAR (see definition of "modification" in (a) and definition of "alternate" in 2.101).

- (d) Using a solicitation provision or contract clause prescribed by the FAR on a substantially as follows or substantially

the same as basis (see definitions in 2.101 and (a)), if such use is inconsistent with the intent, principle, or substance of the

prescription or related coverage on the subject matter in the FAR.

- (e) Authorizing lesser or greater limitations on the use of any solicitation provision, contract clause, policy, or procedure

required by the FAR.

- (f) Issuing policies or procedures that govern the contracting process or otherwise control contracting relationships that are

not incorporated into agency acquisition regulations according to 1.201(a).

1.302 Policy.

- (a) Unless not allowed by law, Executive order, or regulation, agencies may deviate from the FAR as specified in this

subpart when necessary to meet an agency's specific needs (e.g., to encourage developing and testing new techniques and

methods of acquisition).

- (b) Refer to 31.101 for instructions on deviating from part 31, Contract Cost Principles and Procedures.

(c) Agencies are not authorized to deviate from 30.201-3 and 30.201-4, or the requirements of the Cost Accounting Standards Board (CASB) rules and regulations (48 CFR chapter 99). Refer to 30.201-5 for instructions on deviating from the

Cost Accounting Standards.

1.303 Individual deviations.

Individual deviations affect only one contract action. The agency head may authorize individual deviations. The contracting officer must document the justification and agency approval in the contract file.

1.304 Class deviations.

(a) Class deviations affect more than one contract action. A deviation for any solicitation that will result in multiple contract awards will need to be done as a class deviation. When an agency knows that it will require a class deviation on a

permanent basis, it may develop and propose a FAR revision.

(b) Agency heads may authorize class deviations from the FAR. Agency-specific class deviations must be approved by

the FAR Council, except where required to implement agency-specific executive or statutory direction. Agencies requesting

approval must send the proposed class deviation to the FAR Secretariat at GSARegSec@gsa.gov.

(c) The FAR Council will review and provide a decision to the requesting agency within 5 business days, unless the request is urgent. Urgent requests will be decided within 24 hours of receipt of the request. Agencies may proceed if they do

not receive responses within these time frames.

(d) Agencies must email a copy of each agency-approved class deviation to the FAR Secretariat at GSARegSec@gsa.gov.

(e) The Administrator for Federal Procurement Policy may require the FAR Council to issue deviation guidance to promote uniformity .

1.305 Deviations pertaining to treaties and executive agreements.

(a) Deviations from the FAR that are necessary to comply with a treaty to which the United States is a party are authorized, unless the deviation would be inconsistent with FAR coverage based on a law enacted after the treaty's execution.

1.3-1**1.305 FEDERAL ACQUISITION REGULATION**

(b) Deviations from the FAR that are necessary to comply with an executive agreement (i.e., a Government-to-Government agreement, including an agreement with international organizations, to which the United States is a party) are

authorized unless the deviation would be inconsistent with FAR coverage based on law.

1.3-2**SUBPART 1.4 - CAREER DEVELOPMENT, CONTRACTING AUTHORITY, AND RESPONSIBILITIES 1.403-3****Subpart 1.4 - Career Development, Contracting Authority, and Responsibilities****1.401 Contracting Functions.**

The agency head may establish contracting activities and delegate contracting functions to the contracting activities. Per

41 U.S.C. 3102(b), agency heads may mutually agree to?

(a) Delegate contracting functions and responsibilities from one agency to another; and

(b) Create joint or combined offices to exercise acquisition functions and responsibilities.

1.402 Contracting officers.**1.402-1 Authority.**

(a) Only contracting officers may sign, administer, or terminate contracts on behalf of the Government. Contracting officers may bind the Government based on the authority delegated to them. The appointing authority must provide the contracting officer with clear instructions in writing about what they can and cannot do.

(b) Contracting officers have wide latitude to exercise business judgment.

1.402-2 Responsibilities.

Contracting officers are responsible for?

(a) Before signing a contract-

(1) Ensuring it meets all requirements of law, Executive orders, regulations, and all other applicable procedures,

including clearances and approvals; and

(2) Ensuring funds are available for obligation;

(b) Ensuring compliance with the contract terms;

(c) Ensuring offerors and contractors receive impartial, fair, and equitable treatment; and

(d) Requesting and considering the advice of specialists in audit, law, engineering, information security, transportation,

and other fields, as appropriate.

1.403 Selecting, appointing, and terminating the appointment for contracting officers.

1.403-1 General.

(a) 41 U.S.C. 1702(b)(3)(G) requires agency heads to establish and maintain a procurement career management program,

which includes a system to select, appoint, and terminate contracting officers' appointments.

(b) Agency heads or their designees may select and appoint contracting officers and terminate their appointments.

(c) These selections and appointments must be consistent with Office of Federal Procurement Policy (OFPP) standards

for skill-based training in performing contracting and purchasing duties as published in OFPP Policy Letter No. 05-01, Developing and Managing the Acquisition Workforce, April 15, 2005, and OFPP Memo dated January 19, 2023, Federal

Acquisition Certification in Contracting (FAC-C) Modernization.

1.403-2 Appointment.

(a) (1) Contracting officers must be appointed in writing, using a Standard Form (SF) 1402, Certificate of Appointment.

The certificate must state any limitations placed on the contracting officer's scope of authority, other than limitations contained in applicable law or regulation.

(2) Appointing officials must keep copies of all current appointments.

(b) (1) Agency heads should delegate micro-purchase authority to individuals who are employees of an executive agency

or members of the Armed Forces of the United States who will use the supplies or services being purchased.

(2) Agency heads must appoint these individuals in writing but are not required to use an SF 1402.

1.403-3 Termination.

(a) Agency heads must terminate a contracting officer appointment by letter, unless the Certificate of Appointment contains other provisions for automatic termination.

(b) Terminations may occur for reasons such as reassignment, termination of employment, or unsatisfactory performance.

Agency heads cannot terminate a contracting officer appointment retroactively.

1.4-1

1.404 FEDERAL ACQUISITION REGULATION

1.404 Contracting officer's representative.

(a) Designation. (1) The contracting officer's representative (COR) must be nominated either by the requiring activity or

according to agency procedures. The contracting officer designates and authorizes a COR, in writing and according to agency

procedures. See 7.104(e), which directs the COR designation as early as possible.

(2) The COR designation must-

- (i) Specify the extent of the COR's authority to act on behalf of the contracting officer;
- (ii) Specify the period covered by the designation;
- (iii) State the authority cannot be delegated further; and
- (iv) State that the COR may be personally liable for unauthorized acts.

(3) (i) Contracting officers may not delegate to a COR responsibilities that are delegated to a contract administration

office under 42.202. Contracting officers may assign the COR other duties described at 42.302.

(ii) The contracting officer must communicate the COR's duties clearly and in writing.

(4) The contracting officer must send copies of the COR's designation to the contractor and the contract administration

office.

(b) Types of contracts and orders. The contracting officer must assign a COR to all contracts and orders other than firm

fixed-price contracts and orders. For firm fixed-price contracts and orders, the contracting officer may assign a COR.

(c) COR Qualifications. The COR-

(1) Must be a Government employee, unless otherwise authorized in agency regulations;

(2) Must be certified and must maintain certification. The certification must align with the current Office of Management and Budget memorandum on the Federal Acquisition Certification for Contracting Officer Representatives (FAC-COR) guidance, or for DoD, according to DoD policy guidance; and

(3) Must be qualified by training and experience.

(d) Lack of authority. A COR has no authority to make any commitments or changes that affect price, quality, quantity,

delivery, or other terms and conditions of the contract. The COR must not direct the contractor or its subcontractors to operate

in conflict with the contract terms and conditions.

(e) Responsibilities.

(1) A COR assists in the technical monitoring or administration of a contract.

(2) The COR must maintain a file for each assigned contract. The file must include, at a minimum?

(i) A copy of the contracting officer's letter of designation and other documents describing the COR's duties and responsibilities; and

(ii) Documentation of COR actions taken according to the delegation of authority.

1.405 Ratification of unauthorized commitments.

(a) Definitions.

As used in this section-

Ratification means the act of approving an unauthorized commitment by an official who has the authority to do so.

Unauthorized commitment means an agreement that is not binding solely because the Government representative who made it lacked the authority to enter into that agreement on behalf of the Government.

(b) Policy. (1) Agencies should take actions to avoid the need for ratifications.

(2) (i) The head of the contracting activity may ratify an unauthorized commitment, subject to the criteria in paragraph

(c).

(ii) Agencies may delegate the authority to ratify an unauthorized commitment. Agencies cannot delegate this authority below the level of the chief of the contracting office.

(3) Unauthorized commitments which involve claims subject to resolution under 41 U.S.C. chapter 71, Contract Disputes, should be processed under subpart 33.2, Disputes and Appeals.

(c) Criteria. Agencies may use the authority in paragraph (b)(2) of this section only when?

(1) The Government accepted supplies or services from the contractor, or the Government received a benefit from performance of the unauthorized commitment;

(2) The ratifying official has the authority to enter into a contractual commitment

(3) The resulting contract would otherwise have been proper if made by an authorized contracting officer;

(4) The contracting officer reviewing the unauthorized commitment determines the price to be fair and reasonable;

(5) The contracting officer recommends payment and legal counsel concurs with the recommendation; and

(6) Funds are available and were available at the time the unauthorized commitment was made.

1.4-2

SUBPART 1.4 - CAREER DEVELOPMENT, CONTRACTING AUTHORITY, AND RESPONSIBILITIES 1.405

(d) Nonratifiable commitments. Actions that do not meet the criteria in paragraph (c) of this section may be subject to resolution according to 31 U.S.C. 3702, or as authorized by subpart 50.1.

1.4-3

This page intentionally left blank.

1.4-4

SUBPART 1.5 - DETERMINATIONS AND FINDINGS 1.506

Subpart 1.5 - Determinations and Findings

1.500 Scope of subpart.

This subpart prescribes general policies and procedures for using determinations and findings (D&Fs).

1.501 Definition.

Determination and findings (D&F) means a special form of written approval by an authorized official that is required by statute or regulation before taking certain contract actions.

The determination is a conclusion or decision supported by the findings. The findings are statements of fact or reasons essential to support the determination, and must cover each requirement of the statute or regulation.

1.502 General.

(a) (1) Ordinarily a D&F applies to an individual contract action. Unless otherwise prohibited, agencies may execute class D&Fs for classes of contract actions (see 1.503). The approval granted by a D&F is restricted to the proposed contract action(s) reasonably described in that D&F. D&Fs may provide for a reasonable degree of flexibility.

(2) Unless the D&F states otherwise, reasonable variations in estimated quantities or prices are permitted.

(b) When an option is anticipated, the D&F shall state the approximate quantity to be awarded at first and the extent of the increase the option permits.

1.503 Class determinations and findings.

(a) A class D&F provides authority for a class of contract actions. A class may consist of contract actions for the same or related supplies, services, or other contract actions that require essentially identical justification.

(b) (1) The findings in a class D&F must fully support the proposed action either for the class as a whole or for each action. A class D&F must be for a specified period, with the expiration date stated in the document.

(2) When a solicitation has been furnished to prospective offerors before the expiration date, the authority under the D&F will continue until award of the contract(s) resulting from that solicitation.

(c) The contracting officer must ensure that individual actions taken under the authority of a class D&F are within the scope of the D&F.

1.504 Content.

At a minimum, each D&F must include the following information:

(a) Identification of the agency and the contracting activity and specific identification of the document as a Determination and Findings.

(b) Nature and/or description of the action being approved.

(c) Citation to the appropriate statute and/or regulation upon which the D&F is based.

(d) Findings that detail the particular circumstances, facts, or reasoning essential to support the determination. Necessary

supporting documentation shall come from appropriate requirements and technical personnel.

(e) A determination based on the findings that the proposed action is justified under the applicable statute or regulation.

(f) For class D&Fs, an expiration date.

(g) The signature of the official authorized to sign the D&F (see 1.506) and the date signed.

1.505 Replacement and modification.

(a) If a D&F is replaced by another D&F, that action will not invalidate any action taken under the original D&F before the date of its replacement.

The contracting officer is not required to cancel the solicitation if the modified D&F supports the contract action.

1.506 Signatory authority.

When a D&F is required, the appropriate official according to agency regulations must sign it. Authority to sign or delegate signature authority for the various D&Fs is shown in the applicable FAR part.

1.5-1

1.5-2

PART 2

PART 2 - DEFINITIONS OF WORDS AND TERMS

Status: Unknown

PART 2 - DEFINITIONS OF WORDS AND TERMS

Sec.

2.000 Scope of part. Subpart 2.2 - Definitions Clause

2.201 Contract clause.

Subpart 2.1 - Definitions

2.101 Definitions.

2-1

This page intentionally left blank.

2-2

SUBPART 2.1 - DEFINITIONS 2.101

2.000 Scope of part.

(a) This part-

- (1) Defines words and terms that are frequently used in the FAR;
- (2) Provides cross-references to other definitions in the FAR of the same word or term; and
- (3) Provides for the incorporation of these definitions in solicitations and contracts by reference.

(b) Other parts, subparts, and sections of this regulation (48 CFR chapter 1) may define other words or terms and those

definitions only apply to the part, subpart, or section where the word or term is defined.

Subpart 2.1 - Definitions

2.101 Definitions.

A word or a term, defined in this section, has the same meaning throughout this chapter (the Federal Acquisition Regulation (FAR)) unless the context in which the word or term is used clearly requires a different meaning or another FAR

part, subpart, or section provides a different definition for the particular part or portion of the part. If a word or term that is

defined in this section is defined differently in another part, subpart, or section of this chapter, the definition in this section

includes a cross-reference to the other definitions and that part, subpart, or section applies to the word or term when used in

that part, subpart, or section.

Acquisition means the acquiring by contract with appropriated funds of supplies or services (including construction) by and for the use of the Federal Government through purchase or lease, whether the supplies or services are already in

existence or must be created, developed, demonstrated, and evaluated. Acquisition begins at the point when agency needs are

established and includes the description of requirements to satisfy agency needs, solicitation and selection of sources, award

of contracts, contract financing, contract performance, contract administration, and those technical and management

functions

directly related to the process of fulfilling agency needs by contract.

Acquisition planning means the process by which the efforts of all personnel responsible for an acquisition are coordinated

and integrated through a comprehensive plan for fulfilling the agency need in a timely manner and at a reasonable cost.

It

includes developing the overall strategy for managing the acquisition.

Activity Address Code (AAC) means a distinct six-position code consisting of a combination of alpha and/or numeric characters assigned to identify specific agency offices, units, activities, or organizations by the General Services Administration for civilian agencies and by the Department of Defense for defense agencies.

Adequate evidence means information sufficient to support the reasonable belief that a particular act or omission has occurred.

Advisory and assistance services means those services provided under contract by nongovernmental sources to support

or improve: organizational policy development; decision-making; management and administration; program and/or project

management and administration; or R&D activities. It can also mean the furnishing of professional advice or assistance rendered to improve the effectiveness of Federal management processes or procedures (including those of an engineering

and technical nature). In rendering the foregoing services, outputs may take the form of information, advice, opinions, alternatives, analyses, evaluations, recommendations, training and the day-to-day aid of support personnel needed for the

successful performance of ongoing Federal operations. All advisory and assistance services are classified in one of the following definitional subdivisions:

(1) Management and professional support services, i.e., contractual services that provide assistance, advice or training

for the efficient and effective management and operation of organizations, activities (including management and support

services for R&D activities), or systems. These services are normally closely related to the basic responsibilities and mission

of the agency originating the requirement for the acquisition of services by contract. Included are efforts that support or contribute to improved organization of program management, logistics management, project monitoring and reporting, data

collection, budgeting, accounting, performance auditing, and administrative technical support for conferences and training programs.

(2) Studies, analyses and evaluations, i.e., contracted services that provide organized, analytical assessments/evaluations in support of policy development, decision-making, management, or administration. Included are studies in support of R&D activities. Also included are acquisitions of models, methodologies, and related software supporting studies, analyses or evaluations.

(3) Engineering and technical services, i.e., contractual services used to support the program office during the acquisition cycle by providing such services as systems engineering and technical direction (see 9.505-1(b)) to ensure the

effective operation and maintenance of a weapon system or major system as defined in OMB Circular No.A-109 or to

2.1-1

2.101 FEDERAL ACQUISITION REGULATION

provide direct support of a weapon system that is essential to research, development, production, operation or maintenance of the system.

Affiliates means associated business concerns or individuals if, directly or indirectly either one controls or can control the

other; or third party controls or can control both, except as follows:

(1) For use in subpart 9.4, see the definition at 9.403.

(2) For use of affiliates in size determinations, see the definition of "small business concern" in this section.

Agency head or "head of the agency" means the Secretary, Attorney General, Administrator, Governor, Chairperson, or other chief official of an executive agency, unless otherwise indicated, including any deputy or assistant chief official of an executive agency.

Alternate means a substantive variation of a basic provision or clause prescribed for use in a defined circumstance. It adds wording to, deletes wording from, or substitutes specified wording for a portion of the basic provision or clause. The

alternate version of a provision or clause is the basic provision or clause as changed by the addition, deletion, or substitution

(see 52.105(a)).

Architect-engineer services, as defined in 40 U.S.C. 1102, means?

(1) Professional services of an architectural or engineering nature, as defined by State law, if applicable, that are

required to be performed or approved by a person licensed, registered, or certified to provide those services;

(2) Professional services of an architectural or engineering nature performed by contract that are associated with

research, planning, development, design, construction, alteration, or repair of real property; and

(3) Those other professional services of an architectural or engineering nature, or incidental services, that members

of the architectural and engineering professions (and individuals in their employ) may logically or justifiably perform, including studies, investigations, surveying and mapping, tests, evaluations, consultations, comprehensive planning, program

management, conceptual designs, plans and specifications, value engineering, construction phase services, soils engineering,

drawing reviews, preparation of operating and maintenance manuals, and other related services.

Assignment of claims means the transfer or making over by the contractor to a bank, trust company, or other financing institution, as security for a loan to the contractor, of its right to be paid by the Government for contract performance.

Assisted acquisition means a type of interagency acquisition where a servicing agency performs acquisition activities on a

requesting agency's behalf, such as awarding and administering a contract, task order, or delivery order.

Basic research means that research directed toward increasing knowledge in science. The primary aim of basic research is

a fuller knowledge or understanding of the subject under study, rather than any practical application of that knowledge.

Best value means the expected outcome of an acquisition that, in the Government's estimation, provides the greatest

overall benefit in response to the requirement.

Bid sample means a product sample required to be submitted by an offeror to show characteristics of the offered products

that cannot adequately be described by specifications, purchase descriptions, or the solicitation (e.g., balance, facility of use,

or pattern).

Biobased product means a product determined by the U.S. Department of Agriculture to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including

renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient or feedstock. The term

includes, with respect to forestry materials, forest products that meet biobased content requirements, notwithstanding the

market share the product holds, the age of the product, or whether the market for the product is new or emerging. (7 U.S.C.

8101) (7 CFR 4270.2).

Broad agency announcement means a general announcement of an agency's research interest including criteria for selecting proposals and soliciting the participation of all offerors capable of satisfying the Government's needs (see 6.102(d)

(2)).

Building or work means construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations,

heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees,

canals, dredging, shoring, rehabilitation and reactivation of plants, scaffolding, drilling, blasting, excavating, clearing, and

landscaping. The manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State

agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing,

or owns the materials from which they are manufactured or furnished) is not "building" or "work" within the meaning of this definition unless conducted in connection with and at the site of such building or work as is described in the foregoing

2.1-2

SUBPART 2.1 - DEFINITIONS 2.101

sentence, or under the United States Housing Act of 1937 and the Housing Act of 1949 in the construction or development of

the project.

Bundling?

(1) Means a subset of consolidation that combines two or more requirements for supplies or services, previously

provided or performed under separate smaller contracts (see paragraph (2) of this definition), into a solicitation for a

single

contract, a multiple-award contract, or a task or delivery order that is likely to be unsuitable for award to a small business

concern (even if it is suitable for award to a small business with a Small Business Teaming Arrangement) due to?

- (i) The diversity, size, or specialized nature of the elements of the performance specified;
- (ii) The aggregate dollar value of the anticipated award;
- (iii) The geographical dispersion of the contract performance sites; or
- (iv) Any combination of the factors described in paragraphs (1)(i), (ii), and (iii) of this definition.

(2) "Separate smaller contract" as used in this definition, means a contract that has been performed by one or more

small business concerns or that was suitable for award to one or more small business concerns.

Business unit means any segment of an organization, or an entire business organization that is not divided into segments.

Certified cost or pricing data means "cost or pricing data" that were required to be submitted in accordance with FAR **15.403-4 and 15.403-5 and have been certified, or is required to be certified, in accordance with 15.406-2. This certification**

states that, to the best of the person's knowledge and belief, the cost or pricing data is accurate, complete, and current as of a

date certain before contract award. Cost or pricing data is required to be certified in certain procurements (10 U.S.C. chapter

271 and 41 U.S.C. chapter 35).

Change-of-name agreement means a legal instrument executed by the contractor and the Government that recognizes the

legal change of name of the contractor without disturbing the original contractual rights and obligations of the parties.

Change order means a written order, signed by the contracting officer, directing the contractor to make a change that the

Changes clause authorizes the contracting officer to order without the contractor's consent.

Chief Acquisition Officer means an executive level acquisition official responsible for agency performance of acquisition activities and acquisition programs created pursuant to 41 U.S.C. 1702.

Chief of mission means the principal officer in charge of a diplomatic mission of the United States or of a United States office abroad which is designated by the Secretary of State as diplomatic in nature, including any individual assigned under

section 502(c) of the Foreign Service Act of 1980 (Public Law 96-465) to be temporarily in charge of such a mission or office.

Claim means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating

to the contract. However, a written demand or written assertion by the contractor seeking the payment of money exceeding

\$100,000 is not a claim under 41 U.S.C. chapter 71, Contract Disputes, until certified as required by the statute. A voucher,

invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be

converted to a claim, by written notice to the contracting officer as provided in 33.206(a), if it is disputed either as to

liability

or amount or is not acted upon in a reasonable time.

Classified acquisition means an acquisition in which offerors must have access to classified information to properly submit an offer or quotation, to understand the performance requirements, or to perform the contract.

Classified contract means any contract in which the contractor or its employees must have access to classified information

during contract performance. A contract may be a classified contract even though the contract document itself is unclassified.

Classified information means any knowledge that can be communicated or any documentary material, regardless of its physical form or characteristics, that?

(1) (i) Is owned by, is produced by or for, or is under the control of the United States Government; or

(ii) Has been classified by the Department of Energy as privately generated restricted data following the procedures in 10 CFR 1045.21; and

(2) Must be protected against unauthorized disclosure according to Executive Order 12958, Classified National Security

Information, April 7, 1995, or classified in accordance with the Atomic Energy Act of 1954.

Cognizant Federal agency means the Federal agency that, on behalf of all Federal agencies, is responsible for establishing

final indirect cost rates and forward pricing rates, if applicable, and administering cost accounting standards for all contracts

in a business unit.

Combatant commander means the commander of a unified or specified combatant command established in accordance

with 10 U.S.C. 161.

Commercial and Government Entity (CAGE) code means?

2.1-3

2.101 FEDERAL ACQUISITION REGULATION

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency

(DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique

location; or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and

Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA Commercial

and Government Entity (CAGE) Branch records and maintains in the CAGE master file. This type of code is known as a NATO CAGE (NCAGE) code.

Commercial component means any component that is a commercial product.

Commercial computer software means any computer software that is a commercial product or commercial service.

Commercial product means?

(1) A product, other than real property, that is of a type customarily used by the general public or by nongovernmental

entities for purposes other than governmental purposes (i.e., purposes that are not unique to a government), and?

(i) Has been sold, leased, or licensed to the general public; or

(ii) Has been offered for sale, lease, or license to the general public;

(2) A product that evolved from a product described in paragraph (1) of this definition through advances in technology

or performance and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation;

(3) A product that would satisfy a criterion expressed in paragraph (1) or (2) of this definition, except for?

(i) Modifications of a type customarily available in the commercial marketplace; or

(ii) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. A minor modification does not significantly alter the function or essential physical characteristics

of an item or component or change the purpose of a process.

(4) Any combination of products meeting the requirements of paragraph (1), (2), or (3) of this definition that are of a

type customarily combined and sold in combination to the general public;

(5) A product, or combination of products, referred to in paragraphs (1) through (4) of this definition, even though

the product, or combination of products, is transferred between or among separate divisions, subsidiaries, or affiliates of a

contractor; or

(6) A nondevelopmental item developed exclusively at private expense and sold in substantial quantities, on a competitive basis to multiple State and local governments or to multiple foreign governments.

Commercial service means?

(1) Installation services, maintenance services, repair services, training services, and other services if?

(i) Such services are procured for support of a commercial product, as defined in this section regardless of whether such services are provided by the same source or at the same time as the commercial product; and

(ii) The source of such services provides similar services at the same time to the general public under terms and conditions similar to those offered to the Government;

(2) Services, including construction, of a type offered and sold competitively in substantial quantities in the commercial

marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved

and under standard commercial terms and conditions. For purposes of these services?

(i) Catalog price means a price included in a catalog, price list, schedule, or other form that the manufacturer or vendor regularly maintains, customers can inspect, and states prices at which sales are currently, or were last, made to a

significant number of buyers constituting the general public; and

(ii) Market prices means current prices that are established in the course of ordinary trade between buyers and sellers

free to bargain and that can be substantiated through competition or from sources independent of the offerors; or

(3) A service referred to in paragraph (1) or (2) of this definition, even though the service is transferred between or

among separate divisions, subsidiaries, or affiliates of a contractor.

Commercially available off-the-shelf item or COTS item ?

(1) Means any item of supply that is?

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in this section);
 (ii) Sold in substantial quantities in the commercial marketplace; and
 (iii) Offered to the Government without modification, in the same form in which it is sold in the commercial marketplace; but

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

2.1-4

SUBPART 2.1 - DEFINITIONS 2.101

Common item means material that is common to the applicable Government contract and the contractor's other work, except that for use in the clause at 52.246-26, see the definition in paragraph (a) of that clause.

Component means any item supplied to the Government as part of an end item or of another component, except that for use in?

- (1) Part 25, see the definition in 25.003;
- (2) 52.225-1 and 52.225-3, see the definition in 52.225-1(a) and 52.225-3(a);
- (3) 52.225-9 and 52.225-11, see the definition in 52.225-9(a) and 52.225-11(a); and
- (4) 52.225-21 and 52.225-23, see the definition in 52.225-21(a) and 52.225-23(a).

Computer database or "database" means a collection of recorded information in a form capable of, and for the purpose of,

being stored in, processed, and operated on by a computer. The term does not include computer software.

Computer software ?

(1) Means (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and
 (ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or

provide instructions for using the software.

Consent to subcontract means the contracting officer's written consent for the prime contractor to enter into a particular subcontract.

Consolidation or consolidated requirement?

(1) Means a solicitation for a single contract, a multiple-award contract, a task order, or a delivery order to satisfy-

(i) Two or more requirements of the Federal agency for supplies or services that have been provided to or performed

for the Federal agency under two or more separate contracts, each of which was lower in cost than the total cost of the contract for which offers are solicited; or

(ii) Requirements of the Federal agency for construction projects to be performed at two or more discrete sites.

(2) "Separate contract" as used in this definition, means a contract that has been performed by any business, including

small and other than small business concerns.

Construction means construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. For purposes of this definition, the terms "buildings, structures, or other real property" include, but are not limited to, improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, and channels. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing, or assembling of vessels, aircraft, or other kinds of personal property (except that for use in subpart 22.5, see the definition at 22.502).

Contiguous United States (CONUS) means the 48 contiguous States and the District of Columbia.

Contingency operation (10 U.S.C. 101(a)(13)) means a military operation that-

- (1) Is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become

involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or

- (2) Results in the call or order to, or retention on, active duty of members of the uniformed services under sections 688,

12301(a), 12302, 12304, 12304a, 12305, or 12406 of title 10 of the United States Code, Chapter 13 of title 10 of the United

States Code, and section 3713 of title 14 of the United States Code, or any other provision of law during a war or during a

national emergency declared by the President or Congress.

Continued portion of the contract means the portion of a contract that the contractor must continue to perform following a

partial termination.

Contract means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments,

contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering

agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written

2.1-5

2.101 FEDERAL ACQUISITION REGULATION

acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements

covered by 31 U.S.C. 6301, et seq. For discussion of various types of contracts, see part 16.

Contract administration office means an office that performs-

- (1) Assigned postaward functions related to the administration of contracts; and
- (2) Assigned preaward functions.

Contract clause or "clause" means a term or condition used in contracts or in both solicitations and contracts, and applying

after contract award or both before and after award.

Contract modification means any written change in the terms of a contract (see 43.103).

Contracting means purchasing, renting, leasing, or otherwise obtaining supplies or services from nonfederal sources.

Contracting includes description (but not determination) of supplies and services required, selection and solicitation of sources, preparation and award of contracts, and all phases of contract administration. It does not include making grants or

cooperative agreements.

Contracting activity means an element of an agency designated by the agency head and delegated broad authority regarding acquisition functions.

Contracting office means an office that awards or executes a contract for supplies or services and performs postaward functions not assigned to a contract administration office (except for use in part 48, see also 48.001).

Contracting officer means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings. The term includes certain authorized representatives of the contracting officer acting

within the limits of their authority as delegated by the contracting officer. "Administrative contracting officer (ACO)" refers

to a contracting officer who is administering contracts. "Termination contracting officer (TCO)" refers to a contracting officer

who is settling terminated contracts. A single contracting officer may be responsible for duties in any or all of these areas.

Reference in this regulation (48 CFR chapter 1) to administrative contracting officer or termination contracting officer does not-

(1) Require that a duty be performed at a particular office or activity; or

(2) Restrict in any way a contracting officer in the performance of any duty properly assigned.

Contracting officer's representative (COR) means an individual, including a contracting officer's technical representative

(COTR), designated and authorized in writing by the contracting officer to perform specific technical or administrative

functions.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere. For use in subpart 9.4, see the

definition at 9.403. For use in subpart 26.5, see the definition at 26.503.

Cost or pricing data (10 U.S.C. 3701(1) and 41 U.S.C. chapter 35) means all facts that, as of the date of price agreement,

or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on

price, prudent buyers and sellers would reasonably expect to affect price negotiations significantly. Cost or pricing data are

factual, not judgmental; and are verifiable. While they do not indicate the accuracy of the prospective contractor's judgment

about estimated future costs or projections, they do include the data forming the basis for that judgment. Cost or pricing data

are more than historical accounting data; they are all the facts that can be reasonably expected to contribute to the

soundness

of estimates of future costs and to the validity of determinations of costs already incurred. They also include, but are not limited to, such factors as-

- (1) Vendor quotations;
- (2) Nonrecurring costs;
- (3) Information on changes in production methods and in production or purchasing volume;
- (4) Data supporting projections of business prospects and objectives and related operations costs;
- (5) Unit-cost trends such as those associated with labor efficiency;
- (6) Make-or-buy decisions;
- (7) Estimated resources to attain business goals; and
- (8) Information on management decisions that could have a significant bearing on costs.

Cost realism means that the costs in an offeror's proposal-

- (1) Are realistic for the work to be performed;
- (2) Reflect a clear understanding of the requirements; and
- (3) Are consistent with the various elements of the offeror's technical proposal.

Cost sharing means an explicit arrangement under which the contractor bears some of the burden of reasonable, allocable, and allowable contract cost.

2.1-6

SUBPART 2.1 - DEFINITIONS 2.101

Customs territory of the United States means the 50 States, the District of Columbia, and Puerto Rico.

Covered territory business, as defined at 15 U.S.C. 632(ff) and 13 CFR 125.1, means a small business concern that has its

principal office located in the United States Virgin Islands, American Samoa, Guam, or the Commonwealth of the Northern

Mariana Islands.

Data other than certified cost or pricing data means pricing data, cost data, and judgmental information necessary for the

contracting officer to determine a fair and reasonable price or to determine cost realism. Such data may include the identical

types of data as certified cost or pricing data, consistent with Table 15-2 of 15.408, but without the certification. The data

may also include, for example, sales data and any information reasonably required to explain the offeror's estimating process,

including, but not limited to?

- (1) The judgmental factors applied and the mathematical or other methods used in the estimate, including those used in

projecting from known data; and

- (2) The nature and amount of any contingencies included in the proposed price.

Day means, unless otherwise specified, a calendar day.

Debarment means action taken by a suspending and debarring official under 9.406 to exclude a contractor from

Government contracting and Government-approved subcontracting for a reasonable, specified period; a contractor that is

?debarred? is excluded.

Delivery order means an order for supplies placed against an established contract or with Government sources.

Depreciation means a charge to current operations that distributes the cost of a tangible capital asset, less estimated residual value, over the estimated useful life of the asset in a systematic and logical manner. It does not involve a process

of valuation. Useful life refers to the prospective period of economic usefulness in a particular contractor's operations as distinguished from physical life; it is evidenced by the actual or estimated retirement and replacement practice of the contractor.

Descriptive literature means information provided by an offeror, such as cuts, illustrations, drawings, and brochures, that shows a product's characteristics or construction of a product or explains its operation. The term includes only that information needed to evaluate the acceptability of the product and excludes other information for operating or maintaining the product.

Design-to-cost means a concept that establishes cost elements as management goals to achieve the best balance between

life-cycle cost, acceptable performance, and schedule. Under this concept, cost is a design constraint during the design and

development phases and a management discipline throughout the acquisition and operation of the system or equipment.

Designated operational area means a geographic area designated by the combatant commander or subordinate joint force

commander for the conduct or support of specified military operations.

Direct acquisition means a type of interagency acquisition where a requesting agency places an order directly against a servicing agency's indefinite-delivery contract. The servicing agency manages the indefinite-delivery contract but does not

participate in the placement or administration of an order.

Direct cost means any cost that is identified specifically with a particular final cost objective. Direct costs are not limited to items that are incorporated in the end product as material or labor. Costs identified specifically with a contract are direct

costs of that contract. All costs identified specifically with other final cost objectives of the contractor are direct costs of those

cost objectives.

Disaster Response Registry means a voluntary registry of contractors who are willing to perform debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities established in accordance with

6 U.S.C. 796, Registry of Disaster Response Contractors. The Registry contains information on contractors who are willing to

perform disaster or emergency relief activities within the United States and its outlying areas. The Registry is accessed via the

Internet at <https://www.sam.gov>, Search Records, Advanced Search, Disaster Response Registry Search. (See 26.205.)

Drug-free workplace means the site(s) for the performance of work done by the contractor in connection with a specific contract where employees of the contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

Earned value management system means a project management tool that effectively integrates the project scope of work with cost, schedule and performance elements for optimum project planning and control. The qualities and

operating

characteristics of an earned value management system are described in Electronic Industries Alliance Standard 748 (EIA-748), Earned Value Management Systems. (See OMB Circular A-11, part 7.)

Economically disadvantaged women-owned small business (EDWOSB) concern- (see definition of "Women-Owned Small Business (WOSB) Program" in this section).

2.1-7

2.101 FEDERAL ACQUISITION REGULATION

Effective date of termination means the date on which the notice of termination requires the contractor to stop performance

under the contract. If the contractor receives the termination notice after the date fixed for termination, then the effective date

of termination means the date the contractor receives the notice.

Electronic commerce means electronic techniques for accomplishing business transactions including electronic mail or messaging, World Wide Web technology, electronic bulletin boards, purchase cards, electronic funds transfer, and electronic data interchange.

Electronic data interchange (EDI) means a technique for electronically transferring and storing formatted information between computers utilizing established and published formats and codes, as authorized by the applicable Federal Information Processing Standards.

Electronic Funds Transfer (EFT) means any transfer of funds, other than a transaction originated by cash, check, or similar

paper instrument, that is initiated through an electronic terminal, telephone, computer, or magnetic tape, for the purpose of ordering, instructing, or authorizing a financial institution to debit or credit an account. The term includes Automated Clearing House transfers, Fedwire transfers, and transfers made at automatic teller machines and point-of-sale terminals. For

purposes of compliance with 31 U.S.C.3332 and implementing regulations at 31 CFR part 208, the term "electronic funds

transfer" includes a Governmentwide commercial purchase card transaction.

Electronic Funds Transfer (EFT) indicator means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management records for identifying alternative EFT accounts (see subpart 32.11) for the same entity.

Emergency, as used in 6.208, 13.201, 13.500, 18.001, 18.202, 18.203, and subpart 26.2, means any occasion or instance

for which, in the determination of the President, Federal assistance is needed to supplement State and local efforts and capabilities to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe

in any part of the United States (42 U.S.C. 5122).

End product means supplies delivered under a line item of a Government contract, except for use in part 25 and the associated clauses at 52.225-1, 52.225-3, and 52.225-5, see the definitions in 25.003, 52.225-1(a), 52.225-3(a), and

52.225-5(a).

Excess personal property means any personal property under the control of a Federal agency that the agency head determines is not required for its needs or for the discharge of its responsibilities.

Executive agency means an executive department, a military department, or any independent establishment within the

meaning of 5 U.S.C.101, 102, and 104(1), respectively, and any wholly owned Government corporation within the meaning of 31 U.S.C. 9101.

Facilities capital cost of money means "cost of money as an element of the cost of facilities capital" as used at 48 CFR **9904.414-Cost Accounting Standard-Cost of Money as an Element of the Cost of Facilities Capital.**

Federal agency means any executive agency or any independent establishment in the legislative or judicial branch of the Government (except the Senate, the House of Representatives, the Architect of the Capitol, and any activities under the Architect's direction).

Federally-controlled facilities means?

- (1) Federally-owned buildings or leased space, whether for single or multi-tenant occupancy, and its grounds and approaches, all or any portion of which is under the jurisdiction, custody or control of a department or agency;
- (2) Federally-controlled commercial space shared with non-government tenants. For example, if a department or agency leased the 10th floor of a commercial building, the Directive applies to the 10th floor only;
- (3) Government-owned, contractor-operated facilities, including laboratories engaged in national defense research and production activities; and
- (4) Facilities under a management and operating contract, such as for the operation, maintenance, or support of a

Government-owned or Government-controlled research, development, special production, or testing establishment.

Federally-controlled information system means an information system (44 U.S.C. 3502(8) used or operated by a Federal agency, or a contractor or other organization on behalf of the agency (44 U.S.C. 3544(a)(1)(A)).

Federally Funded Research and Development Centers (FFRDC's) means activities that are sponsored under a broad charter by a Government agency (or agencies) for the purpose of performing, analyzing, integrating, supporting, and/or managing basic or applied research and/or development, and that receive 70 percent or more of their financial support from the Government; and-

- (1) A long-term relationship is contemplated;
- (2) Most or all of the facilities are owned or funded by the Government; and

2.1-8

SUBPART 2.1 - DEFINITIONS 2.101

(3) The FFRDC has access to Government and supplier data, employees, and facilities beyond that common in a normal contractual relationship.

Final indirect cost rate means the indirect cost rate established and agreed upon by the Government and the contractor as not subject to change. It is usually established after the close of the contractor's fiscal year (unless the parties decide

upon a different period) to which it applies. For cost-reimbursement research and development contracts with educational

institutions, it may be predetermined; that is, established for a future period on the basis of cost experience with similar contracts, together with supporting data.

First article means a preproduction model, initial production sample, test sample, first lot, pilot lot, or pilot models.

First article testing means testing and evaluating the first article for conformance with specified contract requirements before or in the initial stage of production.

F.o.b. means free on board. This term is used in conjunction with a physical point to determine-

- (1) The responsibility and basis for payment of freight charges; and
- (2) Unless otherwise agreed, the point where title for goods passes to the buyer or consignee.

F.o.b. destination means free on board at destination; i.e., the seller or consignor delivers the goods on seller's or consignor's conveyance at destination. Unless the contract provides otherwise, the seller or consignor is responsible for the

cost of shipping and risk of loss. For use in the clause at 52.247-34, see the definition at 52.247-34(a).

F.o.b. origin means free on board at origin; i.e., the seller or consignor places the goods on the conveyance. Unless the contract provides otherwise, the buyer or consignee is responsible for the cost of shipping and risk of loss. For use in the

clause at 52.247-29, see the definition at 52.247-29(a).

F.o.b.... (For other types of F.o.b., see 47.303).

Forward pricing rate agreement means a written agreement negotiated between a contractor and the Government to make

certain rates available during a specified period for use in pricing contracts or modifications. These rates represent reasonable

projections of specific costs that are not easily estimated for, identified with, or generated by a specific contract, contract end

item, or task. These projections may include rates for such things as labor, indirect costs, material obsolescence and usage,

spare parts provisioning, and material handling.

Forward pricing rate recommendation means a rate set unilaterally by the administrative contracting officer for use by the Government in negotiations or other contract actions when forward pricing rate agreement negotiations have not been

completed or when the contractor will not agree to a forward pricing rate agreement.

Freight means supplies, goods, and transportable property.

Full and open competition, when used with respect to a contract action, means that all responsible sources are permitted to compete.

General and administrative (G&A) expense means any management, financial, and other expense which is incurred by or allocated to a business unit and which is for the general management and administration of the business unit as a whole.

G&A expense does not include those management expenses whose beneficial or causal relationship to cost objectives can be

more directly measured by a base other than a cost input base representing the total activity of a business unit during a cost

accounting period.

Governmentwide acquisition contract (GWAC) means a task-order or delivery-order contract for information technology established by one agency for Governmentwide use that is operated-

- (1) By an executive agent designated by the Office of Management and Budget pursuant to 40 U.S.C. 11302(e); or
- (2) Under a delegation of procurement authority issued by the General Services Administration (GSA) prior to

August

7,1996, under authority granted GSA by former section 40 U.S.C. 759, repealed by Pub. L. 104-106. The Economy Act does

not apply to orders under a Governmentwide acquisition contract.

Governmentwide commercial purchase card means a purchase card, similar in nature to a commercial credit card, issued to

authorized agency personnel to use to acquire and to pay for supplies and services.

Governmentwide point of entry (GPE) means the single point where Government business opportunities, including synopses of proposed contract actions, solicitations, and associated information, can be accessed electronically by the public.

The GPE is located at <https://www.sam.gov>.

Head of the agency (see "agency head").

Head of the contracting activity means the official who has overall responsibility for managing the contracting activity.

Historically black college or university means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2.

HUBZone means a historically underutilized business zone that is an area located within one or more qualified census tracts, qualified nonmetropolitan counties, lands within the external boundaries of an Indian reservation, qualified base

2.1-9

2.101 FEDERAL ACQUISITION REGULATION

closure areas, redesignated areas, governor-designated covered areas, or qualified disaster areas, as defined in 13 CFR

126.103.

HUBZone contract means a contract awarded to a Small Business Administration certified "HUBZone small business concern" through any of the following procurement methods:

- (1) A sole-source award to a HUBZone small business concern.
- (2) Set-aside awards based on competition restricted to HUBZone small business concerns.
- (3) Awards to HUBZone small business concerns through full and open competition after a price evaluation preference

in favor of HUBZone small business concerns.

- (4) Awards based on a reserve for HUBZone small business concerns in a solicitation for a multiple-award contract.

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR

126.200, is certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business

concern in the Dynamic Small Business Search (DSBS) (13 CFR 126.103). SBA's designation also appears in SAM.

Humanitarian or peacekeeping operation means a military operation in support of the provision of humanitarian or foreign disaster assistance or in support of a peacekeeping operation under chapter VI or VII of the Charter of the United

Nations. The term does not include routine training, force rotation, or stationing ((10 U.S.C. 3015(2) and 41 U.S.C. 153(2)).

In writing, "writing," or "written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

Indirect cost means any cost not directly identified with a single final cost objective, but identified with two or more final cost objectives or with at least one intermediate cost objective.

Indirect cost rate means the percentage or dollar factor that expresses the ratio of indirect expense incurred in a given period to direct labor cost, manufacturing cost, or another appropriate base for the same period (see also "final indirect cost rate").

Ineligible means excluded from Government contracting (and subcontracting, if appropriate) pursuant to statutory, Executive order, or regulatory authority other than this regulation (48 CFR chapter 1) and its implementing and supplementing regulations; for example, pursuant to?

- (1) 40 U.S.C. chapter 31, subchapter IV, Wage Rate Requirements (Construction), and its related statutes and implementing regulations;
- (2) 41 U.S.C. chapter 67, Service Contract Labor Standards;
- (3) The Equal Employment Opportunity Acts and Executive orders;
- (4) 41 U.S.C. chapter 65, Contracts for Material, Supplies, Articles, and Equipment Exceeding \$10,000;
- (5) 41 U.S.C. chapter 83, Buy American; or
- (6) The Environmental Protection Acts and Executive orders.

Information and communication technology (ICT) means information technology and other equipment, systems, technologies, or processes, for which the principal function is the creation, manipulation, storage, display, receipt, or transmission of electronic data and information, as well as any associated content. Examples of ICT include but are not limited to the following: Computers and peripheral equipment; information kiosks and transaction machines; telecommunications equipment; customer premises equipment; multifunction office machines; software; applications; websites; videos; and electronic documents.

Information security means protecting information and information systems from unauthorized access, use, disclosure, disruption, modification, or destruction in order to provide-

- (1) Integrity, which means guarding against improper information modification or destruction, and includes ensuring information nonrepudiation and authenticity;
- (2) Confidentiality, which means preserving authorized restrictions on access and disclosure, including means for protecting personal privacy and proprietary information; and
- (3) Availability, which means ensuring timely and reliable access to, and use of, information.

Information technology means any equipment, or interconnected system(s) or subsystem(s) of equipment, that is used in

the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching,

interchange, transmission, or reception of data or information by the agency.

- (1) For purposes of this definition, equipment is used by an agency if the equipment is used by the agency directly or is

used by a contractor under a contract with the agency that requires-

- (i) Its use; or
- (ii) To a significant extent, its use in the performance of a service or the furnishing of a product.

2.1-10

SUBPART 2.1 - DEFINITIONS 2.101

- (2) The term "information technology" includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by

the

central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources.

(3) The term "information technology" does not include any equipment that-

(i) Is acquired by a contractor incidental to a contract; or

(ii) Contains imbedded information technology that is used as an integral part of the product, but the principal function of which is not the acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. For example, HVAC (heating, ventilation, and air conditioning) equipment, such as thermostats or temperature control devices, and medical equipment where information technology is integral to its operation, are not information technology.

Inherently governmental function means, as a matter of policy, a function that is so intimately related to the public interest

as to mandate performance by Government employees. This definition is a policy determination, not a legal determination.

An inherently governmental function includes activities that require either the exercise of discretion in applying Government

authority, or the making of value judgments in making decisions for the Government. Governmental functions normally fall

into two categories: the act of governing, i.e., the discretionary exercise of Government authority, and monetary transactions

and entitlements.

(1) An inherently governmental function involves, among other things, the interpretation and execution of the laws of

the United States so as to-

(i) Bind the United States to take or not to take some action by contract, policy, regulation, authorization, order, or otherwise;

(ii) Determine, protect, and advance United States economic, political, territorial, property, or other interests by military or diplomatic action, civil or criminal judicial proceedings, contract management, or otherwise;

(iii) Significantly affect the life, liberty, or property of private persons;

(iv) Commission, appoint, direct, or control officers or employees of the United States; or

(v) Exert ultimate control over the acquisition, use, or disposition of the property, real or personal, tangible or intangible, of the United States, including the collection, control, or disbursement of Federal funds.

(2) Inherently governmental functions do not normally include gathering information for or providing advice, opinions,

recommendations, or ideas to Government officials. They also do not include functions that are primarily ministerial and internal in nature, such as building security, mail operations, operation of cafeterias, housekeeping, facilities operations and

maintenance, warehouse operations, motor vehicle fleet management operations, or other routine electrical or mechanical services.

Inspection means examining and testing supplies or services (including, when appropriate, raw materials, components, and

intermediate assemblies) to determine whether they conform to contract requirements.

Insurance means a contract that provides that for a stipulated consideration, one party undertakes to indemnify another against loss, damage, or liability arising from an unknown or contingent event.

Interagency acquisition means a procedure by which an agency needing supplies or services (the requesting agency) obtains them from another agency (the servicing agency), by an assisted acquisition or a direct acquisition. The term includes

?

(1) Acquisitions under the Economy Act (31 U.S.C. 1535); and

(2) Non-Economy Act acquisitions completed under other statutory authorities, (e.g., General Services Administration

Federal Supply Schedules in subpart 8.4 and Governmentwide acquisition contracts (GWACs)).

Invoice means a contractor's bill or written request for payment under the contract for supplies delivered or services performed (see also "proper invoice").

Irrevocable letter of credit means a written commitment by a federally insured financial institution to pay all or part of a stated amount of money, until the expiration date of the letter, upon the Government's (the beneficiary) presentation of a

written demand for payment. Neither the financial institution nor the offeror/contractor can revoke or condition the letter of credit.

Labor surplus area means a geographical area identified by the Department of Labor in accordance with 20 CFR part 654,

subpart A, as an area of concentrated unemployment or underemployment or an area of labor surplus.

Labor surplus area concern means a concern that together with its first-tier subcontractors will perform substantially in labor surplus areas. Performance is substantially in labor surplus areas if the costs incurred under the contract on account of

2.1-11

2.101 FEDERAL ACQUISITION REGULATION

manufacturing, production, or performance of appropriate services in labor surplus areas exceed 50 percent of the contract price.

Latent defect means a defect that exists at the time of acceptance but cannot be discovered by a reasonable inspection.

Line item means the basic structural element in a procurement instrument that describes and organizes the required product

or service for pricing, delivery, inspection, acceptance, invoicing, and payment. The use of the term "line item" includes "subline item," as applicable.

Line item number means either a numeric or alphanumeric format to identify a line item.

Major disaster, as used in 6.208, 13.201, 13.500, 18.001, 18.202, 18.203, and subpart 26.2, means any natural catastrophe

(including any hurricane, tornado, storm, high water, winddriven water, tidal wave, tsunami, earthquake, volcanic eruption,

landslide, mudslide, snowstorm, or drought), or regardless of cause, any fire, flood, or explosion, in any part of the United

States, which, in the determination of the President, causes damage of sufficient severity and magnitude to warrant major

disaster assistance under the Stafford Act to supplement the efforts and available resources of States, local governments, and

disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby (42 U.S.C. 5122).

Major system means that combination of elements that will function together to produce the capabilities required to fulfill a mission need. The elements may include hardware, equipment, software, or any combination thereof, but exclude

construction or other improvements to real property. A system is a major system if-

- (1) The Department of Defense is responsible for the system and the total expenditures for research, development, test,

and evaluation for the system are estimated to be more than \$185 million based on Fiscal Year 2014 constant dollars or the

eventual total expenditure for the acquisition exceeds \$835 million based on Fiscal Year 2014 constant dollars (or any update

of these thresholds based on a more recent fiscal year, as specified in the DoD Instruction 5000.02, "Operation of the Defense

Acquisition System");

- (2) A civilian agency is responsible for the system and total expenditures for the system are estimated to exceed \$3

million or the dollar threshold for a "major system" established by the agency pursuant to Office of Management and Budget

Circular A-109, entitled "Major System Acquisitions," whichever is greater; or

- (3) The system is designated a "major system" by the head of the agency responsible for the system (10 U.S.C. 3041

and 41 U.S.C. 109).

Make-or-buy program means that part of a contractor's written plan for a contract identifying those major items to be produced or work efforts to be performed in the prime contractor's facilities and those to be subcontracted.

Manufactured end product means any end product in product and service codes (PSC) 1000-9999, except-

- (1) PSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or service group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Market research means collecting and analyzing information about capabilities within the market to satisfy agency needs.

Master solicitation means a document containing special clauses and provisions that have been identified as essential for

the acquisition of a specific type of supply or service that is acquired repetitively.

May denotes the permissive. However, the words "no person may..." mean that no person is required, authorized, or permitted to do the act described.

Micro-purchase means an acquisition of supplies or services, the aggregate amount of which does not exceed the

micro-

purchase threshold when using the procedures in subpart 12.4.

Micro-purchase threshold means \$15,000, except it means-

- (1) For acquisitions of construction subject to 40 U.S.C. chapter 31, subchapter IV, Wage Rate Requirements (Construction), \$2,000;
- (2) For acquisitions of services subject to 41 U.S.C. chapter 67, Service Contract Labor Standards, \$2,500;
- (3) For acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support

a contingency operation; to facilitate defense against or recovery from cyber, nuclear, biological, chemical or radiological

attack; to support a request from the Secretary of State or the Administrator of the United States Agency for International

2.1-12

SUBPART 2.1 - DEFINITIONS 2.101

Development to facilitate provision of international disaster assistance pursuant to 22 U.S.C. 2292 et seq.; or to support response to an emergency or major disaster (42 U.S.C. 5122), as described in 13.201(g)(1), except for construction subject to

40 U.S.C. chapter 31, subchapter IV, Wage Rate Requirements (Construction) (41 U.S.C. 1903)?

(i) \$25,000 in the case of any contract to be awarded and performed, or purchase to be made, inside the United States; and

(ii) \$40,000 in the case of any contract to be awarded and performed, or purchase to be made, outside the United States; and

- (4) For acquisitions of supplies or services from institutions of higher education (20 U.S.C. 1001(a)) or related or

affiliated nonprofit entities, or from nonprofit research organizations or independent research institutes?

(i) \$15,000; or

(ii) A higher threshold, as determined appropriate by the head of the agency and consistent with clean audit findings

under 31 U.S.C. chapter 75, Requirements for Single Audits; an internal institutional risk assessment; or State law.

Minority Institution means an institution of higher education meeting the requirements of Section 365(3) of the Higher Education Act of 1965 (20 U.S.C. 1067k), including a Hispanic-serving institution of higher education, as defined in Section

502(a) of the Act (20 U.S.C. 1101a).

Multi-agency contract (MAC) means a task-order or delivery-order contract established by one agency for use by Government agencies to obtain supplies and services, consistent with the Economy Act (see 17.502-2). Multi-agency contracts include contracts for information technology established pursuant to 40 U.S.C. 11314(a)(2).

Multiple-award contract means a contract that is?

- (1) A Multiple Award Schedule contract issued by GSA (e.g., GSA Schedule Contract) or agencies granted Multiple

Award Schedule contract authority by GSA (e.g., Department of Veterans Affairs) as described in FAR part 38;

- (2) A multiple-award task-order or delivery-order contract issued in accordance with FAR subpart 16.5, including

Governmentwide acquisition contracts; or

- (3) Any other indefinite-delivery, indefinite-quantity contract entered into with two or more sources pursuant to

the same solicitation.
 Must (see "shall").
 National defense means any activity related to programs for military or atomic energy production or construction, military assistance to any foreign nation, stockpiling, or space, except that for use in subpart 11.6, see the definition in 11.601.
 Neutral person means an impartial third party, who serves as a mediator, fact finder, or arbitrator, or otherwise functions to assist the parties to resolve the issues in controversy. A neutral person may be a permanent or temporary officer or employee of the Federal Government or any other individual who is acceptable to the parties. A neutral person must have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless the interest is fully disclosed in writing to all parties and all parties agree that the neutral person may serve (5 U.S.C. 583).

Nondevelopmental item means ?

- (1) Any previously developed item of supply that is in use by a Federal agency, a State or local government, or a foreign government with which the United States has a mutual defense cooperation agreement;
- (2) Any item described in paragraph (1) of this definition that requires only minor modification or modifications of a type customarily available in the commercial marketplace in order to meet the requirements of the procuring department or agency; or
- (3) Any item of supply being produced that does not meet the requirements in paragraphs (1) or (2) solely because the item is not yet in use.

Novation agreement means a legal instrument-

- (1) Executed by the-
 - (i) Contractor (transferor);
 - (ii) Successor in interest (transferee); and
 - (iii) Government; and
- (2) By which, among other things, the transferor guarantees performance of the contract, the transferee assumes all obligations under the contract, and the Government recognizes the transfer of the contract and related assets.

Offer means a response to a solicitation that, if accepted, would bind the offeror to perform the resulting contract.

- (1) It includes responses to invitations for bids (sealed bidding) called ?bids? or ?sealed bids? and responses to requests for proposals (negotiation) called ?proposals.?
- (2) It does not include responses to requests for quotations or ?quotations.?

Offeror means an entity that makes an offer or bid.

2.1-13

2.101 FEDERAL ACQUISITION REGULATION

Office of Small and Disadvantaged Business Utilization means the Office of Small Business Programs when referring to the Department of Defense.

OMB Uniform Guidance at 2 CFR part 200 is the abbreviated title for Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200), which supersedes OMB Circulars A-21, A-87,

A-89, A-102, A-110, A-122, and A-133, and the guidance in Circular A-50 on Audit Followup.

Option means a unilateral right in a contract by which, for a specified time, the Government may elect to purchase additional supplies or services called for by the contract, or may elect to extend the term of the contract.

Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

Outlying areas means-

(1) Commonwealths

(i) Puerto Rico.

(ii) The Northern Mariana Islands;

(2) Territories.

(i) American Samoa.

(ii) Guam.

(iii) U.S. Virgin Islands; and

(3) Minor outlying islands.

(i) Baker Island.

(ii) Howland Island.

(iii) Jarvis Island.

(iv) Johnston Atoll.

(v) Kingman Reef.

(vi) Midway Islands.

(vii) Navassa Island.

(viii) Palmyra Atoll.

(ix) Wake Atoll.

Overtime means time worked by a contractor's employee in excess of the employee's normal workweek.

Overtime premium means the difference between the contractor's regular rate of pay to an employee for the shift involved

and the higher rate paid for overtime. It does not include shift premium, i.e., the difference between the contractor's regular

rate of pay to an employee and the higher rate paid for extra-pay-shift work.

Partial termination means the termination of a part, but not all, of the work that has not been completed and accepted under a contract.

Past performance means an offeror's or contractor's performance on active and physically completed contracts (see **4.804-4**).

Performance-based acquisition (PBA) means an acquisition structured around the results to be achieved as opposed to the

manner by which the work is to be performed.

Performance Work Statement (PWS) means a statement of work for performance-based acquisitions that describes the required results in clear, specific and objective terms with measurable outcomes.

Personal property means property of any kind or interest in it except real property, records of the Federal Government, and naval vessels of the following categories:

(1) Battleships;

- (2) Cruisers;
- (3) Aircraft carriers;
- (4) Destroyers; and
- (5) Submarines.

Personal services contract means a contract that, by its express terms or as administered, makes the contractor personnel

appear to be, in effect, Government employees (see 37.104).

Plant clearance officer means an authorized representative of the contracting officer, appointed in accordance with agency

procedures, responsible for screening, redistributing, and disposing of contractor inventory from a contractor's plant or work

site. The term "Contractor's plant" includes, but is not limited to, Government-owned contractor-operated plants, Federal

installations, and Federal and non-Federal industrial operations, as may be required under the scope of the contract.

2.1-14

SUBPART 2.1 - DEFINITIONS 2.101

Power of attorney means the authority given one person or corporation to act for and obligate another, as specified in the

instrument creating the power; in corporate suretyship, an instrument under seal that appoints an attorney-in-fact to act in

behalf of a surety company in signing bonds (see also "attorney-in-fact" at 28.001).

Preadward survey means an evaluation of a prospective contractor's capability to perform a proposed contract.

Preponderance of the evidence means proof by information that, compared with that opposing it, leads to the conclusion

that the fact at issue is more probably true than not.

Pricing means the process of establishing a reasonable amount or amounts to be paid for supplies or services.

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

Procurement (see "acquisition").

Procuring activity means a component of an executive agency having a significant acquisition function and designated as

such by the head of the agency. Unless agency regulations specify otherwise, the term "procuring activity" is synonymous

with "contracting activity."

Products has the same meaning as "supplies."

Projected average loss means the estimated long-term average loss per period for periods of comparable exposure to risk of loss.

Proper invoice means an invoice that meets the minimum standards specified in 32.905(b).

Purchase order, when issued by the Government, means an offer by the Government to buy supplies or services, including

construction and research and development, upon specified terms and conditions, using simplified procedures (see

12.201-1

and part 13).

Qualification requirement means a Government requirement for testing or other quality assurance demonstration that must

be completed before award of a contract.

Qualified products list (QPL) means a list of products that have been examined, tested, and have satisfied all applicable qualification requirements.

Qualifying offeror, as used in 13.106-1 and 15.304, means an offeror that is determined to be a responsible source, submits

a technically acceptable proposal that conforms to the requirements of the solicitation, and the contracting officer has no

reason to believe would be likely to offer other than fair and reasonable pricing (10 U.S.C. 3206(c)(4)).

Receiving report means written evidence that indicates Government acceptance of supplies delivered or services performed (see subpart 46.6). Receiving reports must meet the requirements of 32.905(c).

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not

include those materials and by-products generated from, and commonly reused within, an original manufacturing process (42

U.S.C. 6903).

Registered in the System for Award Management (SAM) means that?

- (1) The Contractor has entered all mandatory information, including the unique entity identifier and the Electronic

Funds Transfer indicator (if applicable), the Commercial and Government Entity (CAGE) code, as well as data required by

the Federal Funding Accountability and Transparency Act of 2006 (see subpart 4.14), into SAM;

- (2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact

sections of the registration in SAM;

- (3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The contractor will be required to provide consent for TIN validation

to the Government as a part of the SAM registration process; and

- (4) The Government has marked the record Active.

Requesting agency means the agency that has the requirement for an interagency acquisition.

Residual value means the proceeds, less removal and disposal costs, if any, realized upon disposition of a tangible capital

asset. It usually is measured by the net proceeds from the sale or other disposition of the asset, or its fair value if the asset is

traded in on another asset. The estimated residual value is a current forecast of the residual value.

Responsible audit agency means the agency that is responsible for performing all required contract audit services at a business unit.

Responsible prospective contractor means a contractor that meets the standards in 9.104.

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offerors' identity, and have the opportunity to submit lower

priced offers until the close of the auction.

2.1-15

2.101 FEDERAL ACQUISITION REGULATION

Scrap means personal property that has no value except its basic metallic, mineral, or organic content.

Segment means one of two or more divisions, product departments, plants, or other subdivisions of an organization reporting directly to a home office, usually identified with responsibility for profit and/or producing a product or service. The

term includes-

- (1) Government-owned contractor-operated (GOCO) facilities; and
- (2) Joint ventures and subsidiaries (domestic and foreign) in which the organization has-
 - (i) A majority ownership; or
 - (ii) Less than a majority ownership, but over which it exercises control.

Self-insurance means the assumption or retention of the risk of loss by the contractor, whether voluntarily or involuntarily.

Self-insurance includes the deductible portion of purchased insurance.

Senior procurement executive means the individual appointed pursuant to 41 U.S.C. 1702(c) who is responsible for management direction of the acquisition system of the executive agency, including implementation of the unique acquisition

policies, regulations, and standards of the executive agency.

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern?

- (1) (i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the

case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled

veterans; and

- (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans

or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such

veteran; or

- (2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see subpart

19.14).

- (3) Service-disabled veteran, as used in this definition, means a veteran as defined in 38 U.S.C. 101(2), with a disability

that is service-connected, as defined in 38 U.S.C. 101(16), and who is registered in the Beneficiary Identification and Records Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs? Veterans Benefits

Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that?

- (1) Effective January 1, 2024, is designated in the System for Award Management (SAM) as certified by the Small

Business Administration (SBA) in accordance with 13 CFR 128.300; or

(2) Has represented that it is an SDVOSB concern in SAM and submitted a complete application for certification to

SBA on or before December 31, 2023.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers

to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

Servicing agency means the agency that will conduct an assisted acquisition on behalf of the requesting agency.

Shall denotes the imperative.

Shipment means freight transported or to be transported.

Shop drawings means drawings submitted by the construction contractor or a subcontractor at any tier or required under a

construction contract, showing in detail either or both of the following:

- (1) The proposed fabrication and assembly of structural elements.
- (2) The installation (i.e., form, fit, and attachment details) of materials or equipment.

Should means an expected course of action or policy that is to be followed unless inappropriate for a particular circumstance.

Signature or "signed" means the discrete, verifiable symbol of an individual that, when affixed to a writing with the knowledge and consent of the individual, indicates a present intention to authenticate the writing. This includes electronic symbols.

Simplified acquisition procedures means the methods prescribed in part 13 for making purchases of supplies or services.

Simplified acquisition threshold means \$350,000, except for?

- (1) Acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a

contingency operation; to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to support a request from the Secretary of State or the Administrator of the United States Agency for International

Development to facilitate provision of international disaster assistance pursuant to 22 U.S.C. 2292 et seq.; or to support response to an emergency or major disaster (42 U.S.C. 5122), (41 U.S.C. 1903), the term means?

2.1-16

SUBPART 2.1 - DEFINITIONS 2.101

- (i) \$1 million for any contract to be awarded and performed, or purchase to be made, inside the United States; and
 - (ii) \$2 million for any contract to be awarded and performed, or purchase to be made, outside the United States;
- and

- (2) Acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a

humanitarian or peacekeeping operation (10 U.S.C. 3015), the term means \$650,000 for any contract to be awarded and

performed, or purchase to be made, outside the United States.

Single, Governmentwide point of entry, means the one point of entry to be designated by the Administrator of OFPP that

will allow the private sector to electronically access procurement opportunities Governmentwide.

Small business concern?

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria and size standards in 13 CFR part 121 (see 19.102).

(2) Affiliates, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small business subcontractor means a concern that does not exceed the size standard for the North American Industry Classification Systems code that the prime contractor determines best describes the product or service being acquired by the subcontract.

Small Business Teaming Arrangement?

(1) Means an arrangement where?

(i) Two or more small business concerns have formed a joint venture; or

(ii) A small business offeror agrees with one or more other small business concerns to have them act as its subcontractors under a specified Government contract. A Small Business Teaming Arrangement between the offeror and its small business subcontractor(s) exists through a written agreement between the parties that?

(A) Is specifically referred to as a "Small Business Teaming Arrangement"; and

(B) Sets forth the different responsibilities, roles, and percentages (or other allocations) of work as it relates to the

acquisition;

(2) (i) For civilian agencies, may include two business concerns in a mentor-protégé relationship when both the mentor

and the protégé are small or the protégé is small and the concerns have received an exception to affiliation pursuant to 13

CFR 121.103(h)(3)(ii) or (iii).

(ii) For DoD, may include two business concerns in a mentor-protégé relationship in the DoD Mentor-Protégé Program (see 10 U.S.C. 4902) when both the mentor and the protégé are small. There is no exception to joint venture size

affiliation for offers received from teaming arrangements under the DoD Mentor-Protégé Program; and

(3) See 13 CFR 121.103(b)(9) regarding the exception to affiliation for offers received from Small Business Teaming

Arrangements in the case of a solicitation of offers for a bundled contract with a reserve.

Small disadvantaged business concern consistent with 13 CFR 124.1001, means a small business concern under the size

standard applicable to the acquisition, that:

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by?

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined

at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR

124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Sole source acquisition means a contract for the purchase of supplies or services that is entered into or proposed to be entered into by an agency after soliciting and negotiating with only one source.

Solicitation means any request to submit offers or quotations to the Government. Solicitations under sealed bid procedures

are called "invitations for bids." Solicitations under negotiated procedures are called "requests for proposals."

Solicitations

under simplified acquisition procedures may require submission of either a quotation or an offer.

Solicitation provision or provision means a term or condition used only in solicitations and applying only before contract award.

Source selection information means any of the following information that is prepared for use by an agency for the purpose

of evaluating a bid or proposal to enter into an agency procurement contract, if that information has not been previously made

available to the public or disclosed publicly:

2.1-17

2.101 FEDERAL ACQUISITION REGULATION

(1) Bid prices submitted in response to an agency invitation for bids, or lists of those bid prices before bid opening.

(2) Proposed costs or prices submitted in response to an agency solicitation, or lists of those proposed costs or prices.

(3) Source selection plans.

(4) Technical evaluation plans.

(5) Technical evaluations of proposals.

(6) Cost or price evaluations of proposals.

(7) Competitive range determinations that identify proposals that have a reasonable chance of being selected for award

of a contract.

(8) Rankings of bids, proposals, or competitors.

(9) Reports and evaluations of source selection panels, boards, or advisory councils.

(10) Other information marked as "Source Selection Information-See FAR 2.101 and 3.104" based on a case-by-

case determination by the head of the agency or the contracting officer, that its disclosure would jeopardize the integrity or

successful completion of the Federal agency procurement to which the information relates.

Special competency means a special or unique capability, including qualitative aspects, developed incidental to the primary

functions of the Federally Funded Research and Development Centers to meet some special need.

Special test equipment means either single or multipurpose integrated test units engineered, designed, fabricated, or modified to accomplish special purpose testing in performing a contract. It consists of items or assemblies of equipment including foundations and similar improvements necessary for installing special test equipment, and standard or general

purpose items or components that are interconnected and interdependent so as to become a new functional entity for special

testing purposes. Special test equipment does not include material, special tooling, real property, and equipment items used

for general testing purposes or property that with relatively minor expense can be made suitable for general purpose use.

Special tooling means jigs, dies, fixtures, molds, patterns, taps, gauges, and all components of these items including foundations and similar improvements necessary for installing special tooling, and which are of such a specialized nature that

without substantial modification or alteration their use is limited to the development or production of particular supplies or

parts thereof or to the performance of particular services. Special tooling does not include material, special test equipment,

real property, equipment, machine tools, or similar capital items.

State and local taxes means taxes levied by the States, the District of Columbia, outlying areas of the United States, or their political subdivisions.

Statement of Objectives (SOO) means a Government-prepared document incorporated into the solicitation that states the

overall performance objectives. It is used in solicitations when the Government intends to provide the maximum flexibility to

each offeror to propose an innovative approach.

Subline item means a subset of a line item.

Substantial evidence means information sufficient to support the reasonable belief that a particular act or omission has occurred.

Substantially as follows or "substantially the same as," when used in the prescription and introductory text of a provision or clause, means that authorization is granted to prepare and utilize a variation of that provision or clause to accommodate

requirements that are peculiar to an individual acquisition; provided that the variation includes the salient features of the FAR

provision or clause, and is not inconsistent with the intent, principle, and substance of the FAR provision or clause or related

coverage of the subject matter.

Supplemental agreement means a contract modification that is accomplished by the mutual action of the parties.

Supplies means all property except land or interest in land. It includes (but is not limited to) public works, buildings, and facilities; ships, floating equipment, and vessels of every character, type, and description, together with parts and accessories;

aircraft and aircraft parts, accessories, and equipment; machine tools; and the alteration or installation of any of the foregoing.

Supporting a diplomatic or consular mission means performing outside the United States under a contract administered by

Federal agency personnel who are subject to the direction of a Chief of Mission.

Surety means an individual or corporation legally liable for the debt, default, or failure of a principal to satisfy a contractual obligation. The types of sureties referred to are as follows:

- (1) An individual surety is one person, as distinguished from a business entity, who is liable for the entire penal amount

of the bond.

(2) A corporate surety is licensed under various insurance laws and, under its charter, has legal power to act as surety

for others.

(3) A cosurety is one of two or more sureties that are jointly liable for the penal sum of the bond. A limit of liability for

each surety may be stated.

2.1-18

SUBPART 2.1 - DEFINITIONS 2.101

Surplus property means excess personal property not required by any Federal agency as determined by the Administrator

of the General Services Administration (GSA). (See 41 CFR 102-36.40).

Suspending and debarring official means?

(1) An agency head; or

(2) A designee authorized by the agency head to impose a suspension and/or a debarment.

Suspension means action taken by a suspending and debarring official under 9.407 to disqualify a contractor temporarily

from Government contracting and Government-approved subcontracting; a contractor that is "suspended" is disqualified.

System for Award Management (SAM) means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-

related processes. It includes?

(1) Data collected from prospective Federal awardees required for the conduct of business with the Government;

(2) Prospective contractor-submitted annual representations and certifications in accordance with FAR subpart 4.12;

and

(3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of

Federal financial and non-financial assistance and benefits.

Task order means an order for services placed against an established contract or with Government sources.

Taxpayer Identification Number (TIN) means the number required by the IRS to be used by the offeror in reporting income

tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical

nature (including computer databases and computer software documentation). This term does not include computer software

or financial, administrative, cost or pricing, or management data or other information incidental to contract administration.

The term includes recorded information of a scientific or technical nature that is included in computer databases (see

41 U.S.C. 116).

Terminated portion of the contract means the portion of a contract that the contractor is not to perform following a

partial

termination. For construction contracts that have been completely terminated for convenience, it means the entire contract,

notwithstanding the completion of, and payment for, individual items of work before termination.

Termination for convenience means the exercise of the Government's right to completely or partially terminate performance of work under a contract when it is in the Government's interest.

Termination for default means the exercise of the Government's right to completely or partially terminate a contract because of the contractor's actual or anticipated failure to perform its contractual obligations.

Termination inventory means any property purchased, supplied, manufactured, furnished, or otherwise acquired for the performance of a contract subsequently terminated and properly allocable to the terminated portion of the contract. It includes

Government-furnished property. It does not include any facilities, material, special test equipment, or special tooling that are

subject to a separate contract or to a special contract requirement governing their use or disposition.

Unallowable cost means any cost that, under the provisions of any pertinent law, regulation, or contract, cannot be included in prices, cost-reimbursements, or settlements under a Government contract to which it is allocable.

Unique and innovative concept, when used relative to an unsolicited research proposal, means that-

- (1) In the opinion and to the knowledge of the Government evaluator, the meritorious proposal-
 - (i) Is the product of original thinking submitted confidentially by one source;
 - (ii) Contains new, novel, or changed concepts, approaches, or methods;
 - (iii) Was not submitted previously by another; and
 - (iv) Is not otherwise available within the Federal Government.
- (2) In this context, the term does not mean that the source has the sole capability of performing the research.

Unique entity identifier means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

United States, when used in a geographic sense, means the 50 States and the District of Columbia, except as follows:

- (1) For use in subpart 3.10, see the definition at 3.1001.
- (2) For use in subpart 22.8, see the definition at 22.801.
- (3) For use in subpart 22.10, see the definition at 22.1001.
- (4) For use in subpart 22.13, see the definition at 22.1301.
- (5) For use in subpart 22.16, see the definition at 22.1601.
- (6) For use in subpart 22.17, see the definition at 22.1702.
- (7) For use in subpart 22.18, see the definition at 22.1801.

2.1-19

2.101 FEDERAL ACQUISITION REGULATION

- (8) For use in subpart 22.19, see the definition at 22.1901.
- (9) [Reserved]
- (10) For use in part 25, see the definition at 25.003.
- (11) For use in part 27, see the definition at 27.001.
- (12) For use in subpart 47.4, see the definition at 47.401.

Unsolicited proposal means a written proposal for a new or innovative idea that is submitted to an agency on the initiative

of the offeror for the purpose of obtaining a contract with the Government, and that is not in response to a request for proposals, Broad Agency Announcement, Small Business Innovation Research topic, Small Business Technology

Transfer

Research topic, Program Research and Development Announcement, or any other Government-initiated solicitation or program.

Value engineering means an analysis of the functions of a program, project, system, product, item of equipment, building,

facility, service, or supply of an executive agency, performed by qualified agency or contractor personnel, directed at improving performance, reliability, quality, safety, and life-cycle costs (41 U.S.C. 1711). For use in the clause at 52.248-2, see

the definition at 52.248-2(b).

Value engineering change proposal (VECP)?

(1) Means a proposal that?

(i) Requires a change to the instant contract to implement; and

(ii) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics, provided, that it does not involve a change?

(A) In deliverable end item quantities only;

(B) In research and development (R&D) items or R&D test quantities that are due solely to results of previous

testing under the instant contract; or

(C) To the contract type only.

(2) For use in the clauses at-

(i) 52.248-2, see the definition at 52.248-2(b); and

(ii) 52.248-3, see the definition at 52.248-3(b).

Veteran-owned small business concern means a small business concern?

(1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C. 101(2))

or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

Virgin material means?

(1) Previously unused raw material, including previously unused copper, aluminum, lead, zinc, iron, other metal or

metal ore; or

(2) Any undeveloped resource that is, or with new technology will become, a source of raw materials.

Voluntary consensus standards means common and repeated use of rules, conditions, guidelines or characteristics for products, or related processes and production methods and related management systems. Voluntary Consensus Standards

are developed or adopted by domestic and international voluntary consensus standard making bodies (e.g., International

Organization for Standardization (ISO) and ASTM-International). See OMB Circular A-119.

Warranty means a promise or affirmation given by a contractor to the Government regarding the nature, usefulness, or condition of the supplies or performance of services furnished under the contract.

Women-owned small business concern means?

(1) A small business concern?

(i) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least

51 percent of the stock of which is owned by one or more women; and

(ii) Whose management and daily business operations are controlled by one or more women; or

(2) A small business concern eligible under the Women-Owned Small Business Program in accordance with 13 CFR

SUBPART 3.1 - SAFEGUARDS 3.103-2

3.000 Scope of part.

This part prescribes policies and procedures for avoiding improper business practices and personal conflicts of interest and

for dealing with their apparent or actual occurrence.

Subpart 3.1 - Safeguards

3.101 Standards of conduct.

3.101-1 General.

Government business must be conducted in a manner above reproach. Except as authorized by statute or regulation, business must be conducted with complete impartiality and without preferential treatment for anyone. Transactions involving

public funds require the highest degree of public trust and impeccable standards of conduct. The general rule is to avoid any

conflict of interest or even the appearance of a conflict of interest in Government-contractor relationships. Many Federal laws restrict Government personnel actions. Beyond these restrictions, official conduct must meet a standard where personnel

would have no reluctance to fully disclose their actions to the public.

3.101-2 Solicitation and acceptance of gratuities by Government personnel.

(a) As a rule, and as required by Executive Order 12731, no Government employee may solicit or accept, directly or

indirectly, any gratuity, gift, favor, entertainment, loan, or anything of monetary value from anyone who-

(1) Has or is seeking to obtain Government business with the employee's agency;

(2) Conducts activities that are regulated by the employee's agency; or

(3) Has interests that may be substantially affected by the performance or nonperformance of the employee's official

duties.

(b) Certain limited exceptions are authorized in agency regulations.

3.101-3 Agency regulations.

(a) Agencies must prescribe Standards of Conduct as required by 5 CFR part 735. These agency standards

contain?

- (1) Agency-authorized exceptions to 3.101-2; and
- (2) Disciplinary measures for persons violating the standards of conduct.

(b) Requirements for employee financial disclosure and restrictions on private employment for former Government employees are contained in Office of Personnel Management and agency regulations implementing Public Law 95-521, which amended 18 U.S.C. 207.

3.102 [Reserved]

3.103 Independent pricing.

3.103-1 Solicitation provision.

The contracting officer must include the provision at 52.203-2, Certificate of Independent Price Determination, in solicitations for firm-fixed-price contracts or fixed-price contracts with economic price adjustment, unless-

- (a) The purchase uses simplified acquisition procedures from part 13;
- (b) The solicitation only requests technical proposals under two-step sealed bidding; or
- (c) The solicitation is for utility services with rates established by law or regulation.

3.103-2 Evaluating the certification.

- (a) Evaluation guidelines. (1) The following activities are not considered "disclosure" as used in paragraph (a)(2) of the

Certificate of Independent Price Determination (the certificate):

- (i) A firm has published price lists, rates, or tariffs for items the Government is buying.
- (ii) A firm has told potential customers about upcoming new or revised price lists for items the Government is buying.
- (iii) A firm has sold the same items to commercial customers at the same prices offered to the Government.
- (iv) A firm participates in a reverse auction (explained in part 17).

3.1-1

3.104 FEDERAL ACQUISITION REGULATION

- (2) For paragraph (b)(2) of the certificate, an individual may use a blanket authorization to act as an agent for the

person(s) responsible for determining the offered prices if-

- (i) The proposed contract is clearly within the scope of the authorization; and
- (ii) The person giving the authorization is responsible for determining the offered prices at the time the certification

is made for that offer.

- (3) For joint offers from multiple companies, each company's certification applies only to its own activities.

(b) Rejecting potentially collusive offers. (1) If an offeror removes or modifies paragraph (a)(1), (a)(3), or (b) of the certificate, the contracting officer must reject their bid or proposal.

- (2) If an offeror deleted or modified paragraph (a)(2) of the certificate-

- (i) The offeror must furnish with its offer a signed explanation about how prices were disclosed;
- (ii) The chief of the contracting office must review both the changed certificate and explanation;
- (iii) The chief must determine in writing if the disclosure was made for the purpose or had the effect of limiting

competition;

(iv) If the determination finds the disclosure was made for the purpose or had the effect of limiting competition, the bid must be rejected; and

- (v) If the determination finds no competition issues, the bid may be considered for award.

- (3) When rejecting offers under paragraphs (b)(1) or (b)(2), or when suspecting false certification, the contracting

officer must report the situation to the Attorney General in accordance with 3.303.

(4) The determination in paragraph (2) does not prevent prosecution of criminal or civil actions involving the transactions to which the certificate relates.

3.104 Procurement integrity.

3.104-1 Definitions.

As used in this section?

Agency ethics official means the designated agency ethics official described in 5 CFR 2638.201 or other designated person, including?

- (1) Deputy ethics officials described in 5 CFR 2638.204, to whom authority under 3.104-6 has been delegated by the

designated agency ethics official; and

- (2) Alternate designated agency ethics officials described in 5 CFR 2638.202(b).

Compensation means wages, salaries, honoraria, commissions, professional fees, and any other form of payment, provided

directly or indirectly for services rendered. Compensation is indirectly provided if it is paid to an entity other than the individual, specifically in exchange for services provided by the individual.

Contractor bid or proposal information means any of the following information submitted to a Federal agency as part of or in connection with a bid or proposal to enter into a Federal agency procurement contract, if that information has not been

previously made available to the public or disclosed publicly:

- (1) Cost or pricing data (as defined by 10 U.S.C. 3701(1) with respect to procurements subject to that section, and

41 U.S.C. 3501(a)(1), with respect to procurements subject to that section.

- (2) Indirect costs and direct labor rates.

- (3) Proprietary information about manufacturing processes, operations, or techniques marked by the contractor in

accordance with applicable law or regulation.

- (4) Information marked by the contractor as "contractor bid or proposal information" in accordance with applicable law

or regulation.

- (5) Information marked in accordance with 52.215-1(e).

Decision to award a subcontract or modification of subcontract means a decision to designate award to a particular source.

Federal agency procurement means the acquisition (by using competitive procedures and awarding a contract) of goods or

services (including construction) from non-Federal sources by a Federal agency using appropriated funds. For broad agency

announcements and small business innovation research programs, each proposal received by an agency counts as a separate

procurement for purposes of 41 U.S.C. chapter 21.

In excess of \$10,000,000 means?

- (1) The value, or estimated value, at the time of award, of the contract, including all options;

3.1-2

SUBPART 3.1 - SAFEGUARDS 3.104-2

(2) The total estimated value at the time of award of all orders under an indefinite-delivery, indefinite-quantity, or requirements contract;

(3) Any multiple award schedule contract, unless the contracting officer documents a lower estimate;

(4) The value of a delivery order, task order, or an order under a Basic Ordering Agreement;

(5) The amount paid or to be paid in settlement of a claim; or

(6) The estimated monetary value of negotiated overhead or other rates when applied to the Government portion of the applicable allocation base.

Official means?

(1) An officer, as defined in 5 U.S.C.2104;

(2) An employee, as defined in 5 U.S.C.2105;

(3) A member of the uniformed services, as defined in 5 U.S.C.2101(3); or

(4) A special Government employee, as defined in 18 U.S.C.202.

Participating personally and substantially in a Federal agency procurement means?

(1) Active and significant involvement of an official in any of the following activities directly related to that procurement:

(i) Drafting, reviewing, or approving the specification or statement of work for the procurement.:

(ii) Preparing or developing the solicitation.

(iii) Evaluating bids or proposals, or selecting a source.

(iv) Negotiating price or terms and conditions of the contract.

(v) Reviewing and approving the award of the contract.

(2) "Participating personally" means participating directly and includes the direct and active supervision of a subordinate's participation in the matter.

(3) "Participating substantially" means that the official's involvement is of significance to the matter. Substantial participation requires more than official responsibility, knowledge, perfunctory involvement, or involvement on an administrative or peripheral issue. Participation may be substantial even though it is not determinative of the outcome of a particular matter. A finding of substantiality should be based not only on the effort devoted to a matter, but on the importance

of the effort. While a series of peripheral involvements may be insubstantial, the single act of approving or participating in a critical step may be substantial. However, the review of procurement documents solely to determine compliance with

regulatory, administrative, or budgetary procedures, does not constitute substantial participation in a procurement.

(4) Generally, an official will not be considered to have participated personally and substantially in a procurement

solely by participating in the following activities:

(i) Agency-level boards, panels, or other advisory committees that review program milestones or evaluate and recommend alternative technologies or approaches for broad agency-level missions or objectives.

(ii) General technical, engineering, or scientific work with broad application not directly tied to a specific procurement, even if that work later becomes part of a procurement.

(iii) Clerical functions supporting a particular procurement.

(iv) For OMB Circular A-76 procurements, participation in management studies, preparation of in-house cost estimates, preparation of "most efficient organization" analyses, or providing data or technical support for others to develop

performance standards, statements of work, or specifications.

Source selection evaluation board means any board, team, council, or other group that evaluates bids or proposals.

3.104-2 General.

(a) This section implements 41 U.S.C. chapter 21, Restrictions on Obtaining and Disclosing Certain Information.

The

senior procurement executive of the agency must approve any agency changes to 3.104. This includes specific definitions

identifying individuals who occupy positions specified in 3.104-3(d)(1)(ii), and any required clauses. A law may establish a

higher level of approval for that agency.

(b) Agency officials need to remember that other statutes and regulations also address similar prohibited conduct, for

example?

(1) The offer or acceptance of a bribe or gratuity is prohibited by 18 U.S.C. 201 and 10 U.S.C. 4651. The 5 U.S.C. 7353

and 5 CFR part 2635 prohibit accepting certain gifts;

(2) Contact with an offeror during an acquisition may constitute "seeking employment" (see subpart F of 5 CFR part

2636 and 3.104-3(c)(2)). Government employees cannot participate personally and substantially in any matter that would

affect the financial interests of a person with whom they are seeking employment, as prohibited by 18 U.S.C. 208 and 5 CFR

3.1-3

3.104-3 FEDERAL ACQUISITION REGULATION

part 3 for reports to be made to the Department of Justice);

Status: Unknown

part 3 for reports to be made to the Department of Justice);

(8) No responsive bid has been received from a responsible bidder;

(9) A cost comparison as prescribed in OMB Circular A-76 shows that performance by the Government is more economical; or

(10) For other reasons, cancellation is clearly in the public's interest.

(c) If award is delayed beyond the bidders' acceptance periods, the contracting officer should request bidders extend in

writing the bid acceptance period (with consent of sureties, if any) in order to avoid the need for resoliciting.

(d) Under some circumstances, completion of the acquisition after cancellation of the invitation for bids may be appropriate.

(1) If the invitation for bids has been cancelled for the reasons specified in paragraphs (b)(6) through (8) of this section,

and the agency head has authorized, in the determination in paragraph (b) of this section, the completion of the acquisition

through negotiation, the contracting officer must proceed in accordance with paragraph (e) of this section.

14.3-4

SUBPART 14.3 - EVALUATION AND AWARD 14.306-3

(2) If the invitation for bids has been cancelled for the reasons specified in paragraphs (b) (1), (2), (4), (5), or (10)

of this section, or for the reasons in paragraphs (b) (6), (7), or (8) of this section and completion through negotiation is not

authorized under paragraph (d)(1) of this section, the contracting officer must proceed with a new acquisition.

(e) When the agency head has determined, in accordance with paragraph (d)(1) of this section, that an invitation for bids

should be canceled and that use of negotiation is in the Government's interest, the contracting officer may negotiate (in accordance with part 15, as appropriate) and make award without issuing a new IFB provided?

(1) Each responsible bidder in the sealed bid acquisition has been given notice that negotiations will be conducted and

has been given an opportunity to participate in negotiations; and

(2) The award is made to the responsible bidder offering the lowest negotiated price.

14.306 Evaluation.

14.306-1 Responsiveness of bids.

(a) To be considered for award, a bid must comply in all material respects with the invitation for bids.

(b) Bids must be filled out, executed, and submitted in accordance with the instructions in the invitation. If a bidder uses

its own bid form or a letter to submit a bid, the bid may be considered only if?

(1) The bidder accepts all the terms and conditions of the invitation; and

(2) Award on the bid would result in a binding contract with terms and conditions that do not vary from the terms and

conditions of the invitation.

(c) Bids submitted by electronic commerce may be considered only if the electronic commerce method was specifically

stipulated or permitted by the IFB.

(d) If any sample fails to conform to the characteristics listed in the invitation, the respective bid will be rejected as nonresponsive.

14.306-2 Responsible bidder?reasonableness of price.

(a) Prior to award, the contracting officer must determine that?

(1) The apparent awardee(s) is responsible (see subpart 9.1); and

(2) The prices offered are reasonable and not materially unbalanced.

(b) The price analysis techniques in part 15 should be used as guidelines for determining reasonableness and if prices

offered are materially unbalanced.

(c) In each case the determination must be made in the light of all prevailing circumstances. Particular care must be taken

in cases where only a single bid is received.

14.306-3 Rejection of individual bids.

(a) Bids that fail to conform to the basic requirements of the invitation for bids must be rejected.

(b) Bids that do not conform to the requirements must be rejected unless the invitation authorized the submission of alternate bids and the supplies offered as alternates meet the requirements specified in the invitation.

(c) Bids that fail to conform to the delivery schedule or permissible alternates stated in the invitation must be

rejected.

(d) Bids must be rejected if the bidder imposes conditions that would modify requirements of the invitation or limit the

bidder's liability to the Government. For example, bids must be rejected in which the bidder?

(1) Protects against future changes in conditions, such as increased costs, if total possible costs to the Government

cannot be determined;

(2) Fails to state a price and indicates that price will be the price in effect at time of delivery;

(3) States a price but qualifies it as being subject to the price in effect at time of delivery;

(4) When not authorized by the invitation, conditions or qualifies a bid by stipulating that it is to be considered only if,

before date of award, the bidder receives (or does not receive) award under a separate IFB;

(5) Requires the Government to determine that the bidder's product meets applicable Government specifications; or

(6) Limits rights of the Government under any contract clause.

(e) A low bidder may be requested to delete objectionable conditions from a bid provided the conditions do not go to the

substance, as distinguished from the form, of the bid, or work an injustice on other bidders. A condition goes to the substance

of a bid where it affects price, quantity, quality, or delivery of the items offered.

(f) The contracting officer may reject any bid if they determine in writing that it is unreasonable as to the total price of the

bid or the prices for individual line items as well.

14.3-5

14.306-4 FEDERAL ACQUISITION REGULATION

(g) The contracting officer may reject any bid if the prices for any line items or subline items are materially unbalanced

(see part 15).

(h) The contracting officer must reject any bid received from a person or concern that is suspended, debarred, proposed for

debarment, or declared ineligible as of the bid opening date unless determined in writing that there is a compelling reason for

such action (see subpart 9.4).

(i) Reject low bids received from concerns determined to be not responsible pursuant to part 9, unless received from a

small business concern (see part 19 with respect to certificates of competency).

(j) Reject a bid when a bid guarantee is required and a bidder fails to furnish the guarantee in accordance with the requirements of the invitation for bids, except as otherwise provided in part 28.

(k) Preserve the originals of all rejected bids, and any written findings with respect to such rejections with the contract file.

(l) After submitting a bid, if all of a bidder's assets or that part related to the bid are transferred during the period between

the bid opening and the award, the transferee may not be able to take over the bid. Accordingly, the contracting officer must

reject the bid unless the transfer is effected by merger, operation of law, or other means not barred by 41 U.S.C. 6305 or 31

U.S.C. 3727.

14.306-4 Rejection of all bids.

When it is determined necessary to reject all bids, the contracting officer must notify each bidder that all bids have been rejected and provide the reason for such action.

14.306-5 Restrictions on disclosure of descriptive literature.

When a bid is accompanied by descriptive literature, and the bidder imposes a restriction that prevents the public disclosure of such literature, the restriction may render the bid nonresponsive. The restriction renders the bid nonresponsive

if it prohibits the disclosure of sufficient information to permit competing bidders to know the essential nature and type of the products offered or those elements of the bid that relate to quantity, price, and delivery terms. The provisions of this paragraph do not apply to unsolicited descriptive literature submitted by a bidder if such literature does not qualify the bid.

14.306-6 All or none qualifications.

Unless the IFB provides otherwise, a bid may be responsive notwithstanding that the bidder specifies that award will be accepted only on all, or a specified group, of the items. Contracting officers must not permit bidders to withdraw or modify

all or none qualifications after bid opening since such qualifications are substantive and affect the rights of other bidders.

14.306-7 Minor informalities or irregularities in bids.

A minor informality or irregularity is merely a matter of form and not of substance or some immaterial defect in a bid or variation of a bid from the exact requirements of the invitation that can be corrected or waived without being prejudicial

to other bidders. The defect or variation is immaterial when the effect on price, quantity, quality, or delivery is negligible when contrasted with the total cost or scope of the supplies or services being acquired. The contracting officer either must

give the bidder an opportunity to cure any deficiency resulting from a minor informality or irregularity in a bid or waive the

deficiency, whichever is to the advantage of the Government. Examples of minor informalities or irregularities include failure

of a bidder to?

- (a) Return the number of copies of signed bids required by the invitation;
- (b) Furnish required information concerning the number of its employees;
- (c) Sign its bid, but only if?

- (1) The unsigned bid is accompanied by other material indicating the bidder's intention to be bound by the unsigned bid

(such as the submission of a bid guarantee or a letter signed by the bidder, with the bid, referring to and clearly identifying the

bid itself); or

- (2) The firm submitting a bid has formally adopted or authorized, before the date set for opening of bids, the execution

of documents by written, printed, or stamped signature and submits evidence of such authorization and the bid carries such a

signature;

(d) Acknowledge receipt of an amendment to an invitation for bids, but only if?

(1) The bid received clearly indicates that the bidder received the amendment, such as where the amendment added

another item to the invitation and the bidder submitted a bid on the item; or

(2) The amendment involves only a matter of form or has either no effect or merely a negligible effect on price, quantity, quality, or delivery of the item bid upon; and

14.3-6

SUBPART 14.3 - EVALUATION AND AWARD 14.307

(e) Execute the representations with respect to Equal Opportunity and Affirmative Action Programs, as set forth in the

clauses at 52.222-22, Previous Contracts and Compliance Reports, and 52.222-25, Affirmative Action Compliance.

14.306-8 Prompt payment discounts.

Prompt payment discounts must not be considered in the evaluation of bids.

14.306-9 Economic price adjustment.

(a) Bidder proposed economic price adjustment.

(1) When an IFB does not contain an economic price adjustment clause but a bidder proposes one with a ceiling that

the price will not exceed, the contracting officer must evaluate the bid on the basis of the maximum possible economic price

adjustment of the quoted base price.

(2) If the bid is eligible for award, the contracting officer must request the bidder to agree to the inclusion in the award

of an approved economic price adjustment clause (see part 16) that is subject to the same ceiling. If the bidder will not agree

to an approved clause, the contracting officer may award based on the bid as originally submitted.

(3) Reject bids that contain economic price adjustments with no ceiling unless a clear basis for evaluation exists.

(b) (1) When an invitation contains a Government proposed economic price adjustment clause and no bidder takes exception to the provisions, the contracting officer must evaluate bids on the basis of the quoted prices without the allowable

economic price adjustment being added.

(2) Reject a bid as nonresponsive if a bidder increases the maximum percentage of economic price adjustment stipulated in the invitation or limits the downward economic price adjustment provisions of the invitation.

(3) Reject a bid as nonresponsive if a bid indicates deletion of the economic price adjustment clause because the

downward economic price adjustment provisions are thereby limited.

(4) When a bidder decreases the maximum percentage of economic price adjustment stipulated in the invitation, the

contracting officer must evaluate the bid at the base price on an equal basis with bids that do not reduce the stipulated ceiling.

However, after evaluation, if the bidder offering the lower ceiling is in a position to receive the award, the award must reflect

the lower ceiling.

14.307 Award.

(a) The contracting officer must make a contract award?

- (1) By written or electronic notice,
- (2) Within the time for acceptance specified in the bid or an extension, and
- (3) To that responsible bidder whose bid, conforming to the invitation, will be most advantageous to the Government,

considering only price and the price-related factors included in the invitation.

(b) When more than one award results from any single invitation for bids, separate award documents must be executed.

(c) When an award is made to a bidder for less than all of the items that may be awarded to that bidder and additional

items are being withheld for subsequent award, the invitation to bid and award document must state that the Government may

make subsequent awards for those additional items within the bid acceptance period.

(d) All provisions of the invitation for bids, including any acceptable additions or changes made by a bidder in the bid,

must be clearly and accurately set forth (either expressly or by reference) in the award document.

(e) (1) Award is generally made by using the Award portion of Standard Form (SF) 33, Solicitation, Offer, and Award, or

SF 1447, Solicitation/Contract (see 53.214). If an offer on an SF 33 leads to further changes, the resulting contract must be

prepared as a bilateral document on SF 26, Award/Contract.

(2) Use of the Award portion of SF 33, SF 26, or SF 1447, does not preclude the additional use of informal documents,

including electronic communications, as notices of awards.

(3) Do not physically include Part IV in the contract. Award by acceptance of a bid on the award portion of Standard

Form 33, Solicitation Offer and Award (SF 33), Standard Form 26, Award/Contract (SF 26), or Standard Form 1447, Solicitation/Contract (SF 1447), incorporates Section K, Representations, certifications, and other statements of bidders, in

the resultant contract even though not physically attached.

(f) Any discount offered will form a part of the award and will be taken by the payment center if payment is made within

the discount period specified by the bidder.

(1) As an alternative to indicating a discount in conjunction with the offer, bidders may prefer to offer discounts on

individual invoices.

(2) See part 32, which prescribes the contract clause at 52.232-8, Discounts for Prompt Payment.

14.3-7

14.308 FEDERAL ACQUISITION REGULATION

14.308 Award of equal low bids.

(a) Award contracts in the following order of priority when two or more low bids are equal in all respects:

- (1) Small business concerns that are also labor surplus area concerns.
- (2) Other small business concerns.

(3) Other business concerns.

(b) If two or more bidders remain equally eligible after application of paragraph (a) above, the contracting officer must conduct a drawing, limited to those bidders. If time permits, give the bidders involved an opportunity to attend the drawing.

The drawing must be witnessed by at least three persons, and the contract file must contain the names and addresses of the witnesses and the person supervising the drawing.

(c) When an award is to be made by using the priorities under this section, the contracting officer must include a written agreement in the contract that the contractor will perform, or cause to be performed, the contract in accordance with the circumstances justifying the priority used to break the tie or select bids for a drawing by lot.

14.309 Information to bidders.

14.309-1 Award of unclassified contracts.

(a) The contracting officer must as a minimum (subject to any restrictions in part 9)?

(1) Notify each unsuccessful bidder in writing or electronically within three days after contract award, that its bid was not accepted. ?Day,? for purposes of the notification process, means calendar day, except that the period will run until a day which is not a Saturday, Sunday, or legal holiday; and

(2) When award is made to other than a low bidder, state the reason for rejection in the notice to each of the unsuccessful low bidders.

(b) For acquisitions covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement (see part 25), agencies must include in notices given unsuccessful bidders from World Trade Organization Government Procurement Agreement or Free Trade Agreement countries?

(1) The dollar amount of the successful bid; and

(2) The name and address of the successful bidder.

14.309-2 Award of classified contracts.

In addition to 14.309-1, if classified information was furnished or created in connection with the IFB, the contracting officer must advise the unsuccessful bidders, including any who did not bid, to take disposition action in accordance with agency procedures. The contracting officer may provide the name of the successful bidder and the contract price to unsuccessful bidders upon request. Information regarding a classified award must not be provided by telephone.

14.3-8

SUBPART 14.4 - POSTAWARD. 14.401

Subpart 14.4 - Postaward.

14.401 Mistakes after award.

If a contractor's discovery and request for correction of a mistake in bid is not made until after the award, it must be processed under the procedures of part 33 and the following:

(a) When a mistake in a contractor's bid is not discovered until after award, correct the mistake by contract modification if it would be favorable to the Government without changing the essential requirements of the specifications.

(b) In addition to the cases contemplated in paragraph (a) of this section or as otherwise authorized by law,

agencies are

authorized to make a determination?

- (1) To rescind a contract;
- (2) To reform a contract to?

(i) Delete the items involved in the mistake; or

(ii) Increase the price if the contract price, as corrected, does not exceed that of the next lowest acceptable bid under

the original invitation for bids; or

- (3) That no change will be made in the contract as awarded, if the evidence does not warrant a determination under

paragraphs (1) or (2).

(c) Make determinations under paragraphs (b)(1) and (2) on the basis of clear and convincing evidence that a mistake in

bid was made. In addition, it must be clear that the mistake was?

- (1) Mutual, or
- (2) If unilaterally made by the contractor, so apparent as to have charged the contracting officer with notice of the

probability of the mistake.

(d) Each proposed determination must be coordinated with legal counsel in accordance with agency procedures.

(e) Process mistakes alleged or disclosed after award as follows:

(1) The contracting officer must request the contractor to support the alleged mistake by submission of written statements and pertinent evidence, such as?

- (i) The contractor's file copy of the bid,
- (ii) The contractor's original worksheets and other data used in preparing the bid,
- (iii) Subcontractors' and suppliers' quotations, if any,
- (iv) Published price lists, and
- (v) Any other evidence that will serve to establish the mistake, the manner in which the mistake occurred, and the

bid actually intended.

(2) The case file concerning an alleged mistake must contain the following:

(i) All evidence furnished by the contractor in support of the alleged mistake.

(ii) A signed statement by the contracting officer?

(A) Describing the supplies or services involved;

(B) Specifying how and when the mistake was alleged or disclosed;

(C) Summarizing the evidence submitted by the contractor and any additional evidence considered pertinent;

(D) Quoting, in cases where only one bid was received, the most recent contract price for the supplies or services

involved, or in the absence of a recent comparable contract, the contracting officer's estimate of a fair price for the supplies or

services and the basis for the estimate;

(E) Setting forth the contracting officer's opinion whether a bona fide mistake was made and whether the

contracting officer was, or should have been, on constructive notice of the mistake before the award, together with the reasons for, or data in support of, such opinion;

(F) Setting forth the course of action with respect to the alleged mistake that the contracting officer

considers

proper on the basis of the evidence, and if other than a change in contract price is recommended, the manner by which the

supplies or services will otherwise be acquired; and

(G) Disclosing the status of performance and payments under the contract, including contemplated performance

and payments.

(iii) A signed copy of the bid involved.

(iv) A copy of the invitation for bids and any specifications or drawings relevant to the alleged mistake.

(v) An abstract of written record of the bids received.

(vi) A written request by the contractor to reform or rescind the contract, and copies of all other relevant correspondence between the contracting officer and the contractor concerning the alleged mistake.

14.4-1

14.402 FEDERAL ACQUISITION REGULATION

(vii) A copy of the contract and any related change orders or supplemental agreements.

(f) Each agency must include in the contract file a record of?

(1) All determinations made in accordance with this 14.401;

(2) the facts involved, and

(3) the action taken in each case.

14.402 Pricing modifications.

See part 15 for cost and price negotiation policies and procedures.

SUBPART 4.1 - PRESOLICITATION 4.101

4.000 Scope of part.

This part prescribes policies and procedures relating to the administrative aspects of contract execution, contractor-submitted documents, reporting, retention, and files.

4.001 Definitions.

As used in this part-

Executive means officers, managing partners, or any other employees in management positions.

First-tier subcontract means a subcontract awarded directly by the Contractor to acquire supplies or services (including construction) for performing a prime contract. It does not include the contractor's supplier agreements with vendors, such

as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally

applied to a contractor's general and administrative expenses or indirect costs.

Generic entity identifier means an identifier assigned to a category of vendors, not specific to any individual or entity.

Total compensation means the cash and noncash dollar value earned by the executive during the contractor's preceding

fiscal year and includes the information described at 17 CFR 229.402(c)(2).

4.002 Electronic commerce in contracting.

Agencies must use electronic commerce to the maximum extent that is practicable and cost-effective, see 41 U.S.C. 2301.

Subpart 4.1 - Presolicitation

4.101 Contract files.

- (a) Each office performing contracting, contract administration, or paying functions must establish a file containing the

records of each solicitation and contractual action.

- (b) The file documentation must comprehensively record the transaction history to ensure?

- (1) A complete background is available for making informed decisions at each step in the acquisition process;
- (2) There is clear support for all actions taken;
- (3) Necessary information is accessible for reviews and investigations; and
- (4) Essential facts are available in case litigation or congressional inquiries arise.

4.1-1

This page intentionally left blank.

4.1-2

SUBPART 4.2 - SOLICITATION, EVALUATION, AND AWARD 4.201

Subpart 4.2 - Solicitation, Evaluation, and Award

4.201 Unique procurement instrument identifiers.

(a) Agencies must use a procurement instrument identifier (PIID) unique Governmentwide to identify each solicitation, contract, agreement, or order. The PIID must be used in all related procurement actions including forms and electronic generated formats.

(b) The PIID consists of a combination of thirteen to seventeen alpha and/or numeric characters sequenced to convey certain information. Do not use special characters (such as hyphens, dashes, or spaces).

(1) Positions 1 through 6. Use the issuing office Activity Address Code to identify the department/agency and office issuing the instrument.

(2) Positions 7 through 8. Use the last two digits of the fiscal year in which the procurement instrument is issued or awarded (i.e., signed).

(3) Position 9. Use one of the upper-case letters according to Table 4-1. Departments and independent agencies may assign those letters identified for department use below according to agency policy; however, any use must be applied to the entire department or agency.

Table 4-1?PIID Instrument Designation

Instrument Letter designation

- (i) Blanket purchase agreements A
- (ii) Invitations for bids B
- (iii) Contracts of all types except indefinite-delivery C
contracts (see part 16)
- (iv) Indefinite-delivery contracts (including Federal D
Supply Schedules, Governmentwide acquisition contracts
(GWACs), and multi-agency contracts)
- (v) Reserved for future Federal Governmentwide use E
- (vi) Task orders, delivery orders or calls under? F
? Indefinite-delivery contracts (including Federal
Supply Schedules, Governmentwide acquisition contracts
(GWACs), and multi-agency contracts);
? Blanket purchase agreements; or
? Basic ordering agreements.
- (vii) Basic ordering agreements G
- (viii) Agreements, including basic agreements H
and loan agreements, but excluding blanket purchase
agreements, basic ordering agreements, and leases. Do not
use this code for contracts or agreements with provisions for
orders or calls
- (ix) Do not use this letter I
- (x) Reserved for future Federal Governmentwide use J

- (xi) Reserved for departmental or agency use K
- (xii) Lease agreements L
- (xiii) Reserved for departmental or agency use M

4.2-1

use

- (xxiv) Reserved for future Federal Governmentwide X

use

- (xxv) Imprest fund Y
- (xxvi) Reserved for future Federal Governmentwide Z

use

- (4) Positions 10 through 17. Use the number assigned by the issuing agency in these positions. Agencies may choose

between four and eight characters to be used, but the same number of characters must be used agencywide. Do not use

leading or trailing zeroes to equal the maximum in any system or data transmission. A separate series of numbers may be

used for any type of instrument listed in paragraph (b)(3) of this section. An agency may reserve blocks of numbers or alpha-

numeric numbers for its various components to use.

- (c) Agencies must use a non-unique identifier for a procurement action (i.e., supplementary PIID) that is used with the

PIID. The supplementary PIID is used to identify amendments to solicitations and modifications to contracts, orders, and

agreements. The supplementary PIID is reported as a separate data element used with, but not appended to, the PIID.

- (1) Amendments to solicitations. Use a four-position numeric serial number in addition to the 13?17-character PIID

beginning with 0001.

- (2) Modifications to contracts, orders, and agreements. Use a six-position alpha, numeric, or a combination of both, in

addition to the 13?17-character PIID. For example, a modification could be numbered P00001.

(i) Position 1. Use the letter P if the modification is issued by the procuring contracting office. Use the letter A if the modification is issued by the contract administration office (if other than the procuring contracting office).

(ii) Positions 2 through 6. These positions may be alpha, numeric, or a combination of both, according to agency procedures.

(iii) Each office authorized to issue modifications must assign the supplementary identification numbers in sequence

(unless provided otherwise in agency procedures). Do not assign the numbers until the contracting officer determines that a

modification is to be issued.

(d) (1) Agencies must not change the PIID unless one of the following circumstances applies:

(i) The PIID serial numbering system is exhausted.

(ii) Continued use of a PIID is administratively burdensome (e.g., for implementing new agency contract writing systems).

(iii) The contract is transferred between contracting departments.

4.2-2

SUBPART 4.2 - SOLICITATION, EVALUATION, AND AWARD 4.202-3

(2) If one of the circumstances described at 4.201(d)(1) applies, the contracting officer may assign a new PIID by

issuing an administrative contract modification (see part 43). The modification must identify both the original and the newly

assigned PIID.

4.202 Uniform use of line items.

4.202-1 Policy.

(a) Procurement instruments must identify the supplies or services to be acquired as separately identified line items and, as

needed, subline items.

(b) Line items?

(1) Are established to define deliverables or organize information about deliverables;

(2) Describe characteristics for the item purchased, e.g., pricing, delivery, and funding information; and

(3) May be subdivided into separate unique subsets (called subline items) to ease administration. Subline items are

established to define deliverables (deliverable subline items) or organize information about deliverables (informational subline items). If a line item has deliverable subline items, the line item itself is informational.

4.202-2 Establishing line items.

Establish separate line items for deliverables that have the following characteristics except as provided at 4.202-5:

(a) Separately identifiable.

(1) A supply is separately identifiable if it has its own identification (e.g., national stock number (NSN), item description, manufacturer's part number).

(2) Services are separately identifiable if they have no more than one statement of work or performance work statement.

(3) If the procurement instrument involves a first article (see part 9), establish a separate line item for each item requiring a separate approval. If the first article consists of a lot composed of a mixture of items that will be approved as a

single lot, a single line item may be used.

(b) Single unit price or total price.

(c) Single accounting classification citation. A single deliverable may be funded by multiple accounting classifications

when the deliverable effort cannot be otherwise subdivided.

(d) Separate delivery schedule, destination, period of performance, or place of performance.

(e) Single contract pricing type (e.g., fixed-price or cost-reimbursement).

4.202-3 Establishing subline items.

Subline items may be used to facilitate tracking of performance, deliverables, payment, and contract funds accounting or for other management purposes. The list of characteristics at 4.202-2 applies to deliverable subline items, but it is not applicable to informational subline items. A line item with subline items must contain only that information that is common

to all subline items thereunder. All subline items under one line item must be the same contract type as the line item.

(a) Deliverable subline items. Deliverable subline items may be used for several related items that require separate identification. For example, instead of establishing multiple separate line items, subline items may be established for?

(1) Items that are basically the same, except for minor variations such as?

(i) Size or color;

(ii) Accounting classification, but see also 4.202-4(a)(4); or

(iii) Date of delivery, destination, or period or place of performance;

(2) Separately priced collateral functions that relate to the primary product, such as packaging and handling, or transportation; or

(3) Items to be separately identified at the time of shipment or performance.

(b) Informational subline items.

(1) Informational subline items may be used by agencies for administrative purposes. This type of subline item identifies information that relates directly to the line item and is an integral part of it (e.g., parts of an assembly or parts of a kit).

(2) Position informational subline items within the line item description, not in the quantity or price fields.

4.2-3

4.202-4 FEDERAL ACQUISITION REGULATION

4.202-4 Required data elements for line items and subline items.

(a) Except as provided in 4.202-5, each line item or subline item must include in the schedule (or in a comparable section

of the procurement instrument), at a minimum, the following information as separate, distinct data elements:

(1) Line item or subline item number established in accordance with agency procedures.

(2) Description of what is being purchased.

(3) Product or Service Code (PSC).

(4) Accounting classification citation.

(i) Line items or deliverable subline items. If multiple accounting classifications for a single deliverable apply, include the dollar amount for each accounting classification in the schedule (or a comparable section of the procurement instrument).

(ii) Informational subline items. An accounting classification citation is not required. (See 4.202-3).

(5) (i) For fixed-price line items:

(A) Unit of measure.

- (B) Quantity.
- (C) Unit price.
- (D) Total price.

(ii) For cost-reimbursement line items:

- (A) Unit of measure.
- (B) Quantity.
- (C) Estimated cost.
- (D) Fee (if any).
- (E) Total estimated cost plus any fee.

(b) If a contract contains a combination of fixed-price, time-and-materials, labor-hour, or cost- reimbursement line items,

identify the contract type for each line item in the schedule (or a comparable section of the procurement instrument) to facilitate payment.

(c) Each deliverable line item or deliverable subline item must have its own delivery schedule, destination, period of performance, or place of performance expressly stated in the appropriate section of the procurement instrument (?as required?

constitutes an expressly stated delivery term). When a line item has deliverable subline items, identify the delivery schedule,

destination, period of performance, or place of performance at the subline item level, rather than the line item level.

(d) Terms and conditions in other sections of the contract (such as contract clauses or payment instructions) must also

specify applicability to individual line items if not applicable to the contract as a whole.

4.202-5 Exceptions to required data elements.

(a) Indefinite-delivery contracts ?

(1) General. The following required data elements are not known at time of issuance of an indefinite-delivery contract,

however each order must provide them at issuance: accounting classification, delivery date and destination, or period and

place of performance.

(2) Indefinite-delivery indefinite-quantity (IDIQ) and requirements contracts.

(i) IDIQ and requirements contracts may omit the quantity at the line item level for the base award provided that the total contract minimum and maximum, or the estimate, respectively, is stated.

(ii) Multiple-award IDIQ contracts awarded using the procedures at parts 13 or 15 may omit price or cost at the line item or subline item level for the contract award, provided that the total contract minimum and maximum is stated (see part

16).

(b) Item description and PSC. These data elements are not required in the line item if there are associated deliverable

subline items that include the actual detailed identification. When this exception applies, use a general narrative description

for the line item.

(c) Single unit price or single total price. The requirement for a single unit price or single total price at the line item level

does not apply if any of the following conditions are present:

- (1) There are associated deliverable subline items that are priced.
- (2) The line item or subline item is not separately priced.
- (3) The supplies or services are being acquired on a cost-reimbursement, time-and-materials, or labor-hour basis.

4.2-4

SUBPART 4.2 - SOLICITATION, EVALUATION, AND AWARD 4.203-2

- (4) The procurement instrument is for services and firm prices have been established for elements of the total price, but

the actual number of the elements is not known until performance (e.g., a labor-hour contract for maintenance/repair). The

contracting officer may structure these procurement instruments to reflect a firm or estimated total amount for each line item.

4.203 System for Award Management.

4.203-1 Policy.

(a) The System for Award Management (SAM) at <https://www.sam.gov> is the primary method used to collect the following information from entities interested in obtaining Federal Government contracts:

- (1) Identifying information about the entity, to issue the unique entity identifier (UEI) and Commercial and Government Entity (CAGE) code;
- (2) Entity-level representations and certifications (see 52.204-7(c)(1)); and
- (3) Information necessary to receive payment under a contract, collect debts, or for Government reporting purposes,

such as taxpayer information required by 31 U.S.C. 7701(c) and 3325(d); 26 U.S.C. 6041, 6041A, and 6050M; and implementing regulations issued by the Internal Revenue Service (IRS).

(b) Offerors or quoters are required to have an active Federal Government contracts registration in SAM when they submit

an offer or quotation, and at the time of award, except for? (1) Purchases under the micro-purchase threshold that use a

Governmentwide commercial purchase card as the method of purchase and payment;

- (2) Micro-purchases that do not use the electronic funds transfer method for payment and are not required to be

reported in the Federal Procurement Data System (FPDS);

- (3) Classified contracts when registration in SAM could compromise the safeguarding of classified information or

national security;

- (4) Contracts awarded without providing full and open competition due to unusual or compelling urgency (see part 6);

- (5) Contracts awarded by?

(i) Deployed contracting officers supporting military operations including, but not limited to, contingency operations as defined in 10 U.S.C. 101(a)(13) or humanitarian or peacekeeping operations as defined in 10 U.S.C. 3015(2);

(ii) Contracting officers located outside the United States and its outlying areas supporting diplomatic or developmental operations; or

(iii) Contracting officers supporting emergency operations, such as responses to natural or environmental disasters, or national or civil emergencies (see part 18);

- (6) Contracts with individuals for performance outside the United States and its outlying areas; and

(7) Contract actions at or below \$40,000 awarded to foreign vendors for work performed outside the United States, if it

is impractical to obtain SAM registration.

(c) For contracts described under paragraph (b)(4) of this section, the contractor must register in SAM within 30 days after

contract award or at least three days before submitting the first invoice, whichever occurs first.

(d) For contracts or agreements described under paragraph (b)(5) of this section, if practical, the contracting officer must

modify the contract to require SAM registration.

(e) When SAM registration is not required, the contracting officer must collect certain offeror identifying information and

entity-level representations and certifications at the time of receipt of an offer or quotation (see 4.203-2(a)(2)).

(f) Agencies must protect against improper disclosure of nonpublic information contained in SAM.

4.203-2 Procedures.

(a) At the time an offer or quotation is submitted?

(1) Use the offeror or quoter's UEI to verify that the entity has an active Federal Government contracts registration in

SAM, and document the date of SAM verification in the contract file; or

(2) If a solicitation does not require registration in SAM?

(i) Review the information provided in response to the provision at 52.204-90, Offeror Identification, and validate the CAGE code using the CAGE code search feature at <https://cage.dla.mil>; and

(ii) Verify the offeror has included in its offer the entity-level representations and certifications normally collected in

SAM.

(b) Use the legal business name or "doing business as" name and physical address in SAM for the successful offeror's

UEI to identify the contractor in the award document and all corresponding forms and data exchanges. Do not change data

retrieved from SAM.

4.2-5

4.204 FEDERAL ACQUISITION REGULATION

4.204 Taxpayer identification information.

(a) Agencies must collect the taxpayer identification number (TIN) to comply with the following statutory requirements?

(1) Debt collection. 31 U.S.C. 7701(c) requires each contractor doing business with a Government agency to furnish its

TIN to that agency. 31 U.S.C. 3325(d) requires the Government to include the TIN of the contractor receiving payment with

each certified voucher. The Government may use the TIN to collect and report on any delinquent amounts arising out of the

contractor's relationship with the Government.

(2) Information reporting to the IRS. The TIN is required for Government reporting of certain contract information

and payment information to the IRS. 26 U.S.C. 6109 requires a contractor to provide its TIN if a Form 1099 is required. The

payment office is responsible for submitting reports to the IRS.

(b) Contracting officers will obtain the TIN from?

(1) SAM if offerors are required to be registered in SAM, see 4.203-2(a)(1) and 52.204-7; or

(2) Offers if offerors are not required to be registered in SAM, see 4.203-2(a)(2) and 52.204-90.

4.205 Personal identity verification.

(a) Agencies must include their implementation of Homeland Security Presidential Directive-12 and the Federal Information Processing Standards Publication (FIPS PUB) Number 201 in solicitations and contracts. For information on

personal identity verification (PIV) products and services see <http://www.idmanagement.gov>.

(b) When acquiring PIV products and services not using the General Services Administration Federal Supply Schedule for

HSPD-12 Product and Service Components, agencies must ensure that the applicable products and services are approved as

compliant with FIPS PUB 201 including?

(1) Certifying the products and services procured meet all applicable Federal standards and requirements;

(2) Ensuring interoperability and conformance to applicable Federal standards for the lifecycle of the components; and

(3) Maintaining a written plan for ensuring ongoing conformance to applicable Federal standards for the lifecycle of the

components.

4.206 Contracting officer's signature.

Only contracting officers can sign contracts on behalf of the United States. The contracting officer's name and official title

must be typed, stamped, or printed on the contract. The contracting officer normally signs the contract after the contractor

has signed it. A digital signature using a certificate from the PIV or Common Access Card (CAC) assigned to the contracting

officer is considered acceptable as a written signature.

4.207 Contractor's signature.

(a) Individuals. A contract with an individual must be signed by that individual. A contract with an individual doing business as a firm must be signed by that individual, and the signature must be followed by the individual's typed, stamped,

or printed name and the words ?, an individual doing business as _____? [insert name of firm].

(b) Partnerships. A contract with a partnership must be signed in the partnership name. Before signing for the Government, the contracting officer must obtain a list of all partners and ensure that the individual(s) signing for the partnership have authority to bind the partnership.

(c) Corporations. A contract with a corporation must be signed in the corporate name, followed by the word ?by? and

the signature and title of the person authorized to sign. The contracting officer must ensure that the person signing for the

corporation has authority to bind the corporation.

(d) Joint venturers. A contract with joint venturers may involve any combination of individuals, partnerships, or corporations. The contract must be signed by each participant in the joint venture in the manner prescribed in paragraphs (a)

through (c) of this section for each type of participant. When a corporation is participating, the contracting officer must verify

that the corporation is authorized to participate in the joint venture.

(e) Agents. When an agent is to sign the contract, other than as stated in paragraphs (a) through (d) of this section, the

agent's authorization to bind the principal must be established by evidence that satisfies the contracting officer.

(f) Digital signatures. Contractor's digital signatures are acceptable as a written signature when using authentication and/

or signature certificates from a PIV or CAC obtained from a credentialed organization.

4.208 Solicitation provisions and contract clauses.

(a) Insert the provision at 52.204-5, Women-Owned Business (Other Than Small Business), in solicitations that?

(1) Are not set aside for small business concerns;

4.2-6

SUBPART 4.2 - SOLICITATION, EVALUATION, AND AWARD 4.208

(2) Exceed the simplified acquisition threshold; and

(3) Are for contracts that will be performed in the United States or its outlying areas.

(b) When offerors are required to be registered in SAM, insert?

(1) The provision at 52.204-7, System for Award Management?Registration, in the solicitation. Use the provision with

its Alternate I for acquisitions described at 4.203-1(b)(4); and

(2) The clause at 52.204-13, System for Award Management?Maintenance, in the solicitation and contract.

Use the

clause with its Alternate I for acquisitions described at 4.203-1(b)(4).

(c) When offerors are not required to be registered in SAM, insert?

(1) In the solicitation?

(i) The provision at 52.204-90, Offeror Identification; and

(ii) Each provision listed in paragraph (c)(1) of the provision at 52.204-7, if applicable based on each provision

prescription; and

(2) In the solicitation and contract, the clause at 52.204-91, Contractor Identification.

(d) Insert the clause at 52.204-9, Personal Identity Verification of Contractor Personnel, in solicitations and contracts when

contract performance requires contractors to have routine physical access to a Federally-controlled facility and/or routine

access to a Federally-controlled information system.

(e) Insert the clause at 52.204-10, Reporting Executive Compensation and First-Tier Subcontract Awards, in solicitations

and contracts valued over \$40,000?

(1) That are not for the acquisition of commercial products or commercial services; and

(2) When the award is required to be reported in FPDS.

(f) (1) The clauses in paragraphs (f)(2) and (3) of this section provide requirements for obtaining information from agency

service contractors. The clauses are not required for?

(i) Actions entirely funded by the Department of Defense;

(ii) Contracts for commercial services; or

(iii) Classified solicitations, contracts, or orders.

(2) Insert the clause at 52.204-14, Service Contract Reporting Requirements, in solicitations and contracts for services

(including construction) that meet or exceed the thresholds at 4.303(b), except for indefinite-delivery contracts.

(3) Insert the clause at 52.204-15, Service Contract Reporting Requirements for Indefinite-Delivery Contracts, in solicitations and indefinite-delivery contracts for services (including construction) where one or more orders issued thereunder are expected to each meet or exceed the thresholds at 4.303(b).

(g) Insert the clause at 52.204-19, Incorporation by Reference of Representations and Certifications, in all solicitations and

contracts.

4.2-7

This page intentionally left blank.

4.2-8

SUBPART 4.3 - POST-AWARD 4.301

Subpart 4.3 - Post-award

4.301 Contract reporting.

(a) As required by 41 U.S.C. 1122 and 1712, the Federal Procurement Data System (FPDS), <https://www.fpds.gov>, provides a comprehensive web-based tool for agencies to report contract actions.

(1) At a minimum, agencies must report?

(i) The following contract actions over the micro-purchase threshold, regardless of solicitation process used:

(A) Definitive contracts, including purchase orders and imprest fund buys awarded by a contracting officer.

(B) Indefinite delivery vehicle (identified as an ?IDV? in FPDS) and all calls and orders awarded under it; and

(ii) Any modification to the contract actions in paragraph (a)(1)(i) that change previously reported contract action data, regardless of dollar value.

(2) Agencies may submit actions other than those listed at paragraph (a)(1) of this section if approved in writing by the

Office of Federal Procurement Policy (OFPP).

(3) Agencies will not report the following types of contract actions in FPDS:

(i) Imprest fund transactions below the micro-purchase threshold, including those made via the Government purchase card (unless specific agency procedures prescribe reporting these actions).

(ii) Orders from the General Services Administration (GSA) stock and the GSA Global Supply Program.

(iii) Purchases made at GSA or AbilityOne service stores, as these items stocked for resale have already been reported by GSA.

(iv) Purchases made using non-appropriated fund activity cards, chaplain fund cards, individual Government personnel training orders, and Defense Printing orders.

(v) Actions that, according to other authority, will not be entered into FPDS (e.g., reporting of the information would compromise national security).

(vi) Contract actions in which the required data would constitute classified information.

(vii) Resale activity (i.e., commissary or exchange activity).

(viii) Revenue generating arrangements (i.e., concessions).

(ix) Training expenditures not issued as orders or contracts.

(x) Interagency agreements other than interagency acquisitions required to be reported.

(xi) Letters of obligation used in the A-76 process.

(b) Agencies awarding assisted acquisitions or direct acquisitions must report these actions and identify the Program/

Funding Agency and Office Codes from the applicable agency codes maintained by each agency at the System for Award

Management (SAM). These codes represent the agency and office that has provided the predominant amount of funding for

the contract action. For assisted acquisitions, the requesting agency will receive socioeconomic credit for meeting agency

small business goals, where applicable. Requesting agencies must provide the appropriate agency/bureau component code as

part of the written interagency agreement between the requesting and servicing agencies (see part 17).

(c) Agencies awarding contract actions with a mix of appropriated and non-appropriated funding must only report the full

appropriated portion of the contract action in FPDS.

(d) Agencies may consolidate, at least monthly, multiple action reports for a vendor when it would be overly burdensome

to report each action individually.

(e) (1) Agencies may use a generic entity identifier, rather than an entity's assigned unique entity identifier (UEI), for?

(i) Contract actions valued at or below \$40,000 that are awarded to a contractor that is?

(A) A student;

(B) A dependent of either a veteran, foreign Service officer, or military member assigned outside the United

States and its outlying areas (as defined in 2.101); or

(C) Located outside the United States and its outlying areas for work to be performed outside the United States

and its outlying areas and the contractor does not otherwise have a UEI;

(ii) Contracts valued above \$40,000 awarded to individuals located outside the United States and its outlying areas for work to be performed outside the United States and its outlying areas; or

(iii) Contracts when specific public identification of the contracted party could endanger the mission, contractor, or recipients of the acquired goods or services. The contracting officer must include a written determination in the contract file

of a decision applicable to authority under this paragraph (g)(1)(iii).

(2) The Integrated Award Environment program office will maintain the list of generic entity identifiers that agencies

may use.

4.3-1

4.302 FEDERAL ACQUISITION REGULATION

(f) Responsibilities.

(1) The Senior Procurement Executive in coordination with the head of the contracting activity is responsible for developing and monitoring a process to ensure timely and accurate reporting of contractual actions to FPDS.

(2) (i) The contracting officer awarding the contract action is responsible for accurately completing the

individual

contract action report (CAR). Unpublished CARs in FPDS are not considered complete.

(ii) Complete the CAR in FPDS within three business days after contract award.

(iii) Complete the CAR for any action awarded without providing full and open competition due to unusual or compelling urgency or according to any of the emergency acquisition flexibilities (see part 18) within 30 days after contract award.

(3) The chief acquisition officer of each agency required to report its contract actions must submit to OFPP within

120 days after the end of each fiscal year, an annual certification of whether, and to what degree, agency CAR data for the

preceding fiscal year is complete and accurate.

4.302 Personal identity verification.

(a) Agency procedures for the return of Personal Identity Verification (PIV) products must ensure that Government contractors account for all forms of Government-provided identification issued to Government contractor employees under a contract, i.e., the PIV cards or other similar badges, and must ensure that contractors return such identification to the issuing agency as soon as any of the following occurs, unless otherwise determined by the agency:

- (1) When no longer needed for contract performance.
- (2) Upon completion of a contractor employee's employment.
- (3) Upon contract completion or termination.

4.303 Service contracts inventory.

(a) Requirement. As required by section 743(a) of Division C of the Consolidated Appropriations Act, 2010 (Pub. L. 111-117), agencies covered by the Federal Activities Inventory Reform Act (Pub. L. 105-270), except the Department of Defense, must submit to the Office of Management and Budget (OMB) annually an inventory of activities performed by service contractors. The information reported in the inventory will be publicly accessible.

(b) Reporting requirements thresholds.

(1) Except as exempted by OFPP guidance, service contractor reporting is required for contracts and first-tier subcontracts for services based on type of contract and estimated total value. For indefinite-delivery contracts, the contracting officer must determine the reporting requirements based on the type and estimated total value of each order under the contract.

(2) Reporting is required according to the following thresholds:

- (i) All cost-reimbursement, time-and-materials, and labor-hour service contracts and orders with an estimated total value above the simplified acquisition threshold.
- (ii) All fixed-price service contracts awarded and orders with an estimated total value of \$500,000 or greater.
- (3) Reporting is required for all first-tier subcontracts for services as prescribed in paragraphs (c)(2)(i) and (ii) of this section.

(c) Agency reporting responsibilities.

(1) Agencies are required to compile annually an inventory of service contracts performed for, or on behalf of, the agency during the previous fiscal year to determine the extent of the agency's reliance on service contractors. Agencies

must

submit a service contract inventory to OMB by January 15 annually. Then, each agency must post the inventory on its Web

site and publish a Federal Register Notice of Availability by February 15 annually.

(2) Agencies must review contractor reported information for reasonableness and consistency with available contract information. The agency is not required to address data for which the agency would not normally have supporting

information. If revisions to the contractor-reported information are warranted, the agency must notify the contractor no later than November 15. By November 30, the contractor shall revise the report, or document its rationale for the agency.

Authorized agency officials may review the reports at <https://www.sam.gov>.

4.304 System for Award Management.

(a) Contractors must maintain throughout the life of the contract through final payment?

(1) Their registration, if they are required to be registered in SAM; or

(2) Their identifying information, if they are not required to be registered in SAM.

4.3-2

SUBPART 4.3 - POST-AWARD 4.308-1

(b) Contracting officers must validate the contractor has an active Federal Government contracts registration in SAM at

the following times:

(1) For contracts described at 4.203-1(b)(4), within 30 days after contract award, or at least three days before submitting the first invoice, whichever occurs first.

(2) Before exercising any options on a contract.

(3) For novation and change-of-name agreements, see paragraph (c) of the clause at 52.204-13.

(4) For assignees for the purpose of assignment of claims (see part 32), see paragraph (d) of the clause at 52.204-13.

4.305 Contractor identification.

(a) Contractors are required to maintain their UEI and Commercial and Government Entity (CAGE) code throughout the

life of the contract.

(b) Contractors must communicate any change to their UEI or CAGE code to the contracting officer within 30 days after

the change, so the contracting officer can issue a modification to update the UEI or CAGE code on the contract. A change in

the unique entity identifier does not necessarily require a novation.

4.306 Executive compensation.

(a) As required by section 2 of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), as

amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), contractors must report

first-tier subcontract award data and the total compensation of the five most highly compensated executives of the contractor

and of each first-tier subcontractor.

(b) Certain data from FPDS will pre-populate SAM data to help contractors complete and submit their reports. If the

FPDS

data is inaccurate, the contracting officer will correct the data in FPDS.

4.307 Payment office.

Provide the payment office information required to make proper payments under a contract, at least the taxpayer identification number, type of organization, the unique entity identifier, and, if applicable, the electronic funds transfer indicator.

4.308 Contract closeout.**4.308-1 Procedures for closing out contract files.**

(a) The administrative closeout procedures must ensure that?

- (1) Disposition of classified material is completed;
- (2) Final patent report is cleared. If a final patent report is required, the contracting officer may proceed with contract

closeout according to the following procedures, or as otherwise prescribed by agency procedures:

(i) Final patent reports should be cleared within 60 days of receipt.

(ii) If the final patent report is not received, the contracting officer must notify the contractor of the contractor's obligations and the Government's rights under the applicable patent rights clause, according to part 27. If the contractor fails

to respond to this notification, the contracting officer may proceed with contract closeout upon consultation with the agency

legal counsel responsible for patent matters regarding the contractor's failure to respond.

- (3) Final royalty report is cleared;
- (4) There is no outstanding value engineering change proposal;
- (5) Plant clearance report is received;
- (6) Property clearance is received;
- (7) All interim or disallowed costs are settled;
- (8) Price revision is completed;
- (9) The prime contractor settles its subcontracts;
- (10) Prior year indirect cost rates are settled;
- (11) Termination docket is completed;
- (12) Contract audit is completed;
- (13) Contractor's closing statement is completed;
- (14) Contractor's final invoice has been submitted; and
- (15) Contract funds review is completed and excess funds deobligated.

4.3-3**4.308-2 FEDERAL ACQUISITION REGULATION**

(b) When the actions in paragraph (a) of this section have been verified, the contracting officer administering the contract

must prepare a contract completion statement containing the following information:

- (1) Contract administration office name and address (if different from the contracting office).
- (2) Contracting office name and address.
- (3) Contract number.
- (4) Last modification number.
- (5) Last call or order number.
- (6) Contractor name and address.

(7) Dollar amount of excess funds, if any.

(8) Voucher number and date, if final payment has been made.

(9) Invoice number and date, if the final approved invoice has been forwarded to a disbursing office of another agency

or activity and the status of the payment is unknown.

(10) A statement that all required contract administration actions have been fully and satisfactorily accomplished.

(11) Name and signature of the contracting officer.

(12) Date.

(c) When the statement is completed, the contracting officer must place?

(1) The signed original in the contracting office contract file (or forwarded to the contracting office for placement in the

files if the contract administration office is different from the contracting office); and

(2) A signed copy in the appropriate contract administration file if administration is performed by a contract administration office.

4.308-2 Contract closeout by the office administering the contract.

(a) The contract administration office must initiate administrative closeout of the contract after receiving evidence of its physical completion. At the start of this process, the contract administration office must review the contract funds status and

notify the contracting office of any excess funds the contract administration office might deobligate.

(b) Except as provided in paragraph (d) of this section, contract files should be closed according to Table 4-2.

Table 4-2? Time Standards for Closing Out Contract Files

Files for: Should be:

(1) Contracts using simplified acquisition procedures Considered closed when the contracting officer receives evidence of receipt of property and final payment, unless otherwise specified by agency regulations.

(2) Firm-fixed-price contracts, other than those using Closed within 6 months after the date on which the simplified acquisition procedures. contracting officer receives evidence of physical completion.

(3) Contracts requiring settlement of indirect cost rates. Closed within 36 months of the month in which the contracting officer receives evidence of physical completion.

(4) All other contracts. Closed within 20 months of the month in which the contracting officer receives evidence of physical completion.

(c) When closing out the contract files at 4.308-2(b)(2), (3), and (4), the contracting officer must use the closeout procedures at 4.308-1. However, these closeout actions may be modified to reflect the extent of administration that has been

performed. Use quick closeout procedures (see part 42), when appropriate, to reduce administrative costs and to enable

deobligation of excess funds.

(d) Do not close a contract file if?

(1) The contract is in litigation or under appeal; or

(2) In the case of a termination, all termination actions have not been completed.

4.309 Storage, handling, and contract files.

(a) Agencies must keep acquisition records according to Table 4-3. This requirement also applies to record copies

stored

on alternate media when original documents have been converted to alternate media for storage.

Table 4-3?Retention Periods

4.3-4

SUBPART 4.3 - POST-AWARD 4.309

Record Retention period

(1) Contracts (and related records or documents, 6 years after final payment.

including successful and unsuccessful proposals, except see paragraph (a)(2) of this section regarding contractor payrolls submitted under construction contracts.)

(2) Contractor's payrolls submitted under construction 3 years after contract completion unless contract contracts according to Department of Labor regulations (29 performance is the subject of an enforcement action on that CFR 5.5(a)(3)), with related certifications, anti-kickback date (see paragraph (a)(8) of this section). affidavits, and other related records.

(3) Unsolicited proposals not accepted by a department or Retain according to agency procedures. agency.

(4) Files for canceled solicitations. 6 years after cancellation.

(5) Other copies of procurement file records used for When business use ceases. administrative purposes.

(6) Documents pertaining generally to the contractor. Until superseded or obsolete.

(7) Data submitted to FPDS. Electronic data file 6 years after submittal to FPDS. maintained by fiscal year, containing unclassified records of all procurements exceeding the micro-purchase threshold, and information required under 4.301.

(8) Investigations, cases pending or in litigation Until final clearance or settlement, or, if related to a (including protests), or similar matters (including document identified in paragraphs (a)(1) through (7) of this enforcement actions). section, for the retention period specified for the related document, whichever is later.

(b) Agencies must prescribe procedures for the handling, storing, and disposing of contract files, according to the National

Archives and Records Administration (NARA) General Records Schedule 1.1, Financial Management and Reporting Records. The Financial Management and Reporting Records can be found at <http://www.archives.gov/records-mgmt/grs.html>. The procedures should conform with the regulatory requirements in paragraph (a) of this section, which have been acknowledged and approved by NARA in its guidance.

(c) If administrative records are mixed with program records and cannot be economically segregated, keep the entire file

for the period approved for the program records. Similarly, if documents described in Table 4-3 are part of a subject or case file that documents activities that are not described in the table, treat them the same manner as the files of which they are a part.

4.6-2

SUBPART 4.7 - CONTRACTOR RECORDS RETENTION 4.703

Subpart 4.7 - Contractor Records Retention

4.700 Scope of subpart.

This subpart provides policies and procedures for contractors to retain records to meet the records review requirements of

the Government. In this subpart, the terms "contracts" and "contractors" include "subcontracts" and "subcontractors."

4.701 Purpose.

The purpose of this subpart is to generally describe records retention requirements and to allow reductions in the retention

period for specific classes of records under prescribed circumstances.

4.702 Applicability.

(a) This subpart applies to records generated under contracts that contain one of the following clauses:

(1) Audit and Records-Sealed Bidding (52.214-26).

(2) Audit and Records-Negotiation (52.215-2).

(b) This subpart is not mandatory on Department of Energy contracts for which the Comptroller General allows alternative

records retention periods. Apart from this exception, this subpart applies to record retention periods under contracts that are

subject to 10 U.S.C. chapter 137 legacy provisions (10 U.S.C. 3064) and 10 U.S.C. 3016 and chapter 203 or 40 U.S.C. 101,

et seq.

4.703 Policy.

(a) Except as stated in 4.703(b), contractors must make available records, which includes books, documents, accounting

procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the

form of computer data, or in any other form, and other supporting evidence to satisfy contract negotiation, administration, and

audit requirements of the contracting agencies and the Comptroller General for?

(1) 3 years after final payment; or

(2) For certain records, the period specified in 4.705, whichever of these periods expires first.

(b) Contractors must make available the foregoing records and supporting evidence for a longer period than is required in

4.703(a) if?

(1) A retention period longer than that cited in 4.703(a) is specified in any contract clause; or

(2) The contractor, for its own purposes, retains the foregoing records and supporting evidence for a longer period.

Under this circumstance, the retention period must be the period of the contractor's retention or 3 years after final payment,

whichever period expires first.

(3) The contractor does not meet the original due date for submission of final indirect cost rate proposals specified in

paragraph (d)(2) of the clause at 52.216-7, Allowable Cost and Payment. Under these circumstances, the retention periods in

4.705 must be automatically extended one day for each day the proposal is not submitted after the original due date.

(c) Nothing in this section must be construed to preclude a contractor from duplicating or storing original records in electronic form unless they contain significant information not shown on the record copy. Original records need not be maintained or produced in an audit if the contractor or subcontractor provides photographic or electronic images of the original records and meets the following requirements:

(1) The contractor or subcontractor has established procedures to ensure that the imaging process preserves accurate

images of the original records, including signatures and other written or graphic images, and that the imaging process is reliable and secure to maintain the integrity of the records.

(2) The contractor or subcontractor maintains an effective indexing system to permit timely and convenient access to

the imaged records.

(3) The contractor or subcontractor retains the original records for a minimum of one year after imaging to permit

periodic validation of the imaging systems.

(d) If the information described in paragraph (a) of this section is maintained on a computer, contractors must retain the

computer data on a reliable medium for the time periods prescribed. Contractors may transfer computer data in machine

readable form from one reliable computer medium to another. Contractors' computer data retention and transfer procedures

must maintain the integrity, reliability, and security of the original computer data. Contractors must also retain an audit trail

describing the data transfer. For the record retention time periods prescribed, contractors must not destroy, discard, delete, or

write over such computer data.

4.7-1

4.704 FEDERAL ACQUISITION REGULATION

4.704 Calculating retention periods.

(a) The retention periods in 4.705 are calculated from the end of the contractor's fiscal year in which an entry is made

charging or allocating a cost to a Government contract or subcontract. If a specific record contains a series of entries, the

retention period is calculated from the end of the contractor's fiscal year in which the final entry is made. The contractor should cut off the records in annual blocks and retain them for block disposal under the prescribed retention periods.

(b) When a contractor relies upon records generated during a prior contract for certified cost or pricing data in negotiating

a succeeding contract, the prescribed periods must run from the date of the succeeding contract.

(c) If two or more of the record categories described in 4.705 are interfiled and screening for disposal is not practical, the

contractor must retain the entire record series for the longest period prescribed for any category of records.

4.705 Specific retention periods.

The contractor must retain records according to Table 4-4.

Table 4-4?Contractor Records Retention Periods

Category	Record type	Retention period
Financial and cost accounting records	Accounts receivable invoices,	4 years
	adjustments to the accounts, invoice	
	registers, carrier freight bills, shipping	
	orders, and other documents that detail	
	the material or services billed on the	
	related invoices	
Material, work order, or service order	4 years	
	files, consisting of purchase requisitions	
	or purchase orders for material or	
	services, or orders for transferring	
	material or supplies	
Cash advance recapitulations, prepared	4 years	
	as posting entries to accounts receivable	
	ledgers for amounts of expense	
	vouchers prepared for employees' travel	
	and related expenses	
Paid, canceled, and voided checks,	4 years	
	other than those issued for paying	
	salary and wages	
Accounts payable records to support	4 years	
	disbursements of funds for materials,	
	equipment, supplies, and services,	
	containing originals or copies of the	
	following and related documents:	

remittance advices and statements,
vendors' invoices, invoice audits
and distribution slips, receiving and
inspection reports or comparable
certifications of receipt and inspection
of material or services, and debit and
credit memoranda
Labor cost distribution cards or 2 years
equivalent documents

4.7-2**SUBPART 4.7 - CONTRACTOR RECORDS RETENTION 4.705**

Table 4-4?Contractor Records Retention Periods

Category	Record type	Retention period
Petty cash records	describing expenditures, to whom paid, name of person authorizing payment, and date, including copies of vouchers and other supporting documents	2 years
Pay administration records	Payroll sheets, registers, or their equivalent, of salaries and wages paid to individual employees for each payroll period; change slips; and tax withholding statements	4 years
Clock cards or other time attendance cards		2 years
Paid checks, receipts for wages	paid in cash, or other evidence of payments for services rendered by employees	2 years
Acquisition and supply records	Store requisitions for materials, supplies, equipment, and services	2 years
Work orders for maintenance and other services		4 years
Equipment records, consisting of	equipment usage and status reports and equipment repair orders	4 years
Expendable property records, reflecting	accountability for receiving and using material to perform a contract	4 years
Receiving and inspection report	records, consisting of reports reflecting receipt and inspection of supplies, equipment, and materials	4 years
Purchase order files for supplies, equipment, material, or services used		4 years

to perform a contract; supporting documentation and backup files including, but not limited to, invoices, and memoranda, e.g., memoranda of negotiations showing the principal elements of subcontract price negotiations

Production records of quality control, 4 years

reliability, and inspection

Property records (see part 45) 4 years

4.7-4

Part 4), this clause identifies the classes of service employees expected to be employ

Status: Unknown

Part 4), this clause identifies the classes of service employees expected to be employed under the contract and states the

wages and fringe benefits payable to each if they were employed by the contracting agency subject to the provisions of 5

U.S.C.5341 or 5332.

This Statement is for Information Only: It is not a Wage Determination

Employee Class Monetary Wage-Fringe Benefits

(End of clause)

52.222-43 Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment (Multiple Year and Option Contracts).

As prescribed in 22.1002-2(d)(1), insert the following clause:

FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT LABOR STANDARDS-

PRICE ADJUSTMENT (MULTIPLE YEAR AND OPTION CONTRACTS) (DEVIATION DATE)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Labor Standards statute, (41 U.S.C. chapter 67), by the

Administrator, Wage and Hour Division, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, must apply to this contract. If no such determination has been made

applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act

52.2-177

52.222-44 FEDERAL ACQUISITION REGULATION

of 1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each

renewal option period, must apply to this contract.

(d) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Contractor's

actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or

the decrease is voluntarily made by the Contractor as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at

the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate

of \$4.00 per hour. The Contractor chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per

hour. Even if the Contractor voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

(2) An increased or decreased wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this contract, affects the

minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph

(d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers'

compensation insurance, but must not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor must promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall

preclude the Government from asserting a claim within the period permitted by law. The notice must contain a statement

of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any

relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of

the parties, the contract price, contract unit price labor rates, or fixed hourly rates must be modified in writing. The Contractor

must continue performance pending agreement on or determination of any such adjustment and its effective date.

(g) The Contracting Officer or an authorized representative must have access to and the right to examine any directly

pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

(End of clause)

52.222-44 Fair Labor Standards Act and Service Contract Labor Standards-Price Adjustment.

As prescribed in 22.1002-2(d)(2), insert the following clause:

FAIR LABOR STANDARDS ACT AND SERVICE CONTRACT LABOR STANDARDS-PRICE ADJUSTMENT
(DEVIATION DATE)

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to Contractor

collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover

increased costs for which adjustment is provided under this clause.

(c) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect increases or

decreases by the Contractor in wages and fringe benefits to the extent that these increases or decreases are made to comply with-

(1) An increased or decreased wage determination applied to this contract by operation of law; or

(2) An amendment to the Fair Labor Standards Act of 1938 that is enacted subsequent to award of this contract, affects

the minimum wage, and becomes applicable to this contract under law.

(d) Any such adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph

(c) of this clause, and to the accompanying increases or decreases in social security and unemployment taxes and workers?

compensation insurance; it must not otherwise include any amount for general and administrative costs, overhead, or profit.

(e) The Contractor must notify the Contracting Officer of any increase claimed under this clause within 30 days after

the effective date of the wage change, unless this period is extended by the Contracting Officer in writing. The Contractor

must promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice must contain a statement of the amount and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract) claimed and any relevant

supporting data that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price,

52.2-178

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-48

contract unit price labor rates, or fixed hourly rates must be modified in writing. The Contractor must continue performance

pending agreement on or determination of any such adjustment and its effective date.

(f) The Contracting Officer or an authorized representative must, until the expiration of 3 years after final payment under

the contract, have access to and the right to examine any directly pertinent books, documents, papers, and records of the

Contractor.

(End of clause)

52.222-45 [Reserved]

52.222-46 [Reserved]

(DEVIATION DATE)

52.222-47 [Reserved]

52.222-48 Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Certification.

As prescribed in 22.1002-2(e)(1), insert the following provision:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR MAINTENANCE, CALIBRATION, OR REPAIR OF CERTAIN EQUIPMENT-CERTIFICATION (DEVIATION DATE)

(a) The offeror must check the following certification:

Certification

The offeror ? does ? does not certify that-

(1) The items of equipment to be serviced under this contract are used regularly for other than Government purposes,

and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontractor) in substantial quantities to the

general public in the course of normal business operations;

(2) The services will be furnished at prices which are, or are based on, established catalog or market prices for the

maintenance, calibration, or repair of equipment.

(i) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and

states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(ii) An "established market price" is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or offeror; and

(3) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract are

the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1002-1(e)(3) that the

Service Contract Labor Standards statute-

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at 52.222-51, Exemption from Application of the Service Contract Labor

Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements, in this solicitation will

not be included in any resultant contract awarded to this offeror, and the offeror may be provided an opportunity to submit a

new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision-

(1) The clause in this solicitation at 52.222-51, Exemption from Application of the Service Contract Labor Standards to

Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements, will not be included in any resultant

contract awarded to this offeror; and

52.2-179

52.222-49 FEDERAL ACQUISITION REGULATION

(2) The offeror must notify the Contracting Officer as soon as possible, if the Contracting Officer did not attach a

Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

(End of provision)

52.222-49 Service Contract Labor Standards-Place of Performance Unknown.

As prescribed in 22.1002-2(f), insert the following clause:

SERVICE CONTRACT LABOR STANDARDS-PLACE OF PERFORMANCE UNKNOWN (DEVIATION DATE)

(a) This contract is subject to the Service Contract Labor Standards statute, and the place of performance was unknown

when the solicitation was issued. In addition to places or areas identified in wage determinations, if any, attached to the solicitation, wage determinations have also been requested for the following: _____ [insert places or areas]. The Contracting Officer will request wage determinations for additional places or areas of performance if asked to do so in writing by _____ [insert time and date].

(b) Offerors who intend to perform in a place or area of performance for which a wage determination has not been attached or requested may nevertheless submit bids or proposals. However, a wage determination must be requested and

incorporated in the resultant contract retroactive to the date of contract award, and there shall be no adjustment in the contract

price.

(End of clause)

52.222-50 Combating Trafficking in Persons.

As prescribed in 22.1703-2(a)(1), insert the following clause:

COMBATING TRAFFICKING IN PERSONS (DEVIATION DATE)

(a) Definitions. As used in this clause-

Agent means any individual, including a director, an officer, an employee, or an independent contractor, authorized to act

on behalf of the organization.

Coercion means-

- (1) Threats of serious harm to or physical restraint against any person;
- (2) Any scheme, plan, or pattern intended to cause a person to believe that failure to perform an act would result in

serious harm to or physical restraint against any person; or

- (3) The abuse or threatened abuse of the legal process.

Commercial sex act means any sex act on account of which anything of value is given to or received by any person.

Commercially available off-the-shelf (COTS) item ?

- (1) Means any item of supply (including construction material) that is?

(i) A commercial product (as defined in paragraph (1) of the definition of ?commercial product? at Federal Acquisition Regulation (FAR) 2.101;

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Debt bondage means the status or condition of a debtor arising from a pledge by the debtor of his or her personal services

or of those of a person under his or her control as a security for debt, if the value of those services as reasonably assessed

is not applied toward the liquidation of the debt or the length and nature of those services are not respectively limited and defined.

Employee means an employee of the Contractor directly engaged in the performance of work under the contract who has

other than a minimal impact or involvement in contract performance.

52.2-180

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-50

Forced Labor means knowingly providing or obtaining the labor or services of a person-

- (1) By threats of serious harm to, or physical restraint against, that person or another person;
- (2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform

such labor or services, that person or another person would suffer serious harm or physical restraint; or

- (3) By means of the abuse or threatened abuse of law or the legal process.

Involuntary servitude includes a condition of servitude induced by means of-

- (1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue

in such conditions, that person or another person would suffer serious harm or physical restraint; or

- (2) The abuse or threatened abuse of the legal process.

Recruitment fees means fees of any type, including charges, costs, assessments, or other financial obligations, that are associated with the recruiting process, regardless of the time, manner, or location of imposition or collection of the fee.

(1) Recruitment fees include, but are not limited to, the following fees (when they are associated with the recruiting process) for-

- (i) Soliciting, identifying, considering, interviewing, referring, retaining, transferring, selecting, training, providing orientation to, skills testing, recommending, or placing employees or potential employees;
- (ii) Advertising;
- (iii) Obtaining permanent or temporary labor certification, including any associated fees;
- (iv) Processing applications and petitions;
- (v) Acquiring visas, including any associated fees;
- (vi) Acquiring photographs and identity or immigration documents, such as passports, including any associated fees;
- (vii) Accessing the job opportunity, including required medical examinations and immunizations; background, reference, and security clearance checks and examinations; and additional certifications;
- (viii) An employer's recruiters, agents or attorneys, or other notary or legal fees;
- (ix) Language interpretation or translation, arranging for or accompanying on travel, or providing other advice to employees or potential employees;
- (x) Government-mandated fees, such as border crossing fees, levies, or worker welfare funds;
- (xi) Transportation and subsistence costs-
 - (A) While in transit, including, but not limited to, airfare or costs of other modes of transportation, terminal fees, and travel taxes associated with travel from the country of origin to the country of performance and the return journey upon the end of employment; and
 - (B) From the airport or disembarkation point to the worksite;
- (xii) Security deposits, bonds, and insurance; and
- (xiii) Equipment charges.

(2) A recruitment fee, as described in the introductory text of this definition, is a recruitment fee, regardless of whether the payment is-

- (i) Paid in property or money;
- (ii) Deducted from wages;
- (iii) Paid back in wage or benefit concessions;
- (iv) Paid back as a kickback, bribe, in-kind payment, free labor, tip, or tribute; or
- (v) Collected by an employer or a third party, whether licensed or unlicensed, including, but not limited to-
 - (A) Agents;
 - (B) Labor brokers;
 - (C) Recruiters;
 - (D) Staffing firms (including private employment and placement firms);
 - (E) Subsidiaries/affiliates of the employer;
 - (F) Any agent or employee of such entities; and
 - (G) Subcontractors at all tiers.

Severe forms of trafficking in persons means-

- (1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
- (2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through

the use

of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

52.2-181

52.222-50 FEDERAL ACQUISITION REGULATION

Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime

contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Policy. The United States Government has adopted a policy prohibiting trafficking in persons including the trafficking-

related activities of this clause. Contractors, contractor employees, and their agents must not?

- (1) Engage in severe forms of trafficking in persons during the period of performance of the contract;
- (2) Procure commercial sex acts during the period of performance of the contract;
- (3) Use forced labor in the performance of the contract;
- (4) Destroy, conceal, confiscate, or otherwise deny access by an employee to the employee's identity or immigration

documents, such as passports or drivers' licenses, regardless of issuing authority;

- (5) (i) Use misleading or fraudulent practices during the recruitment of employees or offering of employment, such as

failing to disclose, in a format and language understood by the employee or potential employee, basic information or making

material misrepresentations during the recruitment of employees regarding the key terms and conditions of employment,

including wages and fringe benefits, the location of work, the living conditions, housing and associated costs (if employer or

agent provided or arranged), any significant costs to be charged to the employee or potential employee, and, if applicable, the

hazardous nature of the work;

- (ii) Use recruiters that do not comply with local labor laws of the country in which the recruiting takes place;

- (6) Charge employees or potential employees recruitment fees;

- (7) (i) Fail to provide return transportation or pay for the cost of return transportation upon the end of employment-

- (A) For an employee who is not a national of the country in which the work is taking place and who was

brought into that country for the purpose of working on a U.S. Government contract or subcontract (for portions of contracts

performed outside the United States); or

- (B) For an employee who is not a United States national and who was brought into the United States for the

purpose of working on a U.S. Government contract or subcontract, if the payment of such costs is required under

existing

temporary worker programs or pursuant to a written agreement with the employee (for portions of contracts performed inside

the United States); except that?

(ii) The requirements of paragraphs (b)(7)(i) of this clause must not apply to an employee who is?

(A) Legally permitted to remain in the country of employment and who chooses to do so; or

(B) Exempted by an authorized official of the contracting agency from the requirement to provide return

transportation or pay for the cost of return transportation;

(iii) The requirements of paragraph (b)(7)(i) of this clause are modified for a victim of trafficking in persons who is seeking victim services or legal redress in the country of employment, or for a witness in an enforcement action related to

trafficking in persons. The contractor must provide the return transportation or pay the cost of return transportation in a way

that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor must not only offer

return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the

exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required

work document in writing. Such written work document must be in a language the employee understands. If the employee

must relocate to perform the work, the work document must be provided to the employee at least five days prior to the employee relocating. The employee's work document must include, but is not limited to, details about work description, wages, prohibition on charging recruitment fees, work location(s), living accommodations and associated costs, time off,

roundtrip transportation arrangements, grievance process, and the content of applicable laws and regulations that prohibit

trafficking in persons.

(c) Contractor requirements. The Contractor must-

(1) Notify its employees and agents of-

(i) The United States Government's policy prohibiting trafficking in persons, described in paragraph (b) of this clause; and

52.2-182

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-50

(ii) The actions that will be taken against employees or agents for violations of this policy. Such actions for employees may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and

(2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate

the policy in paragraph (b) of this clause.

(d) Notification. (1) The Contractor must inform the Contracting Officer and the agency Inspector General

immediately of

?

(i) Any credible information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy in paragraph (b) of this clause (see also 18 U.S.C. 1351, Fraud in Foreign Labor Contracting, and 52.203-13(b)(3)(i)(A), if that clause is included in the solicitation or contract, which requires disclosure to the agency Office of the Inspector General when the Contractor has credible evidence of fraud); and

(ii) Any actions taken against a Contractor employee, subcontractor, subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor must inform the contracting officer for the contract with the highest dollar value.

(e) Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of paragraphs (c), (d), (g), (h), or (i) of this clause may result in?

- (1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;
- (2) Requiring the Contractor to terminate a subcontract;
- (3) Suspension of contract payments until the Contractor has taken appropriate remedial action;
- (4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;
- (5) Declining to exercise available options under the contract;
- (6) Termination of the contract for default or cause, in accordance with the termination clause of this contract;
- or
- (7) Suspension or debarment.

(f) Mitigating and aggravating factors. When determining remedies, the Contracting Officer may consider the following:

(1) Mitigating factors. The Contractor had a Trafficking in Persons compliance plan or an awareness program at the time of the violation, was in compliance with the plan, and has taken appropriate remedial actions for the violation, that may include reparation to victims for such violations.

(2) Aggravating factors. The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) Full cooperation. (1) The Contractor must, at a minimum?

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions

to

ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other

applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the

use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and must not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(2) The requirement for full cooperation does not foreclose any Contractor rights arising in law, the FAR, or the terms

of the contract. It does not-

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from?

(A) Conducting an internal investigation; or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

52.2-183

52.222-50 FEDERAL ACQUISITION REGULATION

(h) Compliance plan. (1) This paragraph (h) applies to any portion of the contract that?

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds \$700,000.

(2) The Contractor must maintain a compliance plan during the performance of the contract that is appropriate?

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies

susceptible to trafficking in persons.

(3) Minimum requirements. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against

the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the Web site for the Department of State's Office to Monitor and Combat Trafficking in Persons at [http://](http://www.state.gov/j/tip/)

www.state.gov/j/tip/.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human

Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee or potential employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) Posting. (i) The Contractor must post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor must provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor must provide the compliance plan to the Contracting Officer upon request.

(5) Certification. Annually after receiving an award, the Contractor must submit a certification to the Contracting Officer that?

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either?

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) Subcontracts. (1) The Contractor must include the substance of this clause, including this paragraph (i), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that?

(i) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(ii) Has an estimated value that exceeds \$700,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor must require submission prior to the award of the subcontract and annually thereafter. The certification must cover the items in paragraph (h)(5) of this clause.

(End of clause)

52.2-184

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-52

Alternate I (DEVIATION DATE). As prescribed in 22.1703-2(a)(2), substitute the following paragraph in place of paragraph (c)(1)(i) of the basic clause:

(c)(1)(i)(A) The United States Government's policy prohibiting trafficking in persons described in paragraph (b) of this

clause; and

(B) The following directive(s) or notice(s) applicable to employees performing work at the contract place(s) of

performance as indicated below:

Document Title Document may be obtained from: Applies to performance in/at:

[Contracting Officer must insert title of directive/notice; indicate the document is attached or provide source (such as website link) for obtaining document; and, indicate the contract performance location outside the United States to which the document applies.]

52.222-51 Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements.

As prescribed in 22.1002-2(e)(2), insert the following clause:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR MAINTENANCE, CALIBRATION, OR REPAIR OF CERTAIN EQUIPMENT-REQUIREMENTS (DEVIATION DATE)

(a) The items of equipment to be serviced under this contract are used regularly for other than Government purposes, and are sold or traded by the Contractor in substantial quantities to the general public in the course of normal business operations.

(b) The services must be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(1) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

(2) An "established market price" is a current price, established in the usual course of trade between buyers and sellers free to bargain, which can be substantiated from sources independent of the manufacturer or Contractor.

(c) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract must be the same as that used for these employees and for equivalent employees servicing the same equipment of commercial customers.

(d) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor must determine the applicability of this exemption to any subcontract on or before subcontract award. In

making a

judgment that the exemption applies, the Contractor must consider all factors and make an affirmative determination that all

of the conditions in paragraphs (a) through (c) of this clause will be met.

(e) If the Department of Labor determines that any conditions for exemption in paragraphs (a) through (c) of this clause

have not been met, the exemption shall be deemed inapplicable, and the contract shall become subject to the Service Contract

Labor Standards statute. In such case, the procedures at 29 CFR 4.123(e)(1)(iv) and 29 CFR 4.5(c) will be followed.

(f) The Contractor must include the substance of this clause, including this paragraph (f), in subcontracts for exempt

services under this contract.

(End of clause)

52.222-52 Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-

Certification.

As prescribed in 22.1002-2(e)(3), insert the following provision:

EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS TO CONTRACTS FOR CERTAIN SERVICES-CERTIFICATION (DEVIATION DATE)

52.2-185

52.222-53 FEDERAL ACQUISITION REGULATION

(a) The offeror must check the following certification:

Certification

The offeror ? does ? does not certify that-

(1) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by

the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course

of normal business operations;

(2) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An

"established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by

the manufacturer or the offeror, is either published or otherwise available for inspection by customers, and states prices at

which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established

market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to

bargain, which can be substantiated from sources independent of the manufacturer or offeror;

(3) Each service employee who will perform the services under the contract will spend only a small portion of his or

her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of

available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(4) The offeror uses the same compensation (wage and fringe benefits) plan for all service employees performing work

under the contract as the offeror uses for these employees and for equivalent employees servicing commercial customers.

(b) Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services. If the offeror certifies to the conditions in paragraph (a) of this provision, and the Contracting Officer determines in accordance with FAR 22.1002-1(f)(3) that the Service Contract Labor Standards statute-

(1) Will not apply to this offeror, then the Service Contract Labor Standards clause in this solicitation will not be included in any resultant contract to this offeror; or

(2) Will apply to this offeror, then the clause at FAR 52.222-53, Exemption from Application of the Service Contract

Labor Standards to Contracts for Certain Services-Requirements, in this solicitation will not be included in any resultant contract awarded to this offer, and the offeror may be provided an opportunity to submit a new offer on that basis.

(c) If the offeror does not certify to the conditions in paragraph (a) of this provision-

(1) The clause of this solicitation at 52.222-53, Exemption from Application of the Service Contract Labor Standards to

Contracts for Certain Services-Requirements, will not be included in any resultant contract to this offeror; and

(2) The offeror must notify the Contracting Officer as soon as possible if the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation.

(d) The Contracting Officer may not make an award to the offeror, if the offeror fails to execute the certification in paragraph (a) of this provision or to contact the Contracting Officer as required in paragraph (c) of this provision.

(End of provision)

52.222-53 Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-

Requirements.

As prescribed in 22.1002-2(e)(4), insert the following clause:

**EXEMPTION FROM APPLICATION OF THE SERVICE CONTRACT LABOR STANDARDS
TO CONTRACTS FOR CERTAIN SERVICES-REQUIREMENTS (DEVIATION DATE)**

(a) The services under this contract are offered and sold regularly to non-Governmental customers, and are provided by the

Contractor to the general public in substantial quantities in the course of normal business operations.

(b) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by

the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices

at which sales currently, or were last, made to a significant number of buyers constituting the general public. An "established

market price" is a current price, established in the usual course of ordinary and usual trade between buyers and sellers free to

bargain, which can be substantiated from sources independent of the manufacturer or Contractor.

52.2-186

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-54

(c) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract.

(d) The Contractor uses the same compensation (wage and fringe benefits) plan for all service employees performing work under the contract as the Contractor uses for these employees and for equivalent employees servicing commercial customers.

(e) (1) Except for services identified in FAR 22.1002-1(f)(1)(iv), the subcontractor for exempt services must be selected for award based on other factors in addition to price or cost with the combination of other factors at least as important as price or cost; or

(2) A subcontract for exempt services must be awarded on a sole source basis.

(f) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor must determine in advance, based on the nature of the subcontract requirements and knowledge of the practices of likely subcontractors, that all or nearly all likely subcontractors will meet the conditions in paragraphs (a) through (d) of this clause. If the services are currently being performed under a subcontract, the Contractor must consider the practices of the existing subcontractor in making a determination regarding the conditions in paragraphs (a) through (d) of this clause. If the Contractor has reason to doubt the validity of the certification, the requirements of the Service Contract Labor Standards statute must be included in the subcontract.

(g) If the Department of Labor determines that any conditions for exemption at paragraphs (a) through (e) of this clause have not been met, the exemption must be deemed inapplicable, and the contract must become subject to the Service Contract Labor Standards statute. In such case, the procedures in at 29 CFR 4.123(e)(2)(iii) and 29 CFR 4.5(c) will be followed.

(h) The Contractor must include the substance of this clause, including this paragraph (h), in subcontracts for exempt services under this contract.

(End of clause)

52.222-54 Employment Eligibility Verification.

As prescribed in 22.1802-2, Insert the following clause:

EMPLOYMENT ELIGIBILITY VERIFICATION (DEVIATION DATE)

(a) Definitions. As used in this clause-
Commercially available off-the-shelf (COTS) item?

(1) Means any item of supply that is?

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products. Per 46 CFR 525.1 (c)(2), "bulk cargo" means cargo that is loaded and carried in bulk onboard ship without mark or

count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except

LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

Employee assigned to the contract means an employee who was hired after November 6, 1986 (after November 27, 2009 in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under

a contract that is required to include the clause prescribed at 22.1802-2. An employee is not considered to be directly performing work under a contract if the employee-

(1) Normally performs support work, such as indirect or overhead functions; and

(2) Does not perform any substantial duties applicable to the contract.

Subcontract

Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

United States, as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the

Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

52.2-187

52.222-54 FEDERAL ACQUISITION REGULATION

(b) Enrollment and verification requirements. (1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at

time of contract award, the Contractor must-

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section);

and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract,

whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must use

E-Verify to initiate verification of employment eligibility of-

(i) All new employees. (A) Enrolled 90 calendar days or more. The Contractor must initiate verification of all new

hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days

after the date of hire (but see paragraph (b)(3) of this section); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in

E-Verify, the Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section);

or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor must initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government

or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into

with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the

contract, whether existing employees or new hires. The Contractor must follow the applicable verification requirements at

(b)(1) or (b)(2) respectively, except that any requirement for verification of new employees applies only to new employees

assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees

hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than

just those employees assigned to the contract. The Contractor must initiate verification for each existing employee working

in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern

Mariana Islands), within 180 calendar days of-

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor must comply, for the period of performance of this contract, with the requirements of the E-Verify

program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspending and debarring official.

(ii) During the period between termination of the MOU and a decision by the suspending and debarring official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the Contractor is not suspended, debarred, or subject to a voluntary exclusion, then the Contractor must reenroll in

E-Verify.

(c) Web site. Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: <https://www.e-Verify.gov>.

(d) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee-

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or

top secret information in accordance with the National Industrial Security Program Operating Manual; or

52.2-188

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-55

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland

Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) Subcontracts. The Contractor must include the requirements of this clause, including this paragraph (e) (appropriately

modified for identification of the parties), in each subcontract that-

(1) Is for? (i) Services (except for commercial services that are part of the purchase of a COTS item (or an item that

would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that

COTS item); or

(ii) Construction;

(2) Has a value of more than \$3,500; and

(3) Includes work performed in the United States.

(End of clause)

52.222-55 Minimum Wages for Contractor Workers Under Executive Order 14026.

As prescribed in 22.1906, insert the following clause:

MINIMUM WAGES FOR CONTRACTOR WORKERS UNDER EXECUTIVE ORDER 14026 (DEVIATION DATE)

(a) Definitions. As used in this clause?

United States means the 50 states, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer

Continental Shelf Lands Act (43 U.S.C. 1331, et seq.).

Worker?

(1) (i) Means any person engaged in performing work on, or in connection with, a contract covered by Executive Order

14026, and ?

(A) Whose wages under such contract are governed by the Fair Labor Standards Act (29 U.S.C. chapter 8), the

Service Contract Labor Standards statute (41 U.S.C. chapter 67), or the Wage Rate Requirements (Construction) statute (40

U.S.C. chapter 31, subchapter IV);

(B) Other than individuals employed in a bona fide executive, administrative, or professional capacity, as those

terms are defined in 29 CFR part 541; and

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer.

(ii) Includes workers performing on, or in connection with, the contract whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c).

(iii) Also includes any person working on, or in connection with, the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration,

Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2) (i) A worker performs on a contract if the worker directly performs the specific services called for by the contract;

and

(ii) A worker performs in connection with a contract if the worker's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

(b) Executive Order minimum wage rate.

(1) The Contractor must pay to workers, while performing in the United States, and performing on, or in connection

with, this contract, a minimum hourly wage rate of \$15.00 per hour beginning January 30, 2022.

(2) The Contractor must adjust the minimum wage paid, if necessary, beginning January 1, 2023, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and

Hour Division (the Administrator) will publish annual determinations in the Federal Register no later than 90 days before the

effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage

on <https://www.sam.gov> (or any successor Web site), and a general notice on all wage determinations issued under the Service

Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the

E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by

reference into this contract.

52.2-189

52.222-55 FEDERAL ACQUISITION REGULATION

(3) (i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum

wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of

an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated

labor costs must include increases or decreases that result from changes in social security and unemployment taxes and

workers' compensation insurance, but will not otherwise include any amount for general and administrative costs,

overhead,
or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors must consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer must not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and must not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers must be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor must pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 23.230, Deductions.

(7) The Contractor must not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance or any applicable contract establishing a minimum wage higher than the E.O. 14026 minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor must pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor must follow the policies and procedures in 29 CFR 23.240(b) and 23.280 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

(c) (1) This clause applies to workers as defined in paragraph (a). As provided in that definition?

(i) Workers are covered regardless of the contractual relationship alleged to exist between the contractor or subcontractor and the worker;

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the

Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship

Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to?

(i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., i.e. those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged

in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and

(b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction)

statute. These individuals include but are not limited to?

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under

29 U.S.C. 214(a);

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b); and

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and

29 CFR part 541).

52.2-190

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-56

(d) Notice. The Contractor must notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With

respect to workers whose wages are governed by the FLSA, the Contractor must post notice, utilizing the poster provided by

the Administrator, which can be obtained at www.dol.gov/agencies/whd/government-contracts, in a prominent and accessible

place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically

provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) Payroll Records.

(1) The Contractor must make and maintain records, for three years after completion of the work, containing the

following information for each worker:

(i) Name, address, and social security number;

(ii) The worker's occupation(s) or classification(s);

(iii) The rate or rates of wages paid;

- (iv) The number of daily and weekly hours worked by each worker;
- (v) Any deductions made; and
- (vi) Total wages paid.

(2) The Contractor must make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor must also make such records available upon request of the Contracting Officer.

(3) The Contractor must make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 23.260 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment must be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) Access. The Contractor must permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) Withholding. The Contracting Officer, upon his or her own action or upon written request of the Administrator, must withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) Disputes. Department of Labor has set forth in 29 CFR 23.510, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part

23. Such disputes must be resolved in accordance with those procedures and not the Disputes clause of this contract. These

disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) Antiretaliation. The Contractor must not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) Subcontractor compliance. The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) Subcontracts. The Contractor must include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate

Requirements

(Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

52.222-56 Certification Regarding Trafficking in Persons Compliance Plan.

As prescribed in 22.1703-2(b), insert the following provision:

52.2-191

52.222-57 FEDERAL ACQUISITION REGULATION

CERTIFICATION REGARDING TRAFFICKING IN PERSONS COMPLIANCE PLAN (DEVIATION DATE)

(a) The term "commercially available off-the-shelf (COTS) item," is defined in the clause of this solicitation entitled "Combating Trafficking in Persons" (FAR clause 52.222-50).

(b) The apparent successful Offeror must submit, prior to award, a certification, as specified in paragraph (c) of this provision, for the portion (if any) of the contract that-

(1) Is for supplies, other than commercially available off-the-shelf items, to be acquired outside the United States, or

services to be performed outside the United States; and

(2) Has an estimated value that exceeds \$700,000.

(c) The certification must state that-

(1) It has implemented a compliance plan to prevent any prohibited activities identified in paragraph (b) of the clause

at 52.222-50, Combating Trafficking in Persons, and to monitor, detect, and terminate the contract with a subcontractor engaging in prohibited activities identified at paragraph (b) of the clause at 52.222-50, Combating Trafficking in Persons; and

(2) After having conducted due diligence, either-

(i) To the best of the Offeror's knowledge and belief, neither it nor any of its proposed agents, subcontractors, or their agents is engaged in any such activities; or

(ii) If abuses relating to any of the prohibited activities identified in 52.222-50(b) have been found, the Offeror or proposed subcontractor has taken the appropriate remedial and referral actions.

(End of provision)

52.222-57 [Reserved]

52.222-58 [Reserved]

52.222-59 [Reserved]

52.222-60 [Reserved]

52.222-61 [Reserved]

52.222-62 Paid Sick Leave Under Executive Order 13706.

As prescribed at 22.2102-5, insert the following clause:

PAID SICK LEAVE UNDER EXECUTIVE ORDER 13706 (DEVIATION DATE)

(a) Definitions. As used in this clause (in accordance with 29 CFR 13.2)-

Child, "domestic partner", and "domestic violence" have the meaning given in 29 CFR 13.2.

Employee ?

(1) (i) Means any person engaged in performing work on or in connection with a contract covered by Executive Order

(E.O.) 13706; and

(A) Whose wages under such contract are governed by the Service Contract Labor Standards statute (41 U.S.C.

chapter 67), the Wage Rate Requirements (Construction) statute (40 U.S.C. chapter 31, subchapter IV), or the Fair Labor

Standards Act (29 U.S.C. chapter 8);

(B) Including employees who qualify for an exemption from the Fair Labor Standards Act's minimum wage and

overtime provisions;

(C) Regardless of the contractual relationship alleged to exist between the individual and the employer; and

(ii) Includes any person performing work on or in connection with the contract and individually registered in a bona fide apprenticeship or training program registered with the Department of Labor's Employment and Training Administration,

Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship.

(2) (i) An employee performs "on" a contract if the employee directly performs the specific services called for by the

contract; and

52.2-192

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-62

(ii) An employee performs "in connection with" a contract if the employee's work activities are necessary to the performance of a contract but are not the specific services called for by the contract.

Individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship

has the meaning given in 29 CFR 13.2.

Multiemployer plan means a plan to which more than one employer is required to contribute and which is maintained pursuant to one or more collective bargaining agreements between one or more employee organizations and more than one

employer.

Paid sick leave means compensated absence from employment that is required by E.O. 13706 and 29 CFR Part 13.

Parent, "sexual assault", "spouse", and "stalking" have the meaning given in 29 CFR 13.2.

United States means the 50 States and the District of Columbia.

(b) Executive Order 13706. (1) This contract is subject to E.O. 13706 and the regulations issued by the Secretary of Labor

in 29 CFR Part 13 pursuant to the E.O.

(2) If this contract is not performed wholly within the United States, this clause only applies with respect to that part of

the contract that is performed within the United States.

(c) Paid sick leave. The Contractor must-

(1) Permit each employee engaged in performing work on or in connection with this contract to earn not less than 1

hour of paid sick leave for every 30 hours worked;

(2) Allow accrual and use of paid sick leave as required by E.O. 13706 and 29 CFR Part 13;

(3) Comply with the accrual, use, and other requirements set forth in 29 CFR 13.5 and 13.6, which are incorporated by

reference in this contract;

(4) Provide paid sick leave to all employees when due free and clear and without subsequent deduction

(except as otherwise provided by 29 CFR 13.24), rebate, or kickback on any account;

(5) Provide pay and benefits for paid sick leave used no later than one pay period following the end of the regular pay period in which the paid sick leave was taken; and

(6) Be responsible for the compliance by any subcontractor with the requirements of E.O. 13706, 29 CFR Part 13, and this clause.

(d) Contractors may fulfill their obligations under E.O. 13706 and 29 CFR Part 13 jointly with other contractors through a multiemployer plan, or may fulfill their obligations through an individual fund, plan, or program (see 29 CFR 13.8).

(e) Withholding. The Contracting Officer must, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this or any other Federal contract with the same Contractor, so much of the accrued payments or advances as may be considered necessary to pay employees the full amount owed to compensate for any violation of the requirements of E.O. 13706, 29 CFR Part 13, or this clause, including-

- (1) Any pay and/or benefits denied or lost by reason of the violation;
- (2) Other actual monetary losses sustained as a direct result of the violation; and
- (3) Liquidated damages.

(f) Payment suspension/contract termination/contractor debarment. (1) In the event of a failure to comply with E.O. 13706, 29 CFR Part 13, or this clause, the contracting agency may, on its own action or after authorization or by direction of the Department of Labor and written notification to the Contractor take action to cause suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

- (2) Any failure to comply with the requirements of this clause may be grounds for termination for default or cause.
- (3) A breach of the contract clause may be grounds for debarment as a contractor and subcontractor as provided in 29

CFR 13.52.

(g) The paid sick leave required by E.O. 13706, 29 CFR Part 13, and this clause is in addition to the Contractor's obligations under the Service Contract Labor Standards statute and Wage Rate Requirements (Construction) statute, and the Contractor may not receive credit toward its prevailing wage or fringe benefit obligations under those Acts for any paid sick leave provided in satisfaction of the requirements of E.O. 13706 and 29 CFR Part 13.

(h) Nothing in E.O. 13706 or 29 CFR Part 13 shall excuse noncompliance with or supersede any applicable Federal or State law, any applicable law or municipal ordinance, or a collective bargaining agreement requiring greater paid sick leave or leave rights than those established under E.O. 13706 and 29 CFR Part 13.

- (i) Recordkeeping. (1) The Contractor must make and maintain, for no less than three (3) years from the completion of

the work on the contract, records containing the following information for each employee, which the Contractor must make

52.2-193

52.222-62 FEDERAL ACQUISITION REGULATION

available upon request for inspection, copying, and transcription by authorized representatives of the Administrator of the

Wage and Hour Division of the Department of Labor:

- (i) Name, address, and social security number of each employee.
 - (ii) The employee's occupation(s) or classification(s).
 - (iii) The rate or rates of wages paid (including all pay and benefits provided).
 - (iv) The number of daily and weekly hours worked.
 - (v) Any deductions made.
 - (vi) The total wages paid (including all pay and benefits provided) each pay period.
 - (vii) A copy of notifications to employees of the amount of paid sick leave the employee has accrued, as required under 29 CFR 13.5(a)(2).
 - (viii) A copy of employees' requests to use paid sick leave, if in writing, or, if not in writing, any other records reflecting such employee requests.
 - (ix) Dates and amounts of paid sick leave taken by employees (unless the Contractor's paid time off policy satisfies the requirements of E.O. 13706 and 29 CFR Part 13 as described in 29 CFR 13.5(f)(5), leave must be designated in records as paid sick leave pursuant to E.O. 13706).
 - (x) A copy of any written responses to employees' requests to use paid sick leave, including explanations for any denials of such requests, as required under 29 CFR 13.5(d)(3).
 - (xi) Any records reflecting the certification and documentation the Contractor may require an employee to provide under 29 CFR 13.5(e), including copies of any certification or documentation provided by an employee.
 - (xii) Any other records showing any tracking of or calculations related to an employee's accrual or use of paid sick leave.
 - (xiii) The relevant contract.
 - (xiv) The regular pay and benefits provided to an employee for each use of paid sick leave.
 - (xv) Any financial payment made for unused paid sick leave upon a separation from employment intended, pursuant to 29 CFR 13.5(b)(5), to relieve the Contractor from the obligation to reinstate such paid sick leave as otherwise required by 29 CFR 13.5(b)(4).
- (2) (i) If the Contractor wishes to distinguish between an employee's covered and noncovered work, the Contractor must keep records or other proof reflecting such distinctions. Only if the Contractor adequately segregates the employee's time will time spent on noncovered work be excluded from hours worked counted toward the accrual of paid sick leave. Similarly, only if the Contractor adequately segregates the employee's time may the Contractor properly refuse an employee's request to use paid sick leave on the ground that the employee was scheduled to perform noncovered work during the time he or she asked to use paid sick leave.

(ii) If the Contractor estimates covered hours worked by an employee who performs work in connection with contracts covered by the E.O. pursuant to 29 CFR 13.5(a)(1)(i) or (iii), the Contractor must keep records or other proof of the verifiable information on which such estimates are reasonably based. Only if the Contractor relies on an estimate that is reasonable and based on verifiable information will an employee's time spent in connection with noncovered work be excluded from hours worked counted toward the accrual of paid sick leave. If the Contractor estimates the amount of time an employee spends performing in connection with contracts covered by the E.O., the Contractor must permit the employee to use his or her paid sick leave during any work time for the Contractor.

(3) In the event the Contractor is not obligated by the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, or the Fair Labor Standards Act to keep records of an employee's hours worked, such as because the employee is exempt from the Fair Labor Standards Act's minimum wage and overtime requirements, and the Contractor chooses to use the assumption permitted by 29 CFR 13.5(a)(1)(iii), the Contractor is excused from the requirement in paragraph (i)(1)(iv) of this clause and 29 CFR 13.25(a)(4) to keep records of the employee's number of daily and weekly hours worked.

(4) (i) Records relating to medical histories or domestic violence, sexual assault, or stalking, created for purposes of E.O. 13706, whether of an employee or an employee's child, parent, spouse, domestic partner, or other individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship, must be maintained as confidential records in separate files/records from the usual personnel files.

(ii) If the confidentiality requirements of the Genetic Information Nondiscrimination Act of 2008 (GINA), section 503 of the Rehabilitation Act of 1973, and/or the Americans with Disabilities Act (ADA) apply to records or documents created to comply with the recordkeeping requirements in this contract clause, the records and documents must also be

52.2-194

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.222-90

maintained in compliance with the confidentiality requirements of the GINA, section 503 of the Rehabilitation Act of 1973, and/or ADA as described in 29 CFR 1635.9, 41 CFR 60-741.23(d), and 29 CFR 1630.14(c)(1), respectively.

(iii) The Contractor must not disclose any documentation used to verify the need to use 3 or more consecutive days of paid sick leave for the purposes listed in 29 CFR 13.5(c)(1)(iv) (as described in 29 CFR 13.5(e)(1)(ii)) and must maintain confidentiality about any domestic abuse, sexual assault, or stalking, unless the employee consents or when disclosure is required by law.

(5) The Contractor must permit authorized representatives of the Wage and Hour Division to conduct interviews with

employees at the worksite during normal working hours.

(6) Nothing in this contract clause limits or otherwise modifies the Contractor's recordkeeping obligations, if any, under

the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards

Act, the Family and Medical Leave Act, E.O. 14026, their respective implementing regulations, or any other applicable law.

(j) Interference/discrimination. (1) The Contractor must not in any manner interfere with an employee's accrual or use of

paid sick leave as required by E.O. 13706 or 29 CFR Part 13. Interference includes, but is not limited to-

(i) Miscalculating the amount of paid sick leave an employee has accrued;

(ii) Denying or unreasonably delaying a response to a proper request to use paid sick leave;

(iii) Discouraging an employee from using paid sick leave;

(iv) Reducing an employee's accrued paid sick leave by more than the amount of such leave used;

(v) Transferring an employee to work on contracts not covered by the E.O. to prevent the accrual or use of paid sick

leave;

(vi) Disclosing confidential information contained in certification or other documentation provided to verify the need to use paid sick leave; or

(vii) Making the use of paid sick leave contingent on the employee's finding a replacement worker or the fulfillment of the Contractor's operational needs.

(2) The Contractor must not discharge or in any other manner discriminate against any employee for?

(i) Using, or attempting to use, paid sick leave as provided for under E.O. 13706 and 29 CFR Part 13;

(ii) Filing any complaint, initiating any proceeding, or otherwise asserting any right or claim under E.O. 13706 and 29 CFR Part 13;

(iii) Cooperating in any investigation or testifying in any proceeding under E.O. 13706 and 29 CFR Part 13; or

(iv) Informing any other person about his or her rights under E.O. 13706 and 29 CFR Part 13.

(k) Notice. The Contractor must notify all employees performing work on or in connection with a contract covered by the

E.O. of the paid sick leave requirements of E.O. 13706, 29 CFR Part 13, and this clause by posting a notice provided by the

Department of Labor in a prominent and accessible place at the worksite so it may be readily seen by employees. Contractors

that customarily post notices to employees electronically may post the notice electronically, provided such electronic posting

is displayed prominently on any Web site that is maintained by the Contractor, whether external or internal, and customarily

used for notices to employees about terms and conditions of employment.

(l) Disputes concerning labor standards. Disputes related to the application of E.O. 13706 to this contract must not be

subject to the general disputes clause of the contract. Such disputes must be resolved in accordance with the procedures of

the Department of Labor set forth in 29 CFR Part 13. Disputes within the meaning of this contract clause include disputes

between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the

employees

or their representatives.

(m) Subcontracts. The Contractor must insert the substance of this clause, including this paragraph (m), in all subcontracts,

regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements

(Construction) statute, and are to be performed in whole or in part in the United States.

(End of clause)

52.222-90 Addressing DEI Discrimination by Federal Contractors.

As prescribed in 22.2203, insert the following clause:

ADDRESSING DEI DISCRIMINATION BY FEDERAL CONTRACTORS (DEVIATION DATE)

(a) Definitions. As used in this clause?

52.2-195

52.222-90 FEDERAL ACQUISITION REGULATION

Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership

development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory diversity, equity, and inclusion (DEI) activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (e.g., vendor agreements), program participation, or allocation or deployment of an entity's resources.

(b) In connection with the performance of work under this contract, the Contractor agrees as follows:

(1) The Contractor will not engage in any racially discriminatory DEI activities;

(2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts,

as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

(3) In the event of the Contractor's or a subcontractor's noncompliance with this clause, this contract may be canceled,

terminated, or suspended in whole or in part, and the Contractor or subcontractor may be declared ineligible for further Government contracts;

(4) The Contractor will report any subcontractor's known or reasonably knowable conduct that may violate this clause

to the Contracting Officer and take any appropriate remedial actions directed by the Contracting Officer; and

(5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue,

in any way, the validity of this clause.

(6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government's

payment decisions for purposes of 31 U.S.C. 3729(b)(4).

(c) The Contractor must include the substance of this clause, including this paragraph (c), in subcontracts at any tier,

including those for commercial products and commercial services, except those where the place of delivery or performance is

outside the United States.

(End of clause)

52.2-196

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.223-3

52.223 [Reserved]

52.223-1 Biobased Product Certification.

As prescribed in 23.108(c)(1), insert the following provision:

BIOBASED PRODUCT CERTIFICATION (DEVIATION DATE)

As required by the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8101(4)) and the Energy Policy Act of 2005

(7 U.S.C. 8102(a)(2)(F)), the Offeror certifies, by signing this offer, that biobased products (within categories of products

listed by the United States Department of Agriculture at <https://www.biopreferred.gov/resources/categories.html> to be used

or delivered in the performance of the contract, other than biobased products that are not purchased by the Offeror as a direct

result of this contract, will comply with the applicable specifications or other contractual requirements.

(End of provision)

52.223-2 Reporting of Biobased Products Under Service and Construction Contracts.

As prescribed in 23.108(c)(2), insert the following clause:

REPORTING OF BIOBASED PRODUCTS UNDER SERVICE AND CONSTRUCTION CONTRACTS (DEVIATION DATE)

(a) Definitions. As used in this clause?

Biobased product means a product determined by the U.S. Department of Agriculture (USDA) to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient

or feedstock. The term includes, with respect to forestry materials, forest products that meet biobased content requirements,

notwithstanding the market share the product holds, the age of the product, or whether the market for the product is new or

emerging. (7 U.S.C. 8101) (7 CFR 4270.2).

USDA-designated product category a generic grouping of biobased products that are listed by USDA in a procurement guideline (7 CFR part 4270) and for which USDA has provided minimum biobased content standards (see <https://www.biopreferred.gov/resources/categories.html>).

(b) Requirement. The Contractor shall?

(1) Report to <https://www.sam.gov>, with a copy to the Contracting Officer, on the product types and dollar value of

any biobased products in USDA-designated product categories purchased by the Contractor during the previous Government

fiscal year, between October 1 and September 30; and

(2) Submit this report no later than?

(i) October 31 of each year during contract performance; and

(ii) At the end of contract performance.

(End of clause)

52.223-3 Hazardous Material Identification and Safety Data.

As prescribed in 23.304(a)(1), insert the following clause:

HAZARDOUS MATERIAL IDENTIFICATION AND SAFETY DATA (DEVIATION DATE)

(a) Hazardous material, as used in this clause, includes any material defined as hazardous under the latest version of

Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The Offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this

contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted

under this contract.

Material (If none, insert None) Identification No.

52.2-197

52.223-4 FEDERAL ACQUISITION REGULATION

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet,

meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous

material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313,

whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data

Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which

renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify

the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of

any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local

laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to?

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this

clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 23.304(a)(2), add the following paragraph (i) to the basic clause:

(i) Except as provided in paragraph (i)(2) the Contractor shall prepare and submit a sufficient number of Safety Data

Sheets (SDS's), meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all

hazardous materials identified in paragraph (b) of this clause.

(1) For items shipped to consignees, the Contractor shall include a copy of the SDS with the packing list or other

suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit SDS's to

consignees in advance of receipt of shipments by consignees, if authorized in writing by the Contracting Officer.

(2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer

supply centers, the Contractor shall provide one copy of the SDS's in or on each shipping container. If affixed to the outside

of each container, the SDS must be placed in a weather resistant envelope.

52.223-4 Recovered Material Certification.

As prescribed in 23.108(b)(1), insert the following provision:

RECOVERED MATERIAL CERTIFICATION (MAY 2008)

As required by the Resource Conservation and Recovery Act of 1976 (42 U.S.C. 6962(c)(3)(A)(i)), the offeror certifies, by

signing this offer, that the percentage of recovered materials content for EPA-designated items to be delivered or used in the

52.2-198

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.223-7

performance of the contract will be at least the amount required by the applicable contract specifications or other contractual requirements.

(End of provision)

52.223-5 Pollution Prevention and Right-to-Know Information.

As prescribed in 23.403, insert the following clause:

POLLUTION PREVENTION AND RIGHT-TO-KNOW INFORMATION (MAY 2024)

(a) Definitions. As used in this clause-

Toxic chemical means a chemical or chemical category listed in 40 CFR 372.65.

(b) Federal facilities are required to comply with the provisions of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) (42 U.S.C. 11001-11050), and the Pollution Prevention Act of 1990 (PPA) (42 U.S.C. 13101-13109).

(c) The Contractor shall provide all information needed by the Federal facility to comply with the following:

- (1) The emergency planning reporting requirements of section 302 of EPCRA.
- (2) The emergency notice requirements of section 304 of EPCRA.
- (3) The list of Material Safety Data Sheets, required by section 311 of EPCRA.
- (4) The emergency and hazardous chemical inventory forms of section 312 of EPCRA.
- (5) The toxic chemical release inventory of Section 313 of EPCRA, which includes the reduction and recycling

information required by section 6607 of PPA.

(End of clause)

52.223-6 [Reserved]

52.223-7 Notice of Radioactive Materials.

As prescribed in 23.304(b), insert the following clause:

NOTICE OF RADIOACTIVE MATERIALS (DEVIATION DATE)

(a) The Contractor shall notify the Contracting Officer or designee, in writing, _____*days prior to the delivery

of, or prior to completion of any servicing required by this contract of, items containing either (1) radioactive material requiring specific licensing under the regulations issued pursuant to the Atomic Energy Act of 1954, as amended, as set forth in title 10 of the Code of Federal Regulations, in effect on the date of this contract, or (2) other radioactive material not requiring specific licensing in which the specific activity is greater than 0.002 microcuries per gram or the activity per item equals or exceeds 0.01 microcuries. Such notice shall specify the part or parts of the items which contain radioactive

materials, a description of the materials, the name and activity of the isotope, the manufacturer of the materials, and any other

information known to the Contractor which will put users of the items on notice as to the hazards involved.

(b) If there has been no change affecting the quantity of activity, or the characteristics and composition of the radioactive

material from deliveries under this contract or prior contracts, the Contractor may request that the Contracting Officer or designee waive the notice requirement in paragraph (a) of this clause. Any such request shall?

- (1) Be submitted in writing;
- (2) State that the quantity of activity, characteristics, and composition of the radioactive material have not changed; and
- (3) Cite the contract number on which the prior notification was submitted and the contracting office to which it was

submitted.

(c) All items, parts, or subassemblies which contain radioactive materials in which the specific activity is greater than

0.002 microcuries per gram or activity per item equals or exceeds 0.01 microcuries, and all containers in which such items,

parts or subassemblies are delivered to the Government shall be clearly marked and labeled as required by the latest revision

of MIL-STD 129 in effect on the date of the contract.

(d) This clause, including this paragraph (d), shall be inserted in all subcontracts for radioactive materials meeting

the
criteria in paragraph (a) of this clause.

52.2-199**52.223-8 FEDERAL ACQUISITION REGULATION**

* The Contracting Officer shall insert the number of days required in advance of delivery of the item or completion of the servicing to assure that required licenses are obtained and appropriate personnel are notified to institute any necessary safety and health precautions.

(End of clause)

52.223-8 [Reserved]**52.223-9 Estimate of Percentage of Recovered Material Content for EPA-Designated Items.**

As prescribed in 23.108(b)(2), insert the following clause:

ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL CONTENT FOR EPA-DESIGNATED ITEMS (MAY 2008)

(a) Definitions. As used in this clause-

Postconsumer material means a material or finished product that has served its intended use and has been discarded for

disposal or recovery, having completed its life as a consumer item. Postconsumer material is a part of the broader category of

"recovered material."

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not

include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract, shall-

(1) Estimate the percentage of the total recovered material content for EPA-designated item(s) delivered and/or used in

contract performance, including, if applicable, the percentage of post-consumer material content; and

(2) Submit this estimate to _____ [Contracting Officer complete in accordance with agency procedures].

(End of clause)

Alternate I (MAY 2008). As prescribed in 23.108(b)(2), redesignate paragraph (b) of the basic clause as paragraph (c) and

add the following paragraph (b) to the basic clause:

(b) The Contractor shall execute the following certification required by the Resource Conservation and Recovery Act of

1976 (42 U.S.C. 6962(i)(2)(C)):

CERTIFICATION

I, _____ (name of certifier), am an officer or employee responsible for the performance of this contract and hereby certify that the percentage of recovered material content for EPA-designated items met the applicable contract specifications or other contractual requirements.

_____ [Signature of the Officer or Employee]

_____ [Typed Name of the Officer or Employee]

_____ [Title]

_____[Name of Company, Firm, or Organization]

_____[Date]

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.223-21

52.223-11 Ozone-Depleting Substances.

As prescribed in 23.108(d)(1), insert the following clause:

OZONE-DEPLETING SUBSTANCES (DEVIATION DATE)

(a) Definition. As used in this clause?

Ozone-depleting substance means any substance the Environmental Protection Agency designates in 40 CFR part 82 as?

(1) Class I, including, but not limited to, chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or

(2) Class II, including, but not limited to, hydrochlorofluorocarbons.

(b) Requirement. In accordance with 40 CFR 82.84(a)(5), the Contractor shall label products that contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j(b), (c), (d), and

(e) and 40 CFR part 82, subpart E, as follows:

Warning: Contains (or manufactured with, if applicable) * _____, a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere.

* The Contractor shall insert the name of the substance(s).

(End of clause)

52.223-12 Maintenance, Service, Repair, or Disposal of Refrigeration Equipment and Air Conditioners.

As prescribed in 23.108(d)(2), insert the following clause:

MAINTENANCE, SERVICE, REPAIR, OR DISPOSAL OF REFRIGERATION

EQUIPMENT AND AIR CONDITIONERS (DEVIATION DATE)

In accordance with 40 CFR 82.84(a)(3), the Contractor shall comply with the applicable requirements of sections 608 and

609 of the Clean Air Act (42 U.S.C. 7671g and 7671h) as each or both apply to this contract.

(DEVIATION DATE)

52.223-23 Sustainable Products.

As prescribed in 23.108(a), insert the following clause:

SUSTAINABLE PRODUCTS (DEVIATION DATE)

(a) Definitions. As used in this clause?

Sustainable product means?

(1) A product that contains recovered material designated by the EPA under the Comprehensive Procurement Guidelines (42 U.S.C. 6962) (40 CFR part 247) (<https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>).

(2) An energy-efficient product or low standby power device (42 U.S.C. 8259b) (10 CFR part 436, subpart C) (<https://>

www.energy.gov/eere/femp/search-energy-efficient-products, <https://www.energystar.gov/products?s=mega>, and <https://>

www.energy.gov/femp/low-standby-power-product-list).

(3) A biobased product that meets the content requirements of the USDA under the BioPreferred® program (7 U.S.C. 8102) (7 CFR Part 4270) (<https://www.biopreferred.gov/>).

(4) A substance identified in the EPA's Significant New Alternatives Policy (SNAP) program as a safe alternative to an ozone-depleting substance (42 U.S.C. 7671l) (40 CFR part 82, subpart G) (<https://www.epa.gov/snap/unacceptable-and-acceptable-substitutes-tables>).

(b) Requirements. The Government has identified in the statement of work or elsewhere in the contract the sustainable products that are required during the performance of this contract. The Contractor shall ensure that it provides sustainable products as required by this contract, when the products are?

(1) Delivered to the Government;

(2) Furnished for use by the Government;

(3) Incorporated into the construction of a public building or public work; or

(c) Furnished for use in performing services under this contract, where the cost of the products is a direct cost to this contract.

(End of clause)

52.2-202

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.224-3

52.224 [Reserved]

52.224-1 Privacy Act Notification.

As prescribed in 24.104, insert the following clause in solicitations and contracts:

PRIVACY ACT NOTIFICATION (APR 1984)

The Contractor will be required to design, develop, or operate a system of records on individuals, to accomplish an agency function subject to the Privacy Act of 1974, Public Law 93-579, December 31, 1974 (5 U.S.C. 552a) and applicable agency regulations. Violation of the Act may involve the imposition of criminal penalties.

(End of clause)

52.224-2 Privacy Act.

As prescribed in 24.104, insert the following clause in solicitations and contracts:

PRIVACY ACT (APR 1984)

(a) The Contractor agrees to-

(1) Comply with the Privacy Act of 1974 (the Act) and the agency rules and regulations issued under the Act in the

design, development, or operation of any system of records on individuals to accomplish an agency function when the contract specifically identifies-

(i) The systems of records; and

(ii) The design, development, or operation work that the contractor is to perform;

(2) Include the Privacy Act notification contained in this contract in every solicitation and resulting subcontract and in

every subcontract awarded without a solicitation, when the work statement in the proposed subcontract requires the design,

development, or operation of a system of records on individuals that is subject to the Act; and

(3) Include this clause, including this paragraph (3), in all subcontracts awarded under this contract which requires the

design, development, or operation of such a system of records.

(b) In the event of violations of the Act, a civil action may be brought against the agency involved when the violation concerns the design, development, or operation of a system of records on individuals to accomplish an agency function, and

criminal penalties may be imposed upon the officers or employees of the agency when the violation concerns the operation

of a system of records on individuals to accomplish an agency function. For purposes of the Act, when the contract is for the

operation of a system of records on individuals to accomplish an agency function, the Contractor and any employee of the

Contractor is considered to be an employee of the agency.

(c) (1) "Operation of a system of records," as used in this clause, means performance of any of the activities associated

with maintaining the system of records, including the collection, use, and dissemination of records.

(2) "Record," as used in this clause, means any item, collection, or grouping of information about an individual that

is maintained by an agency, including, but not limited to, education, financial transactions, medical history, and criminal or

employment history and that contains the person's name, or the identifying number, symbol, or other identifying particular

assigned to the individual, such as a fingerprint or voiceprint or a photograph.

(3) "System of records on individuals," as used in this clause, means a group of any records under the control of any

agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other

identifying particular assigned to the individual.

(End of clause)

52.224-3 Privacy Training.

As prescribed in 24.302(a), insert the following clause:

PRIVACY TRAINING (JAN 2017)

52.2-203

52.224-3 FEDERAL ACQUISITION REGULATION

(a) Definition. As used in this clause, "personally identifiable information" means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable

to a specific individual. (See Office of Management and Budget (OMB) Circular A-130, Managing Federal Information as a

Strategic Resource).

(b) The Contractor shall ensure that initial privacy training, and annual privacy training thereafter, is completed by contractor employees who-

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally

identifiable information on behalf of an agency; or

(3) Design, develop, maintain, or operate a system of records (see also FAR subpart 24.3 and 39.105).

(c) (1) "Privacy training shall address the key elements necessary for ensuring the safeguarding of personally identifiable

information or a system of records. The training shall be role-based, provide foundational as well as more advanced levels of

training, and have measures in place to test the knowledge level of users. At a minimum, the privacy training shall cover-

(i) The provisions of the Privacy Act of 1974 (5 U.S.C. 552a), including penalties for violations of the Act;

(ii) The appropriate handling and safeguarding of personally identifiable information;

(iii) The authorized and official use of a system of records or any other personally identifiable information;

(iv) The restriction on the use of unauthorized equipment to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise access personally identifiable information;

(v) The prohibition against the unauthorized use of a system of records or unauthorized disclosure, access, handling,

or use of personally identifiable information; and

(vi) The procedures to be followed in the event of a suspected or confirmed breach of a system of records or the unauthorized disclosure, access, handling, or use of personally identifiable information (see OMB guidance for Preparing for

and Responding to a Breach of Personally Identifiable Information).

(2) Completion of an agency-developed or agency-conducted training course shall be deemed to satisfy these elements.

(d) The Contractor shall maintain and, upon request, provide documentation of completion of privacy training to the Contracting Officer.

(e) The Contractor shall not allow any employee access to a system of records, or permit any employee to create, collect, use, process, store, maintain, disseminate, disclose, dispose or otherwise handle personally identifiable information, or to design, develop, maintain, or operate a system of records unless the employee has completed privacy training, as required by this clause.

(f) The substance of this clause, including this paragraph (f), shall be included in all subcontracts under this contract, when subcontractor employees will-

(1) Have access to a system of records;

(2) Create, collect, use, process, store, maintain, disseminate, disclose, dispose, or otherwise handle personally

identifiable information; or

(3) Design, develop, maintain, or operate a system of records.

(End of clause)

Alternate I (JAN 2017). As prescribed in 24.302 (b), if the agency specifies that only its agency-provided training is acceptable, substitute the following paragraph (c) for paragraph (c) of the basic clause:

(c) The contracting agency will provide initial privacy training, and annual privacy training thereafter, to Contractor employees for the duration of this contract.

52.2-204

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-1

52.225 [Reserved]

52.225-1 Buy American-Supplies

As prescribed in 25.601(a)(1)(i), insert the following clause:

BUY AMERICAN-SUPPLIES (DEVIATION DATE)

(a) Definitions. As used in this clause?

Commercially available off-the-shelf (COTS) item?

(1) Means any item of supply (including construction material) that is?

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into an end product.

Cost of components means?

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of

incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether

or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component,

including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding

profit. Cost of components does not include any costs associated with the manufacture of the end product.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical

to the U.S. supply chain. The list of critical components is at FAR 25.105 .

Domestic end product means?

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured end product mined or produced in the United States;

(ii) An end product manufactured in the United States, if-

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the

cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through

2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or

kind as those that the agency determines are not mined, produced, or manufactured in sufficient and reasonably available

commercial quantities of a satisfactory quality are treated as domestic. Components of unknown origin are treated as foreign.

Scrap generated, collected, and prepared for processing in the United States is considered domestic; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product

manufactured in the United States, if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all the

components used in the end product. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron

or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the

end product and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or

steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all

the materials used in such end product is calculated in accordance with the definition of "cost of components".

End product means those articles, materials, and supplies to be acquired under the contract for public use.

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners

are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign end product means an end product other than a domestic end product.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting

stage

through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the

elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

52.2-205

52.225-2 FEDERAL ACQUISITION REGULATION

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as

bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate

of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) 41 U.S.C. chapter 83, Buy American, provides a preference for domestic end products for supplies acquired for use in

the United States. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for

an end product that is a COTS item, except that for an end product that consists wholly or predominantly of iron or steel or

a combination of both, the domestic content test is applied only to the iron and steel content of the end product, excluding

COTS fasteners.

(c) Offerors may obtain from the Contracting Officer a list of foreign articles that the Contracting Officer will treat as domestic for this contract.

(d) The Contractor shall deliver only domestic end products except to the extent that it specified delivery of foreign end

products in the provision of the solicitation entitled "Buy American Certificate."

(End of clause)

Alternate I (OCT 2022). As prescribed in 25.601(a)(1)(ii) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of "domestic end product" in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds ___ percent of the

cost of all its components. [Contracting officer to insert the percentage.]

52.225-2 Buy American Certificate.

As prescribed in 25.601(a)(2), insert the following provision:

BUY AMERICAN CERTIFICATE (OCT 2022)

(a) (1) The Offeror certifies that each end product, except those listed in paragraph (b) of this provision, is a domestic end

product and that each domestic end product listed in paragraph (c) of this provision contains a critical component.

(2) The Offeror shall list as foreign end products those end products manufactured in the United States that do not

qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or

steel

or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic

content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

(3) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component

(see FAR 25.105).

(4) The terms "commercially available off-the-shelf (COTS) item," "critical component," "domestic end product," "end

product," and "foreign end product" are defined in the clause of this solicitation entitled "Buy American-Supplies."

(b) Foreign End Products:

LINE ITEM NO. COUNTRY OF ORIGIN EXCEEDS 55% DOMESTIC CONTENT (YES/NO)

_____	_____	_____
_____	_____	_____
_____	_____	_____

(b) [List as necessary]

(c) Domestic end products containing a critical component:

Line Item No. ____

[List as necessary]

52.2-206

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-3

(d) The Government will evaluate offers in accordance with the policies and procedures of part 25 of the Federal Acquisition Regulation.

(End of provision)

52.225-3 Buy American-Free Trade Agreements-Israeli Trade Act.

As prescribed in 25.601(b)(1)(i), insert the following clause:

BUY AMERICAN-FREE TRADE AGREEMENTS-ISRAELI TRADE ACT (DEVIATION DATE)

(a) Definitions. As used in this clause?

Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product means an article that?

(1) Is wholly the growth, product, or manufacture of Bahrain, Morocco, Oman, Panama, or Peru; or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in Bahrain, Morocco, Oman, Panama, or Peru into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services

(except transportation services) incidental to the article, provided that the value of those incidental services does not exceed

that of the article itself.

Commercially available off-the-shelf (COTS) item?

(1) Means any item of supply (including construction material) that is-

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into an end product.

Cost of components means?

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the end product.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical

to the U.S. supply chain. The list of critical components is at FAR 25.105.

Domestic end product means?

(1) For an end product that does not consist wholly or predominantly of iron or steel or a combination of both?

(i) An unmanufactured end product mined or produced in the United States;

(ii) An end product manufactured in the United States, if?

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the

cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through

2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or

kind as those that the agency determines are not mined, produced, or manufactured in sufficient and reasonably available

commercial quantities of a satisfactory quality are treated as domestic. Components of unknown origin are treated as foreign.

Scrap generated, collected, and prepared for processing in the United States is considered domestic; or

(B) The end product is a COTS item; or

(2) For an end product that consists wholly or predominantly of iron or steel or a combination of both, an end product

manufactured in the United States, if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all the

components used in the end product. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron

or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the

52.2-207

52.225-3 FEDERAL ACQUISITION REGULATION

end product and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or

steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all

the materials used in such end product is calculated in accordance with the definition of "cost of components".

End product means those articles, materials, and supplies to be acquired under the contract for public use.

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners

are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign end product means an end product other than a domestic end product.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage

through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the

elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Free Trade Agreement country means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador,

Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore.

Free Trade Agreement country end product means an article that-

- (1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use

distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase

under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation

services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Israeli end product means an article that?

- (1) Is wholly the growth, product, or manufacture of Israel; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in Israel into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as

bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate

of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other

elements.

United States means the 50 States, the District of Columbia, and outlying areas.

(b) Components of foreign origin. Offerors may obtain from the Contracting Officer a list of foreign articles that the Contracting Officer will treat as domestic for this contract.

(c) Delivery of end products. 41 U.S.C. chapter 83, Buy American statute, provides a preference for domestic end products

for supplies acquired for use in the United States. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy

American statute is waived for an end product that is a COTS item, except that for an end product that consists wholly or

predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content

of the end product, excluding COTS fasteners. In addition, the Contracting Officer has determined that FTAs (except the

Bahrain, Morocco, Oman, Panama, and Peru FTAs) and the Israeli Trade Act apply to this acquisition. Unless otherwise

specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only

domestic end products except to the extent that, in its offer, it specified delivery of foreign end products in the provision entitled "Buy American/Free Trade Agreements/Israeli Trade Act Certificate." If the Contractor specified in its offer

that the Contractor would supply a Free Trade Agreement country end product (other than a Bahraini, Moroccan, Omani,

Panamanian, or Peruvian end product) or an Israeli end product, then the Contractor shall supply a Free Trade Agreement

country end product (other than a Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product), an Israeli end product

or, at the Contractor's option, a domestic end product.

(End of clause)

Alternate I [Reserved]

Alternate II (DEVIATION DATE). As prescribed in 25.601 (b)(1)(ii), substitute the following paragraph (c) for paragraph

(c) of the basic clause:

52.2-208

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-4

(c) Delivery of end products. 41 U.S.C. chapter 83 provides a preference for domestic end products for supplies acquired

for use in the United States. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is

waived for an end product that is a COTS item (see 12.505(a)(1)), except that for an end product that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content

of the end product, excluding COTS fasteners. In addition, the Contracting Officer has determined that the Israeli Trade Act applies to this acquisition. Unless otherwise specified, this trade agreement applies to all items in the Schedule. The Contractor shall deliver under this contract only domestic end products except to the extent that, in its offer, it specified delivery of foreign end products in the provision entitled "Buy American/Free Trade Agreements/Israeli Trade Act

Certificate.? If the Contractor specified in its offer that the Contractor would supply an Israeli end product, then the Contractor shall supply an Israeli end product or, at the Contractor's option, a domestic end product.

Alternate III (DEVIATION DATE). As prescribed in 25.601 (b)(1)(iii), delete the definition of "Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product" and add in its place the following definition of "Korean end product" in paragraph (a) of the basic clause; and substitute the following paragraph (c) for paragraph (c) of the basic clause:

Korean end product means an article that?

(1) Is wholly the growth, product, or manufacture of Korea (Republic of); or

(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a

supply contract, but for purposes of calculating the value of the end product includes services (except transportation services)

incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

(c) Delivery of end products. 41 U.S.C. chapter 83 provides a preference for domestic end products for supplies acquired

for use in the United States. In accordance with 41 U.S.C.1907, the domestic content test of the Buy American statute is

waived for an end product that is a COTS item, except that for an end product that consists wholly or predominantly of iron

or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the end product,

excluding COTS fasteners. In addition, the Contracting Officer has determined that the Korea (Republic of) FTA and the Israeli Trade Act apply to this acquisition. Unless otherwise specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only domestic end products except to the extent that, in its offer, it

specified delivery of foreign end products in the provision entitled ?Buy American?Free Trade Agreements?Israeli Trade

Act Certificate.? If the Contractor specified in its offer that the Contractor would supply a Korean end product or an Israeli

end product, then the Contractor shall supply a Korean end product, an Israeli end product, or at the Contractor's option, a

domestic end product.

Alternate IV (Oct 2022). As prescribed in 25.601(b)(1)(iv) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of domestic end product in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds ___ percent of the

cost of all its components. [Contracting officer to insert the percentage.]

52.225-4 Buy American-Free Trade Agreements-Israeli Trade Act Certificate.

As prescribed in 25.601(b)(2)(i), insert the following provision:

BUY AMERICAN-FREE TRADE AGREEMENTS-ISRAELI TRADE ACT CERTIFICATE (DEVIATION DATE)

(a) (1) The Offeror certifies that each end product, except those listed in paragraph (b) or (c)(1) of this provision, is a domestic end product and that each domestic end product listed in paragraph (c)(2) of this provision contains a critical component.

(2) The terms "Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product," "commercially available off-

the-shelf (COTS) item," "critical component," "domestic end product," "end product," "foreign end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "Israeli end product," and "United States" are defined in

the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act."

(b) The Offeror certifies that the following supplies are Free Trade Agreement country end products (other than Bahraini,

Moroccan, Omani, Panamanian, or Peruvian end products) or Israeli end products as defined in the clause of this solicitation

entitled "Buy American-Free Trade Agreements-Israeli Trade Act":

52.2-209

[List as necessary]

52.225-5 Trade Agreements.

As prescribed in 25.601(c)(1), insert the following clause:

TRADE AGREEMENTS (NOV 2023)

(a) Definitions. As used in this clause-

Caribbean Basin country end product?

(1) Means an article that-

(i) (A) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(B) In the case of an article that consists in whole or in part of materials from another country, has been

substantially transformed in a Caribbean Basin country into a new and different article of commerce with a name, character,

or use distinct from that of the article or articles from which it was transformed; and

(ii) Is not excluded from duty-free treatment for Caribbean countries under 19 U.S.C.2703(b).

(A) For this reason, the following articles are not Caribbean Basin country end products:

(1) Tuna, prepared or preserved in any manner in airtight containers;

(2) Petroleum, or any product derived from petroleum;

(3) Watches and watch parts (including cases, bracelets, and straps) of whatever type including, but not limited to, mechanical, quartz digital, or quartz analog, if such watches or watch parts contain any material that is the product of

any country to which the Harmonized Tariff Schedule of the United States (HTSUS) column 2 rates of duty apply (i.e., Afghanistan, Cuba, Laos, North Korea, and Vietnam); and

(4) Certain of the following: textiles and apparel articles; footwear, handbags, luggage, flat goods, work gloves, and leather wearing apparel; or handloomed, handmade, and folklore articles;

(B) Access to the HTSUS to determine duty-free status of articles of these types is available at <https://usitc.gov/tata/hts/index.htm>. In particular, see the following:

(1) General Note 3(c), Products Eligible for Special Tariff treatment.

(2) General Note 17, Products of Countries Designated as Beneficiary Countries under the United States-Caribbean Basin Trade Partnership Act of 2000.

(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned, Advanced or Improved Abroad, U.S. Note 7(b).

(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff Benefits under the United States-Caribbean Basin Trade Partnership Act; and

(2) Refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of

the acquisition, includes services (except transportation services) incidental to the article, provided that the value of those

incidental services does not exceed that of the article itself.

Designated country means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein,

Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade

Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei)", Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic,

El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea,

52.2-211

52.225-6 FEDERAL ACQUISITION REGULATION

Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia,

South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin

Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent

and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country end product means a WTO GPA country end product, an FTA country end product, a least developed

country end product, or a Caribbean Basin country end product.

End product means those articles, materials, and supplies to be acquired under the contract for public use.

Free Trade Agreement country end product means an article that-

- (1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in an FTA country into a new and different article of commerce with a name, character, or use distinct from that

of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

Least developed country end product means an article that-

- (1) Is wholly the growth, product, or manufacture of a least developed country; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in a least developed country into a new and different article of commerce with a name, character, or use distinct

from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a

supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services)

incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-made end product means an article that is mined, produced, or manufactured in the United States or that is substantially transformed in the United States into a new and different article of commerce with a name, character, or use

distinct from that of the article or articles from which it was transformed.

WTO GPA country end product means an article that-

- (1) Is wholly the growth, product, or manufacture of a WTO GPA country; or
- (2) In the case of an article that consists in whole or in part of materials from another country, has been substantially

transformed in a WTO GPA country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a

supply contract, but for purposes of calculating the value of the end product includes services, (except transportation services)

incidental to the article, provided that the value of those incidental services does not exceed that of the article itself.

(b) Delivery of end products. The Contracting Officer has determined that the WTO GPA and FTAs apply to this acquisition. Unless otherwise specified, these trade agreements apply to all items in the Schedule. The Contractor shall deliver under this contract only U.S.-made or designated country end products except to the extent that, in its offer, it specified delivery of other end products in the provision entitled "Trade Agreements Certificate."

(End of clause)

52.225-6 Trade Agreements Certificate.

As prescribed in 25.601(c)(2), insert the following provision:

TRADE AGREEMENTS CERTIFICATE (FEB 2021)

- (a) The offeror certifies that each end product, except those listed in paragraph (b) of this provision, is a U.S.-made

or

designated country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(b) The offeror shall list as other end products those supplies that are not U.S.-made or designated country end products.

Other End Products:

LINE ITEM NO. COUNTRY OF ORIGIN

52.2-212

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-8

[List as necessary]

(c) The Government will evaluate offers in accordance with the policies and procedures of part 25 of the Federal Acquisition Regulation. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines

that there are no offers for such products or that the offers for those products are insufficient to fulfill the requirements of this solicitation.

(End of provision)

52.225-7 Waiver of Buy American Statute for Civil Aircraft and Related Articles.

As prescribed in 25.601(d), insert the following provision:

WAIVER OF BUY AMERICAN STATUTE FOR CIVIL AIRCRAFT AND RELATED ARTICLES (FEB 2016)

(a) Definition. "Civil aircraft and related articles," as used in this provision, means-

- (1) All aircraft other than aircraft to be purchased for use by the Department of Defense or the U.S. Coast Guard;
- (2) The engines (and parts and components for incorporation into the engines) of these aircraft;
- (3) Any other parts, components, and subassemblies for incorporation into the aircraft; and
- (4) Any ground flight simulators, and parts and components of these simulators, for use with respect to the aircraft,

whether to be used as original or replacement equipment in the manufacture, repair, maintenance, rebuilding, modification,

or conversion of the aircraft, and without regard to whether the aircraft or articles receive duty-free treatment under section

601(a)(2) of the Trade Agreements Act.

(b) The U.S. Trade Representative has waived the Buy American statute for acquisitions of civil aircraft and related articles from countries that are parties to the Agreement on Trade in Civil Aircraft. Those countries are Albania, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Egypt, Estonia, Finland, France, Georgia, Germany,

Greece, Hungary, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, Macao China, Malta, Montenegro, the Netherlands,

Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Taiwan (Chinese Taipei), and the United Kingdom.

(c) For the purpose of this waiver, an article is a product of a country only if-

(1) It is wholly the growth, product, or manufacture of that country; or

(2) In the case of an article that consists in whole or in part of materials from another country, it has been substantially

transformed into a new and different article of commerce with a name, character, or use distinct from that of the article or

articles from which it was transformed.

(d) The waiver is subject to modification or withdrawal by the U.S. Trade Representative.

(End of provision)

52.225-8 Duty-Free Entry.

As prescribed in 25.904(e), insert the following clause:

DUTY-FREE ENTRY (OCT 2010)

(a) Definition. "Customs territory of the United States" means the States, the District of Columbia, and Puerto Rico.

(b) Except as otherwise approved by the Contracting Officer, the Contractor shall not include in the contract price any

amount for duties on supplies specifically identified in the Schedule to be accorded duty-free entry.

(c) Except as provided in paragraph (d) of this clause or elsewhere in this contract, the following procedures apply to

supplies not identified in the Schedule to be accorded duty-free entry:

52.2-213

52.225-8 FEDERAL ACQUISITION REGULATION

(1) The Contractor shall notify the Contracting Officer in writing of any purchase of foreign supplies (including, without limitation, raw materials, components, and intermediate assemblies) in excess of \$20,000 that are to be imported into

the customs territory of the United States for delivery to the Government under this contract, either as end products or for

incorporation into end products. The Contractor shall furnish the notice to the Contracting Officer at least 20 calendar days

before the importation. The notice shall identify the-

(i) Foreign supplies;

(ii) Estimated amount of duty; and

(iii) Country of origin.

(2) The Contracting Officer will determine whether any of these supplies should be accorded duty-free entry and will

notify the Contractor within 10 calendar days after receipt of the Contractor's notification.

(3) Except as otherwise approved by the Contracting Officer, the contract price shall be reduced by (or the allowable

cost shall not include) the amount of duty that would be payable if the supplies were not entered duty-free.

(d) The Contractor is not required to provide the notification under paragraph (c) of this clause for purchases of foreign

supplies if-

(1) The supplies are identical in nature to items purchased by the Contractor or any subcontractor in connection with its

commercial business; and

(2) Segregation of these supplies to ensure use only on Government contracts containing duty-free entry provisions is

not economical or feasible.

(e) The Contractor shall claim duty-free entry only for supplies to be delivered to the Government under this contract,

either as end products or incorporated into end products, and shall pay duty on supplies, or any portion of them, other than

scrap, salvage, or competitive sale authorized by the Contracting Officer, diverted to nongovernmental use.

(f) The Government will execute any required duty-free entry certificates for supplies to be accorded duty-free entry and

will assist the Contractor in obtaining duty-free entry for these supplies.

(g) Shipping documents for supplies to be accorded duty-free entry shall consign the shipments to the contracting agency

in care of the Contractor and shall include the-

(1) Delivery address of the Contractor (or contracting agency, if appropriate);

(2) Government prime contract number;

(3) Identification of carrier;

(4) Notation "UNITED STATES GOVERNMENT, _____ [agency] _____, Duty-free entry to be claimed pursuant to

Item No(s) _____ [from Tariff Schedules] _____, Harmonized Tariff Schedules of the United States. Upon arrival of shipment

at port of entry, District Director of Customs, please release shipment under 19 CFR part 142 and notify [cognizant contract

administration office] for execution of Customs Forms 7501 and 7501-A and any required duty-free entry certificates.";

(5) Gross weight in pounds (if freight is based on space tonnage, state cubic feet in addition to gross shipping weight);

and

(6) Estimated value in United States dollars.

(h) The Contractor shall instruct the foreign supplier to-

(1) Consign the shipment as specified in paragraph (g) of this clause;

(2) Mark all packages with the words "UNITED STATES GOVERNMENT" and the title of the contracting agency; and

(3) Include with the shipment at least two copies of the bill of lading (or other shipping document) for use by the

District Director of Customs at the port of entry.

(i) The Contractor shall provide written notice to the cognizant contract administration office immediately after notification by the Contracting Officer that duty-free entry will be accorded foreign supplies or, for duty-free supplies identified in the Schedule, upon award by the Contractor to the overseas supplier. The notice shall identify the-

(1) Foreign supplies;

(2) Country of origin;

(3) Contract number; and

(4) Scheduled delivery date(s).

(j) The Contractor shall include the substance of this clause in any subcontract if-

(1) Supplies identified in the Schedule to be accorded duty-free entry will be imported into the customs territory of the

United States; or

(2) Other foreign supplies in excess of \$20,000 may be imported into the customs territory of the United States.

(End of clause)

52.2-214

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-9

52.225-9 Buy American-Construction Materials.

As prescribed in 25.602(a), insert the following clause:

BUY AMERICAN-CONSTRUCTION MATERIALS (DEVIATION DATE)

(a) Definitions. As used in this clause?

Commercially available off-the-shelf (COTS) item?

(1) Means any item of supply (including construction material) that is?

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled

from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and

audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as

complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts

or components of those systems are delivered to the construction site. Materials purchased directly by the Government are

supplies, not construction material.

Cost of components means?

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of

incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty

(whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component,

including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding

profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical

to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply

chain

resiliency. The list of critical items is at FAR 25.105.

Domestic construction material means?

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if?

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the

cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through

2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or

kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are

treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of

the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited

to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized

in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components

excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material

contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with

the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners

are nuts, bolts, pins, rivets, nails, clips, and screws.

52.2-215

52.225-9 FEDERAL ACQUISITION REGULATION

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States

means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage

through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the

elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50

percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as

bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate

of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(b) Domestic preference. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference

for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or

predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content

of the construction materials, excluding COTS fasteners. The Contractor shall use only domestic construction material in

performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction

materials or components listed by the Government as follows:

_____ [Contracting Officer to list applicable excepted materials or indicate "non"e]

(3) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if

the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) For domestic construction material that is not a critical item or does not contain critical components.

(1) The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable

or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign

construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that

offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(A)(2) of this clause will no longer apply as of January 1, 2030.

(B) For domestic construction material that is a critical item or contains critical components. (1) The cost of a

particular domestic construction material that is a critical item or contains critical components, subject to the requirements

of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical components listed at FAR 25.105.

(2) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest foreign offer of construction material that is manufactured in the United States and exceeds 55 percent domestic content as a domestic offer, and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(B)(1) of this clause.

(3) The procedures in paragraph (b)(3)(i)(B)(2) of this clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

52.2-216

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-9

(c) Request for determination of inapplicability of the Buy American statute. (1) (i) Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for Government evaluation of the request, including-

- (A) A description of the foreign and domestic construction materials;
- (B) Unit of measure;
- (C) Quantity;
- (D) Price;
- (E) Time of delivery or availability;
- (F) Location of the construction project;
- (G) Name and address of the proposed supplier; and
- (H) A detailed justification of the reason for use of foreign construction materials cited in accordance with

paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract

award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the

Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute or Balance of Payments Program.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor

shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description Unit of measure Quantity Price (dollars)*

Item 1:

Foreign construction material. _____

Domestic construction material. _____

Item 2:

Foreign construction material. _____

Domestic construction material. _____

[* Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)].

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

(End of clause)

Alternate I (OCT 2022). As prescribed in 25.602(a)(3) substitute the following sentence for the first sentence in paragraph

(1)(ii)(A) of the definition of "domestic construction material" in paragraph (a):

52.2-217

52.225-10 FEDERAL ACQUISITION REGULATION

(A) The cost of its components mined, produced, or manufactured in the United States exceeds ___ percent of the

cost of all its components. [Contracting officer to insert the percentage.]

52.225-10 Notice of Buy American Requirement-Construction Materials.

As prescribed in 25.602(b)(1), insert the following provision:

NOTICE OF BUY AMERICAN REQUIREMENT-CONSTRUCTION MATERIALS (MAY 2014)

(a) Definitions. "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled

"Buy American-Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) Requests for determinations of inapplicability. An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and

(d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at

FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) Alternate offers. (1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and a separate price comparison table prepared in accordance with paragraphs (c) and (d) of the clause at FAR 52.225-9 for the offer that is based on the use of any foreign construction material for which the Government has not yet determined an exception applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested-

- (i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or
- (ii) May be accepted if revised during negotiations.

(End of provision)

Alternate I (MAY 2014). As prescribed in 25.602(b)(2), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) Requests for determinations of inapplicability. An offeror requesting a determination regarding the inapplicability of

the Buy American statute shall submit the request with its offer, including the information and applicable supporting data

required by paragraphs (c) and (d) of the clause at FAR 52.225-9.

52.225-11 Buy American-Construction Materials under Trade Agreements.

As prescribed in 25.602(c), insert the following clause:

BUY AMERICAN-CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (DEVIATION DATE)

(a) Definitions. As used in this clause?

Caribbean Basin country construction material means a construction material that?

52.2-218

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-11

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been

substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

Commercially available off-the-shelf (COTS) item?

(1) Means any item of supply (including construction material) that is?

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" at Federal Acquisition Regulation (FAR) 2.101);

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

Component means an article, material, or supply incorporated directly into a construction material.

Construction material means an article, material, or supply brought to the construction site by the Contractor or subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled

from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and

audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as

complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts

or components of those systems are delivered to the construction site. Materials purchased directly by the Government are

supplies, not construction material.

Cost of components means?

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of

incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty

(whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component,

including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding

profit. Cost of components does not include any costs associated with the manufacture of the construction material.

Critical component means a component that is mined, produced, or manufactured in the United States and deemed critical

to the U.S. supply chain. The list of critical components is at FAR 25.105.

Critical item means a domestic construction material or domestic end product that is deemed critical to U.S. supply chain

resiliency. The list of critical items is at FAR 25.105.

Designated country means any of the following countries:

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein,

Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan, Ukraine, or United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Oman, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

Designated country construction material means a construction material that is a WTO GPA country construction material, an FTA country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

Domestic construction material means?

52.2-219

52.225-11 FEDERAL ACQUISITION REGULATION

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of

both-

(i) An unmanufactured construction material mined or produced in the United States; or

(ii) A construction material manufactured in the United States, if?

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the

cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through

2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or

kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are

treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of

the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited

to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized

in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components

excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material

contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with

the definition of "cost of components".

Fastener means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners

are nuts, bolts, pins, rivets, nails, clips, and screws.

Foreign construction material means a construction material other than a domestic construction material.

Foreign iron and steel means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage

through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the

elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

Free Trade Agreement country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement (FTA) country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been

substantially transformed in a FTA country into a new and different construction material distinct from the materials from which it was transformed.

Least developed country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been

substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

Predominantly of iron or steel or a combination of both means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate

of the cost of iron or steel components excluding COTS fasteners.

Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

United States means the 50 States, the District of Columbia, and outlying areas.

WTO GPA country construction material means a construction material that-

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been

substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials

from which it was transformed.

(b) Construction materials. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a preference

for domestic construction material. In accordance with 41 U.S.C.1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or

predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content

of the construction material, excluding COTS fasteners. In addition, the Contracting Officer has determined that the WTO

GPA and Free Trade Agreements (FTAs) apply to this acquisition. Therefore, the Buy American restrictions are waived for

designated country construction materials.

52.2-220

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-11

(2) The Contractor shall use only domestic or designated country construction material in performing this contract,

except as provided in paragraphs (b)(3) and (b)(4) of this clause.

(3) The requirement in paragraph (b)(2) of this clause does not apply to information technology that is a commercial

product or to the construction materials or components listed by the Government as follows:

[Contracting Officer is to list applicable excepted materials or indicate "non"e]

(4) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(3) of this clause if

the Government determines that-

(i) The cost of domestic construction material would be unreasonable.

(A) For domestic construction material that is not a critical item or does not contain critical components. (1)

The cost of a particular domestic construction material subject to the restrictions of the Buy American statute is unreasonable

when the cost of such material exceeds the cost of foreign material by more than 20 percent;

(2) [Reserved]

(3) [Reserved]

(B) For domestic construction material that is a critical item or contains critical components. (1) The cost of a

particular domestic construction material that is a critical item or contains critical components, subject to the requirements

of the Buy American statute, is unreasonable when the cost of such material exceeds the cost of foreign material by more

than 20 percent plus the additional preference factor identified for the critical item or construction material containing critical

components listed at FAR 25.105.

(2) [Reserved]

(3) [Reserved]

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) Request for determination of inapplicability of the Buy American statute. (1) (i) Any Contractor request to use foreign

construction material in accordance with paragraph (b)(4) of this clause shall include adequate information for Government

evaluation of the request, including-

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with

paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the determination before contract

award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the Government determines after contract award that an exception to the Buy American statute applies and the

Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(4)(i) of this clause.

(3) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) Data. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor

shall include the following information and any applicable supporting data based on the survey of suppliers:

52.2-221

52.225-12 FEDERAL ACQUISITION REGULATION

FOREIGN AND DOMESTIC CONSTRUCTION

MATERIALS PRICE COMPARISON

Construction material description Unit of measure Quantity Price (dollars)*

Item 1:

Foreign construction material. _____

Domestic construction material. _____

Item 2:

Foreign construction material. _____

Domestic construction material. _____

[* Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued)].

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

(End of clause)

Alternate I (DEVIATION DATE) . As prescribed in 25.602 (c)(3), add the following definition of "Bahraini, Mexican, or Omani construction material" to paragraph (a) of the basic clause, and substitute the following paragraphs (b)(1) and (b)(2)

for paragraphs (b)(1) and (b)(2) of the basic clause:

"Bahraini, Mexican, or Omani construction material" means a construction material that-

(1) Is wholly the growth, product, or manufacture of Bahrain, Mexico, or Oman; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been

substantially transformed in Bahrain, Mexico, or Oman into a new and different construction material distinct from the materials from which it was transformed.

(b) Construction materials. (1) This clause implements 41 U.S.C. chapter 83, Buy American, by providing a

preference

for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction material, excluding COTS fasteners. In addition, the Contracting Officer has determined that the WTO GPA and all the Free Trade Agreements except the Bahrain FTA, United States-Mexico-Canada Agreement, and the Oman FTA apply to this acquisition. Therefore, the Buy American statute restrictions are waived for designated country construction materials other than Bahraini, Mexican, or Omani construction materials.

(2) The Contractor shall use only domestic or designated country construction material other than Bahraini, Mexican, or

Omani construction material in performing this contract, except as provided in paragraphs (b)(3) and (b)(4) of this clause.

Alternate II (OCT 2022). As prescribed in 25.602 (c)(4) substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of domestic construction material in paragraph (a):

(A) The cost of its components mined, produced, or manufactured in the United States exceeds ___ percent of the

cost of all its components. [Contracting officer to insert the percentage.]

52.225-12 Notice of Buy American Requirement-Construction Materials Under Trade Agreements.

As prescribed in 25.602(d)(1), insert the following provision:

NOTICE OF BUY AMERICAN REQUIREMENT-CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (MAY 2014)

(a) Definitions. "Commercially available off-the-shelf (COTS) item," "construction material," "designated country construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American-Construction Materials Under Trade Agreements" (Federal Acquisition Regulation (FAR) clause 52.225-11).

52.2-222

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-12

(b) Requests for determination of inapplicability. An offeror requesting a determination regarding the inapplicability of the

Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission

of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of FAR clause 52.225-11 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy

American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) Evaluation of offers. (1) The Government will evaluate an offer requesting exception to the requirements of the Buy

American statute, based on claimed unreasonable cost of domestic construction materials, by adding to the offered

price the

appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(4)(i) of FAR clause

52.225-11.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based

on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that

did not request an exception based on unreasonable cost.

(d) Alternate offers. (1) When an offer includes foreign construction material, other than designated country construction

material, that is not listed by the Government in this solicitation in paragraph (b)(3) of FAR clause 52.225-11, the offeror also

may submit an alternate offer based on use of equivalent domestic or designated country construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and

a separate price comparison table prepared in accordance with paragraphs (c) and (d) of FAR clause 52.225-11 for the offer

that is based on the use of any foreign construction material for which the Government has not yet determined an exception

applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of FAR

clause 52.225-11 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or

designated country construction material, and the offeror shall be required to furnish such domestic or designated country

construction material. An offer based on use of the foreign construction material for which an exception was requested-

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

(End of provision)

Alternate I (MAY 2014). As prescribed in 25.602(d)(2), substitute the following paragraph (b) for paragraph (b) of the basic provision:

(b) Requests for determination of inapplicability. An offeror requesting a determination regarding the inapplicability of

the Buy American statute shall submit the request with its offer, including the information and applicable supporting data

required by paragraphs (c) and (d) of FAR clause 52.225-11.

Alternate II (NOV 2023). As prescribed in 25.602(d)(3), add the definition of "Bahraini, Mexican, or Omani construction material" to paragraph (a) and substitute the following paragraph (d) for paragraph (d) of the basic provision:

(d) Alternate offers. (1) When an offer includes foreign construction material, except foreign construction material from a

designated country other than Bahrain, Mexico, or Oman that is not listed by the Government in this solicitation in paragraph

(b)(3) of FAR clause 52.225-11, the offeror also may submit an alternate offer based on use of equivalent domestic

or

designated country construction material other than Bahraini, Mexican, or Omani construction material.

(2) If an alternate offer is submitted, the offeror shall submit a separate Standard Form 1442 for the alternate offer, and

a separate price comparison table prepared in accordance with paragraphs (c) and (d) of FAR clause 52.225-11 for the offer

that is based on the use of any foreign construction material for which the Government has not yet determined an exception

applies.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of FAR

clause 52.225-11 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic or

designated country construction material other than Bahraini, Mexican, or Omani construction material. An offer based on

use of the foreign construction material for which an exception was requested-

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

52.2-223

52.225-13 FEDERAL ACQUISITION REGULATION

52.225-13 [Reserved]

(DEVIATION DATE)

52.225-14 Inconsistency between English Version and Translation of Contract.

As prescribed at 25.603, insert the following clause:

INCONSISTENCY BETWEEN ENGLISH VERSION AND TRANSLATION OF CONTRACT (FEB 2000)

In the event of inconsistency between any terms of this contract and any translation into another language, the English language meaning shall control.

(End of clause)

52.225-15 [Reserved]

52.225-16 [Reserved]

52.225-17 Evaluation of Foreign Currency Offers.

As prescribed in 25.1002-2, insert the following provision:

EVALUATION OF FOREIGN CURRENCY OFFERS (FEB 2000)

If the Government receives offers in more than one currency, the Government will evaluate offers by converting the foreign currency to United States currency using [Contracting Officer to insert source of rate] in effect as follows:

(a) For acquisitions conducted using sealed bidding procedures, on the date of bid opening.

(b) For acquisitions conducted using negotiation procedures-

(1) On the date specified for receipt of offers, if award is based on initial offers; otherwise

(2) On the date specified for receipt of proposal revisions.

(End of provision)

52.225-18 Place of Manufacture.

As prescribed in 25.601(f), insert the following provision:

PLACE OF MANUFACTURE (AUG 2018)

(a) Definitions. As used in this provision?

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

- (1) PSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled

and reassembled, the place of reassembly is not the place of manufacture.

52.2-224

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-19

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects

to provide in response to this solicitation is predominantly-

- (1) ? In the United States (Check this box if the total anticipated price of offered end products manufactured in the

United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

- (2) ? Outside the United States.

(End of provision)

52.225-19 Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission

Outside the United States.

As prescribed in 25.701-4, insert the following clause:

CONTRACTOR PERSONNEL IN A DESIGNATED OPERATIONAL AREA OR SUPPORTING A DIPLOMATIC OR CONSULAR MISSION OUTSIDE THE UNITED STATES (MAY 2020)

(a) Definitions. As used in this clause-

Chief of mission means the principal officer in charge of a diplomatic mission of the United States or of a United States office abroad which is designated by the Secretary of State as diplomatic in nature, including any individual assigned under

section 502(c) of the Foreign Service Act of 1980 (Pub. L. 96-465) to be temporarily in charge of such a mission or office.

Combatant commander means the commander of a unified or specified combatant command established in accordance

with 10 U.S.C. 161.

Designated operational area means a geographic area designated by the combatant commander or subordinate joint force

commander for the conduct or support of specified military operations.

"Supporting a diplomatic or consular mission" means performing outside the United States under a contract

administered

by Federal agency personnel who are subject to the direction of a chief of mission.

(b) General. (1) This clause applies when Contractor personnel are required to perform outside the United States-

(i) In a designated operational area during-

(A) Contingency operations;

(B) Humanitarian or peacekeeping operations; or

(C) Other military operations; or military exercises, when designated by the Combatant Commander; or

(ii) When supporting a diplomatic or consular mission-

(A) That has been designated by the Department of State as a danger pay post (see <https://aoprals.state.gov/>); or

(B) That the Contracting Officer has indicated is subject to this clause.

(2) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the

contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) Contractor personnel are civilians.

(i) Except as provided in paragraph (b)(3)(ii) of this clause, and in accordance with paragraph (i)(3) of this clause, Contractor personnel are only authorized to use deadly force in self-defense.

(ii) Contractor personnel performing security functions are also authorized to use deadly force when use of such force reasonably appears necessary to execute their security mission to protect assets/persons, consistent with the terms and

conditions contained in the contract or with their job description and terms of employment.

(4) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106

note.

(c) Support. Unless specified elsewhere in the contract, the Contractor is responsible for all logistical and security support

required for Contractor personnel engaged in this contract.

(d) Compliance with laws and regulations. The Contractor shall comply with, and shall ensure that its personnel in the designated operational area or supporting the diplomatic or consular mission are familiar with and comply with, all applicable-

(1) United States, host country, and third country national laws;

(2) Treaties and international agreements;

(3) United States regulations, directives, instructions, policies, and procedures; and

52.2-225

52.225-19 FEDERAL ACQUISITION REGULATION

(4) Force protection, security, health, or safety orders, directives, and instructions issued by the Chief of Mission or

the Combatant Commander; however, only the Contracting Officer is authorized to modify the terms and conditions of the contract.

(e) Preliminary personnel requirements. (1) Specific requirements for paragraphs (e)(2)(i) through (e)(2)(vi) of this clause

will be set forth in the statement of work, or elsewhere in the contract.

(2) Before Contractor personnel depart from the United States or a third country, and before Contractor

personnel

residing in the host country begin contract performance in the designated operational area or supporting the diplomatic or

consular mission, the Contractor shall ensure the following:

(i) All required security and background checks are complete and acceptable.

(ii) All personnel are medically and physically fit and have received all required vaccinations.

(iii) All personnel have all necessary passports, visas, entry permits, and other documents required for Contractor personnel to enter and exit the foreign country, including those required for in-transit countries.

(iv) All personnel have received-

(A) A country clearance or special area clearance, if required by the chief of mission; and

(B) Theater clearance, if required by the Combatant Commander.

(v) All personnel have received personal security training. The training must at a minimum-

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract. Isolated personnel are military or civilian personnel separated from their unit or organization in an environment requiring them to survive, evade, or

escape while awaiting rescue or recovery.

(vii) All personnel who are U.S. citizens are registered with the U.S. Embassy or Consulate with jurisdiction over the area of operations on-line at <http://www.travel.state.gov>.

(3) The Contractor shall notify all personnel who are not a host country national or ordinarily resident in the host

country that-

(i) If this contract is with the Department of Defense, or the contract relates to supporting the mission of the Department of Defense outside the United States, such employees, and dependents residing with such employees, who

engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one

year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States (see the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3261 et seq.);

(ii) Pursuant to the War Crimes Act, 18 U.S.C. 2441, Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the United States; and

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of United States

diplomatic, consular, military or other United States Government missions outside the United States (18 U.S.C. 7(9)).

(f) Processing and departure points. The Contractor shall require its personnel who are arriving from outside the area of

performance to perform in the designated operational area or supporting the diplomatic or consular mission to-

(1) Process through the departure center designated in the contract or complete another process as directed by the

Contracting Officer;

(2) Use a specific point of departure and transportation mode as directed by the Contracting Officer; and

(3) Process through a reception center as designated by the Contracting Officer upon arrival at the place of

performance.

- (g) Personnel data. (1) Unless personnel data requirements are otherwise specified in the contract, the Contractor shall

establish and maintain with the designated Government official a current list of all Contractor personnel in the areas of performance. The Contracting Officer will inform the Contractor of the Government official designated to receive this data

and the appropriate system to use for this effort.

- (2) The Contractor shall ensure that all employees on this list have a current record of emergency data, for notification

of next of kin, on file with both the Contractor and the designated Government official.

- (h) Contractor personnel. The Contracting Officer may direct the Contractor, at its own expense, to remove and replace

any Contractor personnel who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including termination for default or cause.

52.2-226

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-19

- (i) Weapons. (1) If the Contracting Officer, subject to the approval of the Combatant Commander or the Chief of Mission,

authorizes the carrying of weapons-

- (i) The Contracting Officer may authorize an approved Contractor to issue Contractor-owned weapons and ammunition to specified employees; or

- (ii) The _____ [Contracting Officer to specify individual, e.g., Contracting Officer Representative, Regional Security Officer, etc.] may issue Government-furnished weapons and ammunition to the Contractor for issuance to specified

Contractor employees.

- (2) The Contractor shall provide to the Contracting Officer a specific list of personnel for whom authorization to carry a

weapon is requested.

- (3) The Contractor shall ensure that its personnel who are authorized to carry weapons-

- (i) Are adequately trained to carry and use them-

- (A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander or the Chief of Mission; and

- (C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

- (ii) Are not barred from possession of a firearm by 18 U.S.C. 922; and

(iii) Adhere to all guidance and orders issued by the Combatant Commander or the Chief of Mission regarding possession, use, safety, and accountability of weapons and ammunition.

- (4) Upon revocation by the Contracting Officer of the Contractor's authorization to possess weapons, the Contractor

shall ensure that all Government-furnished weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(5) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel

rests solely with the Contractor and the Contractor employee using such weapon.

(j) Vehicle or equipment licenses. Contractor personnel shall possess the required licenses to operate all vehicles or

equipment necessary to perform the contract in the area of performance.

(k) Military clothing and protective equipment. (1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized by the Combatant Commander. If authorized to wear military clothing, Contractor personnel

must wear distinctive patches, armbands, nametags, or headgear, in order to be distinguishable from military personnel,

consistent with force protection measures.

(2) Contractor personnel may wear specific items required for safety and security, such as ballistic, nuclear, biological,

or chemical protective equipment.

(l) Evacuation. (1) If the Chief of Mission or Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide to United States and third country national Contractor personnel the level of assistance provided to private United States citizens.

(2) In the event of a non-mandatory evacuation order, the Contractor shall maintain personnel on location sufficient to

meet contractual obligations unless instructed to evacuate by the Contracting Officer.

(m) Personnel recovery. (1) In the case of isolated, missing, detained, captured or abducted Contractor personnel, the

Government will assist in personnel recovery actions.

(2) Personnel recovery may occur through military action, action by non-governmental organizations, other Government-approved action, diplomatic initiatives, or through any combination of these options.

(3) The Department of Defense has primary responsibility for recovering DoD contract service employees and, when

requested, will provide personnel recovery support to other agencies in accordance with DoD Directive 2310.2, Personnel

Recovery.

(n) Notification and return of personal effects. (1) The Contractor shall be responsible for notification of the employee-

designated next of kin, and notification as soon as possible to the U.S. Consul responsible for the area in which the event

occurred, if the employee-

(i) Dies;

(ii) Requires evacuation due to an injury; or

(iii) Is isolated, missing, detained, captured, or abducted.

(2) The Contractor shall also be responsible for the return of all personal effects of deceased or missing Contractor

personnel, if appropriate, to next of kin.

(o) Mortuary affairs. Mortuary affairs for Contractor personnel who die in the area of performance will be handled as follows:

52.2-227

52.225-20 FEDERAL ACQUISITION REGULATION

(1) If this contract was awarded by DoD, the remains of Contractor personnel will be handled in accordance with DoD

Directive 1300.22, Mortuary Affairs Policy.

(2) (i) If this contract was awarded by an agency other than DoD, the Contractor is responsible for the return of the

remains of Contractor personnel from the point of identification of the remains to the location specified by the employee or

next of kin, as applicable, except as provided in paragraph (o)(2)(ii) of this clause.

(ii) In accordance with 10 U.S.C. 1486, the Department of Defense may provide, on a reimbursable basis, mortuary support for the disposition of remains and personal effects of all U.S. citizens upon the request of the Department of State.

(p) Changes. In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting

Officer may, at any time, by written order identified as a change order, make changes in place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph shall be subject to the provisions of the Changes clause of this contract.

(q) Subcontracts. The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts that require subcontractor personnel to perform outside the United States-

(1) In a designated operational area during-

(i) Contingency operations;

(ii) Humanitarian or peacekeeping operations; or

(iii) Other military operations; or military exercises, when designated by the Combatant Commander; or

(2) When supporting a diplomatic or consular mission-

(i) That has been designated by the Department of State as a danger pay post (see <https://aoprals.state.gov/>); or

(ii) That the Contracting Officer has indicated is subject to this clause.

52.225-26 Contractors Performing Private Security Functions Outside the United States.

As prescribed in 25.702-6, insert the following clause:

CONTRACTORS PERFORMING PRIVATE SECURITY FUNCTIONS OUTSIDE THE UNITED STATES (OCT 2016)

(a) Definitions. As used in this clause-

52.2-228

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.225-26

Area of combat operations means an area of operations designated as such by the Secretary of Defense when enhanced

coordination of contractors performing private security functions working for Government agencies is required

Full cooperation?

- (1) Means disclosure to the Government of the information sufficient to identify the nature and extent of the incident

and the individuals responsible for the conduct. It includes providing timely and complete responses to Government auditors'

and investigators' requests for documents and access to employees with information;

- (2) Does not foreclose any Contractor rights arising in law, the FAR, or the terms of the contract. It does not require?

(i) The Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine; or

(ii) Any officer, director, owner, or employee of the Contractor, including a sole proprietor, to waive his or her attorney-client privilege or Fifth Amendment rights; and

- (3) Does not restrict the Contractor from?

(i) Conducting an internal investigation; or

(ii) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

Other significant military operations means activities, other than combat operations, as part of a contingency operation outside the United States that is carried out by United States Armed Forces in an uncontrolled or unpredictable high-threat

environment where personnel performing security functions may be called upon to use deadly force.

Private security functions means activities engaged in by a Contractor, as follows:

- (1) Guarding of personnel, facilities, designated sites, or property of a Federal agency, the Contractor or subcontractor,

or a third party.

(2) Any other activity for which personnel are required to carry weapons in the performance of their duties in accordance with the terms of this contract.

(b) Applicability. If this contract is performed both in a designated area and in an area that is not designated, the clause

only applies to performance in the following designated areas-

- (1) Combat operations, as designated by the Secretary of Defense; or
- (2) Other significant military operations, as designated by the Secretary of Defense, and only upon agreement of the

Secretary of Defense and the Secretary of State.

(c) Requirements. The Contractor is required to-

- (1) Ensure that all employees of the Contractor who are responsible for performing private security functions under this

contract comply with 32 CFR part 159, and with any orders, directives, and instructions to Contractors performing private

security functions that are identified in the contract for--

- (i) Registering, processing, accounting for, managing, overseeing, and keeping appropriate records of personnel

performing private security functions;

(ii) Authorizing and accounting for weapons to be carried by or available to be used by personnel performing private security functions;

(iii) Registering and identifying armored vehicles, helicopters, and other military vehicles operated by Contractors performing private security functions; and

(iv) Reporting incidents in which-

(A) A weapon is discharged by personnel performing private security functions;

(B) Personnel performing private security functions are attacked, killed, or injured;

(C) Persons are killed or injured or property is destroyed as a result of conduct by Contractor personnel;

(D) A weapon is discharged against personnel performing private security functions or personnel performing

such functions believe a weapon was so discharged; or

(E) Active, non-lethal countermeasures (other than the discharge of a weapon) are employed by personnel

performing private security functions in response to a perceived immediate threat;

(2) Ensure that the Contractor and all employees of the Contractor who are responsible for performing private security

functions under this contract are briefed on and understand their obligation to comply with-

(i) Qualification, training, screening (including, if applicable, thorough background checks), and security requirements established by 32 CFR part 159, Private Security Contractors Operating in Contingency Operations;

(ii) Applicable laws and regulations of the United States and the host country and applicable treaties and international agreements regarding performance of private security functions;

52.2-229

52.225-26 FEDERAL ACQUISITION REGULATION

(iii) Orders, directives, and instructions issued by the applicable commander of a combatant command or relevant Chief of Mission relating to weapons, equipment, force protection, security, health, safety, or relations and interaction with

locals; and

(iv) Rules on the use of force issued by the applicable commander of a combatant command or relevant Chief of Mission for personnel performing private security functions; and

(3) Provide full cooperation with any Government-authorized investigation of incidents reported pursuant to paragraph

(c)(1)(iv) of this clause and incidents of alleged misconduct by personnel performing private security functions under this

contract by providing-

(i) Access to employees performing private security functions; and

(ii) Relevant information in the possession of the Contractor regarding the incident concerned.

(d) Remedies. In addition to other remedies available to the Government-

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor or

subcontractor personnel performing private security functions who fail to comply with or violate applicable requirements of

this clause or 32 CFR part 159. Such action may be taken at the Government's discretion without prejudice to its rights under

any other provision of this contract.

(2) The Contractor's failure to comply with the requirements of this clause will be included in appropriate databases of

past performance and considered in any responsibility determination or evaluation of past performance; and

(3) If this is an award-fee contract, the Contractor's failure to comply with the requirements of this clause shall be

considered in the evaluation of the Contractor's performance during the relevant evaluation period, and the Contracting Officer may treat such failure to comply as a basis for reducing or denying award fees for such period or for recovering all or

part of award fees previously paid for such period.

(e) Rule of construction. The duty of the Contractor to comply with the requirements of this clause shall not be reduced or

diminished by the failure of a higher- or lower-tier Contractor or subcontractor to comply with the clause requirements or by

a failure of the contracting activity to provide required oversight.

(f) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts

that will be performed outside the United States in areas of-

(1) Combat operations, as designated by the Secretary of Defense; or

(2) Other significant military operations, upon agreement of the Secretaries of Defense and State that the clause applies

in that area.

(End of clause)

52.2-230

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.226-2

52.226 [Reserved]

52.226-1 Utilization of Indian Organizations and Indian-Owned Economic Enterprises.

As prescribed in 26.102-2 , insert the following clause:

UTILIZATION OF INDIAN ORGANIZATIONS AND INDIAN-OWNED ECONOMIC ENTERPRISES (DEVIATION DATE)

(a) Definitions. As used in this clause:

Indian means any person who is a member of any Indian tribe, band, group, pueblo, or community that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs (BIA) (see 25 U.S.C. 1452) and any

?Native? as defined in the Alaska Native Claims Settlement Act (see 43 U.S.C. 1602).

Indian organization means the governing body of any Indian tribe or entity established or recognized by the governing body of an Indian tribe for the purposes of 25 U.S.C., chapter 17.

Indian-owned economic enterprise means any Indian-owned (as determined by the Secretary of the Interior) commercial,

industrial, or business activity established or organized for the purpose of profit, provided that Indian ownership constitutes

not less than 51 percent of the enterprise.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups

(including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement

Act, that is recognized by the Federal Government as eligible for services from BIA. See 25 U.S.C. 1452.

Interested party means a prime contractor or an actual or prospective offeror whose direct economic interest would be affected by the award of a subcontract or by the failure to receive a subcontract.

(b) Opportunity to participate in subcontracts. The Contractor shall use its best efforts to give Indian organizations and

Indian-owned economic enterprises maximum practicable opportunity to participate in the subcontracts it awards, while still

efficiently performing its contract.

(1) The Contracting Officer and the Contractor may rely on the representation of an Indian organization or Indian-

owned economic enterprise as to its own eligibility, unless an interested party challenges its status or the Contracting Officer

has independent reason to question that status.

(2) If the representation of a subcontractor is challenged, the Contracting Officer will refer the matter to the U.S. Department of the Interior, Bureau of Indian Affairs (BIA), Acquisition Management Director (<https://www.bia.gov/as-%20ia/ocfo/acquisitions>).

(3) BIA will determine the eligibility and notify the Contracting Officer. The Contractor shall not make an incentive

payment within 50 working days of subcontract award or while a challenge is pending. If a subcontractor is determined to be

ineligible, the Contractor shall not make an incentive payment under the Indian Incentive Program.

(4) The Contractor may request an adjustment under the Indian Incentive Program to the following:

(i) The estimated cost of a cost-type prime contract.

(ii) The target cost of a cost-plus-incentive-fee prime contract.

(iii) The target cost and ceiling price of a fixed-price incentive prime contract.

(iv) The price of a firm-fixed-price prime contract.

(5) The amount of the adjustment to the prime contract is 5 percent of the estimated cost, target cost, or firm-fixed-price

included in the subcontract first awarded to the Indian organization or Indian-owned economic enterprise.

(6) The Contractor must prove the amount claimed. They must request an adjustment before completing contract

performance.

(c) Incentive payment. The Contracting Officer, subject to the terms and conditions of the contract and the availability of

funds, will authorize an incentive payment of 5 percent of the amount paid to the subcontractor.

(End of clause)

52.226-2 Historically Black College or University and Minority Institution Representation.

As prescribed in 26.301-2, insert the following provision:

HISTORICALLY BLACK COLLEGE OR UNIVERSITY AND MINORITY INSTITUTION REPRESENTATION (OCT 2014)

(a) Definitions. As used in this provision?

52.2-231

52.226-3 FEDERAL ACQUISITION REGULATION

Historically black college or university means an institution determined by the Secretary of Education to meet the

requirements of 34 CFR 608.2.

Minority institution means an institution of higher education meeting the requirements of Section 365(3) of the Higher Education Act of 1965 (20 U.S.C. 1067k), including a Hispanic-serving institution of higher education, as defined in Section 502(a) of the Act (20 U.S.C. 1101a).

(b) Representation. The offeror represents that it?

? is ? is not a historically black college or university;

? is ? is not a minority institution.

(End of provision)

52.226-3 Disaster or Emergency Area Representation.

As prescribed in 26.202-3(a), insert the following provision:

DISASTER OR EMERGENCY AREA REPRESENTATION (NOV 2007)

(a) Set-aside area. The area covered in this contract is:

[Contracting Officer to fill in with definite geographic boundaries.]

(b) Representations. The offeror represents that it ? does ? does not reside or primarily do business in the set-aside area.

(c) An offeror is considered to be residing or primarily doing business in the set-aside area if, during the last twelve months-

(1) The offeror had its main operating office in the area; and

(2) That office generated at least half of the offeror's gross revenues and employed at least half of the offeror's

permanent employees.

(d) If the offeror does not meet the criteria in paragraph (c) of this provision, factors to be considered in determining whether an offeror resides or primarily does business in the set-aside area include-

(1) Physical location(s) of the offeror's permanent office(s) and date any office in the set-aside area(s) was established;

(2) Current state licenses;

(3) Record of past work in the set-aside area(s) (e.g., how much and for how long);

(4) Contractual history the offeror has had with subcontractors and/or suppliers in the set-aside area;

(5) Percentage of the offeror's gross revenues attributable to work performed in the set-aside area;

(6) Number of permanent employees the offeror employs in the set-aside area;

(7) Membership in local and state organizations in the set-aside area; and

(8) Other evidence that establishes the offeror resides or primarily does business in the set-aside area. For example, sole

proprietorships may submit utility bills and bank statements.

(e) If the offeror represents it resides or primarily does business in the set-aside area, the offeror shall furnish documentation to support its representation if requested by the Contracting Officer. The solicitation may require the offeror to

submit with its offer documentation to support the representation.

(End of provision)

52.226-4 Notice of Disaster or Emergency Area Set-Aside.

As prescribed in 26.202-3(b), insert the following clause:

NOTICE OF DISASTER OR EMERGENCY AREA SET-ASIDE (NOV 2007)

(a) Set-aside area. Offers are solicited only from businesses residing or primarily doing business in

_____ [Contracting Officer to fill in with definite geographic boundaries.] Offers received from other businesses shall not be considered.

(b) This set-aside is in addition to any small business set-aside contained in this contract.

(End of clause)

52.2-232

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.226-6

52.226-5 Restrictions on Subcontracting Outside Disaster or Emergency Area.

As prescribed in 26.202-3(c), insert the following clause:

RESTRICTIONS ON SUBCONTRACTING OUTSIDE DISASTER OR EMERGENCY AREA (DEVIATION DATE)

(a) Definitions. The definitions of the following terms used in this clause are found in the Small Business Administration

regulations at 13 CFR 125.6(e): cost of the contract, cost of contract performance incurred for personnel, cost of manufacturing, cost of materials, personnel, and subcontracting.

(b) The Contractor agrees that in performance of the contract in the case of a contract for-

(1) Services (except construction). At least 50 percent of the cost of contract performance incurred for personnel shall

be expended for employees of the Contractor or employees of other businesses residing or primarily doing business in the

area designated in the clause at FAR 52.226-4, Notice of Disaster or Emergency Area Set-Aside;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies). The Contractor or employees of other

businesses residing or primarily doing business in the set-aside area shall perform work for at least 50 percent of the cost of

manufacturing the supplies, not including the cost of materials;

(3) General construction. The Contractor will perform at least 15 percent of the cost of the contract, not including the

cost of materials, with its own employees or employees of other businesses residing or primarily doing business in the set-

aside area; or

(4) Construction by special trade Contractors. The Contractor will perform at least 25 percent of the cost of the contract, not including the cost of materials, with its own employees or employees of other businesses residing or primarily

doing business in the set-aside area.

(End of clause)

52.226-6 Promoting Excess Food Donation to Nonprofit Organizations.

As prescribed in 26.402-2 , insert the following clause:

PROMOTING EXCESS FOOD DONATION TO NONPROFIT ORGANIZATIONS (DEVIATION DATE)

(a) Definitions. As used in this clause-

Apparently wholesome food means food that meets all quality and labeling standards imposed by Federal, State, and local

laws and regulations even though the food may not be readily marketable due to appearance, age, freshness, grade, size,

surplus, or other conditions.

Excess food means food that-

- (1) Is not required to meet the needs of the agencies; and
- (2) Would otherwise be discarded.

Food-insecure means inconsistent access to sufficient, safe, and nutritious food.

Nonprofit organization means any organization that is?

- (1) Described in section 501(c) of the Internal Revenue Code of 1986; and
- (2) Exempt from tax under section 501(a) of that Code.

(b) Food donation. The Contractor is encouraged to donate excess apparently wholesome food to nonprofit organizations

that help food-insecure people in the United States, where practical and safe.

(c) Costs. (1) The Contractor, including any subcontractors, shall assume the responsibility for all the costs and logistics

of collecting, transporting, maintaining the safety of, or distributing the excess, apparently wholesome food to the nonprofit

organization(s) helping food-insecure people.

(2) Costs incurred for excess food donations are unallowable and, as such, the Contractor will not be reimbursed for

any associated costs.

(d) Liability. The Government and the Contractor, including any subcontractors, shall be exempt from civil and criminal

liability to the extent provided under the Bill Emerson Good Samaritan Food Donation Act (42 U.S.C. 1791). Nothing in this

clause shall supersede State or local health regulations (subsection (f) of 42 U.S.C. 1791).

(End of clause)

52.2-233

52.226-7 FEDERAL ACQUISITION REGULATION

52.226-7 Drug-Free Workplace.

As prescribed in 26.503-1, insert the following clause:

DRUG-FREE WORKPLACE (MAY 2024)

(a) Definitions. As used in this clause-

Controlled substance means a controlled substance in schedules I through V of section 202 of the Controlled Substances

Act (21 U.S.C. 812) and as further defined in regulation at 21 CFR 1308.11 - 1308.15.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing,

possession, or use of any controlled substance.

Drug-free workplace means the site(s) for the performance of work done by the Contractor in connection with a specific contract where employees of the Contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

Employee means an employee of a Contractor directly engaged in the performance of work under a Government contract.

"Directly engaged" is defined to include all direct cost employees and any other Contractor employee who has other than a

minimal impact or involvement in contract performance.

Individual means an offeror/contractor that has no more than one employee including the offeror/contractor.

(b) The Contractor, if other than an individual, shall within 30 days after award (unless a longer period is agreed to in

writing for contracts of 30 days or more performance duration), or as soon as possible for contracts of less than 30 days performance duration-

(1) Publish a statement notifying its employees that the unlawful manufacture, distribution, dispensing, possession, or

use of a controlled substance is prohibited in the Contractor's workplace and specifying the actions that will be taken against

employees for violations of such prohibition;

(2) Establish an ongoing drug-free awareness program to inform such employees about-

(i) The dangers of drug abuse in the workplace;

(ii) The Contractor's policy of maintaining a drug-free workplace;

(iii) Any available drug counseling, rehabilitation, and employee assistance programs; and

(iv) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(3) Provide all employees engaged in performance of the contract with a copy of the statement required by subparagraph (b)(1) of this clause;

(4) Notify such employees in writing in the statement required by subparagraph (b)(1) of this clause that, as a condition

of continued employment on this contract, the employee will-

(i) Abide by the terms of the statement; and

(ii) Notify the employer in writing of the employee's conviction under a criminal drug statute for a violation occurring in the workplace no later than 5 days after such conviction;

(5) Notify the Contracting Officer in writing within 10 days after receiving notice under subdivision (b)(4)(ii) of this

clause, from an employee or otherwise receiving actual notice of such conviction. The notice shall include the position title of

the employee;

(6) Within 30 days after receiving notice under subdivision (b)(4)(ii) of this clause of a conviction, take one of the

following actions with respect to any employee who is convicted of a drug abuse violation occurring in the workplace:

(i) Taking appropriate personnel action against such employee, up to and including termination; or

(ii) Require such employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved

for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency; and

(7) Make a good faith effort to maintain a drug-free workplace through implementation of subparagraphs (b)(1) through

(b)(6) of this clause.

(c) The Contractor, if an individual, agrees by award of the contract or acceptance of a purchase order, not to engage in the

unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance while performing this contract.

52.2-234

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.226-8

(d) In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements

of paragraph (b) or (c) of this clause may, pursuant to FAR 26.505, render the Contractor subject to suspension of contract

payments, termination of the contract for default, and suspension or debarment.

(End of clause)

52.226-8 Encouraging Contractor Policies to Ban Text Messaging While Driving.

As prescribed in 26.601-2, insert the following clause:

ENCOURAGING CONTRACTOR POLICIES TO BAN TEXT MESSAGING WHILE DRIVING (MAY 2024)

(a) Definitions. As used in this clause-

"Drivin"g?

(1) Means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary because of traffic, a traffic light, stop sign, or otherwise.

(2) Does not include operating a motor vehicle with or without the motor running when one has pulled over to the side

of, or off, an active roadway and has halted in a location where one can safely remain stationary.

Text messaging means reading from or entering data into any handheld or other electronic device, including for the purpose of short message service texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. The term does not include glancing at or listening to a navigational device that is secured in a commercially designed holder affixed to the vehicle, provided that the

destination and route are programmed into the device either before driving or while stopped in a location off the roadway

where it is safe and legal to park.

(b) This clause implements Executive Order 13513, Federal Leadership on Reducing Text Messaging While Driving,

dated October 1, 2009.

(c) The Contractor is encouraged to-

(1) Adopt and enforce policies that ban text messaging while driving-

(i) Company-owned or rented vehicles or Government-owned vehicles; or

(ii) Privately-owned vehicles when on official Government business or when performing any work for or on behalf of the Government.

(2) Conduct initiatives in a manner commensurate with the size of the business, such as-

(i) Establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving; and

(ii) Education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

(d) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts

that exceed the micro-purchase threshold, as defined in Federal Acquisition Regulation 2.101 on the date of subcontract

award.

(End of clause)

52.2-235

This page intentionally left blank.

52.2-236

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-2

52.227 [Reserved]

52.227-1 Authorization and Consent.

As prescribed in 27.201-2(a)(1), insert the following clause:

AUTHORIZATION AND CONSENT (JUN 2020)

(a) The Government authorizes and consents to all use and manufacture, in performing this contract or any subcontract at

any tier, of any invention described in and covered by a United States patent-

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under

this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with (i) specifications or written provisions forming a part of this contract or (ii) specific written instructions given by the Contracting Officer directing the manner of performance. The entire liability to the Government for infringement of a United States patent shall be determined solely by the provisions of the indemnity clause, if any, included

in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for

all other infringement to the extent of the authorization and consent herein above granted.

(b) The Contractor shall include the substance of this clause, including this paragraph (b), in all subcontracts that are

expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the

date of subcontract award. However, omission of this clause from any subcontract, including those at or below the simplified

acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, does not affect this authorization and consent.

(End of clause)

Alternate I (APR 1984). As prescribed in 27.201-2 (a)(2), substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) The Government authorizes and consents to all use and manufacture of any invention described in and covered by a

United States patent in the performance of this contract or any subcontract at any tier.

Alternate II (APR 1984). As prescribed in 27.201-2 (a)(3), substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a) The Government authorizes and consents to all use and manufacture in the performance of any order at any tier or

subcontract at any tier placed under this contract for communication services and facilities for which rates, charges, and tariffs are not established by a government regulatory body, of any invention described in and covered by a United States patent-

(1) Embodied in the structure or composition of any article the delivery of which is accepted by the Government under

this contract; or

(2) Used in machinery, tools, or methods whose use necessarily results from compliance by the Contractor or a subcontractor with specifications or written provisions forming a part of this contract or with specific written instructions given by the Contracting Officer directing the manner of performance.

52.227-2 Notice and Assistance Regarding Patent and Copyright Infringement.

As prescribed in 27.201-2(b), insert the following clause:

NOTICE AND ASSISTANCE REGARDING PATENT AND COPYRIGHT INFRINGEMENT (JUN 2020)

(a) The Contractor shall report to the Contracting Officer, promptly and in reasonable written detail, each notice or claim

of patent or copyright infringement based on the performance of this contract of which the Contractor has knowledge.

(b) In the event of any claim or suit against the Government on account of any alleged patent or copyright infringement

arising out of the performance of this contract or out of the use of any supplies furnished or work or services performed under

this contract, the Contractor shall furnish to the Government, when requested by the Contracting Officer, all evidence and

information in the Contractor's possession pertaining to such claim or suit. Such evidence and information shall be furnished

at the expense of the Government except where the Contractor has agreed to indemnify the Government.

52.2-237

52.227-3 FEDERAL ACQUISITION REGULATION

(c) The Contractor shall include the substance of this clause, including this paragraph (c), in all subcontracts that are

expected to exceed the simplified acquisition threshold, as defined in Federal Acquisition Regulation (FAR) 2.101 on the date

of subcontract award.

(End of clause)

52.227-3 Patent Indemnity.

As prescribed in 27.201-2(c)(1), insert the following clause:

PATENT INDEMNITY (APR 1984)

(a) The Contractor shall indemnify the Government and its officers, agents, and employees against liability, including

costs, for infringement of any United States patent (except a patent issued upon an application that is now or may hereafter be

withheld from issue pursuant to a Secrecy Order under 35 U.S.C. 181) arising out of the manufacture or delivery of supplies,

the performance of services, or the construction, alteration, modification, or repair of real property (hereinafter referred to

as "construction work") under this contract, or out of the use or disposal by or for the account of the Government of such

supplies or construction work.

(b) This indemnity shall not apply unless the Contractor shall have been informed as soon as practicable by the

Government of the suit or action alleging such infringement and shall have been given such opportunity as is afforded by

applicable laws, rules, or regulations to participate in its defense. Further, this indemnity shall not apply to?

- (1) An infringement resulting from compliance with specific written instructions of the Contracting Officer directing a

change in the supplies to be delivered or in the materials or equipment to be used, or directing a manner of performance of the

contract not normally used by the Contractor;

- (2) An infringement resulting from addition to or change in supplies or components furnished or construction work

performed that was made subsequent to delivery or performance; or

- (3) A claimed infringement that is unreasonably settled without the consent of the Contractor, unless required by final

decree of a court of competent jurisdiction.

(End of clause)

Alternate I (APR 1984). As prescribed in 27.201-2 (c)(2), add the following paragraph (c) to the basic clause:

- (c) This patent indemnification shall not apply to the following items:

_____ [Contracting Officer list and/or identify the items to be excluded from this indemnity.]

Alternate II (APR 1984). As prescribed in 27.201-2 (c)(2), add the following paragraph (c) to the basic clause:

- (c) This patent indemnification shall cover the following items:

_____ [List or identify the items to be included under this indemnity.]

Alternate III (JUN 2020). As prescribed in 27.201-2 (c)(3), add the following paragraph to the basic clause:

As to subcontracts at any tier for communication service, this clause shall apply only to individual communication service

authorizations over the simplified acquisition threshold, as defined in Federal Acquisition Regulation 2.101 on the date of

subcontract award, issued under this contract and covering those communications services and facilities-

- (1) That are or have been sold or offered for sale by the Contractor to the public,
- (2) That can be provided over commercially available equipment, or
- (3) That involve relatively minor modifications.

52.227-4 Patent Indemnity-Construction Contracts.

As prescribed in 27.201-2(d)(1), insert the following clause:

PATENT INDEMNITY-CONSTRUCTION CONTRACTS (DEC 2007)

52.2-238

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-6

Except as otherwise provided, the Contractor shall indemnify the Government and its officers, agents, and employees against liability, including costs and expenses, for infringement of any United States patent (except a patent issued upon an

application that is now or may hereafter be withheld from issue pursuant to a Secrecy Order under 35 U.S.C. 181) arising

out of performing this contract or out of the use or disposal by or for the account of the Government of supplies furnished or

work performed under this contract.

(End of clause)

Alternate I (DEC 2007). As prescribed in 27.201-2 (d)(2), designate the first paragraph of the basic clause as paragraph (a)

and add the following paragraph (b) to the basic clause:

(b) This patent indemnification shall not apply to the following items:

_____ [Contracting Officer list the items to be excluded.]

52.227-5 Waiver of Indemnity.

As prescribed in 27.201-2(e), insert the following clause:

WAIVER OF INDEMNITY (APR 1984)

Any provision or clause of this contract to the contrary notwithstanding, the Government hereby authorizes and consents

to the use and manufacture, solely in performing this contract, of any invention covered by the United States patents identified below and waives indemnification by the Contractor with respect to such patents:

_____ [Contracting Officer identify the patents by number or by other means if more appropriate.]

(End of clause)

52.227-6 Royalty Information.

As prescribed in 27.202-5(a)(1), insert the following provision:

ROYALTY INFORMATION (APR 1984)

(a) Cost or charges for royalties. When the response to this solicitation contains costs or charges for royalties totaling more than \$250, the following information shall be included in the response relating to each separate item of royalty or license fee:

(1) Name and address of licensor.

(2) Date of license agreement.

(3) Patent numbers, patent application serial numbers, or other basis on which the royalty is payable.

(4) Brief description, including any part or model numbers of each contract item or component on which the royalty is

payable.

(5) Percentage or dollar rate of royalty per unit.

(6) Unit price of contract item.

(7) Number of units.

(8) Total dollar amount of royalties.

(b) Copies of current licenses. In addition, if specifically requested by the Contracting Officer before execution of the contract, the offeror shall furnish a copy of the current license agreement and an identification of applicable claims of specific patents.

(End of provision)

Alternate I (APR 1984). As prescribed in 27.202-5 (a)(2), substitute the following for the introductory portion of paragraph (a) of the basic provision:

52.2-239

52.227-7 FEDERAL ACQUISITION REGULATION

When the response to this solicitation covers charges for special construction or special assembly that contain costs or charges for royalties totaling more than \$250, the following information shall be included in the response relating to each

separate item of royalty or license fee:

52.227-7 [Reserved]

(DEVIATION DATE)

52.227-8 [Reserved]

52.227-9 Refund of Royalties.

As prescribed in 27.202-5(c), insert the following clause:

REFUND OF ROYALTIES (APR 1984)

(a) The contract price includes certain amounts for royalties payable by the Contractor or subcontractors or both, which amounts have been reported to the Contracting Officer.

(b) The term "royalties" as used in this clause refers to any costs or charges in the nature of royalties, license fees, patent or license amortization costs, or the like, for the use of or for rights in patents and patent applications in connection with performing this contract or any subcontract hereunder.

(c) The Contractor shall furnish to the Contracting Officer, before final payment under this contract, a statement of royalties paid or required to be paid in connection with performing this contract and subcontracts hereunder together with the reasons.

(d) The Contractor will be compensated for royalties reported under paragraph (c) of this clause, only to the extent that such royalties were included in the contract price and are determined by the Contracting Officer to be properly chargeable to the Government and allocable to the contract. To the extent that any royalties that are included in the contract price are not in fact paid by the Contractor or are determined by the Contracting Officer not to be properly chargeable to the Government and allocable to the contract, the contract price shall be reduced. Repayment or credit to the Government shall be made as the Contracting Officer directs.

(e) If, at any time within 3 years after final payment under this contract, the Contractor for any reason is relieved in whole or in part from the payment of the royalties included in the final contract price as adjusted pursuant to paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer of that fact and shall reimburse the Government in a corresponding amount.

(f) The substance of this clause, including this paragraph (f), shall be included in any subcontract in which the amount of royalties reported during negotiation of the subcontract exceeds \$250.

(End of clause)

52.227-10 Filing of Patent Applications-Classified Subject Matter.

As prescribed at 27.203-2 , insert the following clause:

FILING OF PATENT APPLICATIONS-CLASSIFIED SUBJECT MATTER (DEC 2007)

(a) Before filing or causing to be filed a patent application in the United States disclosing any subject matter of this contract classified "Secret" or higher, the Contractor shall, citing the 30-day provision below, transmit the proposed application to the Contracting Officer. The Government shall determine whether, for reasons of national security, the application should be placed under an order of secrecy, sealed in accordance with the provision of 35 U.S.C. 181-188, or the issuance of a patent otherwise delayed under pertinent United States statutes or regulations. The Contractor shall observe any instructions of the Contracting Officer regarding the manner of delivery of the patent application to the United States Patent Office, but the Contractor shall not be denied the right to file the application. If the Contracting Officer shall not have given any such instructions within 30 days from the date of mailing or other transmittal of the proposed application, the Contractor may file the application.

52.2-240**SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-11**

(b) Before filing a patent application in the United States disclosing any subject matter of this contract classified "Confidential," the Contractor shall furnish to the Contracting Officer a copy of the application for Government determination whether, for reasons of national security, the application should be placed under an order of secrecy or the issuance of a patent should be otherwise delayed under pertinent United States statutes or regulations.

(c) Where the subject matter of this contract is classified for reasons of security, the Contractor shall not file, or cause to be filed, in any country other than in the United States as provided in paragraphs (a) and (b) of this clause, an application or registration for a patent containing any of the subject matter of this contract without first obtaining written approval of the Contracting Officer.

(d) When filing any patent application coming within the scope of this clause, the Contractor shall observe all applicable security regulations covering the transmission of classified subject matter and shall promptly furnish to the Contracting Officer the serial number, filing date, and name of the country of any such application. When transmitting the application to the United States Patent Office, the Contractor shall by separate letter identify by agency and number the contract or contracts that require security classification markings to be placed on the application.

(e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts that cover or are likely to cover classified subject matter.

(End of clause)

52.227-11 Patent Rights-Ownership by the Contractor.

As prescribed in 27.303(b)(1), insert the following clause:

PATENT RIGHTS-OWNERSHIP BY THE CONTRACTOR (MAY 2014)

(a) As used in this clause-

Invention means any invention or discovery that is or may be patentable or otherwise protectable under title 35 of the U.S.

Code, or any variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, et seq.)

Made means-

(1) When used in relation to any invention other than a plant variety, the conception or first actual reduction to practice

of the invention; or

(2) When used in relation to a plant variety, that the Contractor has at least tentatively determined that the variety has

been reproduced with recognized characteristics.

Nonprofit organization means a university or other institution of higher education or an organization of the type described

in section 501(c)(3) of the Internal Revenue Code of 1954 (26 U.S.C. 501(c)) and exempt from taxation under section 501(a)

of the Internal Revenue Code (26 U.S.C. 501(a)), or any nonprofit scientific or educational organization qualified under a

State nonprofit organization statute.

"Practical application" means to manufacture, in the case of a composition of product; to practice, in the case of a process

or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the

invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the

public on reasonable terms.

Subject invention means any invention of the Contractor made in the performance of work under this contract.

(b) Contractor's rights. (1) Ownership. The Contractor may retain ownership of each subject invention throughout the

world in accordance with the provisions of this clause.

(2) License. (i) The Contractor shall retain a nonexclusive royalty-free license throughout the world in each subject

invention to which the Government obtains title, unless the Contractor fails to disclose the invention within the times

specified in paragraph (c) of this clause. The Contractor's license extends to any domestic subsidiaries and affiliates

within the corporate structure of which the Contractor is a part, and includes the right to grant sublicenses to the extent the

Contractor was legally obligated to do so at contract award. The license is transferable only with the written approval of the

agency, except when transferred to the successor of that part of the Contractor's business to which the invention pertains.

(ii) The Contractor's license may be revoked or modified by the agency to the extent necessary to achieve expeditious practical application of the subject invention in a particular country in accordance with the procedures in FAR

27.302(i)(2) and 27.304-1(f).

(c) Contractor's obligations. (1) The Contractor shall disclose in writing each subject invention to the Contracting

Officer within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters.
The

52.2-241

52.227-11 FEDERAL ACQUISITION REGULATION

disclosure shall identify the inventor(s) and this contract under which the subject invention was made. It shall be sufficiently complete in technical detail to convey a clear understanding of the subject invention. The disclosure shall also identify any publication, on sale (i.e., sale or offer for sale), or public use of the subject invention, or whether a manuscript describing the subject invention has been submitted for publication and, if so, whether it has been accepted for publication. In addition, after disclosure to the agency, the Contractor shall promptly notify the Contracting Officer of the acceptance of any manuscript describing the subject invention for publication and any on sale or public use.

(2) The Contractor shall elect in writing whether or not to retain ownership of any subject invention by notifying the

Contracting Officer within 2 years of disclosure to the agency. However, in any case where publication, on sale, or public use has initiated the 1-year statutory period during which valid patent protection can be obtained in the United States, the period for election of title may be shortened by the agency to a date that is no more than 60 days prior to the end of the statutory period.

(3) The Contractor shall file either a provisional or a nonprovisional patent application or a Plant Variety Protection

Application on an elected subject invention within 1 year after election. However, in any case where a publication, on sale, or public use has initiated the 1-year statutory period during which valid patent protection can be obtained in the United States, the Contractor shall file the application prior to the end of that statutory period. If the Contractor files a provisional application, it shall file a nonprovisional application within 10 months of the filing of the provisional application. The Contractor shall file patent applications in additional countries or international patent offices within either 10 months of the first filed patent application (whether provisional or nonprovisional) or 6 months from the date permission is granted by the

Commissioner of Patents to file foreign patent applications where such filing has been prohibited by a Secrecy Order.

(4) The Contractor may request extensions of time for disclosure, election, or filing under paragraphs (c)(1), (c)(2), and

(c)(3) of this clause.

(d) Government's rights- (1) Ownership. The Contractor shall assign to the agency, on written request, title to any subject invention-

(i) If the Contractor fails to disclose or elect ownership to the subject invention within the times specified in

paragraph (c) of this clause, or elects not to retain ownership; provided, that the agency may request title only within 60 days

after learning of the Contractor's failure to disclose or elect within the specified times.

- (ii) In those countries in which the Contractor fails to file patent applications within the times specified in paragraph (c) of this clause; provided, however, that if the Contractor has filed a patent application in a country after the times specified

in paragraph (c) of this clause, but prior to its receipt of the written request of the agency, the Contractor shall continue to

retain ownership in that country.

- (iii) In any country in which the Contractor decides not to continue the prosecution of any application for, to pay the maintenance fees on, or defend in reexamination or opposition proceeding on, a patent on a subject invention.

(2) License. If the Contractor retains ownership of any subject invention, the Government shall have a nonexclusive, nontransferable, irrevocable, paid-up license to practice, or have practiced for or on its behalf, the subject invention throughout the world.

(e) Contractor action to protect the Government's interest. (1) The Contractor shall execute or have executed and promptly deliver to the agency all instruments necessary to-

- (i) Establish or confirm the rights the Government has throughout the world in those subject inventions in which the Contractor elects to retain ownership; and

(ii) Assign title to the agency when requested under paragraph (d) of this clause and to enable the Government to obtain patent protection and plant variety protection for that subject invention in any country.

(2) The Contractor shall require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in the Contractor's format, each subject invention in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. The disclosure format should require, as a minimum, the information required by paragraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, as to the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) The Contractor shall notify the Contracting Officer of any decisions not to file a nonprovisional patent application, continue the prosecution of a patent application, pay maintenance fees, or defend in a reexamination or opposition proceeding on a patent, in any country, not less than 30 days before the expiration of the response or filing period required by the relevant patent office.

52.2-242

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-11

(4) The Contractor shall include, within the specification of any United States nonprovisional patent or plant variety protection application and any patent or plant variety protection certificate issuing thereon covering a subject invention,

the

following statement, "This invention was made with Government support under (identify the contract) awarded by (identify

the agency). The Government has certain rights in the invention."

(f) Reporting on utilization of subject inventions. The Contractor shall submit, on request, periodic reports no more frequently than annually on the utilization of a subject invention or on efforts at obtaining utilization of the subject invention

that are being made by the Contractor or its licensees or assignees. The reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and other data and

information as the agency may reasonably specify. The Contractor also shall provide additional reports as may be requested

by the agency in connection with any march-in proceeding undertaken by the agency in accordance with paragraph (h) of this

clause. The Contractor also shall mark any utilization report as confidential/proprietary to help prevent inadvertent release

outside the Government. As required by 35 U.S.C. 202(c)(5), the agency will not disclose that information to persons outside

the Government without the Contractor's permission.

(g) Preference for United States industry. Notwithstanding any other provision of this clause, neither the Contractor nor

any assignee shall grant to any person the exclusive right to use or sell any subject invention in the United States unless the

person agrees that any products embodying the subject invention or produced through the use of the subject invention will

be manufactured substantially in the United States. However, in individual cases, the requirement for an agreement may be

waived by the agency upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been

made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United

States, or that under the circumstances domestic manufacture is not commercially feasible.

(h) March-in rights. The Contractor acknowledges that, with respect to any subject invention in which it has retained ownership, the agency has the right to require licensing pursuant to 35 U.S.C. 203 and 210(c), and in accordance with the

procedures in 37 CFR 401.6 and any supplemental regulations of the agency in effect on the date of contract award.

(i) Special provisions for contracts with nonprofit organizations. If the Contractor is a nonprofit organization, it shall-

(1) Not assign rights to a subject invention in the United States without the written approval of the agency, except

where an assignment is made to an organization that has as one of its primary functions the management of inventions, provided, that the assignee shall be subject to the same provisions as the Contractor;

(2) Share royalties collected on a subject invention with the inventor, including Federal employee co-inventors (but

through their agency if the agency deems it appropriate) when the subject invention is assigned in accordance with 35 U.S.C.

202(e) and 37 CFR 401.10;

(3) Use the balance of any royalties or income earned by the Contractor with respect to subject inventions, after

payment of expenses (including payments to inventors) incidental to the administration of subject inventions for the support

of scientific research or education; and

(4) Make efforts that are reasonable under the circumstances to attract licensees of subject inventions that are small

business concerns, and give a preference to a small business concern when licensing a subject invention if the Contractor

determines that the small business concern has a plan or proposal for marketing the invention which, if executed, is equally

as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business

concerns; provided, that the Contractor is also satisfied that the small business concern has the capability and resources to

carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the

Contractor.

(5) Allow the Secretary of Commerce to review the Contractor's licensing program and decisions regarding small

business applicants, and negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce

when the Secretary's review discloses that the Contractor could take reasonable steps to more effectively implement the

requirements of paragraph (i)(4) of this clause.

(j) Communications. [Complete according to agency instructions.]

(k) Subcontracts. (1) The Contractor shall include the substance of this clause, including this paragraph (k), in all subcontracts for experimental, developmental, or research work to be performed by a small business concern or nonprofit organization.

(2) The Contractor shall include in all other subcontracts for experimental, developmental, or research work the substance of the patent rights clause required by FAR subpart 27.3.

(3) At all tiers, the patent rights clause must be modified to identify the parties as follows: references to the Government are not changed, and the subcontractor has all rights and obligations of the Contractor in the clause. The

52.2-243

52.227-11 FEDERAL ACQUISITION REGULATION

Contractor shall not, as part of the consideration for awarding the subcontract, obtain rights in the subcontractor's subject inventions.

(4) In subcontracts, at any tier, the agency, the subcontractor, and the Contractor agree that the mutual obligations of

the parties created by this clause constitute a contract between the subcontractor and the agency with respect to the matters

covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes statute in connection with proceedings under paragraph (h) of this clause.

(End of clause)

Alternate I (JUN 1989). As prescribed in 27.303 (b)(3), add the following sentence at the end of paragraph (d)(2) of the basic clause:

The license shall include the right of the Government to sublicense foreign governments, their nationals and international organizations pursuant to the following treaties or international agreements: _____ *

[*Contracting Officer complete with the names of applicable existing treaties or international agreements. The above language is not intended to apply to treaties or agreements that are in effect on the date of the award but are not listed.]

Alternate II (DEC 2007). As prescribed in 27.303 (b)(4), add the following sentence at the end of paragraph (d)(2) of the basic clause:

The agency reserves the right to unilaterally amend this contract to identify specific treaties or international agreements entered into by the Government before or after the effective date of the contract and effectuate those license or other rights

that are necessary for the Government to meet its obligations to foreign governments, their nationals, and international organizations under the treaties or international agreements with respect to subject inventions made after the date of the amendment.

Alternate III (JUN 1989). As prescribed in 27.303 (b)(5), substitute the following paragraph (i)(3) in place of paragraph (i)

(3) of the basic clause:

(3) After payment of patenting costs, licensing costs, payments to inventors, and other expenses incidental to the

administration of subject inventions, the balance of any royalties or income earned and retained by the Contractor during

any fiscal year on subject inventions under this or any successor contract containing the same requirement, up to any amount

equal to 5 percent of the budget of the facility for that fiscal year, shall be used by the Contractor for the scientific research,

development, and education consistent with the research and development mission and objectives of the facility, including

activities that increase the licensing potential of other inventions of the facility. If the balance exceeds 5 percent, 75 percent of

the excess above 5 percent shall be paid by the Contractor to the Treasury of the United States and the remaining 25 percent

shall be used by the Contractor only for the same purposes as described above. To the extent it provides the most effective

technology transfer, the licensing of subject inventions shall be administered by Contractor employees on location at the

facility.

Alternate IV (JUN 1989). As prescribed in 27.303 (b)(6), include the following paragraph (e)(5) in paragraph (e) of the basic clause:

(5) The Contractor shall establish and maintain active and effective procedures to ensure that subject inventions are

promptly identified and timely disclosed, and shall submit a description of the procedures to the Contracting Officer so that

the Contracting Officer may evaluate and determine their effectiveness.

Alternate V (DEC 2007). As prescribed in 27.303 (b)(7), include the following paragraph (d)(3) in paragraph (d) of the basic clause:

(d)(3) CRADA licensing. If the Contractor performs services at a Government owned and operated laboratory or at a

Government owned and Contractor operated laboratory directed by the Government to fulfill the Government's obligations

under a Cooperative Research and Development Agreement (CRADA) authorized by 15 U.S.C. 3710a, the Government may

require the Contractor to negotiate an agreement with the CRADA collaborating party or parties regarding the allocation of

rights to any subject invention the Contractor makes, solely or jointly, under the CRADA. The agreement shall be negotiated

prior to the Contractor undertaking the CRADA work or, with the permission of the Government, upon the identification of a subject invention. In the absence of such an agreement, the Contractor agrees to grant the collaborating party or parties

an option for a license in its inventions of the same scope and terms set forth in the CRADA for inventions made by the Government.

52.2-244

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-13

52.227-12 [Reserved]

52.227-13 Patent Rights-Ownership by the Government.

As prescribed at 27.303(e), insert the following clause:

PATENT RIGHTS-OWNERSHIP BY THE GOVERNMENT (DEC 2007)

(a) Definitions. As used in this clause-

Invention means any invention or discovery that is or may be patentable or otherwise protectable under title 35 of the U.S.

Code or any variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, et seq.)

Made means-

(1) When used in relation to any invention other than a plant variety, means the conception or first actual reduction to

practice of the invention; or

(2) When used in relation to a plant variety, means that the Contractor has at least tentatively determined that the

variety has been reproduced with recognized characteristics.

Practical application means to manufacture, in the case of a composition or product; to practice, in the case of a process

or method; or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the

invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the

public on reasonable terms.

Subject invention means any invention of the Contractor made in the performance of work under this contract.

(b) Ownership. (1) Assignment to the Government. The Contractor shall assign to the Government title throughout the world to each subject invention, except to the extent that rights are retained under paragraphs (b)(2) and (d) of this clause.

(2) Greater rights determinations. (i) The Contractor, or an employee-inventor after consultation with the Contractor, may request greater rights than the nonexclusive license provided in paragraph (d) of this clause. The request for a greater rights must be submitted to the Contracting Officer at the time of the first disclosure of the subject invention pursuant to paragraph (e)(2) of this clause, or not later than 8 months thereafter, unless a longer period is authorized in writing by the Contracting Officer for good cause shown in writing by the Contractor. Each determination of greater rights under this contract normally shall be subject to paragraph (c) of this clause, and to the reservations and conditions deemed to be appropriate by the agency.

(ii) Upon request, the Contractor shall provide the filing date, serial number and title, a copy of the patent application (including an English-language version if filed in a language other than English), and patent number and issue date for any subject invention in any country for which the Contractor has retained title.

(iii) Upon request, the Contractor shall furnish the agency an irrevocable power to inspect and make copies of the patent application file.

(c) Minimum rights acquired by the Government. (1) Regarding each subject invention to which the Contractor retains ownership, the Contractor agrees as follows:

(i) The Government will have a nonexclusive, nontransferable, irrevocable, paid-up license to practice, or have practiced for or on its behalf, the subject invention throughout the world.

(ii) The agency has the right to require licensing pursuant to 35 U.S.C. 203 and 210(c) and in accordance with the procedures set forth in 37 CFR 401.6 and any supplemental regulations of the agency in effect on the date of the contract award.

(iii) Upon request, the Contractor shall submit periodic reports no more frequently than annually on the utilization, or efforts to obtain utilization, of a subject invention by the Contractor or its licensees or assignees. The reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and any other data and information as the agency may reasonably specify. The Contractor also shall provide additional reports as may be requested by the agency in connection with any march-in proceedings undertaken by the agency in accordance with paragraph (c)(1)(ii) of this clause. To the extent data or information supplied under this section is considered by the Contractor, or its licensees, or assignees to be privileged and confidential and is so marked, the agency, to the extent permitted by law, will not disclose such information to persons outside the Government.

(iv) When licensing a subject invention, the Contractor shall-

(A) Ensure that no royalties are charged on acquisitions involving Government funds, including funds derived

through a Military Assistance Program of the Government or otherwise derived through the Government;

52.2-245

52.227-13 FEDERAL ACQUISITION REGULATION

(B) Refund any amounts received as royalty charges on a subject invention in acquisitions for, or on behalf of, the

Government;

(C) Provide for this refund in any instrument transferring rights in the subject invention to any party.

(v) When transferring rights in a subject invention, the Contractor shall provide for the Government's rights set forth

in paragraphs (c)(1)(i) through (c)(1)(iv) of this clause.

(2) Nothing contained in paragraph (c) of this clause shall be deemed to grant to the Government rights in any invention other than a subject invention.

(d) Minimum rights to the Contractor. (1) The Contractor is hereby granted a revocable, nonexclusive, paid-up license in

each patent application filed in any country on a subject invention and any resulting patent in which the Government obtains

title, unless the Contractor fails to disclose the subject invention within the times specified in paragraph (e)(2) of this clause.

The Contractor's license extends to any of its domestic subsidiaries and affiliates within the corporate structure of which

the Contractor is a part, and includes the right to grant sublicenses to the extent the Contractor was legally obligated to do

so at contract award. The license is transferable only with the written approval of the agency except when transferred to the

successor of that part of the Contractor's business to which the subject invention pertains.

(2) The Contractor's license may be revoked or modified by the agency to the extent necessary to achieve expeditious

practical application of the subject invention in a particular country in accordance with the procedures in FAR 27.302(i)(2)

and 27.304-1(f).

(3) When the Government elects not to apply for a patent in any foreign country, the Contractor retains rights in that

foreign country to apply for a patent, subject to the Government's rights in paragraph (c)(1) of this clause.

(e) Invention identification, disclosures, and reports. (1) The Contractor shall establish and maintain active and effective

procedures to educate its employees in order to assure that subject inventions are promptly identified and disclosed to Contractor personnel responsible for patent matters. The procedures shall include the maintenance of laboratory notebooks or

equivalent records and other records as are reasonably necessary to document the conception and/or the first actual reduction

to practice of subject inventions, and records that show the procedures for identifying and disclosing subject inventions are

followed. Upon request, the Contractor shall furnish the Contracting Officer a description of these procedures for evaluation

and for a determination as to their effectiveness.

(2) The Contractor shall disclose in writing each subject invention to the Contracting Officer within 2 months after the inventor discloses it in writing to Contractor personnel responsible for patent matters or, if earlier, within 6 months after the Contractor becomes aware that a subject invention has been made, but in any event before any on sale (i.e., sale or offer for sale), public use, or publication of the subject invention known to the Contractor. The disclosure shall identify the contract under which the subject invention was made and the inventor(s). It shall be sufficiently complete in technical detail to convey a clear understanding of the subject invention. The disclosure shall also identify any publication, on sale, or public use of the subject invention and whether a manuscript describing the subject invention has been submitted for publication and, if so, whether it has been accepted for publication. In addition, after disclosure to the agency, the Contractor shall promptly notify the Contracting Officer of the acceptance of any manuscript describing the subject invention for publication and any on sale or public use.

(3) The Contractor shall furnish the Contracting Officer the following:

(i) Interim reports every 12 months (or a longer period as may be specified by the Contracting Officer) from the date of the contract, listing subject inventions during that period, and stating that all subject inventions have been disclosed (or that there are none) and that the procedures required by paragraph (e)(1) of this clause have been followed.

(ii) A final report, within 3 months after completion of the contracted work, listing all subject inventions or stating that there were none, and listing all subcontracts at any tier containing a patent rights clause or stating that there were none.

(4) The Contractor shall require, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in the Contractor's format each subject invention in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on subject inventions and to establish the Government's rights in the subject inventions. This disclosure format should require, as a minimum, the information required by paragraph (e)(2) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, as to the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(5) Subject to FAR 27.302(i), the Contractor agrees that the Government may duplicate and disclose subject invention disclosures and all other reports and papers furnished or required to be furnished pursuant to this clause.

52.2-246

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-13

(f) Examination of records relating to inventions. (1) The Contracting Officer or any authorized representative shall, until 3 years after final payment under this contract, have the right to examine any books (including laboratory notebooks),

records, and documents of the Contractor relating to the conception or first actual reduction to practice of inventions in the

same field of technology as the work under this contract to determine whether-

(i) Any inventions are subject inventions;

(ii) The Contractor has established and maintains the procedures required by paragraphs (e)(1) and (e)(4) of this clause; and

(iii) The Contractor and its inventors have complied with the procedures.

(2) The Contractor shall disclose to the Contracting Officer, for the determination of ownership rights, any unreported

invention that the Contracting Officer believes may be a subject invention.

(3) Any examination of records under paragraph (f) of this clause will be subject to appropriate conditions to protect the

confidentiality of the information involved.

(g) Withholding of payment. (This paragraph does not apply to subcontracts.) (1) Any time before final payment under

this contract, the Contracting Officer may, in the Government's interest, withhold payment until a reserve not exceeding \$50,000 or 5 percent of the amount of this contract, whichever is less, shall have been set aside if, in the Contracting Officer's

opinion, the Contractor fails to-

(i) Establish, maintain, and follow effective procedures for identifying and disclosing subject inventions pursuant to paragraph (e)(1) of this clause;

(ii) Disclose any subject invention pursuant to paragraph (e)(2) of this clause;

(iii) Deliver acceptable interim reports pursuant to paragraph (e)(3)(i) of this clause; or

(iv) Provide the information regarding subcontracts pursuant to paragraph (i)(4) of this clause.

(2) The Contracting Officer will withhold the reserve or balance until the Contracting Officer has determined that the

Contractor has rectified whatever deficiencies exist and has delivered all reports, disclosures, and other information required

by this clause.

(3) The Contracting Officer will not make final payment under this contract before the Contractor delivers to the Contracting Officer, as required by this clause, all disclosures of subject inventions, an acceptable final report, and all due

confirmatory instruments.

(4) The Contracting Officer may decrease or increase the sums withheld up to the maximum authorized. The Contracting Officer will not withhold any amount under this paragraph while the amount specified by this paragraph is being

withheld under other provisions of the contract. The withholding of any amount or the subsequent payment shall not be construed as a waiver of any Government rights.

(h) Preference for United States industry. Unless provided otherwise, neither the Contractor nor any assignee shall grant to any person the exclusive right to use or sell any subject invention in the United States unless the person agrees that

any products embodying the subject invention or produced through the use of the subject invention will be

manufactured

substantially in the United States. However, in individual cases, the requirement may be waived by the agency upon a showing by the Contractor or assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that, under the circumstances, domestic manufacture is not commercially feasible.

(i) Subcontracts. (1) The Contractor shall include the substance of the patent rights clause required by FAR subpart 27.3

in all subcontracts for experimental, developmental, or research work. The prescribed patent rights clause must be modified

to identify the parties as follows: references to the Government are not changed, and the subcontractor has all rights and

obligations of the Contractor in the clause. The Contractor shall not, as part of the consideration for awarding the subcontract,

obtain rights in the subcontractor's subject inventions.

(2) In the event of a refusal by a prospective subcontractor to accept the clause, the Contractor-

(i) Shall promptly submit a written notice to the Contracting Officer setting forth the subcontractor's reasons for such refusal and other pertinent information that may expedite disposition of the matter; and

(ii) Shall not proceed with such subcontract without the written authorization of the Contracting Officer.

(3) In subcontracts at any tier, the agency, the subcontractor, and the Contractor agree that the mutual obligations of the

parties created by the patent rights clause constitute a contract between the subcontractor and the agency with respect to those

matters covered by this clause.

(4) The Contractor shall promptly notify the Contracting Officer in writing upon the award of any subcontract at any

tier containing a patent rights clause by identifying the subcontractor, the applicable patent rights clause, the work to be performed under the subcontract, and the dates of award and estimated completion. Upon request of the Contracting Officer,

52.2-247

52.227-14 FEDERAL ACQUISITION REGULATION

the Contractor shall furnish a copy of such subcontract, and, no more frequently than annually, a listing of the subcontracts that have been awarded.

(End of clause)

Alternate I (JUN 1989). As prescribed in 27.303 (e) (4), add the following sentence at the end of paragraph (c)(1)(i) of the

basic clause:

The license will include the right of the Government to sublicense foreign governments, their nationals, and international organizations pursuant to the following treaties or international agreements: _____ * [*Contracting Officer complete with the names of applicable existing treaties or international agreements. The above language is not intended to apply to treaties or agreements that are in effect on the date of the award but are not listed.]

Alternate II (DEC 2007). As prescribed in 27.303 (e)(5), add the following sentence at the end of paragraph (c)(1)(i) of the

basic clause:

The agency reserves the right to unilaterally amend this contract to identify specific treaties or international agreements entered into by the Government before or after the effective date of this contract, and effectuate those license or other rights

that are necessary for the Government to meet its obligations to foreign governments, their nationals, and international organizations under treaties or international agreements with respect to subject inventions made after the date of the amendment.

52.227-14 Rights in Data-General.

As prescribed in 27.409(b)(1), insert the following clause with any appropriate alternates:

RIGHTS IN DATA-GENERAL (MAY 2014)

(a) Definitions. As used in this clause-

Computer database or "database means" a collection of recorded information in a form capable of, and for the purpose of,

being stored in, processed, and operated on by a computer. The term does not include computer software.

Computer software-

(1) Means (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the

media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or

provide instructions for using the software.

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as

financial, administrative, cost or pricing, or management information.

Form, fit, and function data means data relating to items, components, or processes that are sufficient to enable physical

and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics,

functional characteristics, and performance requirements. For computer software it means data identifying source, functional

characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and

flow charts of the software.

Limited rights means the rights of the Government in limited rights data as set forth in the Limited Rights Notice of paragraph (g)(3) if included in this clause.

Limited rights data means data, other than computer software, that embody trade secrets or are commercial or financial and confidential or privileged, to the extent that such data pertain to items, components, or processes developed at private

expense, including minor modifications.

Restricted computer software means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

52.2-248

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-14

Restricted rights, as used in this clause, means the rights of the Government in restricted computer software, as set forth

in a Restricted Rights Notice of paragraph (g) if included in this clause, or as otherwise may be provided in a collateral agreement incorporated in and made part of this contract, including minor modifications of such computer software.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical

nature (including computer databases and computer software documentation). This term does not include computer software

or financial, administrative, cost or pricing, or management data or other information incidental to contract administration.

The term includes recorded information of a scientific or technical nature that is included in computer databases (See 41

U.S.C. 116).

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) Allocation of rights. (1) Except as provided in paragraph (c) of this clause, the Government shall have unlimited rights

in-

(i) Data first produced in the performance of this contract;

(ii) Form, fit, and function data delivered under this contract;

(iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and

(iv) All other data delivered under this contract unless provided otherwise for limited rights data or restricted computer software in accordance with paragraph (g) of this clause.

(2) The Contractor shall have the right to-

(i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c) (1) of this clause;

(ii) Use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, unless provided otherwise in paragraph (d) of this clause;

(iii) Substantiate the use of, add, or correct limited rights, restricted rights, or copyright notices and to take other appropriate action, in accordance with paragraphs (e) and (f) of this clause; and

(iv) Protect from unauthorized disclosure and use those data that are limited rights data or restricted computer software to the extent provided in paragraph (g) of this clause.

(c) Copyright- (1) Data first produced in the performance of this contract. (i) Unless provided otherwise in paragraph (d) of this clause, the Contractor may, without prior approval of the Contracting Officer, assert copyright in scientific

and

technical articles based on or containing data first produced in the performance of this contract and published in academic,

technical or professional journals, symposia proceedings, or similar works. The prior, express written permission of the Contracting Officer is required to assert copyright in all other data first produced in the performance of this contract.

(ii) When authorized to assert copyright to the data, the Contractor shall affix the applicable copyright notices of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number).

(iii) For data other than computer software, the Contractor grants to the Government, and others acting on its behalf,

a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted data to reproduce, prepare derivative works,

distribute copies to the public, and perform publicly and display publicly by or on behalf of the Government. For computer

software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable,

worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and

display publicly (but not to distribute copies to the public) by or on behalf of the Government.

(2) Data not first produced in the performance of this contract. The Contractor shall not, without the prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract unless the Contractor-

(i) Identifies the data; and

(ii) Grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause or, if such data are restricted computer software, the Government shall acquire a copyright license as set forth in

paragraph (g)(4) of this clause (if included in this contract) or as otherwise provided in a collateral agreement incorporated in

or made part of this contract.

(3) Removal of copyright notices. The Government will not remove any authorized copyright notices placed on data

pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

52.2-249

52.227-14 FEDERAL ACQUISITION REGULATION

(d) Release, publication, and use of data. The Contractor shall have the right to use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, except-

(1) As prohibited by Federal law or regulation (e.g., export control or national security laws or regulations);

(2) As expressly set forth in this contract; or

(3) If the Contractor receives or is given access to data necessary for the performance of this contract that contain

restrictive markings, the Contractor shall treat the data in accordance with such markings unless specifically authorized otherwise in writing by the Contracting Officer.

(e) Unauthorized marking of data. (1) Notwithstanding any other provisions of this contract concerning inspection or acceptance, if any data delivered under this contract are marked with the notices specified in paragraph (g)(3) or (g) (4)

if included in this clause, and use of the notices is not authorized by this clause, or if the data bears any other restrictive or limiting markings not authorized by this contract, the Contracting Officer may at any time either return the data to the Contractor, or cancel or ignore the markings. However, pursuant to 41 U.S.C. 4703, the following procedures shall apply

prior to canceling or ignoring the markings.

(i) The Contracting Officer will make written inquiry to the Contractor affording the Contractor 60 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings;

(ii) If the Contractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 60-day period (or a longer time approved in writing by the Contracting Officer for good cause shown),

the Government shall have the right to cancel or ignore the markings at any time after said period and the data will no longer

be made subject to any disclosure prohibitions.

(iii) If the Contractor provides written justification to substantiate the propriety of the markings within the period set in paragraph (e)(1)(i) of this clause, the Contracting Officer will consider such written justification and determine whether

or not the markings are to be cancelled or ignored. If the Contracting Officer determines that the markings are authorized,

the Contractor will be so notified in writing. If the Contracting Officer determines, with concurrence of the head of the contracting activity, that the markings are not authorized, the Contracting Officer will furnish the Contractor a written determination, which determination will become the final agency decision regarding the appropriateness of the markings

unless the Contractor files suit in a court of competent jurisdiction within 90 days of receipt of the Contracting Officer's decision. The Government will continue to abide by the markings under this paragraph (e)(1)(iii) until final resolution of the

matter either by the Contracting Officer's determination becoming final (in which instance the Government will thereafter

have the right to cancel or ignore the markings at any time and the data will no longer be made subject to any disclosure

prohibitions), or by final disposition of the matter by court decision if suit is filed.

(2) The time limits in the procedures set forth in paragraph (e)(1) of this clause may be modified in accordance with

agency regulations implementing the Freedom of Information Act (5 U.S.C. 552) if necessary to respond to a request thereunder.

(3) Except to the extent the Government's action occurs as the result of final disposition of the matter by a court of

competent jurisdiction, the Contractor is not precluded by paragraph (e) of the clause from bringing a claim, in accordance

with the Disputes clause of this contract, that may arise as the result of the Government removing or ignoring authorized

markings on data delivered under this contract.

(f) Omitted or incorrect markings. (1) Data delivered to the Government without any restrictive markings shall be deemed

to have been furnished with unlimited rights. The Government is not liable for the disclosure, use, or reproduction of such

data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request,

within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of the

data, permission to have authorized notices placed on the data at the Contractor's expense. The Contracting Officer may agree

to do so if the Contractor-

(i) Identifies the data to which the omitted notice is to be applied;

(ii) Demonstrates that the omission of the notice was inadvertent;

(iii) Establishes that the proposed notice is authorized; and

(iv) Acknowledges that the Government has no liability for the disclosure, use, or reproduction of any data made prior to the addition of the notice or resulting from the omission of the notice.

(3) If data has been marked with an incorrect notice, the Contracting Officer may-

(i) Permit correction of the notice at the Contractor's expense if the Contractor identifies the data and demonstrates

that the correct notice is authorized; or

52.2-250

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-14

(ii) Correct any incorrect notices.

(g) Protection of limited rights data and restricted computer software. (1) The Contractor may withhold from delivery qualifying limited rights data or restricted computer software that are not data identified in paragraphs (b)(1)(i), (ii), and (iii)

of this clause. As a condition to this withholding, the Contractor shall-

(i) Identify the data being withheld; and

(ii) Furnish form, fit, and function data instead.

(2) Limited rights data that are formatted as a computer database for delivery to the Government shall be treated as

limited rights data and not restricted computer software.

(3) [Reserved]

(h) Subcontracting. The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the

Government those rights, the Contractor shall promptly notify the Contracting Officer of the refusal and shall not proceed

with the subcontract award without authorization in writing from the Contracting Officer.

(i) Relationship to patents or other rights. Nothing contained in this clause shall imply a license to the Government under

any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government.

(End of clause)

Alternate I (DEC 2007). As prescribed in 27.409 (b)(2), substitute the following definition for "limited rights data" in paragraph (a) of the basic clause:

Limited rights data means data, other than computer software, developed at private expense that embody trade secrets or

are commercial or financial and confidential or privileged.

Alternate II (DEC 2007). As prescribed in 27.409 (b)(3), insert the following paragraph (g)(3) in the basic clause:

(g)(3) Notwithstanding paragraph (g)(1) of this clause, the contract may identify and specify the delivery of limited rights

data, or the Contracting Officer may require by written request the delivery of limited rights data that has been withheld or would otherwise be entitled to be withheld. If delivery of that data is required, the Contractor shall affix the following "Limited Rights Notice" to the data and the Government will treat the data, subject to the provisions of paragraphs (e) and (f)

of this clause, in accordance with the notice:

LIMITED RIGHTS NOTICE (DEC 2007)

(a) These data are submitted with limited rights under Government Contract No. _____ (and subcontract _____, if appropriate). These data may be reproduced and used by the Government with the express limitation that they will not, without written permission of the Contractor, be used for purposes of manufacture nor disclosed outside the Government;

except that the Government may disclose these data outside the Government for the following purposes, if any; provided that

the Government makes such disclosure subject to prohibition against further use and disclosure: [Agencies may list additional

purposes as set forth in 27.404-2(c)(1) or if none, so state.]

(b) This notice shall be marked on any reproduction of these data, in whole or in part.

(End of notice)

Alternate III (DEC 2007). As prescribed in 27.409 (b)(4), insert the following paragraph (g)(4) in the basic clause:

(g)(4)(i) Notwithstanding paragraph (g)(1) of this clause, the contract may identify and specify the delivery of restricted

computer software, or the Contracting Officer may require by written request the delivery of restricted computer software

that has been withheld or would otherwise be entitled to be withheld. If delivery of that computer software is required, the

Contractor shall affix the following "Restricted Rights Notice" to the computer software and the Government will treat the

computer software, subject to paragraphs (e) and (f) of this clause, in accordance with the notice:

Restricted Rights Notice (DEC 2007)

(a) This computer software is submitted with restricted rights under Government Contract No. _____ (and subcontract _____, if appropriate). It may not be used, reproduced, or disclosed by the Government except as provided in paragraph

(b) of this notice or as otherwise expressly stated in the contract.

(b) This computer software may be-

(1) Used or copied for use with the computer(s) for which it was acquired, including use at any Government installation

to which the computer(s) may be transferred;

(2) Used or copied for use with a backup computer if any computer for which it was acquired is inoperative;

52.2-251

52.227-15 FEDERAL ACQUISITION REGULATION

(3) Reproduced for safekeeping (archives) or backup purposes;

(4) Modified, adapted, or combined with other computer software, provided that the modified, adapted, or combined

portions of the derivative software incorporating any of the delivered, restricted computer software shall be subject to the

same restricted rights;

(5) Disclosed to and reproduced for use by support service Contractors or their subcontractors in accordance with

paragraphs (b)(1) through (4) of this notice; and

(6) Used or copied for use with a replacement computer.

(c) Notwithstanding the foregoing, if this computer software is copyrighted computer software, it is licensed to the Government with the minimum rights set forth in paragraph (b) of this notice.

(d) Any other rights or limitations regarding the use, duplication, or disclosure of this computer software are to be expressly stated in, or incorporated in, the contract.

(e) This notice shall be marked on any reproduction of this computer software, in whole or in part.

(End of notice)

(ii) Where it is impractical to include the Restricted Rights Notice on restricted computer software, the following short-

form notice may be used instead:

Restricted Rights Notice Short Form (JUN 1987)

Use, reproduction, or disclosure is subject to restrictions set forth in Contract No. _____ (and subcontract, if appropriate) with _____ (name of Contractor and subcontractor).

(End of notice)

(iii) If restricted computer software is delivered with the copyright notice of 17 U.S.C. 401, it will be presumed to be licensed to the Government without disclosure prohibitions, with the minimum rights set forth in paragraph (b) of this clause.

Alternate IV (DEC 2007). As prescribed in 27.409 (b)(5), substitute the following paragraph (c)(1) for paragraph (c)(1) of the basic clause:

(c) Copyright-(1) Data first produced in the performance of the contract. Except as otherwise specifically provided in this

contract, the Contractor may assert copyright in any data first produced in the performance of this contract. When asserting

copyright, the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number), to the data when such data are delivered to the Government, as well

as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. For data other

than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive,

irrevocable, worldwide license for all such data to reproduce, prepare derivative works, distribute copies to the public, and

perform publicly and display publicly, by or on behalf of the Government. For computer software, the Contractor grants to

the Government and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all such computer

software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public), by or on behalf of the Government.

Alternate V (DEC 2007). As prescribed in 27.409 (b)(6), add the following paragraph (j) to the basic clause:

(j) The Contractor agrees, except as may be otherwise specified in this contract for specific data deliverables listed as not

subject to this paragraph, that the Contracting Officer may, up to three years after acceptance of all deliverables under this

contract, inspect at the Contractor's facility any data withheld pursuant to paragraph (g)(1) of this clause, for purposes of

verifying the Contractor's assertion of limited rights or restricted rights status of the data or for evaluating work performance.

When the Contractor whose data are to be inspected demonstrates to the Contracting Officer that there would be a possible

conflict of interest if a particular representative made the inspection, the Contracting Officer shall designate an alternate inspector.

52.227-15 Representation of Limited Rights Data and Restricted Computer Software.

As prescribed in 27.409(c), insert the following provision:

REPRESENTATION OF LIMITED RIGHTS DATA AND RESTRICTED COMPUTER SOFTWARE (DEC 2007)

(a) This solicitation sets forth the Government's known delivery requirements for data (as defined in the clause at

52.227-14, Rights in Data-General). Any resulting contract may also provide the Government the option to order additional

data under the Additional Data Requirements clause at 52.227-16, if included in the contract. Any data delivered under the

resulting contract will be subject to the Rights in Data-General clause at 52.227-14 included in this contract. Under the latter

clause, a Contractor may withhold from delivery data that qualify as limited rights data or restricted computer software,

52.2-252

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-17

and deliver form, fit, and function data instead. The latter clause also may be used with its Alternates II and/or III to obtain

delivery of limited rights data or restricted computer software, marked with limited rights or restricted rights notices, as appropriate. In addition, use of Alternate V with this latter clause provides the Government the right to inspect such data at

the Contractor's facility.

(b) By completing the remainder of this paragraph, the offeror represents that it has reviewed the requirements for the

delivery of technical data or computer software and states [offeror check appropriate block]-

? None of the data proposed for fulfilling the data delivery requirements qualifies as limited rights data or restricted computer software; or

? Data proposed for fulfilling the data delivery requirements qualify as limited rights data or restricted computer software and are identified as follows:

(c) Any identification of limited rights data or restricted computer software in the offeror's response is not determinative

of the status of the data should a contract be awarded to the offeror.

(End of provision)

52.227-16 Additional Data Requirements.

As prescribed in 27.409(d), insert the following clause:

ADDITIONAL DATA REQUIREMENTS (JUNE 1987)

(a) In addition to the data (as defined in the clause at 52.227-14, Rights in Data-General clause or other equivalent included in this contract) specified elsewhere in this contract to be delivered, the Contracting Officer may, at any time during

contract performance or within a period of 3 years after acceptance of all items to be delivered under this contract, order any

data first produced or specifically used in the performance of this contract.

(b) The Rights in Data-General clause or other equivalent included in this contract is applicable to all data ordered under

this Additional Data Requirements clause. Nothing contained in this clause shall require the Contractor to deliver any data the

withholding of which is authorized by the Rights in Data-General or other equivalent clause of this contract, or data which

are specifically identified in this contract as not subject to this clause.

(c) When data are to be delivered under this clause, the Contractor will be compensated for converting the data into the

prescribed form, for reproduction, and for delivery.

(d) The Contracting Officer may release the Contractor from the requirements of this clause for specifically identified data

items at any time during the 3-year period set forth in paragraph (a) of this clause.

(End of clause)

52.227-17 Rights in Data-Special Works.

As prescribed in 27.409(e), insert the following clause:

RIGHTS IN DATA-SPECIAL WORKS (DEC 2007)

(a) Definitions. As used in this clause-

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as

financial, administrative, cost or pricing, or management information.

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit

others to do so.

(b) Allocation of Rights. (1) The Government shall have-

(i) Unlimited rights in all data delivered under this contract, and in all data first produced in the performance of this contract, except as provided in paragraph (c) of this clause.

52.2-253

52.227-18 FEDERAL ACQUISITION REGULATION

(ii) The right to limit assertion of copyright in data first produced in the performance of this contract, and to obtain assignment of copyright in that data, in accordance with paragraph (c)(1) of this clause.

(iii) The right to limit the release and use of certain data in accordance with paragraph (d) of this clause.

(2) The Contractor shall have, to the extent permission is granted in accordance with paragraph (c)(1) of this clause, the right to assert claim to copyright subsisting in data first produced in the performance of this contract.

(c) Copyright- (1) Data first produced in the performance of this contract. (i) The Contractor shall not assert or authorize others to assert any claim to copyright subsisting in any data first produced in the performance of this contract without prior written permission of the Contracting Officer. When copyright is asserted, the Contractor shall affix the appropriate copyright notice of 17 U.S.C. 401 or 402 and acknowledgment of Government sponsorship (including contract number) to the data when delivered to the Government, as well as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. The Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all delivered data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government.

(ii) If the Government desires to obtain copyright in data first produced in the performance of this contract and permission has not been granted as set forth in paragraph (c)(1)(i) of this clause, the Contracting Officer shall direct the Contractor to assign (with or without registration), or obtain the assignment of, the copyright to the Government or its designated assignee.

(2) Data not first produced in the performance of this contract. The Contractor shall not, without prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract and that contain the copyright notice of 17 U.S.C. 401 or 402, unless the Contractor identifies such data and grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause.

(d) Release and use restrictions. Except as otherwise specifically provided for in this contract, the Contractor shall not use, release, reproduce, distribute, or publish any data first produced in the performance of this contract, nor authorize others to do so, without written permission of the Contracting Officer.

(e) Indemnity. The Contractor shall indemnify the Government and its officers, agents, and employees acting for the Government against any liability, including costs and expenses, incurred as the result of the violation of trade secrets, copyrights, or right of privacy or publicity, arising out of the creation, delivery, publication, or use of any data furnished under this contract; or any libelous or other unlawful matter contained in such data. The provisions of this paragraph do not apply unless the Government provides notice to the Contractor as soon as practicable of any claim or suit, affords the

Contractor an opportunity under applicable laws, rules, or regulations to participate in the defense of the claim or suit, and obtains the Contractor's consent to the settlement of any claim or suit other than as required by final decree of a court of competent jurisdiction; and these provisions do not apply to material furnished to the Contractor by the Government and incorporated in data to which this clause applies.

(End of clause)

52.227-18 [Reserved]

(DEVIATION DATE)

52.227-19 [Reserved]

(DEVIATION DATE)

52.227-20 Rights in Data-SBIR Program.

As prescribed in 27.409(h), insert the following clause:

RIGHTS IN DATA-SBIR PROGRAM (MAY 2014)

(a) Definitions. As used in this clause-

Computer database or "database" means a collection of recorded information in a form capable of, and for the purpose of,

being stored in, processed, and operated on by a computer. The term does not include computer software.

52.2-254

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-20

Computer software-

(1) Means. (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the

media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or

provide instructions for using the software.

Data means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as

financial, administrative, cost or pricing or management information.

Form, fit, and function data means data relating to items, components, or processes that are sufficient to enable physical

and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics,

functional characteristics, and performance requirements. For computer software it means data identifying source, functional

characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and

flow charts of the software.

Limited rights data means data (other than computer software) developed at private expense that embody trade secrets or

are commercial or financial and confidential or privileged.

Restricted computer software means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

SBIR data means data first produced by a Contractor that is a small business concern in performance of a small business

innovation research contract issued under the authority of 15 U.S.C. 638, which data are not generally known, and which

data without obligation as to its confidentiality have not been made available to others by the Contractor or are not already

available to the Government.

SBIR rights means the rights in SBIR data set forth in the SBIR Rights Notice of paragraph (d) of this clause.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical

nature (including computer databases and computer software documentation). This term does not include computer software

or financial, administrative, cost or pricing, or management data or other information incidental to contract administration.

The term includes recorded information of a scientific or technical nature that is included in computer databases. (See 41

U.S.C. 116.)

Unlimited rights means the right of the Government to use, disclose, reproduce, prepare derivative works, distribute copies

to the public, and perform publicly and display publicly, in any manner and for any purpose whatsoever, and to have or permit others to do so.

(b) Allocation of rights. (1) Except as provided in paragraph (c) of this clause regarding copyright, the Government shall

have unlimited rights in-

(i) Data specifically identified in this contract as data to be delivered without restriction;

(ii) Form, fit, and function data delivered under this contract;

(iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and

(iv) All other data delivered under this contract unless provided otherwise for SBIR data in accordance with paragraph (d) of this clause or for limited rights data or restricted computer software in accordance with paragraph (f) of this clause.

(2) The Contractor shall have the right to-

(i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c)

(1) of this clause;

(ii) Protect SBIR rights in SBIR data delivered under this contract in the manner and to the extent provided in

paragraph (d) of this clause;

(iii) Substantiate use of, add, or correct SBIR rights or copyright notices and to take other appropriate action, in accordance with paragraph (e) of this clause; and

52.2-255

52.227-20 FEDERAL ACQUISITION REGULATION

(iv) Withhold from delivery those data which are limited rights data or restricted computer software to the extent provided in paragraph (f) of this clause.

(c) Copyright- (1) Data first produced in the performance of this contract. (i) Except as otherwise specifically provided in this contract, the Contractor may assert copyright subsisting in any data first produced in the performance of this contract.

(ii) When asserting copyright, the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402 and an acknowledgment of Government sponsorship (including contract number).

(iii) For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up nonexclusive, irrevocable, worldwide license to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly, by or on behalf of the Government.

(2) Data not first produced in the performance of this contract. The Contractor shall not, without prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data that are not first produced in the performance of this contract unless the Contractor (i) identifies such data and (ii) grants to the Government, or on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause.

(3) Removal of copyright notices. The Government will not remove any copyright notices placed on data pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

(d) Rights to SBIR data. (1) The Contractor is authorized to affix the following "SBIR Rights Notice" to SBIR data delivered under this contract and the Government will treat the data, subject to the provisions of paragraphs (e) and (f) of this clause, in accordance with the notice:

SBIR RIGHTS NOTICE (DEC 2007)

These SBIR data are furnished with SBIR rights under Contract No. _____ (and subcontract _____, if appropriate). For a period of 4 years, unless extended in accordance with FAR 27.409(h), after acceptance of all items to be delivered under this contract, the Government will use these data for Government purposes only, and they shall not be disclosed outside the Government (including disclosure for procurement purposes) during such period without permission of the Contractor, except

that, subject to the foregoing use and disclosure prohibitions, these data may be disclosed for use by support Contractors.

After the protection period, the Government has a paid-up license to use, and to authorize others to use on its behalf, these

data for Government purposes, but is relieved of all disclosure prohibitions and assumes no liability for unauthorized use of

these data by third parties. This notice shall be affixed to any reproductions of these data, in whole or in part.

(End of notice)

(2) The Government's sole obligation with respect to any SBIR data shall be as set forth in this paragraph (d).

(e) Omitted or incorrect markings. (1) Data delivered to the Government without any notice authorized by paragraph (d)

of this clause shall be deemed to have been furnished with unlimited rights. The Government assumes no liability for the

disclosure, use, or reproduction of such data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request,

within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of the

data, permission to have authorized notices placed on the data at the Contractor's expense, and the Contracting Officer may

agree to do so if the Contractor-

(i) Identifies the data to which the omitted notice is to be applied;

(ii) Demonstrates that the omission of the notice was inadvertent;

(iii) Establishes that the use of the proposed notice is authorized; and

(iv) Acknowledges that the Government has no liability with respect to the disclosure or use of any such data made prior to the addition of the notice or resulting from the omission of the notice.

(3) If the data has been marked with an incorrect notice, the Contracting Officer may-

(i) Permit correction of the notice at the Contractor's expense, if the Contractor identifies the data and demonstrates

that the correct notice is authorized; or

(ii) Correct any incorrect notices.

(f) Protection of limited rights data and restricted computer software. The Contractor may withhold from delivery qualifying limited rights data and restricted computer software that are not identified in paragraphs (b)(1)(i), (ii), and (iii) of

52.2-256

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.227-21

this clause. As a condition to this withholding, the Contractor shall identify the data being withheld, and furnish form, fit, and

function data instead.

(g) Subcontracting. The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the

Government those rights, the Contractor shall promptly notify the Contracting Officer of the refusal and not proceed with the

subcontract award without further authorization in writing from the Contracting Officer.

(h) Relationship to patents. Nothing contained in this clause shall imply a license to the Government under any patent or

be construed as affecting the scope of any license or other right otherwise granted to the Government.

(End of clause)

52.227-21 Technical Data Declaration, Revision, and Withholding of Payment-Major Systems.

As prescribed in 27.409(j), insert the following clause:

TECHNICAL DATA DECLARATION, REVISION, AND WITHHOLDING OF PAYMENT-MAJOR SYSTEMS (MAY 2014)

(a) Scope of declaration. The Contractor shall provide, in accordance with 41 U.S.C. 2302(e)(7), the following declaration

with respect to all technical data that relate to a major system and that are delivered or required to be delivered under this

contract or that are delivered within 3 years after acceptance of all items (other than technical data) delivered under this contract unless a different period is set forth in the contract. The Contracting Officer may release the Contractor from all or

part of the requirements of this clause for specifically identified technical data items at any time during the period covered by

this clause.

(b) Technical data declaration. (1) All technical data that are subject to this clause shall be accompanied by the following

declaration upon delivery:

TECHNICAL DATA DECLARATION (JAN 1997)

The Contractor, _____, hereby declares that, to the best of its knowledge and belief, the technical data delivered herewith under Government contract No. _____ (and subcontract _____, if appropriate) are complete, accurate, and comply with the requirements of the contract concerning such technical data.

(End of declaration)

(2) The Government may, at any time during the period covered by this clause, direct correction of any deficiencies

that are not in compliance with contract requirements. The corrections shall be made at the expense of the Contractor. Unauthorized markings on data shall not be considered a deficiency for the purpose of this clause, but will be treated in accordance with paragraph (e) of the Rights in Data-General clause included in this contract.

(c) Technical data revision. The Contractor also shall, at the request of the Contracting Officer, revise technical data that

are subject to this clause to reflect engineering design changes made during the performance of this contract and affecting

the form, fit, and function of any item (other than technical data) delivered under this contract. The Contractor may submit

a request for an equitable adjustment to the terms and conditions of this contract for any revisions to technical data made

pursuant to this paragraph.

(d) Withholding of payment. (1) At any time before final payment under this contract the Contracting Officer may withhold payment as a reserve up to an amount not exceeding \$100,000 or 5 percent of the amount of this contract, whichever is less, if the Contractor fails to-

(i) Make timely delivery of the technical data;

- (ii) Provide the declaration required by paragraph (b)(1) of this clause;
- (iii) Make the corrections required by paragraph (b)(2) of this clause; or
- (iv) Make revisions requested under paragraph (c) of this clause.

(2) The Contracting Officer may withhold the reserve until the Contractor has complied with the direction or requests

of the Contracting Officer or determines that the deficiencies relating to delivered data, arose out of causes beyond the control

of the Contractor and without the fault or negligence of the Contractor.

52.2-257

52.227-22 FEDERAL ACQUISITION REGULATION

(3) The withholding of any reserve under this clause, or the subsequent payment of the reserve, shall not be construed

as a waiver of any Government rights.

(End of clause)

52.227-22 Major System-Minimum Rights.

As prescribed in 27.409(k), insert the following clause:

MAJOR SYSTEM-MINIMUM RIGHTS (JUNE 1987)

Notwithstanding any other provision of this contract, the Government shall have unlimited rights in any technical data, other than computer software, developed in the performance of this contract and relating to a major system or supplies for a

major system procured or to be procured by the Government, to the extent that delivery of such technical data is required as

an element of performance under this contract. The rights of the Government under this clause are in addition to and not in

lieu of its rights under the other provisions of this contract.

(End of clause)

52.227-23 [Reserved]

(DEVIATION DATE)

52.2-258

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.228-3

52.228 [Reserved]

52.228-1 Bid Guarantee.

As prescribed in 28.101-2 , insert a provision or clause substantially as follows:

BID GUARANTEE (SEPT 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for

rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable

letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds-

(1) To unsuccessful bidders as soon as practicable after the opening of bids; and

(2) To the successful bidder upon execution of contractual documents and bonds (including any necessary

coinsurance

or reinsurance agreements), as required by the bid as accepted.

(c) The amount of the bid guarantee shall be _____ percent of the bid price or \$_____, whichever is less.

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails

to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the

Contracting Officer may terminate the contract for default.

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds

the amount of its bid, and the bid guarantee is available to offset the difference.

(End of provision)

52.228-2 Additional Bond Security.

As prescribed in 28.106-4(a), insert the following clause:

ADDITIONAL BOND SECURITY (OCT 1997)

The Contractor shall promptly furnish additional security required to protect the Government and persons supplying labor

or materials under this contract if-

(a) Any surety upon any bond, or issuing financial institution for other security, furnished with this contract becomes unacceptable to the Government;

(b) Any surety fails to furnish reports on its financial condition as required by the Government;

(c) The contract price is increased so that the penal sum of any bond becomes inadequate in the opinion of the Contracting

Officer; or

(d) An irrevocable letter of credit (ILC) used as security will expire before the end of the period of required security. If the

Contractor does not furnish an acceptable extension or replacement ILC, or other acceptable substitute, at least 30 days before

an ILC's scheduled expiration, the Contracting officer has the right to immediately draw on the ILC.

(End of clause)

52.228-3 Workers? Compensation Insurance (Defense Base Act).

As prescribed in 28.309(a), insert the following clause:

WORKERS? COMPENSATION INSURANCE (DEFENSE BASE ACT) (JUL 2014)

(a) The Contractor shall

(1) Before commencing performance under this contract, establish provisions to provide for the payment of disability

compensation and medical benefits to covered employees and death benefits to their eligible survivors, by purchasing workers? compensation insurance or qualifying as a self-insurer under the Longshore and Harbor Workers? Compensation

52.2-259

52.228-4 FEDERAL ACQUISITION REGULATION

Act (33 U.S.C. 932) as extended by the Defense Base Act (42 U.S.C.1651, et seq.), and continue to maintain provisions to

provide such Defense Base Act benefits until contract performance is completed;

- (2) Within ten days of an employee's injury or death or from the date the Contractor has knowledge of the injury or death, submit Form LS-202 (Employee's First Report of Injury or Occupational Illness) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 930(a), 20 CFR 702.201 to 702.203);
- (3) Pay all compensation due for disability or death within the time frames required by the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914, 20 CFR 702.231 and 703.232);
- (4) Provide for medical care as required by the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 907, 20 CFR 702.402 and 702.419);
- (5) If controverting the right to compensation, submit Form LS-207 (Notice of Controversion of Right to Compensation) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(d), 20 CFR 702.251);
- (6) Immediately upon making the first payment of compensation in any case, submit Form LS-206 (Payment Of Compensation Without Award) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(c), 20 CFR 702.234);
- (7) When payments are suspended or when making the final payment, submit Form LS-208 (Notice of Final Payment or Suspension of Compensation Payments) to the Department of Labor in accordance with the Longshore and Harbor Workers' Compensation Act (33 U.S.C. 914(c) and (g), 20 CFR 702.234 and 702.235); and
- (8) Adhere to all other provisions of the Longshore and Harbor Workers' Compensation Act as extended by the Defense Base Act, and Department of Labor regulations at 20 CFR Parts 701 to 704.
- (b) For additional information on the Longshore and Harbor Workers' Compensation Act requirements see <http://www.dol.gov/owcp/dlhwc/lbdba.htm>.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts to which the Defense Base Act applies.
- (End of clause)

52.228-4 Workers' Compensation and War-Hazard Insurance Overseas.

As prescribed in 28.309(b), insert the following clause:

WORKERS' COMPENSATION AND WAR-HAZARD INSURANCE OVERSEAS (APR 1984)

- (a) This paragraph applies if the Contractor employs any person who, but for a waiver granted by the Secretary of Labor, would be subject to workers' compensation insurance under the Defense Base Act (42 U.S.C. 1651, et seq.). On behalf of employees for whom the applicability of the Defense Base Act has been waived, the Contractor shall (1) provide, before commencing performance under this contract, at least that workers' compensation insurance or the equivalent as the laws of the country of which these employees are nationals may require, and (2) continue to maintain it until performance is completed. The Contractor shall insert, in all subcontracts under this contract to which the Defense Base Act would apply

but for the waiver, a clause similar to this paragraph (a) (including this sentence) imposing upon those subcontractors this

requirement to provide such workers? compensation insurance coverage.

(b) This paragraph applies if the Contractor or any subcontractor under this contract employs any person who, but for

a waiver granted by the Secretary of Labor, would be subject to the War Hazards Compensation Act (42 U.S.C.1701, et seq.). On behalf of employees for whom the applicability of the Defense Base Act (and hence that of the War Hazards Compensation Act) has been waived, the Contractor shall, subject to reimbursement as provided elsewhere in this contract,

afford the same protection as that provided in the War Hazards Compensation Act, except that the level of benefits shall

conform to any law or international agreement controlling the benefits to which the employees may be entitled. In all other

respects, the standards of the War Hazards Compensation Act shall apply; e.g., the definition of war-hazard risks (injury,

death, capture, or detention as the result of a war hazard as defined in the Act), proof of loss, and exclusion of benefits otherwise covered by workers? compensation insurance or the equivalent. Unless the Contractor elects to assume directly the

liability to subcontractor employees created by this clause, the Contractor shall insert, in all subcontracts under this contract

52.2-260

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.228-7

to which the War Hazards Compensation Act would apply but for the waiver, a clause similar to this paragraph (b) (including

this sentence) imposing upon those subcontractors this requirement to provide war-hazard benefits.

(End of clause)

52.228-5 Insurance-Work on a Government Installation.

As prescribed in 28.310 , insert the following clause:

INSURANCE-WORK ON A GOVERNMENT INSTALLATION (JAN 1997)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least

the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the

required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect

that any cancellation or any material change adversely affecting the Government?s interest shall not be effective-

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is

longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract

that require work on a Government installation and shall require subcontractors to provide and maintain the insurance

required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

(End of clause)

52.228-6 [Reserved]

52.228-7 Insurance-Liability to Third Persons.

As prescribed in 28.311-1, insert the following clause:

INSURANCE-LIABILITY TO THIRD PERSONS (MAR 1996)

(a) (1) Except as provided in paragraph (a)(2) of this clause, the Contractor shall provide and maintain workers' compensation, employer's liability, comprehensive general liability (bodily injury), comprehensive automobile liability (bodily injury and property damage) insurance, and such other insurance as the Contracting Officer may require under this contract.

(2) The Contractor may, with the approval of the Contracting Officer, maintain a self-insurance program, provided that, with respect to workers' compensation, the Contractor is qualified pursuant to statutory authority.

(3) All insurance required by this paragraph shall be in a form and amount and for those periods as the Contracting Officer may require or approve and with insurers approved by the Contracting Officer.

(b) The Contractor agrees to submit for the Contracting Officer's approval, to the extent and in the manner required by the Contracting Officer, any other insurance that is maintained by the Contractor in connection with the performance of this contract and for which the Contractor seeks reimbursement.

(c) The Contractor shall be reimbursed-

(1) For that portion-

(i) Of the reasonable cost of insurance allocable to this contract; and

(ii) Required or approved under this clause; and

(2) For certain liabilities (and expenses incidental to such liabilities) to third persons not compensated by insurance

or otherwise without regard to and as an exception to the limitation of cost or the limitation of funds clause of this contract.

These liabilities must arise out of the performance of this contract, whether or not caused by the negligence of the Contractor

or of the Contractor's agents, servants, or employees, and must be represented by final judgments or settlements approved in

writing by the Government. These liabilities are for-

52.2-261

52.228-8 FEDERAL ACQUISITION REGULATION

(i) Loss of or damage to property (other than property owned, occupied, or used by the Contractor, rented to the Contractor, or in the care, custody, or control of the Contractor); or

(ii) Death or bodily injury.

(d) The Government's liability under paragraph (c) of this clause is subject to the availability of appropriated funds at

the time a contingency occurs. Nothing in this contract shall be construed as implying that the Congress will, at a later date,

appropriate funds sufficient to meet deficiencies.

(e) The Contractor shall not be reimbursed for liabilities (and expenses incidental to such liabilities)-

(1) For which the Contractor is otherwise responsible under the express terms of any clause specified in the Schedule or

elsewhere in the contract;

(2) For which the Contractor has failed to insure or to maintain insurance as required by the Contracting Officer; or

(3) That result from willful misconduct or lack of good faith on the part of any of the Contractor's directors, officers,

managers, superintendents, or other representatives who have supervision or direction of-

(i) All or substantially all of the Contractor's business;

(ii) All or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed; or

(iii) A separate and complete major industrial operation in connection with the performance of this contract.

(f) The provisions of paragraph (e) of this clause shall not restrict the right of the Contractor to be reimbursed for the cost

of insurance maintained by the Contractor in connection with the performance of this contract, other than insurance required

in accordance with this clause; provided, that such cost is allowable under the Allowable Cost and Payment clause of this

contract.

(g) If any suit or action is filed or any claim is made against the Contractor, the cost and expense of which may be reimbursable to the Contractor under this contract, and the risk of which is then uninsured or is insured for less than the amount claimed, the Contractor shall-

(1) Immediately notify the Contracting Officer and promptly furnish copies of all pertinent papers received;

(2) Authorize Government representatives to collaborate with counsel for the insurance carrier in settling or defending

the claim when the amount of the liability claimed exceeds the amount of coverage; and

(3) Authorize Government representatives to settle or defend the claim and to represent the Contractor in or to take

charge of any litigation, if required by the Government, when the liability is not insured or covered by bond. The Contractor

may, at its own expense, be associated with the Government representatives in any such claim or litigation.

(End of clause)

52.228-8 Liability and Insurance-Leased Motor Vehicles.

As prescribed in 28.312 , insert the following clause:

LIABILITY AND INSURANCE-LEASED MOTOR VEHICLES (MAY 1999)

(a) The Government shall be responsible for loss of or damage to-

(1) Leased vehicles, except for-

(i) Normal wear and tear; and

(ii) Loss or damage caused by the negligence of the Contractor, its agents, or employees; and

(2) Property of third persons, or the injury or death of third persons, if the Government is liable for such loss,

damage,
injury, or death under the Federal Tort Claims Act (28 U.S.C. 2671-2680).

(b) The Contractor shall be liable for, and shall indemnify and hold harmless the Government against, all actions or claims for loss of or damage to property or the injury or death of persons, resulting from the fault, negligence, or wrongful act or omission of the Contractor, its agents, or employees.

(c) The Contractor shall provide and maintain insurance covering its liabilities under paragraph (b) of this clause, in amounts of at least \$200,000 per person and \$500,000 per occurrence for death or bodily injury and \$20,000 per occurrence for property damage or loss.

(d) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the interests of the Government shall not be effective (1) for such period as the laws of the State in which this contract is to be performed prescribe or (2) until 30 days after written notice

52.2-262

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.228-11

to the Contracting Officer, whichever period is longer. The policies shall exclude any claim by the insurer for subrogation against the Government by reason of any payment under the policies.

(e) The contract price shall not include any costs for insurance or contingency to cover losses, damage, injury, or death for which the Government is responsible under paragraph (a) of this clause.

(End of clause)

52.228-9 Cargo Insurance.

As prescribed in 28.313(a), insert the following clause:

CARGO INSURANCE (MAY 1999)

(a) The Contractor, at the Contractor's expense, shall provide and maintain, during the continuance of this contract, cargo insurance of \$_____ per vehicle to cover the value of property on each vehicle and of \$_____ to cover the total value of the property in the shipment.

(b) All insurance shall be written on companies acceptable to _____ [insert name of contracting agency], and policies shall include such terms and conditions as required by _____ [insert name of contracting agency]. The Contractor shall provide evidence of acceptable cargo insurance to _____ [insert name of contracting agency] before commencing operations under this contract.

(c) Each cargo insurance policy shall include the following statement:
"It is a condition of this policy that the Company shall furnish-

(1) Written notice to _____ [insert name and address of contracting agency], 30 days in advance of the effective

date of any reduction in, or cancellation of, this policy; and

(2) Evidence of any renewal policy to the address specified in paragraph (1) of this statement, not less than 15 days prior

to the expiration of any current policy on file with _____ [insert name of contracting agency]."

(End of clause)

52.228-10 Vehicular and General Public Liability Insurance.

As prescribed in 28.313(b), insert a clause substantially the same as the following in solicitations and contracts for transportation or for transportation-related services when the contracting officer determines that vehicular liability or general

public liability insurance required by law is not sufficient:

VEHICULAR AND GENERAL PUBLIC LIABILITY INSURANCE (APR 1984)

(a) The Contractor, at the Contractor's expense, agrees to maintain, during the continuance of this contract, vehicular

liability and general public liability insurance with limits of liability for-

(1) Bodily injury of not less than \$_____ for each person and \$_____ for each occurrence; and

(2) Property damage of not less than \$_____ for each accident and \$_____ in the aggregate.

(b) The Contractor also agrees to maintain workers' compensation and other legally required insurance with respect to the

Contractor's own employees and agents.

(End of clause)

52.228-11 Individual Surety's Pledge of Assets.

As prescribed in 28.203-4 (b), insert the following clause:

INDIVIDUAL SURETY'S PLEDGE OF ASSETS (FEB 2021)

(a) The Contractor shall obtain from each person acting as an individual surety on a performance bond or a payment bond

?

(1) A pledge of assets that meets the eligibility, valuation, and security requirements described in the Federal Acquisition Regulation (FAR) 28.203-1; and

52.2-263

52.228-12 FEDERAL ACQUISITION REGULATION

(2) Standard Form 28, Affidavit of Individual Surety.

(b) The Contracting Officer may release a portion of the security interest on the individual surety's assets based upon

substantial performance of the Contractor's obligations under its performance bond. The security interest in support of a performance bond shall be maintained?

(1) Contracts for the construction, alteration, or repair of any public building or public work of the Federal Government exceeding \$150,000 (40 U.S.C. 3131). Until completion of any warranty period, or for 1 year following final payment, whichever is later.

(2) Contracts subject to alternative payment protection (see FAR 28.102-1(b)(1)). For the full contract performance period plus 1 year.

(3) Other contracts not subject to the requirements of paragraph (b)(1) of this clause. Until completion of any

warranty

period, or for 90 days following final payment, whichever is later.

(c) A surety's assets pledged in support of a payment bond may be released to a subcontractor or supplier upon Government receipt of a Federal district court judgment, or a sworn statement by the subcontractor or supplier that the claim

is correct along with a notarized authorization of the release by the surety stating that it approves of such release. The security

interest on the individual surety's assets in support of a payment bond shall be maintained?

(1) Contracts for the construction, alteration, or repair of any public building or public work of the Federal Government exceeding \$150,000 which require performance and payment bonds (40 U.S.C. 3131). For 1 year following final

payment, or until resolution of all pending claims filed against the payment bond during the 1-year period following final payment, whichever is later.

(2) Contracts subject to alternative payment protection (see FAR 28.102-1(b)(1)). For the full contract performance

period plus 1 year.

(3) Other contracts not subject to the requirements of paragraph (c)(1) of this clause. For 90 days following final

payment.

(d) The Contracting Officer may allow the Contractor to substitute an individual surety, for a performance or payment

bond, after contract award. The Contractor shall comply with the requirements of paragraph (a) of this clause within the timeframe established by the Contracting Officer.

(End of clause)

52.228-12 Prospective Subcontractor Requests for Bonds.

As prescribed in 28.106-4(b), use the following clause:

PROSPECTIVE SUBCONTRACTOR REQUESTS FOR BONDS (DEC 2022)

In accordance with section 806(a)(3) of Pub. L. 102-190, as amended by sections 2091 and 8105 of Pub. L. 103-355 (10

U.S.C. 4601 note prec.), upon the request of a prospective subcontractor or supplier offering to furnish labor or material for the performance of this contract for which a payment bond has been furnished to the Government pursuant to 40 U.S.C.

chapter 31, subchapter III, Bonds, the Contractor shall promptly provide a copy of such payment bond to the requester.

(End of clause)

52.228-13 Alternative Payment Protections.

As prescribed in 28.102-3(b), insert the following clause:

ALTERNATIVE PAYMENT PROTECTIONS (JULY 2000)

(a) The Contractor shall submit one of the following payment protections:

(b) The amount of the payment protection shall be 100 percent of the contract price.

(c) The submission of the payment protection is required within _____ days of contract award.

(d) The payment protection shall provide protection for the full contract performance period plus a one-year period.

(e) Except for escrow agreements and payment bonds, which provide their own protection procedures, the Contracting

Officer is authorized to access funds under the payment protection when it has been alleged in writing by a supplier of labor

52.2-264

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.228-14

or material that a nonpayment has occurred, and to withhold such funds pending resolution by administrative or judicial proceedings or mutual agreement of the parties.

(f) When a tripartite escrow agreement is used, the Contractor shall utilize only suppliers of labor and material that signed the escrow agreement.

(End of clause)

52.228-14 Irrevocable Letter of Credit.

As prescribed in 28.204-4 , insert the following clause:

IRREVOCABLE LETTER OF CREDIT (NOV 2014)

(a) "Irrevocable letter of credit" (ILC), as used in this clause, means a written commitment by a federally insured financial institution to pay all or part of a stated amount of money, until the expiration date of the letter, upon presentation by the Government (the beneficiary) of a written demand therefor. Neither the financial institution nor the offeror/Contractor can revoke or condition the letter of credit.

(b) If the offeror intends to use an ILC in lieu of a bid bond, or to secure other types of bonds such as performance and payment bonds, the letter of credit and letter of confirmation formats in paragraphs (e) and (f) of this clause shall be used.

(c) The letter of credit shall be irrevocable, shall require presentation of no document other than a written demand and the ILC (including confirming letter, if any), shall be issued/confirmed by an acceptable federally insured financial institution as provided in paragraph (d) of this clause, and-

(1) If used as a bid guarantee, the ILC shall expire no earlier than 60 days after the close of the bid acceptance period;

(2) If used as an alternative to corporate or individual sureties as security for a performance or payment bond, the

offeror/Contractor may submit an ILC with an initial expiration date estimated to cover the entire period for which financial

security is required or may submit an ILC with an initial expiration date that is a minimum period of one year from the date

of issuance. The ILC shall provide that, unless the issuer provides the beneficiary written notice of non-renewal at least 60

days in advance of the current expiration date, the ILC is automatically extended without amendment for one year from the

expiration date, or any future expiration date, until the period of required coverage is completed and the Contracting Officer

provides the financial institution with a written statement waiving the right to payment. The period of required coverage shall

be:

- (i) For contracts subject to 40 U.S.C. chapter 31, subchapter III, Bonds, the later of-
 - (A) One year following the expected date of final payment;
 - (B) For performance bonds only, until completion of any warranty period; or
 - (C) For payment bonds only, until resolution of all claims filed against the payment bond during the one-year

period following final payment.

- (ii) For contracts not subject to 40 U.S.C. chapter 31, subchapter III, Bonds, the later of-

- (A) 90 days following final payment; or
- (B) For performance bonds only, until completion of any warranty period.

- (d) (1) Only federally insured financial institutions rated investment grade by a commercial rating service shall issue or

confirm the ILC.

- (2) Unless the financial institution issuing the ILC had letter of credit business of at least \$25 million in the past year,

ILCs over \$5 million must be confirmed by another acceptable financial institution that had letter of credit business of at least

\$25 million in the past year.

- (3) The Offeror/Contractor shall provide the Contracting Officer a credit rating that indicates the financial institutions

have the required credit rating as of the date of issuance of the ILC.

- (4) The current rating for a financial institution is available through any of the following rating services registered with

the U.S. Securities and Exchange Commission (SEC) as a Nationally Recognized Statistical Rating Organization (NRSRO).

NRSRO's can be located at the website <http://www.sec.gov/answers/nrsro.htm> maintained by the SEC.

- (e) The following format shall be used by the issuing financial institution to create an ILC:

[Issuing Financial Institution's Letterhead or Name and Address]

Issue Date _____

52.2-265

52.228-14 FEDERAL ACQUISITION REGULATION

Irrevocable Letter of Credit No. _____

Account party's name _____

Account party's address _____

For Solicitation No. _____ (for reference only)

To: [U.S. Government agency]

[U.S. Government agency's address]

1. We hereby establish this irrevocable and transferable Letter of Credit in your favor for one or more drawings up to

United States \$_____. This Letter of Credit is payable at [issuing financial institution's and, if any, confirming financial institution's] office at [issuing financial institution's address and, if any, confirming financial institution's address] and expires with our close of business on _____, or any automatically extended expiration date.

2. We hereby undertake to honor your or the transferee's sight draft(s) drawn on the issuing or, if any, the

confirming

financial institution, for all or any part of this credit if presented with this Letter of Credit and confirmation, if any, at the office specified in paragraph 1 of this Letter of Credit on or before the expiration date or any automatically extended expiration date.

3. [This paragraph is omitted if used as a bid guarantee, and subsequent paragraphs are renumbered.] It is a condition of

this Letter of Credit that it is deemed to be automatically extended without amendment for one year from the expiration date

hereof, or any future expiration date, unless at least 60 days prior to any expiration date, we notify you or the transferee by

registered mail, or other receipted means of delivery, that we elect not to consider this Letter of Credit renewed for any such

additional period. At the time we notify you, we also agree to notify the account party (and confirming financial institution, if

any) by the same means of delivery.

4. This Letter of Credit is transferable. Transfers and assignments of proceeds are to be effected without charge to either

the beneficiary or the transferee/assignee of proceeds. Such transfer or assignment shall be only at the written direction of the Government (the beneficiary) in a form satisfactory to the issuing financial institution and the confirming financial institution, if any.

5. This Letter of Credit is subject to the Uniform Customs and Practice (UCP) for Documentary Credits, International

Chamber of Commerce Publication No. _____ (Insert version in effect at the time of ILC issuance, e.g.,

"Publication 600, 2006 edition") and to the extent not inconsistent therewith, to the laws of _____ [State

of confirming financial institution, if any, otherwise State of issuing financial institution].

6. If this credit expires during an interruption of business of this financial institution as described in Article 17 of the UCP,

the financial institution specifically agrees to effect payment if this credit is drawn against within 30 days after the resumption

of our business.

Sincerely,

_____ [Issuing financial institution]

(f) The following format shall be used by the financial institution to confirm an ILC:

[Confirming Financial Institution's Letterhead or Name and Address] _____

(Date) _____

Our Letter of Credit Advice Number _____

Beneficiary: _____ [U.S. Government agency]

Issuing Financial Institution: _____

52.2-266

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.228-15

Issuing Financial Institution's LC No.: _____

Gentlemen:

1. We hereby confirm the above indicated Letter of Credit, the original of which is attached, issued by _____ [name

of issuing financial institution] for drawings of up to United States dollars _____/U.S. \$_____ and expiring with

our close of business on _____ [the expiration date], or any automatically extended expiration date.

2. Draft(s) drawn under the Letter of Credit and this Confirmation are payable at our office located at

_____.

3. We hereby undertake to honor sight draft(s) drawn under and presented with the Letter of Credit and this Confirmation

at our offices as specified herein.

4. [This paragraph is omitted if used as a bid guarantee, and subsequent paragraphs are renumbered.] It is a condition of

this confirmation that it be deemed automatically extended without amendment for one year from the expiration date hereof,

or any automatically extended expiration date, unless:

(a) At least 60 days prior to any such expiration date, we shall notify the Contracting Officer, or the transferee and the issuing financial institution, by registered mail or other receipted means of delivery, that we elect not to consider this confirmation extended for any such additional period; or

(b) The issuing financial institution shall have exercised its right to notify you or the transferee, the account party, and

ourselves, of its election not to extend the expiration date of the Letter of Credit.

5. This confirmation is subject to the Uniform Customs and Practice (UCP) for Documentary Credits, International

Chamber of Commerce Publication No. _____ (Insert version in effect at the time of ILC issuance, e.g.,

"Publication 600, 2006 edition") and to the extent not inconsistent therewith, to the laws of _____

[State

of confirming financial institution].

6. If this confirmation expires during an interruption of business of this financial institution as described in Article 17 of

the UCP, we specifically agree to effect payment if this credit is drawn against within 30 days after the resumption of our

business.

Sincerely,

_____ [Confirming financial institution]

(g) The following format shall be used by the Contracting Officer for a sight draft to draw on the Letter of Credit:

_____ [By]

(End of clause)

52.228-15 Performance and Payment Bonds-Construction.

As prescribed in 28.102-3(a), insert a clause substantially as follows:

PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (JUN 2020)

(a) Definitions. As used in this clause-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity.

Original

contract price does not include the price of any options, except those options exercised at the time of contract award.

52.2-267

52.228-16 FEDERAL ACQUISITION REGULATION

(b) Amount of required bonds. Unless the resulting contract price is valued at or below the threshold specified in Federal

Acquisition Regulation 28.102-1(a) on the date of award of this contract, the successful offeror shall furnish performance and

payment bonds to the Contracting Officer as follows:

(1) Performance bonds (Standard Form 25). The penal amount of performance bonds at the time of contract award

shall be 100 percent of the original contract price.

(2) Payment Bonds (Standard Form 25A). The penal amount of payment bonds at the time of contract award shall be

100 percent of the original contract price.

(3) Additional bond protection. (i) The Government may require additional performance and payment bond protection

if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) Furnishing executed bonds. The Contractor shall furnish all executed bonds, including any necessary reinsurance

agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or

otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) Surety or other security for bonds. The bonds shall be in the form of firm commitment, supported by corporate sureties

whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable

security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the Federal Register or may be obtained from the:

U.S. Department of the Treasury,
Financial Management Service,

Surety Bond Branch,
3700 East West Highway,
Room 6F01,
Hyattsville, MD 20782.

Or via the internet at <http://www.fms.treas.gov/c570/>.

(e) Notice of subcontractor waiver of protection (40 U.S.C. 3133(c)). Any waiver of the right to sue on the payment bond

is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished

labor or material for use in the performance of the contract.

(End of clause)

52.228-16 Performance and Payment Bonds-Other Than Construction.

As prescribed in 28.103-4 , insert a clause substantially as follows:

PERFORMANCE AND PAYMENT BONDS-OTHER THAN CONSTRUCTION (NOV 2006)

(a) Definitions. As used in this clause-

"Original contract price" means the award price of the contract or, for requirements contracts, the price payable for the estimated quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) The Contractor shall furnish a performance bond (Standard Form 1418) for the protection of the Government in an

amount equal to _____ percent of the original contract price and a payment bond Standard Form 1416) in an amount equal

to _____ percent of the original contract price.

(c) The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting

Officer, within _____ days, but in any event, before starting work.

(d) The Government may require additional performance and payment bond protection if the contract price is increased.

The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing

bonds or to obtain additional bonds.

(e) The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list

contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money

order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations,

52.2-268

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.228-17

certain bonds or notes of the United States. Treasury Circular 570 is published in the Federal Register, or may be obtained

from the:

U.S. Department of the Treasury,
Financial Management Service,

Surety Bond Branch,
3700 East West Highway,
Room 6F01
Hyattsville, MD 20782.

Or via the internet at <http://www.fms.treas.gov/c570/>.

(End of clause)

Alternate I (July2000). As prescribed in 28.103-4 , substitute the following paragraphs (b) and (d) for paragraphs (b) and (d) of the basic clause:

(b) The Contractor shall furnish a performance bond (Standard Form 1418) for the protection of the Government in an amount equal to _____ percent of the original contract price.

(d) The Government may require additional performance bond protection if the contract price is increased. The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

52.228-17 Individual Surety?Pledge of Assets (Bid Guarantee).

As prescribed in 28.203-4 (a), insert the following provision:

INDIVIDUAL SURETY?PLEDGE OF ASSETS (FEB 2021)

(a) Offerors shall obtain from each person acting as an individual surety on a bid guarantee?

(1) A pledge of assets that meets the eligibility, valuation, and security requirements described in the Federal Acquisition Regulation (FAR) 28.203-1; and

(2) Standard Form 28, Affidavit of Individual Surety.

(b) The Offeror shall include with its offer the information required at paragraph (a) of this provision within the timeframe specified in the provision at FAR 52.228-1, Bid Guarantee, or as otherwise established by the Contracting Officer.

(c) The Contracting Officer may release the security interest on the individual surety's assets in support of a bid guarantee based upon evidence that the offer supported by the individual surety will not result in contract award.

(End of provision)

52.2-269

This page intentionally left blank.

52.2-270

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.229-2

52.229 [Reserved]

52.229-1 State and Local Taxes.

As prescribed in 29.401-1 , insert the following clause:

STATE AND LOCAL TAXES (APR 1984)

Notwithstanding the terms of the Federal, State, and Local Taxes clause, the contract price excludes all State and local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract.

The Contractor shall state separately on its invoices taxes excluded from the contract price, and the Government agrees either to pay the amount of the taxes to the Contractor or provide evidence necessary to sustain an exemption.

(End of clause)

52.229-2 North Carolina State and Local Sales and Use Tax.

As prescribed in 29.401-2, insert the following clause:

NORTH CAROLINA STATE AND LOCAL SALES AND USE TAX (DATE)

(a) "Materials," as used in this clause, means building materials, supplies, fixtures, and equipment that become a part of or

are annexed to any building or structure erected, altered, or repaired under this contract.

(b) If this is a fixed-price contract, the contract price includes North Carolina State and local sales and use taxes to be

paid on materials, notwithstanding any other provision of this contract. If this is a cost-reimbursement contract, any North

Carolina State and local sales and use taxes paid by the Contractor on materials shall constitute an allowable cost under this contract.

(c) At the time specified in paragraph (d) of this clause, the Contractor shall furnish the Contracting Officer certified statements setting forth the cost of the materials purchased from each vendor and the amount of North Carolina State and

local sales and use taxes paid. In the event the Contractor makes several purchases from the same vendor, the certified

statement shall indicate the invoice numbers, the inclusive dates of the invoices, the total amount of the invoices, and the

North Carolina State and local sales and use taxes paid. The statement shall also include the cost of any tangible personal

property withdrawn from the Contractor's warehouse stock and the amount of North Carolina State and local sales or use tax paid on this property by the Contractor. The Contractor must show any local sales or use taxes included in the

Contractor's statements separately from the State sales or use taxes. The Contractor shall furnish any additional information

the Commissioner of Revenue of the State of North Carolina may require to substantiate a refund claim for sales or use taxes.

The Contractor shall also obtain and furnish to the Contracting Officer similar certified statements by its subcontractors.

(d) If this contract is completed before the next October 1, the Contractor shall submit certified statements to be furnished

pursuant to paragraph (c) of this clause within 60 days after completion. If this contract is not completed before the next October 1, the Contractor shall submit certified statements on or before November 30 of each year that include taxes paid

during the 12-month period that ended the preceding September 30.

(e) The Contractor shall use the following format for the certified statements to be furnished pursuant to paragraph (c) of

this clause:

I hereby certify that during the period _____ to _____ [insert dates], _____ [insert name of Contractor or subcontractor] paid North Carolina State and local sales and use taxes aggregating \$_____ (State) and \$_____ (local), with respect to

building materials, supplies, fixtures, and equipment that have become a part of or annexed to a building or structure erected,

altered, or repaired by _____ [insert name of Contractor or subcontractor] for the United States of America, and

that

the vendors from whom the property was purchased, the dates and numbers of the invoices covering the purchases, the total

amount of the invoices of each vendor, the North Carolina State and local sales and use taxes paid on the property (shown

separately), and the cost of property withdrawn from warehouse stock and North Carolina State and local sales or use taxes

paid on this property are as set forth in the attachments.

Alternate I (APR 1984). If the requirement is for vessel repair to be performed in North Carolina, substitute the following paragraph (a) for paragraph (a) of the basic clause:

52.2-271

52.229-3 FEDERAL ACQUISITION REGULATION

(a) "Materials," as used in this clause, means materials, supplies, fixtures, and equipment that become a part of or are

annexed to any vessel altered or repaired under this contract.

(End of clause)

52.229-3 Federal, State, and Local Taxes.

As prescribed in 29.401-3 , insert the following clause:

FEDERAL, STATE, AND LOCAL TAXES (DATE)

(a) As used in this clause-

After-imposed Federal tax means any new or increased Federal excise tax or duty, or tax that was exempted or excluded

on the contract date but whose exemption was later revoked or reduced during the contract period, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date. It does not include social security tax or other employment taxes.

After-relieved Federal tax means any amount of Federal excise tax or duty, except social security or other employment taxes, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the Contractor obtains a refund or drawback, as the result of legislative,

judicial, or administrative action taking effect after the contract date.

All applicable Federal, State, and local taxes and duties means all taxes and duties, in effect on the contract date, that the

taxing authority is imposing and collecting on the transactions or property covered by this contract.

Contract date means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of

this contract or modification.

Local taxes includes taxes imposed by a possession or territory of the United States, Puerto Rico, or the Northern Mariana

Islands, if the contract is performed wholly or partly in any of those areas.

(b) (1) The contract price includes all applicable Federal, State, and local taxes and duties, except as provided in subparagraph (b)(2)(i) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be-

(i) Included in the contract price; nor

(ii) Reimbursed.

(c) The Government will increase the contract price by the amount of any after-imposed Federal tax, provided the Contractor warrants in writing that no amount for such newly imposed Federal excise tax or duty or rate increase was included in the contract price, as a contingency reserve or otherwise.

(d) The Government will decrease the contract price by the amount of any after-relieved Federal tax.

(e) The Government will decrease the contract price by the amount of any Federal excise tax or duty, except social security or other employment taxes, that the Contractor is required to pay or bear, or does not obtain a refund of, through the

Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(f) The Government will not adjust the contract price under this clause unless the amount of the adjustment exceeds \$250.

(g) The Contractor shall promptly notify the Contracting Officer of all matters relating to any Federal excise tax or duty

that reasonably may be expected to result in either an increase or decrease in the contract price and shall take appropriate

action as the Contracting Officer directs.

(h) The Government will, without liability, furnish evidence appropriate to establish exemption from any Federal, State, or

local tax when the Contractor requests such evidence and a reasonable basis exists to sustain the exemption.

(End of clause)

52.229-4 Federal, State, and Local Taxes (State and Local Adjustments).

As prescribed in 29.401-3, insert the following clause:

FEDERAL, STATE, AND LOCAL TAXES (STATE AND LOCAL ADJUSTMENTS) (DATE)

(a) As used in this clause-

52.2-272

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.229-6

After-imposed tax means any new or increased Federal, State, or local tax or duty, or tax that was excluded on the contract

date but whose exclusion was later revoked or amount of exemption reduced during the contract period, other than an excepted tax, on the transactions or property covered by this contract that the Contractor is required to pay or bear as the

result of legislative, judicial, or administrative action taking effect after the contract date.

After-relieved tax means any amount of Federal, State, or local tax or duty, other than an excepted tax, that would otherwise have been payable on the transactions or property covered by this contract, but which the Contractor is not required

to pay or bear, or for which the Contractor obtains a refund or drawback, as the result of legislative, judicial, or administrative

action taking effect after the contract date.

All applicable Federal, State, and local taxes and duties means all taxes and duties, in effect on the contract date, that the

taxing authority is imposing and collecting on the transactions or property covered by this contract.

Contract date means the effective date of this contract and, for any modification to this contract, the effective date of the modification.

Excepted tax means social security or other employment taxes, net income and franchise taxes, excess profits taxes,

capital

stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include

gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies

covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is

in the Government.

Local taxes includes taxes imposed by a possession or territory of the United States, Puerto Rico, or the Northern Mariana

Islands, if the contract is performed wholly or partly in any of those areas.

(b) (1) Unless otherwise provided in this contract, the contract price includes all applicable Federal, State, and local taxes

and duties, except as provided in subparagraph (b)(2)(i) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be-

(i) Included in the contract price; nor

(ii) Reimbursed.

(c) The Government will increase the contract price by the amount of any after-imposed tax, or of any tax or duty specifically excluded from the contract price by a term or condition of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(d) The Government will decrease the contract price by the amount of any after-relieved tax. The Government shall be

entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after

the Contractor was paid by the Government for such taxes. The Government will be entitled to repayment of any penalty

refunded to the Contractor to the extent that the penalty was paid by the Government.

(e) The Government will decrease the contract price by the amount of any Federal, State, or local tax, other than an excepted tax, that was included in the contract price and that the Contractor is required to pay or bear, or does not obtain a

refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer.

(f) The Government will not adjust the contract price under this clause unless the amount of the adjustment exceeds \$250.

(g) The Contractor shall promptly notify the Contracting Officer of all matters relating to Federal, State, and local taxes

and duties that reasonably may be expected to result in either an increase or decrease in the contract price and shall take

appropriate action as the Contracting Officer directs. The contract price shall be equitably adjusted to cover the costs of action taken by the Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(h) The Government will furnish evidence appropriate to establish exemption from any Federal, State, or local tax when-

(1) The Contractor requests such exemption and states in writing that it applies to a tax excluded from the

contract

price; and

(2) A reasonable basis exists to sustain the exemption.

(End of clause)

52.229-5 [Reserved]

52.229-6 Taxes-Foreign Fixed-Price Contracts.

As prescribed in 29.402-1(a), insert the following clause:

52.2-273

52.229-6 FEDERAL ACQUISITION REGULATION

TAXES-FOREIGN FIXED-PRICE CONTRACTS (DATE)

(a) To the extent that this contract provides for furnishing supplies or performing services outside the United States and its

outlying areas, this clause applies in lieu of any Federal, State, and local taxes clause of the contract.

(b) Definitions. As used in this clause-

Contract date means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of

this contract or modification.

Country concerned means any country, other than the United States and its outlying areas, in which expenditures under

this contract are made.

Tax and "taxes" include fees and charges for doing business that are levied by the government of the country concerned or

by its political subdivisions.

All applicable taxes and duties means all taxes and duties, in effect on the contract date, that the taxing authority is imposing and collecting on the transactions or property covered by this contract, pursuant to written ruling or regulation in

effect on the contract date.

After-imposed tax means any new or increased tax or duty, or tax that was exempted or excluded on the contract date but whose exemption was later revoked or reduced during the contract period, other than excepted tax, on the transactions

or property covered by this contract that the Contractor is required to pay or bear as the result of legislative, judicial, or administrative action taking effect after the contract date.

After-relieved tax means any amount of tax or duty, other than an excepted tax, that would otherwise have been payable on

the transactions or property covered by this contract, but which the Contractor is not required to pay or bear, or for which the

Contractor obtains a refund, as the result of legislative, judicial, or administrative action taking effect after the contract date.

Excepted tax means social security or other employment taxes, net income and franchise taxes, excess profits taxes, capital

stock taxes, transportation taxes, unemployment compensation taxes, and property taxes. "Excepted tax" does not include

gross income taxes levied on or measured by sales or receipts from sales, property taxes assessed on completed supplies

covered by this contract, or any tax assessed on the Contractor's possession of, interest in, or use of property, title to which is in the U.S. Government.

(c) (1) Unless otherwise provided in this contract, the contract price includes all applicable taxes and duties, except taxes and duties that the Government of the United States and the government of the country concerned have agreed shall not be applicable to expenditures in such country by or on behalf of the United States, except as provided in paragraph (c)(2) of this clause.

(2) Taxes imposed under 26 U.S.C. 5000C may not be-

- (i) Included in the contract price; nor
- (ii) Reimbursed.

(d) (1) Except as provided in paragraph (d)(2) of this clause, the Government will increase the contract price by the amount of any after-imposed tax or of any tax or duty specifically excluded from the contract price by a provision of this contract that the Contractor is required to pay or bear, including any interest or penalty, if the Contractor states in writing that the contract price does not include any contingency for such tax and if liability for such tax, interest, or penalty was not incurred through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the requirements of paragraph (i) of this clause.

(2) The Government will not increase the contract price to offset taxes imposed under 26 U.S.C. 5000C.

(e) The Government will decrease the contract price by the amount of any after-relieved tax, including any interest or penalty. The Government of the United States will be entitled to interest received by the Contractor incident to a refund of taxes to the extent that such interest was earned after the Contractor was paid by the Government of the United States for such taxes. The Government of the United States will be entitled to repayment of any penalty refunded to the Contractor to the extent that the penalty was paid by the Government.

(f) The Government will decrease the contract price by the amount of any tax or duty, other than an excepted tax, that was included in the contract and that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Contracting Officer or to comply with the requirements of paragraph (i) of this clause.

(g) The Government will not adjust the contract price under this clause unless the amount of the adjustment exceeds \$250.

(h) If the Contractor obtains a reduction in tax liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that either was included in the contract price or was the basis of an increase

52.2-274

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.229-9

in the contract price, the Contractor shall pay or credit the amount of the reduction to the Government of the United States as

the Contracting Officer directs.

(i) The Contractor shall take all reasonable action to obtain exemption from or refund of any taxes or duties, including

interest or penalty, from which the United States Government, the Contractor, any subcontractor, or the transactions or property covered by this contract are exempt under the laws of the country concerned or its political subdivisions or which

the governments of the United States and of the country concerned have agreed shall not be applicable to expenditures in

such country by or on behalf of the United States.

(j) The Contractor shall promptly notify the Contracting Officer of all matters relating to taxes or duties that reasonably

may be expected to result in either an increase or decrease in the contract price and shall take appropriate action as the

Contracting Officer directs. The Government will equitably adjust the contract price to cover the costs of action taken by the

Contractor at the direction of the Contracting Officer, including any interest, penalty, and reasonable attorneys' fees.

(End of clause)

52.229-7 Taxes-Fixed-Price Contracts with Foreign Governments.

As prescribed in 29.402-1(b), insert the following clause:

TAXES-FIXED-PRICE CONTRACTS WITH FOREIGN GOVERNMENTS (DATE)

(a) "Contract date," as used in this clause, means the date set for bid opening or, if this is a negotiated contract or a modification, the effective date of this contract or modification.

(b) (1) The contract price, including the prices in any subcontracts under this contract, does not include any tax or duty that the Government of the United States and the Government of _____ [insert name of the foreign government] have agreed shall not apply to expenditures made by the United States in _____ [insert name of country], or any tax or

duty not applicable to this contract or any subcontracts under this contract, pursuant to the laws of _____ [insert name of

country]. If any such tax or duty has been included in the contract price, through error or otherwise, the contract price shall be

correspondingly reduced.

(2) Taxes imposed under 26 U.S.C. 5000C may not be included in the contract price.

(c) If, after the contract date, the Government of the United States and the Government of _____ [insert name of the

foreign government] agree that any tax or duty included in the contract price shall not apply to expenditures by the United

States in _____ [insert name of country], the Government of the United States will reduce the contract price accordingly.

(d) The Government of the United States will not adjust the contract price under this clause unless the amount of the

adjustment exceeds \$250.

(End of clause)

52.229-8 Taxes-Foreign Cost-Reimbursement Contracts.

As prescribed in 29.402-2(a), insert the following clause:

TAXES-FOREIGN COST-REIMBURSEMENT CONTRACTS (DATE)

(a) Any tax or duty from which the United States Government is exempt by agreement with the Government of

[insert name of the foreign government], or from which the Contractor or any subcontractor under this contract is exempt

under the laws of _____ [insert name of country], shall not constitute an allowable cost under this contract.

(b) If the Contractor or subcontractor under this contract obtains a foreign tax credit that reduces its Federal income tax

liability under the United States Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that

was reimbursed under this contract, the Contractor shall pay or credit the amount of the reduction at the time of such offset to

the Government of the United States as the Contracting Officer directs.

(End of clause)

52.229-9 Taxes-Cost-Reimbursement Contracts with Foreign Governments.

As prescribed in 29.402-2(b), insert the following clause:

52.2-275

52.229-10 FEDERAL ACQUISITION REGULATION

TAXES-COST-REIMBURSEMENT CONTRACTS WITH FOREIGN GOVERNMENTS (DATE)

(a) Any tax or duty from which the United States Government is exempt by agreement with the Government of

[insert name of the foreign government], or from which any subcontractor under this contract is exempt under the laws of

_____ [insert name of country], shall not constitute an allowable cost under this contract.

(b) If any subcontractor obtains a foreign tax credit that reduces its Federal income tax liability under the United States

Internal Revenue Code (Title 26, U.S. Code) because of the payment of any tax or duty that was reimbursed under this contract, the subcontractor shall pay (not credit to the contract) the amount of the reduction to the Treasurer of the United

States at the time the Federal income tax return is filed.

(End of clause)

52.229-10 State of New Mexico Gross Receipts and Compensating Tax.

As prescribed in 29.401-4(b), insert the following clause:

STATE OF NEW MEXICO GROSS RECEIPTS AND COMPENSATING TAX (DATE)

(a) Within 30 days after award of this contract, the Contractor shall register the contract, including the contract number,

with the State of New Mexico, Taxation and Revenue Department, Revenue Division, pursuant to the Tax Administration Act

of the State of New Mexico.

(b) The Contractor shall pay the New Mexico gross receipts taxes, required by the Gross Receipts and Compensating Tax

Act of New Mexico, assessed against the contract fee and costs paid for performance of this contract, or of any part or portion

thereof, within the State of New Mexico. The allowability of any gross receipts taxes or local option taxes lawfully paid to the State of New Mexico by the Contractor or its subcontractors will be determined by the contracting officer in accordance

with the Allowable Cost and Payment clause of this contract except as provided in paragraph (d) of this clause.

(c) (1) The Contractor shall submit applications for Nontaxable Transaction Certificates, FormCSR-3 C, to the: State of New Mexico Taxation and Revenue Dept. Revenue Division PO Box 630 Santa Fe, New Mexico 87509

(2) When the Type 15 Nontaxable Transaction Certificate is issued by the Revenue Division, the Contractor shall use

these certificates strictly in accordance with this contract, and the agreement between the (*_____) and the New

Mexico Taxation and Revenue Department.

(d) The Contractor shall provide Type 15 Nontaxable Transaction Certificates to each vendor in New Mexico selling tangible personal property to the Contractor for use in the performance of this contract. If the Contractor does not provide

a Type 15 Nontaxable Transaction Certificate to a vendor, the vendor will be liable for the gross receipt taxes, which the vendor will pass on to the Contractor. Those taxes are not an allowable cost under the contract, and the Government will not

reimburse the Contractor for the taxes.

(e) The Contractor shall pay the New Mexico compensating user tax for any tangible personal property which is purchased

pursuant to a Nontaxable Transaction Certificate if such property is not used for Federal purposes.

(f) The Contractor's out-of-state purchase of tangible personal property, which would be otherwise subject to compensation tax, is subject to the principles of this clause. Accordingly, Contractors shall pay compensating tax if such property is not used for Federal purposes.

(g) The (*_____) may receive information regarding the Contractor from the Revenue Division of the New

Mexico Taxation and Revenue Department and, at the discretion of the (*_____), may participate in any matters or proceedings pertaining to this clause or the Agreement mentioned in paragraph (c)(2) of this clause. This shall

not preclude the Contractor from having its own representative nor does it obligate the (*_____) to represent its

Contractor.

(h) The Contractor agrees to insert the substance of this clause, including this paragraph (h), in each subcontract which

meets the criteria in 29.401-4(b)(1) through (3) of the Federal Acquisition Regulation.

(i) Paragraphs (a) through (h) of this clause shall be null and void should the Agreement referred to in paragraph (c)(2) of

this clause be terminated; provided, however, that such termination shall not nullify obligations already incurred prior to the

date of termination.

[*Insert appropriate agency name in blanks.]

(End of clause)

52.2-276

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.229-12

52.229-11 Tax on Certain Foreign Procurements?Notice and Representation.

As prescribed in 29.402-3(a), insert the following provision:

TAX ON CERTAIN FOREIGN PROCUREMENTS?NOTICE AND REPRESENTATION (DATE)

(a) Definitions. As used in this provision?

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party

that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international

procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an

outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if?

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign

person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through

1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror

may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form

W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14.

Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the

imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter,

not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

- (1) It ? is ? is not a foreign person; and
- (2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that?I am claiming on

the IRS Form W-14 ? a full exemption, or ? partial or no exemption [Offeror must select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then?

- (1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer,

exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the

Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements,

in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a

private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal

Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is

applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(End of provision)

52.229-12 Tax on Certain Foreign Procurements.

As prescribed in 29.402-3(b), insert the following clause:

TAX ON CERTAIN FOREIGN PROCUREMENTS (DATE)

(a) Definitions. As used in this clause?

52.2-277

52.229-13 FEDERAL ACQUISITION REGULATION

Foreign person means any person other than a United States person.

United States person, as defined in 26 U.S.C. 7701(a)(30), means?

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 7701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements 26 U.S.C. 5000C and its implementing regulations at 26

CFR 1.5000C-1 through 1.5000C-7.

(c) (1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury IRS Form W-14, Certificate of Foreign Contracting Party Receiving Federal

Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status

is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a

different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default

withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form

W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor?

(i) Is a foreign person; and

(ii) Has indicated in its offer in the provision 52.229-11, Tax on Certain Foreign Procurements? Notice and Representation, that it is fully exempt from the withholding; and

(iii) Certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for

the 2 percent excise tax; then the Contractor shall?

(A) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be

subject to the excise tax withholding under 26 U.S.C. 5000C; and

(B) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the

Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of

the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt

and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter,

not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be?

(1) Included in the contract price; nor

(2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a

private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal

Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is

applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

52.2-280

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.230-1

52.230 [Reserved]

52.230-1 Cost Accounting Standards Notices and Certification.

As prescribed in 30.204(a), insert the following provision:

COST ACCOUNTING STANDARDS NOTICES AND CERTIFICATION (DEVIATION DATE)

Note: This notice does not apply to small businesses or foreign governments. This notice is in three parts, identified by Roman numerals I through III.

Offerors shall examine each part and provide the requested information in order to determine Cost Accounting Standards

(CAS) requirements applicable to any resultant contract.

If the offeror is an educational institution, part II does not apply unless the contemplated contract will be subject to full or modified CAS coverage pursuant to 48 CFR 9903.201-2(c)(5) or 9903.201-2(c)(6), respectively.

I. DISCLOSURE STATEMENT-COST ACCOUNTING PRACTICES AND CERTIFICATION

(a) Any contract in excess of the lower CAS threshold specified in Federal Acquisition Regulation (FAR) 30.205(b) resulting from this solicitation will be subject to the requirements of the Cost Accounting Standards Board (48 CFR chapter

99), except for those contracts which are exempt as specified in 48 CFR 9903.201-1.

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 48 CFR 9903.202. When

required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the

offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of part I of this provision.

Caution: In the absence of specific regulations or agreement, a practice disclosed in a Disclosure Statement shall not, by

virtue of such disclosure, be deemed to be a proper, approved, or agreed-to practice for pricing proposals or accumulating and

reporting contract performance cost data.

(c) Check the appropriate box below:

(1) ? Certificate of Concurrent Submission of Disclosure Statement. The offeror hereby certifies that, as a part of the

offer, copies of the Disclosure Statement have been submitted as follows:

(i) Original and one copy to the cognizant Administrative Contracting Officer (ACO) or cognizant Federal agency official authorized to act in that capacity (Federal official), as applicable; and

(ii) One copy to the cognizant Federal auditor.

(Disclosure must be on Form No. CASB DS-1 or CASB DS-2, as applicable. Forms may be obtained from the cognizant

ACO or Federal official.)

Date of Disclosure Statement: _____ Name and Address of Cognizant ACO or Federal Official

Where Filed: _____

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost

accounting practices disclosed in the Disclosure Statement.

(2) ? Certificate of Previously Submitted Disclosure Statement. The offeror hereby certifies that the required Disclosure

Statement was filed as follows:

Date of Disclosure Statement: _____ Name and Address of Cognizant ACO or Federal Official

Where Filed: _____

The offeror further certifies that the practices used in estimating costs in pricing this proposal are consistent with the cost

accounting practices disclosed in the applicable Disclosure Statement.

(3) ? Certificate of Monetary Exemption. The offeror hereby certifies that the offeror, together with all divisions, subsidiaries, and affiliates under common control, did not receive net awards of negotiated prime contracts and subcontracts

subject to CAS totaling \$50 million or more in the cost accounting period immediately preceding the period in which this proposal was submitted. The offeror further certifies that if such status changes before an award resulting from this proposal,

the offeror will advise the Contracting Officer immediately.

(4) ? Certificate of Interim Exemption. The offeror hereby certifies that (i) the offeror first exceeded the monetary

exemption for disclosure, as defined in (3) of this subsection, in the cost accounting period immediately preceding the period

52.2-281

52.230-2 FEDERAL ACQUISITION REGULATION

in which this offer was submitted and (ii) in accordance with 48 CFR 9903.202-1, the offeror is not yet required to submit a

Disclosure Statement. The offeror further certifies that if an award resulting from this proposal has not been made within 90

days after the end of that period, the offeror will immediately submit a revised certificate to the Contracting Officer, in the

form specified under paragraph (c)(1) or (c)(2) of part I of this provision, as appropriate, to verify submission of a completed

Disclosure Statement.

Caution: Offerors currently required to disclose because they were awarded a CAS-covered prime contract or subcontract

of \$50 million or more in the current cost accounting period may not claim this exemption (4). Further, the exemption applies

only in connection with proposals submitted before expiration of the 90-day period following the cost accounting period

in

which the monetary exemption was exceeded.

II. COST ACCOUNTING STANDARDS-ELIGIBILITY FOR MODIFIED CONTRACT COVERAGE

If the offeror is eligible to use the modified provisions of 48 CFR 9903.201-2(b) and elects to do so, the offeror shall indicate by checking the box below. Checking the box below shall mean that the resultant contract is subject to the Disclosure

and Consistency of Cost Accounting Practices clause in lieu of the Cost Accounting Standards clause.

? The offeror hereby claims an exemption from the Cost Accounting Standards clause under the provisions of 48 CFR **9903.201-2(b) and certifies that the offeror is eligible for use of the Disclosure and Consistency of Cost Accounting Practices**

clause because during the cost accounting period immediately preceding the period in which this proposal was submitted,

the offeror received less than \$50 million in awards of CAS-covered prime contracts and subcontracts. The offeror further

certifies that if such status changes before an award resulting from this proposal, the offeror will advise the Contracting Officer immediately.

Caution: An offeror may not claim the above eligibility for modified contract coverage if this proposal is expected to result in the award of a CAS-covered contract of \$50 million or more or if, during its current cost accounting period, the offeror has been awarded a single CAS-covered prime contract or subcontract of \$50 million or more.

III. ADDITIONAL COST ACCOUNTING STANDARDS APPLICABLE TO EXISTING CONTRACTS

The offeror shall indicate below whether award of the contemplated contract would, in accordance with paragraph (a)(3) of the Cost Accounting Standards clause, require a change in established cost accounting practices affecting existing contracts

and subcontracts.

? Yes ? No

(End of provision)

52.230-2 Cost Accounting Standards.

As prescribed in 30.205(a)(1), insert the following clause:

COST ACCOUNTING STANDARDS (DEVIATION DATE)

(a) Unless the contract is exempt under 48 CFR 9903.201-1 and 9903.201-2, the provisions of 48 CFR part 9903 are

incorporated herein by reference and the Contractor, in connection with this contract, shall-

(1) (CAS-covered Contracts Only) By submission of a Disclosure Statement, disclose in writing the Contractor's cost

accounting practices as required by 48 CFR 9903.202-1 through 9903.202-5, including methods of distinguishing direct costs

from indirect costs and the basis used for allocating indirect costs. The practices disclosed for this contract shall be the same

as the practices currently disclosed and applied on all other contracts and subcontracts being performed by the Contractor

and which contain a Cost Accounting Standards (CAS) clause. If the Contractor has notified the Contracting Officer that the

Disclosure Statement contains trade secrets and commercial or financial information which is privileged and confidential, the

Disclosure Statement shall be protected and shall not be released outside of the Government.

- (2) Follow consistently the Contractor's cost accounting practices in accumulating and reporting contract performance

cost data concerning this contract. If any change in cost accounting practices is made for the purposes of any contract or

subcontract subject to CAS requirements, the change must be applied prospectively to this contract and the Disclosure

52.2-282

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.230-3

Statement must be amended accordingly. If the contract price or cost allowance of this contract is affected by such changes,

adjustment shall be made in accordance with paragraph (a)(4) or (a)(5) of this clause, as appropriate.

- (3) Comply with all CAS, including any modifications and interpretations indicated thereto contained in 48 CFR part

9904, in effect on the date of award of this contract or, if the Contractor has submitted certified cost or pricing data, on the

date of final agreement on price as shown on the Contractor's signed certificate of current cost or pricing data. The Contractor

shall also comply with any CAS (or modifications to CAS) which hereafter become applicable to a contract or subcontract of

the Contractor. Such compliance shall be required prospectively from the date of applicability to such contract or subcontract.

- (4) (i) (Agree to an equitable adjustment as provided in the Changes clause of this contract if the contract cost is

affected by a change which, pursuant to paragraph (a)(3) of this clause, the Contractor is required to make to the Contractor's

established cost accounting practices.

(ii) Negotiate with the Contracting Officer to determine the terms and conditions under which a change may be made to a cost accounting practice, other than a change made under other provisions of paragraph (a)(4) of this clause;

provided that no agreement may be made under this provision that will increase costs paid by the United States.

- (iii) When the parties agree to a change to a cost accounting practice, other than a change under subdivision (a)(4)(i)

of this clause, negotiate an equitable adjustment as provided in the Changes clause of this contract.

- (5) Agree to an adjustment of the contract price or cost allowance, as appropriate, if the Contractor or a subcontractor

fails to comply with an applicable Cost Accounting Standard, or to follow any cost accounting practice consistently and such

failure results in any increased costs paid by the United States. Such adjustment shall provide for recovery of the increased

costs to the United States, together with interest thereon computed at the annual rate established under section 6621(a)(2) of

the Internal Revenue Code of 1986 (26 U.S.C. 6621(a)(2)) for such period, from the time the payment by the United States

was made to the time the adjustment is effected. In no case shall the Government recover costs greater than the

increased cost

to the Government, in the aggregate, on the relevant contracts subject to the price adjustment, unless the Contractor made a

change in its cost accounting practices of which it was aware or should have been aware at the time of price negotiations and

which it failed to disclose to the Government.

(b) If the parties fail to agree whether the Contractor or a subcontractor has complied with an applicable CAS in 48 CFR

This page intentionally left blank.

5-2

SUBPART 5.1 - PRESOLICITATION 5.101

5.000 Scope of part.

This part prescribes the policies and procedures for publicizing contract opportunities and award information in the Governmentwide point of entry (GPE).

5.001 Definitions.

As used in this part?

Contract action means an action resulting in a contract, including actions for additional supplies or services outside the existing contract scope. This does not include actions within the scope and terms of the existing contract, such as contract

modifications issued under the Changes clause, or funding and other administrative changes.

Notice means a description of a business opportunity, contract action, or other information posted to the GPE.

Presolicitation notice means a notice used to notify industry and the public that the Government intends to release a solicitation in the near future.

5.002 Policy.

Contracting officers must post presolicitation notices, solicitations, and award notices in the GPE as described in this part to?

- (a) Increase competition;
- (b) Broaden industry participation in meeting Government requirements; and
- (c) Inform small business concerns of contract and subcontract opportunities.

Subpart 5.1 - Presolicitation

5.101 Presolicitation notice.

- (a) Requirement. For proposed contract actions expected to be greater than \$20,000, post a presolicitation notice to the

GPE unless an exemption in paragraph (b) applies.

- (b) Exemptions. The contracting officer is not required to post a presolicitation notice to the GPE when?

(1) The proposed contract action?

(i) Is valued at or below the simplified acquisition threshold (SAT) and the solicitation will?

(A) Be posted to the GPE in accordance with 5.201; and

(B) Permit the public to respond to the solicitation electronically;

(ii) Is of such a nature that it is not possible to write the notice in a way that would prevent disclosure of an agency's needs and disclosure would compromise national security;

(iii) Would result from acceptance of?

(A) An unsolicited proposal that is unique and innovative, and sharing details would reveal confidential or

proprietary information or original ideas; or

(B) A proposal under the Small Business Innovation Development Act of 1982 (Pub. L. 97-219);

(iv) Is an order issued under a requirements contract, a task order contract, or a delivery order contract;

(v) Is for perishable subsistence supplies;

(vi) Is for utility services (other than telecommunications) for which only one source is available; or

(vii) Is for the services of an expert for use in any litigation or dispute (including any reasonably foreseeable litigation or dispute) involving the Federal Government in a trial, hearing, or proceeding before a court, administrative tribunal, or agency, or in any part of an alternative dispute resolution process, whether or not the expert is expected to testify;

(2) Using other than full and open competition (see 6.103), except for the authorities at 6.103-1 (only one responsible

source) and 6.103-6 (national security); or

(3) The head of the agency determines in writing, after consulting with the Administrator for Federal Procurement

Policy and the Administrator of the Small Business Administration, that advance notice is not appropriate or reasonable.

(c) Content. Include the following information in each presolicitation notice sent to the GPE:

(1) Point of contact. Include the name, address, and contact information for the contracting officer.

(2) Set-asides. If applicable, identify whether the proposed contract action will be a total or partial small business set-

aside (see part 19) or a local area set-aside (see part 26).

(3) Codes for services or supplies. Select the appropriate code(s) (i.e., product service code (PSC) and/or North

American Industry Classification System (NAICS) code) to identify services or supplies to be procured.

(4) Description.

5.1-1

5.101 FEDERAL ACQUISITION REGULATION

(i) Provide a clear and concise description of supplies or services that does not unnecessarily restrict competition and

allows prospective offerors to make an informed business judgment about monitoring the GPE for or requesting a copy of the

solicitation. For supplies, this description should include, as appropriate, any agency nomenclature, National Stock Number,

or other part number and a brief description of the item's form, fit, or function, physical dimensions, predominant material of

manufacture, or similar information.

(ii) If a proposed contract action is estimated to be greater than \$25,000, but not greater than the SAT, or when using special simplified procedures to procure certain commercial products or commercial services (see part 12), include a

description of the procedures for awarding the contract and the anticipated award date.

(iii) If one or more items under the acquisition is subject to the World Trade Organization Government Procurement Agreement (WTO GPA) and/or a Free Trade Agreement (FTA) (see Part 25) and the solicitation will include one of the following clauses, or an agency equivalent, include the required language regarding trade agreements:

Table 5-1 ? Statements Regarding Trade Agreements

FAR Clause Required Language

FAR 52.225-3, Buy American?Free Trade ?One or more of the items under this acquisition is

Agreements?Israeli Trade Act subject to Free Trade Agreements.?

FAR 52.225-5, Trade Agreements ?One or more of the items under this acquisition

is subject to the World Trade Organization Government

Procurement Agreement and Free Trade Agreements.?

FAR 52.225-11, Buy American-Construction ?One or more of the items under this acquisition

Materials under Trade Agreements, or FAR 52.225-23, is subject to the World Trade Organization Government

Required Use of American Iron, Steel, and Manufactured Procurement Agreement and Free Trade Agreements.?

Goods-Buy American Statute-Construction Materials under

Trade Agreements

(iv) If technical data required to respond will not be furnished as part of the solicitation, identify where and how prospective offerors can obtain the data.

(v) If an award of a construction contract to a small business is anticipated, include information about definitization of equitable adjustments for change orders (see part 36).

(vi) Include a statement that all responsible sources may submit a quotation, bid, or proposal, as appropriate, which will be considered by the agency.

(vii) For noncompetitive contract actions (including those at or below the SAT), identify the intended source and explain why competition is lacking.

(viii) State whether an offeror or its product or service must meet a qualification requirement in order to be eligible for award; and if so, identify the office from which the qualification requirement may be obtained.

(d) Timing. When a presolicitation notice is required, post it to the GPE as follows:

Table 5-2 ? Minimum Timeframes for Posting Presolicitation Notices

Acquisition Value Description Timing

>\$20,000 to ?\$25,000* Any acquisition Must be posted for 10 days

>\$25K to ?SAT* Any acquisition 15 days before solicitation issuance

>SAT Acquisition of commercial products Combined with the solicitation
or commercial services

Noncommercial acquisitions 15 days before solicitation issuance

* Per 5.101(b)(1)(i), a presolicitation notice is not required if the solicitation will be posted in the GPE and allow for electronic submission of offers.

5.1-2

SUBPART 5.1 - PRESOLICITATION 5.103

5.102 Paid advertisements.

In addition to posting in the GPE, agencies may place paid advertisements. Agencies that choose to advertise proposed

contract actions in newspapers or other public media must follow 41 U.S.C. 3701-3703.

5.103 Special notices.

(a) Federally Funded Research and Development Centers (FFRDCs). For requirements relating to FFRDCs see part 35.

(b) Notices about consolidation, bundling, or substantial bundling. For required notices about consolidation or substantial

bundling of contract requirements, see part 7.

5.1-3

This page intentionally left blank.

5.1-4

SUBPART 5.2 - SOLICITATION 5.202

Subpart 5.2 - Solicitation

5.201 Solicitation notice.

(a) Requirements. Unless an exemption at paragraph (b) applies, post the solicitation in the GPE.

(b) Exemptions. The contracting officer does not need to post the solicitation to the GPE if a presolicitation notice for the

proposed contract action?

(1) Was not required based on an exemption at 5.101(b), except for 5.101(b)(1)(i); or

(2) Was posted to the GPE in lieu of posting a solicitation in the GPE (see 5.101(b)(1)(i)).

(c) Content. The solicitation notice posted to the GPE must include?

(1) The information required by 5.101(c);

(2) Specifications, technical data, and other pertinent information determined necessary by the contracting officer or

instructions on how to access the information; and

(3) When an acquisition contains brand name specifications, the justification required by 6.104, redacted as necessary.

(d) Timing. Establish a date for receipt of quotations or offers that meets the minimum timeframes in the table below. See

6-2

SUBPART 6.1 - PRESOLICITATION 6.101

6.000 Scope of part.

This part prescribes policies and procedures for full and open competition.

6.001 Applicability.

This part applies to all acquisitions except?

- (a) Contracts awarded using the simplified acquisition procedures of part 13;
- (b) Contracts awarded using contracting procedures (other than those addressed in this part) that are expressly authorized

by statute;

- (c) Contract modifications that are within the scope of the contract, including exercising priced options that were evaluated

as part of the original competition (see part 17);

- (d) Orders placed under requirements contracts or definite-quantity contracts;
- (e) Orders placed under indefinite-quantity contracts that were entered into according to this part when?

- (1) The contract was awarded under 6.101 or 6.102, and all responsible sources were realistically permitted to compete

for the requirements contained in the order; or

- (2) The contract was awarded under 6.103, and the justification and approval, if required, adequately covers the

requirements contained in the order; or

- (f) Orders placed against task order and delivery order contracts entered into according to part 16.

6.002 Limitations.

No agency may contract for supplies or services from another agency to avoid the requirements of this part.

6.003 Advocates for competition.

- (a) 41 U.S.C. 1705 requires the head of each executive agency to designate and resource an advocate for competition for

the agency and for each procuring activity of the agency.

- (b) The advocate promotes full and open competition, promotes the acquisition of commercial products and services,

and challenges barriers to acquisition. The advocate reports actions taken to increase competition to the senior procurement

executive and chief acquisition officer.

Subpart 6.1 - Presolicitation

6.101 Full and open competition.

(a) Except as authorized by 6.102 and 6.103, contracting officers must obtain full and open competition by using competitive procedures to solicit offers and award Government contracts (see 10 U.S.C. 3201 and 41 U.S.C. 3301).

- (b) Contracting officers must use the competitive procedure, or combination of procedures, best suited to efficiently fulfill

the Government's requirements. Competitive procedures include sealed bids, competitive proposals, and other procedures

explicitly authorized by statute.

- (1) Sealed bids. For sealed bidding procedures, see part 14. Use sealed bids only when the contracting officer has found

that all of the following apply:

- (i) Time permits staff to solicit, submit, and evaluate sealed bids;
- (ii) The award will be made on the basis of price and other price-related factors;
- (iii) Discussion with bidders is unnecessary; and
- (iv) Contracting officers reasonably expect to receive more than one sealed bid.

(2) Competitive proposals. For competitive proposal procedures, see part 15.

(3) Other competitive procedures. The following procedures are also considered competitive procedures (see 41 U.S.C.

152):

(i) Selection of sources for architect-engineer contracts according to the provisions of 40 U.S.C. 1102 et seq.

(ii) Competitive selection of basic and applied research, as well as that part of development not related to developing

a specific system or hardware procurement, if award results from?

(A) Proposals in response to a general solicitation or broad agency announcement; and

(B) A peer review or scientific review of such proposals.

(iii) Use of procedures established by the Administrator of General Services for the multiple award schedule program of the General Services Administration.

6.1-1

6.102 FEDERAL ACQUISITION REGULATION

6.102 Full and open competition after excluding sources.

(a) Agencies may contract by providing for full and open competition after excluding one or more sources under authorities specified in this section (see 10 U.S.C. 3203 and 41 U.S.C. 3303).

(b) Acquisitions made under this section require use of the competitive procedures outlined in 6.101(b).

(c) Acquisitions under this section do not require separate justification and approval or determination and findings.

6.102-1 Establishing or maintaining alternative sources.

(a) Agencies may exclude a particular source from a contract action to establish or maintain an alternative source of supply

for that supply or service if the agency head determines that to do so would?

(1) Increase or maintain competition and likely result in reduced overall costs for the acquisition, or anticipated acquisition, of the supplies or services;

(2) Serve the interests of national defense to have a facility (or a producer, manufacturer, or other supplier) available for

furnishing the supplies or services in case of a national emergency or industrial mobilization;

(3) Serve the interests of national defense by establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(4) Ensure the continuous availability of a reliable source of supplies or services;

(5) Satisfy projected needs based on a history of high demand for the supplies or services; or

(6) Satisfy a critical need for medical, safety, or emergency supplies.

(b) (1) Every proposed contract action under the authority of paragraph (a) of this section must be supported by a determination and findings (D&F) (see subpart 1.5) signed by the head of the agency or designee. This D&F must not be made on a class basis.

(2) Technical and requirements personnel are responsible for providing all necessary data to support their recommendation to exclude a particular source.

(3) When the authority in paragraph (a)(1) of this section is cited, the findings must include a description of the estimated reduction in overall costs and how the estimate was derived.

6.102-2 Set-asides for small business concerns.

Contracting officers may set aside acquisitions for small business concerns. This authority also includes?

(a) Contract actions conducted under the Small Business Innovation Research (SBIR) and Small Business Technology

Transfer (STTR) programs.

(b) Contract actions set aside for specific small business socioeconomic categories (see part 19).

6.102-3 Set-asides for local firms during a major disaster or emergency.

Contracting officers may set aside solicitations to allow only offerors residing or doing business primarily in the area affected by a major disaster or emergency (see part 26).

6.103 Other than full and open competition.

(a) Agencies may contract without providing for full and open competition under authorities specified in this section (see

10 U.S.C. 3204 and 41 U.S.C. 3304).

(b) Contracting without providing for full and open competition must not be justified on the basis of?

(1) A lack of planning by the requiring activity; or

(2) Concerns related to the amount of funds available to the agency or activity for acquisition.

(c) When not providing for full and open competition, the contracting officer must solicit offers from as many potential

sources as is practicable under the circumstances.

(d) Except for contracts awarded under the authority of 6.103-5 and 6.103-7, an acquisition under this section requires?

(1) Consideration of all bids, proposals, quotations, or capability statements received; and

(2) Justification and approval required by 6.104.

6.103-1 Only one responsible source and no other supplies or services will satisfy agency requirements.

(a) Authority. 10 U.S.C. 3204(a)(1) or 41 U.S.C. 3304(a)(1).

(b) One responsible source. Agencies may contract without providing for full and open competition when the supplies or

services required by the agency are available from only one responsible source and no other type of supplies or services will

6.1-2

SUBPART 6.1 - PRESOLICITATION 6.103-4

satisfy agency requirements. For DoD, NASA, and the Coast Guard, this authority extends to situations where only a limited

number of responsible sources can satisfy agency requirements.

(c) Supplies and services may be deemed as available from only one source under this authority under the following

circumstances?

(1) When an unsolicited research proposal shows a unique and innovative concept (see definition at 2.101) the substance of which is not otherwise available to the Federal Government and does not resemble the substance of a pending

competitive acquisition. For DoD, NASA, and the Coast Guard, this authority extends to situations where a source demonstrates a unique capability to provide the particular research services proposed.

(2) When awarding a follow-on contract for the continued development or production of a major system or highly

specialized equipment and, for DoD, NASA, and the Coast Guard, for the continued provision of highly specialized services,

would result in?

- (i) Substantial duplication of cost to the Government that is not expected to be recovered through competition; or
- (ii) Unacceptable delays in fulfilling the agency's requirements.

(d) Application for brand-name descriptions. Except as authorized at 6.103-5, use of brand-name descriptions, or specification of attributes peculiar to one manufacturer, prevents full and open competition and should only be used when

justified and approved according to 6.104. This does not apply to ?brand name or equal? descriptions as they provide for full

and open competition.

6.103-2 Unusual and compelling urgency.

(a) Authority. 10 U.S.C. 3204(a)(2) or 41 U.S.C. 3304(a)(2).

(b) Urgency. Agencies may contract without providing for full and open competition when the agency's need for the supplies or services is of such an unusual and compelling urgency that the Government would be seriously injured, financially or otherwise, unless the agency is permitted to limit the number of sources from which it solicits bids or proposals.

(c) Period of performance. The total period of performance of a contract greater than the simplified acquisition threshold

awarded or modified using this authority?

(1) May not exceed the time necessary?

(i) To meet the unusual and compelling requirements of the work to be performed under the contract; and

(ii) For the agency to enter into another contract for the required goods and services through competitive procedures;

and

(2) May not exceed one year, including all options, unless the head of the agency determines that exceptional circumstances apply. This determination?

(i) Is separate from the justification and approval for the use of the unusual and compelling urgency authority and must be documented in the contract file;

(ii) Does not cover any subsequent modification that further extends the period of performance, except for options included in the original determination. Such extensions must be approved at the same level as the original determination.

(d) Documentation after award. The justification and approval for the use of this authority, as well as the determination

described in paragraph (c)(2) of this section, may be made after contract award when making the determination before award

would unreasonably delay the acquisition.

6.103-3 Industrial mobilization; engineering, developmental, or research capability; or expert services.

(a) Authority. 10 U.S.C. 3204(a)(3) or 41 U.S.C. 3304(a)(3).

(b) Application. Agencies may contract without providing for full and open competition when it is necessary to award the

contract to a particular source or sources in order?

(1) To maintain a facility, producer, manufacturer, or other supplier available for furnishing supplies or services in case

of a national emergency or to achieve industrial mobilization;

(2) To establish or maintain an essential engineering, research, or development capability to be provided by an

educational or other nonprofit institution or a federally funded research and development center; or

(3) To acquire the services of an expert or neutral person for any current or anticipated litigation or dispute.

6.103-4 International agreement.

(a) Authority. 10 U.S.C. 3204(a)(4) or 41 U.S.C. 3304(a)(4).

(b) International agreement. Agencies may contract without providing for full and open competition when precluded by the?

6.1-3

6.103-5 FEDERAL ACQUISITION REGULATION

(1) Terms of an international agreement or a treaty between the United States and a foreign government or international organization; or

(2) The written directions of a foreign government reimbursing the agency for the cost of acquiring the supplies or services for such government.

(c) Limitations. Contracts awarded by DoD, NASA, and the Coast Guard using this authority do not require the written justifications and approvals described in 6.104.

6.103-5 Authorized or required by statute.

(a) Authority. 10 U.S.C. 3204(a)(5) or 41 U.S.C. 3304(a)(5).

(b) Authorized or required by statute. Agencies may contract without providing for full and open competition when?

(1) A statute expressly authorizes or requires that the acquisition be made through another agency or from a specified source; or

(2) The agency's need is for a brand-name commercial product for authorized resale (e.g., commercial products for resale through commissaries). This authority does not include other uses of brand name descriptions that generally preclude full and open competition and are required to be addressed in accordance with 6.103-1(d).

(c) Application. This authority may be used when statutes expressly authorize or require that acquisition be made from a specified source or through another agency. Examples include, but are not limited to:

(1) Sole-source awards of certain socio-economic small business concerns (see 15 U.S.C. chapter 14A); and

(2) Sole-source awards under the SBIR or STTR programs for Phase III (see 15 U.S.C. 638(r)(4)) or Phase II, when

directly following a competitively awarded initial Phase II award (see 15 U.S.C. 638(ff)).

(d) Limitations. (1) Do not use this authority when a provision of law requires an agency to award a new contract to a specified non-Federal Government entity unless the provision of law specifically?

(i) Identifies the entity involved; and

(ii) States that award to that entity must be made despite the merit-based selection procedures in 10 U.S.C. 3201(e)

for armed services acquisitions or 41 U.S.C. 3105 for civilian agency acquisitions.

(2) This limitation does not apply?

(i) When the work provided for in the contract continues the work performed by the specified entity under a preceding contract; or

(ii) To any contract requiring the National Academy of Sciences to investigate, examine, or experiment upon any subject of science or art of significance to an executive agency and to report on those matters to the Congress or any agency of the Federal Government.

(e) With the exception of sole-source 8(a) contracts over \$30 million (section 811 of Public Law 111-84, 41 U.S.C. 3304

note), contracts awarded using this authority do not require written justifications and approvals described in 6.104.

6.103-6 National security.

(a) Authority. 10 U.S.C. 3204(a)(6) or 41 U.S.C. 3304(a)(6).

(b) National security. Full and open competition need not be provided for when disclosing the agency's needs would

compromise national security unless the agency can limit the number of sources from which it solicits bids or proposals.

6.103-7 Public interest.

(a) Authority. 10 U.S.C. 3204(a)(7) or 41 U.S.C. 3304(a)(7).

(b) Public interest. Full and open competition need not be provided for when the agency head determines it is not in the

public interest for that particular acquisition.

(c) Limitations. (1) A written determination to use this authority must be made in accordance with subpart 1.5, by the head

of the executive agency. The authority may not be delegated and the determination must not be made on a class basis.

(2) Agencies must notify Congress, in writing, of such determination not fewer than 30 days before awarding the

contract.

6.104 Justification and approval.

(a) A justification and approval must support procedures under 6.103, except 6.103-5 and 6.103-7.

(b) Contracting officers require the support of the broader acquisition team when making decisions regarding competition.

Technical and requirements personnel are responsible for providing, and certifying as accurate and complete, necessary data

to support their recommendation for other than full and open competition.

6.1-4

SUBPART 6.1 - PRESOLICITATION 6.104-2

(c) Justifications under 6.103, except for 6.103-7, may be made on an individual or class basis. Justifications under

6.103-7 may only be made on an individual basis.

6.104-1 Justification content.

(a) At a minimum, each justification must include the following information:

(1) Identification of the agency and the contracting activity, and specific identification of the document as a

?Justification for other than full and open competition.?

(2) Nature and/or description of the action being approved.

(3) A description of the supplies or services required to meet the agency's needs (including the estimated value).

(4) An identification of the statutory authority permitting other than full and open competition.

(5) A demonstration that the proposed contractor's unique qualifications or the nature of the acquisition requires using the authority cited.

(6) A description of efforts made to ensure that offers are solicited from as many potential sources as possible, including whether a notice was or will be publicized as required by part 5 and, if not, which exception under part 5 applies.

(7) A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

(8) The market research conducted (see part 10) and the results or a statement of the reason market research was not conducted.

(9) Any other facts supporting using other than full and open competition, such as:

(i) When 6.103-1 is cited for follow-on acquisitions as described in 6.103-1(c)(2), an estimate of the cost to the Government that would be duplicated and how the estimate was derived.

(ii) When 6.103-2 is cited, data, estimated cost, or other rationale as to whether and how much the Government would be harmed.

(10) A listing of the sources, if any, that expressed an interest in the acquisition in writing.

(11) A statement of the actions, if any, the agency may take to remove or overcome any barriers to competition before any subsequent acquisition for the supplies or services required.

(12) Contracting officer certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief.

(b) For sole-source 8(a) contracts over \$30 million, the justification must include, at a minimum, the contents described at paragraphs (a)(3), (a)(4), and (a)(7) of this section. It should also include a determination that using a sole-source contract is in the best interest of the agency concerned and any other matters specified by agency procedures.

6.104-2 Approval of justification.

(a) The justification for other than full and open competition must be approved in writing. Officials at a higher authority

level may approve lower dollar justifications. For example, the senior procurement executive as well as the head of the procuring activity may approve a \$60 million justification. Approval levels are as follows:

Table 6-1. Approval authorities for other than full and open competition.

Value (including options) Approval authority

\$900,000 or below Contracting officer.

Accomplished by certification required at 6.104(a)(12).

>\$900,000 - \$20,000,000 Advocate for competition.

Not delegable.

>\$20,000,000 - \$90,000,000 Head of the procuring activity.

(>\$20,000,000 - \$150,000,000 for DoD, NASA, and the Coast May be delegated to a member of the armed services at the

Guard) general or flag officer level or a civilian in a grade above the

GS-15 (or equivalent) level.

>\$90,000,000 Senior procurement executive.

(>\$150,000,000 for DoD, NASA, and the Coast Guard) Not delegable, except in the case of the Under Secretary

of Defense for Acquisition and Sustainment, acting as the senior procurement executive for the Department of Defense.

6.1-5

6.104-2 FEDERAL ACQUISITION REGULATION

(b) A class justification for other than full and open competition must be approved in writing in accordance with agency procedures. The estimated total value of the class will determine the approval level.

(c) A justification must include the estimated dollar value of all options to determine the approval level.

6.1-6

SUBPART 6.2 - [RESERVED]

Subpart 6.2 - [Reserved]

6.2-1

This page intentionally left blank.

6.2-2

SUBPART 6.3 - POSTAWARD 6.301

Subpart 6.3 - Postaward

6.301 Availability of the justification.

(a) The agency must make publicly available the justification required by 6.104 as required by 10 U.S.C. 3204(f) and 41 U.S.C. 3304(f).

(b) The justification must be made publicly available within 14 days after contract award, except?

(1) Justifications under 6.103-2 must be posted within 30 days after contract award; and

(2) Justifications for brand-name descriptions under 6.103-1(d) must be posted with the solicitation (see part 5).

(c) The justifications must be made publicly available?

(1) At the Government Point of Entry (GPE);

(2) On the website of the agency, which may provide access to the justifications by linking to the GPE; and

(3) For a minimum of 30 days.

(d) Contracting officers must carefully screen all justifications for contractor proprietary data and remove all such data,

and such references and citations as are necessary to protect the proprietary data, before making the justifications available

for public inspection. Contracting officers must also be guided by the exemptions to disclosure of information contained in

the Freedom of Information Act (5 U.S.C. 552) and the prohibitions against disclosure in part 24 in determining whether the

justification, or portions of it, are exempt from posting.

(e) The requirements of paragraphs (a) through (c) do not apply if posting the justification would compromise national

security or create other security risks.

6.3-1

This page intentionally left blank.

6.3-2

part 6 for use of sealed bidding are met. However, the contracting officer should not

part 6 for use of sealed bidding are met. However, the contracting officer should not use sealed bidding if the contract will be

performed outside the United States and its outlying areas.

(b) The following must be considered when determining the contract type and pricing structure and must be addressed in

the acquisition plan.

(1) Generally, firm-fixed-price contracts must be used to acquire construction. They may be priced?

(i) on a lump-sum basis (when a lump sum is paid for the total work or defined parts of the work),

(ii) on a unit-price basis (when a unit price is paid for a specified quantity of work units), or

(iii) using a combination of the two methods.

(2) Lump-sum pricing must be used in preference to unit pricing except when?

(i) Large quantities of work such as grading, paving, building outside utilities, or site preparation are involved;

(ii) Quantities of work, such as excavation, cannot be estimated with sufficient confidence to permit a lump-sum

offer without a substantial contingency;

(iii) Estimated quantities of work required may change significantly during construction; or

(iv) Offerors would have to expend unusual effort to develop adequate estimates.

36.1-1

36.101-2 FEDERAL ACQUISITION REGULATION

(3) Fixed-price contracts with economic price adjustment may be used if such a provision is customary in contracts for

the type of work being acquired, or when omission of an adjustment provision would preclude a significant number of firms

from submitting offers or would result in offerors including unwarranted contingencies in proposed prices.

(4) In view of potential labor and administrative problems, cost-plus-fixed-fee, price-incentive, or other types of contracts with cost variation or cost adjustment features must not be permitted concurrently, at the same work site, with firm-

fixed-price, lump sum, or unit price contracts except with the prior approval of the head of the contracting activity.

36.101-2 Use of two-phase design-build selection procedures.

(a) As authorized by 10 U.S.C. 3241 and 41 U.S.C. 3309, the two-phase design-build selection procedures may be used

when the contracting officer determines in writing that this method is appropriate, based on the following:

(1) Three or more offers are anticipated.

(2) Design work must be performed by offerors before developing price or cost proposals, and a substantial expense

will be incurred in preparing offers.

(3) That the contracting officer has considered:

(i) The extent to which the project requirements have been adequately defined.

(ii) The time constraints for delivery of the project.

(iii) The capability and experience of potential contractors.

(iv) The suitability of the project for use of the two-phase selection method.

(v) The capability of the agency to manage the two-phase selection process.

(vi) Other criteria established by the agency.

(b) Phase-one of the solicitation(s) must include?

(1) The scope of work;

(2) The phase-one evaluation factors, which must include?

(i) Technical approach (excluding detailed design or technical information);

(ii) Technical qualifications, such as?

(A) Specialized experience and technical competence;

(B) Capability to perform;

(C) Past performance of the offeror's team (including the architect-engineer and construction members);
and

(iii) Other appropriate factors (excluding cost or price related factors);

(3) Phase-two evaluation factors (see paragraph (d) of this section); and

(4) A statement of the maximum number of offerors that will be selected to submit phase-two proposals. Unless the

contracting officer determines in writing that a number greater than five is in the Government's interest, no more than five

offerors can be selected for phase-two proposals.

(c) After evaluating phase-one proposals in accordance with the solicitation, the contracting officer must select the most

highly qualified offerors and request those offerors submit phase-two proposals.

(d) Phase-two of the solicitation(s) must?

(1) Be prepared and evaluated in accordance with part 15;

(2) Include phase-two evaluation factors, such as design concepts and proposed technical solutions; and

(3) Require submission of separate technical and price proposals.

36.101-3 Scope of work.

(a) A scope of work must be included in the solicitation, and must:

(1) Define the project; and

(2) Provide prospective offerors with sufficient information regarding the Government's requirements.

(b) The scope of work may include criteria and preliminary design, budget parameters, and schedule or delivery requirements.

(c) If the agency contracts for development of the scope of work, it must use the procedures in sections 36.102 and 36.202.

36.101-4 Advance notices and solicitations.

As required by 15 U.S.C. 644(w), when the contracting officer anticipates the award of a contract to a small business pursuant to a solicitation for construction, the contracting officer must transmit to the Governmentwide point of entry (GPE)

a solicitation notice (see part 5). The solicitation notice must include information regarding the agency's definitization of equitable adjustments for change orders under construction contracts, including:

36.1-2

SUBPART 36.1 - PRE-SOLICITATION 36.101-7

(a) A description of agency policies or procedures, in addition to that outlined in part 43, that apply to definitization of equitable adjustments for change orders under construction contracts.

(b) Data on the agency's past performance, for the prior 3 fiscal years, regarding the time required to definitize

equitable

adjustments for change orders under construction contracts (see part 43). Agencies must provide the data shown in the following table, or provide the address of an agency-specific, publicly accessible website containing this information.

Table 1 to Paragraph (b)

Time to definitize after receipt of an adequate Number of change order proposals definitized under change order definitization proposal under construction construction contracts

After completion of contract performance via a contract

modification addressing all undefinitized equitable

adjustments received during contract performance

36.101-5 Liquidated damages.

During acquisition planning the contracting officer must evaluate the need for liquidated damages in a construction contract in accordance with part 11 and agency policies.

36.101-6 Government cost estimate.

(a) An independent Government estimate (IGE) of the cost of construction must be prepared for any action expected to

exceed the simplified acquisition threshold. The IGE must be prepared based on a detailed analysis of the requirements.

(b) The IGE must be given to the contracting officer before receipt of any proposals. When two-step sealed bidding is

used, the independent Government estimate must be prepared when the contract requirements are definitized.

36.101-7 Clauses.

(a) The contracting officer must insert the clauses in Table 1 in solicitations and contracts when a fixed-price construction

contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold. The Table 1 clauses may be used for contracts valued at or

below the simplified acquisition threshold.

Table 1 to Paragraph (a)

Clause Title

52.236-2 Differing Site Conditions

52.236-3 Site Investigation and Conditions Affecting the Work

52.236-6 Superintendence by the Contractor

52.236-8 Other Contracts

52.236-9 Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements

52.236-10 Operations and Storage Areas

52.236-12 Cleaning Up

36.1-3

36.101-7 FEDERAL ACQUISITION REGULATION

(b) The contracting officer must insert the clause at 52.236-5, Material and Workmanship, in solicitations and contracts for construction.

(c) The contracting officer must insert the clause at 52.236-7, Permits and Responsibilities, in solicitations and contracts when a fixed-price or cost-reimbursement construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated.

(d) (1) The contracting officer must insert the clause at 52.236-11, Use and Possession Prior to Completion, in solicitations and contracts when a fixed-price construction contract is contemplated, and the contract award amount is expected to exceed the simplified acquisition threshold.

(2) This clause may be inserted in solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold.

(e) The contracting officer must insert the clause at 52.236-13, Accident Prevention, in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold.

(1) This clause may be inserted in solicitations and contracts when the contract amount is expected to be at or below the simplified acquisition threshold.

(2) The clause must be used with its Alternate I when a contract for services will involve:

- (i) Work of a long duration or hazardous nature; or
- (ii) Performance on a Government facility that on the advice of technical representatives involves hazardous materials or operations that might endanger the safety of the public and/or Government personnel or property.

(f) (1) The contracting officer must insert the clause at 52.236-14, Availability and Use of Utility Services, in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of improvements contract is contemplated, the contract is to be performed on Government sites, and the contracting officer decides that?

- (i) The existing utility system(s) is adequate for the needs of both the Government and the contractor; and
- (ii) Furnishing it is in the Government's interest.

(2) When this clause is used, the contracting officer must list the available utilities in the contract.

(g) (1) The contracting officer may insert the clause at 52.236-15, Schedules for Construction Contracts, in solicitations and contracts when a fixed-price construction contract is contemplated, the contract amount is expected to exceed the simplified acquisition threshold, and?

- (i) The period of actual work performance exceeds 60 days; or
- (ii) When work performance is expected to last less than 60 days and an unusual situation exists that warrants imposition of the requirements.

(2) Contracting officers should not insert the clause in paragraph (g)(1) of this section, in the same contract with clauses covering other management approaches for ensuring that a contractor makes adequate progress.

(h) The contracting officer may insert the clause at 52.236-16, Quantity Surveys, in solicitations and contracts when a fixed-price construction contract providing for unit pricing of items and for payment based on quantity surveys is contemplated. The clause must be used with its Alternate I if it is determined at a level above that of the contracting

officer

that?

(1) It is impracticable for Government personnel to perform the original and final surveys; and

(2) The Government wishes the contractor to perform these surveys.

(i) The contracting officer must insert the clause at 52.236-17, Layout of Work, in solicitations and contracts when a fixed-

price construction contract is contemplated, and use of this clause is appropriate due to a need for accurate work layout and

for siting verification during work performance.

(j) The contracting officer must insert the clause at 52.236-18, Work Oversight in Cost-Reimbursement Construction

Contracts, in solicitations and contracts when a cost-reimbursement construction contract is contemplated.

(k) (1) The contracting officer must insert the clause at 52.236-21, Specifications and Drawings for Construction, in solicitations and contracts when a fixed-price construction contract or a fixed-price dismantling, demolition, or removal of

improvements contract is contemplated, and the contract amount is expected to exceed the simplified acquisition threshold.

(2) The contracting officer may insert the clause in paragraph (k)(1) of this section in solicitations and contracts when

a fixed-price construction or a fixed-price contract for dismantling, demolition, or removal of improvements is contemplated

and the contract amount is expected to be at or below the simplified acquisition threshold.

(3) When the Government needs record drawings, the contracting officer must?

(i) Use the clause with its Alternate I, if reproducible shop drawings are needed, or

(ii) Use the clause with its Alternate II, if reproducible shop drawings are not needed.

36.1-4

SUBPART 36.1 - PRE-SOLICITATION 36.102-4

36.102 Architect-Engineer Services.

36.102-1 Public announcement.

The Government must publicly announce all requirements for architect-engineer services (see 40 U.S.C. 1101 et seq.).

36.102-2 Contracting procedures and competition.

(a) Contracting officers must acquire architect-engineer services by negotiation and select sources in accordance with this

section.

(b) The procedures of this section are competitive procedures (see part 6).

(c) Agencies must encourage firms to submit annually an updated statement of qualifications and performance data on a

Standard Form (SF) 330, Part II?General Qualifications.

(d) (1) Surveying is considered to be an architectural and engineering service and must be procured pursuant to sections

36.102 and 36.202 from registered surveyors or architects and engineers. Mapping associated with the research, planning,

development, design, construction, or alteration of real property is considered to be an architectural and engineering service

and must be procured pursuant to sections 36.102 and 36.202.

- (2) Mapping services that are not connected to traditionally understood or accepted architectural and engineering

activities, are not incidental to such architectural and engineering activities or have not in themselves traditionally been considered architectural and engineering services must be procured pursuant to provisions in parts 13, 14, and 15.

36.102-3 Government cost estimate.

- (a) An independent Government estimate (IGE) of the cost of architect-engineer services must be prepared based on a

detailed analysis of the requirements.

- (b) The IGE must be given to the contracting officer before beginning negotiations for any action expected to exceed the

simplified acquisition threshold.

36.102-4 Clauses.

- (a) The contracting officer must insert the clause at 52.236-22, Design Within Funding Limitations, in fixed-price architect-engineer contracts except when?

(1) The head of the contracting activity determines in writing that cost limitations are secondary to performance considerations and additional project funding can be expected;

- (2) The design is for a standard structure and is not intended for a specific location; or

- (3) There is little or no design effort involved.

- (b) The contracting officer must insert the clause at 52.236-23, Responsibility of the Architect-Engineer Contractor, in

fixed-price architect-engineer contracts.

- (c) The contracting officer must insert the clause at 52.236-24, Work Oversight in Architect-Engineer Contracts, in all

architect-engineer contracts.

- (d) The contracting officer must insert the clause at 52.236-25, Requirements for Registration of Designers, in architect-

engineer contracts, except that it may be omitted when the design will be performed?

- (1) Outside the United States and its outlying areas; or

- (2) In a State or outlying area of the United States that does not have registration requirements for the particular field

involved.

36.1-5

This page intentionally left blank.

36.1-6

SUBPART 36.2 - EVALUATION AND AWARD 36.202-2

Subpart 36.2 - Evaluation and award

36.201 Construction.

36.201-1 Limitations.

The contracting officer must not award a contract for construction?

- (a) At a cost to the Government?

(1) In excess of statutory cost limitations, unless applicable limitations can be and are waived in writing for the particular contract; or

- (2) Which, with allowances for Government-imposed contingencies and overhead, exceeds the statutory

authorization.

- (b) To the firm that designed the project or to the firm's subsidiaries or affiliates, unless approved by the agency head.

36.201-2 Standard and optional forms.

(a) Standard Form 1442, Solicitation, Offer, and Award (Construction, Alteration, or Repair), must be used to solicit and submit offers, and award construction or dismantling, demolition, or removal of improvements contracts expected to exceed the simplified acquisition threshold, and may be used for contracts at or below the simplified acquisition threshold. In all sealed bid solicitations, or when the Government otherwise requires a noncancellable offer acceptance period, the contracting officer must insert in the blank provided in Block 13D the number of calendar days that the offer must be available for acceptance after the date offers are due.

(b) Optional Form 347, Order for Supplies or Services, may be used for construction or dismantling, demolition, or removal of improvements contracts that are at or below the simplified acquisition threshold; provided, that the contracting officer includes the clauses required (see section 36.101-7) in the simplified acquisitions (see part 13).

(c) Contracting officers may use Optional Form 1419, Abstract of Offers?Construction, and Optional Form 1419A, Abstract of Offers?Construction, Continuation Sheet, or the automated equivalents to record offers submitted in response to a sealed bid solicitation (see part 14) and may also use them to record offers submitted in response to negotiated solicitations.

36.202 Architect and engineering services.

36.202-1 Evaluation.

- (a) (1) Agencies must provide for one or more permanent or ad hoc architect-engineer evaluation boards?

(i) Which may include preselection boards when authorized by agency regulations;

(ii) Composed of members who?

(A) Collectively, have experience in architecture, engineering, construction, and Government and related acquisition matters;

(B) Are appointed from among highly qualified professional employees of the agency or other agencies; and

(C) If authorized by agency procedure, are private practitioners of architecture, engineering, or related professions.

- (2) One Government member of each board must be designated as the chairperson.

(b) Under the general direction of the head of the contracting activity, an evaluation board must perform the following functions:

(1) For each proposed project, evaluate the firms' Standard Form (SF) 330, Part II?General Qualifications, together, if necessary, with data submitted on the SF 330, Part I?Contract-Specific Qualifications, either already on file with the agency or submitted regarding the proposed project.

- (2) Conduct discussions with at least 3 firms to consider anticipated concepts and compare alternative

methods for
furnishing services.

(3) Prepare a selection report for the agency head or other designated selection authority recommending, in order of preference, at least three firms that are considered to be the most highly qualified to perform the required services. The report must include a description of the discussions and evaluation conducted by the board to allow the selection authority to review the considerations upon which the recommendations are based.

36.202-2 Selection authority.

(a) The final selection decision must be made by the agency head or a designated selection authority.

36.2-1

36.202-3 FEDERAL ACQUISITION REGULATION

(b) The final selection must be made by reviewing and considering the selection report and advice of technical and staff representatives.

(1) The final selection must be a listing, in order of preference, of the firms considered most highly qualified to perform the work.

(2) The selection authority must not add firms to the selection report.

(3) If the firm listed as the most preferred is not the firm recommended as the most highly qualified, the selection authority must provide a written explanation of the reason for the preference for inclusion in the contract file.

(4) If the firms recommended in the report are not deemed to be qualified or the report is considered inadequate for any reason, the selection authority must record the reasons and return the report for appropriate revision.

(c) All firms on the final selection list are considered selected firms with which the contracting officer may negotiate.

36.202-3 Award.

(a) The contracting officer must negotiate a contract with the most highly qualified firm selected by the selection authority.

(b) (1) If the contracting officer is unable to negotiate a fair and reasonable contract with the firm selected by the selection authority, the contracting officer must?

(i) Formally terminate negotiations;

(ii) Proceed to negotiate a fair and reasonable contract with the next most qualified firm; and

(iii) The contracting officer must continue the process until a fair and reasonable agreement is reached.

(2) If unable to reach a fair and reasonable agreement after negotiating with the firms on the final selection list, the contracting officer must reject all bids and reissue the solicitation.

(c) During negotiations, the contracting officer is permitted to identify a specialized task and disclose the associated cost breakdown figures in the Government estimate, but only to the extent deemed necessary to arrive at a fair and reasonable price.

(d) Contracting officers must only award contracts for architect-engineer services to firms permitted by law to practice the professions of architecture or engineering.

(e) An architect-engineer contract must not be awarded to a firm during the period in which any of its principals or associates are participating as members of the awarding agency's evaluation board.

36.202-4 Short selection process for contracts not to exceed the simplified acquisition threshold.

When authorized by the agency, either or both of the short processes described in this subsection may be used to select

firms for contracts not expected to exceed the simplified acquisition threshold. Otherwise, the procedures prescribed in **36.202-1, 36.202-2, and 36.202-3 must be followed.**

(a) Selection by the board. The board must review and evaluate architect-engineer firms in accordance with 36.202-1, except that the selection report serves as the final selection list and must be provided directly to the contracting officer. The report serves as the authorization for the contracting officer to commence negotiations in accordance with 36.202-3.

(b) Selection by the chairperson of the board. When the board decides that formal action by the board is not necessary in connection with a particular selection, the following procedures must be followed:

(1) The chairperson of the board must perform the functions required in 36.202-1(b).

(2) The agency head or designated selection authority must review the report and approve it or return it to the chairperson for appropriate revision.

(3) Upon receipt of an approved report, the chairperson of the board must provide a copy of the report to the contracting officer which will serve as the authorization for the contracting officer to commence negotiations in accordance with 36.202-3.

36.202-5 Standard and optional forms.

(a) Contracting officers must use Standard Form (SF) 252, Architect-Engineer Contract, to award fixed-price architect-engineer services when the services will be performed in the United States or its outlying areas.

(b) The firm's qualifications as listed in the SF 330, Part II?General Qualifications as well as the SF 330, Part I?Contract-Specific Qualifications, must be used to evaluate firms before awarding a contract for architect-engineer services:

(1) Use the SF 330, Part I?Contract-Specific Qualifications, to obtain information from an architect-engineer firm about its qualifications for a specific contract when the contract amount is expected to exceed the simplified acquisition threshold. Part I may be used when the contract amount is expected to be at or below the simplified acquisition threshold, if the contracting officer determines that its use is appropriate.

36.2-2

SUBPART 36.2 - EVALUATION AND AWARD 36.202-5

(2) Use the SF 330, Part II?General Qualifications, to obtain information from an architect-engineer firm about its general professional qualifications.

36.2-3

This page intentionally left blank.

36.2-4

SUBPART 36.3 - POSTAWARD 36.301

Subpart 36.3 - Postaward

36.301 Responsibilities of contracting officers.

See part 42 for performing general contract administration functions. For construction and architect-engineer services there are additional functions including:

(a) Performance and Deliverables. (1) Contracting officers can, in writing, request the removal of any contractor employee deemed incompetent, careless, or otherwise objectionable (see 52.236-5).

(2) Contracting officers must provide the contractor with a list of work remaining to be performed or corrected for any portions of the work the Government intends to possess or use, prior to taking possession or using said work (see 52.236-11).

(3) Regarding schedules for construction contracts:

(i) The contracting officer may withhold approval of progress payments if the contractor fails to submit the required schedule.

(ii) (A) The contracting officer must determine whether the work is progressing with sufficient diligence to meet the contract's specified completion time; and

(B) May terminate the contractor's right to proceed with the work, or any separable part of it, per the default

terms of the contract if the contractor fails to recover lost time (see 52.236-15).

(b) Modifications. (1) Upon receiving written notice of differing site conditions, the contracting officer must?

(i) Promptly investigate the site; and

(ii) Negotiate an equitable adjustment if the conditions materially differ, leading to an increase or decrease in the contractor's costs or performance time. Requests for an equitable adjustment will be allowed only if prior written notice is received or if submitted before final payment (see 52.236-2).

(2) If repairs are not made promptly to damaged existing vegetation, structures, equipment, utilities, or improvements;

contracting officers may have the necessary work performed and charge the cost to the contractor (see 52.236-9).

(3) If stakes and marks are destroyed by the contractor, the contracting officer may replace them and deduct the cost from due or future payments (see 52.236-17).

(4) Regarding specifications and drawings for construction?

(i) The contracting officer must?

(A) Make a written determination in the case of a discrepancy in the figures, in the drawings, or in the specifications; and

(B) Approve or disapprove shop drawings, with reasons for disapproval if applicable.

(ii) If the contracting officer approves a shop drawing variation from the contract requirements that is minor or does not impact price or performance time, a contract modification will not be issued. For all other approved variations, the

contracting officer must issue a contract modification (see 52.236-21).

(5) If a construction contract needs a modification due to architect-engineer design errors, the contracting officer must

?

- (i) Assess the architect-engineer's liability, with the advice of technical personnel and legal counsel;
- (ii) Seek cost recovery if the amount exceeds administrative costs or if it benefits the Government; and
- (iii) Include in the contract file a written statement detailing the recovery decision (see 52.236-23).

(c) Compliance and Reporting.

- (1) Contracting officers must ensure compliance with the labor standards requirement of the contract (e.g., payroll

reviews, on-site inspections, and employee interviews to determine compliance).

- (2) Contracting officers should advise contractors to promptly execute and return any required payment and performance bonds to ensure a notice to proceed is issued to commence work in a timely manner (see part 28).

- (3) Contracting officers must, if appropriate, give written consent for the contractor to abandon, without removal,

temporary buildings and utilities. (see 52.236-10).

- (4) If the contracting officer becomes aware of noncompliance with requirements or conditions that endanger public or

Government personnel health or safety, the contracting officer?

- (i) Must notify the contractor orally, then in writing, requesting immediate corrective action; and
- (ii) May issue a stop-work order if the contractor fails to promptly take satisfactory corrective action. (see

52.236-13).

7-2

SUBPART 7.1 - ACQUISITION PLANS 7.103

7.000 Scope of part.

This part prescribes policies and procedures for-

- (a) Acquisition planning and developing acquisition plans;
- (b) Determining whether to use commercial or Government resources to acquire supplies or services;
- (c) Deciding whether it is more economical to lease or to purchase equipment; and
- (d) Determining whether functions are inherently governmental.

Subpart 7.1 - Acquisition Plans

7.101 Definitions.

As used in this subpart?

Acquisition streamlining means more efficient and effective use of resources to design and develop or produce quality systems.

Life-cycle cost means the total cost to the Government of acquiring, operating, supporting, and (if applicable) disposing of

the items being acquired.

Order means an order placed under a-

- (1) Federal Supply Schedule contract; or
- (2) Task-order contract or delivery-order contract.

Planner means the person or office responsible for developing and maintaining a plan, whether written or not.

7.102 Requirements.

- (a) Agencies must perform acquisition planning for all acquisitions. Agencies should establish procedures to determine

when a written or oral acquisition plan is required (see 7.103). The record of the acquisition plan must be appropriate for the

type of acquisition and document decisions and actions to ensure-

- (1) Information is available for making informed decisions at each step in the acquisition process;
- (2) There is clear support for all actions taken;
- (3) Necessary information is available for reviews or investigations; and
- (4) Essential facts are available in case litigation arises.

- (b) Acquisition plans must promote and provide for:

- (1) Acquisition of commercial products or commercial services, whenever feasible. If available commercial products or

services do not meet agency needs, acquire nondevelopmental items, to the maximum extent practicable (10 U.S.C. 3453 and

41 U.S.C. 3307).

- (2) Full and open competition (see part 6). When using an exception to full and open competition, obtain competition to

the maximum extent practicable for the procurement.(10 U.S.C. 3206(a)(1)and 41 U.S.C. 3306(a)(1)).

- (3) Selection of the appropriate contract type to fulfill the agency?s needs.
- (4) Use of existing contracts, if appropriate, including interagency and intra-agency contracts, to fulfill the requirement,

before awarding new contracts (see part 8).

- (c) Planning must integrate the efforts of agency personnel responsible for significant aspects of the acquisition to ensure

that the Government meets its needs in the most effective, economical, and timely manner.

- (d) A written plan is required for cost reimbursement and other high-risk contracts other than firm-fixed-price contracts.

Agencies may require written plans for firm-fixed-price contracts as appropriate.

7.103 Agency-head responsibilities.

- (a) The agency head must establish agency acquisition planning criteria and thresholds for when increasingly greater detail

and formality in the planning process is required. The agency procedures must?

- (1) Create streamlined acquisition planning procedures for using Governmentwide acquisition contracts or multi-

agency contracts for requirements that are not complex, including for orders, particularly for repetitive orders;

- (2) Create streamlined acquisition planning procedures when an acquisition plan has been developed for a single

indefinite delivery indefinite quantity contract to allow the resulting orders to be covered by and reference the same acquisition plan;

- (3) Allow for acquisition planning at the program level that covers multiple procurement actions. Acquisition plans

may be on a system basis, individual contract basis, or individual order basis depending on the acquisition;

7.1-1

7.104 FEDERAL ACQUISITION REGULATION

- (4) Consider streamlined acquisition planning procedures for procurements for commercial services and products,

including COTS;

- (5) Establish criteria for identifying high-risk contracts;
- (6) Identify when design-to-cost and life-cycle-cost techniques will be used; and
- (7) Provide procedures to waive planning requirements for acquisitions because of an urgent need.

- (b) The agency head or designee are responsible for ensuring:

- (1) Market research is conducted to define requirements and that the statement of work, statement of objectives, or

performance work statement closely aligns with needed outcomes and cost estimates.

- (2) The principles of this subpart are used, as appropriate, for all acquisitions, whether a written plan is required or not.

- (3) Small business opportunities are considered in acquisitions to the maximum extent practicable (see 7.107 and part

19).

(4) No purchase request is started or contract entered into that would result in the performance of an inherently governmental function by a contractor, and that all contracts or orders are adequately managed to ensure effective official

control over contract or order performance (see subpart 7.5).

- (5) Effective agency responsiveness to disaster and emergencies using the authorities and flexibilities at parts 18 and

26.

- (6) Information security and supply chain security requirements (see part 40) and information and communication

technology (ICT) accessibility standards (see part 39) are considered, as appropriate.

- (7) Before issuing a solicitation for advisory and assistance services for analyzing and evaluating solicitation proposals,

a determination is made that there are insufficient covered personnel within the agency or from another Federal agency with

the training and capability to do the analyzing and evaluating (see part 37).

- (8) Agency planners on information technology acquisitions comply with the capital planning and investment control

requirements in 40 U.S.C. 11312 and OMB Circular A-130.

- (9) Acquisition plans and revisions to these plans are reviewed and approved to ensure compliance with FAR

requirements.

7.104 General procedures.

(a) Start acquisition planning as soon as an agency need is identified. Early planning can create opportunities to structure

the procurement approach in a way that promotes competition and innovation.

(b) In developing the plan, the planner must do the following:

(1) Form a team consisting of all those who will be responsible for significant aspects of the acquisition, such as

contracting, small business, fiscal, legal, technical personnel, and the combatant commander or chief of mission.

(2) Review previous plans for similar acquisitions and discuss them with the key personnel involved.

(3) Review and revise the plan at key dates specified in the plan or whenever significant changes occur, and no less

often than annually.

(4) If the plan proposes using other than full and open competition when awarding a contract, coordinate the plan with

the appropriate advocate for competition.

(5) Coordinate the plan with the appropriate small business specialist from the agency Office of Small and Disadvantaged Business Utilization or the Office of Small Business Programs when the plan strategy involves consolidation

or bundling (see 7.107).

(6) Ensure that a Contracting Officer Representative is nominated as early as possible in the acquisition process by the

requirements official or according to agency procedures.

(7) Consult with requirements and logistics personnel who determine type, quality, quantity, and delivery requirements.

Requirements and logistics personnel should avoid issuing requirements on an urgent basis or with unrealistic delivery or

performance schedules, since it generally restricts competition and increases prices.

(8) Coordinate and reach agreement on the plan with the contracting officer.

(c) The specific content of plans will vary, depending on the nature, circumstances, and stage of the acquisition. In preparing the plan, the planner should follow the agency's implementing procedures and address the elements relevant to the

specific procurement to achieve the acquisition objectives.

7.1-2

SUBPART 7.1 - ACQUISITION PLANS 7.107-1

7.105 [Reserved]

7.106 Additional requirements for major systems.

(a) In planning for the solicitation of a major system (see part 34) development contract, planners must consider requiring

offerors to include, in their offers, proposals to incorporate in the design of a major system?

(1) Items that are currently available within the supply system of the agency responsible for the major system, available

elsewhere in the national supply system, or commercially available from more than one source; and

(2) Items that the Government will be able to acquire competitively in the future if they are likely to be needed

in

substantial quantities during the system's service life.

(b) In planning for the solicitation of a major system (see part 34) production contract, planners must consider requiring

offerors to include, in their offers, proposals identifying opportunities to assure that the Government will be able to obtain, on

a competitive basis, items acquired in connection with the system that are likely to be acquired in substantial quantities during

the service life of the system. Proposals submitted in response to such requirements may include the following:

(1) Proposals to provide the Government the right to use technical data to be provided under the contract for competitive future acquisitions, together with the cost to the Government, if any, of acquiring such technical data and the

right to use such data.

(2) Proposals for the qualification or development of multiple sources of supply for competitive future acquisitions.

(c) In determining whether to apply paragraphs (a) and (b) of this section, planners must consider why the system is being acquired and the technology necessary to meet the system's required capabilities. If such proposals are required, the

contracting officer must consider them in evaluating competing offers. In noncompetitive awards, the contracting officer may

consider the factors in paragraphs (a) and (b) of this section as objectives in negotiating the contract.

7.107 Additional requirements for acquisitions involving consolidation, bundling, or substantial bundling.

7.107-1 General.

(a) Consolidation and bundling may provide substantial benefits to the Government. However, because of the potential

impact on small business participation, before conducting an acquisition that consolidates or bundles requirements the agency

must-

(1) Conduct market research;

(2) Identify any alternative contracting approaches that would involve a lesser degree of consolidation or bundling (e.g.,

separate smaller contracts or orders);

(3) Coordinate with the agency's Office of Small Disadvantaged Business Utilization or the Office of Small Business

Programs;

(4) Identify any negative impact by the acquisition strategy on contracting with small business concerns;

(5) Take steps to include small business concerns in the acquisition strategy; and

(6) When required in paragraph (b) of this section, make a written determination that the consolidation (15 U.S.C.

657q) or bundling (15 U.S.C. 644(e)) of contract requirements is necessary and justified.

(b) Unless excepted in paragraph (c), a written determination is required for?

(1) Consolidation requirements above \$2 million (15 U.S.C. 657q);

(2) Bundling requirements; and

(3) Substantial bundling requirements with a cumulative estimated dollar value (including options) of:

(i) \$8 million or more for the Department of Defense.

(ii) \$6 million or more for the National Aeronautics and Space Administration, the General Services Administration, and the Department of Energy.

(iii) \$2.5 million or more for all other agencies.

(iv) These thresholds apply to multiple-award contracts, task orders or delivery orders issued against a GSA Schedule contract, or task orders or delivery orders issued against a task-order or delivery-order contract awarded by another agency.

(c) The requirements of section 7.107 do not apply?

(1) To orders placed under single-agency task-order contracts or delivery-order contracts, when the requirement was

considered in determining that the consolidation or bundling of the underlying contract was necessary and justified; or

(2) To requirements for which there is a mandatory source (see part 8). This exception does not apply?

(i) When the requiring agency obtains a waiver or an exception according to part 8; or

7.1-3

7.107-2 FEDERAL ACQUISITION REGULATION

(ii) When optional acquisitions of supplies and services permitted under part 8 are included.

(d) Agencies must publish the Governmentwide policy regarding contract bundling, including regarding the solicitation of

teaming and joint ventures, on their agency's website. (15 U.S.C. 644(q)(2)(A)(ii)).

7.107-2 Policy.

(a) The Senior Procurement Executive (SPE) or Chief Acquisition Officer (CAO) may determine that consolidation or bundling is necessary and justified if the benefits of that approach would substantially exceed the benefits that would be derived from each of the alternative contracting approaches identified under 7.107-1(a)(2), including benefits that are quantifiable in dollar amounts as well as any other specifically identified benefits.

(b) If a determination is made that consolidation or bundling is necessary and justified, the contracting officer must include

the justification in the acquisition strategy documentation and provide it to the Small Business Administration (SBA) upon request.

(c) (1) The agency must quantify and document in its strategy the specific benefits identified through the use of market

research and other techniques to explain how their impact would be substantial.

(2) Benefits may include cost savings, price reduction, or, regardless of whether quantifiable in dollar amounts?

(i) Quality improvements that will save time or improve or enhance performance or efficiency;

(ii) Reduction in acquisition cycle times;

(iii) Better terms and conditions; or

(iv) Any other benefit.

(3) Benefits are substantial if quantified in dollar amounts individually, in combination, or in the aggregate if the anticipated financial benefits are equivalent to?

(i) Ten percent of the estimated contract or order value (including options) if the value is \$94 million or less; or

(ii) Five percent of the estimated contract or order value (including options) or \$9.4 million, whichever is greater, if the value exceeds \$94 million.

(4) Benefits that are not quantifiable in dollar amounts must be specifically identified and otherwise quantified to the extent feasible.

(5) In assessing whether cost savings and/or price reduction would be achieved through consolidation or bundling, the agency and SBA must?

(i) Compare the price that has been charged by small businesses for the work that they have performed; or
(ii) Where previous prices are not available, compare the price, based on market research, that could have been or could be charged by small businesses for the work previously performed by other than a small business.

(6) For a contract or task or delivery order with a cumulative estimated dollar value (including options) above the substantial bundling thresholds at 7.107-1(b), the agency must also document in its strategy?

(i) The specific benefits expected to be derived from substantial bundling;
(ii) An assessment of the specific barriers to participation by small business concerns as contractors that result from

substantial bundling;

(iii) Actions designed to maximize small business participation as contractors, including provisions that encourage small business teaming;

(iv) Actions designed to maximize small business participation as subcontractors (including suppliers) at any tier under the contract or order that may be awarded to meet the requirements;

(v) The determination that the anticipated benefits of the proposed bundled contract or order justify its use; and

(vi) Alternative strategies that would reduce or minimize the scope of the bundling, and the reason for not choosing those alternatives.

(d) Reduction of administrative or personnel costs alone is not enough justification for consolidation or bundling unless

the cost savings are expected to be substantial.

(e) When the expected benefits are not substantial but the requirements are critical to the agency's mission success, and the

procurement strategy provides for maximum practicable participation by small business, the Deputy Secretary or equivalent

(or for DoD the SPE), on a non-delegable basis, may determine that consolidation or bundling is necessary and justified.

7.107-3 Notifications.

(a) Notifications to current small business contractors of the agency's intent to consolidate or bundle.

(1) The contracting officer must notify each small business performing a contract that it intends to consolidate or bundle the requirement at least 30 days before issuing the solicitation for the bundled requirement.

7.1-4

SUBPART 7.1 - ACQUISITION PLANS 7.108

(2) The notification must provide the name, phone number and address of the applicable SBA procurement center

representative (PCR), or if an SBA PCR is not assigned to the procuring activity, the SBA Office of Government Contracting

Area Office serving the area in which the buying activity is located.

(b) Notification to the public. The SPE or CAO must publish in the GPE?

(1) A notice that the agency has determined consolidation or bundling of contract requirements is necessary and

justified (see 7.107-2) no later than 7 days after making the determination; the solicitation may not be publicized prior to 7

days after publication of the notice of the agency determination; and

(2) The determination that consolidation or bundling is necessary and justified with the publication of the solicitation.

See 7.107-2 for the required content of the determination.

(c) Notification to SBA of follow-on consolidated or bundled requirements. For each follow-on consolidated or bundled

requirement, the contracting officer must obtain the following from the requiring activity and notify the SBA PCR no later than 30 days before issuing the solicitation:

(1) The amount of savings and benefits achieved under the prior consolidation or bundling.

(2) Whether such savings and benefits will continue to be realized if the contract remains consolidated or bundled.

(3) Whether such savings and benefits would be greater if the procurement requirements were divided into separate

solicitations suitable for awarding to small business concerns.

(4) List of requirements that have been added or deleted for the follow-on.

(d) Annual notification to the public of the reason for consolidated or bundled requirements. The agency must publish on

its website a list and reason for any consolidated or bundled requirement for which the agency solicited offers or issued an

award. The notification must be made annually within 30 days of the agency's data certification regarding the validity and

verification of data entered in the Federal Procurement Data System to the Office of Federal Procurement Policy (see part 4).

7.107-4 Solicitation provision.

Insert the provision at 52.207-6, Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts), in solicitations for multiple-award contracts above the substantial bundling threshold of the agency (see 7.107-1(b)(3)).

7.108 Additional requirements for teleworking.

(a) According to 41 U.S.C. 3306(f), an agency must not discourage a contractor from allowing its employees to telework

while performing Government contracts, unless?

(1) The contracting officer has determined that the requirements of the agency, including security requirements, cannot

be met if teleworking is permitted;

(2) The basis of the determination is documented in writing; and

(3) The prohibition is specified in the solicitation.

(b) When a teleworking prohibition is stated in a solicitation, the contracting officer will unfavorably evaluate an offer that

includes teleworking.

7.1-5

7.1-6

SUBPART 7.2 - PLANNING FOR THE PURCHASE OF SUPPLIES IN ECONOMIC QUANTITIES 7.203

Subpart 7.2 - Planning for the Purchase of Supplies in Economic Quantities

7.200 [Reserved]

7.201 [Reserved]

7.202 Policy.

Agencies are required by 10 U.S.C. 3242 and 41 U.S.C.3310 to procure supplies in such quantity as-

- (a) Will result in the total cost and unit cost most advantageous to the Government, where practicable; and
- (b) Does not exceed the quantity reasonably expected to be required by the agency.

7.203 Solicitation provision.

Insert the provision at 52.207-4, Economic Purchase Quantity?Supplies, in solicitations for supplies. The provision may not be necessary if the solicitation is for a contract under the General Services Administration's multiple award schedule contract program, or if the contracting officer determines that?

- (a) The Government already has the data;
- (b) The data is otherwise readily available; or
- (c) It is impracticable for the Government to vary its future requirements.

7.2-1

This page intentionally left blank.

7.2-2

SUBPART 7.3 - [RESERVED]

Subpart 7.3 - [Reserved]

7.3-1

This page intentionally left blank.

7.3-2

SUBPART 7.4 - EQUIPMENT ACQUISITION 7.402

Subpart 7.4 - Equipment Acquisition

7.400 Scope of subpart.

This subpart?

- (a) Implements section 555 of the FAA (Federal Aviation Administration) Reauthorization Act of 2018 (Pub. L. 115-254);
- (b) Provides guidance when acquiring equipment and more than one method of acquisition is available for use; and
- (c) Applies to both the initial acquisition of equipment and the renewal or extension of existing equipment leases or rental

agreements.

7.401 Acquisition considerations.

- (a) (1) Agencies must acquire equipment using the method of acquisition most advantageous to the Government based on

a case-by-case analysis of comparative costs and other factors according to this subpart and agency procedures.

- (2) The methods of acquisition to be compared in the analysis must include, at a minimum?

- (i) Purchase;
- (ii) Short-term rental or lease;

- (iii) Long-term rental or lease;
- (iv) Interagency acquisition (see part 2); and
- (v) Agency acquisition agreements, if applicable, with a State or local government.
- (b) (1) The factors to be compared in the analysis must include, at a minimum:
 - (i) Estimated length of the period the equipment is to be used and the extent of use within that period;
 - (ii) Financial and operating advantages of alternative types and makes of equipment;
 - (iii) Cumulative rent, lease, or other periodic payments, however described, for the estimated period of use;
 - (iv) Net purchase price;
 - (v) Transportation, installation, and storage costs;
 - (vi) Maintenance, repair, and other service costs; and
 - (vii) Potential for the equipment to become outdated because of upcoming technological improvements.

(2) The following additional factors should be considered, as appropriate, depending on the type, cost, complexity, and

estimated period of use of the equipment:

- (i) Availability of purchase options.
- (ii) Cancellation, extension, and early return conditions and fees.
- (iii) Ability to swap out or exchange equipment.
- (iv) Available warranties.
- (v) Insurance, environmental, or licensing requirements.
- (vi) Potential for use of the equipment by other agencies after its use by the acquiring agency is ended.
- (vii) Trade-in or salvage value.
- (viii) Imputed interest.
- (ix) Availability of a servicing capability, especially for highly complex equipment; e.g., can the equipment be

served by the Government or other sources if it is purchased?

(c) The analysis in paragraph (a) is not required?

(1) When the President has issued an emergency declaration or a major disaster declaration pursuant to the Robert T.

Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.);

(2) In other emergency situations if the agency head makes a determination that obtaining such equipment is necessary

to protect human life or property; or

(3) When otherwise authorized by law.

7.402 Acquisition methods.

(a) Purchase method. (1) If the equipment will be used beyond the point in time when cumulative rental or leasing costs

exceed the purchase costs, use the purchase method if appropriate.

(2) The mere possibility that future technological advances might make the selected equipment less desirable, alone, is

not a reason to rule out the purchase method.

(b) Rent or lease method. (1) The rent or lease method may serve as a short-term measure when the circumstances?

(i) Require immediate use of equipment to meet program or system goals; but

(ii) Do not currently support acquisition by purchase.

7.4-1

7.403 FEDERAL ACQUISITION REGULATION

(2) If a rent or lease method is selected, the inclusion of an evaluated purchase option is preferable.

(3) Generally, a long-term rental or lease agreement should be avoided unless there is an option to purchase or other

favorable terms.

(4) If a rental or lease agreement with option to purchase is used, the contract must state the purchase price or provide a

formula that shows how the purchase price will be established at the time the option to purchase is exercised.

7.403 OMB guidance.

(a) For additional OMB guidance, see?

(1) Section 13, Special Guidance for Lease-Purchase Analysis, and paragraph 8.c.(2), Lease-Purchase Analysis, of

OMB Circular A-94, Guidelines and Discount Rates for Benefit-Cost Analysis of Federal Programs, (1992 OMB Circular A-94 at <https://obamawhitehouse.archives.gov/sites/default/files/omb/assets/omb/circulars/a094/a094.html> but use Appendix

C from 2025 at <https://bidenwhitehouse.archives.gov/wp-content/uploads/2023/12/CircularA-94AppendixC.pdf>); and

(2) Appendix B, Budgetary Treatment of Lease-Purchases and Leases of Capital Assets, of OMB Circular A-11,

Preparation, Submission, and Execution of the Budget, (https://www.whitehouse.gov/wp-content/uploads/2018/06/app_b.pdf).

7.404 Contract clause.

Insert a clause substantially the same as the clause in 52.207-5, Option to Purchase Equipment, in solicitations and contracts involving a rental or lease agreement with option to purchase.

7.4-2

SUBPART 7.5 - INHERENTLY GOVERNMENTAL FUNCTIONS 7.503

Subpart 7.5 - Inherently Governmental Functions

7.500 Scope of subpart.

The purpose of this subpart is to prescribe policies and procedures to ensure that inherently governmental functions are not performed by contractors.

7.501 [Reserved]

7.502 Applicability.

This subpart applies to all contracts for services. This subpart does not apply to services obtained through either personnel

appointments, advisory committees, or personal services contracts issued under statutory authority.

7.503 Policy.

(a) Contracts must not be used to perform inherently governmental functions.

(b) Agency decisions that determine whether a function is or is not an inherently governmental function may be reviewed

and modified by appropriate Office of Management and Budget officials.

(c) The following is a non-exclusive list of inherently governmental functions or functions which must be treated as such.

(1) Directly conducting criminal investigations.

(2) Controlling prosecutions and performance of adjudicatory functions other than those relating to arbitration

or other

methods of alternative dispute resolution.

(3) Commanding military forces, especially the leadership of military personnel who are members of the combat,

combat support, or combat service support role.

(4) Conducting foreign relations and determining foreign policy.

(5) Determining agency policy, such as deciding the application of regulations.

(6) Determining Federal program priorities for budget requests.

(7) Directing and controlling Federal employees.

(8) Directing and controlling intelligence and counter-intelligence operations.

(9) Selecting or not selecting individuals for Federal Government employment, including interviewing individuals for

employment.

(10) Approving position descriptions and performance standards for Federal employees.

(11) Determining what Government property is to be disposed of and on what terms (although an agency may give

contractors authority to dispose of property at prices within specified ranges and subject to other reasonable conditions deemed appropriate by the agency).

(12) In Federal procurement activities with respect to prime contracts?

(i) Determining what supplies or services are to be acquired by the Government (although an agency may give contractors authority to acquire supplies at prices within specified ranges and subject to other reasonable conditions deemed

appropriate by the agency);

(ii) Participating as a voting member on any source selection boards;

(iii) Approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria;

(iv) Awarding contracts;

(v) Administering contracts (including ordering changes in contract performance or contract quantities, taking action based on evaluations of contractor performance, and accepting or rejecting contractor products or services);

(vi) Terminating contracts;

(vii) Determining whether contract costs are reasonable, allocable, and allowable; and

(viii) Participating as a voting member on performance evaluation boards.

(13) Approving agency responses to Freedom of Information Act requests (other than routine responses that, because

of statute, regulation, or agency policy, do not require the exercise of judgment in determining whether documents are to be

released or withheld), and approving agency responses to the administrative appeals of denials of Freedom of Information

Act requests.

(14) Conducting administrative hearings to determine the eligibility of any person for a security clearance, or involving

actions that affect matters of personal reputation or eligibility to participate in Government programs.

(15) Approving Federal licensing actions and inspections.

7.5-1

7.503 FEDERAL ACQUISITION REGULATION

(16) Determining budget policy, guidance, and strategy.

(17) Collecting, controlling, and disbursing fees, royalties, duties, fines, taxes, or other public funds, unless authorized

by statute, such as 31 U.S.C. 3718 (relating to private collection contractors and private attorney collection services), but not including?

(i) Collecting fees, fines, penalties, costs, or other charges from visitors to or patrons of mess halls, post or base exchange concessions, national parks, and similar entities or activities, or from other persons, where the amount to

be collected is easily calculated or predetermined and the funds collected can be easily controlled using standard case management techniques; and

(ii) Examining routine vouchers and invoices.

(18) Controlling treasury accounts.

(19) Administering public trusts.

(20) Drafting Congressional testimony, responses to Congressional correspondence, or agency responses to audit

reports from the Inspector General, the Government Accountability Office, or other Federal audit entity.

(d) The following is a non-exclusive list of functions generally not considered inherently governmental but may, depending on contractor or Government approach, cross the line into that category.

(1) Services that involve or relate to budget preparation, including workload modeling, fact finding, efficiency studies,

and should-cost analyses, etc.

(2) Services that involve or relate to reorganization and planning activities.

(3) Services that involve or relate to analyses, feasibility studies, and strategy options to be used by agency personnel in

developing policy.

(4) Services that involve or relate to developing regulations.

(5) Services that involve or relate to evaluating another contractor's performance.

(6) Services that support acquisition planning.

(7) Contract management support including:

(i) Assistance in technical evaluation of proposals.

(ii) Assistance in developing statements of work or objectives.

(iii) Assistance in providing responses to Freedom of Information Act inquiries.

(iv) Working in situations that might provide access to confidential business information or other sensitive information (other situations than covered by the National Industry Security Program described in 4.402(b).

(v) Providing information regarding agency policies or regulations, such as attending conferences on behalf of an agency, conducting community relations campaigns, or conducting agency training courses.

(vi) Participating in any situation where it might be assumed that they are agency employees or representatives.

(vii) Participating as technical advisors to a source selection board or participating as voting or nonvoting members of a source evaluation board.

(viii) Serving as arbitrators or providing alternative methods of dispute resolution.

(ix) Constructing buildings or structures intended to be secure from electronic eavesdropping or other penetration by

foreign governments.

(x) Providing inspection services.

(xi) Providing legal advice and interpretations of regulations and statutes to Government officials.

(xii) Providing special non-law enforcement, security activities that do not directly involve criminal investigations, such as prisoner detention or transport and non-military national security details.

(e) Agency implementation must include procedures requiring the agency head or designated requirements official to

provide the contracting officer, when the statement of work or objectives (or any modification thereof) is submitted, a written

determination that none of the functions to be performed are inherently governmental. This assessment should emphasize the

degree to which conditions and facts restrict the discretionary authority, decision-making responsibility, or accountability of

Government officials using contractor services or work products. Disagreements regarding the determination will be resolved

according to agency procedures before issuing a solicitation.

7.5-2

part 7 for instructions regarding use of the provision at 52.207-4, Economic Purchase

Status: Unknown

part 7 for instructions regarding use of the provision at 52.207-4, Economic Purchase Quantity?Supplies, and for guidance

on handling responses to that provision.

14.205 Bid samples.

(a) The contracting officer must not require bidders to furnish bid samples unless?

(1) Characteristics of the product cannot be described adequately in the specification or purchase description;

(2) Necessary to determine the responsiveness of the bid. Do not use samples to determine a bidder's ability to produce

the required items; and

(3) Products must be suitable from the standpoint of balance, facility of use, general ?feel?, color, pattern, or other

characteristics that cannot be described adequately in the specification.

(b) If the contracting officer requires bid samples, the IFB must state?

(1) The number and, if appropriate, size, and description of the bid samples required; and

(2) List all the characteristics for which the bid samples will be examined.

14.2-2

SUBPART 14.2 - PRESOLICITATION 14.207

(c) (1) Contracting officers may waive bid sample requirements when a bidder offers a product previously or currently

contracted for or tested by the Government and found to comply with specification requirements conforming in every material respect with those in the current invitation for bids. (See 14.207(j)(2)).

(2) Where samples required by a Federal, Military, or other formal specification are not considered necessary and

a waiver of the sample requirements of the specification is, include a statement in the invitation that notwithstanding the requirements of the specification, samples are not required.

(d) Bid samples furnished with a bid that are not required by the invitation generally will not be considered as qualifying

the bid and will be disregarded. However, the bid sample will not be disregarded if it is clear from the bid or accompanying

papers that the bidder's intention was to qualify the bid. If the qualification does not conform to the IFB, see 14.306-3(d).

(e) (1) Return samples that are not destroyed in testing to bidders at their request and expense, unless otherwise specified

in the invitation.

(2) Request disposition instructions from bidders.

(3) Samples are ordinarily returned collect to the address from which received if disposition instructions are not received within 30 days. Small items may be returned by mail, postage prepaid.

(4) Transmit samples that are intended for inspection purposes in connection with deliveries to the inspecting activity

concerned, with instructions to retain the sample until completion of the contract or until disposition instructions are furnished.

(5) Where samples are consumed or their usefulness is impaired by tests, dispose as scrap unless the bidder requests

their return.

14.206 Descriptive literature.

(a) Contracting officers must not require bidders to furnish descriptive literature unless it is needed before award to determine whether the products offered meet the specification and to establish exactly what the bidder proposes to furnish.

(b) The contracting officer must document in the contract file the justification why product acceptability cannot be determined without the submission of descriptive literature, except when the contract specifications require submission.

(c) (1) If the invitation will require descriptive literature, the IFB must clearly state?

(i) What descriptive literature the bidders must furnish;

(ii) The purpose for requiring the literature;

(iii) The extent of its consideration in the evaluation of bids; and

(iv) The rules that will apply if a bidder fails to furnish the literature before bid opening or if the literature provided does not comply with the requirements of the invitation.

(2) If bidders must furnish descriptive literature, see 14.207(k).

(d) (1) The contracting officer may waive the requirement for descriptive literature if?

(i) The bidder states in the bid that the product being offered is the same as a product previously or currently being furnished to the contracting activity; and

(ii) The contracting officer determines that the product offered complies with the specification requirements of the current invitation for bids. When the contracting officer waives the requirement, see 14.207(k)(2).

(2) When descriptive literature is not necessary and a waiver of literature requirements of a specification has been authorized, the contracting officer must include a statement in the invitation that, despite the requirements of the specifications, descriptive literature is not required.

(3) If the IFB provides for a waiver, a bidder may submit a bid on the basis of either the descriptive literature furnished

with the bid or a previously furnished product. If the bid is submitted on one basis, the bidder may not have it considered on

the other basis after bids are opened.

(e) If descriptive literature is furnished when it is not required by the invitation for bids, follow the procedures at **14.205(d)**.

14.207 Solicitation Provisions.

(a) The provisions prescribed in this section apply to preparation and submission of bids in general. See other FAR parts for provisions and clauses related to specific acquisition requirements.

(b) Insert in all invitations for bids the provisions at?

- (1) 52.214-3, Amendments to Invitations for Bids; and
- (2) 52.214-4, False Statements in Bids.
- (3) 52.214-5, Submission of Bids.

14.2-3

14.208 FEDERAL ACQUISITION REGULATION

(4) 52.214-6, Explanation to Prospective Bidders.

(5) 52.214-7, Late Submissions, Modifications, and Withdrawals of Bids.

(c) Insert in all invitations for bids, except those for construction, the provision at 52.214-10, Contract Award-Sealed Bidding.

(d) Insert in invitations for bids to which the uniform contract format applies, the provision at 52.214-12, Preparation of Bids.

(e) Insert the provision at 52.214-14, Place of Performance?Sealed Bidding, in invitations for bids except those in which the place of performance is specified by the Government.

(f) Insert the provision at 52.214-15, Period for Acceptance of Bids, in invitations for bids (IFB's) that are not issued on SF 33 or SF 1447 except IFB's?

- (1) For construction work or
- (2) In which the Government specifies a minimum acceptance period.

(g) Insert the provision at 52.214-16, Minimum Bid Acceptance Period, in invitations for bids, except for construction, if the contracting officer determines that a minimum acceptance period must be specified.

(h) Insert the provision at 52.214-18, Preparation of Bids?Construction, in invitations for bids for construction work.

(i) Insert the provision at 52.214-19, Contract Award?Sealed Bidding?Construction, in all invitations for bids for construction work.

(j) (1) Insert the provision at 52.214-20, Bid Samples, in invitations for bids if bid samples are required.

- (2) If it appears that the conditions in 14.205(c)(1) will apply and the contracting officer anticipates granting waivers

and?

(i) If the nature of the required product does not necessitate limiting the grant of a waiver to a product produced at the same plant in which the product previously acquired or tested was produced, use the provision with its Alternate I; or

(ii) If the nature of the required product necessitates limiting the grant of a waiver to a product produced at the same plant in which the product previously acquired or tested was produced, use the provision with its Alternate II.

- (3) See 14.205(c)(2) regarding waiving the requirement for all bidders.

(k) (1) Insert the provision at 52.214-21, Descriptive Literature, in invitations for bids if?

(i) Descriptive literature is required to evaluate the technical acceptability of an offered product and

(ii) The required information will not be readily available unless it is submitted by bidders.

(2) Use the basic clause with its Alternate I if the possibility exists that the contracting officer may waive the requirement for furnishing descriptive literature for a bidder offering a previously supplied product that meets specification

requirements of the current IFB.

(3) See 14.206(d)(2) regarding waiving the requirement for all bidders.

(l) Insert the provision at 52.214-22, Evaluation of Bids for Multiple Awards, in invitations for bids if the contracting officer determines that multiple awards might be made if doing so is economically advantageous to the Government.

(m) Insert the provision at 52.214-23, Late Submissions, Modifications, Revisions, and Withdrawals of Technical Proposals under Two-Step Sealed Bidding, in solicitations for technical proposals in step one of two-step sealed bidding.

(n) Insert the provision at 52.214-24, Multiple Technical Proposals, in solicitations for technical proposals in step one of two-step sealed bidding if the contracting officer permits the submission of multiple technical proposals.

(o) Insert the provision at 52.214-25, Step Two of Two-Step Sealed Bidding, in invitations for bids issued under step two of two-step sealed bidding.

(p) Insert the provision at 52.214-34, Submission of Offers in the English Language, in solicitations that include any of the clauses prescribed in part 25. It may be included in other solicitations when the contracting officer decides that it is necessary.

(q) Insert the provision at 52.214-35, Submission of Offers in U.S. Currency, in solicitations that include any of the clauses prescribed in part 25, unless the contracting officer includes the clause at 52.225-17, Evaluation of Foreign Currency Offers, as prescribed in part 25. It may be included in other solicitations when the contracting officer decides that it is necessary.

14.208 Contract clauses.

(a) Insert the clause at 52.214-26, Audit and Records-Sealed Bidding, in solicitations and contracts if the contract amount is expected to exceed the threshold at part 15 for submission of certified cost or pricing data.

(b) (1) Insert the clause at 52.214-27, Price Reduction for Defective Certified Cost or Pricing Data? Modifications? Sealed Bidding, in solicitations and contracts if the contract amount is expected to exceed the threshold for submission of certified cost or pricing data at part 15.

14.2-4

SUBPART 14.2 - PRESOLICITATION 14.209

(2) In exceptional cases, the head of the contracting activity may waive the requirement for inclusion of the clause in a contract with a foreign government or agency of that government. The authorizations for the waiver and the reasons for granting it must be in writing.

(c) Insert the clause at 52.214-28, Subcontractor Certified Cost or Pricing Data? Modifications? Sealed Bidding, in solicitations and contracts if the contract amount is expected to exceed the threshold for submission of certified cost or pricing data at part 15; or

(1) Upon request of a contractor in connection with a prime contract entered into before July 1, 2018, the contracting

officer must modify the contract without requiring consideration to replace clause 52.214-28, Subcontractor Certified Cost or

Pricing Data? Modifications? Sealed Bidding, with its Alternate I.

(2) In exceptional cases, the head of the contracting activity may waive the requirement for inclusion of the clause in

a contract with a foreign government or agency of that government. The authorizations for the waiver and the reasons for

granting it must be in writing.

(d) Insert the clause at 52.214-29, Order of Precedence? Sealed Bidding, in solicitations and contracts to which the uniform contract format applies.

14.209 Soliciting bids.

(a) See subpart 5.1 for presolicitation notices.

(b) See subpart 5.2 for publicizing the IFB.

(c) The contracting officer must specify in the IFB whether bids will be accepted by paper submission, or electronic transmission method, or both.

(d) If the IFB has been issued and it becomes necessary to make changes in quantity, specifications, delivery schedules,

opening dates, etc., or to make a correction, such changes must be accomplished by amendment of the IFB using Standard

Form 30, Amendment of Solicitation/ Modification of Contract. Amendments must?

(1) Be issued before the time set for bid opening;

(2) If determined necessary by the contracting officer, consider the amount of time remaining until bid opening and the

need for an extension to the bid opening date;

(3) Be published in the GPE, if the IFB was published in the GPE, as a solicitation amendment;

(4) If applicable, be displayed in the bid room;

(5) Provide all prospective bidders equal access to the amendment providing the information necessary to submit bids;

and

(6) Require acknowledgment of each amendment within each bidder's bid.

(e) When electronic bids are specified, the contracting officer must include in the IFB the acceptable methods and the

necessary information that allows bidders to submit bids that are compatible with Government systems.

(f) When a contracting office is located in the United States, any IFB sent to a prospective bidder located outside the

United States must be sent by electronic data interchange or air mail if security classification permits.

(g) (1) The master IFB is provided to potential sources who are requested to retain it for continued and repetitive use.

(2) Subsequent individual IFB must reference the date of the current master IFB and identify any changes.

(3) When using a master IFB the contracting officer must?

- (i) Make available copies of the master IFB on request; and
- (ii) Provide the cognizant contract administration activity a current copy of the master IFB.
- (h) Retain records of invitations for bids and records of bids as a record of each invitation a contracting office issues and

each abstract or record of bids. The file for each invitation must show the?

- (1) Distribution that was made;
- (2) Date the invitation was issued; and
- (3) Names and addresses of prospective bidders who requested the invitation and were not included on the original IFB

list must be added to the list and made a part of the record.

- (i) See 15.101 and 15.201 for policy on the release of acquisition information before and after the issuance of the IFB.
- (j) An IFB may be cancelled by the contracting officer when clearly in the public interest; e.g.,
 - (1) Where there is no longer a requirement for the supplies or services; or
 - (2) Where amendments to the IFB would be of such magnitude that a new IFB is desirable.
- (k) If an IFB is cancelled prior to the date and time specified in 14.301, the contracting officer must?
 - (1) Identify the IFB number and short title or subject matter;
 - (2) Briefly explain the reason for the cancellation; and

14.2-5

14.210 FEDERAL ACQUISITION REGULATION

- (3) Where appropriate, assure prospective bidders that they will be given an opportunity to bid on any resolicitation of

bids or any future requirements for the type of supplies or services involved. Cancellations must be recorded in accordance

with 14.303(g).

14.210 Submission of Bids.

- (a) Allow prospective bidders a reasonable time to prepare and submit bids in response to all invitations, consistent with

the needs of the Government.

- (b) Provide at least 30 calendar days when a synopsis is required (see subpart 5.1).
- (c) Require bidders to submit sealed bids to be opened publicly at the time and place stated in the IFB.

14.211 Two-step sealed bidding.

14.211-1 General.

Two-step sealed bidding is a combination of competitive procedures designed to obtain the benefits of sealed bidding when adequate specifications are not available. An objective is to permit the development of a sufficiently descriptive and not unduly restrictive statement of the Government's requirements, including an adequate technical data package, so

that subsequent acquisitions may use conventional sealed bidding methods. This two-step method is especially useful in

acquisitions requiring technical proposals, particularly those for complex items.

- (a) Step one consists of the request for submission of technical proposals, evaluation, and (if necessary) discussion of a

technical proposal. No pricing is submitted with step one. The objective is to determine the acceptability of the supplies or

services offered. As used in this context, the word technical has a broad connotation and includes, among other things, the

engineering approach, special manufacturing processes, and special testing techniques. It is the proper step for clarification

of questions relating to technical requirements. Conformity to the technical requirements is resolved in this step, but not responsibility as defined in 9.

(b) Step two involves the submission of sealed priced bids by those who submitted acceptable technical proposals in step

one. Bids submitted in step two are evaluated and the awards made in accordance with subpart 14.3.

14.211-2 Conditions for use.

(a) Unless other factors require the use of sealed bidding, the contracting officer may use two-step sealed bidding rather

than negotiation when all of the following conditions are present:

(1) Available specifications or purchase descriptions are not definite or complete or may be too restrictive without technical evaluation, and any necessary discussion, of the technical aspects of the requirement to ensure mutual

understanding between each source and the Government.

(2) Definite criteria exist for evaluating technical proposals.

(3) More than one technically qualified source is expected to be available.

(4) There is sufficient time to use the two-step method.

(5) The contracting officer intends to award a firm-fixed-price contract or a fixed-price contract with economic price

adjustment.

(b) None of the following precludes the use of two-step sealed bidding:

(1) Multi-year contracting.

(2) Government property to be made available to the successful bidder.

(3) A total small business set-aside (see part 19).

(4) The use of a set-aside or price evaluation preference for HUBZone small business concerns (see part 19).

(5) The use of a set-aside for service-disabled veteran-owned small business concerns (see part 19).

(6) The use of a set-aside for economically disadvantaged women-owned small business concerns and women-owned

small business concerns eligible under the Women-Owned Small Business Program (see part 19).

(7) A first or subsequent production quantity is being acquired under a performance specification.

14.211-3 Procedures.

(a) Step one.

(1) Synopses requests for technical proposals in accordance with Part 5. The request must include, as a minimum, the

following:

(i) A description of the supplies or services required.

14.2-6

SUBPART 14.2 - PRESOLICITATION 14.211-3

(ii) A statement of intent to use the two-step method.

(iii) The requirements of the technical proposal.

(iv) The evaluation criteria, to include all factors and any significant subfactors.

(v) A statement that the technical proposals must not include prices or pricing information.

(vi) The date, or date and hour, by which the technical proposal must be received (see 14.210).

(vii) A statement that, in the second step?

(A) The contracting officer will consider awards based upon bids that have acceptable technical proposals, either

initially or as a result of discussions; and

(B) Each technical proposal must be based on the bidder's own technical proposals.

(viii) A statement that?

(A) Bidders should submit technical proposals that are acceptable without additional explanation or information;

(B) The Government may make a final determination regarding a technical proposal's acceptability solely on the

basis as submitted; and

(C) The Government may proceed with the second step without requesting further information from any bidder;

however, the Government may request additional information from bidders of bids that it considers reasonably susceptible of

being made acceptable and may discuss bids with their bidders.

(ix) A statement that a notice of unacceptability will be forwarded to the bidder upon completion of the technical proposal evaluation and final determination of unacceptability.

(x) A statement either that each bidder may only submit one technical proposal or, if authorized, multiple technical proposals. When specifications permit different technical approaches, it is generally in the Government's interest to authorize

multiple technical proposals. If multiple technical proposals are authorized, see 14.207(n).

(2) Include information on delivery or performance requirements that may assist bidders in determining whether or not

to submit a technical proposal. Indicate that the information is not binding on the Government and that the invitation issued

under step two will include actual delivery or performance requirements.

(3) Upon receipt, the contracting officer must?

(i) Safeguard technical proposals against disclosure to unauthorized persons;

(ii) Accept and handle data marked in accordance with part 15 and 27; and

(iii) Remove any reference to price or cost.

(4) The contracting officer must establish a time period for evaluating technical proposals. The period may vary with

the complexity and number of technical proposals involved. However, the evaluation should be completed quickly.

(5) (i) Base evaluations on the criteria in the request for proposals but not consideration of responsibility as defined in

As used in this part?

AbilityOne Commission is the operating name for the Committee for Purchase From People Who are Blind or Severely Disabled.

AbilityOne participating nonprofit agencies means a qualified nonprofit agency employing people who are blind or have other severe disabilities approved by the Committee to furnish a commodity or a service to the Government under 41 U.S.C.

chapter 85.

Committee means the Committee for Purchase From People Who Are Blind or Severely Disabled.

Central nonprofit agency means National Industries for the Blind, which has been designated to represent AbilityOne participating nonprofit agencies serving people who are blind; or NISH (also known as SourceAmerica), which has been designated to represent AbilityOne participating nonprofit agencies serving people with severe disabilities other than blindness.

Government printing means printing, binding, and blank-book work for the use of an executive department, independent agency, or establishment of the Government.

Procurement List means a list of supplies (including military resale commodities) and services that the Committee has determined are suitable for purchase by the Government under 41 U.S.C. chapter 85.

Related supplies means supplies that are used and equipment that is usable in printing and binding operations.

Subpart 8.1 - Presolicitation

8.101 Mandatory sources for specific supplies and services.

Agencies must acquire the following supplies and services using the procedures listed below:

Requirement Procedures

Public utility services Part 41

Government printing and related supplies Subpart 8.5

Leased motor vehicles Contact GSA Fleet

Strategic and critical materials (e.g., metals and ores) DLA Strategic Materials

from inventories exceeding Defense National Stockpile <https://www.dla.mil/Strategic-Materials/>
requirements

8.102 Mandatory source for services.

Unless otherwise required by law or 8.101, agencies must procure services that are on the Procurement List maintained

by the Committee, from AbilityOne Participating Nonprofit Agencies in accordance with subpart 8.2. Other sources may be

used as prescribed in 41 CFR 101-26.301, and in an unusual and compelling urgency as prescribed in 6.302-2 and in 41 CFR

101-25.101-5.

8.103 Mandatory sources of supplies.

(a) Unless otherwise required by law or subpart 8.101, agencies must procure supplies, in the following order-

(1) From inventories of the requiring agency, in accordance with agency procedures;

- (2) From excess from other agencies, in accordance with 41 C.F.R. 102-36;
- (3) From Federal Prison Industries (FPI), Inc., in accordance with subpart 8.3; and
- (4) When on the Procurement List maintained by the Committee, from AbilityOne Participating Nonprofit Agencies, in

accordance with subpart 8.2.

8.1-1

8.104 FEDERAL ACQUISITION REGULATION

8.104 Use of existing contracts.

(a) When supplies or services are unavailable from the mandatory sources listed above, agencies should procure commercial products and commercial services, including those that can be modified to fill agencies' needs, to the maximum

extent possible, in accordance with the policy of Executive Order 14271, Ensuring Commercial, Cost-Effective Solutions in Federal Contracts. When a commercial product or commercial service meets an agency's needs and is available on an

existing contract or Blanket Purchase Agreement awarded for Governmentwide use (such as the Federal Supply Schedule,

Governmentwide Acquisition Contract, or other Indefinite-Delivery, Indefinite-Quantity contracts), the agency -

- (1) must use the existing government-wide contract or blanket purchase agreement to buy the supply or service if the

contract has been designated by the Office of Federal Procurement Policy a "required use" contract, unless the head of the

contracting activity provides an exception (e.g., because the contract's terms and conditions, scope, or performance period do

not meet the agency's needs); and

- (2) should consider use of other existing government-wide contracts or blanket purchase agreements if there is not a

suitable "required use" contract to meet the agency's needs.

- (b) Agencies should also consider the use of shared services to fulfill requirements. A shared service is a business or

mission function provided by one agency for consumption by multiple other agencies, either within or between federal agencies.

8.105 Contractor use of Government supply sources.

When authorizing contractors to use Government supply sources, agencies must follow the requirements of this subpart.

8.105-1 Contractor required use of Government supply sources.

- (a) Policy. Agencies must authorize contractors purchasing supply items for Government use that are on the Procurement

List maintained by the Committee to purchase such items from DLA, GSA, and VA, if they are available from these agencies

through their distribution facilities. When these items are not available from DLA, GSA, or VA, contractors must order them

through the appropriate central nonprofit agency which will determine how to fulfill the order.

- (b) Contract clause. Insert the clause at 52.208-9, Contractor Use of Mandatory Sources of Supply and Services, in solicitations and contracts that require a contractor to provide supplies or services for Government use that are on the

Procurement List maintained by the Committee.

8.105-2 Contractor permitted use of Government supply sources.

(a) General.

(1) Agencies may authorize contractors to use Government supply sources to obtain supplies or services required

to perform a Government contract, when it is in the Government's interest and the supplies or services are available from Government supply sources. In this section, the terms "contractors" and "contracts" include "subcontractors" and "subcontracts."

(2) Agencies may authorize the contractors to use these sources in performing?

(i) A contract awarded using other than sealed bidding procedures; or

(ii) A contract awarded to an AbilityOne Participating Nonprofit Agency for supplies or services on Procurement List maintained by the Committee, if-

(A) The nonprofit agency requesting use of the supplies and services is providing a commodity or service to the

Government; and

(B) The supplies or services received are directly used in making or providing a commodity or service on the

Procurement List.

(3) Contractors with fixed-price Government contracts that require protection of security classified information may

acquire security equipment through GSA sources in accordance with 41 CFR 101-26.507.

(b) Exclusion. Agencies must not require a contractor, or subcontractor at any tier, to use FPI as a subcontractor to perform

a contract by any means, including means such as?

(1) A solicitation provision requiring a potential contractor to offer to use FPI supplies or services;

(2) A contract specification requiring the contractor to use specific supplies or services (or classes of supplies or

services) offered by FPI; or

(3) Any contract modification directing the use of FPI supplies or services.

8.1-2

SUBPART 8.1 - PRESOLICITATION 8.105-3

(c) Contract clause. The contracting officer shall insert the clause at 52.208-90, Government Supply Sources, in solicitations and contracts when the contracting officer authorizes the contractor to acquire supplies or services from a Government supply source.

8.105-3 Contractor use of GSA Fleet.

(a) Agencies may authorize contractors performing under cost-reimbursement contracts to obtain vehicles and related

services through the GSA Fleet in accordance with 41 C.F.R. 101-39.202, 41 C.F.R. 102-34. In this section, the terms "contractors" and "contracts" include "subcontractors" and "subcontracts."

(b) When providing the authorization in paragraph (a), agencies must ensure that contractors establish and enforce suitable

penalties against employees who use, or authorize the use of, Government motor vehicles for unofficial purposes or for other

than in the performance of the contract.

(c) Contract Clause. The contracting officer shall insert the clause at 52.208-91, GSA Fleet Vehicles and Related Services,

in solicitations and contracts when a cost-reimbursement contract is contemplated and the contracting officer may authorize

the contractor to use GSA Fleet vehicles and related services.

8.1-3

8.1-4

SUBPART 8.2 - ACQUISITION FROM ABILITYONE PARTICIPATING NONPROFIT AGENCIES 8.204

Subpart 8.2 - Acquisition From AbilityOne Participating Nonprofit Agencies

When buying supplies or services from AbilityOne Nonprofit Agencies, agencies must follow the requirements of this subpart and 41 CFR chapter 51.

8.201 General.

The AbilityOne Commission has sole authority to set the price and to authorize or deauthorize sources of supply. Agencies

may propose price development through the Commission, or propose additions to the Procurement List at any time through

the AbilityOne Commission.

8.202 Presolicitation.

(a) Policy. In accordance with 41 U.S.C. chapter 85 and as required by 8.102 and 8.103, agencies must buy supplies or services that are on the Procurement List maintained by the Committee unless a purchase exception applies.

(b) Purchase exception. Agencies may submit a request to the AbilityOne Commission, or the appropriate central non-profit agency, for a waiver to the Procurement List requirement. If the waiver is approved, agencies may fulfill their requirement with a commercial item. No other provision of the FAR shall be construed as permitting an exception to the mandatory purchase of items on the Procurement List.

8.203 Evaluation and award.

When buying supplies and services on the Procurement List, agencies must obtain them from the designated central nonprofit agency, designated AbilityOne participating nonprofit agencies, or the DLA, GSA, or VA.

8.204 Postaward.

If the ordering office cannot resolve performance issues with the nonprofit agency, the ordering office must refer the matter to the applicable central nonprofit agency and, if necessary, to the AbilityOne Commission for appropriate resolution.

8.2-1

This page intentionally left blank.

8.2-2

SUBPART 8.3 - ACQUISITIONS FROM FEDERAL PRISON INDUSTRIES, INC 8.305

Subpart 8.3 - Acquisitions From Federal Prison Industries, Inc

8.301 General.

When buying supplies or services from FPI (also known as UNICOR), agencies must follow the requirements of this subpart and UNICOR's ordering procedures.

8.302 Exclusion.

Agencies must not enter into any contract with FPI that allows an inmate worker access to any?

- (a) Classified data;
- (b) Geographic data regarding the location of?
 - (1) Surface and subsurface infrastructure providing communications or water or electrical power distribution;
 - (2) Pipelines that distribute natural gas, bulk petroleum products, or other commodities; or
 - (3) Other utilities; or
- (c) Personal or financial information about any individual private citizen, including information relating to such person's

real property however described, without the prior consent of the individual.

8.303 Presolicitation.

In accordance with 10 U.S.C. 3905 and Section 637 of Division H of the Consolidated Appropriations Act, 2005 (Pub. L. 108-447) (18 U.S.C. 4124 note), agencies must?

- (a) Before purchasing an item of supply listed in the FPI Schedule, conduct market research to determine whether the

FPI item is comparable to supplies available from the private sector that best meet the Government's needs in terms of price, quality, and time of delivery. This is a unilateral determination made at the discretion of the contracting officer. The

arbitration provisions of 18 U.S.C. 4124(b) do not apply;

- (b) Prepare a written determination that includes supporting rationale explaining the assessment of price, quality, and time

of delivery, based on the results of market research comparing the FPI item to supplies available from the private sector.

8.304 Solicitation.

After making the determination in 8.303?

- (a) If the FPI item is comparable, agencies must purchase the item from FPI, unless a waiver is obtained; and
- (b) If the FPI item is not comparable in one or more of the areas of price, quality, and time of delivery, agencies must?

- (1) Acquire the item using?

- (i) Competitive procedures; or

- (ii) The fair opportunity procedures in part 16, if placing an order under a multiple award delivery-order contract;

and

- (2) Include FPI in the solicitation process and consider a timely offer from FPI for award in accordance with the item

description or specifications, and evaluation factors in the solicitation.

- (i) If the solicitation is available through the Governmentwide point of entry (Contract Opportunities at SAM.gov), agencies do not need to provide a separate copy of the solicitation to FPI;

- (ii) If the solicitation is not available through Contract Opportunities at SAM.gov, agencies must provide a copy of the solicitation to FPI

- (iii) When using a multiple award schedule issued under the procedures in subpart 8.4 or when using the fair opportunity procedures in part 16?

- (A) Establish and communicate to FPI the item description or specifications, and evaluation factors that will be

used as the basis for selecting a source, so an offer from FPI can be evaluated on the same basis as the contract or schedule

holder; and

(B) Consider a timely offer from FPI.

8.305 Evaluation and award.

Agencies must make award to the source offering the item determined by the agency to provide the best value to the Government. If the agency determines that the FPI item provides the best value to the Government as a result of FPI's response to a competitive solicitation, follow UNICOR's ordering procedures.

8.3-1

8.306 FEDERAL ACQUISITION REGULATION

8.306 Postaward.

Disputes regarding price, quality, character, or suitability of supplies produced by FPI, except for determinations under **8.303 of this section, are subject to arbitration as specified in 18 U.S.C. 4124.**

8.3-2

SUBPART 8.4 - ORDERING UNDER THE FEDERAL SUPPLY SCHEDULE 8.401

Subpart 8.4 - Ordering under the Federal Supply Schedule

8.401 General.

(a) The Federal Supply Schedule (FSS) program is directed and managed by GSA and provides Federal agencies with a simplified process to obtain commercial supplies and commercial services at prices associated with volume buying. Agencies must use the FSS, in accordance with 8.104.

(b) When placing an order under the FSS, agencies must follow the ordering procedures established by GSA and found at

538.71. GSA ordering procedures follow all statutory requirements, including the requirements of section 863 of the Duncan

Hunter National Defense Authorization Act for Fiscal Year 2009, and have been coordinated with the Office of Federal Procurement Policy for consistency with governmentwide acquisition policy.

8.4-2

SUBPART 8.5 - ACQUISITIONS OF GOVERNMENT PRINTING AND RELATED SUPPLIES 8.502

Subpart 8.5 - Acquisitions of Government printing and related supplies

8.501 General.

When acquiring Government printing and related supplies, agencies must follow the requirements of this subpart and Government Publishing Office's (GPO) ordering procedures.

8.502 Policy.

Government printing must be done by or through the GPO (44 U.S.C. 501), unless?

- (a) The GPO cannot provide the printing service (44 U.S.C. 504);
- (b) The printing is done in field printing plants operated by an executive agency (44 U.S.C. 501(2));
- (c) The printing is acquired by an executive agency from allotments for contract field printing (44 U.S.C. 501(2)); or
- (d) The printing is specifically authorized by statute to be done other than by the GPO.

SUBPART 9.1 - RESPONSIBLE PROSPECTIVE CONTRACTORS 9.104-3

Subpart 9.1 - Responsible Prospective Contractors

9.101 Definitions.

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of

fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals

Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the

Federal and state level but only in connection with performance of a Federal contract or grant. It does not include agency

actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

9.102 Applicability.

(a) This subpart applies to all proposed contracts with any prospective contractor located?

(1) In the United States or its outlying areas; or

(2) Elsewhere, unless application of this subpart would be inconsistent with the laws or customs where the contractor is

located.

(b) This subpart does not apply to proposed contracts with?

(1) Foreign, State, or local governments;

(2) Other U.S. Government agencies or their instrumentalities; or

(3) Agencies for people who are blind or severely disabled (see part 8).

9.103 Policy.

(a) Award contracts to responsible prospective contractors only.

(b) Do not award a contract award before making an affirmative determination of contractor responsibility. Without a clear indication of responsibility, make a determination of nonresponsibility. If the prospective contractor is a small business

concern, comply with the subpart, Certificates of Competency and Determinations of Responsibility, at part 19.

(c) A prospective contractor must affirmatively demonstrate its responsibility, including, when necessary, the responsibility of its proposed subcontractors.

9.104 Standards.

9.104-1 General standards.

To demonstrate responsibility, a prospective contractor must?

(a) Have adequate financial resources to perform the contract, or the ability to obtain them (see 9.104-3(a));

(b) Be able to comply with the required or proposed delivery or performance schedule, taking into consideration all existing commercial and governmental business commitments;

(c) Have a satisfactory performance record (see 9.104-3(b) and part 42). Do not determine a prospective contractor responsible or nonresponsible based solely on a lack of relevant performance history;

(d) Have a satisfactory record of integrity and business ethics (see part 42);

(e) Have the necessary organization, experience, accounting and operational controls, and technical skills, or the ability

to obtain them (including, as appropriate, such elements as production control procedures, property control systems, quality assurance measures, and safety programs applicable to materials to be produced or services to be performed by the

prospective contractor and subcontractors) (see 9.104-3(a));

(f) Have the necessary production, construction, and technical equipment and facilities, or the ability to obtain them (see

9.104-3(a)); and

(g) Be otherwise qualified and eligible to receive an award under applicable laws and regulations (see also inverted domestic corporation prohibition at 9.108).

9.104-2 [Reserved]

9.104-3 Application of standards.

(a) Ability to obtain resources. Except to the extent that a prospective contractor has sufficient resources or proposes to

perform the contract by subcontracting, require evidence of the prospective contractor's ability to obtain required resources

(see 9.104-1(a), (e), and (f)).

9.1-1

9.104-4 FEDERAL ACQUISITION REGULATION

(b) Satisfactory performance record. Presume a prospective contractor is nonresponsible if it is or recently been deficient

in contract performance, unless the circumstances were beyond the contractor's control, or the contractor has taken corrective action.

(c) (1) Affiliated concerns. Treat a prospective contractor's affiliated concerns as separate entities. However, consider the

affiliate's past performance and integrity when these factors may adversely affect the prospective contractor's responsibility.

(2) Joint ventures. For a prospective contractor that is a joint venture, consider the past performance of the joint

venture. If the joint venture lacks past performance, consider the past performance of each party to the joint venture.

(d) (1) Small business concerns. Upon determining a small business concern is nonresponsible, refer the matter to the

Small Business Administration, which will decide whether to issue a Certificate of Competency (see part 19).

(2) Limitations on subcontracting. A small business that does not agree to or is unable to comply with the limitations

on subcontracting may be nonresponsible (see 52.219-3, Notice of HUBZone Set-Aside or Sole-Source Award; 52.219-4,

Notice of Price Evaluation Preference for HUBZone Small Business Concerns; 52.219-14, Limitations on Subcontracting;

52.219-27, Notice of Set-Aside for, or Sole-Source Award to, Service-Disabled Veteran-Owned Small Business (SDVOSB)

Concerns Eligible Under the SDVOSB Program; 52.219-29, Notice of Set-Aside for, or Sole-Source Award to, Economically

Disadvantaged Women-Owned Small Business Concerns; and 52.219-30, Notice of Set-Aside for, or Sole-Source Award to,

Women-Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program).

9.104-4 Subcontractor responsibility.

(a) Generally, prospective prime contractors are responsible for determining the responsibility of their prospective subcontractors (but see 9.405 and 9.405-2 regarding debarred, ineligible, or suspended firms). Determinations of prospective

subcontractor responsibility may affect determination of the prospective prime contractor's responsibility. Require a prospective contractor to provide written evidence of a proposed subcontractor's responsibility, as necessary to determine

responsibility.

(b) When in the Government's interest, the contracting officer may directly determine a prospective subcontractor's responsibility (e.g., when the prospective contract involves medical supplies, urgent requirements, or substantial subcontracting). Apply the same standards for prime contractor responsibility to determine subcontractor responsibility.

9.104-5 Representation and certifications regarding responsibility matters.

(a) When an offeror provides an affirmative response in paragraph (a)(1) of the provision at 52.209-5, Certification Regarding Responsibility Matters, or paragraph (h) of provision 52.212-3?

(1) Promptly, upon receipt of offers, request the offeror submit additional information to demonstrate the offeror's

responsibility to the contracting officer (but see 9.405); and

(2) Notify, prior to proceeding with award, in accordance with agency procedures (see 9.406-3(a) and 9.407-3(a)),

the agency official responsible for initiating debarment or suspension action, where an offeror indicates the existence of an

indictment, charge, conviction, or civil judgment, or Federal tax delinquency in an amount that exceeds \$15,000.

(b) The provision at 52.209-11, Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law, implements sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) (and similar provisions in subsequent appropriations acts).

When an

offeror provides an affirmative response in paragraph (b)(1) or (2) of the provision at 52.209-11 or paragraph (q)(2)(i) or (ii)

of provision 52.212-3?

(1) Promptly, upon receipt of offers, request the offeror submit additional information to demonstrate the offeror's

responsibility to the contracting officer (but see 9.405);

(2) Notify, in accordance with agency procedures (see 9.406-3(a) and 9.407-3(a)), the agency official responsible for

initiating debarment or suspension action; and

(3) Not award to the offeror unless an agency suspending and debarring official has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the

interests

of the Government.

(c) If the provision at 52.209-12, Certification Regarding Tax Matters, is applicable (see 9.104-7(e)), do not award any

contract in an amount greater than \$7 million, unless the offeror affirmatively certified in its offer, as required by paragraph

(b)(1), (2), and (3) of the provision.

(d) Give offerors who do not furnish the representation or certifications or other requested information an opportunity to

remedy the deficiency. Failure to furnish the representation or certifications or other requested information may render the

offeror nonresponsible.

9.1-2

SUBPART 9.1 - RESPONSIBLE PROSPECTIVE CONTRACTORS 9.104-7

9.104-6 Federal Awardee Performance and Integrity Information System.

(a) (1) Before awarding a contract exceeding the simplified acquisition threshold, review the performance and integrity

information available in the Federal Awardee Performance and Integrity Information System (FAPIS), (available at <https://www.cpars.gov>, including FAPIS information from the System for Award Management (SAM) Exclusions and the

Contractor Performance Assessment Reporting System (CPARS).

(2) FAPIS also identifies?

(i) An affiliate that is an immediate owner or subsidiary of the offeror, if any; and

(ii) All predecessors of the offeror that held a Federal contract or grant within the last three years.

(b) (1) When making a responsibility determination, consider all the information available through FAPIS regarding the offeror and any immediate owner, predecessor, or subsidiary identified for that offeror in FAPIS, as well as other past

performance information on the offeror (see part 42).

(2) For evaluation of information available through FAPIS relating to an affiliate of the offeror, see 9.104-3(c).

(3) For source selection evaluations of past performance, see 15.305(a)(2). Use sound judgment in determining the

weight and relevance of the information contained in FAPIS and how it relates to the present acquisition.

(4) Since FAPIS may contain information on any of the offeror's previous contracts and information covering a 5-

year period, some of that information might be irrelevant to a determination of present responsibility. For example, a prior

administrative action such as debarment, suspension, voluntary exclusion, or administrative agreement, that has expired

or otherwise been resolved, or information relating to contracts for completely different products or services, might be irrelevant.

(5) Because FAPIS is a database that provides information about prime contractors, the contracting officer posts

information about a subcontractor, such as trafficking in persons violations, to the record of the prime contractor (see

42.1503(h)(1)(v)). The prime contractor may post in FAPIS any mitigating factors. Consider any mitigating

factors posted

in FAPIIS by the prime contractor, such as degree of compliance by the prime contractor with the terms of FAR clause 52.222-50.

(c) Upon obtaining relevant information from FAPIIS regarding criminal, civil, or administrative proceedings in connection with the award or performance of a Government contract; terminations for default or cause; determinations of nonresponsibility because the contractor does not have a satisfactory performance record or a satisfactory record of integrity and business ethics; or comparable information relating to a grant, unless the contractor has already been debarred, suspended, or has agreed to a voluntary exclusion?

(1) Promptly request from the offeror additional information to demonstrate the offeror's responsibility (but see 9.405);

and

(2) Notify, prior to proceeding with award, in accordance with agency procedures (see 9.406-3(a) and 9.407-3(a)),

the agency official responsible for initiating debarment or suspension action, if the information appears appropriate for the official's consideration.

(d) Document the contract file for each contract exceeding the simplified acquisition threshold to indicate how the information in FAPIIS was considered in any responsibility determination, as well as the action that was taken as a result of the information. Document nonresponsibility determinations in FAPIIS in accordance with 9.105-2 (b)(2).

9.104-7 Solicitation provisions and contract clauses.

(a) Insert the provision at 52.209-5, Certification Regarding Responsibility Matters, in solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(b) Insert the provision at 52.209-7, Information Regarding Responsibility Matters, in solicitations where the resultant contract value is expected to exceed \$750,000.

(c) Insert the clause at 52.209-9, Updates of Publicly Available Information Regarding Responsibility Matters?

(1) In solicitations where the resultant contract value is expected to exceed \$750,000; and

(2) In contracts in which the offeror checked "has" in paragraph (b) of the provision at 52.209-7.

(d) Insert the provision at 52.209-11, Representation by Corporations Regarding Delinquent Tax Liability or a Felony

Conviction under any Federal Law, in all solicitations.

(e) For agencies receiving funds subject to section 523 of Division B of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and similar provisions in subsequent appropriations acts, insert the provision at

52.209-12, Certification Regarding Tax Matters, in solicitations where the resultant contract value (including options) might exceed \$7 million.

9.1-3**9.105 FEDERAL ACQUISITION REGULATION****9.105 Procedures.****9.105-1 Obtaining information.**

(a) Before determining responsibility, obtain information establishing that a prospective contractor currently meets the standards in 9.104.

(b) (1) Generally, obtain information regarding responsibility promptly after a bid opening or receipt of offers.

(2) For negotiated contracting, especially for research and development, consider obtaining information regarding responsibility before issuing the request for proposals. Limit such requests to information concerning the low bidder or those offerors in range for award.

(3) To the extent feasible, obtain or update information regarding financial resources and performance capability up to the date of award.

(c) When determining responsibility, consider information available through FAPIIS (see 9.104-6) regarding the offeror and any immediate owner, predecessor, or subsidiary identified for that offeror in FAPIIS. This includes information linked to FAPIIS such as from SAM, and CPARS, as well as any other relevant past performance information on the offeror (see

9.104-1(c) and part 42). In addition, consider using the following sources of information to support such determinations:

(1) Records and experience data, including verifiable knowledge of personnel within the contracting office, audit offices, contract administration offices, and other contracting offices.

(2) The prospective contractor, including bid or proposal information (including the certification at 52.209-5 or **52.212-3(h) (see 9.104-5)), questionnaire replies, financial data, information on production equipment, and personnel** information.

(3) Commercial sources of supplier information of a type offered to buyers in the private sector.

(4) Other sources, such as publications; suppliers, subcontractors, and customers of the prospective contractor; financial institutions; Government agencies; and business and trade associations.

(d) Contracting offices and cognizant contract administration offices that become aware of circumstances casting doubt on a contractor's ability to perform contracts successfully must promptly exchange relevant information.

9.105-2 Determinations and documentation.

(a) Determinations. (1) The contracting officer's signing of a contract constitutes a determination that the prospective contractor is responsible with respect to that contract. Upon rejecting an offer that would otherwise generate an award because the prospective contractor is nonresponsible, sign a determination of nonresponsibility, stating the grounds for nonresponsibility.

(2) If the contracting officer determines that a responsive small business lacks certain elements of responsibility, comply with the procedures in part 19. If, in response, the Small Business Administration issues a Certificate of Competency

for the small business concern (see part 19), award the contract to the concern.

(b) Support documentation. (1) Include in the contract file documents and reports supporting a determination of responsibility or nonresponsibility, including the use of FAPIIS information (see 9.104-6) and any applicable Certificate of

Competency.

(2) (i) Document the determination of nonresponsibility in FAPIIS (available at <https://www.cpars.gov>) if?

(A) The contract is valued at more than the simplified acquisition threshold;

(B) The determination of nonresponsibility is based on lack of satisfactory performance record or satisfactory

record of integrity and business ethics; and

(C) The Small Business Administration does not issue a Certificate of Competency.

(ii) Submit documentation regarding the nonresponsibility determination within three working days of making the determination.

(iii) All information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available (see section 3010 of Pub. L. 111-212). FAPIIS consists of two segments?

(A) The non-public segment, into which Government officials and contractors post information, which can only

be viewed by?

(1) Government personnel and authorized users performing business on behalf of the Government; or

(2) An offeror or contractor, when viewing data on itself; and

(B) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically

transferred after a waiting period of 14 calendar days, except for?

(1) Past performance reviews required by part 42;

9.1-4

SUBPART 9.1 - RESPONSIBLE PROSPECTIVE CONTRACTORS 9.108-5

(2) Information that was entered prior to April 15, 2011; or

(3) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (b)(2)(iv) of this section.

(iv) Do not post any information in the non-public segment of FAPIIS covered by a disclosure exemption under the Freedom of Information Act. If the contractor asserts within 7 calendar days, to the Government official who posted the

information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption

under the Freedom of Information Act, the Government official who posted the information must, within 7 calendar days, remove the posting from FAPIIS. Resolve the issue in accordance with agency Freedom of Information Act procedures prior

to reposting the releasable information.

9.105-3 Disclosure of preaward information.

Except as provided in part 24 concerning the Freedom of Information Act, do not release or disclose outside the Government information gathered for purposes of determining the responsibility of a prospective contractor.

9.106 [Reserved]

9.107 [Reserved]

9.108 Prohibition on contracting with inverted domestic corporations.

9.108-1 Definitions.

As used in this section-

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Subsidiary means an entity in which more than 50 percent of the entity is owned?

- (1) Directly by a parent corporation; or
- (2) Through another subsidiary of a parent corporation.

9.108-2 Authority.

Section 9.108 implements section 745 of Division D of the Consolidated Appropriations Act, 2008 (Pub. L. 110-161) and

its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions).

9.108-3 Prohibition.

(a) Do not use appropriated funds, or funds otherwise made available, for contracts with either an inverted domestic corporation, or a subsidiary of such a corporation, except as provided in paragraph (b) of this section and in 9.108-5, Waiver.

(b) This prohibition does not apply to any contract entered into before December 26, 2007, or to any task order issued pursuant to such a contract.

(c) Consult with legal counsel if, during the performance of a contract, a contractor becomes an inverted domestic corporation or a subsidiary of one.

9.108-4 Representation by the offeror.

(a) To be eligible for contract award, an offeror must represent that it is neither an inverted domestic corporation, nor a subsidiary of an inverted domestic corporation. Any offeror that cannot so represent is ineligible for award of a contract, unless waived in accordance with the procedures at 9.108-5.

(b) The contracting officer may rely on an offeror's representation that it is not an inverted domestic corporation unless reason exists to question the representation.

9.108-5 Waiver.

An agency head may waive the prohibition in subsection 9.108-3 and the requirement of subsection 9.108-4 for a specific contract if the agency head determines in writing that the waiver is required in the interest of national security and reports the waiver issuance to Congress.

9.1-5

9.108-6 FEDERAL ACQUISITION REGULATION

9.108-6 Solicitation provision and contract clause.

(a) Include the provision at 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations?Representation, in each solicitation for the acquisition of products or services (including construction).

(b) Include the clause at 52.209-10, Prohibition on Contracting with Inverted Domestic Corporations, in each solicitation and contract for the acquisition of products or services (including construction).

9.109 Prohibition on contracting with an entity involved in activities that violate arms control treaties or agreements

with the United States.

9.109-1 Authority.

This section implements 22 U.S.C. 2593e.

9.109-2 Prohibition.

Do not award, renew, or extend a contract with an entity identified as excluded in the System for Award Management, specifically for this subpart, based on involvement in activities that violate arms control treaties or agreements with the United States.

9.109-3 Exception.

The prohibition in 9.109-2 does not apply to contracts for the procurement of products or services along a major route of supply to a zone of active combat or major contingency operation, as specified in statute or by the cognizant Combatant

Commander, in consultation with the Chief of Mission. As of May 10, 2018, countries along the major route of supply to support operations in Afghanistan are Afghanistan, Georgia, the Kyrgyz Republic, Pakistan, the Republic of Armenia, the Republic of Azerbaijan, the Republic of Kazakhstan, the Republic of Tajikistan, the Republic of Uzbekistan, and Turkmenistan.

9.109-4 Certification by the offeror.

(a) To be eligible for contract award, an offeror must?

(1) Certify that it does not engage and has not engaged in any activity that contributed to or was a significant factor in

the President's or Secretary of State's determination that a foreign country is?

(i) In violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party; or

(ii) Not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state; and

(2) Similarly certify regarding any entity owned or controlled by the offeror; or

(3) Provide with its offer information that the President of the United States has?

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(b) If certifying in accordance with 52.209-13(b)(1), the Offeror is required to submit the certification with the offer. It is

not included in the annual representations and certifications in the System for Award Management.

(c) The contracting officer may rely on an offeror's certification unless reason exists to question the certification.

(d) Upon the determination of a false certification under 52.209-13, an offeror will be subject to such remedies as suspension or debarment under subpart 9.4, or termination of any contract resulting from the false certification. Debarments

pursued as a remedy under subpart 9.4 are for a period of not less than 2 years, inclusive of any suspension period, if suspension precedes a debarment (see 9.406-4(a)(1)(iii) and (a)(2)).

(e) The determinations referenced in 9.109-4(a)(1) are described in the most recent unclassified annual report provided

to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at

<https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>

9.109-5 Solicitation provision.

Unless the exception at 9.109-3 applies, include the provision at 52.209-13, Violation of Arms Control Treaties or Agreements? Certification, in each solicitation for the acquisition of products or services (including construction)

9.1-6

SUBPART 9.1 - RESPONSIBLE PROSPECTIVE CONTRACTORS 9.110-5

that exceeds the simplified acquisition threshold, other than solicitations for the acquisition of commercial products or commercial services.

9.110 Reserve Officer Training Corps and military recruiting on campus.

9.110-1 Definitions.

As used in this section?

Covered agency means?

- (1) The Department of Defense;
- (2) Any department or agency for which regular appropriations are made in a Department of Labor, Health and Human

Services, and Education, and Related Agencies Appropriations Act;

- (3) The Department of Homeland Security;
- (4) The National Nuclear Security Administration of the Department of Energy;
- (5) The Department of Transportation; or
- (6) The Central Intelligence Agency.

Institution of higher education means an institution that meets the requirements of 20 U.S.C. 1001 and includes all sub-elements of such an institution.

9.110-2 Authority

This section implements 10 U.S.C. 983.

9.110-3 Policy.

- (a) Except as provided in paragraph (b) of this section, 10 U.S.C. 983 prohibits a covered agency from providing funds by

contract to an institution of higher education if the Secretary of Defense determines that the institution has a policy or practice

that prohibits or in effect prevents?

- (1) The Secretary of a military department from maintaining, establishing, or operating a unit of the Senior Reserve

Officer Training Corps (ROTC) at that institution;

- (2) A student at that institution from enrolling in a unit of the Senior ROTC at another institution of higher education;
- (3) The Secretary of a military department or the Secretary of Homeland Security from gaining access to campuses, or

access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting in a manner that is at

least equal in quality and scope to the access to campuses and to students that is provided to any other employer; or

- (4) Military recruiters from accessing certain information pertaining to students (who are 17 years of age or older)

enrolled at that institution:

(i) Name, address, and telephone listings.

(ii) Date and place of birth, educational level, academic majors, degrees received, and the most recent educational institution enrolled in by the student.

(b) The prohibition in paragraph (a) of this section does not apply to an institution of higher education if the Secretary of

Defense determines that?

(1) The institution has ceased the policy or practice described in paragraph (a) of this section; or

(2) The institution has a long-standing policy of pacifism based on historical religious affiliation.

9.110-4 Procedures.

(a) If the Secretary of Defense determines, pursuant to the procedures at 32 CFR part 216, that an institution of higher

education is ineligible to receive funds from a covered agency because of a policy or practice described in 9.110-3, then the

Secretary of Defense will create an active exclusion record for the institution in the System for Award Management.

(b) Upon a determination described in paragraph (a), a covered agency must not solicit offers from, award contracts to,

or consent to subcontracts with the institution. This prohibition does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services, including commercially available

off-the-shelf items.

9.110-5 Contract clause.

Insert the clause at 52.209-14, Reserve Officer Training Corps and Military Recruiting on Campus, in solicitations and contracts expected to exceed the simplified acquisition threshold, with institutions of higher education, when using funds

9.1-7

9.110-5 FEDERAL ACQUISITION REGULATION

from a covered agency. Do not insert the clause in solicitations and contracts using part 12 for the acquisition of commercial

products and commercial services.

9.1-8

SUBPART 9.2 - QUALIFICATIONS REQUIREMENTS 9.202

Subpart 9.2 - Qualifications Requirements

9.200 Scope of subpart.

This subpart implements 10 U.S.C. 3243 and 41 U.S.C.3311.

9.201 Definitions.

As used in this subpart-

Qualified bidders list (QBL) means a list of bidders who have had their products examined and tested and who have satisfied all applicable qualification requirements for that product or have otherwise satisfied all applicable qualification requirements.

Qualified manufacturers list (QML) means a list of manufacturers who have had their products examined and tested and

who have satisfied all applicable qualification requirements for that product.

9.202 Policy.

(a) (1) Before establishing a qualification requirement, the head of the agency must prepare a written justification?

(i) Stating the necessity for the qualification requirement and specifying why the qualification requirement must be demonstrated before contract award;

(ii) Estimating the likely costs for testing and evaluation which will be incurred by the potential offeror to become qualified; and

(iii) Specifying all requirements that a potential offeror (or its product) must satisfy to become qualified.

(2) Specify only the least restrictive qualification requirements necessary to meet agency purposes.

(3) Upon request, provide potential offerors?

(i) All requirements that they or their products must satisfy to become qualified; and

(ii) At their expense (but see 9.204(a)(2) with regard to small businesses), a prompt opportunity to demonstrate their

abilities to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned,

or of another agency obtained through interagency agreements or under contract, or other methods approved by the agency

(including use of approved testing and evaluation services not provided under contract to the agency).

(4) If the services in (a)(3)(ii) of this section are under contract, select only those contractors to provide testing and

evaluation services that are?

(i) Not expected to benefit from an absence of additional qualified sources; and

(ii) Required by their contracts to adhere to any restriction on technical data asserted by the potential offeror seeking

qualification.

(5) Promptly inform a potential offeror seeking qualification whether it attained qualification and, in the event it has

not, promptly furnish them specific reasons why it did attain qualification.

(b) (1) When justified under the circumstances, the agency activity responsible for establishing a qualification requirement must submit to the advocate for competition for the procuring activity responsible for purchasing the item subject to the qualification requirement, a determination that specifying a qualification requirement is unreasonable.

(2) After considering any comments from the advocate for competition reviewing the determination, the head of the

procuring activity may waive the requirements of 9.202(a)(1)(ii) through (5) of this section for up to 2 years with respect to

the item subject to the qualification requirement. The waiver authority provided in this paragraph does not apply with respect

to qualification requirements contained in a QPL, QML, or QBL.

(3) The head of the procuring activity must furnish a copy of the waiver to the head of the agency or other official

responsible for actions under paragraph (a)(1) of this section).

(c) If a potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror (or its product) meets qualification standards, or can meet them before the date specified for award of the contract, do not deny the

potential offeror the opportunity to submit and have considered an offer for a contract solely because the potential offeror?

(1) Is not on a QPL, QML, or QBL maintained by the Department of Defense (DoD) or the National Aeronautics

and

Space Administration (NASA); or

(2) Has not been identified as meeting a qualification requirement established after October 19, 1984, by DoD

or

NASA; or

(3) Has not been identified as meeting a qualification requirement established by a civilian agency (not including

NASA).

9.2-1

9.203 FEDERAL ACQUISITION REGULATION

(d) The procedures in part 19 for referring matters to the Small Business Administration are not mandatory on the contracting officer when the basis for a referral would involve a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

(e) The contracting officer need not delay a proposed award to provide a potential offeror with an opportunity to demonstrate its ability to meet qualification standards. In addition, when approved by the head of an agency or designee, a

procurement need not be delayed in order to comply with paragraph (a) of this section.

(f) Within 7 years following enforcement of a QPL, QML, or QBL by DoD or NASA, or within 7 years after any qualification requirement was originally established by a civilian agency other than NASA, the qualification requirement must be examined and revalidated in accordance with the requirements of paragraph (a) of this section. For DoD and NASA,

qualification requirements, other than QPL's, QML's, and QBL's, must be examined and revalidated within 7 years after establishment of the requirement under paragraph (a) of this section. Any periods for which a waiver under paragraph (b) of

this section is in effect must be excluded in computing the 7 years within which review and revalidation must occur.

9.203 QPL's, QML's, and QBL's.

(a) Qualification and listing in a QPL, QML, or QBL is the process by which products are obtained from manufacturers

or distributors, examined and tested for compliance with specification requirements, or manufacturers or potential offerors,

are provided an opportunity to demonstrate their abilities to meet the standards specified for qualification. The names of successful products, manufacturers, or potential offerors are included on lists evidencing their status. Generally, qualification is performed in advance and independently of any specific acquisition action. After qualification, the products,

manufacturers, or potential offerors are included in a Federal or Military QPL, QML, or QBL. (See 9.202(a)(2) regarding any

product, manufacturer, or potential offeror not yet included on an applicable list.)

(b) Specifications requiring a qualified product are included?

(1) In the General Services Administration Index of Federal Specifications, Standards and Commercial Item Descriptions; and

(2) On the Department of Defense Acquisition Streamlining and Standardization Information System (ASSIST) website

at <https://assist.dla.mil>.

(c) Instructions concerning qualification procedures are included in the following publications:

(1) Federal Standardization Manual, FSPM-0001.

(2) Department of Defense Manual 4120.24, Defense Standardization Program (DSP) Procedures, (www.esd.whs.mil/

Directives/Issuances/dodm) as amended by Military Standards 961 and 962 (<https://assist.dla.mil>).

(d) The publications in paragraphs (b)(1) and (c)(1) of this section may be obtained from the address in 11.201(d)(1).

9.204 Responsibilities when establishing qualification requirements.

(a) Arranging publicity. If active competition on anticipated future qualification requirements is likely to be fewer than

two manufacturers or the products of two manufacturers, the activity responsible for establishment of the qualification requirements must?

(1) Periodically furnish through the Governmentwide point of entry (GPE) a notice seeking additional sources or

products for qualification unless the contracting officer determines that such publication would compromise the national security.

(2) Bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the

item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern

or a product manufactured by a small business concern which has met the standards specified for qualification and which

could reasonably be expected to compete for a contract for that requirement. However, such costs may be borne only upon a

determination in accordance with agency procedures that such additional qualified sources or products are likely to result in

cost savings from increased competition for future requirements sufficient to amortize the costs incurred by the agency within

a reasonable period, considering the duration and dollar value of anticipated future requirements. A prospective contractor

requesting the United States to bear testing and evaluation costs must certify as to its status as a small business concern under

section 3 of the Small Business Act in order to receive further consideration.

(b) Other responsibilities when establishing qualification requirements. (1) Qualifying products that meet specification

requirements.

(2) Listing manufacturers and suppliers whose products are qualified in accordance with agency procedures.

(3) Furnishing QPL's, OML's, or QBL's or the qualification requirements themselves to prospective offerors and the

public upon request (see 9.202(a)(2)(i)).

9.2-2

SUBPART 9.2 - QUALIFICATIONS REQUIREMENTS 9.206-1

(4) Clarifying, as necessary, qualification requirements.

(5) In appropriate cases, when requested by the contracting officer, providing concurrence in a decision not to enforce a

qualification requirement for a solicitation.

(6) Withdrawing or omitting qualification of a listed product, manufacturer or offeror, as necessary.

(7) Advising persons that furnished any list of products, manufacturers or offerors meeting a qualification requirement

and suppliers whose products are on any such list that?

(i) The list does not constitute endorsement of the product, manufacturer, or other source by the Government;

(ii) The products or sources listed have been qualified under the latest applicable specification;

(iii) The list may be amended without notice;

(iv) The listing of a product or source does not release the supplier from compliance with the specification; and

(v) Use of the list for advertising or publicity is permitted. However, the list must not state or imply that a particular product or source is the only product or source of that type qualified, or that the Government in any way recommends or endorses the products or the sources listed.

(8) Reexamining a qualified product or manufacturer when-

(i) The manufacturer has modified its product, or changed the material or the processing sufficiently so that the validity of previous qualification is questionable;

(ii) The requirements in the specification have been amended or revised sufficiently to affect the character of the product; or

(iii) Circumstances require confirmation that the product conforms with the specification.

9.205 Opportunity for qualification before award.

(a) If an agency determines that a qualification requirement is necessary, the agency activity responsible for establishing the requirement must?

(1) Urge manufacturers and other potential sources to demonstrate their ability to meet the standards specified for

qualification;

(2) When possible, give sufficient time to arrange for qualification before award; and

(3) Before establishing any qualification requirement, furnish notice through the GPE. The notice must include?

(i) A statement of the intent to establish a qualification requirement;

(ii) The specification number and name of the product;

(iii) The name and address of the activity to which to submit a request for the information and opportunity;

(iv) The anticipated date that the agency will begin awarding contracts subject to the qualification requirement;

(v) A precautionary notice that when a product is submitted for qualification testing, the applicant must furnish any specific information that may be requested of the manufacturer before testing will begin; and

(vi) The approximate time period following submission of a product for qualification testing within which the applicant will be notified whether the product passed or failed the qualification testing (see 9.202(a)(5)).

(b) The activity responsible for establishing a qualification requirement must keep any list maintained of those already

qualified open for inclusion of additional products, manufacturers, or other potential sources.

9.206 Acquisitions subject to qualification requirements.

9.206-1 General.

(a) Do not enforce any QPL, QML, or QBL without first complying with the requirements of 9.202(a). However, qualification requirements themselves, whether or not previously embodied in a QPL, QML, or QBL, in either of the following categories are enforceable:

(1) Any qualification requirement established by statute prior to October 30, 1984, for civilian agencies (not

including

NASA).

(2) Any qualification requirement established by statute or administrative action prior to October 19, 1984, for DOD or

NASA. Qualification requirements established after the above dates must comply with 9.202(a) to be enforceable.

(b) Except when the agency head determines that an emergency exists, whenever an agency elects not to enforce a

qualification requirement, the agency may not thereafter enforce that qualification requirement unless the agency complies

with 9.202(a).

9.2-3

9.206-2 FEDERAL ACQUISITION REGULATION

(c) If a qualification requirement applies, consider only those offers identified as meeting the requirement or included on

the applicable QPL, QML, or QBL, unless an offeror can satisfactorily demonstrate that it or its product, or its subcontractor

or its product, can meet the qualification standards before the date specified for award.

(d) If a component of an end item is subject to a qualification requirement, assure that all such components and their

qualification requirements are properly identified in the solicitation.

(e) In acquisitions subject to qualification requirements, take the following steps:

(1) Use presolicitation notices as appropriate to advise potential suppliers before issuing solicitations involving qualification requirements. The notices must identify the specification containing the qualification requirement and establish

an allowable time period, consistent with delivery requirements, for prospective offerors to demonstrate their abilities to meet

the qualification standards.

(2) Distribute solicitations to prospective contractors whether or not they have been identified as meeting applicable

qualification requirements.

(3) When appropriate, request in accordance with agency procedures that a qualification requirement not be enforced in

a particular acquisition and, if granted, so specify in the solicitation (see 9.206-1(b)).

(4) Forward requests from potential suppliers for information on a qualification requirement to the agency activity

responsible for establishing the requirement.

(5) Allow the maximum time, consistent with delivery requirements, between issuing the solicitation and the contract

award. As a minimum, comply with the time frames specified in part 5 when applicable.

9.206-2 Contract clause.

Insert the clause at 52.209-1, Qualification Requirements, in solicitations and contracts when the acquisition is subject to a

qualification requirement.

9.206-3 Competition.

(a) Presolicitation. If a qualification requirement applies to an acquisition, review the applicable QPL, QML, or QBL or

other identification of those sources meeting the requirement before issuing a solicitation to ascertain whether the number of

sources is adequate for competition. If the number of sources is inadequate, request the agency activity which established the

requirement to?

(1) Indicate the anticipated date on which any sources presently undergoing evaluation will have demonstrated their

abilities to meet the qualification to allow for rescheduling; or

(2) Indicate whether a means other than the qualification requirement is feasible for testing or demonstrating quality

assurance.

(b) Postsolicitation. Submit to the agency activity that established the qualification requirement the names and addresses

of concerns that expressed interest in the acquisition but are not included on the applicable QPL, QML, or QBL or identified

as meeting the qualification requirement. The activity will then assist interested concerns in meeting the standards specified

for qualification (see 9.202(a)(3) and (5)).

9.207 Changes in status regarding qualification requirements.

(a) Promptly report to the agency activity that established the qualification requirement any conditions meriting removal or

omission from a QPL, QML, or QBL or that affect whether a source should continue as identified as meeting the requirement.

These conditions exist when?

(1) Products or services are submitted for inspection or acceptance that do not meet the qualification requirement;

(2) Products or services were previously rejected and the defects were not corrected when resubmitted for inspection or

acceptance;

(3) A supplier fails to request reevaluation following change of location or ownership of the plant where the product

which met the qualification requirement was manufactured (see the clause at 52.209-1, Qualification Requirements);

(4) A manufacturer of a product which met the qualification requirement has discontinued manufacture of the product;

(5) A source requests removal from a QPL, QML, or QBL;

(6) A condition of meeting the qualification requirement was violated; e.g., advertising or publicity contrary to 9.204(b)

(7)(v);

(7) A revised specification imposes a new qualification requirement;

(8) Manufacturing or design changes have been incorporated in the qualification requirement;

(9) The source is listed in the System for Award Management Exclusions (see subpart 9.4); or

9.2-4

SUBPART 9.2 - QUALIFICATIONS REQUIREMENTS 9.207

(10) Performance of a contract subject to a qualification requirement is otherwise unsatisfactory.

(b) After considering these or other conditions related to whether a product or source continues to meet the standards

specified for qualification, an agency may take appropriate action without advance notification. The agency must, however,

promptly notify the affected parties if a product or source is removed from a QPL, QML, or QBL, or will no longer be identified as meeting the standards specified for qualification. This notice must contain specific information why the product

or source no longer meets the qualification requirement.

9.2-5

9.2-6

SUBPART 9.3 - FIRST ARTICLE TESTING AND APPROVAL 9.306

Subpart 9.3 - First Article Testing and Approval

9.301 Definition.

As used in this subpart?

Approval means the contracting officer's written notification to the contractor accepting the test results of the first article.

9.302 General.

First article testing and approval (testing and approval) ensures that the contractor can furnish a product conforming to all

contract requirements for acceptance. Before requiring testing and approval, consider the?

- (a) Impact on cost or time of delivery;
- (b) Risk to the Government of foregoing such test; and
- (c) Availability of other, less costly, methods of ensuring the desired quality.

9.303 Use.

Testing and approval may be appropriate when-

- (a) The contractor has not previously furnished the product to the Government;
- (b) The contractor previously furnished the product to the Government, but-
 - (1) Subsequent changes in processes or specifications have occurred;
 - (2) Production has been discontinued for an extended period of time; or
 - (3) The product acquired under a previous contract developed a problem during its life.
- (c) The product is described by a performance specification; or
- (d) An approved first article is essential to serve as a manufacturing standard.

9.304 Exceptions.

Normally, do not require testing and approval in contracts for?

- (a) Research or development;
- (b) Products requiring qualification before award (e.g., when an applicable qualified products list exists (see subpart 9.2));
- (c) Products normally sold in the commercial market; or
- (d) Products covered by complete and detailed technical specifications, unless the requirements are so novel or exacting

that the products might not meet the requirements without testing and approval.

9.305 Risk.

(a) To minimize contractor risk, provide sufficient time in the delivery schedule for acquisition of materials and components as well as for production after receipt of first article approval.

(b) Notwithstanding paragraph (a), the contracting officer may, before approval of the first article, authorize the contractor

to acquire specific materials or components or commence production to the extent necessary to meet the delivery schedule

(see Alternate II of the clause at 52.209-3, First Article Approval?Contractor Testing, and Alternate II of the clause at

52.209-4, First Article Approval?Government Testing. Costs incurred based on this authorization are allocable to the

contract for?

(1) Progress payments; and

(2) Termination settlements if the contract is terminated for the convenience of the Government.

9.306 Solicitation requirements.

Solicitations including a testing and approval requirement must?

(a) Provide, where the contractor is responsible for the first article approval testing?

(1) The performance or other characteristics that the first article must meet for approval;

(2) The detailed technical requirements for the tests necessary for approval; and

(3) The data the contractor must submit in the first article approval test report;

(b) Provide, where the Government is responsible for the first article approval testing?

(1) The performance or other characteristics that the first article must meet for approval; and

(2) The tests to which the first article will be subjected for approval;

(c) Inform offerors that the requirement may be waived when supplies identical or similar to those called for have previously been delivered by the offeror and accepted by the Government (see 52.209-3(h) and 52.209- 4(i));

9.3-1

9.307 FEDERAL ACQUISITION REGULATION

(d) Permit the submission of alternative offers, i.e., one including and the other excluding testing and approval (if eligible

under paragraph (c) of this section);

(e) State clearly the first article's relationship to the contract quantity (see paragraph (e) of the clause at 52.209-3, First

Article Approval?Contractor Testing, or 52.209-4, First Article Approval?Government Testing);

(f) Contain a delivery schedule for the production quantity (see 11.403). The delivery schedule may?

(1) Be the same whether or not testing and approval is waived; or

(2) Provide for earlier delivery when testing and approval is waived and the Government requires earlier delivery.

In the latter case, any resulting difference in delivery schedules must not be an evaluation factor for award. The clause at

52.209-4, First Article Approval?Government Testing, must contain the delivery schedule for the first article;

(g) Provide for the submission of contract numbers, if any, to document the offeror's eligibility under paragraph (c) of this

section;

(h) State whether the approved first article will serve as a manufacturing standard;

(i) Include the Government's estimated testing costs as an evaluation factor, if appropriate, when the Government is responsible for first article testing; and

(j) Inform offerors that the prices for first articles and first article tests in relation to production quantities must not be materially unbalanced (see 15.404-1(g)) if first article test items or tests are to be separately priced.

9.307 Administrative procedures.

(a) Before the contractor ships the first article, or the first article test report, to the Government laboratory or other activity responsible for approval, the contract administration office must provide that activity with as much advance notification as is feasible of the forthcoming shipment, and?

(1) Advise that activity of the contractual requirements for testing and approval, or evaluation, as appropriate;

(2) Call attention to the notice requirement in paragraph (b) of the clause at 52.209-3, First Article Approval? Contractor Testing, or 52.209-4, First Article Approval? Government Testing; and

(3) Request that the activity inform the contract administration office of the date when testing or evaluation will be completed.

(b) The Government laboratory or other activity responsible for first article testing or evaluation must inform the contracting office whether to approve, conditionally approve, or disapprove the first article. The contracting officer must then notify the contractor of the action taken and furnish a copy of the notice to the contract administration office. The notice must include the first article shipment number, when available, and the applicable line item number. Make any necessary changes in the drawings, designs, or specifications only under the Changes clause.

9.308 Contract clauses.

9.308-1 Testing performed by the contractor.

(a) (1) Insert the clause at 52.209-3, First Article Approval? Contractor Testing, in solicitations and contracts when intending a fixed-price contract that requires?

(i) First article approval; and

(ii) The contractor to conduct the first article testing.

(2) Use the clause with its Alternate I where the contract requires the contractor to produce the first article and the production quantity at the same facility.

(3) Use the clause with its Alternate II where necessary to authorize the contractor to purchase material or to commence production before first article approval.

(b) (1) Insert a clause substantially the same as the clause at 52.209-3, First Article Approval? Contractor Testing, in solicitations and contracts when intending a cost-reimbursement contract that requires?

(i) First article approval; and

(ii) The contractor to conduct the first article test.

(2) Insert the clause in paragraph (1) with its Alternate I where the contract requires the contractor to produce the first

article and the production quantity at the same facility.

- (3) Insert the clause in paragraph (1) with its Alternate II where necessary to authorize the contractor to purchase

material or to commence production before first article approval.

9.3-2

SUBPART 9.3 - FIRST ARTICLE TESTING AND APPROVAL 9.308-2

9.308-2 Testing performed by the Government.

(a) (1) Insert the clause at 52.209-4, First Article Approval?Government Testing, in solicitations and contracts when intending a fixed-price contract that requires first article approval and the Government will conduct the first article test.

- (2) Use the clause with its Alternate I where the contract requires the contractor to produce the first article and the

production quantity at the same facility.

- (3) Use the clause with its Alternate II where necessary to authorize the contractor to purchase material or to commence

production before first article approval.

- (b) (1) Insert a clause substantially the same as the clause at 52.209-4, First Article Approval?Government Testing, in

solicitations and contracts when intending a cost-reimbursement contract that requires?

- (i) First article approval; and
- (ii) The Government to conduct the first article test.

- (2) Use a clause substantially the same as the clause at 52.209-4, First Article Approval?Government Testing, with

its Alternate I where the contract requires the contractor to produce the first article and the production quantity at the same facility.

- (3) Use a clause substantially the same as the clause at 52.209-4, First Article Approval?Government Testing, with its

Alternate II where necessary to authorize the contractor to purchase material or to commence production before first article approval.

9.3-3

This page intentionally left blank.

9.3-4

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.403

Subpart 9.4 - Debarment, Suspension, and Ineligibility

9.400 Scope of subpart.

- (a) This subpart-

- (1) Prescribes policies and procedures governing the debarment and suspension of contractors by agencies for the

causes given in 9.406-2 and 9.407-2;

- (2) Provides for the listing of contractors debarred, suspended, proposed for debarment, and declared ineligible (see the

definition of "ineligible" in 2.101); and

- (3) Sets forth the consequences of this listing.

(b) Although this subpart does cover the listing of ineligible contractors (9.404) and the effect of this listing (9.405), it does not prescribe policies and procedures governing declarations of ineligibility except for contractors that have been declared ineligible pursuant to 10 U.S.C. 983 (see 9.110, and 9.405-1(b)).

(c) For Federal Acquisition Supply Chain Security Act (FASCSA) orders, see part 40.

9.401 Applicability.

In accordance with Public Law 103-355, Section 2455 (31 U.S.C. 6101, note), and Executive Order 12689, any debarment, suspension or other Governmentwide exclusion initiated under the Nonprocurement Common Rule implementing

Executive Order 12549 on or after August 25, 1995, must be recognized by and effective for Executive Branch agencies

as a debarment or suspension under this subpart. Similarly, any debarment, suspension, proposed debarment or other Governmentwide exclusion initiated on or after August 25, 1995, under this subpart must also be recognized by and effective

for those agencies and participants as an exclusion under the Nonprocurement Common Rule.

9.402 Policy.

(a) Agencies must solicit offers from, award contracts to, and consent to subcontracts with responsible contractors only.

Debarment and suspension are discretionary actions that, taken in accordance with this subpart, are appropriate means to

effectuate this policy.

(b) The serious nature of debarment and suspension requires that these remedies be imposed only in the public interest for

the Government's protection and not for purposes of punishment. Agencies must impose debarment or suspension to protect

the Government's interest and only for the causes and in accordance with the procedures in this subpart.

(c) Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.

(d) When more than one agency has an interest in the debarment or suspension of a contractor, the Interagency Suspension

and Debarment Committee, established under Executive Order 12549, and authorized by section 873 of the National Defense

Authorization Act for Fiscal Year 2009 (Pub. L. 110-417) (31 U.S.C. 6101 note), must resolve the lead agency issue and

coordinate such resolution among all interested agencies prior to the initiation of any suspension, debarment, or related administrative action by any agency.

(e) Agencies must establish appropriate procedures to implement the policies and procedures of this subpart.

9.403 Definitions.

As used in this subpart?

Administrative agreement means an agreement between an agency suspending and debarring official and the contractor

used to resolve a suspension or debarment proceeding, or a potential suspension or debarment proceeding.

Affiliates.?

(1) Business concerns, organizations, or individuals are affiliates of each other if, directly or indirectly?

(i) Either one controls or has the power to control the other; or

(ii) A third party controls or has the power to control both.

(2) Indicia of control include, but are not limited to, interlocking management or ownership, identity of interests among

family members, shared facilities and equipment, common use of employees, or a business entity organized following the

debarment, suspension, or proposed debarment of a contractor which has the same or similar management, ownership, or

principal employees as the contractor that was debarred, suspended, or proposed for debarment.

Agency means any executive department, military department or defense agency, or other agency or independent establishment of the executive branch.

9.4-1

9.404 FEDERAL ACQUISITION REGULATION

Civil judgment means the disposition of a civil action by any court of competent jurisdiction, whether by verdict, decision, settlement, stipulation, other disposition that creates a civil liability for the complained of wrongful acts, or a final

determination of liability under the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801-3812).

Contractor means any individual or other legal entity that?

(1) Directly or indirectly (e.g., through an affiliate), submits offers for or is awarded, or reasonably may be expected to

submit offers for or be awarded, a Government contract, including a contract for carriage under Government or commercial

bills of lading, or a subcontract under a Government contract; or

(2) Conducts business, or reasonably may be expected to conduct business, with the Government as an agent or

representative of another contractor.

Conviction means?

(1) A judgment or any other determination of guilt of a criminal offense by any court of competent jurisdiction, whether

entered upon a verdict or plea, including a plea of nolo contendere; or

(2) Any other resolution that is the functional equivalent of a judgment establishing a criminal offense by a court of

competent jurisdiction, including probation before judgment and deferred prosecution. A disposition without the participation

of the court is the functional equivalent of a judgment only if it includes an admission of guilt.

Indictment means indictment for a criminal offense. An information or other filing by competent authority charging a criminal offense is given the same effect as an indictment.

Legal proceedings means any civil judicial proceeding to which the Government is a party or any criminal proceeding.

The term includes appeals from such proceedings.

Nonprocurement Common Rule means the procedures used by Federal Executive Agencies to suspend, debar, or exclude

individuals or entities from participation in nonprocurement transactions under Executive Order 12549. Examples of nonprocurement transactions are grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans,

loan guarantees, subsidies, insurance, payments for specified use, and donation agreements. See 2 CFR part 180 and

agency

enacting regulations in 2 CFR subtitle B.

Pre-notice letter means a written correspondence issued to a contractor in a suspension or debarment matter, which does

not immediately result in an exclusion or ineligibility. The letter is issued at the discretion of the suspending and debarring

official. The letter is not a mandatory step in the suspension or debarment process.

Unfair trade practices means the commission of any of the following acts by a contractor:

- (1) A violation of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) as determined by the International Trade

Commission.

- (2) A violation, as determined by the Secretary of Commerce, of any agreement of the group known as the ?Coordination Committee? for purposes of the Export Administration Act of 1979 (50 U.S.C. App. 2401, et seq.) or any similar bilateral or multilateral export control agreement.

- (3) A knowingly false statement regarding a material element of a certification concerning the foreign content of an

item of supply, as determined by the Secretary of the Department or the head of the agency to which such certificate was

furnished.

Voluntary exclusion means a contractor's written agreement to be excluded for a period under the terms of a settlement between the contractor and the suspending and debarring official of one or more agencies. A voluntary exclusion must have

Governmentwide effect.

9.404 Exclusions in the System for Award Management.

- (a) The General Services Administration?

- (1) Operates the web-based System for Award Management (SAM) at <https://www.sam.gov>, which contains exclusion

records; and

- (2) Provides technical assistance to Federal agencies in the use of SAM.

- (b) An exclusion record in SAM contains the?

- (1) Legal business name and physical address of the entities debarred, suspended, proposed for debarment, voluntarily

excluded, declared ineligible, or excluded or disqualified under the nonprocurement common rule, with cross-references when more than one name is involved in a single action;

- (2) Name of the agency or other authority taking the action;

- (3) Cause for the action (see 9.406-2 and 9.407-2 for causes authorized under this subpart) or other statutory or

regulatory authority;

- (4) Effect of the action;

9.4-2

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.405-1

- (5) Termination date for each listing;

- (6) Unique Entity Identifier;

- (7) Social Security Number (SSN), Employer Identification Number (EIN), or other Taxpayer Identification

Number

(TIN), if available; and

(8) Name and telephone number of the agency point of contact for the action.

(c) Each agency must?

(1) Identify the individual(s) responsible for entering and updating exclusions data in SAM and assign the appropriate

roles;

(2) Remove the exclusion roles in SAM when the individual leaves the organization or changes functions;

(3) For each exclusion, including each voluntary exclusion, accomplished by the agency?

(i) Enter the information required by paragraph (b) of this section within 3 business days after the action becomes effective;

(ii) Determine whether it is legally permitted to enter the SSN, EIN, or other TIN, under agency authority to suspend or debar; and

(iii) Update the exclusion record in SAM, generally within 5 business days after modifying or rescinding an action;

(4) In accordance with internal retention procedures, maintain records relating to each debarment, suspension, proposed

debarment, or voluntary exclusion taken or entered into by the agency;

(5) Establish procedures to ensure that the agency does not solicit offers from, award contracts to, or consent to

subcontracts with contractors who have an active exclusion record in SAM, except as otherwise provided in this subpart; and

(6) Direct inquiries concerning listed contractors and other entities to the agency or other authority that took the action.

9.405 Effect of listing.

(a) Contractors debarred, suspended, proposed for debarment, or voluntarily excluded, are excluded from receiving contracts, and agencies must not solicit offers from, award contracts to, or consent to subcontracts with these contractors,

unless the agency head determines that a compelling reason exists for such action (see 9.405-1(a)(2), 9.405-2, 9.406-1(d),

9.407-1(d), and 26.505(e)). Contractors debarred, suspended, proposed for debarment, or voluntarily excluded, are also

excluded from conducting business with the Government as agents or representatives of other contractors.

(b) Contractors and other entities that have an active exclusion record in SAM because they have been declared ineligible

based on statutory or other regulatory procedures are excluded from receiving contracts, and if applicable, subcontracts,

under the conditions and for the period set forth in the statute or regulation. Do not solicit offers from, award contracts to, or

consent to subcontracts with these contractors under those conditions and for that period.

(c) Do not enter into, renew, or extend contracts with contractors that have been declared ineligible pursuant to 22 U.S.C.

2593e.

(d) Contractors debarred, suspended, proposed for debarment, or voluntarily excluded, are excluded from acting as individual sureties (see part 28).

(e) (1) After the opening of bids or receipt of proposals or quotes, review the exclusion records in SAM.

(2) Bids received from any listed contractor in response to an invitation for bids must be entered on the abstract of bids

and then rejected unless the agency head determines in writing that compelling reason exists to consider the bid.

(3) Unless the agency head determines in writing that a compelling reason exists otherwise, do not evaluate for award

or include in the competitive range proposals, quotations, or offers received from, and do not conduct discussions with, a listed offeror during a period of ineligibility. If the period of ineligibility expires or is terminated prior to award, the contracting officer may, but is not required to, consider such proposals, quotations, or offers.

(4) Immediately prior to award, review again the exclusion records in SAM to ensure that no award is made to a listed

contractor.

9.405-1 Continuation of current contracts.

(a) Contractors debarred, suspended, proposed for debarment, or voluntarily excluded . (1) Notwithstanding the debarment, suspension, proposed debarment, or voluntary exclusion, of a contractor, agencies may continue contracts or subcontracts in existence at the time the contractor was debarred, suspended, proposed for debarment, or voluntarily

excluded, unless the agency head directs otherwise. A decision as to the type of termination action, if any, to be taken should

be made only after review by agency contracting and technical personnel and by counsel to ensure the propriety of the proposed action.

9.4-3

9.405-2 FEDERAL ACQUISITION REGULATION

(2) For contractors debarred, suspended, proposed for debarment, or voluntarily excluded, unless the agency head

makes a written determination of the compelling reasons for doing so, ordering activities must not?

(i) Place orders exceeding the guaranteed minimum under indefinite quantity contracts;

(ii) Place orders under Federal Supply Schedule contracts, blanket purchase agreements, or basic ordering agreements; or

(iii) Add new work, exercise options, or otherwise extend the duration of current contracts or orders.

(b) Ineligible contractors. A covered agency, as defined in 9.110-1, must terminate existing contracts and must not place

new orders or award new contracts with contractors that have been declared ineligible pursuant to 10 U.S.C. 983 (see 9.110),

except for contracts at or below the simplified acquisition threshold or contracts for the acquisition of commercial products

and commercial services.

9.405-2 Restrictions on subcontracting.

(a) If an offeror proposes a contractor debarred, suspended, proposed for debarment, or voluntarily excluded, as a subcontractor for any subcontract subject to Government consent (see part 44), do not consent to such subcontracts unless

the agency head states in writing the compelling reasons for this approval action. (See 9.405 concerning declarations of ineligibility affecting subcontracting.)

(b) The Government suspends or debars contractors to protect the Government's interests. Contractors are

prohibited

from entering into any subcontract in excess of \$45,000, other than a subcontract for a commercially available off-the-shelf item, with a contractor that has been debarred, suspended, proposed for debarment, or voluntarily excluded, unless

a compelling reason exists to do so. If a contractor intends to enter into a subcontract in excess of \$45,000, other than a

subcontract for a commercially available off-the-shelf item, with a party that is debarred, suspended, proposed for debarment,

or voluntarily excluded, as evidenced by the party's having an active exclusion record in SAM (see 9.404), a corporate officer

or designee of the contractor is required by operation of the clause at 52.209-6, Protecting the Government's Interest when

Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded, to notify the contracting officer, in writing, before entering into such subcontract. For contracts for the acquisition of commercial products,

the notification requirement applies only for first-tier subcontracts. For all other contracts, the notification requirement applies to subcontracts at any tier. The notice must provide the following:

(1) The name of the subcontractor;

(2) The contractor's knowledge of the reasons for the subcontractor having an active exclusion record in SAM;

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its having an active exclusion

record in SAM; and

(4) The systems and procedures the contractor has established to ensure that it is fully protecting the Government's

interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, proposed

debarment, or voluntary exclusion.

(c) The contractor's compliance with the requirements of 52.209-6 will be reviewed during Contractor Purchasing System

Reviews (see part 44).

9.406 Debarment.

9.406-1 General.

(a) The suspending and debarring official is responsible for determining whether debarment is in the Government's interest. The suspending and debarring official may, in the public interest, debar a contractor for any of the causes in 9.406-2,

using the procedures in 9.406-3. The existence of a cause for debarment, however, does not necessarily require that the

contractor be debarred; the seriousness of the contractor's acts or omissions and any remedial measures, mitigating factors,

or aggravating factors should be considered in making any debarment decision. Before arriving at any debarment decision,

the suspending and debarring official should consider factors such as the following (some of the factors below could apply to

individuals such as contractors that are individuals, and are so marked):

(1) Whether the contractor had effective standards of conduct and internal control systems in place at the time of the activity which constitutes cause for debarment or had adopted such procedures prior to any Government investigation of the activity cited as a cause for debarment.

(2) Whether the contractor (including an individual) brought the activity cited as a cause for debarment to the attention of the appropriate Government agency in a timely manner.

9.4-4

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.406-1

(3) Whether the contractor has fully investigated the circumstances surrounding the cause for debarment (or the individual cooperated with the investigation) and, if so, made the result of the investigation available to the suspending and debarring official.

(4) Whether the contractor (including an individual) cooperated fully with Government agencies during the investigation and any court or administrative action.

(5) Whether the contractor (including an individual) has paid or has agreed to pay all criminal, civil, and administrative liability for the improper activity, including any investigative or administrative costs incurred by the Government, and has made or agreed to make full restitution.

(6) Whether the contractor has taken appropriate disciplinary action against the individuals responsible for the activity which constitutes cause for debarment.

(7) Whether the contractor (including an individual) has implemented or agreed to implement remedial measures, including any identified by the Government.

(8) (i) Whether the contractor has instituted or agreed to institute new or revised review and control procedures, ethics training, or other relevant training programs.

(ii) For an individual, whether the individual has attended relevant remediation training.

(9) Whether the contractor (including an individual) has had adequate time to eliminate the circumstances that led to the cause for debarment.

(10) (i) Whether the contractor's management recognizes, accepts, and understands the seriousness of the misconduct giving rise to the cause for debarment and has implemented programs to prevent recurrence.

(ii) For an individual, whether the individual recognizes, accepts, and understands the seriousness of the misconduct giving rise to the cause for debarment and has adopted practices to prevent recurrence.

(11) Whether the contractor (including an individual) has a pattern or prior history of wrongdoing, the frequency of incidents and/or duration of the wrongdoing, and the actual or potential harm or impact that results, or may result, from the

wrongdoing.

(12) Whether and to what extent the contractor (including an individual) planned, initiated, or carried out the wrongdoing, and the kind of positions within the contractor's organization held by the individual involved in the wrongdoing.

(13) Whether the wrongdoing was pervasive within the contractor's organization.

(14) Whether the individual or the contractor's principals tolerated the offense.

(15) Whether the contractor (including an individual) is or has been excluded or disqualified by an agency of the

Federal Government or has not been allowed to participate in State or local contracts or assistance agreements on a basis of

conduct similar to one or more of the causes for debarment specified in this subpart.

(16) Whether the contractor (including an individual) has entered into an administrative agreement with a Federal

agency or a similar agreement with a State or local government that is not Governmentwide but is based on conduct similar to

one or more of the causes for debarment specified in this subpart.

(17) Whether any other factors meriting consideration exist for the contractor (including an individual) under the circumstances.

(b) The existence or nonexistence of any aggravating or mitigating factors or remedial measures such as set forth in

paragraph (a) of this section is not necessarily determinative of a contractor's present responsibility. Accordingly, if a cause

for debarment exists, the contractor has the burden of demonstrating, to the satisfaction of the suspending and debarring

official, its present responsibility and that debarment is not necessary.

(c) Debarment constitutes debarment of all divisions or other organizational elements of the contractor, unless the debarment decision is limited by its terms to specific divisions, organizational elements, or commodities. The suspending and

debarring official may extend the debarment decision to include any affiliates of the contractor if they are?

(1) Specifically named; and

(2) Given written notice of the proposed debarment and an opportunity to respond (see 9.406-3(c)).

(d) A contractor's debarment, or proposed debarment, is effective throughout the executive branch of the Government,

unless the agency head or a designee (except see 26.505(e)) states in writing the compelling reasons justifying continued

business dealings between that agency and the contractor.

(e) (1) When the suspending and debarring official has authority to debar contractors from both contracts pursuant to the

Federal Acquisition Regulation in this chapter and contracts for the purchase of Federal personal property pursuant to the

Federal Management Regulation (FMR) in 41 CFR part 102-38, that official must consider simultaneously debarring the contractor from the award of acquisition contracts and from the purchase of Federal personal property.

9.4-5

9.406-2 FEDERAL ACQUISITION REGULATION

(2) A notice debarring a contractor from the award of acquisition contracts and from the purchase of Federal personal

property must include the appropriate FAR and FMR citations.

9.406-2 Causes for debarment.

The suspending and debarring official may debar-

(a) A contractor for a conviction of or civil judgment for-

(1) Commission of fraud or a criminal offense in connection with-

(i) Obtaining;

(ii) Attempting to obtain; or

(iii) Performing a public contract or subcontract.

(2) Violation of Federal or State antitrust statutes relating to the submission of offers;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) Intentionally affixing a label bearing a "Made in America" inscription (or any inscription having the same meaning)

to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the United States

or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558)); or

(5) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and

directly affects the present responsibility of a Government contractor or subcontractor.

(b) (1) A contractor, based upon a preponderance of the evidence, for any of the following?

(i) Violation of the terms of a Government contract or subcontract so serious as to justify debarment, such as?

(A) Willful failure to perform in accordance with the terms of one or more contracts; or

(B) A history of failure to perform, or of unsatisfactory performance of, one or more contracts.

(ii) Violations of 41 U.S.C. chapter 81, Drug-Free Workplace, as indicated by?

(A) Failure to comply with the requirements of the clause at 52.226-7, Drug-Free Workplace; or

(B) Such a number of contractor employees convicted of violations of criminal drug statutes occurring in the

workplace as to indicate that the contractor has failed to make a good faith effort to provide a drug-free workplace (see

26.504).

(iii) Intentionally affixing a label bearing a "Made in America" inscription (or any inscription having the same meaning) to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the

United States or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558)).

(iv) Commission of an unfair trade practice as defined in 9.403 (see Section 201 of the Defense Production Act (Public Law 102-558)).

(v) Delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2). Federal taxes are considered

delinquent for purposes of this provision if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability

is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the

liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the

tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action

is precluded.

(vi) Knowing failure by a principal, until 3 years after final payment on any Government contract awarded to the contractor, to timely disclose to the Government, in connection with the award, performance, or closeout of the contract or a

subcontract thereunder, credible evidence of?

(A) Violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in

Title 18 of the United States Code;

(B) Violation of the civil False Claims Act (31 U.S.C. 3729-3733); or

(C) Significant overpayment(s) on the contract, other than overpayments resulting from contract financing payments as defined in 32.001.

(vii) Determination of a false certification under 52.209-13, Violation of Arms Control Treaties or Agreements-Certification.

(viii) Failure to comply with the requirements of clause 52.222-90, Addressing DEI Discrimination by Federal Contractors.

9.4-6

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.406-3

(2) A contractor, based on a determination by the Secretary of Homeland Security or the Attorney General of the

United States, that the contractor is not in compliance with Immigration and Nationality Act employment provisions (see Executive Order 12989, as amended by Executive Order 13286). Such determination is not reviewable in the debarment proceedings.

(c) A contractor or subcontractor based on any other cause of so serious or compelling a nature that it affects the present

responsibility of the contractor or subcontractor.

9.406-3 Procedures.

(a) Investigation and referral. Agencies must establish procedures for the prompt reporting, investigation, and referral to

the suspending and debarring official of matters appropriate for that official's consideration.

(b) Decision-making process (1) Agencies must establish procedures governing the debarment decision-making process

that are as informal as is practicable, consistent with principles of fundamental fairness. These procedures must afford the

contractor (and any specifically named affiliates) an opportunity to submit, in person, in writing, or through a representative,

information and argument in opposition to the proposed debarment. If the suspending and debarring official extends the opportunity for the contractor to submit material in opposition, then the official should also give a deadline for submission

of materials. The suspending and debarring official may use flexible procedures to allow a contractor to present matters

in

opposition in person or remotely through appropriate technology; if so, the suspending and debarring official should change

the notice in paragraph (c)(3)(iv) of this section to include those flexible procedures.

(2) In actions not based upon a conviction or civil judgment, if the contractor's submission in opposition raises a genuine dispute over facts material to the proposed debarment, agencies must also?

(i) Afford the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents; and

(ii) Make a transcribed record of the proceedings and make it available at cost to the contractor upon request, unless

the contractor and the agency, by mutual agreement, waive the requirement for a transcript.

(c) Notice of proposal to debar. The suspending and debarring official must issue the notice of proposed debarment to the

contractor and any specifically named affiliates.

(1) The written notice must be sent?

(i) By U.S. mail or private delivery service to the last known street address, with delivery notification service;

(ii) By email to the point of contact email address in the contractor's SAM registration, if any, or to the last known email address as confirmed by the agency; or

(iii) By certified mail to the last known street address with return receipt requested.

(2) The notice must be sent?

(i) To the contractor, the contractor's identified counsel for purposes of the administrative proceedings, or the contractor's agent for service of process; and

(ii) For each specifically named affiliate, to the affiliate itself, the affiliate's identified counsel for purposes of the administrative proceedings, or the affiliate's agent for service of process.

(3) The notice must state?

(i) That debarment is being considered;

(ii) The reasons for the proposed debarment in terms sufficient to put the contractor on notice of the conduct or transaction(s) upon which it is based;

(iii) The cause(s) relied upon under 9.406-2 for proposing debarment;

(iv) That, within 30 days after receipt of the notice, the contractor may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts;

(v) The agency's procedures governing debarment decision making;

(vi) The effect of the issuance of the notice of proposed debarment;

(vii) The potential effect of an actual debarment;

(viii) That in addition to any information and argument in opposition to a proposed debarment, the contractor must identify?

(A) Specific facts that contradict the statements contained in the notice of proposed debarment.

Include any

information about any of the factors listed in 9.406-1(a). A general denial is insufficient to raise a genuine dispute over facts

material to the proposed debarment;

9.4-7

9.406-3 FEDERAL ACQUISITION REGULATION

(B) All existing, proposed, or prior exclusions and all similar actions taken by Federal, State, or local agencies, including administrative agreements that affect only those agencies;

(C) All criminal and civil proceedings not included in the notice of proposed debarment that grew out of facts relevant to the cause(s) stated in the notice; and

(D) All of the contractor's affiliates; and

(ix) That if the contractor fails to disclose the information in paragraph (c)(3)(viii) of this section, or provides false information, the agency taking the action may seek further criminal, civil, or administrative action against the contractor, as appropriate.

(d) Suspending and debarring official's decision. (1) In actions based upon a conviction or civil judgment, or in which no genuine dispute exists over material facts, the suspending and debarring official must decide based on all the information in the administrative record, including any contractor submission. If no suspension is in effect, the suspending and debarring official must make a decision within 45 days from the date that the official administrative record is closed, unless the suspending and debarring official extends this period for good cause. The official record closes upon the expiration of the contractor's time to submit information and argument in opposition, including any extensions (see paragraph (b)(1) of this section).

(2) (i) In actions in which additional proceedings are necessary as to disputed material facts, written findings of fact must be prepared. The suspending and debarring official must base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.

(ii) The debarring official may refer matters involving disputed material facts to another official for findings of fact. The suspending and debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(iii) The suspending and debarring official must make a decision after the conclusion of the proceedings with respect to disputed facts.

(3) In any action in which the proposed debarment is not based upon a conviction or civil judgment, the cause for debarment must be established by a preponderance of the evidence.

(e) Notice of suspending and debarring official's decision. (1) If the suspending and debarring official decides to impose debarment, the contractor and any affiliates involved must be given prompt notice using the procedures in paragraphs (c)(1) and (2) of this section?

(i) Referring to the notice of proposed debarment;

(ii) Specifying the reasons for debarment;

(iii) Stating the period of debarment, including effective dates; and

(iv) Advising that the debarment is effective throughout the executive branch of the Government unless the head of an agency or a designee makes the statement called for by 9.406-1(d).

(2) If debarment is not imposed, the suspending and debarring official must promptly notify the contractor and any

affiliates involved, using the procedures in paragraphs (c)(1) and (2) of this section.

(f) Administrative agreements. (1) If the contractor enters into an administrative agreement with the Government in order to resolve a debarment or potential debarment proceeding, the suspending and debarring official must access the website (available at <https://www.cpars.gov>, then select FAPIIS), enter the requested information, and upload documentation

reflecting the administrative agreement.

(2) The suspending and debarring official is responsible for the timely and accurate submission of documentation

reflecting the administrative agreement. The submission should be made within 3 working days.

(3) With regard to information that may be covered by a disclosure exemption under the Freedom of Information Act,

the suspending and debarring official must follow the procedures at 9.105-2(b)(2)(iv).

(g) Voluntary exclusions. (1) If the contractor enters into a voluntary exclusion with the Government in order to resolve a

debarment or potential debarment matter, the suspending and debarring official must access the website (available at <https://>

www.sam.gov) and enter the requested information into the exclusions section of SAM (see 9.404(c)(3)).

(2) The suspending and debarring official is responsible for the timely and accurate submission of documentation

reflecting the voluntary exclusion. The submission should be made within 3 working days.

(3) Regarding information that may be covered by a disclosure exemption under the Freedom of Information Act, the

suspending and debarring official must follow the procedures at 9.105-2(b)(2)(iv).

(h) Pre-notice letters. Prior to initiating a proposed debarment, the suspending and debarring official has discretion to issue

a pre-notice letter. A pre-notice letter is not required to initiate debarment under this subpart. (See 9.403.)

9.4-8

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.407-1

9.406-4 Period of debarment.

(a) (1) Debarment must be for a period commensurate with the seriousness of the cause(s). Generally, debarment should

not exceed 3 years, except that?

(i) Debarment for violation of the provisions of 41 U.S.C. chapter 81, Drug-Free Workplace (see 26.505) may be for a period not to exceed 5 years;

(ii) Debarments under 9.406-2(b)(2) must be for 1 year unless extended pursuant to paragraph (b) of this section; and

(iii) Debarments under 9.406-2(b)(1)(vii) must be for a period of not less than 2 years, inclusive of any suspension period, if suspension precedes a debarment (see paragraph (a)(2) of this section).

(2) If suspension precedes a debarment, the suspension period factors in determining the debarment period.

(b) The suspending and debarring official may extend the debarment for an additional period, if that official determines

that an extension is necessary to protect the Government's interest. However, a debarment may not be extended solely on

the basis of the facts and circumstances upon which the initial debarment action was based. Debarments under 9.406-2(b)(2)

may be extended for additional periods of one year if the Secretary of Homeland Security or the Attorney General determines

that the contractor continues to be in violation of the employment provisions of the Immigration and Nationality Act. Upon

determining that debarment for an additional period is necessary, the suspension and debarring official must follow the procedures in 9.406-3 to extend the debarment.

(c) The suspending and debarring official may reduce the period or extent of debarment, upon the contractor's request,

supported by documentation, for reasons such as?

- (1) Newly discovered material evidence;
- (2) Reversal of the conviction or civil judgment upon which the debarment was based;
- (3) Bona fide change in ownership or management;
- (4) Elimination of other causes for which the debarment was imposed; or
- (5) Other reasons the suspending and debarring official deems appropriate.

9.406-5 Scope of debarment.

(a) The fraudulent, criminal, or other seriously improper conduct of any officer, director, shareholder, partner, employee,

or other individual associated with a contractor may be imputed to the contractor when the conduct occurred in connection

with the individual's performance of duties for or on behalf of the contractor, or with the contractor's knowledge, approval, or

acquiescence. The contractor's acceptance of the benefits derived from the conduct is evidence of such knowledge, approval,

or acquiescence.

(b) The fraudulent, criminal, or other seriously improper conduct of a contractor may be imputed to any officer, director,

shareholder, partner, employee, or other individual associated with the contractor who participated in, knew of, or had reason

to know of the contractor's conduct.

(c) The fraudulent, criminal, or other seriously improper conduct of one contractor participating in a joint venture or similar arrangement may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint

venture or similar arrangement, or with the knowledge, approval, or acquiescence of these contractors. Acceptance of the

benefits derived from the conduct is evidence of such knowledge, approval, or acquiescence.

9.407 Suspension.

9.407-1 General.

(a) The suspending and debarring official may, in the public interest, suspend a contractor for any of the causes in

9.407-2,

using the procedures in 9.407-3.

(b) (1) Suspension is a serious action to be imposed based on adequate evidence, pending the completion of an investigation or legal proceedings, when the suspending and debarring official determines that immediate action is necessary to protect the Government's interest. In deciding whether immediate action is necessary to protect the Government's interest, the suspending and debarring official has wide discretion. The suspending and debarring official may infer the necessity for immediate action to protect the Government's interest either from the nature of the circumstances giving rise to a cause for suspension or from potential business relationships or involvement with a program of the Federal Government. In assessing the adequacy of the evidence, agencies should consider how much information is available, how credible it is given the circumstances, whether important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as contracts, inspection reports, and correspondence. An

9.4-9

9.407-2 FEDERAL ACQUISITION REGULATION

indictment or other official findings by Federal, State, or local bodies that determine factual and/or legal matters, constitutes adequate evidence for purposes of suspension actions.

(2) The existence of a cause for suspension does not necessarily require that the contractor be suspended.

The

suspending and debarring official should consider the seriousness of the contractor's acts or omissions and may, but is not

required to, consider remedial measures, mitigating factors, or aggravating factors, such as those in 9.406-1(a). A contractor

has the burden of promptly presenting to the suspending and debarring official evidence of remedial measures or mitigating

factors when it has reason to know that a cause for suspension exists. The existence or nonexistence of any remedial measures or aggravating or mitigating factors is not necessarily determinative of a contractor's present responsibility.

(c) Suspension constitutes suspension of all divisions or other organizational elements of the contractor, unless the suspension decision is limited by its terms to specific divisions, organizational elements, or commodities. The suspending and

debaring official may extend the suspension decision to include any affiliates of the contractor if they are?

(1) Specifically named; and

(2) Given written notice of the suspension and an opportunity to respond (see 9.407-3(c)).

(d) A contractor's suspension is effective throughout the executive branch of the Government, unless the agency head or a

designee (except see 26.505(e)) states in writing the compelling reasons justifying continued business dealings between that

agency and the contractor.

(e) (1) When the suspending and debarring official has authority to suspend contractors from both contracts pursuant to the Federal Acquisition Regulation in this chapter and contracts for the purchase of Federal personal property pursuant to Federal Management Regulation (FMR) in 41 CFR part 102-38, that official must consider simultaneously suspending the contractor from the award of acquisition contracts and from the purchase of Federal personal property.

(2) A notice suspending a contractor from the award of acquisition contracts and from the purchase of Federal personal property must include the appropriate FAR and FMR citations.

9.407-2 Causes for suspension.

- (a) The suspending and debarring official may suspend a contractor suspected, upon adequate evidence, of?
 - (1) Commission of fraud or a criminal offense in connection with-
 - (i) Obtaining;
 - (ii) Attempting to obtain; or
 - (iii) Performing a public contract or subcontract.
 - (2) Violation of Federal or State antitrust statutes relating to the submission of offers;
 - (3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
 - (4) Violations of 41 U.S.C. chapter 81, Drug-Free Workplace, as indicated by?
 - (i) Failure to comply with the requirements of the clause at 52.226-7, Drug-Free Workplace; or
 - (ii) Such a number of contractor employees convicted of violations of criminal drug statutes occurring in the workplace as to indicate that the contractor has failed to make a good faith effort to provide a drug-free workplace (see **26.504**);
 - (5) Intentionally affixing a label bearing a "Made in America" inscription (or any inscription having the same meaning) to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the United States or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558));
 - (6) Commission of an unfair trade practice as defined in 9.403 (see section 201 of the Defense Production Act (Pub. L. 102-558));
 - (7) Delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2). See the criteria at 9.406-2(b)(1)
 - (v) for determination of when taxes are delinquent;
 - (8) Knowing failure by a principal, until 3 years after final payment on any Government contract awarded to the contractor, to timely disclose to the Government, in connection with the award, performance, or closeout of the contract or a subcontract thereunder, credible evidence of?
 - (i) Violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code;
 - (ii) Violation of the civil False Claims Act (31 U.S.C. 3729-3733); or
 - (iii) Significant overpayment(s) on the contract, other than overpayments resulting from contract financing payments as defined in 32.001; or

9.4-10

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.407-3

(9) Determination of a false certification under 52.209-13, Violation of Arms Control Treaties or Agreements-Certification.

(10) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a Government contractor or subcontractor.

(11) Failure to comply with the requirements of clause 52.222-90, Addressing DEI Discrimination by Federal Contractors.

(b) Indictment for any of the causes in paragraph (a) of this section constitutes adequate evidence for suspension.

(c) The suspending and debarring official may upon adequate evidence also suspend a contractor for any other cause of so serious or compelling a nature that it affects the present responsibility of a Government contractor or subcontractor.

9.407-3 Procedures.

(a) Investigation and referral. Agencies must establish procedures for the prompt reporting, investigation, and referral to the suspending and debarring official of matters appropriate for that official's consideration.

(b) Decision-making process. (1) Agencies must establish procedures governing the suspension decision-making process that are as informal as is practicable, consistent with principles of fundamental fairness. These procedures must afford the contractor (and any specifically named affiliates) an opportunity, following the imposition of suspension, to submit, in person, in writing, or through a representative, information and argument in opposition to the suspension. If the suspending and debarring official extends the opportunity for the contractor to submit material in opposition, then the official should also give a deadline for submission of materials. The suspending and debarring official may use the flexible procedures in

9.406-3(b)(1); if so, the suspending and debarring official should change the notice in paragraph (c)(5) of this section to

include those flexible procedures.

(2) In actions not based on an indictment, if the contractor's submission in opposition raises a genuine dispute over facts material to the suspension and if no determination has been made, on the basis of Department of advice from the Department of Justice, a U.S. Attorney's office, State attorney general's office, or a State or local prosecutor's office, that substantial interests of the Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced, agencies must also?

(i) Afford the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents; and

(ii) Make a transcribed record of the proceedings and make it available at cost to the contractor upon request, unless the contractor and the agency, by mutual agreement, waive the requirement for a transcript.

(c) Notice of suspension. When a contractor and any specifically named affiliates are suspended, the suspending

and

debaring official must immediately notify them using the procedures in 9.406-3(c)(1) and (2). While describing any irregularities in terms sufficient to place the contractor on notice without disclosing the Government's evidence, the notice

must state?

- (1) That they have been suspended and that the suspension is based on an indictment or other adequate evidence that

the contractor has committed irregularities?

- (i) Of a serious nature in business dealings with the Government; or
- (ii) Seriously reflecting on the propriety of further Government dealings with the contractor;

- (2) That the suspension is for a temporary period pending the completion of an investigation and such legal proceedings

as may ensue;

- (3) Of the cause(s) relied upon under 9.407-2 for imposing suspension;
- (4) Of the effect of the suspension;

(5) That, within 30 days after receipt of the notice, the contractor may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension, including any additional specific information that

raises a genuine dispute over the material facts;

- (6) That additional proceedings to determine disputed material facts will be conducted unless?

- (i) The action is based on an indictment; or

(ii) A determination is made, on the basis of advice by the Department of Justice, a U.S. Attorney's office, State attorney general's office, or a State or local prosecutor's office, that the substantial interests of the Government in pending or

contemplated legal proceedings based on the same facts as the suspension would be prejudiced;

- (7) That, in addition to any information and argument in opposition to a suspension, the contractor must identify?

9.4-11

9.407-4 FEDERAL ACQUISITION REGULATION

(i) Specific facts that contradict the statements contained in the notice of suspension. Include any information about any of the factors listed in 9.406-1(a). A general denial is insufficient to raise a genuine dispute over facts material to the

suspension;

(ii) All existing, proposed, or prior exclusions and all similar actions taken by Federal, State, or local agencies, including administrative agreements that affect only those agencies;

(iii) All criminal and civil proceedings not included in the notice of suspension that grew out of facts relevant to the cause(s) stated in the notice; and

- (iv) All of the contractor's affiliates; and

(8) That if the contractor fails to disclose the information in paragraph (c)(7) of this section or provides false information, the agency taking the action may seek further criminal, civil, or administrative action against the contractor, as

appropriate.

- (d) Suspending and debaring official's decision. (1) The suspending and debaring official must make a decision based on

all the information in the administrative record, including any submission from the contractor, for actions?

- (i) Based on an indictment;
- (ii) In which the contractor's submission does not raise a genuine dispute over material facts; or
- (iii) In which additional proceedings to determine disputed material facts have been denied based on advice from the

Department of Justice, a U.S. Attorney's office, State attorney general's office, or a State or local prosecutor's office.

- (2) (i) In actions in which additional proceedings are necessary as to disputed material facts, written findings of fact

must be prepared. The suspending and debarring official must base the decision on the facts as found, together with any

information and argument submitted by the contractor and any other information in the administrative record.

(ii) The suspending and debarring official may refer matters involving disputed material facts to another official for findings of fact. The suspending and debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(iii) The suspending and debarring official must make a decision after the conclusion of the proceedings with respect to disputed facts.

- (3) The suspending and debarring official may modify or terminate the suspension or leave it in force (for example, see

9.406-4(c) for the reasons for reducing the period or extent of debarment). However, a decision to modify or terminate the

suspension must be without prejudice to the subsequent imposition of?

- (i) Suspension by any other agency; or
- (ii) Debarment by any agency.

- (4) Prompt written notice of the suspending and debarring official's decision must be sent to the contractor and any

affiliates involved, using the procedures in 9.406-3(c)(1) and (2).

- (e) Administrative agreement. (1) If the contractor enters into an administrative agreement with the Government to resolve

a suspension or potential suspension proceeding, the suspending and debarring official must access the website (available

at <https://www.cpars.gov>, then select FAPIIS), enter the requested information, and upload documentation reflecting the administrative agreement.

- (2) The suspending and debarring official is responsible for the timely and accurate submission of documentation

reflecting the administrative agreement. The submission should be made within 3 working days.

- (3) With regard to information that may be covered by a disclosure exemption under the Freedom of Information Act,

the suspending and debarring official must follow the procedures at 9.105-2(b)(2)(iv).

- (f) Voluntary exclusion. (1) If the contractor enters into a voluntary exclusion with the Government in order to resolve a

suspension or potential suspension proceeding, the suspending and debarring official must access the website (available at

<https://www.sam.gov>) and enter the requested information into the exclusions section of SAM (see 9.404(c)(3)).

(2) The suspending and debarring official is responsible for the timely and accurate submission of documentation

reflecting the voluntary exclusion. The submission should be made within 3 working days.

(3) Regarding information that may be covered by a disclosure exemption under the Freedom of Information Act, the

suspending and debarring official must follow the procedures at 9.105-2(b)(2)(iv).

(g) Pre-notice letter. Prior to initiating a suspension, the suspending and debarring official has discretion to issue a pre-

notice letter. A pre-notice letter is not required to initiate suspension under this subpart. (See 9.403.)

9.407-4 Period of suspension.

(a) Suspension must be for a temporary period pending the completion of an investigation and any ensuing legal proceedings, unless sooner terminated by the suspending and debarring official or as provided in this section.

9.4-12

SUBPART 9.4 - DEBARMENT, SUSPENSION, AND INELIGIBILITY 9.409

(b) If legal proceedings are not initiated within 12 months after the date of the suspension notice, the suspension must

be terminated unless an office of a U.S. Assistant Attorney General, U.S. Attorney, or other responsible prosecuting official

requests its extension, in which case it may be extended for an additional 6 months. In no event may a suspension extend

beyond 18 months, unless legal proceedings have been initiated within that period.

(c) The suspending and debarring official must notify the Department of Justice or other responsible prosecuting official

of the proposed termination of the suspension, at least 30 days before the 12-month period expires, to give that official an

opportunity to request an extension on the Government's behalf.

9.407-5 Scope of suspension.

The scope of suspension must be the same as that for debarment (see 9.406-5), except that the procedures of 9.407-3 must

be used in imposing suspension.

9.408 [Reserved]

9.409 Contract clause.

Insert the clause at 52.209-6, Protecting the Government's Interest when Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded, in solicitations and contracts where the contract value exceeds

\$45,000.

9.4-13

9.4-14

SUBPART 9.5 - ORGANIZATIONAL AND CONSULTANT CONFLICTS OF INTEREST 9.504

Subpart 9.5 - Organizational and Consultant Conflicts of Interest

9.500 Scope of subpart.

This subpart:

(a) Prescribes responsibilities, general rules, and procedures for identifying, evaluating, and resolving

organizational

conflicts of interest;

(b) Provides examples to assist contracting officers in applying these rules and procedures to individual contracting situations; and

(c) Implements section 8141 of the 1989 Department of Defense Appropriation Act, Pub.L.100-463, 102 Stat.2270-47

(1988).

9.501 Definition.

Marketing consultant, as used in this subpart, means any independent contractor who furnishes advice, information, direction, or assistance to an offeror or any other contractor in support of the preparation or submission of an offer for a Government contract by that offeror. An independent contractor is not a marketing consultant when rendering-

(1) Services excluded in subpart 37.2;

(2) Routine engineering and technical services (such as installation, operation, or maintenance of systems, equipment,

software, components, or facilities);

(3) Routine legal, actuarial, auditing, and accounting services; and

(4) Training services.

9.502 Applicability.

(a) This subpart applies to contracts with either profit or nonprofit organizations, including nonprofit organizations created

largely or wholly with Government funds.

(b) The applicability of this subpart is not limited to any particular kind of acquisition. However, organizational conflicts

of interest are more likely to occur in contracts involving-

(1) Management support services;

(2) Consultant or other professional services;

(3) Contractor performance of or assistance in technical evaluations; or

(4) Systems engineering and technical direction work performed by a contractor that does not have overall contractual

responsibility for development or production.

(c) An organizational conflict of interest may result when factors create an actual or potential conflict of interest on an

instant contract, or when the nature of the work to be performed on the instant contract creates an actual or potential conflict

of interest on a future acquisition. In the latter case, some restrictions on future activities of the contractor may be required.

(d) Acquisitions subject to unique agency organizational conflict of interest statutes are excluded from the requirements of

this subpart.

9.503 Waiver.

The agency head or a designee may waive any general rule or procedure of this subpart by determining that its application

in a particular situation would not be in the Government's interest. Any request for waiver must be in writing, must set forth

the extent of the conflict, and requires approval by the agency head or a designee. Agency heads must not delegate waiver

authority below the level of head of a contracting activity.

9.504 Contracting officer responsibilities.

(a) Using the general rules, procedures, and examples in this subpart, contracting officers must analyze planned acquisitions in order to?

(1) Identify and evaluate potential organizational conflicts of interest as early in the acquisition process as possible; and

(2) Avoid, neutralize, or mitigate significant potential conflicts before contract award.

(b) Contracting officers should obtain the advice of counsel and the assistance of appropriate technical specialists in evaluating potential conflicts and in developing any necessary solicitation provisions and contract clauses (see 9.506).

(c) Before issuing a solicitation for a contract that may involve a significant potential conflict, the contracting officer must recommend to the head of the contracting activity a course of action for resolving the conflict (see 9.506).

9.5-1

9.505 FEDERAL ACQUISITION REGULATION

(d) In fulfilling their responsibilities for identifying and resolving potential conflicts, contracting officers should avoid creating unnecessary delays, burdensome information requirements, and excessive documentation. The contracting officer's judgment need be formally documented only when a substantive issue concerning potential organizational conflict of interest exists.

(e) The contracting officer must award the contract to the apparent successful offeror unless a conflict of interest is determined to exist that cannot be avoided or mitigated. Before determining to withhold award based on conflict of interest considerations, the contracting officer must notify the contractor, provide the reasons therefor, and allow the contractor a reasonable opportunity to respond. If the contracting officer finds that it is in the best interest of the United States to award the contract notwithstanding a conflict of interest, a request for waiver must be submitted in accordance with 9.503. The waiver request and decision must be included in the contract file.

9.505 General rules.

The general rules in 9.505-1 through 9.505-4 prescribe limitations on contracting as the means of avoiding, neutralizing, or mitigating organizational conflicts of interest that might otherwise exist in the stated situations. Some illustrative examples

are provided in 9.508. Conflicts may arise in situations not expressly covered in this section 9.505 or in the examples in **9.508. Each individual contracting situation should be examined on the basis of its particular facts and the nature of the**

proposed contract. The exercise of common sense, good judgment, and sound discretion is required in both the decision on

whether a significant potential conflict exists and, if it does, the development of an appropriate means for resolving it. The

two underlying principles are?

(a) Preventing the existence of conflicting roles that might bias a contractor's judgment; and

(b) Preventing unfair competitive advantage. In addition to the other situations described in this subpart, an unfair competitive advantage exists where a contractor competing for award of any Federal contract possesses-

(1) Proprietary information that was obtained from a Government official without proper authorization; or

(2) Source selection information (as defined in 2.101) that is relevant to the contract but is not available to all competitors, and such information would assist that contractor in obtaining the contract.

9.505-1 Providing systems engineering and technical direction.

(a) A contractor that provides systems engineering and technical direction for a system but does not have overall contractual responsibility for its development, its integration, assembly, and checkout, or its production shall not?

(1) Be awarded a contract to supply the system or any of its major components; or

(2) Be a subcontractor or consultant to a supplier of the system or any of its major components.

(b) Systems engineering includes a combination of substantially all of the following activities: determining specifications,

identifying and resolving interface problems, developing test requirements, evaluating test data, and supervising design.

Technical direction includes a combination of substantially all of the following activities: developing work statements, determining parameters, directing other contractors' operations, and resolving technical controversies. In performing these

activities, a contractor occupies a highly influential and responsible position in determining a system's basic concepts and

supervising their execution by other contractors. Therefore this contractor should not be in a position to make decisions favoring its own products or capabilities.

9.505-2 Preparing specifications or work statements.

(a) (1) If a contractor prepares and furnishes complete specifications covering nondevelopmental items, to be used in

a competitive acquisition, that contractor shall not be allowed to furnish these items, either as a prime contractor or as a subcontractor, for a reasonable period of time including, at least, the duration of the initial production contract. The restriction

in this paragraph (a)(1) must not apply to?

(i) Contractors that furnish at Government request specifications or data regarding a product they provide, even though the specifications or data may have been paid for separately or in the price of the product; or

(ii) Situations in which contractors, acting as industry representatives, help Government agencies prepare, refine, or coordinate specifications, regardless of source, provided this assistance is supervised and controlled by Government representatives.

(2) If a single contractor drafts complete specifications for nondevelopmental equipment, it should be eliminated for a

reasonable time from competition for production based on the specifications. This should be done in order to avoid a situation

in which the contractor could draft specifications favoring its own products or capabilities. In this way the Government can

9.5-2

SUBPART 9.5 - ORGANIZATIONAL AND CONSULTANT CONFLICTS OF INTEREST 9.506

be assured of getting unbiased advice as to the content of the specifications and can avoid allegations of favoritism in the

award of production contracts.

(3) In development work, it is normal to select firms that have done the most advanced work in the field. These firms can be expected to design and develop around their own prior knowledge. Development contractors can frequently start production earlier and more knowledgeably than firms that did not participate in the development, and this can affect the time and quality of production, both of which are important to the Government. In many instances the Government may have financed the development. Thus, while the development contractor has a competitive advantage, it is an unavoidable one that is not considered unfair; hence no prohibition should be imposed.

(b) (1) If a contractor prepares, or assists in preparing, a work statement to be used in competitively acquiring a system or services-or provides material leading directly, predictably, and without delay to such a work statement-that contractor may not supply the system, major components of the system, or the services unless?

- (i) It is the sole source;
- (ii) It has participated in the development and design work; or
- (iii) More than one contractor has been involved in preparing the work statement.

(2) Agencies should normally prepare their own work statements. When contractor assistance is necessary, the contractor might often be in a position to favor its own products or capabilities. To overcome the possibility of bias, contractors are prohibited from supplying a system or services acquired on the basis of work statements growing out of their services, unless excepted in paragraph (b)(1) of this section.

(3) For the reasons given in paragraph (a)(3) of this section, no prohibitions are imposed on development and design contractors.

9.505-3 Providing evaluation services.

Contracts for the evaluation of offers for products or services must not be awarded to a contractor that will evaluate its own offers for products or services, or those of a competitor, without proper safeguards to ensure objectivity to protect the Government's interests.

9.505-4 Obtaining access to proprietary information.

(a) When a contractor requires proprietary information from others to perform a Government contract and can use the leverage of the contract to obtain it, the contractor may gain an unfair competitive advantage unless restrictions are imposed. These restrictions protect the information and encourage companies to provide it when necessary for contract performance. They are not intended to protect information?

- (1) Furnished voluntarily without limitations on its use; or
- (2) Available to the Government or contractor from other sources without restriction.

(b) A contractor that gains access to proprietary information of other companies in performing advisory and assistance

services for the Government must agree with the other companies to protect their information from unauthorized use or disclosure for as long as it remains proprietary and refrain from using the information for any purpose other than that for which it was furnished. The contracting officer must obtain copies of these agreements and ensure that they are properly executed.

(c) Contractors also obtain proprietary and source selection information by acquiring the services of marketing consultants

which, if used in connection with an acquisition, may give the contractor an unfair competitive advantage. Contractors should make inquiries of marketing consultants to ensure that the marketing consultant has provided no unfair competitive advantage.

9.506 Procedures.

(a) If information concerning prospective contractors is necessary to identify and evaluate potential organizational conflicts of interest or to develop recommended actions, contracting officers should first seek the information from within the

Government or from other readily available sources. Government sources include the files and the knowledge of personnel

within the contracting office, other contracting offices, the cognizant contract administration and audit activities and offices

concerned with contract financing. Non-Government sources include publications and commercial services, such as credit

rating services, trade and financial journals, and business directories and registers.

(b) If the contracting officer decides that a particular acquisition involves a significant potential organizational conflict of

interest, the contracting officer must, before issuing the solicitation, submit for approval to the chief of the contracting office

(unless a higher level official is designated by the agency)?

9.5-3

9.507 FEDERAL ACQUISITION REGULATION

(1) A written analysis, including a recommended course of action for avoiding, neutralizing, or mitigating the conflict,

based on the general rules in 9.505 or on another basis not expressly stated in that section;

(2) A draft solicitation provision (see 9.507-1); and

(3) If appropriate, a proposed contract clause (see 9.507-2).

(c) The approving official must?

(1) Review the contracting officer's analysis and recommended course of action, including the draft provision and any

proposed clause;

(2) Consider the benefits and detriments to the Government and prospective contractors; and

(3) Approve, modify, or reject the recommendations in writing.

(d) The contracting officer must?

(1) Include the approved provision(s) and any approved clause(s) in the solicitation or the contract, or both;

(2) Consider additional information provided by prospective contractors in response to the solicitation or during negotiations; and

(3) Before awarding the contract, resolve the conflict or the potential conflict in a manner consistent with the approval

or other direction by the head of the contracting activity.

(e) If, during the effective period of any restriction (see 9.507), a contracting office transfers acquisition responsibility for

the item or system involved, it must notify the successor contracting office of the restriction, and send a copy of the contract

under which the restriction was imposed.

9.507 Solicitation provisions and contract clause.

9.507-1 Solicitation provisions.

As indicated in the general rules in 9.505, significant potential organizational conflicts of interest are normally resolved by imposing some restraint, appropriate to the nature of the conflict, upon the contractor's eligibility for future contracts or

subcontracts. Therefore, affected solicitations must contain a provision that?

(a) Invites offerors? attention to this subpart;

(b) States the nature of the potential conflict as seen by the contracting officer;

(c) States the nature of the proposed restraint upon future contractor activities; and

(d) Depending on the nature of the acquisition, states whether or not the terms of any proposed clause and the application

of this subpart to the contract are subject to negotiation.

9.507-2 Contract clause.

(a) If, as a condition of award, the contractor's eligibility for future prime contract or subcontract awards will be restricted

or the contractor must agree to some other restraint, the solicitation must contain a proposed clause that specifies both the

nature and duration of the proposed restraint. The contracting officer must include the clause in the contract, first negotiating

the clause's final terms with the successful offeror, if it is appropriate to do so (see 9.506(d)).

(b) The restraint imposed by a clause must be limited to a fixed term of reasonable duration, sufficient to avoid the circumstance of unfair competitive advantage or potential bias. This period varies. It might end, for example, when the first production contract using the contractor's specifications or work statement is awarded, or it might extend through the

entire life of a system for which the contractor has performed systems engineering and technical direction. In every case, the

restriction must specify termination by a specific date or upon the occurrence of an identifiable event.

9.508 Examples.

The examples in paragraphs (a) through (i) of this section illustrate situations in which questions concerning organizational conflicts of interest may arise. They are not all inclusive, but are intended to help the contracting officer apply

the general rules in 9.505 to individual contract situations.

(a) Company A agrees to provide systems engineering and technical direction for the Navy on the powerplant for a group

of submarines (i.e., turbines, drive shafts, propellers, etc.). Company A should not be allowed to supply any powerplant components. Company A can, however, supply components of the submarine unrelated to the powerplant (e.g., fire control, navigation, etc.). In this example, the system is the powerplant, not the submarine, and the ban on supplying components is limited to those for the system only.

(b) Company A is the systems engineering and technical direction contractor for system X. After some progress, but before completion, the system is canceled. Later, system Y is developed to achieve the same purposes as system X, but in

9.5-4

SUBPART 9.5 - ORGANIZATIONAL AND CONSULTANT CONFLICTS OF INTEREST 9.508

a fundamentally different fashion. Company B is the systems engineering and technical direction contractor for system Y.

Company A may supply system Y or its components.

(c) Company A develops new electronic equipment and, as a result of this development, prepares specifications. Company A may supply the equipment.

(d) XYZ Tool Company and PQR Machinery Company, representing the American Tool Institute, work under Government supervision and control to refine specifications or to clarify the requirements of a specific acquisition. These companies may supply the item.

(e) Before an acquisition for information technology is conducted, Company A is awarded a contract to prepare data system specifications and equipment performance criteria to be used as the basis for the equipment competition. Since the specifications are the basis for selection of commercial hardware, a potential conflict of interest exists. Company A should be excluded from the initial follow-on information technology hardware acquisition.

(f) Company A receives a contract to define the detailed performance characteristics an agency will require for purchasing rocket fuels. Company A has not developed the particular fuels. When the definition contract is awarded, it is clear to both parties that the agency will use the performance characteristics arrived at to choose competitively a contractor to develop or produce the fuels. Company A may not be awarded this follow-on contract.

(g) Company A receives a contract to prepare a detailed plan for scientific and technical training of an agency's personnel. It suggests a curriculum that the agency endorses and incorporates in its request for proposals to institutions to establish and conduct the training. Company A may not be awarded a contract to conduct the training.

(h) Company A is selected to study the use of lasers in communications. The agency intends to ask that firms doing research in the field make proprietary information available to Company A. The contract must require Company A to?

(1) Enter into agreements with these firms to protect any proprietary information they provide; and

(2) Refrain from using the information in supplying lasers to the Government or for any purpose other than that for

which it was intended.

(i) An agency that regulates an industry wishes to develop a system for evaluating and processing license applications.

Contractor X helps develop the system and process the applications. Contractor X should be prohibited from acting as a

consultant to any of the applicants during its period of performance and for a reasonable period thereafter.

9.5-5

This page intentionally left blank.

9.5-6

part 9. Categorize technical proposals as?

Status: Unknown

part 9. Categorize technical proposals as?

(A) Acceptable;

(B) Reasonably susceptible of being made acceptable; or

(C) Unacceptable.

(ii) Categorize any proposal that modifies, or fails to conform to the essential requirements or specifications of, the request for technical proposals as unacceptable.

(6) (i) The contracting officer may proceed directly with step two if there are sufficient acceptable proposals to ensure adequate price competition under step two, and if further time, effort and delay to make additional technical proposals acceptable and thereby increase competition would not be in Government's interest. If this is not the case, the

contracting officer must request bidders whose technical proposals may be made acceptable to submit additional clarifying

or supplementing information. The contracting officer must identify the nature of the deficiencies in the technical proposal or

the nature of the additional information required. The contracting officer may also arrange discussions for this purpose. Do

not discuss a technical proposal with any bidder other than the submitter.

(ii) When requesting additional information, the contracting officer must establish an appropriate time for bidders to conclude discussions, if any, submit all additional information, and incorporate such additional information as part of their

technical proposals. The contracting officer may extend the due date for such submissions at their discretion. If the additional

information is incorporated into a technical proposal within the established time, and the contracting officer determines that

the technical proposal is acceptable, the contracting officer will update its category to acceptable.

(7) When a technical proposal is found unacceptable (either initially or after clarification), the contracting officer must promptly notify the bidder of the basis of the determination and that a revision of the technical proposal will not be considered. Upon written request, the contracting officer must debrief unsuccessful bidders (see part 15).

(8) Late technical proposals are governed by part 15.

14.2-7**14.211-3 FEDERAL ACQUISITION REGULATION**

(9) If it is necessary to discontinue two-step sealed bidding, the contracting officer must include a statement of the facts

and circumstances in the contract file. The contracting officer must notify each bidder in writing. When step one results in no

acceptable technical proposals or only one acceptable technical proposal, the acquisition may be continued by negotiation.

(b) Step two.

(1) Follow sealed bidding procedures except that invitations for bids in step two must?

(i) Be issued only to those bidders that submitted acceptable technical proposals in step one;

(ii) Include the provision prescribed in 14.207(o);

(iii) Clearly state that the bidder must comply with the specifications and the bidder's technical proposal; and

(iv) Not be synopsisized through the Governmentwide point of entry (GPE) as an acquisition opportunity nor publicly posted.

(2) List the names of firms that submitted acceptable proposals in step one through the GPE for the benefit of prospective subcontractors (see 5.201).

14.2-8**SUBPART 14.3 - EVALUATION AND AWARD 14.302****Subpart 14.3 - Evaluation and award****14.301 Submission, modification, or withdrawal of bids.**

(a) Bidders are responsible for submitting bids, and any modifications or withdrawals not later than the exact time set for

opening of bids. If no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government

office on the date that bids are due.

(b) Bids may be modified or withdrawn by any method authorized by the IFB.

(c) The receiving official receiving a paper bid submission, modification or withdrawal must?

(1) Write on the envelope?

(i) The date and time of receipt and by whom; and

(ii) The invitation for bid number; and

(2) Sign the envelope.

(3) Not disclose bid information before the time set for bid opening. See part 3 for requirements for protecting information including access to and disclosure thereof.

(d) A bidder or its authorized representative may withdraw a paper bid submission in person if, before the exact time set

for opening of bids, the identity of the persons requesting withdrawal is established and that person signs a receipt for the bid.

(e) A bidder may withdraw an electronically submitted bid if notice is received in the office designated in the IFB not later

than the exact time set for opening of bids. Upon withdrawal of an electronically transmitted bid, the data received must not

be viewed and, to the maximum extent practical, must be purged from primary and backup data storage systems.

(f) (1) Any bid, modification, or withdrawal of a bid received at the Government office designated in the IFB after the

exact time specified for receipt of bids is ?late? and will not be considered unless?

(i) It is received before award is made; and

(ii) The contracting officer determines that accepting the late bid would not unduly delay the acquisition; and?

(A) If it was transmitted through an electronic commerce method authorized by the IFB, it was received at the

initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for

receipt of bids; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for

receipt of bids and was under the Government's control prior to the time set for receipt of bids.

(2) The contracting officer will consider and may accept, a late modification of an otherwise successful bid, that makes

its terms more favorable to the Government, at any time it is received.

(g) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that

installation on the bid wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or

statements of Government personnel.

(h) If an emergency or unanticipated event interrupts normal Government processes so that bids cannot be received at the

Government office designated for receipt of bids by the exact time specified in the IFB, and urgent Government requirements

preclude amendment of the bid opening date, the time specified for receipt of bids will be deemed to be extended to the same

time of day specified in the IFB on the first work day on which normal Government processes resume.

(i) The contracting officer must promptly notify any bidder if its bid, modification, or withdrawal was received late, and

must inform the bidder whether its bid will be considered, unless contract award is imminent, and the notices prescribed in

14.309 would suffice.

(j) Late bids and modifications that are not considered must be held unopened, unless opened for identification, until after

award and then retained with other unsuccessful bids. However, any bid bond or guarantee must be returned.

(k) If available, the following must be included in the contract files for each late bid, modification, or withdrawal:

(1) The date and hour of receipt.

(2) A statement, with supporting rationale, regarding whether the bid was considered for award.

(3) The envelope, wrapper, or other evidence of the date of receipt.

14.302 Receipt of an unreadable electronic bid.

If a bid received at the Government facility by electronic data interchange is unreadable to the degree that conformance to

the essential requirements of the invitation for bids cannot be ascertained, the contracting officer must immediately notify the

bidder that the bid will be rejected unless the bidder provides clear and convincing evidence?

(a) Of the content of the bid as originally submitted; and

14.3-1

14.303 FEDERAL ACQUISITION REGULATION

(b) That the unreadable condition of the bid was caused by Government software or hardware error, malfunction, or other

Government mishandling.

14.303 Bid opening.

(a) All bids (including modifications) received before the time set for the opening of bids must be secured in a locked

bid box, a safe, or in a secure restricted-access electronic bid box (i.e., secure password protected file folder on a controlled

access Government computer network).

(b) The bid opening officer must inform those present at the public bid opening that the time set for the opening of bids

has arrived.

(c) (1) The bid opening officer must personally and publicly open all bids received before the exact time set for opening

of bids and if practical, read the bids aloud to all present.

(2) The public may not attend bid openings for classified acquisitions. No public record must be made of bids or bid

prices received in response to classified invitations for bids.

(d) The contracting officer may postpone the public bid opening if the contracting officer determines in writing there is

reason to believe?

(1) An important segment of bidders has been delayed in the mail;

(2) That there are delays in the communications system specified for transmission of bids;

(3) That circumstances beyond the control of the bidders have delayed their timely submission, (e.g., flood, fire, accident, weather, strikes, or Government equipment blackout or malfunction); or

(4) That emergency or unanticipated events has interrupted normal Governmental processes so that the scheduled

opening of bids is impractical.

(e) Publicly post a determination to postpone a bid opening under paragraph (d) of this section. If practical before issuance

of a formal amendment of the invitation, communicate the determination to the prospective bidders likely to attend the scheduled bid opening.

(f) In the case of paragraph (d)(4) of this section, and when urgent Government requirements preclude amendment of the

IFB, the time specified for opening of bids will be deemed to be extended to the same time of day specified in the IFB on the

first workday on which normal Government processes resume. In such cases, the time of actual bid opening must be deemed

to be the time set for bid opening for the purpose of determining ?late bids? under section 14.301. A note should be made on

the abstract of bids or otherwise added to the file explaining the circumstances of the postponement.

- (g) The bid opening officer must complete and certify the accuracy of the Standard Form 1409, Abstract of Offers, or

Optional Form 1419, Abstract of Offers?Construction (or automated equivalent) as soon after bid opening as practicable.

Where bid items are too numerous to warrant complete recording of all bids, abstract entries for individual bids may be limited to item numbers and bid prices. The contracting activity may use the extra columns and SF 1410, Abstract of Offers

?Continuation, and OF 1419A, Abstract of Offers?Construction, Continuation Sheet, to label and record such information

as necessary.

- (h) Abstracts of offers for unclassified acquisitions must be available for public inspection

14.304 Mistakes in bids.

14.304-1 General.

- (a) After the opening of bids, contracting officers must examine all bids for mistakes.

- (b) The authority to permit correction of bids is limited to bids that, as submitted, are responsive to the invitation. The

authority does not permit correction of bids to make them responsive.

- (c) If the contracting officer identifies an apparent mistake or has reason to believe that a mistake exists the contracting

officer must request the bidder verify its bid, calling attention to the suspected mistake.

- (d) If the bidder asserts a mistake in its bid, the matter must be processed in accordance with section 14.304. Such actions

must be taken before award.

14.304-2 Apparent clerical mistakes.

The contracting officer may correct any clerical mistake, apparent on its face in the bid, before award. The contracting officer first must obtain from the bidder a verification of the bid intended. Examples of apparent mistakes are obvious?

- (a) Misplacement of a decimal point;

- (b) Incorrect discounts (for example, 1 percent 10 days, 2 percent 20 days, 5 percent 30 days);

14.3-2

SUBPART 14.3 - EVALUATION AND AWARD 14.304-3

- (c) Reversal of the price f.o.b. destination and price f.o.b. origin; and

- (d) Mistake in designation of unit.

14.304-3 Other mistakes disclosed before award.

- (a) A bidder may request in writing permission from the contracting officer to correct a mistake after providing clear and

convincing evidence that establishes both the existence of the mistake, and the bid actually intended.

- (1) If the contracting officer accepts the clear and convincing evidence and the correction does not cause the bidder to

outbid other lower bids, the contracting officer may allow the correction.

- (2) If the correction causes the bidder to outbid one or more otherwise lower bids, the head of the agency may make a

determination to permit the correction only if the mistake and intended bid are obvious from the final bid documents.

- (b) If a bidder requests permission to withdraw a bid rather than correct it, the evidence is clear and convincing both as to

the existence of a mistake and as to the bid actually intended, and the bid, both as uncorrected and as corrected, is the lowest

received, the head of the agency may make a determination to correct the bid and not permit its withdrawal.

(c) If, under paragraph (a) or (b) of this section?

(1) The evidence of a mistake is clear and convincing only as to the mistake but not as to the intended bid, or

(2) The evidence reasonably supports the existence of a mistake but is not clear and convincing, an official above the

contracting officer, unless otherwise provided by agency procedures, may make a determination permitting the bidder to

withdraw the bid.

(d) If the evidence does not warrant a determination under paragraph (a), (b), or (c) above, the head of the agency may

make a determination that the bid be neither withdrawn nor corrected.

(e) Heads of agencies may delegate their authority to make the determinations under paragraphs (a), (b), (c), and (d) of this

section to a central authority, or a limited number of authorities as necessary, in their agencies, without power of redelegation.

(f) Before issuance of the determinations in this section, legal counsel within the respective agency must provide concurrence.

(g) Process Government suspected or alleged mistakes in bids as follows:

(1) A mere statement by the administrative officials that they are satisfied that an error was made is insufficient.

(2) The contracting officer must immediately request that the bidder verify its bid.

(i) Actions taken to verify bids must be sufficient to reasonably assure the contracting officer that the bid as confirmed is without error, or to elicit the allegation of a mistake by the bidder.

(ii) To assure that the bidder will be put on notice of a suspected mistake by the contracting officer, the bidder should be advised as appropriate?

(A) That its bid is so much lower than the other bids or the Government's estimate as to indicate a possibility of

error;

(B) Of important or unusual characteristics of the specifications;

(C) Of changes in requirements from previous purchases of a similar item; or

(D) Of any other information, proper for disclosure, that leads the contracting officer to believe that there is a

mistake in bid.

(3) If the bid is verified, the contracting officer must consider the bid as originally submitted.

(4) If the time for acceptance of bids is likely to expire before a decision can be made, the contracting officer must

request all bidders whose bids may become eligible for award to extend the time for acceptance of their bids.

(5) If the bidder whose bid is believed erroneous does not (or cannot) grant an extension of time, the bid must be

considered as originally submitted (but see paragraph (8) below).

(6) If the bidder alleges a mistake, the contracting officer must advise the bidder to make a written request to withdraw

or modify the bid. The request must be supported by statements (sworn statements, if possible) and must include all

pertinent evidence such as the bidder's file copy of the bid, the original worksheets and other data used in preparing the bid,

subcontractors' quotations, if any, published price lists, and any other evidence that establishes the existence of the error, the

manner in which it occurred, and the bid actually intended.

(7) When the bidder furnishes evidence supporting an alleged mistake, the contracting officer must refer the case to the

appropriate authority together with the following data:

(i) A signed copy of the bid involved.

(ii) A copy of the invitation for bids and any specifications or drawings relevant to the alleged mistake.

(iii) An abstract or record of the bids received.

14.3-3

14.305 FEDERAL ACQUISITION REGULATION

(iv) The bidder's written request to withdraw or modify the bid, together with the bidder's written statement and supporting evidence.

(v) A written statement by the contracting officer providing?

(A) A description of the supplies or services involved;

(B) The expiration date of the bid in question and of the other bids submitted;

(C) Specific information as to how and when the mistake was alleged;

(D) A summary of the evidence submitted by the bidder;

(E) In the event only one bid was received, a quotation of the most recent contract price for the supplies or

services involved or, in the absence of a recent comparable contract, the contracting officer's estimate of a fair price for the

supplies or services;

(F) Any additional pertinent evidence; and

(G) A recommendation to consider the bid as submitted or to authorize the bidder to withdraw or modify its bid.

(8) Where the bidder fails or refuses to furnish evidence in support of a suspected or alleged mistake, the contracting

officer must consider the bid as submitted unless?

(i) The amount of the bid is so far out of line with the amounts of other bids received, or with the amount estimated by the agency or determined by the contracting officer to be reasonable; or

(ii) There are other indications of error which are so clear, as to reasonably justify the conclusion that acceptance of the bid would be unfair to the bidder or to other bona fide bidders. The contracting officer must document all attempts made

to obtain the information required and the action taken with respect to the correct the bid.

(h) Each agency must maintain records of all determinations made in accordance with this section, the facts involved, and

the action taken in each case. Include copies of all such determinations in the file.

(i) Nothing contained in this section prevents an agency from submitting doubtful cases to the Comptroller General for

advance decision.

14.305 Cancellation of invitations after opening.

(a) Unless there is a compelling reason to reject all bids and cancel the invitation after the opening, the contracting officer

must award to the responsible bidder who submitted the lowest responsive bid.

(b) Invitations may be cancelled after opening when, consistent with paragraph (a) above and, the agency head determines

in writing that?

(1) Inadequate or ambiguous specifications were cited in the invitation;

(2) Specifications have been revised;

(3) The supplies or services being contracted for are no longer required;

(4) The invitation did not provide for consideration of all factors of cost to the Government, such as cost of transporting

Government-furnished property to bidders' plants;

(5) Bids received indicate that the needs of the Government can be satisfied by a less expensive article differing from

that for which the bids were invited;

(6) All otherwise acceptable bids received are at unreasonable prices, or only one bid is received and the contracting

officer cannot determine the reasonableness of the bid price;

(7) The bids were not independently arrived at in open competition, were collusive, or were submitted in bad faith (see

PART 10

PART 10 - MARKET RESEARCH 10.002

Status: Unknown

PART 10 - MARKET RESEARCH 10.002

10.000 Scope of part.

This part prescribes minimum requirements for conducting market research before procuring supplies and services.
See

section 887 of Public Law 114-92(41 U.S.C. 1703 note), 41 U.S.C. 3306(a)(1), 41 U.S.C. 3307, and 10 U.S.C. 3453.

10.001 Market research requirements.

- (a) Agencies must describe their legitimate needs.
- (b) Agencies must conduct market research appropriate to the circumstances before?
 - (1) Developing new requirements documents;
 - (2) Soliciting offers for acquisitions with an estimated value over the simplified acquisition threshold; or
 - (3) Awarding a task or delivery order over the simplified acquisition threshold.
- (c) Agencies should engage in responsible and constructive exchanges with industry. Agencies may use different strategies

and methods to gather information, so long as they comply with existing law and regulation and do not provide an unfair competitive advantage to particular firms or violate the procurement integrity requirements (see 3.104).

(d) When conducting market research, agencies must not ask potential sources to submit more than the minimum information necessary to make the determinations required in paragraph (f).

(e) Agencies must document the results of market research in a manner that suits the acquisition's size and complexity.

(f) Agencies must procure commercial products and commercial services to the maximum extent practicable. Using the

results of market research, agencies will determine, in the following order of priority, whether?

- (1) A commercial product or commercial service on an existing governmentwide contract can meet the agency's

requirements;

- (2) The requirements could be modified so the agency could use an existing governmentwide contract;
- (3) A commercial product or commercial service is available from another source;
- (4) A commercial product or commercial service could be modified to meet the agency's requirements; or
- (5) The requirement can only be satisfied by a nondevelopmental item.

10.002 Clause.

The contracting officer must insert the clause at 52.210-1, Market Research, in solicitations and contracts for noncommercial acquisitions over \$7.5 million. This policy was established in 10 U.S.C. 3453(c).

SUBPART 11.1 - PREAWARD 11.102

Subpart 11.1 - Preaward

11.100 Scope of part.

This part establishes standards for describing agency needs.

11.101 Definitions.

As used in this part-

Reconditioned means restored to the original normal operating condition by readjustments and material replacement.

Remanufactured means factory rebuilt to original specifications.

11.102 Policy.

(a) In fulfilling requirements of 10 U.S.C. 3206(a), 10 U.S.C. 3453, 41 U.S.C. 3306(a), and 41 U.S.C.3307, agencies shall

?

(1) Specify needs using market research to?

(i) Promote full and open competition (see part 6), or maximum practicable competition when using simplified acquisition procedures, with due regard to the nature of the supplies or services to be acquired; and

(ii) Only include restrictive provisions to the extent necessary to satisfy the needs of the agency or as authorized by law.

(2) To the maximum extent practicable, ensure that acquisition officials-

(i) State requirements with respect to an acquisition of supplies or services in terms of-

(A) Functions to be performed;

(B) Performance required; or

(C) Essential physical characteristics;

(ii) Define requirements in terms that enable and encourage offerors to supply commercial products or commercial services or, to the extent that commercial products suitable to meet the agency's needs are not available, nondevelopmental

items, in response to the agency solicitations;

(iii) Provide offerors of commercial products, commercial services, and nondevelopmental items an opportunity to compete in any acquisition to fill such requirements;

(iv) Require prime contractors and subcontractors at all tiers under the agency contracts to incorporate commercial products, commercial services, or nondevelopmental items as components of items supplied to the agency; and

(v) Modify requirements in appropriate cases to ensure that the requirements can be met by commercial products or commercial services or, to the extent that commercial products suitable to meet the agency's needs are not available, nondevelopmental items.

(b) The Metric Conversion Act of 1975, as amended by the Omnibus Trade and Competitiveness Act of 1988 (15 U.S.C.

205a, et seq.), designates the metric system of measurement as the preferred system of weights and measures for United

States trade and commerce, unless such use is impracticable or is likely to cause significant inefficiencies or loss of markets

to United States firms.

(c) To the extent practicable and consistent with subpart 9.5, potential offerors should be given an opportunity to comment

on agency requirements or to recommend application and tailoring of requirements documents and alternative approaches.

Requiring agencies should apply specifications, standards, and related documents initially for guidance only, making final

decisions on the application and tailoring of these documents as a product of the design and development process. Requiring

agencies should not dictate detailed design solutions prematurely (see 7.101 and 7.105(a)(8)).

(d) (1) Agencies shall procure sustainable products in accordance with subpart 23.1.

(2) Unless it is not practicable (see 23.102(a)) or an exception or exemption applies (see 23.105 and 23.106, respectively), agencies shall incorporate the use of sustainable products when?

(i) Developing, reviewing, or revising Federal and military specifications, product descriptions (including commercial item descriptions) and standards;

(ii) Describing Government requirements for products and services; and

(iii) Developing source-selection factors.

(e) Some or all of the performance levels or performance specifications in a solicitation may be identified as targets rather than as fixed or minimum requirements.

(f) In accordance with section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), the contracting officer shall obtain

from the requiring activity the requirement documents, which must identify?

11.1-1

11.102 FEDERAL ACQUISITION REGULATION

(1) The needs of current and future users with disabilities to determine how?

(i) Users with disabilities will perform the functions supported by the information and communication technology

(ICT);

(ii) The ICT will be developed, installed, configured and maintained to support users with disabilities;

(2) The applicable ICT accessibility standards (see subpart 39.2); and

(3) Any ICT accessibility standards that cannot be met due to an exception or an exemption for any component or

portion of the product (see 7.105(b)(5)(iv), 39.204, and 39.205).

(g) Agencies shall not include in a solicitation a requirement that prohibits an offeror from allowing its employees to telecommute unless the contracting officer executes a written determination in accordance with FAR 7.108(a).

11.1-2

SUBPART 11.2 - SELECTING AND DEVELOPING REQUIREMENTS DOCUMENTS 11.204

Subpart 11.2 - Selecting and Developing Requirements Documents

11.201 Voluntary consensus standards.

In accordance with OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," and Section 12(d) of the National Technology Transfer and Advancement Act of 1995, Pub. L. 104-113 (15 U.S.C. 272 note), agencies must use voluntary consensus standards, when

they exist, in lieu of Government-unique standards, except where inconsistent with law or otherwise impractical. The private

sector manages and administers voluntary consensus standards. Such standards are not mandated by law (e.g., industry

standards such as ISO 9000, and IEEE 1680).

11.202 Standardization program.

Agencies shall select existing requirements documents or develop new requirements documents that meet the needs of the

agency in accordance with the guidance contained in the Federal Standardization Manual, FSPM-0001; for DoD components,

DoD Manual 4120.24, Defense Standardization Program (DSP) Procedures; and for IT standards and guidance, the Federal

Information Processing Standards Publications (FIPS PUBS).

11.203 Market acceptance.

(a) 41 U.S.C. 3307(e) provides that, in accordance with agency procedures, the head of an agency may, under appropriate

circumstances, require offerors to demonstrate that the items offered?

(1) Have either?

(i) Achieved commercial market acceptance; or

(ii) Been satisfactorily supplied to an agency under current or recent contracts for the same or similar requirements;

and

(2) Otherwise meet the item description, specifications, or other criteria prescribed in the public notice and solicitation.

(b) In developing criteria for demonstrating that an item has achieved commercial market acceptance, the contracting

officer shall ensure the criteria in the solicitation?

(1) Reflect the minimum need of the agency and are reasonably related to the demonstration of an item's acceptability

to meet the agency's minimum need; and

(2) Consider the entire relevant commercial market, including small business concerns.

11.204 Items peculiar to one manufacturer.

Agency requirements shall not be written to require a particular brand name, product, or a feature of a product, peculiar to

one manufacturer, thereby precluding consideration of a product manufactured by another company, unless?

(a) (1) The particular brand name, product, or feature is essential to the Government's requirements, and market research

indicates other companies' similar products, or products lacking the particular feature, do not meet the agency's needs or

cannot be modified to meet the agency's minimum needs;

(2) (i) The authority to contract without providing for full and open competition is supported by the required justifications and approvals (see 6.302-1); or

(ii) The basis for not providing for maximum practicable competition is documented in the file (see 13.106-1(b)) or justified (see 13.501) when the acquisition is awarded using simplified acquisition procedures.

(3) The documentation or justification is posted for acquisitions over \$25,000. (See 5.102(a)(6).)

(b) For multiple award schedule orders, see 8.405-6.

(c) For orders under indefinite-quantity contracts, see 16.505(a)(4).

11.2-1

This page intentionally left blank.

11.2-2

SUBPART 11.3 - ACCEPTABLE MATERIAL 11.302

Subpart 11.3 - Acceptable Material

11.301 Policy.

(a) (1) When acquiring products other than commercial products as defined in 2.101, agencies must require offerors to

identify used, reconditioned, or remanufactured supplies; or unused former Government surplus property proposed for use

under the contract. These supplies or property may not be used in contract performance unless authorized by the contracting

officer.

(2) When acquiring commercial products, the contracting officer must consider the customary practices in the industry

for the product being acquired. The contracting officer may require offerors to provide information on used, reconditioned, or

remanufactured supplies, or unused former Government surplus property proposed for use under the contract. The request for

the information must be included in the solicitation, and to the maximum extent practicable must be limited to information or

standards consistent with normal commercial practices.

- (b) (1) When the contracting officer needs additional information to determine whether supplies meet minimum recovered

material or biobased standards stated in the solicitation, the contracting officer may require offerors to submit additional information on the recycled or biobased content or related standards. The request for the information must be included in the

solicitation. When acquiring commercial products, limit the information to the maximum extent practicable to that available

under normal commercial practices.

- (2) For biobased products, agencies may not require, as a condition of purchase of such products, the vendor or

manufacturer to provide more data than would typically be provided by other business entities offering products for sale to

the agency, other than data confirming the biobased content of a product (see 7 CFR 3201.8).

11.302 Contract clause.

Insert the clause at 52.211-5, Material Requirements, in solicitations and contracts for supplies that are not commercial products.

11.3-1

This page intentionally left blank.

11.3-2

SUBPART 11.4 - LIQUIDATED DAMAGES 11.403

Subpart 11.4 - Liquidated Damages

11.400 Scope.

- (a) This subpart prescribes policies and procedures for using liquidated damages clauses in solicitations and contracts for

supplies, services, research and development, and construction.

- (b) This subpart does not apply to liquidated damages-

- (1) For subcontracting plans (see 19.109);
- (2) Related to the Contract Work Hours and Safety Standards statute (see subpart 22.3); or
- (3) Related to paid sick leave for Federal contractors (see subpart 22.21).

11.401 Policy.

- (a) The contracting officer must consider the potential impact on pricing, competition, and contract administration before

using a liquidated damages clause. Use liquidated damages clauses only when?

- (1) The time of delivery or timely performance is so important that the Government may reasonably expect to suffer

damage if the delivery or performance is delinquent; and

- (2) The extent or amount of such damage would be difficult or impossible to estimate accurately or prove.

- (b) Liquidated damages are not punitive and are not negative performance incentives (see 16.403-2). Liquidated damages

are used to compensate the Government for probable damages. Therefore, the liquidated damages rate must be a reasonable

forecast of just compensation for the harm that is caused by late delivery or untimely performance of the particular contract.

Use a maximum amount or a maximum period for assessing liquidated damages if these limits reflect the maximum probable damage to the Government. Also, the contracting officer may use more than one liquidated damages rate when the

contracting officer expects the probable damage to the Government to change over the contract period of performance.

(c) The contracting officer must take all reasonable steps to mitigate liquidated damages. If the contract contains a liquidated damages clause and the contracting officer is considering terminating the contract for default, the contracting officer should seek expeditiously to obtain performance by the contractor or terminate the contract and repurchase (see **subpart 49.4). Prompt contracting officer action will prevent excessive loss to defaulting contractors and protect the interests**

of the Government.

(d) The head of the agency may reduce or waive the amount of liquidated damages assessed under a contract, if the

Commissioner, Financial Management Service, or designee approves (see Treasury Order 145-10).

11.402 Procedures.

(a) Include the applicable liquidated damages clause and liquidated damages rates in solicitations when the contract will

contain liquidated damages provisions.

(b) Construction contracts with liquidated damages provisions must describe the rate(s) of liquidated damages assessed per

day of delay. The rate(s) should include the estimated daily cost of Government inspection and superintendence. The rate(s)

should also include an amount for other expected expenses associated with delayed completion such as?

- (1) Renting substitute property; or
- (2) Paying additional allowance for living quarters.

11.403 Contract clauses.

(a) Use the clause at 52.211-11, Liquidated Damages-Supplies, Services, or Research and Development, in fixed-price

solicitations and contracts for supplies, services, or research and development when the contracting officer determines that

liquidated damages are appropriate.

(b) Use the clause at 52.211-12, Liquidated Damages-Construction, in solicitations and contracts for construction, other

than cost-plus-fixed-fee, when the contracting officer determines that liquidated damages are appropriate. If the contract

specifies more than one completion date for separate parts or stages of the work, revise paragraph (a) of the clause to state the

amount of liquidated damages for delay of each separate part or stage of the work.

(c) Use the clause at 52.211-13, Time Extensions, in solicitations and contracts for construction that use the clause at

52.211-12, Liquidated Damages-Construction, when that clause has been revised as provided in paragraph (b) of this section.

11.4-1

This page intentionally left blank.

11.4-2

SUBPART 11.5 - PRIORITIES AND ALLOCATIONS 11.503**Subpart 11.5 - Priorities and Allocations****11.500 Scope of subpart.**

This subpart implements the Defense Priorities and Allocations System (DPAS), a Department of Commerce regulation in

support of approved national defense, emergency preparedness, and energy programs (see 15 CFR part 700).

11.501 Definitions.

As used in this subpart?

Approved program means a program determined in writing as necessary or appropriate for priorities and allocations support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Secretary of Homeland

Security, under the authority of the Defense Production Act and Executive Order 13603, or the Selective Service Act and

Executive Order 12742.

Delegate Agency means a Government agency authorized by delegation from the Department of Commerce to place priority ratings on contracts or orders needed to support approved programs.

National defense means programs for military and energy production or construction, military or critical infrastructure assistance to any foreign nation, homeland security, stockpiling, space, and any directly related activity. Such term includes

emergency preparedness activities conducted pursuant to Title VI of The Robert T. Stafford Disaster Relief and Emergency

Assistance Act (42 U.S.C. 5121 et seq.) and critical infrastructure protection and restoration.(50 U.S.C. 4552).

Rated order means a prime contract, a subcontract, or a purchase order in support of an approved program issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

11.502 General.

(a) Under Title I of the Defense Production Act of 1950 (50 U.S.C. 4501), the President is authorized to require preferential acceptance and performance of contracts and orders supporting certain approved national defense and energy

programs and to allocate materials, services, and facilities in such a manner as to promote these approved programs.

(b) The President delegated the priorities and allocations authorities of the Defense Production Act in Executive Order

13603. As part of that delegation, the President designated the Secretary of Commerce to administer the DPAS.

For more

information, check the DPAS website at:<https://www.bis.doc.gov/index.php/other-areas/strategic-industries-and-economic-security-sies/defense-priorities-a-allocations-system-program-dpas>.

11.503 Procedures.

(a) There are two levels of priority for rated orders established by the DPAS, identified by the rating symbols ?DO? and

?DX?. All DO rated orders have equal priority with each other and take preference over unrated orders. All DX rated orders

have equal priority with each other and take preference over DO rated and unrated orders (see 15 CFR 700.11). The DPAS

regulation contains provisions concerning the elements of a rated order (see 15 CFR 700.12); acceptance and rejection

of

rated orders (see 15 CFR 700.13); preferential scheduling (see 15 CFR 700.14); extension of priority ratings (flowdown) (see

15 CFR 700.15); changes or cancellations of priority ratings and rated orders (see 15 CFR 700.16); use of rated orders (see 15

CFR 700.17); and limitations on placing rated orders (see 15 CFR 700.18).

(b) The Delegate Agencies have been given authority by the Department of Commerce to place rated orders in support of

approved programs (see Schedule I of the DPAS). Other U.S. Government agencies, Canada, and foreign nations may apply

for priority rating authority.

(c) Rated orders shall be placed in accordance with the provisions of the DPAS.

(d) Agency heads shall ensure compliance with the DPAS by contracting activities within their agencies.

(e) Agency heads shall provide contracting activities with specific guidance on the issuance of rated orders in support of

approved agency programs, including the general limitations and jurisdictional limitations on placing rated orders (see 15

CFR 700.18 and Executive Order 13603).

(f) Contracting officers shall follow agency procedural instructions concerning the use of rated orders in support of approved agency programs.

(g) Contracting officers, contractors, or subcontractors at any tier, that experience difficulty placing rated orders, obtaining

timely delivery under rated orders, locating a contractor or supplier to fill a rated order, ensuring that rated orders receive

preferential treatment by contractors or suppliers, or require rating authority for items not automatically ratable under the

DPAS, should promptly seek special priorities assistance in accordance with agency procedures (see 15 CFR 700.50-700.55

and 700.80).

11.5-1

11.504 FEDERAL ACQUISITION REGULATION

(h) The Department of Commerce may take specific official actions (Ratings Authorizations, Directives, Letters of Understanding, Administrative Subpoenas, Demands for Information, and Inspection Authorizations) to implement or enforce the provisions of the DPAS (see 15 CFR 700.60-700.71).

(i) Contracting officers shall report promptly any violations of the DPAS in accordance with agency procedures to the

Office of Strategic Industries and Economic Security, U.S. Department of Commerce, Room 3876, Washington, DC 20230,

Ref: DPAS; telephone: (202) 482-3634 or email DPAS@bis.doc.gov.

11.504 Solicitation provision and contract clause.

(a) Contracting officers shall insert the provision at 52.211-14, Notice of Priority Rating for National Defense, Emergency

Preparedness, and Energy Program Use, in solicitations when the contract to be awarded will be a rated order.

(b) Contracting officers shall insert the clause at 52.211-15, Defense Priority and Allocation Requirements, in

contracts

that are rated orders.

SUBPART 12.1 - PRESOLICITATION 12.102**12.000 Scope.**

This part provides policies and procedures to streamline the acquisition of commercial products, including commercially available off-the-shelf (COTS) items (a subset of commercial products), and commercial services in accordance with 41 U.S.C. 1906, 1907, and 3307 and 10 U.S.C. 3451-3453. It also implements the simplified procedures authorized by 41 U.S.C.

1901-1903, 1905, and 3305.

12.001 Applicability.

(a) Acquisitions of commercial products or commercial services are subject to other parts of the FAR. This part takes

precedence when there is an inconsistency.

(b) Agencies may treat any acquisition of supplies or services that, as determined by the head of the agency, are to be used

to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack, as an acquisition

of commercial products or commercial services. However, if the contract is awarded on a sole-source basis for an amount

greater than \$25 million, the contract is not exempt from Cost Accounting Standards (CAS) (see 48 CFR chapter 99) or certified cost or pricing data requirements (see part 15).

(c) The \$9 million ceiling for the use of simplified procedures (see 12.201-1) is increased to \$15 million if the head of the

agency determines that the supplies or services are to be used to?

(1) Support a contingency operation;

(2) Facilitate the defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack (including

acquisitions treated as commercial products or commercial services according to paragraph (b));

(3) Support a request from the Secretary of State or the Administrator of the United States Agency for International

Development to facilitate provision of international disaster assistance; or

(4) Support response to an emergency or major disaster.

(d) Do not divide requirements, the aggregate value of which exceeds a threshold identified in this subpart, merely to

permit use of a specific procedure.

(e) Go to <https://www.acquisition.gov/inapplicablelaws> for the lists of laws that do not apply to contracts for the acquisition of commercial products or commercial services, acquisitions of COTS items, and acquisitions valued at or below

the simplified acquisition threshold (SAT) (41 U.S.C. 1905 through 1907).

Subpart 12.1 - Presolicitation**12.101 Preference.**

(a) Agencies must acquire commercial products or commercial services when the agency determines that they are available to meet the agency's needs (see part 10).

(b) Require prime contractors and subcontractors at all tiers to incorporate, to the maximum extent practicable, commercial products, commercial services, or nondevelopmental items as components of items supplied to the agency.

12.102 Restricting competition.

Document decisions to restrict competition, including the use of brand-name descriptions without allowing for ?equal? products, as follows:

(a) For acquisitions valued at or below the simplified acquisition threshold (SAT), document the decision that only one

source is available and the basis for the decision.

(b) For acquisitions valued over the SAT, prepare a written justification and obtain approval of the justification as described in 6.104. Cite the following statutory authority, as applicable:

Table 12-1 ? Authority citations for restricting competition.

Procedures Value Statutory authority

12.201-1, Simplified procedures > SAT, ? \$9 million 41 U.S.C. 1901

12.201-1, Simplified procedures, for > \$9 million, ? \$15 million 41 U.S.C. 1901 and 1903

acquisition described at 12.001(c)

12.201-2, Other procedures > \$9 million (> \$15 million for One of the statutory authorities cited

acquisitions described at 12.001(c)) in 6.103, as appropriate

12.1-1

12.103 FEDERAL ACQUISITION REGULATION

12.103 Small business.

See part 19 for small business set-aside requirements. When the acquisition is set aside under any of the small business

programs, include the North American Industry Classification System (NAICS) code and small business size standard in the

solicitation.

12.104 Contract type.

(a) Preference for fixed-price contracts. To the maximum extent practicable, use firm-fixed-price or fixed-price with economic price adjustment contract types to procure commercial products or commercial services. Follow the procedures in

Part 12 states guidance for acquisition of commercial computer software, and it states

Status: Unknown

Part 12 states guidance for acquisition of commercial computer software, and it states that commercial computer software

or commercial computer software documentation must be acquired under licenses customarily provided to the public to the

extent the license is consistent with Federal law and otherwise satisfies the Government's needs. In addition, the contract

must adequately describe the computer programs and/or databases, the media on which it is recorded, and all the necessary

documentation.

(b) If the contract incorporates, refers to, or uses a vendor's standard commercial lease, license, or purchase agreement,

ensure that the agreement is consistent with paragraph (a) of this subsection. Exercise caution in accepting a vendor's terms

and conditions, because they might pertain to commercial sales and might therefore be inappropriate for Government contracts. Address in the contract any inconsistencies in a vendor's standard commercial agreement, and the contract terms

must take precedence over the vendor's standard commercial agreement.

(c) If a prime contractor under a contract containing the clause at 52.227-14, Rights in Data?General, with paragraph

(g)(4) (Alternate III) in the clause, acquires restricted computer software from a subcontractor (at any tier) as a separate

acquisition for delivery to or for use on behalf of the Government, the contracting officer may approve any additions to, or

limitations on the restricted rights in the Restricted Rights Notice of paragraph (g)(4) in a collateral agreement incorporated in

and made part of the contract.

27.405-4 Other existing data.

(a) No clause contained in this subpart is required for?

(1) Contracts solely for the acquisition of books, periodicals, and other printed items in the exact form in which these

items are to be obtained unless reproduction rights are to be acquired; or

(2) Other contracts that require only existing data (other than limited rights data) to be delivered and the data are

available without disclosure prohibitions, unless reproduction rights to the data are to be obtained.

(b) Specifically state such rights in the contract. No clause contained in this subpart is required for contracts substantially

for on-line data base services in the same form as they are normally available to the general public.

27.4-6

SUBPART 27.4 - RIGHTS IN DATA AND COPYRIGHTS 27.406-3

27.406 Acquisition of data.

27.406-1 General.

(a) [Reserved]

(b) Specify in the contract all known data requirements, including the time and place for delivery and any limitations and

restrictions on the contractor for handling the data. Further, and to the extent feasible, in major system acquisitions, state data

requirements as separate line items. In establishing the contract data requirements and in specifying data items for delivery

under the contract, agencies may develop their own contract schedule provisions. Agency procedures may, among other

things, provide for listing, specifying, identifying source, assuring delivery, and handling any data required to be delivered,

first produced, or specifically used in the performance of the contract.

(c) [Reserved]

27.406-2 Additional data requirements.

(a) In some situations, such as experimental, developmental, research, or demonstration contracts, ascertaining all data

requirements at contract award might be unfeasible. Use the clause at 52.227-16, Additional Data Requirements, as necessary

to enable subsequent ordering of additional data first produced or specifically used in the performance of these contracts

as the actual requirements become known. Normally use the clause in solicitations and contracts involving experimental,

developmental, research or demonstration work (other than basic or applied research to be performed under a contract solely by a university or college when the contract amount will be \$500,000 or less) unless all the requirements for data are

believed known at the time of contracting and the contract specifies them. If the contract is for basic or applied research to be performed by a university or college, and the contracting officer believes the contract effort will in the future exceed

\$500,000, even though the initial award does not, include as necessary the clause in the initial award.

(b) The clause at 52.227-16 allows ordering data at any time during contract performance or within a period of 3 years

after acceptance of all items to be delivered under the contract. Compensate the contractor for converting the data into the

prescribed form, for reproduction, or for delivery. To minimize storage costs for the retention of data, the relieve as necessary

the contractor of the retention requirements for specified data items at any time during the retention period required by the

clause. Permit as necessary the contractor to identify and specify in the contract data not to be ordered for delivery under

the clause if the data is not necessary to meet the Government's requirements for data. Also, alter as necessary the clause

by deleting the term "or specifically used" in paragraph (a) of the clause if delivery of the data is unnecessary to meet the

Government's data requirements. Any data ordered under this clause will be subject to the clause at 52.227-14, Rights in

Data?General, (or other equivalent clause setting forth the respective rights of the Government and the contractor) in the

contract. Data authorized to be withheld under such clause will not be required to be delivered under the clause at 52.227-16,

except as provided in Alternate II or Alternate III, if included (see 27.404-2(c) and (d)).

(c) Absent an established program for dissemination of computer software, agencies should not order additional computer

software under the clause at 52.227-16 for the sole purpose of disseminating or marketing the software to the public. In ordering software for internal purposes, consider, consistent with the Government's needs, not ordering particular source

codes, algorithms, processes, formulas, or flow charts of the software where the contractor shows that these aid its efforts to

disseminate or market the software.

27.406-3 Major system acquisition.

(a) The clause at 52.227-21, Technical Data Declaration, Revision, and Withholding of Payment?Major Systems, implements 41 U.S.C. 2302(e). When using the clause at 52.227-21, the section of the contract specifying data delivery

requirements (see 27.406-1(b)) must expressly identify those line items of technical data to which the clause applies. Upon

delivery of the technical data, review the technical data and the contractor's declaration relating to it to assure that the data are

complete, accurate, and comply with contract requirements. If the data are not complete, accurate, or compliant, request the

contractor to correct the deficiencies and withhold payment as necessary. Do not make final payment under the contract until

determining that the delivery requirements of those line items of data to which the clause applies have been satisfactorily met.

(b) In a contract for, or in support of, a major system awarded by a civilian agency other than NASA or the U.S. Coast

Guard, the following applies:

(1) Require the delivery of any technical data relating to the major system or supplies for the major system, that are to be developed exclusively with Federal funds where delivery of the technical data is needed to ensure competitive acquisition of supplies or services required in substantial quantities in the future. Use the clause at 52.227-22, Major System

?Minimum Rights, in addition to the clause at 52.227-14, Rights in Data?General, and other required clauses, to ensure **27.4-7**

27.407 FEDERAL ACQUISITION REGULATION

that the Government acquires at least those rights required by Pub. L. 98-577 in technical data developed exclusively with

Federal funds.

(2) Do not require a person that has developed a product or process, offered or to be offered for sale to the public,

to provide technical data relating to a major system, or to supplies for a major system, that also relates to the design, development or manufacture of the product or process, as a condition of procurement of the product or process. This prohibition does not apply to such data that might be necessary for the Government to operate or maintain the product, or to

use the process, where the Government obtains the data during contract performance.

27.407 Rights to technical data in successful proposals.

As necessary, negotiate terms defining the Government's license rights in technical data in successful proposals.

27.408 [Reserved]

27.409 Solicitation provisions and contract clauses.

(a) Generally, include only one data rights clause in a contract. However, where more than one is needed, the contract

should distinguish the portion of contract performance to which each clause pertains.

(b) (1) Insert the clause at 52.227-14, Rights in Data?General, in solicitations and contracts under which data will be

produced, furnished, or acquired, unless the contract is?

(i) For the production of special works, although in these cases insert the clause at 52.227-14, Rights in Data?

General, and apply it to data other than special works, as appropriate;

(ii) For the acquisition of existing data, commercial computer software, or other existing data;

(iii) A small business innovation research contract (see paragraph (h) of this section);

- (iv) To be performed outside the United States (see paragraph (i)(1) of this section);
- (v) For architect-engineer services or construction work (see paragraph (i)(2) of this section);
- (vi) For the management, operation, design, or construction of a Government-owned facility to perform research, development, or production work (see paragraph (i)(3) of this section); or
- (vii) A contract involving cosponsored research and development in which a clause providing for less than unlimited right has been authorized.

(2) If an agency determines, in accordance with 27.404-2(b), to adopt the alternate definition of "Limited Rights Data"

in paragraph (a) of the clause, use the clause with its Alternate I.

(3) Upon determining, in accordance with 27.404-2(c), that obtaining limited rights data is necessary, use the clause

with its Alternate II. Complete paragraph (g)(3) to include the purposes, if any, for which limited rights data may be disclosed

outside the Government.

(4) Upon determining, in accordance with 27.404-2(d), that obtaining restricted computer software is necessary, use the

clause with its Alternate III. Specify in the contract, and modify the notice accordingly, any greater or lesser rights regarding

the use, reproduction, or disclosure of restricted computer software than those set forth in the Restricted Rights Notice of

paragraph (g)(4) of the clause.

(5) Use the clause with its Alternate IV in contracts for basic or applied research (other than those for the management

or operation of Government facilities, and contracts and subcontracts in support of programs being conducted at those facilities or where international agreements require otherwise) to be performed solely by universities and colleges. As necessary, use the clause with its Alternate IV in other contracts if in accordance with 27.404-3(a), the agency determines to

grant permission for the contractor to assert claim to copyright subsisting in all data first produced without further request

being made by the contractor. When using Alternate IV, the contract may exclude items or categories of data from the permission granted, either by express provisions in the contract or by the addition of a paragraph (d)(4) to the clause (see

27.404-4).

(6) In accordance with 27.404-6, if the Government needs the right to inspect certain data at a contractor's facility, use

the clause with its Alternate V.

(c) In accordance with 27.404-2(c)(2) and 27.404-2(d)(5), upon the need to have an offeror state in response to a solicitation whether limited rights data or restricted computer software are likely to be used in meeting the data delivery requirements set forth in the solicitation, insert the provision at 52.227-15, Representation of Limited Rights Data and Restricted Computer Software, in any solicitation containing the clause at 52.227-14, Rights in Data?General. The contractor's response may provide an aid in determining whether the clause should be used with Alternate II and/or Alternate

III.

27.4-8

SUBPART 27.4 - RIGHTS IN DATA AND COPYRIGHTS 27.409

(d) Insert the clause at 52.227-16, Additional Data Requirements, in solicitations and contracts involving experimental, developmental, research, or demonstration work (other than basic or applied research to be performed solely by a university or college where the contract amount will be \$500,000 or less) unless all the requirements for data are believed known at the time of contracting and the contract specifies them (see 27.406-2). Use this clause in other contracts as necessary. For example, if the contract is for basic or applied research to be performed by a university or college, and the contracting officer believes the contract effort will in the future exceed \$500,000, even though the initial award does not, include the clause in the initial award as necessary.

(e) In accordance with 27.405-1, insert the clause at 52.227-17, Rights in Data-Special Works, in solicitations and contracts primarily for the production or compilation of data (other than limited rights data or restricted computer software) for the Government's internal use, or when there is a specific need to limit distribution and use of the data or to obtain indemnity for liabilities that may arise out of the content, performance, or disclosure of the data. Examples of such contracts are set forth in 27.405-1.

(1) Insert the clause if existing works are to be modified, as by editing, translation, addition of subject matter, etc.

(2) The contract may specify the purposes and conditions (including time limitations) under which the data may be used, released, or reproduced by the contractor for other than contract performance.

(3) Contracts for the production of audiovisual works, sound recordings, etc. may include limitations in connection with talent releases, music licenses, and the like that are consistent with the purposes for which the data is acquired.

(4) The clause may be modified in accordance with paragraphs (c) through (e) of 27.405-1.

(f) [Reserved]

(g) In any event, the contracting officer shall assure that the contract contains terms to obtain sufficient rights for the Government to fulfill the need for which the software is being acquired and is otherwise consistent with 27.405-3).

(h) If the contract is a Small Business Innovation Research (SBIR) contract, insert the clause at 52.227-20, Rights in Data ?SBIR Program in all Phase I, Phase II, and Phase III contracts awarded under the Small Business Innovation Research Program established pursuant to 15 U.S.C. 638. The Small Business Administration's ?Small Business Innovation Research Program Policy Directive? (September 24, 2002) permits extension of the SBIR protection period.

(i) Agencies may prescribe in their procedures, as appropriate, a clause in contracts?

(1) To be performed outside the United States;

(2) For architect-engineer services and construction work; or

(3) For management, operation, design, or construction of Government-owned research, development, or

production

facilities, and in contracts and subcontracts in support of programs being conducted at such facilities.

(j) In accordance with 27.406-3(a), insert the clause at 52.227-21, Technical Data Declaration, Revision, and Withholding

of Payment?Major Systems, in contracts for major systems acquisitions or for support of major systems acquisitions.

This

requirement includes contracts for detailed design, development, or production of a major system and contracts for any individual part, component, subassembly, assembly, or subsystem integral to the major system, and other property that may

be replaced during the service life of the system, including spare parts. This clause requires specifying in the contract the

technical data to which it applies (see 27.406-3(a)).

(k) In accordance with 27.406-3(b), in the case of civilian agencies other than NASA and the U.S. Coast Guard, insert the

clause at 52.227-22, Major System-Minimum Rights, in contracts for major systems or contracts in support of major systems.

13-2

13.103

13.000 Scope of part.

This part implements simplified procedures for the acquisition of noncommercial products and services valued at or below

the simplified acquisition threshold (SAT) in accordance with 41 U.S.C. 1901-1903, 1905, and 3305.

13.001 Applicability.

(a) The procedures in this part may be used only if?

(1) There are no commercial products or commercial services that can satisfy the agency's needs (see part 12); and

(2) The supplies or services are not available from a required source (see part 8).

(b) Follow the procedures in this part when procuring noncommercial products and services valued at greater than the

micro-purchase threshold (MPT) but at or below the SAT, except

(1) When procuring architect-engineering services, follow the short selection process at 36.602-5;

(2) When procuring construction as a noncommercial service, comply with the requirements in part 36 for construction

contracts and subpart 22.4 on labor standards for contracts involving construction; and

(3) When procuring research and development, use the procedures in this part in conjunction with the procedures in

part 13 (see 29 CFR 13.7).

Status: Unknown

part 13 (see 29 CFR 13.7).

(d) Contractors may fulfill their obligations under E.O. 13706 and 29 CFR part 13 jointly with other contractors through a

multiemployer plan, or may fulfill their obligations through an individual fund, plan, or program (see 29 CFR 13.8).

(e) Unless otherwise provided in this subpart, compliance is the responsibility of the contractor, and enforcement is the

responsibility of the Department of Labor.

22.2102-3 Requirements.

In accordance with 29 CFR 13.5, and by operation of the clause at 52.222-62, Paid Sick Leave Under Executive Order 13706, the following contractor requirements apply:

(a) Accrual.

(1) Contractors are required to permit an employee to accrue not less than 1 hour of paid sick leave for every 30 hours

worked on or in connection with a contract covered by the E.O. (see 29 CFR 13.5(a)(1)).

(2) Contractors are required to inform each employee, in writing, of the amount of paid sick leave the employee has

accrued but not used no less than once each pay period or each month, whichever interval is shorter, as well as upon a separation from employment and upon reinstatement of paid sick leave, pursuant to 29 CFR 13.5(b)(4) (see 29 CFR 13.5(a)

(2)).

(3) Contractors may choose to provide employees with at least 56 hours of paid sick leave at the beginning of each

accrual year rather than allowing the employee to accrue such leave based on hours worked over time (see 29 CFR 13.5(a)

(3)).

(b) Maximum accrual, carryover, reinstatement, and payment for unused leave.

(1) Contractors may limit the amount of paid sick leave employees are permitted to accrue to not less than 56

hours in

each accrual year (see 29 CFR 13.5(b)(1)).

(2) Paid sick leave must carry over from one accrual year to the next. Paid sick leave carried over from the previous

accrual year must not count toward any limit the contractor sets on annual accrual (see 29 CFR 13.5(b)(2)).

(3) Contractors may limit the amount of paid sick leave an employee is permitted to have available for use at any point

to not less than 56 hours (see 29 CFR 13.5(b)(3)).

(4) Contractors are required to reinstate paid sick leave for employees only when rehired by the same contractor within

12 months after a job separation (see 29 CFR 13.5(b)(4)).

(5) Nothing in E.O. 13706 or 29 CFR part 13 requires contractors to make a financial payment to an employee for

accrued paid sick leave that has not been used upon a separation from employment. If a contractor nevertheless makes such a

payment in an amount equal to or greater than the value of the pay and benefits the employee would have received pursuant

to 29 CFR 13.5(c)(3) had the employee used the paid sick leave, the contractor is relieved of the obligation to reinstate an

-2

22.2103

employee's accrued paid sick leave upon rehiring the employee within 12 months of the separation pursuant to 29 CFR **13.5(b)(4) (see 29 CFR 13.5(b)(5)).**

(c) Use. Contractors are required to permit an employee to use paid sick leave in accordance with 29 CFR 13.5(c).

(d) Request for paid sick leave. Contractors are required to permit an employee to use any or all of the employee's available paid sick leave upon the oral or written request of an employee that includes information sufficient to inform the

contractor that the employee is seeking to be absent from work for a purpose described in 29 CFR 13.5(c) and, to the extent

reasonably feasible, the anticipated duration of the leave (see 29 CFR 13.5(d)).

(e) Certification or documentation for leave of 3 or more consecutive full workdays. Contractors may require certification

issued by a health care provider to verify the need for paid sick leave used for a purpose described in 29 CFR 13.5(c)(1)(i),

(ii), or (iii), or documentation from an appropriate individual or organization to verify the need for paid sick leave used for a

purpose described in 29 CFR 13.5(c)(1)(iv), only if the employee is absent for 3 or more consecutive full workdays (see 29

CFR 13.5(e)).

22.2102-4 Prohibited acts.

In accordance with 29 CFR 13.6, and by operation of the clause at 52.222-62, Paid Sick Leave Under Executive Order 13706, a contractor may not?

(a) Interfere with an employee's accrual or use of paid sick leave as required by E.O. 13706 or 29 CFR part 13 (see 29

CFR 13.6(a));

(b) Discharge or in any other manner discriminate against any employee for?

(1) Using, or attempting to use, paid sick leave as provided for under E.O. 13706 and 29 CFR part 13;

(2) Filing any complaint, initiating any proceeding, or otherwise asserting any right or claim under E.O. 13706 or 29

CFR part 13;

(3) Cooperating in any investigation or testifying in any proceeding under E.O. 13706 or 29 CFR part 13; or

(4) Informing any other person about his or her rights under E.O. 13706 or 29 CFR part 13 (see 29 CFR 13.6(b)); or

(c) Fail to make and maintain or to make available to authorized representatives of the Wage and Hour Division records

for inspection, copying, and transcription as required by 29 CFR 13.25, or otherwise fail to comply with the requirements of

29 CFR 13.25 (see 29 CFR 13.6(c)).

22.2102-5 Contract clause.

Insert the clause at 52.222-62, Paid Sick Leave Under Executive Order 13706, in solicitations and contracts that include

the clause at 52.222-6, Construction Wage Rate Requirements, or 52.222-41, Service Contract Labor Standards, where work

is to be performed, in whole or in part, in the United States (the 50 States and the District of Columbia).

22.2103 Postaward.

(a) Authority. Section 4 of Executive Order (E.O.) 13706 grants to the Secretary the authority for investigating potential

violations of, and obtaining compliance with, the E.O. The Secretary of Labor, in promulgating the implementing regulations

required by section 3 of the E.O., has assigned this authority to the Administrator of the Wage and Hour Division.

Contracting agencies do not have authority to conduct compliance investigations under 29 CFR part 13 as implemented in this subpart. This does not limit the contracting officer's authority to otherwise enforce the terms and conditions of the contract.

(b) Complaints.

(1) Complaints are filed with the Administrator of the Wage and Hour Division and may be brought by any person

(including the employee), entity, or organization that believes a violation of this subpart has occurred.

(2) The identity of any individual who makes a written or oral statement as a complaint or in the course of an investigation, as well as portions of the statement which would reveal the individual's identity, must not be disclosed in any

manner to anyone other than Federal officials without the prior consent of the individual, unless otherwise authorized by law.

(3) If the contracting agency receives a complaint or is notified that the Administrator of the Wage and Hour Division

has received a complaint, the contracting officer must report, within 14 days, to the Department of Labor, Wage and Hour

Division, Office of Government Contracts, 200 Constitution Avenue NW., Room S3006, Washington, DC 20210, all of the

following information that is available without conducting an investigation:

- (i) The complaint or description of the alleged violation.
- (ii) Available statements by the employee, contractor, or any other person regarding the alleged violation.
- (iii) Evidence that clause 52.222-62, Paid Sick Leave Under Executive Order 13706, was included in the contract.

-3

22.2103 FEDERAL ACQUISITION REGULATION

(iv) Information concerning known settlement negotiations between the parties, if applicable.

(v) Any other relevant facts known to the contracting officer or other information requested by the Wage and Hour Division.

(c) Investigations. Complaints will be investigated by the Administrator of the Wage and Hour Division, if warranted, in

accordance with the procedures in 29 CFR 13.43.

(d) Remedies and sanctions ?

(1) Withholding or suspending payment. The contracting officer must, upon his or her own action or upon written

request of the Administrator of the Wage and Hour Division?

(i)

(A) Withhold or cause to be withheld from the contractor under the contract covered by the E.O. or any other

Federal contract with the same contractor, so much of the accrued payments or advances as may be considered necessary to

pay employees the full amount owed to compensate for any violation of E.O. 13706 or 29 CFR part 13; and

(B) In the event of any such violation, the contracting agency may, after authorization or by direction of the

Administrator of the Wage and Hour Division and written notification to the contractor, take action to cause suspension of

any further payment, advance, or guarantee of funds until such violations have ceased; or

(ii) Take action to cause suspension of any further payment, advance, or guarantee of funds to a contractor that has

failed to make available for inspection, copying, and transcription any of the records identified in 29 CFR 13.25.

(2) Civil actions to recover greater underpayments than those withheld.

(i) If the payments withheld under 29 CFR 13.11(c) are insufficient to reimburse all monetary relief due, or if there are no payments to withhold, the Department of Labor, following a final order of the Secretary of Labor, may bring an action

against the contractor in any court of competent jurisdiction to recover the remaining amount.

(ii) The Department of Labor must, to the extent possible, pay any sums it recovers in this manner directly to the employees who suffered the violation(s) of 29 CFR 13.6(a) or (b).

(iii) Any sum not paid to an employee because of inability to do so within 3 years must be transferred into the Treasury of the United States as miscellaneous receipts.

(3) Termination. Contracting officers may consider the failure of a contractor to comply with the requirements of E.O.

13706 or 29 CFR part 13 as grounds for termination for default or cause.

(4) Debarment.

(i) The Department of Labor may initiate debarment proceedings under 29 CFR 13.44(d) and 29 CFR 13.52 whenever a contractor is found to have disregarded its obligations under E.O. 13706 or 29 CFR part 13.

(ii) Contracting officers must consider notifying the agency suspending and debarring official in accordance with agency procedures when a contractor commits significant violations of contract terms and conditions related to this subpart

(see subpart 9.4).

(5) Remedies for interference.

(i) When the Administrator of the Wage and Hour Division determines that a contractor has interfered with an employee's accrual or use of paid sick leave in violation of 29 CFR 13.6(a), the Administrator of the Wage and Hour Division

will notify the contractor and the relevant contracting agency of the interference and request that the contractor remedy the

violation.

(ii) If the contractor does not remedy the violation, the Administrator of the Wage and Hour Division must direct the contractor to provide any appropriate relief to the affected employee(s) in the investigative findings letter issued pursuant to

29 CFR 13.51. Such relief may include?

(A) Any pay and/or benefits denied or lost by reason of the violation;

(B) Other actual monetary losses sustained as a direct result of the violation; or

(C) Appropriate equitable or other relief.

(iii) Payment of liquidated damages in an amount equaling any monetary relief may also be directed unless such amount is reduced by the Administrator of the Wage and Hour Division because the violation was in good faith and the contractor had reasonable grounds for believing it had not violated the E.O. or 29 CFR part 13.

(iv) The Administrator of the Wage and Hour Division may additionally direct that payments due on the contract or any other contract between the contractor and the Federal Government be withheld as may be necessary to provide any

appropriate monetary relief. Upon the final order of the Secretary of Labor that monetary relief is due, the Administrator of

the Wage and Hour Division may direct the relevant contracting agency to transfer the withheld funds to the Department of

Labor for disbursement.

(6) Remedies for discrimination.

-4

22.2103

(i) When the Administrator of the Wage and Hour Division determines that a contractor has discriminated against an

employee in violation of 29 CFR 13.6(b), the Administrator of the Wage and Hour Division will notify the contractor and the

relevant contracting agency of the discrimination and request that the contractor remedy the violation.

(ii) If the contractor does not remedy the violation, the Administrator of the Wage and Hour Division must direct the contractor to provide appropriate relief to the affected employee(s) in the investigative findings letter issued pursuant to 29

CFR 13.51. Such relief may include, but is not limited to?

(A) Employment;

(B) Reinstatement;

(C) Promotion; and

(D) Restoration of leave, or lost pay and/or benefits.

(iii) Payment of liquidated damages in an amount equaling any monetary relief may also be directed unless such amount is reduced by the Administrator of the Wage and Hour Division because the violation was in good faith and the contractor had reasonable grounds for believing the contractor had not violated the E.O. or 29 CFR part 13.

(iv) The Administrator of the Wage and Hour Division may additionally direct that payments due on the contract or any other contract between the contractor and the Federal Government be withheld as may be necessary to provide any appropriate monetary relief. Upon the final order of the Secretary of Labor that monetary relief is due, the Administrator of the Wage and Hour Division may direct the relevant contracting agency to transfer the withheld funds to the Department of Labor for disbursement.

(7) Recordkeeping. When a contractor fails to make, maintain, or protect records; or produce records when requested by authorized representatives of the Administrator of the Wage and Hour Division, or otherwise comply with the requirements of 29 CFR 13.25 in violation of 29 CFR 13.6(c), the Administrator of the Wage and Hour Division will request that the contractor remedy the violation. If the contractor fails to produce required records upon request, the contracting officer must, upon his or her own action or upon direction of an authorized representative of the Department of Labor, take such action as may be necessary to cause suspension of any further payment, advance, or guarantee of funds on the contract until such time as the violations are discontinued.

(e) Inclusion of contract clause. If a contracting agency fails to include the clause at FAR 52.222-62 in a contract to which the E.O. applies, the contracting officer, on his or her own initiative or within 15 days of notification by an authorized representative of the Department of Labor, must incorporate the contract clause in the contract retroactive to commencement of performance under the contract through the exercise of any and all authority that may be needed (including, where necessary, its authority to negotiate or amend, its authority to pay any necessary additional costs, and its authority under any contract provision authorizing changes, cancellation, and termination).

22.2203

Subpart 22.22 - Addressing DEI Discrimination by Federal Contractors

22.2200 Scope of subpart.

This subpart prescribes policies and procedures to implement Executive Order (E.O.) 14398, Addressing DEI Discrimination by Federal Contractors, (91 FR 16147, March 31, 2026).

22.2201 Definitions.

As used in this subpart?

Program participation means membership or participation in, or access or admission to: training, mentoring, or leadership

development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

Racially discriminatory DEI activities means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (e.g., vendor agreements), program participation, or allocation or deployment of an entity's resources.

22.2202 Policy.

Executive Order 14398 requires measures to prevent contractors from engaging in any racially discriminatory DEI activities.

22.2203 Contract clause.

Insert the clause at 52.222-90, Addressing DEI Discrimination by Federal Contractors, in solicitations and contracts, including those for commercial products and commercial services, except those that result in contracts for which the place of delivery or performance is outside the United States.

PART 14

PART 14 - SEALED BIDDING

Status: Unknown

PART 14 - SEALED BIDDING

Sec.

14.000 Scope of part. Subpart 14.3 - Evaluation and award

14.301 Submission, modification, or withdrawal of

Subpart 14.1 - General bids.

14.302 Receipt of an unreadable electronic bid.

Subpart 14.2 - Presolicitation 14.303 Bid opening.

14.201 Preparation of invitations for bids. 14.304 Mistakes in bids.

14.201-1 Format. 14.304-1 General.

14.202 Uniform contract format. 14.304-2 Apparent clerical mistakes.

14.202-1 Part I Schedule. 14.304-3 Other mistakes disclosed before award.

14.202-2 Part II Contract clauses. 14.305 Cancellation of invitations after opening.

14.202-3 Part III Documents, exhibits, and other 14.306 Evaluation.

attachments. 14.306-1 Responsiveness of bids.

14.202-4 Part IV Representations and instructions. 14.306-2 Responsible bidder?reasonableness of price.

14.203 Requirements. 14.306-3 Rejection of individual bids.

14.204 Economic purchase quantities (supplies). 14.306-4 Rejection of all bids.

14.205 Bid samples. 14.306-5 Restrictions on disclosure of descriptive

14.206 Descriptive literature. literature.

14.207 Solicitation Provisions. 14.306-6 All or none qualifications.

14.208 Contract clauses. 14.306-7 Minor informalities or irregularities in bids.

14.209 Soliciting bids. 14.306-8 Prompt payment discounts.

14.210 Submission of Bids. 14.306-9 Economic price adjustment.

14.211 Two-step sealed bidding. 14.307 Award.

14.211-1 General. 14.308 Award of equal low bids.

14.211-2 Conditions for use. 14.309 Information to bidders.

14.211-3 Procedures. 14.309-1 Award of unclassified contracts.

14.309-2 Award of classified contracts.

Subpart 14.4 - Postaward.

14.401 Mistakes after award.

14.402 Pricing modifications.

14-2

SUBPART 14.1 - GENERAL 14.000

14.000 Scope of part.

This part prescribes (a) the basic requirements of contracting for supplies and services (including construction) by sealed

bidding, (b) the information to be included in the invitation for bids (IFB), (c) procedures concerning the submission of bids,

(d) requirements for opening, evaluating bids, awarding contracts, and (e) procedures for two-step sealed bidding.

Subpart 14.1 - General

(a) Sealed bidding is a method of contracting that employs competitive bids, public opening of bids, and awards.

(b) Use sealed bidding whenever the conditions in 6.101(b) are met.

(c) The contracting officer must use firm-fixed-price contracts when using sealed bidding or fixed-price contracts with

economic price adjustment clauses when some flexibility is necessary and feasible.

14.1-1

This page intentionally left blank.

14.1-2

SUBPART 14.2 - PRESOLICITATION 14.202-1

Subpart 14.2 - Presolicitation

14.201 Preparation of invitations for bids.

14.201-1 Format.

(a) Contracting officers must prepare invitation for bids and contracts using parts I, II, III, and IV of the uniform contract

format (see part 15) to the maximum practicable extent.

(b) The uniform contract format is not required when contracting for?

(1) Construction (see part 36);

(2) Shipbuilding (including design, construction, and conversion), ship overhaul, and ship repair;

(3) Subsistence items;

(4) Supplies or services requiring special contract forms prescribed elsewhere in this regulation that are inconsistent

with the uniform contract format; or

(5) Firm-fixed-price or fixed-price with economic price adjustment acquisitions that use the simplified contract format.

(c) (1) The contracting officer may use the simplified contract format in lieu of the uniform contract format.

(2) The contracting officer has flexibility in preparation and organization of the simplified contract format. The

following format should be used to the maximum extent practical:

(i) Use Standard Form (SF) 1447, Solicitation/Contract, as the first page of the IFB.

(ii) Include the following for each line item:

(A) Line item number.

(B) Description of supplies or services, or data sufficient to identify the requirement.

(C) Quantity and unit of issue.

(D) Unit price and amount.

(E) Packaging and marking requirements.

(F) Inspection and acceptance, quality assurance, and reliability requirements.

(G) Place of delivery, performance and delivery dates, period of performance, and f.o.b. point.

(H) Other item-peculiar information as necessary (e.g., individual fund citations).

(iii) Include the clauses required by this regulation. Additional clauses must be incorporated only when necessary to

the particular acquisition.

(iv) List of documents and attachments (include if necessary).

(v) Representations and instructions:

(A) Insert the IFB provisions that require representations, certifications, or the submission of other information by

offerors.

(B) Insert the IFB provisions required by 14.207. Include any other information/instructions necessary to guide

offerors.

(C) Insert all price related evaluation factors and any significant price related subfactors for award.

(D) Upon award, the contracting officer must retain the representations and instructions in the contract file.

14.202 Uniform contract format.

14.202-1 Part I Schedule.

The contracting officer must prepare the Schedule as follows:

(a) Section A, Solicitation/contract form. (1) For sealed bidding the SF 33 or the SF 1447 may be used. When the SF 1447

is used as the IFB document, insert the information in subdivisions (a)(2)(i) and (a)(2)(iv) of this section in block 9 of the SF

1447.

(2) If the SF 33 or the SF 1447 are not used, include the following on the first page of the invitation for bids:

(i) Name, address, and location of issuing activity, including room and building where bids must be submitted.

(ii) Invitation for bids number.

(iii) Date of issuance.

(iv) Time specified for receipt of bids.

(v) Number of pages.

(vi) Requisition or other purchase authority.

14.2-1

14.202-2 FEDERAL ACQUISITION REGULATION

(vii) Requirement for a bidder to provide its name and complete address, including street, city, county, State, and ZIP

code.

(viii) A statement that bidders should include in the bid the address to which payment should be mailed, if that address is different from that of the bidder.

(b) Section B, Supplies or services and prices.

(1) See 15.108-1(b)

(2) Optional Form 336 (OF 336), Continuation Sheet, may be used.

(c) Section C, Description/specifications. (see 15.108-1(c)).

(d) Section D, Packaging and marking (see 15.108-1(d)).

(e) Section E, Inspection and acceptance (see 15.108-1(e)).

(f) Section F, Deliveries or performance (see 15.108-1(f)).

(g) Section G, Contract administration data (see 15.108-1(g)).

(h) Section H, Special contract requirements (see 15.108-1(h)).

14.202-2 Part II Contract clauses.

Section I, Contract clauses (see 15.108-2).

14.202-3 Part III Documents, exhibits, and other attachments.

Section J, List of documents, exhibits, and other attachments (see 15.108-3).

14.202-4 Part IV Representations and instructions.

The contracting officer must prepare the representations and instructions as follows:

(a) Section K, Representations, certifications, and other statements of bidders (see 15.108-4(a)).

(b) Section L, Instructions, conditions, and notices to bidders (see 15.108-4(b)). The contracting officer must include the

time and place for bid openings.

(c) Section M, Evaluation factors for award (see 15.108-4(c)).

14.203 Requirements.

(a) An IFB must clearly, accurately, and completely describe the Government requirements.

(b) Restrictive specifications or requirements that might unduly limit the number of bidders are prohibited.

(c) Include all documents and information (whether attached or incorporated by reference) prospective bidders will need

for the purpose of bidding.

(d) The contracting officer must state in the invitation for bids that bids will be evaluated without discussions (see

52.214-10 and, for construction contracts, 52.214-19).

(e) When considering establishing qualification requirements, see and follow subpart 9.2.

14.204 Economic purchase quantities (supplies).

Contracting officers must comply with the economic purchase quantity planning requirements for supplies in part 7. See

part 14 through progress payments based on costs in accordance with subpart 32.5.

Status: Unknown

part 14 through progress payments based on costs in accordance with subpart 32.5.

(d) Financing of contracts for supplies or services awarded under the competitive negotiation method of procurement in

accordance with part 15, through either progress payments based on costs in accordance with subpart 32.5, or performance-

based payments in accordance with subpart 32.10 (but not both).

(e) Financing of contracts for supplies or services awarded under a sole-source acquisition as defined in 2.101 and using

the procedures of part 15, through either progress payments based on costs in accordance with subpart 32.5, or performance-

based payments in accordance with subpart 32.10 (but not both).

(f) Financing of contracts for supplies or services through advance payments in accordance with subpart 32.4.

(g) Financing of contracts for supplies or services through guaranteed loans in accordance with subpart 32.3.

32.1-9

32.114 FEDERAL ACQUISITION REGULATION

(h) Financing of contracts for supplies or services through any appropriate combination of advance payments, guaranteed

loans, and either performance-based payments or progress payments (but not both) in accordance with their respective subparts.

32.114 Unusual contract financing.

Any contract financing arrangement that deviates from this part is unusual contract financing. Unusual contract financing

must be authorized only after approval by the head of the agency or as provided for in agency regulations.

32.1-10

SUBPART 32.2 - COMMERCIAL PRODUCT AND COMMERCIAL SERVICE PURCHASE FINANCING 32.202-1

Subpart 32.2 - Commercial Product and Commercial Service Purchase Financing

32.200 Scope of subpart.

This subpart provides policies and procedures for commercial financing arrangements under commercial purchases pursuant to part 12.

32.201 Statutory authority.

(a) 10 U.S.C. 3805 and 41 U.S.C.4505 provide that payment for commercial products or commercial services may be

made under such terms and conditions as the head of the agency determines are appropriate or customary in the commercial

marketplace and are in the best interest of the United States.

(b) 31 U.S.C. 3324(d)(2) authorizes advance payments for subscriptions or other charges for newspapers, magazines,

periodicals, or other publications (i.e., any publication printed, microfilmed, photocopied, or magnetically or otherwise recorded for auditory or visual usage).

32.202 General.

32.202-1 Policy.

(a) Use of financing in contracts. It is the responsibility of the contractor to provide all resources needed for performance

of the contract. Thus, for purchases of commercial products or commercial services, financing of the contract is normally the

contractor's responsibility. However, in some markets the provision of financing by the buyer is a commercial practice. In

these circumstances, the contracting officer may include appropriate financing terms in contracts for commercial purchases

when doing so will be in the best interest of the Government.

(b) Authorization. Commercial interim payments and commercial advance payments may be made under the following

circumstances-

(1) The contract item financed is a commercial supply or service;

(2) The contract price exceeds the simplified acquisition threshold;

(3) The contracting officer determines that it is appropriate or customary in the commercial marketplace to make

financing payments for the item;

(4) Authorizing this form of contract financing is in the best interest of the Government (see paragraph (e) of this

section);

(5) Adequate security is obtained (see 32.202-4);

(6) Prior to any performance of work under the contract, the aggregate of commercial advance payments must

not

exceed 15 percent of the contract price;

(7) The contract is awarded on the basis of competitive procedures or, if only one offer is solicited, adequate consideration is obtained (based on the time value of the additional financing to be provided) if the financing is expected to

be substantially more advantageous to the offeror than the offeror's normal method of customer financing; and

(8) The contracting officer obtains concurrence from the payment office concerning liquidation provisions when required by 32.206(e).

(c) Difference from other than commercial financing. Government financing of commercial purchases under this subpart

is expected to be different from that used for other than commercial purchases under subpart 32.1 and its related subparts.

While the contracting officer may adapt techniques and procedures from the other than commercial subparts for use in implementing commercial contract financing arrangements, the contracting officer must have a full understanding of effects

of the differing contract environments and of what is needed to protect the interests of the Government in commercial contract financing.

(d) Unusual contract financing. Any contract financing arrangement not in accord with the requirements of agency regulations or this part is unusual contract financing and requires advance approval in accordance with agency procedures. If

not otherwise specified, such unusual contract financing must be approved by the head of the contracting activity.

(e) Best interest of the Government. The statutes cited in 32.201 do not allow contract financing by the Government unless

it is in the best interest of the United States. Agencies may establish standards to determine whether contract financing is

in the best interest of the Government. These standards may be for certain types of procurements, certain types of items, or

certain dollar levels of procurements.

32.2-1

32.202-2 FEDERAL ACQUISITION REGULATION

32.202-2 Types of payments for commercial product and commercial service purchases.

These definitions incorporate the requirements of the statutory commercial financing authority and the implementation of

the Prompt Payment Act.

Commercial advance payment, as used in this section, means a payment made before any performance of work under the

contract. The aggregate of these payments must not exceed 15 percent of the contract price. These payments are contract

financing payments and are not subject to the interest penalty provisions of the Prompt Payment Act in subpart 32.9. These

payments are not subject to subpart 32.4, Advance Payments for Other Than Commercial Acquisitions.

Commercial interim payment as defined in 32.001.

Delivery payment as defined in 32.001.

32.202-3 Conducting market research about financing terms.

Contract financing may be a subject included in the market research conducted in accordance with part 10. If market research for contract financing is conducted, the contracting officer should consider-

- (a) The extent to which other buyers provide contract financing for purchases in that market;
- (b) The overall level of financing normally provided;
- (c) The amount or percentages of any payments equivalent to commercial advance payments (see 32.202-2);
- (d) The basis for any payments equivalent to commercial interim payments (see 32.001), as well as the frequency, and

amounts or percentages; and

- (e) Methods of liquidation of contract financing payments and any special or unusual payment terms applicable to delivery

payments (see 32.001).

32.202-4 Security for Government financing.

- (a) Policy. (1) 10 U.S.C. 3805 and 41 U.S.C.4505 require the Government to obtain adequate security for Government

financing. The contracting officer must specify in the solicitation the type of security the Government will accept. If the Government is willing to accept more than one form of security, the offeror must be required to specify the form of security it

will provide. If acceptable to the contracting officer, the resulting contract must specify the security (see 32.206(b)(1)(iv)).

- (2) Subject to agency regulations, the contracting officer may determine the offeror's financial condition to be adequate

security, provided the offeror agrees to provide additional security should that financial condition become inadequate as security (see paragraph (c) of the clause at 52.232-29, Terms for Financing of Purchases of Commercial Products and Commercial Services). Assessment of the contractor's financial condition must consider both net worth and liquidity. If the

contracting officer finds the offeror's financial condition is not adequate security, the contracting officer must require other

adequate security. Paragraphs (b), (c), and (d) of this section list other (but not all) forms of security that the contracting officer may find acceptable.

- (3) The value of the security must be at least equal to the maximum unliquidated amount of contract financing payments to be made to the contractor. The value of security may be adjusted periodically during contract performance, as

long as it is always equal to or greater than the amount of unliquidated financing.

- (b) Paramount lien. (1) The statutes cited in 32.201 provide that if the Government's security is in the form of a lien, such

lien is paramount to all other liens and is effective immediately upon the first payment, without filing, notice, or other action

by the United States.

- (2) When the Government's security is in the form of a lien, the contract must specify what the lien is upon, e.g., the

work in process, the contractor's plant, or the contractor's inventory. Contracting officers may be flexible in the choice of

assets. The contract must also give the Government a right to verify the existence and value of the assets.

- (3) Provision of Government financing must be conditioned upon a contractor certification that the assets subject to the

lien are free from any prior encumbrances. Prior liens may result from such things as capital equipment loans, installment

purchases, working capital loans, various lines of credit, and revolving credit arrangements.

(c) Other assets as security. Contracting officers may consider the guidance at 28.203 and 28.204 in determining which

types of assets may be acceptable as security. For the purpose of applying the guidance in part 28 to this section, the term

"surety" and/or "individual surety" should be interpreted to mean "offeror" and/or "contractor."

(d) Other forms of security. Other acceptable forms of security include-

(1) An irrevocable letter of credit from a federally insured financial institution;

(2) A bond from a surety, acceptable in accordance with part 28 (note that the bond must guarantee repayment of the

unliquidated contract financing);

32.2-2

SUBPART 32.2 - COMMERCIAL PRODUCT AND COMMERCIAL SERVICE PURCHASE FINANCING 32.206

(3) A guarantee of repayment from a person or corporation of demonstrated liquid net worth, connected by significant

ownership to the contractor; or

(4) Title to identified contractor assets of adequate worth.

(e) Management of risk and security. In establishing contract financing terms, the contracting officer must be aware of

certain risks. For example, very high amounts of financing early in the contract (front-end loading) may unduly increase the risk to the Government. The security and the amounts and timing of financing payments must be analyzed as a whole to

determine whether the arrangement will be in the best interest of the Government.

32.203 Determining contract financing terms.

When the criteria in 32.202-1(b) are met, the contracting officer may either specify the financing terms in the solicitation (see 32.204) or permit each offeror to propose its own customary financing terms (see 32.205). When the contracting officer

has sufficient information on financing terms that are customary in the commercial marketplace for the item, those terms may

be specified in the solicitation.

32.204 Procedures for contracting officer-specified commercial contract financing.

The financing terms must be included in the solicitation. Contract financing must not be a factor in the evaluation of resulting proposals, and proposals of alternative financing terms must not be accepted (but see 14.208 and 15.206 concerning

amendments of solicitations). However, an offer stating that the contracting officer-specified contract financing terms will

not be used by the offeror does not alter the evaluation of the offer, nor does it render the offer nonresponsive or otherwise

unacceptable. In the event of award to an offeror who declined the proposed contract financing, the contract financing provisions must not be included in the resulting contract. Contract financing must not be a basis for adjusting offeror's proposed prices, because the effect of contract financing is reflected in each offeror's proposed prices.

32.205 Procedures for offeror-proposed commercial contract financing.

(a) Under this procedure, each offeror may propose financing terms. The contracting officer must then determine which

offer is in the best interests of the United States.

(b) Solicitations. The contracting officer must include in the solicitation the provision at 52.232-31, invitation to Propose

Financing Terms. The contracting officer must also-

(1) Specify the delivery payment (invoice) dates that will be used in the evaluation of financing proposals; and

(2) Specify the interest rate to be used in the evaluation of financing proposals (see paragraph (c)(4) of this section).

(c) Evaluation of proposals. (1) When contract financing terms vary among offerors, the contracting officer must adjust

each proposed price for evaluation purposes to reflect the cost of providing the proposed financing in order to determine the

total cost to the Government of that particular combination of price and financing.

(2) Contract financing results in the Government making payments earlier than it otherwise would. In order to determine the cost to the Government of making payments earlier, the contracting officer must compute the imputed cost of

those financing payments and add it to the proposed price to determine the evaluated price for each offeror.

(3) The imputed cost of a single financing payment is the amount of the payment multiplied by the annual interest rate,

multiplied by the number of years, or fraction thereof, between the date of the financing payment and the date the amount

would have been paid as a delivery payment. The imputed cost of financing is the sum of the imputed costs of each of the

financing payments.

(4) The contracting officer must calculate the time value of proposal-specified contract financing arrangements using as

the interest rate the nominal discount rate specified in Appendix C of the Office of Management and Budget (OMB) Circular

A-94, "Guidelines and Discount Rates for Benefit-Cost Analysis of Federal Programs," appropriate to the period of contract

financing. Where the period of proposed financing does not match the periods in the OMB Circular, the interest rate for the

period closest to the finance period must be used. Appendix C is updated yearly and is available from the Office of Economic

Policy in the Office of Management and Budget (OMB).

32.206 Solicitation provisions and contract clauses.

(a) The contract must include the paragraph entitled "Payment" of the clause at 52.212-4, Contract Terms and Conditions

"Commercial Products and Commercial Services. If the contract will provide for contract financing, the contracting officer

must construct a solicitation provision and contract clause. This solicitation provision must be constructed in accordance with

32.204 or 32.205. If the procedure at 32.205 is used, the solicitation provision at 52.232-31, Invitation to Propose

Financing

32.2-3

32.206 FEDERAL ACQUISITION REGULATION

Terms, must be included. The contract clause must be constructed in accordance with the requirements of this subpart and any agency regulations.

(b) Each contract financing clause must include:

(1) A description of the-

(i) Computation of the financing payment amounts (see paragraph (c) of this section);

(ii) Specific conditions of contractor entitlement to those financing payments (see paragraph (c) of this section);

(iii) Liquidation of those financing payments by delivery payments (see paragraph (e) of this section);

(iv) Security the contractor will provide for financing payments and any terms or conditions specifically applicable thereto (see 32.202-4); and

(v) Frequency, form, and any additional content of the contractor's request for financing payment (in addition to the requirements of the clause at 52.232-29, Terms for Financing of Purchases of Commercial Products and Commercial Services); and

(2) Unless agency regulations authorize alterations, the unaltered text of the clause at 52.232-29, Terms for Financing

of Purchases of Commercial Products and Commercial Services.

(c) Computation of amounts, and contractor entitlement provisions. (1) Contracts must provide that delivery payments

must be made only for completed supplies and services accepted by the Government in accordance with the terms of the

contract. Contracts may provide for commercial advance and commercial interim payments based upon a wide variety of

bases, including (but not limited to) achievement or occurrence of specified events, the passage of time, or specified times

prior to the delivery date(s). The basis for payment must be objectively determinable. The clause written by the contracting

officer must specify, to the extent access is necessary, the information and/or facilities to which the Government must have

access for the purpose of verifying the contractor's entitlement to payment of contract financing.

(2) If the contract is awarded using the offeror-proposed procedure at 32.205, the clause constructed by the contracting

officer under paragraph (b)(1) of this section must contain the following:

(i) A statement that the offeror's proposed listing of earliest times and greatest amounts of projected financing payments submitted in accordance with paragraph (d)(2) of the provision at 52.232-31, Invitation to Propose Financing Terms, is incorporated into the contract, and

(ii) A statement that financing payments must be made in the lesser amount and on the later of the date due in accordance with the financing terms of the contract, or in the amount and on the date projected in the listing of earliest times

and greatest amounts incorporated in the contract.

(3) If the security accepted by the contracting officer is the contractor's financial condition, the contracting

officer must

incorporate in the clause constructed under paragraph (b)(1) of this section the following-

(i) A statement that the contractor's financial condition has been accepted as adequate security for commercial financing payments; and

(ii) A statement that the contracting officer may exercise the Government's rights to require other security under paragraph (c), Security for Government Financing, of the clause at 52.232-29, Terms for Financing of Purchases of Commercial Products and Commercial Services, in the event the contractor's financial condition changes and the security is deemed not adequate.

(d) Instructions for multiple appropriations. If contract financing is to be computed for the contract as a whole, and if there is more than one appropriation account (or subaccount) funding payments under the contract, the contracting officer must include, in the contract, instructions for distribution of financing payments to the respective funds' accounts. Distribution instructions and contract liquidation instructions must be mutually consistent.

(e) Liquidation. Liquidation of contract financing payments must be on the same basis as the computation of contract financing payments; that is, financing payments computed on a whole contract basis must be liquidated on a whole contract basis; and a payment computed on a line- item basis must be liquidated against that line item. If liquidation is on a whole contract basis, the contracting officer must use a uniform liquidation percentage as the liquidation method, unless the contracting officer obtains the concurrence of the cognizant payment office that the proposed liquidation provisions can be executed by that office, or unless agency regulations provide alternative liquidation methods.

(f) [Reserved]

(g) Installment payment financing for commercial products and commercial services. Contracting officers may insert the clause at 52.232-30, Installment Payments for Commercial Products and Commercial Services, in solicitations and contracts in lieu of constructing a specific clause in accordance with paragraphs (b) through (e) of this section, if the contract action qualifies under the criteria at 32.202-1(b) and installment payments for the item are either customary or are authorized in accordance with agency procedures.

32.2-4

SUBPART 32.2 - COMMERCIAL PRODUCT AND COMMERCIAL SERVICE PURCHASE FINANCING 32.207

(1) Description. Installment payment financing is payment by the Government to a contractor of a fixed number of equal interim financing payments prior to delivery and acceptance of a contract item. The installment payment arrangement is designed to reduce administrative costs. However, if a contract will have a large number of deliveries, the administrative costs may increase to the point where installment payments are not in the best interests of the Government.

(2) Authorized types of installment payment financing and rates. Installment payments may be made using the clause at

52.232-30, Installment Payments for Commercial Products and Commercial Services, either at the 70 percent financing rate

cited in the clause or at a lower rate in accordance with agency procedures.

(3) Calculating the amount of installment financing payments. The contracting officer must identify in the contract

schedule those items for which installment payment financing is authorized. Monthly installment payment amounts are to be

calculated by the contractor pursuant to the instructions in the contract clause only for items authorized to receive installment

payment financing.

(4) Liquidating installment payments. If installment payments have been made for an item, the amount paid to the

contractor upon acceptance of the item by the Government must be reduced by the amount of installment payments made for

the item. The contractor's request for final payment for each item is required to show this calculation.

32.207 Administration and payment of commercial financing payments.

(a) Responsibility. The contracting officer responsible for administration of the contract is responsible for review and approval of contract financing requests.

(b) Approval of financing requests. Unless otherwise provided in agency regulations, or by agreement with the designated payment official?

(1) The contracting officer is responsible for receiving, approving, and transmitting all contract financing requests to

the designated payment office; and

(2) Each approval must specify the amount to be paid, necessary contractual information, and the account(s) (see

32.206(d)) to be charged for the payment.

(c) Management of security. After contract award, the contracting officer responsible for approving requests for financing

payments is responsible for determining that the security continues to be adequate. If the contractor's financial condition is

the Government's security, this contracting officer is also responsible for monitoring the contractor's financial condition.

32.2-5

32.2-6

SUBPART 32.3 - LOAN GUARANTEES FOR DEFENSE PRODUCTION 32.306

Subpart 32.3 - Loan Guarantees for Defense Production

32.300 Scope of subpart.

This subpart addresses policies and procedures for designated agencies' guarantees of loans made by private financial institutions to borrowers performing contracts related to national defense.

32.301 Definitions.

As used in this subpart-

Borrower means a contractor, subcontractor (at any tier), or other supplier who receives a guaranteed loan.

Federal Reserve Board means the Board of Governors of the Federal Reserve System.

Guaranteeing agency means any agency that the President has authorized to guarantee loans, through Federal Reserve

Banks, for expediting national defense production.

32.302 Authority.

Congress has authorized Federal Reserve Banks to act on behalf of guaranteeing agencies, as fiscal agents of the United

States in the making of loan guarantees for defense production (Defense Production Act of 1950 (50 U.S.C. 4531)). By Executive Order 10480, August 14, 1953, as amended, the President has designated the following agencies as guaranteeing agencies:

- (a) Department of Defense.
- (b) Department of Energy.
- (c) Department of Commerce.
- (d) Department of the Interior.
- (e) Department of Agriculture.
- (f) General Services Administration.
- (g) National Aeronautics and Space Administration.

32.303 General.

- (a) 50 USC 4531 authorizes loan guarantees for contract performance or other operations related to national defense,

subject to amounts annually authorized by Congress on the maximum obligation of any guaranteeing agency under any loan, discount, advance, or commitment entered into under this authority. (See 50 U.S.C. 4531 for statutory limitations and

exceptions concerning the authorization of loan guarantee amounts and the use of loan guarantees for the prevention of

insolvency or bankruptcy.)

- (b) The guarantee must be for less than 100 percent of the loan unless the agency determines that-

- (1) The circumstances are exceptional;
- (2) The operations of the contractor are vital to the national defense; and
- (3) No other suitable means of financing are available.

- (c) Loan guarantees are not issued to other agencies of the Government.

- (d) Guaranteed loans are essentially the same as conventional loans made by private financial institutions, except that the

guaranteeing agency is obligated, on demand of the lender, to purchase a stated percentage of the loan and to share any losses

in the amount of guaranteed percentage. It is the responsibility of the private financial institution to disburse and collect funds

and to administer the loan.

- (e) Federal Reserve Banks may make loan guarantee agreements on behalf of the guaranteeing agencies.

(f) The guaranteeing agency is responsible for certifying eligibility for the guarantee and fixing the maximum dollar amount and maturity date of the guaranteed loan to meet the contractor's requirement for financing performance of the defense production contract on hand at the time the guarantee application is submitted.

32.3-2

SUBPART 32.4 - ADVANCE PAYMENTS FOR OTHER THAN COMMERCIAL ACQUISITIONS 32.404

Subpart 32.4 - Advance Payments for Other Than Commercial Acquisitions

32.400 Scope of subpart.

This subpart provides policies and procedures for advance payments on prime contracts and subcontracts, except for the

types of transactions listed in 32.404. This subpart does not apply to commercial advance payments, which are subject to

subpart 32.2.

32.401 Statutory authority.

The agency may authorize advance payments in negotiated and sealed bid contracts if the action is appropriate under-

- (a) 41 U.S.C. chapter 45;
- (b) 10 U.S.C. chapter 277; or
- (c) Pub. L. 85-804 (50 U.S.C. 1431 et. seq.) and Executive Order 10789, November 14, 1958, as amended (see Subpart

50.1 for other applications of this statute).

32.402 General.

- (a) A limitation on authority to grant advance payments under Pub. L. 85-804 (50 U.S.C. 1431 et. seq.) is described at

50.102-3(b)(4).

- (b) Advance payments may be provided on any type of contract; however, the agency must authorize advance payments

sparingly. In most situations, advance payment is the least preferred method of contract financing (see 32.106) and generally

they should not be authorized if other types of financing are reasonably available to the contractor in adequate amounts.

Loans and credit at excessive interest rates or other exorbitant charges, or loans from other Government agencies, are not

considered reasonably available financing.

- (c) If statutory requirements and standards for advance payment determinations are met, the contracting officer must

generally recommend that the agency authorize advance payments.

- (1) The statutory requirements are that-

- (i) The contractor gives adequate security;
- (ii) The advance payments will not exceed the unpaid contract price (see 32.410(b), paragraph (a)(2)); and
- (iii) The agency head or designee determines, based on written findings, that the advance payment-
 - (A) Is in the public interest (under 32.401(a) or (b)); or
 - (B) Facilitates the national defense (under 32.401(c)).

(2) The standards for advance payment determinations are that-

(i) The advance payments will not exceed the contractor's interim cash needs based on-

(A) Analysis of the cash flow required for contract performance;

(B) Consideration of the reimbursement or other payment cycle; and

(C) To the extent possible, employment of the contractor's own working capital;

(ii) The advance payments are necessary to supplement other funds or credit available to a contractor;

(iii) The recipient is otherwise qualified as a responsible contractor; and

(iv) The Government will benefit from performance prospects or there are other practical advantages.

(d) If necessary, the agency may authorize advance payments in addition to progress or partial payments on the same

contract (see 32.501-1(c)).

(e) Each agency that provides advance payments must-

(1) Place the responsibility for making findings and determinations, and for approval of contract terms concerning

advance payments (see 32.410), at an organizational level high enough to ensure uniform application of this subpart (see the

limitation at 50.102-1(b) which also applies to advance payments authorized under Pub.L.85-804 (50 U.S.C. 1431); and

(2) Establish procedures for coordination, before advance payment authorization, with the activity that provides contract financing support.

(f) If the contract provides for advance payments authorized under Pub. L. 85-804 (50 U.S.C. 1431), the contracting officer must ensure conformance with the contract requirements at 50.103-7.

32.403 [Reserved]

32.404 Exclusions.

(a) This subpart does not apply to advance payments for-

32.4-1

32.405 FEDERAL ACQUISITION REGULATION

(1) Rent;

(2) Tuition;

(3) Insurance premiums;

(4) Expenses of investigations in foreign countries;

(5) Extension or connection of public utilities for Government buildings or installations;

(6) Subscriptions to publications;

(7) Purchases of supplies or services in foreign countries, if-

(i) The purchase price does not exceed \$20,000 (or equivalent amount of the applicable foreign currency); and

(ii) The advance payment is required by the laws or government regulations of the foreign country concerned;

(8) Enforcement of the customs or narcotics laws; or

(9) Other types of transactions excluded by agency procedures under statutory authority.

(b) Agencies may issue their own instructions to deal with advance payment items in paragraph (a) of this section authorized under statutes relevant to their agencies.

32.405 Applying Pub.L.85-804 to advance payments under sealed bid contracts.

(a) Actions that designated agencies may take to facilitate the national defense without regard to other provisions of law

relating to contracts, as explained in 50.101-1(a), also include making advance payments. These advance payments may be

made at or after award of sealed bid contracts, as well as negotiated contracts.

(b) Bidders may request advance payments before or after award, even if the invitation for bids does not contain an advance payment provision. However, the contracting officer must reject any bid requiring that advance payments be provided as a basis for acceptance.

(c) When advance payments are requested, the agency may-

(1) Enter into the contract and provide for advance payments conforming to this part 32;

(2) Enter into the contract without providing for advance payments if the contractor does not actually need advance

payments; or

(3) Deny award of the contract if the request for advance payments has been disapproved under 32.408-2 and funds

adequate for performance are not otherwise available to the offeror.

32.406 Letters of credit.

(a) The Department of the Treasury (Treasury) prescribes regulations and instructions covering the use of letters of credit

for advance payments under contracts. See 2 CFR 700.7, and the implementing instructions in the Treasury Financial Manual,

available in offices providing financial advice and assistance.

(b) If agencies provide advance payments to contractors, use of the following methods is required unless the agency has

obtained a waiver from the Treasury Department:

(1) By letter of credit if the contracting agency expects to have a continuing relationship with the contractor for a year

or more, with advances totaling at least \$120,000 a year.

(2) By direct Treasury check if the circumstances do not meet the criteria in subparagraph (1) of this section.

(c) If the agency has entered into multiple contracts (or a combination of contract(s) and assistance agreement(s)) involving eligibility of a contractor for more than one letter of credit, the agency must follow arrangements made under Treasury procedures for-

(1) Consolidating funding to the same contractor under one letter of credit or

(2) Replacing multiple letters of credit with a single letter of credit.

(d) The letter of credit enables the contractor to withdraw Government funds in amounts needed to cover its own disbursements of cash for contract performance. Whenever feasible, the agency must, under the direction and approval of the

Department of the Treasury, use a letter of credit method that requires the contractor not to withdraw the Government funds

until the contractor's checks have been-

(1) Forwarded to the payees (delay of drawdown technique), or

(2) Presented to the contractor's bank for payment (checks paid technique).

(e) The Treasury regulations provide for terminating the advance financing arrangement if the contractor is unwilling or

unable to minimize the elapsed time between receipt of the advance and disbursement of the funds. In such cases, if reversion

to normal payment methods is not feasible, the Treasury regulation provides for use of a working capital method of advance;

i.e., for limiting advances to-

(1) Only the estimated disbursements for a given initial period; and

32.4-2

SUBPART 32.4 - ADVANCE PAYMENTS FOR OTHER THAN COMMERCIAL ACQUISITIONS 32.408

(2) Subsequently, for only actual cash disbursements.

32.407 Interest.

(a) Except as provided in paragraph (d) of this section, the contracting officer must charge interest on the daily unliquidated balance of all advance payments at the higher of-

(1) The published prime rate of the financial institution (depository) in which the special account (see 32.409-3) is established; or

(2) The rate established by the Secretary of the Treasury under 41 U.S.C. 7109(b).

(b) The interest rate for advance payments must be adjusted for changes in the prime rate of the depository and the

semiannual determination by the Secretary of the Treasury under 41 U.S.C. 7109(b). The contracting officer must obtain data

from the depository on changes in the interest rate during the month. Interest must be computed at the end of each month on

the daily unliquidated balance of advance payments at the applicable daily interest rate.

(c) Interest must be required on contracts that are for acquisition, at cost, of property for Government ownership, if the

contracts are awarded in combination with, or in contemplation of, supply contracts or subcontracts.

(d) The agency head or designee may authorize advance payments without interest under the following types of contracts,

if in the Government's interest:

(1) Contracts for experimental, research, or development work (including studies, surveys, and demonstrations in socio-economic areas) with nonprofit education or research institutions.

(2) Contracts solely for the management and operation of Government-owned plants.

(3) Cost-reimbursement contracts with governments, including State or local governments, or their instrumentalities.

(4) Other classes of contracts, or unusual cases, for which the exclusion of interest on advances is specifically authorized by agency procedures.

(e) If a contract provides for interest-free advance payments, the contracting officer may require the contractor to charge

interest on advances or downpayments to subcontractors and credit the Government for the proceeds from the interest charges. Interest rates must be determined as described in paragraphs (a) and (b) of this section. The contracting officer need

not require the contractor to charge interest on an advance to a subcontractor that is an institution of the kind described in

paragraph (d)(1) of this section.

(f) The contracting officer must not allow interest charges, required by this 32.407, as reimbursable costs under cost-

reimbursement contracts, whether the interest charge was incurred by the prime contractor or a subcontractor.

32.408 Application for advance payments.

(a) A contractor may apply for advance payments before or after the award of a contract.

(b) The contractor must submit any advance payment request in writing to the contracting officer and provide the following information:

(1) A reference to the contract if the request concerns an existing contract, or a reference to the solicitation if the request concerns a proposed contract.

(2) A cash flow forecast showing estimated disbursements and receipts for the period of contract performance.

Limit the forecast to the contract to be financed by advance payments.

(3) The proposed total amount of advance payments.

(4) The name and address of the financial institution at which the contractor expects to establish a special account as

depository for the advance payments. If advance payments in the form of a letter of credit are anticipated, the contractor

must identify the specific account at the financial institution to be used. This subparagraph (4) is not applicable if an alternate

method is used under agency procedures.

(5) A description of the contractor's efforts to obtain unguaranteed private financing under eligible contracts. This

requirement is not applicable to the contract types described in 32.407(d)(1) and (2)

(6) Other information appropriate to an understanding of-

(i) The contractor's financial condition and need,

(ii) The contractor's ability to perform the contract without loss to the Government, and

(iii) Financial safeguards needed to protect the Government's interest. Generally, if the contract is a type described in 32.407(d)(1) and (2), the contractor may limit the response to this subparagraph (6) to information on the contractor's reliability, technical ability, and accounting system and controls.

32.4-3

32.409 FEDERAL ACQUISITION REGULATION

32.409 Contracting officer action.

After analysis of the contractor's application and any appropriate investigation, the contracting officer must recommend approval or disapproval and transmit the request and recommendation to the approving authority designated under 32.402(e).

32.409-1 Recommendation for approval.

If recommending approval, the contracting officer must transmit the following, under agency procedures, to the approving authority:

(a) Contract data, including-

(1) Identification and date of the award;

(2) Citation of the appropriation;

(3) Type and dollar amount of the contract;

(4) Items to be supplied, schedule of deliveries or performance, and status of any deliveries or performance;

(5) The contract fee or profit contemplated; and

(6) A copy of the contract, if available.

(b) The contractor's request and supporting information.

(c) A report on the contractor's past performance, responsibility, technical ability, and plant capacity.

(d) Comments on-

(1) The contractor's need for advance payments; and

(2) Potential Government benefits from the contract performance.

(e) Proposed advance payment contract terms, including proposed security requirements.

(f) The findings, determination, and authorization (see 32.410).

(g) The recommendation for approval of the advance payment request.

(h) Justification of any proposal for waiver of interest charges (see 32.407).

32.409-2 Recommendation for disapproval.

If recommending disapproval, the contracting officer must, under agency procedures, transmit-

(a) The items prescribed in 32.409-1(a), (b), and (c); and

(b) The recommendation for disapproval and the reasons.

32.409-3 Security, supervision, and covenants.

(a) If advance payments are approved, the contracting officer must enter into an agreement with the contractor covering

special accounts and suitable covenants protecting the Government's interest (see 32.411). This requirement generally applies

under all statutory authorities, but modified requirements applicable to certain specific cases are prescribed in paragraphs (e)

through (g) of this section.

(b) The agency must-

(1) Ensure that the amount of advance payments does not exceed the contractor's financial needs, and

(2) Closely supervise the contractor's withdrawal of funds from special accounts in which the advance payments are

deposited.

(c) In the terms of the agreement, the contracting officer should provide for a paramount lien in favor of the Government.

This lien may supplement or replace other security requirements. The lien should cover-

(1) Supplies being acquired;

(2) Any credit balance in the special account in which advance payments are deposited; and

(3) All property that the contractor acquires for performing the contract, except to the extent to which the Government

otherwise has valid title to the property.

(d) Security requirements vary to fit the circumstances of different cases. Minimum security requirements are covered by

the clauses prescribed in the contract. The contracting officer may supplement these as necessary in each case for protection

of the Government's interest. Examples of additional security terms are-

(1) Personal or corporate endorsements or guarantees;

(2) Pledges of collateral;

(3) Subordination or standby of other indebtedness;

(4) Controls or limitations on profit distributions, salaries, bonuses or commissions, rentals and royalties, capital expenditures, creation of liens, retirement of stock or debt, and creation of additional obligations; and

(5) Advance payment bonds (rarely required).

32.4-4**SUBPART 32.4 - ADVANCE PAYMENTS FOR OTHER THAN COMMERCIAL ACQUISITIONS 32.410**

(e) In an advance payment agreement with an instrumentality of the Government, a State, a local government, or an agency or instrumentality of a State or local government, the contracting officer may omit the requirement for deposit of the advances in a special account, if the official approving the advance determines that other adequate security exists to protect the Government's interest.

(f) The requirements of this 32.409-3 do not apply when using letters of credit if an agency's procedures provide for-

(1) The use under a cost-reimbursement contract of Federal funds deposited in the contractor's account at a financial institution (without the contractor acquiring title to the funds); and

(2) The security of such deposit of public moneys in accordance with governing regulations of the Treasury Department.

(g) If a separate special account is not required; e.g., advance payment by a letter of credit, an agency may require a special account for an individual case, or classes of cases, if the circumstances warrant.

32.410 Findings, determination, and authorization.

(a) Each determination concerning advance payments must be supported by written findings (see 32.402(c)(1)(iii)).

(b) The following is an example of the format and text of findings, determination, and authorization with alternative words, phrases, and paragraphs to be selected to conform to the circumstances involved:

Findings, Determination, and Authorization for Advance Payments**Findings**

(a) The undersigned hereby finds that:

(1) The _____ [Insert the name of the contracting activity] and _____ [Insert the name of the contractor] (have entered) (propose to enter) into (negotiated) (sealed bid) Contract No. _____, dated _____.

[Summarize the specific facts and significant circumstances concerning the contract and the contractor, that, together with

the other findings, will clearly support the determination below.]

(2) Advance payments (in an amount not to exceed \$ _____ at any time outstanding) (in an aggregate amount not exceeding \$ _____, less the aggregate amounts repaid, or withdrawn by the Government) are required by the Contractor to perform under the contract. The amount does not exceed the unpaid contract price or the estimated interim cash needs arising during the reimbursement cycle.

(3) The advance payments are necessary for prompt, efficient contract performance that will benefit the Government.

(4) The proposed advance payment clause provides for security for the protection of the Government. The clause requires

that all payments will be deposited in a special account at the Contractor's financial institution and that the Government

will

have a paramount lien on (i) the credit balance in the special account, (ii) any supplies contracted for, and (iii) any material

or other property acquired for performance of the contract. [Insert the following, if applicable: (The Contractor's financial

management system provides for effective control over and accountability for all Federal funds under governing regulations

of the Treasury Department.) (An advance payment bond is required.)] This security is considered adequate.

(5) Advance payments are the only adequate means of financing available to the Contractor, and the amount designated

in paragraph (a)(2) is based, to the extent possible, on the use of the Contractor's own working capital in performing the

contract. [Insert paragraph(6), (7), or (8), as applicable.]

(6) The Contractor is a nonprofit (educational) (and) (research) institution, and the contract is for (experimental) (,)

(research and development) work.

(7) The contract is solely for the management and operation of a Government-owned plant.

(8) The following unusual facts and circumstances favor making advance payments to the Contractor without interest:

[List the pertinent facts and circumstances.]

Determination

(b) Based on the findings in paragraph (a), the undersigned determined that the making of the proposed advance payments,

(with interest at the rate of _____ [Insert the interest rate computed in accordance with 32.407] percent on the daily

unliquidated balance of the advance payments,) (without interest, except as provided by the proposed advance payment

clause,) (is in the public interest) (will facilitate the national defense).

Authorization

(c) The advance payments, of which (the amount at any time outstanding) (the aggregate amount, less the aggregate

amounts repaid, or withdrawn by the Government), must not exceed \$_____, are hereby authorized under (41 U.S.C. chapter

45) (10 U.S.C. chapter 277) (the Extraordinary Contracting Authority of Government Agencies in Connection with National

Defense Functions (50 U.S.C. 1431 et. seq.) and Executive Order No. 10789 of November 14, 1958) [or, if other, cite appropriate authority] on (terms substantially as contained in the proposed advance payment clause, a copy (an outline) of

32.4-5

32.411 FEDERAL ACQUISITION REGULATION

which is annexed to this authorization) (the following terms:) [Insert the appropriate terms.] (All prior authorizations for advance payments under Contract No. _____ are superseded.)

_____[Signature]

_____[Name Typed]

_____[Title of Authorized Official]

[Each Findings, Determination, and Authorization must be individually prepared to fit the particular circumstances at hand. Paragraphs (a)(1), (2), (3) and (4) and paragraphs (b) and (c) must be used in each case. If the contract is (a) for experimental, developmental or research work and with a nonprofit educational or research institution, or (b) only for management and operation of a Government-owned plant, paragraph (a)(5) should not be included. If the advance payment is to be made without interest to the contractor, include paragraph (a)(6), (7), or (8). If any advance payments have previously been authorized for the contract, include the final sentence of paragraph (c). The alternate parenthetical wording or other modifications may be used as appropriate. The paragraphs actually used must be renumbered sequentially.]

32.411 Agreement for special account at a financial institution.

The contracting officer must use substantially the following form of agreement for a special account for advance payments:

Agreement for Special Account

This agreement is entered into this ____ day of ____, 20__, between the United States of America (the Government), represented by the Contracting Officer executing this agreement, ____ [Insert the name of the Contractor], a ____ [Insert the name of the State of incorporation] corporation (the Contractor), and ____, a financial institution operating under the laws of ____, located at ____ (the financial institution).

Recitals

(a) Under date of ____, 20__, the Government and the Contractor entered into Contract No. ____, or a related supplemental agreement, providing for advance payments to the Contractor. A copy of the advance payment terms was furnished to the financial institution.

(b) The contract or supplemental agreement requires that amounts advanced to the Contractor be deposited separate from the Contractor's general or other funds, in a Special Account at a member bank of the Federal Reserve System, any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (12 U.S.C. 1811), or a credit union insured by the National Credit Union Administration. The parties agree to deposit the amounts with the financial institution, which meets the requirement.

(c) This Special Account is designated "____ [Insert the Contractor's name], ____ [Insert the name of the Government agency] Special Account."

Covenants

In consideration of the foregoing, and for other good and valuable considerations, the parties agree to the following conditions:

- (a) The Government must have a lien on the credit balance in the account to secure the repayment of all advance payments made to the Contractor. The lien is paramount to any lien or claim of the financial institution regarding the account.
- (b) The financial institution is bound by the terms of the contract relating to the deposit and withdrawal of funds in

the

Special Account, but is not responsible for the application of funds withdrawn from the account. The financial institution shall act on written directions from the Contracting Officer, the administering office, or a duly authorized representative of either. The financial institution is not liable to any party to this agreement for any action that complies with the written directions. Any written directions received by the financial institution through the Contracting Officer on _____ [Insert the

name of the agency] stationery and purporting to be signed by, or by the direction of _____ or duly authorized representative,

shall be, as far as the rights, duties, and liabilities of the financial institution are concerned, considered as being properly

issued and filed with the financial institution by the _____ [Insert the name of the agency].

(c) The Government, or its authorized representatives, must have access to the books and records maintained by the

financial institution regarding the Special Account at all reasonable times and for all reasonable purposes, including (but not

limited to), the inspection or copying of the books and records and any and all pertinent memoranda, checks, correspondence,

or documents. The financial institution shall preserve the books and records for a period of 6 years after the closing of this

Special Account.

32.4-6

SUBPART 32.4 - ADVANCE PAYMENTS FOR OTHER THAN COMMERCIAL ACQUISITIONS 32.412

(d) In the event of the service of any writ of attachment, levy of execution, or commencement of garnishment proceedings

regarding the Special Account, the financial institution will promptly notify _____ [Insert the name of the administering office].

(e) While this Special Account exists, the financial institution shall inform the Government each month of the financial

institution's published prime interest rate and changes to the rate during the month. The financial institution shall give this

information to the Contracting Officer on the last business day of the month. [This covenant will not be included in the Special Account Agreements covering interest-free advance payments.]

Each of the parties to this agreement has executed the agreement on _____, 20____.

[Signatures and Official Titles]

32.412 Contract clause.

(a) Insert the clause at 52.232-12, Advance Payments, in solicitations and contracts under which the Government will

provide advance payments, except as provided in 32.412(b).

(b) If the agency desires to waive the countersignature requirement because of the contractor's financial strength, good

performance record, and favorable experience concerning cost disallowances, the contracting officer must use the clause with

its Alternate I.

(c) If a cost-reimbursement contract is contemplated, the contracting officer must use the clause with its Alternate II.

(d) If the agency considers a more rapid liquidation appropriate, the contracting officer must use the clause with its Alternate III.

(e) If the agency provides advance payments under the contract at no interest to the prime contractor, the contracting

officer must use the clause with its Alternate IV.

(f) If the requirement for a special account is eliminated in accordance with 32.409-3(e) or (g), the contracting officer must

insert in the solicitation or contract the clause set forth in Alternate V of 52.232-12, Advance Payments, instead of the basic

clause.

32.4-7

This page intentionally left blank.

32.4-8

SUBPART 32.5 - PROGRESS PAYMENTS BASED ON COSTS 32.501-3

Subpart 32.5 - Progress Payments Based on Costs

32.500 Scope of subpart.

This subpart prescribes policies, procedures, forms, solicitation provisions, and contract clauses for providing contract financing through progress payments based on costs. This subpart does not apply to-

(a) Payments under cost-reimbursement contracts, but see 32.110 for progress payments made to subcontractors under

cost-reimbursement prime contracts; or

(b) Contracts for construction or for shipbuilding or ship conversion, alteration, or repair, when the contracts provide for

progress payments based on a percentage or stage of completion (see 10 U.S.C. 3808).

32.501 General.

Progress payments may be customary or unusual. Customary progress payments are those made under the general guidance in this subpart, using the customary progress payment rate, the cost base, and frequency of payment established

in the Progress Payments clause, and either the ordinary liquidation method or the alternate method as provided in sections

32.503-8 and 32.503-9. Any other progress payments are considered unusual and may be used only in exceptional cases when

authorized in accordance with section 32.501-2.

32.501-1 Customary progress payment rates.

(a) The customary progress payment rate is 80 percent, applicable to the total costs of performing the contract. The customary rate for contracts with small business concerns is 85 percent.

(b) The contracting officer must-

(1) Consider any rate higher than those permitted in paragraph (a) of this section an unusual progress payment; and

(2) Not include a higher rate in a contract unless advance agency approval is obtained as prescribed in 32.501-2.

(c) When advance payments and progress payments are authorized under the same contract, the contracting officer must

not authorize a progress payment rate higher than the customary rate.

(d) In accordance with 10 U.S.C. 3804(b) and 41 U.S.C. 4504(b), the limit for progress payments is 80 percent on work

accomplished under undefinitized contract actions. The contracting officer must not authorize a higher rate under unusual

progress payments or other customary progress payments for the undefinitized actions.

32.501-2 Unusual progress payments.

(a) The contracting officer may provide unusual progress payments only if-

(1) The contract necessitates predelivery expenditures that are large in relation to contract price and in relation to the

contractor's working capital and credit;

(2) The contractor fully documents an actual need to supplement any private financing available, including guaranteed

loans; and

(3) The contractor's request is approved by the head of the contracting activity or a designee. In addition, see 32.502-2.

(b) The excess of the unusual progress payment rate approved over the customary progress payment rate should be the

lowest amount possible under the circumstances.

(c) Progress payments will not be considered unusual merely because they are on letter contracts or the definitive contracts

that supersede letter contracts.

32.501-3 Contract price.

(a) For the purpose of making progress payments and determining the limitation on progress payments, the contract price

must be as follows:

(1) Under firm-fixed price contracts, the contract price is the current amount fixed by the contract plus the not-to-

exceed amount for any unpriced modifications.

(2) If the contract is redeterminable or subject to economic price adjustment, the contract price is the initial price until

modified.

(3) Under a fixed-price incentive contract, the contract price is the target price plus the not-to-exceed amount of unpriced modifications. However, if the contractor's properly incurred costs exceed the target price, the contracting officer

may provisionally increase the price up to the ceiling or maximum price.

(4) Under a letter contract, the contract price is the maximum amount obligated by the contract as modified.

32.5-1

32.501-4 FEDERAL ACQUISITION REGULATION

(5) Under an unpriced order issued against a basic ordering agreement, the contract price is the maximum amount

obligated by the order, as modified.

(6) Any portion of the contract specifically providing for reimbursement of costs only must be excluded from the contract price.

(b) The contracting officer must not make progress payments or increase the contract price beyond the funds obligated under the contract, as amended.

32.501-4 [Reserved]

32.501-5 Other protective terms.

If the contracting officer considers it necessary for protection of the Government's interest, protective terms such as the following may be used in addition to the Progress Payments clause of the contract:

- (a) Personal or corporate guarantees.
- (b) Subordinations or standbys of indebtedness.
- (c) Special bank accounts.
- (d) Protective covenants of the kinds in paragraph (p) of the clause at , Advance Payments.
- (e) A provision, included in the solicitation and resultant contract when first article testing is required (see subpart 9.3),

limiting progress payments on first article work by a stated amount or percentage.

32.502 Preaward matters.

This section covers matters that generally are relevant only before contract award. This does not preclude taking actions

discussed here after award, if appropriate; e.g., postaward addition of a Progress Payments clause for consideration.

32.502-1 Use of customary progress payments.

The contracting officer may use a Progress Payments clause in solicitations and contracts, in accordance with this subpart.

The contracting officer must reject as nonresponsive bids conditioned on progress payments when the solicitation did not provide for progress payments.

32.502-2 Contract finance office clearance.

The contracting officer must obtain the approval of the contract finance office or other offices designated under agency procedures before taking any of the following actions:

- (a) Providing a progress payment rate higher than the customary rate (see 32.501-1).
- (b) Deviating from the progress payments terms prescribed in this part.
- (c) Providing progress payments to a contractor-
 - (1) Whose financial condition is in doubt;
 - (2) Who has had an advance payment request or loan guarantee denied for financial reasons (or approved but withdrawn or lapsed) within the previous 12 months; or
 - (3) Who is named in the consolidated list of contractors indebted to the United States (known commonly as the "Hold-up List").

32.502-3 Solicitation provisions.

(a) Insert the provision at 52.232-13, Notice of Progress Payments, in invitations for bids and requests for proposals that include a Progress Payments clause.

- (b) (1) Under the authority of the statutes cited in 32.101, an invitation for bids may restrict the availability of progress

payments to small business concerns only.

- (2) Insert the provision at 52.232-14, Notice of Availability of Progress Payments Exclusively for Small Business

Concerns, in invitations for bids if it is anticipated that-

- (i) Both small business concerns and others may submit bids in response to the same invitation; and
- (ii) Only the small business bidders would need progress payments.

- (c) Insert the provision at 52.232-15, Progress Payments Not Included, in invitations for bids if the solicitation will not

contain one of the provisions prescribed in paragraphs (a) and (b) of this section.

32.5-2

SUBPART 32.5 - PROGRESS PAYMENTS BASED ON COSTS 32.503-3

32.502-4 Contract clauses.

- (a) (1) Insert the clause at 52.232-16, Progress Payments, in-

- (i) Solicitations that may result in contracts providing for progress payments based on costs; and
- (ii) Fixed-price contracts under which the Government will provide progress payments based on costs.

- (2) If advance agency approval has been given in accordance with 32.501-1, the contracting officer may substitute a

different customary rate for other than small business concerns for the progress payment and liquidation rate indicated.

- (3) If an unusual progress payment rate is approved for the prime contractor (see 32.501-2), substitute the approved rate

for the customary rate in paragraphs (a)(1), (a)(6), and (b) of the clause.

- (4) If the liquidation rate is changed from the customary progress payment rate (see 32.503-8 and 32.503-9), substitute

the new rate for the rate in paragraphs (a)(1), (a)(6), and (b) of the clause.

- (5) If an unusual progress payment rate is approved for a subcontract (see 32.504(c) and 32.501-2), modify paragraph

- (j)(6) of the clause to specify the new rate, the name of the subcontractor, and that the new rate must be used for that

subcontractor in lieu of the customary rate.

- (b) If the contractor is a small business concern, use the clause with its Alternate I.

- (c) If the contract is a letter contract, use the clause with its Alternate II.

- (d) If the contractor is not a small business concern, and progress payments are authorized under an indefinite-delivery

contract, basic ordering agreement, or their equivalent, use the clause with its Alternate III.

- (e) If the nature of the contract necessitates separate progress payment rates for portions of work that are clearly severable

and accounting segregation would be maintained (e.g., annual production requirements), describe the application of separate

progress payment rates in a supplementary special provision within the contract. The contractor must submit separate progress payment requests and subsequent invoices for the severable portions of work in order to maintain accounting integrity.

32.503 Postaward matters.

This section covers matters that are generally relevant only after award of a contract. This does not preclude taking actions

discussed here before award, if appropriate, e.g., preaward review of accounting systems and controls.

32.503-1 [Reserved]

32.503-2 Supervision of progress payments.

(a) The extent of progress payments supervision, by prepayment review or periodic review, should vary inversely with the contractor's experience, performance record, reliability, quality of management, and financial strength, and with the adequacy of the contractor's accounting system and controls. Supervision must be of a kind and degree sufficient to provide timely knowledge of the need for, and timely opportunity for, any actions necessary to protect Government interests.

(b) The administering office must keep itself informed of the contractor's overall operations and financial condition, since difficulties encountered and losses suffered in operations outside the particular progress payment contract may adversely affect the performance of that contract and the liquidation of the progress payments.

(c) For contracts with contractors-

(1) Whose financial condition is doubtful or not strong in relation to progress payments outstanding or to be outstanding;

(2) With management of doubtful capacity;

(3) Whose accounting controls are found by experience to be weak; or

(4) Experiencing substantial difficulties in performance, full information on progress under the contract involved (including the status of subcontracts) and on the contractor's other operations and overall financial condition should be

obtained and analyzed frequently, with a view to protecting the Government's interests better and taking such action as may be proper to make contract performance more certain.

(d) So far as practicable, all cost problems, particularly those involving indirect costs, that are likely to create disagreements in future administration of the contract should be identified and resolved at the inception of the contract (see

31.109).

32.503-3 Initiation of progress payments and review of accounting system.

(a) For contractors that the administrative contracting officer (ACO) has found by previous experience or recent audit review (within the last 12 months) to be--

32.5-3

32.503-4 FEDERAL ACQUISITION REGULATION

(1) Reliable, competent, and capable of satisfactory performance;

(2) Possessed of an adequate accounting system and controls; and

(3) In sound financial condition, progress payments in amounts requested by the contractor should be approved as a

matter of course.

(b) For all other contractors, the ACO must not approve progress payments before determining?

(1) That?

(i) The contractor will be capable of liquidating any progress payments; or

(ii) The Government is otherwise protected against loss by additional protective provisions; and

- (2) That the contractor's accounting system and controls are adequate for proper administration of progress payments.

The services of the responsible audit agency or office should be used to the greatest extent practicable. However, if the auditor so advises, a complete audit may not be necessary.

32.503-4 Approval of progress payment requests.

- (a) When the reliability of the contractor and the adequacy of the contractor's accounting system and controls have been

established (see 32.503-3) the ACO may, in approving any particular progress payment request (including initial requests on

new contracts), rely upon that accounting system and upon the contractor's certification, without requiring audit or review of

the request before payment.

- (b) The ACO should not routinely ask for audits of progress payment requests. However, when there is reason to-

- (1) Question the reliability or accuracy of the contractor's certification; or

- (2) Believe that the contract will involve a loss, the ACO should ask for a review or audit of the request before payment

is approved or the request is otherwise disposed of.

- (c) When there is reason to doubt the amount of a progress payment request, only the doubtful amount should be withheld,

subject to later adjustment after review or audit; any clearly proper and due amounts should be paid without awaiting resolution of the differences.

32.503-5 Administration of progress payments.

- (a) While the ACO may, in approving progress payment requests under 32.503-3, rely on the contractor's accounting

system and certification without prepayment review, postpayment reviews (including audits when considered necessary) must

be made periodically, or when considered desirable by the ACO to determine the validity of progress payments already made

and expected to be made.

- (b) These postpayment reviews or audits must, as a minimum, include a determination of whether or not-

- (1) The unliquidated progress payments are fairly supported by the value of the work accomplished on the undelivered

portion of the contract;

- (2) The applicable limitation on progress payments in the Progress Payments clause has been exceeded;

- (3) (i) The unpaid balance of the contract price will be adequate to cover the anticipated cost of completion; or

- (ii) The contractor has adequate resources to complete the contract; and

- (4) There is reason to doubt the adequacy and reliability of the contractor's accounting system and controls and

certification.

- (c) Under indefinite-delivery contracts, the contracting officer should administer progress payments made under each

individual order as if the order constituted a separate contract, unless agency procedures provide otherwise. When the contract will be administered by an agency other than the awarding agency, the contracting officer must coordinate with the

contract administration office if the awarding agency wants the administration of progress payments to be on a basis other than order-by-order.

32.503-6 Suspension or reduction of payments.

(a) General. The Progress Payments clause provides a Government right to reduce or suspend progress payments, or to increase the liquidation rate, under specified conditions. These conditions and actions are discussed in paragraphs (b) through

(g) of this subsection.

(1) The contracting officer must take these actions only in accordance with the contract terms and never precipitately or arbitrarily. These actions should be taken only after-

- (i) Notifying the contractor of the intended action and providing an opportunity for discussion;
- (ii) Evaluating the effect of the action on the contractor's operations, based on the contractor's financial condition, projected cash requirements, and the existing or available credit arrangements; and

32.5-4

SUBPART 32.5 - PROGRESS PAYMENTS BASED ON COSTS 32.503-6

(iii) Considering the general equities of the particular situation.

(2) The contracting officer must take immediate unilateral action only if warranted by circumstances such as overpayments or unsatisfactory contract performance.

(3) In all cases, the contracting officer must-

- (i) Act fairly and reasonably;
- (ii) Base decisions on substantial evidence; and
- (iii) Document the contract file. Findings made under paragraph (c) of the Progress Payments clause must be in writing.

(b) Contractor noncompliance. (1) The contractor must comply with all material requirements of the contract. This includes the requirement to maintain an efficient and reliable accounting system and controls, adequate for the proper administration of progress payments. If the system or controls are deemed inadequate, progress payments must be suspended

(or the portion of progress payments associated with the unacceptable portion of the contractor's accounting system must be suspended) until the necessary changes have been made.

(2) If the contractor fails to comply with the contract without fault or negligence, the contracting officer will not take action permitted by paragraph (c)(1) of the Progress Payments clause, other than to correct overpayments and collect amounts due from the contractor.

(c) Unsatisfactory financial condition. (1) If the contracting officer finds that contract performance (including full liquidation of progress payments) is endangered by the contractor's financial condition, or by a failure to make progress, the contracting officer must require the contractor to make additional operating or financial arrangements adequate for completing the contract without loss to the Government.

(2) If the contracting officer concludes that further progress payments would increase the probable loss to the Government, the contracting officer must suspend progress payments and all other payments until the unliquidated

balance of

progress payments is eliminated.

(d) Excessive inventory. If the inventory allocated to the contract exceeds reasonable requirements (including a reasonable

accumulation of inventory for continuity of operations), the contracting officer should, in addition to requiring the transfer of excessive inventory from the contract, take one or more of the following actions, as necessary, to avoid or correct overpayment:

(1) Eliminate the costs of the excessive inventory from the costs eligible for progress payments, with appropriate

reduction in progress payments outstanding.

(2) Apply additional deductions to billings for deliveries (increase liquidation).

(e) Delinquency in payment of costs of performance. (1) If the contractor is delinquent in paying the costs of contract

performance in the ordinary course of business, the contracting officer must evaluate whether the delinquency is caused by

an unsatisfactory financial condition and, if so, must apply the guidance in paragraph (c) of this section. If the contractor's

financial condition is satisfactory, the contracting officer must not deny progress payments if the contractor agrees to-

(i) Cure the payment delinquencies;

(ii) Avoid further delinquencies; and

(iii) Make additional arrangements adequate for completing the contract without loss to the Government.

(2) If the contractor has, in good faith, disputed amounts claimed by subcontractors, suppliers, or others, the contracting

officer must not consider the payments delinquent until the amounts due are established by the parties through litigation or

arbitration. However, the amounts must be excluded from costs eligible for progress payments so long as they are disputed.

(3) Determinations of delinquency in making contributions under employee pension, profit sharing, or stock ownership

plans, and exclusion of costs for such contributions from progress payment requests, must be in accordance with paragraph

(a)(3) of the clause at 52.232-16, Progress Payments, without regard to the provisions of 32.503-6.

(f) Fair value of undelivered work. Progress payments must be commensurate with the fair value of work accomplished

in accordance with contract requirements. The contracting officer must adjust progress payments when necessary to ensure

that the fair value of undelivered work equals or exceeds the amount of unliquidated progress payments. On loss contracts,

the application of a loss ratio as provided at paragraph (g) of this section constitutes this adjustment.

(g) Loss contracts. (1) If the sum of the total costs incurred under a contract plus the estimated costs to complete the

performance are likely to exceed the contract price, the contracting officer must compute a loss ratio factor and adjust future

progress payments to exclude the element of loss. The loss ratio factor is computed as follows:

(i) Revise the current contract price used in progress payment computations (the current ceiling price under fixed-

price incentive contracts) to include the not-to-exceed amount for any pending change orders and unpriced orders.

32.5-5

32.503-6 FEDERAL ACQUISITION REGULATION

(ii) Divide the revised contract price by the sum of the total costs incurred to date plus the estimated additional costs

of completing the contract performance.

(2) If the contracting officer believes a loss is probable, future progress payment requests must be modified as follows:

(i) The contract price must be the revised amount computed under paragraph (g)(1)(i) of this section.

(ii) The total costs eligible for progress payments must be the product of

(A) The sum of paid costs eligible for progress payments times

(B) The loss ratio factor computed under paragraph (g)(1)(ii) of this section.

(iii) The costs applicable to items delivered, invoiced, and accepted must not include costs in excess of the contract price of the items.

(3) The contracting officer may use audit assistance, technical services, management reports, and other sources of

pertinent data to evaluate progress payment requests. If the contracting officer concludes that the contractor's figures in the

contractor's progress payment request are not correct, the contracting officer must-

(i) In the manner prescribed in paragraph (4) of this section, prepare a supplementary analysis to be attached to the contractor's request;

(ii) Advise the contractor in writing of the differences; and

(iii) Adjust all further progress payments in accordance with paragraph (1) of this section, using the contracting officer's figures, until the difference is resolved.

(4) The following is an example of the supplementary analysis required in paragraph (g)(3) of this section:

Section I:

Contract price \$2,850,000

Change orders and unpriced orders (to extent funds have been obligated) \$150,000

Revised contract price \$3,000,000

Section II:

Total costs incurred to date \$2,700,000

Estimated additional costs to complete \$900,000

Total costs to complete \$3,600,000

Total costs eligible for progress payments \$2,700,000

Loss ratio factor $\times 83.3\%$

Recognized costs for progress payments \$2,249,100

Progress payment rate $\times 80.0\%$

Alternate amount to be used \$1,799,280

Section III:

Factored costs of items delivered* \$750,000

Recognized costs applicable to undelivered items ($\$2,249,100 - \$750,000$) \$1,499,100

*This amount must be the same as the contract price of the items delivered.

32.5-6

SUBPART 32.5 - PROGRESS PAYMENTS BASED ON COSTS 32.503-10

32.503-7 [Reserved]**32.503-8 Liquidation rates-ordinary method.**

The Government recoups progress payments through the deduction of liquidations from payments that would otherwise be due to the contractor for completed contract items. To determine the amount of the liquidation, the contracting officer applies a liquidation rate to the contract price of contract items delivered and accepted. The ordinary method is that the liquidation rate is the same as the progress payment rate. At the beginning of a contract, the contracting officer must use this method.

32.503-9 Liquidation rates?alternate method.

(a) The liquidation rate determined under 32.503-8 must apply throughout the period of contract performance unless the contracting officer adjusts the liquidation rate under the alternate method in this 32.503-9. The objective of the alternate liquidation rate method is to permit the contractor to retain the earned profit element of the contract prices for completed items in the liquidation process. The contracting officer may reduce the liquidation rate if?

- (1) The contractor requests a reduction in the rate;
- (2) The rate has not been reduced in the preceding 12 months;
- (3) The contract delivery schedule extends at least 18 months from the contract award date;
- (4) Data on actual costs are available--

(i) For the products delivered, or

(ii) If no deliveries have been made, for a performance period of at least 12 months;

- (5) The reduced liquidation rate would result in the Government recouping under each invoice the full extent of the

progress payments applicable to the costs allocable to that invoice;

- (6) The contractor would not be paid for more than the costs of items delivered and accepted (less allocable progress

payments) and the earned profit on those items;

- (7) The unliquidated progress payments would not exceed the limit prescribed in paragraph (a)(5) of the Progress

Payments clause;

- (8) The parties agree on an appropriate rate; and

- (9) The contractor agrees to certify annually, or more often if requested by the contracting officer, that the alternate

rate continues to meet the conditions of sections 32.503-5 and 32.503-6. The certificate must be accompanied by adequate supporting information.

(b) The contracting officer must change the liquidation rate in the following circumstances:

- (1) The rate must be increased for both previous and subsequent transactions, if the contractor experiences a lower

profit rate than the rate anticipated at the time the liquidation rate was established. Accordingly, the contracting officer must

adjust the progress payments associated with contract items already delivered, as well as subsequent progress payments.

(2) The rate must be increased or decreased in keeping with the successive changes to the contract price or target profit

when?

(i) The target profit is changed under a fixed-price incentive contract with successive targets; or

(ii) A redetermined price involves a change in the profit element under a contract with prospective price

redetermination at stated intervals.

(c) Whenever the liquidation rate is changed, the contracting officer must issue a contract modification to specify the

new rate in the Progress Payments clause. Adequate consideration for these contract modifications is provided by the consideration included in the initial contract. The parties must promptly make the payment or liquidation required in the circumstances.

32.503-10 Establishing alternate liquidation rates.

(a) The contracting officer must ensure that the liquidation rate is?

(1) High enough to result in Government recoupment of the applicable progress payments on each billing; and

(2) Supported by documentation included in the administration office contract file.

(b) The minimum liquidation rate is the expected progress payments divided by the contract price. Each of these factors is

discussed below:

(1) The contracting officer must compute the expected progress payments by multiplying the estimated cost of performing the contract by the progress payment rate.

(2) For purposes of computing the liquidation rate, the contracting officer may adjust the estimated cost and the contract price to include the estimated value of any work authorized but not yet priced and any projected economic

32.5-7

32.503-11 FEDERAL ACQUISITION REGULATION

adjustments; however, the contracting officer's adjustment must not exceed the Government's estimate of the price of all

authorized work or the funds obligated for the contract.

(3) The following are examples of the computation. Assuming an estimated price of \$2,200,000 and total estimated

costs eligible for progress payments of \$2,000,000:

(i) If the progress payment rate is 80 percent, the minimum liquidation rate should be 72.7 percent, computed as follows:

(ii) If the progress payment rate is 85 percent, the minimum liquidation rate should be 77.3 percent, computed as follows:

(4) Minimum liquidation rates will generally be expressed to tenths of a percent. Decimals between tenths will be

rounded up to the next highest tenth (not necessarily the nearest tenth), since rounding down would produce a rate below the

minimum rate calculated.

32.503-11 Adjustments for price reduction.

(a) If a retroactive downward price reduction occurs under a redeterminable contract that provides for progress payments,

the contracting officer must?

(1) Determine the refund due and obtain repayment from the contractor for the excess of payments made for

delivered

items over amounts due as recomputed at the reduced prices; and

- (2) Increase the unliquidated progress payments amount for overdeductions made from the contractor's billings for

items delivered.

- (b) The contracting officer must also increase the unliquidated progress payments amount if the contractor makes an

interim or voluntary price reduction under a redeterminable or incentive contract.

32.503-12 Maximum unliquidated amount.

(a) The contracting officer must ensure that any excess of the unliquidated progress payments over the contractual limitation in paragraph (a) of the Progress Payments clause in the contract is promptly corrected through one or more of the

following actions:

- (1) Increasing the liquidation rate.
- (2) Reducing the progress payment rate.
- (3) Suspending progress payments.

- (b) The excess described in paragraph (a) of this section is most likely to arise under the following circumstances:

- (1) The costs of performance exceed the contract price.
- (2) The alternate method of liquidation (see 32.503-9) is used and the actual costs of performance exceed the cost

estimates used to establish the liquidation rate.

- (3) The rate of progress or the quality of contract performance is unsatisfactory.
- (4) The rate of rejections, waste, or spoilage is excessive.

- (c) As required, the services of the responsible audit agency or office should be fully utilized, along with the services of

qualified cost analysis and engineering personnel.

32.503-13 [Reserved]

32.503-14 Protection of Government title.

- (a) Since the Progress Payments clause gives the Government title to all of the materials, work-in-process, finished goods,

and other items of property described in paragraph (d) of the Progress Payments clause, under the contract under which

progress payments have been made, the ACO must ensure that the Government title to these inventories is not compromised

by other encumbrances. Ordinarily, the ACO, in the absence of reason to believe otherwise, may rely upon the contractor's

certification contained in the progress payment request.

32.5-8

SUBPART 32.5 - PROGRESS PAYMENTS BASED ON COSTS 32.504

- (b) If the ACO becomes aware of any arrangement or condition that would impair the Government's title to the property

affected by progress payment, the ACO must require additional protective provisions (see 32.501-5) to establish and protect

the Government's title.

(c) The existence of any such encumbrance is a violation of the contractor's obligations under the contract, and the ACO

may, if necessary, suspend or reduce progress payments under the terms of the Progress Payments clause covering failure to

comply with any material requirement of the contract. In addition, if the contractor fails to disclose an existing encumbrance

in the progress payments certification, the ACO should consult with legal counsel concerning possible violation of 31 U.S.C.

3729, the False Claims Act.

32.503-15 Application of Government title terms.

(a) Property to which the Government obtains title by operation of the Progress Payments clause solely is not, as a consequence, Government-furnished property.

(b) Although property title is vested in the Government under the Progress Payments clause, the acquisition, handling, and

disposition of certain types of property are governed by?

(1) The clause at 52.245-1, Government Property; and

(2) The termination clauses at 52.249, for termination inventory.

(c) The contractor may sell or otherwise dispose of current production scrap in the ordinary course of business on its own

volition, even if title has vested in the Government under the Progress Payments clause. The contracting officer must require

the contractor to credit the costs of the contract performance with the proceeds of the scrap disposition.

(d) When the title to materials or other inventories is vested in the Government under the Progress Payments clause,

the contractor may transfer the inventory items from the contract for its own use or other disposition only if, and on terms,

approved by the contracting officer. The contractor is required to?

(1) Eliminate the costs allocable to the transferred property from the costs of contract performance, and

(2) Repay or credit to the Government an amount equal to the unliquidated progress payments, allocable to the transferred property.

(e) If excess property remains after the contract performance is complete and all contractor obligations under the contract

are satisfied, including full liquidation of progress payments, the excess property is outside the scope of the Progress Payments clause. Therefore, the contractor holds title to it.

32.503-16 Risk of loss.

(a) Under the Progress Payments clause, and except for normal spoilage, the contractor bears the risk of loss for Government property under the clause, even though title is vested in the Government, unless the Government has expressly

assumed this risk. The clauses prescribed in this regulation related to progress payments, default, and terminations do not

constitute a Government assumption of this risk.

(b) If a loss occurs in connection with property for which the contractor bears the risk, the contractor is obligated to repay

to the Government the amount of unliquidated progress payments based on costs allocable to the property.

(c) The contractor is not obligated to pay for the loss of property for which the Government has assumed the risk of loss.

However, a serious loss may impede the satisfactory progress of contract performance, so that the contracting officer may

need to act under paragraph (c)(5) of the Progress Payments clause.

32.504 Subcontracts under prime contracts providing progress payments.

(a) Subcontracts may include either performance-based payments, provided they meet the criteria in 32.1003, or progress

payments, provided they meet the criteria in subpart 32.5 for customary progress payments, but not both. Subcontracts for

commercial purchases may include commercial product or commercial service purchase financing terms, provided they meet

the criteria in 32.202-1.

(b) The contractor's requests for progress payments may include the full amount of commercial product or commercial

service purchase financing payments, performance-based payments, or progress payments to a subcontractor, whether paid or

unpaid, provided that unpaid amounts are limited to amounts determined due and that the contractor will pay?

(1) In accordance with the terms and conditions of a subcontract or invoice; and

(2) Ordinarily within 30 days of the submission of the contractor's progress payment request to the Government.

(c) If the contractor is considering making unusual progress payments to a subcontractor, the parties will be guided by the

policies in 32.501-2. If the Government approves unusual progress payments for the subcontract, the contracting officer must

issue a contract modification to specify the new rate in paragraph (j)(6) of the clause at 52.232-16, Progress Payments, in

32.5-9

32.504 FEDERAL ACQUISITION REGULATION

the prime contract. This will allow the contractor to include the progress payments to the subcontractor in the cost basis for

progress payments by the Government. This modification is not a deviation and does not require the clearance prescribed in

32.502-2(b).

(d) The contractor has a duty to ensure that financing payments to subcontractors conform to the standards and principles

prescribed in paragraph (j) of the Progress Payments clause in the prime contract. Although the contracting officer should, to

the extent appropriate, review the subcontract as part of the overall administration of progress payments in the prime contract,

there is no special requirement for contracting officer review or consent merely because the subcontract includes financing

payments, except as provided in paragraph (c) of this section. However, the contracting officer must ensure that the contractor

has installed the necessary management control systems, including internal audit procedures.

(e) When financing payments are in the form of progress payments, the Progress Payments clause at 52.232-16 requires

that the subcontract include the substance of the Progress Payments clause in the prime contract, modified to indicate that the

contractor, not the Government, awards the subcontract and administers the progress payments. The following exceptions

apply to wording modifications:

(1) The subcontract terms on title to property under progress payments must provide for vesting of title in the Government, not the contractor, as in paragraph (d) of the Progress Payments clause in the prime contract. A reference to the

contractor may, however, be substituted for "Government" in paragraph (d)(2)(iv) of the clause.

(2) In the subcontract terms on reports and access to records, the contractor shall not delete the references to "Contracting Officer" and "Government" in adapting paragraph (g) of the Progress Payments clause in the contract, but may

expand the terms as follows:

(i) The term "Contracting Officer" may be changed to "Contracting Officer or Prime Contractor".

(ii) The term "the Government" may be changed to "the Government or Prime Contractor".

(3) The subcontract special terms regarding default must include paragraph (h) of the Progress Payments clause in the contract through its subdivision (i). The rest of paragraph (h) is optional.

(f) When financing payments are in the form of performance-based payments, the Performance-Based Payments clause at

52.232-32 requires that the subcontract terms include the substance of the Performance-Based Payments clause, modified to

indicate that the contractor, not the Government, awards the subcontract and administers the performance-based payments,

and include appropriately worded modifications similar to those noted in paragraph (e) of this section.

(g) When financing payments are in the form of commercial product or commercial service purchase financing, the subcontract must include a contract financing clause structured in accordance with 32.206.

32.5-10

32.603

Subpart 32.6 Contract Debts

32.600 Scope of subpart.

This subpart prescribes policies and procedures for identifying, collecting, and deferring collection of contract debts

(including interest, if applicable). Sections 32.607, 32.608, and 32.610 of this subpart do not apply to claims against common

carriers for transportation overcharges and freight and cargo losses (31 U.S.C. 3726).

32.601 General.

(a) Contract debts are amounts that?

(1) Have been paid to a contractor to which the contractor is not currently entitled under the terms and conditions of the

contract; or

(2) Are otherwise due from the contractor under the terms and conditions of the contract.

(b) Contract debts include, but are not limited to, the following:

(1) Billing and price reductions resulting from contract terms for price redetermination or for determination of prices

under incentive type contracts.

(2) Price or cost reductions for defective certified cost or pricing data.

(3) Financing payments determined to be in excess of the contract limitations at 52.232-16(a)(7), Progress Payments, or

52.232-32(d)(2), Performance-Based Payments, or any contract clause for financing of commercial products or commercial

services.

(4) Increases to financing payment liquidation rates.

(5) Overpayments disclosed by quarterly statements required under price redetermination or incentive contracts.

(6) Price adjustments resulting from Cost Accounting Standards (CAS) noncompliances or changes in cost accounting

practice.

(7) Reinspection costs for nonconforming supplies or services.

(8) Duplicate or erroneous payments.

(9) Damages or excess costs related to defaults in performance.

(10) Breach of contract obligations concerning progress payments, performance-based payments, advance payments,

financing of commercial products or commercial services, or Government-furnished property.

(11) Government expense of correcting defects.

(12) Overpayments related to errors in quantity or billing or deficiencies in quality.

(13) Delinquency in contractor payments due under agreements or arrangements for deferral or postponement of

collections.

(14) Reimbursement of amounts due under 33.102(b)(3) and 33.104(h)(8).

32.602 Responsibilities.

(a) The contracting officer has primary responsibility for identifying and demanding payment of contract debts except

those resulting from errors made by the payment office. The contracting officer must not collect contract debts or otherwise

agree to liquidate contract debts (e.g., offset the amount of the debt against existing unpaid bills due the contractor, or allow

contractors to retain contract debts to cover amounts that may become payable in future periods).

(b) The payment office has primary responsibility for?

(1) Collecting contract debts identified by contracting officers;

(2) Identifying and collecting duplicate and erroneous payments; and

(3) Authorizing the liquidation of contract debts in accordance with agency procedures.

32.603 Debt determination.

(a) If the contracting officer has any indication that a contractor owes money to the Government under a contract, the

contracting officer must determine promptly whether an actual debt is due and the amount. Any unnecessary delay may

contribute to?

- (1) Loss of timely availability of the funds to the program for which the funds were initially provided;
 - (2) Increased difficulty in collecting the debt; or
 - (3) Actual monetary loss to the Government.
- (b) The amount of indebtedness determined by the contracting officer must be an amount that?
- (1) Is based on the merits of the case; and

32.5-1

32.604 FEDERAL ACQUISITION REGULATION

- (2) Is consistent with the contract terms.

32.604 Demand for payment.

- (a) Except as provided in paragraph (c) of this section, the contracting officer must take the following actions:
 - (1) Issue the demand for payment as soon as the contracting officer has determined that an actual debt is due the Government and the amount.
 - (2) Issue the demand for payment even if?
 - (i) The debt is or will be the subject of a bilateral modification;
 - (ii) The contractor is otherwise obligated to pay the money under the existing contract terms; or
 - (iii) The contractor has agreed to repay the debt.
 - (3) Issue the demand for payment as a part of the final decision, if a final decision is required by 32.605(a).
- (b) The demand for payment must include the following:
 - (1) A description of the debt, including the debt amount.
 - (2) A distribution of the principal amount of the debt by line(s) of accounting subject to the following:
 - (i) If the debt affects multiple lines of accounting, the contracting officer must, to the maximum extent practicable, identify all affected lines of accounting. If it is not practicable to identify all affected lines of accounting, the contracting officer may select representative lines of accounting in accordance with paragraph (b)(2)(ii) of this section.
 - (ii) In selecting representative lines of accounting, the contracting officer must?
 - (A) Consider the affected departments or agencies, years of appropriations, and the predominant types of appropriations; and
 - (B) Not distribute to any line of accounting an amount of the principal in excess of the total obligation for the line of accounting; and
 - (iii) Include the lines of accounting even if the associated funds are expired or cancelled. While cancelled funds will be deposited in a miscellaneous receipt account of the Treasury if collected, the funds are tracked under the closed year appropriation(s) to comply with the Anti-Deficiency Act.
 - (iv) If the debt affects multiple contracts and the lines of accounting are not readily available, the contracting officer must?
 - (A) Issue the demand for payment without the distribution of the principal amount to the affected lines of accounting;
 - (B) Include a statement in the demand for payment advising when the distribution will be provided; and
 - (C) Provide the distribution by the date identified in the demand for payment.
 - (3) The basis for and amount of any accrued interest or penalty.

- (4) (i) For debts resulting from specific contract terms (e.g., debts resulting from incentive clause provisions, Quarterly

Limitation on Payments Statement, Cost Accounting Standards, price reduction for defective pricing), a notification stating

that payment should be made promptly, and that interest is due in accordance with the terms of the contract. Interest must be

computed from the date specified in the applicable contract clause until repayment by the contractor. The interest rate must be

the rate specified in the applicable contract clause. In the case of a debt arising from a price reduction for defective pricing,

or as specifically set forth in a Cost Accounting Standards (CAS) clause in the contract, interest is computed from the date of

overpayment by the Government until repayment by the contractor at the underpayment rate established by the Secretary of

the Treasury, for the periods affected, under 26 U.S.C. 6621(a)(2).

(ii) For all other contract debts, a notification stating that any amounts not paid within 30 days from the date of the demand for payment will bear interest. Interest must be computed from the date of the demand for payment until repayment

by the contractor. The interest rate must be the interest rate established by the Secretary of the Treasury, as provided in 41

U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six-

month period as established by the Secretary until the amount is paid.

- (5) A statement advising the contractor?

(i) To contact the contracting officer if the contractor believes the debt is invalid or the amount is incorrect; and

(ii) If the contractor agrees, to remit a check payable to the agency's payment office annotated with the contract number along with a copy of the demand for payment to the payment office identified in the contract or as otherwise specified in the demand letter in accordance with agency procedures.

(6) Notification that the payment office may initiate procedures, in accordance with the applicable statutory and regulatory requirements, to offset the debt against any payments otherwise due the contractor.

32.5-2

32.607

- (7) Notification that the debt may be subject to administrative charges in accordance with the requirements of 31 U.S.C.

3717(e) and the Debt Collection Improvement Act of 1996.

(8) Notification that the contractor may submit a request for installment payments or deferment of collection if immediate payment is not practicable or if the amount is disputed.

(c) Except as provided in paragraph (d) of this section, the contracting officer should not issue a demand for payment if the

contracting officer only becomes aware of the debt when the contractor?

- (1) Provides a lump sum payment or submits a credit invoice. (A credit invoice is a contractor's request to liquidate the

debt against existing unpaid bills due the contractor); or

- (2) Notifies the contracting officer that the payment office overpaid on an invoice payment. When the contractor

provides the notification, the contracting officer must notify the payment office of the overpayment.

(d) If a demand for payment was not issued as provided for in paragraph (c) of this section, the contracting officer must

issue a demand for payment no sooner than 30 days after the contracting officer becomes aware of the debt unless?

- (1) The contractor has liquidated the debt;
- (2) The contractor has requested an installment payment agreement; or
- (3) The payment office has issued a demand for payment.

(e) The contracting officer must?

- (1) Furnish a copy of the demand for payment to the contractor by certified mail, return receipt requested, or by any

other method that provides evidence of receipt; and

- (2) Forward a copy of the demand to the payment office.

32.605 Final decisions.

(a) The contracting officer must issue a final decision as required by 33.211 if?

- (1) The contracting officer and the contractor are unable to reach agreement on the existence or amount of a debt in a

timely manner;

- (2) The contractor fails to liquidate a debt previously demanded by the contracting officer within the timeline specified

in the demand for payment unless the amounts were not repaid because the contractor has requested an installment payment

agreement; or

- (3) The contractor requests a deferment of collection on a debt previously demanded by the contracting officer (see

32.607-2).

(b) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision

must identify the same due date as the original demand for payment.

(c) The contracting officer must?

(1) Furnish the decision to the contractor by certified mail, return receipt requested, or by any other method that provides evidence of receipt; and

- (2) Forward a copy to the payment office identified in the contract.

32.606 Debt collection.

(a) If the contractor has not liquidated the debt within 30 days of the date due or requested installment payments or deferment of collection, the payment office must initiate withholding of principal, interest, penalties, and administrative charges. In the event the contract is assigned under the Assignment of Claims Act of 1940 (31 U.S.C. 3727 and 41

U.S.C. 6305), the rights of the assignee will be scrupulously respected and withholding of payments must be consistent with those

rights. For additional information on assignment of claims, see Subpart 32.8.

(b) As provided for in the Debt Collection Improvement Act of 1996 (31 U.S.C. 3711(g)(1)), payment offices are required

to transfer any debt that is delinquent more than 180 days to the Department of Treasury for collection.

(c) The contracting officer must periodically follow up with the payment office to determine whether the debt has

been

collected and credited to the correct appropriation(s).

32.607 Installment payments and deferment of collection.

(a) The contracting officer must not approve or deny a contractor's request for installment payments or deferment of

collections. The office designated in agency procedures is responsible for approving or denying requests for installment payments or deferment of collections.

(b) If a contractor has not appealed the debt or filed an action under the Disputes clause of the contract and the contractor

has submitted a proposal for debt deferment or installment payments?

32.5-3

32.607-1 FEDERAL ACQUISITION REGULATION

(1) The office designated in agency procedures may arrange for deferment/installment payments if the contractor is

unable to pay at once in full or the contractor's operations under national defense contracts would be seriously impaired. The

arrangement must include appropriate covenants and securities and should be limited to the shortest practicable maturity; and

(2) The deferment/installment agreement must include a specific schedule or plan for payment. It should permit the Government to make periodic financial reviews of the contractor and to require payments earlier than required by the

agreement if the Government considers the contractor's ability to pay improved. It should also provide for required stated or

measurable payments on the occurrence of specific events or contingencies that improve the contractor's ability to pay.

(c) If not already applicable under the contract terms, interest on contract debt must be made an element of any agreement

entered for installment payments or deferment of collection.

32.607-1 Installment payments.

If a contractor requests an installment payment agreement, the contracting officer must notify the contractor to send a written request for installment payments to the office designated in agency procedures.

32.607-2 Deferment of collection.

(a) All requests for deferment of collection must be submitted in writing to the contracting officer.

(b) Deferments pending disposition of appeal may be granted to small business concerns and financially weak contractors,

balancing the need for Government security against loss and undue hardship on the contractor.

(c) The deferment agreement must not provide that a claim of the Government will not become due and payable pending

mutual agreement on the amount of the claim or, in the case of a dispute, until the decision is reached.

(d) At a minimum, the deferment agreement must contain the following:

(1) A description of the debt.

(2) The date of first demand for payment.

(3) Notice of an interest charge, in conformity with 32.608 and the FAR clause at 52.232-17, Interest; or, in the case of

a debt arising from a defective pricing or a CAS noncompliance overpayment, interest, as prescribed by the applicable

Price

Reduction for Defective Certified Cost or Pricing Data or CAS clause (see 32.607(c)).

(4) Identification of the office to which the contractor is to send debt payments.

(5) A requirement for the contractor to submit financial information requested by the Government and for reasonable

access to the contractor's records and property by Government representatives.

(6) Provision for the Government to terminate the deferment agreement and accelerate the maturity of the debt if the

contractor defaults or if bankruptcy or insolvency proceedings are instituted by or against the contractor.

(7) Protective requirements that are considered by the Government to be prudent and feasible in the specific circumstances. The coverage of protective terms at 32.409 and 32.501-5 may be used as a guide.

(e) If a contractor appeal of the debt determination is pending, the deferment agreement must also include a requirement

that the contractor must?

(1) Diligently prosecute the appeal; and

(2) Pay the debt in full when the appeal is decided, or when the parties reach agreement on the debt amount.

(f) The deferment agreement may provide for the right to make early payments without prejudice, for refund of overpayments, and for crediting of interest.

32.608 Interest.**32.608-1 Interest charges.**

Unless specified otherwise in the clause at 52.232-17, Interest, interest charges must apply to any contract debt unpaid after 30 days from the issuance of a demand unless?

(a) The contract is a kind excluded under 32.611; or

(b) The contract or debt has been exempted from interest charges under agency procedures.

32.608-2 Interest credits.

(a) An equitable interest credit must be applied under the following circumstances:

(1) When the amount of debt initially determined is subsequently reduced, e.g., through a successful appeal.

(2) When any amount collected by the Government is in excess of the amount found to be due on appeal under the

Disputes Clause of the contract.

32.5-4**32.611**

(3) When the collection procedures followed in a given case result in an overcollection of the debt due.

(4) When the responsible official determines that the Government has unduly delayed payments to the contractor on the

same contract at some time during the period to which the interest charge applied, provided an interest penalty was not paid

for such late payment.

(b) Any appropriate interest credits must be computed under the following procedures:

(1) Interest at the rate under 52.232-17 must be charged on the reduced debt from the date of collection by the Government until the date the monies are remitted to the contractor.

(2) Interest may not be reduced for any time between the due date under the demand and the period covered by a

deferment of collection, unless the contract includes an interest clause, e.g., the clause prescribed in 32.611.

(3) Interest must not be credited in an amount that, when added to other amounts refunded or released to the contractor,

exceeds the total amount that has been collected, or withheld for the purpose of collecting the debt. This limitation must be

further reduced by the amount of any limitation applicable under paragraph (b)(2) of this section.

32.609 Delays in receipt of notices or demands.

If interest is accrued based on the date of the demand letter and delivery of the demand letter is delayed by the Government (e.g., undue delay after dating at the originating office or delays in the mail), the date of the debt and accrual of

interest must be extended to a time that is fair and reasonable under the particular circumstances.

32.610 Compromising debts.

For debts under \$100,000, excluding interest, the designated agency official may compromise the debt pursuant to the Federal Claims Collection Standards (31 CFR part 902) and agency regulations. Unless specifically authorized by agency

procedures, contracting officers cannot compromise debts.

32.611 Contract clause.

(a) Insert the clause at 52.232-17, Interest, in solicitations and contracts unless it is contemplated that the contract will be

in one or more of the following categories:

- (1) Contracts at or below the simplified acquisition threshold.
- (2) Contracts with Government agencies.
- (3) Contracts with a State or local government or instrumentality.
- (4) Contracts with a foreign government or instrumentality.
- (5) Contracts without any provision for profit or fee with a nonprofit organization.
- (6) Contracts described in Subpart 5.5, Paid Advertisements.
- (7) Any other exceptions authorized under agency procedures.

(b) The contracting officer may insert the FAR clause at 52.232-17, Interest, in solicitations and contracts when it is contemplated that the contract will be in any of the categories specified in 32.611(a).

32.5-5

32.5-6

32.704

Subpart 32.7 Contract Funding

32.700 Scope of subpart.

This subpart describes basic requirements for contract funding and prescribes procedures for using limitation of cost or limitation of funds clauses. Detailed acquisition funding requirements are contained in agency fiscal regulations.

32.701 [Reserved]

32.702 Policy.

No officer or employee of the Government may create or authorize an obligation in excess of the funds available, or in advance of appropriations (Anti-Deficiency Act, 31 U.S.C. 1341), unless otherwise authorized by law. Before executing any contract, the contracting officer must obtain written assurance from responsible fiscal authority that adequate funds are

available or expressly condition the contract upon availability of funds in accordance with 32.703-2.

32.703 Contract funding requirements.

32.703-1 General.

(a) If the contract is fully funded, funds are obligated to cover the price or target price of a fixed-price contract or the estimated cost and any fee of a cost-reimbursement contract.

(b) If the contract is incrementally funded, funds are obligated to cover the amount allotted and any corresponding increment of fee.

32.703-2 Contracts conditioned upon availability of funds.

(a) Fiscal year contracts. The contracting officer may initiate a contract action properly chargeable to funds of the new fiscal year before these funds are available, provided that the contract includes the clause at 52.232-18, Availability of Funds

(see 32.706-1(a)). This authority may be used only for operation and maintenance and continuing services (e.g., rentals, utilities, and supply items not financed by stock funds)-

(1) Necessary for normal operations and

(2) For which Congress previously had consistently appropriated funds, unless specific statutory authority exists

permitting applicability to other requirements.

(b) Indefinite-quantity or requirements contracts. A one-year indefinite-quantity or requirements contract for services that is funded by annual appropriations may extend beyond the fiscal year in which it begins; provided, that (1) any specified minimum quantities are certain to be ordered in the initial fiscal year (see part 37) and (2) the contract includes the clause at

52.232-19, Availability of Funds for the Next Fiscal Year (see 32.706-1(b)).

(c) Acceptance of supplies or services. The Government will not accept supplies or services under a contract conditioned upon the availability of funds until the contracting officer has given the contractor notice, to be confirmed in writing, that funds are available.

32.703-3 Contracts crossing fiscal years.

(a) A contract that is funded by annual appropriations may not cross fiscal years, except in accordance with statutory authorization (e.g., 31 U.S.C. 1308, 41 U.S.C. 6302, 42 U.S.C. 3515, and paragraph (b) of this section), or when the contract calls for an end product that cannot feasibly be subdivided for separate performance in each fiscal year (e.g., contracts for expert or consultant services).

(b) The head of an executive agency, except NASA, may enter into a contract, exercise an option, or place an order under a contract for severable services for a period that begins in one fiscal year and ends in the next fiscal year if the period of the contract awarded, option exercised, or order placed does not exceed one year (10 U.S.C. 3133 and 41 U.S.C. 3902). Funds made available for a fiscal year may be obligated for the total amount of an action entered into under this authority.

32.704 Limitation of cost or funds.

(a) (1) When a contract contains the clause at 52.232-20, Limitation of Cost; or 52.232-22, Limitation of Funds, the

contracting officer, upon learning that the contractor is approaching the estimated cost of the contract or the limit of the funds

allotted, will promptly obtain funding and programming information pertinent to the contract's continuation and notify the contractor in writing that?

32.5-1

32.705 FEDERAL ACQUISITION REGULATION

(i) Additional funds have been allotted, or the estimated cost has been increased, in a specified amount;

(ii) The contract is not to be further funded and that the contractor should submit a proposal for an adjustment of fee,

if any, based on the percentage of work completed in relation to the total work called for under the contract;

(iii) The contract is to be terminated; or

(iv) (A) The Government is considering whether to allot additional funds or increase the estimated cost,

(B) the contractor is entitled by the contract terms to stop work when the funding or cost limit is reached, and

(C) any work beyond the funding or cost limit will be at the contractor's risk.

(2) Upon learning that a partially funded contract containing any of the clauses referenced in subparagraph (1) of this

section will receive no further funds, the contracting officer must promptly give the contractor written notice of the decision

not to provide funds.

(b) Under a cost-reimbursement contract, the contracting officer may issue a change order, a direction to replace or repair

defective items or work, or a termination notice without immediately increasing the funds available. Since a contractor is not

obligated to incur costs in excess of the estimated cost in the contract, the contracting officer must ensure availability of funds

for directed actions. The contracting officer may direct that any increase in the estimated cost or amount allotted to a contract

be used for the sole purpose of funding termination or other specified expenses.

(c) Government personnel encouraging a contractor to continue work in the absence of funds (31 U.S.C. 1341 et seq.) may

subject the violator to civil or criminal penalties.

32.705 Unenforceability of unauthorized obligations.

Many supplies or services are acquired subject to supplier license agreements. These are particularly common in information technology acquisitions, but they may apply to any supply or service. For example, computer software and services delivered through the internet (web services) are often subject to license agreements, referred to as End User License

Agreements (EULA), Terms of Service (TOS), or other similar legal instruments or agreements. Many of these agreements

contain indemnification clauses that are inconsistent with Federal law and unenforceable, but which could create a violation

of the Anti-Deficiency Act (31 U.S.C. 1341 et seq.) if agreed to by the Government.

32.706 Contract clauses.

32.706-1 Clauses for contracting in advance of funds.

(a) Insert the clause at 52.232-18, Availability of Funds, in solicitations and contracts if the contract will be chargeable to

funds of the new fiscal year and the contract action will be initiated before the funds are available.

(b) Insert the clause at 52.232-19, Availability of Funds for the Next Fiscal Year, in solicitations and contracts if a one-year

indefinite-quantity or requirements contract for services is contemplated and the contract?

(1) Is funded by annual appropriations; and

(2) Is to extend beyond the initial fiscal year (see 32.703-2(b)).

32.706-2 Clauses for limitation of cost or funds.

(a) Insert the clause at 52.232-20, Limitation of Cost, in solicitations and contracts if a fully funded cost-reimbursement

contract is contemplated, whether or not the contract provides for payment of a fee. The 60-day period may be varied from

30 to 90 days and the 75 percent from 75 to 85 percent. "Task Order" or other appropriate designation may be substituted for

"Schedule" wherever that word appears in the clause.

(b) Insert the clause at 52.232-22, Limitation of Funds, in solicitations and contracts if an incrementally funded cost-reimbursement contract is contemplated.

32.706-3 Clause for unenforceability of unauthorized obligations.

Insert the clause at 52.232-39, Unenforceability of Unauthorized Obligations in all solicitations and contracts.

32.5-2

32.803

Subpart 32.8 Assignment of Claims

32.800 Scope of subpart.

This subpart prescribes policies and procedures for the assignment of claims under the Assignment of Claims Act of 1940

(31 U.S.C. 3727, 41 U.S.C. 6305) (hereafter referred to as the Act).

32.801 Definitions.

Designated agency, as used in this subpart, means any department or agency of the executive branch of the United States

Government (see 32.803(d)).

No-setoff commitment, as used in this subpart, means a contractual undertaking that, to the extent permitted by the Act, payments by the designated agency to the assignee under an assignment of claims will not be reduced to liquidate the indebtedness of the contractor to the Government.

32.802 Conditions.

Under the Assignment of Claims Act, a contractor may assign moneys due or to become due under a contract if all the following conditions are met:

(a) The contract specifies payments aggregating \$1,000 or more.

(b) The assignment is made to a bank, trust company, or other financing institution, including any Federal lending agency.

(c) The contract does not prohibit the assignment.

(d) Unless otherwise expressly permitted in the contract, the assignment?

(1) Covers all unpaid amounts payable under the contract;

(2) Is made only to one party, except that any assignment may be made to one party as agent or trustee for

two or more

parties participating in the financing of the contract; and

(3) Is not subject to further assignment.

(e) The assignee sends a written notice of assignment together with a true copy of the assignment instrument to the?

(1) Contracting officer or the agency head;

(2) Surety on any bond applicable to the contract; and

(3) Disbursing officer designated in the contract to make payment.

32.803 Policies.

(a) Any assignment of claims that has been made under the Act to any type of financing institution listed in 32.802(b) may

thereafter be further assigned and reassigned to any such institution if the conditions in 32.802(d) and (e) continue to be met.

(b) A contract may prohibit the assignment of claims if the agency determines the prohibition to be in the Government's

interest.

(c) Under a requirements or indefinite quantity type contract that authorizes ordering and payment by multiple Government activities, amounts due for individual orders for \$1,000 or more may be assigned.

(d) Any contract of a designated agency (see FAR 32.801), except a contract under which full payment has been made,

may include a no-setoff commitment only when a determination of need is made by the head of the agency, in accordance

with the Presidential delegation of authority dated October 3, 1995, and after such determination has been published in the

Federal Register. The Presidential delegation makes such determinations of need subject to further guidance issued by the

Office of Federal Procurement Policy. The following guidance has been provided: Use of the no-setoff provision may be appropriate to facilitate the national defense; in the event of a national emergency or natural disaster; or when the use of the

no-setoff provision may facilitate private financing of contract performance. However, in the event an offeror is significantly

indebted to the United States, the contracting officer should consider whether the inclusion of the no-setoff commitment in a

particular contract is in the best interests of the United States. In such an event, the contracting officer should consult with the

Government officer(s) responsible for collecting the debt(s).

(e) When an assigned contract does not include a no-setoff commitment, the Government may apply against payments to

the assignee any liability of the contractor to the Government arising independently of the assigned contract if the liability

existed at the time notice of the assignment was received even though that liability had not yet matured so as to be due and

payable.

32.5-1

32.804 FEDERAL ACQUISITION REGULATION

32.804 Extent of assignee's protection.

(a) No payments made by the Government to the assignee under any contract assigned in accordance with the Act may be recovered on account of any liability of the contractor to the Government. This immunity of the assignee is effective whether the contractor's liability arises from or independently of the assigned contract.

(b) Except as provided in paragraph (c) of this section, the inclusion of a no-setoff commitment in an assigned contract entitles the assignee to receive contract payments free of reduction or setoff for?

(1) Any liability of the contractor to the Government arising independently of the contract; and

(2) Any of the following liabilities of the contractor to the Government arising from the assigned contract:

(i) Renegotiation under any statute or contract clause.

(ii) Fines.

(iii) Penalties, exclusive of amounts that may be collected or withheld from the contractor under, or for failure to comply with, the terms of the contract.

(iv) Taxes or social security contributions.

(v) Withholding or nonwithholding of taxes or social security contributions.

(c) In some circumstances, a setoff may be appropriate even though the assigned contract includes a no-setoff commitment, e.g.?

(1) When the assignee has neither made a loan under the assignment nor made a commitment to do so; or

(2) To the extent that the amount due on the contract exceeds the amount of any loans made or expected to be made

under a firm commitment for financing.

32.805 Procedure.

(a) Assignments.

(1) Assignments by corporations must be?

(i) Executed by an authorized representative;

(ii) Attested by the secretary or the assistant secretary of the corporation; and

(iii) Impressed with the corporate seal or accompanied by a true copy of the resolution of the corporation's board of directors authorizing the signing representative to execute the assignment.

(2) Assignments by a partnership may be signed by one partner, if the assignment is accompanied by adequate evidence

that the signer is a general partner of the partnership and is authorized to execute assignments on behalf of the partnership.

(3) Assignments by an individual must be signed by that individual and the signature acknowledged before a notary

public or other person authorized to administer oaths.

(b) Filing. The assignee must forward to each party specified in 32.802(e) an original and three copies of the notice of assignment, together with one true copy of the instrument of assignment. The true copy must be a certified duplicate or photostat copy of the original assignment.

(c) Format for notice of assignment. The following is a suggested format for use by an assignee in providing the notice of

assignment required by 32.802(e).

Notice of Assignment

TO: _____ [address to one of the parties specified in 32.802(e)].

This has reference to Contract No. _____ dated _____, entered into between _____ [contractor's name and address]

and _____ [government agency, name of office, and address], for _____ [describe nature of the contract].

Moneys due or to become due under the contract described above have been assigned to the undersigned under the provisions of the Assignment of Claims Act of 1940, as amended, (31 U.S.C. 3727, 41 U.S.C. 6305).

A true copy of the instrument of assignment executed by the Contractor on _____ [date], is attached to the original notice.

Payments due or to become due under this contract should be made to the undersigned assignee.

Please return to the undersigned the three enclosed copies of this notice with appropriate notations showing the date and

hour of receipt and signed by the person acknowledging receipt on behalf of the addressee.

Very truly yours,

_____ [name of assignee]

By

_____ [signature of signing officer]

Title

_____ [title of signing officer]

32.5-2

32.806

_____ [address of assignee]

Acknowledgement

Receipt is acknowledged of the above notice and of a copy of the instrument of assignment. They were received at

(a.m.) (p.m.) on _____, 20____.

_____ [signature]

_____ [title]

On behalf of

_____ [name of addressee of this notice]

(d) Examination by the Government. In examining and processing notices of assignment and before acknowledging their

receipt, contracting officers should ensure that the following conditions and any additional conditions specified in agency

regulations, have been met:

- (1) The contract has been properly approved and executed.
- (2) The contract is one under which claims may be assigned.
- (3) The assignment covers only money due or to become due under the contract.
- (4) The assignee is registered separately in the System for Award Management unless one of the exceptions in 4.1102

applies.

(e) Release of assignment.

- (1) A release of an assignment is required whenever?

(i) There has been a further assignment or reassignment under the Act; or

(ii) The contractor wishes to reestablish its right to receive further payments after the contractor's obligations to the assignee have been satisfied and a balance remains due under the contract.

(2) The assignee, under a further assignment or reassignment, in order to establish a right to receive payment from the

Government, must file with the addressees listed in 32.802(e) a?

(i) Written notice of release of the contractor by the assigning financing institution;

(ii) Copy of the release instrument;

(iii) Written notice of the further assignment or reassignment; and

(iv) Copy of the further assignment or reassignment instrument.

(3) If the assignee releases the contractor from an assignment of claims under a contract, the contractor, in order to

establish a right to receive payment of the balance due under the contract, must file a written notice of release together with a

true copy of the release of assignment instrument with the addressees noted in 32.802(e).

(4) The addressee of a notice of release of assignment or the official acting on behalf of that addressee must acknowledge receipt of the notice.

32.806 Contract clauses.

(a) (1) The contracting officer must insert the clause at 52.232-23, Assignment of Claims, in solicitations and contracts

expected to exceed the micro-purchase threshold, unless the contract will prohibit the assignment of claims (see 32.803(b)).

The use of the clause is not required for purchase orders. However, the clause may be used in purchase orders expected to

exceed the micro-purchase threshold, that are accepted in writing by the contractor, if such use is consistent with agency

policies and regulations.

(2) If a no-setoff commitment has been authorized (see FAR 32.803(d)), the contracting officer must use the clause with

its Alternate I.

(b) The contracting officer must insert the clause at 52.232-24, Prohibition of Assignment of Claims, in solicitations and

contracts for which a determination has been made under agency regulations that the prohibition of assignment of claims is in

the Government's interest.

32.5-4

32.904

Subpart 32.9 Prompt Payment

32.900 Scope of subpart.

This subpart prescribes policies, procedures, and clauses for implementing Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

32.901 Applicability.

(a) This subpart applies to invoice payments on all contracts, except contracts with payment terms and late payment

penalties established by other governmental authority (e.g., tariffs).

(b) This subpart does not apply to contract financing payments (see definition at 32.001).

32.902 Definitions.

As used in this subpart?

Discount for prompt payment means an invoice payment reduction offered by the contractor for payment prior to the due date.

Mixed invoice means an invoice that contains items with different payment due dates.

Payment date means the date on which a check for payment is dated or, for an electronic funds transfer (EFT), the settlement date.

Settlement date, as it applies to electronic funds transfer, means the date on which an electronic funds transfer payment is credited to the contractor's financial institution.

32.903 Responsibilities.

(a) Agency heads?

(1) Must establish the policies and procedures necessary to implement this subpart;

(2) May prescribe additional standards for establishing invoice payment due dates (see 32.904) necessary to support

agency programs and foster prompt payment to contractors;

(3) May adopt different payment procedures in order to accommodate unique circumstances, provided that such

procedures are consistent with the policies in this subpart;

(4) Must inform contractors of points of contact within their cognizant payment offices to enable contractors to obtain

status of invoices; and

(5) May authorize the use of the accelerated payment methods specified at 5 CFR 1315.5 but see 32.009-1(a).

(b) When drafting solicitations and contracts, contracting officers must identify for each line item number, subline

item number, or exhibit line item number?

(1) The applicable Prompt Payment clauses that apply to each item when the solicitation or contract contains items that

will be subject to different payment terms; and

(2) The applicable Prompt Payment food category (e.g., which item numbers are meat or meat food products, which are

perishable agricultural commodities), when the solicitation or contract contains multiple payment terms for various classes of foods and edible products.

32.904 Determining payment due dates.

(a) General. Agency procedures must ensure that, when specifying due dates, contracting officers give full consideration

to the time reasonably required by Government officials to fulfill their administrative responsibilities under the contract.

(b) Payment due dates. Except as prescribed in paragraphs (c) through (f) of this section, or as authorized in

32.908(a)(2)

or (c)(2), the due date for making an invoice payment is as follows:

(1) The later of the following two events:

(i) The 30th day after the designated billing office receives a proper invoice from the contractor (except as provided in paragraph (b)(3) of this section).

(ii) The 30th day after Government acceptance of supplies delivered or services performed.

(A) For a final invoice, when the payment amount is subject to contract settlement actions, acceptance is deemed

to occur on the effective date of the contract settlement.

(B) For the sole purpose of computing an interest penalty that might be due the contractor?

32.5-1**32.904 FEDERAL ACQUISITION REGULATION**

(1) Government acceptance is deemed to occur constructively on the 7th day after the contractor delivers supplies or performs services in accordance with the terms and conditions of the contract, unless there is a disagreement over

quantity, quality, or contractor compliance with a contract requirement;

(2) If actual acceptance occurs within the constructive acceptance period, the Government must base the determination of an interest penalty on the actual date of acceptance;

(3) The constructive acceptance requirement does not compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities; and

(4) Except for a contract for the purchase of a commercial product or commercial service, including a brand-name commercial product for authorized resale (e.g., commissary items), the contracting officer may specify a longer period for constructive acceptance in the solicitation and resulting contract, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed. The contracting

officer must document in the contract file the justification for extending the constructive acceptance period beyond 7 days.

Extended acceptance periods must not be a routine agency practice and must be used only when necessary to permit proper

Government inspection and testing of the supplies delivered or services performed.

(2) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the contracting

officer must specify the due date in the contract.

(3) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt,

the invoice payment due date is the 30th day after the date of the contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(c) Architect-engineer contracts.

(1) The due date for making payments on contracts that contain the clause at 52.232-10, Payments Under Fixed-Price

Architect-Engineer Contracts, is as follows:

(i) The due date for work or services completed by the contractor is the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the contractor.

(B) The 30th day after Government acceptance of the work or services completed by the contractor.

(1) For a final invoice, when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is deemed to occur on the effective date of the settlement.

(2) For the sole purpose of computing an interest penalty that might be due the contractor, Government acceptance is deemed to occur constructively on the 7th day after the contractor completes the work or services in accordance

with the terms and conditions of the contract (see also paragraph (c)(2) of this section). If actual acceptance occurs within

the constructive acceptance period, the Government must base the determination of an interest penalty on the actual date of

acceptance.

(ii) The due date for progress payments is the 30th day after Government approval of contractor estimates of work or

services accomplished. For the sole purpose of computing an interest penalty that might be due the contractor?

(A) Government approval is deemed to occur constructively on the 7th day after the designated billing office

receives the contractor estimates (see also paragraph (c)(2) of this section).

(B) If actual approval occurs within the constructive approval period, the Government must base the determination of an interest penalty on the actual date of approval.

(iii) If the designated billing office fails to annotate the invoice or payment request with the actual date of receipt at the time of receipt, the payment due date is the 30th day after the date of the contractor's invoice or payment request,

provided the designated billing office receives a proper invoice or payment request and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(2) The constructive acceptance and constructive approval requirements described in paragraphs (c)(1)(i) and (ii) of

this section are conditioned upon receipt of a proper payment request and no disagreement over quantity, quality, contractor

compliance with contract requirements, or the requested progress payment amount. These requirements do not compel Government officials to accept work or services, approve contractor estimates, perform contract administration functions, or

make payment prior to fulfilling their responsibilities. The contracting officer may specify a longer period for constructive acceptance or constructive approval, if required to afford the Government a reasonable opportunity to inspect and test the

supplies furnished or to evaluate the services performed. The contracting officer must document in the contract file the justification for extending the constructive acceptance or approval period beyond 7 days.

(d) Construction contracts.

(1) The due date for making payments on construction contracts is as follows:

32.5-2

32.904

(i) The due date for making progress payments based on contracting officer approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project, is 14 days after the designated billing office receives a proper payment request.

(A) If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date is the 14th day after the date of the contractor's payment request, provided the designated billing office receives a proper payment request and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(B) The contracting officer may specify a longer period in the solicitation and resulting contract if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the contractor's performance under the contract. The contracting officer must document in the contract file the justification for extending the due date beyond 14 days.

(C) The contracting officer must not approve progress payment requests unless the certification and substantiation of amounts requested are provided as required by the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ii) The due date for payment of any amounts retained by the contracting officer in accordance with the clause at **52.232-5, Payments Under Fixed-Price Construction Contracts, will be as specified in the contract or, if not specified, 30 days** after approval by the contracting officer for release to the contractor. The contracting officer must base the release of retained amounts on the contracting officer's determination that satisfactory progress has been made.

(iii) The due date for final payments based on completion and acceptance of all work (including any retained amounts), and payments for partial deliveries that have been accepted by the Government (e.g., each separate building, public work, or other division of the contract for which the price is stated separately in the contract) is as follows:

(A) The later of the following two events:

(1) The 30th day after the designated billing office receives a proper invoice from the contractor.

(2) The 30th day after Government acceptance of the work or services completed by the contractor. For a final invoice, when the payment amount is subject to contract settlement actions (e.g., release of contractor claims), acceptance is deemed to occur on the effective date of the contract settlement.

(B) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(2) For the sole purpose of computing an interest penalty that might be due the contractor for payments described in paragraph (d)(1)(iii) of this section?

(i) Government acceptance or approval is deemed to occur constructively on the 7th day after the contractor completes the work or services in accordance with the terms and conditions of the contract, unless there is a disagreement

over quantity, quality, contractor compliance with a contract requirement, or the requested amount;

(ii) If actual acceptance occurs within the constructive acceptance period, the Government must base the determination of an interest penalty on the actual date of acceptance;

(iii) The constructive acceptance requirement does not compel Government officials to accept work or services, approve contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities; and

(iv) The contracting officer may specify a longer period for constructive acceptance or constructive approval in the solicitation and resulting contract, if required to afford the Government a reasonable opportunity to adequately inspect

the work and to determine the adequacy of the contractor's performance under the contract. The contracting officer must

document in the contract file the justification for extending the constructive acceptance or approval beyond 7 days.

(3) Construction contracts contain special provisions concerning contractor payments to subcontractors, along with

special contractor certification requirements. The Office of Management and Budget has determined that these certifications

must not be construed as final acceptance of the subcontractor's performance. The certification in 52.232-5(c) implements

this determination; however, certificates are still acceptable if the contractor deletes paragraph (c)(4) of 52.232-5 from the

certificate.

(4) (i) Paragraph (d) of the clause at 52.232-5, Payments under Fixed-Price Construction Contracts, and paragraph

(e)(6) of the clause at 52.232-27, Prompt Payment for Construction Contracts, provide for the contractor to pay interest on

unearned amounts in certain circumstances. The Government must recover this interest from subsequent payments to the

contractor. Therefore, contracting officers normally must make no demand for payment. Contracting officers must?

32.5-3

32.905 FEDERAL ACQUISITION REGULATION

(A) Compute the amount in accordance with the clause;

(B) Provide the contractor with a final decision; and

(C) Notify the payment office of the amount to be withheld.

(ii) The payment office is responsible for making the deduction of interest. Amounts collected in accordance with these provisions revert to the United States Treasury.

(e) Cost-reimbursement contracts for services. For purposes of computing late payment interest penalties that may apply,

the due date for making interim payments on cost-reimbursement contracts for services is 30 days after the date of receipt of

a proper invoice.

(f) Food and specified items.

If the items delivered are: Payment must be made as close as possible to, but not later than:

(1) Meat or meat food products. As defined in section 2(a)(3) of the Packers 7th day after product delivery. and Stockyard Act of 1921 (7 U.S.C. 182(3)), and as further defined in Public Law 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product.

(2) Fresh or frozen fish. As defined in section 204(3) of the Fish and Seafood 7th day after product delivery. Promotion Act of 1986 (16 U.S.C. 4003(3)).

(3) Perishable agricultural commodities. As defined in section 1(4) of the 10th day after product delivery, Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)). unless another date is specified in the contract.

(4) Dairy products. As defined in section 111(e) of the Dairy Production 10th day after a proper invoice has Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products been received. prepared from edible fats or oils. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products fall within this classification. Nothing in the Act limits this classification to refrigerated products. If questions arise regarding the proper classification of a specific product, the contracting officer must follow prevailing industry practices in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the contractor making the representation.

(g) Multiple payment due dates. Contracting officers may encourage, but not require, contractors to submit separate invoices for products with different payment due dates under the same contract or order. When an invoice contains items with different payment due dates (i.e., a mixed invoice), the payment office will, subject to agency policy?

(1) Pay the entire invoice on the earliest due date; or

(2) Split invoice payments, making payments by the applicable due dates.

32.905 Payment documentation and process.

(a) General. Payment will be based on receipt of a proper invoice and satisfactory contract performance.

(b) Content of invoices.

(1) A proper invoice must include the following items (except for interim payments on cost reimbursement contracts

for services):

(i) Name and address of the contractor.

(ii) Invoice date and invoice number. (Contractors should date invoices as close as possible to the date of mailing or

transmission.)

(iii) Contract number or other authorization for supplies delivered or services performed (including order number and line item number).

(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered, or services performed.

32.5-4

32.906

(v) Shipping and payment terms (e.g., shipment number and date of shipment, discount for prompt payment terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(vi) Name and address of contractor official to whom payment is to be sent (must be the same as that in the contract

or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The contractor must include its TIN on the invoice only if required by agency procedures. (See 4.9 TIN requirements.)

(ix) Electronic funds transfer (EFT) banking information.

(A) The contractor must include EFT banking information on the invoice only if required by agency procedures.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper

invoice, the contractor must have submitted correct EFT banking information in accordance with the applicable solicitation

provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33,

Payment by Electronic Funds Transfer?System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer?Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract (e.g., evidence of shipment).

(2) An interim payment request under a cost-reimbursement contract for services constitutes a proper invoice for

purposes of this section if it includes all of the information required by the contract.

(3) If the invoice does not comply with these requirements, the designated billing office must return it within 7 days

after receipt (3 days on contracts for meat, meat food products, or fish; 5 days on contracts for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils), with the reasons why it

is not a proper invoice. If such notice is not timely, then the designated billing office must adjust the due date for the purpose

of determining an interest penalty, if any.

(c) Authorization to pay. All invoice payments, with the exception of interim payments on cost-reimbursement contracts

for services, must be supported by a receiving report or other Government documentation authorizing payment (e.g., Government certified voucher). The agency receiving official should forward the receiving report or other Government documentation to the designated payment office by the 5th working day after Government acceptance or approval, unless

other arrangements have been made. This period of time does not extend the due dates prescribed in this section. Acceptance

should be completed as expeditiously as possible. The receiving report or other Government documentation authorizing payment must, as a minimum, include the following:

(1) Contract number or other authorization for supplies delivered or services performed.

(2) Description of supplies delivered or services performed.

(3) Quantities of supplies received and accepted or services performed, if applicable.

(4) Date supplies delivered or services performed.

(5) Date that the designated Government official?

(i) Accepted the supplies or services; or

(ii) Approved the progress payment request, if the request is being made under the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, or the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts.

(6) Signature, printed name, title, mailing address, and telephone number of the designated Government official

responsible for acceptance or approval functions.

(d) Billing office. The designated billing office must immediately annotate each invoice with the actual date it receives the

invoice.

(e) Payment office. The designated payment office will annotate each invoice and receiving report with the actual date it

receives the invoice.

32.906 Making payments.

(a) General. The Government will not make invoice payments earlier than 7 days prior to the due dates specified in the

contract unless the agency head determines?

(1) To make earlier payment on a case-by-case basis; or

(2) That the use of accelerated payment methods is necessary. See 32.903(a)(5) but see 32.009-1(a).

(b) Payment office. The designated payment office?

32.5-5

32.907 FEDERAL ACQUISITION REGULATION

(1) Will mail checks on the same day they are dated;

(2) For payments made by EFT, will specify a date on or before the established due date for settlement of the payment

at a Federal Reserve Bank;

(3) When the due date falls on a Saturday, Sunday, or legal holiday when Government offices are closed, may make

payment on the following working day without incurring a late payment interest penalty.

(4) When it is determined that the designated billing office erroneously rejected a proper invoice and upon resubmission of the invoice, will enter in the payment system the original date the invoice was received by the designated

billing office for the purpose of calculating the correct payment due date and any interest penalties that may be due.

(c) Partial deliveries.

(1) Contracting officers must, where the nature of the work permits, write contract statements of work and pricing

arrangements that allow contractors to deliver and receive invoice payments for discrete portions of the work as soon as

completed and found acceptable by the Government (see 32.102(d)).

(2) Unless specifically prohibited by the contract, the clause at 52.232-1, Payments, provides that the contractor

is entitled to payment for accepted partial deliveries of supplies or partial performance of services that comply with all applicable contract requirements and for which prices can be calculated from the contract terms.

(d) Contractor identifier. Each payment or remittance advice will use the contractor invoice number in addition to any

Government or contract information in describing any payment made.

(e) Discounts. When a discount for prompt payment is taken, the designated payment office will make payment to the

contractor as close as possible to, but not later than, the end of the discount period. The discount period is specified by the

contractor and is calculated from the date of the contractor's proper invoice. If the contractor has not placed a date on the

invoice, the due date is calculated from the date the designated billing office receives a proper invoice, provided the agency

annotates such invoice with the date of receipt at the time of receipt. When the discount date falls on a Saturday, Sunday,

or legal holiday when Government offices are closed, the designated payment office may make payment on the following

working day and take a discount. Payment terms are specified in the clause at 52.232-8, Discounts for Prompt Payment.

32.907 Interest penalties.

(a) Late payment. The designated payment office will pay an interest penalty automatically, without request from the

contractor, when all the following conditions, if applicable, have been met:

(1) The designated billing office received a proper invoice.

(2) The Government processed a receiving report or other Government documentation authorizing payment, and there

was no disagreement over quantity, quality, or contractor compliance with any contract requirement.

(3) In the case of a final invoice, the payment amount is not subject to further contract settlement actions between the

Government and the contractor.

(4) The designated payment office paid the contractor after the due date.

(5) In the case of interim payments on cost-reimbursement contracts for services, when payment is made more than 30

days after the designated billing office receives a proper invoice.

(b) Improperly taken discount. The designated payment office will pay an interest penalty automatically, without request

from the contractor, if the Government takes a discount for prompt payment improperly. The interest penalty is calculated on

the amount of discount taken for the period beginning with the first day after the end of the discount period through the date

when the contractor is paid.

(c) Failure to pay interest.

(1) The designated payment office will pay a penalty amount, in addition to the interest penalty amount, only if?

(i) The Government owes an interest penalty of \$1 or more;

(ii) The designated payment office does not pay the interest penalty within 10 days after the date the invoice

amount

is paid; and

(iii) The contractor makes a written demand to the designated payment office for additional penalty payment in accordance with paragraph (c)(2) of this section, postmarked not later than 40 days after the date the invoice amount is paid.

(2) (i) Contractors must support written demands for additional penalty payments with the following data. The Government must not request additional data. Contractors must?

(A) Specifically assert that late payment interest is due under a specific invoice, and request payment of all

overdue late payment interest penalty and such additional penalty as may be required;

(B) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(C) State that payment of the principal has been received, including the date of receipt.

32.5-6

32.909

(ii) If there is no postmark or the postmark is illegible?

(A) The designated payment office that receives the demand will annotate it with the date of receipt, provided the

demand is received on or before the 40th day after payment was made; or

(B) If the designated payment office fails to make the required annotation, the Government will determine the

demand's validity based on the date the contractor has placed on the demand; provided such date is no later than the 40th day

after payment was made.

(d) Disagreements.

(1) The payment office will not pay interest penalties if payment delays are due to disagreement between the Government and contractor concerning?

(i) The payment amount;

(ii) Contract compliance; or

(iii) Amounts temporarily withheld or retained in accordance with the terms of the contract.

(2) The Government and the contractor must resolve claims involving disputes, and any interest that may be payable in

accordance with the Disputes clause.

(e) Computation of interest penalties. The Government will compute interest penalties in accordance with OMB prompt

payment regulations at 5 CFR part 1315.

(f) Unavailability of funds. The temporary unavailability of funds to make a timely payment does not relieve an agency

from the obligation to pay interest penalties.

32.908 Contract clauses.

(a) Insert the clause at 52.232-26, Prompt Payment for Fixed-Price Architect-Engineer Contracts, in solicitations and

contracts that contain the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts.

(1) As authorized in 32.904(c)(2), the contracting officer may modify the date in paragraph (a)(4)(i) of the clause to

specify a period longer than 7 days for constructive acceptance or constructive approval, if required to afford the Government

a practicable opportunity to inspect and test the supplies furnished or evaluate the services performed.

(2) As provided in 32.903, agency policies and procedures may authorize amendment of paragraphs (a)(1)(i) and (ii) of

the clause to insert a period shorter than 30 days (but not less than 7 days) for making contract invoice payments.

(b) Insert the clause at 52.232-27, Prompt Payment for Construction Contracts, in all solicitations and contracts for construction (see part 36).

(1) As authorized in 32.904(d)(1)(i)(B), the contracting officer may modify the date in paragraph (a)(1)(i)(A) of the

clause to specify a period longer than 14 days if required to afford the Government a reasonable opportunity to adequately

inspect the work and to determine the adequacy of the Contractor's performance under the contract.

(2) As authorized in 32.904(d)(2)(iv), the contracting officer may modify the date in paragraph (a)(4)(i) of the clause to

specify a period longer than 7 days for constructive acceptance or constructive approval if required to afford the Government

a reasonable opportunity to inspect and test the supplies furnished or evaluate the services performed.

(c) Insert the clause at 52.232-25, Prompt Payment, in all other solicitations and contracts, except when the clause at

52.212-4, Contract Terms and Conditions?Commercial Products and Commercial Services, applies, or when payment terms

and late payment penalties are established by other governmental authority (e.g., tariffs).

(1) As authorized in 32.904(b)(1)(ii)(B)(4), the contracting officer may modify the date in paragraph (a)(5)(i) of the

clause to specify a period longer than 7 days for constructive acceptance, if required to afford the Government a reasonable

opportunity to inspect and test the supplies furnished or to evaluate the services performed, except in the case of a contract

for the purchase of a commercial product or commercial service, including a brand-name commercial product for authorized

resale (e.g., commissary items).

(2) As provided in 32.903, agency policies and procedures may authorize amendment of paragraphs (a)(1)(i) and (ii) of

the clause to insert a period shorter than 30 days (but not less than 7 days) for making contract invoice payments.

(3) If the contract is a cost-reimbursement contract for services, use the clause with its Alternate I.

32.909 Contractor inquiries.

(a) Direct questions involving?

(1) Delinquent payments to the designated billing office or designated payment office; and

(2) Disagreements in payment amount or timing to the contracting officer for resolution. The contracting officer must

coordinate within appropriate contracting channels and seek the advice of other offices as necessary to resolve disagreements.

32.5-7

32.909 FEDERAL ACQUISITION REGULATION

(b) Small business concerns may contact the agency's local small business specialist or representative from the Office of

Small and Disadvantaged Business Utilization to obtain additional assistance related to payment issues, late payment interest

penalties, and information on the Prompt Payment Act.

32.5-8

32.1004

Subpart 32.10 Performance-Based Payments

32.1000 Scope of subpart.

This subpart provides policy and procedures for performance-based payments under noncommercial purchases pursuant to

Subpart 32.1.

32.1001 Policy.

(a) Performance-based payments are the preferred Government financing method when the contracting officer finds them

practical, and the contractor agrees to their use.

(b) Performance-based payments are contract financing payments that are not payment for accepted items.

(c) Performance-based payments are fully recoverable, in the same manner as progress payments, in the event of default.

(d) Performance-based payments are contract financing payments and, therefore, are not subject to the interest-penalty

provisions of prompt payment (see Subpart 32.9). These payments must be made in accordance with agency policy.

(e) Performance-based payments must not be used for?

(1) Payments under cost-reimbursement line items;

(2) Contracts for architect-engineer services or construction, or for shipbuilding or ship conversion, alteration, or repair,

when the contracts provide for progress payments based upon a percentage or stage of completion; or

(3) Contracts awarded through sealed bid procedures.

32.1002 Bases for performance-based payments.

Performance-based payments may be made on any of the following bases:

(a) Performance measured by objective, quantifiable methods.

(b) Accomplishment of defined events.

(c) Other quantifiable measures of results.

32.1003 Criteria for use.

The contracting officer may use performance-based payments for individual orders and contracts provided?

(a) The contracting officer and offeror agree on the performance-based payment terms;

(b) The contract, individual order, or line item is a fixed-price type;

(c) For indefinite delivery contracts, the individual order does not provide for progress payments; and

(d) For other than indefinite-delivery contracts, the contract does not provide for progress payments.

32.1004 Procedures.

Performance-based payments may be made either on a whole contract or on a deliverable item basis, unless otherwise prescribed by agency regulations. Financing payments to be made on a whole contract basis are applicable to the entire

contract, and not to specific deliverable items. Financing payments to be made on a deliverable item basis are applicable to a

specific individual deliverable item. (A deliverable item for these purposes is a separate item with a distinct unit price.

Thus,

a line item for 10 airplanes, with a unit price of \$1,000,000 each, has 10 deliverable items-the separate planes. A line item for

1 lot of 10 airplanes, with a lot price of \$10,000,000, has only one deliverable item-the lot.)

(a) Establishing performance bases.

(1) The basis for performance-based payments may be either specifically described events (e.g., milestones) or some

measurable criterion of performance. Each event or performance criterion that will trigger a finance payment must be an integral and necessary part of contract performance and must be identified in the contract, along with a description of what

constitutes successful performance of the event or attainment of the performance criterion. The signing of contracts or modifications, the exercise of options, the passage of time, or other such occurrences do not represent meaningful efforts or

actions and must not be identified as events or criteria for performance-based payments. An event need not be a critical event

in order to trigger a payment, but the Government must be able to readily verify successful performance of each such event or

performance criterion.

(2) Events or criteria may be either severable or cumulative. The successful completion of a severable event or criterion

is independent of the accomplishment of any other event or criterion. Conversely, the successful accomplishment of a cumulative event or criterion is dependent upon the previous accomplishment of another event. A contract may provide for

more than one series of severable and/or cumulative performance events or criteria performed in parallel. The contracting

officer must include the following in the contract:

32.5-1

32.1004 FEDERAL ACQUISITION REGULATION

(i) The contract must not permit payment for a cumulative event or criterion until the dependent event or criterion has been successfully completed.

(ii) The contract must specifically identify severable events or criteria.

(iii) The contract must specifically identify cumulative events or criteria and identify which events or criteria are preconditions for the successful achievement of each event or criterion.

(iv) Because performance-based payments are contract financing, events or criteria must not serve as a vehicle to reward the contractor for completion of performance levels over and above what is required for successful completion of the contract.

(v) If payment of performance-based finance amounts is on a deliverable item basis, each event or performance criterion must be part of the performance necessary for that deliverable item and must be identified to a specific line item or subline item.

(b) Establishing performance-based finance payment amounts.

(1) The contracting officer must establish a complete, fully defined schedule of events or performance criteria and payment amounts when negotiating contract terms. If a contract action significantly affects the price, or event or performance criterion, the contracting officer responsible for pricing the contract modification must adjust the performance-based payment schedule appropriately.

(2) Total performance-based payments must?

(i) Reflect prudent contract financing provided only to the extent needed for contract performance (see 32.104(a)); and

(ii) Not exceed 90 percent of the contract price if on a whole contract basis, or 90 percent of the delivery item price if on a delivery item basis.

(3) The contract must specifically state the amount of each performance-based payment either as a dollar amount or as a percentage of a specifically identified price (e.g., contract price or unit price of the deliverable item). The payment of contract financing has a cost to the Government in terms of interest paid by the Treasury to borrow funds to make the payment. Because the contracting officer has wide discretion as to the timing and amount of the performance-based payments, the contracting officer must ensure that?

(i) The total contract price is fair and reasonable, all factors considered; and

(ii) Performance-based payment amounts are commensurate with the value of the performance event or performance criterion and are not expected to result in an unreasonably low or negative level of contractor investment in the contract. To confirm sufficient investment, the contracting officer may request expenditure profile information from offerors, but only if other information in the proposal, or information otherwise available to the contracting officer, is expected to be insufficient.

(4) Unless agency procedures prescribe the bases for establishing performance-based payment amounts, contracting officers may establish them on any rational basis, including (but not limited to)?

(i) Engineering estimates of stages of completion;

(ii) Engineering estimates of hours or other measures of effort to be expended in performance of an event or achievement of a performance criterion; or

(iii) The estimated projected cost of performance of particular events.

(5) When subsequent contract modifications are issued, the contracting officer must adjust the performance-based payment schedule as necessary to reflect the actions required by those contract modifications.

(c) Instructions for multiple appropriations. If there is more than one appropriation account (or subaccount) funding payments on the contract, the contracting officer must provide instructions to the Government payment office for distribution of financing payments to the respective funds accounts. Distribution instructions must be consistent with the contract's liquidation provisions.

(d) Liquidating performance-based finance payments. Performance-based amounts must be liquidated by deducting a percentage or a designated dollar amount from the delivery payments. The contracting officer must specify the liquidation rate or designated dollar amount in the contract. The method of liquidation must ensure complete liquidation no later than final payment.

(1) If the contracting officer establishes the performance-based payments on a delivery item basis, the liquidation amount for each line item is the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount.

(2) If the performance-based finance payments are on a whole contract basis, liquidation is by predesignated liquidation amounts or liquidation percentages.

(e) Competitive negotiated solicitations.

32.5-2

32.1008

(1) If a solicitation requests offerors to propose performance-based payments, the solicitation must specify?

(i) What, if any, terms must be included in all offers; and

(ii) The extent to which and how offeror-proposed performance-based payment terms will be evaluated. Unless agencies prescribe other evaluation procedures, if the contracting officer anticipates that the cost of providing performance-based payments would have a significant impact on determining the best value offer, the solicitation should state that the

evaluation of the offeror's proposed prices will include an adjustment to reflect the estimated cost to the Government of providing each offeror's proposed performance-based payments (see Alternate I to the provision at 52.232-28).

(2) The contracting officer must?

(i) Review the proposed terms to ensure they comply with this section; and

(ii) Use the adjustment method at 32.205(c) if the price is to be adjusted for evaluation purposes in accordance with paragraph (e)(1)(ii) of this section.

32.1005 Solicitation provision and contract clause.

(a) Insert the clause at 52.232-32, Performance-Based Payments, in?

(1) Solicitations that may result in contracts providing for performance-based payments; and

(2) Fixed-price contracts under which the Government will provide performance-based payments.

(b) (1) Insert the solicitation provision at 52.232-28, Invitation to Propose Performance-Based Payments, in negotiated

solicitations that invite offerors to propose performance-based payments.

(2) Use the provision with its Alternate I in competitive negotiated solicitations if the Government intends to adjust

proposed prices for proposal evaluation purposes (see 32.1004(e)).

32.1006 [Reserved]

32.1007 Administration and payment of performance-based payments.

(a) Responsibility. The contracting officer responsible for administering performance-based payments (see

42.302(a)(13))

for the contract must review and approve all performance-based payments for that contract.

(b) Approval of financing requests. Unless otherwise provided in agency regulations, or by agreement with the appropriate payment official?

(1) The contracting officer must be responsible for receiving, approving, and transmitting all performance-based payment requests to the appropriate payment office; and

(2) Each approval must specify the amount to be paid, necessary contractual information, and the appropriation account(s) (see 32.1004(c)) to be charged for the payment.

(c) Reviews. The contracting officer is responsible for determining what reviews are required for protection of the Government's interests. The contracting officer should consider the contractor's experience, performance record, reliability, financial strength, and the adequacy of controls established by the contractor for the administration of performance-based payments. Based upon the risk to the Government, post-payment reviews and verifications should normally be arranged as considered appropriate by the contracting officer. If considered necessary by the contracting officer, pre-payment reviews may be required.

(d) Incomplete performance. The contracting officer must not approve a performance-based payment until the specified event or performance criterion has been successfully accomplished in accordance with the contract. If an event is cumulative, the contracting officer must not approve the performance-based payment unless all identified preceding events or criteria are accomplished.

(e) Government-caused delay. Entitlement to a performance-based payment is solely on the basis of successful performance of the specified events or performance criteria. However, if there is a Government-caused delay, the contracting officer may renegotiate the performance-based payment schedule to facilitate contractor billings for any successfully accomplished portions of the delayed event or criterion.

32.1008 Suspension or reduction of performance-based payments.

The contracting officer must apply the policy and procedures in paragraphs (a), (b), (c), and (e) of 32.503-6, Suspension or reduction of payments, whenever exercising the Government's rights to suspend or reduce performance-based payments in accordance with paragraph (e) of the clause at 52.232-32, Performance-Based Payments.

32.5-3**32.1009 FEDERAL ACQUISITION REGULATION****32.1009 Title.**

(a) Since the clause at 52.232-32, Performance-Based Payments, gives the Government title to the property described

in paragraph (f) of the clause, the contracting officer must ensure that the Government title is not compromised by other encumbrances. Ordinarily, the contracting officer, in the absence of reason to believe otherwise, may rely upon the contractor's certification contained in the payment request.

(b) If the contracting officer becomes aware of any arrangement or condition that would impair the Government's title to the property affected by the Performance-Based Payments clause, the contracting officer must require additional protective provisions.

(c) The existence of any such encumbrance is a violation of the contractor's obligations under the contract, and the contracting officer may, if necessary, suspend or reduce payments under the terms of the Performance-Based Payments clause covering failure to comply with a material requirement of the contract. In addition, if the contractor fails to disclose an existing encumbrance in the certification, the contracting officer should consult with legal counsel concerning possible violation of 31 U.S.C. 3729, the False Claims Act.

32.1010 Risk of loss.

(a) Under the clause at 52.232-32, Performance-Based Payments, and except for normal spoilage, the contractor bears the risk of loss for Government property, even though title is vested in the Government, unless the Government has expressly assumed this risk. The clauses prescribed in this regulation related to performance-based payments, default, and terminations do not constitute a Government assumption of risk.

(b) If a loss occurs in connection with property for which the contractor bears the risk, and the property is needed for performance, the contractor is obligated to repay the Government the performance-based payments related to the property.

(c) The contractor is not obligated to pay for the loss of property for which the Government has assumed the risk of loss. However, a serious loss may impede the satisfactory progress of contract performance, so that the contracting officer may need to act under paragraph (e)(2) of the Performance-Based Payments clause. In addition, while the contractor is not required to repay previous performance-based payments in the event of a loss for which the Government has assumed the risk, such a loss may prevent the contractor from making the certification required by the Performance-Based Payments clause.

32.5-4

32.1105

Subpart 32.11 Electronic Funds Transfer.

32.1100 Scope of subpart.

This subpart provides policy and procedures for contract financing and delivery payments to contractors by electronic funds transfer (EFT).

32.1101 Statutory requirements.

31 U.S.C. 3332 requires, subject to implementing regulations of the Secretary of the Treasury at 31 CFR part 208, that

EFT be used to make all contract payments.

32.1102 Definitions.

As used in this subpart?

Electronic Funds Transfer information (EFT) means information necessary for making a payment by EFT through specified EFT mechanisms.

Governmentwide commercial purchase card means a card that is similar in nature to a commercial credit card that is used

to make financing and delivery payments for supplies and services. The purchase card is an EFT method, and it may be used

as a means to meet the requirement to pay by EFT, to the extent that purchase card limits do not preclude such payments.

Payment information means the payment advice provided by the Government to the contractor that identifies what the payment is for, any computations or adjustments made by the Government, and any information required by the Prompt Payment Act.

32.1103 Applicability.

The Government must provide all contract payments through EFT except if?

- (a) The office making payment under a contract that requires payment by EFT, loses the ability to release payment by EFT.

To the extent authorized by 31 CFR part 208, the payment office must make necessary payments pursuant to paragraph (a)(2)

of the clause at either 52.232-33 or 52.232-34 until such time as it can make EFT payments;

- (b) The payment is to be received by or on behalf of the contractor outside the United States and Puerto Rico (but see

32.1106(b));

- (c) A contract is paid in other than United States currency (but see 32.1106(b));

- (d) Payment by EFT under a classified contract could compromise the safeguarding of classified information or national

security, or arrangements for appropriate EFT payments would be impractical due to security considerations;

- (e) A contract is awarded by a deployed contracting officer in the course of military operations, including, but not limited to, contingency operations as defined in 2.101, or a contract is awarded by any contracting officer in the conduct of

emergency operations, such as responses to natural disasters or national or civil emergencies, if?

- (1) EFT is not known to be possible; or

- (2) EFT payment would not support the objectives of the operation;

- (f) The agency does not expect to make more than one payment to the same recipient within a one-year period;

- (g) An agency's need for supplies and services is of such unusual and compelling urgency that the Government would be

seriously injured unless payment is made by a method other than EFT;

- (h) There is only one source for supplies and services and the Government would be seriously injured unless payment is

made by a method other than EFT; or

- (i) Otherwise authorized by Department of the Treasury Regulations at 31 CFR part 208.

32.1104 Protection of EFT information.

The Government must protect against improper disclosure of contractors' EFT information.

32.1105 Assignment of claims.

The use of EFT payment methods is not a substitute for a properly executed assignment of claims in accordance with

Subpart 32.8. EFT information that shows the ultimate recipient of the transfer to be other than the contractor, in the absence

of a proper assignment of claims, is considered to be incorrect EFT information within the meaning of the ?Suspension of

Payment? paragraphs of the EFT clauses at 52.232-33 and 52.232-34.

32.5-1

32.1106 FEDERAL ACQUISITION REGULATION

32.1106 EFT mechanisms.

(a) Domestic EFT mechanisms. The EFT clauses at 52.232-33 and 52.232-34 are designed for use with the domestic

United States banking system, using United States currency, and only the specified mechanisms (U.S. Automated Clearing

House, and Fedwire Transfer System) of EFT. However, the head of an agency may authorize the use of any other EFT

mechanism for domestic EFT with the concurrence of the office or agency responsible for making payments.

(b) Nondomestic EFT mechanisms and other than United States currency. The Government must provide payment by

other than EFT for payments received by or on behalf of the contractor outside the United States and Puerto Rico or for contracts paid in other than United States currency. However, the head of an agency may authorize appropriate use of EFT

with the concurrence of the office or agency responsible for making payments if?

- (1) The political, financial, and communications infrastructure in a foreign country supports payment by EFT; or
- (2) Payments of other than United States currency may be made safely.

32.1107 Payment information.

The payment or disbursing office must forward to the contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System.

32.1108 Payment by Governmentwide commercial purchase card.

A Governmentwide commercial purchase card charge authorizes the third party (e.g., financial institution) that issued the

purchase card to make immediate payment to the contractor. The Government reimburses the third party at a later date for the

third party's payment to the contractor.

(a) The clause at 52.232-36, Payment by Third Party, governs when a contractor submits a charge against the purchase

card for contract payment. The clause provides that the contractor must make such payment requests by a charge to a Government account with the third party at the time the payment clause(s) of the contract authorizes the contractor to submit

a request for payment, and for the amount due in accordance with the terms of the contract. To the extent that such a payment

would otherwise be approved, the charge against the purchase card should not be disputed when the charge is

reported to

the Government by the third party. To the extent that such payment would otherwise not have been approved, an authorized

individual (see 1.603-3) must take action to remove the charge, such as by disputing the charge with the third party or by

requesting that the contractor credit the charge back to the Government under the contract.

(b) (1) Written contracts to be paid by purchase card should include the clause at 52.232-36, Payment by Third Party, as

prescribed by 32.1110(d). However, payment by a purchase card also may be made under a contract that does not contain the

clause to the extent the contractor agrees to accept that method of payment.

(2) (i) When it is contemplated that the Governmentwide commercial purchase card will be used as the method of

payment, and the contract or order is above the micro-purchase threshold, contracting officers are required to verify by looking in the System for Award Management (SAM) whether the contractor has any delinquent debt subject to collection

under the Treasury Offset Program (TOP) at contract award and order placement. Information on TOP is available at [http://](http://fms.treas.gov/debt/index.html)

fms.treas.gov/debt/index.html .

(ii) The contracting officer must not authorize the Governmentwide commercial purchase card as a method of payment during any period the SAM indicates that the contractor has delinquent debt subject to collection under the TOP. In

such cases, payments under the contract must be made in accordance with the clause at 52.232-33, Payment by Electronic

Funds Transfer?System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer?Other Than System

for Award Management, as appropriate (see FAR 32.1110(d)).

(iii) Contracting officers must not use the presence of the SAM debt flag indicator to exclude a contractor from receipt of the contract award or issuance or placement of an order.

(iv) The contracting officer may take steps to authorize payment by Governmentwide commercial purchase card when a contractor alerts the contracting officer that the SAM debt flag indicator has been changed to no longer show a delinquent debt.

(c) The clause at 52.232-36, Payment by Third Party, requires that the contract?

(1) Identify the third party and the particular purchase card to be used; and

(2) Not include the purchase card account number. The purchase card account number should be provided separately to

the contractor.

32.5-2

32.1110

32.1109 EFT information submitted by offerors.

If offerors are required to submit EFT information prior to award, the successful offeror is not responsible for resubmitting

this information after award of the contract except to make changes, or to place the information on invoices if required by

agency procedures. Therefore, contracting officers must forward EFT information provided by the successful offeror to the appropriate office.

32.1110 Solicitation provision and contract clauses.

(a) Insert the clause at?

(1) 52.232-33, Payment by Electronic Funds Transfer?System for Award Management, in solicitations and contracts

that include the provision at 52.204-7, System for Award Management, or an agency clause that requires a contractor to be

registered in SAM and maintain registration until final payment, unless?

(i) Payment will be made through a third party arrangement (see 13.301 and paragraph (d) of this section); or

(ii) An exception listed in 32.1103(a) through (i) applies.

(2) (i) 52.232-34, Payment by Electronic Funds Transfer?Other than System for Award Management, in solicitations

and contracts that require EFT as the method for payment but do not include the provision at 52.204-7, System for Award

Management, or a similar agency clause that requires the contractor to be registered in SAM.

(ii) (A) If permitted by agency procedures, the contracting officer may insert in paragraph (b)(1) of the clause, a particular time after award, such as a fixed number of days, or event such as the submission of the first request for payment.

(B) If no agency procedures are prescribed, the time period inserted in paragraph (b)(1) of the clause must be ?no

later than 15 days prior to submission of the first request for payment.?

(b) If the head of the agency has authorized, in accordance with 32.1106, to use a nondomestic EFT mechanism, insert in

solicitations and contracts a clause substantially the same as 52.232-33 or 52.232-34 that clearly addresses the nondomestic

EFT mechanism.

(c) If EFT information is to be submitted to other than the payment office in accordance with agency procedures, insert

in solicitations and contracts the clause at 52.232-35, Designation of Office for Government Receipt of Electronic Funds Transfer Information, or a clause substantially the same as 52.232-35 that clearly informs the contractor where to send the

EFT information.

(d) If payment under a written contract will be made by a charge to a Government account with a third party such as a

Governmentwide commercial purchase card, insert the clause at 52.232-36, Payment by Third Party, in solicitations and

contracts. Payment by a purchase card may also be made under a contract that does not contain the clause at 52.232-36, to

the extent the contractor agrees to accept that method of payment. When the clause at 52.232-36 is included in a solicitation

or contract, insert the clause at 52.232-33, Payment by Electronic Funds Transfer?System for Award Management, or

52.232-34, Payment by Electronic Funds Transfer?Other Than System for Award Management, as appropriate.

(e) If the contract or agreement provides for the use of delivery orders, and provides that the ordering office designate

the method of payment for individual orders, insert in the solicitation and contract or agreement, the clause at 52.232-37,

Multiple Payment Arrangements, and, to the extent they are applicable, the clauses at?

- (1) 52.232-33, Payment by Electronic Funds Transfer?System for Award Management;
- (2) 52.232-34, Payment by Electronic Funds Transfer?Other than System for Award Management; and
- (3) 52.232-36, Payment by Third Party.

(f) If more than one disbursing office will make payment under a contract or agreement, the contracting officer, or ordering office (if the contract provides for choices between EFT clauses on individual orders or classes of orders), must

include or identify the EFT clause appropriate for each office and must identify the applicability by disbursing office and line

item.

(g) If the solicitation contains the clause at 52.232-34, Payment by Electronic Funds Transfer?Other than System for

Award Management, and an offeror is required to submit EFT information prior to award?

- (1) Insert in the solicitation the provision at 52.232-38, Submission of Electronic Funds Transfer Information with

Offer, or a provision substantially the same; and

- (2) For sealed bid solicitations, amend 52.232-38 to ensure that a bidder's EFT information?

(i) Is not a part of the bid to be opened at the public opening; and

(ii) May not be released to members of the general public who request a copy of the bid.

32.5-3

This page intentionally left blank.

32.5-4

32.1204

Subpart 32.12 Fast Payment Procedure

32.1201 General.

(a) The fast payment procedure allows payment under limited conditions to a contractor prior to the Government's verification that supplies have been received and accepted. The procedure provides for payment for supplies based on the

contractor's submission of an invoice that constitutes a certification that the contractor?

- (1) Has delivered the supplies to a post office, common carrier, or point of first receipt by the Government; and
- (2) Must replace, repair, or correct supplies not received at destination, damaged in transit, or not conforming to

purchase agreements.

(b) The contracting officer must be primarily responsible for determining the amount of debts resulting from failure of

contractors to properly replace, repair, or correct supplies lost, damaged, or not conforming to purchase requirements (see

32.602 and 32.603).

32.1202 Conditions for use.

Fast payment procedures may be used under the following conditions?

- (a) The contract or order does not exceed the simplified acquisition threshold, except that executive agencies may permit

higher dollar limitations for specified activities or items on a case-by-case basis.

- (b) Deliveries of supplies are to occur at locations where there is both a geographical separation and a lack of adequate

communications facilities between Government receiving and disbursing activities that will make it impractical to make timely payment based on evidence of Government acceptance.

- (c) Title to the supplies will pass to the Government?

- (1) Upon delivery to a post office or common carrier for mailing or shipment to destination; or

- (2) Upon receipt by the Government if the shipment is by means other than Postal Service or common carrier;

- (d) The supplier agrees to replace, repair, or correct supplies not received at destination, damaged in transit, or not conforming to purchase requirements;

- (e) The contract or order will be firm-fixed-price; and

- (f) A system is in place to?

- (1) Document contractor performance under fast payment purchases;

- (2) Provide timely feedback to the contracting officer in case of contractor deficiencies; and

- (3) Identify suppliers that have a current history of abusing the fast payment procedure.

32.1203 Preparation and execution of orders.

When using fast payment procedures, include the following in the purchasing instrument:

- (a) A requirement that the supplies be shipped transportation or postage prepaid.

- (b) A requirement that invoices be submitted directly to the finance or other office designated in the order, or in the case of

unpriced purchase orders, to the contracting officer (see 12.201(e)(2)).

- (c) The following statement on the consignee's copy:

Consignee's Notification to Purchasing Activity of Nonreceipt, Damage, or Nonconformance. The consignee shall notify the purchasing office promptly after the specified date of delivery of supplies not received, damaged in transit, or not conforming to specifications of the purchase order. Unless extenuating circumstances exist, the notification should be made

not later than 60 days after the specified date of delivery.

32.1204 Contract clause.

Insert the clause at 52.232-90, Fast Payment Procedure, in solicitations and contracts when the conditions in 32.1202 are

applicable and it is intended that the fast payment procedure be used in the contract (in the case of BPAs, the contracting

officer may elect to insert the clause either in the BPA or in orders under the BPA).

15-2

SUBPART 15.1 - PRESOLICITATION AND SOLICITATION 15.101

15.000 Scope.

This part addresses policies and procedures used in competitive and noncompetitive negotiated acquisitions. These acquisition procedures provide an opportunity for back-and-forth negotiation between the Government and an offeror(s) upon receipt of a proposal submitted in response to a request for proposals (RFP).

15.001 Definitions.

As used in this part?

Deficiency is any part of an offer that does not conform to a material requirement of a RFP. A material requirement is one

that affects price, quantity, quality, or delivery, or that the RFP requires to be met at the time of proposal submission.

Proposal modification is a change made to a proposal before the RFP closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

Proposal revision is a change to material elements of a proposal made after the RFP closing date, at the request of or as

allowed by a contracting officer, as the result of negotiations.

Weakness means a flaw in the proposal that increases the risk of unsuccessful contract performance. A ?significant weakness? in the proposal is a flaw that appreciably increases the risk of unsuccessful contract performance.

15.002 Types of negotiated acquisition.

(a) Noncompetitive acquisitions. Noncompetitive, or sole source, acquisition is a process whereby an award is made to a

single vendor without soliciting offers from multiple sources. When using this acquisition strategy, agencies should remove

unnecessary information and requirements from the request for proposal (RFP), including voluminous proposal preparation

instructions and evaluation factors.

(b) Competitive acquisitions. Competitive acquisition is a process whereby an award is made after soliciting offers from

multiple sources. When using this acquisition strategy, agencies should tailor the complexity of the RFP, evaluation, and

source selection decision to the circumstances of the acquisition, while maintaining a process that promotes an impartial and

comprehensive evaluation of proposals, leading to selection of the proposal representing the best value to the Government.

Subpart 15.1 - Presolicitation and Solicitation

15.100 Scope.

This subpart addresses policies and procedures for preparing requests for proposals (RFPs) and receiving proposals. RFPs

are used in negotiated acquisitions to communicate Government requirements to prospective contractors and to request

proposals.

15.101 Early exchanges with industry.

(a) General. Exchanges of information among all interested parties are encouraged and can occur at any time between

the identification of a requirement through the receipt of proposals. These exchanges can improve both the Government's

understanding of industry capabilities and the industry's understanding of the Government's needs. Any exchange of information must be consistent with procurement integrity requirements in part 3 and protected in accordance with part 24.

(b) Draft RFPs. Agencies are encouraged to release draft RFPs and conduct conferences with industry before

issuing

competitive RFPs.

(c) Requests for Information. Agencies are encouraged to release requests for information (RFI) when the Government

does not currently intend to award a contract, but wants to obtain price, delivery, market, or capabilities information for planning purposes.

(1) There is no required format for RFIs.

(2) Responses to RFIs are not offers and cannot be accepted by the Government to form a binding contract.

(3) RFIs must state that?

(i) The Government does not intend to award a contract on the basis of the RFI or otherwise pay for the information requested; and

(ii) Responses will be treated as information only and not as a proposal.

(4) Information received in response to an RFI must be safeguarded adequately from unauthorized disclosure.

Contracting officers should mark the information with date and time of receipt and provide the information to designated officials.

15.1-1

15.102 FEDERAL ACQUISITION REGULATION

(d) Mission needs and requirements. General information on an agency's current or anticipated needs and requirements

may be disclosed at any time. When information about a proposed acquisition is disclosed to one or more potential offerors

and that information is necessary for the preparation of proposals, the information should be made available to the public as

soon as practicable, but no later than the next general release of information, in order to avoid creating an unfair competitive

advantage.

(e) Advisory multistep process. (1) Agencies may publish a notice that provides a general description of the scope or

purpose of the acquisition and invites potential offerors to submit information that allows the Government to advise offerors

about their potential to be viable competitors.

(2) When using this process, agencies must?

(i) Evaluate all responses in accordance with the criteria stated in the notice;

(ii) Advise each respondent in writing either that it will be invited to participate in the resultant acquisition or, based on the information submitted, that it is unlikely to be a viable competitor;

(iii) Advise respondents considered not to be viable competitors of the general basis for that opinion; and

(iv) Inform all respondents that, notwithstanding the advice provided by the Government in response to their submissions, they may participate in the resultant acquisition.

15.102 Structuring a request for proposals.

(a) Method. RFPs may be issued in writing or orally.

(b) Format. (1) Requirement. Contracting officers should prepare RFPs and resulting contracts using the uniform contract

format at 15.109.

(i) Streamlined RFPs may be used in non-competitive acquisitions and other acquisitions in which a standard RFP

would be unnecessarily lengthy.

- (ii) Oral RFPs may be used when processing a written RFP would delay the acquisition of supplies or services to the

detriment of the Government and an RFP is not required to be posted under part 5.

- (2) Exceptions. Agencies do not need to use the uniform contract format for:

- (i) Construction and architect-engineer contracts.

- (ii) Subsistence contracts.

(iii) Supplies or services contracts requiring special contract formats prescribed elsewhere in this part that are inconsistent with the uniform contract format.

- (iv) Streamlined RFPs.

- (v) Contracts exempted by the agency head or designee.

(3) Minimum content when not using the uniform contract format. When the uniform contract format is not used, contracting officers must ensure?

(i) Competitive RFPs, at a minimum, describe the Government's requirement; any anticipated terms and conditions that will apply to the contract; the information required to be in the offeror's proposal; the factors and significant subfactors

that will be used to evaluate the proposal and their relative importance, and one of the statements at 15.104(d).

- (ii) Streamlined RFPs must be streamlined to remove unnecessary information and requirements and, at a minimum,

contain the following:

- (A) RFP number and date;

- (B) Name, address, and telephone number of the contracting officer;

- (C) Type of contract contemplated;

- (D) Quantity, description, and required delivery dates for the item;

- (E) Applicable certifications and representations;

- (F) Anticipated contract terms and conditions;

- (G) Proposal due date and time;

- (H) Other relevant information; e.g., incentives, variations in delivery schedule, cost proposal support, and data

requirements; and

- (I) For competitive streamlined RFPs, instructions to offerors and evaluation factors and significant subfactors in

accordance with 15.104.

15.103 Developing a competitive source selection approach.

The goal of source selection is to select the proposal that represents the best value to the Government. To obtain best value, agencies use a range of approaches for evaluating competitive offers, where the importance of cost or price varies

15.1-2

SUBPART 15.1 - PRESOLICITATION AND SOLICITATION 15.103-3

relative to other factors such as technical merit and past performance. Agencies can obtain best value in competitive negotiated acquisitions by using any one or a combination of source selection approaches, including but not limited to the

approaches mentioned in this section.

15.103-1 Tradeoff approach.

The tradeoff approach to source selection is appropriate when it may be in the Government's best interest to consider award to other than the lowest priced offeror or other than the highest technically rated offeror. This process permits tradeoffs

among cost or price and non-cost or non-price factors. The anticipated benefits of a higher priced proposal must merit the additional cost.

15.103-2 Lowest price technically acceptable approach.

(a) General. The lowest price technically acceptable (LPTA) approach to source selection is appropriate when it is in the

Government's best interest to award to the offeror that submits a technically acceptable proposal with the lowest evaluated

price. This approach does not permit tradeoffs.

(b) Required Information. When using this approach, the RFP must?

(1) Identify the evaluation factors that establish the minimum requirements for acceptability; and

(2) Specify that the award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the

requirements for acceptability.

(c) Limitations. Except for DoD, in accordance with section 880 of the John S. McCain National Defense Authorization

Act for Fiscal Year 2019 (Pub. L. 115-232, 41 U.S.C. 3701 Note)?

(1) The LPTA source selection approach must only be used when?

(i) The agency can comprehensively and clearly describe the minimum requirements in terms of performance objectives, measures, and standards that will be used to determine the acceptability of offers;

(ii) The agency would realize no, or minimal, value from a proposal that exceeds the minimum technical or performance requirements;

(iii) The agency believes the technical proposals will require no, or minimal, subjective judgment by the source selection authority as to the desirability of one offeror's proposal versus a competing proposal;

(iv) The agency has a high degree of confidence that reviewing the technical proposals of all offerors would not result in the identification of characteristics that could provide value or benefit to the agency;

(v) The agency determined that the lowest price reflects the total cost, including operation and support, of the product(s) or service(s) being acquired; and

(vi) The contracting officer documents the contract file describing the circumstances that justify the use of the LPTA source selection process.

(2) Contracting officers must avoid, to the maximum extent practicable, using the LPTA source selection process in the

case of a procurement that is predominantly for the acquisition of?

(i) Information technology services, cybersecurity services, systems engineering and technical assistance services, advanced electronic testing, audit or audit readiness services, health care services and records, telecommunications devices

and services, or other knowledge-based professional services;

(ii) Personal protective equipment; or

(iii) Knowledge-based training or logistics services in contingency operations or other operations outside the United States.

15.103-3 Highest technically rated with a fair and reasonable price approach

(a) General.

(1) The highest technically rated with a fair and reasonable price approach to source selection is appropriate when

the Government determines in advance that it would not be advantageous to consider tradeoffs between cost or price and

non-cost or non-price factors; rather, the acquisition warrants paying any fair and reasonable price for the highest quality performance.

(2) In this approach, all proposals are evaluated based on the non-price factors outlined in the solicitation and the source

selection authority determines the highest technically rated proposal. The price of the highest technically rated proposal is

evaluated to determine if it is fair and reasonable in accordance with subpart 15.4.

(3) If the highest technically rated proposal's price is fair and reasonable, the proposal is selected for award. If the

price is not fair and reasonable, the source selection authority must determine the next highest technically rated proposal and

15.1-3

15.103-4 FEDERAL ACQUISITION REGULATION

evaluate whether the price is fair and reasonable in accordance with subpart 15.4. This process continues until a contract is

awarded to the highest technically rated responsible offeror with a fair and reasonable price.

(b) Required information. When using this approach, the RFP must advise offerors that the Government will not consider

tradeoffs between cost or price and non-cost or non-price factors, and that the highest technically rated proposal will be selected for award if it offers a fair and reasonable price.

15.103-4 Phased acquisition.

(a) Phased acquisitions break down complex or high-risk acquisitions into distinct parts for contract award. Instead of a

single and comprehensive proposal and evaluation process, phased acquisitions are structured to make separate awards at

distinct phases of the acquisition. This approach can reduce source selection timeframes and promote flexibility by permitting

adjustments to the requirement between phases.

(b) When using a phased approach, the RFP must?

(1) Establish the phases for the acquisition; and

(2) Describe the process that will be used to evaluate proposals and any criteria offerors must meet to progress to the

next phase in the RFP.

15.104 Establishing competitive evaluation factors and significant subfactors.

(a) General. A competitive award decision is based on evaluation factors and significant subfactors that are tailored to

the acquisition. Evaluation factors and significant subfactors must represent the key areas of importance and emphasis to be

considered in the source selection decision; and support meaningful differentiation between competing proposals. All factors

and significant subfactors that will affect contract award and their relative importance must be stated clearly in the RFP (10

U.S.C. 3206(b)(1) and 41 U.S.C. 3306(b)(1)).

(b) Required factors. The evaluation factors and significant subfactors that apply to an acquisition and their relative importance are within the broad discretion of agency acquisition officials, subject to the following requirements:

(1) Price or cost.

(i) Price or cost to the Government must be evaluated in every competitive source selection (10 U.S.C. 3206(c)(1)(B) and 41 U.S.C. 3306(c)(1)(B)). Proposed price reductions under an offeror's other contracts cannot be used as an evaluation

factor.

(ii) In accordance with 10 U.S.C. 3206(c), for DoD, NASA, and the Coast Guard?

(A) Contracting officers may choose not to include price or cost as an evaluation factor for award when an RFP?

(1) Has an estimated value above the simplified acquisition threshold;

(2) Will result in multiple-award contracts that are for the same or similar services; and

(3) States that the Government intends to make an award to each and all qualifying offerors.

(B) If the contracting officer chooses not to include price or cost as an evaluation factor for the contract award,

in accordance with paragraph (b)(1)(ii)(A) of this section, the contracting officer must consider price or cost as one of the

factors in the selection decision for each order placed under the contract.

(C) The exception in paragraph (B)(1)(ii)(A) of this section must not apply to RFPs for multiple-award contracts

that provide for sole source orders pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(2) Quality. The quality of the product or service must be evaluated in every competitive source selection through

consideration of one or more non-cost evaluation factors such as past performance, compliance with RFP requirements,

technical excellence, management capability, personnel qualifications, and prior experience ((10 U.S.C. 3206(c)(1)(A) and 41

U.S.C. 3306(c)(1)(A)).

(3) Past performance.

(i) Past performance must be evaluated in every competitive source selection, unless the contracting officer documents the reason past performance is not an appropriate evaluation factor for the acquisition. This evaluation is separate

from the responsibility determination required under part 9.

(ii) The RFP must?

(A) Describe the general approach for evaluating past performance information, including evaluating offerors

with no relevant performance history;

(B) Provide offerors an opportunity to: identify past or current contracts (including Federal, State, and local

government, private sector, and other contracts) for efforts similar to the Government requirement, and provide

information

on problems encountered on the identified contracts and the offeror corrective actions; and

15.1-4

SUBPART 15.1 - PRESOLICITATION AND SOLICITATION 15.105-4

(iii) The RFP may describe the agency's approach to considering the currency and relevance, source, and context of the information to be requested.

(c) Situational factors. For competitive RFPs that are not set aside for small business concerns, involving consolidation or bundling, that offer a significant opportunity for subcontracting, the contracting officer must include?

(1) A factor to evaluate past performance indicating the extent to which the offeror attained applicable goals for small

business participation under contracts that required subcontracting plans (15 U.S.C. 637(d)(4)(G)(ii)); and

(2) A factor to evaluate the proposed small business subcontracting participation in the subcontracting plan (15 U.S.C. 637(d)(4)(G)(i)).

(d) Factor importance. In addition to stating the relative importance of each evaluation factor, and unless the exception at

paragraph (b)(1)(ii) of this section applies, the RFP must also state, at a minimum, whether all evaluation factors other than

cost or price, when combined, are?

(1) Significantly more important than cost or price;

(2) Approximately equal to cost or price; or

(3) Significantly less important than cost or price (10 U.S.C. 3206(c)(1)(C) and 41 U.S.C. 3306(c)(1)(C)).

15.105 Other considerations.

15.105-1 Oral presentations.

(a) Oral presentations may be used as a substitute for requesting portions of a written proposal information from offerors.

Information on an offeror's capability, past performance, work plans or approaches, staffing resources, transition plans, or

sample tasks can be suitable for oral presentations.

(b) Oral presentations may occur at any time during the source selection process. When requesting oral presentations, the

RFP must provide offerors with the necessary information to prepare and provide the presentation.

15.105-2 Negotiations disclosure.

Competitive RFPs must advise offerors whether the Government intends to evaluate proposals and award a contract with

or without conducting negotiations with offerors whose proposals have been determined to be within the competitive range.

FAR provision 52.215-1, Instructions to Offerors-Competitive Acquisition, and its Alternate I, contain this disclosure.

15.105-3 Limitation on tiered evaluations for multiple award contracts.

When soliciting for a multiple award contract, agencies must not create a tiered or cascading evaluation of small business

offers, as described in 13 CFR 125.2, unless the agency has statutory authority to do so.

15.105-4 Request for cost or pricing data.

(a) Required information. In accordance with 15.402(a), contracting officers must state in the RFP?

(1) Whether certified cost or pricing data are required;

(2) That, in lieu of submitting certified cost or pricing data, the offeror may submit a request for exception from the

requirement to submit certified cost or pricing data;

(3) Any requirement for data other than certified cost or pricing data; and

(4) The requirement for necessary preaward or postaward access to offeror's records.

(b) Format for submission of data.

(1) Certified cost or pricing data. Contracting officers may require submission of certified cost or pricing data in the

format indicated in Table 15-1 at 15.408-2, specify an alternative format, or permit submission in the contractor's format,

unless the data are required to be submitted on one of the termination forms specified in part 49.

(i) Offerors must describe any forward pricing rate agreements (FRPA) or other advanced agreements in each specific pricing proposal to which the rates apply and identify the latest cost or pricing data already submitted in accordance

with the FPRA.

(ii) Data supporting FRPAs, other advanced agreements, or final indirect cost proposals must be submitted in a form

acceptable to the contracting officer.

(2) Data other than certified cost or pricing data. Data may be submitted in the offeror's own format unless the contracting officer decides that use of a specific format is essential for evaluating and determining that the price is fair and

reasonable and the format has been described in the RFP.

15.1-5**15.105-5 FEDERAL ACQUISITION REGULATION****15.105-5 Make-or-buy decision.**

(a) General. The Government may choose to review and agree on the offeror's make-or-buy program when necessary to

ensure negotiation of reasonable contract prices, satisfactory performance, or implementation of socioeconomic policies.

(b) Acquisitions requiring make-or-buy programs.

(1) Contracting officers may require offerors to submit make-or-buy program plans for acquisitions requiring certified

cost or pricing data whose estimated value is \$20 million or more, except when the proposed contract is for research or development and, if prototypes or hardware are involved, no significant follow-on production is anticipated.

(2) Contracting officers may only require offerors to submit make-or-buy programs for acquisitions whose estimated

value is under \$20 million if the contracting officer?

(i) Determines that the information is necessary; and

(ii) Documents the reasons in the contract file.

(c) RFP requirements. When offerors must submit proposed make-or-buy programs, the RFP must include?

(1) A statement that the program and required supporting information must accompany the offer; and

(2) A description of factors to be used in evaluating the proposed program.

(d) Required information from offerors.

(1) The information required from an offeror about a make-or-buy program must?

(i) Be confined to those major items or work efforts that normally would require company management review of the make-or-buy decision because they are complex, costly, needed in large quantities, or require additional equipment or real property to produce;

(ii) Not include raw materials, products, commercial services, and off-the-shelf items, unless their potential impact on contract cost or schedule is critical; and,

(iii) Not include items or work efforts estimated to cost less than 1 percent of the total estimated contract price or any minimum dollar amount set by the agency.

(2) To support a make-or-buy program, the following information must be provided by an offeror in its proposal:

(i) A description of each major item or work effort.

(ii) Categorization of each major item or work effort as ?must make,? ?must buy, or ?can either make or buy.?

(iii) For each item or work effort categorized as ?can either make or buy,? a proposal either to ?make? or to ?buy.?

(iv) Reasons for categorizing items and work efforts as ?must make? or ?must buy,? and proposing to ?make? or to ?buy? those categorized as ?can either make or buy.?. The reasons must include the consideration given to the evaluation factors described in the RFP and must be in sufficient detail to permit the contracting officer to evaluate the categorization or proposal.

(v) Designation of the plant or division proposed to make each item or perform each work effort, and a statement as to whether the existing or proposed new facility is in or near a labor surplus area.

(vi) Identification of proposed subcontractors, if known, and their location and size status.

(vii) Any recommendations to defer make-or-buy decisions when categorization of some items or work efforts is impracticable at the time of submission.

(viii) Any other information the contracting officer requires in order to evaluate the program.

15.105-6 Should-cost review.

When a program should-cost review is planned in accordance with 15.405-4, the contracting officer should state this fact in the acquisition plan and in the RFP.

15.105-7 Unit prices.

To facilitate the analysis at 15.404-5, contracting officers must require offerors to identify in their proposals those items of supply that they will not manufacture or to which they will not contribute significant value when adequate price competition is not anticipated. This requirement does not apply to acquisitions for commercial products or commercial services.

15.106 Amending a request for proposal.

(a) General. When the Government changes its requirements or terms and conditions, the contracting officer must amend the RFP.

(1) Amendments issued before the established time and date for receipt of proposals must be issued to all parties receiving the RFP.

15.1-6

SUBPART 15.1 - PRESOLICITATION AND SOLICITATION 15.107

(2) Amendments issued after the established time and date for receipt of proposals must be issued to all offerors that

have not been eliminated from the competition.

(b) Content. At a minimum, each amendment must include?

- (1) The name and address of issuing activity;
- (2) The RFP number and date;
- (3) The amendment number and date;
- (4) The number of pages in the amendment;
- (5) A description of the change being made;
- (6) The contracting officer's name and contact information; and
- (7) The revised RFP closing date, if applicable.

(c) Forms. Prescribed forms are not required to amend RFPs described in this part. Agencies may use Standard Form (SF)

30, Amendment of Solicitation/Modification of Contract, and Optional Form (OF) 309, Amendment of Solicitation.

(d) Oral notices. Oral notices may be used when time is of the essence. Contracting officers should document the contract

file and formalize the notice with a written amendment.

(e) Requirement changes.

(1) Contracting officers must amend the RFP if the Government is interested in a proposal that involves a departure

from the stated requirements. The amendment should not reveal the alternate solution proposed or any other information that

is entitled to protection.

(2) Contracting officers must cancel the RFP and issue a new one, regardless of the stage of the acquisition if an

amendment?

(i) Is proposed after offers have been received, and

(ii) In the judgment of the contracting officer, based on market research or otherwise, has a requirement change that

is so substantial it exceeds what prospective offerors reasonably could have anticipated as a change to the RFP, and additional

sources likely would have submitted offers had the change been in the RFP.

15.107 Submission, modification, revision, and withdrawal of proposals.

(a) Submission. Offerors are responsible for submitting proposals, and any revisions or modifications, so as to reach the

Government office designated in the RFP by the time specified in the RFP.

(1) Method. Offerors may use any transmission method authorized in the RFP.

(2) Time. If no time is specified in the RFP, the time for receipt is 4:30 p.m., local time, for the designated Government

office on the date that proposals are due.

(b) Late submission. (1) General. Any proposal, modification, or revision, that is received at the designated Government

office after the exact time specified for receipt of proposals is "late" and will not be considered, unless it is received before

award is made, the contracting officer determines that accepting the late proposal would not unduly delay the acquisition, and

?

(i) If it was transmitted through an electronic commerce method authorized by the RFP, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt

of proposals;

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of proposals and was under the Government's control prior to the time set for receipt of proposals; or

(iii) It was the only proposal received.

(2) Exception. A late modification of an otherwise successful proposal, that makes its terms more favorable to the

Government, will be considered at any time it is received and may be accepted by the contracting officer.

(3) Proof of receipt. Acceptable evidence to establish the time of receipt at the Government installation includes electronic timestamps, the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt

maintained by the installation, or oral testimony or statements of Government personnel.

(4) Notification. Contracting officers must promptly notify any offeror if its proposal, modification, or revision was

received late, and inform the offeror whether its proposal will be considered, unless contract award is imminent and the award

notice at 15.207-2 will suffice.

(5) Documentation. (i) When available, the file for each late proposal, modification, revision, or withdrawal received

must include the date and hour of receipt; a statement regarding whether the proposal was considered for award, with supporting rationale; and the envelope, wrapper, or other evidence of date of receipt.

15.1-7

15.108 FEDERAL ACQUISITION REGULATION

(ii) Late proposals and modifications that are not considered must be held unopened, unless opened for identification, until after award and then retained with other unsuccessful proposals.

(c) Interruption. If proposals cannot be received at the Government office designated for receipt of proposals by the exact

time specified in the RFP because an emergency or unanticipated event interrupts normal Government processes, and urgent

Government requirements preclude amendment of the RFP closing date, the time specified for RFP will be deemed to be

extended to the same time of day specified in the RFP on the first work day on which normal Government processes resume.

(d) Withdrawal. Proposals may be withdrawn by written notice at any time before award. A copy of withdrawn proposals

should be retained in the contract file.

(1) Extra copies of the withdrawn proposals may be destroyed or returned to the offeror at the offeror's

request.

Extremely bulky proposals must only be returned at the offeror's request and expense.

(2) Oral proposals in response to oral RFPs may be withdrawn orally. Contracting officers must document the contract

file when oral withdrawals are made.

15.108 Receiving proposals.

(a) Marking. When there is no electronic record, contracting officers must mark proposals with the date and time of receipt

and provide them to the designated officials.

(b) Handling. Proposals should be safeguarded from unauthorized disclosure throughout the source selection process in

accordance with part 3.

(c) Unreadable proposals. If any portion of a proposal submitted electronically is unreadable, contracting officers must

immediately notify the offeror and permit the offeror to resubmit the unreadable portion of the proposal. Contracting officers

must establish the method and time for resubmission after consultation with the offeror and document the file. For the purpose of determining timeliness under 15.107, the resubmission is considered as if it were received at the date and time of

the original unreadable submission, provided the offeror complies with the time and format requirements established by the

contracting officer for resubmission.

15.109 Uniform contract format.

RFPs using the uniform contract format should include Parts I, II, III, and IV. Upon award, contracting officers should not physically include Part IV in the resulting contract, but should retain it in the contract file. The representations and certifications in Part IV are incorporated by reference in the contract through FAR clauses 52.204-19, Incorporation by Reference of Representations and Certifications, and 52.212-4, Contract Terms and Conditions-Commercial Products and

Commercial Services.

15.109-1 Part I - The Schedule.

(a) Section A, Solicitation/contract form.

(1) Prescribed forms are not required to prepare RFPs described in this part. Agencies may use Optional Form (OF)

308, Solicitation and Offer-Negotiated Acquisition, or Standard Form (SF) 33, Solicitation, Offer and of Award, to prepare

RFPs.

(2) When other than OF 308 or SF 33 is used, include the following information on the first page of the RFP:

(i) Name, address, and location of issuing activity, including room and building where proposals or information must be submitted.

(ii) RFP number.

(iii) Date of issuance.

(iv) Closing date and time.

(v) Number of RFP pages.

(vi) Requisition or other purchase authority.

(vii) Brief description of item or service.

(viii) Requirement for the offeror to provide its name and complete address, including street, city, county, state, and zip code, and email address, if appropriate.

(ix) Offer expiration date.

(b) Section B, Supplies or services and prices/costs. Include a brief description of the supplies or services, including any incidental deliverables.

(c) Section C, Description/specifications/requirements. Include any description or specifications needed in addition to

Section B.

15.1-8

SUBPART 15.1 - PRESOLICITATION AND SOLICITATION 15.110

(d) Section D, Packaging and marking. Include packaging, packing, preservation, and marking requirements, if any.

(e) Section E, Inspection and acceptance. Include inspection, acceptance, quality assurance, and reliability requirements.

(f) Section F, Deliveries or performance. Include the requirements for time, place, and method of delivery or performance.

(g) Section G, Contract administration data. Include any required accounting and appropriation data and any required

contract administration information or instructions not included in other sections of the uniform contract format. Include a

statement that the offeror should include the payment address in the proposal, if it is different from that shown for the offeror.

(h) Section H, Special contract requirements. Include a clear statement of any special contract requirements that are not

included in Section I or in other sections of the uniform contract format.

15.109-2 Part II - Contract Clauses.

Section I, Contract clauses. Include the clauses required by law or by this part and any additional clauses expected to be

included in any resulting contract, if these clauses are not required in any other section of the uniform contract format. An

index may be inserted if this section's format is particularly complex.

15.109-3 Part III - List of Documents, Exhibits, and Other Attachments.

Section J, List of attachments. Include a list of the title, date, and number of pages for each attached document, exhibit, and other attachment. Cross references to material in other sections may be inserted, as appropriate.

15.109-4 Part IV - Representations and Instructions.

(a) Section K, Representations, certifications, and other statements of offerors. Include RFP provisions that require representations, certifications, or the submission of other information by offerors.

(b) Section L, Instructions, conditions, and notices to offerors or respondents. Include solicitation provisions and other

information and instructions not required elsewhere to guide offerors in preparing proposals.

(1) Include the method(s) offerors may use to submit a proposal.

(2) Offerors may be instructed to submit proposals or information in a specific format or severable parts to facilitate

evaluation. Agencies may also require the proposal to be further organized into sections (e.g., administrative, management, technical, past performance, and certified cost and pricing data or data other than certified cost and pricing data).

(c) Section M, Evaluation factors for award. Identify all significant factors and any significant subfactors that will be considered in awarding the contract, their relative importance, and one of the phrases in 15.104(d), as required.

15.110 Solicitation provisions and contract clauses.

(a) Insert the provision at 52.215-1, Instructions to Offerors?Competitive Acquisition, in all competitive RFPs where the Government intends to award a contract without negotiations.

(1) If the Government intends to make award after negotiating with offerors within the competitive range, use the provision with its Alternate I.

(2) If the Government would be willing to accept alternate proposals, alter the clause to add a paragraph (c)(9) substantially the same as Alternate II.

(b) (1) Insert the clause at 52.215-2, Audit and Records-Negotiation (10 U.S.C. 3841, 41 U.S.C. 4706, and Audit Requirements in the OMB Uniform Guidance at 2 CFR part 200, subpart F), in RFPs and contracts except those for?

(i) Acquisitions not exceeding the simplified acquisition threshold;

(ii) The acquisition of utility services at rates not exceeding those established to apply uniformly to the general public, plus any applicable reasonable connection charge; or

(iii) The acquisition of commercial products or commercial services exempted under 15.403-2.

(2) [Reserved]

(3) For cost-reimbursement contracts with State and local Governments, educational institutions, and other nonprofit organizations, use the clause with its Alternate II.

(4) When the head of the agency has waived the examination of records by the Comptroller General in accordance with

PART 16

PART 16 - TYPES OF CONTRACTS

Status: Unknown

PART 16 - TYPES OF CONTRACTS

16.1 Selecting Contract Types

16.2 Fixed-Price Contracts

16.3 Cost-Reimbursement Contracts

16.4 Incentive Contracts

16.5 Indefinite-Delivery Contracts

16.6 Time-and-Materials, Labor-Hour, and Letter Contracts

16.7 Agreements

part 16 to use these contract types.

Status: Unknown

part 16 to use these contract types.

(b) Time-and-materials or labor-hour contracts. A time-and-materials or labor-hour contract may be used for commercial

services that are procured on a competitive basis, if the services are commonly sold to the general public using these types of contracts.

(1) To use this contract type, the contracting officer must?

(i) Execute a determination and findings (D&F) that a firm-fixed-price or fixed-price with economic price adjustment is not suitable; and

(ii) Include in the contract a ceiling price that the contractor exceeds at its own risk.

(2) Any increase to the ceiling price must be supported by a determination that doing so is in the best interest of the

procuring agency.

(c) Indefinite-delivery contracts.

(1) Indefinite-delivery contracts may be used when?

(i) Prices are established based on a firm-fixed-price or fixed-price with economic price adjustment; or

(ii) Rates are established for commercial services acquired on a time-and-materials or labor-hour basis.

(2) If rates are established on a time-and-materials or labor-hour basis, then to the maximum extent practicable,

structure the contract to allow issuance of orders on a firm-fixed-price or fixed-price with economic price adjustment basis.

(i) Orders placed on a time-and-materials or labor-hour basis are subject to the requirements in paragraph (b) of this section.

(ii) If the contract only allows for orders on a time-and-materials or labor-hour basis, the D&F described in paragraph (b)(1) of this section is required only for the basic contract. It must explain why providing for an alternative

firm-

fixed-price or fixed-price with economic price adjustment pricing structure for orders is not practicable, and an official one

level above the contracting officer must approve it.

(d) Prohibition on use of cost-reimbursement contracts. Do not use any cost-reimbursement contract type to procure

commercial products or commercial services.

12.105 Quality requirements.

(a) Quality assurance. To the maximum extent practicable, allow a contractor under a commercial products acquisition to

use its existing quality assurance system to inspect or test commercial products before the contractor presents the products

to the Government for acceptance. Rely on the contractor to accomplish all inspection and testing needed to ensure that

commercial services conform to contract requirements before the contractor presents the services to the Government.

(b) Warranties. To the maximum extent practicable, take advantage of commercial warranties, including extended warranties, and use those warranties for the repair and replacement of commercial products and commercial services.

12.106 Technical data.

Presume that data delivered under a contract for commercial products was developed exclusively at private expense.

Acquire only the technical data and the rights in that data customarily provided to the public with a commercial product or process. When a contract for commercial products requires the delivery of technical data, see part 27 for provisions and

clauses to delineate rights in the technical data.

12.107 Computer software.

(a) Commercial computer software or commercial computer software documentation must be acquired under licenses

customarily provided to the public to the extent such licenses are consistent with Federal law and otherwise satisfy the Government's needs. Generally, offerors and contractors must not be required to?

(1) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public; or

12.1-2

SUBPART 12.1 - PRESOLICITATION 12.109

(2) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or

disclose commercial computer software or commercial computer software documentation except as mutually agreed to by the parties.

(b) With regard to commercial computer software and commercial computer software documentation, the Government

should have only those rights specified in the license contained in any addendum to the contract. For additional guidance

regarding the use and negotiation of license agreements for commercial computer software, see part 27.

12.108 Contract financing.

Government financing may be offered if buyer financing is a customary market practice for a commercial product or

commercial service. See part 32 for contract financing policies and procedures.

12.109 Cost Accounting Standards.

CAS do not apply to contracts or subcontracts for the acquisition of commercial products or commercial services, except as provided in 12.001(c).

12.1-3

This page intentionally left blank.

12.1-4

SUBPART 12.2 - SOLICITATION, EVALUATION, AND AWARD 12.201-1

Subpart 12.2 - Solicitation, Evaluation, and Award

12.200 Applicability.

(a) If commercial products or commercial services that meet agency needs are available from any priority source identified in part 8, including existing contracts awarded for Governmentwide use (e.g., the Federal Supply Schedules and Governmentwide acquisition contracts), procure the commercial products or commercial services from that source. If not, use the streamlined procedures for solicitation, evaluation, and award in this subpart.

(b) When using the procedures in this subpart to acquire construction, comply with the requirements in part 36 for construction contracts and subpart 22.4 on labor standards for contracts involving construction.

12.201 Solicitation procedures.

12.201-1 Simplified procedures.

(a) Requirement. For acquisitions valued up to \$9 million, issue a request for quotations (RFQ) followed by a purchase order.

(b) Legal effect of quotations.

(1) Neither a quotation nor the purchase order issued by the Government in response to a quotation form a binding contract. The purchase order is the Government's offer to a supplier to buy certain products or services upon specified terms and conditions.

(2) A binding contract is formed when the supplier accepts the Government's offer, either by written acceptance of the purchase order or substantial performance of the purchase order. The contracting officer may request that the contractor provide written acceptance of the order.

(c) Method. To promote competition to the maximum extent practicable?

(1) Normally, post RFQs in the Governmentwide Point of Entry (GPE). Use the Standard Form (SF) SF 1449, Solicitation/Contract/Order for Commercial Products and Commercial Services; or SF 18, Request for Quotations; or similar agency form or automated format. For acquisitions greater than the SAT, combine the presolicitation notice and the RFQ according to 12.202(b).

(2) For acquisitions at or below the SAT, the contracting officer may choose to solicit quotations directly from suppliers. When soliciting directly-

- (i) Post a presolicitation notice in the GPE according to subpart 5.1, unless an exception in 5.101(b) applies;
- (ii) Solicit quotations from at least three sources; and
- (iii) Whenever practicable, solicit quotations from two sources not included in the previous solicitation.
- (d) Innovation. In line with 1.102, Guiding principles for the System, agencies are encouraged to use additional innovative

approaches to the maximum extent practicable when soliciting quotations and issuing purchase orders to?

- (1) Reduce administrative costs and lead time;
- (2) Improve opportunities for small business concerns;
- (3) Promote efficiency and economy in contracting; and
- (4) Avoid unnecessary burdens for agencies and contractors.
- (e) Other flexibilities. The following are examples of flexibilities that may be leveraged when using simplified procedures:
 - (1) Standing price quotation. Instead of soliciting new quotations for each purchase (see 12.201-1(c)(2)), a contracting

officer may rely upon standing price quotations, as long as the contracting officer validates before award that the pricing is

current and reasonable.

- (2) Unpriced purchase order. An unpriced purchase order is an order for supplies or services, the price of which is not

established at the time of issuance of the order.

(i) An unpriced purchase order may be used only when it is impractical to obtain pricing in advance of issuance of the purchase order. Examples of such situations include:

- (A) Repairs to equipment requiring disassembly to determine the nature and extent of repairs;
- (B) Material available from only one source and for which cost cannot readily be established; or
- (C) Supplies or services for which prices are known to be competitive, but exact prices are not known (e.g., miscellaneous repair parts, maintenance agreements).

(ii) When issuing an unpriced purchase order, include-

- (A) A realistic monetary limitation (either for each line item or for the total order) that is an obligation subject to

adjustment once a firm price is established; and

12.2-1

12.201-2 FEDERAL ACQUISITION REGULATION

(B) The following statement:

This is a firm order ONLY if your price does not exceed the maximum line item or total price in the Schedule. Submit invoices to the Contracting Officer. If you cannot perform in exact accordance with this order, Withhold Performance, and

notify the Contracting Officer immediately, giving your quotation.

(iii) Follow up on each order to ensure timely pricing. Review the invoice price and, if the price is reasonable (see

12.204(a)), process the invoice for payment.

- (3) Blanket purchase agreement. A blanket purchase agreement (BPA) is a method of filling anticipated repetitive needs

for supplies or services by establishing "charge accounts" with qualified sources of supply. The Government is only obligated

to the extent that authorized orders are placed under BPAs.

(i) BPAs may be established with-

(A) More than one supplier for supplies or services of the same type to provide maximum practicable competition; or

(B) A single firm from which numerous individual purchases at or below the simplified acquisition threshold will

likely be made in a given period.

(ii) If, for a particular purchase greater than the micro-purchase threshold, there is an insufficient number of BPAs to

ensure maximum practicable competition, the contracting officer shall-

(A) Solicit quotations from other sources and make the purchase as appropriate; and

(B) If practical, establish additional BPAs to facilitate future purchases if recurring requirements for the same or

similar supplies or services seem likely and qualified sources are willing to accept BPAs.

(iii) The existence of a BPA does not justify soliciting from only one source or avoiding small business set-asides.

The requirements in 12.102 and 12.103 apply to each order under the BPA.

(iv) The BPA must include-

(A) A statement that the supplier will furnish supplies or services, described in general terms, if and when

requested by authorized individuals during a specified period and within a stipulated aggregate amount, if any.

(B) A statement that the Government is obligated only to the extent of authorized purchases actually made under

the BPA.

(C) The dollar limitation for each individual purchase under the BPA, which may not exceed the threshold for use

of simplified procedures at 12.201-1(a) (including the increased threshold at 12.001(c).

(D) A list of individuals authorized to place orders or make purchases under the BPA.

(E) Information that must be included in delivery or shipment documentation.

(F) Instructions for proper invoicing under the BPA (e.g., process for periodic billings).

(G) Any clauses that may be applicable to purchases under the BPA (see 12.205(b)).

(v) Review BPAs at least annually to ensure that authorized procedures are being followed. Maintain awareness of changes in market conditions, sources of supply, and other pertinent factors that may warrant making new agreements with

different suppliers or modifying existing agreements.

12.201-2 Other procedures.

For acquisitions valued at greater than \$9 million, use the procedures in this subpart in conjunction with the procedures in part 15 for requests for proposals (RFPs) or part 14 for invitations for bids (IFBs), as appropriate. Use of an RFP is the

preferred method because it includes consideration of past performance when evaluating offers (see 12.203(a)(2)).

12.202 Publicizing.

(a) Publicize in accordance with part 5.

(b) To reduce the time required to solicit and award contracts for acquisitions valued over the SAT, combine the presolicitation notice and solicitation notice required by part 5.

(1) Format. Select the ?Combined Synopsis/Solicitation? format in the GPE, and include the following information:

(i) In the ?Description? section, include the following statements:

This is a combined synopsis/solicitation for commercial products or commercial services prepared in accordance with part

12. This announcement constitutes the only solicitation. Offers are being requested and a separate written solicitation will not

be issued.

Solicitation number [insert solicitation number] is issued as a [insert request for quotation (RFQ), request for proposal (RFP), or invitation for bid (IFB)] for [provide a brief description of the requirement].

12.2-2

SUBPART 12.2 - SOLICITATION, EVALUATION, AND AWARD 12.204

This acquisition [is/is not] set-aside for small business concerns. This solicitation incorporates provisions and clauses by

reference. The full text of provisions and clauses may be accessed electronically at www.acquisition.gov.

[If applicable, insert a statement regarding the Defense Priorities and Allocations System (DPAS) and assigned rating.]

(ii) A list of line-item number(s) and items, quantities, and units of measure (including option(s), if applicable).

(iii) Description of requirements for the items to be acquired, including documentation supporting any brand name descriptions (see 12.102).

(iv) Date(s) and place(s) of delivery and acceptance and f.o.b. point (see part 47).

(v) A list of solicitation provisions that apply to the acquisition (see 12.205(a)).

(vi) A list of contract clauses that apply to the acquisition (see 12.205(b)).

(vii) The date, time, and place for receipt of offer and point of contact.

(viii) Any other additional information required by 5.101(c).

(2) Response times. Set a response time that gives offerors a reasonable opportunity to respond, unless the acquisition

is subject to the minimum time period for acquisitions covered by the World Trade Organization Government Procurement

Agreement or a Free Trade Agreement (see subpart 5.2 and part 25).

12.203 Evaluation.

(a) Factors. For most acquisitions of commercial products or commercial services, evaluation factors need not be more detailed than technical (capability of the products or services offered to meet the agency?s needs), price, and past performance.

(1) Technical. Evaluate technical based on how well the proposed products or services meet the Government?s

requirement. Predetermined subfactors are not required.

(2) Past performance. Past performance should be an important evaluation factor for award. Consider past performance

information from a wide variety of sources both inside and outside the Government. This may include reviewing performance

information reported to the Contractor Performance Assessment Reporting System, as well as other sources of information.

For some commercial products or services, such as emerging technology, this should include consideration of commercial

market experience. Contracting officers may consider an offeror?s experience as a subcontractor.

(3) Price. Evaluate prices inclusive of transportation charges from the shipping point of the supplier to the delivery

destination. Obtain prompt payment discounts to the maximum extent practicable, but do not include such discounts when

evaluating the prices of quotations or offers.

(b) Basis for award. In the solicitation, notify potential quoters or offerors of the basis on which the agency will make the

award decision. See 12.205(a)(2) on use of the solicitation provision at 52.212-2 for this purpose.

(c) Evaluation process. Ensure that quotations and offers can be evaluated in an efficient and minimally burdensome

fashion.

(1) Timely quotations and offers. Consider all quotations or offers that are timely received. Exercise good business

judgment in deciding whether or not to accept a quotation or offer received after the due date or time (see 52.212-1(c)).

(2) Quotations. The contracting officer has broad discretion in establishing how quotations will be evaluated. For

example, the contracting officer may perform a comparative evaluation of quotations. The evaluation procedures are not

subject to part 15 or 14. Contracting officers are not required to have evaluation plans, score quotations, or establish a competitive range before communicating with quoters or soliciting revised quotations.

(3) Offers. Follow the procedures in part 15 when evaluating proposals and the procedures in part 14 when opening

bids. When using the procedures in part 15, do so in conjunction with the procedures in this section. Follow the procedures in

16-2

16.103

16.000 Scope of part.

This part prescribes policies and procedures for selecting contract type(s) appropriate to the circumstances of the acquisition. Except for limited instructions regarding the placement of task and delivery orders, the entirety of this part applies to the pre-solicitation phase and is meant to guide in acquisition planning.

16.001 Definitions.

As used in this part-

Award-Fee Board means the team of individuals identified in the award-fee plan who have been designated to assist the

Fee-Determining Official in making award-fee determinations.

Established price means a price that?

(1) Is an established catalog or market price for a commercial product sold in substantial quantities to the general

public; and

(2) Is the net price after applying any standard trade discounts offered by the contractor.

Fee-Determining Official means the designated Agency official(s) who reviews the recommendations of the Award-Fee Board in determining the amount of award fee to be earned by the contractor for each evaluation period.

Rollover of unearned award fee means the process of transferring unearned award fee, which the contractor had an opportunity to earn, from one evaluation period to a subsequent evaluation period, thus allowing the contractor an

additional

opportunity to earn that previously unearned award fee.

Subpart 16.1 - Selecting Contract Types

16.101 Policies.

(a) Unless expressly prohibited by statute or this regulation, contract types that promote the best interests of the Government, but are not described in this regulation, are permitted for use in accordance with agency procedures (see 10 U.S.C. 3321(a) and 41 U.S.C. 3901). Ensure selection of contract type is consistent with the Guiding Principles for the System in 1.102.

(b) The cost-plus-a-percentage-of-cost system of contracting must not be used (see 10 U.S.C. 3322(a) and 41 U.S.C. 3905(a)). Prime contracts (including letter contracts) other than firm-fixed-price contracts must, by an appropriate clause, prohibit cost-plus-a-percentage-of-cost subcontracts (see clauses prescribed in part 44 for cost-reimbursement contracts and

part 16 for fixed-price contracts).

Status: Unknown

part 16 for fixed-price contracts).

16.102 Negotiating contract type.

(a) (1) Selecting the contract type is generally a matter for negotiation and requires the exercise of sound judgment. When selecting and negotiating the contract type, the contracting officer must consider contract terms, risks (e.g., technical, performance, delivery), and pricing.

(2) Contracting officers may instruct offerors in the solicitation to propose an alternative contract type within their proposals.

(b) A firm-fixed-price contract, which best uses the basic profit motive of business enterprise, must be used when the risk involved is minimal or can be predicted with an acceptable degree of certainty. However, when a reasonable basis for firm pricing does not exist, other contract types should be considered, and negotiations should be directed toward selecting a contract type (or combination of types) that will appropriately tie profit to contractor performance.

(c) In the course of an acquisition program, a series of contracts, or a single long-term contract, changing circumstances may necessitate different contract types than those used initially. Contracting officers should avoid extended use of a cost-reimbursement or time-and-materials contract after experience provides a basis for firmer pricing.

16.103 Documenting contract type.

(a) Except as identified in paragraph (b) of this section, document and explain in the acquisition plan, or in the contract file if a written acquisition plan is not required by agency procedures-

(1) Why the contract type selected must be used to meet the agency's needs.

(2) The Government's risks and the burden to manage the contract type selected. As applicable, discuss ?

(i) How the Government identified the risks (e.g., pre-award survey, or past performance information);

(ii) The nature of the risks (e.g., inadequate contractor's accounting system, weaknesses in contractor's internal control, non-compliance with Cost Accounting Standards, or lack of or inadequate earned value management system); and

-1

16.104 FEDERAL ACQUISITION REGULATION

(iii) How the Government will manage and mitigate the risks.

(3) The Government resources necessary to properly plan for, award, and administer the contract type selected (e.g.,

resources needed and the additional risks to the Government if adequate resources are not provided).

(4) For other than a firm-fixed-price contract, at a minimum include?

(i) An analysis of why the use of other than a firm-fixed-price contract (e.g., cost reimbursement, time-and-materials, labor hour, innovative contract type) is appropriate;

(ii) Rationale that detail specific facts and circumstances (e.g., complexity of the requirements, uncertain work duration, contractor's technical capability and financial responsibility, or adequacy of the contractor's accounting system),

and associated reasoning essential to support the contract type selection;

(iii) An assessment of whether Government resources are adequate to properly plan for, award, and administer other

than firm-fixed-price contracts; and

(iv) A discussion of planned actions to minimize the use of other than firm-fixed-price contracts on future acquisitions for the same requirement and to transition to firm-fixed-price contracts to the maximum extent practicable.

(5) Why a level-of-effort, price redetermination, or fee provision was included.

(b) Documentation of contract type is not required for the following-

(1) Fixed-price acquisitions made under simplified acquisition procedures;

(2) Contracts on a firm-fixed-price basis other than those for major systems or research and development; and

(3) Awards on the set-aside portion of sealed bid partial set-asides for small business.

16.104 Solicitation provision.

The contracting officer may complete and insert the provision at 52.216-1, Type of Contract, in a solicitation. When the solicitation provides for the opportunity for an offeror to propose an alternative contract type, include the provision with its

Alternate I.

-2

16.203-2

Subpart 16.2 - Fixed-Price Contracts

16.201 General.

(a) Fixed-price types of contracts provide for a firm price or, in appropriate cases, an adjustable price. Fixed-price contracts with adjustable prices may include a ceiling price, a target price (including target cost), or both. Unless otherwise

specified in the contract, the ceiling price or target price may only be adjusted through contract clauses that provide for equitable adjustment or other revision of the contract price under stated circumstances.

(b) The contracting officer must use firm-fixed-price or fixed-price with economic price adjustment contracts when

acquiring commercial products and commercial services, except as provided in 12.104(a).

(c) Time-and-materials contracts and labor-hour contracts are not fixed-price contracts.

16.202 Firm-fixed-price contracts.

16.202-1 Description.

A firm-fixed-price contract provides for a price that is not subject to any adjustment on the basis of the contractor's experience in performing the contract. The contracting officer may use a firm-fixed-price contract in conjunction with an award-fee incentive (see 16.402) and performance or delivery incentives (see 16.403 and 16.404) when the award fee

or incentive is based solely on factors other than cost. The contract type remains firm-fixed-price when used with these incentives.

16.202-2 Application.

A firm-fixed-price contract is suitable for acquiring supplies or services on the basis of clearly defined functional or detailed specifications (see part 11) when the contracting officer can establish fair and reasonable prices at the outset.

16.203 Fixed-price contracts with economic price adjustment.

16.203-1 Description.

(a) A fixed-price contract with economic price adjustment provides for upward and downward revision of the stated contract price when specific events occur. Economic price adjustments are of three general types:

(1) Adjustments based on established prices. These price adjustments are based on increases or decreases from an

agreed-upon level in published or established prices of specific items or the contract end items.

(2) Adjustments based on actual costs of labor or material. These price adjustments are based on increases or decreases

in specified costs of labor or material that the contractor actually experiences during contract performance.

(3) Adjustments based on cost indexes of labor or material. These price adjustments are based on increases or decreases

in labor or material cost standards or indexes that are specifically identified in the contract.

(b) The contracting officer may use a fixed-price contract with economic price adjustment in conjunction with an award-

fee incentive (see 16.402) and performance or delivery incentives (see 16.403 and 16.404). This combination is appropriate

when the award fee or incentive is based solely on factors other than cost. The contract type remains fixed-price with economic price adjustment when used with these incentives.

16.203-2 Application.

(a) A fixed-price contract with economic price adjustment may be used when-

(1) There is serious doubt concerning the stability of market or labor conditions that will exist during an extended

period of contract performance; and

(2) Contingencies that would otherwise be included in the contract price can be identified and covered separately in the

contract. Price adjustments based on established prices should normally be restricted to industry-wide contingencies. Price

adjustments based on labor and material costs should be limited to contingencies beyond the contractor's control. For use of

economic price adjustment in sealed bid contracts, see part 14.

(b) When establishing the base level from which adjustments will be made, the contracting officer must ensure that contingency allowances are not duplicated by inclusion in both the base price and the adjustment requested by the contractor

under economic price adjustment clause.

(c) In contracts that do not require submission of certified cost or pricing data, the contracting officer must obtain adequate

data to establish the base level from which adjustment will be made and may require verification of data submitted.

-1

16.203-3 FEDERAL ACQUISITION REGULATION

16.203-3 Limitations.

A fixed-price contract with economic price adjustment may be used only if the contracting officer determines that it is necessary to protect the contractor and the Government against significant fluctuations in labor or material costs or to provide

for contract price adjustment in the event of changes in the contractor's established prices.

16.203-4 Contract clauses.

(a) Adjustment based on established prices-standard supplies.

(1) The contracting officer must, when contracting by negotiation, insert the clause at 52.216-2, Economic Price Adjustment-Standard Supplies, or an agency-prescribed clause in solicitations and contracts when all of the following conditions apply:

(i) A fixed-price contract is contemplated.

(ii) The requirement is for standard supplies that have an established catalog or market price.

(iii) The contracting officer has made the determination specified in 16.203-3.

(2) The contracting officer may modify the clause by increasing the 10 percent limit on aggregate increases specified in

52.216-2(c)(1), upon approval by the chief of the contracting office.

(b) Adjustment based on established prices-semistandard supplies.

(1) The contracting officer must, when contracting by negotiation, insert the clause at 52.216-3, Economic Price Adjustment-Semistandard Supplies, or an agency-prescribed clause in solicitations and contracts when all of the following

conditions apply:

(i) A fixed-price contract is contemplated.

(ii) The requirement is for semistandard supplies for which the prices can be reasonably related to the prices of nearly equivalent standard supplies that have an established catalog or market price.

(iii) The contracting officer has made the determination specified in 16.203-3.

(2) Before entering into the contract, the contracting officer and contractor must agree in writing on the identity of the

standard supplies and the corresponding line items to which the clause applies.

(3) If the supplies are standard, except for preservation, packaging, and packing requirements, the clause prescribed in

16.203-4(a) must be used rather than this clause.

(4) The contracting officer may modify the clause by increasing the 10 percent limit on aggregate increases specified in

52.216-3(c)(1), upon approval by the chief of the contracting office.

(c) Adjustments based on actual cost of labor or material.

(1) The contracting officer must, when contracting by negotiation, insert a clause that is substantially the same as the

clause at 52.216-4, Economic Price Adjustment -Labor and Material, or an agency-prescribed clause in solicitations and contracts when all of the following conditions apply:

- (i) A fixed-price contract is contemplated.
- (ii) There is no major element of design engineering or development work involved.
- (iii) One or more identifiable labor or material cost factors are subject to change.
- (iv) The contracting officer has made the determination specified in 16.203-3.

(2) The contracting officer must describe in detail in the contract Schedule-

- (i) The types of labor and materials subject to adjustment under the clause;
- (ii) The labor rates, including fringe benefits (if any) and unit prices of materials that may be increased or decreased;

and

- (iii) The quantities of the specified labor and materials allocable to each unit to be delivered under the contract.

(3) In negotiating adjustments under the clause, the contracting officer must-

(i) Consider work in process and materials on hand at the time of changes in labor rates, including fringe benefits (if any) or material prices;

- (ii) Not include in adjustments any indirect cost (except fringe benefits as defined in 31.205-6(l) or profit; and

- (iii) Consider only those fringe benefits specified in the contract Schedule.

(4) The contracting officer may modify the clause by increasing the 10 percent limit on aggregate increases specified in

52.216-4(c)(4), upon approval by the chief of the contracting office.

(d) Adjustments based on cost indexes of labor or material. The contracting officer should consider using an economic

price adjustment clause based on cost indexes of labor or material under the circumstances and subject to approval as described in paragraphs(d)(1) and (d)(2) of this subsection.

(1) A clause providing adjustment based on cost indexes of labor or materials may be appropriate when-

-2

16.205-2

(i) The contract involves an extended period of performance with significant costs to be incurred beyond 1 year after

performance begins;

(ii) The contract amount subject to adjustment is substantial; and

(iii) The economic variables for labor and materials are too unstable to permit a reasonable division of risk between the Government and the contractor, without this type of clause.

(2) Any clause using this method must be prepared and approved under agency procedures.

16.204 Fixed-price contracts with prospective price redetermination.

16.204-1 Description.

A fixed-price contract with prospective price redetermination provides for-

(a) A firm-fixed-price for an initial period of contract deliveries or performance; and

(b) Prospective redetermination, at a stated time or times during performance, of the price for subsequent periods of

performance.

16.204-2 Application.

A fixed-price contract with prospective price redetermination may be used in acquisitions of quantity production or services for which it is possible to negotiate a fair and reasonable firm-fixed-price for an initial period, but not for subsequent periods of contract performance.

- (a) The initial period should be the longest period for which it is possible to negotiate a fair and reasonable firm-fixed-price. Each subsequent pricing period should be at least 12 months.
- (b) The contract may provide for a ceiling price based on evaluation of the uncertainties involved in performance and their possible cost impact.

16.204-3 Limitations.

This contract type must not be used unless-

- (a) Negotiations have established that using a firm-fixed-price or fixed-price incentive contract is not appropriate for the acquisition;
- (b) The contractor's accounting system is adequate for price redetermination;
- (c) The prospective pricing periods can be made to conform with operation of the contractor's accounting system; and
- (d) There is reasonable assurance that price redetermination actions will take place promptly at the specified times.

16.204-4 Contract clause.

The contracting officer must, when contracting by negotiation, insert the clause at 52.216-5, Price Redetermination-Prospective, in solicitations and contracts when a fixed-price contract is contemplated and the conditions specified in 16.204-2 and 16.204-3 apply.

16.205 Fixed-ceiling-price contracts with retroactive price redetermination.

16.205-1 Description.

A fixed-ceiling-price contract with retroactive price redetermination provides for (a) a fixed ceiling price and (b) retroactive price redetermination within the ceiling after completion of the contract.

16.205-2 Application.

A fixed-ceiling-price contract with retroactive price redetermination is appropriate when it is established at the outset that

a fair and reasonable firm-fixed-price cannot be negotiated, and that the amount involved and short performance period make

the use of any other fixed-price contract type impracticable.

- (a) A ceiling price must be negotiated for the contract at a level that reflects a reasonable sharing of risk by the contractor.

The established ceiling price may be adjusted only if required by the operation of contract clauses providing for equitable

adjustment or other revision of the contract price under stated circumstances.

- (b) The contract should be awarded only after negotiation of a billing price that is as fair and reasonable as the circumstances permit.

-3

16.205-3 FEDERAL ACQUISITION REGULATION

16.205-3 Limitations.

This contract type may only be used when-

- (a) The contract is for research and development and the estimated cost is at or below the simplified acquisition threshold

(SAT);

- (b) The contractor's accounting system is adequate for price redetermination;
- (c) There is reasonable assurance that the price redetermination will take place promptly at the specified time; and
- (d) The head of the contracting activity (or a higher-level official, if required by agency procedures) approves its use in

writing.

16.205-4 Contract clause.

The contracting officer must, when contracting by negotiation, insert the clause at 52.216-6, Price Redetermination-Retroactive, in solicitations and contracts when a fixed-price contract is contemplated and the conditions in 16.205-2 and

16.205-3 apply.

16.206 Firm-fixed-price, level-of-effort term contracts.

16.206-1 Description.

A firm-fixed-price, level-of-effort term contract requires (a) the contractor to provide a specified level of effort, over a stated period of time, on work that can be described only in general terms and (b) the Government to pay the contractor a fixed dollar amount.

16.206-2 Application.

A firm-fixed-price, level-of-effort term contract is suitable for investigation or study in a specific research and development area. The product of the contract is usually a report showing the results achieved through application of the required level of effort. However, payment is based on the effort expended rather than on the results achieved.

16.206-3 Limitations.

This contract type may be used only when-

- (a) The work required cannot otherwise be clearly defined;
- (b) The required level of effort is identified and agreed upon in advance; and
- (c) There is reasonable assurance that the intended result cannot be achieved by expending less than the stipulated effort.

-4

16.304-3

Subpart 16.3 - Cost-Reimbursement Contracts

16.301 General.

16.301-1 Description.

Cost-reimbursement contracts allow for the reimbursement of allowable incurred costs. These contracts establish an estimate of total cost for the purpose of obligating funds and establishing a ceiling value that the contractor may not exceed

(except at its own risk) without the approval of the contracting officer.

16.301-2 Application.

- (a) The contracting officer must use cost-reimbursement contracts only when-
 - (1) The requirements cannot be sufficiently defined to allow for a fixed-price type contract (see part 7); or
 - (2) Uncertainties involved in contract performance do not permit costs to be estimated with sufficient accuracy to use

any type of fixed-price contract.

(b) The contracting officer must document the reason for selecting the contract type in the written acquisition plan.

The

plan must be approved and signed at least one level above the contracting officer (see part 7 and 16.103).

16.301-3 Limitations.

(a) A cost-reimbursement contract may be used only when-

(1) A written acquisition plan has been approved;

(2) The contractor's accounting system can adequately segregate, accumulate and allocate costs specifically attributed

to the contract or order during contract performance; and

(3) Before award of the contract or order, sufficient Government resources are available to award and manage a

contract other than firm-fixed-priced (see part 7). This includes designating a contracting officer's representative to monitor

contractor performance and cost controls (see part 1).

(b) The use of cost-reimbursement contracts is not allowed for the purchase of commercial products and commercial

services (see parts 2 and 12).

16.302 Cost contracts.

A cost contract is a cost-reimbursement contract that does not include fee.

16.303 Cost-sharing contracts.

A cost-sharing contract is a cost-reimbursement contract that does not include fee, and the Government reimburses only

a portion of the allowable costs. The contracting officer must state in the contract the agreed upon portion or percentage of

allowable costs that will be reimbursed.

16.304 Cost-plus-fixed-fee contracts.

16.304-1 Description.

A cost-plus-fixed-fee contract is a cost-reimbursement contract that includes payment of an agreed upon fixed-fee. The fixed fee does not change with actual cost but may be adjusted as a result of changes in the work to be performed under the

contract.

16.304-2 Limitations.

A cost-plus-fixed-fee contract must not be awarded unless the contracting officer complies with all limitations in part 15.

16.304-3 Completion and term forms.

A cost-plus-fixed-fee contract may take one of two basic forms-completion or term.

(a) The completion form describes the scope of work by stating a definite goal or target and specifying an end product.

This form of contract normally requires the contractor to complete and deliver the specified end product (e.g., a final report of

research accomplishing the goal or target) within the estimated cost, if possible, as a condition for payment of the entire fixed

fee. However, if the work costs more than estimated, the Government may increase allowable costs to complete the work

without increasing the fee.

-1

16.305 FEDERAL ACQUISITION REGULATION

(b) The term form describes the scope of work in general terms and requires the contractor to work at a specified level

for a specific time period. The term form may not be used unless required by the contract to provide a specific level of effort

within a definite time period. Under this form, if the performance is considered satisfactory by the Government, the fixed fee

is payable at the end of the agreed upon period. Renewal for further periods of performance is a new acquisition that involves

new cost and fee arrangements.

16.305 Contract clauses.

(a) (1) The contracting officer must insert the clause at 52.216-7, Allowable Cost and Payment, in solicitations and contracts when a cost-reimbursement contract or a time-and-materials contract (other than a contract for a commercial product or commercial service) is anticipated. If the contract is a time-and-materials contract, the clause at 52.216-7 applies

in conjunction with the clause at 52.232-7 but only to the portion of the contract that provides for reimbursement of materials

(as defined in the clause at 52.232-7) at actual cost. Further, the clause at 52.216-7 does not apply to labor-hour contracts.

(2) If the contract is a construction contract and contains the clause at 52.232-27, Prompt Payment for Construction

Contracts, the contracting officer must use the clause at 52.216-7 with its Alternate I.

(3) If the contract is with an educational institution, the contracting officer must use the clause at 52.216-7 with its

Alternate II.

(4) If the contract is with a State or local government, the contracting officer must use the clause at 52.216-7 with its

Alternate III.

(5) If the contract is with a nonprofit organization other than an educational institution, a State or local government, or a

nonprofit organization exempted under the OMB Uniform Guidance at 2 CFR part 200, appendix VIII, the contracting officer

must use the clause at 52.216-7 with its Alternate IV.

(b) The contracting officer must insert the clause at 52.216-8, Fixed Fee, in solicitations and contracts when a cost-plus-

fixed-fee contract (other than a construction contract) is anticipated.

(c) The contracting officer must insert the clause at 52.216-9, Fixed Fee-Construction, in solicitations and contracts when

a cost-plus-fixed-fee construction contract is anticipated.

(d) The contracting officer must insert the clause at 52.216-10, Incentive Fee, in solicitations and contracts when a cost-

plus-incentive-fee contract is anticipated.

(e) (1) The contracting officer must insert the clause at 52.216-11, Cost Contract-No Fee, in solicitations and contracts

when a cost-reimbursement contract that provides no fee and is not a cost-sharing contract is anticipated. This clause may be

modified by substituting \$10,000 in lieu of \$100,000 as the maximum reserve in paragraph (b) if the Contractor is a nonprofit organization.

(2) If a cost-reimbursement research and development contract with an educational institution or a nonprofit organization that provides no profit and is not a cost-sharing contract is anticipated, and if the contracting officer determines

that withholding of a portion of allowable costs is not required, the contracting officer must use the clause with its Alternate I.

(f) (1) The contracting officer must insert the clause at 52.216-12, Cost-Sharing Contract-No Fee, in solicitations and contracts when a cost-sharing contract is anticipated. In solicitations and contracts when a cost-sharing contract is contemplated. This clause may be modified by substituting \$10,000 in lieu of \$100,000 as the maximum reserve in paragraph

(b) if the contract is with a nonprofit organization.

(2) If a cost-sharing research and development contract with an educational institution or a nonprofit organization is

anticipated, and if the contracting officer determines that withholding of a portion of allowable costs is not required, the contracting officer must use the clause with its Alternate I.

(g) The contracting officer must insert the clause at 52.216-15, Predetermined Indirect Cost Rates, in solicitations and

contracts when a cost-reimbursement research and development contract with an educational institution (see part 42) is anticipated and predetermined indirect cost rates are to be used.

-2

16.402-2

Subpart 16.4 - Incentive Contracts

16.401 General.

16.401-1 Description.

(a) Incentive contracts are designed to obtain specific acquisition objectives by-

(1) Establishing realistic and achievable targets that are clearly communicated to the contractor; and

(2) Including appropriate incentive arrangements designed to-

(i) Motivate contractor efforts that might not otherwise be emphasized and

(ii) Discourage contractor inefficiency and waste.

(b) When predetermined, formula-type incentives on technical performance or delivery are included, profit or fee increases

are only earned when performance exceeds the targets. Decreases apply when contractors fail to meet these targets. These

incentive increases or decreases relate only to performance targets, not minimum performance requirements.

(c) The two basic categories of incentive contracts are fixed-price incentive contracts (see 16.402-3 and 16.404) and cost-

reimbursement incentive contracts (see 16.402-4 and 16.405).

16.401-2 Limitations.

A determination and findings, signed by the head of the contracting activity, must be completed for all incentive- and award-fee contracts justifying that the use of this type of contract is in the best interest of the Government. This determination

must be documented in the contract file. The determination for award-fee contracts must address all of the suitability items in

16.402-1.

16.401-3 Incentive- and award-fee data collection and analysis.

Each agency must collect relevant data on award fee and incentive fees paid to contractors and include performance measures to evaluate such data on a regular basis to determine effectiveness of award and incentive fees as a tool for improving contractor performance and achieving desired program outcomes. This information should be considered as part of

the acquisition planning process (see part 7) in determining the appropriate type of contract to be used for future acquisitions.

16.401-4 Incentive- and award-fee best practices.

Each agency head must provide processes for sharing proven incentive strategies for the acquisition of different types of

products and services among contracting and program management officials.

16.402 Award-fee.

16.402-1 Application.

An award-fee contract is suitable for use when-

(a) The work to be performed is too complex or uncertain to set predetermined objective incentive targets applicable to

cost, schedule, and technical performance;

(b) The likelihood of meeting acquisition objectives will be increased by using a contract that effectively motivates the contractor toward exceptional performance and provides the Government with the flexibility to evaluate both actual performance and the circumstances under which work was achieved; and

(c) Any additional administrative effort and cost required to monitor and evaluate performance are justified by the expected benefits as documented by a risk and cost benefit analysis to be included in the determination and findings referenced in 16.401-2.

16.402-2 Limitations.

(a) An award-fee contract must not be awarded unless an award-fee plan is completed in accordance with the requirements

in paragraph (c) of this subsection.

(b) Award-fee amount. The amount of award fee earned must be in line with the contractor's overall cost, schedule, and

technical performance as measured against contract requirements in accordance with the criteria stated in the award-fee plan.

Award fee must not be earned if the contractor's overall cost, schedule, and technical performance in the aggregate is below

satisfactory. The basis for all award-fee determinations must be documented in the contract file to include, at a minimum, a

determination that overall cost, schedule and technical performance in the aggregate is or is not at a satisfactory level. This

16.402-2 FEDERAL ACQUISITION REGULATION

determination and the approach for determining the award fee are unilateral decisions made solely at the discretion of the

Government.

(c) Award-fee plan. All contracts providing for award fees must be supported by an award-fee plan that sets up the process

for evaluating award fee and an Award-Fee Board for completing the award-fee evaluation. Award-fee plans must-

(1) Be approved by the Fee-Determining Official unless otherwise authorized by agency procedures;

(2) Identify the award-fee evaluation criteria and how they are connected to acquisition objectives which must be

defined in terms of contract cost, schedule, and technical performance. Criteria should motivate the contractor to enhance

performance in the areas rated, but not at the expense of at least minimum acceptable performance in all other areas;

(3) Describe how the contractor's performance will be evaluated against the award-fee evaluation criteria;

(4) Use the adjectival rating and associated description as well as the award-fee pool earned percentages shown below

in Table 16-1. Contracting officers may supplement the adjectival rating description. The approach used to determine the

adjectival rating must be documented in the award-fee plan;

TABLE 16-1

Award-Fee Adjectival Rating Award-Fee Pool Available To Description
Be Earned

Excellent 91%-100% Contractor has exceeded almost all of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and evaluated against the criteria in the award-fee plan for the award-fee evaluation period.

Very Good 76%-90% Contractor has exceeded many of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and evaluated against the criteria in the award-fee plan for the award-fee evaluation period.

Good 51%-75% Contractor has exceeded some of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and evaluated against the criteria in

the award-fee plan for the award-fee evaluation period.

Satisfactory No Greater Than 50% Contractor has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and evaluated against the criteria in the award-fee plan for the award-fee evaluation period.

-2

16.403-3

Unsatisfactory 0% Contractor has failed to meet overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and evaluated against the criteria in the award-fee plan for the award-fee evaluation period.

(5) Earning any award fee when a contractor's overall cost, schedule, and technical performance in the aggregate is

below satisfactory is not allowed;

(6) Provide for evaluation period(s) to be conducted at stated intervals during the contract period of performance so that

the contractor will periodically be informed of the quality of its performance and the areas in which improvement is expected

(e.g., six months, nine months, twelve months, or at specific milestones); and

(7) Define the total award-fee pool amount and how this amount is allocated each evaluation period.

(d) Rollover of unearned award fee. The use of rollover of unearned award fee is prohibited.

16.402-3 Fixed-price contracts with award fees.

Award-fee provisions may be used in fixed-price contracts when the Government wishes to motivate a contractor and other incentives cannot be used because contractor performance cannot be measured objectively. Such contracts must establish a fixed-price (including normal profit) for the work, which will be paid for satisfactory contract performance. Any

award fee earned will be paid in addition to that fixed-price. See 16.402-1 and 16.402-2 for the requirements on using this contract type.

16.402-4 Cost-plus-award-fee contracts.

A cost-plus-award-fee contract is a cost-reimbursement contract that provides a fee consisting of (1) a base amount fixed at inception of the contract, if applicable and at the discretion of the contracting officer, and (2) an award fee that the

contractor may earn in whole or in part to provide motivation for excellence in the areas of cost, schedule, and technical performance. See 16.301, 16.402-1, and 16.402-2 for the requirements relative to utilizing this contract type.

16.403 Application of predetermined, formula-type incentives.

16.403-1 Cost incentives.

(a) Cost incentives take the form of a profit or fee adjustment formula and are intended to motivate the contractor to

effectively manage costs. No incentive contract may provide for other incentives without also providing a cost incentive (or constraint).

(b) Except for award-fee contracts (see 16.402), cost incentive contracts include a target cost, a target profit or fee, and a profit or fee adjustment formula that (within the constraints of a price ceiling or minimum and maximum fee) provides that-

(1) If actual costs equal the target cost, the contractor will earn the target profit or fee;

(2) If actual costs exceed the target cost, the contractor's earned profit or fee will be lower than the target profit or fee;

and

(3) If actual costs are below the target cost, the contractor's earned profit or fee will be higher than the target profit or

fee.

16.403-2 Performance incentives.

(a) Performance incentives may be considered in connection with specific product characteristics (e.g., a missile range,

an aircraft speed, an engine thrust, or a vehicle maneuverability) or other specific areas of the contractor's performance.

Incentives should be linked to the contractor's profit or fee based on how their actual performance compares to the set targets.

(b) To the maximum extent practicable, positive and negative performance incentives for objectively measured tasks

should be considered when the quality of performance is critical, and incentives are likely to motivate the contractor.

16.403-3 Delivery incentives.

(a) Delivery incentives should be considered when improvement from a required delivery schedule is important to the

Government.

-3

16.403-4 FEDERAL ACQUISITION REGULATION

(b) Delivery incentives should include a reward-penalty structure in the event of Government-caused delays or other

delays beyond the control, and without the fault or negligence, of the contractor or subcontractor.

16.403-4 Structuring multiple-incentive contracts.

A properly structured multiple-incentive arrangement should-

(a) Motivate the contractor to work towards outstanding results in all incentive areas; and

(b) Encourage trade-offs between incentive areas to align with the Government's goals. Due to the connection of cost,

technical performance, and delivery goals, a contract that focuses on only one of the goals may jeopardize control over the

others. All multiple-incentive contracts must include a cost incentive (or constraint) that prevents rewarding a contractor for

greater technical performance or delivery results when the cost of those results outweighs their value to the Government.

16.404 Fixed-price incentive contracts.

(a) Description. A fixed-price incentive contract is a fixed-price contract that uses an established formula to adjust profit upward or downward and establishes the final contract price. Two forms of fixed-price incentive contracts, firm target and successive targets, are further described in 16.404-1 and 16.404-2.

(b) Application. A fixed-price incentive contract is appropriate when-

- (1) A firm-fixed-price contract is not suitable;
- (2) The contractor's acceptance of a degree of cost responsibility will provide a positive profit incentive to control costs

and increase performance; and

- (3) If the contract also includes technical, performance or delivery incentives, the technical/performance/delivery

incentives should provide opportunities for the incentives to improve the contractor's management of the work.

(c) Billing prices. In fixed-price incentive contracts, interim billing prices are established for payment. Billing prices may be adjusted, within the ceiling limit, when requested by either party to the contract, when it becomes apparent that final price will be substantially different from the target price.

16.404-1 Fixed-price incentive (firm target) contracts.

(a) Description. A fixed-price incentive (firm target) contract specifies a target cost, a target profit, a price ceiling (but not a profit ceiling or floor), and a formula for profit adjustments. When the final cost is less than the target cost, application of the formula results in a final profit greater than the target profit; conversely, when final cost is more than target cost, application of the formula results in a final profit less than the target profit, or even a net loss. If the final negotiated cost exceeds the price ceiling, the contractor absorbs the difference as a loss.

(b) Limitations. This contract type may be used only when-

- (1) The contractor's accounting system is adequate for providing data to support negotiation of final cost and incentive price revision; and
- (2) Adequate cost or pricing information for establishing reasonable firm targets is available at the time of initial contract negotiation.

(c) Contract schedule. The contracting officer must specify in the contract schedule the target cost, target profit, and target price for each item subject to incentive price revision.

16.404-2 Fixed-price incentive (successive targets) contracts.

(a) Description. A fixed-price incentive (successive targets) contract specifies the following elements, all of which are negotiated at the outset:

- (1) An initial target cost.
- (2) An initial target profit.
- (3) An initial profit adjustment formula to calculate the firm target profit, including a ceiling and floor for the firm target profit.

(4) The production point at which the firm target cost and firm target profit will be negotiated.

(5) A ceiling price.

(b) Limitations. This contract type may be used only when-

(1) The contractor's accounting system is adequate for providing data for negotiating firm targets and a realistic profit

adjustment formula, as well as later negotiation of final costs; and

(2) Cost or pricing information adequate for establishing a reasonable firm target cost is expected to be available early

on in contract performance.

-4

16.406

(c) Contract schedule. The contracting officer must specify in the contract schedule the initial target cost, initial target

profit, and initial target price for each item subject to incentive price revision.

16.405 Cost-plus-incentive-fee contracts.

The cost-plus-incentive-fee contract is a cost-reimbursement contract that adjusts the initially negotiated fee based on a formula comparing total allowable costs to total target costs. This contract type includes a target cost, target fee, minimum

and maximum fees, and a fee adjustment formula. After contract performance, the contractor's fee is determined using the

specified fee formula. The formula allows for fee increases above the target fee when total allowable costs are less than target costs, and fee decreases below the target fee when total allowable costs exceed target costs, creating an incentive for

effective contract management. When total allowable costs fall outside the range of the fee formula, the contractor receives

total allowable costs plus either the minimum or maximum fee.

16.406 Contract clauses.

(a) Insert the clause at 52.216-16, Incentive Price Revision-Firm Target, in solicitations and contracts when a fixed-price incentive (firm target) contract is contemplated. If the contract calls for supplies or services to be ordered under a provisioning document or Government option and the prices are to be subject to the incentive price revision under the clause,

the contracting officer must use the clause with its Alternate I.

(b) Insert the clause at 52.216-17, Incentive Price Revision-Successive Targets, in solicitations and contracts when a fixed-

price incentive (successive targets) contract is contemplated. If the contract calls for supplies or services to be ordered under a

provisioning document or Government option and the prices are to be subject to incentive price revision under the clause, the

contracting officer must use the clause with its Alternate I.

(c) The clause at 52.216-10, Incentive Fee, is prescribed in 16.305(d) for insertion in solicitations and contracts when a

cost-plus-incentive-fee contract is contemplated.

(d) Insert an appropriate award-fee clause in solicitations and contracts when an award-fee contract is contemplated,

provided that the clause-

- (1) Is prescribed by or approved under agency acquisition regulations;
- (2) Is compatible with the clause at 52.216-7, Allowable Cost and Payment; and
- (3) Expressly provides that the award amount and the award-fee determination methodology are unilateral decisions

made solely at the discretion of the Government.

16.501-2

Subpart 16.5 - Indefinite-Delivery Contracts

16.500 Scope.

- (a) This subpart prescribes policies and procedures for making awards of indefinite-delivery contracts and subsequent

orders and establishes a preference for making multiple awards of indefinite-quantity contracts.

- (b) This subpart does not limit the use of other than competitive procedures authorized by part 6.

- (c) See part 19 for procedures to set aside part or parts of multiple-award contracts for small businesses and to reserve one

or more awards for small business on multiple-award contracts.

- (d) The statutory multiple award preference (see 10 U.S.C. 3403 and 41 U.S.C. 4103) implemented by this subpart does not apply to architect-engineer contracts subject to the procedures in part 36. However, agencies are not precluded

from making multiple awards for architect-engineer services using the procedures in this subpart, provided the selection of

contractors and placement of orders are consistent with part 36.

- (e) This subpart does not limit the authority of the General Services Administration (GSA) to enter into schedule, multiple-

award, or task or delivery order contracts under any other provision of law. Therefore, GSA regulations and the coverage for

the Federal Supply Schedule program take precedence over this subpart.

16.501 General.

16.501-1 Definitions.

As used in this subpart-

Delivery-order contract means a contract for property [supplies] that does not procure or specify a firm quantity of property (other than a minimum or maximum quantity) and that provides for the issuance of orders for the delivery of supplies during the period of the contract.

Task-order contract means a contract for services that does not procure or specify a firm quantity of services (other than a

minimum or maximum quantity) and that provides for the issuance of orders for the performance of tasks during the period of

the contract.

16.501-2 Policies.

- (a) There are three types of indefinite-delivery contracts: definite-quantity contracts, requirements contracts, and indefinite-quantity contracts. The appropriate type of indefinite-delivery contract may be used to acquire supplies and/

or services when the exact times and/or exact quantities of future deliveries are not known at the time of contract award.

Pursuant to 10 U.S.C. 3401 and 41 U.S.C. 4101, requirements contracts and indefinite-quantity contracts are also known as

delivery-order contracts or task-order contracts.

(b) (1) Indefinite-delivery contracts may provide for any appropriate cost or pricing arrangement under part 16. Cost or

pricing arrangements that provide for an estimated quantity of supplies or services (e.g., estimated number of labor hours)

must comply with the appropriate procedures of this subpart.

(2) In accordance with 10 U.S.C. 3206(c), for DoD, NASA, and the Coast Guard?

(i) The contracting officer may choose not to include price or cost as an evaluation factor for award when a solicitation?

(A) Has an estimated value above the simplified acquisition threshold;

(B) Will result in multiple-award contracts that are for the same or similar services; and

(C) States that the Government intends to make an award to each and all qualifying offerors.

(ii) If the contracting officer chooses not to include price or cost as an evaluation factor for the contract award, in accordance with paragraph (b)(2)(i), the contracting officer shall consider price or cost as one of the factors in the selection

decision for each order placed under the contract.

(iii) The exception in paragraph (b)(2)(i) of this subsection shall not apply to solicitations for multiple-award contracts that provide for sole source orders pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)).

(c) Task order and delivery order contracts (requirements contracts and indefinite-quantity contracts) have an ordering

period in which orders may be placed. Individual task and delivery orders have a period of performance effective for that

specific task or delivery order's scope of work. The effective period of a task or delivery order contract includes the ordering

period of the base contract and any period of performance of task orders beyond the end of the ordering period.

(1) Limitation on ordering period. In accordance with 10 U.S.C. 3403, for the DoD, NASA, and the Coast Guard, the

head of an agency entering into a task or delivery order contract may provide for the contract to cover any period up to five

-1

16.502 FEDERAL ACQUISITION REGULATION

years and may extend the contract period for one or more successive periods pursuant to an option provided in the contract or

a modification of the contract. The total contract period as extended may not exceed 10 years unless such head of an agency

determines in writing that exceptional circumstances necessitate a longer contract period.

(2) Limitation on ordering period for task-order contracts for advisory and assistance services.

(i) In accordance with 10 U.S.C. 3405, except as provided for in paragraphs (c)(2)(ii) and (iii) of this subsection, the ordering period of a task-order contract for advisory and assistance services, including all periods of extensions of the

contract under options, modifications or otherwise, may not exceed 5 years.

(ii) The 5-year limitation does not apply when?

(A) A longer ordering period is specifically authorized by statute; or

(B) The contract is for an acquisition of supplies or services that includes the acquisition of advisory and

assistance services and the contracting officer, or other official designated by the head of the agency, determines that the

advisory and assistance services are incidental and not a significant component of the contract.

(iii) The contracting officer may extend the contract on a sole-source basis for a period not exceeding 6 months if the

contracting officer, or other official designated by the head of the agency, determines that?

(A) The award of a follow-on contract is delayed by circumstances that were not reasonably foreseeable at the

time the initial contract was entered into; and

(B) The extension is necessary to ensure continuity of services, pending the award of, and commencement of

performance under, the follow-on contract.

16.502 Definite-quantity contracts.

16.502-1 Description.

A definite-quantity contract provides for delivery of a definite (fixed) quantity of specific supplies or services for a fixed period, with deliveries or performance to be scheduled at designated locations upon order. The delivery schedule and/or

location may be flexible or set, but the total number of items or services to be delivered under the contract will not change.

16.502-2 Application.

A definite-quantity contract may be used when it can be determined in advance that-

(a) The exact quantity of supplies or services required during the contract period is known at the time of award; and

(b) The supplies or services are regularly available or will be available after a short lead time.

16.503 Requirements contracts.

16.503-1 Description.

A requirements contract provides for filling all actual purchase requirements of designated Government activities for supplies or services during a specified ordering period exclusively from one contractor, with deliveries or performance to be

scheduled by placing orders with the contractor.

16.503-2 Application.

A requirements contract may be appropriate for acquiring any supplies or services when the Government anticipates recurring requirements but cannot predetermine the precise quantities of supplies or services that designated Government

activities will need during a definite period.

16.503-3 Limitations.

(a) No requirements contract in an amount estimated to exceed \$150 million (including all options) may be awarded to a

single source unless a determination is executed in accordance with 16.504-3(a)(4).

(b) Limitations on use of requirements contracts for advisory and assistance services.

(1) Except as provided in paragraph (b)(2), no solicitation for a requirements contract for advisory and

assistance

services in excess of three years and \$20 million (including all options) may be issued unless the contracting officer or other official designated by the head of the agency determines in writing that the services required are so unique or highly

specialized that it is not practicable to make multiple awards using the procedures in 16.504-3.

(2) The limitation in paragraph (b)(1) of this subsection does not apply to a contract for the acquisition of supplies or

services that includes acquisition of advisory and assistance services if the head of the executive agency entering into the

-2

16.504-3

contract determines that, under the contract, advisory and assistance services are necessarily incident to, and not a significant component of, the contract.

16.503-4 Required content.

(a) Requirements contracts obligate the seller to supply all the buyer's actual needs, and the buyer to purchase all their

requirements from that specific seller, within stated limits of the contract. The contract must state, if feasible, the maximum

limit of the contractor's obligation to deliver and the Government's obligation to order. The contract may also set minimum

and/or maximum limits on the quantities the Government may order under each individual order or over a specified period of time.

(b) The solicitation and resulting contract must state a realistic estimated total quantity. This estimated total quantity is not

a representation to an offeror or contractor that the estimate is guaranteed quantity, or that conditions affecting requirements

will stay the same. The contracting officer should base the estimate on the most current information available, and may calculate the estimate based on records of previous requirements and consumption, or by other means.

(c) When a requirements contract is used to acquire work (e.g., repair, modification, or overhaul) on existing items of

Government property, the contracting officer must specify in the Schedule that failure of the Government to furnish such items in the amounts or quantities described in the Schedule as "estimated" or "maximum" will not entitle the contractor to

any equitable adjustment in price under the Government Property clause of the contract.

16.504 Indefinite-quantity contracts.

16.504-1 Description.

(a) An indefinite-quantity contract provides for an indefinite quantity, within stated limits, of supplies or services during an

ordering period. The Government places orders for individual requirements. Quantity limits may be stated as number of units

or as dollar values.

(b) The contract must require the Government to order and the contractor to furnish at least a stated minimum

quantity of

supplies or services. To ensure that the contract is binding, the minimum quantity must be more than a nominal quantity, but

it should not exceed the amount that the Government is fairly certain to order.

(c) In addition, if ordered, the contractor must furnish any additional quantities, not to exceed the stated maximum.

The

contracting officer should establish a reasonable maximum quantity based on market research, trends on recent contracts for

similar supplies or services, survey of potential users, or any other rational basis.

(d) The contract may also specify maximum or minimum quantities that the Government may order under each task

or

delivery order and the maximum that it may order during a specific period of time.

16.504-2 Application.

The contracting officer may use an indefinite-quantity contract when the Government knows what kind of supplies or services it needs and a certain minimum amount that will be needed, but does not know exactly how much will be needed

or when during the effective period. The contracting officer should use an indefinite-quantity contract only when the government expects to have ongoing, repeated needs for the supplies or services.

16.504-3 Multiple award preference.

(a) (1) Except for indefinite-quantity contracts for advisory and assistance services as provided in paragraph (b) of this

subsection, the contracting officer must, to the maximum extent practicable, give preference to making multiple awards of

indefinite-quantity contracts under a single solicitation for the same or similar supplies or services to more than one source.

(2) The contracting officer must document the decision whether to make multiple awards in the acquisition plan

or

contract file. Reasons for deciding that multiple awards are not in the best interests of the Government include, but are not

limited to-

(i) Only one contractor is capable of providing performance at the level of quality required because the supplies or services are unique or highly specialized;

(ii) Based on the contracting officer's knowledge of the market, more favorable terms and conditions, including pricing, will be provided if a single award is made;

(iii) The expected cost of administration of multiple contracts outweighs the expected benefits of making multiple awards;

(iv) The projected orders are so integrally related that only a single contractor can reasonably perform the work;

-3

16.504-4 FEDERAL ACQUISITION REGULATION

(v) The total estimated value of the contract is at or below the SAT.

(3) The contracting officer may determine that a class of acquisitions is not appropriate for multiple awards.

(4) (i) No task or delivery order contract in an amount estimated to exceed \$150 million (including all options) may be

awarded to a single source unless the head of the agency determines in writing that-

(A) The task or delivery orders expected under the contract are so integrally related that only a single source can reasonably perform the work;

(B) The contract provides only for firm-fixed-price (see 16.202) task or delivery orders for-

- (1) Products for which unit prices are established in the contract; or
- (2) Services for which prices are established in the contract for the specific tasks to be performed;

(C) Only one source is qualified and capable of performing the work at a reasonable price to the Government; or

(D) It is necessary in the public interest to award the contract to a single source due to exceptional circumstances.

(ii) The head of the agency must notify Congress within 30 days after any determination under paragraph (c)(4)(i) (D) of this section.

(iii) The requirement for a determination for a single-award contract greater than \$150 million-

(A) Is in addition to any applicable requirements of part 6; and

(B) Is not applicable for architect-engineer services awarded pursuant to part 36.

(b) Preference for multiple awards for advisory and assistance services.

(1) In accordance with 10 U.S.C. 3405 and 41 U.S.C. 4105, except as provided in paragraph (b)(2) of this subsection, if

an indefinite-quantity contract for advisory and assistance services is estimated to exceed 3 years and \$20 million (including

all options), the solicitation must provide for multiple awards unless-

(i) The contracting officer or other official designated by the head of the agency determines in writing-

(A) It is not practicable to award more than one contract because the services required are unique or highly

specialized or the tasks are so integrally related; or

(B) After the evaluation of offers, that only one offeror is capable of providing the services required at the level

of quality required; or

(ii) Only one offer is received.

(2) The requirements of paragraph (b)(1) of this subsection do not apply to a contract for the acquisition of supplies

or services that includes acquisition of advisory and assistance services if the head of an agency entering into such contract

determines in writing during acquisition planning that, under the contract, advisory and assistance services are necessarily

incident to, and not a significant component of, the contract.

16.504-4 On-ramps and off-ramps.

To maintain a current, competitive, and innovative pool of vendors on a multiple-award contract, the solicitation and contract may provide for-

(a) Adding new contractor (on-ramp) and increasing the maximum quantity during open seasons; and

(b) Removing a contractor (off-ramp) for underperforming, failure to actively participate in order competitions, or if requested by the awardee.

16.504-5 Required content.

An indefinite-quantity solicitation and contract must-

(a) Specify the ordering period of the contract, including the number of options and the period for which the Government

may extend the contract ordering period under each option;

(b) Specify the total minimum and maximum quantity of supplies or services the Government will acquire under the contract;

(c) Specify the last date that a contractor will be required to make deliveries under orders issued during the ordering period

(see 52.216-22(d));

(d) Include a statement of work, specifications, or other description that reasonably describes the general scope, nature, complexity, and purpose of the supplies or services the Government will acquire under the contract in a manner that will enable a prospective offeror to decide whether to submit an offer;

(e) State any uniform ordering procedures that the Government will use in issuing all orders, including the ordering media;

otherwise, the ordering procedures are at the discretion of the ordering contracting officer;

(f) Specify the activities authorized to issue orders;

-4

16.505

(g) Include authorization for placing oral orders, if appropriate, provided that the Government has established procedures

for obligating funds and that oral orders are confirmed in writing; and

(h) When multiple awards are anticipated-

(1) Specify any fair opportunity procedures and selection criteria that must apply to all competed orders; otherwise, the

procedures and selection criteria are at the discretion of the ordering contracting officer (see 16.507);

(2) Specify whether one or more blanket purchase agreements (BPAs) may be established under the contract according

to 16.507-2(c)(3). Existing contracts may be modified to allow BPAs;

(3) If the ordering period exceeds five years, provide for on-ramps according to paragraph (e), unless the contracting

officer documents that on-ramps are not in the best interests of the Government.

16.505 Solicitation provisions and contract clauses.

(a) Insert the clause at 52.216-18, Ordering, in solicitations and contracts when a definite-quantity contract, a requirements contract, or an indefinite-quantity contract is contemplated.

(b) Insert a clause substantially the same as the clause at 52.216-19, Order Limitations, in solicitations and contracts when a definite-quantity contract, a requirements contract, or an indefinite-quantity contract is contemplated.

(c) Insert the clause at 52.216-20, Definite Quantity, in solicitations and contracts when a definite-quantity contract is contemplated.

(d) (1) Insert the clause at 52.216-21, Requirements, in solicitations and contracts when a requirements contract is contemplated.

(2) If the contract is for nonpersonal services and related supplies and covers estimated requirements that

exceed a

specific Government activity's internal capability to produce or perform, use the clause with its Alternate I.

(3) If the contract includes subsistence for both Government use and resale in the same Schedule, and similar products

may be acquired on a brand-name basis, use the clause with its Alternate II (but see paragraph (d)(5) of this section).

(4) If the contract involves a partial small business set-aside, use the clause with its Alternate III (but see paragraph (d)

(5) of this section).

(5) If the contract-

(i) Includes subsistence for Government use and resale in the same schedule and similar products may be acquired

on a brand-name basis; and

(ii) Involves a partial small business set-aside, use the clause with its Alternate IV.

(e) Insert the clause at 52.216-22, Indefinite Quantity, in solicitations and contracts when an indefinite-quantity contract is

contemplated.

(1) If off-ramping is contemplated and the agency desires a unilateral cancellation executable by either party, the

contracting officer may include the clause with a paragraph substantially the same as its Alternate I. The contracting officer

may vary the 30-day period in which the cancellation becomes effective from as few as 15 days to as many as 90 days.

(2) If off-ramping is contemplated and the agency wishes to retain discretion to disapprove contractor-requested

off-ramps, the contracting officer may include the clause with a paragraph substantially the same as its Alternate II. The contracting officer may vary the 30-day period in which the cancellation becomes effective from as few as 15 days to as many as 90 days.

(f) Insert the provision at 52.216-27, Single or Multiple Awards, in solicitations for indefinite-quantity contracts that may

result in multiple contract awards. Modify the provision to specify the estimated number of awards. Do not use this provision

for advisory and assistance services contracts that exceed 3 years and \$20 million (including all options).

(g) Insert the provision at 52.216-28, Multiple Awards for Advisory and Assistance Services, in solicitations for task-order contracts for advisory and assistance services that exceed 3 years and \$20 million (including all options), unless a

determination has been made under 16.504-3(b)(1)(i). Modify the provision to specify the estimated number of awards.

(h) See 10.001(d) for insertion of the clause at 52.210-1, Market Research, when the contract is over \$7.5 million for the

procurement of items other than commercial products or commercial services.

(i) See 7.107-4 for use of 52.207-6, Solicitation of Offers from Small Business Concerns and Small Business Teaming

Arrangement or Joint Ventures (Multiple-Award Contracts) in solicitations for multiple-award contracts above the substantial

bundling threshold of the agency.

(j) Insert the clause at 52.216-32, Task-Order and Delivery-Order Ombudsman, in solicitations and contracts when a

multiple-award task or delivery order contract is contemplated. Use the clause with its Alternate I when the contract will be

available for use by multiple agencies (e.g., Governmentwide acquisition contracts or multi-agency contracts). When placing

-5

16.506 FEDERAL ACQUISITION REGULATION

orders under the multiple-award contract available for use by multiple agencies, the ordering activity's contracting officer

must complete paragraph (d)(2) and include Alternate I in the notice of intent to place an order, and in the resulting order.

16.506 Postaward procedures for placement of task and delivery orders.

(a) Orders must be within the scope, issued within the specified ordering period, and be within the maximum value of the contract.

(b) All orders placed under a task or delivery order contract must contain the following information:

(1) Date of order.

(2) Contract number and order number.

(3) For supplies and services, line-item number, subline item number (if applicable), description, quantity, and unit

price or estimated cost and fee (as applicable). The corresponding line-item number and subline item number from the base

contract must also be included.

(4) Delivery or performance schedule.

(5) Statement of work that clearly specifies all tasks to be performed or property supplies to be delivered under the

order. Performance-based acquisition methods must be used to the maximum extent practicable, if the order is for services.

(6) Place of delivery or performance (including consignee).

(7) Any packaging, packing, and shipping instructions.

(8) Accounting and appropriation data.

(9) Method of payment and payment office, if not specified in the contract (see part 32).

(10) North American Industry Classification System code (see part 19).

(c) Orders placed under a task-order contract or delivery-order contract awarded by another agency (i.e., a Governmentwide acquisition contract, or multi-agency contract)?

(1) Are not exempt from the development of acquisition plans (see part 7), and an information technology acquisition strategy (see part 39);

(2) May not be used to circumvent conditions and limitations imposed on the use of funds (e.g., 31 U.S.C. 1501(a)(1));

and

(3) Must comply with all FAR requirements for a consolidated or bundled contract when the order meets the definition

at 2.101 of "consolidation" or "bundling".

(d) In accordance with section 1427(b) of Public Law 108-136 (40 U.S.C. 1103 note), orders placed under

multi-agency

contracts for services that substantially or to a dominant extent specify performance of architect-engineer services, as defined

in 2.101, must-

(1) Be awarded using the procedures at part 36.

(2) Require the direct supervision of a professional architect or engineer licensed, registered, or certified in the State,

possession, Federal District, or outlying area in which the services are to be performed.

(e) When using the Governmentwide commercial purchase card as a method of payment, orders at or below the micro-

purchase threshold are exempt from verification in the System for Award Management as to whether the contractor has a

delinquent debt subject to collection under the Treasury Offset Program.

(f) If the contract did not establish the price for the supply or service, the contracting officer must establish prices for each

order using the policies and methods in subpart 15.4.

(g) For additional requirements for cost-reimbursement orders, see subpart 16.3.

(h) For additional requirements for time-and-materials or labor-hour orders, see subpart 16.6.

(i) The contracting officer should rely on the small business representations at the contract level (but see part 19 for order

rerepresentations).

16.507 Additional ordering procedures for multiple-award contracts.

16.507-1 Placement of orders valued at or below the micro-purchase threshold.

Each order valued at or below the micro-purchase threshold may be placed with any multiple-award contractor that can meet the agency's needs. Although not required to solicit from a specific number of contractors, ordering activities should

attempt to distribute orders among multiple-award contractors.

-6

16.507-2

16.507-2 Fair opportunity procedures.

(a) Fair opportunity. (1) The contracting officer must provide each awardee a fair opportunity to be considered for each

order or BPA valued above the micro-purchase threshold according to paragraph (c) and 16.507-3 through 16.507-5, unless a

sole source order or BPA is justified and approved according to 16.507-6.

(2) The contracting officer has broad discretion to develop appropriate order placement procedures. To maximize

efficiency, ordering activities are encouraged to use innovative approaches when placing orders and establishing BPAs commensurate with the risk and complexity of the requirement. To solicit orders against indefinite-quantity contracts, issue a

task order solicitation (e.g., request for quotation, request for proposal, or request for task plan). Learn more about innovative

approaches in the Periodic Table of Acquisition Innovations at <https://acquisitiongateway.gov/periodic-table>.

(3) The contracting officer should keep submission requirements to a minimum. The ordering process is not

subject to

the competition requirements in part 6 or the policies in subpart 15.3 or part 14. The contracting officer may use streamlined

procedures, including oral presentations. The contracting officer is not required to have evaluation plans, score offeror responses, or establish a competitive range before communicating with interested parties or soliciting revised responses to the solicitation.

(b) Task-order and delivery-order ombudsman. The head of the agency must designate a task-order and delivery-order

ombudsman. The ombudsman must review complaints from contractors and ensure they are afforded a fair opportunity to be considered, consistent with the procedures in the contract. The ombudsman must be a senior agency official who is

independent of the contracting officer and may be the agency's advocate for competition.

(c) Procedures. (1) Requirements. The contracting officer must-

(i) Not use any method (such as allocation or designation of any preferred awardee) that would not result in fair consideration being given to all awardees prior to placing each order;

(ii) Tailor the procedures to the risk and complexity of each acquisition;

(iii) Include the procedures in the solicitation and the contract;

(iv) Consider price or cost under each order as one of the factors in the selection decision;

(v) Except for DoD, document in the contract file a justification for use of the lowest price technically acceptable source selection process, including an explanation that the criteria at 15.101-2(c)(1)-(5) are met, when using the lowest price

technically acceptable source selection process; and

(vi) Except for DoD, avoid using the lowest price technically acceptable source selection process to acquire certain supplies and services in accordance with 15.101-2(d).

(2) Considerations. The contracting officer should consider the following when developing the placement procedures:

(i) Past performance on earlier orders under the contract, including quality, timeliness and cost control. When past performance under the multiple-award contract is available and sufficient, it is unnecessary to consider past performance

under other efforts.

(ii) Potential impact on other orders placed with the contractor.

(iii) Minimum order requirements.

(iv) The amount of time contractors need to make informed business decisions on whether to respond to potential orders.

(v) Whether contractors could be encouraged to respond to potential orders by outreach efforts to promote exchanges of information, such as?

(A) Seeking comments from two or more contractors on draft statements of work;

(B) Using a multiphase approach when effort required to respond to a potential order may be resource intensive

(e.g., requirements are complex or need continued development), where all contractors are initially considered on price

considerations (e.g., rough estimates), and other considerations as appropriate (e.g., proposed conceptual approach, past

performance). The contractors most likely to submit the highest value solutions are then selected for one-on-one

sessions

with the Government to increase their understanding of the requirements, provide suggestions for refining requirements, and

discuss risk reduction measures.

(3) Blanket purchase agreements. If authorized in the multiple-award contract according to 16.504(f)(8), the contracting

officer may establish one or more blanket purchase agreements (BPAs) to fill repetitive needs for supplies or services (see

12.201-1(e)(3) and part 13). Establish BPAs using the fair opportunity procedures at 16.507-3 through 16.507-5, based on the

total estimated value of the BPA. BPAs must include?

- (i) Sufficient detail about the need, such as scope of work or objectives;
- (ii) An ordering period, inclusive of any options or award terms;

-7

16.507-3 FEDERAL ACQUISITION REGULATION

(iii) Ordering activity requirements (e.g., invoicing, delivery, and discounts/other concessions) that are not otherwise included in the master multiple-award contract;

(iv) Ordering procedures that?

(A) Identify the customers/individuals authorized to place orders and any limitations surrounding the placement

of orders;

(B) Ensure that for each order BPA recipients are provided the fair opportunity procedures in 16.507-3 through

16.507-5, based on the total estimated value of the order.

(v) If the ordering period of the BPA exceeds five years, on-ramps according to 16.504-4, unless the contracting officer documents that on-ramps are not in the best interest of the Government.

16.507-3 Orders valued above the micro purchase threshold but not above the SAT.

(a) The contracting officer must fairly consider all contractors offering the supplies or services. If information available

to the contracting officer allows each contractor to be fairly considered, the contracting officer may place an order without

further soliciting contractors, or by soliciting fewer than all contractors.

(b) Document the file to the extent necessary to support the award decision, such as demonstrating that each contractor

was fairly considered.

16.507-4 Orders valued above the SAT but not above \$7.5 million.

(a) Provide a fair notice of the intent to place an order to all contractors offering the products or services by issuing-

(1) A solicitation including a description of the work to be performed and the basis on which selection will be made; or

(2) A notice of intent to place an order that requires contractors to respond in order to receive the solicitation or be

considered for the order.

(b) Document the file to the extent necessary to support the award decision, such as demonstrating that each quotation,

offer, proposal, or other response to a notice was fairly considered.

16.507-5 Orders valued above \$7.5 million.

(a) Procedures . Provide a fair notice of the intent to place an order to all contractors offering the products or services

according to 16.507-4. A fair notice must?

- (1) Include a clear statement of the agency's requirements;
- (2) Allow for a reasonable response period; and
- (3) Disclose the significant factors and subfactors, as applicable, including cost or price, that the agency expects to

consider in evaluating quotations, offers, or other responses to notices, and their relative importance;

(b) Documentation. Document the file to the extent necessary to support the award decision, such as demonstrating?

- (1) That each quotation, offer, or other response to a notice was fairly considered; and
- (2) When award is made on a best value basis, the relative importance of quality and price or cost factors.

(c) Postaward notices and debriefings. Provide postaward notifications and debriefings according to part 15. A summary

of the debriefing must be included in the task or delivery order file.

16.507-6 Exceptions to fair opportunity.

(a) Procedures. Orders placed and BPAs established against multiple-award contracts are exempt from the competition

requirements in part 6. However, the contracting officer must justify placing an order valued above the micro-purchase threshold (MPT) on a sole source basis in accordance with this subsection.

(b) Exceptions. The exceptions permitting an order or a BPA valued above the MPT to be placed on a sole source basis

are:

(1) The agency need for the supplies or services is so urgent that providing a fair opportunity would result in unacceptable delays.

(2) Only one awardee is capable of providing the supplies or services required at the level of quality required because

the supplies or services ordered are unique or highly specialized.

(3) The order must be issued on a sole-source basis in the interest of economy and efficiency because it is a logical

follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.

(4) It is necessary to place an order to satisfy a minimum guarantee.

-8

16.507-6

(5) For orders exceeding the SAT, a statute expressly authorizes or requires that the purchase be made from a specified

source.

(6) For DoD, NASA, and the Coast Guard, the order satisfies one of the exceptions permitting the use of other than

full and open competition listed in part 6.103 (10 U.S.C. 3406(c)(5)). The public interest exception must not be used unless

Congress is notified in accordance with 10 U.S.C. 3204(a)(7).

(c) Small business considerations. Part 19 and Public Law 111-240 (15 U.S.C. 644(r)) provide authority for setting aside orders and placing orders under reserves, which are not subject to the justification, approval, and posting requirements in paragraphs (d)-(f).

(d) Justification. The justification for an exception to fair opportunity must be in writing as specified in paragraphs (d)(1)-(3).

(1) Orders valued above the micro-purchase threshold but not above the SAT. The contracting officer must document the basis for using an exception to the fair opportunity process. If the contracting officer uses the logical follow-on exception, the rationale must describe why the relationship between the initial order and the follow-on is logical (e.g., in terms of scope, period of performance, or value).

(2) Orders valued above the SAT. As a minimum, each justification must include the following information:

(i) Identification of the agency and the contracting activity, and specific identification of the document as a "Justification for an Exception to Fair Opportunity."

(ii) Nature and/or description of the action being approved.

(iii) A description of the supplies or services required to meet the agency's needs (including the estimated value).

(iv) Identification of the exception to fair opportunity (see paragraph (b)) and the supporting rationale, including a demonstration that the proposed contractor's unique qualifications or the nature of the acquisition requires use of the exception cited. If the contracting officer uses the logical follow-on exception, the rationale must describe why the relationship between the initial order and the follow-on is logical (e.g., in terms of scope, period of performance, or value).

(v) A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

(vi) Any other facts supporting the justification.

(vii) A statement of the actions, if any, the agency may take to remove or overcome any barriers that led to the exception to fair opportunity before any subsequent acquisition for the supplies or services is made.

(viii) The contracting officer's certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief.

(ix) Evidence that any supporting data that is the responsibility of technical or requirements personnel (e.g., verifying the Government's minimum needs or requirements or other rationale for an exception to fair opportunity) and which form a basis for the justification have been certified as complete and accurate by the technical or requirements personnel.

(x) A written determination by the approving official that one of the circumstances in paragraphs (b)(1) through (6) applies to the order.

(e) Approval. (1) For proposed orders valued above the SAT, but not valued above \$900,000, the ordering activity contracting officer's certification that the justification is accurate and complete to the best of the ordering activity contracting officer's knowledge and belief will serve as approval, unless a higher approval level is established in accordance with agency procedures.

(2) For a proposed order valued above \$900,000, but not above \$20 million, the justification must be approved by the

advocate for competition of the activity placing the order, or by an official named in paragraph (e)(3) or (4). This authority is

not delegable.

(3) For a proposed order valued above \$20 million, but not above \$90 million (or, for DoD, NASA, and the Coast

Guard, not above \$150 million, the justification must be approved by?

(i) The head of the procuring activity placing the order;

(ii) A designee who?

(A) If a member of the armed forces, is a general or flag officer;

(B) If a civilian, is serving in a position in a grade above GS-15 under the General Schedule (or in a comparable

or higher position under another schedule); or

(iii) An official named in paragraph (e)(4) of this subsection.

(4) For a proposed order valued above \$90 million (or, for DoD, NASA, and the Coast Guard, above \$150 million),

the justification must be approved by the senior procurement executive of the agency placing the order. This authority is -9

16.507-7 FEDERAL ACQUISITION REGULATION

not delegable, except in the case of the Under Secretary of Defense for Acquisition and Sustainment, acting as the senior

procurement executive for the Department of Defense.

(f) Posting. (1) Except as provided in paragraph (f)(4), within 14 days after placing an order or establishing a BPA valued

above the SAT on a sole source basis according to paragraph (b), the contracting officer must?

(i) Publish a notice to the GPE; and

(ii) Post the justification required by paragraph (d)(2) for a minimum of 30 days)-

(A) At the GPE <https://www.sam.gov> ; and

(B) On the Web site of the agency, which may provide access to the justifications by linking to the GPE.

(2) In the case of an order permitted under paragraph (b)(1), the justification must be posted within 30 days after award

of the order.

(3) Contracting officers must carefully screen all justifications for contractor proprietary data and remove all such data,

and such references and citations as are necessary to protect the proprietary data, before posting the justification. Contracting

officers must also be guided by the exemptions to disclosure of information contained in the Freedom of Information Act (5

U.S.C. 552) and the prohibitions against disclosure in part 24 in determining whether other data should be removed. Although

the submitter notice process set out in Executive Order 12600 "Predisclosure Notification Procedures for Confidential Commercial Information" does not apply, if the justification appears to contain proprietary data, the contracting officer should

provide the contractor that submitted the information an opportunity to review the justification for proprietary data before posting the justification, redacted as necessary. This process must not prevent or delay posting the justification in accordance

with the timeframes required in paragraphs (f)(1)-(2).

(4) The posting requirement does not apply when disclosure would compromise the national security (e.g., would result

in disclosure of classified information) or create other security risks.

16.507-7 Items peculiar to one manufacturer.

(a) The contracting officer must justify restricting consideration to an item peculiar to one manufacturer (e.g., a particular

brand-name, product, or a feature of a product that is peculiar to one manufacturer). A brand-name item, even if available

on more than one contract, is an item peculiar to one manufacturer. Brand-name specifications must not be used unless the

particular brand-name, product, or feature is essential to the Government's requirements and market research indicates other

companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet, the agency's needs.

(b) Brand-name requirements must be justified and approved when the requirement is determined, using the format(s) and

requirements from 16.507-6(d)-(e)), modified to show the brand-name justification, unless?

(1) A justification covering the requirements in the order was previously approved for the contract in accordance with

6.302-1(c); or

(2) The base contract is a single-award contract.

(c) (1) For an order in excess of \$40,000, the contracting officer must?

(i) Post the justification and supporting documentation on the agency website used (if any) to solicit offers for orders under the contract; or

(ii) Provide the justification and supporting documentation along with the solicitation to all contract awardees.

(2) The justification for brand-name requirements may apply to the portion of the acquisition requiring the brand-

name item. If the justification is to cover only the portion of the acquisition which is brand-name, then it should so state; the

approval level requirements will then only apply to that portion.

(3) The requirements in paragraph (c)(1) this subsection do not apply when disclosure would compromise the national

security (e.g., would result in disclosure of classified information) or create other security risks.

(d) The justification is subject to the screening requirement in 16.507-6(f)(3).

16.508 Protests of orders.

(a) No protest under part 33 is authorized in connection with the issuance or proposed issuance of an order under a task-

order contract or delivery-order contract, except?

(1) A protest on the grounds that the order increases the scope, period, or maximum value of the contract; or

(2) (i) For agencies other than DoD, NASA, and the Coast Guard, a protest of an order valued in excess of \$10

million

(41 U.S.C. 4106(f)); or

(ii) For DoD, NASA, or the Coast Guard, a protest of an order valued in excess of \$35 million (10 U.S.C. 3406(f)).

-10

16.508

(b) Protests of orders in excess of the thresholds stated in paragraph (a)(2) of this section may only be filed with the Government Accountability Office, in accordance with the procedures at 33.105.

(c) For protests of small business size status for set-aside orders, see part 19.

16.601-2

Subpart 16.6 - Time-and-Materials, Labor-Hour, and Letter Contracts

16.600 Scope.

Time-and-materials contracts and labor-hour contracts are not fixed-price contracts.

16.601 Time-and-materials contracts.

Definitions for the purposes of Time-and-Materials Contracts.

Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications

of a labor category specified in the contract that are-

- (1) Performed by the contractor;
- (2) Performed by the subcontractors; or
- (3) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

Materials means-

- (1) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a

common control;

- (2) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

- (3) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel,

computer usage charges, etc.); and

- (4) Applicable indirect costs.

16.601-1 Description.

A time-and-materials contract provides for acquiring supplies or services on the basis of-

- (a) Direct labor hours at specified fixed hourly rates that include wages, overhead, general and administrative expenses,

and profit; and

- (b) Actual cost for materials (except as provided for in part 31).

16.601-2 Application.

A time-and-materials contract may be used only when it is not possible at the time of placing the contract to estimate accurately the extent or duration of the work or to anticipate costs with any reasonable degree of confidence.

(a) Government surveillance. A time-and-materials contract provides no positive profit incentive to the contractor for cost

control or labor efficiency. Therefore, appropriate Government surveillance of contractor performance is required to give reasonable assurance that efficient methods and effective cost controls are being used.

(b) Fixed hourly rates. (1) The contract must specify separate fixed hourly rates that include wages, overhead, general and

administrative expenses, and profit for each category of labor.

(2) For acquisitions of other than commercial products or commercial services awarded without adequate price competition (see part 15), the contract must specify separate fixed hourly rates that include wages, overhead, general and

administrative expenses, and profit for each category of labor to be performed by-

(i) The contractor;

(ii) Each subcontractor; and

(iii) Each division, subsidiary, or affiliate of the contractor under a common control.

(3) For contract actions that are not awarded using competitive procedures, unless exempt under paragraph

(c)(2)(iv),

the fixed hourly rates for services transferred between divisions, subsidiaries, or affiliates of the contractor under a common

control-

(i) Must not include profit for the transferring organization; but

(ii) May include profit for the prime contractor.

(4) For contract actions that are not awarded using competitive procedures, the fixed hourly rates for services that meet

the definition of "commercial service" that are transferred between divisions, subsidiaries, or affiliates of the contractor under

a common control may be the established catalog or market rate when-

(i) It is the established practice of the transferring organization to price interorganizational transfers at other than cost for commercial work of the contractor or any division, subsidiary or affiliate of the contractor under a common control;

and

-1

16.601-3 FEDERAL ACQUISITION REGULATION

(ii) The contracting officer has not determined the price to be unreasonable.

(c) Material handling costs. When included as part of material costs, material handling costs must include only costs

clearly excluded from the labor-hour rate. Material handling costs may include all appropriate indirect costs allocated to direct materials in accordance with the contractor's usual accounting procedures consistent with part 31.

16.601-3 Limitations.

A time-and-materials contract or order may be used only if-

(a) The contracting officer prepares a determination and findings that no other contract type is suitable. The determination

and findings must be-

(1) Signed by the contracting officer prior to the execution of the base period or any option periods of the contracts; and

(2) Approved by the head of the contracting activity prior to the execution of the base period when the base period plus

any option periods exceeds three years; and

(b) The contract or order includes a ceiling price that the contractor exceeds at its own risk. See part 12 for further limitations on use of time-and-materials or labor-hour contracts for acquisition of commercial products and commercial services.

16.601-4 Solicitation provisions.

(a) The contracting officer must insert the provision at 52.216-29, Time-and-Materials/Labor-Hour Proposal Requirements

?Other Than Commercial Acquisition With Adequate Price Competition, in solicitations contemplating use of a time-and-

materials or labor-hour type of contract for the acquisition of other than commercial products or commercial services, if the

price is expected to be based on adequate price competition. If authorized by agency procedures, the contracting officer may

amend the provision to make mandatory one of the three approaches in paragraph (c) of the provision, and/or to require the

identification of all subcontractors, divisions, subsidiaries, or affiliates included in a blended labor rate.

(b) The contracting officer must insert the provision at 52.216-30, Time-and-Materials/Labor-Hour Proposal Requirements

?Other Than Commercial Acquisition Without Adequate Price Competition, in solicitations for the acquisition of other than

commercial products or commercial services contemplating use of a time-and-materials or labor-hour type of contract if the

price is not expected to be based on adequate price competition.

(c) The contracting officer must insert the provision at 52.216-31, Time-and-Materials/Labor-Hour Proposal Requirements

?Commercial Acquisition, in solicitations contemplating use of a commercial time-and-materials or labor-hour contract.

16.601-5 Postaward requirements.

Prior to an increase in the ceiling price of a time-and-materials or labor-hour contract or order, the contracting officer must-

(a) Conduct an analysis of pricing and other relevant factors to determine if the action is in the best interest of the Government;

(b) Document the decision in the contract or order file; and

(c) When making a change that modifies the general scope of-

(1) A contract, follow the procedures at part 6;

(2) An order issued under the Federal Supply Schedules, follow the procedures at part 8; or

(3) An order issued under multiple award task and delivery order contracts, follow the procedures at 16.507-6.

16.602 Labor-hour contracts.

Description. A labor-hour contract is a variation of the time-and-materials contract, differing only in that materials are not supplied by the contractor. See part 12, 16.601-2, and 16.601-3 for application and limitations for time-and-materials

contracts that also apply to labor-hour contracts.

16.603 Letter contracts.

16.603-1 Description.

A letter contract is a written preliminary contractual instrument that authorizes the contractor to begin immediately manufacturing supplies or performing services.

-2

16.603-4

16.603-2 Application.

(a) A letter contract may be used when (1) the Government's interests demand that the contractor be given a binding commitment so that work can start immediately and (2) negotiating a definitive contract is not possible in sufficient time to meet the requirement. However, a letter contract should be as complete and definite as feasible under the circumstances.

(b) When a letter contract award is based on price competition, the contracting officer must include an overall price ceiling in the letter contract.

(c) Each letter contract must, as required by the clause at 52.216-25, Contract Definitization, contain a negotiated definitization schedule including (1) dates for submission of the contractor's price proposal, required certified cost or pricing data and data other than certified cost or pricing data; and, if required, make-or-buy and subcontracting plans, (2) a date for the start of negotiations, and (3) a target date for definitization, which must be the earliest practicable date for definitization.

The schedule will provide for definitization of the contract within 180 days after the date of the letter contract or before completion of 40 percent of the work to be performed, whichever occurs first. However, the contracting officer may, in extreme cases and according to agency procedures, authorize an additional period. If, after exhausting all reasonable efforts, the contracting officer and the contractor cannot negotiate a definitive contract because of failure to reach agreement as to price or fee, the clause at 52.216-25 requires the contractor to proceed with the work and provides that the contracting officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with subpart

15.4 and part 31, subject to appeal as provided in the Disputes clause.

(d) The maximum liability of the Government inserted in the clause at 52.216-24, Limitation of Government Liability, must be the estimated amount necessary to cover the contractor's requirements for funds before definitization. However, it must not exceed 50 percent of the estimated cost of the definitive contract unless approved in advance by the official that authorized the letter contract.

(e) The contracting officer must assign a priority rating to the letter contract if it is appropriate under part 11.

16.603-3 Limitations.

A letter contract may be used only after the head of the contracting activity or a designee determines in writing that no other contract is suitable. Letter contracts must not-

(a) Commit the Government to a definitive contract in excess of the funds available at the time the letter contract is

executed;

(b) Be entered into without competition when competition is required by part 6; or

(c) Be amended to satisfy a new requirement unless that requirement is inseparable from the existing letter contract. Any

such amendment is subject to the same requirements and limitations as a new letter contract.

16.603-4 Contract clauses.

(a) The contracting officer must include in each letter contract the clauses required by this regulation for the type of definitive contract contemplated and any additional clauses known to be appropriate for it.

(b) In addition, the contracting officer must insert the following clauses in solicitations and contracts when a letter contract

is contemplated:

(1) The clause at 52.216-23, Execution and Commencement of Work, except that this clause may be omitted from letter

contracts awarded on SF 26;

(2) The clause at 52.216-24, Limitation of Government Liability, with dollar amounts completed in a manner consistent

with 16.603-2(d); and

(3) The clause at 52.216-25, Contract Definitization, with its paragraph (b) completed in a manner consistent with

16.603-2(c). If at the time of entering into the letter contract, the contracting officer knows that the definitive contract will

be based on adequate price competition or will otherwise meet the criteria of part 15 for not requiring submission of certified

cost or pricing data, the words "and certified cost or pricing data in accordance with FAR 15.408, Table 15-1 supporting its proposal" may be deleted from paragraph (a) of the clause. If the letter contract is being awarded on the basis of price

competition, the contracting officer must use the clause with its Alternate I.

(c) The contracting officer must also insert the clause at 52.216-26, Payments of Allowable Costs Before Definitization,

in solicitations and contracts if a cost-reimbursement definitive contract is contemplated, unless the acquisition involves conversion, alteration, or repair of ships.

16.703

Subpart 16.7 - Agreements

16.701 Scope.

This subpart prescribes policies and procedures for establishing and using basic agreements and basic ordering agreements. (See part 12 for additional coverage of BPAs and see part 35 for additional coverage of basic agreements with

educational institutions and nonprofit organizations.)

16.702 Basic agreements.

16.702-1 Description.

(a) A basic agreement is a written instrument of understanding, negotiated between an agency or contracting

activity and a
contractor, that-

- (1) Contains contract clauses applying to future contracts between the parties during its term; and
- (2) Contemplates separate future contracts that will incorporate by reference or attachment the required and applicable

clauses agreed upon in the basic agreement.

- (b) A basic agreement is not a contract.

16.702-2 Application.

A basic agreement should be used when a substantial number of separate contracts may be awarded to a contractor during a particular period and significant recurring negotiating problems have been experienced with the contractor.

Basic

agreements may be used with negotiated fixed-price or cost-reimbursement contracts.

- (a) Basic agreements must contain-

- (1) Clauses required for negotiated contracts by statute, executive order, and this regulation; and
- (2) Other clauses prescribed in this regulation or agency acquisition regulations that the parties agree to include in each

contract as applicable.

- (b) Each basic agreement must provide for discontinuing its future applicability upon 30 days? written notice by either

party.

- (c) Each basic agreement must be reviewed annually before the anniversary of its effective date and revised as necessary

to conform to the requirements of this regulation. Basic agreements may need to be revised due to mandatory statutory requirements. A basic agreement may be changed only by modifying the agreement itself and not by a contract incorporating

the agreement.

- (d) Discontinuing or modifying a basic agreement must not affect any prior contract incorporating the basic agreement.

- (e) Contracting officers of one agency should obtain and use existing basic agreements of another agency to the maximum

practical extent.

16.702-3 Limitations.

- (a) A basic agreement must not-

- (1) Cite appropriations or obligate funds;
- (2) State or imply any agreement by the Government to place future contracts or orders with the contractor; or
- (3) Be used in any manner to restrict competition.

- (b) Contracts incorporating basic agreements. (1) Each contract incorporating a basic agreement must include a scope

of work and price, delivery, and other appropriate terms that apply to the particular contract. The basic agreement must be

incorporated into the contract by specific reference (including reference to each amendment) or by attachment.

- (2) The contracting officer must include clauses pertaining to subjects not covered by the basic agreement, but applicable to the contract being negotiated, in the same manner as if there were no basic agreement.

- (3) When new work is added to an existing contract, the modification must incorporate the most recent basic

agreement. These terms will apply only to work added by the modification. This is not required if the contract or modification

already includes all clauses required by statute, executive order, and this regulation as of the date of the modification. If it is

in the Government's interest and the contractor agrees, the modification may incorporate the most recent basic agreement for

application to the entire contract as of the date of the modification.

16.703 Basic ordering agreements.

-1

16.703-1 FEDERAL ACQUISITION REGULATION

16.703-1 Description.

(a) A basic ordering agreement is a written instrument of understanding, negotiated between an agency, contracting

activity, or contracting office and a contractor, that contains-

- (1) Terms and clauses applying to future contracts (orders) between the parties during its term;
- (2) A description, as specific as practicable, of supplies or services to be provided, and
- (3) Methods for pricing, issuing, and delivering future orders under the basic ordering agreement.

(b) A basic ordering agreement is not a contract.

16.703-2 Application.

A basic ordering agreement is used to expedite contracting for supplies or services when specific items, quantities, and prices are uncertain at the time the agreement is executed, but a substantial number of requirements for the type of supplies or services covered by the agreement are anticipated to be purchased from the contractor. These procedures, when

applied appropriately, can result in benefits and cost savings by reducing administrative lead-time, inventory investment, and

inventory obsolescence due to design changes.

16.703-3 Limitations.

(a) A basic ordering agreement must not state or imply any agreement by the Government to place future contracts or

orders with the contractor or be used in any manner to restrict competition.

(b) Each basic ordering agreement must-

- (1) Describe the method for determining prices to be paid to the contractor for the supplies or services;
- (2) Include delivery terms and conditions or specify how they will be determined;
- (3) List one or more Government activities authorized to issue orders under the agreement;
- (4) Specify the point at which each order becomes a binding contract (e.g., issuance of the order, acceptance of the

order in a specified manner, or failure to reject the order within a specified number of days);

(5) Provide that failure to reach agreement on price for any order issued before its price is established (see paragraph

(d)(3) of this subsection) is a dispute under the Disputes clause included in the basic ordering agreement; and

(6) If fast payment procedures will apply to orders, include the special data required at part 32.

(c) Basic ordering agreements may need to be revised due to mandatory statutory requirements. A basic ordering agreement must be changed only by modifying the agreement itself and not by individual orders issued under it. Modifying a

basic ordering agreement must not retroactively affect orders previously issued under it.

- (d) A contracting officer representing any Government activity listed in a basic ordering agreement may issue orders for

required supplies or services covered by that agreement.

- (1) Before issuing an order under a basic ordering agreement, the contracting officer must-

- (i) Obtain competition in accordance with part 6;

- (ii) If the order is being placed after competition, ensure that use of the basic ordering agreement is not prejudicial to

other offerors; and

- (iii) Sign or obtain any applicable justifications and approvals, and any determination and findings, and comply with other requirements in accordance with part 1, as if the order were a contract awarded independently of a basic ordering agreement.

- (2) Contracting officers must-

- (i) Issue orders under basic ordering agreements on Optional Form (OF) 347, Order for Supplies or Services, or on any other appropriate contractual instrument;

- (ii) Incorporate by reference the provisions of the basic ordering agreement;

- (iii) If applicable, cite the authority under part 6 in each order; and

- (iv) Comply with part 5's publicizing and response time requirements when part 5 also requires a synopsis.

- (3) The contracting officer must neither make any final commitment nor authorize the contractor to begin work on an

order under a basic ordering agreement until prices have been established, unless the order establishes a ceiling price limiting

the Government's obligation and either-

- (i) The basic ordering agreement provides adequate procedures for timely pricing of the order early in its performance period; or

- (ii) The need for the supplies or services is compelling and unusually urgent (i.e., when the Government would be seriously injured, financially or otherwise, if the requirement is not met sooner than would be possible if prices were

-2

16.703-3

established before the work began). The contracting officer must proceed with pricing as soon as practical. An entire order

must never be priced retroactively.

-3

This page intentionally left blank.

-4

part 16);

Status: Unknown

part 16);

- (3) Orders issued under indefinite-delivery contracts and subcontracts where final payment is not based on actual costs

incurred (FAR part 16); and

(4) The fixed-hourly rate portion of time-and-materials and labor-hours contracts and subcontracts (FAR part 16).

Flexibly-priced contracts and subcontracts means?

(1) The following types of fixed-price contracts and subcontracts?

- (i) Fixed-price contracts with economic price adjustment based on actual costs of labor or material;
- (ii) Fixed-price incentive contract;
- (iii) Fixed-price contracts with prospective price redetermination.; and
- (iv) Fixed-ceiling-price contracts with retroactive price redetermination.

(2) Cost-reimbursement contracts and subcontracts (FAR part 16);

(3) Incentive contracts and subcontracts where the price may be adjusted based on actual costs incurred (FAR part 16);

(4) Orders issued under indefinite-delivery contracts and subcontracts where final payment is based on actual costs

incurred (FAR part 16); and

(5) The materials portion of time-and-materials contracts and subcontracts (FAR part 16).

Noncompliance means a failure in estimating, accumulating, or reporting costs to-

- (1) Comply with applicable CAS; or
- (2) Consistently follow disclosed or established cost accounting practices.

Required change means-

(1) A change in cost accounting practice that a Contractor is required to make in order to comply with applicable

Standards, modifications or interpretations thereto, that subsequently become applicable to existing CAS-covered contracts or

subcontracts due to the receipt of another CAS-covered contract or subcontract; or

(2) A prospective change to a disclosed or established cost accounting practice when the CFAO determines that

the former practice was in compliance with applicable CAS and the change is necessary for the Contractor to remain in compliance.

Unilateral change means a change in cost accounting practice from one compliant practice to another compliant practice

that a Contractor with a CAS-covered contract(s) or subcontract(s) elects to make that has not been deemed a desirable

change by the CFAO and for which the Government will pay no aggregate increased costs.

(b) Submit to the CFAO a description of any cost accounting practice change as outlined in paragraphs (b)(1) through (3)

of this clause (including revisions to the Disclosure Statement, if applicable), and any written statement that the cost impact

of the change is immaterial. If a change in cost accounting practice is implemented without submitting the notice required by

this paragraph, the CFAO may determine the change to be a failure to follow paragraph (a)(2) of the clause at FAR 52.230-2,

52.2-287

52.230-6 FEDERAL ACQUISITION REGULATION

Cost Accounting Standards; paragraph (a)(4) of the clause at FAR 52.230-3, Disclosure and Consistency of Cost

Accounting

Practices; paragraph (a)(4) of the clause at FAR 52.230-4, Disclosure and Consistency of Cost Accounting Practices?Foreign

Concerns; or paragraph (a)(2) of the clause at FAR 52.230-5, Cost Accounting Standards?Educational Institution.

(1) When a description has been submitted for a change in cost accounting practice that is dependent on a contract award

and that contract is subsequently awarded, notify the CFAO within 15 days after such award.

(2) For any change in cost accounting practice not covered by (b)(1) of this clause that is required in accordance with

paragraphs (a)(3) and (a)(4)(i) of the clause at FAR 52.230-2; or paragraphs (a)(3), (a)(4)(i), or (a)(4)(iv) of the clause at FAR 52.230-5; submit a description of the change to the CFAO not less than 60 days (or such other date as may be mutually

agreed to by the CFAO and the Contractor) before implementation of the change.

(3) For any change in cost accounting practices proposed in accordance with paragraph (a)(4)(ii) or (iii) of the clauses

at FAR 52.230-2 and FAR 52.230-5; or with paragraph (a)(3) of the clauses at FAR 52.230-3 and FAR 52.230-4, submit a description of the change not less than 60 days (or such other date as may be mutually agreed to by the CFAO and the

Contractor) before implementation of the change. If the change includes a proposed retroactive date submit supporting rationale.

(4) Submit a description of the change necessary to correct a failure to comply with an applicable CAS or to follow a

disclosed practice (as contemplated by paragraph (a)(5) of the clause at FAR 52.230-2 and FAR 52.230-5; or by paragraph (a)

(4) of the clauses at FAR 52.230-3 and FAR 52.230-4)-

(i) Within 60 days (or such other date as may be mutually agreed to by the CFAO and the Contractor) after the date of agreement with the CFAO that there is a noncompliance; or

(ii) In the event of Contractor disagreement, within 60 days after the CFAO notifies the Contractor of the determination of noncompliance.

(c) When requested by the CFAO, submit on or before a date specified by the CFAO-

(1) A general dollar magnitude (GDM) proposal in accordance with paragraph (d) or (g) of this clause. The Contractor

may submit a detailed cost-impact (DCI) proposal in lieu of the requested GDM proposal provided the DCI proposal is in

accordance with paragraph (e) or (h) of this clause;

(2) A detailed cost-impact (DCI) proposal in accordance with paragraph (e) or (h) of this clause;

(3) For any request for a desirable change that is based on the criteria in FAR 30.302-2(b)(3)(ii), the data necessary to

demonstrate the required cost savings; and

(4) For any request for a desirable change that is based on criteria other than that in FAR 30.302-2(b)(3)(ii), a GDM

proposal and any other data necessary for the CFAO to determine if the change is a desirable change.

(d) For any change in cost accounting practice subject to paragraph (b)(1), (b)(2), or (b)(3) of this clause, the GDM proposal shall-

(1)) Calculate the cost impact in accordance with paragraph (f) of this clause;

- (2) Use one or more of the following methods to determine the increase or decrease in cost accumulations:
 - (i) A representative sample of affected CAS-covered contracts and subcontracts.
 - (ii) The change in indirect rates multiplied by the total estimated base computed for each of the following groups:
 - (A) Fixed-price contracts and subcontracts.
 - (B) Flexibly-priced contracts and subcontracts.
 - (iii) Any other method that provides a reasonable approximation of the total increase or decrease in cost accumulations for all affected fixed-price and flexibly-priced contracts and subcontracts;
- (3) Use a format acceptable to the CFAO but, as a minimum, include the following data:
 - (i) The estimated increase or decrease in cost accumulations by Executive agency, including any impact the change may have on contract and subcontract incentives, fees, and profits, for each of the following groups:
 - (A) Fixed-price contracts and subcontracts.
 - (B) Flexibly-priced contracts and subcontracts.
 - (ii) For unilateral changes, the increased or decreased costs to the Government for each of the following groups:
 - (A) Fixed-price contracts and subcontracts.
 - (B) Flexibly-priced contracts and subcontracts; and
 - (4) When requested by the CFAO, identify all affected CAS-covered contracts and subcontracts.
 - (e) For any change in cost accounting practice subject to paragraph (b)(1), (b)(2), or (b)(3) of this clause, the DCI proposal shall-
 - (1) Show the calculation of the cost impact in accordance with paragraph (f) of this clause;

52.2-288

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.230-6

- (2) Show the estimated increase or decrease in cost accumulations for each affected CAS-covered contract and subcontract unless the CFAO and Contractor agree to include-
 - (i) Only those affected CAS-covered contracts and subcontracts having an estimate to complete exceeding a specified amount; and
 - (ii) An estimate of the total increase or decrease in cost accumulations for all affected CAS-covered contracts and subcontracts, using the results in paragraph (e)(2)(i) of this clause;
- (3) Use a format acceptable to the CFAO but, as a minimum, include the information in paragraph (d)(3) of this clause; and
- (4) When requested by the CFAO, identify all affected CAS-covered contracts and subcontracts.
- (f) For GDM and DCI proposals that are subject to the requirements of paragraph (d) or (e) of this clause, calculate the cost impact as follows:
 - (1) The cost impact calculation shall include all affected CAS-covered contracts and subcontracts regardless of their status (i.e., open or closed) or the fiscal year in which the costs were incurred (i.e., whether or not the final indirect rates have been established).
 - (2) For unilateral changes-
 - (i) Determine the increased or decreased cost to the Government for flexibly-priced contracts and subcontracts as

follows:

(A) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using

the current practice, the difference is increased cost to the Government.

(B) When the estimated cost to complete using the changed practice is less than the estimated cost to complete

using the current practice, the difference is decreased cost to the Government;

(ii) Determine the increased or decreased cost to the Government for fixed-priced contracts and subcontracts as follows:

(A) When the estimated cost to complete using the changed practice is less than the estimated cost to complete

using the current practice, the difference is increased cost to the Government.

(B) When the estimated cost to complete using the changed practice exceeds the estimated cost to complete using

the current practice, the difference is decreased cost to the Government;

(iii) Calculate the total increase or decrease in contract and subcontract incentives, fees, and profits associated with the increased or decreased costs to the Government in accordance with 48 CFR 9903.306(c). The associated increase or

decrease is based on the difference between the negotiated incentives, fees, and profits and the amounts that would have been

negotiated had the cost impact been known at the time the contracts and subcontracts were negotiated; and

(iv) Calculate the increased cost to the Government in the aggregate.

(3) For equitable adjustments for required or desirable changes-

(i) Estimated increased cost accumulations are the basis for increasing contract prices, target prices and cost ceilings;

and

(ii) Estimated decreased cost accumulations are the basis for decreasing contract prices, target prices and cost ceilings.

(g) For any noncompliant cost accounting practice subject to paragraph (b)(4) of this clause, prepare the GDM proposal as

follows:

(1) Calculate the cost impact in accordance with paragraph (i) of this clause.

(2) Use one or more of the following methods to determine the increase or decrease in contract and subcontract prices

or cost accumulations, as applicable:

(i) A representative sample of affected CAS-covered contracts and subcontracts.

(ii) When the noncompliance involves cost accumulation the change in indirect rates multiplied by the applicable base for only flexibly-priced contracts and subcontracts.

(iii) Any other method that provides a reasonable approximation of the total increase or decrease.

(3) Use a format acceptable to the CFAO but, as a minimum, include the following data:

(i) The total increase or decrease in contract and subcontract price and cost accumulations, as applicable, by Executive agency, including any impact the noncompliance may have on contract and subcontract incentives, fees, and profits, for each of the following groups:

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(ii) The increased or decreased cost to the Government for each of the following groups:

52.2-289

52.230-6 FEDERAL ACQUISITION REGULATION

(A) Fixed-price contracts and subcontracts.

(B) Flexibly-priced contracts and subcontracts.

(iii) The total overpayments and underpayments made by the Government during the period of noncompliance.

(4) When requested by the CFAO, identify all CAS-covered contracts and subcontracts.

(h) For any noncompliant practice subject to paragraph (b)(4) of this clause, prepare the DCI proposal as follows:

(1) Calculate the cost impact in accordance with paragraph (i) of this clause.

(2) Show the increase or decrease in price and cost accumulations for each affected CAS-covered contract and

subcontract unless the CFAO and Contractor agree to-

(i) Include only those affected CAS-covered contracts and subcontracts having-

(A) Contract and subcontract values exceeding a specified amount when the noncompliance involves estimating

costs; and

(B) Incurred costs exceeding a specified amount when the noncompliance involves accumulating costs; and

(ii) Estimate the total increase or decrease in price and cost accumulations for all affected CAS-covered contracts and subcontracts using the results in paragraph (h)(2)(i) of this clause.

(3) Use a format acceptable to the CFAO that, as a minimum, include the information in paragraph (g)(3) of this clause.

(4) When requested by the CFAO, identify all CAS-covered contracts and subcontracts.

(i) For GDM and DCI proposals that are subject to the requirements of paragraph (g) or (h) of this clause, calculate the

cost impact as follows:

(1) The cost impact calculation shall include all affected CAS-covered contracts and subcontracts regardless of their

status (i.e., open or closed) or the fiscal year in which the costs are incurred (i.e., whether or not the final indirect rates have

been established).

(2) For noncompliances that involve estimating costs, determine the increased or decreased cost to the Government for

fixed-price contracts and subcontracts as follows:

(i) When the negotiated contract or subcontract price exceeds what the negotiated price would have been had the Contractor used a compliant practice, the difference is increased cost to the Government.

(ii) When the negotiated contract or subcontract price is less than what the negotiated price would have been had the

Contractor used a compliant practice, the difference is decreased cost to the Government.

(3) For noncompliances that involve accumulating costs, determine the increased or decreased cost to the Government

for flexibly-priced contracts and subcontracts as follows:

(i) When the costs that were accumulated under the noncompliant practice exceed the costs that would have been accumulated using a compliant practice (from the time the noncompliant practice was first implemented until the date

the

noncompliant practice was replaced with a compliant practice), the difference is increased cost to the Government.

(ii) When the costs that were accumulated under the noncompliant practice are less than the costs that would have been accumulated using a compliant practice (from the time the noncompliant practice was first implemented until the date

the noncompliant practice was replaced with a compliant practice), the difference is decreased cost to the Government.

(4) Calculate the total increase or decrease in contract and subcontracts incentives, fees, and profits associated with

the increased or decreased cost to the Government in accordance with 48 CFR 9903.306(c). The associated increase or

decrease is based on the difference between the negotiated incentives, fees, and profits and the amounts that would have been

negotiated had the Contractor used a compliant practice.

(5) Calculate the increased cost to the Government in the aggregate.

(j) If the Contractor does not submit the information required by paragraph (b) or (c) of this clause within the specified

time, or any extension granted by the CFAO, the CFAO may take one or both of the following actions:

(1) Withhold an amount not to exceed 10 percent of each subsequent amount payment to the Contractor's affected

CAS-covered contracts, (up to the estimated GDM of the cost impact), until such time as the Contractor provides the required

information to the CFAO.

(2) Issue a final decision in accordance with FAR part 33 and unilaterally adjust the contract(s) by the estimated amount

of the cost impact.

(k) Agree to-

(1) Contract modifications to reflect adjustments required in accordance with paragraph (a)(4)(ii) or (a)(5) of the clauses at FAR 52.230-2 and 52.230-5; or with paragraph (a)(3)(i) or (a)(4) of the clauses at FAR 52.230-3 and FAR

52.230-4; and

(2) Repay the Government for any aggregate increased cost paid to the Contractor.

(l) For all subcontracts subject to the clauses at FAR 52.230-2, 52.230-3, 52.230-4, or 52.230-5-

52.2-290

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.231

(1) So state in the body of the subcontract, in the letter of award, or in both (do not use self-deleting clauses);

(2) Include the substance of this clause in all negotiated subcontracts; and

(3) Within 30 days after award of the subcontract, submit the following information to the Contractor's CFAO:

(i) Subcontractor's name and subcontract number.

(ii) Dollar amount and date of award.

(iii) Name of Contractor making the award.

(m) Notify the CFAO in writing of any adjustments required to subcontracts under this contract and agree to an adjustment

to this contract price or estimated cost and fee. The Contractor shall-

(1) Provide this notice within 30 days after the Contractor receives the proposed subcontract adjustments; and

(2) Include a proposal for adjusting the higher-tier subcontract or the contract appropriately.

(n) For subcontracts containing the clause or substance of the clause at FAR 52.230-2, FAR 52.230-3, FAR 52.230-4, or FAR 52.230-5, require the subcontractor to comply with all Standards in effect on the date of award or of final agreement on price, as shown on the subcontractor's signed Certificate of Current Cost or Pricing Data, whichever is earlier.

(End of clause)

52.230-7 Proposal Disclosure-Cost Accounting Practice Changes.

As prescribed in 30.204(c), insert the following provision:

PROPOSAL DISCLOSURE-COST ACCOUNTING PRACTICE CHANGES (APR 2005)

The offeror shall check "yes" below if the contract award will result in a required or unilateral change in cost accounting practice, including unilateral changes requested to be desirable changes.

? Yes ? No

If the offeror checked "Yes" above, the offeror shall-

- (1) Prepare the price proposal in response to the solicitation using the changed practice for the period of performance

for which the practice will be used; and

- (2) Submit a description of the changed cost accounting practice to the Contracting Officer and the Cognizant Federal

Agency Official as pricing support for the proposal.

(End of provision)

52.2-292

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-4

52.232 [Reserved]

52.232-1 Payments.

As prescribed in 32.111(a)(1), insert the following clause:

PAYMENTS (APR 1984)

The Government shall pay the Contractor, upon the submission of proper invoices or vouchers, the prices stipulated in this

contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract.

Unless otherwise specified in this contract, payment shall be made on partial deliveries accepted by the Government if-

- (a) The amount due on the deliveries warrants it; or
- (b) The Contractor requests it and the amount due on the deliveries is at least \$1,000 or 50 percent of the total contract

price.

(End of clause)

52.232-2 Payments under Fixed-Price Research and Development Contracts.

As prescribed in 32.111(a)(2), insert the following clause:

PAYMENTS UNDER FIXED-PRICE RESEARCH AND DEVELOPMENT CONTRACTS (APR 1984)

The Government shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for work delivered or rendered and accepted, less any deductions provided in this contract. Unless

otherwise

specified, payment shall be made upon acceptance of any portion of the work delivered or rendered for which a price is separately stated in the contract.

(End of clause)

52.232-3 Payments under Personal Services Contracts.

As prescribed in 32.111(a)(3), insert the following clause:

PAYMENTS UNDER PERSONAL SERVICES CONTRACTS (DEVIATION DATE)

The Government shall pay the Contractor for the services performed by the Contractor, as set forth in the Schedule of this

contract, at the rates prescribed, upon the submission by the Contractor of proper invoices or time statements to the office or

officer designated and at the time provided for in this contract. The Government shall also pay the Contractor-

- (a) A per diem rate in lieu of subsistence for each day the Contractor is in a travel status away from home or regular

place of employment in accordance with Federal Travel Regulations (41 CFR Subtitle F) as authorized in appropriate Travel

Orders; and

- (b) Any other transportation expenses if provided for in the Schedule.

(End of clause)

52.232-4 Payments under Transportation Contracts and Transportation-Related Services Contracts.

As prescribed in 32.111(a)(4), insert the following clause:

PAYMENTS UNDER TRANSPORTATION CONTRACTS AND TRANSPORTATION-RELATED SERVICES CONTRACTS (APR 1984)

The Government shall pay the Contractor upon the submission of properly certified invoices or vouchers, the amount due

for services rendered and accepted, less deductions, if any, as herein provided.

(End of clause)

52.2-293

52.232-5 FEDERAL ACQUISITION REGULATION

52.232-5 Payments under Fixed-Price Construction Contracts.

As prescribed in 32.111(a)(5), insert the following clause:

PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (MAY 2014)

- (a) Payment of price. The Government shall pay the Contractor the contract price as provided in this contract.

- (b) Progress payments. The Government shall make progress payments monthly as the work proceeds, or at more frequent

intervals as determined by the Contracting Officer, on estimates of work accomplished which meets the standards of quality

established under the contract, as approved by the Contracting Officer.

- (1) The Contractor's request for progress payments shall include the following substantiation:

- (i) An itemization of the amounts requested, related to the various elements of work required by the contract covered

by the payment requested.

- (ii) A listing of the amount included for work performed by each subcontractor under the contract.

- (iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by the Contracting Officer.

(2) In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory

work done to be taken into consideration. Material delivered to the Contractor at locations other than the site also may be

taken into consideration if-

(i) Consideration is specifically authorized by this contract; and

(ii) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) Contractor certification. Along with each request for progress payments, the Contractor shall furnish the following

certification, or payment shall not be made: (However, if the Contractor elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that-

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the

contract;

(2) All payments due to subcontractors and suppliers from previous payments received under the contract have been

made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with

subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or

retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

_____(Name)

_____(Title)

_____(Date)

(d) Refund of unearned amounts. If the Contractor, after making a certified request for progress payments, discovers

that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided

in paragraph (j) of this clause) equal to interest on the unearned amount from the 8th day after the date of receipt of the unearned amount until-

(i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) Retainage. If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if

satisfactory

progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment

until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and

52.2-294

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-7

acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in

the contract, payment shall be made for the completed work without retention of a percentage.

(f) Title, liability, and reservation of rights. All material and work covered by progress payments made shall, at the time of

payment, become the sole property of the Government, but this shall not be construed as-

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been

made or the restoration of any damaged work; or

(2) Waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(g) Reimbursement for bond premiums. In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and

reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The

retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond

premiums.

(h) Final payment. The Government shall pay the amount due the Contractor under this contract after-

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in

stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required

of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of

Claims Act of 1940 (31 U.S.C. 3727 and 41 U.S.C. 6305).

(i) Limitation because of undefinitized work. Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting

in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications

issued pursuant to the Changes clause, or funding and other administrative changes.

(j) Interest computation on unearned amounts. In accordance with 31 U.S.C. 3903(c)(1), the amount payable under paragraph (d)(2) of this clause shall be-

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction

of such bills prior to the date the Contractor receives the unearned amount; and

(2) Deducted from the next available payment to the Contractor.

(End of clause)

52.232-6 Payment under Communication Service Contracts with Common Carriers.

As prescribed in 32.111(a)(6), insert the following clause:

PAYMENT UNDER COMMUNICATION SERVICE CONTRACTS WITH COMMON CARRIERS (APR 1984)

The Government shall pay the Contractor, in arrears, upon submission of invoices for services and facilities furnished in accordance with the terms of CSAs issued under this contract, the rates and charges for the services and facilities as set forth

in the clause entitled "Rates, Charges and Services."

(End of clause)

52.232-7 Payments under Time-and-Materials and Labor-Hour Contracts.

As prescribed in 32.111(a)(7), insert the following clause:

PAYMENTS UNDER TIME-AND-MATERIALS AND LABOR-HOUR CONTRACTS (NOV 2021)

The Government will pay the Contractor as follows upon the submission of vouchers approved by the Contracting Officer

or the authorized representative:

(a) Hourly rate. (1) Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor

category qualifications of a labor category specified in the contract that are-

(i) Performed by the Contractor;

52.2-295

52.232-7 FEDERAL ACQUISITION REGULATION

(ii) Performed by the subcontractors; or

(iii) Transferred between divisions, subsidiaries, or affiliates of the Contractor under a common control.

(2) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the Schedule by the

number of direct labor hours performed.

(3) The hourly rates shall be paid for all labor performed on the contract that meets the labor qualifications specified

in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by employees that do not meet the qualifications specified in the contract, unless

specifically authorized by the Contracting Officer.

(4) The hourly rates shall include wages, indirect costs, general and administrative expense, and profit. Fractional parts

of an hour shall be payable on a prorated basis.

(5) Vouchers may be submitted not more than once every two weeks, to the Contracting Officer or authorized representative. A small business concern may receive more frequent payments than every two weeks. The Contractor shall

substantiate vouchers (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual

payment and by-

- (i) Individual daily job timekeeping records;
- (ii) Records that verify the employees meet the qualifications for the labor categories specified in the contract; or
- (iii) Other substantiation approved by the Contracting Officer.

(6) Promptly after receipt of each substantiated voucher, the Government shall, except as otherwise provided in this

contract, and subject to the terms of paragraph (e) of this clause, pay the voucher as approved by the Contracting Officer or

authorized representative.

(7) Unless otherwise prescribed in the Schedule, the Contracting Officer may unilaterally issue a contract modification

requiring the Contractor to withhold amounts from its billings until a reserve is set aside in an amount that the Contracting

Officer considers necessary to protect the Government's interests. The Contracting Officer may require a withhold of 5 percent of the amounts due under paragraph (a) of this clause, but the total amount withheld for the contract shall not exceed

\$50,000. The amounts withheld shall be retained until the Contractor executes and delivers the release required by paragraph

(g) of this clause.

(8) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the

Contractor having performed work on an overtime basis. If no overtime rates are provided in the Schedule and overtime work

is approved in advance by the Contracting Officer, overtime rates shall be negotiated. Failure to agree upon these overtime

rates shall be treated as a dispute under the Disputes clause of this contract. If the Schedule provides rates for overtime, the

premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(b) Materials. (1) For the purposes of this clause-

(i) Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(ii) Materials means-

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the Contractor

under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the

contract;

(C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract,

travel, computer usage charges, etc.); and

(D) Applicable indirect costs.

(2) If the Contractor furnishes its own materials that meet the definition of a commercial product or commercial service

in Federal Acquisition Regulation (FAR) 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the-

- (i) Quantities being acquired; and
- (ii) Actual cost of any modifications necessary because of contract requirements.

(3) Except as provided for in paragraph (b)(2) of this clause, the Government will reimburse the Contractor for allowable cost of materials provided the Contractor-

- (i) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or
- (ii) Ordinarily makes these payments within 30 days of the submission of the Contractor's payment request to the Government and such payment is in accordance with the terms and conditions of the agreement or invoice.

52.2-296

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-7

(4) Payment for materials is subject to the Allowable Cost and Payment clause of this contract. The Contracting Officer

will determine allowable costs of materials in accordance with FAR subpart 31.2 in effect on the date of this contract.

(5) The Contractor may include allocable indirect costs and other direct costs to the extent they are-

- (i) Comprised only of costs that are clearly excluded from the hourly rate;
- (ii) Allocated in accordance with the Contractor's written or established accounting practices; and
- (iii) Indirect costs are not applied to subcontracts that are paid at the hourly rates.

(6) To the extent able, the Contractor shall-

- (i) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and
- (ii) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When

unable to take advantage of the benefits, the Contractor shall promptly notify the Contracting Officer and give the reasons.

The Contractor shall give credit to the Government for cash and trade discounts, rebates, scrap, commissions, and other

amounts that have accrued to the benefit of the Contractor, or would have accrued except for the fault or neglect of the Contractor. The Contractor shall not deduct from gross costs the benefits lost without fault or neglect on the part of the Contractor, or lost through fault of the Government.

(7) Except as provided for in 31.205-26(e) and (f), the Government will not pay profit or fee to the prime Contractor on

materials.

- (c) If the Contractor enters into any subcontract that requires consent under the clause at 52.244-2, Subcontracts, without

obtaining such consent, the Government is not required to reimburse the Contractor for any costs incurred under the subcontract prior to the date the Contractor obtains the required consent. Any reimbursement of subcontract costs incurred

prior to the date the consent was obtained shall be at the sole discretion of the Government.

- (d) Total cost. It is estimated that the total cost to the Government for the performance of this contract shall not exceed the

ceiling price set forth in the Schedule, and the Contractor agrees to use its best efforts to perform the work specified in

the

Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe

that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days,

if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the

Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the Government for performing

this contract with supporting reasons and documentation. If at any time during performing this contract, the Contractor has

reason to believe that the total price to the Government for performing this contract will be substantially greater or less than

the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price

for performing this contract, with supporting reasons and documentation. If at any time during performing this contract, the

Government has reason to believe that the work to be required in performing this contract will be substantially greater or less

than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total

amount of effort to be required under the contract.

(e) Ceiling price. The Government will not be obligated to pay the Contractor any amount in excess of the ceiling price

in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price

set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has

been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this

contract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and

material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same

extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(f) Audit. At any time before final payment under this contract, the Contracting Officer may request audit of the vouchers

and supporting documentation. Each payment previously made shall be subject to reduction to the extent of amounts, on

preceding vouchers, that are found by the Contracting Officer or authorized representative not to have been properly payable

and shall also be subject to reduction for overpayments or to increase for underpayments. Upon receipt and approval of the

voucher designated by the Contractor as the "completion voucher" and supporting documentation, and upon compliance

by the Contractor with all terms of this contract (including, without limitation, terms relating to patents and the terms of paragraph (g) of this clause), the Government shall promptly pay any balance due the Contractor. The completion voucher, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 120 days (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(g) Assignment and Release of Claims. The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and

52.2-297

52.232-8 FEDERAL ACQUISITION REGULATION

as a condition precedent to final payment under this contract, a release discharging the Government, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions:

(1) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by the Contractor.

(2) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier.

(3) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(h) Interim payments on contracts for other than services. (1) Interim payments made prior to the final payment under the contract are contract financing payments. Contract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act.

(2) The designated payment office will make interim payments for contract financing on the _____ [Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30th] day after the designated billing office receives a proper payment request. In the event that the Government requires an audit or other review of a specific payment request to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to

make payment by the specified due date.

(i) Interim payments on contracts for services. For interim payments made prior to the final payment under this contract,

the Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(End of clause)

52.232-8 Discounts for Prompt Payment.

As prescribed in 32.111(b)(1), insert the following clause:

DISCOUNTS FOR PROMPT PAYMENT (FEB 2002)

(a) Discounts for prompt payment will not be considered in the evaluation of offers. However, any offered discount will

form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror.

As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.

(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice.

If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing

office receives a proper invoice, provided the agency annotates such invoice with the date of receipt at the time of receipt.

For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears

on the payment check or, for an electronic funds transfer, the specified payment date. When the discount date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to

be conducted, payment may be made on the following business day.

(End of clause)

52.232-9 Limitation on Withholding of Payments.

As prescribed in 32.111(b)(2), insert the following clause:

LIMITATION ON WITHHOLDING OF PAYMENTS (APR 1984)

If more than one clause or Schedule term of this contract authorizes the temporary withholding of amounts otherwise payable to the Contractor for supplies delivered or services performed, the total of the amounts withheld at any one time shall

52.2-298

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-12

not exceed the greatest amount that may be withheld under any one clause or Schedule term at that time; provided, that this

limitation shall not apply to-

(a) Withholdings pursuant to any clause relating to wages or hours of employees;

(b) Withholdings not specifically provided for by this contract;

(c) The recovery of overpayments; and

(d) Any other withholding for which the Contracting Officer determines that this limitation is inappropriate.

(End of clause)

52.232-10 Payments under Fixed-Price Architect-Engineer Contracts.

As prescribed in 32.111(c)(1), insert the following clause:

PAYMENTS UNDER FIXED-PRICE ARCHITECT-ENGINEER CONTRACTS (APR 2010)

(a) Estimates shall be made monthly of the amount and value of the work and services performed by the Contractor under

this contract which meet the standards of quality established under this contract. The estimates, along with any supporting

data required by the Contracting Officer, shall be prepared by the Contractor and submitted along with its voucher.

(b) After receipt of each substantiated voucher, the Government shall pay the voucher as approved by the Contracting

Officer or authorized representative. The Contracting Officer shall require a withholding from amounts due under paragraph

(a) of this clause of up to 10 percent only if the Contracting Officer determines that such a withholding is necessary to protect

the Government's interest and ensure satisfactory completion of the contract. The amount withheld shall be determined based

upon the Contractor's performance record under this contract. Whenever the Contracting Officer determines that the work is

substantially complete and that the amount retained is in excess of the amount adequate for the protection of the Government,

the Contracting Officer shall release the excess amount to the Contractor.

(c) Upon satisfactory completion by the Contractor and final acceptance by the Contracting Officer of all the work done by

the Contractor under the "Statement of Architect-Engineer Services", the Contractor will be paid the unpaid balance of any

money due for work under the statement, including all withheld amounts.

(d) Before final payment under the contract, or before settlement upon termination of the contract, and as a condition

precedent thereto, the Contractor shall execute and deliver to the Contracting Officer a release of all claims against the Government arising under or by virtue of this contract, other than any claims that are specifically excepted by the Contractor

from the operation of the release in amounts stated in the release.

(e) Notwithstanding any other provision in this contract, and specifically paragraph (b) of this clause, progress payments

shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services,

but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(End of clause)

52.232-11 Extras.

As prescribed in 32.111(c)(2), insert the following clause:

EXTRAS (APR 1984)

Except as otherwise provided in this contract, no payment for extras shall be made unless such extras and the price

therefor have been authorized in writing by the Contracting Officer.

(End of clause)

52.232-12 Advance Payments.

As prescribed in 32.412(a), insert the following clause:

ADVANCE PAYMENTS (DEVIATION DATE)

52.2-299

52.232-12 FEDERAL ACQUISITION REGULATION

(a) Requirements for payment. Advance payments will be made under this contract (1) upon submission of properly certified invoices or vouchers by the Contractor, and approval by the administering office, ____ [Insert the name of the office designated under agency procedures], or (2) under a letter of credit. The amount of the invoice or voucher submitted plus all advance payments previously approved shall not exceed \$____. If a letter of credit is used, the Contractor shall withdraw cash only when needed for disbursements acceptable under this contract and report cash disbursements and balances as required by the administering office. The Contractor shall apply terms similar to this clause to any advance payments to subcontractors.

(b) Special account. Until (1) the Contractor has liquidated all advance payments made under the contract and related interest charges and (2) the administering office has approved in writing the release of any funds due and payable to the Contractor, all advance payments and other payments under this contract shall be made by check payable to the Contractor marked for deposit only in the Contractor's special account with the ____ [insert the name of the financial institution]. None of the funds in the special account shall be mingled with other funds of the Contractor. Withdrawals from the special account may be made only by check of the Contractor countersigned by the Contracting Officer or a Government countersigning agent designated in writing by the Contracting Officer.

(c) Use of funds. The Contractor may withdraw funds from the special account only to pay for properly allocable, allowable, and reasonable costs for direct materials, direct labor, and indirect costs. Other withdrawals require approval in writing by the administering office. Determinations of whether costs are properly allocable, allowable, and reasonable shall be in accordance with generally accepted accounting principles, subject to any applicable subparts of part 31 of the Federal Acquisition Regulation.

(d) Repayment to the Government. At any time, the Contractor may repay all or any part of the funds advanced by the Government. Whenever requested in writing to do so by the administering office, the Contractor shall repay to the Government any part of unliquidated advance payments considered by the administering office to exceed the Contractor's current requirements or the amount specified in paragraph (a) above. If the Contractor fails to repay the amount requested by

the administering office, all or any part of the unliquidated advance payments may be withdrawn from the special account

by check signed by only the countersigning agent and applied to reduction of the unliquidated advance payments under this

contract.

(e) Maximum payment. When the sum of all unliquidated advance payments, unpaid interest charges, and other payments

exceed _ percent of the contract price, the Government shall withhold further payments to the Contractor. On completion

or termination of the contract, the Government shall deduct from the amount due to the Contractor all unliquidated advance

payments and all interest charges payable. If previous payments to the Contractor exceed the amount due, the excess amount

shall be paid to the Government on demand. For purposes of this paragraph, the contract price shall be considered to be the

stated contract price of \$____, less any subsequent price reductions under the contract, plus (1) any price increases resulting

from any terms of this contract for price redetermination or escalation, and (2) any other price increases that do not, in the

aggregate, exceed \$____ [Insert an amount not higher than 10 percent of the stated contract amount inserted in this paragraph].

Any payments withheld under this paragraph shall be applied to reduce the unliquidated advance payments. If full liquidation

has been made, payments under the contract shall resume.

(f) Interest.

(1) The Contractor shall pay interest to the Government on the daily unliquidated advance payments at the daily rate

specified in subparagraph (f)(3) of this clause. Interest shall be computed at the end of each calendar month for the actual

number of days involved. For the purpose of computing the interest charge?

(i) Advance payments shall be considered as increasing the unliquidated balance as of the date of the advance payment check;

(ii) Repayments by Contractor check shall be considered as decreasing the unliquidated balance as of the date on which the check is received by the Government authority designated by the Contracting Officer; and

(iii) Liquidations by deductions from Government payments to the Contractor shall be considered as decreasing the unliquidated balance as of the date of the check for the reduced payment.

(2) Interest charges resulting from the monthly computation shall be deducted from payments, other than advance

payments, due the Contractor. If the accrued interest exceeds the payment due, any excess interest shall be carried forward

and deducted from subsequent payments. Interest carried forward shall not be compounded. Interest on advance payments

shall cease to accrue upon satisfactory completion or termination of the contract for the convenience of the Government. The

Contractor shall charge interest on advance payments to subcontractors in the manner described above and credit the

interest

to the Government. Interest need not be charged on advance payments to nonprofit educational or research subcontractors for experimental, developmental, or research work.

52.2-300

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-12

(3) If interest is required under the contract, the Contracting Officer shall determine a daily interest rate based on the

higher of

(i) the published prime rate of the financial institution (depository) in which the special account is established or

(ii) the rate established by the Secretary of the Treasury under Pub. L. 92-41 (41 U.S.C. 7109(b)). The Contracting Officer shall revise the daily interest rate during the contract period in keeping with any changes in the cited interest rates.

(4) If the full amount of interest charged under this paragraph has not been paid by deduction or otherwise upon

completion or termination of this contract, the Contractor shall pay the remaining interest to the Government on demand.

(g) Financial institution agreement. Before an advance payment is made under this contract, the Contractor shall transmit

to the administering office, in the form prescribed by the administering office, an agreement in triplicate from the financial

institution in which the special account is established, clearly setting forth the special character of the account and the responsibilities of the financial institution under the account. The Contractor shall select a financial institution that is a member bank of the Federal Reserve System, an "insured" bank within the meaning of the Federal Deposit Insurance Corporation Act (12 U.S.C. 1811), or a credit union insured by the National Credit Union Administration.

(h) Lien on Special Bank Account. The Government shall have a lien upon any balance in the special account paramount

to all other liens. The Government lien shall secure the repayment of any advance payments made under this contract and any related interest charges.

(i) Lien on property under contract.

(1) All advance payments under this contract, together with interest charges, shall be secured, when made, by a lien

in favor of the Government, paramount to all other liens, on the supplies or other things covered by this contract and on all material and other property acquired for or allocated to the performance of this contract, except to the extent that the Government by virtue of any other terms of this contract, or otherwise, shall have valid title to the supplies, materials, or other property as against other creditors of the Contractor.

(2) The Contractor shall identify, by marking or segregation, all property that is subject to a lien in favor of the Government by virtue of any terms of this contract in such a way as to indicate that it is subject to a lien and that it has been

acquired for or allocated to performing this contract. If, for any reason, the supplies, materials, or other property are not identified by marking or segregation, the Government shall be considered to have a lien to the extent of the Government's

interest under this contract on any mass of property with which the supplies, materials, or other property are

commingled.

The Contractor shall maintain adequate accounting control over the property on its books and records.

(3) If, at any time during the progress of the work on the contract, it becomes necessary to deliver to a third person any

items or materials on which the Government has a lien, the Contractor shall notify the third person of the lien and shall obtain

from the third person a receipt in duplicate acknowledging the existence of the lien. The Contractor shall provide a copy of

each receipt to the Contracting Officer.

(4) If, under the termination clause, the Contracting Officer authorizes the Contractor to sell or retain termination

inventory, the approval shall constitute a release of the Government's lien to the extent that?

(i) The termination inventory is sold or retained; and

(ii) The sale proceeds or retention credits are applied to reduce any outstanding advance payments.

(j) Insurance.

(1) The Contractor shall maintain with responsible insurance carriers?

(i) Insurance on plant and equipment against fire and other hazards, to the extent that similar properties are usually insured by others operating plants and properties of similar character in the same general locality;

(ii) Adequate insurance against liability on account of damage to persons or property; and

(iii) Adequate insurance under all applicable workers' compensation laws.

(2) Until work under this contract has been completed and all advance payments made under the contract have been

liquidated, the Contractor shall?

(i) Maintain this insurance;

(ii) Maintain adequate insurance on any materials, parts, assemblies, subassemblies, supplies, equipment, and other

property acquired for or allocable to this contract and subject to the Government lien under paragraph (i) of this clause; and

(iii) Furnish any evidence with respect to its insurance that the administering office may require.

(k) Default.

(1) If any of the following events occurs, the Government may, by written notice to the Contractor, withhold further

withdrawals from the special account and further payments on this contract:

(i) Termination of this contract for a fault of the Contractor.

(ii) A finding by the administering office that the Contractor has failed to?

52.2-301

52.232-12 FEDERAL ACQUISITION REGULATION

(A) Observe any of the conditions of the advance payment terms;

(B) Comply with any material term of this contract;

(C) Make progress or maintain a financial condition adequate for performance of this contract;

(D) Limit inventory allocated to this contract to reasonable requirements; or

(E) Avoid delinquency in payment of taxes or of the costs of performing this contract in the ordinary course of

business.

(iii) The appointment of a trustee, receiver, or liquidator for all or a substantial part of the Contractor's property, or the institution of proceedings by or against the Contractor for bankruptcy, reorganization, arrangement, or liquidation.

(iv) The service of any writ of attachment, levy of execution, or commencement of garnishment proceedings concerning the special account.

(v) The commission of an act of bankruptcy.

(2) If any of the events described in subparagraph (k)(1) of this clause continue for 30 days after the written notice to

the Contractor, the Government may take any of the following additional actions:

(i) Withdraw by checks payable to the Treasurer of the United States, signed only by the countersigning agency, all or any part of the balance in the special account and apply the amounts to reduce outstanding advance payments and any

other claims of the Government against the Contractor.

(ii) Charge interest, in the manner prescribed in paragraph (f) of this clause, on outstanding advance payments during the period of any event described in subparagraph (k)(1) of this clause.

(iii) Demand immediate repayment by the Contractor of the unliquidated balance of advance payments.

(iv) Take possession of and, with or without advertisement, sell at public or private sale all or any part of the property on which the Government has a lien under this contract and, after deducting any expenses incident to the sale, apply

the net proceeds of the sale to reduce the unliquidated balance of advance payments or other Government claims against the

Contractor.

(3) The Government may take any of the actions described in subparagraphs (k) (1) and (2) of this clause it considers

appropriate at its discretion and without limiting any other rights of the Government.

(l) Prohibition against assignment. Notwithstanding any other terms of this contract, the Contractor shall not assign this

contract, any interest therein, or any claim under the contract to any party.

(m) Information and access to records. The Contractor shall furnish to the administering office (1) monthly or at other

intervals as required, signed or certified balance sheets and profit and loss statements together with a report on the operation

of the special account in the form prescribed by the administering office; and (2) if requested, other information concerning

the operation of the Contractor's business. The Contractor shall provide the authorized Government representatives proper

facilities for inspection of the Contractor's books, records, and accounts.

(n) Other security. The terms of this contract are considered to provide adequate security to the Government for advance

payments; however, if the administering office considers the security inadequate, the Contractor shall furnish additional security satisfactory to the administering office, to the extent that the security is available.

(o) Representations. The Contractor represents the following:

(1) The balance sheet, the profit and loss statement, and any other supporting financial statements furnished to the

administering office fairly reflect the financial condition of the Contractor at the date shown or the period covered, and there

has been no subsequent materially adverse change in the financial condition of the Contractor.

(2) No litigation or proceedings are presently pending or threatened against the Contractor, except as shown in the financial statements.

(3) The Contractor has disclosed all contingent liabilities, except for liability resulting from the renegotiation of defense production contracts, in the financial statements furnished to the administering office.

(4) None of the terms in this clause conflict with the authority under which the Contractor is doing business or with the provision of any existing indenture or agreement of the Contractor.

(5) The Contractor has the power to enter into this contract and accept advance payments, and has taken all necessary action to authorize the acceptance under the terms of this contract.

(6) The assets of the Contractor are not subject to any lien or encumbrance of any character except for current taxes not delinquent, and except as shown in the financial statements furnished by the Contractor. There is no current assignment of claims under any contract affected by these advance payment provisions.

(7) All information furnished by the Contractor to the administering office in connection with each request for advance payments is true and correct.

52.2-302

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-12

(8) These representations shall be continuing and shall be considered to have been repeated by the submission of each invoice for advance payments.

(p) Covenants. To the extent the Government considers it necessary while any advance payments made under this contract remain outstanding, the Contractor, without the prior written consent of the administering office, shall not?

(1) Mortgage, pledge, or otherwise encumber or allow to be encumbered, any of the assets of the Contractor now owned or subsequently acquired, or permit any preexisting mortgages, liens, or other encumbrances to remain on or attach to any assets of the Contractor which are allocated to performing this contract and with respect to which the Government has a lien under this contract;

(2) Sell, assign, transfer, or otherwise dispose of accounts receivable, notes, or claims for money due or to become due;

(3) Declare or pay any dividends, except dividends payable in stock of the corporation, or make any other distribution

on account of any shares of its capital stock, or purchase, redeem, or otherwise acquire for value any of its stock, except as

required by sinking fund or redemption arrangements reported to the administering office incident to the establishment of

these advance payment provisions;

(4) Sell, convey, or lease all or a substantial part of its assets;

(5) Acquire for value the stock or other securities of any corporation, municipality, or governmental authority, except

direct obligations of the United States;

(6) Make any advance or loan or incur any liability as guarantor, surety, or accommodation endorser for any party;

(7) Permit a writ of attachment or any similar process to be issued against its property without getting a release or

bonding the property within 30 days after the entry of the writ of attachment or other process;

(8) Pay any remuneration in any form to its directors, officers, or key employees higher than rates provided in existing

agreements of which notice has been given to the administering office; accrue excess remuneration without first obtaining an

agreement subordinating it to all claims of the Government; or employ any person at a rate of compensation over \$____ a year;

(9) Change substantially the management, ownership, or control of the corporation;

(10) Merge or consolidate with any other firm or corporation, change the type of business, or engage in any transaction

outside the ordinary course of the Contractor's business as presently conducted;

(11) Deposit any of its funds except in a bank or trust company insured by the Federal Deposit Insurance Corporation

or a credit union insured by the National Credit Union Administration;

(12) Create or incur indebtedness for advances, other than advances to be made under the terms of this contract, or for

borrowings;

(13) Make or covenant for capital expenditures exceeding \$____ in total;

(14) Permit its net current assets, computed in accordance with generally accepted accounting principles, to become

less than \$____; or

(15) Make any payments on account of the obligations listed below, except in the manner and to the extent provided in

this [Contracting officer to list the pertinent obligations.] _____.

(End of clause)

Alternate I (APR 1984). If the agency desires to waive the countersignature requirement because of the Contractor's financial strength, good performance record, and favorable experience concerning cost disallowances, add the following

sentence, if appropriate, to paragraph (b) of the basic clause:

However, for this contract, countersignature on behalf of the Government will not be required unless it is determined necessary by the administering office.

Alternate II (MAY 2001). If used in a cost-reimbursement contract, substitute the following paragraphs (c) and (e), and paragraphs (f)(1) and (f)(2) for paragraphs (c) and (e) and paragraphs (f)(1) and (2) of the basic clause:

(c) Use of funds. The Contractor shall withdraw funds from the special account only to pay for allowable costs as prescribed by the _____ clause of this contract. Payment for any other types of expenses shall be approved in writing by the

administering office.

(e) Maximum payment. When the sum of all unliquidated advance payments, unpaid interest charges, and other payments

equal the total estimated cost of \$_____ (not including fixed-fee, if any) for the work under this contract, the Government

shall withhold further payments to the Contractor. Upon completion or termination of the contract, the Government shall deduct from the amount due to the Contractor all unliquidated advance payments and interest charges payable. The

Contractor shall pay any deficiency to the Government upon demand. For purposes of this paragraph, the estimated cost

52.2-303

52.232-12 FEDERAL ACQUISITION REGULATION

shall be considered to be the stated estimated cost, less any subsequent reductions of the estimated cost, plus any increases

in the estimated costs that do not, in the aggregate, exceed \$_____ [Insert an amount not higher than 10 percent of the stated estimated cost inserted in this paragraph]. The estimated cost shall include, without limitation, any reimbursable cost

(as estimated by the Contracting Officer) incident to a termination for the convenience of the Government. Any payments

withheld under this paragraph shall be applied to reduce the unliquidated advance payments. If full liquidation has been made, payments under the contract shall resume.

(f) Interest. (1) The Contractor shall pay interest to the Government on the daily unliquidated advance payments at the

daily rate specified in paragraph (f)(3) of this clause. Interest shall be computed at the end of each calendar month for the

actual number of days involved. For the purpose of computing the interest charge, the following shall be observed:

(i) Advance payments shall be considered as increasing the unliquidated balance as of the date of the advance payment check.

(ii) Repayments by Contractor check shall be considered as decreasing the unliquidated balance as of the date on which the check is received by the Government authority designated by the Contracting Officer.

(iii) Liquidations by deductions from payments to the Contractor shall be considered as decreasing the unliquidated balance as of the dates on which the Contractor presents to the Contracting Officer full and accurate data for the preparation

of each voucher. Credits resulting from these deductions shall be made upon the approval of the reimbursement vouchers by

the Disbursing Officer, based upon the Contracting Officer's certification of the applicable dates.

(2) Interest charges resulting from the monthly computation shall be deducted from any payments on account of the

fixed-fee due to the Contractor. If the accrued interest exceeds the payment due, any excess interest shall be carried forward

and deducted from subsequent payments of the contract price or fixed-fee. Interest carried forward shall not be compounded.

Interest on advance payments shall cease to accrue upon (i) satisfactory completion or (ii) termination of the contract for the

convenience of the Government. The Contractor shall charge interest on advance payments to subcontractors in the manner

described above and credit the interest to the Government. Interest need not be charged on advance payments to nonprofit

educational or research subcontractors for experimental, developmental, or research work.

Alternate III (APR 1984). If the agency considers a more rapid liquidation appropriate, add the following sentence as the first sentence of paragraph (e) of the basic clause with the appropriate percentage specified:

To liquidate the principal amount of any advance payment made to the Contractor, there shall be deductions of _____ percent

from all payments made by the Government under the contracts involved.

Alternate IV (APR 1984). If the agency provides advance payments under the contract at no interest to the prime contractor, add the following sentences as the beginning sentences of paragraph (f) of the clause:

No interest shall be charged to the prime Contractor for advance payments except for interest charged during a period of default. The terms of this paragraph concerning interest charges for advance payments shall not apply to the prime Contractor.

Alternate V (MAY 2001). If the requirement for a special account is eliminated in accordance with 32.409-3(e) or (g), insert the clause set forth below instead of the basic clause.

If this Alternate is used in combination with Alternate II, disregard the instructions concerning paragraph (c), Use of funds, in Alternate II; substitute paragraph (e), Maximum payment, in Alternate II for paragraph (d) below; and substitute

paragraph (f), Interest, in Alternate II for paragraph (e) below and change the reference to paragraph (f)(3) in the first sentence of paragraph (f) of Alternate II to (e)(3).

If this Alternate is used in combination with Alternate III, insert the additional sentence set forth in Alternate III as the first

sentence of paragraph (d) of this Alternate.

If this Alternate is used in combination with Alternate IV, insert the additional sentences set forth in Alternate IV as the beginning sentences of paragraph (e) of this Alternate.

ADVANCE PAYMENTS WITHOUT SPECIAL ACCOUNT (DATE DEVIATION)

(a) Requirements for payment. Advance payments will be made under this contract (1) upon submission of properly certified invoices or vouchers by the contractor, and approval by the administering office, _____ [insert the name of the

office designated under agency procedures], or (2) under a letter of credit. The amount of the invoice or voucher submitted

plus all advance payments previously approved shall not exceed \$____. If a letter of credit is used, the Contractor shall withdraw cash only when needed for disbursements acceptable under this contract and report cash disbursements and

52.2-304

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-12

balances as required by the administering office. The Contractor shall apply terms similar to this clause to any advance payments to subcontractors.

(b) Use of funds. The Contractor may use advance payment funds only to pay for properly allocable, allowable, and reasonable costs for direct materials, direct labor, and indirect costs. Determinations of whether costs are properly allocable,

allowable, and reasonable shall be in accordance with generally accepted accounting principles, subject to any applicable

subparts of part 31 of the Federal Acquisition Regulation.

(c) Repayment to the Government. At any time, the Contractor may repay all or any part of the funds advanced by the Government. Whenever requested in writing to do so by the administering office, the Contractor shall repay to the Government any part of unliquidated advance payments considered by the administering office to exceed the Contractor's

current requirements or the amount specified in paragraph (a) of this clause.

(d) Maximum payment. When the sum of all unliquidated advance payments, unpaid interest charges, and other payments

exceed ___ percent of the contract price, the Government shall withhold further payments to the Contractor. On completion

or termination of the contract, the Government shall deduct from the amount due to the Contractor all unliquidated advance

payments and all interest charges payable. If previous payments to the Contractor exceed the amount due, the excess amount

shall be paid to the Government on demand. For purposes of this paragraph, the contract price shall be considered to be the

stated contract price of \$____, less any subsequent price reductions under the contract, plus (1) any price increases resulting

from any terms of this contract for price redetermination or escalation, and (2) any other price increases that do not, in the aggregate, exceed \$____ [insert an amount not higher than 10 percent of the stated contract amount inserted in this paragraph]. Any payments withheld under this paragraph shall be applied to reduce the unliquidated advance payments. If

full liquidation has been made, payments under the contract shall resume.

(e) Interest. (1) The Contractor shall pay interest to the Government on the daily unliquidated advance payments at the

daily rate in subparagraph (e)(3) of this clause. Interest shall be computed at the end of each calendar month for the actual

number of days involved. For the purpose of computing the interest charge?

(i) Advance payments shall be considered as increasing the unliquidated balance as of the date of the advance payment check;

(ii) Repayments by Contractor check shall be considered as decreasing the unliquidated balance as of the date on which the check is received by the Government authority designated by the Contracting Officer; and

(iii) Liquidations by deductions from Government payments to the Contractor shall be considered as decreasing the unliquidated balance as of the date of the check for the reduced payment.

(2) Interest charges resulting from the monthly computation shall be deducted from payments, other than advance

payments, due the Contractor. If the accrued interest exceeds the payment due, any excess interest shall be carried forward

and deducted from subsequent payments. Interest carried forward shall not be compounded. Interest on advance payments

shall cease to accrue upon satisfactory completion or termination of the contract for the convenience of the Government. The

Contractor shall charge interest on advance payments to subcontractors in the manner described above and credit the interest

to the Government. Interest need not be charged on advance payments to nonprofit educational or research

subcontractors, for

experimental, developmental, or research work.

(3) If interest is required under the contract, the Contracting Officer shall determine a daily interest rate based on the

rate established by the Secretary of the Treasury under Pub. L. 92-41 (41 U.S.C. 7109(b)). The Contracting Officer shall

revise the daily interest rate during the contract period in keeping with any changes in the cited interest rate.

(4) If the full amount of interest charged under this paragraph has not been paid by deduction or otherwise upon

completion or termination of this contract, the Contractor shall pay the remaining interest to the Government on demand.

(f) Lien on property under contract.

(1) All advance payments under this contract, together with interest charges, shall be secured, when made, by a lien

in favor of the Government, paramount to all other liens, on the supplies or other things covered by this contract and on all material and other property acquired for or allocated to the performance of this contract, except to the extent that the Government by virtue of any other terms of this contract, or otherwise, shall have valid title to the supplies, materials, or other property as against other creditors of the Contractor.

(2) The Contractor shall identify, by marking or segregation, all property that is subject to a lien in favor of the Government by virtue of any terms of this contract in such a way as to indicate that it is subject to a lien and that it has been

acquired for or allocated to performing this contract. If, for any reason, the supplies, materials, or other property are not identified by marking or segregation, the Government shall be considered to have a lien to the extent of the Government's

interest under this contract on any mass of property with which the supplies, materials, or other property are commingled.

The Contractor shall maintain adequate accounting control over the property on its books and records.

52.2-305

52.232-12 FEDERAL ACQUISITION REGULATION

(3) If, at any time during the progress of the work on the contract, it becomes necessary to deliver to a third person any

items or materials on which the Government has a lien, the Contractor shall notify the third person of the lien and shall obtain

from the third person a receipt in duplicate acknowledging the existence of the lien. The Contractor shall provide a copy of

each receipt to the Contracting Officer.

(4) If, under the termination clause, the Contracting Officer authorizes the contractor to sell or retain termination inventory, the approval shall constitute a release of the Government's lien to the extent that?

(i) The termination inventory is sold or retained; and

(ii) The sale proceeds or retention credits are applied to reduce any outstanding advance payments.

(g) Insurance.

(1) The Contractor shall maintain with responsible insurance carriers?

(i) Insurance on plant and equipment against fire and other hazards, to the extent that similar properties are usually insured by others operating plants and properties of similar character in the same general locality;

(ii) Adequate insurance against liability on account of damage to persons or property; and

(iii) Adequate insurance under all applicable workers' compensation laws.

(2) Until work under this contract has been completed and all advance payments made under the contract have been

liquidated, the Contractor shall?

(i) Maintain this insurance;

(ii) Maintain adequate insurance on any materials, parts, assemblies, subassemblies, supplies, equipment, and other

property acquired for or allocable to this contract and subject to the Government lien under paragraph (f) of this clause; and

(iii) Furnish any evidence with respect to its insurance that the administering office may require.

(h) Default.

(1) If any of the following events occur, the Government may, by written notice to the Contractor, withhold further

payments on this contract:

(i) Termination of this contract for a fault of the Contractor.

(ii) A finding by the administering office that the Contractor has failed to?

(A) Observe any of the conditions of the advance payment terms;

(B) Comply with any material term of this contract;

(C) Make progress or maintain a financial condition adequate for performance of this contract;

(D) Limit inventory allocated to this contract to reasonable requirements; or

(E) Avoid delinquency in payment of taxes or of the costs of performing this contract in the ordinary course of

business.

(iii) The appointment of a trustee, receiver, or liquidator for all or a substantial part of the Contractor's property, or the institution of proceedings by or against the Contractor for bankruptcy, reorganization, arrangement, or liquidation.

(iv) The commission of an act of bankruptcy.

(2) If any of the events described in subparagraph (h)(1) of this clause continue for 30 days after the written notice to

the Contractor, the Government may take any of the following additional actions:

(i) Charge interest, in the manner prescribed in paragraph (e) of this clause, on outstanding advance payments during

the period of any event described in subparagraph (h)(1) of this clause.

(ii) Demand immediate repayment by the Contractor of the unliquidated balance of advance payments.

(iii) Take possession of and, with or without advertisement, sell at public or private sale all or any part of the property on which the Government has a lien under this contract and, after deducting any expenses incident to the sale, apply

the net proceeds of the sale to reduce the unliquidated balance of advance payments or other Government claims against the

Contractor.

(3) The Government may take any of the actions described in subparagraphs (h)(1) and (h)(2) of this clause it considers

appropriate at its discretion and without limiting any other rights of the Government.

(i) Prohibition against assignment. Notwithstanding any other terms of this contract, the Contractor shall not assign this

contract, any interest therein, or any claim under the contract to any party.

(j) Information and access to records. The Contractor shall furnish to the administering office (1) monthly or at other intervals as required, signed or certified balance sheets and profit and loss statements, and (2) if requested, other information concerning the operation of the contractor's business. The Contractor shall provide the authorized Government representatives proper facilities for inspection of the Contractor's books, records, and accounts.

52.2-306

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-12

(k) Other security. The terms of this contract are considered to provide adequate security to the Government for advance

payments; however, if the administering office considers the security inadequate, the Contractor shall furnish additional security satisfactory to the administering office, to the extent that the security is available.

(l) Representations. The Contractor represents the following:

(1) The balance sheet, the profit and loss statement, and any other supporting financial statements furnished to the

administering office fairly reflect the financial condition of the Contractor at the date shown or the period covered, and there

has been no subsequent materially adverse change in the financial condition of the Contractor.

(2) No litigation or proceedings are presently pending or threatened against the Contractor, except as shown in the

financial statements.

(3) The Contractor has disclosed all contingent liabilities, except for liability resulting from the renegotiation of defense

production contracts, in the financial statements furnished to the administering office.

(4) None of the terms in this clause conflict with the authority under which the Contractor is doing business or with the

provision of any existing indenture or agreement of the Contractor.

(5) The Contractor has the power to enter into this contract and accept advance payments, and has taken all necessary

action to authorize the acceptance under the terms of this contract.

(6) The assets of the Contractor are not subject to any lien or encumbrance of any character except for current taxes not

delinquent, and except as shown in the financial statements furnished by the Contractor. There is no current assignment of

claims under any contract affected by these advance payment provisions.

(7) All information furnished by the Contractor to the administering office in connection with each request for advance

payments is true and correct.

(8) These representations shall be continuing and shall be considered to have been repeated by the submission of each

invoice for advance payments.

(p) Covenants. To the extent the Government considers it necessary while any advance payments made under this contract

remain outstanding, the Contractor, without the prior written consent of the administering office, shall not?

(1) Mortgage, pledge, or otherwise encumber or allow to be encumbered, any of the assets of the Contractor now owned or subsequently acquired, or permit any preexisting mortgages, liens, or other encumbrances to remain on or attach to any assets of the Contractor which are allocated to performing this contract and with respect to which the Government has a lien under this contract;

(2) Sell, assign, transfer, or otherwise dispose of accounts receivable, notes, or claims for money due or to become due;

(3) Declare or pay any dividends, except dividends payable in stock of the corporation, or make any other distribution on account of any shares of its capital stock, or purchase, redeem, or otherwise acquire for value any of its stock, except as required by sinking fund or redemption arrangements reported to the administering office incident to the establishment of these advance payment provisions;

(4) Sell, convey, or lease all or a substantial part of its assets;

(5) Acquire for value the stock or other securities of any corporation, municipality, or Governmental authority, except direct obligations of the United States;

(6) Make any advance or loan or incur any liability as guarantor, surety, or accommodation endorser for any party;

(7) Permit a writ of attachment or any similar process to be issued against its property without getting a release or bonding the property within 30 days after the entry of the writ of attachment or other process;

(8) Pay any remuneration in any form to its directors, officers, or key employees higher than rates provided in existing agreements of which notice has been given to the administering office; accrue excess remuneration without first obtaining an agreement subordinating it to all claims of the Government; or employ any person at a rate of compensation over ____ a year.

(9) Change substantially the management, ownership, or control of the corporation;

(10) Merge or consolidate with any other firm or corporation, change the type of business, or engage in any transaction outside the ordinary course of the Contractor's business as presently conducted;

(11) Deposit any of its funds except in a bank or trust company insured by the Federal Deposit Insurance Corporation or a credit union insured by the National Credit Union Administration;

(12) Create or incur indebtedness for advances, other than advances to be made under the terms of this contract, or for borrowings;

(13) Make or covenant for capital expenditures exceeding \$____ in total;

(14) Permit its net current assets, computed in accordance with generally accepted accounting principles, to become less than ____; or

52.2-307

52.232-13 FEDERAL ACQUISITION REGULATION

(15) Make any payments on account of the obligations listed below, except in the manner and to the extent provided in this [Contracting officer to list the pertinent obligations.] _____.

52.232-13 Notice of Progress Payments.

As prescribed in 32.502-3(a), insert the following provision:

NOTICE OF PROGRESS PAYMENTS (APR 1984)

The need for customary progress payments conforming to the regulations in subpart 32.5 of the Federal Acquisition Regulation (FAR) will not be considered as a handicap or adverse factor in the award of the contract. The Progress Payments

clause included in this solicitation will be included in any resulting contract, modified or altered if necessary in accordance

with subsection 52.232-16 and its Alternate I of the FAR. Even though the clause is included in the contract, the clause shall

be inoperative during any time the contractor's accounting system and controls are determined by the Government to be

inadequate for segregation and accumulation of contract costs.

(End of provision)

52.232-14 Notice of Availability of Progress Payments Exclusively for Small Business Concerns.

As prescribed in 32.502-3(b)(2), insert the following provision:

NOTICE OF AVAILABILITY OF PROGRESS PAYMENTS EXCLUSIVELY FOR SMALL BUSINESS CONCERNS (APR 1984)

The Progress Payments clause will be available only to small business concerns. Any bid conditioned upon inclusion of a progress payment clause in the resulting contract will be rejected as nonresponsive if the bidder is not a small business concern.

(End of provision)

52.232-15 Progress Payments Not Included.

As prescribed in 32.502-3(c), insert the following provision:

PROGRESS PAYMENTS NOT INCLUDED (APR 1984)

A progress payments clause is not included in this solicitation, and will not be added to the resulting contract at the time of award. Bids conditioned upon inclusion of a progress payment clause in the resulting contract will be rejected as nonresponsive.

(End of provision)

52.232-16 Progress Payments.

As prescribed in 32.502-4(a), insert the following clause:

PROGRESS PAYMENTS (DEVIATION DATE)

The Government will make progress payments to the Contractor when requested as work progresses, but not more frequently than monthly, in amounts of \$2,500 or more approved by the Contracting Officer, under the following conditions:

(a) Computation of amounts. (1) Unless the Contractor requests a smaller amount, the Government will compute each

progress payment as 80 percent of the Contractor's total costs incurred under this contract whether or not actually paid,

plus

financing payments to subcontractors (see paragraph (j) of this clause), less the sum of all previous progress payments made

by the Government under this contract. The Contracting Officer will consider cost of money that would be allowable under

Federal Acquisition Regulation (FAR) 31.205-10 as an incurred cost for progress payment purposes.

52.2-308

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-16

(2) The amount of financing and other payments for supplies and services purchased directly for the contract are limited

to the amounts that have been paid by cash, check, or other forms of payment, or that are determined due and will be paid to

subcontractors?

(i) In accordance with the terms and conditions of a subcontract or invoice; and

(ii) Ordinarily within 30 days of the submission of the Contractor's payment request to the Government.

(3) The Government will exclude accrued costs of Contractor contributions under employee pension plans until actually

paid unless?

(i) The Contractor's practice is to make contributions to the retirement fund quarterly or more frequently; and

(ii) The contribution does not remain unpaid 30 days after the end of the applicable quarter or shorter payment period (any contribution remaining unpaid shall be excluded from the Contractor's total costs for progress payments until paid).

(4) The Contractor shall not include the following in total costs for progress payment purposes in paragraph (a)(1) of

this clause:

(i) Costs that are not reasonable, allocable to this contract, and consistent with sound and generally accepted accounting principles and practices.

(ii) Costs incurred by subcontractors or suppliers.

(iii) Costs ordinarily capitalized and subject to depreciation or amortization except for the properly depreciated or amortized portion of such costs.

(iv) Payments made or amounts payable to subcontractors or suppliers, except for?

(A) Completed work, including partial deliveries, to which the Contractor has acquired title; and

(B) Work under cost-reimbursement or time-and-material subcontracts to which the Contractor has acquired title.

(5) The amount of unliquidated progress payments may exceed neither (i) the progress payments made against

incomplete work (including allowable unliquidated progress payments to subcontractors) nor (ii) the value, for progress payment purposes, of the incomplete work. Incomplete work shall be considered to be the supplies and services required by

this contract, for which delivery and invoicing by the Contractor and acceptance by the Government are incomplete.

(6) The total amount of progress payments shall not exceed 80 percent of the total contract price.

(7) If a progress payment or the unliquidated progress payments exceed the amounts permitted by subparagraphs (a)(4)

or (a)(5) of this clause, the Contractor shall repay the amount of such excess to the Government on demand.

(8) Notwithstanding any other terms of the contract, the Contractor agrees not to request progress payments in dollar

amounts of less than \$2,500. The Contracting Officer may make exceptions.

(9) The costs applicable to items delivered, invoiced, and accepted shall not include costs in excess of the contract price

of the items.

(b) Liquidation. Except as provided in the Termination for Convenience of the Government clause, all progress payments

shall be liquidated by deducting from any payment under this contract, other than advance or progress payments, the unliquidated progress payments, or 80 percent of the amount invoiced, whichever is less. The Contractor shall repay to the Government any amounts required by a retroactive price reduction, after computing liquidations and payments on past

invoices at the reduced prices and adjusting the unliquidated progress payments accordingly. The Government reserves the

right to unilaterally change from the ordinary liquidation rate to an alternate rate when deemed appropriate for proper contract

financing.

(c) Reduction or suspension. The Contracting Officer may reduce or suspend progress payments, increase the rate of

liquidation, or take a combination of these actions, after finding on substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (f) and

(g) of this clause).

(2) Performance of this contract is endangered by the Contractor's (i) failure to make progress or (ii) unsatisfactory

financial condition.

(3) Inventory allocated to this contract substantially exceeds reasonable requirements.

(4) The Contractor is delinquent in payment of the costs of performing this contract in the ordinary course of business.

(5) The fair value of the undelivered work is less than the amount of unliquidated progress payments for that work.

(6) The Contractor is realizing less profit than that reflected in the establishment of any alternate liquidation rate in

paragraph (b) of this clause, and that rate is less than the progress payment rate stated in subparagraph (a)(1) of this clause.

(d) Title.

52.2-309

52.232-16 FEDERAL ACQUISITION REGULATION

(1) Title to the property described in this paragraph (d) shall vest in the Government. Vestiture shall be immediately

upon the date of this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the

property is or should have been allocable or properly chargeable to this contract.

(2) Property, as used in this clause, includes all of the below-described items acquired or produced by the Contractor

that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices.

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment, and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (d)(2)(ii) of this clause;

and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract, e.g., the

termination clauses, shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract without requesting the Contracting

Officer's approval, but the proceeds shall be credited against the costs of performance.

(5) To acquire for its own use or dispose of property to which title is vested in the Government under this clause,

the Contractor must obtain the Contracting Officer's advance approval of the action and the terms. The Contractor shall (i)

exclude the allocable costs of the property from the costs of contract performance, and (ii) repay to the Government any amount of unliquidated progress payments allocable to the property. Repayment may be by cash or credit memorandum.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all progress payments, title shall vest in the Contractor for all property (or the proceeds thereof) not?

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to

which the Government acquired title solely under this clause.

(e) Risk of loss. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes

the risk. The Contractor shall repay the Government an amount equal to the unliquidated progress payments that are based on

costs allocable to property that is lost (see 45.101).

(f) Control of costs and property. The Contractor shall maintain an accounting system and controls adequate for the proper

administration of this clause.

(g) Reports, forms, and access to records.

(1) The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information

(including estimates to complete) reasonably requested by the Contracting Officer for the administration of this clause. Also, the Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's books, records, and accounts.

(2) The Contractor shall furnish estimates to complete that have been developed or updated within six months of the date of the progress payment request. The estimates to complete shall represent the Contractor's best estimate of total costs to complete all remaining contract work required under the contract. The estimates shall include sufficient detail to permit Government verification.

(3) Each Contractor request for progress payment shall:

(i) Be submitted on Standard Form 1443, Contractor's Request for Progress Payment, or the electronic equivalent as required by agency regulations, in accordance with the form instructions and the contract terms; and
(ii) Include any additional supporting documentation requested by the Contracting Officer.
(h) Special terms regarding default. If this contract is terminated under the Default clause, (i) the Contractor shall, on demand, repay to the Government the amount of unliquidated progress payments and (ii) title shall vest in the Contractor, on full liquidation of progress payments, for all property for which the Government elects not to require delivery under the Default clause. The Government shall be liable for no payment except as provided by the Default clause.

(i) Reservations of rights.

52.2-310

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-16

(1) No payment or vesting of title under this clause shall (i) excuse the Contractor from performance of obligations under this contract or (ii) constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause (i) shall not be exclusive but rather shall be in addition to any other rights and remedies provided by law or this contract and (ii) shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(j) Financing payments to subcontractors. The financing payments to subcontractors mentioned in paragraphs (a)(1) and

(a)(2) of this clause shall be all financing payments to subcontractors or divisions, if the following conditions are met:

(1) The amounts included are limited to?

(i) The unliquidated remainder of financing payments made; plus

(ii) Any unpaid subcontractor requests for financing payments.

(2) The subcontract or interdivisional order is expected to involve a minimum of approximately 6 months

between the

beginning of work and the first delivery; or, if the subcontractor is a small business concern, 4 months.

(3) If the financing payments are in the form of progress payments, the terms of the subcontract or interdivisional order

concerning progress payments?

(i) Are substantially similar to the terms of this clause for any subcontractor that is a large business concern, or this clause with its Alternate I for any subcontractor that is a small business concern;

(ii) Are at least as favorable to the Government as the terms of this clause;

(iii) Are not more favorable to the subcontractor or division than the terms of this clause are to the Contractor;

(iv) Are in conformance with the requirements of FAR 32.504(e); and

(v) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract

to the Government's right to require delivery of the property to the Government if?

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(4) If the financing payments are in the form of performance-based payments, the terms of the subcontract or interdivisional order concerning payments?

(i) Are substantially similar to the Performance-Based Payments clause at FAR 52.232-32 and meet the criteria for, and definition of, performance-based payments in FAR Part 32;

(ii) Are in conformance with the requirements of FAR 32.504(f); and

(iii) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if?

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(5) If the financing payments are in the form of commercial product or commercial service financing payments, the

terms of the subcontract or interdivisional order concerning payments?

(i) Are constructed in accordance with FAR 32.206(c) and included in a subcontract for a commercial product or commercial service purchase that meets the definition and standards for acquisition of commercial products and commercial

services in FAR parts 2 and 12;

(ii) Are in conformance with the requirements of FAR 32.504(g); and

(iii) Subordinate all subcontractor rights concerning property to which the Government has title under the subcontract to the Government's right to require delivery of the property to the Government if?

(A) The Contractor defaults; or

(B) The subcontractor becomes bankrupt or insolvent.

(6) If financing is in the form of progress payments, the progress payment rate in the subcontract is the customary rate

used by the contracting agency, depending on whether the subcontractor is or is not a small business concern.

(7) Concerning any proceeds received by the Government for property to which title has vested in the Government

under the subcontract terms, the parties agree that the proceeds shall be applied to reducing any unliquidated financing payments by the Government to the Contractor under this contract.

(8) If no unliquidated financing payments to the Contractor remain, but there are unliquidated financing payments that

the Contractor has made to any subcontractor, the Contractor shall be subrogated to all the rights the Government obtained

through the terms required by this clause to be in any subcontract, as if all such rights had been assigned and transferred to

the Contractor.

52.2-311

52.232-16 FEDERAL ACQUISITION REGULATION

(9) To facilitate small business participation in subcontracting under this contract, the Contractor shall provide financing payments to small business concerns, in conformity with the standards for customary contract financing payments

stated in FAR 32.113. The Contractor shall not consider the need for such financing payments as a handicap or adverse factor

in the award of subcontracts.

(k) Limitations on undefinitized contract actions. Notwithstanding any other progress payment provisions in this contract,

progress payments may not exceed 80 percent of costs incurred on work accomplished under undefinitized contract actions.

A contract action is any action resulting in a contract, as defined in subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the

contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

This limitation shall apply to the costs incurred, as computed in accordance with paragraph (a) of this clause, and shall remain

in effect until the contract action is definitized. Costs incurred which are subject to this limitation shall be segregated on Contractor progress payment requests and invoices from those costs eligible for higher progress payment rates. For purposes

of progress payment liquidation, as described in paragraph (b) of this clause, progress payments for undefinitized contract

actions shall be liquidated at 80 percent of the amount invoiced for work performed under the undefinitized contract action as

long as the contract action remains undefinitized. The amount of unliquidated progress payments for undefinitized contract

actions shall not exceed 80 percent of the maximum liability of the Government under the undefinitized contract action or

such lower limit specified elsewhere in the contract. Separate limits may be specified for separate actions.

(l) Due date. The designated payment office will make progress payments on the ____ [Contracting Officer insert date as

prescribed by agency head; if not prescribed, insert ?30th?] day after the designated billing office receives a proper progress

payment request. In the event that the Government requires an audit or other review of a specific progress payment request

to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make

payment by the specified due date. Progress payments are considered contract financing and are not subject to the interest

penalty provisions of the Prompt Payment Act.

(m) Progress payments under indefinite delivery contracts. The Contractor shall account for and submit progress payment requests under individual orders as if the order constituted a separate contract, unless otherwise specified in this contract.

(End of clause)

Alternate I (MAR 2000). If the contract is with a small business concern, change each mention of the progress payment and liquidation rates excepting paragraph (k) to the customary rate of 85 percent for small business concerns (see FAR **32.501-1**).

Alternate II (APR 2003). If the contract is a letter contract, add paragraphs (n) and (o). The amount specified in paragraph

(o) shall not exceed 80 percent of the maximum liability of the Government under the letter contract. The contracting officer

may specify separate limits for separate parts of the work.

(n) The Contracting Officer will liquidate progress payments made under this letter contract, unless previously liquidated

under paragraph (b) of this clause, using the following procedures:

(1) If this letter contract is superseded by a definitive contract, unliquidated progress payments made under this letter

contract shall be liquidated by deducting the amount from the first progress or other payments made under the definitive contract.

(2) If this letter contract is not superseded by a definitive contract calling for the furnishing of all or part of the articles or services covered under the letter contract, unliquidated progress payments made under the letter contract shall be

liquidated by deduction from the amount payable under the Termination clause.

(3) If this letter contract is partly terminated and partly superseded by a contract, the Government will allocate the

unliquidated progress payments to the terminated and unterminated portions as the Government deems equitable, and will

liquidate each portion under the relevant procedure in paragraphs (n)(1) and (n)(2) of this clause.

(4) If the method of liquidating progress payments provided in this clause does not result in full liquidation, the Contractor shall immediately pay the unliquidated balance to the Government on demand.

(o) The amount of unliquidated progress payments shall not exceed _____ [Contracting Officer specify dollar amount].

Alternate III (JUN 2020). As prescribed in 32.502-4 (d), add the following paragraph (n) to the basic clause. If Alternate II

is also being used, redesignate the following paragraph as paragraph (p):

52.2-312

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-18

(n) The provisions of this clause will not be applicable to individual orders at or below the simplified acquisition

threshold, as defined in FAR 2.101 on the date of individual order award.

52.232-17 Interest.

As prescribed in 32.611 (a) and (b), insert the following clause:

INTEREST (MAY 2014)

(a) Except as otherwise provided in this contract under a Price Reduction for Defective Certified Cost or Pricing Data

clause or a Cost Accounting Standards clause, all amounts that become payable by the Contractor to the Government under

this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest

rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable

to the period in which the amount becomes due, as provided in paragraph (e) of this clause, and then at the rate applicable for

each six-month period as fixed by the Secretary until the amount is paid.

(b) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(c) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if-

(1) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a

timely manner;

(2) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment

payment agreement; or

(3) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see

32.607-2).

(d) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision

shall identify the same due date as the original demand for payment.

(e) Amounts shall be due at the earliest of the following dates:

(1) The date fixed under this contract.

(2) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(f) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and

ending on-

(1) The date on which the designated office receives payment from the Contractor;

(2) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been

withheld as a credit against the contract debt; or

(3) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to

the Contractor.

(g) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal

Acquisition Regulation in effect on the date of this contract.

(End of clause)

52.232-18 Availability of Funds.

As prescribed in 32.706-1(a), insert the following clause:

AVAILABILITY OF FUNDS (APR 1984)

Funds are not presently available for this contract. The Government's obligation under this contract is contingent upon the

availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the

Government for any payment may arise until funds are made available to the Contracting Officer for this contract and until

the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.2-313

52.232-19 FEDERAL ACQUISITION REGULATION

52.232-19 Availability of Funds for the Next Fiscal Year.

As prescribed in 32.706-1(b), insert the following clause:

AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond _____. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for

performance under this contract beyond _____, until funds are made available to the Contracting Officer for performance and

until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)

52.232-20 Limitation of Cost.

As prescribed in 32.706-2(a), insert the following clause:

LIMITATION OF COST (DEVIATION DATE)

(a) The parties estimate that performance of this contract, exclusive of any fee, will not cost the Government more than (1)

the estimated cost specified in the Schedule or, (2) if this is a cost-sharing contract, the Government's share of the estimated

cost specified in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule

and all obligations under this contract within the estimated cost, which, if this is a cost-sharing contract, includes both the

Government's and the Contractor's share of the cost.

(b) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that?

(1) The costs the Contractor expects to incur under this contract in the next 60 days, when added to all costs previously

incurred, will exceed 75 percent of the estimated cost specified in the Schedule; or

(2) The total cost for the performance of this contract, exclusive of any fee, will be either greater or substantially less

than had been previously estimated.

(c) As part of the notification, the Contractor shall provide the Contracting Officer a revised estimate of the total cost of

performing this contract.

(d) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause?

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of (i) the estimated cost

specified in the Schedule or, (ii) if this is a cost-sharing contract, the estimated cost to the Government specified in the Schedule; and

(2) The Contractor is not obligated to continue performance under this contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of the estimated cost specified in the Schedule, until the

Contracting Officer (i) notifies the Contractor in writing that the estimated cost has been increased and (ii) provides a revised

estimated total cost of performing this contract. If this is a cost-sharing contract, the increase shall be allocated in accordance

with the formula specified in the Schedule.

(e) No notice, communication, or representation in any form other than that specified in subparagraph (d)(2) in this clause,

or from any person other than the Contracting Officer, shall affect this contract's estimated cost to the Government. In the

absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the

estimated cost or, if this is a cost-sharing contract, for any costs in excess of the estimated cost to the Government specified in

the Schedule, whether those excess costs were incurred during the course of the contract or as a result of termination.

(f) If the estimated cost specified in the Schedule is increased, any costs the Contractor incurs before the increase that

are in excess of the previously estimated cost shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice directing that the increase is solely to cover termination or other specified expenses.

(g) Change orders shall not be considered an authorization to exceed the estimated cost to the Government specified in the

Schedule, unless they contain a statement increasing the estimated cost.

52.2-314

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-22

(h) If this contract is terminated or the estimated cost is not increased, the Government and the Contractor shall negotiate

an equitable distribution of all property produced or purchased under the contract, based upon the share of costs incurred by

each.

(End of clause)

52.232-21 [Reserved]

52.232-22 Limitation of Funds.

As prescribed in 32.706-2(b), insert the following clause:

LIMITATION OF FUNDS (DEVIATION DATE)

(a) The parties estimate that performance of this contract will not cost the Government more than (1) the estimated cost specified in the Schedule or, (2) if this is a cost-sharing contract, the Government's share of the estimated cost specified in the Schedule. The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within the estimated cost, which, if this is a cost-sharing contract, includes both the Government's and the Contractor's share of the cost.

(b) The Schedule specifies the amount presently available for payment by the Government and allotted to this contract, the items covered, the Government's share of the cost if this is a cost-sharing contract, and the period of performance it is estimated the allotted amount will cover. The parties contemplate that the Government will allot additional funds incrementally to the contract up to the fully estimated cost to the Government specified in the Schedule, exclusive of any fee. The Contractor agrees to perform, or have performed, work on the contract up to the point at which the total amount paid and payable by the Government under the contract approximates but does not exceed the total amount actually allotted by the Government to the contract.

(c) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of (1) the total amount so far allotted to the contract by the Government or, (2) if this is a cost-sharing contract, the amount then allotted to the contract by the Government plus the Contractor's corresponding share. The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule.

(d) Sixty days before the end of the period specified in the Schedule, the Contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the contract or for any further period specified in the Schedule or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Schedule or another agreed-upon date, upon the Contractor's written request the Contracting Officer will terminate this contract on that date in

accordance with the provisions of the Termination clause of this contract. If the Contractor estimates that the funds available

will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate this contract on that later date.

(f) Except as required by other provisions of this contract, specifically citing and stated to be an exception to this clause?

(1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of the total amount

allotted by the Government to this contract; and

(2) The Contractor is not obligated to continue performance under this contract (including actions under the Termination clause of this contract) or otherwise incur costs in excess of-

(i) The amount then allotted to the contract by the Government; or,

(ii) If this is a cost-sharing contract, the amount then allotted by the Government to the contract plus the Contractor's

corresponding share, until the Contracting Officer notifies the Contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by

the Government to this contract.

(g) The estimated cost shall be increased to the extent that (1) the amount allotted by the Government or, (2) if this is

a cost-sharing contract, the amount then allotted by the Government to the contract plus the Contractor's corresponding share, exceeds the estimated cost specified in the Schedule. If this is a cost-sharing contract, the increase shall be allocated in

accordance with the formula specified in the Schedule.

52.2-315

52.232-23 FEDERAL ACQUISITION REGULATION

(h) No notice, communication, or representation in any form other than that specified in subparagraph (f)(2) of this clause,

or from any person other than the Contracting Officer, shall affect the amount allotted by the Government to this contract. In

the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the

total amount allotted by the Government to this contract, whether incurred during the course of the contract or as a result of

termination.

(i) When and to the extent that the amount allotted by the Government to the contract is increased, any costs the Contractor incurs before the increase that are in excess of?

(1) The amount previously allotted by the Government; or

(2) If this is a cost-sharing contract, the amount previously allotted by the Government to the contract plus the Contractor's corresponding share, shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(j) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in

the Schedule, unless they contain a statement increasing the amount allotted.

(k) Nothing in this clause shall affect the right of the Government to terminate this contract. If this contract is terminated,

the Government and the Contractor shall negotiate an equitable distribution of all property produced or purchased under the

contract, based upon the share of costs incurred by each.

(l) If the Government does not allot sufficient funds to allow completion of the work, the Contractor is entitled to a percentage of the fee specified in the Schedule equaling the percentage of completion of the work contemplated by this contract.

(End of clause)

52.232-23 Assignment of Claims.

As prescribed in 32.806(a)(1), insert the following clause:

ASSIGNMENT OF CLAIMS (MAY 2014)

(a) The Contractor, under the Assignment of Claims Act, as amended, 31 U.S.C.3727, 41 U.S.C.6305 (hereafter referred

to as "the Act"), may assign its rights to be paid amounts due or to become due as a result of the performance of this contract

to a bank, trust company, or other financing institution, including any Federal lending agency. The assignee under such an

assignment may thereafter further assign or reassign its right under the original assignment to any type of financing institution

described in the preceding sentence.

(b) Any assignment or reassignment authorized under the Act and this clause shall cover all unpaid amounts payable under

this contract, and shall not be made to more than one party, except that an assignment or reassignment may be made to one

party as agent or trustee for two or more parties participating in the financing of this contract.

(c) The Contractor shall not furnish or disclose to any assignee under this contract any classified document (including this

contract) or information related to work under this contract until the Contracting Officer authorizes such action in writing.

(End of clause)

Alternate I (APR 1984). If a no-setoff commitment is to be included in the contract (see 32.801 and 32.803(d)), add the following sentence at the end of paragraph (a) of the basic clause:

Unless otherwise stated in this contract, payments to an assignee of any amounts due or to become due under this contract

shall not, to the extent specified in the Act, be subject to reduction or setoff.

52.232-24 Prohibition of Assignment of Claims.

As prescribed in 32.806(b), insert the following clause:

PROHIBITION OF ASSIGNMENT OF CLAIMS (MAY 2014)

52.2-316

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-25

The assignment of claims under the Assignment of Claims Act of 1940 "(31 U.S.C.3727, 41 U.S.C. 6305)" is prohibited for this contract.

(End of clause)

52.232-25 Prompt Payment.

As prescribed in 32.908(c), insert the following clause:

PROMPT PAYMENT (JAN 2017)

Notwithstanding any other payment clause in this contract, the Government will make invoice payments under the terms

and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or

the date of an electronic funds transfer (EFT). Definitions of pertinent terms are set forth in sections 2.101, 32.001, and **32.902 of the Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified.**

(However, see paragraph (a)(4) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments- (1) Due date. (i) Except as indicated in paragraphs (a)(2) and (c) of this clause, the due date for

making invoice payments by the designated payment office is the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor (except as

provided in paragraph (a)(1)(ii) of this clause).

(B) The 30th day after Government acceptance of supplies delivered or services performed. For a final invoice,

when the payment amount is subject to contract settlement actions, acceptance is deemed to occur on the effective date of the contract settlement.

(ii) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Certain food products and other payments. (i) Due dates on Contractor invoices for meat, meat food products, or

fish; perishable agricultural commodities; and dairy products, edible fats or oils, and food products prepared from edible fats

or oils are-

(A) For meat or meat food products, as defined in section 2(a)(3) of the Packers and Stockyard Act of 1921 (7

U.S.C. 182(3)), and as further defined in Pub.L.98-181, including any edible fresh or frozen poultry meat, any perishable

poultry meat food product, fresh eggs, and any perishable egg product, as close as possible to, but not later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16

U.S.C. 4003(3)), as close as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural

Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

(D) For dairy products, as defined in section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C.

4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the

10th day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products,

butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products, fall within this classification. Nothing in

the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific

product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a

classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(3) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified

in the contract. A proper invoice must include the items listed in paragraphs (a)(3)(i) through (a)(3)(x) of this clause. If the

invoice does not comply with these requirements, the designated billing office will return it within 7 days after receipt (3 days

for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and

food products prepared from edible fats or oils), with the reasons why it is not a proper invoice. The Government will take

into account untimely notification when computing any interest penalty owed the Contractor.

52.2-317

52.232-25 FEDERAL ACQUISITION REGULATION

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of the mailing or transmission.)

(iii) Contract number or other authorization for supplies delivered or services performed (including order number and line item number).

(iv) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed.

(v) Shipping and payment terms (e.g., shipment number and date of shipment, discount for prompt payment terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation

provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33,

Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-

Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract (e.g., evidence of shipment).

(4) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(4)(i) through (a)(4)(iii) of

this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated

payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.

(iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(5) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance is deemed to occur constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivers the

supplies or performs the services in accordance with the terms and conditions of the contract, unless there is a disagreement

over quantity, quality, or Contractor compliance with a contract provision. If actual acceptance occurs within the constructive

acceptance period, the Government will base the determination of an interest penalty on the actual date of acceptance.

The

constructive acceptance requirement does not, however, compel Government officials to accept supplies or services,

perform

contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other

issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the

contract. The Government and the Contractor shall resolve claims involving disputes and any interest that may be payable in

accordance with the clause at FAR 52.233-1, Disputes.

(6) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without

request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(7) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance

with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if-

52.2-318

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-26

(A) The Government owes an interest penalty of \$1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice

amount is paid; and

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment, in

accordance with paragraph (a)(7)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall-

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible-

(1) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day

after payment was made.

(iii) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) Contract financing payment. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Fast payment procedure due dates. If this contract contains the clause at 52.213-1, Fast Payment Procedure,

payments

will be made within 15 days after the date of receipt of the invoice.

(d) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(i) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected contract number and delivery order number if applicable;

(iii) Affected line item or subline item, if applicable; and

(iv) Contractor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

Alternate I (FEB 2002). As prescribed in 32.908 (c)(3), add the following paragraph (e) to the basic clause:

(e) Invoices for interim payments. For interim payments under this cost-reimbursement contract for services-

(1) Paragraphs (a)(2), (a)(3), (a)(4)(ii), (a)(4)(iii), and (a)(5)(i) do not apply;

(2) For purposes of computing late payment interest penalties that may apply, the due date for payment is the 30th day

after the designated billing office receives a proper invoice; and

(3) The contractor shall submit invoices for interim payments in accordance with paragraph (a) of FAR 52.216-7,

Allowable Cost and Payment. If the invoice does not comply with contract requirements, it will be returned within 7 days after the date the designated billing office received the invoice.

52.232-26 Prompt Payment for Fixed-Price Architect-Engineer Contracts.

As prescribed in 32.908(a), insert the following clause:

PROMPT PAYMENT FOR FIXED-PRICE ARCHITECT-ENGINEER CONTRACTS (JAN 2017)

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the

date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the

52.2-319

52.232-26 FEDERAL ACQUISITION REGULATION

Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified. (However,

see paragraph (a)(3) of this clause concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments- (1) Due date. The due date for making invoice payments is-

(i) For work or services completed by the Contractor, the later of the following two events:

(A) The 30th day after the designated billing office receives a proper invoice from the Contractor (except as

provided in paragraph (a)(1)(iii) of this clause).

(B) The 30th day after Government acceptance of the work or services completed by the Contractor.

For a final

invoice, when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is

deemed to

occur on the effective date of the settlement.

(ii) The due date for progress payments is the 30th day after Government approval of Contractor estimates of work or services accomplished.

(iii) If the designated billing office fails to annotate the invoice or payment request with the actual date of receipt at the time of receipt, the payment due date is the 30th day after the date of the Contractor's invoice or payment request, provided the designated billing office receives a proper invoice or payment request and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified

in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(x) of this clause. If the

invoice does not comply with these requirements, the designated billing office will return it within 7 days after receipt, with

the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor, the Government will

take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (e.g., discount for prompt payment terms).

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(ix) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation

provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33,

Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-

Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(x) Any other information or documentation required by the contract.

(3) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from

the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of

this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated

payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

52.2-320

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-26

(4) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of

Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance or approval is deemed to occur constructively as shown in paragraphs (a)(4)(i)(A) and (B) of this clause. If actual acceptance

or approval occurs within the constructive acceptance or approval period, the Government will base the determination of an

interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive approval requirements

do not apply if there is a disagreement over quantity, quality, Contractor compliance with a contract provision, or requested

progress payment amounts. These requirements also do not compel Government officials to accept work or services, approve

Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(A) For work or services completed by the Contractor, Government acceptance is deemed to occur constructively

on the 7th day after the Contractor completes the work or services in accordance with the terms and conditions of the contract.

(B) For progress payments, Government approval is deemed to occur on the 7th day after the designated billing

office receives the Contractor estimates.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other

issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the

contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in

accordance with the clause at FAR 52.233-1, Disputes.

(5) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without

request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance

with the prompt payment regulations at 5 CFR part 1315, in addition to the interest penalty amount only if-

(A) The Government owes an interest penalty of \$1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice

amount is paid; and

(C) The contractor makes a written demand to the designated payment office for additional penalty payment, in

accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is

paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall-

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest is due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible-

(1) The designated payment office that receives the demand will annotate it with the date of receipt, provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day

after payment was made.

(iii) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) Contract financing payments. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(i) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected contract number and delivery order number if applicable;

52.2-321

52.232-27 FEDERAL ACQUISITION REGULATION

(iii) Affected line item or subline item, if applicable; and

(iv) Contractor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

52.232-27 Prompt Payment for Construction Contracts.

As prescribed in 32.908(b), insert the following clause:

PROMPT PAYMENT FOR CONSTRUCTION CONTRACTS (JAN 2017)

Notwithstanding any other payment terms in this contract, the Government will make invoice payments under the terms and conditions specified in this clause. The Government considers payment as being made on the day a check is dated or the

date of an electronic funds transfer. Definitions of pertinent terms are set forth in sections 2.101, 32.001, and 32.902 of the

Federal Acquisition Regulation. All days referred to in this clause are calendar days, unless otherwise specified.

(However,

see paragraph (a)(3) concerning payments due on Saturdays, Sundays, and legal holidays.)

(a) Invoice payments- (1) Types of invoice payments. For purposes of this clause, there are several types of invoice payments that may occur under this contract, as follows:

(i) Progress payments, if provided for elsewhere in this contract, based on Contracting Officer approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project.

(A) The due date for making such payments is 14 days after the designated billing office receives a proper

payment request. If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date is the 14th day after the date of the Contractor's payment request, provided the

designated billing office receives a proper payment request and there is no disagreement over quantity, quality, or Contractor

compliance with contract requirements.

(B) The due date for payment of any amounts retained by the Contracting Officer in accordance with the clause at

52.232-5, Payments Under Fixed-Price Construction Contracts, is as specified in the contract or, if not specified, 30 days after

approval by the Contracting Officer for release to the Contractor.

(ii) Final payments based on completion and acceptance of all work and presentation of release of all claims against the Government arising by virtue of the contract, and payments for partial deliveries that have been accepted by

the Government (e.g., each separate building, public work, or other division of the contract for which the price is stated separately in the contract).

(A) The due date for making such payments is the later of the following two events:

(1) The 30th day after the designated billing office receives a proper invoice from the Contractor.

(2) The 30th day after Government acceptance of the work or services completed by the Contractor. For a final invoice when the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance is deemed to

occur on the effective date of the contract settlement.

(B) If the designated billing office fails to annotate the invoice with the date of actual receipt at the time of receipt, the invoice payment due date is the 30th day after the date of the Contractor's invoice, provided the designated billing office receives a proper invoice and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(2) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. A proper invoice must include the items listed in paragraphs (a)(2)(i) through (a)(2)(xi) of this clause. If the invoice does not comply with these requirements, the designated billing office must return it within 7 days after receipt, with the reasons why it is not a proper invoice. When computing any interest penalty owed the Contractor, the Government will take into account if the Government notifies the Contractor of an improper invoice in an untimely manner.

(i) Name and address of the Contractor.

(ii) Invoice date and invoice number. (The Contractor should date invoices as close as possible to the date of mailing or transmission.)

(iii) Contract number or other authorization for work or services performed (including order number and line item number).

(iv) Description of work or services performed.

(v) Delivery and payment terms (e.g., discount for prompt payment terms).

52.2-322

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-27

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to notify in the event of a defective invoice.

(viii) For payments described in paragraph (a)(1)(i) of this clause, substantiation of the amounts requested and certification in accordance with the requirements of the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable

solicitation

provision (e.g., 52.232-38, Submission of Electronic Funds Transfer Information with Offer), contract clause (e.g., 52.232-33,

Payment by Electronic Funds Transfer-System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer-

Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(xi) Any other information or documentation required by the contract.

(3) Interest penalty. The designated payment office will pay an interest penalty automatically, without request from

the Contractor, if payment is not made by the due date and the conditions listed in paragraphs (a)(3)(i) through (a)(3)(iii) of

this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday, the designated

payment office may make payment on the following working day without incurring a late payment interest penalty.

(i) The designated billing office received a proper invoice.

(ii) The Government processed a receiving report or other Government documentation authorizing payment and there was no disagreement over quantity, quality, Contractor compliance with any contract term or condition, or requested progress payment amount.

(iii) In the case of a final invoice for any balance of funds due the Contractor for work or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(4) Computing penalty amount. The Government will compute the interest penalty in accordance with the Office of

Management and Budget prompt payment regulations at 5 CFR part 1315.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor for payments described in paragraph (a)(1)(ii) of this clause, Government acceptance or approval is deemed to occur constructively on the 7th day after the Contractor has completed the work or services in accordance with the terms and conditions of the contract. If

actual acceptance or approval occurs within the constructive acceptance or approval period, the Government will base the

determination of an interest penalty on the actual date of acceptance or approval. Constructive acceptance or constructive

approval requirements do not apply if there is a disagreement over quantity, quality, or Contractor compliance with a contract

provision. These requirements also do not compel Government officials to accept work or services, approve Contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The prompt payment regulations at 5 CFR 1315.10(c) do not require the Government to pay interest penalties if payment delays are due to disagreement between the Government and the Contractor over the payment amount or other

issues involving contract compliance, or on amounts temporarily withheld or retained in accordance with the terms of the

contract. The Government and the Contractor shall resolve claims involving disputes, and any interest that may be payable in

accordance with the clause at FAR 52.233-1, Disputes.

(5) Discounts for prompt payment. The designated payment office will pay an interest penalty automatically, without

request from the Contractor, if the Government takes a discount for prompt payment improperly. The Government will calculate the interest penalty in accordance with the prompt payment regulations at 5 CFR part 1315.

(6) Additional interest penalty. (i) The designated payment office will pay a penalty amount, calculated in accordance

with the prompt payment regulations at 5 CFR part 1315 in addition to the interest penalty amount only if-

(A) The Government owes an interest penalty of \$1 or more;

(B) The designated payment office does not pay the interest penalty within 10 days after the date the invoice

amount is paid; and

52.2-323

52.232-27 FEDERAL ACQUISITION REGULATION

(C) The Contractor makes a written demand to the designated payment office for additional penalty payment,

in accordance with paragraph (a)(6)(ii) of this clause, postmarked not later than 40 days after the date the invoice amount is paid.

(ii) (A) The Contractor shall support written demands for additional penalty payments with the following data. The Government will not request any additional data. The Contractor shall-

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) If there is no postmark or the postmark is illegible-

(1) The designated payment office that receives the demand will annotate it with the date of receipt provided the demand is received on or before the 40th day after payment was made; or

(2) If the designated payment office fails to make the required annotation, the Government will determine the demand's validity based on the date the Contractor has placed on the demand, provided such date is no later than the 40th day after payment was made.

(b) Contract financing payments. If this contract provides for contract financing, the Government will make contract financing payments in accordance with the applicable contract financing clause.

(c) Subcontract clause requirements. The Contractor shall include in each subcontract for property or services (including a material supplier) for the purpose of performing this contract the following:

(1) Prompt payment for subcontractors. A payment clause that obligates the Contractor to pay the subcontractor for

satisfactory performance under its subcontract not later than 7 days from receipt of payment out of such amounts as are paid to the Contractor under this contract.

(2) Interest for subcontractors. An interest penalty clause that obligates the Contractor to pay to the subcontractor an interest penalty for each payment not made in accordance with the payment clause-

(i) For the period beginning on the day after the required payment date and ending on the date on which payment of

the amount due is made; and

(ii) Computed at the rate of interest established by the Secretary of the Treasury, and published in the Federal Register, for interest payments under 41 U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an

interest penalty.

(3) Subcontractor clause flowdown. A clause requiring each subcontractor to-

(i) Include a payment clause and an interest penalty clause conforming to the standards set forth in paragraphs

(c)(1)

and (c)(2) of this clause in each of its subcontracts; and

(ii) Require each of its subcontractors to include such clauses in their subcontracts with each lower-tier subcontractor or supplier.

(d) Subcontract clause interpretation. The clauses required by paragraph (c) of this clause shall not be construed to impair

the right of the Contractor or a subcontractor at any tier to negotiate, and to include in their subcontract, provisions that-

(1) Retainage permitted. Permit the Contractor or a subcontractor to retain (without cause) a specified percentage of

each progress payment otherwise due to a subcontractor for satisfactory performance under the subcontract without incurring

any obligation to pay a late payment interest penalty, in accordance with terms and conditions agreed to by the parties to the

subcontract, giving such recognition as the parties deem appropriate to the ability of a subcontractor to furnish a performance

bond and a payment bond;

(2) Withholding permitted. Permit the Contractor or subcontractor to make a determination that part or all of the subcontractor's request for payment may be withheld in accordance with the subcontract agreement; and

(3) Withholding requirements. Permit such withholding without incurring any obligation to pay a late payment penalty

if-

(i) A notice conforming to the standards of paragraph (g) of this clause previously has been furnished to the subcontractor; and

(ii) The Contractor furnishes to the Contracting Officer a copy of any notice issued by a Contractor pursuant to paragraph (d)(3)(i) of this clause.

(e) Subcontractor withholding procedures. If a Contractor, after making a request for payment to the Government but

before making a payment to a subcontractor for the subcontractor's performance covered by the payment request, discovers

that all or a portion of the payment otherwise due such subcontractor is subject to withholding from the subcontractor in accordance with the subcontract agreement, then the Contractor shall-

52.2-324

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-27

(1) Subcontractor notice. Furnish to the subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon ascertaining the cause giving rise to a withholding, but prior to the due date for

subcontractor payment;

(2) Contracting Officer notice. Furnish to the Contracting Officer, as soon as practicable, a copy of the notice furnished

to the subcontractor pursuant to paragraph (e)(1) of this clause;

(3) Subcontractor progress payment reduction. Reduce the subcontractor's progress payment by an amount not to

exceed the amount specified in the notice of withholding furnished under paragraph (e)(1) of this clause;

(4) Subsequent subcontractor payment. Pay the subcontractor as soon as practicable after the correction of the

identified subcontract performance deficiency, and-

(i) Make such payment within-

(A) Seven days after correction of the identified subcontract performance deficiency (unless the funds therefor

must be recovered from the Government because of a reduction under paragraph (e)(5)(i) of this clause; or

(B) Seven days after the Contractor recovers such funds from the Government; or

(ii) Incur an obligation to pay a late payment interest penalty computed at the rate of interest established by the Secretary of the Treasury, and published in the Federal Register, for interest payments under 41 U.S.C. 7109 in effect at the

time the Contractor accrues the obligation to pay an interest penalty;

(5) Notice to Contracting Officer. Notify the Contracting Officer upon-

(i) Reduction of the amount of any subsequent certified application for payment; or

(ii) Payment to the subcontractor of any withheld amounts of a progress payment, specifying-

(A) The amounts withheld under paragraph (e)(1) of this clause; and

(B) The dates that such withholding began and ended; and

(6) Interest to Government. Be obligated to pay to the Government an amount equal to interest on the withheld payments (computed in the manner provided in 31 U.S.C. 3903(c)(1)), from the 8th day after receipt of the withheld amounts

from the Government until-

(i) The day the identified subcontractor performance deficiency is corrected; or

(ii) The date that any subsequent payment is reduced under paragraph (e)(5)(i) of this clause.

(f) Third-party deficiency reports- (1) Withholding from subcontractor. If a Contractor, after making payment to a first-tier subcontractor, receives from a supplier or subcontractor of the first-tier subcontractor (hereafter referred to as a "second-tier subcontractor") a written notice in accordance with 40 U.S.C. 3133, asserting a deficiency in such first-tier subcontractor's performance under the contract for which the Contractor may be ultimately liable, and the Contractor

determines that all or a portion of future payments otherwise due such first-tier subcontractor is subject to withholding in accordance with the subcontract agreement, the Contractor may, without incurring an obligation to pay an interest penalty

under paragraph (e)(6) of this clause-

(i) Furnish to the first-tier subcontractor a notice conforming to the standards of paragraph (g) of this clause as soon as practicable upon making such determination; and

(ii) Withhold from the first-tier subcontractor's next available progress payment or payments an amount not to exceed the amount specified in the notice of withholding furnished under paragraph (f)(1)(i) of this clause.

(2) Subsequent payment or interest charge. As soon as practicable, but not later than 7 days after receipt of satisfactory

written notification that the identified subcontract performance deficiency has been corrected, the Contractor shall-

(i) Pay the amount withheld under paragraph (f)(1)(ii) of this clause to such first-tier subcontractor; or

(ii) Incur an obligation to pay a late payment interest penalty to such first-tier subcontractor computed at the rate of interest established by the Secretary of the Treasury, and published in the Federal Register, for interest payments under 41

U.S.C. 7109 in effect at the time the Contractor accrues the obligation to pay an interest penalty.

(g) Written notice of subcontractor withholding. The Contractor shall issue a written notice of any withholding to a subcontractor (with a copy furnished to the Contracting Officer), specifying-

(1) The amount to be withheld;

(2) The specific causes for the withholding under the terms of the subcontract; and

(3) The remedial actions to be taken by the subcontractor in order to receive payment of the amounts withheld.

(h) Subcontractor payment entitlement. The Contractor may not request payment from the Government of any amount

withheld or retained in accordance with paragraph (d) of this clause until such time as the Contractor has determined and

certified to the Contracting Officer that the subcontractor is entitled to the payment of such amount.

(i) Prime-subcontractor disputes. A dispute between the Contractor and subcontractor relating to the amount or entitlement of a subcontractor to a payment or a late payment interest penalty under a clause included in the subcontract

52.2-325

52.232-28 FEDERAL ACQUISITION REGULATION

pursuant to paragraph (c) of this clause does not constitute a dispute to which the Government is a party. The Government

may not be interpleaded in any judicial or administrative proceeding involving such a dispute.

(j) Preservation of prime-subcontractor rights. Except as provided in paragraph (i) of this clause, this clause shall not

limit or impair any contractual, administrative, or judicial remedies otherwise available to the Contractor or a subcontractor

in the event of a dispute involving late payment or nonpayment by the Contractor or deficient subcontract performance or

nonperformance by a subcontractor.

(k) Non-recourse for prime contractor interest penalty. The Contractor's obligation to pay an interest penalty to a subcontractor pursuant to the clauses included in a subcontract under paragraph (c) of this clause shall not be construed to

be an obligation of the Government for such interest penalty. A cost-reimbursement claim may not include any amount for

reimbursement of such interest penalty.

(l) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall-

(1) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the-

(i) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected contract number and delivery order number if applicable;

- (iii) Affected line item or subline item, if applicable; and
- (iv) Contractor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

52.232-28 Invitation to Propose Performance-Based Payments.

As prescribed in 32.1005(b)(1), insert the following provision:

INVITATION TO PROPOSE PERFORMANCE-BASED PAYMENTS (MAR 2000)

- (a) The Government invites the offeror to propose terms under which the Government will make performance-based

contract financing payments during contract performance. The Government will consider performance-based payment financing terms proposed by the offeror in the evaluation of the offeror's proposal. The Contracting Officer will incorporate

the financing terms of the successful offeror and the FAR clause, Performance-Based Payments, at FAR 52.232-32, in any resulting contract.

- (b) In the event of any conflict between the terms proposed by the offeror and the terms in the clause at FAR 52.232-32,

Performance-Based Payments, the terms of the clause at FAR 52.232-32 shall govern.

- (c) The Contracting Officer will not accept the offeror's proposed performance-based payment financing if the financing

does not conform to the following limitations:

- (1) The Government will make delivery payments only for supplies delivered and accepted, or services rendered and

accepted in accordance with the payment terms of this contract.

- (2) The terms and conditions of the performance-based payments must-

- (i) Comply with FAR 32.1004;

- (ii) Be reasonable and consistent with all other technical and cost information included in the offeror's proposal; and

(iii) Their total shall not exceed 90 percent of the contract price if on a whole contract basis, or 90 percent of the delivery item price if on a delivery item basis.

- (3) The terms and conditions of the performance-based financing must be in the best interests of the Government.

- (d) The offeror's proposal of performance-based payment financing shall include the following:

- (1) The proposed contractual language describing the performance-based payments (see FAR 32.1004 for appropriate

criteria for establishing performance bases and performance-based finance payment amounts).

- (2) A listing of-

- (i) The projected performance-based payment dates and the projected payment amounts; and
- (ii) The projected delivery date and the projected payment amount.

- (3) Information addressing the Contractor's investment in the contract.

52.2-326

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-29

(e) Evaluation of the offeror's proposed prices and financing terms will include whether the offeror's proposed performance-based payment events and payment amounts are reasonable and consistent with all other terms and

conditions of
the offeror's proposal.

(End of provision)

Alternate I (MAR 2000). As prescribed in FAR 32.1005 (b)(2), add the following paragraph (f) to the basic provision:

(f) The Government will adjust each proposed price to reflect the cost of providing the proposed performance-based

payments to determine the total cost to the Government of that particular combination of price and performance-based financing. The Government will make the adjustment using the procedure described in FAR 32.205(c).

52.232-29 Terms for Financing of Purchases of Commercial Products and Commercial Services.

As prescribed in 32.206(b)(2), insert the following clause:

TERMS FOR FINANCING OF PURCHASES OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) Contractor entitlement to financing payments. The Contractor may request, and the Government shall pay, a contract

financing payment as specified elsewhere in this contract when: the payment requested is properly due in accordance with

this contract; the supplies deliverable or services due under the contract will be delivered or performed in accordance with the

contract; and there has been no impairment or diminution of the Government's security under this contract.

(b) Special terms regarding termination for cause. If this contract is terminated for cause, the Contractor shall, on demand,

repay to the Government the amount of unliquidated contract financing payments. The Government shall be liable for no

payment except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation (FAR)

52.212-4, Contract Terms and Conditions?Commercial Products and Commercial Services.

(c) Security for Government financing. In the event the Contractor fails to provide adequate security, as required in this

contract, no financing payment shall be made under this contract. Upon receipt of adequate security, financing payments shall

be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the provisions

for contract financing. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary.

In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided and suspend further payments to the Contractor; and the Contractor shall repay to the Government the amount of unliquidated financing payments as the Contracting Officer at his sole discretion deems repayable.

(d) Reservation of rights. (1) No payment or other action by the Government under this clause shall-

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause-

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this

contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other

right, power, or privilege of the Government.

(e) Content of Contractor's request for financing payment. The Contractor's request for financing payment shall contain

the following:

(1) The name and address of the Contractor;

(2) The date of the request for financing payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made; and

(4) An appropriately itemized and totaled statement of the financing payments requested and such other information as

is necessary for computation of the payment, prepared in accordance with the direction of the Contracting Officer.

(f) Limitation on frequency of financing payments. Contractor financing payments shall be provided no more frequently

than monthly.

(g) Dates for payment. A payment under this clause is a contract financing payment and not subject to the interest penalty

provisions of the Prompt Payment Act. The designated payment office will pay approved payment requests within 30 days of

submission of a proper request for payment.

52.2-327

52.232-30 FEDERAL ACQUISITION REGULATION

(h) Conflict between terms of offeror and clause. In the event of any conflict between the terms proposed by the offeror

in response to an invitation to propose financing terms (FAR 52.232-31) and the terms in this clause, the terms of this clause

shall govern.

(End of clause)

52.232-30 Installment Payments for Commercial Products and Commercial Services.

As prescribed in 32.206(g), insert the following clause:

INSTALLMENT PAYMENTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) Contractor entitlement to financing payments. The Contractor may request, and the Government shall pay, a contract

financing installment payment as specified in this contract when: the payment requested is properly due in accordance with

this contract; the supplies deliverable or services due under the contract will be delivered or performed in accordance with the

contract; and there has been no impairment or diminution of the Government's security under this contract.

(b) Computation of amounts. Installment payment financing shall be paid to the Contractor when requested for each

separately priced unit of supply (but not for services) of each line item in amounts approved by the Contracting Officer pursuant to this clause.

(1) Number of installment payments for each line item. Each separately priced unit of each line item is authorized a fixed number of monthly installment payments. The number of installment payments authorized for each unit of a line item is equal to the number of months from the date of contract award to the date one month before the first delivery of the first separately priced unit of the line item. For example, if the first scheduled delivery of any separately priced unit of a line item is 9 months after award of the contract, all separately priced units of that line item are authorized 8 installment payments.

(2) Amount of each installment payment. The amount of each installment payment for each separately priced unit of each line item is equal to 70 percent of the unit price divided by the number of installment payments authorized for that unit.

(3) Date of each installment payment. Installment payments for any particular separately priced unit of a line item begin the number of months prior to the delivery of that unit that are equal to the number of installment payments authorized for that unit. For example, if 8 installment payments are authorized for each separately priced unit of a line item, the first installment payment for any particular unit of that line item would be 8 months before the scheduled delivery date for that unit. The last installment payment would be 1 month before scheduled delivery of a unit.

(4) Limitation on payment. Prior to the delivery payment for a separately priced unit of a line item, the sum of all installment payments for that unit shall not exceed 70 percent of the price of that unit.

(c) Contractor request for installment payment. The Contractor may submit requests for payment of installment payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all installment payments in any month for which payment is being requested shall be included in a single request, appropriately itemized and totaled.

(d) Dates for payment. An installment payment under this clause is a contract financing payment under the Prompt Payment clause of this contract, and except as provided in paragraph (e) of this clause, approved requests shall be paid within 30 days of submittal of a proper request for payment.

(e) Liquidation of installment payments. Installment payments shall be liquidated by deducting from the delivery payment of each item the total unliquidated amount of installment payments made for that separately priced unit of that line item. The liquidation amounts for each unit of each line item shall be clearly delineated in each request for delivery payment submitted by the Contractor.

(f) Security for installment payment financing. In the event the Contractor fails to provide adequate security as required in this contract, no financing payment shall be made under this contract. Upon receipt of adequate security, financing

payments

shall be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the contract. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the

Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has

been provided, and suspend further payments to the Contractor; the Contractor shall repay to the Government the amount of

unliquidated financing payments as the Contracting Officer at his sole discretion deems repayable.

(g) Special terms regarding termination for cause. If this contract is terminated for cause, the Contractor shall, on demand,

repay to the Government the amount of unliquidated installment payments. The Government shall be liable for no payment

52.2-328

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-31

except as provided by the Termination for Cause paragraph of the clause at Federal Acquisition Regulation 52.212-4, Contract Terms and Conditions?Commercial Products and Commercial Services.

(h) Reservation of rights. (1) No payment, vesting of title under this clause, or other action taken by the Government under

this clause shall-

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government?s rights and remedies under this clause-

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other

right, power, or privilege of the Government.

(i) Content of Contractor's request for installment payment. The Contractor?s request for installment payment shall contain

the following:

(1) The name and address of the Contractor;

(2) The date of the request for installment payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made; and

(4) An itemized and totaled statement of the items, installment payment amount, and month for which payment is being

requested, for each separately priced unit of each line item.

(End of clause)

52.232-31 Invitation to Propose Financing Terms.

As prescribed in 32.205 (b) and 32.206 , insert the following provision:

INVITATION TO PROPOSE FINANCING TERMS (DEC 2022)

(a) The offeror is invited to propose terms under which the Government shall make contract financing payments

during

contract performance. The financing terms proposed by the offeror shall be a factor in the evaluation of the offeror's proposal. The financing terms of the successful offeror and the clause, Terms for Financing of Purchases of Commercial

Products and Commercial Services, at Federal Acquisition Regulation (FAR) 52.232-29, shall be incorporated in any resulting contract.

(b) The offeror agrees that in the event of any conflict between the terms proposed by the offeror and the terms in the

clause at FAR 52.232-29, Terms for Financing of Purchases of Commercial Products and Commercial Services, the terms of

the clause at FAR 52.232-29 shall govern.

(c) Because of statutory limitations (10 U.S.C. 3805 and 41 U.S.C. 4505), the offeror's proposed financing shall not be

acceptable if it does not conform to the following limitations:

(1) Delivery payments shall be made only for supplies delivered and accepted, or services rendered and accepted in

accordance with the payment terms of this contract;

(2) Contract financing payments shall not exceed 15 percent of the contract price in advance of any performance of

work under the contract;

(3) The terms and conditions of the contract financing must be appropriate or customary in the commercial marketplace; and

(4) The terms and conditions of the contract financing must be in the best interests of the United States.

(d) The offeror's proposal of financing terms shall include the following:

(1) The proposed contractual language describing the contract financing (see FAR 32.202-2 for appropriate definitions

of types of payments); and

(2) A listing of the earliest date and greatest amount at which each contract financing payment may be payable and the

amount of each delivery payment. Any resulting contract shall provide that no contract financing payment shall be made at

any earlier date or in a greater amount than shown in the offeror's listing.

52.2-329

52.232-32 FEDERAL ACQUISITION REGULATION

(e) The offeror's proposed prices and financing terms shall be evaluated to determine the cost to the United States of the

proposal using the interest rate and delivery schedule specified elsewhere in this solicitation.

(End of provision)

52.232-32 Performance-Based Payments.

As prescribed in 32.1005 , insert the following clause:

PERFORMANCE-BASED PAYMENTS (APR 2012)

(a) Amount of payments and limitations on payments. Subject to such other limitations and conditions as are specified

in this contract and this clause, the amount of payments and limitations on payments shall be specified in the

contractor's

description of the basis for payment.

(b) Contractor request for performance-based payment. The Contractor may submit requests for payment of performance-

based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being

requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the

information and certification detailed in paragraphs (l) and (m) of this clause.

(c) Approval and payment of requests. (1) The Contractor shall not be entitled to payment of a request for performance-

based payment prior to successful accomplishment of the event or performance criterion for which payment is requested.

The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been

successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the

Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented

as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt

Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated

payment office will pay approved requests on the _____ [Contracting Officer insert day as prescribed by agency head;

if not prescribed, insert "30th] day after receipt of the request for performance-based payment by the designated payment

office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or

into any of the conditions listed in paragraph (a) of this clause, or into the Contractor certification. The payment period will

not begin until the Contracting Officer approves the request.

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

(d) Liquidation of performance-based payments. (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment.

If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the

designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall

be by

either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor

shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be

credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and

balances for any retroactive price adjustments.

(e) Reduction or suspension of performance-based payments. The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or

take a combination of these actions after finding upon substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and

(i) of this clause).

(2) Performance of this contract is endangered by the Contractor's-

(i) Failure to make progress; or

(ii) Unsatisfactory financial condition.

52.2-330

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-32

(3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

(f) Title. (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.

(2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (i.e., noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not-

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) Risk of loss. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) Records and controls. The Contractor shall maintain records and controls adequate for administration of this clause.

The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

(i) Reports and Government access. The Contractor shall promptly furnish reports, certificates, financial statements,

and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine

that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall

give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.

(j) Special terms regarding default. If this contract is terminated under the Default clause, (1) the Contractor shall, on

demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the

Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to

require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided

by the Default clause.

(k) Reservation of rights. (1) No payment or vesting of title under this clause shall-

52.2-331

52.232-33 FEDERAL ACQUISITION REGULATION

(i) Excuse the Contractor from performance of obligations under this contract; or

(ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause-

(i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and

(ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other

right, power, or privilege of the Government.

(l) Content of Contractor's request for performance-based payment. The Contractor's request for performance-based

payment shall contain the following:

(1) The name and address of the Contractor;

(2) The date of the request for performance-based payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made;

(4) Such information and documentation as is required by the contract's description of the basis for payment; and

(5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause.

(m) Content of Contractor's certification. As required in paragraph (l)(5) of this clause, the Contractor shall make the

following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that-

(1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from

the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer;

(2) (Except as reported in writing on _____), all payments to subcontractors and suppliers under this contract have

been paid, or will be paid, currently, when due in the ordinary course of business;

(3) There are no encumbrances (except as reported in writing on _____) against the property acquired or produced

for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title;

(4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the

Contractor to the Government of the most recent written information dated _____; and

(5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item

for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of

all payments under the contract will not exceed any limitation in the contract.

(End of clause)

52.232-33 Payment by Electronic Funds Transfer-System for Award Management.

As prescribed in 32.1110(a)(1), insert the following clause:

PAYMENT BY ELECTRONIC FUNDS TRANSFER-SYSTEM FOR AWARD MANAGEMENT (OCT 2018)

(a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT), except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds

transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend the payment due date until such time as the Government can make payment

by EFT (but see paragraph (d) of this clause).

(b) Contractor's EFT information. The Government shall make payment to the Contractor using the EFT information contained in the System for Award Management (SAM). In the event that the EFT information changes, the Contractor shall

be responsible for providing the updated information to SAM.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing

House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer

System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment. If the Contractor's EFT information in SAM is incorrect, then the Government need not make

payment to the Contractor under this contract until correct EFT information is entered into SAM; and any invoice or contract

52.2-332

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-34

financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The

prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was

revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System,

and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment, and the provisions of paragraph (d) of this clause shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the

prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System,

the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment

date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment

of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall

register separately in SAM and shall be paid by EFT in accordance with the terms of this clause. Notwithstanding any other

requirement of this contract, payment to an ultimate recipient other than the Contractor, or a financial institution properly recognized under an assignment of claims pursuant to subpart 32.8, is not permitted. In all respects, the requirements of

this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the

transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is

incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information made by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information

that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The

Government may request the Contractor to designate a desired format and method(s) for delivery of payment information

from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee

that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the

format and delivery method most convenient to the Government. If the Government makes payment by check in accordance

with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address contained in

SAM.

(End of clause)

52.232-34 Payment by Electronic Funds Transfer-Other than System for Award Management.

As prescribed in 32.1110(a)(2), insert the following clause:

PAYMENT BY ELECTRONIC FUNDS TRANSFER-OTHER THAN SYSTEM FOR AWARD MANAGEMENT (JUL 2013)

(a) Method of payment. (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds

transfer and may also include the payment information transfer.

(2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either-

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT

(but see paragraph (d) of this clause).

52.2-333**52.232-34 FEDERAL ACQUISITION REGULATION**

(b) Mandatory submission of Contractor's EFT information. (1) The Contractor is required to provide the Government

with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this

information directly to the office designated in this contract to receive that information (hereafter: "designated office") by _____ [the Contracting Officer shall insert date, days after award, days before first request, the date specified

for receipt of offers if the provision at 52.232-38 is utilized, or "concurrent with first request" as prescribed by the head of the

agency; if not prescribed, insert "no later than 15 days prior to submission of the first request for payment"]. If not otherwise

specified in this contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more

than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event

that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated

office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state

the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT

information for that contract.

(c) Mechanisms for EFT payment. The Government may make payment by EFT through either the Automated Clearing

House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire

Transfer

System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

(d) Suspension of payment. (1) The Government is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and

delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using

the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made

by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of

this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the

suspension.

(e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for-

(i) Making a correct payment;

(ii) Paying any prompt payment penalty due; and

(iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was

revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System,

and-

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or

(ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the

prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System,

the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment

date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment

of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall

provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in

accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

52.2-334

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-35

(i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.

(j) EFT information. The Contractor shall provide the following information to the designated office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

(1) The contract number (or other procurement identification number).

(2) The Contractor's name and remittance address, as stated in the contract(s).

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.

(5) The Contractor's account number and the type of account (checking, saving, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.

(7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing

Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment.

(End of clause)

52.232-35 Designation of Office for Government Receipt of Electronic Funds Transfer Information.

As prescribed in 32.1110(c), insert the following clause:

**DESIGNATION OF OFFICE FOR GOVERNMENT RECEIPT OF ELECTRONIC FUNDS TRANSFER INFORMATION
(JUL 2013)**

(a) As provided in paragraph (b) of the clause at 52.232-34, Payment by Electronic Funds Transfer-Other than System for

Award Management, the Government has designated the office cited in paragraph (c) of this clause as the office to receive the

Contractor's electronic funds transfer (EFT) information, in lieu of the payment office of this contract.

(b) The Contractor shall send all EFT information, and any changes to EFT information to the office designated in paragraph (c) of this clause. The Contractor shall not send EFT information to the payment office, or any other office than

that designated in paragraph (c). The Government need not use any EFT information sent to any office other than that designated in paragraph (c).

(c) Designated Office:

Name:

Mailing Address:

Telephone Number:

Person to Contact:

52.2-335

52.232-36 FEDERAL ACQUISITION REGULATION

Electronic Address:

(End of clause)

52.232-36 Payment by Third Party.

As prescribed in 32.1110(d), insert the following clause:

PAYMENT BY THIRD PARTY (DEVIATION DATE)

(a) General. (1) Except as provided in paragraph (a)(2) of this clause, the Contractor agrees to accept payments due under

this contract, through payment by a third party in lieu of payment directly from the Government, in accordance with the terms

of this clause. The third party and, if applicable, the particular Governmentwide commercial purchase card to be used are

identified elsewhere in this contract.

(2) The Governmentwide commercial purchase card is not authorized as a method of payment during any period the

System for Award Management (SAM) indicates that the Contractor has delinquent debt that is subject to collection

under

the Treasury Offset Program (TOP). Information on TOP is available at <https://www.fiscal.treasury.gov/TOP/>. If the SAM subsequently indicates that the Contractor no longer has delinquent debt, the Contractor may request the Contracting Officer

to authorize payment by Governmentwide commercial purchase card.

(b) Contractor payment request. (1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall make

payment requests through a charge to the Government account with the third party, at the time and for the amount due in

accordance with those clauses of this contract that authorize the Contractor to submit invoices, contract financing requests,

other payment requests, or as provided in other clauses providing for payment to the Contractor.

(2) When the Contracting Officer has notified the Contractor that the Governmentwide commercial purchase card is no

longer an authorized method of payment, the Contractor shall make such payment requests in accordance with instructions

provided by the Contracting Officer during the period when the purchase card is not authorized.

(c) Payment. The Contractor and the third party shall agree that payments due under this contract shall be made upon

submittal of payment requests to the third party in accordance with the terms and conditions of an agreement between the

Contractor, the Contractor's financial agent (if any), and the third party and its agents (if any). No payment shall be due the

Contractor until such agreement is made. Payments made or due by the third party under this clause are not payments made

by the Government and are not subject to the Prompt Payment Act or any implementation thereof in this contract.

(d) Documentation. Documentation of each charge against the Government's account shall be provided to the Contracting

Officer upon request.

(e) Assignment of claims. Notwithstanding any other provision of this contract, if any payment is made under this clause,

then no payment under this contract shall be assigned under the provisions of the assignment of claims terms of this contract

or the Assignment of Claims Act of 1940, (31 U.S.C. 3727, 41 U.S.C. 6305).

(f) Other payment terms. The other payment terms of this contract shall govern the content and submission of payment

requests. If any clause requires information or documents in or with the payment request, that is not provided in the third

party agreement referenced in paragraph (c) of this clause, the Contractor shall obtain instructions from the Contracting Officer before submitting such a payment request.

(End of clause)

52.232-37 Multiple Payment Arrangements.

As prescribed in 32.1110(e), insert the following clause:

MULTIPLE PAYMENT ARRANGEMENTS (MAY 1999)

This contract or agreement provides for payments to the Contractor through several alternative methods. The applicability

of specific methods of payment and the designation of the payment office(s) are either stated-

52.2-336

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-40

(a) Elsewhere in this contract or agreement; or

(b) In individual orders placed under this contract or agreement.

(End of clause)

52.232-38 Submission of Electronic Funds Transfer Information with Offer.

As prescribed in 32.1110(g), insert the following provision:

SUBMISSION OF ELECTRONIC FUNDS TRANSFER INFORMATION WITH OFFER (JUL 2013)

The offeror shall provide, with its offer, the following information that is required to make payment by electronic funds transfer (EFT) under any contract that results from this solicitation. This submission satisfies the requirement to provide EFT

information under paragraphs (b)(1) and (j) of the clause at 52.232-34, Payment by Electronic Funds Transfer-Other than

System for Award Management.

(1) The solicitation number (or other procurement identification number).

(2) The offeror's name and remittance address, as stated in the offer.

(3) The signature (manual or electronic, as appropriate), title, and telephone number of the offeror's official authorized

to provide this information.

(4) The name, address, and 9-digit Routing Transit Number of the offeror's financial agent.

(5) The offeror's account number and the type of account (checking, savings, or lockbox).

(6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the offeror's financial agent.

(7) If applicable, the offeror shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit

Number of the correspondent financial institution receiving the wire transfer payment if the offeror's financial agent is not

directly on-line to the Fedwire and, therefore, not the receiver of the wire transfer payment.

(End of provision)

52.232-39 Unenforceability of Unauthorized Obligations.

As prescribed in 32.706-3 , insert the following clause:

UNENFORCEABILITY OF UNAUTHORIZED OBLIGATIONS (JUN 2013)

(a) Except as stated in paragraph (b) of this clause, when any supply or service acquired under this contract is subject to

any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes

any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any

other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(1) Any such clause is unenforceable against the Government.

(2) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause

by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(3) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(b) Paragraph (a) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(End of clause)

52.232-40 Providing Accelerated Payments to Small Business Subcontractors.

As prescribed in 32.009-2 , insert the following clause:

PROVIDING ACCELERATED PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (MAR 2023)

52.2-337

52.232-90 FEDERAL ACQUISITION REGULATION

(a) (1) In accordance with 31 U.S.C. 3903 and 10 U.S.C. 3801, within 15 days after receipt of accelerated payments from the Government, the Contractor shall make accelerated payments to its small business subcontractors under this contract, to the maximum extent practicable and prior to when such payment is otherwise required under the applicable contract or subcontract, after receipt of a proper invoice and all other required documentation from the small business subcontractor.

(2) The Contractor agrees to make such payments to its small business subcontractors without any further consideration from or fees charged to the subcontractor.

(b) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

(c) Include the substance of this clause, including this paragraph (c), in all subcontracts with small business concerns, including subcontracts with small business concerns for the acquisition of commercial products or commercial services.

(End of clause)

52.232-90 Fast Payment Procedure.

As prescribed in 32.1204, insert the following clause:

FAST PAYMENT PROCEDURE (DEVIATION DATE)

(a) General. The Government will pay invoices based on the Contractor's delivery to a post office or common carrier (or, if shipped by other means, to the point of first receipt by the Government).

(b) Responsibility for supplies.

(1) Title to the supplies passes to the Government upon delivery to?

(i) A post office or common carrier for shipment to the specific destination; or

(ii) The point of first receipt by the Government, if shipment is by means other than Postal Service or common carrier.

(2) Notwithstanding any other provision of the contract, order, or blanket purchase agreement, the Contractor shall?

(i) Assume all responsibility and risk of loss for supplies not received at destination, damaged in transit, or not conforming to purchase requirements; and

(ii) Replace, repair, or correct those supplies promptly at the Contractor's expense, if instructed to do so by the Contracting Officer within 180 days from the date title to the supplies vests in the Government.

(c) Preparation of invoice.

(1) Upon delivery to a post office or common carrier (or, if shipped by other means, the point of first receipt by the Government), the Contractor shall?

(i) Prepare an invoice as provided in this contract, order, or blanket purchase agreement; and

(ii) Display prominently on the invoice "FAST PAY." Invoices not prominently marked "FAST PAY" via manual or electronic means may be accepted by the payment office for fast payment. If the payment office declines to make fast payment, the Contractor shall be paid in accordance with procedures applicable to invoices to which the Fast Payment clause does not apply.

(2) If the purchase price excludes the cost of transportation, the Contractor shall enter the prepaid shipping cost on the invoice as a separate item. The Contractor shall not include the cost of parcel post insurance. If transportation charges are stated separately on the invoice, the Contractor shall retain related paid freight bills or other transportation billings paid separately for a period of three years and shall furnish the bills to the Government upon request.

(3) If this contract, order, or blanket purchase agreement requires the preparation of a receiving report, the Contractor shall either?

(i) Submit the receiving report on the prescribed form with the invoice; or

(ii) Include the following information on the invoice:

(A) Shipment number.

(B) Mode of shipment.

(C) At line item level?

(1) National stock number and/or manufacturer's part number;

(2) Unit of measure;

(3) Ship-To Point;

(4) Mark-For Point, if in the contract; and

(5) FEDSTRIP/MILSTRIP document number, if in the contract.

52.2-338

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.232-90

(4) If this contract, order, or blanket purchase agreement does not require preparation of a receiving report on a prescribed form, the Contractor shall include on the invoice the following information at the line item level, in addition to that required in paragraph (c)(1) of this clause:

(i) Ship-To Point.

(ii) Mark-For Point.

(iii) FEDSTRIP/MILSTRIP document number, if in the contract.

(5) Where a receiving report is not required, the Contractor shall include a copy of the invoice in each shipment.

(d) Certification of invoice. The Contractor certifies by submitting an invoice to the Government that the supplies being

billed to the Government have been shipped or delivered in accordance with shipping instructions issued by the ordering

officer, in the quantities shown on the invoice, and that the supplies are in the quantity and of the quality designated by the

contract, order, or blanket purchase agreement.

(e) FAST PAY container identification. The Contractor shall mark all outer shipping containers "FAST PAY." When outer

shipping containers are not marked "FAST PAY," the payment office may make fast payment. If the payment office declines

to make fast payment, the Contractor shall be paid in accordance with procedures applicable to invoices to which the Fast

Payment clause does not apply.

(End of clause)

52.2-339

This page intentionally left blank.

52.2-340

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.233-1

52.233 [Reserved]

52.233-1 Disputes.

As prescribed in 33.205-9(a) , insert the following clause:

DISPUTES (DEVIATION DATE)

(a) Definitions. As used in this clause-

Claim means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating

to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding

\$100,000 is not a claim under 41 U.S.C. chapter 71 until certified. A voucher, invoice, or other routine request for payment

that is not in dispute when submitted is not a claim under 41 U.S.C. chapter 71. The submission may be converted to a claim

under 41 U.S.C. chapter 71, by complying with the submission and certification requirements of this clause, if it is disputed

either as to liability or amount or is not acted upon in a reasonable time.

Defective certification means a certification that alters or otherwise deviates from the language in paragraph (d)(2)(iii) of this clause or which is not executed by a person authorized to bind the contractor with respect to the claim. Failure to certify

must not be deemed to be a defective certification.

(b) This contract is subject to 41 U.S.C. chapter 71, Contract Disputes.

(c) Except as provided in 41 U.S.C. chapter 71, all disputes arising under or relating to this contract must be resolved

under this clause.

(d) (1) A claim by the Contractor must be made in writing and, unless otherwise stated in this contract, submitted within

6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the

Contractor must be subject to a written decision by the Contracting Officer.

(2) (i) The Contractor must provide the certification specified in paragraph (d)(2)(iii) of this clause when submitting

any claim exceeding \$100,000.

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification must state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract

adjustment for which the Contractor believes the Government is liable; and that I am authorized to certify the claim on behalf

of the Contractor."

(3) The certification may be executed by any person authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of \$100,000 or less, the Contracting Officer must, if requested in writing by the Contractor,

render a decision within 60 days of the request. For Contractor-certified claims over \$100,000, the Contracting Officer must,

within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officer's decision must be final unless the Contractor appeals or files a suit as provided in 41 U.S.C.

chapter 71.

(g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the

Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses

an offer for ADR, the Contractor must inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the offer.

(h) (1) The Government must pay interest on the amount found due and unpaid from the date that-

(i) The Contracting Officer receives the claim (certified, if required); or

(ii) Payment otherwise would be due, if that date is later, until the date of payment.

(2) For claims having defective certifications, interest must be paid from the date that the Contracting Officer initially

receives the claim. Simple interest on claims must be paid at the rate, fixed by the Secretary of the Treasury as provided in the

Act, which applies to the period during which the Contracting Officer receives the claim and then at the rate that applies for

each 6-month period as fixed by the Treasury Secretary while the claim is pending.

52.2-341

52.233-2 FEDERAL ACQUISITION REGULATION

(i) The Contractor must proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract. The Contractor must comply with any decision of the Contracting Officer.

(End of clause)

Alternate I (DEVIATION DATE). As prescribed in 33.205-9(a), substitute the following paragraph (i) for paragraph (i) of the basic clause:

(i) The Contractor must proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

52.233-2 Service of Protest.

As prescribed in 33.107(a), insert the following provision:

SERVICE OF PROTEST (DEVIATION DATE)

(a) Protests, (as defined in FAR 33.102), that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), must be served on the Contracting Officer identified in the solicitation by obtaining written and dated acknowledgment of receipt from them.

(b) The copy of any protest must be received in the office designated above within one day of filing a protest with the

GAO.

(End of provision)

52.233-3 Protest after Award.

As prescribed in 33.107(b), insert the following clause:

PROTEST AFTER AWARD (DEVIATION DATE)

(a) Upon receipt of a stop-work order, the Contractor must immediately comply with its terms and take all reasonable steps to minimize incurring costs allocable to the work covered by the order during the period of work stoppage. After receiving the final decision in the protest, the Contracting Officer must either?

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the

Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled either before or after a final decision in the protest, the Contractor must resume work. The Contracting Officer must make an equitable adjustment in the delivery schedule or contract price, or both, and the contract must be modified, in writing, accordingly, if?

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to,

the performance of any part of this contract; and

(2) The Contractor asserts its right to an adjustment within 30 days after the end of the period of work stoppage;

provided, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon

a proposal submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer must allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer must allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(e) The Government's rights to terminate this contract at any time are not affected by action taken under this clause.

(f) If, as the result of the Contractor's intentional or negligent misstatement, misrepresentation, or miscertification, a protest related to this contract is sustained, and the Government pays costs, the Government may require the Contractor

to reimburse the Government the amount of such costs. In addition to any other remedy available, and pursuant to the

52.2-342

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.233-4

requirements of subpart 32.6, the Government may collect this debt by offsetting the amount against any payment due the

Contractor under any contract between the Contractor and the Government.

(End of clause)

Alternate I (Deviation Date). As prescribed in 33.107(b), substitute in paragraph (a)(2) the words "the Termination clause

of this contract" for the words "the Default, or the Termination for Convenience of the Government clause of this contract."

In paragraph (b) substitute the words "an equitable adjustment in the delivery schedule, the estimated cost, the fee, or a

combination thereof, and in any other terms of the contract that may be affected" for the words "an equitable adjustment in

the delivery schedule or contract price, or both."

52.233-4 Applicable Law for Breach of Contract Claim.

As prescribed in 33.205-9(b), insert the following clause:

APPLICABLE LAW FOR BREACH OF CONTRACT CLAIM (DEVIATION DATE)

United States law will apply to resolve any claim of breach of this contract.

(End of clause)

52.2-343

This page intentionally left blank.

52.2-344

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.234-4

52.234 [Reserved]

52.234-1 Industrial Resources Developed Under Title III of the Defense Production Act.

As prescribed at 34.105 , insert the following clause:

INDUSTRIAL RESOURCES DEVELOPED UNDER TITLE III OF THE DEFENSE PRODUCTION ACT (DEVIATION

DATE)

(a) Definitions.

Title III industrial resource means materials, services, processes, or manufacturing equipment (including the processes, technologies, and ancillary services for the use of such equipment) established or maintained under the authority of Title III

of the Defense Production Act (50 U.S.C. 4531 et seq.).

Title III project contractor means a contractor that has received assistance for the development or manufacture of an industrial resource under Title III of the Defense Production Act (50 U.S.C. 4531 et seq.).

(b) The Contractor must refer any request from a Title III project contractor for testing and qualification of a Title III industrial resource to the Contracting Officer.

(c) The Contracting Officer will modify the contract to?

(1) Authorize testing and qualification of the Title III industrial resource; and

(2) Provide an equitable adjustment for the costs to test and qualify the Title III industrial resource.

(d) Upon receipt of a contract modification and the Title III industrial resources, the Contractor must?

(1) Test the Title III industrial resources for qualification; and,

(2) Provide the test results to the Defense Production Act Office, Title III Program, located at Wright Patterson Air

Force Base, Ohio 45433-7739.

(e) The Contractor agrees to insert the substance of this clause, including paragraph (e), in every subcontract issued in performance of this contract.

(End of clause)

52.234-2 [Reserved]

(DEVIATION DATE)

52.234-3 [Reserved]

(DEVIATION DATE)

52.234-4 Earned Value Management System.

As prescribed in 34.203 , insert the following clause:

EARNED VALUE MANAGEMENT SYSTEM (DEVIATION DATE)

(a) The Contractor must use an earned value management system (EVMS) that has been determined by the Cognizant

Federal Agency (CFA) to be compliant with the guidelines in Electronic Industries Alliance Standard 748 (EIA-748) (current

version at the time of award) to manage this contract. If the Contractor's current EVMS has not been determined compliant at

the time of award, see paragraph (b) of this clause. The Contractor must submit EVMS reports as required by the contract.

(b) If the Contractor's EVM System is not compliant with the requirements in paragraph (a) of this clause, or the Contractor's existing cost/schedule control system is not compliant with the guidelines in EIA-748 (current version at time of

award), the Contractor must?

(1) Apply the current system to the contract; and

(2) Take necessary actions to meet the milestones in the Contractor's approved EVMS plan.

(c) When an EVMS is required, the Government will conduct an Integrated Baseline Review (IBR). Agencies may

require

an additional IBR at?

- (1) Exercise of significant options; or
- (2) Incorporation of major modifications.

52.2-345

52.235 FEDERAL ACQUISITION REGULATION

(d) Unless the CFA grants a waiver, Contractor-proposed EVMS changes require CFA approval prior to implementation.

- (1) The CFA will notify the Contractor of its acceptance or rejection of the proposed EVMS changes within 30 days of

receipt.

- (2) If the CFA waives the advance approval requirements, the Contractor must disclose EVMS changes to the CFA at

least 14 days prior to the effective date of implementation.

(e) The Contractor must provide the Government access to all pertinent records and data necessary to conduct surveillance

and validate that the EVMS complies with the requirements in paragraph (a) of this clause for the duration of the contract.

(f) The Contractor must require the subcontractors specified below to comply with the requirements of this clause:

[Insert

list of applicable subcontractors.]

(End of clause)

52.235 [Reserved]

52.2-346

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.236-3

52.236 [Reserved]

52.236-1 [Reserved]

(DEVIATION DATE)

52.236-2 Differing Site Conditions.

As prescribed in 36.101-7(a), insert the following clause:

DIFFERING SITE CONDITIONS (DEVIATION DATE)

(a) The Contractor shall promptly, and before the conditions are disturbed, give a written notice to the Contracting Officer

of

- (1) Latent physical conditions or subsurface conditions at the site which differ materially from those indicated in this

contract; or

(2) Unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the contract.

(b) (1) The Contracting Officer will investigate the site conditions promptly after receiving such a notice.

- (2) If the conditions materially so differ and cause an increase or decrease in the Contractor's cost of, or the time

required for, performing any part of the work under this contract an equitable adjustment must be made under this clause.

(c) No request for an equitable adjustment to the contract under this clause will be allowed, unless the Contractor has given the written notice required.

(d) No request for an equitable adjustment to the contract for differing site conditions will be allowed if made after final payment under this contract.

(End of clause)

52.236-3 Site Investigation and Conditions Affecting the Work.

As prescribed in 36.101-7(a), insert the following clause:

SITE INVESTIGATION AND CONDITIONS AFFECTING THE WORK (DEVIATION DATE)

(a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including?

- (1) Conditions bearing upon transportation, disposal, handling, and storage of materials;
- (2) The availability of labor, water, electric power, and roads;
- (3) Uncertainties of weather, river stages, tides, or similar physical conditions at the site;
- (4) The conformation and conditions of the ground; and
- (5) The character of equipment and facilities needed preliminary to and during work performance.

(b) The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, including all exploratory work done by the Government, as well as from the drawings and specifications made a

part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not

relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the Government.

(c) The Government assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the Government. Nor does the Government assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

(End of clause)

52.2-347

52.236-4 FEDERAL ACQUISITION REGULATION

52.236-4 [Reserved]

(DEVIATION DATE)

52.236-5 Material and Workmanship.

As prescribed in 36.101-7(b), insert the following clause:

MATERIAL AND WORKMANSHIP (DEVIATION DATE)

(a) (1) Equipment, material, and articles incorporated into the work covered by this contract shall be new and of the most

suitable grade for the purpose intended, unless otherwise specifically provided in this contract.

(2) References in the specifications to equipment, material, articles, or patented processes by trade name, make, or

catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition.

(3) The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of the

Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.

(b) The Contractor shall obtain the Contracting Officer's approval of the machinery, mechanical, and other equipment to be

incorporated into the work.

(1) When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer,

the model number, and other information concerning the performance, capacity, nature, and rating of the machinery and

mechanical and other equipment.

(2) When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting

Officer's approval of the material or articles which the Contractor contemplates incorporating into the work.

(i) When requesting approval, the Contractor shall provide appropriate and required information concerning the material or articles.

(ii) When directed to do so, the Contractor shall submit samples for approval at the Contractor's expense, with shipping charges prepaid. Machinery, equipment, material, and articles that do not have the required approval are installed or

used at the risk of subsequent rejection.

(c) Work under this contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require, in writing, that the Contractor remove from the work any employee the Contracting Officer deems incompetent, careless, or otherwise objectionable.

(End of clause)

52.236-6 Superintendence by the Contractor.

As prescribed in 36.101-7(a), insert the following clause:

SUPERINTENDENCE BY THE CONTRACTOR (DEVIATION DATE)

During performance of this contract and until the work is completed and accepted, the Contractor shall directly superintend the work or assign and have on site a competent superintendent who is satisfactory to the Contracting Officer and

has authority to act for the Contractor.

(End of clause)

52.236-7 Permits and Responsibilities.

As prescribed in 36.101-7(c), insert the following clause:

PERMITS AND RESPONSIBILITIES (DEVIATION DATE)

(a) The Contractor shall, without additional expense to the Government, be responsible for obtaining any necessary licenses and permits, and for complying with any Federal, State, and municipal laws, codes, and regulations applicable to the performance of the work.

52.2-348

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.236-10

(b) The Contractor shall be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence.

(c) The Contractor shall be responsible for all materials delivered and work performed until completion and acceptance of the entire work, except for any completed unit of work which may have been accepted under the contract.

(End of clause)

52.236-8 Other Contracts.

As prescribed in 36.101-7(a), insert the following clause:

OTHER CONTRACTS (DEVIATION DATE)

(a) The Government may award other contracts for work at or near the site of the work under this contract. The Contractor shall cooperate and coordinate with?

- (1) Other contractors; and
- (2) Government employees.

(b) The Contractor shall adapt scheduling and performance of the work under this contract to accommodate the performance of other contractors. The Contractor's scheduling and performance shall not delay or interfere with the performance of work by other contractors or Government employees.

(End of clause)

52.236-9 Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements.

As prescribed in 36.101-7(a), insert the following clause:

PROTECTION OF EXISTING VEGETATION, STRUCTURES, EQUIPMENT, UTILITIES, AND IMPROVEMENTS (DEVIATION DATE)

(a) The Contractor shall preserve and protect structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed, and which do not unreasonably interfere with the work required under this contract. The Contractor shall only remove trees when specifically authorized to do so. If any limbs or branches of trees are broken during contract performance, the Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the Contracting Officer.

(b) The Contractor shall protect from damage and, in the event of damage resulting from non-compliance with this contract or failure to exercise reasonable care in performing the work, shall promptly repair existing improvements and utilities at or near the work site, on adjacent property of a third party, and on or near transportation paths and routes. The Contractor shall repair any damage, including those that are the property of a third party.

(c) If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary

work

performed and charge the cost to the Contractor.

(End of clause)

52.236-10 Operations and Storage Areas.

As prescribed in 36.101-7(a), insert the following clause:

OPERATIONS AND STORAGE AREAS (DEVIATION DATE)

(a) The Contractor shall confine all activities and operations on site to areas authorized or approved by the Contracting

Officer. The Contractor shall hold and save the Government, its officers and agents, free and harmless from liability of any

nature occasioned by the Contractor's performance.

(b) (1) Temporary buildings (e.g., storage sheds, shops, offices) and utilities?

(i) May be erected by the Contractor only with the approval of the Contracting Officer; and

(ii) Shall only be built with labor and materials furnished by the Contractor without additional expense to the Government.

52.2-349

52.236-11 FEDERAL ACQUISITION REGULATION

(2) The temporary buildings and utilities are the property of the Contractor and shall be removed by the Contractor at

its expense upon completion of the work.

(3) The temporary buildings and utilities may be abandoned and need not be removed, with written consent of the

Contracting Officer.

(c) The Contractor shall, as prescribed by the Contracting Officer, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the Contracting Officer. When materials are transported

in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the

vehicle or prescribed by any Federal, State, or local law or regulation.

(End of clause)

52.236-11 Use and Possession Prior to Completion.

As prescribed in 36.101-7(d), insert the following clause:

USE AND POSSESSION PRIOR TO COMPLETION (DEVIATION DATE)

(a) The Government has the right to take possession of or use any completed or partially completed part of the work.

(1) Before taking possession of or using any work, the Contracting Officer will furnish the Contractor a list of items of

work remaining to be performed or corrected on those portions of the work that the Government intends to take possession of

or use.

(2) Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract.

(3) The Government's possession or use shall not be deemed an acceptance of any work under the contract.

(b) (1) While the Government has such possession or use, the Contractor is relieved of the responsibility for the

loss of

or damage to the work resulting from the Government's possession or use, notwithstanding the terms of the clause in this

contract entitled "Permits and Responsibilities".

(2) If prior possession or use by the Government delays the progress of the work or causes additional expense to the

Contractor, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be

modified in writing accordingly.

(End of clause)

52.236-12 Cleaning Up.

As prescribed in 36.101-7(a), insert the following clause:

CLEANING UP (DEVIATION DATE)

(a) The Contractor shall keep the work area, including storage areas, in a clean, neat, orderly condition, and free from

accumulations of waste materials.

(b) Before completing the work, the Contractor shall remove from the site any rubbish, tools, scaffolding, equipment, and

materials that are not the property of the Government.

(End of clause)

52.236-13 Accident Prevention.

As prescribed in 36.101-7(e), insert the following clause:

ACCIDENT PREVENTION (DEVIATION DATE)

(a) The Contractor shall provide and maintain work environments and procedures that?

(1) Safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to Contractor

operations and activities;

(2) Avoid interruptions of Government operations and delays in project completion dates; and

52.2-350

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.236-15

(3) Control costs in the performance of this contract.

(b) In addition, for contracts for construction or dismantling, demolition, or removal of improvements, the Contractor shall

?

(1) Provide appropriate safety barricades, signs, and signal lights;

(2) Comply with the standards issued by the Secretary of Labor at 29 CFR part 1926 and 29 CFR part 1910 ; and

(3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for the purposes

are taken.

(c) If this contract is for construction or dismantling, demolition or removal of improvements with any Department of Defense agency or component, the Contractor shall comply with all pertinent provisions of the latest version of U.S. Army

Corps of Engineers Safety and Health Requirements Manual, EM 385-1-1, in effect on the date of the solicitation.

(d) (1) If the Contracting Officer becomes aware of any noncompliance with these requirements or any condition that

poses a serious or imminent danger to the health or safety of the public or Government personnel, the Contracting Officer will

notify the Contractor orally, with written confirmation, and request immediate initiation of corrective action.

(2) This notice, when delivered to the Contractor or the Contractor's representative at the work site, shall be deemed

sufficient notice of the noncompliance and that corrective action is required.

(3) After receiving the notice, the Contractor shall immediately take corrective action.

(4) If the Contractor fails or refuses to promptly take corrective action, the Contracting Officer may issue an order

stopping all or part of the work until satisfactory corrective action has been taken.

(5) The Contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any stop-work order issued under this clause.

(e) The Contractor shall insert the substance of this clause, including this paragraph (e), in subcontracts.

(End of clause)

Alternate I (Nov 1991). If the contract will involve (a) work of a long duration or hazardous nature, or (b) performance on a Government facility that on the advice of technical representatives involves hazardous materials or operations that might

endanger the safety of the public and/or Government personnel or property, add the following paragraph (f) to the basic clause:

(f) Before commencing the work, the Contractor shall-

(1) Submit a written proposed plan for implementing this clause. The plan shall include an analysis of the significant

hazards to life, limb, and property inherent in contract work performance and a plan for controlling these hazards; and

(2) Meet with representatives of the Contracting Officer to discuss and develop a mutual understanding relative to

administration of the overall safety program.

52.236-14 Availability and Use of Utility Services.

As prescribed in 36.101-7(f), insert the following clause:

AVAILABILITY AND USE OF UTILITY SERVICES (DEVIATION DATE)

(a) The Government will make all reasonably required utilities available to the Contractor from existing outlets and supplies, as specified in the contract.

(b) Unless otherwise provided in the contract, the Contractor shall pay for all utility costs.

(c) The Contractor, at its expense and in a workmanlike manner, shall install and maintain all necessary temporary connections, distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges.

(d) Before final acceptance by the Government, the Contractor shall remove the temporary connections, distribution lines,

meters, and associated paraphernalia.

(End of clause)

52.236-15 Schedules for Construction Contracts.

As prescribed in 36.101-7(g), insert the following clause:

52.2-351

52.236-16 FEDERAL ACQUISITION REGULATION

SCHEDULES FOR CONSTRUCTION CONTRACTS (DEVIATION DATE)

(a) (1) Within five days after the work commences on the contract or another period of time determined by the Contracting Officer, the Contractor shall prepare and submit to the Contracting Officer for approval a practicable schedule

showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates

starting and completing the work (including acquiring materials, plant, and equipment).

(2) The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of

work scheduled for completion by any given date during the period.

(3) If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments until the Contractor submits the required schedule.

(b) The Contractor shall continually update the actual progress in the schedule and shall submit it to the Contracting

Officer by the means prescribed in the contract for transmittals or as directed by the Contracting Officer.

(c) (1) If the Contractor falls behind the approved schedule, the Contractor shall take steps necessary to recover lost time

and execute in accordance with the approved schedule, without additional cost to the Government.

(2) Such steps may include increasing the number of shifts, overtime operations, days of work, and/or the amount of

construction plant.

(3) The Contractor shall submit, for approval, supplementary schedule(s) that demonstrate how the lost time will be

recovered.

(d) If the Contractor does not recover the lost time, the Contracting Officer may determine that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the contract. Upon making

this determination, the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable

part of it, in accordance with the default terms of this contract.

(End of clause)

52.236-16 Quantity Surveys.

As prescribed in 36.101-7(h), insert the following clause:

QUANTITY SURVEYS (DEVIATION DATE)

(a) Quantity surveys shall be conducted, and the data derived from these surveys shall be used in computing the quantities

of work performed and the actual construction completed and in place.

(1) The Government will conduct the original and final surveys and make the computations based on them.

(2) (i) The Contractor shall conduct the surveys for any periods for which progress payments are requested and shall

make the computations based on these surveys.

(ii) All surveys conducted by the Contractor shall be conducted under the direction of a representative of the Contracting Officer, unless the Contracting Officer waives this requirement in a specific instance.

(b) Upon completing a survey, the Contractor shall promptly provide the originals of all field notes and all other records

relating to the survey or to the layout of the work to the Contracting Officer, which may be used by the Contracting Officer to

determine the amount of progress payments.

(c) The Contractor shall retain copies of all such material furnished to the Contracting Officer.

(End of clause)

Alternate I (APR 1984). If it is determined at a level above that of the Contracting Officer that it is impracticable for Government personnel to perform the original and final surveys, and the Government wishes the Contractor to perform these

surveys, substitute the following paragraph (b) for paragraph (b) of the basic clause:

(b) The Contractor shall conduct the original and final surveys and surveys for any periods for which progress payments

are requested. All these surveys shall be conducted under the direction of a representative of the Contracting Officer, unless

the Contracting Officer waives this requirement in a specific instance. The Government shall make such computations as

are necessary to determine the quantities of work performed or finally in place. The Contractor shall make the computations

based on the surveys for any periods for which progress payments are requested.

52.2-352

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.236-21

52.236-17 Layout of Work.

As prescribed in 36.101-7(i), insert the following clause:

LAYOUT OF WORK (DEVIATION DATE)

(a) The Contractor shall lay out its work from Government-established base lines and benchmarks provided on the drawings.

(b) The Contractor shall be responsible for all measurements in connection with the layout.

(c) The Contractor shall furnish, at its own expense, all stakes, templates, platforms, equipment, tools, materials, and labor

required for the layout.

(d) The Contractor shall be responsible for executing the work to the lines and grades that may be established or indicated

by the Contracting Officer.

(e) (1) The Contractor shall be responsible for maintaining and preserving all stakes and other marks established by the

Contracting Officer until authorized to remove them.

(2) If such marks are destroyed by the Contractor, the Contracting Officer may replace them and deduct the expense of

the replacement from any amounts due or to become due to the Contractor.

(End of clause)

52.236-18 Work Oversight in Cost-Reimbursement Construction Contracts.

As prescribed in 36.101-7(j), insert the following clause:

WORK OVERSIGHT IN COST-REIMBURSEMENT CONSTRUCTION CONTRACTS (APR 1984)

The extent and character of the work to be done by the Contractor shall be subject to the general supervision, direction, control, and approval of the Contracting Officer.

(End of clause)

52.236-19 [Reserved]

(DEVIATION DATE)

52.236-20 [Reserved]

52.236-21 Specifications and Drawings for Construction.

As prescribed in 36.101-7(k), insert the following clause:

SPECIFICATIONS AND DRAWINGS FOR CONSTRUCTION (DEVIATION DATE)

(a) The Contractor shall keep at the site a copy of the drawings and specifications and shall at all times give the Contracting Officer access thereto.

(b) Anything mentioned in the specifications and not shown on the drawings or shown on the drawings and not mentioned

in the specifications, shall be of like effect as if shown or mentioned in both.

(1) In case of difference between drawings and specifications, the specifications shall govern.

(2) In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the Contracting Officer, who shall promptly make a determination in writing.

(3) Any adjustment by the Contractor without such a determination shall be at its own risk and expense.

(c) The Contracting Officer will furnish from time to time such detailed drawings and other information as considered

necessary, unless otherwise provided.

(d) (1) Words, such as, "directed", "required", "ordered", "designated", "prescribed", or words of like import when used,

in the specifications or on the drawings are intended to mean the "direction", "requirement", "order", "designation", or

"prescription", of the Contracting Officer.

52.2-353

52.236-22 FEDERAL ACQUISITION REGULATION

(2) Words, such as, "approved", "acceptable", "satisfactory", or words of like import shall mean "approved by", or

"acceptable to", or "satisfactory to" the Contracting Officer, unless otherwise expressly stated.

(e) Where "as shown", "as indicated", "as detailed", or words of similar import are used, it shall be understood that the

reference is made to the drawings accompanying this contract unless stated otherwise. The word "provided" as used herein

shall be understood to mean "provide complete in place", that is "furnished and installed".

(f) Shop drawings means drawings, submitted to the Government by the Contractor, subcontractor, or any lower tier

subcontractor pursuant to a construction contract, showing in detail (1) the proposed fabrication and assembly of structural

elements and (2) the installation (i.e., form, fit, and attachment details) of materials or equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials

furnished by the contractor to explain in detail specific portions of the work required by the contract. The Government

may

duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.

(g) (1) If this contract requires shop drawings, the Contractor shall coordinate all such drawings, and review them for

accuracy, completeness, and compliance with contract requirements and shall indicate its approval thereon as evidence of

such coordination and review.

(2) Shop drawings submitted to the Contracting Officer without evidence of the Contractor's approval may be returned

for resubmission.

(h) The Contracting Officer will indicate an approval or disapproval of the shop drawings and if not approved as submitted

shall indicate the Government's reasons therefor.

(1) Any work done before such approval shall be at the Contractor's risk.

(2) Approval by the Contracting Officer shall not relieve the Contractor from responsibility for any errors or omissions

in such drawings, nor from responsibility for complying with the requirements of this contract, except with respect to variations described and approved in accordance with paragraph (i) of this clause.

(i) (1) If shop drawings show variations from the contract requirements, the Contractor shall describe such variations in

writing, separate from the drawings, at the time of submission.

(2) If the Contracting Officer approves any such variation, the Contracting Officer will issue an appropriate contract

modification, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.

(j) The Contractor shall submit to the Contracting Officer for approval four copies (unless otherwise indicated) of all shop

drawings as called for under the various headings of these specifications. Three sets (unless otherwise indicated) of all shop

drawings, will be retained by the Contracting Officer and one set will be returned to the Contractor.

(End of clause)

Alternate I (APR 1984). When record shop drawings are required and reproducible shop drawings are needed, add the following sentences to paragraph (j) of the basic clause:

Upon completing the work under this contract, the Contractor shall furnish a complete set of all shop drawings as finally approved. These drawings shall show all changes and revisions made up to the time the equipment is completed and accepted.

Alternate II (APR 1984). When record shop drawings are required and reproducible shop drawings are not needed, the following sentences shall be added to paragraph (j) of the basic clause:

Upon completing the work under this contract, the Contractor shall furnish _____ [Contracting Officer complete by inserting

desired amount] sets of prints of all shop drawings as finally approved. These drawings shall show changes and revisions

made up to the time the equipment is completed and accepted.

52.236-22 Design Within Funding Limitations.

As prescribed in 36.102-4(a), insert the following clause:

DESIGN WITHIN FUNDING LIMITATIONS (DEVIATION DATE)

52.2-354

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.236-24

(a) The Contractor shall accomplish the design services required under this contract to permit the award of a contract, using standard Federal Acquisition Regulation procedures for the construction of the facilities designed at a price that does not exceed the estimated construction contract price as set forth in paragraph (d) of this clause.

(1) When bids or proposals for the construction contract are received that exceed the estimated price, the Contractor shall perform such redesign and other services as are necessary to permit contract award within the funding limitation.

(2) These additional services shall be performed at no increase in the price of this contract.

(3) The Contractor shall not be required to perform such additional services at no cost to the Government if the unfavorable bids or proposals are the result of conditions beyond its reasonable control.

(b) The Contractor will promptly provide written notice to the Contracting Officer if it finds that the project will exceed or is likely to exceed the funding limitations and it is unable to design a usable facility within these limitations.

(1) Upon receipt of such written notice, the Contracting Officer will review the Contractor's revised estimate of construction cost.

(2) The Government may, if it determines that the estimated construction contract price set forth in this contract is so low that award of a construction contract not in excess of such estimate is improbable,?

(i) Authorize a change in scope or materials as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth in paragraph (d) of this clause; or

(ii) The Government may adjust such estimated construction contract price.

(c) When bids or proposals are not solicited or are unreasonably delayed, the Government shall prepare an estimate of constructing the design submitted and such estimate shall be used in lieu of bids or proposals to determine compliance with the funding limitation.

(d) The estimated construction contract price for the project described in this contract is \$_____.

(End of clause)

52.236-23 Responsibility of the Architect-Engineer Contractor.

As prescribed in 36.102-4(b), insert the following clause:

RESPONSIBILITY OF THE ARCHITECT-ENGINEER CONTRACTOR (DEVIATION DATE)

(a) The Contractor shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other services furnished by the Contractor under this contract.

(b) The Contractor shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services.

(c) Neither the Government's review, approval or acceptance of, nor payment for, the services required under this contract shall be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the performance of this contract.

(d) The Contractor shall be and remain liable to the Government, in accordance with applicable law, for all damages to the

Government caused by the Contractor's negligent performance of any of the services provided under this contract.

(e) The rights and remedies of the Government provided for under this contract are in addition to any other rights and

remedies provided by law.

(f) If the Contractor is comprised of more than one legal entity, each such entity shall be jointly and severally liable hereunder.

(End of clause)

52.236-24 Work Oversight in Architect-Engineer Contracts.

As prescribed in 36.102-4(c), insert the following clause:

WORK OVERSIGHT IN ARCHITECT-ENGINEER CONTRACTS (APR 1984)

52.2-355

52.236-25 FEDERAL ACQUISITION REGULATION

The extent and character of the work to be done by the Contractor shall be subject to the general oversight, supervision,

direction, control, and approval of the Contracting Officer.

(End of clause)

52.236-25 Requirements for Registration of Designers.

As prescribed in 36.102-4(d), insert the following clause:

REQUIREMENTS FOR REGISTRATION OF DESIGNERS (JUNE 2003)

Architects or engineers registered to practice in the particular professional field involved in a State, the District of Columbia, or an outlying area of the United States shall prepare or review and approve the design of architectural, structural,

mechanical, electrical, civil, or other engineering features of the work.

(End of clause)

52.236-26 [Reserved]

(DEVIATION DATE)

52.236-27 [Reserved]

(DEVIATION DATE)

52.236-28 [Reserved]

(DEVIATION DATE)

52.2-356

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.237-3

52.237 [Reserved]

52.237-1 Site Visit.

As prescribed in 37.802-5(a), insert the following provision:

SITE VISIT (APR 1984)

Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves

regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information

is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(End of provision)

52.237-2 Protection of Government Buildings, Equipment, and Vegetation.

As prescribed in 37.802-5(b), insert the following clause in solicitations and contracts for services to be performed on Government installations, unless a construction contract is contemplated:

PROTECTION OF GOVERNMENT BUILDINGS, EQUIPMENT, AND VEGETATION (APR 1984)

The Contractor shall use reasonable care to avoid damaging existing buildings, equipment, and vegetation on the Government installation. If the Contractor's failure to use reasonable care causes damage to any of this property, the Contractor shall replace or repair the damage at no expense to the Government as the Contracting Officer directs. If the Contractor fails or refuses to make such repair or replacement, the Contractor shall be liable for the cost, which may be deducted from the contract price.

(End of clause)

52.237-3 Continuity of Services.

As prescribed in 37.802-5(c), insert the following clause:

CONTINUITY OF SERVICES (JAN 1991)

(a) The Contractor recognizes that the services under this contract are vital to the Government and must be continued

without interruption and that, upon contract expiration, a successor, either the Government or another contractor, may continue them. The Contractor agrees to-

(1) Furnish phase-in training; and

(2) Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

(b) The Contractor shall, upon the Contracting Officer's written notice, (1) furnish phase-in, phase-out services for up to

90 days after this contract expires and (2) negotiate in good faith a plan with a successor to determine the nature and extent of

phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for

each division of work described in the plan, and shall be subject to the Contracting Officer's approval. The Contractor shall

provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this

contract are maintained at the required level of proficiency.

(c) The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the

continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel

records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable

to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe

benefits to the successor.

(d) The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed

period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata

portion of the fee (profit) under this contract.

(End of clause)

52.2-357

52.237-4 FEDERAL ACQUISITION REGULATION

52.237-4 Payment by Government to Contractor.

As prescribed in 37.701-4(a), insert the following clause in solicitations and contracts solely for dismantling, demolition, or removal of improvements whenever the contracting officer determines that the Government shall make payment to the

contractor in addition to any title to property that the contractor may receive under the contract:

PAYMENT BY GOVERNMENT TO CONTRACTOR (APR 1984)

(a) In _____ [insert "ful" if Alternate I is used; otherwise insert "partia"] consideration of the performance of the work called for in the Schedule, the Government will pay to the Contractor _____ [fill in amount].

(b) The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. Except as provided in paragraph

(c) of this clause, in making progress payments the Contracting Officer shall retain 10 percent of the estimated payment until final completion and acceptance of the contract work. However, if the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer may authorize such payment in full, without retaining a percentage. Also, on completion and acceptance of each unit or division for which the price is stated separately, the Contracting Officer may authorize full payment for that unit or division without retaining a percentage.

(c) When the work is substantially completed, the Contracting Officer shall retain an amount considered adequate for the protection of the Government and, at the Contracting Officer's discretion, may release all or a portion of any excess amount.

(d) In further consideration of performance, the Contractor shall receive title to all property to be dismantled or demolished that is not specifically designated as being retained by the Government. The title shall vest in the Contractor immediately upon the Government's issuing the notice of award, or if a performance bond is to be furnished after award, upon the Government's issuance of a notice to proceed with the work. The Government shall not be responsible for the condition of, or any loss or damage to, the property. If the Contractor does not wish to remove from the site any of the property acquired, the Contracting Officer may, upon written request, grant the Contractor permission to leave the property on the premises. As a condition to the granting of this permission, the Contractor agrees to waive any right, title, claim, or interest in and to the property.

(e) Upon completion and acceptance of all work and receipt of a properly executed voucher, the Government shall make

final payment of the amount due the Contractor under this contract. If requested, the Contractor shall release all claims against the Government arising under this contract, other than any claims the Contractor specifically excepts, in stated amounts, from operation of this release.

(End of clause)

Alternate I (APR 1984). If the contracting officer determines that the Government shall retain all material resulting from the dismantling or demolition work, delete paragraph (d) from the basic clause and renumber the remaining paragraphs.

52.237-5 Payment by Contractor to Government.

As prescribed in 37.701-4(b), insert the following clause in solicitations and contracts for dismantling, demolition, or removal of improvements whenever the contractor is to receive title to dismantled or demolished property and a net amount

of compensation is due to the Government, except if the contracting officer determines that it would be advantageous to the

Government for the contractor to pay in increments and the Government to transfer title to the contractor for increments of

property only upon receipt of those payments:

PAYMENT BY CONTRACTOR TO GOVERNMENT (APR 1984)

(a) The Contractor shall receive title to all property to be dismantled, demolished, or removed under this contract and

not specifically designated in the Schedule as being retained by the Government. The title shall vest in the Contractor immediately upon the Government's issuing the notice of award, or if a performance bond is to be furnished, upon the Government's issuing a notice to proceed with the work. The Government shall not be responsible for the condition of, or any

loss or damage to, the property.

(b) The Contractor shall promptly remove from the site all property acquired by the Contractor. The Government shall

not permit storage of property on the site beyond the completion date. If the Contractor does not wish to remove from the

site any of the property acquired, the Contracting Officer may, upon written request, grant the Contractor permission to leave

52.2-358

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.237-7

the property on the premises. As a condition of the granting of the permission, the Contractor agrees to waive any right, title,

claim, or interest in and to the property.

(c) The Contractor shall perform the work called for under this contract and within _____ days of receipt of notice of

award, unless otherwise provided in the Schedule and before proceeding with the work, shall pay _____ [fill in amount].

Checks shall be made payable to the office designated in the contract and shall be forwarded to the Contracting Officer.

(End of clause)

52.237-6 Incremental Payment by Contractor to Government.

As prescribed in 37.701-4(c), insert the following clause in solicitations and contracts for dismantling, demolition, or removal of improvements (a) if the Contractor is to receive title to dismantled or demolished property and a net amount of

compensation is due the Government; and (b) if the Contracting Officer determines that it would be advantageous to the

Government for the Contractor to pay in increments, and for the Government to transfer title to the Contractor for increments

of property, only upon receipt of those payment:

INCREMENTAL PAYMENT BY CONTRACTOR TO GOVERNMENT (APR 1984)

(a) The Contractor shall perform the work called for under this contract and within _____ days of receipt of notice of award, unless otherwise provided in the Schedule, and before proceeding with the work, shall pay _____ [fill in amount].

Thereafter, the Contractor shall make payment to the Government in the amount and frequency specified in the Schedule.

Checks shall be made payable to the office designated in the contract and shall be forwarded to the Contracting Officer.

(b) Upon the Government's receipt of each increment of payment, the Contractor shall receive title to such property as

the Contracting Officer determines to be fair and reasonable for that increment of payment. Upon receipt of the Contractor's

final payment, all title that has not passed to the Contractor shall vest in the Contractor, unless specifically designated in the

Schedule as being retained by the Government. The Government shall not be responsible for the condition of, or any loss or

damage to, the property.

(c) The Contractor shall promptly remove from the site all property acquired by the Contractor. The Government will not

permit storage of property on the site beyond the completion date. If the Contractor does not wish to remove from the site

any of the property acquired, the Contracting Officer may, upon written request, grant the Contractor permission to leave the

property on the premises. As a condition of the granting of this permission, the Contractor agrees to waive any right, title,

claim, or interest in and to the property.

(End of clause)

52.237-7 Indemnification and Medical Liability Insurance.

As prescribed in 37.601-3, insert the following clause:

INDEMNIFICATION AND MEDICAL LIABILITY INSURANCE (DEVIATION DATE)

(a) It is expressly agreed and understood that this is a nonpersonal services contract, under which the professional services

rendered by the Contractor are rendered in its capacity as an independent contractor. The Government may evaluate the

quality of professional and administrative services provided, but retains no control over professional aspects of the services

rendered, including by example, the Contractor's professional medical judgment, diagnosis, or specific medical treatments.

The Contractor shall be solely liable for and expressly agrees to indemnify the Government with respect to any liability producing acts or omissions by it or by its employees or agents. The Contractor shall maintain during the term of this

contract liability insurance issued by a responsible insurance carrier of not less than the following amount(s) per specialty per occurrence: _____.

(b) An apparently successful offeror, upon request by the Contracting Officer, shall furnish prior to contract award evidence of its insurability concerning the medical liability insurance required by paragraph (a) of this clause.

(c) Liability insurance may be on either an occurrences basis or on a claims-made basis. If the policy is on a claims-made basis, an extended reporting endorsement (tail) for a period of not less than 3 years after the end of the contract term must also be provided.

52.2-359

52.237-8 FEDERAL ACQUISITION REGULATION

(d) Evidence of insurance documenting the required coverage for each health care provider who will perform under this contract shall be provided to the Contracting Officer prior to the commencement of services under this contract. If the insurance is on a claims-made basis and evidence of an extended reporting endorsement is not provided prior to the commencement of services, evidence of such endorsement shall be provided to the Contracting Officer prior to the expiration of this contract. Final payment under this contract shall be withheld until evidence of the extended reporting endorsement is provided to the Contracting Officer.

(e) The policies evidencing required insurance shall also contain an endorsement to the effect that any cancellation or material change adversely affecting the Government's interest shall not be effective until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer. If during the performance period of the contract the Contractor changes insurance providers, the Contractor must provide evidence that the Government will be indemnified to the limits specified in paragraph (a) of this clause, for the entire period of the contract, either under the new policy, or a combination of old and new policies.

(f) The Contractor shall insert the substance of this clause, including this paragraph (f), in all subcontracts under this contract for health care services and shall require such subcontractors to provide evidence of and maintain insurance in accordance with paragraph (a) of this clause. At least 5 days before the commencement of work by any subcontractor, the Contractor shall furnish to the Contracting Officer evidence of such insurance.

(End of clause)

52.237-8 Restriction on Severance Payments to Foreign Nationals.

As prescribed in 37.113-2(a), use the following provision:

RESTRICTION ON SEVERANCE PAYMENTS TO FOREIGN NATIONALS (DEVIATION DATE)

(a) The Federal Acquisition Regulation (FAR), at 31.205-6(f)(6), limits the cost allowability of severance payments to foreign nationals employed under a service contract performed outside the United States unless the agency grants a waiver

pursuant to FAR 37.802-3 before contract award.

(b) In making the determination concerning the granting of a waiver, the agency will determine that?

(1) The application of the severance pay limitations to the contract would adversely affect the continuation of a program, project, or activity that provides significant support services for (i) members of the armed forces stationed or deployed outside the United States, or (ii) employees of an executive agency posted outside the United States;

(2) The Contractor has taken (or has established plans to take) appropriate actions within its control to minimize the amount and number of incidents of the payment of severance pay to employees under the contract who are foreign nationals;
and

(3) The payment of severance pay is necessary in order to comply with a law that is generally applicable to a significant number of businesses in the country in which the foreign national receiving the payment performed services under the contract, or is necessary to comply with a collective bargaining agreement.

(End of provision)

52.237-9 Waiver of Limitation on Severance Payments to Foreign Nationals.

As prescribed in 37.802-5(e), use the following clause:

WAIVER OF LIMITATION ON SEVERANCE PAYMENTS TO FOREIGN NATIONALS (DEVIATION DATE)

(a) Pursuant to 10 U.S.C. 3744(b) or 41 U.S.C. 4304(b)(1), as applicable, the cost allowability limitations in FAR

31.205-6(f)(6) are waived.

(b) This clause may be incorporated into subcontracts issued under this contract, if approved by the Contracting Officer.

(End of clause)

52.237-10 Identification of Uncompensated Overtime.

As prescribed in 37.802-5(f), insert the following provision:

52.2-360

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.240-90

IDENTIFICATION OF UNCOMPENSATED OVERTIME (MAR 2015)

(a) Definitions. As used in this provision-

Adjusted hourly rate (including uncompensated overtime) is the rate that results from multiplying the hourly rate for a 40-

hour work week by 40, and then dividing by the proposed hours per week which includes uncompensated overtime hours

over and above the standard 40-hour work week. For example, 45 hours proposed on a 40-hour work week basis at \$20 per

hour would be converted to an uncompensated overtime rate of \$17.78 per hour ($\20.00×40 divided by 45 = \$17.78).

Uncompensated overtime means the hours worked without additional compensation in excess of an average of 40 hours per week by direct charge employees who are exempt from the Fair Labor Standards Act. Compensated personal

absences such as holidays, vacations, and sick leave shall be included in the normal work week for purposes of computing

uncompensated overtime hours.

(b) (1) Whenever there is uncompensated overtime, the adjusted hourly rate (including uncompensated overtime), rather

than the hourly rate, shall be applied to all proposed hours, whether regular or overtime hours.

(2) All proposed labor hours subject to the adjusted hourly rate (including uncompensated overtime) shall be identified

as either regular or overtime hours, by labor categories, and described at the same level of detail. This is applicable to all

proposals whether the labor hours are at the prime or subcontract level. This includes uncompensated overtime hours that are

in indirect cost pools for personnel whose regular hours are normally charged direct.

(c) The offeror's accounting practices used to estimate uncompensated overtime must be consistent with its cost accounting practices used to accumulate and report uncompensated overtime hours.

(d) Proposals that include unrealistically low labor rates, or that do not otherwise demonstrate cost realism, will be considered in a risk assessment and will be evaluated for award in accordance with that assessment.

(e) The offeror shall include a copy of its policy addressing uncompensated overtime with its proposal.

(End of provision)

52.238 [Reserved]

52.239 [Reserved]

52.239-1 [Reserved]

(DEVIATION DATE)

52.240 [Reserved]

52.240-1 [Reserved]

(DEVIATION DATE)

52.240-90 Security Prohibitions and Exclusions Representations and Certifications.

As prescribed in 40.205(a), insert the following provision:

SECURITY PROHIBITIONS AND EXCLUSIONS REPRESENTATIONS AND CERTIFICATIONS (DEVIATION DATE)

(a) Definitions. As used in this provision-

Backhaul, covered article, covered telecommunications equipment or services, critical technology, FASCSA order, Intelligence community, interconnection arrangements, national security system, roaming, sensitive compartmented information, sensitive compartmented information system, source, and substantial or essential component have the meanings

provided in the clause 52.240-91, Security Prohibitions and Exclusions.

Business operations means engaging in commerce in any form, including by acquiring, developing, maintaining, owning,

selling, possessing, leasing, or operating equipment, facilities, personnel, products, services, personal property, real property,

or any other apparatus of business or commerce.

Marginalized populations of Sudan means?

52.2-361

52.240-90 FEDERAL ACQUISITION REGULATION

(1) Adversely affected groups in regions authorized to receive assistance under section 8(c) of the Darfur Peace and

Accountability Act (Pub. L. 109-344) (50 U.S.C. 1701 note); and

(2) Marginalized areas in Northern Sudan described in section 4(9) of such Act.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the

Sudan

Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate?

- (1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;
- (2) Are conducted under specific authorization from the Office of Foreign Assets Control in the Department of the

Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;

- (3) Consist of providing goods or services to marginalized populations of Sudan;
- (4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
- (5) Consist of providing goods or services that are used only to promote health or education; or
- (6) Have been voluntarily suspended.

Sensitive technology?

- (1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically?

- (i) To restrict the free flow of unbiased information in Iran; or
- (ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and

(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

(b) Procedures.

- (1) Covered telecommunications and video surveillance. The Offeror shall review the list of excluded parties in the

System for Award Management (SAM) at <https://www.sam.gov> for entities excluded from receiving federal awards for ?covered telecommunications equipment or services.?

(2) FASCSA Orders.

(i) The Offeror shall search in SAM for the phrase ?FASCSA order? for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (e) of FAR

52.240-91, Security Prohibitions and Exclusions.

(ii) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM but are effective and apply to the solicitation and resultant contract (see FAR 40.204-1(c)(2)).

(iii) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

- (c) Covered telecommunications equipment or services representations. By submission of its offer, the Offeror represents

that, after conducting a reasonable inquiry (that looks at any information in the Offeror?s possession but does not need to

include an internal or third-party audit)?

- (1) It will not provide covered telecommunications equipment or services to the Government in the performance of any

contract, subcontract or other contractual instrument resulting from this solicitation, except as waived by the solicitation, or as

disclosed in paragraph (g); and

(2) It does not use covered telecommunications equipment or services, or use any equipment, system, or service that

uses covered telecommunications equipment or services, except as waived by the solicitation, or as disclosed in paragraph

(g).

(d) FASCSA Representation. By submission of this offer, the offeror represents that it has conducted a reasonable inquiry,

and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products

or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA

order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (g). A

reasonable inquiry will look at any information in the offeror's possession but does not need to include an internal or third-party audit.

(e) Sudan certification. By submission of its offer, the offeror certifies, after conducting a reasonable inquiry (that looks at

any information in the offeror's possession but does not need to include an internal or third-party audit), that the offeror does

not conduct any restricted business operations in Sudan.

52.2-362

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.240-90

(f) Iran Representation and Certifications.

(1) Except as provided in paragraph (f)(2) of this provision or if a waiver has been granted in accordance with FAR

40.203-3, the offeror, after conducting a reasonable inquiry (that looks at any information in the offeror's possession but does

not need to include an internal or third-party audit), by submission of its offer?

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person (as defined at section 15 of the Iran Sanctions Act of 1996, Pub. L. 104-172, 50 U.S.C. 1701 note) owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Act. These sanctioned activities are in the areas of development of the petroleum

resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran,

and contributing to Iran's ability to acquire or develop certain weapons or technologies; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds \$15,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the

property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (50

U.S.C. 1701 et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>)

(2) Exception for trade agreements. The representation and certification requirements of paragraph (f)(1) of this provision do not apply if?

(i) This solicitation includes a trade agreements notice or certification (e.g., 52.225-6, Trade Agreements Certificate); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products or designated country construction material.

(iii) The offeror shall email questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(g) Disclosure.

(1) If the Offeror is not able to represent compliance with the prohibitions in paragraphs (c) or (d), then the Offeror

shall disclose within 72 hours to the contracting office identified in paragraph (g)(2) the following information for each product or service not compliant:

(i) Contract number and order number, if applicable;

(ii) Identification of whether this disclosure relates to paragraph (c) on covered telecommunication equipment or services, or to paragraph (d) on FASCSA orders;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited

(include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or

wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the offeror would like the Government to consider a waiver);

(vii) Whether alternative products or services are available that would be compliant with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions undertaken or recommended.

(2) If a disclosure is required to be submitted to a contracting office, the offeror shall submit the disclosure as follows:

(i) If a Department of Defense contracting office, the offeror shall submit the disclosure to the website at <https://dibnet.dod.mil>.

52.2-363

52.240-91 FEDERAL ACQUISITION REGULATION

(ii) For all other contracting offices, the Offeror shall submit the disclosure to the Contracting Officer.

(3) If the disclosure provided does not contain any of the information required by paragraph (1), and the Offeror later

discovers new information that is required by paragraph (1), then the Offeror shall submit a subsequent disclosure within 72

hours of discovering the new information.

(h) Executive agency review of disclosures. The Contracting Officer will review disclosures provided in paragraph

(g)

to determine if any applicable waiver may be sought. The Contracting Officer may choose not to pursue a waiver and may

instead make an award to an Offeror that does not require a waiver.

(End of provision)

52.240-91 Security Prohibitions and Exclusions.

As prescribed in 40.205(b), insert the following clause:

SECURITY PROHIBITIONS AND EXCLUSIONS (DEVIATION DATE)

(a) Definitions. As used in this clause?

American Security Drone Act-covered foreign entity means an entity included on a list that the Federal Acquisition Security Council (FASC) develops and maintains and publishes in the System for Award Management (SAM) at <https://www.sam.gov> (section 1822 of Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Covered article, as defined in 41 U.S.C. 4713(k), means:

- (1) Information technology, as defined in 40 U.S.C. 11101, including cloud computing services of all types;
- (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the

Communications Act of 1934 (47 U.S.C. 153);

- (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the

Controlled Unclassified Information program (see 32 CFR part 2002); or

- (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means?

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company

(or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means?

(1) Defense articles or defense services included on the United States Munitions List set forth in the International

Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled?

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

52.2-364

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.240-91

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology

covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to

export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such

Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of

2018 (50 U.S.C. 4817).

FASC-prohibited unmanned aircraft system means an unmanned aircraft system manufactured or assembled by an American Security Drone Act?covered foreign entity.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act

(FASCSA) requiring removing covered articles from executive agency information systems or excluding one or more named

sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders that apply to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders that apply to the Department of Defense (DoD) and national

security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as

a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders that apply to the intelligence community

and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of

FASCSA order may be referred to as a DNI FASCSA order.

Information technology, as defined in 40 U.S.C. 11101(6)?

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition,

storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission,

or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is

used by a contractor under a contract with the executive agency that requires the use?

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a

computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following?

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal

Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President, or designated jointly by

the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow

the use of another's network to hand off traffic where it is ultimately delivered (e.g., connecting a customer of telephone

provider A to a customer of telephone company B) or sharing data and other information resources.

52.2-365

52.240-91 FEDERAL ACQUISITION REGULATION

Kaspersky Lab-covered article means any hardware, software, or service that?

- (1) Is developed or provided by a Kaspersky Lab-covered entity;
- (2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab-covered

entity; or

- (3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab-covered

entity.

Kaspersky Lab-covered entity means?

- (1) Kaspersky Lab;
- (2) Any successor entity to Kaspersky Lab, including any change in name, e.g., ?Kaspersky?;
- (3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or
- (4) Any entity of which Kaspersky Lab has a majority ownership.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications

system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency?

- (1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to

national security; involves command and control of military forces; involves equipment that is an integral part of a weapon

or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system

that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel

management applications); or

- (2) Is protected at all times by procedures established for information that have been specifically authorized under

criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or

foreign policy.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to

connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the

Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Subsidiary means an entity in which more than 50 percent of the entity is owned directly by a parent corporation or

through another subsidiary of a parent corporation.

Substantial or essential component means any component necessary for the proper function or performance of a piece of

equipment, system, or service.

Unmanned aircraft means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft (49 U.S.C. 44801(11)).

Unmanned aircraft system means an unmanned aircraft and associated elements (including communication links and the components that control the unmanned aircraft) that are required for the operator to operate safely and efficiently in the

national airspace system (49 U.S.C. 44801(12)).

(b) Prohibitions on providing or using specific products or services in performance of contract. Unless a waiver or exception applies, the Contractor is prohibited from providing any products or services to the Government or using in the

performance of the contract any of the following:

(1) A covered application on any information technology owned or managed by the Government, or on any information

technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees (section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328));

(2) A Kaspersky Lab-covered article (Section 1634 of Division A of the National Defense Authorization Act for Fiscal

Year 2018 (Pub. L. 115-91));

(3) Covered telecommunications equipment or services used as a substantial or essential component of any system, or

as critical technology as part of any system (paragraphs (a)(1)(A) of section 889 of the John S. McCain National Defense

Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)). This does not prohibit contractors from providing?

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

52.2-366

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.240-91

(c) Prohibition on unmanned aircraft systems manufactured or assembled by American Security Drone Act?covered

foreign entities.

(1) Prohibition. The Contractor is prohibited from?

(i) Delivering any FASC-prohibited unmanned aircraft system, which includes unmanned aircraft (i.e., drones) and associated elements (sections 1823 and 1826 of American Security Drone Act of 2023, within the National Defense Authorization Act for Fiscal Year 2024, Pub. L. 118-31, Div. A, Title XVIII, Subtitle B, 41 U.S.C. 3901 note prec.);

(ii) On or after December 22, 2025, operating a FASC-prohibited unmanned aircraft system in the performance of the contract (section 1824 of Pub. L. 118-31); and

(iii) On or after December 22, 2025, using Federal funds to procure or operate a FASC-prohibited unmanned aircraft

system (section 1825 of Pub. L. 118-31).

(2) Procedures. The Contractor shall search SAM for the FASC-maintained list of American Security Drone Act?

covered foreign entities before proposing, or using in performance of the contract, any unmanned aircraft system. Also, the

Contractor shall ensure any effort or expenditure associated with a FASC-prohibited unmanned aircraft system is consistent

with a corresponding exemption, exception, or waiver determination expressly stated in the contract.

(3) Exemptions, exceptions, and waivers. The prohibitions in paragraph (c) of this clause do not apply where the agency

has determined an exemption, exception, or waiver applies, and the contract indicates that such a determination has been

made. See sections 1823 through 1825 and 1832 of Public Law 118-31 for statutory requirements pertaining to exemptions,

exceptions, and waivers.

(d) Prohibition on using or providing specific products or services or conducting certain transactions regardless of connection to contract.

(1) Certain telecommunications and video surveillance equipment, systems, or services.

(i) Unless an applicable waiver has been issued by the Government, the Contractor cannot use any equipment, systems, or services that uses covered telecommunications equipment or services as a substantial or essential component

of any system, or as critical technology as part of any system (paragraph (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232)).

(ii) This prohibition applies to using covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. This does not prohibit the contractor from using?

(A) A service that connects to the facilities of a third party, such as backhaul, roaming, or interconnection

arrangements; or

(B) Telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into

any user data or packets that such equipment transmits or otherwise handles.

(2) Office of Foreign Assets Control Restrictions.

(i) Except as authorized by the Office of Foreign Assets Control (OFAC) in the Department of the Treasury, the Contractor shall not acquire, for use in the performance of this contract, any supplies or services if any proclamation, Executive order, or statute administered by OFAC, or if OFAC's implementing regulations at 31 CFR chapter V, would prohibit such a transaction by a person subject to the jurisdiction of the United States.

(ii) Except as authorized by OFAC, most transactions involving Cuba, Iran, and Sudan are prohibited, as are most imports from Burma or North Korea, into the United States or its outlying areas.

(A) For lists of entities and individuals subject to economic sanctions, see OFAC's List of Specially Designated

Nationals and Blocked Persons at <https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists>.

(B) For more information about these restrictions, as well as updates, see OFAC's regulations at 31 CFR chapter

V and at <https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information>.

(C) To conduct electronic screens of potential parties to regulated transactions, see the consolidated screening list

at <https://www.trade.gov/consolidated-screening-list>, which consolidates multiple export screening lists of the Departments of

Commerce, State, and the Treasury.

(3) Sudan prohibition. The Contractor is prohibited from conducting any restricted business operations in Sudan in

accordance with Accountability and Divestment Act of 2007 (Pub. L. 110-174).

(4) Iran prohibitions.

(i) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, the contractor shall not engage in certain activities or transactions relating to Iran (section 6(b)(1)(A) of Iran Sanctions Act (50 U.S.C. 1701

note).

52.2-367

52.240-91 FEDERAL ACQUISITION REGULATION

(ii) Unless an exception applies according to paragraph (d)(4)(iii) or the Government grants a waiver, contractor shall not export certain sensitive technology to Iran, as determined by the President, and has an active exclusion in SAM (22

U.S.C. 8515).

(iii) The prohibition in paragraphs (d)(4)(i) and (d)(4)(ii) do not apply if the acquisition is subject to trade agreements and the offeror certifies that all the offered products are designated country end products or designated country construction material (see part 25).

(iv) Unless an exception applies or the Government grants a waiver, contractors are prohibited from knowingly engaging in any significant transaction (i.e., over \$15,000) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked according to the International Emergency Economic Powers Act (section 6(b)(1)(B) of Iran Sanctions Act (50 U.S.C. 1701 note)).

(e) Governmentwide exclusion and removal orders.

(1) Unless the Government has issued an applicable waiver, contractors shall not provide or use as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order as follows:

(i) For solicitations and contracts awarded by a Department of Defense contracting office, DoD FASCSA orders apply.

(ii) For all other solicitations and contracts, DHS FASCSA orders apply.

(2) The Contractor shall search for the phrase "FASCSA order" in the System for Award Management (SAM) at <https://>

www.sam.gov to locate applicable FASCSA orders.

(3) The Government may identify in the solicitation other FASCSA orders that are not in SAM, which are effective and

apply to the solicitation and resulting contract.

(4) A FASCSA order issued after the date of solicitation applies to this contract only if added by an amendment to the

solicitation or modification to the contract (see FAR 40.204-1(c)).

(f) Reasonable inquiry. The contractor shall conduct a reasonable inquiry to determine if there are any prohibited products

or services. The inquiry will look at any information in the entity's possession but does not need to include an internal or

third-party audit.

(g) Removal of prohibited products and services. For Federal Supply Schedules, Governmentwide acquisition contracts,

multi-agency contracts or any other procurement instrument intended for use by multiple agencies, upon notification from

the Contracting Officer, during the performance of the contract, the Contractor shall promptly make any necessary changes or

modifications to remove any product or service produced or provided by a source that this clause prohibits.

(h) General report.

(1) If the Contractor identifies or is notified by any source, (including a subcontractor at any tier), that any product or

service provided or used (or to be provided or used) during contract performance does not comply with any prohibition in

this clause, then the Contractor shall report the following information, or as much information is known, in writing to the contracting office as identified in paragraph (h)(2) within 72 hours:

(i) Contract number and order number, if applicable;

(ii) The specific prohibition the product or service is not complying with;

(iii) A description of the products or services that the Contractor identifies or has reason to suspect is prohibited

(include brand; model number, such as the original equipment manufacturer (OEM) number, manufacturer part number, or

wholesaler number; and item description, as applicable);

(iv) The entity that produced the product or service (include entity name, unique entity identifier, Contractor and Government Entity (CAGE) code, facilities responsible for design, fabrication, assembly, packaging, and test of the product, and whether the entity was the OEM or a distributor (provide manufacturer codes and distributor codes used for the product));

(v) Description of the functionality of the product or service and how that functionality impacts the risk to the product or service;

(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for

such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

(viii) If the product or service is related to item maintenance, include the following information on the item being maintained:

(A) Brand;

52.2-368

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.240-92

(B) Model number, OEM number, manufacturer part number, or wholesaler number; and

(C) Item description, as applicable.

(ix) Any readily available information about mitigation actions implemented or recommended.

(2) If a report must be submitted to a contracting office, the Contractor shall submit the report as follows:

(i) If a Department of Defense contracting office, the Contractor shall report to the website at <https://dibnet.dod.mil>.

(ii) For all other contracting offices, the Contractor shall report to the Contracting Officer.

(iii) For indefinite delivery contracts, the Contractor shall report to both the contracting office for the indefinite delivery contract and the contracting office for any affected order.

(3) If the report provided does not contain any of the information required by paragraph (h)(1) of this clause, and the

contractor later discovers new information that is required by paragraph (h)(1) of this clause, then the contractor shall submit

a subsequent report within 72 hours of discovering the new information.

(4) The contractor shall also report the information in paragraph (h)(1) if the contractor wishes to ask for a waiver of

the requirements of a new FASCSA order being applied through modification.

(i) New FASCSA orders report.

(1) During contract performance, the Contractor shall review SAM at least once every three months, or as advised by

the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a

source subject to FASCSA order(s) not currently identified under paragraph (e) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor shall

conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source

subject to the FASCSA order(s) was provided to the Government or used during contract performance. The inquiry will look

at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the

Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is

subject to a FASCSA order(s). For indefinite delivery contracts, the Contractor shall report to both the contracting office for

the indefinite delivery contract and the contracting office for any affected order. The Contractor shall report the following information within 72 hours for each covered article or each product or service produced or provided by a source, where the

covered article or source is subject to a FASCSA order:

(i) Contract number and order number, if applicable;

(ii) Name of the covered article or source subject to a FASCSA order;

(iii) The specific FASCSA order the product or service does not comply with;

(iv) The elements of (h)(1)(iii) through (ix) of this clause.

(j) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (j) but excluding subparagraphs (d)(1) and (i)(1), in all subcontracts and other contractual instruments, including subcontracts for

acquiring

commercial products or commercial services.

(End of clause)

Alternate I (DATE XXXX). As prescribed in 40.205(b), substitute the following paragraph (e)(1) for paragraph (e)(1) of the basic clause:

(e) Governmentwide exclusion and removal orders.

(1) Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or

any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable

FASCSA orders identified by the checkbox(es) in this paragraph (e)(1). [Contracting Officer must select either ?yes? or ?no? for each of the following types of FASCSA orders:]

Yes ? No ? DHS FASCSA Order

Yes ? No ? DoD FASCSA Order

Yes ? No ? DNI FASCSA Order

52.240-92 Security Requirements.

As prescribed in 40.302-3, insert the following clause:

SECURITY REQUIREMENTS (DEVIATION DATE)

52.2-369

52.240-92 FEDERAL ACQUISITION REGULATION

(a) This clause applies to the extent that this contract involves access to information classified Confidential, Secret, or Top

Secret.

(b) The Contractor shall comply with?

(1) The Security Agreement (DD Form 441), including the National Industrial Security Program Operating Manual (32

CFR part 117); and

(2) Any revisions to that manual, notice of which has been furnished to the Contractor.

(c) If, after the date of this contract, the security classification or security requirements under this contract are changed

by the Government and if the changes cause an increase or decrease in security costs or otherwise affect any other term or

condition of this contract, the contract must be subject to an equitable adjustment as if the changes were directed under the

Changes clause of this contract

(d) The Contractor agrees to insert terms that conform substantially to the language of this clause, including this paragraph

(d) but excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve

access to classified information.

(e) A subcontractor requiring access to classified information under a contract shall be identified with a CAGE code on the

DD Form 254. The Contractor shall require a subcontractor requiring access to classified information to provide its CAGE

code with its name and location address or otherwise include it prominently in the proposal. Each location of subcontractor

performance listed on the DD Form 254 is required to reflect a corresponding unique CAGE code for each listed location

unless the work is being performed at a Government facility, in which case the agency location code shall be used. The CAGE code must be for that name and location address. Insert the word "CAGE" before the number. The CAGE code is

required prior to award. The contractor shall ensure that subcontractors maintain their CAGE code(s) throughout the life of

the contract.

(End of clause)

Alternate I (DEVIATION DATE). If a cost contract for research and development with an educational institution is contemplated, add the following paragraphs (f), (g), and (h) to the basic clause:

(f)(1) If a change in security requirements, as provided in paragraphs (b) and (c), results in a change in the security classification of this contract or any of its elements from an unclassified status or a lower classification to a higher classification, or in more restrictive area controls than previously required, then the Contractor must exert every reasonable

effort compatible with the Contractor's established policies to continue performing the work under the contract to comply

with the change in security classification or requirements.

(2) If, despite reasonable efforts, the Contractor determines that continuing work under this contract is not practical

because of the change in security classification or requirements, the Contractor shall notify the Contracting Officer in writing.

Until the Contracting Officer resolves this problem, the Contractor shall continue safeguarding all classified material as required by this contract.

(g) After receiving the written notification, the Contracting Officer shall explore the circumstances surrounding the proposed change in security classification or requirements and must try to work out a mutually satisfactory method so the

Contractor can continue doing the work under this contract.

(h) If, 15 days after receipt by the Contracting Officer of the notification of the Contractor's stated inability to proceed,

the application to this contract of the change in security classification or requirements has not been withdrawn or a mutually

satisfactory method for continuing performance of work under this contract has not been agreed upon, the Contractor may

request the Contracting Officer to terminate the contract in whole or in part. The Contracting Officer shall terminate the contract in whole or in part, as may be appropriate, and the termination must be deemed a termination under the terms of the

Termination for the Convenience of the Government clause.

Alternate II (DEVIATION DATE). If employee identification is required for security or other reasons in a construction contract or architect-engineer contract, add the following paragraph (f) to the basic clause:

(f) The Contractor is responsible for furnishing to each employee, and for requiring each employee engaged on the work to display, such identification as may be approved and directed by the Contracting Officer. All prescribed identification

shall immediately be delivered to the Contracting Officer, for cancellation upon the release of any employee. When required

by the Contracting Officer, the Contractor shall obtain and submit fingerprints of all persons employed or to be employed on

the project.

52.2-370

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.240-93

52.240-93 Basic Safeguarding of Covered Contractor Information Systems.

As prescribed in 40.303-2, insert the following clause:

BASIC SAFEGUARDING OF COVERED CONTRACTOR INFORMATION SYSTEMS (DEVIATION DATE)

(a) Definitions. As used in this clause?

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information?

(1) Means information, not intended for public release, that is provided by or generated for the Government under a

contract to develop or deliver a product or service to the Government; but

(2) Does not include information provided by the Government to the public (such as on public websites) or simple

transactional information (such as information necessary to process payments).

Information means any communication or representation of knowledge such as facts, data, or opinions, in any medium or

form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems

Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance,

use, sharing, dissemination, or disposition of information (44 U.S.C. 3502).

Safeguarding means measures or controls that are prescribed to protect information systems.

(b) Safeguarding requirements.

(1) Basic requirements. The Contractor shall safeguard its covered contractor information systems by implementing, at

minimum, the following security controls:

(i) Limit information system access to authorized users, processes acting on behalf of authorized users, or devices (including other information systems).

(ii) Limit information system access to the types of transactions and functions that authorized users are permitted to execute.

(iii) Verify and control/limit connections to and use of external information systems.

(iv) Control information posted or processed on publicly accessible information systems.

(v) Identify information system users, processes acting on behalf of users, or devices.

(vi) Authenticate (or verify) the identities of those users, processes, or devices, as a prerequisite to allowing access to organizational information systems.

(vii) Sanitize or destroy information system media containing Federal Contract Information before disposal or release for reuse.

(viii) Limit physical access to organizational information systems, equipment, and the respective operating environments to authorized individuals.

(ix) Escort visitors and monitor visitor activity; maintain audit logs of physical access; and control and manage physical access devices.

(x) Monitor, control, and protect organizational communications (i.e., information transmitted or received by organizational information systems) at the external boundaries and key internal boundaries of the information systems.

(xi) Implement subnetworks for publicly accessible system components that are physically or logically separated from internal networks.

(xii) Identify, report, and correct information and information system flaws in a timely manner.

(xiii) Provide protection from malicious code at appropriate locations within organizational information systems.

(xiv) Update malicious code protection mechanisms when new releases are available.

(xv) Perform periodic scans of the information system and real-time scans of files from external sources as files are downloaded, opened, or executed.

(2) Other requirements. This clause does not relieve the Contractor of any other specific safeguarding requirements

specified by Federal departments and agencies relating to covered contractor information systems generally or other Federal

safeguarding requirements for controlled unclassified information (CUI) as established by Executive Order 13556.

(c) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (c), in subcontracts

under this contract (including subcontracts for the acquisition of commercial products, other than commercially available off-

52.2-371

52.240-93 FEDERAL ACQUISITION REGULATION

the-shelf items, or commercial services), in which the subcontractor may have Federal contract information residing in or

transiting through its information system.

(End of clause)

52.2-372

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.241-4

52.241 [Reserved]

52.241-1 Electric Service Territory Compliance Representation.

As prescribed in 41.501(b), insert a provision substantially the same as the following:

ELECTRIC SERVICE TERRITORY COMPLIANCE REPRESENTATION (MAY 1999)

(a) Section 8093 of Public Law 100-202 generally requires purchases of electricity by any department, agency, or instrumentality of the United States to be consistent with State law governing the provision of electric utility service, including State utility commission rulings and electric utility franchises or service territories established pursuant to State

statute, State regulation, or State-approved territorial agreements.

(b) By signing this offer, the offeror represents that this offer to sell electricity is consistent with Section 8093 of Public Law 100-202.

(c) Upon request of the Contracting Officer, the offeror shall submit supporting legal and factual rationale for this representation.

(End of clause)

52.241-2 Order of Precedence-Utilities.

As prescribed in 41.501(c)(1), insert a clause substantially the same as the following:

ORDER OF PRECEDENCE-UTILITIES (FEB 1995)

In the event of any inconsistency between the terms of this contract (including the specifications) and any rate schedule, rider, or exhibit incorporated in this contract by reference or otherwise, or any of the Contractor's rules and regulations, the terms of this contract shall control.

(End of clause)

52.241-3 Scope and Duration of Contract.

As prescribed in 41.501(c)(2), insert a clause substantially the same as the following:

SCOPE AND DURATION OF CONTRACT (FEB 1995)

(a) For the period _____, [insert period of service] the Contractor agrees to furnish and the Government agrees to purchase _____ [insert type of service] utility service in accordance with the applicable tariff(s), rules, and regulations as approved by the applicable governing regulatory body and as set forth in the contract.

(b) It is expressly understood that neither the Contractor nor the Government is under any obligation to continue any service under the terms and conditions of this contract beyond the expiration date.

(c) The Contractor shall provide the Government with one complete set of rates, terms, and conditions of service which are in effect as of the date of this contract and any subsequently approved rates.

(d) The Contractor shall be paid at the applicable rate(s) under the tariff and the Government shall be liable for the minimum monthly charge, if any, specified in this contract commencing with the period in which service is initially furnished and continuing for the term of this contract. Any minimum monthly charge specified in this contract shall be equitably prorated for the periods in which commencement and termination of this contract become effective.

(End of clause)

52.241-4 Change in Class of Service.

As prescribed in 41.501(c)(3), insert a clause substantially the same as the following:

CHANGE IN CLASS OF SERVICE (FEB 1995)

52.2-373

52.241-5 FEDERAL ACQUISITION REGULATION

(a) In the event of a change in the class of service, such service shall be provided at the Contractor's lowest available rate schedule applicable to the class of service furnished.

(b) Where the Contractor does not have on file with the regulatory body approved rate schedules applicable to services provided, no clause in this contract shall preclude the parties from negotiating a rate schedule applicable to the class of service furnished.

(End of clause)

52.241-5 Contractor's Facilities.

As prescribed in 41.501(c)(4), insert a clause substantially the same as the following:

CONTRACTOR'S FACILITIES (FEB 1995)

(a) The Contractor, at its expense, unless otherwise provided for in this contract, shall furnish, install, operate, and maintain all facilities required to furnish service hereunder, and measure such service at the point of delivery specified in the Service Specifications. Title to all such facilities shall remain with the Contractor and the Contractor shall be responsible for loss or damage to such facilities, except that the Government shall be responsible to the extent that loss or damage has been caused by the Government's negligent acts or omissions.

(b) Notwithstanding any terms expressed in this clause, the Contractor shall obtain approval from the Contracting Officer prior to any equipment installation, construction, or removal. The Government hereby grants to the Contractor, free of any rental or similar charge, but subject to the limitations specified in this contract, a revocable permit or license to enter the service location for any proper purpose under this contract. This permit or license includes use of the site or sites agreed upon by the parties hereto for the installation, operation, maintenance, and repair of the facilities of the Contractor required to be located upon Government premises. All applicable taxes and other charges in connection therewith, together with all liability of the Contractor in construction, operation, maintenance and repair of such facilities, shall be the obligation of the Contractor.

(c) Authorized representatives of the Contractor will be allowed access to the facilities on Government premises at reasonable times to perform the obligations of the Contractor regarding such facilities. It is expressly understood that the Government may limit or restrict the right of access herein granted in any manner considered necessary (e.g., national security, public safety).

(d) Unless otherwise specified in this contract, the Contractor shall, at its expense, remove such facilities and restore Government premises to their original condition as near as practicable within a reasonable time after the Government terminates this contract. In the event such termination of this contract is due to the fault of the Contractor, such facilities may be retained in place at the option of the Government for a reasonable time while the Government attempts to obtain service elsewhere comparable to that provided for hereunder.

(End of clause)

52.241-6 Service Provisions.

As prescribed in 41.501(c)(5), insert a clause substantially the same as the following:

SERVICE PROVISIONS (FEB 1995)

(a) Measurement of service. (1) All service furnished by the Contractor shall be measured by suitable metering equipment of standard manufacture, to be furnished, installed, maintained, repaired, calibrated, and read by the Contractor at its

expense. When more than a single meter is installed at a service location, the readings thereof may be billed conjunctively,

if appropriate. In the event any meter fails to register (or registers incorrectly) the service furnished, the parties shall agree

upon the length of time of meter malfunction and the quantity of service delivered during such period of time. An appropriate

adjustment shall be made to the next invoice for the purpose of correcting such errors. However, any meter which registers

not more than ____ percent slow or fast shall be deemed correct.

(2) The Contractor shall read all meters at periodic intervals of approximately 30 days or in accordance with the policy

of the cognizant regulatory body or applicable bylaws. All billings based on meter readings of less than ____ days shall be

prorated accordingly.

52.2-374

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.241-8

(b) Meter test. (1) The Contractor, at its expense, shall periodically inspect and test Contractor-installed meters at intervals

not exceeding ____ year(s). The Government has the right to have representation during the inspection and test.

(2) At the written request of the Contracting Officer, the Contractor shall make additional tests of any or all such meters

in the presence of Government representatives. The cost of such additional tests shall be borne by the Government if the

percentage of errors is found to be not more than ____ percent slow or fast.

(3) No meter shall be placed in service or allowed to remain in service which has an error in registration in excess of

____ percent under normal operating conditions.

(c) Change in volume or character. Reasonable notice shall be given by the Contracting Officer to the Contractor regarding any material changes anticipated in the volume or characteristics of the utility service required at each location.

(d) Continuity of service and consumption. The Contractor shall use reasonable diligence to provide a regular and uninterrupted supply of service at each service location, but shall not be liable for damages, breach of contract or otherwise,

to the Government for failure, suspension, diminution, or other variations of service occasioned by or in consequence of any

cause beyond the control of the Contractor, including but not limited to acts of God or of the public enemy, fires, floods, earthquakes, or other catastrophe, strikes, or failure or breakdown of transmission or other facilities. If any such failure, suspension, diminution, or other variation of service shall aggregate more than _____ hour(s) during any billing period

hereunder, an equitable adjustment shall be made in the monthly billing specified in this contract (including the minimum

monthly charge).

(End of clause)

52.241-7 Change in Rates or Terms and Conditions of Service for Regulated Services.

As prescribed in 41.501(d)(1), insert a clause substantially the same as the following:

CHANGE IN RATES OR TERMS AND CONDITIONS OF SERVICE FOR REGULATED SERVICES (FEB 1995)

(a) This clause applies to the extent services furnished under this contract are subject to regulation by a regulatory body.

The Contractor agrees to give * _____ written notice of (1) the filing of an application for change in rates or terms and conditions of service concurrently with the filing of the application and (2) any changes pending with the regulatory body as of the date of contract award. Such notice shall fully describe the proposed change. If, during the term of

this contract, the regulatory body having jurisdiction approves any changes, the Contractor shall forward to the Contracting

Officer a copy of such changes within 15 days after the effective date thereof. The Contractor agrees to continue furnishing

service under this contract in accordance with the amended tariff, and the Government agrees to pay for such service at the

higher or lower rates as of the date when such rates are made effective.

(b) The Contractor agrees that throughout the life of this contract the applicable published and unpublished rate schedule(s) shall not be in excess of the lowest cost published and unpublished rate schedule(s) available to any other customers of the same class under similar conditions of use and service.

(c) In the event that the regulatory body promulgates any regulation concerning matters other than rates which affects this

contract, the Contractor shall immediately provide a copy to the Contracting Officer. The Government shall not be bound to

accept any new regulation inconsistent with Federal laws or regulations.

(d) Any changes to rates or terms and conditions of service shall be made a part of this contract by the issuance of a

contract modification unless otherwise specified in the contract. The effective date of the change shall be the effective date by

the regulatory body. Any factors not governed by the regulatory body will have an effective date as agreed to by the parties.

* Note: Insert language prescribed in 41.501(d)(1).

(End of clause)

52.241-8 Change in Rates or Terms and Conditions of Service for Unregulated Services.

As prescribed in 41.501(d)(2), insert a clause substantially the same as the following:

CHANGE IN RATES OR TERMS AND CONDITIONS OF SERVICE FOR UNREGULATED SERVICES (FEB 1995)

(a) This clause applies to the extent that services furnished hereunder are not subject to regulation by a regulatory body.

52.2-375

52.241-9 FEDERAL ACQUISITION REGULATION

(b) After _____ [insert date], either party may request a change in rates or terms and conditions of service, unless

otherwise provided in this contract. Both parties agree to enter in negotiations concerning such changes upon receipt of a

written request detailing the proposed changes and specifying the reasons for the proposed changes.

(c) The effective date of any change shall be as agreed to by the parties. The Contractor agrees that throughout

the life of

this contract the rates so negotiated will not be in excess of published and unpublished rates charged to any other customer of

the same class under similar terms and conditions of use and service.

(d) The failure of the parties to agree upon any change after a reasonable period of time shall be a dispute under the

Disputes clause of this contract.

(e) Any changes to rates, terms, or conditions as a result of such negotiations shall be made a part of this contract by the

issuance of a contract modification.

(End of clause)

52.241-9 Connection Charge.

As prescribed in 41.501(d)(3), insert a clause substantially the same as the following:

CONNECTION CHARGE (FEB 1995)

(a) Charge. In consideration of the Contractor furnishing and installing at its expense the new connection facilities described herein, the Government shall pay the Contractor a connection charge. The payment shall be in the form of progress

payments, advance payments or as a lump sum, as agreed to by the parties and as permitted by applicable law. The total

amount payable shall be either the estimated cost of \$_____ less the agreed to salvage value of \$_____, or the actual cost

less the salvage value, whichever is less. As a condition precedent to final payment, the Contractor shall execute a release of

any claims against the Government arising under or by the virtue of such installation.

(b) Ownership, operation, maintenance and repair of new facilities to be provided. The facilities to be supplied by the

Contractor under this clause, notwithstanding the payment by the Government of a connection charge, shall be and remain

the property of the Contractor and shall, at all times during the life of this contract or any renewals thereof, be operated, maintained, and repaired by the Contractor at its expense. All taxes and other charges in connection therewith, together with

all liability arising out of the construction, operations, maintenance, or repair of such facilities, shall be the obligation of the

Contractor.

(c) Credits. (1) The Contractor agrees to allow the Government, on each monthly bill for service furnished under this

contract to the service location, a credit of _____ percent of the amount of each such bill as rendered until the accumulation

of credits shall equal the amount of such connection charge, provided that the Contractor may at any time allow a credit up to

100 percent of the amount of each such bill.

(2) In the event the Contractor, before any termination of this contract but after completion of the facilities provided

for in this clause, serves any customer other than the Government (regardless of whether the Government is being

served

simultaneously, intermittently, or not at all) by means of these facilities, the Contractor shall promptly notify the Government

in writing. Unless otherwise agreed by the parties in writing at that time, the Contractor shall promptly accelerate the credits

provided for under paragraph (c)(1) of this clause, up to 100 percent of each monthly bill until there is refunded the amount

that reflects the Government's connection costs for that portion of the facilities used in serving others.

(3) In the event the Contractor terminates this contract, or defaults in performance, prior to full credit of any connection

charge paid by the Government, the Contractor shall pay to the Government an amount equal to the uncredited balance of the

connection charge as of the date of the termination or default.

(d) Termination before completion of facilities. The Government reserves the right to terminate this contract at any time before completion of the facilities with respect to which the Government is to pay a connection charge. In the event the Government exercises this right, the Contractor shall be paid the cost of any work accomplished, including direct and

indirect costs reasonably allocable to the completed work prior to the time of termination by the Government, plus the cost of

removal, less the salvage value.

(e) Termination after completion of facilities. In the event the Government terminates this contract after completion of

the facilities with respect to which the Government has paid a connection charge, but before the crediting in full by the Contractor of any connection charge in accordance with the terms of this contract, the Contractor shall have the following

options:

52.2-376

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.241-11

(1) To retain in place for _____ months after the notice of termination by the Government such facilities on condition that-

(i) If, during such _____ month period, the Contractor serves any other customer by means of such facilities, the Contractor, shall, in lieu of allowing credits, pay the Government during such period installments in like amount, manner, and

extent as the credit provided for under paragraph (c) of this clause before such termination; and

(ii) Immediately after such _____ month period the Contractor shall promptly pay in full to the Government the uncredited balance of the connection charge.

(2) To remove such facilities at the Contractor's own expense within _____ months after the effective date of the

termination by the Government. If the Contractor elects to remove such facilities, the Government shall then have the option

of purchasing such facilities at the agreed salvage value set forth herein; and provided further, that the Contractor shall, at the

direction of the Government, leave in place such facilities located on Government property which the Government elects to

purchase at the agreed salvage value.

(End of clause)

Alternate I (FEB 1995). If the Contracting Officer determines that a nonrefundable charge is to be paid and no credits are

due the Government, delete paragraphs (c) and (e), renumber paragraph (d) as (c) and add the following as paragraph (d):

(d) Termination after completion of facilities. In the event the Government terminates this contract after completion of

the facilities with respect to which the Government is to pay a connection charge, the Contractor shall have the following

options:

(1) To retain in place for _____ months after the notice of termination by the Government. If the Contractor and the

Government have not agreed on terms for retention in place beyond _____ months, then the Contractor must remove the

facilities pursuant to the terms of paragraph (d)(2) of this clause.

(2) To remove such facilities at the Contractor's own expense within _____ months after the effective date of the

termination by the Government. If the Contractor elects to remove such facilities, the Government shall then have the option

of purchasing such facilities at the agreed salvage value set forth herein; and provided further, that the Contractor shall, at the

direction of the Government, leave in place such facilities located on Government property which the Government elects to

purchase at the agreed salvage value.

52.241-10 Termination Liability.

As prescribed in 41.501(d)(4), insert a clause substantially the same as the following:

TERMINATION LIABILITY (FEB 1995)

(a) If the Government discontinues utility service under this contract before completion of the facilities cost recovery period specified in paragraph (b) of this clause, in consideration of the Contractor furnishing and installing at its expense, the

new facility described herein, the Government shall pay termination charges, calculated as set forth in this clause.

(b) Facility cost recovery period. The period of time, not exceeding the term of this contract, during which the net cost of

the new facility shall be recovered by the Contractor is _____ months.[Insert negotiated duration.]

(c) Net facility cost. The cost of the new facility, less the agreed upon salvage value of such facility, is \$_____. [Insert

appropriate dollar amount.]

(d) Monthly facility cost recovery rate. The monthly facility cost recovery rate which the Government shall pay the Contractor whether or not service is received is \$_____.[Divide the net facility cost in paragraph (c) of this clause by the facility's cost recovery period in paragraph (b) of this clause and insert the resultant figure.]

(e) Termination charges. Termination charges = \$_____.[Multiply the remaining months of the facility's cost recovery period specified in paragraph (b) of this clause by the monthly facility cost recovery rate in paragraph (d) of this clause and

insert the resultant figure.]

(f) If the Contractor has recovered its capital costs at the time of termination there will be no termination liability charge.

(End of clause)

52.241-11 Multiple Service Locations.

As prescribed in 41.501(d)(5), insert a clause substantially the same as the following:

52.2-377

52.241-12 FEDERAL ACQUISITION REGULATION

MULTIPLE SERVICE LOCATIONS (FEB 1995)

(a) At any time by written order, the Contracting Officer may designate any location within the service area of the Contractor at which utility service shall commence or be discontinued. Any changes to the service specifications shall be made a part of the contract by the issuance of a contract modification to include the name and location of the service,

specifying any different rate, the point of delivery, different service specifications, and any other terms and conditions.

(b) The applicable monthly charge specified in this contract shall be equitably prorated from the period in which commencement or discontinuance of service at any service location designated under the Service Specifications shall become effective.

(End of clause)

52.241-12 Nonrefundable, Nonrecurring Service Charge.

As prescribed in 41.501(d)(6), insert a clause substantially the same as the following:

NONREFUNDABLE, NONRECURRING SERVICE CHARGE (FEB 1995)

As provided herein, the Government will pay a nonrefundable, nonrecurring charge when the rules and regulations of a Contractor require that a customer pay (1)a charge for the initiation of service, (2)a contribution in aid of construction, or (3)a

nonrefundable membership fee. This charge may be in addition to or in lieu of a connection charge. Therefore, there is hereby

added to the Contractor's schedule a nonrefundable, nonrecurring charge for _____ in the amount of \$_____

dollars payable .[specify dates or schedules]

(End of clause)

52.241-13 Capital Credits.

As prescribed in 41.501(d)(7), insert a clause substantially the same as the following:

CAPITAL CREDITS (FEB 1995)

(a) The Government is a member of the _____ [insert cooperative name], and as any other member, is entitled

to capital credits consistent with the bylaws of the cooperative, which states the obligation of the Contractor to pay capital

credits and which specifies the method and time of payment.

(b) The Contractor shall furnish to the Contracting Officer, or the designated representative of the Contracting Officer, in

writing, on an _____ basis [insert period of time] a list of accrued credits by contract number, year, and delivery point.

(c) Payment of capital credits will be made by check, payable to the _____ [insert agency name], and

forwarded

to the Contracting Officer at _____ [insert agency address], unless otherwise directed in writing by the Contracting Officer. Checks shall cite the current or last contract number and indicate whether the check is partial or final

payment for all capital credits accrued.

(End of clause)

52.2-378

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.242-3

52.242 [Reserved]

52.242-1 Notice of Intent to Disallow Costs.

As prescribed in 42.602, insert the following clause:

NOTICE OF INTENT TO DISALLOW COSTS (APR 1984)

(a) Notwithstanding any other clause of this contract-

(1) The Contracting Officer may at any time issue to the Contractor a written notice of intent to disallow specified costs

incurred or planned for incurrence under this contract that have been determined not to be allowable under the contract terms;

and

(2) The Contractor may, after receiving a notice under paragraph (a)(1) of this clause, submit a written response to

the Contracting Officer, with justification for allowance of the costs. If the Contractor does respond within 60 days, the Contracting Officer will, within 60 days of receiving the response, either make a written withdrawal of the notice or issue a written decision.

(b) Failure to issue a notice under this Notice of Intent to Disallow Costs clause does not affect the Government's rights to take exception to incurred costs.

(End of clause)

52.242-2 Production Progress Reports.

As prescribed in 42.805(a), insert the following clause:

PRODUCTION PROGRESS REPORTS (APR 1991)

(a) The Contractor must prepare and submit to the Contracting Officer the production progress reports specified in the contract Schedule.

(b) During any delay in furnishing a production progress report required under this contract, the Contracting Officer may withhold from payment an amount not exceeding \$25,000 or 5 percent of the amount of this contract, whichever is less.

(End of clause)

52.242-3 Penalties for Unallowable Costs.

As prescribed in 42.508-7, use the following clause:

PENALTIES FOR UNALLOWABLE COSTS (DEVIATION DATE)

(a) Definition. Proposal, as used in this clause, means either?

(1) A final indirect cost rate proposal submitted by the Contractor after the expiration of its fiscal year which?

(i) Relates to any payment made on the basis of billing rates; or

(ii) Will be used in negotiating the final contract price; or

(2) The final statement of costs incurred and estimated to be incurred under the Incentive Price Revision clause (if

applicable), which is used to establish the final contract price.

(b) Contractors which include unallowable indirect costs in a proposal may be subject to penalties. The penalties are

prescribed in 10 U.S.C. 3748 or 41 U.S.C. chapter 43, as applicable, which is implemented in section 42.508 of the Federal

Acquisition Regulation (FAR).

(c) The Contractor must not include in any proposal any cost that is unallowable, as defined in subpart 2.1 of the FAR, or

an executive agency supplement to the FAR.

(d) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal is expressly unallowable

under a cost principle in the FAR, or an executive agency supplement to the FAR, that defines the allowability of specific

selected costs, the Contractor must be assessed a penalty equal to?

(1) The amount of the disallowed cost allocated to this contract; plus

(2) Simple interest, to be computed-

52.2-379

52.242-4 FEDERAL ACQUISITION REGULATION

(i) On the amount the Contractor was paid (whether as a progress or billing payment) in excess of the amount to which the Contractor was entitled; and

(ii) Using the applicable rate effective for each six-month interval prescribed by the Secretary of the Treasury pursuant to 41 U.S.C. 7109.

(e) If the Contracting Officer determines that a cost submitted by the Contractor in its proposal includes a cost previously

determined to be unallowable for that Contractor, then the Contractor will be assessed a penalty in an amount equal to two

times the amount of the disallowed cost allocated to this contract.

(f) Determinations under paragraphs (d) and (e) of this clause are final decisions within the meaning of 41 U.S.C. chapter

71, Contract Disputes.

(g) Pursuant to the criteria in FAR 42.508-6, the Contracting Officer may waive the penalties in paragraph (d) or (e) of this

clause.

(h) Payment by the Contractor of any penalty assessed under this clause does not constitute repayment to the Government

of any unallowable cost which has been paid by the Government to the Contractor.

(End of clause)

52.242-4 Certification of Final Indirect Costs.

As prescribed in 42.503-2(f), insert the following clause:

CERTIFICATION OF FINAL INDIRECT COSTS (JAN 1997)

(a) The Contractor shall-

- (1) Certify any proposal to establish or modify final indirect cost rates;
- (2) Use the format in paragraph (c) of this clause to certify; and
- (3) Have the certificate signed by an individual of the Contractor's organization at a level no lower than a vice president

or chief financial officer of the business segment of the Contractor that submits the proposal.

- (b) Failure by the Contractor to submit a signed certificate, as described in this clause, may result in final indirect costs at

rates unilaterally established by the Contracting Officer.

- (c) The certificate of final indirect costs shall read as follows:

Certificate of Final Indirect Costs

This is to certify that I have reviewed this proposal to establish final indirect cost rates and to the best of my knowledge and belief:

1. All costs included in this proposal (identify proposal and date) to establish final indirect cost rates for (identify period

covered by rate) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) and its

supplements applicable to the contracts to which the final indirect cost rates will apply; and

2. This proposal does not include any costs which are expressly unallowable under applicable cost principles of the FAR

or its supplements.

Firm: _____

Name of Certifying Official: _____

Title: _____

Date of Execution: _____

(End of clause)

52.242-5 Payments to Small Business Subcontractors.

As prescribed in 42.1104 , insert the following clause:

PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (JAN 2017)

- (a) Definitions. As used in this clause-

Reduced payment means a payment that is for less than the amount agreed upon in a subcontract in accordance with its

terms and conditions, for supplies and services for which the Government has paid the prime contractor.

52.2-380

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.242-14

Untimely payment means a payment that is more than 90 days past due under the terms and conditions of a subcontract, for

supplies and services for which the Government has paid the prime contractor.

- (b) Notice. The Contractor shall notify the Contracting Officer, in writing, not later than 14 days after-

- (1) A small business subcontractor was entitled to payment under the terms and conditions of the subcontract; and

- (2) The Contractor-

- (i) Made a reduced or untimely payment to the small business subcontractor; or

- (ii) Failed to make a payment, which is now untimely.

(c) Content of notice. The Contractor shall include the reason(s) for making the reduced or untimely payment in any notice

required under paragraph (b) of this clause.

(End of clause)

52.242-6 [Reserved]

52.242-7 [Reserved]

52.242-8 [Reserved]

52.242-9 [Reserved]

52.242-10 [Reserved]

52.242-11 [Reserved]

52.242-12 [Reserved]

52.242-13 Bankruptcy.

As prescribed in 42.703, insert the following clause:

BANKRUPTCY (JULY 1995)

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor

agrees to furnish, by certified mail or electronic commerce method authorized by the contract, written notification of the bankruptcy to the Contracting Officer responsible for administering the contract. This notification shall be furnished within

five days of the initiation of the proceedings relating to bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of Government contract numbers and contracting offices for all Government contracts against which final payment has not been

made. This obligation remains in effect until final payment under this contract.

(End of clause)

52.242-14 Suspension of Work.

As prescribed in 42.1005(a), insert the following clause:

SUSPENSION OF WORK (APR 1984)

(a) The Contracting Officer may order the Contractor, in writing, to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contracting Officer determines appropriate for the convenience of the Government.

(b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Contracting Officer in the administration of this contract, or (2) by the Contracting Officer's

failure to act within the time specified in this contract (or within a reasonable time if not specified), an adjustment shall be

made for any increase in the cost of performance of this contract (excluding profit) necessarily caused by the unreasonable

52.2-381

52.242-15 FEDERAL ACQUISITION REGULATION

suspension, delay, or interruption, and the contract modified in writing accordingly. However, no adjustment shall be made

under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended,

delayed, or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an equitable adjustment is provided for or excluded under any other term or condition of this contract.

(c) A claim under this clause shall not be allowed-

(1) For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in

writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and

(2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the

suspension, delay, or interruption, but not later than the date of final payment under the contract.

(End of clause)

52.242-15 Stop-Work Order.

As prescribed in 42.1005(b), insert the following clause:

STOP-WORK ORDER (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any

part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any

further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under

this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps

to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

Within a

period of 90 days after a stop-work order is delivered to the Contractor, or within any extension of that period to which the

parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the

Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires,

the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or

contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to,

the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage;

provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act

upon

a proposal submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

(End of clause)

Alternate I (APR 1984). If this clause is inserted in a cost-reimbursement contract, substitute in paragraph (a)(2) the words "the Termination clause of this contract" for the words "the Default, or the Termination for Convenience of the Government clause of this contract." In paragraph (b) substitute the words "an equitable adjustment in the delivery schedule,

the estimated cost, the fee, or a combination thereof, and in any other terms of the contract that may be affected" for the

words "an equitable adjustment in the delivery schedule or contract price, or both."

52.2-382

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.242-17

52.242-16 [Reserved]

52.242-17 Government Delay of Work.

As prescribed in 42.1005(c), insert the following clause:

GOVERNMENT DELAY OF WORK (APR 1984)

(a) If the performance of all or any part of the work of this contract is delayed or interrupted (1)by an act of the Contracting Officer in the administration of this contract that is not expressly or impliedly authorized by this contract, or (2)by a failure of the Contracting Officer to act within the time specified in this contract, or within a reasonable time if not

specified, an adjustment (excluding profit) shall be made for any increase in the cost of performance of this contract caused

by the delay or interruption and the contract shall be modified in writing accordingly. Adjustment shall also be made in the

delivery or performance dates and any other contractual term or condition affected by the delay or interruption. However,

no adjustment shall be made under this clause for any delay or interruption to the extent that performance would have been

delayed or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an adjustment is

provided or excluded under any other term or condition of this contract.

(b) A claim under this clause shall not be allowed-

(1) For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved; and

(2) Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the delay

or interruption, but not later than the day of final payment under the contract.

(End of clause)

52.2-383

This page intentionally left blank.

52.2-384

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.243-1

52.243 [Reserved]

52.243-1 Changes-Fixed-Price.

As prescribed in 43.305(a)(1), insert the following clause. Agency procedures may vary the 30-day period.

CHANGES-FIXED PRICE (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order making changes within the scope of this contract

related to:

- (i) Drawings, designs, or specifications which require special manufacturing of supplies for the Government,
- (ii) The method of shipment or packing, or
- (iii) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(b) Whether or not changed by the order, if any of the changes cause an increase or decrease in the cost of, or the time

required for, performance of the work under this contract, the Contracting Officer shall make an equitable adjustment in the

contract price, the delivery schedule, or both, and shall modify the contract.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the

written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act

upon a proposal submitted before final payment of the contract.

(d) If the Contractor's proposal includes the cost of property made obsolete or has become excess by the change, the

Contracting Officer shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall

excuse the Contractor from proceeding with the contract as changed.

(End of clause)

Alternate I (DEVIATION DATE). If no supplies are to be furnished and the requirement is for services, other than architect-

engineer or other professional services, the following paragraph (a) will be substituted for paragraph (a) in the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order making changes within the scope of this contract in

any one or more of the following:

- (i) Description of services to be performed.
- (ii) Time of performance (i.e., hours of the day, days of the week, etc.).
- (iii) Place of performance of the services.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate II (Deviation Date). If the requirement is for services (other than architect-engineer services, transportation, or

research and development) and supplies are to be furnished, substitute the following paragraph (a) for paragraph (a) of the

basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order making changes within the scope of this contract in

any one or more of the following:

- (i) Description of services to be performed.
- (ii) Time of performance (i.e., hours of the day, days of the week, etc.).
- (iii) Place of performance of the services.
- (iv) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.
- (v) Method of shipment or packing of supplies.
- (vi) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate III (DEVIATION DATE). If the requirement is for architect-engineer or other professional services, substitute the

following paragraph (a) for paragraph (a) of the basic clause and add the following paragraph (f):

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in

the services to be performed.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(f) No services for which an additional cost or fee will be charged by the Contractor shall be furnished without the prior

written authorization of the Contracting Officer.

52.2-385

52.243-2 FEDERAL ACQUISITION REGULATION

Alternate IV (Deviation Date). If the requirement is for transportation services, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in

any one or more of the following:

- (i) Specifications.
- (ii) Work or services.
- (iii) Place of origin.
- (iv) Place of delivery.
- (v) Tonnage to be shipped.
- (vi) Amount of Government-furnished property.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate V (Deviation Date). If the requirement is for research and development and it is desired to include the clause, substitute the following subparagraphs (a)(1)(i) and (a)(1)(iii) and paragraph (b) for subparagraphs (a)(1)(i) and (a)(1)(iii) and

paragraph (b) of the basic clause:

(a)(1)

- (i) Drawings, designs, or specifications.
- (iii) Place of inspection, delivery, or acceptance.

(b) If any such change causes an increase or decrease in the cost of, or time required for, performing this contract, whether

or not changed by the order, the Contracting Officer shall make an equitable adjustment in?

(1) The contract price, the time of performance, or both; and

(2) Other affected terms of the contract, and shall modify the contract accordingly.

52.243-2 Changes-Cost-Reimbursement.

As prescribed in 43.305(b)(1), insert the following clause. The 30-day period may be varied according to agency procedures.

CHANGES-COST-REIMBURSEMENT (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in

any one or more of the following:

(i) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.

(ii) Method of shipment or packing.

(iii) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

(b) If any such change causes an increase or decrease in the estimated cost of, or the time required for, performance of any

part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and conditions

of this contract, the Contracting Officer shall make an equitable adjustment in the?

(1) Estimated cost, delivery or completion schedule, or both;

(2) Amount of any fixed fee; and

(3) Other affected terms and shall modify the contract accordingly.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the

written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act

upon a proposal submitted before final payment of the contract.

(d) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall

excuse the Contractor from proceeding with the contract as changed.

(e) Notwithstanding the terms and conditions of paragraphs (a) and (b) of this clause, the estimated cost of this contract

and, if this contract is incrementally funded, the funds allotted for the performance of this contract, shall not be increased

or considered to be increased except by specific written modification of the contract indicating the new contract estimated

cost and, if this contract is incrementally funded, the new amount allotted to the contract. Until this modification is made, the Contractor shall not be obligated to continue performance or incur costs beyond the point established in the Limitation of

Cost or Limitation of Funds clause of this contract.

(End of clause)

52.2-386

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.243-3

Alternate I (DEVIATION DATE). If the requirement is for services and no supplies are to be furnished, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in

any one or more of the following:

- (i) Description of services to be performed.
- (ii) Time of performance (i.e., hours of the day, days of the week, etc.).
- (iii) Place of performance of the services.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate II (DEVIATION DATE). If the requirement is for services and supplies are to be furnished, substitute the following

paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in

any one or more of the following:

- (i) Description of services to be performed.
- (ii) Time of performance (i.e., hours of the day, days of the week, etc.).
- (iii) Place of performance of the services.
- (iv) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.
- (v) Method of shipment or packing of supplies.
- (vi) Place of delivery.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate III (DEVIATION DATE). If the requirement is for construction, substitute the following paragraph (a) for paragraph (a) of the basic clause:

(a)(1) At any time, the Contracting Officer may issue a written order to make changes within the scope of this contract in

the plans and specifications or instructions incorporated in the contract.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

Alternate IV [Reserved]

Alternate V (DEVIATION DATE). If the requirement is for research and development, and it is desired to include the clause,

substitute the following subparagraphs (a)(1)(i) and (a)(1)(iii) for subparagraphs (a)(1)(i) and (a)(1)(iii) of the basic clause:

- (a)(1)(i) Drawings, designs, or specifications.
- (iii) Place of inspection, delivery, or acceptance.

52.243-3 Changes-Time-and-Materials or Labor-Hours.

As prescribed in 43.305(c), insert the following clause:

CHANGES-TIME-AND-MATERIALS OR LABOR-HOURS (DEVIATION DATE)

(a) (1) At any time, the Contracting Officer may issue a written order to make changes in within the scope of this contract

in any one or more of the following:

- (i) Description of services to be performed.
- (ii) Time of performance (i.e., hours of the day, days of the week, etc.).

- (iii) Place of performance of the services.
- (iv) Drawings, designs, or specifications which require special manufacturing of supplies for the Government.
- (v) Method of shipment or packing of supplies.
- (vi) Place of delivery.
- (vii) Amount of Government-furnished property.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

- (b) If any change causes an increase or decrease in any hourly rate, the ceiling price, or the time required for performance

of any part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and

conditions of this contract, the Contracting Officer will make an equitable adjustment in any one or more of the following and

will modify the contract accordingly:

- (1) Ceiling price.
- (2) Hourly rates.
- (3) Delivery schedule.
- (4) Other affected terms.

52.2-387

52.243-4 FEDERAL ACQUISITION REGULATION

- (c) The Contractor shall assert its right to an adjustment under this clause within 30 days from the date of receipt of the

written order. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act

upon a proposal submitted before final payment of the contract.

- (d) Failure to agree to any adjustment will be a dispute under the Disputes clause. However, nothing in this clause excuses

the Contractor from proceeding with the contract as changed.

(End of clause)

52.243-4 Changes.

As prescribed in 43.305(d), insert the following clause. Agency procedures may vary the 30-day period.

CHANGES (DEVIATION DATE)

- (a) (1) At any time, the Contracting Officer may issue a written order, identified as a change order, to make changes in the

work within the scope of the contract, including changes?

- (i) In the specifications (including drawings and designs);
- (ii) In the method or manner of performance of the work;
- (iii) In the Government-furnished property or services; or
- (iv) Directing acceleration in the performance of the work.

(2) If there are any sureties, the Contracting Officer does not need to notify them of a written order.

- (b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation,

or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause;

provided, that the Contractor gives the Contracting Officer written notice stating?

(1) The date, circumstances, and source of the order; and

(2) That the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of the Contracting Officer shall be treated as a change

under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the

performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer

shall make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective

specifications, no adjustment for any change under paragraph (b) of this clause shall be made for any costs incurred more

than 20 days before the Contractor gives written notice as required. In the case of defective specifications for which the Government is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in

attempting to comply with the defective specifications.

(e) (1) The Contractor must assert its right to an adjustment under this clause, by submitting to the Contracting Officer a

written statement describing the general nature and amount of proposal within 30 days, unless this period is extended by the

Government, after?

(i) Receipt of a written change order under paragraph (a) of this clause; or

(ii) The furnishing of a written notice under paragraph (b) of this clause.

(2) The statement of proposal for adjustment may be included in the notice under paragraph (b) of this clause.

(f) No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this

contract.

(End of clause)

52.243-5 Changes and Changed Conditions.

As prescribed in 43.305(e), insert the following clause:

CHANGES AND CHANGED CONDITIONS (DEVIATION DATE)

(a) The Contracting Officer may order changes in the drawings and specifications within the scope of the contract in writing.

52.2-388

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.243-7

(b) The Contractor shall promptly notify the Contracting Officer, in writing, of subsurface or latent physical conditions

differing materially from those indicated in this contract or unknown unusual physical conditions at the site before proceeding

with the work.

(c) If changes under paragraph (a) of this clause or conditions under paragraph (b) of this clause increase or decrease the

cost of, or time required for performing the work, the Contracting Officer shall make an equitable adjustment (see

paragraph

(d) of this clause) upon submittal of a proposal for adjustment (hereafter referred to as proposal) by the Contractor before

final payment under the contract.

(d) The Contracting Officer shall not make an equitable adjustment under paragraph (b) of this clause unless?

(1) The Contractor has submitted the required written notice and the Contracting Officer has received the notice; or

(2) The Contracting Officer waives the requirement for written notice.

(e) Failure to agree to any adjustment shall be a dispute under the Disputes clause.

(End of clause)

52.243-6 Change Order Accounting.

As prescribed in 43.305(f), the contracting officer may insert a clause, substantially the same as follows:

CHANGE ORDER ACCOUNTING (DEVIATION DATE)

The Contracting Officer may require change order accounting whenever the estimated cost of a change or series of related

changes exceeds \$100,000. The Contractor, for each change or series of related changes, shall maintain separate accounts,

by job order or other suitable accounting procedure, of all incurred segregable, direct costs (less allocable credits) of work,

both changed and not changed, allocable to the change. The Contractor shall maintain the accounts until the parties agree

to an equitable adjustment for the changes ordered by the Contracting Officer or the matter is conclusively disposed of in

accordance with the Disputes clause.

(End of clause)

52.243-7 Notification of Changes.

As prescribed in 43.206, insert the following clause:

NOTIFICATION OF CHANGES (DEVIATION DATE)

(a) Definitions.

Contracting Officer, as used in this clause, does not include any representative of the Contracting Officer.

Specifically Authorized Representative (SAR), as used in this clause, means any person the Contracting Officer has designated by written notice (a copy shall be provided to the Contractor) that shall refer to this subparagraph and shall be

issued to the designated representative before the SAR exercises such authority.

(b) Notice. The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor

considers to constitute a change to this contract. Except for changes identified in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within _____ (to be negotiated) calendar days from the date that the Contractor identifies any Government conduct that the Contractor regards as

a change to the contract terms and conditions. Examples of conduct that may be regarded as a change to terms and conditions

include actions, inactions, and written or oral communications. On the basis of the most accurate information available to the

Contractor, the notice shall state?

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or

knowledgeable about such conduct;

- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;
- (5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under

this clause, including?

- (i) What line items have been or may be affected by the alleged change;

52.2-389

52.243-7 FEDERAL ACQUISITION REGULATION

- (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
- (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
- (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and

(6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

- (c) Continued performance. Following submission of the notice required by paragraph (b) of this clause, the Contractor

shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication

from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance. However, if the

Contractor regards the direction or communication as a change as described in paragraph (b) of this clause, notice shall be

given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be

reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer

shall promptly countermand any action which exceeds the authority of the SAR.

- (d) Government response. The Contracting Officer shall promptly, within _____ (to be negotiated) calendar days after

receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either?

- (1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the

mode of further performance;

- (2) Countermand any communication regarded as a change;

- (3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode

of further performance; or

(4) In the event the Contractor's notice information is inadequate to make a decision under (1), (2), or (3) of paragraph

(d) of this clause, advise the Contractor what additional information is required, and establish the date by which it should be

furnished and the date thereafter by which the Government will respond.

(e) Equitable adjustments. (1) If the Contracting Officer confirms that Government conduct effected a change as alleged

by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable

adjustment shall be made?

(i) In the contract price or delivery schedule or both; and

(ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are

defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for

delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications

before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable

adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable

adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide

notice or to continue performance as provided, respectively, in paragraphs(b) and (c) of this clause.

Note: The phrases contract price and cost wherever they appear in the clause, may be appropriately modified to apply to

cost-reimbursement or incentive contracts, or to combinations thereof.

(End of clause)

52.2-390

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.244-2

52.244 [Reserved]

52.244-1 [Reserved]

52.244-2 Subcontracts.

As prescribed in 44.201-5(a)(1), insert the following clause:

SUBCONTRACTS (JUN 2020)

(a) Definitions. As used in this clause-

"Approved purchasing system" means a Contractor's purchasing system that has been reviewed and approved in accordance with part 44 of the Federal Acquisition Regulation (FAR).

"Consent to subcontract" means the Contracting Officer's written consent for the Contractor to enter into a particular subcontract.

Subcontract means any contract, as defined in FAR subpart 2.1, entered into by a subcontractor to furnish supplies or

services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes

and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract

actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c)

or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract

that-

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds-

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award,

or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space

Administration, either the simplified acquisition threshold, as defined in FAR 2.101 on the date of subcontract award, or 5

percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's

written consent before placing the following subcontracts:

(e) (1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate certified cost or pricing data and Certificate of Current Cost

or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting-

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason certified cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's certified cost or pricing data in

determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's certified cost or pricing data

were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such

defective data on the total price negotiated;

52.2-391

52.244-3 FEDERAL ACQUISITION REGULATION

(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated;

and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall

identify each critical performance element, management decisions used to quantify each incentive element, reasons for the

incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for

which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination-

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

(3) To relieve the Contractor of any responsibility for performing this contract.

(g) No subcontract or modification thereof placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis, and any fee payable under cost-reimbursement type subcontracts shall not exceed the fee limitations

in FAR 15.404-4(c)(4)(i).

(h) The Contractor shall give the Contracting Officer immediate written notice of any action or suit filed and prompt notice of any claim made against the Contractor by any subcontractor or vendor that, in the opinion of the Contractor, may

result in litigation related in any way to this contract, with respect to which the Contractor may be entitled to reimbursement

from the Government.

(i) The Government reserves the right to review the Contractor's purchasing system as set forth in FAR subpart 44.3.

(j) Paragraphs (c) and (e) of this clause do not apply to the following subcontracts, which were evaluated during negotiations:

(End of clause)

Alternate I (JUNE 2020). As prescribed in 44.201-5(a)(2), substitute the following paragraph (e)(2) for paragraph (e)(2) of

the basic clause:

(e)(2) If the Contractor has an approved purchasing system and consent is not required under paragraph (c), or (d) of this

clause, the Contractor nevertheless shall notify the Contracting Officer reasonably in advance of entering into any (i) cost-

plus-fixed-fee subcontract, or (ii) fixed-price subcontract that exceeds either the simplified acquisition threshold, as defined

in FAR 2.101 on the date of subcontract award, or 5 percent of the total estimated cost of this contract. The notification shall

include the information required by paragraphs (e)(1)(i) through (iv) of this clause.

52.244-3 [Reserved]

52.244-4 Subcontractors and Outside Associates and Consultants (Architect-Engineer Services).

As prescribed in 44.201-5(b), insert the following clause:

SUBCONTRACTORS AND OUTSIDE ASSOCIATES AND CONSULTANTS (ARCHITECT-ENGINEER SERVICES)
(AUG 1998)

Any subcontractors and outside associates or consultants required by the Contractor in connection with the services covered by the contract will be limited to individuals or firms that were specifically identified and agreed to during negotiations. The Contractor shall obtain the Contracting Officer's written consent before making any substitution for these

subcontractors, associates, or consultants.

(End of clause)

52.244-5 Competition in Subcontracting.

As prescribed in 44.201-5(c), insert the following clause:

COMPETITION IN SUBCONTRACTING (AUG 2024)

52.2-392

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.244-6

(a) The Contractor shall select subcontractors (including suppliers) on a competitive basis to the maximum practical extent

consistent with the objectives and requirements of the contract.

(b) If the Contractor is an approved mentor under the DoD Mentor-Protégé Program (10 U.S.C. 4902), the Contractor may

award subcontracts under this contract on a noncompetitive basis to its protégés.

(End of clause)

52.244-6 Subcontracts for Commercial Products and Commercial Services.

As prescribed in 44.403, insert the following clause:

SUBCONTRACTS FOR COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) Definitions. As used in this clause?

Commercial product, commercial service and nondevelopmental item have the meanings contained in Federal Acquisition

Regulation (FAR) 2.101.

Subcontract has the meaning at FAR 44.401

(b) Requirements.

(1) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to

incorporate, commercial products, commercial services, or non-developmental items as components of items to be supplied

under this contract.

(2) If a clause in the following table is included in the contract, the Contractor shall insert the clause in subcontracts for commercial products or commercial services and must flow down the requirements of the clause to subcontracts as indicated

in the specific clause:

(End of clause)

52.2-394

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.245-1

52.245 [Reserved]

52.245-1 Government Property.

As prescribed in 45.107(a), insert the following clause:

GOVERNMENT PROPERTY (SEP 2021)

(a) Definitions. As used in this clause-

Cannibalize means to remove parts from Government property for use or for installation on other Government property.

Contractor-acquired property means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract, and to which the Government has title.

Contractor inventory means-

(1) Any property acquired by and in the possession of a Contractor or subcontractor under a contract for which title is

vested in the Government and which exceeds the amounts needed to complete full performance under the entire contract;

(2) Any property that the Government is obligated or has the option to take over under any type of contract, e.g., as

a result either of any changes in the specifications or plans thereunder or of the termination of the contract (or subcontract

thereunder), before completion of the work, for the convenience or at the option of the Government; and

(3) Government-furnished property that exceeds the amounts needed to complete full performance under the entire

contract.

Contractor's managerial personnel means the Contractor's directors, officers, managers, superintendents, or equivalent

representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at any one plant or separate location; or

(3) A separate and complete major industrial operation.

Demilitarization means rendering a product unusable for, and not restorable to, the purpose for which it was designed or is

customarily used.

Discrepancies incident to shipment means any differences (e.g., count or condition) between the items documented to have

been shipped and items actually received.

Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale, and does not ordinarily lose its identity or become a component part of another article when put into use. Equipment does not include material, real property, special test

equipment or special tooling.

Government-furnished property means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not

limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property

also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when

accepted by the Government for continued use under the contract.

Government property means all property owned or leased by the Government. Government property includes both Government- furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Loss of Government property means unintended, unforeseen or accidental loss, damage or destruction to Government property that reduces the Government's expected economic benefits of the property. Loss of Government property does not

include purposeful destructive testing, obsolescence, normal wear and tear or manufacturing defects. Loss of Government

property includes, but is not limited to-

(1) Items that cannot be found after a reasonable search;

(2) Theft;

(3) Damage resulting in unexpected harm to property requiring repair to restore the item to usable condition; or

(4) Destruction resulting from incidents that render the item useless for its intended purpose or beyond economical

repair.

Material means property that may be consumed or expended during the performance of a contract, component parts of a higher assembly, or items that lose their individual identity through incorporation into an end item. Material does not include equipment, special tooling, special test equipment or real property.

52.2-395**52.245-1 FEDERAL ACQUISITION REGULATION**

Nonseverable means property that cannot be removed after construction or installation without substantial loss of value or damage to the installed property or to the premises where installed.

Precious metals means silver, gold, platinum, palladium, iridium, osmium, rhodium, and ruthenium.

Production scrap means unusable material resulting from production, engineering, operations and maintenance, repair, and research and development contract activities. Production scrap may have value when re-melted or reprocessed, e.g., textile and metal clippings, borings, and faulty castings and forgings.

Property means all tangible property, both real and personal.

Property Administrator means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

Property records means the records created and maintained by the contractor in support of its stewardship responsibilities for the management of Government property.

Provide means to furnish, as in Government-furnished property, or to acquire, as in contractor-acquired property.

Real property See Federal Management Regulation 102-71.20 (41 CFR 102-71.20).

Sensitive property means property potentially dangerous to the public safety or security if stolen, lost, or misplaced, or that shall be subject to exceptional physical security, protection, control, and accountability. Examples include weapons, ammunition, explosives, controlled substances, radioactive materials, hazardous materials or wastes, or precious metals.

Unit acquisition cost means-

- (1) For Government-furnished property, the dollar value assigned by the Government and identified in the contract; and
- (2) For contractor-acquired property, the cost derived from the Contractor's records that reflect consistently applied

generally accepted accounting principles.

(b) Property management. (1) The Contractor shall have a system of internal controls to manage (control, use, preserve, protect, repair, and maintain) Government property in its possession. The system shall be adequate to satisfy the requirements of this clause. In doing so, the Contractor shall initiate and maintain the processes, systems, procedures, records, and methodologies necessary for effective and efficient control of Government property. The Contractor shall disclose any significant changes to its property management system to the Property Administrator prior to implementation of the changes.

The Contractor may employ customary commercial practices, voluntary consensus standards, or industry-leading practices

and standards that provide effective and efficient Government property management that are necessary and appropriate for

the performance of this contract (except where inconsistent with law or regulation).

(2) The Contractor's responsibility extends from the initial acquisition and receipt of property, through stewardship,

custody, and use until formally relieved of responsibility by authorized means, including delivery, consumption, expending,

sale (as surplus property), or other disposition, or via a completed investigation, evaluation, and final determination for lost

property. This requirement applies to all Government property under the Contractor's accountability, stewardship, possession

or control, including its vendors or subcontractors (see paragraph (f)(1)(v) of this clause).

(3) The Contractor shall include the requirements of this clause in all subcontracts under which Government property is

acquired or furnished for subcontract performance.

(4) The Contractor shall establish and maintain procedures necessary to assess its property management system

effectiveness and shall perform periodic internal reviews, surveillances, self assessments, or audits. Significant findings or

results of such reviews and audits pertaining to Government property shall be made available to the Property Administrator.

(c) Use of Government property. (1) The Contractor shall use Government property, either furnished or acquired under

this contract, only for performing this contract, unless otherwise provided for in this contract or approved by the Contracting

Officer.

(2) Modifications or alterations of Government property are prohibited, unless they are-

(i) Reasonable and necessary due to the scope of work under this contract or its terms and conditions;

(ii) Required for normal maintenance; or

(iii) Otherwise authorized by the Contracting Officer.

(3) The Contractor shall not cannibalize Government property unless otherwise provided for in this contract or approved by the Contracting Officer.

(d) Government-furnished property. (1) The Government shall deliver to the Contractor the Government-furnished property described in this contract. The Government shall furnish related data and information needed for the intended use

of the property. The warranties of suitability of use and timely delivery of Government-furnished property do not apply to property acquired or fabricated by the Contractor as contractor-acquired property and subsequently transferred to another

contract with this Contractor.

52.2-396

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.245-1

(2) The delivery and/or performance dates specified in this contract are based upon the expectation that the

Government-furnished property will be suitable for contract performance and will be delivered to the Contractor by the dates

stated in the contract.

(i) If the property is not delivered to the Contractor by the dates stated in the contract, the Contracting Officer shall, upon the Contractor's timely written request, consider an equitable adjustment to the contract.

(ii) In the event property is received by the Contractor, or for Government-furnished property after receipt and installation, in a condition not suitable for its intended use, the Contracting Officer shall, upon the Contractor's timely written

request, advise the Contractor on a course of action to remedy the problem. Such action may include repairing, replacing,

modifying, returning, or otherwise disposing of the property at the Government's expense. Upon completion of the required

action(s), the Contracting Officer shall consider an equitable adjustment to the contract (see also paragraph (f)(1)(ii)(A) of

this clause).

(iii) The Government may, at its option, furnish property in an "as-is" condition. The Contractor will be given the opportunity to inspect such property prior to the property being provided. In such cases, the Government makes no warranty

with respect to the serviceability and/or suitability of the property for contract performance. Any repairs, replacement, and/or

refurbishment shall be at the Contractor's expense.

(3) (i) The Contracting Officer may by written notice, at any time-

(A) Increase or decrease the amount of Government-furnished property under this contract;

(B) Substitute other Government-furnished property for the property previously furnished, to be furnished, or to

be acquired by the Contractor for the Government under this contract; or

(C) Withdraw authority to use property.

(ii) Upon completion of any action(s) under paragraph (d)(3)(i) of this clause, and the Contractor's timely written request, the Contracting Officer shall consider an equitable adjustment to the contract.

(e) Title to Government property. (1) All Government-furnished property and all property acquired by the Contractor,

title to which vests in the Government under this paragraph (collectively referred to as "Government property"), is subject

to the provisions of this clause. The Government shall retain title to all Government-furnished property. Title to Government

property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall

Government property become a fixture or lose its identity as personal property by being attached to any real property.

(2) Title vests in the Government for all property acquired or fabricated by the Contractor in accordance with the

financing provisions or other specific requirements for passage of title in the contract. Under fixed price type contracts, in the

absence of financing provisions or other specific requirements for passage of title in the contract, the Contractor retains title

to all property acquired by the Contractor for use on the contract, except for property identified as a deliverable end

item. If

a deliverable item is to be retained by the Contractor for use after inspection and acceptance by the Government, it shall be

made accountable to the contract through a contract modification listing the item as Government-furnished property.

(3) Title under Cost-Reimbursement or Time-and-Material Contracts or Cost-Reimbursable line items under Fixed-

Price contracts. (i) Title to all property purchased by the Contractor for which the Contractor is entitled to be reimbursed as a

direct item of cost under this contract shall pass to and vest in the Government upon the vendor's delivery of such property.

(ii) Title to all other property, the cost of which is reimbursable to the Contractor, shall pass to and vest in the Government upon-

(A) Issuance of the property for use in contract performance;

(B) Commencement of processing of the property for use in contract performance; or

(C) Reimbursement of the cost of the property by the Government, whichever occurs first.

(f) Contractor plans and systems. (1) Contractors shall establish and implement property management plans, systems, and

procedures at the contract, program, site or entity level to enable the following outcomes:

(i) Acquisition of Property. The Contractor shall document that all property was acquired consistent with its engineering, production planning, and property control operations.

(ii) Receipt of Government Property. The Contractor shall receive Government property and document the receipt, record the information necessary to meet the record requirements of paragraph (f)(1)(iii)(A)(1) through (5) of this clause, identify as Government owned in a manner appropriate to the type of property (e.g., stamp, tag, mark, or other identification),

and manage any discrepancies incident to shipment.

(A) Government-furnished property. The Contractor shall furnish a written statement to the Property Administrator containing all relevant facts, such as cause or condition and a recommended course(s) of action, if overages,

shortages, or damages and/or other discrepancies are discovered upon receipt of Government-furnished property.

52.2-397

52.245-1 FEDERAL ACQUISITION REGULATION

(B) Contractor-acquired property. The Contractor shall take all actions necessary to adjust for overages,

shortages, damage and/or other discrepancies discovered upon receipt, in shipment of Contractor-acquired property from a

vendor or supplier, so as to ensure the proper allocability and allowability of associated costs.

(iii) Records of Government property. The Contractor shall create and maintain records of all Government property accountable to the contract, including Government-furnished and Contractor-acquired property.

(A) Property records shall enable a complete, current, auditable record of all transactions and shall, unless

otherwise approved by the Property Administrator, contain the following:

(1) The name, part number and description, National Stock Number (if needed for additional item identification tracking and/or disposition), and other data elements as necessary and required in accordance with the terms

and conditions of the contract.

- (2) Quantity received (or fabricated), issued, and balance-on-hand.
- (3) Unit acquisition cost.
- (4) Unique-item identifier or equivalent (if available and necessary for individual item tracking).
- (5) Unit of measure.
- (6) Accountable contract number or equivalent code designation.
- (7) Location.
- (8) Disposition.
- (9) Posting reference and date of transaction.
- (10) Date placed in service (if required in accordance with the terms and conditions of the contract).

(B) Use of a Receipt and Issue System for Government Material. When approved by the Property Administrator,

the Contractor may maintain, in lieu of formal property records, a file of appropriately cross-referenced documents evidencing receipt, issue, and use of material that is issued for immediate consumption.

(iv) Physical inventory. The Contractor shall periodically perform, record, and disclose physical inventory results. A final physical inventory shall be performed upon contract completion or termination. The Property Administrator may waive

this final inventory requirement, depending on the circumstances (e.g., overall reliability of the Contractor's system or the

property is to be transferred to a follow-on contract).

(v) Subcontractor control. (A) The Contractor shall award subcontracts that clearly identify items to be provided and the extent of any restrictions or limitations on their use. The Contractor shall ensure appropriate flow down of contract terms

and conditions (e.g., extent of liability for loss of Government property.

(B) The Contractor shall assure its subcontracts are properly administered and reviews are periodically performed

to determine the adequacy of the subcontractor's property management system.

(vi) Reports. The Contractor shall have a process to create and provide reports of discrepancies, loss of Government

property, physical inventory results, audits and self-assessments, corrective actions, and other property-related reports as

directed by the Contracting Officer.

(vii) Relief of stewardship responsibility and liability. The Contractor shall have a process to enable the prompt recognition, investigation, disclosure and reporting of loss of Government property, including losses that occur at subcontractor or alternate site locations.

(A) This process shall include the corrective actions necessary to prevent recurrence.

(B) Unless otherwise directed by the Property Administrator, the Contractor shall investigate and report to the

Government all incidents of property loss as soon as the facts become known. Such reports shall, at a minimum, contain the

following information:

- (1) Date of incident (if known).
- (2) The data elements required under paragraph (f)(1)(iii)(A) of this clause.
- (3) Quantity.
- (4) Accountable contract number.

(5) A statement indicating current or future need.

(6) Unit acquisition cost, or if applicable, estimated sales proceeds, estimated repair or replacement costs.

(7) All known interests in commingled material of which includes Government material.

(8) Cause and corrective action taken or to be taken to prevent recurrence.

(9) A statement that the Government will receive compensation covering the loss of Government property, in the event the Contractor was or will be reimbursed or compensated.

(10) Copies of all supporting documentation.

(11) Last known location.

52.2-398

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.245-1

(12) A statement that the property did or did not contain sensitive, export controlled, hazardous, or toxic material, and that the appropriate agencies and authorities were notified.

(C) Unless the contract provides otherwise, the Contractor shall be relieved of stewardship responsibility and

liability for property when-

(1) Such property is consumed or expended, reasonably and properly, or otherwise accounted for, in the performance of the contract, including reasonable inventory adjustments of material as determined by the Property Administrator;

(2) Property Administrator grants relief of responsibility and liability for loss of Government property;

(3) Property is delivered or shipped from the Contractor's plant, under Government instructions, except when shipment is to a subcontractor or other location of the Contractor; or

(4) Property is disposed of in accordance with paragraphs (j) and (k) of this clause.

(viii) Utilizing Government property. (A) The Contractor shall utilize, consume, move, and store Government Property only as authorized under this contract. The Contractor shall promptly disclose and report Government property in its possession that is excess to contract performance.

(B) Unless otherwise authorized in this contract or by the Property Administrator the Contractor shall not

commingle Government material with material not owned by the Government.

(ix) Maintenance. The Contractor shall properly maintain Government property. The Contractor's maintenance program shall enable the identification, disclosure, and performance of normal and routine preventative maintenance and

repair. The Contractor shall disclose and report to the Property Administrator the need for replacement and/or capital rehabilitation.

(x) Property closeout. The Contractor shall promptly perform and report to the Property Administrator contract property closeout, to include reporting, investigating and securing closure of all loss of Government property cases; physically inventorying all property upon termination or completion of this contract; and disposing of items at the time they are determined to be excess to contractual needs.

(2) The Contractor shall establish and maintain Government accounting source data, as may be required by this

contract, particularly in the areas of recognition of acquisitions, loss of Government property, and disposition of material and equipment.

(g) Systems analysis. (1) The Government shall have access to the Contractor's premises and all Government property, at reasonable times, for the purposes of reviewing, inspecting and evaluating the Contractor's property management plan(s), systems, procedures, records, and supporting documentation that pertains to Government property. This access includes all site locations and, with the Contractor's consent, all subcontractor premises.

(2) Records of Government property shall be readily available to authorized Government personnel and shall be appropriately safeguarded.

(3) Should it be determined by the Government that the Contractor's (or subcontractor's) property management practices are inadequate or not acceptable for the effective management and control of Government property under this contract, or present an undue risk to the Government, the Contractor shall prepare a corrective action plan when requested by the Property Administrator and take all necessary corrective actions as specified by the schedule within the corrective action plan.

(h) Contractor Liability for Government Property. (1) Unless otherwise provided for in the contract, the Contractor shall not be liable for loss of Government property furnished or acquired under this contract, except when any one of the following applies-

(i) The risk is covered by insurance or the Contractor is otherwise reimbursed (to the extent of such insurance or reimbursement). The allowability of insurance costs shall be determined in accordance with 31.205-19.

(ii) Loss of Government property that is the result of willful misconduct or lack of good faith on the part of the Contractor's managerial personnel.

(iii) The Contracting Officer has, in writing, revoked the Government's assumption of risk for loss of Government property due to a determination under paragraph (g) of this clause that the Contractor's property management practices are inadequate, and/or present an undue risk to the Government, and the Contractor failed to take timely corrective action.

If the Contractor can establish by clear and convincing evidence that the loss of Government property occurred while the Contractor had adequate property management practices or the loss did not result from the Contractor's failure to maintain adequate property management practices, the Contractor shall not be held liable.

52.2-399

52.245-1 FEDERAL ACQUISITION REGULATION

(2) The Contractor shall take all reasonable actions necessary to protect the property from further loss. The Contractor shall separate the damaged and undamaged property, place all the affected property in the best possible order, and take such other action as the Property Administrator directs.

(3) The Contractor shall do nothing to prejudice the Government's rights to recover against third parties for any loss of

Government property.

(4) The Contractor shall reimburse the Government for loss of Government property, to the extent that the Contractor is

financially liable for such loss, as directed by the Contracting Officer.

(5) Upon the request of the Contracting Officer, the Contractor shall, at the Government's expense, furnish to the

Government all reasonable assistance and cooperation, including the prosecution of suit and the execution of instruments of

assignment in favor of the Government in obtaining recovery.

(i) Equitable adjustment. Equitable adjustments under this clause shall be made in accordance with the procedures of the

Changes clause. However, the Government shall not be liable for breach of contract for the following:

(1) Any delay in delivery of Government-furnished property.

(2) Delivery of Government-furnished property in a condition not suitable for its intended use.

(3) An increase, decrease, or substitution of Government-furnished property.

(4) Failure to repair or replace Government property for which the Government is responsible.

(j) Contractor inventory disposal. Except as otherwise provided for in this contract, the Contractor shall not dispose of

Contractor inventory until authorized to do so by the Plant Clearance Officer or authorizing official.

(1) Predisposal requirements. (i) If the Contractor determines that the property has the potential to fulfill requirements

under other contracts, the Contractor, in consultation with the Property Administrator, shall request that the Contracting Officer transfer the property to the contract in question, or provide authorization for use, as appropriate. In lieu of transferring

the property, the Contracting Officer may authorize the Contractor to credit the costs of Contractor-acquired property

(material only) to the losing contract, and debit the gaining contract with the corresponding cost, when such material is

needed for use on another contract. Property no longer needed shall be considered contractor inventory.

(ii) For any remaining Contractor-acquired property, the Contractor may purchase the property at the unit acquisition

cost if desired or make reasonable efforts to return unused property to the appropriate supplier at fair market value (less, if

applicable, a reasonable restocking fee that is consistent with the supplier's customary practices.)

(2) Inventory disposal schedules. (i) Absent separate contract terms and conditions for property disposition, and

provided the property was not reutilized, transferred, or otherwise disposed of, the Contractor, as directed by the Plant Clearance Officer or authorizing official, shall use Standard Form 1428, Inventory Disposal Schedule or electronic equivalent, to identify and report-

(A) Government-furnished property that is no longer required for performance of this contract;

(B) Contractor-acquired property, to which the Government has obtained title under paragraph (e) of this clause,

which is no longer required for performance of that contract; and

(C) Termination inventory.

(ii) The Contractor may annotate inventory disposal schedules to identify property the Contractor wishes to purchase

from the Government, in the event that the property is offered for sale.

(iii) Separate inventory disposal schedules are required for aircraft in any condition, flight safety critical aircraft parts, and other items as directed by the Plant Clearance Officer.

(iv) The Contractor shall provide the information required by FAR 52.245-1(f)(1)(iii) along with the following:

(A) Any additional information that may facilitate understanding of the property's intended use.

(B) For work-in-progress, the estimated percentage of completion.

(C) For precious metals in raw or bulk form, the type of metal and estimated weight.

(D) For hazardous material or property contaminated with hazardous material, the type of hazardous material.

(E) For metals in mill product form, the form, shape, treatment, hardness, temper, specification (commercial or

Government) and dimensions (thickness, width and length).

(v) Property with the same description, condition code, and reporting location may be grouped in a single line item.

(vi) Scrap should be reported by "lot" along with metal content, estimated weight and estimated value.

(3) Submission requirements. (i) The Contractor shall submit inventory disposal schedules to the Plant Clearance

Officer no later than-

(A) 30 days following the Contractor's determination that a property item is no longer required for performance

of this contract;

52.2-400

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.245-1

(B) 60 days, or such longer period as may be approved by the Plant Clearance Officer, following completion of

contract deliveries or performance; or

(C) 120 days, or such longer period as may be approved by the Termination Contracting Officer, following contract termination in whole or in part.

(ii) Unless the Plant Clearance Officer determines otherwise, the Contractor need not identify or report production scrap on inventory disposal schedules, and may process and dispose of production scrap in accordance with its own internal

scrap procedures. The processing and disposal of other types of Government-owned scrap will be conducted in accordance

with the terms and conditions of the contract or Plant Clearance Officer direction, as appropriate.

(4) Corrections. The Plant Clearance Officer may-

(i) Reject a schedule for cause (e.g., contains errors, determined to be inaccurate); and

(ii) Require the Contractor to correct an inventory disposal schedule.

(5) Postsubmission adjustments. The Contractor shall notify the Plant Clearance Officer at least 10 working days in

advance of its intent to remove an item from an approved inventory disposal schedule. Upon approval of the Plant Clearance

Officer, or upon expiration of the notice period, the Contractor may make the necessary adjustments to the inventory schedule.

(6) Storage. (i) The Contractor shall store the property identified on an inventory disposal schedule pending receipt of

disposal instructions. The Government's failure to furnish disposal instructions within 120 days following acceptance of an

inventory disposal schedule may entitle the Contractor to an equitable adjustment for costs incurred to store such property on

or after the 121st day.

(ii) The Contractor shall obtain the Plant Clearance Officer's approval to remove property from the premises where the property is currently located prior to receipt of final disposition instructions. If approval is granted, any costs incurred by

the Contractor to transport or store the property shall not increase the price or fee of any Government contract. The storage

area shall be appropriate for assuring the property's physical safety and suitability for use. Approval does not relieve the

Contractor of any liability for such property under this contract.

(7) Disposition instructions. (i) The Contractor shall prepare for shipment, deliver f.o.b. origin, or dispose of Contractor inventory as directed by the Plant Clearance Officer. Unless otherwise directed by the Contracting Officer or by the Plant Clearance Officer, the Contractor shall remove and destroy any markings identifying the property as U.S. Government-owned property prior to its disposal.

(ii) The Contracting Officer may require the Contractor to demilitarize the property prior to shipment or disposal. In such cases, the Contractor may be entitled to an equitable adjustment under paragraph (i) of this clause.

(8) Disposal proceeds. As directed by the Contracting Officer, the Contractor shall credit the net proceeds from the

disposal of Contractor inventory to the contract, or to the Treasury of the United States as miscellaneous receipts.

(9) Subcontractor inventory disposal schedules. The Contractor shall require its Subcontractors to submit inventory

disposal schedules to the Contractor in accordance with the requirements of paragraph (j)(3) of this clause.

(k) Abandonment of property. (1) The Government shall not abandon sensitive property or termination inventory without

the Contractor's written consent.

(2) The Government, upon notice to the Contractor, may abandon any nonsensitive property in place, at which time all

obligations of the Government regarding such property shall cease.

(3) Absent contract terms and conditions to the contrary, the Government may abandon parts removed and replaced

from property as a result of normal maintenance actions, or removed from property as a result of the repair, maintenance,

overhaul, or modification process.

(4) The Government has no obligation to restore or rehabilitate the Contractor's premises under any circumstances;

however, if Government-furnished property is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (i) of this clause may properly include restoration or

rehabilitation costs.

(l) Communication. All communications under this clause shall be in writing.

(m) Contracts outside the United States. If this contract is to be performed outside of the United States and its outlying areas, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

(End of clause)

Alternate I (APR 2012). As prescribed in 45.107 (a)(2), substitute the following for paragraph (h)(1) of the basic clause:

52.2-401

52.245-2 FEDERAL ACQUISITION REGULATION

(h)(1) The Contractor assumes the risk of, and shall be responsible for, any loss of Government property upon its delivery to the Contractor as Government-furnished property. However, the Contractor is not responsible for reasonable wear and tear to Government property or for Government property properly consumed in performing this contract.

Alternate II (APR 2012). As prescribed in 45.107 (a)(3), substitute the following for paragraph (e)(3) of the basic clause:

(e)(3) Title to property (and other tangible personal property) purchased with funds available for research and having

a unit acquisition cost of less than \$5,000 shall vest in the Contractor upon acquisition or as soon thereafter as feasible; provided that the Contractor obtained the Contracting Officer's approval before each acquisition. Title to property purchased

with funds available for research and having a unit acquisition cost of \$5,000 or more shall vest as set forth in this contract.

If title to property vests in the Contractor under this paragraph, the Contractor agrees that no costs shall be allowed for any depreciation, amortization, or use under any existing or future Government contract or subcontract thereunder. The Contractor shall furnish the Contracting Officer a list of all property to which title is vested in the Contractor under this paragraph within 10 days following the end of the calendar quarter during which it was received. Vesting title under this paragraph is subject to civil rights legislation, 42 U.S.C. 2000d. Before title is vested and by signing this contract, the Contractor accepts and agrees that-

"No person in the United States or its outlying areas shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this contemplated financial assistance (title to property)."

52.245-2 Government Property Installation Operation Services.

As prescribed in 45.107(b), insert the following clause:

GOVERNMENT PROPERTY INSTALLATION OPERATION SERVICES (APR 2012)

(a) This Government Property listed in paragraph (e) of this clause is furnished to the Contractor in an "as-is, where is" condition. The Government makes no warranty regarding the suitability for use of the Government property specified in this contract. The Contractor shall be afforded the opportunity to inspect the Government property as specified in the solicitation.

(b) The Government bears no responsibility for repair or replacement of any lost Government property. If any or all of the Government property is lost or becomes no longer usable, the Contractor shall be responsible for replacement of the

property

at Contractor expense. The Contractor shall have title to all replacement property and shall continue to be responsible for

contract performance.

(c) Unless the Contracting Officer determines otherwise, the Government abandons all rights and title to unserviceable and scrap property resulting from contract performance. Upon notification to the Contracting Officer, the Contractor shall remove such property from the Government premises and dispose of it at Contractor expense.

(d) Except as provided in this clause, Government property furnished under this contract shall be governed by the Government Property clause of this contract.

(e) Government property provided under this clause:

(End of clause)

52.2-402

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.245-9

52.245-3 [Reserved]

52.245-4 [Reserved]

52.245-5 [Reserved]

52.245-6 [Reserved]

52.245-7 [Reserved]

52.245-8 [Reserved]

52.245-9 Use and Charges.

As prescribed in 45.107(c), insert the following clause:

USE AND CHARGES (APR 2012)

(a) Definitions. Definitions applicable to this contract are provided in the clause at 52.245-1, Government Property. Additional definitions as used in this clause include:

Rental period means the calendar period during which Government property is made available for nongovernmental purposes.

Rental time means the number of hours, to the nearest whole hour, rented property is actually used for nongovernmental

purposes. It includes time to set up the property for such purposes, perform required maintenance, and restore the property to

its condition prior to rental (less normal wear and tear).

(b) Use of Government property. The Contractor may use the Government property without charge in the performance of-

(1) Contracts with the Government that specifically authorize such use without charge;

(2) Subcontracts of any tier under Government prime contracts if the Contracting Officer having cognizance of the

prime contract-

(i) Approves a subcontract specifically authorizing such use; or

(ii) Otherwise authorizes such use in writing; and

(3) Other work, if the Contracting Officer specifically authorizes in writing use without charge for such work.

(c) Rental. If granted written permission by the Contracting Officer, or if it is specifically provided for in the

Schedule,

the Contractor may use the Government property (except material) for a rental fee for work other than that provided in paragraph (b) of this clause. Authorizing such use of the Government property does not waive any rights of the Government

to terminate the Contractor's right to use the Government property. The rental fee shall be determined in accordance with the

following paragraphs.

(d) General. (1) Rental requests shall be submitted to the Administrative Contracting Officer (ACO), identify the property

for which rental is requested, propose a rental period, and compute an estimated rental charge by using the Contractor's best

estimate of rental time in the formulae described in paragraph (e) of this clause.

(2) The Contractor shall not use Government property for nongovernmental purposes, including Independent Research

and Development, until a rental charge for real property, or estimated rental charge for other property, is agreed upon. Rented

property shall be used only on a non-interference basis.

(e) Rental charge.- (1) Real property and associated fixtures. (i) The Contractor shall obtain, at its expense, a property

appraisal from an independent licensed, accredited, or certified appraiser that computes a monthly, daily, or hourly rental rate

for comparable commercial property. The appraisal may be used to compute rentals under this clause throughout its effective

period or, if an effective period is not stated in the appraisal, for one year following the date the appraisal was performed. The

Contractor shall submit the appraisal to the ACO at least 30 days prior to the date the property is needed for nongovernmental

use. Except as provided in paragraph (e)(1)(iii) of this clause, the ACO shall use the appraisal rental rate to determine a reasonable rental charge.

(ii) Rental charges shall be determined by multiplying the rental time by the appraisal rental rate expressed as a rate

per hour. Monthly or daily appraisal rental rates shall be divided by 720 or 24, respectively, to determine an hourly rental rate.

(iii) When the ACO believes the appraisal rental rate is unreasonable, the ACO shall promptly notify the Contractor.

The parties may agree on an alternative means for computing a reasonable rental charge.

52.2-403

52.245-9 FEDERAL ACQUISITION REGULATION

(iv) The Contractor shall obtain, at its expense, additional property appraisals in the same manner as provided in paragraph (e)(1)(i) if the effective period has expired and the Contractor desires the continued use of property for nongovernmental use. The Contractor may obtain additional appraisals within the effective period of the current appraisal if

the market prices decrease substantially.

(2) Other Government property. The Contractor may elect to compute the rental charge using the appraisal method

described in paragraph (e)(1) of this clause subject to the constraints therein or the following formula in which rental time

shall be expressed in increments of not less than one hour with portions of hours rounded to the next higher hour: The hourly

rental charge is calculated by multiplying 2 percent of the acquisition cost by the hours of rental time, and dividing by 720.

(3) Alternative methodology. The Contractor may request consideration of an alternative basis for computing the rental

charge if it considers the monthly rental rate or a time-based rental unreasonable or impractical.

(f) Rental payments. (1) Rent is due 60 days following completion of the rental period or as otherwise specified in the

contract. The Contractor shall compute the rental due, and furnish records or other supporting data in sufficient detail to permit the ACO to verify the rental time and computation. Payment shall be made by check payable to the Treasurer of the United States and sent to the contract administration office identified in this contract, unless otherwise specified by the

Contracting Officer.

(2) Interest will be charged if payment is not made by the date specified in paragraph (f)(1) of this clause. Interest will

accrue at the "Renegotiation Board Interest Rate" (published in the Federal Register semiannually on or about January 1st and

July 1st) for the period in which the rent is due.

(3) The Government's acceptance of any rental payment under this clause, in whole or in part, shall not be construed as

a waiver or relinquishment of any rights it may have against the Contractor stemming from the Contractor's unauthorized use

of Government property or any other failure to perform this contract according to its terms.

(g) Use revocation. At any time during the rental period, the Government may revoke nongovernmental use authorization

and require the Contractor, at the Contractor's expense, to return the property to the Government, restore the property to its

pre-rental condition (less normal wear and tear), or both.

(h) Unauthorized use. The unauthorized use of Government property can subject a person to fines, imprisonment, or both,

under 18 U.S.C. 641.

(End of clause)

52.2-404

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-2

52.246 [Reserved]

52.246-1 Contractor Inspection Requirements.

As prescribed in 46.301, insert the following clause:

CONTRACTOR INSPECTION REQUIREMENTS (APR 1984)

The Contractor is responsible for performing or having performed all inspections and tests necessary to substantiate that

the supplies or services furnished under this contract conform to contract requirements, including any applicable

technical

requirements for specified manufacturers? parts. This clause takes precedence over any Government inspection and testing

required in the contract?s specifications, except for specialized inspections or tests specified to be performed solely by the

Government.

(End of clause)

52.246-2 Inspection of Supplies-Fixed-Price.

As prescribed in 46.302, insert the following clause:

INSPECTION OF SUPPLIES-FIXED-PRICE (AUG 1996)

(a) Definition. "Supplies," as used in this clause, includes but is not limited to raw materials, components, intermediate

assemblies, end products, and lots of supplies.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering supplies

under this contract and shall tender to the Government for acceptance only supplies that have been inspected in accordance

with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part

of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome.

These records shall be kept complete and made available to the Government during contract performance and for as long

afterwards as the contract requires. The Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly

delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under the contract.

(c) The Government has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all

places and times, including the period of manufacture, and in any event before acceptance. The Government shall perform

inspections and tests in a manner that will not unduly delay the work. The Government assumes no contractual obligation to

perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in this contract.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall

furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for

the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear

the expense of Government inspections or tests made at other than the Contractor?s or subcontractor?s premises; provided,

that in case of rejection, the Government shall not be liable for any reduction in the value of inspection or test samples.

(e) (1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting

Officer

may charge to the Contractor the additional cost of inspection or test.

(2) The Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior

rejection makes reinspection or retest necessary.

(f) The Government has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. The Government may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may

require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not

tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and,

when required, shall disclose the corrective action taken.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to

be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the supplies

52.2-405

52.246-2 FEDERAL ACQUISITION REGULATION

and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces

the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) (1) If this contract provides for the performance of Government quality assurance at source, and if requested by the

Government, the Contractor shall furnish advance notification of the time-

(i) When Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract; and

(ii) When the supplies will be ready for Government inspection.

(2) The Government's request shall specify the period and method of the advance notification and the Government

representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if the

Government representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

(j) The Government shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided

in the contract. Government failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming supplies.

(k) Inspections and tests by the Government do not relieve the Contractor of responsibility for defects or other failures to

meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud,

gross mistakes amounting to fraud, or as otherwise provided in the contract.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other

rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor

(1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of

delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer

may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable

time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies

are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in paragraph (l)(1) or (l)(2) of this clause and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting

Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the Government thereby.

(End of clause)

Alternate I (July 1985). If a fixed-price incentive contract is contemplated, substitute paragraphs (g), (h), and (l) below for paragraphs (g), (h), and (l) of the basic clause.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may

require or permit correction in place, promptly after notice. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required shall disclose the

corrective action taken. Cost of removal, replacement, or correction shall be considered a cost incurred, or to be incurred, in

the total final negotiated cost fixed under the incentive price revision clause. However, replacements or corrections by the

Contractor after the establishment of the total final price shall be at no increase in the total final price.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to

be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the supplies and

equitably reduce the target price or, if established, the total final price or (2) may terminate the contract for default. Unless the

Contractor corrects or replaces the nonconforming supplies within the delivery schedule, the Contracting Officer may require

their delivery and equitably reduce any target price or, if it is established, the total final contract price. Failure to agree upon

an equitable price reduction shall be a dispute.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other

rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor

(1) at no increase in any target price or, if it is established, the total final price of this contract, to correct or replace the

defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's

election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the

52.2-406

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-3

Contracting Officer; provided, that the Contracting Officer may require a reduction in any target price, or, if it is established,

the total final price of this contract, if the Contractor fails to meet such delivery schedule; or (2) within a reasonable time after

receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the total final price as is equitable

under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned

to the Contractor, the Contractor shall bear the transportation costs from the original point of delivery to the Contractor's

plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as

required in paragraph (l)(1) or (l)(2) of this clause and does not cure such failure within a period of 10 days (or such longer

period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and equitably

reduce any target price or, if it is established, the total final price of this contract.

Alternate II (July 1985). If a fixed-ceiling-price contract with retroactive price redetermination is contemplated, substitute paragraphs (g), (h), and (l) below for paragraphs (g), (h), and (l) of the basic clause:

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may

require or permit correction in place, promptly after notice. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required shall disclose the corrective action taken. Cost of removal, replacement, or correction shall be considered a cost incurred, or to be incurred, when redetermining the prices under the price redetermination clause. However, replacements or corrections by the

Contractor after the establishment of the redetermined prices shall be at no increase in the redetermined price.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to

be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the

supplies and

equitably reduce the initial contract prices or, if established, the redetermined contract prices or (2) terminate the contract for

default. Unless the Contractor corrects or replaces the nonconforming supplies within the delivery schedule, the Contracting

Officer may require their delivery and equitably reduce the initial contract price or, if it is established, the redetermined contract prices. Failure to agree upon an equitable price reduction shall be a dispute.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other

rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor

(1) at no increase in the initial contract prices, or, if it is established, the redetermined prices of this contract, to correct or

replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting

Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor

and the Contracting Officer; provided, that the Contracting Officer may require a reduction in the initial contract prices, or, if it is established, the redetermined prices of this contract, if the Contractor fails to meet such delivery schedule; or (2)

within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the

initial contract prices, or, if it is established, the redetermined prices of this contract, as is equitable under the circumstances

if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation costs from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in paragraph (l)(1) or (l) (2) of this clause and does not cure such failure within a period of 10 days (or such longer period as the

Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the

Government shall have the right by contract or otherwise to replace or correct such supplies and equitably reduce the initial

contract prices, or, if it is established, the redetermined prices of this contract.

52.246-3 Inspection of Supplies-Cost-Reimbursement.

As prescribed in 46.303, insert the following clause in solicitations and contracts for supplies, or services that involve the

furnishing of supplies, when a cost-reimbursement contract is contemplated:

INSPECTION OF SUPPLIES-COST-REIMBURSEMENT (MAY 2001)

(a) Definitions. As used in this clause-

Contractor's managerial personnel means any of the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at a plant or separate location where the contract is

being
performed; or

52.2-407

52.246-4 FEDERAL ACQUISITION REGULATION

(3) A separate and complete major industrial operation connected with performing this contract. Supplies includes but is not limited to raw materials, components, intermediate assemblies, end products, lots of supplies, and, when the contract does not include the Warranty of Data clause, data.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the supplies, fabricating methods, and special tooling under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test the contract supplies, to the extent practicable at all places and times, including the period of manufacture, and in any event before acceptance. The Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in the contract performance. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) Unless otherwise specified in the contract, the Government shall accept supplies as promptly as practicable after delivery, and supplies shall be deemed accepted 60 days after delivery, unless accepted earlier.

(f) At any time during contract performance, but no later than 6 months (or such other time as may be specified in the contract) after acceptance of the supplies to be delivered under the contract, the Government may require the Contractor to replace or correct any supplies that are nonconforming at time of delivery. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. Except as otherwise provided in paragraph (h) of this clause, the cost of replacement or correction shall be included in allowable cost, determined as provided in the Allowable Cost and Payment clause, but no additional fee shall be paid. The Contractor shall not tender for acceptance supplies required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken.

(g) (1) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, the

Government may-

(i) By contract or otherwise, perform the replacement or correction and charge to the Contractor any increased cost or make an equitable reduction in any fixed fee paid or payable under the contract;

(ii) Require delivery of undelivered supplies at an equitable reduction in any fixed fee paid or payable under the contract; or

(iii) Terminate the contract for default.

(2) Failure to agree on the amount of increased cost to be charged to the Contractor or to the reduction in the fixed fee

shall be a dispute.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Government may at any time require the Contractor to correct or replace, without cost to the Government, nonconforming supplies, if the nonconformances are due to-

(1) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(2) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the

Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause applies in the same manner to corrected or replacement supplies as to supplies originally delivered.

(j) The Contractor shall have no obligation or liability under this contract to replace supplies that were nonconforming at

the time of delivery, except as provided in this clause or as may be otherwise provided in the contract.

(k) Except as otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished

property shall be governed by the clause pertaining to Government property.

(End of clause)

52.246-4 Inspection of Services-Fixed-Price.

As prescribed in 46.304, insert the following clause:

INSPECTION OF SERVICES-FIXED-PRICE (AUG 1996)

(a) Definition."Services," as used in this clause, includes services performed, workmanship, and material furnished or

utilized in the performance of services.

52.2-408

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-6

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services

under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all

times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will

not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor

shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and

assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in

services cannot be corrected by reperformance, the Government may-

(1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

(2) Reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may-

(1) By contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government

that is directly related to the performance of such service; or

(2) Terminate the contract for default.

(End of clause)

52.246-5 Inspection of Services-Cost-Reimbursement.

As prescribed in 46.305, insert the following clause in solicitations and contracts for services, or supplies that involve the

furnishing of services, when a cost-reimbursement contract is contemplated:

INSPECTION OF SERVICES-COST-REIMBURSEMENT (APR 1984)

(a) Definition. "Services," as used in this clause, includes services performed, workmanship, and material furnished or used

in performing services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services

under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all

places and times during the term of the contract. The Government shall perform inspections and tests in a manner that will

not unduly delay the work.

(d) If any of the services performed do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, for no additional fee. When the defects in

services cannot be corrected by reperformance, the Government may-

(1) Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and

(2) Reduce any fee payable under the contract to reflect the reduced value of the services performed.

(e) If the Contractor fails to promptly perform the services again or take the action necessary to ensure future performance

in conformity with contract requirements, the Government may-

(1) By contract or otherwise, perform the services and reduce any fee payable by an amount that is equitable under the

circumstances; or

(2) Terminate the contract for default.

(End of clause)

52.246-6 Inspection-Time-and-Material and Labor-Hour.

As prescribed in 46.306, insert the following clause:

52.2-409

52.246-6 FEDERAL ACQUISITION REGULATION

INSPECTION-TIME-AND-MATERIAL AND LABOR-HOUR (MAY 2001)

(a) Definitions. As used in this clause-

Contractor?s managerial personnel means any of the Contractor?s directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor?s business;

(2) All or substantially all of the Contractor?s operation at any one plant or separate location where the contract is being

performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

Materials includes data when the contract does not include the Warranty of Data clause.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the material,

fabricating methods, work, and services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards

as the contract requires.

(c) The Government has the right to inspect and test all materials furnished and services performed under this contract, to

the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The

Government may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The

Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor

shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient

performance of these duties.

(e) Unless otherwise specified in the contract, the Government shall accept or reject services and materials at the place

of delivery as promptly as practicable after delivery, and they shall be presumed accepted 60 days after the date of delivery,

unless accepted earlier.

(f) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the

contract) after acceptance of the services or materials last delivered under this contract, the Government may require the

Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements.
Except

as otherwise specified in paragraph (h) of this clause, the cost of replacement or correction shall be determined under the

Payments Under Time-and-Materials and Labor-Hour Contracts clause, but the "hourly rate" for labor hours incurred in the

replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. The Contractor shall not

tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement

for replacement or correction, and, when required, shall disclose the corrective action taken.

(g) (1) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if

the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the Government),

the Government may-

(i) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(ii) Terminate this contract for default.

(2) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to-

(1) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(2) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the

Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to

materials and services originally delivered under this contract.

(j) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at

time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the

contract.

52.2-410

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-7

(k) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace Government-furnished

property shall be governed by the clause pertaining to Government property.

(End of clause)

Alternate I (APR 1984). If Government inspection and acceptance are to be performed at the contractor's plant, paragraph

(e) below may be substituted for paragraph (e) of the basic clause:

(e) The Government shall inspect for acceptance all items (other than aircraft to be flown away, if any) to be furnished

under this contract at the Contractor's plant or plants specified in the contract, or at any other plant or plants approved for such purpose in writing by the Contracting Officer. The Contractor shall inform the contract administration office or Contracting Officer when the work is ready for inspection. The Government reserves the right to charge to the Contractor

any additional cost of Government inspection and test when items are not ready at the time for which inspection and test is

requested by the Contractor.

52.246-7 Inspection of Research and Development-Fixed-Price.

As prescribed in 46.307(a), insert the following clause:

INSPECTION OF RESEARCH AND DEVELOPMENT-FIXED-PRICE (AUG 1996)

(a) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the work under

this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to

the Government during contract performance and for as long afterwards as the contract requires.

(b) The Government has the right to inspect and test all work called for by the contract, to the extent practicable at all

places and times, including the period of performance, and in any event before acceptance. The Government may also inspect the premises of the Contractor or any subcontractor engaged in contract performance. The Government shall perform

inspections and tests in a manner that will not unduly delay the work.

(c) If the Government performs any inspection or test on the premises of the Contractor or a subcontractor, the Contractor

shall furnish and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises.

(d) The Government shall accept or reject the work as promptly as practicable after delivery, unless otherwise specified in

the contract. Government failure to inspect and accept or reject the work shall not relieve the Contractor from responsibility,

nor impose liability on the Government, for nonconforming work. Work is nonconforming when it is defective in material or

workmanship or is otherwise not in conformity with contract requirements.

(e) The Government has the right to reject nonconforming work. If the Contractor fails or is unable to correct or to replace nonconforming work within the delivery schedule (or such later time as the Contracting Officer may authorize), the

Contracting Officer may accept the work and make an equitable price reduction. Failure to agree on a price reduction shall be

a dispute.

(f) Inspection and test by the Government does not relieve the Contractor from responsibility for defects or other failures

to meet the contract requirements that may be discovered before acceptance. Acceptance shall be conclusive, except for latent

defects, fraud, gross mistakes amounting to fraud, or as otherwise specified in the contract. If acceptance is not conclusive for

any of these causes, the Government, in addition to any other rights and remedies provided by law, or under other provisions

of this contract, shall have the right to require the Contractor-

(1) At no increase in contract price, to correct or replace the defective or nonconforming supplies (work) at the original

point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, the Contracting

Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule; or

(2) Within a reasonable time after the Contractor's receipt of notice of defects or nonconformance, to repayment of

such portion of the contract price as is equitable under the circumstances if the Government elects not to require correction

or replacement. When supplies (work) are (is) returned to the Contractor, the Contractor shall bear transportation costs from

52.2-411

52.246-8 FEDERAL ACQUISITION REGULATION

the original point of delivery to the Contractor's plant and return to the original point of delivery when that point is not the

Contractor's plant.

(End of clause)

52.246-8 Inspection of Research and Development-Cost-Reimbursement.

As prescribed in 46.308, insert the following clause in solicitations and contracts for research and development when

(a) the primary objective is the delivery of end items other than designs, drawings, or reports; and (b) a cost-reimbursement

contract is contemplated; unless use of the clause is impractical and the clause prescribed in 46.309 is considered to be more

appropriate:

INSPECTION OF RESEARCH AND DEVELOPMENT-COST-REIMBURSEMENT (MAY 2001)

(a) Definitions. As used in this clause?

Contractor's managerial personnel means the Contractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operation at any one plant or separate location where the contract is being

performed; or

(3) A separate and complete major industrial operation connected with performing this contract.

Work includes data when the contract does not include the Warranty of Data clause.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the work under

this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to

the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all work called for by the contract, to the extent practicable at all

places and times, including the period of performance, and in any event before acceptance. The Government may also inspect

the plant or plants of the Contractor or its subcontractors engaged in the contract performance. The Government shall perform

inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs any inspection or test on the premises of the Contractor or a subcontractor, the Contractor

shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient

performance of these duties.

(e) Unless otherwise provided in the contract, the Government shall accept work as promptly as practicable after delivery,

and work shall be deemed accepted 90 days after delivery, unless accepted earlier.

(f) At any time during contract performance, but no later than 6 months (or such other time as may be specified in the

contract) after acceptance of all of the end items (other than designs, drawings, or reports) to be delivered under the contract,

the Government may require the Contractor to replace or correct work not meeting contract requirements. Time devoted

to the replacement or correction of such work shall not be included in the computation of the above time period. Except as

otherwise provided in paragraph (h) of this clause, the cost of replacement or correction shall be determined as specified in

the Allowable Cost and Payment clause, but no additional fee shall be paid. The Contractor shall not tender for acceptance

work required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when

required, shall disclose the corrective action taken.

(g) (1) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, the

Government may?

(i) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or make an equitable reduction in any fixed fee paid or payable under the contract;

(ii) Require delivery of any undelivered articles and shall have the right to make an equitable reduction in any fixed fee paid or payable under the contract; or

(iii) Terminate the contract for default.

(2) Failure to agree on the amount of increased cost to be charged the Contractor or to the reduction in fixed fee shall be

a dispute.

(h) Notwithstanding paragraphs (f) and (g) of this clause, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to?

52.2-412

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-11

(1) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(2) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the

Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(i) This clause shall apply in the same manner to a corrected or replacement end item or components as to work originally delivered.

(j) The Contractor has no obligation or liability under the contract to correct or replace articles not meeting contract requirements at time of delivery, except as provided in this clause or as may otherwise be specified in the contract.

(k) Unless otherwise provided in the contract, the Contractor's obligations to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

(End of clause)

Alternate I (APR 1984). If it is contemplated that the contract will be on a no-fee basis, substitute paragraphs (f) and (g) below for paragraphs (f) and (g) of the basic clause.

(f) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of all of the end items (other than designs, drawings, or reports) to be delivered under the contract, the Government may require the Contractor to correct or replace work not meeting contract requirements. Time devoted to the correction or replacement of such work shall not be included in the computation of the above time period. Except as otherwise provided in paragraph (g) of this clause, the allowability of the cost of any such replacement or correction shall be determined as specified in the Allowable Cost and Payment clause. The Contractor shall not tender for acceptance corrected work without disclosing the former requirement for correction, and, when required, shall disclose the corrective action taken.

(g) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, the Government may-

(1) By contract or otherwise, perform the replacement or correction and charge to the Contractor any increased cost;

(2) Require delivery of any undelivered articles; or

(3) Terminate the contract for default. Failure to agree on the amount of increased cost to be charged to the Contractor

shall be a dispute.

52.246-9 Inspection of Research and Development (Short Form).

As prescribed in 46.309, insert the following clause:

INSPECTION OF RESEARCH AND DEVELOPMENT (SHORTFORM) (APR 1984)

The Government has the right to inspect and evaluate the work performed or being performed under the contract, and the

premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work.

If the Government performs inspection or evaluation on the premises of the Contractor or a subcontractor, the Contractor

shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient

performance of these duties.

(End of clause)

52.246-10 [Reserved]

52.246-11 Higher-Level Contract Quality Requirement.

As prescribed in 46.311, insert the following clause:

HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT (DEC 2014)

(a) The Contractor shall comply with the higher-level quality standard(s) listed below.

_____[Contracting Officer insert the title, number, date, and

tailoring (if any) of the higher-level quality standards.]

(b) The Contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph

(a) of

this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts, in-

52.2-413

52.246-12 FEDERAL ACQUISITION REGULATION

(1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or

(2) When the technical requirements of a subcontract require-

(i) Control of such things as design, work operations, in-process control, testing, and inspection; or

(ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(End of clause)

52.246-12 Inspection of Construction.

As prescribed in 46.312, insert the following clause:

INSPECTION OF CONSTRUCTION (AUG 1996)

(a) Definition.

Work includes, but is not limited to, materials, workmanship, and manufacture and fabrication of components.

(b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work

performed under the contract conforms to contract requirements. The Contractor shall maintain complete inspection records

and make them available to the Government. All work shall be conducted under the general direction of the Contracting Officer and is subject to Government inspection and test at all places and at all reasonable times before acceptance to ensure

strict compliance with the terms of the contract.

(c) Government inspections and tests are for the sole benefit of the Government and do not-

- (1) Relieve the Contractor of responsibility for providing adequate quality control measures;
- (2) Relieve the Contractor of responsibility for damage to or loss of the material before acceptance;
- (3) Constitute or imply acceptance; or
- (4) Affect the continuing rights of the Government after acceptance of the completed work under paragraph (i) of this-

section.

(d) The presence or absence of a Government inspector does not relieve the Contractor from any contract requirement,

nor is the inspector authorized to change any term or condition of the specification without the Contracting Officer's written

authorization.

(e) The Contractor shall promptly furnish, at no increase in contract price, all facilities, labor, and material reasonably

needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer.

The

Government may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The Government shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size,

and performance tests shall be performed as described in the contract.

(f) The Contractor shall, without charge, replace or correct work found by the Government not to conform to contract

requirements, unless in the public interest the Government consents to accept the work with an appropriate adjustment in

contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

(g) If the Contractor does not promptly replace or correct rejected work, the Government may-

- (1) By contract or otherwise, replace or correct the work and charge the cost to the Contractor; or
- (2) Terminate for default the Contractor's right to proceed.

(h) If, before acceptance of the entire work, the Government decides to examine already completed work by removing it

or tearing it out, the Contractor, on request, shall promptly furnish all necessary facilities, labor, and material. If the work is

found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the

Contractor shall defray the expenses of the examination and of satisfactory reconstruction. However, if the work is found to

meet contract requirements, the Contracting Officer shall make an equitable adjustment for the additional services involved in

the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.

(i) Unless otherwise specified in the contract, the Government shall accept, as promptly as practicable after completion

and inspection, all work required by the contract or that portion of the work the Contracting Officer determines can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes

amounting to
fraud, or the Government's rights under any warranty or guarantee.

(End of clause)

52.2-414

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-15

52.246-13 Inspection-Dismantling, Demolition, or Removal of Improvements.

As prescribed in 46.313, insert the following clause in solicitations and contracts for dismantling, demolition, or removal of improvements:

INSPECTION-DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS (AUG 1996)

(a) Unless otherwise designated by the specifications, all workmanship performed under the contract is subject to Government inspection at all times and places where dismantling or demolition work is being performed. The Contractor shall furnish promptly, and at no increase in contract price, all reasonable facilities, labor, and materials necessary for safe and convenient inspection by the Government. The Government shall perform inspections in a manner that will not unduly delay the work.

(b) The Contractor is responsible for damage to property caused by defective workmanship. The Contractor shall promptly segregate and remove from the premises any unsatisfactory facilities, materials, and equipment used in contract performance, and promptly replace them with satisfactory items. If the Contractor fails to proceed at once in a workmanlike manner with performance of the work or with the correction of defective workmanship, the Government may-

(1) By contract or otherwise, replace the facilities, materials, and equipment or correct the workmanship and charge the cost to the Contractor; and

(2) Terminate for default the Contractor's right to proceed. The Contractor and any surety shall be liable, to the extent specified in the contract for any damage or cost of repair or replacement.

(End of clause)

52.246-14 Inspection of Transportation.

As prescribed in 46.314, insert the following clause in solicitations and contracts for freight transportation services

(including local drayage) by rail, motor (including bus), domestic freight forwarder, and domestic water carriers (including inland, coastwise, and intercoastal). The contracting officer shall not use the clause for the acquisition of transportation services by domestic or international air carriers or by international ocean carriers, or to freight services provided under bills of lading or to those negotiated for reduced rates under 49 U.S.C.10721 or 13712 . (See part 47)

INSPECTION OF TRANSPORTATION (APR 1984)

The Government has the right to inspect and test the Contractor's services, facilities, and equipment at all reasonable times. The Contractor shall furnish Government representatives with the free access and reasonable facilities and assistance required to accomplish their inspections and tests.

(End of clause)

52.246-15 Certificate of Conformance.

As prescribed in 46.315, insert the following clause in solicitations and contracts for supplies or services when the conditions in 46.504 apply:

CERTIFICATE OF CONFORMANCE (APR 1984)

(a) When authorized in writing by the cognizant Contract Administration Office (CAO), the Contractor shall ship with a Certificate of Conformance any supplies for which the contract would otherwise require inspection at source. In no case shall the Government's right to inspect supplies under the inspection provisions of this contract be prejudiced. Shipments of such supplies will not be made under this contract until use of the Certificate of Conformance has been authorized in writing by the CAO, or inspection and acceptance have occurred.

(b) The Contractor's signed certificate shall be attached to or included on the top copy of the inspection or receiving report distributed to the payment office or attached to the CAO copy when contract administration (Block 10 of the DD Form 250) is performed by the Defense Contract Administration Services. In addition, a copy of the signed certificate shall also be attached to or entered on copies of the inspection or receiving report accompanying the shipment.

52.2-415**52.246-16 FEDERAL ACQUISITION REGULATION**

(c) The Government has the right to reject defective supplies or services within a reasonable time after delivery by written notification to the Contractor. The Contractor shall in such event promptly replace, correct, or repair the rejected supplies or services at the Contractor's expense.

(d) The certificate shall read as follows:
I certify that on _____ [insert date], the _____ [insert Contractor's name] furnished the supplies or services called for by Contract No. _____ via _____ [Carrier] on _____ [identify the bill of lading or shipping document] in accordance with all applicable requirements. I further certify that the supplies or services are of the quality specified and conform in all respects with the contract requirements, including specifications, drawings, preservation, packaging, packing, marking requirements, and physical item identification (part number), and are in the quantity shown on this or on the attached acceptance document.

Date of Execution: _____

Signature: _____

Title: _____

(End of clause)

52.246-16 Responsibility for Supplies.

As prescribed in 46.316, insert the following clause:

RESPONSIBILITY FOR SUPPLIES (APR 1984)

(a) Title to supplies furnished under this contract shall pass to the Government upon formal acceptance, regardless of when

or where the Government takes physical possession, unless the contract specifically provides for earlier passage of title.

(b) Unless the contract specifically provides otherwise, risk of loss of or damage to supplies shall remain with the Contractor until, and shall pass to the Government upon-

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Acceptance by the Government or delivery of the supplies to the Government at the destination specified in the

contract, whichever is later, if transportation is f.o.b. destination.

(c) Paragraph (b) of this clause shall not apply to supplies that so fail to conform to contract requirements as to give a

right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the Contractor until cure or acceptance. After cure or acceptance, paragraph (b) of this clause shall apply.

(d) Under paragraph (b) of this clause, the Contractor shall not be liable for loss of or damage to supplies caused by the

negligence of officers, agents, or employees of the Government acting within the scope of their employment.

(End of clause)

52.246-17 Warranty of Supplies of a Noncomplex Nature.

As prescribed in 46.710(a)(1), insert a clause substantially as follows:

WARRANTY OF SUPPLIES OF A NONCOMPLEX NATURE (JUNE 2003)

(a) Definitions. As used in this clause-

Acceptance means the act of an authorized representative of the Government by which the Government assumes for itself,

or as an agent of another, ownership of existing supplies, or approves specific services as partial or complete performance of the contract.

Supplies means the end items furnished by the Contractor and related services required under this contract. The word does

not include "data."

(b) Contractor's obligations. (1) Notwithstanding inspection and acceptance by the Government of supplies furnished

under this contract, or any condition of this contract concerning the conclusiveness thereof, the Contractor warrants that for

_____ [Contracting Officer shall state specific period of time after delivery, or the specified event whose occurrence will

terminate the warranty period; e.g., the number of miles or hours of use, or combinations of any applicable events or periods

of time]-

(i) All supplies furnished under this contract will be free from defects in material or workmanship and will conform with all requirements of this contract; and

52.2-416

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-17

(ii) The preservation, packaging, packing, and marking, and the preparation for, and method of, shipment of such supplies will conform with the requirements of this contract.

(2) When return, correction, or replacement is required, transportation charges and responsibility for the supplies while in transit shall be borne by the Contractor. However, the Contractor's liability for the transportation charges shall not exceed an amount equal to the cost of transportation by the usual commercial method of shipment between the place of delivery specified in this contract and the Contractor's plant, and return.

(3) Any supplies or parts thereof, corrected or furnished in replacement under this clause, shall also be subject to the terms of this clause to the same extent as supplies initially delivered. The warranty, with respect to supplies or parts thereof, shall be equal in duration to that in paragraph (b)(1) of this clause and shall run from the date of delivery of the corrected or replaced supplies.

(4) All implied warranties of merchantability and "fitness for a particular purpose" are excluded from any obligation contained in this contract.

(c) Remedies available to the Government. (1) The Contracting Officer shall give written notice to the Contractor of any breach of warranties in paragraph (b)(1) of this clause within _____ [Contracting Officer shall insert specific period of time; e.g., "45 days of the last delivery under this contract", or "45 days after discovery of the defect"].

(2) Within a reasonable time after the notice, the Contracting Officer may either-

(i) Require, by written notice, the prompt correction or replacement of any supplies or parts thereof (including preservation, packaging, packing, and marking) that do not conform with the requirements of this contract within the meaning of paragraph (b)(1) of this clause; or

(ii) Retain such supplies and reduce the contract price by an amount equitable under the circumstances.

(3) (i) If the contract provides for inspection of supplies by sampling procedures, conformance of supplies or components subject to warranty action shall be determined by the applicable sampling procedures in the contract. The Contracting Officer-

(A) May, for sampling purposes, group any supplies delivered under this contract;

(B) Shall require the size of the sample to be that required by sampling procedures specified in the contract for

the quantity of supplies on which warranty action is proposed;

(C) May project warranty sampling results over supplies in the same shipment or other supplies contained in

other shipments even though all of such supplies are not present at the point of reinspection; provided, that the supplies remaining are reasonably representative of the quantity on which warranty action is proposed; and

(D) Need not use the same lot size as on original inspection or reconstitute the original inspection lots.

(ii) Within a reasonable time after notice of any breach of the warranties specified in paragraph (b)(1) of this clause, the Contracting Officer may exercise one or more of the following options:

(A) Require an equitable adjustment in the contract price for any group of supplies.

(B) Screen the supplies grouped for warranty action under this clause at the Contractor's expense and return all nonconforming supplies to the Contractor for correction or replacement.

(C) Require the Contractor to screen the supplies at locations designated by the Government within the contiguous United States and to correct or replace all nonconforming supplies.

(D) Return the supplies grouped for warranty action under this clause to the Contractor (irrespective of the f.o.b. point or the point of acceptance) for screening and correction or replacement.

(4) (i) The Contracting Officer may, by contract or otherwise, correct or replace the nonconforming supplies with similar supplies from another source and charge to the Contractor the cost occasioned to the Government thereby if the Contractor-

(A) Fails to make redelivery of the corrected or replaced supplies within the time established for their return; or

(B) Fails either to accept return of the nonconforming supplies or fails to make progress after their return to

correct or replace them so as to endanger performance of the delivery schedule, and in either of these circumstances does not

cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after

receipt of notice from the Contracting Officer specifying such failure.

(ii) Instead of correction or replacement by the Government, the Contracting Officer may require an equitable adjustment of the contract price. In addition, if the Contractor fails to furnish timely disposition instructions, the Contracting

Officer may dispose of the nonconforming supplies for the Contractor's account in a reasonable manner. The Government is

entitled to reimbursement from the Contractor, or from the proceeds of such disposal, for the reasonable expenses of the care

and disposition of the nonconforming supplies, as well as for excess costs incurred or to be incurred.

52.2-417

52.246-18 FEDERAL ACQUISITION REGULATION

(5) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights

afforded to the Government by any other clause of this contract.

(End of clause)

Alternate I [Reserved]

Alternate II (APR 1984). If it is desirable to specify that necessary transportation incident to correction or replacement will

be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive),

substitute a paragraph substantially the same as the following paragraph (b)(2) for paragraph (b)(2) of the basic clause:

(2) If correction or replacement is required and transportation of supplies in connection with correction or replacement is

necessary, transportation charges and responsibility for the supplies while in transit shall be borne by the Government.

Alternate III (APR 1984). If the supplies cannot be obtained from another source, substitute a paragraph substantially the

same as the following paragraph (c)(4) for paragraph (c)(4) of the basic clause:

(4) If the Contractor does not agree as to responsibility to correct or replace the supplies delivered, the Contractor shall

nevertheless proceed in accordance with the written request issued by the Contracting Officer under paragraph (c)(2) of this

clause to correct or replace the defective or nonconforming supplies. In the event it is later determined that the supplies were

not defective or nonconforming within the terms and conditions of this clause, the contract price will be equitably adjusted.

Alternate IV (APR 1984). If a fixed-price incentive contract is contemplated, add a paragraph substantially the same as the

following paragraph (c)(6) to the basic clause:

(6) All costs incurred or estimated to be incurred by the Contractor in complying with this clause shall be considered when

negotiating the total final price under the Incentive Price Revision clause of this contract. After establishment of the total final price, Contractor compliance with this clause shall be at no increase in the total final price. Any equitable adjustment

made under paragraph (c)(2) of this clause shall be governed by the paragraph entitled "Equitable Adjustments Under Other

Clauses" in the Incentive Price Revision clause of this contract.

Alternate V (APR 1984). If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, add a paragraph substantially the same as the following paragraph

(c)(6) to the basic clause. Redesignate the additional paragraph as "(c)(7)" if Alternate IV is also being used.

(6) The Contractor shall be liable for the reasonable costs of disassembly and/or reassembly of larger items when it is

necessary to remove the supplies to be inspected and/or returned for correction or replacement.

52.246-18 Warranty of Supplies of a Complex Nature.

As prescribed in 46.710(b)(1), insert a clause substantially as follows:

WARRANTY OF SUPPLIES OF A COMPLEX NATURE (MAY 2001)

(a) Definitions. As used in this clause-

Acceptance means the act of an authorized representative of the Government by which the Government assumes for itself,

or as an agent of another, ownership of existing and identified supplies, or approves specific services rendered, as partial or

complete performance of the contract.

Supplies means the end items furnished by the Contractor and related services required under this contract. The word does

not include "data."

(b) Contractor's obligations. (1) The Contractor warrants that for _____ [Contracting Officer shall state the specific

warranty period after delivery, or the specified event whose occurrence will terminate the warranty period; e.g., the

number

of miles or hours of use, or combinations of any applicable events or periods of time] all supplies furnished under this contract will be free from defects in material and workmanship and will conform with all requirements of this contract; provided, however, that with respect to Government-furnished property, the Contractor's warranty shall extend only to its proper installation, unless the Contractor performs some modification or other work on the property, in which case the

Contractor's warranty shall extend to the modification or other work.

(2) Any supplies or parts thereof corrected or furnished in replacement shall be subject to the conditions of this clause

to the same extent as supplies initially delivered. This warranty shall be equal in duration to that set forth in paragraph (b)(1)

of this clause and shall run from the date of delivery of the corrected or replaced supplies.

(3) The Contractor shall not be obligated to correct or replace supplies if the facilities, tooling, drawings, or other

equipment or supplies necessary to accomplish the correction or replacement have been made unavailable to the Contractor

52.2-418

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-18

by action of the Government. In the event that correction or replacement has been directed, the Contractor shall promptly

notify the Contracting Officer, in writing, of the nonavailability.

(4) The Contractor shall also prepare and furnish to the Government data and reports applicable to any correction

required (including revision and updating of all affected data called for under this contract) at no increase in the contract price.

(5) When supplies are returned to the Contractor, the Contractor shall bear the transportation costs from the place of

delivery specified in the contract (irrespective of the f.o.b. point or the point of acceptance) to the Contractor's plant and return.

(6) All implied warranties of merchantability and "fitness for a particular purpose" are excluded from any obligation

contained in this contract.

(c) Remedies available to the Government. (1) In the event of a breach of the Contractor's warranty in paragraph (b)(1) of

this clause, the Government may, at no increase in contract price-

(i) Require the Contractor, at the place of delivery specified in the contract (irrespective of the f.o.b. point or the point of acceptance) or at the Contractor's plant, to repair or replace, at the Contractor's election, defective or nonconforming supplies; or

(ii) Require the Contractor to furnish at the Contractor's plant the materials or parts and installation instructions required to successfully accomplish the correction.

(2) If the Contracting Officer does not require correction or replacement of defective or nonconforming supplies or the

Contractor is not obligated to correct or replace under paragraph (b)(3) of this clause, the Government shall be entitled to an equitable reduction in the contract price.

(3) The Contracting Officer shall notify the Contractor in writing of any breach of the warranty in paragraph (b) of this clause within _____. [Contracting Officer shall insert specific period of time in which notice shall be given to the Contractor; e.g., "45 days after delivery of the nonconforming supplies"; "45 days of the last delivery under this contract"; or "45 days after discovery of the defect".] The Contractor shall submit to the Contracting Officer a written recommendation within _____ [Contracting Officer shall insert period of time] as to the corrective action required to remedy the breach. After the notice of breach, but not later than _____ [Contracting Officer shall insert period within which the warranty remedies should be exercised] after receipt of the Contractor's recommendation for corrective action, the Contracting Officer may, in writing, direct correction or replacement as in paragraph (c)(1) of this clause, and the Contractor shall, notwithstanding any disagreement regarding the existence of a breach of warranty, comply with this direction. If it is later determined that the Contractor did not breach the warranty in paragraph (b)(1) of this clause, the contract price will be equitably adjusted.

(4) If supplies are corrected or replaced, the period for notification of a breach of the Contractor's warranty in paragraph (c)(3) of this clause shall be _____ [Contracting Officer shall insert period within which the Contractor must be notified of a breach as to corrected or replaced supplies] from the furnishing or return by the Contractor to the Government of the corrected or replaced supplies or parts thereof, or, if correction or replacement is effected by the Contractor at a Government or other activity, for _____ [Contracting Officer shall insert period within which the Contractor must be notified of a breach of warranty as to corrected or replaced supplies] thereafter.

(5) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights afforded to the Government by any other clause of the contract.

(End of clause)

Alternate I [Reserved]

Alternate II (APR 1984). If it is desirable to specify that necessary transportation incident to correction or replacement will

be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive),

substitute a paragraph substantially the same as the following paragraph (b)(5) for paragraph (b)(5) of the basic clause:

(5) If correction or replacement is required and transportation of supplies in connection with correction or replacement is

necessary, transportation charges and responsibility for the supplies while in transit shall be borne by the Government.

Alternate III (APR 1984). If a fixed-price incentive contract is contemplated, add a paragraph substantially the same as the

following paragraph (c)(6) to the basic clause:

(6) All costs incurred or estimated to be incurred by the Contractor in complying with this clause shall be considered when

negotiating the total final price under the Incentive Price Revision clause of this contract. After establishment of the total final price, Contractor compliance with this clause shall be at no increase in the total final price. Any equitable adjustments

52.2-419

52.246-19 FEDERAL ACQUISITION REGULATION

made under paragraph (c)(2) of this clause shall be governed by the paragraph entitled "Equitable Adjustments Under Other

Clauses" in the Incentive Price Revision clause of this contract.

Alternate IV (APR 1984). If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, add a paragraph substantially the same as the following paragraph

(c)(6) to the basic clause. Redesignate the additional paragraph as "(c)(7)" if Alternate III is also used:

(6) The Contractor shall be liable for the reasonable costs of disassembly and/or reassembly of larger items when it is

necessary to remove the supplies to be inspected and/or returned for correction or replacement.

52.246-19 Warranty of Systems and Equipment under Performance Specifications or Design Criteria.

As prescribed in 46.710(c)(1), the contracting officer may insert a clause substantially as follows:

WARRANTY OF SYSTEMS AND EQUIPMENT UNDER PERFORMANCE SPECIFICATIONS OR DESIGN CRITERIA
(MAY 2001)

(a) Definitions. As used in this clause-

Acceptance means the act of an authorized representative of the Government by which the Government assumes for itself,

or as an agent of another, ownership of existing and identified supplies, or approves specific services rendered, as partial or

complete performance of the contract.

Defect means any condition or characteristic in any supplies or services furnished by the Contractor under the contract that

is not in compliance with the requirements of the contract.

Supplies means the end items furnished by the Contractor and related services required under this contract. Except when

this contract includes the clause entitled Warranty of Data, supplies also mean "data."

(b) Contractor's obligations. (1) The Contractor's warranties under this clause shall apply only to those defects discovered

by either the Government or the Contractor _____ [Contracting Officer shall state the warranty period; e.g., "at the time of delivery"; "within 45 days after delivery", or the specified event whose occurrence will terminate the warranty period;

e.g., the number of miles or hours of use, or combination of any applicable events or periods of time.].

(2) If the Contractor becomes aware at any time before acceptance by the Government (whether before or after tender

to the Government) that a defect exists in any supplies or services, the Contractor shall-

(i) Promptly correct the defect; or

(ii) Promptly notify the Contracting Officer, in writing, of the defect, using the same procedures prescribed in paragraph (b)(3) of this clause.

(3) If the Contracting Officer determines that a defect exists in any of the supplies or services accepted by the

Government under this contract, the Contracting Officer shall promptly notify the Contractor of the defect, in writing, within _____. [Contracting Officer shall insert the specific period of time in which notice shall be given to the Contractor; e.g., "30 days after delivery of the nonconforming supplies"; "90 days of the last delivery under this contract"; or "90 days

after discovery of the defect"]. Upon timely notification of the existence of a defect, or if the Contractor independently discovers a defect in accepted supplies or services, the Contractor shall submit to the Contracting Officer, in writing, within

_____ [Contracting Officer shall insert period of time] a recommendation for corrective actions, together with supporting information in sufficient detail for the Contracting Officer to determine what corrective action, if any, shall be undertaken.

(4) The Contractor shall promptly comply with any timely written direction from the Contracting Officer to correct or

partially correct a defect, at no increase in the contract price.

(5) The Contractor shall also prepare and furnish to the Contracting Officer data and reports applicable to any correction required under this clause (including revision and updating of all other affected data called for under this contract)

at no increase in the contract price.

(6) In the event of timely notice of a decision not to correct or only to partially correct, the Contractor shall submit a

technical and cost proposal within _____. [Contracting Officer shall insert period of time] to amend the contract to permit

acceptance of the affected supplies or services in accordance with the revised requirement, and an equitable reduction in the

contract price shall promptly be negotiated by the parties and be reflected in a supplemental agreement to this contract.

(7) Any supplies or parts thereof corrected or furnished in replacement and any services reperformed shall also be

subject to the conditions of this clause to the same extent as supplies or services initially accepted. The warranty, with respect

to these supplies, parts, or services, shall be equal in duration to that set forth in paragraph (b)(1) of this clause, and shall run

from the date of delivery of the corrected or replaced supplies.

(8) The Contractor shall not be responsible under this clause for the correction of defects in Government-furnished

property, except for defects in installation, unless the Contractor performs, or is obligated to perform, any modifications or

52.2-420

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-19

other work on such property. In that event, the Contractor shall be responsible for correction of defects that result from the

modifications or other work.

(9) If the Government returns supplies to the Contractor for correction or replacement under this clause, the Contractor

shall be liable for transportation charges up to an amount equal to the cost of transportation by the usual commercial method

of shipment from the place of delivery specified in this contract (irrespective of the f.o.b. point or the point of

acceptance)

to the Contractor's plant and return to the place of delivery specified in this contract. The Contractor shall also bear the responsibility for the supplies while in transit.

(10) All implied warranties of merchantability and "fitness for a particular purpose" are excluded from any obligation

under this contract.

(c) Remedies available to the Government. (1) The rights and remedies of the Government provided in this clause-

(i) Shall not be affected in any way by any terms or conditions of this contract concerning the conclusiveness of inspection and acceptance; and

(ii) Are in addition to, and do not limit, any rights afforded to the Government by any other clause of this contract.

(2) Within _____ [Contracting Officer shall insert period of time] after receipt of the Contractor's recommendations for corrective action and adequate supporting information, the Contracting Officer, using sole discretion,

shall give the Contractor written notice not to correct any defect, or to correct or partially correct any defect within a reasonable time at _____ [Contracting Officer shall insert locations where corrections may be performed].

(3) In no event shall the Government be responsible for any extension or delays in the scheduled deliveries or periods

of performance under this contract as a result of the Contractor's obligations to correct defects, nor shall there be any adjustment of the delivery schedule or period of performance as a result of the correction of defects unless provided by a

supplemental agreement with adequate consideration.

(4) This clause shall not be construed as obligating the Government to increase the contract price.

(5) (i) The Contracting Officer shall give the Contractor a written notice specifying any failure or refusal of the Contractor to-

(A) Present a detailed recommendation for corrective action as required by paragraph (b)(3) of this clause;

(B) Correct defects as directed under paragraph (b)(4) of this clause; or

(C) Prepare and furnish data and reports as required by paragraph (b)(5) of this clause.

(ii) The notice shall specify a period of time following receipt of the notice by the Contractor in which the Contractor must remedy the failure or refusal specified in the notice.

(6) If the Contractor does not comply with the Contracting Officer's written notice in paragraph (c)(5)(i) of this clause,

the Contracting Officer may by contract or otherwise-

(i) Obtain detailed recommendations for corrective action and either-

(A) Correct the supplies or services; or

(B) Replace the supplies or services, and if the Contractor fails to furnish timely disposition instructions, the

Contracting Officer may dispose of the nonconforming supplies for the Contractor's account in a reasonable manner, in which case the Government is entitled to reimbursement from the Contractor, or from the proceeds, for the reasonable expenses of care and disposition, as well as for excess costs incurred or to be incurred;

(ii) Obtain applicable data and reports; and

(iii) Charge the Contractor for the costs incurred by the Government.

(End of clause)

Alternate I (APR 1984). If it is desirable to specify that necessary transportation incident to correction or replacement will

be at the Government's expense (as might be the case if, for example, the cost of a warranty would otherwise be prohibitive),

substitute a paragraph substantially the same as the following paragraph (b)(9) for paragraph (b)(9) of the basic clause:

(9) If correction or replacement is required, and transportation of supplies in connection with correction or replacement

is necessary, transportation charges and responsibility for the supplies while in transit shall be borne by the Government.

Alternate II (APR 1984). If a fixed-price incentive contract is contemplated, add a paragraph substantially the same as the

following paragraph (c)(7) to the basic clause:

(7) All costs incurred or estimated to be incurred by the Contractor in complying with this clause shall be considered

when negotiating the total final price under the Incentive Price Revision clause of this contract. After establishment of the total final price, Contractor compliance with this clause shall be at no increase in the total final price. Any equitable

52.2-421

52.246-20 FEDERAL ACQUISITION REGULATION

adjustments made under paragraph (b)(6) of this clause shall be governed by the paragraph entitled "Equitable Adjustments

Under Other Clauses" in the Incentive Price Revision clause of this contract.

Alternate III (APR 1984). If it is anticipated that recovery of the warranted item will involve considerable Government expense for disassembly and/or reassembly of larger items, add a paragraph substantially the same as the following paragraph

(c)(7) to the basic clause. Redesignate the additional paragraph as "(c)(8)" if Alternate II is also being used:

(7) The Contractor shall be liable for the reasonable costs of disassembly and/or reassembly of larger items when it is

necessary to remove the supplies to be inspected and/or returned for correction or replacement.

52.246-20 Warranty of Services.

As prescribed in 46.710(d), insert a clause substantially as follows:

WARRANTY OF SERVICES (MAY 2001)

(a) Definition.

Acceptance, as used in this clause, means the act of an authorized representative of the Government by which the Government assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific

services, as partial or complete performance of the contract.

(b) Notwithstanding inspection and acceptance by the Government or any provision concerning the conclusiveness thereof, the Contractor warrants that all services performed under this contract will, at the time of acceptance, be free from

defects in workmanship and conform to the requirements of this contract. The Contracting Officer shall give written notice

of any defect or nonconformance to the Contractor _____ [Contracting Officer shall insert the specific period of time in which notice shall be given to the Contractor; e.g., "within 30 days from the date of acceptance by the Government";

within 1000 hours of use by the Government"; or other specified event whose occurrence will terminate the period of notice,

or combination of any applicable events or period of time]. This notice shall state either-

- (1) That the Contractor shall correct or reperform any defective or nonconforming services; or
- (2) That the Government does not require correction or reperformance.

(c) If the Contractor is required to correct or reperform, it shall be at no cost to the Government, and any services corrected

or reperformed by the Contractor shall be subject to this clause to the same extent as work initially performed. If the Contractor fails or refuses to correct or reperform, the Contracting Officer may, by contract or otherwise, correct or replace

with similar services and charge to the Contractor the cost occasioned to the Government thereby, or make an equitable

adjustment in the contract price.

(d) If the Government does not require correction or reperformance, the Contracting Officer shall make an equitable adjustment in the contract price.

(End of clause)

52.246-21 Warranty of Construction.

As prescribed in 46.710(e)(1), the contracting officer may insert a clause substantially as follows in solicitations and contracts when a fixed-price construction contract (see 46.705(c)) is contemplated, and the use of a warranty clause has been

approved under agency procedures:

WARRANTY OF CONSTRUCTION (MAR 1994)

(a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (i) of this

clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment,

material, or design furnished, or workmanship performed by the Contractor or any subcontractor or supplier at any tier.

(b) This warranty shall continue for a period of 1 year from the date of final acceptance of the work. If the Government

takes possession of any part of the work before final acceptance, this warranty shall continue for a period of 1 year from the

date the Government takes possession.

(c) The Contractor shall remedy at the Contractor's expense any failure to conform, or any defect. In addition, the Contractor shall remedy at the Contractor's expense any damage to Government-owned or controlled real or personal property, when that damage is the result of-

- (1) The Contractor's failure to conform to contract requirements; or

52.2-422

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-23

(2) Any defect of equipment, material, workmanship, or design furnished.

(d) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's

warranty with respect to work repaired or replaced will run for 1 year from the date of repair or replacement.

(e) The Contracting Officer shall notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect, or damage.

(f) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the

Government shall have the right to replace, repair, or otherwise remedy the failure, defect, or damage at the Contractor's expense.

(g) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed

and materials furnished under this contract, the Contractor shall-

(1) Obtain all warranties that would be given in normal commercial practice;

(2) Require all warranties to be executed, in writing, for the benefit of the Government, if directed by the Contracting

Officer; and

(3) Enforce all warranties for the benefit of the Government, if directed by the Contracting Officer.

(h) In the event the Contractor's warranty under paragraph (b) of this clause has expired, the Government may bring suit at

its expense to enforce a subcontractor's, manufacturer's, or supplier's warranty.

(i) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor

shall not be liable for the repair of any defects of material or design furnished by the Government nor for the repair of any

damage that results from any defect in Government-furnished material or design.

(j) This warranty shall not limit the Government's rights under the Inspection and Acceptance clause of this contract with

respect to latent defects, gross mistakes, or fraud.

(End of clause)

Alternate I (APR 1984). If the Government specifies in the contract the use of any equipment by "brand name and model,"

the contracting officer may add a paragraph substantially the same as the following paragraph (k) to the basic clause:

(k) Defects in design or manufacture of equipment specified by the Government on a "brand name and model" basis, shall

not be included in this warranty. In this event, the Contractor shall require any subcontractors, manufacturers, or suppliers

thereof to execute their warranties, in writing, directly to the Government.

52.246-22 [Reserved]

52.246-23 Limitation of Liability.

As prescribed in 46.805, insert the following clause:

LIMITATION OF LIABILITY (FEB 1997)

(a) Except as provided in paragraphs (b) and (c) of this clause, and except for remedies expressly provided elsewhere in

this contract, the Contractor shall not be liable for loss of or damage to property of the Government (excluding the supplies

delivered under this contract) that-

(1) Occurs after Government acceptance of the supplies delivered under this contract; and

(2) Results from any defects or deficiencies in the supplies.

(b) The limitation of liability under paragraph (a) of this clause shall not apply when a defect or deficiency in, or the Government's acceptance of, the supplies results from willful misconduct or lack of good faith on the part of any of

the Contractor's managerial personnel. The term "Contractor's managerial personnel," as used in this clause, means the

Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who

have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the

contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through purchase or use of the supplies required to be delivered under this contract, the

52.2-423

52.246-24 FEDERAL ACQUISITION REGULATION

Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of

the Government occurring after Government acceptance of, and resulting from any defects or deficiencies in, the supplies

delivered under this contract.

(End of clause)

52.246-24 Limitation of Liability-High-Value Items.

As prescribed in 46.805, insert the following clause:

LIMITATION OF LIABILITY-HIGH-VALUE ITEMS (FEB 1997)

(a) Except as provided in paragraphs (b) through (e) of this clause, and notwithstanding any other provision of this contract, the Contractor shall not be liable for loss of or damage to property of the Government (including the supplies delivered under this contract) that-

(1) Occurs after Government acceptance of the supplies delivered under this contract; and

(2) Results from any defects or deficiencies in the supplies.

(b) The limitation of liability under paragraph (a) of this clause shall not apply when a defect or deficiency in, or the Government's acceptance of, the supplies results from willful misconduct or lack of good faith on the part of any of the Contractor's managerial personnel. The term "Contractor's managerial personnel," as used in this clause, means the

Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who

have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the

contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage suffered by the Government through purchase or use of the supplies required to be delivered under this contract, the

Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property of the Government occurring after Government acceptance of, and resulting from any defects or deficiencies in, the supplies delivered under this contract.

(d) (1) This clause does not diminish the Contractor's obligations, to the extent that they arise otherwise under this contract, relating to correction, repair, replacement, or other relief for any defect or deficiency in supplies delivered under this contract.

(2) Unless this is a cost-reimbursement contract, if loss or damage occurs and correction, repair, or replacement is not feasible or desired by the Government, the Contractor shall, as determined by the Contracting Officer-

(i) Pay the Government the amount it would have cost the Contractor to make correction, repair, or replacement before the loss or damage occurred;

(ii) Provide other equitable relief.

(e) This clause shall not limit or otherwise affect the Government's rights under clauses, if included in this contract, that cover-

(1) Warranty of technical data;

(2) Ground and flight risks or aircraft flight risks; or

(3) Government property.

(End of clause)

Alternate I (APR 1984). If the contract is for both high-value items and other end items, the contracting officer shall identify the high-value items by line item and insert the following preamble before paragraph (a):

(This clause shall apply only to those items identified in this contract as being subject to this clause.)

52.246-25 Limitation of Liability-Services.

As prescribed in 46.805, insert the following clause:

52.2-424

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.246-26

LIMITATION OF LIABILITY-SERVICES (FEB 1997)

(a) Except as provided in paragraphs (b) and (c) of this clause, and except to the extent that the Contractor is expressly responsible under this contract for deficiencies in the services required to be performed under it (including any materials furnished in conjunction with those services), the Contractor shall not be liable for loss of or damage to property of the Government that-

(1) Occurs after Government acceptance of services performed under this contract; and

(2) Results from any defects or deficiencies in the services performed or materials furnished.

(b) The limitation of liability under paragraph (a) of this clause shall not apply when a defect or deficiency in, or the Government's acceptance of, services performed or materials furnished results from willful misconduct or lack of good faith on the part of any of the Contractor's managerial personnel. The term "Contractor's managerial personnel," as used in

this clause, means the Contractor's directors, officers, and any of the Contractor's managers, superintendents, or equivalent representatives who have supervision or direction of-

(1) All or substantially all of the Contractor's business;

(2) All or substantially all of the Contractor's operations at any one plant, laboratory, or separate location at which the

contract is being performed; or

(3) A separate and complete major industrial operation connected with the performance of this contract.

(c) If the Contractor carries insurance, or has established a reserve for self-insurance, covering liability for loss or damage

suffered by the Government through the Contractor's performance of services or furnishing of materials under this contract,

the Contractor shall be liable to the Government, to the extent of such insurance or reserve, for loss of or damage to property

of the Government occurring after Government acceptance of, and resulting from any defects and deficiencies in, services

performed or materials furnished under this contract.

(End of clause)

52.246-26 Reporting Nonconforming Items.

As prescribed in 46.317, insert the following clause

REPORTING NONCONFORMING ITEMS (AUG 2024)

(a) Definitions. As used in this clause?

Common item means an item that has multiple applications versus a single or peculiar application.

Counterfeit item means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mismarked, misidentified, or otherwise misrepresented to be an authentic, unmodified item from the original manufacturer,

or a source with the express written authority of the original manufacturer or current design activity, including an authorized

aftermarket manufacturer. Unlawful or unauthorized substitution includes used items represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.

Critical item means an item, the failure of which is likely to result in hazardous or unsafe conditions for individuals using, maintaining, or depending upon the item; or is likely to prevent performance of a vital agency mission.

Critical nonconformance means a nonconformance that is likely to result in hazardous or unsafe conditions for individuals

using, maintaining, or depending upon the supplies or services; or is likely to prevent performance of a vital agency mission.

Design activity means an organization, Government or contractor, that has responsibility for the design and configuration

of an item, including the preparation or maintenance of design documents. Design activity could be the original organization,

or an organization to which design responsibility has been transferred.

Major nonconformance means a nonconformance, other than critical, that is likely to result in failure of the supplies or services, or to materially reduce the usability of the supplies or services for their intended purpose.

Suspect counterfeit item means an item for which credible evidence (including but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic.

(b) The Contractor shall?

(1) Screen Government-Industry Data Exchange Program (GIDEP) reports, available at www.gidep.org, as a

part of the

Contractor's inspection system or program for the control of quality, to avoid the use and delivery of counterfeit or suspect

counterfeit items or delivery of items that contain a major or critical nonconformance. This requirement does not apply if the

52.2-425

52.246-26 FEDERAL ACQUISITION REGULATION

Contractor is a foreign corporation or partnership that does not have an office, place of business, or fiscal paying agent in the

United States;

(2) Provide written notification to the Contracting Officer within 60 days of becoming aware or having reason to suspect, such as through inspection, testing, record review, or notification from another source (e.g., seller, customer, third

party) that any end item, component, subassembly, part, or material contained in supplies purchased by the Contractor for

delivery to, or for, the Government is counterfeit or suspect counterfeit;

(3) Retain counterfeit or suspect counterfeit items in its possession at the time of discovery until disposition instructions

have been provided by the Contracting Officer; and

(4) Except as provided in paragraph (c) of this clause, submit a report to GIDEP at www.gidep.org within 60 days of

becoming aware or having reason to suspect, such as through inspection, testing, record review, or notification from another

source (e.g., seller, customer, third party) that an item purchased by the Contractor for delivery to, or for, the Government is?

(i) A counterfeit or suspect counterfeit item; or

(ii) A common item that has a major or critical nonconformance.

(c) The Contractor shall not submit a report as required by paragraph (b)(4) of this clause, if?

(1) The Contractor is a foreign corporation or partnership that does not have an office, place of business, or fiscal

paying agent in the United States;

(2) The Contractor is aware that the counterfeit, suspect counterfeit, or nonconforming item is the subject of an on-

going criminal investigation, unless the report is approved by the cognizant law-enforcement agency; or

(3) For nonconforming items other than counterfeit or suspect counterfeit items, it can be confirmed that the organization where the defect was generated (e.g., original component manufacturer, original equipment manufacturer, aftermarket manufacturer, or distributor that alters item properties or configuration) has not released the item to more than

one customer.

(d) Reports submitted in accordance with paragraph (b)(4) of this clause shall not include?

(1) Trade secrets or confidential commercial or financial information protected under the Trade Secrets Act (18 U.S.C.

1905); or

(2) Any other information prohibited from disclosure by statute or regulation.

(e) Additional guidance on the use of GIDEP is provided at <https://www.gidep.org/login?returnUrl=%2Fdashboard>.

(f) If this is a contract with the Department of Defense, as provided in paragraph (c)(5) of section 818 of the National

Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81), the Contractor or subcontractor that provides a written report or notification under this clause that the end item, component, part, or material contained electronic parts (i.e., an integrated circuit, a discrete electronic component (including, but not limited to, a transistor, capacitor, resistor, or diode),

or a circuit assembly)) that are counterfeit electronic parts or suspect counterfeit electronic parts shall not be subject to civil liability on the basis of such reporting, provided that the Contractor or any subcontractor made a reasonable effort to

determine that the report was factual.

(g) Subcontracts.

(1) Except as provided in paragraph (g)(2) of this clause, the Contractor shall insert this clause, including this paragraph

(g), in subcontracts that are for?

(i) Items subject to higher-level quality standards in accordance with the clause at Federal Acquisition Regulation (FAR) 52.246-11, Higher-Level Contract Quality Requirement;

(ii) Items that the Contractor determines to be critical items for which use of the clause is appropriate;

(iii) Electronic parts or end items, components, parts, or materials containing electronic parts, whether or not covered in paragraph (g)(1)(i) or (ii) of this clause, if the subcontract exceeds the simplified acquisition threshold, as defined

in FAR 2.101 on the date of subcontract award, and this contract is by, or for, the Department of Defense (as required by

paragraph (c)(4) of section 818 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112-81)); or

(iv) For the acquisition of services, if the subcontractor will furnish, as part of the service, any items that meet the criteria specified in paragraphs (g)(1)(i) through (g)(1)(iii) of this clause.

(2) The Contractor shall not insert the clause in subcontracts for?

(i) Commercial products and commercial services; or

(ii) Medical devices that are subject to the Food and Drug Administration reporting requirements at 21 CFR 803.

(3) The Contractor shall not alter the clause other than to identify the appropriate parties.

(End of clause)

52.2-426

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-5

52.247 [Reserved]

52.247-1 Commercial Bill of Lading Notations.

As prescribed in 47.104-4, insert the following clause:

COMMERCIAL BILL OF LADING NOTATIONS (FEB 2006)

When the Contracting Officer authorizes supplies to be shipped on a commercial bill of lading and the Contractor will be reimbursed these transportation costs as direct allowable costs, the Contractor shall ensure before shipment is made that the

commercial shipping documents are annotated with either of the following notations, as appropriate:

(a) If the Government is shown as the consignor or the consignee, the annotation shall be:

?Transportation is for the _____ [name the specific agency] and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and shall be reimbursed by, the Government.?

(b) If the Government is not shown as the consignor or the consignee, the annotation shall be:

?Transportation is for the _____ [name the specific agency] and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the Government, pursuant to cost-reimbursement contract

No. _____. This may be confirmed by contacting _____ [Name and address of the contract

administration office listed in the contract].?

(End of clause)

52.247-2 Permits, Authorities, or Franchises.

As prescribed in 47.207-1(a), insert the following clause:

PERMITS, AUTHORITIES, OR FRANCHISES (JAN 1997)

(a) The offeror does ?, does not ?, hold authorization from the Federal Highway Administration (FHWA) or other cognizant regulatory body. If authorization is held, it is as follows:

_____ (Name of regulatory body)

_____ (Authorization No.)

(b) The offeror shall furnish to the Government, if requested, copies of the authorization before moving the material under

any contract awarded. In addition, the offeror shall, at the offeror?s expense, obtain and maintain any permits, franchises,

licenses, and other authorities issued by State and local governments.

(End of clause)

52.247-3 [Reserved]

(DEVIATION DATE)

52.247-4 [Reserved]

(DEVIATION DATE)

52.247-5 Familiarization with Conditions.

As prescribed in 47.207-1(d), insert the following clause in solicitations and contracts for transportation or for transportation-related services to ensure that offerors become familiar with conditions under which and where the services

will be performed:

FAMILIARIZATION WITH CONDITIONS (APR 1984)

The offeror shall become familiar with all available information regarding difficulties that may be encountered and the conditions, including safety precautions, under which the work must be accomplished under the contract. The offeror shall

52.2-427

52.247-6 FEDERAL ACQUISITION REGULATION

not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services

required in this contract because the offeror failed to investigate the conditions or to become acquainted with all information

concerning the services to be performed.

(End of clause)

52.247-6 [Reserved]

(DEVIATION DATE)

52.247-7 [Reserved]

(DEVIATION DATE)

52.247-8 Estimated Weights or Quantities Not Guaranteed.

As prescribed in 47.207-3(e)(2), insert the following clause in solicitations and contracts for transportation or for transportation-related services when weights or quantities are estimates:

ESTIMATED WEIGHTS OR QUANTITIES NOT GUARANTEED (APR 1984)

The estimated weights or quantities are not a guarantee of actual weights or quantities, as the Government does not guarantee any particular volume of traffic described in this contract. However, to the extent services are required as described

in this contract and in accordance with the terms of this contract, orders for these services will be placed with the Contractor.

(End of clause)

52.247-9 [Reserved]

(DEVIATION DATE)

52.247-10 Net Weight-General Freight.

As prescribed in 47.207-4(a)(2), insert the following clause in solicitations and contracts for transportation or for transportation-related services when the weight of shipments of freight other than household goods or office furniture is not

known at the time of shipment and the contractor is responsible for determining the net weight of the shipments:

NET WEIGHT-GENERAL FREIGHT (APR 1984)

(a) The net weight of the shipment shall be determined by deducting the tare weight of the vehicle (determined by having the empty vehicle with a full tank of fuel weighed by a certified weighmaster on a certified scale) from the gross weight of the vehicle (determined by having the loaded vehicle with a full tank of fuel weighed by a certified weighmaster on a certified scale).

(b) The Contractor shall attach the original copies of the empty and loaded weight certificates to the invoice for services.

(End of clause)

52.247-11 Net Weight-Household Goods or Office Furniture.

As prescribed in 47.207-4(b), insert the following clause in contracts for transportation or for transportation-related services when movements of Government employees' household goods or relocations of Government offices are involved:

NET WEIGHT-HOUSEHOLD GOODS OR OFFICE FURNITURE (APR 1984)

(a) Net weight-full loads. The net weight of the shipment shall be determined by deducting the tare weight of the vehicle

(determined by having a certified weighmaster weigh on a certified scale the empty vehicle with all blankets, pads, chains,

52.2-428

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-15

dollies, hand trucks, and all other necessary equipment inside the vehicle) from the gross weight of the vehicle (determined

by having a certified weighmaster weigh on a certified scale the fully loaded vehicle before arrival at destination).

(b) Net weight-part loads. The net weight of the first part load shall be determined in the same manner as specified for

a full load. The net weight of the second part load shall be determined by using as the tare weight of the vehicle the gross

weight of the vehicle containing the first part load and deducting this weight from the new gross weight (determined by having the loaded vehicle weighed again, in the same manner as specified for the full load). The same procedure shall apply

for each succeeding part load.

(c) Weight certificates. The contractor shall attach the original copy of each weight certificate to the invoice for services.

(End of clause)

52.247-12 [Reserved]

(DEVIATION DATE)

52.247-13 Accessorial Services-Moving Contracts.

As prescribed in 47.207-5(c), insert a clause substantially as follows in solicitations and contracts for the transportation of

household goods or office furniture:

ACCESSORIAL SERVICES-MOVING CONTRACTS (APR 1984)

(a) Packing and/or crating and padding. The Contractor shall-

(1) Perform all of the packing and/or crating and padding necessary for the protection of the goods to be transported;

(2) Furnish packing containers, including, but not limited to, barrels, boxes, wardrobes, and cartons; all crating materials; and all padding materials and equipment;

(3) Furnish or cause to be furnished, when necessary, padding or other protective material for the interior of the buildings, including elevators, from and to which the property will be moved under this contract; and

(4) Ensure that all containers and materials are clean and of quality sufficient for protection of the goods.

(b) Disassembling and reassembling of property and servicing appliances. The disassembling of property;e.g., beds

and sectional bookcases, and the preparing of appliances; e.g., washers, driers, and record players, for shipment shall be

performed by the Contractor. The Contractor shall reassemble the property and service the appliances upon delivery at the

new location.

(c) Unpacking and/or uncrating and placement of property. The Contractor shall unpack and/or uncrate all property that

was packed and/or crated for movement under this contract. The Contractor shall also place the property in the new location

as instructed by the owner of the property or authorized representative, and shall remove all packing and similar or related

material from the premises as requested by the- owner.

(End of clause)

52.247-14 [Reserved]

(DEVIATION DATE)

52.247-15 Contractor Responsibility for Loading and Unloading.

As prescribed in 47.207-5(e), insert the following clause in solicitations and contracts for transportation or for transportation-related services when the contractor is responsible for loading and unloading shipments:

CONTRACTOR RESPONSIBILITY FOR LOADING AND UNLOADING (APR 1984)

(a) (1) Unless otherwise specified in this contract to cover store-door or inside delivery, the Contractor shall load and unload shipments at no additional expense to the Government.

52.2-429

52.247-16 FEDERAL ACQUISITION REGULATION

(2) The Government or its agent will place or receive freight at the tailgate of the Contractor's vehicle. Tailgate delivery, for purposes of this contract, is defined as that which enables a forklift truck or similar equipment, with operator only, to place or remove cargo from the tailgate of the Contractor's vehicle.

(b) If loading is the responsibility of the Contractor, the Contractor shall perform all shoring, blocking, and bracing. The Contractor shall provide dunnage at the Contractor's expense.

(End of clause)

52.247-16 [Reserved]

(DEVIATION DATE)

52.247-17 Charges.

As prescribed in 47.207-6(a)(2), insert the following clause in solicitations and contracts for transportation or for transportation-related services:

CHARGES (APR 1984)

In no event shall charges under this contract be in excess of charges based on the Contractor's lowest rate available to the general public, or be in excess of charges based on rates otherwise tendered to the Government by the Contractor for the same type of service.

(End of clause)

52.247-18 Multiple Shipments.

As prescribed in 47.207-6 (c)(5)(i), insert the following clause in solicitations and contracts for transportation or for transportation-related services when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees at the same destination:

MULTIPLE SHIPMENTS (APR 1984)

When multiple shipments are tendered at one time to the Contractor for movement from one origin to multiple consignees at the same destination, the rate charged for each shipment shall be the rate applicable to the aggregate weight.

(End of clause)

52.247-19 Stopping in Transit for Partial Unloading.

As prescribed in 47.207-6 (c)(5)(ii), insert the following clause in solicitations and contracts for transportation or for transportation-related services when multiple shipments are tendered at one time to the contractor for transportation from one origin to two or more consignees along the route between origin and last destination:

STOPPING IN TRANSIT FOR PARTIAL UNLOADING (APR 1984)

When multiple shipments are tendered at one time to the Contractor for movement from one origin to two or more consignees along the route between the origin and the last destination, the rate charged shall be the rate applicable to the aggregate weight, plus a charge of \$_____ for each shipment unloaded at an intermediate point en route to the

last
destination.

52.2-430

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-24

52.247-21 Contractor Liability for Personal Injury and/or Property Damage.

As prescribed in 47.207-7(c), insert the following clause in solicitations and contracts for transportation or for transportation-related services:

CONTRACTOR LIABILITY FOR PERSONAL INJURY AND/OR PROPERTY DAMAGE (APR 1984)

(a) The Contractor assumes responsibility for all damage or injury to persons or property occasioned through the use, maintenance, and operation of the Contractor's vehicles or other equipment by, or the action of, the Contractor or the Contractor's employees and agents.

(b) The Contractor, at the Contractor's expense, shall maintain adequate public liability and property damage insurance during the continuance of this contract, insuring the Contractor against all claims for injury or damage.

(c) The Contractor shall maintain Workers' Compensation and other legally required insurance with respect to the Contractor's own employees and agents.

(d) The Government shall in no event be liable or responsible for damage or injury to any person or property occasioned through the use, maintenance, or operation of any vehicle or other equipment by, or the action of, the Contractor or the Contractor's employees and agents in performing under this contract, and the Government shall be indemnified and saved harmless against claims for damage or injury in such cases.

(End of clause)

52.247-22 Contractor Liability for Loss of and/or Damage to Freight other than Household Goods.

As prescribed in 47.207-7(d), insert the following clause in solicitations and contracts for the transportation of freight other than household goods:

CONTRACTOR LIABILITY FOR LOSS OF AND/OR DAMAGE TO FREIGHT OTHER THAN HOUSEHOLD GOODS (APR 1984)

Except when loss and/or damage arises out of causes beyond the control and without the fault or negligence of the Contractor, the Contractor shall assume full liability for any and all goods lost and/or damaged in the movement covered by this contract.

(End of clause)

52.247-23 Contractor Liability for Loss of and/or Damage to Household Goods.

As prescribed in 47.207-7(e), insert the following clause:

CONTRACTOR LIABILITY FOR LOSS OF AND/OR DAMAGE TO HOUSEHOLD GOODS (JAN 1991)

(a) Except when loss and/or damage arise out of causes beyond the control and without the fault or negligence of the Contractor, the Contractor shall be liable to the owner for the loss of and/or damage to any article while being-

(1) Packed, picked up, loaded, transported, delivered, unloaded, or unpacked;

(2) Stored in transit; or

(3) Serviced (appliances, etc.) by a third person hired by the Contractor to perform the servicing.

(b) The Contractor shall be liable for loss and/or damage discovered by the owner if written notice of such loss and/or

damage is dispatched to the Contractor not later than 75 days following the date of delivery.

(c) The Contractor shall indemnify the owner of the goods at a rate of ____ cents per pound per article.

(DEVIATION DATE)

52.247-28 [Reserved]

(DEVIATION DATE)

52.247-29 F.o.b. Origin.

As prescribed in 47.303-1(c), insert the following clause:

F.O.B. ORIGIN (FEB 2006)

(a) The term "f.o.b. origin," as used in this clause, means free of expense to the Government delivered-

(1) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point

in the city, county, and State from which the shipment will be made and from which line-haul transportation service (as distinguished from switching, local drayage, or other terminal service) will begin;

(2) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point

is within a port area having water transportation service) or the carrier's freight station;

(3) To a U.S. Postal Service facility; or

(4) If stated in the solicitation, to any Government designated point located within the same city or commercial zone as

the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones

at Subpart B of 49 CFR part 372).

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace

carload

or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency or, when a Government bill of lading is not

supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

52.2-432

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-30

(v) Special instructions or annotations requested by the ordering agency for commercial bills of lading; e.g., "This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Government"; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(c) These Contractor responsibilities are specified for performance at the plant or plants at which the supplies are to be

finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's

plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the

specified carrier's facilities are available; subject, however, to the following qualifications:

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in

the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding paragraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the

Contractor's expense, to the container yard in the same or nearest city where seavan container service is available.

(End of clause)

52.247-30 F.o.b. Origin, Contractor's Facility.

As prescribed in 47.303-2(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. origin, contractor's facility:

F.O.B. ORIGIN, CONTRACTOR'S FACILITY (FEB 2006)

(a) The term "f.o.b. origin, contractor's facility," as used in this clause, means free of expense to the Government delivered

on board the indicated type of conveyance of the carrier (or of the Government, if specified) at the designated facility, on the

named street or highway, in the city, county, and State from which the shipment will be made.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload

or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and

regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency or, when a Government bill of lading is not

supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for bills of lading; e.g., "This shipment is the

property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Government"; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

52.2-433**52.247-31 FEDERAL ACQUISITION REGULATION**

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(End of clause)

52.247-31 F.o.b. Origin, Freight Allowed.

As prescribed in 47.303-3(c), insert the following clause:

F.O.B. ORIGIN, FREIGHT ALLOWED (FEB 2006)

(a) The term "f.o.b. origin, freight allowed," as used in this clause, means-

(1) Free of expense to the Government delivered-

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as

distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside within reach of the ship's loading tackle when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372; and

(2) An allowance for freight, based on applicable published tariff rates (or Government rate tenders) between the points

specified in the contract, is deducted from the contract price.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload

or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency, or when a Government bill of lading is not

supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for commercial bills of lading; e.g., "This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Government"; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency.

(c) These Contractor responsibilities are specified for performance at the plant or plants at which the supplies are to

be

finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's

plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the

specified carrier's facilities are available; subject, however, to the following qualifications:

52.2-434

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-32

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in

the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding paragraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the

Contractor's expense, to the container yard in the same or nearest city where seavan container service is available.

(End of clause)

52.247-32 F.o.b. Origin, Freight Prepaid.

As prescribed in 47.303-4(c), insert the following clause:

F.O.B. ORIGIN, FREIGHT PREPAID (FEB 2006)

(a) The term "f.o.b. origin, freight prepaid," as used in this clause, means-

(1) Free of expense to the Government delivered-

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as

distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) The cost of transportation, ultimately the Government's obligation, is prepaid by the contractor to the point specified in the contract.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload

or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and

regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing or marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Prepare a bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

(v) Special instructions or annotations requested by the ordering agency for bills of lading; e.g., "This shipment is the property of, and the freight charges paid to the carrier(s) will be reimbursed by, the Government"; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier;

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering agency; and

(7) Prepay all freight charges to the extent specified in the contract.

52.2-435

52.247-33 FEDERAL ACQUISITION REGULATION

(c) These Contractor responsibilities are specified for performance at the plant or plants at which these supplies are to be

finally inspected and accepted, unless the facilities for shipment by carrier's equipment are not available at the Contractor's

plant, in which case the responsibilities shall be performed f.o.b. the point or points in the same or nearest city where the

specified carrier's facilities are available; subject, however, to the following qualifications:

(1) If the Contractor's shipping plant is located in the State of Alaska or Hawaii, the Contractor shall deliver the supplies listed for shipment outside Alaska or Hawaii to the port of loading in Alaska or Hawaii, respectively, as specified in

the contract, at Contractor's expense, and to that extent the contract shall be "f.o.b. destination."

(2) Notwithstanding paragraph (c)(1) of this clause, if the Contractor's shipping plant is located in the State of Hawaii, and the contract requires delivery to be made by container service, the Contractor shall deliver the supplies, at the

Contractor's expense, to the container yard in the same or nearest city where seavan container service is available.

(End of clause)

52.247-33 F.o.b. Origin, with Differentials.

As prescribed in 47.303-5(c), insert the following clause:

F.O.B. ORIGIN, WITH DIFFERENTIALS (FEB 2006)

(a) The term "f.o.b. origin, with differentials," as used in this clause, means-

(1) Free of expense to the Government delivered-

(i) On board the indicated type of conveyance of the carrier (or of the Government, if specified) at a designated

point in the city, county, and State from which the shipments will be made and from which line-haul transportation service (as

distinguished from switching, local drayage, or other terminal service) will begin;

(ii) To, and placed on, the carrier's wharf (at shipside, within reach of the ship's loading tackle, when the shipping point is within a port area having water transportation service) or the carrier's freight station;

(iii) To a U.S. Postal Service facility; or

(iv) If stated in the solicitation, to any Government-designated point located within the same city or commercial zone as the f.o.b. origin point specified in the contract (the Federal Motor Carrier Safety Administration prescribes commercial zones at Subpart B of 49 CFR part 372); and

(2) Differentials for mode of transportation, type of vehicle, or place of delivery as indicated in Contractor's offer may

be added to the contract price.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specification; or

(ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Order specified carrier equipment when requested by the Government; or

(ii) If not specified, order appropriate carrier equipment not in excess of capacity to accommodate shipment;

(3) Deliver the shipment in good order and condition to the carrier, and load, stow, trim, block, and/or brace carload

or truckload shipment (when loaded by the Contractor) on or in the carrier's conveyance as required by carrier rules and

regulations;

(4) Be responsible for any loss of and/or damage to the goods-

(i) Occurring before delivery to the carrier;

(ii) Resulting from improper packing and marking; or

(iii) Resulting from improper loading, stowing, trimming, blocking, and/or bracing of the shipment, if loaded by the Contractor on or in the carrier's conveyance;

(5) Complete the Government bill of lading supplied by the ordering agency or, when a Government bill of lading is not

supplied, prepare a commercial bill of lading or other transportation receipt. The bill of lading shall show-

(i) A description of the shipment in terms of the governing freight classification or tariff (or Government rate tender) under which lowest freight rates are applicable;

(ii) The seals affixed to the conveyance with their serial numbers or other identification;

(iii) Lengths and capacities of cars or trucks ordered and furnished;

(iv) Other pertinent information required to effect prompt delivery to the consignee, including name, delivery address, postal address and ZIP code of consignee, routing, etc.;

52.2-436

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-34

(v) Special instructions or annotations requested by the ordering agency for bills of lading; e.g., "This shipment is the

property of, and the freight charges paid to the carrier will be reimbursed by, the Government"; and

(vi) The signature of the carrier's agent and the date the shipment is received by the carrier; and

(6) Distribute the copies of the bill of lading, or other transportation receipts, as directed by the ordering

agency.

(c) (1) It may be advantageous to the offeror to submit f.o.b. origin prices that include only the lowest cost to the Contractor for loading of shipment at the Contractor's plant or most favorable shipping point. The cost beyond that plant

or point of bringing the supplies to the place of delivery and the cost of loading, blocking, and bracing on the type vehicle

specified by the Government at the time of shipment may exceed the offeror's lowest cost when the offeror ships for the offeror's account. Accordingly, the offeror may indicate differentials that may be added to the offered price. These differentials shall be expressed as a rate in cents for each 100 pounds (CWT) of the supplies for one or more of the options

under this clause that the Government may specify at the time of shipment.

(2) These differential(s) will be considered in the evaluation of offers to determine the lowest overall cost to the Government. If, at the time of shipment, the Government specifies a mode of transportation, type of vehicle, or place of delivery for which the offeror has set forth a differential, the Contractor shall include the total of such differential costs (the

applicable differential multiplied by the actual weight) as a separate reimbursable item on the Contractor's invoice for the supplies.

(3) The Government shall have the option of performing or arranging at its own expense any transportation from

Contractor's shipping plant or point to carrier's facility at the time of shipment and, whenever this option is exercised, the

Government shall make no reimbursement based on a quoted differential.

(4) Offeror's differentials in cents for each 100 pounds for optional mode of transportation, types of vehicle, transportation within a mode, or place of delivery, specified by the Government at the time of shipment and not included in

the f.o.b. origin price indicated in the Schedule by the offeror, are as follows:

_____ (carload, truckload, less-load,

_____ wharf, flatcar, driveaway, etc.)

(End of clause)

52.247-34 F.o.b. Destination.

As prescribed in 47.303-6(c), insert the following clause:

F.O.B. DESTINATION (JAN 1991)

(a) The term "f.o.b. destination," as used in this clause, means-

(1) Free of expense to the Government, on board the carrier's conveyance, at a specified delivery point where the

consignee's facility (plant, warehouse, store, lot, or other location to which shipment can be made) is located; and

(2) Supplies shall be delivered to the destination consignee's wharf (if destination is a port city and supplies are for

export), warehouse unloading platform, or receiving dock, at the expense of the Contractor. The Government shall not be

liable for any delivery, storage, demurrage, accessorial, or other charges involved before the actual delivery (or "constructive

placement" as defined in carrier tariffs) of the supplies to the destination, unless such charges are caused by an act or

order of

the Government acting in its contractual capacity. If rail carrier is used, supplies shall be delivered to the specified unloading

platform of the consignee. If motor carrier (including "piggyback") is used, supplies shall be delivered to truck tailgate at the

unloading platform of the consignee, except when the supplies delivered meet the requirements of Item 568 of the National

Motor Freight Classification for "heavy or bulky freight." When supplies meeting the requirements of the referenced Item 568 are delivered, unloading (including movement to the tailgate) shall be performed by the consignee, with assistance from the truck driver, if requested. If the contractor uses rail carrier or freight forwarder for less than carload shipments, the

contractor shall ensure that the carrier will furnish tailgate delivery, when required, if transfer to truck is required to complete

delivery to consignee.

(b) The Contractor shall-

- (1) (i) Pack and mark the shipment to comply with contract specifications; or
- (ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements;
- (2) Prepare and distribute commercial bills of lading;
- (3) Deliver the shipment in good order and condition to the point of delivery specified in the contract;

52.2-437

52.247-35 FEDERAL ACQUISITION REGULATION

(4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee

at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

(End of clause)

52.247-35 F.o.b. Destination, Within Consignee's Premises.

As prescribed in 47.303-7(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. destination, within consignee's premises:

F.O.B. DESTINATION, WITHIN CONSIGNEE'S PREMISES (APR 1984)

(a) The term "f.o.b. destination, within consignee's premises," as used in this clause, means free of expense to the Government delivered and laid down within the doors of the consignee's premises, including delivery to specific rooms within a building if so specified.

(b) The Contractor shall-

- (1) (i) Pack and mark the shipment to comply with contract specifications; or
- (ii) In the absence of specifications, prepare the shipment in conformance with carrier requirements;
- (2) Prepare and distribute commercial bills of lading;
- (3) Deliver the shipment in good order and condition to the point of delivery specified in the contract;
- (4) Be responsible for any loss of and/or damage to the goods occurring before receipt of the shipment by the consignee

at the delivery point specified in the contract;

(5) Furnish a delivery schedule and designate the mode of delivering carrier; and

(6) Pay and bear all charges to the specified point of delivery.

(End of clause)

52.247-36 F.a.s. Vessel, Port of Shipment.

As prescribed in 47.303-8(c), insert the following clause in solicitations and contracts when the delivery term is f.a.s. vessel, port of shipment:

F.A.S. VESSEL, PORT OF SHIPMENT (APR 1984)

(a) The term "f.a.s. vessel, port of shipment," as used in this clause, means free of expense to the Government delivered

alongside the ocean vessel and within reach of its loading tackle at the specified port of shipment.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Deliver the shipment in good order and condition alongside the ocean vessel and within reach of its loading

tackle, at the point of delivery and on the date or within the period specified in the contract; and

(ii) Pay and bear all applicable charges, including transportation costs, wharfage, handling, and heavy lift charges, if

necessary, up to this point;

(3) Provide a clean dock or ship's receipt;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment to the point

specified in the contract; and

(5) At the Government's request and expense, assist obtaining the documents required for-

(i) Exportation; or

(ii) Importation at destination.

(End of clause)

52.2-438

SUBPART 52.2 - TEXT OF PROVISIONS AND CLAUSES 52.247-39

52.247-37 F.o.b. Vessel, Port of Shipment.

As prescribed in 47.303-9(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. vessel, port of shipment:

F.O.B. VESSEL, PORT OF SHIPMENT (APR 1984)

(a) The term "f.o.b. vessel, port of shipment," as used in this clause, means free of expense to the Government loaded,

stowed, and trimmed on board the ocean vessel at the specified port of shipment.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) (i) Deliver the shipment on board the ocean vessel in good order and condition on the date or within the period

fixed; and

(ii) Pay and bear all charges incurred in placing the shipment actually on board;

(3) Provide a clean ship's receipt or on-board ocean bill of lading;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment on board the ocean vessel; and

(5) At the Government's request and expense, assist in obtaining the documents required for-

(i) Exportation; or

(ii) Importation at destination.

(End of clause)

52.247-38 F.o.b. Inland Carrier, Point of Exportation.

As prescribed in 47.303-10(c), insert the following clause in solicitations and contracts when the delivery term is f.o.b. inland carrier, point of exportation:

F.O.B. INLAND CARRIER, POINT OF EXPORTATION (FEB 2006)

(a) The term "f.o.b. inland carrier, point of exportation," as used in this clause, means free of expense to the Government,

on board the conveyance of the inland carrier, delivered to the specified point of exportation.

(b) The Contractor shall-

(1) (i) Pack and mark the shipment to comply with contract specifications; or

(ii) In the absence of specifications, prepare the shipment for ocean transportation in conformance with carrier requirements to protect the goods and to ensure assessment of the lowest applicable transportation charge;

(2) Prepare and distribute commercial bills of lading or other transportation receipt;

(3) (i) Deliver the shipment in good order and condition in or on the conveyance of the carrier on the date or within the period specified; and

(ii) Pay and bear all applicable charges, including transportation costs, to the point of delivery specified in the contract;

(4) Be responsible for any loss of and/or damage to the goods occurring before delivery of the shipment to the point of delivery in the contract; and
