PART 1

SUBPART 201.4 ? CAREER DEVELOPMENT, CONTRACTING AUTHORITY,

Status: active

L0:SUBPART 201.4?CAREER DEVELOPMENT, CONTRACTING AUTHORITY,
L0:AND RESPONSIBILITIES

201.101 Framework

Status: active

L0:201.101 Framework.

L2:(a)(2) DoD implementation and supplementation of the FAR is issued in the

L0:Defense Federal Acquisition Regulation Supplement (DFARS) under the authority and

L0:control of the Secretary of Defense. The DFARS is codified in chapter 2 of Title 48, Code

L0:of Federal Regulations (CFR). The DFARS contains?

L1:(A) Requirements of law;

L1:(B) DoD-wide policies;

L1:(C) Delegations of FAR authorities;

L1:(D) Deviations from FAR requirements; and

L1:(E) Policies and procedures that have a significant effect beyond the

L0:internal operating procedures of DoD or a significant cost or administrative impact on

L0:contractors or offerors.

L1:(b) Relevant procedures, guidance, and information that do not meet the criteria in

L0:paragraph (a)(2) of this section are issued in the DFARS Procedures, Guidance, and

L0:Information (PGI).

201.101-70 Maintenance of the FAR, DFARS, and PGI

Status: active

L0:201.101-70 Maintenance of the FAR, DFARS, and PGI.

L0:See PGI 201.101-70 for policies and procedures for maintaining the FAR, DFARS, and

L0:PGI.

201.103 Authority

Status: active

L0:201.103 Authority.

L1:(1) The defense acquisition system, as defined in 10 U.S.C. 3001(a), exists to

L0:manage the investments of the United States in technologies, programs, and

L0:product support necessary to achieve the national security strategy prescribed by

L0:the President pursuant to section 108 of the National Security Act of 1947 (50

L0:U.S.C. 3043) and to support the United States Armed Forces.
L1:(2) The investment strategy of DoD shall be postured to support not only the
L0:current United States Armed Forces, but also future Armed Forces of the United
L0:States.
L1:(3) The primary objective of DoD acquisition is to acquire quality supplies and
L0:services that satisfy user needs with measurable improvements to mission
L0:capability and operational support at a fair and reasonable price.

201.103-70 Applicability

Status: active

L0:201.103-70 Applicability.
L0:The FAR and the Defense Federal Acquisition Regulation Supplement (DFARS) also
L0:apply to purchases and contracts by DoD contracting activities made in support of
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1
L0:Defense FAR Supplement (DFARS) Part 201
L0:foreign military sales or North Atlantic Treaty Organization cooperative projects
L0:without regard to the nature or sources of funds obligated, unless otherwise specified in
L0:this regulation.

201.104-70 Publication and code arrangement

Status: active

L0:201.104-70 Publication and code arrangement.
L1:(a) The CFR provides the official version of the DFARS at <https://www.ecfr.gov>.
L1:(b) The DFARS and the [official version of the DFARS PGI are available in one
L0:location at <https://www.acq.osd.mil/dpap/dars/dfarspgi/current/index.html>.
L1:(c) The Principal Director, DPCAP publishes changes to the DFARS in the Federal
L0:Register at <https://www.federalregister.gov> and on the DPCAP website at
L0:https://www.acq.osd.mil/dpap/dars/change_notices.html. Each change includes an
L0:clauses, provisions, or forms in solicitations.

201.105 OMB approval under the Paperwork Reduction Act

Status: active

L0:201.105 OMB approval under the Paperwork Reduction Act.
L0:See PGI 201.105 for a list of the DFARS information collection and recordkeeping
L0:requirements that have been approved by the Office of Management and Budget.

201.106 Certifications

Status: active

L0:201.106 Certifications.

L0:In accordance with 41 U.S.C. 1304, the DFARS and DoD component supplements must

L0:not include a new requirement for a certification by a contractor or offeror unless?

L1:(1) The certification requirement is specifically imposed by statute; or

L1:(2) Written justification for such certification is provided to the Secretary of Defense

L0:by the Under Secretary of Defense (Acquisition and Sustainment), and the Secretary of

L0:Defense approves in writing the inclusion of such certification requirement.

201.107 FAR conventions

Status: active

L0:201.107 FAR conventions.

L0:The following conventions apply to the DFARS:

L1:(1) If a provision or clause applies to commercial products or commercial services,

L0:the prescription will state the applicability. If the prescription is silent regarding

L0:commercial products and commercial services, then the provision or clause does not

L0:apply to those products and services.

L1:(2) Unless the prescription states otherwise, a provision or clause that applies to

L0:commercial products also applies to commercially available off-the-shelf items.]

201.108 Statutory acquisition-related dollar thresholds?adjustment for

Status: active

L0:201.108 Statutory acquisition-related dollar thresholds?adjustment for

L0:inflation.

L2:(a)(i) Except as provided at paragraph (b)(2) of the statute, 41 U.S.C. 1908 requires

L0:the adjustment for inflation of all statutory acquisition-related dollar thresholds in the

L0:DFARS be applied to contracts and subcontracts without regard to the date of award of

L0:the contract or subcontract.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(ii) Section 814(b) of the National Defense Authorization Act for Fiscal Year

L0:2012 (Pub. L. 112-81) requires that the threshold established in 10 U.S.C. 2253(a)(2) for

L0:the acquisition of right-hand drive passenger sedans be adjusted for inflation in

L0:accordance with the requirements of 41 U.S.C. 1908, as appropriate.

L1:(d) A matrix showing the most recent escalation adjustments of statutory

L0:acquisition-related dollar thresholds is available at PGI 201.108.

201.170 Peer reviews

Status: active

L0:201.170 Peer reviews.

L0:All peer reviews must be conducted in accordance with the procedures at PGI 201.170.

201.201 Policy

Status: active

L0:201.201 Policy.

L3:(a)(1)(A) See PGI 201.201 for information on the numbering of the DFARS and L0:department, agency, or component supplements.

L1:(B) Departments and agencies and their component organizations may L0:issue acquisition regulations as necessary to implement or supplement the FAR or L0:DFARS. Approval of the Under Secretary of Defense for Acquisition and Sustainment L0:(USD(A&S)) is required before including in a department, agency, or component L0:supplement, or any other contracting regulation document such as a policy letter or L0:clause book, any policy, procedure, clause, or form that has?

L1:(1) A significant effect beyond the internal operating procedures of the L0:agency; or

L1:(2) A significant cost or administrative impact on contractors or offerors.

L1:(C) The USD(A&S) has delegated authority to the Principal Director, L0:Defense Pricing, Contracting, and Acquisition Policy (DPCAP) to approve or disapprove L0:the policies, procedures, clauses, and forms subject to paragraph (a)(1)(B) of this section.

201.270 Agency control and compliance procedures

Status: active

L0:201.270 Agency control and compliance procedures.

L0:See PGI 201.270 for the requirement to control the use of local provisions and clauses.

201.302 Policy

Status: active

L0:201.302 Policy.

L1:(1) The Principal Director, Defense Pricing, Contracting, and Acquisition Policy, L0:Office of the Under Secretary of Defense (Acquisition and Sustainment) L0:(OUSD(A&S)DPCAP), is the approval authority within DoD for any individual or class L0:deviation from?

L1:(i) FAR 3.104, Procurement Integrity, or DFARS 203.104, Procurement L0:Integrity;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1 L0:Defense FAR Supplement (DFARS) Part 201

L1:(ii) FAR subpart 27.4, Rights in Data and Copyrights, or DFARS subpart L0:227.4, Rights in Data and Copyrights;

L1:(iii) FAR part 30, Cost Accounting Standards Administration, or DFARS L0:part 230, Cost Accounting Standards Administration;

L1:(iv) FAR subpart 31.1, Applicability, or DFARS subpart 231.1, Applicability L0:(contract cost principles);

L1:(v) FAR subpart 31.2, Contracts with Commercial Organizations, or DFARS

L0:subpart 231.2, Contracts with Commercial Organizations; or
L1:(vi) FAR part 32, Contract Financing (except subparts 32.7 and 32.8 and the
L0:payment clauses prescribed by subpart 32.1), or DFARS part 232, Contract Financing
L0:(except subparts 232.7 and 232.8).
L1:(2) Submit requests for deviation approval through department or agency channels
L0:to the approval authority in paragraph (1) of this section as appropriate. Submit
L0:deviations that require OUSD(A&S)DPCAP approval through the Director of the DAR
L0:Council via email at osd.pentagon.ousd-a-s.mbx.dfars@mail.mil. At a minimum, each
L0:request must?
L1:(i) Identify the department, agency, or component if applicable, requesting the
L0:deviation;
L1:(ii) Identify the FAR or DFARS citation from which a deviation is needed, state
L0:what that citation requires, and indicate whether the request is for an individual or
L0:class deviation;
L1:(iii) Describe the deviation and indicate which of paragraphs (a) through (f) of
L0:FAR 1.301 best categorizes the deviation;
L1:(iv) State whether the deviation will have a significant effect beyond the
L0:internal operating procedures of the agency and/or a significant cost or administrative
L0:impact on contractors or offerors, and give reasons to support the statement;
L1:(v) State the period of time for which the deviation is required;
L1:(vi) State whether approval for the same deviation has been received
L0:previously, and if so, when;
L1:(vii) State whether the proposed deviation was published in the Federal
L0:Register and provide analysis of comments;
L1:(viii) State whether legal counsel has reviewed the request for deviation, and if
L0:so, state results; and
L1:(ix) Give detailed rationale for the request. State what problem or situation will
L0:be avoided, corrected, or improved if request is approved.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1
L0:Defense FAR Supplement (DFARS) Part 201

201.303 Individual deviations

Status: active

L0:201.303 Individual deviations.
L0:Individual deviations, except those described in 201.302(1) and 201.305, must be
L0:approved in accordance with 201.304.

201.304 Class deviations

Status: active

L0:201.304 Class deviations.
L2:(b)(i) Except as provided in paragraph (b)(ii) of this section, OUSD(A&S)DPCAP is
L0:the approval authority within DoD for any class deviation.

L1:(ii) The senior procurement executives for the Army, Navy, and Air Force, and
L0:the Directors of the Defense Commissary Agency, the Defense Contract Management
L0:Agency, and the Defense Logistics Agency, may approve any class deviation, other than
L0:those described in 201.302(1), that does not?
L1:(A) Have a significant effect beyond the internal operating procedures of the
L0:department or agency;
L1:(B) Have a significant cost or administrative impact on contractors or
L0:offerors;
L1:(C) Diminish any preference given small business concerns by the FAR or
L0:DFARS; or
L1:(D) Extend to requirements imposed by statute or by regulations of other
L0:agencies such as the Small Business Administration and the Department of Labor.

201.305 Deviations pertaining to treaties and executive agreements

Status: active

L0:201.305 Deviations pertaining to treaties and executive agreements.
L0:Contracting officers outside the United States may deviate from prescribed
L0:nonstatutory FAR and DFARS clauses when?
L1:(1) Contracting for support services, supplies, or construction, with the
L0:governments of North Atlantic Treaty Organization (NATO) countries or other allies (as
L0:described in 10 U.S.C. 2341(2)), or with United Nations or NATO organizations; and
L1:(2) Such governments or organizations will not agree to the standard clauses.

201.403 Selecting, appointing, and terminating the appointment for

Status: active

L0:201.403 Selecting, appointing, and terminating the appointment for
L0:contracting officers.

201.403-1 General

Status: active

L0:201.403-1 General.
L1:(1) In accordance with 10 U.S.C. 1724, in order to qualify to serve as a contracting
L0:officer with authority to award or administer contracts for amounts above the simplified
L0:acquisition threshold, a person must?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1
L0:Defense FAR Supplement (DFARS) Part 201
L1:(i) Have completed all contracting courses required for a contracting officer to
L0:serve in the grade in which the employee or member of the armed forces will serve;
L1:(ii) Have at least 2 years experience in a contracting position;
L1:(iii) Have received a baccalaureate degree from an accredited educational

L0:institution; and

L1:(iv) Meet such additional requirements, based on the dollar value and

L0:complexity of the contracts awarded or administered in the position, as may be

L0:established by the Secretary of Defense.

L1:(2) The qualification requirements in paragraph (1)(iii) of this section do not apply

L0:to a DoD employee or member of the armed forces who?

L1:(i) On or before September 30, 2000, occupied?

L1:(A) A contracting officer position with authority to award or administer

L0:contracts above the simplified acquisition threshold; or

L1:(B) A position either as an employee in the 1102 occupational series or a

L0:member of the armed forces in an occupational specialty similar to the 1102 series;

L1:(ii) Is in a contingency contracting force; or

L1:(iii) Is an individual appointed to a 3-year developmental position. Information

L0:on developmental opportunities is contained in DoD Instruction 5000.66, Defense

L0:Acquisition Workforce Education, Training, Experience, and Career Development

L0:Program.

L1:(3) See DoD Instruction 5000.66 for information on waivers to the requirements in

L0:paragraph (1) of this section.

201.403-2 Appointment

Status: active

L0:201.403-2 Appointment.

L1:(a) Certificates of Appointment executed under the Defense Acquisition Regulation

L0:have the same effect as if they had been issued under FAR.

L1:(b) Agency heads may delegate the purchase authority in 213.301 to DoD civilian

L0:employees and members of the U.S. Armed Forces.

201.404 Contracting officer?s representative

Status: active

L0:201.404 Contracting officer?s representative.

L1:(c) Follow the procedures at PGI 201.404 regarding designation, assignment,

L0:qualifications, and responsibilities of a contracting officer's representative (COR).

L1:(1) A COR must be an employee, military or civilian, of the U.S. Government, a

L0:foreign government, or a North Atlantic Treaty Organization or coalition partner.

L0:Contractor personnel must never serve as CORs.

201.404-70 Contract clause

Status: active

L0:201.404-70 Contract clause.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L0:Use the clause at 252.201-7000, Contracting Officer's Representative, in solicitations

L0:and contracts when appointment of a contracting officer's representative is anticipated.

201.470 Appointment of property administrators and plant clearance

Status: active

L0:201.470 Appointment of property administrators and plant clearance

L0:officers.

L1:(a) The appropriate agency authority must appoint or terminate (in writing)

L0:property administrators and plant clearance officers.

L1:(b) In appointing qualified property administrators and plant clearance officers,

L0:the appointing authority must consider experience, training, education, business

L0:acumen, judgment, character, and ethics.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L0:PGI 201?FEDERAL ACQUISITION REGULATIONS SYSTEM

L0:PGI 201.1?FRAMEWORK

L0:PGI 201.101-70 Maintenance of the FAR, DFARS, and PGI.

L1:(a) DoD Instruction 5000.35, Defense Acquisition Regulations (DAR) System prescribes

L0:the composition and operation of the DAR Council.

L2:(b)(1) Departments and agencies process proposed revisions of FAR or DFARS through

L0:channels to the Director of the DAR Council. Process the proposed revision as a

L0:memorandum in the following format, addressed to the Director, DAR Council via email at

L0:I. PROBLEM: Succinctly state the problem created by current FAR and/or

L0:DFARS coverage and describe the factual and/or legal reasons necessitating the change to

L0:the regulation.

L0:II. RECOMMENDATION: Identify the FAR and/or DFARS citations to be

L0:revised. Attach as TAB A a copy of the existing coverage, conformed to include the

L0:proposed additions and deletions. Indicate deleted coverage by using strikethrough to mark

L0:the current words being deleted, and insert proposed language in brackets at the

L0:appropriate locations within the existing coverage.

L0:III. DISCUSSION: Include a complete, convincing explanation of why the

L0:change is necessary and how the recommended revision will solve the problem. Address

L0:advantages and disadvantages of the proposed revision, as well as any cost or

L0:administrative impact on Government activities and contractors. Identify any potential

L0:impact of the change on automated systems, e.g., automated financial and procurement

L0:systems. Provide any other background information that would be helpful in explaining the

L0:issue.

L0:IV. COLLATERALS: Address the need for public comment (FAR 1.201(b)), the

L0:Paperwork Reduction Act, and the Regulatory Flexibility Act (FAR 1.201(b)(2)).

L0:V. DEVIATIONS: If a recommended DFARS revision is a deviation from the

L0:FAR, identify the deviation and include under separate TAB a justification for the deviation

L0:that addresses the requirements of DFARS 201.302(2). The justification should be in the

L0:form of a memorandum for the Principal Director, Defense Pricing, Contracting, and
L0:Acquisition Policy, Office of the Under Secretary of Defense (Acquisition and Sustainment)

L0:(USD(A&S)).

L1:(ii) The public may offer proposed revisions of FAR or DFARS by submission of a
L0:memorandum, in the format (including all of the information) prescribed in paragraph (b)(1)
L0:of this section, to the Director of the DAR Council.

L1:(c) The DAR Council is also responsible for maintenance of the DFARS Procedures,
L0:Guidance, and Information (PGI).

L0:PGI 201.105 OMB approval under the Paperwork Reduction Act.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L0:The information collection and recordkeeping requirements contained in the DFARS and

L0:PGI have been approved by the Office of Management and Budget. The following OMB

L0:PGI 201.108 Statutory acquisition-related dollar thresholds?adjustment for inflation.

L0:The matrix showing the most recent escalation adjustments of statutory acquisition-related

L0:dollar thresholds in the DFARS is available at

L0:<https://www.acq.osd.mil/dpap/dars/pgi/docs/2024->

L0:D002_(f)_Threshold_Matrix_APR_25_CPI_7.30.2025.xls.

L0:PGI 201.170 Peer reviews.

L1:(a) Defense Pricing, Contracting, and Acquisition Policy peer reviews.

L1:(1) The Office of the Principal Director, Defense Pricing, Contracting, and

L0:Acquisition Policy (DPCAP), using the procedures in this section, will organize teams of

L0:reviewers and facilitate peer reviews for solicitations and contracts as follows:

L1:(i) DPCAP will conduct the preaward peer reviews for competitive procurements

L0:prior to the three phases of the acquisition (see PGI 201.170-2(a)) for all procurements with

L0:an estimated value of \$1 billion or more under major defense acquisition programs for which

L0:USD(A&S) is the milestone decision authority or USD(A&S) designates as requiring a peer

L0:review regardless of value. DoD components may request DPCAP-led peer reviews for

L0:acquisitions valued below the \$1 billion threshold. DPCAP will conduct these reviews upon

L0:approval by the Director, DPCAP (Contract Policy).

L1:(ii) DPCAP will conduct the preaward peer reviews for noncompetitive

L0:procurements prior to the two phases of the acquisition (see PGI 201.170-2(b)) for contract

L0:actions, e.g., new contracts, modifications to existing contracts, requests for equitable

L0:adjustment, claims valued at \$1 billion or more, or for any other contract action USD(A&S)

L0:designates as requiring a peer review regardless of value. DoD components may request

L0:DPCAP-led peer reviews for contract actions valued below the \$1 billion threshold. DPCAP

L0:will conduct these reviews upon approval by the Director, DPCAP (Price, Cost and Finance).

L1:(iii) Use the following criteria to identify actions that are subject to peer review:

L1:(A) If the not-to-exceed amount for an undefinitized contract action or an

L0:unpriced change order exceeds the peer review threshold, then the resulting definitization

L0:modification(s) will be subject to peer review regardless of actual performance up to the

L0:point of definitization.

L1:(B) For indefinite-delivery indefinite-quantity (IDIQ) contracts that will

L0:establish pricing terms that apply to orders, use the total maximum dollar value for purposes

L0:of the peer review threshold. IDIQ contracts that will not establish pricing terms in the basic

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L0:contract are not subject to peer review, but individual orders that exceed the threshold are

L0:subject to peer review.

L0:when considering the firm requirement for all supplies or services:

L1:(C) For noncompetitive contract actions, use the greater of the following

L1:(1) The approved Government objective amount.

L1:(2) The contractor proposed amount.

L1:(2) To facilitate planning for peer reviews, the military departments and defense

L0:agencies must provide a rolling annual forecast of acquisitions that will be subject to DPCAP

L0:peer reviews at the end of each quarter (i.e., March 31; June 30; September 30; December

L0:31).

L1:(i) Military departments and defense agencies must submit quarterly forecasts

L0:for competitive peer reviews to the Director, DPCAP (Contract Policy), at

L1:(ii) Military departments and defense agencies must submit quarterly forecasts

L0:for noncompetitive peer reviews to the Director, DPCAP (Price, Cost and Finance), at

L1:(b) Component peer reviews. The military departments and defense agencies must

L0:establish procedures for?

L1:(1) Preaward peer reviews of solicitations for competitive procurements not subject

L0:to paragraph (a)(1)(i) of this section; and

L1:(2) Preaward peer reviews of noncompetitive procurements not subject to

L0:paragraph (a)(1)(ii) of this section.

L1:(c) DoD components may request a DPCAP-led peer review for procurements that

L0:would not otherwise require a DPCAP-led peer review.

L1:(d) Military departments and defense agencies must, on or about June 30 and

L0:December 31 of each year, submit recommended best practices and lessons learned from

L0:competitive acquisition peer reviews under major defense acquisition programs to

L0:may be selected for posting at <https://www.acq.osd.mil/asda/dpc/cp/policy/competitive->

L0:source-selection.html.

L0:PGI 201.170-1 Objectives of peer reviews.

L0:The objectives of peer reviews are to?

L1:(a) Ensure that DoD contracting officers are implementing policy and regulations in a

L0:consistent and appropriate manner;

L1:(b) Continue to improve the quality of contracting processes throughout DoD; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(c) Facilitate cross-sharing of best practices and lessons learned throughout DoD.

L0:DPCAP maintains a compilation of peer review lessons learned and best practices that

L0:is available at <https://www.acq.osd.mil/asda/dpc/cp/policy/peer-reviews.html> for

L0:competitive peer reviews and at <https://www.acq.osd.mil/asda/dpc/pcf/ss-peer->

L0:reviews.html for noncompetitive peer reviews.

L0:PGI 201.170-2 Preaward peer reviews.

L1:(a) Preaward peer reviews for competitive acquisitions must be conducted prior to each

L0:of the following three phases of the acquisition:

L1:(1) Issuance of the solicitation.

L1:(2) Request for final proposal revisions (if applicable).

L1:(3) Contract award.

L1:(b) Preaward peer reviews for noncompetitive acquisitions must be conducted prior to

L0:each of the following two phases of the acquisition:

L1:(1) Negotiation.

L1:(2) Contract award.

L0:PGI 201.170-3 Administration of peer reviews.

L1:(a) The results and recommendations that are products of peer reviews are intended to

L0:be advisory in nature; however, in the event the peer review report includes a

L0:recommendation that is identified as "significant" and the contracting officer does not intend

L0:to follow that recommendation, the senior procurement official of the contracting activity for

L0:the reviewed organization must be made aware of this fact before action is taken (or

L0:inaction, as applicable) that is contrary to the recommendation. Reviews will be conducted

L0:in a manner that preserves the authority, judgment, and discretion of the contracting officer

L0:and the senior officials of the requiring activity.

L1:(b) Peer review teams should be comprised of senior contracting officials and attorneys

L0:as appropriate. Teams may include civilian employees or military personnel external to the

L0:department, agency, or component that is the subject of the peer review.

L1:(c) Reviews are generally conducted remotely. However, a peer review may be

L0:conducted at the location of the executing contracting organization when appropriate.

L1:(d) See paragraph (g) of this section for a list of the documents that must be made

L0:available to the competitive peer review team, along with the specific elements the team will

L0:examine. See paragraph (h) of this section for a list of the documents that must be made

L0:available to the noncompetitive peer review team, along with a link to the noncompetitive

L0:peer review preparation resource.

L1:(e) The review team observations and recommendations will be communicated to the

L0:contracting officer and the senior procurement official immediately upon completion of a

L0:review.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(f) The contracting officer must document the disposition of all peer review

L0:recommendations (i.e., state whether the recommendation will be followed and, if not, why

L0:not) as a signed memorandum for the record in the applicable contract file. For competitive

L0:acquisitions, the contracting officer must submit this memorandum to [osd.pentagon.ousd-a-](mailto:osd.pentagon.ousd-a-s.mbx.dpc-cp@mail.mil)

L0:s.mbx.dpc-cp@mail.mil prior to the next phase peer review or prior to contract award for

L0:phase 3 reviews. For noncompetitive acquisitions, the contracting officer must submit this

L0:memorandum to osd.pentagon.ousd-a-s.mbx.dpc-pcf-peer-reviews@mail.mil prior to the

L0:phase 2 peer review or prior to contract award for phase 2 reviews.

L1:(g) Required documents and elements for competitive acquisition preaward peer

L0:review. Submit any required peer review documents to [osd.pentagon.ousd-a-](mailto:osd.pentagon.ousd-a-s.mbx.dpc-cp@mail.mil)

L0:s.mbx.dpc-cp@mail.mil.

L1:(1) Required documents. At a minimum, peer review teams must have access

L0:to the following documents, as applicable, at least 5 business days prior to the

L0:scheduled date of a peer review:

L1:(i) The most recent acquisition decision memorandum for the program.

L1:(ii) The acquisition strategy, or acquisition plan.

L1:(iii) The source selection plan.

L1:(iv) The draft for phase 1 or final request for proposals (RFP) and all

L0:amendments, with a synopsis of what, if any, RFP requirements (technical and

L0:contractual) were changed and why.

L1:(v) The source selection evaluation board (SSEB) analysis and findings to

L0:ensure the evaluation of offers was consistent with the source selection plan and RFP

L0:criteria.

L1:(vi) Any meeting minutes memorializing discussions between the

L0:Government and offerors.

L1:(vii) All evaluation notices generated as a result of deficiencies in the

L0:offerors' proposals as well as the offerors' responses to those evaluation notices.

L1:(viii) All minutes memorializing the conduct of source selection advisory

L0:council (SSAC) deliberations held to date.

L1:(ix) The offerors' responses to the request for final proposal revision.

L1:(x) The final SSAC deliberation.

L1:(xi) The final source selection authority (SSA) determination and source

L0:selection decision.

L1:(xii) Award or incentive fee arrangements, documentation of any required

L0:head of the contracting activity determinations and findings regarding nonavailability of

L0:objective criteria.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(2) Peer review teams may make recommendations on any aspect of the

L0:procurement, including the following:

L1:(i) The process was well understood by both Government and Industry.

L1:(ii) Source selection was carried out in accordance with the source selection

L0:plan and RFP.

L1:(iii) The SSEB evaluation was clearly documented.

L1:(iv) The SSAC advisory panel recommendation was clearly documented.

L1:(v) The SSA decision was clearly derived from the conduct of the source

L0:selection process.

L1:(vi) All source selection documentation is consistent with the Section M

L0:evaluation criteria.

L1:(vii) The business arrangement.

L1:(h) Required documents and preparation resource for noncompetitive acquisition

L0:preaward peer review. Submit any required peer review documents to

L1:(1) Required documents. At a minimum, peer review teams must have access

L0:to the following documents, as applicable, at least 5 business days prior to the

L0:scheduled date of a peer review:

L1:(i) Preliminary price negotiation memorandum or business clearance for

L0:phase 1 or price negotiation memorandum or business clearance for phase 2, including

L0:all listed attachments.

L1:(ii) Summary documents to support a discussion of salient aspects of the

L0:acquisition, e.g., business/contract clearance charts. Special charts do not need to be

L0:developed for the peer review.

L1:(iii) The anticipated or negotiated language of clauses affecting the price or

L0:the business arrangement, e.g., economic price adjustment, performance-based

L0:payments, incentive, award-fee, or award-term provisions, terms establishing price

L0:adjustment when using demand bands, reopener clauses, exchange rate clauses, or
L0:other clauses.

L1:(iv) Award-fee plan and documentation of any required head of the

L0:contracting activity determination and findings regarding nonavailability of objective

L0:criteria (see FAR 16.401(e)(1)).

L1:(v) Defense Contract Audit Agency audits and Defense Contract

L0:Management Agency technical and/or price analyses, upon request.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(vi) The proposed performance-based payments schedule and Government

L0:analysis, if use of performance-based payments is contemplated.

L1:(vii) Any other documents deemed necessary by the review team.

L1:(2) Noncompetitive peer review preparation resource. The noncompetitive peer

L0:review preparation resource is available at [https://www.acq.osd.mil/asda/dpc/pcf/ss-](https://www.acq.osd.mil/asda/dpc/pcf/ss-peer-reviews.html)

L0:peer-reviews.html. The resource identifies frequently addressed areas of emphasis. It

L0:is recommended that acquisition teams review these listed areas of interest in advance

L0:of releasing a request for proposal.

L0:PGI 201.2?AGENCY ACQUISITION REGULATIONS

L0:PGI 201.201 Policy.

L0:PGI 201.201-70 Numbering.

L1:(a) Text that supplements the FAR uses the same numbering as its FAR counterpart,

L0:with the number 70 and up added to the FAR part, subpart, or section number. When the

L0:text exceeds one paragraph, the paragraphs use the FAR numbering sequence, which is

L4:(a)(1)(i)(A)(1)(i). For example, DFARS text supplementing FAR 1.101 would be numbered

L0:201.101-70. The paragraphs in 201.101-70 would be (a), (b), and (c).

L1:(b) Text that implements the FAR uses the same numbering as its FAR counterpart.

L0:However, when the text uses a different number of paragraphs than the FAR, the text uses

L0:supplemental numbering.

L1:(c) Paragraph numbering below the 4th level (i.e., (A)) does not repeat the numbering

L0:sequence. It uses italicized Arabic numerals (e.g., 1) at the 5th level and then italicized

L0:lower case Roman numerals (e.g., i) at the final level.

L1:(d) Examples of DFARS numbering are in Table 1, DFARS Numbering.

L1:(e) Department, agency, and component supplements must parallel the FAR and

L0:DFARS numbering, except department and agency supplemental numbering uses section

L0:numbers of 90 and up, instead of 70 and up.

201.201-71 Local solicitation provisions and contract clauses

Status: active

L0:201.201-71 Local solicitation provisions and contract clauses.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(a) Contract clauses and solicitation provisions developed by departments and agencies

L0:(i.e., local clauses) that constitute a significant revision must be published for public

L0:comment in the Federal Register in accordance with DFARS 201.101.

L1:(1) A local clause is considered a significant revision if the clause?

L1:(i) Contains a new certification requirement for contractors or offerors that is not

L0:imposed by statute (see FAR 1.106 and DFARS 201.106);

L1:(ii) Constitutes a deviation (as defined at FAR 1.3) from the parts and subparts

L0:identified at DFARS 201.302; or

L1:(iii) Will be used on a repetitive basis and?

L0:more members of the public (see FAR 1.105); or

L1:(A) Imposes a new requirement for the collection of information from 10 or

L0:that contained in the FAR or DFARS.

L1:(B) Has any cost or administrative impact on contractors or offerors beyond

L1:(2) A local clause is not considered a significant revision, if the clause?

L1:(i) Is for a one-time use intended to meet the needs of an individual acquisition

L0:(e.g., a clause developed as a result of negotiations and documented in the business

L0:clearance or similar document), except for clauses that constitute a deviation (as defined at

L0:FAR 1.301) from the parts and subparts identified at DFARS 201.302; or

L1:(ii) May be used on a repetitive basis and has no new or additional cost or

L0:administrative impact on contractors or offerors beyond any cost or administrative impact

L0:contained in existing FAR or DFARS coverage.

L0:PGI 201.270 Agency control and compliance procedures.

L1:(a) Agencies must control the use of clauses or provisions other than those prescribed

L0:by the FAR or DFARS (i.e., local clauses) and shall include procedures to ensure that a local
L0:clause?

L1:(1) Is evaluated to determine whether the local clause constitutes a significant

L0:revision;

L1:(2) Is numbered in accordance with FAR 52.1 and DFARS 252.1 (see 252.103);

L1:(3) Is accompanied by a prescription in the appropriate part and subpart of the

L0:department or agency FAR supplement where the subject matter of the clause receives its

L0:primary treatment;

L1:(4) If it constitutes a significant revision?

L1:(i) Is published for public comment in the Federal Register in accordance with

L0:FAR 1.201 and DFARS 201.201;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L1:(ii) Complies with the Paperwork Reduction Act 1980 (44 USC chapter 35), in

L0:accordance with FAR 1.105 and 1.301; and

L1:(iii) Complies with the Regulatory Flexibility Act (5 U.S.C. 601, et seq.), in

L0:accordance with FAR 1.301; and

L1:(5) When Federal Register publication is required for any policy, procedure, clause,

L0:or form, the department or agency requesting Under Secretary of Defense (Acquisition and

L0:Sustainment) approval for use of the policy, procedure, clause, or form must include an

L0:analysis of the public comments in the request for approval.

L0:PGI 201.4?CAREER DEVELOPMENT, CONTRACTING AUTHORITY, AND

L0:RESPONSIBILITIES

L0:PGI 201.404 Contracting officer?s representative.

L0:PGI 201.404-70 Roles and responsibilities.

L0:Contracting officers must inform all individuals performing on their behalf of their delegated

L0:roles and responsibilities and the relationships among the parties.

L1:(a) When designating Department of State personnel as a contracting officer?s

L0:representative (COR for contracts executed by DoD in support of Department of State in

L0:Iraq), follow the procedures in the Director, Defense Procurement and Acquisition Policy

L0:memorandum dated July 11, 2011, Contracting Officer?s Representative Designation?Iraq.

L1:(b) DoD COR certification standards define minimum COR competencies, experience,

L0:and training requirements according to the nature and complexity of the requirement and

L0:contract performance risk. These COR certification standards should be considered when

L0:developing service requirements, soliciting proposals, and performing surveillance during

L0:contract performance. The DoD standards and policy are provided in DoD Instruction

L0:5000.72, DoD Standard for Contracting Officer?s Representative (COR) Certification.

L1:(c) Guidance on the appointment and duties of CORs is provided in the DoD COR

L0:Guidebook.

L1:(d) DoD components must use the Joint Appointment Module (JAM), within the

L0:Procurement Integrated Enterprise Environment (PIEE), to electronically track COR

L0:nominations, appointments, terminations, and training certifications for contracts

L0:assigned a COR. Components must use the Surveillance and Performance Monitoring L1:(SPM) Module, located in the PIEE, for all other contract surveillance actions. Further L0:guidance on the use of JAM and SPM Module is available at <https://piee.eb.mil/piee-L0:landing/>.

L1:(e) A COR assists in the technical monitoring or administration of a contract.

L1:(1) Unless an exemption applies, contracting officers must designate a COR for

L0:all service contracts, including both firm-fixed-price and other than firm-fixed-price

L0:contracts, and supply contracts with cost-reimbursable line items awarded by a DoD

L0:component or by any other Federal agency on behalf of DoD within 3 business days of

L0:contract award. The surveillance activities performed by CORs should be tailored to the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 1

L0:Defense FAR Supplement (DFARS) Part 201

L0:dollar value and complexity of the specific contract for which they are designated. For

L0:geographically dispersed large contracts with multiple task orders, contracting officers

L0:should consider appointing multiple or alternate CORs to assist with surveillance duties.

L0:These CORs should have specific duties based on criteria, such as geographic region

L0:or distinct task areas, to avoid conflicting or duplicative direction. Contracting officers

L0:may exempt service contracts from this requirement when?

L1:(i) The contract will be awarded using simplified acquisition procedures;

L1:(ii) The requirement is not complex; and

L1:(iii) The contracting officer documents the file, in writing, with the specific

L0:reasons why the appointment of a COR is unnecessary.

L1:(2) For supply contracts with cost-reimbursement contracts line items, contracting

L0:officers must either retain or delegate surveillance activities to a COR or DCMA. Contracting

L0:officers may delegate surveillance activities to both a COR and DCMA on the same contract.

L0:However, contracting officers must not delegate the same surveillance activities to the COR

L0:and DCMA.

L1:(3) The contracting officer must ensure the written designation required by FAR

L0:1.404(a)(1) is maintained in JAM or the SPM Module.

L1:(f) A COR must maintain an electronic COR Surveillance file in the SPM Module for

L0:each contract assigned. This file must include, at a minimum?

L1:(1) A copy of the contracting officer's letter of designation and other

L0:documentation describing the COR's duties and responsibilities; and

L1:(2) Documentation of actions taken in accordance with the delegation of

L0:authority.

L1:(g) Contracting officers, must, at a minimum, review the COR's files within six months of

L0:contract award and annually thereafter, for accuracy and completeness. More frequent

L0:reviews may be conducted in subsequent years based upon the risks, complexity, and value

L0:of the contract. The results of the contracting officer's review must be documented in the

L0:SPM Module.

L1:(h) Within 30 days of completing the COR file review, contracting officers must-

L1:(1) Provide COR performance feedback to their supervisor; and

L1:(2) Discuss any performance inadequacies with the COR.

L1:(i) Prior to contract closeout, the COR will ensure the COR Surveillance files for the

L0:assigned contract are complete and available to the contracting officer.

Status: active

L0:203.170 Business practices.

L0:To ensure the separation of functions for oversight, source selection, contract

L0:negotiation, and contract award, departments and agencies must adhere to the

L0:following best practice policies:

L1:(a) Senior leaders must not perform multiple roles in source selection for a major

L0:weapon system or major service acquisition.

L1:(b) Vacant acquisition positions must be filled on an "acting" basis from below until

L0:a permanent appointment is made. To provide promising professionals an opportunity

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3

L0:Defense FAR Supplement (DFARS) Part 203

L0:to gain experience by temporarily filling higher positions, these oversight duties must

L0:not accrue at the top.

L1:(c) Acquisition process reviews of the military departments must be conducted to

L0:assess and improve acquisition and management processes, roles, and structures. The

L0:scope of the reviews should include?

L1:(1) Distribution of acquisition roles and responsibilities among personnel;

L1:(2) Processes for reporting concerns about unusual or inappropriate actions; and

L1:(3) Application of DoD Instruction 5000.2, Operation of the Defense Acquisition

L0:System, and the disciplines in the Defense Acquisition Guidebook.

L1:(d) Source selection processes must be?

L1:(1) Reviewed and approved by cognizant organizations responsible for

L0:oversight;

L1:(2) Documented by the head of the contracting activity or at the agency level;

L0:and

L1:(3) Periodically reviewed by outside officials independent of that office or

L0:agency.

L1:(e) Legal review of documentation of major acquisition system source selection must

L0:be conducted prior to contract award, including the supporting documentation of the

L0:source selection evaluation board, source selection advisory council, and source selection

L0:authority.

L1:(f) Procurement management reviews must determine whether clearance threshold

L0:authorities are clear and must provide independent review for acquisitions exceeding

L0:the simplified acquisition threshold.

203.171 Senior DoD officials seeking employment with defense contractors

Status: active

L0:203.171 Senior DoD officials seeking employment with defense contractors.

203.171-1 Scope

Status: active

L0:203.171-1 Scope.

L0:This section implements section 847 of the National Defense Authorization Act for

L0:Fiscal Year 2008 (Pub. L. 110-181).

203.171-2 Definition

Status: active

L0:203.171-2 Definition.

L0:As used in this section?

L0:Covered DoD official? is defined in the clause at 252.203-7000, Requirements Relating

L0:to Compensation of Former DoD Officials.

203.171-3 Policy

Status: active

L0:203.171-3 Policy.

L1:(a) A DoD official covered by the requirements of section 847 of Public Law 110-181

L0:(a ?covered DoD official?) who, within 2 years after leaving DoD service, expects to

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3

L0:Defense FAR Supplement (DFARS) Part 203

L0:receive compensation from a DoD contractor, must, prior to accepting such

L0:compensation, request a written opinion from the appropriate DoD ethics counselor

L0:regarding the applicability of post-employment restrictions to activities that the official

L0:may undertake on behalf of a contractor.

L1:(b) A DoD contractor must not knowingly provide compensation to a covered DoD

L0:official within 2 years after the official leaves DoD service unless the contractor first

L0:determines that the official has received, or has requested at least 30 days prior to

L0:receiving compensation from the contractor, the post-employment ethics opinion

L0:described in paragraph (a) of this section.

L1:(c) If a DoD contractor knowingly fails to comply with the requirements of the

L0:clause at 252.203-7000, consider taking administrative and contractual actions,

L0:including cancellation of a procurement, rescission of a contract, or initiation of

L0:suspension or debarment proceedings (41 U.S.C. 2105(c)).

203.171-4 Solicitation provision and contract clause

Status: active

L0:203.171-4 Solicitation provision and contract clause.

L1:(a) Insert the clause at 252.203-7000, Requirements Relating to Compensation of

L0:Former DoD Officials, in all solicitations and contracts, including solicitations and

L0:contracts using FAR part 12 procedures for the acquisition of commercial products and

L0:commercial services.

L1:(b) Insert the provision at 252.203-7005, Representation Relating to Compensation
L0:of Former DoD Officials, in all solicitations, including solicitations using FAR part 12
L0:procedures for the acquisition of commercial products and commercial services and
L0:solicitations for task orders and delivery orders.

203.502-2 Subcontractor kickbacks

Status: active

L0:203.502-2 Subcontractor kickbacks.
L1:(h) See PGI 203.502-2 for a list of organizations designated for investigations of
L0:possible kickbacks.

203.570 Prohibition on persons convicted of fraud or other defense-contract-

Status: active

L0:203.570 Prohibition on persons convicted of fraud or other defense-contract-
L0:related felonies.

203.570-1 Scope

Status: active

L0:203.570-1 Scope.
L0:This section implements 10 U.S.C. 4656. For information on 10 U.S.C. 4656, see PGI
L0:203.570-1.

203.570-2 Prohibition period

Status: active

L0:203.570-2 Prohibition period.
L0:DoD has sole responsibility for determining the period of the prohibition described in
L0:paragraph (b) of the clause at 252.203-7001, Prohibition on Persons Convicted of Fraud
L0:or Other Defense-Contract-Related Felonies. The prohibition period?
L1:(a) Must not be less than 5 years from the date of conviction unless the agency head
L0:or a designee grants a waiver in the interest of national security. Follow the waiver
L0:procedures at PGI 203.570-2(a); and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203
L1:(b) May be more than 5 years from the date of conviction if the agency head or a
L0:designee makes a written determination of the need for the longer period. The agency
L0:must provide a copy of the determination to the address at PGI 203.570-2(b).

203.570-3 Contract clause

Status: active

L0:203.570-3 Contract clause.

L0:Insert the clause at 252.203-7001, Prohibition on Persons Convicted of Fraud or Other

L0:Defense-Contract-Related Felonies, in all solicitations and contracts exceeding the

L0:simplified acquisition threshold, except solicitations and contracts for commercial

L0:products or commercial services.

203.703 Authority

Status: active

L0:203.703 Authority.

L0:The authority to act for the agency head under this subpart is limited to a level no lower

L0:than an official who is appointed by and with the advice of the Senate, without power of

L0:redlegation. For the defense agencies, for purposes of this subpart, the agency head

L0:designee is the Under Secretary of Defense (Acquisition and Sustainment).

203.806 Processing suspected violations

Status: active

L0:203.806 Processing suspected violations.

L0:Report suspected violations to the address at PGI 203.806(a).

203.900 Scope of subpart

Status: active

L0:203.900 Scope of subpart.

L0:This subpart implements 10 U.S.C. 4701 and section 883 of the National Defense

L0:Authorization Act for Fiscal Year 2021 (Pub. L. 116-283).

L2:(a)(i) 10 U.S.C. 4701 provides DoD whistleblower protection policies and procedures

L0:for contractor employees. Use sections 203.901 through 203.906 of this subpart in lieu

L0:of FAR sections 3.901 through 3.906 to implement 10 U.S.C. 4701.

L1:(ii) 10 U.S.C. 4701 does not apply to any element of the intelligence community,

L0:as defined in 50 U.S.C. 3003(4). Sections 203.901 through 203.906 do not apply to any

L0:disclosure made by an employee of a contractor or subcontractor of an element of the

L0:intelligence community if such disclosure?

L1:(A) Relates to an activity or an element of the intelligence community; or

L1:(B) Was discovered during contract or subcontract services provided to an

L0:element of the intelligence community.

L1:(c) Section 883 of the National Defense Authorization Act for Fiscal Year 2021 (Pub.

L0:L. 116-283) prohibits the award of a DoD contract to contractors that require their

L0:employees to sign internal confidentiality agreements or statements that would prohibit

L0:or otherwise restrict such employees from lawfully reporting waste, fraud, or abuse
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203
L0:related to the performance of a DoD contract to a designated investigative or law
L0:enforcement representative within DoD authorized to receive such information.

203.901 Definitions

Status: active

L0:203.901 Definitions.
L0:As used in this subpart?
L0:Abuse of authority? means an arbitrary and capricious exercise of authority that is
L0:inconsistent with the mission of DoD or the successful performance of a DoD contract.

203.903 may file a complaint with the DoD Inspector General

Status: active

L0:203.903 may file a complaint with the DoD Inspector General.
L1:(2) A complaint may not be brought under this section more than three years after
L0:the date on which the alleged reprisal took place.
L1:(3) The complaint must be signed and must contain?
L1:(i) The name of the contractor;
L1:(ii) The contract number, if known; if not, a description reasonably sufficient to
L0:identify the contract(s) involved;
L1:(iii) The violation of law, rule, or regulation giving rise to the disclosure;
L1:(iv) The nature of the disclosure giving rise to the discriminatory act, including
L0:the party to whom the information was disclosed; and
L1:(v) The specific nature and date of the reprisal.

203.904 Procedures for filing complaints

Status: active

L0:203.904 Procedures for filing complaints.
L1:(1) Any employee of a contractor or subcontractor who believes that he or she has
L0:been discharged, demoted, or otherwise discriminated against contrary to the policy in

203.905 Procedures for investigating complaints

Status: active

L0:203.905 Procedures for investigating complaints.
L1:(1) Unless the DoD Inspector General makes a determination that the complaint is
L0:frivolous, fails to allege a violation of the prohibition in 203.903, or has been previously

L0:addressed in another Federal or State judicial or administrative proceeding initiated by
L0:the complainant, the DoD Inspector General will investigate the complaint.
L1:(2) If the DoD Inspector General investigates the complaint, the DoD Inspector
L0:General will?
L1:(i) Notify the complainant, the contractor alleged to have committed the
L0:violation, and the head of the agency; and
L1:(ii) Provide a written report of findings to the complainant, the contractor
L0:alleged to have committed the violation, and the head of the agency.
L1:(3) Upon completion of the investigation, the DoD Inspector General?
L1:(i) Either will determine that the complaint is frivolous, fails to allege a
L0:violation of the prohibition in 203.903, or has been previously addressed in another
L0:Federal or State judicial or administrative proceeding initiated by the complainant, or
L0:will submit the report addressed in paragraph (2) of this section within 180 days after
L0:receiving the complaint; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203
L1:(ii) If unable to submit a report within 180 days, will submit the report within
L0:the additional time period, up to 180 days, as agreed to by the person submitting the
L0:complaint.
L1:(4) The DoD Inspector General may not respond to any inquiry or disclose any
L0:information from or about any person alleging the reprisal, except to the extent that
L0:such response or disclosure is?
L1:(i) Made with the consent of the person alleging reprisal;
L1:(ii) Made in accordance with 5 U.S.C. 552a (the Freedom of Information Act) or
L0:as required by any other applicable Federal law; or
L1:(iii) Necessary to investigate the alleged reprisal.
L1:(5) The legal burden of proof specified at paragraph (e) of 5 U.S.C. 1221 (Individual
L0:Right of Action in Certain Reprisal Cases) applies for the purposes of an investigation
L0:conducted by the DoD Inspector General, decision by the head of an agency, or judicial
L0:or administrative proceeding to determine whether prohibited discrimination has
L0:occurred.

203.906 Remedies

Status: active

L0:203.906 Remedies.
L1:(1) Not later than 30 days after receiving a DoD Inspector General report in
L0:accordance with 203.905, the head of the agency must determine whether sufficient
L0:basis exists to conclude that the contractor has subjected the complainant to a reprisal
L0:as prohibited by 203.903 and must either issue an order denying relief or take one or
L0:more of the following actions:
L1:(i) Order the contractor to take affirmative action to abate the reprisal.
L1:(ii) Order the contractor to reinstate the person to the position that the person
L0:held before the reprisal, together with compensatory damages (including back pay),

L0:employment benefits, and other terms and conditions of employment that would apply
L0:to the person in that position if the reprisal had not been taken.

L1:(iii) Order the contractor to pay the complainant an amount equal to the
L0:aggregate amount of all costs and expenses (including attorneys' fees and expert
L0:witnesses' fees) that were reasonably incurred by the complainant for, or in connection
L0:with, bringing the complaint regarding the reprisal, as determined by the head of the
L0:agency.

L1:(2) If the head of the agency issues an order denying relief or has not issued an
L0:order within 210 days after the submission of the complaint or within 30 days after the
L0:expiration of an extension of time granted in accordance with 203.905(3)(ii), and no
L0:evidence exists that such delay is due to the bad faith of the complainant?

L1:(i) The complainant will be deemed to have exhausted all administrative
L0:remedies with respect to the complaint; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203

L1:(ii) The complainant may bring a de novo action at law or equity against the
L0:contractor to seek compensatory damages and other relief available under 10 U.S.C.
L0:4701 in the appropriate district court of the United States, which has jurisdiction over
L0:such an action without regard to the amount in controversy. Either party to the action
L0:may request a jury trial. An action under this authority may not be brought more than
L0:2 years after the date on which remedies are deemed to have been exhausted.

L1:(3) An Inspector General determination and an agency head order denying relief
L0:under paragraph (2) of this section is admissible in evidence in any de novo action at
L0:law or equity brought pursuant to 10 U.S.C. 4701(c).

L1:(4) Whenever a contractor fails to comply with an order issued by the head of the
L0:agency in accordance with 10 U.S.C. 4701, the head of the agency or designee must
L0:request the Department of Justice to file an action for enforcement of such order in the
L0:United States district court for a district in which the reprisal was found to have
L0:occurred. In any action brought under this paragraph, the court may grant appropriate
L0:relief, including injunctive relief, compensatory and exemplary damages, and
L0:reasonable attorney fees and costs. The person upon whose behalf an order was issued
L0:may also file such an action or join in an action filed by the head of the agency.

L1:(5) Any person adversely affected or aggrieved by an order issued by the head of the
L0:agency in accordance with 10 U.S.C. 4701 may obtain judicial review of the order's
L0:conformance with the law, and the implementing regulation, in the United States Court
L0:of Appeals for a circuit in which the reprisal is alleged in the order to have occurred. No
L0:petition seeking such review may be filed more than 60 days after issuance of the order
L0:by the head of the agency or designee. This review must conform to Chapter 7 of Title
L0:5, United States Code. Filing such an appeal does stay the enforcement of the order by
L0:the head of an agency, unless the court specifically enters a stay.

L1:(6) The rights and remedies provided for in this subpart may not be waived by any
L0:agreement, policy, form, or condition of employment.

203.909 Prohibition on providing funds to an entity that requires certain

Status: active

L0:203.909 Prohibition on providing funds to an entity that requires certain
L0:internal confidentiality agreements or statements.

203.909-3 Solicitation provision and contract clause

Status: active

L0:203.909-3 Solicitation provision and contract clause.
L0:Insert the provision at FAR 52.203-18, Prohibition on Contracting with Entities That
L0:Require Certain Internal Confidentiality Agreements or Statements?Representation,
L0:and the clause at FAR 52.203-19, Prohibition on Requiring Certain Internal
L0:Confidentiality Agreements or Statements, prescribed at FAR 3.909-3 to implement
L0:section 883 of the National Defense Authorization Act for Fiscal Year 2021.

203.970 Contract clause

Status: active

L0:203.970 Contract clause.
L0:Insert the clause at 252.203-7002, Requirement to Inform Employees of Whistleblower
L0:Rights, in all solicitations and contracts, including solicitations and contracts using FAR
L0:part 12 procedures for the acquisition of commercial products or commercial services.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203

203.1003 Requirements

Status: active

L0:203.1003 Requirements.
L1:(b) Notification of possible contractor violation. Upon notification of a possible
L0:contractor violation of the type described in FAR 3.1003(b), coordinate the matter with
L0:the following office:
L0:Department of Defense Office of Inspector General, Administrative Investigations
L0:Contractor Disclosure Program, 4800 Mark Center Drive, Suite 14L25, Arlington, VA
L0:22350-1500.
L0:Toll-Free Telephone: 866-429-8011. Website:
L0:<https://www.dodig.mil/Programs/Contractor-Disclosure-Program/>.
L1:(c) Fraud hotline poster. For contracts performed outside the United States, when
L0:security concerns can be appropriately demonstrated, the contracting officer may
L0:provide the contractor the option to publicize the program to contractor personnel in a
L0:manner other than public display of the poster required by 203.1004(b)(2)(ii), such as
L0:private employee written instructions and briefings.

203.1004 Contract clauses

Status: active

L0:203.1004 Contract clauses.

L1:(a) Insert the clause at 252.203-7003, Agency Office of the Inspector General, in
L0:solicitations and contracts that include the FAR clause 52.203-13, Contractor Code of
L0:Business Ethics and Conduct.

L3:(b)(2)(ii) Unless the contract is for the acquisition of a commercial product or
L0:commercial service, insert the clause at 252.203-7004, Display of Hotline Posters, in lieu
L0:of the clause at FAR 52.203-14, Display of Hotline Poster(s), in solicitations and
L0:contracts, if the contract value exceeds \$7.5 million. If the Department of Homeland
L0:Security (DHS) provides disaster relief funds for the contract, DHS will provide
L0:information on how to obtain and display the DHS fraud hotline poster (see FAR
L0:3.1003).

252.203-7000 Requirements Relating to Compensation of Former DoD

Status: active

L0:252.203-7000 Requirements Relating to Compensation of Former DoD
L0:Officials.

L0:As prescribed in 203.171-4(a), use the following clause:

L0:REQUIREMENTS RELATING TO COMPENSATION OF FORMER DOD OFFICIALS

L0:(SEP 2011)

L1:(a) Definition. Covered DoD official, as used in this clause, means an individual
L0:that?

L1:(1) Leaves or left DoD service on or after January 28, 2008; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203

L2:(2)(i) Participated personally and substantially in an acquisition as defined in 41
L0:U.S.C. 131 with a value in excess of \$10 million, and serves or served?

L1:(A) In an Executive Schedule position under subchapter II of chapter 53 of
L0:Title 5, United States Code;

L1:(B) In a position in the Senior Executive Service under subchapter VIII of
L0:chapter 53 of Title 5, United States Code; or

L1:(C) In a general or flag officer position compensated at a rate of pay for grade
L0:O-7 or above under section 201 of Title 37, United States Code; or

L1:(ii) Serves or served in DoD in one of the following positions: Program manager,
L0:deputy program manager, procuring contracting officer, administrative contracting
L0:officer, source selection authority, member of the source selection evaluation board, or
L0:chief of a financial or technical evaluation team for a contract in an amount in excess of
L0:\$10 million.

L1:(b) The Contractor shall not knowingly provide compensation to a covered DoD
L0:official within 2 years after the official leaves DoD service, without first determining
L0:that the official has sought and received, or has not received after 30 days of seeking, a

L0:written opinion from the appropriate DoD ethics counselor regarding the applicability of
L0:post-employment restrictions to the activities that the official is expected to undertake
L0:on behalf of the Contractor.
L1:(c) Failure by the Contractor to comply with paragraph (b) of this clause may subject
L0:the Contractor to rescission of this contract, suspension, or debarment in accordance
L0:with 41 U.S.C. 2105(c).
L0:(End of clause)

252.203-7001 Prohibition on Persons Convicted of Fraud or Other Defense-

Status: active

L0:252.203-7001 Prohibition on Persons Convicted of Fraud or Other Defense-
L0:Contract-Related Felonies.

L0:As prescribed in 203.570-3, use the following clause:

L0:PROHIBITION ON PERSONS CONVICTED OF FRAUD OR OTHER DEFENSE- L0:CONTRACT-RELATED FELONIES (JAN 2023)

L1:(a) Definitions. As used in this clause?

L1:(1) Arising out of a contract with the DoD means any act in connection with?

L1:(i) Attempting to obtain;

L1:(ii) Obtaining; or

L1:(iii) Performing a contract or first-tier subcontract of any agency,
L0:department, or component of the Department of Defense (DoD).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3

L0:Defense FAR Supplement (DFARS) Part 203

L1:(2) Conviction of fraud or any other felony means any conviction for fraud or a

L0:felony in violation of state or Federal criminal statutes, whether entered on a verdict or

L0:plea, including a plea of nolo contendere, for which sentence has been imposed.

L1:(3) Date of conviction means the date judgment was entered against the

L0:individual.

L1:(b) Any individual who is convicted after September 29, 1988, of fraud or any other

L0:felony arising out of a contract with the DoD is prohibited from serving?

L1:(1) In a management or supervisory capacity on this contract;

L1:(2) On the board of directors of the Contractor;

L1:(3) As a consultant, agent, or representative for the Contractor; or

L1:(4) In any other capacity with the authority to influence, advise, or control the
L0:decisions of the Contractor with regard to this contract.

L1:(c) Unless waived, the prohibition in paragraph (b) of this clause applies for not less
L0:than 5 years from the date of conviction.

L1:(d) 10 U.S.C. 4656 provides that the Contractor shall be subject to a criminal penalty
L0:of not more than \$500,000 if convicted of knowingly?

L1:(1) Employing a person under a prohibition specified in paragraph (b) of this
L0:clause; or

L1:(2) Allowing such a person to serve on the board of directors of the contractor or
L0:first-tier subcontractor.

L1:(e) In addition to the criminal penalties contained in 10 U.S.C. 4656, the
L0:Government may consider other available remedies, such as?
L1:(1) Suspension or debarment;
L1:(2) Cancellation of the contract at no cost to the Government; or
L1:(3) Termination of the contract for default.
L1:(f) The Contractor may submit written requests for waiver of the prohibition in
L0:paragraph (b) of this clause to the Contracting Officer. Requests shall clearly identify?
L1:(1) The person involved;
L1:(2) The nature of the conviction and resultant sentence or punishment imposed;
L1:(3) The reasons for the requested waiver; and
L1:(4) An explanation of why a waiver is in the interest of national security.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3
L0:Defense FAR Supplement (DFARS) Part 203
L1:(g) Subcontracts. The Contractor agrees to include the substance of this clause,
L0:appropriately modified to reflect the identity and relationship of the parties, in all first-
L0:tier subcontracts exceeding the simplified acquisition threshold in part 2 of the Federal
L0:Acquisition Regulation, except those for commercial products, commercial services, or
L0:commercial components.
L1:(h) Pursuant to 10 U.S.C. 4656(c), defense contractors and subcontractors may
L0:obtain information as to whether a particular person has been convicted of fraud or any
L0:other felony arising out of a contract with the DoD by contacting The Office of Justice
L0:Programs, The Denial of Federal Benefits Office, U.S. Department of Justice, telephone
L1:(301) 937-1542; www.ojp.usdoj.gov/BJA/grant/DPFC.html.
L0:(End of clause)

252.203-7002 Requirement to Inform Employees of Whistleblower Rights

Status: active

L0:252.203-7002 Requirement to Inform Employees of Whistleblower Rights.
L0:As prescribed in 203.970, use the following clause:
**L0:REQUIREMENT TO INFORM EMPLOYEES OF WHISTLEBLOWER RIGHTS (DEC
L0:2022)**
L1:(a) The Contractor shall inform its employees in writing, in the predominant native
L0:language of the workforce, of contractor employee whistleblower rights and protections
L0:under 10 U.S.C. 4701, as described in subpart 203.9 of the Defense Federal Acquisition
L0:Regulation Supplement.
L1:(b) The Contractor shall include the substance of this clause, including this
L0:paragraph (b), in all subcontracts.

252.203-7003 Agency Office of the Inspector General

Status: active

L0:252.203-7003 Agency Office of the Inspector General.

L0:As prescribed in 203.1004(a), use the following clause:

L0:(End of clause)

L0:AGENCY OFFICE OF THE INSPECTOR GENERAL (AUG 2019)

L0:The agency office of the Inspector General referenced in paragraphs (c) and (d) of

L0:FAR clause 52.203-13, Contractor Code of Business Ethics and Conduct, is the DoD

L0:Office of Inspector General at the following address:

L0:Department of Defense Office of Inspector General, Administrative Investigations,

L0:Contractor Disclosure Program, 4800 Mark Center Drive, Suite 14L25, Alexandria, VA

L0:22350-1500.

L0:Toll Free Telephone: 866-429-8011. Website:

L0:<https://www.dodig.mil/Programs/Contractor-Disclosure-Program/>.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 3

L0:Defense FAR Supplement (DFARS) Part 203

252.203-7004 Display of Hotline Posters

Status: active

L0:252.203-7004 Display of Hotline Posters.

L0:As prescribed in 203.1004(b)(2)(ii), use the following clause:

L0:DISPLAY OF HOTLINE POSTERS (JAN 2023)

L1:(a) Definition. As used in this clause?

L0:United States means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Display of hotline poster(s). (1)(i) The Contractor shall display prominently the

L0:DoD fraud, waste, and abuse hotline poster prepared by the DoD Office of the Inspector

L0:General, in effect at time of contract award, in common work areas within business

L0:segments performing work under Department of Defense (DoD) contracts.

L1:(ii) For contracts performed outside the United States, when security

L0:concerns can be appropriately demonstrated, the contracting officer may provide the

L0:contractor the option to publicize the program to contractor personnel in a manner other

L0:than public display of the poster, such as private employee written instructions and

L0:briefings.

L1:(2) If the contract is funded, in whole or in part, by Department of Homeland

L0:Security (DHS) disaster relief funds and the work is to be performed in the United

L0:States, the DHS fraud hotline poster shall be displayed in addition to the DoD hotline

L0:poster. If a display of a DHS fraud hotline poster is required, the Contractor may obtain

L0:such poster from?

L1:(i) DHS Office of Inspector General/MAIL STOP 0305, Attn: Office of

L0:Investigations?Hotline, 245 Murray Lane SW., Washington, DC 20528-0305; or

L1:(ii) Via the Internet at

L0:https://www.oig.dhs.gov/assets/Hotline/DHS_OIG_Hotline-optimized.jpg.

L2:(c)(1) These DoD hotline poster may be obtained from: Defense Hotline, The

L0:Pentagon, Washington, DC 20301-1900, or is also available via the internet at

L0:<https://www.dodig.mil/Resources/Posters-and-Brochures/>.

L1:(2) If a significant portion of the employee workforce does not speak English,
L0:then the poster is to be displayed in the foreign languages that a significant portion of
L0:the employees speak.
L1:(3) Additionally, if the Contractor maintains a company Web site as a method of
L0:providing information to employees, the Contractor shall display an electronic version of
L0:the required poster at the Web site.
L1:(d) Subcontracts. The Contractor shall include the substance of this clause, including
L0:this paragraph (d), in all subcontracts that exceed the threshold specified in Defense
L0:Federal Acquisition Regulation Supplement 203.1004(b)(2)(ii) on the date of subcontract
L0:award, except when the subcontract is for the acquisition of a commercial product or
L0:commercial service.

252.203-7005 Representation Relating to Compensation of Former DoD

Status: active

L0:252.203-7005 Representation Relating to Compensation of Former DoD
L0:Officials.
L0:As prescribed in 203.171-4(b), insert the following provision:
L0:REPRESENTATION RELATING TO COMPENSATION OF FORMER DOD
L0:OFFICIALS (SEP 2022)
L1:(a) Definition. Covered DoD official is defined in the clause at 252.203-7000,
L0:Requirements Relating to Compensation of Former DoD Officials.
L1:(b) By submission of this offer, the Offeror represents, to the best of its knowledge
L0:and belief, that all covered DoD officials employed by or otherwise receiving
L0:compensation from the Offeror, and who are expected to undertake activities on behalf
L0:of the Offeror for any resulting contract, are presently in compliance with all applicable
L0:post-employment restrictions, including those contained in 18 U.S.C. 207, 41 U.S.C.
L0:2101-2107, 5 CFR part 2641, section 1045 of the National Defense Authorization Act for
L0:Fiscal Year 2018 (Pub. L. 115-91), and Federal Acquisition Regulation 3.104-2.

PART 4

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

204.201 Unique procurement instrument identifiers

Status: active

L0:204.201 Unique procurement instrument identifiers.

L1:(b) See PGI 204.201 for use of unique procurement instrument identifiers.

L1:(c) In addition to the supplementary PIID numbering procedures in FAR

L0:4.201(c), follow the procedures at PGI 204.201(c).

204.201-70 Policy

Status: active

L0:204.201-70 Policy

L0:See PGI 204.201-70 for Procurement Instrument Identifier (PIID) policy.

204.201-71 Cross reference to Federal Procurement Data System

Status: active

L0:204.201-71 Cross reference to Federal Procurement Data System.

L0:See PGI 204.201-71 for detailed guidance on mapping PIID and supplementary

L0:PIID numbers stored in the Electronic Data Access system to data elements

L0:reported in the Federal Procurement Data System

204.201-72 Order of application for modifications

Status: active

L0:204.201-72 Order of application for modifications.

L0:See PGI 204.201-72 to determine numeric sequence of contract and order

L0:modifications.

204.202-70 Uniform use of line items

Status: active

L0:204.202-70 Uniform use of line items.

L1:(a) Definitions. As used in this section?

L0: Accounting classification reference number (ACRN)? means any combination of L0: a two position alpha/numeric code used as a method of relating the accounting L0: classification citation to detailed line item information contained in the schedule.

L0: Accounting Classification? means the minimum financial data elements that L0: must be exchanged to identify the obligations that have an accounting impact for L0: final posting in the appropriate general ledger. This must not include the purchase L0: request number or commitment identification number.

L0: Attachment? means any documentation, appended to a contract or incorporated L0: by reference, which does not establish a requirement for deliverables.

L0: Commitment Identification Number? means a data element used to trace a L0: committed amount to the resulting obligation.

L0: Definitized item? means an item for which a firm price has been established in L0: the basic contract or by modification.

L0: Exhibit? means a document, referred to in a contract, which is attached and L0: establishes requirements for deliverables. The term must not be used to refer to L0: any other kind of attachment to a contract. The DD Form 1423, Contract Data L0: Requirements List, is always an exhibit, rather than an attachment.

L0: Nonseverable deliverable? means a deliverable item that is a single end product L0: or undertaking, entire in nature, that cannot be feasibly subdivided into discrete L0: elements or phases without losing its identity.

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0: Defense FAR Supplement (DFARS) Part 204

L1: (b) Policy.

L1: (1) Deliverables must trace back to a separately identifiable line item,
L0: deliverable subline item, or exhibit line item.

L1: (2) If a line item or subline item has subordinate exhibit line items, the line
L0: item or subline item must be informational.

L1: (3) Do not use informational line items or informational subline items to
L0: separately identify deliverables.

L1: (4) Use exhibits to separately identify data deliverables using a DD Form
L0: 1423 or its electronic equivalent.

L1: (5) Contracting officers may use exhibits to group and separately identify
L0: deliverables (e.g. initial spare parts for major weapon systems).

L1: (6) Do not use attachments to identify a deliverable requirement, including
L0: data deliverables, or otherwise provide information required to be captured as
L0: discrete data elements.

L1: (c) Applicability. Use the numbering procedures in this section when separate
L0: item numbers are assigned, unless?

L1: (1) The contract is an indefinite-delivery type for petroleum products against
L0: which military installations issue delivery orders for products to be consumed by
L0: them; or

L1: (2) The contract is a communications service authorization issued by the
L0: Defense Information Systems Agency's Defense Information Technology
L0: Contracting Organization.

L1: (d) Use of exhibits and attachments. See PGI 204.202.70(e) for guidance on the

L0:use of exhibits and attachments.

204.202-71 Establishing line items, subline, and exhibit line items

Status: active

L0:204.202-71 Establishing line items, subline, and exhibit line items.

L1:(a) Line items. When establishing line items, follow the procedures at PGI

L0:204.202-71(a).

L1:(b) Subline items. When establishing subline items, follow the procedures at

L0:PGI 204.202-71(b).

L1:(c) Exhibit line items. When establishing exhibit line items, follow the

L0:procedures at PGI 204.202-71(c).

204.202-72 Required data elements

Status: active

L0:204.202-72 Required data elements.

L1:(a) See PGI 204.202-72 for guidance on data elements required when

L0:numbering line items, exhibits, attachments, and other data requirements.

L1:(b) See PGI 204.202-72(f) for exceptions to data element requirements.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

204.202-73 Modification requirements

Status: active

L0:204.202-73 Modification requirements.

L0:See PGI 202.202-73 for new line item requirements during modifications.

204.202-74 Traceability of Appropriations

Status: active

L0:204.202-74 Traceability of Appropriations.

L0:Accounting classification reference numbers (ACRNs) ensure traceability of funds

L0:from accounting systems to contract actions. Follow the procedures at PGI 204.202-

L0:74 for use of ACRNs.

204.202-75 Numbering format for line items, subline items, and exhibit line

Status: active

L0:204.202-75 Numbering format for line items, subline items, and exhibit line

L0:items.

L0:See PGI 204.202.75 for formatting guidance on line items, subline items, and
L0:exhibit line items.

204.202-76 Payment allocation instructions

Status: active

L0:204.202-76 Payment allocation instructions.

L1:(a) Contracting officers must not require contractors to invoice for expenses at
L0:any level of detail other than by the deliverable line item, or at contract level in the
L0:case of progress payments based on costs applicable across multiple line items.
L1:(b) Follow the procedures at PGI 204.202-76 to establish the allocation of
L0:payments in contracts.

204.202-77 Payment instructions

Status: active

L0:204.202-77 Payment instructions.

L0:Follow the procedures at PGI 204.202-77 for inclusion of payment instructions in
L0:contracts.

204.202-78 Contract clauses

Status: active

L0:204.202-78 Contract clauses.

L1:(a) Insert the clause at 252.204-7002, Payment for Line or Subline Items Not
L0:Separately Priced, in solicitations and contracts when the price for items not
L0:separately priced is included in the price of another line or subline item.
L1:(b) Insert the clause at 252.204-7006, Billing Instructions?Cost Vouchers, in
L0:solicitations and contracts when a cost-reimbursement contract, a time-and-
L0:materials contract, or a labor-hour contract is contemplated.

204.203 System for Award Management

Status: active

L0:204.203 System for Award Management.

204.203-270 Procedures

Status: active

L0:204.203-270 Procedures.

L0:Follow the procedures and guidance at PGI 204.203-270 concerning Commercial
L0:and Government Entity (CAGE) codes.

204.203-271 Maintenance of the CAGE file

Status: active

L0:204.203-271 Maintenance of the CAGE file.

L0:See PGI 204.203-271 for guidance on CAGE file maintenance.

204.204 Taxpayer Identification Number Information

Status: active

L0:204.204 Taxpayer Identification Number Information.

L2:(a)(2) DoD uses the Federal Procurement Data System (FPDS) to meet these

L0:reporting requirements.

204.204-70 Taxpayer identification information collection

Status: active

L0:204.204-70 Taxpayer identification information collection.

L0:The payment office obtains the taxpayer identification number and type of

L0:organization from the System for Award Management database. This applies to

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:contracts that include the provisions at FAR 52.204-7, System for Award

L0:Management and FAR 52.204-90 Offeror Identification.

204.206 Contracting officer's signature

Status: active

L0:204.206 Contracting officer's signature.

L1:(a) Include the contracting officer's telephone number and, when available, e-

L0:mail/Internet address on contracts and modifications.

L1:(b) The contracting officer may sign bilateral modifications of a letter contract before

L0:signature by the contractor.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:PGI 204.270 Electronic Data Access.

L0:PGI 204.270-1 Policy.

L1:(a) The Electronic Data Access (EDA) system, an online repository for contractual

L0:instruments and supporting documents, is DoD's primary tool for electronic distribution

L0:of contract documents and contract data. Contract attachments must be uploaded to

L0:EDA, except for contract attachments that are classified, are too sensitive for

L0:widespread distribution (e.g., personally identifiable information and Privacy Act and

L0:Health Insurance Portability and Accountability Act or cannot be practicably converted to

L0:electronic format (e.g., samples, drawings, and models). Section J (or similar location

L0:when the Uniform Contract Format is not used) must include the annotation ?provided

L0:under separate cover? for any attachment not uploaded to EDA.

L1:(b) Agencies are responsible for ensuring the following when posting documents,

L0:including contractual instruments, to EDA?

L1:(1) The timely distribution of documents; and

L1:(2) That internal controls are in place to ensure that?

L1:(i) The electronic version of a contract document in EDA is an accurate

L0:representation of the contract; and

L1:(ii) The contract data in EDA is an accurate representation of the underlying

L0:contract.

L0:PGI 204.270-2 Procedures.

L1:(a) Maintain an account in Wide Area WorkFlow (WAWF), which provides access to

L0:Electronic Data Access (EDA) to ensure their ability to validate and verify data and

L0:documents distributed to EDA, as necessary.

L1:(b) Agencies must perform, upon deployment of any contract writing system or other

L0:source of contractual documents to be posted to EDA, an analysis to verify adequate

L0:controls are in place to ensure that contract documents including attachments, and

L0:contract data posted to EDA are accurate representations of the contract. When the

L0:procedures in this section are followed, contract documents and data in EDA are an

L0:accurate representation of the contract and therefore may be used for audit purposes.

L0:Analyses performed must include the following?

L1:(1) For documents posted in document formats (e.g., Portable Document

L0:Format (PDF)), verification that the electronic versions of contract documents posted to

L0:EDA are accurate representations of the contract; however, the electronic version is not

L0:required to display visual signatures; and

L1:(2) For data sent to EDA in the data standards at PGI 204.271 review of the

L0:data posted to EDA against the contract documents verified under PGI 204.270(b)(1) to

L0:ensure the contract data rendered in EDA is an accurate representation of the

L0:underlying contract. To facilitate this review process, all feeds of data to EDA in the

L0:Procurement Data Standard are initially placed in a view only evaluation mode, where

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:the data is not available to other systems or outside users pending verification. Upon

L0:completion of the review of data, contracting organizations must notify the EDA program

L0:office of the results of the review, with a list of the issuing offices of the contractual

L0:actions, the identifier of the system sending the actions, the version or versions of the

L0:data standards to which the review applies, and the locations of the systems sending

L0:the actions, directing one of the following decisions?

L1:(i) Delete all data sent to date (in this case the system remains in evaluation

L0:status pending further review);

L1:(ii) Delete all data sent to date, and change all subsequent data from

L0:'evaluation' to 'compliant' status; or

L1:(iii) Retain all data sent to date, and change all subsequent data from

L0:'evaluation' to 'compliant' status.

L1:(c) Contract deficiency reports. The following procedures provide details on the

L0:creation and processing of contract deficiency reports, which are used to correct

L0:problems with contracts distributed in EDA.

L1:(1) Contracting officers and all individuals tasked with creating, managing, or

L0:viewing contract deficiency reports (CDRs) must establish and maintain an account in

L0:WAWF.

L1:(2) Agencies that award or administer contracts, or perform pay office functions,

L0:should assign individuals within their organization to create, manage, and view CDRs

L0:within WAWF based on the following CDR user roles: initiator, reviewer, assignee, and

L0:view only.

L1:(3) The contracting officer must correct contract deficiencies identified in a CDR

L0:and document the steps taken to resolve the deficiency in the CDR.

L1:(4) The CDR process.

L1:(i) Creation. A CDR is created when a deficiency is identified in the

L0:procurement instrument. A list of types of CDR deficiencies is available at

L0:<https://www.acq.osd.mil/asda/dpc/ce/ds/procurement-data-standard.html>. The specifics

L0:of the deficiency must be documented in the description in enough detail to provide the

L0:assignee an understanding of the problem.

L1:(ii) Approval. Once a CDR is created, the initiator must route the CDR to

L0:their local approval official for review.

L1:(iii) Assignment. Once a CDR is approved, it is routed to the appropriate

L0:contracting activity for action.

L1:(iv) Acceptance. A CDR must be accepted or returned by the contracting

L0:activity. If a CDR is determined to have been incorrectly assigned, the contracting

L0:activity can reassign the CDR to the proper organization (if known) or reject the CDR.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(v) Resolution. The assignee must document the actions taken to resolve a

L0:CDR. If a modification has been issued to resolve the deficiency, it must be identified in

L0:the CDR. Once all deficiencies identified on a CDR have been resolved, mark the CDR

L0:as resolved. All CDRs should be resolved within 30 days of approval.

L1:(vi) Close. After resolution of a CDR, the initiator of the CDR can accept the

L0:resolution and manually close the CDR or return it to the assignee for further action.

L0:CDRs not manually closed or returned by the initiator to the assignee within 60 days

L0:after resolution will automatically be closed. Once the CDR is closed, a notification is

L0:generated advising that the CDR is closed.

L1:(5) Additional information on the CDR module of WAWF is available in PIEE at

L0:<https://piee.eb.mil/>.

L0:PGI 204.271 Contract distribution.

L1:(a) The procuring contracting officer (PCO) retains the hand signed original or

L0:digitally signed contract for the contract file. Administrative contracting officers and

L0:termination contracting officers provide electronic or the hand signed original of each

L0:modification to the PCO for retention in the contract file. Unless otherwise directed by

L0:department/agency procedures, the office issuing the orders maintains the original of

L0:orders under basic ordering agreements and the original of provisioning orders; and

L1:(b) Ensure that distribution of contracts and modifications is consistent with security

L0:directives.

L1:(c) Use the following distribution procedures?

L1:(1) Contracts and modifications must be distributed electronically (except as

L0:provided at PGI 204.270-1(a)) using the following methods:

L1:(i) Indexed Portable Document Format files must be sent via the Global

L0:Exchange system (GEX) to the Electronic Data Access (EDA) (<https://piee.eb.mil/>)

L0:system to provide a human-readable copy of contract documents.

L1:(ii) Electronic data files depicting the contract must be sent in at least one of

L0:the following formats via the GEX to EDA and to systems supporting specific offices as

L0:set forth in paragraph (B) of this section below. (Note that the GEX can be used to

L0:translate from the formats below to other formats. Organizations should send both

L0:formats in parallel unless validation failures have been eliminated.)

L0:Interchange standard transaction sets 850 and 860.

L1:(A) American National Standards Institute X.12 Electronic Data

L1:(B) Department of Defense Procurement Data Standard (PDS)

L0:Extensible Markup Language (XML) format:

L0:<https://www.acq.osd.mil/asda/dpc/ce/ds/procurement-data-standard.html>.

L1:(ii) After contract execution, provide an electronic data file copy of the

L0:contract and modifications in either X.12 or PDS XML to the following:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(A) The contract administration office, if the contracting officer

L0:delegates contract administration to another office (see FAR Subpart 42.2). The

L0:contracting officer also should provide the contract administration office with a copy of

L0:the contract distribution list, indicating those offices that should receive copies of

L0:modifications, and any changes to the list as they occur.

L0:payment office to both the new and the old payment offices.

L1:(B) The payment office. Provide any modification that changes the

L1:(C) Each accounting office whose funds are cited in the contract.

L1:(D) Each consignee specified in the contract. A transshipping terminal

L0:is not a consignee. The Defense Logistics Agency (DLA) is authorized to prescribe

L0:alternate procedures for distribution of contract documents in DLA Europe and Africa.

L0:the case of coordinated acquisition.

L1:(E) The military interdepartmental purchase request requiring activity in

L0:or amended shipping instructions under PGI 204.201(c)(1)(B) and (C).

L1:(F) The receiving activity, if the contract or modification provides initial

L1:(iii) Provide electronic notice of award via EDA to the following:

L2:(A)(1) The appropriate Defense Contract Audit Agency (DCAA) office,

L0:as listed in DCAAP 5100.1, Directory of DCAA Offices, or as obtained through the

L0:DCAA cognizant field audit office locator, both available via the Internet at

L0:<http://www.dcaa.mil>, if the contract or modification is one of the following types:

L1:(i) Cost-reimbursement.

L1:(ii) Time-and-materials.

L1:(iii) Labor-hour.

L0:incentives, economic price adjustment based on cost, or cost allowability.

L1:(iv) Fixed-price with provisions for redetermination, cost

L1:(v) Any other contract that requires audit service.

L1:(2) If there is a question as to the appropriate DCAA field audit office, request

L0:the assistance of the DCAA financial liaison advisor or the nearest DCAA field audit

L0:office.

L1:(B) Those organizations required to perform contract administration

L0:support functions (e.g., when manufacturing is performed at multiple sites, provide a

L0:copy to the contract administration office cognizant of each location).

L1:(C) The cognizant administrative contracting officer when the contract is

L0:not assigned for administration but contains a Cost Accounting Standards clause.

L0:Indicate that the copy is provided ?For Cost Accounting Standards Administration Only?

L0:(see FAR 30.601(b)); and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(D) The cognizant Defense Security Service office listed in DoD

L0:5100.76-M, Physical Security of Sensitive Conventional Arms, Ammunition, and

L0:Explosives, when the clause at DFARS 252.223-7007, Safeguarding Sensitive

L0:Conventional Arms, Ammunition, and Explosives, is included in the contract. An extract

L0:of the pertinent information can be provided instead of the contract.

L1:(3) If electronic distribution is not available, provide one paper copy to each

L0:location identified in paragraphs (c)(1) and (2) of this section.

L0:PGI 204.3?POST-AWARD

L0:PGI 204.301 Contract reporting.

L1:(a) The OSD Procurement Data Improvement Plan, posted at

L0:<https://www.acq.osd.mil/asda/dpc/ce/cap/data-improvement.html>, applies to each of the

L0:military services and agencies with procurement authority, and identifies the data

L0:validation requirements and responsibilities that support the annual Department of

L0:Defense certification identified at FAR 4.301(f)(3). These review requirements

L0:encompass contract action reports submitted to FPDS, terminations for default and

L0:other documents submitted to the Federal Awardee Performance and Integrity

L0:Information System (FAPIS) module at <https://sam.gov/fapis>, and other reporting and

L0:posting requirements.

L1:(b) Contract action reports (CARs) must be completed in compliance with the

L0:timelines established in FAR 4.301(f). CARs or their data are not available for public

L0:view or for non-DoD use until 90 days after the ?Date Signed? data element in order to

L0:minimize risk to military operations.

L0:PGI 204.301-70 General.

L2:(a)(1) Helpful documents. The Federal Procurement Data System (FPDS)

L0:website at <https://www.fpds.gov> provides useful documentation assist with FPDS data

L0:entry. The Data Dictionary and FPDS User?s Manual are provided to guide users on

L0:data requirements and to facilitate the accurate entry of data into the FPDS. These

L0:documents can be found at the top of the website homepage under the ?Training? and

L0: ?Worksite? tabs to include:

L1:(i) FPDS Data Element Dictionary. There is a Data Dictionary specific to

L0:contracts and Other Transactions. The Data Dictionary data dictionary outlines relevant

L0:information for each data field. The Data Dictionary identifies whether a data field is L0:Required, L0:Optional, L0:Propagates from the base action, L0:Not Applicable, or L0:System Generated, for each type of data entry screen (Awards, Indefinite-Delivery Vehicles, L0:Other Transactions, and Transactions/Modifications). It also identifies the source of L0:data entry (e.g., Contracting Officer, (SAM), FPDS); the format of the field; and whether L0:the field input is derived from entries in other fields. At the back of the Data Dictionary L0:is a useful summary.

L1:(ii) FPDS Data Validations. This document identifies all the validation rules L0:that are applied to data entry. Most of the rules apply Governmentwide. DoD specific L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4 L0:Defense FAR Supplement (DFARS) Part 204 L0:validation rules are clearly identified with the prefix L0:DoD throughout the document and L0:in section L0:1.5.1 DoD Specific Validations.

L1:(iii) FPDS Users Manual. This manual provides general guidance on how to L0:navigate FPDS, familiarize users with FPDS data requirements and assist them with L0:FPDS data entry. The nature of the fields in this document were determined based on L0:Governmentwide requirements. To determine DoD-specific requirements, refer to the L0:Instructions that mention L0:DoD in the FPDS Data Element Dictionary. The FPDS User L0:Manual is not a policy document; it is intended only for general guidance. Refer to PGI L0:for specific FPDS reporting requirements.

L1:(2) Reporting technical or policy issues.

L1:(i) Technical issues. To report an FPDS technical issue? L0:contract writing system administrator to determine the appropriate procedures; and L2:(A)(1) Users of contract writing systems should contact the local L0:will then contact the FPDS Help Desk if further support is required; or L1:(2) Web users should contact their local system administrator, who L1:(B) If the issue is an obvious FPDS technical issue that needs to be L0:documented and corrected by the system, the user should create and submit a trouble L0:ticket with the Federal Service Desk (<https://www.fsd.gov/>), or submit a comment or L0:request via the Live Chat at www.fsd.gov. When submitting a ticket to When e-mailing L0:FSD, also send a copy to the applicable agency representative identified in paragraph L2:(2)(iii) of this section.

L1:(ii) Policy issues. Report policy issues and submit or questions to the L0:applicable agency representative identified in paragraph (2)(iii) of this section.

L1:(iii) Agency representatives. Department and component FPDS L0:representatives and their contact information can be found at L0:<https://dodprocurementtoolbox.com/site-pages/ebusiness-fpds-ng>.

L0:PGI 204.301-72 Reporting data.

L0:The use of generic UEIs is limited to those rare circumstances outlined at FAR 4.301(e). L0:Use generic UEIs only for the purposes of reporting contract award data to the FPDS. L0:In cases where generic codes are required for reporting, use both the generic UEI and L0:its associated CAGE code. Do not enter a generic UEI, used for reporting to FPDS, nor L0:a generic CAGE code that corresponds to a generic UEI, on any contractual document. L0:Using the generic codes on actual contract actions masks the true identity of the vendor L0:and makes any accurate electronic processing of invoices, receiving reports, and

L0:payments impossible; and it can, in fact, result in misdirected payments. As a reminder
L0:FAR 4.203-1 requires each contractor be identified by its actual CAGE code on contract
L0:actions; there is no exemption to the requirement for an actual CAGE code.

L1:(a) Methods of reporting to FPDS.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(1) Individual contract action report (CAR) (one CAR per contract action). The

L0:normal method of reporting to FPDS is through the use of individual CARs.

L1:(i) An individual CAR is required to be reported for each of the following

L0:types of awards regardless of the estimated value of the award:

L1:(A) Indefinite-delivery contract.

L1:(B) Blanket purchase agreement (prescribed by FAR parts 8, 12, or 13).

L1:(C) Basic ordering agreement.

L0:obligations greater than \$0).

L1:(D) Basic agreement (only if the agreement has a value and potential

L1:(E) Task and delivery orders and calls issued under any agreement or

L0:indefinite-delivery contract (including Federal Supply Schedules, Governmentwide

L0:acquisition contracts, or multi-agency contracts).

L1:(F) Modification to any contract, agreement, order, or call where a CAR

L0:is required for the base award regardless of the amount being obligated or deobligated

L0:on the modification.

L2:(ii)(A) An individual CAR is required to be reported for each of the following

L0:types of awards when the award process was conducted using other than micro-

L0:purchase procedures and the value is greater than the micro-purchase threshold (MPT):

L1:(1) Purchase order.

L1:(2) Definitive contract.

L1:(B) Although a contract action report is not required for these awards

L0:when micro-purchase procedures were followed and the value is less than the MPT, it is

L0:encouraged as a best practice if the award was not accomplished using the

L0:Governmentwide commercial purchase card (GPC) or a Standard Form 44.

L0:Additionally, when the purchase order or definitive contract being awarded is in

L0:response to a contingency, an individual report is required when the value of the award

L0:is greater than \$25,000, not the MPT of \$40,000 referenced in FAR part 2.

L0:individual reporting.

L1:(C) See paragraphs (a)(1) and (iii) of this section for exceptions to

L1:(2) Multiple CARs (more than one CAR per contract action).

L1:(i) Prepare multiple CARs if the contract or order award is anticipated to

L0:include both foreign funding and U.S. funding.

L1:(ii) The determination of whether multiple CARs are needed for the

L0:situations described in paragraph (a)(2)(i) of this section is made when the contract or

L0:order is awarded. Contracting officers are not required to delete and re-enter CARs in

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:FPDS as multiple CARs if, during the life of the contract or order, subsequent

L0:unanticipated modifications make the award eligible for multiple CARs.

L1:(iii) The following multiple CAR transaction identification numbers have been established for reporting multiple CARs and must be used by all DoD contracting offices. Do not use transaction numbers other than ?0? if the requirements for multiple CARs in paragraphs (a)(2)(i) and (ii) of this section do not apply at the time of contract or order award. When reporting modifications, include the transaction number that was reported on the initial base award in order to properly identify the referenced contract action report. If the situation described in paragraph (a)(2)(i) of this section exists, transaction numbers should be assigned based on foreign military sales (FMS) and non-FMS rather than by type of contract pricing arrangement. Do not use multiple CARs with transaction numbers other than ?0? if the entire award is expected to be funded by foreign funding.

L0:Transaction Type

L0:No multiple CARs

L0:FMS

L0:Non-FMS

L0:Transaction Number

L0:0

L0:14

L0:16

L1:(3) Express reporting (consolidated reporting of multiple contract actions, to be submitted at least monthly).

L1:(i) Express reporting may be used for?

L1:(A) Multiple contract actions against a single contract or agreement, when monthly volume of actions is such that individual contract action reporting is overly burdensome (e.g., orders placed by the Defense Commissary Agency; installation housing maintenance; and recurring blanket purchase agreement actions);

L1:(B) Multiple contract actions accomplished away from the contracting office, such as ships away from home port; contingency, humanitarian, or peacekeeping operations; or other remote deployments;

L1:(C) Multiple delivery orders that use the GPC as both the method of purchase and payment under Federal Supply Schedules, Governmentwide acquisition contracts (GWACs), blanket purchase agreements (BPAs), basic ordering agreements (BOAs), and other indefinite-delivery type contracts;

L0:services accomplished by Defense Logistics Agency (DLA) Energy; and

L1:(D) Multiple contract actions for energy-related supplies and associated tone services, in accordance with agency procedures.

L1:(E) Orders under communications service agreements for local dial

L1:(ii) When express reports reflect more than one contractor for overseas actions or consolidated delivery orders made using the GPC where identification of the contract or agreement is not possible, use the appropriate generic UEI.

L1:(iii) When express reports are used, sum all of the actions and enter in the ?Number of Actions? data field. Also sum all of the obligations and enter in the ?Action Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4 Defense FAR Supplement (DFARS) Part 204

L0:Obligation, ? Base and Exercised Options Value, ? and ? Base and All Options Value?

L0:data fields. Express reports must be submitted no less frequently than monthly.

L1:(iv) When express reports are used, the contracting officer must maintain a

L0:log of individual actions being summarized on the express reports and ensure it is

L0:available for audit purposes. Logs must include the following, at a minimum, for each

L0:action: procurement instrument identifier (PIID) used for the express report under which

L0:action is summarized, referenced indefinite-delivery vehicles (IDV) PIID (if the express

L0:report is summarizing task/delivery/call orders), date of award, obligation amount,

L0:vendor name, and UEI (if known).

L1:(b) Actions not reported. In addition, to the types of actions listed in FAR

L0:4.301(a)(3), do not report the following types of actions to FPDS:

L1:(1) Orders placed by ordering officers against IDVs awarded by?

L1:(i) The United States Transportation Command (USTRANSCOM) or its

L0:components for decentralized transportation-related services. USTRANSCOM will

L0:report these orders. Contracting officers must submit consolidated reports of orders

L0:(bookings/bills of lading) at least annually to USTRANSCOM; or

L1:(ii) DLA Energy for energy-related supplies and associated services using

L0:defensewide working capital funds. DLA Energy will report these orders. It is the

L0:responsibility of the contracting office to ensure that orders placed against these

L0:vehicles using other than defensewide working capital funds are reported to FPDS.

L1:(2) Contracts, agreements, or orders that are themselves classified.

L1:(c) Specific instructions for entering data in FPDS.

L1:(1) Contracting officers must choose the correct FPDS format (e.g., purchase

L0:order, basic ordering agreement (BOA), blanket purchase agreement (BPA)) to report

L0:the award of a new contract, agreement, or order. Note that prior to fiscal year (FY)10,

L0:DoD offices reported BOAs and BPAs as IDCs in FPDS; BPA calls issued under those

L0:pre-FY10 reported BPAs are reported using the task/delivery order format in FPDS.

L0:BPA calls issued under DoD issued BPAs reported FY10 or later or any civilian agency

L0:issued BPA should be reported using the BPA call format.

L1:(2) The remaining instructions in this section cover the different sections of an

L0:FPDS contract action report, as presented to the user in the system. Not every data

L0:element is addressed here, as many are self-explanatory. Users should also consult

L0:the FPDS User Manual referenced in PGI 204.301-70(a)(1)(iii) for more complete

L0:descriptions and examples. Also, the instructions in this section use data field names

L0:based on what is shown to the user while entering data in FPDS; for more specific

L0:information, review the FPDS Data Element Dictionary referenced in PGI 204.301-

L0:70(a)(1)(i).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(3) FPDS Entry - Document Information Section.

L1:(i) Enter the new contract, agreement, or order number in the ?Procurement

L0:Instrument Identifier? data field. Note that new awards will be reflected as Modification 0

L0:in FPDS.

L1:(ii) If the action is a BPA awarded against a Federal Supply Schedule, enter

L0:the Federal Supply Schedule contract number in the ?Referenced IDV ID? data field.

L1:(iii) If the action is a delivery order awarded against a Federal Supply
L0:Schedule, Governmentwide acquisition contract (GWAC), BOA, or other IDC; enter that
L0:contract or BOA number in the ?Referenced IDV ID? data field.

L1:(iv) If the action is a BPA call awarded against a BPA, enter the BPA
L0:number in the ?Referenced IDV ID? data field.

L1:(v) If the action is a modification, enter the contract, agreement, or order
L0:number in the ?Procurement Instrument Identifier? data field and the modification
L0:number in the ?Modification Number? data field.

L1:(vi) If multiple reports are required by paragraph (a)(2) of this section, then
L0:enter the appropriate transaction number in the ?Transaction Number? data field.

L1:(vii) If the award is associated with a solicitation, enter the solicitation
L0:number in the ?Solicitation ID? data field.

L1:(viii) If the award is associated with an initiative identified in FPDS (e.g.,
L0:American Recovery and Reinvestment Act), choose the appropriate value in the
L0: ?Treasury Account Symbol Initiative? data field.

L1:(4) FPDS Entry -Treasury Account Symbol (TAS) data fields.

L1:(i) TAS data fields are no longer required to be entered in FPDS (as of July
L0:2016) and should be left blank; however, if correcting TAS data fields on a previously
L0:reported contract action report follow the instructions in this section.

L1:(ii) The TAS should be provided by the requiring organization with the
L0:purchase request and is often part of the line of accounting. The list of valid TAS is
L0:maintained by the Department of Treasury in the FASTBook; an on-line version of the
L0:FASTBook is available at [https://www.fiscal.treasury.gov/reference-guidance/fast-](https://www.fiscal.treasury.gov/reference-guidance/fast-book/index.html)
L0:book/index.html. Each TAS reported to FPDS includes a character agency identifier
L0:and a four-character main account code (example: 97 0100). Some TAS also require a
L0:three-character subaccount code. Note that the Department of Treasury FASTBook
L0:indicates a transition from a two-character agency identifier to a three-character agency
L0:identifier. However, at this time, DoD contracting officers are advised to drop the
L0:leading zero (0) from a three-character agency identifier and enter the next two
L0:characters in FPDS (e.g., 097 becomes 97).

L1:(iii) Report the TAS on CARs for each contract action with an obligation
L0:amount other than \$0. The TAS that is reported on a CAR should represent the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204
L0:predominant type of funding in terms of absolute dollars obligated and deobligated on
L0:the specific contract action being reported.

L1:(iv) For contract actions awarded by working capital funds offices, and the
L0:original type of funds received from the customer are not tied to specific procurements
L0:or otherwise identifiable, use the TAS that represents the working capital funds
L0:provided.

L1:(v) For contract actions funded by foreign governments, and those funds
L0:are not considered under the Foreign Military Financing Program identified by the
L0:Department of Treasury in its FASTBook, in order to report the action to FPDS using the
L0:code that most closely approximates the use of the funds, then enter?
L1:(A) 97 0100 (Operation and Maintenance, Defense-Wide, Defense) as

L0:the TAS for requirements that can be categorized as operations and maintenance in nature;

L0:that can be categorized as procurement in nature; or

L1:(B) 97 0300 (Procurement, Defense-Wide) as the TAS for requirements

L1:(C) 97 0400 (Research, Development, Test, and Evaluation, Defense-

L0:Wide) as the TAS for requirements that can be categorized as research and development in nature.

L1:(v) USTRANSCOM should use 97 0100 (Operation and Maintenance,

L0:Defense-Wide, Defense) as the TAS when reporting the consolidated orders of from their decentralized transportation-related services contracts.

L1:(5) FPDS Entry - Dates Section.

L1:(i) The ?Date Signed? data field represents the date the contracting officer signed or otherwise awarded the contract action.

L1:(ii) The ?Effective Date? data field represents the date the period of performance begins. For actions where an authorization to proceed was given prior to the signed contract action, use the date of the authorization in this data element.

L1:(iii) The date entered in the ?Completion Date? data field must be the latest period of performance / delivery date of all of the exercised line items on the contract or order. This data field must be updated on the contract action report used to report the modification whenever line items are added or exercised by modification that extend the period of performance / delivery date beyond what was previously entered, including the exercise of any option years.

L1:(iv) The date entered in the ?Estimated Ultimate Completion Date? data field must be the latest period of performance / delivery date of all line items on the contract or order, including unexercised line items and option years. This data field must be updated on the contract action report used to report the modification whenever line items are added or changed by modification that extend the period of performance/delivery date beyond what was previously entered.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(v) The date entered in the ?Last Date to Order? data field on IDCs, BOAs, and BPAs must be the last date allowed by the contract for the contractor to accept orders. This data field must be updated whenever this date is changed by modification from what was previously entered.

L1:(vi) The ?Solicitation Date? data field generally represents the date an invitation for bids, request for quotations, or request for proposals was issued to potential bidders or offerors. However, follow the instructions below for other situations where an invitation for bids, request for quotations, or request for proposals is not issued:

L1:(A) When the action is the award of an order using existing pre-priced line items under an ordering instrument where no proposal is required (i.e., there are no elements of the delivery or performance to negotiate)?

L1:(1) Orders under single-award indefinite delivery vehicles, BPA

L0:calls under single-award BPAs issued under FAR part 8, and BPA calls under BPAs

L0:issued under FAR part 12. Use the date the procurement-ready requirements package

L0:(including funded purchase request or MIPR) was provided to the contracting office as L0:the ?Solicitation Date?. If unknown, use the date of the award of the order as the L0: ?Solicitation Date?.

L1:(2) Orders under multiple-award indefinite delivery contracts and L0:BPA calls issued under multiple-award BPAs issued under FAR part 12. Use the date L0:of the survey of the multiple-award contracts or BPAs prices in accordance with FAR L0:part 8 or 16 procedures.

L1:(B) When the action is the award of a contract under a broad agency L0:announcement (BAA), use the date when a final (not draft) combined L0:synopsis/solicitation is issued as the ?Solicitation Date? except?

L1:(1) For two-step BAAs, including white paper submissions for L0:review, selection, and subsequent request for full proposals, the ?Solicitation Date? is L0:the date when the contracting officer signs the proposal request; L0:the individual call is issued; or

L1:(2) Under BAAs with calls, the ?Solicitation Date? is the date when

L1:(3) For open BAAs, when white papers and/or proposals are L0:accepted for review over an extended period (typically open for a year or longer), the L0: ?Solicitation Date? is either the date when the contracting officer signs a proposal L0:request (white papers) or the date on which the proposal is submitted, whichever is L0:earlier.

L1:(C) For awards made in response to unsolicited proposals, the L0: ?Solicitation Date? is the date when the offeror is notified of proposal acceptance for L0: negotiations and/or award.

L0:do not use the solicitation date from the indefinite-delivery contract or agreement as the

L1:(D) For orders placed under indefinite-delivery contracts or agreements, L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4 L0:Defense FAR Supplement (DFARS) Part 204

L0:date issued in the ?Solicitation Date? field unless the order was awarded at the same L0:time as the indefinite-delivery contract or agreement.

L1:(E) For new indefinite-delivery contracts awarded under a multiple- L0:award solicitation?s on-ramp procedures that were awarded at least 3 months after the L0:initial round of indefinite-delivery contracts were awarded, enter the date the awardee L0:provided a proposal as the ?Solicitation Date?.

L1:(6) FPDS Entry - Amounts Section.

L1:(ii) When entering a net deobligation on a contract action, include the minus L1:(-) sign.

L1:(ii) The amount entered in the ?Base and Exercised Options Value? for new L0:awards must be the total value (represented in U.S. dollars and cents) of all the L0:exercised line items on the contract or order regardless of whether they are partially or L0:fully funded. This data field must be updated on the contract action report used to L0:report the modification whenever the current value of the contract or order is changed L0:by modification, including when options are exercised. When reporting such a L0:modification, report the net value of the change itself in ?Current? field; FPDS will L0:calculate the new total Base and Exercised Options Value. When an Administrative L0:Contracting Officer (ACO) executes a modification and the previous value reported in

L0:FPDS is incorrect, the ACO must notify the procuring contract office of the discrepancy and enter the appropriate value in the ?Current? field of the ?Base and Exercised Options Value? to ensure a correct total is represented. The ACO must document the correction of the discrepancy in the contract file.

L1:(3) The amount entered in the ?Base and All Options Value? for new awards must be the total potential value of the award (represented in U.S. dollars and cents) (e.g., total price, total not-to-exceed amount, maximum award amount, etc.), including the value of all unexercised line items and options. For blanket purchase agreements and basic ordering agreements, enter the total expected amount for orders that will be issued. Note: on IDV formats in FPDS, this data element is named ?Base and All Options Value (Total Contract Value).?

L1:(A) For each IDC resulting from a solicitation where multiple awards were contemplated, this is the maximum for that resulting specific contract. Note: this amount is not always the same as the ceiling for the program under which multiple contracts were awarded. Each contract must have a specific ceiling identified for that specific period (see FAR 16.504-1(a)).

L1:(B) This data field must be updated on the contract action report used to report the modification whenever the total potential value is changed by modification, including changes made as a result of overruns or claims. When reporting such a modification, report the net value of the change itself in ?Current? field; FPDS will calculate the new total Base and All Options Value. When an ACO executes a modification and the previous value reported in FPDS is incorrect, the ACO must notify the procuring contract office of the discrepancy and enter the appropriate value in the ?Current? field of the ?Base and All Options Value? to ensure a correct total is represented. The ACO must document the discrepancy correction in the contract file. Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4 Defense FAR Supplement (DFARS) Part 204

L1:(iv) The amount entered in the ?Action Obligation? for new awards must be the total value of all the obligated funds on the contract or order, represented in U.S. dollars and cents. When reporting a modification, report the net value of the change in funding accomplished by the modification in the ?Current? field; FPDS will calculate the new total action obligation value. When an ACO executes a modification and the previous value reported in FPDS is incorrect, the ACO must notify the procuring contract office of the discrepancy and enter the appropriate value in the ?Current? field of the ?Action Obligation Value? field to ensure a correct total is represented. The ACO must document the discrepancy correction in the contract file.

L1:(v) The amount entered in the ?Total Estimated Order Value? for new IDC awards must be the total estimated value of all anticipated orders to be placed under the contract. For DoD, this value should match the ?Base and All Options? value, as DoD does not obligate funds on indefinite-delivery contracts themselves.

L1:(7) FPDS Entry - Purchaser Information Section.

L1:(i) Enter the contracting office's DoD Activity Address Code (DoDAAC) in as the ?Contracting Office ID? data field.

L1:(ii) If the requiring organization is a DoD organization, enter the DoDAAC or the requiring office in the ?Funding Office ID? data field. This is normally the DoDAAC

L0:that is included on the purchase request in the purchase request number. If the L0:contract action is supporting working capital funded efforts and the specific requiring L0:office is unknown, enter the DoDAAC for the working capital funded office. Do not enter L0:the DoDAAC from the contracting office in the ?Funding Office ID? field unless the L0:contracting office is also the requiring organization.

L1:(iii) If the requiring organization is not a DoD organization, enter the Funding L0:Office ID provided on the interagency agreement in the ?Funding Office ID? data field.

L1:(iv) Choose the appropriate value in the ?Foreign Funding? data field as to L0:whether or not the action includes foreign funding that is identified as FMS. If the action L0:does not include foreign funds, choose ?Not Applicable.?

L1:(8) FPDS Entry - Contractor Information Section.

L1:(i) Enter the UEI for the vendor in the ?Unique Entity Identifier? data field. L0:This UEI will be used to pull the associated current registration from the SAM database.

L1:(ii) If a SAM exception applies to the procurement, ensure the correct L0:exception is chosen from the ?SAM Exception? data field. In this case the UEI entered L0:in the ?Unique Entity Identifier? data field will be used to pull the contractor?s name and L0:location information from SAM?s UEI database instead of SAM active registrations.

L1:(9) FPDS Entry - Contract Data Section.

L1:(i) On the contract action report used to report the base award, choose the L0:type of contract pricing in the ?Type of Contract? data field that is applicable to the L0:predominant amount of the action, based on the value of the line items. This value will L0:automatically populate any subsequent contract action reports for modifications.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(ii) If the procurement is for services, enter the appropriate Inherently L0:Governmental Functions indicator:

L1:(A) ?Closely Associated? means functions that are closely associated L0:with inherently governmental functions; those contractor duties that could expand to L0:become inherently governmental functions without sufficient management controls or L0:oversight on the part of the Government. Office of Federal Procurement Policy (OFPP) L0:Policy Letter 11-01, Performance of Inherently Governmental and Critical Functions, L0:provides examples of work that is inherently governmental and therefore must be L0:performed by Federal employees and work that is closely associated with inherently L0:governmental functions that may be performed by either Federal employees or L0:contractors.

L1:(B) ?Critical Functions? means functions that are necessary to the L0:agency being able to effectively perform and maintain control of its mission and L0:operations. Typically, critical functions are recurring and long-term in duration. L0:~Critical Functions?.

L1:(C) ?Other Functions? means neither ?Closely Associated Functions? nor L0:~Critical Functions,? select ?Closely Associated, Critical Functions.?

L1:(D) For services that include performing both ?Closely Associated? and

L1:(E) If services include performing ?Other Functions? and either ?Closely L0:Associated? or ?Critical Functions,? select only the ?Closely Associated? or ?Critical L0:Functions? value.

L1:(iii) Enter "Yes" in the "Multiyear Contract" field if the procurement is a multiyear contract in accordance with FAR 17.1; otherwise enter "No".

L1:(iv) Enter the full name of the program, not an acronym or abbreviation, in the "Major Program" field if there is an associated program name. Contracts and agreements with ordering provisions established as multi-agency contracts or for wide use within an agency must always include a program name in order to ensure they are correctly represented in the Interagency Contract Directory (ICD) at <https://www.contractdirectory.gov/contractdirectory/> (see FAR 7.102(b)(4)).

L1:(v) If the procurement is as a result of a requirement responding specifically to a National Interest Action that is listed in this field (for example, "Hurricane Sandy" or "Operation Enduring Freedom (OEF)"), then select the appropriate value. Otherwise, enter "None".

L1:(vi) For indefinite-delivery contracts, enter the appropriate type of IDC in the "Type of IDC" field: Indefinite Quantity, Requirements, or Definite Quantity.

L1:(vii) For IDVs in the "Multiple or Single Award IDV" field:

L1:(A) Select "Multiple Award" when the contract action is:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:contracts awarded under a single solicitation in accordance with FAR 16.504-3;

L1:(1) One of several indefinite-delivery indefinite-quantity (IDIQ)

L1:(2) One of several blanket purchase agreements (BPAs) awarded against a Federal Supply Schedule in accordance with FAR 8.104 and FAR 12.201-1(e)(3);

L1:(3) Any other IDIQ contract that an agency enters into with two or more sources under the same solicitation that requires contracting officers to compare or compete their requirements among several vendors; or

L0:multiple awards.

L1:(4) A part 12 BPA or Basic Ordering Agreement (BOA) with above criteria for a multiple award.

L1:(B) Select "Single Award" when the contract does not satisfy any of the

L1:(viii) When reporting the initial award of IDCs and agreements that allow orders to be placed by other contracting offices, enter the acronym or short abbreviation of the program name for the program supported by the contract or agreement with ordering provisions in the "Program Acronym" field. Contracts and agreements with ordering provisions established as multi-agency contracts or for wide use within an agency must always include an acronym or abbreviated program name, and the first five characters of this field must be:

L1:(A) "FSSI-" for a federal strategic sourcing initiative (FSSI) vehicle.

L1:(B) "MMAC-" for a multiple-award multi-agency contract.

L1:(C) "SMAC-" for a single-award multi-agency contract.

L0:of the Department of Defense.

L1:(D) "MBPA-" for a blanket purchase agreement available for use outside

L1:(E) "AGYV-" for an agency-wide acquisition vehicle. For the purpose of this section, an agency-wide acquisition vehicle is an IDC, BPA, or basic ordering agreement intended for the sole use of the Department of Defense. These may be for

L0:DoD-wide use or limited to one or more specific Military Services or Defense Agencies.

L1:(ix) In the ?Cost or Pricing Data? field, enter ?Yes? if certified cost and pricing

L0:data were obtained. Enter ?Not Obtained - Waived? if the requirement for certified cost

L0:and pricing data was waived. Enter ?No? if certified cost or pricing data were not

L0:obtained and no waiver was required. See FAR 15.403 for the requirements for

L0:certified cost and pricing data.

L1:(x) Enter ?Yes? in the ?Purchase Card as Payment Method? field if the GPC

L0:was used as the method of payment or as both the method of purchase and payment

L0:for the contract action. Enter ?No? if neither was the case.

L1:(xi) In the ?Undefinitized Action? field, enter ?Letter Contract? if the

L0:procurement is a letter contract that meets the description in FAR 16.603-1. Enter

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:Other Undefinitized Action? if the procurement is for any other unpriced action that must

L0:be subsequently definitized. Enter ?No? if neither of these situations is applicable.

L1:(xii) Enter ?Yes? in the ?Performance Based Service Acquisition? field if the

L0:procurement is for services and performance based acquisition procedures were used.

L0:Enter ?No? if the procurement is for services and performance based acquisition

L0:procedures were not used. Enter ?Not Applicable? if the procurement is not for services.

L1:(xiii) In the ?Contingency Humanitarian Peacekeeping Operation? field, enter

L0:Contingency? if the procurement is in response to a contingency operation as defined in

L0:10 U.S.C. 101(a)(13) or ?Humanitarian? if the procurement is in response to a

L0:humanitarian or peacekeeping operation as defined in 10 U.S.C. 3015(2). Otherwise,

L0:enter ?Not Applicable.?

L1:(xviii) In the ?Cost Accounting Standards Clause? field, enter ?Yes? if the

L0:procurement was subject to cost accounting standards (CAS) and the associated

L0:clauses were included in the contract. Enter ?No - CAS Waiver Approved? if the

L0:procurement is subject to CAS but a waiver was approved. Enter ?Not Applicable? if

L0:neither situation applies.

L1:(xv) Consolidated Contract.

L1:(A) Enter ?Consolidated Requirements? when the requirements meet

L0:the definition of ?Consolidation or consolidated requirement? at FAR 2.101 but a written

L0:determination was not made because the estimated value of the requirements were at

L0:or below \$2 million, or the requirements are bundled and a written determination for

L0:bundling is required.

L1:(B) Enter ?Consolidated Requirements with Written Determination?

L0:when the requirements meet the definition of "Consolidation or consolidated

L0:requirement" at FAR 2.101 and a written determination is made in accordance with FAR

L0:7.107-2.

L1:(C) Enter ?Consolidated Requirements Under FAR 7.107-1(b)

L0:Exceptions? when the requirements meet the definition of "Consolidation or consolidated

L0:requirement" at FAR 2.101 but do not require a written determination in accordance with

L0:FAR 7.107-1(b).

L0:definition of "Consolidation or consolidated requirement" at FAR 2.101.

L1:(D) Enter ?Not Consolidated? when the requirements do not meet the

L1:(xvi) Enter ?1? in the ?Number of Actions? data field unless using Express

L0:Reporting procedures described in paragraph (1)(iii) of this section.

L1:(10) FPDS Entry - Legislative Mandates Section.

L1:(i) For the ?Clinger-Cohen Act,? ?Labor Standards,? ?Materials, Supplies,

L0:Articles, and Equipment,? and ?Construction Wage Rate Requirements? data elements,

L0:answer ?Yes? if the acts apply to any of the line items on the award. Choose ?Not

L0:Applicable? if the act itself is not applicable based on implementation requirements in

L0:the FAR for each act (see FAR subparts 22.10, 22.6, and 22.4, respectively), or choose

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:No? if the act is applicable, but the associated clauses were not included in the award.

L0:For the ?Clinger-Cohen Act?, choose ?No? if either the Act is not applicable or the

L0:planning requirements from the act were not accomplished.

L1:(ii) Indicate in the ?Interagency Contracting Authority? data field if the action

L0:is subject to the Economy Act, a different statutory authority, or if interagency authorities

L0:are not applicable. If the contracting officer selects ?Other Statutory Authority? in the

L0:Interagency Contracting Authority?, they must enter the name of the other authority in

L0:the associated text box.

L1:(iii) In the ?Additional Reporting? data field, select each value that represents

L0:reporting to be accomplished by the contractor that is required by the contract. Multiple

L0:values may be selected.

L0:Above.?

L1:(A) If none of the reporting requirements apply, select ?None of the

L0:14, Service Contract Reporting Requirements, is present in the contract.

L1:(B) Select ?Service Contract Inventory FAR 4.17? if FAR clause 52.204-

L0:clause 52.222-54, Employment Eligibility Verification, is included in the contract .

L1:(C) Select ?Employment Eligibility Verification (52.222-54)? if FAR

L1:(11) FPDS Entry - Principal Place of Performance Section.

L1:(i) For supplies, the data entered in this section must reflect the

L0:predominant place where manufacturing occurred or where procured finished products

L0:were taken out of inventory. Do not enter the Government delivery location. When the

L0:manufacturing or inventory location is unknown, and the contractor has not provided a

L0:separate address for the place of performance in FAR provision 52.214-14 or 52.215-6

L0:with its offer, enter the contractor?s physical address that corresponds with its

L0:registration in the System for Award Management (SAM) that is identified by its UEI and

L0:CAGE code.

L1:(ii) For services, identify the location that represents the predominant place

L0:the services are performed. For services that start performance in one location and

L0:complete performance in a different location, such as transportation and cargo shipment

L0:services, the completion or destination location must be entered. If the contract or order

L0:has multiple destination locations, enter the location where the predominant amount is

L0:being delivered.

L1:(iii) For place of performance based in the United States, ensure the zip

L0:code + 4 data element is entered. This will populate the city and state fields

L0:accordingly. Zip codes and their +4 extensions can be identified at the United States

L0:Postal Service website (www.usps.com). When a ?+4? extension cannot be determined
L0:for a zip code (for example, in a highly rural area or at a location with a vanity address),
L0:choose the ?+4? extension that represents the area nearest to the place of performance.

L1:(12) FPDS Entry - Contract Marketing Data Section. This section applies to

L0:IDVs (i.e., BOAs, BPAs, and IDCs) only.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(i) Enter the website in the ?Website URL? data field where a new user

L0:would find the best information about ordering under the vehicle. This is an optional

L0:field, but each multi-agency contract being reported should include one.

L1:(ii) In the ?Who Can Use? data field, choose the value that best represents

L0:which agencies are allowed to have their contracting officers place orders under the

L0:vehicle. If only the office that awarded the IDV is allowed to place orders under the

L0:vehicle, choose ?Only My Agency?. Do not list codes or text under the ?Codes? or

L0:?Other? options unless the vehicle only allows very specific parts of agencies to place

L0:orders.

L1:(iii) Include in the ?Email Contact? data element the specific email of the

L0:contracting officer responsible for the IDV who is able to answer questions concerning

L0:ordering. A group email address may only be used in this field if it is continuously

L0:monitored.

L1:(iv) Enter the maximum dollar value of each order that may be issued under

L0:the vehicle in the ?Individual Order / Call Limit? field.

L1:(v) Enter the fee charged to the ordering agency for allowing the ordering

L0:agency to place an order under the specific vehicle. The fee may be identified as a

L0:fixed percentage, an upper and lower amount if based on a varying factor, or as ?no

L0:fee.? This is not the fee paid to a contracting office for placing an order on behalf of a

L0:requiring office.

L1:(vi) Enter a brief description of ordering instructions in the ?Ordering

L0:Procedure? data field. If the ?Website URL? field is entered, this field is not required to

L0:be completed; however, ensure that the website provided gives the user enough

L0:information to be able to place an order.

L1:(13) FPDS Entry - Product or Service Information Section.

L1:(i) For the ?Product or service code (PSC)? data field choose the code that

L0:best represents the predominant amount of supplies or services being procured on the

L0:award. The list of active PSCs for use in FPDS reporting is available on the FPDS

L0:website under the ?Worksite? section under ?Reference?.

L1:(ii) For the ?Principal NAICS code? data field, enter the NAICS code that

L0:best represents the type of industry related to the predominant amount of supplies or

L0:services being procured on the award. If the award was a result of a solicitation that

L0:included any of the following provisions, use the NAICS code that was included in the

L0:provision: 52.204-7, System for Award Management-Registration or 52.219-1, Small

L0:Business Program Representations. The list of active NAICS codes for use in FPDS

L0:reporting is available on the FPDS website under the ?Worksite? section under

L0:?Reference?.

L1:(iii) Contract bundling.

L0:definition of ?Bundling? at FAR 2.101.

L1:(A) Enter ?Bundled Requirements? when the requirements meet the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(B) Enter ?Substantially Bundled Requirements? when the requirements

L0:meet the definition of ?Bundling? at FAR 2.101 but has an estimated value outlined at

L0:FAR 7.107-1.

L1:(C) Enter ?Bundled Requirements Under a FAR 7.107-1(b) Exception?

L0:when the requirements meet the definition of ?Bundling? at FAR 2.101 but do not require

L0:a written determination in accordance with FAR 7.107-1(b).

L0:definition of ?Bundling? at FAR 2.101.

L1:(C) Enter ?Not Bundled? when the requirements do not meet the

L1:(iv) Enter in the ?DoD Acquisition Program? data field?

L1:(A) The Centralized Unique Program Identification (CUPID), also known

L0:as a program number, when the acquisition is part of an acquisition program for which a

L0:CUPID has been designated. The CUPID is the unique authoritative identifier for all

L0:DoD acquisition programs. CUPIDs are 3 alphanumeric characters. If needed, use the

L0:code look-up table provided for the data element in the CAR to identify the appropriate

L0:code.

L0:one of the following programs or activities:

L1:(B) The appropriate following code if a new award is associated with

L1:(1) ZBL - for Performance-Based Logistics (PBL) support.

L1:(2) ZRS - for Randolph-Sheppard Act dining facilities.

L1:(3) ZBC - for Base Realignment and Closure (BRAC)

L0:environmental activities.

L1:(4) ZDE - for Defense environmental and restoration programs.

L1:(5) ZOP - for other environmental programs.

L1:(6) ZSE - for Environmental Protection Agency (EPA) Superfund

L0:activities.

L1:(7) ZSF - prescribed under a Status of Forces Agreement (SOFA).

L1:(C) ?000? if neither (1) or (2) in this section apply.

L1:(v) Enter the country code where products were manufactured or

L0:performance of services occurred in the ?Country of Product or Service Origin? data

L0:field. If needed, use the code look-up table provided for the data element in the CAR to

L0:identify the code for a country.

L1:(vi) Place of Manufacture.

L0:for services or for unmanufactured end products (e.g., ores, food, animals).

L1:(A) Choose ?Not a Manufactured End Product? when the procurement is

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:when the procurement is for supplies acquired for use outside the United States.

L1:(B) Choose ?Manufactured Outside the U.S. - Use Outside the U.S.?

L0:States, choose one of the following:

L1:(C) If the procurement is for supplies to be used inside the United

L0:considered domestic end products (see FAR 25.101).

L1:(1) ?Manufactured in the U.S.? when the supplies that are
 L1:(2) ?Manufactured Outside the U.S. - Trade Agreements? when
 L0:the supplies are acquired subject to a Trade Agreement (see FAR 25.4) where the Buy
 L0:American Act requirements have been waived.
 L0:procurement when the supplies are considered foreign end products (see FAR 25.103):
 L1:(3) The exception to the Buy American Act that was used in the
 L1:(i) ?Manufactured Outside the U.S. - Public Interest.?
 L1:(ii) ?Manufactured Outside the U.S. - Domestic
 L1:(iii) ?Manufactured Outside the U.S. - Unreasonable Cost.?
 L1:(iv) ?Manufactured Outside the U.S. - Resale.?
 L1:(v) ?Manufactured Outside the U.S. - Commercial Information
 L0:Nonavailability.?
 L0:Technology.?
 L1:(vii) ?Manufactured Outside the U.S. - Qualifying Country.?
 L0:Only choose ?Manufactured Outside the United States - Qualifying Country? if the
 L0:country of product or service origin is one of the current qualifying countries at DFARS

L0:225.003.

L1:(vii) In the ?Domestic or Foreign Entity? data field, choose the most
 L0:applicable answer regarding the ownership of the contractor.
 L1:(viii) Indicate whether Government Furnished Property (GFP), (see FAR
 L0:45.101), is included on the award in the ?GFE/GFP Provided Under This Action? data
 L0:field.
 L1:(A) When reporting modifications to previously reported award, the CAR
 L0:should carry the same value for this data element as was on the CAR for the initial
 L0:award unless the modification itself is specifically adding GFP where the originally was
 L0:none. There is no need to create a CAR solely to report the return of GFP at the end of
 L0:performance.
 L1:(B) When reporting task, delivery, or call orders under indefinite-delivery
 L0:contracts or agreements, this data element reflects whether GFP is or is not included
 L0:specifically as a part of the order itself. The value for the underlying contract or
 L0:agreement is collected separately.
 L1:(ix) For the ?Description of requirement? data field
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
 L0:Defense FAR Supplement (DFARS) Part 204
 L1:(A) Enter a short description of what is being procured by the action.
 L0:This should be entered in plain English with no acronyms or military jargon such that the
 L0:public can understand what is being acquired by the Department. Do not use national
 L0:stock numbers, part numbers, or other identifiers without also including associated plain
 L0:English descriptions.
 L1:(B) When reporting modifications, do not use this field to explain what
 L0:type of procurement process is accomplished (e.g., exercise option year, incremental
 L0:funding); continue to address what is being procured.
 L0:DFARS 234.7202, also enter ?831 Authority?.
 L1:(C) When establishing a contract with an option or line item pursuant to
 L1:(x) For the ?Recovered materials/sustainability? data field, choose the value

L0:from the list below that reflects the requirements of sustainability incorporated into the
L0:contract or order. If there is a combination of the attributes on the contract that does not
L0:exist in the list below, choose the one from the list that most closely reflects the situation
L0:on the contract.

L1:(A) FAR 52.223-4 included. Use when the contract includes the
L0:requirement for recovered materials in accordance with FAR Subpart 23.4 and provision
L0:52.223-4, Recovered Material Certification, was included in the solicitation.

L1:(B) FAR 52.223-4 and 52.223-9 included. Use when the contract
L0:includes the requirement for recovered materials in accordance with FAR Subpart 23.1,
L0:provision 52.223-4 was included in the solicitation, and clause 52.223-9 is included in
L0:the contract.

L1:(C) No clauses included and no sustainability included. Use when the
L0:contract includes neither requirements nor provisions/clauses for recovered materials or
L0:energy efficient or biobased.

L1:(D) Energy-efficient. Use when the contract includes the requirement
L0:for energy-efficient products or sustainable products in accordance with FAR Subpart

L0:23.1.

L0:biobased products in accordance with FAR Subpart 23.1.

L1:(E) Biobased. Use when the contract includes the requirement for

L1:(F) Environmentally preferable. Do not use.

L0:the requirement for-

L1:(G) FAR 52.223-4 and energy efficient. Use when the contract includes
L0:provision 52.223-4 was included in the solicitation; and

L1:(1) Recovered materials in accordance with FAR Subpart 23.1 and
L0:with FAR Subpart 23.1.

L1:(2) Energy efficient products or sustainable products in accordance
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204

L0:contract includes the requirement for-

L1:(H) FAR 52.223-4 and biobased and energy efficient. Use when the
L0:provision 52.223-4 was included in the solicitation; and

L1:(1) Recovered materials in accordance with FAR Subpart 23.1 and

L1:(2) Biobased products in accordance with FAR Subpart 23.1.

L1:(I) FAR 52.223-4 and environmentally preferable. Do not use.

L0:contract includes the requirement for-

L1:(J) FAR 52.223-4, biobased, and energy efficient. Use when the
L0:provision 52.223-4 was included in the solicitation;

L1:(1) Recovered materials in accordance with FAR Subpart 23.1 and

L1:(2) Energy efficient products in accordance with FAR Subpart 23.1;

L0:and

L0:use

L1:(3) Biobased products in accordance with FAR Subpart 23.1.

L1:(K) FAR 52.223-4, biobased and environmentally preferable. Do not

L0:preferable. Do not use. Not used.

L1:(L) FAR 52.223-4, biobased, energy efficient and environmentally

L1:(14) FPDS Entry - Competition Information Section.

L1:(i) Solicitation procedures. Select the appropriate entry from the following

L0:list:

L1:(A) Simplified Acquisition. Report this code for competitive and

L0:noncompetitive contract actions that used simplified acquisition procedures in

L0:accordance with FAR part 13. However, if the action is noncompetitive and the reason

L0:for other than full and open competition is other than ?Authorized by Statute,?

L0:?Authorized Resale,? or ?SAP Noncompetition,? then enter ?Only One Source Solicited?

L0:as the solicitation procedure. (Note that most times when in conflict, the reason for

L0:other than full and open competition takes precedence over the type of solicitation

L0:procedure used.)

L0:procedure was used or only one source is solicited for the action.

L1:(B) Only One Source Solicited. Use this code if no solicitation

L0:actions that use negotiated procedures (FAR parts 12, 13, or 15).

L1:(C) Negotiated Proposal/Quote. Use this code for competitive contract

L0:procedures (FAR part 14).

L1:(D) Sealed Bid. Use this code for contract actions using sealed bid

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:of sealed bids and negotiated procedures (FAR 6.101).

L1:(E) Two Step. Use this code for contract actions that use a combination

L1:(F) Architect-Engineer FAR 6.102. Use this code if the action resulted

L0:from selection of sources for architect-engineer contracts pursuant to FAR 6.101(b)(3).

L1:(G) Basic Research. Use this code if the action resulted from a

L0:competitive selection of basic research proposals pursuant to FAR 6.101(b)(3).

L1:(H) Alternative Sources. Use this code if the action resulted from use of

L0:procedures that provided for full and open competition after exclusion of sources to

L0:establish or maintain alternative sources pursuant to FAR 6.102.

L1:(I) Subject to Multiple Award Fair Opportunity. FPDS will automatically

L0:populate this entry for orders placed against multiple award contracts (to include

L0:Federal Supply Schedules) and FAR part 8 BPAs (and orders issued under such BPAs

L0:that are subject to fair opportunity pursuant to FAR 16.507-2(a)(1).

L1:(ii) Extent Competed. Select the appropriate entry from the following list.

L0:The extent competed for any modification or order against a task order or delivery order

L0:contract pulls from the basic contract and is shown in the ?Extent competed for

L0:referenced IDV? data field.

L1:(A) Competed under SAP. Report this for competitive contract actions

L0:that were awarded using FAR part 13 Simplified Acquisition Procedures (i.e., solicitation

L0:procedures were ?Simplified Acquisition?).

L1:(B) Full and Open Competition (F&OC). Report this if the contract

L0:action resulted from an award pursuant to FAR 6.101(b)(1), Sealed bids; FAR

L0:6.101(b)(2), Competitive proposals; FAR 6.101(b), Combination; or any other

L0:competitive method that did not exclude sources of any type.

L1:(C) F&OC after Exclusion of Sources. Report this when sources are

L0:excluded before competition. (Note: This terminology is broader than FAR Subpart 6.1,

L0:which includes set-aside actions and actions to establish or maintain alternate sources, L0:in that it also includes actions justified by a justification and approval that provided for L0:competition).

L1:(D) Not Available for Competition. Report this if the contract action is

L0:not available for competition (i.e., contract actions where the solicitation procedure was

L0:Only One Source? and the reason not competed is ?Authorized by Statute,?

L0:International Agreement,? ?Utilities,? or ?Authorized Resale.?) Note that sole source

L0:awards for 8a firms, HUBZone firms, service-related disabled veteran-owned concerns,

L0:and women-owned small business concerns (including economically disadvantaged

L0:women-owned small business concerns) should always be identified as ?Authorized by

L0:Statute? as the reason for other than full and open competition.

L1:(E) Not Competed under SAP. Report this for non-competitive contract

L0:actions that were awarded using FAR part 13, Simplified Acquisition Procedures and

L0:(i.e., solicitation procedures were ?Simplified Acquisition?).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:competed and the solicitation procedures are ?Only One Source.?

L1:(F) Not Competed. Report this when the contract action is not

L1:(iii) Type of Set-Aside.

L1:(A) If the contract action is a result of a set-aside or sole source

L0:authorized under part 19 of the FAR, choose the applicable value. In order to indicate a

L0:FAR part 19 set-aside or sole source on an order under a multiple-award contract, see

L0:paragraph (vii) of this section.

L1:(B) Note that the type of set-aside is collected on the original award. In

L0:the case of a task or delivery order being reported, the user will see the type of set-

L0:aside from the original contract in the ?Type Set Aside? data element. The ?Type of Set-

L0:Aside Source? data element is system generated to indicate whether the data in the

L0:Type Set Aside? data element was entered on the specific CAR being viewed or if it

L0:was pre-populated from the original contract award.

L1:(iv) SBIR/STTR. Ensure the ?SBIR/STTR? data field is completed if the

L0:contract action is a result of a Small Business Innovative Research (SBIR) or Small

L0:Technology Transfer Research (STTR) Program. SBIR and STTR Phase III awards

L0:require that a previous SBIR or STTR award exists.

L1:(v) Other than Full and Open Competition.

L1:(A) Simplified Acquisition Procedures (SAP). Select only ?SAP Non-

L0:Competition,? ?Authorized by Statute? if a sole source set-aside must also be noted, or

L0:Authorized for Resale? when the award is noncompetitive and simplified acquisition

L0:procedures were used. Do not choose other values from the list.

L1:(B) Other than Simplified Acquisition Procedures. Select from available

L0:values the one that matches the FAR part 6 authority referenced in the Justification &

L0:Authorization document for using other than competitive procedures. Do not choose

L0:SAP Non-competition.?

L1:(C) Acquiring Products or Services from Afghanistan. Do not use.

L1:(vi) Fair Opportunity/Limited Sources. This field is the basis for determining

L0:whether competition is provided for on orders placed against multiple-award contracts

L0:(to include DoD contracts, Governmentwide Acquisition Contracts, Federal Supply Schedules, and BPAs issued under the Federal Supply Schedules). If a Federal Supply Schedule contract or a Governmentwide multiple-award contract is not coded as a multiple-award vehicle, thereby preventing completion of this field, the FPDS user should advise the agency FPDS so that the contracting office for the multiple-award contract can be notified and pursue correction.

L0:8.102 or 16.507-6(b)(1).

L1:(A) Urgency. Report this if the action was justified pursuant to FAR

L0:pursuant to FAR 6.103-1, FAR 12.102, or 16.507-6(b)(2).

L1:(B) Only One Source. Other - Report if the action was justified

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(C) Follow-On Delivery Order Following Competitive Initial Order.

L0:Report this if the action was justified pursuant to FAR 8.405-6(a)(1)(i)(C) or 16.507-

L0:6(b)(3).

L1:(D) Minimum Guarantee. Report this if it was necessary to place an

L0:order to satisfy a minimum amount guaranteed to the contractor. See FAR 16.507-

L0:6(b)(4).

L1:(E) Other Statutory Authority. Report this if a statute expressly

L0:authorizes or requires that the purchase be made from a specified source. See FAR

L0:16.507-6(b)(5).

L0:pursuant to FAR 16.505(b)(1).

L1:(F) Fair Opportunity Given. Report this if fair opportunity was given

L1:(G) Competitive Set-Aside. Report this if the order was set aside

L0:pursuant to FAR part 19. and a sub-set of multiple-award contract holders meeting the

L0:set-aside criteria were provided fair opportunity to submit an offer. If this value is

L0:selected, also choose the appropriate set-aside in the ?Type of Set-Aside? field. Do not

L0:select this value if the original multiple award contract itself was set-aside or partially

L0:set-aside.

L1:(H) Sole Source. Report this if the order was issued pursuant to FAR

L0:part 19 and awarded to a single contract holder meeting the socio-economic criteria

L0:without providing fair opportunity to other multiple-award contract holders. If this value

L0:is selected, also choose the appropriate value in the ?Type of Set-Aside? field.

L1:(vii) If an award did not provide for full and open competition; or in the case

L0:of simplified acquisition, did not provide the maximum extent of competition practicable;

L0:select the value in the ?Other Than Full and Open Competition? field that represents the

L0:justification used.

L1:(viii) In the ?Commercial Product or Commercial Service Acquisition

L0:Procedures? data field, indicate whether commercial procedures were?

L1:(A) Used for commercial products or commercial services;

L1:(B) Used for supplies or services pursuant to FAR 12.001(b) and (c); or

L1:(D) Not used.

L1:(ix) In the ?Simplified Procedures for Certain Commercial Products or

L0:Commercial Services? data field, indicate if the contract action utilized procedures under

L0:FAR subpart 12.2.

L1:(x) In the ?A-76 Action? data field, indicate if the contract action resulted

L0:from an A-76 / FAIR Act competitive sourcing process. Note, however, that DoD is

L0:currently under a moratorium from procuring services using these procedures. See

L0:PGI 207.170 for more information.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(xi) In the ?Local Area Set Aside? data field, indicate if the contract action

L0:resulted from a local area set-aside in accordance with FAR 26.202.

L1:(xii) In the ?FedBizOpps? data field, enter ?Yes? if the award was greater

L0:than \$25,000 in value and subject to FAR 5.1 synopsis requirements. Enter ?No? if the

L0:award was greater than \$25,000 in value, but an exception to synopsis requirements

L0:applied. Enter ?Not Applicable? if the award was less than or equal to \$25,000 in value.

L1:(xiii) Number of Offers.

L1:(A) Enter the specific number of offers received in response to the

L0:solicitation. In the case of contracts awarded as a result of a Broad Agency

L0:Announcement, enter the number of proposals received under the specific

L0:announcement. In the case of orders under a multiple-award contract (including

L0:Federal Supply Schedules and GWACs), BOAs, and BPAs, enter the number of offers

L0:received for the specific order.

L1:(B) Note that the ?Number of Offers Received? is collected on the

L0:original award. In the case of a task or delivery order being reported, the user will see

L0:the number of offers from the original contract in the ?IDV Number of Offers? data

L0:element. The ?Number of Offers Source? data element is system generated to indicate

L0:whether the data in the ?Number of Offers Received? data element was entered on the

L0:specific CAR being viewed or if it was pre-populated from the original contract award.

L1:(15) FPDS Entry - Preference Programs / Other Data Section.

L1:(i) Contracting Officer?s Business Size Selection?

L1:(1) When entering a new contract, purchase order, or agreement

L0:award in FPDS, contracting officers must ensure they appropriately choose ?Small

L0:Business? or ?Other than Small Business? in the ?Contracting Officer?s Determination of

L0:Business Size? data field according to the NAICS code applied to the award, its

L0:associated size standard, and the contractor?s response to provision 52.219-1. The

L0:contracting officer must enter ?Other than Small Business? for awards where the

L0:contractor has not certified to its status in one of these provisions.

L1:(2) If the ?Contracting Officer?s Determination of Business Size?

L0:data field is completed with ?Small Business?, the contractor?s other socio-economic

L0:information that it has entered or the Small Business Administration (SBA) has provided

L0:to the System for Award Management (SAM) database will be included in the contract

L0:action report. This includes designations such as SBA-Certified 8(a), Women-owned

L0:Small Business, Service Disabled Veteran Owned.

L1:(3) Contracting officers will not be allowed to identify types of set-

L0:asides in FPDS unless the ?Contracting Officer?s Determination of Business Size? field

L0:is completed with ?Small Business,? and other required socio-economic designations

L0:are present in the Contractor?s SAM record (e.g., contractor must have the SBA-

L0:Certified 8(a) designation in order to identify an 8(a) type set-aside in FPDS).

L0:initial award will be automatically populated with the same designations.

L1:(4) All subsequent modifications and delivery orders under the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:required for the contract action, and, if so, which type applies from the following values:

L1:(B) Subcontracting Plan. Select whether a subcontracting plan is

L1:(1) Plan Not Required;

L1:(2) Plan Not Included, No Subcontracting Possibilities;

L1:(3) Individual Subcontracting Plan;

L1:(4) Commercial Subcontracting Plan; or

L1:(5) DoD Comprehensive Subcontracting Plan.

L1:(d) Reporting modifications to FPDS.

L1:(1) Modifications against previously reported contracts, agreements, and orders

L0:are required to be reported to FPDS if they include any obligation or deobligation

L0:amount. They are also required to be reported to FPDS if there is no obligation or

L0:deobligation amount and involve a change to the data reported in any data field in the

L0:contract action report (e.g., vendor name, completion date, place of performance).

L1:(2) Contracting officers should choose the ?Reason for Modification? value that

L0:best represents the purpose of the modification action. If more than one reason for

L0:modification applies, choose the more specific value. When a name, address, UEI, or

L0:CAGE code change occurs as the result of the modification, choose ?Novation,? ?Vendor

L0:UEI Change,? or ?Vendor Address Change,? per the instructions at paragraphs (d)(5),

L1:(6), and (7), rather than other values that may also apply to the action (e.g., Exercise

L0:Option).

L1:(3) Do not use ?Close Out? as the reason for modification in FPDS unless the

L0:modification being reported actually accomplishes the close out of the award.

L1:(4) DoD offices must not use the ?Transfer Action? value in the ?Reason for

L0:Modification? field unless transferring the contract to a non-DoD contracting office (e.g.,

L0:Department of Interior).

L1:(5) Modifications for novations (see FAR Subpart 42.9 and DFARS subpart

L0:242.9) must use ?Novation Agreement? in the ?Reason for Modification? field.

L1:(i) When this value is used, the contracting officer must enter the

L0:appropriate UEI for the contractor in the modification contract action report. FPDS will

L0:then bring over the current vendor name and address from the contractor?s SAM record

L0:for that UEI into the modification contract action report. Subsequent contract action

L0:reports will show the updated UEI and vendor name.

L1:(ii) When this value is used, FPDS also allows the contracting officer to

L0:update the ?Contracting Officer?s Determination of Business Size? data field. The

L0:contracting officer must ensure that the contractor?s current size status is appropriately

L0:recorded on the modification contract action report. Subsequent contract action reports

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:will reflect the size entered on this modification contract action report (see FAR subpart

L0:19.301.

L1:(6) Modifications for contractor name changes that do not require a novation

L0:(see FAR Subpart 42.9 and DFARS Subpart 242.9) must use ?Vendor UEI Change? in L0:the ?Reason for Modification? field. When this value is used, the contracting officer must L0:enter the appropriate UEI for the contractor in the modification contract action report. L0:FPDS will then bring over the current vendor name and address from the contractor?s L0:SAM record for that UEI into the modification contract action report. Subsequent L0:contract action reports will show the updated UEI and vendor name.

L1:(7) Modifications for contractor address changes that do not require a novation L0:must use ?Vendor Address Change? in the ?Reason for Modification? field. When this L0:value is used, FPDS will bring over the current address from the contractor?s SAM L0:record into the modification contract action report. Subsequent contract action reports L0:will show the updated address.

L1:(8) Modifications for re-representation actions (see FAR 19.301(a) and L0:19.301(c) must use either ?Re-representation? or ?Re-representation of Non-Novated L0:Merger/Acquisition?, as appropriate, in the ?Reason for Modification? field. When this L0:value is used, FPDS allows the contracting officer to update the ?Contracting Officer?s L0:Determination of Business Size? data field. The contracting officer must ensure that the L0:contractor?s current size status is appropriately recorded on the modification contract L0:action report. Subsequent contract action reports will reflect the size entered on this L0:modification contract action report.

L1:(9) When a modification is reported with ?Termination for Default? or L0:?Termination for Cause? in the ?Reason for Modification? data field, the user must also L0:report the termination to the Federal Awardee Performance and Integrity Information L0:System (FAPIS) contained at <https://sam.gov/fapis> in accordance with FAR 42.1103(g) L0:requirements.

L1:(e) Reporting awards where the GPC is both the method of purchase and payment.

L1:(1) Do not report open-market purchases (i.e., not under a Federal Supply L0:schedule, agreement, or contract) made with the GPC valued less than the micro- L0:purchase threshold to FPDS.

L1:(2) Purchases made using the GPC as the method of both purchase and L0:payment under federal schedules, agreements, or contracts are required to be reported L0:to FPDS regardless of value. Contracting offices must ensure all such purchases made L0:by their authorized cardholders are reported to FPDS at least monthly. Any individual L0:purchase valued greater than \$25,000 must be reported individually to FPDS. For L0:individual purchases valued less than \$25,000, there are three acceptable methods for L0:reporting to FPDS. They are, in preferred order of use?

L1:(i) Report each order individually to FPDS;

L1:(ii) Report a consolidated express report to FPDS using the delivery order L0:or BPA call format that references the individual contract or BPA, respectively; or L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4 L0:Defense FAR Supplement (DFARS) Part 204

L1:(iii) Report a consolidated express report to FPDS using the purchase order L0:format that uses the generic UEI R5NWZ87HPLX4 for ?GPC Consolidated Reporting? or L0:U9X7H1UVY6U5 for ?GPC Foreign Contractor Consolidated Reporting?, as appropriate, L0:as the identifier. Note that when a generic UEI is used to report these actions, only L0:?Other than Small Business? is allowed as the ?Contracting Officer?s Determination of

L0:Business Size? selection.

L1:(3) For orders placed on FedMall, contracting officers are not required to

L0:separately report such awards to FPDS.

L1:(f) Using generic entity identifier .

L1:(1) Generic entity identifiers may only be used for reporting to FPDS in

L0:accordance with FAR 4.301(e) or paragraph (c)(5)(ii)(C) of this section. Note that if a

L0:generic entity identifier is used on the report to FPDS, systems that prepopulate data

L0:based on the UEI reported to FPDS may not be able to use the UEI for further reporting

L0:on that contract action because the contractor identification information is not accurately

L0:reflected. For example, assessing officials cannot report past performance reports to

L0:the Contractor Performance Assessment Reporting System (CPARS) (see FAR Subpart

L0:42.11) if a generic entity identifier was used to report the action to FPDS. Additionally,

L0:some reporting requirements placed on the contractor, such as subcontract reporting

L0:required by FAR subparts 4.3 and 19.2, are not able to be completed. Therefore, it is

L0:important that the use of generic UEIs in reporting to FPDS be rare and only when

L0:necessary.

L1:(2) The following generic entity identifiers are available for use in contract

L0:reporting only if the conditions in FAR 4.301(e) or paragraph (5)(ii)(C) of this section

L0:apply:

L1:(i) Generic entity identifier LX9KAH68DKV5 - Student Workers in

L0:Laboratories. Used to report actions awarded to student workers providing

L0:goods/services in Government laboratories (or other Government facilities) when

L0:obtaining a UEI would place a financial hardship on the student. Corresponding CAGE

L0:code in the System for Award Management (SAM): 35HL9.

L1:(ii) Generic entity identifier LN9PU5M2YZN5 - Miscellaneous Foreign

L0:Awardees. Used to report actions awarded to vendors located outside the United

L0:States providing goods/services when a specific UEI is not available. Corresponding

L0:CAGE code in SAM: 35KC0.

L1:(iii) Generic entity identifier L2UVLEUTJU39 - Spouses of Service

L0:Personnel. Used to report actions awarded to service personnel dependents located

L0:and providing goods/services outside the United States when obtaining a UEI would

L0:place a financial hardship on the dependent. Corresponding CAGE code in SAM:

L0:3JDV7.

L1:(4) Generic entity identifier KBD2CJ5JXJV5 - Navy Vessel Purchases In

L0:Foreign Ports. Used to report actions awarded to vendors located outside the United

L0:States providing goods/services in support of vessels located in foreign ports when a

L0:specific UEI is not available. Corresponding CAGE code in SAM: 35KD3.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(5) Generic entity identifier JKRMS84PMND5 - Foreign Utility Consolidated

L0:Reporting. Used to report procurement actions awarded to vendors located outside the

L0:United States providing utilities goods/services when a specific UEI is not available.

L0:Corresponding CAGE code in SAM: 3JDX5.

L1:(6) Generic entity identifier KA5HQCLKUVW1 - Domestic Awardees

L1:(Undisclosed). Used to report actions awarded to vendors located in the United States

L0:where identifying the vendor could cause harm to the mission or the vendor (for L0:example, domestic shelters). Corresponding CAGE code in SAM: 3JEH0.

L1:(7) Generic entity identifier NN2NGPDNCK23 - Foreign Awardees

L1:(Undisclosed). Used to report actions awarded to vendors located outside the United

L0:States when identifying the vendor could cause harm to the mission or the vendor.

L0:Corresponding CAGE code in SAM: 3JEV3.

L1:(8) Generic entity identifier R5NWZ87HPLX4 - GPC Consolidated

L0:Reporting. Used to report orders and calls issued via the GPC under indefinite-delivery

L0:type contracts and agreements to businesses located in the United States, and the UEI

L0:for the vendor is not available to the office reporting the action. Corresponding CAGE

L0:code in SAM: 3JDW4.

L1:(9) Generic entity identifier U9X7H1UVY6U5 - GPC Foreign Contractor

L0:Consolidated Reporting. Used to report orders and calls issued via the GPC under

L0:indefinite delivery type contracts and agreements to businesses located outside the

L0:United States, and the UEI for the vendor is not available to the office reporting the

L0:action. Corresponding CAGE code in SAM: 3JDV9.

L1:(g) Contract Action Report Status.

L1:(1) The ?Status? data element on contract action reports indicates whether an

L0:award is still open or officially ?closed? and applies to the family of actions comprising

L0:the contract or order (i.e., includes all modifications to that contract or order). Values in

L0:this field will either be null (blank), indicating that the contract is still open; or ?Closed,?

L0:indicating the contract or order has completed closeout activities in accordance with

L0:FAR 4.308, as supplemented. Awards without the ?Closed? status are assumed to still

L0:be open and either still within the established delivery dates or period of performance,

L0:or in a post-performance period preparing for closeout.

L1:(2) The ?Status? is changed to ?Closed? in one of three ways:

L1:(i) User reports a modification using ?Closeout? in the ?Reason for

L0:Modification? field. This should be rare and only occur when a modification being issued

L0:actually closes the award in that modification (not just prepares for it). If a contract

L0:action report is finalized with ?Closeout? as the value, it will no longer be able to be

L0:corrected by the user. Users will need to contact the FPDS help desk to perform any

L0:corrections.

L1:(ii) User with ?Closeout? privileges in FPDS marks the award as closed.

L0:This will be rare in DoD; only the DoD and Service lead system administrators will be

L0:given these privileges.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(iii) An agency system sends a ?Close? notice via web services to FPDS.

L1:(3) When the ?Status? is changed to ?Closed? that status is applied to the

L0:contract or order and all of its subsequent modifications. Closed notices received for

L0:task, delivery, and call orders placed under IDCs or agreements do not cause the IDC

L0:or agreement to be closed. Closed notices received for IDCs or agreements do not

L0:cause task, delivery, and call orders placed under them to be closed.

L1:(4) Once a contract or order, and its modifications, has been marked as

L0:?'Closed?' the user or agency cannot change the status and will need to contact the

L0:FPDS help desk to remove the status if it was marked in error.

L0:PGI 204.303 Service contracts inventory.

L0:PGI 204.303-70 DoD reporting thresholds.

L2:(b)(2) Contracts or task orders that meet the threshold at DFARS 204.303-70(b)(1)

L0:and are assigned the following Product Service Codes require service contract

L0:information to be reported in the System for Award Management:

L0:PGI 204.304 System For Award Management.

L0:PGI 204.304-70 Procedures.

L0:The System for Award Management (SAM) website at <https://www.sam.gov> provides

L0:useful documents and online training to assist with SAM navigation and data entry. User

L0:guides and demonstration videos can be found on the SAM homepage, the SAM Help

L0:section located at the top of the website homepage, and the Federal Service Desk

L1:(FSD) website at <https://www.fsd.gov>.

L1:(a) Use SAM as the primary source of contractor information for contract award and

L0:administration, to include supporting contract writing, management, and administration

L0:systems. Do not request or use contractor information from other sources, unless

L0:another source is specifically authorized. At a minimum, supporting systems must use

L0:SAM as the authoritative source for the following data elements, as applicable by

L0:system, when SAM is required in accordance with FAR 4.304:

L1:(1) Unique entity identifier (UEI).

L1:(2) Commercial and Government Entity (CAGE) code.

L1:(3) Taxpayer Identification Number (TIN).

L1:(4) Legal business name.

L1:(5) Doing business as (DBA) name.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(6) Physical address.

L1:(7) Mailing address.

L2:(8)(i) Electronic Funds Transfer (EFT) information (includes American Banking

L0:Association (ABA) routing number, account number, and account Type) and any

L0:additional EFT indicators.

L1:(ii) Ensure that SAM nondisclosure requirements regarding TIN and EFT

L0:information are followed.

L0:PGI 204.308 Contract closeout.

L0:PGI 204.308-170 Procedures for closing out contract files.

L1:(a) Data supporting contract closeout (e.g., DD Form 1594, Contract Completion L0:Statement) are electronically transmitted throughout DoD. Defense Logistics Manual L0:4000.25, Defense Logistics Management Standards (DLMS), Volume 7, Contract L0:Administration, Chapter 4, Contract Completion Status Reporting, available L0:at <https://www.dla.mil/Defense-Data-Standards/Publications/Vol-7-Administration/>, L0:contains detailed instructions regarding closeout and electronic data transmission.

L1:(1) The administration office closeout date for file purposes will be the date in L0:Block 9d of the DD Form 1594 or agency equivalent.

L1:(2) If the contracting office must do a major closeout action that will take longer L0:than 3 months after the date shown in Block 9d of the DD Form 1594?

L1:(i) The purchasing office closeout date for file purposes will be the date in L0:Block 10e of the DD Form 1594 or agency equivalent; and

L1:(ii) The contracting office must notify the contract administration office of the L0:revised closeout date by either sending a copy of the completed DD Form 1594 or by L0:electronically transmitting the data.

L1:(3) Completion of block 10 is not required, when the contracting office accepts L0:the closeout date in block 9d of the DD Form 1594 (or agency equivalent) and the L0:contract completion statement is posted to the Electronic Data Access (EDA) system as L0:required by PGI 204.271.

L1:(4) Closeouts posted to EDA are considered part of the contract file and do not L0:need to be duplicated in any other version of the contract file.

L1:(5) A contract modification is not needed to deobligate excess funds when block L0:5 is completed, and this deobligation will occur upon distribution of the contract L0:completion statement. Send a notification and a copy of the contract completion L0:statement to the comptroller to allow general ledger reconciliation.

L1:(6) A contract qualifies for an automated closeout process if the contract?

L1:(i) Only has firm-fixed-price line items;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204

L1:(ii) Does not exceed \$500,000; and

L1:(iii) Does not include any of the following provision and clauses:
L0:Research and Development.

L1:(A) FAR 52.211-11, Liquidated Damages?Supplies, Services, or

L1:(B) FAR 52.216-7, Allowable Cost and Payment.

L1:(C) FAR 52.227-9, Refund of Royalties.

L1:(D) FAR 52.227-11, Patent Rights?Ownership by the Contractor.

L1:(E) FAR 52.227-13, Patent Rights?Ownership by the Government.

L1:(F) FAR 52.232-16, Progress Payments.

L0:Commercial Products and Commercial Services.

L1:(G) FAR 52.232-29, Terms for Financing of Purchases of

L0:Products and Commercial Services.

L1:(H) FAR 52.232-30, Installment Payments for Commercial

L1:(I) FAR 52.232-32, Performance-Based Payments.

L1:(J) FAR 52.245-1, Government Property.

L1:(K) FAR 52.248-1, Value Engineering.

L0:requirements have been completed prior to closeout.

L1:(iv) DoD components may add further limitations to ensure all contract

L1:(v) Basic ordering agreements, blanket purchase agreements, and

L0:indefinite-delivery contracts can be automatically closed using automated contract

L0:closeout procedures after all orders are closed and the ordering period has expired.

L1:(b) A department or agency requesting a waiver of any provisions of acquisition

L0:law or regulation to carry out the closeout procedures must forward the request and any

L0:supporting documentation to the Office of the Principal Director, Defense Pricing,

L0:Contracting, and Acquisition Policy (Contract Policy) via osd.pentagon.ousd-a-

L0:s.mbx.dpc-cp@mail.mil. The Principal Director, Defense Pricing, Contracting, and

L0:Acquisition Policy, will forward the request to USD(A&S), as appropriate.

L0:PGI 204.308-171 Procedures for closing out contract files- Governmentwide

L0:commercial purchase card as the sole payment.

L0:When the Governmentwide commercial purchase card is the sole method of payment?

L1:(a) The contractor's final invoice is not required to close a contract or order; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(b) The contract completion statement?

L1:(1) Does not require the final voucher number and date;

L1:(2) Does not require the final invoice number and date; however

L1:(3) Requires the final acceptance date.

L1:(c) Additional guidance on the Governmentwide commercial purchase card can be

L0:found at <https://www.acq.osd.mil/asda/dpc/ce/pc/docs-guides.html>.

L0:PGI 204.308-2 Contract closeout by the office administering the contract.

L1:(a) Locally developed forms or a statement of completion may be used instead of

L0:the DD Form 1594, Contract Completion Statement, and use the administration office

L0:closeout date. Whichever method is used, the form must be retained in the contract file

L0:and copies sent to EDA and financial systems using the American National Standards

L0:Institute (ANSI) X12 Electronic Data Interchange (EDI) 567 transaction set.

L1:(b) For contracts valued above the simplified acquisition threshold, prepare a DD

L0:Form 1597, Contract Closeout Check List (or agency equivalent), to ensure that all

L0:required contract actions have been satisfactorily accomplished.

L0:PGI 204.308-270 Closeout of the contracting office files if another office

L0:administers the contract.

L1:(a) When an office other than the contracting office administers the contract, the

L0:administering office must?

L1:(1) Provide the contracting office an interim contract completion statement when

L0:the contract is physically completed using the ANSI X12 567;

L1:(2) Prepare a DD Form 1597, Contract Closeout Check List or agency

L0:equivalent, if necessary, to determine that all the required actions have been completed;

L1:(3) Initiate DD Form 1593, Contract Administration Completion Record, if

L0:necessary to obtain statements from other organizational elements that they have

L0:completed the actions for which they are responsible; and

L1:(4) Upon final payment?

L1:(i) Process a DD Form 1594 or the electronic equivalent verifying that all

L0:contract administration office actions have been completed; and

L1:(ii) Send the original DD Form 1594 or the electronic equivalent to the

L0:contracting office for filing in the contract file and send a copy to EDA and financial

L0:systems using the ANSI X12 567.

L1:(b) If the administrative contracting officer (ACO) cannot close out a contract within

L0:the specified time period (see FAR 4.308-2), the ACO must notify the procuring

L0:contracting officer (PCO) within 45 days after the expiration of the time period of?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(1) The reasons for the delay; and

L1:(2) The new target date for closeout.

L1:(c) If the contract still is not closed out by the new target date, the ACO must again

L0:notify the PCO with the reasons for delay and a new target date.

L0:PGI 204.70?RESERVED

L0:PGI 204.71?RESERVED.

L0:PGI 204.76?SUPPLIER PERFORMANCE RISK SYSTEM

L0:PGI 204.7603 Procedures.

L0:The Supplier Performance Risk System (SPRS) provides item risk, price risk, and

L0:supplier risk assessment on end products and price risk and supplier risk assessment

L0:on services. SPRS provides item and price risk for end products using the material

L0:identifiers listed in paragraphs (a)(1)(i) through (v). SPRS also provides a supplier risk

L0:score for the contractor that provided the product or services. The contracting officer

L0:may consider item risk, price risk, and supplier risk assessments to determine the

L0:performance risk of the offeror or product and to assess the risk of ongoing contractor

L0:performance.

L1:(a) Item risk.

L1:(1) SPRS provides the contracting officer warnings and mitigation strategies for

L0:end products identified by military departments or defense agencies as high risk (due to

L0:diminishing manufacturing sources and material shortages, history of counterfeiting,

L0:etc.). End products are identified by one or more of the following material identifiers:

L1:(i) National Stock Number (NSN).

L1:(ii) Internet Blog Serial Number (IBSN).

L1:(iii) Universal Product Code (UPC).

L1:(iv) Global Standards 1 (GS1).

L1:(v) Manufacturer Commercial and Government Entity (CAGE) and part

L0:number.

L1:(2) Presolicitation. For items identified as high risk in SPRS or by the requiring

L0:activity in purchase requests, the contracting officer must mitigate this risk by including

L0:a clause that addresses first article approval or certificate of conformance in the

L0:solicitation or by applying other risk mitigation strategies.

L1:(b) Price risk. SPRS provides the contracting officer warning of possible over- or

L0:under-payment risks based on historical purchase data.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(c) Supplier risk. SPRS provides the contracting officer a score for the assessment

L0:of the contractor's performance. The supplier risk score includes data associated with

L0:the contractor's quality and delivery data.

L1:(d) Evaluation of quotations or offers for supplies. During the evaluation of the

L0:offers received for supplies or services that contain supplies, the contracting officer

L0:must consider the risk assessments available in SPRS.

L1:(e) Award and documentation.

L1:(1) In determining a price fair and reasonable, the contracting officer must

L0:review the price risk data provided in SPRS and follow the procedures at

L0:FAR 12.203 or 15.4 to make an award decision. In the event that price risk has been

L0:identified, the contracting officer must perform further price analysis.

L1:(2) In assessing offeror performance capabilities, the contracting officer must

L0:review the supplier risk data provided in SPRS and tailor the contract oversight for risk.

L0:Mitigate supplier risk by?

L1:(i) Including clauses to strengthen oversight (e.g., a clause that addresses

L0:first article testing or certificate of conformance); and

L1:(ii) Removing discretionary clauses to recognize successful performance

L0:(e.g., a clause that addresses first article testing).

L1:(3) The contracting officer must document the contract file on any action taken

L0:as a result of information obtained from SPRS.

204.208 Solicitation provisions and contract clauses

Status: active

L0:204.208 Solicitation provisions and contract clauses.

204.208-70 Solicitation provisions and contract clauses

Status: active

L0:204.208-70 Solicitation provisions and contract clauses.

L0:When using the provision at FAR 52.204-7, System for Award Management?

L0:Registration?

L1:(a) Insert the provision with 252.204-7998, Alternate A, Annual

L0:Representations and Certifications; and

L1:(b) Do not include the following provisions separately in the solicitation,

L0:which are included in DFARS 252.204-7998:

L1:(1) 252.204-7016, Covered Defense Telecommunications Equipment or

L0:Services?Representation.

L1:(2) 252.209-7002, Disclosure of Ownership or Control by a Foreign

L0:Government.

L1:(3) 252.216-7008, Economic Price Adjustment?Wage Rates or Material

L0:Prices Controlled by a Foreign Government?Representation.

L1:(4) 252.225-7000, Buy American?Balance of Payments Program
 L0:Certificate.

L1:(5) 252.225-7020, Trade Agreements Certificate.

L1:(6) 252.225-7031, Secondary Arab Boycott of Israel.

L1:(7) 252.225-7035, Buy American?Free Trade Agreements?Balance of
 L0:Payments Program Certificate.

L1:(8) 252.225-7042, Authorization to Perform.

L1:(9) 252.225-7049, Prohibition on Acquisition of Certain Foreign
 L0:Commercial Satellite Services?Representations.

L1:(10) 252.225-7050, Disclosure of Ownership or Control by the
 L0:Government of a Country that is a State Sponsor of Terrorism.

L1:(11) 252.226-7002, Representation for Demonstration Project for
 L0:Contractors Employing Persons with Disabilities.

L1:(12) 252.229-7012, Tax Exemptions (Italy)?Representation.

L1:(13) 252.229-7013, Tax Exemptions (Spain)?Representation.
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
 L0:Defense FAR Supplement (DFARS) Part 204

L1:(14) 252.232-7015, Performance-Based Payments?Representation.

204.208-71 Additional contract clauses

Status: active

L0:204.208-71 Additional contract clauses.

L1:(a) Insert the basic or the alternate of the clause at 252.204-7023, Reporting
 L0:Requirements for Contracted Services, in solicitations, contracts, agreements, and
 L0:orders, including solicitations and contracts using FAR part 12 procedures for the
 L0:acquisition of commercial products and commercial services, that?

L1:(1) Have a total estimated value, including options, that exceeds \$3 million;
 L0:and

L1:(2) Are for services in the following service acquisition portfolio groups:

L1:(i) Logistics management services.

L1:(ii) Equipment-related services.

L1:(iii) Knowledge-based services.

L1:(iv) Electronics and communications services.

L1:(b) Insert the basic clause in solicitations and contracts, except solicitations
 L0:and resultant awards of indefinite-delivery contracts, and orders placed under non-
 L0:DoD contracts that meet the criteria in paragraph (a)(1) of this section.

L1:(c) Insert the alternate I clause in solicitations and resultant awards of
 L0:indefinite-delivery contracts, basic ordering agreements, and blanket purchase
 L0:agreements, when one or more of the orders under the contract or agreement are
 L0:expected to meet the criteria in paragraph (a)(1) of this section.

204.270 Electronic Data Access

Status: active

L0:204.270 Electronic Data Access.

L0:See PGI 204.270 for information on the policies and procedures for the Electronic

L0:Data Access (EDA) system.

204.271 Contract distribution

Status: active

L0:204.271 Contract distribution.

L0:Contracting officers must distribute one signed copy or reproduction of the signed

L0:contract to the contractor, payment office, and all other entities on the contract

L0:distribution list. See PGI 204.271 for guidance on the distribution of contracts and

L0:modifications.

204.301 Contract Reporting

Status: active

L0:204.301 Contract Reporting

L0:In addition to FAR 4.301, see PGI 204.301 for contract reporting policy and follow

L0:the procedures at PGI 204.301-71 for reporting data to the Federal Procurement

L0:Data System (FPDS).

204.301-70 General

Status: active

L0:204.301-70 General.

L0:See PGI 204.301-70 for additional information on FPDS and procedures for

L0:resolving technical or policy issues relating to FPDS.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

204.301-71 Responsibilities

Status: active

L0:204.301-71 Responsibilities.

L0:In addition to the requirements at FAR 4.301(f)?

L1:(a) The process for reporting contract actions to FPDS should, where possible, be

L0:automated by incorporating it into contract writing systems.

L1:(b) Data in FPDS is stored indefinitely and is electronically retrievable.

L0:Therefore, the contracting officer may reference the contract action report (CAR)

L0:approval date in the associated Government contract file instead of including a

L0:paper copy of the electronically submitted CAR in the file. Such reference satisfies

L0:contract file documentation requirements of FAR 4.101.
L1:(c) By December 15th of each year, the chief acquisition officer of each DoD
L0:component required to report its contract actions must submit to the Principal
L0:Director, Defense Pricing, Contracting, and Acquisition Policy, its annual
L0:certification and data validation results for the preceding fiscal year in accordance
L0:with the DoD Data Improvement Plan requirements at
L0:<https://www.acq.osd.mil/asda/dpc/ce/cap/index.html>. The Principal Director,
L0:Defense Pricing, Contracting, and Acquisition Policy, will submit a consolidated
L0:DoD annual certification to the Office of Management and Budget by January 5th of
L0:each year.

204.301-72 Reporting data

Status: active

L0:204.301-72 Reporting data.
L0:In addition to FAR 4.301, follow the procedures at PGI 204.301-72 for reporting
L0:data to FPDS.

204.303 Service contracts inventory

Status: active

L0:204.303 Service contracts inventory.

204.303-70 DoD reporting thresholds

Status: active

L0:204.303-70 DoD reporting thresholds.
L1:(a) Requirement. This section prescribes the requirement to report certain
L0:contracted services in accordance with 10 U.S.C. 4505.
L1:(b) Reporting requirements thresholds. Service contractor reporting of
L0:information is required in the System for Award Management (SAM) when a
L0:contract or order?
L1:(1) Has a total estimated value, including options, that exceeds \$3 million;
L0:and
L1:(2) Is for services in the following service acquisition portfolio groups (see
L0:PGI 204.303-70(b)(2)) for a list of applicable product and service codes):
L1:(i) Logistics management services.
L1:(ii) Equipment-related services.
L1:(iii) Knowledge-based services.
L1:(iv) Electronics and communications services.

204.303-71 Contractor reporting

Status: active

L0:204.303-71 Contractor reporting.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(a) The basic and the alternate of the clause at 252.204-7023, Reporting

L0:Requirements for Contracted Services, require contractors to report annually, by

L0:October 31, on the services performed under the contract or order, including any

L0:first-tier subcontracts, during the preceding Government fiscal year.

L1:(b) For indefinite-delivery contracts, basic ordering agreements, and blanket

L0:purchase agreements?

L1:(1) Contractor reporting is required for each order issued under the contract

L0:or agreement that meets the requirements of paragraph (b) of this section; and

L1:(2) Service contract reporting is not required for the basic contract or

L0:agreement.

204.304 System For Award Management

Status: active

L0:204.304 System For Award Management.

204.304-70 Procedures

Status: active

L0:204.304-70 Procedures.

L0:See PGI 204.304-70 for information on navigation and data entry in the System for

L0:Award Management (SAM) database.

L1:(a) On contract award documents, use the contractor's legal or ?doing business

L0:as? name and physical address information as recorded in the SAM database at the

L0:time of award.

L1:(b) When making a determination to exercise an option, or at any other time

L0:before issuing a modification other than a unilateral modification making an

L0:administrative change, ensure that?

L1:(1) The contractor's record is active in the SAM database; and

L1:(2) The contractor's unique entity identifier (UEI) number, Commercial and

L0:Government Entity (CAGE) code, name, and physical address are accurately

L0:reflected in the contract document.

L1:(c) At any time, if the UEI number, CAGE code, contractor name, or physical

L0:address on a contract no longer matches the information on the contractor's record

L0:in the SAM database, the contracting officer must process a novation or change-of-

L0:name agreement, or an address change, as appropriate.

L1:(d) See PGI 204.304-70 for additional requirements relating to use of

L0:information in the SAM database.

L1:(e) On contractual documents transmitted to the payment office, provide the

L0:CAGE code, instead of the UEI, in accordance with agency procedures.

204.308 Contract closeout

Status: active

L0:204.308 Contract closeout.

204.308-170 Procedures for closing out contract files

Status: active

L0:204.308-170 Procedures for closing out contract files.

L1:(a) Except as provided in paragraph (c) of this section, contracting officers must

L0:close out contracts in accordance with the procedures at PGI 204.308-170. The

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:closeout date for file purposes must be determined and documented by the

L0:procuring contracting officer.

L1:(b) The head of the contracting activity must assign the highest priority to

L0:closeout of contracts awarded for performance in a contingency area. Heads of

L0:contracting activities must monitor and assess on a regular basis the progress of

L0:contingency contract closeout activities and take appropriate steps if a backlog

L0:occurs. For guidance on the planning and execution of closing out such contracts,

L0:see PGI 207.104-70(b)(2)(vii)(B).

L2:(c)(1) In accordance with section 836 of the National Defense Authorization Act

L0:for Fiscal Year 2017 (Pub. L. 114-328), contracting officers may close out contracts

L0:or groups of contracts through issuance of one or more modifications to such

L0:contracts without completing a reconciliation audit or other corrective action in

L0:accordance with FAR 4.308-1(a)(3) through (15), as appropriate, if each contract?

L2:(i)(A) For military construction (as defined at 10 U.S.C. 2801) or

L0:shipbuilding, was awarded at least 10 fiscal years before the current fiscal year;

L0:the current fiscal year;

L1:(B) For all other contracts, was awarded at least 7 fiscal years before

L1:(ii) The performance or delivery was completed at least 4 years prior to

L0:the current fiscal year; and

L1:(iii) Has been determined by a contracting official, at least one level

L0:above the contracting officer, to be not otherwise reconcilable, because?

L0:lost; or

L1:(A) The contract or related payment records have been destroyed or

L1:(B) Although contract or related payment records are available, the

L0:time or effort required to establish the exact amount owed to the U.S. Government

L0:or amount owed to the contractor is disproportionate to the amount at issue.

L1:(2) Any contract or group of contracts meeting the requirements of

L0:paragraph (c)(1) of this section may be closed out through a negotiated settlement

L0:with the contractor. Except as provided in paragraph (3)(ii)(B) of this section, the

L0:contract closeout process must include a bilateral modification of the affected
L0:contract, including those contracts that are closed out in accordance with a
L0:negotiated settlement.

L1:(i) For a contract or groups of contracts, the contracting officer must
L0:prepare a negotiation settlement memorandum that describes how the
L0:requirements of paragraph (c)(1) of this section have been met.

L1:(ii) For a group of contracts, a bilateral modification of at least one
L0:contract must be made to reflect the negotiated settlement for a group of contracts,
L0:and unilateral modifications may be made, as appropriate, to other contracts in the
L0:group to reflect the negotiated settlement.

L1:(3) For contract closeout actions under paragraph (c) of this section,
L0:remaining contract balances?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204

L1:(i) May be offset with balances in other contract line items within the
L0:same contract, regardless of the year or type of appropriation obligated to fund each
L0:contract line item and regardless of whether the appropriation obligated to fund
L0:such contract line item has closed; and

L1:(ii) May be offset with balances on other contracts, regardless of the year
L0:or type of appropriations obligated to fund each contract and regardless of whether
L0:such appropriations have closed.

L1:(4) USD(A&S) is authorized to waive any provision of acquisition law or
L0:regulation in order to carry out the closeout procedures authorized in paragraph
L2:(c)(1) of this section (see procedures at PGI 204.308-170(c)(iv)).

L1:(d) When using the clause at 252.204-7022, Expediting Contract Closeout, to
L0:expedite contract closeout, determine the residual dollar amount upon completion of
L0:all applicable closeout requirements of FAR 4.308.

204.308-171 Procedures for closing out contract files?Governmentwide

Status: active

L0:204.308-171 Procedures for closing out contract files?Governmentwide
L0:commercial purchase card as the sole payment.
L0:Follow the procedures at PGI 204.308-171 to close out contract files when the
L0:Governmentwide commercial purchase card is the sole method of payment.

204.308-2 Contract closeout by the office administering the contract

Status: active

L0:204.308-2 Contract closeout by the office administering the contract.
L0:See PGI 204.308-2 for information on contract closeout by the office administering
L0:the contract.

204.308-270 Closeout of the contracting office files if another office

Status: active

L0:204.308-270 Closeout of the contracting office files if another office

L0:administers the contract.

L0:See PGI 204.308-270 when another office, other than the contracting office

L0:administers the contract.

204.308-70 Contract clause

Status: active

L0:204.308-70 Contract clause.

L0:Insert the clause at 252.204-7022, Expediting Contract Closeout, in solicitations

L0:and contracts, including solicitations and contracts using FAR part 12 procedures

L0:for the acquisition of commercial products and commercial services, when the

L0:contracting officer intends to expedite contract closeout through the mutual waiver

L0:of entitlement to a residual dollar amount of \$1,000 or less determined at the time

L0:of contract closeout.

204.309 Storage, handling, and contract files

Status: active

L0:204.309 Storage, handling, and contract files.

204.309-70 Handling of contract files

Status: active

L0:204.309-70 Handling of contract files.

L0:Any document posted to the Electronic Data Access (EDA) system is part of the

L0:contract file and is accessible by multiple parties, including the contractor. Do not

L0:include in EDA contract documents that are classified, too sensitive for widespread

L0:distribution (e.g., personally identifiable information and Privacy Act and Health

L0:Insurance Portability and Accountability Act), or attachments that cannot be

L0:practicably converted to electronic format (e.g., samples, drawings, and models).

L0:Inclusion of any document in EDA other than contracts, modifications, and orders is

L0:optional.

204.705-70 Specific retention periods

Status: active

L0:204.705-70 Specific retention periods.

L1:(a) The sources of the period for which contract files must be retained are

L0:General Records Schedule 3 (Procurement, Supply, and Grant Records) and General

L0:Records Schedule 6 (Accountable Officers' Accounts Records). Copies of the General L0:Records Schedule may be obtained from the National Archives and Records L0:Administration, Washington, DC 20408.

L1:(b) Deviations from the periods cannot be granted by the Defense Acquisition

L0:Regulatory Council. Forward requests for deviations to both the Government

L0:Accountability Office and the National Archives and Records Administration.

L1:(c) Hold completed contract files in the office responsible for maintaining them

L0:for a period of 12 months after completion. After the initial 12-month period, send

L0:the records to the local records holding or staging area until they are eligible for

L0:destruction. If no space is available locally, transfer the files to the General

L0:Services Administration Federal Records Center that services the area.

L1:(d) Duplicate or working contract files should not contain originals of materials

L0:that properly belong in the official files. Destroy working files as soon as

L0:practicable once they are no longer needed.

L1:(e) Retain pricing review files, containing documents related to reviews of the

L0:contractor's price proposals, subject to certified cost or pricing data (see FAR 15.403-

L0:4), for six years. If it is impossible to determine the final payment date in order to

L0:measure the six-year period, retain the files for nine years.

204.7200 Scope of subpart

Status: active

L0:204.7200 Scope of subpart.

L0:This subpart provides policy and guidance related to antiterrorism awareness

L0:training for contractor personnel who require routine physical access to a Federally-

L0:controlled facility or military installation.

204.7201 Definition

Status: active

L0:204.7201 Definition.

L0:As used in this subpart?

L0:?"Military installation?" means a base, camp, post, station, yard, center, or other

L0:activity under the jurisdiction of the Secretary of a military department or, in the

L0:case of an activity in a foreign country, under the operational control of the

L0:Secretary of a military department or the Secretary of Defense (see 10 U.S.C.

L0:2801(c)(4)).

204.7202 Policy

Status: active

L0:204.7202 Policy.

L0:It is DoD policy that?

L1:(a) Contractor personnel who, as a condition of contract performance, require
L0:routinely physical access to a Federally-controlled facility or military installation are
L0:required to complete Level I antiterrorism awareness training within 30 days of
L0:requiring access and annually thereafter; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204
L1:(b) In accordance with Department of Defense Instruction O-2000.16, Volume 1,
L0:DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I
L0:antiterrorism awareness training may be completed?
L1:(1) Through a DoD-sponsored and certified computer or web-based distance
L0:learning instruction for Level I antiterrorism awareness; or
L1:(2) Under the instruction of a qualified Level I antiterrorism awareness
L0:instructor.

204.7203 Contract clause

Status: active

L0:204.7203 Contract clause.
L0:Insert the clause at 252.204-7004, DoD Antiterrorism Awareness Training for
L0:Contractors, in solicitations and contracts, including solicitations and contracts
L0:using FAR part 12 procedures for the acquisition of commercial products and
L0:commercial services, when contractor personnel require routine physical access to a
L0:Federally-controlled facility or military installation.

204.7400 Scope of subpart

Status: active

L0:204.7400 Scope of subpart.
L0:This subpart prescribes policies and procedures for the release and safeguarding of
L0:information to litigation support contractors. It implements the requirements at 10
L0:U.S.C. 129d.

204.7401 Definitions

Status: active

L0:204.7401 Definitions.
L0:As used in this subpart?
L0:Computer software? means computer programs, source code, source code
L0:listings, object code listings, design details, algorithms, processes, flow charts,
L0:formulae, and related material that would enable the software to be reproduced,
L0:recreated, or recompiled. Computer software does not include computer data bases
L0:or computer software documentation.
L0:Litigation information? means any information, including sensitive information,

L0:that is furnished to the contractor by or on behalf of the Government, or that is
L0:generated or obtained by the contractor in the performance of litigation support
L0:under a contract. The term does not include information that is lawfully, publicly
L0:available without restriction, including information contained in a publicly
L0:available solicitation.

L0:?Litigation support? means administrative, technical, or professional services
L0:provided in support of the Government during or in anticipation of litigation.

L0:?Litigation support contractor? means a contractor (including its experts,
L0:technical consultants, subcontractors, and suppliers) providing litigation support
L0:under a contract that contains the clause at 252.204-7014, Limitations on the Use
L0:or Disclosure of Information by Litigation Support Contractors.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204

L0:?Sensitive information? means controlled unclassified information of a
L0:commercial, financial, proprietary, or privileged nature. The term includes
L0:technical data and computer software, but does not include information that is
L0:lawfully, publicly available without restriction.

L0:?Technical data? means recorded information, regardless of the form or method
L0:of the recording, of a scientific or technical nature (including computer software
L0:documentation). The term does not include computer software or data incidental to
L0:contract administration, such as financial and/or management information.

204.7402 Policy

Status: active

L0:204.7402 Policy.

L1:(a) Any release or disclosure of litigation information that includes sensitive
L0:information to a litigation support contractor, and the litigation support contractor's
L0:use and handling of such information, must comply with the requirements of 10
L0:U.S.C. 129d.

L1:(b) To the maximum extent practicable, DoD will provide notice to an offeror or
L0:contractor submitting, delivering, or otherwise providing information to DoD in
L0:connection with an offer or performance of a contract that such information may be
L0:released or disclosed to litigation support contractors.

L1:(c) Information that is publicly available without restriction, including publicly
L0:available solicitations for litigation support services, will not be protected from
L0:disclosure as litigation information.

L1:(d) When sharing sensitive information with a litigation support contractor,
L0:contracting officers must ensure that all other applicable requirements for handling
L0:and safeguarding the relevant types of sensitive information are included in the
L0:contract (e.g., FAR part 40 and subpart 24.1; DFARS part 240 and subpart 224.1).

204.7403 Contract clauses

Status: active

L0:204.7403 Contract clauses.

L1:(a) Insert the clause at 252.204-7014, Limitations on the Use or Disclosure of

L0:Information by Litigation Support Contractors, in all solicitations and contracts

L0:that involve litigation support services, including solicitations and contracts using

L0:FAR part 12 procedures for the acquisition of commercial products and commercial

L0:services.

L1:(b) Insert the clause at 252.204-7015, Notice of Authorized Disclosure of

L0:Information for Litigation Support, in solicitations and contracts that involve

L0:litigation support services, including solicitations and contracts using FAR part 12

L0:procedures for the acquisition of commercial products and commercial services.

204.7600 Scope of subpart

Status: active

L0:204.7600 Scope of subpart.

L0:This subpart provides policies and procedures for use of the Supplier Performance

L0:Risk System (SPRS) risk assessments in the evaluation of a quotation or offer.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

204.7601 Definitions

Status: active

L0:204.7601 Definitions.

L0:As used in this subpart?

L0:Item risk? means the probability that a product, based on intended use, will

L0:introduce performance risk resulting in safety issues, mission degradation, or

L0:monetary loss.

L0:Price risk? means the measure of whether a proposed price for a product or

L0:service is consistent with historical prices paid for that item or service.

L0:Supplier risk? means the probability that an award may subject the

L0:procurement to the risk of unsuccessful performance or to supply chain risk.

204.7602 Applicability

Status: active

L0:204.7602 Applicability.

L0:Use of SPRS risk assessments is required for the evaluation of quotations or offers

L0:in response to solicitations for supplies and services, including solicitations using

L0:FAR part 12 procedures for the acquisition of commercial products and commercial

L0:services, excluding solicitations for the procurement of supplies or services

L0:exempted by the Department of Defense Instruction (DoDI) 5000.79, Defense-wide

L0:Sharing and Use of Supplier and Product Performance Information. SPRS retrieves
L0:item, price, quality, delivery, and contractor information from contracts in
L0:Government reporting systems in order to develop risk assessments of contractors.
L0:SPRS is available at <https://piee.eb.mil/>, and the SPRS user's guides are available
L0:at <https://www.sprs.csd.disa.mil/reference.htm>.

204.7603 Procedures

Status: active

L0:204.7603 Procedures.

L0:The contracting officer must consider price risk and supplier risk, if available in
L0:SPRS, as a part of the award decision. For procurement of an end product
L0:identified by a material identifier that is available as described at PGI 204.7603,
L0:the contracting officer must also consider assessments of item risk, if available, as a
L0:part of the award decision. Offerors or quoters without a risk assessment in SPRS
L0:must not be considered favorably or unfavorably. Contracting officers must use
L0:their discretion in considering the information available in SPRS on item risk, price
L0:risk, and supplier risk as follows:

L1:(a) Item risk.

L1:(1) Consider item risk to determine whether the procurement of products
L0:represents a high performance risk to the Government. If an item has a high risk
L0:rating, then the SPRS item risk report will display the reason(s) an item is
L0:identified as high risk.

L1:(2) Before issuing a solicitation for the procurement of an end product
L0:identified by a material identifier that is available as described at PGI 204.7603,
L0:the contracting officer must ensure a SPRS item risk search has been performed
L0:and must consider any item risk warnings provided. When evaluating quotations or
L0:offers for an end product identified by a material identifier, a SPRS item risk search
L0:is required for any end product that did not have an item risk search performed
L0:prior to solicitation. If there are item risk warnings, the contracting officer must
L0:consider strategies to mitigate risk, such as the following:

L1:(i) Consulting with the program office.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204

L1:(ii) Including mitigating requirements in the statement of work, as
L0:provided by the requiring activity.

L1:(iii) Including FAR and DFARS clauses identified in the SPRS
L0:application, as appropriate.

L1:(b) Price risk.

L1:(1) When procuring a service or an end product identified by a material
L0:identifier that is available as described at PGI 204.7603, the contracting officer
L0:must consider price risk assessment in determining if a proposed price is consistent
L0:with historical prices paid for an item or otherwise creates a risk to the
L0:Government. Contracting officers must not rely solely on the price risk assessment

L0:when determining prices to be fair and reasonable.

L1:(2) The contracting officer must consider strategies to mitigate price risk,

L0:such as the following:

L1:(i) Not awarding to offerors or quoters with high risk price ratings unless

L0:there is a way to justify the price through additional price or cost analysis.

L1:(ii) Utilizing appropriate price negotiation techniques and procedures.

L1:(iii) Using price reasonableness or price realism techniques at FAR

13.203 or 15.4. See also 215.403-3 when making award decisions

Status: active

L0:13.203 or 15.4. See also 215.403-3 when making award decisions.

L1:(c) Supplier risk. The contracting officer must consider supplier risk, to assess

L0:the risk of unsuccessful performance and supply chain risk, in award decisions.

L0:Supplier risk assessments in SPRS include quality, delivery, and other contractor

L0:performance information.

204.7604 Solicitation provision

Status: active

L0:204.7604 Solicitation provision.

L0:Except for supplies or services exempted by DoDI 5000.79, insert the provision at

L0:252.204-7024, Notice on the Use of the Supplier Performance Risk System, in

L0:solicitations for supplies and services, including solicitations using FAR part 12

L0:procedures for the acquisition of commercial products and commercial services.

204.770 U.S.-International Atomic Energy Agency Additional Protocol

Status: active

L0:204.770 U.S.-International Atomic Energy Agency Additional Protocol.

204.770-1 General

Status: active

L0:204.770-1 General.

L0:Under the U.S.-International Atomic Energy Agency Additional Protocol (U.S.-

L0:IAEA AP), the United States is required to declare a wide range of public and

L0:private nuclear-related activities to the IAEA and potentially provide access to

L0:IAEA inspectors for verification purposes.

204.770-2 National security exclusion

Status: active

L0:204.770-2 National security exclusion.

L1:(a) The U.S.-IAEA AP permits the United States unilaterally to declare

L0:exclusions from inspection requirements for activities, or locations or information

L0:associated with such activities, with direct national security significance.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(b) In order to ensure that all relevant activities are reviewed for direct national

L0:security significance, both current and former activities, and associated locations or

L0:information, are to be considered for applicability for a national security exclusion.

L1:(c) If a DoD program manager receives notification from a contractor that the

L0:contractor is required to report any of its activities in accordance with the U.S.-

L0:IAEA AP, the program manager will?

L1:(1) Conduct a security assessment to determine if, and by what means,

L0:access may be granted to the IAEA; or

L1:(2) Provide written justification to the component or agency treaty office for

L0:application of the national security exclusion at that location to exclude access by

L0:the IAEA, in accordance with DoD Instruction 2060.03, Application of the National

L0:Security Exclusion to the Agreements Between the United States of America and

L0:the International Atomic Energy Agency for the Application of Safeguards in the

L0:United States of America.

204.770-3 Contract clause

Status: active

L0:204.770-3 Contract clause.

L0:Insert the clause at 252.204-7010, Requirement for Contractor to Notify DoD if the

L0:Contractor's Activities are Subject to Reporting Under the U.S.-International

L0:Atomic Energy Agency Additional Protocol, in solicitations and contracts for

L0:research and development or major defense acquisition programs involving?

L1:(a) Any fissionable materials (e.g., uranium, plutonium, neptunium, thorium,

L0:americium);

L1:(b) Other radiological source materials; or

L1:(c) Technologies directly related to nuclear power production, including nuclear

L0:or radiological waste materials.

252.204-7002 Payment for Contract Line or Subline Items Not Separately

Status: active

L0:252.204-7002 Payment for Contract Line or Subline Items Not Separately

L0:Priced.

L0:As prescribed in 204.202-79(a), Insert the following clause:

L0:Payment for Contract Line or Subline Items Not Separately Priced (APR 2020)

L1:(a) If the schedule in this contract contains any contract line or subline items
L0:identified as not separately priced (NSP), it means that the unit price for the NSP
L0:line or subline item is included in the unit price of another, related line or subline
L0:item.
L1:(b) The Contractor shall not invoice the Government for an item that includes in
L0:its price an NSP item until?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204
L1:(1) The Contractor has also delivered the NSP item included in the price of
L0:the item being invoiced; and
L1:(2) The Government has accepted the NSP item.
L1:(c) This clause does not apply to technical data.
L0:(End of clause)

252.204-7004 Antiterrorism Awareness Training for Contractors

Status: active

L0:252.204-7004 Antiterrorism Awareness Training for Contractors.
L0:As prescribed in 204.7203, insert the following clause:
L0:Antiterrorism Awareness Training for Contractors (JAN 2023)
L1:(a) Definition. As used in this clause?
L0:Military installation means a base, camp, post, station, yard, center, or other
L0:activity under the jurisdiction of the Secretary of a military department or, in the
L0:case of an activity in a foreign country, under the operational control of the
L0:Secretary of a military department or the Secretary of Defense (see 10 U.S.C.
L0:2801(c)(4)).
L1:(b) Training. Contractor personnel who require routine physical access to a
L0:Federally-controlled facility or military installation shall complete Level I
L0:antiterrorism awareness training within 30 days of requiring access and annually
L0:thereafter. In accordance with Department of Defense Instruction O-2000.16
L0:Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards,
L0:Level I antiterrorism awareness training shall be completed?
L1:(1) Through a DoD-sponsored and certified computer or web-based distance
L0:learning instruction for Level I antiterrorism awareness; or
L1:(2) Under the instruction of a Level I antiterrorism awareness instructor.
L1:(c) Additional information. Information and guidance pertaining to DoD
L0:antiterrorism awareness training is available at <https://jko.jten.mil/> or as
L0:otherwise identified in the performance work statement.
L1:(d) Subcontracts. The Contractor shall include the substance of this clause,
L0:including this paragraph (d), in subcontracts, including subcontracts for commercial
L0:products and commercial services, when subcontractor performance requires
L0:routine physical access to a Federally-controlled facility or military installation.
L0:(End of clause)

252.204-7006 Billing Instructions?Cost Vouchers

Status: active

L0:252.204-7006 Billing Instructions?Cost Vouchers.
 L0:As prescribed in 204.202-79(b), insert the following clause:
 L0:Billing Instructions?Cost Vouchers (MAY 2023)
 L0:When submitting a request for payment using a cost voucher, the Contractor
 L0:shall?
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
 L0:Defense FAR Supplement (DFARS) Part 204
 L1:(a) Identify the contract line item(s) on the payment request that reasonably
 L0:reflect contract work performance; and
 L1:(b) Separately identify a payment amount for each contract line item included in
 L0:the payment request.
 L0:(End of clause)

252.204-7998 Alternate A, Annual Representations and Certifications

Status: active

L0:252.204-7998 Alternate A, Annual Representations and Certifications.
 L0:As prescribed in 204.208(b), insert the following provision:
L0:ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS
L0:(DEVIATION 2026-O0043)(FEB 2026)
 L0:Include the following paragraphs (e), (f), and (g) in the provision at FAR 52.204-7:
 L2:(e)(1) If the provision at FAR 52.204-7, System for Award Management -
 L0:Registration, is included in this solicitation, paragraph (g) of this provision applies.
 L1:(2) If the provision at FAR 52.204-7, System for Award Management -
 L0:Registration, is not included in this solicitation, and the Offeror has an active
 L0:registration in the System for Award Management (SAM), the Offeror may choose
 L0:to use paragraph (g) of this provision instead of completing the corresponding
 L0:individual representations and certifications in the solicitation. The Offeror shall
 L0:indicate which option applies by checking one of the following boxes:
 L0:____ (i) Paragraph (g) applies.
 L0:____ (ii) Paragraph (g) does not apply and the Offeror has completed the
 L0:individual representations and certifications in the solicitation.
 L2:(f)(1) The following representations or certifications in the SAM database are
 L0:applicable to this solicitation as indicated:
 L1:(i) 252.204-7016, Covered Defense Telecommunications Equipment or
 L0:Services?Representation. Applies to all solicitations.
 L1:(ii) 252.216-7008, Economic Price Adjustment?Wage Rates or Material
 L0:Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price
 L0:supply and service contracts when the contract is to be performed wholly or in part
 L0:in a foreign country, and a foreign government controls wage rates or material
 L0:prices and may during contract performance impose a mandatory change in wages

L0:or prices of materials.

L1:(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations

L0:when performance will be wholly or in part in a foreign country.

L1:(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign

L0:Commercial Satellite Services?Representations. Applies to solicitations for the

L0:acquisition of commercial satellite services.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(v) 252.225-7050, Disclosure of Ownership or Control by the Government

L0:of a Country that is a State Sponsor of Terrorism. Applies to all solicitations

L0:expected to result in contracts of \$150,000 or more.

L1:(vi) 252.229-7012, Tax Exemptions (Italy)?Representation. Applies to

L0:solicitations when contract performance will be in Italy.

L1:(vii) 252.229-7013, Tax Exemptions (Spain)?Representation. Applies to

L0:solicitations when contract performance will be in Spain.

L1:(2) The following representations or certifications in SAM are applicable to

L0:this solicitation as indicated by the Contracting Officer: [Contracting Officer check

L0:as appropriate.]

L0:____(i) 252.209-7002, Disclosure of Ownership or Control by a Foreign

L0:Government.

L0:____(ii) 252.225-7000, Buy American?Balance of Payments Program

L0:Certificate.

L0:____(iii) 252.225-7020, Trade Agreements Certificate.

L0:____Use with Alternate I.

L0:____(iv) 252.225-7031, Secondary Arab Boycott of Israel.

L0:____(v) 252.225-7035, Buy American?Free Trade Agreements?Balance

L0:of Payments Program Certificate.

L0:____Use with Alternate I.

L0:____Use with Alternate II.

L0:____Use with Alternate III.

L0:____Use with Alternate IV.

L0:____Use with Alternate V.

L0:____(vi) 252.226-7002, Representation for Demonstration Project for

L0:Contractors Employing Persons with Disabilities.

L0:____(vii) 252.232-7015, Performance-Based Payments?Representation.

L1:(g) The Offeror has completed the annual representations and certifications

L0:electronically via the SAM website at <https://www.sam.gov> After reviewing the

L0:SAM database information, the Offeror verifies by submission of the offer that the

L0:representations and certifications currently posted electronically that apply to this

L0:solicitation as indicated in FAR 52.204-7 and paragraph (f) of this provision have

L0:been entered or updated within the last 12 months, are current, accurate, complete,

L0:and applicable to this solicitation (including the business size standard applicable to

L0:the NAICS code referenced for this solicitation), as of the date of this offer, and are

L0:incorporated in this offer by reference (see FAR 4.203-1); except for the changes

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:identified below [Offeror to insert changes, identifying change by provision number, L0:title, date]. These amended representation(s) and/or certification(s) are also L0:incorporated in this offer and are current, accurate, and complete as of the date of L0:this offer.

L0:FAR/DFARS provision No.

L0>Title

L0:Date

L0:Change

L0:Any changes provided by the Offeror are applicable to this solicitation only, and do

L0:not result in an update to the representations and certifications located in the SAM

L0:database.

L0:(End of provision)

252.204-7010 Requirement for Contractor to Notify DoD if the Contractor's

Status: active

L0:252.204-7010 Requirement for Contractor to Notify DoD if the Contractor's

L0:Activities are Subject to Reporting Under the U.S.-International Atomic

L0:Energy Agency Additional Protocol.

L0:As prescribed in 204.770-3, insert the following clause:

L0:Requirement for Contractor to Notify DoD if the Contractor's Activities Are Subject

L0:to Reporting Under the U.S.-International Atomic Energy Agency Additional

L0:Protocol (JAN 2009)

L1:(a) If the Contractor is required to report any of its activities in accordance with

L0:Department of Commerce regulations (15 CFR part 781 et seq.) or Nuclear

L0:Regulatory Commission regulations (10 CFR part 75) in order to implement the

L0:declarations required by the U.S.-International Atomic Energy Agency Additional

L0:Protocol (U.S.-IAEA AP), the Contractor shall?

L1:(1) Immediately provide written notification to the following DoD Program

L0:Manager:

L0:[Contracting Officer to insert Program Manager's name, mailing address, e-mail

L0:address, telephone number, and facsimile number];

L1:(2) Include in the notification?

L1:(i) Where DoD contract activities or information are located relative to

L0:the activities or information to be declared to the Department of Commerce or the

L0:Nuclear Regulatory Commission; and

L1:(ii) If or when any current or former DoD contract activities and the

L0:activities to be declared to the Department of Commerce or the Nuclear Regulatory

L0:Commission have been or will be co-located or located near enough to one another to

L0:result in disclosure of the DoD activities during an IAEA inspection or visit; and

L1:(3) Provide a copy of the notification to the Contracting Officer.

L1:(b) After receipt of a notification submitted in accordance with paragraph (a) of

L0:this clause, the DoD Program Manager will?

L1:(1) Conduct a security assessment to determine if and by what means access

L0:may be granted to the IAEA; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(2) Provide written justification to the component or agency treaty office for

L0:a national security exclusion, in accordance with DoD Instruction 2060.03,

L0:Application of the National Security Exclusion to the Agreements Between the

L0:United States of America and the International Atomic Energy Agency for the

L0:Application of Safeguards in the United States of America. DoD will notify the

L0:Contractor if a national security exclusion is applied at the Contractor's location to

L0:prohibit access by the IAEA.

L1:(c) If the DoD Program Manager determines that a security assessment is

L0:required?

L1:(1) DoD will, at a minimum?

L1:(i) Notify the Contractor that DoD officials intend to conduct an

L0:assessment of vulnerabilities to IAEA inspections or visits;

L1:(ii) Notify the Contractor of the time at which the assessment will be

L0:conducted, at least 30 days prior to the assessment;

L1:(iii) Provide the Contractor with advance notice of the credentials of the

L0:DoD officials who will conduct the assessment; and

L1:(iv) To the maximum extent practicable, conduct the assessment in a

L0:manner that does not impede or delay operations at the Contractor's facility; and

L1:(2) The Contractor shall provide access to the site and shall cooperate with

L0:DoD officials in the assessment of vulnerabilities to IAEA inspections or visits.

L1:(d) Following a security assessment of the Contractor's facility, DoD officials will

L0:notify the Contractor as to?

L1:(1) Whether the Contractor's facility has any vulnerabilities where

L0:potentially declarable activities under the U.S.-IAEA AP are taking place;

L1:(2) Whether additional security measures are needed; and

L1:(3) Whether DoD will apply a national security exclusion.

L1:(e) If DoD applies a national security exclusion, the Contractor shall not grant

L0:access to IAEA inspectors.

L1:(f) If DoD does not apply a national security exclusion, the Contractor shall

L0:apply managed access to prevent disclosure of program activities, locations, or

L0:information in the U.S. declaration.

L1:(g) The Contractor shall not delay submission of any reports required by the

L0:Department of Commerce or the Nuclear Regulatory Commission while awaiting a

L0:DoD response to a notification provided in accordance with this clause.

L1:(h) The Contractor shall incorporate the substance of this clause, including this

L0:paragraph (h), in all subcontracts that are subject to the provisions of the U.S.-

L0:IAEA AP.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:(End of clause)

252.204-7014 Limitations on the Use or Disclosure of Information by

Status: active

L0:252.204-7014 Limitations on the Use or Disclosure of Information by

L0:Litigation Support Contractors.

L0:As prescribed in 204.7403(a), insert the following clause:

L0:Limitations on the Use or Disclosure of Information by Litigation Support

L0:Contractors (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Computer software means computer programs, source code, source code listings,

L0:object code listings, design details, algorithms, processes, flow charts, formulae, and

L0:related material that would enable the software to be reproduced, recreated, or

L0:recompiled. Computer software does not include computer data bases or computer

L0:software documentation.

L0:Litigation information means any information, including sensitive information,

L0:that is furnished to the contractor by or on behalf of the Government, or that is

L0:generated or obtained by the contractor in the performance of litigation support

L0:under a contract. The term does not include information that is lawfully, publicly

L0:available without restriction, including information contained in a publicly

L0:available solicitation.

L0:Litigation support means administrative, technical, or professional services

L0:provided in support of the Government during or in anticipation of litigation.

L0:Litigation support contractor means a contractor (including its experts, technical

L0:consultants, subcontractors, and suppliers) providing litigation support under a

L0:contract that contains this clause.

L0:Sensitive information means controlled unclassified information of a commercial,

L0:financial, proprietary, or privileged nature. The term includes technical data and

L0:computer software, but does not include information that is lawfully, publicly

L0:available without restriction.

L0:Technical data means recorded information, regardless of the form or method of

L0:the recording, of a scientific or technical nature (including computer software

L0:documentation). The term does not include computer software or data incidental to

L0:contract administration, such as financial and/or management information.

L1:(b) Limitations on use or disclosure of litigation information. Notwithstanding

L0:any other provision of this contract, the Contractor shall?

L1:(1) Access and use litigation information only for the purpose of providing

L0:litigation support under this contract;

L1:(2) Not disclose litigation information to any entity outside the Contractor's

L0:organization unless, prior to such disclosure the Contracting Officer has provided

L0:written consent to such disclosure;

L1:(3) Take all precautions necessary to prevent unauthorized disclosure of

L0:litigation information;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(4) Not use litigation information to compete against a third party for

L0:Government or nongovernment contracts; and
L1:(5) Upon completion of the authorized litigation support activities, destroy or
L0:return to the Government at the request of the Contracting Officer all litigation
L0:information in its possession.
L1:(c) Violation of paragraph (b)(1),(b)(2), (b)(3), (b)(4), or (b)(5) of this clause is a
L0:basis for the Government to terminate this contract.
L1:(d) Indemnification and creation of third party beneficiary rights. The
L0:Contractor agrees?
L1:(1) To indemnify and hold harmless the Government, its agents, and
L0:employees from any claim or liability, including attorneys' fees, court costs, and
L0:expenses, arising out of, or in any way related to, the misuse or unauthorized
L0:modification, reproduction, release, performance, display, or disclosure of any
L0:litigation information; and
L1:(2) That any third party holding proprietary rights or any other legally
L0:protectable interest in any litigation information, in addition to any other rights it
L0:may have, is a third party beneficiary under this contract who shall have a right of
L0:direct action against the Contractor, and against any person to whom the
L0:Contractor has released or disclosed such litigation information, for any such
L0:unauthorized use or disclosure of such information.
L1:(e) Contractor employees. The Contractor shall ensure that its employees are
L0:subject to use and nondisclosure obligations consistent with this clause prior to the
L0:employees being provided access to or use of any litigation information covered by
L0:this clause.
L1:(f) Subcontracts. Include the substance of this clause, including this paragraph
L1:(f), in all subcontracts, including subcontracts for commercial products or
L0:commercial services.
L0:(End of clause)

252.204-7015 Notice of Authorized Disclosure of Information for Litigation

Status: active

L0:252.204-7015 Notice of Authorized Disclosure of Information for Litigation
L0:Support.
L0:As prescribed in 204.7403(b), insert the following clause:
L0:Notice of Authorized Disclosure of Information for Litigation Support (JAN 2023)
L1:(a) Definitions. As used in this clause?
L0:Computer software means computer programs, source code, source code listings,
L0:object code listings, design details, algorithms, processes, flow charts, formulae, and
L0:related material that would enable the software to be reproduced, recreated, or
L0:recompiled. Computer software does not include computer data bases or computer
L0:software documentation.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204
L0:Litigation support means administrative, technical, or professional services

L0:provided in support of the Government during or in anticipation of litigation.
L0:Litigation support contractor means a contractor (including its experts, technical
L0:consultants, subcontractors, and suppliers) providing litigation support under a
L0:contract that contains the clause at 252.204-7014, Limitations on the Use or
L0:Disclosure of Information by Litigation Support Contractors.
L0:Sensitive information means controlled unclassified information of a commercial,
L0:financial, proprietary, or privileged nature. The term includes technical data and
L0:computer software, but does not include information that is lawfully, publicly
L0:available without restriction.
L0:Technical data means recorded information, regardless of the form or method of
L0:the recording, of a scientific or technical nature (including computer software
L0:documentation). The term does not include computer software or data incidental to
L0:contract administration, such as financial and/or management information.
L1:(b) Notice of authorized disclosures Notwithstanding any other provision of this
L0:solicitation or contract, the Government may disclose to a litigation support
L0:contractor, for the sole purpose of litigation support activities, any information,
L0:including sensitive information, received?
L1:(1) Within or in connection with a quotation or offer; or
L1:(2) In the performance of or in connection with a contract.
L1:(c) Subcontracts. Include the substance of this clause, including this paragraph
L1:(c), in all subcontracts, including subcontracts for commercial products or
L0:commercial services.
L0:(End of clause)

252.204-7022 Expediting Contract Closeout

Status: active

L0:252.204-7022 Expediting Contract Closeout.
L0:As prescribed in 204.308-70, insert the following clause:
L0:Expediting Contract Closeout
L1:(a) At the conclusion of all applicable closeout requirements of Federal
L0:Acquisition Regulation 4.308, the Government and Contractor shall mutually agree
L0:on the residual dollar amount remaining on the contract. Both the Government and
L0:Contractor agree to waive payment of any residual dollar amount of \$1,000 or less
L0:to which either party may be entitled at the time of contract closeout.
L1:(b) A residual dollar amount includes all money owed to either party at the end
L0:of the contract and as a result of the contract, excluding amounts connected in any
L0:way with taxation or a violation of law or regulation.
L1:(c) For purposes of determining residual dollar amounts, offsets (e.g., across
L0:multiple contracts or orders) may be considered only to the extent permitted by law.
L0:(End of clause)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204

252.204-7023 Reporting Requirements for Contracted Services

Status: active

L0:252.204-7023 Reporting Requirements for Contracted Services.

L0:Basic. As prescribed in 204.208-71(a)(1) and (2), insert the following clause:

L0:Reporting Requirements for Contracted Services?Basic (Jul 2021)

L1:(a) Definition. As used in this clause?

L0:First-tier subcontract means a subcontract awarded directly by the contractor for

L0:the purpose of acquiring services for performance of a prime contract. It does not

L0:include the contractor's supplier agreements with vendors, such as long-term

L0:arrangements for materials or supplies or services that benefit multiple contracts

L0:and/or the costs of which are normally applied to a contractor's general and

L0:administrative expenses or indirect costs.

L1:(b) The Contractor shall report annually, by October 31, at

L0:https://www.sam.gov, on the services performed under this contract or order,

L0:including any first-tier subcontracts, during the preceding Government fiscal year

L0:(October 1-September 30).

L1:(c) The Contractor shall report the following information for the contract or

L0:order:

L1:(1) The total dollar amount invoiced for services performed during the

L0:preceding Government fiscal year under the contract or order.

L1:(2) The number of Contractor direct labor hours, to include first-tier

L0:subcontractor direct labor hours, as applicable, expended on the services performed

L0:under the contract or order during the previous Government fiscal year.

L1:(d) The Government will review the Contractor's reported information for

L0:reasonableness and consistency with available contract information. In the event

L0:the Government believes that revisions to the Contractor's reported information are

L0:warranted, the Government will notify the Contractor. Upon notification, the

L0:Contractor shall revise the reported information or provide the Government with a

L0:supporting rationale for the information.

L0:(End of clause)

L0:Alternate I, Reporting Requirements for Contracted Services

L0:As prescribed in 204.208-71(a)(3), use the following clause, which substitutes

L0:?contract or agreement for each order? in lieu of ?contract or order? in paragraph (b)

L0:and ?order? in lieu of ?contract or order? in paragraphs (c) and (c)(1) and (2), and

L0:identifies the dollar threshold and service acquisition portfolio groups for which

L0:orders under the contract or agreement require service contract reporting.

L0:Reporting Requirements for Contracted Services?Alternate I (Jul 2021)

L1:(a) Definition. As used in this clause?

L0:First-tier subcontract means a subcontract awarded directly by the contractor for

L0:the purpose of acquiring services for performance of a prime contract. It does not

L0:include the contractor's supplier agreements with vendors, such as long-term

L0:arrangements for materials or supplies or services that benefit multiple contracts

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:and/or the costs of which are normally applied to a contractor's general and
L0:administrative expenses or indirect costs.

L1:(b) The contractor shall report annually, by October 31, at <https://www.sam.gov>,
L0:on services performed during the preceding Government fiscal year (October 1-
L0:September 30) under this contract or agreement for each order, including any first-
L0:tier subcontract, which exceeds \$3 million for services in the following service
L0:acquisition portfolio groups:

L1:(1) Logistics management services.

L1:(2) Equipment-related services.

L1:(3) Knowledge-based services.

L1:(4) Electronics and communications services.

L1:(c) The Contractor shall report the following information for the order:

L1:(1) The total dollar amount invoiced for services performed during the
L0:preceding Government fiscal year under the order.

L1:(2) The number of Contractor direct labor hours, to include first-tier
L0:subcontractor direct labor hours, as applicable, expended on the services performed
L0:under the order during the previous Government fiscal year.

L1:(d) The Government will review the Contractor's reported information for
L0:reasonableness and consistency with available contract information. In the event
L0:the Government believes that revisions to the Contractor's reported information are
L0:warranted, the Government will notify the Contractor. Upon notification, the
L0:Contractor shall revise the reported information or provide the Government with a
L0:supporting rationale for the information.

L0:(End of clause)

252.204-7024 Notice on the Use of the Supplier Performance Risk System

Status: active

L0:252.204-7024 Notice on the Use of the Supplier Performance Risk System.

L0:As prescribed in 204.7604, insert the following provision:

L0:Notice on the Use of the Supplier Performance Risk System

L1:(a) Definitions. As used in this provision?

L0:Item risk means the probability that a product, based on intended use, will
L0:introduce performance risk resulting in safety issues, mission degradation, or
L0:monetary loss.

L0:Price risk means a measure of whether a proposed price for a product or service
L0:is consistent with historical prices paid for that item or service.

L0:Supplier risk means the probability that an award may subject the procurement
L0:to the risk of unsuccessful performance or to supply chain risk (see Defense Federal
L0:Acquisition Regulation Supplement 240).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(b) The Supplier Performance Risk System (SPRS), available at
L0:<https://piee.eb.mil/>, will be used in the evaluation of the Quoter or Offeror's

L0:performance. SPRS retrieves item, price, quality, delivery, and contractor

L0:information on contracts from Government reporting systems in order to develop

L0:risk assessments.

L1:(c) The Contracting Officer will consider SPRS risk assessments during the

L0:evaluation of quotations or offers received in response to this solicitation as follows:

L1:(1) Item risk will be considered to determine whether the procurement

L0:represents a high performance risk to the Government.

L1:(2) Price risk will be considered in determining if a proposed price is

L0:consistent with historical prices paid for a product or a service or otherwise creates

L0:a risk to the Government.

L1:(3) Supplier risk, including but not limited to quality and delivery, will be

L0:considered to assess the risk of unsuccessful performance and supply chain risk.

L1:(d) SPRS risk assessments are generated daily. Quoters or Offerors are able to

L0:access their risk assessments by following the access instructions in the SPRS

L0:user's guide available at <https://www.sprs.csd.disa.mil/reference.htm>. Quoters and

L0:Offerors are granted access to SPRS for their own risk assessment classifications

L0:only. SPRS reporting procedures and risk assessment methodology are detailed in

L0:the SPRS user's guide. The method to challenge a rating generated by SPRS is also

L0:provided in the user's guide. SPRS evaluation criteria are available at

L0:https://www.sprs.csd.disa.mil/pdf/SPRS_DataEvaluationCriteria.pdf.

L1:(e) The Contracting Officer may consider any other available and relevant

L0:information when evaluating a quotation or an offer.

L0:(End of provision)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:PGI 204?ADMINISTRATIVE AND INFORMATION MATTERS

L0:PGI 204.2?SOLICITATION, EVALUATION, AND AWARD

L0:PGI 204.201 Unique procurement instrument identifiers.

L1:(b) DoD-issued PIIDs are thirteen characters in length. Use only alpha-numeric

L0:characters, as prescribed in FAR 4.201 and this subpart. Do not use the letter I or O in

L0:any part of the PIID.

L1:(1) Position 9.

L1:(i) DoD will use three of the letters reserved for departmental or agency use

L0:in FAR 4.201(b)(3), Table 4-1 in this position as follows:

L0:by the enterprise FedMall system.

L1:(A) Use M to identify purchase orders and task or delivery orders issued

L0:solutions openings.

L1:(B) Use S to identify broad agency announcements and commercial

L1:(C) Use T to identify automated requests for quotations by authorized

L0:legacy contract writing systems. Legacy contract writing systems authorized to use the

L0:letter T in position 9 of the PIID for automated requests for quotation include the

L0:following:

L1:(ITIMP) system.

L1:(1) Department of Navy's Item Management and Procurement

L1:(2) Defense Logistics Agency's Enterprise Business System (EBS).

L1:(ii) Do not use other letters identified in FAR 4.201(b)(3), Table 4-1 as

L0: ?Reserved for future Federal Governmentwide use? or ?Reserved for departmental or

L0:agency use? in position 9 of the PIID.

L1:(iii) Do not use the letter C or H for contracts or agreements with provisions

L0:for orders or calls.

L1:(2) Positions 10 through 17. In accordance with FAR 4.201(b)(4), DoD-issued

L0:PIIDs must only use positions 10 through 13 to complete the PIID. Enter the serial

L0:number of the instrument in these positions. A separate series of serial numbers may

L0:be used for any type of instrument listed in FAR 4.201(b)(3), Table 4-1. DoD

L0:components assign such series of PIID numbers sequentially. A DoD component may

L0:reserve blocks of numbers or alpha-numeric numbers for use by its various activities.

L0:Use C in position 10 to identify the solicitation as a commercial solutions opening.

L2:(c)(1) Positions 2 through 6. In accordance with FAR 4.201(b)(3), DoD-issued

L0:supplementary PIIDs must, for positions 2 through 6 of modifications to contracts and

L0:agreements, comply with the following:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(i) Positions 2 and 3. These two digits may be either alpha or numeric

L0:characters, except?

L0:modification is issued by the Air Force and is a provisioned item order;

L1:(A) Use K, L, M, N, P, and Q only in position 2, and only if the

L0:provide initial or amended shipping instructions when?

L1:(B) Use S only in position 2, and only to identify modifications issued to

L1:(1) The contract has either FOB origin or destination delivery

L0:terms; and

L1:(2) The price changes;

L0:modifications issued to provide initial or amended shipping instructions when?

L1:(C) Use T, U, V, W, X, or Y only in position 2, and only to identify

L1:(1) The contract has FOB origin delivery terms; and

L1:(2) The price does not change; and

L0:defines a letter contract or a previously issued undefinitized modification.

L1:(D) Use Z only in position 2, and only to identify a modification which

L1:(2) Positions 4 through 6. These positions are always numeric. Use a separate

L0:series of serial numbers for each type of modification listed in paragraph (c)(1) of this

L0:section.

L1:(3) Positions 10 through 17. Positions 10 through 13 of a DoD-issued PIID

L0:must not be a sequence of four zeroes (i.e., ?0000?).

L1:(4) The following are elements and examples of proper supplementary PIID

L0:numbering.

L1:(i) Position 1. Use a ?U? in position 1 (e.g., ?U00001?) in lieu of an ?A? or ?P?,

L0:as necessary, to process draft modifications through contract writing systems and

L0:associated applications. Change the ?U? to an ?A? or ?P? prior to award to comply with

L0:FAR and DFARS standards.

L1:(ii) Positions 2 through 6. Examples of proper numbering for positions 2

L0:through 6 are as follows:

L0:Normal modification

L0:Provisioned items order

L0:(reserved for exclusive use by

L0:the Air Force only)

L0:Shipping

L0:Instructions

L0:00001 ? 99999

L0:K0001 ? K9999

L0:S0001 ? S9999

L0:then

L0:KA001 ? KZ999

L0:SA001 ? SZ999

L0:A0001 ? A9999

L0:L0001 ? L9999

L0:T0001 ? T9999

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:XA001 ? XZ999

L0:then

L0:JA001 ? JZ999

L0:RA001 ? RZ999

L0:Y0001 ? Y9999

L0:YA001 ? YZ999

L1:(iii) If the contract administration office is changing the contract

L0:administration or disbursement office for the first time and is using computer generated

L0:modifications to notify many offices, it uses the six position supplementary number

L0:ARZ999. If either office has to be changed again during the life of the contract, the

L0:supplementary number will be ARZ998, and on down as needed.

L0:PGI 204.201-70 Policy.

L1:(a) Establishment of a Procurement Instrument Identifier (PIID). Do not reuse a

L0:PIID once it has been assigned. Do not assign the same PIID to more than one task or

L0:delivery order, even if they are issued under different base contracts or agreements.

L1:(b) Transition of PIID numbering. Effective October 1, 2016, all DoD components

L0:must comply with the PIID numbering requirements at FAR 4. 201 and this section for

L0:all new solicitations, contracts, orders, and agreements issued, and any amendments

L0:and modifications to those new actions.

L1:(c) Change in the PIID after its assignment. When a PIID is changed after contract

L0:award, the new PIID is known as a continued contract.

L1:(1) A continued contract?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(i) Does not constitute a new procurement;

L1:(ii) Incorporates all prices, terms, and conditions of the predecessor contract

L1:(iii) Operates as a separate contract independent of the predecessor

L0:contract once issued; and

L1:(iv) Must not be used to evade competition requirements, expand the scope

L0:of work, or extend the period of performance beyond that of the predecessor contract.

L1:(2) When issuing a continued contract, the contracting officer must?

L1:(i) Issue an administrative modification to the predecessor contract to clearly

L0:state that?

L1:(A) Any future awards provided for under the terms of the predecessor

L0:contract (e.g., issuance of orders or exercise of options) will be accomplished under the

L0:continued contract; and

L1:(B) Supplies and services already acquired under the predecessor
L0:contract must remain solely under that contract for purposes of Government inspection,
L0:acceptance, payment, and closeout; and

L1:(ii) A continued contract is issued solely for administrative reasons. When
L0:issuing a continued contract, the contracting officer must perform the following tasks:
L0:issuance of the continued contract.

L1:(A) Obtain approval at a level above the contracting officer before

L1:(B) Assign a PIID to the continued contract that is different from the
L0:PIID assigned to the predecessor contract, using the uniform PIID numbering system
L0:prescribed in FAR 4.201(b) and DFARS 204.201. The predecessor contract will retain
L0:the PIID originally assigned to it.

L1:(C) Find a clear breaking point (e.g., between issuance of orders,
L0:exercise of options, or establishment of a new line of accounting) to issue the continued
L0:contract.

L1:(D) Clearly segregate contractual requirements for purposes of
L0:Government inspection, acceptance, payment, and closeout. Supplies already
L0:delivered and services already performed under the predecessor contract will remain
L0:under the predecessor contract. This will allow the predecessor contract to be closed
L0:out when all inspection, acceptance, payment, and other closeout issues associated
L0:with supplies delivered and services performed under the predecessor contract are
L0:complete.

L1:(E) Include in the continued contract all terms and conditions of the
L0:predecessor contract that pertain to the supplies and services yet to be delivered or
L0:performed. At the time it is issued, the continued contract may not in any way alter the
L0:prices or terms and conditions established in the predecessor contract.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4
L0:Defense FAR Supplement (DFARS) Part 204
L0:continued contract, to include the PIID and the effective date of the continued contract.

L1:(F) Provide advance notice to the contractor before issuance of the

L1:(G) Modify the predecessor contract to?

L1:(1) Reflect any necessary administrative changes such as transfer
L0:of Government property, and make the Government property accountable under the
L0:continued contract;
L0:or exercise of options) will be accomplished under the continued contract; and

L1:(2) Clearly state that future performance (e.g., issuance of orders
L0:contract.

L1:(3) Specify the administrative reason for issuing the continued
L0:continued contract to ensure traceability.

L1:(H) Reference the predecessor contract PIID on the face page of the

L1:(ii) Sample language for the administrative modification to the predecessor
L0:contract follows:
L0:This modification is issued for administrative purposes to facilitate continued contract
L0:performance due to [state the reason for assigning an additional PIID]. This
L0:modification is authorized in accordance with FAR 4.201 and DFARS 204.201.
L0:Supplies and services already acquired under this contract number must remain

L0:solely under this contract number for purposes of Government inspection,
L0:acceptance, payment, and closeout. All future [delivery orders] [task orders] [options
L0:exercised] will be accomplished under continued contract [insert contract number].
L0:PGI 204.201-71 Cross reference to Federal Procurement Data System.
L0:The following matrices should be used as a cross reference between the terms used in
L0:the FAR, DFARS, and Federal Procurement Data System (FPDS).

L0:Modification to an

L0:Order against a

L0:DoD Contract,

L0:BOA, or BPA not

L0:under a Schedule

L1:(Pre-FY16)

L0:* Note that FPDS strips leading zeroes, so that modification 02 to order 0024 is shown

L0:as modification 2 to order 24.

L0:D*

L0:B*

L0:PGI 204.201-72 Order of application for modifications.

L1:(a) There may be situations where the numeric order of the modifications to a

L0:contract does not reflect the order in which those changes to the contract take effect.

L1:(b) To establish the sequence of modifications to a contract or order, the

L0:modifications will be applied in the following order?

L1:(1) Modifications will be applied in order of the effective date on the

L0:modification;

L1:(2) In the event of two or more modifications with the same effective date,

L0:modifications will be applied in signature date order; and

L1:(3) In the event of two or more modifications with the same effective date and

L0:the same signature date, procuring contracting office modifications will be applied in

L0:numeric order, followed by contract administration office modifications in numeric order.

L0:PGI 204.2 - Solicitation, Evaluation, and Award

L0:PGI 204.202-70 Uniform use of line items.

L1:(d) Use of exhibits and attachments.

L1:(1) Exhibits may be used instead of putting a long list of items or subline items

L0:in the contract schedule. Exhibits are particularly useful in buying spare parts.

L1:(2) When using exhibits, establish a line or subline item and refer to the exhibit.

L1:(3) Identify exhibits individually.

L1:(4) Each exhibit must apply to only one line item or subline item.

L1:(5) More than one exhibit may apply to a single line item.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(6) Data items on a DD Form 1423, Contract Data Requirements List, may be

L0:either separately priced or not separately priced.

L1:(i) Separately priced. When data are separately priced, enter the price in

L0:Section B of the contract.

L1:(ii) Not separately priced. Include prices in a priced line item or subline

L0:item.

L1:(7) The contracting officer may append attachments to exhibits, as long as the

L0:attachment does not identify a deliverable requirement that has not been established by

L0:a line item or subline item or exhibit line item.

L1:(8) Include exhibit line items and associated information in the electronically

L0:distributed contract documents identified in PGI 204.271-2(c)(1)(i) and (2).

L1:(e) Use of exhibits and attachments.

L1:(1) Exhibits may be used instead of putting a long list of items or subline items in

L0:the contract schedule. Exhibits are particularly useful in buying spare parts.

L1:(2) When using exhibits, establish a line or subline item and refer to the exhibit.

L1:(3) Identify exhibits individually.

L0:4d) Each exhibit must apply to only one line item or subline item.

L1:(5) More than one exhibit may apply to a single line item.

L1:(6) Data items on a DD Form 1423, Contract Data Requirements List, may be

L0:either separately priced or not separately priced.

L1:(i) Separately priced. When data are separately priced, enter the price in

L0:Section B of the contract.

L1:(ii) Not separately priced. Include prices in a priced line item or subline

L0:item.

L1:(7) The contracting officer may append attachments to exhibits, as long as the

L0:attachment does not identify a deliverable requirement that has not been established by

L0:a line item or subline item or exhibit line item.

L1:(8) Include exhibit line items and associated information in the electronically

L0:distributed contract documents identified in PGI 204.201(c)(1)(i) and (2).

L0:PGI 204.202-71 Establishing line items, subline items, and exhibit line items.

L1:(a) Line Items.

L1:(1) When structuring line items, consider the following:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(i) The effect of the chosen units of measure on administration and

L0:payment, especially on fixed-price contracts.

L1:(ii) The need for periodic deliveries and payments when selecting a unit of

L0:measure as it may impact the contractor's cashflow during contract performance.

L1:(iii) The impact of any financing arrangements under FAR part 32 and

L0:whether there is a need to consider cashflow for progress payments.

L1:(2) Minimum requirements.

L1:(i) Supply line items:

L1:(A) Contracting officers must match the quantity to the actual number of

L0:the supplies to be provided. If more than one delivery is expected, the quantity cannot

L0:be ?1?.

L0:and detail to be identified by a third party in order to?

L1:(B) Describe the item or supply being procured in sufficient specificity

L1:(1) Submit a bid, quote, or offer;

L1:(2) Receive the item or supply;

L1:(3) Inspect the item or supply;

L1:(4) Pay for it; and

L1:(5) Inventory if applicable

L1:(C) Use manufacturer part numbers or similar identifiers when

L0:available.

L1:(i) Service line items:

L1:(A) Contracting officers must match the quantities with the frequency

L0:with which performance will be reviewed, and on fixed-price line items, payment made.

L0:If the quantity used is 1, then the contract only allows for 1 payment, 1 time, for that 1

L0:delivery when performance is completed. In contrast, if performance will be reviewed,

L0:accepted, and paid on a monthly basis, the quantity should reflect the number of

L0:months in the period of performance. For example, a 12-month effort should reflect a

L0:quantity of 12, a unit of measure of months or lots and the amount which will be paid

L0:each month.

L1:(B) Describe the services being procured and accepted in a manner

L0:that traces the requirements of the performance work statement (PWS), statement of

L0:work (SOW), or statement of objectives (SOO) to the line item structure so that a third

L0:party can?

L1:(1) Submit a bid, quote or offer;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(2) Observe and inspect performance;

L1:(3) Accept performance; and

L1:(4) Pay for the services

L1:(3) Add any performance incentives or award fees to the same deliverable line

L0:item on which the performance occurs.

L1:(4) Single accounting classification citation. Establish informational subline

L0:items for each accounting classification citation when the use of multiple accounting

L0:classification citations is necessary for a single deliverable.

L1:(5) The line item number must be the same as the solicitation line item number

L0:unless there is a valid reason for using different numbers.

L1:(b) Subline items.

L1:(1) Deliverable subline items. Subline items will be used instead of line items to facilitate payment, delivery tracking, contract funds accounting, or other management purposes. Such subline items must be used when items bought under one line item number?

L1:(i) Are to be paid for from more than one accounting classification. A subline item must be established for the quantity associated with the single accounting classification citation. Establish a line item rather than a subline item if it is likely that a subline item may be assigned additional accounting classification citations at a later date. Identify the funding as required at PGI 204.202-71(a)(4));

L1:(ii) Are to be packaged in different sizes, each represented by its own NSN;

L1:(iii) Have collateral costs, such as packaging costs, but those costs are not a part of the unit price of the line item;

L1:(iv) Have different delivery dates or destinations or requisitions, or a combination of the three; or

L1:(v) Identify parts of an assembly or kit which?

L0:performance; and

L1:(A) Have to be separately identified at the time of shipment or

L1:(B) Are separately priced.

L1:(2) Informational subline items.

L1:(i) Informational subline items must be used to identify each accounting classification citation assigned to a single line item number when use of multiple citations is authorized (see PGI 204.202-71(a)(4)).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(ii) Contracting officers must not provide pricing arrangement, delivery, inspection, or acceptance information on informational subline items.

L1:(c) Exhibit line items.

L1:(1) A line item or subline item may refer to an exhibit or multiple exhibits.

L0:However, each exhibit may only be associated with one line item or subline item. An exhibit may contain one or more exhibit line items.

L1:(2) Exhibit line items are separately identifiable and require the elements at FAR

L0:4.202-4.

L1:(3) All line items sharing the same exhibit must be the same contract type.

L0:PGI 204.202-72 Required data elements.

L2:(a)(1) Line items. Line items must consist of four numeric digits from 0001 to 9999.

L1:(2) Subline items.

L1:(i) Subline items must consist of a ?line item base? (four numeric digits derived from the separately identifiable or informational line item associated with one or more subline items) concatenated with an ?extension? of either two numeric or two alpha characters, depending on the type of subline item.

L1:(ii) Types of subline items.

L1:(A) Deliverable subline items. The line item extension for deliverable

L0:subline items must only consist of two alpha characters from AA through ZZ. Use alpha characters for deliverable subline items, running AA through ZZ. For example, where line

L0:item 0005 is associated with three deliverable subline items, line item base 0005 would be concatenated with extensions AA, AB, and AC to form deliverable subline items 0005AA, 0005AB, and 0005AC.

L1:(B) Informational subline items. The line item extension for informational subline items must only consist of two numeric characters from 01 through 99. For example, where line item 0001 has two informational subline items, line item base 0001 would be concatenated with extensions 01 and 02 to form info subline items 000101 and 000102.

L1:(3) Exhibit line items. Exhibit line items must be associated with informational line items or subline items using an exhibit identifier. Exhibit line items must consist of the exhibit identifier concatenated with a serial extension. For example, where informational line item 0004 is associated with Exhibit C, associated ELINs would be C001, C002, C003, etc. Where exhibit identifiers consist of two alpha characters, excluding I and O, the serial number following the exhibit identifier in an exhibit line item number would be two digits. For example, given Exhibit GG, exhibit line items could include GG01, GG02, GG03, GG04, etc. Serial numbers need not be consecutive, but they must be unique.

L1:(b) Line item descriptions. Two types of descriptions may exist: a short description, sometimes referred to as a "noun", and a long description. Short descriptions should concisely describe a deliverable or label a line item or subline item as informational.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:Contracting officers must take great care to not use vague descriptions or descriptions that provide redundant information otherwise captured in data elements such as the period of the effort, such as supplies, products, spares, option line, FY 20XX requirement. While contracting officers may use "miscellaneous text" to further describe deliverables, overuse is highly discouraged. Styling text with bold, underline, strikethrough, etc., is also highly discouraged. Contracting officers should not use tables within text fields, despite several contract writing systems making them available for use.

L2:(c)(1) Use of PSCs. The list of active PSCs is available in the PSC Manual at https://www.acquisition.gov/PSC_Manual. Contracting officers must ensure PSCs are current at the time a line item, subline item, or exhibit line item is established; however, unless otherwise required by statute, regulation, policy, or the contract, contracting officers are not required to change a PSC on an existing line item if the PSC is deactivated or modified.

L1:(2) The list of allowable units of measure is on the Defense Pricing, Contracting, and Acquisition Policy website at

https://www.acq.osd.mil/asda/dpc/ce/ds/docs/pds/Line_Item_UoM_List.xlsx.

L1:(3) Delivery and acceptance locations must be defined using Activity Address

Codes published in (1) DoD Activity Address Directory (DODAAD), DoD 4000.25-6-M, or (2) Military Assistance Program Address Directory System (MAPAD), DoD 4000.25-8-M and available for verification at <https://www.daas.dla.mil/daasing/default.asp>.

L1:(4) Assign acceptance or approval responsibility using an Activity Address

Code. Do not assign acceptance responsibility to an Activity Address code that does not have acceptors assigned in WAWF, unless one of the exceptions to WAWF at section 232.7002 applies. Available roles for an Activity Address Code can be verified

L0:at the Active DoDAACs & Roles link on the WAWF homepage at

L0:<https://piee.eb.mil/xhtml/unauth/home/login.xhtml>.

L1:(5) Use an Accounting Classification Reference Number (ACRN) to associate

L0:an accounting classification citation with a line item, subline item, or exhibit line item.

L0:(See PGI 204.202-75).

L1:(6) Contracts for foreign military sales (FMS) must provide traceability for each

L0:Defense Security Cooperation Agency FMS case identifier to a deliverable.

L1:(d) Define delivery locations using Activity Address Codes located at

L0:<https://home.daas.dla.mil/DAASINQ/default.asp> and in accordance with?

L1:(1) DoD Activity Address Directory (DODAAD), DoD Defense Logistics Manual

L1:(DLM) 4000.25, Volume 6, Chapter 2; or

L1:(2) Military Assistance Program Address Directory System (MAPAD), DoD DLM

L0:4000.25, Volume 6, Chapter 3.

L1:(e) The following examples illustrate when the requirements at paragraph (a)

L0:apply?

L1:(1) Line items that are not priced separately are labelled ?Not Separately Priced

L0:or NSP as an entry for price or amount if the price is included in another subline item or

L0:a different line item. Include the line item or subline item that includes the price in the

L0:description block.

L1:(2) This requirement does not apply if the subline item or line item was created to

L0:refer to an exhibit. If management needs dictate that a unit price be entered, the price

L0:must be included in the item description block of the schedule and enclosed in

L0:parentheses.

L1:(3) When a subline item has deliverable separately priced exhibit line items, the

L0:delivery schedule, destination, period of performance, or place of performance should

L0:be identified at the exhibit line level, rather than the subline item level.

L0:PGI 204.202-73 Modification requirements.

L0:Create a new line item, subline item, or exhibit line item if a change results in?

L1:(a) A material change in price; or

L1:(b) A technical change which results in?

L1:(1) A materially different item than the original item, or

L1:(2) A variation in performance, outcomes, or deliverables.

L0:PGI 204.202-74 Traceability of Appropriations

L1:(a) Scope. This PGI section provides the policies and procedures for associating

L0:line item numbers to funding appropriations.

L1:(b) Requirements for traceability from the purchase request. Every purchase

L0:request must be recorded on the resulting contract action to establish unique traceability

L0:to requirements and funding (see DFARS 204.202-74).

L1:(1) Purchase request numbers and purchase request line item numbers must

L0:be identified in the contract.

L1:(2) All purchase request numbers and purchase request line item numbers must

L0:be included on the corresponding contract line or subline items in section B of the

L0:Schedule, or its equivalent.

L1:(3) If only one purchase request applies to the contract action, that purchase

L0:request number may be shown on the contract form in the appropriate field (e.g. block 4

L0:of SF 26 or block 1 of the SF 1449).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(4) If more than one purchase request is on a contract award, the purchase

L0:request number field in Section A or its equivalent section of the contract must read

L0:See Schedule?.

L1:(5) If the purchase request includes a Commitment Identification Number (CIN)

L0:field to provide traceability in addition to the purchase request line item number, ensure

L0:each CIN is placed on the corresponding line item number on the contract.

L1:(6) If the purchase request originates from a requisition (e.g. MILSTRIP or L0:FEDSTRIP) or a Military Interdepartmental Purchase Request (DD 448), include the L0:document identifier and the purchase request information in (a), if applicable, on each L0:line item on the contract.

L1:(7) If a contract action was not initiated via a purchase request (e.g. issuance of L0:a Basic Ordering Agreement or a modification that does not obligate funds) then the L0:purchase request information in (a) may be blank.

L1:(c) Procedures.

L1:(1) Establishing the contract ACRN.

L1:(i) The contracting office issuing the contract or order is responsible for L0:assigning ACRNs.

L1:(ii) Do not assign-

L1:(A) An ACRN to more than one accounting classification citation; or,

L1:(B) More than one ACRN to one accounting classification citation.

L1:(2) The contract must include the accounting classification citation and ACRN L0:as follows:

L1:(i) In the accounting and appropriations data block in section A or its L0:equivalent section of the contract if space allows or in section G, Contract L0:Administration Data (or its equivalent)-

L0:classification citation,

L1:(A) The ACRN must be shown as a detached prefix to the accounting L0:transportation officer to cite on Government bills of lading.

L1:(B) Unless the accounting classification citation is only present for the

L1:(ii) ACRNs must be shown in the supplies/services column near the item L0:description in Section B or equivalent (see PGI 204.202-75).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:PGI 204.202-75 Numbering format for line items, subline items, and exhibit line L0:items.

L2:(a)(1) Line item numbering. Do not use the letters I or O.

L1:(2) Do not use lowercase alpha characters

L1:(3) Do not use special characters (e.g. \$, &) or spaces

L1:(4) Do not re-purpose a number that has been deleted, terminated, canceled, or L0:otherwise removed from the contract.

L1:(5) Numbers must be sequential but do not need to be consecutive.

L1:(b) Subline item numbering. Number subline items by adding either two numeric L0:characters or two alpha characters to the basic line item number.

L1:(1) Information subline item numbers. Use numeric characters only for

L0:information subline items, running 01 through 99. Do not use spaces or special

L0:characters to separate the subline item number from the line item number that is its

L0:root. For example, if the line item number is 0001, the first three subline items would be

L0:000101, 000102, and 000103. Do not use a designation more than once within a line L0:item.

L1:(2) Separately identified subline items. Use alpha characters only for separately

L0:identified subline items, running AA through ZZ. Do not use spaces or special

L0:characters to separate the subline item number from the line item number that is its
L0:root. For example, if the line item number is 0001, the first three subline items would be
L0:0001AA, 0001AB, and 0001AC.

L1:(i) Do not use the letters I or O as alpha characters.

L1:(ii) Use all 24 available alpha characters in the second position before
L0:selecting a different alpha character for the first position. For example, AA, AB, AC,
L0:through AZ before beginning BA, BB, and BC.

L1:(c) Within a given line item, the subline item numbers must be sequential but need
L0:not be consecutive.

L1:(d) If exhibits are used, create a contract subline item citing the exhibit's identifier.

L0:See PGI 204.202-72.

L1:(e) If a line item involves ancillary functions, like packaging and handling,
L0:transportation, payment of state or local taxes, or use of reusable containers, and these
L0:functions are normally performed by the contractor and the contractor is normally
L0:entitled to reimbursement for performing these functions, do not establish a separate
L0:subline item solely to account for these functions. However, do identify the functions in
L0:the contract schedule. If an offeror separately prices these functions, the contracting
L0:officer may establish separate subline items for the functions; however, the separate
L0:subline items must conform to the requirements of DFARS 204.202-4.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(f) The following examples illustrate subline items numbering?

L1:(g) Numbering exhibits and attachments.

L1:(1) Use alpha characters to identify exhibits. The alpha characters must be either single or double capital letters. Do not use the letters I or O.

L1:(2) Once an identifier has been assigned to an exhibit, do not use it on another exhibit in the same contract.

L1:(3) The identifier must always appear in the first or first and second positions of all applicable exhibit line item numbers.

L1:(4) If the exhibit has more than one page, cite the procurement instrument identification number, exhibit identifier, and applicable line or subline item number on each page.

L1:(5) Use numbers to identify attachments.

L0:PGI 204.202-76 Payment allocation instructions

L0:When multiple accounting citations are present, the payment office must allocate and record the amounts paid to the accounting classification citations in the contract using the table below based on the type of payment request submitted (see DFARS 252.232-7006) and the type of effort.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:PGI 204.202-77 Payment instructions.

L1:(a) Use payment instructions in contracts and orders that are funded by multiple

L0:accounting classification reference number (ACRN) citations and?

L1:(1) Include deliverable line items or deliverable subline items (see FAR 4.202)

L0:that are funded by multiple ACRNs; or

L1:(2) Authorize financing payments.

L1:(b) Insert the table at paragraph (c) of this section in Section G of the contract, or

L0:equivalent. When some, but not all, of the fixed-price line items in a contract are subject

L0:to contract financing payments, the contracting officer must clearly identify to which line

L0:items the payment clause(s) included in Section I of the contract apply.

L1:(c) The payment office must allocate and record the amounts paid from the ACRNs

L0:in the contract using table 204-1 based on the type of payment request submitted (see

L0:DFARS 252.232-7006) and the type of effort identified by the Product Service Code for

L0:each deliverable line item or subline item (see FAR 4.202-4).

L0:PGI 204.203 System for Award Management.

L0:PGI 204.203-270 Procedures.

L1:(a) Assist offerors in obtaining the required Commercial and Government Entity

L1:(CAGE) codes. Note that if an offeror's facility requires security clearance in

L0:accordance with a potential contract, the offeror is required to have a CAGE code

L0:assigned to that facility. If the facility is a location other than the offeror's office

L0:submitting the proposal, that facility is not required to be separately registered in the

L0:System for Award Management (SAM) in order to have a CAGE code assigned.

L0:Offerors may be directed to the DLA CAGE Branch (see PGI 204.203-271 for contact

L0:information);

L1:(b) Do not deny a potential offeror a solicitation package because the offeror does

L0:not have a CAGE code, unique entity identifier, or TIN;

L1:(c) Do not require a contractor to register sections or locations of their organization

L0:in SAM for reasons not already required by clauses present in their contracts in order to

L0:obtain a CAGE code; and

L1:(d) Do not require a contractor to obtain new CAGE codes or change CAGE code

L0:records assigned to their locations solely for Government administration purposes (such

L0:as a result of a Government reorganization, change in Government contracting officer or

L0:office) or for distinction in Government systems beyond physical address and Electronic

L0:Funds Transfer (EFT) data.

L0:PGI 204.203-271 Maintenance of the CAGE file.

L0:The following information and procedures are provided to assist contracting officers.

L1:(a) Assignment of CAGE codes for entities located in the United States or its

L0:outlying areas.

L1:(1) CAGE codes are assigned per legal entity at individual physical addresses

L0:(i.e., the same entity at the same physical address will not be assigned two or more CAGE codes). The only exception to this rule is when an entity has a registration in the SAM with multiple EFT addresses identified by multiple EFT indicators. In this case, each EFT indicator record is assigned a separate CAGE code to assist in correct processing of payments.

L1:(2) CAGE codes are not assigned to mailing addresses; a physical address

L0:must be provided. Neither U.S. Post Office boxes nor addresses that can be identified by the Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L0:as belonging to commercial mail and/or shipping provider locations will be accepted as physical addresses.

L1:(3) CAGE codes are not assigned to entities where the provided physical

L0:address is identified as a short-term virtual location, such as mobile offices, commercial packaging/mailling facilities (e.g., UPS stores, FedEx stores), mailbox rentals and

L0:certain business incubator locations if the majority of the operations are not performed

L0:from that incubator location. A sole proprietor, partnership, corporate entity, or other

L0:business organization must have a principal place of business, even if it is a home

L0:office, from where the business operates and record books are maintained. In that

L0:case, a home address of an officer of the company or board member would be required.

L1:(4) Individuals who register in SAM as sole proprietors are assigned CAGE

L0:codes. However, there may not be multiple CAGE codes assigned to the same location

L0:even if the entity names are differentiated by establishing a Limited Liability Corporation

L1:(LLC) (e.g., ?John Smith? and ?John Smith, LLC?). Additionally, the standard for the

L0:legal business name for sole proprietors, driven by Internal Revenue Service (IRS)

L0:standards, is the use of the individual?s personal name. Any additional name used for

L0:the sole proprietorship should be identified as a doing business as (DBA) name (e.g.,

L0: ?John Smith? is the legal business name, ?Smith Construction? is the DBA).

L1:(5) Authorized agents or brokers may be assigned CAGE codes for

L0:identification and processing purposes. A single CAGE code will be assigned to the

L0:agent or broker entity in addition to any codes assigned to the entities represented by

L0:the agent or broker (i.e., only one code will be assigned to a specific agent or broker

L0:entity regardless of the number of firms represented by that agent or broker). Codes

L0:will not be assigned to an agent or broker in care of the entity being represented or in

L0:any way infer that the agent or broker is a separate establishment bearing the name of

L0:the entity represented by the agent or broker.

L1:(6) There are some cases where both the owner of real property and a separate

L0:legal entity located at the same address as the real property each are required to have

L0:CAGE codes assigned. Examples are an office building owner and a tenant in the

L0:office building, or a landowner and a company using all or a portion of the land to farm.

L0:Additional cases exist where two separate entities may lease office space in the same

L0:building and both require CAGE codes. In both situations, the most specific physical

L0:address will be requested (i.e., specific additions of suites, floors, or room numbers) to

L0:distinguish between the two entities. If no more specific physical address is able to be

L0:identified, then documentation such as that listed in PGI 204.203-271(c)(3)(i)(A) will be

L0:requested to ensure that the entities are separate legal entities.

L1:(b) NCAGE code assignment for entities located outside the United States and its

L0:outlying areas managed via established NATO processes. SAM records received by

L0:the CAGE code system for validation must?

L1:(1) Include an NCAGE that has been received from the NATO Support

L0:Agency?s (NSPA?s) common database. The frequency with which local country code

L0:bureaus update the common database differs by the country. While most updates

L0:occur within a week, it can take up to a month to process. The CAGE code system will

L0:hold a validation request from SAM for three (3) days before rejecting it because the

L0:NCAGE does not appear to exist; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(2) Include a legal business name and physical address that matches the

L0:address on the NSPA database in order to be validated.

L1:(c) Changes of information on the CAGE code record.

L1:(1) The DLA CAGE Branch accepts written requests for changes to CAGE files

L0:from the following sources:

L1:(i) The company, organization, or sole proprietor entity identified by the

L0:code, if located in the United States or its outlying areas.

L1:(A) For CAGE records for which there is a corresponding registration in

L0:SAM, the entity must update and submit their SAM registration for validation. If the

L0:update includes a change to the entity?s legal business name, the additional steps at

L0:PGI 204.203-271(c)(3)(i)(C) will be necessary.

L1:(B) For CAGE records for which there is not a corresponding

L0:registration in SAM, the entity must use company letterhead to request a change to their

L0:CAGE code record. Submit requests for changes to CAGE files, when there is not a

L0:corresponding SAM record, at <https://cage.dla.mil>. The form may be emailed to

L0:cagemail@dla.mil, or a hard copy mailed to?

L0:DLA CAGE Branch

L0:74 Washington Avenue

L0:Battle Creek, MI 49037

L0:Telephone Number: toll-free 877-352-2255

L1:(ii) The Government contracting office on agency letterhead.

L1:(iii) The Government contract administration office on agency letterhead.

L1:(2) The DLA CAGE branch refers requests for changes to CAGE files from

L0:entities located outside the United States and its outlying areas as follows:

L1:(i) Entities located in a NATO or NATO-sponsored nation must contact their

L0:codification bureau. A listing of codification bureaus is found at

L0:<https://eportal.nspa.nato.int/ac135/about/contacts>.

L1:(ii) Entities located in a country that is neither in NATO nor sponsored by

L0:NATO must contact the NATO Support Agency (NSPA) at ncage@nspa.nato.int or

L0:request update after searching for their CAGE code at

L0:<https://eportal.nspa.nato.int/Codification/CageTool/home>.

L1:(3) When a request is received by DLA (either directly or via an entity-updated

L0:SAM registration submitted for validation) that includes a change to the entity?s legal

L0:business name as recorded within the CAGE file, the DLA team will contact the entity

L0:and process the request in accordance with the following procedure:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4

L0:Defense FAR Supplement (DFARS) Part 204

L1:(i) If the entity indicates that it does not hold any active federal Government

L0:contracts or any outstanding invoices on a physically complete contract, the entity will

L0:be asked to provide the following to DLA?

L1:(A) Signed legal documentation that confirms the formal name change

L0:and accurately reflects the change requested. Examples of acceptable documentation

L0:include: Articles of Incorporation, Articles of Organization, Bill of Sale, Asset Purchase

L0:Agreement, Secretary of State documentation, and Legal Merger or Acquisition

L0:documentation. DLA will not accept Internal Review Service (IRS) documentation or

L0:validation, as the IRS does not require the use of the legal business name. Sole

L0:proprietors will need to provide their filings for one of the following: Fictitious Business

L0:Name, Assumed Name, Trade Style Name, or Business License. DLA may use

L0:information found at state government websites in lieu of requesting documentation

L0:from the entity to confirm the name if it is available;

L0:any outstanding invoices on a physically complete contract; and

L1:(B) Written statement that they do not have active federal contracts or

L1:(C) After receipt of the documentation in (A) and (B), DLA will process

L0:the change. If the initial request was received from SAM as a part of the CAGE

L0:validation process, the processed change will be communicated back to SAM.

L1:(ii) If the entity indicates it does hold active Federal Government contracts,

L0:the entity will be asked to provide an indication in writing (may be provided by email) if

L0:the change in legal business name is a result of an acquisition, merger, or other

L0:situation related to recognition of a successor in interest to Federal Government

L0:contracts when contractor assets are transferred, which would necessitate a novation

L0:agreement be executed.

L1:(A) If the entity indicates that the change in legal business name is not

L0:a result of an acquisition merger or other situation as indicated above; the entity will be

L0:asked to confirm, in writing (may be provided by email) that it has advised each of the

L0:respective Government contracting officers necessary to process name-change

L0:agreements in accordance with FAR Subpart 42.9 requirements. Additionally, DLA will

L0:ask the entity to provide a copy of the change-of-name agreement (see FAR 42.9)

L0:signed by the entity. DLA will not process a change to the CAGE file without a copy of

L0:the signed change-of-name agreement, or confirmation from the cognizant Government

L0:contracting officer that processing a change to the CAGE file prior to the signed change-

L0:of-name agreement being completed is permissible. Note that the modification action

L0:that incorporates the change-of-name agreement into the contract is an acceptable

L0:method of providing the change-of-name agreement. However, if the modification is not

L0:able to be issued until the CAGE code information is updated, the change-of-name

L0:agreement itself will suffice.

L1:(B) If the entity indicates that the change in legal business name is a

L0:result of an acquisition, merger, or other situation as indicated above, DLA will request

L0:the entity to provide the Novation Agreement that has been executed by the cognizant

L0:Government contracting officer (see FAR 42.9) as well as the contact information for L0:that contracting officer. DLA may, based on the content of the Novation Agreement, L0:request that the contracting officer provide additional information regarding any L0:Government interest in whether CAGE codes are transferred to the successor in L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 4 L0:Defense FAR Supplement (DFARS) Part 204 L0:interest. DLA will not process a change to the CAGE file without a copy of the executed L0:Novation Agreement, or confirmation from the cognizant Government contracting officer L0:that processing a change to the CAGE file prior to the novation agreement being L0:completed is permissible. Note that the modification action that incorporates the L0:Novation Agreement into the contract is an acceptable method of providing the Novation L0:Agreement. However, if the modification is not able to be issued until the CAGE code L0:information is updated, the Novation Agreement itself will suffice. L0:from a novation, contracting officers must provide DLA the following information:

L1:(1) When contacted by DLA in relation to a name change resulting L0:transferring the original contractual rights and obligations (transferor).

L1:(i) Name(s), address(es), and code(s) of the contractor(s) L0:is the successor in interest (transferee).

L1:(ii) Name(s), address(es), and code(s) (if any) of the entity who L0:is retaining or receiving the rights to the technical data.

L1:(iii) Name(s), address(es), and code(s) (if any) of the entity who L0:agreement and especially the relationship of each entity to the other.

L1:(iv) Description of the circumstances surrounding the novation

L1:(2) Note that if the name change request was received as a part of L0:a registration from SAM update, and this situation applies, the update will be sent back L0:to SAM as rejected by CAGE validation if a copy of the executed Novation Agreement L0:or confirmation from the cognizant Government contracting officer is not available within L0:10 business days. The entity may resubmit the update in SAM with the changed legal L0:name at such point this information becomes available.

L1:(4) If the initial request was received from SAM as a part of the CAGE validation L0:process, a processed change will be communicated back to SAM.

L1:(5) Note that DLA does not follow the process outlined in (c)(3) of this section L0:for minor changes in the legal business name received from SAM during validation, L0:such as changing an "and" to "&"; inserting or removing abbreviations, such as changing L0:"Co." to "Company"; inserting or removing a space between words in an entity's name; L0:or inserting or removing acronyms or wording identifying a type of incorporated status, L0:such as "Inc." or "LLC". These changes are processed and communicated back to

L0:SAM.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 5

L0:Defense FAR Supplement (DFARS) Part 205

L1:(a) In accordance with 10 U.S.C. 4862(k), synopses through the Governmentwide

L0:point of entry (<https://www.sam.gov>), awards exceeding the simplified acquisition

L0:threshold that are for the acquisition of any clothing, fiber, yarn, or fabric items

L0:described in 225.7002-1(a)(1)(ii) through (x), if?

L1:(1) The Secretary concerned has determined that domestic items are not

L0:available, in accordance with 225.7002-2(b); or

L1:(2) The acquisition is for chemical warfare protective clothing, and the

L0:contracting officer has determined that an exception to domestic source requirements

L0:applies because the acquisition furthers an agreement with a qualifying country, in

L0:accordance with 225.7002-2(n).

L1:(b) The synopsis must be submitted in sufficient time to permit its publication

L0:not later than 7 days after contract award.

L1:(c) In addition to the information otherwise required in a synopsis of contract

L0:award, the synopsis must include one of the following statements as applicable:

L1:(1) ?The exception at DFARS 225.7002-2(b) applies to this acquisition,

L0:because the Secretary concerned has determined that items grown, reprocessed, reused,

L0:or produced in the United States cannot be acquired as and when needed in satisfactory

L0:quality and sufficient quantity at U.S. market prices.?

L1:(2) ?The exception at DFARS 225.7002-2(n) applies to this acquisition,

L0:because the contracting officer has determined that this acquisition of chemical warfare

L0:protective clothing furthers an agreement with a qualifying country identified in

L0:DFARS 225.003.?

205.302 Public Announcement

Status: active

L0:205.302 Public Announcement.

L1:(a) Requirement.

L1:(ii) Departments and agencies must report contract actions?

L1:(A) To the Office of the Assistant to the Secretary of Defense for Public

L0:Affairs

L1:(B) By the close of business the day before the date of the proposed award;

L1:(C) Using report control symbol DD-LA-(AR) 1279;

L1:(D) Including, as a minimum, the following?

L1:(1) Contract data. Contract number, modification number, or delivery

L0:order number, face value of this action, total cumulative face value of the contract,

L0:description of what is being bought, contract type, whether any of the buy was for

L0:foreign military sales (FMS) and identification of the FMS customer;

L0:number of offers received;

L1:(2) Competition information. Number of solicitations mailed and

L1:(3) Contractor data. Name, address, and place of performance (if

L0:significant work is performed at a different location);

L1:(4) Funding data. Type of appropriation and fiscal year of the funds,

L0:and whether the contract is multiyear (see FAR part 17); and

L1:(5) Miscellaneous data. Identification of the contracting office, the

L0:contracting office point of contact, known congressional interest, and the information

L0:release date.

L1:(iii) Departments and agencies, in accordance with department/agency

L0:procedures and concurrent with the public announcement, must provide information

L0:similar to that required by paragraph (a)(ii) of this section to members of Congress in

L0:whose State or district the contractor is located, and the work is to be performed.

205.701 Contract clause

Status: active

L0:205.701 Contract clause.

L0:Insert the clause at 252.205-7000, Provision of Information to Cooperative Agreement

L0:Holder, in solicitations and contracts, including solicitations and contracts using FAR

L0:part 12 procedures for the acquisition of commercial products and commercial services,

L0:except for solicitations and contracts solely for the acquisition of commercially available

L0:off-the-shelf items, that are expected to exceed \$1.5 million. This clause implements 10

L0:U.S.C. 4957.

252.205-7000 Provision of Information to Cooperative Agreement Holders

Status: active

L0:252.205-7000 Provision of Information to Cooperative Agreement Holders.

L0:As prescribed in 205.701, insert the following clause:

L0:PROVISION OF INFORMATION TO COOPERATIVE AGREEMENT HOLDERS

L0:(OCT 2024)

L1:(a) Definition. As used in this clause?

L0:Cooperative agreement holder? means a State or local government; a nonprofit

L0:organization; a tribal organization (as defined in section 4(c) of the Indian Self-

L0:Determination and Education Assistance Act (25 U.S.C. 5304(l)); or an economic

L0:enterprise (as defined in section 3(e) of the Indian Financing Act of 1974 (25 U.S.C.

L0:1452(e))) whether such economic enterprise is organized for profit or nonprofit purposes;

L0:which has an agreement with the Under Secretary of Defense for Acquisition and

L0:Sustainment to furnish procurement technical assistance to business entities (as

L0:defined in 10 U.S.C. 4951).

L1:(b) The Contractor shall provide cooperative agreement holders, upon their request,

L0:with a list of those appropriate employees or offices responsible for entering into

L0:subcontracts under defense contracts. The list shall include the business address,

L0:telephone number, and area of responsibility of each employee or office.

L1:(c) The Contractor need not provide the listing to a particular cooperative

L0:agreement holder more frequently than once a year.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 5

L0:Defense FAR Supplement (DFARS) Part 205

L0:PGI 205-PUBLICIZING CONTRACT ACTIONS

L0:PGI 205.0?SCOPE OF PART

L0:PGI 205.002 Policy.

L0:PGI 205.002-70 Preparation and transmittal of synopses.

L1:(a) Notice numbering.

L1:(1) For a particular procurement, when submitting notices at different stages of the

L0:acquisition (i.e., sources sought notice, pre-solicitation notice, award notice), ensure the

L0:solicitation number is entered exactly the same way in order to allow all to be retrieved when

L0:a search is performed.

L1:(2) Use only alpha-numeric characters in the solicitation and award number data

L0:elements in the Governmentwide point of entry (GPE) at <https://www.sam.gov>. Do not

L0:include hyphens, slashes, or other special characters.

L1:(b) Small business events. When advertising an event for small businesses, post a

L0:'special notice' notice type and ensure the "title" data field begins with "Small Business

L0:Event". This will enable the public to easily search the GPE using the small business event

L0:calendar on the website.]

L0:PGI 205.1?PRESOLICITATION

L0:PGI 205.101-70 Availability of DoD solicitations.

L1:(a) Policy. The Solicitation Module within the Procurement Integrated Enterprise

L0:Environment (PIEE), accessible at <https://piee.eb.mil>, provides DoD a secure and auditable

L0:mechanism to request and receive proposals or quotes from industry.

L1:(1) The Solicitation Module?

L1:(i) Provides a single face to industry for accessing DoD solicitations and

L0:attachments;

L1:(ii) Ensures time stamps for submissions are collected electronically, and

L0:records are retained in the contract file;

L1:(iii) Provides a means to upload very large and varied solicitation attachments;

L1:(iv) Provides the ability to restrict access to a limited group of identified offerors;

L0:and

L1:(v) Automatically posts the required synopsis or other presolicitation notice,

L0:solicitation, or combined synopsis and solicitation, as applicable, in the Governmentwide

L0:point of entry (GPE) (<https://www.sam.gov>) in accordance with FAR subpart 5.1.

L1:(b) Procedures. Effective October 1, 2026, unless an exception applies, contracting

L0:officers must use the Solicitation Module for publishing unclassified solicitations and for

L0:receiving offers and quotes.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 5

L0:Defense FAR Supplement (DFARS) Part 205

L1:(1) Exceptions.

L1:(i) The Solicitation Module is not required for?

L0:source;

L0:part 13;

L0:part 18; or

L1:(A) Requests for offers or quotes when limiting competition to a single

L1:(B) Actions using simplified acquisition procedures in accordance with FAR

L1:(C) Actions using emergency acquisition flexibilities in accordance with FAR

L1:(D) Actions to be awarded outside the United States.

L1:(ii) Do not use the Solicitation Module for the following types of actions until the

L0:capability is developed in the Module:

L1:(A) Broad agency announcements.

L1:(B) Requests for offers or quotes for task orders or delivery orders under

L0:indefinite-delivery type contracts, blanket purchase agreements, or basic ordering

L0:agreements.

L0:PGI 205.103 Special Notices.

L0:PGI 205.103-70 Definitization of equitable adjustments for construction.

L0:Notice regarding timely definitization of equitable adjustments for change orders under

L0:construction contracts. To obtain definitization data for requests for equitable

L0:adjustment to include in solicitations for construction contracts, access the Procurement

L0>Action Required Reporting Online Tools (PARROT)/Protest Tracker and REA module in

L0:the PIEE website at <https://piee.eb.mil>. Search the PARROT Protest Tracker and REA

L0:module for the applicable military department or defense agency data and?

L1:(a) If data exists, download the table and include it as an attachment to the

L0:solicitation notice in the GPE; or

L1:(b) If no data exists, then include the following statement in the Description section

L0:of the solicitation notice: "No data is available regarding the timely definitization of

L0:equitable adjustments for change orders under construction contracts." (See PGI

L0:236.211) for reporting data on definitization of equitable adjustments.)

L1:(c) Include a description of military department or defense agency policies or

L0:procedures, in addition to that outlined in FAR part 43, that apply to definitization of

L0:equitable adjustments for change orders under construction contracts. This description

L0:may be provided in a notice by including an address of an agency-specific, publicly

L0:available website containing this information.

L1:(d) If the military department or defense agency does not have agency-specific

L0:procedures, include the following statement: "There are no agency-specific policies or

L0:procedures that apply to the definitization of equitable adjustments for change orders under

L0:construction contracts."

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 5

L0:Defense FAR Supplement (DFARS) Part 205

L0:205.3?SYNOPSIS OF CONTRACT AWARDS

PART 6

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

206.000 Scope of part

Status: active

L0:206.000 Scope of part.

L0:For information on the various approaches that may be used to competitively fulfill DoD

L0:requirements, see PGI 206.000.

206.001 Applicability

Status: active

L0:206.001 Applicability.

L1:(b) As authorized by 10 U.S.C. 1091, contracts awarded to individuals using the

L0:procedures at 237.201-1(ii) are exempt from the competition requirements of FAR Part

L0:6.

206.001-70 Exception for prototype projects for follow-on production

Status: active

L0:206.001-70 Exception for prototype projects for follow-on production

L0:contracts.

L1:(a) Also excepted from this part are follow-on production contracts for products

L0:developed pursuant to the ?other transactions? authority of 10 U.S.C. 4022 for prototype

L0:projects, when the contracting officer receives sufficient documentation from the

L0:agreements officer issuing the other transaction agreement for the prototype project

L0:that?

L1:(1) The other transaction agreement included provisions for a follow-on

L0:production contract (10 U.S.C. 4022(f)(1)); and

L1:(2) Where applicable, the threshold at 10 U.S.C. 4022(a)(2)(C) and the

L0:requirements at 10 U.S.C. 4022(f)(2)(A) and (B) have been met.

L1:(b) See PGI 206.001-70 for additional guidance.

206.101 Full and open competition

Status: active

L0:206.101 Full and open competition.

206.101-70 Other competitive procedures

Status: active

L0:206.101-70 Other competitive procedures.

L1:(a) In lieu of FAR 6.101(b)(3)(ii), competitive selection of science and technology

L0:proposals resulting from a broad agency announcement with peer or scientific review,

L0:as described in 235.102(a) (10 U.S.C. 3012(2)).

L1:(b)Competitive selection of proposals based on a review by scientific, technological, or

L0:other subject-matter expert peers resulting from a commercial solutions opening as

L0:described in subpart 212.70 (10 U.S.C. 3458) is a competitive procedure.

L1:(c) The award of a contract as a prize resulting from a competitive selection of prize

L0:recipients for advanced technology achievements is a competitive procedure (10 U.S.C.

L0:4025(f)), when the solicitation is widely advertised, including through the

L0:Governmentwide point of entry (see FAR part 5). See PGI 206.101-70 for approval

L0:requirements.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

206.102 Full and open competition after excluding sources

Status: active

L0:206.102 Full and open competition after excluding sources.

206.102-1 Establishing or maintaining alternative sources

Status: active

L0:206.102-1 Establishing or maintaining alternative sources.

L1:(a) Agencies may use this authority to totally or partially exclude a particular

L0:source from a contract action.

L1:(b) The determination and findings (D&F) and the documentation supporting the

L0:D&F must identify the excluded source. Include the information at PGI 206.102-1(b),

L0:as applicable, and any other information that may be pertinent, in the supporting

L0:documentation.

L0:206.103. Other than full and open competition.

206.103-170 Only one responsible source and no other supplies or services

Status: active

L0:206.103-170 Only one responsible source and no other supplies or services

L0:will satisfy agency requirements.

L1:(a) Authority. Section 8059 of Pub. L. 101-511 and similar sections in subsequent

L0:defense appropriations acts, prohibit departments and agencies from entering into

L0:contracts for studies, analyses, or consulting services (see FAR Subpart 37.4) on the

L0:basis of an unsolicited proposal without providing for full and open competition,

L0:unless?

L1:(1) The head of the contracting activity, or a designee no lower than chief of the

L0:contracting office, determines that?

L1:(i) Following thorough technical evaluation, only one source is fully

L0:qualified to perform the proposed work;

L1:(ii) The unsolicited proposal offers significant scientific or technological

L0:promise, represents the product of original thinking, and was submitted in confidence;

L0:or

L1:(iii) The contract benefits the national defense by taking advantage of a

L0:unique and significant industrial accomplishment or by ensuring financial support to a

L0:new product or idea;

L1:(A) A civilian official of the DoD, whose appointment has been

L0:confirmed by the Senate, determines the award to be in the interest of national defense;

L0:or

L0:development or production.

L1:(B) The contract is related to improvement of equipment that is in

L1:(b) Application. This authority may be used for acquisitions of test articles and

L0:associated support services from a designated foreign source under the DoD Foreign

L0:Comparative Testing Program.

L1:(c) Application for brand-name descriptions. Notwithstanding FAR 6.103-1(d), in

L0:accordance with section 888(a) of the National Defense Authorization Act for Fiscal

L0:Year 2017 (Pub. L. 114-328), the justification and approval addressed in FAR 6.104 is

L0:required in order to use brand name or equal descriptions.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

L1:(d) Limitations. Follow the procedures at PGI 206.103-170 prior to soliciting a

L0:proposal without providing for full and open competition under this authority.

L1:(e) Application for proprietary specifications or standards. In accordance with

L0:section 888(a) of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L.

L0:114-328), the justification and approval addressed in FAR 6.104 is required in order to

L0:use proprietary specifications and standards.

206.103-270 Unusual and compelling urgency

Status: active

L0:206.103-270 Unusual and compelling urgency.

L0:For guidance on circumstances under which use of this authority may be appropriate,

L0:see PGI 206.103-270).

206.103-370 Industrial mobilization; engineering, developmental, or research

Status: active

L0:206.103-370 Industrial mobilization; engineering, developmental, or research

L0:capability; or expert services.

L0:Insert the provision at 252.206-7000, Domestic Source Restriction, in all solicitations

L0:that are restricted to domestic sources under the authority of FAR 6.103-3.

206.103-4 International agreement

Status: active

L0:206.103-4 International agreement.

L1:(c) Limitations. Pursuant to 10 U.S.C. 3204(e)(4)(E), the justifications and

L0:approvals described in FAR 6.104 are not required if the head of the contracting activity

L0:prepares a document that describes the terms of an agreement or treaty or the written

L0:directions, such as a Letter of Offer and Acceptance, that have the effect of requiring the

L0:use of other than competitive procedures for the acquisition.

206.103-5 Authorized or required by statute

Status: active

L0:206.103-5 Authorized or required by statute.

L1:(c) Application. Agencies may use this authority to?

L1:(i) Acquire supplies and services from military exchange stores outside the

L0:United States for use by the armed forces outside the United States in accordance with

L0:10 U.S.C. 2424(a) and subject to the limitations of 10 U.S.C. 2424(b). The limitations of

L0:10 U.S.C. 2424(b)(1) and (2) do not apply to the purchase of soft drinks that are

L0:manufactured in the United States. For the purposes of 10 U.S.C. 2424, soft drinks

L0:manufactured in the United States are brand name carbonated sodas, manufactured in

L0:the United States, as evidenced by product markings.

L1:(ii) Acquire police, fire protection, airfield operation, or other community

L0:services from local governments at military installations to be closed under the

L0:circumstances in 237.7401 (section 2907 of Fiscal Year 1994 Defense Authorization Act

L0:(Pub. L. 103-160)).

L1:(iii) Acquire products and services under the Pilot Program to Incentivize

L0:Contracting with Employee-Owned Businesses (see subpart 270.1).

L1:(d) Limitations.

L1:(i) 10 U.S.C. 4141 precludes use of this exception for awards to colleges or

L0:universities for the performance of research and development, or for the construction of

L0:any research or other facility, unless?

L1:(A) The statute authorizing or requiring award specifically?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

L1:(1) States that the statute modifies or supersedes the provisions of 10

L1:(2) Identifies the particular college or university involved; and

L1:(3) States that award is being made in contravention of 10 U.S.C.

L0:U.S.C. 4141;

L0:4141(a); and

L1:(B) The Secretary of Defense provides Congress written notice of intent to

L0:award. The contract cannot be awarded until 180 days have elapsed since the date

L0:Congress received the notice of intent to award. Contracting activities must submit a

L0:draft notice of intent with supporting documentation through channels to the Principal

L0:Director, Defense Pricing, Contracting, and Acquisition Policy, Office of the Under

L0:Secretary of Defense (Acquisition and Sustainment).

L1:(ii) The limitation in paragraph (d)(i) of this section applies only if the statute

L0:authorizing or requiring award was enacted after September 30, 1989.

L1:(iii) Subsequent statutes may provide different or additional constraints on the

L0:award of contracts to specified colleges and universities. Contracting officers should

L0:consult legal counsel on a case-by-case basis.

206.103-7 Public interest

Status: active

L0:206.103-7 Public interest.

L0:For the defense agencies, the written determination to use this authority must be made

L0:by the Secretary of Defense.

206.104-70 Justification and Approval

Status: active

L0:206.104-70 Justification and Approval.

L1:(a) In accordance with section 823 of the National Defense Authorization Act for

L0:Fiscal Year 2020 (Pub. L. 116-92), no justification and approval is required for a sole-

L0:source contract under the 8(a) authority (15 U.S.C. 637(a)) for an amount not exceeding

L0:\$100 million.

L1:(b) In lieu of FAR 6.104-1(b), in accordance with section 823 of the National Defense

L0:Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), contracting officers shall not

L0:award a sole-source contract under the 8(a) authority (15 U.S.C. 637(a)) for an amount

L0:exceeding \$100 million unless?

L1:(1) The contracting officer justifies the use of a sole-source contract in writing in

L0:accordance with FAR 6.104-1;

L1:(2) The justification is approved in accordance with 206.104-270(c); and

L1:(3) The justification and related information are made public after award in

L0:accordance with FAR 6.301.

206.104-71 Justification content

Status: active

L0:206.104-71 Justification content.

L2:(a)(1) In lieu of the threshold at FAR 6.104-2(a) Table 6-1, each justification shall

L0:include the information at FAR 6.104-1(a), except for sole-source 8(a) contracts over L0:\$100 million (see paragraph (d) of this section).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

L1:(2) Include the information required by PGI 206.104-71(b) in justifications

L0:citing the authority at FAR 6.103-1.

L1:(b) In lieu of the threshold at FAR 6.104-1(b), each justification for a sole-source 8(a)

L0:contract over \$100 million shall include the information at FAR 6.104-1(b).

206.104-72 Approval of justification

Status: active

L0:206.104-72 Approval of justification.

L1:(a) The Under Secretary of Defense (Acquisition and Sustainment) may delegate

L0:this authority to?

L1:(1) An Assistant Secretary of Defense; or

L1:(2) For a defense agency, an officer or employee serving in, assigned, or detailed

L0:to that agency who?

L1:(i) If a member of the armed forces, is serving in a rank above brigadier

L0:general or rear admiral (lower half); or

L1:(ii) If a civilian, is serving in a position with a grade under the General

L0:Schedule (or any other schedule for civilian officers or employees) that is comparable to

L0:or higher than the grade of major general or rear admiral.

L1:(b) For a non-competitive follow-on acquisition to a previous award for the same

L0:supply or service supported by a justification for other than full and open competition

L0:citing the authority at FAR 6.103-1, follow the procedures at PGI 206.104-270.

L1:(c) In accordance with section 823 of the National Defense Authorization Act for

L0:Fiscal Year 2020 (Pub. L. 116-92), the head of the procuring activity is the approval

L0:authority for a proposed sole-source 8(a) contract exceeding \$100 million. This authority

L0:may only be delegated to an officer or employee who?

L1:(1) If a member of the armed forces, is serving in a rank above brigadier general

L0:or rear admiral (lower half); or

L1:(2) If a civilian, is serving in a position with a grade under the General Schedule

L0:(or any other schedule for civilian officers or employees) that is comparable to or higher

L0:than the grade of major general or rear admiral.

206.301 Availability of the justification

Status: active

L0:206.301 Availability of the justification.

L0:See PGI 206.301 for further guidance on the requirements for preparing, obtaining

L0:approval, and posting justification and approval documents for contracts awarded

L0:using the authority of FAR 6.103.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

252.206-7000 Domestic Source Restriction

Status: active

L0:252.206-7000 Domestic Source Restriction.

L0:As prescribed at 206.103-370, insert the following provision:

L0:DOMESTIC SOURCE RESTRICTION

L0:(AUG 2023)

L0:This solicitation is restricted to domestic sources under the authority of 10 U.S.C.

L0:3204(a)(3). Foreign sources, except Canadian sources, are not eligible for award.

L0:PGI 206.1?PRESOLICITATION

L0:PGI 206.101 Full and open competition.

L0:PGI 206.101-70 Other competitive procedures.

L1:(c) Approval of the Under Secretary of Defense for Research and Engineering is

L0:required prior to the award of a contract resulting from a prize competition that exceeds

L0:\$10,000 (see 10 U.S.C. 4025(c)(3)). Obtain the approval from the program office and

L0:include it in the contract file.

L0:PGI 206.102?Full and open competition after excluding sources.

L0:PGI 206.102-1 Establishing or maintaining alternative sources.

L2:(b)(i) Include the following information, as applicable, and any other information that may

L0:be pertinent, in the supporting documentation:

L1:(A) The acquisition history of the supplies or services, including sources, prices,
L0:quantities, and dates of award.

L1:(B) The circumstances that make it necessary to exclude the particular source
L0:from the contract action, including?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

L0:the technical complexity and criticality of the supplies or services; and

L1:(1) The reasons for the lack of or potential loss of alternative sources; e.g.,

L1:(2) The current annual requirement and projected needs for the supplies or
L0:services.

L1:(C) Whether the existing source must be totally excluded from the contract

L0:action or whether a partial exclusion is sufficient.

L1:(D) The potential effect of exclusion on the excluded source in terms of loss of

L0:capability to furnish the supplies or services in the future.

L1:(E) When FAR 6.102-1(a)(1) is the authority, the basis for?

L1:(1) The determination of future competition; and

L1:(2) The determination of reduced overall costs. Include, as a minimum, a

L0:discussion of start-up costs, facility costs, duplicative administration costs, economic order
L0:quantities, and life cycle cost considerations.

L1:(F) When FAR 6.102-1(a)(2) is the authority?

L1:(1) The current annual and mobilization requirements for the supplies or

L0:services, citing the source of, or the basis for, the data;

L1:(2) A comparison of current production capacity with that necessary to meet

L0:mobilization requirements;

L1:(3) An analysis of the risks of relying on the present source; and

L1:(4) A projection of the time required for a new source to acquire the

L0:necessary facilities and achieve the production capacity necessary to meet mobilization

L0:requirements.

L1:(ii) The following is a sample format for Determination and Findings citing the

L0:authority of FAR 6.102-1(a):

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6

L0:Defense FAR Supplement (DFARS) Part 206

L0:Determination and Findings

L0:Authority to Exclude a Source

L0:In accordance with 10 U.S.C. 3203(a)(1), it is my determination that the following contract

L0:action may be awarded using

L0:full and open competition after exclusion of

L0:_____*

L0:Findings

L0:(Describe requirement.)

L0:The exclusion of _____*

L0:Alternate 1: will increase or maintain competition for this requirement and is expected to

L0:result in a reduction of \$_____ in overall costs for the present and future acquisition

L0:of these supplies or services. (Describe how estimate was derived.)

L0:Alternate 2: is in the interest of national defense because it will result in having a supplier

L0:available for furnishing these supplies or services in case of a national emergency or
L0:industrial mobilization. (Explain circumstances requiring exclusion of source.)
L0:Alternate 3: is in the interest of national defense because it will result in establishment or
L0:maintenance of an essential engineering, research or development capability to be
L0:provided by an educational or other nonprofit institution or a federally funded research
L0:and development center. (Explain circumstances requiring exclusion of source.)
L0:* Identify source being excluded.
L0:PGI 206.103 Other than full and open competition.
L0:PGI 206.103-170 Only one responsible source and no other supplies or services will
L0:satisfy agency requirements.
L1:(d) Limitations. When utilizing the authority at FAR 6.103-1, the contracting officer shall
L0:post a request for information or a sources sought notice, and shall include the results of this
L0:inquiry in the justification required by FAR 6.104. This requirement to post may be waived by
L0:the Head of the Contracting Activity, or designee. The waiver authority may not be delegated
L0:lower than a general or flag officer or a member of the Senior Executive Service.
L0:PGI 206.103-270 Unusual and compelling urgency.
L0:The circumstances under which use of this authority may be appropriate include, but are not
L0:limited to, the following:
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6
L0:Defense FAR Supplement (DFARS) Part 206
L1:(i) Supplies, services, or construction needed at once because of fire, flood,
L0:explosion, or other disaster.
L1:(ii) Essential equipment or repair needed at once to?
L1:(A) Comply with orders for a ship;
L1:(B) Perform the operational mission of an aircraft; or
L1:(C) Preclude impairment of launch capabilities or mission performance of
L0:missiles or missile support equipment.
L1:(iii) Construction needed at once to preserve a structure or its contents from
L0:damage.
L1:(iv) Purchase requests citing an issue priority designator under DoD Manual
L0:4140.01, Volume 5, DoD Supply Chain Materiel Management Procedures: Delivery of
L0:Material, of 4 or higher, or citing ?Electronic Warfare QRC Priority.?
L0:PGI 206.104-70 Justification and Approval.
L0:PGI 206.104-71 Justification content.
L0:Justifications citing the authority at FAR 6.103-1 to permit the use of other than full and
L0:open competition, shall--
L1:(1) Include the results of the request for information or sources sought notice posted
L0:in accordance with PGI 206.103-170 (unless the requirement to post has been waived); and
L1:(2) For non-competitive follow-on acquisitions of supplies or services previously
L0:awarded on a non-competitive basis, include a copy of the previous justification to assist the
L0:approval authority in determining whether the planned actions to remove any barriers to
L0:competition cited on the previous justification were completed.
L0:PGI 206.104-72 Approval of justification.
L0:For a non-competitive follow-on to a previous award for the same supply or service
L0:supported by a justification for other than full and open competition citing the authority at

L0:FAR 6.103-1?

L1:(a) The justification shall include a copy of the previous justification to assist the
L0:approval authority in determining whether the planned actions to remove any barriers to
L0:competition cited on the previous justification were completed; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 6
L0:Defense FAR Supplement (DFARS) Part 206
L1:(b) The approval authority shall determine whether the planned actions were completed.
L0:If the actions were not completed, the justification for the follow-on acquisition shall be
L0:approved by the approval authority one-level above the approval authority for the previous
L0:justification (see FAR 6.104-2). If the previous justification was approved by the Senior
L0:Procurement Executive (SPE), the approval remains at the SPE level.
L0:PGI 206.301 Availability of the justification.
L0:See OUSD(AT&L) DPAP memorandum, ?Noncompetitive Contracts Awarded Based on
L0:Urgency,? dated April 13, 2015, for further guidance on the justification and approval
L0:documents required for contracts awarded using the unusual and compelling urgency
L0:exception.

PART 7

SUBPART 207.70 ? BUY-TO-BUDGET?ADDITIONAL QUANTITIES OF END

Status: active

L0:SUBPART 207.70?BUY-TO-BUDGET?ADDITIONAL QUANTITIES OF END

L0:ITEMS

207.102 Requirements

Status: active

L0:207.102 Requirements.

L2:(b)(1) See 212.102 regarding requirements for a written determination that the

L0:commercial product or commercial service definition has been met when using FAR

L0:part 12 procedures.

207.103-70 Agency-head responsibilities

Status: active

L0:207.103-70 Agency-head responsibilities.

L1:(a) Prepare written acquisition plans for?

L1:(1) Acquisitions for development, as defined in FAR 35.001, when the total price

L0:of all contracts for the acquisition program is estimated at \$10 million or more;

L1:(2) Acquisitions for production or services when the total price of all contracts

L0:for the acquisition program is estimated at \$50 million or more for all fiscal years or \$25

L0:million or more for any fiscal year; and

L1:(3) Any other acquisition considered appropriate by the department or agency.

L1:(b) Written plans are not required for final buy out or one-time buy acquisitions.

L0:The terms "final buy out" and "one-time buy" refer to a single contract that covers all

L0:known present and future requirements. This exception does not apply to a multiyear

L0:contract or a contract with options or phases.

L1:(c) Prepare written acquisition plans for acquisition programs meeting the

L0:thresholds of paragraphs (a) of this section on a program basis. Other acquisition plans

L0:may be written on either a program or an individual contract basis.

L1:(d) For procurement of conventional ammunition, as defined in DoDD 5160.65,

L0:Single Manager for Conventional Ammunition (SMCA), the SMCA will review the

L0:acquisition plan to determine if it is consistent with retaining national technology and

L0:industrial base capabilities in accordance with 10 U.S.C. 3204(a)(3) and section 806 of

L0:Public Law 105-261. The department or agency?

L1:(1) Must submit the acquisition plan to the address in PGI 207.103-70(d); and

L1:(2) Must not proceed with the procurement until the SMCA provides written

L0:concurrence with the acquisition plan. In the case of a non-concurrence, the SMCA will

L0:resolve issues with the Army Office of the Executive Director for Conventional

L0:Ammunition.

207.104-70 General procedures

Status: active

L0:207.104-70 General procedures.

L1:(a) In developing an acquisition plan, agency officials must take into account the

L0:requirement for scheduling and conducting a Peer Review in accordance with 201.170.

L1:(b) In addition to the requirements of FAR 7.104, planners must follow the

L0:procedures at PGI 207.104(b).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

207.106-70 Additional requirements for major systems

Status: active

L0:207.106-70 Additional requirements for major systems.

L1:(a) Contracting officers are prohibited by 10 U.S.C. 3208(d)(1) from requiring offers

L0:for development or production of major systems that would enable the Government to

L0:use technical data to competitively reprocore identical items or components of the

L0:system if the item or component were developed exclusively at private expense, unless

L0:the contracting officer determines that?

L1:(1) The original supplier of the item or component will be unable to satisfy

L0:program schedule or delivery requirements;

L1:(2) Proposals by the original supplier of the item or component to meet

L0:mobilization requirements are insufficient to meet the agency's mobilization needs; or

L1:(3) The Government is otherwise entitled to unlimited rights in technical data.

L1:(b) If the contracting officer makes a determination, under paragraphs (a)(1) and (2)

L0:of this section, for a competitive solicitation, 10 U.S.C. 3208(d)(2) requires that the

L0:evaluation of items developed at private expense be based on an analysis of the total

L0:value, in terms of innovative design, life-cycle costs, and other pertinent factors, of

L0:incorporating such items in the system.

L1:(c) In accordance with 10 U.S.C. 3774(a) and DoD policy requirements, acquisition

L0:plans for major weapon systems and subsystems of major weapon systems must?

L1:(1) Assess the long-term technical data and computer software needs of those

L0:systems and subsystems; and

L1:(2) Establish acquisition strategies that provide for the technical data

L0:deliverables and associated license rights needed to sustain those systems and

L0:subsystems over their life cycle. The strategy may include?

L1:(i) The development of maintenance capabilities within DoD; or

L1:(ii) Competition for contracts for sustainment of the systems or subsystems.

L1:(d) Assessments and corresponding acquisition strategies developed under

L0:paragraph (c) of this section must?

L1:(1) Be developed before issuance of a solicitation for the weapon system or

L0:subsystem;

L1:(2) In accordance with 10 U.S.C. 4328, to emphasize reliability and

L0:maintainability in weapon system design, ensure that reliability and

L0:maintainability are included in the performance attributes of the key performance

L0:parameters on sustainment during the development of capabilities requirements.

L0:For additional guidance see PGI 207.104-70;

L1:(3) Address the merits of including a priced contract option for the future

L0:delivery of technical data and computer software, and associated license rights, that

L0:were not acquired upon initial contract award;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(4) Address the potential for changes in the sustainment plan over the life cycle

L0:of the weapon system or subsystem; and

L1:(5) Apply to weapon systems and subsystems that are to be supported by

L0:performance-based logistics arrangements as well as to weapon systems and

L0:subsystems that are to be supported by other sustainment approaches.

L1:(e) See part 209 for policy applicable to acquisition strategies that consider the use

L0:of lead system integrators.

L2:(f)(1) In accordance with section 202 of the Weapon Systems Acquisition Reform

L0:Act of 2009 (Pub. L. 111-23), acquisition plans for major defense acquisition

L0:programs as defined in 10 U.S.C. 4201, must include measures that?

L1:(i) Ensure competition, or the option of competition, at both the prime

L0:contract level and subcontract level (at such tier or tiers as are appropriate) throughout

L0:the program life cycle as a means to improve contractor performance; and

L1:(ii) Document the rationale for the selection of the appropriate subcontract

L0:tier or tiers under paragraph (f)(1)(i) of this section, and the measures which will be

L0:employed to ensure competition, or the option of competition.

L1:(2) Measures to ensure competition, or the option of competition, may include,

L0:but are not limited to, cost-effective measures intended to achieve the following:

L1:(i) Competitive prototyping.

L1:(ii) Dual-sourcing.

L1:(iii) Unbundling of contracts.

L1:(iv) Funding of next-generation prototype systems or subsystems.

L1:(v) Use of modular, open architectures to enable competition for upgrades.

L1:(vi) Use of build-to-print approaches to enable production through multiple

L0:sources.

L1:(vii) Acquisition of complete technical data packages.

L1:(viii) Periodic competitions for subsystem upgrades.

L1:(ix) Licensing of additional suppliers.

L1:(x) Periodic system or program reviews to address long-term competitive

L0:effects of program decisions.

L1:(3) In order to ensure fair and objective ?make-or-buy? decisions by prime

L0:contractors, acquisition strategies and resultant solicitations and contracts must?

L1:(i) Require prime contractors to give full and fair consideration to qualified

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L0:sources other than the prime contractor for the development or construction of major
L0:subsystems and components of major weapon systems;

L1:(ii) Provide for Government surveillance of the process by which prime

L0:contractors consider such sources and determine whether to conduct such development

L0:or construction in-house or through a subcontract; and

L1:(iii) Provide for the assessment of the extent to which the prime contractor

L0:has given full and fair consideration to qualified sources in sourcing decisions as a part

L0:of past performance evaluations.

L1:(4) Whenever a source-of-repair decision results in a plan to award a contract

L0:for the performance of maintenance and sustainment services on a major weapon

L0:system, to the maximum extent practicable and consistent with statutory requirements,

L0:the acquisition plan must prescribe that award will be made on a competitive basis

L0:after giving full consideration to all sources (including sources that partner or

L0:subcontract with public or private sector repair activities).

L1:(5) In accordance with 10 U.S.C. 4328, acquisition plans for engineering

L0:manufacturing and development and production of major systems defined in

L0:10 U.S.C. 3041(a) and 4202 and for major defense acquisition programs, must

L0:include performance measures that are developed using best practices for

L0:responding to the positive or negative performance of a contractor for the

L0:engineering and manufacturing development or production of a weapon system,

L0:including embedded software. At a minimum the contracting officer must?

L1:(i) Encourage the use of incentive fees and penalties as appropriate; and

L1:(ii) Allow the program manager or comparable requiring activity official

L0:exercising program management responsibilities, to base determinations of a

L0:contractor?s performance on reliability and maintainability data collected during the

L0:program. Such data collection and associated evaluation metrics must be described in

L0:detail in the contract; and to the maximum extent practicable, the data must be shared

L0:with appropriate contractor and Government organizations.

L1:(g) In accordance with section 815 of the National Defense Authorization Act for

L0:Fiscal Year 2009 (Pub. L. 110-417) and DoD policy requirements, acquisition plans for

L0:major weapons systems must include a plan for the preservation and storage of special

L0:tooling associated with the production of hardware for major defense acquisition

L0:programs through the end of the service life of the related weapons system. The plan

L0:must include the identification of any contract clauses, facilities, and funding required

L0:for the preservation and storage of such tooling. The Under Secretary of Defense for

L0:Acquisition and Sustainment (USD(A&S)) may waive this requirement if USD(A&S)

L0:determines that it is in the best interest of DoD.

L1:(h) When selecting contract type, see 234.004 (section 811 of the National Defense

L0:Authorization Act for Fiscal Year 2013 (Pub. L. 112-239)).

207.108 Additional requirements for teleworking

Status: active

L0:207.108 Additional requirements for teleworking.
L0:See PGI 207.108 for additional guidance concerning places of performance.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7
L0:Defense FAR Supplement (DFARS) Part 207

207.170 Public-Private Competitions

Status: active

L0:207.170 Public-Private Competitions.
L0:See PGI 207.170 for policy on the Governmentwide moratorium and restrictions on
L0:public-private competitions conducted pursuant to Office of Management and Budget
L1:(OMB) Circular A-76.

207.171 Component breakout

Status: active

L0:207.171 Component breakout.
L0:See PGI 207.171 for component breakout policy and procedures.

207.172 Human research

Status: active

L0:207.172 Human research.
L0:Any DoD component sponsoring research involving human subjects?
L1:(a) Is responsible for oversight of compliance with 32 CFR Part 219, Protection of
L0:Human Subjects; and
L1:(b) Must have a Human Research Protection Official, as defined in the clause at
L0:252.235-7004, Protection of Human Subjects, and identified in the DoD component?s
L0:Human Research Protection Management Plan. This official is responsible for the
L0:oversight and execution of the requirements of the clause at 252.235-7004 and must be
L0:identified in the written acquisition plan.

207.401 Acquisition considerations

Status: active

L0:207.401 Acquisition considerations.
L0:If an equipment lease is expected to exceed 60 days, the requiring activity must provide
L0:the contracting officer with the justification supporting the decision to lease or
L0:purchase.

207.470 Statutory requirements

L0:207.470 Statutory requirements.

L1:(a) The contracting officer must not enter into any contract for the lease or charter

L0:of any vessel, aircraft, or combat vehicle, or any contract for services that would require

L0:the use of the contractor's vessel, aircraft, or combat vehicle, unless the Secretary of the

L0:military department concerned has satisfied the requirements of

L0:10 U.S.C. 3671-3677, when?

L1:(1) The contract will be a long-term lease or charter as defined in 10 U.S.C.

L0:3674(a)(1); or

L1:(2) The terms of the contract provide for a substantial termination liability as

L0:defined in 10 U.S.C. 3674(b). Also see PGI 207.470.

L1:(b) As required by 10 U.S.C. 3678, the contracting officer must not enter into any

L0:contract for any vessel, aircraft, or vehicle, through a lease, charter, or similar

L0:agreement with a term of 18 months or more, or extend or renew any such contract for a

L0:term of 18 months or more, unless the head of the contracting activity has?

L1:(1) Considered all costs of such a contract (including estimated termination

L0:liability); and

L1:(2) Determined in writing that the contract is in the best interest of the

L0:Government.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(c) Except as provided in paragraphs (a) and (b) of this section, the contracting

L0:officer may use leasing in the acquisition of commercial vehicles and associated

L0:equipment whenever the contracting officer determines that leasing of such vehicles is

L0:practicable and efficient (10 U.S.C. 3681).

207.471 Funding requirements

Status: active

L0:207.471 Funding requirements.

L1:(a) Fund leases in accordance with DoD Financial Management Regulation (FMR)

L0:7000.14-R, Volume 2A, Chapter 1.

L1:(b) DoD leases are either capital leases or operating leases. See FMR 7000.14-R,

L0:Volume 4, Chapter 6, Section 060206.

L1:(c) Use procurement funds for capital leases, as these are essentially installment

L0:purchases of property.

207.500 Scope of subpart

Status: active

L0:207.500 Scope of subpart.

L0:This subpart also implements 10 U.S.C. 4508.

207.503-70 Policy

Status: active

L0:207.503-70 Policy.

L1:(a) Agency Determinations. The written determination required by FAR 7.503(e)

L0:must?

L1:(1) Be prepared using DoD Instruction 1100.22, Guidance for Determining

L0:Workforce Mix; and

L1:(2) Include a determination that none of the functions to be performed are

L0:exempt from private sector performance, as addressed in DoD Instruction 1100.22.

L1:(b) Contracts for acquisition functions.

L1:(1) In accordance with 10 U.S.C. 4508, the head of an agency may enter into a

L0:contract for performance of the acquisition functions closely associated with inherently

L0:governmental functions that are listed at FAR 7.503(d) only if?

L1:(i) The contracting officer determines that appropriate military or civilian

L0:DoD personnel?

L1:(A) Cannot reasonably be made available to perform the functions;

L1:(B) Will oversee contractor performance of the contract; and

L0:the functions to be performed under the contract; and

L1:(C) Will perform all inherently governmental functions associated with

L1:(ii) The contracting officer ensures that the agency addresses any potential

L0:organizational conflict of interest of the contractor in the performance of the functions

L0:under the contract (see FAR Subpart 9.5).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(c) See related information at PGI 207.503-70.

207.7001 Definition

Status: active

L0:207.7001 Definition.

L0:End item, as used in this subpart, means a production product assembled, completed,

L0:and ready for issue or deployment.

207.7002 Authority to acquire additional quantities of end items

Status: active

L0:207.7002 Authority to acquire additional quantities of end items.

L0:10 U.S.C. 3069 authorizes DoD to use available funds for the acquisition of an end item

L0:at a higher quantity than the quantity specified in a law providing the funding for the

L0:specific end item, if the head of an agency determines that?

L1:(a) The agency has an established requirement for the end item that is expected to

L0:remain substantially unchanged throughout the period of the acquisition;

L1:(b) It is possible to acquire the higher quantity of the end item without additional

L0:funding because of production efficiencies or other cost reductions;
L1:(c) The amount of funds used for the acquisition of the higher quantity of the end
L0:item will not exceed the amount provided under that law for the acquisition of the end
L0:item; and
L1:(d) The amount provided under that law for the acquisition of the end item is
L0:sufficient to ensure that each unit of the end item acquired within the higher quantity is
L0:fully funded as a complete end item.

207.7003 Limitation

Status: active

L0:207.7003 Limitation.

L0:In accordance with 10 U.S.C. 3069, the acquisition of additional quantities is limited to
L0:not more than 10 percent of the quantity approved in the justification and approval of
L0:the use of other than competitive procedures prepared in accordance with FAR Part 6.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7
L0:Defense FAR Supplement (DFARS) Part 207

L0:PGI 207?ACQUISITION PLANNING

L0:PGI 207.1?ACQUISITION PLANS

L0:PGI 207.103-70 Agency-head responsibilities.
L1:(d) Submit acquisition plans for procurement of conventional ammunition to?
L0:Joint Program Executive Office Armaments and Ammunition

L0:ATTN: SFAE-AA

L0:Building 1
L0:Picatinny Arsenal, NJ 07806-5000
L0:Telephone: Commercial 973-724-7101; DSN 880-7101
L0:Email: usarmy.pica.peo-ammo.list.zjs-section-806@army.mil
L0:PGI 207.104-70 General procedures.
L1:(b) For acquisitions covered by DFARS 207.103-70(a)(1) and (2), correlate the plan to
L0:the DoD Future Years Defense Program, applicable budget submissions, and the decision
L0:coordinating paper/program memorandum, as appropriate. It is incumbent upon the
L0:program manager to coordinate the plan with all those who have a responsibility for the
L0:development, management, or administration of the acquisition. The acquisition plan should
L0:be provided to the contract administration organization to facilitate resource allocation and
L0:planning for the evaluation, identification, and management of contractor performance risk.
L1:(1) Acquisition background and objectives.
L1:(i) Statement of need. Include?
L1:(A) Applicability of an acquisition decision document, a milestone decision
L0:review, or a service review, as appropriate.
L1:(B) The date approval for operational use has been or will be obtained. If
L0:waivers are requested, describe the need for the waivers.
L1:(C) A milestone chart depicting the acquisition objectives.
L1:(D) Milestones for updating the acquisition plan. Indicate when the plan will be
L0:updated. Program managers should schedule recurring reviews and updates to coincide

L0:with DAB reviews and the transition from one phase to another (e.g., system development L0:and demonstration to production and deployment).

L1:(E) Supplies and services. To determine if acquisitions for supplies or services

L0:are covered by DFARS 208.2, acquisition officials must use the AbilityOne Program

L0:Procurement List published by the Committee for Purchase From People Who Are Blind or

L0:Severely Disabled at http://www.abilityone.gov/procurement_list/index.html (see FAR Part

L0:8.2).

L1:(ii) Life-cycle cost. When acquiring tents or other temporary structures, consider

L0:total life-cycle costs in accordance with DFARS 215.101.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(iii) Acquisition streamlining. See DoDD 5000.1, The Defense Acquisition System,

L0:and guidebooks at <https://aaf.dau.edu/guidebooks/>.

L1:(2) Plan of action.

L1:(i) Competition. For information on various approaches that may be used to

L0:competitively fulfill DoD requirements, see the Office of the Under Secretary of Defense for

L0:Acquisition, Technology, and Logistics Actions to Improve Competition.

L1:(ii) Acquisition considerations. When supplies or services will be acquired by

L0:placing an order under a non-DoD contract (e.g., a Federal Supply Schedule contract),

L0:regardless of whether the order is placed by DoD or by another agency on behalf of DoD,

L0:address the method of ensuring that the order will be consistent with DoD statutory and

L0:regulatory requirements applicable to the acquisition and the requirements for use of DoD

L0:appropriated funds.

L1:(iii) Budgeting and funding. Include specific references to budget line items and

L0:program elements, where applicable, estimated production unit cost, and the total cost for

L0:remaining production.

L1:(iv) Product or service descriptions. For development acquisitions, describe the

L0:market research undertaken to identify commercial products or commercial services,

L0:commercial products or commercial services with modifications, or nondevelopmental items

L0:other than commercial products (see FAR part 10) that could satisfy the acquisition

L0:objectives.

L1:(v) Logistics considerations.

L1:(A) Describe the extent of integrated logistics support planning, including total

L0:life cycle system management and performance-based logistics. Reference approved

L0:plans. See PGI 245.103-73 for information on reporting requirements for Government

L0:inventory held by contractors under sustainment contracts in accordance with DoD Manual

L0:4140.01, Volume 6, DoD Supply Chain Materiel Management Procedures: Materiel Returns,

L0:Retention, and Disposition.

L2:(B)(1) Discuss the mission profile, reliability, and maintainability (R&M) program

L0:plan, R&M predictions, redundancy, qualified parts lists, parts and material qualification,

L0:R&M requirements imposed on vendors, failure analysis, corrective action and feedback,

L0:and R&M design reviews and trade-off studies. Also discuss corrosion prevention and

L0:mitigation plans.

L1:(2) See the Under Secretary of Defense Acquisition and Sustainment

L0:Policy Memo, dated January 31, 2019, entitled "Implementation of 10 U.S.C. 2443?"

L0:Sustainment Factors in Weapon System Design? and DoD Instruction 5000.02, Operation of L0:the Adaptive Acquisition Framework, policies and procedures.

L1:(C) For all acquisitions, see part 227 regarding technical data and associated

L0:license rights, and computer software and associated license rights. For acquisitions

L0:involving major weapon systems and subsystems of major weapon systems, see the

L0:additional requirements at DFARS 207.106-70.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(D) See DoD 4120.24-M, Defense Standardization Program (DSP) Policies and

L0:Procedures.

L1:(E) Describe the extent of Computer-Aided Acquisition and Logistics Support

L1:(CALS) implementation (see MIL-STD-1840C, Automated Interchange of Technical

L0:Information).

L1:(vi) Environmental and energy conservation objectives.

L1:(A) Discuss actions taken to ensure either elimination of or authorization to use

L0:class I ozone-depleting chemicals and substances (see DFARS part 223).

L1:(B) Ensure compliance with DoDI 4715.23, Integrated Recycling and Solid

L0:Waste Management.

L1:(vii) Other considerations.

L1:(A) National Technology and Industrial Base. For major defense acquisition

L0:programs, address the following (10 U.S.C. 4811(c))?

L1:(1) An analysis of the capabilities of the national technology and industrial

L0:base to develop, produce, maintain, and support such program, including consideration of

L0:the following factors related to foreign dependency (10 U.S.C. 4816)?

L1:(i) The availability of essential raw materials, special alloys, composite

L0:materials, components, tooling, and production test equipment for the sustained production

L0:of systems fully capable of meeting the performance objectives established for those

L0:systems; the uninterrupted maintenance and repair of such systems; and the sustained

L0:operation of such systems.

L1:(ii) The identification of items specified in paragraph (b)(19)(A)(1)(i) of

L0:this section that are available only from sources outside the national technology and

L0:industrial base.

L1:(iii) The availability of alternatives for obtaining such items from within

L0:the national technology and industrial base if such items become unavailable from sources

L0:outside the national technology and industrial base; and an analysis of any military

L0:vulnerability that could result from the lack of reasonable alternatives.

L0:result from foreign acquisition of firms in the United States.

L1:(iv) The effects on the national technology and industrial base that

L0:design and production of the systems to be procured under the program.

L1:(2) Consideration of requirements for efficient manufacture during the

L1:(3) The use of advanced manufacturing technology, processes, and

L0:systems during the research and development phase and the production phase of the

L0:program.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(4) To the maximum extent practicable, the use of contract solicitations that
 L0:encourage competing offerors to acquire, for use in the performance of the contract, modern
 L0:technology, production equipment, and production systems (including hardware and
 L0:software) that increase the productivity of the offerors and reduce the life-cycle costs.
 L0:advanced manufacturing technology production equipment and processes through?
 L1:(5) Methods to encourage investment by U.S. domestic sources in
 L1:(i) Recognition of the contractor's investment in advanced
 L0:manufacturing technology production equipment, processes, and organization of work
 L0:systems that build on workers' skill and experience, and work force skill development in the
 L0:development of the contract objective; and
 L0:production.
 L1:(ii) Increased emphasis in source selection on the efficiency of
 L0:processes specified by DoD.
 L1:(6) Expanded use of commercial manufacturing processes rather than
 L1:(7) Elimination of barriers to, and facilitation of, the integrated manufacture
 L0:of commercial products or commercial services and items being produced under DoD
 L0:contracts.
 L1:(8) Expanded use of commercial products or commercial services,
 L0:commercial products or commercial services with modifications, or to the extent commercial
 L0:products or commercial services that meet the agency's needs are not available,
 L0:nondevelopmental items other than commercial products (see FAR part 10).
 L1:(9) Acquisition of major weapon systems as commercial products (see
 L0:DFARS part 234).
 L1:(B) Industrial capability (IC).
 L1:(1) Provide the program's IC strategy that assesses the capability of the
 L0:U.S. industrial base to achieve identified surge and mobilization goals. If no IC strategy has
 L0:been developed, provide supporting rationale for this position.
 L1:(2) If, in the IC strategy, the development of a detailed IC plan was
 L0:determined to be applicable, include the plan by text or by reference. If the development of
 L0:the IC plan was determined not to be applicable, summarize the details of the analysis
 L0:forming the basis of this decision.
 L0:that are supported by logistics support plans, identify their impact on the IC plan.
 L1:(3) If the program involves peacetime and wartime hardware configurations
 L1:(C) Special considerations for acquisition planning for crisis situations. Ensure
 L0:that the requirements of DoD Instruction 1100.22, Policy and Procedures for Determining
 L0:Workforce Mix, are addressed. Also?
 L0:performed in crisis situations outside the United States and must develop appropriately
 L1:(1) Acquisition planning must consider whether a contract is likely to be
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7
 L0:Defense FAR Supplement (DFARS) Part 207
 L0:detailed measures for inclusion in the contract. Combatant commanders establish
 L0:operational plans identifying essential services that must continue during crisis. DoDI
 L0:1100.22 requires Combatant Commanders to develop contingency plans if they have a
 L0:reasonable doubt that a contractor will continue to provide essential services during a
 L0:mobilization or crisis. When planning the acquisition, consider these operational plans and

L0:the resources available to carry out these plans.

L1:(2) During acquisition planning, identify which services have been declared

L0:so essential that they must continue during a crisis situation. A best practice is to create a

L0:separate section, paragraph, line, or other designation in the contract for these essential

L0:services so they can be tracked to an option or separate contract line item.

L1:(3) The requirements for the contractor written plan for continuity of

L0:essential services and the criteria for assessing the sufficiency of the plan will be

L0:determined/tailored for each acquisition of essential services by the contracting officer in

L0:coordination with the functional manager. The contractor's written plan, including

L0:prices/cost, shall be considered and evaluated in conjunction with the technical evaluation of

L0:offers.

L1:(4) Operational-specific contractor policies and requirements resulting from

L0:combatant commander ?integrated planning? will be described in operation plans (OPLAN),

L0:operation orders (OPORD) or separate annexes, and must be incorporated into applicable

L0:contracts. The plans may include rules for theater entry, country clearance, use of weapons,

L0:living on-base, etc. Therefore, the requiring activity is responsible for obtaining pertinent

L0:OPLANs, OPORDs, and annexes (or unclassified extracts) from the affected combatant

L0:command or military service element or component and for ensuring that the contract is

L0:consistent with the theater OPLAN and OPORD.

L1:(5) Ask the requiring activity to confirm that the appropriate personnel

L0:department has determined that inherently Governmental functions are not included in the

L0:contract requirements. If contract services will become inherently Governmental during a

L0:time of crisis, ensure that the contract states that work will be removed from the contract

L0:(temporarily or permanently) upon the occurrence of a triggering event (specified in the

L0:contract) or upon notice from the contracting officer that informs the contractor when its

L0:responsibility to perform affected duties will stop or restart. The contract should require the

L0:contractor to have a plan for restarting performance after the crisis ends.

L1:(6) If the combatant commander?s contingency plan requires military

L0:members to replace contractor employees during a crisis or contingency, acquisition

L0:planning must consider whether the contract should require the contractor to train military

L0:members to do that.

L1:(7) For acquisitions that have or may have some portion of delivery of items

L0:or performance in a foreign country, address considerations and requirements set forth in

L0:DFARS 225.770, Contracts requiring performance or delivery in a foreign country; 225.771,

L0:Contractor personnel supporting U.S. Armed Forces deployed outside the United States;

L0:225.772, Antiterrorism/force protection, and 225.773, Contract administration in support of

L0:contingency operations.

L0:of contingency operations.

L1:(8) Contract administration planning considerations for contracts in support

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(i) When delegation of contract administration services to a contracting

L0:officer located in a different geographic area to support a contract for the delivery of items or

L0:performance in a joint operations area will or may occur, address the resourcing of contract

L0:administration and oversight personnel, including administrative contracting officers, quality

L0:assurance specialists, contract administrators, property administrators, and contracting L0:officers? representatives.

L1:(ii) If contract delivery of items or performance in support of

L0:contingency operations will or may occur in an austere, uncertain, or hostile environment,

L0:address the need for logistics support of contract administration and oversight personnel.

L1:(iii) When some portion of contract delivery of items or performance

L0:may take place in a contingency area, address pertinent combatant commander or joint

L0:force commander requirements and considerations for contract administration. Such

L0:requirements will be maintained on the particular combatant commander operational

L0:contract support website, <https://www.acq.osd.mil/asda/dpc/cp/cc/aor.html>.

L1:(iv) When contracts are awarded for performance in a contingency

L0:area, the head of the contracting activity is responsible for planning to ensure that

L0:contingency contracts will be closed in a timely manner considering personnel turnover and

L0:preaward, contract administration, and other contracting workload. A plan for reachback

L0:support of contract closeouts should be included, if required.

L1:(9) For contracts that will incorporate the clause at DFARS 252.225-7040,

L0:Contractor Personnel Supporting U.S. Armed Forces Deployed Outside the United States, in

L0:accordance with DFARS 225.771-5(a), or otherwise require accountability for contractor

L0:personnel, consider the requirements and resources necessary for both the Government

L0:and contractor to keep the Synchronized Predeployment and Operational Tracker (SPOT)

L0:current in accordance with the SPOT business rules available at the website provided at

L0:<https://www.acq.osd.mil/asds/log/cso/ocs/spot.html> .

L1:(10) For contracts that will incorporate the clause at FAR 52.222-50,

L0:Combating Trafficking in Persons, consider the requirements and resources necessary for

L0:both the Government and contractor to implement and maintain compliance with Federal

L0:and DoD trafficking in persons requirements, including PGI 222.1703.

L1:(D) Software and software maintenance. When acquiring software or software

L0:maintenance, see DFARS 212.

L1:(E) Procurement Support for Theater Security Cooperation Efforts. When

L0:planning procurement support for theater security cooperation efforts (e.g., military

L0:exercises/training, base operations, weapons procurement, aviation fuels, construction, or

L0:the President's Emergency Plan for Aids Relief projects), planners should be aware that

L0:Department of State (DoS) missions (embassies and consulates) do not provide such

L0:contracting support; however, these missions can provide support for routine, non-complex

L0:services and supplies used by U.S. Government personnel, even if funded with foreign-

L0:military-sales case money (see DFARS PGI 225.78). Planners shall take the following

L0:steps:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(1) Become familiar with DoS Cable 11 STATE 030953, ?Procurement

L0:Roles and Responsibilities - General Services Officer and DoD Personnel? (see also

L0:DFARS PGI 225.78).

L0:on past practices in the particular location for which procurement support is to be requested;

L1:(2) Request general guidance from the combatant-command coordinator

L1:(3) Contact the Defense Attaché Office and/or General Services Officer

L0:(normally the embassy/consulate contracting officer) at the DoS mission at least 60 days

L0:prior to the requirement, or as soon as practicable, to obtain information on-

L0:mission procurement support;

L1:(i) Availability of, and procedures associated with, requesting DoS

L1:(ii) Local sources of supplies and services; and

L0:specific theater security cooperation procurement requirements.

L1:(iii) Business payment practices to support DoD procurement of

L1:(4) Ascertain whether payment support is available from the DoS mission.

L1:(5) When DoS contracting support is determined to be unavailable or not

L0:allowed, ensure the party of DoD military and/or civilians deploying to support the particular

L0:Theater Security Cooperation effort either pre-arranges DoD contracting support through

L0:reach-back, if possible, or if necessary, includes a warranted contracting officer, field-

L0:ordering officer, or credit-card holder, and, if necessary, a paying agent.

L0:PGI 207.108 Additional requirements for teleworking.

L0:Contracting officers should avoid specifying unnecessarily restrictive places of performance,

L0:to the maximum extent practicable, in accordance with section 875 of the National Defense

L0:Authorization Act for Fiscal Year 2022.

L0:PGI 207.170 Public-Private competitions.

L0:PGI 207.170 Policy.

L0:See the memorandum from Assistant Secretary of Defense (Manpower and Reserve Affairs)

L0:dated April 21, 2016, entitled "Update on OMB Circular A-76 Public-Private Competition

L0:Prohibitions-FY 2016," regarding the ongoing Governmentwide moratorium and

L0:restrictions on public-private competitions. The restrictions prohibit the conversion of any

L0:work currently performed (or designated for performance) by civilian personnel to contract

L0:perform

L0:PGI 207.171 Component breakout.

L0:DoD policy is to break out components of weapons systems or other major end items under

L0:certain circumstances.

L1:(a) When it is anticipated that a prime contract will be awarded without adequate price

L0:competition, and the prime contractor is expected to acquire any component without

L0:adequate price competition, the agency must break out that component if?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(1) Substantial net cost savings probably will be achieved; and

L1:(2) Breakout action will not jeopardize the quality, reliability, performance, or timely

L0:delivery of the end item.

L1:(b) Even when either or both the prime contract and the component will be acquired with

L0:adequate price competition, the agency must consider breakout of the component if

L0:substantial net cost savings will result from?

L1:(1) Greater quantity acquisitions; or

L1:(2) Such factors as improved logistics support (through reduction in varieties of

L0:spare parts) and economies in operations and training (through standardization of design).

L1:(c) Breakout normally is not justified for a component that is not expected to exceed \$1

L0:million for the current year's requirement.

L0:PGI 207.171-1 Procedures.

L1:(1) Responsibility.

L1:(i) Agencies are responsible for ensuring that?

L1:(A) Breakout reviews are performed on components meeting the criteria in PGI

L0:207.171(a) and (b);

L1:(B) Components susceptible to breakout are earmarked for consideration in

L0:future acquisitions;

L1:(C) Components earmarked for breakout are considered during requirements

L0:determination and appropriate decisions are made; and

L1:(D) Components are broken out when required.

L1:(ii) The program manager or other official responsible for the material program

L0:concerned is responsible for breakout selection, review, and decision.

L1:(iii) The contracting officer or buyer and other specialists (e.g., small business

L0:specialist, engineering, production, logistics, and maintenance) support the program

L0:manager in implementing the breakout program.

L1:(2) Breakout review and decision.

L1:(i) A breakout review and decision includes?

L1:(A) An assessment of the potential risks to the end item from possibilities such

L0:as delayed delivery and reduced reliability of the component;

L1:(B) A calculation of estimated net cost savings (i.e., estimated acquisition

L0:savings less any offsetting costs); and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L1:(C) An analysis of the technical, operational, logistics, and administrative factors

L0:involved.

L1:(ii) The decision must be supported by adequate explanatory information, including

L0:an assessment by the end item contractor when feasible.

L1:(iii) The following questions should be used in the decision process:

L1:(A) Is the end item contractor likely to do further design or engineering effort on

L0:the component?

L1:(B) Is a suitable data package available with rights to use it for Government

L0:acquisition? (Note that breakout may be warranted even though competitive acquisition is

L0:not possible.)

L1:(C) Can any quality control and reliability problems of the component be

L0:resolved without requiring effort by the end item contractor?

L1:(D) Will the component require further technical support (e.g., development of

L0:specifications, testing requirements, or quality assurance requirements)? If so, does the

L0:Government have the resources (manpower, technical competence, facilities, etc.) to

L0:provide such support? Or, can the support be obtained from the end item contractor (even

L0:though the component is broken out) or other source?

L1:(E) Will breakout impair logistics support (e.g., by jeopardizing standardization

L0:of components)?

L1:(F) Will breakout unduly fragment administration, management, or performance

L0:of the end item contract (e.g., by complicating production scheduling or preventing

L0:identification of responsibility for end item failure caused by a defective component)?

L1:(G) Can breakout be accomplished without jeopardizing delivery requirements

L0:of the end item?

L1:(H) If a decision is made to break out a component, can advance acquisition

L0:funds be made available to provide the new source any necessary additional lead time?

L1:(I) Is there a source other than the present manufacturer capable of supplying

L0:the component?

L1:(J) Has the component been (or is it going to be) acquired directly by the

L0:Government as a support item in the supply system or as Government-furnished equipment

L0:in other end items?

L1:(K) Will the financial risks and other responsibilities assumed by the

L0:Government after breakout be acceptable?

L1:(L) Will breakout result in substantial net cost savings? Develop estimates of

L0:probable savings in cost considering all offsetting costs such as increases in the cost of

L0:requirements determination and control, contracting, contract administration, data package

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 7

L0:Defense FAR Supplement (DFARS) Part 207

L0:purchase, material inspection, qualification or preproduction testing, ground support and test

L0:equipment, transportation, security, storage, distribution, and technical support.

L1:(iv) If answers to the questions reveal conditions unfavorable to breakout, the

L0:program manager should explore whether the unfavorable conditions can be eliminated.

L0:For example, where adequate technical support is not available from Government

L0:resources, consider contracting for the necessary services from the end item contractor or

L0:other qualified source.

L1:(3) Records.

L1:(i) The contracting activity shall maintain records on components reviewed for

L0:breakout. Records should evidence whether the components?

L1:(A) Have no potential for breakout;

L1:(B) Have been earmarked as potential breakout candidates; or

L1:(C) Have been, or will be, broken out.

L1:(ii) The program manager or other designated official must sign the records.

L1:(iii) Records must reflect the facts and conditions of the case, including any

L0:assessment by the contractor, and the basis for the decision. The records must contain the

L0:assessments, calculations, and analyses discussed in paragraph 2 of this section, including

L0:the trade-off analysis between savings and increased risk to the Government because of

L0:responsibility for Government-furnished equipment.

L0:PGI 207.4?EQUIPMENT ACQUISITION

L0:PGI 207.470 Statutory requirements.

L0:Contracting officers should obtain additional information on the definition of ?substantial

L0:termination liability? by contacting their respective legal adviser.

L0:PGI 207.5?INHERENTLY GOVERNMENTAL FUNCTIONS

L0:PGI 207.503-70 Policy.

L0:Section 804 of the National Defense Authorization Act for Fiscal Year 2005 (Public Law 108-

L0:375) limits contractor performance of acquisition functions closely associated with inherently

L0:Governmental functions.

PART 8

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

208.103 Mandatory sources of supplies

Status: active

L0:208.103 Mandatory sources of supplies.

L2:(a)(1) See PGI 208.103 for information on available items in DoD?s property

L0:inventories.

208.105 Contractor Use of Government supply sources

Status: active

L0:208.105 Contractor Use of Government supply sources.

208.105-2 Contractor permitted use of Government supply sources

Status: active

L0:208.105-2 Contractor permitted use of Government supply sources.

L1:(c) Contract Clause. Insert the clause at 252.251-7999, Ordering From Government

L0:Supply Sources, in solicitations and contracts which include the clause at FAR 52.208-

L0:10, Government Supply Sources.

208.105-70 Fuel funded by the Defense Working Capital Fund

Status: active

L0:208.105-70 Fuel funded by the Defense Working Capital Fund

L1:(a) If fuel is funded by the Defense Working Capital Fund, contracting officers

L0:may authorize contractors to use Defense Logistics Agency Energy as a source of

L0:fuel in performance of other than cost-reimbursement contracts. When providing

L0:this authorization to contractors, follow the procedures at PGI 208.105-70.

L1:(b) The contracting officer may also authorize the contractor to use the DD Form

L0:1155 when requisitioning from the Department of Veterans Affairs.

L1:(c) The authorizing agency is also responsible for promptly considering requests

L0:of the DoD supply source for authority to refuse to honor requisitions from a

L0:contractor that is indebted to DoD and has failed to pay proper invoices in a timely

L0:manner.

208.201 General

Status: active

L0:208.201 General.

L0:Follow the procedures at PGI 208.201 when placing orders with central nonprofit

L0:agencies.

208.270 Evaluation and award

Status: active

L0:208.270 Evaluation and award.

L0:Evaluate service contracts awarded to Abilityone participating nonprofit agencies

L0:when the contract value exceeds the threshold at DFARS 215.104-70(g).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

208.301-70 Acquisition of items for which Federal Prison Industries has a

Status: active

L0:208.301-70 Acquisition of items for which Federal Prison Industries has a

L0:significant market share.

L1:(a) Scope. This section implements 10 U.S.C. 3905.

L1:(b) Definition. As used in this section?

L0:Item for which Federal Prison Industries (FPI) has a significant market share,?

L0:means an item for which FPI's share of the DoD market for the federal supply class

L0:including that item is greater than 5 percent, as determined by DoD in consultation

L0:with the Office of Federal Procurement Policy. A list of the federal supply classes of

L0:items for which FPI has a significant market share is maintained at

L0:<https://www.acq.osd.mil/asda/dpc/cp/policy/other-policy-areas.html>.

L1:(c) Policy.

L1:(1) When acquiring an item for which FPI has a significant market share?

L1:(i) Acquire the item using?

L1:(A) Competitive procedures (e.g., the procedures in FAR 6.101, the set-

L0:aside procedures in FAR Subpart 19.1, or competition conducted in accordance with

L0:FAR Part 13); or

L1:(B) The fair opportunity procedures in FAR 16.507-2, if placing an order

L0:under a multiple award delivery-order contract; and

L1:(ii) Include FPI in the solicitation process, consider a timely offer from FPI,

L0:and make an award in accordance with the policy at FAR 8.304(b)(2) and 8.305.

L1:(2) When acquiring an item for which FPI does not have a significant market

L0:share, acquire the item in accordance with the policy at FAR 8.3.

208.305 Evaluation and award

L0:208.305 Evaluation and award.

L0:Evaluate service contracts awarded to Federal Prison Industries, Inc., when the

L0:contract value exceeds the threshold at DFARS 215.104-70(g).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

208.470 General

L0:208.470 General.

L2:(a)(1) If only one offer is received in response to an order exceeding the simplified

L0:acquisition threshold that is placed on a competitive basis, follow the procedures at

L0:215.271.

L1:(2) When placing orders for supplies or services in amounts exceeding the

L0:simplified acquisition threshold, departments and agencies must comply with the

L0:review, approval, and reporting requirements established in accordance with subpart

L0:217.6.

L1:(3) When a schedule lists both foreign and domestic items that will meet the

L0:needs of the requiring activity, the ordering office must apply the procedures of part 225

L0:and FAR part 25, Foreign Acquisition. When purchase of an item of foreign origin is

L0:specifically required, the requiring activity must furnish the ordering office sufficient

L0:information to permit the determinations required by part 225 and FAR part 25 to be

L0:made.

L1:(4) Insert the provisions at 252.215-7007, Notice of Intent to Resolicit, and

L0:252.215-7008, Only One Offer, as prescribed at 215.371-6 and 215.408(3), respectively.

L1:(b) Include an evaluation factor regarding supply chain risk (see part 239) when

L0:acquiring information technology, whether as a service or as a supply, that is a covered

L0:system, is a part of a covered system, or is in support of a covered system, as defined in

L0:part 239.

L1:(c) See 215.101-2-70 for the limitations and prohibitions on the use of the lowest

L0:price technically acceptable source selection process, which are applicable to orders

L0:placed under Federal Supply Schedules.

L1:(d) Contracting officers must make a determination of fair and reasonable pricing

L0:when using the Federal Supply Schedules (FSS). The FSS prices of supplies and fixed-

L0:price services, and rates for services offered at hourly rates, were determined to be fair

L0:and reasonable for the purpose of establishing the schedule contract. The ordering

L0:activity contracting officer is responsible for making a determination of fair and

L0:reasonable pricing for individual orders, blanket purchase agreements (BPA), and

L0:orders under BPAs, using the proposal analysis techniques at 15.404-1. Do not rely on

L0:the determination of price reasonableness for the FSS schedule contract. The

L0:complexity and circumstances of each acquisition should determine the level of detail of

L0:the analysis required.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(e) See 217.7801 for the prohibition on the use of reverse auctions for personal

L0:protective equipment and aviation critical safety items.

L1:(f) See 204.7603 for procedures on the required use of the Supplier Performance

L0:Risk System (SPRS) risk assessments.

L1:(1) Ensure SPRS assessments of price risk and supplier risk are considered as a

L0:part of the award decision.

L1:(2) When placing an order with a schedule contractor for an end product

L0:identified by a material identifier that is available as described at PGI 204.7603, and

L0:item risk was not previously considered during award of the schedule contract, consider

L0:SPRS assessments of item risk in the award decision.

L1:(3) Insert the provision at 252.204-7024, Notice on the Use of the Supplier

L0:Performance Risk System, as prescribed in 204.7604 to the extent permitted by the

L0:FSS.

L1:(g) Follow the procedures at PGI 208.470 for?

L1:(1) An order or BPA exceeding the simplified acquisition threshold that is a

L0:follow-on to an order or BPA for the same supply or service previously issued based on a

L0:limiting sources justification; and

L1:(2) Ordering from schedules.

208.7000 Scope of subpart

Status: active

L0:208.7000 Scope of subpart.

L0:This subpart prescribes policy and procedures for acquisition of items for which

L0:contracting responsibility is assigned to a department, agency or the General Services

L0:Administration under the Integrated Material Management (IMM) Program.

L0:Contracting responsibility is assigned through the IMM in DoDM 4140.26, DoD

L0:Integrated Materiel Management Manual for Consumable Items, DoD 4140.68,

L0:Integrated Materiel Management of Nonconsumable Items and are listed in the FLIS

L0:Technical Procedures - Volume 13.

208.7001 Definitions

Status: active

L0:208.7001 Definitions.

L0:For purposes of this subpart?

L0:?"Acquiring department?" means the department, agency, or General Services

L0:Administration which has contracting responsibility under the IMM Program.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:?"Integrated materiel management?" means the materiel management responsibility

L0:that is integrated to eliminate duplicate national materiel management functions
L0:for those consumable items that are used by more than one DoD Component or
L0:participating U.S. Government civil agency. The integrated management
L0:responsibility is assigned to an activity or agency for the DoD and participating U.S.
L0:Government civil agencies. IMM responsibilities include requirements
L0:determination, procurement, distribution, materiel overhaul and repair, and
L0:disposal of materiel.
L0:Requiring department? means the department or agency which has the
L0:requirement for an item.

208.7002 Assignment authority

Status: active

L0:208.7002 Assignment authority.
L0:See PGI 208.7002 for assignment authority under the IMM.

208.7002-1 Acquiring department responsibilities

Status: active

L0:208.7002-1 Acquiring department responsibilities.
L0:See PGI 208.7002-1 for the acquiring department?s responsibilities.

208.7002-2 Requiring department responsibilities

Status: active

L0:208.7002-2 Requiring department responsibilities.
L0:See PGI 208.7002-2 for the requiring department?s responsibilities.

208.7003 Applicability

Status: active

L0:208.7003 Applicability.

208.7003-1 Assignments under integrated materiel management

Status: active

L0:208.7003-1 Assignments under integrated materiel management.
L1:(a) Acquire all items assigned for integrated materiel management (IMM) from the
L0:IMM manager except?
L1:(1) Items purchased under circumstances of unusual and compelling urgency as
L0:defined in FAR 6.103-2. After such a purchase is made, the requiring activity must
L0:send one copy of the contract and a statement of the emergency to the IMM manager;

L1:(2) Items for which the IMM manager assigns a supply system code for local
 L0:purchase or otherwise grants authority to purchase locally; or
 L1:(3) When purchase by the requiring activity is in the best interest of the
 L0:Government in terms of the combination of quality, timeliness, and cost that best meets
 L0:the requirement. This exception does not apply to items?
 L1:(i) Critical to the safe operation of a weapon system;
 L1:(ii) With special security characteristics; or
 L1:(iii) Which are dangerous (e.g., explosives, munitions).
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8
 L0:Defense FAR Supplement (DFARS) Part 208
 L1:(4) When consumable items determined to be unique to a weapon system which
 L0:have been included in a Performance Based Logistics (PBL) or Contractor Logistics
 L0:Support (CLS) contract.
 L1:(b) Follow the procedures at PGI 208.7003-1(b) when an item assigned for IMM is to
 L0:be acquired by the requiring department in accordance with paragraph (a)(3) of this
 L0:subsection.

208.7003-2 Exceptions

Status: active

L0:208.7003-2 Exceptions.
 L0:Requiring departments must submit to the acquiring department all contracting
 L0:requirements for items assigned for IMM, except?
 L1:(a) Items obtained through the sources in FAR 8.103;
 L1:(b) Items obtained under 208.7003-1(a);
 L1:(c) Requirements not in excess of the simplified acquisition threshold, when
 L0:contracting by the requiring department is in the best interest of the Government;
 L1:(d) In an emergency. When an emergency purchase is made, the requiring
 L0:department must send one copy of the contract and a statement of the emergency to the
 L0:contracting activity of the acquiring department;
 L1:(e) Requirements for which the IMM delegates contracting authority to the
 L0:requiring department;
 L1:(f) Items in a research and development stage (as described in FAR Part 35). Under
 L0:this exception, the military departments may contract for research and development
 L0:requirements, including quantities for testing purposes and items undergoing in-service
 L0:evaluation (not yet in actual production, but beyond prototype). Generally, this
 L0:exception applies only when research and development funds are used.
 L1:(g) Items peculiar to nuclear ordnance material where design characteristics or test-
 L0:inspection requirements are controlled by the Department of Energy (DoE) or by DoD to
 L0:ensure reliability of nuclear weapons.
 L1:(1) This exception applies to all items designed for and peculiar to nuclear
 L0:ordnance regardless of agency control, or to any item which requires test or inspection
 L0:conducted or controlled by DoE or DoD.
 L1:(2) This exception does not cover items used for both nuclear ordnance and

L0:other purposes if the items are not subject to the special testing procedures.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(h) Items to be acquired under FAR 6.103-6 (national security requires limitation of
L0:sources);

L1:(i) Items directly related to a major system and which are design controlled by and

L0:acquired from either the system manufacturer or a manufacturer of a major subsystem;

L1:(j) Items subject to rapid design changes, or to continuous redesign or modification

L0:during the production and/or operational use phases, which require continual contact

L0:between industry and the requiring department to ensure that the item meets the

L0:requirements:

L1:(1) This exception permits the requiring department to contract for items of

L0:highly unstable design. For use of this exception, it must be clearly impractical, both

L0:technically and contractually, to refer the acquisition to the acquiring department.

L0:Anticipation that contracting by negotiation will be appropriate, or that a number of

L0:design changes may occur during contract performance is not in itself sufficient reason

L0:for using this exception.

L1:(2) This exception also applies to items requiring compatibility testing, provided

L0:such testing requires continual contact between industry and the requiring department;

L1:(k) Containers acquired only with items for which they are designed;

L1:(l) One-time buy of a noncataloged item.

L1:(1) This exception permits the requiring departments to contract for a

L0:nonrecurring requirement for a noncataloged item. This exception could cover a part or

L0:component for a prototype which may be stock numbered at a later date.

L1:(2) This exception does not permit acquisitions of recurring requirements for an

L0:item, based solely on the fact that the item is not stock numbered, nor may it be used to

L0:acquire items which have only slightly different characteristics than previously

L0:cataloged items.

208.7004 Procedures

Status: active

L0:208.7004 Procedures.

L0:Follow the procedures at PGI 208.7004 for processing IMM requirements.

208.7005 Military interdepartmental purchase requests

Status: active

L0:208.7005 Military interdepartmental purchase requests.

L0:Follow the procedures at?

L1:(a) PGI 253.208-1 when using DD Form 448, Military Interdepartmental Purchase

L0:Request; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(b) PGI 253.208-2 when using DD Form 448-2, Acceptance of MIPR.

208.7100 Authorization

Status: active

L0:208.7100 Authorization.

L0:NASA is authorized by Pub. L. 85-568 to use the acquisition services, personnel, equipment, and facilities of DoD departments and agencies with their consent, with or without reimbursement, and on a similar basis to cooperate with the departments/agencies in the use of acquisition services, equipment, and facilities.

208.7101 Policy

Status: active

L0:208.7101 Policy.

L0:Departments and agencies must cooperate fully with NASA in making acquisition services, equipment, personnel, and facilities available on the basis of mutual agreement.

208.7102 Procedures

Status: active

L0:208.7102 Procedures.

L0:Follow the procedures at PGI 208.7102 when contracting or performing services for NASA.

208.7300 General

Status: active

L0:208.7300 General.

L0:See PGI 208.73 for guidance when using Government-owned precious metals.

208.7301 Contract clause

Status: active

L0:208.7301 Contract clause.

L1:(a) Insert the clause at 252.208-7000, Intent to Furnish Precious Metals as

L0:Government-Furnished Material, in all solicitations and contracts except?

L1:(1) When the contracting officer has determined that the required precious

L0:metals are not available from Defense Supply Center Philadelphia;

L1:(2) When the contracting officer knows that the items being acquired do not

L0:require precious metals in their manufacture; or

L1:(3) For acquisitions at or below the simplified acquisition threshold.
L1:(b) To make the determination in paragraph (a)(1) of this section, the contracting
L0:officer must consult with the end item inventory manager and comply with the
L0:procedures in Chapter 11, DoD 4160.21-M, Defense Materiel Disposition Manual.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8
L0:Defense FAR Supplement (DFARS) Part 208

208.7400 Scope of subpart

Status: active

L0:208.7400 Scope of subpart.
L0:This subpart prescribes policy and procedures for acquisition of commercial software
L0:and software maintenance, including software and software maintenance that is
L0:acquired?
L1:(a) As part of a system or system upgrade, where practicable;
L1:(b) Under a service contract;
L1:(c) Under a contract or agreement administered by another agency (e.g., under an
L0:interagency agreement); or
L1:(d) Under a Federal Supply Schedule contract or blanket purchase agreement
L0:established in accordance with FAR 8.401.

208.7401 Definitions

Status: active

L0:208.7401 Definitions.
L0:As used in this subpart?
L0:?Enterprise software agreement? means an agreement or a contract that is used to
L0:acquire designated commercial software or related commercial software services such as
L0:software maintenance.
L0:?Enterprise Software Initiative? means an initiative led by the DoD Chief
L0:Information Officer to develop processes for DoD-wide software asset management.
L0:?Software maintenance? means services normally provided by a software company
L0:as standard services at established catalog or market prices, e.g., the right to receive
L0:and use upgraded versions of software, updates, and revisions.

208.7402 General

Status: active

L0:208.7402 General.
L1:(a) Departments and agencies must fulfill requirements for commercial software
L0:and commercial software services, such as software maintenance, in accordance with
L0:the DoD Enterprise Software Initiative (ESI) (see <https://www.esi.mil/>). ESI promotes
L0:the use of enterprise software agreements (ESAs) with contractors that allow DoD to

L0:obtain favorable terms and pricing for commercial software and commercial software
L0:services. ESI does not dictate the products or services to be acquired.
L1:(b) Include an evaluation factor regarding supply chain risk (see Part 239)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8
L0:Defense FAR Supplement (DFARS) Part 208
L0:when acquiring information technology, whether as a service or as a supply, that is a
L0:covered system, is a part of a covered system, or is in support of a covered system, as
L0:defined in Part 239.

208.7403 Acquisition procedures

Status: active

L0:208.7403 Acquisition procedures.
L0:Follow the procedures at PGI 208.7403 when acquiring commercial software and
L0:commercial software services.

208.7501 Authorization

Status: active

L0:208.7501 Authorization.
L1:(a) Insurance requirements.
L1:(1) See FAR 28.307-2(c) for policy on contractor insurance.
L1:(2) See FAR 28.308 for policy on self-insurance.
L1:(3) See FAR 31.205-19 for allowability of insurance costs.
L1:(b) Insert the clause at 252.251-7001, Use of Interagency Fleet Management System
L1:(IFMS) Vehicles and Related Services, in solicitations and contracts which include are
L0:authorized to use an interagency fleet.

252.208-7000 Intent to Furnish Precious Metals as Government-Furnished

Status: active

L0:252.208-7000 Intent to Furnish Precious Metals as Government-Furnished
L0:Material.

L0:As prescribed in 208.7301(a), use the following clause:

L0:INTENT TO FURNISH PRECIOUS METALS AS GOVERNMENT-FURNISHED

L0:MATERIAL (DEC 1991)

L1:(a) The Government intends to furnish precious metals required in the manufacture
L0:of items to be delivered under the contract if the Contracting Officer determines it to be
L0:in the Government's best interest. The use of Government-furnished silver is
L0:mandatory when the quantity required is one hundred troy ounces or more. The
L0:precious metal(s) will be furnished pursuant to the Government Furnished Property
L0:clause of the contract.
L1:(b) The Offeror shall cite the type (silver, gold, platinum, palladium, iridium,

L0:rhodium, and ruthenium) and quantity in whole troy ounces of precious metals required
 L0:in the performance of this contract (including precious metals required for any first
 L0:article or production sample), and shall specify the national stock number (NSN) and
 L0:nomenclature, if known, of the deliverable item requiring precious metals.

L0:Quantity

L0:Deliverable Item

L0:(NSN and Nomenclature)

L0:Precious Metal*

L0: _____

L0: _____

L0: _____

L0: _____

L0: _____

L0: _____

L0: _____

L0:*If platinum or palladium, specify whether sponge or granules are required.

L1:(c) Offerors shall submit two prices for each deliverable item which contains

L0:precious metals--one based on the Government furnishing precious metals, and one

L0:based on the Contractor furnishing precious metals. Award will be made on the basis

L0:which is in the best interest of the Government.

L1:(d) The Contractor agrees to insert this clause, including this paragraph (d), in

L0:solicitations for subcontracts and purchase orders issued in performance of this

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:contract, unless the Contractor knows that the item being purchased contains no

L0:precious metals.

L0:(End of clause)

252.208-7999 Ordering From Government Supply Sources. (DEVIATION 2026-

Status: active

L0:252.208-7999 Ordering From Government Supply Sources. (DEVIATION 2026-

L0:O0049)

L0:As prescribed in 208.105-2(c), use the following clause:

L0:ORDERING FROM GOVERNMENT SUPPLY SOURCES ((DEVIATION 2026-O0049)

L0:(MAR 2026)

L1:(a) When placing orders under Federal Supply Schedules, Personal Property

L0:Rehabilitation Price Schedules, or Enterprise Software Agreements, the Contractor

L0:shall follow the terms of the applicable schedule or agreement and authorization.

L0:Include in each order:

L1:(1) A copy of the authorization (unless a copy was previously furnished to the

L0:Federal Supply Schedule, Personal Property Rehabilitation Price Schedule, or

L0:Enterprise Software Agreement contractor).

L1:(2) The following statement:

L0:Any price reductions negotiated as part of an Enterprise Software Agreement

L0:issued under a Federal Supply Schedule contract shall control. In the event of any

L0:other inconsistencies between an Enterprise Software Agreement, established as a

L0:Federal Supply Schedule blanket purchase agreement, and the Federal Supply

L0:Schedule contract, the latter shall govern.

L1:(3) The completed address(es) to which the Contractor's mail, freight, and

L0:billing documents are to be directed.

L1:(b) When placing orders under nonmandatory schedule contracts and requirements

L0:contracts, issued by the General Services Administration (GSA) Office of Information

L0:Resources Management, for automated data processing equipment, software and

L0:maintenance, communications equipment and supplies, and teleprocessing services, the

L0:Contractor shall follow the terms of the applicable contract and the procedures in

L0:paragraph (a) of this clause.

L1:(c) When placing orders for Government stock on a reimbursable basis, the

L0:Contractor shall?

L1:(1) Comply with the requirements of the Contracting Officer's authorization,

L0:using FEDSTRIP or MILSTRIP procedures, as appropriate;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(2) Use only the GSA Form 1948-A, Retail Services Shopping Plate, when

L0:ordering from GSA Self-Service Stores;

L1:(3) Order only those items required in the performance of Government

L0:contracts; and

L1:(4) The Contractor shall pay invoices from Government supply sources

L0:promptly.

L1:(A) The Contractor shall pay purchases made from DoD supply sources

L0:within 30 days of the date of a proper invoice.

L1:(B) The Contractor shall annotate each invoice with the date of receipt.

L1:(C) For the purposes of computing interest for late Contractor payments,

L0:the Government's invoice is deemed to be a demand for payment in accordance with the

L0:Interest clause of this contract.

L1:(D) If the Contractor fails to pay or pays late that may also result in the

L0:DoD supply source refusing to honor the requisition (see DFARS 208-105-2(a)(4)(ii)) or

L0:in the Contracting Officer terminating the Contractor's authorization to use DoD supply

L0:sources.

L1:(1) In the event the Contracting Officer decides to terminate the

L0:authorization due to the Contractor's failure to pay in a timely manner, the Contracting

L0:Officer will provide the Contractor with prompt written notice of the intent to terminate

L0:the authorization and the basis for such action.

L1:(2) The Contractor shall have 10 days after receipt of the Government's

L0:notice in which to provide additional information as to why the authorization should not

L0:be terminated.

L1:(3) Any such termination does not provide the Contractor with an

L0:excusable delay for failure to perform or complete the contract in accordance with the

L0:terms of the contract, and the Contractor shall be solely responsible for any increased
L0:costs.

L1:(d) When placing orders for Government stock on a non-reimbursable basis, the
L0:Contractor shall?

L1:(1) Comply with the requirements of the Contracting Officer's authorization;
L0:and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(2) When using electronic transactions to submit requisitions on a
L0:nonreimbursable basis only, place orders by authorizing contract number using the
L0:Defense Logistics Management System (DLMS) Supplement to Federal
L0:Implementation Convention 511R, Requisition; and acknowledge receipts by
L0:authorizing contract number using the DLMS Supplement 527R, Receipt, Inquiry,
L0:Response and Material Receipt Acknowledgement.

L1:(e) Only the Contractor may request authorization for subcontractor use of
L0:Government supply sources. The Contracting Officer will not grant authorizations for
L0:subcontractor use without approval of the Contractor.

L1:(f) Government invoices will be submitted to the Contractor's billing address, and
L0:Contractor payments shall be sent to the Government remittance address specified
L0:below:

L0:Contractor's Billing Address (include point of contact and telephone number):

L0:Government Remittance Address (include point of contact and telephone
L0:number):

L0:(End of clause)

252.251-7001 Use of Interagency Fleet Management System (IFMS) Vehicles

Status: active

L0:252.251-7001 Use of Interagency Fleet Management System (IFMS) Vehicles
L0:and Related Services.

L0:As prescribed in 208.7501(b), use the following clause:

L0:USE OF INTERAGENCY FLEET MANAGEMENT SYSTEM (IFMS) VEHICLES AND L0:RELATED SERVICES (DEC 1991)

L1:(a) The Contractor, if authorized use of IFMS vehicles, shall submit requests for five
L0:or fewer vehicles and related services in writing to the appropriate General Services
L0:Administration (GSA) Regional Customer Service Bureau, Attention: Motor Equipment
L0:Activity. Submit requests for more than five vehicles to GSA headquarters: General
L0:Services Administration, FTM, Washington, DC 20406. Include the following in each
L0:request:

L1:(1) Two copies of the agency authorization to obtain vehicles and related
L0:services from GSA.

L1:(2) The number of vehicles and related services required and the period of use.

L1:(3) A list of the Contractor's employees authorized to request vehicles and
L0:related services.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(4) A list of the makes, models, and serial numbers of Contractor-owned or

L0:leased equipment authorized to be serviced.

L1:(5) Billing instructions and address.

L1:(b) The Contractor should make requests for any unusual quantities of vehicles as

L0:far in advance as possible.

L1:(c) The Contractor shall establish and enforce suitable penalties for employees who

L0:use or authorize the use of Government vehicles for other than performance of

L0:Government contracts.

L1:(d) The Contractor shall assume, without the right of reimbursement from the

L0:Government, the cost or expense of any use of IFMS vehicles and services not related to

L0:the performance of the contract.

L1:(e) Only the Contractor may request authorization for subcontractor use of IFMS

L0:vehicles. The Contracting Officer will not grant authorization for subcontractor use

L0:without approval of the Contractor.

L0:(End of clause)

 L1:(vi) Use a format substantially the same as the following when authorizing
 L0:contractor use of Government Supply Sources. Specify the terms of the purchase, including
 L0:contractor acceptance of any Government materiel, payment terms, and the addresses
 L0:required by paragraph (e) of the clause at 252.208-7999, Ordering from Government Supply
 L0:Sources.

L0:AUTHORIZATION TO PURCHASE FROM GOVERNMENT SUPPLY SOURCES

L0:(SAMPLE FORMAT)

L0:_____ (Contractor's Name)
 L0:_____ (Contractor's Address)
 L0:_____ (CAGE Code)
 L0:1. You are hereby authorized to use Government sources in performing Contract No.
 L0:_____ for [insert the requiring activity?s DoD Activity Address Code
 L1:(DoDAAC)], as follows: [Insert applicable purchasing authority given to the contractor.]
 L0:2.a. Purchase Orders Under Federal Supply Schedules or Personal Property
 L0:Rehabilitation Price Schedules. Place orders in accordance with the terms and conditions of
 L0:the attached Schedule(s) and this authorization. Attach a copy of this authorization to the
 L0:order (unless a copy was previously furnished to the Federal Supply Schedule or Personal
 L0:Property Rehabilitation Price Schedule contractor). Insert the following statement in the
 L0:order:
 L0:This order is placed under written authorization from
L0: _____
 L0:dated _____ (*_____). In
 L0:the event of any inconsistency between the terms
 L0:and conditions of this order and those of the Federal
 L0:Supply Schedule or Personal Property Rehabilitation
 L0:Price Schedule contract, the latter will govern.
 L0:b. Requisitioning from the General Services Administration (GSA) or the Department of
 L0:Defense (DoD). Place orders in accordance with this authorization and, as appropriate, the
 L0:following:
 L1:(1) Federal Standard Requisitioning and Issue Procedures (FEDSTRIP) (GSA
 L0:FEDSTRIP Operating Guide: FPMR 101-26.2 (41 CFR 101-26.2)). Copies are available
 L0:from the Superintendent of Documents, Government Printing Office, Washington, DC

L0:20402; telephone (202) 512-1800; facsimile (202) 512-2250.

L1:(2) Military Standard Requisitioning and Issue Procedures (MILSTRIP) (DoD

L0:4000.25-1-M). Copies are available from the Defense Logistics Agency, Administrative

L0:Support Center East, ATTN: ASCE-WS, 14 Dedication Drive, Suite 3, POD 43, New

L0:Cumberland, PA 17070-5011; telephone 1-888-DLA-PUBS(352-7827), or (717) 770-6034;

L0:facsimile (717) 770-4817.

L0:c. Enterprise Software Initiative. Place orders in accordance with the terms and

L0:conditions of the attached Enterprise Software Agreement(s), or instructions for obtaining

L0:commercial software or software maintenance from Enterprise Software Initiative

L0:inventories, and this authorization. Attach a copy of this authorization to the order (unless a

L0:copy was previously furnished to the Enterprise Software Agreement contractor). Insert the

L0:following statement in the order:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:This order is placed under written authorization from _____

L0:dated _____ (* _____). In the event of any inconsistency between the terms

L0:and conditions of this order, and those of the Enterprise Software Agreement, the latter will

L0:govern.

L0:3. [Insert other provisions as necessary.]

L0:4. This authority is not transferable or assignable.

L0:5. The DoD Activity Address Directory (DoDAAD) (DLM 4000.25, Volume 6,

L0:Chapter 2) Activity Address Code** to which this Authorization applies is _____.

L0:6. This Authorization expires _____.

L0: _____

L0:(Contracting Officer)

L0:* Insert ?a copy of which is attached,? ?a copy of which you have on file,? or other

L0:suitable language, as appropriate.

L0:** The requiring activity assumes responsibility for monitoring and controlling all activity

L0:address codes used in the letters of authority.

L0:PGI 208.105-270 Contracting office responsibilities.

L1:(a) The DoD Activity Address Code (DoDAAC) assigned in accordance with

L0:paragraph 5 of the authorization format in PGI 208.105-2 must be assigned to the

L0:contractor for authorization to use Government supply sources only for the contract

L0:number cited in paragraph 1 of the authorization format.

L1:(b) The authorization to use Government sources of supply is unique to each

L0:contract and must not be transferred or assigned to any other contractor or contract.

L0:Therefore, the same DoDAAC must not be assigned to any other contract number

L0:during the period of performance for the contract. After 24 months has lapsed beyond

L0:contract closeout, the DoDAAC may be reused for another contract.

L0:PGI 208.2?ACQUISITION FROM ABILITYONE PARTICIPATING NONPROFIT

L0:AGENCIES

L0:PGI 208.201 General.

L0:Ordering offices may use DD Form 1155, Order for Supplies or Services, to place orders

L0:with central nonprofit agencies.

L0:PGI 208.4?ORDERING UNDER THE FEDERAL SUPPLY SCHEDULE

L0:PGI 208.470 General.

L1:(1) When ordering from schedules, ordering offices?

L1:(i) May use DD Form 1155, Order for Supplies or Services, to place orders for?

L1:(A) Commercial products or commercial services at or below the simplified

L0:acquisition threshold; and

L1:(B) Other than commercial products or commercial services at any dollar value.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(ii) Must use SF 1449, Solicitation/Contract/Order for Commercial Products and

L0:Commercial Services, to place orders for commercial products or commercial services

L0:exceeding the simplified acquisition threshold (see FAR 12.204); and

L1:(iii) May use SF 1449 to place orders for other than commercial products or

L0:commercial services at any dollar value.

L1:(2) Schedule orders may be placed orally if?

L1:(i) The contractor agrees to furnish a delivery ticket for each shipment under the

L0:order (in the number of copies required by the ordering office). The ticket must include the?

L1:(A) Contract number;

L1:(B) Order number under the contract;

L1:(C) Date of order;

L1:(D) Name and title of person placing the order;

L1:(E) Itemized listing of supplies or services furnished; and

L1:(F) Date of delivery or shipment; and

L1:(ii) Invoicing procedures are agreed upon. Optional methods of submitting invoices

L0:for payment are permitted, such as?

L1:(A) An individual invoice with a receipted copy of the delivery ticket;

L1:(B) A summarized monthly invoice covering all oral orders made during the

L0:month, with receipted copies of the delivery tickets (this option is preferred if there are many

L0:oral orders); or

L1:(C) A contracting officer statement that the Government has received the

L0:supplies.

L1:(3) For purchases where cash payment is an advantage, the use of imprest funds in

L0:accordance with DFARS 212.403 is authorized when the contractor agrees to the

L0:procedure.

L1:(4) If permitted under the schedule contract, use of the Governmentwide commercial

L0:purchase card--

L1:(i) Is mandatory for placement of orders valued at or below the micro-purchase

L0:threshold; and

L1:(ii) Is optional for placement of orders valued above the micro-purchase

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:PGI 208.70?ACQUISITION UNDER THE INTEGRATED MATERIAL MANAGEMENT

L0:PROGRAM

L0:PGI 208.7002 Assignment authority.

L0:Under the DoD IMM Program, contracting responsibility for certain commodities is assigned
L0:to a single department, agency, or the General Services Administration (GSA). Consumable
L0:and nonconsumable commodity assignments are made?

L2:(1)(i)To the departments and agencies, by the Deputy Assistant Secretary of
L0:Defense (Logistics);

L1:(ii) To the military departments for nonconsumable items (repair parts) under
L0:each commodity Federal Stock Class.

L1:(2) To GSA, through agreement with GSA, by the Deputy Assistant Secretary of
L0:Defense (Logistics);

L1:(3) For acquisitions to be made in the contiguous United States for commodities not
L0:assigned under paragraphs (a)(1) or(2), of this section, by the Deputy Assistant Secretary
L0:of Defense (Logistics).

L1:(i) Agreement may be on either a one-time or a continuing basis. The
L0:submission of a military interdepartmental purchase request (MIPR) by a requiring activity
L0:and its acceptance by the contracting activity of another department, even though based on
L0:an oral communication, constitutes a one-time agreement.

L1:(ii) Consider repetitive delegated acquisition responsibilities for coordinated
L0:acquisition assignment. If not considered suitable for coordinated acquisition assignment,
L0:formalize continuing agreements and distribute them to all activities concerned.

L0:PGI 208.7002-1 Acquiring department responsibilities.

L0:The acquiring department generally is responsible under the integrated material
L0:management (IMM) program for?

L1:(1) Operational aspects of acquisition planning (phasing the submission of requirements
L0:to contracting, consolidating or dividing requirements, analyzing the market, and determining
L0:patterns for the phased placement of orders to avoid unnecessary production fluctuations
L0:and meet the needs of requiring departments at the lowest price);

L1:(2) Purchasing;

L1:(3) Performing or assigning contract administration, including follow-up and expediting of
L0:inspection and transportation; and

L1:(4) Obtaining licenses under patents and settling patent infringement claims arising out
L0:of the acquisition. (Acquiring departments must obtain approval from the department whose
L0:funds are to be charged for obtaining licenses or settling claims.)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:PGI 208.7002-2 Requiring department responsibilities.

L0:The requiring department is responsible for?

L1:(1) Ensuring compliance with the order of priority in FAR 8.1 for use of Government
L0:supply sources before submitting a requirement to the acquiring department for contracting
L0:action; and

L1:(2) Providing the acquiring department?

L1:(i) The complete and certified documentation required by FAR 6.104. A requiring
L0:department official, equivalent to the appropriate level in FAR 6.104, must approve the
L0:documentation before submission of the military interdepartmental purchase request (MIPR)
L0:to the acquiring department;

L1:(ii) Any additional supporting data that the acquiring department contracting officer

L0:requests (e.g., the results of any market survey or why none was conducted, and actions the

L0:requiring department will take to overcome barriers to competition in the future);

L1:(iii) The executed determination and findings required by FAR 6.103-7;

L1:(iv) When a requiring department requests an acquiring department to contract for

L0:supplies or services using full and open competition after exclusion of sources, all data

L0:required by FAR 6.102-1;

L1:(v) When the requiring department specifies a foreign end product, any

L0:determinations required by DFARS Part 225 or FAR Part 25;

L1:(vi) A complete definition of the requirements, including a list (or copies) of

L0:specifications, drawings, and other data required for the acquisition. The requiring

L0:department need not furnish Federal, military, departmental, or other specifications or

L0:drawings or data that are available to the acquiring department;

L1:(vii) Justification required by FAR 17.2 for any option quantities requested;

L1:(viii) A statement as to whether used or reconditioned material, former Government

L0:surplus property, or residual inventory will be acceptable, and if so?

L1:(A) A list of any supplies that need not be new; and

L1:(B) The basis for determining the acceptability of such supplies (see FAR

L0:11.302(b));

L1:(ix) A statement as to whether the acquiring department may exceed the total MIPR

L0:estimate and, if so, by what amount; and

L1:(x) Unless otherwise agreed between the departments, an original and six copies of

L0:each MIPR and its attachments (except specifications, drawings, and other data).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:PGI 208.7003 Applicability.

L0:PGI 208.7003-1 Assignments under integrated materiel management.

L1:(b) When an item assigned for IMM is to be acquired by the requiring activity under

L0:DFARS 208.7003-1(a)(3), the contracting officer must?

L1:(i) Document the contract file with a statement of the specific advantage of local

L0:purchase for an acquisition exceeding the micro-purchase threshold; and

L1:(ii) Ensure that a waiver is obtained from the IMM manager before initiating an

L0:acquisition exceeding the simplified acquisition threshold in FAR Part 2, if the IMM

L0:assignment is to the General Services Administration (GSA), the Defense Logistics Agency

L1:(DLA), or another Service contracting office. Submit requests for waiver?

L0:PGI 208.7004-1 Purchase authorization from requiring department.

L1:(1) Requiring departments send their requirements to acquiring departments on either a

L0:DD Form 448, Military Interdepartmental Purchase Request (MIPR), or a DD Form 416,

L0:Requisition for Coal, Coke or Briquettes. A MIPR or a DD Form 416 is the acquiring

L0:department's authority to acquire the supplies or services on behalf of the requiring

L0:department.

L1:(2) The acquiring department is authorized to create obligations against the funds cited

L0:in a MIPR without further referral to the requiring department. The acquiring department has
L0:no responsibility to determine the validity of a stated requirement in an approved MIPR, but it
L0:should bring apparent errors in the requirement to the attention of the requiring department.

L1:(3) Changes that affect the contents of the MIPR must be processed as a MIPR
L0:amendment regardless of the status of the MIPR. The requiring department may initially
L0:transmit changes electronically or by some other expedited means, but must confirm
L0:changes by a MIPR amendment.

L1:(4) The requiring department must submit requirements for additional line items of
L0:supplies or services not provided for in the original MIPR as a new MIPR. The requiring
L0:department may use a MIPR amendment for increased quantities only if?

L1:(i) The original MIPR requirements have not been released for solicitation; and
L1:(ii) The acquiring department agrees.

L0:PGI 208.7004-2 Acceptance by acquiring department.

L1:(1) Acquiring departments formally accept a MIPR by DD Form 448-2, Acceptance of
L0:MIPR, as soon as practicable, but no later than 30 days after receipt of the MIPR. If the 30
L0:day time limit cannot be met, the acquiring department must inform the requiring department
L0:of the reason for the delay, and the anticipated date the MIPR will be accepted. The
L0:acquiring department must accept MIPRs in writing before expiration of the funds.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8
L0:Defense FAR Supplement (DFARS) Part 208

L1:(2) The acquiring department in accepting a MIPR will determine whether to use
L0:Category I (reimbursable funds citation) or Category II (direct funds citation) methods of
L0:funding.

L1:(i) Category I method of funding is used under the following circumstances and
L0:results in citing the funds of the acquiring department in the contract:

L1:(A) Delivery is from existing inventories of the acquiring department;
L1:(B) Delivery is by diversion from existing contracts of the acquiring department;
L1:(C) Production or assembly is through Government work orders in Government-
L0:owned plants;

L1:(D) Production quantities are allocated among users from one or more
L0:contracts, and the identification of specific quantities of the end item to individual contracts is
L0:not feasible at the time of MIPR acceptance;

L1:(E) Acquisition of the end items involves separate acquisition of components to
L0:be assembled by the acquiring department;

L1:(F) Payments will be made without reference to deliveries of end items (e.g.,
L0:cost-reimbursement type contracts and fixed-price contracts with progress payment
L0:clauses); or

L1:(G) Category II method of funding is not feasible and economical.

L1:(ii) Category II method of funding is used in circumstances other than those in
L0:paragraph (2)(i) of this subsection. Category II funding results in citation of the requiring
L0:department's funds and MIPR number in the resultant contract.

L1:(3) When the acquiring departments accepts a MIPR for Category I funding?

L1:(i) The DD Form 448-2, Acceptance of MIPR, is the authority for the requiring
L0:department to record the obligation of funds;

L1:(ii) The acquiring department will annotate the DD Form 448-2 if contingencies,

L0:price revisions, or variations in quantities are anticipated. The acquiring department will
 L0:periodically advise the requiring department, prior to submission of billings, of any changes
 L0:in the acceptance figure so that the requiring department may issue an amendment to the
 L0:MIPR, and the recorded obligation may be adjusted to reflect the current price;
 L1:(iii) If the acquiring department does not qualify the acceptance of a MIPR for
 L0:anticipated contingencies, the price on the acceptance will be final and will be billed at time
 L0:of delivery; and
 L1:(iv) Upon receipt of the final billing (SF 1080, Voucher for Transferring Funds), the
 L0:requiring department may adjust the fiscal records accordingly without authorization from or
 L0:notice to the acquiring department.
 L1:(4) When the MIPR is accepted for Category II funding, a conformed copy of the
 L0:contract (see DFARS 204.802(1)(ii)) is the authority to record the obligation. When all
 L0:awards have been placed to satisfy the total MIPR requirement, any unused funds
 L0:remaining on the MIPR become excess to the acquiring department. The acquiring
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8
 L0:Defense FAR Supplement (DFARS) Part 208
 L0:department will immediately notify the requiring department of the excess funds by
 L0:submitting an Acceptance of MIPR (DD Form 448-2). This amendment is authorization for
 L0:the requiring department to withdraw the funds. The acquiring department is prohibited from
 L0:further use of such excess funds.
 L1:(5) When the acquiring department requires additional funds to complete the contracting
 L0:action for the requiring department, the request for additional funds must identify the exact
 L0:items involved, and the reason why additional funds are required. The requiring department
 L0:must act quickly to?
 L1:(i) Provide the funds by an amendment of the MIPR; or
 L1:(ii) Reduce the requirements.
 L1:(6) The accepting activity of the acquiring department must remain responsible for the
 L0:MIPR even though that activity may split the MIPR into segments for action by other
 L0:contracting activities.
 L0:PGI 208.7004-3 Use of advance MIPRs.
 L1:(1) An advance MIPR is an unfunded MIPR provided to the acquiring department in
 L0:advance of the funded MIPR so that initial steps in planning the contract action can begin at
 L0:an earlier date.
 L1:(2) In order to use an advance MIPR, the acquiring department and the requiring
 L0:department must agree that its use will be beneficial. The departments may execute a
 L0:blanket agreement to use advance MIPRs.
 L1:(3) The requiring department must not release an advance MIPR to the acquiring
 L0:department without obtaining proper internal approval of the requirement.
 L1:(4) When advance MIPRs are used, mark ?ADVANCE MIPR? prominently on the DD
 L0:Form 448.
 L1:(5) For urgent requirements, the advance MIPR may be transmitted electronically.
 L1:(6) On the basis of an advance MIPR, the acquiring department may take the initial
 L0:steps toward awarding a contract, such as obtaining internal coordination and preparing an
 L0:acquisition plan. Acquiring departments may determine the extent of these initial actions but
 L0:must not award contracts on the basis of advance MIPRs.

L0:PGI 208.7004-4 Cutoff dates for submission of Category II MIPRs.

L1:(1) Unless otherwise agreed between the departments, May 31 is the cutoff date for the receipt of MIPRs citing expiring appropriations which must be obligated by September 30 of that fiscal year. If circumstances arise that require the submission of MIPRs citing expiring appropriations after the cutoff date, the requiring department will communicate with the acquiring department before submission to find out whether the acquiring department can execute a contract or otherwise obligate the funds by the end of the fiscal year. Acquiring departments will make every effort to obligate funds for all such MIPRs accepted after the cutoff date. However, acceptance of a late MIPR does not constitute assurance by the acquiring department that all such funds will be obligated.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L1:(2) Nothing in these instructions is intended to restrict the processing of MIPRs when the acquiring department is capable of executing contracts or otherwise obligating funds before the end of the fiscal year.

L1:(3) The May 31 cutoff date does not apply to MIPRs citing continuing appropriations.

L0:PGI 208.7004-5 Notification of inability to obligate on Category II MIPRs.

L0:On August 1, the acquiring department will advise the requiring department of any Category II MIPRs on hand citing expiring appropriations it will be unable to obligate prior to the fund expiration date. If an unforeseen situation develops after August 1 that will prevent execution of a contract, the acquiring department will notify the requiring department as quickly as possible and will return the MIPR. The letter of transmittal returning the MIPR will authorize purchase by the requiring department and state the reason that the acquisition could not be accomplished.

L0:PGI 208.7004-6 Cancellation of requirements.

L1:(1) Category I MIPRs. The requiring department will notify the acquiring department by electronic or other immediate means when cancelling all or part of the supplies or services requested in the MIPR. Within 30 days, the acquiring department will notify the requiring department of the quantity of items available for termination and the amount of funds in excess of the estimated settlement costs. Upon receipt of this information, the requiring department will issue a MIPR amendment to reduce the quantities and funds accordingly.

L1:(2) Category II MIPRs. The requiring department will notify the acquiring department electronically or by other immediate means when cancelling all or any part of the supplies or services requested in the MIPR.

L1:(i) If the acquiring department has not entered into a contract for the supplies or services to be cancelled, the acquiring department will immediately notify the requiring department. Upon receipt of such notification, the requiring department must initiate a MIPR amendment to revoke the estimated amount shown on the original MIPR for the cancelled items.

L1:(ii) If the items to be cancelled have already been placed under contract?

L1:(A) As soon as practicable, but in no event more than 45 days after receipt of the cancellation notice from the requiring department, the contracting officer must issue a termination data letter to the requiring department (original and four copies) containing, as a minimum, the information in Table 8-1, Termination Data Letter.

L1:(B) The termination contracting officer (TCO) will review the proceedings at

L0:least every 60 days to reassess the Government's probable obligation. If any additional
 L0:funds are excess to the probable settlement requirements, or if it appears that previous
 L0:release of excess funds will result in a shortage of the amount that will be required for
 L0:settlement, the TCO will promptly notify the contracting office which will amend the
 L0:termination data letter. The requiring department will process a MIPR amendment to reflect
 L0:the reinstatement of funds within 30 days after receiving the amended termination data
 L0:letter.

L1:(C) Upon receipt of a copy of the termination settlement agreement, the
 L0:requiring department will prepare a MIPR amendment, if required, to remove any remaining
 L0:excess funds.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:TABLE 8-1, TERMINATION DATA LETTER

L0:Contract No.

L0:_____ Termination

L0:No. _____

L0:Contract

L0: _____

L1:(a) As termination action is now in progress on the above contract, the following
 L0:information is submitted:

L1:(1) Brief Description of items terminated.

L1:(2) You are notified that the sum of \$_____ is available for release under the
 L0:subject contract. This sum represents the difference between \$_____, the value of
 L0:items terminated under the contract, and \$_____, estimated to be required for
 L0:settlement of the terminated contract. The estimated amount available for release is
 L0:allocated by the appropriations cited on the contract as follows:

L0:MIPR NO. _____ ACCOUNTING CLASSIFICATION _____ AMOUNT _____

L0:Total available for release at this time \$_____

L1:(b) Request you forward an amendment to MIPR _____ on DD Form 448-2 to
 L0:reflect the reduced quantity and amount of funds available for release.

L1:(c) Periodic reviews (not less than 60 days) will be made as termination proceedings
 L0:progress to redetermine the Government's probable obligation.

L0: _____

L0:Contracting Officer

L0:PGI 208.7004-7 Termination for default.

L1:(1) When the acquiring department terminates a contract for default, it will ask the
 L0:requiring department if the supplies or services to be terminated are still required so that
 L0:repurchase action can be started.

L1:(2) The requiring department will not deobligate funds on a contract terminated for
 L0:default until receipt of a settlement modification or other written evidence from the acquiring
 L0:department authorizing release of funds.

L1:(3) On the repurchase action, the acquiring department will not exceed the unliquidated
 L0:funds on the defaulted contract without receiving additional funds from the requiring
 L0:department.

L0:PGI 208.7004-8 Transportation funding.

L0:The requiring department will advise the acquiring department or the transportation officer in

L0:the contract administration office of the fund account to be charged for transportation costs.

L0:The requiring department may cite the fund account on each MIPR or provide the funding

L0:cite to the transportation officer at the beginning of each fiscal year for use on Government

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:bills of lading. When issuing a Government bill of lading, show the requiring department as

L0:the department to be billed and cite the appropriate fund account.

L0:PGI 208.7004-9 Status reporting.

L1:(1) The acquiring department will maintain a system of MIPR follow-up to inform the

L0:requiring department of the current status of its requests. In addition, the contract

L0:administration office will maintain a system of follow-up in order to advise the acquiring

L0:department on contract performance.

L1:(2) If requested by the requiring department, the acquiring department will furnish the

L0:requiring department a copy of the solicitation when the MIPR is satisfied through Category

L0:II funding.

L1:(3) Any reimbursement billings, shipping document, contractual documents, project

L0:orders, or related documentation furnished to the requiring department will identify the

L0:requiring department's MIPR number, quantities of items, and funding information.

L0:PGI 208.7004-10 Administrative costs.

L0:The acquiring department bears the administrative costs of acquiring supplies for the

L0:requiring department. However, when an acquisition responsibility is transferred to another

L0:department, funds appropriated or to be appropriated for administrative costs will transfer to

L0:the successor acquiring department. The new acquiring department must assume budget

L0:cognizance as soon as possible.

L0:PGI 208.71?ACQUISITION FOR NATIONAL AERONAUTICS AND SPACE

L0:ADMINISTRATION (NASA)

L0:PGI 208.7102 Procedures.

L0:PGI 208.7102-1 General.

L1:(1) Departments and agencies must not claim reimbursement for administrative costs

L0:incident to acquisitions for NASA, unless agreed otherwise prior to the time the services are

L0:performed.

L1:(2) When contracting or performing field service functions for NASA, departments and

L0:agencies?

L1:(i) Will use their own methods, except when otherwise required by the terms of the

L0:agreement; and

L1:(ii) Normally will use their own funds and will not cite NASA funds on any defense

L0:obligation or payment document.

L0:PGI 208.7102-2 Purchase request and acceptance.

L1:(1) NASA will use NASA Form 523, NASA-Defense Purchase Request, to request

L0:acquisition of supplies or services.

L1:(2) Except as provided in paragraph (4) of this subsection, departments and agencies

L0:will respond within 30 days to a NASA purchase request by forwarding DD Form 448-2,

L0:Acceptance of MIPR. Forward each DD Form 448-2 in quadruplicate and indicate action

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:status as well as the name and address of the DoD acquisition activity for future use by the

L0:NASA initiator.

L1:(3) To the extent feasible, all documents related to the NASA action will reference the

L0:NASA-Defense Purchase Request number and the item number when appropriate.

L1:(4) Departments and agencies are not required to accept NASA-Defense Purchase

L0:Requests for common-use standard stock items that the supplying department has on hand

L0:or on order for prompt delivery at published prices.

L0:PGI 208.7102-3 Changes in estimated total prices.

L0:When a department or agency determines that the estimated total price (Block 6F, NASA

L0:Form 523) for NASA items is not sufficient to cover the required reimbursement, or is in

L0:excess of the amount required, the department/agency will forward a request for

L0:amendment to the NASA originating office. Indicate in the request a specific dollar amount,

L0:rather than a percentage, and include justification for any upward adjustment requested.

L0:Upon approval of a request, NASA will forward an amendment of its purchase request to the

L0:contracting activity.

L0:PGI 208.7102-4 Payments.

L0:Departments and agencies will submit SF 1080, Voucher for Transferring Funds, billings to

L0:the NASA office designated in Block 9 of the NASA-Defense Purchase Request, except

L0:where agreements provide that reimbursement is not required. Departments and agencies

L0:will support billings in the same manner as billings between departments and agencies.

L0:PGI 208.73?USE OF GOVERNMENT-OWNED PRECIOUS METALS

L0:a) Definitions.

L0:As used in this subpart?

L0:?Defense Supply Center, Philadelphia (DSCP)? means the Defense Logistics Agency

L0:field activity located at 700 Robbins Avenue, Philadelphia, PA 19111-5096, which is the

L0:assigned commodity integrated material manager for refined precious metals and is

L0:responsible for the storage and issue of such material.

L0:?Dual pricing evaluation procedure? means a procedure where offerors submit two prices

L0:for precious metals bearing items--one based on Government-furnished precious metals

L0:and one based on contractor-furnished precious metals. The contracting officer evaluates

L0:the prices to determine which is in the Government's best interest.

L0:?Precious Metals Indicator Code (PMIC)? means a single-digit, alpha-numeric code

L0:assigned to national stock numbered items in the Defense Integrated Data System Total

L0:Item Record used to indicate the presence or absence of precious metals in the item.

L0:PMICs and the content value of corresponding items are listed in DoD 4100.39-M, Federal

L0:Logistics Information System (FLIS) Procedures Manual, Volume 10, Chapter 4, Table 160.

L0:?Refined precious metal? means recovered silver, gold, platinum, palladium, iridium,

L0:rhodium, or ruthenium, in bullion, granulation or sponge form, which has been purified to at

L0:least .999 percentage of fineness.

L0:b) Policy.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:DoD policy is for maximum participation in the Precious Metals Recovery Program. DoD
L0:components must furnish recovered precious metals contained in the DSCP inventory to
L0:production contractors rather than use contractor-furnished precious metals whenever the
L0:contracting officer determines it to be in the Government's best interest.

L0:c) Procedures.

L1:(1) Item managers and contracting officers will use the PMIC and/or other relevant data
L0:furnished with a purchase request to determine the applicability of this subpart.

L1:(2) When an offeror advises of a precious metals requirement, the contracting officer
L0:must use the procedures in Chapter 11 of DoD 4160.21-M, Defense Materiel Disposition
L0:Manual, to determine availability of required precious metal assets and current Government-
L0:furnished materiel (GFM) unit prices. If the precious metals are available, the contracting
L0:officer must evaluate offers and award the contract on the basis of the offer that is in the best
L0:interest of the Government.

L1:(3) When the clause prescribed by DFARS 208.7305 is included in a solicitation, the
L0:contracting officer must ensure that Section B, Schedule of Supplies or Services and Prices,
L0:is structured to?

L1:(i) Permit insertion of alternate prices for each deliverable contract line item number
L0:that uses precious metals; and

L1:(ii) Use dual pricing evaluation procedures.

L0:d) Refined precious metals.

L0:The following refined precious metals are currently managed by DSCP:

L0:Precious Metal

L0:National Stock Number (NSN)

L0:Gold

L0:Silver

L0:Platinum Granules

L0:Platinum Sponge

L0:Palladium Granules

L0:Palladium Sponge

L0:Rhodium

L0:Iridium

L0:Ruthenium

L0:9660-01-039-0313

L0:PGI 208.74?ENTERPRISE SOFTWARE AGREEMENTS

L0:PGI 208.7401 Definitions.

L0:As used in this subpart?

L0: "Golden Disk" means a purchased license or entitlement to distribute an unlimited or bulk number of copies of software throughout DoD.

L0: "Software product manager" means the Government official who manages an enterprise software agreement.

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0: Defense FAR Supplement (DFARS) Part 208

L0: PGI 208.7403 Acquisition procedures.

L1: (1) After requirements are determined, the requiring official must review the information

L0: at the ESI website to determine if the required commercial software or related services are

L0: available from DoD inventory (e.g., Golden Disks and DoD-wide software maintenance

L0: agreements). If the software or services are available, the requiring official must fulfill the

L0: requirement from the DoD inventory.

L1: (2) If the required commercial software or related services are not in the DoD inventory,

L0: and not on an ESA, the contracting officer or requiring official may fulfill the requirement by

L0: other means. Existing ESAs are listed on the ESI website.

L1: (3) If the commercial software or related services are on an ESA, the contracting officer

L0: or requiring official must review the terms and conditions and prices in accordance with

L0: otherwise applicable source selection requirements.

L1: (4) If an ESA's terms and conditions and prices represent the best value to the

L0: Government, the contracting officer or requiring official must fulfill the requirement for

L0: software or services through the ESA.

L1: (5) If existing ESAs do not represent the best value to the Government, the software

L0: product manager (SPM) must be given an opportunity to provide the same or a better value

L0: to the Government under the ESAs before the contracting officer or requiring official may

L0: continue with alternate acquisition methods.

L1: (i) The contracting officer or requiring official must notify the SPM of specific

L0: concerns about existing ESA terms and conditions or prices through the ESI webpage.

L1: (ii) The SPM must consider adjusting, within the scope of the ESA, terms and

L0: conditions or prices to provide the best value to the customer.

L1: (A) Within 3 working days, the SPM must?

L1: (1) Update the ESA;

L1: (2) Provide an estimated date by which the update will be accomplished; or

L1: (3) Inform the contracting officer or requiring official that no change will be

L0: made to the ESA.

L1: (B) If the SPM informs the contracting officer or requiring official that no change

L0: will be made to the ESA terms and conditions or prices, the contracting officer or requiring

L0: official may fulfill the requirement by other means.

L1: (C) If the SPM does not respond within 3 working days or does not plan to

L0: adjust the ESA within 90 days, the contracting officer or requiring official may fulfill the

L0: requirement by other means.

L1: (iii) A management official designated by the department or agency may waive the

L0: requirement to obtain commercial software or related services through an ESA after the

L0: steps in paragraphs (5)(i) and (5)(ii)(A) of this section are complete. The rationale for use of

L0: an alternate source must be included in the waiver request and must be provided to the

L0: SPM.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 8

L0:Defense FAR Supplement (DFARS) Part 208

L0:PGI 251?[RESERVED]

PART 9

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

209.101 Definitions

Status: active

L0:209.101 Definitions.

L0:As used in this subpart?

L0:Effectively owned or controlled? means that a foreign government or any entity

L0:controlled by a foreign government has the power, either directly or indirectly, whether

L0:exercised or exercisable, to control the election, appointment, or tenure of the Offeror?s

L0:officers or a majority of the Offeror?s board of directors by any means, e.g., ownership,

L0:contract, or operation of law (or equivalent power for unincorporated organizations).

L0:Entity controlled by a foreign government??

L1:(1) Means?

L1:(i) Any domestic or foreign organization or corporation that is effectively owned

L0:or controlled by a foreign government; or

L1:(ii) Any individual acting on behalf of a foreign government.

L1:(2) Does not include an organization or corporation that is owned, but is not

L0:controlled, either directly or indirectly, by a foreign government if the ownership of that

L0:organization or corporation by that foreign government was effective before October 23,

L0:1992.

L0:Foreign government? includes the state and the government of any country (other than

L0:the United States and its outlying areas) as well as any political subdivision, agency, or

L0:instrumentality thereof.

L0:Proscribed information? means?

L1:(1) Top Secret information;

L1:(2) Communications security (COMSEC) material, excluding controlled

L0:cryptographic items when unkeyed or utilized with unclassified keys;

L1:(3) Restricted Data as defined in the U.S. Atomic Energy Act of 1954, as amended;

L1:(4) Special Access Program (SAP) information; or

L1:(5) Sensitive Compartmented Information (SCI).

209.104 Standards

Status: active

L0:209.104 Standards.

209.104-1 General standards

Status: active

L0:209.104-1 General standards.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(e) For cost-reimbursement or incentive type contracts, or contracts that provide for

L0:progress payments based on costs or on a percentage or stage of completion, the

L0:prospective contractor's accounting system and related internal controls must provide

L0:reasonable assurance that?

L1:(i) Applicable laws and regulations are complied with;

L1:(ii) The accounting system and cost data are reliable;

L1:(iii) Risk of misallocations and mischarges are minimized; and

L1:(iv) Contract allocations and charges are consistent with invoice procedures.

L2:(g)(i) Ownership or control by the government of a country that is a state sponsor of

L0:terrorism. (See part 240).

L1:(ii) Ownership or control by a foreign government when access to proscribed

L0:information is required to perform the contract. (A) In accordance with 10 U.S.C.

L0:4874(a), do not award a DoD contract under a national security program to an entity

L0:controlled by a foreign government if that entity requires access to proscribed

L0:information to perform the contract.

L1:(B) For questions about applying the provision at 252.209-7002, seek advice

L0:from the Security Directorate, Office of the Deputy Under Secretary of Defense, Human

L0:Intelligence, Counterintelligence, and Security.

L1:(C) In accordance with 10 U.S.C. 4874(b)(1)(A), the Secretary of Defense

L0:may waive the prohibition in paragraph (g)(ii)(A) of this section upon determining that

L0:the waiver is essential to the national security interests of the United States. The

L0:Secretary has delegated authority to grant this waiver to the Under Secretary of

L0:Defense for Intelligence. Waiver requests, prepared by the requiring activity in

L0:coordination with the contracting officer, must be processed through the Principal

L0:Director, Defense Pricing, Contracting, and Acquisition Policy, Office of the Under

L0:Secretary of Defense (Acquisition and Sustainment), and must include a proposed

L0:national interest determination. The proposed national interest determination,

L0:prepared by the requiring activity in coordination with the contracting officer, must

L0:include?

L0:ownership (include solicitation and other reference numbers to identify the action);

L1:(1) Identification of the proposed awardee, with a synopsis of its foreign

L0:requirements;

L1:(2) General description of the acquisition and performance

L0:ways award of the contract helps advance those interests;

L1:(3) Identification of the national security interests involved and the

L1:(4) The availability of another entity with the capacity, capability and

L0:technical expertise to satisfy defense acquisition, technology base, or industrial base

L0:requirements; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(5) A description of any alternate means available to satisfy the

L0:requirement, e.g., use of substitute products or technology or alternate approaches to

L0:accomplish the program objectives.

L1:(D) In accordance with 10 U.S.C. 4874(b)(1)(B), the Secretary of Defense

L0:may, in the case of a contract awarded for environmental restoration, remediation, or

L0:waste management at a DoD facility, waive the prohibition in paragraph (g)(ii)(A) of

L0:this section upon?

L1:(1) Determining that?

L1:(i) The waiver will advance the environmental restoration,

L0:remediation, or waste management objectives of DoD and will not harm the national

L0:security interests of the United States; and

L1:(ii) The contract awardee is controlled by a foreign government

L0:with which the Secretary is authorized to exchange Restricted Data under section 144c.

L0:of the Atomic Energy Act of 1954 (42 U.S.C. 2164(c)); and

L1:(2) Notifying Congress of the decision to grant the waiver. Award the

L0:contract only after the end of the 45-day period beginning on the date the appropriate

L0:Congressional committees receive notification.

209.104-4 Subcontractor responsibility

Status: active

L0:209.104-4 Subcontractor responsibility.

L0:Generally, the Canadian Commercial Corporation's (CCC) proposal of a firm as its

L0:subcontractor forms a sufficient basis for an affirmative determination of responsibility.

L0:However, when the CCC determination of responsibility is not consistent with other

L0:information, request additional information necessary to make the responsibility

L0:determination from CCC and any other sources.

209.104-70 Solicitation provision

Status: active

L0:209.104-70 Solicitation provision.

L0:Unless the solicitation includes the provision at FAR 52.204-7, insert the provision at

L0:252.209-7002, Disclosure of Ownership or Control by a Foreign Government, in all

L0:solicitations, including solicitations using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, and solicitations using the procedures in

L0:FAR part 13, when access to proscribed information is necessary for contract

L0:performance.

209.105 Procedures

Status: active

L0:209.105 Procedures.

209.105-1 Obtaining information

Status: active

L0:209.105-1 Obtaining information.

L1:(1) For guidance on using the Exclusions section of the System for Award

L0:Management, see PGI 209.105-1.

L1:(2) Consider the supplier risk assessment available in the Supplier Performance

L0:Risk System at <https://piee.eb.mil/> when determining responsibility. See 204.7603(c).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

209.105-2 Determinations and documentation

Status: active

L0:209.105-2 Determinations and documentation.

L1:(a) Submit a copy of a determination of nonresponsibility to the appropriate

L0:debaring and suspending official listed in 209.403.

209.105-270 Inclusion of determination of contractor fault in the Integrity

Status: active

L0:209.105-270 Inclusion of determination of contractor fault in the Integrity

L0:Records module in CPARS.

L0:In accordance with section 834 of the National Defense Authorization Act for Fiscal

L0:Year 2011 (Pub. L. 111-383), if the contractor or a subcontractor at any tier is not

L0:subject to the jurisdiction of the U.S. courts, and the DoD appointing official that

L0:requested a DoD investigation makes a final determination that the contractor?s or

L0:subcontractor?s gross negligence or reckless disregard for the safety of Government

L0:personnel caused serious bodily injury or death of such personnel, then enter

L0:information regarding the determination in the Integrity Records module in CPARS

L0:within 3 days of receiving it. Information posted in the Integrity Records module in

L0:CPARS will be publicly available.

209.170 Restriction on the use of certain institutions of higher education

Status: active

L0:209.170 Restriction on the use of certain institutions of higher education.

209.170-0 Scope

Status: active

L0:209.170-0 Scope.

L0:This section implements section 1062 of the National Defense Authorization Act for

L0:Fiscal Year 2021 (Pub. L. 116-283).

209.170-1 Definitions

Status: active

L0:209.170-1 Definitions.

L0:As used in this section?

L0:Confucius Institute? means?

L1:(1) Any program that receives funding or support from?

L1:(i) The Chinese International Education Foundation; or

L1:(ii) The Center for Language Exchange Cooperation of the Ministry of

L0:Education of the People's Republic of China; or

L1:(2) Any cultural institute directly or indirectly funded by the government of the

L0:People's Republic of China.

L0:Institution of higher education? has the meaning given in 20 U.S.C. 1002.

209.170-2 Restriction

Status: active

L0:209.170-2 Restriction.

L0:None of the funds authorized to be appropriated or otherwise made available for any

L0:fiscal year for DoD may be used to contract with an institution of higher education that

L0:hosts a Confucius Institute, other than amounts provided directly to students as

L0:educational assistance. Do not enter into a contract with any institution of higher

L0:education that hosts a Confucius Institute, unless a waiver has been granted.

209.170-3 Waiver of restriction

Status: active

L0:209.170-3 Waiver of restriction.

L0:The Office of the Under Secretary of Defense (Research and Engineering) can, without

L0:power of delegation, waive the restriction in 209.170-2 in accordance with the Confucius

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:Institute Waiver Program guidance. The waiver authority terminates on October 1,

L0:2026. Any waiver issued will not apply on or after that date. See PGI 209.170-3.

209.170-4 Solicitation provision

Status: active

L0:209.170-4 Solicitation provision.

L0:Insert the provision at 252.209-7011, Representation for Restriction on the Use of
L0:Certain Institutions of Higher Education, in solicitations, including solicitations using
L0:FAR part 12 procedures for the acquisition of commercial products and commercial
L0:services, for acquisitions to an institution of higher education.

209.171 Preaward surveys

Status: active

L0:209.171 Preaward surveys.

L0:Follow the procedures at PGI 209.171 when requesting a preaward survey.

209.202 Policy

Status: active

L0:209.202 Policy.

L2:(a)(1) Except for aviation or ship critical safety items, obtain approval in accordance
L0:with PGI 209.202(a)(1) when establishing qualification requirements. See 209.270 for
L0:approval of qualification requirements for aviation or ship critical safety items.

209.270 Aviation and ship critical safety items

Status: active

L0:209.270 Aviation and ship critical safety items.

209.270-1 Scope

Status: active

L0:209.270-1 Scope.

L0:This section implements?

L1:(a) Section 802 of the National Defense Authorization Act for Fiscal Year 2004 (Pub.
L0:L. 108-136); and
L1:(b) Section 130 of the National Defense Authorization Act for Fiscal Year 2007 (Pub.
L0:L. 109-364); and

209.270-2 Definitions

Status: active

L0:209.270-2 Definitions.

L0:As used in this section?

L0:Aviation critical safety item? means a part, an assembly, installation equipment,
L0:launch equipment, recovery equipment, or support equipment for an aircraft or aviation

L0:weapon system if the part, assembly, or equipment contains a characteristic any failure,
L0:malfuction, or absence of which could cause?

L1:(1) A catastrophic or critical failure resulting in the loss of or serious damage to the
L0:aircraft or weapon system;

L1:(2) An unacceptable risk of personal injury or loss of life; or

L1:(3) An uncommanded engine shutdown that jeopardizes safety.

L0:?Design control activity??

L1:(1) With respect to an aviation critical safety item, means the systems command of

L0:a military department that is specifically responsible for ensuring the air worthiness of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:an aviation system or equipment in which an aviation critical safety item is to be used;

L0:and

L1:(2) With respect to a ship critical safety item, means the systems command of a

L0:military department that is specifically responsible for ensuring the seaworthiness of a

L0:ship or ship equipment in which a ship critical safety item is to be used.

L0:?Ship critical safety item? means any ship part, assembly, or support equipment

L0:containing a characteristic the failure, malfunction, or absence of which could cause?

L1:(1) A catastrophic or critical failure resulting in loss of or serious damage to the

L0:ship; or

L1:(2) An unacceptable risk of personal injury or loss of life.

209.270-3 Policy

Status: active

L0:209.270-3 Policy.

L1:(a) The head of the contracting activity responsible for procuring an aviation or ship

L0:critical safety item may enter into a contract for the procurement, modification, repair,

L0:or overhaul of such an item only with a source approved by the head of the design

L0:control activity.

L1:(b) The approval authorities specified in this section apply in lieu of those otherwise

L0:specified in FAR 9.202(a)(1), 9.202(c), or 9.206-1(c), for the procurement, modification,

L0:repair, and overhaul of aviation or ship critical safety items.

209.270-4 Procedures

Status: active

L0:209.270-4 Procedures.

L1:(a) The head of the design control activity must?

L1:(1) Identify items that meet the criteria for designation as aviation or ship

L0:critical safety items. See additional information at PGI 209.270-4;

L1:(2) Approve qualification requirements in accordance with procedures

L0:established by the design control activity; and

L1:(3) Qualify and identify aviation and ship critical safety item suppliers and

L0:products.

L2:(b)(1) Ensure that the head of the design control activity has determined that a
L0:prospective contractor or its product meets or can meet the established qualification

L0:standards before the date specified for award of the contract;

L1:(2) Refer any offers received from an unapproved source to the head of the
L0:design control activity for approval. The head of the design control activity will
L0:determine whether the offeror or its product meets or can meet the established
L0:qualification standards before the date specified for award of the contract; and

L1:(3) Refer any requests for qualification to the design control activity.

L1:(c) See 246.407 and 246.504 for quality assurance requirements.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

209.270-5 Contract clause

Status: active

L0:209.270-5 Contract clause.

L0:Insert the clause at 252.209-7010, Critical Safety Items, in solicitations and contracts

L0:when the acquisition includes one or more items designated by the design control

L0:activity as critical safety items.

L0:SUBPART 209.3 [RESERVED]

209.402 Policy

Status: active

L0:209.402 Policy.

L1:(d) All debarring and suspending officials must follow the uniform suspension and
L0:debarment procedures provided at Appendix H to this chapter.

L1:(e) The department or agency must provide a copy of the Debarment and
L0:Suspension Procedures at DFARS appendix H to contractors at the time of their
L0:suspension or when they are proposed for debarment, and to other interested parties
L0:upon request.

209.403 Definitions

Status: active

L0:209.403 Definitions.

L0:Debarring and suspending official?. (1) For DoD, the designees are?

L1:(i) Army?Director, Soldier & Family Legal Services.

L1:(ii) Navy/Marine Corps?The Assistant General Counsel (Acquisition Integrity).

L1:(iii) Air Force?Deputy General Counsel (Contractor Responsibility).

L1:(iv) Defense Advanced Research Projects Agency?The Director.

L1:(v) Defense Health Agency?The Principal Deputy General Counsel.

L1:(vi) Defense Information Systems Agency?The General Counsel.
 L1:(vii) Defense Intelligence Agency?The Senior Procurement Executive.
 L1:(viii) Defense Logistics Agency?The Special Assistant for Contracting
 L0:Integrity.
 L1:(ix) Defense Threat Reduction Agency?The Director.
 L1:(x) Missile Defense Agency?The General Counsel.
 L1:(xi) National Geospatial-Intelligence Agency?The General Counsel.
 L1:(xii) National Security Agency?The Senior Acquisition Executive.
 L1:(xiii) United States Cyber Command?The Staff Judge Advocate.
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9
 L0:Defense FAR Supplement (DFARS) Part 209
 L1:(xiv) Overseas installations?as designated by the agency head.
 L1:(2) Overseas debarring and suspending officials?
 L1:(i) Are authorized to debar or suspend contractors located within the official?s
 L0:geographic area of responsibility under any delegation of authority they receive from
 L0:their agency head.
 L1:(ii) Debar or suspend in accordance with the procedures in FAR subpart 9.4 or
 L0:under modified procedures approved by the agency head based on consideration of the
 L0:laws or customs of the foreign countries concerned.
 L1:(iii) In addition to the bases for debarment in FAR 9.406-2, may consider the
 L0:following additional bases?
 L1:(A) The foreign country concerned determines that a contractor has engaged
 L0:in bid-rigging, price-fixing, or other anti-competitive behavior; or
 L1:(B) The foreign country concerned declares the contractor to be formally
 L0:debarred, suspended, or otherwise ineligible to contract with that foreign government or
 L0:its instrumentalities.
 L1:(3) The Defense Logistics Agency Special Assistant for Contracting Integrity is the
 L0:exclusive representative of the Secretary of Defense to suspend and debar contractors
 L0:from the purchase of Federal personal property under the Federal Property
 L0:Management Regulations (41 CFR 101-45.6) and the Defense Materiel Disposition
 L0:Manual (DoD 4160.21-M).

209.405 Effect of listing

Status: active

L0:209.405 Effect of listing.
 L1:(a) In accordance with 10 U.S.C. 4654(b), when a department or agency determines
 L0:that a compelling reason exists to conduct business with a debarred or suspended
 L0:contractor, it must provide written notice of the determination to the General Services
 L0:Administration (GSA), GSA Suspension and Debarment Official, Office of Acquisition
 L0:Policy, 1275 First Street, NE., Washington, DC 20417. Examples of compelling reasons
 L0:are?
 L1:(i) Only a debarred or suspended contractor can provide the supplies or services;
 L1:(ii) Urgency requires contracting with a debarred or suspended contractor;

L1:(iii) The contractor and a department or agency have an agreement covering the
 L0:same events that resulted in the debarment or suspension and the agreement includes
 L0:the department or agency decision not to debar or suspend the contractor; or
 L1:(iv) The national defense requires continued business dealings with the
 L0:debarred or suspended contractor.
 L2:(b)(i) The Procurement Cause and Treatment Code ?H? annotation in the
 L0:Exclusions section of the System for Award Management (SAM Exclusions) identifies
 L0:contractor facilities where no part of a contract or subcontract may be performed
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9
 L0:Defense FAR Supplement (DFARS) Part 209
 L0:because of a violation of the Clean Air Act (42 U.S.C. 7606) or the Clean Water Act (33
L0:U.S.C. 1368).
 L1:(ii) Under the authority of Section 8 of Executive Order 11738, the agency head
 L0:may grant an exemption permitting award to a contractor using a Code ?H? ineligible
 L0:facility if the agency head determines that such an exemption is in the paramount
 L0:interest of the United States.
 L1:(A) The agency head may delegate this exemption authority to a level no
 L0:lower than a general or flag officer or a member of the Senior Executive Service.
 L1:(B) The official granting the exemption?
 L1:(1) Must promptly notify the Environmental Protection Agency
 L0:suspending and debarring official of the exemption and the corresponding justification;
 L0:and
 L0:Environmental Protection Agency suspending and debarring official.
 L1:(2) May grant a class exemption only after consulting with the
 L1:(C) Exemptions must not exceed one year. Agencies must review the
 L0:necessity for each exemption annually and, upon making of a new determination, may
 L0:be extended for periods not to exceed one year.
 L1:(D) Agencies must report all exemptions annually to the Environmental
 L0:Protection Agency suspending and debarring official.
 L1:(E) See PGI 209.405 for additional procedures and information.

209.405-2 Restrictions on subcontracting

Status: active

L0:209.405-2 Restrictions on subcontracting.
 L1:(a) Do not consent to any subcontract with a firm, or a subsidiary of a firm,
 L0:identified in SAM Exclusions as owned or controlled by the government of a country
 L0:that is a state sponsor of terrorism unless the agency head states in writing the
 L0:compelling reasons for the subcontract. (See also part 240.)

209.406 Debarment

Status: active

L0:209.406 Debarment.

209.406-1 General

Status: active

L0:209.406-1 General.

L2:(a)(i) When the debarring official decides that debarment is not necessary, the

L0:official may require the contractor to enter into a written agreement that includes?

L1:(A) A requirement for the contractor to establish, if not already established,

L0:and to maintain the standards of conduct and internal control systems prescribed by

L0:FAR subpart 3.10; and

L1:(B) Other requirements the debarring official considers appropriate.

L1:(ii) Before the debarring official decides not to suspend or debar in the case of

L0:an indictment or conviction for a felony, the debarring official must determine that the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:contractor has addressed adequately the circumstances that gave rise to the

L0:misconduct, and that appropriate standards of ethics and integrity are in place and are

L0:working.

209.406-2 Causes for debarment

Status: active

L0:209.406-2 Causes for debarment.

L1:(1) Consider any person for debarment if criminally convicted of intentionally

L0:affixing a label bearing a "Made in America" inscription to any product sold in or

L0:shipped to the United States or its outlying areas that was not made in the United

L0:States or its outlying areas (10 U.S.C. 4658).

L1:(i) The debarring official will make a determination concerning debarment not

L0:later than 90 days after determining that a person has been so convicted.

L1:(ii) If the debarring official decides not to debar, the debarring official will

L0:report that decision to the Principal Director, Defense Pricing, Contracting, and

L0:Acquisition Policy, who will notify Congress within 30 days after the decision is made.

L1:(2) A contractor that knowingly provides compensation to a former DoD official in

L0:violation of section 847 of the National Defense Authorization Act for Fiscal Year 2008

L0:may face suspension and debarment proceedings in accordance with 41 U.S.C.

L0:2105(c)(1)(C).

209.406-3 Procedures

Status: active

L0:209.406-3 Procedures.

Status: active

L0:209.505 General rules.

209.505-4 Obtaining access to proprietary information

Status: active

L0:209.505-4 Obtaining access to proprietary information.

L2:(b)(i) For contractors, other than litigation support contractors, accessing third

L0:party proprietary technical data or computer software, non-disclosure requirements are

L0:addressed at 227.7103-7(b), through use of the clause at 252.227-7025 as prescribed at

L0:227.7103-6(e). Pursuant to that clause, covered Government support contractors may

L0:be required to enter into non-disclosure agreements directly with the third-party

L0:asserting restrictions on limited rights technical data, commercial technical data, or

L0:restricted rights computer software. The contracting officer is not required to obtain

L0:copies of these agreements or to ensure that they are properly executed.

L1:(ii) For litigation support contractors accessing litigation information, including

L0:that originating from third parties, use and non-disclosure requirements are addressed

L0:using the clause at 252.204-7014, as prescribed at 204.7403(a). Pursuant to the clause,

L0:litigation support contractors are not required to enter into non-disclosure agreements

L0:directly with any third-party asserting restrictions on any litigation information.

209.570 Limitations on contractors acting as lead system integrators

Status: active

L0:209.570 Limitations on contractors acting as lead system integrators.

209.570-1 Definitions

Status: active

L0:209.570-1 Definitions.

L0:As used in this section?

L0:Lead system integrator with system responsibility? means a prime contractor for the development or production of a major system, if the prime contractor is not expected at the time of award to perform a substantial portion of the work on the system and the major subsystems. (See PGI 209.570-1 for additional information.)

L0:Lead system integrator without system responsibility? means a prime contractor under a contract for the procurement of services, the primary purpose of which is to perform acquisition functions closely associated with inherently governmental functions (see section 7.503(d) of the Federal Acquisition Regulation) with respect to the development or production of a major system.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

209.570-2 Policy

Status: active

L0:209.570-2 Policy.

L1:(a) Except as provided in paragraph (b) of this section, 10 U.S.C. 4292 prohibits any entity performing lead system integrator functions in the acquisition of a major system by DoD from having any direct financial interest in the development or construction of any individual system or element of any system of systems.

L1:(b) The prohibition in paragraph (a) of this subsection does not apply if?

L1:(1) The Secretary of Defense certifies to the Committees on Armed Services of the Senate and the House of Representatives that?

L1:(i) The entity was selected by DoD as a contractor to develop or construct the system or element concerned through the use of competitive procedures; and

L1:(ii) DoD took appropriate steps to prevent any organizational conflict of interest in the selection process; or

L1:(2) The entity was selected by a subcontractor to serve as a lower-tier subcontractor, through a process over which the entity exercised no control.

L1:(c) In accordance with section 802 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181; 10 U.S.C. 4292 note), DoD may award a new contract for lead system integrator functions in the acquisition of a major system only if?

L1:(1) The major system has not yet proceeded beyond low-rate initial production;

L0:or

L1:(2) The Secretary of Defense determines in writing that carrying out the
L0:acquisition without continuing to use a contractor to perform lead system integrator
L0:functions would be impracticable and that doing so is in the best interest of DoD. The
L0:authority to make this determination may not be delegated below the level of the Under
L0:Secretary of Defense for Acquisition and Sustainment. See also 209.570-3(b).
L1:(d) Effective October 1, 2010, DoD is prohibited from awarding a new contract for
L0:lead system integrator functions in the acquisition of a major system to any entity that
L0:was not performing lead system integrator functions in the acquisition of the major
L0:system prior to January 28, 2008.

209.570-3 Procedures

Status: active

L0:209.570-3 Procedures.

L1:(a) In making a responsibility determination before awarding a contract for the
L0:acquisition of a major system?

L1:(1) Determine whether the prospective contractor meets the definition of ?lead
L0:system integrator?;

L1:(2) Consider all information regarding the prospective contractor?s direct
L0:financial interests in view of the prohibition at 209.570-2(a); and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9
L0:Defense FAR Supplement (DFARS) Part 209

L1:(3) Follow the procedures at PGI 209.570-3.

L1:(b) A determination to use a contractor to perform lead system integrator functions
L0:in accordance with 209.570-2(c)(2)?

L1:(1) Must specify the reasons why conducting the acquisition without continuing
L0:to use a contractor to perform lead system integrator functions would be impracticable,
L0:including a discussion of alternatives, such as use of the DoD workforce or a system
L0:engineering and technical assistance contractor;

L1:(2) Must include a plan for phasing out the use of contracted lead system
L0:integrator functions over the shortest period of time consistent with the interest of the
L0:national defense; and

L1:(3) Must be provided to the Committees on Armed Services of the Senate and
L0:the House of Representatives at least 45 days before the award of a contract pursuant
L0:to the determination.

209.570-4 Solicitation provision and contract clause

Status: active

L0:209.570-4 Solicitation provision and contract clause.

L1:(a) Insert the provision at 252.209-7006, Limitations on Contractors Acting as Lead
L0:System Integrators, in solicitations for the acquisition of a major system when the
L0:acquisition strategy envisions the use of a lead system integrator.

L1:(b) Insert the clause at 252.209-7007, Prohibited Financial Interests for Lead

L0:System Integrators?

L1:(1) In solicitations that include the provision at 252.209-7006; and

L1:(2) In contracts when the contractor will fill the role of a lead system integrator

L0:for the acquisition of a major system.

209.571 Organizational conflicts of interest in major defense acquisition

Status: active

L0:209.571 Organizational conflicts of interest in major defense acquisition

L0:programs.

209.571-0 Scope of section

Status: active

L0:209.571-0 Scope of section.

L0:This section implements section 207 of the Weapons System Acquisition Reform Act of

L0:2009 (Pub. L. 111-23).

209.571-1 Definitions

Status: active

L0:209.571-1 Definitions.

L0:As used in this section?

L0:Lead system integrator? includes lead system integrator with system responsibility

L0:and lead system integrator without system responsibility.

L1:(i) Lead system integrator with system responsibility? means a prime contractor for

L0:the development or production of a major system, if the prime contractor is not expected

L0:at the time of award to perform a substantial portion of the work on the system and the

L0:major subsystems.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(ii) Lead system integrator without system responsibility? means a prime

L0:contractor under a contract for the procurement of services, the primary purpose of

L0:which is to perform acquisition functions closely associated with inherently

L0:governmental functions (see section 7.503(d) of the Federal Acquisition Regulation) with

L0:respect to the development or production of a major system.

L0:Major subcontractor? means a subcontractor that is awarded a subcontract that equals

L0:or exceeds?

L1:(i) Both the certified cost or pricing data threshold and 10 percent of the value of the

L0:contract under which the subcontract is awarded; or

L1:(ii) \$55 million.

L0:Pre-Major Defense Acquisition Program? means a program that is in the Materiel

L0:Solution Analysis or Technology Development Phases preceding Milestone B of the L0:Defense Acquisition System and has been identified to have the potential to become a L0:major defense acquisition program.

L0:Systems engineering and technical assistance?.

L1:(1) Systems engineering? means an interdisciplinary technical effort to evolve L0:and verify an integrated and total life cycle balanced set of system, people, and process L0:solutions that satisfy customer needs.

L1:(2) Technical assistance? means the acquisition support, program management L0:support, analyses, and other activities involved in the management and execution of an L0:acquisition program.

L1:(3) Systems engineering and technical assistance??

L1:(i) Means a combination of activities related to the development of technical L0:information to support various acquisition processes. Examples of systems engineering L0:and technical assistance activities include, but are not limited to, supporting acquisition L0:efforts such as?

L1:(A) Deriving requirements;

L1:(B) Performing technology assessments;

L1:(C) Developing acquisition strategies;

L1:(D) Conducting risk assessments;

L1:(E) Developing cost estimates;

L1:(F) Determining specifications;

L0:verification and validation;

L1:(G) Evaluating contractor performance and conducting independent L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9 L0:Defense FAR Supplement (DFARS) Part 209

L1:(H) Directing other contractors? (other than subcontractors) operations;

L1:(I) Developing test requirements and evaluating test data;

L1:(J) Developing work statements (but see paragraph (ii)(B) of this L0:definition).

L1:(ii) Does not include?

L1:(A) Design and development work of design and development L0:contractors, in accordance with FAR 9.505-2(a)(3) or FAR 9.505-2(b)(3), and the L0:guidance at PGI 209.571-7; or

L1:(B) Preparation of work statements by contractors, acting as industry L0:representatives, under the supervision and control of Government representatives, in L0:accordance with FAR 9.505-2(b)(1)(ii).

209.571-2 Applicability

Status: active

L0:209.571-2 Applicability.

L1:(a) This section applies to major defense acquisition programs.

L1:(b) To the extent that this section is inconsistent with FAR subpart 9.5, this section L0:takes precedence.

209.571-3 Policy

Status: active

L0:209.571-3 Policy.

L1:(a) Agencies must obtain advice on major defense acquisition programs and pre-

L0:major defense acquisition programs from sources that are objective and unbiased; and

L1:(b) Generally, seek to resolve organizational conflicts of interest in a manner that

L0:will promote competition and preserve DoD access to the expertise and experience of

L0:qualified contractors. Accordingly, to the extent feasible, employ organizational conflict

L0:of interest resolution strategies that do not unnecessarily restrict the pool of potential

L0:offerors in current or future acquisitions. Further, contracting activities must not

L0:impose across-the-board restrictions or limitations on the use of particular resolution

L0:methods, except as required under 209.571-7 or as appropriate in particular

L0:acquisitions.

209.571-4 Mitigation

Status: active

L0:209.571-4 Mitigation.

L1:(a) Mitigation is any action taken to minimize an organizational conflict of interest.

L0:Mitigation may require Government action, contractor action, or a combination of both.

L1:(b) If the contracting officer and the contractor have agreed to mitigation of an

L0:organizational conflict of interest, incorporate into the contract a Government-approved

L0:Organizational Conflict of Interest Mitigation Plan, reflecting the actions a contractor

L0:has agreed to take to mitigate a conflict.

L1:(c) If determining, after consultation with legal counsel, that the otherwise

L0:successful offeror is unable to effectively mitigate an organizational conflict of interest,

L0:then , taking into account both the contract and longer term Government needs, use

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:another approach to resolve the organizational conflict of interest, select another offeror,

L0:or request a waiver in accordance with FAR 9.503 (but see statutory prohibition in

L0:209.571-7).

L1:(d) For any acquisition exceeding \$1 billion, brief the senior procurement executive

L0:before determining that an offeror's mitigation plan is unacceptable.

209.571-5 Lead system integrators

Status: active

L0:209.571-5 Lead system integrators.

L0:For limitations on contractors acting as lead systems integrators, see 209.570.

209.571-6 Identification of organizational conflicts of interest

L0:209.571-6 Identification of organizational conflicts of interest.

L0:When evaluating organizational conflicts of interest for major defense acquisition

L0:programs or pre-major defense acquisition programs, consider?

L1:(a) The ownership of business units performing systems engineering and technical

L0:assistance, professional services, or management support services to a major defense

L0:acquisition program or a pre-major defense acquisition program by a contractor who

L0:simultaneously owns a business unit competing (or potentially competing) to perform

L0:as?

L1:(1) The prime contractor for the same major defense acquisition program; or

L1:(2) The supplier of a major subsystem or component for the same major defense

L0:acquisition program.

L1:(b) The proposed award of a major subsystem by a prime contractor to business

L0:units or other affiliates of the same parent corporate entity, particularly the award of a

L0:subcontract for software integration or the development of a proprietary software

L0:system architecture; and

L1:(c) The performance by, or assistance of, contractors in technical evaluation.

209.571-7 Systems engineering and technical assistance contracts

Status: active

L0:209.571-7 Systems engineering and technical assistance contracts.

L1:(a) Agencies must obtain advice on systems architecture and systems engineering

L0:matters with respect to major defense acquisition programs or pre-major defense

L0:acquisition programs from Federally Funded Research and Development Centers or

L0:other sources independent of the major defense acquisition program contractor.

L1:(b) Limitation on Future Contracting. (1) Except as provided in paragraph (c) of

L0:this section, a contract for the performance of systems engineering and technical

L0:assistance for a major defense acquisition program or a pre-major defense acquisition

L0:program must prohibit the contractor or any affiliate of the contractor from

L0:participating as a contractor or major subcontractor in the development or production of

L0:a weapon system under such program.

L1:(2) The requirement in paragraph (b)(1) of this section cannot be waived.

L1:(c) Exception. (1) The requirement in paragraph (b)(1) of this section does not apply

L0:if the head of the contracting activity determines that?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(i) An exception is necessary because DoD needs the domain experience and

L0:expertise of the highly qualified, apparently successful offeror; and

L1:(ii) Based on the agreed-to resolution strategy, the apparently successful

L0:offeror will be able to provide objective and unbiased advice, as required by 209.571-

L0:3(a), without a limitation on future participation in development and production.

L1:(2) The authority to make this determination is non-delegable.

209.571-8 Solicitation provision and contract clause

Status: active

L0:209.571-8 Solicitation provision and contract clause.

L1:(a) Insert the provision at 252.209-7008, Notice of Prohibition Relating to

L0:Organizational Conflict of Interest?Major Defense Acquisition Program, if the

L0:solicitation includes the clause at 252.209-7009, Organizational Conflict of Interest?

L0:Major Defense Acquisition Program; and

L1:(b) Insert the clause at 252.209-7009, Organizational Conflict of Interest?Major

L0:Defense Acquisition Program, in solicitations and contracts for systems engineering and

L0:technical assistance for major defense acquisition programs or pre-major defense

L0:acquisition programs.

209.572 Conflicts of interest in certain consulting services

Status: active

L0:209.572 Conflicts of interest in certain consulting services.

L1:(a) Scope. (1) This section implements section 812 of the National Defense

L0:Authorization Act for Fiscal Year 2024 (Pub. L. 118-31).

L1:(2) To the extent that this section is inconsistent with FAR subpart 9.5, this

L0:section takes precedence.

L1:(b) Definitions. As used in this section?

L0:?"Consulting services?" means advisory and assistance services, except that ?consulting

L0:services?" does not include the provision of products or services related to?

L1:(i) Compliance with legal, audit, accounting, tax, reporting, or other requirements of

L0:the laws and standards of countries; or

L1:(ii) Participation in a judicial, legal, or equitable dispute resolution proceeding.

L0:?"Contract oversight entity?" means any of the following:

L1:(i) The contracting officer.

L1:(ii) The contracting officer?s representative.

L1:(iii) The Defense Contract Management Agency.

L1:(iv) The Defense Contract Audit Agency.

L1:(v) The DoD Office of Inspector General or any subcomponent of that office.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(vi) The Government Accountability Office.

L0:?"Covered contract?" means a DoD contract involving consulting services.

L0:?"Covered foreign entity?" means any of the following:

L1:(i) The government of the People?s Republic of China, the Chinese Communist

L0:Party, the People?s Liberation Army, the Ministry of State Security, or other security

L0:service or intelligence agency of the People?s Republic of China.

L1:(ii) The government of the Russian Federation or any entity sanctioned by the

L0:Secretary of the Treasury under Executive Order 13662, Blocking Property of

L0:Additional Persons Contributing to the Situation in Ukraine.

L1:(iii) The government of any country if the Secretary of State determines that such
L0:government has repeatedly provided support for acts of international terrorism
L0:pursuant to any of the following:
L1:(A) Section 1754(c)(1)(A) of the Export Control Reform Act of 2018 (50 U.S.C.
L0:4318(c)(1)(A)).
L1:(B) Section 620A of the Foreign Assistance Act of 1961 (22 U.S.C. 2371).
L1:(C) Section 40 of the Arms Export Control Act (22 U.S.C. 2780).
L1:(D) Any other provision of law.
L1:(iv) Any entity included on any of the following lists maintained by the Department
L0:of Commerce (see the Export Administration Regulations at 15 CFR subchapter C):
L1:(A) The Entity List in supplement no. 4 to 15 CFR part 744.
L1:(B) The Denied Persons List as described in 15 CFR 764.3(a)(2).
L1:(C) The Unverified List in supplement no. 6 to 15 CFR part 744.
L1:(D) The Military End User List in supplement no. 7 to 15 CFR part 744.
L1:(v) Any entity identified by the Secretary of Defense pursuant to section 1237(b) of
L0:the National Defense Authorization Act for Fiscal Year 1999 (Pub. L. 105-261; 50 U.S.C.
L0:1701 note).
L1:(vi) Any entity on the Non-Specially Designated Nationals Chinese Military-
L0:Industrial Complex Companies List maintained by the Office of Foreign Assets Control
L0:of the Department of the Treasury under Executive Order 14032, Addressing the
L0:Threat From Securities Investments That Finance Certain Companies of the People's
L0:Republic of China.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9
L0:Defense FAR Supplement (DFARS) Part 209
L1:(c) Prohibition. The contracting officer shall not award a contract assigned a North
L0:Amerian Industry Classification System (NAICS) code beginning with 5416 that
L0:involves consulting services to an offeror that both?
L1:(1) Cannot certify that neither the offeror nor its subsidiaries or affiliates hold a
L0:contract or subcontract involving consulting services with one or more covered foreign
L0:entities; and
L1:(2) Does not have a conflict-of-interest mitigation plan that is auditable by a
L0:contract oversight entity and approved by the contracting officer.
L1:(d) Waiver. (1) If the prospective contractor(s) certified, in response to paragraph
L1:(c) of the provision at 252.209-7012, Prohibition Relating to Conflicts of Interest in
L0:Consulting Services?Certification, that it or its subsidiaries or affiliates hold a contract
L0:or subcontract for consulting services with one or more covered foreign entities and the
L0:offeror has not submitted an acceptable conflict-of-interest mitigation plan, the
L0:contracting officer must?
L1:(i) Notify the offeror of the potential withholding of award due to the
L0:unmitigated conflict of interest; and
L1:(ii) Specify that the offeror has 10 days to respond to the notification.
L1:(2) Request a waiver in accordance with 209.503-70, if the contracting officer
L0:determines that it is in the best interest of the United States to award the contract,
L0:notwithstanding the conflict of interest.
L1:(3) The prohibition may be waived on a case-by-case basis if an official listed at

252.209-7000 [Reserved]

Status: active

252.209-7002 Disclosure of Ownership or Control by a Foreign Government

Status: active

L0:252.209-7002 Disclosure of Ownership or Control by a Foreign Government.

L0:As prescribed in 209.104-70, use the following provision:

L0:DISCLOSURE OF OWNERSHIP OR CONTROL BY A FOREIGN GOVERNMENT

L0:(DEC 2022)

L1:(a) Definitions. As used in this provision?

L1:(1) Effectively owned or controlled means that a foreign government or any

L0:entity controlled by a foreign government has the power, either directly or indirectly,

L0:whether exercised or exercisable, to control the election, appointment, or tenure of the

L0:Offeror?s officers or a majority of the Offeror?s board of directors by any means, e.g.,

L0:ownership, contract, or operation of law (or equivalent power for unincorporated

L0:organizations).

L1:(2) Entity controlled by a foreign government?

L1:(i) Means?

L0:effectively owned or controlled by a foreign government; or

L1:(A) Any domestic or foreign organization or corporation that is

L1:(B) Any individual acting on behalf of a foreign government.

L1:(ii) Does not include an organization or corporation that is owned, but is not

L0:controlled, either directly or indirectly, by a foreign government if the ownership of that

L0:organization or corporation by that foreign government was effective before October 23,

L0:1992.

L1:(3) Foreign government includes the state and the government of any country

L0:(other than the United States and its outlying areas) as well as any political

L0:subdivision, agency, or instrumentality thereof.

L1:(4) Proscribed information means?

L1:(i) Top Secret information;

L1:(ii) Communications security (COMSEC) material, excluding controlled

L0:cryptographic items when unkeyed or utilized with unclassified keys;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(iii) Restricted Data as defined in the U.S. Atomic Energy Act of 1954, as

L0:amended;

L1:(iv) Special Access Program (SAP) information; or

L1:(v) Sensitive Compartmented Information (SCI).

L1:(b) Prohibition on award. No contract under a national security program may be

L0:awarded to an entity controlled by a foreign government if that entity requires access to

L0:proscribed information to perform the contract, unless the Secretary of Defense or a

L0:designee has waived application of 10 U.S.C. 4874.

L1:(c) Disclosure. The Offeror shall disclose any interest a foreign government has in

L0:the Offeror when that interest constitutes control by a foreign government as defined in

L0:this provision. If the Offeror is a subsidiary, it shall also disclose any reportable interest

L0:a foreign government has in any entity that owns or controls the subsidiary, including

L0:reportable interest concerning the Offeror?s immediate parent, intermediate parents,

L0:and the ultimate parent. Use separate paper as needed, and provide the information in

L0:the following format: Offeror?s Point of Contact for Questions about Disclosure (Name

L0:and Phone Number with Country Code, City Code and Area Code, as applicable)

L0:Offeror?s Point of Contact for Questions about Disclosure

L0:(Name and Phone Number with Country Code, City Code

L0:and Area Code, as applicable)

L0:Name and Address of Offeror

252.209-7004 Subcontracting with Firms that are Owned or Controlled by the

Status: active

L0:252.209-7004 Subcontracting with Firms that are Owned or Controlled by the

L0:Government of a Country that is a State Sponsor of Terrorism.

L0:As prescribed in 209.409, use the following clause:

L0:SUBCONTRACTING WITH FIRMS THAT ARE OWNED OR CONTROLLED BY

L0:THE GOVERNMENT OF A COUNTRY THAT IS A STATE SPONSOR OF

L0:TERRORISM (MAY 2019)

L1:(a) Unless the Government determines that there is a compelling reason to do so, the

L0:Contractor shall not enter into any subcontract in excess of the threshold specified in

L0:Federal Acquisition Regulation 9.405-2(b) on the date of subcontract award with a firm,

L0:or a subsidiary of a firm, that is identified in the Exclusions section of the System for

L0:Award Management System (SAM Exclusions) as being ineligible for the award of
L0:Defense contracts or subcontracts because it is owned or controlled by the government
L0:of a country that is a state sponsor of terrorism.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9
L0:Defense FAR Supplement (DFARS) Part 209
L1:(b) A corporate officer or a designee of the Contractor shall notify the Contracting
L0:Officer, in writing, before entering into a subcontract with a party that is identified, in
L0:SAM Exclusions, as being ineligible for the award of Defense contracts or subcontracts
L0:because it is owned or controlled by the government of a country that is a state sponsor
L0:of terrorism. The notice must include the name of the proposed subcontractor and the
L0:compelling reason(s) for doing business with the subcontractor notwithstanding its
L0:inclusion in SAM Exclusions.

L0:252.209-7005 [Reserved]
L0:(End of clause)

252.209-7006 Limitations on Contractors Acting as Lead System Integrators

Status: active

L0:252.209-7006 Limitations on Contractors Acting as Lead System Integrators.
L0:As prescribed in 209.570-4(a), use the following provision:

L0:LIMITATIONS ON CONTRACTORS ACTING AS LEAD SYSTEM INTEGRATORS

L0:(DEC 2022)

L1:(a) Definitions. Lead system integrator, lead system integrator with system
L0:responsibility, and lead system integrator without system responsibility, as used in this
L0:provision, have the meanings given in the clause of this solicitation entitled "Prohibited
L0:Financial Interests for Lead System Integrators" (DFARS 252.209-7007).

L1:(b) General. Unless an exception is granted, no contractor performing lead system
L0:integrator functions in the acquisition of a major system by the Department of Defense
L0:may have any direct financial interest in the development or construction of any
L0:individual system or element of any system of systems.

L1:(c) Representations. (1) The offeror represents that it does
L0:[] does not [] propose to perform this contract as a lead system integrator with system
L0:responsibility.

L1:(2) The offeror represents that it does [] does not [] propose to perform this contract
L0:as a lead system integrator without system responsibility.

L1:(3) If the offeror answered in the affirmative in paragraph (c)(1) or (2) of this
L0:provision, the offeror represents that it does [] does not [] have any direct financial
L0:interest as described in paragraph (b) of this provision with respect to the system(s),
L0:subsystem(s), system of systems, or services described in this solicitation.

L1:(d) If the offeror answered in the affirmative in paragraph (c)(3) of this provision, the

L0:offeror should contact the Contracting Officer for guidance on the possibility of

L0:submitting a mitigation plan and/or requesting an exception.

L1:(e) If the offeror does have a direct financial interest, the offeror may be prohibited

L0:from receiving an award under this solicitation, unless the offeror submits to the

L0:Contracting Officer appropriate evidence that the offeror was selected by a

L0:subcontractor to serve as a lower-tier subcontractor through a process over which the

L0:offeror exercised no control.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(f) This provision implements the requirements of 10 U.S.C. 4292.

L0:(End of provision)

252.209-7007 Prohibited Financial Interests for Lead System Integrators

Status: active

L0:252.209-7007 Prohibited Financial Interests for Lead System Integrators.

L0:As prescribed in 209.570-4(b), use the following clause:

L0:PROHIBITED FINANCIAL INTERESTS FOR LEAD SYSTEM INTEGRATORS (DEC

L0:2022)

L1:(a) Definitions. As used in this clause?

L1:(1) Lead system integrator includes lead system integrator with system

L0:responsibility and lead system integrator without system responsibility.

L1:(2) Lead system integrator with system responsibility means a prime contractor

L0:for the development or production of a major system, if the prime contractor is not

L0:expected at the time of award to perform a substantial portion of the work on the

L0:system and the major subsystems.

L1:(3) Lead system integrator without system responsibility means a prime

L0:contractor under a contract for the procurement of services, the primary purpose of

L0:which is to perform acquisition functions closely associated with inherently

L0:governmental functions (see section 7.503(d) of the Federal Acquisition Regulation) with

L0:respect to the development or production of a major system.

L1:(b) Limitations. The Contracting Officer has determined that the Contractor meets

L0:the definition of lead system integrator with [] without [] system responsibility. Unless

L0:an exception is granted, the Contractor shall not have any direct financial interest in

L0:the development or construction of any individual system or element of any system of

L0:systems while performing lead system integrator functions in the acquisition of a major

L0:system by the Department of Defense under this contract.

L1:(c) Agreement. The Contractor agrees that during performance of this contract it will

L0:not acquire any direct financial interest as described in paragraph (b) of this clause, or,

L0:if it does acquire or plan to acquire such interest, it will immediately notify the

L0:Contracting Officer. The Contractor further agrees to provide to the Contracting Officer

L0:all relevant information regarding the change in financial interests so that the

L0:Contracting Officer can determine whether an exception applies or whether the

L0:Contractor will be allowed to continue performance on this contract. If a direct financial
 L0:interest cannot be avoided, eliminated, or mitigated to the Contracting Officer's
 L0:satisfaction, the Contracting Officer may terminate this contract for default for the
 L0:Contractor's material failure to comply with the terms and conditions of award or may
 L0:take other remedial measures as appropriate in the Contracting Officer's sole
 L0:discretion.

L1:(d) Notwithstanding any other clause of this contract, if the Contracting Officer
 L0:determines that the Contractor misrepresented its financial interests at the time of
 L0:award or has violated the agreement in paragraph (c) of this clause, the Government
 L0:may terminate this contract for default for the Contractor's material failure to comply
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9
 L0:Defense FAR Supplement (DFARS) Part 209
 L0:with the terms and conditions of award or may take other remedial measures as
 L0:appropriate in the Contracting Officer's sole discretion.

L1:(e) This clause implements the requirements of 10 U.S.C. 4292.

L0:(End of clause)

252.209-7008 Notice of Prohibition Relating to Organizational Conflict of

Status: active

L0:252.209-7008 Notice of Prohibition Relating to Organizational Conflict of
 L0:Interest?Major Defense Acquisition Program.

L0:As prescribed in 209.571-8(a), use the following provision:

L0:NOTICE OF PROHIBITION RELATING TO ORGANIZATIONAL CONFLICT OF L0:INTEREST?MAJOR DEFENSE ACQUISITION PROGRAM (DEC 2010)

L1:(a) Definitions. ?Major subcontractor? is defined in the clause at 252.209-7009,
 L0:Organizational Conflict of Interest?Major Defense Acquisition Program.

L1:(b) This solicitation is for the performance of systems engineering and technical
 L0:assistance for a major defense acquisition program or a pre-major defense acquisition
 L0:program.

L1:(c) Prohibition. As required by paragraph (b)(3) of section 207 of the Weapons
 L0:System Acquisition Reform Act of 2009 (Pub. L. 111-23), if awarded the contract, the
 L0:contractor or any affiliate of the contractor is prohibited from participating as a prime
 L0:contractor or a major subcontractor in the development or production of a weapon
 L0:system under the major defense acquisition program or pre-major defense acquisition
 L0:program, unless the offeror submits, and the Government approves, an Organizational
 L0:Conflict of Interest Mitigation Plan.

L1:(d) Request for an exception. If the offeror requests an exception to the prohibition of
 L0:paragraph (c) of this provision, then the offeror shall submit an Organizational Conflict
 L0:of Interest Mitigation Plan with its offer for evaluation.

L1:(e) Incorporation of Organizational Conflict of Interest Mitigation Plan in contract. If
 L0:the apparently successful offeror submitted an acceptable Organizational Conflict of
 L0:Interest Mitigation Plan, and the head of the contracting activity determines that DoD
 L0:needs the domain experience and expertise of the highly qualified, apparently

L0:successful offeror in accordance with FAR 209.571-7(c), then the Contracting Officer will
L0:incorporate the Organizational Conflict of Interest Mitigation Plan into the resultant
L0:contract, and paragraph (d) of the clause at 252.209-7009 will become applicable.
L0:(End of provision)

252.209-7009 Organizational Conflict of Interest?Major Defense Acquisition

Status: active

L0:252.209-7009 Organizational Conflict of Interest?Major Defense Acquisition
L0:Program.

L0:As prescribed in 209.571-8(b), use the following clause:

L0:ORGANIZATIONAL CONFLICT OF INTEREST?MAJOR DEFENSE ACQUISITION

L0:PROGRAM (MAY 2019)

L1:(a) Definition. As used in this clause?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:Major subcontractor means a subcontractor that is awarded a subcontract that
L0>equals or exceeds?

L1:(1) Both the certified cost or pricing data threshold and 10 percent of the value

L0:of the contract under which the subcontract is awarded; or

L1:(2) The threshold specified in the definition of "major subcontractor" at Defense

L0:Federal Acquisition Regulation Supplement 209.571-1 on the date of subcontract
L0:award.

L1:(b) This contract is for the performance of systems engineering and technical

L0:assistance for a major defense acquisition program or a pre-major defense acquisition
L0:program.

L1:(c) Prohibition. Except as provided in paragraph (d) of this clause, as required by

L0:paragraph (b)(3) of section 207 of the Weapons System Acquisition Reform Act of 2009

L0:(Pub. L. 111-23), the Contractor or any affiliate of the Contractor is prohibited from

L0:participating as a prime contractor or major subcontractor in the development or
L0:production of a weapon system under the major defense acquisition program or pre-
L0:major defense acquisition program.

L1:(d) Organizational Conflict of Interest Mitigation Plan. If the Contractor submitted

L0:an acceptable Organizational Conflict of Interest Mitigation Plan that has been

L0:incorporated into this contract, then the prohibition in paragraph (c) of this clause does

L0:not apply. The Contractor shall comply with the Organizational Conflict of Interest

L0:Mitigation Plan. Compliance with the Organizational Conflict of Interest Mitigation

L0:Plan is a material requirement of the contract. Failure to comply may result in the

L0:Contractor or any affiliate of the Contractor being prohibited from participating as a

L0:contractor or major subcontractor in the development or production of a weapon system

L0:under the program, in addition to any other remedies available to the Government for

L0:noncompliance with a material requirement of a contract.

252.209-7010 Critical Safety Items

Status: active

L0:252.209-7010 Critical Safety Items.

L0:As prescribed in 209.270-5, use the following clause:

L0:(End of clause)

L0:CRITICAL SAFETY ITEMS (AUG 2011)

L1:(a) Definitions.

L0:Aviation critical safety item means a part, an assembly, installation equipment,

L0:launch equipment, recovery equipment, or support equipment for an aircraft or aviation

L0:weapon system if the part, assembly, or equipment contains a characteristic any failure,

L0:malfuction, or absence of which could cause?

L1:(i) A catastrophic or critical failure resulting in the loss of, or serious damage to,

L0:the aircraft or weapon system;

L1:(ii) An unacceptable risk of personal injury or loss of life; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(iii) An uncommanded engine shutdown that jeopardizes safety.

L0:Design control activity. (i) With respect to an aviation critical safety item, means the

L0:systems command of a military department that is specifically responsible for ensuring

L0:the airworthiness of an aviation system or equipment, in which an aviation critical

L0:safety item is to be used; and

L1:(ii) With respect to a ship critical safety item, means the systems command of a

L0:military department that is specifically responsible for ensuring the seaworthiness of a

L0:ship or ship equipment, in which a ship critical safety item is to be used.

L0:Ship critical safety item means any ship part, assembly, or support equipment

L0:containing a characteristic, the failure, malfunction, or absence of which could cause?

L1:(i) A catastrophic or critical failure resulting in loss of, or serious damage to,

L0:the ship; or

L1:(ii) An unacceptable risk of personal injury or loss of life.

L1:(b) Identification of critical safety items. One or more of the items being procured

L0:under this contract is an aviation or ship critical safety item. The following items have

L0:been designated aviation critical safety items or ship critical safety items by the

L0:designated design control activity:

L0:??

L0:??

L0:??

L0:??

L0:(Insert additional lines as necessary)

L1:(c) Heightened quality assurance surveillance. Items designated in paragraph (b) of

L0:this clause are subject to heightened, risk-based surveillance by the designated quality

L0:assurance representative.

L0:(End of clause)

252.209-7011 Representation for Restriction on the Use of Certain Institutions

Status: active

L0:252.209-7011 Representation for Restriction on the Use of Certain Institutions

L0:of Higher Education.

L0:As prescribed in 209.170-4, use the following provision:

L0:REPRESENTATION FOR RESTRICTION ON THE USE OF CERTAIN

L0:INSTITUTIONS OF HIGHER EDUCATION (AUG 2025)

L1:(a) Definitions. As used in this provision?

L0:Confucius Institute means?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(1) Any program that receives funding or support from?

L1:(i) The Chinese International Education Foundation; or

L1:(ii) The Center for Language Exchange Cooperation of the Ministry of

L0:Education of the People's Republic of China; or

L1:(2) Any cultural institute directly or indirectly funded by the government of the

L0:People's Republic of China.

L0:Institution of higher education has the meaning given in 20 U.S.C. 1002.

L1:(b) Restriction. As required by section 1062 of the National Defense Authorization

L0:Act for Fiscal Year 2021 (Pub. L. 116-283), DoD may not award a contract with any

L0:institution of higher education that hosts a Confucius Institute. Section 1062 prohibits

L0:DoD from providing funding to any U.S. institution of higher education hosting a

L0:Confucius Institute unless that institution receives a waiver from the Department of

L0:Defense Office of the Under Secretary of Defense for Research and Engineering

L0:(OUSD(R&E)). The waiver authority terminates on October 1, 2026. Any waiver issued

L0:will not apply on or after that date. See the OUSD(R&E) Confucius Institute Waiver

L0:Program Guidance to U.S. Institutions of Higher Education at [https://rt.cto.mil/wp-](https://rt.cto.mil/wp-content/uploads/Confucius-Institute-Waiver-Program-Guidance-28Mar2023.pdf)

L0:content/uploads/Confucius-Institute-Waiver-Program-Guidance-28Mar2023.pdf.

L1:(c) Representation. By submission of an offer, the Offeror represents that?

L1:(1) It is not an institution of higher education that hosts a Confucius Institute;

L0:or

L1:(2) The Offeror has obtained a waiver approved by OUSD(R&E).

L0:(End of provision)

252.209-7012 Prohibition Relating to Conflicts of Interest in Consulting

Status: active

L0:252.209-7012 Prohibition Relating to Conflicts of Interest in Consulting

L0:Services?Certification.

L0:As prescribed in 209.572(e), use the following provision:

L0:PROHIBITION RELATING TO CONFLICTS OF INTEREST IN CONSULTING

L0:SERVICES?CERTIFICATION (OCT 2025)

L1:(a) Definitions. As used in this provision?

L0:Consulting services means advisory and assistance services, except that ?consulting

L0:services? does not include the provision of products or services related to?

L1:(1) Compliance with legal, audit, accounting, tax, reporting, or other

L0:requirements of the laws and standards of countries; or

L1:(2) Participation in a judicial, legal, or equitable dispute resolution proceeding.

L0:Contract oversight entity means any of the following:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(1) The Contracting Officer.

L1:(2) The Contracting Officer?s Representative.

L1:(3) The Defense Contract Management Agency.

L1:(4) The Defense Contract Audit Agency.

L1:(5) The DoD Office of Inspector General or any subcomponent of that office.

L1:(6) The Government Accountability Office.

L0:Covered contract means a DoD contract involving consulting services.

L0:Covered foreign entity means any of the following:

L1:(1) The government of the People?s Republic of China, the Chinese Communist

L0:Party, the People?s Liberation Army, the Ministry of State Security, or other security

L0:service or intelligence agency of the People?s Republic of China.

L1:(2) The government of the Russian Federation or any entity sanctioned by the

L0:Secretary of the Treasury under Executive Order 13662, Blocking Property of

L0:Additional Persons Contributing to the Situation in Ukraine.

L1:(3) The government of any country, if the Secretary of State determines that

L0:such government has repeatedly provided support for acts of international terrorism,

L0:pursuant to any of the following:

L1:(i) Section 1754(c)(1)(A) of the Export Control Reform Act of 2018 (50 U.S.C.

L0:4318(c)(1)(A)).

L1:(ii) Section 620A of the Foreign Assistance Act of 1961 (22 U.S.C. 2371).

L1:(iii) Section 40 of the Arms Export Control Act (22 U.S.C. 2780).

L1:(iv) Any other provision of law.

L1:(4) Any entity included on any of the following lists maintained by the

L0:Department of Commerce (see the Export Administration Regulations at 15 CFR

L0:subchapter C):

L1:(i) The Entity List in supplement no. 4 to 15 CFR part 744.

L1:(ii) The Denied Persons List as described in 15 CFR 764.3(a)(2).

L1:(iii) The Unverified List in supplement no. 6 to 15 CFR part 744.

L1:(iv) The Military End User List in supplement no. 7 to 15 CFR part 744.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(5) Any entity identified by the Secretary of Defense pursuant to section 1237(b)

L0:of the National Defense Authorization Act for Fiscal Year 1999 (Pub. L. 105-261; 50

L0:U.S.C. 1701 note).

L1:(6) Any entity on the Non-Specially Designated Nationals Chinese Military-

L0:Industrial Complex Companies List maintained by the Office of Foreign Assets Control

L0:of the Department of the Treasury under Executive Order 14032, Addressing the

L0:Threat From Securities Investments That Finance Certain Companies of the People's

L0:Republic of China.

L1:(b) Prohibition. DoD cannot award to the Offeror a contract assigned a North

L0:American Industry Classification System code beginning with 5416 if the Offeror?

L1:(1) Cannot certify that neither the Offeror nor any of its subsidiaries or affiliates

L0:hold a contract or subcontract that involves consulting services with one or more

L0:covered foreign entities; and

L1:(2) Does not maintain a conflict-of-interest mitigation plan as described in

L0:paragraph (d) of this provision.

L1:(c) Certification. The Offeror certifies that?

L2:(1)(i) It does [

L0:] does not [

L0:] hold a contract or subcontract that involves

L0:consulting services with one or more covered foreign entities; and

L1:(ii) Its subsidiaries or affiliates do [

L0:] do not [

L0:] hold a contract or

L0:subcontract that involves consulting services with one or more covered foreign entities;

L0:and

L1:(2) It does [

L0:] does not [

L0:] maintain a conflict-of-interest mitigation plan

L0:described in paragraph (d) of this provision.

L1:(d) Conflict-of-interest mitigation plan. If the Offeror answered in the affirmative in

L0:paragraphs (c)(1) and (2) of this provision, then the Offeror shall submit its conflict-of-

L0:interest mitigation plan to the Contracting Officer for approval. The Offeror may

L0:contact the Contracting Officer for guidance on submitting the Offeror's conflict-of-

L0:interest mitigation plan.

L1:(1) The Offeror's conflict-of-interest mitigation plan shall be auditable by a

L0:contract oversight entity and shall include?

L1:(i) An identification, unless otherwise prohibited by law or regulation, of any

L0:covered contracts of the Offeror or its subsidiaries or affiliates with a covered foreign

L0:entity. If the Offeror is unable to identify one or more covered foreign entities due to

L0:confidentiality obligations, the Offeror shall identify such entities as a covered foreign

L0:entity;

L1:(ii) A written analysis, including a course of action for avoiding, neutralizing,

L0:or mitigating the actual or potential conflict of interest of such a covered contract;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(iii) A description of the procedures by which the Offeror or its subsidiaries

L0:or affiliates will ensure that individuals who will perform the scope of a covered contract

L0:will not, for the duration of such contract, also provide any consulting services to any

L0:covered foreign entity; and

L1:(iv) A description of the procedures by which the Offeror or its subsidiaries

L0:or affiliates will submit to the contract oversight entities a notice of an unmitigated

L0:conflict of interest with respect to a covered contract within 15 days of determining that
L0:such a conflict has arisen.

L1:(2) The Contracting Officer will incorporate the Offeror's approved conflict-of-
L0:interest mitigation plan into any contract awarded to the Offeror resulting from this
L0:solicitation.

L0:(End of provision)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:PGI PART 209.1?RESPONSIBLE PROSPECTIVE CONTRACTORS

L0:PGI 209.105-1 Obtaining information.

L1:(1) GSA's System for Award Management (SAM), which is available at <https://sam.gov/>,
L0:identifies entities excluded throughout the U.S. Government (unless otherwise noted) from
L0:receiving Federal contracts or certain subcontracts and from certain types of Federal
L0:financial and non-financial assistance and benefits. The SAM website provides useful
L0:documents and online training to assist with SAM navigation and data entry. User Guides
L0:and Demonstration Videos can be found in the User Help section after clicking the HELP link
L0:at the top of the website homepage. The former Excluded Parties List System (EPLS)
L0:information is within the Performance Information functional area of SAM maintained as
L0:?Exclusions? data. Exclusions are in the Data Access area of SAM which can be accessed
L0:by navigating the following path after logging into the SAM website. Select Tab - MYSAM,
L0:Tab - Data Access, and Tab - Exclusions.

L1:(i) Multiple agencies have the authority to suspend or debar entities from ?doing
L0:business? with the Government. There are approximately 71 separate cause and treatment
L0:codes under which entities have been suspended or debarred or excluded. New exclusion
L0:records created in SAM will no longer be identified with cause and treatment codes.

L0:Exclusions will be associated with one of four exclusion types: Preliminarily Ineligible
L0:(Proceedings Pending), Ineligible (Proceedings Completed), Prohibition/Restriction,
L0:Voluntary Exclusion. Each cause and treatment code is linked to one exclusion type.

L1:(ii) The exclusion type advises readers of the nature of the exclusion, debarment, or
L0:suspension and how those listed in the SAM Exclusions should be treated. However, the
L0:fact that an entity is listed in the SAM Exclusions does not necessarily mean the entity is
L0:ineligible for contract award. Review of the exclusion type is crucial in ensuring that listed
L0:entities are not deprived of their ?liberty interest? in conducting business with the
L0:Government.

L1:(iii) When the Department of Justice Bureau of Justice Assistance debars
L0:individuals under 10 U.S.C. 4656, they are placed in the SAM Exclusions under cause and
L0:treatment code FF (Reciprocal), which is now linked to exclusion type, Ineligible
L0:(Proceedings Completed). The records for individuals currently entered into EPLS and
L0:listed under this cause and treatment code can be found in the SAM Exclusions. Records
L0:created in EPLS have both a cause and treatment code and an exclusion type listed.

L1:(2) The contracting officer shall consider the information available in the Supplier
L0:Performance Risk System during the evaluation of quotations and offers received in
L0:response to a solicitation and in the determination of the contractor's responsibility. In
L0:addition, the contracting officer shall document the contract file regarding any action taken
L0:as a result of information obtained from the Supplier Performance Risk System.

L0:PGI 209.170-3 Waiver of restriction.

L0:The waiver authority terminates on October 1, 2026. For information on the roles of

L0:requiring activities and the Confucius Institute Waiver Program in the waiver process, see

L0:the Confucius Institute Waiver Program Guidance to U.S. Institutions of Higher Education,

L0:issued by the Office of the Under Secretary of Defense (Research and Engineering),

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L0:Confucius Institute Waiver Program and available at [https://rt.cto.mil/wp-](https://rt.cto.mil/wp-content/uploads/Confucius-Institute-Waiver-Program-Guidance-28Mar2023.pdf)

L0:content/uploads/Confucius-Institute-Waiver-Program-Guidance-28Mar2023.pdf.

L0:PGI 209.171 Preaward surveys.

L0:PGI 209.171-1 Conditions for preaward surveys.

L1:(a) If a preaward survey is requested, include the rationale in Block 23 of the SF 1403,

L0:Preaward Survey of Prospective Contractor (General).

L0:PGI 209.171-2 Requests for preaward surveys.

L1:(1) The surveying activity is the cognizant contract administration office as listed in

L0:the Federal Directory of Contract Administration Services Components, available at

L0:<https://pubapp.dcma.mil/CASD/main.jsp>. When information is required as part of the survey

L0:on the adequacy of the contractor's accounting system or its suitability for administration of

L0:the proposed type of contract, the surveying activity will obtain the information from the

L0:auditor.

L1:(2) Limited information may be requested by telephone.

L1:(3) The contracting officer may request a formal survey by telephone but must

L0:confirm immediately with SF 1403, Preaward Survey of Prospective Contractor (General).

L0:For a formal survey, send original and three copies of SF 1403, including necessary

L0:drawings and specifications.

L1:(i) List additional factors in Item H, Section III of the SF 1403 and explain them

L0:in Block 23. For example?

L1:(A) Information needed to determine a prospective contractor's eligibility

L0:under the Walsh-Healey Public Contracts Act. (Note that the Walsh-Healey Public Contracts

L0:Act, Block 12 of Section I, only indicates what the contractor has represented its

L0:classification to be under Walsh-Healey.)

L1:(B) Evaluation of a contractor as a planned producer when the offered item

L0:is or may appear on the Industrial Preparedness Planning List (IPPL). When the preaward

L0:survey results in a recommendation for award, ask the office responsible for industrial

L0:preparedness planning to consider designating the prospective contractor as a planned

L0:producer. If the item is already on the IPPL or the prospective contractor is already a

L0:planned producer, note the information in Block 23.

L0:business subcontracting plans.

L1:(C) Evaluation of the prospective contractor's performance against small

L1:(4) On base level preaward surveys, technical personnel from the requiring

L0:installation should participate when there is concern about the ability of a prospective

L0:contractor to perform a base level service or construction contract.

L1:(5) Allow more time for?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(i) Complex items;

L1:(ii) New or inexperienced DoD contractors; and

L1:(iii) Surveys with time-consuming requirements, e.g., secondary survey,

L0:accounting system review, financial capability analysis, or purchasing office participation.

L1:(6) Only request those factors essential to the determination of responsibility. See

L0:DFARS 253.209-1(a) for an explanation of the factors in Section III, Blocks 19 and 20 of the

L0:SF 1403.

L0:PGI 209.2?QUALIFICATIONS REQUIREMENTS

L0:PGI 209.202 Policy.

L2:(a)(1) The inclusion of qualification requirements in specifications for products that are to

L0:be included on a Qualified Products List, or manufactured by business firms included on a

L0:Qualified Manufacturers List, requires approval by the departmental standardization office in

L0:accordance with DoD 4120.24-M, Defense Standardization Program (DSP) Policies and

L0:Procedures. The inclusion of other qualification requirements in an acquisition or group of

L0:acquisitions requires approval by the chief of the contracting office.

L0:PGI 209.270 Aviation and ship critical safety items.

L0:PGI 209.270-4 Procedures.

L1:(1) Policies and procedures applicable to aviation critical safety item design control

L0:activities are in DoD Manual 4140.01, Volume 11, DoD Supply Chain Materiel Management

L0:Procedures: Inventory Accountability and Special Management and Handling, DoD Aviation

L0:Critical Safety Item (CSI)/Flight Safety Critical Aircraft Part (FSCAP) Program. This

L0:regulation provides direction on establishing criticality determinations, identification of

L0:aviation critical safety items in the Federal Logistics Information System, and related

L0:requirements.

L1:(2) [Reserved]

L0:PGI 209.4?DEBARMENT, SUSPENSION, AND INELIGIBILITY

L0:PGI 209.405 Effect of listing.

L1:(1) Environmental Protection Agency (EPA) responsibilities under Executive Order

L0:11738, Providing for Administration of the Clean Air Act and the Federal Water Pollution

L0:Control Act With Respect to Federal Contracts, Grants, or Loans, have been delegated to

L0:the EPA Suspending and Debarment Official (EPA SDO).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(i) Submit notifications and reports required by DFARS 209.405(b) to the EPA SDO

L0:at the following address:

L0:Office of Grants and Debarments

L0:U.S. Environmental Protection Agency

L0:Ariel Rios Building

L0:1200 Pennsylvania Avenue NW

L0:Washington, DC 20640

L0:Telephone: 202-564-5399

L1:(ii) Unless agency procedures specify otherwise, coordinate submissions to the

L0:EPA SDO through the applicable agency suspending and debarment official.

L1:(2) Executive Order 11738 is available at <https://www.archives.gov/federal->

L0:register/codification/executive-order/11738.html .

L1:(3) Contracting officers are required to review the System for Award Management

L1:(SAM) Exclusions twice, once after opening of bids/receipt of proposals (FAR 9.405(d)(1))

L0:and again immediately prior to award (FAR 9.405(d)(4)). The contracting officer shall

L0:document the contract file for both searches; the documentation may include a copy of the

L0:SAM Exclusions search results.

L0:PGI 209.470 Debarment and Suspension Procedures.

L1:(a) Investigation and referral.

L1:(1) When referring any matter to the agency debarring and suspending official for

L0:consideration, provide the following specific information and documentation, to the extent

L0:practicable. Send two copies (one paper and one electronic) of each report, including

L0:enclosures.

L1:(2) For all referrals, provide the following:

L1:(i) Name, address, and telephone number of the point of contact for the activity

L0:making the report.

L1:(ii) Name and address of the referred individual/contractor, CAGE code, and

L0:unique entity identifier, if applicable.

L1:(iii) Name and addresses of the members of the board, principal officers,

L0:partners, owners, and managers of the referred contractor.

L1:(iv) Name and addresses of all known affiliates, subsidiaries, or parent firms,

L0:and the nature of the business relationship to the referred individual/contractor.

L1:(v) If a contracting office initiates the report, the comments and

L0:recommendations of the contracting officer and of each higher-level contracting review

L0:authority regarding?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(A) Whether to suspend or debar the contractor;

L1:(B) Whether to apply limitations to the suspension or debarment;

L1:(C) The period of any recommended debarment; and

L0:explain why a recommendation regarding current contracts is not included).

L1:(D) Whether to continue any current contracts with the contractor (or

L1:(vi) To the extent that this information is available through FPDS-NG, a list of

L0:other agencies that hold current contracts with the referred individual/contractor.

L1:(3) For referrals based on judicial actions (indictments, convictions, civil judgments,

L0:etc.), provide the following:

L1:(i) Copies of indictments, judgments, and sentencing actions.

L1:(ii) Copies of investigative reports when authorized by the investigative agency.

L1:(iii) Witness statements or affidavits when authorized by the investigative

L0:agency.

L1:(iv) If judicial action is contract-related, the contract number, description of

L0:supplies or services, and contract amount.

L1:(4) For ?fact-based? referrals (no judicial action), for each contract affected by the

L0:misconduct or poor performance being reported, provide the following:

L1:(i) The contract number, description of supplies or services, contract amount,

L0:percentage of completion, and amounts paid to and withheld from the contractor.

L1:(ii) Whether the contract is assigned under the Assignment of Claims Act and, if
L0:so, to whom.

L1:(iii) The contract fund citations involved, to expedite accurate return of funds to
L0:open accounts and commands, as appropriate.

L1:(iv) For any other contracts outstanding with the contractor or any of its
L0:affiliates, the contract number, description of supplies or services, and contract amount.

L1:(v) A complete summary of all pertinent evidence and the status of any legal
L0:proceedings involving the contractor.

L1:(vi) An estimate of any damages sustained by the Government as a result of the
L0:contractor's action (explain how the estimate was calculated).

L1:(vii) A copy of pertinent extracts of each pertinent contract.

L1:(viii) Copies of investigative reports when authorized by the investigative
L0:agency.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(ix) Witness statements or affidavits when authorized by the investigative
L0:agency.

L1:(x) A copy of any available determinations of nonresponsibility in accordance
L0:with FAR 9.105-2(a)(1).

L1:(xi) Any other appropriate exhibits or documentation.

L1:(b) Decisionmaking process.

L1:(1) The agency debarring and suspending official shall follow the procedures and
L0:decisionmaking process stated in FAR 9.406-3(c) for proposed debarments and
L0:debarments) and FAR 9.407-3 (for suspensions), DFARS Appendix H, and any agency-
L0:specific procedures that are to be provided to the individual/contractor with the notice of
L0:proposed debarment or suspension, either by enclosure or electronic reference.

L1:(2) The absence of a referral in accordance with this section, or the absence of any
L0:information specified in this section, will not preclude the debarring and suspending official
L0:from making decisions to suspend, propose for debarment, or debar an individual/contractor.

L1:(3) The signature of the debarring and suspending official on the notice of
L0:suspension, proposed debarment, or debarment is sufficient evidence that the debarring
L0:and suspending official has made the specified decision.

L1:(4) If a debarring and suspending official determines that a referral lacks sufficient
L0:evidence of a cause for suspension or debarment, the debarring and suspending official
L0:may refer the matter for further review or investigation, as appropriate, by an appropriate
L0:agency or other Government entity, including a contracting activity, inspector general,
L0:auditing agency, or a criminal investigative agency.

L0:PGI 209.5?ORGANIZATIONAL AND CONSULTANT CONFLICTS OF INTEREST

L0:PGI 209.503-70 Waiver.

L0:To process a waiver under DFARS 209.503-70, submit the waiver, in accordance with
L0:agency procedures, to the Office of the Principal Director, Defense Pricing, Contracting, and
L0:Acquisition Policy (Contract Policy) (DPCAP/CP) at [osd.pentagon.ousd-a-s.mbx.asda-dp-c-](mailto:osd.pentagon.ousd-a-s.mbx.asda-dp-c-contractpolicy@mail.mil)
L0:contractpolicy@mail.mil.

L0:PGI 209.570 Limitations on contractors acting as lead system integrators.

L0:PGI 209.570-1 Definitions.

L0:The phrase "substantial portion of the work," as used in the definition of "lead system integrator with system responsibility" in the clause at DFARS 252.209-7007, may relate to L0:the dollar value of the effort or to the criticality of the effort to be performed.

L0:PGI 209.570-3 Procedures.

L1:(1) After assessing the offeror's direct financial interests in the development or L0:construction of any individual system or element of any system of systems, if the offeror?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 9

L0:Defense FAR Supplement (DFARS) Part 209

L1:(i) Has no direct financial interest in such systems, the contracting officer shall L0:document the contract file to that effect and may then further consider the offeror for award L0:of the contract;

L1:(ii) Has a direct financial interest in such systems, but the exception in DFARS L0:209.570-2(b)(2) applies, the contracting officer shall document the contract file to that effect L0:and may then further consider the offeror for award of the contract;

L1:(iii) Has a direct financial interest in such systems and the exception in DFARS L0:209.570-2(b)(2) does not apply, but the conditions in DFARS 209.570-2(b)(1)(i) and (ii) do L0:apply, the contracting officer?

L1:(A) Shall document the contract file to that effect;

L1:(B) May, in coordination with program officials, request an exception for the L0:offeror from the Secretary of Defense, in accordance with paragraph (2) of this subsection; L0:and

L1:(C) Shall not award to the offeror unless the Secretary of Defense grants the L0:exception and provides the required certification to Congress; or

L1:(iv) Has a direct financial interest in such systems and the exceptions in DFARS L0:209.570-2(b)(1) and (2) do not apply, the contracting officer shall not award to the offeror.

L2:(2)(i) To process an exception under DFARS 209.570-2(b)(1), the contracting officer L0:shall submit the request and appropriate documentation to the Office of the Principal L0:Director, Defense Pricing, Contracting, and Acquisition Policy (Contract Policy) (DPCAP/CP) L0:at osd.pentagon.ousd-a-s.mbx.asda-dp-c-contractpolicy@mail.mil.

L1:(ii) The DPCAP/CP action officer will process the request through the Office of the L0:Secretary of Defense and, if approved, to the appropriate committees of Congress. The L0:contracting officer shall not award a contract to the affected offeror until notified by the L0:DPCAP/CP action officer that the exception has been approved and transmitted to L0:Congress.

L0:PGI 209.571 Organizational conflicts of interest in major defense acquisition L0:programs.

L0:PGI 209.571-7 Systems engineering and technical assistance contracts.

L0:Because of the special organizational conflict of interest restrictions that relate to systems L0:engineering and technical assistance contracts, consider separating systems engineering L0:and technical assistance-type work from design- and development-type work, and consider L0:not including both types of work in the same task order or other contract vehicle.

210.070 Market research report guide for improving the tradecraft in

Status: active

L0:210.070 Market research report guide for improving the tradecraft in

L0:services acquisition.

L0:When acquiring services, see PGI 210.070, for the ?Market Research Report Guide for

L0:Improving the Tradecraft in Services Acquisition?.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 10

L0:Defense FAR Supplement (DFARS) Part 210

L0:PGI 210?MARKET RESEARCH

L0:PGI 210.001 Market research requirements.

L1:(e) When documenting the results of market research?

L1:(1) Contracting officers should retain information on potential offerors that express

L0:an interest, in order to solicit feedback in instances when only one offer is received on a

L0:competitive solicitation (see PGI 215.371).

L1:(2) Contracting officers should ensure the contract file includes the?

L1:(i) Methods used to conduct market research;

L1:(ii) Timeframe in which market research was conducted;

L1:(iii) Analysis of the capabilities of the potential offerors that were identified

L0:during market research; and

L1:(iv) Any conclusion(s) reached as a result of market research analysis.

L0:PGI 210.070 Market research report guide for improving the tradecraft in services

L0:acquisition.

L0:The ?Market Research Report Guide for Improving the Tradecraft in Services

L0:Acquisition? is designed to aid in the collection and sharing of standardized market

L0:research information across the Department. The guide is available for download at

L0:[https://www.acq.osd.mil/asda/dpc/cp/policy/docs/sa/2017_Market_Research_Guide_\(Fi](https://www.acq.osd.mil/asda/dpc/cp/policy/docs/sa/2017_Market_Research_Guide_(Fi)

PART 11

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

211.102 Policy

Status: active

L0:211.102 Policy.

L0:DoD technology and acquisition programs are subject to the policies and procedures

L0:in DoDD 5000.01, The Defense Acquisition System, and DoDI 5000.02, Operation of

L0:the Adaptive Acquisition Framework.

211.204 Items peculiar to one manufacturer

Status: active

L0:211.204 Items peculiar to one manufacturer.

L0:To partially implement section 888 of fiscal year (FY) 2017 National Defense

L0:Authorization Act (NDAA) (Pub. L. 114-328), a justification and approval is

L0:required to use brand name or equal purchase descriptions?

L1:(1) When using sealed bidding or negotiated acquisition procedures (see

L0:206.103-1(d); or

L1:(2) When using the simplified procedures for certain commercial products

L0:and commercial services at FAR 12.201-1 (see part 212).

211.270 Purchase descriptions for service contracts

Status: active

L0:211.270 Purchase descriptions for service contracts.

L0:To partially implement section 831 of FY 2009 NDAA (Pub. L. 110-417), agencies

L0:must require that purchase descriptions and requirements documents for service

L0:contracts include language to provide a clear distinction between Government

L0:employees and contractor employees as follows:

L1:(a) Agencies must be guided by the characteristics and descriptive elements of

L0:personal-services contracts.

L1:(b) Service contracts must require contractor employees to identify themselves

L0:as contractor personnel by introducing themselves or being introduced as contractor

L0:personnel and displaying distinguishing badges or other visible identification for

L0:meetings with Government personnel.

L1:(c) Services contracts must require contractor personnel to appropriately

L0:identify themselves as contractor employees in telephone conversations and in
L0:formal and informal written correspondence.

211.271 Alternatives to Government-Unique Standards

Status: active

L0:211.271 Alternatives to Government-Unique Standards

211.271-1 Solicitation provision

Status: active

L0:211.271-1 Solicitation provision.

L0:Insert the provision at FAR 52.211-7, Alternatives to Government-Unique

L0:Standards, in DoD solicitations that include military or Government-unique

L0:specifications and standards to implement section 875(c) of the National Defense

L0:Authorization Act for Fiscal Year 2017 (Pub. 114-328).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

211.272 Use of proprietary specifications or standards

Status: active

L0:211.272 Use of proprietary specifications or standards.

L0:To comply with section 888(b)(1) of FY 2017 NDAA, a justification and approval is

L0:required to use proprietary specifications and standards?

L1:(a) When using sealed bidding or negotiated acquisition procedures (see

L0:206.103-1); or

L1:(b) When using the simplified procedures for certain commercial products or

L0:commercial services at FAR 12.201-1 (see part 212).

211.273 Using and maintaining requirements documents

Status: active

L0:211.273 Using and maintaining requirements documents.

211.273-1 Identification and availability of specifications

Status: active

L0:211.273-1 Identification and availability of specifications.

L0:Follow the procedures at PGI 211.211-273-1 for obtaining specifications, standards,

L0:and data item descriptions from the Acquisition Streamlining and Standardization

L0:Information System (ASSIST) database, including DoD adoption notices on

L0:voluntary consensus standards.

211.273-2 Solicitation provisions and contract clauses

Status: active

L0:211.273-2 Solicitation provisions and contract clauses.

L0:Insert a provision, as appropriate, substantially the same as 252.211-7002,

L0:Availability for Examination of Specifications, Standards, Plans, Drawings, Data

L0:Item Descriptions, and Other Pertinent Documents when contract performance

L0:requires use of specifications, standards, and data item descriptions that are not

L0:listed in the ASSIST database.

211.274 (a)

Status: active

L0:211.274 (a).

L1:(b) Insert the clause at 252.211-7008, Use of Government-Assigned Serial

L0:Numbers, in solicitations and contracts, including solicitations and contracts using

L0:FAR part 12 procedures for the acquisition of commercial products and commercial

L0:services, that?

L1:(1) Contain the clause at 252.211-7003, Item Unique Identification and

L0:Valuation; and

L1:(2) Require the contractor to mark major end items under the terms and

L0:conditions of the contract.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

211.274-1 General

Status: active

L0:211.274-1 General.

L0:Item unique identification and valuation is a system of marking, valuing, and

L0:tracking items delivered to DoD that enhances logistics, contracting, and financial

L0:business transactions supporting the United States and coalition troops.

211.274-2 Requirements for item unique identification

Status: active

L0:211.274-2 Requirements for item unique identification.

L1:(a) DoD item unique identification, or a DoD recognized unique identification

L0:equivalent, is required for all delivered items, including items of contractor-acquired

L0:property delivered on line items (see PGI 245.402-71 for guidance when delivery of

L0:contractor acquired property is required).

L1:(b) The primary inventory control activity (PICA) determines that an item requires

L0:unique item-level traceability. The PICA will designate the item as a ?DoD serially

L0:managed item.? DoD serially managed items are identified by the Federal Logistics

L0:Information System DoD serially managed item indicator set to ?Y?.

L1:(c) Procedures for identifying items that require unique item-level traceability can

L0:be found in department of Defense Instruction (DoDI) 8320.04, DoD Serially Managed

L0:Items of Tangible Personal Property and Item Unique Identification 2.0 Standard.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

211.274-3 Requirements for valuation

Status: active

L0:211.274-3 Requirements for valuation.

L1:(a) The statement of work or requirement document must require contractors to

L0:identify the Government's unit acquisition cost for all deliverable end items to

L0:which item unique identification applies.

L1:(b) The Government's unit acquisition cost is?

L1:(1) For fixed-price type line, subline, or exhibit line items, the unit price

L0:identified in the contract at the time of delivery;

L1:(2) For cost-type or undefinitized line, subline, or exhibit line items, the

L0:contractor's estimated fully burdened unit cost to the Government at the time of

L0:delivery; and

L1:(3) For items delivered under a time-and-materials contract, the

L0:contractor's estimated fully burdened unit cost to the Government at the time of

L0:delivery.

L1:(c) The Government's unit acquisition cost of subassemblies, components, and

L0:parts embedded in delivered items must not be separately identified.

211.274-4 Requirements for assignment of Government-assigned serial

Status: active

L0:211.274-4 Requirements for assignment of Government-assigned serial

L0:numbers.

L0:The statement of work or requirement document must require contractors to apply

L0:Government-assigned serial numbers, such as tail numbers/hull numbers and

L0:equipment registration numbers, in human-readable format on major end items

L0:when required by law, regulation, or military operational necessity. Contractors are

L0:required to use the latest version of MIL-STD-130, Marking of U.S. Military

L0:Property, for the marking of human-readable information.

211.274-5 Contract clauses

Status: active

L0:211.274-5 Contract clauses.

L1:(a) Insert the clause at 252.211-7003, Item Unique Identification and Valuation,

L0:in solicitations and contracts, including solicitations and contracts using FAR part

L0:12 procedures for the acquisition of commercial products and commercial services,

L0:for supplies, and for services involving the furnishing of supplies in accordance with

211.275 Elimination of use of class I ozone-depleting substances

Status: active

L0:211.275 Elimination of use of class I ozone-depleting substances.

L0:See 223.107-4 for restrictions on contracting for ozone-depleting substances

211.400 Scope

Status: active

L0:211.400 Scope.

L0:To implement 15 USC 637(d)(4)(F), this subpart and FAR subpart 11.4 do not apply

L0:to liquidated damages for comprehensive subcontracting plans under the Test

L0:Program for Negotiation of Comprehensive Small Business Subcontracting Plans.

L0:See 219.702-70 for coverage of liquidated damages for comprehensive

L0:subcontracting plans.

211.403 Contract clause

Status: active

L0:211.403 Contract clause.

L1:(b) Insert the clause at FAR 52.211-12, Liquidated Damages?Construction, in

L0:all construction contracts exceeding \$900,000, except cost-plus-fixed-fee contracts or

L0:contracts where the contractor cannot control the pace of the work. Use of the clause

L0:in contracts of \$900,000 or less is optional.

211.502 General

Status: active

L0:211.502 General.

L0:DoD implementation of the Defense Priorities and Allocations System is in DoDD

L0:4400.1, Defense Production Act Programs.

211.7001 Procedures

Status: active

L0:211.7001 Procedures.

L0:Follow the procedures at PGI 211.7001 for developing and distributing purchase

L0:requests, except for the requirements for Military Interdepartmental Purchase

L0:Requests (DD Form 448) addressed in 253.208-1.

252.211-7000 Reserved

Status: active

L0:252.211-7000 Reserved.

252.211-7001 Reserved

Status: active

L0:252.211-7001 Reserved.

252.211-7002 Availability for Examination of Specifications, Standards, Plans,

Status: active

L0:252.211-7002 Availability for Examination of Specifications, Standards, Plans,

L0:Drawings, Data Item Descriptions, and Other Pertinent Documents.

L0:As prescribed in 211.273-2, use the following provision:

L0:AVAILABILITY FOR EXAMINATION OF SPECIFICATIONS, STANDARDS, PLANS,

L0:DRAWINGS, DATA ITEM DESCRIPTIONS, AND OTHER PERTINENT

L0:DOCUMENTS (DEC 1991)

L0:The specifications, standards, plans, drawings, data item descriptions, and other

L0:pertinent documents cited in this solicitation are not available for distribution but may

L0:be examined at the following location:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L0:(Insert complete address)

L0:(End of provision)

252.211-7003 Item Unique Identification and Valuation

Status: active

L0:252.211-7003 Item Unique Identification and Valuation.

L0:As prescribed in 211.274-5(a), use the following clause:

L0:ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Automatic identification device? means a device, such as a reader or

L0:interrogator, used to retrieve data encoded on machine-readable media.

L0:Concatenated unique item identifier? means?

L1:(1) For items that are serialized within the enterprise identifier, the linking

L0:together of the unique identifier data elements in order of the issuing agency code,

L0:enterprise identifier, and unique serial number within the enterprise identifier; or

L1:(2) For items that are serialized within the original part, lot, or batch

L0:number, the linking together of the unique identifier data elements in order of the

L0:issuing agency code; enterprise identifier; original part, lot, or batch number; and serial

L0:number within the original part, lot, or batch number.

L0:Data matrix? means a two-dimensional matrix symbology, which is made up of

L0:square or, in some cases, round modules arranged within a perimeter finder pattern

L0:and uses the Error Checking and Correction 200 (ECC200) specification found within

L0:International Standards Organization (ISO)/International Electrotechnical Commission

L1:(IEC) 16022.

L0:Data qualifier? means a specified character (or string of characters) that

L0:immediately precedes a data field that defines the general category or intended use of

L0:the data that follows.

L0:DoD recognized unique identification equivalent? means a unique identification

L0:method that is in commercial use and has been recognized by DoD. All DoD recognized

L0:unique identification equivalents are listed at

L0:<https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

L0:DoD item unique identification? means a system of marking items delivered to

L0:DoD with unique item identifiers that have machine-readable data elements to

L0:distinguish an item from all other like and unlike items. For items that are serialized

L0:within the enterprise identifier, the unique item identifier shall include the data

L0:elements of the enterprise identifier and a unique serial number. For items that are

L0:serialized within the part, lot, or batch number within the enterprise identifier, the

L0:unique item identifier shall include the data elements of the enterprise identifier; the

L0:original part, lot, or batch number; and the serial number.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L0:Enterprise? means the entity (e.g., a manufacturer or vendor) responsible for

L0:assigning unique item identifiers to items.

L0:Enterprise identifier? means a code that is uniquely assigned to an enterprise

L0:by an issuing agency.

L0:Government's unit acquisition cost? means?

L1:(1) For fixed-price type line, subline, or exhibit line items, the unit price

L0:identified in the contract at the time of delivery;

L1:(2) For cost-type or undefinitized line, subline, or exhibit line items, the

L0:Contractor's estimated fully burdened unit cost to the Government at the time of

L0:delivery; and

L1:(3) For items produced under a time-and-materials contract, the

L0:Contractor's estimated fully burdened unit cost to the Government at the time of

L0:delivery.

L0:Issuing agency? means an organization responsible for assigning a globally

L0:unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes

L0:for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

L0:Issuing agency code? means a code that designates the registration (or
L0:controlling) authority for the enterprise identifier.

L0:Item? means a single hardware article or a single unit formed by a grouping of
L0:subassemblies, components, or constituent parts.

L0:Lot or batch number? means an identifying number assigned by the enterprise
L0:to a designated group of items, usually referred to as either a lot or a batch, all of which
L0:were manufactured under identical conditions.

L0:Machine-readable? means an automatic identification technology media, such
L0:as bar codes, contact memory buttons, radio frequency identification, or optical memory
L0:cards.

L0:Original part number? means a combination of numbers or letters assigned by
L0:the enterprise at item creation to a class of items with the same form, fit, function, and
L0:interface.

L0:Parent item? means the item assembly, intermediate component, or
L0:subassembly that has an embedded item with a unique item identifier or DoD
L0:recognized unique identification equivalent.

L0:Serial number within the enterprise identifier? means a combination of
L0:numbers, letters, or symbols assigned by the enterprise to an item that provides for the
L0:differentiation of that item from any other like and unlike item and is never used again
L0:within the enterprise.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L0:Serial number within the part, lot, or batch number? means a combination of
L0:numbers or letters assigned by the enterprise to an item that provides for the
L0:differentiation of that item from any other like item within a part, lot, or batch number
L0:assignment./

L0:Serialization within the enterprise identifier? means each item produced is
L0:assigned a serial number that is unique among all the tangible items produced by the
L0:enterprise and is never used again. The enterprise is responsible for ensuring unique
L0:serialization within the enterprise identifier.

L0:Serialization within the part, lot, or batch number? means each item of a
L0:particular part, lot, or batch number is assigned a unique serial number within that
L0:part, lot, or batch number assignment. The enterprise is responsible for ensuring
L0:unique serialization within the part, lot, or batch number within the enterprise
L0:identifier.

L0:Type designation? means a combination of letters and numerals assigned by
L0:the Government to a major end item, assembly or subassembly, as appropriate, to
L0:provide a convenient means of differentiating between items having the same basic
L0:name and to indicate modifications and changes thereto.

L0:Unique item identifier? means a set of data elements marked on items that is
L0:globally unique and unambiguous. The term includes a concatenated unique item
L0:identifier or a DoD recognized unique identification equivalent.

L0:Unique item identifier type? means a designator to indicate which method of
L0:uniquely identifying a part has been used. The current list of accepted unique item

L0:identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

L1:(b) The Contractor shall deliver all items under a contract line, subline, or exhibit
L0:line item.

L1:(c) Unique item identifier.

L1:(1) The Contractor shall provide a unique item identifier for the following:

L1:(i) Delivered items for which the Government's unit acquisition cost is

L0:\$5,000 or more, except for the following line items:

L0:Contract Line, Subline, or

L0:Exhibit Line Item Number

L0:Item Description

L0: _____

L0: _____

L0: _____

L1:(ii) Items for which the Government's unit acquisition cost is less than

L0:\$5,000 that are identified in the Schedule or the following table:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L0:Contract Line, Subline, or

L0:Exhibit Line Item Number

L0:Item Description

L0: _____

L0: _____

L0: _____

L0:(If items are identified in the Schedule, insert "See Schedule" in this table.)

L1:(iii) Subassemblies, components, and parts embedded within delivered

L0:items, items with warranty requirements, DoD serially managed reparables and DoD

L0:serially managed nonreparables as specified in Attachment Number ____.

L1:(iv) Any item of special tooling or special test equipment as defined in FAR

L0:2.101 that have been designated for preservation and storage for a Major Defense

L0:Acquisition Program as specified in Attachment Number ____.

L1:(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor

L0:creates and marks a unique item identifier for traceability.

L1:(2) The unique item identifier assignment and its component data element

L0:combination shall not be duplicated on any other item marked or registered in the DoD

L0:Item Unique Identification Registry by the contractor.

L1:(3) The unique item identifier component data elements shall be marked on an

L0:item using two dimensional data matrix symbology that complies with ISO/IEC

L0:International Standard 16022, Information technology - International symbology

L0:specification - Data matrix; ECC200 data matrix specification.

L1:(4) Data syntax and semantics of unique item identifiers. The Contractor shall

L0:ensure that?

L1:(i) The data elements (except issuing agency code) of the unique item

L0:identifier are encoded within the data matrix symbol that is marked on the item using

L0:one of the following three types of data qualifiers, as determined by the Contractor:

L1:(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC

L0:International Standard 15434), in accordance with ISO/IEC International Standard

L0:15418, Information Technology - EAN/UCC Application Identifiers and Fact Data

L0:Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application

L0:Identifier Standard.

L1:(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC

L0:International Standard 15434), in accordance with ISO/IEC International Standard

L0:15418, Information Technology - EAN/UCC Application Identifiers and Fact Data

L0:Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application

L0:Identifier Standard.

L0:International Standard 15434), in accordance with the Air Transport Association

L1:(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L0:Common Support Data Dictionary; and

L1:(ii) The encoded data elements of the unique item identifier conform to the

L0:transfer structure, syntax, and coding of messages and data formats specified for

L0:Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434,

L0:Information Technology - Transfer Syntax for High Capacity Automatic Data Capture

L0:Media.

L1:(5) Unique item identifier.

L1:(i) The Contractor shall?

L1:(A) Determine whether to?

L1:(1) Serialize within the enterprise identifier;

L1:(2) Serialize within the part, lot, or batch number; or

L0:Vehicle Identification Number); and

L1:(3) Use a DoD recognized unique identification equivalent (e.g.

L1:(B) Place the data elements of the unique item identifier (enterprise

L0:identifier; serial number; DoD recognized unique identification equivalent; and for

L0:serialization within the part, lot, or batch number only: original part, lot, or batch

L0:number) on items requiring marking by paragraph (c)(1) of this clause, based on the

L0:criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property,

L0:latest version;

L1:(C) Label shipments, storage containers and packages that contain

L0:uniquely identified items in accordance with the requirements of MIL-STD-129,

L0:Military Marking for Shipment and Storage, latest version; and

L1:(D) Verify that the marks on items and labels on shipments, storage

L0:containers, and packages are machine readable and conform to the applicable

L0:standards. The contractor shall use an automatic identification technology device for

L0:this verification that has been programmed to the requirements of Appendix A, MIL-

L0:STD-130, latest version.

L1:(ii) The issuing agency code?

L1:(A) Shall not be placed on the item; and

L1:(B) Shall be derived from the data qualifier for the enterprise identifier.

L1:(d) For each item that requires item unique identification under paragraph (c)(1)(i), L1:(ii), or (iv) of this clause or when item unique identification is provided under paragraph L3:(c)(1)(v), in addition to the information provided as part of the Material Inspection and L0:Receiving Report specified elsewhere in this contract, the Contractor shall report at the L0:time of delivery, as part of the Material Inspection and Receiving Report, the following L0:information:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L1:(1) Unique item identifier.

L1:(2) Unique item identifier type.

L1:(3) Issuing agency code (if concatenated unique item identifier is used).

L1:(4) Enterprise identifier (if concatenated unique item identifier is used).

L1:(5) Original part number (if there is serialization within the original part L0:number).

L1:(6) Lot or batch number (if there is serialization within the lot or batch L0:number).

L1:(7) Current part number (optional and only if not the same as the original part L0:number).

L1:(8) Current part number effective date (optional and only if current part L0:number is used).

L1:(9) Serial number (if concatenated unique item identifier is used).

L1:(10) Government's unit acquisition cost.

L1:(11) Unit of measure.

L1:(12) Type designation of the item as specified in the contract schedule, if any.

L1:(13) Whether the item is an item of Special Tooling or Special Test Equipment.

L1:(14) Whether the item is covered by a warranty.

L1:(e) For embedded subassemblies, components, and parts that require DoD item L0:unique identification under paragraph (c)(1)(iii) of this clause or when item unique L0:identification is provided under paragraph (c)(1)(v), the Contractor shall report as part L0:of the Material Inspection and Receiving Report specified elsewhere in this contract, the L0:following information:

L1:(1) Unique item identifier of the parent item under paragraph (c)(1) of this L0:clause that contains the embedded subassembly, component, or part.

L1:(2) Unique item identifier of the embedded subassembly, component, or part.

L1:(3) Unique item identifier type.**

L1:(4) Issuing agency code (if concatenated unique item identifier is used).**

L1:(5) Enterprise identifier (if concatenated unique item identifier is used).**

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L1:(6) Original part number (if there is serialization within the original part L0:number).**

L1:(7) Lot or batch number (if there is serialization within the lot or batch L0:number).**

L1:(8) Current part number (optional and only if not the same as the original part L0:number).**

L1:(9) Current part number effective date (optional and only if current part
L0:number is used).**
L1:(10) Serial number (if concatenated unique item identifier is used).**
L1:(11) Description.
L0:** Once per item.
L1:(f) The Contractor shall submit the information required by paragraphs (d) and (e)
L0:of this clause as follows:
L1:(1) End items shall be reported using the receiving report capability in Wide
L0:Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is
L0:not required by this contract, and the contractor is not using WAWF, follow the
L0:procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.
L1:(2) Embedded items shall be reported by one of the following methods?
L1:(i) Use of the embedded items capability in WAWF;
L1:(ii) Direct data submission to the IUID Registry following the procedures
L0:and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or
L1:(iii) Via WAWF as a deliverable attachment for exhibit line item number
L0:(fill in) ____, Unique Item Identifier Report for Embedded Items, Contract Data
L0:Requirements List, DD Form 1423.
L1:(g) Subcontracts. If the Contractor acquires by subcontract, any item(s) for which
L0:item unique identification is required in accordance with paragraph (c)(1) of this clause,
L0:the Contractor shall include this clause, including this paragraph (g), in the applicable
L0:subcontract(s), including subcontracts for commercial products or commercial services.

252.211-7008 Use of Government-Assigned Serial Numbers

Status: active

L0:252.211-7008 Use of Government-Assigned Serial Numbers

L0:As prescribed in 211.274-5(b), use the following clause:

L0:USE OF GOVERNMENT-ASSIGNED SERIAL NUMBERS (SEP 2010)

L1:(a) Definitions. As used in this clause?

L0:Government-assigned serial number? means a combination of letters or

L0:numerals in a fixed human-readable information format (text) conveying information

L0:about a major end item, which is provided to a contractor by the requiring activity with

L0:accompanying technical data instructions for marking the Government-assigned serial

L0:number on major end items to be delivered to the Government.

L0:Major end item? means a final combination of component parts and/or

L0:materials which is ready for its intended use and of such importance to operational

L0:readiness that review and control of inventory management functions (procurement,

L0:distribution, maintenance, disposal, and asset reporting) is required at all levels of life

L0:cycle management. Major end items include aircraft; ships; boats; motorized wheeled,

L0:tracked, and towed vehicles for use on highway or rough terrain; weapon and missile

L0:end items; ammunition; and sets, assemblies, or end items having a major end item as a

L0:component.

L0:Unique item identifier (UII)? means a set of data elements permanently

L0:marked on an item that is globally unique and unambiguous and never changes in

L0:order to provide traceability of the item throughout its total life cycle. The term

L0:includes a concatenated UII or a DoD-recognized unique identification equivalent.

L1:(b) The Contractor shall mark the Government-assigned serial numbers on those

L0:major end items as specified by line item in the Schedule, in accordance with the

L0:technical instructions for the placement and method of application identified in the

L0:terms and conditions of the contract.

L1:(c) The Contractor shall register the Government-assigned serial number along with

L0:the major end item's UII at the time of delivery in accordance with the provisions of the

L0:clause at DFARS 252.211-7003(d).

L1:(d) The Contractor shall establish the UII for major end items for use throughout

L0:the life of the major end item. The Contractor may elect, but is not required, to use the

L0:Government-assigned serial number to construct the UII.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L0:PGI 211?DESCRIBING AGENCY NEEDS

L0:PGI 211.2?SELECTING AND DEVELOPING REQUIREMENTS DOCUMENTS

L0:PGI 211.204 Items peculiar to one manufacturer.

L0:Office of Federal Procurement Policy memorandum of April 11, 2005, Subject: Use of
L0:Brand Name Specifications, reinforces the need to maintain vendor and technology
L0:neutral contract specifications, and asks agencies to publish the supporting justification
L0:when using brand name specifications in a solicitation.

L0:Office of Federal Procurement Policy memorandum of April 17, 2006, Subject:
L0:Publication of Brand Name Justifications, provides additional guidance regarding
L0:publication of justifications for use of brand name specifications.

L0:PGI 211.273 -USING AND MAINTAINING REQUIREMENTS DOCUMENTS

L0:PGI 211.273-1 Identification and availability of specifications.

L1:(1) Specifications, standards, and data item descriptions are indexed in the

L0:Acquisition Streamlining and Standardization Information System (ASSIST).

L1:(2) Most unclassified specifications, standards, and data item descriptions, and

L0:DoD adoption notices on voluntary consensus standards may be downloaded from the

L0:ASSIST database (<https://assist.dla.mil> or <http://quicksearch.dla.mil>). Documents

L0:contained in ASSIST that are not available for download may be identified and obtained

L0:by following the instructions at <http://assist.dla.mil/online/faqs/overview.cfm> .

L0:PGI 211.70 -PURCHASE REQUESTS

L0:PGI 211.7001 Procedures.

L0:Requiring activities are responsible for developing and distributing purchase requests,

L0:except for the requirements for Military Interdepartmental Purchase Requests (MIPRs)

L0:(DD Form 448) addressed in 253.208-1 .

L1:(a) Agencies may use a combined numbering series for MIPRs and internal

L0:purchase requests, following the rules at 253.208-1 (c)(1) for both. If using a separate

L0:numbering sequence for internal purchase requests, agencies must have procedures

L0:that ensure the same number cannot be assigned to both a MIPR and an internal

L0:purchase request. Use of a purely internal tracking number in addition to the purchase

L0:request number is authorized and supported by the data standards. Number the

L0:purchase request by using?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11

L0:Defense FAR Supplement (DFARS) Part 211

L1:(1) The requiring activity?s Department of Defense Activity Address Code

L1:(DODAAC), as described in DLM 4000.25 Volume 6, Chapter 2. DODAACs may be

L0:verified at https://home.daas.dla.mil/eDoDAAD/s_search/search_menu.asp.

L1:(2) A serial number of eight alphanumeric characters, excluding ?I? and ?O?; and

L1:(3) A revision number, with the original request being assigned zero and

L0:subsequent revisions or amendments being numbered consecutively.

L1:(b) Prior to taking action on a purchase request, contracting officers must ensure

L0:that the requiring activity has prepared the purchase requests in uniform contract format

L0:(see FAR 14.201-1 and 15.109), except for procurement of construction (see part 36),

L0:which should follow the current edition of the Construction Specifications Institute

L0:format. Purchase requests shall include all supporting documentation required by local

L0:contract procedures.

L1:(c) Prior to taking action on a purchase request, contracting officers must ensure that

L0:the purchase requests follow the line item rules and data requirements in

L0:DFARS 204.71 . Purchase requests for individual supplies (i.e., not bulk commodities
L0:such as oil) must identify whether the item to be acquired is subject to the item unique
L0:identification requirements of DFARS 211.274-2.

L2:(d)(1) Purchase requests may be unfunded for planning purposes, partially funded,
L0:or fully funded.

L1:(2) Funding data in purchase requests will, at a minimum, identify the following
L0:elements of the funding source: Department Code (e.g. 21 Army), Main Account (e.g.
L0:1804, Operation and Maintenance, Navy), Subaccount (where applicable), and Fiscal
L0:Year. Lists of these codes are published in Supplement 1 to Volume I of the Treasury
L0:Financial Manual, Federal Account Symbols and Titles, generally referred to as The
L0:FAST Book at <https://tfx.treasury.gov/reference-books/fast-book>.

L1:(3) Agencies must have sufficient procedures in place to enable traceability of
L0:line items identified in the purchase request to those in the resulting contract. In
L0:developing such procedures, agencies must ensure that provisions are made for
L0:circumstances in which the deliverables may be more completely defined during the
L0:process of soliciting offers and making an award.

L1:(e) Contracting officers must not obligate funds that have not been certified as
L0:currently available and suitable. Review purchase requests to ensure they are certified
L0:after agreement on price and prior to award to ensure that the funds are?

L1:(1) Suitable and available for the purpose and amount of the contract; and

L1:(2) Traceable from the purchase request to the resultant contract.

L1:(f) Purchase requests transmitted between requiring systems and contract writing
L0:systems must be transmitted via the Global EXchange system (GEX) using the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 11
L0:Defense FAR Supplement (DFARS) Part 211

L0:Purchase Request Data Standard Extensible Markup Language (XML) format

L0:at <https://www.acq.osd.mil/asda/dpc/ce/ds/procurement-data-standard.html> . Copies

L0:must be sent via the GEX to the Electronic Data Access (EDA) system

L0:at <http://eda.ogden.disa.mil> . Requiring systems and contract writing systems may use a

L0:format that can be translated to or from the purchase request Data Standard (XML)

L0:format.

PART 12

SUBPART 212.72 ? APPLICABILITY OF CERTAIN LAWS, PROVISIONS,

Status: active

L0:SUBPART 212.72?APPLICABILITY OF CERTAIN LAWS, PROVISIONS,
L0:AND CLAUSES TO THE ACQUISITION OF COMMERCIAL PRODUCTS,
L0:COMMERCIAL SERVICES, AND COMMERCIALLY AVAILABLE OFF-THE-
L0:SHELF ITEMS

212.001-70 Applicability

Status: active

L0:212.001-70 Applicability.

L1:(a) FAR part 12 procedures. Use of FAR part 12 procedures is based on applicability
L0:of one of the following statutes that provide for treatment as a commercial product or
L0:commercial service and use of FAR part 12 procedures, even though the item may not
L0:meet the definition of ?commercial product? or ?commercial service? at FAR 2.101 and
L0:does not require a commercial product or commercial service determination:

L1:(1) 41 U.S.C. 1903 - Supplies or services to be used to facilitate defense against
L0:or recovery from cyber, nuclear, biological, chemical, or radiological attack pursuant to
L0:FAR 12.001(b).

L1:(2) 10 U.S.C. 3457 - Supplies or services from nontraditional defense
L0:contractors pursuant to paragraph (d) of this section.

L1:(3) 10 U.S.C. 3458 - Supplies or services resulting from a commercial solutions
L0:opening pursuant to subpart 212.70.

L1:(b) Prior commercial product or commercial service determinations.

L1:(1) Pursuant to 10 U.S.C. 3456(c), except as provided in paragraph (b)(2)(i) of
L0:this section or unless the item was acquired pursuant to paragraph (a) of this section, if
L0:the Commercial Item Database (for website see PGI 212.001-70(b)(A)(1) contains a prior
L0:commerciality determination, or the contracting officer has other evidence that an item
L0:has previously been acquired by DoD using commercial product and commercial service
L0:acquisition procedures under FAR part 12, then the prior contract must serve as a prior
L0:determination that an item is a commercial product or commercial service. The
L0:contracting officer must document the file accordingly.

L2:(2)(i) If the item to be acquired meets the criteria in paragraph (b)(1) of this
L0:section, the item may not be acquired using other than FAR part 12 procedures
L0:unless the head of the contracting activity issues a determination as specified in
L0:paragraph (b)(2)(ii)(B) of this section.

L1:(ii) Pursuant to 10 U.S.C. 3703(d)(1), the contracting officer may presume
L0:that a prior commercial product or commercial service determination made by a DoD
L0:department, agency, or component serves as a determination for subsequent
L0:procurements of such item. In accordance with 10 U.S.C. 3703(d) and 10 U.S.C.

L0:3456(c), if the contracting officer questions a prior determination to use FAR part 12 L0:procedures and instead chooses to proceed with a procurement of an item previously L0:determined to be a commercial product or commercial service using procedures other L0:than FAR part 12 procedures, the contracting officer must request a review by the head L0:of the contracting activity that will conduct the procurement. Not later than 30 days L0:after receiving a request for review, the head of the contracting activity will?

L0:appropriate and still applicable; or

L1:(A) Confirm that the prior use of FAR part 12 procedures was

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(B) Issue a determination that the prior use of FAR part 12 procedures

L0:was improper or that it is no longer appropriate to acquire the item using FAR part 12

L0:procedures, with a written explanation of the basis for the determination.

L1:(c) Commercial product or commercial service determination. Unless the procedures

L0:in paragraph (b) of this section are applicable, when using FAR part 12 procedures for

L0:acquisitions of commercial products and commercial services that exceed the simplified

L0:acquisition threshold, the contracting officer must?

L1:(1) Determine in writing that the acquisition meets the ?commercial product? or

L0:?commercial service? definition in FAR 2.101;

L1:(2) Include the written determination in the contract file;

L1:(3) Obtain approval at one level above the contracting officer when a

L0:commercial product or commercial service determination relies on paragraphs (1)(ii),

L1:(3), or (4) of the ?commercial product? definition at FAR 2.101 or paragraph (2) of the

L0:?commercial service? definition at FAR 2.101; and

L1:(4) Follow the procedures and guidance at PGI 212.001-70(b) regarding file

L0:documentation and commercial product or commercial service determinations.

L1:(d) Nontraditional defense contractors. In accordance with 10 U.S.C. 3457,

L0:contracting officers?

L1:(1) Except as provided in paragraph (d)(2) of this section, may treat supplies

L0:and services provided by nontraditional defense contractors as commercial products or

L0:commercial services (see PGI 212.001-70(d)(1));

L1:(2) Will treat services provided by a business unit that is a nontraditional

L0:defense contractor as commercial services, to the extent that such services use the same

L0:pool of employees as used for commercial customers and are priced using methodology

L0:similar to methodology used for commercial pricing; and

L1:(3) Will document the file when treating supplies or services from a

L0:nontraditional defense contractor as commercial products or commercial services in

L0:accordance with paragraph (d)(1) or (2) of this section.

L1:(e) Commercial item guidebook. For a link to the commercial item guidebook, see

L0:PGI 212.001-70.

212.070 Definition

Status: active

L0:212.070 Definition.

L0:As used in this part?

L0:“Market research” means a review of existing systems, subsystems, capabilities, and technologies that are available or could be made available to meet the needs of DoD in whole or in part. The review must include, at a minimum, contacting knowledgeable individuals in Government and industry regarding existing market capabilities and pricing information, and may include any of the techniques for conducting market research provided in FAR part 10 (section 855 of the National Defense Authorization Act for Fiscal Year 2016 (Pub. L. 114-92)).

212.102-70 Restricting competition. See PGI 212.102-70 for guidance on promoting

Status: active

L0:212.102-70 Restricting competition. See PGI 212.102-70 for guidance on promoting competition.

L1:(a) For non-competitive follow-on acquisitions of supplies or services previously awarded on a non-competitive basis, include the additional documentation required by

206.104-71 and follow the procedures at PGI 206.104-71

Status: active

L0:206.104-71 and follow the procedures at PGI 206.104-71.

L1:(b) In accordance with section 888(a) of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114-328), the documentation addressed in FAR 12.102 is required to use brand name or equal descriptions or proprietary specifications and standards.

212.102-71 Only one offer

Status: active

L0:212.102-71 Only one offer.

L0:If only one offer is received in response to a competitive solicitation issued using simplified acquisition procedures for commercial products and commercial services, follow the procedures at 215.202-71.

212.104-70 Contract type

Status: active

L0:212.104-70 Contract type.

L0:In accordance with section 805 of the National Defense Authorization Act for Fiscal

L0:Year 2008 (Pub. L. 110-181), use of time-and-materials and labor-hour contracts for the
L0:acquisition of commercial services is authorized only for the following:
L1:(a) Services acquired for support of a commercial product, as described in paragraph
L1:(1) of the definition of "commercial service" at FAR 2.101 (41 U.S.C. 103a).
L1:(b) Emergency repair services.
L1:(c) Any other commercial services only to the extent that the head of the agency
L0:concerned approves a written determination by the contracting officer that?
L1:(1) The services to be acquired are commercial services as defined in paragraph
L1:(2) of the definition of "commercial service" at FAR 2.101 (41 U.S.C. 103a);
L1:(2) If the services to be acquired are subject to FAR 15.403-2, the offeror of the
L0:services has submitted sufficient information in accordance with that subsection;
L1:(3) Such services are commonly sold to the public through use of time-and-
L0:materials or labor-hour contracts; and
L1:(4) The use of a time-and-materials or labor-hour contract type is in the best
L0:interest of the Government.

212.106 Technical data

Status: active

L0:212.106 Technical data.
L0:The DoD policy for acquiring technical data for commercial products or commercial
L0:services is at 227.7102.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212

212.107-70 Computer software

Status: active

L0:212.107-70 Computer software.
L1:(a) Departments and agencies must identify and evaluate, at all stages of the
L0:acquisition process (including concept refinement, concept decision, and technology
L0:development), opportunities for the use of commercial computer software and other non-
L0:developmental software in accordance with Section 803 of the National Defense
L0:Authorization Act for Fiscal Year 2009 (Pub. L. 110-417).
L1:(b) See Subpart 208.74 when acquiring commercial software or software
L0:maintenance. See 227.7202 for policy on the acquisition of commercial computer
L0:software and commercial computer software documentation.

212.170 Major weapon systems as commercial products

Status: active

L0:212.170 Major weapon systems as commercial products.
L0:The DoD policy for acquiring major weapon systems as commercial products is in

L0:subpart 234.70.

212.171 Limitation on acquisition of right-hand drive passenger sedans

Status: active

L0:212.171 Limitation on acquisition of right-hand drive passenger sedans.
L0:10 U.S.C. 2253(a)(2) limits the authority to purchase right-hand drive passenger sedans
L0:to a cost of not more than \$55,000 per vehicle.

212.172 Preference for certain commercial products and commercial services

Status: active

L0:212.172 Preference for certain commercial products and commercial services.
L1:(a) As required by section 855 of the National Defense Authorization Act for Fiscal
L0:Year 2016 (Pub. L. 114-92), for requirements relating to the acquisition of commercial
L0:information technology products and services, see 239.101.
L2:(b)(1) As required by section 876 of the National Defense Authorization Act of Fiscal
L0:Year 2017 (Pub. L. 114-328), a contracting officer may not enter into a contract above
L0:the simplified acquisition threshold for facilities-related services, knowledge-based
L0:services (except engineering services), medical services, or transportation services that
L0:are not commercial services unless the appropriate official specified in paragraph (b)(2)
L0:of this section determines in writing that no commercial services are suitable to meet
L0:the agency's needs as provided in 10 U.S.C. 3453(c)(2).
L1:(2) The following officials are authorized to make the determination specified in
L0:paragraph (b)(1) of this section:
L1:(i) For contracts above \$10 million, the head of the contracting activity, the
L0:combatant commander of the combatant command concerned, or the Under Secretary of
L0:Defense for Acquisition and Sustainment (as applicable).
L1:(ii) For contracts in an amount above the simplified acquisition
L0:threshold and at or below \$10 million, the contracting officer.

212.173 Procedures for solicitation

Status: active

L0:212.173 Procedures for solicitation.
L1:(a) See 215.103-270 for the limitations and prohibitions on the use of the lowest
L0:price technically acceptable source selection process, which are applicable to the
L0:acquisition of commercial products and commercial services.
L1:(b) See 217.7801 for the prohibition on the use of reverse auctions for personal
L0:protective equipment and aviation critical safety items.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212
L1:(c) See 204.7603 for procedures on the required use of Supplier Performance Risk

L0: System risk assessments as part of the award decision.

L1:(d) See subpart 212.70 for acquisitions resulting from a commercial solutions

L0: opening.

L1:(e) See 215.103-170 and 225.7024 for the acquisition of fuel for overseas contingency

L0: operations.

L1:(f) See the procedures at PGI 205.102-70 for use of the Solicitation Module within

L0: the Procurement Integrated Enterprise Environment.

L1:(g) See limitations on the use of tiered evaluation of offers at 215.102-70.

212.201 Solicitation procedures

Status: active

L0: 212.201 Solicitation procedures.

212.201-1 Simplified procedures

Status: active

L0: 212.201-1 Simplified procedures.

L1:(e) Other flexibilities.

L1:(3) Blanket purchase agreement. See PGI 212.201-1 Simplified Procedures.

212.203 Evaluation

Status: active

L0: 212.203 Evaluation.

L3:(a)(1)(i) Include an evaluation factor regarding supply chain risk (see subpart

L0: 239.70) when acquiring information technology, whether as a service or as a supply,

L0: that is a covered system, is a part of a covered system, or is in support of a covered

L0: system, as defined in 239.7001.

L1:(ii) When acquiring transportation or transportation related services, see

L0: PGI 212.203.

212.204 Award

Status: active

L0: 212.204 Award.

L1:(a) Price reasonableness.

L1:(1) In accordance with 10 U.S.C. 3453(d), agencies must conduct or obtain

L0: market research to support the determination of the reasonableness of price for

L0: commercial products and commercial services contained in any bid or offer submitted in

L0: response to an agency solicitation. To the extent necessary to support such market

L0: research, the contracting officer?

L1:(i) In the case of major weapon systems, for subsystems of major weapon
L0:systems and components and spare parts of major weapon systems and of subsystems of
L0:major weapon systems acquired as commercial products in accordance with subpart
L0:234.70, must use information submitted under 234.7002(e); and
L1:(ii) In the case of other items, may require the offeror to submit other
L0:relevant information.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212
L1:(2) If the contracting officer determines that the information obtained through
L0:market research pursuant to paragraph (1) of this section is insufficient to determine
L0:the reasonableness of price, the contracting officer must consider information submitted
L0:by the offeror of recent purchase prices paid by the Government and commercial
L0:customers for the same or similar commercial products or commercial services under
L0:comparable terms and conditions in establishing price reasonableness on a subsequent
L0:purchase if the contracting officer is satisfied that the prices previously paid remain a
L0:valid reference for comparison. In assessing whether the prices previously paid remain
L0:a valid reference for comparison, the contracting officer must consider the totality of
L0:other relevant factors such as the time elapsed since the prior purchase and any
L0:differences in the quantities purchased (10 U.S.C. 3703(e)).
L1:(3) If the contracting officer determines that the offeror cannot provide
L0:sufficient information as described in paragraph (2) of this section to determine the
L0:reasonableness of price, the contracting officer should request the offeror to submit
L0:information on?
L1:(i) Prices paid for the same or similar items sold under different terms and
L0:conditions;
L1:(ii) Prices paid for similar levels of work or effort on related products or
L0:services;
L1:(iii) Prices paid for alternative solutions or approaches; and
L1:(iv) Other relevant information that can serve as the basis for determining
L0:the reasonableness of price.
L1:(4) The contracting officer is not restricted from requiring the contractor to
L0:supply sufficient information to determine the reasonableness of price, regardless of
L0:whether or not the contractor was required to provide such information in connection
L0:with any earlier procurement. If the contracting officer determines that the pricing
L0:information submitted is not sufficient to determine the reasonableness of price, the
L0:contracting officer should request other information regarding the basis for price or cost,
L0:including uncertified cost or pricing data such as labor costs, material costs, and other
L0:direct and indirect costs.

212.205 Solicitation provisions and contract clauses

Status: active

L0:212.205 Solicitation provisions and contract clauses.
L0:See DoD Class Deviation 2023-O0008, Commercial Products and Commercial Services

L0:Omnibus Clause for Acquisitions Using the Procurement Desktop-Defense System,
L0:issued September 18, 2023. This class deviation allows the contracting officer to use the
L0:PD2 clause logic capability to automatically select the clauses that are applicable to the
L0:specific solicitation and contract. The contracting officer must ensure that the deviation
L0:clause is incorporated into these solicitations and contracts because the deviation clause
L0:fulfills the statutory requirements on auditing and subcontract clauses applicable to
L0:commercial products and commercial services. The deviation also authorizes
L0:adjustments to the deviation clause required by future changes to the clause at FAR

52.212-5 that are published in the FAR. This deviation is effective for 3 years, or until

212.205-71 Additional provisions and clauses that apply to DoD solicitations

Status: active

L0:212.205-71 Additional provisions and clauses that apply to DoD solicitations

L0:and contracts using FAR part 12 procedures for the acquisition of commercial

L0:products and commercial services.

L0:If the offeror has completed any of the following provisions listed in this paragraph

L0:electronically as part of its annual representations and certifications at

L0:<https://www.sam.gov>, the contracting officer must consider this information instead of

L0:requiring the offeror to complete these provisions for a particular solicitation. The

L0:contracting officer must not use other FAR or DFARS provisions and clauses unless

L0:required by the FAR or DFARS or consistent with customary commercial practices

L0:(section 874(b)(1)(A), Pub. L. 114-328).

L1:(a) Insert the clause at 252.225-7028, Exclusionary Policies and Practices of Foreign

L0:Governments, as prescribed in 225.7307(b), to comply with 22 U.S.C. 2755.

L1:(b) Insert the clause 252.247-7025, Reflagging or Repair Work, as prescribed in

L0:247.574(b), to comply with 10 U.S.C. 2631(b).

212.401-70 General

Status: active

L0:212.401-70 General.

L0:See DoD Class Deviation 2024-O0011, Special Acquisition Authority for Rapid

L0:Contracting for Combatant Commanders, issued April 15, 2024. When approved in
L0:accordance with this class deviation, contracting officers may use certain temporary
L0:special acquisition authorities for covered contracts, including purchases and/or
L0:payments made with the Governmentwide commercial purchase card, that directly
L0:support covered operations through September 30, 2028. Combatant commanders will
L0:provide a written determination requesting use of the special acquisition authorities.
L0:These authorities include higher micro-purchase thresholds for purchases that directly
L0:support covered operations, as defined in the class deviation. This deviation is effective
L0:until September 30, 2028, unless otherwise rescinded.
L1:(a) Apply the prohibition at 223.7402 to purchases at or below the micro-purchase
L0:threshold.
L1:(b) See PGI 212.401-70 for guidance on use of the higher micro-purchase thresholds
L0:to support a declared contingency operation or to facilitate defense against or recovery
L0:from nuclear, biological, chemical, or radiological attack.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212

212.403 Methods

Status: active

L0:212.403 Methods.
L2:(a)(1) The Governmentwide commercial purchase card.
L1:(i) Follow the procedures at PGI 212.403(a)(1)(i)(A) for authorizing,
L0:establishing, and operating a Governmentwide commercial purchase card program.
L1:(ii) "United States," as used in this section, means the 50 States and the
L0:District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, the
L0:Commonwealth of the Northern Mariana Islands, Guam, American Samoa, Wake
L0:Island, Johnston Island, Canton Island, the outer Continental Shelf, and any other
L0:place subject to the jurisdiction of the United States (but not including leased bases).
L1:(iii) Use the Governmentwide commercial purchase card as the method of
L0:purchase and/or method of payment for purchases valued at or below the micro-
L0:purchase threshold. This policy applies to all types of contract actions authorized by the
L0:FAR unless?
L1:(A) The Deputy Secretary of Defense has approved an exception for an
L0:electronic commerce/electronic data interchange system or operational requirement that
L0:results in a more cost-effective payment process;
L0:Service (SES) makes a written determination that?
L2:(B)(1) A general or flag officer or a member of the Senior Executive
L0:accept the purchase card; and
L1:(i) The source or sources available for the supply or service do not
L0:purchase card.
L1:(ii) The contracting office is seeking a source that accepts the
L1:(2) To prevent mission delays, if an activity does not have a resident
L0:general or flag officer or SES member, delegation of this authority to the level of the

L0:senior local commander or director is permitted; or

L0:criteria:

L1:(C) The purchase or payment meets one or more of the following

L0:and its outlying areas.

L1:(1) The place of performance is entirely outside the United States

L0:or oil.

L1:(2) The purchase is a Standard Form 44 purchase for aviation fuel

L1:(3) The purchase is an overseas transaction by a contracting officer

L0:in support of a contingency operation as defined in 10 U.S.C. 101(a)(13) or a

L0:humanitarian or peacekeeping operation as defined in 10 U.S.C. 3015(2).

L0:specialized activities addressed by Part 2.7 of Executive Order 12333.

L1:(4) The purchase is a transaction in support of intelligence or other

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L0:overseas contingency, humanitarian, or peacekeeping operations.

L1:(5) The purchase is for training exercises in preparation for

L1:(6) The payment is made with an accommodation check.

L1:(7) The payment is for a transportation bill.

L0:does not permit use of the Governmentwide commercial purchase card.

L1:(8) The purchase is under a Federal Supply Schedule contract that

L1:(9) The purchase is for medical services and?

L1:(i) It involves a controlled substance or narcotic;

L0:Record to document the nature of the care purchased;

L1:(ii) It requires the submission of a Health Care Summary

L1:(iii) The ultimate price of the medical care is subject to an

L0:independent determination that changes the price paid based on application of a

L0:mandatory CHAMPUS Maximum Allowable Charge determination that reduces the

L0:Government liability below billed charges;

L0:for the services without the use of a purchase card;

L1:(iv) The Government already has entered into a contract to pay

L1:(v) The purchaser is a beneficiary seeking medical care; or

L1:(vi) The senior local commander or director of a hospital or

L0:laboratory determines that use of the purchase card is not appropriate or cost-effective.

L0:The Medical Prime Vendor Program and the DoD Medical Electronic Catalog Program

L0:are two examples where use of the purchase card may not be cost-effective.

L1:(iv) An individual appointed in accordance with 201.403-2(a)(1) also may

L0:use the Governmentwide commercial purchase card to make a purchase that exceeds

L0:the micro-purchase threshold but does not exceed \$25,000, if?

L1:(A) The purchase?

L1:(1) Is made outside the United States for use outside the United

L0:States; and

L0:the United States;

L1:(2) Is for a commercial product or commercial service; but

L1:(3) Is not for work to be performed by employees recruited within

L0:from or through, sources identified in FAR Subpart 25.7;

L1:(4) Is not for supplies or services originating from, or transported
L1:(5) Is not for ball or roller bearings as end items;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212
L1:(6) Does not require access to classified or Privacy Act information;
L1:(7) Does not require transportation of supplies by sea; and
L1:(B) The individual making the purchase?
L1:(1) Is authorized and trained in accordance with agency
L1:(2) Complies with the requirements of FAR 8.103 in making the
L0:and
L0:procedures;
L0:purchase; and
L0:accordance with FAR 12.201-4(c).
L1:(3) Seeks maximum practicable competition for the purchase in
L1:(v) A contracting officer supporting a contingency operation as defined in 10
L0:U.S.C. 101(a)(13) or a humanitarian or peacekeeping operation as defined in 10 U.S.C.
L0:3015(2) may use the Governmentwide commercial purchase card to make a purchase
L0:that exceeds the micro-purchase threshold but does not exceed the simplified
L0:acquisition threshold, if?
L1:(A) The supplies or services being purchased are immediately available;
L1:(B) One delivery and one payment will be made; and
L1:(C) The requirements of paragraphs (iv)(A) and (B) of this section are
L0:met.
L1:(vi) The contracting officer must not authorize the Governmentwide
L0:commercial purchase card as a method of payment if the contract includes the clause at
L0:FAR 52.229-12, Tax on Certain Foreign Procurements, unless the contract also includes
L0:the clause at 252.229-7014, Full Exemption from Two-Percent Excise Tax on Certain
L0:Foreign Procurements, indicating that the contractor is fully exempt from the tax.
L1:(vii) Guidance on DoD purchase, travel, and fuel card programs is available
L0:in the ?Department of Defense Government Charge Card Guidebook for Establishing
L0:and Managing Purchase, Travel, and Fuel Card Programs? at
L0:<https://www.acq.osd.mil/asda/dpc/ce/pc/docs-guides.html>. Additional guidance on
L0:the fuel card programs is available at
L0:<https://www.dla.mil/Energy/Offers/Products/GovernmentFuel/>.
L1:(viii) When the Governmentwide commercial purchase card is used as a
L0:method of payment for contracts or orders, follow the procedures at 232.7002(a)(5) and
L0:PGI 242.302(a)(13)(B)(3).
L2:(a)(2) Purchase orders.
L1:(i) Contracting officers must obtain written acceptance of purchase orders
L0:and modifications of purchase orders for classified acquisitions.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212
L1:(ii) See PGI 213.403(a)(2)(ii)(A) for guidance on the use of unilateral
L0:modifications.
L1:(iii) A supplemental agreement converts a unilateral purchase order to a

L0:bilateral agreement. If not previously included in the purchase order, incorporate the
L0:clause at 252.243-7001, Pricing of Contract Modifications, in the Standard Form 30, and
L0:obtain the contractor's acceptance by signature on the Standard Form 30.

L1:(iv) Clauses.

L0:in all bilateral purchase orders.

L1:(A) Insert the clause at 252.243-7001, Pricing of Contract Modifications,

L1:(B) When using the clause at FAR 52.213-4, delete the reference to the

L0:clause at FAR 52.225-1, Buy American?Supplies. Instead, if the Buy American statute

L0:applies to the acquisition, insert the clause at?

L0:Program, or the appropriate alternate, as prescribed at 225.1101(2); or

L1:(1) 252.225-7001, Buy American and Balance of Payments

L0:Payments Program, or the appropriate alternate, as prescribed at 225.1101(10).

L1:(2) 252.225-7036, Buy American-Free Trade Agreements-Balance of

L3:(b)(2)(i) The micro-purchase limitation applies to all purchases, except that

L0:purchases not exceeding the simplified acquisition threshold may be made for?

L1:(A) Fuel and oil. U.S. Government fuel cards may be used in lieu of an

L0:SF 44 for fuel, oil, and authorized refueling-related items (see PGI 212.403(b)(2)(i)(1)

L0:for procedures on use of fuel cards);

L1:(B) Overseas transactions by contracting officers in support of a

L0:contingency operation as defined in 10 U.S.C. 101(a)(13) or a humanitarian or

L0:peacekeeping operation as defined in 10 U.S.C. 3015(2); and

L0:activities addressed by Part 2.7 of Executive Order 12333.

L1:(C) Transactions in support of intelligence and other specialized

L1:(ii) See PGI 212.403(b)(2)(ii)(2) for procedures on use of forms for purchases

L0:made using simplified acquisition procedures.

L2:(c)(1) On a very limited basis, installation commanders and commanders of other

L0:activities with contracting authority may be granted authority to establish imprest

L0:funds and third party draft (accommodation check) accounts. Use of imprest funds and

L0:third party drafts must comply with?

L1:(i) DoD 7000.14-R, DoD Financial Management Regulation, Volume 5,

L0:Disbursing Policy and Procedures; and

L1:(ii) The Treasury Financial Manual, Volume I, Part 4, Chapter 3000.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(2) Use of imprest funds requires approval by the Director for Financial Commerce,

L0:Office of the Deputy Chief Financial Officer, Office of the Under Secretary of Defense

L1:(Comptroller), except as provided in paragraph (c)(3) of this subsection.

L1:(3) Imprest funds are authorized for use without further approval for?

L1:(i) Overseas transactions at or below the micro-purchase threshold in

L0:support of a contingency operation as defined in 10 U.S.C. 101(a)(13) or a humanitarian

L0:or peacekeeping operation as defined in 10 U.S.C. 3015(2); and

L1:(ii) Classified transactions.

212.7000 Scope of subpart

Status: active

L0:212.7000 Scope of subpart.

L0:This subpart implements 10 U.S.C. 3458 for the acquisition of innovative commercial

L0:products or commercial services through the use of a general solicitation known as a

L0:commercial solutions opening (CSO).

212.7001 Definition

Status: active

L0:212.7001 Definition.

L0:As used in this subpart?

L0:Innovative? means?

L1:(a) Any technology, process, or method, including research and development, that is

L0:new as of the date of submission of a proposal; or

L1:(b) Any application that is new as of the date of submission of a proposal of a

L0:technology, process, or method existing as of such date.

212.7002 Policy

Status: active

L0:212.7002 Policy.

L1:(a) Contracting officers may only use a CSO?

L1:(1) To obtain innovative solutions or potential capabilities that fulfill

L0:requirements;

L1:(2) To close capability gaps, or provide potential innovative technological

L0:advancements; and

L1:(3) When meaningful proposals with varying technical or scientific approaches

L0:can be reasonably anticipated.

L1:(b) Notwithstanding FAR 12.104, contracting officers must use fixed-price type

L0:contracts, including fixed-price incentive contracts, for awards resulting from a CSO.

L0:When using a fixed-price incentive contract, see subpart 16.4 for additional

L0:requirements.

L1:(c) Contracting officers must treat products and services acquired using a CSO as

L0:commercial products or commercial services.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(d) When using a CSO to acquire research and development, contracting officers

L0:must use the procedures of this subpart in conjunction with FAR part 35 and part 235.

L0:A CSO is not subject to the limitations at 235.016 and may be used to fulfill

L0:requirements for research and development, ranging from advanced component

L0:development through operational systems development.

212.7003 Limitations

Status: active

L0:212.7003 Limitations.

L0:Contracting officers must follow the procedures at PGI 212.7003 to obtain senior

L0:procurement executive approval to award a contract in excess of \$100 million resulting

L0:from a CSO.

212.7004 Procedures

Status: active

L0:212.7004 Procedures.

L0:This section prescribes procedures for the use of a CSO.

L1:(a) The CSO must?

L1:(1) Describe the agency's interest for an individual program requirement or for

L0:broadly defined areas of interest covering the full range of the agency's requirements;

L1:(2) Specify the technical data required that may be necessary to meet DoD's

L0:minimum requirements (see 227.7102 and 227.7202);

L1:(3) Describe the evaluation factors for selecting proposals to include?

L1:(i) Technical and importance to agency programs as the primary evaluation

L0:factors;

L1:(ii) Price to the extent appropriate, but at a minimum to determine that the

L0:price is fair and reasonable; and

L1:(iii) Relative importance of the factors, and the method of evaluation;

L1:(4) Specify the period of time during which proposals submitted in response to

L0:the CSO will be accepted; and

L1:(5) Contain instructions for the preparation and submission of proposals.

L1:(b) The contracting officer must publicize the CSO through the Governmentwide

L0:point of entry and, if authorized pursuant to FAR subpart 5.5, may also publish a notice

L0:regarding the CSO in noted scientific, technical, or engineering periodicals. The

L0:contracting officer must publish the notice at least annually.

L1:(c) Proposals received in response to the CSO must be evaluated in accordance with

L0:evaluation factors specified therein through a scientific, technological, or other subject-

L0:matter expert peer review process. Written evaluation reports on individual proposals

L0:are required, but proposals need not be evaluated against each other since they are not

L0:submitted in response to a common performance work statement or statement of work.

L1:(d) Synopsis of proposed contract actions under FAR subpart 5.1 of individual

L0:contract actions based upon proposals received in response to the CSO is not required.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L0:The notice published pursuant to paragraph (b) of this section fulfills the synopsis

L0:requirement.

L1:(e) When a small business concern would otherwise be selected for award but is

L0:considered not responsible, follow the Small Business Administration Certificate of

L0:Competency procedure (see FAR subpart 19.204).

L1:(f) The contracting officer must document the decision that the requirements of this

L0:subpart have been met and include the documentation in the contract file.

212.7005 Congressional notification

Status: active

L0:212.7005 Congressional notification.

L0:See PGI 212.7005 for congressional notification requirements for contracts valued at

L0:more than \$100 million that are awarded pursuant to a CSO.

212.7201 Applicability of certain laws to executive agency contracts for the

Status: active

L0:212.7201 Applicability of certain laws to executive agency contracts for the

L0:acquisition of commercial products and commercial services.

L0:See PGI 212.7201 Applicability of Certain Laws to Executive Agency Contracts for the

L0:Acquisition of Commercial Products and Commercial Services.

212.7202 are also not applicable or are modified in their applicability to contracts for the

Status: active

L0:212.7202 are also not applicable or are modified in their applicability to contracts for the

L0:acquisition of COTS items. In addition to the laws listed at

L0:<https://www.acquisition.gov/inapplicable> laws as specifically not applicable to COTS items,

L0:the following laws are not applicable to contracts for the acquisition of COTS items:

L1:(1) 10 U.S.C. 391, Reporting on Cyber Incidents with Respect to Networks and

L0:Information Systems of Operationally Critical Contractors and Certain Other Contractors,

L0:and 10 U.S.C. 393, Reporting on Penetrations of Networks and Information Systems of

L0:Certain Contractors.

L1:(2) Paragraph (a)(1) of 10 U.S.C. 4863, Requirement to buy strategic materials critical to

L0:national security from American sources, except as provided at 225.7003-3(b)(2)(i).

L1:(3) Paragraph (a)(1) of 10 U.S.C. 4872, Prohibition on acquisition of sensitive materials

L0:from non-allied foreign nations, except as provided at 225.7018-3(c)(1).

212.7203 Applicability of certain laws to contracts for the acquisition of COTS

Status: active

L0:212.7203 Applicability of certain laws to contracts for the acquisition of COTS

L0:items. Commercially available off-the-shelf (COTS) items are a subset of

L0:commercial products.

L0:See PGI 212.7203 Applicability of certain laws to contracts for the acquisition of COTS

L0:items. Commercially available off-the-shelf (COTS) items are a subset of commercial
L0:products.

212.7204 Inapplicability of certain provisions and clauses to contracts and

Status: active

L0:212.7204 Inapplicability of certain provisions and clauses to contracts and
L0:subcontracts for the acquisition of commercial products, commercial
L0:services, and commercially available off-the-shelf items.
L0:The following provisions and clauses, not expressly authorized in law, are not
L0:applicable to contracts for the acquisition of commercial products and commercial
L0:services:
L1:(a) FAR 52.204-22, Alternative Line Item Proposal.
L1:(b) 252.203-7003, Agency Office of the Inspector General.
L1:(c) 252.215-7007, Notice of Intent to Resolicit.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212

212.7205 Inapplicability of certain provisions and clauses to contracts for

Status: active

L0:212.7205 Inapplicability of certain provisions and clauses to contracts for
L0:the acquisition of commercially available off-the-shelf items.
L0:Commercially available off-the-shelf (COTS) items are a subset of commercial
L0:products. Therefore, the provisions and clauses listed in 212.7204 as not applicable
L0:to contracts or subcontracts for the acquisition of commercial products are also not
L0:applicable to contracts or subcontracts for the acquisition of COTS items. In
L0:addition, the following provisions and clauses published after October 13, 1994, not
L0:expressly authorized in law, are not applicable or are modified in their applicability
L0:to contracts for the acquisition of COTS items:
L1:(a) FAR 52.204-21, Basic Safeguarding of Covered Contractor Information
L0:Systems.
L1:(b) 252.204-7008, Compliance with Safeguarding Covered Defense Information
L0:Controls.
L1:(c) 252.204-7012, Safeguarding Covered Defense Information and Cyber
L0:Incident Reporting.
L1:(d) 252.204-7019, Notice of NIST SP 800-171 DoD Assessment Requirements.
L1:(e) 252.204-7020, NIST SP 800-171 DoD Assessment Requirements.
L1:(f) 252.204-7021, Cybersecurity Maturity Model Certification Requirements.
L1:(g) 252.205-7000, Provision of Information to Cooperative Agreement Holders.
L1:(h) 252.270-7000, Pilot Program to Incentivize Contracting with Employee-
L0:Owned Businesses?Representation.
L1:(i) 252.270-7001, Pilot Program to Incentivize Contracting with Employee-Owned
L0:Businesses?Subcontracting Certification.

L1:(j) 252.270-7002, Pilot Program to Incentivize Contracting with Employee-Owned
L0:Businesses.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L0:PGI 212?ACQUISITION OF COMMERCIAL PRODUCTS AND COMMERCIAL

L0:SERVICES

L0:PGI 212.1?PRESOLICITATION

L0:PGI 212.001-70 Applicability.

L1:(b) Commercial product or commercial service determination.

L1:(A) Making the commercial product or commercial service determination.

L1:(1) Before making a commercial product or commercial service

L0:determination, the contracting officer must search the DoD Commercial Item Database at

L0:<https://piee.eb.mil> for the item and an associated commercial product or commercial service

L0:determination or the decision that the item is not commercial in accordance with the

L0:commercial product or commercial service definition at FAR 2.101.

L0:may?

L1:(2) In accordance with 10 U.S.C. 3456(b)(1), the contracting officer

L1:(i) Request support from the Defense Contract Management Agency

L1:(DCMA) by sending an email to DCMA Commercial Item Group (CIG) at [dcma.boston-](mailto:dcma.boston-ma.eastern-rc.mbx.Commercial@mail.mil)

L0:ma.eastern-rc.mbx.Commercial@mail.mil;

L0:Agency (DCAA) office;

L1:(ii) Request support from the cognizant Defense Contract Audit

L1:(iii) Request support from other appropriate experts in DoD such as

L0:program office technical evaluators, program managers, cognizant engineers, or other

L0:contracting officers; or

L1:(iv) Consider the views of appropriate public and private sector

L0:entities such as documents provided by the contractor asserting commerciality to

L0:include technical drawings, product or catalog descriptions, or national stock numbers.

L1:(3) The contracting officer may make the commercial product or

L0:commercial service determination or the decision that the item is other than commercial

L0:in accordance with the commercial product or commercial service definition at FAR

L0:2.101 or request a DCMA CIG contracting officer make the determination or the decision

L0:that the product or service is other than commercial in accordance with the commercial

L0:product or commercial service definition at FAR 2.101 by submitting a request to

L0:dcma.boston-ma.eastern-rc.mbx.Commercial@mail.mil. The contracting officer may

L0:withdraw the request at any point prior to the determination being made.

L1:(B) Documenting the commercial product or commercial service determination.

L1:(1) The contracting officer making the determination must document the

L0:market research and rationale supporting a conclusion that the product or service is

L0:commercial or is other than commercial and include it in the contract file.

L1:(2) Particular care must be taken when documenting determinations

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L0:involving items that are of a type customarily used by the general public or by

L0:nongovernmental entities, modifications of a type customarily available in the marketplace,
L0:and items only offered for sale, lease, or license to the general public but not yet actually
L0:sold, leased, or licensed. In these situations, the documentation must clearly detail the
L0:particulars of the items and modifications of a type and sales offers. When such items lack
L0:sufficient market pricing information, additional diligence must be given to determinations
L0:that prices are fair and reasonable as required by FAR subpart 15.4.

L1:(3) The contracting officer must include the part number, the national stock
L0:number, or both, as applicable, in the commercial product or commercial service
L0:determination or the decision that the product or service does not meet the commercial
L0:product or commercial service definition at FAR 2.101.

L1:(4) The contracting officer must include the commercial product or
L0:commercial service determination or the decision that the product or service does not
L0:meet the commercial product or commercial service definition at FAR 2.101 in the
L0:contract file.

L1:(C) DoD commercial item database. In accordance with 10 U.S.C.
L0:3456(b)(2), within 30 days of contract award, the contracting officer making the
L0:determination must upload the signed commercial product or service determination or the
L0:decision that the item does not meet the commercial product or commercial service
L0:definition at FAR 2.101 to the DoD Commercial Item Database at <https://piee.eb.mil>. The
L0:only documentation that is required to be uploaded to the database is the commercial
L0:product or service determination or the decision that the item is other than commercial.
L0:Contracting officers must avoid uploading any data marked as proprietary or controlled
L0:unclassified information to the Commercial Item Database. Additional information is
L0:available at <https://www.dcm.mil/commercial-item-group/>.

L1:(D) Prior commercial product or commercial service determination.

L1:(1) If a prior DoD commercial product or commercial service determination
L0:for the same product or service is made by a military department, defense agency, or
L0:another component of DoD, contracting officers may presume that the prior commercial
L0:product or commercial service determination must serve as a determination for subsequent
L0:procurements of such product or service, unless the process is followed to overturn the prior
L0:determination.

L1:(2) If the DoD Commercial Item Database contains a prior decision that a
L0:product or service does not meet the definition of a commercial product or commercial
L0:service at FAR 2.101, the contracting officer may use the prior decision to serve as the
L0:decision for subsequent procurements of the same product or service. To promote
L0:consistent acquisition procedures across DoD, contracting officers should consult
L0:contracting activities that regularly procure the product or service to understand the
L0:basis for determining that the product or service does not meet the commercial product
L0:or commercial service definition at FAR 2.101.

L1:(v) Commercial product or commercial service guidebook. See the
L0:Department of Defense Guidebook for Acquiring Commercial Items, Part A: Commercial
L0:Item Determination, for detailed guidance and practical examples on improving the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12
L0:Defense FAR Supplement (DFARS) Part 212
L0:consistency and timeliness of commercial product or commercial service determinations to

L0:include a template for new commercial product or commercial service determinations and
 L0:for general information related to commercial products or commercial services.
 L2:(d)(1) This permissive authority is intended to enhance defense innovation and
 L0:investment, enable DoD to acquire items that otherwise might not have been available, and
 L0:create incentives for nontraditional defense contractors to do business with DoD. It is not
 L0:intended to recategorize current other than commercial products or commercial services;
 L0:however, when appropriate, contracting officers may consider applying commercial product
 L0:or commercial service procedures to the procurement of supplies and services from
 L0:business segments that meet the definition of "nontraditional defense contractor" even
 L0:though they have been established under traditional defense contractors. The decision to
 L0:apply commercial product and commercial service procedures to the procurement of
 L0:supplies and services from nontraditional defense contractors does not require a
 L0:commercial product or commercial service determination and does not mean the item is
 L0:commercial.

L0:PGI 212.102-70 Promoting competition.

L0:For more information on the approaches that may be used to competitively fulfill DoD
 L0:requirements, see the Office of the Under Secretary of Defense for Acquisition, Technology,
 L0:and Logistics Guidelines for Creating and Maintaining a Competitive Environment for
 L0:Supplies and Services in the Department of Defense,
 L0:<https://www.acq.osd.mil/asda/dpc/cp/policy/competition.html>.

L0:PGI 212.2?SOLICITATION, EVALUATION, AND AWARD

L0:PGI 212.201 Solicitation procedures.

L0:PGI 212.201-1 Simplified procedures.

L1:(e) Other flexibilities

L1:(3) Blanket purchase agreement. Individual purchases for subsistence may be
 L0:made at any dollar value; however, the contracting officer must satisfy the competition
 L0:requirements of FAR part 6 for any action not using simplified acquisition procedures.

L0:PGI 212.203 Evaluation.

L1:(a) Factors.

L1:(1) Technical.

L1:(A) When acquiring transportation or transportation-related services, also
 L0:consider evaluating offers in accordance with the criteria at 247.206(1).

L1:(B) For the acquisition of transportation in supply contracts that will include a
 L0:significant requirement for transportation of items outside the contiguous United States, also
 L0:evaluate offers in accordance with the criterion at 247.301-71.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(C) For the direct purchase of ocean transportation services, also evaluate
 L0:offers in accordance with the criteria at 247.573-2(c).

L0:PGI 212.4?MICRO PURCHASES

L0:PGI 212.401-70 General.

L2:(b)(i) Higher micro-purchase thresholds are authorized for purchases that have a
 L0:clear and direct relationship to the support of a contingency operation; to facilitate
 L0:defense against or recovery from cyber, nuclear, biological, chemical, or radiological

L0:attack; to support a request from the Secretary of State or the Administrator of the
L0:United States Agency for International Development to facilitate provision of
L0:international disaster assistance pursuant to 22 U.S.C. 2292 et seq.; or to support
L0:response to an emergency or major disaster (42 U.S.C. 5122).

L1:(ii) "United States," as used in this section, is defined in FAR 2.101.

L1:(iii) Except as provided in paragraph (iv) of this section, the following tables

L0:illustrate the higher micro-purchase threshold based on the physical location of the
L0:Government purchaser and, for services, the place of performance:

L1:(A) For supplies?

L0:Government Purchaser Physical Location

L0:Authorized Micro-Purchase Threshold

L0:Inside United States

L0:Outside United States

L1:(B) For services?

L0:\$25,000

L0:\$40,000

L0:Government Purchaser

L0:Physical Location

L0:Place of

L0:Performance

L0:Authorized

L0:Micro-Purchase Threshold

L0:Inside United States

L0:Inside or outside United States

L0:Outside United States

L0:Inside United States

L0:Outside United States

L0:Outside United States

L0:\$25,000

L0:\$25,000

L0:\$40,000

L2:(iv)(A) Unless authorized by statute, Government purchasers physically

L0:located inside the United States are prohibited from using the higher micro-purchase

L0:threshold authorized for purchases made and/or with a place of performance outside

L0:the United States.

L0:chapter 67, Service Contract Labor Standards, remains at \$2,500.

L1:(B) The micro-purchase threshold for acquisitions subject to 41 U.S.C.

L1:(C) The micro-purchase threshold for acquisitions of construction

L0:subject to 40 U.S.C. chapter 31, subchapter IV, Wage Rate Requirements

L1:(Construction), remains at \$2,000.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(D) The higher micro-purchase thresholds in paragraph (g)(iii) of this

L0:section are not authorized for acquisitions supporting humanitarian or peacekeeping

L0:operations.

L0:PGI 212.403 Methods.

L4:(a)(1)(i)(A) A Governmentwide commercial purchase card program is authorized

L0:pursuant to a delegation of contracting authority and designation as a DoD contracting

L0:activity for the purpose of streamlining the purchase and payment processes for supplies

L0:and services by use of a Government-issued purchase card.

L1:(B) Governmentwide commercial purchase card programs cannot be

L0:established or operated unless contracting authority is granted in accordance with governing

L0:laws and regulations, and delegated through a contracting activity identified at PGI 202.101.

L0:Further guidance regarding establishment, operation, and oversight of Governmentwide

L0:commercial purchase card programs can be found in the ?Department of Defense

L0:Government Charge Card Guidebook for Establishing and Managing Purchase, Travel, and

L0:Fuel Card Programs? at <https://www.acq.osd.mil/asda/dpc/ce/pc/docs-guides.html>.

L4:(a)(2)(ii)(A) Generally, use unilateral modifications (see far 43.103) for?

L1:(1) No-cost amended shipping instructions if?

L0:order; and

L1:(i) The amended shipping instructions modify a unilateral purchase

L1:(ii) The contractor agrees orally or in writing; and

L1:(2) Any change made before work begins if?

L1:(i) The change is within the scope of the original order;

L1:(ii) The contractor agrees;

L0:agreement; and

L1:(iii) The modification references the contractor?s oral or written

L0:Solicitation/Modification of Contract, is annotated to reflect the authority for issuance of the

L0:modification.

L1:(iv) Block 13d of Standard Form 30, Amendment of

L4:(b)(2)(i)(1) Establish fuel card accounts?

L0:program manager for fuel cards (see

L0:<http://www.desc.dla.mil/dcm/files/cpmpps06022010.pdf>; and

L1:(i) For DoD customers, contact the service or agency component

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L0:manager identified at <http://www.desc.dla.mil/dcm/dcmpage.asp?pageid=41>.

L1:(ii) For non-DoD customers, contact the designated account

L0:guidance found at <http://www.desc.dla.mil/dcm/dcmpage.asp?pageid=28>.

L1:(2) Purchasers using the air card® and sea card® must follow the

L4:(b)(2)(ii)(2) Commercial products and commercial services. If SF 1449 is not used, use

L0:DD Form 1155 in accordance with paragraph (b)(2)(ii)(2)(3) of this section.

L1:(3) The DD Form 1155 is authorized for use for?

L1:(i) Orders placed in accordance with FAR part 8 and 16; and

L1:(ii) Classified acquisitions when the purchase is made within the

L0:United States. Attach the DD Form 254, Contract Security Classification Specification, to

L0:the purchase order.

L1:(iii) Do not use Optional Form 347, Order for Supplies or Services, or Optional

L0:Form 348, Order for Supplies or Services Schedule--Continuation.

L1:(iv) Use Standard Form 30, Amendment of Solicitation/Modification of Contract,
L0:to?

L1:(A) Modify a purchase order; or

L1:(B) Cancel a unilateral purchase order.

L0:PGI 212.70?DEFENSE COMMERCIAL SOLUTIONS OPENING

L0:PGI 212.7003 Limitations.

L1:(a) Prior to awarding a contract in excess of \$100 million pursuant to a commercial

L0:solutions opening (CSO), contracting officers must prepare a written determination for

L0:approval by the senior procurement executive that includes?

L1:(1) A description of the innovative commercial product, commercial service, or

L0:technology acquired;

L1:(2) A description of the requirement, capability gap, or potential technological

L0:advancement with respect to which the innovative commercial product, commercial service,

L0:or technology acquired provides a solution or a potential new capability;

L1:(3) A description of the efficacy of the effort to meet the mission needs of DoD or the

L0:relevant military department or defense agency;

L1:(4) The proposed contract award amount; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(5) The prospective contractor.

L1:(b) Include a copy of the approved determination in the contract file.

L0:PGI 212.7005 Congressional notification.

L0:Military departments and defense agencies must provide notification to the congressional

L0:defense committees no later than 45 days after the award of a contract valued at more than

L0:\$100 million resulting from a CSO.

L1:(a) The contracting officer must prepare a notice of award for the congressional defense

L0:committees that includes?

L1:(1) A description of the innovative commercial product, commercial service, or

L0:technology acquired;

L1:(2) A description of the requirement, capability gap, or potential technological

L0:advancement with respect to which the innovative commercial product, commercial service,

L0:or technology acquired provides a solution or a potential new capability;

L1:(3) The contract award amount; and

L1:(4) The contractor awarded the contract.

L1:(b) Submit the notice of award in accordance with department/agency procedures.

L1:(c) Include a copy of the notice of award in the contract file.

L0:PGI 212.72?APPLICABILITY OF CERTAIN LAWS TO THE ACQUISITION OF

L0:COMMERCIAL PRODUCTS, COMMERCIAL SERVICES, AND COMMERCIAL

L0:AVAILABLE OFF-THE-SHELF ITEMS

L0:PGI 212.7201 Applicability of certain laws to Executive agency contracts for the

L0:acquisition of commercial products and commercial services.

L1:(a) The following laws are not applicable to contracts for the acquisition of commercial

L0:products or commercial services:

L1:(i) 10 U.S.C. 3321(b), Prohibition on Contingent Fees.

L1:(ii) 10 U.S.C. 3741-3750, Allowable Costs Under Defense Contracts.

L1:(iii) 10 U.S.C. 3845, Contractor Inventory Accounting System Standards (see **L0:252.242-7004**).

L1:(iv) 10 U.S.C. 4651, note prec. (section 855, Pub. L. 117-81), Employment

L0:Transparency Regarding Individuals Who Perform Work in the People's Republic of China.

L1:(v) 10 U.S.C. 4656(a), Prohibition on Persons Convicted of Defense Related
L0:Felonies.

L1:(vi) 10 U.S.C. 4753(b), Requirement to Identify Suppliers.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(vii) 10 U.S.C. 4864, Miscellaneous Limitations on the Procurement of Goods Other

L0:Than United States Goods. 10 U.S.C. 4864 is not applicable to contracts valued at or below

L0:the simplified acquisition threshold.

L1:(viii) Section 8116 of the Defense Appropriations Act for Fiscal Year 2010 (Pub. L.

L0:111-118) (prohibits mandatory arbitration) and similar sections in subsequent DoD

L0:appropriations acts.

L1:(ix) Domestic Content Restrictions in the National Defense Appropriations Acts for

L0:Fiscal Years 1996 and Subsequent Years, unless the restriction specifically applies to

L0:commercial products or commercial services. For the restriction that specifically applies to

L0:commercial ball or roller bearings as end items, see 225.7009-3 (section 8065 of Pub. L.

L0:107-117).

L1:(c) The applicability of the following laws has been modified in regard to contracts for the

L0:acquisition of commercial products and commercial services:

L1:(i) 10 U.S.C. 3703, Truthful Cost or Pricing Data (see FAR 15.403-1(c)(3)).

L1:(ii) 10 U.S.C. 4655, Prohibition on Limiting Subcontractor Direct Sales to the United

L0:States (see FAR 3.503 and 52.203-6).

L0:PGI 212.7202 Applicability of certain laws to subcontracts for the acquisition of

L0:commercial products and commercial services.

L1:(a) The following laws are not applicable to subcontracts at any tier for the acquisition of

L0:commercial products, commercial services, or commercial components:

L1:(i) 10 U.S.C. 2391 note, Notification of Substantial Impact on Employment.

L1:(ii) 10 U.S.C. 2631, Transportation of Supplies by Sea (except as provided in the

L0:clause at 252.247-7023, Transportation of Supplies by Sea).

L1:(iii) 10 U.S.C. 3321(b), Prohibition on Contingent Fees.

L1:(iv) 10 U.S.C. 3741-3750, Allowable Costs Under Defense Contracts.

L1:(v) 10 U.S.C. 3841(d), Examination of Records of a Contractor.

L1:(vi) 10 U.S.C. 3845, Contractor Inventory Accounting System Standards.

L1:(vii) 10 U.S.C. 4651, note prec. (section 855, Pub. L. 117-81), Employment

L0:Transparency Regarding Individuals Who Perform Work in the People's Republic of China.

L1:(viii) 10 U.S.C. 4654, Prohibition Against Doing Business with Certain Offerors or

L0:Contractors.

L1:(ix) 10 U.S.C. 4656(a), Prohibition on Persons Convicted of Defense Related

L0:Felonies.

L1:(x) 10 U.S.C. 4753(b), Requirement to Identify Suppliers.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 12

L0:Defense FAR Supplement (DFARS) Part 212

L1:(xi) 10 U.S.C. 4801 note prec., Notification of Proposed Program Termination.

L1:(xii) 10 U.S.C. 4864, Miscellaneous Limitations on the Procurement of Goods Other

L0:Than United States Goods. 10 U.S.C. 4864 is not applicable to subcontracts valued at or

L0:below the simplified acquisition threshold.

L1:(xiii) Section 8116 of the Defense Appropriations Act for Fiscal Year 2010 (Pub.

L0:L. 111-118) (prohibits mandatory arbitration) and similar sections in subsequent DoD

L0:appropriations acts.

L1:(xiv) Domestic Content Restrictions in the National Defense Appropriations

L0:Acts for Fiscal Years 1996 and Subsequent Years, unless the restriction specifically applies

L0:to commercial products and commercial services. For the restriction that specifically applies

L0:to commercial ball or roller bearings as end items, see 225.7009-3

L0:(section 8065, Pub. L. 107-117).

L1:(b) Certain requirements of the following laws have been eliminated for subcontracts at

L0:any tier for the acquisition of commercial products, commercial services, or commercial

L0:components:

L1:(i) 10 U.S.C. 4654(d), Subcontractor Reports Under Prohibition Against Doing

L0:Business with Certain Offerors (see FAR 52.209-6).

L1:(ii) 10 U.S.C. 4655, Prohibition on Limiting Subcontractor Direct Sales to the United

L0:States (see FAR 3.503 and 52.203-6).

L1:(iii) 10 U.S.C. 4864, Miscellaneous Limitations on the Procurement of Goods Other

L0:Than United States Goods. 10 U.S.C. 4864 is not applicable to subcontracts at any tier

L0:valued at or below the simplified acquisition threshold.

L0:PGI 212.7203 Applicability of certain laws to contracts for the acquisition of COTS

L0:items. Commercially available off-the-shelf (COTS) items are a subset of commercial

L0:products.

L0:Therefore, any laws listed at [https://www.acquisition.gov/inapplicable laws](https://www.acquisition.gov/inapplicable_laws), PGI 212.7201, or

L0:SUBJECT: Class Deviation?Revolutionary Federal Acquisition Regulation (FAR) Overhaul

L0:Part 13, Defense FAR Supplement (DFARS) Part 213

L0:Effective February 1, 2026, contracting officers shall use?

L0:? The revised FAR Part 13, Simplified Procedures for Noncommercial Acquisitions,

L0:published on the Revolutionary FAR Overhaul web page at

L0:<https://www.acquisition.gov/far-overhaul/far-part-deviation-guide/far-overhaul-part->

L0:13 in lieu of the text codified at 48 CFR chapter 1 (<https://www.ecfr.gov>).

L0:? The attached DFARS Part 213, Simplified Procedures for Noncommercial

L0:Acquisitions, in lieu of the text codified at 48 CFR chapter 2; and

L0:? The DFARS Procedures, Guidance, and Information (PGI) 213, Simplified

L0:Procedures for Noncommercial Acquisitions in lieu of the PGI text published on the

L0:Defense Pricing, Contracting, and Acquisition Policy web page at

L0:<https://www.acq.osd.mil/dpap/dars/dfarspgi/current/index.html>.

L0:This class deviation implements the following:

L0:? Section 2 of E.O. 14275, Restoring Common Sense to Federal Procurement, which

L0:establishes the policy that the FAR ?should only contain provisions required by

L0:statute or essential to sound procurement, and any FAR provisions that do not
L0:advance these objectives should be removed.?

L0:DARS Tracking Number: 2026-O0029

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 13

L0:Defense FAR Supplement (DFARS) Part 213

L0:? Section 4(a) of E.O. 14265, Modernizing Defense Acquisitions and Spurring

L0:Innovation in the Defense Industrial Base which requires the Secretary of War to

L0:eliminate or revise any unnecessary supplemental regulations or any other internal

L0:guidance, such as relevant parts of the Financial Management Regulation and

L0:Defense Federal Acquisition Regulation Supplement.

L0:? The Office of Management and Budget memorandum, M-25-26 issued on

L0:May 2, 2025, titled, Overhauling the Federal Acquisition Regulation, which

L0:provided additional guidance to federal agencies regarding the FAR overhaul.

L0:This class deviation remains in effect until rescinded or incorporated into the FAR,

L0:DFARS, and DFARS PGI. Inquiries regarding this class deviation can be addressed to

L0:osd.pentagon.ousd-a-s.mbx.dfars@mail.mil.

L0:PART 213 ? SIMPLIFIED PROCEDURES FOR NONCOMMERCIAL

L0:ACQUISITIONS

L0:See DoD Class Deviation 2024-O0011, Special Acquisition Authority for Rapid

L0:Contracting for Combatant Commanders, issued April 15, 2024. When approved in

L0:accordance with this class deviation, contracting officers may use certain temporary

L0:special acquisition authorities for covered contracts, including purchases and/or

L0:payments made with the Governmentwide commercial purchase card, that directly

L0:support covered operations through September 30, 2028. Combatant commanders will

L0:provide a written determination requesting use of the special acquisition authorities.

L0:These authorities include higher micro-purchase thresholds for purchases that directly

L0:support covered operations, as defined in the class deviation. This deviation is effective

L0:until September 30, 2028, unless otherwise rescinded.

Status: active

L0:215.103 Developing a competitive source selection approach.

215.103-1 Tradeoff approach

Status: active

L0:215.103-1 Tradeoff approach.

215.103-170 Tradeoff approach when acquiring fuel for overseas

Status: active

L0:215.103-170 Tradeoff approach when acquiring fuel for overseas

L0:contingency operations.

L1:(a) Consider using a tradeoff approach as described at FAR 15.103-1 when

L0:conducting a source selection for the acquisition of fuel for an overseas contingency

L0:operation that is expected to exceed the simplified acquisition threshold (section 843

L0:of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2022 (Pub.

L0:L. 117-81)). Consider using the following evaluation factors for the acquisition:

L1:(1) Past performance.

L1:(2) Cost.

L1:(3) Anticorruption training.

L1:(4) Anticorruption compliance.

L1:(b) If not considered, prior to the issuance of the solicitation, prepare a written

L0:justification describing the reasons why a tradeoff approach was not considered.

L1:(1) Obtain approval by an official one level above the contracting officer.

L1:(2) Include the approved justification in the contract file.

215.103-2 Lowest price technically acceptable approach

Status: active

L0:215.103-2 Lowest price technically acceptable approach.

215.103-270 Limitations and prohibitions

Status: active

L0:215.103-270 Limitations and prohibitions.

L0:The following limitations and prohibitions apply when considering the use of the

L0:lowest price technically acceptable source selection procedures.

L1:(a) Limitations. Section 813 of the NDAA for FY 2017 (Pub. L. 114-328) limits

L0:use of the lowest price technically acceptable source selection approach.

L1:(1) Use the lowest price technically acceptable source selection approach

L0:when?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(i) Minimum requirements can be described clearly and comprehensively

L0:and expressed in terms of performance objectives, measures, and standards that

L0:will be used to determine the acceptability of offers,

L1:(ii) No, or minimal, value will be realized from a proposal that exceeds

L0:the minimum technical or performance requirements,

L1:(iii) The proposed technical approaches will require no, or minimal,

L0:subjective judgment by the source selection authority as to the desirability of one

L0:offeror's proposal versus a competing proposal,

L1:(iv) The source selection authority has a high degree of confidence that

L0:reviewing the technical proposals of all offerors would not result in the

L0:identification of characteristics that could provide value or benefit,

L1:(v) No, or minimal, additional innovation or future technological

L0:advantage will be realized by using a different source selection approach,

L1:(vi) The acquisition consists of goods that are predominantly expendable

L0:in nature, are nontechnical, or have a short life expectancy or short shelf life (See

L0:PGI 215.103.270(a)(1)(vi))

L1:(vii) The contract file contains a determination that the lowest price

L0:reflects full life-cycle costs (as defined at FAR 7.101) of the product(s) or service(s)

L0:being acquired (see PGI 215.103.270(a)(1)(vii) for information on obtaining this

L0:determination), and

L1:(viii) The contracting officer documents the contract file describing the
L0:circumstances justifying the use of the lowest price technically acceptable source
L0:selection approach.

L1:(2) Avoid using the lowest price technically acceptable source selection
L0:approach, to the maximum extent practicable, for acquisitions that are
L0:predominately for?

L1:(i) Information technology services, cybersecurity services, systems
L0:engineering and technical assistance services, advanced electronic testing, or other
L0:knowledge-based professional services;

L1:(ii) Items designated by the requiring activity as personal protective
L0:equipment (except see paragraph (b)(1) of this section); or

L1:(iii) Services designated by the requiring activity as knowledge-based
L0:training or logistics services in contingency operations or other operations outside
L0:the United States.

L1:(b) Prohibitions. Do not use the lowest price technically acceptable source
L0:selection approach to procure?

L1:(1) Items designated by the requiring activity as personal protective
L0:equipment or as an aviation critical safety item, for which the level of quality or
L0:failure of the equipment or item could result in combat casualties. (Section 814 of
L0:the NDAA for FY 2017 (Pub. L. 114-328) and section 882 of the NDAA for FY 2018
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L0:(Pub. L. 115-91)). See 252.209-7010 for the definition and identification of critical
L0:safety items.

L1:(2) Engineering and manufacturing development for a major defense
L0:acquisition program (10 U.S.C. 4232).

L1:(3) Auditing services. Make award decisions based on best value factors and
L0:criteria, as determined by the resource sponsor in accordance with agency
L0:procedures. (10 U.S.C. 240f)

215.103-70 Source selection approach when acquiring tents or other

Status: active

L0:215.103-70 Source selection approach when acquiring tents or other
L0:temporary structures.

L1:(a) When acquiring tents or other temporary structures for use by the Armed
L0:Forces, award contracts that provide the best value to the Government (section 368
L0:of the NDAA for FY 2012 (Pub. L. 112-81)).

L1:(1) Temporary structures are nonpermanent buildings, including tactical
L0:shelters, nonpermanent modular or pre-fabricated buildings, or portable or
L0:relocatable buildings, such as trailers or equipment configured for occupancy (see
L0:also 246.270-2).

L1:(2) Determination of best value includes consideration of the total life-cycle
L0:costs of such tents or structures, including the costs associated with any equipment,

L0:fuel, or electricity needed to heat, cool, or light such tents or structures (see FAR L0:7.103(a)(6) and PGI 207.104-70 (b)(1)(ii)).

L1:(b) The requirements of this section apply to any agency or department that

L0:acquires tents or other temporary structures on behalf of DoD (see FAR

L0:17.503(d)(2)).

215.104-70 Establishing competitive evaluation factors and significant

Status: active

L0:215.104-70 Establishing competitive evaluation factors and significant

L0:subfactors.

L0:Required factors.

L1:(a) In acquisitions that require use of the clause at FAR 52.219-9, Small

L0:Business Subcontracting Plan, other than those based on the lowest price

L0:technically acceptable source selection process (see FAR 15.103-2), the extent of

L0:participation of small businesses to include service-disabled veteran-owned small

L0:business concerns, HUBZone small business concerns, small disadvantaged

L0:business concerns, and women-owned small business concerns in performance of the

L0:contract must be addressed in source selection. The contracting officer must

L0:evaluate the extent to which offerors identify and commit to small business

L0:performance of the contract, whether as a joint venture, teaming arrangement, or

L0:subcontractor.

L1:(1) See PGI 215.104-70(a)(1) for examples of evaluation factors.

L1:(2) Proposals addressing the extent of small business performance must be

L0:separate from subcontracting plans submitted pursuant to the clause at FAR

52.219-9 to facilitate compliance with 252.219-7996(e) (15 U.S.C. 637(d)(7) and (9))

Status: active

L0:52.219-9 to facilitate compliance with 252.219-7996(e) (15 U.S.C. 637(d)(7) and (9)).

L1:(b) Consider the purchase of capital assets (including machine tools)

L0:manufactured in the United States, in source selections for all major defense

L0:acquisition programs (10 U.S.C. 4293).

L1:(c) Include an evaluation factor regarding supply chain risk (see subpart

L0:240.271) when acquiring information technology, whether as a service or as a

L0:applic that is a covered system, is a part of a covered system, or is in support of a

L0:covered system (See 240.271-2). For additional guidance see PGI 215.104-70(c).

L1:(d) Ensure source selections emphasize sustainment factors and objective

L0:reliability and maintainability evaluation criteria in competitive contracts for

L0:the?

L1:(1) Technical maturation and risk reduction phase of weapon system

L0:design (see guidance at PGI 207.104-70(b)(2)(v)(B)(2));

L1:(2) Engineering and manufacturing development phase of a weapon

L0:system, including embedded software (10 U.S.C. 4328); or

L1:(3) Production and deployment phase of a weapon system, including
L0:embedded software (10 U.S.C. 4328).
L1:(e) See PGI 226.7202-1 for an additional evaluation factor required in
L0:solicitations when using the Demonstration Project for Contractors Employing
L0:Persons with Disabilities (section 888 of the NDAA for FY 2019).
L1:(f) Supplier Performance Risk System
L1:(1) When procuring supplies or services, use Supplier Performance Risk
L0:System (SPRS) assessments of price risk and supplier risk as a part of the award
L0:decision. See 204.7603.
L1:(2) When procuring an end product identified by a material identifier that is
L0:available as described at PGI 204.7603, the contracting officer must also consider
L0:SPRS assessments of item risk in the award decision.
L1:(g) In lieu of the direction at FAR 15.104(b)(3)(i), evaluate past performance for
L0:negotiated acquisitions when the value of the contract, task order or delivery order
L0:exceeds the following thresholds:
L1:(1) Systems and operations support (including fuels) expected to exceed \$5
L0:million.
L1:(2) Services (including health care) expected to exceed \$1 million.
L1:(3) Information technology expected to exceed \$1 million.
L1:(4) Ship repair and overhaul expected to exceed \$500,000.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

215.104-71 Evaluation factor for employing or subcontracting with

Status: active

L0:215.104-71 Evaluation factor for employing or subcontracting with
L0:members of the Selected Reserve.
L1:(a) Definition. As used in this section?
L0:Selected Reserve,? has the meaning given that term in 10 U.S.C. 10143.
L0:Selected Reserve members normally attend regular drills throughout the year and
L0:are the group of Reserves most readily available to the President.
L1:(b) Evaluation factor.
L0:Contracting officers may use an evaluation factor that considers whether an
L0:offeror intends to perform the contract using employees or individual subcontractors
L0:who are members of the Selected Reserve (section 819 of the NDAA for FY 2006).
L0:See PGI 215.104-71(b) for guidance on use of this evaluation factor.
L1:(c) Contract clause.
L0:Insert the clause at 252.215-7006, Use of Employees or Individual
L0:Subcontractors Who Are Members of the Selected Reserve, in solicitations and
L0:resulting contracts that include an evaluation factor considering whether an offeror
L0:intends to perform the contract using employees or individual subcontractors who
L0:are members of the Selected Reserve.

L0:As prescribed at 215.110-70(b)(2)(i), use the following clause:

L0:REQUIREMENT FOR SUBMISSION OF DATA OTHER THAN CERTIFIED COST

L0:OR PRICING DATA?MODIFICATIONS?CANADIAN COMMERCIAL

L0:CORPORATION (DEVIATION 2026-O0048) (MAR 2026)

L0:This clause, in lieu of FAR 52.215-21, applies only if award is to the Canadian

L0:Commercial Corporation.

L1:(a) Submission of certified cost or pricing data is not required.

L1:(b) Canadian Commercial Corporation shall obtain and provide the following for

L0:modifications that exceed the \$150,000 [or higher dollar value specified by the U.S.

L0:Contracting Officer in the solicitation].

L1:(i) Profit rate or fee (as applicable).

L1:(ii) Analysis provided by Public Works and Government Services Canada to

L0:the Canadian Commercial Corporation to determine a fair and reasonable price

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:(comparable to the analysis required at FAR 15.404).

L1:(iii) Data other than certified cost or pricing data necessary to permit a

L0:determination by the U.S. Contracting Officer that the proposed price is fair and

L0:reasonable [U.S. Contracting Officer to insert description of the data required in

L0:accordance with FAR 15.403-1].

252.215-7994 Requirements for Certified Cost of Pricing Data and Data

Status: active

L0:252.215-7994 Requirements for Certified Cost of Pricing Data and Data

L0:Other Than Certified Cost or Pricing Data. (DEVIATION 2026-O0048)

L0:Basic. As prescribed in 215.110-70(e)(1) and (e)(1)(i), use the following provision:

L0:REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA

L0:OTHER THAN CERTIFIED COST OR PRICING DATA?BASIC (DEVIATION

L0:2026-O0048) (MAR 2026)

L1:(a) Definitions. As used in this provision?

L0:?Market prices? means current prices that are established in the course of

L0:ordinary trade between buyers and sellers free to bargain and that can be
L0:substantiated through competition or from sources independent of the offerors.
L0:Non-Government sales? means sales of the supplies or services to non-
L0:Governmental entities for purposes other than governmental purposes.
L0:Relevant sales data? means information provided by an offeror on sales of the
L0:same or similar items that can be used to establish price reasonableness taking into
L0:consideration the age, volume, and nature of the transactions (including any related
L0:discounts, refunds, rebates, offsets, or other adjustments).
L0:Sufficient non-Government sales? means relevant sales data that reflects
L0:market pricing and contains enough information to make adjustments covered by
L0:FAR 15.404-1(b)(2)(ii).
L0:Uncertified cost data? means the subset of data other than certified cost or
L0:pricing data? (see FAR 2.101) that relates to cost.
L1:(b) Exceptions from certified cost or pricing data.
L1:(1) In lieu of submitting certified cost or pricing data, the Offeror may
L0:submit a written request for exception by submitting the information described in
L0:paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require
L0:additional supporting information, but only to the extent necessary to determine
L0:whether an exception should be granted and whether the price is fair and
L0:reasonable.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L1:(i) Exception for prices set by law or regulation - Identification of the law
L0:or regulation establishing the prices offered. If the prices are controlled under law
L0:by periodic rulings, reviews, or similar actions of a governmental body, attach a
L0:copy of the controlling document, unless it was previously submitted to the
L0:contracting office.
L1:(ii) Commercial product or commercial service exception. For a
L0:commercial product or commercial service exception, the Offeror shall submit, at a
L0:minimum, information that is adequate for determining commerciality and
L0:evaluating the reasonableness of the price for this acquisition, including prices at
L0:which the same product or service or similar products or services have been sold in
L0:the commercial market. Such information shall include?
L1:(A) For products or services previously determined to be commercial,
L0:the contract number and military department, defense agency, or other DoD
L0:component that rendered such determination, and if available, a Government point
L0:of contact;
L1:(B) For subsystems of a major weapon system and components and
L0:spare parts of a major weapon system or subsystem of a major weapon system that
L0:have not previously been determined to be commercial?
L0:general public or nongovernmental entities;
L1:(1) The comparable commercial product the Offeror sells to the
L1:(2) A comparison between the physical characteristics and
L0:functionality of the comparable commercial product and the subsystem, component,
L0:or spare part, including?

L1:(i) For products under paragraph (3)(i) of the ?commercial
L0:product? definition at FAR 2.101, a description of the modification and
L0:documentation to support that the modification is customarily available in the
L0:marketplace; or

L1:(ii) For products under paragraph (3)(ii) of the ?commercial
L0:product? definition at FAR 2.101, a detailed description of the modification and
L0:detailed technical data to demonstrate that the modification is minor (e.g.,
L0:information on production processes and material differences); and

L1:(3) The national stock number (NSN) for the comparable
L0:commercial product, if one is assigned, and the NSN for the subsystem, component,
L0:or spare part, if one is assigned; or

L1:(4) If the Offeror does not sell a comparable commercial product
L0:to the general public or nongovernmental entities for purposes other than
L0:government purposes, the Offeror shall?
L0:sell such a comparable product; and

L1:(i) Notify the Contracting Officer in writing that it does not
L0:physical characteristics and functionality of the most comparable commercial
L0:product in the commercial market.

L1:(ii) Provide the Contracting Officer with a comparison of the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L1:(C) For items priced based on a catalog?
L0:showing the price for that item; and

L1:(1) A copy of or identification of the Offeror?s current catalog

L1:(2) If the catalog pricing provided with this proposal is not
L0:consistent with all relevant sales data, a detailed description of differences or
L0:inconsistencies between or among the relevant sales data, the proposed price, and
L0:the catalog price (including any related discounts, refunds, rebates, offsets, or other
L0:adjustments);

L1:(D) For items priced based on market pricing, a description of the
L0:nature of the commercial market, the methodology used to establish a market price,
L0:and all relevant sales data. The description shall be adequate to permit DoD to
L0:verify the accuracy of the description;

L1:(E) For items included on an active Federal Supply Service Multiple
L0:Award Schedule contract, proof that an exception has been granted for the schedule
L0:item; or

L1:(F) For items provided by nontraditional defense contractors, a
L0:statement that the entity is not currently performing and has not performed, for at
L0:least the 1-year period preceding the solicitation of sources by DoD for the
L0:procurement or transaction, any contract or subcontract for DoD that is subject to
L0:full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C.
L0:1502 and the regulations implementing such section.

L1:(2) The Offeror grants the Contracting Officer or an authorized
L0:representative the right to examine, at any time before award, books, records,
L0:documents, or other directly pertinent records to verify any request for an exception

L0:under this provision, and to determine the reasonableness of price.

L1:(c) Requirements for certified cost or pricing data. If the Offeror is not granted

L0:an exception from the requirement to submit certified cost or pricing data, the

L0:following applies:

L1:(1) The Offeror shall prepare and submit certified cost or pricing data and

L0:supporting attachments in accordance with the instructions contained in Table 15-1

L0:of FAR 15.408-2, which is incorporated by reference with the same force and effect

L0:as though it were inserted here in full text. The instructions in Table 15-1 are

L0:incorporated as a mandatory format to be used in any resultant contract, unless the

L0:Contracting Officer and the Offeror agree to a different format and change this

L0:provision to use Alternate I.

L1:(2) As soon as practicable after agreement on price, but before contract

L0:award (except for unpriced actions such as letter contracts), the Offeror shall submit

L0:a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

L1:(3) The Offeror is responsible for determining whether a subcontractor

L0:qualifies for an exception from the requirement for submission of certified cost or

L0:pricing data on the basis of adequate price competition, i.e., two or more responsible

L0:offerors, competing independently, submit priced offers that satisfy the

L0:Government's expressed requirement in accordance with FAR 15.403-2(c)(1)(ii).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(d) Requirements for data other than certified cost or pricing data.

L1:(1) Data other than certified cost or pricing data submitted in accordance

L0:with this provision shall include the minimum information necessary to permit a

L0:determination that the proposed price is fair and reasonable, to include the

L0:requirements in Defense Federal Acquisition Regulation Supplement (DFARS)

L0:215.402-70(a)(1), 215.404-170, and 234.7002(e).

L1:(2) In cases in which uncertified cost data is required, the information shall

L0:be provided in the form in which it is regularly maintained by the Offeror or

L0:prospective subcontractor in its business operations.

L1:(3) If the Offeror redacts data that identifies the customer (see DFARS

L0:234.7002(e)(2)), then the Offeror shall include, for each sale, the following signed

L0:statement with the data submitted:

L0:By submission of this data, the Offeror [Offeror insert company name] certifies

L0:that the customer was [Offeror insert one or more of the following as applicable: a

L0:government customer; a commercial customer purchasing the same or similar

L0:product for governmental purposes (e.g., Federal, state, local, or foreign

L0:government); or a commercial customer purchasing the same or similar product

L0:for a commercial, mixed, or unknown purpose].?

L1:(4) Within 10 days of a written request from the Contracting Officer for

L0:additional information to permit an adequate evaluation of the proposed price in

L0:accordance with FAR 15.403-1 or DFARS 234.7002(e), the Offeror shall provide

L0:either the requested information, or a written explanation for the inability to fully

L0:comply.

L1:(5) Subcontract price evaluation.

L1:(i) Offerors shall obtain from subcontractors the minimum information
L0:necessary to support a determination of price reasonableness, as described in FAR
L0:part 15 and DFARS part 215.

L1:(ii) No cost data may be required from a prospective subcontractor in
L0:any case in which there are sufficient non-Government sales of the same item to
L0:establish reasonableness of price.

L1:(iii) If the Offeror relies on relevant sales data for similar items to
L0:determine the price is reasonable, the Offeror shall obtain only that technical
L0:information necessary?

L1:(A) To support the conclusion that items are technically similar; and
L0:between the proposed prices and the sales data presented.

L1:(B) To explain any technical differences that account for variances

L1:(e) Subcontracts. The Offeror shall insert the substance of this provision,
L0:including this paragraph (e), in subcontracts exceeding the simplified acquisition
L0:threshold defined in FAR part 2. The Offeror shall require prospective
L0:subcontractors to adhere to the requirements of?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L1:(1) Paragraphs (c) and (d) of this provision for subcontracts above the
L0:threshold for submission of certified cost or pricing data in 215-403-3(a); and

L1:(2) Paragraph (d) of this provision for subcontracts exceeding the simplified
L0:acquisition threshold defined in FAR part 2.

L0:(End of provision)

L0:Alternate I. (DEVIATION 2026-O0048) As prescribed in 215.110-70(e)(1)
L0:and(e)(1)(ii), use the following provision, which includes a different paragraph (c)(1).

L0:REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATA

L0:OTHER THAN CERTIFIED COST OR PRICING DATA?ALTERNATE I

L0:(DEVIATION 2026-O0048) (MAR 2026)

L1:(a) Definitions. As used in this provision?

L0:Market prices? means current prices that are established in the course of
L0:ordinary trade between buyers and sellers free to bargain and that can be
L0:substantiated through competition or from sources independent of the offerors.

L0:Non-Government sales? means sales of the supplies or services to non-
L0:Governmental entities for purposes other than governmental purposes.

L0:Relevant sales data? means information provided by an offeror on sales of the
L0:same or similar items that can be used to establish price reasonableness taking into
L0:consideration the age, volume, and nature of the transactions (including any related
L0:discounts, refunds, rebates, offsets, or other adjustments).

L0:Sufficient non-Government sales? means relevant sales data that reflects
L0:market pricing and contains enough information to make adjustments covered by
L0:Federal Acquisition Regulation (FAR) 15.404-1(b)(2)(ii).

L0:Uncertified cost data? means the subset of data other than certified cost or
L0:pricing data? (see FAR 2.101) that relates to cost.

L1:(b) Exceptions from certified cost or pricing data.

L1:(1) In lieu of submitting certified cost or pricing data, the Offeror may

L0:submit a written request for exception by submitting the information described in
L0:paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require
L0:additional supporting information, but only to the extent necessary to determine
L0:whether an exception should be granted and whether the price is fair and
L0:reasonable.

L1:(i) Exception for price set by law or regulation - Identification of the law

L0:or regulation establishing the price offered. If the price is controlled under law by
L0:periodic rulings, reviews, or similar actions of a governmental body, attach a copy of
L0:the controlling document, unless it was previously submitted to the contracting
L0:office.

L1:(ii) Commercial product or commercial service exception. For a

L0:commercial product or commercial service exception, the Offeror shall submit, at a
L0:minimum, information that is adequate for determining commerciality and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L0:evaluating the reasonableness of the price for this acquisition, including prices at
L0:which the same product or service or similar products or services have been sold in
L0:the commercial market. Such information shall include?

L1:(A) For products or services previously determined to be commercial,

L0:the contract number and military department, defense agency, or other DoD
L0:component that rendered such determination, and if available, a Government point
L0:of contact;

L1:(B) For subsystems of a major weapon system and components and

L0:spare parts of a major weapon system or subsystem of a major weapon system that
L0:have not previously been determined to be commercial?

L0:general public or nongovernmental entities;

L1:(1) The comparable commercial product the Offeror sells to the

L1:(2) A comparison between the physical characteristics and

L0:functionality of the comparable commercial product and the subsystem, component,
L0:or spare part, including?

L1:(i) For products under paragraph (3)(i) of the ?commercial

L0:product? definition at FAR 2.101, a description of the modification and
L0:documentation to support that the modification is customarily available in the
L0:marketplace; or

L1:(ii) For products under paragraph (3)(ii) of the ?commercial

L0:product? definition at FAR 2.101, a detailed description of the modification and
L0:detailed technical data to demonstrate that the modification is minor (e.g.,
L0:information on production processes and material differences); and

L1:(3) The national stock number (NSN) for the comparable

L0:commercial product, if one is assigned, and the NSN for the subsystem, component,
L0:or spare part; or

L1:(4) If the Offeror does not sell a comparable commercial product

L0:to the general public or nongovernmental entities for purposes other than
L0:government purposes, the Offeror shall?

L0:sell such a comparable product; and

L1:(i) Notify the Contracting Officer in writing that it does not

L0:physical characteristics and functionality of the most comparable commercial

L0:product in the commercial market.

L1:(ii) Provide the Contracting Officer with a comparison of the

L1:(C) For items priced based on a catalog?

L0:showing the price for that item; and

L1:(1) A copy of or identification of the Offeror's current catalog

L1:(2) If the catalog pricing provided with this proposal is not

L0:consistent with all relevant sales data, a detailed description of differences or

L0:inconsistencies between or among the relevant sales data, the proposed price, and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:the catalog price (including any related discounts, refunds, rebates, offsets, or other

L0:adjustments);

L1:(D) For items priced based on market pricing, a description of the

L0:nature of the commercial market, the methodology used to establish a market price,

L0:and all relevant sales data. The description shall be adequate to permit DoD to

L0:verify the accuracy of the description;

L1:(E) For items included on an active Federal Supply Service Multiple

L0:Award Schedule contract, proof that an exception has been granted for the schedule

L0:item; or

L1:(F) For items provided by nontraditional defense contractors, a

L0:statement that the entity is not currently performing and has not performed, for at

L0:least the 1-year period preceding the solicitation of sources by DoD for the

L0:procurement or transaction, any contract or subcontract for DoD that is subject to

L0:full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C.

L0:1502 and the regulations implementing such section.

L1:(2) The Offeror grants the Contracting Officer or an authorized

L0:representative the right to examine, at any time before award, books, records,

L0:documents, or other directly pertinent records to verify any request for an exception

L0:under this provision, and to determine the reasonableness of price.

L1:(c) Requirements for certified cost or pricing data. If the Offeror is not granted

L0:an exception from the requirement to submit certified cost or pricing data, the

L0:following applies:

L1:(1) The Offeror shall submit certified cost or pricing data and supporting

L0:attachments in the following format: [Insert description of the data and format that

L0:are required, and include access to records necessary to permit an adequate

L0:evaluation of the proposed price in accordance with FAR 15.408-2, Table 15-1, Note

L0:2. The Contracting Officer shall insert the description at the time of issuing the

L0:solicitation or specify that the format regularly maintained by the offeror or

L0:prospective subcontractor in its business operations will be acceptable. The

L0:Contracting Officer may amend the description as the result of negotiations.]

L1:(2) As soon as practicable after agreement on price, but before contract

L0:award (except for unpriced actions such as letter contracts), the Offeror shall submit

L0:a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

L1:(3) The Offeror is responsible for determining whether a subcontractor

L0:qualifies for an exception from the requirement for submission of certified cost or

L0:pricing data on the basis of adequate price competition, i.e., two or more responsible

L0:offerors, competing independently, submit priced offers that satisfy the

L0:Government?s expressed requirement in accordance with FAR 15.403-2(c)(1)(ii).

L1:(d) Requirements for data other than certified cost or pricing data.

L1:(1) Data other than certified cost or pricing data submitted in accordance

L0:with this provision shall include all data necessary to permit a determination that

L0:the proposed price is fair and reasonable, to include the requirements in Defense

L0:Federal Acquisition Regulation Supplement (DFARS) 215.402-70(a)(1), 215.404-170,

L0:and 234.7002(e).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(2) In cases in which uncertified cost data is required, the information shall

L0:be provided in the form in which it is regularly maintained by the Offeror or

L0:prospective subcontractor in its business operations.

L1:(3) If the Offeror redacts data that identifies the customer (see DFARS

L0:234.7002(e)(2)), then the Offeror shall include, for each sale, the following signed

L0:statement with the data submitted:

L0:?By submission of this data, the Offeror [Offeror insert company name] certifies

L0:that the customer was [Offeror insert one or more of the following as applicable: a

L0:government customer (e.g., Federal, state, local, or foreign government); a

L0:commercial customer purchasing the same or similar product for governmental

L0:purposes; or a commercial customer purchasing the same or similar product for a

L0:commercial, mixed, or unknown purpose].?

L1:(4) The Offeror shall provide information described as follows: [Insert

L0:description of the data and the format that are required, including access to records

L0:necessary to permit an adequate evaluation of the proposed price in accordance with

215.200 Scope

Status: active

L0:215.200 Scope.

L0:Follow the procedures at PGI 215.200 when conducting negotiated, competitive

L0:acquisitions using FAR part 15 procedures.

215.201 Source selection responsibilities

Status: active

L0:215.201 Source selection responsibilities.

L2:(b)(2) For high-dollar value and other acquisitions, as prescribed by agency

L0:procedures, the source selection authority must approve a source selection plan

L0:before the solicitation is issued. Follow the procedures at PGI 215.201(b)(2) for

L0:preparation of the source selection plan.

215.202-70 Evaluating competitive proposals

Status: active

L0:215.202-70 Evaluating competitive proposals.

L1:(a) Past performance evaluation.

L1:(1) When a past performance evaluation is required by FAR 15.104, and the

L0:solicitation includes the clause at FAR 52.219-8, Utilization of Small Business

L0:Concerns, the evaluation factors must include the past performance of offerors in

L0:complying with requirements of that clause. When a past performance evaluation

L0:is required by FAR 15.104, and the solicitation includes the clause at FAR 52.219-9,

L0:Small Business Subcontracting Plan, the evaluation factors must include the past

L0:performance of offerors in complying with requirements of that clause.

L1:(2) Contracting officers will consider an offeror's failure to make a good faith

L0:effort to comply with its comprehensive subcontracting plan under the Test Program

L0:described at 219.702-70 as part of the evaluation of the past performance.

L1:(3) When evaluating the past performance of an offeror that is a small business

L0:concern in response to a competitive solicitation, contracting officers will consider

L0:relevant past performance information provided for affiliates of the offeror (section 865

L0:of Pub. L. 118-31).

215.202-71 Only one offer

Status: active

L0:215.202-71 Only one offer.

L1:(a) Policy. If only one offer is received in response to a competitive solicitation?

L1:(1) Take actions to promote competition (see 215.202-71(b)); and

L1:(2) Ensure that the price is fair and reasonable (see 215.202-71(c)) and

L0:complies with the statutory requirement for certified cost or pricing data (see FAR

15.403-3 and DFARS 215.403-3(a))

Status: active

L0:15.403-3 and DFARS 215.403-3(a)).

L1:(b) Promote competition. Except as provided in paragraphs 215.202-71(d) and

L0:215.202-71(e) of this section?

L1:(1) If only one offer is received when competitive procedures were used and

L0:the solicitation allowed fewer than 30 days for receipt of proposals, the contracting

L0:officer must?

L1:(i) Consult with the requiring activity as to whether the requirements

L0:document should be revised to promote more competition (see FAR 6.003(a) and

L0:11.102); and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(ii) Resolicit, allowing an additional period of at least 30 days for receipt

L0:of proposals; and

L1:(2) For competitive solicitations in which more than one potential offeror

L0:expressed an interest in an acquisition, but only one offer was ultimately received,

L0:follow the procedures at PGI 215.202-71(b)(2).

L1:(c) Fair and reasonable price and the requirement for additional cost or pricing

L0:data. For acquisitions that exceed the simplified acquisition threshold, if only one

L0:offer is received when competitive procedures were used and it is not necessary to

L0:resolicit in accordance with 215.202-71(b)(1), then the contracting officer must

L0:comply with the following:

L1:(1) If no additional cost or pricing data are required to determine through

L0:cost or price analysis that the offered price is fair and reasonable, the contracting

L0:officer must require that any cost or pricing data provided in the proposal be

L0:certified if the acquisition exceeds the certified cost or pricing data threshold and an

L0:exception to the requirement for certified cost or pricing data at FAR 15.403-2(b)(2)

L0:through (5) does not apply.

L1:(2) Otherwise, the contracting officer must obtain additional cost or pricing

L0:data to determine a fair and reasonable price. If the acquisition exceeds the

L0:certified cost or pricing data threshold and an exception to the requirement for

L0:certified cost or pricing data at FAR 15.403-2(b)(2) through (5) does not apply, the

L0:cost or pricing data must be certified.

L1:(3) If the contracting officer is still unable to determine that the offered

L0:price is fair and reasonable, the contracting officer must enter into negotiations

L0:with the offeror to establish a fair and reasonable price. The negotiated price

L0:should not exceed the offered price.

L1:(4) If the contracting officer is unable to negotiate a fair and reasonable

L0:price, see FAR 15.407(d).

L1:(d) Exceptions.

L1:(1) The requirements at 215.202-71(b) do not apply to?

L1:(i) Acquisitions at or below the simplified acquisition threshold;

L1:(ii) Acquisitions, as determined by the head of the contracting activity,

L0:in support of contingency or humanitarian or peacekeeping operations; to facilitate

L0:defense against or recovery from cyber, nuclear, biological, chemical, or radiological

L0:attack; to facilitate the provision of international disaster assistance; or to support

L0:response to an emergency or major disaster;

L1:(iii) Small business set-asides under FAR 19.104, set-asides offered and

L0:accepted into the 8(a) Program under FAR 19.108, or set-asides under the HUBZone

L0:Program (see FAR 19.105-2), the Service-Disabled Veteran-Owned Small Business

L0:Procurement Program (see FAR 19.106-2), or the Women-Owned Small Business

L0:Program (see FAR 19.107-2);

L1:(iv) Acquisitions of science and technology, as specified in 235.172;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(v) Acquisitions of architect-engineer services (see FAR 36.102-2);
L1:(vi) Acquisitions under a commercial solutions opening pursuant to
L0:subpart 212.70; or
L1:(vii) Acquisitions of commercial products and commercial services using
L0:FAR part 12 procedures.
L1:(2) An exception in paragraph (d)(1) of this section does not eliminate the
L0:need for the contracting officer to seek maximum practicable competition and to
L0:ensure that the price is fair and reasonable.
L1:(e) Waiver.
L1:(1) The head of the contracting activity is authorized to waive the
L0:requirement at 215.202-71(b) to resolicit for an additional period of at least 30 days.
L1:(2) This waiver authority cannot be delegated below one level above the
L0:contracting officer.
L1:(f) Solicitation provision. Insert the provision at 252.215-7007, Notice of Intent
L0:to Resolicit, in competitive solicitations that will be solicited for fewer than 30 days,
L0:unless an exception at 215.202-71(d) applies or the requirement is waived in
L0:accordance with 215.202-71(e).

215.204-2 Competitive negotiations

Status: active

L0:215.204-2 Competitive negotiations.
L1:(a) General. For acquisitions with an estimated value of \$100 million or more,
L0:contracting officers should conduct negotiations. Follow the procedures at FAR
L0:15.204.

215.206-1 Preaward notices

Status: active

L0:215.206-1 Preaward notices.
L0:If the Government exercises the authority provided in 240.271-6, the notifications to
L0:unsuccessful offerors must not reveal any information that is determined to be
L0:withheld from disclosure in accordance with 10 U.S.C. 3252 (see subpart 240.271).

215.207-2 Award notice

Status: active

L0:215.207-2 Award notice.
L0:If the Government exercises the authority provided in 240.271-6, the notifications to
L0:unsuccessful offerors must not reveal any information that is determined to be
L0:withheld from disclosure in accordance with 10 U.S.C. 3252 (see subpart 240.271).

215.301 Postaward debriefing of offerors

Status: active

L0:215.301 Postaward debriefing of offerors.

215.301-170 Debriefing process

Status: active

L0:215.301-170 Debriefing process.

L1:(a) Notwithstanding FAR 15.301-1(b), when requested by a successful or

L0:unsuccessful offeror, a written or oral debriefing is required for contract awards

L0:valued at \$15 million or more (section 818 of the National Defense Authorization

L0:Act (NDAA) for Fiscal Year (FY) 2018 (Pub. L. 115-91).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(b) In addition to the requirements of FAR 15.301-1(c), the minimum debriefing

L0:information must include the following:

L1:(1) For award of a contract in excess of \$15 million and not in excess of \$150

L0:million with a small business or nontraditional defense contractor, an option for the

L0:small business or nontraditional defense contractor to request disclosure of the

L0:agency's written source selection decision document, redacted to protect the

L0:confidential and proprietary information of other offerors for the contract award.

L1:(2) For award of a contract in excess of \$150 million, disclosure of the

L0:agency's written source selection decision document, redacted to protect the

L0:confidential and proprietary information of other offerors for the contract award.

L1:(c) If the Government exercises the authority provided in 240.271-6, the

L0:notifications to unsuccessful offerors must not reveal any information that is

L0:determined to be withheld from disclosure in accordance with 10 U.S.C. 3252 (see

L0:subpart 240.271).

215.301-270 Opportunity for follow-up questions

Status: active

L0:215.301-270 Opportunity for follow-up questions.

L0:When providing a required postaward debriefing to successful and unsuccessful

L0:offerors, contracting officers must?

L1:(a) Provide an opportunity to submit additional written questions related to the

L0:required debriefing not later than 2 business days after receiving the postaward

L0:debriefing;

L1:(b) Respond in writing to timely submitted additional questions within 5

L0:business days after receipt of the questions; and

L1:(c) Not consider the postaward debriefing to be concluded until the later of?

L1:(1) The date that the postaward debriefing is delivered, orally or in writing;

L0:or

L1:(2) If additional written questions related to the debriefing are timely
L0:received, the date the agency delivers its written response.

215.301-70 Solicitation provision

Status: active

L0:215.301-70 Solicitation provision.
L0:Insert the provision at 252.215-7996, Notification to Offerors?Postaward
L0:Debriefings, in competitive negotiated solicitations for contract awards valued at
L0:\$15 million or more, including solicitations using FAR part 12 procedures for the
L0:acquisition of commercial products and commercial services.

215.304-70 Voluntary disclosure of defective certified cost or pricing data

Status: active

L0:215.304-70 Voluntary disclosure of defective certified cost or pricing data
L0:after award.
L0:Use PGI 215.304-70 when a contractor voluntarily discloses defective pricing after
L0:contract award.

215.305 Estimating systems

Status: active

L0:215.305 Estimating systems.

215.305-70 Disclosure, maintenance, and review requirements

Status: active

L0:215.305-70 Disclosure, maintenance, and review requirements.
L1:(a) Definitions. As used in this section?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L0:?Acceptable estimating system? means an estimating system that complies
L0:with the system criteria in paragraph (d) of 252.215-7002, Cost Estimating System
L0:Requirements, and provides for a system that?
L1:(1) Is maintained, reliable, and consistently applied;
L1:(2) Produces verifiable, supportable, documented, and timely cost estimates
L0:that are an acceptable basis for negotiation of fair and reasonable prices;
L1:(3) Is consistent with and integrated with the contractor?s related
L0:management systems; and
L1:(4) Is subject to applicable financial control systems.
L0:?Contractor? means a business unit as defined in FAR 2.101.

L0:Estimating system? means the contractor?s policies, procedures, and practices for budgeting and planning controls and for generating estimates of costs and other data included in proposals submitted to customers in the expectation of receiving contract awards. Estimating system includes the contractor?s?

L1:(1) Organizational structure;

L1:(2) Established lines of authority, duties, and responsibilities;

L1:(3) Internal controls and managerial reviews;

L1:(4) Flow of work, coordination, and communication; and

L1:(5) Budgeting, planning, estimating methods, techniques, accumulation of

historical costs, and other analyses used to generate cost estimates.

L1:(b) Applicability.

L1:(1) Contractors are required to have acceptable estimating systems that

consistently produce well-supported proposals that are acceptable as a basis for

negotiation of fair and reasonable prices.

L1:(2) A large business contractor is subject to estimating system disclosure,

maintenance, and review requirements if?

L1:(i) In its preceding fiscal year, the contractor received DoD prime

contracts or subcontracts totaling \$50 million or more for which certified cost or

pricing were required; or

L1:(ii) In its preceding fiscal year, the contractor received DoD prime

contracts or subcontracts totaling \$10 million or more (but less than \$50 million) for

which certified cost or pricing data were required and the contracting officer, with

concurrence or at the request of the ACO, determines it to be in the best interest of

the Government (e.g., significant estimating problems are believed to exist or the

contractor's sales are predominantly Government).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(c) Policy.

L1:(1) The contracting officer must?

L1:(i) Insert the cause at 252.215-7002, Cost Estimating System

Requirements, to apply the disclosure, maintenance, and review requirements to

large business contractors meeting the criteria in paragraph (b)(2)(i) of this section,

L1:(ii) Consider whether to apply the disclosure, maintenance, and review

requirements to large business contractors under paragraph (b)(2)(ii) of this section,

and

L1:(iii) Not apply the disclosure, maintenance, and review requirements to

other than large business contractors.

L1:(2) The cognizant contracting officer, in consultation with the auditor, for

contractors subject to paragraph (b)(2) of this section, must?

L1:(i) Determine the acceptability of the disclosure and approve or

disapprove the system, and

L1:(ii) Pursue correction of any weaknesses or deficiencies.

L1:(3) The auditor conducts estimating system reviews.

L1:(4) An acceptable system must provide for the use of appropriate source

data, utilize sound estimating techniques and good judgment, maintain a consistent

L0:approach, and adhere to established policies and procedures.

L1:(5) In evaluating the acceptability of a contractor's estimating system, the

L0:contracting officer, in consultation with the auditor, must determine whether the

L0:contractor's estimating system complies with the system criteria for an acceptable

L0:estimating system as prescribed in the clause at 252.215-7002, Cost Estimating

L0:System Requirements.

L1:(d) Disposition of findings?

L1:(1) Reporting of findings. The auditor must document findings and

L0:recommendations in a report to the contracting officer. If the auditor identifies any

L0:material weaknesses, the report must describe the underlying deficiencies in

L0:sufficient detail to ensure the contracting officer understands the weaknesses or

L0:deficiencies.

L1:(2) Initial determination.

L1:(i) Review all findings and recommendations and, if there are no

L0:material weaknesses, promptly notify the contractor, in writing, that the

L0:contractor's estimating system is acceptable and approved; or

L1:(ii) If there are one or more material weaknesses due to the contractor's

L0:failure to meet one or more of the estimating system criteria in the clause at

L0:252.215-7002, the contracting officer must?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(A) Promptly make an initial written determination on any material

L0:weaknesses and notify the contractor, in writing, providing a description of each

L0:material weakness in sufficient detail to allow the contractor to understand the

L0:deficiency (see PGI 215.305-70(d)(2));

L0:determination within 30 days; and

L1:(B) Require the contractor to respond, in writing, to the initial

L1:(C) Promptly evaluate the contractor's responses to the initial

L0:determination, in consultation with the auditor or functional specialist, and make a

L0:final determination.

L1:(3) Final determination.

L1:(i) Make a final determination and notify the contractor, in writing,

L0:that?

L0:and no material weaknesses remain; or

L1:(A) The contractor's estimating system is acceptable and approved,

L1:(B) Material weaknesses remain. Identify any remaining material

L0:weaknesses and indicate the adequacy of any proposed or completed corrective action.

L0:The contracting officer must?

L1:(1) Request that the contractor, within 45 days of receipt of the

L0:final determination, either correct the deficiencies or submit an acceptable

L0:corrective action plan showing milestones and actions to eliminate the weaknesses;

L0:252.215-7002; and

L1:(2) Disapprove the system in accordance with the clause at

L1:(3) Withhold payments in accordance with the clause at

L0:252.242-7005, Contractor Business Systems, if the clause is included in the

L0:contract.

L1:(ii) Follow the procedures relating to monitoring a contractor's corrective

L0:action and the correction of material weaknesses in PGI 215.305-70(d)(3).

L1:(e) System approval. Promptly approve a previously disapproved estimating

L0:system and notify the contractor there are no remaining material weaknesses.

L1:(f) Contracting officer notifications. Distribute copies of a determination to

L0:approve a system, disapprove a system and withhold payments, or approve a

L0:previously disapproved system and release withheld payments, to the auditor;

L0:payment office; affected contracting officers at the buying activities; and cognizant

L0:contracting officers in contract administration activities.

215.401 Definitions

Status: active

L0:215.401 Definitions.

L0:As used in this subpart?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:?"Market prices?" means current prices that are established in the course of ordinary

L0:trade between buyers and sellers free to bargain and that can be substantiated

L0:through competition or from sources independent of the offerors.

L0:?"Relevant sales data?" means information on sales of the same or similar items that

L0:can be used to establish price reasonableness taking into consideration the age,

L0:volume, and nature of the transactions (including any related discounts, refunds,

L0:rebates, offsets or other adjustments).

215.402-70 General

Status: active

L0:215.402-70 General.

L0:Requirement for cost or pricing data.

L1:(a) Pursuant to section 831 of the National Defense Authorization Act

L1:(NDAA) for Fiscal Year (FY) 2013 (Pub. L. 112-239)?

L1:(1) The contracting officer is responsible for determining if the

L0:information provided by the offeror is sufficient to determine price reasonableness.

L0:This responsibility includes determining whether information on the prices at which

L0:the same or similar items have previously been sold is adequate for evaluating the

L0:reasonableness of price, and determining the extent of uncertified cost data that

L0:should be required in cases in which price information is not adequate,

L1:(2) Do not limit the Government?s ability to obtain information that may

L0:be necessary to support a determination of fair and reasonable pricing by agreeing

L0:to contract terms that preclude obtaining necessary supporting information, and

L1:(3) When obtaining uncertified cost data, require the offeror to provide

L0:the information in the form in which it is regularly maintained in the offeror?s

L0:business operations.

L1:(b) Follow the procedures at PGI 215.402-70(b) when conducting cost or

L0:price analysis, particularly for sole source acquisitions of commercial products or

L0:commercial services.

215.403 Obtaining cost or pricing data

Status: active

L0:215.403 Obtaining cost or pricing data.

215.403-1 Data other than certified cost or pricing data

Status: active

L0:215.403-1 Data other than certified cost or pricing data.

L2:(b)(1) Follow the procedures at PGI 215.403-1(b)(1) for clarification of terms used in

L0:this subpart.

215.403-170 Contracting officer responsibilities

Status: active

L0:215.403-170 Contracting officer responsibilities.

L1:(a) Do not determine the price of a contract or subcontract to be fair and

L0:reasonable based solely on historical prices paid by the Government (10 U.S.C.

L0:3705(a)). See 215.404-170 and PGI 215.403-170(a).

L1:(b) If an offeror does not respond to a request for other than certified cost or

L0:pricing data, follow the procedures at PGI 215.403-170(b). In lieu of the factors for

L0:consideration listed in FAR 15.403-1(d), the head of the contracting activity must

L0:make a determination that it is in the best interest of the Government to make the

L0:award to an offeror that does not make a good faith effort to comply with a

L0:reasonable request to submit data other than certified cost or pricing data based on

L0:consideration of pertinent factors, including the following (10 U.S.C. 3705(b)):

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(1) The effort to obtain the data.

L1:(2) Availability of other sources of supply of the item or service.

L1:(3) The urgency or criticality of the Government's need for the item or

L0:service.

L1:(4) Reasonableness of the price of the contract, subcontract, or

L0:modification of the contract or subcontract based on information available to the

L0:contracting officer.

L1:(5) Rationale or justification made by the offeror for not providing the

L0:requested data.

L1:(6) Risk to the Government if award is not made.

L1:(c) For determinations of price reasonableness of major weapon systems
L0:acquired as commercial products, see 234.7002(e).

215.403-270 applies. The threshold is \$2.5 million when the prime contract is

Status: active

L0:215.403-270 applies. The threshold is \$2.5 million when the prime contract is
L0:awarded on or before June 30, 2026, unless otherwise stated in the contract (10

L0:U.S.C. 3702)

L1:(1) Use the same criteria for contract modifications or changes as the prime
L0:contract being modified or changed.

L1:(2) Require an offeror for a subcontract at any tier to submit certified cost or
L0:pricing data before the award of the subcontract if the prime contractor and each
L0:higher tier subcontractor are required to submit certified cost or pricing data, and
L0:the prime contract was entered into?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(i) After June 30, 2026, and the price of the subcontract is expected to
L0:exceed \$10 million, or

L1:(ii) On or before June 30, 2026, and the price of the subcontract is
L0:expected to exceed \$2.5 million, unless otherwise stated in the prime contract.

L1:(3) Require the subcontractor for a subcontract covered by paragraph (2) of
L0:this section to submit certified cost or pricing data before the pricing of a change or
L0:modification to the subcontract if the price adjustment is expected to exceed \$2.5
L0:million.

215.403-3 Certified cost or pricing data

Status: active

L0:215.403-3 Certified cost or pricing data.

L1:(a) Threshold. In lieu of the requirements of FAR 15.403-3(a), obtain certified
L0:cost or pricing data when a prime contract is expected to exceed \$10 million and is
L0:awarded after June 30, 2026, unless an exception at FAR 15.403-2 or DFARS

215.403-4 Certificate of current cost or pricing data

Status: active

L0:215.403-4 Certificate of current cost or pricing data.

L0:See PGI 215.403-4 for additional information and guidance on Certificates of
L0:Current Cost or Pricing Data.

215.404 Cost and/or price analysis

L0:215.404 Cost and/or price analysis.

215.404-170 Price analysis

Status: active

L0:215.404-170 Price analysis

L1:(a) In the absence of adequate price competition in response to the solicitation,

L0:pricing based on market prices is the preferred method to establish a fair and

L0:reasonable price (see PGI 215.404-170).

L1:(b) If the information obtained through market research is insufficient to

L0:determine the reasonableness of price, the contracting officer must consider

L0:information submitted by the offeror of recent purchase prices paid by the

L0:Government and commercial customers for the same or similar commercial products

L0:or commercial services under comparable terms and conditions. When establishing

L0:price reasonableness for the subsequent purchase, determine if the prices

L0:previously paid remain a valid reference for comparison. Do not base price

L0:reasonableness solely on historical prices paid by the Government (see PGI 215.403-

L0:170(a)). Consider the totality of other relevant factors such as the time elapsed

L0:since the prior purchase, any differences in the quantities purchased, or applicable

L0:terms and conditions (10 U.S.C. 3703(e)).

L1:(c) If the offeror cannot provide sufficient information as described in paragraph

L1:(b) of this section to determine the reasonableness of price, request the offeror

L0:submit information on?

L1:(1) Prices paid for the same or similar items sold under different terms and

L0:conditions;

L1:(2) Prices paid for similar levels of work or effort on related products or

L0:services;

L1:(3) Prices paid for alternative solutions or approaches; and

L1:(4) Other relevant information that can serve as the basis for determining

L0:the reasonableness of price.

L1:(d) If the pricing information submitted is not sufficient to determine the

L0:reasonableness of price, request other relevant information, to include cost data.

L0:However, no cost data may be required in any case in which there are sufficient

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:non-Government sales of the same item to establish reasonableness of price (section

L0:831 of the NDAA for FY 2013 (Pub. L. 112-239).

L1:(e) When evaluating pricing data, consider materially differing terms and

L0:conditions, quantities, and market and economic factors (see PGI 215.404-170(e)).

L0:For similar items, consider material differences between the similar item and the

L0:item being procured (see FAR 15.404-1(b)(2)(ii)). Material differences are those that

L0:could reasonably be expected to influence the determination of price reasonableness.

L0:Consider the following factors when evaluating the relevance of the information

L0:available:

L1:(1) Market prices.

L1:(2) Age of data.

L1:(i) Whether data is too old to be relevant depends on the industry (e.g., L0:rapidly evolving technologies), product maturity (e.g., stable), economic factors (e.g., L0:new sellers in the marketplace), and various other considerations.

L1:(ii) A pending sale may be relevant if, in the judgement of the L0:contracting officer, it is probable at the anticipated price, and the sale could L0:reasonably be expected to materially influence the contracting officer's L0:determination of price reasonableness. The contracting officer may consult with the L0:cognizant administrative contracting officers (ACOs) as they may have information L0:about pending sales.

L1:(3) Volume and completeness of transaction data. Data must include a L0:sufficient number of transactions to represent the range of relevant sales to all L0:types of customers. The data must also include key information, such as date, L0:quantity sold, part number, part nomenclature, sales price, and customer. If the L0:number of transactions is insufficient or the data is incomplete, request additional L0:sales data to evaluate price reasonableness. If the contractor cannot provide L0:sufficient sales data, request other relevant information.

L1:(4) Nature of transactions. The nature of a sales transaction includes the L0:information necessary to understand the transaction, such as terms and conditions, L0:date, quantity sold, sale price, unique requirements, the type of customer L0:(government, distributor, retail end-user, etc.), and related agreements. It also L0:includes warranties, key product technical specifications, maintenance agreements, L0:and preferred customer rewards.

L1:(f) Consider catalog prices to be reliable when they are regularly maintained L0:and supported by relevant sales data (including any related discounts, refunds, L0:rebates, offsets, or other adjustments). Request that the offeror support differences L0:between the proposed price(s), catalog price(s), and relevant sales data.

L1:(g) See PGI 215.404-170(g) for assistance with commercial product, commercial L0:service, and price reasonableness determinations.

L1:(h) When procuring a service or an end product identified by a material L0:identifier that is available (see PGI 204.7603), consider the Supplier Performance L0:Risk System price risk assessments in determining if a proposed price is consistent L0:with historical prices paid for an item or otherwise creates a risk to the L0:Government. See also 215.403-170(a).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

215.404-2 Cost analysis

Status: active

L0:215.404-2 Cost analysis

L0:Follow the procedures at PGI 215.404-2 when conducting a cost analysis.

215.404-4 and 215.406*Status: active*

L0:215.404-4 and 215.406.

L0:PGI 215.404-4 Technical cost or price analysis.

L0:Technical review can assist in evaluating the changes that are required to get from the

L0:?similar to? item to the item being solicited. This may establish sufficient price/cost analysis

L0:techniques to determine the price for the item being solicited is fair and reasonable.

L0:Information about how to obtain advisory assistance from the DoD cadre of experts in the

L0:DCMA CIG is available via email at dcma.boston-ma.eastern-rc.mbx.Commercial@mail.mil

L0:or at <http://www.dcmamail.com/commercial-item-group/>.

L0:PGI 215.404-7 Review and justification of pass-through contracts.

L1:(a) This requirement applies to acquisitions that include the clause at FAR 52.215-23,

L0:Limitations on Pass-Through Charges, as prescribed at FAR 15.110(v)(2)(i). When

L0:considering alternative approaches or making the determination that the contracting

L0:approach selected is in the best interest of the Government as required by FAR 15.404-7,

L0:consider the following elements?

L1:(1) The requirement, proposed prime contractor, and overall proposed contract

L0:value.

L1:(2) The information provided in response to the provision at FAR 52.215-22,

L0:Limitations on Pass-Through Charges?Identification of Subcontract Effort, regarding the

L0:subcontracts, and the estimated value of the proposed subcontracts.

L1:(3) The availability of alternative existing contracts that would allow direct access to

L0:the subcontractor, such as existing indefinite delivery/indefinite quantity contracts, Federal

L0:Supply Schedule contracts, or Governmentwide agency contracts. Perform market

L0:research as appropriate.

L1:(4) Potential cost savings of directly contracting with the subcontractor.

L1:(5) Feasibility of competition for the subcontracted effort or justification for single

L0:source procurement.

L1:(6) Potential impacts to the contracting and program schedule for implementing a

L0:direct contract with the subcontractors or conducting a competition for the subcontracted

L0:effort.

L1:(7) Changes in performance risk as result of eliminating prime contractor oversight

L0:and substituting direct government oversight. Risks may include loss of prime contractor

L0:knowledge of integration and program requirements, availability of government contracting

L0:and contract administration personnel, reduced system or program accountability of the

L0:prime contractor who is no longer responsible for the entire effort, impact on warranties.

L1:(8) Subcontractor past performance and experience directly managing programs of

L0:this size.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(b) DoD components must include reviews of compliance in routine procurement

L0:management reviews or other inspections.

L0:PGI 215.404-8 Subcontract pricing considerations.

L1:(a) Consider the need for field pricing analysis and evaluation of lower-tier subcontractor

L0:proposals, and assistance to prime contractors when they are being denied access to lower-tier subcontractor records.

L1:(1) When obtaining field pricing assistance on a prime contractor's proposal, the

L0:contracting officer should request audit or field pricing assistance to analyze and evaluate

L0:the proposal of a subcontractor at any tier (notwithstanding availability of data or analyses

L0:performed by the prime contractor) if the contracting officer believes that such assistance is

L0:necessary to ensure the reasonableness of the total proposed price. Such assistance may

L0:be appropriate when, for example?

L1:(i) There is a business relationship between the contractor and the

L0:subcontractor not conducive to independence and objectivity;

L1:(ii) The contractor is a sole source supplier and the subcontract costs represent

L0:a substantial part of the contract cost;

L1:(iii) The contractor has been denied access to the subcontractor's records;

L1:(iv) The contracting officer determines that, because of factors such as the size

L0:of the proposed subcontract price, audit or field pricing assistance for a subcontract at any

L0:tier is critical to a fully detailed analysis of the prime contractor's proposal;

L1:(v) The contractor or higher-tier subcontractor has been cited for having

L0:significant estimating system deficiencies in the area of subcontract pricing, especially the

L0:failure to perform adequate cost analyses of proposed subcontract costs or to perform

L0:subcontract analyses prior to negotiation of the prime contract with the Government; or

L1:(vi) A lower-tier subcontractor has been cited as having significant estimating

L0:system deficiencies.

L1:(2) It may be appropriate for the contracting officer or the ACO to provide assistance

L0:to a contractor or subcontractor at any tier, when the contractor or higher-tier subcontractor

L0:has been denied access to a subcontractor's records in carrying out the responsibilities at

L0:FAR 15.404-8 to conduct price or cost analysis to determine the reasonableness of

L0:proposed subcontract prices. Under these circumstances, the contracting officer or the ACO

L0:should consider whether providing audit or field pricing assistance will serve a valid

L0:Government interest.

L1:(3) When DoD performs the subcontract analysis, DoD must furnish to the prime

L0:contractor or higher-tier subcontractor, with the consent of the subcontractor reviewed, a

L0:summary of the analysis performed in determining any unacceptable costs included in the

L0:subcontract proposal. If the subcontractor withholds consent, DoD shall furnish a range of

L0:unacceptable costs for each element in such a way as to prevent disclosure of

L0:subcontractor proprietary data.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(4) Price redeterminable or fixed-price incentive contracts may include subcontracts

L0:placed on the same basis. When the contracting officer wants to reprice the prime contract

L0:even though the contractor has not yet established final prices for the subcontracts, the

L0:contracting officer may negotiate a firm contract price?

L1:(i) If certified cost or pricing data on the subcontracts show the amounts to be

L0:reasonable and realistic; or

L1:(ii) If certified cost or pricing data on the subcontracts are too indefinite to

L0:determine whether the amounts are reasonable and realistic, but?

L1:(A) Circumstances require prompt negotiation; and

L0:modification of the prime contract:

L1:(B) A statement substantially as follows is included in the repricing

L0:As soon as the Contractor establishes firm prices for each

L0:subcontract listed below, the Contractor shall submit (in the

L0:format and with the level of detail specified by the Contracting

L0:Officer) to the Contracting Officer the subcontractor's cost

L0:incurred in performing the subcontract and the final

L0:subcontract price. The Contractor and the Contracting Officer

L0:shall negotiate an equitable adjustment in the total amount

L0:paid or to be paid under this contract to reflect the final

L0:subcontract price.

L1:(5) If the selection of the subcontractor is based on a trade-off among cost or price

L0:and other non-cost factors rather than lowest price, the analysis supporting subcontractor

L0:selection should include a discussion of the factors considered in the selection (also see

L0:FAR 15.103 and 15.104 and DFARS 215.104-70). If the contractor's analysis is not

L0:adequate, return it for correction of deficiencies.

L1:(6) Do not permit fees negotiated by contractors for cost-plus-fixed-fee subcontracts

L0:to exceed the statutory fee limitations in FAR 15.404-9(c)(4).

L0:PGI 215.404-970 DD Form 1547, Record of Weighted Guidelines Method Application.

L1:(a) The DD Form 1547?

L1:(1) Provides a vehicle for performing the analysis necessary to develop a profit

L0:objective, and

L1:(2) Provides a format for summarizing profit amounts subsequently negotiated as

L0:part of the contract price.

L2:(b)(1) Use and prepare a DD Form 1547 whenever a structured approach to profit

L0:analysis is required by DFARS 215.404-970 (see PGI 215.404-971, 215.404-972, and

215.404-7 Review and justification of pass-through contracts

Status: active

L0:215.404-7 Review and justification of pass-through contracts.

L0:Following the procedures at PGI 215.404-7 when considering alternative approaches or

L0:making the determination that the contracting approach selected is in the best

L0:interest of the Government (FAR 15.404-7).

215.404-8 Subcontract pricing considerations

Status: active

L0:215.404-8 Subcontract pricing considerations.

L0:Follow the procedures at PGI 215.404-8 when reviewing a subcontractor's proposal.

215.404-970 Profit

Status: active

L0:215.404-970 Profit.

L1:(a) Policy. Use a structured approach for developing a prenegotiation profit or

L0:fee objective on any negotiated contract action when certified cost or pricing data is

L0:obtained, except for cost-plus-award-fee contracts (see PGI 215.404-974, 216.402-4,

L0:and FAR 16.402-4) or contracts with Federally Funded Research and Development

L0:Centers (FFRDCs) (see PGI 215.404-975). See PGI 215.404-970 for use of DD Form

L0:1547, Record of Weighted Guidelines Method Application, whenever a structured

L0:approach to profit analysis is required. There are three structured approaches?

L1:(1) The weighted guidelines method,

L1:(2) The modified weighted guidelines method, and

L1:(3) An alternate structured approach.

L1:(b) Contracting officer responsibilities.

L1:(1) Do not perform a profit analysis when assessing cost realism in

L0:competitive acquisitions.

L1:(2) When using a structured approach, contracting officers?

L1:(i) Must use the weighted guidelines method (see PGI 215.404-971),

L0:except as provided in paragraphs (b)(2)(ii) and (b)(2)(iii) of this section.

L1:(ii) Must use the modified weighted guidelines method (see PGI 215.404-

L0:972) on contract actions with nonprofit organizations other than FFRDCs.

L1:(iii) May use an alternate structured approach (see PGI 215.404-973)

L0:when?

L1:(A) The contract action is?

L0:DFARS 215.403-3(a)),

L1:(1) At or below the certified cost or pricing data threshold (see

L1:(2) For architect-engineer or construction work,

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(3) Primarily for delivery of material from subcontractors, or

L1:(4) A termination settlement; or

L1:(B) The weighted guidelines method does not produce a reasonable

L0:overall profit objective, and the head of the contracting activity approves use of the

L0:alternate approach in writing.

L1:(iv) Must use the weighted guidelines method to establish a basic profit

L0:rate under a formula-type pricing agreement and may then use the basic rate on all

L0:actions under the agreement, provided that conditions affecting profit do not

L0:change.

L1:(v) Must document the profit analysis in the contract file.

L1:(3) Do not attempt to reach agreement on the applied weights or values for

L0:individual profit factors, but do encourage the contractor to?

L1:(i) Present the details of its proposed profit amounts in the weighted

L0:guidelines format or similar structured approach; and

L1:(ii) Use the weighted guidelines method in developing profit objectives

L0:for negotiated subcontracts.

L1:(4) Verify that relevant variables have not materially changed (e.g.,

L0:performance risk, interest rates, progress payment rates, distribution of facilities

L0:capital).

L1:(c) Profit-analysis factors. See PGI 215.404-971 through 215.404-973.

L1:(d) Statutory fee limitations. In lieu of the limitation at FAR 15.404-9(c)(4)(ii),

L0:see 236.202-371 for the Departments of the Army, Navy and Air Force architect-

L0:engineer services.

215.404-70 Cost and/or price analysis

Status: active

L0:215.404-70 Cost and/or price analysis.

L1:(a) Follow the procedures at PGI 215.404-70 for cost and/or price analysis.

L1:(b) For spare parts or support equipment, perform an analysis of?

L1:(1) Line items where the proposed price exceeds by 25 percent or more the

L0:lowest price the Government has paid within the most recent 12-month period

L0:based on reasonably available data (section 1215 of the NDAA for FY 1984 (Pub. L.

L0:98-94)),

L1:(2) Line items where a comparison of the item description and the proposed

L0:price indicates a potential for overpricing,

L1:(3) Significant high-dollar-value items. If there are no obvious high-dollar-

L0:value items, include an analysis of a random sample of items, and

L1:(4) A random sample of the remaining low-dollar value items. Sample size

L0:may be determined by subjective judgment, e.g., experience with the offeror and the

L0:reliability of its estimating and accounting systems.

215.405 Special cost or pricing areas

Status: active

L0:215.405 Special cost or pricing areas.

215.405-2 Make-or-buy programs

Status: active

L0:215.405-2 Make-or-buy programs.

L0:See PGI 215.405-2 for factors to consider when evaluating make-or-buy plan

L0:submissions.

215.405-3 Forward pricing rate agreements

L0:215.405-3 Forward pricing rate agreements.

L2:(b)(1) Use forward pricing rate agreement (FPRA) rates when such rates are

L0:available, unless waived on a case-by-case basis by the head of the contracting

L0:activity.

L1:(2) Advise the ACO of each case waived.

L1:(3) Contact the ACO for questions on FPRAs or recommended rates.

215.405-470 Should-cost review

L0:215.405-470 Should-cost review.

L1:(a) General. See PGI 215.405-470 for guidance on determining whether to perform

L0:a program or overhead should-cost review.

L1:(b) Program should-cost review. Major weapon system should-cost program reviews

L0:must be conducted in a manner that is transparent, objective, and provides for the

L0:efficiency of the DoD systems acquisition process (section 837 of the NDAA for FY 2018

L0:(Pub. L. 115-91)).

L1:(1) Major weapon system should-cost reviews may include the following

L0:features?

L1:(i) A thorough review of each contributing element of the program cost and

L0:the justification for each cost.

L1:(ii) An analysis of non-value added overhead and unnecessary reporting

L0:requirements.

L1:(iii) Benchmarking against similar DoD programs, similar commercial

L0:programs (where appropriate), and other programs by the same contractor at the same

L0:facility.

L1:(iv) An analysis of supply chain management to encourage competition and

L0:incentive cost performance at lower tiers.

L1:(v) A review of how to restructure the program (Government and contractor)

L0:team in a streamlined manner, if necessary.

L1:(vi) Identification of opportunities to break out Government-furnished

L0:equipment versus prime contractor-furnished materials.

L1:(vii) Identification of items or services contracted through third parties that

L0:result in unnecessary pass-through costs.

L1:(viii) Evaluation of ability to use integrated developmental and operational

L0:testing and modeling and simulation to reduce overall costs.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(ix) Identification of alternative technology and materials to reduce

L0:developmental or lifecycle costs for a program.

L1:(x) Identification and prioritization of cost savings opportunities.

L1:(xi) Establishment of measurable targets and ongoing tracking systems.

L1:(2) The should-cost review must provide for sufficient analysis while

L0:minimizing the impact on program schedule by engaging stakeholders early, relying on
L0:information already available before requesting additional data, and establishing a
L0:team with the relevant expertise early.

L1:(3) The should cost review team must?

L1:(i) Be comprised of members, including third-party experts if necessary,
L0:with the training, skills, and experience in analysis of cost elements, production or
L0:sustainment processes, and technologies relevant to the program under review. The
L0:review team may include members from the Defense Contract Management Agency,
L0:the department or agency's cost analysis center, and appropriate functional
L0:organizations, as necessary.

L1:(ii) Establish a process for communicating and collaborating with the
L0:contractor throughout the should-cost review, including notification to the contractor
L0:regarding which elements of the contractor's operations will be reviewed and what
L0:information will be necessary to perform the review, as soon as practicable, both prior to
L0:and during the review.

L1:(iii) Prepare a report, which must ensure, to the maximum extent
L0:practicable, review of current, accurate, and complete data, and identify cost savings
L0:opportunities associated with specific engineering or business changes that can be
L0:quantified and tracked.

215.406 Data to support proposal analysis

Status: active

L0:215.406 Data to support proposal analysis.

L0:215.408-2 Documenting the negotiation.
L0:Follow the procedures at PGI 215.408-2 for documenting the negotiation.

215.470 Estimated data prices

Status: active

L0:215.470 Estimated data prices.

L1:(a) DoD requires estimated prices for data to evaluate the cost to the

L0:Government of data items in terms of their management, product, or engineering

L0:value.

L1:(b) When data are required to be delivered under a contract, include DD Form

L0:1423, Contract Data Requirements List, in the solicitation. See PGI 215.470(b) for

L0:guidance on the use of DD Form 1423.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(c) Do not include a requirement for data in a contract that the contractor has

L0:delivered or is obligated to deliver to the Government under another contract or

L0:subcontract, and that the successful offeror identifies any such data required by the

L0:solicitation. However, where duplicate data are desired, the contract price shall

L0:include the costs of duplication, but not of preparation, of such data.

Status: active

L0:252.215-7001 Reserved.

252.215-7002 Cost Estimating System Requirements

L0:252.215-7002 Cost Estimating System Requirements.

L0:As prescribed in 215.110-70(a), use the following clause:

L0:COST ESTIMATING SYSTEM REQUIREMENTS (JAN 2025)

L1:(a) Definitions.

L0:“Acceptable estimating system” means an estimating system that complies with

L0:the system criteria in paragraph (d) of this clause, and provides for a system that?

L1:(1) Is maintained, reliable, and consistently applied;

L1:(2) Produces verifiable, supportable, documented, and timely cost estimates

L0:that are an acceptable basis for negotiation of fair and reasonable prices;

L1:(3) Is consistent with and integrated with the Contractor’s related

L0:management systems; and

L1:(4) Is subject to applicable financial control systems.

L0:“Estimating system” means the Contractor’s policies, procedures, and practices

L0:for budgeting and planning controls, and generating estimates of costs and other

L0:data included in proposals submitted to customers in the expectation of receiving

L0:contract awards. Estimating system includes the Contractor’s?

L1:(1) Organizational structure;

L1:(2) Established lines of authority, duties, and responsibilities;

L1:(3) Internal controls and managerial reviews;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(4) Flow of work, coordination, and communication; and

L1:(5) Budgeting, planning, estimating methods, techniques, accumulation of

L0:historical costs, and other analyses used to generate cost estimates.

L0:“Material weakness” means a deficiency or combination of deficiencies in the

L0:internal control over information in contractor business systems, such that there is

L0:a reasonable possibility that a material misstatement of such information will not

L0:be prevented, or detected and corrected, on a timely basis. A reasonable possibility

L0:exists when the likelihood of an event occurring is?

L1:(1) Probable; or

L1:(2) More than remote but less than likely (Section 806 of Pub. L. 116-283).

L1:(b) General. The Contractor shall establish, maintain, and comply with an

L0:acceptable estimating system.

L1:(c) Applicability. Paragraphs (d) and (e) of this clause apply if the Contractor is

L0:a large business and either?

L1:(1) In its fiscal year preceding award of this contract, received Department

L0:of Defense (DoD) prime contracts or subcontracts, totaling \$50 million or more for

L0:which certified cost or pricing data were required; or

L1:(2) In its fiscal year preceding award of this contract?

L1:(i) Received DoD prime contracts or subcontracts totaling \$10 million or

L0:more (but less than \$50 million) for which certified cost or pricing data were

L0:required; and

L1:(ii) Was notified, in writing, by the Contracting Officer that paragraphs

L1:(d) and (e) of this clause apply.

L1:(d) System requirements.

L1:(1) The Contractor shall disclose its estimating system to the
L0:Administrative Contracting Officer (ACO), in writing. If the Contractor wishes the
L0:Government to protect the data and information as privileged or confidential, the
L0:Contractor must mark the documents with the appropriate legends before
L0:submission.

L1:(2) An estimating system disclosure is acceptable when the Contractor has
L0:provided the ACO with documentation that?

L1:(i) Accurately describes those policies, procedures, and practices that the
L0:Contractor currently uses in preparing cost proposals; and

L1:(ii) Provides sufficient detail for the Government to reasonably make an
L0:informed judgment regarding the acceptability of the Contractor's estimating
L0:practices.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L1:(3) The Contractor shall?

L1:(i) Comply with its disclosed estimating system; and

L1:(ii) Disclose significant changes to the cost estimating system to the
L0:ACO on a timely basis.

L1:(4) The Contractor's estimating system shall provide for the use of
L0:appropriate source data, utilize sound estimating techniques and good judgment,
L0:maintain a consistent approach, and adhere to established policies and procedures.
L0:An acceptable estimating system shall accomplish the following functions:

L1:(i) Establish clear responsibility for preparation, review, and approval of
L0:cost estimates and budgets.

L1:(ii) Provide a written description of the organization and duties of the
L0:personnel responsible for preparing, reviewing, and approving cost estimates and
L0:budgets.

L1:(iii) Ensure that relevant personnel have sufficient training, experience,
L0:and guidance to perform estimating and budgeting tasks in accordance with the
L0:Contractor's established procedures.

L1:(iv) Identify and document the sources of data and the estimating
L0:methods and rationale used in developing cost estimates and budgets.

L1:(v) Provide for adequate supervision throughout the estimating and
L0:budgeting process.

L1:(vi) Provide for consistent application of estimating and budgeting
L0:techniques.

L1:(vii) Provide for detection and timely correction of errors.

L1:(viii) Protect against cost duplication and omissions.

L1:(ix) Provide for the use of historical experience, including historical
L0:vendor pricing data, where appropriate.

L1:(x) Require use of appropriate analytical methods.

L1:(xi) Integrate data and information available from other management
L0:systems.

L1:(xii) Require management review, including verification of compliance
L0:with the company's estimating and budgeting policies, procedures, and practices.
L1:(xiii) Provide for internal review of, and accountability for, the
L0:acceptability of the estimating system, including the budgetary data supporting
L0:indirect cost estimates and comparisons of projected results to actual results, and
L0:an analysis of any differences.
L1:(xiv) Provide procedures to update cost estimates and notify the
L0:Contracting Officer in a timely manner throughout the negotiation process.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L1:(xv) Provide procedures that ensure subcontract prices are reasonable
L0:based on a documented review and analysis provided with the prime proposal, when
L0:practicable.
L1:(xvi) Provide estimating and budgeting practices that consistently
L0:generate sound proposals that are compliant with the provisions of the solicitation
L0:and are adequate to serve as a basis to reach a fair and reasonable price.
L1:(xvii) Have an adequate system description, including policies,
L0:procedures, and estimating and budgeting practices, that comply with the Federal
L0:Acquisition Regulation and Defense Federal Acquisition Regulation Supplement.
L1:(e) Material weaknesses.
L1:(1) The Contracting Officer will provide an initial determination to the
L0:Contractor, in writing, of any material weaknesses. The initial determination will
L0:describe the underlying deficiency in sufficient detail to allow the Contractor to
L0:understand the weakness or deficiency.
L1:(2) The Contractor shall respond within 30 days to a written initial
L0:determination from the Contracting Officer that identifies material weaknesses in
L0:the Contractor's estimating system. If the Contractor disagrees with the initial
L0:determination, the Contractor shall state, in writing, its rationale for disagreeing.
L1:(3) The Contracting Officer will evaluate the Contractor's response and
L0:notify the Contractor, in writing, of the Contracting Officer's final determination
L0:concerning?
L1:(i) Remaining material weaknesses;
L1:(ii) The adequacy of any proposed or completed corrective action; and
L1:(iii) System disapproval, if the Contracting Officer determines that one
L0:or more material weaknesses remain.
L1:(f) If the Contractor receives the Contracting Officer's final determination of
L0:material weaknesses, the Contractor shall, within 45 days of receipt of the final
L0:determination, either correct the material weaknesses or submit an acceptable
L0:corrective action plan showing milestones and actions to eliminate the material
L0:weaknesses.
L1:(g) Withholding payments. If the Contracting Officer makes a final
L0:determination to disapprove the Contractor's estimating system, and the contract
L0:includes the clause at 252.242-7005, Contractor Business Systems, the Contracting
L0:Officer will withhold payments in accordance with that clause.
L0:(End of clause)

252.215-7990 Requirement for Submission of Data Other Than Certified

Status: active

L0:252.215-7990 Requirement for Submission of Data Other Than Certified

L0:Cost or Pricing Data?Canadian Commercial Corporation. (DEVIATION

L0:2026-00048)

L0:As prescribed at 215.110-70(b)(1)(i), use the following provision:

L0:REQUIREMENT FOR SUBMISSION OF DATA OTHER THAN CERTIFIED COST

L0:OR PRICING DATA?CANADIAN COMMERCIAL CORPORATION (DEVIATION

L0:2026-00048) (MAR 2026)

L1:(a) Submission of certified cost or pricing data is not required.

L1:(b) Canadian Commercial Corporation shall obtain and provide the following:

L1:(i) Profit rate or fee (as applicable).

L1:(ii) Analysis provided by Public Works and Government Services Canada to

L0:the Canadian Commercial Corporation to determine a fair and reasonable price

L0:(comparable to the analysis required at FAR 15.404).

L1:(iii) Data other than certified cost or pricing data necessary to permit a

L0:determination by the U.S. Contracting Officer that the proposed price is fair and

L0:reasonable [U.S. Contracting Officer to insert description of the data required in

L0:accordance with FAR 15.403-1].

L1:(c) As specified in 15.403-1(d), an offeror who does not comply with a

L0:requirement to submit data that the U.S. Contracting Officer has deemed necessary

L0:to determine price reasonableness or cost realism is ineligible for award unless the

L0:head of the contracting activity determines that it is in the best interest of the

L0:Government to make the award to that offeror.

L0:(End of provision)

L0:(End of clause)

252.215-7006 Use of Employees or Individual Subcontractors Who Are

Status: active

L0:252.215-7006 Use of Employees or Individual Subcontractors Who Are

L0:Members of the Selected Reserve.

L0:As prescribed in 215.104-71(c), use the following clause:

L0:USE OF EMPLOYEES OR INDIVIDUAL SUBCONTRACTORS WHO ARE

L0:MEMBERS OF THE SELECTED RESERVE (MAR 2022)

L1:(a) Definition. As used in this clause?

L0:Selected Reserve? has the meaning given that term in 10 U.S.C. 10143. Selected

L0:Reserve members normally attend regular drills throughout the year and are the

L0:group of Reserves most readily available to the President.

L1:(b) If the Contractor stated in its offer that it intends to use members of the

L0:Selected Reserve in the performance of this contract?

L1:(1) The Contractor shall use employees, or individual subcontractors, who

L0:are members of the Selected Reserve in the performance of the contract to the

L0:fullest extent consistent with efficient contract performance; and

L1:(2) The Government has the right to terminate the contract for default if the

L0:Contractor willfully or intentionally fails to use members of the Selected Reserve, as

L0:employees or individual subcontractors, in the performance of the contract.

L0:(End of clause)

252.215-7007 Notice of Intent to Resolicit

Status: active

L0:252.215-7007 Notice of Intent to Resolicit.

L0:As prescribed at 215.202-71(f), use the following provision:

L0:NOTICE OF INTENT TO RESOLICIT (JUN 2012)

L0:This solicitation provides offerors fewer than 30 days to submit proposals. In the

L0:event that only one offer is received in response to this solicitation, the Contracting

L0:Officer may cancel the solicitation and resolicit for an additional period of at least

L0:30 days in accordance with 215.202-71(b).

L0:(End of provision)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

252.215-7992 Only One Offer. (DEVIATION 2026-O0048)

Status: active

L0:252.215-7992 Only One Offer. (DEVIATION 2026-O0048)

L0:As prescribed at 215.110-70(c), use the following provision:

L0:ONLY ONE OFFER (DEVIATION 2026-O0048) (MAR 2026)

L1:(a) Cost or pricing data requirements. After initial submission of offers, if the

L0:Contracting Officer notifies the Offeror that only one offer was received, the Offeror

L0:agrees to?

L1:(1) Submit any additional cost or pricing data that is required in order to

L0:determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply

L0:with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702);

L0:and

L1:(2) Except as provided in paragraph (b) of this provision, if the acquisition

L0:exceeds the certified cost or pricing data threshold and an exception to the
L0:requirement for certified cost or pricing data at FAR 15.403-2(b)(2) through (5) does
L0:not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS
L0:provision 252.215-7994, Requirements for Certified Cost or Pricing Data and Data
L0:Other Than Certified Cost or Pricing Data, of this solicitation.

L1:(b) Canadian Commercial Corporation. If the Offeror is the Canadian
L0:Commercial Corporation, certified cost or pricing data are not required. If the
L0:Contracting Officer notifies the Canadian Commercial Corporation that additional
L0:data other than certified cost or pricing data are required in accordance with
L0:DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and
L0:provide the following:

L1:(1) Profit rate or fee (as applicable).

L1:(2) Analysis provided by Public Works and Government Services Canada to
L0:the Canadian Commercial Corporation to determine a fair and reasonable price
L0:(comparable to the analysis required at 15.404).

L1:(3) Data other than certified cost or pricing data necessary to permit a
L0:determination by the U.S. Contracting Officer that the proposed price is fair and
L0:reasonable [U.S. Contracting Officer to provide description of the data required in
L0:accordance with FAR 15.403-1 with the notification].

L1:(4) As specified in FAR 15.403-1(d), an offeror who does not comply with a
L0:requirement to submit data that the U.S. Contracting Officer has deemed necessary
L0:to determine price reasonableness or cost realism is ineligible for award unless the
L0:head of the contracting activity determines that it is in the best interest of the
L0:Government to make the award to that offeror.

L1:(c) Subcontracts. Unless the Offeror is the Canadian Commercial Corporation,
L0:the Offeror shall insert the substance of this provision, including this paragraph (c),
L0:in all subcontracts exceeding the simplified acquisition threshold defined in FAR
L0:part 2.

252.215-7014 Exception from Certified Cost or Pricing Data Requirements

Status: active

L0:252.215-7014 Exception from Certified Cost or Pricing Data Requirements
L0:for Foreign Military Sales Indirect Offsets.
L0:As prescribed in 215.110-70(g), use the following clause:

L0:EXCEPTION FROM CERTIFIED COST OR PRICING DATA REQUIREMENTS FOR L0:FOREIGN MILITARY SALES INDIRECT OFFSETS (DEC 2022)

L1:(a) Definition. As used in this clause?

L0:Offset? means a benefit or obligation agreed to by a contractor and a foreign
L0:government or international organization as an inducement or condition to purchase
L0:supplies or services pursuant to a foreign military sale (FMS). There are two types of
L0:offsets: direct offsets and indirect offsets.

L1:(1) A direct offset involves benefits or obligations, including supplies or services
L0:that are directly related to the item being purchased and are integral to the deliverable
L0:of the FMS contract. For example, as a condition of a foreign military sale, the
L0:contractor may require or agree to permit the customer to produce in its country certain
L0:components or subsystems of the item being sold. Generally, direct offsets must be
L0:performed within a specified period, because they are integral to the deliverable of the
L0:FMS contract.

L1:(2) An indirect offset involves benefits or obligations, including supplies or
L0:services that are not directly related to the specific item(s) being purchased and are not
L0:integral to the deliverable of the FMS contract. For example, as a condition of a foreign
L0:military sale, the contractor may agree to purchase certain manufactured products,
L0:agricultural commodities, raw materials, or services, or make an equity investment or
L0:grant of equipment required by the FMS customer, or may agree to build a school, road
L0:or other facility. Indirect offsets would also include projects that are related to the FMS
L0:contract but not purchased under said contract (e.g., a project to develop or advance a
L0:capability, technology transfer, or know-how in a foreign company). Indirect offsets
L0:may be accomplished without a clearly defined period of performance.

L1:(b) Exceptions from certified cost or pricing data requirements. Notwithstanding the
L0:requirements of Federal Acquisition Regulation (FAR) 52.215-20, Requirements for
L0:Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in
L0:the case of this contract or a subcontract, and FAR 52.215-21, Requirements for
L0:Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data?
L0:Modifications, in the case of modification of this contract or a subcontract, submission of

L0:certified cost or pricing data shall not be required to the extent such data relates to an
L0:indirect offset (10 U.S.C. 3703(a)(4)).
L0:(End of clause)

252.215-7995 Program Should-Cost Review. (DEVIATION 2026-O0048)

Status: active

L0:252.215-7995 Program Should-Cost Review. (DEVIATION 2026-O0048)

L0:As prescribed in 215.110-70(h), use the following clause:

L0:PROGRAM SHOULD-COST REVIEW (DEVIATION 2026-O0048) (MAR 2026)

L1:(a) The Government has the right to perform a program should-cost review, as

L0:described in Federal Acquisition Regulation (FAR) 15.405-4(b). The review may be

L0:conducted in support of a particular contract proposal or during contract

L0:performance to find opportunities to reduce program costs. The Government will

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:communicate the elements of the proposed should-cost review to the prime

L0:contractor (Pub. L. 115-91).

L1:(b) If the Government performs a program should-cost review, upon the

L0:Government?s request, the Contractor shall provide access to accurate and complete

L0:cost data and Contractor facilities and personnel necessary to permit the

L0:Government to perform the program should-cost review.

L1:(c) The Government has the right to use third-party experts to supplement the

L0:program should-cost review team. The Contractor shall provide access to the

L0:Contractor?s facilities and information necessary to support the program should-cost

L0:review to any third-party experts who have signed non-disclosure agreements in

L0:accordance with the FAR 52.203-16.

L0:(End of clause)

L0:252.215-7996 Notification to Offerors?Postaward Debriefings.

L0:(DEVIATION 2026-O0048)

L0:As prescribed in 215.301-70, use the following provision:

L0:NOTIFICATION TO OFFERORS?POSTAWARD DEBRIEFINGS (DEVIATION

L0:2026-O0048) (MAR 2026)

L1:(a) Definition. As used in this provision?

L0:?Nontraditional defense contractor? means an entity that is not currently

L0:performing and has not performed any contract or subcontract for DoD that is

L0:subject to full coverage under the cost accounting standards prescribed pursuant to

L0:41 U.S.C. 1502 and the regulations implementing such section, for at least the 1-

L0:year period preceding the solicitation of sources by DoD for the procurement (10

L0:U.S.C. 3014).

L1:(b) Postaward debriefing.

L1:(1) Upon timely request, the Government will provide a written or oral

L0:postaward debriefing to successful or unsuccessful offerors for contract awards

L0:valued at \$15 million

L1:(2) When required, the minimum postaward debriefing information will

L0:include the following:

L1:(i) For contracts in excess of \$15 million and not in excess of \$150

L0:million with a small business or nontraditional defense contractor, an option for the

L0:small business or nontraditional defense contractor to request disclosure of the

L0:agency's written source selection decision document, redacted to protect the

L0:confidential and proprietary information of other offerors for the contract award.

L1:(ii) For contracts in excess of \$150 million, disclosure of the agency's

L0:written source selection decision document, redacted to protect the confidential and

L0:proprietary information of other offerors for the contract award.

L1:(3) If a required postaward debriefing is provided?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(i) The debriefed Offeror may submit additional written questions

L0:related to the debriefing not later than 2 business days after the date of the

L0:debriefing;

L1:(ii) The agency will respond in writing to timely submitted additional

L0:questions within 5 business days after receipt by the contracting officer; and

L1:(iii) The postaward debriefing will not be considered to be concluded

L0:until the later of?

L0:writing; or

L1:(A) The date that the postaward debriefing is delivered, orally or in

L0:timely received, the date the agency delivers its written response.

L1:(B) If additional written questions related to the debriefing are

L1:(c) Contract performance. The Government may suspend performance of or

L0:terminate the awarded contract upon notice from the Government Accountability

L0:Office of a protest filed within the time periods listed in paragraphs (c)(1) through

L1:(3) of this provision, whichever is later:

L1:(1) Within 10 days after the date of contract award.

L1:(2) Within 5 days after a debriefing date offered to the protestor under a

L0:timely debriefing request in accordance with Federal Acquisition Regulation (FAR)

15.301 unless an earlier debriefing date is negotiated as a result

Status: active

L0:15.301 unless an earlier debriefing date is negotiated as a result.

L1:(3) Within 5 days after a postaward debriefing under FAR 15.301 is

L0:concluded in accordance with Defense Federal Acquisition Regulation Supplement

L0:215.301-170.

L0:(End of provision)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215?CONTRACTING BY NEGOTIATION

L0:PGI 215.1-PRESOLICITATION AND SOLICITATION

L0:PGI 215.103 Developing a competitive source selection approach

L0:PGI 215.103-270 Limitations and prohibitions.

L1:(a) Limitations.

L2:(1)(vi) Obtain guidance from the requiring activity when it is unclear whether a

L0:supply is ?predominately expendable in nature? or ?nontechnical,? or has a ?short life

L0:expectancy? or ?short shelf life.? In such situations, only use the lowest price technically

L0:acceptable source selection process if the requiring activity establishes that the goods to be

L0:procured are predominantly expendable in nature, are nontechnical, or have a short life

L0:expectancy or short shelf life.

L1:(vii) Document the contract file with a determination from the requiring activity

L0:that the lowest priced offer reflects full life-cycle costs for the supply or service. For services,

L0:full life-cycle costs are equal to the contract cost of the services.

L0:PGI 215.104 Establishing competitive evaluation factors and significant subfactors.

L0:PGI 215.104-70 Establishing competitive evaluation factors and significant

L0:subfactors.

L2:(a)(1) Evaluation factors may include?

L1:(i) The extent to which such firms are specifically identified in proposals,

L1:(ii) The extent of commitment to use such firms (for example, enforceable

L0:commitments are to be weighted more heavily than non-enforceable ones),

L1:(iii) The complexity and variety of the work small firms are to perform,

L1:(iv) The realism of the proposal,

L1:(v) Past performance of the offerors in complying with requirements of the

L0:clauses at FAR 52.219-8, Utilization of Small Business Concerns, and 52.219-9, Small

L0:Business Subcontracting Plan, and

L1:(vi) Participation of such firms in terms of the value of the total acquisition.

L1:(c) Using authority granted in section 806 of Pub. L. 111-383 to exclude a source

L0:based on supply chain risk requires an evaluation factor for supply chain risk, as specified at

L0:DFARS 240.271-6. Evaluating supply chain risk requires review of the supply chain,

L0:including all information technology subcontractors and suppliers that are proposed for use

L0:at any time in the performance of the contract and may involve the use of all-source

L0:intelligence information. The requiring activity is responsible for obtaining any necessary all-

L0:source intelligence information and must inform the contracting officer and source selection

L0:authority of the results of the review for use in evaluating offers.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215.104-71 Evaluation factor for employing or subcontracting with members of

L0:the Selected Reserve.

L1:(b) Evaluation factor.

L1:(1) This evaluation factor may be used as an incentive to encourage contractors to

L0:use employees or individual subcontractors who are members of the Selected Reserve.

L1:(2) As with all evaluation factors and subfactors, the contracting officer should

L0:consider the impact the inclusion of this factor will have on the resulting contract and weight

L0:it accordingly.

L0:PGI 215.105 Other considerations.

L0:PGI 215.105-5 Make-or-buy decision.

L2:(c)(2) RFP requirements. Consider the following factors when deciding whether to

L0:request a make-or-buy plan?

L1:(i) The prime contractor's assumption of risk;

L1:(ii) The prime contractor's plant capacity;

L1:(iii) The prime contractor's degree of vertical integration;

L1:(iv) The prime contractor's internal resources;

L1:(v) The anticipated contract type;

L1:(vi) The complexity, uniqueness, or configuration maturity associated with the end

L0:item or its subsystems;

L1:(vii) Critical path items;

L1:(viii) The impact on contract overhead rates with respect to maintaining work in-

L0:house;

L1:(ix) The industrial base that could potentially satisfy some system requirements,

L0:based on market survey;

L1:(x) Proprietary data and/or trade secrets;

L1:(xi) Potential product quality concerns associated with items that would be subject

L0:to subcontracting;

L1:(xii) Integrated master schedule timelines and their tolerances for variation;

L1:(xiii) The availability and experience of program office personnel to credibly analyze

L0:and evaluate a submission; and

L1:(xiv) Socioeconomic considerations, e.g. small business or labor surplus area

L0:concerns.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215.2?EVALUATION AND AWARD

L0:PGI 215.200 Scope.

L0:See the policy tab for Principal Director, Defense Pricing and Contracting memorandum

L0:dated August 20, 2022, entitled "Department of Defense Source Selection Procedures" that

L0:provides the procedures for conducting negotiated, competitive acquisitions utilizing FAR

L0:part 15 procedures.

L0:PGI 215.201 Source selection responsibilities.

L2:(b)(2) The source selection plan is ?

L1:(A) Prepared and maintained by a person designated by the source selection

L0:authority or as prescribed by agency procedures; and

L1:(B) Coordinated with the contracting officer and senior advisory group, if any,

L0:within the source selection organization.

L0:PGI 215.202-71 Only one offer.

L1:(b) Promote competition.

L1:(2) For competitive solicitations in which more than one potential offeror expressed

L0:an interest in an acquisition, but only one offer was ultimately received?

L1:(i) Seek feedback (e.g., issue an RFI) after award from potential offerors

L0:expected to submit an offer; and

L1:(ii) Document any feedback received in the contract file.

L1:(3) Agencies must use any feedback received when considering how to overcome

L0:barriers to competition for future requirements.

L0:PGI 215.3?POSTAWARD

L0:PGI 215.300 Scope.

L0:PGI 215.304-70 Voluntary disclosure of defective certified cost or pricing data after

L0:award.

L1:(a) Contact the Defense Contract Audit Agency (DCAA) to determine the appropriate

L0:level of audit assistance required for the circumstances (e.g., nature or dollar amount of the

L0:defective pricing disclosure): limited-scope audit (e.g., limited to the affected cost elements

L0:of the defective pricing disclosure), full-scope audit, or technical assistance. Discussion

L0:topics must include:

L1:(1) Completeness of the contractor's voluntary disclosure on the affected contract.

L1:(2) Accuracy of the contractor's cost impact calculation for the affected contract.

L1:(3) Potential impact on existing contracts, task or deliver orders, or other proposals

L0:the contractor has submitted to the Government.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(b) Voluntary disclosure of defective pricing is not a voluntary refund as defined in

242.7100 and does not waive the Government's entitlement to the recovery of any

Status: active

L0:242.7100 and does not waive the Government's entitlement to the recovery of any

L0:overpayment plus interest on the overpayments in accordance with FAR 15.304(a)(1).

L1:(c) Voluntary disclosure of defective pricing does not waive the Government's rights to

L0:pursue defective pricing claims on the affected contract or any other Government contract.

L0:PGI 215.305 Estimating systems.

L0:PGI 215.305-70 Disclosure, maintenance, and review requirements.

L1:(d) Disposition of findings.

L1:(2) Initial determination.

L2:(ii)(A) Within 30 days of receiving the report, provide an initial determination of

L0:material weaknesses and a copy of the report to the contractor.

L1:(C) Evaluation of contractor's response. Within 30 days of receiving the

L0:contractor's response to the initial determination, evaluate the contractor's response and

L0:make a final determination.

L1:(3) Final determination.

L2:(ii)(A) Monitoring contractor's corrective action. Monitor, with the auditor, the

L0:contractor's progress in correcting material weaknesses. If the contractor fails to make

L0:adequate progress, the contracting officer shall take whatever action is necessary to ensure

L0:that the contractor corrects the weaknesses and deficiencies, including withdrawing or

L0:withholding approval of the system; elevating the issue to the attention of higher level

L0:management; reducing or suspending progress payments (see FAR 32.503-6);

L0:recommending non-award of potential contracts, as applicable; and increasing the

L0:withholding in accordance with 252.242-7005, Contractor Business Systems.

L1:(B) Correction of material weaknesses.

L1:(1) The contractor is required to notify the contracting officer that it has

L0:corrected the material weaknesses. Upon receiving notification, request the auditor review

L0:the correction to determine if the material weaknesses have been resolved.

L0:weaknesses.

L1:(2) Make a determination if the contractor has corrected the material

L1:(3) If the contractor has corrected the material weaknesses, send the

L0:contracting officer's notification to the auditor; payment office; appropriate action officers

L0:responsible for reporting past performance at the requiring activities; and each contracting

L0:and contract administration office having substantial business with the contractor, as

L0:applicable.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215.4?CONTRACT PRICING

L0:PGI 215.400 Scope of subpart.

L0:PGI 215.402 General.

L0:PGI 215.402-70 Contract pricing?General.

L2:(b)(1) Contracting officers must purchase supplies and services from responsible

L0:sources at fair and reasonable prices. The Truthful Cost and Pricing statutes (10 U.S.C.

L0:chapter 271 and 41 U.S.C. chapter 35) require offerors to submit certified cost or pricing

L0:data if a procurement exceeds the Truthful Cost and Pricing threshold, and none of the

L0:exceptions to certified cost or pricing data requirements applies. Under the Truthful Cost

L0:and Pricing statute, the contracting officer obtains accurate, complete, and current data from

L0:offerors to establish a fair and reasonable price (see FAR 15.403-3 and 215.403-3(a)). The

L0:Truthful Cost and Pricing statutes also allow for a price adjustment remedy if it is later found

L0:that a contractor did not provide accurate, complete, and current data.

L1:(2) When certified cost or pricing data are not required, and the contracting

L0:officer does not have sufficient data to determine price reasonableness, FAR 15.402(a)(2)

L0:requires the offeror to provide whatever data the contracting officer needs in order to

L0:determine fair and reasonable prices.

L1:(3) Obtaining sufficient data from the offeror is particularly critical in situations

L0:where a product or service is determined to be a commercial product or commercial service

L0:in accordance with FAR 2.101 and the contract is being awarded on a sole source basis.

L0:This includes commercial sales data of products or services sold in similar quantities and, if

L0:such data is insufficient, cost data to support the proposed price.

L1:(4) See PGI 215.404-70 and the Department of Defense Guidebook for

L0:Acquiring Commercial Items, Part B: Pricing Commercial Items, for more detailed

L0:procedures and guidance on obtaining data needed to determine fair and reasonable prices.

L0:PGI 215.403 Obtaining cost or pricing data.

L0:PGI 215.403-1 Data other than certified cost or pricing data.

L2:(b)(1)

L0:If certified cost or pricing data are not required by FAR 15.403-3 or 215.403-3(a)
L0:and there is no other means for the contracting officer to determine that prices are fair and
L0:reasonable, the offeror is required to submit ?data other than certified cost or pricing data?
L0:(see definition at FAR 2.101). In accordance with FAR 15.403-1(b), the offeror must provide
L0:appropriate data on the prices at which the same or similar items have previously been sold,
L0:adequate for determining the reasonableness of the price. The following clarifies the
L0:requirements of this section?

L1:(i) Data other than certified cost or pricing data. When certified cost or pricing
L0:data are not required, obtain whatever data is necessary in order to determine the
L0:reasonableness of the price. The FAR defines this as ?data other than certified cost or
L0:pricing data.? When TINA does not apply and there is no other means of determining that
L0:prices are fair and reasonable, obtain appropriate data on the prices at which the same or
L0:similar items have been sold previously, adequate for evaluating the reasonableness of the
L0:price. Sales data must be comparable to the quantities, capabilities, specifications, etc., of
L0:the product or service proposed. Sufficient steps must be taken to verify the integrity of the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L0:sales data, to include assistance from the Defense Contract Management Agency, the
L0:Defense Contract Audit Agency, and/or other agencies if required. See PGI 215.404-70 for
L0:more detailed procedures for obtaining data from offerors to determine price
L0:reasonableness.

L1:(ii) Previously been sold. Request offerors provide data related to prior sales (or
L0:offered for sale?) in support of price reasonableness determinations.

L1:(iii) Adequacy of sales data for pricing. Determine if the prior sales data is
L0:sufficient for determining that prices are fair and reasonable. If the sales data is not
L0:sufficient, obtain additional data, including cost data if necessary. See PGI 215.404-70 for
L0:more detailed procedures for obtaining whatever data is needed to determine fair and
L0:reasonable prices.

L1:(c) Prepare a written request that clearly describes the required data, the reason the
L0:data is required to determine fair and reasonable pricing, and the due date for submission.
L0:Request data in the offeror?s existing format but require appropriate explanations if
L0:necessary to enable analysis (see FAR 15.105-4(b)(2)). When a request for proposal
L0:contains solicitation provision DFARS 252.215-7994, offerors are to respond to data
L0:requests within 10 days.
L0:PGI 215.403-170 Contracting officer responsibilities.

L1:(a) Analysis of historical prices paid by the Government.

L1:(i) Consider prices paid by the Government and commercial customers. Do not rely
L0:solely on a prior price paid by the Government without further analysis (see FAR 15.404-1).

L1:(A) Verify and document that sufficient analysis was performed on the prior
L0:price to determine that the prior price was fair and reasonable. Sometimes, due to urgent
L0:situations, supplies or services are purchased even though an adequate price or cost
L0:analysis could not be performed. The problem is exacerbated when other contracting
L0:officers assume these prices were adequately analyzed and determined to be fair and
L0:reasonable.

L1:(B) Investigate and document the following considerations:

L0:adjustments as necessary to ensure comparability with the current quantity requirement;

L1:(1) Verify that the quantities were similar for pricing purposes, making

L1:(2) Consider whether the historical purchases were recent enough to be

L0:relevant for the purpose of establishing price reasonableness of the current acquisition, and

L0:escalate or deflate the historical prices as appropriate to facilitate comparison to the current

L0:proposed price; and

L1:(3) Validate that the terms and conditions associated with the historical

L0:purchases were comparable to the current terms and conditions, or adjust the historical

L0:prices in a manner that accounts for the materially differing terms and conditions.

L1:(ii) Not verifying that a previous analysis was performed, or the consistencies in

L0:quantities, has been a recurring issue on sole source commercial products and commercial

L0:services reported by oversight organizations. Sole source commercial products and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:commercial services require extra attention to verify that previous prices paid on

L0:Government contracts were sufficiently analyzed and determined to be fair and reasonable.

L1:(iii) At a minimum, review price history and discuss the basis of previous prices paid

L0:with the contracting organization that previously bought the item. Document the discussions

L0:in the contract file.

L1:(b) Refusals to submit data.

L1:(i) When additional data is required to determine price reasonableness and the

L0:offeror does not respond to data requests (see PGI 215.403-1(c)), use the following

L0:sequence of steps?

L1:(A) If the offeror does not submit the requested data on time, document any

L0:missed deadlines in the contract file. If the offeror does not respond or refuses to provide

L0:the requested data, elevate the issue within the contracting activity.

L0:engage the offeror's leadership for resolution.

L1:(B) The contracting activity, with support from the contracting officer, may

L1:(C) If the offeror continues to refuse to provide the data, the contracting

L0:activity will elevate the issue to the head of the contracting activity for a determination in

L0:accordance with DFARS 215.403-170(b).

L1:(D) Document the contract file to describe?

L1:(1) The data requested and the need for that data;

L0:from this particular source; and

L1:(2) Why there is currently no other alternative but to procure the item

L0:second source by...; bring the procurement in house to the Government by...).

L1:(3) A written plan for avoiding this situation in the future (e.g., develop a

L1:(E) Consistent with the requirements at FAR 15.104 and 42.1102 and the

L0:Contractor Performance Assessment Reporting System (CPARS), unless exempted by the

L0:HCA, provide input into the past performance system, noting the offeror's refusal to provide

L0:requested information.

L1:(ii) Delegation. The HCA may delegate, no lower than one level above the

L0:contracting officer, the authority to determine whether it is in the best interest of the

L0:Government to issue an award in accordance with DFARS 215.403-170(b). This individual

L0:may be the individual responsible for approval of the prenegotiation objective (see DFARS

L0:215.408-1), unless that individual is the contacting officer.

L1:(iii) Reporting requirements.

L1:(A) Document, collect, and provide a report in the standard digital format (see

L0:paragraph (b)(iii)(B) of this subsection) to the HCA of all denials of contracting officer

L0:requests to offerors or contractors for data other than certified cost or pricing data that are

L0:not resolved through the elevation process at (b)(i) of this section and, therefore, require a

L0:determination by the HCA in accordance with DFARS 215.403-170(b). Place the HCA

L0:determination in the contract file.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(B) The HCA shall consolidate and validate this information for all impacted

L0:contracts and modifications regardless of dollar value and submit the information in the

L0:standard digital format available at

L0:https://www.acq.osd.mil/dpap/dars/pgi/docs/Data_Denials_Template_9-26-23.xlsx. A

L0:completed report or note of no findings is required to fulfill the reporting requirement to the

L0:Principal Director, Defense Pricing, Contracting, and Acquisition Policy (DPCAP). Reports

L0:are due to DPCAP 30 days after the end of each quarterly reporting period. HCAs must

L0:transmit reports electronically to DPCAP at osd.pentagon.ousd-a-s.mbx.dpc-pcf@mail.mil

L0:for incorporation into the ?Annual Report to Congress on Denials of Contracting Officer

L0:Uncertified Cost or Pricing Data Requests? submitted by the Under Secretary of Defense for

L0:Acquisition and Sustainment in accordance with 10 U.S.C. 3705(b)(2)(B).

L1:(C) HCAs must provide only the data denial section of the report that is

L0:applicable to the contractor or offeror reported within than 30 calendar days after receiving

L0:sections of the report in (B) from the Under Secretary of Defense for Acquisition and

L0:Sustainment. For subcontractors and interorganizational transfers, the HCA must provide a

L0:copy directly to the prime contractor for submittal to the applicable subcontractor or

L0:transferring organization.

L0:PGI 215.403-2 Prohibitions on obtaining certified cost or pricing data.

L0:PGI 215.403-270 Prohibition on obtaining certified cost or pricing data

L2:(a)(1) Exceptions to certified cost or pricing data requirements. Even if an exception to

L0:certified cost or pricing data applies, the contracting officer is still required to determine price

L0:reasonableness.

L1:(b) Waivers.

L1:(1) Exceptional case TINA waiver.

L1:(i) In determining that an exceptional case TINA waiver is appropriate, the HCA

L0:must ensure that the supplies or services could not be obtained without the waiver and that

L0:the determination is clearly documented. The intent is not to relieve entities that normally

L0:perform Government contracts subject to TINA from an obligation to certify that cost or

L0:pricing data are accurate, complete, and current. Instead, use waivers judiciously, in

L0:situations where the Government could not otherwise obtain a needed item without a waiver.

L0:A prime example would be when a particular company offers an item that is essential to

L0:DoD's mission but is not available from other sources, and the company refuses to submit

L0:certified cost or pricing data. In such cases, a waiver may be appropriate. However, the

L0:procuring agency should, in conjunction with the waiver, develop a strategy for procuring the

L0:item in the future that will not require such a waiver (e.g., develop a second source, develop

L0:an alternative product that satisfies the department's needs, or have DoD produce the item).

L1:(ii) Senior procurement executive coordination. An exceptional case TINA

L0:waiver that exceeds \$100 million shall be coordinated with the senior procurement executive

L0:prior to granting the waiver.

L1:(iii) Waiver for part of a proposal. The requirement for submission of

L0:certified cost or pricing data may be waived for part of an offeror's proposed price when it is

L0:possible to clearly identify that part of the offeror's cost proposal to which the waiver applies

L0:as separate and distinct from the balance of the proposal. In granting a partial waiver, in

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:addition to complying with the requirements in DFARS 215.403-270(b)(3), the HCA must

L0:address why it is in the Government's best interests to grant a partial waiver, given that the

L0:offeror has no objection to certifying to the balance of its cost proposal.

L1:(iv) Waivers for unpriced supplies or services. Because there is no price,

L0:unpriced supplies or services cannot be subject to cost or pricing data certification

L0:requirements. The Government cannot agree in advance to waive certification requirements

L0:for unpriced supplies or services, and may only consider a waiver at such time as an offeror

L0:proposes a price that would otherwise be subject to certification requirements.

L1:(2) Annual Reporting Requirement. By November 30th of each year, departments

L0:and agencies must provide a report to the Office of the Principal Director, Defense Pricing,

L0:Contracting, and Acquisition Policy (Price, Cost and Finance), of all waivers granted during

L0:the previous fiscal year under FAR 15.403-2(b)(4) and DFARS 215.403-270(b)(1) for any

L0:contract, subcontract, or modification expected to have a value of \$25 million or more. The

L0:annual report of waiver of TINA requirements shall include the following?

L0>Title: Waiver of TINA Requirements

L0:program name.

L1:(A) Contract number, including modification number, if applicable, and

L1:(B) Contractor name.

L1:(C) Contracting activity.

L1:(D) Total dollar amount waived.

L0:waiver.

L1:(E) Brief description of why the item(s) could not be obtained without a

L0:reasonableness.

L1:(F) Brief description of the specific steps taken to ensure price

L1:(G) Brief description of the demonstrated benefits of granting the waiver.

L1:(3) Waivers applicable to the Canadian Commercial Corporation. All contracts

L0:with the Canadian Commercial Corporation (CCC) are placed in accordance with the

L0:practices, policies and procedures of the Government of Canada covering procurement for

L0:defense purposes (see PGI 225.870). Contracting Officers may rely on the confirmation and

L0:endorsement of the offer from the Canadian Commercial Corporation at 225.870-3(a) as an

L0:endorsement of the cost/price as no more than would be charged to the Canadian

L0:government.

L1:(i) When 252.215-7990 or 252.215-7991 are included in a solicitation with

L0:the Canadian Commercial Corporation, the data required by paragraph (b)(i) and (ii), in

L0:concert with the confirmation and endorsement of the offer, is intended to meet the

L0:requirements of FAR 15.408-2 for documentation of fair and reasonable pricing.

L1:(ii) Support the Use of 252.215-7990 or 252.215-7991 in sole source

L0:acquisitions not meeting the threshold at 215.110-70(b)(1)(i)(A) or (b)(2)(i)(A) or competitive

L0:acquisitions at any dollar value with a determination and finding justifying the anticipated

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:need for data other than certified cost or pricing data to determine a fair and reasonable

L0:price.

L1:(iii) When the need for additional data to establish a fair and reasonable

L0:price, specific data is anticipated, request the data in the solicitation using 252.215-7990.

L1:(iv) Examples of clause use:

L0:Scenario

L0:Sole source to CCC, fixed price, with

L0:estimated value of \$600 million.

L0:Sole source to CCC, cost reimbursement,

L0:with estimated value of \$800,000.

L0:Sole source to CCC ,cost-reimbursement,

L0:with estimated value of \$500,000.

L0:Sole source to CCC ,fixed price, with

L0:estimated value of \$800,000

L0:Modifications to contracts that include the

L0:clause 252.215-7991.

L0:Requirement

L0:Include provision and clause in

L0:accordance with 215.110-70(b)(1)(i)(A)(2)

L0:and (b)(2)(i)(A)(2), respectively, because

L0:estimated value exceeds \$500 million.

L0:Include provision and clause in

L0:accordance with 215.110-70(b)(1)(i)(A)(1)

L0:and (b)(2)(i)(A)(1), respectively, because

L0:estimated value exceeds \$700,000.

L0:Do not include provision and clause,

L0:unless D&F is approved in accordance

L0:with 215.110-70(b)(1)(i)(B) and

L4:(b)(2)(i)(B), respectively, because

L0:estimated value does not exceed

L0:\$700,000.

L0:Do not include provision and clause,

L0:unless D&F is approved in accordance

L0:with 215.110-70(b)(1)(i)(B) and

L4:(b)(2)(i)(B), respectively, because

L0:estimated value does not exceed \$500

L0:million.

L0:If 252.215-7991 is included in the

L0:contract, then data are required for

L0:modifications valued above the simplified
L0:acquisition threshold, or a higher
L0:threshold specified in the solicitation by
L0:the contracting officer, in accordance with
L0:252.215-7991(b).
L0:PGI 215.403-4 Certificate of current cost or pricing data.
L1:(a) Prior to the start of negotiations, contracting officers should notify offerors and
L0:contractors that?
L1:(1) A Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4,
L0:must be submitted as soon as practicable after agreement on price (preferably within 5 days
L0:after price agreement), but before contract award or execution of a modification (except for
L0:unpriced actions such as letter contracts).
L1:(2) A Certificate of Current Cost or Pricing Data that deviates from the language
L0:specified in FAR 15.403-4 or has been amended to include certification of data submitted
L0:after the date of price agreement, will not be accepted.
L1:(b) If any data is submitted after the date of price agreement, contracting officers must?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L1:(1) Notify offerors in writing that such data will not be reviewed until after contract
L0:award and will be dispositioned in accordance with FAR 15.304 and FAR clause 52.215-10
L0:or 52.215-11, as applicable, or
L1:(2) Consider the previous price agreement null and void, and prior to award?
L1:(i) Reopen negotiations to assess the impact of the data submitted after the
L0:date of price agreement (?sweep data?),
L1:(ii) Reestablish price agreement based on cost or pricing data that is accurate,
L0:complete, and current as of the date of the revised agreement on price, and
L1:(iii) Obtain a new Certificate of Current Cost or Pricing Data for any new or
L0:revised data submitted after the previous certification.
L1:(3) If a contractor persistently submits untimely ?sweep? data or fails to timely submit
L0:cost or pricing data or the certification that the data are accurate, complete, and current as of
L0:the date of price agreement, the contracting officer should refer the matter to the Defense
L0:Contract Audit Agency (DCAA) via the Administrative Contracting Officer, Divisional
L0:Administrative Contracting Officer, or Corporate Administrative Contracting Officer, as
L0:appropriate, for consideration in DCAA?s review of the adequacy of the contractor?s
L0:estimating system.
L0:PGI 215.404 Cost and/or price analysis.
L0:PGI 215.404-170 Price Analysis.
L1:(a) See the Department of Defense Guidebook for Acquiring Commercial Items,
L0:Part B: Pricing Commercial Items, for detailed guidance about techniques and approaches
L0:to pricing commercial products and commercial services.
L1:(e) Contracting officers must obtain and document sufficient data to confirm that
L0:previous prices paid by the Government were based on a thorough price and/or cost
L0:analysis. For example, it would not be sufficient to use price(s) from a database paid by
L0:another contracting officer without understanding the type of analysis that was performed to
L0:determine the reasonableness of the price(s), and without verifying that the quantities were

L0:similar for pricing purposes. This does not necessarily need to be another analysis, but

L0:there should be coordination with the other office that acknowledges an analysis was

L0:performed previously.

L1:(g) DoD?s cadre of experts within the Defense Contract Management Agency

L1:(DCMA) will provide assistance with commercial product or commercial service

L0:determinations and price reasonableness determinations. Information about how to obtain

L0:advisory assistance from DCMA?s Commercial Item Group is available via email at

L0:dcma.boston-ma.easterrn-rc.mbx.Commercial@mail.mil or at

L0:http://www.dcmamil/commercial-item-group/.

L0:PGI 215.404-2 Cost Analysis.

L2:(a)(1) When the contracting officer cannot obtain sufficient data to perform a price

L0:analysis in accordance with FAR 15.404-1, a cost analysis is required.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(2) When a solicitation is not subject to TINA and a cost analysis is required, clearly

L0:communicate to the offeror or contractor the cost data that will be needed to determine if the

L0:proposed price is fair and reasonable. See PGI 215.403-1(c).

L1:(3) Consider the need for field pricing support from the Defense Contract

L0:Management Agency, the Defense Contract Audit Agency, and/or other agencies. See PGI

215.404-973 for guidance on using the structured approaches). Administrative instructions

Status: active

L0:215.404-973 for guidance on using the structured approaches). Administrative instructions

L0:for completing the form are in PGI 253.215-70.

L1:(2) Ensure that the DD Form 1547 is accurately completed. The contracting officer

L0:is responsible for the correction of any errors detected by the management system auditing

L0:process.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215.404-971 Weighted guidelines method.

L1:(a) General.

L1:(1) The weighted guidelines method focuses on four profit factors?

L1:(i) Performance risk,

L1:(ii) Contract type risk,

L1:(iii) Facilities capital employed, and

L1:(iv) Cost efficiency.

L1:(2) Assign values to each profit factor; the value multiplied by the base results in the

L0:profit objective for that factor. Except for the cost efficiency special factor, each profit factor

L0:has a normal value and a designated range of values. The normal value is representative of

L0:average conditions on the prospective contract when compared to all goods and services

L0:acquired by DoD. The designated range provides values based on above normal or below

L0:normal conditions. In the price negotiation documentation, address conditions that justify

L0:assignment of other than the normal value. The cost efficiency special factor has no normal

L0:value. Exercise sound business judgment in selecting a value when this special factor is

L0:used (see 215.404-971(e)).

L1:(b) Performance risk.

L1:(1) Description. This profit factor addresses the contractor's degree of risk in

L0:fulfilling the contract requirements. The factor consists of two parts:

L1:(i) Technical--the technical uncertainties of performance.

L1:(ii) Management/cost control--the degree of management effort necessary?

L1:(A) To ensure that contract requirements are met; and

L1:(B) To reduce and control costs.

L1:(2) Determination. The following extract from the DD Form 1547 is annotated to

L0:describe the process.

L0:Item Contractor Risk Factors

L0:21.

L0:22.

L0:contract costs, excluding facilities capital cost of money.

L1:(v) Multiply (b)(2)(iii) by (b)(2)(iv).

L1:(3) Values: Normal and designated ranges.

L0:Standard

L0:Technology

L0:Incentive

L0:Normal Value

L0:5%

L0:9%

L0:Designated Range

L0:3% to 7%

L0:7% to 11%

L1:(i) Standard. The standard designated range should apply to most contracts.

L1:(ii) Technology incentive. For the technical factor only, contracting officers may

L0:use the technology incentive range for acquisitions that include development, production, or

L0:application of innovative new technologies. The technology incentive range does not apply

L0:to efforts restricted to studies, analyses, or demonstrations that have a technical report as

L0:their primary deliverable.

L1:(4) Evaluation criteria for technical.

L1:(i) Review the contract requirements and focus on the critical performance

L0:elements in the statement of work or specifications. Factors to consider include?

L1:(A) Technology being applied or developed by the contractor,

L1:(B) Technical complexity,

L1:(C) Program maturity,
L1:(D) Performance specifications and tolerances,
L1:(E) Delivery schedule, and
L1:(F) Extent of a warranty or guarantee.
L1:(ii) Above normal conditions.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L0:cases where there is a substantial technical risk. Indicators are?
L1:(A) The contracting officer may assign a higher than normal value in those
L0:tolerance limits,
L1:(1) Items are being manufactured using specifications with stringent
L0:state-of-the-art machinery,
L1:(2) The efforts require highly skilled personnel or require the use of
L0:Government and must be performed to exacting standards,
L1:(3) The services and analytical efforts are extremely important to the
L0:reduced the Government's risk or cost,
L1:(4) The contractor's independent development and investment has
L0:meet DoD requirements, or
L1:(5) The contractor has accepted an accelerated delivery schedule to
L0:provisions.
L1:(6) The contractor has assumed additional risk through warranty
L1:(B) Extremely complex, vital efforts to overcome difficult technical obstacles
L0:that require personnel with exceptional abilities, experience, and professional credentials
L0:may justify a value significantly above normal.
L1:(C) The following may justify a maximum value?
L0:performance or quality specifications are tight, or
L1:(1) Development or initial production of a new item, particularly if
L1:(2) A high degree of development or production concurrency.
L1:(iii) Below normal conditions.
L0:cases where the technical risk is low. Indicators are?
L1:(A) The contracting officer may assign a lower than normal value in those
L1:(1) Requirements are relatively simple,
L1:(2) Technology is not complex,
L1:(3) Efforts do not require highly skilled personnel,
L1:(4) Efforts are routine,
L1:(5) Programs are mature, or
L1:(6) Acquisition is a follow-on effort or a repetitive type acquisition.
L1:(B) The contracting officer may assign a value significantly below normal
L0:for?
L1:(1) Routine services,
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L1:(2) Production of simple items,
L0:information, or
L1:(3) Rote entry or routine integration of Government-furnished

L1:(4) Simple operations with Government-furnished property.

L1:(iv) Technology incentive range.

L1:(A) The contracting officer may assign values within the technology

L0:incentive range when contract performance includes the introduction of new, significant

L0:technological innovation. Use the technology incentive range only for the most innovative

L0:contract efforts. Innovation may be in the form of?

L1:(1) Development or application of new technology that fundamentally

L0:changes the characteristics of an existing product or system and that results in increased

L0:technical performance, improved reliability, or reduced costs, or

L0:advances over the products or systems they are replacing.

L1:(2) New products or systems that contain significant technological

L1:(B) When selecting a value within the technology incentive range, the

L0:contracting officer should consider the relative value of the proposed innovation to the

L0:acquisition as a whole. When the innovation represents a minor benefit, the contracting

L0:officer should consider using values less than the norm. For innovative efforts that will have

L0:a major positive impact on the product or program, the contracting officer may use values

L0:above the norm.

L1:(5) Evaluation criteria for management/cost control.

L1:(i) The contracting officer should evaluate?

L1:(A) The contractor's management and internal control systems using

L0:contracting office data, information and reviews made by field contract administration offices

L0:or other DoD field offices,

L0:action,

L1:(B) The management involvement expected on the prospective contract

L0:applied and value added by the contractor,

L1:(C) The degree of cost mix as an indication of the types of resources

L1:(D) The contractor's support of Federal socioeconomic programs,

L0:contractor's cost estimating system),

L1:(E) The expected reliability of the contractor's cost estimates (including the

L0:cost and schedule, and

L1:(F) The adequacy of the contractor's management approach to controlling

L0:targets (e.g., foreign currency exchange rates and inflation rates).

L1:(G) Any other factors that affect the contractor's ability to meet the cost

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(ii) Above normal conditions.

L0:there is a high degree of management effort. Indicators of this are?

L1:(A) The contracting officer may assign a higher than normal value when

L0:difficult,

L1:(1) The contractor's value added is both considerable and reasonably

L1:(2) The effort involves a high degree of integration or coordination,

L1:(3) The contractor has a good record of past performance,

L1:(4) The contractor has a substantial record of active participation in

L0:Federal socioeconomic programs,

L0:estimates,

L1:(5) The contractor provides fully documented and reliable cost

L1:(6) The contractor makes appropriate make-or-buy decisions, or

L1:(7) The contractor has a proven record of cost tracking and control.

L1:(B) The contracting officer may justify a maximum value when the effort?

L1:(1) Requires large scale integration of the most complex nature,
L0:coordination (e.g., offsets with foreign vendors), or

L1:(2) Involves major international activities with significant management

L1:(3) Has critically important milestones.

L1:(C) If the contractor demonstrates efficient management and cost control
L0:through the submittal of a timely, qualifying proposal (as defined in 217.7401) in furtherance
L0:of definitization of an undefinitized contract action, and the proposal demonstrates effective
L0:cost control from the time of award to the present, the contracting officer may add 1
L0:percentage point to the value determined for management/cost control up to the maximum
L0:of 7 percent.

L1:(iii) Below normal conditions.

L0:management effort is minimal. Indicators of this are?

L1:(A) The contracting officer may assign a lower than normal value when the
L0:made;

L1:(1) The program is mature and many end item deliveries have been

L1:(2) The contractor adds minimal value to an item;

L1:(3) The efforts are routine and require minimal supervision;

L1:(4) The contractor provides poor quality, untimely proposals;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L0:subcontractor costs;

L1:(5) The contractor fails to provide an adequate analysis of
L0:negotiation of the proposal;

L1:(6) The contractor does not cooperate in the evaluation and

L1:(7) The contractor's cost estimating system is marginal;

L1:(8) The contractor has made minimal effort to initiate cost reduction
L0:programs;

L1:(9) The contractor's cost proposal is inadequate;
L0:of unreliable cost estimates and lack of cost control; or

L1:(10) The contractor has a record of cost overruns or another indication

L1:(11) The contractor has a poor record of past performance.

L1:(B) The following may justify a value significantly below normal?

L1:(1) Reviews performed by the field contract administration offices
L0:disclose unsatisfactory management and internal control systems (e.g., quality assurance,
L0:property control, safety, security); or
L0:involvement.

L1:(2) The effort requires an unusually low degree of management

L1:(c) Contract type risk and working capital adjustment.

L1:(1) Description. The contract type risk factor focuses on the degree of cost risk
L0:accepted by the contractor under varying contract types. The working capital adjustment is
L0:an adjustment added to the profit objective for contract type risk. It only applies to fixed-

L0:price contracts that provide for progress payments. Though it uses a formula approach, it is

L0:not intended to be an exact calculation of the cost of working capital. Its purpose is to give

L0:general recognition to the contractor's cost of working capital under varying contract

L0:circumstances, financing policies, and the economic environment.

L1:(2) Determination. The following extract from the DD 1547 is annotated to explain

L0:the process.

L0:0 to 1

L0:0 to 1

L0:0 to 1

L0:0 to 1

L1:(i) ?No financing? means either that the contract does not provide progress

L0:payments or performance-based payments, or that the contract provides them only on a

L0:limited basis, such as financing of first articles. Do not compute a working capital

L0:adjustment.

L1:(ii) When the contract contains provisions for progress payments, compute a

L0:working capital adjustment (Block 25).

L1:(iii) For the purposes of assigning profit values, treat a fixed-price contract with

L0:redetermination provisions as if it were a fixed-price incentive contract with below normal

L0:conditions.

L1:(iv) Cost-plus contracts shall not receive the working capital adjustment.

L1:(v) These types of contracts are considered cost-plus-fixed-fee contracts for the

L0:purposes of assigning profit values. They shall not receive the working capital adjustment in

L0:Block 25. However, they may receive higher than normal values within the designated

L0:range to the extent that portions of cost are fixed.

L1:(vi) When the contract contains provisions for performance-based payments, do

L0:not compute a working capital adjustment.

L1:(4) Evaluation criteria.

L1:(i) General. The contracting officer should consider elements that affect

L0:contract type risk such as?

L1:(A) Length of contract,

L1:(B) Adequacy of cost data for projections,

L1:(C) Economic environment,

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(D) Nature and extent of subcontracted activity,

L0:economic price adjustment clauses),

L1:(E) Protection provided to the contractor under contract provisions (e.g.,

L1:(F) The ceilings and share lines contained in incentive provisions,

L0:not funded by U.S. appropriations, and

L1:(G) Risks associated with contracts for foreign military sales (FMS) that are

L0:payments?

L1:(H) When the contract contains provisions for performance-based

L1:(1) The frequency of payments,

L0:allowable amount specified at FAR 32.1004(b)(2), and

L1:(2) The total amount of payments compared to the maximum

L1:(3) The risk of the payment schedule to the contractor.

L1:(ii) Mandatory.

L1:(A) Assess the extent to which costs have been incurred prior to

L0:definition of the contract action (also see 217.7404-6 and 243.370-6). When considering

L0:the reduced cost risks associated with allowable incurred costs on an undefinitized contract

L0:action, it is appropriate to apply separate contract risk factors for allowable incurred costs

L0:and estimated costs to complete when completing the contract risk sections of DD Form

L0:1547, Record of Weighted Guidelines. When costs have been incurred prior to L0:definitization, generally regard the contract type risk to be in the low end of the designated L0:range. If a substantial portion of the costs has been incurred prior to definitization, the L0:contracting officer may assign a value as low as zero percent, regardless of contract type. L0:However, if a contractor submits a qualifying proposal to definitize an undefinitized contract L0:action and the contracting officer for such action definitizes the contract after the end of the L0:180-day period beginning on the date on which the contractor submitted the qualifying L0:proposal as defined in 217.7401, the profit allowed on the contract shall accurately reflect L0:the cost risk of the contractor as such risk existed on the date the contractor submitted the L0:qualifying proposal.

L1:(B) Document in the price negotiation memorandum the reason for L0:assigning a specific contract type risk value, to include the extent to which any reduced cost L0:risk during the undefinitized period of performance was considered, in determining the L0:negotiation objective.

L1:(iii) Above normal conditions. The contracting officer may assign a higher than L0:normal value when there is substantial contract type risk. Indicators of this are?

L1:(A) Efforts where there is minimal cost history, L0:particularly when there is considerable economic uncertainty.

L1:(B) Long-term contracts without provisions protecting the contractor, L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15 L0:Defense FAR Supplement (DFARS) Part 215 L0:a high degree of risk on the contractor,

L1:(C) Incentive provisions (e.g., cost and performance incentives) that place L1:(D) FMS sales (other than those under DoD cooperative logistics support L0:arrangements or those made from U.S. Government inventories or stocks) where the L0:contractor can demonstrate that there are substantial risks above those normally present in L0:DoD contracts for similar items, or L0:risk.

L1:(E) An aggressive performance-based payment schedule that increases L1:(iv) Below normal conditions. The contracting officer may assign a lower than L0:normal value when the contract type risk is low. Indicators of this are?

L1:(A) Very mature product line with extensive cost history, L1:(B) Relatively short-term contracts, L1:(C) Contractual provisions that substantially reduce the contractor's risk, L1:(D) Incentive provisions that place a low degree of risk on the contractor, L0:amount(s) specified at FAR 32.1004(b)(2), or L1:(E) Performance-based payments totaling the maximum allowable L1:(F) A performance-based payment schedule that is routine with minimal L0:risk.

L1:(5) Costs financed.

L1:(i) Costs financed equal total costs multiplied by the portion (percent) of costs L0:financed by the contractor.

L1:(ii) Total costs equal Block 20 (i.e., all allowable costs excluding facilities capital L0:cost of money), reduced as appropriate when? L0:payments liquidated late in period of performance),

L1:(A) The contractor has little cash investment (e.g., subcontractor progress
L0:advance payments, or
L1:(B) Some costs are covered by special financing provisions, such as
L1:(C) The contract is multiyear and there are special funding arrangements.
L1:(iii) The portion that the contractor finances is generally the portion not covered
L0:by progress payments, i.e., 100 percent minus the customary progress payment rate (see
L0:FAR 32.501-1). For example, if a contractor receives progress payments at 80 percent, the
L0:portion that the contractor finances is 20 percent. On contracts that provide progress
L0:payments to small businesses, use the customary progress payment rate for large
L0:businesses.
L1:(6) Contract length factor.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215
L1:(i) This is the period of time that the contractor has a working capital investment
L0:in the contract. It?
L0:substantive portion of the work,
L1:(A) Is based on the time necessary for the contractor to complete the
L0:delivery (or final payment), as periods of minimal effort should be excluded,
L1:(B) Is not necessarily the period of time between contract award and final
L0:provisions, and
L1:(C) Should not include periods of performance contained in option
L0:beyond that required to complete the initial program year's requirements.
L1:(D) Should not, for multiyear contracts, include periods of performance
L1:(ii) The contracting officer?
L1:(A) Should use the following table to select the contract length factor,
L0:has multiple deliveries, and
L1:(B) Should develop a weighted average contract length when the contract
L0:result.
L1:(C) May use sampling techniques provided they produce a representative
L0:Period to Perform Substantive
L0:Portion (in months)

L0:TABLE

L0:2.15

L0:2.40

L0:2.65

L0:2.90

L1:(iii) Example: A prospective contract has a performance period of 40 months

L0:with end items being delivered in the 34th, 36th, 38th, and 40th months of the contract. The

L0:average period is 37 months and the contract length factor is 1.15.

L1:(d) Facilities capital employed.

L1:(1) Description. This factor focuses on encouraging and rewarding capital

L0:investment in facilities that benefit DoD. It recognizes both the facilities capital that the

L0:contractor will employ in contract performance and the contractor's commitment to improving

L0:productivity.

L1:(2) Contract facilities capital estimates. Estimate the facilities capital cost of money

L0:and capital employed using?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(i) An analysis of the appropriate Forms CASB-CMF and cost of money factors

L0:(48 CFR 9904.414 and FAR 31.205-10), and

L1:(ii) DD Form 1861, Contract Facilities Capital Cost of Money.

L1:(3) Use of DD Form 1861.

L1:(i) Purpose. The DD Form 1861 provides a means of linking the Form CASB-

L0:CMF and DD Form 1547, Record of Weighted Guidelines Application. It?

L1:(A) Enables the contracting officer to differentiate profit objectives for

L0:various types of assets (land, buildings, equipment). The procedure is similar to applying

L0:overhead rates to appropriate overhead allocation bases to determine contract overhead

L0:costs.

L0:money and capital employed which is carried forward to DD Form 1547.

L1:(B) Is designed to record and compute the contract facilities capital cost of

L1:(ii) Completion instructions. Complete a DD Form 1861 only after evaluating

L0:the contractor's cost proposal, establishing cost of money factors, and establishing a

L0:prenegotiation objective on cost. Complete the form as follows?

L1:(A) List overhead pools and direct-charging service centers (if used) in the

L0:same structure as they appear on the contractor's cost proposal and Form CASB-CMF. The

L0:structure and allocation base units-of-measure must be compatible on all three displays.

L1:(B) Extract appropriate contract overhead allocation base data, by year,

L0:from the evaluated cost breakdown or prenegotiation cost objective and list against each

L0:overhead pool and direct-charging service center.

L1:(C) Multiply each allocation base by its corresponding cost of money factor
L0:to get the facilities capital cost of money estimated to be incurred each year. The sum of
L0:these products represents the estimated contract facilities capital cost of money for the
L0:year's effort.

L1:(D) Total contract facilities cost of money is the sum of the yearly amounts.

L1:(E) Since the facilities capital cost of money factors reflect the applicable
L0:cost of money rate in Column 1 of Form CASB-CMF, divide the contract cost of money by
L0:that same rate to determine the contract facilities capital employed.

L1:(iii) Field pricing support.

L1:(A) May ask the ACO to complete the forms as part of field pricing support.

L1:(B) When the Weighted Guidelines Method is used, completion of the DD
L0:Form 1861 requires data not included on the Form CASB-CMF, i.e., distribution percentages
L0:of land, building, and equipment for the business unit performing the contract. Choose the
L0:most practical method for obtaining this data, for example?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L1:(1) Contract administration offices could obtain the data through the
L0:process used to establish factors for facilities capital cost of money or could establish
L0:advance agreements on distribution percentages for inclusion in field pricing reports,

L1:(2) The corporate ACO could obtain distribution percentages, or

L1:(3) The contracting officer could request the data through a solicitation
L0:provision.

L1:(4) Preaward facilities capital applications. To establish cost and price objectives,
L0:apply the facilities capital cost of money and capital employed as follows?

L1:(i) Cost of Money.

L1:(A) Cost Objective. Use the imputed facilities capital cost of money, with
L0:normal, booked costs, to establish a cost objective or the target cost when structuring an
L0:incentive type contract. Do not adjust target costs established at the outset even though
L0:actual cost of money rates become available during the period of contract performance.

L1:(B) Profit Objective. When measuring the contractor's effort for the purpose
L0:of establishing a prenegotiation profit objective, restrict the cost base to normal, booked
L0:costs. Do not include cost of money as part of the cost base.

L1:(ii) Facilities Capital Employed. Assess and weight the profit objective for risk
L0:associated with facilities capital employed in accordance with the profit guidelines at
L0:215.404-971(d).

L1:(5) Determination. The following extract from the DD Form 1547 has been
L0:annotated to explain the process.

L0:Item

L0:26.

L0:27.

L0:28.

L0:Contractor Facilities

L0:Capital Employed

L0:Land

L0:Buildings

L0:Equipment

L0:Assigned

L0:Value

L0:N/A

L0:N/A

L1:(1)

L0:Amount

L0:Employed

L1:(2)

L1:(2)

L1:(2)

L0:Profit

L0:Objective

L0:N/A

L0:N/A

L1:(3)

L1:(i) Select a value from the list in paragraph (d)(6) of this section using the

L0:evaluation criteria in paragraph (d)(7) of this section.

L1:(ii) Use the allocated facilities capital attributable to land, buildings, and

L0:equipment, as derived in DD Form 1861, Contract Facilities Capital Cost of Money.

L1:(A) In addition to the net book value of facilities capital employed, consider

L0:facilities capital that is part of a formal investment plan if the contractor submits reasonable

L0:evidence that?

L1:(1) Achievable benefits to DoD will result from the investment, and

L1:(2) The benefits of the investment are included in the forward pricing

L0:structure.

L0:cost (i.e., excluding general and administrative (G&A) expenses and profit), add to the

L1:(B) If the value of intracompany transfers has been included in Block 20 at

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:contractor's allocated facilities capital, the allocated facilities capital attributable to the

L0:buildings and equipment of those corporate divisions supplying the intracompany transfers.

L0:Do not make this addition if the value of intracompany transfers has been included in Block

L0:20 at price (i.e., including G&A expenses and profit).

L1:(iii) Multiply (d)(5)(i) by (d)(5)(ii).

L1:(6) Values: Normal and designated ranges.

L0:17.5%

L0:Designated Range

L0:N/A

L0:N/A

L0:10% to 25%

L1:(7) Evaluation criteria.

L1:(i) In evaluating facilities capital employed, the contracting officer?

L0:services being acquired under the prospective contract,

L1:(A) Should relate the usefulness of the facilities capital to the goods or

L0:industrial base enhancing benefits resulting from the facilities capital investment, including?

L1:(B) Should analyze the productivity improvements and other anticipated

L0:undepreciated value, idleness, and expected contribution to future defense needs, and

L1:(1) The economic value of the facilities capital, such as physical age,

L0:compared with the portion of the contractor's total business that is derived from DoD; and

L1:(2) The contractor's level of investment in defense related facilities as

L1:(C) Should consider any contractual provisions that reduce the contractor's

L0:risk of investment recovery, such as termination protection clauses and capital investment

L0:indemnification.

L1:(ii) Above normal conditions.

L0:facilities capital investment has direct, identifiable, and exceptional benefits. Indicators are?

L1:(A) The contracting officer may assign a higher than normal value if the

L1:(1) New investments in state-of-the-art technology that reduce

L0:acquisition cost or yield other tangible benefits such as improved product quality or

L0:accelerated deliveries, or

L0:applications.

L1:(2) Investments in new equipment for research and development

L1:(B) The contracting officer may assign a value significantly above normal

L0:when there are direct and measurable benefits in efficiency and significantly reduced

L0:acquisition costs on the effort being priced. Maximum values apply only to those cases

L0:where the benefits of the facilities capital investment are substantially above normal.

L1:(iii) Below normal conditions.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:facilities capital investment has little benefit to DoD. Indicators are?

L1:(A) The contracting officer may assign a lower than normal value if the

L0:lines,

L1:(1) Allocations of capital apply predominantly to commercial product

L0:group level administrative offices, corporate aircraft and hangars, gymnasiums, or

L1:(2) Investments are for such things as furniture and fixtures, home or

L1:(3) Facilities are old or extensively idle.

L1:(B) The contracting officer may assign a value significantly below normal

L0:when a significant portion of defense manufacturing is done in an environment characterized

L0:by outdated, inefficient, and labor-intensive capital equipment.

L1:(e) Cost efficiency factor.

L1:(1) This special factor provides an incentive for contractors to reduce costs. To the
L0:extent that the contractor can demonstrate cost reduction efforts that benefit the pending
L0:contract, the contracting officer may increase the prenegotiation profit objective by an
L0:amount not to exceed 4 percent of total objective cost (Block 20 of the DD Form 1547) to
L0:recognize these efforts (Block 29).

L1:(2) To determine if using this factor is appropriate, consider criteria, such as the
L0:following, to evaluate the benefit the contractor's cost reduction efforts will have on the
L0:pending contract:

L1:(i) The contractor's participation in Single Process Initiative improvements;

L1:(ii) Actual cost reductions achieved on prior contracts;

L1:(iii) Reduction or elimination of excess or idle facilities;

L1:(iv) The contractor's cost reduction initiatives (e.g., competition advocacy
L0:programs, technical insertion programs, obsolete parts control programs, spare parts pricing
L0:reform, value engineering, outsourcing of functions such as information technology). Metrics
L0:developed by the contractor such as fully loaded labor hours (i.e., cost per labor hour,
L0:including all direct and indirect costs) or other productivity measures may provide the basis
L0:for assessing the effectiveness of the contractor's cost reduction initiatives over time;

L1:(v) The contractor's adoption of process improvements to reduce costs;

L1:(vi) Subcontractor cost reduction efforts;

L1:(vii) The contractor's effective incorporation of commercial products or
L0:commercial services and commercial processes; or

L1:(viii) The contractor's investment in new facilities when such investments
L0:contribute to better asset utilization or improved productivity.

L1:(3) When selecting the percentage to use for this special factor, the contracting
L0:officer has maximum flexibility in determining the best way to evaluate the benefit the
L0:contractor's cost reduction efforts will have on the pending contract. However, the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
L0:Defense FAR Supplement (DFARS) Part 215

L0:contracting officer shall consider the impact that quantity differences, learning, changes in
L0:scope, and economic factors such as inflation and deflation will have on cost reduction.
L0:PGI 215.404-972 Modified weighted guidelines method for nonprofit organizations
L0:other than FFRDCs.

L1:(a) Definition. As used in this subpart, a nonprofit organization is a business entity?

L1:(1) That operates exclusively for charitable, scientific, or educational purposes,

L1:(2) Whose earnings do not benefit any private shareholder or individual,

L1:(3) Whose activities do not involve influencing legislation or political campaigning for
L0:any candidate for public office, and

L1:(4) That is exempted from Federal income taxation under section 501 of the Internal
L0:Revenue Code.

L1:(b) For nonprofit organizations that are entities that have been identified by the
L0:Secretary of Defense or a Secretary of a Department as receiving sustaining support on a
L0:cost-plus-fixed-fee basis from a particular DoD department or agency, compute a fee
L0:objective for covered actions using the weighted guidelines method in 215.404-971, with the
L0:following modifications?

L1:(1) Modifications to performance risk (Blocks 21-23 of the DD Form 1547).

L1:(i) If the contracting officer assigns a value from the standard designated range

L0:(see 215.404-971(b)(3)), reduce the fee objective by an amount equal to 1 percent of the
L0:costs in Block 20 of the DD Form 1547. Show the net (reduced) amount on the DD Form

L0:1547.

L1:(ii) Do not assign a value from the technology incentive designated range.

L1:(2) Modifications to contract type risk (Block 24 of the DD Form 1547). Use a

L0:designated range of -1 percent to 0 percent instead of the values in 215.404-971(c). There
L0:is no normal value.

L1:(c) For all other nonprofit organizations except FFRDCs, compute a fee objective for

L0:covered actions using the weighted guidelines method in 215.404-971, modified as

L0:described in paragraph (b)(1) of this section.

L0:PGI 215.404-973 Alternate structured approaches.

L1:(a) The contracting officer may use an alternate structured approach under 215.404-

L0:970(b).

L1:(b) The contracting officer may design the structure of the alternate, but it must

L0:include?

L1:(1) Consideration of the three basic components of profit--performance risk,

L0:contract type risk (including working capital), and facilities capital employed. However, the

L0:contracting officer is not required to complete Blocks 21 through 30 of the DD Form 1547.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(2) Offset for facilities capital cost of money.

L1:(i) Reduce the overall prenegotiation profit objective by the amount of facilities

L0:capital cost of money under Cost Accounting Standard (CAS) 414, Cost of Money as an

L0:Element of the Cost of Facilities Capital (48 CFR 9904.414). Cost of money under CAS

L0:417, Cost of Money as an Element of the Cost of Capital Assets Under Construction (48

L0:CFR 9904.417), should not be used to reduce the overall prenegotiation profit objective.

L0:The profit amount in the negotiation summary of the DD Form 1547 must be net of the

L0:offset.

L1:(ii) This adjustment is needed for the following reason: The values of the profit

L0:factors used in the weighted guidelines method were adjusted to recognize the shift in

L0:facilities capital cost of money from an element of profit to an element of contract cost (see

L0:FAR 31.205-10) and reductions were made directly to the profit factors for performance risk.

L0:In order to ensure that this policy is applied to all DoD contracts that allow facilities capital

L0:cost of money, similar adjustments shall be made to contracts that use alternate structured

L0:approaches.

L0:PGI 215.404-974 Fee requirements for cost-plus-award-fee contracts.

L0:In developing a fee objective for cost-plus-award-fee contracts, the contracting officer

L0:must?

L1:(a) Follow the guidance in FAR 16.402-4 and 216.402-4,

L1:(b) Not use the weighted guidelines method or alternate structured approach,

L1:(c) Apply the offset policy in 215.404-973(b)(2) for facilities capital cost of money, i.e.,

L0:reduce the base fee by the amount of facilities capital cost of money, and

L1:(d) Not complete a DD Form 1547.

L0:PGI 215.404-975 Fee requirements for FFRDCs.

L0:For nonprofit organizations that are FFRDCs?

L1:(a) Consider whether any fee is appropriate. Considerations shall include the

L0:FFRDCs?

L1:(1) Proportion of retained earnings (as established under generally accepted

L0:accounting methods) that relates to DoD contracted effort,

L1:(2) Facilities capital acquisition plans,

L1:(3) Working capital funding as assessed on operating cycle cash needs, and

L1:(4) Provision for funding unreimbursed costs deemed ordinary and necessary to the

L0:FFRDC.

L1:(b) When a fee is considered appropriate, establish the fee objective in accordance with

L0:FFRDC fee policies in the DoD Instruction 5000.77, DoD Federally Funded Research and

L0:Development Center Program.

L1:(c) Do not use the weighted guidelines method or an alternate structured approach.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215.404-70 Cost and/or price analysis.

L2:(a)(1) General.

L1:(i) The objective of proposal analysis is to ensure that the final agreed-to price is

L0:fair and reasonable.

L1:(ii) In some cases, supplies or services that are not subject to TINA may require

L0:a cost analysis (see PGI 215.404-2). This will occur when a price analysis is not sufficient

L0:for determining prices to be fair and reasonable. In such cases, the contracting officer

L0:should consider the need for a Defense Contract Audit Agency audit of the cost data.

L1:(iii) Particular attention should be paid to sole source commercial products or

L0:commercial services. While the order of preference at FAR 15.403-1(a) must be followed, if

L0:the contracting officer cannot determine price reasonableness without obtaining data other

L0:than cost or pricing data from the offeror, at a minimum, the contracting officer must obtain

L0:appropriate data on the prices at which the same or similar items have been sold previously

L0:(often previous sales data was the basis of the commercial product or commercial service

L0:determination and must be requested during price analysis of the data provided by the

L0:offeror). If previous sales data is not sufficient to determine price reasonableness, the

L0:contracting officer must obtain ?data other than certified cost or pricing data? and should

L0:perform a cost analysis.

L1:(iv) Analysis of termination proposals, including termination of any contract

L0:scope, should not rely solely on earned value management budgets or estimates for

L0:estimating the costs of all work deleted, or the cost of deleted work already performed

L0:(reference FAR 15.408-2, Table 15-1?Instructions for Submitting Cost/Price Proposals

L0:When Certified Cost or Pricing Data are Required, columns (2) and (3) of section III.B.,

L0:Change Orders, Modifications, and Claims).

L0:PGI 215.405-2 Make-or-buy programs.

L1:(a) Evaluation, negotiation, and Agreement. When a make-or-buy plan is required,

L0:listed below are factors that may be considered when evaluating a submission?

L1:(1) Prime contractor past performance, especially with respect to subcontract

L0:management;

L1:(2) Prime contractor make-or-buy history;

L1:(3) Adequacy of contractor?s existing make-or-buy processes, including cost and
L0:technical risk considerations;

L1:(4) Component availability through existing sources, e.g. available inventory, or
L0:other Government contracts;

L1:(5) Prime contractor plant capacity;

L1:(6) The adequacy of the prime contractor?s technical, financial and personnel
L0:capabilities; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(7) Prime contractor justification that is provided with respect to items it does not
L0:normally make.

L0:PGI 215.405-470 Should-cost review.

L1:(b) Program should-cost review. DoD contracting activities should consider performing
L0:a program should-cost review before award of a definitive contract for a major system as
L0:defined by 234.7001.

L1:(c) Overhead should-cost review.

L1:(1) Contact the Defense Contract Management Agency (DCMA)
L0:(<http://www.dcma.mil/>) for questions on overhead should-cost analysis.

L2:(2)(i) DCMA or the military department responsible for performing contract
L0:administration functions (e.g., Navy SUPSHIP) should consider, based on risk assessment,
L0:performing an overhead should-cost review of a contractor business unit (as defined in FAR
L0:2.101) when all of the following conditions exist:

L1:(A) Projected annual sales to DoD exceed \$1 billion;

L1:(B) Projected DoD versus total business exceeds 30 percent;

L1:(C) Level of sole-source DoD contracts is high;

L1:(D) Significant volume of proposal activity is anticipated;
L0:anticipated; and

L1:(E) Production or development of a major weapon system or program is

L1:(F) Contractor cost control/reduction initiatives appear inadequate.

L1:(ii) The head of the contracting activity may request an overhead should-cost
L0:review for a business unit that does not meet the criteria in paragraph (c)(2)(i) of this
L0:subsection.

L1:(iii) Overhead should-cost reviews are labor intensive. These reviews generally
L0:involve participation by the contracting, contract administration, and contract audit elements.
L0:The extent of availability of military department, contract administration, and contract audit
L0:resources to support DCMA-led teams should be considered when determining whether a
L0:review will be conducted. Overhead should-cost reviews generally should not be conducted
L0:at a contractor business segment more frequently than every 3 years.

L0:PGI 215.406 Data to support proposal analysis.

L1:(a) Field pricing assistance. See PGI 215.406(b) regarding when to request audit
L0:assistance.

L1:(1) The contracting officer should consider requesting field pricing assistance for?

L1:(i) Fixed-price proposals exceeding the certified cost or pricing data threshold,

L1:(ii) Cost-type proposals exceeding the certified cost or pricing data threshold

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:from offerors with material weaknesses, or

L1:(iii) Cost-type proposals exceeding \$10 million from offerors without material

L0:weaknesses.

L1:(2) The contracting officer should not request field pricing support for proposed

L0:contracts or modifications in an amount less than that specified in paragraph (a)(i) of this

L0:subsection. An exception may be made when a reasonable pricing result cannot be

L0:established because of?

L1:(i) A lack of knowledge of the particular offeror, or

L1:(ii) Sensitive conditions (e.g., a change in, or unusual problems with, an

L0:offeror's internal systems).

L1:(b) Audit assistance for prime contracts or subcontracts.

L1:(1) The contracting officer should consider requesting audit assistance from DCAA

L0:for?

L1:(i) Fixed-price proposals exceeding \$10 million,

L1:(ii) Cost-type proposals exceeding \$100 million.

L1:(2) The contracting officer should not request DCAA audit assistance for proposed

L0:contracts or modifications in an amount less than that specified in paragraph (c)(i) of this

L0:subsection unless there are exceptional circumstances explained in the request for audit.

L0:(See PGI 215.406(a) for requesting field pricing assistance without a DCAA audit.)

L1:(3) If, in the opinion of the contracting officer or auditor, the review of a prime

L0:contractor's proposal requires further review of subcontractors' cost estimates at the

L0:subcontractors' plants (after due consideration of reviews performed by the prime

L0:contractor), the contracting officer should inform the administrative contracting officer (ACO)

L0:having cognizance of the prime contractor before the review is initiated.

L1:(4) Notify the appropriate contract administration activities when extensive, special,

L0:or expedited field pricing assistance will be needed to review and evaluate subcontractors?

L0:proposals under a major weapon system acquisition. If audit reports are received on

L0:contracting actions that are subsequently cancelled, notify the cognizant auditor in writing.

L1:(5) Requests for audit assistance for subcontracts should use the same criteria as

L0:established in paragraphs (b)(1) and (b)(2) of this subsection.

L0:PGI 215.408 Documentation.

L0:PGI 215.408-1 Prenegotiation objectives.

L1:(a) The contracting officer should consider the following in establishing prenegotiation

L0:objectives?

L1:(1) Data resulting from application of work measurement systems in developing

L0:prenegotiation objectives; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(2) Field pricing assistance personnel participation in planned prenegotiation and

L0:negotiation activities.

L1:(b) Prenegotiation objectives, including objectives related to disposition of findings and

L0:recommendations contained in preaward and postaward contract audit and other advisory

L0:reports, must be documented and reviewed in accordance with departmental procedures.

L1:(1) Significant Disagreements. (i) Contracting officers and contract auditors have

L0:complementary roles in the contracting process and are expected to collaborate to
 L0:determine fair and reasonable contract values. When a significant disagreement arises on
 L0:questioned costs, the contracting officer and the auditor will discuss the basis of the
 L0:disagreement. Document that discussion and their disagreement in a written
 L0:communication to the auditor. Document the disagreement in the prenegotiation objective
 L0:(or pre-business clearance). The contracting officer may then proceed with negotiations
 L0:when the prenegotiation objectives are approved.

L1:(ii) A significant disagreement is defined as the contracting officer planning to
 L0:sustain less than 75-percent of the total recommended questioned costs in a Defense
 L0:Contract Audit Agency (DCAA) audit report of a contractor proposal for an initial contract or a
 L0:contract modification with a value equal to or greater than \$10 million. It does not apply to
 L0:costs that DCAA has categorized as unsupported or unresolved in its audit report.

L1:(2) Adjudication Procedures. DCAA has 3 days to elevate the issues within the
 L0:contracting officer's activity after receipt of the contracting officer's written communication
 L0:confirming the disagreement. Furthermore, DCAA may appeal the significant issues up the
 L0:chain of command as established in each component's "Resolving Contract Audit
 L0:Recommendations" policy. If issues remain, the Director, DCAA may escalate from the
 L0:Defense component's head of contracting activity or senior procurement executive, to the
 L0:Principal Director, DPCAP. If the DCAA Director believes that the Principal Director, DPCAP
 L0:has not adequately addressed the matter, the disagreement may finally be elevated to the
 L0:Under Secretary of Defense for Acquisition and Sustainment, and the Comptroller.

L1:(3) Notwithstanding the above, the Director, DCAA, may always raise audit issues to
 L0:the Principal Director, DPCAP.

L1:(c) Cost estimates for program baselines and contract negotiations for major defense
 L0:acquisition programs.

L1:(1) For the purpose of contract negotiations and obligation of funds under this
 L0:paragraph, the Government will prepare cost analyses and targets based on the
 L0:Government's reasonable expectation of successful contractor performance in accordance
 L0:with the contractor's proposal and previous experience.

L1:(2) Cost estimates developed for baseline descriptions and other program purposes
 L0:by the Director of Cost Assessment and Program Evaluation pursuant to its functions, do not
 L0:meet the criteria described in paragraph (c)(1) of this section and, thus, must not be used for
 L0:purposes of developing the Government's contract negotiation position or for the obligation
 L0:of funds. However, the Government may consider the data used to develop such estimates
 L0:when developing the cost analyses and targets described in paragraph (c)(1) of this
 L0:subsection.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15
 L0:Defense FAR Supplement (DFARS) Part 215
 L0:PGI 215.408-2 Documenting the negotiation.

L2:(a)(1) Include the principal factors related to the disposition of findings and
 L0:recommendations contained in preaward and postaward contract audit and other advisory
 L0:reports. Use "CUI" markings as appropriate, in accordance with www.dodcui.mil.

L1:(2) The documentation for fee or profit negotiated must include?

L1:(i) Significant deviations from the prenegotiation profit objective;

L1:(ii) The DD Form 1547, Record of Weighted Guidelines Application (see PGI

L0:215.404-970), if used, with supporting rationale;

L1:(iii) Rationale for not using the weighted guidelines method when its use would

L0:otherwise be required by DFARS 215.404-970; and

L1:(3) Ensure the approved prenegotiation and postnegotiation noncompetitive

L0:business clearance documents (e.g., price negotiation memoranda) are uploaded into the

L0:Contract Business Analysis Repository (CBAR) at <https://piee.eb.mil> for the purpose of

L0:sharing negotiation experience with other contracting officers preparing to negotiate. This

L0:includes both noncompetitive actions using the procedures at FAR part 12, Acquisition of

L0:Commercial Products and Commercial Services, as well as noncompetitive actions using

L0:the procedures at FAR part 15, Contracting by Negotiation, that are valued in excess of \$25

L0:million and awarded on or after June 24, 2013 (and for all definitized or awarded actions

L0:over \$100 million, which occurred on or after October 1, 2012).

L1:(i) Business clearance documents uploaded to CBAR must be marked "CUI"

L0:(see www.dodcui.mil).

L1:(ii) The business clearance documents uploaded to CBAR must be signed by

L0:the contracting officer and include all other signatures required by local policy/procedure.

L1:(iii) Upload the documentation to CBAR no later than 30 days after award of the

L0:contract action associated with the negotiation and include both the prenegotiation

L0:objectives required by FAR 15.408-1 and PGI 215.408-1, and the record of negotiations (i.e.

L0:the Price Negotiation Memoranda required by FAR 15.408-2 and PGI 215.408-2).

L0:Complete the ?description of acquisition? field with keywords and searchable terms to

L0:identify the products and services acquired. Also complete the ?comments? field of the

L0:CBAR record to summarize unique features and aspects of the negotiation in order to

L0:prompt other contracting teams to inquire further to learn from their peers? prior experience.

L1:(iv) If an initial indefinite-delivery indefinite-quantity (IDIQ) task or delivery order

L0:contract contemplates issuance of task or delivery orders that will invoke negotiated rates or

L0:values from the basic contract, then the business clearance record for the basic IDIQ

L0:contract shall be uploaded if the estimated value of the contract (e.g. ceiling price) exceeds

L0:the prescribed dollar threshold. To the extent individual task or delivery orders entail a

L0:negotiation (i.e. did not simply incorporate prices established at the basic contract level), a

L0:business clearance record for the individual task or delivery orders that exceed the

L0:prescribed dollar thresholds shall be uploaded to CBAR.

L1:(v) Training for the CBAR database may be found at

L0:<https://pieetraining.eb.mil/wbt/xhtml/wbt/eda/cbar/overview.xhtml>.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L0:PGI 215.470 Estimated data prices.

L2:(b)(i) The form and the provision included in the solicitation request the offeror to state

L0:what portion of the total price is estimated to be attributable to the production or

L0:development of the listed data for the Government (not to the sale of rights in the data).

L0:However, offerors' estimated prices may not reflect all such costs; and different offerors may

L0:reflect these costs in a different manner, for the following reasons?

L1:(A) Differences in business practices in competitive situations;

L1:(B) Differences in accounting systems among offerors;

L1:(C) Use of factors or rates on some portions of the data;

L1:(D) Application of common effort to two or more data items; and

L1:(E) Differences in data preparation methods among offerors.

L1:(ii) Data price estimates should not be used for contract pricing purposes without
L0:further analysis.

L0:PGI 253.215 - Contracting by negotiation.

L0:PGI 253.215-70 - DD Form 1547, Record of Weighted Guidelines Application

L1:(a) Use the DD Form 1547 as prescribed in DFARS 215.404-970 and PGI 215.404-970.

L1:(b) General instructions.

L1:(1) Report amounts as they relate to the price of the contract action without regard

L0:to funding status (e.g., amounts obligated).

L1:(2) Express all dollar values to the nearest whole value (e.g., \$200,008.55 =

L0:\$200,009).

L1:(3) Do not express percentages beyond the nearest thousandth (e.g., interest rate--

L0:8.257%).

L1:(4) Reserved.

L1:(5) Report an option amount for additional quantities as a separate contract action

L0:when exercised.

L1:(6) Even though fixed-price type contract actions are negotiated on the basis of total

L0:price, prepare the negotiation summary portion of the DD Form 1547 showing the

L0:contracting officer's best estimates of cost and profit.

L1:(7) For indefinite-delivery type contracts, prepare a consolidated DD Form 1547 for

L0:annual requirements expected to exceed the certified cost or pricing data threshold.

L1:(8) Prepare a consolidated DD Form 1547, if possible, when multiple profit rates

L0:apply to a single negotiation.

L1:(c) Specific instructions for completion of DD Form 1547.

L1:(1) BLOCK 1--REPORT NO. Enter the four-digit local control number followed by a

L0:dash and the last two digits of the fiscal year (e.g., 0004-06 for 4th action in fiscal year

L0:2006). Each field contracting office participating in profit reporting shall establish a control

L0:system for consecutively numbering completed DD Forms 1547. Always start with 0001 at

L0:the beginning of each fiscal year and always use four digits. This number will identify the
L0:specific DD Form 1547 in DoD's management information system and will be used for
L0:follow-up actions.

L1:(2) BLOCK 2--BASIC PROCUREMENT INSTRUMENT IDENTIFICATION NO.

L0:Enter the identifying contract number, or Procurement Instrument Identifier (PIID), assigned
L0:per PGI 204.201.

L1:(3) BLOCK 3--SPIIN. Enter the supplementary PIIDs for supplemental agreements
L0:or other modifications, assigned per PGI 204.201.

L1:(4) BLOCK 4--DATE OF ACTION.

L1:(i) Year. Enter the last two digits of the year the action was negotiated (e.g., 06
L0:for 2006).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 15

L0:Defense FAR Supplement (DFARS) Part 215

L1:(ii) Month. Enter the two-digit number for the month the action was negotiated
L0:(e.g., 09 for September).

L1:(5) BLOCK 5--CONTRACTING OFFICE CODE. Enter the code assigned the
L0:contracting office per DoD Procurement Coding Manual, Volume III.

L1:(6) BLOCK 6--NAME OF CONTRACTOR. Enter the contractor's name (including
L0:division name).

L1:(7) BLOCK 7--UNIQUE ENTITY IDENTIFIER. Enter the contractor UEI.

L1:(8) BLOCK 8--FEDERAL SUPPLY CODE.

L1:(9) BLOCK 9--DOD CLAIMANT PROGRAM.

PART 16

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

216.101 Policies

Status: active

L0:216.101 Policies.

L0:Do not use a cost-reimbursement line item for the acquisition of production of major
L0:defense acquisition programs, unless the exception at 234.7202(b)(2) applies. (Section
L0:811 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239))

216.102 Negotiating contract type

Status: active

L0:216.102 Negotiating contract type.

L0:See PGI 216.102 for selecting and negotiating the most appropriate contract type for a
L0:given procurement.

216.102-70 Research and development

Status: active

L0:216.102-70 Research and development.

L0:Follow the procedures at PGI 216.102-70 for selecting the appropriate research and
L0:development contract type. See 235.170 for additional requirements when selecting
L0:contract type.

216.203 Fixed-price contracts with economic price adjustment

Status: active

L0:216.203 Fixed-price contracts with economic price adjustment.

216.203-4 Contract clauses

Status: active

L0:216.203-4 Contract clauses.

L1:(1) Insert the clauses at FAR 52.216-2, Economic Price Adjustment?Standard
L0:Supplies, FAR 52.216-3, Economic Price Adjustment?Semistandard Supplies, and

L0:FAR 52.216-4, Economic Price Adjustment?Labor and Material, only when?

L1:(i) The total contract price exceeds the simplified acquisition threshold; and

L1:(ii) Delivery or performance will not be completed within 6 months after

L0:contract award.

L1:(2) Follow the procedures at PGI 216.203-4 when inserting an economic price

L0:adjustment clause based on cost indexes of labor or material.

216.203-470 Additional provisions and clauses

Status: active

L0:216.203-470 Additional provisions and clauses.

L1:(a) Price adjustment for basic steel, aluminum, brass, bronze, or copper mill

L0:products.

L2:(1)(i) Contracting officers may insert the price adjustment clause at 252.216-

L0:7000, Economic Price Adjustment?Basic Steel, Aluminum, Brass, Bronze, or Copper

L0:Mill Products, in fixed-price supply solicitations and contracts for basic steel, aluminum,

L0:brass, bronze, or copper mill products, such as sheets, plates, and bars, when an

L0:established catalog or market price exists for the particular product being acquired.

L1:(ii) Do not exceed the 10 percent figure in paragraph (d)(1) of the clause

L0:unless approved at a level above the contracting officer.

L1:(2) Insert the price adjustment provision at 252.216-7007, Economic Price

L0:Adjustment?Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:Representation, in solicitations that include the clause at 252.216-7000, Economic Price

L0:Adjustment?Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products.

L1:(b) Price adjustment for nonstandard steel items.

L1:(1) The contracting officer may insert the price adjustment clause at 252.216-

L0:7001, Economic Price Adjustment?Nonstandard Steel Items, in fixed-price supply

L0:contracts when?

L1:(i) The contractor is a steel producer and actually manufacturers the

L0:standard steel mill item referred to in the ?base steel index? definition of the clause; and

L1:(ii) The items being acquired are nonstandard steel items made wholly or in

L0:part of standard steel mill items.

L1:(2) When this clause is included in invitations for bids, remove Note 6 of the

L0:clause and all references to Note 6.

L1:(3) Instruct offerors to complete all blanks in accordance with the applicable

L0:notes.

L1:(4) Verify the price, when the clause is to provide for adjustment on a basis

L0:other than ?established price? (see Note 6 of the clause).

L1:(5) Do not exceed the 10 percent figure in paragraph (e)(4) of the clause unless

L0:approved at a level above the contracting officer.

L1:(c) Price adjustment for wage rates or material prices controlled by a foreign

L0:government.

L2:(1)(i) Contracting officers may insert the price adjustment clause at 252.216-
L0:7003, Economic Price Adjustment?Wage Rates or Material Prices Controlled by a
L0:Foreign Government, in fixed-price supply and service solicitations and contracts
L0:when?
L0:country; and
L1:(A) The contract is to be performed wholly or in part in a foreign
L1:(B) A foreign government controls wage rates or material prices and
L0:may, during contract performance, impose a mandatory change in wages or prices of
L0:material.
L1:(ii) Verify the base wage rates and material prices prior to contract award
L0:and prior to making any adjustment in the contract price.
L1:(2) Insert the provision at 252.216-7008, Economic Price Adjustment-Wage
L0:Rates or Material Prices Controlled by a Foreign Government?Representation, in
L0:solicitations that include the clause at 252.216-7003, Economic Price Adjustment-Wage
L0:Rates or Material Prices Controlled by a Foreign Government. If the solicitation
L0:includes the provision at FAR 52.204-7, do not separately list the provision 252.216-
L0:7008 in the solicitation.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216

216.301-3 Limitations

Status: active

L0:216.301-3 Limitations.
L0:For contracts in connection with a military construction project or a military family
L0:housing project, contracting officers must not use cost-plus-fixed-fee, cost-plus-award-
L0:fee, or cost-plus-incentive-fee contract types (10 U.S.C 3323). This applies
L0:notwithstanding a declaration of war or the declaration by the President of a national
L0:emergency under section 201 of the National Emergencies Act (50 U.S.C. 1621) that
L0:includes the use of the Armed Forces.

216.304 Cost-plus-fixed-fee contracts

Status: active

L0:216.304 Cost-plus-fixed-fee contracts.

216.304-2 Limitations

Status: active

L0:216.304-2 Limitations.
L0:For contracts in connection with a military construction project or military family
L0:housing project, see the prohibition at 216.301-3.
L1:(1) Except as provided in paragraph (2) of this section, annual military

L0:construction appropriations acts prohibit the use of cost-plus-fixed-fee contracts that?

L1:(i) Are funded by a military construction appropriations act;

L1:(ii) Are estimated to exceed \$25,000; and

L1:(iii) Will be performed within the United States, except Alaska.

L1:(2) The prohibition in paragraph (1) of this section does not apply to a contract if

L0:it is specifically approved in writing. That written approval must explain the reasons

L0:for granting an exception and follow the approval process described below:

L1:(i) The Secretaries of the military departments are authorized to approve

L0:such contracts that are for environmental work only, provided the environmental work

L0:is not classified as construction, as defined by 10 U.S.C. 2801.

L1:(ii) The Secretary of Defense or designee must approve such contracts that

L0:are not for environmental work only or are for environmental work classified as

L0:construction.

216.305 Contract clauses

Status: active

L0:216.305 Contract clauses.

L1:(a) As required by section 827 of the National Defense Authorization Act for

L0:Fiscal Year 2013 (Pub. L. 112-239), insert the clause at 252.216-7009, Allowability

L0:of Costs Incurred in Connection With a Whistleblower Proceeding?

L2:(1) (A) In task orders entered pursuant to contracts awarded before

L0:September 30, 2013, that include the clause at FAR 52.216-7, Allowable Cost and

L0:Payment; and

L1:(B) In contracts awarded before September 30, 2013, that?

L1:(1) Include the clause at FAR 52.216-7, Allowable Cost and

L0:Payment; and

L1:(2) Are modified to include the clause at DFARS 252.203-7002,

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:Requirement to Inform Employees of Whistleblower Rights, dated September 2013

L0:or later.

216.401 General

Status: active

L0:216.401 General.

216.401-1 Description

Status: active

L0:216.401-1 Description.

L1:(c) See PGI 216.401-1(c) for information on incentive contracts.

216.401-2 Limitations

Status: active

L0:216.401-2 Limitations.

L0:The determination and findings justifying that the use of an incentive- or award-fee

L0:contract is in the best interest of the Government, may be signed by the head of

L0:contracting activity but no lower than?

L1:(1) One level below the head of the contracting activity for award-fee contracts;

L0:or

L1:(2) One level above the contracting officer for incentive-fee contracts.

216.401-71 Objective criteria

Status: active

L0:216.401-71 Objective criteria.

L1:(a) Use objective criteria to the maximum extent possible to measure contract

L0:performance. Objective criteria are associated with cost-plus-incentive-fee and fixed-

L0:price-incentive contracts.

L1:(b) When objective criteria exist but the contracting officer determines that it is in

L0:the best interest of the Government to also incentivize subjective elements of

L0:performance, the most appropriate contract type is a multiple-incentive contract

L0:containing both objective incentives and subjective award-fee criteria (i.e., cost-plus-

L0:incentive-fee/award-fee or fixed-price-incentive/award-fee).

L1:(c) See PGI 216.402-2(c) for guidance on the use of award-fee contracts.

216.402 Award fee

Status: active

L0:216.402 Award fee.

216.402-2 Limitations

Status: active

L0:216.402-2 Limitations.

L1:(c) Award-fee plans required in FAR 16.402-2(c) must be incorporated into all

L0:award-fee type contracts. Follow the procedures at PGI 216.402-2(c) when planning to

L0:award an award-fee contract.

216.402-4 Cost-plus-award-fee contracts

Status: active

L0:216.402-4 Cost-plus-award-fee contracts.

L1:(1) Award-fee pool. The award-fee pool is the total available award fee for each

L0:evaluation period for the life of the contract. The contracting officer must perform an
L0:analysis of appropriate fee distribution to ensure at least 40 percent of the award fee is
L0:available for the final evaluation so that the award fee is appropriately distributed over
L0:all evaluation periods to incentivize the contractor throughout performance of the
L0:contract. The percentage of award fee available for the final evaluation may be set
L0:below 40 percent if the contracting officer determines that a lower percentage is
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216
L0:appropriate and obtains the head of the contracting activity (HCA) approval. The HCA
L0:approval is not delegable.

L1:(2) Award-fee evaluation and payments. Award-fee payments other than
L0:payments resulting from the evaluation at the end of an award-fee period are
L0:prohibited. This prohibition does not apply to base-fee payments. Provide the fee-
L0:determining official's rating for award-fee evaluations to the contractor within 45
L0:calendar days of the end of the evaluation period. The final award-fee payment will be
L0:consistent with the fee-determining official's final evaluation of the contractor's overall
L0:performance against the cost, schedule, and performance outcomes specified in the
L0:award-fee plan.

L1:(3) Limitations.

L1:(i) The cost-plus-award-fee contract must not be used?

L1:(A) To avoid?

L0:cost-plus-fixed-fee contracts apply; or

L1:(1) Establishing cost-plus-fixed-fee contracts when the criteria for
L0:can be used; or

L1:(2) Developing objective targets so a cost-plus-incentive-fee contract

L1:(B) For either engineering development or operational system
L0:development acquisitions that have specifications suitable for simultaneous research
L0:and development and production. A contracting officer may use a cost-plus-award-fee
L0:contract for individual engineering development or operational system development
L0:acquisitions ancillary to the development of a major weapon system or equipment,
L0:where?

L1:(1) It is more advantageous; and
L0:specific problems associated with the major weapon system or equipment.

L1:(2) The purpose of the acquisition is clearly to determine or solve

L1:(ii) Do not apply the weighted guidelines method to cost-plus-award-fee
L0:contracts for either the base (fixed) fee or the award fee.

L1:(iii) The base fee must not exceed three percent of the estimated cost of the
L0:contract exclusive of the fee.

L1:(4) See PGI 216.402-4 for guidance on the use of cost-plus-award-fee contracts.

216.402-470 Award fee reduction or denial for jeopardizing the health or

Status: active

L0:216.402-470 Award fee reduction or denial for jeopardizing the health or

L0:safety of Government personnel.

L1:(a) Definitions. As used in this section?

L0:Covered incident? and ?serious bodily injury,? are defined in the clause at 252.216-

L0:7004, Award Fee Reduction or Denial for Jeopardizing the Health or Safety of

L0:Government Personnel.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(b) The contracting officer must include in the evaluation criteria of any award-fee

L0:plan, a review of contractor and subcontractor actions that jeopardized the health or

L0:safety of Government personnel, through gross negligence or reckless disregard for the

L0:safety of such personnel, as determined through?

L1:(1) Conviction in a criminal proceeding, or finding of fault and liability in a civil

L0:or administrative proceeding (in accordance with section 823 of the National Defense

L0:Authorization Act (NDAA) for Fiscal Year (FY) 2010 (Pub. L. 111-84)); or

L1:(2) If a contractor or a subcontractor at any tier is not subject to the jurisdiction

L0:of the U.S. courts, a final determination of contractor or subcontractor fault resulting

L0:from a DoD investigation (in accordance with section 834 of the NDAA for FY 2011

L0:(Pub. L. 111-383)).

L1:(c) In evaluating the contractor?s performance under a contract that includes the

L0:clause at 252.216-7004, Award Fee Reduction or Denial for Jeopardizing the Health or

L0:Safety of Government Personnel, the contracting officer must consider reducing or

L0:denying award fees for a period, if contractor or subcontractor actions cause serious

L0:bodily injury or death of civilian or military Government personnel during such period.

L0:The contracting officer?s evaluation must consider recovering all or part of award fees

L0:previously paid for such period.

216.402-471 Award fee reduction or denial for failure to comply with

Status: active

L0:216.402-471 Award fee reduction or denial for failure to comply with

L0:requirements relating to performance of private security functions.

L1:(a) In accordance with section 862 of the NDAA for FY 2008, and section 831 of the

L0:NDAA for FY 2011, include a requirement to review contractor compliance with, or

L0:violation of, applicable requirements of the contract in any award-fee plan with regard

L0:to the performance of private security functions in an area of contingency operations,

L0:complex contingency operations, or other military operations or exercises that are

L0:designated by the combatant commander (see PGI 225.770).

L1:(b) In evaluating the contractor?s performance under a contract that includes the

L0:clause at 252.225-7039, Defense Contractors Performing Private Security Functions

L0:Outside the United States, the contracting officer must consider reducing or denying

L0:award fees for a period if the contractor fails to comply with the requirements of the

L0:clause during such period. The contracting officer?s evaluation also must consider

L0:recovering all or part of award fees previously paid for such period.

216.402-472 Contract clauses

Status: active

L0:216.402-472 Contract clauses.

L0:Insert the clause at 252.216-7004, Award Fee Reduction or Denial for Jeopardizing the

L0:Health or Safety of Government Personnel, in all solicitations and contracts containing

L0:award-fee provisions.

216.402-473 Other applications of award fees

Status: active

L0:216.402-473 Other applications of award fees.

L0:See PGI 216.402-473 for guidance on other applications of award fees.

216.403 Application of predetermined, formula-type incentives

Status: active

L0:216.403 Application of predetermined, formula-type incentives.

216.403-2 Performance incentives

Status: active

L0:216.403-2 Performance incentives.

L1:(1) See PGI 216.403-2 for guidance on establishing performance incentives.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(2) Contracting officers must ensure requirements for the payment of

L0:incentive fees or the imposition of penalties are included in the solicitation for the

L0:engineering and manufacturing development or production of a weapon system,

L0:including embedded software, if the program manager or comparable requiring

L0:activity official exercising program manager responsibilities includes?

L1:(i) Provisions for the payment of incentive fees based on achievement of

L0:design specification requirements for reliability and maintainability of weapons

L0:systems under the contract; or

L1:(ii) The imposition of penalties to be paid by the contractor to the

L0:Government for failure to achieve such design specification requirements

L0:(10 U.S.C. 4328).

216.404 Fixed-price incentive contracts

Status: active

L0:216.404 Fixed-price incentive contracts.

216.404-170 Fixed-price incentive (firm target) contracts

Status: active

L0:216.404-170 Fixed-price incentive (firm target) contracts.

L0:See PGI 215.404-170 for guidance on the selection and use of fixed-price incentive (firm target) contracts.

216.404-2 Fixed-price incentive (successive targets) contracts

Status: active

L0:216.404-2 Fixed-price incentive (successive targets) contracts.

L0:See PGI 216.404-2 for guidance on the use of fixed-price incentive (successive targets) contracts.

216.405 Cost-plus-incentive-fee contracts

Status: active

L0:216.405 Cost-plus-incentive-fee contracts.

L0:See PGI 216.405 for guidance on the use of cost-plus-incentive-fee contracts.

216.500 Scope

Status: active

L0:216.500 Scope.

L2:(d)(i) When awarding task orders or delivery orders for architect-engineer services under a multiple-award contract, follow the procedures for the selection of contractors and placement of orders at FAR 36.102 to implement 10 U.S.C. 3406(h)(1).
L1:(ii) Contracting officers must not request additional information related to contractor qualifications, unless it is necessary to determine the most highly qualified contractor for the particular task order or delivery order (10 U.S.C. 3406(h)(2)).

216.501 General

Status: active

L0:216.501 General.

216.501-270 Policies

Status: active

L0:216.501-270 Policies.

L2:(a)(i) For items with a shelf-life of less than six months, consider the use of indefinite-delivery type contracts with orders to be placed either?

L1:(A) Directly by the users; or
L1:(B) By central purchasing offices with deliveries direct to users.
L1:(ii) Whenever an indefinite-delivery contract is issued, the issuing office
L0:must furnish all ordering offices sufficient information for the ordering office to
L0:complete its contract reporting responsibilities under 204.301. This data must be
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216
L0:furnished to the ordering activity in sufficient time for the activity to prepare its report
L0:for the action within three working days of the order.
L1:(b) See 217.201-71(a) for limitations on the period for task order or delivery order
L0:contracts awarded by DoD pursuant to 10 U.S.C. 3403.

216.504 Indefinite-quantity contracts

Status: active

L0:216.504 Indefinite-quantity contracts.

216.504-3 Multiple award preference

Status: active

L0:216.504-3 Multiple award preference.
L3:(a)(4)(i) The senior procurement executive has the authority to make the
L0:determination authorized in FAR 16.504-3(a)(4)(i).
L1:(A) In accordance with 10 U.S.C. 3403(d)(3), when making the
L0:determination at FAR 16.504-3(a)(4)(i)(A), the senior procurement executive must
L0:determine that the task or delivery orders expected under the contract are so
L0:integrally related that only a single source can ?efficiently perform the work,?
L0:instead of ?reasonably perform the work? as required by the FAR.
L3:(a)(4)(ii) The congressional notification requirement at FAR 16.504-
L0:3(a)(4)(ii) does not apply to DoD.
L3:(a)(4)(iii) In accordance with 10 U.S.C. 3403(d)(3), the determination at
L0:FAR 16.504-3(a)(4)(iii) is not required if a justification has been executed, in
L0:accordance with FAR 6.104 and section 206.104.

216.505 Solicitation provisions and contract clauses

Status: active

L0:216.505 Solicitation provisions and contract clauses.

216.505-70 Additional solicitation provisions and contract clause

Status: active

L0:216.505-70 Additional solicitation provisions and contract clause.
L1:(a) Insert the provisions at 252.215-7007, Notice of Intent to Resolicit, and 252.215-7008, Only One Offer, as prescribed at 215.271-6 and 215.110(3), respectively.
L1:(b) Insert the clause at 252.216-7010, Postaward Debriefings for Task Orders and Delivery Orders, in competitive negotiated solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial products and commercial services, when a multiple-award contract is contemplated and task orders or delivery orders placed under the contract may be valued at \$10 million or more.

216.506-70 Postaward procedures for placement of task and delivery orders

Status: active

L0:216.506-70 Postaward procedures for placement of task and delivery orders.

216.506-701 Orders placed under indefinite-delivery contracts may be issued on DD

Status: active

L0:216.506-701 Orders placed under indefinite-delivery contracts may be issued on DD Form 1155, Order for Supplies or Services.

216.506-702 Departments and agencies must comply with the review, approval, and

Status: active

L0:216.506-702 Departments and agencies must comply with the review, approval, and reporting requirements established in accordance with subpart 217.6 when placing orders under non-DoD contracts in amounts exceeding the simplified acquisition threshold.

216.506-703 See 204.7603 for procedures on the required use of the Supplier

Status: active

L0:216.506-703 See 204.7603 for procedures on the required use of the Supplier Performance Risk System (SPRS) risk assessments.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216
L1:(i) The contracting officer must ensure SPRS assessments of price risk and supplier risk are considered as a part of the award decision.
L1:(ii) When placing an order for an end product identified by a material identifier that is available as described at PGI 204.7603, and item risk was not previously considered during award of the contract, the contracting officer must also consider SPRS assessments of item risk in the award decision.

L1:(iii) Insert the provision at 252.204-7024, Notice on the Use of the Supplier
L0:Performance Risk System, as prescribed in 204.7604 to the extent permitted by the
L0:contract.

216.507 Additional ordering procedures for multiple-award contracts

Status: active

L0:216.507 Additional ordering procedures for multiple-award contracts.

216.507-2 Fair opportunity procedures

Status: active

L0:216.507-2 Fair opportunity procedures.
L1:(A) See 215.103-270 for the limitations and prohibitions on the use of the
L0:lowest price technically acceptable source selection process, which are applicable to
L0:orders placed against multiple award indefinite delivery contracts.
L1:(B) See 217.870 for the prohibition on the use of reverse auctions for
L0:personal protective equipment and aviation critical safety items.

216.507-5 Orders valued above \$7.5 million

Status: active

L0:216.507-5 Orders valued above \$7.5 million
L1:(c) Postaward notices and debriefing. In addition to the notice required by FAR
L0:part 15 and 16.507-5(c), a written or oral postaward debriefing of successful and
L0:unsuccessful awardees is required for task orders and delivery orders valued at \$10
L0:million or more (section 818 of the National Defense Authorization Act for Fiscal Year
L0:2018 (Pub. L. 115-91)).
L1:(ii) Follow the procedures at 215.301-1 and 215.301-270 when providing the
L0:postaward debriefing to successful and unsuccessful awardees for task orders or
L0:delivery orders valued at \$10 million or more.

216.507-6 Exceptions to fair opportunity

Status: active

L0:216.507-6 Exceptions to fair opportunity.
L1:(b) Exceptions. For an order exceeding the simplified acquisition threshold, that
L0:is a follow-on to an order previously issued for the same supply or service based on a
L0:justification for an exception to fair opportunity citing the authority at FAR 16.507-
L0:6(b)(2) or (3), follow the procedures at PGI 216.507-6(b).

216.507-70 Orders under multiple award contracts

Status: active

L0:216.507-70 Orders under multiple award contracts.

L1:(a) If only one offer is received in response to an order exceeding the simplified

L0:acquisition threshold that is placed on a competitive basis, the contracting officer must

L0:follow the procedures at 215.271-6.

L1:(b) See PGI 216.507-7 for guidance regarding minimum labor category

L0:qualifications for orders issued under multiple-award services contracts.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

216.601 Time-and-materials contracts

Status: active

L0:216.601 Time-and-materials contracts.

216.601-370 Limitations

Status: active

L0:216.601-370 Limitations.

L2:(a)(1) Approval of determination and findings for time-and-materials or labor-hour

L0:contracts.

L1:(i) Base period plus any option periods is three years or less.

L1:(A) For contracts (including indefinite-delivery contracts) and orders in

L0:which the portion of the requirement performed on a time-and-materials or labor-hour

L0:basis exceeds \$1 million, the approval authority for the determination and findings

L0:must be the senior contracting official within the contracting activity. This authority

L0:may not be delegated.

L1:(B) For contracts (including indefinite-delivery contracts) and orders in

L0:which the portion of the requirement performed on a time-and-materials or labor-hour

L0:basis is less than or equal to \$1 million, the determination and findings must be

L0:approved one level above the contracting officer.

L1:(ii) Base period plus any option periods exceeds three years. The head of the

L0:contracting activity is the authority to approve the determination and findings. This

L0:authority may not be delegated.

L1:(iii) Exception. The approval requirements in paragraphs (a)(1)(i) of this

L0:section do not apply to contracts that, as determined by the head of the contracting

L0:activity?

L0:or

L1:(A) Support contingency or humanitarian or peacekeeping operations;

L0:nuclear, biological, chemical or radiological attack;

L1:(B) Facilitate defense against or recovery from conventional, cyber,

L1:(C) Facilitate the provision of international disaster assistance; or

L1:(D) Support response to an emergency or major disaster.

L1:(2) Content of determination and findings. The determination and findings
L0:must contain sufficient facts and rationale to justify that no other contract type is
L0:suitable. At a minimum, the determination and findings must?

L1:(i) Include a description of the market research conducted;

L1:(ii) Establish that it is not possible at the time of placing the contract or
L0:order to accurately estimate the extent or duration of the work or to anticipate costs
L0:with any reasonable degree of certainty;

L1:(iii) Address why a cost-plus-fixed-fee term or other cost-reimbursement,
L0:incentive, or fixed-price contract or order is not appropriate; for contracts (including
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216
L0:indefinite-delivery contracts) and orders for other than commercial products or
L0:commercial services awarded to contractors with adequate accounting systems, a cost-
L0:plus-fixed-fee term contract type must be preferred over a time-and-materials or labor-
L0:hour contract type;

L1:(iv) Establish that the requirement has been structured to minimize the use
L0:of time-and-materials and labor-hour requirements (e.g., limiting the value or length of
L0:the time-and-materials or labor-hour portion of the contract or order; establishing fixed
L0:prices for portions of the requirement); and

L1:(v) Describe the actions planned to minimize the use of time-and-materials
L0:and labor-hour contracts on future acquisitions for the same requirements.

L1:(3) Indefinite-delivery contracts. For indefinite-delivery contracts, structure
L0:contracts that authorize time-and-materials orders to also authorize orders on a cost-
L0:reimbursement, incentive, or fixed-price basis, to the maximum extent practicable.

216.601-4 Solicitation provisions

Status: active

L0:216.601-4 Solicitation provisions.

L1:(a) Insert the provision at FAR 52.216-29, Time-and-Materials/Labor-Hour
L0:Proposal Requirements?Other Than Commercial Acquisition with Adequate Price
L0:Competition, with 252.216-7002, Alternate A, in solicitations contemplating the use
L0:of a time-and-materials or labor-hour contract type for other than commercial
L0:products or commercial services if the price is expected to be based on adequate
L0:competition.

216.603 Letter contracts

Status: active

L0:216.603 Letter contracts.

216.603-2 Application

Status: active

L0:216.603-2 Application.

L1:(c) In accordance with 10 U.S.C. 3372, establish definitization schedules for letter

L0:contracts following the requirements at 217.7404-3(a) instead of the requirements at

L0:FAR 16.603-2(c).

216.603-3 Limitations

Status: active

L0:216.603-3 Limitations.

L0:See Subpart 217.74 for additional limitations on the use of letter contracts.

216.603-4 Contract clauses

Status: active

L0:216.603-4 Contract clauses.

L2:(b)(2) See 217.7405(a) for additional guidance regarding use of the clause at FAR

L0:52.216-24, Limitation of Government Liability.

L1:(3) Insert the clause at 252.217-7027, Contract Definitization, in accordance

L0:with its prescription at 217.7406(b), instead of the clause at FAR 52.216-25, Contract

L0:Definitization.

216.703 Basic ordering agreements

Status: active

L0:216.703 Basic ordering agreements.

216.703-3 Limitations

Status: active

L0:216.703-3 Limitations.

L0:The period during which orders may be placed against a basic ordering agreement may

L0:not exceed 5 years.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(d) Follow the procedures at PGI 216.703-3(d) for issuing orders under basic

L0:ordering agreements.

252.216-7000 Economic Price Adjustment?Basic Steel, Aluminum, Brass,

Status: active

L0:252.216-7000 Economic Price Adjustment?Basic Steel, Aluminum, Brass,
L0:Bronze, or Copper Mill Products.

L0:As prescribed in 216.203-470(a)(1), use the following clause:

**L0:ECONOMIC PRICE ADJUSTMENT?BASIC STEEL, ALUMINUM, BRASS,
L0:BRONZE, OR COPPER MILL PRODUCTS (JAN 2023)**

L1:(a) Definitions. As used in this clause?

L0:?Established price? means a price which is an established catalog or market price for

L0:a commercial product sold in substantial quantities to the general public.

L0:?Unit price? excludes any part of the price which reflects requirements for

L0:preservation, packaging, and packing beyond standard commercial practice.

L1:(b) As represented by the Contractor in its offer, the unit price stated for

L0:_____ (Identify the item) is not in excess of the Contractor's established

L0:price in effect on the date set for opening of bids (or the contract date if this is a

L0:negotiated contract) for like quantities of the same item. This price is the net price after

L0:applying any applicable standard trade discounts offered by the Contractor from its

L0:catalog, list, or schedule price.

L1:(c) The Contractor shall promptly notify the Contracting Officer of the amount and

L1:(1) Each corresponding contract unit price shall be decreased by the same

L0:percentage that the established price is decreased.

L1:(2) This decrease shall apply to items delivered on or after the effective date of

L0:the decrease in the Contractor's established price.

L1:(3) This contract shall be modified accordingly.

L1:(d) If the Contractor's established price is increased after the date set for opening of

L0:bids (or the contract date if this is a negotiated contract), upon the Contractor's written

L0:request to the Contracting Officer, the corresponding contract unit price shall be

L0:increased by the same percentage that the established price is increased, and this

L0:contract shall be modified accordingly, provided?

L1:(1) The aggregate of the increases in any contract unit price under this contract

L0:shall not exceed 10 percent of the original contract unit price;

L1:(2) The increased contract unit price shall be effective on the effective date of the

L0:increase in the applicable established price if the Contractor's written request is

L0:received by the Contracting Officer within ten days of the change. If it is not, the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:Contracting Officer; and

L1:(3) The increased contract unit price shall not apply to quantities scheduled for

L0:delivery before the effective date of the increased contract unit price unless the

L0:Contractor's failure to deliver before that date results from causes beyond the control

L0:and without the fault or negligence of the Contractor, within the meaning of the Default

L0:clause of this contract.

L1:(4) The Contracting Officer shall not execute a modification incorporating an

L0:increase in a contract unit price under this clause until the increase is verified.

L1:(e) Within 30 days after receipt of the Contractor's written request, the Contracting

L0:Officer may cancel, without liability to either party, any portion of the contract affected

L0:by the requested increase and not delivered at the time of such cancellation, except as follows?

L1:(1) The Contractor may, after that time, deliver any items that were completed

L0:or in the process of manufacture at the time of receipt of the cancellation notice,

L0:provided the Contractor notifies the Contracting Officer of such items within 10 days

L0:after the Contractor receives the cancellation notice.

L1:(2) The Government shall pay for those items at the contract unit price

L0:increased to the extent provided by paragraph (d) of this clause.

L1:(3) Any standard steel supply item shall be deemed to be in the process of

L0:manufacture when the steel for that item is in the state of processing after the

L0:beginning of the furnace melt.

L1:(f) Pending any cancellation of this contract under paragraph (e) of this clause, or if

L0:there is no cancellation, the Contractor shall continue deliveries according to the

L0:delivery schedule of the contract. The Contractor shall be paid for those deliveries at the

L0:contract unit price increased to the extent provided by paragraph (d) of this clause.

L0:(End of clause)

252.216-7001 Economic Price Adjustment-Nonstandard Steel Items

Status: active

L0:252.216-7001 Economic Price Adjustment-Nonstandard Steel Items.

L0:As prescribed in 216.203-470(b), use the following clause:

L0:ECONOMIC PRICE ADJUSTMENT?NONSTANDARD STEEL ITEMS (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:?Base labor index? means the average of the labor indices for the three months

L0:which consist of the month of bid opening (or offer submission) and the months

L0:immediately preceding and following that month.

L0:?Base steel index? means the Contractor's established price (see Note 6) including all

L0:applicable extras of \$_____ per _____ (see Note 1) for _____ (see

L0>Note 2) on the date set for bid opening (or the date of submission of the offer).

L0:?Current labor index? means the average of the labor indices for the month in which

L0:delivery of supplies is required to be made and the month preceding.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:?Current steel index? means the Contractor's established price (see Note 6) for that

L0:item, including all applicable extras in effect ____ days (see Note 3) prior to the first day

L0:of the month in which delivery is required.

L0:?Established price? is?

L1:(1) A price which is an established catalog or market price of a commercial

L0:product sold in substantial quantities to the general public; and

L1:(2) The net price after applying any applicable standard trade discounts offered

L0:by the Contractor from its catalog, list, or schedule price. (But see Note 6.)

L0:?Labor index? means the average straight time hourly earnings of the Contractor's

L0:employees in the _____ shop of the Contractor's _____ plant (see

L0:Note 4) for any particular month.

L0:Month? means calendar month. However, if the Contractor's accounting period does not coincide with the calendar month, then that accounting period shall be used in lieu of month.?

L1:(b) Each contract unit price shall be subject to revision, under the terms of this clause, to reflect changes in the cost of labor and steel. For purpose of this price revision, the proportion of the contract unit price attributable to costs of labor not otherwise included in the price of the steel item identified under the base steel index? definition in paragraph (a) shall be ____ percent, and the proportion of the contract unit price attributable to the cost of steel shall be ____ percent. (See Note 5.)

L2:(c)(1) Unless otherwise specified in this contract, the labor index shall be computed by dividing the total straight time earnings of the Contractor's employees in the shop identified in paragraph (a) for any given month by the total number of straight time hours worked by those employees in that month.

L1:(2) Any revision in a contract unit price to reflect changes in the cost of labor shall be computed solely by reference to the base labor index? and the current labor index.?

L1:(d) Any revision in a contract unit price to reflect changes in the cost of steel shall be computed solely by reference to the base steel index? and the current steel index.?

L2:(e)(1) Each contract unit price shall be revised for each month in which delivery of supplies is required to be made.

L1:(2) The revised contract unit price shall apply to the deliveries of those quantities required to be made in that month regardless of when actual delivery is made.

L1:(3) Each revised contract unit price shall be computed by adding?

L1:(i) The adjusted cost of labor (obtained by multiplying ____ percent of the contract unit price by a fraction, of which the numerator shall be the current labor index and the denominator shall be the base labor index);

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(ii) The adjusted cost of steel (obtained by multiplying ____ percent of the contract unit price by a fraction, of which the numerator shall be the current steel index and the denominator shall be the base steel index); and

L1:(iii) The amount equal to ____ percent of the original contract unit price (representing that portion of the unit price which relates neither to the cost of labor nor the cost of steel, and which is therefore not subject to revision (see Note 5)).

L1:(4) The aggregate of the increases in any contract unit price under this contract shall not exceed ten percent of the original contract unit price.

L1:(5) Computations shall be made to the nearest one-hundredth of one cent.

L2:(f)(1) Pending any revisions of the contract unit prices, the Contractor shall be paid the contract unit price for deliveries made.

L1:(2) Within 30 days after final delivery (or such other period as may be authorized by the Contracting Officer), the Contractor shall furnish a statement identifying the correctness of?

L1:(i) The average straight time hourly earnings of the Contractor's employees

L0:in the shop identified in paragraph (a) that are relevant to the computations of the

L0:base labor index? and the ?current labor index;? and

L1:(ii) The Contractor's established prices (see Note 6), including all applicable

L0:extras for like quantities of the item that are relevant to the computation of the ?base

L0:steel index? and the ?current steel index.?

L1:(3) Upon request of the Contracting Officer, the Contractor shall make available

L0:all records used in the computation of the labor indices.

L1:(4) Upon receipt of the statement, the Contracting Officer will compute the

L0:revised contract unit prices and modify the contract accordingly. No modification to this

L0:contract will be made pursuant to this clause until the Contracting Officer has verified

L0:the revised established price (see Note 6).

L2:(g)(1) In the event any item of this contract is subject to a total or partial termination

L0:for convenience, the month in which the Contractor receives notice of the termination, if

L0:prior to the month in which delivery is required, shall be considered the month in which

L0:delivery of the terminated item is required for the purposes of determining the current

L0:labor and steel indices under paragraphs (c) and (d).

L1:(2) For any item which is not terminated for convenience, the month in which

L0:delivery is required under the contract shall continue to apply for determining those

L0:indices with respect to the quantity of the non-terminated item.

L1:(3) If this contract is terminated for default, any price revision shall be limited to

L0:the quantity of the item which has been delivered by the Contractor and accepted by the

L0:Government prior to receipt by the Contractor of the notice of termination.

L1:(h) If the Contractor's failure to make delivery of any required quantity arises out of

L0:causes beyond the control and without the fault or negligence of the Contractor, within

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:the meaning of the clause of this contract entitled ?Default,? the quantity not delivered

L0:shall be delivered as promptly as possible after the cessation of the cause of the failure,

L0:and the delivery schedule set forth in this contract shall be amended accordingly.

L0:NOTES:

L0:1 Offeror insert the unit price and unit measure of the standard steel mill item to be

L0:used in the manufacture of the contract item.

L0:2 Offeror identify the standard steel mill item to be used in the manufacture of the

L0:contract item.

L0:3 Offeror insert best estimate of the number of days required for processing the

L0:standard steel mill item in the shop identified under the ?labor index? definition.

L0:4 Offeror identify the shop and plant in which the standard steel mill item identified

L0:under the ?base steel index? definition will be finally fabricated or processed into the

L0:contract item.

L0:5 Offeror insert the same percentage figures for the corresponding blanks in

L0:paragraphs (b), (e)(3)(i), and (e)(3)(ii). In paragraph (e)(3)(iii), insert the percentage

L0:representing the difference between the sum of the percentages inserted in paragraph

L1:(b) and 100 percent.

L0:6 In negotiated acquisitions of nonstandard steel items, when there is no ?established

L0:price? or when it is not desirable to use this price, this paragraph may refer to another

L0:appropriate price basis, e.g., an established interplant price.

L0:(End of clause)

252.216-7002 Alternate A, Time-and-Materials/Labor-Hour Proposal

Status: active

L0:252.216-7002 Alternate A, Time-and-Materials/Labor-Hour Proposal

L0:Requirements-Other Than Commercial Acquisition with Adequate Price

L0:Competition.

L0:As prescribed in 216.601-4(a), substitute the following paragraph (c) for paragraph (c) of

L0:the provision at FAR 52.216-29:

L0:ALTERNATE A, TIME-AND-MATERIALS/LABOR-HOUR PROPOSAL

L0:REQUIREMENTS?OTHER THAN COMMERCIAL ACQUISITION WITH

L0:ADEQUATE PRICE COMPETITION (JAN 2023)

L1:(c) The offeror must establish fixed hourly rates using separate rates for each category

L0:of labor to be performed by each subcontractor and for each category of labor to be

L0:performed by the offeror, and for each category of labor to be transferred between

L0:divisions, subsidiaries, or affiliates of the offeror under a common control.

252.216-7003 Economic Price Adjustment?Wage Rates or Material Prices

Status: active

L0:252.216-7003 Economic Price Adjustment?Wage Rates or Material Prices

L0:Controlled by a Foreign Government.

L0:As prescribed in 216.203-470(c)(1), use the following clause:

L0:ECONOMIC PRICE ADJUSTMENT?WAGE RATES OR MATERIAL PRICES

L0:CONTROLLED BY A FOREIGN GOVERNMENT (MAR 2012)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(a) As represented by the Contractor in its offer, the prices set forth in this

L0:contract?

L1:(1) Are based on the wage rate(s) or material price(s) established and controlled

L0:by the government of the country specified by the Contractor in its offer; and

L1:(2) Do not include contingency allowances to pay for possible increases in wage

L0:rates or material prices.

L1:(b) If wage rates or material prices are revised by the government named in

L0:paragraph (a) of this clause, the Contracting Officer shall make an equitable

L0:adjustment in the contract price and shall modify the contract to the extent that the

L0:Contractor?s actual costs of performing this contract are increased or decreased, as a

L0:direct result of the revision, subject to the following:

L1:(1) For increases in established wage rates or material prices, the increase in

L0:contract unit price(s) shall be effective on the same date that the government named in

L0:paragraph (a) of this clause increased the applicable wage rate(s) or material price(s),

L0:but only if the Contracting Officer receives the Contractor?s written request for contract
 L0:adjustment within 10 days of the change. If the Contractor?s request is received later,
 L0:the effective date shall be the date that the Contracting Officer received the
 L0:Contractor?s request.

L1:(2) For decreases in established wage rates or material prices, the decrease in
 L0:contract unit price(s) shall be effective on the same date that the government named in
 L0:paragraph (a) of this clause decreased the applicable wage rate(s) or material price(s).
 L0:The decrease in contract unit price(s) shall apply to all items delivered on and after the
 L1:(c) No modification changing the contract unit price(s) shall be executed until the
 L0:Contracting Officer has verified the applicable change in the rates or prices set by the
 L0:government named in paragraph (a) of this clause. The Contractor shall make available
 L0:its books and records that support a requested change in contract price.
 L1:(d) Failure to agree to any adjustment shall be a dispute under the Disputes clause
 L0:of this contract.
 L0:(End of clause)

252.216-7004 Award Fee Reduction or Denial for Jeopardizing the Health or

Status: active

L0:252.216-7004 Award Fee Reduction or Denial for Jeopardizing the Health or
 L0:Safety of Government Personnel.
 L0:As prescribed in 216.402-472, use the following clause:

L0:AWARD FEE REDUCTION OR DENIAL FOR JEOPARDIZING THE HEALTH OR L0:SAFETY OF GOVERNMENT PERSONNEL (SEP 2011)

L1:(a) Definitions. As used in this clause?
 L0:?Covered incident?-

L1:(i) Means any incident in which the Contractor, through a criminal, civil, or
 L0:administrative proceeding that results in a disposition listed in paragraph (a) (ii) of this
 L0:definition?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
 L0:Defense FAR Supplement (DFARS) Part 216

L1:(A) Has been determined in the performance of this contract to have caused
 L0:serious bodily injury or death of any civilian or military personnel of the Government
 L0:through gross negligence or with reckless disregard for the safety of such personnel; or
 L1:(B) Has been determined to be liable for actions of a subcontractor of the
 L0:Contractor that caused serious bodily injury or death of any civilian or military
 L0:personnel of the Government through gross negligence or with reckless disregard for
 L0:the safety of such personnel.

L1:(ii) Includes those incidents that have resulted in any of the following
 L0:dispositions:

L1:(A) In a criminal proceeding, a conviction.
 L1:(B) In a civil proceeding, a finding of fault or liability that results in the
 L0:payment of a monetary fine, penalty, reimbursement, restitution, or damage of \$5,000
 L0:or more.

L1:(C) In an administrative proceeding, a finding of fault and liability that
L0:results in?
L0:of \$100,000.
L1:(1) The payment of a monetary fine or penalty of \$5,000 or more; or
L1:(2) The payment of a reimbursement, restitution, or damages in excess
L1:(D) In a criminal, civil, or administrative proceeding, a disposition of the
L0:matter by consent or compromise with an acknowledgment of fault by the Contractor if
L0:the proceeding could have led to any of the outcomes specified in subparagraphs
L3:(a)(ii)(A), (a) (ii)(B), or (a)(ii)(C).
L1:(E) In a DoD investigation of the Contractor or its subcontractors at any tier
L0:not subject to the jurisdiction of the U.S. courts, a final determination by the Secretary
L0:of Defense of Contractor or subcontractor fault (see DFARS 216.402-470).
L0:?'Serious bodily injury?' means a grievous physical harm that results in a permanent
L0:disability.
L1:(b) If, in the performance of this contract, the Contractor?s or its subcontractor?s
L0:actions cause serious bodily injury or death of civilian or military Government
L0:personnel, the Government may reduce or deny the award fee for the relevant award
L0:fee period in which the covered incident occurred, including the recovery of all or part of
L0:any award fees paid for any previous period during which the covered incident occurred.

252.216-7005 Reserved

252.216-7007 Economic Price Adjustment?Basic Steel, Aluminum, Brass,

Status: active

L0:252.216-7007 Economic Price Adjustment?Basic Steel, Aluminum, Brass,
L0:Bronze, or Copper Mill Products?Representation.
L0:As prescribed in 216.203-470(a)(2), use the following provision:
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216
L0:ECONOMIC PRICE ADJUSTMENT?BASIC STEEL, ALUMINUM, BRASS,
L0:BRONZE, OR COPPER MILL PRODUCTS?REPRESENTATION
L0:(MAR 2012)
L1:(a) Definitions. The terms ?established price? and ?unit price,? as used in this

L0:provision, have the meaning given in the clause 252.216-7000, Economic Price
L0:Adjustment--Basic Steel, Aluminum, Brass, Bronze, or Copper Mill Products.
L1:(b) By submission of its offer, the offeror represents that the unit price stated in this
L0:offer for _____ (Identify the item) is not in excess of the offeror's
L0:established price in effect on the date set for opening of bids (or the contract date if this
L0:is to be a negotiated contract) for like quantities of the same item. This price is the net
L0:price after applying any applicable standard trade discounts offered by the offeror from
L0:its catalog, list, or schedule price.
L0:(End of provision)

252.216-7008 Economic Price Adjustment?Wage Rates or Material Prices

Status: active

L0:252.216-7008 Economic Price Adjustment?Wage Rates or Material Prices
L0:Controlled by a Foreign Government?Representation.
L0:As prescribed in 216.203-470(c)(2), use the following provision:
L0:ECONOMIC PRICE ADJUSTMENT?WAGE RATES OR MATERIAL PRICES
L0:CONTROLLED BY A FOREIGN GOVERNMENT?REPRESENTATION
L0:(MAR 2012)
L1:(a) By submission of its offer, the offeror represents that the prices set forth in this
L0:offer?
L1:(1) Are based on the wage rate(s) or material price(s) established and controlled
L0:by the government of _____ (Offeror insert name of host country);
L0:and
L1:(2) Do not include contingency allowances to pay for possible increases in wage
L0:rates or material prices.
L0:(End of provision)

252.216-7009 Allowability of Legal Costs Incurred in Connection with a

Status: active

L0:252.216-7009 Allowability of Legal Costs Incurred in Connection with a
L0:Whistleblower Proceeding.
L0:As prescribed in 216.305, use the following clause:
L0:ALLOWABILITY OF LEGAL COSTS INCURRED IN CONNECTION WITH A
L0:WHISTLEBLOWER PROCEEDING (DEC 2022)
L0:Pursuant to 10 U.S.C. 3750, notwithstanding FAR clause 52.216-7, Allowable Cost and
L0:Payment?
L1:(a) The restrictions of FAR 31.205-47(b) on allowability of costs related to legal and
L0:other proceedings also apply to any proceeding brought by a contractor employee
L0:submitting a complaint under 10 U.S.C. 4701, entitled "Contractor employees:
L0:protection from reprisal for disclosure of certain information;" and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(b) Costs incurred in connection with a proceeding that is brought by a contractor

L0:employee submitting a complaint under 10 U.S.C. 4701 are also unallowable if the

L0:result is an order to take corrective action under 10 U.S.C. 4701.

L0:(End of clause)

252.216-7010 Postaward Debriefings for Task Orders and Delivery Orders

Status: active

L0:252.216-7010 Postaward Debriefings for Task Orders and Delivery Orders.

L0:As prescribed at 216.505-70, use the following clause:

L0:POSTAWARD DEBRIEFINGS FOR TASK ORDERS AND DELIVERY ORDERS

L0:(OCT 2025)

L1:(a) Postaward debriefing.

L1:(1) Upon timely request, the Government will provide a written or oral

L0:postaward debriefing for task orders or delivery orders valued at \$15 million or more to

L0:the Contractor, regardless of whether the Contractor's offer for the task order or

L0:delivery order was successful or unsuccessful, while protecting the confidential and

L0:proprietary information of other contractors. The request is considered timely if

L0:received within 3 days of notification of task order or delivery order award.

L1:(2) If a required postaward debriefing is provided?

L1:(i) The debriefed Contractor may submit additional written questions

L0:related to the required and provided debriefing within 2 business days after the date of

L0:the debriefing;

L1:(ii) The agency will respond in writing to timely submitted additional

L0:questions within 5 business days after receipt; and

L1:(iii) The postaward debriefing will not be considered to be concluded until

L0:the later of?

L0:writing; or

L1:(A) The date that the postaward debriefing is delivered, orally or in

L0:received, the date the agency delivers its written response.

L1:(B) If additional written questions related to the debriefing are timely

L1:(b) Task order or delivery order performance. The Government may suspend

L0:performance of or terminate the awarded task order or delivery order upon notice from

L0:the Government Accountability Office of a protest filed within the time periods listed in

L0:paragraphs (b)(1) through (3) of this clause, whichever is later:

L1:(1) Within 10 days after the date a task order or delivery order is issued, where

L0:the value exceeds \$25 million (10 U.S.C. 3406(e)).

L1:(2) Within 5 days after a debriefing date offered to the protestor under a timely

L0:debriefing request in accordance with Federal Acquisition Regulation (FAR) 15.506

L0:unless an earlier debriefing date is negotiated as a result.

L1:(3) Within 5 days after a postaward debriefing under FAR 15.506 is concluded in

L0:accordance with Defense Federal Acquisition Regulation Supplement 215.506-70(b).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:PGI 216?TYPES OF CONTRACTS

L0:PGI 216.1?SELECTING CONTRACT TYPES

L0:PGI 216.102 Negotiating contract type.

L0:Follow the procedures in the Director, Defense Procurement and Acquisition Policy

L0:memorandum dated April 1, 2016, entitled ?Guidance on Using Incentive and Other Contract

L0:Types,? when selecting and negotiating the most appropriate contract type for a given

L0:procurement.

L0:PGI 216.102-70 Research and development.

L1:(1) General. There are several categories of research and development (R&D)

L0:contracts: research, exploratory development, advanced development, engineering

L0:development, and operational systems development (see DFARS 235.001 for the definition

L0:of research and development). Each category has a primary technical or functional

L0:objective. Different parts of a project may fit several categories. The contract type must fit

L0:the work required, not just the classification of the overall program.

L1:(2) Research and exploratory development.

L1:(i) Price is not necessarily the primary factor in determining the contract type.

L1:(ii) The nature of the work to be performed will usually result in a cost-plus award

L0:fee, cost-plus fixed fee term, cost-no-fee, or cost-sharing contract.

L1:(iii) If the Government and the contractor can identify and agree upon the level of

L0:contractor effort required, the contracting officer may select a firm fixed-price level-of-effort

L0:contract, except see DFARS 235.170.

L1:(iv) If the Government and the contractor agree that an incentive arrangement is

L0:desirable and capable of being evaluated after completion of the work, the contracting officer

L0:may use an incentive type contract.

L1:(3) Advanced development.

L1:(i) The nature of the work to be performed often results in a cost-plus fixed fee

L0:completion type contract.

L1:(ii) Contracting officers may select incentive contracts if?

L1:(A) Realistic and measurable targets are identified; and

L1:(B) Achievement of those targets is predictable with a reasonable degree of

L0:accuracy.

L1:(iii) Contracting officers should not use contracts with only cost incentives where?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(A) There will be a large number of major technical changes; or

L1:(B) Actions beyond the control of the contractor may influence the contractor's

L0:achievement of cost targets.

L1:(4) Engineering development and operational systems development.

L1:(i) When selecting contract types, also consider?

L1:(A) The degree to which the project is clearly defined, which in turn affects the

L0:contractor's ability to provide accurate cost estimates;

L1:(B) The need for effort that will overlap that of earlier stages;

L1:(C) The need for firm technical direction by the Government; and

L1:(D) The degree of configuration control the Government will exercise.

L1:(ii) For development efforts, particularly for major defense systems, the preferred

L0:contract type is cost reimbursement.

L1:(iii) Contracting officers should use fixed-price type contracts when risk has been

L0:reduced to the extent that realistic pricing can occur; e.g., when a program has reached the

L0:final stages of development and technical risks are minimal, except see DFARS 235.170.

L0:PGI 216.2?FIXED-PRICE CONTRACTS

L0:PGI 216.203 Fixed-price contracts with economic price adjustment.

L0:PGI 216.203-4 Contract clauses.

L0:Contracting officers should use caution when incorporating Economic Price Adjustment

L1:(EPA) provisions in contracts. EPA provisions can result in significant and unanticipated

L0:price increases which can have major adverse impacts to a program. EPA provisions

L0:should be used only when general economic factors make the estimating of future costs too

L0:unpredictable within a fixed-price contract. The primary factors that should be considered

L0:before using an EPA provision include volatility of labor and/or material costs and contract

L0:length. In cases where cost volatility and/or contract length warrant using an EPA provision,

L0:the provision must be carefully crafted to ensure an equitable adjustment to the contract.

L0:Accordingly, contracting officers should always request assistance from their local pricing

L0:office, the Defense Contract Management Agency, or the Defense Contract Audit Agency

L0:when contemplating the use of an EPA provision.

L0:For adjustments based on cost indexes of labor or material, use the following guidelines:

L1:(1) Do not make the clause unnecessarily complex.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(2) Normally, the clause should not provide either a ceiling or a floor for adjustment

L0:unless adjustment is based on indices below the six-digit level of the Bureau of Labor

L0:Statistics (BLS)?

L1:(i) Producer Price Index;

L1:(ii) Employment Cost Index for wages and salaries, benefits, and compensation

L0:costs for aerospace industries (but see paragraphs (3) and (6) of this subsection); or

L1:(iii) North American Industry Classification System (NAICS) Code.

L1:(3) DoD contracting officers may no longer use the BLS employment cost index for total

L0:compensation, aircraft manufacturing (NAICS Code 336411, formerly Standard Industrial

L0:Classification Code 3721, Aircraft) in any EPA clause in DoD contracts. This index is

L0:ineffective for use as the basis for labor cost adjustments in EPA clauses in DoD contracts.

L0:The BLS employment cost index for wages and salaries, aircraft manufacturing may still

L0:be used in EPA clauses for labor costs. If a BLS index for benefits is desired, contracting

L0:officers should use a broader based index that will smooth the effects of any large pension

L0:contributions, such as the employment cost index for benefits, total private industry. If a total

L0:compensation index is desired, contracting officers should consider the creation of a hybrid

L0:index by combining the above referenced indices at a predetermined percentage. For

L0:example, a hybrid total compensation index could consist of 68 percent employment cost

L0:index for wages and salaries, aircraft manufacturing, and 32 percent of the employment cost

L0:index for benefits, private industry.

L1:(4) Normally, the clause should cover potential economic fluctuations within the original

L0:contract period of performance using a trigger band. Unless the economic fluctuation

L0:exceeds the trigger value, no EPA clause adjustments are made.

L1:(5) The clause must accurately identify the index(es) upon which adjustments will be

L0:based.

L1:(i) It must provide for a means to adjust for appropriate economic fluctuation in the

L0:event publication of the movement of the designated index is discontinued. This might

L0:include the substitution of another index if the time remaining would justify doing so and an

L0:appropriate index is reasonably available, or some other method for repricing the remaining

L0:portion of work to be performed.

L1:(ii) Normally, there should be no need to make an adjustment if computation of the

L0:identified index is altered. However, it may be appropriate to provide for adjustment of the

L0:economic fluctuation computations in the event there is such a substantial alteration in the

L0:method of computing the index that the original intent of the parties is negated.

L1:(iii) When an index to be used is subject to revision (e.g., the BLS Producer Price

L0:Indexes), the EPA clause must specify that any economic price adjustment will be based on

L0:a revised index and must identify which revision to the index will be used.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(6) The basis of the index should not be so large and diverse that it is significantly

L0:affected by fluctuations not relevant to contract performance, but it must be broad enough to

L0:minimize the effect of any single company, including the anticipated contractor(s).

L1:(7) Construction of an index is largely dependent upon three general series published by

L0:the U.S. Department of Labor, BLS. These are the?

L1:(i) Industrial Commodities portion of the Producer Price Index;

L1:(ii) Employment Cost Index for wages and salaries, benefits, and compensation

L0:costs for aerospace industries (but see paragraphs (3) and (6) of this subsection); and

L1:(iii) NAICS Code.

L1:(8) Normally, do not use more than two indices, i.e., one for labor and one for material.

L1:(9) The clause must establish and properly identify a base period comparable to the

L0:contract periods for which adjustments are to be made as a reference point for application of

L0:an index.

L1:(10) The clause should not provide for an adjustment beyond the original contract

L0:performance period, including options. The start date for the adjustment may be the

L0:beginning of the contract or a later time, as appropriate, based on the projected rate of

L0:expenditures.

L1:(11) The expenditure profile for both labor and material should be based on a

L0:predetermined rate of expenditure (expressed as the percentage of material or labor usage

L0:as it relates to the total contract price) in lieu of actual cost incurred.

L1:(i) If the clause is to be used in a competitive acquisition, determine the labor and

L0:material allocations, with regard to both mix of labor and material and rate of expenditure by

L0:percentage, in a manner which will, as nearly as possible, approximate the average

L0:expenditure profile of all companies to be solicited so that all companies may compete on an

L0:equal basis.

L1:(ii) If the clause is to be used in a noncompetitive acquisition, the labor and material

L0:allocations may be subject to negotiation and agreement.

L1:(iii) For multiyear contracts, establish predetermined expenditure profile tables for

L0:each of the annual increments in the multiyear buy. Each of the second and subsequent

L0:year tables must be cumulative to reflect the total expenditures for all increments funded

L0:through the latest multiyear funding.

L1:(12) The clause should state the percentage of the contract price subject to price

L0:adjustment.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(i) Normally, do not apply adjustments to the profit portion of the contract.

L1:(ii) Examine the labor and material portions of the contract to exclude any areas that

L0:do not require adjustment. For example, it may be possible to exclude?

L1:(A) Subcontracting for short periods of time during the early life of the contract

L0:which could be covered by firm-fixed-priced subcontracting;

L1:(B) Certain areas of overhead, e.g., depreciation charges, prepaid insurance

L0:costs, rental costs, leases, certain taxes, and utility charges;

L1:(C) Labor costs for which a definitive union agreement exists; and

L1:(D) Those costs not likely to be affected by fluctuation in the economy.

L1:(iii) Allocate that part of the contract price subject to adjustment to specific periods of

L0:time (e.g., quarterly, semiannually, etc.) based on the most probable expenditure or

L0:commitment basis (expenditure profile).

L1:(13) The clause should provide for definite times or events that trigger price

L0:adjustments. Adjustments should be frequent enough to afford the contractor appropriate

L0:economic protection without creating a burdensome administrative effort. The adjustment

L0:period should normally range from quarterly to annually.

L1:(14) When the contract contains cost incentives, any sums paid to the contractor on

L0:account of EPA provisions must be subtracted from the total of the contractor's allowable

L0:costs for the purpose of establishing the total costs to which the cost incentive provisions

L0:apply. If the incentive arrangement is cited in percentage ranges, rather than dollar ranges,

L0:above and below target costs, structure the EPA clause to maintain the original contract

L0:incentive range in dollars.

L1:(15) The EPA clause should provide that once the labor and material allocations and the

L0:portion of the contract price subject to price adjustment have been established, they remain

L0:fixed through the life of the contract and must not be modified except in the event of

L0:significant changes in the scope of the contract. The clause should state that pricing actions

L0:pursuant to the Changes clause or other provisions of the contract will be priced as though

L0:there were no provisions for economic price adjustment. However, subsequent

L0:modifications may include a change to the delivery schedule or significantly change the

L0:amount of, or mix of, labor or material for the contract. In such cases, it may be appropriate

L0:to prospectively apply EPA coverage. This may be accomplished by?

L1:(i) Using an EPA clause that applies only to the effort covered by the modification;

L1:(ii) Revising the baseline data or period in the EPA clause for the basic contract to

L0:include the new work; or

L1:(iii) Using an entirely new EPA clause for the entire contract, including the new work.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(16) Consistent with the factors in paragraphs (1) through (15) of this subsection, it may

L0:also be appropriate to provide in the prime contract for similar EPA arrangements between

L0:the prime contractor and affected subcontractors to allocate risks properly and ensure that

L0:those subcontractors are provided similar economic protection.

L1:(17) When EPA clauses are included in contracts that do not require submission of

L0:certified cost or pricing data as provided for in FAR 15.403-2, the contracting officer must

L0:obtain adequate data to establish the baseline from which adjustments will be made. The

L0:contracting officer may require verification of the data submitted to the extent necessary to

L0:permit reliance upon the data as a reasonable baseline.

L0:PGI 216.4?INCENTIVE CONTRACTS

L0:PGI 216.401 General.

L0:PGI 216.401-1 Description.

L1:(c) Incentive contracts. See the DPCAP Price, Cost, and Finance ?Pricing Topics?

L0:webpage at <https://www.acq.osd.mil/asda/dpc/pcf/pricing-topics.html> for links to contract

L0:incentives training, tools, and a guidebook.

L0:PGI 216.402 Award fee.

L0:PGI 216.402-2 Limitations.

L1:(c) Award-fee contracts.

L1:(i) It is DoD policy to utilize objective criteria, whenever possible, to measure

L0:contract performance. In cases where an award-fee contract must be used due to lack of

L0:objective criteria, the contracting officer must consult with the program manager and the fee

L0:determining official when developing the award-fee plan. Award-fee criteria must be linked

L0:directly to contract cost, schedule, and performance outcomes objectives.

L1:(ii) Award fees must be tied to identifiable interim outcomes, discrete events or

L0:milestones, as much as possible. Examples of such interim milestones include timely

L0:completion of preliminary design review, critical design review, and successful system

L0:demonstration. In situations where there may be no identifiable milestone for a year or

L0:more, consideration should be given to apportioning some of the award fee pool for a

L0:predetermined interim period of time based on assessing progress toward milestones. In

L0:any case, award fee provisions must clearly explain how a contractor?s performance will be

L0:evaluated.

L1:(iii) The head of the contracting activity for each defense agency must retain the

L0:D&F for (a) all acquisition category (ACAT) I or II programs, and (b) all non-ACAT I or II

L0:contracts with an estimated value of \$50 million or more. The head of the contracting activity

L0:must forward the D&Fs for ACAT I programs to Defense Pricing, Contracting, and

L0:Acquisition Policy/Contract Policy directorate (DPCAP/CP) within 1 month of the end of the

L0:quarter. Copies of D&Fs on all contracts must also be included in the contract file.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:PGI 216.402-4 Cost-plus-award-fee contracts.

L1:(1) Although weighted guidelines do not apply per DFARS 216.402-4(3)(ii) when

L0:definitizing a contract action, the contracting officer must, nevertheless, separately assess

L0:and document the reduced cost risk on the contract for?

L1:(i) The period up to the date of definitization; as well as

L1:(ii) The remaining period of performance (see DFARS 217.7404-6).

L1:(2) Normally, award fee is not earned when the fee-determining official has determined

L0:that contractor performance has been submarginal or unsatisfactory.

L1:(3) The basis for all award fee determinations must be documented in the contract file.

L1:(4) The cost-plus-award-fee contract is also suitable for level of effort contracts where

L0:mission feasibility is established but measurement of achievement must be by subjective

L0:evaluation rather than objective measurement. See Table 16-1, Performance Evaluation

L0:Criteria, for sample performance evaluation criteria and Table 16-2, Contractor Performance

L0:Evaluation Report, for a sample evaluation report.

L1:(5) The contracting activity may?

L1:(i) Establish a board to?

L1:(A) Evaluate the contractor's performance; and

L1:(B) Determine the amount of the award or recommend an amount to the

L0:contracting officer; and

L1:(ii) Afford the contractor an opportunity to present information on its own behalf.

L0:PGI 216.402-473 Other applications of award fees.

L0:The ?award amount? portion of the fee may be used in other types of contracts under the

L0:following conditions:

L1:(1) The Government wishes to motivate and reward a contractor for?

L1:(i) Purchase of capital assets (including machine tools) manufactured in the United

L0:States, on major defense acquisition programs; or

L1:(ii) Management performance in areas which cannot be measured objectively and

L0:where normal incentive provisions cannot be used. For example, logistics support, quality,

L0:timeliness, ingenuity, and cost effectiveness are areas under the control of management

L0:which may be susceptible only to subjective measurement and evaluation.

L1:(2) The ?base fee? (fixed amount portion) is not used.

L1:(3) The chief of the contracting office approves the use of the ?award amount.?

L1:(4) An award review board and procedures are established for conduct of the

L0:evaluation.

L1:(5) The administrative costs of evaluation do not exceed the expected benefits.

L0:NOTE: Provide supporting data and/or justification for below average or outstanding item ratings.

L0:PGI 216.403 Application of predetermined, formula-type incentives.

L0:PGI 216.403-2 Performance incentives.

L0:Contractor performance incentives should relate to specific performance areas of

L0:milestones, such as delivery or test schedules, quality controls, maintenance requirements,

L0:and reliability standards.

L0:PGI 216.404 Fixed-price incentive contracts.

L0:PGI 216.404-170 Fixed-price incentive (firm target) contracts.

L1:(1) Use of FPIF contract.

L1:(i) Not mandatory. Contracting officers must carefully consider whether to use a

L0:fixed-price incentive (firm target) (FPIF) contract, especially for acquisitions moving from

L0:development to production. DFARS does not mandate the use of FPIF for initial production

L0:and each acquisition situation must be evaluated in terms of the degree and nature of the

L0:risk presented in order to select the proper contract type.

L1:(ii) Considerations. Volume 4, chapter 1, of the Contract Pricing Reference Guide

L0:provides a detailed discussion of the considerations involved in selecting the proper contract

L0:type. For example:

L1:(A) It is not in the Government's best interest to use FPIF when the cost risk is

L0:so great that establishing a ceiling price is unrealistic.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L1:(B) It is also not in the Government's best interest to use firm-fixed-price (FFP)

L0:contracts on production programs until costs have become stable. Therefore, FPIF

L0:contracts should be considered in production and sole source follow-on programs where

L0:actual costs on prior FFP contracts have varied by more than 3-4 percent from the costs

L0:considered negotiated. Contracting officers are reminded that actual costs on prior contracts

L0:for the same item or essentially the same item, regardless of contract type or data reporting

L0:requirements of the prior contract, are cost and pricing data on the pending contract, and

L0:must be obtained from the contractor on production programs when certified cost or pricing

L0:data are required.

L1:(C) For sole source major systems procurements, contracting officers should

L0:utilize FPIF contracts instead of FFP contracts unless the reasons for significant variation

L0:are well understood and actions have been taken to ensure that significant variation will not

L0:recur. In addition, when options are included as described in PGI 217.201-70, the use of

L0:FPIF contracts is both highly recommended and encouraged, because both parties will be

L0:assuming more risk in pricing multiple years of requirements.

L1:(2) Incentive arrangement. Contracting officers should consider share lines and ceiling

L0:prices for fixed-price incentive (firm target) contracts, with 120 percent ceiling and a 50/50

L0:share ratio as the point of departure for establishing the incentive arrangement. While the

L0:DFARS does not mandate the use of these share ratios or ceiling percentage, it is not

L0:unreasonable to expect that upon entering into production, risks have been mitigated to the

L0:point that the DFARS recommended point of departure for an FPIF incentive arrangement

L0:would be normal.

L1:(3) Analyzing risk.

L1:(i) Quantification of risk.

L1:(A) The first step is establishing a target cost for which the probability of an

L0:underrun and overrun are considered equal and therefore, the risks and rewards are shared
 L0:equally, hence the 50/50 share is the point of departure. Equally important is determining
 L0:that the contractor has a high probability of being able to accomplish the effort within a
 L0:ceiling percentage of 120 percent. In accomplishing both these steps, the analysis of risk is
 L0:essential.

L1:(B) Too often, risk is evaluated only in general terms without attempting to
 L0:quantify the risk posed by the various elements of cost. Also, a contracting officer may
 L0:incorrectly fall back on the share ratios and ceiling percentages negotiated on prior contracts
 L0:or other programs, without examining the specific risks.

L1:(C) Whether being used to select the proper contract type or establishing share
 L0:lines and ceiling price on an FPIF contract, the analysis of risk as it pertains to the prime
 L0:contractor is key. From a contractor's perspective, all risks, including technical and schedule
 L0:risk, have financial ramifications. Technical and schedule risks, if realized, generally
 L0:translate into increased effort, which means increased cost. Therefore, all risk can be
 L0:translated into cost risk and quantified. Risk always has two components that must be
 L0:considered in the quantification: the magnitude of the impact and the probability that it will
 L0:occur.

L1:(D) When cost risk is quantified, it is much easier to establish a reasonable
 L0:ceiling percentage. The ceiling percentage is applicable to the target cost on the prime
 L0:contract. It is important to understand the degree of risk that various cost elements pose in
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
 L0:Defense FAR Supplement (DFARS) Part 216
 L0:relation to that target cost. A discussion of the major cost elements and the risk implications
 L0:follows in paragraphs (3)(ii) through (iv) of this section.

L1:(ii) Subcontracts and material cost and risk.

L1:(A) In many prime contractors' contracts, a substantial amount of risk is borne
 L0:by subcontractors, not the prime contractor, via negotiated firm-fixed-price (FFP)
 L0:subcontracts. In the case of FFP subcontracts, the subcontractor is obligated to deliver at
 L0:the negotiated price. The risk to the prime contractor is the supplier's failure to perform or
 L0:perform on time. Generally, that risk is considered to be low by both the prime and the
 L0:subcontractor as evidenced by the FFP contract type. In addition, the prime contractor will
 L0:normally have priced effort for material management or subcontract administration to ensure
 L0:timely performance on the part of the suppliers. This effort may be bid directly or indirectly
 L0:(e.g., as part of an overhead expense) depending on the contractor's accounting practices.

L1:(B) The impact of negotiated FFP subcontracts on the prime contractor's risk
 L0:can be significant. A prime contract with a 120 percent ceiling price provides overrun
 L0:protection to the prime contractor equal to 20 percent of the target cost on the contract.
 L0:However, if FFP subcontracts represent half of the total contract cost, then half of the target
 L0:cost is subject to little or no cost risk on the part of the prime contractor. Therefore, the
 L0:overrun protection provided by 20 percent of the target cost is really closer to 40 percent
 L0:protection of the prime's cost that is truly at risk to the prime contractor, which likely is
 L0:significantly overstated. Thus, a ceiling price less than 120 percent in this risk situation
 L0:would be more appropriate.

L1:(C) For subcontracts that have not yet been negotiated between the prime and
 L0:subcontractor at the time of negotiation of the prime contract, the degree of risk is essentially

L0:limited to the difference between the price proposed by the subcontractor and the
L0:subcontract value included in the prime contractor's proposal.

L1:(D) For subcontracts that are not FFP, the risk to the prime is based on the risk
L0:represented by the subcontractors' contractual relationship with the prime. If the
L0:subcontract is FPIF and has a 50/50 share ratio and 120 percent ceiling, the prime's risk is
L0:50 percent of each dollar of overrun up to the ceiling amount. An analysis of the
L0:subcontractor's risk would be necessary to determine the probability of reaching the ceiling
L0:price.

L1:(iii) Direct labor cost and risk.

L1:(A) The risk in direct labor is in the hours needed to perform the effort and the
L0:risk in the labor rates paid to employees. There is generally little risk in the direct labor rates.
L0:However, there are various levels of risk in the direct labor hours needed by the prime
L0:contractor to accomplish the contract requirements. This risk can be driven by a number of
L0:factors including technical complexity, schedule constraints, or availability of personnel,
L0:parts, or tooling. Risks vary by task and the key is to identify the major tasks and assess the
L0:what if? impact at the total contract cost level.

L1:(B) Schedule is often correctly cited as a risk factor, but it is important to
L0:understand and quantify the probability and impact of a potential schedule slip. Generally,
L0:any schedule slip can only affect the prime contractor's in-house cost. Therefore, any
L0:schedule impact should be assessed on the impact it would have on the prime contractor's
L0:performance of its tasks.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216

L1:(C) However, it is wrong to assume the worst-case scenario that a schedule
L0:delay results in an extension of the entire prime contractor workforce for the period of the
L0:delay. A responsible contractor will take steps to minimize both the delay and the impact of
L0:that delay. For instance, a production schedule assumes an optimal sequencing of tasks
L0:which presumes the timely arrival and availability of parts from suppliers or other in-house
L0:sources. A delay in receiving parts as planned could require a resequencing of tasks and
L0:could adversely affect the efficiency of performing a number of tasks, but it will not cause the
L0:entire workforce to be idle during the delay.

L1:(iv) Indirect (e.g., overhead) cost and risk. Overhead and other indirect costs (e.g.,
L0:general and administrative expense) can represent a significant portion of the prime
L0:contractor's in-house cost. Indirect expense (hereafter referred to as overhead) poses
L0:potential cost growth risk or the opportunity for cost reduction from the following two
L0:perspectives:

L1:(A) Actual overhead rate. (1) First, the actual overhead rate could be different
L0:than that proposed. Proposed overhead rates, even those covered by a forward pricing rate
L0:agreement, are based on forecasts of overhead expenses and the bases to which they are
L0:applied. The final overhead rate that is actually applied (charged) to a contract will be based
L0:on the actual overhead expenses and the actual base, each of which could be considerably
L0:different than estimated. The net effect could be a higher or lower overhead rate than
L0:estimated.

L1:(2) In general, the risk in an overhead rate tends to be driven more by
L0:fluctuations in the base than in the expenses. This is because overhead expenses are

L0:made up of expenses that consist of ?fixed? (e.g., depreciation) and variable (e.g., fringe benefits) in nature. When the actual base turns out to be lower than the estimated base, the fixed costs are spread over a smaller base resulting in a higher overhead rate. In general, if the actual base is greater than estimated, a lower overhead rate will result.

L1:(3) In assessing this risk, the contracting officer should consider the contractor's ability to predict overhead rates based on comparing proposed versus actual rates for prior years. In making this comparison, it is important to do so in a manner consistent with the proposal being reviewed. For instance, if the majority of overhead costs on the proposal being reviewed occur two years in the future, the comparison should look at the contractor's accuracy in predicting overhead rates two years in advance. For example, in looking at the 2009 actual overhead rate, what did the contractor propose for 2009 in its 2007 forward pricing rate proposal?

L1:(B) Actual base cost. If the actual base cost on the contract (e.g., direct labor dollars) is different than that proposed, the contract will be charged overhead costs according to the actual base costs on that contract. If the contractor overruns direct labor, even if the actual labor overhead rate was the same as proposed, that rate would be applied to a higher base resulting in increased overhead dollars on that contract. The opposite would be true if the contractor underruns direct labor on the contract. Since this aspect of risk is tied to the base cost on the contract, the risk is the same as it is for those base costs (e.g., direct labor, material).

L0:PGI 216.404-2 Fixed-price incentive (successive targets) contracts.

L0:The formula specified in FAR 16.404-2(a)(3) does not apply for the life of the contract. It is used to fix the firm target profit for the contract. To provide an incentive consistent with the circumstances, the formula should reflect the relative risk involved in establishing an incentive arrangement where cost and pricing information were not sufficient to permit the negotiation of firm targets at the outset.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16

L0:Defense FAR Supplement (DFARS) Part 216

L0:PGI 216.405 Cost-plus-incentive-fee contracts.

L0:Give appropriate weight to basic acquisition objectives in negotiating the range of fee and the fee adjustment formula. For example?

L1:(1) In an initial product development contract, it may be appropriate to provide for relatively small adjustments in fee tied to the cost incentive feature, but provide for significant adjustments if the contractor meets or surpasses performance targets; and

L1:(2) In subsequent development and test contracts, it may be appropriate to negotiate an incentive formula tied primarily to the contractor's success in controlling costs.

L0:PGI 216.5 INDEFINITE-DELIVERY CONTRACTS

L0:PGI 216.507 Additional ordering procedures for multiple-award contracts.

L0:PGI 216.507-6 Exceptions to fair opportunity.

L1:(b) Exceptions. For an order exceeding the simplified acquisition threshold, that is a follow-on to an order previously issued for the same supply or service based on a justification for an exception to fair opportunity citing the authority FAR 16.507-6(b)(2) or

L1:(3)?

L1:(i) The justification must include a copy of the previous justification to assist the

L0:approval authority in determining whether the actions to remove or overcome any barriers
L0:that led to the exception to fair opportunity cited on the previous justification were completed;
L0:and

L1:(ii) The approval authority must determine whether the planned actions were
L0:completed. If the actions were not completed, the justification for the follow-on action must
L0:be approved by the approval authority one-level above the approval authority for the
L0:previous justification (see FAR 16.507-6(e)). If the previous justification was approved by
L0:the Senior Procurement Executive (SPE), the approval remains at the SPE level.
L0:PGI 216.507-70 Orders under multiple-award contracts.

L1:(b) For task orders issued under multiple-award indefinite-delivery indefinite-quantity
L0:services contracts, contracting officers must, when minimum labor category qualifications
L0:exist in the underlying contract-

L1:(1) Ensure solicitations contain minimum labor category qualifications deemed
L0:necessary for successful task order performance, such as education and years of work
L0:experience, that are consistent with the contract's requirements;

L1:(2) When allowed under the terms of the contract, identify any exceptions from labor
L0:category qualifications, such as education and years of work experience, proposed by the
L0:contractor as an alternative. When exceptions exist, contracting officers must-

L1:(i) Identify any proposed exception from the labor category qualifications in the
L0:contract file, considering any potential performance and price impacts on the agency's
L0:requirements, and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 16
L0:Defense FAR Supplement (DFARS) Part 216

L1:(ii) Document the reasons for accepting any proposed alternatives to the
L0:contract requirements; and

L1:(3) Include verification procedures within the quality assurance surveillance plan to
L0:ensure contractor personnel providing the service meet qualification requirements identified
L0:for the labor categories specified in the task order and contract. Verification, such as
L0:validation of contractor personnel education and years of relevant work experience, ensures
L0:the Government receives adequate services, as identified in task order and contract
L0:performance requirements (see FAR 46.104 and 46.407).

L0:PGI 216.7?AGREEMENTS

L0:PGI 216.703 Basic ordering agreements.
L0:PGI 216.703-3 Limitations.

L2:(d)(i) Individual orders under a basic ordering agreement must be individually closed
L0:following completion of the orders (see FAR 4.804).

L1:(ii) The office issuing the agreement must furnish all authorized ordering offices
L0:sufficient information for the ordering office to complete its contract reporting responsibilities
L0:under DFARS 204.602 or, in the case of civilian agencies, the Federal Procurement Data
L0:System reporting requirement. Data furnished to civilian agencies must contain uncoded
L0:information about the data elements and the meanings of the codes to permit these users to
L0:translate the data into the federal format. This data must be furnished to the ordering activity
L0:in sufficient time for the activity to prepare its report for the action within 3 working days of
L0:the order.

L1:(iii) Any activity listed in the agreement may issue orders on DD Form 1155, Order

L0:for Supplies or Services, or Standard Form 26, Award/Contract.

PART 17

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

217.102 Definitions

Status: active

L0:217.102 Definitions.

L0:As used in this subpart?

L0:Advance procurement? means an exception to the full funding policy that allows

L0:acquisition of long lead time items (advance long lead acquisition) or economic order

L0:quantities (EOQ) of items (advance EOQ acquisition) in a fiscal year in advance of that

L0:in which the related end item is to be acquired. Advance procurements may include

L0:materials, parts, components, and effort that must be funded in advance to maintain a

L0:planned production schedule.

L0:Congressional defense committees,? means?

L1:(1) The Committee on Armed Services of the Senate;

L1:(2) The Committee on Appropriations of the Senate;

L1:(3) The Subcommittee on Defense of the Committee on Appropriations of the

L0:Senate;

L1:(4) The Committee on Armed Services of the House of Representatives;

L1:(5) The Committee on Appropriations of the House of Representatives; and

L1:(6) The Subcommittee on Defense of the Committee on Appropriations of the House

L0:of Representatives.

L0:Military installation? means a base, camp, post, station, yard, center, or other activity

L0:under the jurisdiction of the Secretary of a military department or, in the case of an

L0:activity in a foreign country, under the operational control of the Secretary of a military

L0:department or the Secretary of Defense (10 U.S.C. 2801(c)(4)).

217.103 Presolicitation

Status: active

L0:217.103 Presolicitation.

217.103-1 Policy

Status: active

L0:217.103-1 Policy.

217.103-170 Multiyear contract cost analysis

Status: active

L0:217.103-170 Multiyear contract cost analysis.

L0:Before awarding a multiyear contract, the head of the agency must compare the cost of
L0:that contract to the cost of an annual procurement approach, using a present value
L0:analysis. Only award the multiyear contract if the analysis shows that it will result in a
L0:lower cost (10 U.S.C. 3501(l)(7); section 8008(a) of Pub. L. 105-56, and similar sections
L0:in subsequent DoD appropriations acts).

217.103-171 Multiyear contracts for services

Status: active

L0:217.103-171 Multiyear contracts for services.

L1:(a) The head of the agency has the authority to enter into multiyear contracts for a
L0:period of not more than 5 years for covered services and items of supply relating to such
L0:services, even though funds are limited by statute to obligation only during the fiscal
L0:year for which they were appropriated (10 U.S.C. 3531(a). Covered services are?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

L1:(1) Operation, maintenance, and support of facilities and installations;

L1:(2) Maintenance or modification of aircraft, ships, vehicles, and other highly
L0:complex military equipment;

L1:(3) Specialized training requiring high quality instructor skills (e.g., training for
L0:pilots and aircrew members or foreign language training);

L1:(4) Base services (e.g., ground maintenance, in-plane refueling, bus
L0:transportation, and refuse collection and disposal); and

L1:(5) Environmental remediation services for?

L1:(i) An active military installation;

L1:(ii) A military installation being closed or realigned under a base closure
L0:law as defined in 10 U.S.C. 2667(h)(2); or

L1:(iii) A site formerly used by DoD (10 U.S.C. 3531(b)).

L1:(b) See PGI 217.103-171(b) for considerations for using multiyear contracts for
L0:services.

L1:(c) Before entering into a multiyear contract for services, the head of the agency
L0:must make a written determination that?

L1:(1) There will be a continuing requirement for the services that is consistent
L0:with current plans for the proposed contract period;

L1:(2) Furnishing the services will require?

L1:(i) A substantial initial investment in plant or equipment; or

L1:(ii) The incurrence of substantial contingent liabilities for the assembly,
L0:training, or transportation of a specialized work force; and

L1:(3) Using a multiyear contract will promote the best interests of the United
L0:States by encouraging effective competition and promoting economies in operations (10

L0:U.S.C. 3531(a)).

L1:(d) The head of an agency may not initiate a multiyear contract for services if the

L0:value of the multiyear contract exceeds \$900 million unless specifically authorized by

L0:law (10 U.S.C. 3531(d)(2)).

217.103-172 Multiyear contracts for supplies

Status: active

L0:217.103-172 Multiyear contracts for supplies.

L1:(a) This section applies to all multiyear contracts for supplies, including weapon

L0:systems and other multiyear acquisitions specifically authorized by law (10 U.S.C.

L0:3501).

L1:(b) Multiyear contracts in amounts exceeding \$900 million must be specifically

L0:authorized by law in an act other than an appropriations act (10 U.S.C. 3501(i)(1)).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(c) The head of the agency may not initiate a multiyear procurement contract for

L0:any system (or component thereof) if the value of the multiyear contract exceeds \$900

L0:million unless authority for the contract is specifically provided in an appropriations act

L0:(10 U.S.C. 3501(l)(3)).

L1:(d) The head of the agency must not enter into a multiyear contract unless?

L1:(1) The Secretary of Defense has submitted to Congress a budget request for

L0:full funding of units to be procured through the contract;

L1:(2) In the case of a contract for procurement of aircraft, the budget request

L0:includes full funding of procurement funds for production beyond advance procurement

L0:activities of aircraft units to be produced in the fiscal year covered by the budget;

L1:(3) Cancellation provisions in the contract do not include consideration of the

L0:contractor's recurring manufacturing costs associated with the production of unfunded

L0:units to be delivered under the contract;

L1:(4) The contract provides that payments to the contractor under the contract

L0:must not be made in advance of incurred costs on funded units; and

L1:(5) The contract does not provide for a price adjustment based on a failure to

L0:award a follow-on contract (section 8010 of Division C, Title VIII, of the Consolidated

L0:and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and similar

L0:sections in subsequent DoD appropriations acts).

L2:(e)(1) The head of the agency must not enter into or extend a multiyear contract

L0:that exceeds \$900 million (when entered into or extended) until the Secretary of

L0:Defense identifies the contract and any extension in a report submitted to the

L0:congressional defense committees (10 U.S.C. 3501(l)(5)).

L1:(2) In addition, for contracts equal to or greater than \$900 million, the head of

L0:the contracting activity must determine that the conditions required by paragraphs

L3:(g)(2)(i) through (vii) of this section will be met by such contract, in accordance with the

L0:Secretary's certification and determination required by paragraph (g)(2) of this section.

L1:(f) The head of the agency may enter into a multiyear contract for?

L1:(1) A weapon system and associated items, services, and logistics support for a
L0:weapon system (10 U.S.C. 3501(h)(1)); and

L1:(2) Advance procurement of components, parts, and materials necessary to
L0:manufacture a weapon system, including advance procurement to achieve economic lot
L0:purchases or more efficient production rates (see paragraphs (g)(3) and (4) of this
L0:section regarding economic order quantity procurements) (10 U.S.C. 3501(h)(2)). Before
L0:initiating an advance procurement, the contracting officer must verify that it is
L0:consistent with DoD policy (e.g., the full funding policy in Volume 2A, chapter 1, of DoD
L0:7000.14-R, Financial Management Regulation).

L1:(g) The head of the agency must ensure that the following conditions are satisfied
L0:before awarding a multiyear contract for a defense acquisition program that has been
L0:specifically authorized by law to be carried out using multiyear contract authority:
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

L1:(1) The multiyear exhibits required by DoD 7000.14-R, Financial Management
L0:Regulation, are included in the agency?s budget estimate submission and the
L0:President?s budget request.

L1:(2) The Secretary of Defense certifies to Congress in writing, by no later than 30
L0:days before entry into such contracts, that each of the conditions in paragraphs (g)(2)(i)
L0:through (vii) of this section is satisfied (10 U.S.C. 3501(i)(3)).

L1:(i) The Secretary has determined that each of the requirements in FAR
L0:17.103-1, paragraphs (b)(1) through (b)(7), will be met by such contract and has
L0:provided the basis for such determination to the congressional defense committees (10
L0:U.S.C. 3501(i)(3)(A)).

L1:(ii) The Secretary?s determination under paragraph (g)(2)(i) of this section
L0:was made after the completion of a cost analysis performed by the Defense Cost and
L0:Resource Center of the Department of Defense and such analysis supports the findings
L0:(10 U.S.C. 3501(i)(3)(B)).

L1:(iii) The system being acquired pursuant to such contract has not been
L0:determined to have experienced cost growth in excess of the critical cost growth
L0:threshold pursuant to 10 U.S.C. 4371(a)(3) within 5 years prior to the date the
L0:Secretary anticipates such contract (or a contract for advance procurement entered into
L0:consistent with the authorization for such contract) will be awarded (10 U.S.C.
L0:3501(i)(3)(C)).

L1:(iv) A sufficient number of end items of the system being acquired under
L0:such contract have been delivered at or within the most current estimates of the
L0:program acquisition unit cost or procurement unit cost for such system to determine
L0:that current estimates of such unit costs are realistic (10 U.S.C. 3501(i)(3)(D)).

L1:(v) Sufficient funds will be available in the fiscal year in which the contract
L0:will be awarded to perform the contract, and the future-years defense program for such
L0:fiscal year will include the funding required to execute the program without
L0:cancellation (10 U.S.C. 3501(i)(3)(E)).

L1:(vi) The contract is a fixed price type contract (10 U.S.C. 3501(i)(3)(F)).

L1:(vii) The proposed multiyear contract provides for production at not less
L0:than minimum economic rates, given the existing tooling and facilities (10 U.S.C.

L0:3501(i)(3)(G)). The head of the agency must submit to OUSD(C)(P/B) information
L0:supporting the agency's determination that this requirement has been met.
L1:(viii) The head of the agency must submit information supporting this
L0:certification to OUSD(C)(P/B) for transmission to Congress through the Secretary of
L0:Defense.
L0:written notification to the congressional defense committees of?
L1:(A) The head of the agency must, as part of this certification, give
L0:in the proposed multiyear contract, together with the reasons for the amounts planned;
L1:(1) The cancellation ceiling amounts planned for each program year
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L0:included in the budget for the contract; and
L1:(2) The extent to which costs of contract cancellation are not
L0:costs of contract cancellation (10 U.S.C. 3501(g)); and
L1:(3) A financial risk assessment of not including the budgeting for
L0:Office of Management and Budget at least 14 days before contract award.
L1:(B) The head of the agency must provide copies of the notification to the
L1:(3) The contract is for the procurement of a complete and usable end item (10
L0:U.S.C. 3501(i)(5)(A)).
L1:(4) Funds appropriated for any fiscal year for advance procurement are
L0:obligated only for the procurement of those long-lead items that are necessary in order
L0:to meet a planned delivery schedule for complete major end items that are programmed
L0:under the contract to be acquired with funds appropriated for a subsequent fiscal year
L0:(including an economic order quantity of such long-lead items when authorized by law
L0:(10 U.S.C. 3501(i)(5)(B)).
L1:(5) The Secretary may make the certification under paragraph (g)(2) of this
L0:section notwithstanding the fact that one or more of the conditions of such certification
L0:are not met if the Secretary determines that, due to exceptional circumstances,
L0:proceeding with a multiyear contract under this section is in the best interest of the
L0:Department of Defense and the Secretary provides the basis for such determination
L0:with the certification (10 U.S.C. 3501(i)(6)).
L1:(6) The Secretary of Defense may not delegate this authority to make the
L0:certification under paragraph (g)(2) of this section or the determination under
L0:paragraph (g)(5) of this section to an official below the level of the Under Secretary of
L0:Defense for Acquisition and Sustainment (10 U.S.C. 3501(i)(7)).
L1:(7) If the agency finds, after negotiations with the contractor(s), that the
L0:savings cannot be achieved, the head of the agency must assess the savings
L0:that, nevertheless, could be achieved by using a multiyear contract. If the savings are
L0:substantial, the head of the agency may request relief from the law's specific savings
L0:requirement (10 U.S.C. 3501(i)(4)). The request must?
L1:(i) Quantify the savings that can be achieved;
L1:(ii) Explain any other benefits to the Government of using the multiyear
L0:contract;
L0:and
L1:(iii) Include details regarding the negotiated contract terms and conditions;

L1:(iv) Be submitted to OUSD(A&S)/DPCAP for transmission to Congress via
L0:the Secretary of Defense and the President.
L1:(i) The Secretary of Defense may instruct the head of the agency proposing a
L0:multiyear contract to include in that contract negotiated priced options for varying the
L0:quantities of end items to be procured over the life of the contract (10 U.S.C. 3501(j)).
L1:(j) Any requests for increased funding or reprogramming for procurement of a
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L0:major system under a multiyear contract must be accompanied by an explanation of
L0:how the request for increased funding affects the determinations made by the Secretary
L0:of Defense under paragraph (g)(2) of this section (10 U.S.C. 3501(m)).

217.103-173 Multiyear contracts for military family housing

Status: active

L0:217.103-173 Multiyear contracts for military family housing.
L0:The head of the agency may enter into multiyear contracts for periods up to 4 years for
L0:supplies and services required for management, maintenance, and operation of military
L0:family housing and may pay the costs of such contracts for each year from annual
L0:appropriations for that year (10 U.S.C. 2829).

217.103-174 Multiyear contracts for electricity from renewable energy

Status: active

L0:217.103-174 Multiyear contracts for electricity from renewable energy
L0:sources.
L1:(a) The head of the contracting activity may enter into a contract for a period not to
L0:exceed 10 years for the purchase of electricity from sources of renewable energy, as that
L0:term is defined in section 203(b)(2) of the Energy Policy Act of 2005 (42 U.S.C.
L0:15852(b)(2)).
L1:(b) The head of the contracting activity may exercise the authority in paragraph (a)
L0:of this section to enter into a contract for a period in excess of five years only if the head
L0:of the contracting activity determines, on the basis of a business case analysis prepared
L0:by the requiring activity, that?
L1:(1) The proposed purchase of electricity under such contract is cost effective;
L0:and
L1:(2) It would not be possible to purchase electricity from the source in an
L0:economical manner without the use of a contract for a period in excess of five years.
L1:(c) Nothing in this section shall be construed to preclude the DoD from using other
L0:multiyear contracting authority of DoD to purchase renewable energy.
L1:(d) See PGI 217.103-174 for a business case analysis template and guidance.

217.103-2 Procedures

Status: active

L0:217.103-2 Procedures.

L3:(b)(1)(A) Every multiyear contract must comply with FAR 17.103-2(b)(1), unless an
L0:exception is approved through the budget process in coordination with the cognizant
L0:comptroller.

217.104 Evaluation and award

Status: active

L0:217.104 Evaluation and award.

217.104-370 Congressional notification

Status: active

L0:217.104-370 Congressional notification.

L1:(a) The head of the agency must provide written notice to the congressional defense
L0:committees at least 30 days before termination of any multiyear contract (section 8010
L0:of Pub. L. 113-235, and similar sections in subsequent DoD appropriations acts).
L2:(b)(1) DoD must provide notification to the congressional defense committees at
L0:least 30 days before awarding a multiyear contract for certain procurements, including
L0:those expected to?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(i) Employ an unfunded contingent liability in excess of \$20 million (see 10
L0:U.S.C. 3501(l)(1), 10 U.S.C. 3531(d)(1), and section 8008(a) of Pub. L. 105-56 and similar
L0:sections in subsequent DoD appropriations acts);
L1:(ii) Employ economic order quantity procurement in excess of \$20 million in
L0:any one year of the contract (see 10 U.S.C. 3501(l)(1)) and section 8008(a) of Pub. L. 105-
L0:56 and similar sections in subsequent DoD appropriations acts);
L1:(iii) Involve a contract for advance procurement leading to a multiyear
L0:contract that employs economic order quantity procurement in excess of \$20 million in
L0:any one year (see 10 U.S.C. 3501(l)(1) and section 8008(a) of Pub. L. 105-56 and similar
L0:sections in subsequent DoD appropriations acts); or
L1:(iv) Include a cancellation ceiling in excess of \$200 million (see 10 U.S.C.
L0:3531(d)(4) and 10 U.S.C. 3501(g)(1).
L1:(2) A DoD component must request authority to enter into multiyear contracts
L0:(described in paragraphs (b)(1)(i) through (iv)) when submitting its budget for the fiscal
L0:year in which the contract will start.
L1:(3) See PGI 217.104-370(b) for multiyear contract congressional notifications,
L0:budget submission, and reporting procedures.

217.201 Presolicitation

Status: active

L0:217.201 Presolicitation.

217.201-170 Use of options

Status: active

L0:217.201-170 Use of options.

L1:(a) The sealed bidding requirement at FAR 17.201-1(a) also applies to sealed bid
L0:solicitations for contracts excluded by FAR 17.200.

L1:(b) See PGI 217.201-170 for guidance on the use of options for foreign military sales
L0:and for use with sole source major systems for U.S. and U.S.-FMS combined
L0:procurements.

L1:(c) For a contract that is initially awarded from the competitive selection of a
L0:proposal resulting from a broad agency announcement, see 234-7202(e) for the use of
L0:contract options for the development and demonstration or initial production of
L0:technology developed under the contract or the delivery of initial or additional items.

217.201-270 Contracts

Status: active

L0:217.201-270 Contracts.

L1:(a) Notwithstanding FAR 17.201-2(b)(2), the ordering period of a task order or
L0:delivery order contract (including a contract for information technology) awarded by
L0:DoD pursuant to 10 U.S.C. 3403?

L1:(1) May be for any period up to 5 years;

L1:(2) May be subsequently extended for one or more successive periods in
L0:accordance with an option provided in the contract or a modification of the contract; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

L1:(3) Must not exceed 10 years unless the head of the agency determines in
L0:writing that exceptional circumstances require a longer ordering period.

L1:(b) Paragraph (a) of this section does not apply to the following:

L1:(1) Contracts, including task or delivery order contracts, awarded under other
L0:statutory authority.

L1:(2) Advisory and assistance service task order contracts (authorized by 10
L0:U.S.C. 3405 that are limited by statute to 5 years, with the authority to extend an
L0:additional 6 months (see FAR 16.501-2(c)(2)).

L1:(3) Definite-quantity contracts.

L1:(4) GSA schedule contracts.

L1:(5) Multi-agency contracts awarded by agencies other than NASA, DoD, or the
L0:Coast Guard.

L1:(c) Obtain approval from the senior procurement executive before issuing an order

L0:against a task or delivery order contract subject to paragraph (a) of this section, if
L0:performance under the order is expected to extend more than 1 year beyond the 10-year
L0:limit or extended limit described in paragraph (a)(3) of this section (see FAR 37.803-2
L0:for funding and term of service contracts).

217.204 Postaward

Status: active

L0:217.204 Postaward.

217.204-170 Exercise of options

Status: active

L0:217.204-170 Exercise of options.

L0:In addition to the requirements at FAR 17.204-1(b), exercise an option only after:

L1:(a) Determining that the contractor's record in the System for Award

L0:Management database is active and the contractor's unique entity identifier,

L0:Commercial and Government Entity (CAGE) code, name, and physical address are

L0:accurately reflected in the contract document. See PGI 217.204-170 for the requirement

L0:to perform cost or price analysis of spare parts prior to exercising any option for firm-

L0:fixed-price contracts containing spare parts.

L1:(b) Verifying in the Supplier Performance Risk System (SPRS)

L0:(<https://www.sprs.csd.disa.mil/>) that?

L1:(1) The summary level score of a current NIST SP 800-171 DoD Assessment

L0:(i.e., not more than 3 years old, unless a lesser time is specified in the solicitation) for

L0:each covered contractor information system that is relevant to an offer, contract, task

L0:order, or delivery order are posted.

L1:(2) The contractor has a CMMC certificate at the level required by the contract,

L0:and that it is current (i.e., not more than 3 years old).

217.203-70 Solicitation provisions and contract clauses

Status: active

L0:217.203-70 Solicitation provisions and contract clauses.

L1:(a) Insert the basic or the alternate of the clause at 252.217-7000, Exercise of Option

L0:to Fulfill Foreign Military Sales Commitments, in solicitations and contracts when an

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:option may be used for foreign military sales requirements. Do not insert the basic or

L0:the alternate of this clause in contracts for establishment or replenishment of DoD

L0:inventories or stocks, or acquisitions made under DoD cooperative logistics support

L0:arrangements.

L1:(1) Insert the basic clause when the foreign military sales country is known at

L0:the time of solicitation or award.

L1:(2) Insert the alternate I clause when the foreign military sale country is not

L0:known at the time of solicitation or award.

L1:(b) When a surge option is needed in support of industrial capability production

L0:planning, insert the clause at 252.217-7001, Surge Option, in solicitations and

L0:contracts.

L1:(1) Insert the percentage or quantity of increase the option represents in

L0:paragraph (a) of the clause to ensure adequate quantities are available to meet item

L0:requirements.

L1:(2) Change 30 days in paragraphs (b)(2) and (d)(1) to longer periods, if

L0:appropriate.

L1:(3) Change the 24-month period in paragraph (c)(3), if appropriate.

217.500 Scope of subpart

Status: active

L0:217.502 Procedures.

217.503 Ordering procedures

Status: active

L0:217.503 Ordering procedures.

L1:(d) Follow the procedures at PGI 217.503 determination and findings guidance

L0:when the requesting agency is within DoD or when a DoD contracting office is acting as

L0:the servicing agency.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

217.600 Scope of subpart

Status: active

L0:217.600 Scope of subpart.

L0:This subpart implements Section 854 of Pub. L. 108-375, Section 801 of Pub. L. 110-181,

L0:and Section 806 of Pub. L. 111-84.

217.601 Definitions

Status: active

L0:217.601 Definitions.

L0:As used in this subpart?

L0:Assisted acquisition? means the type of interagency contracting through which

L0:acquisition officials of a non-DoD agency award a contract or a task or delivery order for

L0:the acquisition of supplies or services on behalf of DoD.

L0:Direct acquisition? means the type of interagency contracting through which DoD

L0:orders a supply or service from a Governmentwide acquisition contract maintained by a

L0:non-DoD agency.

L0:Governmentwide acquisition contract? means a task or delivery order contract that-

L1:(i) Is entered into by a non-defense agency; and

L1:(ii) May be used as the contract under which property or services are procured for

L0:one or more other departments or agencies of the Federal Government.

217.670 Procedures

Status: active

L0:217.670 Procedures.

L0:Departments and agencies must establish and maintain procedures for reviewing and

L0:approving orders placed for supplies and services under non-DoD contracts, whether

L0:through direct acquisition or assisted acquisition, when the amount of the order exceeds

L0:the simplified acquisition threshold. These procedures must include?

L1:(a) Evaluating whether using a non-DoD contract for the acquisition is in the best

L0:interest of DoD. Factors to be considered include?

L1:(1) Satisfying customer requirements;
L1:(2) Schedule;
L1:(3) Cost effectiveness (taking into account discounts and fees). In order to
L0:ensure awareness of the total cost of fees associated with use of a non-DoD contract,
L0:follow the procedures at PGI 217.670(a)(3); and
L1:(4) Contract administration (including oversight);
L1:(b) Determining that the tasks to be accomplished or supplies to be provided are
L0:within the scope of the contract to be used;
L1:(c) Reviewing funding to ensure that it is used in accordance with appropriation
L0:limitations; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(d) Collecting and reporting data on the use of assisted acquisition for analysis.
L0:Follow the reporting requirements in 204.301.

217.700 Scope of subpart

Status: active

L0:217.700 Scope of subpart.
L0:FAR subpart 17.7 does not apply to DoD.

217.7000 Scope of subpart

Status: active

L0:217.7000 Scope of subpart.
L0:This subpart prescribes policy and procedures for exchange of non-excess personal
L0:property concurrent with an acquisition. 40 U.S.C. 503 permits exchange of personal
L0:property and application of the exchange allowance to the acquisition of similar
L0:property. This subpart does not authorize the sale of non-excess personal property.

217.7001 Definitions

Status: active

L0:217.7001 Definitions.
L0:As used in this subpart?
L1:(a) ?Exchange (trade-in) property? means property which?
L1:(1) Is not excess but is eligible for replacement (because of obsolescence,
L0:unserviceability, or other reason); and
L1:(2) Is applied as whole or partial payment toward the acquisition of similar
L0:items (i.e., items designed and constructed for the same purpose).
L1:(b) ?Property? means items that fall within one of the generic categories listed in
L0:DoD Manual 4140.01, Volume 9, DoD Supply Chain Materiel Management Procedures:
L0:Materiel Programs.

217.7002 Policy

Status: active

L0:217.7002 Policy.

L0:DoD policy is to exchange, rather than replace, eligible non-excess property whenever

L0:exchange promotes economical and efficient program accomplishment. Exchange

L0:policy, authority, and applicability are governed by?

L1:(a) The Federal Property Management Regulations issued by the Administrator of

L0:the General Services Administration; and

L1:(b) DoD Manual 4140.01, Volume 9, DoD Supply Chain Materiel Management

L0:Procedures: Materiel Programs.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

217.7003 Purchase request

Status: active

L0:217.7003 Purchase request.

L0:See PGI 217.7003 for information provided by the requiring activity to support purchase

L0:requests.

217.7004 Solicitation and award

Status: active

L0:217.7004 Solicitation and award.

L0:Follow the procedures at PGI 217.7004 for solicitations, exchanges with offerors, and

L0:awards guidance.

217.7005 Solicitation provision

Status: active

L0:217.7005 Solicitation provision.

L0:Insert the provision at 252.217-7002, Offering Property for Exchange, when offering

L0:nonexcess personal property for exchange. Allow a minimum of 14 calendar days for

L0:the inspection period in paragraph (b) of the clause if the exchange property is in the

L0:contiguous United States. Allow at least 21 calendar days outside the contiguous

L0:United States.

217.7100 Scope of subpart

Status: active

L0:217.7100 Scope of subpart.

L0:This subpart contains acquisition policies and procedures for master agreements for

L0:repair and alteration of vessels.

217.7101 Definitions

Status: active

L0:217.7101 Definitions.

L1:(a) ?Master agreement for repair and alteration of vessels??

L1:(1) Is a written instrument of understanding, negotiated between a contracting

L0:activity and a contractor that?

L1:(A) Contains contract clauses, terms, and conditions applying to future

L0:contracts for repairs, alterations, and/or additions to vessels; and

L1:(B) Contemplates separate future contracts that will incorporate by

L0:reference or attachment the required and applicable clauses agreed upon in the master

L0:agreement.

L1:(2) Is not a contract.

L1:(b) ?Job order??

L1:(1) Is a fixed price contract incorporating, by reference or attachment, a master

L0:agreement for repair and alteration of vessels;

L1:(2) May include clauses pertaining to subjects not covered by the master

L0:agreement; but applicable to the job order being awarded; and

L1:(3) Applies to a specific acquisition and sets forth the scope of work, price,

L0:delivery date, and other appropriate terms that apply to the particular job order.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

217.7102 General

Status: active

L0:217.7102 General.

L1:(a) Activities will enter into master agreements for repair and alteration of vessels

L0:with all prospective contractors located within the United States or its outlying areas,

L0:which?

L1:(1) Request ship repair work; and

L1:(2) Possess the organization and facilities to perform the work satisfactorily.

L0:(Issuance of a master agreement does not indicate approval of the contractor's facility

L0:for any particular acquisition and is not an affirmative determination of responsibility

L0:under FAR subpart 9.1 for any particular acquisition.)

L1:(b) Activities may use master agreements in work with prospective contractors

L0:located outside the United States and its outlying areas.

L1:(c) Activities may issue job orders under master agreements to effect repairs,

L0:alterations, and/or additions to vessels belonging to foreign governments.

L1:(1) Contractors shall treat vessels of a foreign government as if they were

L0:vessels of the U.S. Government when requested by the contracting officer.

L1:(2) Identify the vessel and the foreign government in the solicitation and job

L0:order.

217.7103 Master agreements and job orders

Status: active

L0:217.7103 Master agreements and job orders.

217.7103-1 Content and format of master agreements

Status: active

L0:217.7103-1 Content and format of master agreements.

L0:Follow the procedures at PGI 217.7103-1 for preparation of master agreements.

217.7103-2 Period of agreement

Status: active

L0:217.7103-2 Period of agreement.

L1:(a) Master agreements remain in effect until cancelled by either the contractor or

L0:the contracting officer.

L1:(b) Either the contractor or contracting officer may cancel a master agreement by

L0:giving 30 days written notice to the other.

L1:(c) Cancellation of a master agreement does not affect the rights and liabilities

L0:under any job order existing at the time of cancellation. The contractor must continue

L0:to perform all work covered by any job order issued before the effective date of

L0:cancellation of the master agreement.

217.7103-3 Solicitations for job orders

Status: active

L0:217.7103-3 Solicitations for job orders.

L1:(a) When a requirement for the type of work covered by the master agreement is

L0:identified within the United States or its outlying areas, solicit offers from prospective

L0:contractors that?

L1:(1) Previously executed a master agreement; or

L1:(2) Possess the necessary qualifications to perform the work and agree to

L0:execute a master agreement before award of a job order.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(b) Follow the procedures at PGI 217.7103-3 when preparing solicitations for job

L0:orders.

217.7103-4 Emergency work

Status: active

L0:217.7103-4 Emergency work.

L1:(a) The contracting officer, without soliciting offers, may issue a written job order to

L0:a contractor that has previously executed a master agreement when?

L1:(1) Delay in the performance of necessary repair work would endanger a vessel,

L0:its cargo or stores; or

L1:(2) Military necessity requires immediate work on a vessel.

L1:(b) Follow the procedures at PGI 217.7103-4 when processing this type of

L0:undefinitized contract action.

217.7103-5 Repair costs not readily ascertainable

Status: active

L0:217.7103-5 Repair costs not readily ascertainable.

L0:Follow the procedures at PGI 217.7103-5 if the nature of any repairs is such that their

L0:extent and probable cost cannot be determined readily.

217.7103-6 Modification of master agreements

Status: active

L0:217.7103-6 Modification of master agreements.

L1:(a) Review each master agreement at least annually before the anniversary of its

L0:DFARS. Statutory or other mandatory changes may require review and revision earlier

L0:than one year.

L1:(b) A master agreement must be changed by modifying the master agreement itself.

L0:A job order cannot modify a master agreement.

L1:(c) A modification to a master agreement shall not affect job orders issued before the

217.7104 Contract clauses

Status: active

L0:217.7104 Contract clauses.

L1:(a) Insert the following clauses in solicitations for, and in, master agreements for

L0:repair and alteration of vessels:

L1:(1) 252.217-7003, Changes.

L1:(2) 252.217-7004, Job Orders and Compensation.

L1:(3) 252.217-7005, Inspection and Manner of Doing Work.

L1:(4) 252.217-7006, Title.

L1:(5) 252.217-7007, Payments.

L1:(6) 252.217-7008, Bonds.

L1:(7) 252.217-7009, Default.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(8) 252.217-7010, Performance.
L1:(9) 252.217-7011, Access to Vessel.
L1:(10) 252.217-7012, Liability and Insurance.
L1:(11) 252.217-7013, Guarantees.
L1:(12) 252.217-7014, Discharge of Liens.
L1:(13) 252.217-7015, Safety and Health.
L1:(14) 252.217-7016, Plant Protection, as applicable.
L2:(b)(1) Incorporate in solicitations for, and in, job orders, the clauses in the master
L0:agreement, and any other clauses on subjects not covered by the master agreement, but
L0:applicable to the job order to be awarded.
L1:(2) Insert the clause at 252.217-7016, Plant Protection, in job orders where
L0:performance is to occur at the contractor's facility.

217.7300 Scope

Status: active

L0:217.7300 Scope.
L0:This subpart implements 10 U.S.C. 4753. It contains policy and procedures for
L0:requiring contractors to identify the actual manufacturer of supplies furnished to DoD.

217.7301 Policy

Status: active

L0:217.7301 Policy.
L0:Contractors are required to identify their sources of supply in contracts for supplies.
L0:Contractor identification of sources of supply enables solicitation, in subsequent
L0:acquisitions, of actual manufacturers or other suppliers of items. This enhances
L0:competition and potentially avoids payment of additional costs for no significant added
L0:value.

217.7302 Procedures

Status: active

L0:217.7302 Procedures.
L1:(a) Whenever practicable, include a requirement for contractor identification of
L0:sources of supply in contracts for the delivery of supplies. Contractors are required to
L0:identify?
L1:(1) The item's actual manufacturer or producer, or all the contractor's sources
L0:for the item;
L1:(2) The item's national stock number, if applicable;
L1:(3) The item identification number used by?

L1:(i) The actual manufacturer or producer of the item; or
L1:(ii) Each of the contractor's sources for the item; and
L1:(4) The source of any technical data delivered under the contract.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(b) The requirement in paragraph (a) of this section does not apply to contracts that
L0:are?
L1:(1) For commercial products; or
L1:(2) Valued at or below the simplified acquisition threshold.

217.7303 Solicitation provision

Status: active

L0:217.7303 Solicitation provision.
L1:(a) Insert the provision at 252.217-7026, Identification of Sources of Supply, or one
L0:substantially the same, in solicitations for supplies conducted under other than full and
L0:open competition, except when?
L1:(1) Using FAR 6.103-5;
L1:(2) The contracting officer already has the information required by the provision
L0:(e.g., the information was obtained under other acquisitions);
L1:(3) The contract is for subsistence, clothing or textiles, fuels, or supplies
L0:purchased and used outside the United States;
L1:(4) The contracting officer determines that it would not be practicable to require
L0:offerors/contractors to provide the information, e.g., nonrepetitive local purchases; or
L1:(5) The contracting officer determines that the exception at 217.7302(b) applies
L0:to all items under the solicitation.
L1:(b) If appropriate, insert the provision at 252.217-7026, Identification of Sources of
L0:Supply, or one substantially the same, in service contracts requiring the delivery of
L0:supplies.

217.7400 Scope

Status: active

L0:217.7400 Scope.
L0:This subpart prescribes policies and procedures implementing 10 U.S.C. 3371, et seq.

217.7401 Definitions

Status: active

L0:217.7401 Definitions.
L0:As used in this subpart?
L0:Contract action? means an action which results in a contract.
L1:(1) It includes contract modifications for additional supplies or services.

L1:(2) It includes task orders and delivery orders.

L1:(3) It does not include change orders, administrative changes, funding

L0:modifications, or any other contract modifications that are within the scope and under

L0:the terms of the contract, e.g., engineering change proposals, value engineering change

L0:proposals, and over and above work requests as described in subpart 217.77.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:Definitization? means the agreement on, or determination of, contract terms,

L0:specifications, and price, which converts the undefinitized contract action to a definitive

L0:contract.

L0:Qualifying proposal? means a proposal that contains sufficient information to

L0:enable DoD to conduct meaningful analyses and audits of the information contained in

L0:the proposal.

L0:Undefinitized contract action? means any contract action for which the contract

L0:terms, specifications, or price are not agreed upon before performance is begun under

L0:the action. Examples are letter contracts, orders under basic ordering agreements, and

L0:provisioned item orders, for which the price has not been agreed upon before

L0:performance has begun.

217.7402 Exceptions

Status: active

L0:217.7402 Exceptions.

L1:(a) The following undefinitized contract actions (UCAs) are not subject to this

L0:subpart. However, the contracting officer will apply the policy and procedures to them

L0:to the maximum extent practicable (also see paragraph (b) of this section):

L1:(1) Purchases at or below the simplified acquisition threshold.

L1:(2) Special access programs.

L1:(3) Congressionally mandated long-lead procurement contracts.

L1:(b) If the contracting officer determines that it is impracticable to adhere to the

L0:procedures of this subpart for a particular contract action that falls within one of the

L0:categories in paragraph (a) of this section, the contracting officer will provide prior

L0:notice, through agency channels, electronically via email to the Principal Director,

L0:Defense Pricing, Contracting, and Acquisition Policy (Contract Policy), at

217.7403 Policy

Status: active

L0:217.7403 Policy.

L0:DoD policy is that undefinitized contract actions will?

L1:(a) Be used only when?

L1:(1) The negotiation of a definitive contract action is not possible in sufficient

L0:time to meet the Government's requirements; and

L1:(2) The Government's interest demands that the contractor be given a binding

L0:commitment so that contract performance can begin immediately.

L1:(b) Be as complete and definite as practicable under the particular circumstances.

217.7404 Limitations

Status: active

L0:217.7404 Limitations.

L0:See PGI 217.7404 for additional guidance on obtaining approval to authorize use of an

L0:undefinitized contract action, documentation requirements, and other limitations on

L0:their use.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(a) Foreign military sales contracts.

L1:(1) A contracting officer may not enter into a UCA for a foreign military sale

L0:unless?

L1:(i) The UCA provides for agreement upon contractual terms, specifications,

L0:and price by the end of the 180-day period beginning on the date on which the

L0:contractor submits a qualifying proposal; and

L1:(ii) The contracting officer obtains approval from the head of the contracting

L0:activity to enter into a UCA in accordance with 217.7404-1.

L1:(2) The head of the contracting activity may waive the requirements of

L0:paragraph (a)(1) of this section, if a waiver is necessary in order to support any of the

L0:following operations:

L1:(i) A contingency operation.

L1:(ii) A humanitarian or peacekeeping operation.

L1:(b) Unilateral definitization by a contracting officer. Any UCA with a value greater

L0:than \$50 million may not be unilaterally definitized until?

L1:(1) The earlier of?

L1:(i) The end of the 180-day period, beginning on the date on which the

L0:contractor submits a qualifying proposal to definitize the contractual terms,

L0:specifications, and price; or

L1:(ii) The date on which the amount of funds expended under the contractual

L0:action is equal to more than 50 percent of the negotiated overall not-to-exceed price for

L0:the contractual action;

L1:(2) The head of the contracting activity, without power of redelegation, approves

L0:the definitization in writing;

L1:(3) The contracting officer provides a copy of the written approval to the

L0:contractor; and

L1:(4) A period of 30 calendar days has elapsed after the written approval is

L0:provided to the contractor.

217.7404-1 Authorization

Status: active

L0:217.7404-1 Authorization.

L0:The contracting officer will obtain approval from the head of the contracting activity before?

L1:(a) Entering into a UCA. The request for approval must fully explain the need to

L0:begin performance before definitization, including the adverse impact on agency

L0:requirements resulting from delays in beginning performance.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(b) Including requirements for non-urgent spare parts and support equipment in a

L0:UCA. The request should show that inclusion of the non-urgent items is consistent

L0:with good business practices and in the best interest of the United States.

L1:(c) Modifying the scope of a UCA when performance has already begun. The

L0:request should show that the modification is consistent with good business practices

L0:and in the best interests of the United States.

217.7404-2 Price ceiling

Status: active

L0:217.7404-2 Price ceiling.

L0:UCAs must include a not-to-exceed price. See PGI 217.7404-2 for additional guidance

L0:on establishing the not-to-exceed price.

217.7404-3 Definitization schedule

Status: active

L0:217.7404-3 Definitization schedule.

L1:(a) UCAs must contain definitization schedules that provide for definitization by the

L0:earlier of?

L1:(1) The date that is 180 days after the contractor submits a qualifying proposal.

L0:This date may not be extended beyond an additional 90 days without a written

L0:determination by the head of the contracting activity without power of redelegation, the

L0:commander of the combatant command concerned, or the Under Secretary of Defense

L0:for Acquisition and Sustainment that it is in the best interests of the military

L0:department or the defense agency, the combatant command, or the Department of

L0:Defense, respectively, to continue the actions; or

L1:(2) The date on which the amount of funds obligated under the contract action

L0:is equal to more than 50 percent of the not-to-exceed price.

L2:(b)(1) Submission of a qualifying proposal in accordance with the definitization

L0:schedule is a material element of the contract. If the contractor does not submit a

L0:qualifying proposal in accordance with the contract definitization schedule,

L0:notwithstanding FAR 52.216-26, Payments of Allowable Costs Before Definitization, the

L0:contracting officer may withhold an amount necessary to protect the interests of the

L0:Government, not to exceed 5 percent of all subsequent financing requests, or take other

L0:appropriate actions (e.g., documenting the noncompliance in the contractor's past

L0:performance evaluation or terminating the contract for default).
L1:(2) Contracting officers must document in the contract file the justification for
L0:withholding or not withholding payments if the qualifying proposal was not submitted
L0:in accordance with the contract definitization schedule.

217.7404-4 Limitations on obligations

Status: active

L0:217.7404-4 Limitations on obligations.
L1:(a) The Government must not obligate more than 50 percent of the not-to-exceed
L0:price before definitization. However, if a contractor submits a qualifying proposal
L0:before 50 percent of the not-to-exceed price has been obligated by the Government, then
L0:the limitation on obligations before definitization may be increased to no more than 75
L0:percent (see 232.102-70 for coverage on provisional delivery payments).
L1:(b) In determining the appropriate amount to obligate, the contracting officer will
L0:assess the contractor?s proposal for the undefinitized period and will obligate funds only
L0:in an amount consistent with the contractor?s requirements for the undefinitized period.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

217.7404-5 Exceptions

Status: active

L0:217.7404-5 Exceptions.
L1:(a) The limitations in 217.7404-2, 217.7404-3, and 217.7404-4 do not apply to UCAs
L0:for the purchase of initial spares.
L1:(b) The head of an agency may waive the limitations in 217.7404(a), 217.7404-2,
L0:217.7404-3, and 217.7404-4 for UCAs if the head of the agency determines that the
L0:waiver is necessary to support?
L1:(1) A contingency operation; or
L1:(2) A humanitarian or peacekeeping operation.

217.7404-6 Allowable profit

Status: active

L0:217.7404-6 Allowable profit.
L0:When the final price of a UCA is negotiated after a substantial portion of the required
L0:performance has been completed, the head of the contracting activity will ensure the
L0:profit allowed reflects?
L1:(a) Any reduced cost risk to the contractor for costs incurred during contract
L0:performance before negotiation of the final price. However, if a contractor submits a
L0:qualifying proposal to definitize a UCA, and the contracting officer for such action
L0:definitizes the contract after the end of the 180-day period beginning on the date on

L0:which the contractor submitted the qualifying proposal, the profit allowed on the
L0:contract must accurately reflect the cost risk of the contractor as such risk existed on
L0:the date the contractor submitted the qualifying proposal;
L1:(b) Any reduced cost risk to the contractor for costs expected to be incurred during
L0:performance of the remainder of the contract after negotiation of the final price; and
L1:(c) The requirements at 215.409 (see PGI 217.7404-6). Document the risk
L0:assessment in the price negotiation memorandum.

217.7405 Plans and reports

Status: active

L0:217.7405 Plans and reports.
L1:(a) To provide for enhanced management and oversight of UCAs, departments and
L0:agencies must?
L1:(1) Prepare and maintain a Consolidated UCA Management Plan; and
L1:(2) Prepare semi-annual Consolidated UCA Management Reports addressing
L0:each UCA with an estimated value exceeding \$5 million following the procedures at
L0:PGI 217.7405.
L1:(b) Consolidated UCA Management Reports shall include information about all
L0:change orders that are not forward priced (i.e., unpriced) and have an estimated value
L0:exceeding \$5 million.

217.7406 Contract clauses

Status: active

L0:217.7406 Contract clauses.
L1:(a) Insert the clause at FAR 52.216-24, Limitation of Government Liability, in?
L1:(1) All UCAs;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(2) Solicitations associated with UCAs;
L1:(3) Basic ordering agreements;
L1:(4) Indefinite delivery contracts;
L1:(5) Any other type of contract providing for the use of UCAs; and
L1:(6) Unpriced change orders with an estimated value exceeding \$5 million.
L2:(b)(1) Insert the clause at 252.217-7027, Contract Definitization, in?
L1:(i) All UCAs;
L1:(ii) Solicitations associated with UCAs;
L1:(iii) Basic ordering agreements;
L1:(iv) Indefinite delivery contracts;
L1:(v) Any other type of contract providing for the use of UCAs; and
L1:(vi) Unpriced change orders with an estimated value exceeding \$5 million.
L1:(2) Insert the applicable information in paragraphs (a), (b), and (d) of the clause.

L1:(3) If, at the time of entering into the UCA or unpriced change order, the
L0:contracting officer knows that the definitive contract action will meet the criteria of
L0:FAR 15.403-1 or 15.403-2 for not requiring submission of certified cost or pricing data,
L0:the words "and certified cost or pricing data" may be deleted from paragraph (a) of the
L0:clause.

217.7500 Scope of subpart

Status: active

L0:217.7500 Scope of subpart.
L0:This subpart provides guidance on additional requirements related to acquisition of
L0:replenishment parts.

217.7501 Definition

Status: active

L0:217.7501 Definition.
L0:As used in this subpart?
L0:"Replenishment parts" means repairable or consumable parts acquired after the initial
L0:provisioning process.

217.7502 General

Status: active

L0:217.7502 General.
L1:(a) See PGI 217.7502 for more information on replenishment parts.
L1:(b) Departments and agencies?
L1:(1) May acquire replenishment parts concurrently with production of the end
L0:item.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(2) Must provide for full and open competition when fully adequate drawings
L0:and any other needed data are available with the right to use for acquisition purposes
L0:(see Part 227). However, when data is not available for a competitive acquisition, follow
L0:the procedures at PGI 217.7504.
L1:(3) Shall follow the limitations on price increases in 217.7505.

217.7503 Spares acquisition integrated with production

Status: active

L0:217.7503 Spares acquisition integrated with production.
L0:Follow the procedures at PGI 217.7503 for acquiring spare parts concurrently with the

L0:end item.

217.7504 Acquisition of parts when data is not available

Status: active

L0:217.7504 Acquisition of parts when data is not available.

L0:Follow the procedures at PGI 217.7504 when acquiring parts for which the Government

L0:does not have the necessary data.

217.7505 Limitations on price increases

Status: active

L0:217.7505 Limitations on price increases.

L0:This section provides implementing guidance for Section 1215 of Pub. L. 98-94 (10

L0:U.S.C. 2452 note).

L1:(a) Do not award, on a sole source basis, a contract for any centrally managed

L0:replenishment part when the price of the part has increased by 25 percent or more over

L0:the most recent 12-month period.

L1:(1) Before computing the percentage difference between the current price and

L0:the prior price, adjust for quantity, escalation, and other factors necessary to achieve

L0:comparability.

L1:(2) Departments and agencies may specify an alternate percentage or

L0:percentages for contracts at or below the simplified acquisition threshold.

L1:(b) The contracting officer may award a contract for a part, the price of which

L0:exceeds the limitation in paragraph (a) of this section, if the contracting officer certifies

L0:in writing to the head of the contracting activity before award that?

L1:(1) The contracting officer has evaluated the price of the part and concluded

L0:that the price increase is fair and reasonable; or

L1:(2) The national security interests of the United States require purchase of the

L0:part despite the price increase.

L1:(c) The fact that a particular price has not exceeded the limitation in paragraph (a)

L0:of this section does not relieve the contracting officer of the responsibility for obtaining a

L0:fair and reasonable price.

L1:(d) Contracting officers may include a provision in sole source solicitations requiring

L0:that the offeror supply with its proposal, price and quantity data on any Government

L0:orders for the replenishment part issued within the most recent 12 months.

217.7506 Spare parts breakout program

Status: active

L0:217.7506 Spare parts breakout program.

L0:See PGI 217.7506 and DoD Manual 4140.01, Volume 9, DoD Supply Chain Materiel

L0:Management Procedures: Materiel Programs, for spare parts breakout requirements.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

217.7601 Provisioning

Status: active

L0:217.7601 Provisioning.
L1:(a) Follow the procedures at PGI 217.7601 for contracts with provisioning
L0:requirements.
L1:(b) For technical requirements of provisioning, see DoD Manual 4140.01, Volume 2,
L0:DoD Supply Chain Materiel Management Procedures: Demand and Supply Planning.

217.7701 Procedures

Status: active

L0:217.7701 Procedures.
L0:Follow the procedures at PGI 217.7701 when acquiring over and above work.

217.7702 Contract clause

Status: active

L0:217.7702 Contract clause.
L0:Insert the clause at 252.217-7028, Over and Above Work, in solicitations and contracts
L0:containing requirements for over and above work, except as provided for in subpart
L0:217.71.

252.217-7000 Exercise of Option to Fulfill Foreign Military Sales

Status: active

L0:252.217-7000 Exercise of Option to Fulfill Foreign Military Sales
L0:Commitments.
L0:Basic. As prescribed in 217.203-70(a) and (a)(1), use the following clause:
L0:EXERCISE OF OPTION TO FULFILL FOREIGN MILITARY SALES
L0:COMMITMENTS?BASIC (NOV 2014)
L1:(a) The Government may exercise the option(s) of this contract to fulfill foreign
L0:military sales commitments.
L1:(b) The foreign military sales commitments are for:
L0:(Insert name of country)
L0:(Insert applicable CLIN)
L0:(End of clause)
L0:Alternate I. As prescribed in 217.203-70(a) and (a)(2), use the following clause,
L0:which uses a different paragraph (b) than paragraph (b) of the basic clause:

L0:EXERCISE OF OPTION TO FULFILL FOREIGN MILITARY SALES

L0:COMMITMENTS?ALTERNATE I (NOV 2014)

L1:(a) The Government may exercise the option(s) of this contract to fulfill foreign

L0:military sales commitments.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(b) On the date the option is exercised, the Government shall identify the foreign

L0:country for the purpose of negotiating any equitable adjustment attributable to foreign

L0:military sales. Failure to agree on an equitable adjustment shall be treated as a dispute

L0:under the Disputes clause of this contract.

L0:(End of clause)

252.217-7001 Surge Option

Status: active

L0:252.217-7001 Surge Option.

L0:As prescribed in 217.203-70(b), use the following clause:

L0:SURGE OPTION (DEC 2018)

L1:(a) General. The Government has the option to?

L1:(1) Increase the quantity of supplies or services called for under this contract by

L0:no more than ____ percent or _____ [insert quantity and description of services

L0:or supplies to be increased]; and/or

L1:(2) Accelerate the rate of delivery called for under this contract, at a price or

L0:cost established before contract award or to be established by negotiation as provided in

L0:this clause.

L1:(b) Schedule.

L1:(1) When the Capabilities Analysis Plan (CAP) is included in the contract, the

L0:option delivery schedule shall be the production rate provided with the Plan. If the

L0:Plan was negotiated before contract award, then the negotiated schedule shall be used.

L1:(2) If there is no CAP in the contract, the Contractor shall, within 30 days from

L0:the date of award, furnish the Contracting Officer a delivery schedule showing the

L0:maximum sustainable rate of delivery for items in this contract. This delivery schedule

L0:shall provide acceleration by month up to the maximum sustainable rate of delivery

L0:achievable within the Contractor's existing facilities, equipment, and subcontracting

L0:structure.

L1:(3) The Contractor shall not revise the option delivery schedule without

L0:approval from the Contracting Officer.

L1:(c) Exercise of option.

L1:(1) The Contracting Officer may exercise this option at any time before

L0:acceptance by the Government of the final scheduled delivery.

L1:(2) The Contracting Officer will provide a preliminary oral or written notice to

L0:the Contractor stating the quantities to be added or accelerated under the terms of this

L0:clause, followed by a contract modification incorporating the transmitted information

L0:and instructions. The notice and modification will establish a not-to-exceed price equal

L0:to the highest contract unit price or cost of the added or accelerated items as of the date
L0:of the notice.

L1:(3) The Contractor will not be required to deliver at a rate greater than the

L0:maximum sustainable delivery rate under paragraph (b)(2) of this clause, nor will the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:exercise of this option extend delivery more than 24 months beyond the scheduled final
L0:delivery.

L1:(d) Price negotiation.

L1:(1) Unless the option cost or price was previously agreed upon, the Contractor

L0:shall, within 30 days from the date of option exercise, submit to the Contracting Officer

L0:a cost or price proposal (including a cost breakdown) for the added or accelerated items.

L1:(2) Failure to agree on a cost or price in negotiations resulting from the exercise

L0:of this option shall constitute a dispute concerning a question of fact within the meaning

L0:of the Disputes clause of this contract. However, nothing in this clause shall excuse the

L0:Contractor from proceeding with the performance of the contract, as modified, while any

L0:resulting claim is being settled.

252.217-7002 Offering Property for Exchange

Status: active

L0:252.217-7002 Offering Property for Exchange.

L0:As prescribed in 217.7005, use the following provision:

L0:(End of clause)

L0:OFFERING PROPERTY FOR EXCHANGE (JUN 2012)

L1:(a) The property described in item number _____, is being offered in

L0:accordance with the exchange provisions of 40 U.S.C. 503.

L1:(b) The property is located at (insert address) .

L0:Offerors may inspect the property during the period (insert beginning and ending

L0:dates and insert hours during day) .

252.217-7003 Changes

Status: active

L0:252.217-7003 Changes.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of provision)

L0:CHANGES (DEC 1991)

L1:(a) The Contracting Officer may, at any time and without notice to the sureties, by

L0:written change order, make changes within the general scope of any job order issued

L0:under the Master Agreement in?

L1:(1) Drawings, designs, plans, and specifications;

L1:(2) Work itemized;

L1:(3) Place of performance of the work;

L1:(4) Time of commencement or completion of the work; and

L1:(5) Any other requirement of the job order.

L1:(b) If a change causes an increase or decrease in the cost of, or time required for,

L0:performance of the job order, whether or not changed by the order, the Contracting

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:Officer shall make an equitable adjustment in the price or date of completion, or both,

L0:and shall modify the job order in writing.

L1:(1) Within ten days after the Contractor receives notification of the change, the

L0:Contractor shall submit to the Contracting Officer a request for price adjustment,

L0:together with a written estimate of the increased cost.

L1:(2) The Contracting Officer may grant an extension of this period if the

L0:Contractor requests it within the ten day period.

L1:(3) If the circumstances justify it, the Contracting Officer may accept and grant

L0:a request for equitable adjustment at any later time prior to final payment under the

L0:job order, except that the Contractor may not receive profit on a payment under a late

L0:request.

L1:(c) If the Contractor includes in its claim the cost of property made obsolete or

L0:excess as a result of a change, the Contracting Officer shall have the right to prescribe

L0:the manner of disposition of that property.

L1:(d) Failure to agree to any adjustment shall be a dispute within the meaning of the

L0:Disputes clause.

L1:(e) Nothing in this clause shall excuse the Contractor from proceeding with the job

L0:order as changed.

252.217-7004 Job Orders and Compensation

Status: active

L0:252.217-7004 Job Orders and Compensation.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of clause)

L0:JOB ORDERS AND COMPENSATION (MAY 2006)

L1:(a) The Contracting Officer shall solicit bids or proposals and make award of job

L0:orders. The issuance of a job order signed by the Contracting Officer constitutes award.

L0:The job order shall incorporate the terms and conditions of the Master Agreement.

L1:(b) Whenever the Contracting Officer determines that a vessel, its cargo or stores,

L0:would be endangered by delay, or whenever the Contracting Officer determines that

L0:military necessity requires that immediate work on a vessel is necessary, the

L0:Contracting Officer may issue a written order to perform that work and the Contractor

L0:hereby agrees to comply with that order and to perform work on such vessel within its

L0:capabilities.

L1:(1) As soon as practicable after the issuance of the order, the Contracting

L0:Officer and the Contractor shall negotiate a price for the work and the Contracting

L0:Officer shall issue a job order covering the work.

L1:(2) The Contractor shall, upon request, furnish the Contracting Officer with a

L0:breakdown of costs incurred by the Contractor and an estimate of costs expected to be

L0:incurred in the performance of the work. The Contractor shall maintain, and make

L0:available for inspection by the Contracting Officer or the Contracting Officer's

L0:representative, records supporting the cost of performing the work.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(3) Failure of the parties to agree upon the price of the work shall constitute a

L0:dispute within the meaning of the Disputes clause of the Master Agreement. In the

L0:meantime, the Contractor shall diligently proceed to perform the work ordered.

L2:(c)(1) If the nature of any repairs is such that their extent and probable cost cannot

L0:be ascertained readily, the Contracting Officer may issue a job order (on a sealed bid or

L0:negotiated basis) to determine the nature and extent of required repairs.

L1:(2) Upon determination by the Contracting Officer of what work is necessary,

L0:the Contractor, if requested by the Contracting Officer, shall negotiate prices for

L0:performance of that work. The prices agreed upon shall be set forth in a modification of

L0:the job order.

L1:(3) Failure of the parties to agree upon the price shall constitute a dispute

L0:under the Disputes clause. In the meantime, the Contractor shall diligently proceed to

L0:perform the work ordered.

252.217-7005 Inspection and Manner of Doing Work

Status: active

L0:252.217-7005 Inspection and Manner of Doing Work.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of clause)

L0:INSPECTION AND MANNER OF DOING WORK (JUL 2009)

L1:(a) The Contractor shall perform work in accordance with the job order, any

L0:drawings and specifications made a part of the job order, and any change or

L0:modification issued under the Changes clause of the Master Agreement.

L2:(b)(1) Except as provided in paragraph (b)(2) of this clause, and unless otherwise

L0:specifically provided in the job order, all operational practices of the Contractor and all

L0:workmanship, material, equipment, and articles used in the performance of work under

L0:the Master Agreement shall be in accordance with the best commercial marine

L0:practices and the rules and requirements of the American Bureau of Shipping, the U.S.

L0:Coast Guard, and the Institute of Electrical and Electronic Engineers, in effect at the

L0:time of Contractor's submission of bid (or acceptance of the job order, if negotiated).

L1:(2) When Navy specifications are specified in the job order, the Contractor shall

L0:follow Navy standards of material and workmanship. The solicitation shall prescribe

L0:the Navy standard whenever applicable.

L1:(c) The Government may inspect and test all material and workmanship at any

L0:time during the Contractor's performance of the work.

L1:(1) If, prior to delivery, the Government finds any material or workmanship is
L0:defective or not in accordance with the job order, in addition to its rights under the
L0:Guarantees clause of the Master Agreement, the Government may reject the defective
L0:or nonconforming material or workmanship and require the Contractor to correct or
L0:replace it at the Contractor's expense.

L1:(2) If the Contractor fails to proceed promptly with the replacement or
L0:correction of the material or workmanship, the Government may replace or correct the
L0:defective or nonconforming material or workmanship and charge the Contractor the
L0:excess costs incurred.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(3) As specified in the job order, the Contractor shall provide and maintain an
L0:inspection system acceptable to the Government.

L1:(4) The Contractor shall maintain complete records of all inspection work and
L0:shall make them available to the Government during performance of the job order and
L0:for 90 days after the completion of all work required.

L1:(d) The Contractor shall not permit any welder to work on a vessel unless the
L0:welder is, at the time of the work, qualified to the standards established by the U.S.
L0:Coast Guard, American Bureau of Shipping, or Department of the Navy for the type of
L0:welding being performed. Qualifications of a welder shall be as specified in the job
L0:order.

L1:(e) The Contractor shall?

L1:(1) Exercise reasonable care to protect the vessel from fire;

L1:(2) Maintain a reasonable system of inspection over activities taking place in
L0:the vicinity of the vessel's magazines, fuel oil tanks, or storerooms containing flammable
L0:materials;

L1:(3) Maintain a reasonable number of hose lines ready for immediate use on the
L0:vessel at all times while the vessel is berthed alongside the Contractor's pier or in dry
L0:dock or on a marine railway;

L1:(4) Unless otherwise provided in a job order, provide sufficient security patrols
L0:to reasonably maintain a fire watch for protection of the vessel when it is in the
L0:Contractor's custody;

L1:(5) To the extent necessary, clean, wash, and steam out or otherwise make safe,
L0:all tanks under alteration or repair;

L1:(6) Furnish the Contracting Officer or designated representative with a copy of
L0:the ?gas-free? or ?safe-for-hotwork? certificate, provided by a Marine Chemist or Coast
L0:Guard authorized person in accordance with Occupational Safety and Health
L0:Administration regulations (29 CFR 1915.14) before any hot work is done on a tank;

L1:(7) Treat the contents of any tank as Government property in accordance with
L0:the Government Property clause; and

L1:(8) Dispose of the contents of any tank only at the direction, or with the
L0:concurrence, of the Contracting Officer.

L1:(f) Except as otherwise provided in the job order, when the vessel is in the custody of
L0:the Contractor or in dry dock or on a marine railway and the temperature is expected to
L0:go as low as 35 oF, the Contractor shall take all necessary steps to?

L1:(1) Keep all hose pipelines, fixtures, traps, tanks, and other receptacles on the
L0:vessel from freezing; and
L1:(2) Protect the stern tube and propeller hubs from frost damage.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L1:(g) The Contractor shall, whenever practicable?
L1:(1) Perform the required work in a manner that will not interfere with the
L0:berthing and messing of Government personnel attached to the vessel; and
L1:(2) Provide Government personnel attached to the vessel access to the vessel at
L0:all times.
L1:(h) Government personnel attached to the vessel shall not interfere with the
L0:Contractor's work or workers.
L2:(i)(1) The Government does not guarantee the correctness of the dimensions, sizes,
L0:and shapes set forth in any job order, sketches, drawings, plans, or specifications
L0:prepared or furnished by the Government, unless the job order requires that the
L0:Contractor perform the work prior to any opportunity to inspect.
L1:(2) Except as stated in paragraph (i)(1) of this clause, and other than those
L0:parts furnished by the Government, the Contractor shall be responsible for the
L0:correctness of the dimensions, sizes, and shapes of parts furnished under this
L0:agreement.
L1:(j) The Contractor shall at all times keep the site of the work on the vessel free from
L0:accumulation of waste material or rubbish caused by its employees or the work. At the
L0:completion of the work, unless the job order specifies otherwise, the Contractor shall
L0:remove all rubbish from the site of the work and leave the immediate vicinity of the
L0:work area ?broom clean.?
L0:(End of clause)

252.217-7006 Title

Status: active

L0:252.217-7006 Title.
L0:As prescribed in 217.7104(a), use the following clause:
L0:TITLE (DEC 1991)
L1:(a) Unless otherwise provided, title to all materials and equipment to be
L0:incorporated in a vessel in the performance of a job order shall vest in the Government
L0:upon delivery at the location specified for the performance of the work.
L1:(b) Upon completion of the job order, or with the approval of the Contracting Officer
L0:during performance of the job order, all Contractor-furnished materials and equipment
L0:not incorporated in, or placed on, any vessel, shall become the property of the
L0:Contractor, unless the Government has reimbursed the Contractor for the cost of the
L0:materials and equipment.
L1:(c) The vessel, its equipment, movable stores, cargo, or other ship's materials shall
L0:not be considered Government-furnished property.
L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

252.217-7007 Payments

Status: active

L0:252.217-7007 Payments.

L0:As prescribed in 217.7104(a), use the following clause:

L0:PAYMENTS (DEC 1991)

L1:(a) ?Progress payments,? as used in this clause, means payments made before

L0:completion of work in progress under a job order.

L1:(b) Upon submission by the Contractor of invoices in the form and number of copies

L0:directed by the Contracting Officer, and as approved by the Contracting Officer, the

L0:Government will make progress payments as work progresses under the job order.

L1:(1) Generally, the Contractor may submit invoices on a semi-monthly basis,

L0:unless expenditures justify a more frequent submission.

L1:(2) The Government need not make progress payments for invoices aggregating

L0:less than \$5,000.

L1:(3) The Contracting Officer shall approve progress payments based on the

L0:value, computed on the price of the job order, of labor and materials incorporated in the

L0:work, materials suitably stored at the site of the work, and preparatory work completed,

L0:less the aggregate of any previous payments.

L1:(4) Upon request, the Contractor will furnish the Contracting Officer any

L0:reports concerning expenditures on the work to date that the Contracting Officer may

L0:require.

L1:(c) The Government will retain until final completion and acceptance of all work

L0:covered by the job order, an amount estimated or approved by the Contracting Officer

L0:under paragraph (b) of this clause. The amount retained will be in accordance with the

L0:rate authorized by Congress for Naval vessel repair contracts at the time of job order

L0:award.

L1:(d) The Contracting Officer may direct that progress payments be based on the price

L0:of the job order as adjusted as a result of change orders under the Changes clause of the

L0:Master Agreement. If the Contracting Officer does not so direct?

L1:(1) Payments of any increases shall be made from time to time after the amount

L0:of the increase is determined under the Changes clause of the Master Agreement; and

L1:(2) Reductions resulting from decreases shall be made for the purposes of

L0:subsequent progress payments as soon as the amounts are determined under the

L0:Changes clause of the Master Agreement.

L1:(e) Upon completion of the work under a job order and final inspection and

L0:acceptance, and upon submission of invoices in such form and with such copies as the

L0:Contracting Officer may prescribe, the Contractor shall be paid for the price of the job

L0:order, as adjusted pursuant to the Changes clause of the Master Agreement, less any

L0:performance reserves deemed necessary by the Contracting Officer, and less the

L0:amount of any previous payments.

L1:(f) All materials, equipment, or any other property or work in process covered by the
L0:progress payments made by the Government, upon the making of those progress
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L0:payments, shall become the sole property of the Government, and are subject to the
L0:provisions of the Title clause of the Master Agreement.
L0:(End of clause)

252.217-7008 Bonds

Status: active

L0:252.217-7008 Bonds.

L0:As prescribed in 217.7104(a), use the following clause:

L0:BONDS (DEC 1991)

L1:(a) If the solicitation requires an offeror to submit a bid bond, the Offeror may
L0:furnish, instead, an annual bid bond (or evidence thereof) or an annual performance
L0:and payment bond (or evidence thereof).
L1:(b) If the solicitation does not require a bid bond, the Offeror shall not include in the
L0:price any contingency to cover the premium of such a bond.
L1:(c) Even if the solicitation does not require bonds, the Contracting Officer may
L0:nevertheless require a performance and payment bond, in form, amount, and with a
L0:surety acceptable to the Contracting Officer. Where performance and payment bond is
L0:required, the offer price shall be increased upon the award of the job order in an amount
L0:not to exceed the premium of a corporate surety bond.
L1:(d) If any surety upon any bond furnished in connection with a job order under this
L0:agreement fails to submit requested reports as to its financial condition or otherwise
L0:becomes unacceptable to the Government, the Contracting Officer may require the
L0:Contractor to furnish whatever additional security the Contracting Officer determines
L0:necessary to protect the interests of the Government and of persons supplying labor or
L0:materials in the performance of the work contemplated under the Master Agreement.
L0:(End of clause)

252.217-7009 Default

Status: active

L0:252.217-7009 Default.

L0:As prescribed in 217.7104(a), use the following clause:

L0:DEFAULT (DEC 1991)

L1:(a) The Government may, subject to the provisions of paragraph (b) of this clause,
L0:by written notice of default to the Contractor, terminate the whole or any part of a job
L0:order if the Contractor fails to?
L1:(1) Make delivery of the supplies or to perform the services within the time
L0:specified in a job order or any extension;

L1:(2) Make progress, so as to endanger performance of the job order; or
L1:(3) Perform any of the other provisions of this agreement or a job order.
L1:(b) Except for defaults of subcontractors, the Contractor shall not be liable for any
L0:excess costs if failure to perform the job order arises from causes beyond the control and
L0:without the fault or negligence of the Contractor. Examples of such causes include acts
L0:of God or of the public enemy, acts of the Government in either its sovereign or
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L0:contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight
L0:embargoes, and unusually severe weather.
L1:(c) If the Contractor's failure to perform is caused by the default of a subcontractor,
L0:and if such default arises out of causes beyond the control of both the Contractor and
L0:subcontractor, and without the fault or negligence of either, the Contractor shall not be
L0:liable for any excess costs for failure to perform, unless the supplies or services to be
L0:furnished by the subcontractor were obtainable from other sources in sufficient time to
L0:permit the Contractor to perform the job order within the time specified.
L1:(d) If the Government terminates the job order in whole or in part as provided in
L0:paragraph (a) of this clause?
L1:(1) The Government may, upon such terms and in such manner as the
L0:Contracting Officer may deem appropriate, arrange for the completion of the work so
L0:terminated, at such plant or plants, including that of the Contractor, as may be
L0:designated by the Contracting Officer.
L1:(i) The Contractor shall continue the performance of the job order to the
L0:extent not terminated under the provisions of this clause.
L1:(ii) If the work is to be completed at the plant, the Government may use all
L0:tools, machinery, facilities, and equipment of the Contractor determined by the
L0:Contracting Office to be necessary for that purpose.
L1:(iii) If the cost to the Government of the work procured or completed (after
L0:adjusting such cost to exclude the effect of changes in the plans and specifications made
L0:subsequent to the date of termination) exceeds the price fixed for work under the job
L0:order (after adjusting such price on account of changes in the plans and specifications
L0:made before the date of termination), the Contractor, or the Contractor's surety, if any,
L0:shall be liable for such excess.
L1:(2) The Government, in addition to any other rights provided in this clause,
L0:may require the Contractor to transfer title and delivery to the Government, in the
L0:manner and to the extent directed by the Contracting Officer, any completed supplies
L0:and such partially completed supplies and materials, parts, tools, dies, jigs, fixtures,
L0:plans, drawings, information and contract rights (hereinafter called "manufacturing
L0:materials") as the Contractor has specifically produced or specifically acquired for the
L0:performance of the terminated part of the job order.
L1:(i) The Contractor shall, upon direction of the Contracting Officer, protect
L0:and preserve property in possession of the Contractor in which the Government has an
L0:interest.
L1:(ii) The Government shall pay to the Contractor the job order price for
L0:completed items of work delivered to and accepted by the Government, and the amount

L0:agreed upon by the Contractor and the Contracting Officer for manufacturing materials
L0:delivered to and accepted by the Government, and for the protection and preservation of
L0:property. Failure to agree shall be a dispute concerning a question of fact within the
L0:meaning of the Disputes clause.

L1:(e) If, after notice of termination of the job order, it is determined that the
L0:Contractor was not in default, or that the default was excusable, the rights and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

L0:obligations of the parties shall be the same as if the notice of termination had been
L0:issued for the convenience of the Government.

L1:(f) If the Contractor fails to complete the performance of a job order within the time
L0:specified, or any extension, the actual damage to the Government for the delay will be
L0:difficult or impossible to determine.

L1:(1) In lieu of actual damage, the Contractor shall pay to the Government as
L0:fixed, agreed, and liquidated damages for each calendar day of delay the amount, if any,
L0:set forth in the job order (prorated to the nearest hour for fractional days).

L1:(2) If the Government terminates the job order, the Contractor shall be liable, in
L0:addition to the excess costs provided in paragraph (d) of this clause, for liquidated
L0:damages accruing until such time as the Government may reasonably obtain
L0:completion of the work.

L1:(3) The Contractor shall not be charged with liquidated damages when the
L0:delay arises out of causes beyond the control and without the fault or negligence of the
L0:Contractor. Subject to the provisions of the Disputes clause of the Master Agreement,
L0:the Contracting Officer shall ascertain the facts and the extent of the delay and shall
L0:extend the time for performance when in the judgment of the Contracting Officer, the
L0:findings of fact justify an extension.

L1:(g) The rights and remedies of the Government provided in this clause shall not be
L0:exclusive and are in addition to any other rights and remedies provided by law under
L0:this agreement.

252.217-7010 Performance

Status: active

L0:252.217-7010 Performance.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of clause)

L0:PERFORMANCE (JUL 2009)

L1:(a) Upon the award of a job order, the Contractor shall promptly start the work
L0:specified and shall diligently prosecute the work to completion. The Contractor shall
L0:not start work until the job order has been awarded except in the case of emergency
L0:work ordered by the Contracting Officer under the Job Orders and Compensation
L0:clause of the Master Agreement.

L1:(b) The Government shall deliver the vessel described in the job order at the time
L0:and location specified in the job order. Upon completion of the work, the Government

L0:shall accept delivery of the vessel at the time and location specified in the job order.

L1:(c) The Contractor shall, without charge and without specific requirement in a job

L0:order?

L1:(1) Make available at the plant to personnel of the vessel while in dry dock or on

L0:a marine railway, sanitary lavatory and similar facilities acceptable to the Contracting

L0:Officer;

L1:(2) Supply and maintain suitable brows and gangways from the pier, dry dock,

L0:or marine railway to the vessel;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(3) Treat salvage, scrap or other ship's material of the Government resulting

L0:from performance of the work as items of Government-furnished property, in

L0:accordance with the Government Property clause;

L1:(4) Perform, or pay the cost of, any repair, reconditioning or replacement made

L0:necessary as the result of the use by the Contractor of any of the vessel's machinery,

L0:equipment or fittings, including, but not limited to, winches, pumps, rigging, or

L0:pipelines; and

L1:(5) Furnish suitable offices, office equipment and telephones at or near the site

L0:of the work for the Government's use.

L1:(d) The job order will state whether dock and sea trials are required to determine

L0:whether or not the Contractor has satisfactorily performed the work.

L1:(1) If dock and sea trials are required, the vessel shall be under the control of

L0:the vessel's commander and crew.

L1:(2) The Contractor shall not conduct dock and sea trials not specified in the job

L0:order without advance approval of the Contracting Officer. Dock and sea trials not

L0:specified in the job order shall be at the Contractor's expense and risk.

L1:(3) The Contractor shall provide and install all fittings and appliances

L0:necessary for dock and sea trials. The Contractor shall be responsible for care,

L0:installation, and removal of instruments and apparatus furnished by the Government

L0:for use in the trials.

252.217-7011 Access to Vessel

Status: active

L0:252.217-7011 Access to Vessel.

L0:As prescribed at 217.7104(a), use the following clause:

L0:(End of clause)

L0:ACCESS TO VESSEL (DEC 1991)

L1:(a) Upon the request of the Contracting Officer, the Contractor shall grant

L0:admission to the Contractor's facilities and access to vessel, on a non-interference basis,

L0:as necessary to perform their respective responsibilities, to a reasonable number of:

L1:(1) Government and other Government contractor employees (in addition to

L0:those Government employees attached to the vessel); and

L1:(2) Representatives of offerors on other contemplated Government work.

L1:(b) All personnel granted access shall comply with Contractor rules governing
L0:personnel at its shipyard.
L0:(End of clause)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

252.217-7012 Liability and Insurance

Status: active

L0:252.217-7012 Liability and Insurance.

L0:As prescribed in 217.7104(a), use the following clause:

L0:LIABILITY AND INSURANCE (AUG 2003)

L1:(a) The Contractor shall exercise its best efforts to prevent accidents, injury, or
L0:damage to all employees, persons, and property, in and about the work, and to the
L0:vessel or part of the vessel upon which work is done.

L1:(b) Loss or damage to the vessel, materials, or equipment.

L1:(1) Unless otherwise directed or approved in writing by the Contracting Officer,
L0:the Contractor shall not carry insurance against any form of loss or damage to the
L0:vessel(s) or to the materials or equipment to which the Government has title or which
L0:have been furnished by the Government for installation by the Contractor. The
L0:Government assumes the risks of loss of and damage to that property.

L1:(2) The Government does not assume any risk with respect to loss or damage
L0:compensated for by insurance or otherwise or resulting from risks with respect to which
L0:the Contractor has failed to maintain insurance, if available, as required or approved by
L0:the Contracting Officer.

L1:(3) The Government does not assume risk of and will not pay for any costs of
L0:the following:

L1:(i) Inspection, repair, replacement, or renewal of any defects in the vessel(s)
L0:or material and equipment due to?
L0:subcontractors;

L1:(A) Defective workmanship performed by the Contractor or its
L0:subcontracts; or

L1:(B) Defective materials or equipment furnished by the Contractor or its

L1:(C) Workmanship, materials, or equipment which do not conform to the
L0:requirements of the contract, whether or not the defect is latent or whether or not the
L0:nonconformance is the result of negligence.

L1:(ii) Loss, damage, liability, or expense caused by, resulting from, or incurred
L0:as a consequence of any delay or disruption, willful misconduct or lack of good faith by
L0:the Contractor or any of its representatives that have supervision or direction of?

L1:(A) All or substantially all of the Contractor's business; or

L1:(B) All or substantially all of the Contractor's operation at any one
L0:plant.

L1:(4) As to any risk that is assumed by the Government, the Government shall be
L0:subrogated to any claim, demand or cause of action against third parties that exists in

L0:favor of the Contractor. If required by the Contracting Officer, the Contractor shall

L0:execute a formal assignment or transfer of the claim, demand, or cause of action.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(5) No party other than the Contractor shall have any right to proceed directly

L0:against the Government or join the Government as a co-defendant in any action.

L1:(6) Notwithstanding the foregoing, the Contractor shall bear the first \$50,000 of

L0:loss or damage from each occurrence or incident, the risk of which the Government

L0:would have assumed under the provisions of this paragraph (b).

L1:(c) Indemnification. The Contractor indemnifies the Government and the vessel

L0:and its owners against all claims, demands, or causes of action to which the

L0:Government, the vessel or its owner(s) might be subject as a result of damage or injury

L0:(including death) to the property or person of anyone other than the Government or its

L0:employees, or the vessel or its owner, arising in whole or in part from the negligence or

L0:other wrongful act of the Contractor or its agents or employees, or any subcontractor, or

L0:its agents or employees.

L1:(1) The Contractor's obligation to indemnify under this paragraph shall not

L0:exceed the sum of \$300,000 as a consequence of any single occurrence with respect to

L0:any one vessel.

L1:(2) The indemnity includes, without limitation, suits, actions, claims, costs, or

L0:demands of any kind, resulting from death, personal injury, or property damage

L0:occurring during the period of performance of work on the vessel or within 90 days after

L0:redelivery of the vessel. For any claim, etc., made after 90 days, the rights of the parties

L0:shall be as determined by other provisions of this agreement and by law. The

L0:indemnity does apply to death occurring after 90 days where the injury was received

L0:during the period covered by the indemnity.

L1:(d) Insurance.

L1:(1) The Contractor shall, at its own expense, obtain and maintain the following

L0:insurance?

L1:(i) Casualty, accident, and liability insurance, as approved by the

L0:Contracting Officer, insuring the performance of its obligations under paragraph (c) of

L0:this clause.

L1:(ii) Workers Compensation Insurance (or its equivalent) covering the

L0:employees engaged on the work.

L1:(2) The Contractor shall ensure that all subcontractors engaged on the work

L0:obtain and maintain the insurance required in paragraph (d)(1) of this clause.

L1:(3) Upon request of the Contracting Officer, the Contractor shall provide

L0:evidence of the insurance required by paragraph (d) of this clause.

L1:(e) The Contractor shall not make any allowance in the job order price for the

L0:inclusion of any premium expense or charge for any reserve made on account of self-

L0:insurance for coverage against any risk assumed by the Government under this clause.

L1:(f) The Contractor shall give the Contracting Officer written notice as soon as

L0:practicable after the occurrence of a loss or damage for which the Government has

L0:assumed the risk.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(1) The notice shall contain full details of the loss or damage.

L1:(2) If a claim or suit is later filed against the Contractor as a result of the event,

L0:the Contractor shall immediately deliver to the Government every demand, notice,

L0:summons, or other process received by the Contractor or its employees or

L0:representatives.

L1:(3) The Contractor shall cooperate with the Government and, upon request,

L0:shall assist in effecting settlements, securing and giving evidence, obtaining the

L0:attendance of witnesses, and in the conduct of suits. The Government shall reimburse

L0:the Contractor for expenses incurred in this effort, other than the cost of maintaining

L0:the Contractor's usual organization.

L1:(4) The Contractor shall not, except at its own expense, voluntarily make any

L0:payment, assume any obligation, or incur any expense other than what would be

L0:imperative for the protection of the vessel(s) at the time of the event.

L1:(g) In the event of loss of or damage to any vessel(s), material, or equipment which

L0:may result in a claim against the Government under the insurance provisions of this

L0:contract, the Contractor shall promptly notify the Contracting Officer of the loss or

L0:damage. The Contracting Officer may, without prejudice to any other right of the

L0:Government, either?

L1:(1) Order the Contractor to proceed with replacement or repair, in which event

L0:the Contractor shall effect the replacement or repair;

L1:(i) The Contractor shall submit to the Contracting Officer a request for

L0:reimbursement of the cost of the replacement or repair together with whatever

L0:supporting documentation the Contracting Officer may reasonably require, and shall

L0:identify the request as being submitted under the Insurance clause of the agreement.

L1:(ii) If the Government determines that the risk of the loss or damage is

L0:within the scope of the risks assumed by the Government under this clause, the

L0:Government will reimburse the Contractor for the reasonable, allowable cost of the

L0:replacement or repair, plus a reasonable profit (if the work or replacement or repair was

L0:performed by the Contractor) less the deductible amount specified in paragraph (b) of

L0:this clause.

L1:(iii) Payments by the Government to the Contractor under this clause are

L0:outside the scope of and shall not affect the pricing structure of the contract, and are

L0:additional to the compensation otherwise payable to the Contractor under this contract;

L0:or

L1:(2) In the event the Contracting Officer decides that the loss or damage shall

L0:not be replaced or repaired, the Contracting Officer shall?

L1:(i) Modify the contract appropriately, consistent with the reduced

L0:requirements reflected by the unreplaced or unrepaired loss or damage; or

L1:(ii) Terminate the repair of any part or all of the vessel(s) under the

L0:Termination for Convenience of the Government clause of this agreement.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

252.217-7013 Guarantees

Status: active

L0:252.217-7013 Guarantees.

L0:As prescribed in 217.7104(a), use the following clause:

L0:GUARANTEES (DEC 1991)

L1:(a) In the event any work performed or materials furnished by the contractor under L0:the Master Agreement prove defective or deficient within 90 days from the date of L0:redelivery of the vessel(s), the Contractor, as directed by the Contracting Officer and at L0:its own expense, shall correct and repair the deficiency to the satisfaction of the L0:Contracting Officer.

L1:(b) If the Contractor or any subcontractor has a guarantee for work performed or L0:materials furnished that exceeds the 90 day period, the Government shall be entitled to L0:rely upon the longer guarantee until its expiration.

L1:(c) With respect to any individual work item identified as incomplete at the time of L0:redelivery of the vessel(s), the guarantee period shall run from the date the item is L0:completed.

L1:(d) If practicable, the Government shall give the Contractor an opportunity to L0:correct the deficiency.

L1:(1) If the Contracting Officer determines it is not practicable or is otherwise not L0:advisable to return the vessel(s) to the Contractor, or the Contractor fails to proceed L0:with the repairs promptly, the Contracting Officer may direct that the repairs be L0:performed elsewhere, at the Contractor's expense.

L1:(2) If correction and repairs are performed by other than the Contractor, the L0:Contracting Officer may discharge the Contractor's liability by making an equitable L0:deduction in the price of the job order.

L1:(e) The Contractor's liability shall extend for an additional 90 day guarantee period L0:on those defects or deficiencies that the Contractor corrected.

L1:(f) At the option of the Contracting Officer, defects and deficiencies may be left L0:uncorrected. In that event, the Contractor and Contracting Officer shall negotiate an L0:equitable reduction in the job price. Failure to agree upon an equitable reduction shall L0:constitute a dispute under the Disputes clause of this agreement.

252.217-7014 Discharge of Liens

Status: active

L0:252.217-7014 Discharge of Liens.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of clause)

L0:DISCHARGE OF LIENS (DEC 1991)

L1:(a) The Contractor shall immediately discharge, or cause to be discharged, any lien L0:or right in rem of any kind, other than in favor of the Government, that exists or arises L0:in connection with work done or material furnished under any job order under this L0:agreement.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(b) If any lien or right in rem is not immediately discharged, the Government, at the

L0:expense of the Contractor, may discharge, or cause to be discharged, the lien or right.

252.217-7015 Safety and Health

Status: active

L0:252.217-7015 Safety and Health.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of clause)

L0:SAFETY AND HEALTH (DEC 1991)

L0:Nothing contained in the Master Agreement or any job order shall relieve the

L0:Contractor of any obligations it may have to comply with?

L1:(a) The Occupational Safety and Health Act of 1970 (29 U.S.C. 651, et seq.);

L1:(b) The Safety and Health Regulations for Ship Repairing (29 CFR 1915); or

L1:(c) Any other applicable Federal, State, and local laws, codes, ordinances, and

L0:regulations.

252.217-7016 Plant Protection

Status: active

L0:252.217-7016 Plant Protection.

L0:As prescribed in 217.7104(a), use the following clause:

L0:(End of clause)

L0:PLANT PROTECTION (DEC 1991)

L1:(a) The Contractor shall provide, for the plant and work in process, reasonable

L0:safeguards against all hazards, including unauthorized entry, malicious mischief, theft,

L0:vandalism, and fire.

L1:(b) The Contractor shall also provide whatever additional safeguards are necessary

L0:to protect the plant and work in process from espionage, sabotage, and enemy action.

L1:(1) The Government shall reimburse the Contractor for that portion of the costs

L0:of the additional safeguards that is allocable to the contract in the same manner as if

L0:the Contracting Officer had issued a change order for the additional safeguards.

L1:(2) The costs reimbursed shall not include any overhead allowance, unless the

L0:overhead is incident to the construction or installation of necessary security devices or

L0:equipment.

L1:(c) Upon payment by the Government of the cost of any device or equipment

L0:required or approved under paragraph (b) of this clause, title shall vest in the

L0:Government.

L1:(1) The Contractor shall comply with the instructions of the Contracting Officer

L0:concerning its identification and disposition.

L1:(2) No such device or equipment shall become a fixture as a result of its being

L0:affixed to realty not owned by the Government.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

252.217-7026 Identification of Sources of Supply

Status: active

L0:252.217-7026 Identification of Sources of Supply.

L0:As prescribed in 217.7303, use the following provision:

L0:IDENTIFICATION OF SOURCES OF SUPPLY (JAN 2023)

L1:(a) The Government is required under 10 U.S.C. 4753 to obtain certain information

L0:on the actual manufacturer or sources of supplies it acquires.

L1:(b) The apparently successful Offeror agrees to complete and submit the following

L0:table before award:

L0:TABLE

L0:Line

L0:Items

L1:(1)

L0:_____

L0:Stock

L0:Number

L0:National Commercial

L0:Product or

L0:Commercial

L0:Service

L0:(Y or N)

L1:(3)

L0:_____

L1:(2)

L0:_____

L0:Source of Supply

L0:Company Address Part No.

L0:Actual

L0:Mfg?

L1:(4)

L0:_____

L1:(4)

L0:_____

L1:(5)

L1:(6)

L0:_____

L1:(1) List each deliverable item of supply and item of technical data.

L1:(2) If there is no national stock number, list ?none?.

L1:(3) Use ?Y? if the item is a commercial product or commercial service;
 L0:otherwise use ?N.? If ?Y? is listed, the Offeror need not complete the remaining
 L0:columns in the table.

L1:(4) For items of supply, list all sources. For technical data, list the source.

L1:(5) For items of supply, list each source's part number for the item.

L1:(6) Use ?Y? if the source of supply is the actual manufacturer; ?N? if it is not;
 L0:and ?U? if unknown.

252.217-7027 Contract Definitization

Status: active

L0:252.217-7027 Contract Definitization.

L0:As prescribed in 217.7406(b), use the following clause:

L0:(End of provision)

L0:CONTRACT DEFINITIZATION (MAY 2023)

L1:(a) A _____ [insert specific type of contract action] is contemplated. The

L0:Contractor agrees to begin promptly negotiating with the Contracting Officer the terms

L0:of a definitive contract that will include?

L1:(1) All clauses required by the Federal Acquisition Regulation (FAR) on the

L0:date of execution of the undefinitized contract action;

L1:(2) All clauses required by law on the date of execution of the definitive contract

L0:action; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(3) Any other mutually agreeable clauses, terms, and conditions.

L1:(b) The Contractor agrees to submit a _____ [insert type of proposal; e.g.,

L0:fixed-price or cost-and-fee] proposal and certified cost or pricing data supporting its

L0:proposal. Notwithstanding FAR 52.216-26, Payments of Allowable Costs Before

L0:Definitization, failure to meet the qualifying proposal date in the contract definitization

L0:schedule could result in the Contracting Officer withholding an amount up to 5 percent

L0:of all subsequent requests for financing until the Contracting Officer determines that a

L0:proposal is qualifying.

L1:(c) The schedule for definitizing this contract action is as follows [insert target date

L0:for definitization of the contract action and dates for submission of proposal, beginning

L0:of negotiations, and, if appropriate, submission of the make-or-buy and subcontracting

L0:plans and certified cost or pricing data]:

L1:(d) If agreement on a definitive contract action to supersede this undefinitized

L0:contract action is not reached by the target date in paragraph (c) of this clause, or

L0:within any extension of it granted by the Contracting Officer, the Contracting Officer

L0:may, with the approval of the head of the contracting activity, determine a reasonable

L0:price or fee in accordance with FAR subpart 15.4 and part 31, subject to Contractor

L0:appeal as provided in the Disputes clause. In any event, the Contractor shall proceed

L0:with completion of the contract, subject only to the Limitation of Government Liability

L0:clause.

L1:(1) After the Contracting Officer's determination of price or fee, the contract

L0:shall be governed by?

L1:(i) All clauses required by the FAR on the date of execution of this

L0:undefinitized contract action for either fixed-price or cost-reimbursement contracts, as

L0:determined by the Contracting Officer under this paragraph (e);

L1:(ii) All clauses required by law as of the date of the Contracting Officer's

L0:determination; and

L1:(iii) Any other clauses, terms, and conditions mutually agreed upon.

L1:(2) To the extent consistent with paragraph (d)(1) of this clause, all clauses,

L0:terms, and conditions included in this undefinitized contract action shall continue in

L0:effect, except those that by their nature apply only to an undefinitized contract action.

L1:(e) The definitive contract resulting from this undefinitized contract action will

L0:include a negotiated _____ [insert "cost/price ceiling" or "firm-fixed price"]

L0:in no event to exceed _____ [insert the not-to-exceed amount].

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

252.217-7028 Over and Above Work

Status: active

L0:252.217-7028 Over and Above Work.

L0:As prescribed in 217.7702, use a clause substantially as follows:

L0:OVER AND ABOVE WORK (DEC 1991)

L1:(a) Definitions. As used in this clause?

L1:(1) "Over and above work" means work discovered during the course of

L0:performing overhaul, maintenance, and repair efforts that is?

L1:(i) Within the general scope of the contract;

L1:(ii) Not covered by the line item(s) for the basic work under the contract;

L0:and

L1:(iii) Necessary in order to satisfactorily complete the contract.

L1:(2) "Work request" means a document prepared by the Contractor which

L0:describes over and above work being proposed.

L1:(b) The Contractor and Administrative Contracting Officer shall mutually agree to

L0:procedures for Government administration and Contractor performance of over and

L0:above work requests. If the parties cannot agree upon the procedures, the

L0:Administrative Contracting Officer has the unilateral right to direct the over and above

L0:work procedures to be followed. These procedures shall, as a minimum, cover?

L1:(1) The format, content, and submission of work requests by the Contractor.

L0:Work requests shall contain data on the type of discrepancy disclosed, the specific

L0:location of the discrepancy, and the estimated labor hours and material required to

L0:correct the discrepancy. Data shall be sufficient to satisfy contract requirements and

L0:obtain the authorization of the Contracting Officer to perform the proposed work;

L1:(2) Government review, verification, and authorization of the work; and
L1:(3) Proposal pricing, submission, negotiation, and definitization.
L1:(c) Upon discovery of the need for over and above work, the Contractor shall prepare
L0:and furnish to the Government a work request in accordance with the agreed-to
L0:procedures.
L1:(d) The Government shall?
L1:(1) Promptly review the work request;
L1:(2) Verify that the proposed work is required and not covered under the basic
L0:contract line item(s);
L1:(3) Verify that the proposed corrective action is appropriate; and
L1:(4) Authorize over and above work as necessary.
L1:(e) The Contractor shall promptly submit to the Contracting Officer, a proposal for
L0:the over and above work. The Government and Contractor will then negotiate a
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217
L0:settlement for the over and above work. Contract modifications will be executed to
L0:definitize all over and above work.
L1:(f) Failure to agree on the price of over and above work shall be a dispute within the
L0:meaning of the Disputes clause of this contract.
L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217?SPECIAL CONTRACTING METHODS

L0:PGI 217.1?MULTIYEAR CONTRACTING

L0:PGI 217.103-171 Multiyear contracts for services.
L1:(b) The head of the agency must consider the following principles when entering into a
L0:multiyear contract for services:
L1:(1) The portion of the cost of any plant or equipment amortized as a cost of contract
L0:performance should not exceed the ratio between the period of contract performance and
L0:the anticipated useful commercial life of the plant or equipment. As used in this section,
L0:"useful commercial life" means the commercial utility of the facilities rather than the physical
L0:life, with due consideration given to such factors as the location, specialized nature, and
L0:obsolescence of the facilities.
L1:(2) The desirability of obtaining an option to extend the term of the contract for a
L0:reasonable period not to exceed 3 years at prices that do not include charges for plant,
L0:equipment, or other nonrecurring costs already amortized.
L1:(3) The desirability of reserving the right to take title, under the appropriate
L0:circumstances, to the plant or equipment upon payment of the unamortized portion of the
L0:cost (10 U.S.C. 3531(c)).
L0:PGI 217.103-174 Multiyear contracts for electricity from renewable energy sources.
L0:The business case analysis template and guidance for the head of the contracting activity
L0:determination to enter into a contract for a period in excess of 5 years is available here:
L0:Renewable Electricity Acquisition Business Case Analysis Template and Guidance.
L0:PGI 217.104-370 Congressional notification.

L2:(b)(1) The head of the agency must submit a copy of each notice to the Principal
 L0:Director, Defense Pricing, Contracting, and Acquisition Policy (DPCAP), Office of the Under
 L0:Secretary of Defense (Acquisition and Sustainment) (OUSD(A&S)), and to the Deputy
 L0:Under Secretary of Defense (Comptroller) (Program/Budget) (OUSD(C)(P/B)).

L2:(2)(i) DoD will include the request, for each candidate it supports, as part of the
 L0:President's Budget for that year and in the Appendix to that budget as part of proposed
 L0:legislative language for the appropriations bill for that year (section 8008(b) of Pub. L. 105-
L0:56).

L1:(ii) If the advisability of using a multiyear contract becomes apparent too late to
 L0:satisfy the requirements 217.170(b)(2), the request for authority to use a multiyear contract
 L0:must be?

L1:(A) Formally submitted by the President as a budget amendment; or
 L0:defense committees (section 8008(b) of Pub. L. 105-56).

L1:(B) Made by the Secretary of Defense, in writing, to the congressional
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17
 L0:Defense FAR Supplement (DFARS) Part 217

L1:(iii) If the budget for a contract that contains a cancellation ceiling in excess of
 L0:\$200 million does not include proposed funding for the costs of contract cancellation up to
 L0:the cancellation ceiling established in the contract?
 L0:include?

L1:(A) The notification required by paragraph (b)(1) of this section must
 L0:the proposed multiyear contract, together with the reasons for the amounts planned;

L1:(1) The cancellation ceiling amounts planned for each program year in
 L0:in the budget for the contract; and

L1:(2) The extent to which costs of contract cancellation are not included
 L0:contract cancellation (10 U.S.C. 3501(g) and 10 U.S.C. 3531(d)); and

L1:(3) A financial risk assessment of not including budgeting for costs of

L1:(B) The head of the agency must provide copies of the notification to the
 L0:Office of Management and Budget at least 14 days before contract award.

L0:PGI 217.2?OPTIONS

L0:PGI 217.201 Presolicitation.

L0:PGI 217.201-170 Use of options.

L1:(1) Options may be used for foreign military sales requirements.

L1:(2) Consider use of surge options to support industrial capability. A surge option allows
 L0:the Government, prior to final delivery, to?

L1:(i) Accelerate the contractor's production rate in accordance with a surge production
 L0:plan or a delivery schedule provided by the contractor under the terms of the contract; and

L1:(ii) Purchase additional quantities of supplies or services.

L1:(3) See DFARS Subpart 217.74 for limitations on the use of undefinitized options.

L0:PGI 217.204 Postaward.

L0:PGI 217.204-170 Exercise of options.

L0:Before exercising an option for firm-fixed-price contracts containing spare parts, the
 L0:contracting officer must perform a cost or price analysis of the proposed spare parts. The
 L0:contracting officer must use an appropriate sampling technique or request field pricing

L0:assistance and document the contract file with the results of the cost or price analysis.

L0:PGI 217.5?INTERAGENCY ACQUISITIONS

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217.502 Procedures.

L0:PGI 217.502-1 General.

L1:(a) Written agreement on responsibility for management and administration?

L1:(1) Assisted acquisitions. When the contracting activity of one DoD Component

L0:provides acquisition assistance to deployed units or personnel from another DoD

L0:Component?

L1:(A) The written interagency agreement between the servicing DoD Component

L0:and the requesting DoD Component, required by FAR 17.502-1(a)(1), must be documented

L0:on the FS Form 7600A, United States Government Interagency Agreement (see template at

L0:<https://www.fiscal.treasury.gov/files/forms/form-7600a.pdf>);

L1:(B) Procurement support should be on a nonreimbursable basis, unless the

L0:parties mutually agree, in writing, for reimbursable support; and

L1:(C) The DD Form 448, Military Interdepartmental Purchase Request (MIPR),

L0:must be used to provide a description of the supplies/services and certification of funds

L0:available to support the requirement.

L0:PGI 217.503 Ordering procedures.

L0:When the requesting agency is within DoD, a copy of the executed determination and

L0:findings required by FAR 17.502-2 must be furnished to the servicing agency as an

L0:attachment to the order. When a DoD contracting office is acting as the servicing agency, a

L0:copy of the executed determination and findings must be obtained from the requesting

L0:agency and placed in the contract file for the Economy Act order.

L0:PGI 217.6?INTERAGENCY ACQUISITIONS: ACQUISITIONS BY NONDEFENSE

L0:AGENCIES ON BEHALF OF THE DEPARTMENT OF DEFENSE

L0:PGI 217.670 Procedures.

L3:(a)(3)(i) Departments and agencies must ensure full awareness of the total costs of all

L0:fees associated with use of a non-DoD contracting vehicle. To ensure full awareness, the

L0:DoD acquisition official must require the servicing agency to?

L1:(A) Provide notification if its acquisition approach will use another agency?s

L0:contract vehicle; and

L1:(B) Identify all fees (direct and indirect) associated with the assisted acquisition.

L1:(ii) The DoD acquisition official must document in the business decision the

L0:rationale to continue with the assisted acquisition given the total fees (direct and indirect)

L0:involved.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217.70?EXCHANGE OF PERSONAL PROPERTY

L0:PGI 217.7003 Purchase request.

L0:Ensure that the requiring activity provides all of the following in support of the purchase

L0:request?

L1:(a) A certification that the property is eligible for exchange and complies with all

L0:conditions and limitations of DoD Manual 4140.01, Volume 9, DoD Supply Chain Materiel

L0:Management Procedures: Materiel Programs.

L1:(b) A written determination of economic advantage indicating?

L1:(1) The anticipated economic advantage to the Government from use of the

L0:exchange authority;

L1:(2) That exchange allowances shall be applied toward, or in partial payment of, the

L0:items to be acquired; and

L1:(3) That, if required, the exchange property has been rendered safe or innocuous or

L0:has been demilitarized;

L1:(c) All applicable approvals for the exchange; and

L1:(d) A description of the property available for exchange (e.g., nomenclature, location,

L0:serial number, estimated travel value).

L0:PGI 217.7004 Solicitation and award.

L1:(a) Ensure solicitations require offerors to state prices?

L1:(1) For the new items being acquired without any exchange; and

L1:(2) For the new items with the exchange (trade-in allowance) for the exchange

L0:property listed.

L1:(b) The contracting officer is not obligated to award on an exchange basis. If the lowest

L0:evaluated offer is an offer for the new items without any exchange, the contracting officer

L0:may award on that basis and forgo the exchange.

L1:(c) Exchanges may be made only with the successful offeror. When the successful offer

L0:includes an exchange, award one contract for both the acquisition of the new property and

L0:the trade-in of the exchange property. The only exception is when the items must be

L0:acquired against a mandatory Federal supply schedule contract, in which case, award a

L0:separate contract for the exchange.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217.71?MASTER AGREEMENT FOR REPAIR AND ALTERATION OF VESSELS

L0:PGI 217.7103 Master agreements and job orders.

L0:PGI 217.7103-1 Content and format of master agreements.

L1:(1) A master agreement must contain all clauses required by DFARS 217.7104(a),

L0:statute, and Executive order.

L1:(2) The following format may be adapted to fit specific circumstances:

L0:MASTER AGREEMENT FOR REPAIR AND ALTERATION OF VESSELS

L0:1. This agreement is entered into this ____ day of _____, _____,

L0:by the United States of America (the ?Government?;) represented by _____,

L0:the Contracting Officer, and _____, a corporation organized and

L0:existing under the laws of the State of _____ (the ?Contractor?;).

L0:2. The clauses in this agreement, must be incorporated, by reference or

L0:attachment, in job orders issued under this agreement to effect repairs, alterations, and/or

L0:additions to vessels.

L0:3. By giving 30 days written notice, either party to this agreement has the right to

L0:cancel it without affecting the rights and liabilities under any job order existing at the time of

L0:cancellation. The Contractor shall perform, under the terms of this agreement, all work

L0:covered by any job order awarded before the effective date of the cancellation.

L0:4. This agreement may be modified only by mutual agreement of the parties. A

L0:modification of this agreement must not affect any job order in existence at the time of

L0:modification, unless the parties agree otherwise.

L0:5. The rights and obligations of the parties to this agreement are set forth in this

L0:agreement and the clauses of any job orders issued under this agreement. In the event

L0:there is an inconsistency between this agreement and any job order, the provisions of this

L0:agreement shall govern.

L0:6. This agreement shall remain in effect until cancelled by either party.

L0:THE UNITED STATES OF AMERICA

L0:by

L0:(Contracting Officer)

L1:(Contractor)

L0:(Authorized Individual)

L1:(Title)

L0:by

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217.7103-3 Solicitations for job orders.

L1:(1) Include in the solicitation?

L1:(i) The nature of the work to be performed;

L1:(ii) The date the vessel will be available to the contractor;

L1:(iii) The date the work is to be completed; and

L1:(iv) Whether bulk ammunition is aboard the vessel.

L1:(2) Unless the solicitation states otherwise, offers are to be based on performance at the

L0:contractor's site.

L1:(3) Solicitations processed under negotiated acquisition procedures must require

L0:offerors to include a breakdown of the price with reasonable supporting detail in whatever

L0:format and detail the contracting officer may request.

L1:(4) Where practicable, afford potential offerors an opportunity to inspect the item

L0:needing repair or alteration.

L0:PGI 217.7103-4 Emergency work.

L0:Process this type of undefinitized contract action in accordance with DFARS Subpart

L0:217.74. Negotiate a price as soon as practicable after the issuance of an undefinitized order

L0:and definitize the job order upon completing negotiations.

L0:PGI 217.7103-5 Repair costs not readily ascertainable.

L0:If the nature of any repairs is such that their extent and probable cost cannot be ascertained

L0:readily, the solicitation should?

L1:(1) Solicit offers for determining the nature and extent of the repairs;

L1:(2) Provide that upon determination by the contracting officer of what work is necessary,

L0:the contractor, if requested by the contracting officer, shall negotiate prices for performance

L0:of the repairs; and

L1:(3) Provide that prices for the repairs, if ordered, will be set forth in a modification of the

L0:job order.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217.74?UNDEFINITIZED CONTRACT ACTIONS

L0:PGI 217.7404 Limitations.

L0:PGI 217.7404-1 Authorization.

L1:(1) The requiring activity, in coordination with the contracting office, prepares the request

L0:for approval package for an undefinitized contract action (UCA) requirement. The approval

L0:package must?

L1:(i) Document why a UCA is required (for letter contracts see DFARS 216.603);

L1:(ii) Provide a detailed explanation for the need to begin performance before

L0:definitization;

L1:(iii) Address the adverse impact on agency requirements that would result from

L0:delays in beginning performance;

L1:(iv) Identify the risk of using a UCA and the means by which the Government will

L0:mitigate such risk;

L1:(v) Identify and justify the specific contractual instrument to be used;

L1:(vi) Establish limitations on the obligation of funds; and

L1:(vii) Provide the definitization schedule of agreed-upon events that support timely

L0:definitization.

L1:(2) A sample format with certain variations for letter contracts is provided at this website:

L0:http://www.acq.osd.mil/dpap/dars/pgi/docs/Template_for_UCA_Authorization_Requests.pdf.

L0:PGI 217.7404-2 Price ceiling.

L1:(1) The rationale for the not-to-exceed price will be documented and retained in the

L0:contract file. Examples of such supporting rationale include?

L1:(i) The Independent Government Cost Estimate;

L1:(ii) Price analysis based on prior buys; and

L1:(iii) The contractor's proposal.

L1:(2) The maximum not-to-exceed price is the firm-fixed price for firm-fixed price contracts,

L0:the ceiling price for fixed-price incentive contracts, and the estimated cost and fee for cost-

L0:reimbursement contracts.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L0:PGI 217.7404-6 Allowable profit.

L0:To improve the documentation and provide guidance on determining the profit for UCAs with

L0:substantial incurred cost, contracting officers will follow the mandatory instructions at DFARS

215.409 regarding lowering contract type risk assessments for the incurred costs when

Status: active

L0:215.409 regarding lowering contract type risk assessments for the incurred costs when

L0:performing weighted guidelines analysis. Additional guidance on analyzing profit or fee is

L0:provided in DAU course, CON 7170V, Analyzing Profit or Fee, found at:

L0:<https://www.dau.edu/courses/con-7170v>.

L0:PGI 217.7405 Plans and reports.

L0:By October 31 and April 30 of each year, departments and agencies must prepare a

L0:Consolidated UCA Management Report, identifying each UCA/UCO with a value exceeding L0:\$5 million. In addition, departments and agencies must submit to the Office of the Principal L0:Director, Defense Pricing, Contracting, and Acquisition Policy (Contract Policy) a copy of the L0:record of weighted guidelines for each definitized UCA with a value of \$100 million or more. L0:If there is no record of weighted guidelines (e.g., not required for a cost plus award fee L0:contract per DFARS 215.409), then departments and agencies must submit alternative L0:documentation that addresses appropriate recognition of the contractor's reduced cost risk L0:during the undefinitized performance period. Submit the required information via email to

L0:PGI 217.75?ACQUISITION OF REPLENISHMENT PARTS

L0:PGI 217.7502 General.

L0:Replenishment parts must be acquired to ensure the safe, dependable, and effective L0:operation of the equipment. Where this assurance is not possible with new sources, L0:competition may be limited to the original manufacturer of the equipment or other sources L0:that have previously manufactured or furnished the parts if the action is justified. See

209.270 for requirements applicable to replenishment parts for aviation or ship critical safety

Status: active

L0:209.270 for requirements applicable to replenishment parts for aviation or ship critical safety L0:items.

L0:PGI 217.7503 Spares acquisition integrated with production.

L1:(1) Spares acquisition integrated with production (SAIP) is a technique used to acquire L0:replenishment parts concurrently with parts being produced for the end item.

L1:(2) Include appropriately tailored provisions in the contract when SAIP is used.

L0:PGI 217.7504 Acquisition of parts when data is not available.

L0:When acquiring a part for which the Government does not have necessary data with rights L0:to use in a specification or drawing for competitive acquisition, use one of the following L0:procedures:

L1:(1) When items of identical design are not required, the acquisition may still be L0:conducted through full and open competition by using a performance specification or other L0:similar technical requirement or purchase description that does not contain data with L0:restricted rights. Two methods are?

L1:(i) Two-step sealed bidding; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 17

L0:Defense FAR Supplement (DFARS) Part 217

L1:(ii) Brand name or equal purchase descriptions.

L1:(2) When other than full and open competition is authorized under FAR part 6, acquire L0:the part from the firm that developed or designed the item or process, or its licensees, L0:provided productive capacity and quality are adequate and the price is fair and reasonable.

L1:(3) When additional sources are needed and the procedures in paragraph (1) are not L0:practicable, consider the following alternatives:

L1:(i) Encourage the developer to license others to manufacture the parts;

L1:(ii) Acquire the necessary rights in data;

- L1:(iii) Use a leader company acquisition technique (FAR subpart 17.4) when complex
L0:technical equipment is involved and establishing satisfactory additional sources will require
L0:technical assistance as well as data; or
- L1:(iv) Incorporate a priced option in the contract that allows the Government to require
L0:the contractor to establish a second source.
- L1:(4) A design specification may be developed for competitive acquisition through reverse
L0:engineering. Contracting and requiring activities must not do reverse engineering unless?
- L1:(i) Significant cost savings can be demonstrated; and
- L1:(ii) The action is authorized by the head of the contracting activity.

L0:operation, follow the procedures at PGI 218.7001-7 concerning the use of electronic

L0:business tools.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 18

L0:Defense FAR Supplement (DFARS) Part 218

L0:PGI 218?EMERGENCY ACQUISITIONS

L0:PGI 218.70?AVAILABLE ACQUISITION FLEXIBILITIES

L0:PGI 218.7001 Additional acquisition flexibilities.

L0:PGI 218.7001-1 General emergency flexibilities.

L1:(a) Circumstances permitting other than full and open competition. Use of the authority

L0:at FAR 6.103-2, Unusual and compelling urgency, may be appropriate under certain

L0:circumstances. See PGI 206.

L1:(b) Use of advance Military Interdepartmental Purchase Request (MIPR). For

L0:urgent requirements, the advance MIPR may be transmitted electronically. See PGI

L0:208.

L1:(c) Use of the Governmentwide commercial purchase card. Governmentwide

L0:commercial purchase cards use is not required for purchases valued at or below the

L0:micro-purchase threshold if the place of performance is entirely outside the United

L0:States. See part 213.

L1:(d) Master agreement for repair and alteration of vessels. The contracting officer,

L0:without soliciting offers, may issue a written job order for emergency work to a

L0:contractor that has previously executed a master agreement, when delay would

L0:endanger a vessel, its cargo or stores, or when military necessity requires immediate

L0:work on a vessel. See part 217 and PGI 217.

L1:(e) Spare parts breakout program. An urgent immediate buy need not be delayed if

L0:an evaluation of the additional information cannot be completed in time to meet the

L0:required delivery date. See PGI 217.

L1:(f) Storage and disposal of toxic and hazardous materials. Under certain

L0:emergency situations, exceptions apply with regard to the prohibition on storage or
L0:disposal of non-DoD-owned toxic or hazardous materials on DoD installations. See part

L0:223.

L1:(g) Authorization Acts, Appropriations Acts, and other statutory restrictions on
L0:foreign acquisition. Acquisitions in the following categories are not subject to the
L0:restrictions of part 225, Restrictions on food, clothing, fabrics, specialty metals, and
L0:hand or measuring tools: (1) Acquisitions at or below the simplified acquisition
L0:threshold; (2) Acquisitions outside the United States in support of combat operations;
L1:(3) Acquisitions of perishable foods by or for activities located outside the United States
L0:for personnel of those activities; (4) Acquisitions of food, specialty metals, or hand or
L0:measuring tools in support of contingency operations, or for which the use of other than
L0:competitive procedures has been approved on the basis of unusual and compelling
L0:urgency in accordance with FAR part 6; (5) Emergency acquisitions by activities located
L0:outside the United States for personnel of those activities; and (6) Acquisitions by
L0:vessels in foreign waters. See part 225.

L1:(h) Rights in technical data. The agency head may notify a person asserting a
L0:restriction that urgent or compelling circumstances (e.g., emergency repair or overhaul)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 18
L0:Defense FAR Supplement (DFARS) Part 218

L0:do not permit the Government to continue to respect the asserted restriction. See part

L0:227.

L1:(i) Tax exemption in Spain. If copies of a contract are not available and duty-free
L0:import of equipment or materials is urgent, the contracting officer may send the Joint
L0:United States Military Group copies of the Letter of Intent or a similar document
L0:indicating the pending award. See PGI 229.

L1:(j) Electronic submission and processing of payment requests. Exceptions to the
L0:use of Wide Area WorkFlow are at part 232.

L1:(k) Mortuary services. In an epidemic or other emergency, the contracting activity
L0:may obtain services beyond the capacity of the contractor's facilities from
L0:other sources. See part 237.

L0:PGI 218.7001-2 Contingency operations.

L1:(a) Selecting appointing, and terminating the appointment for contracting officers. See
L0:part 201 and DoD Instruction 5000.6 for waivers to the contracting officer qualification
L0:requirements pertaining to baccalaureate degrees.

L1:(b) Policy for item unique identification. Contractors will not be required to provide DoD
L0:item unique identification if the items, as determined by the head of the contracting activity,
L0:are to be used to support a contingency operation. See part 211.

L1:(c) Use of the Governmentwide commercial purchase card. Governmentwide
L0:commercial purchase cards use is not required for purchases valued at or below the micro-
L0:purchase threshold if the purchase or payment is for an overseas transaction by a
L0:contracting officer in support of a contingency operation, or for training exercises in
L0:preparation for overseas contingency, humanitarian, or peacekeeping operations. See part

L0:213.

L1:(d) Governmentwide commercial purchase card. A contracting office supporting a

L0:contingency operation or a humanitarian or peacekeeping operation may use the L0:Governmentwide commercial purchase card to make a purchase that exceeds the micro-L0:purchase threshold but does not exceed the simplified acquisition threshold if certain L0:conditions are met. See part 213.

L1:(e) Imprest funds and third party drafts. Imprest funds are authorized for use without L0:further approval for overseas transactions at or below the micro-purchase threshold in L0:support of a contingency operation or a humanitarian or peacekeeping operation. See part **L0:213.**

L1:(f) Standard Form (SF) 44, Purchase Order-Invoice-Voucher. SF 44s may be used for L0:purchases not exceeding the simplified acquisition threshold for overseas transactions by L0:contracting officers in support of a contingency operation or a humanitarian or peacekeeping L0:operation. See part 213.

L1:(g) Only one offer. The requirements at sections 215.371-2 do not apply to L0:acquisitions, as determined by the head of the contracting activity, in support of a L0:contingency operation. See 215.371-4(a)(2).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 18
L0:Defense FAR Supplement (DFARS) Part 218

L1:(h) Approval of determination and findings for time-and-materials or labor-hour L0:contracts. The approval requirements in subpart 216.6 do not apply to contracts that, L0:as determined by the head of the contracting activity, support contingency.

L1:(i) Undefined contract actions. The head of the agency may waive certain limitations L0:for undefined contract actions if the head of the agency determines that the waiver is L0:necessary to support a contingency operation or a humanitarian or peacekeeping operation. L0:See part 217.

L1:(j) Prohibited sources. DoD personnel are authorized to make emergency acquisitions L0:in direct support of U.S. or allied forces deployed in military contingency, humanitarian, or L0:peacekeeping operations in a country or region subject to economic sanctions administered L0:by the Department of the Treasury, Office of Foreign Assets Control. See part 225.

L1:(k) Authorization Acts, Appropriations Acts, and other statutory restrictions on foreign L0:acquisition. Acquisitions in the following categories are not subject to the restrictions of 225, L0:Restrictions on food, clothing, fabrics, specialty metals, and hand or measuring tools: (1) L0:Acquisitions at or below the simplified acquisition threshold; (2) Acquisitions outside the L0:United States in support of combat operations; (3) Acquisitions of perishable foods by or for L0:activities located outside the United States for personnel of those activities; (4) Acquisitions L0:of food, specialty metals, or hand or measuring tools in support of contingency operations, L0:or for which the use of other than competitive procedures has been approved on the basis of L0:unusual and compelling urgency in accordance with FAR part 6; (5) Emergency acquisitions L0:by activities located outside the United States for personnel of those activities; and (6) L0:Acquisitions by vessels in foreign waters. See part 225.

L1:(l) Electronic submission and processing of payment requests. Contractors do not have L0:to submit payment requests in electronic form for contracts awarded by deployed L0:contracting officers in the course of military operations, including contingency operations or L0:humanitarian or peacekeeping operations. See part 232.

L0:PGI 218.7001-3 Defense or recovery from certain events.

L0:For acquisitions that, as determined by the head of the contracting activity, are to

L0:facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to facilitate provision of international disaster assistance; or to support response to an emergency or major disaster, the following requirements do not apply:

L1:(a) Policy for unique item identification. Contractors are not required to provide DoD unique item identification if the items are to be used to facilitate defense against or recovery from nuclear, biological, chemical, or radiological attack. However, contractors are not exempt from this requirement if the items are to be used to facilitate defense against or recovery from cyber attack. See part 211.

L1:(b) Only one offer requirements. See subpart 215.3.

L1:(c) Approval of determination and findings for time-and-materials or labor-hour contracts. See subpart 216.6.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 18

L0:Defense FAR Supplement (DFARS) Part 218

L0:PGI 218.7001-4 Emergency declaration or major disaster declaration.

L1:(a) Establishing or maintaining alternative sources. PGI contains a sample format for Determination and Findings citing the authority of FAR part 6, regarding exclusion of a particular source in order to establish or maintain an alternative source or sources. Alternate 2 of the sample format addresses having a supplier available for furnishing supplies or services in case of a national emergency. See PGI 206.

L1:(b) Electronic submission and processing of payment requests. Contractors do not have to submit payment requests in electronic form for contracts awarded by contracting officers in the conduct of emergency operations, such as responses to natural disasters or national or civil emergencies. See part 232.

L0:PGI 218.7001-5 Humanitarian or peacekeeping operation.

L0:The following requirements do not apply to acquisitions that, as determined by the head of the contracting activity, are in support of humanitarian or peacekeeping operations:

L1:(a) Policy for item unique identification. See part 211.

L1:(b) Only one offer requirements at sections. See subpart 215.3.

L1:(c) Approval of determination and findings for time-and-materials or labor-hour contracts. See subpart 216.6.

L0:PGI 218.7001-6 Head of contracting activity determinations.

L1:(a) The term "head of the agency" is replaced with "head of the contracting activity," in the following locations:

L1:(1) FAR 2.101: definition of "simplified acquisition threshold."

L1:(2) FAR part 12: Treatment as a commercial product or service.

L1:(3) FAR part 13.

L1:(4) FAR part 18: Micro-purchase threshold and simplified acquisition threshold.

L1:(b) The term "head of the executive agency" and "head of the contracting activity" have the following meaning.

L1:(1) Head of the executive agency means the Secretary, unless otherwise indicated.

L1:(2) Head of the contracting activity means the official who has overall responsibility for managing the contracting activity.]

L0:PGI 218.7001-7 Use of electronic business tools.

L1:(a) Use of electronic business (e-business) acquisition tools greatly enhances the

L0:efficacy of the contracting process in emergency-type operations (ETOs). ETOs can benefit
L0:from specific tools, policies, roles and responsibilities, and processes necessary to
L0:streamline delivery of goods and services to the end user. ETOs also can benefit from
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 18
L0:Defense FAR Supplement (DFARS) Part 218
L0:implementing an e-business program with the capabilities necessary to support an end-to-
L0:end electronic acquisition process in order to quickly obtain goods and services for the
L0:warfighter in an operational area. For additional information and resources pertaining to
L0:contingency e-business tools, see the Defense Pricing, Contracting, and Acquisition Policy
L0:contingency contracting resources page at: [https://www.acq.osd.mil/asda/dpc/cp/cc/cc-](https://www.acq.osd.mil/asda/dpc/cp/cc/cc-resources.html)
L0:resources.html.

L1:(b) Use of the following contingency e-business tools is mandatory when automating the
L0:respective acquisition process during a contingency or humanitarian or peacekeeping
L0:operation:

L1:(1) The 3in1 Tool. The 3in1 Tool automates the field order, receipt, and purchase
L0:processes previously executed manually using the paper Standard Form (SF) 44. The 3in1
L0:handheld device records and transmits cash and carry type purchases and payment data to
L0:the prime database for remote reconciliation and review, when conducting on-the-spot, over-
L0:the-counter field purchases where use of the Government Purchase Card is appropriate, but
L0:not feasible. The 3in1 database may be accessed on the Joint Contingency and
L0:Expeditionary Services (JCXS) website at <https://www.jccs.gov/JCCSCOE>.

L1:(2) The Acquisition Cross-Servicing Agreements (ACSA) Global Automated
L0:Tracking and Reporting System (AGATRS). AGATRS is an automated tool that tracks and
L0:provides visibility into worldwide ACSAs that may satisfy a requirement through support from
L0:the host nation or other nations supporting the operation. ACSA transactions that are used
L0:in support of contingency or humanitarian or peacekeeping operations are required to be
L0:documented and tracked in AGATRS as required by the Chairman of the Joint Chiefs of
L0:Staff Instruction 2120.01D, Acquisition and Cross Servicing Agreements
L0:(<https://www.jcs.mil/Portals/36/Documents/Library/Instructions/CJCSI%202120.01E.pdf>).
L0:AGATRS is accessible on the JCXS website at <https://www.jccs.gov/JCCSCOE>.

L1:(c) No other electronic tools may be used to fulfill the same capabilities as 3in1 and

L0:AGATRS.

L1:(d) See PGI 225 regarding use of the Theater Business Clearance e-business tool.

PART 19

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

219.101 Small business goals

Status: active

L0:219.101 Small business goals.

L2:(b)(2) See PGI 205.002-70(b) for details on advertising a small business event on the

L0:Government point of entry.

219.102 Coordination

Status: active

L0:219.102 Coordination.

L1:(a) The contracting activity small business specialist is the primary point of contact

L0:for communication with the SBA. See PGI 219.102(a) for further information.

L2:(d)(i) Unless the contracting activity requests a review, SBA procurement center

L0:representatives will not review acquisitions conducted by or for DoD if the acquisition

L0:is?

L1:(A) For foreign military sales (see 225.7300);

L1:(B) In support of humanitarian and civic assistance;

L1:(C) In support of a contingency operation;

L1:(D) Awarded pursuant to a Status of Forces Agreement or other agreement

L0:with the government of a foreign country in which U.S. Armed Forces are deployed; or

L1:(E) Both awarded and performed outside the United States and its outlying

L0:areas.

L1:(ii) As used in this section, ?Humanitarian and civic assistance? means any of

L0:the following activities carried out in conjunction with authorized military operations in

L0:a foreign country:

L1:(A) Medical, surgical, dental, and veterinary care provided in areas of a

L0:country that are rural or underserved by professionals in those fields, including

L0:education, training, and technical assistance related to the care provided.

L1:(B) Construction of rudimentary surface transportation systems.

L1:(C) Well drilling and construction of basic sanitation facilities.

L1:(D) Rudimentary construction and repair of public facilities (10 U.S.C.

L0:401(e)).

L2:(f)(1) The head of the contracting activity may not delegate this authority lower

L0:than the chief of the contracting office.

L1:(g) See PGI 219.102(g)(1) for review and recommendation procedures, including

L0:dollar thresholds.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

219.104 Small business set-asides

Status: active

L0:219.104 Small business set-asides.

219.104-1 Total small business set-asides

Status: active

L0:219.104-1 Total small business set-asides.

L1:(a) The requirements at FAR 19.104-1(a) and (b) apply to acquisitions for?

L1:(i) Construction, including maintenance and repairs, under \$3.5 million;

L1:(ii) Dredging under \$2 million; and

L1:(iii) Architect-engineer services for military construction or family housing

L0:projects under \$1 million (10 U.S.C. 2855).

L1:(c) The requirement at FAR 19.104-1(a) does not apply to acquisitions?

L1:(i) For supplies that were developed and financed, in whole or in part, by

L0:Canadian sources under the U.S.-Canadian Defense Development Sharing Program; or

L1:(ii) Excluded from procurement center representative review (see

L0:219.102(d)(i).

219.104-70 Set asides for religious-related services

Status: active

L0:219.104-70 Set asides for religious-related services.

L1:(a) When acquiring religious-related services for a U.S. military base, allow

L0:nonprofit organizations to compete on set-asides for small business concerns and avoid

L0:using sole-source exceptions.

L1:(b) If the apparently successful offeror does not identify as a small business, verify

L0:that it is registered in SAM as a nonprofit organization.

L1:(c) Insert the provision at 252.219-7012, Competition for Religious-Related Services,

L0:in solicitations, including solicitations using FAR part 12 procedures for the acquisition

L0:of commercial services, for religious-related services to be performed on U.S. military

L0:installations, when the acquisition is set aside for any of the small business concerns

L0:identified in FAR 19.000(a)(3).

219.108 Contracting with the Small Business Administration (the 8(a))

Status: active

L0:219.108 Contracting with the Small Business Administration (the 8(a) L0:Program).

219.108-1 General

Status: active

L0:219.108-1 General.

L2:(d)(i) The SBA has delegated its authority under 15 U.S.C. 637(a)(1) to the Under L0:Secretary of Defense (Acquisition and Sustainment) to award 8(a) contracts to eligible L0:8(a) participants. This delegation, based on a Partnership Agreement (PA) between the L0:SBA and DoD, redelegates this authority to DoD contracting officers and only covers L0:contract signing on the SBA's behalf. The SBA remains the prime contractor, L0:determines eligibility, and retains appeal rights. The PA, including its expiration date, L0:is available at PGI 219.108-1.

L1:(ii) Contracts awarded on either a sole source or competitive basis under the L0:PA may be awarded directly to the 8(a) participant; an SBA signature on the contract is L0:not required.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(iii) Notwithstanding the PA, contracting officers may award a contract

L0:following the procedures at FAR 19.108 and 19.208.

219.108-3 Selecting acquisitions for the 8(a) Program

Status: active

L0:219.108-3 Selecting acquisitions for the 8(a) Program.

L0:Follow the procedures at PGI 219.108-3 when selecting acquisitions for the 8(a)

L0:Program.

219.108-4 Evaluation, offering, and acceptance

Status: active

L0:219.108-4 Evaluation, offering, and acceptance.

L0:Follow the procedures at PGI 219.108-4 when processing requirements under the PA.

219.108-7 Competitive 8(a) and sole source 8(a) policy

Status: active

L0:219.108-7 Competitive 8(a) and sole source 8(a) policy.

L2:(b)(i) For acquisitions exceeding the competitive threshold (see FAR 19.108-7(a)(2)),

L0:the SBA may accept the requirement for a sole source 8(a) award on behalf of a small

L0:business concern owned by a Native Hawaiian Organization (Section 8020 of Pub. L.

L0:109-148).

L1:(ii) ?Native Hawaiian Organization,? as used in this section, means any
L0:community service organization serving Native Hawaiians in the State of Hawaii that
L0:is a not-for-profit organization chartered by the State of Hawaii, controlled by Native
L0:Hawaiians, and whose business activities will principally benefit Native Hawaiians (15
L0:U.S.C. 637(a)(15) and 13 CFR 124.3).

219.108-10 Contract clauses

Status: active

L0:219.108-10 Contract clauses.

L1:(1) Insert the clause at 252.219-7009, Section 8(a) Direct Award, instead of
L0:clauses FAR 52.219-11, Special 8(a) Contract Conditions, FAR 52.219-12, Special 8(a)
L0:Subcontract Conditions, and FAR 52.219-17, Section 8(a) Award, in solicitations and
L0:contracts processed in accordance with the PA.

L1:(2) Insert the clause at 252.219-7010, Notification of Competition Limited to
L0:Eligible 8(a) Participants?Partnership Agreement, instead of the clause at FAR
L0:52.219-18, Notification of Competition Limited to Eligible 8(a) Participants, in
L0:competitive solicitations and contracts, including those using FAR part 12 procedures
L0:for the acquisition of commercial products and commercial services, when the
L0:acquisition is accomplished using the procedures of FAR 19.108-7 and processed in
L0:accordance with the PA.

L1:(3) Insert the clause at 252.219-7011, Notification to Delay Performance, in
L0:solicitations and purchase orders issued under the PA.

219.109 Small business subcontracting plans

Status: active

L0:219.109 Small business subcontracting plans.

L3:(e)(2)(A) Insert the clause at 252.219-7996 , Small Business Subcontracting Plan
L0:(DoD Contracts), in solicitations and contracts, including those using FAR part 12
L0:procedures for the acquisition of commercial products and commercial services, that
L0:contain the clause at FAR 52.219-9, Small Business Subcontracting Plan.
L0:alternate I, or alternate II of FAR 52.219-9.

L1:(1) Insert the basic clause at 252.219-7996, when using the basic,
L0:Alternate III of FAR 52.219-9.

L1:(2) Use the alternate I clause at 252.219-7996, when using
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219
L0:Demonstration Project described at 226.72.

L1:(3) Use the alternate II clause at 252.219-7996 when using the
L1:(B) For contracts with comprehensive subcontracting plans approved
L0:under the Test Program described in 219.206-70, including contracts using FAR part 12

L0:procedures for the acquisition of commercial products and commercial services, insert
L0:the clause at 252.219-7997, Small Business Subcontracting Plan (Test Program),
L0:instead of the clauses at?
L0:Contracts);
L1:(1) 252.219-7996 , Small Business Subcontracting Plan (DoD
L1:(2) FAR 52.219-9, Small Business Subcontracting Plan; and
L1:(3) FAR 52.219-16, Liquidated Damages?Subcontracting Plan.
L1:(f) Do not use the clause at FAR 52.219-10, Incentive Subcontracting Program, in
L0:contracts with comprehensive subcontracting plans approved under the Test Program
L0:described in 219.206-70.

219.110 Price evaluation preference for HUBZone small business concerns

Status: active

L0:219.110 Price evaluation preference for HUBZone small business concerns.
L1:(a) In tiered evaluations, do not apply the price evaluation preference until a tier is
L0:reached where offers from other than small businesses are being considered.

219.170 Advancing small business growth

Status: active

L0:219.170 Advancing small business growth.
L0:Insert the provision at 252.219-7000, Advancing Small Business Growth, in solicitations
L0:when the estimated annual value of the contract is expected to exceed?
L1:(a) The small business size standard, if expressed in dollars, for the North American
L0:Industry Classification System (NAICS) code assigned by the contracting officer; or
L1:(b) \$70 million, if the small business size standard is expressed as number of
L0:employees for the NAICS code assigned by the contracting officer.

219.204 Certificate of Competency

Status: active

L0:219.204 Certificate of Competency.
L0:When making a nonresponsibility determination for a small business concern, follow
L0:the procedures at PGI 219.204.

219.206 Evaluating small business subcontracting plans

Status: active

L0:219.206 Evaluating small business subcontracting plans.

219.206-3 Reviewing the subcontracting plan

Status: active

L0:219.206-3 Reviewing the subcontracting plan.

L0:The contracting officer may use the checklist at PGI 219.206-3 when reviewing

L0:subcontracting plans in accordance with FAR 19.206-3. The checklist does not apply to

L0:the DoD Test Program for Negotiation of Comprehensive Small Business

L0:Subcontracting Plans (219.206-70).

219.206-70 Test Program for Negotiation of Comprehensive Small Business

Status: active

L0:219.206-70 Test Program for Negotiation of Comprehensive Small Business

L0:Subcontracting Plans.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L2:(a)(1) Test Program. In accordance with 15 U.S.C. 637 note, the DoD Test Program

L0:for Negotiation of Comprehensive Small Business Subcontracting Plans (Test Program)

L0:aims to determine whether comprehensive subcontracting plans on a corporate,

L0:division, or plant-wide basis will reduce administrative burdens while enhancing

L0:subcontracting opportunities for small and small disadvantaged business concerns.

L1:(2) Expiration date. The Test Program expires on December 31, 2027.

L1:(b) Eligibility requirements. To become and remain an eligible participant in the

L0:Test Program, a business concern must have furnished supplies or services (including

L0:construction) under at least three DoD contracts during the preceding fiscal year with a

L0:minimum aggregate value of \$100 million.

L1:(c) Comprehensive subcontracting plans.

L1:(1) The Defense Contract Management Agency will designate a contracting

L0:officer to negotiate, approve, and monitor compliance of a comprehensive subcontracting

L0:plan with an eligible participant on an annual basis.

L1:(2) Test Program participants use their comprehensive subcontracting plans, in

L0:lieu of individual subcontracting plans, when performing any DoD contract or

L0:subcontract that requires a subcontracting plan.

219.208 Evaluating and awarding under the 8(a) Program

Status: active

L0:219.208 Evaluating and awarding under the 8(a) Program.

219.208-1 Procedures for competitive 8(a)

Status: active

L0:219.208-1 Procedures for competitive 8(a).

L2:(b)(1) For requirements processed under the PA, follow the procedures at PGI
L0:219.208-1(b)(1)(A) for requesting eligibility determinations.

219.208-2 Contract negotiation

Status: active

L0:219.208-2 Contract negotiation.

L0:For sole-source requirements processed under the PA, follow the procedures at PGI

L0:219.208-2.

L2:(a)(1) In lieu of the threshold at FAR 19.208-2(a), the SBA may not accept for

L0:negotiation a DoD sole-source 8(a) contract that exceeds \$150 million unless the DoD

L0:has completed a justification in accordance with the requirements of FAR 6.104 and

L0:206.104-70.

219.208-3 Pricing the 8(a) contract

Status: active

L0:219.208-3 Pricing the 8(a) contract.

L1:(a) For requirements processed under the PA?

L1:(i) Obtain certified cost or pricing data from the 8(a) contractor, if required

L0:by FAR subpart 15.4; and

L1:(ii) SBA concurrence in the negotiated price is not required. However,

L0:notify the SBA prior to withdrawing a requirement from the 8(a) Program due to failure

L0:to agree on price or other terms and conditions, the . Such notification is not required

L0:for purchase orders not exceeding the simplified acquisition threshold.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

219.208-7 Preparing the contracts

Status: active

L0:219.208-7 Preparing the contracts.

L0:When preparing contracts under the PA, follow the procedures at PGI 219.208-7.

219.301 Small business size rerepresentations

Status: active

L0:219.301 Small business size rerepresentations.

L1:(c) Follow the procedures at PGI 204.301 for reporting modifications for

L0:rerepresentation actions.

219.302 Small business subcontracting plans

Status: active

L0:219.302 Small business subcontracting plans.

219.302-2 Compliance with the plan

Status: active

L0:219.302-2 Compliance with the plan.

L1:(a) See PGI 219.302-2 for guidance on reviewing subcontracting reports.

L2:(1)(A) In accordance with 10 U.S.C. 3903, section 9077 of Pub. L. 102-396, and

L0:subsequent Defense appropriations acts, subcontracts awarded to qualified nonprofit

L0:agencies (NPA) approved by the Committee for Purchase from People Who Are Blind or

L0:Severely Disabled (41 U.S.C. chapter 85) may be counted toward the prime contractor's

L0:small business subcontracting goal.

L1:(B) Unless the prime contractor has reason to question the representations,

L0:it may accept a subcontractor's written representations of its status as a qualified NPA

L0:approved by the Committee for Purchase from People Who Are Blind or Severely

L0:Disabled, or a historically black college or university or minority institution.

L1:(2) With respect to subcontracting plans approved under the Test Program for

L0:Negotiation of Comprehensive Small Business Subcontracting Plans (see 219.206-70),

L0:the designated contracting officer will conduct a compliance review during the fiscal

L0:year after the close of the fiscal year for which the plan is applicable by comparing the

L0:approved percentage or dollar goals to the total, actual subcontracting dollars covered

L0:by the comprehensive subcontracting plan. The requirements at FAR 19.302-2(b) and

L1:(c) apply to compliance assessments of comprehensive subcontracting plans.

L1:(e) If a prime contractor listed a small business subcontractor in its bid or proposal

L0:and replaces that small business with an other than small business, it must notify the

L0:administrative contracting officer in writing within a reasonable amount of time after

L0:the subcontract is awarded.

219.7100 Scope

Status: active

L0:219.7100 Scope.

L0:This subpart implements the DoD Mentor-Protégé Program (referred to as the

L0:Program) to incentivize DoD contractors to help protégé firms grow their capabilities

L0:and increase participation in Government and commercial contracts (10 U.S.C. 4902).

219.7101 Policy

Status: active

L0:219.7101 Policy.

L0:See Appendix I, Policy and Procedures for the DoD Mentor-Protégé Program, for DoD
L0:policy and procedures for implementing the Program.

219.7102 General

Status: active

L0:219.7102 General.

L0:The Program provides?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(a) Mentor-protégé agreements that establish a developmental assistance program

L0:for a protégé firm; and

L1:(b) Incentives for mentor firms that include?

L1:(1) Reimbursement for developmental assistance costs through?

L1:(i) A separately priced line item on a DoD contract; or

L1:(ii) A separate contract, if the Director, OSBP, of the cognizant military

L0:department or defense agency determines in writing that unusual circumstances justify

L0:reimbursement using a separate contract; or

L1:(2) Credit toward applicable subcontracting goals, established under a

L0:subcontracting plan negotiated under FAR 19.206 or under the DoD Comprehensive

L0:Subcontracting Test Program, for developmental assistance costs that are not

L0:reimbursed.

219.7103 Contracting officer responsibilities

Status: active

L0:219.7103 Contracting officer responsibilities.

L1:(a) Negotiate an advance agreement on the treatment of developmental assistance

L0:costs for either credit or reimbursement if the mentor firm proposes such an agreement,

L0:or delegate authority to negotiate to the administrative contracting officer (see FAR

L0:31.110).

L1:(b) Modify applicable contract(s) to incorporate the clause at 252.232-7005,

L0:Reimbursement of Subcontractor Advance Payments?DoD Mentor-Protégé Program,

L0:without consideration, when a mentor firm provides advance payments to a protégé

L0:firm under the Program and the mentor firm requests reimbursement of advance

L0:payments.

L1:(c) Modify, without consideration, applicable contract(s) to incorporate other than

L0:customary progress payments for protégé firms in accordance with FAR 32.504(c) if a

L0:mentor firm provides such payments to a protégé firm and the mentor firm requests

L0:reimbursement.

L1:(d) Modify applicable contract(s) to establish a line item for reimbursement of

L0:developmental assistance costs if?

L1:(1) A DoD program manager or the Director, OSBP, of the cognizant military

L0:department or defense agency has made funds available for that purpose; and
L1:(2) The contractor has an approved mentor-protégé agreement.
L1:(e) Negotiate and award a separate contract for reimbursement of developmental
L0:assistance costs only if?
L1:(1) Funds are available for that purpose;
L1:(2) The contractor has an approved mentor-protégé agreement; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219
L1:(3) The Director, OSBP, of the military department or defense agency has made
L0:a determination in accordance with 219.7102(b)(1)(ii).
L1:(f) Do not authorize reimbursement for costs of assistance furnished to a protégé
L0:firm in excess of \$1 million in a fiscal year unless a written determination from the
L0:Director, OSBP, of the military department or defense agency is obtained.
L1:(g) Advise contractors of reporting requirements in Appendix I.
L1:(h) Provide a copy of the approved mentor-protégé agreement to the Defense
L0:Contract Management Agency (DCMA) small business professional responsible for
L0:conducting the annual performance review (see Appendix I, section I-113).

219.7104 Developmental assistance costs eligible for reimbursement or credit

Status: active

L0:219.7104 Developmental assistance costs eligible for reimbursement or credit.
L1:(a) Developmental assistance under a mentor-protégé agreement must be separate
L0:from, and not replicate, typical subcontract administration. The mentor firm must
L0:charge subcontract costs according to its standard accounting practices. Appendix I
L0:lists reimbursable mentor firm costs.
L1:(b) For mentor-protégé agreements before December 23, 2022, eligible
L0:developmental assistance costs incurred by September 30, 2026, can be credited toward
L0:subcontracting goals. For agreements on or after December 23, 2022, eligible
L0:developmental assistance costs may be credited toward subcontracting goals. See
L0:Appendix I.

219.7105 Reporting

Status: active

L0:219.7105 Reporting.
L0:Mentor and protégé firms are required to report on the progress made under mentor-
L0:protégé agreements (See Appendix I, section I-112).

219.7106 Performance reviews

Status: active

L0:219.7106 Performance reviews.

L0:DCMA will conduct annual performance reviews of all mentor-protégé agreements as indicated in Appendix I, Section I-113. The determinations made in these reviews contribute to the determinations of amounts of reimbursement, if any, that the mentor firm is eligible to receive in the remaining years of the Program participation term under the agreement.

252.219-7000 Advancing Small Business Growth

Status: active

L0:252.219-7000 Advancing Small Business Growth.

L0:As prescribed in 219.170(a), use the following provision:

L0:ADVANCING SMALL BUSINESS GROWTH (JUN 2023)

L1:(a) This provision implements 10 U.S.C. 4959.

L1:(b) The Offeror acknowledges by submission of its offer that by acceptance of the

L0:contract resulting from this solicitation, the Offeror may exceed the applicable small

L0:business size standard of the North American Industry Classification System (NAICS)

L0:code assigned to the contract and would no longer qualify as a small business concern

L0:for that NAICS code. Small business size standards matched to industry NAICS codes

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:are published by the Small Business Administration and are available at 13 CFR

121.201 and <https://www.sba.gov/document/support-table-size-standards>. The Offeror

Status: active

L0:121.201 and <https://www.sba.gov/document/support-table-size-standards>. The Offeror

L0:is therefore encouraged to develop the capabilities and characteristics typically desired

L0:in contractors that are competitive as other-than-small contractors in this industry.

L1:(c) For procurement technical assistance, the Offeror may contact the nearest APEX

L0:Accelerator. APEX Accelerator locations are available at

L0:<https://www.apexaccelerators.us>.

L0:(End of provision)

252.219-7996 Small Business Subcontracting Plan (DoD Contracts)

Status: active

L0:252.219-7996 Small Business Subcontracting Plan (DoD Contracts).

L0:(DEVIATION 2026-O0037)

L0:Basic. As prescribed in 219.109(e)(2)(A)(1), use the following clause:

L0:SMALL BUSINESS SUBCONTRACTING PLAN (DOD CONTRACTS)?BASIC

L0:(DEVIATION 2026-O0037) (FEB 2026)

L0:This clause supplements the Federal Acquisition Regulation 52.219-9, Small Business

L0:Subcontracting Plan, clause of this contract.

L1:(a) Definitions. As used in this clause?

L0:Summary Subcontract Report (SSR) Coordinator? means the individual who is
 L0:registered in the Electronic Subcontracting Reporting System (eSRS) at the
 L0:Department of Defense level and is responsible for acknowledging receipt or rejecting
 L0:SSRs submitted under an individual subcontracting plan in eSRS for the Department of
 L0:Defense.

L1:(b) Subcontracts awarded to qualified nonprofit agencies designated by the
 L0:Committee for Purchase From People Who Are Blind or Severely Disabled (41 U.S.C.
 L0:8502-8504), may be counted toward the Contractor?s small business subcontracting
 L0:goal.

L1:(c) A mentor firm, under the Pilot Mentor-Protege Program established under
 L0:section 831 of Public Law 101-510, as amended, may count toward its small
 L0:disadvantaged business goal, subcontracts awarded to?

L1:(1) Protege firms which are qualified organizations employing the severely
 L0:disabled; and

L1:(2) Former protege firms that meet the criteria in section 831(g)(4) of Public
 L0:Law 101-510.

L1:(d) The master plan is approved by the Contractor's cognizant contract
 L0:administration activity.

L1:(e) In those subcontracting plans which specifically identify small businesses, the
 L0:Contractor shall notify the Administrative Contracting Officer of any substitutions of
 L0:firms that are not small business firms, for the small business firms specifically
 L0:identified in the subcontracting plan. Notifications shall be in writing and shall occur
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
 L0:Defense FAR Supplement (DFARS) Part 219
 L0:within a reasonable period of time after award of the subcontract. Contractor-specified
 L0:formats shall be acceptable.

L2:(f)(1) For DoD, the Contractor shall submit reports in eSRS as follows:

L1:(i) Submit the Individual Subcontract Report (ISR) to the contracting officer
 L0:at the procuring contracting office, even when contract administration has been
 L0:delegated to the Defense Contract Management Agency.

L1:(ii) Submit the consolidated SSR for an individual subcontracting plan to
 L0:the ?Department of Defense.?

L1:(2) For DoD, the authority to acknowledge receipt or reject reports in eSRS is as
 L0:follows:

L1:(i) The authority to acknowledge receipt or reject the ISR resides with the
 L0:contracting officer who receives it, as described in paragraph (f)(1)(i) of this clause.

L1:(ii) The authority to acknowledge receipt of or reject SSRs submitted under
 L0:an individual subcontracting plan resides with the SSR Coordinator.

L1:(g) Insert the clause at Defense Federal Acquisition Regulation Supplement
 L1:(DFARS) 252.219-7997, Small Business Subcontracting Plan (Test Program), in
 L0:subcontracts with subcontractors that participate in the Test Program described in
 L0:DFARS 219.206-70, if the subcontract is expected to exceed the applicable threshold
 L0:specified in Federal Acquisition Regulation 19.109(a)(1) and to have further
 L0:subcontracting opportunities.

L0:(End of clause)

L0:Alternate I. As prescribed in 219.109(e)(2)(A)(2), use the following clause, which uses

L0:a different paragraph (f) than the basic clause.

L0:SMALL BUSINESS SUBCONTRACTING PLAN (DOD CONTRACTS)?ALTERNATE

L0:I (DEVIATION 2026-00037) (FEB 2026)

L0:This clause supplements the Federal Acquisition Regulation 52.219-9, Small Business

L0:Subcontracting Plan, clause of this contract.

L1:(a) Definitions. As used in this clause?

L0:?Summary Subcontract Report (SSR) Coordinator? means the individual who is

L0:registered in the Electronic Subcontracting Reporting System (eSRS) at the

L0:Department of Defense level and is responsible for acknowledging receipt or rejecting

L0:SSRs submitted under an individual subcontracting plan in eSRS for the Department of

L0:Defense.

L1:(b) Subcontracts awarded to qualified nonprofit agencies designated by the

L0:Committee for Purchase From People Who Are Blind or Severely Disabled (41 U.S.C.

L0:8502-8504), may be counted toward the Contractor?s small business subcontracting

L0:goal.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(c) A mentor firm, under the Pilot Mentor-Protege Program established under

L0:section 831 of Public Law 101-510, as amended, may count toward its small

L0:disadvantaged business goal, subcontracts awarded to?

L1:(1) Protege firms which are qualified organizations employing the severely

L0:disabled; and

L1:(2) Former protege firms that meet the criteria in section 831(g)(4) of Public

L0:Law 101-510.

L1:(d) The master plan is approved by the Contractor's cognizant contract

L0:administration activity.

L1:(e) In those subcontracting plans which specifically identify small businesses, the

L0:Contractor shall notify the Administrative Contracting Officer of any substitutions of

L0:firms that are not small business firms, for the small business firms specifically

L0:identified in the subcontracting plan. Notifications shall be in writing and shall occur

L0:within a reasonable period of time after award of the subcontract. Contractor-specified

L0:formats shall be acceptable.

L2:(f)(1) For DoD, the Contractor shall submit reports in eSRS as follows:

L1:(i) The Standard Form 294, Subcontracting Report for Individual Contracts,

L0:shall be submitted in accordance with the instructions on that form.

L1:(ii) Submit the consolidated SSR to the ?Department of Defense.?

L1:(2) For DoD, the authority to acknowledge receipt of or reject SSRs submitted

L0:under an individual subcontracting plan in eSRS resides with the SSR Coordinator.

L1:(g) Insert the clause at Defense Federal Acquisition Regulation Supplement

L1:(DFARS) 252.219-7997, Small Business Subcontracting Plan (Test Program), in

L0:subcontracts with subcontractors that participate in the Test Program described in

L0:DFARS 219.206-70, if the subcontract is expected to exceed the applicable threshold

L0:specified in Federal Acquisition Regulation 19.109(a)(1) and to have further
L0:subcontracting opportunities.

L0:(End of clause)

L0:Alternate II. As prescribed in 219.109(e)(2)(A)(3), use the following clause, which
L0:uses different paragraphs (a) and (b) than the basic clause.

**L0:SMALL BUSINESS SUBCONTRACTING PLAN (DOD CONTRACTS)?ALTERNATE
L0:II (DEVIATION 2026-O0037) (FEB 2026)**

L1:(a) Definitions. As used in this clause?

L0:Eligible contractor? means a business entity operated on a for-profit or nonprofit
L0:basis that?

L1:(1) Employs severely disabled individuals at a rate that averages not less than
L0:33 percent of its total workforce over the 12-month period prior to issuance of the
L0:solicitation;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219

L1:(2) Pays not less than the minimum wage prescribed pursuant to 29 U.S.C. 206
L0:to the employees who are severely disabled individuals; and

L1:(3) Provides, for its employees, health insurance and a retirement plan
L0:comparable to those provided for employees by business entities of similar size in its
L0:industrial sector or geographic region.

L0:Summary Subcontract Report (SSR) Coordinator? means the individual who is
L0:registered in the Electronic Subcontracting Reporting System (eSRS) at the
L0:Department of Defense level and is responsible for acknowledging receipt or rejecting
L0:SSRs submitted under an individual subcontracting plan in eSRS for the Department of
L0:Defense.

L2:(b)(1) Subcontracts awarded to qualified nonprofit agencies designated by the
L0:Committee for Purchase From People Who are Blind or Severely Disabled (41 U.S.C.
L0:8502-8504), may be counted toward the Contractor's small business subcontracting goal
L0:(section 8025 of Pub. L. 108-87).

L1:(2) Subcontracts awarded to eligible contractors under the Demonstration
L0:Project for Contractors Employing Persons with Disabilities (see Defense Federal
L0:Acquisition Regulation Supplement (DFARS) 226.72) may be counted toward the
L0:Contractor's small disadvantaged business subcontracting goal (section 853 of Pub. L.
L0:108-136, as amended by division H, section 110 of Pub. L. 108-199).

L1:(c) A mentor firm, under the Pilot Mentor-Protege Program established under
L0:section 831 of Public Law 101-510, may count toward its small disadvantaged business
L0:goal, subcontracts awarded to?

L1:(1) Protege firms which are qualified organizations employing the severely
L0:disabled; and

L1:(2) Former protege firms that meet the criteria in section 831(g)(4) of Public
L0:Law 101-510.

L1:(d) The master plan is approved by the cognizant contract administration activity
L0:for the Contractor.

L1:(e) In those subcontracting plans which specifically identify small businesses, the

L0:Contractor shall notify the Administrative Contracting Officer of any substitutions of L0:firms that are not small business firms, for the small business firms specifically L0:identified in the subcontracting plan. Notifications shall be in writing and shall occur L0:within a reasonable period of time after award of the subcontract. Contractor-specified L0:formats shall be acceptable.

L2:(f)(1) For DoD, the Contractor shall submit reports in eSRS as follows:

L1:(i) Submit the Individual Subcontract Report (ISR) to the contracting L0:officer at the procuring contracting office, even when contract administration has been L0:delegated to the Defense Contract Management Agency.

L1:(ii) Submit the consolidated SSR for an individual subcontracting plan to L0:the ?Department of Defense.?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(2) For DoD, the authority to acknowledge receipt or reject reports in eSRS is as L0:follows:

L1:(i) The authority to acknowledge receipt or reject the ISR resides with the L0:contracting officer who receives it, as described in paragraph (f)(1)(i) of this clause.

L1:(ii) The authority to acknowledge receipt of or reject SSRs submitted under L0:an individual subcontracting plan resides with the SSR Coordinator.

L1:(g) Include the clause at DFARS 252.219-7997, Small Business Subcontracting Plan L0:(Test Program), in subcontracts with subcontractors that participate in the Test L0:Program described in DFARS 219.206-70, if the subcontract is expected to exceed the L0:applicable threshold specified in Federal Acquisition Regulation 19.109(a)(1) and to L0:have further subcontracting opportunities.

L0:(End of clause)

252.219-7997 Small Business Subcontracting Plan (Test Program)

Status: active

L0:252.219-7997 Small Business Subcontracting Plan (Test Program).

L0:(DEVIATION 2026-O0037)

L0:As prescribed in 219.109(e)(2)(B), use the following clause:

L0:SMALL BUSINESS SUBCONTRACTING PLAN (TEST PROGRAM) (DEVIATION L0:2026-O0037) (FEB 2026)

L1:(a) Definitions. As used in this clause?

L0:?"Covered small business concern?" means a small business concern, veteran-owned L0:small business concern, service-disabled veteran-owned small business concern, L0:HUBZone small business concern, women-owned small business concern, or small L0:disadvantaged business concern, as these terms are defined in FAR 2.101.

L0:?"Electronic Subcontracting Reporting System (eSRS)?" means the Governmentwide, L0:electronic, web-based system for small business subcontracting program reporting.

L0:?"Failure to make a good faith effort to comply with a comprehensive subcontracting L0:plan?" means a willful or intentional failure to perform in accordance with the

L0:requirements of the Contractor?s approved comprehensive subcontracting plan or willful

L0:or intentional action to frustrate the plan.

L0:Subcontract? means any agreement (other than one involving an employer-

L0:employee relationship) entered into by a Federal Government prime Contractor or

L0:subcontractor calling for supplies or services required for performance of the contract or

L0:subcontract.

L1:(b) Test Program. The Contractor?s comprehensive small business subcontracting

L0:plan and its successors, which are authorized by and approved under the Test Program

L0:of 15 U.S.C. 637 note, as amended, shall be included in and made a part of this contract.

L0:Upon expulsion from the Test Program or expiration of the Test Program, the

L0:Contractor shall negotiate an individual subcontracting plan for all future contracts

L0:that meet the requirements of 15 U.S.C. 637(d).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(c) Eligibility requirements. To become and remain eligible to participate in the Test

L0:Program, a business concern is required to have furnished supplies or services

L0:(including construction) under at least three DoD contracts during the preceding fiscal

L0:year, having an aggregate value of at least \$100 million.

L1:(d) Reports.

L1:(1) The Contractor shall report semiannually for the 6-month periods ending

L0:March 31 and September 30, the information in paragraphs (d)(1)(i) through (v) of this

L0:section within 30 days after the end of the reporting period.

L1:(i) A list of contracts covered under its comprehensive small business

L0:subcontracting plan, to include the Commercial and Government Entity (CAGE) code

L0:and unique entity identifier.

L1:(ii) The amount of first-tier subcontract dollars awarded during the 6-month

L0:period covered by the report to covered small business concerns, with the information

L0:set forth separately by?

L1:(A) North American Industrial Classification System (NAICS) code;

L1:(B) Major defense acquisition program, as defined in 10 U.S.C. 4201;

L1:(C) Contract number, if the contract is for maintenance, overhaul,

L0:repair, servicing, rehabilitation, salvage, modernization, or modification of supplies,

L0:systems, or equipment, and the total value of the contract, including options, exceeds

L0:\$100 million; and

L1:(D) Military department.

L1:(iii) Total number of subcontracts active under the Test Program that would

L0:have otherwise required a subcontracting plan.

L1:(iv) Costs incurred in negotiating, complying with, and reporting on its

L0:comprehensive subcontracting plan.

L1:(v) Costs avoided through the use of a comprehensive subcontracting plan.

L1:(2) The Contractor shall?

L1:(i) Ensure that subcontractors with subcontracting plans agree to submit an

L0:Individual Subcontract Report (ISR) and/or Summary Subcontract Report (SSR) using

L0:the Electronic Subcontracting Reporting System (eSRS).

L1:(ii) Provide its contract number, its unique entity identifier, and the email

L0:address of the Contractor?s official responsible for acknowledging or rejecting the ISR to

L0:all first-tier subcontractors, who will be required to submit ISRs, so they can enter this
L0:information into the eSRS when submitting their reports.

L1:(iii) Require that each subcontractor with a subcontracting plan provide the

L0:prime contract number, its own unique entity identifier, and the email address of the

L0:subcontractor's official responsible for acknowledging or rejecting the ISRs to its

L0:subcontractors with subcontracting plans who will be required to submit ISRs.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(iv) Acknowledge receipt or reject all ISRs submitted by its subcontractors

L0:using eSRS.

L1:(3) The Contractor shall submit SSRs using eSRS. The reports shall provide

L0:information on subcontract awards to small business concerns, veteran-owned small

L0:business concerns, service-disabled veteran-owned small business concerns, HUBZone

L0:small business concerns, small disadvantaged business concerns, and women-owned

L0:small business concerns. Purchases from a corporation, company, or subdivision that is

L0:an affiliate of the prime Contractor or subcontractor are not included in these reports.

L0:Subcontract award data reported by prime contractors and subcontractors shall be

L0:limited to awards made to their immediate next-tier subcontractors. Credit cannot be

L0:taken for awards made to lower-tier subcontractors unless the Contractor or

L0:subcontractor has been designated to receive a small business or small disadvantaged

L0:business credit from a member firm of the Alaska Native Corporations or an Indian

L0:tribe. Only subcontracts involving performance in the U.S. or its outlying areas should

L0:be included in these reports.

L1:(i) This report may be submitted on a corporate, company, or subdivision

L0:(e.g., plant or division operating as a separate profit center) basis, as negotiated in the

L0:comprehensive subcontracting plan with the Defense Contract Management Agency.

L1:(ii) This report encompasses all subcontracting under prime contracts and

L0:subcontracts with the Department of Defense, regardless of the dollar value of the

L0:subcontracts, and is based on the negotiated comprehensive subcontracting plan.

L1:(iii) The report shall be submitted semi-annually for the six months ending

L0:March 31 and the twelve months ending September 30. Reports are due 30 days after

L0:the close of each reporting period.

L1:(iv) The authority to acknowledge receipt of or reject the SSR resides with

L0:the Defense Contract Management Agency.

L1:(e) Failure to comply. The failure of the Contractor or subcontractor to comply in

L0:good faith with the clause of this contract entitled "Utilization of Small Business

L0:Concerns," or an approved plan required by this clause, shall be a material breach of the

L0:contract.

L1:(f) Liquidated damages. The Contracting Officer designated to manage the

L0:comprehensive subcontracting plan will exercise the functions of the Contracting

L0:Officer, as identified in paragraphs (f)(1) through (4) of this clause, on behalf of all DoD

L0:departments and agencies that awarded contracts covered by the Contractor's

L0:comprehensive subcontracting plan.

L1:(1) To determine the need for liquidated damages, the Contracting Officer will

L0:conduct a compliance review during the fiscal year after the close of the fiscal year for

L0:which the plan is applicable. The Contracting Officer will compare the approved
 L0:percentage or dollar goals to the total, actual subcontracting dollars covered by the plan.
 L1:(2) If the Contractor has failed to meet its approved subcontracting goal(s), the
 L0:Contracting Officer will provide the Contractor written notice specifying the failure,
 L0:advising of the potential for assessment of liquidated damages, and permitting the
 L0:Contractor to demonstrate what good faith efforts have been made. The Contracting
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
 L0:Defense FAR Supplement (DFARS) Part 219
 L0:Officer may take the Contractor's failure to respond to the notice within 15 working
 L0:days (or longer period at the Contracting Officer's discretion) as an admission that no
 L0:valid explanation exists.
 L1:(3) If, after consideration of all relevant information, the Contracting Officer
 L0:determines that the Contractor failed to make a good faith effort to comply with the
 L0:comprehensive subcontracting plan, the Contracting Officer will issue a final decision to
 L0:the Contractor to that effect and require the Contractor to pay liquidated damages to
 L0:the Government in the amount identified in the comprehensive subcontracting plan.
 L1:(4) The Contractor shall have the right of appeal under the clause in this
 L0:contract entitled "Disputes" from any final decision of the Contracting Officer.
 L1:(g) Subcontracts. The Contractor shall include in subcontracts that offer
 L0:subcontracting opportunities, are expected to exceed the applicable threshold specified
 L0:in FAR 19.109(a)(1) on the date of subcontract award, and are required to include the
 L0:clause at FAR 52.219-8, Utilization of Small Business Concerns, the clauses at?
 L1:(1) FAR 52.219-9, Small Business Subcontracting Plan, and Defense Federal
 L0:Acquisition Regulation Supplement (DFARS) 252.219-7996, Small Business
 L0:Subcontracting Plan (DoD Contracts)-Basic;
 L1:(2) FAR 52.219-9, Small Business Subcontracting Plan, with its Alternate III,
 L0:and DFARS 252.219-7996, Small Business Subcontracting Plan (DoD Contracts)-
 L0:Alternate I, to allow for submission of SF 294s in lieu of ISRs; or
 L1:(3) DFARS 252.219-7997, Small Business Subcontracting Plan (Test Program),
 L0:in subcontracts with subcontractors that participate in the Test Program described in
L0:DFARS 219.206-70.
 L0:(End of clause)

252.219-7009 Section 8(a) Direct Award

Status: active

L0:252.219-7009 Section 8(a) Direct Award.
 L0:As prescribed in 219.108-10(1), use the following clause:
 L0:SECTION 8(a) DIRECT AWARD (OCT 2018)
 L1:(a) This contract is issued as a direct award between the contracting office and the
 L0:8(a) Contractor pursuant to the Partnership Agreement between the Small Business
 L0:Administration (SBA) and the Department of Defense. Accordingly, the SBA, even if
 L0:not identified in Section A of this contract, is the prime contractor and retains
 L0:responsibility for 8(a) certification, for 8(a) eligibility determinations and related issues,

L0:and for providing counseling and assistance to the 8(a) Contractor under the 8(a)

L0:Program. The cognizant SBA district office is:

L0:_____

L0:_____

L0:_____

L0:_____

L0:[To be completed by the Contracting Officer

L0:at the time of award]

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(b) The contracting office is responsible for administering the contract and for

L0:taking any action on behalf of the Government under the terms and conditions of the

L0:contract; provided that the contracting office shall give advance notice to the SBA before

L0:it issues a final notice terminating performance, either in whole or in part, under the

L0:contract. The contracting office also shall coordinate with the SBA prior to processing

L0:any novation agreement. The contracting office may assign contract administration

L0:functions to a contract administration office.

L1:(c) The 8(a) Contractor agrees that it will notify the Contracting Officer,

L0:simultaneous with its notification to the SBA (as required by SBA's 8(a) regulations at

L0:13 CFR 124.515), when the owner or owners upon whom 8(a) eligibility is based plan to

L0:relinquish ownership or control of the concern. Consistent with section 407 of Public

L0:Law 100-656, transfer of ownership or control shall result in termination of the contract

L0:for convenience, unless the SBA waives the requirement for termination prior to the

L0:actual relinquishing of ownership and control.

L0:(End of clause)

252.219-7010 Notification of Competition Limited to Eligible 8(a)

Status: active

L0:252.219-7010 Notification of Competition Limited to Eligible 8(a)

L0:Participants?Partnership Agreement.

L0:As prescribed in 219.108-10(2), use the following clause:

L0:NOTIFICATION OF COMPETITION LIMITED TO ELIGIBLE 8(A)

L0:PARTICIPANTS?PARTNERSHIP AGREEMENT (OCT 2019)

L1:(a) Offers are solicited only from small business concerns expressly certified by the

L0:Small Business Administration (SBA) for participation in SBA's 8(a) Program and

L0:which meet the following criteria at the time of submission of offer:

L1:(1) The Offeror is in conformance with the 8(a) support limitation set forth in its

L0:approved business plan.

L1:(2) The Offeror is in conformance with the Business Activity Targets set forth in

L0:its approved business plan or any remedial action directed by SBA.

L1:(3) If the competition is to be limited to 8(a) concerns within one or more specific

L0:SBA regions or districts, then the offeror's approved business plan is on the file and

L0:serviced by _____. [Contracting Officer completes by inserting

L0:the appropriate SBA District and/or Regional Office(s) as identified by SBA.]
L1:(b) By submission of its offer, the Offeror represents that it meets all of the criteria
L0:set forth in paragraph (a) of this clause.
L1:(c) Any award resulting from this solicitation will be made directly by the
L0:Contracting Officer to the successful 8(a) offeror selected through the evaluation criteria
L0:set forth in this solicitation.
L2:(d)(1) Unless SBA has waived the requirements of paragraphs (d)(1)(i) through (iii)
L0:and (d)(2) of this clause in accordance with 13 CFR 121.1204, a small business concern
L0:that provides an end item it did not manufacture, process, or produce, shall?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219
L1:(i) Provide an end item that a small business has manufactured, processed,
L0:or produced in the United States or its outlying areas; for kit assemblers, see paragraph
L2:(d)(2) of this clause instead;
L1:(ii) Be primarily engaged in the retail or wholesale trade and normally sell
L0:the type of item being supplied; and
L1:(iii) Take ownership or possession of the item(s) with its personnel,
L0:equipment, or facilities in a manner consistent with industry practice; for example,
L0:providing storage, transportation, or delivery.
L1:(2) When the end item being acquired is a kit of supplies, at least 50 percent of
L0:the total cost of the components of the kit shall be manufactured, processed, or produced
L0:by small businesses in the United States or its outlying areas.
L1:(3) The requirements of paragraphs (d)(1)(i) through (iii) and (d)(2) of this
L0:clause do not apply to construction or service contracts.
L1:(e) The _____ [insert name of SBA's contractor] will notify the
L0:_____ [insert name of contracting agency] Contracting Officer in writing
L0:immediately upon entering an agreement (either oral or written) to transfer all or part
L0:of its stock or other ownership interest to any other party.
L0:(End of clause)

252.219-7011 Notification to Delay Performance

Status: active

L0:252.219-7011 Notification to Delay Performance.
L0:As prescribed in 219.108-10(3), use the following clause:
L0:NOTIFICATION TO DELAY PERFORMANCE (JUN 1998)
L0:The Contractor shall not begin performance under this purchase order until 2 working
L0:days have passed from the date of its receipt. Unless the Contractor receives
L0:notification from the Small Business Administration that it is ineligible for this 8(a)
L0:award, or otherwise receives instructions from the Contracting Officer, performance
L0:under this purchase order may begin on the third working day following receipt of the
L0:purchase order. If a determination of ineligibility is issued within the 2-day period, the
L0:purchase order shall be considered canceled.
L0:(End of clause)

252.219-7012 Competition for Religious-Related Services

Status: active

L0:252.219-7012 Competition for Religious-Related Services.

L0:As prescribed in 219.104-70(c), use the following provision:

L0:COMPETITION FOR RELIGIOUS-RELATED SERVICES (APR 2018)

L1:(a) Definition. As used in this provision?

L0:Nonprofit organization? means any organization that is?

L1:(1) Described in section 501(c) of the Internal Revenue Code of 1986; and

L1:(2) Exempt from tax under section 501(a) of that Code.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(b) A nonprofit organization is not precluded from competing for a contract for

L0:religious-related services to be performed on a United States military installation

L0:notwithstanding that a nonprofit organization is not a small business concern as

L0:identified in FAR 19.000(a)(3).

L1:(c) If the apparently successful offeror has not represented in its quotation or offer

L0:that it is a small business concern identified in FAR 19.000(a)(3), as appropriate to the

L0:solicitation, the Contracting Officer will verify that the offeror is registered in the

L0:System for Award Management database as a nonprofit organization.

L0:(End of provision)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:PGI 219?SMALL BUSINESS

L0:PGI 219.1?PRESOLICITATION

L0:PGI 219.102 Coordination

L2:(a)(1) Small business specialists are appointed and perform functions in accordance

L0:with DoD Instruction (DoDI) 4205.01, DoD Small Business Programs. In the DoDI, small

L0:business specialists are called ?small business professionals.?

L1:(2) The responsibility for assigning small business technical advisors is delegated to

L0:the head of the contracting activity.

L2:(g)(1) Small business specialists?

L1:(i) Review and make recommendations for all acquisitions over the micro-

L0:purchase threshold, except those under the simplified acquisition threshold that are totally

L0:set aside for small business concerns (see FAR 19.104-1);

L1:(ii) Review acquisitions before issuance of the solicitation or contract

L0:modification, and document it on DD Form 2579, Small Business Coordination Record (see

L0:PGI 253.219-70 for instructions on completing the form); and

L1:(iii) Refer recommendations that have been rejected by the contracting officer to

L0:the Small Business Administration (SBA) procurement center representative. If an SBA

L0:procurement center representative is not assigned, see FAR 19.102(b)(2).

L2:(2)(i) Agencies may require small business specialists to review actions over the

L0:micro-purchase threshold, but under the simplified acquisition threshold, that are totally set

L0:aside for small business. Such reviews may be conducted when the agency determines a

L0:review is necessary to assist contracting officers in identifying opportunities for other small

L0:business set-aside programs (e.g., HUBZone, service-disabled veteran-owned, small L0:disadvantaged business, women-owned small business) to meet small business goals.

L1:(ii) Small business specialists should review contract or order modifications that L0:increase the scope. At a minimum, these modifications can impact subcontracting plans.

L0:Funding-only modifications or those not increasing scope generally should not be reviewed L0:due to minimal added value.

L0:PGI 219.108 Contracting With the Small Business Administration (the 8(a) Program).

L0:PGI 219.108-1 General.

L0:A copy of the Partnership Agreement (PA) between DoD and the Small Business L0:Administration (SBA) is available here.

L0:PGI 219.108-3 Selecting acquisitions for the 8(a) Program.

L1:(1) Contracting activities should respond to SBA requests for contract support within 30 L0:calendar days after receipt.

L1:(2) Before considering a small business set-aside, review the acquisition for offering L0:under the 8(a) Program.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:PGI 219.108-4 Evaluation, offering, and acceptance.

L1:(1) For requirements processed under the PA cited in DFARS 219.108-1, the notification L0:to the SBA shall clearly indicate that the requirement is being processed under the PA. See L0:DFARS 219.208-3(a)(ii) for procedures related to purchase orders that do not exceed the L0:simplified acquisition threshold. All notifications should be submitted in writing and shall L0:specify that?

L1:(i) Under the PA, an SBA acceptance or rejection of the offering is required within 5 L0:working days of receipt of the offering; and

L2:(ii)(A) For sole source requirements, an SBA acceptance shall include a size L0:verification and a determination of the 8(a) firm's program eligibility, and, upon acceptance, L0:the contracting officer will solicit a proposal, conduct negotiations, and make award directly L0:to the 8(a) firm; or

L1:(B) For competitive requirements, upon acceptance, the contracting officer L0:will solicit offers, conduct source selection, and, upon receipt of an eligibility verification, L0:award a contract directly to the selected 8(a) firm.

L1:(2) Under the PA cited in DFARS 219.108-1, no separate agency offering or SBA L0:acceptance is needed for requirements that are issued under purchase orders that do not L0:exceed the simplified acquisition threshold. After an 8(a) contractor has been identified, the L0:contracting officer will establish the prices, terms, and conditions with the 8(a) contractor and L0:prepare a purchase order, including the applicable clauses required by DFARS 219.108-10.

L0:No later than the day that the purchase order is provided to the 8(a) contractor, the L0:contracting officer will provide to the cognizant SBA Business Opportunity Specialist via L0:email or any other means acceptable to the SBA district office?

L1:(i) A copy of the signed purchase order; and

L1:(ii) A notice stating that the purchase order is being processed under the PA. The L0:notice also shall indicate that the 8(a) contractor will be deemed eligible for award and will L0:automatically begin work under the purchase order unless, within 2 working days after SBA's L0:receipt of the purchase order, the 8(a) contractor and the contracting officer are notified that

L0:the 8(a) contractor is ineligible for award.

L1:(3) The notification to SBA must identify any joint venture proposed for performance of
L0:the contract. SBA must approve a joint venture before award of an 8(a) contract involving
L0:the joint venture.

L1:(4) For competitive requirements for construction to be performed overseas, submit the
L0:notification to SBA Headquarters.

L1:(5) For requirements processed under the PA cited in DFARS 219.108-1, SBA's
L0:acceptance is required within 5 working days (but see DFARS 219.208-3(a)(ii) for
L0:procedures related to purchase orders that do not exceed the simplified acquisition
L0:threshold).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:PGI 219.2?EVALUATION AND AWARD

L0:PGI 219.204 Certificate of Competency.

L0:When making a small business concern nonresponsibility determination, the contracting
L0:officer will notify the contracting activity's small business specialist.

L1:(1) Resolving differences between the agency and the Small Business Administration.

L1:(i) If the contracting officer believes the agency should appeal, the contracting
L0:officer must immediately inform the department or agency director of the Office of Small
L0:Business Programs (OSBP) and send to the director, through departmental channels?

L1:(A) A request for appeal, summarizing the issues. The director OSBP must
L0:receive the request within 5 working days after receipt of the SBA Headquarters' written
L0:position; and

L1:(B) An appeal file, documenting the contracting activity's position. The director
L0:OSBP must receive the appeal file within 5 working days after transmission of the request
L0:for appeal.

L1:(ii) The department or agency director OSBP will determine whether the agency will
L0:appeal and will notify the SBA of the agency's intent.

L0:PGI 219.206 Evaluating small business subcontracting plans.

L0:PGI 219.206-3 Reviewing the subcontracting plan.

L0:When reviewing the subcontracting plan, contracting officers may use the document entitled
L0:DoD Checklist for Reviewing Subcontracting Plans. The document is available at
L0:<https://business.defense.gov/Acquisition/Subcontracting/DoD-CSP/Subcontracting-Guide/>.

L0:PGI 219.208 Evaluating and awarding under the 8(a) Program.

L0:PGI 219.208-1 Procedures for competitive 8(a).

L3:(b)(1)(A) For requirements processed under the PA cited in DFARS 219.108-1?

L1:(1) For sealed bid and negotiated acquisitions, the SBA will determine
L0:the eligibility of the firms and will advise the contracting officer within 2 working days after its
L0:receipt of a request for an eligibility determination; and

L1:(2) For negotiated acquisitions, the contracting officer may submit a
L0:request for an eligibility determination on all firms in the competitive range if discussions are
L0:to be conducted, or on all firms with a realistic chance of award if no discussions are to be
L0:conducted.

L0:PGI 219.208-2 Contract negotiation.

L0:For requirements processed under the PA cited in DFARS 219.108-1?

L1:(1) The agency may negotiate directly with the 8(a) contractor. The contracting officer is responsible for initiating negotiations;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(2) The 8(a) contractor is responsible for negotiating within the time established by the contracting officer;

L1:(3) If the 8(a) contractor does not negotiate within the established time and the agency cannot allow additional time, the contracting officer may, after notifying the SBA, proceed with the acquisition from other sources;

L1:(4) If requested by the 8(a) contractor, the SBA may participate in negotiations; and

L1:(5) SBA approval of the contract is not required.

L0:PGI 219.208-7 Preparing the contracts.

L1:(1) Sole source or competitive awards under the PA cited in DFARS 219.108-1 may be made directly to the 8(a) contractor and, except as provided in paragraph (2) of this subsection, award documents shall be prepared in accordance with procedures established for non-8(a) contracts, using any otherwise authorized award forms. The "Issued by" block shall identify the awarding DoD contracting office. The contractor's name and address shall be that of the 8(a) participant.

L1:(2) Use the following alternative procedures for direct awards made under the PA:

L1:(i) Cite 10 U.S.C. 3204(a)(5) as the authority for use of other than full and open competition.

L1:(ii) Include the clause at DFARS 252.219-7009, Section 8(a) Direct Award, in accordance with the prescription at DFARS 219.108-10(1). Identify the cognizant SBA district office for the 8(a) contractor.

L1:(iii) No SBA contract number is required.

L1:(iv) Do not require an SBA signature on the award document.

L0:PGI 219.3?POSTAWARD

L0:PGI 219.302 Small business subcontracting plans.

L0:PGI 219.302-2 Compliance with the plan.

L0:When reviewing subcontracting reports, contracting officers may use the document entitled

L0:"DoD Subcontracting Program?Business Rules and Processes for (1) Electronic

L0:Subcontracting Reporting System (eSRS) and (2) Preparing and Reviewing Related

L0:Subcontract Reports." The document is available at

L0:<https://business.defense.gov/Acquisition/Subcontracting/DoD-CSP/Subcontracting-Guide/>.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:PGI 253?FORMS

L0:PGI 253.219 Small Business Programs.

L0:PGI 253.219-70 DD Form 2579, Small Business Coordination Record.

L1:(a) Use the DD Form 2579 as prescribed in PGI 219.102(g)(1)(ii).

L1:(b) General instructions.

L1:(1) The Contracting Officer is responsible for coordinating and the completion of the form.

L1:(2) Coordination on this form is not required when the agency will satisfy a

L0:requirement through the use of a mandatory source listed at FAR 8.101, 8.102, or 8.103.

L1:(c) Specific instructions for completion of DD Form 2579.

L1:(1) BLOCK 1?CONTROL NO. Reserved for use by the Small Business

L0:Professional to create a unique identification number for each coordination record.

L1:(2) BLOCK 2?PURCHASE REQUEST/REQUISITION NO. Locally assigned

L0:purchase request/requisition number.

L1:(3) BLOCK 3?TOTAL ESTIMATED VALUE. Enter the total estimated value for the

L0:acquisition, including all options. For multiple award task or delivery order contracts, enter

L0:the total estimated value of the entire acquisition including all orders expected to be

L0:awarded.

L1:(4) BLOCKS 4a and 4b:

L1:(i) Block 4a?PROCUREMENT INSTRUMENT IDENTIFIER (PIID). Enter the

L0:PIID assigned to the solicitation, contract, or order in Block 4a. (FAR 4.201, DFARS

L0:204.201).

L1:(ii) Block 4b?INDEFINITE DELIVERY VEHICLE (IDV) PIID. If applicable,

L0:enter the PIID assigned to the IDV against which the solicitation or order identified in Block

L0:4a is issued.

L1:(5) BLOCK 5?MODIFICATION/AMENDMENT NUMBER (MOD/AMDMT No.).

L0:Enter the contract or order modification number or solicitation amendment number. (FAR

L0:4.201, DFARS 204.201).

L1:(6) BLOCKS 6a through 6e?CONTRACTING OFFICER NAME, DOD ACTIVITY

L0:ADDRESS CODE (DODAAC), OFFICE SYMBOL, EMAIL ADDRESS, PHONE NO. Enter

L0:the appropriate information in Blocks 6a through 6e.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(7) BLOCKS 7a through 7d:

L1:(i) BLOCK 7a?ITEM and/or SERVICE DESCRIPTION. Enter description of

L0:planned acquisition, including quantity, unique delivery requirements, and other descriptors.

L0:For services, include the type of service and place of performance, and attach a copy of the

L0:Performance Work Statement (PWS), Statement of Work (SOW), Statement of Objectives

L1:(SOO), or other specifications and statements as appropriate.

L1:(ii) BLOCK 7b?PRODUCT OR SERVICE CODE (PSC). For the Product and

L0:Service Codes Manual, go to <http://acquisition.gov>.

L1:(iii) BLOCK 7c?NORTH AMERICAN INDUSTRY CLASSIFICATION (NAICS)

L0:CODE. For the NAICS codes and definitions, go to www.census.gov/naics.

L1:(iv) BLOCK 7d?SMALL BUSINESS SIZE STANDARD. For the applicable

L0:small business size standard, go to <http://www.sba.gov/content/table-small-business-size->

L0:standards.

L1:(8) BLOCK 8?PERIOD OF PERFORMANCE/DELIVERY DATES. Enter the

L0:estimated beginning and end dates.

L1:(9) BLOCK 9?PURPOSE OF COORDINATION. Check one box indicating the

L0:purpose of the action being reviewed: Initial Coordination, Withdrawal (see FAR

L0:19.205(d)(2)), or a Change to the form. Note: Any significant change in the acquisition

L0:strategy or plan described on this form will require reevaluation by the Small Business

L0:Professional and the Small Business Administration (SBA) Procurement Center

L0:Representative (PCR), if applicable.

L1:(10) BLOCKS 10a through 10j?RECOMMENDATION. Check all that apply, e.g., a

L0:small business set-aside could also be a multiple-award. For Blocks 10c through 10f, attach

L0:justification if applicable in accordance with FAR 19.105-3, 19.106-3, or 19.107-3.

L1:(11) BLOCKS 11a through 11c:

L1:(i) BLOCK 11a?ACQUISITION PLAN/MARKET RESEARCH. Attach the

L0:written acquisition plan (FAR 7.103), if required, and the results of market research,

L0:including any resulting justification and approval (FAR 6.104) or sole source/brand name

L0:justification (FAR 12.102). Include findings that demonstrate efforts to locate qualified small

L0:business sources, such as results of presolicitation notices (FAR 5.101) or waivers to the

L0:nonmanufacturer rule (FAR 19.104-1(f)(3)(i)), and attach additional pages as necessary.

L1:(ii) BLOCK 11b?SYNOPSIS REQUIRED. See FAR 5.101, Presolicitation

L0:notice. Check ?Yes? or ?No.? If ?No,? provide explanation and the exception under FAR

L0:5.101(b), if applicable.

L1:(iii) BLOCK 11c?SMALL BUSINESS PROGRESS PAYMENTS. Check ?Yes?

L0:or ?No? (DFARS 232.501-1(a)).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(12) BLOCK 12?CONSOLIDATED OR BUNDLED. Select either ?Consolidated? or

L0:?Bundled,? and check ?Yes? or ?No? for each. If ?Yes,? attach required documentation for

L0:consolidation or bundling (FAR 7.107).

L1:(13) BLOCK 13?SUBCONTRACTING PLAN REQUIRED. See FAR 19.109.

L0:Check ?Yes? or ?No.? For recommendations 10g, 10h, or 10i, or if Block 12 recommendation

L0:is ?Yes,? specify actions that will be taken to maximize small business participation.

L0:Consider requirements of FAR 19.109, acquisition history, anticipated subcontracting goals,

L0:market research to identify small business capability at the subcontract level, source

L0:selection evaluation factor for small business utilization (FAR 15.104, DFARS215.104),

L0:incentives, contract performance metrics, etc. State detailed objectives for subcontract

L0:(attach additional pages as necessary).

L1:(14) BLOCKS 14a through 14c?ACQUISITION HISTORY:

L1:(i) BLOCK 14a?NEW REQUIREMENT. Check ?Yes? or ?No? and follow the

L0:applicable guidance for each selection.

L1:(ii) BLOCK 14b?PREVIOUSLY CONSOLIDATED OR BUNDLED. Check

L0:?Yes? or ?No? for each. If ?Yes,? attach required documentation for previous acquisition.

L0:(See FAR 7.107.)

L1:(iii) BLOCK 14c?DETAILS OF PREVIOUS AWARD(S). For each contractor

L0:that received an award for any portion of the immediately preceding acquisition, include the

L0:following information (attach additional pages as necessary)?

L0:?Name and CAGE code.

L0:?Small business socioeconomic categories of the awardee.

L0:?PIID.

L0:?NAICS code and size standard.

L0:?Contract type.

L0:?Period of performance.

L0:Total contract value.

L0:Subcontracting History. (Small business subcontracting goal achievement

L0:(CPARS and eSRS data) and any additional small business utilization requirements

L0:included in the contract resulting from a source selection factor used when making the

L0:previous contract award.)

L1:(15) BLOCK 15a through 15d?CONTRACTING OFFICER SIGNATURE.

L0:Complete 15a through 15d. Digital signature is desired.

L1:(16) BLOCKS 16 through 16f?SMALL BUSINESS PROFESSIONAL/SMALL

L0:BUSINESS DIRECTOR REVIEW. Complete 16 through 16f. Digital signature is desired. If

L0:non-concur? is checked, attach rationale or include in Block 16f, along with any other

L0:remarks. Block 16e must be completed when any of the conditions in FAR 19.102(e)

L0:applies to indicate when the acquisition package was provided to the Small Business

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:Administration (SBA).

L1:(17) BLOCKS 17 through 17e?SBA PROCUREMENT CENTER

L0:REPRESENTATIVE (PCR) REVIEW. Complete 17 through 17e (see FAR 19.102(b)(2)

L0:when a PCR is not assigned to the contracting activity or administration office). Digital

L0:signature is desired. If non-concur? is checked, the PCR shall attach rationale and

L0:recommendations or include in Block 17e, along with any other remarks (see FAR

L0:19.102(e)(4)).

L1:(18) BLOCKS 18 through 18c?CONTRACTING OFFICER REVIEW. The

L0:Contracting Officer shall complete this block if the Small Business Professional and/or the

L0:SBA PCR have non-concurred? in Blocks 16 and 17. Block 18c shall include the

L0:Contracting Officer's rationale for decision. Send copies of the completed form to the Small

L0:Business Professional and the SBA PCR within 5 working days if rejecting the PCR's

L0:recommendation, in accordance with FAR 19.102(f).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:APPENDIX I?POLICY AND PROCEDURES FOR THE DOD MENTOR-

L0:PROTÉGÉ PROGRAM

L0:I-100 Purpose.

L1:(a) This appendix implements the DoD Mentor-Protégé Program (referred to as the

L0:Program) authorized under 10 U.S.C. 4902. The purpose of the Program is to provide

L0:incentives to DoD contractors to furnish eligible small business concerns with

L0:assistance designed to?

L1:(1) Enhance the capabilities of eligible small business concerns to perform as

L0:subcontractors and suppliers under DoD contracts and other contracts and

L0:subcontracts; and

L1:(2) Increase the participation of such business concerns as subcontractors and

L0:suppliers under DoD contracts, other Federal Government contracts, and commercial

L0:contracts.

L1:(b) Under the Program, eligible companies approved as mentor firms will enter into

L0:mentor-protégé agreements with eligible protégé firms to provide appropriate

L0:developmental assistance to enhance the capabilities of the protégé firms to perform as
L0:subcontractors and suppliers. DoD may provide the mentor firm with either cost
L0:reimbursement or credit against applicable subcontracting goals established under
L0:contracts with DoD or other Federal agencies.

L1:(c) DoD will measure the overall success of the Program by the extent to which the
L0:Program results in?

L1:(1) An increase in the dollar value of contract and subcontract awards to
L0:protégé firms (under DoD contracts, contracts awarded by other Federal agencies, and
L0:commercial contracts) from the date of their entry into the Program until 5 years after
L0:the conclusion of the agreement;

L1:(2) An increase in the number and dollar value of subcontracts awarded to a
L0:protégé firm (or former protégé firm) by its mentor firm (or former mentor firm);

L1:(3) An increase in protégé participation in DoD science and technology
L0:programs; and

L1:(4) An increase in job creation of protégé firms from the date of execution of the
L0:mentor-protégé agreement until 5 years after completion of the mentor-protégé
L0:agreement.

L1:(d) This policy sets forth the procedures for participation in the Program applicable
L0:to companies that are interested in receiving?

L1:(1) Reimbursement through a separate contract line item in a DoD contract or a
L0:separate contract with DoD; or

L1:(2) Credit toward applicable subcontracting goals for costs incurred under the
L0:Program.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:I-101 Definitions.

L0:As used in this appendix?

L0:Affiliation? means, with respect to a relationship between a mentor firm and a
L0:protégé firm, a relationship described under 13 CFR 121.103.

L0:Eligible entity employing the severely disabled? means a business entity operated
L0:on a for-profit or nonprofit basis that?

L1:(1) Uses rehabilitative engineering to provide employment opportunities for
L0:severely disabled individuals and integrates severely disabled individuals into its
L0:workforce;

L1:(2) Employs severely disabled individuals at a rate that averages not less than
L0:20 percent of its total workforce;

L1:(3) Employs each severely disabled individual in its workforce generally on the
L0:basis of 40 hours per week; and

L1:(4) Pays not less than the minimum wage prescribed pursuant to section 6 of
L0:the Fair Labor Standards Act (29 U.S.C. 206) to those employees who are severely
L0:disabled individuals.

L0:Severely disabled individual? means an individual who is blind or severely disabled
L0:as defined in 41 U.S.C. 8501.

L0:I-102 Participant eligibility.

L1:(a) To be eligible to participate as a mentor, an entity must?

L1:(1) Be a for-profit entity that is eligible for the award of Federal contracts;
L1:(2) Demonstrate that it?
L1:(i) Is qualified to provide assistance that will contribute to the purpose of
L0:the Program;
L1:(ii) Is of good financial health and character;
L1:(iii) Is not on a Federal list of debarred or suspended contractors; and
L1:(iv) Is an other than small business concern, unless approved by the
L0:Director of the Office of Small Business Programs (OSBP), Office of the Assistant
L0:Secretary of Defense, Industrial Base Policy (OASD(IBP)), in accordance with 13 CFR

121.103 regarding ?affiliation and relationship?; and

Status: active

L0:121.103 regarding ?affiliation and relationship?; and
L1:(3) Be capable of imparting value to a protégé firm because of experience gained
L0:as a DoD contractor or through knowledge of general business operations and
L0:Government contracting, as demonstrated by evidence that such entity?
L1:(i) Received DoD contracts and subcontracts equal to or greater than \$25
L0:million during the previous fiscal year;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219
L1:(ii) Is a prime contractor to DoD with an active subcontracting plan;
L1:(iii) Has graduated from the 8(a) Business Development Program and
L0:provides documentation of its ability to serve as a mentor; or
L1:(iv) Is otherwise capable to assist in the development of protégé firms and is
L0:approved by the Director OSBP, OASD(IBP).
L1:(b) To be eligible to participate as a protégé, an entity must be?
L1:(1) A small business concern;
L1:(2) Eligible for the award of Federal contracts;
L1:(3) Not more than the Small Business Administration (SBA) size standard for
L0:its primary North American Industry Classification System (NAICS) code;
L1:(4) Not owned or managed by individuals or entities that directly or indirectly
L0:have stock options or convertible securities in the mentor firm; and
L1:(5) At least one of the following:
L1:(i) A qualified HUBZone small business concern.
L1:(ii) A women-owned small business concern.
L1:(iii) A service-disabled veteran-owned small business concern.
L1:(iv) An entity owned and controlled by an Indian tribe.
L1:(v) An entity owned and controlled by a Native Hawaiian organization.
L1:(vi) An entity owned and controlled by socially and economically
L0:disadvantaged individuals.
L1:(vii) A qualified organization employing severely disabled individuals.
L1:(viii) A nontraditional defense contractor.
L1:(ix) An entity that currently provides goods or services in the private sector

L0:that are critical to enhancing the capabilities of the defense supplier base and fulfilling
L0:key DoD needs.

L1:(c) Mentor firms may rely in good faith on a written representation that the entity

L0:meets the requirements of paragraph (b) of this section, except that a mentor firm is

L0:required to confirm a protégé's status as a HUBZone small business concern (see FAR

L0:19.302-2).

L1:(d) If at any time the SBA (or DoD in the case of entities employing severely

L0:disabled individuals) determines that a protégé is ineligible, assistance the mentor firm

L0:furnishes to the protégé after the date of the determination may not be considered

L0:assistance furnished under the Program.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(e) A mentor firm may not enter into an agreement with a protégé firm if SBA has

L0:made a determination of affiliation. If SBA has not made such a determination and if

L0:the DoD OSBP has reason to believe, based on SBA's regulations regarding affiliation,

L0:that the mentor firm is affiliated with the protégé firm, then DoD OSBP will request a

L0:determination regarding affiliation from SBA.

L1:(f) A company may not be approved for participation in the Program as a mentor

L0:firm if, at the time of requesting participation in the Program, it is currently debarred

L0:or suspended from contracting with the Federal Government pursuant to FAR subpart

L0:9.4.

L1:(g) If the mentor firm is suspended or debarred while performing under an approved

L0:mentor-protégé agreement, the mentor firm?

L1:(1) May continue to provide assistance to its protégé firms in accordance with

L0:the approved mentor-protégé agreement entered into prior to the imposition of such

L0:suspension or debarment;

L1:(2) May not be reimbursed or take credit for any costs of providing

L0:developmental assistance to its protégé firm, incurred more than 30 days after the

L0:imposition of such suspension or debarment; and

L1:(3) Must promptly give notice of its suspension or debarment to its protégé firm

L0:and the Director, OSBP, of the cognizant military department or defense agency.

L1:(h) Within 30 days of any change in status affecting eligibility, mentors and

L0:protégés must give notice and explanation of pertinent facts to each other, the Director

L0:of OSBP, OASD(IBP), and the Director, OSBP, of the military department or defense

L0:agency.

L0:I-103 Incentives for mentors.

L0:Mentors incurring costs through September 30, 2026, pursuant to a mentor-protégé

L0:agreement approved prior to December 23, 2022, and mentors incurring costs pursuant

L0:to a mentor-protégé agreement approved on or after December 23, 2023, may be eligible

L0:for?

L1:(a) Credit toward the attainment of its applicable subcontracting goals for

L0:unreimbursed costs incurred in providing developmental assistance to its protégé

L0:firm(s);

L1:(b) Reimbursement pursuant to the execution of a separately priced contract line

L0:item added to a DoD contract; or

L1:(c) Reimbursement pursuant to entering into a separate DoD contract upon

L0:determination by the Director, OSBP, of the cognizant military department or defense

L0:agency that unusual circumstances justify using a separate contract.

L0:I-104 Selection of protégé firms.

L1:(a) Mentor firms will be solely responsible for selecting protégé firms that qualify

L0:under I-102(b). Mentor firms are encouraged to identify and select concerns that have

L0:not previously received significant prime contract awards from DoD or any other

L0:Federal agency.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(b) The selection of protégé firms by mentor firms may not be protested, except as in

L0:paragraph (c) of this section.

L1:(c) Any interested party may file a protest of the selection of a protégé firm directly

L0:with the Director, OSBP, OASD (IBP) or the Director, OSBP, of the cognizant military

L0:department or defense agency. In the event of a protest regarding the size or status of

L0:an entity selected to be a protégé firm, the Director, OSBP, OASD(IBP), or the Director,

L0:OSBP, of the military department or defense agency must refer the protest to the SBA

L0:to resolve in accordance with 13 CFR part 121 (with respect to size) or other parts of

L0:title 13 of the CFR or this appendix (with respect to the protégé's socioeconomic status).

L0:The Director, OSBP, OASD(IBP), or the Director, OSBP, of the military department or

L0:defense agency shall decide protests concerning all other aspects of a protégé's eligibility

L0:for the Program (e.g., nontraditional defense contractor or entity employing the severely

L0:disabled).

L1:(d) For purposes of the Small Business Act, no determination of affiliation or control

L0:(either direct or indirect) may be found between a protégé firm and its mentor firm on

L0:the basis that the mentor firm has agreed to furnish (or has furnished) to its protégé

L0:firm, pursuant to a mentor-protégé agreement, any form of developmental assistance

L0:described in I-106(d).

L1:(e) A protégé firm may not be a party to more than one DoD mentor-protégé

L0:agreement at a time and may only participate in the Program during the 5-year period

L0:beginning on the date the protégé firm enters into its first mentor-protégé agreement.

L0:This does not preclude a protégé firm from concurrent participation in mentor-protégé

L0:programs with other agencies.

L0:I-105 Mentor approval process.

L1:(a) An entity seeking to participate as a mentor must apply to the Mentor-Protégé

L0:Program Director, OSBP, OASD(IBP), to establish its initial eligibility as a mentor.

L1:(b) The application must provide the following information:

L1:(1) A statement that the entity meets the requirements in I-102(a), specifying

L0:the criteria in I-102(a)(3) under which the entity is applying.

L1:(2) A summary of the entity's historical and recent activities and

L0:accomplishments under its small and disadvantaged business utilization program.

L1:(3) The total dollar amount of DoD contracts and subcontracts that the entity

L0:received during the 2 preceding fiscal years. (Show prime contracts and subcontracts

L0:separately per year.)

L1:(4) The total dollar amount of all other Federal agency contracts and
L0:subcontracts that the entity received during the 2 preceding fiscal years. (Show prime
L0:contracts and subcontracts separately per year.)

L1:(5) The total dollar amount of subcontracts that the entity awarded under DoD
L0:contracts during the 2 preceding fiscal years.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219

L1:(6) The total dollar amount of subcontracts that the entity awarded under all
L0:other Federal agency contracts during the 2 preceding fiscal years.

L1:(7) The total dollar amount and percentage of subcontracts that the entity
L0:awarded to firms qualifying under I-102(b)(5)(ii) through (viii) during the 2 preceding
L0:fiscal years. (Show DoD subcontract awards separately.) If the entity was required to
L0:submit a Summary Subcontract Report (SSR) in the Electronic Subcontracting
L0:Reporting System, the request must include copies of the final reports for the 2
L0:preceding fiscal years.

L1:(8) Information on the company's ability to provide developmental assistance to
L0:eligible protégés.

L1:(c) A template of the mentor application is available at
L0:<https://business.defense.gov/Programs/Mentor-Protégé-Program/MPP-Resources/>.

L1:(d) Companies that apply for participation and are not approved will be provided
L0:the reasons and an opportunity to submit additional information for reconsideration.
L0:I-106 Development of mentor-protégé agreements.

L1:(a) Prospective mentors and their protégés may choose to execute letters of intent
L0:prior to negotiation of mentor-protégé agreements.

L1:(b) The agreements should be structured after completion of a preliminary
L0:assessment of the developmental needs of the protégé firm and mutual agreement
L0:regarding the developmental assistance to be provided to address those needs and
L0:enhance the protégé's ability to perform successfully under contracts or subcontracts.

L1:(c) A mentor firm may not require a protégé firm to enter into a mentor-protégé
L0:agreement as a condition for award of a contract by the mentor firm, including a
L0:subcontract under a DoD contract awarded to the mentor firm.

L1:(d) The mentor-protégé agreement may provide for the mentor firm to furnish any
L0:or all of the following types of developmental assistance:

L1:(1) Assistance by mentor firm personnel in?

L1:(i) General business management, including organizational management,
L0:financial management, and personnel management, marketing and technology
L0:commercialization, compliance systems, and overall business planning;

L1:(ii) Engineering and technical matters such as production, inventory
L0:control, manufacturing, test and evaluation, quality assurance; acquisition or transfer
L0:of hardware, tooling, or software; and technology transfer and transition; and

L1:(iii) Any other assistance designed to develop the capabilities of the protégé
L0:firm under the developmental program described in I-107(g).

L1:(2) Award of subcontracts to the protégé firm under DoD contracts or other
L0:contracts on a noncompetitive basis.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(3) Payment of progress payments for the performance of subcontracts by a

L0:protégé firm in amounts as provided for in the subcontract; but in no event may any

L0:such progress payment exceed 100 percent of the costs incurred by the protégé firm for

L0:the performance of the subcontract. Provision of progress payments by a mentor firm to

L0:a protégé firm at a rate other than the customary rate for the firm must be

L0:implemented in accordance with FAR 32.504(c).

L1:(4) Advance payments under such subcontracts. The mentor firm must

L0:administer advance payments in accordance with FAR subpart 32.4.

L1:(5) Loans.

L1:(6) Assistance that the mentor firm obtains for the protégé firm from one or

L0:more of the following:

L1:(i) Small Business Development Centers (15 U.S.C. 648).

L1:(ii) Entities providing procurement technical assistance under the

L0:Procurement Technical Assistance Cooperative Agreement Program (10 U.S.C. Chapter

L0:388).

L1:(iii) Historically Black colleges and universities.

L1:(iv) Minority institutions of higher education.

L1:(v) Women's business centers (15 U.S.C. 656).

L1:(vi) Manufacturing innovation institutes.

L1:(e) Pursuant to FAR 31.109, approved mentor firms seeking either reimbursement

L0:or credit are strongly encouraged to enter into an advance agreement with the

L0:contracting officer responsible for determining final indirect cost rates under FAR 42.5.

L0:The purpose of the advance agreement is to establish the accounting treatment of the

L0:costs of the developmental assistance pursuant to the mentor-protégé agreement prior

L0:to the incurring of any costs by the mentor firm. An advance agreement is an attempt

L0:by both the Government and the mentor firm to avoid possible subsequent dispute

L0:based on questions related to reasonableness, allocability, or allowability of the costs of

L0:developmental assistance under the Program. Absent an advance agreement, mentor

L0:firms are advised to establish the accounting treatment of such costs and to address the

L0:need for any changes to their cost accounting practices that may result from the

L0:implementation of a mentor-protégé agreement, prior to incurring any costs, and

L0:irrespective of whether costs will be reimbursed or credited.

L1:(f) Developmental assistance provided under an approved mentor-protégé

L0:agreement is distinct from, and must not duplicate, any effort that is the normal and

L0:expected product of the award and administration of the mentor firm's subcontracts.

L0:Costs associated with the latter must be accumulated and charged in accordance with

L0:the contractor's approved accounting practices; they are not considered developmental

L0:assistance costs eligible for either credit or reimbursement under the Program.

L1:(g) The agreement shall demonstrate, through its execution, how it will contribute

L0:to the overall mission of DoD and/or fill or address an identified critical gap or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:vulnerability. Focus areas include, but are not limited to, manufacturing, research and

L0:development, and knowledge-based services.

L0:I-107 Elements of a mentor-protégé agreement.

L0:Each mentor-protégé agreement shall contain?

L1:(a) The name, address, email address, and telephone number of the mentor and

L0:protégé points of contact;

L1:(b) The NAICS code(s) that represent the contemplated supplies or services to be

L0:provided by the protégé firm to the mentor firm and a statement that, at the time the

L0:agreement is submitted for approval, the protégé firm does not exceed the size standard

L0:in I-102(b)(3);

L1:(c) A statement that the protégé firm is eligible to participate in accordance with I-

L0:102(b);

L1:(d) A statement that the mentor is eligible to participate in accordance with I-

L0:102(a);

L1:(e) Assurances that?

L1:(1) The mentor firm does not share, directly or indirectly, with the protégé firm

L0:ownership or management of the protégé firm;

L1:(2) The mentor firm does not have an agreement, at the time the mentor firm

L0:enters into a mentor-protégé agreement, to merge with the protégé firm;

L1:(3) The owners and managers of the mentor firm are not the parent, child,

L0:spouse, sibling, aunt, uncle, niece, nephew, grandparent, grandchild, or first cousin of

L0:an owner or manager of the protégé firm;

L1:(4) The mentor firm has not, during the 2-year period before entering into a

L0:mentor-protégé agreement, employed any officer, director, principal stockholder,

L0:managing member, or key employee of the protégé firm;

L1:(5) The mentor firm has not engaged in a joint venture with the protégé firm

L0:during the 2-year period before entering into a mentor-protégé agreement, unless such

L0:joint venture was approved by SBA prior to making any offer on a contract;

L1:(6) The mentor firm is not, directly or indirectly, the primary party providing

L0:contracts to the protégé firm, as measured by the dollar value of the contracts; and

L1:(7) The SBA has not made a determination of affiliation or control;

L1:(f) A preliminary assessment of the developmental needs of the protégé firm;

L1:(g) A developmental program for the protégé firm, including?

L1:(1) The type of assistance the mentor will provide to the protégé and how that

L0:assistance will?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(i) Increase the protégé's ability to participate in DoD, Federal, and/or

L0:commercial contracts and subcontracts; and

L1:(ii) Increase small business subcontracting opportunities in industry

L0:categories where eligible protégés or other small business firms are not dominant in the

L0:company's vendor base;

L1:(iii) Increase the protégé firm's cybersecurity readiness posture and ability to

L0:comply with Federal acquisition regulations.

L1:(2) Factors to assess the protégé firm's developmental progress under the

L0:Program, including specific milestones for providing each element of the identified

L0:assistance;

L1:(3) A description of the quantitative and qualitative benefits to DoD from the
 L0:agreement, if applicable; and

L1:(4) Goals for additional awards for which the protégé firm can compete outside
 L0:the Program;

L1:(h) The assistance the mentor will provide to the protégé firm in understanding
 L0:Federal contract regulations, including the FAR and DFARS, after award of a
 L0:subcontract under the Program, if applicable;

L1:(i) An estimate of the dollar value and type of subcontracts that the mentor firm will
 L0:award to the protégé firm, and the period of time over which the subcontracts will be
 L0:awarded;

L1:(j) A statement from the protégé firm indicating its commitment to comply with the
 L0:requirements for reporting and for review of the agreement during the duration of the
 L0:agreement and for 5 years thereafter;

L1:(k) A program participation term for the agreement that does not exceed 3 years.
 L0:The agreement may be extended for a period not to exceed 2 years if approved by the
 L0:Director, OSBP, OASD(IBP). The Director, OSBP, of the cognizant military
 L0:department or defense agency will submit requests for an extension of the agreement to
 L0:the Director, OSBP, OASD(IBP) for approval. The request will include a justification
 L0:describing the unusual circumstances that warrant a term in excess of 3 years;

L1:(l) Procedures for the mentor firm to notify the protégé firm in writing at least 30
 L0:days in advance of the mentor firm's intent to voluntarily withdraw its participation in
 L0:the Program. A mentor firm may voluntarily terminate its mentor-protégé
 L0:agreement(s) only if it no longer wants to be a participant in the Program as a mentor
 L0:firm. Otherwise, a mentor firm must terminate a mentor-protégé agreement for cause;

L1:(m) Procedures for the mentor firm to terminate the mentor-protégé agreement for
 L0:cause which provide that?

L1:(1) The mentor firm must furnish the protégé firm a written notice of the
 L0:proposed termination, stating the specific reasons for such action, at least 30 days in
 L0:advance of the effective date of such proposed termination;
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
 L0:Defense FAR Supplement (DFARS) Part 219

L1:(2) The protégé firm must have 30 days to respond to such notice of proposed
 L0:termination, and may rebut any findings believed to be erroneous and offer a remedial
 L0:program;

L1:(3) Upon prompt consideration of the protégé firm's response, the mentor firm
 L0:must either withdraw the notice of proposed termination and continue the protégé
 L0:firm's participation, or issue the notice of termination; and

L1:(4) The decision of the mentor firm regarding termination for cause, conforming
 L0:with the requirements of this section, will be final and is not reviewable by DoD;

L1:(n) Procedures for a protégé firm to notify the mentor firm in writing at least 30
 L0:days in advance of the protégé firm's intent to voluntarily terminate the mentor-protégé
 L0:agreement;

L1:(o) Additional terms and conditions as may be agreed upon by both parties; and

L1:(p) Signatures and dates for both parties to the mentor-protégé agreement.
 L0:I-108 Submission and approval of mentor-protégé agreements.

L1:(a) Upon solicitation or as determined by the cognizant military department or defense agency, mentors will submit?

L1:(1) A mentor application pursuant to I-105, if the mentor has not been previously approved to participate;

L1:(2) A signed mentor-protégé agreement pursuant to I-107;

L1:(3) A statement as to whether the mentor is seeking credit or reimbursement of costs incurred;

L1:(4) The estimated cost of the technical assistance to be provided, broken out per year;

L1:(5) A justification if program participation term is greater than 3 years (agreements may not exceed 5 years) (see I-107(k)); and

L1:(6) For reimbursable agreements, a specific justification for developmental costs in excess of \$1 million per year.

L1:(b) When seeking reimbursement of costs, the military department or defense agency may require additional information.

L1:(c) The mentor-protégé agreement must be approved by the Director, OSBP, of the military department or defense agency prior to incurring costs eligible for credit.

L1:(d) The military department or defense agency will execute a contract modification or a separate contract, if justified pursuant to I-103(b)(3), prior to the mentor's incurring costs eligible for reimbursement.

L1:(e) Credit agreements that are not associated with an existing DoD program and/or military department or defense agency will be submitted for approval to the Director, Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19 Defense FAR Supplement (DFARS) Part 219 OSBP, Defense Contract Management Agency (DCMA), via the mentor's cognizant administrative contracting officer.

L1:(f) A prospective mentor that has identified Program funds to be made available from a DoD program manager must provide the information in paragraph (a) of this section through the program manager to the Director, OSBP, of the military department or defense agency with a letter signed by the program manager indicating the amount of funding that has been identified for the developmental assistance program.

L0:I-109 Reimbursable agreements.

L0:The following provisions apply to all reimbursable mentor-protégé agreements including agreements that provide for both reimbursement and subcontracting credit:

L1:(a) Assistance provided in the form of progress payments to a protégé firm in excess of the customary progress payment rate for the firm will be reimbursed only if implemented in accordance with FAR 32.504(c).

L1:(b) Assistance provided in the form of advance payments will be reimbursed only if the payments have been provided to a protégé firm under subcontract terms and conditions similar to those in the clause at FAR 52.232-12, Advance Payments.

L0:Reimbursement of any advance payments will be made pursuant to the inclusion of the clause at DFARS 252.232-7005, Reimbursement of Subcontractor Advance Payments? DoD Mentor-Protégé Program, in appropriate contracts. In requesting reimbursement, the mentor firm agrees that the risk of any financial loss due to the failure or inability

L0:of a protégé firm to repay any unliquidated advance payments will be the sole
L0:responsibility of the mentor firm.

L1:(c) The primary forms of developmental assistance authorized for reimbursement
L0:under the Program are identified in I-106(d). On a case-by-case basis, Directors, OSBP,
L0:of the military departments or defense agencies at their discretion, may approve
L0:additional incidental expenses for reimbursement, provided these expenses do not
L0:exceed 10 percent of the total estimated cost of the agreement.

L1:(d) The total amount reimbursed to a mentor firm for costs of assistance furnished
L0:to a protégé firm in a fiscal year may not exceed \$1 million unless the Director, OSBP,
L0:of the military department or defense agency determines in writing that unusual
L0:circumstances justify reimbursement at a higher amount. Request for authority to
L0:reimburse in excess of \$1 million must detail the unusual circumstances and must be
L0:endorsed and submitted by the program manager to the Director, OSBP, of the military
L0:department or defense agency.

L1:(e) DoD may not reimburse any fee to the mentor firm for services provided to the
L0:protégé firm pursuant to I-106(d)(6) or for business development expenses incurred by
L0:the mentor firm under a contract awarded to the mentor firm while participating in a
L0:joint venture with the protégé firm.

L1:(f) Developmental assistance costs that are incurred pursuant to an approved
L0:reimbursable mentor-protégé agreement, and have been charged to, but not reimbursed
L0:through, a separate contract, or through a separately priced contract line item added to
L0:a DoD contract, will not be otherwise reimbursed, as either a direct or indirect cost,
L0:under any other DoD contract, irrespective of whether the costs have been recognized
L0:for credit against applicable subcontracting goals.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219

L0:I-110 Credit agreements.

L0:Sections I-110.1 and I-110.2 apply to all credit agreements, including agreements that
L0:provide for both credit and reimbursement.

L0:I-110.1 Program provisions applicable to credit agreements.

L1:(a) Developmental assistance costs incurred by a mentor firm for providing
L0:assistance to a protégé firm pursuant to an approved credit mentor-protégé agreement
L0:may be credited as if the costs were incurred under a subcontract award to that protégé,
L0:for the purpose of determining the performance of the mentor firm in attaining an
L0:applicable subcontracting goal established under any contract containing a
L0:subcontracting plan pursuant to the clause at FAR 52.219-9, Small Business
L0:Subcontracting Plan, or the provisions of the DoD Test Program for Negotiation of
L0:Comprehensive Small Business Subcontracting Plans. Unreimbursed developmental
L0:assistance costs incurred for a protégé firm that is an eligible entity employing severely
L0:disabled individuals may be credited toward the mentor firm's small disadvantaged
L0:business subcontracting goal, even if the protégé firm is not a small disadvantaged
L0:business concern.

L1:(b) Costs that have been reimbursed through inclusion in indirect expense pools
L0:may also be credited as subcontract awards for determining the performance of the
L0:mentor firm in attaining an applicable subcontracting goal established under any

L0:contract containing a subcontracting plan. However, costs that have not been
L0:reimbursed because they are not reasonable, allocable, or allowable will not be
L0:recognized for crediting purposes.

L1:(c) Other costs that are not eligible for reimbursement pursuant to I-106(d) may be
L0:recognized for credit only if requested, identified, and incorporated in an approved
L0:mentor-protégé agreement.

L1:(d) The amount of credit a mentor firm may receive for any such unreimbursed
L0:developmental assistance costs must be equal to?

L1:(1) Four times the total amount of such costs attributable to assistance provided
L0:by small business development centers, historically Black colleges and universities,
L0:minority institutions, and procurement technical assistance centers.

L1:(2) Three times the total amount of such costs attributable to assistance
L0:furnished by the mentor's employees.

L1:(3) Two times the total amount of other such costs incurred by the mentor in
L0:carrying out the developmental assistance program.

L0:I-110.2 Credit adjustments.

L1:(a) Adjustments may be made to the amount of credit claimed if the Director, OSBP,
L0:OASD(IBP), determines that?

L1:(1) A mentor firm's performance in the attainment of its subcontracting goals
L0:through actual subcontract awards declined from the prior fiscal year without
L0:justifiable cause; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(2) Imposition of such a limitation on credit appears to be warranted to prevent
L0:abuse of this incentive for the mentor firm's participation in the Program.

L1:(b) The mentor firm must be afforded the opportunity to explain the decline in small
L0:business subcontract awards before imposition of any such limitation on credit. In
L0:making the final decision to impose a limitation on credit, the Director, OSBP,
L0:OASD(IBP), must consider?

L1:(1) The mentor firm's overall small business participation rates (in terms of
L0:percentages of subcontract awards and dollars awarded) as compared to the
L0:participation rates existing during the 2 fiscal years prior to the firm's admission to the
L0:Program;

L1:(2) The mentor firm's aggregate prime contract awards during the prior 2 fiscal
L0:years and the total amount of subcontract awards under such contracts; and

L1:(3) Such other information the mentor firm may wish to submit.

L1:(c) The decision of the Director, OSBP, OASD(IBP), regarding the imposition of a
L0:limitation on credit will be final.

L0:I-111 Agreement terminations.

L1:(a) Mentors and/or protégés must send a copy of any termination notices to the
L0:Director, OSBP, OASD(IBP) or the Director, OSBP, of the cognizant military
L0:department or defense agency that approved the agreement, and the DCMA small
L0:business professional responsible for conducting the annual review pursuant to I-113.

L1:(b) For reimbursable agreements, mentors must also send copies of any termination
L0:to the program manager and to the contracting officer.

L1:(c) Termination of a mentor-protégé agreement will not impair the obligations of the
L0:mentor firm to perform pursuant to its contractual obligations under Government
L0:contracts and subcontracts.

L1:(d) Termination of all or part of the mentor-protégé agreement will not impair the
L0:obligations of the protégé firm to perform pursuant to its contractual obligations under
L0:any contract awarded to the protégé firm by the mentor firm.

L1:(e) Mentors and protégés will follow provisions of the mentor-protégé agreement
L0:developed in compliance with I-107(l) through (n).

L1:(f) The Director, OSBP, OASD(IBP) or the Director, OSBP, of the military
L0:department or defense agency is authorized to terminate the mentor-protégé agreement
L0:for the convenience of the Government (to include national security grounds, funding
L0:limits, statutory requirements, or other considerations), as well as for cause upon
L0:written findings (e.g., either of the participants? failure to perform or provide adequate
L0:assurance of performance; failure to comply with laws, regulations, and policies;
L0:conflicts of interest; or default under any provisions of a DoD contract or agreement).
L0:I-112 Reporting requirements.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19
L0:Defense FAR Supplement (DFARS) Part 219
L0:I-112.1 Reporting requirements applicable to Individual Subcontract Reports
L1:(ISR), Summary Subcontract Reports (SSR) and Standard Forms 294.

L1:(a) Amounts credited toward applicable subcontracting goal(s) for unreimbursed
L0:costs under the Program must be separately identified on the appropriate ISR, SSR or
L0:SF 294 reports from the amounts credited toward the goal(s) resulting from the award
L0:of actual subcontracts to protégé firms. The combination of the two must equal the
L0:mentor firm's overall accomplishment toward the applicable goal(s).

L1:(b) A mentor firm may receive credit toward the attainment of an applicable
L0:subcontracting goal for each subcontract awarded by the mentor firm to an entity that
L0:qualifies as a protégé firm pursuant to I-102(b).

L0:I-112.2 Program specific reporting requirements.

L1:(a) Mentors must report on the progress made under active mentor-protégé
L0:agreements semiannually for the periods ending March 31st and September 30th
L0:throughout the Program participation term of the agreement. The September 30th
L0:report must address the entire fiscal year.

L1:(1) Reports are due 30 days after the close of each reporting period.

L1:(2) Each report must include the following data on performance under the
L0:mentor-protégé agreement:

L1:(i) Dollars obligated (for reimbursable agreements).

L1:(ii) Expenditures.

L1:(iii) Dollars credited, if any, toward applicable subcontracting goals as a
L0:result of developmental assistance provided to the protégé and a copy of the ISR or SF
L0:294 and/or SSR for each contract where developmental assistance was credited.

L1:(iv) Any new awards of subcontracts on a competitive or noncompetitive
L0:basis to the protégé firm under DoD contracts or other contracts, including the value of
L0:such subcontracts.

L1:(v) All technical or management assistance provided by mentor firm

L0:personnel for the purposes described in I-106(d).

L1:(vi) Any extensions, increases in the scope of work, or additional payments

L0:not previously reported for prior awards of subcontracts on a competitive or

L0:noncompetitive basis to the protégé firm under DoD contracts or other contracts,

L0:including the value of such subcontracts.

L1:(vii) The amount of any payment of progress payments or advance

L0:payments made to the protégé firm for performance under any subcontract made under

L0:the Program.

L1:(viii) Any loans made by the mentor firm to the protégé firm.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L1:(ix) All Federal contracts awarded to the mentor firm and the protégé firm

L0:as a joint venture, designating whether the award was a restricted competition or a full

L0:and open competition.

L1:(x) Any assistance obtained by the mentor firm for the protégé firm from the

L0:entities listed at I-106(d)(6).

L1:(xi) Whether there have been any changes to the terms of the mentor-

L0:protégé agreement.

L1:(xii) A narrative describing the following:

L0:had in addressing the developmental needs of the protégé firm.

L1:(A) The success developmental assistance provided under I-106(d) has

L0:transition of innovative technology into a program of record.

L1:(B) The impact on DoD contracts, including but not limited to the

L1:(C) Any problems encountered.

L0:program.

L1:(D) Any milestones achieved in the protégé firm's developmental

L0:certifications received, and technology transferred.

L1:(E) Impact of the agreement in terms of capabilities enhanced,

L1:(3) A recommended reporting format and guidance for its submission are

L0:available at [https://business.defense.gov/Programs/Mentor-Protégé-Program/MPP-](https://business.defense.gov/Programs/Mentor-Protégé-Program/MPP-Resources/)

L0:Resources/.

L1:(b) The protégé must provide data, annually by October 31st, on the progress made

L0:during the prior fiscal year by the protégé in employment, revenues, and participation

L0:in DoD contracts during?

L1:(1) Each fiscal year of the Program participation term; and

L1:(2) Each of the 5 fiscal years following the expiration of the Program

L0:participation term.

L1:(c) The protégé report required by paragraph (b) of this section may be provided as

L0:part of the mentor report for the period ending September 30th required by paragraph

L1:(a) of this section.

L1:(d) Progress reports must be submitted?

L1:(1) For credit agreements, to the Director, OSBP, of the military department or

L0:defense agency that approved the agreement, and the mentor's cognizant DCMA

L0:administrative contracting officer; and

L1:(2) For reimbursable agreements, to the Director, OSBP, of the military

L0:department or defense agency, the contracting officer, the DCMA administrative

L0:contracting officer, and the program manager.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 19

L0:Defense FAR Supplement (DFARS) Part 219

L0:I-113 Performance reviews.

L0:DCMA will conduct annual performance reviews of the progress and accomplishments

L0:realized under approved mentor-protégé agreements. These reviews must verify data

L0:provided on the semiannual reports and must provide information as to?

L1:(a) Whether all costs reimbursed to the mentor firm under the agreement were

L0:reasonably incurred to furnish assistance to the protégé in accordance with the mentor-

L0:protégé agreement and applicable regulations and procedures; and

L1:(b) Whether the mentor and protégé accurately reported progress made by the

L0:protégé in employment, revenues, and participation in DoD contracts during the

L0:Program participation term and for 5 fiscal years following the expiration of the

L0:Program participation term.

PART 22

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

222.101-1 Labor relations

Status: active

L0:222.101-1 Labor relations.

L0:Follow the procedures at PGI 222.101-1 for referral of labor relations matters to the
L0:appropriate authorities.

222.101-170 Department of Labor regulations

Status: active

L0:222.101-170 Department of Labor regulations.

L0:Direct all questions regarding Department of Labor regulations to the labor advisor.

222.104 Postaward

Status: active

L0:222.104 Postaward.

222.104-1 General

Status: active

L0:222.104-1 General.

L1:(c) Follow the procedures at PGI 222.104-1 for reporting labor disputes.

222.104-170 Impact of labor disputes on defense programs

Status: active

L0:222.104-170 Impact of labor disputes on defense programs.

L1:(a) Each department and agency must determine the degree of impact of potential
L0:or actual labor disputes on its own programs and requirements. For guidance on
L0:determining the degree of impact, see PGI 222.104-170.

L1:(b) Each contracting activity must obtain and develop data reflecting the impact of a
L0:labor dispute on its requirements and programs. Upon determining that the impact of
L0:the labor dispute is significant, the head of the contracting activity must submit a

L0:report of findings and recommendations to the labor advisor in accordance with
L0:departmental procedures.

222.104-171 Removal of items from contractors' facilities affected by work

Status: active

L0:222.104-171 Removal of items from contractors' facilities affected by work
L0:stoppages.
L0:Follow the procedures at PGI 222.104-171 when a work stoppage prevents the delivery
L0:of urgent and critical items.

222.104-172 Acquisition of stevedoring services during labor disputes

Status: active

L0:222.104-172 Acquisition of stevedoring services during labor disputes.
L0:Follow the procedures at PGI 222.104-172 when a labor dispute delays the performance
L0:of urgently needed stevedoring services.

222.104-2 Overtime approvals

Status: active

L0:222.104-2 Overtime approvals.
L1:(a) The department/agency approving official must?
L1:(i) Obtain the concurrence of other appropriate approving officials; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222
L1:(ii) Seek agreement as to the contracts under which overtime premiums will be
L0:approved when?
L1:(A) Two or more contracting offices have current contracts at the same
L0:contractor facility; and
L1:(B) The approval of overtime by one contracting office will affect the
L0:performance or cost of contracts of another office. In the absence of evidence to the
L0:contrary, a contracting officer may rely on a contractor's statement that approval of
L0:overtime premium pay for one contract will not affect performance or payments under
L0:any other contract.

222.302 Postaward

Status: active

L0:222.302 Postaward.
L0:Upon receipt of notification of Contract Work Hours and Safety Standards violations?
L1:(1) Immediately withhold any available funds;

L1:(2) Give the contractor written notification of the withholding and a statement
L0:of the basis for the liquidated damages assessment. The written notification must also
L0:inform the contractor of the right to appeal the assessment within 60 days, through the
L0:contracting officer, to the agency official responsible for acting on such appeals; and
L1:(3) If funds available for withholding are insufficient to cover liquidated
L0:damages, ask the contractor to pay voluntarily the funds necessary to cover the total
L0:liquidated damage assessment.

L2:(d)(i) The assessment must become the final administrative determination of
L0:contractor liability for liquidated damages when?

L1:(A) The contractor fails to appeal to the contracting agency within 60 days
L0:from the date of the withholding of funds;

L1:(B) The agency, following the contractor's appeals, either issues a final order
L0:affirming the assessment of liquidated damages or waives damages of \$500 or less; or

L1:(C) The Secretary of Labor takes final action on a recommendation of the
L0:agency head to waive or adjust liquidated damages in excess of \$500.

L1:(ii) Upon final administrative determination of the contractor's liability for
L0:liquidated damages, transmit withheld or collected funds owed the Government as
L0:liquidated damages to the servicing finance and accounting officer for crediting to the
L0:appropriate Government Treasury account. Return any excess withheld funds to the
L0:contractor.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222

222.402 Presolicitation

Status: active

L0:222.402 Presolicitation.

222.402-1 Applicability

Status: active

L0:222.402-1 Applicability.

222.402-170 Installation support contracts

Status: active

L0:222.402-170 Installation support contracts.

L1:(a) Apply both the Service Contract Labor Standards statute and the Construction
L0:Wage Rate Requirements statute to installation support contracts if?

L1:(1) The contract is principally for services but also requires a substantial and
L0:segregable amount of construction, alteration, renovation, painting, or repair work; and

L1:(2) The aggregate dollar value of such construction work exceeds or is expected
L0:to exceed \$2,000.

L1:(b) Service Contract Labor Standards statute coverage under the contract. Contract
L0:installation support requirements, such as plant operation and installation services (i.e.,
L0:custodial, snow removal, etc.) are subject to the Service Contract Labor Standards.
L0:Apply Service Contract Labor Standards clauses and minimum wage and fringe benefit
L0:requirements to all contract service calls or orders for such maintenance and support
L0:work.

L1:(c) Construction Wage Rate Requirements statute coverage under the contract.
L0:Contract construction, alteration, renovation, painting, and repair requirements (i.e.,
L0:roof shingling, building structural repair, paving repairs, etc.) are subject to the
L0:Construction Wage Rate Requirements statute. Apply Construction Wage Rate
L0:Requirements clauses and minimum wage requirements to all contract service calls or
L0:orders for construction, alteration, renovation, painting, or repairs to buildings or other
L0:works.

L1:(d) Repairs versus maintenance. Some contract work may be characterized as either
L0:Construction Wage Rate Requirements painting/repairs or Service Contract Labor
L0:Standards maintenance. For example, replacing broken windows, spot painting, or
L0:minor patching of a wall could be covered by either the Construction Wage Rate
L0:Requirements or the Service Contract Labor Standards. In instances where a contract
L0:service call or order requires construction trade skills (i.e., carpenter, plumber, painter,
L0:etc.), but uncertainty exists whether the work required is Service Contract Labor
L0:Standards maintenance or Construction Wage Rate Requirements painting/repairs,
L0:apply the following rules:

L1:(1) Consider individual service calls or orders requiring a total of 32 or more
L0:work hours to be repair work subject to the Construction Wage Rate Requirements.

L1:(2) Consider individual service calls or orders requiring fewer than 32 work
L0:hours to be maintenance subject to the Service Contract Labor Standards.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222

L1:(3) Consider painting work of 200 square feet or more, to be performed under an
L0:individual service call or order, subject to the Construction Wage Rate Requirements
L0:statute regardless of the total work hours required.

L1:(e) Where requirements are identifiable, make the determination of labor standards
L0:application when of drafting the solicitation. Otherwise, make the determination when
L0:placing the service call or order. The service call or order must identify the labor
L0:standards law and contract wage determination that applies to the work required.

L1:(f) Do not avoid application of the Construction Wage Rate Requirements statute by
L0:splitting individual tasks between orders or contracts.

222.402-3 Construction Wage Rate Requirements statute

Status: active

L0:222.402-3 Construction Wage Rate Requirements statute.

L1:(d) Follow the procedures at PGI 222.402-3(d) when seeking clarification of the
L0:proper application of construction wage rate schedules.

222.402-370 Reporting to the Department of Labor

Status: active

L0:222.402-370 Reporting to the Department of Labor.

L0:See PGI 222.402-370 for guidance on reporting requirements.

222.404 Postaward

Status: active

L0:222.404 Postaward.

222.404-1 Administration

Status: active

L0:222.404-1 Administration.

L2:(b)(1) Upon award of the contract, provide the prime contractor a preconstruction

L0:letter to describing the following, as appropriate?

L1:(i) Indicate that the labor standards requirements contained in the contract

L0:are based on the following statutes and regulations?

L1:(A) Construction Wage Rate Requirements statute.

L1:(B) Contract Work Hours and Safety Standards statute;

L1:(C) Copeland (Anti-Kickback) Act;

L0:subtitle A, title 29, CFR);

L1:(D) Parts 3 and 5 of the Secretary of Labor's Regulations (parts 3 and 5,

L1:(ii) Call attention to the labor standards requirements in the contract,

L0:which relate to?

L1:(A) Employment of foremen, laborers, mechanics, and others;

L1:(B) Wages and fringe benefits payments, payrolls, and statements;

L1:(C) Differentiation between subcontractors and suppliers;

L1:(D) Additional classifications;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L0:complete work records;

L1:(E) Benefits to be realized by contractors and subcontractors in keeping

L0:provisions; and

L1:(F) Penalties and sanctions for violations of the labor standards

L1:(G) The applicable provisions of FAR 22.402; and

L1:(iii) Ensure that the contractor sends a copy of the preconstruction letter to

L0:each subcontractor.

L1:(2) Before construction begins, discuss the labor standards obligations under

L0:the contract with the prime contractor, and any subcontractor the prime designated,

L0:when?

L1:(A) The prime contractor has not performed previous Government contracts;

L1:(B) The prime contractor experienced difficulty in complying with labor

L0:standards requirements on previous contracts; or
L1:(C) Uncertainty exists whether the contractor and its subcontractors intend
L0:either to pay any required fringe benefits in the manner specified in the wage
L0:determination or to elect a different method of payment. If the latter, inform the
L0:contractor of the requirements of FAR 22.404-1.

222.404-2 Enforcement

Status: active

L0:222.404-2 Enforcement.

L1:(a) Policy. The proposed construction program must also include?

L1:(i) Training appropriate contract administration, labor relations, inspection,
L0:and other labor standards enforcement personnel in their responsibilities; and
L1:(ii) Periodic review of field enforcement activities to ensure compliance with
L0:applicable regulations and instructions.

L1:(c) Investigations.

L1:(1) Contracting Agency investigations. Before beginning an investigation, the
L0:investigator must inform the contractor of the general scope of the investigation, and
L0:that the investigation will include examining pertinent records and interviewing
L0:employees. In conducting the investigation, follow the procedures at PGI 222.404-2(c).

L2:(vi)(A) Notify the contractor by certified mail of any finding that it is liable
L0:for liquidated damages under the Contract Work Hours and Safety Standards
L1:(CWHSS) statute. The notification must inform the contractor that?
L0:assessment of liquidated damages; and
L1:(1) It has 60 days after receipt of the notice to appeal the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222

L1:(2) The appeal must demonstrate either that the alleged violations
L0:did not occur at all, occurred inadvertently notwithstanding the exercise of due care, or
L0:the assessment was computed improperly.
L0:agency regulations.

L2:(C)(1) Upon receiving an appeal, process the appeal in accordance with
L2:(vii)(A) Forward a detailed enforcement report or summary report to the
L0:agency head in accordance with agency procedures. Include in the report, as a
L0:minimum, the information specified at PGI 222.404-2(d).

L1:(d) Report. Forward these reports through the head of the contracting activity to
L0:the labor advisor within 15 days following the end of the reporting period. These
L0:reports must not include information from investigations conducted by the Department
L0:of Labor. These reports must contain the following information, as applicable, for
L0:construction work subject to the Construction Wage Rate Requirements statute and the
L0:CWSS statute?

L1:(i) Period covered;
L1:(ii) Number of prime contracts awarded;
L1:(iii) Total dollar amount of prime contracts awarded;

L1:(iv) Number of contractors/subcontractors against whom complaints were
L0:received;

L1:(v) Number of investigations conducted;

L1:(vi) Number of contractors/subcontractors found in violation;

L1:(vii) Amount of wage restitution found due under?

L1:(A) Construction Wage Rate Requirements statute; and
L1:(B) CWSS statute;

L1:(vii) Number of employees due wage restitution under?

L1:(A) Construction Wage Rate Requirements statute; and
L1:(B) CWHSS statute;

L1:(ix) Amount of liquidated damages assessed under the CWSS statute?

L1:(i) Total amount; and
L1:(ii) Number of contracts involved;

L1:(x) Number of employees and amount paid/withheld under?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222

L1:(A) Construction Wage Rate Requirements statute;
L1:(B) CWSS statute;
L1:(C) Copeland Act; and
L1:(xi) Regarding preconstruction activities?

L1:(A) Number of compliance checks performed; and
L1:(B) Preconstruction letters sent.

L1:(e) Withholding payments

L1:(1) Contact the labor advisor for assistance when payments due a contractor are
L0:not available to satisfy that contractor's liability for Construction Wage Rate
L0:Requirements or CWHSS statute wage underpayments or liquidated damages.

L1:(g) Disposition of contract payments withheld or suspended. When disposition of
L0:withheld funds remains the final action necessary to close out a contract, the
L0:Department of Labor will retain withheld funds pending completion of an investigation
L0:or other administrative proceedings.

L1:(3) Liquidated damages.

L1:(A) The agency head may either adjust liquidated damages of \$500 or less
L0:when the amount assessed is incorrect or waive the assessment when the violations?

L1:(1) Were nonwillful or inadvertent; and
L0:its subcontractor, or their agents.

L1:(2) Occurred notwithstanding the exercise of due care by the contractor,
L1:(B) The agency head may recommend to the Administrator, Wage and Hour
L0:Division, that the liquidated damages over \$500 be adjusted when the amount assessed
L0:is incorrect. The agency head may also recommend waiving the assessment when the
L0:violations?

L1:(1) Were nonwillful or inadvertent; and
L0:the subcontractor, or their agents.

L1:(2) Occurred notwithstanding the exercise of due care by the contractor,

L0:Defense FAR Supplement (DFARS) Part 222

222.7001 Definition

Status: active

L0:222.7001 Definition.

L0:As used in this subpart?

L0:Noncontiguous State means Alaska, Hawaii, Puerto Rico, the Northern Mariana

L0:Islands, American Samoa, Guam, the U.S. Virgin Islands, Baker Island, Howland

L0:Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Islands, Navassa Island,

L0:Palmyra Atoll, and Wake Island.

222.7002 General

Status: active

L0:222.7002 General.

L0:A contractor awarded a contract subject to this subpart must employ, for the purpose of

L0:performing that portion of the contract work within the noncontiguous State,

L0:individuals who are residents of that noncontiguous State and who, in the case of any

L0:craft or trade, possess or would be able to acquire promptly the necessary skills to

L0:perform this contract.

222.7003 Waivers

Status: active

L0:222.7003 Waivers.

L0:The head of the agency may waive the requirements of 222.7002 on a case-by-case basis

L0:in the interest of national security.

222.7004 Contract clause

Status: active

L0:222.7004 Contract clause.

L0:Insert the clause at 252.222-7000, Restrictions on Employment of Personnel, in all

L0:solicitations and contracts subject to this subpart. Insert the name of the appropriate

L0:noncontiguous State in paragraph (a) of the clause.

L0:SUBPART 222.71 [RESERVED]

222.7201 Contract clauses

Status: active

L0:222.7201 Contract clauses.

L1:(a) Insert the clause at 252.222-7002, Compliance with Local Labor Laws

L1:(Overseas), in solicitations and contracts for services or construction to be performed
L0:outside the United States and its outlying areas.

L1:(b) Insert the clause at 252.222-7003, Permit from Italian Inspectorate of Labor, in
L0:solicitations and contracts for porter, janitorial, or ordinary facility and equipment
L0:maintenance services to be performed in Italy.

L1:(c) Insert the clause at 252.222-7004, Compliance with Spanish Social Security

L0:Laws and Regulations, in solicitations and contracts for services or construction to be
L0:performed in Spain.

222.7300 Scope of subpart

Status: active

L0:222.7300 Scope of subpart.

L0:This subpart?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(a) Implements Section 390 of the National Defense Authorization Act for Fiscal

L0:Year 1998 (Pub. L. 105-85); and

L1:(b) Applies to contracts for base operations support on Guam that?

L1:(1) Are awarded upon a competition conducted under OMB Circular A-76; and

L1:(2) Are entered into or modified on or after November 18, 1997.

222.7301 Prohibition on use of nonimmigrant aliens

Status: active

L0:222.7301 Prohibition on use of nonimmigrant aliens.

L1:(a) An alien who is issued a visa or otherwise provided nonimmigrant status under

L0:Section 101(a)(15)(H)(ii) of the Immigration and Nationality Act (8 U.S.C.

L0:1101(a)(15)(H)(ii)) is prohibited from performing work under a contract for base

L0:operations support on Guam.

L1:(b) Lawfully admitted citizens of the freely associated states of the Republic of the

L0:Marshall Islands, the Federated States of Micronesia, or the Republic of Palau are not

L0:subject to the prohibition in paragraph (a) of this section.

222.7302 Contract clause

Status: active

L0:222.7302 Contract clause.

L0:Insert the clause at 252.222-7005, Prohibition on Use of Nonimmigrant Aliens?Guam,

L0:in solicitations and contracts subject to this subpart.

222.7400 Scope of subpart

Status: active

L0:222.7400 Scope of subpart.

L0:This subpart implements section 8116 of the Defense Appropriations Act for Fiscal Year

L0:2010 (Pub. L. 111-118) and similar sections in subsequent DoD appropriations acts.

222.7401 Definition

Status: active

L0:222.7401 Definition.

L0:As used in this subpart?

L0:Covered subcontractor, means any entity that has a subcontract valued in excess of \$1

L0:million, except a subcontract for the acquisition of commercial products or commercial

L0:services, including commercially available off-the-shelf items.

222.7402 Policy

Status: active

L0:222.7402 Policy.

L1:(a) Do not use funds appropriated or otherwise made available by the Fiscal Year

L0:2010 Defense Appropriations Act (Pub. L. 111-118) or subsequent DoD appropriations

L0:acts for any contract (including task or delivery orders and bilateral modifications

L0:adding new work) in excess of \$1 million, unless the contractor agrees not to?

L1:(1) Enter into any agreement with any of its employees or independent

L0:contractors that requires, as a condition of employment, that the employee or

L0:independent contractor agree to resolve through arbitration?

L1:(i) Any claim under title VII of the Civil Rights Act of 1964; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(ii) Any tort related to or arising out of sexual assault or harassment,

L0:including assault and battery, intentional infliction of emotional distress, false

L0:imprisonment, or negligent hiring, supervision, or retention; or

L1:(2) Take any action to enforce any provision of an existing agreement with an

L0:employee or independent contractor that mandates that the employee or independent

L0:contractor resolve through arbitration?

L1:(i) Any claim under title VII of the Civil Rights Act of 1964; or

L1:(ii) Any tort related to or arising out of sexual assault or harassment,

L0:including assault and battery, intentional infliction of emotional distress, false

L0:imprisonment, or negligent hiring, supervision, or retention.

L1:(b) No funds appropriated or otherwise made available by the Fiscal Year 2010

L0:Defense Appropriations Act (Pub. L. 111-118) or subsequent DoD appropriations acts

L0:may be expended unless the contractor certifies that it requires each covered

L0:subcontractor to agree not to enter into, and not to take any action to enforce, any

L0:provision of any agreement, as described in paragraph (a) of this section, with respect to
L0:any employee or independent contractor performing work related to such subcontract.

222.7403 Applicability

Status: active

L0:222.7403 Applicability.

L0:This requirement does not apply to the acquisition of commercial products or

L0:commercial services (including commercially available off-the-shelf items).

222.7404 Waiver

Status: active

L0:222.7404 Waiver.

L1:(a) The Secretary of Defense may waive, in accordance with paragraphs (b) through

L1:(d) of this section, the applicability of paragraphs (a) or (b) of 222.7402 to a particular

L0:contract or subcontract, if the Secretary or the Deputy Secretary personally determines

L0:that the waiver is necessary to avoid harm to national security interests of the United

L0:States, and that the term of the contract or subcontract is no longer than necessary to

L0:avoid such harm.

L1:(b) The waiver determination must specify the grounds for the waiver, alternatives

L0:considered, and an explanation why each of the alternatives would not avoid harm to

L0:national security interests.

L1:(c) Submit requests for waivers in accordance with agency procedures and PGI

L0:222.7404(c).

L1:(d) The Secretary of Defense will transmit the determination to Congress and

L0:simultaneously publish it in the Federal Register, not less than 15 business days before

L0:the contract or subcontract addressed in the determination may be awarded.

222.7405 Contract clause

Status: active

L0:222.7405 Contract clause.

L0:Insert the clause at 252.222-7006, Restrictions on the Use of Mandatory Arbitration

L0:Agreements, in all solicitations and contracts (including task orders or delivery orders

L0:and bilateral modifications adding new work) valued in excess of \$1 million utilizing

L0:funds appropriated or otherwise made available by the Defense Appropriations Act for

L0:Fiscal Year 2010 (Pub. L. 111-118) or subsequent DoD appropriations acts, except in

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L0:contracts for the acquisition of commercial products, including commercially available

L0:off-the-shelf items, or commercial services.

252.222-7000 Restrictions on employment of personnel

Status: active

L0:252.222-7000 Restrictions on employment of personnel.

L0:As prescribed in 222.7004, use the following clause:

L0:RESTRICTIONS ON EMPLOYMENT OF PERSONNEL (MAR 2000)

L1:(a) The Contractor shall employ, for the purpose of performing that portion of the

L0:contract work in _____, individuals who are residents thereof and who, in the case of

L0:any craft or trade, possess or would be able to acquire promptly the necessary skills to

L0:perform the contract.

L1:(b) The Contractor shall insert the substance of this clause, including this paragraph

L1:(b), in each subcontract awarded under this contract.

L0:(End of clause)

252.222-7001 [Reserved]

Status: active

L0:252.222-7001 [Reserved]

252.222-7002 Compliance with local labor laws (overseas)

Status: active

L0:252.222-7002 Compliance with local labor laws (overseas).

L0:As prescribed in 222.7201(a), use the following clause:

L0:COMPLIANCE WITH LOCAL LABOR LAWS (OVERSEAS) (JUN 1997)

L1:(a) The Contractor shall comply with all?

L1:(1) Local laws, regulations, and labor union agreements governing work hours;

L0:and

L1:(2) Labor regulations including collective bargaining agreements, workers'

L0:compensation, working conditions, fringe benefits, and labor standards or labor contract

L0:matters.

L1:(b) The Contractor indemnifies and holds harmless the United States Government

L0:from all claims arising out of the requirements of this clause. This indemnity includes

L0:the Contractor's obligation to handle and settle, without cost to the United States

L0:Government, any claims or litigation concerning allegations that the Contractor or the

L0:United States Government, or both, have not fully complied with local labor laws or

L0:regulations relating to the performance of work required by this contract.

L1:(c) Notwithstanding paragraph (b) of this clause, consistent with paragraphs 31.205-

L0:15(a) and 31.205-47(d) of the Federal Acquisition Regulation, the Contractor will be

L0:reimbursed for the costs of all fines, penalties, and reasonable litigation expenses

L0:incurred as a result of compliance with specific contract terms and conditions or written

L0:instructions from the Contracting officer.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

252.222-7003 Permit from Italian Inspectorate of Labor

Status: active

L0:252.222-7003 Permit from Italian Inspectorate of Labor.

L0:As prescribed in 222.7201(b), use the following clause:

L0:(End of clause)

L0:PERMIT FROM ITALIAN INSPECTORATE OF LABOR (JUN 1997)

L0:Prior to the date set for commencement of work and services under this contract, the

L0:Contractor shall obtain the prescribed permit from the Inspectorate of Labor having

L0:jurisdiction over the work site, in accordance with Article 5g of Italian Law Number

L0:1369, dated October 23, 1960. The Contractor shall ensure that a copy of the permit is

L0:available at all reasonable times for inspection by the Contracting Officer or an

L0:authorized representative. Failure to obtain such permit may result in termination of

L0:the contract for the convenience of the United States Government, at no cost to the

L0:United States Government.

L0:(End of clause)

252.222-7004 Compliance with Spanish social security laws and regulations

Status: active

L0:252.222-7004 Compliance with Spanish social security laws and regulations.

L0:As prescribed in 222.7201(c), use the following clause:

L0:COMPLIANCE WITH SPANISH SOCIAL SECURITY LAWS AND REGULATIONS

L0:(JUN 1997)

L1:(a) The Contractor shall comply with all Spanish Government social security laws

L0:and regulations. Within 30 calendar days after the start of contract performance, the

L0:Contractor shall ensure that copies of the documents identified in paragraph (a)(1)

L0:through (a)(5) of this clause are available at all reasonable times for inspection by the

L0:Contracting Officer or an authorized representative. The Contractor shall retain the

L0:records in accordance with the Audit and Records clause of this contract.

L1:(1) TC1?Certificate of Social Security Payments;

L1:(2) TC2?List of Employees;

L1:(3) TC2/1?Certificate of Social Security Payments for Trainees;

L1:(4) Nominal (pay statements) signed by both the employee and the Contractor;

L0:and

L1:(5) Informa de Situacion de Empresa (Report of the Condition of the

L0:Enterprise) from the Ministerio de Trabajo y S.S., Tesoreria General de la Seguridad

L0:Social (annotated with the pertinent contract number(s) next to the employee's name).

L1:(b) All TC1's, TC2's, and TC2/1's shall contain a representation that they have been

L0:paid by either the Social Security Administration office or the Contractor's bank or

L0:savings institution. Failure by the Contractor to comply with the requirements of this

L0:clause may result in termination of the contract under the clause of the contract entitled

L0:?Default.?

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222

252.222-7005 Prohibition on use of nonimmigrant aliens?Guam

Status: active

L0:252.222-7005 Prohibition on use of nonimmigrant aliens?Guam.

L0:As prescribed in 222.7302, use the following clause:

L0:PROHIBITION ON USE OF NONIMMIGRANT ALIENS?GUAM (SEP 1999)

L0:The work required by this contract shall not be performed by any alien who is issued a
L0:visa or otherwise provided nonimmigrant status under Section 101(a)(15)(H)(ii) of the
L0:Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(ii)). This prohibition does not
L0:apply to the performance of work by lawfully admitted citizens of the freely associated
L0:states of the Republic of the Marshall Islands, the Federated States of Micronesia, or
L0:the Republic of Palau.

L0:(End of clause)

252.222-7006 Restrictions on the Use of Mandatory Arbitration Agreements

Status: active

L0:252.222-7006 Restrictions on the Use of Mandatory Arbitration Agreements.

L0:As prescribed in 222.7405, use the following clause:

L0:RESTRICTIONS ON THE USE OF MANDATORY ARBITRATION AGREEMENTS

L0:(JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Covered subcontractor means any entity that has a subcontract valued in excess of \$1
L0:million, except a subcontract for the acquisition of commercial products or commercial
L0:services, including commercially available off-the-shelf items.

L0:Subcontract means any contract, as defined in Federal Acquisition Regulation subpart
L0:2.1, to furnish supplies or services for performance of this contract or a higher-tier
L0:subcontract thereunder.

L1:(b) The Contractor?

L1:(1) Agrees not to?

L1:(i) Enter into any agreement with any of its employees or independent
L0:contractors that requires, as a condition of employment, that the employee or
L0:independent contractor agree to resolve through arbitration?

L1:(A) Any claim under title VII of the Civil Rights Act of 1964; or

L1:(B) Any tort related to or arising out of sexual assault or harassment,
L0:including assault and battery, intentional infliction of emotional distress, false
L0:imprisonment, or negligent hiring, supervision, or retention; or

L1:(ii) Take any action to enforce any provision of an existing agreement with
L0:an employee or independent contractor that mandates that the employee or
L0:independent contractor resolve through arbitration?

L1:(A) Any claim under title VII of the Civil Rights Act of 1964; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(B) Any tort related to or arising out of sexual assault or harassment,

L0:including assault and battery, intentional infliction of emotional distress, false

L0:imprisonment, or negligent hiring, supervision, or retention; and

L1:(2) Certifies, by signature of the contract, that it requires each covered

L0:subcontractor to agree not to enter into, and not to take any action to enforce, any

L0:provision of any existing agreements, as described in paragraph (b)(1) of this clause,

L0:with respect to any employee or independent contractor performing work related to

L0:such subcontract.

L1:(c) The prohibitions of this clause do not apply with respect to a contractor's or

L0:subcontractor's agreements with employees or independent contractors that may not be

L0:enforced in a court of the United States.

L1:(d) The Secretary of Defense may waive the applicability of the restrictions of

L0:paragraph (b) of this clause in accordance with Defense Federal Acquisition Regulation

L0:Supplement 222.7404.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L0:PGI PART 222?APPLICATION OF LABOR LAWS TO GOVERNMENT ACQUISITIONS

L0:PGI 222.1?BASIC LABOR POLICIES

L0:PGI 222.101-1 Labor relations.

L0:Obtain approval from the labor advisor before?

L1:(1) Contacting a national office of a labor organization, a Government agency

L0:headquarters, or any other organization on labor relations matters or disputes; or

L1:(2) Making recommendations for plant seizure or injunctive action relating to potential or

L0:actual work stoppages.

L0:PGI 222.104 Postaward.

L0:PGI 222.104-1 General.

L0:The contract administration office must?

L1:(1) Notify the labor advisor, the contracting officer, and the head of the contracting

L0:activity when interference is likely; and

L1:(2) Disseminate information on labor disputes in accordance with departmental

L0:procedures.

L0:PGI 222.104-170 Impact of labor disputes on defense programs.

L1:(a) If the dispute involves a product, project (including construction), or service that must

L0:be obtained in order to meet schedules for urgently needed military programs or

L0:requirements, each department and agency must consider the degree of impact of potential

L0:or actual labor disputes, and each contracting activity involved must obtain and develop data

L0:reflecting the impact of a labor dispute. Upon determining the impact, the head of the

L0:contracting activity must submit a report of findings and recommendations to the labor

L0:advisor.

L2:(b)(i) The report to the labor advisor must be in narrative form and must include?

L1:(A) Location of dispute and name of contractor or subcontractor involved;
L1:(B) A description of the impact, including how the specific items or services
L0:affect the specific programs or requirements;
L1:(C) Identity of alternate sources available to furnish the supply or service within
L0:the time required; and
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222
L1:(D) A description of any action taken to reduce the impact.
L1:(ii) The head of the contracting activity must submit impact reports to the agency
L0:head when?
L1:(A) Specifically requested; or
L1:(B) The department or agency considers the impact to be of sufficient urgency
L0:to warrant the attention of the agency head.
L1:(iii) The labor advisor will expand the report submitted under paragraph (b)(ii) of this
L0:subsection by addressing the following, as appropriate:
L1:(A) Description of military program, project, or service. Identify item, project, or
L0:service that will be or is being affected by the work stoppage. Describe its normal use and
L0:current functions in combat, combat support, or deterrent operations. For components or
L0:raw materials, identify the end item(s) for which they are used.
L1:(B) Requirements and assets. Identify requirements and assets in appropriate
L0:detail in terms commonly used by the DoD component.
L1:(1) For production programs, include requirements for each using military
L0:service. Where applicable, state in detail production schedule, inventory objectives, assets
L0:against these objectives, and critical shortages. For spares and highly expendable items,
L0:such as ground and air ammunition, show usage (consumption) rates and assets in
L0:absolute terms and in terms of daily, weekly, or monthly supplies. For components, include
L0:requirements for spares.
L1:(2) For projects, describe the potential adverse effects of a delay in meeting
L0:schedules, and its impact on the national security.
L1:(3) For services, describe how a loss or interruption affects the ability to
L0:support Defense operations in terms of traffic requirements, assets, testing programs, etc.
L1:(C) Possible measures to minimize strike impact. Describe?
L1:(1) Capabilities, if any, to substitute items or to use alternate sources and
L0:indicate the number of other facilities available and the relative capabilities of such facilities
L0:in meeting total requirements;
L0:service affected by a work stoppage; and
L1:(2) How much time would be required to replace the loss of the facilities or
L1:(3) The feasibility of transferring assets from theater to theater to relieve
L0:deficits in some areas of urgency.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222
L1:(D) Conclusion.
L0:work stoppage.
L1:(1) Describe the impact on operations of a 15-30, 30-60, and a 60-90 day
L1:(2) Estimate the degree of criticality of a program, project, or service

L0:resulting from a work stoppage on a calendar basis, indicating the increased impact, if any,
L0:as the stoppage lengthens. Criticality is measured by the number of days required for the
L0:work stoppage to have an effect on operational capability. This time must be stated in terms
L0:of days.

L0:PGI 222.104-171 Removal of items from contractors' facilities affected by work
L0:stoppages.

L1:(a) When a contractor is unable to deliver urgent and critical items because of a work
L0:stoppage at its facility, before removing any items from the facility?

L1:(i) Contact the labor advisor to obtain the opinion of the national office of the
L0:Federal Mediation and Conciliation Service or other mediation agency regarding the effect
L0:movement of the items would have on labor negotiations. Normally removals will not be
L0:made if they will adversely affect labor negotiations.

L1:(ii) Provide a written request for removal of the material to the cognizant contract
L0:administration office. The request should include the following information:

L1:(A) Contract number.

L1:(B) A statement as to the urgency and criticality of the item needed.

L1:(C) A description of the items to be moved (nature of the item, amount,
L0:approximate weight and cubic feet, item number, etc.).

L1:(D) Mode of transportation by which the items are to be moved, if different than
L0:in the contract, and whether by Government or commercial bill of lading.

L1:(E) Destination of the material, if different from that specified in the contract.

L1:(iii) With the assistance of the labor advisor or the contract administration office,
L0:attempt to have both the management and the labor representatives involved agree to
L0:shipment of the material by normal means.

L1:(iv) If agreement for removal of the needed items cannot be reached following the
L0:procedures in paragraphs (a) (i) through (iii) of this section, the commander of the contract
L0:administration office, after obtaining approval from the labor advisor, may seek the
L0:concurrence of the parties to the dispute to permit movement of the material by military
L0:vehicles with military personnel. On receipt of such concurrences, the commander may
L0:proceed to make necessary arrangements to move the material.

L1:(v) If agreement for removal of the needed items cannot be reached following any
L0:of the procedures in paragraphs (a) (i) through (iv) of this section, refer the matter to the
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222

L0:labor advisor with the information required by 222.104-170(b). If the labor advisor is
L0:unsuccessful in obtaining concurrence of the parties for the movement of the material and
L0:further action to obtain the material is necessary, refer the matter to the agency head. Upon
L0:review and verification that the items are urgently or critically needed and cannot be moved
L0:with the consent of the parties, the agency head, on a nondelegable basis, may order
L0:removal of the items from the facility.

L0:PGI 222.104-172 Acquisition of stevedoring services during labor disputes.

L1:(a) Use the following procedures only in the order listed when a labor dispute delays
L0:performance of a contract for stevedoring services that are urgently needed.

L1:(1) Attempt to have management and labor voluntarily agree to exempt military
L0:supplies from the labor dispute by continuing the movement of such material.

L1:(2) Divert vessels to alternate ports able to provide necessary stevedoring services.

L1:(3) Consider contracting with reliable alternative sources of supply within the
L0:stevedoring industry.

L1:(4) Utilize civil service stevedores to perform the work performed by contract
L0:stevedores.

L1:(5) Utilize military personnel to handle the cargo which was being handled by
L0:contract stevedores prior to the labor dispute.

L1:(b) Notify the labor advisor when a deviation from the procedures in paragraph (a) of this
L0:subsection is required.

L0:PGI 222.4?LABOR STANDARDS FOR CONTRACTS INVOLVING CONSTRUCTION

L0:PGI 222.402-3 Construction Wage Rate Requirements statute .

L1:(d) Obtain clarification concerning the proper application of wage rate schedules to the
L0:type or types of construction involved from?

L1:(i) For the Army - The appropriate district commander, Corps of Engineers.

L1:(ii) For the Navy - The cognizant Naval Facilities Engineering Command division.

L1:(iii) For the Air Force - The appropriate Regional Industrial Relations Office.

L0:PGI 222.402-370 Reporting to the Department of Labor.

L0:Not later than April 1 of each year, each agency must furnish the Administrator, Wage and

L0:Hour Division, with a general outline of its proposed construction program for the coming

L0:fiscal year. The Department of Labor uses this information to determine where it will conduct

L0:general wage determination surveys.

L1:(a) For individual projects of \$500,000 or more, the agency must indicate?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(1) The anticipated type of construction;

L1:(2) The estimated dollar value; and

L1:(3) The location in which the work is to be performed (city, town, village, county, or

L0:other civil subdivision of the state).

L1:(b) The report format is contained in Department of Labor All Agency Memo 144,

L0:December 27, 1985.

L1:(c) The report control number is 1671-DOL-AN.

L0:PGI 222.404 Postaward.

L0:PGI 222.404-2 Enforcement.

L1:(c) Investigations. (1) Under Reorganization Plan No. 14 of 1950, contracting agencies

L0:are tasked with the primary responsibility for the conduct of labor standards compliance

L0:activities for construction contracts subject to the Construction Wage Rate Requirements

L0:statute. When such compliance assurance activities disclose potential violations that are

L0:substantial in amount (wage underpayments in excess of \$1,000) or when requested by the

L0:Department of Labor, the contracting officer or a designee should take the following steps to

L0:ensure compliance with the investigative requirements of the Department of Labor:

L1:(i) Beginning of the investigation. The investigator must?

L1:(A) Inform the contractor of the investigation in advance;

L1:(B) Verify the exact legal name of the contractor, its address, and the names

L0:and titles of its principal officers;

L1:(C) Outline the general scope of the investigation, including the examination of

L0:pertinent records and the interview of employees;

L1:(D) Inform the contractor that the names of the employees to be interviewed will

L0:not be divulged to the contractor; and

L1:(E) When requested, provide a letter from the contracting officer verifying the

L0:investigator's authority.

L1:(ii) Conduct of the investigation. Labor standards investigations are comprised of

L0:the following essential components:

L1:(A) Review of the contract.

L0:determinations are included in the contract.

L1:(1) Verify that all required labor standards and clauses and wage

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(2) Review the following items in the contract file, if applicable:

L1:(i) List of subcontractors.

L1:(ii) Payroll statements for the contractor and subcontractors.

L1:(iii) Approvals of additional classifications.

L0:22.404-1(f)(1) and 22.404-1(f)(3)(i).

L1:(iv) Data regarding apprentices and trainees as required by FAR

L1:(v) Daily inspector's report or other inspection reports.

L1:(vi) Employee interview statements.

L1:(vii) Standard Form (SF) 1413, Statement and Acknowledgement.

L1:(B) Interview of the complainant. If the investigation is based upon the receipt

L0:of a complaint, the investigator should interview the complainant unless this is impractical.

L0:The interview must cover all aspects of the complaint to ensure that all pertinent information

L0:is obtained. Whenever an investigation does not include an interview of the complainant,

L0:explain such omission in the investigator's report.

L1:(C) Interview of employees and former employees.

L1:(1) Interview a sufficient number of employees or former employees, who

L0:represent all classifications, to develop information regarding the method and amount of

L0:payments, deductions, hours worked, and the type of work performed.

L1:(2) Interview employees at the job site if the interviews can be conducted

L0:privately and in such a manner so as to cause the least inconvenience to the employer and

L0:employees.

L1:(3) Former employees may be interviewed elsewhere.

L1:(4) Do not disclose to any employee any information, finding,

L0:recommendation, or conclusion relating to the investigation except to the extent necessary

L0:to obtain required information.

L1:(5) Do not disclose any employee's statement to anyone, except a

L0:Government representative working on the case, without the employee's written permission.

L1:(6) Obtain information by mail when personal interviews are impractical.

L1:(7) Use SF 1445, Labor Standards Interview, for employee interviews.

L1:(8) Ask employees to sign their statements and to initial any changes.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(9) Provide an evaluation of each employee's credibility.

L1:(D) Interview of foremen. Interview foremen to obtain information concerning
L0:the contractor's compliance with the labor standards provisions with respect to employees
L0:under the foreman's supervision and the correctness of the foreman's classification as a
L0:supervisory employee. All procedures established for the conduct of employee interviews,
L0:and the recording and use of information obtained, apply to foremen interviews.

L1:(E) Interview of the contractor.

L1:(1) Interview the contractor whenever the investigation indicates the
L0:possibility of a violation.

L1:(2) Inform the contractor that?
L0:a requirement for corrective action exists; and

L1:(i) The interview does not mean that a violation has been found or that
L0:contractor may desire to present in connection with the investigation.

L1:(ii) The purpose of the interview is to obtain only such data as the

L1:(3) Do not disclose the identity of any individual who filed a complaint or
L0:was interviewed.

L1:(F) Review of contractor and subcontractor records.

L1:(1) Review contractor and subcontractor records such as basic time cards,
L0:books, cancelled payroll checks, fringe benefits, and payment records. Compare them with
L0:submitted payrolls. When discrepancies are found, include pertinent excerpts or copies of
L0:the records in the investigation report with a statement of the discrepancy and any
L0:explanation the investigator obtains. When wages include contributions or anticipated costs
L0:for fringe payments requiring approval of the Secretary of Labor, examine the contractor
L0:records to ensure such approval has been obtained and that any requirements specified in
L0:the approval have been met.

L1:(2) Review contractor's and subcontractor's weekly payrolls and payroll
L0:statements for completeness and accuracy regarding the following:
L0:subcontractor, and payroll period.

L1:(i) Identification of employees, payroll amount, the contract, contractor,
L0:contract specifications, or otherwise established for the contract or subcontract.

L1:(ii) Inclusion of only job classifications and wage rates specified in the

L1:(iii) Computation of daily and weekly hours.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22
L0:Defense FAR Supplement (DFARS) Part 222
L0:per week in accordance with FAR 22.404-2(b).

L1:(iv) Computation of time-and-one half for work in excess of 40 hours

L1:(v) Gross weekly wages.

L1:(vi) Deductions.

L1:(vii) Computation of net weekly wages paid to each employee.

L1:(viii) Ratio of helpers, apprentices, and trainees to laborers and
L0:mechanics.

L1:(ix) Apprenticeship and trainee registration and ratios.

L1:(x) Computation of fringe benefits payments.

L1:(3) Transcribe the contractor's records whenever they contain information
L0:at variance with payrolls or other submitted documents.

L1:(i) Make the transcriptions in sufficient detail to permit them to be used

L0:to check computations of restitution and to determine amounts to be withheld from the
L0:contractor.

L1:(ii) Follow the form used by the contractor.

L0:separate memoranda or in the narrative report.

L1:(iii) Place comments or explanations concerning the transcriptions on

L0:the determination, and any additional classifications are posted as required.

L1:(iv) Determine whether the wage determination, any modifications of

L1:(iii) Submission of the report of investigation. The investigator must submit a report

L0:of the investigation in accordance with agency procedures. Each report must include at
L0:least?

L1:(A) The basis for the investigation, including the name of the complainant;

L1:(B) Names and addresses of prime contractors and subcontractors involved,

L0:and names and titles of their principal officers;

L1:(C) Contract number, date, dollar value of prime contract, and date and number

L0:of wage determination included in the contract;

L1:(D) Description of the contract and subcontract work involved;

L1:(E) Summary of the findings with respect to each of the items listed in PGI

L0:222.406-8(1)(ii);

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(F) Concluding statement concerning?

L1:(1) The types of violations, including the amount of kickbacks under the

L0:Copeland Act, underpayments of basic hourly rates and fringe benefits under the Wage

L0:Rate Requirements statute, or underpayments and liquidated damages under the Contract

L0:Work Hours and Safety Standards statute;

L1:(2) Whether violations are considered to be willful or due to the negligence

L0:of the contractor or its agent;

L1:(3) The amount of funds withheld from the contractor; and

L1:(4) Other violations found; and

L1:(G) Exhibits indexed and appropriately tabbed, including copies of the following,

L0:when applicable?

L1:(1) Complaint letter;

L1:(2) Contract wage determination;

L1:(3) Preconstruction letter and memorandum of preconstruction conference;

L1:(4) Payrolls and statements indicating violations;

L1:(5) Transcripts of pertinent records of the contractor, and approvals of fringe

L0:benefit payments;

L1:(6) Employee interview statements;

L1:(7) Foreman interview statements;

L1:(8) Statements of others interviewed, including Government personnel;

L0:liquidated damages;

L1:(9) Detailed computations showing kickbacks, underpayments, and

L1:(10) Summary of all payments due to each employee or to a fund plan or

L0:program, and liquidated damages; and

L1:(11) Receipts and cancelled checks.

L1:(d) This report must include at least--

L1:(i) SF 1446, Labor Standards Investigation Summary Sheet;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(ii) Contracting officer's findings;

L1:(iii) Statement as to the disposition of any contractor rebuttal to the findings;

L1:(iv) Statement as to whether the contractor has accepted the findings and has paid

L0:any restitution or liquidated damages;

L1:(v) Statement as to the disposition of funds available;

L1:(vi) Recommendations as to disposition or further handling of the case (when

L0:appropriate, include recommendations as to the reduction, waiver, or assessment of

L0:liquidated damages, whether the contractor should be debarred, and whether the file should

L0:be referred for possible criminal prosecution); and

L1:(vii) When applicable, the following exhibits:

L1:(A) Investigator's report.

L1:(B) Copy of the contractor's written rebuttal or a summary of the contractor's

L0:oral rebuttal of the contracting officer's findings.

L1:(C) Copies of correspondence between the contractor and contracting officer,

L0:including a statement of specific violations found, corrective action requested, and the

L0:contractor's letter of acceptance or rejection.

L1:(D) Evidence of the contractor's payment of restitution or liquidated damages

L0:(copies of receipts, cancelled checks, or supplemental payrolls).

L1:(E) Letter from the contractor requesting relief from the liquidated damage

L0:provisions of the Contract Work Hours and Safety Standards statute.

L1:(e) Withholding payments.

L1:(1) Contact the labor advisor for assistance when payments due a contractor are

L0:not available to satisfy that contractor's liability for Construction Wage Rate Requirements or

L0:CWHSS statute wage underpayments or liquidated damages.

L0:PGI 222.10?SERVICE CONTRACT LABOR STANDARDS

L0:PGI 222.1002-3 Obtaining wage determinations.

L1:(1) Secure the assistance of cognizant customer/technical personnel to ensure

L0:maximum use of the Service Contract Act Directory of Occupations (Directory) and

L0:incorporation of all service employee classes (Directory and non-Directory) expected to be

L0:utilized.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(2) When the statement of work job title, for which there is a Directory equivalent, differs

L0:from the Directory job title, provide a cross-reference on the e98.

L1:(3) Include and note as such any classifications and minimum hourly wage rates

L0:conformed under any predecessor contract. When a previously conformed classification is

L0:not included in the Directory, include the job description on the e98.

L0:PGI 222.13?EQUAL OPPORTUNITIES FOR VETERANS

L0:PGI 222.1302 Presolicitation.

L0:PGI 222.1302-3 Waivers.

L1:(c) When seeking a waiver of any of the terms of the clause at FAR 52.222-35, Equal
L0:Opportunity for Veterans, submit a waiver request through contracting channels to the labor
L0:advisor. If the request is justified, the labor advisor will endorse the request and forward it
L0:for action to?

L1:(i) The agency head for waivers under FAR 22.1305(a); or

L1:(ii) The Secretary of Defense, without the power of redelegation, for waivers under
L0:FAR 22.1305(b).

L0:PGI 222.17?COMBATING TRAFFICKING IN PERSONS

L0:For a sample checklist for auditing compliance with Combating Trafficking in Persons policy,
L0:click here.

L0:PGI 222.1703-1 Policy.

L1:(1) The Office of the Under Secretary of Defense for Personnel and Readiness

L0:(OUSD(P&R)) is responsible for developing overall guidance on personnel policy issues

L0:relating to Combating Trafficking in Persons (CTIP). The DoD CTIP website is

L0:<http://ctip.defense.gov/>. The website includes DoD policy on CTIP, CTIP training

L0:information, and links to the National TIP hotline, the DoD IG website, the Department of

L0:State Office to Monitor and Combat Trafficking in Persons, and other Government and non-

L0:Government organization websites.

L1:(2) Department of Defense Instruction 2200.01, reissued June 21, 2019, entitled

L0:Combating Trafficking in Persons (CTIP), (located at

L0:<https://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodi/220001p.pdf?ver=2019->

L0:06-21-102951-257), requires the incorporation of terms and conditions in contracts

L0:performed either inside or outside the United States that?

L1:(i) Prohibit any activities on the part of contractor employees that support or

L0:promote trafficking in persons; and

L1:(ii) Impose suitable penalties on contractors who fail to monitor the conduct of their

L0:employees.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 22

L0:Defense FAR Supplement (DFARS) Part 222

L1:(3) DoD Instruction 5525.11, Criminal Jurisdiction Over Civilians Employed By or

L0:Accompanying the Armed Forces Outside the United States, Certain Service Members, and

L0:Former Service Members, dated March 3, 2005, located at

L0:<http://www.dtic.mil/whs/directives/corres/pdf/552511p.pdf>, and as supplemented by

L0:Directive-Type Memorandum 09-015 at <http://www.dtic.mil/whs/directives/corres/pdf/DTM->

L0:09-015.pdf, implements policies and procedures, and assigns responsibilities, under the

L0:Military Extraterritorial Jurisdiction Act of 2000, as amended by section 1088 of the National

L0:Defense Authorization Act for Fiscal Year 2005, for exercising extraterritorial criminal

L0:jurisdiction over certain current and former members of the U.S. Armed Forces, and over

L0:civilians employed by or accompanying the U.S. Armed Forces outside the United States.

L1:(4) Quality assurance surveillance plans (QASPs) that are developed in accordance

L0:with DFARS 237.172 should appropriately describe how the contracting officer?s

L0:representative will monitor the contractor?s performance regarding trafficking in persons

L0:such that non-compliance with FAR clause 52.222-50, Combating Trafficking in Persons, is

L0:brought to the immediate attention of the contracting officer.

L1:(5) PD2 users must not use system overrides or other administrative methods of

L0:developing clauses for use in PD2-generated contracts to avoid the inclusion of the clause

L0:at FAR 52.222-50, with its Alternate I, if appropriate, in solicitations and contracts.

L1:(6) Rely on the requiring activity to ascertain the existence of any additional Geographic

L0:Combatant Commander's (GCC's)/Subordinate Joint Force Commander, Trafficking In

L0:Persons, Directives or Notices, as required under PGI 225.370, checklist item #12, that

L0:would require the use of Alternate I with the clause at FAR 52.222-50, Combating Trafficking

L0:in Persons, as required by FAR 22.1705 for contracts performed outside the United States.

L0:The webpage is provided at <https://www.acq.osd.mil/asda/dpc/cp/cc/aor.html> and by

L0:clicking on the pertinent GCC Area of Responsibility.

L0:PGI 222.1704 Violations.

L2:(a)(1) If the contracting officer receives information indicating that the contractor, a

L0:contractor employee, a subcontractor, or a subcontractor employee has failed to comply with

L0:the requirements of the clause at FAR 52.222-50, then?

L1:(i) Through the contracting officer's local commander or other designated

L0:representative, immediately notify the Combatant Commander responsible for the

L0:geographical area in which the incident has occurred; and

L1:(ii) Provide information about any investigation and enforcement to?

L0:<https://ctip.defense.gov/> or by email to dodctip@mail.mil; and

L1:(A) Program Manager, DoD CTIP Policy and Programs Support at

L0:Policy) by email to osd.pentagon.ousd-a-s.mbx.asda-dp-c-contractpolicy@mail.mil.

L1:(B) Defense Pricing, Contracting, and Acquisition Policy (Contract

L1:(2) Reports may be made to the DoD Inspector General Hotline at

L0:<http://www.dodig.mil/hotline/> or 800-424-9098.

L1:(3) Reports also may be made to the National Human Trafficking Hotline at 1-888-

L0:Include ?Waiver-Mandatory Arbitration? in the subject line of the message.

PART 23

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

223.107 Agency Programs

Status: active

L0:223.107 Agency Programs.

L2:(a)(i) When procuring, or specifying the use of, EPA-designated items that contain

L0:recovered material, follow the procedures at PGI 223.107-1(a)(i).

223.170 Products that contain, use, or are manufactured with ozone-depleting

Status: active

L0:223.170 Products that contain, use, or are manufactured with ozone-depleting

L0:substances or products that contain or use high global warming potential

L0:hydrofluorocarbons.

L0:No DoD contract may include a specification or standard that requires the use of a class

L0:I ozone-depleting substance or that can be met only through the use of such a substance

L0:unless the inclusion of the specification or standard is specifically authorized at a level

L0:no lower than a general or flag officer or a member of the Senior Executive Service of

L0:the requiring activity in accordance with section 326, Public Law 102-484 (10 U.S.C.

L0:3201 note prec.). This restriction is in addition to any imposed by the Clean Air Act and

L0:applies after June 1, 1993, to all DoD contracts, regardless of place of performance.

223.302 Hazardous material identification and safety data

Status: active

L0:223.302 Hazardous material identification and safety data.

L1:(e) Provide hazard warning labels, received from apparent successful offerors, to the

L0:cognizant safety officer.

223.304 Contract clauses

Status: active

L0:223.304 Contract clauses.

L0:Use the clause at 252.223-7001, Hazard Warning Labels, in solicitations and contracts

L0:which require submission of hazardous material data sheets (see FAR 23.302(c)).

223.370 Safety precautions for ammunition and explosives

Status: active

L0:223.370 Safety precautions for ammunition and explosives.

223.370-1 Scope

Status: active

L0:223.370-1 Scope.

L1:(a) This section applies to all acquisitions involving the use of ammunition and

L0:explosives, including acquisitions for?

L1:(1) Development;

L1:(2) Testing;

L1:(3) Research;

L1:(4) Manufacturing;

L1:(5) Handling or loading;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(6) Assembling;

L1:(7) Packaging;

L1:(8) Storage;

L1:(9) Transportation;

L1:(10) Renovation;

L1:(11) Demilitarization;

L1:(12) Modification;

L1:(13) Repair;

L1:(14) Disposal;

L1:(15) Inspection; or

L1:(16) Any other use, including acquisitions requiring the use or the incorporation

L0:of materials listed in paragraph (b) of this subsection for initiation, propulsion, or

L0:detonation as an integral or component part of an explosive, an ammunition, or

L0:explosive end item or weapon system.

L1:(b) This section does not apply to acquisitions solely for?

L1:(1) Inert components containing no explosives, propellants, or pyrotechnics;

L1:(2) Flammable liquids;

L1:(3) Acids;

L1:(4) Oxidizers;

L1:(5) Powdered metals; or

L1:(6) Other materials having fire or explosive characteristics.

223.370-2 Definition

Status: active

L0:223.370-2 Definition.

L0:Ammunition and explosives, as used in this section, is defined in the clause at 252.223-7002, Safety Precautions for Ammunition and Explosives.

223.370-3 Policy

Status: active

L0:223.370-3 Policy.

L1:(a) DoD policy is to ensure that its contractors take reasonable precautions in

L0:handling ammunition and explosives so as to minimize the potential for mishaps.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(b) DoD Manual 4145.26, DoD Contractors' Safety Manual for Ammunition and

L0:Explosives implements this policy, and it contains mandatory safety requirements for

L0:contractors. Contracts under which ammunition and explosives are handled must

L0:reflect this policy.

L1:(c) When work is to be performed on a Government-owned installation, the

L0:contracting officer may use the ammunition and explosives regulation of the DoD

L0:component or installation as a substitute for, or supplement to, DoD Manual 4145.26,

L0:as long as the contract cites the ammunition and explosives regulation of the DoD

L0:component or installation.

223.370-4 Procedures

Status: active

L0:223.370-4 Procedures.

L0:Follow the procedures at PGI 223.370-4.

223.370-5 Contract clauses

Status: active

L0:223.370-5 Contract clauses.

L0:Use the clauses at 252.223-7002, Safety Precautions for Ammunition and Explosives,

L0:and 252.223-7003, Change in Place of Performance?Ammunition and Explosives, in all

L0:solicitations and contracts for acquisition to which this section applies.

223.7101 Definitions

Status: active

L0:223.7101 Definitions.

L0:As used in this subpart, the terms storage and toxic or hazardous materials are defined

L0:in the clause at 252.223-7006, Prohibition on Storage, Treatment, and Disposal of Toxic

L0:or Hazardous Materials.

223.7102 Policy

Status: active

L0:223.7102 Policy.

L1:(a) 10 U.S.C. 2692 prohibits storage, treatment, or disposal on DoD installations of
L0:toxic or hazardous materials that are not owned either by DoD or by a member of the
L0:armed forces (or a dependent of the member) assigned to or provided military housing
L0:on the installation, unless an exception in 223.7104 applies.

L1:(b) When storage of toxic or hazardous materials is authorized based on an
L0:imminent danger, the storage provided must be temporary and must cease once the
L0:imminent danger no longer exists. In all other cases of storage or disposal, the storage
L0:or disposal must be terminated as determined by the Secretary of Defense.

223.7103 Procedures

Status: active

L0:223.7103 Procedures.

L2:(a) (1) Storage, treatment, or disposal of toxic or hazardous materials not owned by
L0:DoD on a DoD installation is prohibited unless?

L1:(i) One or more of the exceptions set forth in 223.7104(a) is met including
L0:requisite approvals; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0:Defense FAR Supplement (DFARS) Part 223

L1:(ii) Secretary of Defense authorization is obtained under the conditions set
L0:forth in 223.7104(b).

L1:(2) If a contract authorizes a contractor to store, treat, or dispose of toxic or
L0:hazardous materials not owned by DoD, then the contract must explicitly identify the
L0:specific types and quantities of materials permitted. It must also outline the conditions
L0:under which these activities are allowed at DoD installations or space launch facilities.
L0:All solicitations and resulting contracts must include these requirements to ensure
L0:compliance with applicable environmental and safety regulations.

L1:(b) If the contracting officer is uncertain as to whether particular activities are
L0:prohibited or fall under one of the exceptions in 223.7104, the contracting officer should
L0:seek advice from the cognizant office of counsel.

223.7104 Exceptions

Status: active

L0:223.7104 Exceptions.

L1:(a) The prohibition of 10 U.S.C. 2692 does not apply to any of the following:

L1:(1) The storage, treatment, or disposal of materials that will be or have been
L0:used in connection with an activity of DoD or in connection with a service to be
L0:performed on a DoD installation for the benefit of DoD.

L1:(2) The storage of strategic and critical materials in the National Defense

L0:Stockpile under an agreement for such storage with the Administrator of General
L0:Services Administration.

L1:(3) The temporary storage or disposal of explosives in order to protect the public

L0:or to assist agencies responsible for Federal, State, or local law enforcement in storing

L0:or disposing of explosives when no alternative solution is available, if such storage or

L0:disposal is made in accordance with an agreement between the Secretary of Defense

L0:and the head of the Federal, State, or local agency concerned.

L1:(4) The temporary storage or disposal of explosives in order to provide

L0:emergency lifesaving assistance to civil authorities.

L1:(5) The disposal of excess explosives produced under a DoD contract, if the head

L0:of the military department concerned determines, in each case, that an alternative

L0:feasible means of disposal is not available to the contractor, taking into consideration

L0:public safety, available resources of the contractor, and national defense production

L0:requirements.

L1:(6) The temporary storage of nuclear materials or nonnuclear classified

L0:materials in accordance with an agreement with the Secretary of Energy.

L1:(7) The storage of materials that constitute military resources intended for use

L0:during peacetime civil emergencies in accordance with applicable DoD regulations.

L1:(8) The temporary storage of materials of other Federal agencies in order to

L0:provide assistance and refuge for commercial carriers of such material during a

L0:transportation emergency.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(9) The storage of any material that is not owned by DoD, if the Secretary of the

L0:military department concerned determines that the material is required or generated in

L0:connection with the authorized and compatible use of a facility of DoD, including the

L0:use of such a facility for testing material or training personnel.

L1:(10) The treatment and disposal of any toxic or hazardous materials not owned

L0:by DoD, if the Secretary of the military department concerned determines that the

L0:material is required or generated in connection with the authorized and compatible use

L0:of a facility of that military department and the Secretary enters into a contract or

L0:agreement with the prospective user that?

L1:(i) Is consistent with the best interest of national defense and environmental

L0:security; and

L1:(ii) Provides for the prospective user's continued financial and

L0:environmental responsibility and liability with regard to the material.

L1:(11) The storage of any material that is not owned by DoD if the Secretary of

L0:the military department concerned determines that the material is required or

L0:generated in connection with the use of a space launch facility located on a DoD

L0:installation or on other land controlled by the United States.

L1:(b) The Secretary of Defense may grant an exception to the prohibition in 10 U.S.C.

L0:2692 when essential to protect the health and safety of the public from imminent

L0:danger if the Secretary otherwise determines the exception is essential and if the

L0:storage or disposal authorized does not compete with private enterprise.

223.7105 Reimbursement

Status: active

L0:223.7105 Reimbursement.

L0:The Secretary of Defense may assess a charge for any storage or disposal provided

L0:under this subpart. If a charge is assessed, then the contract must identify the

L0:assessment with payment to the Government on a reimbursable cost basis.

223.7106 Contract clause

Status: active

L0:223.7106 Contract clause.

L0:Insert the basic or the alternate of the clause at 252.223-7006, Prohibition on Storage,

L0:Treatment, and Disposal of Toxic or Hazardous Materials, in all solicitations and

L0:contracts which require, may require, or permit contractor access to a DoD installation.

L1:(a) Insert the basic clause, unless a determination is made under 223.7104(a)(10).

L1:(b) Insert the alternate I clause when the Secretary of the military department

L0:issues a determination under the exception at 223.7104(a)(10).

223.7200 Definition

Status: active

L0:223.7200 Definition.

L0:As used in this subpart?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L0:Arms, ammunition, and explosives (AA&E) means those items within the scope of DoD

L0:Manual 5100.76, Physical Security of Sensitive Conventional Arms, Ammunition, and

L0:Explosives.

223.7201 Policy

Status: active

L0:223.7201 Policy.

L1:(a) The requirements of DoD Manual 5100.76, Physical Security of Sensitive

L0:Conventional Arms, Ammunition, and Explosives, applies to contracts when?

L1:(1) AA&E will be provided to the contractor or subcontractor as Government-

L0:furnished property; or

L1:(2) The principal development, production, manufacture, or purchase of AA&E

L0:is for DoD use.

L1:(b) The requirements of DoD Manual 5100.76 do not apply to contracts when?

L1:(1) The AA&E to be acquired under the contract is a commercial product within

L0:the meaning of FAR 2.101; or

L1:(2) The contract will be performed in a Government-owned contractor-operated
L0:ammunition production facility. However, the requirements of DoD Manual 5100.76
L0:apply where subcontracts issued under such a contract meet the criteria of paragraph
L1:(a) of this section.

223.7202 Preaward responsibilities

Status: active

L0:223.7202 Preaward responsibilities.
L0:When an acquisition involves AA&E, technical or requirements personnel must specify
L0:in the purchase request?
L1:(a) That AA&E is involved; and
L1:(b) Which physical security requirements of DoD Manual 5100.76 apply.

223.7203 Contract clause

Status: active

L0:223.7203 Contract clause.
L0:Insert the clause at 252.223-7007, Safeguarding Sensitive Conventional Arms,
L0:Ammunition, and Explosives, in all solicitations and contracts to which DoD Manual
L0:5100.76 applies, in accordance with the policy at 223.7201. Complete paragraph (b) of
L0:the clause based on information provided by cognizant technical or requirements
L0:personnel.

223.7300 Definition

Status: active

L0:223.7300 Definition.
L0:As used in this subpart?
L0:Legacy system means any program that has passed Milestone A in the defense
L0:acquisition management system, as defined in DoD Instruction 5000.02.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0:Defense FAR Supplement (DFARS) Part 223

223.7301 Policy

Status: active

L0:223.7301 Policy.
L0:In accordance with the DoD policy memorandum of April 8, 2009, Minimizing the Use
L0:of Hexavalent Chromium, DoD policy is to minimize hexavalent chromium (an anti-
L0:corrosive) in items acquired by DoD (deliverables and construction material), due to the
L0:serious human health and environmental risks related to its use.

223.7302 [Reserved]

Status: active

L0:223.7302 [Reserved]

223.7303 Prohibition

Status: active

L0:223.7303 Prohibition.

L1:(a) Except as provided in 223.7304 and 223.7305, no contract may include a

L0:specification or standard that results in a deliverable or construction material

L0:containing more than 0.1 percent hexavalent chromium by weight in any homogeneous

L0:material in the deliverable or construction material where proven substitutes are

L0:available that provide acceptable performance for the application.

L1:(b) This prohibition is in addition to any imposed by the Clean Air Act regardless of

L0:the place of performance.

223.7304 Exceptions

Status: active

L0:223.7304 Exceptions.

L0:The prohibition in 223.7303 does not apply to?

L1:(a) Legacy systems and their related parts, subsystems, and components that

L0:already contain hexavalent chromium. However, the appropriate official must consider

L0:alternatives to hexavalent chromium during system modifications, follow-on

L0:procurements of legacy systems, or maintenance procedure updates; and

L1:(b) Additional sustainment related contracts (e.g., parts, services) for a system in

L0:which use of hexavalent chromium was previously approved.

223.7305 Authorization and approval

Status: active

L0:223.7305 Authorization and approval.

L1:(a) The prohibition in 223.7303 does not apply to critical defense applications if no

L0:substitute can meet performance requirements. The DoD policy of April 8, 2009,

L0:Minimizing the Use of Hexavalent Chromium, contains requirements for weighing

L0:use of hexavalent chromium versus substitutes. DoD Program Managers must consider

L0:the following factors?

L1:(1) Cost effectiveness of alternative materials or processes;

L1:(2) Technical feasibility of alternative materials or processes;

L1:(3) Environment, safety, and occupational health risks associated with the use

L0:of the hexavalent chromium or substitute materials in each specific application;

L1:(4) Achieving a DoD Manufacturing Readiness Level of at least eight for any

L0:qualified alternative;

L1:(5) Materiel availability of hexavalent chromium and the proposed alternatives

L0:over the projected life span of the system; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(6) Corrosion performance difference of alternative materials or processes as

L0:determined by agency corrosion subject matter experts.

L1:(b) However, unless an exception in 223.7304 applies, the incorporation of

L0:hexavalent chromium in items acquired by DoD must be specifically authorized at a

L0:level no lower than a general or flag officer or a member of the Senior Executive Service

L0:from the Program Executive Office or equivalent level, in coordination with the

L0:component Corrosion Control and Prevention Executive. Follow the procedures in PGI

L0:223.7305.

223.7306 Contract clause

Status: active

L0:223.7306 Contract clause.

L0:Unless an exception in 223.7304 applies, or use has been authorized in accordance with

L0:223.7305, use the clause at 252.223-7008, Prohibition of Hexavalent Chromium, in

L0:solicitations and contracts, including solicitations and contracts using FAR part 12

L0:procedures for the acquisition of commercial products and commercial services, that are

L0:for supplies, maintenance and repair services, or construction.

223.7400 Scope of subpart

Status: active

L0:223.7400 Scope of subpart.

L0:This subpart implements section 322(b), (c), and (d) of the National Defense

L0:Authorization Act for Fiscal Year 2020 (Pub. L. 116-92).

223.7401 Definition

Status: active

L0:223.7401 Definition.

L0:As used in this subpart?

L0:Ocean-going vessel means a vessel over 59 feet in length owned or operated by DoD or

L0:the U.S. Coast Guard, other than vessels that are chartered by the Armed Forces on a

L0:time or voyage basis.

223.7402 Prohibition

Status: active

L0:223.7402 Prohibition.

L0:Do not procure any fire-fighting agent that contains in excess of one part per billion

L0:perfluoroalkyl substances or polyfluoroalkyl substances. Procurements of fire-fighting

L0:agent for use solely onboard ocean-going vessels are exempt from this prohibition.

223.7403 Procedures

Status: active

L0:223.7403 Procedures.

L0:Do not issue a solicitation for any fire-fighting agent that contains perfluoroalkyl or

L0:polyfluoroalkyl substances in excess of one part per billion, unless the requiring activity

L0:provides documentation of the exemption at 223.7402. Maintain the documentation in

L0:the contract file.

223.7404 Contract clause

Status: active

L0:223.7404 Contract clause.

L0:Use the clause at 252.223-7009, Prohibition of Procurement of Fluorinated Fire-

L0:Fighting Agent for Use on Military Installations, in solicitations and contracts,

L0:including solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, relating to fire-fighting on military

L0:installations.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

252.223-7000 Reserved

Status: active

L0:252.223-7000 Reserved.

252.223-7001 Hazard Warning Labels

Status: active

L0:252.223-7001 Hazard Warning Labels.

L0:As prescribed in 223.304, use the following clause:

L0:HAZARD WARNING LABELS (DEC 1991)

L1:(a) ?Hazardous material,? as used in this clause, is defined in the Hazardous

L0:Material Identification and Material Safety Data clause of this contract.

L1:(b) The Contractor shall label the item package (unit container) of any hazardous

L0:material to be delivered under this contract in accordance with the Hazard

L0:Communication Standard (29 CFR 1910.1200 et seq). The Standard requires that the

L0:hazard warning label conform to the requirements of the standard unless the material
L0:is otherwise subject to the labelling requirements of one of the following statutes:
L1:(1) Federal Insecticide, Fungicide and Rodenticide Act;
L1:(2) Federal Food, Drug and Cosmetics Act;
L1:(3) Consumer Product Safety Act;
L1:(4) Federal Hazardous Substances Act; or
L1:(5) Federal Alcohol Administration Act.
L1:(c) The Offeror shall list which hazardous material listed in the Hazardous Material
L0:Identification and Material Safety Data clause of this contract will be labelled in
L0:accordance with one of the Acts in paragraphs (b)(1) through (5) of this clause instead of
L0:the Hazard Communication Standard. Any hazardous material not listed will be
L0:interpreted to mean that a label is required in accordance with the Hazard
L0:Communication Standard.
L0:MATERIAL (If None, Insert ?None.?)
L0:ACT
L1:(d) The apparently successful Offeror agrees to submit, before award, a copy of the
L0:hazard warning label for all hazardous materials not listed in paragraph (c) of this
L0:clause. The Offeror shall submit the label with the Material Safety Data Sheet being
L0:furnished under the Hazardous Material Identification and Material Safety Data clause
L0:of this contract.
L1:(e) The Contractor shall also comply with MIL-STD-129, Marking for Shipment and
L0:Storage (including revisions adopted during the term of this contract).
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0:Defense FAR Supplement (DFARS) Part 223
L0:(End of clause)

252.223-7002 Safety Precautions for Ammunition and Explosives

Status: active

L0:252.223-7002 Safety Precautions for Ammunition and Explosives.
L0:As prescribed in 223.370-5, use the following clause:
L0:SAFETY PRECAUTIONS FOR AMMUNITION AND EXPLOSIVES (NOV 2023)
L1:(a) Definition. ?Ammunition and explosives,? as used in this clause?
L1:(1) Means liquid and solid propellants and explosives, pyrotechnics,
L0:incendiaries and smokes in the following forms:
L1:(i) Bulk,
L1:(ii) Ammunition;
L1:(iii) Rockets;
L1:(iv) Missiles;
L1:(v) Warheads;
L1:(vi) Devices; and
L1:(vii) Components of (i) through (vi), except for wholly inert items.
L1:(2) This definition does not include the following, unless the Contractor is using
L0:or incorporating these materials for initiation, propulsion, or detonation as an integral

L0:or component part of an explosive, an ammunition or explosive end item, or of a weapon
L0:system?

L1:(i) Inert components containing no explosives, propellants, or pyrotechnics;

L1:(ii) Flammable liquids;

L1:(iii) Acids;

L1:(iv) Oxidizers;

L1:(v) Powdered metals; or

L1:(vi) Other materials having fire or explosive characteristics.

L1:(b) Safety requirements.

L1:(1) The Contractor shall comply with the requirements of DoD Manual 4145.26,

L0:DoD Contractors? Safety Manual for Ammunition and Explosives, hereafter referred to

L0:as ?the manual,? in effect on the date of the solicitation for this contract. The

L0:Contractor shall also comply with any other additional requirements included in the

L0:schedule of this contract.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(2) The Contractor shall allow the Government access to the Contractor's

L0:facilities, personnel, and safety program documentation. The Contractor shall allow

L0:authorized Government representatives to evaluate safety programs, implementation,

L0:and facilities.

L1:(c) Noncompliance with the manual.

L1:(1) If the Contracting Officer notifies the Contractor of any noncompliance with

L0:the manual or schedule provisions, the Contractor shall take immediate steps to correct

L0:the noncompliance. The Contractor is not entitled to reimbursement of costs incurred to

L0:correct noncompliances unless such reimbursement is specified elsewhere in the

L0:contract.

L1:(2) The Contractor has 30 days from the date of notification by the Contracting

L0:Officer to correct the noncompliance and inform the Contracting Officer of the actions

L0:taken. The Contracting Officer may direct a different time period for the correction of

L0:noncompliances.

L1:(3) If the Contractor refuses or fails to correct noncompliances within the time

L0:period specified by the Contracting Officer, the Government has the right to direct the

L0:Contractor to cease performance on all or part of this contract. The Contractor shall not

L0:resume performance until the Contracting Officer is satisfied that the corrective action

L0:was effective and the Contracting Officer so informs the Contractor.

L1:(4) The Contracting Officer may remove Government personnel at any time the

L0:Contractor is in noncompliance with any safety requirement of this clause.

L1:(5) If the direction to cease work or the removal of Government personnel

L0:results in increased costs to the Contractor, the Contractor shall not be entitled to an

L0:adjustment in the contract price or a change in the delivery or performance schedule

L0:unless the Contracting Officer later determines that the Contractor had in fact complied

L0:with the manual or schedule provisions. If the Contractor is entitled to an equitable

L0:adjustment, it shall be made in accordance with the Changes clause of this contract.

L1:(d) Mishaps. If a mishap involving ammunition or explosives occurs, the Contractor

L0:shall?

L1:(1) Notify the Contracting Officer immediately;

L1:(2) Conduct an investigation in accordance with other provisions of this contract

L0:or as required by the Contracting Officer; and

L1:(3) Submit a written report to the Contracting Officer.

L1:(e) Contractor responsibility for safety.

L1:(1) Nothing in this clause, nor any Government action or failure to act in

L0:surveillance of this contract, shall relieve the Contractor of its responsibility for the

L0:safety of?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(i) The Contractor's personnel and property;

L1:(ii) The Government's personnel and property; or

L1:(iii) The general public.

L1:(2) Nothing in this clause shall relieve the Contractor of its responsibility for

L0:complying with applicable Federal, State, and local laws, ordinances, codes, and

L0:regulations (including those requiring the obtaining of licenses and permits) in

L0:connection with the performance of this contract.

L1:(f) Contractor responsibility for contract performance.

L1:(1) Neither the number or frequency of inspections performed by the

L0:Government, nor the degree of surveillance exercised by the Government, relieve the

L0:Contractor of its responsibility for contract performance.

L1:(2) If the Government acts or fails to act in surveillance or enforcement of the

L0:safety requirements of this contract, this does not impose or add to any liability of the

L0:Government.

L1:(g) Subcontractors.

L1:(1) The Contractor shall insert this clause, including this paragraph (g), in

L0:every subcontract that involves ammunition or explosives.

L1:(i) The clause shall include a provision allowing authorized Government

L0:safety representatives to evaluate subcontractor safety programs, implementation, and

L0:facilities as the Government determines necessary.

L1:(ii) NOTE: The Government Contracting Officer or authorized

L0:representative shall notify the prime Contractor of all findings concerning subcontractor

L0:safety and compliance with the manual. The Contracting Officer or authorized

L0:representative may furnish copies to the subcontractor. The Contractor in turn shall

L0:communicate directly with the subcontractor, substituting its name for references to

L0:the Government?. The Contractor and higher tier subcontractors shall also include

L0:provisions to allow direction to cease performance of the subcontract if a serious

L0:uncorrected or recurring safety deficiency potentially causes an imminent hazard to

L0:DoD personnel, property, or contract performance.

L1:(2) The Contractor agrees to ensure that the subcontractor complies with all

L0:contract safety requirements. The Contractor will determine the best method for

L0:verifying the adequacy of the subcontractor's compliance.

L1:(3) The Contractor shall ensure that the subcontractor understands and agrees

L0:to the Government's right to access to the subcontractor's facilities, personnel, and

L0:safety program documentation to perform safety surveys. The Government performs

L0:these safety surveys of subcontractor facilities solely to prevent the occurrence of any
L0:mishap which would endanger the safety of DoD personnel or otherwise adversely
L0:impact upon the Government's contractual interests.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0:Defense FAR Supplement (DFARS) Part 223
L1:(4) The Contractor shall notify the Contracting Officer or authorized
L0:representative before issuing any subcontract when it involves ammunition or
L0:explosives. If the proposed subcontract represents a change in the place of performance,
L0:the Contractor shall request approval for such change in accordance with the clause of
L0:this contract entitled ?Change in Place of Performance--Ammunition and Explosives?.
L0:(End of clause)

252.223-7003 Change in Place of Performance--Ammunition and Explosives

Status: active

L0:252.223-7003 Change in Place of Performance--Ammunition and Explosives.
L0:As prescribed in 223.370-5, use the following clause:

L0:CHANGE IN PLACE OF PERFORMANCE--AMMUNITION AND EXPLOSIVES

L0:(DEC 1991)

L1:(a) The Offeror shall identify, in the ?Place of Performance? provision of this
L0:solicitation, the place of performance of all ammunition and explosives work covered by
L0:the Safety Precautions for Ammunition and Explosives clause of this solicitation.
L0:Failure to furnish this information with the offer may result in rejection of the offer.
L1:(b) The Offeror agrees not to change the place of performance of any portion of the
L0:offer covered by the Safety Precautions for Ammunition and Explosives clause
L0:contained in this solicitation after the date set for receipt of offers without the written
L0:approval of the Contracting Officer. The Contracting Officer shall grant approval only if
L0:there is enough time for the Government to perform the necessary safety reviews on the
L0:new proposed place of performance.
L1:(c) If a contract results from this offer, the Contractor agrees not to change any
L0:place of performance previously cited without the advance written approval of the
L0:Contracting Officer.
L0:(End of clause)

252.223-7004 Reserved

L0:252.223-7005 Reserved.

252.223-7006 Prohibition on Storage, Treatment, and Disposal of Toxic or

Status: active

L0:252.223-7006 Prohibition on Storage, Treatment, and Disposal of Toxic or
L0:Hazardous Materials.

L0:Basic. As prescribed in 223.7106 and 223.7106(a), use the following clause:

L0:PROHIBITION ON STORAGE, TREATMENT, AND DISPOSAL OF TOXIC OR L0:HAZARDOUS MATERIALS?BASIC (SEP 2014)

L1:(a) Definitions. As used in this clause?

L0:Storage? means a non-transitory, semi-permanent or permanent holding,
L0:placement, or leaving of material. It does not include a temporary accumulation of a
L0:limited quantity of a material used in or a waste generated or resulting from authorized
L0:activities, such as servicing, maintenance, or repair of Department of Defense (DoD)
L0:items, equipment, or facilities.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L0:Toxic or hazardous materials? means?

L1:(i) Materials referred to in section 101(14) of the Comprehensive Environmental
L0:Response, Compensation, and Liability Act (CERCLA) of 1980 (42 U.S.C. 9601(14)) and
L0:materials designated under section 102 of CERCLA (42 U.S.C. 9602) (40 CFR Part 302);
L1:(ii) Materials that are of an explosive, flammable, or pyrotechnic nature; or
L1:(iii) Materials otherwise identified by the Secretary of Defense as specified in
L0:DoD regulations.

L1:(b) In accordance with 10 U.S.C. 2692, the Contractor is prohibited from storing,
L0:treating, or disposing of toxic or hazardous materials not owned by DoD on a DoD
L0:installation, except to the extent authorized by a statutory exception to 10 U.S.C. 2692
L0:or as authorized by the Secretary of Defense. A charge may be assessed for any storage
L0:or disposal authorized under any of the exceptions to 10 U.S.C. 2692. If a charge is to
L0:be assessed, then such assessment shall be identified elsewhere in the contract with
L0:payment to the Government on a reimbursable cost basis.

L1:(c) The Contractor shall include the substance of this clause, including this
L0:paragraph (c), in all subcontracts that require, may require, or permit a subcontractor
L0:access to a DoD installation, at any subcontract tier.

L0:(End of clause)

L0:Alternate I. As prescribed in 223.7106 and 223.7106(b), use the following clause,
L0:which adds a new paragraph (c) and revises and redesignates paragraph (c) of the basic
L0:clause as paragraph (d):

L0:PROHIBITION ON STORAGE, TREATMENT, AND DISPOSAL OF TOXIC OR L0:HAZARDOUS MATERIALS?ALTERNATE I (SEP 2014)

L1:(a) Definitions. As used in this clause?

L0:Storage? means a non-transitory, semi-permanent or permanent holding,
L0:placement, or leaving of material. It does not include a temporary accumulation of a
L0:limited quantity of a material used in or a waste generated or resulting from authorized
L0:activities, such as servicing, maintenance, or repair of Department of Defense (DoD)
L0:items, equipment, or facilities.

L0:Toxic or hazardous materials? means?

L1:(i) Materials referred to in section 101(14) of the Comprehensive Environmental

L0:Response, Compensation, and Liability Act (CERCLA) of 1980 (42 U.S.C. 9601(14)) and

L0:materials designated under section 102 of CERCLA (42 U.S.C. 9602) (40 CFR Part 302);

L1:(ii) Materials that are of an explosive, flammable, or pyrotechnic nature; or

L1:(iii) Materials otherwise identified by the Secretary of Defense as specified in

L0:DoD regulations.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(b) In accordance with 10 U.S.C. 2692, the Contractor is prohibited from storing,

L0:treating, or disposing of toxic or hazardous materials not owned by DoD on a DoD

L0:installation, except to the extent authorized by a statutory exception to 10 U.S.C. 2692

L0:or as authorized by the Secretary of Defense. A charge may be assessed for any storage

L0:or disposal authorized under any of the exceptions to 10 U.S.C. 2692. If a charge is to

L0:be assessed, then such assessment shall be identified elsewhere in the contract with

L0:payment to the Government on a reimbursable cost basis.

L1:(c) With respect to treatment or disposal authorized pursuant to DFARS

L0:223.7104(10) (10 U.S.C. 2692(b)(10)), and notwithstanding any other provision of the

L0:contract, the Contractor assumes all financial and environmental responsibility and

L0:liability resulting from any treatment or disposal of toxic or hazardous materials not

L0:owned by DoD on a military installation. The Contractor shall indemnify, defend, and

L0:hold the Government harmless for all costs, liability, or penalties resulting from the

L0:Contractor's treatment or disposal of toxic or hazardous materials not owned by DoD on

L0:a military installation.

L1:(d) The Contractor shall include the substance of this clause, including this

L0:paragraph (d), in all subcontracts that require, may require, or permit a subcontractor

L0:access to a DoD installation, at any tier. Inclusion of the substance of this clause in

L0:subcontracts does not relieve the prime Contractor of liability to the Government under

L0:paragraph (c).

L0:(End of clause)

252.223-7007 Safeguarding Sensitive Conventional Arms, Ammunition, and

Status: active

L0:252.223-7007 Safeguarding Sensitive Conventional Arms, Ammunition, and

L0:Explosives.

L0:As prescribed in 223.7203, use the following clause:

L0:SAFEGUARDING SENSITIVE CONVENTIONAL ARMS, AMMUNITION,

L0:AND EXPLOSIVES (NOV 2023)

L1:(a) Definition. As used in this clause?

L0:Arms, ammunition, and explosives (AA&E),? means those items within the scope of

L0:DoD Manual 5100.76, Physical Security of Sensitive Conventional Arms, Ammunition,

L0:and Explosives.

L1:(b) The requirements of DoD Manual 5100.76 apply to the following items of AA&E

L0:being developed, produced, manufactured, or purchased for the Government, or
L0:provided to the Contractor as Government-furnished property under this contract:

L0:NOMENCLATURE

L0:NATIONAL

L0:STOCK NUMBER

L0:SENSITIVITY/

L0:CATEGORY

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L1:(c) The Contractor shall comply with the requirements of DoD Manual 5100.76, as
L0:specified in the statement of work. The edition of DoD Manual 5100.76 in effect on the
L0:date of issuance of the solicitation for this contract shall apply.

L1:(d) The Contractor shall allow representatives of the Defense Counterintelligence
L0:and Security Agency (DCSA) and representatives of other appropriate offices of the
L0:Government, access at all reasonable times into its facilities and those of its
L0:subcontractors, for the purpose of performing surveys, inspections, and investigations
L0:necessary to review compliance with the physical security standards applicable to this
L0:contract.

L1:(e) The Contractor shall notify the cognizant DCSA field office of any subcontract
L0:involving AA&E within 10 days after award of the subcontract.

L1:(f) Subcontracts. The Contractor shall ensure that the requirements of this clause
L0:are included in all subcontracts, at every tier?

L1:(1) For the development, production, manufacture, or purchase of AA&E; or

L1:(2) When AA&E will be provided to the subcontractor as Government-furnished
L0:property.

L1:(g) Nothing in this clause shall relieve the Contractor of its responsibility for
L0:complying with applicable Federal, state, and local laws, ordinances, codes, and
L0:regulations (including requirements for obtaining licenses and permits) in connection
L0:with the performance of this contract.

252.223-7008 Prohibition of Hexavalent Chromium

Status: active

L0:252.223-7008 Prohibition of Hexavalent Chromium.

L0:As prescribed in 223.7306, use the following clause:

L0:(End of clause)

L0:PROHIBITION OF HEXAVALENT CHROMIUM (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Homogeneous material? means a material that cannot be mechanically disjointed
L0:into different materials and is of uniform composition throughout.

L1:(1) Examples of homogeneous materials include individual types of plastics,
L0:ceramics, glass, metals, alloys, paper, board, resins, and surface coatings.

L1:(2) Homogeneous material does not include conversion coatings that chemically
L0:modify the substrate.

L0: ?Mechanically disjointed? means that the materials can, in principle, be separated
L0: by mechanical actions such as unscrewing, cutting, crushing, grinding, and abrasive
L0: processes.

L1: (b) Prohibition.

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0: Defense FAR Supplement (DFARS) Part 223

L1: (1) Unless otherwise specified by the Contracting Officer, the Contractor shall
L0: not provide any deliverable or construction material under this contract that?

L1: (i) Contains hexavalent chromium in a concentration greater than 0.1
L0: percent by weight in any homogenous material; or

L1: (ii) Requires the removal or reapplication of hexavalent chromium materials
L0: during subsequent sustainment phases of the deliverable or construction material.

L1: (2) This prohibition does not apply to hexavalent chromium produced as a by-
L0: product of manufacturing processes.

L1: (c) If authorization for incorporation of hexavalent chromium in a deliverable or
L0: construction material is required, the Contractor shall submit a request to the
L0: Contracting Officer.

L1: (d) Subcontracts. The Contractor shall include the substance of this clause,
L0: including this paragraph (d), in all subcontracts, including subcontracts for commercial
L0: products or commercial services, that are for supplies, maintenance and repair services,
L0: or construction materials.

L0: (End of clause)

252.223-7009 Prohibition of Procurement of Fluorinated Aqueous Film-

Status: active

L0: 252.223-7009 Prohibition of Procurement of Fluorinated Aqueous Film-
L0: Forming Foam Fire-Fighting Agent for Use on Military Installations.

L0: As prescribed in 223.7404, use the following clause:

**L0: PROHIBITION OF PROCUREMENT OF FLUORINATED AQUEOUS FILM-
L0: FORMING FOAM FIRE-FIGHTING AGENT FOR USE ON MILITARY
L0: INSTALLATIONS (FEB 2024)**

L1: (a) Definitions. As used in this clause, ?perfluoroalkyl substances? and
L0: ?polyfluoroalkyl substances? have the meanings given in section 322(f) of the National
L0: Defense Authorization Act for Fiscal Year 2020 (Pub. L. 116-92).

L1: (b) Prohibition. The Contractor shall not provide or use under this contract any
L0: aqueous film-forming foam fire-fighting agent that contains perfluoroalkyl substances
L0: or polyfluoroalkyl substances in excess of one part per billion.

L1: (c) Subcontracts. The Contractor shall include the substance of this clause,
L0: including this paragraph (c), in all subcontracts, including subcontracts for commercial
L0: products and commercial services, relating to fire-fighting on a military installation.

L0: (End of clause)

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0: Defense FAR Supplement (DFARS) Part 223

L0:PGI 223?SUSTAINABLE ACQUISITION, MATERIAL SAFETY, AND POLLUTION

L0:PREVENTION

L0:PGI 223.1?SUSTAINABLE PRODUCTS

L0:PGI 223.107 Agency Programs.

L2:(a)(i) Departments and agencies must centrally collect information submitted in

L0:accordance with the clause at FAR 52.223-9 for reporting to the Office of the Deputy Under

L0:Secretary of Defense (Installations and Environment). The information is collected in the

L0:Federal Procurement Data System (FPDS).

L0:PGI 223.3?MATERIAL SAFETY

L0:PGI 223.370 Safety precautions for ammunition and explosives.

L0:PGI 223.370-4 Procedures.

L1:(1) Preaward phase.

L1:(i) Waiver of the mandatory requirements.

L1:(A) Before either omitting the clause at DFARS 252.223-7002, Safety

L0:Precautions for Ammunition and Explosives, from solicitations and contracts or waiving the

L0:mandatory requirements of the manual, obtain approval of?

L0:and

L1:(1) The safety personnel responsible for ammunition and explosives safety;

L1:(2) The head of the contracting activity.

L1:(B) If the contracting officer decides to waive the mandatory requirements

L0:before award, then state in the solicitation, or in an amendment of the solicitation, the

L0:specific requirements to be waived.

L1:(C) If the head of the contracting activity declines to approve a request for

L0:waiver, but the prospective contractor agrees to take corrective action to bring the operation

L0:into compliance, make the corrective action a part of the resulting contract.

L1:(ii) Transportation considerations. If shipment of ammunition and explosives is

L0:involved in the contract, address in the Schedule of the contract the applicable Department

L0:of Transportation or Military Surface Deployment and Distribution Command requirements

L0:and any other requirements for transportation, packaging, marking, and labeling.

L1:(iii) Disposition of excess. Include instructions within the contract concerning final

L0:disposition of excess Government furnished material containing ammunition and explosives,

L0:including defective or rejected supplies.

L1:(iv) Preaward safety survey. Before awarding any contract, including purchase

L0:orders, involving ammunition and explosives, obtain a preaward ammunition and explosives

L0:safety survey. If the prospective contractor proposes subcontracting any ammunitions or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23

L0:Defense FAR Supplement (DFARS) Part 223

L0:explosive work, include a review of the subcontractor's facility in the preaward safety survey.

L1:(2) Postaward phase.

L1:(i) Contract administration office responsibility.

L1:(A) The contract administration office is responsible for verifying that the safety

L0:requirements of the clause at DFARS 252.223-7002, Safety Precautions for Ammunition and

L0:Explosives, are being implemented in a manner that will reduce, to the maximum extent

L0:practicable, or eliminate the probability of a mishap occurring.

L1:(B) The clause at DFARS 252.223-7002, Safety Precautions for Ammunition and Explosives, requires compliance with DoD Manual 4145.26, Contractors? Safety Manual for Ammunition and Explosives. This manual requires the contractor to submit to the administrative contracting officer (ACO) any postaward requests for a waiver of the contract safety standards, a site plan modification, or a construction review. The ACO shall review any request and make recommendations to the contracting officer, who must decide after considering recommendations of the ACO and safety personnel responsible for ammunition and explosive safety.

L0:ACO has seen it, immediately send it to the ACO for review and recommendations.

L1:(1) If the request arrives at the contracting office without evidence that the contractor's request, send the determination to the ACO for transmission to the contractor.

L1:(2) Upon making a determination approving or disapproving the Subcontracts.

L1:(A) The clause at DFARS 252.223-7002, Safety Precautions for Ammunition and Explosives, requires the contractor to notify the contracting officer when placing a subcontract for ammunition and explosives. The contracting officer should coordinate with the safety personnel and request supporting contract administration in accordance with FAR 42.202(e). If the contracting officer believes the nature of the subcontract work poses a potential danger to Government property, Government personnel, production capability, or contract completion, request supporting contract administration.

L1:(B) If the preaward safety survey identified areas in which a subcontractor was not complying with the manual, and the subcontractor was supposed to correct the deficiencies before start-up, require a preoperations survey to verify that the subcontractor made the corrections.

L1:(C) When postaward safety reviews by the Government uncover any safety deficiencies in the subcontractor's operation, the review team must inform the ACO cognizant of the subcontractor, who must immediately notify the ACO cognizant of the prime contractor. The ACO cognizant of the prime shall inform the prime contractor of deficiencies requiring correction. The notifications shall be made by the most expeditious means appropriate to the circumstance. If a critical safety deficiency poses an imminent danger, the ACO cognizant of the prime must make the notifications by the most expeditious means available.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 23
L0:Defense FAR Supplement (DFARS) Part 223

L0:PGI 223.73?MINIMIZING THE USE OF MATERIALS CONTAINING HEXAVALENT CHROMIUM

L0:PGI 223.7305 Authorization and approval.

L0:Ensure that the appropriate authorizations from the program executive office are included in the solicitation and contract. Forward proposals submitted by an offeror or requests from a Contractor seeking authorization to use hexavalent chromium in a deliverable item, to the cognizant program executive office for evaluation and, if necessary, authorization by the appropriate official.

PART 25

225.070 Reporting of acquisition of end products manufactured outside the

Status: active

L0:225.070 Reporting of acquisition of end products manufactured outside the

L0:United States.

L0:Follow the procedures at PGI 225.070 for entering the data on the acquisition of end

L0:products manufactured outside the United States.

SUBPART 252.2 ? TEXT OF PROVISIONS AND CLAUSES

Status: active

L0:SUBPART 252.2?TEXT OF PROVISIONS AND CLAUSES

225.101 General

Status: active

L0:225.101 General.

L1:(a) For DoD, the following two-part test determines whether a manufactured end

L0:product is a domestic end product:

L1:(i) The end product is manufactured in the United States; and

L2:(ii)(A) Except for an end product that consists wholly or predominantly of iron

L0:or steel or a combination of both, the cost of its U.S. and qualifying country components

L0:exceeds 60 percent of the cost of all its components, except that the percentage will be

L0:65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for

L0:items delivered starting in calendar year 2029, but see paragraph (d) of this section.

L0:This test is applied to end products only and not to individual components.

L1:(B) For an end product that consists wholly or predominantly of iron or steel

L0:or a combination of both, the cost of iron and steel not produced in the United States or

L0:a qualifying country must constitute less than 5 percent of the cost of all the

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:components used in the end product. The cost of iron and steel not produced in the

L0:United States or a qualifying country includes but is not limited to the cost of iron or

L0:steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings,

L0:not produced in the United States or a qualifying country, utilized in the manufacture

L0:of the end product and a good faith estimate of the cost of all iron or steel components

L0:not produced in the United States or a qualifying country, excluding commercially

L0:available off-the-shelf (COTS) fasteners. The domestic content test of the Buy American

L0:statute has not been waived for acquisitions of COTS items in this category, except for

L0:COTS fasteners.

L1:(c) Additional exceptions that allow the purchase of foreign end products are listed

L0:at 225.103.

L2:(d)(1) In lieu of the threshold increases in FAR 25.101(a)(2)(i), use the domestic content threshold increases in paragraph (a)(ii) of this section. The senior procurement executive may approve application of an alternate domestic content test, under which the domestic content threshold in effect at the time of contract award will apply to the entire period of performance of the contract, following consultation with the Office of Management and Budget's Made in America Office. See PGI 225.101 for guidance on documentation requirements when the senior procurement executive approves application of an alternate domestic content test.

L1:(2) When the senior procurement executive allows for application of an alternate domestic content test for the contract pursuant to FAR 25.101(d)(1) (but see paragraph (d)(1) of this section)?

L1:(A) See 225.601(2)(ii) for use of alternate II of the clause at 252.225-7001, Buy American and Balance of Payments Program;

L1:(B) See 225.601(9) for use of the basic or alternate provision at 252.225-7035, Buy American?Free Trade Agreements?Balance of Payments Program Certificate, or the basic or alternate clause at 252.225-7036, Buy American?Free Trade Agreements?Balance of Payments Program; and

L1:(C) See 225.601(10)(i) for use of the basic or alternate clause at 252.225-7036, Buy American?Free Trade Agreements?Balance of Payments Program.

225.103 Exceptions

Status: active

L0:225.103 Exceptions.

L3:(a)(i)(A) 225.872 lists public interest exceptions for certain countries.

L1:(B) For procurements covered by the World Trade Organization

L0:Government Procurement Agreement, the Under Secretary of Defense (Acquisition and Sustainment) has determined that applying the Buy American statute to end products that are substantially transformed in the United States is inconsistent with the public interest.

L2:(ii)(A) Normally, use the evaluation procedures in subpart 225.5, but consider recommending a public interest exception if the purposes of the Buy American statute are not served, or to meet a need set forth in 10 U.S.C. 4861. For example, a public interest exception may be appropriate?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) If accepting the low domestic offer will involve substantial foreign expenditures, or accepting the low foreign offer will involve substantial domestic expenditures;

L0:technology; or

L1:(2) To ensure access to advanced state-of-the-art commercial parts (also see paragraph (b)(iii)(B) of this section)?

L1:(3) To maintain the same source of supply for spare and replacement

L1:(i) For an end item that qualifies as a domestic end product; or
L0:commercial industrial base.

L1:(ii) In order not to impair integration of the military and
L1:(B) Except as provided in PGI 225.872-4, process a determination for a
L0:public interest exception after consideration of the factors in 10 U.S.C. 4861?
L0:below the simplified acquisition threshold;

L1:(1) At a level above the contracting officer for acquisitions valued at or
L0:greater than the simplified acquisition threshold but less than \$2 million; or
L1:(2) By the head of the contracting activity for acquisitions with a value
L1:(3) By the agency head for acquisitions valued at \$2 million or more.

L2:(b)(i) A determination is required that an article, material, or supply is not
L0:reasonably available when?
L1:(A) Domestic offers are insufficient to meet the requirement; and
L1:(B) Award will be made on other than a qualifying country or eligible end
L0:product.

L1:(ii) A determination is not required before January 1, 2030, if an offer is
L0:received for a foreign end product that exceeds 55 percent domestic content. The
L0:determination must be approved?
L1:(A) At a level above the contracting officer for acquisitions valued at or
L0:below the simplified acquisition threshold;
L1:(B) By the chief of the contracting office for acquisitions with a value greater
L0:than the simplified acquisition threshold but less than \$2 million; or
L1:(C) By the head of the contracting activity or immediate deputy for
L0:acquisitions valued at \$2 million or more.

L1:(iii) A separate determination whether an article is reasonably available is not
L0:required for the following articles because DoD has already determined that these
L0:articles are not reasonably available from domestic sources:
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(A) Spare or replacement parts that must be acquired from the original
L0:foreign manufacturer or supplier.
L1:(B) Foreign drugs acquired by the Defense Supply Center, Philadelphia,
L0:when the Director, Pharmaceuticals Group, Directorate of Medical Materiel, determines
L0:that only the requested foreign drug will fulfill the requirements.

L1:(iv) Under coordinated acquisition (see subpart 208.70), the determination is
L0:the responsibility of the requiring department when the requiring department specifies
L0:acquisition of a foreign end product.

L1:(c) The cost of a domestic end product is unreasonable if it is not the low evaluated
L0:offer when evaluated under subpart 225.5.

225.106 Determining reasonableness of cost

Status: active

L0:225.106 Determining reasonableness of cost.

L1:(b) Use an evaluation factor of 50 percent instead of the factors specified in FAR
L0:25.106(b)(1)(i) and (c)(1)(i).

225.170 Acquisition from or through other Government agencies

Status: active

L0:225.170 Acquisition from or through other Government agencies.
L0:Contracting activities must apply the evaluation procedures in subpart 225.5 when
L0:using Federal supply schedules.

225.202 Exceptions

Status: active

L0:225.202 Exceptions.
L2:(a)(2) A nonavailability determination is not required for construction materials
L0:listed in FAR 25.104(a). For other materials, a nonavailability determination must be
L0:approved at the levels specified in 225.103(b)(ii). Use the estimated value of the
L0:construction materials to determine the approval level. A nonavailability
L0:determination is not required before January 1, 2030, if an offer is received for foreign
L0:construction material that exceeds 55 percent domestic content.

225.206 Noncompliance

Status: active

L0:225.206 Noncompliance.
L2:(c)(4) Prepare any report of noncompliance in accordance with the procedures at

209.406-3 or 209.407-3

Status: active

L0:209.406-3 or 209.407-3.

225.270 Energy savings service contracts

Status: active

L0:225.270 Energy savings service contracts.
L0:If construction and construction materials will be used during the performance of a
L0:contract for DoD energy savings service requirements, see PGI 225.270 for additional
L0:guidance.

225.401 Exceptions

L0:225.401 Exceptions.

L3:(a)(2)(A) If a department or agency considers an individual acquisition of a product

L0:to be indispensable for national security or national defense purposes and appropriate

L0:for exclusion from the provisions of FAR subpart 25.4, it may submit a request with

L0:supporting rationale to the Principal Director, Defense Pricing, Contracting, and

L0:Acquisition Policy (DPCAP), Office of the Under Secretary of Defense (Acquisition and

L0:Sustainment) (OUSD(A&S)DPCAP). Approval by OUSD(A&S)DPCAP is not required

L0:if?

L1:(1) Purchase from foreign sources is restricted by statute (see subpart

L0:225.70);

L1:(2) Another exception in FAR 25.401 applies to the acquisition; or

L1:(3) Competition from foreign sources is restricted under subpart 225.71.

L1:(B) [Reserved].

225.401-70 End products subject to trade agreements

Status: active

L0:225.401-70 End products subject to trade agreements.

L0:Acquisitions of end products in the following product service groups (PSGs) are covered

L0:by trade agreements if the value of the acquisition is at or above the applicable trade

L0:agreement threshold and no exception applies. If an end product is not in one of the

L0:listed groups, the trade agreements do not apply. The definition of Caribbean Basin

L0:country end products in FAR 25.003 excludes those end products that are not eligible

L0:for duty-free treatment under 19 U.S.C. 2703(b). Therefore, certain watches, watch

L0:parts, and luggage from certain Caribbean Basin countries are not eligible products.

L0:However, 225.003 expands the definition of Caribbean Basin country end products to

L0:include petroleum and any product derived from petroleum, in accordance with Section

L0:8094 of Pub. L. 103-139.

L0:covered by trade agreements (see 225.401-70).

225.403 World Trade Organization Government Procurement Agreement and

Status: active

L0:225.403 World Trade Organization Government Procurement Agreement and
L0:Free Trade Agreements.
L1:(c) For acquisitions of supplies covered by the World Trade Organization
L0:Government Procurement Agreement, acquire only U.S.-made, qualifying country, or
L0:designated country end products unless?
L1:(i) The contracting officer determines that offers of U.S.-made, qualifying
L0:country, or designated country end products from responsive, responsible offerors
L0:are either?
L1:(A) Not received; or
L1:(B) Insufficient to fill the Government's requirements. In this case, accept
L0:all responsive, responsible offers of U.S.-made, qualifying country, and eligible products
L0:before accepting any other offers; or
L1:(ii) A national interest waiver under 19 U.S.C. 2512(b)(2) is granted. Such

L0:waivers are on a case-by-case basis. Except as delegated in paragraphs (c)(i)(A) and (B)
L0:of this section, submit any request for a national interest waiver to the Principal
L0:Director, Defense Pricing, Contracting, and Acquisition Policy in accordance with
L0:department or agency procedures. Include supporting rationale with the request.
L1:(A) The head of the contracting activity may approve a national interest
L0:waiver for a purchase by an overseas purchasing activity. A written statement from the
L0:requiring activity that the products being acquired are critical for the support of U.S.
L0:forces stationed abroad must accompany the waiver request.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(B) The Commander or Director, Defense Energy Support Center, may
L0:approve national interest waivers for purchases of fuel for use by U.S. forces overseas.

225.408 Procedures

Status: active

L0:225.408 Procedures.
L2:(a)(4) The requirements of FAR 25.408(a)(4), on submission of offers in U.S. dollars,
L0:do not apply to overseas acquisitions or to Defense Energy Support Center post, camp,
L0:or station overseas requirements.

225.502 Application

Status: active

L0:225.502 Application.
L1:(a) [Reserved]
L1:(b) Use the following procedures instead of the procedures in FAR 25.502(b) for
L0:acquisitions subject to the World Trade Organization Government Procurement
L0:Agreement:
L1:(i) Consider only offers of U.S.-made, qualifying country, or designated country
L0:end products, except as permitted by 225.403.
L1:(ii) If price is the determining factor, award on the low offer.
L1:(c) Use the following procedures instead of those in FAR 25.502(c) for acquisitions
L0:subject to the Buy American statute or the Balance of Payments Program:
L2:(i)(A) If the acquisition is subject only to the Buy American statute or the
L0:Balance of Payments Program, then only qualifying country end products are exempt
L0:from application of the Buy American or Balance of Payments Program evaluation
L0:factor.
L1:(B) If the acquisition is also subject to a Free Trade Agreement, then eligible
L0:products of the applicable Free Trade Agreement country are also exempt from
L0:application of the Buy American or Balance of Payments Program evaluation factor (but
L0:see 225.106).
L1:(ii) If price is the determining factor, use the following procedures:
L1:(A) If the low offer is a domestic offer, award on that offer.

L1:(B) If no domestic offers exist, award on the low offer (see example in PGI

L0:225.504(1)).

L1:(C) If the low offer is a foreign offer that is exempt from application of the

L0:Buy American or Balance of Payments Program evaluation factor, award on that offer.

L0:If the low offer is a qualifying country offer from a country listed at 225.872-1(b),

L0:execute a determination in accordance with 225.872-4. A qualifying country offer is

L0:subject to the domestic content requirement for end products that are wholly or

L0:predominantly of iron or steel or a combination of both.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(D) If the low offer is a foreign offer that is not exempt from application of

L0:the Buy American or Balance of Payments Program evaluation factor, and another

L0:foreign offer is received that is exempt and is lower than the lowest domestic offer,

L0:award on the low foreign offer (see example in PGI 225.504(2)).

L1:(E) Otherwise, apply the 50 percent evaluation factor to the low foreign

L0:offer.

L1:(1) If the price of the low domestic offer is less than the evaluated price

L0:of the low foreign offer, award on the low domestic offer (see example in PGI

L0:225.504(3)).

L0:low domestic offer, award on the low foreign offer (see example in PGI 225.504(4)).

L1:(2) If the evaluated price of the low foreign offer remains less than the

L1:(iii) If price is not the determining factor, use the following procedures:

L1:(A) If domestic offers are received, apply the 50 percent Buy American or

L0:Balance of Payments Program evaluation factor to all foreign offers unless an

L0:exemption applies.

L1:(B) Evaluate in accordance with the criteria of the solicitation.

L1:(C) If these procedures will not result in award on a domestic offer,

L0:reevaluate offers without the 50 percent factor. If this will result in award on an offer to

L0:which the Buy American statute or Balance of Payments Program applies, but

L0:evaluation in accordance with paragraph (c)(ii) of this section would result in award on

L0:a domestic offer, proceed with award only after execution of a determination in

L0:accordance with 225.103(a)(ii)(B) (domestic preference would be inconsistent with the

L0:public interest).

225.503 Group offers

L0:225.504 Evaluation examples.

L0:For examples that illustrate the evaluation procedures in 225.502(c)(ii), see PGI

L0:225.504.

225.600 Scope of subpart

Status: active

L0:225.600 Scope of subpart.

L0:This subpart prescribes the clauses that implement subparts 225.1 through 225.5 and

225.7 through 225.10. The clauses that implement subparts 225.70 through 225.75 are

Status: active

L0:225.7 through 225.10. The clauses that implement subparts 225.70 through 225.75 are

L0:prescribed within those subparts.

225.601 Acquisition of supplies

Status: active

L0:225.601 Acquisition of supplies.

L1:(1) Insert the provision at 252.225-7000, Buy American?Balance of Payments

L0:Program Certificate, instead of the provision at FAR 52.225-2, Buy American

L0:Certificate, in any solicitation, including solicitations using FAR part 12 procedures for

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:the acquisition of commercial products and commercial services, that includes the basic

L0:or the alternate of the clause at 252.225-7001, Buy American and Balance of Payments

L0:Program.

L2:(2)(i) Insert the basic or the alternate of the clause at 252.225-7001, Buy American

L0:and Balance of Payments Program, instead of the clause at FAR 52.225-1, Buy

L0:American ?Supplies, in solicitations and contracts, including solicitations and

L0:contracts using FAR part 12 procedures for the acquisition of commercial products and

L0:commercial services, unless?

L1:(A) All line items will be acquired from a particular source or sources under

L0:the authority of FAR 6.103-3;

L1:(B) All line items require domestic or qualifying country end products in

L0:accordance with subpart 225.70, but note that this exception does not apply if subpart

225.70 only requires manufacture of the end product in the United States or in the

Status: active

L0:225.70 only requires manufacture of the end product in the United States or in the

L0:United States or Canada, without a corresponding requirement for use of domestic
L0:components;

L1:(C) The acquisition is for supplies for use within the United States and an
L0:exception to the Buy American statute applies, e.g., nonavailability or public interest
L0:(see FAR 25.103 and 225.103);

L1:(D) The acquisition is for supplies for use outside the United States and an
L0:exception to the Balance of Payments Program applies (see 225.7501); or

L1:(E) One or more of the basic or the alternates of the following clauses will
L0:apply to all line items in the contract:

L1:(1) 252.225-7021, Trade Agreements.

L0:Payments Program.

L1:(2) 252.225-7036, Buy American ?Free Trade Agreements?Balance of

L1:(ii) Insert alternate II of the clause in lieu of the basic clause in solicitations and
L0:contracts if an alternate domestic content threshold will apply to the entire period of
L0:performance as approved by the senior procurement executive (see 225.101(d)).

L1:(3) Insert the clause at 252.225-7002, Qualifying Country Sources as

L0:Subcontractors, in solicitations and contracts that include the basic or one of the
L0:alternates of the following clauses:

L1:(i) 252.225-7001, Buy American and Balance of Payments Program.

L1:(ii) 252.225-7021, Trade Agreements.

L1:(iii) 252.225-7036, Buy American ?Free Trade Agreements?Balance of

L0:Payments Program.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(4) Insert the clause at 252.225-7013, Duty-Free Entry, instead of the clause at FAR
L0:52.225-8. Do not use the clause for acquisitions of supplies that will not enter the
L0:customs territory of the United States.

L1:(5) Insert the provision at 252.225-7020, Trade Agreements Certificate, instead of
L0:the provision at FAR 52.225-6, Trade Agreements Certificate, in solicitations, including
L0:solicitations using FAR part 12 procedures for the acquisition of commercial products
L0:and commercial services, that include the clause at 252.225-7021, Trade Agreements.
L0:Do not include the provision if the solicitation includes alternate III of the clause at
L0:252.225-7021. If the solicitation includes the provision at FAR 52.204-7, do not
L0:separately list the provision 252.225-7020 in the solicitation.

L1:(6) Insert the basic or the alternate of the clause at 252.225-7021, Trade
L0:Agreements, instead of the clause at FAR 52.225-5, Trade Agreements, in solicitations
L0:and contracts, including solicitations and contracts using FAR part 12 procedures for
L0:the acquisition of commercial products and commercial services, if the World Trade
L0:Organization Government Procurement Agreement applies, i.e., the acquisition is of
L0:end products listed at 225.401-70, the value of the acquisition equals or exceeds
L0:\$174,000, and none of the exceptions at FAR 25.401(a) applies.

L1:(i) Insert the alternate III clause in lieu of the basic clause in solicitations and
L0:contracts when an alternate domestic content threshold will apply to the entire period
L0:of performance as approved by the senior procurement executive (see 225.101(d)).

L1:(ii) Do not insert the basic or the alternate of the clause if purchase from foreign

L0:sources is restricted, unless the contracting officer anticipates a waiver of the
L0:restriction.

L1:(iii) The acquisition of eligible and noneligible products under the same contract

L0:may result in the application of trade agreements to only some of the items acquired. In

L0:such case, indicate in the Schedule those items covered by the Trade Agreements

L0:clause.

L1:(7) Insert the provision at 252.225-7032, Waiver of United Kingdom Levies?

L0:Evaluation of Offers, in solicitations if a U.K. firm is expected to?

L1:(i) Submit an offer; or

L1:(ii) Receive a subcontract exceeding \$1 million.

L1:(8) Insert the clause at 252.225-7033, Waiver of United Kingdom Levies, in

L0:solicitations and contracts if a U.K. firm is expected to?

L1:(i) Submit an offer; or

L1:(ii) Receive a subcontract exceeding \$1 million.

L1:(9) Insert the basic or an alternate of the provision at 252.225-7035, Buy

L0:American?Free Trade Agreements?Balance of Payments Program Certificate, instead

L0:of the provision at FAR 52.225-4, Buy American?Free Trade Agreements?Israeli

L0:Trade Act Certificate, in solicitations, including solicitations using FAR part 12

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:procedures for the acquisition of commercial products and commercial services, that

L0:include the basic or an alternate of the clause at 252.225-7036, Buy American?Free

L0:Trade Agreements?Balance of Payments Program.

L1:(i) Insert the basic provision in solicitations when the basic or alternate VI of

L0:the clause at 252.225-7036 is used.

L1:(ii) Insert the alternate I provision when the solicitation includes alternate I or

L0:alternate VII of the clause at 252.225-7036.

L1:(iii) Insert the alternate IV provision when the solicitation includes alternate IV

L0:or alternate X of the clause at 252.225-7036.

L2:(10)(i) Except as provided in paragraph (10)(ii) of this section, insert the basic or an

L0:alternate of the clause at 252.225-7036, Buy American?Free Trade Agreements?

L0:Balance of Payments Program, instead of the clause at FAR 52.225-3, Buy American?

L0:Free Trade Agreements?Israeli Trade Act, in solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, for the items listed at 225.401-70, when

L0:the estimated value is less than \$174,000, unless an exception at FAR 25.401 or 225.401

L0:applies.

L1:(A) Insert the basic clause in solicitations and contracts when the estimated

L0:value equals or exceeds \$100,000, but is less than \$174,000.

L1:(B) Insert the alternate I clause in solicitations and contracts when the

L0:estimated value is less than \$102,280.

L1:(C) Insert the alternate IV clause in solicitations and contracts when the

L0:estimated value equals or exceeds \$102,280 but is less than \$174,000.

L1:(D) Insert the alternate VI clause in lieu of the basic clause in solicitations

L0:and contracts, when?

L0:\$174,000; and

L1:(1) The estimated value equals or exceeds \$100,000 but is less than

L0:period of performance as approved by the senior procurement executive (see 225.101(d)).

L1:(2) An alternate domestic content threshold will apply to the entire

L1:(E) Insert the alternate VII clause in lieu of the alternate I clause in

L0:solicitations and contracts when?

L1:(1) The estimated value is less than \$102,280; and

L0:period of performance as approved by the senior procurement executive (see 225.101(d)).

L1:(2) An alternate domestic content threshold will apply to the entire

L1:(F) Insert the alternate X clause in lieu of the alternate IV clause in

L0:solicitations and contracts, when?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:\$174,000; and

L1:(1) The estimated value equals or exceeds \$102,280 but is less than

L0:period of performance as approved by the senior procurement executive (see 225.101(d)).

L1:(2) An alternate domestic content threshold will apply to the entire

L1:(ii) Do not insert the basic or an alternate of the clause in paragraph (10)(i) of

L0:this section if?

L1:(A) Purchase from foreign sources is restricted (see 225.401(a)(2)), unless

L0:the contracting officer anticipates a waiver of the restriction; or

L1:(B) Acquiring information technology that is a commercial product, using

L0:fiscal year 2004 or subsequent funds section 535 of Division F of the Consolidated

L0:Appropriations Act, 2004 (Pub. L. 108-199), and the same provision in subsequent

L0:appropriations acts).

L1:(iii) The acquisition of eligible and noneligible products under the same contract

L0:may result in the application of a Free Trade Agreement to only some of the items

L0:acquired. In such case, indicate in the Schedule those items covered by the Buy

L0:American?Free Trade Agreements?Balance of Payments Program clause.

225.603 Other provisions and clauses

Status: active

L0:225.603 Other provisions and clauses.

L1:(1) Unless the contracting officer knows that the prospective contractor is not a

L0:domestic concern, insert the clause at 252.225-7005, Identification of Expenditures in

L0:the United States, in solicitations and contracts that?

L1:(i) Exceed the simplified acquisition threshold; and

L1:(ii) Are for the acquisition of?

L1:(A) Supplies for use outside the United States;

L1:(B) Construction to be performed outside the United States; or

L1:(C) Services to be performed primarily outside the United States.

L1:(2) Insert the clause at 252.225-7041, Correspondence in English, in solicitations

L0:and contracts when contract performance will be wholly or in part in a foreign country.

L1:(3) Insert the provision at 252.225-7042, Authorization to Perform, in solicitations
L0:when contract performance will be wholly or in part in a foreign country. If the
L0:solicitation includes the provision at FAR 52.204-7, do not separately list the provision

252.225-7042 Authorization to Perform

Status: active

L0:252.225-7042 Authorization to Perform.
L0:As prescribed in 225.603(3), use the following provision:
L0:(End of clause)
L0:AUTHORIZATION TO PERFORM (APR 2003)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:The offeror represents that it has been duly authorized to operate and to do business in
L0:the country or countries in which the contract is to be performed.
L0:(End of provision)

225.701 Contractor personnel in a designated operational area or supporting

Status: active

L0:225.701 Contractor personnel in a designated operational area or supporting
L0:a diplomatic or consular mission outside the United States.

225.701-1 Scope

Status: active

L0:225.701-1 Scope.
L1:(a) Performance in a designated operational area, as used in this section, means
L0:performance of a service or construction, as required by the contract. For supply
L0:contracts, the term includes services associated with the acquisition of supplies (e.g.,
L0:installation or maintenance), but does not include production of the supplies or
L0:associated overhead functions.
L1:(c) For DoD, this section also applies to all personal services contracts.

225.701-4 Contract clause

Status: active

L0:225.701-4 Contract clause.
L1:(1) Use the clause at FAR 52.225-19, Contractor Personnel in a Designated
L0:Operational Area or Supporting a Diplomatic or Consular Mission Outside the United
L0:States, in accordance with the prescription at FAR 25.701-4, except that?
L1:(i) Use the clause also in personal services contracts with individuals; and

L1:(ii) Do not use the clause when all contractor personnel performing outside the
L0:United States will be covered by the clause at 252.225-7040.
L1:(2) When using the clause at FAR 52.225-19, inform the contractor that the
L0:Synchronized Predeployment and Operational Tracker (SPOT) is the appropriate
L0:automated system to use for the list of contractor personnel required by paragraph (g) of
L0:the clause. Information on the SPOT system is available at
L0:<https://www.acq.osd.mil/asds/log/cso/ocs/spot.html>.

225.702 Contractors performing private security functions outside the United

Status: active

L0:225.702 Contractors performing private security functions outside the United
L0:States.

225.702-6 Contract clause

Status: active

L0:225.702-6 Contract clause.
L0:Use the clause at 252.225-7039, Defense Contractors Performing Private Security
L0:Functions Outside the United States, instead of FAR clause 52.225-26, Contractors
L0:Performing Private Security Functions Outside the United States, in solicitations and
L0:contracts, including solicitations and contracts using FAR part 12 procedures for the
L0:acquisition of commercial products and commercial services, when private security
L0:functions are to be performed outside the United States in?
L1:(1) Contingency operations;
L1:(2) Combat operations, as designated by the Secretary of Defense;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(3) Other significant military operations (as defined in 32 CFR part 159), designated
L0:by the Secretary of Defense, and only upon agreement of the Secretary of Defense and
L0:the Secretary of State;
L1:(4) Peace operations, consistent with Joint Publication 3-07.3; or
L1:(5) Other military operations or military exercises, when designated by the
L0:Combatant Commander.

225.770 Contracts requiring performance or delivery in a foreign country

Status: active

L0:225.770 Contracts requiring performance or delivery in a foreign country.
L1:(a) If the acquisition requires the performance of services or delivery of supplies in
L0:an area outside the United States, follow the procedures at PGI 225.770(a).
L1:(b) For work performed in Germany, eligibility for logistics support or base
L0:privileges of contractor employees is governed by U.S.-German bilateral agreements.

L1:(c) For work performed in Japan or Korea, see PGI 225.770(c) for information on
L0:bilateral agreements and policy relating to contractor employees in Japan or Korea.
L1:(d) For work performed in the U.S. Central Command area of responsibility, follow
L0:the procedures for theater business clearance/contract administration delegation
L0:instructions at PGI 225.770(d).

225.771 Contractor personnel supporting U.S. Armed Forces deployed outside

Status: active

L0:225.771 Contractor personnel supporting U.S. Armed Forces deployed outside
L0:the United States.
L0:For additional information on contractor personnel supporting U.S. Armed Forces, see
L0:PGI 225.771.

225.771-1 Scope

Status: active

L0:225.771-1 Scope.
L1:(a) This section applies to contracts that involve contractor personnel supporting
L0:U.S. Armed Forces deployed outside the United States in?
L1:(1) Contingency operations;
L1:(2) Humanitarian or peacekeeping operations; or
L1:(3) Other military operations or military exercises, when designated by the
L0:combatant commander.
L1:(b) Any of the types of operations listed in paragraph (a) of this section may include
L0:stability operations such as?
L1:(1) Establishment or maintenance of a safe and secure environment; or
L1:(2) Provision of emergency infrastructure reconstruction, humanitarian relief,
L0:or essential governmental services (until feasible to transition to local government).
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.771-2 Definition

Status: active

L0:225.771-2 Definition.
L0:As used in this section?
L0:?'Designated operational area?' means a geographic area designated by the
L0:combatant commander or subordinate joint force commander for the conduct or
L0:support of specified military operations. (See PGI 225.771-2 for additional
L0:information on designated operational areas.)

225.771-3 Government support

Status: active

L0:225.771-3 Government support.

L1:(a) Government support that may be authorized or required for contractor

L0:personnel performing in a designated operational area may include, but is not limited

L0:to, the types of support listed in PGI 225.771-3(a).

L1:(b) The agency must provide logistical or security support only when the

L0:appropriate agency official, in accordance with agency guidance, determines in

L0:coordination with the combatant commander that?

L1:(1) Such Government support is available and is needed to ensure continuation

L0:of essential contractor services; and

L1:(2) The contractor cannot obtain adequate support from other sources at a

L0:reasonable cost.

L1:(c) Specify in the solicitation and contract?

L1:(1) Valid terms, approved by the combatant commander, that specify the

L0:responsible party, if a party other than the combatant commander is responsible for

L0:providing protection to the contractor personnel performing in the designated

L0:operational area; and

L1:(2) Any other Government support to be provided, and whether this support

L0:will be provided on a reimbursable basis, citing the authority for the reimbursement.

L1:(d) Medical support of contractor personnel. Provide direction to the contractor

L0:when the contractor is required to reimburse the Government for medical treatment or

L0:transportation of contractor personnel to a selected civilian facility in accordance with

L0:paragraph (c)(2)(ii) of the clause at 252.225-7040. For additional information, see PGI

L0:225.771-3(d).

L1:(e) Letter of authorization. Contractor personnel must have a Synchronized

L0:Predeployment and Operational Tracker (SPOT)-generated letter of authorization

L1:(LOA) signed by the contracting officer in order to process through a deployment center

L0:or to travel to, from, or within the designated operational area. The LOA also will

L0:identify any additional authorizations, privileges, or Government support that the

L0:contractor personnel are entitled to under the contract. For additional information on

L0:LOAs, see PGI 225.771-3(e).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.771-4 Law of war training

Status: active

L0:225.771-4 Law of war training.

L1:(a) Basic training. Basic law of war training is required for all contractor personnel

L0:supporting U.S. Armed Forces deployed outside the United States. The basic training

L0:normally will be provided through a military-run training center. The contracting

L0:officer may authorize the use of an alternate basic training source, provided the

L0:servicing DoD legal advisor concurs with the course content.

L1:(b) Advanced law of war training. (1) The types of personnel that must obtain

L0:advanced law of war training include the following:

L1:(i) Private security contractors.

L1:(ii) Security guards in or near areas of military operations.

L1:(iii) Interrogators, linguists, interpreters, guards, report writers,

L0:information technology technicians, or others who will come into contact with enemy

L0:prisoners of war, civilian internees, retained persons, other detainees, terrorists, or

L0:criminals who are captured, transferred, confined, or detained during or in the

L0:aftermath of hostilities.

L1:(iv) Other personnel when deemed necessary by the contracting officer.

L1:(2) If contractor personnel will be required to obtain advanced law of war

L0:training, the solicitation and contract must specify?

L1:(i) The types of personnel subject to advanced law of war training

L0:requirements;

L1:(ii) Whether the training will be provided by the Government or the

L0:contractor;

L1:(iii) If the training will be provided by the Government, the source of the

L0:training; and

L1:(iv) If the training will be provided by the contractor, a requirement for

L0:coordination of the content with the servicing DoD legal advisor to ensure that training

L0:content is commensurate with the duties and responsibilities of the personnel to be

L0:trained.

225.771-5 Contract clauses

Status: active

L0:225.771-5 Contract clauses.

L0:Unless otherwise stated, the following deviation provisions and clauses remain in effect

L0:until incorporated in the FAR or DFARS or otherwise rescinded:

L0:Use the clause 252.225-7980, Contractor Personnel Performing in the United States

L0:Africa Command Area of Responsibility (DEVIATION 2016-O0008)(JUN 2016), in lieu

L0:of the clause at DFARS 252.225-7040, Contractor Personnel Supporting U.S. Armed

L0:Forces Deployed Outside the United States, in all solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:commercial items, that will require contractor personnel to perform in the United

L0:States Africa Command (AFRICOM) area of responsibility.

L0:Use the clause 252.225-7995, Contractor Personnel Performing in the United States

L0:Central Command Area of Responsibility (DEVIATION 2017-O0004) (SEP 2017), in

L0:lieu of DFARS 252.225-7040, Contractor Personnel Supporting U.S. Armed Forces

L0:Deployed Outside the United States, in solicitations and contracts that will require

L0:contractor personnel to perform in the United States Central Command area of

L0:responsibility.

L0:See Class Deviation 2017-O0009 (SEP 2017), Products and Services from the African

L0:Host Nation?Djibouti, implementing section 889A of the National Defense

L0:Authorization Act (NDAA) for Fiscal Year (FY) 2017, Enhanced Authority to Acquire

L0:Products and Services Produced in Africa in Support of Certain Activities. Contracting

L0:officers shall use the procedures and clauses provided when acquiring products and

L0:services from the African host nation-Djibouti in support of the covered activities in

L0:Djibouti. This authority is not available for procurement of any product on the Ability

L0:One Procurement List.

L0:Use the provision at 252.225-7985, Preference for Products or Services from the African

L0:Host Nation?Djibouti (SEP 2017) (DEVIATION 2017-O0009), in solicitations that

L0:include the clause at 252.225-7986, Requirement for Products or Services from the

L0:African Host Nation?Djibouti (SEP 2017) (DEVIATION 2017-O0009).

L0:Use the clause at 252.225-7986, Requirement for Products or Services from the African

L0:Host Nation?Djibouti (SEP 2017) (DEVIATION 2017-O0009), in solicitations and

L0:contracts that provide a preference for products or services from the African host

L0:nation?Djibouti in accordance with Class Deviation 2017-O0009.

L0:Use the clause at 252.225-7977, Acquisition Restricted to Products or Services from the

L0:African Host Nation?Djibouti (SEP 2017) (DEVIATION 2017-O0009), in solicitations

L0:and contracts that limit competition to products or services from the African host

L0:nation?Djibouti in accordance with Class Deviation 2017-O0009.

L0:Use the clause at 252.225-7976, Contractor Personnel Performing in Japan

L0:(DEVIATION 2018-O0019) (AUG 2018), in solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial items, that will require contractor personnel to perform in Japan. The

L0:clause requires DoD contractors to account for contractor personnel and dependents in

L0:the Synchronized Predeployment and Operational Tracker, in order for the contractor

L0:personnel and dependents to be eligible for coverage under the Status of Forces

L0:Agreement.

L0:Use the clause 252.225-7987, Requirements for Contractor Personnel Performing in the

L0:U.S. Southern Command Area of Responsibility (DEVIATION 2021-O0004) (FEB

L0:2021), in lieu of the clause at DFARS 252.225-7040, Contractor Personnel Supporting

L0:U.S. Armed Forces Deployed Outside the United States, in solicitations and contracts

L0:that require contractor performance in the U.S. Southern Command area of

L0:responsibility.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(a) Use the clause at 252.225-7040, Contractor Personnel Supporting U.S. Armed

L0:Forces Deployed Outside the United States, instead of the clause at FAR 52.225-19,

L0:Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or

L0:Consular Mission Outside the United States, in solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, for performance in a designated

L0:operational area that authorize contractor personnel (including both contractors

L0:authorized to accompany the Force (CAAF) and non-CAAF) to support U.S. Armed

L0:Forces deployed outside the United States in?

L1:(1) Contingency operations;

L1:(2) Peace operations consistent with Joint Publication 3-07.3; or

L1:(3) Other military operations or military exercises, when designated by the

L0:combatant commander or as directed by the Secretary of Defense.

L1:(b) [Reserved]

225.772 Antiterrorism/force protection

Status: active

L0:225.772 Antiterrorism/force protection.

225.772-1 General

Status: active

L0:225.772-1 General.

L0:Information and guidance pertaining to DoD antiterrorism/force protection policy for

L0:contracts that require performance or travel outside the United States can be obtained

L0:from the offices listed in PGI 225.772-1.

225.772-2 Contract clause

Status: active

L0:225.772-2 Contract clause.

L0:Use the clause at 252.225-7963, Antiterrorism/Force Protection Policy for Defense

L0:Contractors Outside the United States, in solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, that require performance or travel

L0:outside the United States, except for contracts with?

L1:(a) Foreign governments;

L1:(b) Representatives of foreign governments; or

L1:(c) Foreign corporations wholly owned by foreign governments.

225.773 Contract administration in support of contingency operations

Status: active

L0:225.773 Contract administration in support of contingency operations.

L0:For additional guidance on contract administration considerations when supporting

L0:contingency operations, see PGI 225.773.

225.774 Use of electronic business tools

Status: active

L0:225.774 Use of electronic business tools.
L0:See 218.271 concerning the use of electronic business tools in support of a contingency
L0:operation or humanitarian or peacekeeping operation.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.802 Procedures

Status: active

L0:225.802 Procedures.
L1:(b) Information on memoranda of understanding and other international
L0:agreements is available at PGI 225.802(b).

225.802-70 Contracts for performance outside the United States and Canada

Status: active

L0:225.802-70 Contracts for performance outside the United States and Canada.
L0:Follow the procedures at PGI 225.802-70 when placing a contract requiring
L0:performance outside the United States and Canada. See also subpart 225.7, Contracts
L0:Performed Outside the United States.

225.802-71 End use certificates

Status: active

L0:225.802-71 End use certificates.
L0:Contracting officers considering the purchase of an item from a foreign source may
L0:encounter a request for the signing of a certificate to indicate that the Armed Forces of
L0:the United States is the end user of the item, and that the U.S. Government will not
L0:transfer the item to third parties without authorization from the Government of the
L0:country selling the item. When encountering this situation, refer to DoD Instruction
L0:2040.03, End Use Certificates, for guidance.

225.870 Contracting with Canadian contractors

Status: active

L0:225.870 Contracting with Canadian contractors.

225.870-1 General

Status: active

L0:225.870-1 General.

L1:(a) The Canadian government guarantees to the U.S. Government all commitments,
L0:obligations, and covenants of the Canadian Commercial Corporation under any contract
L0:or order issued to the Corporation by any contracting office of the U.S. Government.

L0:The Canadian government has waived notice of any change or modification that may be
L0:made, from time to time, in these commitments, obligations, or covenants.

L1:(b) For production planning purposes, Canada is part of the defense industrial base
L0:(see 225.870-2(b)).

L1:(c) The Canadian Commercial Corporation will award and administer contracts
L0:with contractors located in Canada, except for?

L1:(1) Negotiated acquisitions for experimental, developmental, or research work
L0:under projects other than the Defense Development Sharing Program;

L1:(2) Acquisitions of unusual or compelling urgency;

L1:(3) Acquisitions at or below the simplified acquisition threshold; or

L1:(4) Acquisitions made by DoD activities located in Canada.

L1:(d) For additional information on production rights, data, and information; services
L0:provided by Canadian Commercial Corporation; audit; and inspection, see PGI 225.870-
L0:1(d).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.870-2 Solicitation of Canadian contractors

Status: active

L0:225.870-2 Solicitation of Canadian contractors.

L1:(a) If requested, furnish a solicitation to the Canadian Commercial Corporation
L0:even if no Canadian firm is solicited.

L1:(b) Handle acquisitions at or below the simplified acquisition threshold directly with
L0:Canadian firms and not through the Canadian Commercial Corporation.

225.870-3 Submission of offers

Status: active

L0:225.870-3 Submission of offers.

L1:(a) As indicated in 225.870-4, the Canadian Commercial Corporation is the prime
L0:contractor. To indicate acceptance of offers by individual Canadian companies, the
L0:Canadian Commercial Corporation issues a letter supporting the Canadian offer and
L0:containing the following information:

L1:(1) Name of the Canadian offeror.

L1:(2) Confirmation and endorsement of the offer in the name of the Canadian
L0:Commercial Corporation.

L1:(3) A statement that the Corporation shall subcontract 100 percent with the
L0:offeror.

L1:(b) When a Canadian offer cannot be processed through the Canadian Commercial

L0:Corporation in time to meet the date for receipt of offers, the Corporation may permit
L0:Canadian firms to submit offers directly. However, the contracting officer must receive
L0:the Canadian Commercial Corporation's endorsement before contract award.
L1:(c) The Canadian Commercial Corporation will submit all sealed bids in terms of
L0:U.S. currency. Do not adjust contracts awarded under sealed bidding for losses or gains
L0:from fluctuation in exchange rates.
L1:(d) Except for sealed bids, the Canadian Commercial Corporation normally will
L0:submit offers and quotations in terms of Canadian currency. The Corporation may, at
L0:the time of submitting an offer, elect to quote and receive payment in terms of U.S.
L0:currency, in which case the contract?
L1:(1) Must provide for payment in U.S. currency; and
L1:(2) Must not be adjusted for losses or gains from fluctuation in exchange rates.

225.870-4 Contracting procedures

Status: active

L0:225.870-4 Contracting procedures.
L1:(a) Except for contracts described in 225.870-1(c)(1) through (4), award individual
L0:contracts covering purchases from suppliers located in Canada to the Canadian
L0:Commercial Corporation, 350 Albert Street, Suite 700, Ottawa, ON K1R 1A4.
L1:(b) Direct communication with the Canadian supplier is authorized and encouraged
L0:in connection with all technical aspects of the contract, provided the Corporation's
L0:approval is obtained on any matters involving changes to the contract.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(c) Requirement for data other than certified cost or pricing data. (1) DoD has
L0:waived the requirement for submission of certified cost or pricing data for the Canadian
L0:Commercial Corporation and its subcontractors.
L1:(2) The Canadian Commercial Corporation is not exempt from the requirement
L0:to submit data other than certified cost or pricing data, as defined in FAR 2.101.
L0:Require the offeror to submit data other than certified cost or pricing data to the extent
L0:necessary to determine a fair and reasonable price.
L1:(i) No further approval is required to request data other than certified cost
L0:or pricing data from the Canadian Commercial Corporation in the following
L0:circumstances:
L1:(A) In a solicitation for a sole source acquisition that is?
L1:(1) Cost-reimbursement, if the contract value is expected to exceed
L0:\$700,000; or
L0:million.
L1:(2) Fixed-price, if the contract value is expected to exceed \$500
L1:(B) If the Canadian Commercial Corporation submits the only offer in
L0:response to a competitive solicitation that meets the thresholds specified in paragraph
L4:(c)(2)(i)(A) of this section.
L0:criteria in paragraph (c)(2)(i)(A) or (B) of this section.

L1:(C) For modifications that exceed \$150,000 in contracts that meet the

L0:pricing data are required from all offerors.

L1:(D) In competitive solicitations in which data other than certified cost or

L1:(ii) In any circumstances other than those specified in paragraph (c)(2)(i) of

L0:this section, require data other than certified cost or pricing data from the Canadian

L0:Commercial Corporation if the head of the contracting activity, or designee no lower

L0:than two levels above the contracting officer, determines that data other than certified

L0:cost or pricing data are needed (or in the case of modifications that it is reasonably

L0:certain that data other than certified cost or pricing data will be needed) in order to

L0:determine that the price is fair and reasonable).

L1:(3) Use the provision at 252.215-7003, Requirement for Submission of Data

L0:Other Than Certified Cost or Pricing Data?Canadian Commercial Corporation, and

L0:the clause at 252.215-7004, Requirement for Submission of Data Other Than Certified

L0:Cost or Pricing Data?Modifications?Canadian Commercial Corporation, as prescribed

L0:at 215.110(2)(i) and (ii), respectively.

L1:(4) Except for contracts described in 225.870-1(c)(1) through (4), Canadian

L0:suppliers will provide required data other than certified cost or pricing data exclusively

L0:through the Canadian Commercial Corporation.

L1:(5) If an offeror does not comply with a requirement to submit data necessary to

L0:determine price reasonableness or cost realism, see FAR 15.403-1(d).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(d) Identify in the contract, the type of currency, i.e., U.S. or Canadian. Contracts

L0:that provide for payment in Canadian currency must?

L1:(1) Quote the contract price in terms of Canadian dollars and identify the

L0:amount by the initials ?CN?, e.g., \$1,647.23CN; and

L1:(2) Clearly indicate on the face of the contract the U.S./Canadian conversion

L0:rate at the time of award and the U.S. dollar equivalent of the Canadian dollar contract

L0:amount.

225.870-5 Contract administration

Status: active

L0:225.870-5 Contract administration.

L0:Follow the contract administration procedures at PGI 225.870-5.

225.870-6 Termination procedures

Status: active

L0:225.870-6 Termination procedures.

L0:When contract termination is necessary, follow the procedures at 249.7000.

225.870-7 Acceptance of Canadian supplies

Status: active

L0:225.870-7 Acceptance of Canadian supplies.

L0:For information on the acceptance of Canadian supplies, see PGI 225.870-7.

225.870-8 Industrial security

Status: active

L0:225.870-8 Industrial security.

L0:Industrial security for Canada must accord with the U.S.-Canada Industrial Security

L0:Agreement of March 31, 1952, as amended.

225.871 North Atlantic Treaty Organization (NATO) cooperative projects

Status: active

L0:225.871 North Atlantic Treaty Organization (NATO) cooperative projects.

225.871-1 Scope

Status: active

L0:225.871-1 Scope.

L0:This section implements 22 U.S.C. 2767 and 10 U.S.C. 2350b.

225.871-2 Definitions

Status: active

L0:225.871-2 Definitions.

L0:As used in this section?

L0:Cooperative project? means a jointly managed arrangement?

L1:(1) Described in a written agreement between the parties;

L1:(2) Undertaken to further the objectives of standardization, rationalization, and

L0:interoperability of the armed forces of NATO member countries; and

L1:(3) Providing for?

L1:(i) One or more of the other participants to share with the United States the

L0:cost of research and development, testing, evaluation, or joint production (including

L0:follow-on support) of certain defense articles;

L1:(ii) Concurrent production in the United States and in another member country

L0:of a defense article jointly developed; or

L1:(iii) Acquisition by the United States of a defense article or defense service from

L0:another member country.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Other participant? means a cooperative project participant other than the United States.

225.871-3 General

Status: active

L0:225.871-3 General.

L1:(a) Cooperative project authority. (1) Departments and agencies possessing the necessary authority may enter into cooperative project agreements with NATO or with one or more member countries of NATO under DoDD 5530.3, International Agreements.

L1:(2) Under laws and regulations governing the negotiation and implementation of cooperative project agreements, departments and agencies may enter into contracts, or incur other obligations, on behalf of other participants without charge to any appropriation or contract authorization.

L1:(3) Agency heads are authorized to solicit and award contracts to implement cooperative projects.

L1:(b) Contracts implementing cooperative projects must comply with all applicable laws relating to Government acquisition, unless a waiver is granted under 225.871-4. A waiver of certain laws and regulations may be obtained if the waiver?

L1:(1) Is required by the terms of a written cooperative project agreement;

L1:(2) Will significantly further NATO standardization, rationalization, and interoperability; and

L1:(3) Is approved by the appropriate DoD official.

225.871-4 is incorporated in a contract or a contract modification, if such information

Status: active

L0:225.871-4 is incorporated in a contract or a contract modification, if such information was not provided in the certification to Congress before finalizing the cooperative agreement.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.871-5 Directed subcontracting

Status: active

L0:225.871-5 Directed subcontracting.

L1:(a) The Principal Director, Defense Pricing, Contracting, and Acquisition Policy may authorize the direct placement of subcontracts with particular subcontractors. Directed subcontracting is not authorized unless specifically addressed in the cooperative project agreement.

L1:(b) In some instances, it may not be feasible to name specific subcontractors at the

L0:time the agreement is concluded. However, the agreement must clearly state the
L0:general provisions for work sharing at the prime and subcontract level. For additional
L0:information on cooperative project agreements, see PGI 225.871-5.

225.871-6 Disposal of property

Status: active

L0:225.871-6 Disposal of property.
L0:Dispose of property jointly acquired by the members of a cooperative project under the
L0:procedures established in the agreement or in a manner consistent with the terms of
L0:the agreement, without regard to any laws of the United States applicable to the
L0:disposal of property owned by the United States.

225.871-7 Congressional notification

Status: active

L0:225.871-7 Congressional notification.
L1:(a) Congressional notification is required when DoD makes a determination to
L0:award a contract or subcontract to a particular entity, if the determination was not part
L0:of the certification made under 22 U.S.C. 2767(f) before finalizing the cooperative
L0:agreement.
L1:(1) Departments and agencies must provide a proposed Congressional notice to
L0:the Principal Director, Defense Pricing, Contracting, and Acquisition Policy in sufficient
L0:time to forward to Congress before the time of contract award.
L1:(2) The proposed notice must include the reason using the authority to
L0:designate a particular contractor or subcontractor is necessary.
L1:(b) Congressional notification is also required each time a statutory waiver under

225.872 Contracting with qualifying country sources

Status: active

L0:225.872 Contracting with qualifying country sources.

225.872-1 General

Status: active

L0:225.872-1 General.
L1:(a) As a result of memoranda of understanding and other international agreements,
L0:DoD has determined it inconsistent with the public interest to apply restrictions of the
L0:Buy American statute or the Balance of Payments Program to the acquisition of
L0:qualifying country end products from the following qualifying countries:
L0:Israel

L0:Italy

L0:? Australia

L0:? Belgium

L0:? Canada

L0:? Czech Republic

L0:? Denmark

L0:? Egypt

L0:? Estonia

L0:? Federal Republic of Germany

L0:? Finland

L0:? France

L0:? Greece

L0:?

L0:?

L0:? Japan

L0:? Latvia

L0:? Lithuania

L0:? Luxembourg

L0:? Netherlands

L0:? Norway

L0:? Poland

L0:? Portugal

L0:? Slovenia

L0:? Spain

L0:? Sweden

L0:? Switzerland

L0:? Turkey

L0:? United Kingdom of Great Britain and Northern Ireland.

L1:(b) Individual acquisitions of qualifying country end products or qualifying country

L0:components from the following qualifying country may, on a purchase-by-purchase

L0:basis (see 225.872-4), be exempted from application of the Buy American statute and

L0:the Balance of Payments Program as inconsistent with the public interest:

L0:? Austria.

L1:(c) The determination in paragraph (a) of this subsection does not limit the

L0:authority of the Secretary concerned to restrict acquisitions to domestic sources or reject

L0:an otherwise acceptable offer from a qualifying country source when considered

L0:necessary for national defense reasons.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.872-2 Applicability

Status: active

L0:225.872-2 Applicability.

L1:(a) This section applies to all acquisitions of supplies except those restricted by?
L1:(1) U.S. National Disclosure Policy, DoDD 5230.11, Disclosure of Classified
L0:Military Information to Foreign Governments and International Organizations;
L1:(2) U.S. defense mobilization base requirements purchased under the authority
L0:of FAR 6.103-3(b)(1), except for quantities in excess of that required to maintain the
L0:defense mobilization base. This restriction does not apply to Canadian planned
L0:producers.
L1:(i) Review individual solicitations to determine whether this restriction
L0:applies.
L1:(ii) Information concerning restricted items may be obtained from the
L0:Deputy Assistant Secretary of Defense for Industrial Base Policy;
L1:(3) Other U.S. laws or regulations (e.g., the annual DoD appropriations act);
L0:and
L1:(4) U.S. industrial security requirements.
L1:(b) This section does not apply to construction contracts.

225.872-3 Solicitation procedures

Status: active

L0:225.872-3 Solicitation procedures.
L1:(a) Except for items developed under the U.S./Canadian Development Sharing
L0:Program, use the criteria for soliciting and awarding contracts to small business
L0:concerns under FAR Part 19 without regard to whether potential qualifying country
L0:sources exist for the end product. Do not consider an offer of a qualifying country end
L0:product if the solicitation is identified for the exclusive participation of small business
L0:concerns.
L1:(b) Send solicitations directly to qualifying country sources. Solicit Canadian
L0:sources through the Canadian Commercial Corporation in accordance with 225.870.
L1:(c) Use international air mail if solicitation destinations are outside the United
L0:States and security classification permits such use.
L1:(d) If unusual technical or security requirements preclude the acquisition of
L0:otherwise acceptable defense equipment from qualifying country sources, review the
L0:need for such requirements. Do not impose unusual technical or security requirements
L0:solely for the purpose of precluding the acquisition of defense equipment from qualifying
L0:countries.
L1:(e) Do not automatically exclude qualifying country sources from submitting offers
L0:because their supplies have not been tested and evaluated by the department or agency.
L1:(1) Consider the adequacy of qualifying country service testing on a case-by-case
L0:basis. Departments or agencies that must limit solicitations to sources whose items
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:have been tested and evaluated by the department or agency must consider supplies
L0:from qualifying country sources that have been tested and accepted by the qualifying
L0:country for service use.

L1:(2) The department or agency may perform a confirmatory test, if necessary.

L1:(3) Apply U.S. test and evaluation standards, policies, and procedures when the

L0:department or agency decides that confirmatory tests of qualifying country end

L0:products are necessary.

L1:(4) If these provisions might adversely delay service programs, obtain the

L0:concurrence of the Under Secretary of Defense (Acquisition and Sustainment), before

L0:excluding the qualifying country source from consideration.

L1:(f) Permit industry representatives from a qualifying country to attend symposia,

L0:program briefings, prebid conferences (see 15.101), and similar meetings that address

L0:U.S. defense equipment needs and requirements. When practical, structure these

L0:meetings to allow attendance by representatives of qualifying country concerns.

225.872-4 Individual determinations

Status: active

L0:225.872-4 Individual determinations.

L0:If the offer of an end product from a qualifying country source listed in 225.872-1(b), as

L0:evaluated, is low or otherwise eligible for award, prepare a determination and findings

L0:exempting the acquisition from the Buy American statute and the Balance of Payments

L0:Program as inconsistent with the public interest, unless another exception such as the

L0:Trade Agreements Act applies. Follow the procedures at PGI 225.872-4.

225.872-5 Contract administration

Status: active

L0:225.872-5 Contract administration.

L1:(a) Arrangements exist with some qualifying countries to provide reciprocal contract

L0:administration services. Some arrangements are at no cost to either government. To

L0:determine whether such an arrangement has been negotiated and what contract

L0:administration functions are covered, contact the Office of the Principal Director,

L0:Defense Pricing, Contracting, and Acquisition Policy (Contract Policy) via email at

L1:(b) Follow the procedures at PGI 225.872-5(b).

L1:(c) Information on quality assurance delegations to foreign governments is in

L0:subpart, Government Contract Quality Assurance.

225.872-6 Request for audit services

Status: active

L0:225.872-6 Request for audit services.

L0:Handle requests for audit services in France, Germany, the Netherlands, or the United

L0:Kingdom in accordance with PGI 215.406, but follow the additional procedures at PGI

L0:225.872-6.

225.872-7 Industrial security for qualifying countries

Status: active

L0:225.872-7 Industrial security for qualifying countries.

L0:The required procedures for safeguarding classified defense information necessary for
L0:the performance of contracts awarded to qualifying country sources are in the National
L0:Industrial Security Program Operating Manual, 32 CFR part 117 (implemented for the
L0:Army by AR 380-49; for the Navy by SECNAV Instruction 5510.1H; for the Air Force by
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:AFI 31-601; for the Defense Information Systems Agency by DCA Instruction 240-110-
L0:8; and for the National Imagery and Mapping Agency by NIMA Instruction 5220.22).

225.872-8 Subcontracting with qualifying country sources

Status: active

L0:225.872-8 Subcontracting with qualifying country sources.

L0:In reviewing contractor subcontracting procedures, ensure that the contract does not
L0:preclude qualifying country sources from competing for subcontracts, except when
L0:restricted by national security interest reasons, mobilization base considerations, or
L0:applicable U.S. laws or regulations (see the clause at 252.225-7002, Qualifying Country
L0:Sources as Subcontractors).

225.873 Waiver of United Kingdom commercial exploitation levies

Status: active

L0:225.873 Waiver of United Kingdom commercial exploitation levies.

225.873-1 Policy

Status: active

L0:225.873-1 Policy.

L0:DoD and the Government of the United Kingdom (U.K.) have agreed to waive U.K.
L0:commercial exploitation levies and U.S. nonrecurring cost recoupment charges on a
L0:reciprocal basis. For U.K. levies to be waived, the offeror or contractor must identify the
L0:levies and the contracting officer must request a waiver before award of the contract or
L0:subcontract under which the levies are charged.

225.873-2 Procedures

Status: active

L0:225.873-2 Procedures.

L0:When an offeror or a contractor identifies a levy included in an offered or contract price,

L0:follow the procedures at PGI 225.873-2.

225.900-70 Definition

Status: active

L0:225.900-70 Definition.

L0:As used in this subpart?

L0:?"Component?" means any item supplied to the Government as part of an end product or

L0:of another component.

225.901 Policy

Status: active

L0:225.901 Policy.

L0:Unless the supplies are entitled to duty-free treatment under a special category in the

L0:Harmonized Tariff Schedule of the United States (e.g., the Caribbean Basin Economic

L0:Recovery Act or a Free Trade Agreement), or unless the supplies already have entered

L0:into the customs territory of the United States and the contractor already has paid the

L0:duty, DoD will issue duty-free entry certificates for?

L1:(1) Qualifying country supplies (end products and components);

L1:(2) Eligible products (end products but not components) under contracts covered by

L0:the World Trade Organization Government Procurement Agreement or a Free Trade

L0:Agreement; and

L1:(3) Other foreign supplies for which the contractor estimates that duty will exceed

L0:\$300 per shipment into the customs territory of the United States.

225.902 Procedures

Status: active

L0:225.902 Procedures.

L0:Follow the entry and release procedures at PGI 225.902.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.903 Exempted supplies

Status: active

L0:225.903 Exempted supplies.

L2:(b)(i) For an explanation of the term "supplies," see PGI 225.903(b)(i).

L1:(ii) The duty-free certificate must be printed, stamped, or typed on the face of,

L0:or attached to, Customs Form 7501. A duly designated officer or civilian official of the

L0:appropriate department or agency must execute the certificate in the format provided at

L0:PGI 225.903(b)(ii).

225.1070 Clause deviations in overseas contracts

Status: active

L0:225.1070 Clause deviations in overseas contracts.

L0:See 201.305 for approval authority for clause deviations in overseas contracts with

L0:governments of North Atlantic Treaty Organization (NATO) countries or other allies or

L0:with United Nations or NATO organizations.

225.7000 Scope of subpart

Status: active

L0:225.7000 Scope of subpart.

L1:(a) This subpart states restrictions on the acquisition of foreign products and

L0:services, imposed by DoD appropriations and authorization acts and other statutes.

L0:Refer to the acts to verify current applicability of the restrictions.

L1:(b) Nothing in this subpart affects the applicability of the Buy American statute or

L0:the Balance of Payments Program.

225.7001 Definitions

Status: active

L0:225.7001 Definitions.

L0:As used in this subpart?

L0:?'Assembly?' means an item forming a portion of a system or subsystem that?

L1:(1) Can be provisioned and replaced as an entity; and

L1:(2) Incorporates multiple, replaceable parts.

L0:?'Bearing components?' means the bearing element, retainer, inner race, or outer race.

L0:?'Component?' means any item supplied to the Government as part of an end item or of

L0:another component, except that for use in 225.7004-2(b)(6), the term means an article,

L0:material, or supply incorporated directly into an end product.

L0:?'Covered country?' means?

L1:(1) The Democratic People's Republic of North Korea;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) The People's Republic of China;

L1:(3) The Russian Federation; and

L1:(4) The Islamic Republic of Iran (10 U.S.C. 4872 and 4875).

L0:?'End item?', as used in sections 225.7003 and 225.7018, means the final production

L0:product when assembled or completed and ready for delivery under a line item of the

L0:contract (10 U.S.C. 4863(m)).

L0:?'End product?' means supplies delivered under a line item of the contract.

L0: ?Large medium-speed diesel engines? means diesel engines whose revolutions per minute (RPM) fall between 300 and 1500 RPM with a displacement greater than 1500 cubic inches per cylinder.

L0: ?Structural component of a tent??

L1:(1) Means a component that contributes to the form and stability of the tent (e.g., poles, frames, flooring, guy ropes, pegs); and

L1:(2) Does not include equipment such as heating, cooling, or lighting.

L0: ?Subsystem? means a functional grouping of items that combine to perform a major function within an end item, such as electrical power, altitude control, and propulsion.

225.7002 Restrictions on food, clothing, fabrics, hand or measuring tools, and

Status: active

L0:225.7002 Restrictions on food, clothing, fabrics, hand or measuring tools, and flags.

225.7002-1 Restrictions

Status: active

L0:225.7002-1 Restrictions.

L1:(a) The following restrictions implement 10 U.S.C. 4862 (the ?Berry Amendment?).

L0:Except as provided in 225.7002-2, do not acquire?

L1:(1) Any of the following items, either as end products or components, unless the items have been grown, reprocessed, reused, or produced in the United States:

L1:(i) Food.

L1:(ii) Clothing and the materials and components thereof, other than sensors, electronics, or other items added to, and not normally associated with, clothing and the materials and components thereof. Clothing includes items such as outerwear, headwear, underwear, nightwear, footwear, hosiery, handwear, belts, badges, and insignia. For additional guidance and examples, see PGI 225.7002-1(a)(1)(ii).

L2:(iii)(A) Tents and the structural components of tents;

L1:(B) Tarpaulins; or

L1:(C) Covers.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(iv) Cotton and other natural fiber products.

L1:(v) Woven silk or woven silk blends.

L1:(vi) Spun silk yarn for cartridge cloth.

L1:(vii) Synthetic fabric or coated synthetic fabric, including all textile fibers and yarns that are for use in such fabrics.

L1:(viii) Canvas products.

L1:(ix) Wool (whether in the form of fiber or yarn or contained in fabrics, materials, or manufactured articles).

L1:(x) Any item of individual equipment (Product or Service Code (PSC) 8465)

L0:manufactured from or containing any of the fibers, yarns, fabrics, or materials listed in L0:this paragraph (a)(1).

L1:(2) Hand or measuring tools, unless the tools were produced in the United L0:States. For additional guidance, see PGI 225.7002-1(a)(2).

L1:(b) In accordance with section 8123 of the Department of Defense Appropriations L0:Act, 2014 (Pub. L. 113-76, division C, title VIII), and the same provision in subsequent L0:Defense appropriations acts, except as provided in 225.7002-2, do not acquire a flag of L0:the United States (PSC 8345), unless such flag, including the materials and components L0:thereof, is manufactured in the United States, consistent with the requirements at 10 L0:U.S.C. 4862. This restriction does not apply to the acquisition of any end items or L0:components related to flying or displaying the flag (e.g., flag poles and accessories).

225.7002-2 Exceptions

Status: active

L0:225.7002-2 Exceptions.

L0:Acquisitions in the following categories are not subject to the restrictions in 225.7002-1:

L1:(a) Acquisitions not exceeding \$200,000, except for athletic footwear purchased by L0:DoD for use by members of the Army, Navy, Air Force, or Marine Corps upon their L0:initial entry into the Armed Forces (37 U.S.C. 418(b)(4)).

L1:(b) Acquisitions of any of the items in 225.7002-1, if the secretary concerned L0:determines that items grown, reprocessed, reused, or produced in the United States L0:cannot be acquired as and when needed in a satisfactory quality and sufficient quantity L0:at U.S. market prices. (See the requirement in 205.301 for synopsis within 7 days after L0:contract award when using this exception.)

L1:(1) The following officials are authorized, without power of redelegation, to L0:make such a domestic nonavailability determination:

L1:(i) The Under Secretary of Defense (Acquisition and Sustainment).

L1:(ii) The Secretary of the Army.

L1:(iii) The Secretary of the Navy.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(iv) The Secretary of the Air Force.

L1:(v) The Director of the Defense Logistics Agency.

L1:(2) The supporting documentation for the determination must include an L0:analysis and written certification by the requiring activity, with specificity, why L0:alternatives that would not require a domestic nonavailability determination are L0:unacceptable.

L1:(3) Defense agencies other than the Defense Logistics Agency must follow the L0:procedures at PGI 225.7002-2(b)(3) when submitting a request for a domestic L0:nonavailability determination.

L1:(c) Acquisitions of items listed in FAR 25.104(a).

L1:(d) Acquisitions outside the United States in support of combat operations.

L1:(e) Acquisitions of perishable foods by or for activities located outside the United

L0:States for personnel of those activities.

L1:(f) Acquisitions of food or hand or measuring tools?

L1:(1) In support of contingency operations; or

L1:(2) For which the use of other than competitive procedures are approved on the

L0:basis of unusual and compelling urgency in accordance with FAR 6.103-2.

L1:(g) Emergency acquisitions by activities located outside the United States for

L0:personnel of those activities.

L1:(h) Acquisitions by vessels in foreign waters.

L1:(i) Acquisitions of items specifically for commissary resale.

L1:(j) Acquisitions of incidental amounts of cotton, other natural fibers, or wool

L0:incorporated in an end product, for which the estimated value of the cotton, other

L0:natural fibers, or wool?

L1:(1) Is not more than 10 percent of the total price of the end product; and

L1:(2) Does not exceed the threshold at 225.7002-2(a).

L1:(k) Acquisitions of waste and byproducts of cotton or wool fiber for use in the

L0:production of propellants and explosives.

L1:(l) Acquisitions of foods manufactured or processed in the United States, regardless

L0:of where the foods (and any component if applicable) were grown or produced.

L0:However, in accordance with section 8118 of the DoD Appropriations Act for Fiscal Year

L0:2005 (Pub. L. 108-287), this exception does not apply to fish, shellfish, or seafood

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:manufactured or processed in the United States or fish, shellfish, or seafood contained

L0:in foods manufactured or processed in the United States.

L1:(m) Acquisitions of fibers and yarns that are for use in synthetic fabric or coated

L0:synthetic fabric (but not the purchase of the synthetic or coated synthetic fabric itself),

L0:if?

L1:(1) The fabric is to be used as a component of an end product that is not a textile

L0:product. Examples of textile products, made in whole or in part of fabric, include?

L1:(i) Draperies, floor coverings, furnishings, and bedding PSG 72, Household

L0:and Commercial Furnishings and Appliances);

L1:(ii) Items made in whole or in part of fabric in PSG 83,

L0:Textile/leather/furs/apparel/findings/tents/flags, or Federal Supply Group 84, Clothing,

L0:Individual Equipment and Insignia;

L1:(iii) Upholstered seats (whether for household, office, or other use); and

L1:(iv) Parachutes (Product or Service Group (PSG) 1670); or

L1:(2) The fibers and yarns are para-aramid fibers and continuous filament para-

L0:aramid yarns manufactured in a qualifying country.

L1:(n) Acquisitions of chemical warfare protective clothing when the acquisition

L0:further an agreement with a qualifying country. (See 225.003(10) and the requirement

L0:in 205.301 for synopsis within 7 days after contract award when using this exception.)

L1:(o) Acquisitions that are interagency, State, or local purchases that are executed by

L0:DoD as a result of the transfer of contracts from the General Services Administration or

L0:for which DoD serves as an item manager for products on behalf of the General Services

L0:Administration. According to section 897 of the National Defense Authorization Act for

L0:Fiscal Year 2016 (Pub. L. 114-92), such contracts must not be subject to requirements
L0:under subchapter II of chapter 385 (including 10 U.S.C. 4862), to the extent such
L0:contracts are for purchases of products by other Federal agencies or State or local
L0:governments.

225.7002-3 Contract clauses

Status: active

L0:225.7002-3 Contract clauses.
L0:Unless an exception at 225.7002-2 applies?
L1:(a) Insert the clause at 252.225-7012, Preference for Certain Domestic Commodities,
L0:in solicitations and contracts, including solicitations and contracts using FAR part 12
L0:procedures for the acquisition of commercial products and commercial services.
L1:(b) Insert the clause at 252.225-7015, Restriction on Acquisition of Hand or
L0:Measuring Tools, in solicitations and contracts, including solicitations and contracts
L0:using FAR part 12 procedures for the acquisition of commercial products and
L0:commercial services, that exceed the threshold at 225.7002-2(a) that require delivery of
L0:hand or measuring tools.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(c) Insert the clause at 252.225-7006, Acquisition of the American Flag, in
L0:solicitations and contracts, including solicitations and contracts using FAR part 12
L0:procedures for the acquisition of commercial products and commercial services, that are
L0:for the acquisition of the American flag, with an estimated value that exceeds the
L0:threshold at 225.7002-2(a).

225.7003 Restrictions on acquisition of specialty metals

Status: active

L0:225.7003 Restrictions on acquisition of specialty metals.

225.7003-1 Definitions

Status: active

L0:225.7003-1 Definitions.
L0:As used in this section?
L0:Alloy means a metal consisting of a mixture of a basic metallic element and one or
L0:more metallic, or non-metallic, alloying elements.
L1:(1) For alloys named by a single metallic element (e.g., titanium alloy), it means
L0:that the alloy contains 50 percent or more of the named metal (by mass).
L1:(2) If two metals are specified in the name (e.g., nickel-iron alloy), those metals are
L0:the two predominant elements in the alloy, and together they constitute 50 percent or
L0:more of the alloy (by mass).

L0:Automotive item? ?

L1:(1) Means a self-propelled military transport tactical vehicle, primarily intended for use by military personnel or for carrying cargo, such as?

L1:(i) A high-mobility multipurpose wheeled vehicle;

L1:(ii) An armored personnel carrier; or

L1:(iii) A troop/cargo-carrying truckcar, truck, or van; and

L1:(2) Does not include?

L1:(i) A commercially available off-the-shelf vehicle; or

L1:(ii) Construction equipment (such as bulldozers, excavators, lifts, or loaders) or

other self-propelled equipment (such as cranes or aircraft ground support equipment).

L0:Commercial derivative military article? means an item acquired by the Department of Defense that is or will be produced using the same production facilities, a common supply chain, and the same or similar production processes that are used for the production of articles predominantly used by the general public or by nongovernmental entities for purposes other than governmental purposes.

L0:Electronic component? means an item that operates by controlling the flow of electrons or other electrically charged particles in circuits, using interconnections of electrical devices such as resistors, inductors, capacitors, diodes, switches, transistors, or integrated circuits. The term does not include structural or mechanical parts of an assembly containing an electronic component and does not include any high performance magnets that may be used in the electronic component.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:High performance magnet? means a permanent magnet that obtains a majority of its magnetic properties from rare earth metals (such as samarium).

L0:Produce? means?

L1:(1) Atomization;

L1:(2) Sputtering; or

L1:(3) Final consolidation of non-melt derived metal powders.

L0:Specialty metal? means?

L1:(1) Steel?

L1:(i) With a maximum alloy content exceeding one or more of the following limits:

manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

L1:(ii) Containing more than 0.25 percent of any of the following elements:

aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium, tungsten, or vanadium;

L1:(2) Metal alloys consisting of?

L1:(i) Nickel or iron-nickel alloys that contain a total of alloying metals other than

nickel and iron in excess of 10 percent; or

L1:(ii) Cobalt alloys that contain a total of alloying metals other than cobalt and

iron in excess of 10 percent;

L1:(3) Titanium and titanium alloys; or

L1:(4) Zirconium and zirconium alloys.

L0:Steel? means an iron alloy that includes between .02 and 2 percent carbon and may include other elements.

225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d)

Status: active

L0:225.7003-2 because the acquisition is covered by an exception in 225.7003-3(a) or (d)

L0:(see paragraph (d) of this section)?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Insert the clause at 252.225-7008, Restriction on Acquisition of Specialty

L0:Metals, in solicitations and contracts, including solicitations and contracts using FAR

L0:part 12 procedures for the acquisition of commercial products and commercial services,

L0:that?

L1:(i) Exceed the simplified acquisition threshold; and

L1:(ii) Require the delivery of specialty metals as end items.

L1:(2) Insert the clause at 252.225-7009, Restriction on Acquisition of Certain

L0:Articles Containing Specialty Metals, in solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, that?

L1:(i) Exceed the simplified acquisition threshold; and

L1:(ii) Require delivery of any of the following items, or components of the

L0:following items, if such items or components contain specialty metal:

L1:(A) Aircraft.

L1:(B) Missile or space systems.

L1:(C) Ships.

L1:(D) Tank or automotive items.

L1:(E) Weapon systems.

L1:(F) Ammunition.

L1:(b) Insert the provision at 252.225-7010, Commercial Derivative Military Article?

L0:Specialty Metals Compliance Certificate, in solicitations, including solicitations using

L0:FAR part 12 procedures for the acquisition of commercial products and commercial

L0:services?

L1:(1) That contain the clause at 252.225-7009; and

L1:(2) For which the contracting officer anticipates that one or more offers of

L0:commercial derivative military articles may be received.

L1:(c) If an agency cannot reasonably determine at time of acquisition whether some or

L0:all of the items will be used in support of combat operations or in support of contingency

L0:operations, the contracting officer should not rely on the exception at 225.7003-3(a)(2) or

L1:(3) but should include the appropriate specialty metals clause or provision in the

L0:solicitation and contract.

L1:(d) If the solicitation and contract require delivery of a variety of contract line items

L0:containing specialty metals, but only some of the items are subject to domestic specialty

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:metals restrictions, identify in the Schedule those items that are subject to the

L0:restrictions.

225.7003-3 Exceptions

L0:225.7003-3 Exceptions.

L1:(a) Acquisitions in the following categories are not subject to the restrictions in

L0:225.7003-2:

L1:(1) Acquisitions at or below the simplified acquisition threshold.

L1:(2) Acquisitions outside the United States in support of combat operations.

L1:(3) Acquisitions in support of contingency operations.

L1:(4) Acquisitions for which the use of other than competitive procedures has been

L0:approved on the basis of unusual and compelling urgency in accordance with FAR

L0:6.103-2.

L1:(5) Acquisitions of items specifically for commissary resale.

L1:(6) Acquisitions of items for test and evaluation under the foreign comparative

L0:testing program (10 U.S.C. 2350a(g)). However, this exception does not apply to any

L0:acquisitions under follow-on production contracts.

L1:(b) One or more of the following exceptions may apply to an end item or component

L0:that includes any of the following, under a prime contract or subcontract at any tier.

L0:The restrictions in 225.7003-2 do not apply to the following:

L1:(1) Electronic components, unless the Secretary of Defense, upon the

L0:recommendation of the Strategic and Critical Materials Board of Directors pursuant to

L0:50 U.S.C. 98h-1, determines that the domestic availability of a particular electronic

L0:component is critical to national security.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L2:(2)(i) Commercially available off-the-shelf (COTS) items containing specialty

L0:metals, except the restrictions do apply to contracts or subcontracts for the acquisition

L0:of?

L1:(A) Specialty metal mill products, such as bar, billet, slab, wire, plate,

L0:and sheet, that have not been incorporated into end items, subsystems, assemblies, or

L0:components. Specialty metal supply contracts issued by COTS producers are not

L0:subcontracts for the purposes of this exception;

L0:castings are incorporated into COTS end items, subsystems, or assemblies;

L1:(B) Forgings or castings of specialty metals, unless the forgings or

L1:(C) Commercially available high performance magnets that contain

L0:specialty metal, unless such high performance magnets are incorporated into COTS end

L0:items or subsystems (see PGI 225.7003-3(b)(6) for a table of applicability of specialty

L0:metals restrictions to magnets); and

L1:(D) COTS fasteners, unless?

L0:subsystems, or assemblies; or

L1:(1) The fasteners are incorporated into COTS end items,

L0:paragraph (b)(3) of this section.

L1:(2) The fasteners qualify for the commercial product exception in

L1:(ii) If this exception is used for an acquisition of COTS end items valued at

L0:\$5 million or more per item, the acquiring department or agency must submit an

L0:annual report to the Principal Director, Defense Pricing, Contracting, and Acquisition

L0:Policy, in accordance with the procedures at PGI 225.7003-3(b)(2).

L1:(3) Fasteners that are commercial products and are acquired under a contract

L0:or subcontract with a manufacturer of such fasteners, if the manufacturer has certified

L0:that it will purchase, during the relevant calendar year, an amount of domestically

L0:melted or produced specialty metal, in the required form, for use in the production of

L0:fasteners for sale to DoD and other customers, that is not less than 50 percent of the

L0:total amount of the specialty metal that the manufacturer will purchase to carry out the

L0:production of such fasteners for all customers.

L1:(4) Items listed in 225.7003-2(a), manufactured in a qualifying country or

L0:containing specialty metals melted or produced in a qualifying country.

L1:(5) Specialty metal in any of the items listed in 225.7003-2 if the USD(A&S), or

L0:an official authorized in accordance with paragraph (b)(5)(i) of this section, determines

L0:that specialty metal melted or produced in the United States cannot be acquired as and

L0:when needed at a fair and reasonable price in a satisfactory quality, a sufficient

L0:quantity, and the required form (i.e., a domestic nonavailability determination). In

L0:accordance with 10 U.S.C. 4863(m)(4), the term "required form" in this section refers to

L0:the form of the mill product, such as bar, billet, wire, slab, plate, or sheet, in the grade

L0:appropriate for the production of a finished end item to be delivered to the Government

L0:under this contract; or a finished component assembled into an end item to be delivered

L0:to the Government under the contract. See guidance in PGI 225.7003-3(b)(5).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(i) The secretary of the military department concerned is authorized,

L0:without power of redelegation, to make a domestic nonavailability determination that

L0:applies to only one contract. The supporting documentation for the determination must

L0:include an analysis and written documentation by the requiring activity, with

L0:specificity, why alternatives that would not require a domestic nonavailability

L0:determination are unacceptable.

L1:(ii) A domestic nonavailability determination that applies to more than one

L0:contract (i.e., a class domestic nonavailability determination), requires the approval of

L0:the USD(A&S).

L1:(A) At least 30 days before making a domestic nonavailability

L0:determination that would apply to more than one contract, the USD(A&S) will, to the

L0:maximum extent practicable, and in a manner consistent with the protection of national

L0:security and confidential business information?

L1:(1) Publish a notice in the Governmentwide point of entry (GPE)

L0:(<https://www.sam.gov>) of the intent to make the domestic nonavailability

L0:determination; and

L0:parties, including producers of specialty metal mill products.

L1:(2) Solicit information relevant to such notice from interested

L1:(B) The USD(A&S)?

L1:(1) Will take into consideration all information submitted in

L0:response to the notice in making a class domestic nonavailability determination;

L1:(2) May consider other relevant information that cannot be made

L0:part of the public record consistent with the protection of national security information

L0:and confidential business information; and

L1:(3) Will ensure that any such domestic nonavailability

L0:determination and the rationale for the determination are made publicly available to

L0:the maximum extent consistent with the protection of national security and confidential

L0:business information.

L1:(6) End items containing a minimal amount of otherwise noncompliant

L0:specialty metals (i.e., specialty metals not melted or produced in the United States that

L0:are not covered by another exception listed in this paragraph (b)), if the total weight of

L0:noncompliant specialty metal does not exceed 2 percent of the total weight of all

L0:specialty metal in the end item. This exception does not apply to high performance

L0:magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of

L0:applicability of specialty metals restrictions to magnets.

L1:(c) Compliance for commercial derivative military articles. The restrictions at

L0:225.7003-2(a) do not apply to an item acquired under a prime contract if?

L1:(1) The offeror has certified, and subsequently demonstrates, that the offeror

L0:and its subcontractor(s) will individually or collectively enter into a contractual

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:agreement or agreements to purchase a sufficient quantity of domestically melted or

L0:produced specialty metal in accordance with the provision at 252.225-7010; and

L1:(2) The USD(A&S), or the secretary of the military department concerned,

L0:determines that the item is a commercial derivative military article (defense agencies

L0:see procedures at PGI 225.7003-3(c)). Submit the offeror's certification and a request

L0:for a determination to the appropriate official, through agency channels, and notify the

L0:offeror when a decision has been made.

L1:(d) National security waiver. The USD(A&S) may waive the restrictions at

225.7003-4 [Reserved]

Status: active

L0:225.7003-4 [Reserved]

225.7003-5 Solicitation provision and contract clauses

Status: active

L0:225.7003-5 Solicitation provision and contract clauses.

L1:(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at

225.7004 Restrictions on the procurement of goods other than U.S. goods

Status: active

L0:225.7004 Restrictions on the procurement of goods other than U.S. goods.

225.7004-0 Scope

Status: active

L0:225.7004-0 Scope.

L0:This section implements 10 U.S.C. 4864.

225.7004-1 Definitions

Status: active

L0:225.7004-1 Definitions.

L0:As used in this section?

L0:National technology and industrial base means the persons and organizations that are

L0:engaged in production activities conducted within the United States, Australia, Canada,

L0:New Zealand, and the United Kingdom of Great Britain and Northern Ireland (United

L0:Kingdom). (10 U.S.C. 4801)

L0:Star tracker means a navigational tool used in a satellite weighing more than 400

L0:pounds whose principal purpose is to support the national security, defense, or

L0:intelligence needs of the U.S. Government.

225.7004-2 do not apply to a contract or subcontract that does not exceed the simplified

Status: active

L0:225.7004-2 do not apply to a contract or subcontract that does not exceed the simplified

L0:acquisition threshold.

L1:(b) Buses. The restriction at 225.7004-2(a) does not apply in the following

L0:circumstances:

L1:(1) Buses manufactured outside the national technology and industrial base are

L0:needed for temporary use because buses manufactured in the national technology and

L0:industrial base are not available to satisfy requirements that cannot be postponed.

L0:Such use may not, however, exceed the lead time required for acquisition and delivery

L0:of buses manufactured in the national technology and industrial base.

L1:(2) The requirement for buses is temporary in nature. For example, to meet a

L0:special, nonrecurring requirement or a sporadic and infrequent recurring requirement,

L0:buses manufactured outside the national technology and industrial base may be used

L0:for temporary periods of time. Such use may not however, exceed the period of time

L0:needed to meet the special requirement.

L1:(3) Buses manufactured outside the national technology and industrial base are

L0:available at no cost to the U.S. Government.

L1:(c) Components for naval vessels. The restriction at 225.7004-2(b) does not apply to

L0:acquisition of spare or repair parts needed to support components for naval vessels

L0:manufactured outside the United States. Support includes the purchase of spare

L0:gyrocompasses, electronic navigation chart systems, steering controls, propulsion and

L0:machinery control systems, totally enclosed lifeboats, and welded shipboard anchor and

L0:mooring chain.

L1:(d) Components for auxiliary ships. The restriction at 225.7004-2(c) does not apply
L0:to large medium-speed engines for icebreakers or special mission ships.
L1:(e) Star trackers. The restriction at 225.7004-2(e) does not apply to acquisition
L0:programs that have received Milestone A approval as defined in 10 U.S.C. 4211 before
L0:October 1, 2021, as documented by the requiring activity official performing program
L0:management responsibilities. Include the Milestone A approval documentation in the
L0:contract file.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.7004-3 Exceptions

Status: active

L0:225.7004-3 Exceptions.
L1:(a) Contracts under the simplified acquisition threshold. The restrictions at

225.7004-4 Implementation of restriction on certain naval vessel components

Status: active

L0:225.7004-4 Implementation of restriction on certain naval vessel components.
L1:(a) The statute at 10 U.S.C. 4864(h) prohibits the use of contract clauses or
L0:certifications to implement the restriction at 225.7004-2(b) for naval vessel components.
L1:(b) Agencies must accomplish implementation of the restriction at 225.7004-2(b)
L0:through use of management and oversight techniques that achieve the objectives of this
L0:section without imposing a significant management burden on the Government or the
L0:contractor involved.

225.7004-5 Additional restrictions on anchor and mooring chain

Status: active

L0:225.7004-5 Additional restrictions on anchor and mooring chain.
L1:(a) In accordance with section 8041 of the Fiscal Year 1991 DoD Appropriations Act
L0:(Pub. L. 101-511) and similar sections in subsequent DoD appropriations acts, do not
L0:acquire welded shipboard anchor and mooring chain, unless?
L1:(1) It is manufactured in the United States, including cutting, heat treating,
L0:quality control, testing, and welding (both forging and shot blasting process); and
L1:(2) The cost of the components manufactured in the United States exceeds 50
L0:percent of the total cost of components.
L1:(b) The statute at 10 U.S.C. 4864 also restricts acquisition of welded shipboard
L0:anchor and mooring chain, when used as a component of a naval vessel; however, the
L0:Appropriations Act restriction described in paragraph (a) of this section takes
L0:precedence over the restriction of 10 U.S.C. 4864 cited in 225.7004-2(b)(6).

225.7004-6 Waiver of restrictions

Status: active

L0:225.7004-6 Waiver of restrictions.

L1:(a) Welded shipboard anchor and mooring chain. (1) In accordance with section

L0:8016 of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), the secretary of

L0:the department responsible for acquisition may waive the restrictions in 225.7004-

L0:2(b)(6) and 225.7004-5, on a case-by-case basis, if?

L1:(i) Sufficient domestic suppliers are not available to meet DoD requirements

L0:on a timely basis; and

L1:(ii) The acquisition is necessary to acquire capability for national security

L0:purposes.

L1:(2) Document the waiver in a written determination and findings containing?

L1:(i) The factors supporting the waiver; and

L1:(ii) A certification that the acquisition must be made in order to acquire

L0:capability for national security purposes.

L1:(3) Provide a copy of the determination and findings to the House and Senate

L0:Committees on Appropriations.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(b) Star trackers . The waiver criteria at paragraph (c) of this section apply, except

L0:that the USD(A&S) may delegate the authority to waive a restriction for a star tracker

L0:for a particular foreign country to the service acquisition executive, without power of

L0:redelegation (section 1603, National Defense Authorization Act for Fiscal Year 2021

L0:(Pub. L. 116-283)).

L1:(c) Waiver of restrictions of 10 U.S.C. 4864(a). The restrictions on certain foreign

L0:purchases at 225.7004-2 may be waived, except as provided in paragraphs (a) and (b) of

L0:this section, as follows:

L2:(1)(i) USD(A&S), without power of delegation, may waive a restriction for a

L0:particular item for a particular foreign country upon determination that?

L1:(A) U.S. producers of the item would not be jeopardized by competition

L0:from a foreign country, and that country does not discriminate against defense items

L0:produced in the United States to a greater degree than the United States discriminates

L0:against defense items produced in that country; or

L1:(B) Application of the restriction would impede cooperative programs

L0:entered into between DoD and a foreign country, or would impede the reciprocal

L0:procurement of defense items under a memorandum of understanding providing for

L0:reciprocal procurement of defense items under 225.872, and that country does not

L0:discriminate against defense items produced in the United States to a greater degree

L0:than the United States discriminates against defense items produced in that country.

L1:(ii) A notice of the determination to exercise the waiver authority must be

L0:published in the Federal Register and submitted to the congressional defense

L0:committees at least 15 days before the effective date of the waiver.

L1:(iii) The effective period of the waiver must not exceed 1 year.

L1:(iv) For contracts entered into prior to the effective date of a waiver,

L0:provided adequate consideration is received to modify the contract, the waiver must be
L0:applied as directed or authorized in the waiver to?
L0:waiver; and
L1:(A) Subcontracts entered into on or after the effective date of the
L1:(B) Options for the procurement of items that are exercised after the
L0:the application of the waiver.
L1:(2) The head of the contracting activity may waive a restriction on a case-by-
L0:case basis upon execution of a determination and findings that any of the following
L0:applies:
L1:(i) The restriction would cause unreasonable delays.
L1:(ii) Satisfactory quality items manufactured in the national technology and
L0:industrial base are not available.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(iii) Application of the restriction would result in the existence of only one
L0:source for the item in the national technology and industrial base.
L1:(iv) Application of the restriction is not in the national security interests of
L0:the United States.
L1:(v) Application of the restriction would adversely affect a U.S. company.
L1:(3) A restriction is waived when it would cause unreasonable costs. The cost of
L0:an item of national technology and industrial base origin is unreasonable if it exceeds
L0:150 percent of the offered price, inclusive of duty, of items that are not of national
L0:technology and industrial base origin.

225.7004-7 Contract clauses

Status: active

L0:225.7004-7 Contract clauses.
L1:(a) Unless a waiver has been granted, insert the clause at 252.225-7019, Restriction
L0:on Acquisition of Anchor and Mooring Chain, in solicitations and contracts, including
L0:solicitations and contracts using FAR part 12 procedures for the acquisition of
L0:commercial products and commercial services, that exceed the simplified acquisition
L0:threshold and that require welded shipboard anchor or mooring chain.
L1:(b) Insert the clause at 252.225-7062, Restriction on Acquisition of Large Medium-
L0:Speed Diesel Engines, in solicitations and contracts, including solicitations and
L0:contracts using FAR part 12 procedures for the acquisition of commercial products and
L0:commercial services, that exceed the simplified acquisition threshold and that require
L0:large medium-speed diesel engines for new construction of auxiliary ships using funds
L0:available for National Defense Sealift Fund programs or Shipbuilding and Conversion,
L0:Navy unless?
L1:(1) An exception at 225.7004-3(d) applies; or
L1:(2) A waiver has been granted.
L1:(c) Unless a waiver has been granted, insert the clause at 252.225-7063, Restriction
L0:on Acquisition of Components of T-AO 205 and T-ARC Class Vessels, in solicitations

L0:and contracts, including solicitations and contracts using FAR part 12 procedures for
L0:the acquisition of commercial products and commercial services, that exceed the
L0:simplified acquisition threshold and that require components of T-AO 205 and T-ARC
L0:class vessels.

L1:(d) Insert the clause at 252.225-7064, Restriction on Acquisition of Certain Satellite
L0:Components, in solicitations and contracts, including solicitations and contracts using
L0:FAR part 12 procedures for the acquisition of commercial products and commercial
L0:services, that exceed the simplified acquisition threshold and that include the
L0:acquisition of star trackers unless?

L1:(1) An exception at 225.7004-3(e) applies; or

L1:(2) A waiver has been granted.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:225.7005-225.7008 [Reserved]

225.7009 Restriction on ball and roller bearings

Status: active

L0:225.7009 Restriction on ball and roller bearings.

225.7009-1 Scope

Status: active

L0:225.7009-1 Scope.

L0:This section implements section 8065 of the Fiscal Year 2002 DoD Appropriations Act

L0:(Pub. L. 107-117) and the same restriction in subsequent DoD appropriations acts.

225.7009-2 Restriction

Status: active

L0:225.7009-2 Restriction.

L1:(a) Do not acquire ball and roller bearings unless?

L1:(1) The bearings are manufactured in the United States or Canada; and

L1:(2) For each ball or roller bearing, the cost of the bearing components

L0:manufactured in the United States or Canada exceeds 50 percent of the total cost of the

L0:bearing components of that ball or roller bearing.

L1:(b) The restriction at 225.7003-2 may also apply to bearings that are made from

L0:specialty metals, such as high carbon chrome steel (bearing steel).

225.7009-3 Exception

Status: active

L0:225.7009-3 Exception.

L0:The restriction in 225.7009-2 does not apply to contracts or subcontracts for the
L0:acquisition of commercial products, except for commercial ball and roller bearings
L0:acquired as end items.

225.7009-4 Waiver

Status: active

L0:225.7009-4 Waiver.

L0:The secretary of the department responsible for acquisition or, for the Defense Logistics
L0:Agency, the Component Acquisition Executive, may waive the restriction in 225.7009-2,
L0:on a case-by-case basis, by certifying to the House and Senate Committees on
L0:Appropriations that?
L1:(a) Adequate domestic supplies are not available to meet DoD requirements on a
L0:timely basis; and
L1:(b) The acquisition must be made in order to acquire capability for national security
L0:purposes.

225.7009-5 Contract clause

Status: active

L0:225.7009-5 Contract clause.

L0:Insert the clause at 252.225-7016, Restriction on Acquisition of Ball and Roller
L0:Bearings, in solicitations and contracts, including solicitations and contracts using FAR
L0:part 12 procedures for the acquisition of commercial products and commercial services,
L0:unless?
L1:(a) The items being acquired are commercial products other than ball or roller
L0:bearings acquired as end items;
L1:(b) The items being acquired do not contain ball and roller bearings; or
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(c) A waiver has been granted in accordance with 225.7009-4.

225.7010 [Reserved]

Status: active

L0:225.7010 [Reserved]

225.7011 Restriction on carbon, alloy, and armor steel plate

Status: active

L0:225.7011 Restriction on carbon, alloy, and armor steel plate.

225.7011-1 Restriction

Status: active

L0:225.7011-1 Restriction.

L1:(a) In accordance with Section 8111 of the Fiscal Year 1992 DoD Appropriations Act

L0:(Pub. L. 102-172) and similar sections in subsequent DoD appropriations acts, do not

L0:acquire any of the following types of carbon, alloy, or armor steel plate for use in a

L0:Government-owned facility or a facility under the control of (e.g., leased by) DoD, unless

L0:it is melted and rolled in the United States or Canada:

L1:(1) Carbon, alloy, or armor steel plate in Federal Supply Class 9515.

L1:(2) Carbon, alloy, or armor steel plate described by specifications of the

L0:American Society for Testing Materials or the American Iron and Steel Institute.

L1:(b) This restriction?

L1:(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished

L0:steel mill product that may be used ?as is? or may be used as an intermediate material

L0:for the fabrication of an end product; and

L1:(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to

L0:be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

225.7011-2 Waiver

Status: active

L0:225.7011-2 Waiver.

L0:The secretary of the department responsible for acquisition may waive this restriction,

L0:on a case-by-case basis, by certifying to the House and Senate Committees on

L0:Appropriations that?

L1:(a) Adequate U.S. or Canadian supplies are not available to meet DoD requirements

L0:on a timely basis; and

L1:(b) The acquisition must be made in order to acquire capability for national security

L0:purposes.

225.7011-3 Contract clause

Status: active

L0:225.7011-3 Contract clause.

L0:Unless a waiver has been granted, insert the clause at 252.225-7030, Restriction on

L0:Acquisition of Carbon, Alloy, and Armor Steel Plate, in solicitations and contracts that?

L1:(a) Require the delivery to the Government of carbon, alloy, or armor steel plate

L0:that will be used in a Government-owned facility or a facility under the control of DoD;

L0:or

L1:(b) Require contractors operating in a Government-owned facility or a facility under

L0:the control of DoD to purchase carbon, alloy, or armor steel plate.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7012 Restriction on supercomputers

Status: active

L0:225.7012 Restriction on supercomputers.

225.7012-1 Restriction

Status: active

L0:225.7012-1 Restriction.

L0:In accordance with Section 8112 of Public Law 100-202, and similar sections in

L0:subsequent DoD appropriations acts, do not purchase a supercomputer unless it is

L0:manufactured in the United States.

225.7012-2 Waiver

Status: active

L0:225.7012-2 Waiver.

L0:The Secretary of Defense may waive this restriction, on a case-by-case basis, after

L0:certifying to the Armed Services and Appropriations Committees of Congress that?

L1:(a) Adequate U.S. supplies are not available to meet requirements on a timely basis;

L0:and

L1:(b) The acquisition must be made in order to acquire capability for national security

L0:purposes.

225.7012-3 Contract clause

Status: active

L0:225.7012-3 Contract clause.

L0:Unless a waiver has been granted, insert the clause at 252.225-7011, Restriction on

L0:Acquisition of Supercomputers, in solicitations and contracts for the acquisition of

L0:supercomputers.

225.7013 Restrictions on construction or repair of vessels in foreign

Status: active

L0:225.7013 Restrictions on construction or repair of vessels in foreign

L0:shipyards.

225.7013-0 Scope

Status: active

L0:225.7013-0 Scope.

L0:This section implements 10 U.S.C. 8679 and 10 U.S.C. 8680.

225.7013-1 Definitions

Status: active

L0:225.7013-1 Definitions.

L0:As used in this section?

L0:Corrective and preventive maintenance or repair? means?

L1:(1) Maintenance or repair actions performed as a result of a failure in order to

L0:return or restore equipment to acceptable performance levels; and

L1:(2) Scheduled maintenance or repair actions to prevent or discover functional

L0:failures.

L0:Facilities maintenance? means the effort required to?

L1:(1) Provide housekeeping services throughout the ship;

L1:(2) Perform coating maintenance and repair to exterior and interior surfaces due to

L0:normal environmental conditions; and

L1:(3) Clean mechanical spaces, mission zones, and topside spaces.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7013-2 Restrictions

Status: active

L0:225.7013-2 Restrictions.

L1:(a) Contract award (10 U.S.C. 8679). Do not award a contract to construct in a

L0:foreign shipyard?

L1:(1) A vessel for any of the armed forces; or

L1:(2) A major component of the hull or superstructure of a vessel for any of the

L0:armed forces.

L1:(b) Overhaul, repair, or maintenance (10 U.S.C. 8680). (1) Do not overhaul, repair,

L0:or maintain, in a shipyard outside the United States or Guam, a naval vessel (or any

L0:other vessel under the jurisdiction of the Secretary of the Navy) homeported in the

L0:United States or Guam.

L1:(2) This restriction on overhaul, repair, or maintenance does not apply to?

L1:(i) Voyage repairs; or

L1:(ii) Repairs necessary to correct damage sustained due to hostile actions or

L0:interventions.

L1:(3) For a naval vessel classified as a littoral combat ship and operating on

L0:deployment?

L1:(i) Corrective and preventive maintenance or repair, whether intermediate

L0:or depot level, and facilities maintenance may be performed if the work is performed by

L0:U.S. Government personnel or U.S. contractor personnel?

L1:(A) In a foreign shipyard;

L1:(B) At a facility outside of a foreign shipyard; or

L1:(C) At any other facility convenient to the vessel;
L1:(ii) Foreign workers may be used to perform corrective and preventive
L0:maintenance or repair, only if the Secretary of the Navy, without power of delegation,
L0:determines that travel by U.S. Government or contractor personnel to perform the
L0:maintenance or repair is not advisable for health or safety reasons; and
L1:(iii) Foreign contractors may perform facilities maintenance only as approved
L0:by the Secretary of the Navy.

225.7014 Restrictions on military construction

Status: active

L0:225.7014 Restrictions on military construction.
L1:(a) For restriction on award of military construction contracts to be performed in the
L0:United States outlying areas in the Pacific and on Kwajalein Atoll, or in countries
L0:bordering the Arabian Gulf, see 236.273(a).
L1:(b) For restriction on acquisition of steel for use in military construction projects, see
L0:236.274.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.7015 Restriction on overseas architect-engineer services

Status: active

L0:225.7015 Restriction on overseas architect-engineer services.
L0:For restriction on award of architect-engineer contracts to be performed in Japan, in
L0:any North Atlantic Treaty Organization member country, or in countries bordering the
L0:Arabian Gulf, see 236.602-70.

225.7017 Utilization of domestic photovoltaic devices

Status: active

L0:225.7017 Utilization of domestic photovoltaic devices.

225.7017-1 Definitions

Status: active

L0:225.7017-1 Definitions.
L0:As used in this section?
L0:Caribbean Basin country photovoltaic device? means a photovoltaic device that?
L1:(1) Is wholly manufactured in a Caribbean Basin country; or
L1:(2) In the case of a photovoltaic device that consists in whole or in part of materials
L0:from another country, has been substantially transformed in a Caribbean Basin country

L0:into a new and different article of commerce with a name, character, or use distinct
L0:from that of the article or articles from which it was transformed, provided that the
L0:photovoltaic device is not subsequently substantially transformed outside of a
L0:Caribbean Basin country.

L0:?"Covered contract?" means an energy savings performance contract, a utility services
L0:contract, or a private housing contract awarded by DoD, to be performed in the United
L0:States, if such contract results in DoD ownership of photovoltaic devices, by means
L0:other than DoD purchase as end products. DoD is deemed to own a photovoltaic device
L0:if the device is?

L1:(1) Installed in the United States on DoD property or in a facility owned by DoD;

L0:and

L1:(2) Reserved for the exclusive use of DoD in the United States for the full economic
L0:life of the device.

L0:?"Designated country photovoltaic device?" means a World Trade Organization
L0:Government Procurement Agreement (WTO GPA) country photovoltaic device, a Free
L0:Trade Agreement country photovoltaic device, a least developed country photovoltaic
L0:device, or a Caribbean Basin country photovoltaic device.

L0:?"Domestic photovoltaic device?" means a photovoltaic device that is manufactured in the
L0:United States.

L0:?"Foreign photovoltaic device?" means a photovoltaic device other than a domestic
L0:photovoltaic device.

L0:?"Free Trade Agreement country photovoltaic device?" means a photovoltaic device that?

L1:(1) Is wholly manufactured in a Free Trade Agreement country; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of materials
L0:from another country, has been substantially transformed in a Free Trade Agreement
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:country into a new and different article of commerce with a name, character, or use
L0:distinct from that of the article or articles from which it was transformed, provided that
L0:the photovoltaic device is not subsequently substantially transformed outside of a Free
L0:Trade Agreement country.

L0:?"Least developed country photovoltaic device?" means a photovoltaic device that?

L1:(1) Is wholly manufactured in a least developed country; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of materials
L0:from another country, has been substantially transformed in a least developed country
L0:into a new and different article of commerce with a name, character, or use distinct
L0:from that of the article or articles from which it was transformed, provided that the
L0:photovoltaic device is not subsequently substantially transformed outside of a least
L0:developed country.

L0:?"Photovoltaic device?" means a device that converts light directly into electricity through
L0:a solid-state, semiconductor process.

L0:?"Qualifying country photovoltaic device?" means a photovoltaic device manufactured in a
L0:qualifying country.

L0:?"U.S.-made photovoltaic device?" means a photovoltaic device that?

L1:(1) Is manufactured in the United States; or

L1:(2) Is substantially transformed in the United States into a new and different article
L0:of commerce with a name, character, or use distinct from that of the article or articles
L0:from which it was transformed, provided that the photovoltaic device is not
L0:subsequently substantially transformed outside of the United States.
L0:WTO GPA country photovoltaic device? means a photovoltaic device that?
L1:(1) Is wholly manufactured in a WTO GPA country; or
L1:(2) In the case of a photovoltaic device that consists in whole or in part of materials
L0:from another country, has been substantially transformed in a WTO GPA country into
L0:a new and different article of commerce with a name, character, or use distinct from
L0:that of the article or articles from which it was transformed, provided that the
L0:photovoltaic device is not subsequently substantially transformed outside of a WTO
L0:GPA country.

225.7017-2 Restriction

Status: active

L0:225.7017-2 Restriction.
L0:In accordance with section 846 of the National Defense Authorization Act for Fiscal
L0:Year 2011 (Pub. L. 111-383), photovoltaic devices provided under any covered contract
L0:must comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that
L0:statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 et seq.).
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.7017-3 Exceptions

Status: active

L0:225.7017-3 Exceptions.
L0:DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts
L0:that exceed the simplified acquisition threshold, with the following exceptions:
L1:(a) Qualifying country. Qualifying country photovoltaic devices may be utilized in
L0:any covered contract, because 225.103(a)(i)(A) provides an exception to the Buy
L0:American statute for products of qualifying countries, as defined in 225.003.
L1:(b) Buy American?unreasonable cost. For a covered contract that utilizes
L0:photovoltaic devices valued at less than \$174,000, the exception for unreasonable cost
L0:may apply (see FAR 25.103(c)). If the cost of a foreign photovoltaic device plus 50
L0:percent is less than the cost of a domestic photovoltaic device, then the foreign
L0:photovoltaic device may be utilized.
L1:(c) Trade agreements?(1) Free Trade Agreements. For a covered contract that
L0:utilizes photovoltaic devices, photovoltaic devices may be utilized from a country
L0:covered under the acquisition by a Free Trade Agreement, depending upon dollar
L0:threshold (see FAR subpart 25.4).
L1:(2) World Trade Organization?Government Procurement Agreement. For
L0:covered contracts that utilize photovoltaic devices that are valued at \$174,000 or more,

L0:only U.S.-made photovoltaic devices, designated country photovoltaic devices, or
L0:qualifying country photovoltaic devices may be utilized.

225.7017-4 Solicitation provision and contract clause

Status: active

L0:225.7017-4 Solicitation provision and contract clause.

L2:(a)(1) Insert the clause at 252.225-7017, Photovoltaic Devices, in solicitations,

L0:including solicitations using FAR part 12 procedures for the acquisition of commercial

L0:products and commercial services, for a contract expected to exceed the simplified

L0:acquisition threshold that may be a covered contract, e.g., an energy savings

L0:performance contract, a utility service contract, or a private housing contract awarded

L0:by DoD, if such contract will result in DoD ownership of photovoltaic devices, by means

L0:other than DoD purchase as end products.

L1:(2) Insert the clause in the resultant contract, including contracts using FAR

L0:part 12 procedures for the acquisition of commercial products and commercial services,

L0:if it is a covered contract.

L1:(b) Insert the provision at 252.225-7018, Photovoltaic Devices?Certificate, in

L0:solicitations, including solicitations using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services, that contain the clause at 252.225-7017.

225.7018 Restriction on acquisition of certain magnets, tantalum, and

Status: active

L0:225.7018 Restriction on acquisition of certain magnets, tantalum, and

L0:tungsten.

225.7018-0 Scope

Status: active

L0:225.7018-0 Scope.

L0:This section implements 10 U.S.C. 4872.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7018-1 Definitions

Status: active

L0:225.7018-1 Definitions.

L0:As used in this section?

L0:?Covered material? means?

L1:(1) Samarium-cobalt magnets;

L1:(2) Neodymium-iron-boron magnets;

L1:(3) Tantalum metals and alloys;

L1:(4) Tungsten metal powder; and

L1:(5) Tungsten heavy alloy or any finished or semi-finished component containing

L0:tungsten heavy alloy.

L0:Electronic device? means an item that operates by controlling the flow of electrons or

L0:other electrically charged particles in circuits, using interconnections such as resistors,

L0:inductors, capacitors, diodes, switches, transistors, or integrated circuits.

L0:Tungsten heavy alloy? means a tungsten base pseudo alloy that?

L1:(1) Meets the specifications of ASTM B777 or SAE-AMS-T-21014 for a particular

L0:class of tungsten heavy alloy; or

L1:(2) Contains at least 90 percent tungsten in a matrix of other metals (such as nickel-

L0:iron or nickel-copper) and has density of at least 16.5 g/cm3).

225.7018-2 Restriction

Status: active

L0:225.7018-2 Restriction.

L1:(a) General. Except as provided in 225.7018-3 and 225.7018-4?

L1:(1) Effective through December 31, 2026, do not acquire any covered material

L0:melted or produced in any covered country, or any end item, manufactured in any

L0:covered country, that contains a covered material; and

L1:(2) Effective January 1, 2027, do not acquire any covered material mined,

L0:refined, separated, melted, or produced in any covered country, or any end item,

L0:manufactured in any covered country, that contains a covered material. (Section 854,

L0:Pub. L. 118-31; 10 U.S.C. 4872.)

L1:(b) Samarium-cobalt magnets and neodymium-iron-boron magnets. (1) Effective

L0:through December 31, 2026, for samarium-cobalt magnets and neodymium-iron-boron

L0:magnets, this restriction includes?

L1:(i) Melting samarium with cobalt to produce the samarium-cobalt alloy or

L0:melting neodymium with iron and boron to produce the neodymium-iron-boron alloy;

L0:and

L1:(ii) All subsequent phases of production of the magnets, such as powder

L0:formation, pressing, sintering or bonding, and magnetization.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Effective January 1, 2027, for samarium-cobalt magnets this restriction

L0:includes the entire supply chain from mining or production of a cobalt and samarium

L0:ore or feedstock, including recycled material, through production of finished magnets,

L0:except as provided at 225.7018-3.

L1:(3) The restriction on melting and producing of samarium-cobalt magnets is in

L0:addition to any applicable restrictions on melting of specialty metals at 225.7003 and

L0:the clause at 252.225-7009, Restriction on Acquisition of Certain Articles Containing

L0:Specialty Metals.

L1:(4) Effective January 1, 2027, for neodymium-iron-boron magnets, this
L0:restriction includes the entire supply chain from mining of neodymium, iron, and boron
L0:through production of finished magnets, except as provided at 225.7018-3.

L1:(c) Tantalum metals and alloys. (1) Effective through December 31, 2026, for
L0:production of tantalum metals of any kind and alloys, this restriction includes the
L0:reduction or melting of any form of tantalum to create tantalum metal including
L0:unwrought, powder, mill products, and alloys. The restriction also covers all
L0:subsequent phases of production of tantalum metals and alloys.

L1:(2) Effective January 1, 2027, for production of tantalum metals of any kind and
L0:alloys, this restriction includes mining or production of a tantalum ore or feedstock,
L0:including recycled material, through production of metals of any kind and alloys, except
L0:as provided at 225.7018-3.

L1:(d) Tungsten metal powder and tungsten heavy alloy. (1) Effective through
L0:December 31, 2026, for production of tungsten metal powder and tungsten heavy alloy,
L0:this restriction includes?

L1:(i) Atomization;

L1:(ii) Calcination and reduction into powder;

L1:(iii) Final consolidation of non-melt derived metal powders; and

L1:(iv) All subsequent phases of production of tungsten metal powder, tungsten
L0:heavy alloy, or any finished or semi-finished component containing tungsten heavy
L0:alloy.

L1:(2) Effective January 1, 2027, for production of tungsten metal powder,
L0:tungsten heavy alloy, or any finished or semi-finished component containing tungsten
L0:heavy alloy, this restriction includes mining or production of a tungsten ore or
L0:feedstock, including recycled material, through production of tungsten metal powders,
L0:except as provided at 225.7018-3.

225.7018-3 Exceptions

Status: active

L0:225.7018-3 Exceptions.

L0:The restriction in section 225.7018-2 does not apply to an acquisition?

L1:(a) At or below the simplified acquisition threshold;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(b) Outside the United States of an item for use outside the United States; or

L1:(c) Of an end item containing a covered material that is?

L1:(1) A commercially available off-the-shelf item (but see PGI 225.7018-3(c)(1)

L0:with regard to commercially available samarium-cobalt magnets), other than?

L1:(i) A commercially available off-the-shelf item that is?

L1:(A) 50 percent or more tungsten by weight effective through December

L0:31, 2026; or

L0:2027;

L1:(B) 50 percent or more covered material by weight effective January 1,

L1:(ii) Effective through December 31, 2026, a tantalum metal, tantalum alloy,
L0:or tungsten heavy alloy mill product, such as bar, billet, slab, wire, cube, sphere, block,
L0:blank, plate, or sheet, that has not been incorporated into an end item, subsystem,
L0:assembly, or component; or

L1:(iii) Effective January 1, 2027, a covered material that is a mill product such
L0:as bar, billet, slab, wire, cube, sphere, block, blank, plate, or sheet, that has not been
L0:incorporated into an end item, subsystem, assembly, or component;

L1:(2) An electronic device, unless the Secretary of Defense, upon the
L0:recommendation of the Strategic and Critical Materials Board of Directors pursuant to
L0:50 U.S.C. 98h-1 determines that the domestic availability of a particular electronic
L0:device is critical to national security (but see PGI 225.7018-3(c)(2) with regard to
L0:samarium-cobalt magnets used in electronic components); or

L1:(3) A neodymium-iron-boron magnet manufactured from recycled material if
L0:the milling of the recycled material and sintering of the final magnet takes place in the
L0:United States.

L1:(d) If the authorized agency official concerned, as specified in 225.7018-4,
L0:determines that compliant covered materials of satisfactory quality and quantity, in the
L0:required form, cannot be procured as and when needed at a reasonable price.

L1:(1) For tantalum metal, tantalum alloy, or tungsten heavy alloy, the term
L0:required form refers to the form of the mill product, such as bar, billet, wire, slab,
L0:plate, or sheet, in the grade appropriate for the production of a finished end item to be
L0:delivered to the Government under the contract; or a finished component assembled
L0:into an end item to be delivered to the Government under the contract.

L1:(2) For samarium-cobalt magnets or neodymium-iron-boron magnets, the term
L0:required form refers to the form and properties of the magnets.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.7018-4 Nonavailability determination

Status: active

L0:225.7018-4 Nonavailability determination.

L1:(a) Individual nonavailability determinations. (1) The head of the contracting
L0:activity is authorized to make a nonavailability determination described in 225.7018-
L0:3(d) on an individual basis (e.g., applies to only one contract).

L1:(2) The supporting documentation for the determination must include an
L0:analysis and written certification by the requiring activity that describes, with
L0:specificity, why alternatives that would not require a nonavailability determination are
L0:unacceptable. The template for an individual nonavailability determination is available
L0:at PGI 225.7018-4(a)(2).

L1:(3) Provide to USD(A&S) DASD (Industrial Policy), in accordance with the
L0:procedures at PGI 225.7018-4(a)(3)?

L1:(i) A copy of individual nonavailability determinations with supporting
L0:documentation; and

L1:(ii) Notification when individual nonavailability determinations are requested but denied.

L1:(b) Class nonavailability determinations. A class nonavailability determination L0:(e.g., a nonavailability determinations that applies to more than one contract) requires L0:the approval of the USD(A&S). Follow the procedures at PGI 225.7018-4(b) when L0:submitting a request for a class nonavailability determination.

L1:(1) At least 30 days before making a nonavailability determination that would L0:apply to more than one contract, the USD(A&S) will, to the maximum extent L0:practicable, and in a manner consistent with the protection of national security and L0:confidential business information?

L1:(i) Publish a notice in the GPE (<https://www.sam.gov>) of the intent to make L0:the nonavailability determination; and

L1:(ii) Solicit information relevant to such notice from interested parties, L0:including producers of mill products from covered materials.

L1:(2) The USD(A&S)?

L1:(i) Will take into consideration all information submitted in response to the L0:notice in making a class nonavailability determination;

L1:(ii) May consider other relevant information that cannot be made part of the L0:public record consistent with the protection of national security information and L0:confidential business information; and

L1:(iii) Will ensure that any such nonavailability determination and the L0:rationale for the determination are made publicly available to the maximum extent L0:consistent with the protection of national security and confidential business L0:information.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7018-5 Contract clause

Status: active

L0:225.7018-5 Contract clause.

L0:Unless acquiring items outside the United States for use outside the United States or a L0:nonavailability determination has been made in accordance with 225.7018-4, insert the L0:clause at 252.225-7052, Restriction on Acquisition of Certain Magnets, Tantalum, and L0:Tungsten , in solicitations and contracts, including solicitations and contracts using L0:FAR part 12 procedures for the acquisition of commercial products and commercial L0:services, that exceed the simplified acquisition threshold.

225.7019 Prohibition on use of certain energy sourced from inside the

Status: active

L0:225.7019 Prohibition on use of certain energy sourced from inside the L0:Russian Federation.

225.7019-1 Definitions

Status: active

L0:225.7019-1 Definitions.

L0:As used in this section?

L0:Covered military installation? means a military installation in Europe identified by

L0:DoD as a main operating base.

L0:Furnished energy? means energy furnished to a covered military installation in any

L0:form and for any purpose, including heating, cooling, and electricity.

L0:Main operating base? means a facility outside the United States and its territories with

L0:permanently stationed operating forces and robust infrastructure.

225.7019-2 Prohibition

Status: active

L0:225.7019-2 Prohibition.

L0:In accordance with section 2821 of the National Defense Authorization Act for Fiscal

L0:Year 2020 (Pub. L. 116-92), contracts for the acquisition of furnished energy for a

L0:covered military installation must not use any energy sourced from inside the Russian

L0:Federation as a means of generating the furnished energy for the covered military

L0:installation. The prohibition?

L1:(a) Applies to all forms of energy that are furnished to a covered military

L0:installation; and

L1:(b) Does not apply to energy converted by a third party into another form of energy

L0:and not directly delivered to a covered military installation.

225.7019-3 Waiver

Status: active

L0:225.7019-3 Waiver.

L1:(a) Request and approval of waiver. The requiring activity may submit to the

L0:contracting activity a request for waiver of the prohibition in 225.7019-2 for a specific

L0:contract for the acquisition of furnished energy for a covered military installation. The

L0:head of the contracting activity, without power of redelegation, may approve the waiver,

L0:upon certification to the congressional defense committees that?

L1:(1) The waiver of section 2821 is necessary to ensure an adequate supply of

L0:furnished energy for the covered military installation; and

L1:(2) National security requirements have been balanced against the potential

L0:risk associated with reliance upon the Russian Federation for furnished energy.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(b) Submission of waiver notice. (1) Not later than 14 days before the execution of

L0:any energy contract for which a waiver is granted under paragraph (a) of this section,

L0:the head of the contracting activity must submit to the congressional defense

L0:committees a notice of the waiver. See PGI 225.7019-3 for waiver procedures.

L1:(2) The waiver notice must include the following:

L1:(i) The rationale for the waiver, including the basis for the certifications

L0:required by paragraph (a) of this section.

L1:(ii) An assessment of how the waiver may impact DoD's European energy

L0:resilience strategy.

L1:(iii) An explanation of the measures DoD is taking to mitigate the risk of

L0:using Russian Federation furnished energy.

225.7019-4 Solicitation provision and contract clause

Status: active

L0:225.7019-4 Solicitation provision and contract clause.

L0:Unless a waiver has been granted in accordance with 225.7019-3?

L1:(a) Insert the provision at 252.225-7053, Representation Regarding Prohibition on

L0:Use of Certain Energy Sourced from Inside the Russian Federation, in solicitations,

L0:including solicitations using FAR part 12 procedures for the acquisition of commercial

L0:products and commercial services and solicitations at or below the simplified acquisition

L0:threshold, that are for the acquisition of furnished energy for a covered military

L0:installation; and

L1:(b) Insert the clause at 252.225-7054, Prohibition on Use of Certain Energy Sourced

L0:from Inside the Russian Federation, in solicitations and contracts, including

L0:solicitations and contracts using FAR part 12 procedures for the acquisition of

L0:commercial products and commercial services and solicitations and contracts at or

L0:below the simplified acquisition threshold, that are for the acquisition of furnished

L0:energy for a covered military installation.

225.7020 Prohibition on contracting with the Maduro regime

Status: active

L0:225.7020 Prohibition on contracting with the Maduro regime.

225.7020-1 Definitions

Status: active

L0:225.7020-1 Definitions.

L0:As used in this section?

L0:Agency or instrumentality of the government of Venezuela? means an agency or

L0:instrumentality of a foreign state as defined in 28 U.S.C. 1603(b), with each reference in

L0:section 1603(b) to a foreign state deemed to be a reference to Venezuela.

L0:Business operations? means engaging in commerce in any form, including acquiring,

L0:developing, maintaining, owning, selling, possessing, leasing, or operating equipment,

L0:facilities, personnel, products, services, personal property, real property, or any other

L0:apparatus of business or commerce.

L0:Government of Venezuela? means the government of any political subdivision of

L0:Venezuela, and any agency or instrumentality of the government of Venezuela.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Person? means?

L1:(1) A natural person, corporation, company, business association, partnership,

L0:society, trust, or any other nongovernmental entity, organization, or group;

L1:(2) Any governmental entity or instrumentality of a government, including a

L0:multilateral development institution (as defined in section 1701(c)(3) of the

L0:International Financial Institutions Act (22 U.S.C. 262r(c)(3)); and

L1:(3) Any successor, subunit, parent entity, or subsidiary of, or any entity under

L0:common ownership or control with, any entity described in paragraph (1) or (2) of this

L0:definition.

225.7020-2 Prohibition

Status: active

L0:225.7020-2 Prohibition.

L0:In accordance with section 890 of the National Defense Authorization Act for Fiscal

L0:Year 2020 (Pub. L. 116-92), do not enter into a contract for the procurement of products

L0:or services with any person that has business operations with an authority of the

L0:government of Venezuela that is not recognized as the legitimate government of

L0:Venezuela by the U.S. Government, except as provided in 225.7020-3 or 225.7020-4.

225.7020-3 Exceptions

Status: active

L0:225.7020-3 Exceptions.

L0:The prohibition in 225.7020-2 does not apply if?

L1:(a) The person has a valid license to operate in Venezuela issued by the Office of

L0:Foreign Assets Control of the Department of the Treasury; or

L1:(b) The acquisition is related to the operation and maintenance of the U.S.

L0:Government's consular office and diplomatic posts in Venezuela.

225.7020-4 Joint determination

Status: active

L0:225.7020-4 Joint determination.

L1:(a) The prohibition in section 225.7020-2 does not apply to an acquisition jointly

L0:determined by the Secretary of Defense and Secretary of State, without power of

L0:redlegation, to be?

L1:(1) Necessary for purposes of?

L1:(i) Providing humanitarian assistance to the people of Venezuela;
L1:(ii) Disaster relief and other urgent lifesaving measures; or
L1:(iii) Carrying out noncombatant evacuations; or
L1:(2) Vital to the national security interests of the United States.
L1:(b) Follow the procedures at PGI 225.7020-4(b) when entering into a contract on the
L0:basis of a joint determination.

225.7020-5 Solicitation provision and contract clause

Status: active

L0:225.7020-5 Solicitation provision and contract clause.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(a) Insert the provision at 252.225-7055, Representation Regarding Business
L0:Operations with the Maduro Regime, in solicitations, including solicitations using FAR
L0:part 12 procedures for the acquisition of commercial products and commercial services,
L0:that include the clause at 252.225-7056, Prohibition Regarding Business Operations
L0:with the Maduro Regime.
L1:(b) Unless the exception at 225.7020-3(b) applies or a joint determination has been
L0:made in accordance with 225.7020-4, insert the clause at 252.225-7056, Prohibition
L0:Regarding Business Operations with the Maduro Regime, in solicitations and contracts,
L0:including solicitations and contracts using FAR part 12 procedures for the acquisition of
L0:commercial products and commercial services.

L0:225.7023 Restriction on acquisition of personal protective equipment and
L0:certain other items from non-allied foreign nations.

225.7023-1 Definitions

Status: active

L0:225.7023-1 Definitions.

L0:As used in this section?

L0:Covered item? means an article or item of?

L1:(1) Personal protective equipment for use in preventing spread of disease, such as

L0:by exposure to infected individuals or contamination or infection by infectious material,

L0:including?

L1:(i) Nitrile and vinyl gloves;

L1:(ii) Surgical masks;

L1:(iii) Respirator masks and powered air purifying respirators and required

L0:filters;

L1:(iv) Face shields and protective eyewear;

L1:(v) Surgical and isolation gowns and head and foot coverings; or

L1:(vi) Clothing; and

L1:(vii) The materials and components thereof, other than sensors, electronics, or

L0:other items added to and not normally associated with such personal protective

L0:equipment or clothing; or

L1:(2) Sanitizing and disinfecting wipes, testing swabs, gauze, and bandages.

225.7023-2 Restriction

Status: active

L0:225.7023-2 Restriction.

L0:Except as provided in 225.7023-3, do not acquire a covered item from a covered country

L0:in accordance with 10 U.S.C. 4875.

225.7023-3 Exceptions

Status: active

L0:225.7023-3 Exceptions.

L0:The restriction in section 225.7023-2 does not apply to acquisitions?

L1:(a) Of covered items for use outside of the United States;

L1:(b) At or below \$200,000; or

L2:(c)(1) If the head of the contracting activity determines that a covered item of

L0:satisfactory quality and quantity, in the required form, cannot be procured as and when

L0:needed from nations other than a covered country to meet requirements at a reasonable
L0:price.

L1:(2) Include a copy of any such determination in the contract file.

L0:Acquisition of Personal Protective Equipment and Certain Other Items from Non-Allied

L0:Foreign Nations, in solicitations and contracts, including solicitations and contracts

L0:using FAR part 12 procedures for the acquisition of commercial products, including

L0:COTS items, and commercial services, and that?

L1:(a) Are for the acquisition of covered items;

L1:(b) Are for use within the United States; and

L1:(c) Have an estimated value greater than \$200,000.

225.7024 Restriction on acquisition of fuel for overseas contingency

Status: active

L0:225.7024 Restriction on acquisition of fuel for overseas contingency

L0:operations.

225.7024-1 Scope

Status: active

L0:225.7024-1 Scope.

L0:This section implements section 843 of the National Defense Authorization Act for

L0:Fiscal Year 2022 (Pub. L. 117-81), for the acquisition of fuel for overseas contingency

L0:operations.

225.7024-2 Prohibition

Status: active

L0:225.7024-2 Prohibition.

L0:Do not award, for an overseas contingency operation, a contract for fuel, in whole or in

L0:part, or derivatives of such fuel, that is sourced from nations or regions prohibited from

L0:selling petroleum to the United States. See FAR subpart 40.2 and the Office of Foreign

L0:Assets Control website at <https://ofac.treasury.gov/sanctions-programs-and-country->

L0:information for prohibited sources.

225.7024-3 Procedures

Status: active

L0:225.7024-3 Procedures.

L1:(a) For contracts for the acquisition of fuel for overseas contingency operations,
L0:including contracts using FAR part 12 procedures, expected to exceed the simplified
L0:acquisition threshold, the contracting officer?

L1:(1) May request records from the prospective contractor to verify compliance
L0:with the following statutes and regulations only when the head of the contracting
L0:activity determines in writing that the request is necessary:

L1:(i) The Foreign Corrupt Practices Act (15 U.S.C. 78dd-1 et seq.).

L1:(ii) International Traffic in Arms Regulations at 22 CFR parts 120 through
L0:130 (see PGI 225.7901-2).

L1:(iii) Export Administration Regulations at 15 CFR parts 730 through 774
L0:(see PGI 225.7901-2).

L1:(iv) Relevant regulations promulgated by the Office of Foreign Assets
L0:Control of the Department of the Treasury. Sanction information for specific countries
L0:and programs is available at [https://ofac.treasury.gov/sanctions-programs-and-](https://ofac.treasury.gov/sanctions-programs-and-country-information)
L0:country-information.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) To the maximum extent practicable, must not disqualify an otherwise
L0:responsible offeror on the basis of an unsupported denial of access to a facility or
L0:equipment by a host-nation government. The provision at 252.225-7964, Restriction on
L0:Acquisition of Fuel for Overseas Contingency Operations, requires offerors to report
L0:promptly to the contracting officer, prior to award, any instance of unsupported denial
L0:of access to a facility or equipment by a host-nation government that may prevent it
L0:from complying with the terms and conditions of the solicitation.
L1:(b) See 215.103-1-71 for the requirement to consider using a tradeoff process.

225.7024-4 Solicitation provision

Status: active

L0:225.7024-4 Solicitation provision.

L0:Insert the provision at 252.225-7964, Restriction on Acquisition of Fuel for Overseas
L0:Contingency Operations, in solicitations, including solicitations using FAR part 12
L0:procedures for the acquisition of commercial products and commercial services, that are
L0:for the acquisition of fuel for overseas contingency operations and are expected to exceed
L0:the simplified acquisition threshold.

225.7100 Scope of subpart

Status: active

L0:225.7100 Scope of subpart.

L0:This subpart contains foreign product restrictions that are based on policies designed to
L0:protect the defense industrial base.

225.7101 Definitions

Status: active

L0:225.7101 Definitions.

L0:As used in this subpart?

L0:?'Component?' means any item supplied to the Government as part of an end product or
L0:of another component.

L0:?'Domestic manufacture?' means manufactured in the United States, its outlying areas;
L0:or Canada.

225.7102 Forgings

Status: active

L0:225.7102 Forgings.

225.7102-1 Policy

Status: active

L0:225.7102-1 Policy.

L0:When acquiring the following forging items, whether as end items or components,
L0:acquire items that are of domestic manufacture to the maximum extent practicable:

L0:Items

L0:Ship propulsion shafts

L0:Periscope tubes

L0:Ring forgings for bull gears

L0:Categories

L0:Excludes service and landing craft shafts.

L0:All.

L0:All greater than 120 inches in diameter.

225.7102-2 Exceptions

Status: active

L0:225.7102-2 Exceptions.

L0:The policy in 225.7102-1 does not apply to acquisitions?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(a) Using simplified acquisition procedures, unless the restricted item is the end

L0:item being purchased;

L1:(b) Overseas for overseas use; or

L1:(c) When the quantity acquired exceeds the amount needed to maintain the U.S.

L0:defense mobilization base (provided the excess quantity is an economical purchase

L0:quantity). The requirement for domestic manufacture does not apply to the quantity

L0:above that required to maintain the base, in which case, qualifying country sources may

L0:compete.

225.7102-3 Waiver

Status: active

L0:225.7102-3 Waiver.

L0:Upon request from a contractor, the contracting officer may waive the requirement for

L0:domestic manufacture of the items listed in 225.7102-1.

225.7102-4 Contract clause

Status: active

L0:225.7102-4 Contract clause.

L0:Insert the clause at 252.225-7025, Restriction on Acquisition of Forgings, in solicitations

L0:and contracts, unless?

L1:(a) The supplies being acquired do not contain any of the items listed in 225.7102-1;

L0:or

L1:(b) An exception in 225.7102-2 applies. If an exception applies to only a portion of

L0:the acquisition, specify the excepted portion in the solicitation and contract.

225.7201 Policy

Status: active

L0:225.7201 Policy.

L0:10 U.S.C. 4603 requires offerors and contractors to notify DoD of any intention to

L0:perform any part of a DoD contract outside the United States and Canada that?

L1:(a) Exceeds \$900,000 in value; and

L1:(b) Could be performed inside the United States or Canada.

225.7202 Exception

Status: active

L0:225.7202 Exception.

L0:This subpart does not apply to contracts for commercial products, commercial services,

L0:construction, ores, natural gas, utilities, petroleum products and crudes, timber (logs),

L0:or subsistence.

225.7203 Contracting officer distribution of reports

Status: active

L0:225.7203 Contracting officer distribution of reports.

L0:Follow the procedures at PGI 225.7203 for distribution of reports submitted with offers

L0:in accordance with the provision at 252.225-7003, Report of Intended Performance

L0:Outside the United States and Canada?Submission with Offer.

225.7204 Solicitation provision and contract clauses

Status: active

L0:225.7204 Solicitation provision and contract clauses.

L0:Except for acquisitions described in 225.7202?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(a) Insert the provision at 252.225-7003, Report of Intended Performance Outside

L0:the United States and Canada?Submission with Offer, in solicitations with a value

L0:exceeding \$20 million; and

L1:(b) Insert the clause at 252.225-7004, Report of Intended Performance Outside the

L0:United States and Canada?Submission after Award, in solicitations and contracts with

L0:a value exceeding \$20 million.

225.7300 Scope of subpart

Status: active

L0:225.7300 Scope of subpart.

L1:(a) This subpart contains policies and procedures for acquisitions for foreign

L0:military sales (FMS) under the Arms Export Control Act (22 U.S.C. Chapter 39).

L0:Section 22 of the Arms Export Control Act (22 U.S.C. 2762) authorizes DoD to enter into

L0:contracts for resale to foreign countries or international organizations.

L1:(b) This subpart does not apply to?

L1:(1) FMS made from inventories or stocks;

L1:(2) Acquisitions for replenishment of inventories or stocks; or

L1:(3) Acquisitions made under DoD cooperative logistic supply support

L0:arrangements.

225.7301 General

Status: active

L0:225.7301 General.

L1:(a) The U.S. Government sells defense articles and services to foreign governments

L0:or international organizations through FMS agreements. The agreement is

L0:documented in a Letter of Offer and Acceptance (LOA) (see the Defense Security

L0:Cooperation Agency (DSCA) Security Assistance Management Manual (DSCA 5105.38-L0:M)).

L1:(b) Conduct FMS acquisitions under the same acquisition and contract

L0:management procedures used for other defense acquisitions.

L1:(c) Follow the additional procedures at PGI 225.7301(c) for preparation of

L0:solicitations and contracts that include FMS requirements.

L1:(d) See 229.170 for policy on contracts financed under U.S. assistance programs that

L0:involve payment of foreign country value added taxes or customs duties.

225.7301-1 [Reserved]

Status: active

L0:225.7301-1 [Reserved]

225.7301-2 Solicitation approval for sole source contracts

Status: active

L0:225.7301-2 Solicitation approval for sole source contracts.

L0:Coordinate through agency channels with the Principal Director, Defense Pricing,

L0:Contracting, and Acquisition Policy, prior to issuing a solicitation for a sole source

L0:contract for U.S./FMS combined requirements for a major system that has an estimated

L0:contract value that exceeds \$500 million. See also 201.170.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7302 Preparation of letter of offer and acceptance

Status: active

L0:225.7302 Preparation of letter of offer and acceptance.

L0:For FMS programs that will require an acquisition, assist the DoD implementing

L0:agency responsible for preparing the Letter of Offer and Acceptance (LOA) by?

L1:(1) Working with prospective contractors to?

L1:(i) Identify, in advance of the LOA, any unusual provisions or deviations (such

L0:as those requirements for Pseudo LOAs identified at PGI 225.7301);

L1:(ii) Advise the contractor if the DoD implementing agency expands, modifies, or

L0:does not accept any key elements of the prospective contractor's proposal;

L1:(iii) Identify any logistics support necessary to perform the contract (such as

L0:those requirements identified at PGI 225.7301); and

L1:(iv) For noncompetitive acquisitions over \$10,000, ask the prospective

L0:contractor for information on price, delivery, and other relevant factors. The request for

L0:information must identify the fact that the information is for a potential foreign military

L0:sale and must identify the foreign customer; and

L1:(2) Working with the DoD implementing agency responsible for preparing the LOA,

L0:as specified in PGI 225.7302.

225.7303 Pricing acquisitions for FMS

Status: active

L0:225.7303 Pricing acquisitions for FMS.

L1:(a) Price FMS contracts using the same principles used in pricing other defense

L0:contracts. However, application of the pricing principles in FAR parts 15 and 31 to an

L0:FMS contract may result in prices that differ from other defense contract prices for the

L0:same item due to the considerations in this section.

L1:(b) If the foreign government has conducted a competition resulting in adequate

L0:price competition (see FAR 15.403-2(b)(1)), do not require the submission of certified

L0:cost or pricing data. The contracting officer should consult with the foreign government

L0:through security assistance personnel to determine if adequate price competition has

L0:occurred.

225.7303-1 do not exist, except as provided in 225.7303-5, recognize the reasonable and

Status: active

L0:225.7303-1 do not exist, except as provided in 225.7303-5, recognize the reasonable and

L0:allocable costs of doing business with a foreign government or international

L0:organization, even though such costs might not be recognized in the same amounts in

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:pricing other defense contracts. Examples of such costs include, but are not limited to,

L0:the following:

L1:(1) Selling expenses (not otherwise limited by FAR Part 31), such as?

L1:(i) Maintaining international sales and service organizations;

L1:(ii) Sales commissions and fees in accordance with FAR subpart 3.4;

L1:(iii) Sales promotions, demonstrations, and related travel for sales to foreign

L0:governments. Section 126.8 of the International Traffic in Arms Regulations (22 CFR

L0:126.8) may require Government approval for these costs to be allowable, in which case

L0:the appropriate Government approval must be obtained; and

L1:(iv) Configuration studies and related technical services undertaken as a

L0:direct selling effort to a foreign country.

L1:(2) Product support and post-delivery service expenses, such as?

L1:(i) Operations or maintenance training, training or tactics films, manuals,

L0:or other related data; and

L1:(ii) Technical field services provided in a foreign country related to accident

L0:investigations, weapon system problems, or operations/tactics enhancement, and

L0:related travel to foreign countries.

L1:(3) Offsets. For additional information see 225.7306.

L1:(i) An offset agreement is the contractual arrangement between the FMS

L0:customer and the U.S. defense contractor that identifies the offset obligation imposed by

L0:the FMS customer that has been accepted by the U.S. defense contractor as a condition
L0:of the FMS customer's purchase. These agreements are distinct and independent of the
L0:LOA and the FMS contract. Further information about offsets and LOAs may be found
L0:in the Defense Security Cooperation Agency (DSCA) Security Assistance Management
L0:Manual (DSCA 5105.38-M), chapter 6, paragraph 6.3.9.

L0:(<http://samm.dsca.mil/chapter/chapter-6>).

L1:(ii) A U.S. defense contractor may recover all costs incurred for offset
L0:agreements with a foreign government or international organization if the LOA is
L0:financed wholly with foreign government or international organization customer cash or
L0:repayable foreign military finance credits.

L1:(iii) The U.S. Government assumes no obligation to satisfy or administer
L0:the offset agreement or to bear any of the associated costs.

L1:(iv) Indirect offset costs are deemed reasonable for purposes of FAR parts 15
L0:and 31 with no further analysis necessary on the part of the contracting officer,
L0:provided that the U.S. defense contractor submits to the contracting officer a signed
L0:offset agreement or other documentation showing that the FMS customer has made the
L0:provision of an indirect offset a condition of the FMS acquisition. FMS customers are
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L0:placed on notice through the LOA that indirect offset costs are deemed reasonable
L0:without any further analysis by the contracting officer.

L1:(4) Costs that are the subject of advance agreement under the appropriate
L0:provisions of FAR part 31; or where the advance understanding places a limit on the
L0:amounts of cost that will be recognized as allowable in defense contract pricing, and the
L0:agreement contemplated that it will apply only to DoD contracts for the U.S.
L0:Government's own requirement (as distinguished from contracts for FMS).

L1:(b) Costs not allowable under FAR part 31 are not allowable in pricing FMS
L0:contracts, except as noted in paragraphs (c) and (e) of this section.

L1:(c) The limitations for all contractors described in 231.205-18(c)(iii) and (iv) do not
L0:apply to FMS contracts, except as provided in 225.7303-5. The allowability of
L0:independent research and development (IR&D) costs and bid and proposal (B&P) costs
L0:on contracts for FMS not wholly paid for from funds made available on a nonrepayable
L0:basis is limited to the contract's allocable share of the contractor's total IR&D
L0:expenditures and total B&P expenditures. In pricing contracts for such FMS?

L1:(1) Use the best estimate of reasonable costs in forward pricing; and

L1:(2) Use actual expenditures, to the extent that they are reasonable, in
L0:determining final cost.

L1:(d) Under paragraph (e)(1)(A) of Section 21 of the Arms Export Control Act (22
L0:U.S.C. 2761), the United States must charge for administrative services to recover the
L0:estimated cost of administration of sales made under the Arms Export Control Act.

L1:(e) The limitations in 231.205-1 on allowability of costs associated with leasing
L0:Government equipment do not apply to FMS contracts.

225.7303-2 Cost of doing business with a foreign government or an

Status: active

L0:225.7303-2 Cost of doing business with a foreign government or an
L0:international organization.
L1:(a) In pricing FMS contracts where non-U.S. Government prices as described in

225.7303-3 Government-to-government agreements

Status: active

L0:225.7303-3 Government-to-government agreements.
L0:If a government-to-government agreement between the United States and a foreign
L0:government for the sale, coproduction, or cooperative logistic support of a specifically
L0:defined weapon system, major end item, or support item, contains language in conflict
L0:with the provisions of this section, the language of the government-to-government
L0:agreement prevails.

225.7303-4 Contingent fees

Status: active

L0:225.7303-4 Contingent fees.
L1:(a) Except as provided in paragraph (b) of this subsection, contingent fees are
L0:generally allowable under DoD contracts, provided?
L1:(1) The fees are paid to a bona fide employee or a bona fide established
L0:commercial or selling agency maintained by the prospective contractor for the purpose
L0:of securing business (see FAR part 31 and FAR subpart); and
L1:(2) The contracting officer determines that the fees are fair and reasonable.
L2:(b)(1) Under DoD 5105.38-M, LOAs for requirements for the governments of
L0:Australia, Taiwan, Egypt, Greece, Israel, Japan, Jordan, Republic of Korea, Kuwait,
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:Pakistan, Philippines, Saudi Arabia, Turkey, Thailand, or Venezuela (Air Force) must
L0:provide that all U.S. Government contracts resulting from the LOAs prohibit the
L0:reimbursement of contingent fees as an allowable cost under the contract, unless the
L0:contractor identifies the payments and the foreign customer approves the payments in
L0:writing before contract award (see 225.7307(a)).
L1:(2) For FMS to countries not listed in paragraph (b)(1) of this subsection,
L0:contingent fees exceeding \$50,000 per FMS case are unallowable under DoD contracts,
L0:unless the contractor identifies the payment, and the foreign customer approves the
L0:payment in writing before contract award.

225.7303-5 Acquisitions wholly paid for from nonrepayable funds

Status: active

L0:225.7303-5 Acquisitions wholly paid for from nonrepayable funds.

L1:(a) In accordance with 22 U.S.C. 2762(d), price FMS wholly paid for from funds
L0:made available on a nonrepayable basis on the same costing basis regarding profit,
L0:overhead, IR&D/B&P, and other costing elements as is applicable to acquisitions of like
L0:items purchased by DoD for its own use.

L1:(b) Direct costs associated with meeting a foreign customer's additional or unique
L0:requirements are allowable under such contracts. Indirect burden rates applicable to
L0:such direct costs are permitted at the same rates applicable to acquisitions of like items
L0:purchased by DoD for its own use.

L1:(c) A U.S. defense contractor may not recover costs incurred for offset agreements
L0:with a foreign government or international organization if the LOA is financed with
L0:funds made available on a nonrepayable basis.

225.7304 FMS customer involvement

Status: active

L0:225.7304 FMS customer involvement.

L1:(a) FMS customers may request that a defense article or defense service be obtained
L0:from a particular contractor. In such cases, FAR 6.103-4 provides authority to contract
L0:without full and open competition. The FMS customer may also request that a
L0:subcontract be placed with a particular firm. Honor such requests from the FMS
L0:customer only if the LOA or other written direction sufficiently fulfills the requirements
L0:of FAR subpart 6.1.

L1:(b) FMS customers should be encouraged to participate with U.S. Government
L0:acquisition personnel in discussions with industry to?

L1:(1) Develop technical specifications;

L1:(2) Establish delivery schedules;

L1:(3) Identify any special warranty provisions or other requirements unique to
L0:the FMS customer; and

L1:(4) Review prices of varying alternatives, quantities, and options needed to
L0:make price-performance tradeoffs.

L1:(c) Do not disclose to the FMS customer any data, including certified cost or pricing
L0:data, that is contractor proprietary unless the contractor authorizes its release.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(d) Except as provided in paragraph (e)(3) of this section, the degree of FMS
L0:customer participation in contract negotiations is left to the discretion of the contracting
L0:officer after consultation with the contractor. Provide an explanation to the FMS
L0:customer if its participation in negotiations will be limited. Factors that may limit FMS
L0:customer participation include situations where?

L1:(1) The contract includes requirements for more than one FMS customer;

L1:(2) The contract includes unique U.S. requirements; or

L1:(3) Contractor proprietary data is a subject of negotiations.

L1:(e) Do not allow representatives of the FMS customer to?

L1:(1) Direct the exclusion of certain firms from the solicitation process (they may

L0:suggest the inclusion of certain firms);
L1:(2) Interfere with a contractor's placement of subcontracts; or
L1:(3) Observe or participate in negotiations between the U.S. Government and
L0:the contractor involving certified cost or pricing data, unless a deviation is granted in
L0:accordance with subpart 201.4.
L1:(f) Do not accept directions from the FMS customer on source selection decisions or
L0:contract terms (except that, upon timely notice, the contracting officer may attempt to
L0:obtain any special contract provisions, warranties, or other unique requirements
L0:requested by the FMS customer).
L1:(g) Do not honor any requests by the FMS customer to reject any bid or proposal.
L1:(h) If an FMS customer requests additional data concerning FMS contract prices,
L0:after consultation with the contractor, provide sufficient data to demonstrate the
L0:reasonableness of the price and reasonable responses to relevant questions concerning
L0:contract price. This data?
L1:(1) May include tailored responses, top-level pricing summaries, historical
L0:prices, or an explanation of any significant differences between the actual contract price
L0:and the estimated contract price included in the initial LOA; and
L1:(2) May be provided orally, in writing, or by any other method acceptable to the
L0:contracting officer.

225.7305 Limitation of liability

Status: active

L0:225.7305 Limitation of liability.
L0:Advise the contractor when the foreign customer will assume the risk for loss or damage
L0:under the appropriate limitation of liability clause(s) (see FAR subpart 46.8). Consider
L0:the costs of necessary insurance, if any, obtained by the contractor to cover the risk of
L0:loss or damage in establishing the FMS contract price.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

225.7306 Offset arrangements

Status: active

L0:225.7306 Offset arrangements.
L0:In accordance with the Presidential policy statement of April 16, 1990, DoD does not
L0:encourage, enter into, or commit U.S. firms to FMS offset arrangements. The decision
L0:whether to engage in offsets, and the responsibility for negotiating and implementing
L0:offset arrangements, resides with the companies involved. (See also 225.7303-2(a)(3).)

225.7307 Contract clauses

Status: active

L0:225.7307 Contract clauses.

L1:(a) Insert the clause at 252.225-7027, Restriction on Contingent Fees for Foreign

L0:Military Sales, in solicitations and contracts, including solicitations and contracts using

L0:FAR part 12 procedures for the acquisition of commercial products and commercial

L0:services, that are for FMS. Insert in paragraph (b)(1) of the clause the name(s) of any

L0:foreign country customer(s) listed in 225.7303-4(b).

L1:(b) Insert the clause at 252.225-7028, Exclusionary Policies and Practices of Foreign

L0:Governments, in solicitations and contracts, including solicitations and contracts using

L0:FAR part 12 procedures for the acquisition of commercial products and commercial

L0:services, that are for the purchase of supplies and services for international military

L0:education training and FMS.

L0:SUBPART 225.74 [RESERVED]

225.7500 Scope of subpart

Status: active

L0:225.7500 Scope of subpart.

L0:This subpart states policies and procedures implementing the Balance of Payments

L0:Program. It applies to contracts for the acquisition of?

L1:(a) Supplies for use outside the United States; and

L1:(b) Construction to be performed outside the United States.

225.7501 Policy

Status: active

L0:225.7501 Policy.

L0:Acquire only domestic end products for use outside the United States, and use only

L0:domestic construction material for construction to be performed outside the United

L0:States, including end products and construction material for foreign military sales,

L0:unless?

L1:(a) Before issuing the solicitation?

L1:(1) The estimated cost of the acquisition or the value of a particular

L0:construction material is at or below the simplified acquisition threshold;

L1:(2) The end product or particular construction material is?

L1:(i) Listed in FAR 25.104;

L1:(ii) A petroleum product;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(iii) A spare part for foreign-manufactured vehicles, equipment, machinery,

L0:or systems, provided the acquisition is restricted to the original manufacturer or its

L0:supplier;

L1:(iv) An industrial gas;

L0:.

L1:(v) A brand drug specified by the Defense Medical Materiel Board; or
L1:(vi) Information technology that is a commercial product, using fiscal year
L0:2004 or subsequent funds (section 535 of Division F of the Consolidated Appropriations
L0:Act, 2004 (Pub. L. 108-199), and the same provision in subsequent appropriations acts);
L1:(3) The acquisition is covered by the World Trade Organization Government
L0:Procurement Agreement;
L1:(4) The acquisition of foreign end products or construction material is required
L0:by a treaty or executive agreement between governments;
L1:(5) [Reserved];
L1:(6) The end product is acquired for commissary resale; or
L1:(7) The contracting officer determines that a requirement can best be filled by a
L0:foreign end product or construction material, including determinations that?
L1:(i) A subsistence product is perishable and delivery from the United States
L0:would significantly impair the quality at the point of consumption;
L1:(ii) An end product or construction material, by its nature or as a practical
L0:matter, can best be acquired in the geographic area concerned, e.g., ice or books; or bulk
L0:material, such as sand, gravel, or other soil material, stone, concrete masonry units, or
L0:fired brick;
L1:(iii) A particular domestic construction material is not available;
L1:(iv) The cost of domestic construction material would exceed the cost of
L0:foreign construction material by more than 50 percent, calculated on the basis of?
L1:(A) A particular construction material; or
L0:Program to the total acquisition; or
L1:(B) The comparative cost of application of the Balance of Payments
L1:(v) Use of a particular domestic construction material is impracticable;
L1:(b) After receipt of offers?
L1:(1) The evaluated low offer (see subpart 225.5) is an offer of an end product
L0:that?
L1:(i) Is a qualifying country end product;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(ii) Is an eligible product; or
L1:(iii) [Reserved]
L1:(iv) Is a nonqualifying country end product, but application of the Balance of
L0:Payments Program evaluation factor would not result in award on a domestic offer; or
L1:(2) [Reserved]
L1:(c) At any time during the acquisition process, the head of the agency determines
L0:that applying the restrictions of the Balance of Payments Program to the end product or
L0:construction material is not in the public interest.

225.7502 Procedures

Status: active

L0:225.7502 Procedures.

L0:If the Balance of Payments Program applies to the acquisition, follow the procedures at
L0:PGI 225.7502.

225.7503 Contract clauses

Status: active

L0:225.7503 Contract clauses.

L0:Unless the entire acquisition is exempt from the Balance of Payments Program?

L1:(a) Insert the basic or an alternate of the clause at 252.225-7044, Balance of

L0:Payments Program?Construction Material, in solicitations and contracts for

L0:construction to be performed outside the United States, including acquisitions of

L0:commercial products or commercial components, with an estimated value greater than

L0:the simplified acquisition threshold but less than \$6,708,000.

L1:(1) [Reserved]

L1:(2) [Reserved]

L1:(3) Insert the alternate II clause in lieu of the basic clause if an alternate

L0:domestic content threshold will apply to the entire period of performance as approved

L0:by the senior procurement executive (see 225.101(d)).

L1:(4) [Reserved]

L1:(b) Insert the basic or an alternate of the clause at 252.225-7045, Balance of

L0:Payments Program?Construction Material Under Trade Agreements, in solicitations

L0:and contracts for construction to be performed outside the United States with an

L0:estimated value of \$6,708,000 or more, including acquisitions of commercial products or

L0:commercial components.

L1:(1) Insert the basic clause in solicitations and contracts with an estimated value

L0:of \$13,296,489 or more.

L1:(2) Insert the alternate I clause in solicitations and contracts with an estimated

L0:value of \$6,708,000 or more, but less than \$13,296,489.

L1:(3) [Reserved]

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(4) [Reserved]

L1:(5) Insert the alternate IV clause in lieu of the basic clause in solicitations and

L0:contracts when?

L1:(i) The estimated value is \$13,296,489 or more; and

L1:(ii) An alternate domestic content threshold will apply to the entire period of

L0:performance as approved by the senior procurement executive (see 225.101(d)).

L1:(6) Insert the alternate V clause in lieu of the alternate I clause in solicitations

L0:and contracts when?

L1:(i) The estimated value is \$6,708,000 or more, but less than \$13,296,489;

L0:and

L1:(ii) An alternate domestic content threshold will apply to the entire period of

L0:performance as approved by the senior procurement executive (see 225.101(d)).

L1:(7) [Reserved]

L1:(8) [Reserved]

225.7601 Restriction

Status: active

L0:225.7601 Restriction.

L0:In accordance with 10 U.S.C. 4659, do not enter into a contract with a foreign entity

L0:unless it has certified that it does not comply with the secondary Arab boycott of Israel.

225.7602 Procedures

Status: active

L0:225.7602 Procedures.

L0:For contracts awarded to the Canadian Commercial Corporation (CCC), the CCC will

L0:submit a certification from its proposed subcontractor with the other required

L0:precontractual information (see 225.870).

225.7603 Exceptions

Status: active

L0:225.7603 Exceptions.

L0:This restriction does not apply to?

L1:(a) Purchases at or below the simplified acquisition threshold;

L1:(b) Contracts for consumable supplies, provisions, or services for the support of

L0:United States forces or of allied forces in a foreign country; or

L1:(c) Contracts pertaining to the use of any equipment, technology, data, or services

L0:for intelligence or classified purposes, or to the acquisition or lease thereof, in the

L0:interest of national security.

225.7604 Waivers

Status: active

L0:225.7604 Waivers.

L0:The Secretary of Defense may waive this restriction on the basis of national security

L0:interests. To request a waiver, follow the procedures at PGI 225.7604.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7605 Solicitation provision

Status: active

L0:225.7605 Solicitation provision.

L0:Unless an exception at 225.7603 applies or a waiver has been granted in accordance
L0:with 225.7604, insert the provision at 252.225-7031, Secondary Arab Boycott of Israel,
L0:in all solicitations, including solicitations using FAR part 12 procedures for the
L0:acquisition of commercial products and commercial services. If the solicitation includes
L0:the provision at FAR 52.204-7, do not separately list 252.225-7031 in the solicitation.

225.7801 Policy

Status: active

L0:225.7801 Policy.
L0:For guidance on procurement support of the geographic combatant command's theater
L0:security cooperation efforts, see PGI 225.78.

225.7900 Scope of subpart

Status: active

L0:225.7900 Scope of subpart.
L0:This subpart implements?
L1:(a) Section 890(a) of the National Defense Authorization Act for Fiscal Year 2008
L0:(Pub. L. 110-181); and
L1:(b) The requirements regarding export control of Title I of the Security Cooperation
L0:Act of 2010 (Pub. L. 111-266); the Treaty Between the Government of the United States
L0:of America and the Government of Australia Concerning Defense Trade Cooperation
L0:(the U.S.-Australia DTC Treaty); and the Treaty Between the Government of the
L0:United States of America and the Government the United Kingdom of Great Britain
L0:and Northern Ireland Concerning Defense Trade Cooperation (the U.S.-U.K. DTC
L0:Treaty). See PGI 225.7902 for additional information.

225.7901 Export-controlled items

Status: active

L0:225.7901 Export-controlled items.
L0:This section implements section 890(a) of the National Defense Authorization Act for
L0:Fiscal Year 2008 (Pub. L. 110-181).

225.7901-1 Definitions

Status: active

L0:225.7901-1 Definitions.
L0:As used in this section?
L0:?"Export-controlled items?" means items subject to the Export Administration
L0:Regulations (EAR) (15 CFR Parts 730-774) or the International Traffic in Arms

L0:Regulations (ITAR) (22 CFR Parts 120-130). The term includes:

L1:(1) "Defense items", defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A),

L0:as defense articles, defense services, and related technical data, and further defined in

L0:the ITAR, 22 CFR Part 120.

L1:(2) "Items", defined in the EAR as "commodities", "software", and "technology,"

L0:terms that are also defined in the EAR, 15 CFR 772.1.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

225.7901-2 General

Status: active

L0:225.7901-2 General.

L0:Certain types of items are subject to export controls in accordance with the Arms Export

L0:Control Act (22 U.S.C. 2751, et seq.), the International Traffic in Arms Regulations (22

L0:CFR parts 120-130), the Export Administration Act of 1979, as amended (50 U.S.C.

L0:App. 2401 et seq.), and the Export Administration Regulations (15 CFR parts 730-774).

L0:See PGI 225.7901-2 for additional information.

225.7901-3 Policy

Status: active

L0:225.7901-3 Policy.

L1:(a) Both the Government and the contractor should be aware of export controls as

L0:they apply to the performance of DoD contracts.

L1:(b) The contractor bears responsibility to comply with all applicable laws and

L0:regulations regarding export-controlled items. This responsibility exists independent of,

L0:and is not established or limited by, this section.

225.7901-4 Contract clause

Status: active

L0:225.7901-4 Contract clause.

L0:Insert the clause at 252.225-7048, Export-Controlled Items, in all solicitations and

L0:contracts.

225.7902 implements requirements that relate to exports that a prospective contractor may

Status: active

L0:225.7902 implements requirements that relate to exports that a prospective contractor may

L0:make under a DoD solicitation or that a contractor may make in performance of a DoD

L0:contract. The company must continue to comply with domestic laws and regulations,

L0:including those pertaining to the movement of defense articles within the United States.

L0:PGI 225.7902-4 Procedures.

L1:(1) Since the DTC Treaties apply only to eligible items, a solicitation or contract falls

L0:within the scope of the DTC Treaties, and is thus eligible for DTC Treaty coverage (i.e., falls

L0:within the scope of the DTC Treaties) if it will acquire at least one defense article that is not

L0:otherwise exempt from the DTC Treaties and is required for?

L1:(i) Combined military or counterterrorism operations as described in the

L0:Implementing Arrangements;

L1:(ii) Cooperative security and defense research, development, production, and

L0:support programs that are identified pursuant to the Implementing Arrangements;

L1:(iii) Cases where the government or Australia or the government of the United

L0:Kingdom is the end user in mutually agreed specific security and defense projects, that are

L0:identified pursuant to the Implementing Arrangements; or

L1:(iv) U.S. Government end use under a solicitation or contract.

L1:(2) Since the DTC Treaties apply only to eligible items, a solicitation or contract falls

L0:within the scope of the DTC Treaties and is thus eligible for DTC Treaty coverage when it

L0:will acquire at least one defense article that is DTC Treaty-eligible and the contract falls

L0:within the scope of the DTC Treaties. Article 3, section (2) of each DTC Treaty and Section

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:4 of each Implementing Arrangement require the DTC Treaty Participants to maintain lists of

L0:defense articles to be exempted from the scope of the DTC Treaties. These exempted

L0:technology lists are incorporated in Supplement No. 1 to part of the ITAR.

L1:(3) The DTC Treaties do not apply to defense articles initially being acquired pursuant to

L0:the U.S. Foreign Military Sales (FMS) program, although, once the defense articles are

L0:acquired by the Australia or United Kingdom under an FMS case, the DTC Treaty applies as

L0:though the defense articles were exported under the DTC Treaty, subject to PGI 225.7902-

L0:2.

L1:(4) If a company obtains an export license, or other authorization, for the export of

L0:defense articles that might otherwise have been eligible for export without a license under a

L0:DTC Treaty, the terms of the export license, or other authorization, must apply unless and

L0:until the company obtains approval to transition to DTC Treaty coverage. The process and

L0:requirements for transition are described in 22 CFR 126.16(i) and 22 CFR 126.17(i),

L0:respectively.

225.7902-1 Definitions

Status: active

L0:225.7902-1 Definitions.

L0:As used in this section?

L0:Approved Community? means the U.S. Government, U.S. entities that are registered

L0:and eligible exporters, and certain government and industry facilities in Australia or

L0:the United Kingdom that are approved and listed by the U.S. Government.

L0:Defense articles? means articles, services, and related technical data, including

L0:software, in tangible or intangible form, listed on the United States Munitions List of L0:the International Traffic in Arms Regulations (ITAR), as modified or amended.

L0:Defense Trade Cooperation (DTC) Treaty? means?

L1:(1) The Treaty Between the Government of the United States of America and the L0:government of the United Kingdom of Great Britain and Northern Ireland concerning L0:Defense Trade Cooperation, signed at Washington and London on June 21 and 26, L0:2007; or

L1:(2) The Treaty Between the Government of the United States of America and the L0:Government of Australia Concerning Defense Trade Cooperation, signed at Sydney on L0:September 5, 2007.

L0:Export? means the initial movement of defense articles from the United States L0:Community to the United Kingdom Community and the Australia community.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Qualifying defense articles? means defense articles that are not exempt from the scope L0:of the DTC Treaties as defined in 22 CFR 126.16(g) and 22 CFR 126.17(g).

L0:Transfer? means the movement of previously exported defense articles within the L0:Approved Community. ?United Kingdom Community member? means a United L0:Kingdom government authority or nongovernmental entity or facility on the United L0:Kingdom Community list accessible at <http://pmddtc.state.gov>.

L0:U.S. DoD Treaty-eligible requirements? means any defense article acquired by the DoD L0:for use in a combined military or counterterrorism operation, cooperative research, L0:development, production or support program, or DoD end use, as described in Article 3 L0:of the U.S.-U.K. DTC Treaty and sections 2 and 3 of the associated Implementing L0:Arrangement; and Article 3 of the U.S.-Australia DTC Treaty and sections 2 and 3 of L0:the associated Implementing Arrangement.

225.7902-2 Purpose

Status: active

L0:225.7902-2 Purpose.

L0:The DTC Treaties permit the export of certain U.S. defense articles, technical data, and L0:defense services, without U.S. export licenses or other written authorization under the L0:International Traffic in Arms Regulation (ITAR) into and within the Approved L0:Community, as long as the exports are in support of purposes specified in the DTC L0:Treaties. All persons must continue to comply with statutory and regulatory L0:requirements outside of DFARS and ITAR concerning the import of defense articles and L0:defense services or the possession or transfer of defense articles, including, but not L0:limited to, regulations issued by the Bureau of Alcohol, Tobacco, Firearms and L0:Explosives found at 27 CFR parts 447, 478, and 479, which are unaffected by the DTC L0:Treaties. The Approved Community consists of U.S. entities that are registered with L0:the Department of State and are eligible exporters, the U.S. Government, and certain L0:governmental and commercial facilities in Australia and the United Kingdom that are L0:approved and listed by the U.S. Government. See PGI 225.7902-2 for additional

L0:information.

225.7902-3 Policy

Status: active

L0:225.7902-3 Policy.

L0:DoD will facilitate maximum use of the DTC Treaties by prospective contractors

L0:responding to DoD solicitations and by contractors eligible to export qualifying defense

L0:articles under DoD contracts in accordance with 22 CFR 126.16(g) and 22 CFR

L0:126.17(g).

225.7902-4 Procedures

Status: active

L0:225.7902-4 Procedures.

L1:(a) For all solicitations and contracts that may be eligible for DTC Treaty coverage

L0:(see PGI 225.7902-4(1)), the program manager must identify in writing and submit to

L0:the contracting officer prior to issuance of a solicitation and prior to award of a

L0:contract?

L1:(1) The qualifying DTC Treaty Scope paragraph (Article 3(1)(a), 3(1)(b), or

L0:3(1)(d) of the U.S.-Australia DTC Treaty or Article (3)(1)(a), (3(1)(b), or 3(1)(d) of the

L0:U.S.-U.K. DTC Treaty); and

L1:(2) The qualifying defense article(s) using the categories described in 22 CFR

L0:126.16(g) and 22 CFR 126.17(g).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(b) If applicable, the program manager must also identify in writing and submit to

L0:the contracting officer any specific Part C, DTC Treaty-exempted technology list items,

L0:terms and conditions for applicable contract line item numbers (See PGI 225.7902-4(2)).

225.7902-5 Solicitation provision and contract clause

Status: active

L0:225.7902-5 Solicitation provision and contract clause.

L1:(a) Insert the provision at 252.225-7046, Exports by Approved Community Members

L0:in Response to the Solicitation, in solicitations containing the clause at 252.225-7047.

L2:(b)(1) Insert the clause at 252.225-7047, Exports by Approved Community Members

L0:in Performance of the Contract, in solicitations and contracts when?

L1:(i) Export-controlled items are expected to be involved in the performance of

L0:the contract and the clause at 252.225-7048 is used; and

L1:(ii) At least one contract line item is intended to satisfy a U.S. DoD Treaty-

L0:eligible requirement.

L1:(2) Complete paragraph (b) of the clause using information the program

L0:manager provided as required by 225.7902-4(a).

252.225-7000 Buy American--Balance of Payments Program Certificate

Status: active

L0:252.225-7000 Buy American--Balance of Payments Program Certificate.

L0:Basic. As prescribed in 225.601(1), use the following provision:

L0:BUY AMERICAN?BALANCE OF PAYMENTS PROGRAM CERTIFICATE?BASIC

L0:(FEB 2024)

L1:(a) Definitions. ?Commercially available off-the-shelf (COTS) item,? ?component,?

L0:?critical component,? ?critical item,? ?domestic end product,? ?foreign end product,?

L0:?qualifying country,? ?qualifying country end product,? and ?United States,? as used in

L0:this provision, have the meanings given in the 252.225-7001, Buy American and

L0:Balance of Payments Program?Basic clause of this solicitation.

L1:(b) Evaluation. The Government?

L1:(1) Will evaluate offers in accordance with the policies and procedures of Part

L0:225 of the Defense Federal Acquisition Regulation Supplement; and

L1:(2) Will evaluate offers of qualifying country end products without regard to the

L0:restrictions of the Buy American statute or the Balance of Payments Program.

L1:(c) Certifications and identification of country of origin.

L1:(1) For all line items subject to the Buy American and Balance of Payments

L0:Program?Basic clause of this solicitation, the Offeror certifies that?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(i) Each end product, except those listed in paragraphs (c)(2) or (3) of this

L0:provision, is a domestic end product and that each domestic end product listed in

L0:paragraph (c)(4) of this provision contains a critical component or a critical item; and

L1:(ii) For end products other than COTS items, components of unknown

L0:origin are considered to have been mined, produced, or manufactured outside the

L0:United States or a qualifying country. For those end products that do not consist wholly

L0:or predominantly of iron or steel or a combination of both, the Offeror shall also indicate

L0:whether these foreign end products exceed 55 percent domestic content, except for those

L0:that are COTS items. If the percentage of the domestic content is unknown, select ?no?.

L1:(2) The Offeror certifies that the following end products are qualifying country

L0:end products:

L0:Line Item Number

L0:Country of Origin

L1:(3) The following end products are other foreign end products, including end

L0:products manufactured in the United States that do not qualify as domestic end

L0:products. For those foreign end products that do not consist wholly or predominantly of

L0:iron or steel or a combination of both, the Offeror shall also indicate whether these

L0:foreign end products exceed 55 percent domestic content, except for those that are

L0:COTS items. If the percentage of the domestic content is unknown, select ?no?.

L0:Line Item Number

L0:Country of Origin

L0:(If known)

L0:Exceeds 55% Domestic Content

L0:(yes/no)

L1:(4) The Offeror shall separately list the line item numbers of domestic end

L0:products that contain a critical component or a critical item (see Federal Acquisition

L0:Regulation 25.105).

L0:Domestic end products containing a critical component or a critical item:

L0:Line Item Number _____

L0:[List as necessary]

L0:(End of provision)

L0:Alternate I. [Reserved]

252.225-7001 Buy American and Balance of Payments Program

Status: active

L0:252.225-7001 Buy American and Balance of Payments Program.

L0:Basic. As prescribed in 225.601(2)(i), use the following clause:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM?BASIC

L0:(FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:?Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?Critical item? means a domestic construction material or domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?Domestic end product? means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds 60 percent of

L0:the cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract in accordance with FAR 25.101(d), or award is made before January 1, 2030,

L0:for a foreign end product that exceeds 55 percent domestic content (see Defense Federal

L0:Acquisition Regulation Supplement 225.103(b)(ii)). The cost of components includes

L0:transportation costs to the place of incorporation into the end product and U.S. duty

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:(whether or not a duty-free entry certificate is issued). Components of unknown origin

L0:are treated as foreign. Scrap generated, collected, and prepared for processing in the

L0:United States is considered domestic. A component is considered to have been mined,

L0:produced, or manufactured in the United States (regardless of its source in fact) if the

L0:end product in which it is incorporated is manufactured in the United States and the

L0:component is of a class or kind for which the Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not

L0:limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or

L0:sheet), castings, or forgings, not produced in the United States or a qualifying country,

L0:utilized in the manufacture of the end product and a good faith estimate of the cost of

L0:all iron or steel components not produced in the United States or a qualifying country,

L0:excluding COTS fasteners. Iron or steel components of unknown origin are treated as

L0:foreign. If the end product contains multiple components, the cost of all the materials

L0:used in such end product is calculated in accordance with the explanation of cost of

L0:components in paragraph (1)(ii)(A) of this definition.

L0:“End product” means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0:“Foreign end product” means an end product other than a domestic end product.

L0:“Predominantly of iron or steel or a combination of both” means that the cost of the

L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost

L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product L0:and a good faith estimate of the cost of iron or steel components excluding COTS L0:fasteners.

L0:Qualifying country? means a country with a reciprocal defense procurement L0:memorandum of understanding or international agreement with the United States in L0:which both countries agree to remove barriers to purchases of supplies produced in the L0:other country or services performed by sources of the other country, and the L0:memorandum or agreement complies, where applicable, with the requirements of L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. L0:Accordingly, the following are qualifying countries:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L0:Australia
L0:Austria
L0:Belgium
L0:Canada
L0:Czech Republic
L0:Denmark
L0:Egypt
L0:Estonia
L0:Finland
L0:France
L0:Germany
L0:Greece
L0:Israel
L0:Italy
L0:Japan
L0:Latvia
L0:Lithuania
L0:Luxembourg
L0:Netherlands
L0:Norway
L0:Poland
L0:Portugal
L0:Slovenia
L0:Spain
L0:Sweden
L0:Switzerland
L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or L0:manufactured in a qualifying country.

L0:Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds 60 percent of the

L0:cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) This clause implements 41 U.S.C chapter 83, Buy American. In accordance with

L0:41 U.S.C. 1907, the component test of the Buy American statute is waived for an end

L0:product that is a COTS item . Unless otherwise specified, this clause applies to all line

L0:items in the contract.

L1:(c) The Contractor shall deliver only domestic end products unless, in its offer, it

L0:specified delivery of other end products in the Buy American?Balance of Payments

L0:Program Certificate provision of the solicitation. If the Contractor certified in its offer

L0:that it will deliver a qualifying country end product, the Contractor shall deliver a

L0:qualifying country end product or, at the Contractor?s option, a domestic end product.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L0:Alternate I. [Reserved]

L0:(End of clause)

L0:Alternate II. As prescribed in 225.601(2)(i) and (2)(ii), use the following clause,

L0:which includes, in the definitions of ?domestic end product? at paragraph (1)(ii)(A) and

L0:?qualifying country end product? at paragraph (2)(i), the domestic content threshold

L0:that will apply to the entire contract period of performance.

L0:BUY AMERICAN AND BALANCE OF PAYMENTS PROGRAM?

L0:ALTERNATE II (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:Critical item? means a domestic construction material or domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:Domestic end product? means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components. The cost of components includes transportation costs to the place of

L0:incorporation into the end product and U.S. duty (whether or not a duty-free entry

L0:certificate is issued). Components of unknown origin are treated as foreign. Scrap

L0:generated, collected, and prepared for processing in the United States is considered

L0:domestic. A component is considered to have been mined, produced, or manufactured in

L0:the United States (regardless of its source in fact) if the end product in which it is

L0:incorporated is manufactured in the United States and the component is of a class or

L0:kind for which the Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:iron and steel not produced in the United States or a qualifying country constitutes less

than 5 percent of the cost of all the components used in the end product (produced in the United States or a qualifying country means that all manufacturing processes of the iron or steel must take place in the United States or a qualifying country, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

“End product” means those articles, materials, and supplies to be acquired under this contract for public use.

“Foreign end product” means an end product other than a domestic end product.

“Predominantly of iron or steel or a combination of both” means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

“Qualifying country” means a country with a reciprocal defense procurement memorandum of understanding or international agreement with the United States in which both countries agree to remove barriers to purchases of supplies produced in the other country or services performed by sources of the other country, and the memorandum or agreement complies, where applicable, with the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

Australia

Austria

Belgium

Canada

Czech Republic

Denmark

Egypt

Estonia

Finland

France

Germany

Greece

Israel

Italy

Japan

Latvia

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:?Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds, for the entire

L0:period of performance for a contract awarded in calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:?Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:?United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) This clause implements 41 U.S.C. chapter 83, Buy American. In accordance

L0:with 41 U.S.C. 1907, the component test of the Buy American statute is waived for an

L0:end product that is a COTS item. Unless otherwise specified, this clause applies to all

L0:line items in the contract.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(c) The Contractor shall deliver only domestic end products unless, in its offer, it

L0:specified delivery of other end products in the Buy American?Balance of Payments

L0:Program Certificate provision of the solicitation. If the Contractor certified in its offer
L0:that it will deliver a qualifying country end product, the Contractor shall deliver a
L0:qualifying country end product or, at the Contractor's option, a domestic end product.
L1:(d) The contract price does not include duty for end products or components for
L0:which the Contractor will claim duty-free entry.
L0:(End of clause)

252.225-7002 Qualifying Country Sources as Subcontractors

Status: active

L0:252.225-7002 Qualifying Country Sources as Subcontractors.

L0:As prescribed in 225.601(3), use the following clause:

L0:QUALIFYING COUNTRY SOURCES AS SUBCONTRACTORS (MAR 2022)

L1:(a) Definition. "Qualifying country," as used in this clause, means a country with a
L0:reciprocal defense procurement memorandum of understanding or international
L0:agreement with the United States in which both countries agree to remove barriers to
L0:purchases of supplies produced in the other country or services performed by sources of
L0:the other country, and the memorandum or agreement complies, where applicable, with
L0:the requirements of section 36 of the Arms Export Control Act (22 U.S.C. 2776) and
L0:with 10 U.S.C. 2457. Accordingly, the following are qualifying countries:

L0:Australia
L0:Austria
L0:Belgium
L0:Canada
L0:Czech Republic
L0:Denmark
L0:Egypt
L0:Estonia
L0:Finland
L0:France
L0:Germany
L0:Greece
L0:Israel
L0:Italy
L0:Japan
L0:Latvia
L0:Lithuania
L0:Luxembourg
L0:Netherlands
L0:Norway
L0:Poland
L0:Portugal
L0:Slovenia
L0:Spain

L0:Sweden

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L1:(b) Subject to the restrictions in section 225.872 of the Defense FAR Supplement,

L0:the Contractor shall not preclude qualifying country sources or U.S. sources from

L0:competing for subcontracts under this contract.

L0:(End of clause)

252.225-7003 Report of Intended Performance Outside the United States and

Status: active

L0:252.225-7003 Report of Intended Performance Outside the United States and

L0:Canada?Submission with Offer.

L0:As prescribed in 225.7204(a), use the following provision:

L0:REPORT OF INTENDED PERFORMANCE OUTSIDE THE UNITED STATES AND

L0:CANADA?SUBMISSION WITH OFFER (OCT 2025)

L1:(a) Definition. ?United States,? as used in this provision, means the 50 States, the

L0:District of Columbia, and outlying areas.

L1:(b) The Offeror shall submit, with its offer, a report of intended performance outside

L0:the United States and Canada if?

L1:(1) The offer exceeds \$20 million in value; and

L1:(2) The Offeror is aware that the Offeror or a first-tier subcontractor intends to

L0:perform any part of the contract outside the United States and Canada that?

L1:(i) Exceeds \$900,000 in value; and

L1:(ii) Could be performed inside the United States or Canada.

L1:(c) Information to be reported includes that for?

L1:(1) Subcontracts;

L1:(2) Purchases; and

L1:(3) Intracompany transfers when transfers originate in a foreign location.

L1:(d) The Offeror shall submit the report using?

L1:(1) DD Form 2139, Report of Contract Performance Outside the United States;

L0:or

L1:(2) A computer-generated report that contains all information required by DD

L0:Form 2139.

L1:(e) The Offeror may obtain a copy of DD Form 2139 from the Contracting Officer or

L0:via the Internet at <http://www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm>.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:(End of provision)

252.225-7004 Report of Intended Performance Outside the United States and

Status: active

L0:252.225-7004 Report of Intended Performance Outside the United States and
L0:Canada?Submission after Award.

L0:As prescribed in 225.7204(b), use the following clause:

L0:REPORT OF INTENDED PERFORMANCE OUTSIDE THE UNITED STATES AND L0:CANADA?SUBMISSION AFTER AWARD (JUL 2024)

L1:(a) Definition. ?United States,? as used in this clause, means the 50 States, the
L0:District of Columbia, and outlying areas.

L1:(b) Reporting requirement. The Contractor shall submit a report in accordance with
L0:this clause, if the Contractor or a first-tier subcontractor will perform any part of this
L0:contract outside the United States and Canada that?

L1:(1) Exceeds the threshold specified in Defense Acquisition Regulation
L0:Supplement 225.7201(a); and

L1:(2) Could be performed inside the United States or Canada.

L1:(c) Submission of reports. The Contractor?

L1:(1) Shall submit a report as soon as practical after the information is known;

L1:(2) To the maximum extent practicable, shall submit a report regarding a first-
L0:tier subcontractor at least 30 days before award of the subcontract;

L1:(3) Need not resubmit information submitted with its offer, unless the
L0:information changes;

L1:(4) Shall submit all reports to the Contracting Officer; and

L1:(5) Shall submit a copy of each report to: Principal Director, Defense Pricing,
L0:Contracting, and Acquisition Policy (Contract Policy), OUSD(A&S) DPCAP/CP,
L0:Washington, DC 20301-3060.

L1:(d) Report format. The Contractor?

L1:(1) Shall submit reports using?

L1:(i) DD Form 2139, Report of Contract Performance Outside the United
L0:States; or

L1:(ii) A computer-generated report that contains all information required by
L0:DD Form 2139; and

L1:(2) May obtain copies of DD Form 2139 from the Contracting Officer or via the
L0:Internet at <https://www.esd.whs.mil/Directives/forms/>.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

252.225-7005 Identification of Expenditures in the United States

Status: active

L0:252.225-7005 Identification of Expenditures in the United States.

L0:As prescribed in 225.603(1), use the following clause:

L0:IDENTIFICATION OF EXPENDITURES IN THE UNITED STATES (JUN 2005)

L1:(a) Definition. "United States," as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

L1:(b) This clause applies only if the Contractor is?

L1:(1) A concern incorporated in the United States (including a subsidiary that is

L0:incorporated in the United States, even if the parent corporation is not incorporated in

L0:the United States); or

L1:(2) An unincorporated concern having its principal place of business in the

L0:United States.

L1:(c) On each invoice, voucher, or other request for payment under this contract, the

L0:Contractor shall identify that part of the requested payment that represents estimated

L0:expenditures in the United States. The identification?

L1:(1) May be expressed either as dollar amounts or as percentages of the total

L0:amount of the request for payment;

L1:(2) Should be based on reasonable estimates; and

L1:(3) Shall state the full amount of the payment requested, subdivided into the

L0:following categories:

L1:(i) U.S. products?expenditures for material and equipment manufactured

L0:or produced in the United States, including end products, components, or construction

L0:material, but excluding transportation;

L1:(ii) U.S. services?expenditures for services performed in the United States,

L0:including all charges for overhead, other indirect costs, and profit under construction or

L0:service contracts;

L1:(iii) Transportation on U.S. carriers?expenditures for transportation

L0:furnished by U.S. flag, ocean, surface, and air carriers; and

L1:(iv) Expenditures not identified under paragraphs (c)(3)(i) through (iii) of

L0:this clause.

L1:(d) Nothing in this clause requires the establishment or maintenance of detailed

L0:accounting records or gives the U.S. Government any right to audit the Contractor's

L0:books or records.

L0:(End of clause)

252.225-7006 Acquisition of the American Flag

Status: active

L0:252.225-7006 Acquisition of the American Flag.

L0:As prescribed in 225.7002-3(c), insert the following clause:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:ACQUISITION OF THE AMERICAN FLAG (DEC 2022)

L1:(a) Definition. "United States," as used in this clause, means the 50 States, the

L0:District of Columbia, and outlying areas.

L1:(b) If the Contractor is required to deliver under this contract one or more American

L0:flags (Product or Service Code 8345), such flag(s), including the materials and

L0:components thereof, shall be manufactured in the United States, consistent with the

L0:requirements at 10 U.S.C. 4862 (commonly known as the "Berry Amendment").

L1:(c) This clause does not apply to the acquisition of any end items or components

L0:related to flying or displaying the flag (e.g., flagpoles and accessories).

L0:(End of clause)

252.225-7008 Restriction on Acquisition of Specialty Metals

Status: active

L0:252.225-7008 Restriction on Acquisition of Specialty Metals.

L0:As prescribed in 252.7003-5(a)(1), use the following clause:

L0:RESTRICTION ON ACQUISITION OF SPECIALTY METALS (MAR 2013)

L1:(a) Definitions. As used in this clause?

L0:"Alloy" means a metal consisting of a mixture of a basic metallic element and one or more metallic, or non-metallic, alloying elements.

L1:(i) For alloys named by a single metallic element (e.g., titanium alloy), it means

L0:that the alloy contains 50 percent or more of the named metal (by mass).

L1:(ii) If two metals are specified in the name (e.g, nickel-iron alloy), those metals

L0:are the two predominant elements in the alloy, and together they constitute 50 percent

L0:or more of the alloy (by mass).

L0:"Produce" means?

L1:(i) Atomization;

L1:(ii) Sputtering; or

L1:(iii) Final consolidation of non-melt derived metal powders.

L0:"Specialty metal" means?

L1:(i) Steel?

L1:(A) With a maximum alloy content exceeding one or more of the following

L0:limits: manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

L1:(B) Containing more than 0.25 percent of any of the following elements:

L0:aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium,

L0:tungsten, or vanadium;

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(ii) Metal alloys consisting of?

L1:(A) Nickel or iron-nickel alloys that contain a total of alloying metals other

L0:than nickel and iron in excess of 10 percent; or

L1:(B) Cobalt alloys that contain a total of alloying metals other than cobalt

L0:and iron in excess of 10 percent;

L1:(iii) Titanium and titanium alloys; or

L1:(iv) Zirconium and zirconium alloys.

L0:"Steel" means an iron alloy that includes between .02 and 2 percent carbon and may

L0:include other elements.

L1:(b) Any specialty metal delivered under this contract shall be melted or produced in

L0:the United States or its outlying areas.

L0:(End of clause)

252.225-7009 Restriction on Acquisition of Certain Articles Containing

Status: active

L0:252.225-7009 Restriction on Acquisition of Certain Articles Containing

L0:Specialty Metals.

L0:As prescribed in 225.7003-5(a)(2), use the following clause:

L0:RESTRICTION ON ACQUISITION OF CERTAIN ARTICLES CONTAINING

L0:SPECIALTY METALS (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Alloy? means a metal consisting of a mixture of a basic metallic element and one or

L0:more metallic, or non-metallic, alloying elements.

L1:(i) For alloys named by a single metallic element (e.g., titanium alloy), it means

L0:that the alloy contains 50 percent or more of the named metal (by mass).

L1:(ii) If two metals are specified in the name (e.g, nickel-iron alloy), those metals

L0:are the two predominant elements in the alloy, and together they constitute 50 percent

L0:or more of the alloy (by mass).

L0:Assembly? means an item forming a portion of a system or subsystem that?

L1:(i) Can be provisioned and replaced as an entity; and

L1:(ii) Incorporates multiple, replaceable parts.

L0:Commercial derivative military article? means an item acquired by the Department

L0:of Defense that is or will be produced using the same production facilities, a common

L0:supply chain, and the same or similar production processes that are used for the

L0:production of articles predominantly used by the general public or by nongovernmental

L0:entities for purposes other than governmental purposes.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Commercially available off-the-shelf item??

L1:(i) Means any item of supply that is?

L1:(A) A commercial product (as defined in paragraph (1) of the definition of

L0:commercial product? in section 2.101 of the Federal Acquisition Regulation);

L1:(B) Sold in substantial quantities in the commercial marketplace; and

L1:(C) Offered to the Government, under this contract or a subcontract at any

L0:tier, without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(ii) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:Component? means any item supplied to the Government as part of an end item or

L0:of another component.

L0:Electronic component? means an item that operates by controlling the flow of

L0:electrons or other electrically charged particles in circuits, using interconnections of

L0:electrical devices such as resistors, inductors, capacitors, diodes, switches, transistors,

L0:or integrated circuits. The term does not include structural or mechanical parts of an

L0:assembly containing an electronic component, and does not include any high

L0:performance magnets that may be used in the electronic component.

L0:End item? means the final production product when assembled or completed and

L0:ready for delivery under a line item of this contract.

L0:?High performance magnet? means a permanent magnet that obtains a majority of

L0:its magnetic properties from rare earth metals (such as samarium).

L0:?Produce? means?

L1:(i) Atomization;

L1:(ii) Sputtering; or

L1:(iii) Final consolidation of non-melt derived metal powders.

L0:?Qualifying country? means any country listed in the definition of ?Qualifying

L0:country? at 225.003 of the Defense Federal Acquisition Regulation Supplement

L1:(DFARS).

L0:?Specialty metal? means?

L1:(i) Steel?

L1:(A) With a maximum alloy content exceeding one or more of the following

L0:limits: manganese, 1.65 percent; silicon, 0.60 percent; or copper, 0.60 percent; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(B) Containing more than 0.25 percent of any of the following elements:

L0:aluminum, chromium, cobalt, molybdenum, nickel, niobium (columbium), titanium,

L0:tungsten, or vanadium;

L1:(ii) Metal alloys consisting of?

L1:(A) Nickel or iron-nickel alloys that contain a total of alloying metals other

L0:than nickel and iron in excess of 10 percent; or

L1:(B) Cobalt alloys that contain a total of alloying metals other than cobalt

L0:and iron in excess of 10 percent;

L1:(iii) Titanium and titanium alloys; or

L1:(iv) Zirconium and zirconium alloys.

L0:?Steel? means an iron alloy that includes between .02 and 2 percent carbon and may

L0:include other elements.

L0:?Subsystem? means a functional grouping of items that combine to perform a major

L0:function within an end item, such as electrical power, attitude control, and propulsion.

L1:(b) Restriction. Except as provided in paragraph (c) of this clause, any specialty

L0:metals incorporated in items delivered under this contract shall be melted or produced

L0:in the United States, its outlying areas, or a qualifying country.

L1:(c) Exceptions. The restriction in paragraph (b) of this clause does not apply to?

L1:(1) Electronic components.

L2:(2)(i) Commercially available off-the-shelf (COTS) items, other than?

L1:(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, or

L0:sheet, that have not been incorporated into COTS end items, subsystems, assemblies,

L0:or components;

L0:castings are incorporated into COTS end items, subsystems, or assemblies;

L1:(B) Forgings or castings of specialty metals, unless the forgings or

L1:(C) Commercially available high performance magnets that contain

L0:specialty metal, unless such high performance magnets are incorporated into COTS end

L0:items or subsystems; and

L1:(D) COTS fasteners, unless?

L0:subsystems, assemblies, or components; or

L1:(1) The fasteners are incorporated into COTS end items,

L0:paragraph (c)(3) of this clause.

L1:(2) The fasteners qualify for the commercial product exception in

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(ii) A COTS item is considered to be "without modification" if it is not

L0:modified prior to contractual acceptance by the next higher tier in the supply chain.

L1:(A) Specialty metals in a COTS item that was accepted without

L0:modification by the next higher tier are excepted from the restriction in paragraph (b) of

L0:this clause, and remain excepted, even if a piece of the COTS item subsequently is

L0:removed (e.g., the end is removed from a COTS screw or an extra hole is drilled in a

L0:COTS bracket).

L1:(B) Specialty metals that were not contained in a COTS item upon

L0:acceptance, but are added to the COTS item after acceptance, are subject to the

L0:restriction in paragraph (b) of this clause (e.g., a special reinforced handle made of

L0:specialty metal is added to a COTS item).

L1:(C) If two or more COTS items are combined in such a way that the

L0:resultant item is not a COTS item, only the specialty metals involved in joining the

L0:COTS items together are subject to the restriction in paragraph (b) of this clause (e.g., a

L0:COTS aircraft is outfitted with a COTS engine that is not the COTS engine normally

L0:provided with the aircraft).

L1:(D) For COTS items that are normally sold in the commercial

L0:marketplace with various options, items that include such options are also COTS items.

L0:However, if a COTS item is offered to the Government with an option that is not

L0:normally offered in the commercial marketplace, that option is subject to the restriction

L0:in paragraph (b) of this clause (e.g. - An aircraft is normally sold to the public with an

L0:option for installation kits. The Department of Defense requests a military-unique kit.

L0:The aircraft is still a COTS item, but the military-unique kit is not a COTS item and

L0:must comply with the restriction in paragraph (b) of this clause unless another

L0:exception applies).

L1:(3) Fasteners that are commercial products, if the manufacturer of the fasteners

L0:certifies it will purchase, during the relevant calendar year, an amount of domestically

L0:melted or produced specialty metal, in the required form, for use in the production of

L0:fasteners for sale to the Department of Defense and other customers, that is not less

L0:than 50 percent of the total amount of the specialty metal that it will purchase to carry

L0:out the production of such fasteners for all customers.

L1:(4) Items manufactured in a qualifying country.

L1:(5) Specialty metals for which the Government has determined in accordance

L0:with DFARS 225.7003-3 that specialty metal melted or produced in the United States,

L0:its outlying areas, or a qualifying country cannot be acquired as and when needed in?

L1:(i) A satisfactory quality;

L1:(ii) A sufficient quantity; and

L1:(iii) The required form. In accordance with 10 U.S.C. 4863(m)(4), the term

L0:"required form" in this clause refers to the form of the mill product, such as bar, billet,

L0:wire, slab, plate, or sheet, in the grade appropriate for the production of a finished end
 L0:item to be delivered to the Government under this contract; or a finished component
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
 L0:Defense FAR Supplement (DFARS) Part 225
 L0:assembled into an end item to be delivered to the Government under this contract.
 L1:(6) End items containing a minimal amount of otherwise noncompliant
 L0:specialty metals (i.e., specialty metals not melted or produced in the United States, an
 L0:outlying area, or a qualifying country, that are not covered by one of the other
 L0:exceptions in this paragraph (c)), if the total weight of such noncompliant metals does
 L0:not exceed 2 percent of the total weight of all specialty metals in the end item, as
 L0:estimated in good faith by the Contractor. This exception does not apply to high
 L0:performance magnets containing specialty metals.
 L1:(d) Compliance for commercial derivative military articles.
 L1:(1) As an alternative to the compliance required in paragraph (b) of this clause,
 L0:the Contractor may purchase an amount of domestically melted or produced specialty
 L0:metals in the required form, for use during the period of contract performance in the
 L0:production of the commercial derivative military article and the related commercial
 L0:article, if?
 L1:(i) The Contracting Officer has notified the Contractor of the items to be
 L0:delivered under this contract that have been determined by the Government to meet
 L0:the definition of "commercial derivative military article"; and
 L1:(ii) For each item that has been determined by the Government to meet the
 L0:definition of "commercial derivative military article," the Contractor has certified, as
 L0:specified in the provision of the solicitation entitled "Commercial Derivative Military
 L0:Article?Specialty Metals Compliance Certificate" (DFARS 252.225-7010), that the
 L0:Contractor and its subcontractor(s) will enter into a contractual agreement or
 L0:agreements to purchase an amount of domestically melted or produced specialty metal
 L0:in the required form, for use during the period of contract performance in the production
 L0:of each commercial derivative military article and the related commercial article, that is
 L0:not less than the Contractor's good faith estimate of the greater of?
 L1:(A) An amount equivalent to 120 percent of the amount of specialty
 L0:metal that is required to carry out the production of the commercial derivative military
 L0:article (including the work performed under each subcontract); or
 L1:(B) An amount equivalent to 50 percent of the amount of specialty
 L0:metal that will be purchased by the Contractor and its subcontractors for use during
 L0:such period in the production of the commercial derivative military article and the
 L0:related commercial article.
 L1:(2) For the purposes of this alternative, the amount of specialty metal that is
 L0:required to carry out production of the commercial derivative military article includes
 L0:specialty metal contained in any item, including COTS items.
 L1:(e) Subcontracts.
 L1:(1) The Contractor shall exclude and reserve paragraph (d) and this paragraph
 L2:(e)(1) when flowing down this clause to subcontracts.
 L1:(2) The Contractor shall insert paragraphs (a) through (c) and this paragraph
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L2:(e)(2) of this clause in subcontracts, including subcontracts for commercial products,

L0:that are for items containing specialty metals to ensure compliance of the end products

L0:that the Contractor will deliver to the Government. When inserting this clause in

L0:subcontracts, the Contractor shall?

L1:(i) Modify paragraph (c)(6) of this clause only as necessary to facilitate

L0:management of the minimal content exception at the prime contract level. The minimal

L0:content exception does not apply to specialty metals contained in high-performance

L0:magnets; and

L1:(ii) Not further alter the clause other than to identify the appropriate parties.

L0:(End of clause)

252.225-7010 Commercial Derivative Military Article?Specialty Metals

Status: active

L0:252.225-7010 Commercial Derivative Military Article?Specialty Metals

L0:Compliance Certificate.

L0:As prescribed in 252.7003-5(b), use the following provision:

L0:COMMERCIAL DERIVATIVE MILITARY ARTICLE?SPECIALTY METALS

L0:COMPLIANCE CERTIFICATE (JUL 2009)

L1:(a) Definitions. ?Commercial derivative military article,? ?commercially available

L0:off-the-shelf item,? ?produce,? ?required form,? and ?specialty metal,? as used in this

L0:provision, have the meanings given in the clause of this solicitation entitled ?Restriction

L0:on Acquisition of Certain Articles Containing Specialty Metals? (DFARS 252.225-7009).

L1:(b) The offeror shall list in this paragraph any commercial derivative military

L0:articles it intends to deliver under any contract resulting from this solicitation using the

L0:alternative compliance for commercial derivative military articles, as specified in

L0:paragraph (d) of the clause of this solicitation entitled ?Restriction on Acquisition of

L0:Certain Articles Containing Specialty Metals? (DFARS 252.225-7009). The offeror?s

L0:designation of an item as a ?commercial derivative military article? will be subject to

L0:Government review and approval.

L0:_____

L0:_____.

L1:(c) If the offeror has listed any commercial derivative military articles in paragraph

L1:(b) of this provision, the offeror certifies that, if awarded a contract as a result of this

L0:solicitation, and if the Government approves the designation of the listed item(s) as

L0:commercial derivative military articles, the offeror and its subcontractor(s) will

L0:demonstrate that individually or collectively they have entered into a contractual

L0:agreement or agreements to purchase an amount of domestically melted or produced

L0:specialty metal in the required form, for use during the period of contract performance

L0:in the production of each commercial derivative military article and the related

L0:commercial article, that is not less than the Contractor?s good faith estimate of the

L0:greater of?

L1:(1) An amount equivalent to 120 percent of the amount of specialty metal that

L0:is required to carry out the production of the commercial derivative military article
L0:(including the work performed under each subcontract); or
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(2) An amount equivalent to 50 percent of the amount of specialty metal that
L0:will be purchased by the Contractor and its subcontractors for use during such period in
L0:the production of the commercial derivative military article and the related commercial
L0:article.
L1:(d) For the purposes of this provision, the amount of specialty metal that is required
L0:to carry out the production of the commercial derivative military article includes
L0:specialty metal contained in any item, including commercially available off-the-shelf
L0:items, incorporated into such commercial derivative military articles.
L0:(End of provision)

252.225-7011 Restriction on Acquisition of Supercomputers

Status: active

L0:252.225-7011 Restriction on Acquisition of Supercomputers.
L0:As prescribed in 225.7012-3, use the following clause:
L0:RESTRICTION ON ACQUISITION OF SUPERCOMPUTERS (JUN 2005)
L0:Supercomputers delivered under this contract shall be manufactured in the United
L0:States or its outlying areas.
L0:(End of clause)

252.225-7012 Preference for Certain Domestic Commodities

Status: active

L0:252.225-7012 Preference for Certain Domestic Commodities.
L0:As prescribed in 225.7002-3(a), use the following clause:
L0:PREFERENCE FOR CERTAIN DOMESTIC COMMODITIES (APR 2022)
L1:(a) Definitions. As used in this clause?
L0:?Component? means any item supplied to the Government as part of an end product
L0:or of another component.
L0:?End product? means supplies delivered under a line item of this contract.
L0:?Qualifying country? means a country with a reciprocal defense procurement
L0:memorandum of understanding or international agreement with the United States in
L0:which both countries agree to remove barriers to purchases of supplies produced in the
L0:other country or services performed by sources of the other country, and the
L0:memorandum or agreement complies, where applicable, with the requirements of
L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.
L0:Accordingly, the following are qualifying countries:
L0:Australia
L0:Austria

L0:Belgium
L0:Canada
L0:Czech Republic
L0:Denmark
L0:Egypt
L0:Estonia
L0:Finland
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:France
L0:Germany
L0:Greece
L0:Israel
L0:Italy
L0:Japan
L0:Latvia
L0:Lithuania
L0:Luxembourg
L0:Netherlands
L0:Norway
L0:Poland
L0:Portugal
L0:Slovenia
L0:Spain
L0:Sweden
L0:Switzerland
L0:Turkey
L0:United Kingdom of Great Britain and Northern Ireland.
L0:?Structural component of a tent??
L1:(1) Means a component that contributes to the form and stability of the tent
L0:(e.g., poles, frames, flooring, guy ropes, pegs); and
L1:(2) Does not include equipment such as heating, cooling, or lighting.
L0:?United States? means the 50 States, the District of Columbia, and outlying areas.
L0:?U.S.-flag vessel? means a vessel of the United States or belonging to the United
L0:States, including any vessel registered or having national status under the laws of the
L0:United States.
L1:(b) The Contractor shall deliver under this contract only such of the following items,
L0:either as end products or components, that have been grown, reprocessed, reused, or
L0:produced in the United States:
L1:(1) Food.
L1:(2) Clothing and the materials and components thereof, other than sensors,
L0:electronics, or other items added to, and not normally associated with, clothing and the
L0:materials and components thereof. Clothing includes items such as outerwear,
L0:headwear, underwear, nightwear, footwear, hosiery, handwear, belts, badges, and
L0:insignia.

L2:(3)(i) Tents and structural components of tents;

L1:(ii) Tarpaulins; or

L1:(iii) Covers.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(4) Cotton and other natural fiber products.

L1:(5) Woven silk or woven silk blends.

L1:(6) Spun silk yarn for cartridge cloth.

L1:(7) Synthetic fabric, and coated synthetic fabric, including all textile fibers and

L0:yarns that are for use in such fabrics.

L1:(8) Canvas products.

L1:(9) Wool (whether in the form of fiber or yarn or contained in fabrics, materials,

L0:or manufactured articles).

L1:(10) Any item of individual equipment (Federal Supply Class 8465)

L0:manufactured from or containing fibers, yarns, fabrics, or materials listed in this

L0:paragraph (b).

L1:(c) This clause does not apply?

L1:(1) To items listed in section 25.104(a) of the Federal Acquisition Regulation, or

L0:other items for which the Government has determined that a satisfactory quality and

L0:sufficient quantity cannot be acquired as and when needed at U.S. market prices;

L1:(2) To incidental amounts of cotton, other natural fibers, or wool incorporated in

L0:an end product, for which the estimated value of the cotton, other natural fibers, or

L0:wool?

L1:(i) Is not more than 10 percent of the total price of the end product; and

L1:(ii) Does not exceed the threshold at Defense Federal Acquisition Regulation

L0:Supplement 225.7002-2(a);

L1:(3) To waste and byproducts of cotton or wool fiber for use in the production of

L0:propellants and explosives;

L1:(4) To foods, other than fish, shellfish, or seafood, that have been manufactured

L0:or processed in the United States, regardless of where the foods (and any component if

L0:applicable) were grown or produced. Fish, shellfish, or seafood manufactured or

L0:processed in the United States and fish, shellfish, or seafood contained in foods

L0:manufactured or processed in the United States shall be provided in accordance with

L0:paragraph (d) of this clause;

L1:(5) To chemical warfare protective clothing produced in a qualifying country; or

L1:(6) To fibers and yarns that are for use in synthetic fabric or coated synthetic

L0:fabric (but does apply to the synthetic or coated synthetic fabric itself), if?

L1:(i) The fabric is to be used as a component of an end product that is not a

L0:textile product. Examples of textile products, made in whole or in part of fabric,

L0:include?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Group 72, Household and Commercial Furnishings and Appliances);

L1:(A) Draperies, floor coverings, furnishings, and bedding (Federal Supply

L1:(B) Items made in whole or in part of fabric in Federal Supply Group

L0:83, Textile/leather/furs/apparel/findings/tents/flags, or Federal Supply Group 84,
 L0:Clothing, Individual Equipment and Insignia;
 L1:(C) Upholstered seats (whether for household, office, or other use); and
 L1:(D) Parachutes (Federal Supply Class 1670); or
 L1:(ii) The fibers and yarns are para-aramid fibers and continuous filament
 L0:para-aramid yarns manufactured in a qualifying country.
 L2:(d)(1) Fish, shellfish, and seafood delivered under this contract, or contained in foods
 L0:delivered under this contract?
 L1:(i) Shall be taken from the sea by U.S.-flag vessels; or
 L1:(ii) If not taken from the sea, shall be obtained from fishing within the
 L0:United States; and
 L1:(2) Any processing or manufacturing of the fish, shellfish, or seafood shall be
 L0:performed on a U.S.-flag vessel or in the United States.

252.225-7013 Duty-Free Entry

Status: active

L0:252.225-7013 Duty-Free Entry.
 L0:As prescribed in 225.601(4), use the following clause:
 L0:(End of clause)
L0:DUTY-FREE ENTRY (AUG 2025)
 L1:(a) Definitions. As used in this clause?
 L0:Component, means any item supplied to the Government as part of an end product
 L0:or of another component.
 L0:Customs territory of the United States means the 50 States, the District of
 L0:Columbia, and Puerto Rico.
 L0:Eligible product means?
 L1:(1) Designated country end product, as defined in the Trade Agreements
 L0:(either basic or alternate) clause of this contract;
 L1:(2) Free Trade Agreement country end product, other than a Bahraini end
 L0:product, a Moroccan end product, a Panamanian end product, or a Peruvian end
 L0:product, as defined in the Buy American Free Trade Agreements Balance of
 L0:Payments Program (either basic or alternate II) clause of this contract, basic or its
 L0:Alternate II; or
 L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
 L0:Defense FAR Supplement (DFARS) Part 225
 L1:(3) Free Trade Agreement country end product other than a Bahraini end
 L0:product, Korean end product, Moroccan end product, Panamanian end product, or
 L0:Peruvian end product, as defined in of the Buy American Free Trade Agreements?
 L0:Balance of Payments Program (either alternate IV or alternate V) clause of this
 L0:contract.
 L0:Qualifying country and qualifying country end product have the meanings given
 L0:in the Trade Agreements clause, the Buy American and Balance of Payments Program
 L0:clause, or the Buy American Free Trade Agreements Balance of Payments Program

L0:clause of this contract, basic or alternate.

L1:(b) Except as provided in paragraph (i) of this clause, or unless supplies were

L0:imported into the customs territory of the United States before the date of this contract

L0:or the applicable subcontract, the price of this contract shall not include any amount for

L0:duty on?

L1:(1) End items that are eligible products or qualifying country end products;

L1:(2) Components (including, without limitation, raw materials and intermediate

L0:assemblies) produced or made in qualifying countries, that are to be incorporated in

L0:U.S.- made end products to be delivered under this contract; or

L1:(3) Other supplies for which the Contractor estimates that duty will exceed

L0:\$300 per shipment into the customs territory of the United States.

L1:(c) The Contractor shall?

L1:(1) Claim duty-free entry only for supplies that the Contractor intends to deliver

L0:to the Government under this contract, either as end items or components of end items;

L0:and

L1:(2) Pay duty on supplies, or any portion thereof, that are diverted to

L0:nongovernmental use, other than?

L1:(i) Scrap or salvage; or

L1:(ii) Competitive sale made, directed, or authorized by the Contracting

L0:Officer.

L1:(d) Except as the Contractor may otherwise agree, the Government will execute

L0:duty-free entry certificates and will afford such assistance as appropriate to obtain the

L0:duty-free entry of supplies?

L1:(1) For which no duty is included in the contract price in accordance with

L0:paragraph (b) of this clause; and

L1:(2) For which shipping documents bear the notation specified in paragraph (e)

L0:of this clause.

L1:(e) For foreign supplies for which the Government will issue duty-free entry

L0:certificates in accordance with this clause, shipping documents submitted to Customs

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:shall?

L1:(1) Consign the shipments to the appropriate?

L1:(i) Military department in care of the Contractor, including the Contractor?s

L0:delivery address; or

L1:(ii) Military installation; and

L1:(2) Include the following information:

L1:(i) Prime contract number and, if applicable, delivery order number.

L1:(ii) Number of the subcontract for foreign supplies, if applicable.

L1:(iii) Identification of the carrier.

L2:(iv)(A) For direct shipments to a U.S. military installation, the notation:

L0:UNITED STATES GOVERNMENT, DEPARTMENT OF DEFENSE Duty-Free Entry

L0:to be claimed pursuant to Section XXII, Chapter 98, Subchapter VIII, Item 9808.00.30

L0:of the Harmonized Tariff Schedule of the United States. Upon arrival of shipment at

L0:the appropriate port of entry, District Director of Customs, please release shipment

L0:under 19 CFR Part 142 and notify Defense Contract Management Agency (DCMA) St. Louis, MO, ATTN: Duty Free Entry Team, 1222 Spruce Street, Room 9.300, St. Louis, MO 63103-2812, for execution of Customs Form 7501, 7501A, or 7506 and any required duty-free entry certificates.?

L1:(B) If the shipment will be consigned to other than a military

L0:installation, e.g., a domestic contractor's plant, the shipping document notation shall be

L0:altered to include the name and address of the contractor, agent, or broker who will

L0:notify DCMA St. Louis, Duty Free Entry Team, for execution of the duty-free entry

L0:certificate. (If the shipment will be consigned to a contractor's plant and no duty-free

L0:entry certificate is required due to a trade agreement, the Contractor shall claim duty-

L0:free entry under the applicable trade agreement and shall comply with the U.S.

L0:Customs Service requirements. No notification to DCMA St. Louis, Duty Free Entry

L0:Team, is required.)

L1:(v) Gross weight in pounds (if freight is based on space tonnage, state cubic

L0:feet in addition to gross shipping weight).

L1:(vi) Estimated value in U.S. dollars.

L1:(vii) Activity address number of the contract administration office

L0:administering the prime contract, e.g., for DCMA Dayton, S3605A.

L1:(f) Preparation of customs forms.

L2:(1)(i) Except for shipments consigned to a military installation, the Contractor

L0:shall?

L1:(A) Prepare any customs forms required for the entry of foreign supplies

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:into the customs territory of the United States in connection with this contract; and

L1:(B) Submit the completed customs forms to the District Director of

L0:Customs, with a copy to DCMA St. Louis, Duty Free Entry Team for execution of any

L0:required duty-free entry certificates.

L1:(ii) Shipments consigned directly to a military installation will be released

L0:in accordance with sections 10.101 and 10.102 of the U.S. Customs regulations.

L1:(2) For shipments containing both supplies that are to be accorded duty-free

L0:entry and supplies that are not, the Contractor shall identify on the customs forms

L0:those items that are eligible for duty-free entry.

L1:(g) The Contractor shall?

L1:(1) Prepare (if the Contractor is a foreign supplier), or shall instruct the foreign

L0:supplier to prepare, a sufficient number of copies of the bill of lading (or other shipping

L0:document) so that at least two of the copies accompanying the shipment will be

L0:available for use by the District Director of Customs at the port of entry;

L1:(2) Consign the shipment as specified in paragraph (e) of this clause; and

L1:(3) Mark on the exterior of all packages?

L1:(i) ?UNITED STATES GOVERNMENT, DEPARTMENT OF DEFENSE?;

L0:and

L1:(ii) The activity address number of the contract administration office

L0:administering the prime contract.

L1:(h) The Contractor shall notify the Administrative Contracting Officer (ACO) in

L0:writing of any purchase of eligible products or qualifying country supplies to be
L0:accorded duty-free entry, that are to be imported into the customs territory of the
L0:United States for delivery to the Government or for incorporation in end items to be
L0:delivered to the Government. The Contractor shall furnish the notice to the ACO
L0:immediately upon award to the supplier and shall include in the notice?
L1:(1) The Contractor's name, address, and Commercial and Government Entity
L1:(CAGE) code;
L1:(2) Prime contract number and, if applicable, delivery order number;
L1:(3) Total dollar value of the prime contract or delivery order;
L1:(4) Date of the last scheduled delivery under the prime contract or delivery
L0:order;
L1:(5) Foreign supplier's name and address;
L1:(6) Number of the subcontract for foreign supplies;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(7) Total dollar value of the subcontract for foreign supplies;
L1:(8) Date of the last scheduled delivery under the subcontract for foreign
L0:supplies;
L1:(9) List of items purchased;
L1:(10) An agreement that the Contractor will pay duty on supplies, or any portion
L0:thereof, that are diverted to nongovernmental use other than?
L1:(i) Scrap or salvage; or
L1:(ii) Competitive sale made, directed, or authorized by the Contracting
L0:Officer;
L1:(11) Country of origin; and
L1:(12) Scheduled delivery date(s).
L1:(i) This clause does not apply to purchases of eligible products or qualifying country
L0:supplies in connection with this contract if?
L1:(1) The supplies are identical in nature to supplies purchased by the Contractor
L0:or any subcontractor in connection with its commercial business; and
L1:(2) It is not economical or feasible to account for such supplies so as to ensure
L0:that the amount of the supplies for which duty-free entry is claimed does not exceed the
L0:amount purchased in connection with this contract.
L1:(j) The Contractor shall?
L1:(1) Insert the substance of this clause, including this paragraph (j), in all
L0:subcontracts for?
L1:(i) Qualifying country components; or
L1:(ii) Nonqualifying country components for which the Contractor estimates
L0:that duty will exceed \$200 per unit;
L1:(2) Require subcontractors to include the number of this contract on all shipping
L0:documents submitted to Customs for supplies for which duty-free entry is claimed
L0:pursuant to this clause; and
L1:(3) Include in applicable subcontracts?
L1:(i) The name and address of the ACO for this contract;
L1:(ii) The name, address, and activity address number of the contract

L0:administration office specified in this contract; and
L1:(iii) The information required by paragraphs (h)(1), (2), and (3) of this
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:clause.

252.225-7014 Reserved

Status: active

L0:252.225-7014 Reserved.
L0:(End of clause)

252.225-7015 Restriction on Acquisition of Hand or Measuring Tools

Status: active

L0:252.225-7015 Restriction on Acquisition of Hand or Measuring Tools.
L0:As prescribed in 225.7002-3(b), use the following clause:
L0:RESTRICTION ON ACQUISITION OF HAND OR MEASURING TOOLS
L0:(JUN 2005)
L0:Hand or measuring tools delivered under this contract shall be produced in the United
L0:States or its outlying areas.
L0:(End of clause)

252.225-7016 Restriction on Acquisition of Ball and Roller Bearings

Status: active

L0:252.225-7016 Restriction on Acquisition of Ball and Roller Bearings.
L0:As prescribed in 225.7009-5, use the following clause:
L0:RESTRICTION ON ACQUISITION OF BALL AND ROLLER BEARINGS
L0:(JAN 2023)
L1:(a) Definitions. As used in this clause?
L1:(1) ?Bearing components? means the bearing element, retainer, inner race, or
L0:outer race.
L1:(2) ?Component,? other than a bearing component, means any item supplied to
L0:the Government as part of an end product or of another component.
L1:(3) ?End product? means supplies delivered under a line item of this contract.
L1:(b) Except as provided in paragraph (c) of this clause?
L1:(1) Each ball and roller bearing delivered under this contract shall be
L0:manufactured in the United States, its outlying areas, or Canada; and
L1:(2) For each ball or roller bearing, the cost of the bearing components
L0:manufactured in the United States, its outlying areas, or Canada shall exceed 50
L0:percent of the total cost of the bearing components of that ball or roller bearing.
L0:.

L1:(c) The restriction in paragraph (b) of this clause does not apply to ball or roller
L0:bearings that are acquired as?

L1:(1) Commercial components of an other than commercial end product; or

L1:(2) Commercial or other than commercial components of a commercial
L0:component of an other than commercial end product.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(d) The restriction in paragraph (b) of this clause may be waived upon request from

L0:the Contractor in accordance with subsection 225.7009-4 of the Defense Federal
L0:Acquisition Regulation Supplement.

L1:(e) If this contract includes DFARS clause 252.225-7009, Restriction on Acquisition

L0:of Certain Articles Containing Specialty Metals, all bearings that contain specialty
L0:metals, as defined in that clause, must meet the requirements of that clause.

L1:(f) Subcontracts. The Contractor shall insert the substance of this clause, including
L0:this paragraph (f), in all subcontracts, except those for?

L1:(1) Commercial products; or

L1:(2) Items that do not contain ball or roller bearings.

L0:(End of clause)

252.225-7017 Photovoltaic Devices

Status: active

L0:252.225-7017 Photovoltaic Devices.

L0:As prescribed in 225.7017-4(a), use the following clause:

L0:PHOTOVOLTAIC DEVICES (MAR 2024)

L1:(a) Definitions. As used in this clause?

L0:?'Bahraini photovoltaic device?' means a photovoltaic device that?

L1:(1) Is wholly manufactured in Bahrain; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Bahrain into

L0:a new and different article of commerce with a name, character, or use distinct from

L0:that of the article or articles from which it was transformed, provided that the

L0:photovoltaic device is not subsequently substantially transformed outside of

L0:Bahrain.

L0:?'Caribbean Basin country photovoltaic device?' means a photovoltaic device that?

L1:(1) Is wholly manufactured in a Caribbean Basin country; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Caribbean

L0:Basin country into a new and different article of commerce with a name, character, or

L0:use distinct from that of the article or articles from which it was transformed, provided

L0:that the photovoltaic device is not subsequently substantially transformed outside of a

L0:Caribbean Basin country.

L0:?'Designated country?' means?

L1:(1) A World Trade Organization Government Procurement Agreement (WTO)

L0:GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, L0:Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25 L0:Defense FAR Supplement (DFARS) Part 225 L0:Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), L0:Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, L0:Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, L0:Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in L0:the World Trade Organization as ?the Separate Customs Territory of Taiwan, Penghu, L0:Kinmen, and Matsu? (Chinese Taipei)), Ukraine, or the United Kingdom); L1:(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, L0:Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic L0:of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore); L1:(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, L0:Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, L0:Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago). L0: ?Designated country photovoltaic device? means a WTO GPA country photovoltaic L0:device, a Free Trade Agreement country photovoltaic device, a least developed country L0:photovoltaic device, or a Caribbean Basin country photovoltaic device. L0: ?Domestic photovoltaic device? means a photovoltaic device that is manufactured in L0:the United States L0: ?Foreign photovoltaic device? means a photovoltaic device other than a domestic L0:photovoltaic device. L0: ?Free Trade Agreement country? means Australia, Bahrain, Chile, Colombia, Costa L0:Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), L0:Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore. L0: ?Free Trade Agreement country photovoltaic device? means a photovoltaic device L0:that? L1:(1) Is wholly manufactured in a Free Trade Agreement country; or L1:(2) In the case of a photovoltaic device that consists in whole or in part of L0:materials from another country, has been substantially transformed in a Free Trade L0:Agreement country into a new and different article of commerce with a name, L0:character, or use distinct from that of the article or articles from which it was L0:transformed, provided that the photovoltaic device is not subsequently substantially L0:transformed outside of a Free Trade Agreement country. L0: ?Korean photovoltaic device? means a photovoltaic device that? L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Is wholly manufactured in Korea (Republic of); or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Korea (Republic

L0:of) into a new and different article of commerce with a name, character, or use distinct

L0:from that of the article or articles from which it was transformed, provided that the

L0:photovoltaic device is not subsequently substantially transformed outside of Korea

L0:(Republic of).

L0:?Least developed country photovoltaic device? means a photovoltaic device that?

L1:(1) Is wholly manufactured in a least developed country; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a least

L0:developed country into a new and different article of commerce with a name, character,

L0:or use distinct from that of the article or articles from which it was transformed,

L0:provided that the photovoltaic device is not subsequently substantially transformed

L0:outside of a least developed country.

L0:?Moroccan photovoltaic device? means a photovoltaic device that?

L1:(1) Is wholly manufactured in Morocco; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Morocco into a

L0:new and different article of commerce with a name, character, or use distinct from that

L0:of the article or articles from which it was transformed, provided that the photovoltaic

L0:device is not subsequently substantially transformed outside of Morocco.

L0:?Panamanian photovoltaic device? means a photovoltaic device that?

L1:(1) Is wholly manufactured in Panama; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Panama into

L0:a new and different article of commerce with a name, character, or use distinct from

L0:that of the article or articles from which it was transformed, provided that the

L0:photovoltaic device is not subsequently substantially transformed outside of

L0:Panama.

L0:?Peruvian photovoltaic device? means a photovoltaic device that?

L1:(1) Is wholly manufactured in Peru; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Peru into a new

L0:and different article of commerce with a name, character, or use distinct from that of

L0:the article or articles from which it was transformed, provided that the photovoltaic

L0:device is not subsequently substantially transformed outside of Peru.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?Photovoltaic device? means a device that converts light directly into electricity

L0:through a solid-state, semiconductor process.

L0:?Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the

L0:other country or services performed by sources of the other country, and the
L0:memorandum or agreement complies, where applicable, with the requirements of
L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia
L0:Austria
L0:Belgium
L0:Canada
L0:Czech Republic
L0:Denmark
L0:Egypt
L0:Estonia
L0:Finland
L0:France
L0:Germany
L0:Greece
L0:Israel
L0:Italy
L0:Japan
L0:Latvia
L0:Lithuania
L0:Luxembourg
L0:Netherlands
L0:Norway
L0:Poland
L0:Portugal
L0:Slovenia
L0:Spain
L0:Sweden
L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:?Qualifying country photovoltaic device? means a photovoltaic device manufactured
L0:in a qualifying country.

L0:?United States? means the 50 States, the District of Columbia, and outlying areas.

L0:?U.S.-made photovoltaic device? means a photovoltaic device that?

L1:(1) Is manufactured in the United States; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Is substantially transformed in the United States into a new and different

L0:article of commerce with a name, character, or use distinct from that of the article or

L0:articles from which it was transformed, provided that the photovoltaic device is not

L0:subsequently substantially transformed outside of the United States.

L0:?WTO GPA country photovoltaic device? means a photovoltaic device that?

L1:(1) Is wholly manufactured in a WTO GPA country; or

L1:(2) In the case of a photovoltaic device that consists in whole or in part of
L0:materials from another country, has been substantially transformed in a WTO GPA
L0:country into a new and different article of commerce with a name, character, or use
L0:distinct from that of the article or articles from which it was transformed, provided that
L0:the photovoltaic device is not subsequently substantially transformed outside of a WTO
L0:GPA country.

L1:(b) This clause implements section 846 of the National Defense Authorization Act
L0:for Fiscal Year 2011 (Pub. L. 111-383).

L1:(c) Restriction. If the Contractor specified in its offer in the Photovoltaic Devices?
L0:Certificate provision of the solicitation that the estimated value of the photovoltaic
L0:devices to be utilized in performance of this contract would be?

L1:(1) More than the micro-purchase threshold but less than \$100,000, then the
L0:Contractor shall utilize only domestic photovoltaic devices unless, in its offer, it
L0:specified utilization of qualifying country or other foreign photovoltaic devices in
L0:paragraph (d)(2) of the Photovoltaic Devices?Certificate provision of the solicitation.

L1:(2) \$100,000 or more but less than \$102,280, then the Contractor shall utilize
L0:under this contract only domestic photovoltaic devices unless, in its offer, it specified
L0:utilization of Free Trade Agreement country photovoltaic devices (other than Bahraini,
L0:Korean, Moroccan, Panamanian, or Peruvian photovoltaic devices), qualifying country
L0:photovoltaic devices, or other foreign photovoltaic devices in paragraph (d)(4) of the
L0:Photovoltaic Devices?Certificate provision of the solicitation. If the Contractor
L0:certified in its offer that it will utilize a Free Trade Agreement country photovoltaic
L0:device (other than a Bahraini, Korean, Moroccan, Panamanian, or Peruvian
L0:photovoltaic device) or a qualifying country photovoltaic device, then the Contractor
L0:shall utilize a Free Trade Agreement country photovoltaic device (other than a
L0:Bahraini, Korean, Moroccan, Panamanian, or Peruvian photovoltaic device) or a
L0:qualifying country photovoltaic device; or, at the Contractor?s option, a domestic
L0:photovoltaic device;

L1:(3) \$100,000 or more but less than \$174,000, then the Contractor shall utilize
L0:under this contract only domestic photovoltaic devices, unless, in its offer it specified
L0:utilization of Free Trade Agreement country photovoltaic devices (other than Bahraini,
L0:Moroccan, Panamanian, or Peruvian photovoltaic devices), qualifying country
L0:photovoltaic devices, or other foreign photovoltaic devices in paragraph (d)(5) of the
L0:Photovoltaic Devices?Certificate provision of the solicitation. If the Contractor
L0:certified in its offer that it will utilize a Free Trade Agreement country photovoltaic
L0:device (other than a Bahraini, Moroccan, Panamanian, or Peruvian photovoltaic device)
L0:or a qualifying country photovoltaic device, then the Contractor shall utilize a Free
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L0:Trade Agreement country photovoltaic device (other than a Bahraini, Moroccan,
L0:Panamanian, or Peruvian photovoltaic device) or a qualifying country photovoltaic
L0:device; or, at the Contractor?s option, a domestic photovoltaic device; or

L1:(4) \$174,000 or more, then the Contractor shall utilize under this contract only
L0:U.S.-made, designated country, or qualifying country photovoltaic devices.

252.225-7018 Photovoltaic Devices?Certificate

Status: active

L0:252.225-7018 Photovoltaic Devices?Certificate.

L0:As prescribed in 225.7017-4(b), use the following provision:

L0:(End of clause)

L0:PHOTOVOLTAIC DEVICES?CERTIFICATE (MAR 2024)

L1:(a) Definitions. ?Bahraini photovoltaic device,? ?Caribbean Basin photovoltaic

L0:device,? ?designated country,? ?designated country photovoltaic device,? ?domestic

L0:photovoltaic device,? ?foreign photovoltaic device,? ?Free Trade Agreement country,?

L0:?Free Trade Agreement photovoltaic device,? ?Korean photovoltaic device,? ?least

L0:developed country photovoltaic device,? ?Moroccan photovoltaic device,? ?Panamanian

L0:photovoltaic device,? ?Peruvian photovoltaic device,? ?photovoltaic device,? ?qualifying

L0:country,? ?qualifying country photovoltaic device,? ?United States,? ?U.S.-made

L0:photovoltaic device,? and ?WTO GPA country photovoltaic device? have the meanings

L0:given in the Photovoltaic Devices clause of this solicitation.

L1:(b) Restrictions. The following restrictions apply, depending on the estimated

L0:aggregate value of photovoltaic devices to be utilized under a resultant contract:

L1:(1) If more than the micro-purchase threshold but less than \$174,000, then the

L0:Government will not accept an offer specifying the use of other foreign photovoltaic

L0:devices in paragraph (d)(2)(ii), (d)(3)(ii), (d)(4)(ii), or (d)(5)(ii) of this provision, unless the

L0:Offeror documents to the satisfaction of the Contracting Officer that the price of the

L0:foreign photovoltaic device plus 50 percent is less than the price of a comparable

L0:domestic photovoltaic device.

L1:(2) If \$174,000 or more, then the Government will consider only offers that

L0:utilize photovoltaic devices that are U.S.-made, qualifying country, or designated

L0:country photovoltaic devices.

L1:(c) Country in which a designated country photovoltaic device was wholly

L0:manufactured or was substantially transformed. If the estimated value of the

L0:photovoltaic devices to be utilized under a resultant contract exceeds \$102,280, the

L0:Offeror?s certification that such photovoltaic device (e.g., solar panel) is a designated

L0:country photovoltaic device shall be consistent with country of origin determinations by

L0:the U.S. Customs and Border Protection with regard to importation of the same or

L0:similar photovoltaic devices into the United States. If the Offeror is uncertain as to

L0:what the country of origin would be determined to be by the U.S. Customs and Border

L0:Protection, the Offeror shall request a determination from U.S. Customs and Border

L0:Protection. (See <https://www.cbp.gov/trade/rulings>.)

L1:(d) Certification and identification of country of origin.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:[The Offeror shall check the block and fill in the blank for one of the following

L0:paragraphs, based on the estimated value and the country of origin of photovoltaic

L0:devices to be utilized in performance of the contract:]

L0:___ (1) No photovoltaic devices will be utilized in performance of the contract, or

L0:such photovoltaic devices have an estimated value that does not exceed the micro-

L0:purchase threshold.

L1:(2) If more than the micro-purchase threshold but less than \$100,000?

L0:___ (i) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a domestic photovoltaic device;

L0:___ (ii) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a qualifying country photovoltaic device [Offeror to specify

L0:country of origin_____]; or

L0:___ (iii) The foreign (other than qualifying country) photovoltaic devices to be

L0:utilized in performance of the contract are the product of _____. [Offeror

L0:to specify country of origin, if known, and provide documentation that the cost of a

L0:domestic photovoltaic device would be unreasonable in comparison to the cost of the

L0:proposed foreign photovoltaic device, i.e. that the price of the foreign photovoltaic device

L0:plus 50 percent is less than the price of a comparable domestic photovoltaic device.]

L1:(3) If less than \$100,000?

L0:___ (i) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a domestic photovoltaic device;

L0:___ (ii) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a qualifying country photovoltaic device [Offeror to specify

L0:country of origin_____]; or

L0:___ (iii) The foreign photovoltaic devices to be utilized in performance of the

L0:contract are the product of _____. [Offeror to specify country of origin, if

L0:known, and provide documentation that the cost of a domestic photovoltaic device would

L0:be unreasonable in comparison to the cost of the proposed foreign photovoltaic device, i.e.

L0:that the price of the foreign photovoltaic device plus 50 percent is less than the price of a

L0:comparable domestic photovoltaic device.]

L1:(4) If \$100,000 or more but less than \$102,280?

L0:___ (i) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a domestic photovoltaic device;

L0:___ (ii) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a Free Trade Agreement country photovoltaic device

L0:(other than a Bahraini, Korean, Moroccan, Panamanian, or Peruvian photovoltaic

L0:device) or a qualifying country photovoltaic device [Offeror to specify country of

L0:origin_____]; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:___ (iii) The offered foreign photovoltaic devices (other than those from

L0:countries listed in paragraph (d)(4)(ii) of this provision) are the product of

L0:_____. [Offeror to specify country of origin, if known, and provide

L0:documentation that the cost of a domestic photovoltaic device would be unreasonable in

L0:comparison to the cost of the proposed foreign photovoltaic device, i.e. that the price of the

L0:foreign photovoltaic device plus 50 percent is less than the price of a comparable domestic

L0:photovoltaic device.]

L1:(5) If \$100,000 or more but less than \$174,000?

L0:___ (i) The Offeror certifies that each photovoltaic device to be utilized in

L0:performance of the contract is a domestic photovoltaic device;

L0:___ (ii) The Offeror certifies that each photovoltaic device to be utilized in
L0:performance of the contract is a Free Trade Agreement country photovoltaic device
L0:(other than a Bahraini, Moroccan, Panamanian, or Peruvian photovoltaic device) or a
L0:qualifying country photovoltaic device [Offeror to specify country of origin_____];
L0:or
L0:___ (iii) The offered foreign photovoltaic devices (other than those from
L0:countries listed in paragraph (d)(5)(ii) of this provision) are the product of _____.
L0:[Offeror to specify country of origin, if known, and provide documentation that the cost of
L0:a domestic photovoltaic device would be unreasonable in comparison to the cost of the
L0:proposed foreign photovoltaic device, i.e. that the price of the foreign photovoltaic device
L0:plus 50 percent is less than the price of a comparable domestic photovoltaic device.]
L1:(6) If \$174,000 or more, the Offeror certifies that each photovoltaic device to be
L0:used in performance of the contract is?
L0:___ (i) A U.S.-made photovoltaic device; or
L0:___ (ii) A designated country photovoltaic device or a qualifying country
L0:photovoltaic device. [Offeror to specify country of origin_____].
L0:(End of provision)

252.225-7019 Restriction on Acquisition of Anchor and Mooring Chain

Status: active

L0:252.225-7019 Restriction on Acquisition of Anchor and Mooring Chain.
L0:As prescribed in 225.7004-7(a), use the following clause:
L0:RESTRICTION ON ACQUISITION OF ANCHOR AND MOORING CHAIN
L0:(MAY 2024)
L1:(a) Definition. As used in this clause?
L0:?"Component?" means an article, material, or supply incorporated directly into an end
L0:product.
L1:(b) Welded shipboard anchor and mooring chain delivered under this contract?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(1) Shall be manufactured in the United States or its outlying areas, including
L0:cutting, heat treating, quality control, testing, and welding (both forging and shot
L0:blasting process); and
L1:(2) The cost of the components manufactured in the United States or its
L0:outlying areas shall exceed 50 percent of the total cost of components.
L1:(c) The Contractor may request a waiver of this restriction if adequate domestic
L0:supplies meeting the requirements in paragraph (a) of this clause are not available to
L0:meet the contract delivery schedule.
L1:(d) The Contractor shall insert the substance of this clause, including this
L0:paragraph (d), in all subcontracts for items containing welded shipboard anchor and
L0:mooring chain.
L0:(End of clause)

252.225-7020 Trade Agreements Certificate

Status: active

L0:252.225-7020 Trade Agreements Certificate.

L0:Basic. As prescribed in 225.601(5), use the following provision:

L0:TRADE AGREEMENTS CERTIFICATE?BASIC (NOV 2014)

L1:(a) Definitions. ?Designated country end product,? ?nondesignated country end

L0:product,? ?qualifying country end product,? and ?U.S.-made end product? as used in this

L0:provision have the meanings given in the Trade Agreements?Basic clause of this

L0:solicitation.

L1:(b) Evaluation. The Government?

L1:(1) Will evaluate offers in accordance with the policies and procedures of Part

L0:225 of the Defense Federal Acquisition Regulation Supplement; and

L1:(2) Will consider only offers of end products that are U.S.-made, qualifying

L0:country, or designated country end products unless?

L1:(i) There are no offers of such end products;

L1:(ii) The offers of such end products are insufficient to fulfill the

L0:Government?s requirements; or

L1:(iii) A national interest waiver has been granted.

L1:(c) Certification and identification of country of origin.

L1:(1) For all line items subject to the Trade Agreements?Basic clause of this

L0:solicitation, the offeror certifies that each end product to be delivered under this

L0:contract, except those listed in paragraph (c)(2) of this provision, is a U.S.-made,

L0:qualifying country, or designated country end product.

L1:(2) The following supplies are other nondesignated country end products:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:(Line Item Number)

L0:(Country of Origin)

L0:(End of provision)

L0:Alternate I. [Reserved]

252.225-7021 Trade Agreements

Status: active

L0:252.225-7021 Trade Agreements.

L0:Basic. As prescribed in 225.601(6), use the following clause:

L0:TRADE AGREEMENTS?BASIC (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Caribbean Basin country end product??

L1:(1) Means an article that?

L1:(i) Is wholly the growth, product, or manufacture of a Caribbean Basin

L0:country; or

L1:(ii) In the case of an article that consists in whole or in part of materials

L0:from another country, has been substantially transformed in a Caribbean Basin country
 L0:into a new and different article of commerce with a name, character, or use distinct
 L0:from that of the article or articles from which it was transformed. The term refers to a
 L0:product offered for purchase under a supply contract, but for purposes of calculating the
 L0:value of the end product includes services (except transportation services) incidental to
 L0:its supply, provided that the value of those incidental services does not exceed the value
 L0:of the product itself; and

L1:(2) Excludes products, other than petroleum and any product derived from

L0:petroleum, that are not granted duty-free treatment under the Caribbean Basin

L0:Economic Recovery Act (19 U.S.C. 2703(b)). These exclusions presently consist of?

L1:(i) Textiles, apparel articles, footwear, handbags, luggage, flat goods, work

L0:gloves, leather wearing apparel, and handloomed, handmade, or folklore articles that

L0:are not granted duty-free status in the Harmonized Tariff Schedule of the United States

L1:(HTSUS);

L1:(ii) Tuna, prepared or preserved in any manner in airtight containers; and

L1:(iii) Watches and watch parts (including cases, bracelets, and straps) of

L0:whatever type, including, but not limited to, mechanical, quartz digital, or quartz

L0:analog, if such watches or watch parts contain any material that is the product of any

L0:country to which the HTSUS column 2 rates of duty (HTSUS General Note 3(b)) apply.

L0:Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:commercial product? in section 2.101 of the Federal Acquisition Regulation);

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:Designated country? means?

L1:(1) A World Trade Organization Government Procurement Agreement (WTO

L0:GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada,

L0:Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany,

L0:Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),

L0:Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro,

L0:Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania,

L0:Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in

L0:the World Trade Organization as ?the Separate Customs Territory of Taiwan, Penghu,

L0:Kinmen, and Matsu? (Chinese Taipei)), Ukraine, or the United Kingdom);

L1:(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia,

L0:Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic

L0:of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

L1:(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin,

L0:Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros,

L0:Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia,

L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi,

L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe,

L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste,

L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas,

L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada,

L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent

L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

L0:Designated country end product? means a WTO GPA country end product, a Free

L0:Trade Agreement country end product, a least developed country end product, or a

L0:Caribbean Basin country end product.

L0:End product? means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Free Trade Agreement country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a Free Trade Agreement

L0:country into a new and different article of commerce with a name, character, or use

L0:distinct from that of the article or articles from which it was transformed. The term

L0:refers to a product offered for purchase under a supply contract, but for purposes of

L0:calculating the value of the end product includes services (except transportation

L0:services) incidental to its supply, provided that the value of those incidental services

L0:does not exceed the value of the product itself.

L0:Least developed country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a least developed country;

L0:or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a least developed country into a

L0:new and different article of commerce with a name, character, or use distinct from that

L0:of the article or articles from which it was transformed. The term refers to a product

L0:offered for purchase under a supply contract, but for purposes of calculating the value of

L0:the end product includes services (except transportation services) incidental to its

L0:supply, provided that the value of those incidental services does not exceed the value of

L0:the product itself.

L0:Nondesignated country end product? means any end product that is not a U.S.-

L0:made end product or a designated country end product.

L0:Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the
L0:other country or services performed by sources of the other country, and the
L0:memorandum or agreement complies, where applicable, with the requirements of
L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:?Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds 60 percent of the

L0:cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States; or

L1:(ii) The end product is a COTS item.

L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L0:U.S.-made end product? means an article that?

L1:(1) Is mined, produced, or manufactured in the United States; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Is substantially transformed in the United States into a new and different

L0:article of commerce with a name, character, or use distinct from that of the article or

L0:articles from which it was transformed.

L0:WTO GPA country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a WTO GPA country into a new

L0:and different article of commerce with a name, character, or use distinct from that of

L0:the article or articles from which it was transformed. The term refers to a product

L0:offered for purchase under a supply contract, but for purposes of calculating the value of

L0:the end product includes services (except transportation services) incidental to its

L0:supply, provided that the value of those incidental services does not exceed the value of

L0:the product itself.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only U.S.-made, qualifying

L0:country, or designated country end products unless?

L1:(1) In its offer, the Contractor specified delivery of other nondesignated country

L0:end products in the Trade Agreements Certificate provision of the solicitation; and

L2:(2)(i) Offers of U.S.-made, qualifying country, or designated country end

L0:products from responsive, responsible offerors are either not received or are insufficient

L0:to fill the Government's requirements; or

L1:(ii) A national interest waiver has been granted.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L1:(e) The HTSUS is available at <http://www.usitc.gov/tata/hts/bychapter/index.htm>.

L0:The following sections of the HTSUS provide information regarding duty-free status of

L0:articles specified in the definition of ?Caribbean Basic country end product? within

L0:paragraph (a) of this clause:

L1:(1) General Note 3(c), Products Eligible for Special Tariff Treatment.

L1:(2) General Note 17, Products of Countries Designated as Beneficiary Countries

L0:Under the United States?Caribbean Basin Trade Partnership Act of 2000.

L1:(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned,

L0:Advanced or Improved Abroad, U.S. Note 7(b).

L1:(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff

L0:Benefits Under the United States?Caribbean Basin Trade Partnership Act.

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Alternate I. [Reserved.]

L0:Alternate II. [Reserved.]

L0:Alternate III. As prescribed in 225.601(6) and (6)(i), use the following clause, which

L0:includes, in the definition of ?qualifying country end product? at paragraph (2)(i), the

L0:domestic content threshold that will apply to the entire contract period of performance.

L0:TRADE AGREEMENTS?ALTERNATE III (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Caribbean Basin country end product??

L1:(1) Means an article that?

L1:(i) Is wholly the growth, product, or manufacture of a Caribbean Basin

L0:country; or

L1:(ii) In the case of an article that consists in whole or in part of materials

L0:from another country, has been substantially transformed in a Caribbean Basin country

L0:into a new and different article of commerce with a name, character, or use distinct

L0:from that of the article or articles from which it was transformed. The term refers to a

L0:product offered for purchase under a supply contract, but for purposes of calculating the

L0:value of the end product includes services (except transportation services) incidental to

L0:its supply, provided that the value of those incidental services does not exceed the value

L0:of the product itself; and

L1:(2) Excludes products, other than petroleum and any product derived from

L0:petroleum, that are not granted duty-free treatment under the Caribbean Basin

L0:Economic Recovery Act (19 U.S.C. 2703(b)). These exclusions presently consist of?

L1:(i) Textiles, apparel articles, footwear, handbags, luggage, flat goods, work

L0:gloves, leather wearing apparel, and handloomed, handmade, or folklore articles that

L0:are not granted duty-free status in the Harmonized Tariff Schedule of the United States

L1:(HTSUS);

L1:(ii) Tuna, prepared or preserved in any manner in airtight containers; and

L1:(iii) Watches and watch parts (including cases, bracelets, and straps) of

L0:whatever type, including, but not limited to, mechanical, quartz digital, or quartz

L0:analog, if such watches or watch parts contain any material that is the product of any

L0:country to which the HTSUS column 2 rates of duty (HTSUS General Note 3(b)) apply.

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation);

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:Designated country? means?

L1:(1) A World Trade Organization Government Procurement Agreement (WTO

L0:GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada,

L0:Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany,

L0:Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),

L0:Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro,

L0:Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania,

L0:Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in

L0:the World Trade Organization as the Separate Customs Territory of Taiwan, Penghu,

L0:Kinmen, and Matsu? (Chinese Taipei)), Ukraine, or the United Kingdom);

L1:(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia,

L0:Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic

L0:of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

L1:(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin,

L0:Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros,

L0:Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia,

L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi,

L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe,

L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste,

L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas,

L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada,

L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent

L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

L0:Designated country end product? means a WTO GPA country end product, a Free

L0:Trade Agreement country end product, a least developed country end product, or a

L0:Caribbean Basin country end product.

L0:End product? means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0:Free Trade Agreement country end product? means an article that?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a Free Trade Agreement

L0:country into a new and different article of commerce with a name, character, or use

L0:distinct from that of the article or articles from which it was transformed. The term

L0:refers to a product offered for purchase under a supply contract, but for purposes of

L0:calculating the value of the end product includes services (except transportation

L0:services) incidental to its supply, provided that the value of those incidental services

L0:does not exceed the value of the product itself.

L0:?Least developed country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a least developed country;

L0:or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a least developed country into a

L0:new and different article of commerce with a name, character, or use distinct from that

L0:of the article or articles from which it was transformed. The term refers to a product

L0:offered for purchase under a supply contract, but for purposes of calculating the value of

L0:the end product includes services (except transportation services) incidental to its

L0:supply, provided that the value of those incidental services does not exceed the value of

L0:the product itself.

L0:?Nondesignated country end product? means any end product that is not a U.S.-

L0:made end product or a designated country end product.

L0:?Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the

L0:other country or services performed by sources of the other country, and the

L0:memorandum or agreement complies, where applicable, with the requirements of

L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland

L0:?Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States; or

L1:(ii) The end product is a COTS item.

L0:?United States? means the 50 States, the District of Columbia, and outlying areas.

L0:?U.S.-made end product? means an article that?

L1:(1) Is mined, produced, or manufactured in the United States; or

L1:(2) Is substantially transformed in the United States into a new and different

L0:article of commerce with a name, character, or use distinct from that of the article or

L0:articles from which it was transformed.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?WTO GPA country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a WTO GPA country into a new

L0:and different article of commerce with a name, character, or use distinct from that of

L0:the article or articles from which it was transformed. The term refers to a product

L0:offered for purchase under a supply contract, but for purposes of calculating the value of

L0:the end product includes services (except transportation services) incidental to its

L0:supply, provided that the value of those incidental services does not exceed the value of

L0:the product itself.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only U.S.-made, qualifying

L0:country, or designated country end products unless?

L1:(1) In its offer, the Contractor specified delivery of other nondesignated country

L0:end products in the Trade Agreements Certificate provision of the solicitation; and

L2:(2)(i) Offers of U.S.-made, qualifying country, or designated country end

L0:products from responsive, responsible offerors are either not received or are insufficient

L0:to fill the Government's requirements; or

L1:(ii) A national interest waiver has been granted.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L1:(e) The HTSUS is available at <http://www.usitc.gov/tata/hts/bychapter/index.htm>.

L0:The following sections of the HTSUS provide information regarding duty-free status of

L0:articles specified in the definition of "Caribbean Basin country end product" within

L0:paragraph (a) of this clause:

L1:(1) General Note 3(c), Products Eligible for Special Tariff Treatment.

L1:(2) General Note 17, Products of Countries Designated as Beneficiary Countries

L0:Under the United States-Caribbean Basin Trade Partnership Act of 2000.

L1:(3) Section XXII, Chapter 98, Subchapter II, Articles Exported and Returned,

L0:Advanced or Improved Abroad, U.S. Note 7(b).

L1:(4) Section XXII, Chapter 98, Subchapter XX, Goods Eligible for Special Tariff

L0:Benefits Under the United States-Caribbean Basin Trade Partnership Act.

Status: active

L0:252.225-7025 Restriction on Acquisition of Forgings.

L0:As prescribed in 225.7102-4, use the following clause:

L0:RESTRICTION ON ACQUISITION OF FORGINGS (DEC 2009)

L1:(a) Definitions. As used in this clause?

L1:(1) ?Component? means any item supplied to the Government as part of an end

L0:product or of another component.

L1:(2) ?Domestic manufacture? means manufactured in the United States, its

L0:outlying areas; or Canada.

L1:(3) ?Forging items? means?

L0:ITEMS

L0:CATEGORIES

L0:Ship propulsion shafts

L0:Periscope tubes

L0:Ring forgings for bull gears

L0:Excludes service and landing craft shafts

L0:All

L0:All greater than 120 inches in diameter

L1:(b) End products and their components delivered under this contract shall contain

L0:forging items that are of domestic manufacture only.

L1:(c) The restriction in paragraph (b) of this clause may be waived upon request from

L0:the Contractor in accordance with subsection 225.7102-3 of the Defense Federal

L0:Acquisition Regulation Supplement.

L1:(d) The Contractor shall retain records showing compliance with the restriction in

L0:paragraph (b) of this clause until 3 years after final payment and shall make the

L0:records available upon request of the Contracting Officer.

L1:(e) The Contractor shall insert the substance of this clause, including this

L0:paragraph (e), in subcontracts for forging items or for other items that contain forging

L0:items.

252.225-7027 Restriction on Contingent Fees for Foreign Military Sales

Status: active

L0:252.225-7027 Restriction on Contingent Fees for Foreign Military Sales.

L0:As prescribed in 225.7307(a), use the following clause.

L0:RESTRICTION ON CONTINGENT FEES FOR FOREIGN MILITARY SALES

L0:(APR 2003)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(a) Except as provided in paragraph (b) of this clause, contingent fees, as defined in

L0:the Covenant Against Contingent Fees clause of this contract, are generally an

L0:allowable cost, provided the fees are paid to?

L1:(1) A bona fide employee of the Contractor; or

L1:(2) A bona fide established commercial or selling agency maintained by the

L0:Contractor for the purpose of securing business.

L1:(b) For foreign military sales, unless the contingent fees have been identified and

L0:payment approved in writing by the foreign customer before contract award, the

L0:following contingent fees are unallowable under this contract:

L1:(1) For sales to the Government(s) of _____, contingent fees in any amount.

L1:(2) For sales to Governments not listed in paragraph (b)(1) of this clause,

L0:contingent fees exceeding \$50,000 per foreign military sale case.

L0:(End of clause)

252.225-7028 Exclusionary Policies and Practices of Foreign Governments

Status: active

L0:252.225-7028 Exclusionary Policies and Practices of Foreign Governments.

L0:As prescribed in 225.7307(b), use the following clause:

L0:EXCLUSIONARY POLICIES AND PRACTICES OF FOREIGN GOVERNMENTS

L0:(APR 2003)

L0:The Contractor and its subcontractors shall not take into account the exclusionary

L0:policies or practices of any foreign government in employing or assigning personnel, if?

L1:(a) The personnel will perform functions required by this contract, either in the

L0:United States or abroad; and

L1:(b) The exclusionary policies or practices of the foreign government are based on

L0:race, religion, national origin, or sex.

L0:(End of clause)

252.225-7030 Restriction on Acquisition of Carbon, Alloy, and Armor Steel

Status: active

L0:252.225-7030 Restriction on Acquisition of Carbon, Alloy, and Armor Steel

L0:Plate.

L0:As prescribed in 225.7011-3, use the following clause:

L0:RESTRICTION ON ACQUISITION OF CARBON, ALLOY, AND ARMOR STEEL

L0:PLATE (DEC 2006)

L1:(a) Carbon, alloy, and armor steel plate shall be melted and rolled in the United

L0:States or Canada if the carbon, alloy, or armor steel plate?

L1:(1) Is in Federal Supply Class 9515 or is described by specifications of the
L0:American Society for Testing Materials or the American Iron and Steel Institute; and
L2:(2)(i) Will be delivered to the Government for use in a Government-owned
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:facility or a facility under the control of the Department of Defense; or
L1:(ii) Will be purchased by the Contractor for use in a Government-owned
L0:facility or a facility under the control of the Department of Defense.
L1:(b) This restriction?
L1:(1) Applies to the acquisition of carbon, alloy, or armor steel plate as a finished
L0:steel mill product that may be used ?as is? or may be used as an intermediate material
L0:for the fabrication of an end product; and
L1:(2) Does not apply to the acquisition of an end product (e.g., a machine tool), to
L0:be used in the facility, that contains carbon, alloy, or armor steel plate as a component.

252.225-7031 Secondary Arab Boycott of Israel

Status: active

L0:252.225-7031 Secondary Arab Boycott of Israel.

L0:As prescribed in 225.7605, use the following provision:

L0:(End of clause)

L0:SECONDARY ARAB BOYCOTT OF ISRAEL (JUN 2005)

L1:(a) Definitions. As used in this provision?

L1:(1) ?Foreign person? means any person (including any individual, partnership,

L0:corporation, or other form of association) other than a United States person.

L1:(2) ?United States? means the 50 States, the District of Columbia, outlying

L0:areas, and the outer Continental Shelf as defined in 43 U.S.C. 1331.

L1:(3) ?United States person? is defined in 50 U.S.C. App. 2415(2) and means?

L1:(i) Any United States resident or national (other than an individual resident

L0:outside the United States who is employed by other than a United States person);

L1:(ii) Any domestic concern (including any permanent domestic establishment

L0:of any foreign concern); and

L1:(iii) Any foreign subsidiary or affiliate (including any permanent foreign

L0:establishment) of any domestic concern that is controlled in fact by such domestic

L0:concern.

L1:(b) Certification. If the offeror is a foreign person, the offeror certifies, by

L0:submission of an offer, that it?

L1:(1) Does not comply with the Secondary Arab Boycott of Israel; and

L1:(2) Is not taking or knowingly agreeing to take any action, with respect to the

L0:Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. 2407(a) prohibits a

L0:United States person from taking.

L0:(End of provision)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

252.225-7032 Waiver of United Kingdom Levies?Evaluation of Offers

Status: active

L0:252.225-7032 Waiver of United Kingdom Levies?Evaluation of Offers.

L0:As prescribed in 225.601(7), use the following provision:

L0:WAIVER OF UNITED KINGDOM LEVIES - EVALUATION OF OFFERS

L0:(APR 2003)

L1:(a) Offered prices for contracts or subcontracts with United Kingdom (U.K.) firms

L0:may contain commercial exploitation levies assessed by the Government of the U.K.

L0:The offeror shall identify to the Contracting Officer all levies included in the offered

L0:price by describing?

L1:(1) The name of the U.K. firm;

L1:(2) The item to which the levy applies and the item quantity; and

L1:(3) The amount of levy plus any associated indirect costs and profit or fee.

L1:(b) In the event of difficulty in identifying levies included in a price from a

L0:prospective subcontractor, the offeror may seek advice through the Director of

L0:Procurement, United Kingdom Defence Procurement Office, British Embassy, 3100

L0:Massachusetts Avenue NW, Washington, DC 20006.

L1:(c) The U.S. Government may attempt to obtain a waiver of levies pursuant to the

L0:U.S./U.K. reciprocal waiver agreement of July 1987.

L1:(1) If the U.K. waives levies before award of a contract, the Contracting Officer

L0:will evaluate the offer without the levy.

L1:(2) If levies are identified but not waived before award of a contract, the

L0:Contracting Officer will evaluate the offer inclusive of the levies.

L1:(3) If the U.K. grants a waiver of levies after award of a contract, the U.S.

L0:Government reserves the right to reduce the contract price by the amount of the levy

L0:waived plus associated indirect costs and profit or fee.

252.225-7033 Waiver of United Kingdom Levies

Status: active

L0:252.225-7033 Waiver of United Kingdom Levies.

L0:As prescribed in 225.601(8), use the following clause:

L0:(End of provision)

L0:WAIVER OF UNITED KINGDOM LEVIES (APR 2003)

L1:(a) The U.S. Government may attempt to obtain a waiver of any commercial

L0:exploitation levies included in the price of this contract, pursuant to the U.S./United

L0:Kingdom (U.K.) reciprocal waiver agreement of July 1987. If the U.K. grants a waiver

L0:of levies included in the price of this contract, the U.S. Government reserves the right to

L0:reduce the contract price by the amount of the levy waived plus associated indirect costs

L0:and profit or fee.

L1:(b) If the Contractor contemplates award of a subcontract exceeding \$1 million to a

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:U.K. firm, the Contractor shall provide the following information to the Contracting Officer before award of the subcontract:

L1:(1) Name of the U.K. firm.

L1:(2) Prime contract number.

L1:(3) Description of item to which the levy applies.

L1:(4) Quantity being acquired.

L1:(5) Amount of levy plus any associated indirect costs and profit or fee.

L1:(c) In the event of difficulty in identifying levies included in a price from a prospective subcontractor, the Contractor may seek advice through the Director of Procurement, United Kingdom Defence Procurement Office, British Embassy, 3100 Massachusetts Avenue NW, Washington, DC 20006.

L1:(d) The Contractor shall insert the substance of this clause, including this paragraph (d), in any subcontract for supplies where a lower-tier subcontract exceeding \$1 million with a U.K. firm is anticipated.

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM CERTIFICATE?BASIC (FEB 2024)

L1:(a) Definitions. ?Bahraini end product,? ?commercially available off-the-shelf (COTS) item,? ?component,? ?critical component,? ?critical item,? ?domestic end product,? ?Free Trade Agreement country,? ?Free Trade Agreement country end product,? ?foreign end product,? ?Moroccan end product,? ?Panamanian end product,? ?Peruvian end product,? ?qualifying country end product,? and ?United States,? as used in this provision, have the meanings given in the 252.225-7036, Buy American?Free Trade Agreements?Balance of Payments Program?Basic clause of this solicitation.

L1:(b) Evaluation. The Government?

L1:(1) Will evaluate offers in accordance with the policies and procedures of part 225 of the Defense Federal Acquisition Regulation Supplement; and

L1:(2) For line items subject to the Buy American?Free Trade Agreements?Balance of Payments Program?Basic clause of this solicitation, will evaluate offers of qualifying country end products or Free Trade Agreement country end products other than Bahraini end products, Moroccan end products, Panamanian end products, or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Peruvian end products without regard to the restrictions of the Buy American or the

L0:Balance of Payments Program.

L1:(c) Certifications and identification of country of origin.

L1:(1) For all line items subject to the Buy American?Free Trade Agreements?

L0:Balance of Payments Program?Basic clause of this solicitation, the Offeror certifies

L0:that?

L1:(i) Each end product, except the end products listed in paragraph (c)(2) of

L0:this provision, is a domestic end product;

L1:(ii) Each domestic end product listed in paragraph (c)(3) of this provision

L0:contains a critical component or a critical item; and

L1:(iii) Components of unknown origin are considered to have been mined,

L0:produced, or manufactured outside the United States or a qualifying country.

L1:(2) The Offeror shall identify all end products that are not domestic end

L0:products.

L1:(i) The Offeror certifies that the following supplies are qualifying country

L0:(except Australian) end products:

L0:(Line Item Number)

L0:(Country of Origin)

L1:(ii) The Offeror certifies that the following supplies are Free Trade

L0:Agreement country end products other than Bahraini end products, Moroccan end

L0:products, Panamanian end products, or Peruvian end products:

L0:(Line Item Number)

L0:(Country of Origin)

L1:(iii) The following supplies are other foreign end products, including end

L0:products manufactured in the United States that do not qualify as domestic end

L0:products. For those foreign end products that do not consist wholly or predominantly of

L0:iron or steel or a combination of both, the Offeror shall also indicate whether these

L0:foreign end products exceed 55 percent domestic content, except those that are COTS

L0:items. If the percentage of the domestic content is unknown, select ?no?.

L0:Line Item Number

L0:Country of Origin

L0:(If known)

L0:Exceeds 55% Domestic

L0:Content (yes/no)

L1:(3) The Offeror shall list the line item numbers of domestic end products that

L0:contain a critical component or a critical item (see section 25.105 of the Federal

L0:Acquisition Regulation).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Line Item Number: _____[List as necessary]_____

L0:(End of provision)

L0:Alternate I. As prescribed in 225.601(9) and (9)(ii), use the following provision,

L0:which does not use the phrases ?Bahraini end product,? ?Free Trade Agreement

L0:country,? ?Free Trade Agreement country end product,? ?Moroccan end product,?
 L0:?Panamanian end product,? and ?Peruvian end products? in paragraph (a); does not
 L0:use?Free Trade Agreement country end products other than Bahraini end products,
 L0:Moroccan end products, Panamanian end products, or Peruvian end products? in
 L0:paragraphs (b)(2) and (c)(2)(ii); does not use ?Australian or? in paragraph (c)(2)(i); and
 L0:includes ?that are mined, produced, or manufactured in the United States? in
 L0:paragraph (c)(2)(ii):

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM CERTIFICATE?ALTERNATE I (FEB 2024)

L1:(a) Definitions. ?Commercially available off-the-shelf (COTS) item,? ?component,?
 L0:?critical component,? ?critical item,? ?domestic end product,? ?foreign end product,?
 L0:?qualifying country end product,? and ?United States,? as used in this provision, have
 L0:the meanings given in the 252.225-7036 Buy American?Free Trade Agreements?
 L0:Balance of Payments Program?Alternate I clause of this solicitation.

L1:(b) Evaluation. The Government?

L1:(1) Will evaluate offers in accordance with the policies and procedures of part
 L0:225 of the Defense Federal Acquisition Regulation Supplement; and

L1:(2) For line items subject to the Buy American?Free Trade Agreements?

L0:Balance of Payments Program?Alternate I clause of this solicitation, will evaluate

L0:offers of qualifying country end products without regard to the restrictions of the Buy
 L0:American or the Balance of Payments Program.

L1:(c) Certifications and identification of country of origin.

L1:(1) For all line items subject to the Buy American?Free Trade Agreements?

L0:Balance of Payments Program?Alternate I clause of this solicitation, the Offeror
 L0:certifies that?

L1:(i) Each end product, except the end products listed in paragraph (c)(2) of
 L0:this provision, is a domestic end product;

L1:(ii) Each domestic end product listed in paragraph (c)(3) of this provision
 L0:contains a critical component or a critical item; and

L1:(iii) Components of unknown origin are considered to have been mined,
 L0:produced, or manufactured outside the United States or a qualifying country.

L1:(2) The Offeror shall identify all end products that are not domestic end
 L0:products.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(i) The Offeror certifies that the following supplies are qualifying country

L0:end products:

L0:(Line Item Number)

L0:(Country of Origin)

L1:(ii) The following supplies are other foreign end products, including end

L0:products manufactured in the United States that do not qualify as domestic end

L0:products. For those foreign end products that do not consist wholly or predominantly of

L0:iron or steel or a combination of both, the Offeror shall also indicate whether these

L0:foreign end products exceed 55 percent domestic content, except those that are COTS

L0:items that are mined, produced, or manufactured in the United States. If the

L0:percentage of the domestic content is unknown, select ?no?.

L0:Line Item Number

L0:Country of Origin

L0:(If known)

L0:Exceeds 55% Domestic

L0:Content (yes/no)

L1:(3) The Offeror shall list the line item numbers of domestic end products that

L0:contain a critical component or a critical item (see section 25.105 of the Federal

L0:Acquisition Regulation).

L0:Line Item Number: _____[List as necessary]_____

L0:(End of provision)

L0:Alternate II. [Reserved]

L0:Alternate III. [Reserved]

L0:Alternate IV. As prescribed in 225.601(9) and (9)(iii), use the following provision,

L0:which adds ?Korean end product? to paragraph (a) and uses ?Free Trade Agreement

L0:country end products other than Bahraini end products, Korean end products,

L0:Moroccan end products, Panamanian end products, or Peruvian end products? in

L0:paragraphs (b)(2) and (c)(2)(ii), rather than ?Free Trade Agreement country end

L0:products other than Bahraini end products, Moroccan end products, Panamanian end

L0:products, or Peruvian end products? in paragraphs (b)(2) and (c)(2)(ii) of the basic

L0:provision:

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:Country of Origin

L0:(If known)

L0:Exceeds 55% Domestic

L0:Content (yes/no)

L1:(3) The Offeror shall list the line item numbers of domestic end products that

L0:contain a critical component or a critical item (see section 25.105 of the Federal

L0:Acquisition Regulation).

L0:Line Item Number: _____[List as necessary]_____

L0:(End of provision)

L0:Alternate V. [Reserved]

252.225-7036 Buy American?Free Trade Agreements?Balance of Payments

Status: active

L0:252.225-7036 Buy American?Free Trade Agreements?Balance of Payments

L0:Program.

L0:Basic. As prescribed in 225.601(10)(i) and (10)(i)(A), use the following clause:

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM?BASIC (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Bahraini end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Bahrain into a new and

L0:different article of commerce with a name, character, or use distinct from that of the

L0:article or articles from which it was transformed. The term refers to a product offered

L0:for purchase under a supply contract, but for purposes of calculating the value of the

L0:end product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the

L0:product itself.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:?Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?Critical item? means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?Domestic end product? means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds 60 percent of

L0:the cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract in accordance with Defense Federal Acquisition Regulation Supplement

L1:(DFARS) 225.101(d); or award is made before January 1, 2030, for a foreign end product

L0:that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of

L0:components includes transportation costs to the place of incorporation into the end

L0:product and U.S. duty (whether or not a duty-free entry certificate is issued).

L0:Components of unknown origin are treated as foreign. Scrap generated, collected, and

L0:prepared for processing in the United States is considered domestic. A component is

L0:considered to have been mined, produced, or manufactured in the United States

L0:(regardless of its source in fact) if the end product in which it is incorporated is

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:manufactured in the United States and the component is of a class or kind for which the

L0:Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not

L0:limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or

L0:sheet), castings, or forgings, not produced in the United States or a qualifying country,

L0:utilized in the manufacture of the end product and a good faith estimate of the cost of

L0:all iron or steel components not produced in the United States or a qualifying country,

L0:excluding COTS fasteners. Iron or steel components of unknown origin are treated as

L0:foreign. If the end product contains multiple components, the cost of all the materials

L0:used in such end product is calculated in accordance with the explanation of cost of

L0:components in paragraph (1)(ii)(A) of this definition.

L0:End product? means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0:Foreign end product? means an end product other than a domestic end product.

L0:Free Trade Agreement country? means Australia, Bahrain, Chile, Colombia, Costa

L0:Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of),

L0:Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

L0:Free Trade Agreement country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a Free Trade Agreement
L0:country into a new and different article of commerce with a name, character, or use
L0:distinct from that of the article or articles from which it was transformed. The term
L0:refers to a product offered for purchase under a supply contract, but for purposes of
L0:calculating the value of the end product includes services (except transportation
L0:services) incidental to its supply, provided that the value of those incidental services
L0:does not exceed the value of the product itself.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Moroccan end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Morocco; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Morocco into a new and
L0:different article of commerce with a name, character, or use distinct from that of the
L0:article or articles from which it was transformed. The term refers to a product offered
L0:for purchase under a supply contract, but for purposes of calculating the value of the
L0:end product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:Panamanian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Panama; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Panama into a new and
L0:different article of commerce with a name, character, or use distinct from that of the
L0:article or articles from which it was transformed. The term refers to a product offered
L0:for purchase under a supply contract, but for purposes of calculating the value of the
L0:end product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:Peruvian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Peru; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Peru into a new and different
L0:article of commerce with a name, character, or use distinct from that of the article or
L0:articles from which it was transformed. The term refers to a product offered for
L0:purchase under a supply contract, but for purposes of calculating the value of the end
L0:product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:Predominantly of iron or steel or a combination of both? means that the cost of the
L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost
L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,
L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product
L0:and a good faith estimate of the cost of iron or steel components excluding COTS
L0:fasteners.

L0:Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the

L0:other country or services performed by sources of the other country, and the

L0:memorandum or agreement complies, where applicable, with the requirements of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds 60 percent of the

L0:cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered
 L0:starting in calendar year 2029, unless an alternate percentage is established for a
 L0:contract:

L0:country.

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only domestic end products

L0:unless, in its offer, it specified delivery of qualifying country end products, Free Trade

L0:Agreement country end products other than Bahraini end products, Moroccan end

L0:products, Panamanian end products, or Peruvian end products, or other foreign end

L0:products in the Buy American?Free Trade Agreements?Balance of Payments

L0:Program Certificate?Basic provision of the solicitation. If the Contractor certified in its

L0:offer that it will deliver a qualifying country end product or a Free Trade Agreement

L0:country end product other than a Bahraini end product, a Moroccan end product, a

L0:Panamanian end product, or a Peruvian end product, the Contractor shall deliver a

L0:qualifying country end product, a Free Trade Agreement country end product other

L0:than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a

L0:Peruvian end product, or, at the Contractor's option, a domestic end product.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L0:(End of clause)

L0:Alternate I. As prescribed in 225.601(10)(i) and (10)(i)(B), use the following clause,

L0:which uses a different paragraph (c) than the basic clause:

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM?ALTERNATE I (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0: Bahraini end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain; or

L1:(2) In the case of an article that consists in whole or in part of materials

L0:from another country, has been substantially transformed in Bahrain into a new

L0:and different article of commerce with a name, character, or use distinct from that

L0:of the article or articles from which it was transformed. The term refers to a

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:product offered for purchase under a supply contract, but for purposes of calculating

L0:the value of the end product includes services (except transportation services)

L0:incidental to its supply, provided that the value of those incidental services does not

L0:exceed the value of the product itself.

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:?Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?Critical item? means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?Domestic end product? means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds 60 percent of

L0:the cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract in accordance with Defense Federal Acquisition Regulation Supplement

L1:(DFARS) 225.101(d); or award is made before January 1, 2030, for a foreign end product

L0:that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost of

L0:components includes transportation costs to the place of incorporation into the end

L0:product and U.S. duty (whether or not a duty-free entry certificate is issued).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Components of unknown origin are treated as foreign. Scrap generated, collected, and

L0:prepared for processing in the United States is considered domestic. A component is

L0:considered to have been mined, produced, or manufactured in the United States

L0:(regardless of its source in fact) if the end product in which it is incorporated is

L0:manufactured in the United States and the component is of a class or kind for which the L0:Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not

L0:limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or

L0:sheet), castings, or forgings, not produced in the United States or a qualifying country,

L0:utilized in the manufacture of the end product and a good faith estimate of the cost of

L0:all iron or steel components not produced in the United States or a qualifying country,

L0:excluding COTS fasteners. Iron or steel components of unknown origin are treated as

L0:foreign. If the end product contains multiple components, the cost of all the materials

L0:used in such end product is calculated in accordance with the explanation of cost of

L0:components in paragraph (1)(ii)(A) of this definition.

L0:End product? means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0:Foreign end product? means an end product other than a domestic end product.

L0:Free Trade Agreement country? means Australia, Bahrain, Chile, Colombia, Costa

L0:Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of),

L0:Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

L0:Free Trade Agreement country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a Free Trade Agreement

L0:country into a new and different article of commerce with a name, character, or use

L0:distinct from that of the article or articles from which it was transformed. The term

L0:refers to a product offered for purchase under a supply contract, but for purposes of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:calculating the value of the end product includes services (except transportation

L0:services) incidental to its supply, provided that the value of those incidental services

L0:does not exceed the value of the product itself.

L0:Moroccan end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Morocco; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Morocco into a new and
L0:different article of commerce with a name, character, or use distinct from that of the
L0:article or articles from which it was transformed. The term refers to a product offered
L0:for purchase under a supply contract, but for purposes of calculating the value of the
L0:end product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:?Panamanian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Panama; or

L1:(2) In the case of an article that consists in whole or in part of materials from
L0:another country, has been substantially transformed in Panama into a new and
L0:different article of commerce with a name, character, or use distinct from that of the
L0:article or articles from which it was transformed. The term refers to a product offered
L0:for purchase under a supply contract, but for purposes of calculating the value of the
L0:end product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:?Peruvian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Peru; or

L1:(2) In the case of an article that consists in whole or in part of materials from
L0:another country, has been substantially transformed in Peru into a new and different
L0:article of commerce with a name, character, or use distinct from that of the article or
L0:articles from which it was transformed. The term refers to a product offered for
L0:purchase under a supply contract, but for purposes of calculating the value of the end
L0:product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:?Predominantly of iron or steel or a combination of both? means that the cost of the
L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost
L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,
L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product
L0:and a good faith estimate of the cost of iron or steel components excluding COTS
L0:fasteners.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in
L0:which both countries agree to remove barriers to purchases of supplies produced in the
L0:other country or services performed by sources of the other country, and the
L0:memorandum or agreement complies, where applicable, with the requirements of
L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.
L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:?Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:?Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds 60 percent of the

L0:cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:?"Steel?" means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:?"United States?" means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only domestic end products

L0:unless, in its offer, it specified delivery of qualifying country or other foreign end

L0:products in the Buy American?"Free Trade Agreements?"Balance of Payments

L0:Program Certificate?"Alternate I provision of the solicitation. If the Contractor certified

L0:in its offer that it will deliver a qualifying country end product, the Contractor shall

L0:deliver a qualifying country end product or, at the Contractor?s option, a domestic end

L0:product.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L0:(End of clause)

L0:Alternate II. [Reserved]

L0:Alternate III. [Reserved]

L0:Alternate IV. As prescribed in 225.601(10)(i) and (10)(i)(C), use the following clause,

L0:which adds ?Korean end product? to paragraph (a), and uses a different paragraph (c)

L0:than the basic clause:

L0:BUY AMERICAN?"FREE TRADE AGREEMENTS?"BALANCE OF PAYMENTS

L0:PROGRAM?"ALTERNATE IV (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?"Bahraini end product?" means an article that?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Is wholly the growth, product, or manufacture of Bahrain; or

L1:(2) In the case of an article that consists in whole or in part of materials

L0:from another country, has been substantially transformed in Bahrain into a new

L0:and different article of commerce with a name, character, or use distinct from that

L0:of the article or articles from which it was transformed. The term refers to a

L0:product offered for purchase under a supply contract, but for purposes of calculating

L0:the value of the end product includes services (except transportation services)

L0:incidental to its supply, provided that the value of those incidental services does not

L0:exceed the value of the product itself.

L0:?"Commercially available off-the-shelf (COTS) item?"

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?"commercial product?" in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?"Component?" means an article, material, or supply incorporated directly into an end
L0:product.

L0:?"Critical component?" means a component that is mined, produced, or manufactured
L0:in the United States and deemed critical to the U.S. supply chain. The list of critical
L0:components is at FAR 25.105.

L0:?"Critical item?" means domestic construction material or a domestic end product that
L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?"Domestic end product?" means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or
L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;
L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds 60 percent of

L0:the cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract in accordance with Defense Federal Acquisition Regulation Supplement

L1:(DFARS) 225.101(d)); or award is made before January 1, 2030, for a foreign end

L0:product that exceeds 55 percent domestic content (see DFARS 225.103(b)(ii)). The cost

L0:of components includes transportation costs to the place of incorporation into the end

L0:product and U.S. duty (whether or not a duty-free entry certificate is issued).

L0:Components of unknown origin are treated as foreign. Scrap generated, collected, and

L0:prepared for processing in the United States is considered domestic. A component is

L0:considered to have been mined, produced, or manufactured in the United States

L0:(regardless of its source in fact) if the end product in which it is incorporated is

L0:manufactured in the United States and the component is of a class or kind for which the

L0:Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States or a qualifying country, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States or a qualifying country, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the end product contains multiple components, the cost of all the materials used in such end product is calculated in accordance with the explanation of cost of components in paragraph (1)(ii)(A) of this definition.

L0:End product? means those articles, materials, and supplies to be acquired under this contract for public use.

L0:Foreign end product? means an end product other than a domestic end product.

L0:Free Trade Agreement country? means Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

L0:Free Trade Agreement country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

L0:Korean end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Korea; or

L1:(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Korea (Republic of) into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product, includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

L0:Moroccan end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Morocco; or

L1:(2) In the case of an article that consists in whole or in part of materials from another country, has been substantially transformed in Morocco into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the

L0:end product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:?Panamanian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Panama; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Panama into a new and

L0:different article of commerce with a name, character, or use distinct from that of the

L0:article or articles from which it was transformed. The term refers to a product offered

L0:for purchase under a supply contract, but for purposes of calculating the value of the

L0:end product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the

L0:product itself.

L0:?Peruvian end product? means an article that?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Is wholly the growth, product, or manufacture of Peru; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Peru into a new and different

L0:article of commerce with a name, character, or use distinct from that of the article or

L0:articles from which it was transformed. The term refers to a product offered for

L0:purchase under a supply contract, but for purposes of calculating the value of the end

L0:product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the

L0:product itself.

L0:?Predominantly of iron or steel or a combination of both? means that the cost of the

L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost

L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,

L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product

L0:and a good faith estimate of the cost of iron or steel components excluding COTS

L0:fasteners.

L0:?Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the

L0:other country or services performed by sources of the other country, and the

L0:memorandum or agreement complies, where applicable, with the requirements of

L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds 60 percent of the

L0:cost of all its components, except that the percentage will be 65 percent for items

L0:delivered in calendar years 2024 through 2028 and 75 percent for items delivered

L0:starting in calendar year 2029, unless an alternate percentage is established for a

L0:contract:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only domestic end products

L0:unless, in its offer, it specified delivery of qualifying country end products, Free Trade

L0:Agreement country end products other than Bahraini end products, Korean end

L0:products, Moroccan end products, Panamanian end products, or Peruvian end products,

L0:or other foreign end products in the Buy American?Free Trade Agreements?Balance

L0:of Payments Program Certificate?Alternate IV provision of the solicitation. If the

L0:Contractor certified in its offer that it will deliver a qualifying country end product or a

L0:Free Trade Agreement country end product other than a Bahraini end product, a

L0:Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian

L0:end product, the Contractor shall deliver a qualifying country end product, a Free Trade

L0:Agreement country end product other than a Bahraini end product, a Korean end

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:product, a Moroccan end product, a Panamanian end product, or a Peruvian end

L0:product, or, at the Contractor?s option, a domestic end product.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L0:Alternate V. [Reserved]

L0:(End of clause)

L0:Alternate VI. As prescribed in 225.601(10)(i) and (10)(i)(D), use the following clause,

L0:which includes, in the definitions of ?domestic end product? at paragraph (1)(ii)(A) and

L0:?qualifying country end product? at paragraph (2)(i), the domestic content threshold

L0:that will apply to the entire contract period of performance:

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM?ALTERNATE VI (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Bahraini end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Bahrain into a new and

L0:different article of commerce with a name, character, or use distinct from that of the

L0:article or articles from which it was transformed. The term refers to a product offered

L0:for purchase under a supply contract, but for purposes of calculating the value of the

L0:end product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the

L0:product itself.

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?"Component?" means an article, material, or supply incorporated directly into an end

L0:product.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?"Critical component?" means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?"Critical item?" means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?"Domestic end product?" means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components. The cost of components includes transportation costs to the place of

L0:incorporation into the end product and U.S. duty (whether or not a duty-free entry

L0:certificate is issued). Components of unknown origin are treated as foreign. Scrap

L0:generated, collected, and prepared for processing in the United States is considered

L0:domestic. A component is considered to have been mined, produced, or manufactured in

L0:the United States (regardless of its source in fact) if the end product in which it is

L0:incorporated is manufactured in the United States and the component is of a class or

L0:kind for which the Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not

L0:limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or L0:sheet), castings, or forgings, not produced in the United States or a qualifying country, L0:utilized in the manufacture of the end product and a good faith estimate of the cost of L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:all iron or steel components not produced in the United States or a qualifying country, L0:excluding COTS fasteners. Iron or steel components of unknown origin are treated as L0:foreign. If the end product contains multiple components, the cost of all the materials L0:used in such end product is calculated in accordance with the explanation of cost of L0:components in paragraph (1)(ii)(A) of this definition.

L0:“End product” means those articles, materials, and supplies to be acquired under L0:this contract for public use.

L0:“Foreign end product” means an end product other than a domestic end product.

L0:“Free Trade Agreement country” means Australia, Bahrain, Chile, Colombia, Costa L0:Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), L0:Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

L0:“Free Trade Agreement country end product” means an article that-

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement L0:country; or

L1:(2) In the case of an article that consists in whole or in part of materials from L0:another country, has been substantially transformed in a Free Trade Agreement L0:country into a new and different article of commerce with a name, character, or use L0:distinct from that of the article or articles from which it was transformed. The term L0:refers to a product offered for purchase under a supply contract, but for purposes of L0:calculating the value of the end product includes services (except transportation L0:services) incidental to its supply, provided that the value of those incidental services L0:does not exceed the value of the product itself.

L0:“Moroccan end product” means an article that-

L1:(1) Is wholly the growth, product, or manufacture of Morocco; or

L1:(2) In the case of an article that consists in whole or in part of materials from L0:another country, has been substantially transformed in Morocco into a new and L0:different article of commerce with a name, character, or use distinct from that of the L0:article or articles from which it was transformed. The term refers to a product offered L0:for purchase under a supply contract, but for purposes of calculating the value of the L0:end product includes services (except transportation services) incidental to its supply, L0:provided that the value of those incidental services does not exceed the value of the L0:product itself.

L0:“Panamanian end product” means an article that-

L1:(1) Is wholly the growth, product, or manufacture of Panama; or

L1:(2) In the case of an article that consists in whole or in part of materials from L0:another country, has been substantially transformed in Panama into a new and L0:different article of commerce with a name, character, or use distinct from that of the L0:article or articles from which it was transformed. The term refers to a product offered L0:for purchase under a supply contract, but for purposes of calculating the value of the L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:end product includes services (except transportation services) incidental to its supply,
L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:Peruvian end product? means an article that-

L1:(1) Is wholly the growth, product, or manufacture of Peru; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Peru into a new and different

L0:article of commerce with a name, character, or use distinct from that of the article or

L0:articles from which it was transformed. The term refers to a product offered for

L0:purchase under a supply contract, but for purposes of calculating the value of the end

L0:product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the

L0:product itself.

L0:Predominantly of iron or steel or a combination of both? means that the cost of the

L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost

L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,

L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product

L0:and a good faith estimate of the cost of iron or steel components excluding COTS

L0:fasteners.

L0:Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the

L0:other country or services performed by sources of the other country, and the

L0:memorandum or agreement complies, where applicable, with the requirements of

L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only domestic end products

L0:unless, in its offer, it specified delivery of qualifying country end products, Free Trade

L0:Agreement country end products other than Bahraini end products, Moroccan end

L0:products, Panamanian end products, or Peruvian end products, or other foreign end

L0:products in the Buy American?Free Trade Agreements?Balance of Payments

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Program Certificate?Basic provision of the solicitation. If the Contractor certified in its

L0:offer that it will deliver a qualifying country end product or a Free Trade Agreement

L0:country end product other than a Bahraini end product, a Moroccan end product, a
 L0:Panamanian end product, or a Peruvian end product, the Contractor shall deliver a
 L0:qualifying country end product, a Free Trade Agreement country end product other
 L0:than a Bahraini end product, a Moroccan end product, a Panamanian end product, or a
 L0:Peruvian end product, or, at the Contractor's option, a domestic end product.

L1:(d) The contract price does not include duty for end products or components for
 L0:which the Contractor will claim duty-free entry.

L0:(End of clause)

L0:Alternate VII. As prescribed in 225.601(10)(i) and (10)(i)(E), use the following clause,
 L0:which includes, in the definitions of "domestic end product" at paragraph (1)(ii)(A) and
 L0:"qualifying country end product" at paragraph (2)(i), the domestic content threshold
 L0:that will apply to the entire contract period of performance and uses a different
 L0:paragraph (c) than the basic clause:

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM?ALTERNATE VII (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:"Bahraini end product" means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain; or

L1:(2) In the case of an article that consists in whole or in part of materials from
 L0:another country, has been substantially transformed in Bahrain into a new and
 L0:different article of commerce with a name, character, or use distinct from that of the
 L0:article or articles from which it was transformed. The term refers to a product offered
 L0:for purchase under a supply contract, but for purposes of calculating the value of the
 L0:end product includes services (except transportation services) incidental to its supply,
 L0:provided that the value of those incidental services does not exceed the value of the
 L0:product itself.

L0:"Commercially available off-the-shelf (COTS) item"?

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of
 L0:"commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,
 L0:without modification, in the same form in which it is sold in the commercial
 L0:marketplace; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as
 L0:agricultural products and petroleum products.

L0:"Component" means an article, material, or supply incorporated directly into an end
 L0:product.

L0:"Critical component" means a component that is mined, produced, or manufactured
 L0:in the United States and deemed critical to the U.S. supply chain. The list of critical
 L0:components is at FAR 25.105.

L0:"Critical item" means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:Domestic end product? means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components. The cost of components includes transportation costs to the place of

L0:incorporation into the end product and U.S. duty (whether or not a duty-free entry

L0:certificate is issued). Components of unknown origin are treated as foreign. Scrap

L0:generated, collected, and prepared for processing in the United States is considered

L0:domestic. A component is considered to have been mined, produced, or manufactured in

L0:the United States (regardless of its source in fact) if the end product in which it is

L0:incorporated is manufactured in the United States and the component is of a class or

L0:kind for which the Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or

L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not

L0:limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or

L0:sheet), castings, or forgings, not produced in the United States or a qualifying country,

L0:utilized in the manufacture of the end product and a good faith estimate of the cost of

L0:all iron or steel components not produced in the United States or a qualifying country,

L0:excluding COTS fasteners. Iron or steel components of unknown origin are treated as

L0:foreign. If the end product contains multiple components, the cost of all the materials

L0:used in such end product is calculated in accordance with the explanation of cost of

L0:components in paragraph (1)(ii)(A) of this definition.

L0:End product? means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0: Foreign end product? means an end product other than a domestic end product.

L0: Free Trade Agreement country? means Australia, Bahrain, Chile, Colombia, Costa

L0: Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of),

L0: Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

L0: Free Trade Agreement country end product? means an article that?

L1: (1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0: country; or

L1: (2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in a Free Trade Agreement

L0: country into a new and different article of commerce with a name, character, or use

L0: distinct from that of the article or articles from which it was transformed. The term

L0: refers to a product offered for purchase under a supply contract, but for purposes of

L0: calculating the value of the end product includes services (except transportation

L0: services) incidental to its supply, provided that the value of those incidental services

L0: does not exceed the value of the product itself.

L0: Moroccan end product? means an article that?

L1: (1) Is wholly the growth, product, or manufacture of Morocco; or

L1: (2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Morocco into a new and

L0: different article of commerce with a name, character, or use distinct from that of the

L0: article or articles from which it was transformed. The term refers to a product offered

L0: for purchase under a supply contract, but for purposes of calculating the value of the

L0: end product includes services (except transportation services) incidental to its supply,

L0: provided that the value of those incidental services does not exceed the value of the

L0: product itself.

L0: Panamanian end product? means an article that?

L1: (1) Is wholly the growth, product, or manufacture of Panama; or

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0: Defense FAR Supplement (DFARS) Part 225

L1: (2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Panama into a new and

L0: different article of commerce with a name, character, or use distinct from that of the

L0: article or articles from which it was transformed. The term refers to a product offered

L0: for purchase under a supply contract, but for purposes of calculating the value of the

L0: end product includes services (except transportation services) incidental to its supply,

L0: provided that the value of those incidental services does not exceed the value of the

L0: product itself.

L0: Peruvian end product? means an article that?

L1: (1) Is wholly the growth, product, or manufacture of Peru; or

L1: (2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Peru into a new and different

L0: article of commerce with a name, character, or use distinct from that of the article or

L0: articles from which it was transformed. The term refers to a product offered for

L0: purchase under a supply contract, but for purposes of calculating the value of the end

L0: product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the
L0:product itself.

L0:Predominantly of iron or steel or a combination of both? means that the cost of the
L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost
L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,
L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product
L0:and a good faith estimate of the cost of iron or steel components excluding COTS
L0:fasteners.

L0:Qualifying country? means a country with a reciprocal defense procurement
L0:memorandum of understanding or international agreement with the United States in
L0:which both countries agree to remove barriers to purchases of supplies produced in the
L0:other country or services performed by sources of the other country, and the
L0:memorandum or agreement complies, where applicable, with the requirements of
L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.
L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components:

L1:(A) Components mined, produced, or manufactured in a qualifying

L0:country.

L0:States.

L1:(B) Components mined, produced, or manufactured in the United

L1:(C) Components of foreign origin of a class or kind for which the

L0:Government has determined that sufficient and reasonably available commercial

L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the

L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.

L0:Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(c) The Contractor shall deliver under this contract only domestic end products

L0:unless, in its offer, it specified delivery of qualifying country or other foreign end

L0:products in the Buy American?Free Trade Agreements?Balance of Payments

L0:Program Certificate?Alternate I provision of the solicitation. If the Contractor certified

L0:in its offer that it will deliver a qualifying country end product, the Contractor shall

L0:deliver a qualifying country end product or, at the Contractor?s option, a domestic end

L0:product.

L1:(d) The contract price does not include duty for end products or components for

L0:which the Contractor will claim duty-free entry.

L0:(End of clause)

L0:Alternate VIII. [Reserved]

L0:Alternate IX. [Reserved]

L0:Alternate X. As prescribed in 225.601(10)(i) and (10)(i)(F), use the following clause,

L0:which includes, in the definitions of ?domestic end product? at paragraph (1)(ii)(A) and

L0:qualifying country end product? at paragraph (2)(i), the domestic content threshold

L0:that will apply to the entire contract period of performance; adds ?Korean end product?

L0:to paragraph (a); and uses a different paragraph (c) than the basic clause:

L0:BUY AMERICAN?FREE TRADE AGREEMENTS?BALANCE OF PAYMENTS

L0:PROGRAM?ALTERNATE X (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:?Bahraini end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in Bahrain into a new and

L0:different article of commerce with a name, character, or use distinct from that of the

L0:article or articles from which it was transformed. The term refers to a product offered

L0:for purchase under a supply contract, but for purposes of calculating the value of the

L0:end product includes services (except transportation services) incidental to its supply,

L0:provided that the value of those incidental services does not exceed the value of the

L0:product itself.

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?Component? means an article, material, or supply incorporated directly into an end

L0:product.

L0:?Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?Critical item? means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?Domestic end product? means?

L1:(1) For an end product that does not consist wholly or predominantly of iron or

L0:steel or a combination of both?

L1:(i) An unmanufactured end product mined or produced in the United States;

L0:or

L1:(ii) An end product manufactured in the United States if?

L1:(A) The cost of its qualifying country components and its components

L0:that are mined, produced, or manufactured in the United States exceeds, for the entire

L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the

L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all

L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its

L0:components. The cost of components includes transportation costs to the place of

L0:incorporation into the end product and U.S. duty (whether or not a duty-free entry

L0:certificate is issued). Components of unknown origin are treated as foreign. Scrap

L0:generated, collected, and prepared for processing in the United States is considered L0:domestic. A component is considered to have been mined, produced, or manufactured in L0:the United States (regardless of its source in fact) if the end product in which it is L0:incorporated is manufactured in the United States and the component is of a class or L0:kind for which the Government has determined that?

L1:(1) Sufficient and reasonably available commercial quantities of a

L0:satisfactory quality are not mined, produced, or manufactured in the United States; or L0:restrictions of the Buy American statute; or

L1:(2) It is inconsistent with the public interest to apply the

L1:(B) The end product is a COTS item; or

L1:(2) For an end product that consists wholly or predominantly of iron or steel or

L0:a combination of both, an end product manufactured in the United States, if the cost of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:iron and steel not produced in the United States or a qualifying country constitutes less

L0:than 5 percent of the cost of all the components used in the end product (produced in the

L0:United States or a qualifying country means that all manufacturing processes of the

L0:iron or steel must take place in the United States or a qualifying country, except

L0:metallurgical processes involving refinement of steel additives). The cost of iron and

L0:steel not produced in the United States or a qualifying country includes but is not

L0:limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or

L0:sheet), castings, or forgings, not produced in the United States or a qualifying country,

L0:utilized in the manufacture of the end product and a good faith estimate of the cost of

L0:all iron or steel components not produced in the United States or a qualifying country,

L0:excluding COTS fasteners. Iron or steel components of unknown origin are treated as

L0:foreign. If the end product contains multiple components, the cost of all the materials

L0:used in such end product is calculated in accordance with the explanation of cost of

L0:components in paragraph (1)(ii)(A) of this definition.

L0:?End product? means those articles, materials, and supplies to be acquired under

L0:this contract for public use.

L0:?Foreign end product? means an end product other than a domestic end product.

L0:?Free Trade Agreement country? means Australia, Bahrain, Chile, Colombia, Costa

L0:Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of),

L0:Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore.

L0:?Free Trade Agreement country end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0:another country, has been substantially transformed in a Free Trade Agreement

L0:country into a new and different article of commerce with a name, character, or use

L0:distinct from that of the article or articles from which it was transformed. The term

L0:refers to a product offered for purchase under a supply contract, but for purposes of

L0:calculating the value of the end product includes services (except transportation

L0:services) incidental to its supply, provided that the value of those incidental services

L0:does not exceed the value of the product itself.

L0: ?Korean end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Korea; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Korea (Republic of) into a new

L0: and different article of commerce with a name, character, or use distinct from that of

L0: the article or articles from which it was transformed. The term refers to a product

L0: offered for purchase under a supply contract, but for purposes of calculating the value of

L0: the end product, includes services (except transportation services) incidental to its

L0: supply, provided that the value of those incidental services does not exceed the value of

L0: the product itself.

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0: Defense FAR Supplement (DFARS) Part 225

L0: ?Moroccan end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Morocco; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Morocco into a new and

L0: different article of commerce with a name, character, or use distinct from that of the

L0: article or articles from which it was transformed. The term refers to a product offered

L0: for purchase under a supply contract, but for purposes of calculating the value of the

L0: end product includes services (except transportation services) incidental to its supply,

L0: provided that the value of those incidental services does not exceed the value of the

L0: product itself.

L0: ?Panamanian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Panama; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Panama into a new and

L0: different article of commerce with a name, character, or use distinct from that of the

L0: article or articles from which it was transformed. The term refers to a product offered

L0: for purchase under a supply contract, but for purposes of calculating the value of the

L0: end product includes services (except transportation services) incidental to its supply,

L0: provided that the value of those incidental services does not exceed the value of the

L0: product itself.

L0: ?Peruvian end product? means an article that?

L1:(1) Is wholly the growth, product, or manufacture of Peru; or

L1:(2) In the case of an article that consists in whole or in part of materials from

L0: another country, has been substantially transformed in Peru into a new and different

L0: article of commerce with a name, character, or use distinct from that of the article or

L0: articles from which it was transformed. The term refers to a product offered for

L0: purchase under a supply contract, but for purposes of calculating the value of the end

L0: product includes services (except transportation services) incidental to its supply,

L0: provided that the value of those incidental services does not exceed the value of the

L0: product itself.

L0: ?Predominantly of iron or steel or a combination of both? means that the cost of the

L0: iron and steel content exceeds 50 percent of the total cost of all its components. The cost

L0: of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,

L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product

L0:and a good faith estimate of the cost of iron or steel components excluding COTS

L0:fasteners.

L0:Qualifying country? means a country with a reciprocal defense procurement

L0:memorandum of understanding or international agreement with the United States in

L0:which both countries agree to remove barriers to purchases of supplies produced in the

L0:other country or services performed by sources of the other country, and the

L0:memorandum or agreement complies, where applicable, with the requirements of

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:section 36 of the Arms Export Control Act (22 U.S.C. 2776) and with 10 U.S.C. 2457.

L0:Accordingly, the following are qualifying countries:

L0:Australia

L0:Austria

L0:Belgium

L0:Canada

L0:Czech Republic

L0:Denmark

L0:Egypt

L0:Estonia

L0:Finland

L0:France

L0:Germany

L0:Greece

L0:Israel

L0:Italy

L0:Japan

L0:Latvia

L0:Lithuania

L0:Luxembourg

L0:Netherlands

L0:Norway

L0:Poland

L0:Portugal

L0:Slovenia

L0:Spain

L0:Sweden

L0:Switzerland

L0:Turkey

L0:United Kingdom of Great Britain and Northern Ireland.

L0:Qualifying country component? means a component mined, produced, or

L0:manufactured in a qualifying country.

L0:Qualifying country end product? means?

L1:(1) An unmanufactured end product mined or produced in a qualifying country;

L0:or

L1:(2) An end product manufactured in a qualifying country if?

L1:(i) The cost of the following types of components exceeds, for the entire
L0:period of performance for a contract awarded in: calendar year 2023, 60 percent of the
L0:cost of all its components; calendar years 2024 through 2028, 65 percent of the cost of all
L0:its components; or calendar year 2029 or later, 75 percent of the cost of all its
L0:components:
L0:country.

L1:(A) Components mined, produced, or manufactured in a qualifying
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:States.

L1:(B) Components mined, produced, or manufactured in the United
L1:(C) Components of foreign origin of a class or kind for which the
L0:Government has determined that sufficient and reasonably available commercial
L0:quantities of a satisfactory quality are not mined, produced, or manufactured in the
L0:United States. Components of unknown origin are treated as foreign; or

L1:(ii) The end product is a COTS item.
L0:Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2
L0:percent carbon, and may include other elements.
L0:United States? means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Unless otherwise specified, this clause applies to all items in the Schedule.

L1:(c) The Contractor shall deliver under this contract only domestic end products
L0:unless, in its offer, it specified delivery of qualifying country end products, Free Trade
L0:Agreement country end products other than Bahraini end products, Korean end
L0:products, Moroccan end products, Panamanian end products, or Peruvian end products,
L0:or other foreign end products in the Buy American?Free Trade Agreements?Balance
L0:of Payments Program Certificate?Alternate IV provision of the solicitation. If the
L0:Contractor certified in its offer that it will deliver a qualifying country end product or a
L0:Free Trade Agreement country end product other than a Bahraini end product, a
L0:Korean end product, a Moroccan end product, a Panamanian end product, or a Peruvian
L0:end product, the Contractor shall deliver a qualifying country end product, a Free Trade
L0:Agreement country end product other than a Bahraini end product, a Korean end
L0:product, a Moroccan end product, a Panamanian end product, or a Peruvian end
L0:product, or, at the Contractor?s option, a domestic end product.

L1:(d) The contract price does not include duty for end products or components for
L0:which the Contractor will claim duty-free entry.

L0:(End of clause)

L0:Alternate XI. [Reserved]

252.225-7037 Reserved

Status: active

L0:252.225-7037 Reserved.

252.225-7039 Defense Contractors Performing Private Security Functions

Status: active

L0:252.225-7039 Defense Contractors Performing Private Security Functions

L0:Outside the United States.

L0:As prescribed in 225.702-6, insert the following clause:

L0:DEFENSE CONTRACTORS PERFORMING PRIVATE SECURITY FUNCTIONS**L0:OUTSIDE THE UNITED STATES (JAN 2023)**

L1:(a) Definitions. As used in this clause?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Full cooperation??

L1:(1) Means disclosure to the Government of the information sufficient to

L0:identify the nature and extent of the incident and the individuals responsible for

L0:the conduct. It includes providing timely and complete response to Government

L0:auditors? and investigators? requests for documents and access to employees with

L0:information;

L1:(2) Does not foreclose any contractor rights arising in law, the FAR or the

L0:terms of the contract. It does not require?

L1:(i) The contractor to waive its attorney-client privilege or the protections

L0:afforded by the attorney work product doctrine; or

L1:(ii) Any officer, director, owner, or employee of the contractor, including

L0:a sole proprietor, to waive his or her attorney-client privilege or Fifth Amendment

L0:rights; and

L1:(3) Does not restrict the contractor from?

L1:(i) Conducting an internal investigation; or

L1:(ii) Defending a proceeding or dispute arising under the contract or

L0:related to a potential or disclosed violation.

L0:Private security functions? means the following activities engaged in by a

L0:contractor:

L1:(1) Guarding of personnel, facilities, designated sites or property of a Federal

L0:agency, the contractor or subcontractor, or a third party.

L1:(2) Any other activity for which personnel are required to carry weapons in the

L0:performance of their duties in accordance with the terms of this contract.

L1:(b) Applicability. If this contract is performed both in a designated area and in

L0:an area that is not designated, the clause only applies to performance in the

L0:designated area. Designated areas are areas outside the United States of?

L1:(1) Contingency operations;

L1:(2) Combat operations, as designated by the Secretary of Defense;

L1:(3) Other significant military operations (as defined in 32 CFR part 159),
L0:designated by the Secretary of Defense upon agreement of the Secretary of State;
L1:(4) Peace operations, consistent with Joint Publication 3-07.3; or
L1:(5) Other military operations or military exercises, when designated by the
L0:Combatant Commander.

L1:(c) Requirements. The Contractor shall?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Ensure that all Contractor personnel who are responsible for performing
L0:private security functions under this contract comply with 32 CFR part 159 and any
L0:orders, directives, or instructions to contractors performing private security
L0:functions that are identified in the contract for?

L1:(i) Registering, processing, accounting for, managing, overseeing and
L0:keeping appropriate records of personnel performing private security functions;
L1:(ii) Authorizing, accounting for and registering in Synchronized
L0:Predeployment and Operational Tracker (SPOT), weapons to be carried by or
L0:available to be used by personnel performing private security functions;
L1:(iii) Identifying and registering in SPOT armored vehicles, helicopters
L0:and other military vehicles operated by Contractors performing private security
L0:functions; and

L1:(iv) In accordance with orders and instructions established by the
L0:applicable Combatant Commander, reporting incidents in which?
L0:functions;

L1:(A) A weapon is discharged by personnel performing private security
L0:killed, or injured;

L1:(B) Personnel performing private security functions are attacked,
L0:of conduct by Contractor personnel;

L1:(C) Persons are killed or injured or property is destroyed as a result
L1:(D) A weapon is discharged against personnel performing private
L0:security functions or personnel performing such functions believe a weapon was so
L0:discharged; or

L1:(E) Active, non-lethal countermeasures (other than the discharge of
L0:a weapon) are employed by personnel performing private security functions in
L0:response to a perceived immediate threat;

L1:(2) Ensure that Contractor personnel who are responsible for performing
L0:private security functions under this contract are briefed on and understand their
L0:obligation to comply with?

L1:(i) Qualification, training, screening (including, if applicable, thorough
L0:background checks) and security requirements established by 32 CFR part 159;
L1:(ii) Applicable laws and regulations of the United States and the host
L0:country and applicable treaties and international agreements regarding
L0:performance of private security functions;

L1:(iii) Orders, directives, and instructions issued by the applicable
L0:Combatant Commander or relevant Chief of Mission relating to weapons,
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:equipment, force protection, security, health, safety, or relations and interaction

L0:with locals; and

L1:(iv) Rules on the use of force issued by the applicable Combatant

L0:Commander or relevant Chief of Mission for personnel performing private security

L0:functions;

L1:(3) Provide full cooperation with any Government-authorized investigation

L0:of incidents reported pursuant to paragraph (c)(1)(iv) of this clause and incidents of

L0:alleged misconduct by personnel performing private security functions under this

L0:contract by providing?

L1:(i) Access to employees performing private security functions; and

L1:(ii) Relevant information in the possession of the Contractor regarding

L0:the incident concerned; and

L1:(4) Comply with ANSI/ASIS PSC.1-2012, American National Standard,

L0:Management System for Quality of Private Security Company Operations?

L0:Requirements with Guidance or the International Standard ISO 18788,

L0:Management System for Private Security Operations?Requirements with

L0:Guidance (located at <http://www.acq.osd.mil/log/PS/psc.html>).

L1:(d) Remedies. In addition to other remedies available to the Government?

L1:(1) The Contracting Officer may direct the Contractor, at its own expense, to

L0:remove and replace any Contractor or subcontractor personnel performing private

L0:security functions who fail to comply with or violate applicable requirements of this

L0:clause or 32 CFR part 159. Such action may be taken at the Government's

L0:discretion without prejudice to its rights under any other provision of this contract;

L1:(2) The Contractor's failure to comply with the requirements of this clause

L0:will be included in appropriate databases of past performance and considered in any

L0:responsibility determination or evaluation of past performance; and

L1:(3) If this is an award-fee contract, the Contractor's failure to comply with

L0:the requirements of this clause shall be considered in the evaluation of the

L0:Contractor's performance during the relevant evaluation period, and the

L0:Contracting Officer may treat such failure to comply as a basis for reducing or

L0:denying award fees for such period or for recovering all or part of award fees

L0:previously paid for such period.

L1:(e) Rule of construction. The duty of the Contractor to comply with the

L0:requirements of this clause shall not be reduced or diminished by the failure of a

L0:higher- or lower-tier Contractor or subcontractor to comply with the clause

L0:requirements or by a failure of the contracting activity to provide required

L0:oversight.

L1:(f) Subcontracts. The Contractor shall include the substance of this clause,

L0:including this paragraph (f), in subcontracts, including subcontracts for commercial

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:products or commercial services, when private security functions will be performed

L0:outside the United States in areas of?

L1:(1) Contingency operations;

L1:(2) Combat operations, as designated by the Secretary of Defense;
 L1:(3) Other significant military operations (as defined in 32 CFR part 159),
 L0:designated by the Secretary of Defense upon agreement of the Secretary of State;
 L1:(4) Peace operations, consistent with Joint Publication 3-07.3; or
 L1:(5) Other military operations or military exercises, when designated by the
 L0:Combatant Commander.
 L0:(End of clause)

252.225-7040 Contractor Personnel Supporting U.S. Armed Forces Deployed

Status: active

L0:252.225-7040 Contractor Personnel Supporting U.S. Armed Forces Deployed
 L0:Outside the United States.

L0:As prescribed in 222.771-5(a), use the following clause:

L0:CONTRACTOR PERSONNEL SUPPORTING U.S. ARMED FORCES DEPLOYED L0:OUTSIDE THE UNITED STATES (AUG 2025)

L1:(a) Definitions. As used in this clause?

L0:?"Combatant Commander?" means the commander of a unified or specified combatant
 L0:command established in accordance with 10 U.S.C. 161.

L0:?"Contractors authorized to accompany the Force,?" or ?CAAF,?" means contractor

L0:personnel, including all tiers of subcontractor personnel, who are authorized to

L0:accompany U.S. Armed Forces in applicable operations and have been afforded CAAF

L0:status through a letter of authorization. CAAF generally include all U.S. citizen n and

L0:third-country national employees not normally residing within the operational area

L0:whose area of performance is in the direct vicinity of U.S. Armed Forces and who

L0:routinely are collocated with the U.S. Armed Forces (especially in non-permissive

L0:environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF

L0:status through a letter of authorization. In some cases, Combatant Commander

L0:subordinate commanders may designate mission-essential host nation or local national

L0:contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors

L0:previously identified as contractors deploying with the U.S. Armed Forces. CAAF

L0:status does not apply to contractor personnel in support of applicable operations within

L0:the boundaries and territories of the United States.

L0:?"Designated operational area?" means a geographic area designated by the

L0:combatant commander or subordinate joint force commander for the conduct or

L0:support of specified military operations.

L0:?"Designated reception site?" means the designated place for the reception,

L0:staging, integration, and onward movement of contractors deploying during a

L0:contingency. The designated reception site includes assigned joint reception centers

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:and other Service or private reception sites.

L0:?"Law of war?" means that part of international law that regulates the conduct of

L0:armed hostilities. The law of war encompasses all international law for the conduct of

L0:hostilities binding on the United States or its individual citizens, including treaties and
L0:international agreements to which the United States is a party, and applicable
L0:customary international law.

L0:Non-CAAF means personnel who are not designated as CAAF, such as local
L0:national (LN) employees and non-LN employees who are permanent residents in
L0:the operational area or third-country nationals not routinely residing with U.S.
L0:Armed Forces (and third-country national expatriates who are permanent residents
L0:in the operational area) who perform support functions away from the close
L0:proximity of, and do not reside with, U.S. Armed Forces. Government-furnished
L0:support to non-CAAF is typically limited to force protection, emergency medical
L0:care, and basic human needs (e.g., bottled water, latrine facilities, security, and food
L0:when necessary) when performing their jobs in the direct vicinity of U.S. Armed
L0:Forces. Non-CAAF status does not apply to contractor personnel in support of
L0:applicable operations within the boundaries and territories of the United States.
L0:Subordinate joint force commander means a sub-unified commander or joint
L0:task force commander.

L1:(b) General.

L1:(1) This clause applies to both CAAF and non-CAAF when performing in a
L0:designated operational area outside the United States to support U.S. Armed Forces
L0:deployed outside the United States in?

L1:(i) Contingency operations;

L1:(ii) Peace operations, consistent with Joint Publication 3-07.3; or

L1:(iii) Other military operations or military exercises, when designated by the
L0:Combatant Commander or as directed by the Secretary of Defense.

L1:(2) Contract performance in support of U.S. Armed Forces deployed outside the
L0:United States may require work in dangerous or austere conditions. Except as
L0:otherwise provided in the contract, the Contractor accepts the risks associated with
L0:required contract performance in such operations.

L1:(3) When authorized in accordance with paragraph (j) of this clause to carry
L0:arms for personal protection, Contractor personnel are only authorized to use force for
L0:individual self-defense.

L1:(4) Unless immune from host nation jurisdiction by virtue of an international
L0:agreement or international law, inappropriate use of force by contractor personnel
L0:supporting the U.S. Armed Forces can subject such personnel to United States or host
L0:nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

L1:(5) Service performed by Contractor personnel subject to this clause is not

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:active duty or service under 38 U.S.C. 106 note.

L1:(c) Support.

L2:(1)(i) The Combatant Commander will develop a security plan for protection of
L0:Contractor personnel in locations where there is not sufficient or legitimate civil
L0:authority, when the Combatant Commander decides it is in the interests of the
L0:Government to provide security because?

L1:(A) The Contractor cannot obtain effective security services;

L1:(B) Effective security services are unavailable at a reasonable cost; or

L1:(C) Threat conditions necessitate security through military means.

L1:(ii) In appropriate cases, the Combatant Commander may provide security

L0:through military means, commensurate with the level of security provided DoD

L0:civilians.

L2:(2)(i) Generally, CAAF will be afforded emergency medical and dental care if

L0:injured while supporting applicable operations. Additionally, non-CAAF employees who

L0:are injured while in the vicinity of U. S. Armed Forces will normally receive emergency

L0:medical and dental care. Emergency medical and dental care includes medical care

L0:situations in which life, limb, or eyesight is jeopardized. Examples of emergency

L0:medical and dental care include examination and initial treatment of victims of sexual

L0:assault; refills of prescriptions for life-dependent drugs; repair of broken bones,

L0:lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be

L0:limited to stabilization and short-term medical treatment with an emphasis on return

L0:to duty or placement in the patient movement system.

L1:(ii) When the Government provides medical treatment or transportation of

L0:Contractor personnel to a selected civilian facility, the Contractor shall ensure that the

L0:Government is reimbursed for any costs associated with such treatment or

L0:transportation.

L1:(iii) Medical or dental care beyond this standard is not authorized.

L1:(3) Contractor personnel must have a Synchronized Predeployment and

L0:Operational Tracker (SPOT)-generated letter of authorization signed by the

L0:Contracting Officer in order to process through a deployment center or to travel to,

L0:from, or within the designated operational area. The letter of authorization also will

L0:identify any additional authorizations, privileges, or Government support that

L0:Contractor personnel are entitled to under this contract. Contractor personnel who are

L0:issued a letter of authorization shall carry it with them at all times while deployed.

L1:(4) Unless specified elsewhere in this contract, the Contractor is responsible for

L0:all other support required for its personnel engaged in the designated operational area

L0:under this contract.

L1:(d) Compliance with laws and regulations.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) The Contractor shall comply with, and shall ensure that its personnel

L0:supporting U.S. Armed Forces deployed outside the United States as specified in

L0:paragraph (b)(1) of this clause are familiar with and comply with, all applicable?

L1:(i) United States, host country, and third country national laws;

L1:(ii) Provisions of the law of war, as well as any other applicable treaties and

L0:international agreements;

L1:(iii) United States regulations, directives, instructions, policies, and

L0:procedures; and

L1:(iv) Orders, directives, and instructions issued by the Combatant

L0:Commander, including those relating to force protection, security, health, safety, or

L0:relations and interaction with local nationals.

L1:(2) The Contractor shall institute and implement an effective program to

L0:prevent violations of the law of war by its employees and subcontractors, including law
L0:of war training in accordance with paragraph (e)(1)(vii) of this clause.

L1:(3) The Contractor shall ensure that CAAF and non-CAAF are aware?
L1:(i) Of the DoD definition of "sexual assault" in DoD Directive 6495.01,
L0:Sexual Assault Prevention and Response Program;
L1:(ii) That the offenses addressed by the definition are covered under the
L0:Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this clause). Other sexual
L0:misconduct may constitute offenses under the Uniform Code of Military Justice,
L0:Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws;
L0:and
L1:(iii) That the offenses not covered by the Uniform Code of Military Justice
L0:may nevertheless have consequences to the contractor employees (see paragraph (h)(1)
L0:of this clause).

L1:(4) The Contractor shall report to the appropriate investigative authorities,
L0:identified in paragraph (d)(6) of this clause, any alleged offenses under?
L1:(i) The Uniform Code of Military Justice (chapter 47 of title 10, United
L0:States Code) (applicable to contractors serving with or accompanying an armed force in
L0:the field during a declared war or contingency operations); or
L1:(ii) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18,
L0:United States Code).

L1:(5) The Contractor shall provide to all contractor personnel who will perform
L0:work on a contract in the deployed area, before beginning such work, information on the
L0:following:
L1:(i) How and where to report an alleged crime described in paragraph (d)(4)
L0:of this clause.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(ii) Where to seek victim and witness protection and assistance available to
L0:contractor personnel in connection with an alleged offense described in paragraph (d)(4)
L0:of this clause.
L1:(iii) That this section does not create any rights or privileges that are not
L0:authorized by law or DoD policy.

L1:(6) The appropriate investigative authorities to which suspected crimes shall be
L0:reported include the following?
L1:(i) US Army Criminal Investigation Command at <http://www.cid.army.mil/>;
L1:(ii) Air Force Office of Special Investigations at <https://www.osi.af.mil/>;
L1:(iii) Navy Criminal Investigative Service at <http://www.ncis.navy.mil/>;
L1:(iv) Defense Criminal Investigative Service at <http://www.dodig.mil/>;
L1:(v) To any command of any supported military element or the command of
L0:any base.

L1:(7) Personnel seeking whistleblower protection from reprisals for reporting
L0:criminal acts shall seek guidance through the DoD Inspector General hotline at 800-
L0:424-9098 or www.dodig.mil/. Personnel seeking other forms of victim or witness
L0:protections should contact the nearest military law enforcement office.

L2:(8)(i) The Contractor shall ensure that Contractor employees supporting the U.S.

L0:Armed Forces are aware of their rights to?

L0:passport or driver's license, regardless of the documents' issuing authority;

L1:(A) Hold their own identity or immigration documents, such as

L1:(B) Receive agreed upon wages on time;

L1:(C) Take lunch and work-breaks;

L1:(D) Elect to terminate employment at any time;

L1:(E) Identify grievances without fear of reprisal;

L0:understand;

L1:(F) Have a copy of their employment contract in a language they

L0:minimum wage;

L1:(G) Receive wages that are not below the legal host-country

L0:to signing their employment contract; and

L1:(H) Be notified of their rights, wages, and prohibited activities prior

L0:housing and safety standards.

L1:(I) If housing is provided, live in housing that meets host-country

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(ii) The Contractor shall post these rights in employee work spaces in

L0:English and in any foreign language(s) spoken by a significant portion of the

L0:workforce.

L1:(iii) The Contractor shall enforce the rights of Contractor personnel

L0:supporting the U.S. Armed Forces.

L1:(e) Preliminary personnel requirements.

L1:(1) The Contractor shall ensure that the following requirements are met prior to

L0:deploying CAAF (specific requirements for each category will be specified in the

L0:statement of work or elsewhere in the contract):

L1:(i) All required security and background checks are complete and

L0:acceptable.

L1:(ii) All CAAF deploying in support of an applicable operation?

L0:performance of their contracted duties;

L1:(A) Are medically, dentally, and psychologically fit for deployment and

L1:(B) Meet the minimum medical screening requirements, including

L0:theater-specific medical qualifications as established by the geographic Combatant

L0:Commander (as posted to the Geographic Combatant Commander's website or other

L0:venue); and

L0:contract.

L1:(C) Have received all required immunizations as specified in the

L1:(1) During predeployment processing, the Government will provide,

L0:at no cost to the Contractor, any military-specific immunizations and/or medications not

L0:available to the general public.

L0:the deployment center.

L1:(2) All other immunizations shall be obtained prior to arrival at

L1:(3) All CAAF and selected non-CAAF, as specified in the statement

L0:of work, shall bring to the designated operational area a copy of the U.S. Centers for

L0:Disease Control and Prevention (CDC) Form 731, International Certificate of

L0:Vaccination or Prophylaxis as Approved by the World Health Organization, (also known L0:as ?shot record? or ?Yellow Card?) that shows vaccinations are current.

L1:(iii) Deploying personnel have all necessary passports, visas, and other L0:documents required to enter and exit a designated operational area and have a Geneva L0:Conventions identification card, or other appropriate DoD identity credential, from the L0:deployment center.

L1:(iv) Special area, country, and theater clearance is obtained for all personnel L0:deploying. Clearance requirements are in DoD Directive 4500.54E, DoD Foreign L0:Clearance Program. For this purpose, CAAF are considered non-DoD contactor L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25 L0:Defense FAR Supplement (DFARS) Part 225

L0:personnel traveling under DoD sponsorship.

L1:(v) All deploying personnel have received personal security training. At a L0:minimum, the training shall?

L1:(A) Cover safety and security issues facing employees overseas;

L1:(B) Identify safety and security contingency planning activities; and

L1:(C) Identify ways to utilize safety and security personnel and other L0:resources appropriately.

L1:(vi) All personnel have received isolated personnel training, if specified in L0:the contract, in accordance with DoD Instruction 1300.23, Isolated Personnel Training L0:for DoD Civilian and Contractors.

L1:(vii) Personnel have received law of war training as follows: L0:provided through?

L1:(A) Basic training is required for all CAAF. The basic training will be

L1:(1) A military-run training center; or L0:the Contracting Officer.

L1:(2) A web-based source, if specified in the contract or approved by

L1:(B) Advanced training, commensurate with their duties and L0:responsibilities, may be required for some Contractor personnel as specified in the L0:contract.

L1:(2) The Contractor shall notify all personnel who are not a host country L0:national, or who are not ordinarily resident in the host country, that?

L1:(i) Such employees, and dependents residing with such employees, who L0:engage in conduct outside the United States that would constitute an offense L0:punishable by imprisonment for more than one year if the conduct had been engaged in L0:within the special maritime and territorial jurisdiction of the United States, may L0:potentially be subject to the criminal jurisdiction of the United States in accordance L0:with the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3621, et seq.);

L1:(ii) Pursuant to the War Crimes Act (18 U.S.C. 2441), Federal criminal L0:jurisdiction also extends to conduct that is determined to constitute a war crime when L0:committed by a civilian national of the United States;

L1:(iii) Other laws may provide for prosecution of U.S. nationals who commit L0:offenses on the premises of U.S. diplomatic, consular, military or other U.S. L0:Government missions outside the United States (18 U.S.C. 7(9)); and

L1:(iv) In time of declared war or a contingency operation, CAAF are subject to

L0:the jurisdiction of the Uniform Code of Military Justice under 10 U.S.C. 802(a)(10).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(v) Such employees are required to report offenses alleged to have been

L0:committed by or against Contractor personnel to appropriate investigative authorities.

L1:(vi) Such employees will be provided victim and witness protection and

L0:assistance.

L1:(f) Processing and departure points. CAAF shall?

L1:(1) Process through the deployment center designated in the contract, or as

L0:otherwise directed by the Contracting Officer, prior to deploying. The deployment

L0:center will conduct deployment processing to ensure visibility and accountability of

L0:Contractor personnel and to ensure that all deployment requirements are met,

L0:including the requirements specified in paragraph (e)(1) of this clause;

L1:(2) Use the point of departure and transportation mode directed by the

L0:Contracting Officer; and

L1:(3) Process through a designated reception site (DRS) upon arrival at the

L0:deployed location. The DRS will validate personnel accountability, ensure that specific

L0:designated operational area entrance requirements are met, and brief Contractor

L0:personnel on theater-specific policies and procedures.

L1:(g) Personnel data.

L1:(1) The Contractor shall use the Synchronized Predeployment and Operational

L0:Tracker (SPOT) web-based system, to enter and maintain the data for all CAAF

L0:and, as designated by the Under Secretary of Defense (Acquisition and

L0:Sustainment) or the Combatant Commander, non-CAAF supporting U.S. Armed

L0:Forces deployed outside the United States as specified in paragraph (b)(1) of this

L0:clause.

L1:(2) The Contractor shall enter the required information about their contractor

L0:personnel prior to deployment and shall continue to use the SPOT web-based

L0:system at <https://spot.dmdc.mil> to maintain accurate, up-to-date information

L0:throughout the deployment for all Contractor personnel. Changes to status of

L0:individual Contractor personnel relating to their in-theater arrival date and their

L0:duty location, to include closing out the deployment with their proper status (e.g.,

L0:mission complete, killed, wounded) shall be annotated within the SPOT database in

L0:accordance with the timelines established in the SPOT Business Rules at

L0:<https://www.acq.osd.mil/asds/log/cso/ocs/spot.html>.

L1:(h) Contractor personnel.

L1:(1) The Contracting Officer may direct the Contractor, at its own expense, to

L0:remove and replace any Contractor personnel who jeopardize or interfere with mission

L0:accomplishment or who fail to comply with or violate applicable requirements of this

L0:contract. Such action may be taken at the Government's discretion without prejudice to

L0:its rights under any other provision of this contract, including the Termination for

L0:Default clause.

L1:(2) The Contractor shall identify all personnel who occupy a position designated

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:as mission essential and ensure the continuity of essential Contractor services during
L0:designated operations, unless, after consultation with the Contracting Officer,
L0:Contracting Officer's representative, or local commander, the Contracting Officer
L0:directs withdrawal due to security conditions.

L1:(3) The Contractor shall ensure that Contractor personnel follow the guidance
L0:at paragraph (e)(2)(v) of this clause and any specific Combatant Commander guidance
L0:on reporting offenses alleged to have been committed by or against Contractor
L0:personnel to appropriate investigative authorities.

L1:(4) Contractor personnel shall return all U.S. Government-issued
L0:identification, to include the Common Access Card, to appropriate U.S. Government
L0:authorities at the end of their deployment (or, for non-CAAF, at the end of their
L0:employment under this contract).

L1:(i) Military clothing and protective equipment.

L1:(1) Contractor personnel are prohibited from wearing military clothing unless
L0:specifically authorized in writing by the Combatant Commander. If authorized to wear
L0:military clothing, Contractor personnel must?

L1:(i) Wear distinctive patches, arm bands, nametags, or headgear, in order to
L0:be distinguishable from military personnel, consistent with force protection measures;
L0:and

L1:(ii) Carry the written authorization with them at all times.

L1:(2) Contractor personnel may wear military-unique organizational clothing and
L0:individual equipment (OCIE) required for safety and security, such as ballistic, nuclear,
L0:biological, or chemical protective equipment.

L1:(3) The deployment center, or the Combatant Commander, shall issue OCIE
L0:and shall provide training, if necessary, to ensure the safety and security of Contractor
L0:personnel.

L1:(4) The Contractor shall ensure that all issued OCIE is returned to the point of
L0:issue, unless otherwise directed by the Contracting Officer.

L1:(j) Weapons.

L1:(1) If the Contractor requests that its personnel performing in the designated
L0:operational area be authorized to carry weapons for individual self-defense, the request
L0:shall be made through the Contracting Officer to the Combatant Commander, in
L0:accordance with DoD Instruction 3020.41, Operational Contractor Support. The
L0:Combatant Commander will determine whether to authorize in-theater Contractor
L0:personnel to carry weapons and what weapons and ammunition will be allowed.

L1:(2) If Contractor personnel are authorized to carry weapons in accordance with
L0:paragraph (j)(1) of this clause, the Contracting Officer will notify the Contractor what
L0:weapons and ammunition are authorized.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L1:(3) The Contractor shall ensure that its personnel who are authorized to carry
L0:weapons?

L1:(i) Are adequately trained to carry and use them?

L1:(A) Safely;

L0:force issued by the Combatant Commander; and

L1:(B) With full understanding of, and adherence to, the rules of the use of

L1:(C) In compliance with applicable agency policies, agreements, rules,
L0:regulations, and other applicable law;

L1:(ii) Are not barred from possession of a firearm by 18 U.S.C. 922;

L1:(iii) Adhere to all guidance and orders issued by the Combatant
L0:Commander regarding possession, use, safety, and accountability of weapons and
L0:ammunition;

L1:(iv) Comply with applicable Combatant Commander and local commander
L0:force-protection policies; and

L1:(v) Understand that the inappropriate use of force could subject them to
L0:U.S. or host-nation prosecution and civil liability.

L1:(4) Whether or not weapons are Government-furnished, all liability for the use
L0:of any weapon by Contractor personnel rests solely with the Contractor and the
L0:Contractor employee using such weapon.

L1:(5) Upon redeployment or revocation by the Combatant Commander of the
L0:Contractor's authorization to issue firearms, the Contractor shall ensure that all
L0:Government-issued weapons and unexpended ammunition are returned as directed by
L0:the Contracting Officer.

L1:(k) Vehicle or equipment licenses. Contractor personnel shall possess the required
L0:licenses to operate all vehicles or equipment necessary to perform the contract in the
L0:designated operational area.

L1:(l) Purchase of scarce goods and services. If the Combatant Commander has
L0:established an organization for the designated operational area whose function is to
L0:determine that certain items are scarce goods or services, the Contractor shall
L0:coordinate with that organization local purchases of goods and services designated as
L0:scarce, in accordance with instructions provided by the Contracting Officer.

L1:(m) Evacuation.

L1:(1) If the Combatant Commander orders a mandatory evacuation of some or all
L0:personnel, the Government will provide assistance, to the extent available, to United
L0:States and third country national Contractor personnel.

L1:(2) In the event of a non-mandatory evacuation order, unless authorized in
L0:writing by the Contracting Officer, the Contractor shall maintain personnel on location
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:sufficient to meet obligations under this contract.

L1:(n) Next of kin notification and personnel recovery.

L1:(1) The Contractor shall be responsible for notification of the employee-
L0:designated next of kin in the event an employee dies, requires evacuation due to an
L0:injury, or is isolated, missing, detained, captured, or abducted.

L1:(2) In the case of isolated, missing, detained, captured, or abducted Contractor
L0:personnel, the Government will assist in personnel recovery actions in accordance with
L0:DoD Directive 3002.01E, Personnel Recovery in the Department of Defense.

L1:(o) Mortuary affairs. Contractor personnel who die while in support of the U.S.
L0:Armed Forces shall be covered by the DoD mortuary affairs program as described in
L0:DoD Directive 1300.22, Mortuary Affairs Policy, and DoD Instruction 3020.41,

L0:Operational Contractor Support.

L1:(p) Changes. In addition to the changes otherwise authorized by the Changes

L0:clause of this contract, the Contracting Officer may, at any time, by written order

L0:identified as a change order, make changes in the place of performance or Government-

L0:furnished facilities, equipment, material, services, or site. Any change order issued in

L0:accordance with this paragraph (p) shall be subject to the provisions of the Changes

L0:clause of this contract.

L1:(q) Subcontracts. The Contractor shall incorporate the substance of this clause,

L0:including this paragraph (q), in all subcontracts when subcontractor personnel are

L0:supporting U.S. Armed Forces deployed outside the United States in?

L1:(1) Contingency operations;

L1:(2) Peace operations consistent with Joint Publication 3-07.3; or

L1:(3) Other military operations or military exercises, when designated by the

L0:Combatant Commander or as directed by the Secretary of Defense.

252.225-7041 Correspondence in English

Status: active

L0:252.225-7041 Correspondence in English.

L0:As prescribed in 225.603(2), use the following clause:

L0:(End of clause)

L0:CORRESPONDENCE IN ENGLISH (JUN 1997)

L0:The Contractor shall ensure that all contract correspondence that is addressed to the

L0:United States Government is submitted in English or with an English translation.

252.225-7963 Antiterrorism/Force Protection for Defense Contractors Outside

Status: active

L0:252.225-7963 Antiterrorism/Force Protection for Defense Contractors Outside

L0:the United States.

L0:As prescribed in 225.772-2, use the following clause:

L0:ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE

L0:CONTRACTORS OUTSIDE THE UNITED STATES (DEVIATION 2026-O0041) (FEB

L0:2026)

L1:(a) Definition. ?United States,? as used in this clause, means, the 50 States, the

L0:District of Columbia, and outlying areas.

L1:(b) Except as provided in paragraph (c) of this clause, the Contractor and its

L0:subcontractors, if performing or traveling outside the United States under this contract,

L0:shall?

L1:(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or

L0:subcontractor is a U.S. entity;

L1:(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals

L0:and are in-country on a non-transitory basis, register with the U.S. Embassy, and that

L0:Contractor and subcontractor personnel who are third country nationals comply with
L0:any security related requirements of the Embassy of their nationality;
L1:(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force
L0:protection awareness information commensurate with that which the Department of
L0:Defense (DoD) provides to its military and civilian personnel and their families, to the
L0:extent such information can be made available prior to travel outside the United States;
L0:and
L1:(4) Obtain and comply with the most current antiterrorism/force protection
L0:guidance for Contractor and subcontractor personnel.
L1:(c) The requirements of this clause do not apply to any subcontractor that is?
L1:(1) A foreign government;
L1:(2) A representative of a foreign government; or
L1:(3) A foreign corporation wholly owned by a foreign government.
L1:(d) Information and guidance pertaining to DoD antiterrorism/force protection can
L0:be obtained from (Contracting Officer to insert applicable information cited in
L0:PGI 225.772-1).
L0:(End of clause)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

252.225-7044 Balance of Payments Program--Construction Material

Status: active

L0:252.225-7044 Balance of Payments Program--Construction Material.
L0:Basic. As prescribed in 225.7503(a) and (a)(1), use the following clause:
L0:BALANCE OF PAYMENTS PROGRAM?CONSTRUCTION MATERIAL?BASIC
L0:(FEB 2024)
L1:(a) Definitions. As used in this clause?
L0:?Commercially available off-the-shelf (COTS) item??
L1:(1) Means any item of supply (including construction material) that is?
L1:(i) A commercial product (as defined in paragraph (1) of the definition of
L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));
L1:(ii) Sold in substantial quantities in the commercial marketplace; and
L1:(iii) Offered to the Government, under a contract or subcontract at any tier,
L0:without modification, in the same form in which it is sold in the commercial
L0:marketplace; and
L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as
L0:agricultural products and petroleum products.
L0:?Component? means any article, material, or supply incorporated directly into
L0:construction material.
L0:?Construction material? means an article, material, or supply brought to the
L0:construction site by the Contractor or a subcontractor for incorporation into the building
L0:or work. The term also includes an item brought to the site preassembled from articles,
L0:materials, or supplies. However, emergency life safety systems, such as emergency

L0:lighting, fire alarm, and audio evacuation systems, that are discrete systems

L0:incorporated into a public building or work and that are produced as complete systems,

L0:are evaluated as a single and distinct construction material regardless of when or how

L0:the individual parts or components of those systems are delivered to the construction

L0:site. Materials purchased directly by the Government are supplies, not construction

L0:material.

L0:?Cost of components? means?

L1:(1) For components purchased by the Contractor, the acquisition cost, including

L0:transportation costs to the place of incorporation into the end product (whether or not

L0:such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-

L0:free entry certificate is issued); or

L1:(2) For components manufactured by the Contractor, all costs associated with

L0:the manufacture of the component, including transportation costs as described in

L0:paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:of components does not include any costs associated with the manufacture of the

L0:construction material.

L0:?Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?Critical item? means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?Domestic construction material? means?

L1:(1) For construction material that does not consist wholly or predominantly of

L0:iron or steel or a combination of both?

L1:(i) An unmanufactured construction material mined or produced in the

L0:United States; or

L1:(ii) A construction material manufactured in the United States, if?

L1:(A) The cost of its components mined, produced, or manufactured in the

L0:United States exceeds 60 percent of the cost of all its components, except that the

L0:percentage will be 65 percent for items delivered in calendar years 2024 through 2028

L0:and 75 percent for items delivered starting in calendar year 2029, unless an alternate

L0:percentage is established for a contract in accordance with FAR 25.201(c). Components

L0:of foreign origin of the same class or kind for which nonavailability determinations have

L0:been made are treated as domestic. Components of unknown origin are treated as

L0:foreign; or

L1:(B) The construction material is a COTS item; or

L1:(2) For construction material that consists wholly or predominantly of iron or

L0:steel or a combination of both, a construction material manufactured in the United

L0:States if the cost of iron and steel not produced in the United States (excluding

L0:fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of

L0:the cost of all the components used in such construction material (produced in the

L0:United States means that all manufacturing processes of the iron or steel must take

L0:place in the United States, except metallurgical processes involving refinement of steel

L0:additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the end product and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

L0:"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25 Defense FAR Supplement (DFARS) Part 225 wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

L0:"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

L0:"United States" means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Domestic preference. This clause implements the Balance of Payments Program by providing a preference for domestic construction material. The Contractor shall use only domestic construction material in performing this contract, except for:

L1:(1) Construction material valued at or below the simplified acquisition

L0:threshold in part 2 of the Federal Acquisition Regulation;

L1:(2) Information technology that is a commercial product; or

L1:(3) The construction material or components listed by the Government as

L0:follows:

L0: _____

L0:[Contracting Officer to list applicable excepted materials or indicate "none"]

L0:Alternate I. [Reserved]

L0:(End of clause)

L0:Alternate II. As prescribed in 225.7503(a) and (a)(3), use the following clause, which includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the domestic content threshold that will apply to the entire contract period of performance:

L0: BALANCE OF PAYMENTS PROGRAM? CONSTRUCTION MATERIAL?

L0: ALTERNATE II (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:"Commercially available off-the-shelf (COTS) item"?

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:"commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:?"Component?" means any article, material, or supply incorporated directly into

L0:construction material.

L0:?"Construction material?" means an article, material, or supply brought to the

L0:construction site by the Contractor or a subcontractor for incorporation into the building

L0:or work. The term also includes an item brought to the site preassembled from articles,

L0:materials, or supplies. However, emergency life safety systems, such as emergency

L0:lighting, fire alarm, and audio evacuation systems, that are discrete systems

L0:incorporated into a public building or work and that are produced as complete systems,

L0:are evaluated as a single and distinct construction material regardless of when or how

L0:the individual parts or components of those systems are delivered to the construction

L0:site. Materials purchased directly by the Government are supplies, not construction

L0:material.

L0:?"Cost of components?" means?

L1:(1) For components purchased by the Contractor, the acquisition cost, including

L0:transportation costs to the place of incorporation into the end product (whether or not

L0:such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-

L0:free entry certificate is issued); or

L1:(2) For components manufactured by the Contractor, all costs associated with

L0:the manufacture of the component, including transportation costs as described in

L0:paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost

L0:of components does not include any costs associated with the manufacture of the

L0:construction material.

L0:?"Critical component?" means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?"Critical item?" means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?"Domestic construction material?" means?

L1:(1) For construction material that does not consist wholly or predominantly of

L0:iron or steel or a combination of both?

L1:(i) An unmanufactured construction material mined or produced in the

L0:United States; or

L1:(ii) A construction material manufactured in the United States, if?

L1:(A) The cost of its components mined, produced, or manufactured in the

L0:United States exceeds, for the entire period of performance for a contract awarded in:

L0:calendar year 2023, 60 percent of the cost of all its components; calendar years 2024

L0:through 2028, 65 percent of the cost of all its components; or calendar year 2029 or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:later, 75 percent of the cost of all its components. Components of foreign origin of the
L0:same class or kind for which nonavailability determinations have been made are
L0:treated as domestic. Components of unknown origin are treated as foreign; or
L1:(B) The construction material is a COTS item; or
L1:(2) For construction material that consists wholly or predominantly of iron or
L0:steel or a combination of both, a construction material manufactured in the United
L0:States if the cost of iron and steel not produced in the United States (excluding
L0:fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of
L0:the cost of all the components used in such construction material (produced in the
L0:United States means that all manufacturing processes of the iron or steel must take
L0:place in the United States, except metallurgical processes involving refinement of steel
L0:additives). The cost of iron and steel not produced in the United States includes but is
L0:not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate,
L0:or sheet), castings, or forgings, not produced in the United States, utilized in the
L0:manufacture of the end product and a good faith estimate of the cost of all iron or steel
L0:components not produced in the United States, excluding COTS fasteners. Iron or steel
L0:components of unknown origin are treated as foreign. If the construction material
L0:contains multiple components, the cost of all the materials used in such construction
L0:material is calculated in accordance with the definition of "cost of components" in this
L0:clause.

L0:"Predominantly of iron or steel or a combination of both" means that the cost of the
L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost
L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,
L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product
L0:and a good faith estimate of the cost of iron or steel components excluding COTS
L0:fasteners.

L0:"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2
L0:percent carbon, and may include other elements.

L0:"United States" means the 50 States, the District of Columbia, and outlying areas.

L1:(b) Domestic preference. This clause implements the Balance of Payments Program
L0:by providing a preference for domestic construction material. The Contractor shall use
L0:only domestic construction material in performing this contract, except for?

L1:(1) Construction material valued at or below the simplified acquisition
L0:threshold in FAR part 2;

L1:(2) Information technology that is a commercial product; or

L1:(3) The construction material or components listed by the Government as
L0:follows:

L0:[Contracting Officer to list applicable excepted materials or indicate "none?"].

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L0:Alternate III. [Reserved]

252.225-7045 Balance of Payments Program--Construction Material Under

L0:252.225-7045 Balance of Payments Program--Construction Material Under
L0:Trade Agreements.

L0:Basic. As prescribed in 225.7503(b) and (b)(1), use the following clause:

**L0:BALANCE OF PAYMENTS PROGRAM?CONSTRUCTION MATERIAL UNDER
L0:TRADE AGREEMENTS?BASIC (FEB 2024)**

L1:(a) Definitions. As used in this clause?

L0:?Caribbean Basin country construction material? means a construction material
L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country;

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Caribbean

L0:Basin country into a new and different construction material distinct from the materials

L0:from which it was transformed.

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of

L0:1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

L0:?Component? means any article, material, or supply incorporated directly into

L0:construction material.

L0:?Construction material? means an article, material, or supply brought to the

L0:construction site by the Contractor or a subcontractor for incorporation into the building

L0:or work. The term also includes an item brought to the site preassembled from articles,

L0:materials, or supplies. However, emergency life safety systems, such as emergency

L0:lighting, fire alarm, and audio evacuation systems, that are discrete systems

L0:incorporated into a public building or work and that are produced as complete systems,

L0:are evaluated as a single and distinct construction material regardless of when or how

L0:the individual parts or components of those systems are delivered to the construction

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:site. Materials purchased directly by the Government are supplies, not construction

L0:material.

L0:?Cost of components? means?

L1:(1) For components purchased by the Contractor, the acquisition cost, including

L0:transportation costs to the place of incorporation into the end product (whether or not

L0:such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-

L0:free entry certificate is issued); or

L1:(2) For components manufactured by the Contractor, all costs associated with
 L0:the manufacture of the component, including transportation costs as described in
 L0:paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost
 L0:of components does not include any costs associated with the manufacture of the
 L0:construction material.

L0:?"Critical component?" means a component that is mined, produced, or manufactured
 L0:in the United States and deemed critical to the U.S. supply chain. The list of critical
 L0:components is at FAR 25.105.

L0:?"Critical item?" means domestic construction material or a domestic end product that
 L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:?"Designated country?" means?

L1:(1) A World Trade Organization Government Procurement Agreement (WTO
 L0:GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada,
 L0:Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany,
 L0:Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),
 L0:Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro,
 L0:Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania,
 L0:Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in
 L0:the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu,
 L0:Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

L1:(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia,
 L0:Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic
 L0:of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

L1:(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin,
 L0:Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros,
 L0:Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia,
 L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi,
 L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe,
 L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste,
 L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas,
 L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada,
 L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent
 L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?"Designated country construction material?" means a construction material that is a
 L0:WTO GPA country construction material, a Free Trade Agreement country construction
 L0:material, a least developed country construction material, or a Caribbean Basin country
 L0:construction material.

L0:?"Domestic construction material?" means?

L1:(1) For construction material that does not consist wholly or predominantly of
 L0:iron or steel or a combination of both?

L1:(i) An unmanufactured construction material mined or produced in the
 L0:United States; or

L1:(ii) A construction material manufactured in the United States, if?

L1:(A) The cost of its components mined, produced, or manufactured in the

L0:United States exceeds 60 percent of the cost of all its components, except that the

L0:percentage will be 65 percent for items delivered in calendar years 2024 through 2028

L0:and 75 percent for items delivered starting in calendar year 2029, unless an alternate

L0:percentage is established for a contract in accordance with FAR 25.201(c). Components

L0:of foreign origin of the same class or kind for which nonavailability determinations have

L0:been made are treated as domestic. Components of unknown origin are treated as

L0:foreign; or

L1:(B) The construction material is a COTS item; or

L1:(2) For construction material that consists wholly or predominantly of iron or

L0:steel or a combination of both, a construction material manufactured in the United

L0:States if the cost of iron and steel not produced in the United States (excluding

L0:fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of

L0:the cost of all the components used in such construction material (produced in the

L0:United States means that all manufacturing processes of the iron or steel must take

L0:place in the United States, except metallurgical processes involving refinement of steel

L0:additives). The cost of iron and steel not produced in the United States includes but is

L0:not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate,

L0:or sheet), castings, or forgings, not produced in the United States, utilized in the

L0:manufacture of the construction material and a good faith estimate of the cost of all iron

L0:or steel components not produced in the United States, excluding COTS fasteners. Iron

L0:or steel components of unknown origin are treated as foreign. If the construction

L0:material contains multiple components, the cost of all the materials used in such

L0:construction material is calculated in accordance with the definition of "cost of

L0:components" in this clause.

L0:"Free Trade Agreement country construction material" means a construction

L0:material that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Free Trade

L0:Agreement country into a new and different construction material distinct from the

L0:material from which it was transformed.

L0:"Least developed country construction material" means a construction material

L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a least developed country;

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a least

L0:developed country into a new and different construction material distinct from the

L0:materials from which it was transformed.

L0:"Predominantly of iron or steel or a combination of both" means that the cost of the

L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost
L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,
L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product
L0:and a good faith estimate of the cost of iron or steel components excluding COTS
L0:fasteners.

L0:Steel means an alloy that includes at least 50 percent iron, between 0.02 and 2
L0:percent carbon, and may include other elements.

L0:United States means the 50 States, the District of Columbia, and outlying areas.

L0:WTO GPA country construction material means a construction material that?

L1:(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a WTO GPA

L0:country into a new and different construction material distinct from the materials from

L0:which it was transformed.

L1:(b) This clause implements the Balance of Payments Program by providing a

L0:preference for domestic construction material. In addition, the Contracting Officer has

L0:determined that the WTO GPA and Free Trade Agreements apply to this acquisition.

L0:Therefore, the Balance of Payments Program restrictions are waived for designated

L0:country construction materials.

L1:(c) The Contractor shall use only domestic or designated country construction

L0:material in performing this contract, except for?

L1:(1) Construction material valued at or below the simplified acquisition

L0:threshold in part 2 of the Federal Acquisition Regulation;

L1:(2) Information technology that is a commercial product; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(3) The construction material or components listed by the Government as

L0:follows:

L0: _____

L0:[Contracting Officer to list applicable excepted materials or indicate ?none?]

L0:(End of clause)

L0:Alternate I. As prescribed in 225.7503(b) and (b)(2), use the following clause, which

L0:adds ?Bahraini or Mexican construction material? to paragraph (a), and uses a different

L0:paragraph (b) and (c) than the basic clause:

L0:BALANCE OF PAYMENTS PROGRAM?CONSTRUCTION MATERIAL UNDER

L0:TRADE AGREEMENTS?ALTERNATE I (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:Bahraini or Mexican construction material means a construction material that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Bahrain or

L0:Mexico into a new and different construction material distinct from the materials from

L0:which it was transformed.

L0:Caribbean Basin country construction material means a construction material

L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country;

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Caribbean

L0:Basin country into a new and different construction material distinct from the materials

L0:from which it was transformed.

L0:?Commercially available off-the-shelf (COTS) item??

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:?commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of

L0:1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

L0:?Component? means any article, material, or supply incorporated directly into

L0:construction material.

L0:?Construction material? means an article, material, or supply brought to the

L0:construction site by the Contractor or a subcontractor for incorporation into the building

L0:or work. The term also includes an item brought to the site preassembled from articles,

L0:materials, or supplies. However, emergency life safety systems, such as emergency

L0:lighting, fire alarm, and audio evacuation systems, that are discrete systems

L0:incorporated into a public building or work and that are produced as complete systems,

L0:are evaluated as a single and distinct construction material regardless of when or how

L0:the individual parts or components of those systems are delivered to the construction

L0:site. Materials purchased directly by the Government are supplies, not construction

L0:material.

L0:?Cost of components? means?

L1:(1) For components purchased by the Contractor, the acquisition cost, including

L0:transportation costs to the place of incorporation into the end product (whether or not

L0:such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-

L0:free entry certificate is issued); or

L1:(2) For components manufactured by the Contractor, all costs associated with

L0:the manufacture of the component, including transportation costs as described in

L0:paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost

L0:of components does not include any costs associated with the manufacture of the

L0:construction material.

L0:?Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:?Critical item? means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0: ?Designated country? means?

L1:(1) A World Trade Organization Government Procurement Agreement (WTO

L0:GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada,

L0:Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany,

L0:Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),

L0:Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro,

L0:Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania,

L0:Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in

L0:the World Trade Organization as ?the Separate Customs Territory of Taiwan, Penghu,

L0:Kinmen, and Matsu? (Chinese Taipei)), Ukraine, or the United Kingdom);

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia,

L0:Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic

L0:of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

L1:(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin,

L0:Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros,

L0:Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia,

L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi,

L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe,

L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste,

L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas,

L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada,

L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent

L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

L0: ?Designated country construction material? means a construction material that is a

L0:WTO GPA country construction material, a Free Trade Agreement country construction

L0:material, a least developed country construction material, or a Caribbean Basin country

L0:construction material.

L0: ?Domestic construction material? means?

L1:(1) For construction material that does not consist wholly or predominantly of

L0:iron or steel or a combination of both?

L1:(i) An unmanufactured construction material mined or produced in the

L0:United States; or

L1:(ii) A construction material manufactured in the United States, if?

L1:(A) The cost of its components mined, produced, or manufactured in the

L0:United States exceeds 60 percent of the cost of all its components, except that the

L0:percentage will be 65 percent for items delivered in calendar years 2024 through 2028

L0:and 75 percent for items delivered starting in calendar year 2029, unless an alternate

L0:percentage is established for a contract in accordance with FAR 25.201(c). Components

L0:of foreign origin of the same class or kind for which nonavailability determinations have

L0:been made are treated as domestic. Components of unknown origin are treated as

L0:foreign; or

L1:(B) The construction material is a COTS item; or

L1:(2) For construction material that consists wholly or predominantly of iron or

L0:steel or a combination of both, a construction material manufactured in the United

L0:States if the cost of iron and steel not produced in the United States (excluding

L0:fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of

L0:the cost of all the components used in such construction material (produced in the

L0:United States means that all manufacturing processes of the iron or steel must take

L0:place in the United States, except metallurgical processes involving refinement of steel

L0:additives). The cost of iron and steel not produced in the United States includes but is

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate,

L0:or sheet), castings, or forgings, not produced in the United States, utilized in the

L0:manufacture of the construction material and a good faith estimate of the cost of all iron

L0:or steel components not produced in the United States, excluding COTS fasteners. Iron

L0:or steel components of unknown origin are treated as foreign. If the construction

L0:material contains multiple components, the cost of all the materials used in such

L0:construction material is calculated in accordance with the definition of "cost of

L0:components" in this clause.

L0:"Free Trade Agreement country construction material" means a construction

L0:material that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Free Trade

L0:Agreement country into a new and different construction material distinct from the

L0:material from which it was transformed.

L0:"Least developed country construction material" means a construction material

L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a least developed country;

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a least

L0:developed country into a new and different construction material distinct from the

L0:materials from which it was transformed.

L0:"Predominantly of iron or steel or a combination of both" means that the cost of the

L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost

L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,

L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product

L0:and a good faith estimate of the cost of iron or steel components excluding COTS

L0:fasteners.

L0:"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:"United States" means the 50 States, the District of Columbia, and outlying areas.

L0:"WTO GPA country construction material" means a construction material that?

L1:(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or
L1:(2) In the case of a construction material that consists in whole or in part of
L0:materials from another country, has been substantially transformed in a WTO GPA
L0:country into a new and different construction material distinct from the materials from
L0:which it was transformed.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(b) This clause implements the Balance of Payments Program by providing a
L0:preference for domestic construction material. In addition, the Contracting Officer has
L0:determined that the WTO GPA and all Free Trade Agreements except United States-
L0:Mexico-Canada Agreement and the Bahrain Free Trade Agreement apply to this
L0:acquisition. Therefore, the Balance of Payments Program restrictions are waived for
L0:designated country construction material other than Bahraini or Mexican construction
L0:material.

L1:(c) The Contractor shall use only domestic or designated country construction
L0:material other than Bahraini or Mexican construction material in performing this
L0:contract, except for?

L1:(1) Construction material valued at or below the simplified acquisition
L0:threshold in part 2 of the Federal Acquisition Regulation; or

L1:(2) Information technology that is a commercial product; or

L1:(3) The construction material or components listed by the Government as
L0:follows:

L0: _____

L0:[Contracting Officer to list applicable excepted materials or indicate "none?"].

L0:(End of clause)

L0:Alternate II. [Reserved]

L0:Alternate III. [Reserved]

L0:Alternate IV. As prescribed in 225.7503(b) and (b)(5), use the following clause, which
L0:includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the
L0:domestic content threshold that will apply to the entire contract period of performance:

**L0:BALANCE OF PAYMENTS PROGRAM?CONSTRUCTION MATERIAL UNDER
L0:TRADE AGREEMENTS?ALTERNATE IV (FEB 2024)**

L1:(a) Definitions. As used in this clause?

L0:"Caribbean Basin country construction material" means a construction material
L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country;
L1:(2) In the case of a construction material that consists in whole or in part of
L0:materials from another country, has been substantially transformed in a Caribbean
L0:Basin country into a new and different construction material distinct from the materials
L0:from which it was transformed.

L0:"Commercially available off-the-shelf (COTS) item"?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:commercial product? in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of

L0:1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

L0:Component? means any article, material, or supply incorporated directly into

L0:construction material.

L0:Construction material? means an article, material, or supply brought to the

L0:construction site by the Contractor or a subcontractor for incorporation into the building

L0:or work. The term also includes an item brought to the site preassembled from articles,

L0:materials, or supplies. However, emergency life safety systems, such as emergency

L0:lighting, fire alarm, and audio evacuation systems, that are discrete systems

L0:incorporated into a public building or work and that are produced as complete systems,

L0:are evaluated as a single and distinct construction material regardless of when or how

L0:the individual parts or components of those systems are delivered to the construction

L0:site. Materials purchased directly by the Government are supplies, not construction

L0:material.

L0:Cost of components? means?

L1:(1) For components purchased by the Contractor, the acquisition cost, including

L0:transportation costs to the place of incorporation into the end product (whether or not

L0:such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-

L0:free entry certificate is issued); or

L1:(2) For components manufactured by the Contractor, all costs associated with

L0:the manufacture of the component, including transportation costs as described in

L0:paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost

L0:of components does not include any costs associated with the manufacture of the

L0:construction material.

L0:Critical component? means a component that is mined, produced, or manufactured

L0:in the United States and deemed critical to the U.S. supply chain. The list of critical

L0:components is at FAR 25.105.

L0:Critical item? means domestic construction material or a domestic end product that

L0:is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0:Designated country? means?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(1) A World Trade Organization Government Procurement Agreement (WTO

L0:GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada,

L0:Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany,

L0:Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of),

L0:Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro,

L0:Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania,

L0:Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in L0:the World Trade Organization as ?the Separate Customs Territory of Taiwan, Penghu, L0:Kinmen, and Matsu? (Chinese Taipei)), Ukraine, or the United Kingdom);

L1:(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, L0:Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic L0:of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

L1:(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, L0:Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, L0:Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

L0: ?Designated country construction material? means a construction material that is a L0:WTO GPA country construction material, a Free Trade Agreement country construction L0:material, a least developed country construction material, or a Caribbean Basin country L0:construction material.

L0: ?Domestic construction material? means?.

L1:(1) For construction material that does not consist wholly or predominantly of L0:iron or steel or a combination of both?

L1:(i) An unmanufactured construction material mined or produced in the L0:United States; or

L1:(ii) A construction material manufactured in the United States, if?

L1:(A) The cost of its components mined, produced, or manufactured in the L0:United States exceeds, for the entire period of performance for a contract awarded in: L0:calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 L0:through 2028, 65 percent of the cost of all its components; or calendar year 2029 or L0:later, 75 percent of the cost of all its components. Components of foreign origin of the L0:same class or kind for which nonavailability determinations have been made are L0:treated as domestic. Components of unknown origin are treated as foreign; or

L1:(B) The construction material is a COTS item; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) For construction material that consists wholly or predominantly of iron or L0:steel or a combination of both, a construction material manufactured in the United L0:States if the cost of iron and steel not produced in the United States (excluding L0:fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of L0:the cost of all the components used in such construction material (produced in the L0:United States means that all manufacturing processes of the iron or steel must take L0:place in the United States, except metallurgical processes involving refinement of steel L0:additives). The cost of iron and steel not produced in the United States includes but is

L0: not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, L0: or sheet), castings, or forgings, not produced in the United States, utilized in the L0: manufacture of the construction material and a good faith estimate of the cost of all iron L0: or steel components not produced in the United States, excluding COTS fasteners. Iron L0: or steel components of unknown origin are treated as foreign. If the construction L0: material contains multiple components, the cost of all the materials used in such L0: construction material is calculated in accordance with the definition of "cost of L0: components" in this clause.

L0: "Free Trade Agreement country construction material" means a construction L0: material that?

L1: (1) Is wholly the growth, product, or manufacture of a Free Trade Agreement L0: country; or

L1: (2) In the case of a construction material that consists in whole or in part of L0: materials from another country, has been substantially transformed in a Free Trade L0: Agreement country into a new and different construction material distinct from the L0: material from which it was transformed.

L0: "Least developed country construction material" means a construction material L0: that?

L0: or

L1: (1) Is wholly the growth, product, or manufacture of a least developed country;

L1: (2) In the case of a construction material that consists in whole or in part of L0: materials from another country has been substantially transformed in a least developed L0: country into a new and different construction material distinct from the materials from L0: which it was transformed.

L0: "Predominantly of iron or steel or a combination of both" means that the cost of the L0: iron and steel content exceeds 50 percent of the total cost of all its components. The cost L0: of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, L0: wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product L0: and a good faith estimate of the cost of iron or steel components excluding COTS L0: fasteners.

L0: "Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 L0: percent carbon, and may include other elements.

L0: "United States" means the 50 States, the District of Columbia, and outlying areas.

L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0: Defense FAR Supplement (DFARS) Part 225

L0: "WTO GPA country construction material" means a construction material that?

L1: (1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

L1: (2) In the case of a construction material that consists in whole or in part of L0: materials from another country, has been substantially transformed in a WTO GPA L0: country into a new and different construction material distinct from the materials from L0: which it was transformed.

L1: (b) This clause implements the Balance of Payments Program by providing a L0: preference for domestic construction material. In addition, the Contracting Officer has L0: determined that the WTO GPA and Free Trade Agreements apply to this acquisition. L0: Therefore, the Balance of Payments Program restrictions are waived for designated

L0:country construction materials.

L1:(c) The Contractor shall use only domestic or designated country construction

L0:material in performing this contract, except for?

L1:(1) Construction material valued at or below the simplified acquisition

L0:threshold in FAR part 2;

L1:(2) Information technology that is a commercial product; or

L1:(3) The construction material or components listed by the Government as

L0:follows:

L0:[Contracting Officer to list applicable excepted materials or indicate "none"].

L0:(End of clause)

L0:Alternate V. As prescribed in 225.7503(b) and (b)(6), use the following clause, which

L0:includes, in the definition of "domestic construction material" at paragraph (1)(ii)(A), the

L0:domestic content threshold that will apply to the entire contract period of performance;

L0:adds "Bahraini or Mexican construction material" to paragraph (a); and uses different

L0:paragraphs (b) and (c) than the basic clause:

L0:BALANCE OF PAYMENTS PROGRAM?CONSTRUCTION MATERIAL UNDER

L0:TRADE AGREEMENTS?ALTERNATE V (FEB 2024)

L1:(a) Definitions. As used in this clause?

L0:"Bahraini or Mexican construction material" means a construction material that?

L1:(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in Bahrain or

L0:Mexico into a new and different construction material distinct from the materials from

L0:which it was transformed.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:"Caribbean Basin country construction material" means a construction material

L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country;

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Caribbean

L0:Basin country into a new and different construction material distinct from the materials

L0:from which it was transformed.

L0:"Commercially available off-the-shelf (COTS) item"?

L1:(1) Means any item of supply (including construction material) that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:"commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under a contract or subcontract at any tier,

L0:without modification, in the same form in which it is sold in the commercial

L0:marketplace; and

L1:(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of

L0:1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

L0: ?Component? means any article, material, or supply incorporated directly into L0: construction material.

L0: ?Construction material? means an article, material, or supply brought to the L0: construction site by the Contractor or a subcontractor for incorporation into the building L0: or work. The term also includes an item brought to the site preassembled from articles, L0: materials, or supplies. However, emergency life safety systems, such as emergency L0: lighting, fire alarm, and audio evacuation systems, that are discrete systems L0: incorporated into a public building or work and that are produced as complete systems, L0: are evaluated as a single and distinct construction material regardless of when or how L0: the individual parts or components of those systems are delivered to the construction L0: site. Materials purchased directly by the Government are supplies, not construction L0: material.

L0: ?Cost of components? means?

L1: (1) For components purchased by the Contractor, the acquisition cost, including L0: transportation costs to the place of incorporation into the end product (whether or not L0: such costs are paid to a domestic firm), and any applicable duty (whether or not a duty- L0: free entry certificate is issued); or

L1: (2) For components manufactured by the Contractor, all costs associated with L0: the manufacture of the component, including transportation costs as described in L0: paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost L0: Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25 L0: Defense FAR Supplement (DFARS) Part 225

L0: of components does not include any costs associated with the manufacture of the L0: construction material.

L0: ?Critical component? means a component that is mined, produced, or manufactured L0: in the United States and deemed critical to the U.S. supply chain. The list of critical L0: components is at FAR 25.105.

L0: ?Critical item? means domestic construction material or a domestic end product that L0: is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

L0: ?Designated country? means?

L1: (1) A World Trade Organization Government Procurement Agreement (WTO L0: GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, L0: Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, L0: Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), L0: Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, L0: Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, L0: Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in L0: the World Trade Organization as ?the Separate Customs Territory of Taiwan, Penghu, L0: Kinmen, and Matsu? (Chinese Taipei)), Ukraine, or the United Kingdom);

L1: (2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, L0: Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic L0: of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

L1: (3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, L0: Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, L0: Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia,

L0:Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, L0:Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, L0:Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, L0:Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

L1:(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, L0:Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, L0:Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent L0:and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

L0:Designated country construction material? means a construction material that is a L0:WTO GPA country construction material, a Free Trade Agreement country construction L0:material, a least developed country construction material, or a Caribbean Basin country L0:construction material.

L0:Domestic construction material? means?

L1:(1) For construction material that does not consist wholly or predominantly of L0:iron or steel or a combination of both?

L1:(i) An unmanufactured construction material mined or produced in the L0:United States; or

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25 L0:Defense FAR Supplement (DFARS) Part 225

L1:(ii) A construction material manufactured in the United States, if?

L1:(A) The cost of its components mined, produced, or manufactured in the L0:United States exceeds, for the entire period of performance for a contract awarded in: L0:calendar year 2023, 60 percent of the cost of all its components; calendar years 2024 L0:through 2028, 65 percent of the cost of all its components; or calendar year 2029 or L0:later, 75 percent of the cost of all its components. Components of foreign origin of the L0:same class or kind for which nonavailability determinations have been made are L0:treated as domestic. Components of unknown origin are treated as foreign; or

L1:(B) The construction material is a COTS item; or

L1:(2) For construction material that consists wholly or predominantly of iron or L0:steel or a combination of both, a construction material manufactured in the United L0:States if the cost of iron and steel not produced in the United States (excluding L0:fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of L0:the cost of all the components used in such construction material (produced in the L0:United States means that all manufacturing processes of the iron or steel must take L0:place in the United States, except metallurgical processes involving refinement of steel L0:additives). The cost of iron and steel not produced in the United States includes but is L0:not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, L0:or sheet), castings, or forgings, not produced in the United States, utilized in the L0:manufacture of the construction material and a good faith estimate of the cost of all iron L0:or steel components not produced in the United States, excluding COTS fasteners. Iron L0:or steel components of unknown origin are treated as foreign. If the construction L0:material contains multiple components, the cost of all the materials used in such L0:construction material is calculated in accordance with the definition of ?cost of L0:components? in this clause.

L0:Free Trade Agreement country construction material? means a construction

L0:material that?

L1:(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement

L0:country; or

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a Free Trade

L0:Agreement country into a new and different construction material distinct from the

L0:material from which it was transformed.

L0:?Least developed country construction material? means a construction material

L0:that?

L0:or

L1:(1) Is wholly the growth, product, or manufacture of a least developed country;

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country has been substantially transformed in a least developed

L0:country into a new and different construction material distinct from the materials from

L0:which it was transformed.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?Predominantly of iron or steel or a combination of both? means that the cost of the

L0:iron and steel content exceeds 50 percent of the total cost of all its components. The cost

L0:of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab,

L0:wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product

L0:and a good faith estimate of the cost of iron or steel components excluding COTS

L0:fasteners.

L0:?Steel? means an alloy that includes at least 50 percent iron, between 0.02 and 2

L0:percent carbon, and may include other elements.

L0:?United States? means the 50 States, the District of Columbia, and outlying areas.

L0:?WTO GPA country construction material? means a construction material that?

L1:(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

L1:(2) In the case of a construction material that consists in whole or in part of

L0:materials from another country, has been substantially transformed in a WTO GPA

L0:country into a new and different construction material distinct from the materials from

L0:which it was transformed.

L1:(b) This clause implements the Balance of Payments Program by providing a

L0:preference for domestic construction material. In addition, the Contracting Officer has

L0:determined that the WTO GPA and all Free Trade Agreements except United States-

L0:Mexico-Canada Agreement and the Bahrain Free Trade Agreement apply to this

L0:acquisition. Therefore, the Balance of Payments Program restrictions are waived for

L0:designated country construction material other than Bahraini or Mexican construction

L0:material.

L1:(c) The Contractor shall use only domestic or designated country construction

L0:material other than Bahraini or Mexican construction material in performing this

L0:contract, except for?

L1:(1) Construction material valued at or below the simplified acquisition

L0:threshold in FAR part 2; or

L1:(2) Information technology that is a commercial product; or

L1:(3) The construction material or components listed by the Government as

L0:follows:

L0:[Contracting Officer to list applicable excepted materials or indicate ?none?].

L0:Alternate VI. [Reserved]

L0:Alternate VII. [Reserved]

L0:(End of clause)

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

252.225-7046 Exports by Approved Community Members in Response to the

Status: active

L0:252.225-7046 Exports by Approved Community Members in Response to the

L0:Solicitation.

L0:As prescribed in 225.7902-5(a), use the following provision:

L0:EXPORTS BY APPROVED COMMUNITY MEMBERS IN RESPONSE TO THE

L0:SOLICITATION (JUNE 2013)

L1:(a) Definitions. The definitions of ?Approved Community?, ?defense articles?,

L0:Defense Trade Cooperation (DTC) Treaty?, ?export?, ?Implementing Arrangement?,

L0:?qualifying defense articles?, ?transfer?, and ?U.S. DoD Treaty-eligible requirements?

L0:DFARS clause 252.225-7047 apply to this provision.

L1:(b) All contract line items in the contemplated contract, except any identified in this

L0:paragraph, are intended to satisfy U.S. DoD Treaty-eligible requirements. Specific

L0:defense articles that are not U.S. DoD Treaty-eligible will be identified as such in those

L0:contract line items that are otherwise U.S. DoD Treaty-eligible.

L0:CONTRACT LINE ITEMS NOT INTENDED TO SATISFY

L0:U.S. DoD TREATY-ELIGIBLE REQUIREMENTS:

L0:_____

L0:[Enter Contract Line Item Number(s) or enter ?None?]

L1:(c) Approved Community members responding to the solicitation may only export or

L0:transfer defense articles that specifically respond to the stated requirements of the

L0:solicitation.

L1:(d) Subject to the other terms and conditions of the solicitation and the

L0:contemplated contract that affect the acceptability of foreign sources or foreign end

L0:products, components, parts, or materials, Approved Community members are

L0:permitted, but not required, to use the DTC Treaties for exports or transfers of

L0:qualifying defense articles in preparing a response to this solicitation.

L1:(e) Any conduct by an offeror responding to this solicitation that falls outside the

L0:scope of the DTC Treaties, the Implementing Arrangements, and the implementing

L0:regulations of the Department of State in 22 CFR 126.16 (Australia), 22 C.F.R. 126.17

L0:(United Kingdom), and 22 C.F.R. 126 Supplement No. 1 (exempted technologies list) is

L0:subject to all applicable International Traffic in Arms Regulations (ITAR) requirements,

L0:including any criminal, civil, and administrative penalties or sanctions, as well as all

L0:other United States statutory and regulatory requirements outside of ITAR.

L1:(f) If the offeror uses the procedures established pursuant to the DTC Treaties, the
L0:offeror agrees that, with regard to the export or transfer of a qualifying defense article
L0:associated with responding to the solicitation, the offeror shall?

L1:(1) Comply with the requirements and provisions of the applicable DTC
L0:Treaties, the Implementing Arrangements, and corresponding regulations (including
L0:the ITAR) of the U.S. Government and the government of Australia or of the United
L0:Kingdom, as applicable;
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Prior to the export or transfer of a qualifying defense article?

L1:(i) Mark, identify, transmit, store, and handle any defense articles provided
L0:for the purpose of responding to such solicitations, as well as any defense articles
L0:provided with or developed pursuant to their responses to such solicitations, in
L0:accordance with the DTC Treaties, the Implementing Arrangements, and corresponding
L0:regulations of the United States Government and the government of Australia or the
L0:government of the United Kingdom, as applicable, including, but not limited to, the
L0:marking and classification requirements described in the applicable regulations;

L1:(ii) Comply with the re-transfer or re-export provisions of the DTC Treaties,
L0:the Implementing Arrangements, and corresponding regulations of the United States
L0:Government and the government of Australia or the government of the United
L0:Kingdom, as applicable, including, but not limited to, the re-transfer and re-export
L0:requirements described in the applicable regulations; and

L1:(iii) Acknowledge that any conduct that falls outside or in violation of the
L0:DTC Treaties, Implementing Arrangements, and implementing regulations of the
L0:applicable government including, but not limited to, unauthorized re-transfer or re-
L0:export in violation of the procedures established in the applicable Implementing
L0:Arrangement and implementing regulations, remains subject to applicable licensing
L0:requirements of the government of Australia, the government of the United Kingdom,
L0:and the United States Government, as applicable, including any criminal, civil, and
L0:administrative penalties or sanctions contained therein; and

L1:(g) Representation. The offeror shall check one of the following boxes and sign the
L0:representation:

L0: ? The offeror represents that export(s) or transfer(s) of qualifying defense articles were
L0:made in preparing its response to this solicitation and that such export(s) or transfer(s)
L0:complied with the requirements of this provision.

L0: _____

L0:Name/Title of Duly Authorized Representative Date

L0: ? The offeror represents that no export(s) or transfer(s) of qualifying defense articles
L0:were made in preparing its response to this solicitation.

L0: _____

L0:Name/Title of Duly Authorized Representative Date

L1:(h) Subcontracts. Flow down the substance of this provision, including this
L0:paragraph (h), but excluding the representation at paragraph (g), to any subcontractor
L0:at any tier intending to use the DTC Treaties in responding to this solicitation.

L0:(End of provision)

252.225-7047 Exports by Approved Community Members in Performance of

Status: active

L0:252.225-7047 Exports by Approved Community Members in Performance of
L0:the Contract.

L0:As prescribed in 225.7902-5(b), use the following clause:

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:EXPORTS BY APPROVED COMMUNITY MEMBERS IN PERFORMANCE OF THE L0:CONTRACT (JUNE 2013)

L1:(a) Definitions. As used in this clause?

L0:?'Approved Community?' means the U.S. Government, U.S. entities that are

L0:registered and eligible exporters, and certain government and industry facilities in

L0:Australia or the United Kingdom that are approved and listed by the U.S. Government.

L0:?'Australia Community member?' means an Australian government authority or

L0:nongovernmental entity or facility on the Australia Community list accessible at

L0:<http://pmddtc.state.gov/treaties/index.html> .

L0:?'Defense articles?' means articles, services, and related technical data, including

L0:software, in tangible or intangible form, listed on the United States Munitions List of

L0:the International Traffic in Arms Regulations (ITAR), as modified or amended.

L0:?'Defense Trade Cooperation (DTC) Treaty?' means?

L1:(1) The Treaty Between the Government of the United States of America and the

L0:government of the United Kingdom of Great Britain and Northern Ireland concerning

L0:Defense Trade Cooperation, signed at Washington and London on June 21 and 26,

L0:2007; or

L1:(2) The Treaty Between the Government of the United States of America and the

L0:Government of Australia Concerning Defense Trade Cooperation, signed at Sydney on

L0:September 5, 2007.

L0:?'Export?' means the initial movement of defense articles from the United States

L0:Community to the United Kingdom Community and the Australia community.

L0:?'Implementing Arrangement?' means-

L1:(1) The Implementing Arrangement Pursuant to the Treaty between the

L0:Government of the United States of America and the Government of the United

L0:Kingdom of Great Britain and Northern Ireland Concerning Defense Trade

L0:Cooperation, signed on February 14, 2008; or

L1:(2) The Implementing Arrangement Pursuant to the Treaty between the

L0:Government of the United States of America and the Government of Australia

L0:Concerning Defense Trade Cooperation, signed on March 14, 2008.

L0:?'Qualifying defense articles?' means defense articles that are not exempt from the

L0:scope of the DTC Treaties as defined in 22 CFR 126.16(g) and 22 CFR 126.17(g).

L0:?'Transfer?' means the movement of previously exported defense articles within the

L0:Approved Community.

L0:United Kingdom Community member? means a United Kingdom government

L0:authority or nongovernmental entity or facility on the United Kingdom Community list

L0:accessible at <http://pmddtc.state.gov>.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:United States Community? means?

L1:(1) Departments and agencies of the U.S. Government, including their

L0:personnel, with, as appropriate, security accreditation and a need-to-know; and

L1:(2) Nongovernmental U.S. entities registered with the Department of State and

L0:eligible to export defense articles under U.S. law and regulation, including their

L0:employees, with, as appropriate, security accreditation and a need-to-know.

L0:U.S. DoD Treaty-eligible requirements? means any defense article acquired by the

L0:DoD for use in a combined military or counterterrorism operation, cooperative research,

L0:development, production or support program, or DoD end use, as described in Article 3

L0:of the U.S.-U.K. DTC Treaty and sections 2 and 3 of the associated Implementing

L0:Arrangement; and Article 3 of the U.S.-Australia DTC Treaty and sections 2 and 3 of

L0:the associated Implementing Arrangement.

L1:(b) All contract line items in this contract, except any identified in this paragraph,

L0:are intended to satisfy U.S. DoD Treaty-eligible requirements. Specific defense articles

L0:that are not U.S. DoD Treaty-eligible will be identified as such in those contract line

L0:items that are otherwise U.S. DoD Treaty-eligible.

L0:CONTRACT LINE ITEMS NOT INTENDED TO SATISFY

L0:U.S. DoD TREATY-ELIGIBLE REQUIREMENTS:

L0: _____

L0:[Enter Contract Line Item Number(s) or enter ?None?]

L1:(c) Subject to the other terms and conditions of this contract that affect the

L0:acceptability of foreign sources or foreign end products, components, parts, or materials,

L0:Approved Community members are permitted, but not required, to use the DTC

L0:Treaties for exports or transfers of qualifying defense articles in performance of the

L0:contract.

L1:(d) Any conduct by the Contractor that falls outside the scope of the DTC Treaties,

L0:the Implementing Arrangements, and 22 CFR 126.16(g) and 22 CFR 126.17(g) is

L0:subject to all applicable ITAR requirements, including any criminal, civil, and

L0:administrative penalties or sanctions, as well as all other United States statutory and

L0:regulatory requirements outside of ITAR, including, but not limited to, regulations

L0:issued by the Bureau of Alcohol, Tobacco, Firearms and Explosives found at 27 C.F.R.

L0:Parts 447, 478, and 479, which are unaffected by the DTC Treaties.

L1:(e) If the Contractor is an Approved Community member, the Contractor agrees

L0:that?

L1:(1) The Contractor shall comply with the requirements of the DTC Treaties, the

L0:Implementing Arrangements, the ITAR, and corresponding regulations of the U.S.

L0:Government and the government of Australia or the government of the United

L0:Kingdom, as applicable; and

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(2) Prior to the export or transfer of a qualifying defense article the

L0:Contractor?

L1:(i) Shall mark, identify, transmit, store, and handle any defense articles

L0:provided for the purpose of responding to such solicitations, as well as any defense

L0:articles provided with or developed pursuant to their responses to such solicitations, in

L0:accordance with the DTC Treaties, the Implementing Arrangements, and corresponding

L0:regulations of the United States Government and the government of Australia or the

L0:government of the United Kingdom, as applicable, including, but not limited to, the

L0:marking and classification requirements described in the applicable regulations;

L1:(ii) Shall comply with the re-transfer or re-export provisions of the DTC

L0:Treaties, the Implementing Arrangements, and corresponding regulations of the United

L0:States Government and the government of Australia or the government of the United

L0:Kingdom, as applicable, including, but not limited to, the re-transfer and re-export

L0:requirements described in the applicable regulations; and

L1:(iii) Shall acknowledge that any conduct that falls outside or in violation of

L0:the DTC Treaties, Implementing Arrangements, and implementing regulations of the

L0:applicable government including, but not limited to, unauthorized re-transfer or re-

L0:export in violation of the procedures established in the applicable Implementing

L0:Arrangement and implementing regulations, remains subject to applicable licensing

L0:requirements of the government of Australia, the government of the United Kingdom,

L0:and the United States Government, including any criminal, civil, and administrative

L0:penalties or sanctions contained therein.

L1:(f) The contractor shall include the substance of this clause, including this

L0:paragraph (f), in all subcontracts that may require exports or transfers of qualifying

L0:defense articles in connection with deliveries under the contract.

252.225-7048 Export-Controlled Items

Status: active

L0:252.225-7048 Export-Controlled Items.

L0:As prescribed in 225.7901-4, use the following clause:

L0:(End of clause)

L0:EXPORT CONTROLLED ITEMS (JUNE 2013)

L1:(a) Definition. "Export-controlled items," as used in this clause, means items subject

L0:to the Export Administration Regulations (EAR) (15 CFR Parts 730-774) or the

L0:International Traffic in Arms Regulations (ITAR) (22 CFR Parts 120-130). The term

L0:includes:

L1:(1) "Defense items," defined in the Arms Export Control Act, 22 U.S.C.

L0:2778(j)(4)(A), as defense articles, defense services, and related technical data, and

L0:further defined in the ITAR, 22 CFR Part 120.

L1:(2) "Items," defined in the EAR as "commodities," "software," and "technology,"

L0:terms that are also defined in the EAR, 15 CFR 772.1.

L1:(b) The Contractor shall comply with all applicable laws and regulations regarding

L0:export-controlled items, including, but not limited to, the requirement for contractors to

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:register with the Department of State in accordance with the ITAR. The Contractor

L0:shall consult with the Department of State regarding any questions relating to

L0:compliance with the ITAR and shall consult with the Department of Commerce

L0:regarding any questions relating to compliance with the EAR.

L1:(c) The Contractor's responsibility to comply with all applicable laws and

L0:regulations regarding export-controlled items exists independent of, and is not

L0:established or limited by, the information provided by this clause.

L1:(d) Nothing in the terms of this contract adds, changes, supersedes, or waives any of

L0:the requirements of applicable Federal laws, Executive orders, and regulations,

L0:including but not limited to?

L1:(1) The Export Administration Act of 1979, as amended (50 U.S.C. App. 2401, et

L0:seq.);

L0:seq.);

L1:(2) The Arms Export Control Act (22 U.S.C. 2751, et seq.);

L1:(3) The International Emergency Economic Powers Act (50 U.S.C. 1701, et

L1:(4) The Export Administration Regulations (15 CFR Parts 730-774);

L1:(5) The International Traffic in Arms Regulations (22 CFR Parts 120-130); and

L1:(6) Executive Order 13222, as extended.

L1:(e) The Contractor shall include the substance of this clause, including this

L0:paragraph (e), in all subcontracts.

L0:(End of clause)

**L0:RESTRICTION ON THE ACQUISITION OF CERTAIN MAGNETS, TANTALUM,
L0:AND TUNGSTEN (MAY 2024)**

L1:(a) Definitions. As used in this clause?

L0:Assembly? means an item forming a portion of a system or subsystem that?

L1:(1) Can be provisioned and replaced as an entity; and

L1:(2) Incorporates multiple, replaceable parts.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Commercially available off-the-shelf item??

L1:(1) Means any item of supply that is?

L1:(i) A commercial product (as defined in paragraph (1) of the definition of

L0:commercial product? in section 2.101 of the Federal Acquisition Regulation);

L1:(ii) Sold in substantial quantities in the commercial marketplace; and

L1:(iii) Offered to the Government, under this contract or a subcontract at

L0:any tier, without modification, in the same form in which it is sold in the

L0:commercial marketplace; and

L1:(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as

L0:agricultural products and petroleum products.

L0:Component? means any item supplied to the Government as part of an end item

L0:or of another component.

L0:Covered country? means?

L1:(1) The Democratic People's Republic of North Korea;

L1:(2) The People's Republic of China;

L1:(3) The Russian Federation; or

L1:(4) The Islamic Republic of Iran.

L0:Covered material? means?

L1:(1) Samarium-cobalt magnets;

L1:(2) Neodymium-iron-boron magnets;

L1:(3) Tantalum metals and alloys;

L1:(4) Tungsten metal powder; and

L1:(5) Tungsten heavy alloy or any finished or semi-finished component

L0:containing tungsten heavy alloy.

L0:Electronic device? means an item that operates by controlling the flow of

L0:electrons or other electrically charged particles in circuits, using interconnections

L0:such as resistors, inductors, capacitors, diodes, switches, transistors, or integrated

L0:circuits.

L0:End item? means the final production product when assembled or completed

L0:and ready for delivery under a line item of this contract.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:Subsystem? means a functional grouping of items that combine to perform a

L0:major function within an end item, such as electrical power, attitude control, and
L0:propulsion.

L0: Tungsten heavy alloy? means a tungsten base pseudo alloy that?

L1:(1) Meets the specifications of ASTM B777 or SAE-AMS-T-21014 for a

L0:particular class of tungsten heavy alloy; or

L1:(2) Contains at least 90 percent tungsten in a matrix of other metals (such

L0:as nickel-iron or nickel-copper) and has density of at least 16.5 g/cm3).

L1:(b) Restriction.

L1:(1) Except as provided in paragraph (c) of this clause?

L1:(i) Effective through December 31, 2026, the Contractor shall not deliver

L0:under this contract any covered material melted or produced in any covered

L0:country, or any end item, manufactured in any covered country, that contains a

L0:covered material; and

L1:(ii) Effective January 1, 2027, the Contractor shall not deliver under this

L0:contract any covered material mined, refined, separated, melted, or produced in any

L0:covered country, or any end item, manufactured in any covered country, that

L0:contains a covered material (section 854, Pub. L. 118-31; 10 U.S.C. 4872).

L3:(2)(i)(A) Effective through December 31, 2026, for samarium-cobalt magnets

L0:and neodymium-iron-boron magnets, this restriction includes?

L1:(1) Melting samarium with cobalt to produce the samarium-

L0:cobalt alloy or melting neodymium with iron and boron to produce the neodymium-

L0:iron-boron alloy; and

L0:powder formation, pressing, sintering or bonding, and magnetization.

L1:(2) All subsequent phases of production of the magnets, such as

L1:(B) Effective January 1, 2027, for samarium-cobalt magnets this

L0:restriction includes the entire supply chain from mining or production of a cobalt

L0:and samarium ore or feedstock, including recycled material, through production of

L0:finished magnets.

L1:(ii) The restriction on melting and producing of samarium-cobalt

L0:magnets is in addition to any applicable restrictions on melting of specialty metals

L0:if the clause at 252.225-7009, Restriction on Acquisition of Certain Articles

L0:Containing Specialty Metals, is included in the contract.

L1:(3) Effective January 1, 2027, for neodymium-iron-boron magnets, this

L0:restriction includes the entire supply chain from mining of neodymium, iron, and

L0:boron through production of finished magnets.

L2:(4)(i) Effective through December 31, 2026, for production of tantalum

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:metals of any kind and alloys, this restriction includes the reduction or melting of

L0:any form of tantalum to create tantalum metal including unwrought, powder, mill

L0:products, and alloys. The restriction also covers all subsequent phases of

L0:production of tantalum metals and alloys.

L1:(ii) Effective January 1, 2027, for production of tantalum metals of any

L0:kind and alloys, this restriction includes mining or production of a tantalum ore or

L0:feedstock, including recycled material, through production of metals of any kind and

L0:alloys.

L2:(5)(i) Effective through December 31, 2026, for production of tungsten metal

L0:powder and tungsten heavy alloy, this restriction includes-

L1:(A) Atomization;

L1:(B) Calcination and reduction into powder;

L1:(C) Final consolidation of non-melt derived metal powders; and

L1:(D) All subsequent phases of production of tungsten metal powder,

L0:tungsten heavy alloy, or any finished or semi-finished component containing

L0:tungsten heavy alloy.

L1:(ii) Effective January 1, 2027, for production of tungsten metal powder,

L0:tungsten heavy alloy, or any finished or semi-finished component containing

L0:tungsten heavy alloy, this restriction includes mining or production of a tungsten

L0:ore or feedstock, including recycled material, through production of tungsten metal

L0:powders, tungsten heavy alloy, or any finished or semi-finished component

L0:containing tungsten heavy alloy.

L1:(c) Exceptions. This clause does not apply?

L1:(1) To an end item containing a covered material that is?

L1:(i) A commercially available off-the-shelf item, other than?

L1:(A) A commercially available off-the-shelf item that is?

L0:December 31, 2026; or

L1:(1) 50 percent or more tungsten by weight effective through

L0:January 1, 2027;

L1:(2) 50 percent or more covered material by weight effective

L1:(B) Effective through December 31, 2026, a tantalum metal,

L0:tantalum alloy, or tungsten heavy alloy mill product, such as bar, billet, slab, wire,

L0:cube, sphere, block, blank, plate, or sheet, that has not been incorporated into an

L0:end item, subsystem, assembly, or component;

L1:(ii) Effective January 1, 2027, a covered material that is a mill product,

L0:such as bar, billet, slab, wire, cube, sphere, block, blank, plate, or sheet, that has

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:not been incorporated into an end item, subsystem, assembly, or component;

L1:(iii) An electronic device, unless otherwise specified in the contract; or

L1:(iv) A neodymium-iron-boron magnet manufactured from recycled

L0:material if the milling of the recycled material and sintering of the final magnet

L0:takes place in the United States.

L1:(2) If the authorized agency official concerned has made a nonavailability

L0:determination, in accordance with section 225.7018-4 of the Defense Federal

L0:Acquisition Regulation Supplement, that compliant covered materials of

L0:satisfactory quality and quantity, in the required form, cannot be procured as and

L0:when needed at a reasonable price.

L1:(i) For tantalum metal, tantalum alloy, or tungsten heavy alloy, the

L0:term "required form" refers to the form of the mill product, such as bar, billet, wire,

L0:slab, plate, or sheet, in the grade appropriate for the production of a finished end

L0:item to be delivered to the Government under this contract; or a finished component

L0:assembled into an end item to be delivered to the Government under the contract.

L1:(ii) For samarium-cobalt magnets or neodymium-iron-boron magnets,

L0:the term "required form" refers to the form and properties of the magnets.

L1:(d) Subcontracts. The Contractor shall insert the substance of this clause,

L0:including this paragraph (d), in subcontracts and other contractual instruments

L0:that are for items containing a covered material, including subcontracts and other

L0:contractual instruments for commercial products, unless an exception in paragraph

L1:(c) of this clause applies. The Contractor shall not alter this clause other than to

L0:identify the appropriate parties.

L0:(End of clause)

252.225-7053 Representation Regarding Prohibition on Use of Certain Energy

Status: active

L0:252.225-7053 Representation Regarding Prohibition on Use of Certain Energy

L0:Sourced from Inside the Russian Federation.

L0:As prescribed in 225.7019-4(a), use the following provision:

L0:REPRESENTATION REGARDING PROHIBITION ON USE OF CERTAIN ENERGY

L0:SOURCED FROM INSIDE THE RUSSIAN FEDERATION (AUG 2021)

L1:(a) Definitions. As used in this provision?

L0:"Covered military installation" means a military installation in Europe

L0:identified by DoD as a main operating base.

L0:"Furnished energy" means energy furnished to a covered military installation in any

L0:form and for any purpose, including heating, cooling, and electricity.

L0:"Main operating base" means a facility outside the United States and its

L0:territories with permanently stationed operating forces and robust infrastructure.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(b) Prohibition. In accordance with section 2821 of the National Defense

L0:Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), contracts for the acquisition of

L0:furnished energy for a covered military installation shall not use any energy sourced

L0:from inside the Russian Federation as a means of generating the furnished energy for

L0:the covered military installation, unless a waiver is approved. The prohibition?

L1:(1) Applies to all forms of energy that are furnished to a covered military

L0:installation; and

L1:(2) Does not apply to energy converted by a third party into another form of

L0:energy and not directly delivered to a covered military installation.

L1:(c) Representation. By submission of its offer, the Offeror represents that the

L0:Offeror will not use or provide any energy sourced from inside the Russian Federation

L0:as a means of generating the furnished energy for the covered military installation in

L0:the performance of any contract, subcontract, or other contractual instrument resulting

L0:from this solicitation.

L0:(End of provision)

252.225-7054 Prohibition on Use of Certain Energy Sourced from Inside the

Status: active

L0:252.225-7054 Prohibition on Use of Certain Energy Sourced from Inside the
L0:Russian Federation.

L0:As prescribed in 225.7019-4(b), use the following clause:

L0:PROHIBITION ON USE OF CERTAIN ENERGY SOURCED FROM INSIDE

L0:THE RUSSIAN FEDERATION (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Covered military installation? means a military installation in Europe identified by
L0:DoD as a main operating base.

L0:Furnished energy? means energy furnished to a covered military installation in any
L0:form and for any purpose, including heating, cooling, and electricity.

L0:Main operating base? means a facility outside the United States and its territories
L0:with permanently stationed operating forces and robust infrastructure.

L1:(b) Prohibition. In accordance with section 2821 of the National Defense

L0:Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), the Contractor shall not use in
L0:the performance of this contract any energy sourced from inside the Russian Federation
L0:as a means of generating the furnished energy for the covered military installation
L0:unless a waiver is approved. The prohibition?

L1:(1) Applies to all forms of energy that are furnished to a covered military
L0:installation; and

L1:(2) Does not apply to energy converted by a third party into another form of
L0:energy and not directly delivered to a covered military installation.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L1:(c) Subcontracts. The Contractor shall insert the substance of this clause, including
L0:this paragraph (c), in subcontracts and other commercial instruments that are for
L0:furnished energy at a covered military installation, including subcontracts and
L0:commercial instruments for commercial products.

L0:(End of clause)

252.225-7055 Representation Regarding Business Operations with the

Status: active

L0:252.225-7055 Representation Regarding Business Operations with the
L0:Maduro Regime.

L0:As prescribed in 225.7020-5(a), use the following provision:

L0:REPRESENTATION REGARDING BUSINESS OPERATIONS WITH THE MADURO

L0:REGIME (MAY 2022)

L1:(a) Definitions. As used in this provision?

L0:Agency or instrumentality of the government of Venezuela,? ?business
L0:operations,? ?government of Venezuela,? and ?person? have the meaning given in
L0:the clause 252.225-7056, Prohibition Regarding Business Operations with the

L0:Maduro Regime, of this solicitation.

L1:(b) Prohibition. In accordance with section 890 of the National Defense

L0:Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), DoD is prohibited from

L0:entering into a contract for the procurement of products or services with any person

L0:that has business operations with an authority of the government of Venezuela that

L0:is not recognized as the legitimate government of Venezuela by the U.S.

L0:Government, unless the person has a valid license to operate in Venezuela issued by

L0:the Office of Foreign Assets Control of the Department of the Treasury.

L1:(c) Representation. By submission of its offer, the Offeror represents that the

L0:Offeror is a person that?

L1:(1) Does not have any business operations with an authority of the Maduro

L0:regime or the government of Venezuela that is not recognized as the legitimate

L0:government of Venezuela by the U.S. Government; or

L1:(2) Has a valid license to operate in Venezuela issued by the Office of Foreign

L0:Assets Control of the Department of the Treasury.

L0:(End of provision)

252.225-7056 Prohibition Regarding Business Operations with the Maduro

Status: active

L0:252.225-7056 Prohibition Regarding Business Operations with the Maduro

L0:Regime.

L0:As prescribed in 225.7020-5(b), use the following clause:

L0:PROHIBITION REGARDING BUSINESS OPERATIONS WITH THE MADURO

L0:REGIME (JAN 2023)

L1:(a) Definitions. As used in this clause?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:?Agency or instrumentality of the government of Venezuela? means an agency or

L0:instrumentality of a foreign state as defined in 28 U.S.C. 1603(b), with each

L0:reference in section 1603(b) to a foreign state deemed to be a reference to

L0:Venezuela.

L0:?Business operations? means engaging in commerce in any form, including

L0:acquiring, developing, maintaining, owning, selling, possessing, leasing, or

L0:operating equipment, facilities, personnel, products, services, personal property,

L0:real property, or any other apparatus of business or commerce.

L0:?Government of Venezuela? means the government of any political subdivision of

L0:Venezuela, and any agency or instrumentality of the government of Venezuela.

L0:?Person? means?

L1:(1) A natural person, corporation, company, business association,

L0:partnership, society, trust, or any other nongovernmental entity, organization, or

L0:group;

L1:(2) Any governmental entity or instrumentality of a government, including a

L0:multilateral development institution (as defined in section 1701(c)(3) of the

L0:International Financial Institutions Act (22 U.S.C. 262r(c)(3)); and
L1:(3) Any successor, subunit, parent entity, or subsidiary of, or any entity
L0:under common ownership or control with, any entity described in paragraph (1) or
L1:(2) of this definition.
L1:(b) Prohibition. In accordance with section 890 of the National Defense
L0:Authorization Act for Fiscal Year 2020 (Pub. L. 116-92), DoD is prohibited from
L0:entering into a contract for the procurement of products or services with any person
L0:that has business operations with an authority of the government of Venezuela that
L0:is not recognized as the legitimate government of Venezuela by the U.S.
L0:Government, unless the person has a valid license to operate in Venezuela issued by
L0:the Office of Foreign Assets Control of the Department of the Treasury.
L1:(c) The Contractor shall?
L1:(1) Not have any business operations with an authority of the Maduro regime or
L0:the government of Venezuela that is not recognized as the legitimate government of
L0:Venezuela by the U.S. Government; or
L1:(2) Have a valid license to operate in Venezuela issued by the Office of Foreign
L0:Assets Control of the Department of the Treasury.
L1:(d) Subcontracts. The Contractor shall insert the substance of this clause,
L0:including this paragraph (d), in all subcontracts, including subcontracts for the
L0:acquisition of commercial products.
L0:(End of clause)
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

252.225-7057 and the clause at DFARS 252.225-7058 to Defense Pricing, Contracting, and

Status: active

L0:252.225-7057 and the clause at DFARS 252.225-7058 to Defense Pricing, Contracting, and
L0:Acquisition Policy, Contract Policy (DPCAP/CP) via email at osd.pentagon.ousd-a-s.mbx.dpc-cp@mail.mil.
L0:PGI 225.7021-3 National security waiver of disclosure.
L1:(b) Determination. The national security waiver request to the senior procurement
L0:executive shall include?
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(1) The disclosure requirements to which the national security waiver applies;
L1:(2) The time period that the waiver will cover;
L1:(3) A description of the contract requirement;
L1:(4) Impacts if a national security waiver is not granted;
L1:(5) Operational and national security implications;
L1:(6) Other national security considerations, such as how the requested waiver will
L0:contribute to national security policy or operational security.
L1:(c) Include a copy of the signed determination in the contract file.
L1:(d) For a military department or defense agency provide a copy of the approved national

L0:security waiver to the Principal Director, Defense Pricing, Contracting, and Acquisition Policy,

L0:Contract Policy (DPCAP/CP) via email at osd.pentagon.ousd-a-s.mbx.dpc-cp@mail.mil.

L1:(e) The following defense field activities must submit requests for national security

L0:waivers to DPCAP/CP via email at osd.pentagon.ousd-a-s.mbx.dpc-cp@mail.mil:

L1:(1) Department of Defense Education Activity.

L1:(2) Defense Human Resources Activity.

L1:(3) Defense Microelectronics Activity.

L1:(4) Defense Media Activity.

L1:(5) Uniformed Services University of the Health Sciences.

L0:PGI 225.72?REPORTING CONTRACT PERFORMANCE OUTSIDE THE UNITED

L0:STATES

L0:PGI 225.7203 Contracting officer distribution of reports.

L1:(a) Before contract award, forward a copy of any reports that are submitted with offers in

L0:accordance with the provision at 252.225-7003, Report of Intended Performance Outside

L0:the United States and Canada?Submission with Offer, to the Office of the Principal Director,

L0:Defense Pricing, Contracting, and Acquisition Policy (Contract Policy) via email to

L1:(b) Forwarding the reports as described in paragraph (a) of this section is necessary to

L0:satisfy the requirement of 10 U.S.C. 4603 that notifications (or copies) of contract

L0:performance outside the United States and Canada be maintained in compiled form for 5

L0:years after the date of submission.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L0:PGI 225.73--ACQUISITIONS FOR FOREIGN MILITARY SALES

L0:PGI 225.7300 Scope of subpart.

L1:(a) The Foreign Military Sales (FMS) acquisition infrastructure is also used to execute

L0:cases funded with U.S. appropriated funds under special authority to build international

L0:partner capacity. These Building Partner Capacity (BPC) cases are implemented using

L0:Pseudo Letter of Offer and Acceptance (LOA) documents.

L0:PGI 225.7301 General.

L2:(c)(i) Separately identify known FMS requirements and the FMS customer in

L0:solicitations.

L1:(ii) For economies of scale and efficiency, combine U.S. and FMS requirements

L0:under the same contract whenever possible. It is not in the taxpayer?s interest to

L0:concurrently use mixed contract types for the same or similar items.

L1:(iii) Clearly identify contracts for known FMS requirements by the case identifier

L0:code in section B of the Schedule.

L1:(iv) Ensure that the FMS LOA terms and conditions are incorporated into the

L0:signed contract.

L1:(v) Ensure that the shipping terms for any contract for FMS materiel are stated as

L0:free on board (f.o.b.) origin.

L1:(vi) For Pseudo LOAs, ensure that the period of performance in the contract is

L0:consistent with the period of availability of appropriated funds, as provided by the financial

L0:resource manager.

L1:(vii) Consistent with the Defense Transportation Regulations (DTR) 4500.9-R-Part

L0:II, Cargo Movement, https://www.ustranscom.mil/dtr/part-ii/dtr_part_ii_toc.pdf , Appendix E,
L0:ensure that contracts involving the acquisition and delivery of FMS materiel comply with the
L0:policies, procedures, packaging, labeling, and documentation requirements specified by the

L0:DTR.

L1:(viii) The Government representative responsible for acceptance must ensure that
L0:the contractor prepares material inspection and receiving reports in compliance with?

L1:(A) Appendix F, F-301(b)(15)(iv)(K) for a Wide Area WorkFlow (WAWF)

L0:Receiving Report; or

L1:(B) F-401(b)(16)(iv)(L) for a paper DD Form 250, Material Inspection and
L0:Receiving Report, if an exception to the use of WAWF at 232.7003 applies.

L1:(ix) Prior to contract award, ensure that?

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(A) If a contracting officer's representative is assigned, detailed point of
L0:contact information (email, phone number with international dialing protocols, and
L0:physical and mailing address) must be clearly visible;

L1:(B) Unique country requirements are specified in the contract (i.e.,
L0:additional documentation requirements for use in country customs clearance (Levy
L0:Exemption waiver));

L1:(C) Commodity-unique requirements are specified in the contract (i.e.,
L0:responsibility for obtaining/paying for/affixing active Radio Frequency Identification tags
L0:and Transportation Control Number construction/usage); and

L1:(D) The FMS Transportation Accounting Code is stated in the contract.

L0:PGI 225.7302 Preparation of Letter of Offer and Acceptance.

L2:(2)(i) Assist the DoD implementing agency, as necessary, in preparation of the Letter of
L0:Offer and Acceptance;

L1:(ii) Identify and explain all unusual contractual requirements or requests for
L0:deviations; and

L1:(iii) Assist in preparing the price and availability data.

L0:PGI 225.7303 Pricing acquisitions for FMS.

L0:PGI 225.7303-2 Cost of doing business with a foreign government or an international
L0:organization.

L2:(a)(3) Offsets.

L1:(A) Offsets are the entire range of industrial and commercial benefits provided
L0:to foreign governments as an inducement or condition to purchase military supplies or
L0:services, including benefits such as coproduction, licensed production, subcontracting,
L0:technology transfer, in-county procurement, marketing and financial assistance, and joint
L0:ventures (Defense Offsets Disclosure Act of 1999, Pub. L. 106-113, section 1243(3)). There
L0:are two types of offsets: direct offsets and indirect offsets.

L1:(i) A direct offset involves benefits, including supplies or services that are
L0:directly related to the item being purchased. For example, as a condition of a U.S. sale, the
L0:contractor may require or agree to permit the purchaser to produce in its country certain
L0:components or subsystems of the item being sold. Generally, direct offsets must be
L0:performed within a specified period because they are integral to the deliverable of the FMS
L0:contract.

L1:(ii) An indirect offset involves benefits, including supplies or services that
L0:are unrelated to the item being purchased. For example, as a condition of a sale the
L0:contractor may agree to purchase certain of the customer's manufactured products,
L0:agricultural commodities, raw materials, or services. Indirect offsets may be accomplished
L0:without a clearly defined period of performance.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225
L1:(B) Offset costs are the costs to the contractor of providing any direct or indirect
L0:offsets required (explicitly or implicitly) as a condition of purchase in a government-to-
L0:government sale of defense articles and/or defense services as defined by the Arms Export
L0:Control Act and the International Traffic in Arms Regulations.
L1:(C) An offset agreement is the contractual arrangement between the FMS
L0:customer and the U.S. defense contractor that identifies the offset obligation imposed by the
L0:FMS customer that has been accepted by the U.S. defense contractor as a condition of the
L0:FMS customer's purchase. These agreements are distinct and independent of the LOA and
L0:the FMS contract. Further information about offsets and LOAs may be found in the Defense
L0:Security Cooperation Agency (DSCA) Security Assistance Management Manual (DSCA
L0:5105.38-M), chapter 6, paragraph 6.3.9. (<http://samm.dsca.mil/chapter/chapter-6>).

L0:PGI 225.75?BALANCE OF PAYMENTS PROGRAM

L0:PGI 225.7502 Procedures.
L0:If the Balance of Payments Program applies, use the following procedures:
L1:(1) Solicitation of offers. Identify, in the solicitation, supplies and construction material
L0:known in advance to be exempt from the Balance of Payments Program.
L1:(2) Evaluation of offers.
L1:(i) Supplies. Unless the entire acquisition is exempt from the Balance of Payments
L0:Program, evaluate offers for supplies that are subject to the Balance of Payments Program
L0:using the evaluation procedures in DFARS Subpart 225.5. However, treatment of duty may
L0:differ when delivery is overseas.
L1:(A) Duty may not be applicable to nonqualifying country offers.
L1:(B) The U.S. Government cannot guarantee the exemption of duty for
L0:components or end products imported into foreign countries.
L1:(C) Foreign governments may impose duties. Evaluate offers including such
L0:duties as offered.
L1:(ii) Construction. Because the contracting officer evaluates the estimated cost of
L0:foreign and domestic construction material in accordance with DFARS 225.7501(a)(7)(iv)
L0:before issuing the solicitation, no special procedures are required for evaluation of
L0:construction offers.
L1:(3) Postaward. For construction contracts, the procedures at FAR 25.206, for
L0:noncompliance under the Buy American statute, also apply to noncompliance under the
L0:Balance of Payments Program.

L0:PGI 225.76?SECONDARY ARAB BOYCOTT OF ISRAEL

L0:PGI 225.7604 Waivers.
L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25
L0:Defense FAR Supplement (DFARS) Part 225

L0:Forward waiver requests to the Office of the Principal Director, Defense Pricing, Contracting,
L0:and Acquisition Policy (Contract Policy) via email to

L0:PGI 225.78?ACQUISITIONS IN SUPPORT OF GEOGRAPHIC COMBATANT

L0:COMMAND?S THEATER SECURITY COOPERATION EFFORTS

L0:PGI 225.7801 Policy.

L0:DoD components are responsible for providing procurement and contracting support of
L0:theater security cooperation efforts conducted in support of combatant commander/Chief of
L0:Mission, to include military exercises/training, base operations, weapons procurement,
L0:aviation fuels and construction and the President's Emergency Plan for Aids relief. By
L0:Director, Defense Procurement and Acquisition Policy (DPAP) memorandum dated May 6,
L0:2011 and its attachment, Department of State (DoS) Cable 11 STATE 030953, ?Procurement
L0:Roles and Responsibilities - General Services Officer and DoD Personnel,? DoS
L0:procurement support is normally restricted to those routine non-complex supplies and
L0:services used by U. S. Government personnel permanently assigned at post and acquired
L0:for U. S. Government employee direct use. Follow all guidance set forth in this Director,
L0:DPAP-approved cable and associated planning considerations at PGI 207.105 (b)(20)(E).

L0:PGI 225.79?EXPORT CONTROL

L0:PGI 225.7901 Export-controlled items.

L0:PGI 225.7901-2 General.

L1:(1) DoD Focal Point on Export Controls.

L1:(i) Within DoD, the focal point on export controls is the Defense Technology Security
L0:Administration (DTSA). Official authorities and responsibilities of DTSA are established in
L0:DoD Directive 5105.72.

L1:(ii) Initial DoD acquisition workforce questions regarding the applicability of the
L0:Export Administration Regulations (EAR) or the International Traffic in Arms Regulations
L1:(ITAR) to specific procurements or items, or interpretation of DoD issuances regarding
L0:export controls, may be directed to the DTSA Policy Directorate, by phone at 571-372-
L0:2438/2377 or by visiting the DTSA web site at: [http://www.dtsa.mil/SitePages/contact-](http://www.dtsa.mil/SitePages/contact-us/default.aspx)
L0:us/default.aspx.

L1:(2) Regulations. The Department of State and the Department of Commerce are the
L0:lead agencies responsible for regulations governing the export of defense articles,
L0:commercial products or commercial services, and dual use items.

L1:(i) The International Traffic in Arms Regulations (ITAR), issued by the Department of
L0:State, control the export of defense-related articles and services, including technical data,
L0:ensuring compliance with the Arms Export Control Act (22 U.S.C. 2751 et seq.). The United
L0:States Munitions List (USML) identifies defense articles, services, and related technical data
L0:that are inherently military in character and could, if exported, jeopardize national security or
L0:foreign policy interests of the United States.

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(A) The ITAR is published in Title 22 of the Code of Federal Regulations (CFR),
L0:Parts 120 through 130 (22 CFR 120-130). The official version of the ITAR is maintained at
L0:<https://www.ecfr.gov/current/title-22>.

L1:(B) The USML is part of the ITAR, in 22 CFR Part 121, and is available at the

L0:web sites in paragraph (2) (i) (A) of this section.

L1:(C) The Department of State is responsible for compliance with the ITAR.

L0:Depending on the nature of questions you may have, you may contact the following

L0:Department of State office to obtain additional information:

L0:U.S. Department of State

L0:Bureau of Political Military Affairs

L0:Directorate of Defense Trade Controls

L0:Office of Defense Trade Controls Compliance

L0:[https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-ddtc/)

L0:[security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-ddtc/)

L0:[ddtc/](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-ddtc/).

L1:(D) Contracting officers should not answer any questions a contractor may ask

L0:regarding how to comply with the ITAR. If asked, the contracting officer should direct the

L0:contractor's attention to paragraph (c) of the clause at DFARS 252.225-7048 and may

L0:inform the contractor that the Department of State publishes guidance regarding ITAR

L0:compliance at [https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-ddtc/)

L0:[international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-ddtc/)

L0:[controls-pm-ddtc/](https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-political-military-affairs/directorate-of-defense-trade-controls-pm-ddtc/).

L1:(E) Contracting officers should not answer any questions a contractor may ask

L0:regarding the State Department requirement, mentioned in the clause at 252.225-7048,

L0:for contractors to register with the Department of State in accordance with the ITAR. If

L0:asked, the contracting officer should direct the contractor's attention to paragraph (b) of

L0:the clause, which directs the contractor to consult with the Department of State

L0:regarding any questions relating to compliance with the ITAR. (The registration

L0:requirements are in Subpart 122.1 of the ITAR. Subpart 122.1 requires any person who

L0:engages in the United States in the business of either manufacturing or exporting

L0:defense articles or furnishing defense services to register with the Directorate of

L0:Defense Trade Controls.)

L1:(ii) The Export Administration Regulations (EAR), issued by the Department of

L0:Commerce, control the export of dual-use items, (items that have both commercial and

L0:military or proliferation applications) and purely commercial products or commercial

L0:services. These items include commodities, software, and technology. Many items subject

L0:to the EAR are set forth by Export Control Classification Number on the Commerce Control

L0>List.

L1:(A) The EAR is published in Title 15 of the Code of Federal Regulations, Parts

L0:730 through 774 (15 CFR Parts 730-774), available at [https://www.ecfr.gov/current/title-](https://www.ecfr.gov/current/title-15/subtitle-B/chapter-VII/subchapter-C)

L0:[15/subtitle-B/chapter-VII/subchapter-C](https://www.ecfr.gov/current/title-15/subtitle-B/chapter-VII/subchapter-C).

L0:Revolutionary Federal Acquisition Regulation (FAR) Overhaul Part 25

L0:Defense FAR Supplement (DFARS) Part 225

L1:(B) The Commerce Control List is part of the EAR, in Supplement No. 1 to 15

L0:CFR Part 774, and is available at [https://www.ecfr.gov/current/title-15/subtitle-B/chapter-](https://www.ecfr.gov/current/title-15/subtitle-B/chapter-VII/subchapter-C)

L0:[VII/subchapter-C](https://www.ecfr.gov/current/title-15/subtitle-B/chapter-VII/subchapter-C).

L1:(C) The Department of Commerce is responsible for compliance with the EAR.

L0:Depending on the nature of questions you may have, you may contact the following

L0:Department of Commerce office to obtain additional information:

L0:U.S. Department of Commerce

L0:Bureau of Industry and Security

L0:Office of Exporter Services (OExS)

L0:OExS Hotline: 202-482-4811.

L1:(D) Contracting officers should not answer any questions a contractor may ask

L0:regarding how to comply with the EAR. If asked, the contracting officer should direct

L0:the contractor's attention to paragraph (b) of the clause at DFARS 252.225-7048 and

L0:may inform the contractor that the Department of Commerce publishes guidance

L0:regarding EAR compliance at <http://www.bis.doc.gov/>.

L1:(3) National Security Decision Directive (NSDD) 189, National Policy on the Transfer of

L0:Scientific, Technical, and Engineering Information.

L1:(i) NSDD 189 establishes a national policy that, to the maximum extent possible,

L0:the products of fundamental research must remain unrestricted. NSDD 189 provides that

L0:no restrictions may be placed upon the conduct or reporting of federally funded fundamental

L0:research that has not received national security classification, except as provided in

L0:applicable U.S. statutes. As a result, contracts confined to the performance of unclassified

L0:fundamental research generally do not involve any export-controlled items, as defined in

L0:paragraph (a) of the clause at DFARS 252.225-7048.

L1:(ii) NSDD 189 does not take precedence over statutes. NSDD 189 does not
